DEPARTMENT OF EDUCATION

CHAPTER 6-1 FINANCE AND ADMINISTRATION

6-1.099 Transfer of High School Credits. (Transferred to 6A-1.09941)
6-1.0996 Graduation Requirements for Certain Students with Disabilities.

6-1.0996 Graduation Requirements for Certain Students with Disabilities.

Each school board shall, pursuant to Section 232.247, Florida Statutes, prescribe special requirements for graduation for students who have been properly identified as educable mentally handicapped, trainable mentally handicapped, hearing impaired, specific learning disabled, emotionally handicapped, profoundly handicapped, physically impaired, or language impaired. The school board shall make provision for each student to use basic, vocational, and exceptional student education courses as appropriate for meeting graduation requirements. Any such student completing the special requirements shall be awarded a Special Diploma in the form prescribed by subsection 6A-1.0995(2), F.A.C.

(1) Special Diploma Options. School boards may award Special Diplomas based on two (2) options.

(a) One option shall include procedures for determining and certifying mastery of student performance standards for a special diploma for students who enter ninth grade in or before school year 1998-1999 as prescribed in subsections (3)-(11) of this rule; or higher levels of student performance standards for students with disabilities adopted by the district school board; and minimum number of course credits specified by the district school board. For students entering ninth grade in or after 1999-2000 mastery is determined as indicated in subsections (12)-(13) of this rule.

(b) The second option shall include procedures for determining and certifying mastery of demonstrated employment and community competencies in accordance with subsection (14) of this rule.

(2) Diploma procedures. Each school board shall develop procedures for ensuring that students may select and move between the Special Diploma options prescribed in subsection (1) of this rule, if both options are provided by the school district, and between courses of study leading to Standard or Special Diplomas, as appropriate.

(a) The individual educational plan (IEP) committee shall document whether the student is pursuing a course of study leading toward a Standard or Special Diploma on the IEP developed during the student’s eighth grade year, or the IEP developed during the school year of the student’s fourteenth birthday, whichever occurs first. This decision shall be reviewed annually.

(b) Nothing contained in this rule shall be construed to limit or restrict the right of student with a disability solely to a Special Diploma. The parents of each student eligible for a Special Diploma for students shall be notified through the IEP process of the options available under this rule.

(c) Special Diploma requirements shall be included in the district pupil progression plan adopted pursuant to Section 232.245, Florida Statutes.

(3) Educable mentally handicapped. Student performance standards for students identified as educable mentally handicapped shall include:

(a) Mastery of the following student performance standards at the levels of Reading, Level IV; Writing, Level V; Language, Level V; Mathematics, Level V; and Social and Personal, Level V as adopted by Rule 6A-1.0941, F.A.C.; and

(b) Completion of the minimum number of course credits prescribed by the school board for students identified as educable mentally handicapped.

(4) Trainable mentally handicapped. Student performance standards for students identified as trainable mentally handicapped shall include:

(a) Mastery of the following student performance standards at the levels of Reading, Level III; Writing, Level IV; Language, Level III; Mathematics, Level III; and Social and Personal, Level III as adopted by Rule 6A-1.0941, F.A.C.; and

(b) Completion of the minimum number of course credits prescribed by the school board for students identified as trainable mentally handicapped.

(5) Hearing impaired. Student performance standards for students identified as hearing impaired shall include:

(a) Mastery of the following student performance standards at the levels of Reading, Level V; Writing, Level V; Language, Level IV; Mathematics, Level V; and Social and Personal, Level V as adopted by Rule 6A-1.0941, F.A.C.; and

(b) Completion of the minimum number of course credits prescribed by the school board for students identified as hearing impaired.

(6) Physically impaired. Student performance standards for students identified as physically impaired shall include:

(a) Mastery of the following student performance standards at the levels of Reading, Level V; Writing, Level V; Language, Level III; Mathematics, Level V; and Social and Personal, Level V as adopted by Rule 6A-1.0941, F.A.C.; and

(b) Completion of the minimum number of course credits prescribed by the school board for students identified as physically impaired.

(7) Language impaired. Student performance standards for students identified as language impaired shall include:

(a) Mastery of the following student performance standards at the levels of Reading, Level V; Writing, Level V; Language, Level III; Mathematics, Level V; and Social and Personal, Level VI as adopted by Rule 6A-1.0941, F.A.C.; and
(b) Completion of the minimum number of course credits prescribed by the school board for students identified as language impaired.

(8) Emotionally handicapped. Student performance standards for students identified as emotionally handicapped shall include:
(a) Mastery of the following student performance standards at the levels of Reading, Level V; Writing, Level V; Language, Level V; Mathematics, Level V; and Social and Personal, Level IV as adopted by Rule 6A-1.0941, F.A.C.; and
(b) Completion of the minimum number of course credits prescribed by the school board for students identified as emotionally handicapped.

(9) Specific learning disabilities. Student performance standards for students identified as specific learning disabled shall include:
(a) Mastery of the following student performance standards at the levels of Reading, Level V; Writing, Level V; Language, Level VI; Mathematics, Level V; and Social and Personal, Level V as adopted by Rule 6A-1.0941, F.A.C.; and
(b) Completion of the minimum number of course credits prescribed by the school board for students identified as specifically learning disabled.

(10) Profoundly handicapped. Student performance standards for students identified as profoundly handicapped.
(a) Students with profound handicaps shall include students identified as profoundly mentally handicapped, dual-sensory impaired, autistic, or severely emotionally disturbed as defined by Rule 6A-6.03021, F.A.C., and
(b) The determination of the requirements for a Special Diploma for students identified as profoundly handicapped shall be consistent with the requirements for any other exceptional students identified in this rule and shall be specified in the student’s IEP.

(11) Eleventh grade student performance standards. For students defined in this rule, mastery of the eleventh grade, student performance standards, through successful completion of courses, as defined in subsection 6A-1.0941(1), F.A.C., shall be accepted in lieu of mastery of the student performance standards noted above for awarding of a special diploma.

(12) Special diploma requirements. For students entering ninth grade in or after 1999-2000, special diploma requirements shall include:
(a) Demonstration of proficiency at the independent, supported, or participatory level of each Sunshine State Standard for Special Diploma prescribed in paragraph 6A-1.09401(1)(h), F.A.C., as determined through the IEP process, and
(b) Completion of the minimum number of course credits for a special diploma as prescribed by the school board.

(13) Sunshine State Standards. For students with disabilities as defined in this rule, mastery of the Sunshine State Standards through successful completion of courses that meet graduation requirements for a standard diploma, specified in paragraphs 6A-1.09401(1)(a)-(g), F.A.C., shall be accepted in lieu of Sunshine State Standards for Special Diploma noted in subsection (12) of this rule for awarding of a special diploma.

(14) Employment and community competencies. Each school board’s requirements for demonstration of mastery of specified employment and community competencies shall ensure:
(a) The student has achieved all the annual goals and short-term objectives which were specified on the IEP related to the employment and community competencies;
(b) The student is employed in a community-based job, for the number of hours per week specified in the student’s training plan, for the equivalent of one (1) semester, and paid a minimum wage in compliance with the requirements of the Fair Labor Standards Act;
(c) The student has mastered the employment and community competencies specified in a training plan. The training plan shall be developed and signed by the student, parent, teacher, and employer prior to placement in employment and shall identify the following:
   1. The expected employment and community competencies;
   2. The criteria for determining and certifying mastery of the competencies;
   3. The work schedule and the minimum number of hours to be worked per week; and
   4. A description of the supervision to be provided by school district staff.

CHAPTER 6-2 EDUCATIONAL FACILITIES

6-2.001 Educational Facilities.

6-2.001 Educational Facilities.

Commissioner of Education requirements adopted pursuant to Chapter 120, Florida Statutes, to implement the State Uniform Building Code for Public Educational Facilities Construction in Chapter 235, Florida Statutes, are contained in the Department of Education publication titled “State Requirements for Educational Facilities, 1999 Volume I – Process and Rule and Volume II – Building Code” which is hereby incorporated by reference and made a part of this rule. All educational and ancillary facilities constructed by a school board or community college board shall comply with the State Uniform Building Code for Public Educational Facilities Construction (UBC). The UBC shall supersede any other code adopted by a board, or any other building code or ordinance, for the construction of educational and ancillary facilities and plants whether at the local, county, or state level rule. After January 1, 2001, the UBC will be merged into the Florida Building Code.

(1) In addition to “State Requirements for Educational Facilities, 1999 Volumes I and II,” all, or the specific portions cited, of the following building codes are hereby incorporated by reference and made a part of this rule. If there should be conflicting requirements between these codes and “State Requirements for Educational Facilities, 1999 Volumes I and II,” the more, or most stringent requirement shall apply.

(a) ACI 318-95, American Concrete Institute, “Building Code Requirements for Structural Concrete and Commentary” 1995, and ACI 530-92, Building Code Requirements for Masonry Structures.
(b) AHERA. Asbestos Hazard Emergency Response Act, 40 C.F.R., Part 763, as revised July 1, 1995.
(c) AISC. American Institute of Steel Construction Allowable Stress Design (Manual of Steel Construction), Ninth Edition, adopted by SBC.
(d) AISI. American Iron and Steel Institute, Specifications for the Design of Cold-Formed Steel Structure Members August 1986 Edition with December 1989 Addendum.
(e) ANSI. American National Standards Institute. References to ANSI standards shall be the 1995 edition.
(f) ASCE. American Society of Civil Engineers. References to ASCE 7-98 standards shall be the edition listed in the “State Requirements for Educational Facilities, 1999.”
(g) ASHRAE. American Society of Heating, Refrigeration, and Air Conditioning Engineers.
(i) DCA. Department of Community Affairs.
(l) NEC. National Electrical Code, 1999 (NFPA 70).
(m) NFPA. National Fire Protection Association, 1997, NFPA 101, and other NFPA codes as applicable. Exceptions are NFPA 101 Sections 10-2.27 and 10-7.2.27 “Exit Passageways” and where NFPA codes are exceeded by these State Requirements.
(n) OSHA. Occupational Safety and Health Administration, U.S. Department of Labor, 29 C.F.R. as Revised July 1, 1995.
(o) SBC. Standard Building Code, 1997 as adopted by the Department of Community Affairs, except as may be superseded by these State Requirements.
(s) TMS. The Masonry Society Standards, 1992; TMS 602-92, TMS 402-92.
(2) Copies of the publication “State Requirements for Educational Facilities, 1999 Volumes I and II” are available from the Office of Educational Facilities, Florida Department of Education, Room 1054, Turlington Building, 325 West Gaines Street, Tallahassee, Florida 32399-0400, at a cost to be determined by the Commissioner, but which shall not exceed actual cost. Copies of the codes listed in subsection (1) of this rule are available from the publisher whose location and address are available from Educational Facilities. These codes are readily available to the public upon request at the cost established by the publisher.
CHAPTER 6-3 TRANSPORTATION

6-3.017  Responsibilities of School Districts for Student Transportation. (Transferred to 6A-3.0171)
6-3.029  Specifications for New School Buses. (Transferred to 6A-3.0291)
CHAPTER 6-7 SPECIAL PROGRAMS II

6-7.042 Responsibilities for the School Food Service Program.

6-7.042 Responsibilities for the School Food Service Program.

(a) To provide leadership and guidance in the overall administration and development of school food service programs.

(b) To administer federal and state school food service funds, as provided by law or regulation.

(c) To require that all programs for which federal reimbursement is granted shall meet at least the minimum standards established by the United States Department of Agriculture as provided in 7 CFR Parts 210, 215, 220, 225, 226, 227, 235, 240, 245, 250 and 252.

(d) To require that all programs meet at least the minimum standards established by Florida law and rules of the State Board. Provided, however, that under extenuating circumstances and upon written recommendation of the Deputy Commissioner for Planning, Budgeting and Management, the Commissioner shall have authority to waive any state school food service regulation for a period of time not to exceed six (6) months; provided further, that an extended waiver may be granted based upon evidence that it will contribute to the maintenance of district or school goals. Such an extended waiver shall be for no more than an additional twelve (12) months during which time the district must make periodic reports to the Department as to the impact of the waiver upon the districts food service programs. Based upon positive results the Commissioner may grant further waivers as deemed appropriate.

(e) To distribute the required state matching in such a manner as to comply with the provisions for state matching under the National School Lunch Act. The annual state matching allocation shall be distributed by computing the district’s percentage share of total federal revenue received times the state general revenue matching allocation. The federal revenue includes Sections 4 and 11 of the National School Lunch Act and Sections 4 and 5 of the Child Nutrition Act of 1966, as amended, for two (2) fiscal years prior to the current fiscal year. The state matching allocation shall be distributed to school districts in equal amounts quarterly.

(f) To prescribe an incentive plan for qualified supervision for Child Nutrition Programs.

(g) To require that when competitive food and beverage items are sold during the school day all proceeds from such sales shall accrue to the food service program or to a school organization approved by the school board.

(h) To provide facilities and equipment necessary for the efficient and effective operation of the school food service programs, in compliance with Chapter 6-2, F.A.C.

(i) To provide for the control, administration, supervision, and operation of all of the food service programs of the district. The school board may contract with a food management company to provide food service in one (1) or more schools; provided that the school board shall retain responsibility for its operation, administration, supervision and control, in compliance with the program agreement and federal regulations.

(j) To provide for the control of food and beverage items in competition with the district approved food service program, including those classified as “foods of minimal nutritional value,” listed in Code of Federal Regulations 210, Appendix B. These items may be sold in secondary schools only, with the approval of the school board, one (1) hour following the close of the last lunch period. A school board may allow the sale of carbonated beverages to students in high schools by a school activity or organization authorized by the principal at all times if a beverage of one hundred (100) percent fruit juice is sold at each location where carbonated beverages are sold. However, carbonated beverages may not be sold where breakfast or lunch is being served or eaten. Non-carbonated beverages, including one hundred (100) percent fruit juice, may be sold at all times during the day at any location. Consideration should be given to allowing only the sale of nutritious food and beverage items which meet at least United States Department of Agriculture dietary guidelines for Americans.

(k) To require that when competitive food and beverage items are sold during the school day all proceeds from such sales shall accrue to the food service program or to a school organization approved by the school board.

(l) To provide an alternative food service program for students attending double session schools. The school board, after considering the nutritional needs of all the students attending the school, shall determine the alternative program needed.

(m) To provide facilities and equipment necessary for the efficient and effective operation of the school food service programs, in compliance with Chapter 6-2, F.A.C.

(n) To provide for the control, administration, supervision, and operation of all of the food service programs of the district. The school board may contract with a food management company to provide food service in one (1) or more schools; provided that the school board shall retain responsibility for its operation, administration, supervision and control, in compliance with the program agreement and federal regulations.

(o) To adopt a policy for providing economically needy students with free and reduced price lunches and breakfasts, when breakfasts are served, that will comply with federal regulations. This policy shall include a plan for verifying economic need of students and shall be approved by the Deputy Commissioner for Planning, Budgeting and Management.

(p) To adopt policies prescribing procedures for purchases of food and nonfood items in compliance with the requirements of Rule 6A-1.012, F.A.C., of these rules, provided that such policies:

1. Shall establish procedures to assure that all foods purchased conform to the Federal Food, Drug and Cosmetic Act, the Federal Meat Inspection Act, and the Meat Inspection Law of Florida, and any other federal or state safeguards relating to wholesomeness of specific items being purchased.
2. May exempt food products except milk from the bid requirements of Rule 6A-1.012, F.A.C. Milk may be exempt under the following conditions:
   a. The district school board has made a finding that no valid or acceptable firm bid has been received within the prescribed time; or
   b. The district school board has made a finding that an emergency situation exists and may enter into negotiations with suppliers of milk and shall have the authority to execute contracts under whatever terms and conditions as the board determines to be in the best interest of the school system.

   (j) To provide optional meal service at cost to Department approved nonprofit child nutrition sponsors of federal or state nutrition programs operating within a district.

   (k) To limit, beginning with fiscal year 1984-1985, the amount of funds recovered annually for food service indirect costs to the district’s approved restricted federal indirect cost rate, multiplied by the total Food Service Fund expenditures less expenditures for capital outlay, replacement of equipment, and United States Department of Agriculture donated foods; and cash-in-lieu of donated foods.

   (l) To conduct a survey at the beginning of each school year, in each school not having a breakfast program asking parents whether their children would participate if a reimbursed breakfast program were available. Within thirty (30) days after completion of the survey, upon due public notice, the superintendent shall present the results of these surveys on a school by school basis to the school board. The survey results shall include the number of students represented by parents requesting school breakfast and recommendations from individual principals desiring a school breakfast program, based on the needs of the children within their school. Upon presentation of the survey to the school board, the school board shall determine whether or not to accept the recommendations of the individual principals and whether or not to accept the breakfast program in individual schools. If surveys have been conducted for three (3) consecutive years and the school board has not established a breakfast program, the survey may be conducted thereafter once every three (3) years.

   (3) The school principal and local school staff shall have the following responsibilities:
   (a) To comply with federal and state laws, regulations and district school board policies.
   (b) To effect, through classroom instruction and learning experiences outside the classroom, ways to increase the pupil’s knowledge concerning nutrition.
   (c) To schedule meal serving periods in such a manner as to permit and encourage maximum student participation in the food service program.

   (4) Forms ESE 156, Preaward Nondiscrimination Compliance Review Summer Food Service Program for Children; ESE 195, Monthly Claim for Reimbursement Summer Food Service Program for Children; ESE 196, Summer Food Service Program for Children Application for Participation; ESE 197, Summer Food Service Program for Children Site Information Sheet; ESE 198, Summer Food Service Program for Children Agreement; ESE 003, Food Service Special Revenue Financial Report; ESE 157, Application for Change in Food Service Program; ESE 174, Monthly Reimbursement Voucher School Lunch and Breakfast Programs; ESE 177, Monthly Reimbursement Voucher Special Milk (Only) Program; ESE 178, Private School/Institution Financial Report; ESE 491, National School Lunch, School Breakfast and Commodity School Program Application, Agreement & Policy Statement; ESE 472, Special Milk Program for Children Application, Agreement and Policy Statement; and Form ESE 080, Breakfast Program Supplement Report are hereby incorporated by reference and made a part of this rule to become effective September, 1999. These forms may be obtained from the Administrator of Information Services and Accountability, Division of Technology and Administration, Department of Education, The Florida Education Center, Tallahassee, Florida 32399.

6A STATE BOARD OF EDUCATION

CHAPTER 6A-1 FINANCE AND ADMINISTRATION

6A-1.001 District Financial Records.
6A-1.0011 Data Collection Activities, Instruments, Forms and Instructions.
6A-1.0012 Minimum Security Measures for Direct Deposit by Electronic Transfer of Funds or Other Medium.
6A-1.0013 Audits of Direct-Support Organizations.
6A-1.002 District School Budgets.
6A-1.0021 Annual School Budget Form. (Repealed)
6A-1.0022 Method of Accounting. (Repealed)
6A-1.003 Budgets Certified. (Repealed)
6A-1.004 Commissioner to Review Budgets.
6A-1.005 Commissioner of Education to Submit Reports on Budgets. (Repealed)
6A-1.006 Budget Amendments.
6A-1.007 Execution of the Budget.
6A-1.0071 Fiscal Reporting Dates.
6A-1.008 Financial Statements.
6A-1.009 Establishment of District Capital Improvement Fund. (Transferred to 6A-2.200)
6A-1.010 Administration of Bond Construction Funds and Interest and Sinking Funds. (Repealed)
6A-1.011 Project or Construction Accounts for Capital Outlay Projects.
6A-1.012 Purchasing Policies.
6A-1.013 Pool Purchases.
6A-1.014 Expenditure of Funds in Programs and Schools Where Generated.
6A-1.0141 Categorical Program Funds.
6A-1.01411 Categorical Program Funds 1990-91. (Repealed)
6A-1.0142 Expenditure of In-service Education Training Funds. (Repealed)
6A-1.0143 Promotion and Public Relations Funding.
6A-1.015 Commissioner to Administer Capital Outlay Programs. (Transferred to 6A-2.201)
6A-1.0151 Special Advance Funding from the Public Education Capital Outlay and Debt Service Trust Fund. (Transferred to 6A-2.044)
6A-1.016 Capital Outlay and Debt Service Administrative Expense Fund Established. (Repealed)
6A-1.017 Deductions for Direct Costs of Issuing State Board of Education Bonds. (Repealed)
6A-1.018 State Board of Administration Designated as Agent for Administration of Debt Service and Investments. (Repealed)
6A-1.019 Investment of Undistributed Balances of CO&DS Funds and Bond Proceeds. (Repealed)
6A-1.020 Reimbursement of State Board of Administration for Fiscal Services. (Repealed)
6A-1.021 Commissioner of Education to Certify Amounts of CO&DS School Funds to Department of Highway Safety and Motor Vehicles, Division of Motor Vehicles. (Repealed)
6A-1.022 Distribution of School District Capital Outlay and Debt Service School Funds. (Repealed)
6A-1.023 CO&DS Funds to Be Calculated Separately for Junior College Units. (Repealed)
6A-1.024 Current CO&DS Funds to Be Deposited Locally in Special CO&DS Depository Account. (Repealed)
6A-1.025 CO&DS Funds to Be Administered Alike. (Transferred to 6A-2.202)
6A-1.026 Reimbursement of Capital Outlay Funds Improperly Expended. (Transferred to 6A-2.203)
6A-1.027 Use of Current CO&DS Funds. (Transferred to 6A-2.204)
6A-1.028 Eligibility for Expenditure of Funds Authorized by Article XII, Section 9(d), Florida Constitution. (Transferred to 6A-2.205)
6A-1.029 Establishing Order of Priorities for Expenditure of Funds Authorized by Article XII, Section 9(d), Florida Constitution, and Bond Proceeds. (Transferred to 6A-2.206)
6A-1.030 Establishment of Priorities of Capital Outlay Projects. (Transferred to 6A-2.207)
6A-1.0301 Issuance of Local Bonds Pledging CO&DS and Forestry Funds for Debt Service. (Transferred to 6A-2.208)
6A-1.031 Separate Priorities for Junior College Projects. (Repealed)
6A-1.032 Use of CO&DS Funds if There Are No Capital Outlay Needs. (Transferred to 6A-2.209)
6A-1.033 Procedure for Handling State Board of Education Bond Proceeds. (Transferred to 6A-2.210)
6A-1.034 Duty of School Board to Invest State Board of Education Bond Proceeds. (Transferred to 6A-2.211)
6A-1.035 State Board of Education Bond Proceeds to Be Expended Only as Authorized in Resolution. (Transferred to 6A-2.212)
6A-1.036 Administration of School District Supplemental Capital Outlay Funds. (Repealed)
6A-1.037 Approval of Proposals for Issuing Special Tax School District Bonds.
6A-1.038 Funding and Refunding of School District Indebtedness.
6A-1.040 Organization of Special Tax School District Trustees. (Repealed)
6A-1.0401 Annual Report of Progress. (Repealed)
6A-1.0402 School and District Annual Reports.
6A-1.041 School Advisory Committees. (Repealed)
6A-1.0411 District Comprehensive Planning. (Repealed)
6A-1.042 Legal Counsel for District School System. (Repealed)
6A-1.0421 Temporary Inability of Superintendent of Schools to Perform the Duties of Office.
6A-1.043 Guidelines for a Unitary School System. (Repealed)
6A-1.044 Pupil Attendance Records.
6A-1.0441 Vocational Attendance Records. (Repealed)
6A-1.0442 Educational Requirements for Application, Suspension and Reinstatement of a Driver’s License. (Repealed)
6A-1.045 Classifying Schools as Isolated or Non-isolated. (Repealed)
6A-1.0451 Florida Education Finance Program Student Membership Surveys.
6A-1.04511 Full-time Equivalent Student Membership in Basic Programs Beyond the One Hundred Eighty (180) Day School Year.
6A-1.04512 Membership in Exceptional Student Programs. (Repealed)
6A-1.04513 Maintaining Auditable FTE Records.
6A-1.04514 Exceptional Student Membership in Mainstream Programs.
6A-1.0452 Distribution of Florida Education Finance Program Funds.
6A-1.0453 Educational Program Audits.
6A-1.046 Calculation of Instruction Units for Isolated and Non-isolated Schools. (Repealed)
6A-1.047 Recalculation Funds. (Repealed)
6A-1.048 Calculation of Instruction Units and Salary Allocations; Class Loads. (Repealed)
6A-1.049 Funds Designated for Instructional Materials. (Repealed)
6A-1.050 Planned Program for Effective Use of Instructional Personnel. (Repealed)
6A-1.0501 Definition of Instructional Staff.
6A-1.0502 Non-certificated Instructional Personnel.
6A-1.0503 Definition of Qualified Instructional Personnel.
6A-1.0503 Personel Employed to Teach Mathematics and Science. (Repealed)
6A-1.051 Policies Relating to Personnel Employed Beyond Ten Months (Summer Program). (Repealed)
6A-1.052 Salary Schedules to Be Adopted for All Personnel.
6A-1.053 Plans and Policies Authorized for Withholding Yearly Increments and Minimum Salaries. (Repealed)
6A-1.054 Employment of Emergency Teachers (Substitute Teachers). (Repealed)
6A-1.055 Determining Salary of County Superintendents on Basis of Instruction Units. (Repealed)
6A-1.0551 Special Qualification Salary for Elected District School Superintendents.
6A-1.056 Travel and Subsistence for School Board Members, Superintendents and School Employees.
6A-1.057 Petty Cash Funds.
6A-1.064 Forms for Contracts for Instructional and Professional Administrative Personnel, and Other Personnel.
6A-1.065 Continuing Contract Equivalency in Districts Having Local Tenure Laws. (Repealed)
6A-1.0651 Employment of Teachers over Seventy Years of Age. (Repealed)
6A-1.066 Minimum Service, Effective Date, and Other Conditions for Continuing Contract Status. (Repealed)
6A-1.067 Definition of Regular Certificate as a Qualification for Establishing Eligibility for Consideration for a Continuing Contract. (Repealed)
6A-1.068 Definition of CC-7, CC-10 and CC-15 Status. (Repealed)
6A-1.069 Responsibility for District School Personnel Records. (Repealed)
6A-1.0691 Procedures for Appealing a District School Board Decision.
6A-1.0692 Fidelity Bonds Required for School Officials.
6A-1.070 Teacher Aides and Volunteers.
6A-1.075 School Board to Adopt Policies on Leaves of Absence. (Repealed)
6A-1.076 Definition of Leave of Absence. (Repealed)
6A-1.077 All Proper Absence from Duty to Be Covered by Leave. (Repealed)
6A-1.078 Leave Discretionary with Board Unless Otherwise Provided by Law. (Repealed)
6A-1.079 Leave to Be Used for the Purposes Set Forth in Application.
6A-1.080 Maximum Extent of Leave.
6A-1.081 Professional Leave and Extended Professional Leave; Definition.
6A-1.082 Vacation Leave for Personnel Employed on Twelve Months Contract.
6A-1.083 Military Leave; Extent. (Repealed)
6A-1.0831 Sick Leave. (Repealed)
6A-1.084 Assignment of Employees for Temporary Duty.
6A-1.085 Basic Principles of Internal Fund Accounting.
6A-1.086 Administration of Internal Funds and Properties. (Repealed)
6A-1.087 School Board Responsible for Internal Funds.
6A-1.088 Responsibilities of the Superintendent for Internal Funds. (Repealed)
6A-1.089 Duties of the Principal with Respect to Internal Funds. (Repealed)
6A-1.090 Reporting Internal Funds. (Repealed)
6A-1.091 Purchases from Internal Funds.
6A-1.092 Florida Gold Seal Vocational Endorsement. (Repealed)
6A-1.093 Florida Academic Scholars Certificate.
6A-1.094 Report on Acceleration Mechanisms for Program Completion. (Repealed)
6A-1.09401 Student Performance Standards.
6A-1.0941 Minimum Student Performance Standards.
6A-1.09411 Student Performance Standards of Excellence. (Repealed)
6A-1.09412 Course Requirements - Grades 6-12 Basic and Adult Secondary Programs.
6A-1.09413 Curriculum Frameworks - Grades 6-8. (Repealed)

6A-1.001 District Financial Records.
The superintendent of schools of each school district shall be responsible for keeping adequate records and accounts of all financial transactions in the manner prescribed by the Commissioner in the publication titled, “Financial and Program Cost Accounting and Reporting for Florida Schools, 2001” which is hereby incorporated by this rule and made a part of the rules of the State Board. Copies of the manual may be obtained from the Office of Funding and Financial Management Reporting, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399, at a cost to be established by the Commissioner but which shall not exceed actual costs.

Specific Authority 237.01 FS. Law Implemented 237.01, 237.34 FS. History–Amended 9-17-72, Repromulgated 12-5-74, Amended 4-28-77, 8-2-79, 7-21-80, 10-7-81, 8-10-83, 9-27-84, 10-1-85, Formerly 6A-1.01, Amended 11-8-88, 7-30-91, 10-6-92, 10-18-94, 1-26-98, 10-15-01.

6A-1.0011 Data Collection Activities, Instruments, Forms and Instructions.
All forms, instructions, and data collection activities conducted by, or under the sponsorship of, the Department which request school districts to collect, maintain or report information or data elements, shall be reviewed by the information services and accountability section of the Division of Public Schools and approved by the Commissioner prior to distribution. Data collection activities conducted by, or under the sponsorship of, the Division of Public Schools which involve nonpublic schools, or public or nonpublic agencies, shall also be subject to this requirement. The Commissioner shall determine the method(s) by which school districts, or the other agencies identified above, will transmit such information or data elements to the Department.

(1) All forms, instructions, and data collection activities conducted by, or under the sponsorship of, the Department which request school districts to collect, maintain or report information or data elements, shall be reviewed by the management information services section of the division of public schools and approved by the Commissioner prior to distribution. Data collection activities conducted by, or under the sponsorship of, the division of public schools which involve nonpublic schools, or public or nonpublic agencies, shall also be subject to this requirement. The Commissioner shall determine the method(s) by which school districts, or the other agencies identified above, will transmit such information or data elements to the Department.

(2) All such forms, instructions, and data collection activities, with the exception of one-time surveys and internal management memoranda as defined by Section 120.52(4)(a), Florida Statutes, which affect the private interests of any person or affect a plan or procedure important to the public are listed below. A copy of any data collection activity listed may be obtained without cost upon request from the Administrator, Management Information Services, Division of Public Schools, Department of Education, Tallahassee, Florida 32301.

6A-1.0012 Minimum Security Measures for Direct Deposit by Electronic Transfer of Funds or Other Medium.

(1) A district school board may establish policies to authorize, by electronic or other medium, the receipt, disbursement or transfer of public funds by warrant to, from, or within its official accounts in financial institutions, provided adequate internal control measures are established and maintained. Minimum security measures shall include but are not limited to the following:

(a) Each financial institution shall be specifically authorized by the school board and such financial institution shall specifically agree, in writing, to accept monetary transactions through electronic or other medium.

(b) Each authorizing agreement shall contain the official title of the bank accounts subject to the agreement, each type of transaction approved, such as deposits, disbursements or transfers, each person authorized to initiate transactions, the manual signature of each such authorized person, the manual signature of the school board chairman and the manual signature of the school superintendent.

(c) When funds are properly delivered to a receiving institution, that institution shall agree to become responsible for prompt and diligent processing of the funds.

(d) Written confirmation of all transactions forwarded to financial institutions shall be signed by both the authorized person and the person making the transaction, and shall be included and retained in the official files of the school district.

(e) Written or printed documentation from each financial institution acknowledging such transactions, including but not limited to deposit slips, debit and credit memos, trust receipts, transfer acknowledgments, or cancelled warrants, shall be kept in the official files of the school district. The files must be maintained in a manner which facilitates easy review and validation of transactions.

(2) District school boards, by agreement with individuals and financial institutions, may authorize direct deposit of funds to a payee’s account. Authorization and cancellation from each such payee shall be in writing and on file in the district office. Each authorization shall include but not be limited to the following information:

(a) Name of the individual as shown on official records of the school board, Social Security number, name and manual signature of the payee as shown on his or her bank account.

(b) The date an authorization or cancellation is to be effective within the schedule provided by the school board.
(c) Name, address and federal reserve bank number of the institution designated by the payee to receive deposits.
(d) Written assurance from the designated financial institution it is prepared to and will accept responsibility for funds in the form presented and on the dates authorized.
(e) Documentation of each transaction shall be maintained in the official files of the district in sufficient manner to assure internal control over the transactions.

Specific Authority 229.53(1), 237.01, 237.211(4) FS. Law Implemented 136.06, 215.85, 237.211 FS. History–New 12-4-79, Formerly 6A-1.012.

6A-1.0013 Audits of Direct-Support Organizations.
(1) The fiscal year of the Department direct-support organization shall begin on July 1 and end June 30.
(2) Following the close of each fiscal year, the Florida Education Council shall provide for an audit of the Department direct-support organization to be conducted by an independent certified public accountant in accordance with the American Institute of Certified Public Accountants auditing standards. The audit report shall include any notations of any failure to comply with requirements of Florida Statutes, State Board Rules, the direct-support organization corporate charter and bylaws, and commentary as to financial management and irregularities. The auditor shall submit a signed, written report to the director and each member of the Florida Education Council, the Auditor General and the State Board.
(3) The Department direct-support organization is authorized to use Department property, facilities and personal services as determined annually by the Commissioner to operate the direct-support organization.
(4) The fiscal year of district school board direct-support organizations shall begin on July 1 and shall end June 30.
(5) Following the close of each fiscal year, the board of directors of each school board direct-support organization shall provide for an audit of the school board direct-support organization to be conducted in accordance with the American Institute of Certified Public Accountants auditing standards by an independent certified public accountant or by qualified internal auditing staff employed by the school board. The audit report shall include any notations of any failure to comply with requirements of Florida Statutes, State Board Rules, the direct-support organization corporate charter and bylaws, and commentary as to financial management and irregularities. The auditor shall submit a signed, written report to each member of the board of directors of the direct-support organization, to each member of the school board, and to the superintendent.

6A-1.0014 Comprehensive Management Information System.
(1) Each school district and the Department shall develop and implement an automated information system component which shall be part of, and compatible with, the statewide comprehensive management information system. Each information system component shall contain automated student, staff and finance information systems and shall include procedures for the security, privacy and retention of automated records. The procedures for the security, privacy and retention of automated student records shall be in accordance with the requirements of 20 U.S.C. 1232g(b)(3), 34 C.F.R. Part 99 and Section 228.093, Florida Statutes.
(2) The data elements, procedures and timelines for state reporting, local recordkeeping and statewide records transfer to be implemented by each school district and the Department within its automated information system component are prescribed in the publications entitled “DOE Information Data Base Requirements: Volume I – Automated Student Information System, 2002” “DOE Information Data Base Requirements: Volume II – Automated Staff Information System, 2002,” and “DOE Information Data Base Requirements: Volume III – Automated Finance Information System, 1995.” These publications which include the Department procedures for the security, privacy and retention of school district student and staff records collected and maintained at the state level are hereby incorporated by reference and made a part of this rule. Copies of these publications may be obtained from Education Information and Accountability Services, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399, at a cost to be established by the Commissioner not to exceed actual cost.

(3) If any portion of this rule and reference materials is adversely affected by the courts, the affected portion should be considered, repealed and the rule shall be repromulgated.

6A-1.002 District School Budgets.
(1) Annual budgets for the district school board shall be prepared in a form distributed by the Commissioner, advertised, presented at a public hearing pursuant to the advertisement, adopted by the board, and submitted to the Commissioner according to the schedule set forth in Rule 6A-1.0071, F.A.C.
(2) When submitted to the Commissioner, the budget document shall be certified as official and correct by the original signature of the superintendent of schools.
(3) Forms ESE 139, District Summary Budget Checklist, effective October, 1988, and ESE 524, Resolution Determining Revenues and Millages Levied, effective October, 1988, are hereby incorporated by reference and made a part of this rule. These forms may be obtained from the Administrator of Information Services and Accountability, Division of Public Schools, Department of Education, The Florida Education Center, Tallahassee, Florida 32399.
6A-1.004 Commissioner to Review Budgets.

The Commissioner shall establish procedures and prepare plans so that the budget is reviewed by authorized representatives in his or her office.

1. The following items are subject to approval by the Commissioner in reviewing and reporting recommendations relating to the annual school budgets:
   (a) Estimated revenue federal, state and local.
   (b) Estimated non-revenue-loans, bond sales, etc.
   (c) Forms ESE 374, Schedule of Maturities of Indebtedness and ESE 523, Information Concerning Authorized Obligation Under Section 237.161, Florida Statutes, are incorporated by reference in this rule to become effective October, 1988. These forms may be obtained from the Administrator of Information Services and Accountability, Division of Public Schools, Department of Education, Tallahassee, Florida 32399.
   (d) Transfers, debt services appropriations.
   (e) Ending balances and reserves.

1. Cash balances to be carried forward shall not exceed twenty percent (20%) of the anticipated tax receipt for operational purposes; provided however, in extenuating circumstances the cash balance may exceed the twenty percent (20%) level when documented evidence justifies the need.

2. Unappropriated fund balances may not exceed ten percent (10%) of total appropriations and transfers for operational purposes; provided however, in extenuating circumstances the fund balance may exceed the ten percent (10%) level when documented evidence justifies the need.

2. A budget shall not be considered to be officially received for review and approval until all required forms, schedules, analyses and certifications have been received; provided, however, the millage certification may be submitted after the Commissioner has approved the budget as provided herein.

3. If the budget as submitted to the Commissioner is defective, a written report shall be made to the superintendent of schools within thirty (30) days of the official receipt of the budget, and the budget, with such comments as are found necessary, shall be returned for correction or completion. If any changes are required, the school board shall authorize such changes and shall resubmit the budget with the corrections within fifteen (15) days from the date of the report from the Commissioner.

6A-1.006 Budget Amendments.

No expenditures shall be authorized or obligation incurred which is in excess of a budgetary appropriation. The school board shall adopt procedures whereby adjustments to the original budget are made as needed in order to comply with this rule.

1. The school board shall approve amendments to the district school budget whenever the function and object amounts in the accounts prescribed by the State Board for the budget form are changed in the original budget approved by the school board.

2. The school board may adopt procedures whereby amendments to the Special Revenue – Other Fund are considered approved by the school board at the time the board approves an entitlement grant, if such grant application includes a budget summary. The effect of such grant shall be reflected in the next monthly district financial report to the school board.

3. No budget amendment shall be approved by the district school board after the due date for the annual financial report for that year.

6A-1.007 Execution of the Budget.

It shall be the duty of the superintendent of schools and district school board to take whatever action is necessary during the fiscal year to keep expenditures and obligations within the budgeted income, provided that:

1. Any amount appropriated for the payment of indebtedness during the fiscal year shall be paid as budgeted, or as the budget may have been officially amended. Failure to make such payment shall be deemed a violation of the school budget law.

2. Any accounts carried over from the previous year according to prescribed principles of accounting which are charged to the previous year’s business shall be paid from the first funds available which may be used for that purpose by the school board. At no time, including the close of the fiscal year, shall an overdraft be created or shown against any fund or depository account.

3. Cash balances remaining in any district interest and sinking fund or from the proceeds of any bond issue not otherwise restricted, after all obligations have been satisfied, shall be transferred to another fund or funds as authorized by resolution of the school board.

Specific Authority 229.053(1), 237.01 FS. Law Implemented 237.01, 237.101, 237.121(2) FS. History–Amended 4-11-70, 9-17-72, Repromulgated 12-5-74, Formerly 6A-1.07, Amended 8-30-88.
6A-1.0071 Fiscal Reporting Dates.
The following dates shall apply to the fiscal reporting and budgeting process of each school district.

(1) The final budget prepared under procedural steps and time intervals specified in Section 200.065, Florida Statutes, shall be transmitted to the Commissioner no later than the third business day following the day of adoption by the school board.

(2) The annual financial report and all official parts thereof must be submitted to the Commissioner no later than September 11th of each year. Forms ESE 348, Report of Financial Data to the Commissioner of Education; ESE 145 Superintendent’s Annual Financial Report; ESE 904, Automated Format for Public Schools State Cost Analysis Reporting System, and ESE 905, Automated Format for Public Schools Compensatory Data, are incorporated by reference in this rule to become effective October, 1988. These forms may be obtained from the Administrator of Information Services and Accountability, Division of Public Schools, Department of Education, The Florida Education Center, Tallahassee, Florida 32399.

(3) Form ESE 079, District Quality Instruction Incentive Program Report, is hereby incorporated by reference and made a part of this rule to become effective October, 1988. A copy of Form ESE 079 may be obtained from the Administrator of Information Services and Accountability, Division of Public Schools, Department of Education, The Florida Education Center, Tallahassee, Florida 32399.

(4) In the event of an emergency or when unusual circumstances exist and upon written request by the superintendent of schools, the Commissioner shall have authority to grant an extension of reporting dates not specified by statute.

Specific Authority 229.053(1), 236.02(1), (5), 237.34 FS. Law Implemented 120.55(1)(a), 200.065, 236.02(1), (5), 237.01, 237.02, 237.041, 237.061, 237.071(1), (4), 237.081(1), 237.34(1) FS. History–New 9-12-72, Amended 2-13-74, 12-5-74, 5-5-75, 10-7-75, 7-22-76, 6-7-77, 1-7-81, 7-10-85, Formerly 6A-1.071, Amended 3-12-86, 10-4-88.

6A-1.008 Financial Statements.
At least monthly the superintendent of schools shall submit, for use and consideration of the school board, a financial statement in a form prescribed by the school board.

Specific Authority 229.053(1), 237.01 FS. Law Implemented 230.32(1), 230.33(12)(d), (f), 237.01, 237.02, 237.031 FS. History–Amended 9-17-72, 12-5-74, Formerly 6A-1.08.

6A-1.011 Project or Construction Accounts for Capital Outlay Projects.
Separate project accounts or construction accounts shall be kept for all capital outlay projects which are subject to the provisions of Section 235.26(4), Florida Statutes.

Specific Authority 229.053(1), 237.01, 237.031 FS. Law Implemented 235.26(4), 237.01, 237.031 FS. History–Amended 9-17-72, Repromulgated 12-5-74, Formerly 6A-1.11, Amended 12-4-89.

6A-1.012 Purchasing Policies.
Each district school board shall establish purchasing rules which shall include but not be limited by the following:

(1) The superintendent may be authorized to purchase products or services or to enter into temporary employment contracts where the total amount does not exceed an amount prescribed by the school board, and does not exceed the applicable appropriation in the district budget. The superintendent may also be authorized to purchase instructional materials under state contract. Assistants functioning under the superintendent’s direction may be authorized to perform these purchasing tasks. No person, unless authorized to do so under rules of the school board, may make any purchase or enter into any contract involving the use of school funds; no expenditures for any such unauthorized purchase or contract shall be approved by the school board.

(2) Before making any purchase or contracting for services which the superintendent is authorized by the school board to make or before recommending any purchase to the board, the superintendent shall, insofar as possible, propose standards and specifications. He or she shall see that the purchase or contract conforms to those standards and specifications, and shall take such other steps as are necessary to see that the maximum value is being received for any money expended.

(3) In each district in which the purchasing agent for any public agency of the state is authorized by law to make purchases for the benefit of other governmental agencies within the county, the school board shall have the option to purchase under the current contracts as may be established for any of the public agencies as set forth above at the unit price stated therein, if such purchase is to the economic advantage of the school board, subject to conformance of the items of purchase to the standards and specifications prescribed by the superintendent for said district.

(4) As required by Section 230.23(10)(j), Florida Statutes, the school board shall receive and give consideration to the prices available to it under rules of the Department of Management Services, Division of Purchasing. School boards may use prices established by the Division of Purchasing through its state negotiated agreement price schedule. If school board policy provides for purchasing under this program of negotiated price agreements, the conditions for use shall be those imposed on state agencies.

(5) In lieu of requesting bids from three (3) or more sources, school boards may make purchases at the unit prices in contracts awarded by other city or county governmental agencies, other school boards, community colleges, or state university system cooperative bid agreements when the bidder awarded a contract by another entity defined herein will permit purchases by a school board at the same terms, conditions, and unit prices awarded in such contract, and such purchases are to the economic advantage of the school board.
(6) Except as authorized by law or rule, bids shall be requested from three (3) or more sources for any authorized purchase or contract for services exceeding the amount established in Section 287.017, Florida Statutes, for purchasing category two. School boards, by rule, shall set this amount or a lesser amount and shall establish purchasing policy relative to purchases of a dollar value less than this formal bid threshold. The school board shall have the authority to reject any or all bids and request new bids. In acceptance of bids, the school board shall accept the lowest and best bid from a responsive and responsible bidder. The school board is not required to request bids for purchases made from contracts of the Department of Management Services as referenced in subsection (4) of this rule. Bids are not required for purchases made through the pool purchase provisions of Section 229.79, Florida Statutes.

(7) The requirement for requesting bids from three (3) or more sources is hereby waived as authorized by Section 237.02, Florida Statutes, for the purchase of professional or educational services, educational tests, textbooks, printed instructional materials, computer software, films, filmstrips, videotapes, disc or tape recordings, or similar audio-visual materials, and for library and reference books, and printed library cards where such materials are purchased directly from the producer or publisher, the owner of the copyright, an exclusive agent within the state, a governmental agency or a recognized educational institution.

(8) Additional exemptions authorized under certain conditions.
(a) The requirements for requesting bids and making purchases for goods and services as set forth in this section, are hereby waived as authorized by Section 237.02, Florida Statutes, when the following conditions have been met by the district school board:
   1. Bids have been requested in the manner prescribed by the State Board, and
   2. The school board has made a finding that no valid or acceptable firm bid has been received within the prescribed time.
(b) When such a finding has been officially made, the school board may enter into negotiations with suppliers of such goods and services and shall have the authority to execute contracts with such suppliers under whatever terms and conditions as the board determines to be in the best interests of the school system.
(c) Insofar as practicable, all purchases shall be based on requisitions. Within limits prescribed by the school board, the superintendent shall be authorized to approve requisitions under rules of the school board; provided that in so doing, he or she shall certify that funds to cover the expenditures which would be required by the requisitions are authorized by the budget and have not been encumbered.

(10) A district school board, when acquiring, whether by purchase, lease, lease with option to purchase, rental or otherwise, information technology resources, as defined in Section 282.303(13), Florida Statutes, may make any acquisition through the bid process as described herein or by direct negotiation and contract with a vendor or supplier, as best fits the needs of the school district as determined by the school board.

(11) Except as otherwise required by statute, a district school board, when purchasing insurance, entering risk management programs, or contracting with third party administrators, may make any such acquisitions through the bid process as described herein or by direct negotiations and contract.

Specific Authority 229.053(1), 229.79, 237.02(2) FS. Law Implemented 229.79, 230.23(4)(j), 237.02(2) FS. History–Amended 12-17-65, 5-24-67, 9-17-72, 4-19-74, 9-19-74, Repromulgated 12-5-74, Amended 2-21-77, 3-10-85, Formerly 6A-1.12, Amended 6-27-89, 7-5-90, 6-10-92, 6-29-93, 4-25-96, 4-14-97, 7-17-00.

6A-1.013 Pool Purchases.
Two or more districts may jointly pool their requirements and resources and designate one school board, or the Department of Education, to act as agent for all in the requisitioning, bidding, and purchasing of services or commodities. Each district participating in such a pool purchase shall pay its pro rata cost to the district designated as the agent district and each district shall show only the net cost of such purchases in its annual report. The superintendent of the agent district shall in each case furnish each cooperating district a statement certifying that the purchase complied with all applicable laws and rules. If the Department of Education is designated as the agent, purchases shall be made in accordance with the requirements of the Division of Purchasing of the Department of Management Services and such purchases shall be deemed to satisfy the legal requirements of each participating district.

Specific Authority 229.053, 229.79, 237.02(2) FS. Law Implemented 229.79, 230.23(4)(j), 237.02(2) FS. History–New 9-17-72, Repromulgated 12-5-74, Amended 2-21-77, Formerly 6A-1.13.

6A-1.014 Expenditure of Funds in Programs and Schools Where Generated.
Compliance with the expenditure requirements as set forth in Section 237.34(3), Florida Statutes, shall be measured by the criteria set forth in subsections (1), (2) and (3) of this rule:

(1) Revenue generated by membership represents the product of the following six (6) factors and any adjustments by the Department for program ceilings or prior year adjustments:
   (a) The number of full-time equivalent students for each program funding category,
   (b) The cost factor for each program funding category,
   (c) The base student allocation,
   (d) The district cost differential,
(e) Other components as funded by the annual appropriations item for the Florida Education Finance Program (FEFP), and

(f) The proration factor, if it is necessary to prorate program earnings to available revenue.

(2) Eligible expenditures as used herein include all school level direct and indirect expenditures of the general fund exclusive of expenditures for recreational and enrichment programs, community services not funded under the FEFP, land, land improvement, buildings, and remodeling. Eligible expenditures are also to include expenditures for food services in the special revenue funds. Eligible expenditures for food services shall be limited by the amount of state and local tax support for food services.

(3) The identification of cost is based on the dimensions of fund, function, object, and facility. School level costs are distinguished from district level costs as follows:

(a) School level costs:
1. Salaries and fringe benefits of teachers,
2. Salaries and fringe benefits of other instructional personnel,
3. Salaries and fringe benefits of substitutes,
4. Salaries and fringe benefits of principals and other administrative personnel,
5. Salaries and fringe benefits of pupil personnel staff working with pupils,
6. Salaries and fringe benefits of other support staff in the school,
7. School staff travel,
8. Supplies and materials used in the school center,
9. Maintenance for the school,
10. Utilities for the school,
11. Equipment, audio visual materials and library books for the school,
12. Library and audio visual materials, processing and film rentals,
13. Educational television for instructional purposes,
14. Staff training for school level instructional and non-instructional personnel,
15. Data processing for student oriented applications,
16. Curriculum coordinators assigned to the school,
17. School building related insurance,
18. Printing of instructional and other school use materials,
19. Warehousing and distribution of materials used at the school,
20. Transportation costs other than district level administration of the activity,
21. Food service costs other than district level administration of the activity,
22. All other costs of a school level nature.

(b) District level costs:
1. Board expense,
2. Salaries and fringe benefits of superintendent and staff,
3. Salaries and fringe benefits of other district staff including subject matter and grade level coordinators, consultants, or supervisors, as well as the district level supervisors or directors of transportation, food service, maintenance and operations,
4. Salaries and fringe benefits of other district support personnel,
5. Travel of district level personnel,
6. Supplies and materials used in district offices,
7. Bonds and general liability insurance,
8. Maintenance for district offices,
9. Utilities for district office,
10. Equipment for district level services,
11. All other costs of a district level nature.

Specific Authority 229.053(1), 237.34(1) FS. Law Implemented 237.34 FS. History–New 7-20-74, Amended 9-5-74, Repromulgated 12-5-74, Amended 4-14-76, 7-12-77, Formerly 6A-1.14, Amended 6-10-87.

6A-1.0141 Categorical Program Funds.
Categorical program funds, identified in Section 236.081, Florida Statutes, or any other ear-marked funds allocated to a school district shall be expended only in the program for which funds are provided. Any such funds, except those categorical program funds provided through contract or grant for a specific period of time, not expended by a school district as of the close of a fiscal year shall be carried forward into the following fiscal year for the same categorical purpose.

Specific Authority 229.053 FS. Law Implemented 237.01, 236.081 FS. History–New 10-31-74, Repromulgated 12-5-74, Amended 4-8-75, Formerly 6A-1.141.
**6A-1.0143 Promotion and Public Relations Funding.**

(1) Funds derived from auxiliary enterprises and undesignated gifts shall be disbursed in accordance with rules of the school board for such purposes as are deemed to be for the benefit of the district. For purposes of this rule funds from auxiliary enterprises will be defined as profits from enterprise type activities of the district, excluding food service activities, which may include, but are not limited to, vending machines, supply stores, and other internal account funds profits not specifically designated for student or school-level purposes.

(2) The rules of the school board may authorize the use of a portion of such funds for the purpose of promotion, public relations, and hospitality of business guests provided that such purpose will directly benefit or be in the best interest of the district. Promotions and public relations activities may include, but are not limited to, activities involving graduation, orientation and work conferences, recruitment of employees, official meetings and receptions, guest speakers, accreditation studies, and other developmental activities, awards or other types of recognition for meritorious performance.

(3) The rules of the school board may authorize the use of a portion of such funds for hospitality of business guests. Disbursements for any fiscal year for hospitality of business guests shall not exceed the following amounts:

(4) Funds used for purposes specified in subsections 6A-1.0143(2), (3), F.A.C., shall be expended from or district fund which generated the revenue.

*Specific Authority 229.053(1), 237.046 FS. Law Implemented 237.046 FS. History–New 7-26-84, Formerly 6A-1.143, Amended 11-15-93.*

**6A-1.037 Approval of Proposals for Issuing Special Tax School District Bonds.**

The following requirements shall be observed as a basis for approval of proposals for the issuance of bonds by any special tax school district:

(1) A survey of the school plant needs of the district shall have been made within the preceding twelve (12) months in cooperation with the department of education. The report of this survey shall include recommendations of the projects needed to meet school plant needs within the foreseeable future, together with a building finance plan which shall take into consideration all state, local, and other financial resources. The school board shall have considered the report of said survey and have determined what school centers should be considered permanent before proposing the issuance of bonds.

(2) The amount of the proposed bond issue, together with other school bonds outstanding against the district shall not exceed ten (10) percent of the nonexempt assessed valuation of the district, except with specific approval of the state board. The estimated millage levy required for servicing the proposed bond issue together with the outstanding school bonds of the district shall not exceed six mills except with specific approval of the state board.

(3) The bonds shall be amortized over a period of not more than twenty years, unless otherwise specifically authorized by the state board of education.

(4) All of the above steps shall be taken, and a copy of the materials relating to the proposal for the bond issue in the form prescribed by the commissioner of education, shall be submitted to and approved by the commissioner of education before the school board approves any petitions for or acts favorably on, a proposal for a bond issue for any special tax school district. Approval of a proposal for a bond issue by the commissioner of education shall be prima facie evidence that all requirements herein prescribed have been satisfactorily observed.

(5) When a proposal for a bond issue has been approved as herein prescribed the school board shall proceed by adopting a form of resolution substantially as prescribed by the attorney general and taking such other steps as are prescribed by law.

*Specific Authority 229.053(1), 236.37(3) FS. Law Implemented 229.053(1), 236.36, 236.37 FS. History–Repromulgated 12-5-74, Formerly 6A-1.37.*
6A-1.038 Funding and Refunding of School District Indebtedness.

(1) When any unfunded or delinquent indebtedness exists against the district current school fund or when any other type of unfunded legally incurred school indebtedness exists, it shall be the duty of the superintendent to prepare and the school board to approve a plan for retiring this indebtedness in accordance with the provisions of Section 237.171, Florida Statutes, and to submit such a plan as part of the budget for any school year; provided, that if it is impossible to prepare such a plan, a complete and satisfactory explanation shall be submitted with the budget.

(2) It shall be the duty of the commissioner of education to assist and cooperate with the superintendent and school board in any district in which any unfunded or delinquent indebtedness exists in preparing plans for retiring such indebtedness and to refuse to approve the annual school budget until a satisfactory plan has been submitted, or explanation is given showing that such a plan is not practicable that year.

(3) Any district which fails and refuses to prepare a plan for retiring unfunded or delinquent indebtedness shall not be entitled to participate in the minimum foundation program until such a plan is prepared or satisfactory explanation is given as provided herein.

(4) Approval of all plans for refunding or retiring, unfunded indebtedness under Section 237.171, Florida Statutes, heretofore approved by the Commissioner or the State Board is hereby confirmed and such plans shall be valid and binding until the indebtedness is finally extinguished.

6A-1.0402 School and District Annual Reports.

(1) Beginning with school and district reports for the 1985-86 school year, each school and district report shall contain the percentage of total student attendance and the percentage of student attendance by race and sex. The method of calculating these percentages of student attendance shall be as follows: Attendance shall be summed for each of the two (2) eleven-day periods coinciding with the full-time equivalent student surveys to obtain an aggregate student attendance. Student membership shall be summed for the same periods to obtain aggregate student membership. Aggregate student attendance then shall be divided by aggregate student membership to obtain the percentage of total student attendance. The same calculation shall be made to obtain the percentage of student attendance by race; the same percentage of student attendance also shall be made to obtain the percentage of student attendance by sex. Reports shall include an analysis of the progress made toward remediating problems with low attendance rates.

(2) Beginning with school and district reports for the 1984-85 school year, student dropouts, corporal punishment, in-school and out-of-school suspensions, and expulsions shall be reported in each school and district report by race and by sex. These data shall be the same data that districts are required to report annually to the Division of Public Schools.

(3) Beginning with school and district reports for the 1985-86 school year, each school district report shall:

(a) Include an analysis of progress toward identifying potential dropouts and remediating the problem;

(b) Report separately students who leave a public school because their parents or legal guardians are part of the seasonal migrant labor force, as defined in Chapter 1 of the Education Consolidation and Improvement Act of 1981 (P.L. 97-35), and who do not transfer to another public or private school or other educational institution, and;

(c) Report separately students who leave a public school because their parents are part-time residents of Florida, and who do not transfer to another public or private school or other educational institution.

It is the responsibility of the principal of a secondary school containing any of the grades seven (7) through twelve (12) to develop and implement a security program. The security program may involve teachers, volunteers, neighborhood watch programs, school resource officers, security guards or any combination thereof. It is also the responsibility of the principal to inform all school personnel, at least annually, of the procedures and personnel included in the program and to evaluate the program annually to make any changes needed to improve procedures.

Specific Authority 228.088, 229.053(1) FS. Law Implemented 228.088 FS. History–New 1-29-86.

(1) It is essential that schools be safe and orderly to provide environments that foster learning and high academic achievement. Goal Five of the state education goals (Section 229.591(3)(e), Florida Statutes) calls for communities to provide an environment that is drug-free and protects students’ health, safety, and civil rights. The goal emphasizes the personal responsibility of students and the necessity of involving all stakeholders, including parents, in achieving this goal. Although education and prevention are the preferred means of achieving safe schools, there must be a clear statement of policy that violence in schools will not be permitted. This rule implements the State Board of Education’s zero tolerance policy on school violence, crime, and the use of weapons as part of a comprehensive approach to reducing school violence and crime. This policy requires school districts to:
(a) Invoke the most severe consequences provided for in the Code of Student Conduct (Section 230.23, Florida Statutes) in dealing with students who engage in violent criminal acts on school property, on school sponsored transportation, or during school sponsored activities;

(b) Notify a local law enforcement agency when an adult or a student commits the offenses listed in subsection (2) of this rule, on school property, on school sponsored transportation, or at school sponsored activities;

(c) Adopt a process for facilitating active communication and cooperation between schools and law enforcement agencies, the Department of Health and Rehabilitative Services, and the Department of Juvenile Justice in sharing information that will help school officials make the best decisions regarding students’ educational services and placement;

(d) Assist teachers and other school personnel, consistent with district school board policies and Code of Student Conduct, to act decisively and effectively when dealing with violent and disruptive youth.

(2) Each school district shall review its Code of Student Conduct and amend the Code, if necessary, to ensure that students found to have committed the following offenses on school property, school sponsored transportation, or during a school sponsored activity shall receive the most severe consequences provided for by school board policy:

(a) Homicide (murder, manslaughter);
(b) Sexual battery;
(c) Armed robbery;
(d) Aggravated battery;
(e) Battery or aggravated battery on a teacher or other school personnel;
(f) Kidnapping or abduction;
(g) Arson;
(h) Possession, use, or sale of any firearm; or
(i) Possession, use or sale of any explosive device.

(3) Prior to taking such action against any student, the school board shall ensure that appropriate due process procedures are followed. If a student committing one of the offenses outlined in subsection (2) of this rule is identified as disabled and participating in a program for exceptional students, then school personnel shall follow procedures in Rule 6A-6.0331, F.A.C. This provision shall not be construed to remove a school board’s discretion in cases where mitigating circumstances may affect decisions on disciplinary action.

(4) Each school board shall adopt a zero tolerance policy on school violence and ensure that all students and their families are aware of this policy. Such communications to families shall be consistent with equal access provisions of subsection (2) of Rule 6A-6.0908, F.A.C. The school board shall ensure that all school personnel are aware of the contents of this rule and the school board’s zero tolerance policy on school violence.

(5) School boards may assign more severe consequences than normally authorized for violations of the Code of Student Conduct when the offender appears motivated by hostility toward the victim’s real or perceived gender, race, religion, color, sexual orientation, ethnicity, ancestry, national origin, political beliefs, marital status, age, social and family background, linguistic preference, or disability.

(6) School officials shall ensure that local law enforcement authorities are notified as soon as possible when one of the offenses listed in subsection (2) of this rule is committed on school property, on school sponsored transportation, or during a school sponsored activity. Additionally, if the offense involves a victim, school officials shall notify the victim and the victim’s parents or legal guardian if the victim is a minor, of the offense and of the victim’s right to press charges against the offender. School personnel shall cooperate in any investigation or other proceedings leading to the victim’s exercise of rights as provided by law.

(7) The school principal shall monitor the administration of discipline of students to ensure that discipline is administered equitably without regard to real or perceived gender, race, religion, color, sexual orientation, ethnicity, ancestry, national origin, political beliefs, marital status, age, social and family background, linguistic preference, or disability. Annually, the principal shall review school discipline data with the school advisory council in developing school improvement plans to maintain a safe and healthy school environment that protects the civil rights of all students.

(8) The authority of the teacher and other instructional personnel to discipline violent and disruptive students shall be consistent with the provisions of the Code of Ethics (Rule 6B-1.001, F.A.C.) and the Principles of Professional Conduct of the Education Profession in Florida (Rule 6B-1.006, F.A.C.) school districts Code of Student Conduct, and schools’ policies. Goals Five and Six of Blueprint 2000 address the significance of the school providing an environment which promotes good health and is free of violence, weapons, hazards, vandalism, substance abuse, and disruptive influences. Within these parameters, the teacher and other instructional personnel shall have the authority to undertake any of the following alternatives in managing student behavior and in ensuring the safety of all students in their classes and schools:

(a) Create and maintain positive learning environments in which students are actively engaged in learning, social interaction, and self-motivation;
(b) Establish classroom rules of conduct;
(c) Make reasonable efforts to protect the student from conditions harmful to learning, mental and physical health, and safety (paragraph (3)(a) of Rule 6B-1.006, F.A.C.);
(d) Establish and implement consequences for infractions of classroom rules;
(e) Assist in enforcing the Code of Student Conduct and school rules on school property, on school sponsored transportation, and during school sponsored activities;

(f) Assist in educating students of their rights and responsibilities as contained in the Code of Student Conduct and school rules;

(g) As an early intervention, hold parent conferences to solicit support for positive behavior management;

(h) Utilize existing referral and assessment procedures to determine the violent and disruptive student’s need for additional services and special programs;

(i) If the violent and disruptive student has been identified as having disabilities and is currently enrolled in an exceptional student education (ESE) program, the teacher and other instructional personnel apply the provisions of Rule 6A-6.0331, F.A.C.;

(j) Collaborate with school resource officers, student assistance personnel, and other student services personnel in identifying services for violent and disruptive students;

(k) Have violent and disruptive students temporarily removed from the classroom or area of supervision for behavior management intervention;

(l) Inform a student’s parent or guardian within twenty-four (24) hours after the student is referred for violent or disruptive behavior;

(m) When necessary, use reasonable force to protect themselves, students and other adults from violent acts; and

(n) Press charges as authorized in Section 231.06, Florida Statutes, if a crime has been committed against the teacher or other instructional personnel on school property, on school sponsored transportation, or during school sponsored activities.

(9) Teachers and other instructional personnel have responsibilities for the safety of students and others as described in Rules 6B-1.001 and 6B-1.006, F.A.C.

