An Introduction to Early Judaism

"A fine and accessible introduction to early Judaism, beginning with the construction of the Second Temple in 538 BCE and concluding with the ill-fated Bar Kokhba Revolt of the 130s CE. . . . Elementary but elegant, this primer is perfect for classroom or individual use."

Winning Ugly
NATO’s War to Save Kosovo
Ivo H. Daalder and Michael E. O’Hanlon

Winning Ugly sets the standard against which American and European actions in the Kosovo war will be measured. The authors provide an authoritative and convincing account of the policy conflicts within the U.S. government, the gap between our political and military objectives, and the twisting path toward an ambiguous victory.

—WARREN ZIMMERMANN
U.S. ambassador to Yugoslavia 1989–92

“Winning Ugly proves a much needed lesson on the efficacy of early, forceful U.S. intervention in the Balkans. Equally importantly, it demonstrates that prevention can be deadly, and that half-measures yield half-results.”

—SAGAN BOB DILE

“A thorough, lucid, hard-hitting examination of Western, and especially American, policy, scrupulously examining the real alternatives available at the time. On the internal disputes of Washington policymaking [Daalder and O’Hanlon] are acute and fascinating.”

—TIMOTHY GARTON ASH, NEW YORK REVIEW OF BOOKS

“An engaging story of how we went to war, with important lessons for how we should wage peace.”

—ANTHONY LAKE, Assistant to President Bill Clinton for National Security Affairs. 1993–97

A Dictionary of ASIAN Christianity
Scott W. Sunquist, editor
David Wu Chu Sing and John Chew Hsiang Chea, associate editors

“"This long-awaited volume is a ground-breaking work of research scholarship. Absolutely indispensable.”
— SAMUEL HUGH MOFFETT

“I welcome this extraordinary volume. By providing easy and affordable access to Asian Christian biographical, historical, and theological subjects, the editors have ensured that neither Asians nor observers of Asia need labor under the delusion that the Asian church is little more than a footnote to the more recent centuries of European tribal expansion.”
— JONATHAN J. BONK

“Scholars will be quarrying riches from this gold mine for years to come. It makes available resources that will foster the vitalization of Asian Christian studies locally, regionally, and globally.”
— WILBERT R. SHENK

“Scholars and students of Asian Christianity will rejoice heartily at the publication of this dictionary. This trove of information will be the standard reference for many years to come. Anyone wanting accurate and up-to-date data on Asian Christianity will have to consult it. In its historical comprehensiveness, ecumenical breadth, and interreligious scope, A Dictionary of Asian Christianity is unrivaled. . . . A magnificent production.”
