Legislative Goals/Imperatives

The Florida Legislature established the following four goals and seven imperatives for the K-20 Education System:

Goal One: Highest student achievement

- Increase the supply of highly qualified K-12 instructors
- Improving the quality of school leadership at all levels.
- Apply existing academic standards at all levels consistently
- Increase the rate of learning and completion at all levels, especially the high school level, and increase the percentage of high school graduates, especially low-income and minority students, who enter post-secondary education without remediation.

Goal Two: Seamless articulation and maximum access

- Setting and aligning academic standards for every level of the K-20 educational system

Goal Three: Skilled workforce and economic development

- Appropriately align the workforce’s education with the skill requirements of the new economy

Goal Four: Quality, efficient services

- Align financial resources with performance expectations