(10) School board policies shall allow, and school administrators shall provide, the following upon request by school personnel:

(a) Information as to the disposition of their referrals to the administration for violation of classroom or school rules;

(b) Assistance in behavior management if student(s) becomes uncontrollable or in case of emergency; and

(c) Training and other assistance to improve skills in behavior management, violence prevention, conflict resolution, and related areas.

(11) Upon receipt of notification from law enforcement, the Department of Juvenile Justice, the Office of the State Attorney, or the court system that a public school student has had certain types of contact with the juvenile justice system, the superintendent of designee, within twenty-four (24) hours of such notice, shall provide information on the nature of the contact to the principal of the student’s school of enrollment. The principal or designee, within twenty-four (24) hours of such notice, shall provide such information to student services personnel, school resource officers, the school student assistance coordinator (if applicable), and the student’s immediate teachers. Immediate teachers are those in whose courses or classrooms the student in question is currently enrolled. The above notification is required if the public school student has:

(a) Been taken into custody for a delinquent act, a violation of law which would be a felony if committed by an adult, or a crime of violence;

(b) Been charged with a felony or a delinquent act that would be a felony if committed by an adult;

(c) Been adjudicated delinquent for an offense that would be a felony if committed by an adult;

(d) Had adjudication withheld for a delinquent act that would be a felony if committed by an adult; or

(e) Been found guilty of a felony.

(12) The principal or director of an off-site program in which the student may be assigned shall assure that the information on that student does not become a part of the student’s permanent record and is not shared with school personnel who do not have a need to know. In sharing the information, all school personnel shall adhere to confidentiality provisions contained in applicable state and federal laws and regulations.

(13) The principal or other authorized school official may use a student’s juvenile justice information, in conjunction with other relevant information, to review a student’s current educational placement and need for services, and to protect the safety of other students and school personnel. Such placement decisions shall be made in accordance with school board policies and state laws and regulations governing the placement alternative.

(14) Following appropriate due process procedures, a student charged with a felony or delinquent act that would be a felony if committed by an adult, whether it occurred on or off the school property, may be assigned to an alternative program or receive alternative educational services. Such assignment may be made upon the determination that the student is eligible according to federal or state criteria, and:

(a) The nature of the offense is such that the student poses a threat to the safety of other students or personnel at school;

(b) The student’s safety is at risk by remaining in school with other students; or

(c) An alternative education placement will better meet the educational, emotional, and social needs of the student.

(15) If a principal has reason to believe that a student may have a criminal record, the principal is authorized to request and receive information on the criminal history of a public school student from a local law enforcement agency. Procedures for the request, receipt, maintenance, retention, and use of such information shall be specified in approved school board policies and shall be included in a cooperative agreement with an appropriate local law enforcement agency.

6A-1.0421 Temporary Inability of Superintendent of Schools to Perform the Duties of Office.

(1) Where the superintendent of schools of any district is mentally capable of making decisions but because of a physical injury or handicap is unable to affix his manual signature to checks, warrants and other documents the following procedures shall be followed:

(a) Where checks and warrants are signed by facsimile signatures with the bank being furnished a list describing each check in such detail as to make it identifiable, the superintendent shall examine the list and approve the issuance of the check. The list of checks shall be prepared in the office of the superintendent who shall direct some other person to sign his name to the list. Such signing shall take place in the presence of the superintendent and the fact that he authorized some other person to affix his signature shall be attested by two (2) witnesses who shall affix their signatures.

(b) Where the superintendent has filed a facsimile signature as provided in Section 116.34(3)(a), (b), (c), Florida Statutes, he may authorize and direct a member of his staff to affix his facsimile signature by stamp. Where such facsimile signature is used in lieu of the manual signature, the name of the person authorized to affix the superintendent’s signature shall be submitted to and approved by the school board and such approval shall be duly recorded in the official minutes of the school board.

(c) Where a facsimile signature has not been filed, a duly sworn statement shall be executed by the superintendent certifying the name of the person authorized and directed by the superintendent to sign his name to be his legal signature for the purpose of authenticating, validating and making legal papers, vouchers, warrants or other documents or papers requiring his manual signature in his capacity of superintendent. The said sworn statement shall be made before a person authorized to take acknowledgments of instruments for public record and in the presence of at least a majority of the membership of the school board who shall sign the statement as witnesses. Subsequently, and prior to affixing the superintendent’s signature as prescribed in the sworn statement, the school board shall in official session approve the procedure set forth in the sworn statement and shall cause the sworn statement to be recorded in its official minutes.

(d) Pursuant to the action of the board authorizing a person to affix the superintendent’s signature as provided in paragraphs (1)(b) and (c), the board shall file a certified copy of its minutes showing the official action of the board with the Commissioner of Education, the Legislative Auditor and the Secretary of State.

(2) Where a superintendent is unable to perform the duties of his or her office due to extended illness, disability, resignation, or death, which prevents him or her from making decisions, the following procedures shall be followed:

(a) The school board, acting in formal session, shall adopt a resolution explaining the circumstances and appoint a person to assume the duties of the superintendent during the superintendent’s absence and until such time as he or she is able to perform the duties of the office or until the office is filled as provided by law.

(b) The person appointed by the board shall have no further authority if for any reason the office becomes vacant.

(c) If the superintendent is able to recommend a person to act in his or her absence, such a recommendation shall be obtained from the superintendent and shall be considered by the school board.

(d) Pursuant to the board’s action in appointing a person to act as an assistant to the superintendent as provided herein, the board shall file a certified copy of the resolution and any minutes showing the official action of the board with the Commissioner, the Legislative Auditor and the Secretary of State.

(e) After the superintendent has recovered from illness or disability, or the vacancy is filled following resignation or death, any and all actions taken by the assistant superintendent shall be reviewed, approved and ratified, unless an action, in the superintendent’s opinion, was improper or illegal.

6A-1.044 Pupil Attendance Records.

(1) Pupil attendance records shall be maintained for any student enrolled in public schools who is earning high school credit as provided in Section 232.2462, Florida Statutes, who is funded as provided in Chapter 236, Florida Statutes, and the Appropriations Act, or who is required to be in attendance by the compulsory attendance requirements as provided in Chapter 232, Florida Statutes.

(2) The automated student attendance recordkeeping system as provided for in Rule 6A-1.0014, F.A.C., shall be the attendance system as used in this rule.

(3) The presence, absence, or tardiness of each student shall be checked once each day at a time or times prescribed by the school board and all absent and tardy pupils shall be recorded daily in the Automated Student Attendance Recordkeeping System as described in the Department of Education Comprehensive Management Information Automated System Attendance Recordkeeping Handbook. The attendance recordkeeping system shall provide complete and accurate attendance data and shall make provision for maintaining auditable records for three (3) years or until applicable audits are completed. The attendance records shall also show the dates of a student’s enrollment, withdrawal or re-entry in the school for the applicable year. Data shall not be recorded in temporary records, and then transferred at a later date to attendance records, except for the first ten (10) days of each school year.
(4) Attendance of all pupils must be maintained during the one hundred eighty (180) day school year or the equivalent and summer school when applicable as provided by law and rules of the State Board shall be required, except for absence due to illness, or as otherwise provided by law.

(5) For the purpose of compliance with this rule, a pupil shall be deemed to be in attendance if actually present at school, or away from school on a school day and engaged in an educational activity which constitutes a part of the school-approved instructional program for that pupil. Any such attendance must be in accordance with the minimum time requirements specified by Section 228.041(13), Florida Statutes.

(6) For the purpose of recording attendance, attendance of pupils shall be reported as follows:

(a) Each pupil who is scheduled at a school center for the minimum required school day, and who is recorded as being present or tardy, shall be reported as present one (1) day.

(b) Each pupil who is scheduled at a school center for instructional purposes for a partial day, and at an area vocational-technical center, a vocational school, a community college, a university, or another school center for a partial day shall be reported as present or absent for the appropriate portion of the day at each center.

(c) The attendance of a pupil who is assigned to an on-the-job instructional program which does not require his or her presence at a school center for on-the-job instructional purposes shall be reported as being in attendance when documented through the use of a time card to report actual days in attendance and a time card or work schedule to report instructional or work hours. Both the time card and schedule should be signed by the employer or instructional supervisor.

(d) The attendance of a pupil who is assigned to an instructional program which does not require his or her regular presence at a school center for instructional purposes shall be reported as present or absent at an assigned school center.

(7) The Automated Student Attendance Recordkeeping System shall be retained at the school or district level as directed by the superintendent of schools.

(8) The district school board is authorized to destroy the records contained in or produced from the Automated Student Attendance Recordkeeping System after three (3) years or the completion of an audit by the state audit agency, whichever period is longer, provided that the district shall comply with the legislative intent of Chapter 257, Florida Statutes, as expressed in Section 257.37, Florida Statutes, and shall permanently preserve attendance information for each pupil as required by Rule 6A-1.0955, F.A.C. Attendance information must be permanently preserved for pupils not covered by Rule 6A-1.0955, F.A.C.

(9) The principal shall be responsible for the administration of attendance policies and procedures and for the accurate reporting of attendance in the school under his or her direction. The principal shall assure that all teachers and clerks are instructed in the proper recording of attendance, and it shall be his or her duty to see that such instructions are followed. The principal or designee shall inspect and determine the completeness and accuracy of the records contained in the Automated Student Attendance Recordkeeping System for each of the required full-time equivalent student membership periods. At the end of each school year the principal or designee shall certify the completeness and accuracy of the automated attendance records indicating that all attendance records have been kept as prescribed by law and rules of the State Board. The method used to certify the records is based on internal district procedures. The automated student attendance records shall be readily accessible in a form prescribed in subsection (12) of this rule for state auditing and monitoring purposes. An attendance record containing any material inaccuracies, resulting from willful or intentional falsification of data by or for the principal, shall be considered a false report for which the principal shall be subject to penalties as provided by law.

(10) For FTE auditing purposes, if the principal or designee failed to sign an attendance record or report, a signed and dated certified statement from the principal or designee identifying that the record was the record used to report attendance for a particular school year, that the record has not been changed since that time, and that attendance was reported as prescribed by law and rules of the State Board may be substituted for the lack of an original signature. If neither the principal nor designee is an employee of the school district when the absence of a signature on an attendance record is discovered, the superintendent or designee may sign the certified statement. If attendance records are incomplete as to verification of full-time equivalent student membership for funding purposes prior to July 1, 2001, other records maintained by the school district may be used to verify membership provided a signed and dated certified statement is appropriately attached as provided in this subsection.

(11) The Automated Student Attendance Recordkeeping System shall be prima facie evidence of the facts which it is required to show.

(12) Forms ESE 950 Automated Individual Student Attendance Record, Grades PK-12; ESE 953 Automated Individual Student Attendance by Period Record, Grades 9-12; ESE 954 Automated Individual Student Attendance by Period Summary, Grades 9-12 and ESE 981 Automated Student Attendance by Period Summary, Grades 9-12; ESE 955, Automated Multi-Day Student Attendance Register, Grades PK-12; ESE 956, Automated Multi-Day Student Attendance by Period, Grades 9-12; ESE 957, Automated Multi-Day Adult Student Attendance Register; ESE 958 Adult Student Attendance Register; and ESE 982 Adult Student Attendance Roster are hereby incorporated by reference and made a part of this rule to become effective November 2002. These forms may be obtained from Education Information and Accountability Services, Division of Technology, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399-0400.

6A-1.0451 Florida Education Finance Program Student Membership Surveys.

(1) The Commissioner shall prescribe the methods for completing and reporting full-time equivalent student membership surveys and transported student membership surveys in each school district for the Florida education finance program. The methods prescribed shall include but not be limited to the following:
   (a) Uniform dates for each survey within the fiscal year.
   (b) Instructions for completing the surveys.
   (c) Instructions for reporting the data to the Department.
   (d) Instructions for maintaining student records for audit purposes.

(2) The Commissioner shall have the authority to establish for any school district or school an alternate date for a full-time equivalent membership survey or transported student membership survey within nine (9) weeks of the regular statewide survey if evidence is submitted by the school district which indicates an abnormal fluctuation in student membership has occurred at the time of the statewide survey. The alternate date shall be established by the Commissioner prior to conducting the survey. In determining what constitutes an abnormal fluctuation, the Commissioner shall examine the historical trends in student membership and limit consideration to changes in which there is a variation in excess of twenty-five (25) percent in any school, or five (5) percent in the district between the membership count at the time of the statewide membership survey and the alternate membership count due to factors such as major student boycotts; civil disturbances; in-migration or out-migration in agricultural, industrial, and federal installations or contractors; or providential causes beyond the control of the district school board.

(3) The Commissioner may approve an alternative to the instructions in paragraphs (b), (c), and (d) of subsection (1) of Rule 6A-1.0451, F.A.C., for a given district based on an emergency, a pilot study, or increased effectiveness and efficiency in data collection or reporting.

(4) During the year, at least four (4) full-time equivalent student membership surveys shall be conducted under the administrative direction of and on a schedule provided by the Commissioner. The second period and the third period full-time equivalent student membership survey for students in a program scheduled for one hundred eighty (180) school days shall each be equal to ninety, one hundred eightieths (90/180) of the school year. Students in a program scheduled for less than one hundred eighty (180) school days in any full-time equivalent student membership survey shall be a fraction of a full-time equivalent member as provided in Section 236.013(2)(c)2., Florida Statutes. The four (4) survey periods, insofar as practicable, shall be scheduled to take the extended school year, staggered school year, and other variations of the regular one hundred eighty (180) day school year into consideration. School districts may submit amendments to student membership survey data for a period of nine (9) months from the due date of the membership survey being amended, or until a membership survey audit as required by Rule 6A-1.0453, F.A.C., has been completed, whichever shall take place first. Such amendments which are submitted too late to be reviewed and included in the last membership data determining the earnings of Florida education finance program funds for the given year shall be treated as prior year adjustments.

(5) For purposes of transportation, physically handicapped students under Section 236.083, Florida Statutes, shall be those students defined by Rule 6A-6.0301, F.A.C., as trainable or profoundly handicapped, hearing impaired, visually impaired or physically impaired who have been appropriately identified under the district procedures for providing special education for exceptional students.

(6) When passengers other than public school students in membership, grades K-12 and exceptional, are transported on a school bus at the same time public school students are transported to or from school, the bus route mileage required to transport students as authorized in Section 236.083(2), Florida Statutes, shall be computed as follows:
   (a) If the number of passengers other than public school students in membership, grades K-12 and exceptional, transported on a bus route exceeds five (5) percent of the manufacturer’s rated seating capacity of the bus, the loaded bus route miles for that trip shall be adjusted by the percentage of passengers that are not public school students in membership, grades K-12 and exceptional.
   (b) Bus miles traveled over a side route to load or unload passengers other than public school students in membership, grades K-12 and exceptional, and miles traveled transporting exclusively other passengers shall not be reported to or counted by the Department for the purpose of FEFP transportation funding.

(7) For students in all special programs, a student’s full-time equivalent membership shall be reported in the respective special program cost factor prescribed in Section 236.081(1)(c), Florida Statutes, when the student is eligible and is attending a class, course, or program which has met all of the criteria for the special program cost factor. In addition, when reporting program membership, each student shall be reported in the same special program category as reported in the full-time equivalent membership survey.

(8) For a student to be reported for a special program cost factor for exceptional students, all students in membership and attending an exceptional student class, course or program shall be eligible exceptional students as defined in Rule 6A-6.0301, F.A.C.

(9) ESE 135, School Funding Certification; ESE 233, FEFP Transportation Survey; ESE 693, School Funding Certification Supplemental FTE Information; ESE 909, Automated Format for FTE Membership Survey; EJE 059, School Funding Certification, Adult FTE Information; and ELS 329, School Funding Certification, Supplemental FTE Information, effective October 1994, are hereby incorporated by reference and made a part of this rule. These forms may be obtained from the Bureau of School Business Services, Division of Public Schools, The Florida Education Center, Department of Education, Tallahassee, Florida 32399.
implementation of promotion policies shall not include remedial, enrichment or recreational activities as defined below:

(3) The eligibility for FTE membership has been determined by the superintendent, or his designee; provided, however, the implementation of promotion policies shall not include remedial, enrichment or recreational activities as defined below:

(a) Remedial is special instruction intended to overcome, completely or partially, any particular deficiency of a student without regard to promotion or graduation.

(b) Enrichment is a horizontal extension of the curriculum to provide additional educational opportunities or to improve or enhance the quality of life for students with high ability or interest without regard to accelerated promotion.

(c) Recreational is leisure time activities organized for the enjoyment and appreciation by the individual.

6A-1.04511 Full-time Equivalent Student Membership in Basic Programs Beyond the One Hundred Eighty (180) Day School Year.

FTE membership in basic programs offered beyond the 180 day school year for credit or promotion shall earn FEFP funds only when the following provisions have been met:

(1) The school board has adopted a policy, pursuant to Section 230.23(6)(a), Florida Statutes, and this rule, for awarding course credit and for promoting students.

(a) Promotion is the act of changing a pupil’s placement from a lower to a higher grade, academic level, age category, number of credits, or continuous progress level based on a matrix of factors such as physical, emotional, social, and achievement.

(b) Credit is a measure of performance indicating the satisfactory completion of a predetermined task, unit of work, or course which may be applied toward promotion or graduation.

(2) The promotion of a student has been based on satisfactory completion of, or performance in activities or courses which are included in the approved course of study as required in Section 230.23(7)(a), Florida Statutes.

(3) The eligibility for FTE membership has been determined by the superintendent, or his designee; provided, however, the implementation of promotion policies shall not include remedial, enrichment or recreational activities as defined below:

(a) Enrichment is a horizontal extension of the curriculum to provide additional educational opportunities or to improve or enhance the quality of life for students with high ability or interest without regard to accelerated promotion.

(b) Remedial is special instruction intended to overcome, completely or partially, any particular deficiency of a student without regard to promotion or non-promotion.

(c) Recreational is leisure time activities organized for the enjoyment and appreciation by the individual.

4. The student must be assigned to the mainstream program on a part-time or full-time basis for a period of time not to exceed nine hundred (900) hours per school year, provided such student is furnished special services, aids, or equipment as defined as subsection (2) of this rule.

5. The physically impaired student, in accordance with the individual educational plan, must be assigned to a basic or vocational mainstream program for a period of time which is less than nine hundred (900) hours per school year, provided such student is furnished special services, aids, or equipment as defined as subsection (2) of this rule.

6. The student has been identified as eligible and given the option of attending school beyond the 180 day school year:

(a) Because of non-promotion, which results in the student being retained if the option to attend is not accepted, or

(b) In order to complete the required course of studies at a rate in excess of that which may be accomplished through the normal 180 day term, or to earn credit or credits above the eighth grade which may be applied toward high school graduation under rules of the district school board.

6A-1.04513 Maintaining Auditable FTE Records.

Each school district shall maintain documentation adequate to support the full-time equivalent student membership of the district. Such documentation shall include, but is not limited to, all student membership survey forms, all student attendance records, and all student schedule records. These records shall be maintained in auditable condition, shall be made available to the Department of Education for auditing, and shall be kept for a period of three (3) years or until the completion of audit by the Department, whichever period is longer.

6A-1.04514 Exceptional Student Membership in Mainstream Programs.

1. Eligibility. School districts are eligible to receive funds for exceptional students (excluding gifted students) who are reported in basic and vocational mainstream programs as defined in Section 236.081(1)(f), Florida Statutes, for the time these students are enrolled in the mainstream program when the conditions below are satisfied:

(a) The student must be assigned to and reported as enrolled in a special program for exceptional students as defined in Section 236.081(1)(c), Florida Statutes; and

(b) In accordance with the individual educational plan, the student must be assigned to a basic or vocational mainstream program for a period of time which is less than nine hundred (900) hours per school year, provided such student is furnished special services, aids, or equipment as defined in subsection (2) of this rule.

(c) The physically impaired student, in accordance with the individual educational plan, must be assigned to a basic or vocational mainstream program on a part-time or full-time basis for a period of time not to exceed nine hundred (900) hours per school year, provided such student is furnished special services, aids, or equipment as defined as subsection (2) of this rule.

2. Special services, aids, and equipment. Items which qualify a student for the mainstream cost factor include:

(a) Consultative services, as defined in paragraph 6A-6.0311(1)(a), F.A.C., to provide supplementary consultation from instructional or support service professionals. The purpose of consultation shall be to enable the mainstream teacher to provide course modifications consistent with Rule 6A-6.0312, F.A.C., or to employ behavior management strategies to meet the needs of the exceptional student in the mainstream classroom. Such consultation shall be regularly scheduled, based on a written plan, and occur at least monthly, and written documentation shall be maintained.

(b) Instructional aides or other support personnel assigned to assist individual exceptional students;
(c) Interpreters or notetakers;
(d) Adaptive equipment and materials, when the cost per year to the school district exceeds one-fourth of the base student allocation per student, for purchase or maintenance; and
(e) Facility adaptations and equipment modifications, when the cost per year to the school district exceeds one-fourth of the base student allocation per student, for purchase or maintenance.

(3) This rule shall be effective starting with the 1990-91 school year.

Specific Authority 229.053(1), 230.23(4)(m) FS. Law Implemented 230.23(4)(m), 236.081(1)(f) FS. History–New 9-19-90.

6A-1.0452 Distribution of Florida Education Finance Program Funds.

(1) The entitlement of current operations and transportation funds shall be distributed in amounts as nearly equal as practicable based upon distribution schedules developed by the Department. The Department may adjust the distribution of funds to the entitlement each district may reasonably expect to receive during the fiscal year.

(2) Each district shall be provided with its estimated Florida Education Finance Program prior to July 1 of each year. The estimated program shall be based on full-time equivalent student membership data, together with appropriate estimates and other relevant data affecting a district’s entitlement.

(3) The results of the first, second and third period full-time equivalent student membership surveys shall be added to the estimated fourth period full-time equivalent student membership. A final estimate of each district’s Florida Education Finance Program for current operations and transportation shall be made by April of each year and shall be used to make adjustments to the amount of funds distributed to the district for the remainder of the fiscal year.

(4) The fourth period full-time equivalent student membership survey shall be made prior to June 30, and used to adjust the fourth period estimate utilized in subsection (3) above. As a result of this survey, any difference in the amount of a district’s entitlement and the actual funds distributed shall be adjusted in the succeeding year.

Specific Authority 229.053(1) FS. Law Implemented 236.081 FS. History–New 2-18-74, Revised 6-17-74, 10-31-74, Repromulgated 12-5-74, Formerly 6A-1.452, Amended 8-30-88.

6A-1.0453 Educational Program Audits.

Periodic examinations and audits of the accounts and programs of each school district shall be conducted by the Auditor General or the Commissioner. The Commissioner may utilize Department auditing staff as well as program staff in the Division of Public Schools and the Division of Workforce Development, in accordance with the provisions of Section 229.565, Florida Statutes.

(1) Responsibility for conducting audits is hereby assigned and delegated among organizational units of the Department as follows, provided that the Commissioner shall, whenever practicable, require coordination between such units in carrying out assigned responsibilities:

(a) The Division of Public Schools shall be responsible for:

1. Examination of educational alternative and exceptional student programs to determine compliance with law and criteria established by rules of the State Board and to ensure that assigned students have been properly classified and placed.
2. Determination of the existence and comprehensiveness of the criteria based on district goals, by which the school district evaluates basic and special programs for quality, efficiency, and effectiveness.
3. Examination of the procedures for screening, identification, and assignment of instructional strategies of the Florida Primary Education Program.
4. Examination of personnel data to verify accuracy of reported data on numbers of administrators and teachers.
5. Examination of fiscal records to verify accuracy of reported costs of all basic and special programs.

(b) The Division of Workforce Development shall:

1. Examine vocational education programs/courses to:
   a. Ensure that individual programs/courses use instructional objectives which are consistent with the criteria for qualification of individual courses as outlined in the publication titled, “Vocational Education Program Courses Standards,” incorporated by reference in Rule 6A-6.0571, F.A.C.
   b. Ensure that the grade levels of students are consistent with Rule 6A-6.065, F.A.C., and the current course code directory as required in Rule 6A-1.09441, F.A.C.
   c. Ensure that each program/course is staffed by a qualified teacher as required by Rule 6A-10.035, F.A.C., in accordance with Rule 6A-1.0503, F.A.C.
   d. Determine that the capability exists in the instructional setting to accomplish the program/course objectives as evidenced by adequate facilities, equipment and supplies, and instructional materials.
2. In those instances when a program is found to be out of compliance with law and criteria established by rules of the State Board of Education, an exception report shall be issued citing the program/course deficiencies. If the program/course is brought into compliance and a correction report is issued by August 1 of the following fiscal year, an FTE adjustment will not be made. However, if the program/course is not brought into compliance and a correction report not issued by August 1, the Department will make the appropriate FTE adjustments that will include all reported surveys for the previous fiscal year as appropriate.
3. Examine adult and community education programs to determine compliance with law and criteria established by rules of the State Board.

4. Determine the existence and comprehensiveness of the criteria based on district goals, by which the school district evaluates vocational education and adult general education programs.

   (2) The Auditor General is responsible for:

   (a) Periodically examining and evaluating programs, records and procedures in each district which requests funding under the Florida Education Finance Program.

   (b) Notifying the auditee of an upcoming audit and conducting an entrance briefing to explain the purpose, scope and schedule of the audit.

   (c) Scheduling an exit briefing with the auditee at the completion of the examination to discuss the findings.

   (d) Submitting to the auditee a list of findings which may be included in the audit report. The auditee shall submit to the Auditor General, within thirty (30) days after the receipt of the list of findings, his or her written statement of explanation or rebuttal concerning all the findings, including corrective action to be taken to preclude a recurrence of all findings.

   (e) Preparing a written report incorporating the response of the auditee. The audit report shall be transmitted to the Commissioner with copies to the Deputy Commissioner for Planning, Budgeting and Management and the Deputy Commissioner for Educational Programs. The audit report shall specifically identify instances of:

   - 1. Errors in the reported full-time equivalent membership by program category; and

   - 2. Improper classification or placement of individual students assigned to educational alternative or exceptional student programs.

   (3) Upon receipt of an official audit report, the Deputy Commissioner for Planning, Budgeting and Management shall compute the amount of adjustment to the district’s allocation of state funds necessary to compensate for the errors or deficiencies noted in subsection (2). In those instances where a student has been improperly classified or placed in an exceptional student program, and in those instances where a special program fails to meet the prescribed criteria, the adjustment shall be computed on the basis of the basic program cost factor for which each student qualifies. Except for adjustments made during the fiscal year in which the discrepancies occurred adjustments shall be limited to fund allocations and no changes shall be made in full-time equivalent membership data.

   (4) The Deputy Commissioner for Planning, Budgeting and Management, within forty-five (45) days of receipt of an official audit report and completion of any computation of adjustments required therein, shall provide an official notice to the district school board which shall include:

   - (a) A detailed analysis of the audit findings and the computation of all adjustments proposed to correct discrepancies;

   - (b) A statement citing the specific law or rule upon which the finding of each discrepancy is based, and the authority under which the adjustment is to be made; and

   - (c) An opportunity for the district to request a hearing, within sixty (60) days from date of the official notice, and prior to final action being taken. The district request for a hearing shall include the specific issues and schools.

   (5) In the event a district notifies the Department of its desire for a hearing on the proposed adjustment, the Department shall respond within thirty (30) days, and then the Commissioner shall schedule an informal conference between all parties in an effort to explain and resolve any disputed findings and to arrive at an agreement between the Department and the district. The conference hearing shall be held within twelve (12) months of initial request. If, however, the parties are unable to hold an informal conference or to arrive at a satisfactory agreement within twelve (12) months of the initial request and the school district wishes to proceed with a formal hearing, the Commissioner shall request the Division of Administrative Hearings of the Department of Administration to assign a hearing officer, and the Department shall proceed with the hearing in the manner prescribed by Section 120.57, Florida Statutes.

   (6) Following completion of the hearing, the recommended order of the hearing examiner shall be transmitted to the State Board. The State Board shall, following examination of the recommended order, adopt a final agency order as prescribed by Section 120.57, Florida Statutes.

   (7) Upon receipt of the final agency order, the Deputy Commissioner for Planning, Budgeting and Management shall compute the required adjustment, if any, to the district’s allocation of state funds, make the adjustment in the aforementioned funds, and notify the district of the final action.

6A-1.0501 Definition of Instructional Staff.

The instructional staff of a school district shall consist of:

(1) Those certificated staff members who are assigned duties which require a valid Florida teaching certificate, and which involve the provision of direct instructional services to students;

(2) Those certificated staff members who are assigned duties which require a valid Florida teaching certificate, and which consist of instructional support activities to students and teachers; and
(3) Those non-certificated personnel who are employed, pursuant to Rule 6A-1.0502, F.A.C., to render instructional services in their area of specialty.

Specific Authority 228.041(9), 229.053(1) FS. Law Implemented 228.041(9) FS. History–New 7-20-73, Amended 4-19-74, Repromulgated 12-5-74, Formerly 6A-1.501.

6A-1.0502 Non-certificated Instructional Personnel.

In each school district there are persons who possess expert skill in or knowledge of a particular subject or talent but do not hold a Florida teaching certificate. These persons constitute an invaluable community resource for the education of the pupils in that district. Each school board shall adopt such policies as are necessary to ensure that the principals and teachers of that district may utilize in an appropriate instructional capacity the services of such expert persons in the community. Such persons may serve as a non-paid volunteer or as a paid member of the instructional staff to render instructional service in the individual’s field of specialty but shall not be required to hold a Florida teaching certificate. The school board policies for non-certificated instructional personnel shall include, but are not limited to, the following:

(1) Health and age. Health and age requirements shall be the same as those required for certificated instructional personnel.

(2) Employment procedures. Employment procedures shall be the same as those followed for certificated instructional personnel, except that non-certificated instructional personnel shall not be entitled to a contract as prescribed by subsection 6A-1.064(1), F.A.C.

(3) Personnel records. The personnel records of the district shall contain information considered necessary by the school board to establish the specialty of the individual, and a statement of the instructional duties assigned to and performed by such person.

(4) Salary. The official salary scheduled for instructional personnel shall include a salary schedule for full-time and part-time employed non-certificated instructional personnel.

(5) Assignment, suspension and dismissal. Procedures for the assignment, suspension, and dismissal of non-certificated instructional personnel shall be adopted and provided in writing to each such employee at the time of employment.

(6) Assessment of performance. Procedures for assessing the performance of duties and responsibilities by all non-certificated instructional personnel shall ensure that each such person adequately performs the duties assigned.

(7) Pupil welfare. Procedures for assuring that each non-certificated instructional person who at any time is expected to assume responsibility for the health, safety, and welfare of pupils possesses, in advance of assuming the responsibility, a clear understanding of state and district rules, policies, and regulations relevant to instructional responsibilities. When assigned duties require knowledge of rules, regulations, or policies of a special nature, the policies shall specify that the person occupying a specifically named position is responsible to ascertain that the person possesses, in advance of assuming the duties, the necessary knowledge to perform such duties in a proper and reasonable manner.

(8) Instructional practices and policies. Procedures for assuring that each non-certificated instructional person who at any time is expected to assume responsibility for promoting pupil learning possesses, in advance of assuming this responsibility, a clear understanding of all state and district instructional practices and policies relevant to instructional responsibilities.

(9) In lieu of the requirements herein, the school board may adopt special policies for those part-time personnel who are employed to teach no more than one hundred sixty (160) clock hours during a fiscal year.

(10) Notwithstanding the provisions of subsections (1) through (9) of this rule, the school board may employ non-certificated persons licensed by the State of Florida as occupational therapists or as physical therapists to render services to students in those areas covered by such license. The procedures for employment shall be the same as provided by law for certificated instructional personnel, and each person so employed shall be entitled to a written contract in the form prescribed pursuant to Rule 6A-1.064, F.A.C. Provided, however, that a non-certificated person employed to render services as an occupational therapist or as a physical therapist may be assigned duties of an instructional nature that are not covered within the scope of the person’s license as defined by law.

(11) Notwithstanding the provisions of subsections 6A-1.0502(1) through (9), F.A.C., of this rule, the school board may employ persons certified as audiologists or speech pathologists under Chapter 468, Part I, Florida Statutes, to render services to students in those areas covered by such certificate of registration. The procedures for employment shall be the same as provided by law for certificated instructional personnel, and each person so employed shall be entitled to a written contract in the form prescribed pursuant to Rule 6A-1.064, F.A.C. Provided, however, that a non-certificated person employed to render services as an audiologist or speech pathologist may not be assigned duties of an instructional nature that are not covered within the scope of the person’s certificate of registration as defined by law.

(12) A non-certificated person employed pursuant to this section shall be accorded the same protection of the laws as that accorded the certificated teacher.

Specific Authority 229.053(1) FS. Law Implemented 231.141, 231.15 FS. History–New 7-20-73, Amended 4-19-74, Repromulgated 12-5-74, Amended 6-9-81, 8-16-82, Formerly 6A-1.502, Amended 5-30-94.

6A-1.0503 Definition of Qualified Instructional Personnel.

A qualified instructional person is defined as an instructional staff member who meets one (1) of the following conditions:
(1) Holds a valid Florida educator’s certificate with the appropriate coverage as provided for in the Course Code Directory as adopted by reference in Rule 6A-1.09441, F.A.C., or
(2) Is a selected noncertificated person employed under the provisions of Rule 6A-1.0502, F.A.C., or
(3) Holds a valid Florida educator’s certificate with coverage other than that deemed appropriate by subsection (1) and has been approved by the school board to teach out-of-field after determination that a teacher with appropriate certification coverage is not available. All evidence of such qualifications and approval must be reflected in the individual’s official personnel record; provided, however, that such approval may be granted by the school board only under one (1) of the following conditions:
   (a) The individual is in the first year of employment in the out-of-field assignment and has not been granted, during any preceding year in the district, approval by either the school board or the Department to be employed out-of-field in an area for which specific certification is otherwise required, or
   (b) The individual has earned the following college credit or inservice training in an approved district add-on program:
      1. Out-of-field assignment other than ESOL (English to Speakers of Other Languages). A teacher out of field in a subject other than ESOL shall complete at least six (6) semester hours of college credit or the equivalent toward the appropriate certification required in subsection (1) within one (1) calendar year from date of initial appointment to the out-of-field assignment and each calendar year thereafter until all course requirements are completed for the appropriate certification;
      2. Out-of-field assignment in only ESOL. A teacher out of field in only ESOL shall complete at least three (3) semester hours of college credit or the equivalent toward the ESOL requirements within the first two (2) calendar years from date of initial assignment to a class with limited English proficient (LEP) students and three (3) semester hours or the equivalent during each calendar year thereafter until all course requirements for certification in ESOL are completed;
      3. Out-of-field assignment in ESOL and another subject. A teacher out of field in ESOL and another subject shall complete at least six (6) semester hours of college credit or the equivalent toward the appropriate certification required by subsection (1) within one (1) calendar year from date of initial appointment to the out-of-field assignment and each calendar year thereafter until all course requirements are completed for the appropriate certification. The training shall be completed in the following manner: During the first two years, at least three (3) of the required twelve (12) semester hours or the equivalent shall be completed in ESOL strategies. Beginning with the third year and each year thereafter, at least three (3) semester hours or the equivalent shall be completed in ESOL strategies and at least three (3) semester hours in the other out-of-field subject requirements. When either all ESOL or all other out-of-field subject requirements are completed, a teacher shall comply with the schedule specified in subparagraph (3)(b)1. or 2. of the rule as appropriate until all requirements are completed for both ESOL and the other out-of-field subject.

4. Waivers of college credit or inservice training in an approved district add-on program may be obtained by one of the following provisions:
   a. In lieu of college credit or the equivalent specified in subparagraph (3)(b)1., 2., or 3. of this rule, an individual shall provide a doctor’s statement certifying to medical inability to earn such credit during the prescribed time;
   b. In lieu of college credit or the equivalent specified in subparagraph (3)(b)1. of this rule, the district superintendent shall provide a statement certifying to extenuating circumstances beyond the control of the teacher to earn such credit during the prescribed time; or
   c. In lieu of college credit or the equivalent specified in subparagraph (3)(b)1. or the criteria in paragraph (3)(a) of this rule, the Commissioner of Education may grant to the district or individual school sites a waiver of the requirements for a period of one (1) year on a one-time basis. The district superintendent shall, pursuant to school board approval for such waiver, show extenuating circumstances that create a hardship for the district or teachers in meeting the specified requirements, or

(4) Is a nondegreed teacher of vocational education employed under the provisions of Section 231.1725, Florida Statutes. The requirements in Section 231.1725(1)(c)2.a. and b., Florida Statutes, must be satisfied prior to initial appointment to the position.

6A-1.052 Salary Schedules to Be Adopted for All Personnel.
Each school board shall annually adopt and spread on its minutes a salary schedule or schedules for employees of the district school system. The schedules so adopted shall be the sole instrument used in determining the annual, monthly, weekly, daily, or hourly compensation for the employees of the board. Such salary schedules shall clearly show the method of computing compensation of employees, whether paid on hourly, daily, weekly, monthly or annual rates and individual personnel records for each employee shall contain evidence of each factor used in calculating that employee’s compensation for each year. In developing such salary schedules, the superintendent and school board shall ascertain that all the provisions of law relating thereto are met. All personnel shall be paid in accordance with payroll period schedules adopted by the school board and included in the official salary schedule.

(1) Salary schedules shall make provisions for each employee classification with specified rates of compensation. When it is determined that there is a need for a classification not provided for in the official salary schedule, the schedule shall be officially amended.

(2) All regular employees of a school board employed on an hourly, daily, or monthly basis and for which payroll deductions are required shall receive all compensation, for services rendered, by school board warrants.
(3) No deductions shall be made from the salaries of the employees of a school board unless such deductions are required by law or are approved in writing by the employee to be affected. Deductions made from the salary of employees shall be promptly remitted to the agency for which such deductions were made pursuant to the requirements of such agency.

(4) No extra compensation shall be made to any employee of the board after service shall have been rendered, or the contract made as provided by Section 215.425, Florida Statutes.

(5) No salary shall be paid differing from the amount to which the employee is entitled under the salary schedule. When it is determined that an incorrect amount has been paid the differences shall be adjusted between the board and the employee to the end that each employee shall receive the amount to which he is entitled under the salary schedule.

Specific Authority 229.053(1), 236.02(4) FS. Law Implemented 236.02(4) FS. History–Amended 7-27-65, 4-11-70, 9-17-72, 2-18-74, Repromulgated 12-5-74, Formerly 6A-1.52.

6A-1.0551 Special Qualification Salary for Elected District School Superintendents.

Each elected district superintendent who completes the following described training program shall be certified eligible by the Commissioner for the annual special qualification salary authorized by Section 230.303(4), Florida Statutes.

(1) Requirements for initial special qualification certification. In order to meet initial qualification requirements, each superintendent shall meet all requirements outlined below within six (6) years after first taking office; provided, however, that all superintendent holding office on July 1, 1980 shall have until July 1, 1986 to complete such requirements.

(a) Successful completion of each of the following training institutes conducted by the Florida Academy for School Leaders:
1. “Core Concepts of Management for Florida School Superintendents” – 2 1/2 days.
2. “Florida School Law” – 2 days.
3. “Florida School Finance” – 2 days.
5. “The School Curriculum” – 2 days (required only for superintendents not holding a degree in education from an accredited institution). Successful completion of these training institutes shall be determined by satisfactory attendance at each institute required and by the satisfactory performance on a written comprehensive examination developed from the content of the courses required in paragraph (1)(a) and administered by the Department.

(b) Successful completion of at least five (5) additional training seminars or institutes of at least two (2) days duration each, approved by the Commissioner.
1. A master’s or higher level degree from an accredited institution with a major in school administration, school supervision, public administration, business administration, or management may be substituted for the five (5) items required in paragraph (1)(b).
2. College credit courses in school administration, supervision, public administration, business administration or management (not included as part of the degree in subparagraph 1. above), earned within three (3) years of initial certification may be substituted on a one-for-one basis for up to two (2) of the five (5) items required herein.

(c) Three (3) years of successful experience as an administrator in a school or school district, or three (3) years of approved comparable managerial experience in either the public or the private sector. The Commissioner must specifically approve any such service outside a school or school district.

(2) Requirements for annual renewal of special qualification certification. In order to maintain eligibility for special qualification salary, each superintendent shall annually renew certification through satisfactory completion of a program of continuing education. Such program shall be completed within twelve (12) calendar months of either initial certification or annual recertification, whichever is applicable, through one (1) of the following methods:

(a) Successful completion of a two and one-half (2 1/2) day institute entitled “Core Concepts of Management for Florida School Superintendents” conducted by the Florida Academy for School Leaders; or

(b) Successful completion of two (2) management training seminars or institutes of at least two (2) days duration each, sponsored by the Department; or

(c) Successful completion of one college course in school administration, supervision, public administration, business administration or management (not included as part of the degree or courses taken to receive the initial special qualification salary referred to in paragraph (1)(b)).

Specific Authority 229.053(1) FS. Law Implemented 230.303(4) FS. History–New 5-27-81, Formerly 6A-1.551, Amended 12-3-85.

6A-1.056 Travel and Subsistence for School Board Members, Superintendents and School Employees.

(1) The school board shall determine policies and adopt rules and regulations providing the conditions and requirements for payment of travel and subsistence expense to members of the board for travel outside the district, and for travel within and without the district by the district superintendent and employees of the district school system in accordance with general law or acts of local application.

(2) Policies determined and rules and regulations adopted by the school board relating to travel shall provide for:

(a) The greatest possible economy, the avoidance of unnecessary travel, and adequate auditing procedures.

(b) Joint travel to be required by personnel in a single vehicle whenever feasible.
(c) Limitation of such expenditures to the maximum amounts currently authorized by law to be paid employees of the state unless otherwise expressly provided by law.

(3) Policies of the school board relating to methods of reimbursement may provide for:
   (a) A flat monthly allowance for travel within the district by the superintendent and for employees whose duties require a fairly uniform amount of travel each month, or
   (b) Reimbursement on the basis of actual expenses not to exceed limitations authorized by law, or
   (c) Per diem and mileage at rates authorized by law for employees of the state.

Specific Authority 229.053(1), 230.22(5) FS. Law Implemented 112.061(2)(a), 229.053(1)(a), 230.22(5), 230.201 FS. History—Repromulgated 12-5-74, Formerly 6A-1.56.

6A-1.057 Petty Cash Funds.

(1) Petty cash funds may be authorized by the school board pursuant to adopted policy for the purpose of making small expenditures for operation of schools. Each fund must be authorized by the school board as to the amount and the specific person responsible for the fund. The amount of a petty cash fund shall be commensurate with the volume and the purpose of transactions, but in no case shall exceed one thousand (1,000) dollars.

(2) Petty cash funds shall be accounted for separately from all other funds maintained at the individual school center or other locations authorized by the school board.

(3) The school board may reimburse each authorized petty cash fund as often as necessary upon the presentation of receipts equal to the amount of the requested reimbursement. At no time shall these funds be used as a loan or advancement to any organization or person including cashing of personal checks.

(4) Each petty cash fund must be replenished prior to the closing of records for the fiscal year in order that all expenditures shall be recorded for that year; provided, however, that where school centers are completely closed for the eleventh or twelfth month, each petty cash fund may be deposited into the school’s internal funds bank account if authorized by the district school board in a rule or returned to the school board on or before the close of the school year and may be reestablished at the beginning of the subsequent school year upon authorization of the school board.

Specific Authority 229.053(1), 237.02(1)(c) FS. Law Implemented 237.02 FS. History—New 4-11-70, Amended 9-17-72, 12-18-72, Repromulgated 12-5-74, Formerly 6A-1.57, Amended 4-18-89, 8-15-94.

6A-1.064 Forms for Contracts for Instructional and Professional Administrative Personnel, and Other Personnel.

(1) Forms of contract for annual contracts and for professional service contracts entered into by school boards and instructional and professional administrative personnel as provided by law shall be prescribed by the State Board of Education. Contents of contract forms shall comply with all pertinent provisions of law and State Board Rules. No contract form shall indicate, or be altered to show, any uncertainty with reference to the amount of salary for the contract period of service, or the duration of the period of service, except as the rank, contract status, and qualifications of the teacher may change, or pursuant to a duly adopted collective bargaining agreement, or where membership in a school or program is so unstable that it might be necessary to discontinue classes because of lack of pupils, in which latter case the contract may be stated to be effective at the option of the board conditional on a minimum number of pupils. Any clause inserted in a contract form purporting to provide that the contract salary will be paid only if funds are available shall be null and void.

(2) Contracts with personnel other than instructional personnel identified in subsection 6A-1.064(1), F.A.C., shall be made as prescribed by rules of the school board.

Specific Authority 120.53(1)(e), 229.053(1), (2)(l), 231.36(1), (3)(a) FS. Law Implemented 120.53(1)(a), 230.23(5)(d), 231.36, 236.02(4) FS. History—Repromulgated 12-5-74, Amended 9-9-84, Formerly 6A-1.64. Cf. 1. Annual Contract of Employment for Instructional Personnel of the Public Schools. 2. Professional Service Contract of Employment for Instructional Personnel of the Public Schools.

6A-1.0691 Procedures for Appealing a District School Board Decision.

The procedures for filing and reviewing all appeals under the provisions of Section 231.36(4) and (6), Florida Statutes, shall be as follows:

(1) Within thirty (30) days after the date of a decision of a district school board which is adverse to an employee who is under continuing contract, said employee may file a written notice of appeal as provided in Section 231.36(4) and (6), Florida Statutes, with the Commissioner (see Rule 6A-16.016, F.A.C.). A copy of the notice of appeal shall be sent to the school board by the employee.

(a) The notice of appeal must give the name of the school board, a statement that the employee was serving under a continuing contract, the date of the school board’s decision, the name and address of the employee, and the name and address of the employee’s attorney or qualified representative, if any.

(b) If the notice of appeal does not show that the employee was serving under a continuing contract, or if the notice was not timely filed, the Agency Clerk shall notify the employee that the Department does not have jurisdiction, state the reason for an absence of jurisdiction, and notify the employee that, unless the employee presents documentation to the Agency Clerk within
twenty (20) days which shows that the Department has jurisdiction, an order dismissing the appeal will be entered. If such documentation is not received by the Agency Clerk within the stated time, the Commissioner shall present the appeal to the State Board for dismissal and give notice to the parties.

(2) Upon receipt of a timely filed notice of appeal, by an employee under a continuing contract, the Commissioner shall appoint an appeal officer, who is an attorney duly qualified by training and experience from a list of appeal officers previously approved by the State Board. A copy of the letter of appointment shall be sent to the appellant and the school board. The appeal officer shall notify the parties of a schedule for filing such papers with the appeal officer as may be necessary and appropriate to determine whether the record reflects that the decision of the school board to discontinue the continuing contract status or dismiss the appellant was supported by substantial competent evidence.

(3) A request for oral argument may be made by any party at any time prior to the last date for filing papers with the appeal officer. Oral argument shall be granted on timely request and shall be heard in offices of the Commissioner or other appropriate location.

(4) Upon receiving all papers and hearing argument, if requested, the appeal officer shall report and make recommendations to the State Board through the Commissioner. The appeal officer shall file the report, which shall include all papers filed with the appeal officer, and recommendation with the Agency Clerk. Not less than ten (10) days preceding the date the case is to be considered by the State Board, any party may file a proposed order with the Agency Clerk. The State Board shall affirm, overrule or enter such order as may be equitable based on the record and the appeal officer’s recommendation. Following the State Board’s decision, the administrative remedies of the parties shall be deemed to have been exhausted and no request for rehearing, or reconsideration, shall be filed with or accepted by the Agency Clerk.

Specific Authority 229.053(1) FS. Law Implemented 20.05(1)(b), 120.53(1)(c), 229.053(1), 231.36(4), (6) FS. History-New 6-16-72, Repromulgated 12-5-74, Amended 6-17-81, Formerly 6A-1.691.

6A-1.0692 Fidelity Bonds Required for School Officials.

Each and every official or other person who is responsible in any manner for handling or expending school funds or property shall be adequately bonded at all times. The officials who are to be bonded and the provisions for bonding such officials shall be as follows:

(1) Superintendent. Before assuming office, being commissioned, or assuming responsibility for any school funds, property or records, the superintendent shall execute with a surety company authorized to do business in Florida a bond conditioned upon the faithful performance of the duties of his/her office, including accounting for and turning over to the proper authority all school funds or properties over which he/she has supervision. The amount of the bond shall be determined in the same manner as the total bond for the chairman of the school board is determined as prescribed in subsection (2) below, except the bond of the superintendent in each district shall be one thousand (1,000) dollars in excess of the bond of the chairman of the school board.

(2) Members, chairman and vice-chairman of the school board. Each and every member of the school boards of the several districts in the state, elected or appointed to such office, before he/she is commissioned or assumes office, shall be required to execute a sufficient bond with a surety company authorized to do business in Florida, the bond to be conditioned upon the faithful performance of the duties of his/her office, including the proper safeguarding of all funds for which the school board has supervision. The bond shall be in the amount of two thousand (2,000) dollars for each member of the school board. The chairman and vice-chairman of the board shall be required to give bond in the additional amount of two thousand (2,000) dollars in districts in which the annual revenue receipts for school purposes during the year preceding his/her election as chairman and vice-chairman were more than one hundred thousand (100,000) dollars and were less than two hundred thousand (200,000) dollars, and the bond for the chairman and vice-chairman shall be increased an additional two thousand (2,000) dollars for each additional one hundred thousand (100,000) dollars or fraction thereof of receipts in the district; provided, that the maximum additional amount for which bond shall be required of the chairman and vice-chairman of the school board of any district shall be twelve thousand (12,000) dollars.

(3) School employees. It shall be the responsibility of the school board to provide for the bonding of any school employee who is responsible for school moneys or property. The amount of the bond (individual, schedule or blanket) shall be prescribed by the school board of the district in which the person is employed. The bond may be with a surety company authorized to do business in Florida, or with two (2) good and sufficient sureties.

Specific Authority 229.053(1), 237.191 FS. Law Implemented 237.191 FS. History–New 9-12-72, Repromulgated 12-5-74, Formerly 6A-1.692.

6A-1.070 Teacher Aides and Volunteers.

The following standards and procedures shall apply to teacher aides and volunteers as defined in Section 228.041(23), (24), Florida Statutes.

(1) Requirements.

(a) Health. Each teacher aide shall meet the health requirements established for certificated personnel. A district may require a volunteer to meet these requirements.
(b) Age. Any teacher aide or volunteer who is assigned the responsibility for supervising the safety and welfare of pupils, such as during the loading and unloading of buses or during lunch periods, shall meet the same age requirements as those established for certificated personnel.

(c) Knowledge of procedures and regulations. The school board shall adopt a procedure for assuring that each teacher aide or volunteer who at any time is expected to assume responsibility for the health, safety and welfare of pupils possesses a clear understanding of state and district rules, policies and regulations relevant to teacher aide or volunteer responsibilities. When a teacher aide or volunteer is assigned duties requiring knowledge of rules, regulations or policies of a special nature, it is the responsibility of the instructional staff member whom he or she is assisting to ascertain in advance that the teacher aide or volunteer possesses the necessary knowledge to perform such duties in a proper and reasonable manner.

(d) Knowledge of instructional practices and policies. The school board shall adopt a procedure for assuring that each teacher aide or volunteer who at any time is expected to assume responsibility for assisting a teacher in promoting pupil learning possesses a clear understanding of all state and district instructional practices and policies relevant to teacher aide or volunteer responsibilities. When a teacher aide or volunteer is assigned duties requiring knowledge of instructional practices and policies of a specialized nature, it is the responsibility of the instructional staff member whom he or she is assisting to ascertain in advance that the teacher aide or volunteer possesses the necessary knowledge.

(e) Supervised practice. Each time a teacher aide or volunteer is assigned to assist a staff member whom he or she has not assisted before and each time he or she is assigned a type of duty which he or she has not satisfactorily performed in earlier assignments, he or she shall complete a period of supervised practice. During the period of supervised practice, the professional staff member whom he or she is assisting shall be available continuously to provide immediate assistance to the aide or volunteer at any time he or she is working directly with pupils. The length of the supervised practice may vary depending upon the capability and prior experience of the teacher aide or volunteer. The personnel record for each teacher aide shall show the length, nature, and inclusive dates of each supervised practice assignment. The personnel record shall also include the signature of the professional staff member supervising the practice certifying its satisfactory completion. Personnel records are not required for volunteers; however, accurate records of hours of service, duties and training shall be maintained.

(f) Knowledge and understandings expected of instructional staff. The school board shall adopt procedures to assure that each instructional staff member who is assisted by a teacher aide or volunteer possesses a clear understanding of all rules, policies, and regulations which the teacher aide or volunteer is expected to understand.

(g) Knowledge of immediate objectives. When a teacher aide or volunteer is assigned to work directly with pupils, the instructional staff member whom he or she is assisting must ascertain that the teacher aide or volunteer can state clearly the type of performance or behavior which the pupils are expected to demonstrate during the time when the teacher aide or volunteer is working with pupils.

(h) Maintaining professional responsibility. On request of the principal or other authorized persons, an instructional staff member who is being assisted by a teacher aide shall describe in writing the knowledge and skills which the aide is expected to possess for any assigned responsibility. Such description shall also include procedures through which the person making the request can determine whether the aide actually possesses the requisite knowledge or skills.

(2) Restrictions limiting the duties which teacher aides or volunteers may perform. Teacher aides or volunteers shall not perform any of the following:

(a) Establish instructional objectives.
(b) Make decisions regarding the relevancy of certain activities or procedures to the attainment of instructional objectives.
(c) Make decisions regarding the appropriateness of certain teaching materials for accomplishing instructional objectives.
(d) Make judgments regarding the attainment of instructional objectives unless these judgments are based upon clear and objective criteria (such as specific achievement standards on a true-false test).

(3) Responsibility for the appropriate use of teacher aides or volunteers. It is the responsibility of the head of a school and of each instructional staff member in that school who is assisted by a teacher aide or volunteer to see that those duties assigned to each teacher aide or volunteer are consistent with Florida Statutes, rules of the State Board, and policies of the district school board.

Specific Authority 229.053(1), 231.15 FS. Law Implemented 228.041(23), (24), 231.141, 231.15 FS. History–New 4-11-70, Repromulgated 12-5-74, Amended 4-27-82, Formerly 6A-1.70.

6A-1.079 Leave to Be Used for the Purposes Set Forth in Application.

Leave granted on the request of an employee shall be for particular purposes or causes which shall be set forth in a written application for leave. The school board shall have the right to determine that the leave is used for the purposes or causes set forth in the application, and if not so used, the board shall have the authority to cancel the leave.

Specific Authority 229.053(1) FS. Law Implemented 231.39, 231.40, 231.41, 231.44, 231.45 FS. History–Repromulgated 12-5-74, Formerly 6A-1.79.
6A-1.080 Maximum Extent of Leave.
No leave, except military leave, shall be granted at one time for a period greater than one year, but the school board may adopt policies whereby a new application for leave may be filed at the expiration of leave and new leave granted at the discretion of the board. Such policies shall be based on the requirements of efficient operation of the district school system as well as on consideration of what is fair to the employee. Automatic renewals of leave shall not be allowed.

Specific Authority 229.053(1) FS. Law Implemented 231.39, 231.40, 231.41, 231.44, 231.45 FS. History–Repromulgated 12-5-74, Formerly 6A-1.80.

6A-1.081 Professional Leave and Extended Professional Leave; Definition.
Professional leave is defined as leave granted to a member of the instructional or administrative staff to engage in activities which will result in his professional benefit or advancement, including earning of college credits and degrees, or that will contribute to the profession of teaching. Extended professional leave is such leave extending for more than thirty consecutive days. Professional leave or extended professional leave ordinarily will be initiated by the employee and will be primarily for his benefit, or that of the teaching profession, and only incidentally for the benefit of the school board. Compensation during professional leave, or extended professional leave, may be allowed as provided by law, state board regulations, and policies of the school board. School boards may grant any member of the instructional or administrative staff three consecutive weeks professional leave during any fiscal year with compensation when school is not in session; such leave shall be cumulative for not more than two years.

Specific Authority 229.053(1), 236.02(3) FS. Law Implemented 231.39, 236.02(3) FS. History–Repromulgated 12-5-74, Formerly 6A-1.81.

6A-1.082 Vacation Leave for Personnel Employed on Twelve Months Contract.
School boards may allow vacation leave, exclusive of school holidays, for members of the instructional staff, who are employed on a twelve months contract. The Christmas vacation period, other than legal holidays running consecutively with vacation period, shall constitute a part of the aforesaid allowable vacation period, unless the employee is actually on duty. Vacation time for an individual employee shall be so scheduled that there will be minimum disruption of the operation of the school system.

Specific Authority 229.053(1) FS. Law Implemented 231.39, 236.02(4) FS. History–Amended 6-9-68, 1-17-72, 9-5-74, Repromulgated 12-5-74, Formerly 6A-1.82, Amended 2-16-94.

6A-1.084 Assignment of Employees for Temporary Duty.
A school board shall have authority to adopt policies whereby, when mutually agreed upon, employees may be assigned to be temporarily absent from their regular duties and places of employment for the purpose of performing other educational services, including participation in school surveys, professional meetings, study courses, workshops, etc. Such assignment to temporary duty will ordinarily be initiated by the district school administration. Employees will receive their regular pay, and may be allowed expenses as provided by law and regulations of the state and district boards. Such temporary duty shall be considered equal to the regular duties of the individual, and employees performing such assigned temporary duties shall not be considered to be on leave. Employees may not be assigned for temporary duty for the purpose of earning college credits, improving rank, or renewing certificates except when participating in a staff development program approved by the school board.

Specific Authority 229.053(1) FS. Law Implemented 231.39 FS. History–Amended 8-9-68, Repromulgated 12-5-74, Formerly 6A-1.84.

6A-1.085 Basic Principles of Internal Fund Accounting.
(1) Monies collected and expended within a school shall be used for financing the normal program of school activities not otherwise financed, for providing necessary and proper services and materials for school activities and for other purposes consistent with the school program as established and approved by the school board. Such funds are the responsibility of the school board and it shall be the duty of the school board to see that they are properly accounted for through use of generally recognized accounting procedures and effectively administered through adherence to internal funds policies of the school board, applicable Florida Statutes and provisions of “Financial and Program Cost Accounting and Reporting for Florida Schools” as incorporated by reference in Rule 6A-1.001, F.A.C. Funds collected in connection with summer program activities, funds derived from school athletic events, gifts, and contributions made by band or athletic booster clubs, civic organizations, parent-teacher organizations, and commercial agencies, and all other similar monies, properties, or benefits may be included in internal funds of the school based upon policies adopted by school districts or as provided in “Financial and Program Cost Accounting and Reporting for Florida Schools.”

(2) When a demand deposit balance in the fund exceeds the FDIC insurance protection, additional collateral shall be provided as required by Florida Statutes.

(3) Internal funds which are temporarily idle shall, as required by law, be invested pursuant to policies of the school board using any medium of investment legal for public funds, and may not exceed insurance protection or other legal collateral limits provided for such public funds.

Specific Authority 229.053(1) FS. Law Implemented 236.02(1), 237.02(4) FS. History–Amended 9-17-72, Repromulgated 12-5-74, Revised 6-10-75, Formerly 6A-1.85, Amended 6-20-89.
6A-1.087 School Board Responsible for Internal Funds.
The school board shall be responsible for the administration and control of the internal funds of the district school system, and in connection therewith shall:

(1) Adopt written policies governing the receipt and disbursement of all internal funds and for the accounting for property pursuant to Chapters 230, 235, and 274, Florida Statutes.

(2) Provide for an annual audit of internal funds by a person certified by the state board of accountancy as a certified public accountant or a public accountant, or qualified internal auditing staff employed by the board. The auditor shall submit a signed, written report to the school board covering internal funds which shall include any notations of any failure to comply with requirements of Florida Statutes, state board of education regulations and policies of the school board, and commentary as to financial management and irregularities. Such audit shall be presented to the school board while in session and filed as a part of the public record.

Specific Authority 229.053(1), 237.02(4) FS. Law Implemented 237.02(4) FS. History–Amended 4-11-70, 9-17-72, 10-31-74, Repromulgated 12-5-74, Amended 3-24-75, Formerly 6A-1.87.

6A-1.091 Purchases from Internal Funds.
Pursuant to Sections 237.02(1), (2) and (4), Florida Statutes, and regulations of the state board of education the requirements pertaining to purchases and securing bids on purchases made from public tax funds by the school board shall be observed when purchases are made from internal funds, except that approval by school board of internal accounts vouchers for payment is not required unless otherwise specifically provided for by school board regulation. The School board may by regulation place more strict requirements pertaining to purchases from internal funds than is required by the general or any special law relating to purchases from tax funds. The board may delegate by regulation to such individuals as it may deem appropriate the making of such purchases from internal funds and the securing of quotations and awarding of contracts. Insofar as possible, purchases of the same or a similar nature to be used in more than one school should be combined and purchased only after approval by the school board. Purchases made from funds handled in trust for individuals such as purchases of class jewelry, school annuals, cards and invitations, insignia, caps and gowns, etc., shall be exempt from the foregoing requirements relative to purchases; however, all such funds shall be deposited in the internal funds and shall be subject to the regular individual school audit.

Specific Authority 229.053(1), 237.02(4) FS. Law Implemented 237.02(4) FS. History–Amended 2-20-64, 6-20-64, 5-24-67, 8-9-68, Repromulgated 12-5-74, Formerly 6A-1.91.

6A-1.093 Florida Academic Scholars Certificate.
The Florida Academic Scholars Certificate shall be awarded by the Commissioner to any graduate from a Florida public or nonpublic high school who meets the requirements of Section 232.2465, Florida Statutes, and the requirements specified herein. A student receiving a Florida Academic Scholars Certificate or International Baccalaureate Diploma is eligible to apply for participation in the Florida Undergraduate Scholars Fund established by Section 240.402, Florida Statutes. The non-International Baccalaureate graduate shall complete a minimum of twenty-four (24) academic credits in high school. Course titles and numbers identified in the previous versions of this rule may be used to determine a student’s eligibility for the Florida Academic Scholars Certificate.

(1) The specific subject and course requirements are identified annually in the Course Code Directory and Instructional Personnel Assignments, as incorporated by reference in Rule 6A-1.09441, F.A.C. A student may substitute the International Baccalaureate Diploma curriculum for specific course requirements.

(2) Each required credit shall be based on classroom or individual instruction with no final course grade below a “C” in a course for which credit is granted.

(3) The public high school principal or head administrator of the nonpublic high school shall have the responsibility for determining the equivalency of transfer credit in accordance with subsection 6A-1.095(1), F.A.C.

(4) A course successfully completed in a university or community college accredited by a member of the Council on Postsecondary Accreditation may be substituted for any of the courses identified in subsection (1) of this rule when a determination has been made by the public school principal or head administrator of the nonpublic school that the course content and requirements substantially equal or exceed the course for which it is being substituted and credit for the course is granted by the high school.

(5) The non-International Baccalaureate graduate shall have obtained at least the equivalent of a 3.0 grade point average on an unweighted 4.0 scale for all courses taken for which high school credit may be granted.

(6) The non-International Baccalaureate graduate shall have scored 1100 or more on the combined verbal and quantitative parts on multiple administrations of the Scholastic Aptitude Test of the College Entrance Examination Board if taken before April 1, 1995, or score 1180 or more on the combined verbal and quantitative parts of Scholastic Assessment Test of the College Entrance Examination Board if taken on or after April 1, 1995, or a composite score of 26 or higher on the Enhanced ACT.
(7) The district superintendent of schools for public schools or the head administrator of the nonpublic school shall be responsible for submitting evidence, not later than thirty (30) days after the student completes the requirements for graduation, of the graduate’s achievement of the Florida academic scholars criteria which shall be based on an official transcript. Evidence shall be submitted to the Deputy Commissioner for Educational Programs, Department of Education, The Florida Education Center, Tallahassee, Florida 32399.

(8) Any student earning an International Baccalaureate diploma is eligible to receive a Florida Academic Scholars Certificate.

