The Employee Satisfaction team hosted an ice cream social at the main campus that was attended by approximately 75 employees. The event was a celebration to mark each employee’s one year anniversary with the University and to recognize the mentors who made a difference in the employee’s first year with UWF. Employees were recognized for their first year with the University, received a one year pin and had their photos taken.

A similar festivity was also held for Emerald Coast one year employees. Emerald Coast one year pin recipients were treated to lunch by Dr. Little and a photo shoot has been scheduled.

The Standards team has ordered wind flags that display UWF’s standards to be flown during special events, two sets have been ordered for the main campus with an additional set ordered for the Emerald Coast campus.