Specific Authority 229.053(1), 232.2465(6) FS. Law Implemented 229.814, 232.246, 232.2465, 233.011, 240.402 FS. History–New 4-5-83, Amended 2-13-84, 5-14-85, Formerly 6A-1.93, Amended 7-3-86, 8-15-87, 4-18-89, 4-3-90, 6-10-92, 3-20-96.

6A-1.09401 Student Performance Standards.

(1) Standards to benchmark student achievement serve as guides to best practices for local curriculum designers to help schools implement school improvement strategies to raise student achievement. The benchmarked standards in paragraphs (1)(a)-(g) of this rule describe what students should know and be able to do at four progression levels (grades Prek-2, 3-5, 6-8, 9-12) in the subjects of the arts, health/physical education, foreign languages, language arts, mathematics, science, and social studies. Sunshine State Standards for Special Diploma as incorporated by reference in paragraph (1)(a) of this rule describe what certain students with a disability should be able to do at three (3) proficiency levels (independent, supported, and participatory). Public schools shall provide appropriate instruction to assist students in the achievement of these standards. These standards and benchmarks are contained in the following publications and are hereby incorporated by reference and made a part of this rule.

(a) Sunshine State Standards – Language Arts, 1996,
(b) Sunshine State Standards – Mathematics, 1996,
(c) Sunshine State Standards – Science, 1996,
(d) Sunshine State Standards – Social Studies, 1996,
(e) Sunshine State Standards – Foreign Languages, 1996,
(f) Sunshine State Standards – The Arts, 1996, and
(g) Sunshine State Standards – Health/Physical Education, 1996, and
(h) Sunshine State Standards for Special Diploma, 1999. Copies of these publications may be obtained from the Division of Public Schools and Community Services, Department of Education, 325 W. Gaines St., Tallahassee, Florida 32399-0400.

(2) Each district school board shall incorporate the Sunshine State Standards contained herein into the district Pupil Progression Plan.

(3) The Sunshine State Standards shall serve as the basis for statewide assessments.

6A-1.0941 Minimum Student Performance Standards.

State adopted minimum student performance standards approved by the State Board of Education are contained in the publications listed below which are hereby incorporated by this rule and made a part of the rules of the State Board of Education. Copies of these publications may be obtained from the Educational Products Distribution Section, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399 at a price to be established by the Commissioner but which shall not exceed actual cost.

(1) Minimum Student Performance Standards for Florida schools 1994-95 through 2002-2003, for beginning grades 3, 5, 8, and 11 – reading, writing, and mathematics and for functional communication and mathematics skills for grade 11.

Specific Authority 229.565(1), 232.245 FS. Law Implemented 229.053(2)(a), 229.565(1), 229.573(a), (c), 232.246(6)(a), (b) FS. History–New 4-28-77, Amended 5-24-79, 7-16-79, 4-10-80, 3-4-84, 5-24-84, 11-27-85, Formerly 6A-1.941, Amended 5-16-89, 5-16-90, 6-14-94, 9-28-99.

6A-1.09412 Course Requirements - Grades 6-12 Basic and Adult Secondary Programs.

A course description directs district personnel by providing the essential content and course requirements for each course in grades 6-12 contained in the “Course Code Directory and Instructional Personnel Assignments” adopted by Rule 6A-1.09441, F.A.C. Course requirements approved by the State Board of Education are contained in the publication “2002-2003 Florida Course Descriptions for Grades 6-12/Adult, Basic Education” which is hereby incorporated by reference and made a part of this rule. District school boards of education are authorized, through local rules, to approve a variance of up to ten (10) percent of the course requirements of each course description. Copies of approved course descriptions may be obtained from the Division of Public Schools and Community Education, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

6A-1.09414 Course Descriptions for Grades 6-12, Exceptional Student Education.
A course description is a broad guideline which directs district personnel by providing specific instructional plans for a given subject area or area of study and which is consistent with the “Course Code Directory and Instructional Personnel Assignments” adopted in Rule 6A-1.09441, F.A.C. The document, “Florida Course Descriptions for Grades 6-12, Exceptional Student Education, 1999” is hereby incorporated by reference and made a part of the rules of the State Board. Copies of these documents may be obtained from the Educational Products Distribution Section, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399, at a cost to be established by the Commissioner not to exceed actual cost.

1. District school board variance authority. District school boards of education are authorized, through local rules, to approve a variance of up to ten (10) percent of the course requirements of each course description.

2. Commissioner of Education waiver authority. The Commissioner of Education may approve a school’s waiver request submitted by a district school board, to allow the school to substitute locally approved course requirements provided that locally approved requirements specified for the state approved course adequately address the major concepts/content and Sunshine State Standards for special diploma contained in the course description, and the waiver request fulfills the provisions of and as submitted in accordance with procedures specified in Section 229.592, Florida Statutes.

A curriculum framework is a set of broad guidelines which aids educational personnel in producing specific instructional plans for a given subject area or area of study and which is consistent with the “Course Code Directory and Instructional Personnel Assignments” adopted by reference in Rule 6A-1.09441, F.A.C. Curriculum frameworks for the lifelong learning noncredit courses approved by the State Board are contained in the publication, “Curriculum Frameworks for Lifelong Learning Noncredit Courses, Adults – High School and Non-High School Graduates,” which is hereby incorporated by reference to become effective December, 1988. Copies of this publication may be obtained from the Bureau of Adult and Community Education, Department of Education, Tallahassee, Florida 32399, at a cost to be established by the Commissioner not to exceed actual cost.

6A-1.0942 State Student Assessment Test Requirements for Graduation from High School.
Mastery of minimum performance standards in reading, writing, and mathematics for the eleventh grade, and demonstrated ability to successfully apply basic skills to everyday life situations, as required by Section 232.246(1)(b), Florida Statutes, shall be determined in the manner prescribed below:

1. Mastery of minimum performance standards.
   a. Minimum performance standards in reading, writing, and mathematics for the eleventh grade are prescribed in Rule 6A-1.0941, F.A.C. For each standard, one (1) or more performance skills are prescribed. The ability of a student to perform a specific skill is measured by two (2) or more test questions. A test to be designated the State Student Assessment Test – Part I, comprising two (2) or more questions determined to be appropriate to measure each of the skills selected to be measured shall be developed under the direction and supervision of the Deputy Commissioner for Educational Programs, and shall be:
      1. Kept secured at all times,
      2. Provided to all school districts in the quantity needed for the students in the district,
      3. Administered in accordance with standard written instructions appropriate for the examination, and
      4. Revised and updated as needed.
   b. A secondary student shall be deemed to have satisfactorily mastered a minimum performance standard on Part I of the State Student Assessment Test when, previous or subsequent to the effective date of this rule, he or she on any administration of that test, correctly answers the number of questions prescribed in subparagraph 1. below:
      1. Mastery of each standard shall be determined by correctly answering the number of questions which measure that standard prescribed herein.
2. Mastery of each skill shall be determined by correctly answering the number of questions prescribed herein.

In order to meet the minimum requirements for a high school diploma each student must demonstrate mastery of each of the eleventh grade minimum performance standards on which he or she is tested.

If a secondary student fails to master one (1) or more of the minimum performance standards on which he or she is tested, the district school board shall:

1. Provide special instructional assistance for each such student in a manner deemed most appropriate by policies of the district school board. Such special assistance may take the form of:
   a. Informal consultation between student and teacher,
   b. Tutoring of one student by another student,
   c. Structured or non-structured independent study,
   d. Special classroom study of short duration (1 to 5 days),
   e. Special classroom study of longer duration, or
   f. Such other appropriate form as determined by the district school board.

OR

2. Provide an opportunity for the student to demonstrate mastery of the standard by taking a comparable examination on similar material or by other means.

3. When the school, through the district prescribed criteria, has determined that each such student has successfully mastered the identified area or areas of deficiency, the student shall be deemed to have mastered such standard or standards and a notation of the mastery shall be recorded in the student’s cumulative record. If the student has previously been awarded a certificate of completion in lieu of a regular high school diploma by virtue of failure to pass the State Student Assessment Test – Part I, such student shall be awarded a regular high school diploma. Appropriate instructional assistance and adequate opportunity to be re-tested so as to demonstrate mastery of standards shall remain available to each student until such time as the student successfully demonstrates mastery of each standard.

The State Student Assessment Test – Part I shall not be administered to adults who have legally left the secondary school system. However, prior to awarding an adult a high school diploma the school district shall determine on the basis of appropriate school or district criteria that the adult has mastered each of the eleventh grade minimum performance standards prescribed in Rule 6A-1.0941, F.A.C.

(2) State Student Assessment Test – Part II.

(a) The student examination required by paragraph 232.246(1)(b), Florida Statutes, shall be developed and administered under the supervision of the Deputy Commissioner for Educational Programs. The examination shall be developed in consultation with teachers and other appropriate professionals and shall be approved by the Commissioner prior to being administered to students. The test shall be:

1. Designed to measure the student’s ability to successfully apply basic skills to everyday life situations.

2. Composed of two (2) standards, one (1) comprising functional communications skills and one (1) comprising functional mathematics skills.

3. For the period through the 1984-85 academic year based on the following skills:
   a. Communications.
      The student will, in a real world situation, determine the main idea inferred from a selection.
      The student will, in a real world situation, find who, what, where, which, and how information in a selection.
      The student will, in a real world situation, determine the inferred cause and effect of an action.
      The student will, in a real world situation, distinguish between facts and opinions.
      The student will, in a real world situation, identify an unstated opinion.
      The student will, in a real world situation, identify the appropriate source to obtain information on a topic.
      The student will, in a real world situation, use an index to identify the location of information requiring the use of cross-references.
      The student will use highway and city maps.
      The student will include the necessary information when writing letters to supply or request information.
      The student will complete a check and its stub accurately.
      The student will accurately complete forms used to apply for a driver’s license, employment, entrance to a school or training program, insurance, and credit.
   b. Mathematics.
      The student will determine the elapsed time between two (2) events stated in seconds, minutes, hours, days, weeks, months, or years.
      The student will determine equivalent amounts of up to one hundred (100) dollars using coins and paper currency.
      The student will determine the solution to real world problems involving one (1) or two (2) distinct whole number operations.
      The student will determine the solution to real world problems involving decimal fractions or percents and one (1) or two (2) distinct operations.
      The student will determine the solution to real world problems involving comparison shopping.
      The student will determine the solution to real world problems involving rate of interest and the estimation of the amount of simple interest.
      The student will determine the solution to real world problems involving purchases and a rate of sales tax.
      The student will determine the solution to real world problems involving purchases and a rate of discount given in fraction or percent form.
      The student will solve a problem related to length, width, or height using metric or customary units up to kilometers and miles, conversion within the system.
      The student will solve a problem involving the area of a rectangular region using metric or customary units.
      The student will solve a problem involving capacity using units given in a table (milliliters, liters, teaspoons, cups, pints, quarts, gallons), conversion within the system.
      The student will solve a problem involving weight using units given in a table (milligrams, grams, kilograms, metric tons, ounces, pounds, tons), conversion within the system.
      The student will read and determine relationships described by line graphs, circle graphs, and tables.

5. Revised and updated at least annually.
   (b) The State Student Assessment Test – Part II shall be administered in cooperation with district school boards, at least four (4) times during each school year.
   1. The test shall be scheduled at least once a year for secondary students who are classified as high school sophomores and at least twice each year for secondary students who are classified as high school juniors or seniors. The division of public schools and the district school boards shall cooperate to the extent practicable in using other scheduled administrations to accommodate migrant students, transfer students, and others who are unable to be tested on the designated dates.
   2. An adult who has earned sufficient credits to be classified as a high school sophomore, junior or senior may take the examination initially at any scheduled administration. If the adult is currently enrolled in an appropriate adult education program, he or she may retake the examination at any subsequent administration. If the adult is not currently enrolled in an appropriate educational program, he or she may not retake the examination until at least the second administration next following the most recent examination taken.
   (c) In order to qualify for a high school diploma, each secondary or adult student must successfully complete both the communications standard and the mathematics standard as prescribed herein. For the tests administered in October, 1977 through and including October, 1982, a student shall be deemed to have demonstrated ability to successfully apply basic skills to everyday life situations as measured by the State Student Assessment Test – Part II when he or she on any administration of the test, correctly answers the number of questions prescribed in subparagraph 1. below:
   1. Mastery of each standard shall be determined by correctly answering the number of questions which measure that standard prescribed herein.
2. The April and October 1983 test scores shall be reported in terms of an equated score scale. The passing scaled score shall be 700 and shall be equivalent to the passing score of the October, 1978 test as determined by subparagraph 6A-1.0942(2)(c)1., F.A.C.

3. Beginning in March, 1984, students who expect to graduate from high school prior to August, 1985, shall be tested on the skills shown in subparagraph 6A-1.0942(2)(a)3., F.A.C., and the passing score shall be determined by the procedures shown in subparagraph 6A-1.0942(2)(c)2., F.A.C. Students who are expected to graduate from high school during the 1985-86 school year or thereafter shall be tested on the skills described in subparagraph 6A-1.0942(2)(a)4., F.A.C. The test scores shall be reported in terms of a score scale equated to the scale of the tests administered in October, 1978. The passing score for each of the two SSAT-II standards shall be 700. For the mathematics standard, the score of 700 shall be set equivalent to a raw score of 47 out of 75 test questions on the March, 1984, test measuring the skills described in subparagraph 6A-1.0942(2)(a)4., F.A.C. For the communications skills standard, the score of 700 shall be set equivalent to a raw score of 56 out of 75 test questions on the March, 1984, test measuring the skills described in subparagraph 6A-1.0942(2)(a)4., F.A.C.

4. Adult high school students taking the SSAT-II prior to July, 1985, shall take the test measuring the skills described in subparagraph 6A-1.0942(2)(a)3., F.A.C., scored in accordance with subparagraph 6A-1.0942(2)(c)2., F.A.C. Adult high school students taking the SSAT-II in July, 1985, or thereafter shall take the test measuring the skills described in subparagraph 6A-1.0942(2)(a)4., F.A.C., scored in accordance with subparagraph 6A-1.0942(2)(c)3., F.A.C.

5. Mastery of a skill shall be determined by correctly answering the number of questions prescribed herein.

(3) No time limit shall be established for answering the questions on Part II of the State Student Assessment Test; provided, however, that no student shall be permitted to answer test items which have been seen by the student at a time other than at the examination session in which the test questions are given to the student.

(4) If a student fails to master the communications standard and/or the mathematics standard as prescribed herein, the district school board shall provide special instructional assistance for such student in a manner deemed most appropriate by policies of the district school board.

(a) Such special assistance may take the form of:
1. Informal consultation between student and teacher,
2. Tutoring of one student by another student,
3. Structured or non-structured independent study,
4. Special classroom study of short duration (1 to 5 days),
5. Special classroom study of longer duration, or
6. Such other appropriate form as determined by the district school board.

(b) When the student successfully masters the standards, a notation of the mastery shall be recorded in the student’s cumulative record and if the student has previously been awarded a Certificate of Completion in lieu of a standard high school diploma by virtue of failure to pass the State Student Assessment Test – Part II, such student shall be awarded a standard high school diploma. Appropriate instructional assistance and adequate opportunity to be retested so as to demonstrate mastery of standards shall remain available to each student until such time as the student successfully demonstrates mastery of each standard.

(5) Definitions.

(a) The term “State Student Assessment Test – Part I” as used in this rule means the tests by which mastery of the minimum performance standards in reading, writing, and mathematics for grade 11 adopted in Rule 6A-1.0941, F.A.C., is demonstrated to implement the provisions of Sections 229.565, 229.57, 232.246, 232.247, Florida Statutes.

(b) The term “State Student Assessment Test – Part II” as used in this rule means the student examination required by Section 232.246(1)(b), Florida Statutes.

(6) Invalidity of a section of this rule shall not invalidate the remainder of the rule.

Specific Authority 120.53(1)(b), 229.053(1), 232.246(1)(a), (b) FS. Law Implemented 120.53(1)(b), 229.565(1), 229.57, 232.246, 232.247 FS. History—New 11-13-78, Amended 4-10-80, 2-4-81, 10-12-82, 3-11-84, Formerly 6A-1.942.

6A-1.09421 High School Competency Test Requirements.

The minimum student performance skills and competencies required for high school graduation by Section 229.57(3)(c)5., Florida Statutes, for the period 1994-95 through 1998-99 shall be determined in the manner prescribed below:

(1) The student examination required by Sections 232.246(5)(a) and 229.57(3)(c)5., Florida Statutes, shall be developed under the direction and supervision of the Deputy Commissioner for Educational Programs, and shall be:

(a) Kept secured at all times.
(b) Provided to all school districts in the quantity needed for the students in the district.
(c) Administered in accordance with standard written instructions appropriate for the examination.
(d) Revised and updated as needed.

(2) The test shall be developed in consultation with teachers and other appropriate professionals and shall be approved by the Commissioner prior to being administered to students. The test shall:

(a) Consist of two (2) sections; one (1) comprising communications skills, and one (1) comprising mathematical skills.
(b) Be derived from the skills adopted in subsection 6A-1.0941(1), F.A.C., for the time period from 1994-95 through 1998-99.
(3) The High School Competency Test shall be administered in cooperation with district school boards at least four (4) times during each school year.

(a) The test shall be scheduled at least twice each year for secondary students who are classified as high school juniors or seniors. The Division of Public Schools and the district school boards shall cooperate to the extent practicable in using other scheduled administrations to accommodate migrant students, transfer students, and others who are unable to be tested on the designated dates. No student shall be tested more than one (1) time in any thirty (30) day period.

(b) An adult who has earned sufficient credits to be classified as a high school sophomore, junior, or senior may take the examination initially at any scheduled administration. Adults who have taken the test previously but who have not yet earned passing scores in both sections of the test may retake the examination at any subsequent scheduled administration.

(4) To qualify for a high school diploma, each secondary or adult student must earn passing scores on both sections of the High School Competency Test. High School Competency Test scores shall be reported in terms of an equated score scale. The passing scale score shall be seven hundred (700).

(a) For the time period of October 1994 through August 1996, the passing scale scores for the communications and mathematics sections of the High School Competency Test shall be set so that the percentage of grade eleven (11) students passing each section of the test in the 1994 administration will be equivalent to the percentage of grade eleven students who passed the respective sections of the High School Competency Test in October 1993. The passing scores for the High School Competency Test specified in this rule shall be reviewed not later than August 31, 1995, and recommendations to adjust the passing scores, as appropriate, shall be presented to the State Board by the Commissioner.

(b) After August 1996, all students shall meet the following passing score requirements regardless of whether they had taken and failed to pass the High School Competency Test prior to August 1996; the mathematics section passing scale score shall be set equivalent to a raw score of forty-two (42) out of fifty-five (55) test questions on the October 1994 test; the communications section passing scale score shall be set equivalent to a raw score of fifty-five (55) out of sixty-five (65) test questions on the October 1994 test.

(c) Beginning in 1994, secondary students classified as juniors and adults who anticipate graduating after the 1994-95 academic year shall be tested on the skills adopted in subsection 6A-1.0941(1), F.A.C., for the time period from 1994-95 through 1998-99.

(d) A student who was initially tested on skills adopted in subsection 6A-1.0942(1), F.A.C., for the time period 1985-86 through 1993-94 and who expects to graduate from high school before August 1996 shall meet the High School Competency Test requirements prescribed in Rule 6A-1.0942, F.A.C.

(e) After August 1996, all students shall meet the High School Competency Test requirements described in Rule 6A-1.09421, F.A.C.

(5) No time limit shall be established for answering the questions on the High School Competency Test; provided, however, that no student shall be permitted to answer test items which have been seen by the student at a time other than the examination session in which the test questions are given to the student and provided that the examination session shall not be longer than the length of time normally scheduled for a school day.

(6) If a student fails to pass a section of the High School Competency Test as prescribed herein, the district school board shall provide special instructional assistance for such student in a manner deemed most appropriate by policies of the district school board.

(a) Such special assistance may take the form of:
1. Informal consultation between student and teachers,
2. Tutoring of one (1) student by another student,
3. Structured or nonstructured independent study,
4. Special classroom study of short duration (one (1) to five (5) days),
5. Special classroom study of longer duration, or
6. Such other appropriate form as determined by the district school board.

(b) When the student earns a passing score on a section of the High School Competency Test, it shall be recorded in the student’s cumulative record. If the student has previously been awarded a Certificate of Completion in lieu of a standard high school diploma by virtue of failure to pass the High School Competency Test, such student shall be awarded a standard high school diploma. Appropriate instructional assistance and adequate opportunity to be retested so as to earn a passing score shall remain available to each student until such time as the student earns passing scores on each section of the test.

(7) Once a student has passed a section of the test measuring skills adopted in subsection 6A-1.0941(1), F.A.C., for the time period 1985-86 through 1993-94, the student will not be required to pass that section of the test measuring skills adopted in subsection 6A-1.0941(1), F.A.C., for the time period from 1994-95 through 1998-99.

(8) Invalidity of a section of this rule shall not invalidate the remainder of the rule.

Specific Authority 120.53(1)(b), 229.053(1), 229.57(3)(c)5. FS. Law Implemented 120.53(1)(b), 229.57, 232.246, 232.247 FS. History–New 1-2-95, Amended 12-19-95.
6A-1.09422 Florida Comprehensive Assessment Test Requirements.

(1) The statewide program of educational assessment required by Section 1008.22(3)(c), Florida Statutes, shall be developed under the direction and supervision of the Commissioner of Education and shall be titled the Florida Comprehensive Assessment Test (FCAT). It shall be:

(a) Kept secured at all times.
(b) Provided to all school districts in the quantity needed for the students in the district.
(c) Administered in accordance with standard written instructions appropriate for the examination. The written instructions will be issued by the Commissioner in the form of test administration manuals and other written communications, as required, and provided to school districts in sufficient time prior to each test.
(d) Revised and updated as needed.

(2) The test shall be developed in consultation with teachers and other appropriate professionals and shall be approved by the Commissioner prior to being administered to students. The FCAT shall:

(a) Consist of four (4) sections: one (1) measuring reading skills, one (1) measuring mathematics skills, one (1) measuring writing skills, and one (1) measuring science skills.
(b) Be derived from the skills adopted in Rule 6A-1.09401, F.A.C.

(3) The FCAT shall be administered as follows:

(a) All eligible students in grades three through ten shall take the reading and mathematics tests. All eligible students in grades four, eight, and ten shall take the writing test. All eligible students in grades five, eight, and ten shall take the science test.
(b) Provisions shall be made by school districts to administer the test to students who are absent on the designated testing dates according to directions specified by the Commissioner. The directions will be issued in the form of test administration manuals and other written communications, as required, and provided to school districts in sufficient time prior to each test.
(c) Provisions shall be made by the Commissioner to permit the test to be administered to home school students and private school students under conditions which preserve the security of the test and require the public school districts to be responsible for the test administration procedures.
(d) In accordance with the requirements of Section 1008.25(4), Florida Statutes, provisions shall be made by the Commissioner to retest students the following year if they do not attain minimum performance expectations.
(e) The FCAT shall be administered to students in grades 3 through 9 not less than one time per year on a schedule approved by the Commissioner and up to three times per year for students who do not attain minimum performance expectations on the grade 10 FCAT as specified in subsection (7) of this rule.

(4) Examinee scores on FCAT reading and mathematics shall be reported on a score scale from 100 to 500 defined by the baseline test administered during January and February 1998, and a developmental scale of approximately 0 to 3000 that defines performance across grades 3 through 10. Examinee scores on FCAT Science shall be reported on a score scale from 100 to 500 defined by the baseline test administered during March 2003. Each examinee shall receive a total score for each subject area in addition to part scores that can be reliably reported.

(5) The total scores on FCAT Reading and Mathematics are also reported on an achievement-level scale. The total scores that correspond to each achievement level are shown in the following paragraphs.

(a) Beginning with the effective date of this rule, until changes are recommended by the Commissioner of Education to the State Board of Education, the achievement levels for the first phase of implementation (step 1) shall be as shown in the following tables.

Reading grade-level scale scores (100 to 500) for each achievement level – step 1:

</table>
Pursuant to Section 1008.22(3)(c)5., Florida Statutes, students who were enrolled in grade nine in the fall of 1999 and thereafter, shall be required to earn passing scores on the grade ten Florida Comprehensive Assessment Test in reading and mathematics.

For students in the graduating class of 2003-04 school year and beyond, the passing score for the reading and mathematics tests shall be a score equal to or greater than 300 on the 100 to 500 scale, and 1926 for the reading test and 1889 for the mathematics test on the developmental scale, unless the student had previously qualified for the passing scores required for the 2002-03 graduating class.

After July 1, 2005, and before March 1, 2006, the Commissioner of Education shall review student performance levels and recommend to the State Board of Education whether to maintain the existing passing scores and achievement levels (step 1) or to increase one or both of the requirements.

The test shall be administered according to a schedule approved by the Commissioner.

Students with disabilities may be provided test modifications or accommodations in accordance with the provisions of Rule 6A-1.0943, F.A.C.

Invalidity of a section of this rule shall not invalidate the remainder of the rule.

Specific Authority 1008.25(8)(b) FS. Law implemented 1008.25(6)(b)3. FS. History–New 5-19-03.

6A-1.094221 Alternative Standardized Reading Assessment.

Pursuant to Section 1008.25(6), Florida Statutes, relating to the statewide public school student progression law eliminating social promotion, students who score at Level 1 on the grade three reading FCAT may be promoted to grade four if the student demonstrates an acceptable level of performance on the Norm Referenced Test (NRT) portion of the FCAT or the SAT-9 alternative assessment.

The acceptable levels of performance on the alternative assessments for grade three for the 2002-2003 school year are as follows:

(a) To promote a student using the grade three reading NRT portion of the FCAT as an alternative assessment good cause exemption, the grade three student scoring at Level 1 Reading FCAT must score at or above the 51st percentile on the grade three reading NRT portion of the FCAT.

(b) To promote a student using the SAT-9 as an alternative assessment good cause exemption, the grade three student scoring at Level 1 Reading FCAT must score at or above the 51st percentile on a parallel form of the SAT-9. The SAT-9 may only be administered one (1) time.

The earliest the alternative assessment may be administered for student promotion purposes is following the receipt of the grade three student reading FCAT scores or during the last two (2) weeks of school, whichever occurs first.

6A-1.0943 Statewide Assessment for Students with Disabilities.

The Division of Public Schools and Community Education shall assure the inclusion of students with disabilities as defined by Section 228.041(18), Florida Statutes, in the statewide assessment program, develop the test instruments required herein and provide technical assistance to school districts in the implementation of the requirements of this rule including appropriate accommodations to instruments and statewide assessment procedures administered pursuant to Section 229.57, Florida Statutes. Students who are identified solely as gifted are not eligible for state assessment accommodations.

(a) The decision to exclude any student with a disability, as defined in Section 228.041(18), Florida Statutes, from statewide or district assessment programs is made by the Individual Educational Plan (IEP) team and recorded on the IEP. Students may be excluded from statewide or district assessment programs if the following criteria are met:
1. The student’s demonstrated cognitive ability prevents the student from completing required coursework and achieving the Sunshine State Standards as incorporated by reference in Rule 6A-1.09401, F.A.C., even with appropriate and allowable course modifications, and

2. The student requires extensive direct instruction to accomplish the application and transfer of skills and competencies needed for domestic, community living, leisure, and vocational activities.

(b) Students who are excluded from statewide or district assessment will be assessed through an alternate assessment procedure identified by the IEP team. The alternate assessment procedure shall be recorded on the student’s IEP.

(c) Students who are excluded from the state-required graduation test using the criteria in paragraphs (1)(a) and (b) of this rule will not be eligible for a standard high school diploma.

(2) Each school board shall utilize appropriate accommodations to the statewide assessment instruments and procedures, within the limits prescribed herein. Accommodations are defined as adjustments to the presentation of the assessment questions, method of recording examinee responses to the questions, schedule for administration of the assessment, or use of assistive devices to facilitate administration of the assessment. Statewide assessment accommodations may be used only if they do not alter the underlying content that is being measured by the assessment or negatively affect the assessment’s reliability or validity. Accommodations shall be identified for each eligible student and recorded on the student’s IEP or plan developed under Section 504 of the Rehabilitation Act. Allowable accommodations are those that have been used by the student in classroom instruction as long as the accommodations are within the limits specified in this rule. Such accommodations may include:

(a) Presentation. The student may be administered any statewide assessment through the following presentation formats:

1. Regular print versions of the test may be enlarged through mechanical or electronic means.
2. The district test coordinator may request large print versions.
3. Braille versions may be requested for students who use Braille materials. Some test items may be altered in format for Braille versions of the test as authorized by the Department. Test items that have no application for the Braille reader will be deleted as authorized by the Department. Student performance standards that cannot be assessed in the Braille format will be deleted from the requirements of Section 229.57, Florida Statutes.
4. Signed or oral presentation may be provided for all directions and items other than reading items. Reading items must be read by the student through visual or tactile means.
5. The student may use means to maintain or enhance visual attention to test items.
6. Presentation formats not covered by this rule may be requested through the Department of Education and will be provided, as appropriate, upon approval by the Commissioner of Education.

(b) Responding. The student may use varied methods to respond to the test, including written, signed and verbal response. Written responses may include the use of mechanical and electronic devices. A test administrator or proctor may transcribe student responses to the format required by the test. Transcribed responses must accurately reflect the response of the student, without addition or edification by the test administrator or proctor.

(c) Scheduling. The student may be administered a test during several brief sessions allowing frequent breaks during the testing sessions, within specifications of the test administration manual. Students may be provided additional time for the administration of the test.

(d) Setting. The student may be administered a test individually or in a small group setting. The student may be provided with adaptive or special furniture and special lighting or acoustics.

(e) Assistive devices. The student may use the following assistive devices typically used in classroom instruction.

1. If the purpose of the assessment requires complex computation, calculators may be used as authorized in the test administration manual. A calculator may not be used on assessments of basic computation as specified in the test administration manual.
2. Visual magnification and auditory amplification devices may be used. For students with visual impairments, an abacus may be used.
3. Technology may be used without accessing spelling or grammar-checking applications for writing assessments and without using speech output programs for reading items assessed. Other assistive technology typically used by the student in classroom instruction may be used provided the purpose of the testing is not violated. Implementation of assistive devices must assure that test responses are the independent work of the student. Unusual circumstances of accommodations through assistive devices must be approved by the Commissioner of Education before use.

(3) The preceding accommodations described in paragraphs (2)(a) through (e) of this rule are authorized, when determined appropriate by the school district superintendent or designee, for any student who has been determined to be an eligible student with disabilities pursuant to Section 228.041(18), Florida Statutes, and Rule 6A-6.0331, F.A.C., and has a current IEP, or who has been determined to be a student with a disability pursuant to subsection 6A-19.001(6), F.A.C. Satisfaction of the requirements of Rule 6A-1.0942, F.A.C., by any of the above accommodations shall have no bearing upon the type of diploma or certificate issued to the student for completing school.

(4) The need for any unique accommodations for use on state assessments not outlined in this rule must be approved by the Commissioner of Education.
(5) District personnel are required to implement the accommodations in a manner that ensures the test responses are the independent work of the student. Personnel are prohibited from assisting a student in determining how the student will respond or directing or leading the student to a particular response. In no case shall the accommodations authorized herein be interpreted or construed as an authorization to provide a student with assistance in determining the answer to any test item.

(6) The test scores of students with disabilities, as defined in Section 228.041(18), Florida Statutes, will be included in the state’s accountability system as determined by the Commissioner of Education.

(7) Procedures for exemption from the assessment required for graduation with a standard high school diploma due to extraordinary circumstances of a student with a disability, as defined in Section 228.041(18), Florida Statutes, are specified in Rule 6A-1.09431, F.A.C.

Specific Authority 229.57(3), (11), 232.246(8), (9) FS. Law Implemented 229.57(3), (11), 232.246(8), (9) FS. History–New 9-12-78, Amended 3-4-84, Formerly 6A-1.943, Amended 6-12-90, 9-17-01.

Students with disabilities, as defined in Section 228.041(18), Florida Statutes, are eligible for consideration of a special exemption from the graduation test requirement under extraordinary circumstances that create a situation where the results of administration of the graduation test would reflect a student’s impaired sensory, manual or speaking skills rather than the student’s achievement. Such circumstances are defined as physical conditions that affect a student’s ability to communicate in modes acceptable through accommodation of the statewide test. Extraordinary circumstances are events or conditions that prevent the student from physically demonstrating mastery of skills that have been acquired and are measured by the test. Learning process deficits and cognitive deficits do not constitute extraordinary circumstances. A request may be made for an exemption from any or all sections of the test required for high school graduation.

(1) The Commissioner may exempt a student with a disability as defined by Section 228.041(18), Florida Statutes, from meeting the testing requirement for high school graduation with a standard diploma, as specified in Section 229.57(3)(c), Florida Statutes.

(2) The procedure for consideration of this special exemption must originate with receipt of a written request from the district school superintendent at least one semester before the anticipated graduation date. This request must be due to extraordinary circumstances which would cause the results of the testing to reflect the student’s impaired sensory, manual or speaking skills rather than the student’s achievement. The Commissioner shall determine whether the exemption shall be granted based upon the documentation provided by the district school superintendent which shall include:

(a) Written description of the student’s disabling condition, including a specific description of the student’s impaired sensory, manual or speaking skills and the extraordinary circumstances for the exemption request;

(b) Written documentation of the most recent and other available re-evaluation or psychological reports and course transcript;

(c) Written description of the disability’s effect on the student’s achievement;

(d) Written description of accommodations or modifications provided in the student’s high school course of study;

(e) Written evidence that the student has had the opportunity to learn the skills being tested, has been prepared to participate in the testing program and has been provided appropriate test accommodations as defined in Rule 6A-1.0943, F.A.C.; and

(f) Written evidence that the manifestation of the student’s disability prohibits the student from responding to the written test even when appropriate accommodations are provided so that the result of the testing reflects the student’s impaired sensory, manual or speaking skills rather than the student’s achievement.

(g) Written description of academic accomplishments indicating mastery of skills assessed on the graduation test as described in Section 229.57(3), Florida Statutes.

(3) Upon receipt of the request for exemption, the Commissioner shall determine whether sufficient documentation has been provided and may request additional information.

(4) If the Commissioner determines that the criteria for an exemption have been met, the request for exemption from one or both parts of the test will be granted. Students granted a request for exemption from the graduation test must meet all other criteria for graduation with a standard diploma as outlined in Section 232.246, Florida Statutes.

(5) Students who are not granted an exemption under this rule and who have not demonstrated mastery of the skills measured by the test for graduation continue to be eligible for the provision of a free appropriate public education until the age of twenty-two (22).

(6) Students with disabilities who do not meet the graduation criteria for a standard high school diploma may be eligible for a special diploma as outlined in Rule 6-1.0996, F.A.C.

(1) All students classified as limited English proficient (LEP) must participate in the statewide assessment program, prescribed in Section 229.57, Florida Statutes. There is no categorical exemption from participation in the statewide assessment program for LEP students.
(2) An exemption from participation in any component of the statewide assessment program for an individual LEP student may only be made by specific action of a LEP committee as defined in subsection 6A-6.0901(5), F.A.C., and only for a student whose date of classification as LEP falls within one (1) year prior to the assessment date.

(a) The LEP committee, in making its decision, shall consider the following factors:
1. Level of mastery of basic competencies or skills in English and home language according to appropriate local, state, and national criterion-referenced standards;
2. Grades from the current or previous years; or
3. Other test results.

(b) The LEP committee shall exempt a LEP student from participation in a component of the statewide assessment program if it determines that the student’s participation would have an unsound instructional effect on the student.

(3) The use of LEP assessment data for school grading purposes shall be as stated in Rule 6A-1.09981, F.A.C.

(4) LEP assessment data shall be used by school districts and schools to evaluate the effectiveness of their instructional programs for LEP students and to follow-up such evaluations with appropriate adjustments, modifications, and improvements of the district’s and the school’s LEP programs. The district’s LEP plan, pursuant to Section 233.058, Florida Statutes, and Rule 6A-6.0905, F.A.C., shall be revised whenever substantive changes in the district’s LEP program are required.

(5) Assessment results of individual students shall be used by schools to evaluate the progress of individual students. When indicated, such evaluations shall result in appropriate adjustments, modifications, and improvements of each individual LEP student plan, pursuant to Rules 6A-6.0901, 6A-6.0902, and 6A-6.0903, F.A.C. A LEP committee shall be convened whenever substantive changes in an individual LEP plan are required.

(6) No promotion or retention decision may be made for any individual student classified as LEP based solely on a score on any single assessment instrument, whether such assessment instrument is part of the statewide assessment program or of a particular district’s formal assessment process. A formal retention recommendation regarding a LEP student may be made through action of a LEP committee.

Specific Authority 232.245(2)(b) FS. Law Implemented 232.245 FS. History—New 4-29-02.

6A-1.0944 Access, Maintenance and Destruction of State Student Assessment Tests and Related Materials.

(1) Access to the state student assessment tests administered pursuant to Sections 229.57, 232.245, 232.246, and 232.247, Florida Statutes, including developmental materials and work papers directly related to the tests shall be limited to the following persons:

(a) Officers and employees of the Department and persons under contract with the Department whose duties require them to have access to the tests, developmental materials and work papers directly related to the tests.

(b) At the discretion of the Commissioner and upon his or her personal determination and authorization, access may be permitted for each of the following:

1. Persons assisting the Department in developing, reviewing and validating the tests,
2. Persons assisting the Department in communicating to the public general information about the tests, and
3. Persons engaged in educational research needing the tests for legitimate research purposes.

(2) All student answer sheets and related materials shall be stored by the Department or its designee for a period of not less than two (2) years after the materials are produced or collected. At the end of two (2) years, the materials may be destroyed upon approval of the Commissioner. Test booklets may be destroyed immediately following testing in accordance with procedures established by the commissioner.

(3) At least one (1) set of final student test results on computer tape shall be retained by the Department or its designee for a period of not less than five (5) years. At the end of the five (5) years, the tapes may be destroyed.

Specific Authority 120.53(1)(b), 229.053(1), 232.248 FS. Law Implemented 120.53(1)(b), 232.248 FS. History—New 9-12-78, Formerly 6A-1.944.

6A-1.09441 Requirements for Programs and Courses Which are Funded Through the Florida Education Finance Program and for Which the Student May Earn Credit Toward High School Graduation.

For student membership in a program or course to generate funding through the Florida Education Finance Program and for the student to receive elective or required credit toward high school graduation for such a program or course, the following conditions shall be met:

(1) The program in which the student is in membership shall be one of the programs listed in Section 236.081(1)(c), Florida Statutes.

(2) The course or program in which the student is in membership shall be an educational activity which constitutes a part of the instructional program approved by the district school board.

(3) The student shall be under the supervision of an instructional staff member as defined in Rule 6A-1.0501, F.A.C.

(4) The course or program shall be listed in the “Course Code Directory and Instructional Personnel Assignments” for the year in which the student is in membership.
(5) The “Course Code Directory and Instructional Personnel Assignments 2002-2003” is hereby incorporated by reference and made a part of this rule. The Commissioner may publish the document in appropriate and useful formats such as printed copy, electronic database access, or electronic disc. The directory may be obtained from the Division of Public Schools and Community Education, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399. The Commissioner of Education may approve additional courses for which funding could be generated through the Florida Education Finance Program. Such additional course listings will be made available as approved.

6A-1.09512 Equivalent Minimum School Term for Compulsory Attendance Purposes.

Any child of compulsory school attendance age, who is enrolled in a non-public school pursuant to Section 232.02, Florida Statutes, shall be deemed to be in compliance with the compulsory attendance requirements of Section 232.01(1)(a), Florida Statutes, provided the child maintains regular attendance during the entire school term of either:

(1) One hundred eighty (180) actual school days determined as prescribed by Section 228.041(13), Florida Statutes, or

(2) A minimum of one hundred seventy (170) actual school days and the hourly equivalent of one hundred eighty (180) actual school days, determined as prescribed below:

(a) Kindergarten: Five hundred forty (540) net instructional hours.
(b) Grades 1-3: Seven hundred twenty (720) net instructional hours.
(c) Grades 4-12: Nine hundred (900) net instructional hours.

Specific Authority 228.041(16), 229.053(1) FS. Law Implemented 229.041(13), (17), 232.01(1)(a), 232.02 FS. History–New 4-21-80, Formerly 6A-1.9512.

(1) Each parent of a child within the compulsory attendance age shall be responsible for such child’s school attendance as required by law. Parents will not be held responsible for their child’s nonattendance at school under the conditions specified in Section 232.09, Florida Statutes. The term insurmountable condition as used in Section 232.09(4), Florida Statutes, is defined as follows:

(a) Extreme weather conditions such as, but not limited to, floods, hurricanes, tornadoes, or other acts of God which make it impracticable or inadvisable for the safety of the student to attend school.
(b) Communicable disease outbreaks such as, but not limited to, measles and chicken pox, which the state health officer or county health medical director indicates a student should be excluded from school for reasons of health and safety.
(c) Local conditions determined by the school district which, after taking into account the material circumstances, would render impracticable a student’s attendance at school.

(2) The school district shall provide a parent with a reasonable opportunity to be heard before referring a case for enforcement pursuant to Section 232.19, Florida Statutes.

Specific Authority 229.053(1), 232.09(4) FS. Law Implemented 232.09(4) FS. History–New 11-23-88.

6A-1.09514 Excused Absences for Religious Instruction or Holiday.

(1) Release time during the school day to participate in religious instruction. Each school district which chooses to permit release time during the school day for students to participate in religious instruction shall adopt rules to implement Section 232.0225(1), Florida Statutes, for students in grades 9 through 12. The school district’s rules shall include, but are not limited to, the following:

(a) Provisions establishing the procedures and time frames under which each religious institution which offers religious instruction will make its attendance records available to the school district. Such provisions shall not impair or impede the school district’s established system of attendance recordkeeping although the school district may make adjustments in its system as long as the school district continues to comply with Sections 232.021 and 232.2462, Florida Statutes, and Rule 6A-1.044, F.A.C.
(b) Provisions establishing the school district’s requirements for the acceptance by the religious institution or parents of responsibility for any liability involving students on release time. Such requirements shall as a minimum require the religious institution or parents to indemnify the school district and hold it harmless with respect to any liability arising from conduct which does not occur on property under the control or supervision of the school district, and to maintain adequate insurance for that purpose.
(c) Provisions which assure that decisions on requests for release time properly take into account the district’s pupil progression plan as stated in Section 232.0225(1)(b), Florida Statutes.
(d) Provisions which give parents and students an opportunity to be heard in connection with a decision to terminate the permission given to a student to attend religious instruction during the school day.
(2) Each school district shall adopt rules to implement Section 232.0225(2), Florida Statutes, for students in grades K through 12. The district’s rules shall provide that absences from school for observance of a religious holiday or because the tenets of a student’s religion forbid secular activity during a school day or portion thereof shall be excused subject to compliance with such rules. The district’s rules shall include, but are not limited to:

(a) Provisions for establishing and modifying a list of religious holidays which shall be included in the rules. School districts may consult with religious institutions and leaders in the community for this purpose.

(b) Provisions for the procedures and time limits to be observed by students, teachers, and administrators in making available to each student so excused an opportunity to make up any examination, study, or work assignment which has been missed.

(c) Provisions for the procedures and time limits applicable to the giving of prior notice of a student’s intended absence by the student’s parent or guardian.

(d) Provisions giving affected students and parents an opportunity to be heard in connection with the decision to excuse or not excuse an absence on a day or portion thereof which is not included in the list of religious holidays.

(3) Each school district which operates one or more postsecondary vocational education school shall adopt a policy, including a grievance procedure, as prescribed in Section 240.134, Florida Statutes, which shall be applicable to the students of the postsecondary vocational education school. The policy shall separately specify the reasonable accommodations made in regard to admissions, class attendance and the scheduling of examinations and work assignments, provided that:

(a) The school district shall not be obligated to make accommodations which impair or impede its compliance with other statutes and rules of the State Board of Education, or which adversely affect the quality of the instruction at a postsecondary vocational education school.

(b) The content of the policy shall be determined by the school district which may solicit and receive, but is not bound by, information from religious organizations, leaders, and affected students.

(c) The school district shall annually make known its policy as required in Section 240.134, Florida Statutes.

(4) For purposes of this rule, a school district may accept as prima facie proof that a student is a member of, or practices and observes the tenets of, a religious group, church, or denomination, a notarized statement to that effect from an adult student or from the parent or guardian of a minor student.

Where conditions necessitate that a school board must operate a school program at any school center within the district for less than the minimum school day as prescribed by Section 228.041(13), Florida Statutes, the commissioner of education, upon application of the school board, may reduce the minimum school day by not more than one (1) hour for 120 school days. Any application to the commissioner for a reduction of the minimum school day prescribed by Section 228.041(13), Florida Statutes, shall be in writing and shall set forth in detail the nature of the emergency and the reasons why a reduction is necessary for a certain day or days. The commissioner of education is authorized to approve, for a period not to exceed 120 school days, those applications describing emergency situations which he finds might endanger the health, safety or welfare of students in the public schools of Florida.

Specific Authority 229.053(1) FS. Law Implemented 120.53, 228.041(13) FS. History–New 12-17-71, Repromulgated 12-5-74, Formerly 6A-1.9531.

6A-1.09533 Minimum School Term, Emergencies.

The Commissioner of Education will consider written requests by district school boards to reduce the length of the school term in case of national, state or local emergencies pursuant to Section 236.02(2), Florida Statutes, and Rule 6A-1.09533, F.A.C., with or without a proportionate reduction in funding, only if one (1) of the following conditions exists:

(1) No teacher planning days, excluding a maximum of three (3) post school planning days, remain in the official school year calendar as approved by the district school board, and no school holidays, other than authorized national or state holidays, remain in the official school year calendar as approved by the district school board, or

(2) The Commissioner may reduce the school term up to a maximum of three (3) school days, for one (1) or more schools provided the net instructional time scheduled to be provided by a school for the school year as defined in Section 228.041(16), Florida Statutes, minus the hours scheduled for each day classified as a national, state or local emergency, equals or exceeds nine hundred (900) hours.

Specific Authority 229.053(1), 236.02(2) FS. Law Implemented 120.53, 228.041(16), 236.02(2) FS. History–New 10-23-79, Formerly 6A-1.9533, Amended 7-5-88.

6A-1.0955 Education Records of Pupils and Adult Students.

(1) Purposes. This rule applies to education records maintained to facilitate the instruction, guidance, and educational progress of pupils and adult students in programs operated under the authority and direction of a district school board.

(2) Definitions. For the purposes of this rule, the following definitions shall be used:
(a) Education records. The term “education records” shall mean those records, files, documents and other materials as defined in Section 228.093(2), Florida Statutes, which contain information directly related to a pupil or an adult student, which are maintained by an educational institution or by a person acting for such institution, and which are accessible to other professional personnel for purposes listed in subsection 6A-1.0955(1), F.A.C. Information contained in education records shall be classified as follows:

1. Category A – permanent information: Verified information of educational importance which shall be retained permanently in the manner prescribed by Section 230.331(2), Florida Statutes.
2. Category B – temporary information: Verified information of educational importance which is subject to periodic review and elimination, when the information is no longer useful, in the manner prescribed by Section 230.331(3), Florida Statutes.

(b) Child. A child shall mean any person who has not reached the age of majority.

c) Pupil. A pupil shall mean any child who is enrolled in any instructional program or activity conducted under the authority and direction of a district school board.

d) Adult student. Adult student shall mean any person who has attained 18 years of age and is enrolled in any instructional program or activity conducted under the authority and direction of a district school board.

(3) Content of Category A records. The information on these records shall be kept current.

(a) The following information shall be maintained for each pupil or adult student on Form ESE-386, Grades 9-12 and Adult Permanent Record Card, Category A – Education Records, and Form ESE-392, Grades Pre-K-5 Permanent Record Card Category A – Education Records, effective June, 1987 which are hereby incorporated by reference and made a part of this rule.

1. Pupil’s or student’s full legal name.
2. Authenticated birthdate, place of birth, race and sex.
3. Last known address of the pupil or student.
4. Names of the pupil’s or student’s parent or guardian.
5. Name and location of last school attended.
6. Number of days present and absent, date enrolled, date withdrawn.
7. Courses taken and record of achievement, such as grades, units, or certification of competence.
8. Date of graduation or date of program completion.

(b) Category A information listed on Form ESE-386. Grades 9-12 and Adult Permanent Record Card Category A – Education Records, shall be maintained only for students who are enrolled in grades 9-12 and students enrolled in adult education programs which lead to a high school diploma.

(c) A district desiring to maintain the content for Category A records on a form other than Forms ESE-386 and ESE-392 may do so when approved by the Deputy Commissioner for Educational Programs. To receive approval, a district must submit a copy of the proposed alternate form which shall include all data items classified as Category A information in paragraph 6A-1.0955(3)(a), F.A.C., to the Deputy Commissioner for Educational Programs, explaining the reasons for requesting the use of an alternate form. The Deputy Commissioner for Educational Programs shall approve or disapprove the request in writing.

d) One copy of Forms ESE-386 and ESE-392 may be obtained without cost from the Department of Education, The Florida Education Center, Tallahassee, Florida 32399. Each district school board shall provide the copies required for use in the public schools of the district.

e) School districts shall maintain sufficient information, to include social security number, on adult students enrolled in a postsecondary program so that they can be located after they have either withdrawn or completed a program of study.

(4) Content of Category B records. Each school board shall adopt policies which will assure accuracy of information maintained and provide for periodic review and elimination of information, no longer useful, in the manner prescribed by Section 230.331(3), Florida Statutes. These records may include but are not limited to the following information:

(a) Health information.
(b) Family background data.
(c) Standardized test scores.
(d) Educational and career plans.
(e) Honors and activities.
(f) Work experience reports.
(g) Teacher comments.
(h) Reports of student services, or exceptional student staffing committees including all information required by Section 230.23(4)(m)7., Florida Statutes.
(i) Correspondence from community agencies or private professionals.
(j) Driver education certificate.
(k) A list of schools attended.
(l) Written agreements of corrections, deletions or expunctions as a result of meetings or hearings to amend educational records.

(5) Educational records do not include the information identified in Section 228.093(2)(e)1.-8., Florida Statutes.

(6) Each school board shall adopt a policy for educational records which shall include:
(a) Provisions for an annual written notice to inform the parent or guardian of pupils and adult students of their rights as defined in Section 228.093(3), Florida Statutes. The district shall develop alternative methods of notice for informing the parent or guardian of pupils, or adult students unable to comprehend a written notice in English. This notice shall include but is not limited to the following:

1. Right of access, right of waiver of access, right to challenge and hearing, and right of privacy; and
2. Notice of the location and availability of the district’s policy on education records of pupils and adult students.

(b) Provisions for permitting the adult student or the parent or guardian of the pupil who is or has been in attendance in the school district to inspect and review the education records of the adult student or pupil. The district shall comply with a request within a reasonable period of time, but in no case more than 30 days after it has been made. The right to inspect and review education records under this paragraph includes the right to reasonable requests for explanation and interpretation of the records, and the right to obtain copies of the records. The school district shall presume that the adult student or either parent of the pupil has the right to inspect and review the education records of the pupil or adult student unless the agency or institution has been provided with evidence that there is a legally binding instrument or court order governing such matters as divorce, separation or custody which provides to the contrary.

(c) Provisions for adult students or the parent or guardian of pupils to exercise the right of waiver of access to confidential letters or statements. The waiver shall include but not be limited to access to confidential letters or statements. The waiver shall not be valid unless in writing and signed by the adult student or the parent or guardian of the pupil, as appropriate. The waiver may be revoked in writing with respect to actions occurring after the revocation. School districts may not require that adult students or the parent or guardian of pupils waive any of their rights under Section 228.093(3), Florida Statutes.

(d) A schedule of fees for copies of education records which shall not exceed the actual cost of reproduction of such records and shall not reflect the costs to retrieve the education records.

(e) A listing of the types and locations of education records maintained by the educational agency and the titles and addresses of the officials responsible for those records.

(f) Provisions for disclosure of personally identifiable information where prior written consent of the adult student or the parent or guardian of pupils is not required. Written consent is not required for disclosures authorized in Section 228.093(3)(d)1.-11., Florida Statutes.

(g) Provisions for disclosure of personally identifiable information where prior written consent of the adult student or the parent or guardian of a pupil, as appropriate, is required. These provisions shall include but are not limited to the following:

1. The written consent required must be signed and dated and shall include:
   a. Specification of the records to be disclosed;
   b. The purposes of the disclosures; and
   c. The party or class of parties to whom a disclosure is to be made.
2. Personally identifiable information shall be disclosed only on the condition that the party to whom the information is disclosed shall not disclose the information to any other party without prior written consent of the adult student or the parent or guardian of the pupil, as appropriate. Personally identifiable information which is disclosed to an institution, agency, or organization may be used by its officers, employees and agents, but only for the purpose for which the disclosure was made.
3. Whenever written consent is required, school districts shall presume that the adult student or the parent or guardian of the pupil, as appropriate, giving consent has the authority to do so unless the district has been provided with evidence that there is a legally binding instrument, or state law or court order governing such matters as divorce, separation, or custody which provides to the contrary.
4. A record shall be maintained of requests and disclosures of personally identifiable information from the education records. Records of requests and disclosures do not have to be maintained when the disclosure is to the adult student or to the parent or guardian of the pupil, when the disclosure is based on written consent, when the disclosure is directory information, or when the disclosure is to other school officials with a legitimate educational interest. The record of requests for disclosure shall include but are not limited to the following:
   a. The parties who have requested or obtained personally identifiable information; and
   b. The legitimate interests of the persons requesting or obtaining the information.

(h) Criteria for determining which parties are “school officials” and what the district considers a “legitimate educational interest.”

(i) Provisions for disclosure of personally identifiable information in health and safety emergencies. Criteria for determining the existence of emergencies involving health or safety shall include but are not limited to the following:

1. The seriousness of the threat to the health or safety of the pupil or adult student or other individuals;
2. The need for the information to meet the emergency;
3. Whether the parties to whom the information is disclosed are in a position to deal with the emergency; and
4. The extent to which time is of the essence in dealing with the emergency.

(j) Provisions for disclosure of directory information as defined in Section 228.093(2)(e), Florida Statutes. These shall include but are not limited to the following:

1. At least an annual public notice of the categories of personally identifiable information designated as directory information;
2. The right of the adult student or the parent or guardian of a pupil to refuse to permit the designation of any or all of the categories of personally identifiable information with respect to that adult student or pupil;
3. The period of time within which the adult student or the parent or guardian must inform the district, in writing, that such personally identifiable information is not to be designated directory information with respect to that adult student or pupil; and
4. Provisions for granting requests for lists of data specified as directory information.

(k) Provisions for challenging the content of any record which the adult student or the parent or guardian of a pupil believe to be inaccurate, misleading or a violation of their privacy and for providing an opportunity for correction, deletion or expunction of such information. These provisions shall include the following:

1. Informal meetings as defined in Section 228.093(3)(c), Florida Statutes.
2. A hearing, which may be requested by either party, when agreement cannot be reached in the informal meeting. The provisions for the hearing shall include but not be limited to the provisions in Section 228.093(3)(c)1.-5., Florida Statutes.
3. An agreement which shall be reduced to writing, signed and dated by the adult student or the parent or guardian of the pupil and designated school officials if records are to be corrected, deleted or expunged. The agreement shall only indicate that the record has been corrected, deleted or expunged.
4. A right to place a statement in the education record, by the adult student or parent or guardian of the pupil, if the decision of the hearing is that the records are not inaccurate, misleading or otherwise in violation of privacy. The statement may comment on the information in the education record and set forth any reasons for disagreeing with the decision.

(7) Procedures for transfer of education records.

(a) Upon request of officials of educational institutions for transfer of an adult student’s or a pupil’s records, school officials shall make a reasonable attempt to notify the adult student or the parent or guardian of the pupil, as appropriate, of the transfer of the records at the last known address of the adult student or of the parents or guardians of the pupil. This notice shall not be necessary if the adult student or the parent or guardian of the pupil initiate the transfer request, or when the district includes in its policies that it forwards education records on request to a school in which an adult student or a pupil seeks or intends to enroll.
(b) The transfer of records shall be made immediately upon written request of an adult student, a parent or guardian of a pupil or a receiving school. The principal or designee shall transfer a copy of all Category A and Category B information and shall retain a copy of Category A information; however, student records which are required for audit purposes for programs listed in Section 229.565(3), Florida Statutes, shall be maintained in the district for the time period indicated in Rule 6A-1.04513, F.A.C.
(c) The transfer of adult student or pupil education records shall not be delayed for nonpayment of a fee or fine assessed by the school.

(8) Security of education records of pupils or adult students.

(a) The school principal or designee shall be responsible for the privacy and security of all pupil or adult student records maintained in the school.
(b) The superintendent of schools or designee shall be responsible for the privacy and security of all pupil or adult student records that are not under the supervision of a school principal.

Specific Authority 228.093(3), 229.053(1), 232.23(2) FS. Law Implemented 228.093, 229.559, 229.8075, 230.23(4)(m)7., 230.331(2), (3), 232.23, 239.113 FS. History–New 4-11-70, Repromulgated 12-5-74, Revised 6-1-75, Amended 10-7-75, 2-21-77, 3-1-78, 5-24-81, Formerly 6A-1.955, Amended 6-17-87, 1-2-95.

6A-1.0956 Suspension on the Basis of Felony Charges.

When a student is formally charged with a felony by a proper prosecuting attorney for an incident which allegedly occurred on property other than public school property, but which incident is shown to have an adverse impact on the educational program, discipline, or welfare in the school in which the student is enrolled, the principal shall, in accordance with Section 232.26(2), Florida Statutes, conduct an administrative hearing for the purpose of determining whether or not the student should be suspended pending court determination of his or her guilt or innocence, or the dismissal of the charge, is made by a court of competent jurisdiction. The following procedures shall be followed by the principal in instituting and conducting the administrative hearing; provided, however, that a school board may, upon written approval of the Commissioner, utilize its own hearing policy in lieu of this rule.

(1) Upon receiving proper notice that a student has been formally charged with a felony, the principal shall immediately notify the parent or guardian of the student, in writing, of the specific charges against the student and of the right to a hearing prior to disciplinary action being instituted under the provisions of Section 232.26(2), Florida Statutes.
(2) Such notice shall stipulate a date for hearing which shall be not less than two (2) school days nor more than five (5) school days from postmarked date, or delivery, of the notice and shall also advise the parent of the conditions under which a waiver of suspension may be granted, as prescribed in subsections (2) and (3) of Section 232.26, Florida Statutes. Pending such hearing, the student may be temporarily suspended by the principal.
(3) The hearing shall be conducted by the principal, or designee, and may be attended by the student, the parent, the student’s representative or counsel, and any witnesses requested by the student or the principal.
(4) The student may speak in his or her own defense, may present any evidence indicating his or her eligibility for waiver of disciplinary action, and may be questioned on his or her testimony. However, the student shall not be threatened with punishment or later punished for refusal to testify.

(5) In conducting the hearing, the principal or designee shall not be bound by rules of evidence or any other courtroom procedure, and no transcript of testimony shall be required.

(6) Following the hearing, the principal shall provide the student and parent with a decision, in writing, as to whether or not suspension will be made. In arriving at this decision, the principal shall consider the conditions prescribed by subsections (2) and (3) of Section 232.26, Florida Statutes, under which a waiver of suspension may be granted, and may grant such a waiver when he or she determines such action to be in the best interests of the school and the student. Provided, however, that any suspension pending adjudication of guilt shall be made only upon a finding, based upon conclusive evidence, that a felony charge has been formally filed against the student by a proper prosecuting attorney. The principal shall have authority to modify the decision to either grant or deny a waiver, at any time prior to adjudication of the student’s guilt by a court, provided that any such modification adverse to the student shall be made only following a hearing conducted in accordance with this rule.

Specific Authority 120.57(1)(a)6., 229.053(1), 232.26(2) FS. Law Implemented 232.26(2) FS. History–New 2-18-74, Repromulgated 12-5-74, Amended 9-6-78, Formerly 6A-1.956, Amended 8-30-88.

6A-1.0985 Entry Into Kindergarten and First Grade by Out-of-State Transfer Students.

(1) Any student who transfers from an out-of-state public school and who does not meet regular age requirements for admission to Florida public schools shall be admitted upon presentation of the data required in subsection (3).

(2) Any student who transfers from an out-of-state nonpublic school and who does not meet regular age requirements for admission to Florida public schools may be admitted if the student meets age requirements for public schools within the state from which he or she is transferring, and if the transfer of the student’s academic credit is acceptable under rules of the school board. Prior to admission, the parent or guardian must also provide the data required in subsection (3).

(3) In order to be admitted to Florida schools, such a student transferring from an out-of-state school must provide the following data:

(a) Official documentation that the parent(s) or guardian(s) was a legal resident(s) of the state in which the child was previously enrolled in school;
(b) An official letter or transcript from proper school authority which shows record of attendance, academic information, and grade placement of the student;
(c) Evidence of immunization against communicable diseases as required in Section 232.032, Florida Statutes;
(d) Evidence of date of birth in accordance with Section 232.03, Florida Statutes; and
(e) Evidence of a medical examination completed within the last twelve (12) months in accordance with Section 232.0315, Florida Statutes.

Specific Authority 229.053(1), 232.04 FS. Law Implemented 232.01(2), 232.04 FS. History–New 7-29-82, Formerly 6A-1.985.

6A-1.099 Cooperative Projects and Activities.

(1) District school boards are authorized to enter into cooperative or joint projects and activities as provided in Section 230.23(4)(j), Florida Statutes; provided however, that any disagreements which cannot be satisfactorily resolved by the parties to such agreements may be referred to the Commissioner whose decision shall be binding on all cooperating boards.

(2) District school boards are authorized to establish educational consortia which are designed to provide joint programs and services to cooperating school districts.

(a) Establishment of consortium. Cooperating districts shall establish the consortium by a resolution of each school board. A district school board choosing to join a consortium shall by resolution declare its participation by setting forth at least the following:

1. The specific needs of the district which will be met by consortium activities.
2. The services to be received by the district.
3. A beginning date of entry into the agreement.
4. A termination date for the agreement or an annual option renewal date when the objectives to be achieved exceed one (1) fiscal year.
5. Amounts of funds to be paid annually for the services received or the specific method of computation used to determine such amounts.

(b) District of record. Cooperating districts shall designate a district of record for contractual and reporting purposes. The school board of the district of record shall be the responsible entity for contracting for services and materials necessary for fulfillment of consortium programs and services to member districts. The district of record shall provide a monthly financial report to member districts and shall separately report on the financial status of the consortium in the annual financial report of the district to the Commissioner. The district of record shall be entitled to reasonable compensation for accounting and other services performed. It may also be compensated for use of physical facilities.
(c) Consortium board of directors. The superintendent of schools of cooperating districts or his/her designee shall constitute the consortium board of directors. The consortium board of directors shall determine the products and services to be provided by the consortium; however, in all contractual matters the school board of the district of record must act on proposed actions of the consortium. The board of directors shall establish a uniform method for participating districts to evaluate services.

(d) Settlement of disagreements. In the event a controversy arises and agreement cannot be reached after the consortium is formed and operating, the matter may be referred jointly by the cooperating school boards or by any individual board to the Commissioner. The Commissioner’s decision shall be binding on all school boards.

(e) Accounting. All financial transactions of the consortium are to be accounted for separately by the district of record in the appropriate proprietary fund as determined by generally accepted accounting principles. Income to the fund will be composed of payments from cooperating districts, including the district of record, receipts from goods and services provided non-member districts, and the receipts from grants to the consortium. Cooperating districts, including the district of record, may make payments to the consortium in advance of delivery of services and products. Disbursements from the fund shall include payments for products and services, including agreed-upon services furnished by the district of record, and any refunds due cooperating districts. All transactions with the district of record shall be recorded in the fund. Accounts used shall be those prescribed in the publication entitled, Financial and Program Cost Accounting and Reporting for Florida Schools, as incorporated by reference in Rule 6A-1.001, F.A.C.

(f) Petty cash. The school board of the district of record may authorize a petty cash fund for the consortium in an amount commensurate with the established need, but not to exceed three hundred dollars ($300).

(g) Employment of personnel. The consortium board of directors shall recommend establishment of positions and individuals for appointment to the district of record. Formal recommendation and approval of personnel shall be accomplished in accordance with statutory authority. Personnel shall be employed under the salary schedule and personnel policies of the district of record and shall be deemed to be public employees of the district of record. Where personnel are employed in an instructional capacity, contract status shall be consistent with provisions of Section 231.36(9), Florida Statutes. For the purpose of determining the ratio of administrators to teachers as required in Section 229.565(2)(f), Florida Statutes, personnel of the consortium shall be counted on a prorated basis among member districts based on previous final unweighted FTE.

(h) Physical property. Ownership and control of any physical property shall be vested in the district of record. The district of record may acquire such property and charge the consortium a negotiated use charge. The consortium may advance all or part of the acquisition price to the district of record.

(i) Allocation of common costs. Common costs are defined as those costs which are applicable to all consortium activities or to all users of certain products or services. The consortium board of directors shall recommend to the district of record equitable bases for the allocation of common costs. These bases shall be used in billing cooperative districts for common costs or in establishing pricing for products and services. The consortium board of directors shall recommend pricing adjustments as necessary to achieve break-even status.

Specific Authority 229.053(1), 230.23(4)(j), (12) FS. Law Implemented 229.053(2)(h), (i), (j), 230.23(4)(j), (12) FS. History–New 2-20-64, Amended 9-17-72, Repromulgated 12-5-74, Amended 6-9-81, 9-27-84, Formerly 6A-1.99, Amended 5-26-02.

6A-1.09941 State Uniform Transfer of High School Credits.

The purpose of this rule is to establish uniform procedures relating to the acceptance of transfer work and credit for students entering Florida’s public schools. The procedures shall be as follows:

(1) Credits and grades earned and offered for acceptance shall be based on official transcripts and shall be accepted at face value subject to validation if required by the receiving school’s accreditation. If validation of the official transcript is deemed necessary, or if the student does not possess an official transcript or is a home education student, credits shall be validated through performance during the first grading period as outlined in subsection (2) of this rule.

(2) Validation of credits shall be based on performance in classes at the receiving school. A student transferring into a school shall be placed at the appropriate sequential course level and should have a minimum grade point average of 2.0 at the end of the first grading period. Students who do not meet this requirement shall have credits validated using the Alternative Validation Procedure, as outlined in subsection (3) of this rule.

(3) Alternative Validation Procedure. If validation based on performance as described above is not satisfactory, then any one of the following alternatives shall be used for validation purposes as determined by the teacher, principal, and parent:

(a) Portfolio evaluation by the superintendent or designee;

(b) Written recommendation by a Florida certified teacher selected by the parent and approved by the principal;

(c) Demonstrated performance in courses taken through dual enrollment or at other public or private accredited schools;

(d) Demonstrated proficiencies on nationally-normed standardized subject area assessments;

(e) Demonstrated proficiencies on the FCAT; or

(f) Written review of the criteria utilized for a given subject provided by the former school.

Students must be provided at least ninety (90) days from date of transfer to prepare for assessments outlined in paragraphs (3)(d) and (e) of this rule if required.

Specific Authority 1003.25(3) FS. Law Implemented 1003.25(3) FS. History–New 8-28-00, Formerly 6-1.099, Amended 9-22-03.
6A-1.0995 Form of High School Diplomas and Certificates of Completion.
Pursuant to Sections 232.246(4) and 232.247, Florida Statutes, the form of the Standard Diploma, the Special Diploma, the Certificate of Completion and the Special Certificate of Completion shall contain the wording and be in the form prescribed herein.

(1) Standard Diploma:

Name of School  
City, State  
Florida  
Seal  
This certifies that  
(Name of Student)

having satisfactorily completed all requirements of law and standards for high school graduation as prescribed by the State Board of Education and the District School Board is hereby awarded this DIPLOMA

by order of the ________ County District School Board

_________________  
Superintendent  
of Schools

_________________  
Chairman,  
School Board

_________________  
Principal

(2) Special Diploma:

Name of School  
City, State  
Florida  
Seal  
This certifies that  
(Name of Student)

having satisfactorily completed all requirements of law and standards for high school graduation prescribed for exceptional students by the State Board of Education and the District School Board is hereby awarded this DIPLOMA

by order of the ________ County District School Board

_________________  
Superintendent  
of Schools

_________________  
Chairman,  
School Board

_________________  
Principal

(3) Certificate of Completion:

Name of School  
City, State  
Florida Seal  
This certifies that  
(Name of Student)

having completed the minimum number of credits for high school graduation and other applicable requirements prescribed by the rules of the District School Board, is hereby awarded this CERTIFICATE OF COMPLETION

by order of the ________ County District School Board

_________________  
Superintendent

_________________  
Chairman,
CERTIFICATE OF COMPLETION

(4) Special Certificate of Completion:

Name of School
City, State
Florida
Seal
This certifies that
(Name of Student)

having completed the minimum number of credits for high school graduation prescribed for exceptional students and other applicable requirements prescribed by the rules of the District School Board, is hereby awarded this

CERTIFICATE OF COMPLETION

by order of the ________ County District School Board

(Date of Award)

Superintendent
of Schools

Chairman,
School Board

Principal

(5) School boards electing to award differentiated diplomas in lieu of the Standard Diploma as authorized in Section 232.246(4), Florida Statutes, may place on the Standard Diploma a seal to indicate the type of differentiation. Seals given in recognition of outstanding scholastic achievement may also be placed on the face of the Standard Diploma.

(6) Each district school board shall produce or have produced the Diplomas and Certificates of Completion in the quantity and as needed to be awarded to the students in the public schools of that district. Any person producing copies shall, pursuant to Section 15.03(3), Florida Statutes, and Chapter 1C-5, F.A.C., secure approval from the Department of State to print the State Seal on such copies.

(7) The Commissioner is authorized, upon written request from any district school board, to approve modification in the form or format of the diplomas or certificates prescribed herein; however, such modification shall not substantively alter the content or the wording of the diplomas or certificates.

6A-1.0997 Settlement of Area and Attendance Disputes Between County School Boards.

(1) Notice and Procedures. When school boards of adjoining districts cannot come to a cooperative agreement to establish school attendance areas or other matters as described in Section 230.23(4)(d), Florida Statutes, then one (1) or both of the districts may submit the matter to the Department of Education, by letter to the Commissioner of Education, for resolution pursuant to Section 230.23(4)(d).3., Florida Statutes, under the procedures of Section 120.57, Florida Statutes.

(2) Criteria. In formulating decisions to effect attendance areas and attendance agreements between or among school districts, the Commissioner shall consider the following criteria before issuing any binding conditions of agreement:

(a) Compliance with applicable law and State Board of Education rules;
(b) Health, safety and welfare of affected students;
(c) Educational benefits of the decisions as related to the affected students;
(d) Impact upon affected parents/guardians;
(e) Impact on affected districts’ revenues and educational programs; and
(f) Impact on state revenues.

Specific Authority 230.23(4)(d)3. FS. Law Implemented 230.33(6)(a), (d), 230.23(4)(a), (d)1., 2., 3. FS. History–New 4-3-90.

6A-1.0998 Standards for Indicating Progress Toward the State Education Goals.

Standards and outcomes are specified for each state education goal in the publication entitled, “Blueprint 2000, A System of School Improvement and Accountability,” as approved by the State Board of Education. The standards identify what is required to meet the goals and the outcome statements are the components that further explain the standards. These standards and outcomes are
 hereby incorporated by reference and made a part of this rule. Copies of the publication may be obtained from the Florida Commission on Education Reform and Accountability, Department of Education, The Florida Education Center, Tallahassee, Florida 32399.

6A-1.09981 Implementation of Florida’s System of School Improvement and Accountability.

(1) Policy Guidance. Accountability for student learning is the key focus of Florida’s system of school improvement. Results from the statewide assessment program required by Section 1008.34, Florida Statutes, shall form the basis of Florida’s system of school improvement and accountability. Student achievement data from the Florida Comprehensive Assessment Test (FCAT) in grades 3-10 shall be used to establish both proficiency levels and annual progress for individual students, schools, districts, and the state. Results shall further be used as the primary criteria in calculating school performance grades as specified in subsection (5) of this rule, school rewards and recognition, and performance-based funding and shall be annually reported. The statewide assessment program shall be used to measure the annual learning gains of each student toward achievement of the Sunshine State Standards appropriate for the student’s grade level and to inform parents of the educational progress of their public school children as specified by Section 1008.34(1), Florida Statutes.

(a) Full Implementation of Accountability System in School Year 2001-2002 and thereafter. Beginning in school year 2001-2002, the school accountability system will be considered to be fully implemented with the following accountability elements.

1. Designation of school performance grades shall be based on a combination of:
   a. Student achievement scores, based on FCAT reading and mathematics assessments in grades 3-10 and FCAT writing assessments in grades 4, 8, and 10;
   b. Annual student learning gains as measured by FCAT reading and mathematics assessments in grades three (3) through ten (10); and
   c. Improvement of the FCAT reading scores of students in the lowest twenty-five (25) percent of each grade, aggregated for each school, unless they are performing above satisfactory, defined as FCAT Achievement Levels 4 and 5.

2. School improvement ratings shall be based on the school’s performance grade in the current year compared to the previous year. School improvement ratings shall not be used in the designation of school grades.

3. Schools designated as Performance Grade “C” or above shall be required to demonstrate that adequate progress in reading, defined as annual learning gains in paragraph (5)(b) of this rule, has been made by the lowest twenty-five (25) percent of students in the school who scored at or below FCAT Achievement Level 3, based on their previous year’s FCAT score. The minimum requirement for adequate progress is deemed to be met when at least fifty (50) percent of such students make learning gains as defined in paragraph (5)(b) of this rule. If the minimum requirement for adequate progress in reading among the lowest twenty-five (25) percent of students in the school is not met, the School Advisory Council shall amend its School Improvement Plan to include a component for improving learning gains of the lowest performing students. If a school otherwise designated as Performance Grade “B” or “C” does not make adequate progress, demonstrate learning gains for at least half of the lowest performing students, in at least one (1) of two (2) consecutive years, the final Performance Grade designation shall be reduced by one (1) letter grade. No school shall be designated as Performance Grade “A” unless the adequate progress criterion in reading, learning gains for at least half of the lowest performing students, is met each year.

4. To ensure that student data accurately represent school performance, schools shall be required to assess at least ninety (90) percent of their eligible students to qualify for a School Performance Grade of D, C, or B and at least ninety-five (95) percent to qualify for an A.

5. Statewide assessment results shall be publicly reported and shall include a comparison of the achievement of Florida students to the national average through the use of norm-referenced subtests in reading and mathematics.

6. Schools designated School Performance Grade A and schools improving at least one (1) performance grade designation shall be eligible for school recognition and awards.

7. Schools designated School Performance Grade A and schools improving at least two (2) performance grades shall be eligible for deregulated status and increased budget authority.

8. Intensive assistance and intervention, including on-site assistance, preference for awarding grants, and priority for other discretionary funds as specified in subsections (9), (10), and (11) of this rule, shall be provided to schools designated School Performance Grade F and School Performance Grade D. Renegotiation of bargained contracts as specified in subsection (9) of this rule may be provided to schools designated School Performance Grade F.

(b) In an effort to promote the continuous improvement of each student and each school within the state every school year, accountability reports shall be reflective of the data available for each year.

(2) School Accountability for Student Performance. All schools shall be accountable for performance relative to the Student Performance Goal stated in Section 1008.345, Florida Statutes. Each school is accountable for the performance of its entire student population. Student achievement data from the FCAT shall be used to measure a school’s student performance for the subject areas of reading, mathematics, and writing. The FCAT levels in the performance criteria in subsection (5) of this rule are those specified in Rule 6A-1.09422, F.A.C., for the year in which achievement data are used for accountability. In addition, the FCAT assessment
shall include a norm-referenced subtest that shall be used to report student achievement as compared to national norms. Schools shall report student achievement scores on these subtests to parents. Student achievement data on norm-referenced subtests shall not represent progress toward the Sunshine State Standards and shall not be used in designating school performance grades, but may be used to validate the reasonableness of the improvements demonstrated for the purpose of designating a school performance grade as described in this rule.

(3) Reporting Student Achievement Data for School Accountability. Student achievement data shall be reported for all students in a school as specified by Section 1008.22, Florida Statutes. Each year reports of achievement data for all students shall be prepared for each school, the district, and the state. For the purpose of assigning school performance grades, each school’s aggregate achievement data shall be based on:

(a) The scores of all students enrolled in standard curriculum courses including the scores of students who are speech impaired, gifted, hospital homebound, and Limited English Proficient (LEP) students who have been in an English for Speakers of Other Languages (ESOL) program for more than two (2) years.

(b) In addition, only the scores of those students who are enrolled in the second period and the third period full-time equivalent student membership survey as specified in Rule 6A-1.0451, F.A.C., shall be included.

(c) The Commissioner is authorized to designate a single school performance grade for schools that serve multiple levels: elementary and/or middle and/or high school grade levels.

(d) The Commissioner will issue guidelines regarding which school types shall receive school performance grades. The accountability contact person, as specified in paragraph (9) of this rule, is responsible for verifying that each school is appropriately classified by type before the issuance of school grades. The Commissioner shall periodically review the criteria for including students in the calculation of School Performance Grades, including students in alternative and Department of Juvenile Justice facilities.

(4) School Performance Grades. The measure of school accountability shall be the school performance grade. The Commissioner is authorized to designate a school performance grade for each school that:

(a) Has at least thirty (30) eligible students with valid FCAT assessment scores in reading in both the current and the previous years, and

(b) Has at least thirty (30) eligible students with valid FCAT assessment scores in math in the current and previous years.

School performance grade designations shall be made in the summer of each school year. Performance designations shall be made using School Performance Grades A, B, C, D, and F, as specified in Section 1008.34(2), Florida Statutes. School performance grades shall be based on the assessments and criteria as specified in subsection (5) of this rule. The Commissioner is authorized to establish appropriate achievement level criteria in newly assessed grade levels for submission to the State Board for final approval.

(5) Criteria for Designating School Performance Grades. School performance grades shall be designated in the summer of each year and shall be based on a combination of the following three components, as specified in Section 1008.34(3), Florida Statutes:

(a) Student achievement scores, aggregated for each school, which indicate the percent of eligible students who score at or above FCAT Achievement Level 3 in reading and math and the percent of students who score “3” or higher averaged with the percent who score “3.5” or higher on the FCAT writing assessment;

(b) Annual learning gains, aggregated for each school, which indicate the percent of eligible students who have:
   1. Improved their FCAT Achievement Level from one (1) year to the next, or
   2. Maintained their Achievement Levels within levels 3, 4, or 5 from one (1) year to the next, or
   3. Remained within FCAT Achievement Levels 1 or 2, but who demonstrated more than one (1) year’s growth on the FCAT developmental scale. The Department of Education has identified the scores in the following table as representing one (1) year’s growth.

Students whose FCAT Achievement Level declines from one (1) year to the next shall not be deemed to have made annual learning gains. The annual learning gains calculation shall be based on students who have a valid FCAT reading and/or math score in both the current and previous year, and who take a higher grade level test in the current year than in the previous year.

(c) Improvement of the lowest twenty-five (25) percent of students in reading in each grade, as defined in paragraph (5)(b) of this rule, shall be aggregated for each school, unless the students so designated are performing above proficiency, defined as FCAT Achievement Levels 4 and 5.

(6) Procedures for Calculating School Performance Grades. The overall Performance Grade of A, B, C, D or F for school years 2001-2002 and thereafter, as designated in Section 1008.34(2), Florida Statutes, shall be based on the sum of the following six (6) school grade point elements:

(a) One (1) point for each percent of students who score at or above FCAT Achievement Level 3 in reading;

(b) One (1) point for each percent of students who score at or above FCAT Achievement Level 3 in mathematics;
The percent of students reflected in each of the six (6) school grade point elements defined in paragraphs (6)(a) through (f) of this rule shall be expressed to the nearest whole number. In the event that a school does not have at least thirty (30) eligible students tested in writing, the district average in writing as defined in paragraph (6)(c) of this rule shall be substituted. In the event that a school does not have at least thirty (30) students in the lowest twenty-five (25) percent in reading as defined in paragraph (5)(c) of this rule, the lowest performing thirty (30) students at or below proficiency, defined as FCAT Achievement Levels 1, 2, and 3, will be used. In the event there are still not thirty (30) qualified students in the lowest achieving group, the grade point element defined in paragraph (6)(d) of this rule shall be substituted for the grade point element defined in paragraph (6)(f) of this rule.

(7) School Performance Grading Scale. The School Performance Grade shall be based on the sum of the six (6) grade point elements as defined in paragraphs (6)(a) through (f) of this rule and shall be scaled to reflect school performance, learning gains and improvement of the lowest twenty-five (25) percent beginning with the 2001-2002 school year, as required by Section 1008.34(1), Florida Statutes. In addition to the requirements in subsection (5) of this rule for minimum percent of students tested, the following scale shall be applied:

(a) At least 410 school grade points shall be required for a School Performance Grade of A.
(b) At least 380 school grade points shall be required for a School Performance Grade of B.
(c) At least 320 school grade points shall be required for a School Performance Grade of C.
(d) At least 280 school grade points shall be required for a School Performance Grade of D.
(e) If a school accumulates fewer than 280 school grade points, it shall be assigned a School Performance Grade of F.

(8) Planned System Enhancements. As indicated in this subsection, planned enhancements will occur in Florida’s System of School Improvement and Accountability. The Commissioner of Education will periodically recommend additional changes to the system to the State Board of Education as necessary to ensure that continuous improvements are made in the educational programs of the state.

(a) The points earned for writing defined in paragraph (6)(c) of this rule will be based on the percent of students who score “3” or higher on the FCAT writing assessment for School Performance Grades determined in 2004-05 and 2005-06. For the School Performance Grades determined in 2006-07 and beyond, the points earned for writing defined in paragraph (6)(c) of this rule will be based on the percent of students who score “3.5” or higher on the FCAT writing assessment.

(b) Beginning with the performance grades to be issued in 2004-05, the students eligible to be included in the system, described in paragraph (3)(a) of this rule, will be expanded to include all students, regardless of disability or limited English proficiency classification, with valid FCAT assessment scores in reading in both the current year and the previous year. Inclusion of these students will be applied to paragraph (1)(a)4., regarding the percent tested, and to paragraphs (6)(d), (e) and (f), regarding the determination of student learning gains, of this rule.

(c) Science will be added as an additional category of performance beginning in 2006-07. For this category of achievement, schools will earn one (1) point for each percent of students who score at or above Achievement Level 3, proficient, as will be recommended by committees of educators and approved by the State Board of Education during 2005-06.

(9) Accuracy and Representativeness of Performance Data. The Commissioner will review all information submitted by school districts to represent the performance of schools receiving a school performance grade.

(a) Each school district superintendent shall designate a school accountability contact person to be responsible for verifying that each school is appropriately classified by type, verifying student data indicators and eligibility for inclusion and exclusion in school grade calculations, and reconciling student test answer documents that do not match survey three membership records prior to the issuance of school grades. Student eligibility changes may include, but are not limited to, officially recorded test invalidations, Exceptional Student or Limited English Proficient Student status changes made prior to testing, and school withdrawals made prior to testing. All changes in student eligibility for school grade calculations shall be made prior to the issuance of school grades and must be accompanied by written documentation deemed appropriate by the Department. Each school district shall be responsible for providing all related information to the Department within the time limits specified by the Commissioner.

(b) Unless performance data can be determined to accurately represent the progress of the school, the Commissioner is authorized to withhold the designation of a school’s performance grade or designate the school in a lower performance grade. If less than ninety (90) percent of the school’s student population eligible for inclusion in the designation of the school’s performance grade were assessed, the school’s performance grade shall be designated incomplete (I) for at least thirty (30) days or until the data are determined by the Commissioner to accurately represent the performance of the school. In the event that the percent tested
remains less than ninety (90) percent, the final performance grade will be one letter grade lower than indicated by the points described in subsection (7) of this rule or will be a grade determined by the Commissioner of Education to accurately represent the performance of the school.

(c) After the initial issuance of school performance grades, the school district shall have at least thirty (30) days to review the data on which the performance grade was based. If the school district determines that a different performance grade should be assigned because of the omission of student data, a data miscalculation, or special circumstances that might have affected the grade assigned, a request for a state review of the data can be submitted. Changes to the criteria or process described in paragraph (9)(a) will not be considered as part of this review and must be addressed as described therein. Appropriate documentation of all elements and data to be reviewed by the Department must be submitted within the time limits specified by the Commissioner.

The Commissioner’s determination of a school’s performance grade shall be final.

(10) Rewards and Recognition. Schools must have a designated school performance grade to participate in the Florida School Recognition Program as authorized by Section 1008.36, Florida Statutes. Schools designated School Performance Grade A and schools that have improved at least one (1) performance grade from the previous school year are eligible for school recognition and financial awards.

(a) Schools designated School Performance Grade A and schools that have improved at least two (2) performance grades may be given deregulated status as specified in Sections 1003.63(5), (7), (8), (9), and (10), Florida Statutes. Districts shall develop guidelines for the implementation of this provision and shall provide deregulated status to eligible schools that request it. The school advisory council and principal of an eligible school seeking waivers from state statutes shall submit requests as specified in Sections 1003.63(7)(a) and (b), Florida Statutes. The school’s deregulated status shall remain in effect as long as the school abides by the provisions of Sections 1003.63(5), (7), (8), (9), and (10), Florida Statutes, or unless the school’s performance grade declines.

(b) Schools designated School Performance Grade A and schools that have improved at least two (2) performance grades shall have greater authority over the allocation of the school’s total budget. Local school boards shall adopt policies in accordance with Section 1001.42(17)(d), Florida Statutes, which grant schools greater authority over the allocation of the school’s total budget, including, but not limited to, allocation of instructional staff and the acquisition of instructional materials, equipment, and technology. The school’s total budget includes funds generated from the FEFP, state categoricals, lottery funds, grants, and local funds. The policies shall provide for approval of a school’s written proposal as long as the proposal remains within the school’s total budget, specifies the areas in which the school will have administrative and fiscal autonomy, specifies the areas in which the school will follow school district fiscal and administrative policies, and is consistent with the school’s deregulated status.

(11) Assistance and Intervention for Schools Designated School Performance Grade F or School Performance Grade D. Assistance and intervention plans shall be provided for each school designated School Performance Grade F and School Performance Grade D.

(a) Assistance for Schools Designated School Performance Grade F or School Performance Grade D. Each school designated School Performance Grade F shall develop its school improvement plan in collaboration with the school advisory council, school board and the Department. The school improvement plan shall take into account the unique demographic characteristics of the school. The school board shall have final approval of the plan. Each school designated School Performance Grade F or School Performance Grade D shall receive specific assistance and interventions, including additional resources if needed, from the district school board as provided in Section 1001.42(16)(c), Florida Statutes. The district’s two-year plan of increasing individualized assistance and intervention for each school designated School Performance Grade F or School Performance Grade D shall be approved by the school board. Assistance shall be provided to each designated school in the district at increasingly intensive levels as long as the school continues to be so designated. For the purpose of documenting compliance with Section 1001.42(16)(c), Florida Statutes, school boards shall provide to the Department annually a copy of the approved assistance and intervention plan for each school designated School Performance Grade F in the district.

(b) The Commissioner is authorized to give preference to schools designated School Performance Grade F and School Performance Grade D in awarding federal and state grants designed to improve student achievement. The Department shall give priority to School Performance Grade F and School Performance Grade D schools in providing school improvement assistance and resources. The Department will identify demographically similar, but higher performing, schools in the state for possible assistance.

(c) The local school board is authorized to declare an emergency in order to negotiate special provisions of its contract with appropriate bargaining units to implement programs and strategies needed to improve student performance as specified in Section 1001.42(19), Florida Statutes.

(12) State Board of Education Action for Schools Designated Performance Grade F. A process for invoking State Board of Education action shall be implemented if, during any two (2) years out of a four (4) year period, a school is designated School Performance Grade F. The Commissioner shall coordinate the process and ensure that members of the State Board of Education are informed of recommendations for action regarding schools failing to make adequate progress. This process shall include the following steps:
STEP 1: Within thirty (30) days after the school has been notified by the Department that it has been designated School Performance Grade F for the second year in a four-year period, the district school board chair, the superintendent, the school advisory council chair, and the school principal shall submit a written report to the Commissioner. The report shall outline the steps taken to remedy the inadequate performance and identify causes for continued failure to make adequate progress. The Commissioner shall provide the report to the State Board of Education and may include recommendations.

STEP 2: The State Board of Education shall review the school’s performance data, including data reported as required in subsection (3) of this rule and Rule 6A-1.09982, F.A.C. The State Board of Education shall, if necessary, collect additional information on which to make a decision and may require the school district superintendent to provide additional written or verbal information.

STEP 3: Based on an analysis of all reports and data including a thorough consideration of the unique characteristics of the school, and after the district and school are given an opportunity to respond to any new information, the State Board of Education shall formally determine the degree of progress made by the school. Pursuant to this determination and recommendations of the Commissioner, the State Board of Education shall take action as authorized in Section 1008.33(2), Florida Statutes.

STEP 4: If the school board fails to comply with the actions recommended by the State Board of Education, within the time specified in said action, the school district’s lottery funds shall be withheld unless the school board can justify its noncompliance to the State Board’s satisfaction. If the State Board accepts a district’s justification for noncompliance, the State Board may amend its recommended actions, or extend the time allowed for compliance.

(13) State Board of Education Review of Schools Designated Performance Grade D. A process for invoking State Board of Education review may be initiated by the Commissioner if, during any two (2) years out of a four (4) year period, a school is designated School Performance Grade D. The Commissioner is authorized to require the school and district to report to the State Board of Education for an instructional review and action as authorized in Section 1001.42(16)(d), Florida Statutes.

(14) Responsibilities of Schools Performing at School Performance Grade C and Above. Schools determined to be performing at School Performance Grade C and above shall continue identifying needs, developing school improvement plans, and defining goals for improved performance without required State Board of Education intervention and assistance. These schools shall continue to assess and report progress on the goals as required by Sections 1008.34(1) and 1001.42(16)(e), Florida Statutes, and Rule 6A-1.09982, F.A.C.

(15) Measures of Student Performance. The Department shall develop statewide assessments designed to measure student performance based on the following four standards to achieve the goal set forth in Section 1001.03(1), Florida Statutes, with special emphasis on reading, writing, and mathematics as defined in Rule 6A-1.09401, F.A.C., in the “Sunshine State Standards 1996” as incorporated by reference. Beginning in school year 2002-2003, science will be added as a subject area for special emphasis.

(a) Florida students communicate in English and other languages using information, concepts, prose, symbols, audio and video recordings, speech, graphic displays, and computer-based programs.

(b) Florida students communicate in English and other languages using information, concepts, prose, symbols, audio and video recordings, speech, graphic displays, and computer-based programs.

(c) Florida students use numeric operations and concepts to describe, analyze, disaggregate, communicate, and synthesize numeric data, and to identify and solve problems.

(d) Florida students use creative thinking skills to generate new ideas, make the best decisions, recognize and solve problems through reasoning, interpret symbolic data, and develop efficient techniques for lifelong learning.

Specific Authority 1001.02, 1008.22, 1008.33, 1008.345 FS. Law Implemented 1000.03, 1001.42, 1003.63, 1008.33, 1008.34, 1008.345, 1008.36 FS. History–New 10-11-93, Amended 12-19-95, 3-3-97, 1-24-99, 2-2-00, 2-11-02, 12-23-03.

6A-1.09982 Reporting Requirements for School Improvement and Accountability.

(1) Each district school board is responsible for developing and implementing procedures for schools to use when issuing annual school reports. Each school must distribute a school public accountability report to all parents, guardians, and adult students and make it available to the general community upon request. Reports shall be distributed no later than December 15, 1996, and on or before November 15 in each year thereafter. The reports shall follow a uniform district-wide format that is easy to read and understand. The school advisory council report for each school shall contain data for school improvement planning and must be made available to the general public upon request.

(2) The school public accountability report must include:

(a) The key data elements contained in the report entitled Florida’s System of School Improvement and Accountability which was approved by the State Board of Education in June 1995. These data elements are hereby incorporated by reference and made a part of this rule. Data will be reported by school, district and state levels where applicable. Beginning with 1996-97 school year data and each year thereafter, the report shall provide assessment data on the school’s progress in eight goal areas by including, where applicable, school, district and state current levels of performance on the following indicators:

1.a. Goal. Readiness to start school. Communities and schools collaborate to prepare children and families for children’s success in school.
b. Indicator. Number and percentage of students meeting the expectations of the state for school readiness as determined by a formal observation of each kindergarten student using an instrument that meets guidelines developed by the Department of Education.

2. Goal. Graduation rate and readiness for postsecondary education and employment. Students graduate and are prepared to enter the workforce and postsecondary education.
   a. Indicator. Number and percentage of students who graduate from high school as defined in Section 232.2468, Florida Statutes.
   b. Indicator. Number and percentage of students sixteen (16) years or older who were reported as dropouts at the end of each school year.
   c. Indicator. Number and percentage of students who meet the state levels in reading, writing, and mathematics for placement into college-level courses.
   d. Indicator. Number and percentage of graduates who are employed, enrolled in postsecondary programs, or enlisted in the military using the most recently available data.

3.a. Goal. Student performance. Students successfully compete at the highest levels nationally and internationally and are prepared to make well-reasoned, thoughtful, and healthy life-long decisions.
   b. Indicator. Student performance results on state-designated external student assessments at various grade levels, including Florida Writes!, the High School Competency Test, and locally administered norm-referenced tests at grades four (4) and eight (8).

   a. Indicator. Results of an annual locally-administered school learning environment survey.
   b. Indicator. Number and percentage of teachers and staff who are new to the school at the beginning of each school year.
   c. Indicator. Number and percentage of students absent eleven (11) to twenty (20) days and twenty-one (21) or more days each year.
   d. Indicator. Average number of days teachers and administrators were not in attendance at the school for reasons classified as personal leave, sick leave, and temporary duty elsewhere.

5.a. Goal. School safety and environment. Communities provide an environment that is drug-free and protects students’ health, safety, and civil rights.
   b. Indicator. Number and percentage of incidents of violence, weapons violations, vandalism, substance abuse, and harassment on the bus, on campus, and at school-sponsored activities.

6. Goal. Teachers and staff. The schools, districts, and state ensure professional teachers and staff.
   a. Indicator. Number and percentage of classes taught by out-of-field teachers.
   b. Indicator. Number and percentage of teachers, administrators, and staff who receive satisfactory annual evaluations based on the district assessment system.
   c. Indicator. Number and percentage of teachers in the school who have earned degrees beyond the bachelor’s level.

7.a. Goal. Adult literacy. Adult Floridians are literate and have the knowledge and skills needed to compete in a global economy and exercise the rights and responsibilities of citizenship.
   b. Indicator. Number of adult students served by the district earning a State of Florida High School diploma either by earning credits and taking the High School Competency Test or taking and passing the General Education Development tests.

8.a. Goal. Parental involvement. Communities, school boards, and schools provide opportunities for involving parents and guardians as active partners in achieving school improvement and education accountability.
   b. Indicator. Number and percentage of school advisory council members by membership type and racial/ethnic category.
   (b) A summary of the school improvement plan results.
   (c) A notice of the availability of the school advisory council report.
   (d) The amount of Education Enhancement Trust Funds received and allocated by the district and by the school, and how and for which programs such allocations were used for educational enhancement and supporting school improvement. The total Education Enhancement Trust Funds received by a school shall also be reported on a per unweighted FTE basis.
   (e) Schools operating vocational and technical education programs will also report data as required by Section 239.233, Florida Statutes.

(3) The school advisory council report must include:
   (a) For the 1995-96 school year data, the key and available data elements disaggregated by gender and race/ethnic subpopulation where appropriate, beginning with available 1992-93 data and, where applicable, by school, district, and state levels.
   (b) Beginning with 1996-97 school year data, all of the information contained in the school public accountability report disaggregated by gender and race/ethnic subpopulation and, where applicable, by school, district, and state levels.

6A-1.09983 Fees for Programs and Classes Not Part of Required Public Schools.
Each school board may authorize fees in support of the schools and programs that are established pursuant to Section 228.061(4), Florida Statutes. Such fees shall be set in amounts which will recover the cost of providing such programs after deducting any state and federal funding provided for the programs. All fees established by the school board pursuant to this rule and to the fee authority granted by Section 228.061, Florida Statutes, shall be paid to the district school board and included with program expenditures in the board’s budgetary accounts.

CHAPTER 6A-3 TRANSPORTATION

6A-3.001 Basic Principles for Transportation of Students.

(1) Where it is practicable to provide improved transportation service and school facilities for students from an area in adjoining districts, district lines shall not interfere with the designation of a school attendance area composed of areas of two (2) or more districts. It shall be the duty of school boards and superintendents of the districts involved to develop a plan which will issue the children of the area adequate school advantages. Students shall not be transported at public expense across district lines unless an annual agreement exists between the respective school boards. This agreement shall outline the responsibility of each district for

6A-3.037 Alternate Engine Fuels for School Buses.
providing school facilities, including transportation, and specify which district shall have exclusive responsibility for providing and operating the equipment. Unless the agreement shall stipulate otherwise, the rules and regulations of the district in which the bus is traveling shall be observed.

(2) All school bus routes shall be so planned and adjusted to the capacities of available equipment and school buses should be so chosen and assigned to routes and attendance areas that insofar as practicable the full capacity of each bus will be utilized, without standees, to serve students whose homes are beyond reasonable walking distance of the assigned public school center.

(3) A reasonable walking distance for any student who is not otherwise eligible for transportation pursuant to Section 236.083, Florida Statutes, is any distance not more than two (2) miles between the home and school or one and one-half (1 1/2) miles between the home and the assigned bus stop. Such distance shall be measured from the closest pedestrian entry point of the property where the student resides to the closest pedestrian entry point of the assigned school building or to the assigned bus stop. The pedestrian entry point of the residence shall be where private property meets the public right-of-way. The district shall determine the shortest pedestrian route whether or not it is accessible to motor vehicle traffic.

Specific Authority 229.053(1) FS. Law Implemented 230.23(8), 230.33(10), 234.01, 236.083 FS. History–Amended 3-26-66, 9-17-72, Revised 7-20-74, Repromulgated 12-5-74, Formerly 6A-3.01, Amended 3-12-86, 11-15-94.

6A-3.003 Certification as to Specifications of School Buses.

(1) Before any manufacturer, distributor or dealer may offer for sale or lease any school bus chassis or bodies to be used for the transportation of students to public schools of Florida, such manufacturer, distributor or dealer shall:

(a) File with the Deputy Commissioner for Planning, Budgeting and Management complete specifications for each chassis and body model, including blueprints when requested.

(b) File with the Deputy Commissioner for Planning, Budgeting and Management a certified statement that any school bus chassis or body sold by such manufacturer, distributor or dealer will meet all Federal Motor Vehicle Safety Standards, National Standards for School Buses and Florida School Bus Specifications prescribed for school buses for use in Florida.

(c) Submit to the Deputy Commissioner for Planning, Budgeting and Management or his authorized representative upon request, for the purpose of examination, a demonstrator model, or parts thereof, of each type of chassis or body model to be offered for sale. Such examination shall be for the purpose of ascertaining whether the respective chassis or body model meets the specifications, including quality standards, required by the State Board.

(2) Upon examining the specifications or the demonstrator chassis or body model, the Deputy Commissioner for Planning, Budgeting and Management shall maintain a list of each chassis or body model that meets Florida school bus requirements. The Deputy Commissioner for Planning, Budgeting and Management or his authorized representative shall furnish, upon request, superintendents a list of all chassis and body companies offering equipment for sale in Florida that meets the minimum specifications of the State Board.

(3) Insofar as practicable, the Deputy Commissioner for Planning, Budgeting and Management or his authorized representative shall make periodic inspection of school bus chassis and bodies delivered to school boards for the purpose of determining if applicable specifications and quality standards have been met. Should it be determined that any chassis or body delivered to a school board does not meet the standards approved by the State Board, including equipment specified, the manufacturer, distributor or dealer shall make satisfactory corrections as prescribed by the Deputy Commissioner for Planning, Budgeting and Management or authorized representative. The Deputy Commissioner for Planning, Budgeting and Management and the district receiving such equipment shall refuse further approval of bids submitted by the manufacturer, distributor and dealer or representative until satisfactory corrections are made.

Specific Authority 229.053(1), 234.051 FS. Law Implemented 234.051 FS. History–Amended 7-20-74, Repromulgated 12-5-74, Formerly 6A-3.03, Amended 11-15-94.

6A-3.006 Pool Purchase Plan for Purchase of Equipment and Contractual Needs; Department of Management Services, Division of Purchasing Authorized to Negotiate Contracts.

(1) The Deputy Commissioner for Planning, Budgeting and Management is authorized and directed to coordinate a pool plan for the purchase of transportation equipment as provided by Section 229.79, Florida Statutes. Commitments to purchase school buses, equipment, supplies and contractual needs through a pool shall be solicited from school boards and such commitments, when included in the pool, shall become an obligation of the school board to buy.

(2) Form ESE 232, Pool Purchase Commitment for School Buses is incorporated by reference in this rule to become effective August, 1986. This form may be obtained from the Administrator of School Transportation Management Section or Information Services and Accountability, Division of Planning, Budgeting and Management, Department of Education, The Florida Education Center, Tallahassee, Florida 32399.

(3) The Deputy Commissioner for Planning, Budgeting and Management or authorized representative shall request bids for equipment by number and size on the basis of the commitments submitted in subsection (1) above; provided, that should it appear, in the judgment of the Deputy Commissioner for Planning, Budgeting and Management after a review of the overall competitive situation, that the interest of the districts would best be served by negotiation, the Deputy Commissioner for Planning, Budgeting and Management may request the Department of Management Services, Division of Purchasing to negotiate with the industry to
establish a price or prices under Chapter 287, Florida Statutes. Special equipment not included in the bid specifications but approved by the Deputy Commissioner for Planning, Budgeting and Management shall be listed and priced separately. The Deputy Commissioner for Planning, Budgeting and Management or authorized representative shall be present at each bid opening. Invitations for bids on chassis or bodies should be sent to representatives of each chassis and body manufacturer whose products have been certified to the Deputy Commissioner for Planning, Budgeting and Management as meeting the specifications of the State Board. The invitation and bid shall be separate for body and chassis unless authorized by the Deputy Commissioner for Planning, Budgeting and Management.

(4) If requested by the Deputy Commissioner for Planning, Budgeting and Management, each dealer submitting bids under a pool plan shall enclose a certified check, bank money order, cashier’s check, or performance bond as a good faith deposit in an amount in keeping with the minimum order, drawn in favor of the State of Florida and the purchasing school districts. The good faith deposit of the successful bidder shall be held until the terms of the purchase contract have been met. The good faith deposit shall be forfeited in full or in part if the contract is not fulfilled, provided that the State Board shall have the right to grant an extension of time if the reason for not meeting the terms of the contract is beyond the control of the successful bidder and to alter the terms of the contract before the deposit is forfeited and deposited as required by law.

(5) The low bid on the complete unit shall be the f.o.b. factory cost of the chassis, plus freight to the body plant, plus f.o.b. factory cost of body, plus cost of approved chassis and body options committed for purchase, plus cost of delivery to destination.

(6) Purchase awards for school buses shall be made upon the basis of two (2) or more bona fide bids.

(7) The period covered by the contract or contracts shall be for such duration and may be renewable as may be determined by the Commissioner as is consistent with needs, availability of materials, and production schedules, and shall provide that within a reasonable period the equipment shall be made available to other school boards and state agencies in compliance with the provisions of Section 229.79 and Chapter 287, Florida Statutes.

(8) Ceiling prices, when established by the Department of Management Services, Division of Purchasing for transportation equipment may be adjusted by the Division of Purchasing based upon studies of its executive director or on data presented by the Commissioner showing that the competitive situation warrants an adjustment in prices.

(9) Upon acceptance of the pool purchase bid or establishment of a price by negotiation, each participating district shall issue a purchase order or orders for the equipment which it committed to the pool; provided the quantity of such orders may be increased by the school board.

(10) The Deputy Commissioner for Planning, Budgeting and Management shall review and approve purchase orders issued by the respective school boards and all other authorized purchasers of buses from the pool purchase bid for transmittal to the contractors.

(11) A contract for the purchase of school bus chassis, bodies, or equipment may be made upon the basis of bids received by the school board when the price quoted does not exceed the comparable ceiling price established by the most recent state pool purchase plan or bids accepted by the Deputy Commissioner for Planning, Budgeting and Management. In any case, where there is question as to whether ceiling prices are exceeded, the bids shall be forwarded to the Deputy Commissioner for Planning, Budgeting and Management for review and approval before awarding a contract. In all such cases, the Deputy Commissioner for Planning, Budgeting and Management, before approval is given, shall review bids and specifications to determine if laws and rules have been complied with.

(12) The Deputy Commissioner for Planning, Budgeting and Management shall furnish periodic information, showing the lowest prices received, to school boards for guidance in making awards.

(13) The Deputy Commissioner for Planning, Budgeting and Management, upon approval of the Office of Planning and Budgeting in the Executive Office of the Governor, may serve as agent in clearance of pool purchases in the event companies submitting successful bids will not accept purchase orders and warrants for payment of invoices issued by school boards.

Specific Authority 229.053(1), 234.301 FS. Law Implemented 229.79, 230.23(10), 234.301, 237.02(2) FS. History–Amended 3-26-66, Repromulgated 12-5-74, Amended 7-10-85, Formerly 6A-3.06, Amended 8-19-86, 11-15-94, 4-18-96.

(1) The school district shall determine what safety measures shall be used in the transportation of students with special transportation needs, as defined in Sections 236.083(1)(b), (c), and (f), Florida Statutes, including the method of securement or positioning of the student. Such safety measures shall include the designation of roads, bus turning areas, and student stop locations which shall not be left to the discretion of the bus driver or the parents of the student. The district shall provide seat belts meeting Florida School Bus Specifications on any school bus equipped with passenger securement or restraint straps.

(2) The district shall provide bus drivers and attendants instructions, in writing, as to any special conditions or non-medical care which a student may need while on the bus.

(3) School transportation shall not be provided for students with special transportation needs when parents of such students fail to assume their responsibilities as defined by district policy which shall address appropriate supervision at the bus stop.

(4) Responsibility of the school bus driver and attendants, if used, for students with special transportation needs who are transported at public expense:
(a) The driver or attendant of a bus transporting students with special transportation needs shall remain with the bus so that students aboard will be under supervision at all times, except to call for assistance in case of an emergency or accident involving the students or bus.

(b) In cases where a student with physical disabilities is unable to leave the area of a student stop without assistance, the school bus driver shall not assume responsibility for such assistance except in an emergency which threatens the safety of such student or students.

(c) The driver and attendant shall be provided training related to students with special transportation needs while being transported; however, the driver and attendant shall not give medicine and shall limit his other assistance to that which may normally be expected of a reasonable, prudent person or as specified in the student’s Individual Educational Plan.

(5) Responsibilities of parents of students with special transportation needs transported at public expense:

(a) Parents shall provide the necessary assistance and protection for their children while enroute to and from the school bus stop and comply with the school bus schedule. Parents shall provide the necessary supervision of such child at the bus stop in accordance with district policy.

(b) In cases where the physical impairment of a student renders the student unable to get on and off the bus without assistance, parents shall provide the necessary assistance for helping their student get on and off at the bus stop if required by district policy.

(6) Knowledge, skills and abilities related to student management techniques and characteristics of the students with special transportation needs shall be considered when selecting or assigning drivers and attendants for routes serving the students.

Specific Authority 229.053(1) FS. Law Implemented 228.041(19), 230.23(4)(m), 230.2316(4)(b)3., 232.01(1)(e), 234.01 FS. History—New 3-26-66, Amended 9-17-72, Repromulgated 12-5-74, Formerly 6A-3.121, Amended 11-15-94.

6A-3.0141 Employment of School Bus Drivers.

(1) School bus drivers are defined as any persons employed or contracted to the school district to transport prekindergarten through grade 12 students in school buses as defined in Section 1006.25, Florida Statutes.

(2) At the time of initial employment the school board shall assure that the driver of a school bus meets the following requirements:

(a) Has five (5) years of licensed driving experience.

(b) Has submitted to the superintendent a written application for employment in a form prescribed by the school board.

(c) Has filed a set of fingerprints for the purpose of the required background check for determining criminal record.

(3) Form ESE 479, Physical Examination for School Bus Driver and Medical Examiners Certificate is hereby incorporated by reference and made a part of this rule to become effective June 2003. This form may be obtained from the Administrator of School Transportation Management Section or Information Services and Accountability, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(4) Prior to transporting students on a school bus each driver shall meet the following requirements:

(a) Hold a valid commercial driver license with passenger endorsement.

(b) Successfully complete forty (40) hours of preservice training consisting of at least twenty (20) hours of classroom instruction and eight (8) hours of behind-the-wheel training based upon the Department’s Basic School Bus Driver Curriculum which is hereby incorporated by reference and made a part of this rule. This document may be obtained from the Bureau of Career Development, Department of Education, The Florida Education Center, Tallahassee, Florida 32399, at a cost not to exceed actual production and distribution costs.

(c) Demonstrate the ability to prepare required written reports.

(d) Be physically capable of operating the vehicle as determined by physical examination, Form ESE 479, prescribed by the Commissioner and given by a physician designated by the school board and as determined by a dexterity test administered by the school district.

(e) Demonstrate physical and mental capabilities required to carry out all assigned responsibilities as a school bus driver.

(5) A certification of training provided by the Commissioner shall be issued by the district to each driver successfully completing the forty (40) hours of preservice training.

(6) Each district school board shall obtain a driver’s history record from the Department of Highway Safety and Motor Vehicles for each regular school bus driver, substitute driver, or any other individual certified to drive a school bus by the district. The schedule for reviewing these records shall be:

(a) Prior to initial employment;

(b) Prior to the first day of the fall semester.

(c) Thereafter, the district shall continuously screen driver records using the automated weekly updates, ensuring proper retrieval documentation for every week, or

(d) In the event a continuous weekly update is not performed as described in paragraph (6)(c) of this rule, school districts will perform required driving record checks prior to the first day of each semester of the regular school year, and prior to the first day of summer school for any driver who will be transporting students during summer school.
(7) Driver history records shall be requested in a manner prescribed by the Department of Highway Safety and Motor Vehicles using the Automated School Bus Driver’s License Record Check System through the Department’s data base. All school districts shall obtain and review records for school bus drivers using the automated data base system. For any driver licensed in another state, the district shall obtain and review the driver’s history record from the appropriate state.

(8) Each school district shall establish a school board policy that specifies which infractions of the traffic code deem an applicant unqualified for hire and which causes any employee to be subject to a prescribed follow-up action. At a minimum, this policy shall state that any district employee who knowingly operates a school bus with a suspended or revoked license shall be subject to dismissal by the school board.

(9) At least annually, the school district shall assure that the driver of a school bus meets the following requirements:
   (a) The requirements of paragraph (4)(a) of this rule.
   (b) Successfully complete a minimum of eight (8) hours of inservice training related to the driver’s responsibilities for transporting students.
   (c) Successfully pass a dexterity test administered by the school district and maintain a valid Medical Examiners Certificate.

(10) At the time of reemployment, the school board shall assure that each school bus driver meets all of the requirements of subsections (2) and (3) and paragraph (4)(a) of this rule. If not more than a twelve continuous calendar month break in service has occurred, a driver shall be required to complete eight (8) hours of inservice training related to their responsibilities for transporting students prior to driving a school bus with students. If a period exceeding twelve (12) calendar months has occurred, the driver shall be required to successfully complete all of the requirements of subsections (2) through (5) of this rule.

(11) All school bus drivers, including those drivers employed by school districts with fifty (50) or fewer covered employees under the authority provided in this rule, shall be subject to the Federal requirements of 49 C.F.R., Parts 382 and 391 related to substance abuse testing and alcohol detection program.

Specific Authority 316.615(3), 1001.02(1), 1006.22, 1012.45 FS. Law Implemented 112.044(3), 322.03(1), (3), 1006.22, 1012.32(2)(a), 1012.45 FS. History–New 8-1-86, Amended 7-5-89, 11-15-94, 4-18-96, 6-24-03.

6A-3.0151 School Bus Driver Physical Examination and Medical Examiners Certificate.

(1) The physical standards established by the Federal Motor Carrier Safety Administration pursuant to 49 C.F.R. sections 391.41 and 391.43 shall be applicable to all school bus drivers within the state. Any individual who has been performing as a school bus driver who is disqualified as a result of the enactment of this rule shall be afforded a priority in reemployment with the school district in another capacity as positions become available for such employment.

(2) Resolution of conflicts of medical evaluations. In the event that the approved school board medical examiner’s determination of noncertification of a school bus driver is inconsistent with a second medical examination administered by a qualified medical examiner chosen by the school bus driver the conflict shall be resolved as follows:
   (a) A third medical examiner will be chosen by the two (2) medical examiners in disagreement and shall be a licensed physician who is a specialist in the field of medicine related to the condition(s) in question.
   (b) The third physician shall be given copies of both medical examiners’ forms and the test results upon which the findings are based, and a complete description of the requirements of the bus driver’s responsibilities.
   (c) The third physician shall conduct any applicable tests as are necessary.
   (d) The findings of the third physician shall be the basis of determination for certification or noncertification.

(3) Waiver of certain physical conditions. A person who is not physically qualified under 49 CFR section 391.41(b)(1) or (2) and other standards which may be included in Federal Code and who is otherwise qualified to drive a motor vehicle, may drive a school bus if granted a waiver using 49 CFR section 391.41 as a guideline for evaluation by the Chief Financial Officer or designee. Applications for waiver shall be made following the procedures and requirements contained in 49 CFR section 391.49 except that applications shall be made to and administered by the Chief Financial Officer or designee.

(4) Form ESE 479, Physical Examination for School Bus Driver and Medical Examiners Certificate, as adopted in subsection 6A-3.0141(3), F.A.C., shall be used for recording the results of the physical examination. This form may be obtained from the Administrator of School Transportation Management Section or Information Services and Accountability, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(5) The physical examination shall be performed according to the School Bus Driver Physical Standards: Medical Regulatory Criteria for Physical Examinations which is hereby incorporated by reference and made a part of this rule to become effective November 1994. This document may be obtained from the Bureau of Career Development, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399. This document is a compilation of physical evaluation criteria and guidelines which have been published in the Federal Register and which contain specific instructions for medical examiners performing examinations. The procedures for obtaining a waiver referenced in the document shall be consistent with those found in subsection (2) of this rule.

(6) The Medical Examiners Certificate shall be valid until the date of expiration on the certificate and shall be carried on the driver in person while the bus is in operation.

6A-3.016 Responsibilities of Deputy Commissioner for Planning, Budgeting and Management for Student Transportation.

It shall be the duty of the Deputy Commissioner for Planning, Budgeting and Management, acting under rules and regulations of the State Board and with the assistance of the professional staff of the Deputy Commissioner for Planning, Budgeting and Management, to exercise all powers and to perform all duties related to the responsibilities listed below:

1. Formulation and enforcement of law and regulations.
   a. To propose such laws or changes in laws as are necessary to assure safe, adequate and economical transportation in each district of the state where transportation is needed.
   b. To apportion and distribute state aid for transportation.
   c. To require adherence to the minimum standards in the field of student transportation adopted by the state board, including standards for the design and equipment of school buses.
   d. To interpret statutory and regulatory provisions for student transportation and encourage adherence thereto.

2. Transportation personnel. To sponsor such training programs from the state level as may be needed to improve the efficiency of persons responsible for the operation and maintenance of school buses.

3. Transported students. To cooperate with and furnish technical assistance to district school authorities with a view to the promotion of safety, comfort, and convenience for transported students.

4. Purchase, lease, and use of equipment.
   a. To develop specifications for physical equipment subject to the approval of the state board.
   b. To encourage plans and procedures in the ownership and operation of buses that will insure a maximum of economy, efficiency and safety.
   c. To ascertain and ensure that plans of district school systems for purchasing school buses are administratively sound and that procedures are such as to assure that standards and specifications are met and buses are purchased in accordance with law and regulations of the state board.

5. Insurance. To advise with school boards with reference to their responsibilities for provision for insurance covering liability for damages on account of bodily injury or death suffered as a result of the transportation service, and to conduct periodic insurance studies.

6. Routes and schedules. To furnish upon request when practicable, advice and assistance to district school officials in planning school bus routes and schedules.

7. Operating principles. To furnish technical assistance to district school authorities with a view to the promotion of economy and efficiency of operation of school buses.

8. Maintenance of buses. To provide assistance in planning for garages, bus shelters and equipment, and to approve plans and specifications for bus repair shops.

9. Transportation records, reports, and accounting.
   a. To prescribe records to be kept and reports to be made by the district school authorities in order to assure adequate and comparable transportation information.
   b. Form ESE 420, Additions to School Bus Inventory is hereby incorporated by reference and made a part of this rule to become effective November 1994. This form may be obtained from the Administrator of School Transportation Management Section or Information Services and Accountability, Division of Public Schools, Department of Education, The Florida Education Center, Tallahassee, Florida 32399. On or before January 1, 1995, all school districts shall report inventory additions using the Automated School Bus Inventory System utilizing the Department’s data base.
   c. To conduct research, investigations and surveys of various phases of transportation, make the findings and results of such studies available, and encourage district school boards to make practical application of such results.

10. Interagency relationships. To cooperate with other state and federal agencies in improving the student transportation service.

Specific Authority 229.053(1), 234.02(13) FS. Law Implemented 229.053(1), 230.23(8), 230.33(10) FS. History–Amended 9-17-72, 7-20-74, Repromulgated 12-5-74, Formerly 6A-3.16, Amended 11-15-94.

6A-3.0171 Responsibilities of School Districts for Student Transportation.

Each school district shall exercise specific powers and responsibilities, as follows:

1. Responsibilities of Superintendent. It shall be the duty of the superintendent, acting as executive officer for the school board to exercise functions and to perform duties listed below:
   a. To recommend to the school board such policies, rules and regulations, plans and procedures as the superintendent shall deem desirable or necessary for provisions of satisfactory transportation facilities and equipment in the district, and as executive officer of the board, to administer the transportation service and to make sure that all policies and actions approved by the board are properly executed.
   b. To recommend to the school board for employment such assistants as are, in his or her judgement, necessary to supervise transportation operation and maintenance and to provide essential records, maps and studies of the service.
(c) To recommend in writing to the school board for employment qualified bus drivers, attendants and mechanics as may be necessary for efficient functioning of the service.

(d) To develop safety regulations and promote proper safety practices for all drivers.

(e) To prepare and recommend to the school board plans for purchase of or contract for safe school buses to transport students to and from school or school activities.

(f) To organize or approve an inspection, maintenance and repair service for publicly owned or contracted buses designed to ensure that the condition of each bus is maintained to meet or exceed accepted school bus industry and state standards, and which will be adequate to provide for quick and economical repair of any bus, and to make sure that this service functions efficiently.

(g) To propose garages at which buses shall be inspected, when arrangements for this service have not been made to use school board employed mechanics, and to see that inspections are systematically made at least once each month at garages approved by the board.

(h) To make periodic, objective surveys of school bus and garage equipment, routes, safety practices, repair and operating costs, and when unsatisfactory conditions are discovered, to recommend corrective measures to the school board.

(i) To recommend a medical examiner or medical examiners to give physical examinations to bus drivers and to ascertain and ensure that all examinations are carried out as required. A medical examiner shall be defined as a medical physician or physician assistant licensed pursuant to Chapter 458, Florida Statutes; an osteopathic physician or physician assistant pursuant to Chapter 459, Florida Statutes, a chiropractic physician licensed pursuant to Chapter 460, Florida Statutes; and an Advanced Registered Nurse Practitioner licensed pursuant to Chapter 464, Florida Statutes.

(2) The school district shall exercise additional specific powers and responsibilities, as follows:

(a) Enforcement of law and rules and formulation of policies.

(b) To make sure that State Board rules are known, understood and observed by all who have responsibility for student transportation.

(c) To assure that all transportation rules and statements of policy are in harmony with rules of the State Board and are fully observed.

(d) To assure that no state funds for transportation are used for transportation of students to schools which cannot qualify for recognition by the Department under the provisions of State Board rules.

(e) To adopt, after considering recommendations of the superintendent statements of policy in harmony with law and with rules of the State Board necessary for maintaining the requirements of adequate transportation. Such policies shall include at least the following responsibilities of the director or supervisor of transportation, the school principal or other designated staff and the bus driver for uniform school bus operating procedures:

1. Responsibilities of the director or supervisor of transportation:
   a. To counsel with school bus drivers regarding safety and efficiency of service to schools and to make recommendations to them for improvement in service.
   b. To confer with the superintendent or the superintendent’s designee regarding drivers and to recommend such personnel for employment.
   c. To instruct school bus drivers in procedures to be followed in conducting school bus emergency evacuation drills and to confer with each school principal regarding scheduling, conducting and documenting school bus evacuation drills.
   d. To counsel with bus drivers regarding driver responsibility and authority.

2. Responsibilities of the school principal or other designated school staff:
   a. To assume responsibility under the direction of the superintendent for all student disciplinary cases which arise in connection with transportation.
   b. To plan the program of the school so that transported students who arrive early or remain late will be under school supervision at all times.
   c. To plan and assign places for students to get on and off school buses at the school, and to ensure the safety of the loading/unloading zone and to provide supervision of students.
   d. To direct school bus emergency evacuation drills on each bus serving the school during the first six (6) weeks of each semester, and to maintain documentation for all students.
   e. To provide instruction for all transported students in safe practices on and off the bus during the first six (6) weeks of the first semester of the school year.
   f. To request authority in writing for transportation of students on field trips and activity trips, or other special trips, and to plan such trips in accordance with policies approved by the school board.

3. Responsibilities of the school bus driver:
   a. To pass all required physical examinations and meet such requirements as may be prescribed by law or rules.
   b. To be clean and neat in appearance, and to refrain from wearing shoes which are not securely held on the foot.
   c. To refrain from use of tobacco while operating the bus, and to use no profane language in the presence of the students.

Drivers shall not use or be under the influence of alcohol, illicit drugs, or any substance which may impair the driver’s alertness or performance while on duty. Drivers shall not carry firearms while on school board property.

d. To prescribe, in cooperation with the principals, the seating arrangements of students on all buses.
e. To report needed changes in school bus transportation to the director or supervisor of transportation including bus loads, bus
deficiencies, road hazards, routes and schedules.

f. To study and observe all laws and rules of the State Board and the school board relating to the service of transportation.

g. To attend and participate in conferences and training classes for school bus drivers and to be prepared at any time to pass
successfully a reasonable examination concerning traffic laws, state and local transportation rules and driving skills.

h. To ascertain and ensure that transported students observe all rules prescribed by law and by the state and local board.
i. To maintain order and discipline, under the direction of the school principal, on the part of every passenger.
j. To permit a student to leave the bus only at their assigned stop, except upon written authorization of the school principal or
other district designee.

k. To observe all procedures incorporated in the Florida Department of Education Basic School Bus Driver’s Curriculum, as
incorporated by reference in paragraph 6A-3.0141(4)(b), F.A.C.

l. To instruct transported students in safe riding practices.
m. To require all passengers to remain seated and to keep aisles and exits clear.
n. To participate in emergency evacuation drills at least once each school semester under the direction of the school principal
or the principal’s designee.

o. To use the bus, if it is publicly owned, only to transport students to and from school, except upon specific direction of the
superintendent or from the principal upon written authorization by the superintendent.
p. To prepare immediately after every accident involving the bus or a school bus passenger an accident report to be filed with
the director or supervisor of transportation.
q. To ascertain and ensure that all persons are off the bus before filling fuel tank.
r. To drive always at a safe speed and never in excess of the legally posted speed limit in business or residential districts or
fifty-five (55) miles per hour outside business or residential districts.
s. To cooperate with duly authorized school officials, mechanics and other personnel in the mechanical maintenance and repair
of bus in overcoming hazards which threaten the safety or efficiency of service.
t. To inspect the bus at least daily prior to the beginning of the first daily trip or more often as required by the school district
and to report any defect affecting safety or economy of operation immediately to authorized service personnel. The inspection shall
include all items identified in the procedures related to the mandatory daily inspection in the Basic School Bus Driver Curriculum.
u. To keep the bus clean and neat at all times and not affix any stickers or other unauthorized items to the interior or exterior of
buses.
v. To prepare reports, keep all records required, and otherwise assist school officials in mapping bus routes, planning schedules
and in obtaining information for a continuous study of all phases of transportation service.
w. To wear a seat belt at all times when the bus is in operation.
x. To use roof-mounted white flashing strobe lights (if equipped) at a minimum, whenever headlights are required to be used
due to reduced visibility conditions pursuant to Section 316.217(1)(b), Florida Statutes, except that insufficient light due only to the
time of day or night shall not require use of the strobe light.
y. To report immediately to the director or supervisor of transportation, school principal or other designated officials:
[1] Misconduct on the part of any student while on bus or under the driver’s immediate supervision,
[2] Complaints requiring attention of school authorities,
[3] Any hazards arising which would offer either an actual or a potential threat to the safety of students in the driver’s care,
[4] Causes for failure to maintain school bus time schedule, and
[5] Overloaded conditions on the bus which exceed the rated capacity of the bus.
z. To maintain as far as practicable by patient and considerate treatment of parents a feeling of security in the safety of students
transported.

(3) Transportation personnel.
(a) To employ such assistants as may be recommended by the superintendent and as are necessary in the judgment of the board
to supervise operation and maintenance of school buses and to provide records and maps for a continuous study of transportation
routes and needs within the district.
(b) To employ or contract only for services of school bus drivers who meet the requirements of Rule 6A-3.0141, F.A.C., and
who possess a valid Medical Examiner’s Certificate.
(c) To officially maintain, after considering recommendations of the superintendent, an approved, current list of properly
licensed physicians or medical facilities staffed by licensed physicians other than members of the school board or superintendent,
eligible to examine all school bus drivers and driver applicants, in accordance with Form ESE 479, Physical Examination for
School Bus Drivers and Medical Examiners Certificate, and School Bus Driver Physical Standards: Medical Regulatory Criteria for
Physical Examinations, as adopted by reference in Rule 6A-3.0151, F.A.C.

(4) Transported students.
(a) To consider, and as nearly as possible to provide for, the transit, safety, and comfort of each student who will be transported
to and from school.
(b) To approve, after considering recommendations of the superintendent, policies relating to and governing the conduct of transported students during the time they are riding on the school bus, and during the time spent on the school grounds awaiting the opening of school or in the afternoon hours waiting for the school bus.

(c) To suspend for a period exceeding ten (10) days, upon recommendation of the superintendent, any student who willfully and persistently violates school board policies.

(5) Purchases, lease and use of school buses.

(a) To provide, by purchase or contract, safe, comfortable and adequate transportation facilities and school buses which meet minimum standards of law and State Board rules.

(b) To purchase transportation equipment in accordance with all provisions of law and State Board rules.

(c) To assure that contracts entered into by school boards for operation of school buses are in accordance with law and rules of the State Board.

(d) To adopt policies governing the use of publicly owned and contracted school buses for transportation of students to school and school activities, and to ascertain and ensure that buses and bus bodies are used only after policies have been adopted and upon written instructions signed by the superintendent or designee. Such district policies shall include the provision that any equipment carried in a school bus which could shift on impact or sudden stop shall be securely fastened and shall not block any aisle or exit at any time.

(6) Routes and schedules.

(a) To designate school bus routes, following consideration of data and recommendations presented by the superintendent, to provide for students eligible for transportation when transportation by school bus is economical and practicable.

(b) To propose minimum distances from school centers within which no bus stops will be scheduled except for students with special transportation needs; to propose minimum distances from transportation routes as residence zones within which students must arrange to meet the bus at regularly scheduled stops; and to plan and arrange routes, schedules, and student capacities in accordance with policies adopted by the school board.

(c) To plan routes, so far as practicable, so that no elementary student shall be on a bus more than fifty (50) minutes or secondary school student more than one (1) hour during the morning or evening, and so that no more than an hour and one-half will elapse between the time the student boards the bus and the time school begins, or the time school closes and the student leaves the bus in the afternoon, and to arrange proposed routes which, insofar as possible, are free from major hazards.

(d) To assure that county and city officials are advised of hazards on bus routes and hazards involving students walking to and from school.

(7) School bus operating principles. To assure that all buses are operated in accordance with municipal, county and state traffic requirements and that every precaution is taken to assure the safety of students.

(8) Inspection and maintenance of school buses.

(a) To provide, after considering recommendations of the superintendent, adequate storage, maintenance and inspection procedures for all buses owned by the school board, and to assure that all contract buses in use in the district are properly inspected and maintained in accordance with law and rules of the State Board.

(b) The inspection shall be conducted in accordance with procedures and include all items listed in the State of Florida School Bus Safety Inspection Manual, 2003 Edition which is hereby incorporated by reference and made a part of this rule. This document may be obtained from the Bureau of Career Development, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399, at a cost not to exceed actual production and distribution cost.

(c) Inspection of buses shall be scheduled and performed at a maximum interval of thirty (30) school days. Any bus that is removed from service or deadlined so as to disrupt the safety inspection schedule shall be inspected prior to being returned to service. All deficiencies discovered during the safety inspection shall be noted on the inspection form. Follow-up repairs of all safety related items shall be made before the bus is returned to service and shall be documented.

(d) School bus inspections shall be conducted by technicians certified as school bus inspectors in accordance with the State of Florida School Bus Safety Inspection Manual, 2003 Edition. The requirement that inspections be performed by a certified school bus inspector may be waived for a period not to exceed six (6) months when an emergency condition exists, upon written notification to the Commissioner by the district superintendent.

(e) No person shall knowingly render inoperative or reduce compliance of any school bus equipment required to meet Federal Motor Vehicle Safety Standards applicable at the time of manufacture.

(9) Transportation records, reports and accounting.

(a) To ascertain and ensure that all prescribed records are kept and reports made which are required by law, rules or the Commissioner.

(b) To assure that all records and reports prescribed by the Commissioner are properly completed and are furnished on the dates due to those designated to receive them.

1. To file with the Deputy Commissioner for Planning, Budgeting and Management after each accident in which a school bus or a transported student is involved or in which total damages to property exceeds five hundred (500) dollars a report on Form ESE 256, School Bus Accident Report Form which is hereby incorporated by reference in this rule to become effective April 1996. This
requirements applicable to multipurpose passenger vehicles. C.F.R., Part 571 applicable to passenger cars on the date of manufacture, except that window tinting, if equipped, shall meet Specifications for the specific purpose of limited pilot testing to determine if such equipment provides substantive improvements in current at the time of the upgrade.

necessary or practical. Such transportation shall be provided in a passenger car or in a multipurpose passenger vehicle, as defined in

opportunity for such students and an economical administration of the service.

extent practical that the equipment will not compromise safety.

safety or cost effectiveness. Pilot testing of equipment shall not be approved until the Chief Financial Officer has determined to the

isolated, physically disabled or other students with special transportation needs as may be compatible with an adequate educational

whose houses are within a reasonable walking distance of the assigned school or bus routes.

1. Agreements to share the cost of operating such conveyance shall be set forth in the minutes of the board including the amount, mileage to bus route or school, names of students and school attended.

2. The board shall not expend funds to share in the expense of operating such vehicle to provide transportation to students whose houses are within a reasonable walking distance of the assigned school or bus routes.

3. Vehicles of the type commonly called passenger cars need not meet the requirements for specifications of school buses.

(b) To make such other arrangements, after considering recommendation of the superintendent, for the transportation of isolated, physically disabled or other students with special transportation needs as may be compatible with an adequate educational opportunity for such students and an economical administration of the service.

(c) To provide for transportation of students in vehicles owned or operated by a school board, other than school buses, when necessary or practical. Such transportation shall be provided in a passenger car or in a multipurpose passenger vehicle, as defined in 49 C.F.R., Part 571. Such multipurpose passenger vehicle shall meet all of the Federal Motor Vehicle Safety Standards in 49 C.F.R., Part 571 applicable to passenger cars on the date of manufacture, except that window tinting, if equipped, shall meet requirements applicable to multipurpose passenger vehicles.

Specific Authority 1003.31, 1006.21, 1006.22 FS. Law Implemented 316.183(3), 316.189, 1003.31, 1006.21(3), 1006.22 FS. History–Amended 9-4-64, 3-25-66, 1-17-72, Revised 7-20-74, Repromulgated 12-5-74, Amended 11-24-76, 10-1-81, Formerly 6A-3.17, Amended 9-30-87, 6-26-89, 11-15-94, 8-28-95, 4-18-96, Formerly 6-3.017, Amended 6-11-00, Formerly 6-3.017, Amended 4-21-03.

(2) Any school district may, at its option, upgrade any school bus or buses with equipment meeting specifications which are current at the time of the upgrade.

(3) The Chief Financial Officer may approve special equipment differing from or not prescribed in Florida School Bus Specifications for the specific purpose of limited pilot testing to determine if such equipment provides substantive improvements in safety or cost effectiveness. Pilot testing of equipment shall not be approved until the Chief Financial Officer has determined to the extent practical that the equipment will not compromise safety.
6A-3.037 Alternate Engine Fuels for School Buses.

(1) Alternate engine fuels for school buses. School districts may use school buses equipped to operate on Compressed Natural Gas (CNG) or Liquefied Natural Gas (LNG) as an engine fuel provided the district complies with the requirements of the Florida School Bus Alternate Fuel Manual, 1992 which is hereby incorporated by reference and made a part of this rule. Copies of this manual are on file and available from the Administrator of the School Transportation Management Section, The Florida Education Center, Tallahassee, Florida 32399.

(2) Pilot projects. Alternate fueled school buses may be used on a pilot project basis not exceeding ten (10) percent of the district’s school bus fleet or more than twenty (20) buses, whichever is greater. Pilot project proposals must be submitted with copies of all related documents as required within the manual to the Administrator of the School Transportation Management Section, The Florida Education Center, Tallahassee, Florida 32399 and the Department of Insurance L.P. Gas Division for review and approval. All pilot projects must be submitted or resubmitted for each twelve month period. All buses originally equipped, converted or repowered to run on alternate fuels shall meet Florida School Bus Specifications applicable for the year of manufacture of the vehicle, including horsepower and torque requirements otherwise applicable to diesel engines. After the completion of each alternate fuel system installation, each school bus shall be inspected in accordance with the requirements outlined in the manual prior to the use of the bus to transport school students.

Specific Authority 229.053(1), 234.02(13), 234.051(2) FS. Law Implemented 234.051 FS. History—New 10-6-92.
CHAPTER 6A-4 CERTIFICATION

6A-4.001 Instructional Personnel Certification.
6A-4.0011 Forms and Instructions. (Repealed)
6A-4.0012 Application Information.
6A-4.0021 Florida Teacher Certification Examinations.
6A-4.003 Degrees, Programs, and Credits.
6A-4.004 Florida Educator’s Certificates with Academic, Administrative, Degreed Vocational, and Specialty Class Coverages.
6A-4.0047 Raymond B. Stewart Career Achievement Program. (Repealed)
6A-4.0051 Renewal and Reinstatement of a Professional Certificate.
6A-4.006 General and Professional Preparation.
6A-4.007 Specialization Requirements. (Repealed)
6A-4.008 Specialization Requirements for Certification in Administration of Adult Education - Administrative Class.

6A-4.076 Specialization Requirements for the Endorsement in Teacher Coordinator of Cooperative Education - Vocational Class.

6A-4.078 Specialization Requirements for the Endorsement in Teacher Coordinator of Work Experience Programs - Vocational Class.
6A-4.001 Instructional Personnel Certification.

(1) The purpose of instructional personnel certification is to provide evidence that educators in the State of Florida are professionally qualified in order to protect the educational interests of students, parents, and the public at large. Instructional personnel who obtain certification in the State of Florida shall possess adequate pedagogical and relevant subject matter knowledge and demonstrate an acceptable level of professional performance.

(2) The certificates are issued by the Florida Department of Education in accordance with Chapter 231, Florida Statutes, and these rules. Other statutory provisions may have an impact on the educator certification process. Persons should refer to both the statutes and the rules for complete information regarding the legal basis of the instructional personnel certification process.

(3) Certification is administered and implemented by the Bureau of Educator Certification, Florida Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399-0400. Communications to the Department should be directed to that office. The office of the superintendent of schools for each district school system may also be contacted for information regarding the educator certification process.

Specific Authority 229.053(1), 231.15(1), 231.17(11) FS. Law Implemented 231.02, 231.15, 231.17 FS. History–Amended 4-20-64, 4-11-69, Revised 7-19-72, Repromulgated 12-5-74, Amended 5-11-76, 7-1-79, 12-11-79, 3-17-81, 9-30-84, Formerly 6A-4.01, Amended 12-25-86, 10-31-88, 10-15-01.

6A-4.0012 Application Information.

(1) Application process. To apply for a Florida Educator’s Certificate, an individual shall submit to the Bureau of Educator Certification the following:

(a) A completed Form CG-10 and a nonrefundable application fee. Form CG-10, Application for Florida Educator’s Certificate, effective September 2001, is hereby incorporated by reference and made a part of this rule. The form may be obtained without cost from the Florida Department of Education, Bureau of Educator Certification, 325 West Gaines Street, Tallahassee, Florida 32399-0400 or may be submitted online via the Department of Education, Educator Certification website. The nonrefundable application fee is prescribed below:

1. Request for a professional certificate – $56.00,
2. Request for a temporary certificate – $56.00,
3. Request for an addition of a coverage or endorsement to a valid certificate – $56.00,
4. Request for a name change only – $20.00,
5. Request for a duplicate certificate/subject deletion – $20.00; or
(b) A completed Form CG-10R and a nonrefundable application fee. Form CG-10R, Application for Renewal or Reinstatement of a Professional Florida Educator’s Certificate effective September 2001, is hereby incorporated by reference and made a part of this rule. The form may be obtained without cost from the Florida Department of Education, Bureau of Educator Certification, 325 West Gaines Street, Tallahassee, Florida 32399-0400 or may be submitted online via the Department of Education, Educator Certification website. The nonrefundable application fee is $56.00. An application for renewal of a professional certificate that is received by the Bureau of Educator Certification or by a district school board office after the expiration of the professional certificate as specified in Rule 6A-4.0051, F.A.C., shall be submitted with a $30.00 late fee in addition to the nonrefundable application fee.

(2) College transcripts. Each college transcript filed for certification purposes shall bear the seal of the institution and the signature of the registrar or other official designated by the president of the institution and shall include descriptive titles, credits, and grades for all courses listed. Transcripts from institutions outside the United States shall include an English translation. Transcripts shall not be returned after the application has been processed and the applicant has been advised regarding eligibility for certification.

(3) Completed applications.

(a) A completed application shall consist of the completed application form, fee, official transcripts, and other documents required by rule or law to process the application. The applicant shall be advised of additional information that is required to complete the application.

(b) If the information required to complete the application has not been received in the Bureau of Educator Certification, Florida Department of Education, or in the district school board office within twelve (12) months from the date of receipt of the application, the application shall expire and the fee shall be forfeited.

(4) Funding for the recovery network program for educators. Two (2) dollars of each fifty-six (56) dollar certification fee shall be designated to fund the recovery network program for educators.

(5) Each district school board office shall issue certificates for employees of the school district as follows:

(a) An application for renewal of a professional certificate,
(b) An application for an addition of a subject to a valid professional certificate based upon a passing score earned after July 1, 2002, on the bachelor’s degree level Florida subject area test,
(c) An application for an addition of an endorsement area to a valid certificate based on the completion of approved inservice core components or a district add-on endorsement program,
(d) An application for a certificate issued solely to reflect a change in name, and
(e) An application for a duplicate of a valid certificate.

(6) The employing school district shall remit on a monthly basis to the Department of Education twenty (20) dollars of each fifty six (56) dollar fee and seven (7) dollars of each twenty (20) dollar fee collected for the issuance of certificates for costs to maintain the technology system, web-based application, and the printing and mailing of certificates.

Specific Authority 1001.02, 1012.55, 1012.56, 1012.586, 1012.59 FS. Law Implemented 943.0585, 943.059, 1012.32, 1012.54, 1012.55, 1012.56, 1012.586, 1012.59, 1012.798 FS. History–New 7-6-82, Amended 9-27-83, Formerly 6A-4.012, Amended 12-25-86, 10-26-88, 5-2-90, 4-24-91, 7-7-92, 5-3-94, 7-18-95, 9-17-01, 11-25-03.

(1) Educator’s certificates.

(a) Types of certificates. The types of certificates are the professional certificate, the nonrenewable professional certificate, the temporary certificate, and the athletic coaching certificate. Requirements for obtaining all types of certificates are specified in Rule 6A-4.004, F.A.C.

(b) An applicant for a Florida educator’s certificate shall be governed by Florida Statutes and rules for the temporary and professional certificates that are in effect at the time of application and qualification for the initial certificate provided successive certificates are issued for consecutive school fiscal years. An individual who permits a temporary certificate to expire for at least one (1) school fiscal year may secure another full-time certificate in accordance with Florida Statutes and rules for temporary and professional certificates which are in effect at the time the most recent application is received in the Bureau of Educator Certification, Florida Department of Education.

(c) Effective date of certificates. Each certificate shall bear an effective date of July 1 of the school fiscal year for which it is issued.

(d) Definition of coverage. The term “coverage” as used in Florida State Board of Education rules for educator certification purposes shall be defined as the designation on a Florida educator’s certificate which indicates the area in which an individual has a content knowledge base. The term “coverage” shall be used synonymously with the terms “subject,” “area,” or “field.”

(e) Definition of endorsement. The term “endorsement” as used in Florida State Board of Education rules for educator certification purposes shall be defined as a rider on a Florida educator’s certificate with a designated coverage. An endorsement shown on a certificate with a coverage signifies a pedagogical knowledge base which targets particular levels, stages of development, or circumstances.

(f) Classification of coverages and endorses shown on certificates. Each coverage or endorsement shown on a certificate shall be identified as an academic class, administrative class, specialty class, or vocational class. The classification is specified in the specialization rule for each coverage or endorsement.

(g) Authority of the Commissioner of Education. Under extenuating circumstances not covered in these rules, the Commissioner is authorized to issue a certificate to an individual upon the request of a Florida district school superintendent.

(h) Responsibility to qualify for and maintain a valid certificate. It shall be the responsibility of each applicant to complete all requirements for the temporary and professional certificates and to file with the Bureau of Educator Certification, Florida Department of Education, evidence of such completion within the specified timelines. For renewal of the professional certificate, it shall be the responsibility of each applicant to obtain current information regarding renewal requirements and complete such requirements prior to expiration of the professional certificate. Information regarding renewal of the professional certificate may be obtained by contacting the employing Florida district school board or nonpublic school, or by contacting the Bureau of Educator Certification, Florida Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399-0400.

(i) Classification of endorses shown on certificates. Each coverage or endorsement shown on a certificate shall be the standard educator’s certificate issued by that state which is comparable to a Florida Professional Certificate.

1. Certificates from other states. Certificates from other states shall not be valid for teaching in Florida.

a. Be the standard educator’s certificate issued by that state which is comparable to a Florida Professional Certificate, and

b. Be issued in a subject comparable to a Florida certification subject, and

c. Require the same or higher level of training required for certification in that subject in Florida.

2. Official documentation of another state’s certificate shall be a photocopy of the front and back of the original certificate.

(j) Alteration of certificates. The alteration of any certificate with the intent to mislead or defraud shall be sufficient ground for revocation of the certificate. It shall be incumbent upon the certificate holder to establish evidence of the absence of intent to mislead or defraud.

(2) Degree major.

(a) A degree major used in Florida State Board of Education rules for educator certification purposes is defined as the major field of study as identified by the degree granting institution. A degree major completed at an accredited or approved institution as defined in Rule 6A-4.003, F.A.C., in an area in which Florida offers certification may be utilized to satisfy the specialization requirements specified in Rules 6A-4.008 through 6A-4.035 and 6A-4.054 through 6A-4.062, F.A.C., for the subject to be shown on the certificate.

(b) The Commissioner is authorized to deny acceptance of a major for educator certification purposes if the courses completed for the major are not comparable in quantity and content to the specific course requirements listed in Florida State Board of Education rules for certification in that subject.
(3) College credit. College credit used for educator certification purposes shall be undergraduate or graduate credit earned at an accredited or approved institution as specified in Rule 6A-4.003, F.A.C. Credit used to satisfy vocational education course requirements shall be completed at an accredited or approved institution approved by the State Board for Vocational Education. All college credit shall be computed by semester hours. One (1) quarter hour of college credit shall equal two-thirds (2/3) of one (1) semester hour. Community and junior college credit used for educator certification purposes shall parallel those of the first and second years of course work at an accredited or approved institution and shall be comparable to courses offered at Florida community and junior colleges which have been approved by the Florida Department of Education.

(4) Waiver of college credit.
   (a) Course exemption. Exemption from a college course as verified in writing by the institution of higher education shall be accepted the same as credit earned in that course to meet a specific course requirement for certification.
   (b) College teaching experience. Teaching a college course at an accredited or approved institution or an accredited community or junior college as described in Rule 6A-4.003, F.A.C., shall be accepted the same as credit earned in that course to meet a specific course requirement for certification. A written statement from the registrar or other official designated by the president verifying the college teaching experience shall be filed with the Bureau of Educator Certification, Florida Department of Education.

(5) Teaching experience.
   (a) Definition of teaching experience. Teaching experience as used in Florida State Board of Education rules for educator certification purposes shall be defined as full-time teaching, administrative, or supervisory service.

1. Teaching experience used for academic, administrative, vocational, and specialty class subjects shall be gained in a public or state supported elementary or secondary school; or in a prekindergarten (ages three [3] and four [4]) school as defined in Section 228.041(5), Florida Statutes; or in a birth through age two (2) school which is a public or state supported school or is a contractor for a public school system. However, teaching experience in a nonpublic school shall be acceptable provided the applicant held a valid full-time teaching certificate issued by the state department of education in the state where the teaching experience was acquired.

2. Teaching experience used for vocational class subjects shall be gained in an elementary or secondary school as specified in subparagraph (5)(a)1. of this rule, in a public or state supported vocational or technical school, or in an accredited community or junior college as described in Rule 6A-4.003, F.A.C.
   (b) Utilization of teaching experience. A year of full-time teaching experience may be accepted in lieu of three (3) semester hours of college credit. A maximum of three (3) years of teaching experience may be used in lieu of nine (9) semester hours of college credit. Not more than two (2) years of teaching experience may be used in lieu of six (6) semester hours of college credit toward satisfying requirements in general preparation, professional preparation, or a specialization area. When teaching experience is used to satisfy a course requirement in a specialization area or to satisfy a methods course requirement in professional preparation, the teaching experience shall be comparable to the course requirement acquired in the subject or field and at the appropriate instructional level to which it is applied.

   (c) Limitations on the use of teaching experience. Teaching experience shall not be accepted in lieu of college credit to satisfy the following certification requirements:
   1. Renewal or reinstatement of a professional certificate,
   2. Reissuance of a temporary certificate,
   3. Satisfaction of a graduate credit requirement,
   4. Satisfaction of an entire certification subject.

(6) Noncitizens. A noncitizen may be issued an Official Statement of Status of Eligibility or a certificate as specified below:
   (a) An Official Statement of Status of Eligibility shall be issued when the applicant meets requirements specified in Section 231.17(1)(b), Florida Statutes.
   (b) The certificate may be issued when the applicant meets requirements specified in Rule 6A-4.004, F.A.C., and an official of the employing Florida public, state supported, or nonpublic school submits documentation of appropriate immigration status. The documentation shall be a photocopy of the completed United States Immigration and Naturalization Form I-9, Employment Eligibility Verification, accepted for employment in compliance with the United States Immigration Reform and Control Act of 1986.
   (c) Exchange teachers.

1. An exchange teacher is defined as a teacher from a country other than the United States teaching as the result of a reciprocal arrangement with the United States government or a nationally recognized organization in the United States and another country.

2. A temporary certificate valid for three (3) years may be issued to an exchange teacher. The certificate shall reflect the designation of exchange teacher and shall not reflect a subject. Only one (1) certificate may be issued under this provision when an applicant meets the following requirements:
   a. Submits an application form and fee as specified in Rule 6A-4.0012, F.A.C.
   b. Submits verification of participation in an exchange program. Verification shall be provided by the employing school district, state supported or nonpublic school, and
   c. Submits a request for issuance of the temporary certificate from the employing Florida school superintendent or chief administrative officer of the state supported or nonpublic school which has a Department of Education approved system for documenting the demonstration of required professional education competence.
6A-4.0021 Florida Teacher Certification Examinations.

(1) Scope. This rule governs the written examinations for teacher certification. Additional requirements for certification are specified in Chapter 6A-4, F.A.C.

(2) Description of the examinations and competencies to be demonstrated.

(a) The Florida Teacher Certification Examinations shall be developed by the Commissioner of Education.

(b) The written examinations shall include subtests of reading, writing, mathematics, professional skills, and subject area specialty. These examinations may contain multiple choice questions and questions requiring the examinee to write an answer or demonstrate a proficiency.

(c) The following competencies are to be demonstrated by means of the written examinations:

1. Beginning with the July 2004 test administration, the general knowledge competencies and skills as contained in the publication “Competencies and Skills Required for Teacher Certification in Florida, Ninth Edition.”

2. Before July 1, 2004, the professional competencies and skills contained in the publication, “Competencies and Skills Required for Teacher Certification in Florida, Eighth Edition” which is hereby incorporated by reference and made a part of this rule. Beginning July 1, 2004, the professional competencies and skills contained in the publication “Competencies and Skills Required for Teacher Certification in Florida, Ninth Edition” which is hereby incorporated by reference and made a part of this rule. Copies of these publications may be obtained from the Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399 at a price to be established by the Commissioner not to exceed actual cost, and

3. Before July 1, 2004, the subject area competencies and skills contained in the publication, “Competencies and Skills Required for Teacher Certification in Florida, Eighth Edition” which is hereby incorporated by reference and made a part of this rule. Beginning July 1, 2004, the subject area competencies and skills contained in the publication “Competencies and Skills Required for Teacher Certification in Florida, Ninth Edition” which is hereby incorporated by reference and made a part of this rule. Copies of these publications may be obtained as described in subparagraph (2)(c)2. of this rule.

(d) Before July 1, 2002, the College Level Academic Skills Test or the Praxis I: Academic Skills Assessment as described in subsection (13) of this rule shall be used to demonstrate mastery of general knowledge for an individual who holds a bachelor’s or higher degree as specified in Rules 6A-4.004, 6A-4.050, and 6A-4.066, F.A.C.

(3) Administration of the examinations.

(a) The examinations shall be administered by a test administration agency or agencies under contract with the Florida Department of Education.

(b) The examination shall be administered at least four (4) times each year. The Commissioner of Education shall establish the examinations dates each year which may include supplemental test administrations. The Commissioner of Education shall designate the registration deadlines, administration sites, and examinations available for the supplemental administrations.

(c) The examinations shall be administered at centers designated by the Commissioner of Education.

(d) An examinee may retake a failed examination provided at least thirty (30) days have elapsed since the previous administration of the failed examination.

(4) Registration, late registration and refunds.

(a) Registration for the examinations shall be for the initial examinations or for one (1) or more examinations not previously passed. To register to take the examinations, an applicant shall submit a completed application which shall be received by the test administration agency at least thirty (30) days preceding the examination date.

1. Before October 1, 2003, a complete application shall consist of the following:

   a. A completed application Form CG-20-03, Registration Application: Certification Examinations for Florida Educators, which includes the applicant’s signature. Form CG-20-03, Registration Application: Certification Examinations for Florida Educators is hereby incorporated by reference and made a part of this rule to become effective July 2003. This form may be obtained without cost from the Bureau of Educator Certification, Florida Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

   b. A twenty-five (25) dollar fee for each registration for a subject area specialty examination or any combination of subtests for a subject area specialty examination, for each registration for the professional skills examination, and for each registration for the general knowledge test or any combination of subtests for the general knowledge test.

   c. A charge of one hundred (100) dollars in addition to the fees described in sub-subparagraph 6A-4.0021(4)(a)1.b., F.A.C., for certification applicants taking a supplemental examination.

2. Beginning October 1, 2003, a completed application shall consist of the following:

   a. A completed application Form CG-20-03A, Registration Application: Certification Examinations for Florida Educators, which includes the applicant’s signature. Form CG-20-03A is hereby incorporated by reference and made a part of this rule to become effective October 1, 2003. This form may be obtained without cost from the Bureau of Educator Certification, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.
b. A twenty-five (25) dollar fee for each registration for a subject area specialty examination or any combination of subtests for a subject area specialty examination, each registration for the professional skills examination, and each registration for the general knowledge test or any combination of subtests for the general knowledge test.

c. A charge of one hundred (100) dollars in addition to the fees described in sub-subparagraph 6A-4.0021(4)(a)2.b., F.A.C., for certification applicants taking a supplemental examination.

3. An incomplete application shall be returned to the applicant. Applications which are completed and resubmitted to the test administration agency after the fifty (50) day deadline shall be acceptable only if the applicant complies with requirements specified in paragraph 6A-4.0021(4)(b), F.A.C.

(b) Late registration for the examinations shall be for the initial examinations or for one (1) or more examinations not previously passed. An applicant who did not submit a completed application to the test administration agency within the fifty (50) day deadline may register for the examination by completing the requirements listed in subparagraph 6A-4.0021(4)(a)1., F.A.C., and submitting a fifteen (15) dollar late charge for each registration for a subject area specialty examination; each registration for the professional skills examination and each registration for any combination of the General Knowledge Test subtests. Beginning October 1, 2003, an applicant who did not submit a completed application to the test administration agency within the fifty (50) day deadline may register for the examinations by completing the requirements listed in subparagraph 6A-4.0021(4)(a)2., F.A.C., and submitting a fifteen (15) dollar late charge for each registration for a subject area specialty examination or any combination of subtests for a subject area specialty examination; each registration for the professional education examination; and each registration for the general knowledge examination or any combination of the general knowledge subtests. All items shall be received by the test administration agency at least thirty (30) days preceding the examination date. Late registrations shall be accepted on a space available basis.

(c) Refunds. Fees shall be refunded provided written requests for refunds are received by the test administration agency at least thirty (30) days preceding the examination date. Failure to appear for or to complete an examination shall result in forfeiture of fees.

(5) Admission. The test administration agency shall provide each applicant with an admission ticket specifying the examination center and the time of the examination. The admission ticket and other identification are required for entrance into the examination center. The other identification shall be specified on the admission ticket. An applicant who arrives after the examination has begun shall not be admitted until the start of the next examination or subtest.

(6) Examinee with a disability. An applicant who is unable to complete the examinations under standard testing conditions because of a disability may request special arrangements. Such a request shall be made when the examination application is submitted. Lack of proficiency in the English language shall not alone be acceptable as a justifiable reason for requesting a reader for an examinee. Special arrangements shall be provided for applicants with disabilities.

(a) Definition of terms.
1. A person with a disability means any person who:
   a. Has a physical or mental impairment which substantially limits one (1) or more major life activities;
   b. Has a record of such an impairment; or
   c. Is regarded as having such an impairment.

2. The definitions for the phrases used in paragraph (6)(a) of this rule – physical or mental impairment, major life activities, has a record of such an impairment and regarded as having an impairment – are the same as in the definition of disability included in the Americans With Disabilities Act, Section 35.104(1)(2)(3)(4).

(b) Persons requesting special arrangements must be certified as having a disability by a licensed psychologist or physician. Such documentation shall have been completed within the previous three (3) years and must be received on official letterhead stationery. In the absence of such certification, the applicant may submit documentation of accommodations provided for a disability during the applicant’s baccalaureate or graduate degree program. Any documentation submitted must describe the disability and the accommodations made necessary by the disability.

(c) Special test arrangements may include but are not limited to the following:
1. Flexible scheduling. The person may be administered an examination during several brief sessions, so long as that examination is completed on the test administration date. Double time may be allowed.
2. Flexible setting. The person may be administered an examination individually or in a small group setting by a proctor rather than in a classroom or auditorium setting.

3. Recording of answers. The person may mark answers in a test booklet, type the answers by machine, or indicate selected answers to a test proctor. The proctor may then transcribe the person’s responses onto a machine-scoreable answer sheet. In instances where the proctor is required to mark the responses on behalf of the examinee, there will be a tape recording of the examinee’s selected responses. A large-block answer sheet may be provided. The person may use a word processor or typewriter to prepare any required essay or other written response. Technical support to operate the word processor or typewriter will be provided.
4. Revised format. The person may use a large-print booklet, a Braille test booklet, or a magnifying device.
5. Auditory aids. A tape recorded version of the examination may be provided, the examination may be read by a narrator, or the examination may be provided via video tape with a narrator using oral language or sign language.

6. Assistive personnel. Test personnel may be provided by the test administrator to record answers, sign test instructions, or read instructions and text.
(d) Appropriate special arrangements for testing shall be provided, where necessary, to afford an individual with a disability an equal opportunity to participate. In determining the type of special arrangement to be provided, primary consideration shall be given to the requests of the individual with the disability. However, if it can be demonstrated that special arrangements that are equally effective as those requested are available at less cost or are more readily available, the Department may provide the less expensive or more readily available means of special arrangements for testing.

(e) In no case shall the modifications authorized herein be interpreted or construed as an authorization to provide a person with assistance in determining the answer to any examination item.

(f) Nothing in this rule shall be construed to require an individual with a disability to accept an accommodation, aid, service, opportunity, or benefit provided under this rule which the individual chooses not to accept.

(g) This rule does not require the Department to provide individuals with disabilities with personal devices, such as wheelchairs, individually prescribed devices, such as prescription eyeglasses or hearing aids; readers for personal use for study; or services of a personal nature including assistance in eating, toiletry, or dressing.

(h) Appeals procedure. An examinee who is denied test accommodations may appeal the denial to the Commissioner of Education. Such appeal may necessitate a later test date.

(7) Scoring the general knowledge subtests. Effective January 2004, the passing scores for the general knowledge subtests listed below shall be a scaled score of at least two hundred (200). This scaled score shall be equivalent to the following raw scores on the July 2002 test administration:

(a) General Knowledge Reading Subtest: 25 correct items.
(b) General Knowledge English Skills Subtest: 29 correct items.
(c) General Knowledge English Essay Subtest: A total raw score of six (6).
(d) General Knowledge Mathematics Subtest: 26 correct items.

(8) Scoring the professional skills examination. Effective July 2003, the passing score for the professional education test shall be a scaled score of at least two hundred (200). This scaled score shall be equivalent to an examination raw score that results in an examinee passing rate of ninety-one (91) percent, which was the passing rate of teacher candidates who took the Professional Education examination for the first time during the 2001-2002 examination administration year. In the event that fewer than fifty (50) examinees are tested in the July 2003 administration, the passing score shall be sixty (60) percent of the items.

(9) Scoring of the subject area specialty examinations.

(a) The Commissioner of Education shall recommend to the Florida State Board of Education for its approval a passing score or scores required for each subject area specialty examination. Such required scores shall take effect when designated by the State Board.

(b) For subject area specialty examinations listed below, a score earned prior to May 1, 1990, shall be considered a passing score and shall be valid for certification in that subject area for a period of two (2) years from the test administration date. Effective August 1, 1990, a passing score for these subject area examinations will be a scaled score of at least two hundred (200). This scaled passing score will be equivalent to the following scores on the October, 1988 test administration:

(l) After sufficient data have been collected, the Commissioner of Education shall review examinee performance levels for the Exceptional Student Education K-12 Examination and determine whether to recommend to the State Board of Education to maintain or change the above passing scores.

(m) Effective July 2003, the passing scores for the subject area specialty examinations listed below shall be a scaled score of at least two hundred (200). This scaled score shall be equivalent to the raw scores on the July 2003 test administration as defined below:

1. Middle Grades Integrated Curriculum 5-9 Examination. An examination raw score that results in an examinee passing rate of sixty-eight (68) percent, which was the average of the passing rates of teacher candidates who took the Middle Grades English 5-9, Middle Grades General Science 5-9, Middle Grades Mathematics 5-9, and Middle Grades Social Science 5-9 specialty examinations for the first time during the 2001-2002 examination administration year. In the event that fewer than fifty (50) examinees are tested in the July 2003 administration, the passing score shall be fifty-nine (59) percent of the items.

2. Physical Education K-12 Examination. An examination raw score that results in an examinee passing rate of seventy-five (75) percent, which was the average of the passing rates of teacher candidates who took the Physical Education K-8 and Physical Education 6-12 specialty examinations for the first time during the 2001-2002 examination administration year. In the event fewer than fifty (50) examinees are tested in the July 2003 administration, the passing score shall be sixty (60) percent of the items.

(n) Not later than September 1, 2004, the Commissioner of Education shall review examinee performance levels for the Professional Education Examination, the Middle Grades Integrated Curriculum 5-9 Examination, and the Physical Education K-12 Examination and determine whether to recommend to the State Board of Education to maintain or change the existing passing scores.

(o) The Commissioner of Education shall review the passing score for each of the General Knowledge Subtests, each of the subject area specialty examinations, and the Professional Education Examination not less than once every five (5) years and determine whether to recommend to the State Board of Education to maintain or change the existing passing scores.

(p) Before July 1, 2004, the subject area specialty examinations approved for use in the Florida Teacher Certification Examinations are listed by subject area in the publication, “Competencies and Skills Required for Teacher Certification in Florida, Eighth Edition.”

(q) Beginning July 1, 2004, the subject area specialty examinations approved for use in the Florida Teacher Certification Examinations are listed by subject area in the publication “Competencies and Skills Required for Teacher Certification in Florida, Ninth Edition.”

(10) Scoring of the College Level Academic Skills Test before July 1, 2002.
(a) The scoring of the College Level Academic Skills Test is described in subsection 6A-10.0311(3), F.A.C.
(b) The passing standards for the College Level Academic Skills Test are described in Rule 6A-10.0312, F.A.C.
(c) The College Level Academic Skills Test scores shall be reported through a score report mailed to the examinee and through a report to the Department of Education.
(d) If an individual has met the passing standards for the College Level Academic Skills Test, the individual will not be required to retake this examination to meet the requirements of paragraph 6A-4.0021(2)(d), F.A.C.

(11) Score reports for the reading, writing, mathematics, professional skills, and subject area examinations.
(a) A properly authenticated score report is defined as the original score report issued directly by the test administration agency without any qualification, reservation, or irregularity.
(b) The examinee shall be sent two (2) authenticated score reports as described in paragraph 6A-4.0021(10)(a), F.A.C. In addition, a copy of the score report may be issued by the test administration agency without a fee to one (1) Florida college or university and to one (1) Florida school district provided the examinee identifies the recipient or recipients of the score report on either the CG-20-02, Registration Application: Certification Examinations for Florida Educators or the CG-20-03, Registration Application: Certification Examinations for Florida Educators.
(c) Official documentation of scores earned on each examination for a temporary or for a professional certificate shall be the original authenticated score report as described in paragraph 6A-4.0021(10)(a), F.A.C., or a duplicate authenticated score report as described in paragraph 6A-4.0021(10)(e), F.A.C.
(d) Scores shall be reported as Pass or Fail for each subtest of the examination. The Commissioner of Education may provide additional score information to the examinee.
(e) An examinee may obtain a duplicate authenticated score report for a test administration by filing a written request and a fee. A fee is required for each duplicate score report that is requested. The fee shall be that amount necessary for the test administration agency to perform the service as agreed in the contract between the agency and the Florida Department of Education.

(12) Review.
(a) An examinee who fails one (1) or more examination(s) may file a written request with the test administration agency for handscoring of the examination(s) failed. The request shall be filed within thirty (30) days of the date the score report was mailed by the test administration agency. The fee for handscoring one (1) or more examinations shall be that amount necessary for the test administration agency to perform the service as agreed in the contract between the agency and the Florida Department of Education. The test administration agency shall notify the examinee of the results of the handscoring within thirty (30) days of receipt of the request and fee.
(b) An examinee who fails one (1) or more examination(s) may review each examination that was failed and bring to the Florida Department of Education’s attention any scoring errors which may result in a passing score. The procedures for test review are listed below:
1. The examinee shall file a written request with Florida Teacher Examinations, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399, within sixty (60) days of the date the score report was mailed by the test administration agency. The Florida Department of Education shall notify the examinee when a date has been scheduled for the examinee’s review of the materials in Tallahassee. On the review day, the examinee shall file with the Florida Department of Education a statement of specific scoring errors which may result in a passing score.
2. The Commissioner of Education shall notify the individual of the action on the statement of scoring errors not later than thirty (30) days from receipt of the statement.

(13) Administration of the Praxis Series: Professional Assessments for Beginning Teachers before July 1, 2002. These examinations shall be administered as described in the Praxis Series Registration Bulletin which may be obtained from Educational Testing Service, Post Office Box 6051, Princeton, New Jersey 08541-6051.

(14) Scoring of the Praxis Series: Professional Assessments for Beginning Teachers.
(a) The scores listed below shall be considered minimum passing scores for the following tests of the Praxis I: Academic Skills Assessments. Passing scores on the examinations may be used to satisfy the requirement of mastery of general knowledge, including the ability to read, write, and compute. Passing scores are required on one (1) subtest from each of the general knowledge areas of reading, writing, and mathematics. The list below shows the general knowledge areas, followed by the names of the subtests and the minimum passing scale scores. A passing score on either subtest for the area will meet the requirement.
(b) The scale score listed below shall be considered the minimum passing score for the following examination of the Praxis II: NTE Programs Core Battery. A passing score on this examination may be used to satisfy the requirement of mastery of professional skills as referenced in Section 231.17(5), Florida Statutes.

(15) Score reports for the National Teacher Examination Praxis examinations. A properly authenticated score report is defined as the original score report issued directly by the Educational Testing Service without any qualification, reservation, or irregularity.
6A-4.003 Degrees, Programs, and Credits.

Degrees, programs, and credits shall be determined acceptable for educator certification purposes based on the following:

1. Accredited institutions. Degrees and credits awarded by an institution of higher learning accredited by one (1) of the accrediting associations listed below shall be acceptable for educator certification purposes.

   a. Regional accrediting associations. The regional accrediting associations are as follows:
      1. The Southern Association of Colleges and Schools,
      2. The Middle States Association of Colleges and Secondary Schools,
      3. The New England Association of Colleges and Secondary Schools,
      4. The North Central Association of Colleges and Secondary Schools,
      5. The Northwest Association of Secondary and Higher Schools, and
      6. The Western Association of Colleges and Schools.
   
   b. Accrediting agencies approved by the United States Department of Education.
      2. Nonaccredited approved institutions. A non-accredited approved institution of higher learning shall be identified as having a quality program resulting in a bachelor’s or higher degree by one (1) of the following criteria:
         a. The institution is accepted for certification purposes by the state department of education where the institution is located,
         b. The institution holds a certificate of exemption pursuant to Section 246.085(1)(b), Florida Statutes,
         c. The institution is a newly created Florida public college or university that offers a bachelor’s or higher degree program,
         d. The institution is located outside the United States and awards a degree that is the equivalent to a bachelor’s or higher degree awarded by an accredited or approved institution in the United States. Isolated credit will be acceptable for certification purposes provided the credit is the equivalent of college credit earned in the United States, or
         e. The degree from the institution was accepted by an accredited or approved institution either in transfer or as a basis for admission into the graduate program which resulted in the conferral of a higher degree.

   An applicant who holds a valid standard educator’s certificate issued by a state other than Florida which may be used to satisfy the eligibility requirements for a professional certificate as described in Sections 231.17(1) and (2), Florida Statutes, or to demonstrate mastery of subject matter knowledge as in Section 231.17(4), Florida Statutes, is considered to have met the requirements of this rule.

   3. Highest acceptable degree level of training.
      a. The highest degree which has been awarded by an accredited or approved institution as described in subsections (1) and (2), of this rule, shall be recognized for certification. The degree level shall be determined by the criteria listed below.
      1. Bachelor’s degree. An earned bachelor’s degree, such as the bachelor of arts, bachelor of science, or bachelor of education degree which normally required four (4) years of higher education; or a foreign degree that required sixteen (16) years of combined pre-university and university education; or a foreign degree that has been evaluated by an education credential evaluation agency or an accredited or approved institution as the equivalent to a bachelor’s degree from an institution as described in subsections (1) and (2) of this rule shall be recognized as the bachelor’s degree level of training.
      2. Master’s degree. An earned master’s degree or an earned advanced bachelor’s degree of a professional nature, such as library science, in combination with an earned four-year bachelor’s degree; or a post-bachelor’s foreign degree that required at least five (5) years of higher education; or a foreign post-bachelor’s degree that has been evaluated by an education credential evaluation agency or an accredited or approved institution as the equivalent to a master’s degree from an institution as described in subsections (1) and (2) of this rule shall be recognized as the master’s degree level of training.
      3. Specialist in education degree. An earned sixth-year post-master’s level degree in education, such as specialist in education degree shall be recognized as the specialist’s degree level of training.
      4. Doctor’s degree. An earned academic or professional doctor’s degree, or an earned Bachelor of Laws (LLB) or higher law degree granted by an institution of higher learning in the United States, or a foreign doctor’s degree that required at least seven (7) years of higher education, or a foreign doctor’s degree that has been evaluated by an education credential evaluation agency or an accredited or approved institution as the equivalent to a doctor’s degree from an institution as described in subsections (1) and (2) of this rule, shall be recognized as the doctor’s degree level of training.
      b. A certificate, diploma, or other award shall not be recognized as an earned degree.
   
   4. Accreditation and acceptance of teacher education programs for specific certification purposes.
      a. Teacher education programs approved by the Florida Department of Education. A teacher education program approved by the Florida Department of Education shall fulfill the general and professional preparation requirements and the specialization requirements in the major subject of the approved program. The teacher education program shall have been approved at the time the program was completed.
(b) Inservice components in a Florida District Inservice Plan approved by the Florida Department of Education. A core of inservice components prescribed for a specific endorsement and approved by the Department of Education in the master inservice plan shall satisfy the professional preparation and specialization requirements for the designated endorsement. Successful completion of the components in the approved master inservice plan shall be verified by the Florida district superintendent.

c) Teacher education programs in states other than Florida. A teacher education program at the bachelor’s or higher degree level shall fulfill the general and professional preparation requirements and the specialization requirements for an academic class subject or a degree vocational class subject in accordance with the following provisions:

1. The teacher education program shall have been approved for the initial regular certificate at the time of completion by the state department of education in the state where the institution is located, or by the National Council for the Accreditation of Teacher Education; and
2. The major subject of the approved program shall be in a subject in which Florida offers certification; and
3. The instructional level of the major subject of the approved program shall be comparable to or broader than the instructional level at which Florida offers certification in the subject; and
4. When a master’s or higher degree is required for Florida certification in a subject, the program must have been completed at the same or higher level.

Specific Authority 229.053(1), 231.15(1), 231.17(11) FS. Law Implemented 229.053, 231.15, 231.17 FS. History–Amended 4-20-64, 3-26-66, 4-8-68, 7-7-68, 4-11-70, 1-17-72, Repromulgated 12-5-74, Amended 6-22-76, 11-9-76, 1-3-82, 4-30-85, Formerly 6A-4.03, Amended 12-25-86, 9-12-89, 4-15-91, 11-25-97, 10-15-01.

6A-4.004 Florida Educator’s Certificates with Academic, Administrative, Degree Vocational, and Specialty Class Coverages.

A Florida educator’s certificate is issued to an applicant with academic, administrative, degree vocational, and specialty class coverages as specified below.

1. (1) Temporary certificate.
   a) The three-year nonrenewable temporary certificate may be issued to an applicant who does not qualify for the professional certificate but meets the following requirements:
   1. Holds a valid Official Statement of Status of Eligibility as specified in Section 231.17(1)(b), Florida Statutes, which reflects that the applicant has satisfied specialization requirements for the subject requested,
   2. Obtains full-time employment in a position for which a Florida educators’ certificate is required in a Florida public, state supported, or nonpublic school which has a Department of Education approved system for documenting the demonstration of required professional education competence. Verification of employment shall be submitted by a Florida district superintendent or designee or the chief administrative officer, and
   3. Satisfies the fingerprint requirement as follows:
      a. Submits the original fingerprint reports which have been processed by the Florida Department of Law Enforcement and the Federal Bureau of Investigation as specified below:
         (i) Original fingerprint reports shall be provided by the employing district, state supported school, or nonpublic school. A name and description search shall be acceptable in lieu of a technical fingerprint search after two (2) sets of fingerprints are declared illegible by the Florida Department of Law Enforcement or the Federal Bureau of Investigation or when an individual is unable to provide fingerprints because of a physical disability, and
         (ii) Fingerprints shall have been submitted to the Florida Department of Law Enforcement and the Federal Bureau of Investigation within the two-year period immediately preceding the date of employment for which the certificate is required, or
      b. Holds a Florida educator’s certificate which has not expired for more than one (1) school fiscal year from the date the application for a certificate is received by the Bureau of Educator Certification.
   b) Expired temporary certificates. A three-year nonrenewable temporary certificate may be issued to an applicant who held a temporary certificate but did not hold a temporary certificate for the school year immediately preceding the school fiscal year for which the certificate is requested and meets all requirements specified in paragraph (1)(a) of this rule.
   2. Professional certificate. The professional certificate is the highest type of full-time certificate issued. The professional certificate is issued to an applicant who meets the requirements as specified in Sections 231.17(1) and (2), Florida Statutes. However, if a subject area test has not been developed and the absence of such test prohibits an individual from obtaining a professional certificate or adding a subject to a professional certificate, the employing Florida district superintendent or chief administrative officer of a state supported or nonpublic school may verify the attainment of the essential subject matter competencies. When the Praxis I: Academic Skills Test is used for the general knowledge test, the score must meet the score established in Rule 6A-4.0021, F.A.C.
   3. Nonrenewable certificates covering speech-language impaired.
      a) One nonrenewable temporary certificate valid for two (2) school fiscal years shall be issued to an applicant who meets the following requirements:
         1. Completes the application requirements as specified in Rule 6A-4.0012, F.A.C.,
         2. Obtains full-time employment as specified in subparagraph (1)(a)2., of this rule,
3. Submits fingerprint reports as specified in subparagraph (1)(a)3., of this rule, and
4. Holds a bachelor’s degree in speech-language impairment from an accredited or approved institution as specified in Rule 6A-4.003, F.A.C.,
   (b) One nonrenewable professional certificate valid for five (5) school fiscal years shall be issued to an applicant who meets the following requirements:
   1. Meets requirements for a temporary certificate covering speech-language impaired as specified in paragraph (3)(a) of this rule,
   2. Demonstrates mastery of general knowledge by one of the options specified in Section 231.17(3), Florida Statutes,
   3. Demonstrates mastery of professional preparation and education competence by one of the options specified in Section 231.17(5), Florida Statutes, and
   4. Submits verification of acceptance and enrollment into a graduate degree program in speech-language impaired at an accredited or approved institution as prescribed in Rule 6A-4.003, F.A.C. Verification of admission to the program shall be an official transcript or a letter from an official of the college or university.
   (4) Certificates covering only athletic coaching (grades K-12).
      (a) A certificate valid for three (3) school fiscal years reflecting only athletic coaching may be issued to an applicant who does not meet the requirements specified in paragraph (4)(b) of this rule. The certificate may be issued one (1) time to an applicant who meets the following requirements:
         1. Completes the application requirements as specified in Rule 6A-4.0012, F.A.C., and
         2. Submits fingerprint reports as specified in subparagraph (1)(a)3., of this rule.
      (b) A certificate valid for five (5) school fiscal years reflecting only athletic coaching may be issued to an applicant who meets the following requirements:
         1. Completes the application requirements as specified in Rule 6A-4.0012, F.A.C.,
         2. Satisfies specialization requirements as specified in subsection (2) of Rule 6A-4.0282, F.A.C.,
         3. Submits fingerprint reports as specified in subparagraph (1)(a)3., of this rule.
   (5) Addition of subjects to a professional certificate. A subject may be added to a valid professional certificate when an applicant meets the following requirements:
      (a) Completes application requirements as specified in Rule 6A-4.0012, F.A.C., and
      (b) Demonstrates mastery of the subject matter as specified in Section 231.17(4), Florida Statutes, for each subject to be added to a professional certificate.
   (6) Addition of endorsements. An endorsement may be added to a valid temporary or professional certificate when an applicant meets the following requirements:
      (a) Completes the application requirements as specified in Rule 6A-4.0012, F.A.C., and
      (b) Satisfies the specialization requirements specified in the rules of the Florida State Board of Education for each endorsement to be added to the certificate.
   (7) Expired certificates.
      (a) Certificates which have expired are invalid.
      (b) An applicant who held a professional certificate which has expired may secure another professional certificate provided all requirements for the professional certificate in effect at the time the application is filed have been completed. Completion of requirements for issuance of a professional certificate which has expired shall not be considered as satisfaction of requirements for subsequent professional certificates.
      (c) An applicant who does not qualify for the professional certificate may be issued a temporary certificate as specified in subsection (1) of this rule.
      (d) An applicant whose professional certificate has been expired for less than five (5) years may reinstate the professional certificate if requirements are completed as specified in subsection 6A-4.0051(6), F.A.C.

Specific Authority 229.053(1), 231.15(1), 231.17(11) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–Amended 4-20-64, 4-8-68, 7-7-68, 4-11-69, 4-11-70, 9-17-72, 8-17-74, Repromulgated 12-5-74, Amended 11-9-76, 7-1-79, 8-27-80, 1-3-82, 4-26-84, 11-18-84, 6-18-85, Formerly 6A-4.04, Amended 12-25-86, 10-18-88, 9-12-89, 12-4-89, 4-15-91, 10-10-91, 5-3-94, 10-15-01.

**6A-4.0051 Renewal and Reinstatement of a Professional Certificate.**

A professional certificate is renewed or reinstated and certification coverages retained on the certificate in accordance with the following provisions:

(1) Professional certificate. A professional certificate may be renewed for the individual who meets the requirements specified below:
   (a) Completes six (6) semester hours of college credit or the equivalent as described below or an amount as specified in subsection (2) of this rule for retention of certificate covers:
      1. College credit. College credit earned at an accredited or approved institution or community or junior college as specified in Rule 6A-4.003, F.A.C., may be used to renew the professional certificate.
2. Inservice training. Inservice points earned through inservice education activities which were part of a District Master Plan for Inservice Education developed and approved by a Florida school district in accordance with Rule 6A-5.071, F.A.C., may be used to renew the professional certificate. Twenty (20) inservice points shall be equal to one (1) semester hour of college credit. The inservice training shall be verified by the Florida district school superintendent or chairperson of the governing board and shall include the number of inservice points earned in each area of certification.

(b) Subject area tests. A passing score on a subject area test in the certification area shown on the certificate may be used to renew the coverage on the professional certificate. A subject area test shall be approved by the Florida State Board of Education and shall be in a certification area shown on the certificate. One (1) test shall be equal to three (3) semester hours of college credit. Official documentation of a passing score on each subject area test used for renewal of the certificate shall be submitted to the Bureau of Educator Certification, Florida Department of Education and shall be the original score report issued by the test administration agency.

(c) National board certification. A certificate issued by the National Board for Professional Teaching Standards is deemed to meet state renewal requirements for the life of the educator’s national certificate in the subject shown on the national certificate. Official documentation shall be a photocopy of the national certificate.

(2) Retention of certification coverages. When renewing a professional certificate, certification coverages shall be retained on a professional certificate in accordance with the following:

(a) To retain one (1) certification coverage on a professional certificate, at least three (3) semester hours of college credit or the equivalent shall be completed in the specialization area or an appropriate category in accordance with Section 231.24(3)(a), Florida Statutes. Three (3) additional semester hours or sixty (60) additional inservice points may be completed in any area.

(b) To retain two (2) coverages on a professional certificate, at least three (3) semester hours of college credit or the equivalent shall be completed for each subject in the specialization area or an appropriate category in accordance with Section 231.24(3)(a), Florida Statutes. When requirements have not been satisfied for the retention of a certification coverage on the certificate, the coverage shall be deleted from the certificate when the certificate is renewed.

(c) To retain more than two (2) certification coverages on a professional certificate, the applicant shall be permitted two (2) successive validity periods for renewal of all specialization areas, but must earn no fewer than six (6) semester hours or the equivalent in any one (1) validity period. A coverage shall not continue to be retained on a certificate unless three (3) semester hours or the equivalent is completed in the specialization area or an appropriate category in accordance with Section 231.24(3)(a), Florida Statutes, during one (1) of two (2) successive validity periods. When requirements specified herein have not been satisfied for the retention of a certification coverage or coverages on a certificate, the coverage or coverages shall be deleted from the certificate when the certificate is renewed.

(3) General requirements.

(a) All requirements necessary for the renewal of a certificate shall be completed during the last validity period of the certificate to be renewed and prior to the expiration date of the certificate. Requirements for the first renewal shall be completed subsequent to the date that the application for the certificate was received in the Bureau of Educator Certification, Florida Department of Education, or subsequent to the beginning validity date shown on the certificate, whichever is later.

(b) Application and appropriate fee as specified in Rule 6A-4.0012, F.A.C., for renewal of a certificate shall be submitted to the Bureau of Educator Certification, Florida Department of Education or the employing Florida school district, during the last year of the validity period of the certificate and prior to the expiration date of the certificate. However, if the renewal application form is not received by the Bureau of Educator Certification or the employing Florida school district, before the expiration of the professional certificate, the application form, application fee, and a thirty (30) dollar late fee shall be submitted prior to July 1 of the year following expiration of the certificate in order to retain the professional certificate.

(c) The validity period of the renewed certificate shall be for a period not to exceed five (5) years from July 1 of the school fiscal year following the date that the application was received in the Bureau of Educator Certification, Florida Department of Education or the employing Florida school district. However, if the renewal application is received by the Bureau of Educator Certification or the employing Florida school district after expiration of the professional certificate as specified in paragraph (3)(b) of this rule, the validity period of the renewed certificate shall be for a period not to exceed five (5) years from July 1 following the expiration of the last professional certificate.

(d) A grade of at least “C” or the equivalent shall be earned in each course used for the renewal of a certificate. A grade of pass shall be acceptable under the pass or fail grading system.

(e) A certification coverage which has been deleted from a professional certificate shall be added to the certificate when requirements specified in subsection 6A-4.004(5), F.A.C., have been completed.

(f) A one (1) year extension of the validity period of a professional certificate shall be granted by the Florida Department of Education in the event of serious illness, injury, or other extraordinary extenuating circumstances beyond the control of the applicant. The extension shall be granted only upon written request of the applicant or the superintendent of the local school district or of the chief administrative officer of a state supported or nonpublic school. The written request shall explain the extenuating circumstances. In case of illness or injury, a physician’s written verification shall be submitted.
(4) Special provisions for military service. An individual who holds a valid professional certificate and who is called into or volunteers for actual wartime military service or required peacetime military service may renew the professional certificate and retain all certification coverages shown on the certificate for the period of time equal to the time spent in military service. To qualify for the renewal of the certificate, the individual shall complete the application requirements as specified in Rule 6A-4.0012, F.A.C., and submit a notarized copy of the military separation papers.

(5) Special provisions for teachers of limited English proficient students.

(a) An educator who holds a professional certificate may use college credits or inservice points completed in English-for-Speakers-of-Other-Languages training in excess of six (6) semester hours during one certificate-validity period toward renewal of the professional certificate during the subsequent validity periods.

(b) An educator who holds a temporary certificate may use college credits or inservice points completed in English-for-Speakers-of-Other-Languages training toward renewal of the educator’s first professional certificate. Such training must not have been included within the degree program, and the educator’s temporary and professional certificates must be issued for consecutive school years.

(c) These provisions supersede the requirements in paragraph (3)(a) of this rule for the individuals noted in paragraphs (5)(a) and (b) of this rule.

(6) Reinstatement of a professional certificate. The Department may reinstate an expired professional certificate within five (5) years after the date of expiration if the certificate holder:

(a) Completes the application requirements as specified in Rule 6A-4.0012, F.A.C.,

(b) Satisfies the fingerprint requirement as specified in subparagraph 6A-4.004(1)(a)3., F.A.C.,

(c) Documents completion of six (6) semester hours of college credit during the five (5) years immediately preceding reinstatement of the expired certificate, completion of one hundred twenty (120) inservice points, or a combination thereof, as specified in paragraph (1)(a) of this rule, and

(d) During the five (5) years immediately preceding reinstatement of the certificate, achieves a passing score on the subject area examination for each subject to be shown on the reinstated certificate. Only subjects currently issued by the Department may be shown on a reinstated certificate.

6A-4.006 General and Professional Preparation.

Credit in general and professional preparation as listed below shall be required for the professional certificate unless exemption for a specific certification subject is provided in State Board Rules.

(1) General preparation. A graduate with a bachelor’s or higher degree from an accredited or approved institution as described in Rule 6A-4.003, F.A.C., shall be considered to have met the general preparation requirements.

(2) Professional preparation. Twenty (20) semester hours in professional preparation as specified below:

(a) Course requirements in education.

1. Six (6) semester hours in foundations of education with credit in both sociological and psychological foundations as described below:

   a. Sociological foundations include courses such as school and society, introduction to education, history of education, and principles and philosophy of education.

   b. Psychological foundations include courses such as educational psychology, child psychology, adolescent psychology, psychology of learning, and growth and development of the individual.

2. Six (6) semester hours in general methods of teaching, administration, and curriculum in the elementary school or secondary school. Courses should provide an overview of the entire school program and give specific help with respect to the principles of teaching, general curriculum, instructional design, testing and measurement, evaluation of the school program, general methods, school organization and administration needed by teachers in the public schools.

3. Special methods.

   a. Grades K-12. Four (4) semester hours in methods of teaching the subject to include credit at the elementary and secondary levels for each of the following subjects: art, computer science, foreign languages, health, humanities, and music.

   b. Middle grades (5-9) and secondary (6-12). Two (2) semester hours in methods of teaching the subject at the appropriate level for each middle grade or secondary subject.

   c. Home Economics (6-12). Six (6) semester hours in home economics education to include two (2) semester hours in methods of teaching home economics at the secondary level. The six (6) semester hours shall be earned at one (1) institution which is approved by the State Board of Vocational Education.

(b) Practical experience in teaching. Practical experience in teaching may be satisfied by one (1) of the plans listed below:

1. Six (6) semester hours earned in a college student teaching program or in a supervised internship completed in an elementary or secondary school, or

2. Two (2) years of full-time teaching experience as specified in paragraph 6A-4.002(5)(a), F.A.C.
(3) Professional preparation for agriculture. Twenty (20) semester hours in professional preparation to include credit in each of the following areas: psychological foundations of education as specified in sub-subparagraph (2)(a)1.b. of this rule, secondary school curriculum, basic principles or philosophy of vocational education, general methods or techniques of teaching vocational education, program planning in vocational agriculture education, methods of teaching vocational agriculture, and practical experience in teaching. The practical teaching experience requirement may be satisfied as specified in paragraph (2)(b) of this rule.

(4) Exemptions.

(a) Requirements which are specified in paragraphs (2)(a) and (b) of this rule shall be waived for issuance of a professional certificate covering only school food service.

(b) Requirements which are specified in paragraph (2)(a) of this rule shall be waived for issuance of a professional certificate covering only prekindergarten/primary education, preschool education, school social worker, and speech-language impaired.

(c) Special methods of teaching the subject which are specified in subparagraph (2)(a)3., of this rule shall be waived for the following coverages: educational leadership, educational media specialist, elementary education, English to speakers of other languages, exceptional student education coverages, guidance and counseling, physical education, reading, school principal, and school psychologist.

Specific Authority 229.053(1), 231.15(1), 231.17(5) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History—Amended 4-20-64, 4-8-68, 7-7-68, 4-11-69, 6-17-73, Repromulgated 12-5-74, Amended 10-12-76, 7-1-79, 11-5-84, Joint Administrative Procedures Committee Objection Filed – See FAW Vol. 12, No. 11, March 14, 1986, Formerly 6A-4.06, Amended 9-12-89, 5-30-94, 7-17-00, 10-15-01.

6A-4.008 Specialization Requirements for Certification in Administration of Adult Education - Administrative Class.

To be eligible for certification in administration of adult education, an applicant shall complete the requirements specified below:

(1) Hold a professional certificate.

(2) Submit verification of three (3) years of full-time teaching experience as specified in paragraph 6A-4.002(5)(a), F.A.C., and

(3) Complete one (1) of the following plans:

(a) Plan One. Hold a master’s or higher degree with a graduate degree major in administration of adult education, or

(b) Plan Two. Hold a master’s or higher degree with a graduate degree major in educational administration, administration and supervision, or educational leadership, and complete at least six (6) semester hours of graduate credit as specified below:

1. Three (3) semester hours in organization and administration of adult education, and

2. Three (3) semester hours in principles of adult education, adult education curriculum, supervision of adult education, or methods and materials in adult instruction, or

(c) Plan Three. Hold a master’s or higher degree and complete graduate credit as specified below:

1. Nine (9) semester hours in school administration which includes at least three (3) semester hours in organization and administration of adult education,

2. Three (3) semester hours in basic school supervision or supervision of adult education, and

3. Six (6) semester hours in curriculum which includes at least three (3) semester hours in adult education curriculum, or

(d) Plan Four. Hold a professional certificate covering elementary or secondary administration or educational leadership and complete at least six (6) semester hours of graduate credit as specified below:

1. Three (3) semester hours in organization and administration of adult education, and

2. Three (3) semester hours in principles of adult education, adult education curriculum, supervision of adult education, or methods and materials in adult instruction.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History—Amended 4-20-64, 4-8-68, 7-7-68, 4-11-70, 6-17-74, Revised 8-17-74, Repromulgated 12-5-74, Amended 7-1-79, Formerly 6A-4.08, Amended 10-31-88.

6A-4.0081 Florida School Principal Certification.

The Florida school principal certification program shall be performance-based and shall include three (3) levels of certification based on demonstrated knowledge, performance, and results. The subject area examination required for issuance of the professional certificate as specified in subparagraph 6A-4.004(1)(a)11., F.A.C., shall be a requirement for Level 1 Certification.

(1) Level 1 Certification shall be designated Educational Leadership. Requirements for certification in educational leadership are listed in Rule 6A-4.0082, F.A.C., and include successful demonstration of knowledge in each of eight (8) areas of public school administration as described in paragraph 6A-4.0082(3)(a), F.A.C. Documentation of knowledge in each of the areas shall be by comprehensive written examination administered under the direction of the Department.

(2) Level 2 Certification shall be designated School Principal. Requirements for certification as school principal are listed in Rule 6A-4.0083, F.A.C., and include successful performance of the duties of the school principalship as described in Rule 6A-4.0083, F.A.C. Documentation of successful performance shall be by a comprehensive performance appraisal system approved by the district school board and the Department.

(3) Level 3 Certification shall be designated Professional School Principal. Requirements for certification as professional school principal are listed in Rule 6A-4.0084, F.A.C., and require the applicant to achieve superior results for a period of three (3) years or more in the same district as described in Rule 6A-4.0084, F.A.C. Documentation of superior results shall be by a comprehensive performance appraisal system approved by the district school board and the Department.
The term principal as used in Rules 6A-4.0081 through 6A-4.0085, F.A.C., means a person assigned responsibility for administrative direction and instructional leadership and supervision at an individual school as prescribed in Section 228.041(10)(b)1., Florida Statutes. This does not include persons assigned these responsibilities in the role of assistant, intern, or interim principal.

Educational Leadership may be shown on a temporary or professional certificate. School Principal and Professional School Principal may be shown on a professional certificate with other areas of certification or shown individually without other areas of certification.

Certification coverage of school principal and professional school principal shall cover all positions covered by certification in administration, supervision, administration and supervision and educational leadership.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.0861, 231.087(3)(e), 231.15, 231.17 FS. History–New 7-1-86, Formerly 6A-4.081, Amended 7-1-86, 10-31-88.

6A-4.0082 Specialization Requirements for Certification in Educational Leadership - Administrative Class.

1. Verification of three (3) years of successful teaching experience in an elementary or secondary school. Verification shall be by the chief executive officer of the school district, state supported school, or nonpublic school in which the teaching experience occurred.

2. A master’s or higher degree awarded by a standard institution as defined in subsection 6A-4.003(1), F.A.C.

   (a) Leadership core curriculum consists of the eight (8) areas of educational administration specified below:
   1. Public School Curriculum and Instruction.
   2. Organizational Management and Development.
   4. Leadership Skills.
   6. Technology.
   (b) Documentation of successful completion of the Florida Educational Leadership Core Curriculum shall be by one (1) of the following plans:
   1. Successful completion of an approved Florida preservice program in educational leadership offered by a standard institution.
   2. A graduate degree major in educational administration, administration and supervision, or educational leadership awarded by a standard institution as defined in subsection 6A-4.003(1), F.A.C.
   3. A graduate degree with a major in a subject other than educational administration, administration and supervision or educational leadership, and successful completion of an approved modified Florida program in educational leadership offered by a standard institution.
   4. A graduate degree with a major in a subject other than educational administration, administration and supervision, or educational leadership and thirty (30) semester hours of graduate credit which includes credit in each of the eight areas of educational administration specified in paragraph (3)(a) of this rule.
   (4) Using the objective screening, selection, and appointment procedures of the district school board approved under Section 231.0861(2), Florida Statutes, persons holding certification in educational leadership, administration, or administration and supervision may be appointed to perform the duties of an intern assistant principal, assistant principal, intern principal or interim principal. A person holding the certification coverages listed above, school principal or professional school principal, may be appointed under district school board procedures to administrative positions which are not assigned to a school.
   (5) Out-of-state experienced educational administrators who have a master’s degree or higher in educational administration and supervision from a standard institution and who are employed for a district level position by a Florida school board shall be eligible for a temporary certificate covering educational leadership.

Specific Authority 229.053(1), 231.15(3), 231.17(1), 236.0811(2)(a) FS. Law Implemented 231.02, 231.0861, 231.087(3)(e), 231.145, 231.15, 231.17, 236.0811 FS. History–New 7-1-86, Formerly 6A-4.082, Amended 10-31-88, 9-12-89, 7-17-00.

6A-4.00821 Florida Educational Leadership Examination.

1. Scope. This rule governs the written examination for certification in Education Leadership. Additional requirements for certification in Educational Leadership are specified in Rule 6A-4.0082, F.A.C.

2. Description of the examination.
   (a) The Florida Educational Leadership Examination shall be developed by the Commissioner of Education.
   (b) The written examination shall contain questions in the areas of:
   1. School communications. This subtest shall contain an essay and multiple choice questions in communications.
   2. School management. This subtest shall contain multiple choice questions covering management, leadership, and personnel.
   3. School operations. This subtest shall contain multiple choice questions covering law, finance, curriculum, and technology.
(c) The competencies to be demonstrated by means of a written examination are contained in the publication “Competencies and Skills Required for Certification in Educational Leadership in Florida, Second Edition 2002,” which is hereby incorporated by reference and made a part of this rule. Copies of this publication may be obtained from the Department of Education, Assessment and Evaluation Section, 325 West Gaines Street, Tallahassee, Florida 32399 at a price to be established by the Commissioner not to exceed actual cost.

(3) Administration of the examination.
(a) The examination shall be administered by a test administration agency or agencies under contract with the Florida Department of Education.
(b) The examination shall be administered at least two (2) times each year. The Commissioner of Education shall establish the examination dates each year which may include additional test administrations.
(c) The examination shall be administered at centers designated by the Commissioner of Education.

(4) Registration, late registration, and refunds.
(a) Registration for the examination shall be for the initial examination or for one (1) or more subtests not previously passed. To register to take the examination, an applicant shall submit a completed application to the test administration agency. The completed application shall be received by the test administration agency at least fifty (50) days preceding the examination date.
  1. Before October 1, 2003, a completed application shall consist of the following:
     a. A completed application Form CG-20-03, Registration Application: Certification Examinations for Florida Educators, which includes the applicant’s signature. Form CG-20-03 is hereby incorporated by reference and made a part of this rule to become effective July 2003. This form may be obtained without cost from the Bureau of Educator Certification, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399-0400.
     b. A fifty (50) dollar registration fee.
     c. A charge of one hundred (100) dollars in addition to the fees described in sub-subparagraph 6A-4.00821(4)(a)1.b., F.A.C., for certification applicants taking the examination on a supplemental administration date.
  2. Beginning October 1, 2003, a completed application shall consist of the following:
     a. A completed application Form CG-20-03A, Registration Application: Certification Examinations for Florida Educators, which includes the applicant’s signature. Form CG-20-03A is hereby incorporated by reference and made a part of this rule to become effective October 2003. This form may be obtained without cost from the Bureau of Educator Certification, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.
     b. A fifty (50) dollar registration fee.
     c. A charge of one hundred (100) dollars in addition to the fees described in sub-subparagraph 6A-4.0021(4)(a)2.b., F.A.C., for certification applicants taking a supplemental examination.
  3. An incomplete application shall be returned to the applicant. Applications which are completed and resubmitted to the test administration agency after the fifty (50) day deadline shall be acceptable only if the applicant complies with requirements specified in paragraph 6A-4.00821(4)(b), F.A.C.
     (b) Late registration for the examination shall be for the initial examination or for one (1) or more subtests not previously passed. Before October 1, 2003, an applicant who did not submit a completed application to the test administration agency within the fifty (50) day deadline may register for the examination by completing the requirements listed in subparagraph 6A-4.00821(4)(a)1., F.A.C., and submitting a thirty (30) dollar late charge. Beginning October 1, 2003, an applicant who did not submit a completed application to the test administration agency within the fifty (50) day deadline may register for the examination by completing the requirements listed in subparagraph 6A-4.00821(4)(a)2., F.A.C., and submitting a thirty (30) dollar late charge. All items shall be received by the test administration agency at least thirty (30) days preceding the examination date. Late registration shall be accepted on a space available basis.
     c. Refunds. Fees shall be refunded provided written requests for refunds are received by the test administration agency at least thirty (30) days preceding the examination date. Failure to appear for or to complete an examination shall result in forfeiture of fees.
  5. Admission. The test administration agency shall provide each applicant with an admission ticket specifying the examination center and the time of the examination. The admission ticket and other identification are required for entrance into the examination center. The other identification shall be specified on the admission ticket. An applicant who arrives after the examination has begun shall not be admitted until the start of the next subtest of the examination.
  6. Examinee, handicapped. An applicant who is unable to complete the examination under standard testing conditions because of a handicap may request special arrangements. Such a request shall be made when the examination application is submitted. Lack of proficiency in the English language shall not be acceptable as a justifiable reason for requesting a reader for an examinee. Special arrangements shall be provided for applicants with handicapping conditions.
  7. Scoring.
     (a) The examination shall be scored on a measurement scale which has an overall mean scale score of five hundred (500) and a standard deviation of one hundred (100). The Commissioner of Education shall designate the administration of the examination which shall be used as the base year for statistical calculations.
(b) The essay portion of the school communications subtest shall be scored by (2) trained judges using a scale of one (1) which is an unsatisfactory score to four (4) which is an outstanding score. In the event the two (2) ratings are two (2) or more points different, or in the event the summed ratings equal three (3), the writing sample will be rated by a referee and the referee’s score will replace the most discrepant of the original ratings.

(c) Prior to July 1, 1988, a score earned on the Florida Educational Leadership Examination shall be considered a passing score and shall be valid for Educational Leadership certification application for a period of two (2) years from the test administration date. Applicants for the Educational Leadership certificate shall be required to present a score report to the Florida Department of Education when applying for the certificate.

(d) Beginning July 1, 1988, a passing score for each subtest of the Florida Educational Leadership Examination shall be:

1. School Communications. Examinee scores for the school communications subtest shall be reported as an average scaled score combining the scaled score from the essay test and the scaled score from the multiple choice questions. The passing score shall be the scaled score equivalent to the combination of the essay total raw score of four (4) and a multiple choice total raw score of fifteen (15) on the November, 1987 administration of the subtest.

2. School Management. Examinee scores for the school management subtest shall be reported as a scaled score. The passing score shall be the scaled score equivalent to a total raw score of sixty-nine (69) on the November, 1987 administration of the subtest.

3. School Operations. Examinee scores for the school operations subtest shall be reported as a scaled score. The passing score shall be the scaled score equivalent to a total raw score of ninety-one (91) on the November, 1987 administration of the subtest.

(e) The subtest score scales for administrations of the examination after July 1, 1988, shall be equated to the November, 1987 subtest administration.

(8) Essay performance standards.

(a) Judges. The test scoring agency shall appoint persons to judge the essay portion of the school communications subtest who have the following minimum qualifications:

1. Academic preparation. At least a bachelor’s degree with an emphasis in English, writing, and composition.

2. Experience. A minimum of two (2) years of experience in teaching and evaluating writing. Examples of qualifying experience are: teaching English or language arts in secondary schools, teaching college composition courses, serving as a teaching assistant for college classes in composition or working as a professional copy editor.

3. Specific training. Successful completion of a training program provided by the Florida Department of Education or its contractors.

(b) Referees. The referees shall be judges who have demonstrated in the training program and through prior experience unusual success as composition teachers or raters.

(c) Rating scale. The four-level scale for judging the written essays is defined as follows:

1. A rating of one (1) indicates the essay lacks unity and focus. It is distorted or ambiguous, and it fails to treat the topic in sufficient depth and breadth. There is little or no discernible organization and only scant development of ideas, if any at all. The essay betrays only sporadically a sense of paragraph and sentence structure, and it is syntactically slipshod. Usage is irregular and often questionable or wrong. There are serious errors in spelling, capitalization, and punctuation.

2. A rating of two (2) indicates the essay has some degree of unity and focus, but each could be improved. It is reasonably clear, though not invariably so, and it treats the topic with a marginal degree of sufficiency. The essay reflects some concern for organization and for some development of ideas, but neither is necessarily consistent nor fully realized. The essay reveals some sense, if not full command of paragraph and sentence structure. It is syntactically bland and, at times, awkward. Usage is generally accurate, if not consistently so. There are some errors in spelling, capitalization, and punctuation that detract from the essay’s effect if not from its sense.

3. A rating of three (3) indicates the essay is focused and unified, and it is clearly if not distinctly written. It gives the topic an adequate though not always thorough treatment. The essay is well organized, and much of the time it develops ideas appropriately and sufficiently. It shows a good grasp of paragraph and sentence structure, and its usage is generally accurate and sensible. Syntactically, it is clear and reliable. There may be a few errors in spelling, capitalization, and punctuation, but they are not serious.

4. A rating of four (4) indicates the essay is unified, sharply focused, and distinctively effective. It treats the topic clearly, completely, and in suitable depth and breadth. It is clearly and fully organized, and it develops ideas with consistent appropriateness and thoroughness. The essay reveals an unquestionably firm command of paragraph and sentence structure. Syntactically, it is smooth and often elegant. Usage is uniformly sensible, accurate, and sure. There are very few, if any, errors in spelling, capitalization, and punctuation.

(9) Score reports.

(a) A properly authenticated score report is defined as the original score report issued directly by the test administration agency without any qualification, reservation, or irregularity.

(b) The examinee shall be sent two (2) authenticated score reports. In addition, a copy of the score report may be issued by the test administration agency without a fee to one (1) Florida college or university and to one (1) Florida school district provided the examinee identifies the recipient or recipients of the score report on either the CG-20-02, Registration Application: Certification Examinations for Florida Educators or the CG-20-03, Registration Application Certification Examinations for Florida Educators.
(c) Official documentation of scores earned on each subtest of the examination for an Educational Leadership certificate shall be the original authenticated score report or a duplicate authenticated score report as described in paragraphs 6A-4.00821(9)(a) and (e), F.A.C.

(d) After July 1, 1988, scores shall be reported as Pass or Fail for each subtest. The Commissioner of Education may provide additional score information to the examinee.

(e) An examinee may obtain a duplicate authenticated score report for a test administration by filing a written request and a fee. A fee is required for each score report that is requested. The fee shall be that amount necessary for the test administration agency to perform the service as agreed in the contract between the agency and the Florida Department of Education.

(10) Review.

(a) An examinee who fails one (1) or more subtests of the examination may file a written request with the test administration agency for handscoring of the subtest which was failed with the exception of the essay part of the communications subtest. The request shall be filed no later than thirty (30) days after the date the score report was mailed by the test administration agency. The fee for handscoring one (1) or more subtests shall be that amount necessary for the test administration agency to perform the service as agreed in the contract between the agency and the Florida Department of Education. The test administration agency shall notify the examinee of the results of the handscoring within thirty (30) days of receipt of the request and fee.

(b) An examinee who fails one (1) or more subtests of the examination may review each subtest that was failed and bring to the Florida Department of Education’s attention any scoring errors which may result in a passing score. The procedures for test review are as follows:

1. The examinee shall mail a written request to the Florida Educational Leadership Examination Program, Assessment, Testing, and Evaluation Section, Florida Department of Education, The Florida Education Center, Tallahassee, Florida 33299 within sixty (60) days of the date the score report was mailed by the test administration agency. The Florida Department of Education shall notify the examinee when a date has been scheduled for the examinee’s review of the materials in Tallahassee. On the review day, the examinee shall file with the Florida Department of Education a statement of specific scoring errors which may result in a passing score. The procedures for test review are as follows:

   1. The examinee shall mail a written request to the Florida Educational Leadership Examination Program, Assessment, Testing, and Evaluation Section, Florida Department of Education, The Florida Education Center, Tallahassee, Florida 33299 within sixty (60) days of the date the score report was mailed by the test administration agency. The Florida Department of Education shall notify the examinee when a date has been scheduled for the examinee’s review of the materials in Tallahassee. On the review day, the examinee shall file with the Florida Department of Education a statement of specific scoring errors which may result in a passing score.

   2. The Commissioner of Education shall notify the individual of the action on the statement of scoring errors no later than thirty (30) days from receipt of the statement.

Specific Authority 1012.56, 1012.59 FS. Law Implemented 1012.56 FS. History–New 12-25-86, Amended 1-11-89, 5-19-98, 10-6-99, 7-17-00, 7-16-01, 3-24-02, 7-21-03.

6A-4.0083 School Principal - Administrative Class.

To be eligible to receive certification as a school principal, an individual shall satisfy each of the following requirements:

(1) Hold a valid professional certificate covering educational leadership, administration, or administration and supervision.

(2) Document successful performance of the duties of the school principalship. These duties shall be performed in an approved district management training and development program designed and implemented consistent with the program described in the publication titled, Preparing New Principals, 1985, approved by the Florida Council on Educational Management, which is hereby incorporated and made a part of this rule. In addition, these duties shall:

   (a) Be performed as a full-time employee of a district school board and assigned to perform the duties of an assistant principal, intern principal, or an interim principal for a period of not less than one (1) full school year which is ten (10) months or more in length.

   (b) Be a formally planned professional development program designed and implemented to prepare the individual to become a school principal.

   (c) Be comprehensive of all the duties of the school principalship.

   (d) Be performed under the direct supervision of a currently practicing school principal or district manager who has been approved by the district school board to serve as the supervising principal or manager for this program.

(3) Demonstrate successful performance of the competencies of the school principalship which shall be documented by the Florida district school superintendent based on a performance appraisal system approved by the district school board and the Department. The performance appraisal system shall be consistent with Guidelines for District Performance Appraisal Systems, January, 1985, approved by the Florida Council on Educational Management, which is hereby incorporated and made a part of this rule. A comprehensive performance appraisal system:

   (a) Has clearly stated purposes.

   (b) Promotes individual and organizational growth.

   (c) Is used for personnel decisions.

   (d) Is fair, equitable and legally sound.

   (e) Provides for negotiation of expectations in relation to situations.

   (f) Values appraisee input.

   (g) Requires planning, feedback, and coaching.

   (h) Has procedures for collection and retrieval of data for decision making.

   (i) Links rewards to performance.
school board, apply for vacancies of intern assistant principal, assistant principal, intern principal, interim principal, and other

Principals and Assistant Principals, September, 1984, approved by the Florida Council on Educational Management, which is selection, and appointment shall be consistent with Criteria for School District Screening, Selection, and Appointment Process for hereby incorporated and made a part of this rule.

successful performance of the duties as required by Section 231.0861, Florida Statutes. The objective-based process for screening, appointed using an objective-based process which documents that the applicant possesses the competencies necessary for positions for which this certification coverage is valid.

(6) Individuals who do not meet the requirements for certification as school principal but who hold valid certificates covering educational leadership, administration, or administration and supervision may, subject to the procedures established by each district school board, apply for vacancies of intern assistant principal, assistant principal, intern principal, interim principal, and other positions for which this certification coverage is valid.

(7) All principals, intern principals, and assistant principals appointed by each district school board shall be selected and appointed using an objective-based process which documents that the applicant possesses the competencies necessary for successful performance of the duties as required by Section 231.0861, Florida Statutes. The objective-based process for screening, selection, and appointment shall be consistent with Criteria for School District Screening, Selection, and Appointment Process for Principals and Assistant Principals, September, 1984, approved by the Florida Council on Educational Management, which is hereby incorporated and made a part of this rule.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.0861, 231.087(3)(e), 231.15, 231.17 FS. History–New 7-1-86, Formerly 6A-4.083, Amended 7-1-86, 10-31-88.

6A-4.0084 Professional School Principal - Administrative Class.

Certification as professional school principal is a voluntary certification. This level of certification shall be awarded only to those Florida school principals who through the appropriate application of leadership, managerial, and instructional skills consistently produce superior results in the schools of which they perform the duties of the principalship. To be eligible to receive certification as a professional school principal, an individual shall satisfy each of the following requirements:

(1) Hold a valid professional certificate as a school principal.
(2) Document at least three (3) years of superior results as a principal in the same Florida public school district. This service must be performed subsequent to July 1, 1986.
(3) Superior performance of the principal shall be documented by the district school superintendent based on a comprehensive performance appraisal and performance management system approved by the district school board and the Department. The performance appraisal system and the performance management system shall be consistent with Guidelines for District Performance Appraisal Systems, January, 1985, and Prototype Performance Management System, May, 1984, approved by the Florida Council on Educational Management which are hereby incorporated and made a part of this rule.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.0861, 231.087(3)(e), 231.15, 231.17 FS. History–New 7-1-86, Formerly 6A-4.084, Amended 10-31-88.

6A-4.0085 Provisions for Persons Certified in Administration, Supervision, or Administration and Supervision.

(1) Individuals with at least one (1) year of successful experience as a Florida elementary or secondary school principal prior to July 1, 1986, shall retain all rights and privileges provided for by Florida certification in administration, supervision, or administration and supervision. All persons in this category who have served successfully for at least one (1) year as a principal and who are recommended for employment as a principal for 1986-87 or thereafter may apply to have school principal certification shown on the individual’s valid professional certificate. District level administrators in this category may apply to have school principal certification if appointed to a principalship. The certificate renewal date shall be within the last validity period of the certificate on which the certification coverage is shown.
(2) Teachers, intern assistant principals, assistant principals, other school-based assistants, and district level administrators without principal experience, who hold valid certificates in administration, supervision, or administration and supervision may continue as school-based assistants or under school board procedures be appointed to serve as school-based assistants and in nonschool administrative positions.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.0861, 231.087, 231.15, 231.17 FS. History–New 7-1-86, Formerly 6A-4.085, Amended 7-1-86, 11-8-88.

6A-4.0101 Specialization Requirements for Certification in Art (Grades K-12) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in art, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in art to include credit in the areas specified below:
(a) Two-dimensional art such as drawing, painting, design, graphics, and photography,
(b) Three-dimensional art such as sculpture, ceramics, metals, textiles, woods, and plastics, and
(c) Art history.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 7-1-90, Amended 7-17-00.

6A-4.0121 Specialization Requirements for Certification in Computer Science (Grades K-12) - Academic Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in computer science or computer science education, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in computer science or computer science education to include credit in the areas specified below:
(a) Computer applications, and
(b) Computer programming.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 10-10-89, Amended 7-17-00.

6A-4.0123 Specialization Requirements for Certification in Dance (Grades K-12) - Academic Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in dance or dance education, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in dance to include the areas specified below:
(a) Credit in studio techniques to include:
1. Ballet;
2. Modern dance; and
3. Either jazz dance, folk dance, ethnic dance, character dance, tap dance, square dance, or musical theater dance.
(b) Credit in creative studio studies to include:
1. Dance composition or choreography;
2. Performance or repertory;
3. Dance production or stagecraft; and
4. Rhythmic analysis or music for dance.
(c) Credit in biomechanical analysis of movement or kinesiology; and
(d) Credit in history of dance or theory and philosophy of dance.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 11-10-92, Amended 7-17-00.

6A-4.0131 Specialization Requirements for the Endorsement in Driver Education - Academic Class.
(1) A bachelor’s or higher degree with certification in another subject, and
(2) Nine (9) semester hours in driver education to include the areas specified below:
(a) Three (3) semester hours in basic driver education,
(b) Three (3) semester hours in advanced driver education, and
(c) Three (3) semester hours in administration and supervision of driver traffic safety education.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 10-10-89.

6A-4.0141 Specialization Requirements for Certification in the Area of Preschool Education (Birth Through Age Four) - Academic Class.
Competencies for the specialization requirements are listed in the publication “Competencies for Specialization Requirements for Educators’ Certification in Florida, First Edition” which is hereby incorporated by reference and made a part of this rule. Copies of this publication may be obtained from the Bureau of Teacher Certification, Florida Department of Education, The Florida Education Center, Tallahassee, Florida 32399.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in preschool education (birth through age four [4]), or
(2) Plan Two. A bachelor’s or higher degree with forty-five (45) semester hours in preschool education (birth through age four [4]) to include the areas specified below:
(a) Three (3) semester hours in child growth and development from conception to age eight (8) with emphasis on infants, toddlers, and preschoolers;
(b) Three (3) semester hours in the historical, philosophical, and sociological perspectives in early childhood education with emphasis on infants, toddlers, and preschoolers;
(c) Eighteen (18) semester hours in developmentally appropriate integrated curriculum and practices in programs serving infants, toddlers, and preschoolers which include integrated field experiences;
(d) Six (6) semester hours in issues and practices to promote family and community involvement in programs serving infants, toddlers, and preschoolers which include integrated field experiences;
(e) Three (3) semester hours in health, nutrition, and safety in programs serving infants, toddlers, and preschoolers;
(f) Three (3) semester hours in diagnosis, assessment, and evaluation of infants, toddlers, and preschoolers which include integrated field experiences;
(g) Six (6) semester hours in special needs of all infants, toddlers, and preschoolers which include integrated field experiences; and

(h) Three semester hours in child guidance and management of the physical settings for programs serving infants, toddlers, and preschoolers which include integrated field experiences; or

(3) Plan Three. A bachelor’s or higher degree with an undergraduate or graduate degree major in early childhood education or primary education (kindergarten through grade three [3]); or a bachelor’s or higher degree with the specialization and professional preparation requirements completed for the prekindergarten (age three [3] through grade three [3]) certification coverage; and completion of twelve (12) semester hours to include integrated field experiences as specified below:
(a) Credit in developmentally appropriate integrated curriculum and practices in programs serving infants, toddlers, and preschoolers;
(b) Credit in diagnosis, assessment, and evaluation of infants, toddlers, and preschoolers;
(c) Credit in the special needs of all infants, toddlers, and preschoolers; and
(d) Credit in child guidance and management of the physical settings for programs serving infants, toddlers, and preschoolers; or

(4) Plan Four. A bachelor’s or higher degree with specialization and professional preparation requirements completed for the early childhood education or the primary education (kindergarten through grade three [3]) certification coverage; and completion of twenty-four (24) semester hours to include integrated field experiences as specified below:
(a) Three (3) semester hours in child growth and development from conception to age eight (8) with emphasis on infants, toddlers, and preschoolers;
(b) Credit in the historical, philosophical, and sociological perspectives in early childhood education with emphasis on infants, toddlers, and preschoolers;
(c) Nine (9) semester hours in developmentally appropriate integrated curriculum and practices in programs serving infants, toddlers, and preschoolers;
(d) Credit in issues and practices to promote family and community involvement in programs serving infants, toddlers, and preschoolers;
(e) Credit in health, nutrition, and safety in programs serving infants, toddlers, and preschoolers;
(f) Three (3) semester hours in diagnosis, assessment, and evaluation of infants, toddlers, and preschoolers;
(g) Six (6) semester hours in special needs of all children and their families which include integrated field experiences; and
(h) Credit in child guidance and management of the physical settings for programs serving infants, toddlers, and preschoolers.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 5-30-94.

6A-4.0142 Specialization Requirements for Certification in the Area of Prekindergarten/Primary Education (Age Three Through Grade Three) - Academic Class.
Competencies for the specialization requirements are listed in the publication “Competencies for Specialization Requirements for Educators’ Certification in Florida, First Edition” which is hereby incorporated by reference and made a part of this rule. Copies of this publication may be obtained from the Bureau of Educator Certification, Florida Department of Education, The Florida Education Center, Tallahassee, Florida 32399.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in prekindergarten/primary education (age three [3] through grade three [3]), or
(2) Plan Two. A bachelor’s or higher degree with forty-five (45) semester hours in prekindergarten/primary education (age three [3] through grade three [3]) to include the areas specified below:
(a) Three (3) semester hours in child growth and development from conception to age eight (8);
(b) Three (3) semester hours in the historical, philosophical, and sociological perspectives in early childhood education;
(c) Eighteen (18) semester hours in developmentally appropriate integrated curriculum and practices in programs serving age three (3) through grade three (3) which include integrated field experiences;
(d) Six (6) semester hours in issues and practices to promote family and community involvement which include integrated field experiences;
(e) Three (3) semester hours in health, nutrition, and safety;
(f) Three (3) semester hours in diagnosis, assessment, and evaluation which include integrated field experiences;
(g) Six (6) semester hours in special needs of all children and their families which include integrated field experiences; and
(h) Three (3) semester hours in child guidance and classroom management which include integrated field experiences.
(3) Plan Three. A bachelor’s or higher degree with an undergraduate or graduate degree major in the area of preschool education (birth through age four [4]); or a bachelor’s or higher degree with the specialization and professional preparation requirements completed for the area of preschool education (birth through age four [4]); and completion of twelve (12) semester hours in prekindergarten/primary education to include integrated field experiences as specified below:

(a) Credit in developmentally appropriate integrated curriculum and practices in programs serving children age five (5) through grade three (3);
(b) Credit in diagnosis, assessment, and evaluation for children age five (5) through grade three (3);
(c) Credit in special needs of children (age five [5] through grade [3]) and their families; and
(d) Credit in child guidance and classroom management for children (age five [5] through grade three [3]).

(4) Plan Four. A bachelor’s or higher degree with an undergraduate or graduate degree major in the area of primary education (grades kindergarten through grade three [3]) and twelve (12) semester hours in prekindergarten/primary education to include integrated field experiences as specified below:

(a) Credit in developmentally appropriate integrated curriculum and practices in programs serving children ages three (3) and four (4);
(b) Credit in issues and practices to promote family and community involvement;
(c) Credit in diagnosis, assessment, and evaluation for children ages three (3) and four (4); and
(d) Six (6) semester hours in special needs of all children and their families.

(5) Plan Five. A bachelor’s or higher degree with an undergraduate or graduate degree major in elementary education (grades one [1] through six [6]); or a bachelor’s or higher degree with the specialization and professional preparation requirements completed for elementary education (grades one [1] through six [6]) or primary education (grades kindergarten through grade three [3]); and fifteen (15) semester hours in prekindergarten/primary education to include integrated field experiences as specified below:

(a) Six (6) semester hours in developmentally appropriate integrated curriculum and practices in programs serving children ages three (3) through five (5);
(b) Credit in health, nutrition, and safety for children;
(c) Credit in diagnosis, assessment, and evaluation of young children;
(d) Credit in the education of young children with special needs and their families; and
(e) Credit in child guidance and management of classrooms with young children.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 5-30-94, Amended 7-17-00.

6A-4.0151 Specialization Requirements for Elementary Education (Grades K-6) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with a major in elementary education which includes teaching reading at the K-6 level, or

(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in elementary education to include the areas specified below:

(a) Courses in teaching reading in grades K-6 to include each of the following:
   1. Understanding the reading process and effective reading instruction,
   2. Recognition and assessment of reading problems, and
   3. Prescription and utilization of appropriate methods and materials to increase reading performance; and
(b) Courses in each of the areas specified below:
   1. Content and methods for teaching writing and language arts in grades K-6,
   2. Content and methods for teaching science for grades K-6,
   3. Content and methods for teaching social science for grades K-6,
   4. Content and methods for teaching health education and physical education for grades K-6,
   5. Content and methods for teaching art for grades K-6,
   6. Content and methods for teaching music for grades K-6,
   7. Content and methods for teaching mathematics for grades K-6, and
   8. Materials for use in grades K-6 such as children’s literature, multi-media materials, library materials, and the computer as an instructional tool.

(3) This rule is to become effective July 1, 2002, and supersedes the provisions of Rules 6A-4.014 and 6A-4.015, F.A.C., as of that date.

Specific Authority 229.053, 231.15(1), 231.17(6) FS. Law Implemented 229.053, 231.145, 231.15, 231.17(6) FS. History–New 7-1-02.

6A-4.0161 Specialization Requirements for Certification in Middle Grades English (Grades 5-9) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in English or middle grades English, or

(2) Plan Two. A bachelor’s or higher degree with eighteen (18) semester hours in English to include the areas specified below:
(a) Credit in English composition and grammar beyond freshman English,

6a-4.0162 specialization requirements for certification in english (grades 6-12) - academic class.

(1) plan one. a bachelor’s or higher degree with an undergraduate or graduate major in english, or
(2) plan two. a bachelor’s or higher degree with thirty (30) semester hours in english to include the areas specified below:
(a) credit in english composition and grammar beyond freshman english,
(b) credit in speech or oral interpretation, and
(c) fifteen (15) semester hours in literature.

specific authority 229.053(1), 231.15(1), 231.17(1) fs. law implemented 231.02, 231.145, 231.15, 231.17, 236.088 fs. history–new 7-1-90, amended 7-17-00.

6a-4.0172 specialization requirements for certification in the area of hearing impaired (grades k-12) - academic class.

(1) plan one. a bachelor’s or higher degree with an undergraduate or graduate major in hearing impaired, or
(2) plan two. a bachelor’s or higher degree with thirty (30) semester hours in exceptional student education to include credit in the areas specified below:
(a) foundations of exceptional student education to include historical perspectives, student characteristics, and trends and issues;
(b) educational management of exceptional students to include classroom organization, behavior management, and consultation skills;
(c) audiology, anatomy and physiology of human speech and auditory mechanisms, including assessment, amplification, and assistive listening devices;
(d) introduction to education of students who are hearing impaired to include the nature and needs of hearing impaired and multi-handicapped students, trends and issues, family support and intervention, and community resources;
(e) language development to include the application of english linguistics, psycholinguistics, and sociolinguistics to the education of hearing impaired students, including ages birth to five (5) years;
(f) auditory development and learning to include methods of auditory learning, assessment, and techniques for evaluating the acoustic environment;
(g) manual communication to include manually coded english and american sign language;
(h) instructional strategies for teaching students who are hearing impaired to include credit in the following:
1. teaching language to include instructional procedures to effect language learning to students who are hearing impaired including ages birth to age five (5) years;
2. speech development to include production and transmission of speech and instructional and assessment strategies to facilitate the development of speech skills for students who are hearing impaired including ages birth to age five (5) years;
3. teaching reading to students who are hearing impaired to include theories, curricular adaptations, and assessment;
4. teaching mathematics, science, and social studies to students who are hearing impaired to include procedures for curricular adaptations; and
5. teaching social and personal skills for students who are hearing impaired to include employability skills, career awareness, and transition planning for adult living.

specific authority 229.053(1), 231.15(1), 231.17(1) fs. law implemented 229.053, 231.145, 231.15, 231.17 fs. history–new 7-1-92, amended 7-17-00.

6a-4.0176 specialization requirements for certification in the area of speech-language impaired (grades k-12) - academic class.

(1) completion of the following education courses to satisfy the courses required in paragraph (2)(a) of rule 6a-4.006, f.a.c.
(a) three (3) semester hours in survey of exceptional student education, and
(b) three (3) semester hours in school organization or general curriculum which includes the elementary and secondary instructional levels.

(2) completion of specialization requirements by one of the following plans:
(a) plan one. a master’s or higher degree with a graduate major in speech-language pathology,
(b) plan two. a valid license in speech-language pathology issued pursuant to chapter 468, part i, florida statutes.
appropriate documentation to the department shall be a letter of verification of licensure from the issuing agency,
(c) plan three. a valid certificate of clinical competence issued by the american speech-language hearing association.
appropriate documentation to the department shall be a letter of verification from the issuing agency, or
(d) Plan Four. A master’s or higher degree with a minimum of sixty (60) semester hours of college credit in speech-language pathology, and three hundred (300) clock hours of supervised clinical practice to include one hundred fifty (150) clock hours at the graduate level. The supervised clinical practice shall include each of the following areas: evaluation of speech and language problems; management of language disorders in children; management of disorders of articulation, fluency, and voice; and assessment and management of auditory disorders. Appropriate documentation to the Department shall be a letter of verification from a designated official of the training institution. Thirty (30) semester hours of the minimum required college credit in speech-language pathology shall be graduate credit and shall include the following:

1. Three (3) semester hours of graduate credit in each of the following:
   a. Evaluation of speech, language, and hearing disorders;
   b. Management of articulation disorders;
   c. Management of fluency disorders;
   d. Management of voice disorders; and
   e. Management of auditory disorders; and

2. Six (6) semester hours of graduate credit in management of language disorders of children.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 10-3-91.

6A-4.01761 Specialization Requirements for Certification in the Area of Speech-Language Impaired/Associate - Academic Class.
A bachelor’s degree with an undergraduate major in speech-language pathology or speech-language impaired. This coverage is limited to a period of not more than three (3) years for the provision of services in school districts that qualify for the sparsity supplement as described in Section 236.081(6), Florida Statutes. This coverage shall be identified on the temporary certificate when requested by the superintendent of an eligible school district. This rule shall be reviewed by the Florida Board of Education by October 1, 2003.

Specific Authority 231.15(1), 231.167, 231.17 FS. Law Implemented 231.02, 231.15, 231.17 FS. History–New 9-17-01.

6A-4.0178 Specialization Requirements for Certification in the Area of Visually Impaired (Grades K-12) - Academic Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in visually impaired, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in exceptional student education to include credit in the areas specified below:
   (a) Foundations of exceptional student education to include historical perspectives, student characteristics, and trends and issues;
   (b) Educational management of exceptional students to include classroom organization, behavior management, and consultation skills;
   (c) Methods and materials for teaching reading to include:
      1. Sequential developmental skills and concepts of reading,
      2. Recognition and diagnosis of reading problems, and
      3. Prescription and utilization of appropriate methods and materials to increase reading performance; and
   (d) Specialized courses for the education of students who are visually impaired to include three (3) semester hours in each of the following:
      1. Introduction to visual impairments including psychological, social, and emotional implications; history of educational services; and current delivery models;
      2. Introduction to orientation and mobility to include theories, concepts, and the impact of mobility on the individual, the family, and the community;
      3. The teaching of reading and writing of English Braille;
      4. Functions of the eye and educational implications to include interpretation of medical eye reports, structure of the eye, disease and impairments, low vision training, and the use and care of optical aids; and
     (e) Instructional strategies for teaching students who are visually impaired to include each of the following:
      1. Teaching and assessing personal and social skills to include personal hygiene, self care, interpersonal relationships, career awareness, and social interaction with peers;
      2. Teaching and assessing communication skills and reading including the use of specialized equipment; and
      3. Teaching and assessing mathematics, science, and technology to include Nemeth code, abacus, specialized science materials, adapted technology, and computer access devices.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 7-1-92, Amended 7-17-00.

6A-4.01791 Specialization Requirements for the Gifted Endorsement - Academic Class Beginning July 1, 1992.
(1) A bachelor’s or higher degree with certification in an academic class coverage, and
(2) Fifteen (15) semester hours in gifted education to include three (3) semester hours in each area specified below:
(a) Nature and needs of gifted students to include student characteristics; cognitive, social, and emotional needs; and history and current research;
(b) Curriculum and instructional strategies for teaching gifted students to include modification of curriculum content, instructional process, student products, and learning environment;
(c) Guidance and counseling of gifted students to include motivation, self-image, interpersonal skills, and career options for gifted students;
(d) Educating special populations of gifted students such as minorities, underachievers, handicapped, economically disadvantaged, and highly gifted to include student characteristics and programmatic adaptations; and
(e) Theory and development of creativity to include elements of creativity such as fluency, flexibility, originality, and elaboration.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 7-1-92.

6A-4.01792 Specialization Requirements for the Prekindergarten Disabilities Endorsement - Academic Class.
(1) A bachelor’s or higher degree with certification in any exceptional student education area, preschool education, primary education, prekindergarten/primary education, or early childhood education, and
(2) Twelve (12) semester hours in prekindergarten disabilities education to include the areas specified below:
(a) Six (6) semester hours in the development and implementation of individualized educational programs for the prekindergarten child with disabilities to include formal and informal evaluation techniques; developmentally appropriate curriculum, methods, and intervention strategies; teaming approaches to facilitate inclusion in appropriate learning environments; and multidisciplinary approaches and techniques for serving the child and the family;
(b) Three (3) semester hours in child development to include theories of the atypical child, the stages and sequences of development, and the impact of disabilities and biomedical risk factors on learning; and
(c) Three (3) semester hours in family collaboration and support to include family systems theory and interaction; community resources; service coordination; and transition.

Specific Authority 229.053(6), 231.15(1), 231.17(6) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 10-3-91, Amended 5-7-02.

6A-4.01793 Specialization Requirements for Endorsement in Severe or Profound Disabilities - Academic Class.
(1) A bachelor’s or higher degree with certification in any area of special education; and
(2) Twelve (12) semester hours in the education of students with profound disabilities to include the areas specified below:
(a) Coursework in atypical child development and assessment of students with profound disabilities to include use of student assessment for individual educational planning and program planning;
(b) Coursework in interdisciplinary teaming to include available resources; the recognition of the role of parents, teachers, and other professionals; functional community-based curriculum; employability skills; and transition planning; and
(c) Completion of one of the areas as follows:
1. Six (6) semester hours to include:
   a. Coursework in nature of autism and intervention strategies for educating students who are autistic to include student characteristics, appropriate learning goals, teaching approaches, and environmental arrangements; and
   b. Three (3) semester hours of supervised field-based experience with students who are autistic; or
2. Six (6) semester hours to include:
   a. Coursework in nature of profound mental disabilities and intervention strategies for educating students with profound mental disabilities to include student characteristics, appropriate learning goals, teaching approaches, and environmental arrangements, and
   b. Three (3) semester hours of supervised field-based experience with students with profound mental disabilities; or
3. Six (6) semester hours to include:
   a. Coursework in nature of deaf-blindness and intervention strategies for educating students who are deaf-blind to include student characteristics, appropriate learning goals, teaching approaches, and environmental arrangements, and
   b. Three (3) semester hours of supervised field-based experience with students who are deaf-blind.

Specific Authority 229.053(1), 231.15(1), 231.17(6) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 10-3-91, Amended 4-17-02.

6A-4.01794 Specialization Requirements for the Orientation and Mobility Endorsement - Academic Class.
(1) Plan One. A bachelor’s or higher degree with certification in visually impaired and nine (9) semester hours to include three (3) semester hours in each of the following:
   a. Beginning orientation and mobility skills to include experience and observation of behaviors under conditions simulating visual impairments;
(b) Advanced orientation and mobility skills focusing on increasingly complex environments and applications to multi handicapped preschool, school-age, and adult populations; and
(c) Applied skills in orientation and mobility to include observation and assessment, and planning and delivery of orientation and mobility services to students with visual impairments; or

(2) Plan Two. A bachelor’s or higher degree with certification in an academic class subject and twenty-four (24) semester hours to include the areas specified below:
   (a) Three (3) semester hours in each of the following:
      1. Foundations of exceptional student education to include historical perspectives, student characteristics, and trends and issues;
      2. Introduction to visual impairments including psychological, social, and emotional implications; history of educational services; and current delivery models;
      3. Functions of the eye and educational implications to include interpretation of medical eye reports, structure of the eye, disease and impairments, low vision training, and the use and care of optical aids;
      4. Introduction to orientation and mobility to include theories, concepts, and the impact of mobility on the individual, the family, and the community;
      5. Beginning orientation and mobility skills to include experience and observation of behaviors under conditions simulating visual impairments;
      6. Advanced orientation and mobility skills focusing on increasingly complex environments and applications to multi handicapped preschool, school-age, and adult populations; and
   (b) Six (6) semester hours in applied skills in orientation and mobility to include observation and assessment, and planning and delivery of orientation and mobility services to students with visual impairments.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 10-3-91.

6A-4.01795 Specialization Requirements for Certification in Exceptional Student Education (Grades K-12) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with a major in exceptional student education, special education, mental disabilities, specific learning disabilities, emotional disabilities, physically impaired or varying exceptionalities; or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in exceptional student education to include the areas specified below:
   (a) Foundations of special education to include educational practices and development and characteristics of children with disabilities;
   (b) Assessment and evaluation to include interpretation, analysis, and application of assessment results and alternate assessment strategies;
   (c) Evaluation of student progress in acquiring, generalizing, and maintaining skills related to participation in educational settings;
   (d) Instructional practices in special education to include selection and implementation of instructional practices and strategies and identification of accommodations and modifications;
   (e) Relevant general education and special skills curricula selection;
   (f) Assessing, designing, and implementing positive behavioral supports;
   (g) Language development and communication skills to include normal sequence of expressive and receptive language development and identification of communication deficits and appropriate interventions;
   (h) Skills to teach interpersonal interactions to include criteria for selecting instructional procedures for teaching personal care, interpersonal skills, self-advocacy skills, and adaptive life skills;
   (i) Transition process to include development of desired postschool outcomes; and
   (j) Effective methods of communication, consultation, and collaboration with students, families, administrators, and other education professionals.

(3) This rule is to become effective July 1, 2002, and supersedes the provisions of Rules 6A-4.0171, 6A-4.0173, 6A-4.0174, 6A-4.0175, and 6A-4.0177, F.A.C., as of that date.

Specific Authority 229.053(1), 231.15(1), 231.17(6) FS. Law Implemented 229.053, 231.145, 231.15(1), 231.17(6) FS. History–New 7-1-02.

6A-4.01796 Specialization Requirements for Endorsement in Autism - Academic Class.

(1) A bachelor’s or higher degree with certification in any exceptional student education area; and
(2) Twelve semester hours to include:
   (a) Nature of autism (to include student characteristics, appropriate learning goals, teaching approaches, environmental arrangements, etc.);
   (b) Use of assistive and instructional technology and natural, alternative and augmentative communication systems for students with autism;
   (c) Behavior management and positive behavior supports for students with autism;
(d) Assessment and diagnosis of autism; and
(e) Field-based experience with students with autism.
(3) This rule is to become effective July 1, 2002.

Specific Authority 229.053(1), 231.15(1), 231.17(6) FS. Law Implemented 229.053, 231.145, 231.15(1), 231.17(6) FS. History–New 7-1-02.

6A-4.0181 Specialization Requirements for Certification in Guidance and Counseling (Grades PK-12) - Specialty Class
Beginning July 1, 1990.
(1) Plan One. A master’s or higher degree with a graduate major in guidance and counseling or counselor education which includes three (3) semester hours in a supervised counseling practicum in an elementary or secondary school, or
(2) Plan Two. A master’s or higher degree with thirty (30) semester hours of graduate credit in guidance and counseling to include the areas specified below:
   (a) Three (3) semester hours in principles, philosophy, organization and administration of guidance,
   (b) Three (3) semester hours in student appraisal including administration and interpretation of standardized tests,
   (c) Three (3) semester hours in education and career development information practices and systems,
   (d) Three (3) semester hours in learning, personality theory, and human development,
   (e) Three (3) semester hours in counseling theories and individual counseling techniques,
   (f) Three (3) semester hours in group counseling and guidance techniques,
   (g) Three (3) semester hours in consultation skills and techniques for conferring with groups such as agencies, teachers, and parents,
   (h) Three (3) semester hours in legal, ethical, and current issues affecting school counselors,
   (i) Three (3) semester hours in specialized counseling techniques for use with elementary or secondary level special populations such as exceptional students, dropouts, and minorities, and
   (j) Three (3) semester hours in a supervised counseling practicum in an elementary or secondary school.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 7-1-90.

6A-4.0191 Specialization Requirements for Certification in Health (Grades K-12) - Academic Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in health, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in health to include credit in each of the areas specified below:
   (a) Mental and emotional health,
   (b) Substance abuse which includes alcohol, tobacco, and other drugs,
   (c) Advanced first aid and cardiopulmonary resuscitation training as specified below:
      1. Credit in advanced first aid and cardiopulmonary resuscitation, or
      2. A valid instructor’s first aid certificate and a valid instructor’s cardiopulmonary resuscitation certificate issued by the American Heart Association or the American Red Cross,
   (d) Personal, community, or environmental health,
   (e) Human anatomy and human physiology,
   (f) Nutrition,
   (g) Human sexuality, and
   (h) Disease control for diseases such as Acquired Immune Deficiency Syndrome (AIDS), Human Immunodeficiency Virus (HIV), and Sexually Transmissible Diseases (STDs).

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17, 233.067 FS. History–New 7-1-90, Amended 7-17-00.

6A-4.0221 Specialization Requirements for Certification in Journalism (Grades 6-12) - Academic Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in journalism, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in journalism or English to include credit in the areas specified below:
   (a) Journalistic writing,
   (b) Legal aspects of mass media, and
   (c) Layout and design.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 7-1-90, Amended 7-17-00.
6A-4.0233 Specialization Requirements for Certification in the Area of Middle Grades Integrated Curriculum (Grades 5-9) - Academic Class.

(1) A bachelor’s or higher degree with a degree major in middle grades education which includes a minimum of twelve (12) semester hours in each of the following areas: English, mathematics, science, and social science, or

(2) A bachelor’s or higher degree with a degree major in a subject other than middle grades education and fifty-four (54) semester hours in English, mathematics, science, and social science. Eighteen (18) semester hours shall be completed in one of the four (4) subject areas. These eighteen (18) hours shall be the same as those required for middle school certification in that area. At least twelve (12) semester hours shall be completed in each of the remaining subject areas.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02(1), 231.15(1), 231.17(1) FS. History–New 4-25-96.

6A-4.0243 Specialization Requirements for Certification in Foreign Language (Grades K-12) - Academic Class.

(1) Specialization requirements for the following modern languages: Chinese, French, German, Greek, Hebrew, Italian, Japanese, Portuguese, Russian, and Spanish.

(a) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in one of the modern languages listed in subsection (1) of this rule, or

(b) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in one of the modern languages listed in subsection (1) of this rule to include credit in the areas specified below:

1. History or culture of the people who speak the language as their native language;
2. Literature in the language, and
3. Applied linguistics or second language acquisition, or

(c) Plan Three. A bachelor’s or higher degree with specialization requirements completed in one (1) of the modern languages as specified in paragraph (1)(a) or (b) of this rule, and twenty-one (21) semester hours in another one of the modern languages listed in subsection (1) of this rule to include credit in the areas specified below:

1. History or culture of the people who speak the language as their native language, and
2. Literature in the language.

(2) Specialization requirements for Latin.

(a) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in Latin, or

(b) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in Latin to include credit in the areas specified below:

1. Latin vocabulary, grammar, and composition,
2. Latin literature, and
3. Roman culture, or

(c) Plan Three. A bachelor’s or higher degree with specialization requirements completed in one (1) of the modern languages as specified in paragraph (1)(a) or (b) of this rule, and twenty-one (21) semester hours in Latin to include credit in the areas specified below:

1. Latin vocabulary, grammar, and composition,
2. Latin literature, and
3. Roman culture.

Specific Authority 229.053(1), 231.15(1), 231.17(6) FS. Law Implemented 229.053, 231.145, 231.15(1), 231.17(6) FS. History–New 7-1-90, Amended 7-17-00, 4-17-02.

6A-4.0244 Specialization Requirements for the Endorsement in English to Speakers of Other Languages - Academic Class.

(1) Plan One.

(a) A bachelor’s or higher degree with certification in another subject, and

(b) Fifteen (15) semester hours in English to speakers of other languages (ESOL) to include credit in each of the areas specified below:

1. Methods of teaching English to speakers of other languages (ESOL),
2. ESOL curriculum and materials development,
3. Cross-cultural communication and understanding,
4. Applied linguistics, and
5. Testing and evaluation of ESOL.

(2) Plan Two.

(a) The endorsement in English to speakers of other languages will be added to a valid temporary or professional certificate when an individual completes the following:

1. Holds a valid Florida educator’s certificate with a coverage specified as appropriate in the 1989-90 Course Code Directory as adopted by reference in Rule 6A-1.09441, F.A.C., for teaching English to limited English proficient students.
2. Documents at least two (2) years of successful teaching of English to limited English proficient students using ESOL strategies. The successful teaching shall have been gained prior to July 1, 1990, and verified in writing by a Florida district school superintendent.

(b) The endorsement will be retained on the professional certificate when an individual completes three (3) semester hours of college credit or sixty (60) inservice points which are part of a district master plan for inservice education. The college credit or inservice points shall be completed for the first certificate renewal after July 1, 1990, and must be completed from the area(s) specified below.

1. Methods of teaching English to speakers of other languages (ESOL),
2. ESOL curriculum and materials development,
3. Cross-cultural communication and understanding,
4. Applied linguistics, and
5. Testing and evaluation of ESOL.

In the event the college credit or inservice points are not completed during the first renewal period, the endorsement will be deleted from the certificate.

6A-4.0245 Specialization Requirements for Certification in English for Speakers of Other Languages (Grades K-12) - Academic Class.

A bachelor’s or higher degree with an undergraduate or graduate major in English to speakers of Other Languages shall satisfy the specialization requirements for certification in English to speakers of Other Languages (Grades K-12).

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 10-30-90.

6A-4.0251 Specialization Requirements for Certification in Educational Media Specialist (Grades PK-12) - Specialty Class.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in educational media or library science, or

(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in educational media or library science to include credit in the areas specified below:

(a) Management of library media programs;
(b) Collection development. Courses in this area include: evaluation, selection, and maintenance of library media resources in print and nonprint formats;
(c) Library media resources. Courses in this area include: literature in both print and nonprint formats for both children and adolescents;
(d) Reference sources and services. Courses in this area include: print and electronic resources and techniques for providing information services;
(e) Organization of collections. Courses in this area include: classification and cataloging principles and techniques; and
(f) Design and production of educational media.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 7-1-92, Amended 7-17-00.

6A-4.0261 Specialization Requirements for Certification in Middle Grades Mathematics (Grades 5-9) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in mathematics or middle grades mathematics, or

(2) Plan Two. A bachelor’s or higher degree with eighteen (18) semester hours in mathematics to include credit in the areas specified below:

(a) Calculus, precalculus, or trigonometry,
(b) Geometry, and
(c) Probability or statistics.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 9-1-92, Amended 7-17-00.

6A-4.0262 Specialization Requirements for Certification in Mathematics (Grades 6-12) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in mathematics, or

(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in mathematics to include the areas specified below:
(a) Six (6) semester hours in calculus,
(b) Credit in geometry,
(c) Credit in probability or statistics, and
(d) Credit in abstract or linear algebra, or

(3) Plan Three. A bachelor’s or higher degree with specialization requirements completed for physics and twenty-one (21) semester hours in mathematics to include the areas specified below:
(a) Six (6) semester hours in calculus,
(b) Credit in geometry,
(c) Credit in probability or statistics, and
(d) Credit in abstract or linear algebra.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History—New 7-1-90, Amended 7-17-00.

6A-4.0271 Specialization Requirements for Certification in Music (Grades K-12) - Academic Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in music, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in music to include the areas specified below:
(a) Credit in applied music at the upper-division level,
b) Credit in music theory,
(c) Credit in conducting,
(d) Credit in survey of music history,
(e) Credit in group performance such as band, orchestra, or chorus.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History—New 7-1-90, Amended 7-17-00.

6A-4.0282 Specialization Requirements for the Endorsement in Athletic Coaching - Academic Class.
(1) Certification in another subject, and
(2) Nine (9) semester hours in athletic coaching to include the areas specified below:
(a) Three (3) semester hours in care and prevention of athletic injuries,
(b) Three (3) semester hours in coaching theory, and
(c) A course in theory and practice of coaching a specific sport.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History—New 12-4-89.

6A-4.0283 Specialization Requirements for Certification in Physical Education (Grades K-12) - Academic Class.
(1) Plan One. A bachelor’s or higher degree with a teacher education major in physical education, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in physical education to include the areas specified below:
(a) Twelve (12) semester hours in instructional design and content of physical education,
b) Motor development,
(c) Kinesiology,
(d) Administration of physical education,
(e) Applied exercise physiology,
(f) Adaptive physical education or physical education for exceptional students,
(g) Care and prevention of human injuries, and
(h) Theory and practice in coaching.
(3) This rule is to become effective July 1, 2003, and supersedes the provisions of Rule 6A-4.028, F.A.C., as of that date.

Specific Authority 229.053, 231.15(1), 231.17(6) FS. Law Implemented 229.053, 231.145, 231.15(1), 231.17(6) FS. History—New 7-1-03.

6A-4.0291 Specialization Requirements for Certification in Reading (Grades K-12) - Academic Class.
(1) Plan One. A master’s or higher degree with a graduate major in reading, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in reading to include the areas specified below:
(a) Six (6) semester hours in foundations of reading instruction to include the elementary and secondary levels,
(b) Six (6) semester hours in diagnosis of reading disabilities and techniques of corrective or remedial reading,
(c) Three (3) semester hours in educational measurement,
(d) Three (3) semester hours in literature for children or adolescents,
(e) Three (3) semester hours in methods of teaching language arts at the elementary or secondary level,
(f) Three (3) semester hours in administration and interpretation of instructional assessments with instructional strategies and materials based upon scientifically based reading research for the prevention and remediation of reading difficulties, and
(g) Three (3) semester hours in a supervised reading practicum to obtain practical experience in increasing the reading performance of a student(s) with the prescription and utilization of appropriate strategies and materials based upon scientifically based reading research to address the prevention, identification, and intervention of reading difficulties.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 7-1-90, Amended 7-30-02.

6A-4.0292 Specialization Requirements for the Reading Endorsement - Academic Class.

(1) A bachelor’s or higher degree with certification in an academic, degreed vocational, administrative, or specialty class coverage, and

(2) Fifteen (15) semester hours in reading coursework based upon scientifically based reading research with a focus on both the prevention and remediation of reading difficulties to include the areas specified below:
   (a) Six (6) semester hours in understanding reading as a process of student engagement in both fluent decoding of words and construction of meaning;
   (b) Three (3) semester hours in the administration and interpretation of instructional assessments to include screening, diagnosis, and progress monitoring with purposes of prevention, identification, and remediation of reading difficulties;
   (c) Three (3) semester hours in understanding how to prescribe, differentiate instruction, and utilize appropriate strategies and materials based upon scientifically based reading research in order to address the prevention, identification, and remediation of reading difficulties in order to increase reading performance; and
   (d) Three (3) semester hours in a supervised practicum to obtain practical experience in increasing the reading performance of a student(s) with the prescription and utilization of appropriate strategies and materials based upon scientifically based reading research to address the prevention, identification, and remediation of reading difficulties.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 229.053, 231.145, 231.15(1), 231.17(1) FS. History–New 7-30-02.

6A-4.0311 Specialization Requirements for Certification in School Psychologist (Grades PK-12) - Specialty Class Beginning July 1, 1992.

(1) Plan One. A specialist’s or higher degree with a major in school psychology at the specialist’s or higher degree level which includes six (6) semester hours of graduate credit in a year-long supervised school psychology internship in an elementary or secondary school, or

(2) Plan Two. A master’s or higher degree and completion of a graduate program in school psychology which includes sixty (60) semester hours of graduate credit in school psychology to include the areas specified below:
   (a) Credit in each of the following six core competency areas:
      1. Psychological foundations;
      2. Educational foundations;
      3. Psychoeducational assessment;
      4. Interventions and specialized techniques;
      5. Statistics, measurement, and research design; and
      6. Professional school psychology.
   (b) Three (3) semester hours in a supervised practicum in school psychology in addition to the internship in paragraph (2)(c) of this rule; and
   (c) Six (6) semester hours in a year-long supervised school psychology internship in an elementary or secondary school. No more than twelve (12) semester hours of credit in the internship shall be accepted; or

(3) Plan Three. A master’s or higher degree with completion of a graduate program in school psychology and three (3) years of full-time experience as a school psychologist in an elementary or secondary school. The experience shall be acceptable provided the applicant held a valid full-time school psychologist certificate issued by the state where the experience was gained, or

(4) Plan Four. A master’s or higher degree with sixty (60) semester hours of graduate credit in school psychology to include the areas specified below:
   (a) Twelve (12) semester hours in psychological foundations. Courses in this area include: abnormal psychology, biological bases of behavior, cultural diversity, child psychology, adolescent psychology, psychology of exceptional students, human learning, personality, and social bases of behavior;
   (b) Six (6) semester hours in educational foundations. Courses in this area include: education of exceptional learners, instructional and remedial techniques, and organization and operation of schools;
   (c) Nine (9) semester hours in psychoeducational assessment to include three (3) semester hours in individual intellectual assessment. Courses in this area include individual intellectual assessment, psychoeducational assessment, and personality or behavior assessment;
   (d) Nine (9) semester hours in interventions and specialized techniques. Courses in this area include consultation, counseling, applied behavioral analysis, behavior management, and prescriptive intervention;
   (e) Six (6) semester hours in statistics, measurement, and research design. Courses in this area include: statistics, testing and measurement, research design, and program evaluation;
(f) Three (3) semester hours in professional school psychology. Courses in this area include: history and foundations of school psychology, legal and ethical issues, professional issues affecting school psychologists, and rules and functions of the school psychologist;

(g) Three (3) semester hours in a supervised practicum in school psychology in addition to the internship in paragraph (4)(h) of this rule. Three (3) years of full-time experience as a school psychologist in an elementary or secondary school will satisfy the supervised practicum requirement. The experience shall be acceptable provided the applicant held a valid full-time school psychologist certificate issued by the state where the experience was gained; and

(h) Six (6) semester hours in a year-long supervised school psychology internship in an elementary or secondary school. The internship shall total at least twelve hundred (1200) clock hours with at least six hundred (600) clock hours in an elementary or secondary school. The internship shall be completed at an institution which offers a master’s or higher degree major in school psychology. No more than twelve semester hours of credit in the internship shall be accepted. Three (3) years of full-time experience as a school psychologist as described in paragraph (4)(g) of this rule will satisfy the internship requirement, or

(5) Plan Five. A valid certificate as a Nationally Certified School Psychologist issued by the National School Psychology Certification System.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 7-1-92.

6A-4.0321 Specialization Requirements for Certification in Middle Grades General Science (Grades 5-9) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in general science or middle grades general science, or

(2) Plan Two. A bachelor’s or higher degree with eighteen (18) semester hours in science to include credit in the areas specified below:
   (a) Biological science,
   (b) Chemistry or physics, and
   (c) Earth-space science or earth science.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 9-1-92, Amended 7-17-00.

6A-4.0322 Specialization Requirements for Certification in Separate Areas of Science (Grades 6-12) - Academic Class.

(1) Specialization requirements for biology.
   (a) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in biology, or
   (b) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in science, to include twenty-one (21) semester hours in biological science with associated laboratory experiences,
   (c) Plan Three. A bachelor’s or higher degree with specialization requirements completed for chemistry, earth-space science, or physics and eighteen (18) semester hours in biological science.

(2) Specialization requirements for chemistry.
   (a) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in chemistry, or
   (b) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in science to include twenty-one (21) semester hours in chemistry with associated laboratory experiences,
   (c) Plan Three. A bachelor’s or higher degree with specialization requirements completed for biology, earth-space science, or physics and eighteen (18) semester hours in chemistry.

(3) Specialization requirements for earth-space science.
   (a) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in earth-space science or earth science, or
   (b) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in science to include twenty-one (21) semester hours in earth-space science or earth science with associated laboratory experiences, or
   (c) Plan Three. A bachelor’s or higher degree with specialization requirements completed for biology, chemistry, or physics and eighteen (18) semester hours in earth-space science.

(4) Specialization requirements for physics.
   (a) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in physics, or
   (b) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in science to include twenty-one (21) semester hours in physics with associated laboratory experiences, or
   (c) Plan Three. A bachelor’s or higher degree with specialization requirements completed for biology, chemistry, or earth-space science and eighteen (18) semester hours in physics.
6A-4.0331 Specialization Requirements for Certification in Middle Grades Social Science (Grades 5-9) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in social science, middle grades social science or middle grades social studies, or
(2) Plan Two. A bachelor’s or higher degree with eighteen (18) semester hours in social science or social studies to include the areas specified below:
   (a) Six (6) semester hours in United States history,
   (b) Credit in western civilization; or, European, Asian, African, Latin American, or Middle Eastern history,
   (c) Credit in economics,
   (d) Credit in United States government, and
   (e) Credit in geography.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 229.053, 231.145, 231.15, 231.17 FS. History–New 9-1-92, Amended 7-17-00.

6A-4.03321 Specialization Requirements for Certification in Social Science (Grades 6-12) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with a major in social science, social studies, history, political science, geography, sociology, economics, or psychology.
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in social science or social studies to include:
   (a) Six (6) semester hours in United States history,
   (b) Courses in the areas specified below:
      1. Western civilization or European history,
      2. Asian, African, Latin American, or Middle Eastern history,
      3. Economics,
      4. United States federal government,
      5. Geography, and
      6. Sociology or psychology.

Specific Authority 229.053, 231.15(1), 231.17(6) FS. Law Implemented 229.053, 231.145, 231.15(1), 231.17(6) FS. History–New 7-1-03.

6A-4.0341 Specialization Requirements for Certification in Speech (Grades 6-12) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in speech, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in speech or English to include credit in the areas specified below:
   (a) Fundamentals of speech,
   (b) Discussion or debate,
   (c) Dramatics or oral interpretation, and
   (d) Mass media.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 7-1-90, Amended 7-17-00, 7-1-03.

6A-4.0342 Specialization Requirements for Certification in Drama (Grades 6-12) - Academic Class.

(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in drama, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in drama to include credit in the areas specified below:
   (a) Theater history,
   (b) Acting,
   (c) Theory and practice of directing,
   (d) Technical theater or stagecraft, and
   (e) Theater management, production or performance.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 12-4-89, Amended 7-17-00.

6A-4.0343 Specialization Requirements for Certification in Humanities (Grades K-12) - Academic Class.

A bachelor’s or higher degree with an undergraduate or graduate major in humanities shall satisfy the specialization requirements for certification in humanities (grades K-12).

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 12-4-89.
6A-4.035 Specialization Requirements for Certification in School Social Worker (Grades PK-12) - Specialty Class.
A bachelor’s or higher degree with an undergraduate or graduate major in social work. The program shall be accredited by the National Council on Social Work Education or the institution shall be accredited in accordance with the provisions of Rule 6A-4.003, F.A.C.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 4-20-64, Amended 7-7-68, Revised 8-17-74, Repromulgated 12-5-74, Joint Administrative Procedures Committee Objection Filed – See FAW Vol. 11, No. 51, December 20, 1985, Formerly 6A-4.35, Amended 12-4-89, 11-13-96.

6A-4.037 Revocation or Suspension of Certificates.
(1) When a superintendent, school board member or principal has cause to believe that a holder of a Florida teacher’s certificate is guilty of any offense for which the penalty is revocation or suspension of a teacher’s certificate, it shall be the duty of said superintendent, school board member or principal to file a complaint. Any individual may file a complaint. The complaint shall include the name of the educator charged and the alleged acts being reported. Complaints shall be filed with the Professional Practices Services Section, Department of Education, The Florida Education Center, Tallahassee, Florida 32399. Filed complaints will be processed in accordance with Section 231.262, Florida Statutes, and Rule 6A-16.015, F.A.C.

(2) Before an administrative complaint is filed with the Education Practices Commission the certificate holder will be advised in general terms of the nature of the offense being investigated, and warned that any statement made may be used as evidence in the investigation. The individual will be given an opportunity to make a statement personally or by counsel or qualified representative.
   (a) The notice and opportunity provided by this subsection shall be in accordance with the requirements of Section 120.60(6), Florida Statutes, and the prehearing conference provisions of Section 231.262(3), Florida Statutes.
   (b) Inability to deliver notice or the failure of the certificate holder to make a statement after notice will not preclude a finding of probable cause.

(3) The Commissioner is hereby delegated the authority to act in behalf of the Department when the Department is a party pursuant to Section 231.262(5), Florida Statutes, to remand complaints pursuant to Section 231.262(1), Florida Statutes, and to act upon complaints remanded pursuant to Section 231.262(6), Florida Statutes.

(4) Section 231.262(4), Florida Statutes, allows the public to have access, within ten (10) days after probable cause has been established, to a complaint and all appropriate information obtained pursuant to the investigation. “Appropriate information” is the package of materials upon which the Commissioner relied in finding probable cause.

Specific Authority 229.053(1), 231.262, 231.28 FS. Law Implemented 120.60(6), 120.62(2), 229.053(1), 231.262 FS. History–New 4-10-64, Amended 7-24-67, 4-11-70, 6-16-72, 12-19-74, 5-24-77, 8-20-81, Formerly 6A-4.37.

6A-4.044 Specialization Requirements for Certification in Local Director of Vocational Education - Vocational Administrative Class.
(1) A master’s or higher degree or the advanced occupational level of training,
(2) Verification of completion of three (3) years of teaching experience in vocational education as specified in paragraph 6A-4.002(5)(a), F.A.C.,
(3) A valid professional certificate with certification in a vocational class coverage, and
(4) Thirty (30) semester hours of graduate or upper level credit in administration and supervision to include the following:
   (a) Three (3) semester hours in organization, administration and management of vocational programs,
   (b) Three (3) semester hours in administration and supervision of secondary education,
   (c) Three (3) semester hours in instructional programs and curriculum,
   (d) Three (3) semester hours in supervision and development of the vocational education staff, and
   (e) Three (3) semester hours in school-community employee-employer relationships, interpretation of school programs, and socio-economic foundations of school policies.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 4-20-64, Amended 4-8-68, 4-19-74, Repromulgated 12-5-74, Amended 7-1-79, 6-27-85, Formerly 6A-4.44, Amended 10-10-89.

6A-4.054 Specialization Requirements for Certification in Agriculture (Grades 6-12) - Vocational Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in agriculture, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in agriculture to include credit in four of the areas specified below:
   (a) Soil science,
   (b) Agricultural mechanics,
   (c) Food and resource economics,
   (d) Animal science,
   (e) Agronomy,
   (f) Horticulture.
   (g) Entomology, and
(h) Forestry and natural resources.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 10-10-89, Amended 7-17-00.

6A-4.056 Specialization Requirements for Certification in Business Education (Grades 6-12) - Vocational Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in business education or business administration, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in business education or business administration to include credit in the areas specified below:
(a) Accounting,
(b) Economics,
(c) Computer Science,
(d) Business communication or composition above the freshman level, and
(e) Business law.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 10-10-89, Amended 7-17-00.

6A-4.058 Specialization Requirements for Certification in Family and Consumer Science (Grades 6-12) - Vocational Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in family and consumer science or home economics, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in family and consumer science or home economics to include credit in the areas specified below:
(a) Clothing construction,
(b) Textiles,
(c) Food preparation,
(d) Nutrition,
(e) Child development,
(f) Family relations,
(g) Housing and home furnishings,
(h) Home management, and
(i) Family economics and consumer education.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History–New 10-10-89, Amended 7-17-00.

6A-4.060 Specialization Requirements for Certification in Industrial Arts-Technology Education (Grades 6-12) - Vocational Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in industrial arts or technology education, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in industrial arts or industrial technology education to include credit in four (4) of the ten (10) areas specified below:
(a) Materials and manufacturing processes technology to include credit in woods, metals, and man-made materials,
(b) Drafting and design technology,
(c) Energy and power technology,
(d) Graphic communications technology,
(e) Electronics technology,
(f) Construction technology,
(g) Transportation technology,
(h) Biomedical technology,
(i) Information technology, and
(j) Industrial systems technology such as robotics, laser technology, fiber optics, or other feedback controlling systems.

Specific Authority 229.053(1), 231.15(1), 231.17(6) FS. Law Implemented 229.053, 231.145, 231.15(1), 231.17(6) FS. History–New 10-10-89, Amended 11-13-96, 7-17-00, 4-17-02.

6A-4.062 Specialization Requirements for Certification in Marketing (Grades 6-12) - Vocational Class.
(1) Plan One. A bachelor’s or higher degree with an undergraduate or graduate major in marketing or distributive education, or
(2) Plan Two. A bachelor’s or higher degree with thirty (30) semester hours in marketing to include the areas specified below:
(a) Fifteen (15) semester hours in theories and practices of marketing,
(b) Credit in economics,
(c) Credit in finance, and
(d) Credit in accounting or personnel management.

Specific Authority 229.053(1), 231.15(1), 231.17(3) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History—New 10-10-89, Amended 7-17-00.

6A-4.076 Specialization Requirements for the Endorsement in Teacher Coordinator of Cooperative Education - Vocational Class.

(1) Certification in a vocational class subject; and
(2) Two (2) years of full-time occupational experience or the equivalent in part-time experience shall be completed as follows:
(a) Occupational experience shall be gained as a wage earner after age sixteen (16), and
(b) The occupational experience shall be verified by former employers; or for self-employment, experience in a family-owned business, or experience at a firm no longer in business, the experience shall be verified by an individual knowledgeable of the applicant’s service. Employment verification shall not be accepted from the applicant or family members. The verification shall be provided on business stationery or a notarized affidavit(s) and specify the dates of employment, job title(s), and full-time or part-time employment. When employment was part-time, the number of hours worked per week shall be included, and
(3) Recency of occupational experience or training shall be required as follows:
(a) At least six (6) weeks of occupational experience gained within the five (5) year period immediately preceding the date of receipt of the application for the endorsement or the date the endorsement is added to the valid certificate, or
(b) One (1) year of teaching experience as specified in paragraph 6A-4.002(5)(a), F.A.C., in a cooperative program during the five (5) year period immediately preceding the date of application for the addition of the endorsement, and
(4) Twelve (12) semester hours in professional vocational education to include the areas specified below:
(a) Three (3) semester hours in organization and coordination of the cooperative method of vocational education,
(b) Three (3) semester hours in principles and philosophy of vocational education,
(c) Three (3) semester hours in general methods of teaching vocational education, and
(d) Three (3) semester hours in vocational or occupational guidance.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History—New 10-10-89, Amended 5-4-93.

6A-4.078 Specialization Requirements for the Endorsement in Teacher Coordinator of Work Experience Programs - Vocational Class.

(1) A bachelor’s or higher degree with certification in an academic, vocational, administrative, or specialty class coverage; and
(2) Two (2) years of full-time occupational experience or the equivalent in part-time experience shall be completed as follows:
(a) Occupational experience shall be gained as a wage earner after age sixteen (16), and
(b) The occupational experience shall be verified by former employers; or for self-employment, experience in a family-owned business, or experience at a firm no longer in business, the experience shall be verified by an individual knowledgeable of the applicant’s service. Employment verification shall not be accepted from the applicant or family members. The verification shall be provided on business stationery or a notarized affidavit(s) and specify the dates of employment, job title(s), and full-time or part-time employment. When employment was part-time, the number of hours worked per week shall be included, and
(3) Recency of occupational experience or training shall be required as follows:
(a) At least six (6) weeks of occupational experience gained within the five (5) year period immediately preceding the date of receipt of the application for the endorsement or the date the endorsement is added to the valid certificate, or
(b) One (1) year of teaching experience as specified in paragraph 6A-4.002(5)(a), F.A.C., in a cooperative program during the five (5) year period immediately preceding the date of application for the addition of the endorsement, and
(4) Nine (9) semester hours in professional vocational education to include the areas specified below:
(a) Three (3) semester hours in organization and coordination of the cooperative method of vocational education,
(b) Three (3) semester hours in principles and philosophy of vocational education, and
(c) Three (3) semester hours in vocational or occupational guidance.

Specific Authority 229.053(1), 231.15(1), 231.17(1) FS. Law Implemented 231.02, 231.145, 231.15, 231.17 FS. History—New 10-10-89, Amended 5-4-93.

6A-5.077 Subject Area Councils. (Repealed)

6A-5.065 The Educator Accomplished Practices.
The twelve essential practices of effective teaching are:

(1) Accomplished Practice One – Assessment.
   (a) Accomplished level. The accomplished teacher uses assessment strategies (traditional and alternate) to assist the continuous development of the learner.
   (b) Professional level. The professional teacher continually reviews and assesses data gathered from a variety of sources. These sources can include, but shall not be limited to, pretests, standardized tests, portfolios, anecdotal records, case studies, subject area inventories, cumulative records, and student services information. The professional teacher develops the student’s instructional plan that meets cognitive, social, linguistic, cultural, emotional, and physical needs.
   (c) Preprofessional level. The preprofessional teacher collects and uses data gathered from a variety of sources. These sources will include both traditional and alternative strategies. Furthermore, the teacher can identify and match the student’s instructional plan with their cognitive, social, linguistic, cultural, emotional, and physical needs.

(2) Accomplished Practice Two – Communication.
   (a) Accomplished level. The accomplished teacher uses effective communication techniques with students and all other stakeholders.
   (b) Professional level. The professional teacher constantly seeks to create a classroom that is accepting, yet businesslike, on task, and produces results. She/he communicates to all students high expectations for learning, and supports, encourages and gives positive and fair feedback about their learning efforts. This teacher models good communication skills and creates an atmosphere in the classroom that encourages mutual respect and appreciation of different cultures, linguistic backgrounds, learning styles, and abilities.
   (c) Preprofessional level. The preprofessional teacher recognizes the need for effective communication in the classroom and is in the process of acquiring techniques which she/he will use in the classroom.

(3) Accomplished Practice Three – Continuous Improvement.
   (a) Accomplished level. The accomplished teacher engages in continuous professional quality improvement for self and school.
   (b) Professional level. The professional teacher recognizes the need to strengthen her/his teaching through self reflection and commitment to life-long learning. The teacher becomes aware of and is familiar with the School Improvement Plan. The teacher’s continued professional improvement is characterized by participation in inservice, participation in school/community committees, and designing and meeting the goals of a professional development plan.
(c) Preprofessional level. The preprofessional teacher realizes that she/he is in the initial stages of a life-long learning process and that self reflection is one of the key components of that process. While her/his concentration is, of necessity, inward and personal, the role of colleagues and school-based improvement activities increase as time passes. The teacher’s continued professional improvement is characterized by self reflection, work with immediate colleagues and teammates, and meeting the goals of a personal professional development plan.

(4) Accomplished Practice Four – Critical Thinking.
(a) Accomplished level. The accomplished teacher uses appropriate techniques and strategies which promote and enhance critical, creative, and evaluative thinking capabilities of students.

(b) Professional level. The professional teacher will use a variety of performance assessment techniques and strategies that measure higher order thinking skills in students and can provide realistic projects and problem solving activities which will enable all students to demonstrate their ability to think creatively.

(c) Preprofessional level. The preprofessional teacher is acquiring performance assessment techniques and strategies that measure higher order thinking skills in students and is building a repertoire of realistic projects and problem solving activities designed to assist all students in demonstrating their ability to think creatively.

(5) Accomplished Practice Five – Diversity.
(a) Accomplished level. The accomplished teacher uses teaching and learning strategies that reflect each student’s culture, learning styles, special needs, and socio-economic background.

(b) Professional level. The professional teacher establishes a risk-taking environment which accepts and fosters diversity. The teacher must demonstrate knowledge of varied cultures by practices such as conflict resolution, mediation, creating a climate of openness, inquiry and support.

(c) Preprofessional level. The preprofessional teacher establishes a comfortable environment which accepts and fosters diversity. The teacher must demonstrate knowledge and awareness of varied cultures. The teacher creates a climate of openness, inquiry, and support by practicing strategies as acceptance, tolerance, resolution, and mediation.

(6) Accomplished Practice Six – Ethics.
(a) Accomplished level. The accomplished teacher adheres to the Code of Ethics and Principles of Professional Conduct of the Education Profession in Florida.

(b) Professional level. The professional teacher adheres to the Code of Ethics and Principles of Professional Conduct of the Education Profession in Florida.

(c) Preprofessional level. The preprofessional teacher adheres to the Code of Ethics and Principles of Professional Conduct of the Education Profession in Florida.

(7) Accomplished Practice Seven – Human Development and Learning.
(a) Accomplished level. The accomplished teacher uses an understanding of learning and human development to provide a positive learning environment which supports the intellectual, personal, and social development of all students.

(b) Professional level. Drawing upon well established human development/learning theories and concepts and a variety of information about students, the professional teacher provides learning opportunities appropriate to student learning style, linguistic and cultural heritage, experiential background and developmental level.

(c) Preprofessional level. Drawing upon well established human development/learning theories and concepts and a variety of information about students, the preprofessional teacher plans instructional activities.

(8) Accomplished Practice Eight – Knowledge of Subject Matter.
(a) Accomplished level. The accomplished teacher demonstrates knowledge and understanding of the subject matter.

(b) Professional level. The professional teacher has a basic understanding of the subjects she/he teaches and is beginning to understand that her/his subject is linked to other disciplines and can be applied in real world integrated settings. The teacher seeks out ways/sources to expand her/his knowledge. The commitment to learning about new knowledge includes keeping abreast of sources which will enhance teaching. The teacher’s repertoire of teaching skills includes a variety of means to assist student acquisition of new knowledge.

(c) Preprofessional level. The preprofessional teacher has a basic understanding of the subject field and is beginning to understand that the subject is linked to other disciplines and can be applied to real world integrated settings. The teacher’s repertoire of teaching skills includes a variety of means to assist student acquisition of new knowledge and skills using that knowledge.

(9) Accomplished Practice Nine – Learning Environments.
(a) Accomplished level. The accomplished teacher creates and maintains positive learning environments in which students are actively engaged in learning, social interaction, cooperative learning and self-motivation.

(b) Professional level. The professional teacher understands the importance of setting up effective learning environments and begins to experiment with a variety of them, seeking to identify those which work best in a particular situation. The teacher provides the opportunities for student input into behavioral expectations by helping students develop a set of shared values and beliefs, by encouraging them to envision the environment in which they like to learn, by providing occasions for reflection upon the rules and consequences which would create such an environment, and by honoring dissent.
(c) Preprofessional level. The preprofessional teacher understands the importance of setting up effective learning environments and has techniques and strategies to use to do so, including some that provide opportunities for student input into the processes. The teacher understands that she/he will need a variety of techniques and is working to increase her/his knowledge and skills.

10) Accomplished Practice Ten – Planning.
(a) Accomplished level. The accomplished teacher plans, implements, and evaluates effective instruction in a variety of learning environments.
(b) Professional level. The professional teacher sets high expectations for all students and uses concepts from a variety of concept areas, and plans individually with students and with other teachers to design learning experiences that meet students’ needs and interests. The teacher continues to seek advice/information from appropriate sources including feedback, interprets the information, and modifies plans. Comprehensible instruction is implemented in a creative environment using varied and motivating strategies and multiple resources. Outcomes are assessed using traditional and alternative approaches. Upon reflection, the teacher continuously refines learning experiences.
(c) Preprofessional level. The preprofessional teacher recognizes the importance of setting high expectations for all students and works with other professionals to design learning experiences that meet students’ needs and interests. The teacher candidate continually seeks advice/information from appropriate resources including feedback, interprets the information, and modifies her/his plans appropriately. Planned instruction will incorporate a creative environment and utilize varied and motivational strategies and multiple resources for providing comprehensible instruction for all students. Upon reflection, the teacher continuously refines outcome assessment and learning experiences.

11) Accomplished Practice Eleven – Role of the Teacher.
(a) Accomplished level. The accomplished teacher works with various education professionals, parents, and other stakeholders in the continuous improvement of the educational experiences of students.
(b) Professional level. The professional teacher establishes open lines of communication and works cooperatively with families, educational professionals and other members of the student’s support system to promote continuous improvement of the educational experience.
(c) Preprofessional level. The preprofessional teacher communicates and works cooperatively with families and colleagues to improve the educational experiences at the school.

12) Accomplished Practice Twelve – Technology.
(a) Accomplished level. The accomplished teacher uses appropriate technology in teaching and learning processes.
(b) Professional level. The professional teacher uses technology (as appropriate) to establish an atmosphere of active learning with existing and emerging technologies available at the school site. She/he provides students with opportunities to use technology to gather and share information with others, and facilitates access to the use of electronic resources.
(c) Preprofessional level. The preprofessional teacher uses technology as available at the school site and as appropriate to the learner. She/he provides students with opportunities to actively use technology and facilitates access to the use of electronic resources. The teacher also uses technology to manage, evaluate, and improve instruction.

Specific Authority 231.17, 231.546 FS. Law Implemented 231.17, 231.546 FS. History–New 7-2-98.

6A-5.066 Approval of Preservice Teacher Preparation Programs.

(1) General Criteria.
(a) The Department of Education is authorized to approve preservice teacher preparation programs and to grant extensions of approvals in accordance with the provisions of this rule. Each approval or extension shall be for the period of time determined by the Department of Education but shall not exceed five (5) years.
(b) Each institution seeking initial approval of a teacher preparation program shall submit a request in writing from the chief executive officer to the Commissioner and include documentation of all components prescribed in subsection (3) of this rule. The request shall specify the certification areas and levels for which approval is sought.
(c) Public and nonpublic colleges and universities requesting approval of a preservice teacher preparation program(s) shall meet the following conditions:
1. Have legal authority to grant appropriate baccalaureate or post-baccalaureate degrees for an area of certification specified in Chapter 6A-4, F.A.C., and meet requirements for recognition as prescribed in subsection 6A-4.003(1), F.A.C.
2. State the qualitative and quantitative requirements for graduation and provide an endorsement of transcripts for students who complete an approved teacher preparation program.
3. Submit annually to the Department a list of students admitted to each teacher preparation program which documents that at least ninety (90) percent of the students admitted to a teacher preparation program meet the following admission requirements:
a. Have a grade point average of at least 2.5 on a 4.0 scale for the general education courses of the undergraduate studies, or have completed requirements and been awarded a baccalaureate degree with a minimum grade point average of 2.5 on a 4.0 scale from any college or university accredited by a regional accrediting association as defined in Rule 6A-4.003, F.A.C., and
b. Demonstrate mastery of general knowledge, including the ability to read, write, and compute by passing the College Level Academic Skills Test (CLAST) or the Praxis I: Academic Skills Test. Passing standards for the College-Level Academic Skills Test are prescribed in Rule 6A-10.0312, F.A.C. Passing standards for the Praxis I are prescribed in Rule 6A-4.0021, F.A.C. For graduate level teacher preparation programs, a total Quantitative-Verbal Graduate Record Examination (GRE) score of one thousand (1000) may be accepted.

4. Submit annually to the Department a list of the program graduates of each teacher preparation program.

5. Provide each program participant a clinical program which includes, as a minimum, instruction in the subject matter content standards and the educator accomplished practices prescribed in paragraph (3)(b) of this rule. Completion of the program shall require demonstration of the subject matter content standards and the educator accomplished practices as prescribed in paragraph (3)(b) of this rule.

6. Designate to a college, school, department, or division, the responsibility for coordinating the planning and administering of all teacher preparation programs offered by the institution.

7. Be responsible for travel, food, and lodging expenses for members of the evaluation committee, as necessary.

2. Relationship of teacher preparation program approval and teacher certification.

(a) Programs may be approved only in areas and levels for which state certification coverage is available.

(b) Requirements and activities in an approved teacher education program may vary significantly from the descriptions contained in Chapter 6A-4, F.A.C.

(c) A candidate who completes an approved preservice program shall be eligible for the appropriate teaching certificate of the type and coverage for which the program has been approved provided that the candidate meets other requirements for teacher certification as specified in Section 231.17, Florida Statutes, and Chapter 6A-4, F.A.C.

(3) Components of each approved program shall include, but not be limited to, the following:

(a) Program philosophy and objectives which respond to needs projected for Florida teachers.

(b) Curricular offerings in general education, professional education, and subject specialization designed to enable program participants, as a minimum, to demonstrate the competencies contained in the subject matter content standards specified by the Education Standards Commission in the document “Subject Matter Content Standards for Florida Teachers,” which is hereby incorporated by reference and made a part of this rule, and the educator accomplished practices at the preservice level contained in Rule 6A-5.065, F.A.C. In those specialization areas for which the Education Standards Commission has not specified subject matter content standards, the subject area competencies in the “Competencies and Skills Required for Teacher Certification in Florida, Sixth Edition,” pursuant to Rule 6A-4.0021, F.A.C., shall be used. Curricular offerings shall address the importance of democratic values and institutions, the contributions of various ethnic groups to society and stress character development which encourages appreciation of diversity in a pluralistic society. The following curricular requirements are in effect for approved teacher education programs.

1. Education major program requirements for students entering their freshman year of college in or after the 2001-2002 academic year shall include the following:

   a. Nine (9) semester hours in English to include writing, literature, and speech.
   b. Nine (9) semester hours in science to include earth science, life science, and physical science, with a minimum of one associated laboratory.
   c. Nine (9) semester hours in mathematics to include college algebra or above and geometry.
   d. Twelve (12) semester hours in social sciences to include American history and general psychology.
   e. Six (6) semester hours in humanities to include philosophy and fine arts.

2. Subject area specialization requirements for students entering their freshman year of college in or after the 2000-2001 academic year shall include the following:

   a. A degree major or thirty (30) semester hours in the specialization area.
   b. Content preparation to demonstrate mastery of the subject matter content standards as specified in paragraph (3)(b) of this rule.

3. Professional education requirements for students entering their freshman year of college in or after the 2000-2001 academic year shall include the following:

   a. Reading-literacy acquisition.

   (I) Students in prekindergarten-primary education and elementary education teacher preparation programs shall successfully complete twelve (12) semester hours to include at least six (6) semester hours in understanding the reading process, beginning reading instruction, assessment, problem identification and prescription, instruction, and teaching reading across the content areas for primary and intermediate grades.

   (II) Students in middle and secondary teacher preparation programs shall successfully complete three (3) semester hours in methods of teaching reading to include strategies, assessment, and teaching reading in the content area.

   (III) Students in grades K-12 teacher preparation programs shall successfully complete twelve (12) semester hours as specified in sub-sub-subparagraph (3)(b)3.a.(I) of this rule for those areas that are the primary providers of reading instruction. Students in other grades K-12 teacher preparation programs shall successfully complete three (3) semester hours as specified in sub-sub-subparagraph (3)(b)3.a.(II) of this rule.

   b. Three (3) semester hours which integrates classroom management, school safety, professional ethics, and educational law.
c. Three (3) semester hours in human development and learning.

d. Three (3) semester hours in assessment to include understanding of the content measured by state achievement tests, reading and interpreting data, and using data to improve student achievement.

(c) A planned series of clinical experiences beginning early in the program and culminating with a final internship. The final internship shall:
   1. Provide a full-time field based experience of at least ten (10) weeks in duration.
   2. Be conducted under the supervision of high-performing educators.
   3. Provide the prospective teacher with experiences of progressive responsibility for student learning and classroom management.

   4. Require demonstration of competency at the preprofessional level on the twelve (12) educator accomplished practices specified in Rule 6A-5.065, F.A.C.

(d) A cohesive program delivery system and a variety of instructional procedures. Courses and school-based experiences shall include instruction, observation, practice and competency demonstration in the following:
   1. Instructional strategies that address various learning styles, exceptionalities, achievement levels, and other specialized circumstances.
   2. Assessment of student learning.
   3. Appropriate use of technology in instruction and record-keeping.
   4. Teaching strategies for the instruction of Limited English Proficient (LEP) students which meet the requirements set forth in the ESOL Consent Decree for instructional personnel who teach Limited English Proficient students.

(e) Allocated resources and facilities which are sufficient to support the program.

(f) Admission standards and procedures which promote the acceptance of quality teacher education candidates. Strategies shall be implemented to ensure that students admitted under a waiver of the conditions specified in subparagraph (1)(c)3., of this rule receive assistance to demonstrate competencies to meet requirements for certification.

(g) Continuous screening processes.

(h) Program completion requirements, including competency assessment processes. Program completion requirements shall include:
   1. Passing the basic skills, professional knowledge and subject area tests which are required for teacher certification.
   2. Demonstration of competency at the preprofessional level on the educator accomplished practices.
   (i) Student services, including at least academic counseling and placement.
   (j) A process for internal program evaluation that makes use of performance data gathered from interns, beginning teachers, and school system supervisors used for program improvement.

(k) Mechanisms for teacher preparation program decision-making and problem resolution.

(l) Sufficient faculty with educational background, training, and recent prekindergarten through grade 12 experience appropriate for the roles to which they are assigned. Effective July 1, 2001, criteria for state-approval shall specify that teacher preparation faculty who have responsibility for professional preparation of students must have recent experience working in prekindergarten through grade 12 schools at no less than five (5) year intervals beginning with the 2001-2002 academic year. Such criteria shall be based upon recommendations developed by the Education Standards Commission, which shall be submitted to the Commissioner of Education by November 1, 2000. The criteria shall include the acceptable experience necessary for satisfying this requirement including the nature of the experience as well as a minimum amount of time to be engaged in the experience during each five (5) year period. School districts are expected to collaborate with colleges and universities to provide opportunities for teacher preparation faculty to engage in meaningful experiences.

(m) A governance structure that involves faculty and students.

(n) A process for the delivery of support and assistance to graduates in the first year of employment.

(4) Program documentation must be available for appropriate review to include, but not be limited to, the following:
   (a) Overall program description, structure, content, sequence, delivery system, and operational procedures.
   (b) Evidence of the relationship of program components to professional literature on teacher preparation program development.

   (c) Evidence of the relationship of program components to standards recommended by professional teacher education associations.

   (d) Evidence of collaboration with school system personnel in program planning, delivery and evaluation.

   (e) Descriptions of program clientele.

   (f) Staffing requirements.

   (g) Teacher preparation program budget by object classification.

   (h) Faculty preparation.

   (i) Facilities, instructional equipment and materials.

   (j) Faculty assignments.

   (k) Faculty-student ratio.

   (l) Evaluation of faculty performance, including student evaluation.

   (m) Established priorities of the chief executive officer.
(n) Current list of students admitted to an approved program.
(o) Evidence of competency demonstration and verification process.
(p) Description of a formal governance structure.

(5) Each teacher preparation program shall be measured against quality indicators related to the components cited in subsection (3) of this rule and the program documentation cited in subsection (4) of this rule. These indicators of quality shall be logically derived from empirical study and professional consensus related to teacher preparation program design, pedagogical practice and subject specialization.

(6) Based on the recommendation of a review team, the Commissioner shall notify the institution of the approval or denial of approval for each teacher preparation program included in the request. A denial of approval shall include identification of specific areas of program weakness that must be corrected prior to reconsideration of approval. For approved programs, the institution shall be apprised of the requirements for continued approval.

(7) Continued program approval criteria.

(a) Continued approval of a teacher preparation program is contingent upon the results of annual reviews of the program conducted by the institution of higher education using procedures and criteria outlined in an institutional program evaluation plan that must be approved by the Department. The institutional program evaluation plan must be submitted to the Department annually and include provisions for involving primary stakeholders in the evaluation process. The plan must document continuous improvement of graduates’ performance and program processes and provide evidence that the following standards for continued program approval are met:

1. Standard One – Demonstration of knowledge and skills at the point of preservice program completion. All students who complete the program will demonstrate the 12 educator accomplished practices at the preprofessional level as described in the institutional evaluation plan.

2. Standard Two – Performance on the Florida Teacher Certification Examination. Ninety (90) percent of the students in each program will pass the college level academic skills test, and the professional education and subject matter subtests of the Florida Teacher Certification Examination.

3. Standard Three – Inclusion of program components mandated by Section 240.529, Florida Statutes, and subsection (3) of this rule. The unit will have complied with program components mandated by Section 240.529, Florida Statutes, and subsection (3) of this rule.

4. Standard Four – Diversity of student population. The diversity of student population enrolled in each program will, over each five (5) year period, increase in both the number of minority students and the number of students in underrepresented groups appropriate to an institution’s mission.

5. Standard Five – Satisfaction of employing districts. Feedback from employing Florida school districts will verify that ninety (90) percent of the program graduates who complete their first year of teaching will be rehired or in the case of downsizing will be eligible for rehiring.

(b) The institutional program evaluation plan shall include, but shall not be limited to, the following sections:

1. Evaluation section. This section includes the institution’s methods for evaluating compliance with the continued program approval standards.

2. Data section. The data section reports the evidence accumulated through the annual review process to document that the standards for continued program approval are met.

3. Improvement section. This section provides a report of improvements and plans for continuing improvement of program processes and graduates’ performance.

(c) The Department shall review the institutional program evaluation plan annually and may provide recommendations for program and plan improvements. The Department shall provide notification to the institution of non-compliance with the ninety (90) percent criterion specified in Standard Two. An institution upon receipt of notification of non-compliance shall include in the next institutional program evaluation plan a description of the action taken to determine the causes of the poor performance and the actions taken by the institution to correct the problems identified. If the passing rate falls below ninety (90) percent for two (2) years in succession, the Department will, based on its review of the institution’s report of actions taken and problems identified, report to the Commissioner who will make a decision concerning continued approval.

(d) During the last year of the program approval period, the Department shall examine the results of the institution’s annual reviews for each year of the approval period and recommend to the Commissioner continued approval or denial of approval for each teacher preparation program. The institution shall be notified in writing of the continued approval decision. A denial of approval shall include identification of specific areas of program weakness.

(8) Reinstatement of Program Approval. The approval of a program may be reinstated by the Department at the request of the chief executive officer of the institution upon documentation of compliance with the requirements for initial approval of teacher preparation programs, as provided in this rule.

Specific Authority 231.546, 240.529 FS., Chapter 97-4, Laws of Florida, Law Implemented 231.546, 240.529 FS., Chapter 97-4, Laws of Florida History–New 7-2-98, Amended 8-7-00.
6A-5.071 Master Inservice Plan Requirements.

(1) Pursuant to Sections 230.23 and 236.081, Florida Statutes, each district school board shall develop and maintain an inservice education and training program for all employees based on an assessment of training needs in the district and local schools as described in Sections 231.600 and 236.0811, Florida Statutes. The inservice education and training program shall be planned, developed, and administered consistent with the law and rules of the State Board and the Commissioner of Education. The program shall be described in a district’s master plan for inservice education.

(2) The master plan for inservice educational training shall be updated annually by September 1, and approved each year by the district school board, director of a developmental research school, or governing authority of an eligible state education agency or organization of nonpublic schools pursuant to the criteria and procedures as follow in subsections (3) through (7) of this rule.

(3) The plan shall include all inservice educational components for all employees from all fund sources including, but not limited to, the following areas:

(a) Professional development and staff development activities for implementation of school improvement plans for the current fiscal year pursuant to Section 236.0811, Florida Statutes,
(b) Specific components as prescribed in Section 236.0811, Florida Statutes,
(c) Inservice training for school reform and accountability pursuant to Sections 229.591 and 229.592, Florida Statutes,
(d) Approved add-on certification programs pursuant to Section 231.174, Florida Statutes,
(e) District management training program pursuant to Section 231.087(5), Florida Statutes, and
(f) Professional and technical updating for vocational instructional personnel pursuant to Section 231.614, Florida Statutes.

(4) Each component shall remain in the plan for a period of at least five (5) years and shall include:

(a) Title,
(b) An identifying number assigned in accordance with DOE Information Data Base Requirements: Volume II Staff Information System as incorporated by reference in Rule 6A-1.0014, F.A.C., in accordance with Section 229.555(2), Florida Statutes,
(c) The maximum number of inservice points to be awarded for successful completion of the component,
(d) A description of general and specific objectives and activities to be completed,
(e) Component evaluation criteria for determining:
   1. Successful participant completion,
   2. The degree to which specific objectives have been addressed by the component activities as determined by the participants and component leaders, and
   3. The effect of the inservice education and training in the educational setting.

(5) A component developed after the annual approval of the plan shall be approved as an amendment to the plan by the school board, director of the developmental research school, or governing authority of an education agency or a nonpublic school organization and shall meet the criteria in subsection (4) of this rule.

(6) Inservice points awarded for successful completion of a component shall be assigned as follows:

(a) One (1) inservice point shall be equivalent to one (1) clock hour of participation,
(b) Points awarded for completion of college credit shall equate to inservice participation as follows:
   1. One (1) semester hour shall equal twenty (20) inservice points,
   2. One (1) quarter hour shall equal thirteen (13) and one-third inservice points.

(7) An annual review of the previous year’s program operations shall be made and shall include a determination of the program’s effectiveness and the carry-over effects of the inservice education and training into the educational settings.

(8) By October 1 of each year, a letter verifying that the school board, director of the developmental research school, or governing authority of an education agency or nonpublic school organization has approved the master inservice educational training plan and that the plan meets the criteria pursuant to this rule shall be sent to the Commissioner.

(9) Master inservice plan records shall be maintained and data shall be reported as follows:

(a) Each school district shall report data information for all approved inservice education and training components as required by the DOE Information Data Base Requirements: Volume II Staff Information System in accordance with Section 229.555(2), Florida Statutes. Other education agencies and organizations of nonpublic schools with approved master inservice plans without Department of Education automatic data reporting capabilities shall report by October 1 of each year the required inservice component data information using nonautomated equivalent means;
(b) Information shall be maintained for each component to include the following:
   1. Dates the component was delivered,
   2. Names of component leaders,
   3. Names of participants and performance records,
   4. Evaluation of the component,
   5. Criteria for successful completion; and
(c) Information shall be maintained for each component participant to include the following:
   1. Title and number of the component,
   2. Dates of participation,
   3. Satisfactory or unsatisfactory completion, and
4. Number of inservice points to be awarded, the eligibility of the points to be used for certification, and expiration date of the educator’s certificate(s) if applicable. All requirements for renewal of a Professional Certificate on the basis of completion of inservice points pursuant to Section 231.24, Florida Statutes, and Rule 6A-4.0051, F.A.C., shall be met.

(10) A developmental research school operated under the control of the State University System, an eligible state education agency, or an organization of nonpublic schools that meets criteria specified in Section 236.0811(2), Florida Statutes, may develop and submit a master plan for inservice education and training to the Department for initial approval by the Commissioner. The initial plan shall be developed meeting all criteria in subsections (3) through (7) of this rule. After initial approval of a plan, the continued approval of the master plan shall be in accordance with the criteria and procedures in subsections (2) through (8) of this rule and requirements for reporting and data maintenance as required in subsection (9) of this rule.

6A-6.0902 Requirements for Identification, Assessment and Programmatic Assessment of Limited English Proficient Students.
6A-6.0906 Monitoring of Programs for Limited English Proficient Students.
6A-6.0907 Inservice Requirements for Personnel of Limited English Proficient Students.
6A-6.0908 Equal Access for Limited English Proficient Students to Programs Other Than ESOL.
6A-6.0909 Exemptions Provided to Limited English Proficient Students.
6A-6.0910 School-Age Child Care.

6A-6.010 General Adult Education.
School boards are hereby authorized to establish schools, classes, or courses or otherwise provide for the general educational needs of adults, utilizing existing public school facilities and other appropriate facilities available for such purposes locally. School district adult education programs which meet the applicable criteria established pursuant to Section 236.081(1)(c), Florida Statutes, are deemed to be accredited for the following purposes: awarding of Veterans Administration educational benefits; acceptance of student transfer credits by non-Florida programs; and validity of high school diplomas awarded in meeting entrance requirements established by institutions of higher learning. Lifelong learning as specified in Section 236.081(1)(c), F.S., is excluded.

Specific Authority 228.061(4)(a)3., 229.053(1) FS. Law Implemented 228.061(4)(a)3., 239.115 FS. History–Repromulgated 12-5-74, Amended 7-2-79, Formerly 6A-6.10, Amended 10-17-89.

6A-6.011 Definition of Adult Student.
An adult student is one who is beyond the compulsory school age and who has legally left the elementary or secondary school or a high school student who is taking an adult course required for high school graduation.
6A-6.012 Plans of Organization and Administration of Local Adult General Education Program.

The organization and administration of local adult general education programs shall be such as will assure that the kind and extent of general education services needed by adults in the community will be identified and provided in an effective and economical manner. Local programs shall be organized and administered according to one (1) of the following plans, or some other plan of local determination which is submitted to and approved by the Director of the Division of Applied Technology and Adult Education.

(1) Plan 1 operates under immediate direction of the superintendent. The adult general education program is operated under the immediate direction of the superintendent. Administrative responsibilities at the community level are assigned to part-time or full-time principals appointed by the school board upon recommendation of the superintendent. General supervision of the program from the district level is assigned to the general supervisor of instruction who works with local principals and teachers in the planning of programs and in the improvement of instruction for adults.

(2) Plan 2 operates under a director of adult general education. The adult general education program represents an enlargement and extension of the educational program and services of individual community schools throughout the district; it utilizes the appropriate physical facilities available in several community school centers, and is administered and supervised at the community level by qualified principals (either the regular day school principals, or depending upon the size of the adult school, separate full-time or part-time adult school principals) who coordinate their work closely with the regular day faculties, especially in the use of common school facilities. Over-all direction and coordination of the program from the district level are provided under this plan by a qualified director of adult general education.

(3) Plan 3 operates under a director of vocational and adult education. The adult general education program is administered in conjunction with the vocational education program of the district, and utilizes the appropriate physical facilities of existing vocational schools and other community schools of the district. Over-all direction is assigned to a director of vocational and adult education who is certificated in administration or supervision of secondary education in addition to his qualifications as a vocational director. Where the size and scope of the adult general education program is such that the director cannot give adequate supervision to it, a qualified full-time or part-time supervisor of adult general education is employed to give immediate supervision to the adult general education program.

(4) Plan 4 operates under the direction of a community college. The program is under the general administrative control and direction of the president of the college, with immediate responsibility for the administration and supervision of the program being assigned to a qualified person. The physical facilities of the community college, augmented by those of community schools throughout the district, according to local need, are utilized for the adult general education program.

6A-6.0131 Responsibilities of Local Sponsors for Implementing the Education for the Handicapped Adult Program.

(1) Local plan. Prepare and submit, for approval by the Department of Education, a plan for a program for handicapped adult students to include:

(a) Statement of need. A statement of need which describes the target population in terms of numbers to be served and handicapping conditions.

(b) Program description. A description of the program shall include a listing of classes from the following programs:
   1. Adult general education,
   2. Vocational job preparatory,
   3. Vocational supplemental, and
   4. Vocational preparatory.

Instructional goals for these classes shall be related to improving daily living skills, academic skills, or economic independence and shall be in accordance with Rule 6A-6.0132, F.A.C.

(c) Individual handicapped adult education plan. The local plan shall include a description of the components of the individual handicapped adult education plan and procedures for developing the plan and periodically evaluating student progress. The local plan shall include procedures for assuring that, notwithstanding funding for segregated classes, students who do not require a segregated setting shall be served in a mainstreamed educational setting with nonhandicapped students.

(d) Memoranda of agreements. The plan shall include memoranda reflecting agreements among agencies identified to provide services to handicapped adult students in the program. Memoranda shall reflect coordination among the following local agencies or programs:
   1. Adult education;
   2. Vocational education;
   3. Exceptional student education;
   4. Department of Health and Rehabilitative Services;
5. Department of Labor and Employment Security, Division of Vocational Rehabilitation; and
6. Each local organization, whether public or private, for profit or not for profit, whose adult handicapped clients participate in
the program.

(e) Program administrator. The identification of a single administrator for the program.
(f) Regional approval. The submitted plan shall reflect the approval of the appropriate regional coordinating council.
(2) Reporting requirements. Each local sponsor shall prepare and submit an annual report on or before August 31 of each year
to the Department of Education which includes:
(a) The number of students enrolled during the school year.
(b) The full-time equivalent student membership reported during the fiscal year.
(c) The number and location of courses conducted during the school year.
(d) The number of clock hours in each course provided by program area.

Specific Authority 228.061(4)(a), 229.053(1), 239.301(10) FS. Law Implemented 228.061, 236.081, 239.301 FS. History–New 9-19-90.

6A-6.0132 Education for Handicapped Adult Program.
(1) Definition. For the purpose of this rule, the following definitions shall be used:
(a) Handicapped adult student. Notwithstanding the provisions of Rule 6A-6.011, F.A.C., a handicapped adult student is one
who has a learning, mental, physical, emotional, sensory, or other disability(s) that requires modifications to the educational
program(s), adaptive equipment, or specialized instructional methods and services.
(b) Local sponsor. The term “local sponsor” means a public school district, a public community college, or both.
(2) Entrance criteria. Handicapped adult students shall be eligible for enrollment in the approved local program for
handicapped adults when each of the following conditions are met:
(a) The local sponsor shall verify the handicapping condition(s) of the adult student. Such verification shall consist of the most
recent written individual plan from the Departments of Health and Rehabilitative Service, Labor and Employment Security,
Education, Division of Blind Services or from public schools. When such verification is unavailable, medical or psychological
records shall be required, and
(b) An individual handicapped adult education plan is completed, consistent with the approved local plan, and reviewed in a
meeting with the handicapped adult student and, as appropriate, the student’s parent(s).
(3) Individual handicapped adult education plan. An individual handicapped adult education plan shall be prepared by the local
sponsor for each handicapped adult student prior to reporting that student for funding under the education for handicapped adult
program. It shall be reviewed at least annually with the handicapped adult student and, as appropriate, the student’s parent(s). It
shall include:
(a) Expected program outcomes for the adult student related to daily living skills, academic skills, training for employment or
transition.
(b) A statement of the handicapped adult student’s present performance level.
(c) Annual goals, instructional objectives and procedures for monitoring student progress.
(d) A statement of the specialized educational or vocational training services, aids, or equipment to be provided by the local
sponsor.
(e) Projected dates for the initiation of services.
(f) A schedule for the periodic evaluation of progress.
(g) Identification of support services and support service providers.
(h) Identification of the specific job(s) for which the handicapped adult student is being prepared if enrolled in a vocational job
preparatory program.
(4) Curriculum. Any curriculum framework and performance standards adopted by the State Board of Education, excluding
Lifelong Learning, may be used in the education for the handicapped adults program.
(5) Exit criteria. Each handicapped adult student shall exit the program when expected program outcomes indicated in the
individual handicapped adult education plan are achieved.
(6) Coordination. In each region in which both the community college and one or more school districts have approved
programs for handicapped adult students, provisions for coordinating the two or more programs to share resources and avoid
competition or unwarranted duplication shall be specified.

Specific Authority 228.061(4)(a), 229.053(1), 239.301 FS. Law Implemented 236.013(2)(c)1.b., (v), 236.081, 239.301 FS. History–New 9-19-90.

6A-6.014 General Requirements for Adult General Education Program.
In the operation of adult general education programs, the following general requirements shall apply:
(1) Facilities. Instructional facilities should be consistent with the number and nature of adults served, as well as instructional
methods and objectives. They should provide program accessibility for persons with disabilities as required by Section 504, Florida
Statutes, of the Rehabilitation Act and the Americans with Disabilities Act.
(2) Enrollment. Enrollment shall be limited to individuals who have legally left the elementary or the secondary school as specified in Section 232.01(1)(c), Florida Statutes; provided, however, that the school may temporarily assign individual students of compulsory school age to one (1) or more classes offered in the adult general education program where such students exhibit an educational need which can more effectively be served by the adult general education program when such courses are required for high school graduation.

(3) Teacher qualifications. Adult general education classes for which state funds are earned shall be taught by qualified teachers as defined in Rule 6A-1.0503, F.A.C., or as approved by a community college board of trustees as defined in Rule 6A-14.0247, F.A.C.

(4) Academic skills tests for adults.
(a) The following tests, English language versions only, are approved to be used for placement of a student enrolled in the adult general education program and shall be used according to standards established for test administration and interpretation set forth in Standards for Educational and Psychological Testing (APA, AERA, NCME, 1992) and with appropriate modifications for students with disabilities as specified in Rule 6A-1.0943, F.A.C.

1. Adult Measure of Essential Skills (AMES) 1997;
2. Tests of Adult Basic Education (TABE), Complete Battery or Survey Form, Forms 7 & 8, 1994;
3. Tests of Adult Basic Education – Work Related (TABE-WR) 1994; and
(b) If the testing instruments in paragraph (4)(a) of this rule do not meet the assessment needs of the adult student, one of the following alternative assessment instruments may be used for placement in an adult general education program:
1. Adult Language Assessment Scales (A-LAS, 1991);
2. Brigance Employability Skills, 1995;
3. Brigance Life Skills, 1994;
4. Comprehensive Test of Adaptive Behaviors (CTAB), 1986;
5. Comprehensive Adult Student Assessment System (CASAS), 1996 (reading and listening);
6. Comprehensive Adult Student Assessment System – STRETCH (CASAS), 1996;
7. Comprehensive Adult Student Assessment System – Test for Special Populations (CASAS), 1996;
8. Kaufman Functional Academic Skills Test (K-FAST), 1994; and

(5) Student progress will be measured by progression through Literacy Completion Points (LCPs) using one or more of the following:
(a) Grade level/scale score improvements measured by an approved test;
(b) Improvement of literacy or workforce readiness skills;
(c) Successful completion of curriculum frameworks and course performance standards; or
(d) Attainment of GED or Adult High School Diploma.

Specific Authority 228.061(4)(a)3., 229.053(1), 239.30 FS. Law Implemented 228.061(4)(a)3., 239.115, 239.301 FS. History–Amended 2-20-64, 4-11-70, 11-17-73, 2-18-74, 6-17-74, Repromulgated 12-5-74, Amended 12-6-84, Formerly 6A-6.15, Amended 12-28-86, 10-17-89, 12-29-98.

6A-6.015 Professional Requirements for Administrators and Supervisors of Adult General Education Program.

District directors, coordinators, or supervisors who are assigned administrative or supervisor responsibilities in adult general education, and full-time principals of adult general education schools, shall hold a professional certificate covering administration of adult education. Part-time principals, or administrative assistants to the district director, shall hold a professional certificate at the master’s or higher degree level of training at the time of appointment to such positions, and after five years of service in such part-time work shall hold a professional certificate covering administration of adult education.

Specific Authority 229.053(1), 231.15 FS. Law Implemented 231.15 FS. History–Amended 2-20-64, Repromulgated 12-5-74, Amended 10-17-89, 12-29-98.

6A-6.020 Granting High School Credits and Diplomas to Adults.

The award of high school credits to adults on the basis of prescribed work completed in the adult education program of the district school board or community college board of trustees shall be based on demonstrated mastery of the student performance standards in the course of study, as provided by rules of the district school board or community college board of trustees. Such requirements shall be consistent with the needs of the adult students, the purposes of the schools, and the requirements of Florida Statutes.

(1) Limitation on graduation date. No individual, except one assigned to the adult program for acceleration purposes as provided by subsection 6A-6.0614(2), F.A.C., shall be permitted under these rules to qualify for high school graduation at an earlier date than that on which he or she would normally have been graduated through regular attendance in high school.

(2) Granting credit on the basis of examinations. High school credit examinations for adults shall be administered as prescribed in Rule 6A-6.0211, F.A.C.

(3) Granting credit for educational experiences in the armed forces. High school credit may be awarded for educational experiences in the armed forces of the United States under the following conditions:
(a) Two (2) units of elective subject credit, recorded as military training, may be granted to any individual who has satisfactorily completed a minimum of one (1) full year of service in the armed forces, as evidenced by documentation provided by the armed forces.

(b) Correspondence courses in high school subjects taken under the auspices of the United States Armed Forces Institute, may be accepted for credit, provided bona fide certificates of course completion are presented showing the necessary information for proper evaluation of the credit to be awarded.

(c) Organized courses of instruction completed in special schools operated by the armed forces may be accepted for credit, provided documentary evidence of course completion is submitted, and provided further that the amount of credit awarded in each case shall be in accordance with recommendations of the American Council on Education, as contained in the Council’s publication, “A Guide to the Evaluation of Educational Experience in the Armed Services.”

(d) Local school officials may not award more than eight (8) credits toward high school graduation based on military experiences and course work completed while in the armed forces.

(4) Graduation requirements. Except as indicated in subsection 6A-6.020(4), F.A.C., the graduation requirements for adult students shall be those prescribed in Section 232.246, Florida Statutes. For purposes of interpretation of the modified graduation requirements indicated in Section 232.246(7)(c), Florida Statutes, continuous enrollment is defined as enrollment in one or more adult high school courses during each term, except for the summer terms.

Specific Authority 228.061(4), 229.053(1), 230.23(7)(a), 232.246(7)(c) FS. Law Implemented 228.061(4), 230.23(7)(a), 232.246, 232.2462 FS. History—Amended 2-20-64, 11-17-73, Repromulgated 12-5-74, Amended 6-6-78, 7-2-79, 12-26-85, Formerly 6A-6.20.

The Commissioner shall award a State of Florida high school diploma to a candidate who meets all of the requirements prescribed herein and has attained a standard score of forty-two (42) or above on each of the five (5) General Educational Development tests, with an average of forty-five (45) effective July 1, 1998; forty-four (44) or above on each of the five (5) General Educational Development tests, with an average of forty-five (45) effective July 1, 1999; and forty-five (45) or above on each of the five (5) General Educational Development tests, with an average of forty-five (45) effective July 1, 2000.

(1) The Department, shall designate testing centers in the state which are authorized to act as agents of the state in administering the GED Tests. The Department shall provide tests and test materials to the designated centers, provide test scoring and reporting services, maintain a perpetual record of individual test results, and issue state high school diplomas to successful candidates.

(2) Each designated testing center shall establish a schedule for testing which adequately meets the needs of the public within its service area.

(3) Each district shall establish a fee of not less than the total national and state required fees nor more than fifty (50) dollars for each applicant taking the entire test battery consisting of the five (5) GED Tests. This fee shall be paid at the time the application is filed. A fee of not less than the total national and state required fees nor more than the ten (10) dollars shall be paid by each applicant for each retake of the Social Studies, Science, Interpreting Literature and the Arts, and Mathematics tests. A fee of not less than the total national and state required fees nor more than twelve (12) dollars shall be paid for each retake of the Writing Skills Test. However, the school board or agency administering the testing center may authorize the waiver, on a uniform or, on an individual basis, of all or any portion of the fees prescribed herein. It is recommended that districts identify and access funding sources such as the additional fees placed on vocational courses for the purpose of financial aid for use as a source of scholarships for students.

(4) In order to defray state costs for the testing program, each school board, college, or agency administering the GED Tests shall remit to the Department the following fees:

(a) Entire battery of five (5) tests: seventeen (17) dollars.
(b) Retake of the Social Studies, Science, Interpreting Literature and the Arts, and Mathematics tests: four (4) dollars.
(c) Retake of the Writing Skills test: five (5) dollars.
(d) Duplication of diploma: four (4) dollars.
(e) Duplication of transcript: four (4) dollars.
(f) Conversion of scores from applicants who have taken the GED in the military: seven (7) dollars.
(g) Annual contract fee as directed by the American Council on Education.

(5) The following requirements shall govern eligibility of candidates to take the GED Tests.

(a) Be at least eighteen (18) years of age at the time of examination. However, under extraordinary circumstances, according to rules of the local school board, persons who are at least sixteen (16) years of age may be permitted to take the tests. Additionally, incarcerated youth above the age of sixteen (16) years of age at the time of examination may be permitted to take the test based on the written approval of the Department of Corrections Chief Examiner.

(b) Submit an application to an approved testing center on Form DVE 090, Application for State of Florida High School Diploma, effective July, 1985, which provides essential personal and educational data. This form is hereby incorporated as a part of this rule and may be obtained from any approved GED testing center or from the GED Testing Office, Department of Education, Turlington Building, Tallahassee, Florida 32399.
(c) Reside in the State at the time application is made.

(d) Present a valid social security card, social security number or taxpayer identification number properly listing the name and associated number of the examinee. Additionally, the examinee must present a valid Florida Driver’s License, or Florida Identification Card.

(6) Upon successful completion of the GED Tests as prescribed herein, a candidate shall be awarded a State of Florida high school diploma and shall be considered a high school graduate. A district may, in addition, also award a district diploma to the successful candidate.

(7) A candidate who fails to attain the required minimum scores on the initial GED testing may retake the tests at any subsequent testing session. After the second testing a candidate shall be eligible to retake the tests at any subsequent session if an overall minimum standard score of two hundred twenty (220) has been achieved and the candidate has made a standard score of forty five (45) or more on at least three (3) of the tests. A candidate who fails to achieve a standard score of forty five (45) or more on three (3) or more of the tests after the second testing shall not be eligible to retake the tests for a period of six (6) months.

Specific Authority 229.053(1), 229.814(1), (2), (3) FS. Law Implemented 229.814(1), (2), (3), 230.23(6)(a) FS. History–Amended 2-20-64, 4-11-70, 6-7-70, 6-17-74, Repromulgated 12-5-74, Amended 5-4-76, 6-7-77, 1-1-79, 9-1-79, 12-7-82, 7-10-85, Formerly 6A-6.21, Amended 12-21-87, 3-1-98.

6A-6.022 Required Instruction in Florida History and Government.

(1) Beginning with the 1972-73 school year each school which includes all or part of grades eight (8) or nine (9) shall provide instruction in the history and government of Florida which shall include, but not be limited to:

(a) Basic concepts, and

(b) Objectives.

(2) The purposes of such instruction shall be:

(a) Developing proficiency in participatory citizenship;

(b) Learning about and considering contemporary and historical political, economic and social development of the State of Florida; and

(c) Applying new knowledge and skills in the developing of value judgments about the affairs of the state in the context of community, state, nation and world concerns.

(3) The division of public schools shall be responsible for encouraging the development of suitable study materials and for the adoption of such materials, using procedures prescribed for textbook adoptions.

Specific Authority 229.053(1) FS. Law Implemented 20.15(4)(a), 233.061 FS. History–New 4-17-72, Repromulgated 12-5-74, Formerly 6A-6.22.

6A-6.024 School Entry Health Examination.

This rule implements the school entry health examination required by Section 232.0315, Florida Statutes.

(1) Any health professional who is licensed in Florida or in the state where the student resided at the time of the health examination and who is authorized to perform a general health examination under such licensure shall be acceptable to certify that health examinations have been completed.

(2) Certification that a health examination has been completed may be documented on the State of Florida, Department of Health and Rehabilitative Services, HRS-H Form 3040, “Student Physical Examination,” which is incorporated by reference in this rule, or a signed statement by authorized professionals that indicates the results of the components included in the health examination. HRS-H Form 3040 may be obtained from ASCAGJ Warehouse, 5107 University Boulevard, West, Jacksonville, Florida 32216.

(3) Transfer of all student health records shall be in accordance with paragraphs 6A-1.0955(7)(a), (b), F.A.C.

Specific Authority 229.053(1), 232.0315(2) FS. Law Implemented 232.0315 FS. History–New 7-1-81, Amended 12-6-84, Formerly 6A-6.24.

6A-6.03011 Special Programs for Students Who Are Mentally Handicapped.

(1) Mentally handicapped. A mental handicap is defined as significantly sub-average general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period. Mentally handicapped students shall be classified as:

(a) Educable mentally handicapped. An educable mentally handicapped student is a student who is mildly impaired in intellectual and adaptive behavior and whose development reflects a reduced rate of learning. The measured intelligence of an educable mentally handicapped student generally falls between two (2) and three (3) standard deviations below the mean and the assessed adaptive behavior falls below that of other students of the same age and socio-cultural group.

(b) Trainable mentally handicapped. A trainable mentally handicapped student is a student who is moderately or severely impaired in intellectual and adaptive behavior and whose development reflects a reduced rate of learning. The measured intelligence of a trainable mentally handicapped student generally falls between three (3) and five (5) standard deviations below the mean and the assessed adaptive behavior falls below that of other students of the same age and socio-cultural group.
(c) Profoundly mentally handicapped. A profoundly mentally handicapped student is a student who is profoundly impaired in intellectual and adaptive behavior and whose development reflects a reduced rate of learning. The measured intelligence of a profoundly mentally handicapped student generally falls below five (5) standard deviations below the mean and the assessed adaptive behavior falls below that of other students of the same age and socio-cultural group.

(2) Criteria for eligibility. A student is eligible for a special program for the mentally handicapped if there is evidence that the student meets all of the following criteria:

(a) The measured level of general intellectual functioning is two (2) or more standard deviations below the mean as prescribed in paragraphs 6A-6.03011(1)(a)-(c), F.A.C. The standard error of measurement may be considered in individual cases. The profile of intellectual functioning shows consistent sub-average performance in a majority of areas evaluated;
(b) The assessed level of adaptive behavior is below that of other students of the same age and socio-cultural group; and
(c) The demonstrated level of performance in academic, preacademic, or developmental achievement is sub-average.

(3) Procedures for Referral. Prior to referral for student evaluation, screenings for vision, hearing, speech and language functioning shall be required for all students with referral for complete evaluations where the need is indicated. In addition, prior to referral of a student who has been enrolled in basic education programs for more than six (6) weeks, the student’s learning problem shall be addressed at the school level through the following minimum procedures:

(a) Two (2) or more conferences concerning the student’s specific problem which shall include the parents or guardian and administrative personnel, teaching personnel or student services personnel;
(b) Anecdotal records or behavioral observations made by more than one (1) person and in more than one (1) situation which cite the specific behaviors indicating the need for the referral;
(c) A minimum of two (2) interventions or adjustments have been tried with the student. These interventions may include: change in student’s class schedule or teacher; change in student’s curriculum; change in techniques of instruction; interventions provided by student services personnel; or state or community agency intervention;
(d) Review of social, psychological, medical and achievement data in the student’s educational records; and
(e) Review of attendance records, and where appropriate, investigation of reasons for excessive absenteeism.

(4) Procedures for student evaluation.

(a) The minimum evaluation for determining eligibility shall include all of the following:
1. A standardized individual test of intellectual functioning individually administered by a professional person qualified in accordance with paragraph 6A-6.071(6)(a), F.A.C.;
2. A standardized assessment of adaptive behavior;
3. An individually administered standardized test of academic or preacademic achievement. A standardized developmental scale shall be used when a student’s level of functioning cannot be measured by an academic or preacademic test; and
4. A social-developmental history which has been compiled directly from the parent, guardian, or primary caregiver.
(b) For students being considered for eligibility in the program for profoundly mentally handicapped, a report of a medical evaluation by a licensed physician may be required by the school district.

(5) Students eligible for and enrolled in a special program for mentally handicapped prior to the effective date of this rule may continue in a special program for mentally handicapped and, as appropriate, subsequently be dismissed from the special program for mentally handicapped based on dismissal criteria contained in the approved Special Programs and Procedures for Exceptional Students as provided in Rule 6A-6.03411, F.A.C., at the time of dismissal.

Specific Authority 229.053(1), 230.23(4)(m), 228.041(18) FS. Law Implemented 228.041(18), (19), 229.565(3)(b), (c), 230.23(4)(m)4., 232.01(1)(e), 236.081(1)(c) FS. History–New 7-1-77, Amended 7-2-79, Formerly 6A-6.3011, Amended 5-17-88.

6A-6.03012 Special Programs for Students Who Are Speech and Language Impaired.

(1) Definition. Speech and language impairments are defined as disorders of language, articulation, fluency, or voice which interfere with communication, preacademic or academic learning, vocational training, or social adjustment.

(a) An impairment in the language system is abnormal processing or production of:
1. Form including phonology, syntax, and morphology,
2. Content including semantics, or
3. Function including pragmatics.
(b) An impairment in articulation is substitutions, distortions, or omissions of speech sounds which are of a nonmaturational nature.
(c) An impairment in fluency is abnormal flow of speech which impairs rate and rhythm and may be accompanied by struggle behavior.
(d) An impairment in voice is absence or abnormal production of voice quality, pitch, loudness, resonance, or duration.

(2) Criteria for eligibility. A student is eligible for special programs in speech and language if the student meets criteria as determined by the procedures in Rules 6A-6.0331 and 6A-6.0341, F.A.C., and if a disorder exists in one (1) or more of the following:

(a) Language. A language disorder is present when:
1. For students below age five (5), there is a significant language delay based on criteria presented in the test or evaluation manual and at least one (1) of the following is met:
   a. There is a significant difference between language performance and other developmental behaviors; or
   b. There is a significant difference between receptive and expressive language abilities.
2. For students ages five (5) and above, the language scores on standardized tests are more than one (1) standard deviation below the mean for the student’s chronological age and at least one (1) of the following is met:
   a. There is a significant difference between language performance and nonverbal performance; or
   b. There is a significant difference between receptive and expressive language abilities;
   c. Two (2) or more, but not all, components of the language system are moderately or severely impaired on a language severity rating scale.

   (b) Articulation. An articulation disorder is present when at least one (1) of the following is met:
   1. Based on normative data, the frequency of incorrect sound production and the delay of correct sound production are significant; or
   2. The error pattern is characteristic of disordered rather than delayed acquisition; or
   3. Articulation is rated as moderately or severely impaired on an articulation severity rating scale.

   (c) Fluency. A fluency disorder is present when:
   1. Fluency is rated as mildly, moderately, or severely impaired on a fluency severity rating scale, and
   2. There are supportive data presented by a primary caregiver, a teacher-educator, or the student when appropriate, in addition to a speech-language pathologist, that a disorder exists.

   (d) Voice. A voice disorder is present when:
   1. Voice is rated as moderately or severely impaired on a voice severity rating scale, and
   2. There are supportive data presented by a primary caregiver, a teacher-educator, or the student when appropriate, in addition to a speech-language pathologist, that a disorder exists.

   (3) Procedures for screening.
   (a) Students being considered for language or speech programs shall be screened for hearing and vision.
   (b) Students being considered for exceptional student programs, excluding gifted and homebound or hospitalized who may be screened on a referral basis, shall be screened for language, articulation, fluency and voice disorders prior to staffing for eligibility.

   (4) Procedures for student evaluation.
   (a) Speech-language pathologists shall be responsible for implementing and conducting diagnostic assessments of language, articulation, fluency, or voice disorders.
   (b) A case history shall be included as part of the assessment data when determined appropriate by the speech-language pathologist.
   (c) Medical and psychological evaluations shall be requested by the speech-language pathologist when appropriate.

   (5) Procedures for determining eligibility and educational assignment.
   (a) A speech-language pathologist shall be a member of any eligibility staffing committee reviewing speech and language evaluation data.
   (b) A speech-language pathologist shall be involved in the development of the individual educational plans for eligible speech and language impaired students.

   (6) Instructional Program.
   (a) The instructional program shall be based on the student’s individual educational plan or family support plan.
   (b) Speech-language services shall be provided by a speech-language pathologist, pursuant to Rule 6A-4.0176, F.A.C., a licensed speech-language pathologist pursuant to Section 468.1185, Florida Statutes, or a speech-language associate, pursuant to Rule 6A-4.01761, F.A.C.

   1. Speech-language services provided by an associate, as specified in Rule 6A-4.01761, F.A.C., must be under the direction of a certified or licensed speech-language pathologist with a master’s degree or higher. Services under this subsection can be provided for a period of no more than three (3) years as described in Section 231.167, Florida Statutes, in districts that qualify for the sparsity supplement as described in Section 236.081(6), Florida Statutes.

   2. Districts shall submit a plan to the Department of Education for approval before implementation of Rule 6A-4.01761, F.A.C. The components of the plan must include a description of:
      a. The model specifying the type and amount of direction including, but not limited to, direct observation, support, training, and instruction;
      b. The rationale for using this model;
      c. The manner in which the associate will demonstrate competency;
      d. The process for monitoring the quality of services; and
      e. The measurement of student progress.

   This plan must also describe the process for changing the intensity of direction for the associate based upon the associate’s demonstrated competencies and their students’ needs and progress.

   (c) This rule shall be reviewed by the Florida Board of Education by October 1, 2003.
6A-6.03013 Special Programs for Students who are Deaf or Hard-of-Hearing.

(1) Definition. A student who is deaf or hard-of-hearing has a hearing impairment aided or unaided, that interferes in processing linguistic information and which adversely affects communication, developmental skills, academic achievement, vocational-career skills, or social-emotional adjustment. The degree of loss may range from mild to profound.

(2) Criteria for eligibility. A student is eligible for a special program for students who are deaf or hard-of-hearing if both criteria in paragraphs (2)(a) and (2)(b) of this rule are met.

(a) Evidence of a documented permanent or fluctuating hearing threshold level of:
   1. 25dB ± 5 dB or greater based on pure tone average of average of 500, 1000, and 2000 Hz (re: ANSI, 1989) unaided in the better ear; or
   2. A high frequency hearing threshold level of 25 dB ± 5 dB or greater based on pure tone average of 1000, 2000, and 3000 Hz (re: ANSI, 1989) unaided in the better ear; or
   3. A unilateral hearing threshold level of 50 dB ± 5 dB or greater based on pure tone average of 500, 1000, and 2000 Hz (re: ANSI, 1989) unaided.

(b) Evidence that the hearing threshold level interferes with progress in any one of the following areas: developmental skills or academic performance, social-emotional development, or linguistic and communicative skills, and that the student requires special education and/or related services in order to benefit from education.

(3) Procedures for student evaluation.

(a) Tests to determine cognitive functioning and learning abilities shall be selected from non-verbal performance scales standardized on, or adapted for, students who are deaf or hard-of-hearing. Evaluation of academic achievement and communication skills shall take into consideration the student’s intellectual functioning, degree of hearing loss and method of communication.

(b) The minimum evaluation shall include:
   1. Audiological evaluation,
   2. Evaluation of developmental skills or academic achievement, including information on the student’s academic strengths and weaknesses,
   3. Evaluation of social development,
   4. Evaluation of receptive and expressive communication, and
   5. Individual assessment of intellectual functioning, or developmental scales if more appropriate for students under age seven (7).

(c) Re-evaluation shall occur at least every three (3) years and shall include a minimum of an audiological evaluation, and, if appropriate, any other formal evaluations addressed in the initial evaluation in accordance with subparagraph 6A-6.03411(2)(i)1., F.A.C.

(d) A screening for Usher’s Syndrome shall be administered to each student who is deaf or hard-of-hearing at least once during grades 6-12.

(4) Instructional programs.

(a) The district shall implement a written course of study for the program, updated as necessary, with sufficient scope and depth needed for individual educational plans.

(b) Classes shall be taught by teachers using communication skills appropriate to meet individual needs of students. Each student who is deaf or hard-of-hearing shall have the opportunity to learn speech and to learn to use residual hearing through modern amplification equipment.

(c) Districts shall implement daily monitoring procedures for ensuring proper functioning of personal hearing aids and district auditory amplification equipment.

(d) The grouping of students who are deaf or hard-of-hearing for special and resource room classes shall facilitate each student’s development of appropriate methods of communication.

(5) Supportive services. The district shall have or purchase the services of professionals in the areas of audiology, school psychology, guidance, educational assessment, social services and interpreting. These services shall support the instructional program.

(6) Facilities and Equipment.

(a) The program shall be established in conjunction with a regular school appropriate to the age and grade level of students who are deaf or hard-of-hearing.

(b) Each special class and resource classroom shall be acoustically treated.

(c) Each special class and resource classroom shall have auditory amplification equipment available.

(d) Auditory equipment shall be calibrated annually, maintained, and considered for replacement on a five (5) year cycle.

(e) Visual alarm devices shall be provided in all areas where students who are deaf or hard-of-hearing may be separated from persons with normal hearing; i.e., group toilet rooms, corridors, specific areas designated for the deaf, etc., in accordance with paragraph 6A-2.088(6)(d), F.A.C.
Continued eligibility. Students eligible for and enrolled in a special program for students who are deaf or hard-of-hearing prior to the effective date of this rule may continue in the special program and, as appropriate, subsequently be dismissed based on dismissal criteria contained in the approved Special Program and Procedures for Exceptional Students Document as provided in Rule 6A-6.03411, F.A.C.

Specific Authority 229.053(1), 230.23(4)(m), 228.041(18) FS. Law Implemented 228.041(18), (19), 229.565(3)(b), (c), 230.23(4)(m), 232.01(1)(e), 236.08(1)(c) FS. History–New 7-1-77, Amended 9-11-84, Formerly 6A-6.3013, Amended 7-1-94.

6A-6.03014 Special Programs for Students who are Visually Impaired.
(1) Visually impaired. Visual impairments are defined as disorders in the structure and function of the eye that, even with the best correction and treatment, interfere with learning.
   (a) The blind student is one who after the best possible ocular correction has no vision or has little potential for using vision and relies on tactual or auditory senses for learning.
   (b) The partially sighted student is one who after the best possible adjustments and ocular corrections uses remaining vision for learning.
(2) Criteria for eligibility. A student is eligible for a special program for the visually impaired if the following medical and educational criteria are met:
   (a) Medical. There is a documented eye impairment as manifested by at least one of the following:
      1. A visual acuity of 20/70 or less in the better eye after best possible correction;
      2. A peripheral field so constricted that it affects the student’s ability to function in an educational setting;
      3. A progressive loss of vision which may affect the student’s ability to function in an academic setting; or
      4. For children birth to five (5) years of age, bilateral lack of central, steady, or maintained fixation of vision with an estimated visual acuity of 20/70 or less after best possible correction; bilateral central scotoma involving the perimacula area (20/80-20/200); bilateral grade III, IV, or V Retinopathy of Prematurity (ROP); or documented eye impairment as stated in paragraph (2)(a) of this rule.
   (b) Educational. There is a documented functional vision loss which:
      1. Inhibits optimal processing of information through the visual channel; and
      2. Requires the use of specialized techniques, textbooks, materials, or equipment.
(3) Procedures for screening.
   (a) Vision screening is done solely for the purpose of referring students to an ophthalmologist or optometrist for further evaluation. A medical eye report shall take the place of a vision screening report.
   (b) Screening shall be in accordance with Section 402.32, Florida Statutes. In addition students being considered for exceptional student programs, excluding gifted and homebound or hospitalized who may be screened on a referral basis, shall receive vision, hearing, speech, and language screenings prior to being considered for eligibility.
(4) Procedures for student evaluation.
   (a) The minimum evaluations necessary for determining eligibility shall include:
      1. A medical eye examination describing: etiology, diagnosis, treatment regimen, prognosis, near/distance, corrected/uncorrected acuity measures for left eye, right eye and both eyes, measure of field of vision, and recommendations for lighting levels, physical activity, aids, or use of glasses, as appropriate. For children birth to five (5) years of age, a medical assessment describing visual functioning shall be documented when standard visual acuities and measure of field of vision are unattainable.
      2. Documented observation of functional vision to include daily living skills and mode of reading by a teacher of students with visual impairments or an appropriately trained diagnostian, and
      3. Evaluation of developmental or academic functioning.
   (b) Additional information including vocational and orientation and mobility evaluations may be gathered to assist in determining the appropriate educational program and necessary environmental adjustments for the student.
   (c) Reevaluation shall occur at least every three (3) years and shall include evaluations in accordance with paragraph (4)(a) of this rule. The medical aspect of reevaluation for students with bilateral anophthalmia may be waived by a written recommendation of a physician.
(5) Instructional program. Instruction in orientation and mobility shall be included when appropriate.
(6) Supportive services.
   (a) The district shall make available the professional services needed to support the program. These shall include registration of all students for services of the Florida Instructional Materials Center for the Visually Handicapped.
   (b) Other support services may include, but not be limited to:
      1. Provision of specialized textbooks, learning materials and equipment; and
      2. Cooperative planning with the Division of Blind Services, including parent involvement activities.

Specific Authority 228.041(18), (19), 229.053(1), 230.23(4)(m), 233.056 FS. Law Implemented 229.053(1), 229.565(3)(b), (c), 236.08(1)(c) FS. History–New 7-1-77, Amended 7-13-83, Formerly 6A-6.3014, Amended 2-12-91.
6A-6.03015 Special Programs for Students who are Physically Impaired.

(1) The term physically impaired as used in this rule includes students who are orthopedically impaired, students who are other health impaired, and students with traumatic brain injury.

(2) Students who are orthopedically impaired. Orthopedically impaired means a severe skeletal, muscular, or neuromuscular impairment which adversely affects a child’s educational performance. The term includes impairments resulting from congenital anomaly, disease and other causes (e.g., cerebral palsy, amputations, and fractures or burns that cause contractures).

(a) Criteria for eligibility. A student is eligible for a special program for the physically impaired if the student has an orthopedic impairment which:
   1. Significantly limits the student’s ability to move about, sit or manipulate the materials required for learning; or
   2. Affects ambulation, posture or body use necessary in school work.

(b) Procedures for student evaluation. The minimum evaluation for a student shall be:
   1. A report of a medical examination within the previous twelve-month period, from a physician(s) qualified to assess the student’s physical problems, giving a description of the impairment and any medical implications for instruction.
   2. An educational evaluation which identifies educational and environmental adjustments needed; and
   3. When determined by the administrator of exceptional student education or designee, a psychological evaluation, a speech and language screening, visual and hearing screening, or a social history.

(3) Students who are other health impaired. Other health impaired means having limited strength, vitality or alertness due to chronic or acute health problems such as a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, epilepsy, lead poisoning, leukemia, or diabetes that adversely affect a child’s educational performance.

(a) Criteria for eligibility. A student is eligible for a special program for the physically impaired if the student has a health impairment which results in reduced efficiency in school work because of temporary or chronic lack of strength, vitality or alertness.

(b) Procedures for student evaluation. The procedures for student evaluation are the same as in paragraph (2)(b) of this rule.

(4) Students with traumatic brain injury. A traumatic brain injury is an acquired injury to the brain caused by an external physical force resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects educational performance. The term includes open or closed head injuries resulting in impairments in one (1) or more areas as listed in subparagraph (4)(a)2., of this rule. The term does not include brain injuries that are congenital or degenerative or brain injuries induced by birth trauma.

(a) Criteria for eligibility. A student is eligible for a special program for the physically impaired if the student:
   1. Has acquired an external injury to the brain as documented by a medical report, and
   2. Has significant difficulty requiring an adaptation to the school routine, school environment, or curriculum in one (1) or more of the following areas: cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual and motor abilities; psychosocial behavior; physical functions; information processing; or speech.

(b) Procedures for student evaluation. The procedures for student evaluation under the category of traumatic brain injury. The minimum evaluation for a student shall include:
   1. A medical examination report within the previous three (3) month period from a physician qualified to assess the student’s injury verifying a diagnosis of brain injury with a medical description of the impairment;
   2. A report of observations by more than one (1) person including the parent, guardian, or primary caregiver, in more than one (1) situation. The report shall document a deficit in one (1) or more of the areas listed in subparagraph (4)(a)2. of this rule which is evidenced through marked contrast of pre- and post-injury capabilities;
   3. A report of screenings or evaluations in each of the following areas: cognitive and information processing strengths and deficits, academic functioning, fine and gross motor skills, communication abilities, behavior and emotional status, and adaptive skills. The report shall be completed post-injury and no more than three (3) months prior to the eligibility staffing; and
   4. A neuropsychological evaluation when requested by the administrator of exceptional student education or designee.

(5) Instructional program. A student who meets the criteria specified in this rule shall be served in any program or combination of programs for students with or without disabilities as determined by the student’s strengths and goals recorded on the individual educational plan (IEP).

Specific Authority 229.053(1), 230.23(4)(m), 228.041(18), (19) FS. Law Implemented 228.041(18), (19), 230.23(4)(m), 232.01, 236.081(1)(c) FS. History–New 7-1-77, Amended 8-16-82, 7-13-83, Formerly 6A-6.3015, Amended 2-12-91, 7-13-93.

6A-6.03016 Special Programs for Students who are Emotionally Handicapped.

(1) An emotional handicap is defined as a condition resulting in persistent and consistent maladaptive behavior, which exists to a marked degree, which interferes with the student’s learning process, and which may include but is not limited to any of the following characteristics:

(a) An inability to achieve adequate academic progress which cannot be explained by intellectual, sensory, or health factors;

(b) An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;

(c) Inappropriate types of behavior or feelings under normal circumstances;

(d) A general pervasive mood of unhappiness or depression; or
(e) A tendency to develop physical symptoms or fears associated with personal or school problems.

(2) Criteria for eligibility. Students with disruptive behavior shall not be eligible unless they are also determined to be emotionally handicapped. A severe emotional disturbance is defined as an emotional handicap, the severity of which results in the need for a program for the full school week and extensive support services.

(3) A student is eligible for a special program for emotionally handicapped if there is evidence that:
(a) The student, after receiving supportive educational assistance and counseling services available to all students, still exhibits an emotional handicap;
(b) An emotional handicap exists over an extended period of time, and in more than one situation;
(c) The emotional handicap interferes with the student’s own learning, reading, arithmetic or writing skills, social-personal development, language development or behavioral progress and control; and
(d) When intellectual, sensory or physical deficits exist, they are addressed by other appropriate interventions or special programs.

(4) Criteria for eligibility for programs for severely emotionally disturbed. A student is eligible for a special program for severely emotionally disturbed if the student meets the criteria in subsection 6A-6.03016(2), F.A.C., above and there is evidence that the student requires a program which:
(a) Serves the student for the full school week in a special class;
(b) Provides a highly structured academic and affective curriculum, including but not limited to art, music and recreation services which are specifically designed for severely emotionally disturbed students;
(c) Provides for a lower adult to pupil ratio than programs for emotionally handicapped are designed to accommodate;
(d) Provides extensive support services specifically designed for severely emotionally disturbed students. These services include but are not limited to:
1. Individual or group counseling,
2. Parent counseling or education, and
3. Consultation from mental health, medical or other professionals; and
(e) Cannot be provided in a less restrictive environment.

(5) Procedures for referral. Prior to the referral for student evaluation, the following procedures are required for students enrolled in public school programs. If a student is transferring from an agency which provides services to emotionally handicapped students, the requirements in paragraphs 6A-6.03016(4)(a), (b), (c), (d), and (e), F.A.C., shall be waived.
(a) Conferences concerning the student’s specific problem. These conferences shall include the parents or guardian, administrative personnel, teaching personnel and student services personnel, as appropriate;
(b) Anecdotal records or behavioral observations made by more than one (1) person and in more than one (1) situation which cite the specific behaviors indicating the need for the referral;
(c) A minimum of two (2) interventions and adjustments that have been tried with the student. These interventions shall include, but not be limited to, change in student’s class schedule or teacher; change in student’s curriculum; change in techniques of instruction; interventions provided by student services personnel; community agency intervention; or health and rehabilitative services agency intervention;
(d) Review of social, psychological, medical and achievement data in the student’s educational records;
(e) Review of attendance records, and where appropriate, investigation of reasons for excessive absenteeism; and
(f) Screening for vision, hearing, speech and language functioning.

(6) Procedures for student evaluation.
(a) The minimum evaluation for determining eligibility for emotionally handicapped or severely emotionally disturbed shall include all information collected in subsection 6A-6.03016(4), F.A.C., and the following:
1. A medical evaluation when determined by the administrator of the exceptional student program or designee that the behavioral problem may be precipitated by a physical problem;
2. A comprehensive psychological evaluation conducted in accordance with subsection 6A-6.071(5), F.A.C., or by a psychiatrist which shall include the following information: an individual evaluation of intellectual ability and potential, an evaluation of the student’s personality and attitudes, and behavioral observations and interview data relative to the problems described in the referral;
3. An educational evaluation which includes information on the student’s academic strengths and weaknesses; and
4. A social or developmental history which has been compiled directly from the parent or guardian.
(b) For students enrolled in programs for emotionally handicapped, the minimum evaluation for determining eligibility for special programs for severely emotionally disturbed shall include evidence of the following procedures:
1. Conferences concerning the student’s specific problem in the program for emotionally handicapped;
2. Anecdotal records or behavioral observations made by more than one (1) person in more than one (1) situation which cite the specific problems causing the need for a program for severely emotionally disturbed;
3. Interventions and adjustments that have been tried with the student while enrolled in the program for emotionally handicapped;
4. An update of the social history required by subparagraph 6A-6.03016(5)(a)4., F.A.C.; and
5. Additional psychological, psychiatric or other evaluations deemed appropriate by the administrator of the exceptional student education programs.

(7) Parent education. Each district shall make provisions for a parent education program for all parents of students placed in full-time special classes for emotionally handicapped and severely emotionally disturbed.

Specific Authority 229.053(1), 230.23(4)(m), 228.041(18) FS. Law Implemented 228.041(18), (19), 229.565(3)(b), (c), 230.23(4)(m), 236.081(1)(c) FS. History–New 7-1-77, Amended 10-23-79, 11-25-80, 1-6-83, 9-27-84, 3-10-85, Formerly 6A-6.3016.

6A-6.03018 Special Programs for Students with Specific Learning Disabilities.

(1) Definition. Specific learning disabilities refers to a heterogeneous group of psychological processing disorders manifested by significant difficulties in the acquisition and use of language, reading, writing, or mathematics. These disorders are intrinsic to the individual and may occur across the life span. Although specific learning disabilities may occur concomitantly with other handicapping conditions or with extrinsic influences, the disabilities are not primarily the result of those conditions or influences.

(2) Criteria for eligibility. A student is eligible for special programs for specific learning disabilities if the student meets all of the following criteria as determined by the procedures prescribed in Rules 6A-6.0331 and 6A-6.03411, F.A.C.

(a) Documented evidence which indicates that general education interventions have been attempted and found to be ineffective in meeting the student’s educational needs.

(b) Evidence of a disorder in one (1) or more of the basic psychological processes required for learning. A psychological process is a set of mental operations that transform, access, or manipulate information. A disorder in a psychological process is a relatively enduring and stable feature of an individual’s cognitive skills that limits the ability to perform specific academic or developmental learning tasks. Processing deficits may manifest themselves differently at different developmental levels.

1. Documentation of process disorder must include one (1) standardized instrument in addition to the instrument used to determine the student’s level of intellectual functioning.

2. In addition, a district may establish criteria for the use of more than one (1) instrument to determine a process disorder and other criteria which will assist in determining a process disorder.

(c) Evidence of academic achievement which is significantly below the student’s level of intellectual functioning.

1. For students below age seven (7), evidence must be presented that the student exhibits a significant discrepancy between levels of intellectual functioning and achievement on tasks required for basic reading skills, reading comprehension, oral expression, listening comprehension, mathematics calculation, mathematics reasoning, or written expression.

2. For students ages seven (7) through ten (10), evidence must be presented that the student exhibits a discrepancy of one (1) standard deviation or more between an intellectual standard score and achievement standard score in basic reading skills, reading comprehension, oral expression, listening comprehension, mathematics calculation, mathematics reasoning, or written expression.

3. For students ages eleven (11) and above, evidence must be presented that the student exhibits a discrepancy of one and one-half (1 1/2) standard deviations or more between an intellectual standard score and achievement standard score in basic reading skills, reading comprehension, oral expression, listening comprehension, mathematics calculation, mathematics reasoning, or written expression.

4. A district may establish criteria for the use of more than one (1) instrument to determine a deficit area, and other criteria which will assist in determining an academic deficit.

(d) Evidence that learning problems are not due primarily to other handicapping conditions.

1. For students with intellectual deficits, evidence that intellectual functioning is no more than two (2) standard deviations below the mean on an individual test of intellectual functioning or evidence that a score below two (2) standard deviations below the mean is not a reliable indicator of the student’s intellectual potential.

2. For students with inadequate performance on learning tasks involving visual input deficits, evidence that visual acuity is at least 20/70 in the better eye with best possible correction or evidence that the student’s inability to perform adequately on learning tasks is not primarily due to poor visual acuity.

3. For students with inadequate performance on learning tasks involving auditory input, evidence that loss of auditory acuity is no more than thirty (30) decibels in the better ear unaided or evidence that the student’s inability to perform adequately on learning tasks is not primarily due to poor auditory acuity.

4. For students with a physical impairment, evidence that their inability to perform adequately on learning tasks is not primarily due to the physical impairment.

5. For students with an emotional handicap, evidence that their inability to perform adequately on learning tasks is not primarily due to their emotional handicap.

6. For students who are determined to be environmentally deprived, culturally different, or economically disadvantaged, evidence that their inability to perform adequately on learning tasks is not due primarily to environmental deprivation, cultural difference, or economic disadvantage.

(3) Procedures for student referral. Prior to referral for student evaluation, the student’s learning problem shall be addressed at the school level.

(a) The minimum procedures shall include:

1. Identification of the student’s learning problem and current functioning level in school;
2. At least two (2) conferences concerning the student’s specific problem. These conferences shall include the parents or guardian and administrative personnel, student services personnel or teaching personnel;
3. At least two (2) observations of the student’s behavior which indicate the learning problem. At least one (1) of the observations shall be conducted by a member of the multidisciplinary evaluation team other than the child’s regular classroom teacher;
4. At least two (2) educational interventions at the school level appropriate for the learning problem at the student’s current level of functioning;
5. Screening for vision, hearing, speech and language functioning with referral for complete evaluations where the need is indicated;
6. Review of social, psychological, medical, and achievement data in the student’s cumulative record; and
7. Review of attendance record, and where applicable, investigation of reasons for excessive absenteeism.
(b) Documentation of these efforts shall be incorporated with the written referral and shall show these efforts to have been ineffective in meeting the student’s educational needs.

(4) Procedures for student evaluation. Instruments selected for use in the evaluation of psychological processes, intellectual functioning and academic achievement shall be administered and interpreted in conformance with instructions provided by their producers. The following evaluations and procedures are required to determine a student’s eligibility and educational placement:
(a) A review of all documentation and data required by subsection (3) of this rule;
(b) A standardized individual test of intellectual functioning administered by a professional person qualified in accordance with subsection 6A-6.071(6), F.A.C.;
(c) An evaluation to determine the student’s level of functioning in the basic psychological process areas; and
(d) An individually administered evaluation of academic achievement.
(5) The multidisciplinary evaluation team.
(a) For students suspected of having a specific learning disability, the multidisciplinary evaluation team shall include the following personnel:
1. The student’s regular teacher, or
   a. If the student does not have a regular teacher, a regular classroom teacher qualified to teach a child of his or her age; or
   b. For a student of less than school age, an individual qualified to teach a child of his or her age; and
2. At least one (1) person qualified to conduct individual diagnostic examinations.
(b) The team must meet to consider the evaluation findings. If all members cannot be present, their findings may be presented by representatives of their disciplines.
(c) A written report shall be prepared which reflects the findings of the multidisciplinary evaluation team. The report shall include the following components:
1. Whether or not the student has a specific learning disability;
2. The basis for making the determination;
3. The relevant behavior noted during the observation of the student;
4. The relationship of that behavior to the student’s academic functioning;
5. The educationally relevant medical findings, if any;
6. The determination of the team concerning evidence that the student’s learning problems are not primarily due to other handicapping conditions;
7. The determination of the team concerning the effects of environment, cultural difference, or economic disadvantage;
8. Whether there is a severe discrepancy between achievement and ability which requires exceptional student education and related services; and
   (d) Each team member shall certify in writing whether or not the report reflects his or her conclusion. If it does not reflect his or her conclusion, the team member must submit a separate statement presenting his or her conclusions.
(6) This rule shall take effect July 1, 1994, for all school districts.

6A-6.03019 Special Instructional Programs for Students who are Gifted.
(1) Gifted. One who has superior intellectual development and is capable of high performance.
(2) Criteria for eligibility. A student is eligible for special instructional programs for the gifted if the student meets the criteria under paragraph (2)(a) or (b) of this rule.
(a) The student demonstrates:
1. Need for a special program.
2. A majority of characteristics of gifted students according to a standard scale or checklist, and
3. Superior intellectual development as measured by an intelligence quotient of two (2) standard deviations or more above the mean on an individually administered standardized test of intelligence.
(b) The student is a member of an under-represented group and meets the criteria specified in an approved school district plan for increasing the participation of under-represented groups in programs for gifted students.

1. For the purpose of this rule, under-represented groups are defined as groups:
   a. Who are limited English proficient, or
   b. Who are from a low socio-economic status family.
2. The Department of Education is authorized to approve school district plans for increasing the participation of students from under-represented groups in special instructional programs for the gifted, provided these plans include the following:
   a. A district goal to increase the percent of students from under-represented groups in programs for the gifted and the current status of the district in regard to that goal;
   b. Screening and referral procedures which will be used to increase the number of these students referred for evaluation;
   c. Criteria for determining eligibility based on the student’s demonstrated ability or potential in specific areas of leadership, motivation, academic performance, and creativity;
   d. Student evaluation procedures, including the identification of the measurement instruments to be used;
   e. Instructional program modifications or adaptations to ensure successful and continued participation of students from under-represented groups in the existing instructional program for gifted students;
   f. An evaluation design which addresses evaluation of progress toward the district’s goal for increasing participation by students from under-represented groups.

(3) Procedures for student evaluation. The minimum evaluations for determining eligibility are the following:
(a) Need for a special instructional program,
(b) Characteristics of the gifted,
(c) Intellectual development, and
(d) May include those evaluation procedures specified in an approved district plan to increase the participation of students from under-represented groups in programs for the gifted.

(4) This rule shall take effect July 1, 1977.

Specific Authority 229.053(1), 230.23(4)(m) FS. Law Implemented 228.041(18), (19), 229.565(2)(b), (c), 230.23(4)(m) FS. History–New 7-1-77, Formerly 6A-6.3019, Amended 10-10-91, 5-19-98, 7-14-02.

6A-6.03020 Special Programs for Students who are Homebound or Hospitalized.

(1) Homebound or hospitalized. A homebound or hospitalized student is a student who has a medically diagnosed physical or mental condition which confines the student to home or hospital and whose activities are restricted for an extended period of time. The medical diagnosis shall be made by a licensed physician.

(2) The term licensed physician, as used in Rule 6A-6.03020, F.A.C., is one who is qualified to assess the student’s physical or mental condition.

(3) Criteria for eligibility. A student is eligible for special programs for homebound or hospitalized if the following criteria are met:
   (a) Certification by a licensed physician(s) as specified in subsection 6A-6.03020(2), F.A.C., that the student is expected to be absent from school due to a physical or mental condition for at least fifteen (15) consecutive school days, or due to a chronic condition, for at least fifteen (15) school days which need not run consecutively, and will be able to participate in and benefit from an instructional program; and
   (b) Student is under medical care for illness or injury which is acute or catastrophic in nature; and
   (c) Certification by a licensed physician as specified in subsection 6A-6.03020(2), F.A.C., that the student can receive an instructional program without endangering the health of the instructor or other students with whom the instructor may come in contact; and
   (d) Student is enrolled in a public school prior to the referral for the homebound or hospitalized program, unless the student meets criteria for eligibility under Rules 6A-6.03011, 6A-6.03012, 6A-6.03013, 6A-6.03014, 6A-6.03015, 6A-6.03016, 6A-6.03018, 6A-6.03019, 6A-6.03021, 6A-6.03022, 6A-6.03023, 6A-6.03024, and 6A-6.03025, F.A.C.; and
   (e) A parent, guardian or primary caregiver signs parental agreement concerning homebound or hospitalized policies and parental cooperation.

(4) Procedures for student evaluation.
   (a) The minimum evaluation for a student to determine eligibility shall be a medical statement from a licensed physician(s) as specified in subsection 6A-6.03020(2), F.A.C., including a description of the handicapping condition with any medical implications for instruction. This report shall state the student is unable to attend school and give an estimated duration of condition.
   (b) A physical reexamination and a medical report by a licensed physician(s) as specified in subsection 6A-6.03020(2), F.A.C., may be requested by the administrator of exceptional student education or the administrator’s designee on a more frequent basis than required in subsection 6A-6.0331(1)(c), F.A.C., and shall be required if the student is scheduled to attend school part of a day during a recuperative period of readjustment to a full school schedule.

(5) Procedures for determining eligibility.
(a) For a student who is medically diagnosed as chronically ill or who has repeated intermittent illness due to a persisting medical problem, staffing as required in subsections 6A-6.0331(2) and (4)(b), (c), (d), and (e), F.A.C., shall be held annually to establish continuing eligibility for homebound or hospitalized services.

(b) A student may be alternately assigned to the homebound or hospitalized program and to a school-based program due to a severe, chronic or intermittent condition as certified by a licensed physician, as specified in subsection 6A-6.03020(2), F.A.C.

(6) Procedures for providing an individual educational plan.

(a) For the homebound or hospitalized student who meets the eligibility criteria for programs as listed in paragraph 6A-6.03020(3)(d), F.A.C., the individual educational plan shall be developed or revised prior to assignment to the homebound or hospitalized program placement.

(b) For the homebound or hospitalized student who does not meet the eligibility criteria for programs as listed in paragraph 6A-6.03020(3)(d), F.A.C., whose physician expects the placement in the homebound or hospitalized program to exceed thirty (30) consecutive school days, the individual educational plan shall be developed prior to assignment but may be developed without a formal meeting, as required in Rule 6A-6.0331, F.A.C.

(c) For the homebound or hospitalized student who does not meet the eligibility criteria for programs as listed in paragraph 6A-6.03020(3)(d), F.A.C., whose physician expects the placement in the homebound or hospitalized program not to exceed thirty (30) consecutive school days, the individual educational plan may be developed after assignment and without the formal meeting required in Rule 6A-6.0331, F.A.C.

(7) Instructional program. The following settings and instructional modes are acceptable for this program:

(a) Instruction in a home. The parent, guardian or primary caregiver shall provide a quiet, clean, well-ventilated setting where the teacher and student will work; ensure that a responsible adult is present; and establish a schedule for student study between teacher visits.

(b) Instruction in a hospital. The hospital administrator shall provide appropriate space for the teacher and student to work and allow for the establishment of a schedule for student study between teacher visits. Instruction through telecommunications devices. When instruction is by telephone, the parent, guardian, or primary caregiver shall provide an open, uninterrupted telephone line during the instructional period and shall ensure that the student is prepared to actively participate in learning.

(8) Funding. Students shall be counted for the homebound or hospitalized cost factor when instruction is by any of the following methods: individual instruction on a one-to-one basis, group-instruction when all students in the group are members of the same family, and instruction provided through telecommunications.

Specific Authority 229.053(1), 230.23(4)(m), 228.041(18), (19) FS. Law Implemented 228.041(18), (19), 229.565(3)(b), (c), 230.23(4)(m)4., 232.01(1)(e), 236.081(1)(c) FS. History–New 7-1-77, Amended 7-2-79, 4-27-82, Formerly 6A-6.3020, Amended 5-18-86.

6A-6.03021 Special Programs for Students who are Profoundly Handicapped.

(1) For purposes of funding, profoundly handicapped students shall be classified as:

(a) Profoundly mentally retarded as defined in Rule 6A-6.03011, F.A.C.;

(b) Deaf-blind as defined in Rule 6A-6.03022, F.A.C.;

(c) Autistic as defined in Rule 6A-6.03023, F.A.C.; or

(d) Severely emotionally disturbed as defined in paragraph 6A-6.03016(1)(b), F.A.C.

(2) School districts may utilize the weighted cost factor for the profoundly handicapped when a student meets the criteria in (1)(a), (b), (c) or (d) above and is in a course for the profoundly handicapped, profoundly mentally retarded, deaf-blind, autistic, or severely emotionally disturbed. The district may also use the weighted cost factor for the profoundly handicapped for an individual student who meets the criteria in (1)(a), (b), (c), or (d) above and is in other courses for exceptional students consistent with the student’s individual educational plan.

Specific Authority 229.053(1), 230.23(4)(m), 228.041(18), (19) FS. Law Implemented 228.041(19), (20), 229.565(2)(b), (c), 230.23(4)(m)4., 232.01(1)(f), 236.081(1)(c) FS., Item 315, Section 1, Chapter 79-212, Laws of Florida. History–New 7-2-79; Amended 10-23-79, Formerly 6A-6.3021.

6A-6.03022 Special Programs for Students who are Dual-Sensory Impaired.

(1) Dual-Sensory Impaired. A student who has dual-sensory impairments affecting both vision and hearing, the combination of which causes a serious impairment in the abilities to acquire information, communicate, or function within the environment, or who has a degenerative condition which will lead to such an impairment.

(2) Criteria. A student is eligible for a special program for students with dual-sensory impairments if the student has:

(a) One or more of the following visual impairments:

1. A visual acuity of 20/70 or less in the better eye after best correction;

2. A peripheral field loss;

3. A progressive vision loss; or

4. Other documented visual conditions including but not limited to extreme light sensitivity or lack of contrast sensitivity; and

(b) One or more of the following hearing impairments:
1. Hearing impairment of 30db or greater unaided in the better ear;
2. Other documented auditory conditions including but not limited to monaural loss or an inability to screen out auditory background sounds; or
3. A progressive hearing loss; and
   (c) A combination of the visual and auditory impairments as specified above which adversely effects, or has the potential to adversely effect, the student’s abilities to acquire information, communicate, or function within the environment, unless special instruction, materials, adaptations, or counseling are provided; or
   (d) A diagnosed degenerative condition or syndrome which will lead to dual-sensory impairment and is likely to adversely affect the areas listed above.

(3) Procedures for student evaluation. The minimum evaluations which must be conducted to determine eligibility shall include:
   (a) For students with a suspected degenerative condition or syndrome which will lead to dual-sensory impairment; a medical statement confirming the existence of such a condition or syndrome and its prognosis;
   (b) For students who are under the age of three (3) years:
      1. A medial eye exam describing etiology, diagnosis, and prognosis,
      2. Documented observation of functional vision which includes possible impediments to visual use,
      3. An audiological exam, and
      4. Documented observation of auditory functioning.
   (c) For students who are over the age of three (3) years:
      1. All items included in paragraph (3)(b) of this rule,
      2. An assessment of speech and language functioning which includes a differential diagnosis of the student’s linguistic abilities and of modality strengths and preferences, and
      3. An assessment of intellectual functioning, developmental level, or academic functioning.

(4) Re-evaluation. Re-evaluation shall occur at least every three (3) years and shall include a minimum of the evaluations required in paragraph (3)(b) of this rule, and any other evaluations specified by an evaluation specialist and an exceptional student teacher after examination of available information in all areas addressed in the initial evaluation or in subsequent re-evaluations of the student in accordance with subparagraph 6A-6.03411(2)(i)1., F.A.C. The medical aspect of re-evaluation for students with bilateral anophthalmia may be waived by a written recommendation of a physician.

(5) Instructional Program. Each individual student who is dual-sensory impaired shall be served in any program or combination of programs for handicapped or non-handicapped students where the student can receive appropriate services. The district shall establish procedures to ensure that each student’s program is adequately met.

(6) Registry. Information on all students who are dual-sensory impaired shall be submitted to the state’s registry of students with dual-sensory impairments and to the Florida Instructional Materials Center for the Visually Handicapped, as required for access to certain specialized services.

(7) Funding. Students eligible for programs for students with dual-sensory impairments may be reported for FTE generation purposes at the weight for profoundly handicapped students any time they are served in classes with other handicapped students.

Specific Authority 229.053(1), 230.23(4)(m), 228.041(18), (19) FS. Law Implemented 228.041(18), (19), 229.565(3)(b), (c), 230.23(4)(m)4., 232.01(1)(e), 236.081(1)(c) FS. History–New 7-2-79, Formerly 6A-6.3022, Amended 10-3-91.

6A-6.03023 Special Programs for Students who are Autistic.

(1) Autistic – one who has a disability reflected in severe disorders of communication, behavior socialization and academic skills, and whose disability was evident in the early developmental stages of childhood. The autistic child appears to suffer primarily from a pervasive impairment of cognitive and perceptual functioning, the consequences of which are manifested by limited ability to understand, communicate, learn, and participate in social relationships.

(2) Criteria for eligibility. The following criteria, consistent with the definition, shall be used to determine each student’s eligibility for a special program:
   (a) Evidence of onset of disorder at birth or during the first three (3) years of life;
   (b) Evidence of severely delayed or absent speech and language skills;
   (c) Evidence of impaired or complete lack of emotional/social relationships;
   (d) Evidence of abnormal responses to stimuli which may involve any or all of the sensory modalities; and
   (e) Evidence of a severe functional retardation which may be accompanied by normal or superior abilities in some areas.

(3) Procedures for student evaluation. The minimum evaluation for determining eligibility shall include the following:
   (a) Documented and dated anecdotal records for behavioral observations, if required by the district program administrator, based on criteria specified in the district procedures document;
   (b) Documental evidence that a social and developmental history has been compiled directly from the parent or guardian;
   (c) A comprehensive psychological evaluation conducted by a certified school psychologist, licensed psychologist or psychiatrist, which shall include an individual evaluation of intellectual ability and potential, behavioral observations, and an educational evaluation, if appropriate;
(d) A physical evaluation which will include a neurological evaluation if deemed necessary by the examining physician or psychologist;
(e) An evaluation of sensory functioning including vision and hearing; and
(f) An evaluation of speech and language development.

Specific Authority 229.053(1), 230.234(m), 228.041(18), (19) FS. Law Implemented 228.041(19), (20), 229.565(2)(b), (c), 230.234(m)4., 232.01(1)(f), 236.081(1)(c) FS. History–New 7-2-79, Formerly 6A-6.3023.

6A-6.03024 Special Programs for Exceptional Students who Require Physical Therapy.
(1) Definition. An exceptional student who requires a specially prescribed program directed toward the development, improvement, or restoration of neuromuscular or sensorimotor function, relief of pain or control of postural deviations to attain the exceptional student’s functional performance in an educational setting is eligible to receive physical therapy.
(2) Criteria for eligibility. An exceptional student is eligible for a specially directed program for physical therapy if the exceptional student has:
   (a) Identified physical impairments, motor deficits or developmental delays which significantly interfere with the achievement of learning; or
   (b) Muscular or neuromuscular conditions, skeletal deformities, trauma or physically debilitating conditions which limit the student’s ability to attain functional performance within the educational setting.
(3) Procedures for student evaluation. The minimum evaluation for the student shall include an evaluation by a physical therapist licensed in this state.
(4) Medical prescription. Prior to the determination of eligibility and in the event of a change in medical condition of the student, the school district shall have a written medical prescription for physical therapy signed by a health care practitioner, pursuant to the provisions of Section 486.021, Florida Statutes.
(5) Individual Educational Plan (IEP). Annually a physical therapist shall evaluate the student’s progress in meeting those short term objectives stated in the IEP related to physical therapy.
(6) Instructional program.
   (a) The instructional program shall be based on the student’s individual educational plan and the plan of treatment developed by a physical therapist.
   (b) Physical therapy may be provided by either a licensed physical therapist or a licensed physical therapist assistant pursuant to the provisions of Section 486.021, Florida Statutes.

Specific Authority 229.053(1), 230.234(m), 228.041(19) FS. Law Implemented 228.041(19), 230.234(m), 232.01, 236.081(1)(c) FS. History–New 11-25-80, Amended 2-4-81, Formerly 6A-6.3024, Amended 2-12-91, 9-30-96.

6A-6.03025 Special Programs for Exceptional Students who Require Occupational Therapy.
(1) Definition. An exceptional student whose physical motor or neurological deficits result in significant dysfunction in daily living skills, academic learning skills or adaptive social or emotional behaviors is eligible to receive occupational therapy.
(2) Criteria for eligibility. An exceptional student is eligible for a special program of occupational therapy if the exceptional student has identified significant developmental deficits, dysfunctions, or disabilities to a degree not otherwise provided for in the exceptional student education instructional environment.
(3) Procedures for student evaluation. The minimum evaluation for the student shall include an evaluation by an occupational therapist licensed in this state. Although a medical prescription is not required, appropriate medical records and social history may be reviewed as a part of the evaluation process.
(4) Individual Educational Plan (IEP). Annually an occupational therapist shall evaluate the student’s progress in meeting those short term objectives in the IEP related to occupational therapy.
(5) Instructional Program.
   (a) The instructional program shall be based on the student’s individual educational plan and the plan of treatment developed by an occupational therapist.
   (b) Occupational therapy may be provided by either a licensed occupational therapist or a licensed occupational therapy assistant pursuant to the provisions of Section 468.203, Florida Statutes.

Specific Authority 229.053(1), 230.234(m), 228.041(19) FS. Law Implemented 228.041(19), 230.234(m), 232.01, 236.081(1)(c) FS. History–New 11-25-80, Formerly 6A-6.3025, Amended 2-12-91.

6A-6.03026 Special Programs for Prekindergarten Children with Disabilities.
(1) A prekindergarten child with disabilities is a child who is below five (5) years of age on or before September 1 and has a sensory, physical, mental, or emotional condition which significantly affects the attainment of normal developmental milestones.
(2) Criteria for eligibility.
   (a) A child is eligible for prekindergarten exceptional programs according to the following criteria:
1. The child is below three (3) years of age and meets criteria for eligibility specified for hearing impaired in Rule 6A-6.03013, F.A.C.; visually impaired in Rule 6A-6.03014, F.A.C.; physically impaired in Rule 6A-6.03015, F.A.C.; trainable mentally handicapped in Rule 6A-6.03011, F.A.C.; established condition in Rule 6A-6.03030, F.A.C.; or profoundly handicapped as specified in Rule 6A-6.03021, F.A.C. In addition, the child meets criteria for eligibility in subparagraph (2)(a)1. of this rule may be eligible for additional programs if the child meets criteria for eligibility specified for speech and language impaired in accordance with Rule 6A-6.03012, F.A.C.; physical therapy in accordance with Rule 6A-6.03024, F.A.C.; or occupational therapy in accordance with Rule 6A-6.03025, F.A.C.

3. The child is age five (5) or older on September 1 of the school year and is eligible for programs listed in subparagraphs (2)(a)1. and 2. of this rule, and is assigned to a prekindergarten program in accordance with the student’s individual educational plan (IEP) or family support plan.

(b) Meetings held to recommend eligibility for special programs for children ages birth through five (5) shall be conducted in accordance with paragraph 6A-6.0331(2)(c), F.A.C.

(3) Procedures for evaluation.

(a) An evaluation of the child shall be conducted in accordance with requirements of applicable special program rules listed in subparagraphs (2)(a)1. and 2. of this rule, except the prereferral activities shall not be required.

(b) Existing screening and evaluation information available from agencies that previously served the child and family shall be used, as appropriate, to meet the requirements of subparagraphs (2)(a)1. and 2. of this rule.

(4) Individual educational plan (IEP) or family support plan.

(a) For children ages birth through two (2), a family support plan in accordance with Rule 6A-6.03029, F.A.C., shall be developed.

(b) For children ages three (3) through five (5), a family support plan in accordance with Rule 6A-6.03029, F.A.C., may be developed in lieu of an IEP.

(c) To the maximum extent appropriate, the educational assignment of prekindergarten children with disabilities shall be provided in the least restrictive environment which ensures interaction with children without disabilities or those with milder delays, or in natural environments. The opportunity for integration shall be specified in the IEP or family support plan.

(5) Instructional program.

(a) The family support plan or individual educational plan (IEP) shall be developed through interagency collaboration with the family and other providers of service to the child and family and in accordance with Rules 6A-6.03028 and 6A-6.03029, F.A.C., and shall include services to provide the parent, guardian, or primary caregiver the opportunity to acquire specific skills and knowledge which will enable them to enhance the child’s cognitive, physical, social, communication, and adaptive behavior.

(b) In the provision of an appropriate educational program for eligible children with disabilities below age three (3), home instruction may include direct instruction of the parent, guardian, or primary caregiver.

(6) Funding. Prekindergarten children with disabilities who are being served in the home or hospital on a one-to-one basis in accordance with paragraph 6A-6.0311(1)(g), F.A.C., shall be funded at the homebound and hospitalized program cost factor. When receiving instruction in a group setting, in accordance with paragraphs 6A-6.0311(1)(b)-(f), F.A.C., children with disabilities in this program shall be funded at the program cost factor for the applicable special program.

Specific Authority 228.041(18), (19), 229.053(1), 232.01(1)(e) FS. Law Implemented 232.01(1)(e), 236.081(1)(c) FS. History–New 5-18-86, Amended 7-13-93, 1-4-94.

6A-6.03027 Special Programs for Children Three Through Five Years Old who are Developmentally Delayed.

(1) Definition. A child who is developmentally delayed is three (3) through five (5) years of age and is delayed in one (1) or more of the following areas:

(a) Adaptive or self-help development,

(b) Cognitive development,

(c) Communication development,

(d) Social or emotional development,

(e) Physical development including fine, or gross, or perceptual motor.

(2) Criteria for eligibility. A child is eligible for the special program for children who are developmentally delayed when the following criteria are met:

(a) The child is three (3) through five (5) years of age.

(b) Documentation of one of the following:
1. A score of two (2) standard deviations (SD) below the mean or a twenty-five (25) percent delay on measures yielding scores in months in at least one (1) area of development; or
2. A score of 1.5 standard deviations (SD) below the mean or a twenty (20) percent delay on measures yielding scores in months in at least two (2) areas of development; or
3. Based on informed clinical opinion, the eligibility staffing committee makes a recommendation that a developmental delay exists and exceptional student education services are needed.

(c) The eligibility staffing committee in accordance with paragraph 6A-6.0331(2)(b), F.A.C., has made a determination concerning the effects of the environment, cultural differences, or economic disadvantage.

(3) Procedures for referral. Before a child is referred for evaluation, the following activities shall occur:
(a) A review of existing social, psychological, and medical data with referral for a health screening when need is indicated; and
(b) A screening for vision, hearing, and communication functioning with referral for complete evaluations when need is indicated.

(4) Procedures for evaluation.
(a) Delay is documented by a multidisciplinary team in accordance with paragraph 6A-6.0331(2)(c), F.A.C., utilizing multiple measures of assessment which include:
1. Standardized instruments, judgement based assessments, criterion referenced instruments, systematic observation, functional skills assessments, or other procedures selected in consultation with the parent(s); or
2. Informed clinical opinion utilizing qualitative and quantitative information to determine the need for early intervention services; and
3. Parent report which can confirm or modify information obtained and describe behavior in environments that the district may not be able to access.
(b) When a developmental delay cannot be verified by the use of standardized instruments, the delay(s) may be established through observation of a typical functioning in any one (1) or more of the developmental areas. A report shall be written documenting the evaluation procedures used, the results obtained, the reasons for overriding those results from standardized instruments, and the basis for recommending eligibility.

(5) Instructional program.
(a) The family support plan or individual educational plan (IEP) shall be developed through interagency collaboration with the family and other providers of services to the child and family and in accordance with Rules 6A-6.03026, 6A-6.03028, and 6A-6.03029, F.A.C.
(b) Because of the rapid development of young children, on-going observations and assessments shall be conducted as needed to plan for family support plans or IEP modifications.

(6) Continued eligibility. Continued eligibility for special programs shall be determined before the child is six (6) years old.

Specific Authority 229.053(1), (2)(i), 230.23(4)(m), 232.01(1)(e), 236.081(1)(c) FS. Law Implemented 228.041(18), (19), 232.01(1)(e), 229.053(2)(i), 230.23(4)(m), 236.081(1)(c) FS. History–New 7-13-93.

6A-6.03028 Development of Individual Educational Plans for Exceptional Students.

Procedures for individual educational planning shall be set forth in each district’s Special Programs and Procedures of Exceptional Students document consistent with the following requirements.

(1) Contents. Each district shall develop an individual educational plan (IEP) for each student with a disability. For children with disabilities ages birth through five (5) years, districts may develop an IEP or a family support plan in accordance with Rule 6A-6.03029, F.A.C. An IEP consists of written statements including:
(a) A statement of the student’s present levels of educational performance;
(b) A statement of annual goals, including short term instructional objectives;
(c) A statement of the specific special education and related services to be provided to the student and the extent to which the student will be able to participate in regular educational programs;
(d) The projected dates for initiation of services and the anticipated duration of the services;
(e) Appropriate objective criteria and evaluation procedures and schedules for determining, on at least an annual basis, whether the short term instructional objectives are being achieved; and
(f) A statement of the needed transition services in accordance with subsection (2) of this rule including, if appropriate, a statement of each school district’s and each participating agency’s responsibilities or linkages, or both, for each student beginning no later than age sixteen (16) or at a younger age if determined appropriate.

(2) Definition. Transition services means a coordinated set of activities for a student with a disability designed within an outcome-oriented process that promotes movement from school to post-school activities which may include postsecondary education, vocational training, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation.

(a) The coordinated set of activities described in subsection (2) of this rule must be based on the student’s needs and take into account the student’s preferences and interests and shall include:
1. Needed activities in the areas of instruction, community experiences, the development of employment, and other post-school adult living objectives; and

2. If appropriate, acquisition of daily living skills and functional vocational evaluation.

(b) If the IEP team determines that the transition services are not needed in one (1) or more of the areas listed in subparagraph (2)(a)1. of this rule, the IEP shall include a statement to that effect and the basis upon which the determination was made.

(3) Timelines. Timelines for IEP meetings for students with disabilities shall include the following:

(a) An IEP which has been reviewed and revised if appropriate, within the past year, must be in effect at the beginning of each school year for each student with a disability who is continuing in a special program.

(b) An IEP must be developed prior to assignment in special programs and within thirty (30) calendar days following the determination of eligibility for new students with a disability assigned to a special program.

(c) Meetings shall be held to develop, review and revise the IEP. A meeting shall be held at least once a year to review each IEP and, as appropriate, revise its provisions.

(4) Participants. IEP meetings for students with disabilities shall include the following participants:

(a) A representative of the district school system, other than the student’s teacher, who is qualified to provide or supervise the provision of special education;

(b) The student’s teacher;

(c) One (1) or both of the student’s parents as provided in subsection (7) of this rule;

(d) The student, when appropriate;

(e) Other individuals at the discretion of the parent or district school system;

(f) In addition, for an exceptional student who has been evaluated for the first time, a member of the evaluation team or some other person who is knowledgeable about the evaluation procedures used with the student and is familiar with the results of the evaluation; and

(g) If the purpose of the IEP meeting is to consider transition services for a student, the school district shall invite the student and a representative of any other agency that may be responsible for providing or paying for transition services. If the student does not attend, the school district shall take other steps to ensure that the student’s preferences and interests are considered. If an agency invited to send a representative to a meeting does not do so, the school district shall take steps to obtain the participation of the other agency in the planning of any transition services.

(5) Agency responsibilities for transition for students with disabilities.

(a) If a participating agency fails to provide agreed-upon transition services contained in the IEP of a student with a disability, the school district shall, as soon as possible initiate a meeting for the purpose of identifying alternative strategies to meet the transition objectives and revise the student’s IEP, if necessary.

(b) Nothing in subsection (5) relieves any participating agency, including a state vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to students with disabilities who meet the eligibility criteria of that agency.

(6) Nonpublic schools for students with disabilities.

(a) If through a contractual arrangement with a nonpublic school, meetings are initiated and conducted by the nonpublic school, the district school system representative and the parents shall be involved in decisions about the IEP and shall agree to proposed changes in the plan prior to those changes being implemented.

(b) If a student with a disability is enrolled in a nonpublic school and receives special education from a school district, the school district shall:

1. Initiate and conduct meetings to develop, review and revise an IEP for the student, in accordance with subsections (1) through (4) of this rule; and

2. Ensure the attendance of a representative of the nonpublic school at each meeting. If the representative cannot attend, the school district shall use other methods to ensure participation by the nonpublic school including individual or conference telephone calls.

(7) Parent participation for students with disabilities. Each school board shall establish procedures which shall provide for parents, guardians, surrogate parents or persons acting in loco parentis to participate in decisions concerning the IEP. Such procedures shall include the following:

(a) Each district shall take the following steps to ensure that one (1) or both of the parents of a student with a disability is present at each meeting or is afforded the opportunity to participate at each meeting:

1. Notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and

2. Scheduling the meeting at a mutually agreed on time and place.

(b) A written notice to the parent must indicate the purpose, time, and location of the meeting and who will be in attendance. If a purpose of the meeting is to consider transition services, the notice must also indicate this purpose, identify any other agency that will be invited to send a representative, and note that the district will invite the student.

(c) If neither parent can attend, the school district shall use other methods to ensure parent participation, including individual or conference telephone calls.

(d) A meeting may be conducted without a parent in attendance if the school district is unable to obtain the attendance of the parents. In this case, the district must have a record of its attempts to arrange a mutually agreed on time and place such as:
1. Detailed records of telephone calls made or attempted and the results of those calls;
2. Copies of correspondence sent to the parents and any responses received; and
3. Detailed records of visits made to the parents home or place of employment and the results of those visits.

   (e) The district shall take whatever action is necessary to ensure that the parent understands the proceedings at a meeting, which may include arranging for an interpreter for parents who are deaf or whose native language is a language other than English.
   (f) The district shall give the parent, on request, a copy of the IEP.

(8) Procedure for parental involvement in alternative assignment. When appropriate school district personnel determine that a student’s exceptionality is so profound or complex, or otherwise unique, and the school district cannot provide an appropriate educational program for the student, the parent shall have an opportunity to be involved in the decision concerning possible alternative assignment.

(9) Integration of the IEP or family support plan developed by the school district and the family support plan or support plan developed by the local Health and Rehabilitation Services (HRS) district for students with disabilities.

   (a) The IEP or family support plan developed by the school district and the family support plan or support plan developed by HRS shall be developed in a joint meeting with local school district personnel, in accordance with subsections (3) and (4) of this rule. A copy of the IEP or family support plan shall be provided to the HRS district with the permission of the parent or guardian. The joint meeting shall include representatives of the HRS district serving the following students:

   1. Students entering the school district for the first time;
   2. Students exiting the school district at age sixteen (16) or older prior to graduation; and
   3. Students in residential care who are receiving or are eligible for services from the school district.

   (b) In the event that a representative from HRS cannot attend the IEP or family support plan meeting, other methods to obtain participation, such as telephone calls or correspondence, shall be used.

   (c) For students entering the school district, the meeting shall be initiated by HRS. For students exiting the school district prior to graduation, the meeting shall be initiated by the school district. For students entering or exiting the school district, the joint meeting will address the transition of the student between programs provided by the school district and HRS.

   (10) Educational plans for gifted students. Districts shall be responsible for developing educational plans for students who are gifted. Each district’s Special Programs and Procedures for Exceptional Students document shall specify the contents of the plans, timelines, and required participants for development and review. These procedures shall ensure parental participation.

Specific Authority 229.053(1), (2)(i), 230.23(4)(m) FS. Law Implemented 120.53(1)(b), 228.041(18), (19), 229.053(2)(i), 230.23(4)(m), 236.081(1)(c) FS. History--New 7-13-93.

Procedures for developing family support plans shall be set forth in each district’s Special Programs and Procedures for Exceptional Students document consistent with the following requirements:

(1) Definitions: An individualized family support plan is a written plan identifying the specific concerns and priorities of a family related to enhancing their child’s development and the resources to provide early intervention services. A planning process involving the family, professionals, and others shall be used to prepare the document.

(2) Use of family support plans. For children with disabilities ages birth through two (2) years, a family support plan consistent with the requirements of subsections (3), (4), (6), (8), and (9) of this rule shall be used. For children with disabilities ages three (3) through five (5) years, school districts may utilize a family support plan, consistent with the requirements of subsections (3), (5), (7), and (9) of this rule, with parental consent, in lieu of an individual educational plan.

(3) Contents. The family support plan shall be in writing and include:

   (a) A statement of the child’s present levels of physical development, (including vision, hearing, and health status), cognitive development, communication development, social or emotional development, and adaptive development based on objective criteria;
   (b) With the concurrence of the family, statement of the family’s resources, priorities, and concerns related to enhancing the development of the family’s child with disabilities;
   (c) A statement of the major outcomes expected to be achieved by the child and the family, and the criteria, procedures, and timelines used to determine the degree to which progress toward achieving the outcomes is being made and whether modifications or revisions of the outcomes or services are necessary;
   (d) A statement of the specific early intervention services necessary to meet the unique needs of the child and the family including the frequency, intensity, and the method of delivering services;
   (e) A statement of the natural environments in which early intervention services are to be provided;
   (f) The projected dates for initiation of services and the anticipated duration of such services; and
   (g) The name of the service coordinator from the profession most immediately relevant to the child’s or family’s needs or the individual who is otherwise qualified to be responsible for the implementation of the plan and coordination with other agencies and persons. In meeting this requirement, the district may assign the same service coordinator who was appointed at the time that the child was initially referred for evaluation to be responsible for implementing a child’s and family’s support plan or appoint a new service coordinator.
(h) Family support plans developed for children with disabilities ages birth through two (2) years shall also include:
1. The frequency, intensity, and method of delivery of the early intervention service;
2. The location of the early intervention services;
3. The payment arrangements, if any;
4. Other services to the extent appropriate;
5. The steps to be taken to support the transition of the child, upon reaching age three (3), to preschool services for children with disabilities ages three (3) through five (5), to the extent that those services are considered appropriate or other services that may be available, if appropriate. The steps required for transition shall include:
   a. Discussions with an assistance to parent(s) regarding future placements and other matters related to the child’s transition;
   b. Procedures to prepare the child for changes in service delivery, including steps to help the child adjust to and function in a new setting; and
   c. With parental consent, the sharing of information about the child to the school district to ensure continuity of services, including evaluation and assessment information and copies of family support plans that have been developed and implemented.

(4) Timelines for family support plans for children with disabilities ages birth through two (2) years. These timelines shall include the following:
   (a) For a child who has been evaluated for the first time and determined to be eligible, a meeting to develop the initial family support plan must be conducted within forty-five (45) days from referral;
   (b) A review of the family support plan for a child and the child’s family must be conducted every six (6) months, or more frequently if conditions warrant, or if the family requests such a review. The purpose of the periodic review is to determine:
      1. The degree to which progress toward achieving the outcomes is being made; and
      2. Whether modifications or revision of the outcomes or services is necessary.
   (c) A meeting must be conducted on at least an annual basis to evaluate the family support plan for a child and the child’s family, and as appropriate, to revise its provisions. The results of any current evaluations, and other information available from the ongoing assessment of the child and family, must be used in determining what services are needed and will be provided.
   (d) Family support plan meetings must be conducted:
      1. In settings and at times that are convenient to families; and
      2. In the native language of the family or other mode of communication used by the family, unless it is clearly not feasible to do so.
   (e) Meeting arrangements must be made with and written notice provided to the family and other participants early enough before the meeting date to ensure that they will be able to attend.
   (f) The contents of the family support plan must be fully explained to the parent(s) and informed written consent from the parent(s) must be obtained prior to the provisions of early intervention services described in the plan. If the parent(s) does not provide consent with respect to a particular early intervention service, that service may not be provided. The early intervention services to which parental consent is obtained must be provided.

(5) Timelines for family support plans for children with disabilities ages three (3) through five (5). These timelines shall be consistent with the requirements of subsections 6A-6.03028(3)-(8), F.A.C.

(6) Participants for family support plans for children with disabilities ages birth through two (2) years. The participants shall include the following:
   (a) Each initial meeting and each annual meeting to evaluate the family support plan must include the following participants:
      1. The parent or parents of the child;
      2. Other family members, as requested by the parent(s) if feasible to do so;
      3. An advocate or person outside of the family, if the parent(s) requests that the person participate;
      4. The service coordinator who has been working with the family since the initial referral of the child for evaluation, or who has been designated to be responsible for implementation of the family support plan;
      5. A person or persons directly involved in conducting the evaluations and assessments; and
      6. As appropriate, persons who will be providing services to the child or family.
   (b) If a person listed in paragraph (6)(a) of this rule is unable to attend a meeting, arrangements must be made for the person’s involvement through other means, including:
      1. Participating in a telephone conference call;
      2. Having a knowledgeable authorized representative attend the meeting; or
      3. Making pertinent records available at the meeting.
   (c) Each periodic review must provide for the participation of persons in subparagraphs (6)(a)1.-4. of this rule. If conditions warrant, provisions must be made for the participation of other representatives.

(7) Participants for family support plan meetings for children with disabilities ages three (3) through five (5) years shall include those listed in subsection 6A-6.03028(4), F.A.C.

(8) Provision of services before evaluation and assessments are completed. Early intervention services for a child with disabilities ages birth through two (2) years and the child’s family may commence before the completion of the evaluation and assessments if the following conditions are met:
(a) Parental consent is obtained;
(b) An interim family support plan is developed that includes:
   1. The name of the service coordinator who will be responsible, consistent with paragraph (3)(g) of this rule, for implementation of the interim family support plan and coordination with other agencies and persons; and
   2. The early intervention services that have been determined to be needed immediately by the child and the child’s family; and
(c) The evaluation and assessments are completed within the time period required in paragraph (4)(a) of this rule.
(9) Nonpublic schools and integration of plans. For children with disabilities ages birth through five (5), the procedures described in subsections 6A-6.03028(6) and (8)-(9), F.A.C., shall be followed.
(10) Financial responsibility. For children ages birth through two (2) years, the school district shall only be responsible for the early intervention services specified and agreed to through the family support plan process. For children ages three (3) through five (5) years, the school district shall only be responsible for the provision of the special education and related services necessary for the child to benefit from special education.

6A-6.03030 Special Programs for Children Birth Through Two Years Old who have Established Conditions.
(1) Definition. A child with an established condition is defined as a child from birth through two (2) years of age with a diagnosed physical or mental condition known to have a high probability of resulting in developmental delay or disability. Such conditions shall include genetic disorders, metabolic disorders, neurological abnormalities and insults, or severe attachment disorder.
(2) Criteria for eligibility. A child is eligible for the special program for children who have established conditions when the following criteria are met:
(a) The child is below the age of thirty-six (36) months; and
(b) A licensed physician(s), qualified to assess the child’s physical or mental condition, makes a diagnosis or suspected diagnosis of a condition that has a high probability of resulting in developmental delay or disability.
(3) Procedures for evaluation. Before eligibility determination, the following activities shall be completed:
(a) A review of existing medical, psychological, and social information and other related data;
(b) A screening for vision and hearing;
(c) A report of a medical examination within the previous six month period, from a licensed physician(s) qualified to assess the child’s physical or mental condition. Such a report shall include a written statement of the child’s diagnosis or suspected diagnosis.
(d) A developmental assessment conducted by the multidisciplinary team that includes the parent to determine the unique needs of the child. Such an assessment shall include the parent’s report of the child’s development and behavior and will assist in determining the early intervention services needed.
(e) When determined necessary by the multidisciplinary evaluation team, and in consultation with the parent, the evaluation may also include, but not be limited to, an audiological evaluation, psychological evaluation, speech and language evaluation, physical therapy evaluation, additional medical evaluations, social work evaluation, and/or an occupational therapy evaluation.
(f) For a child with a severe attachment disorder, a psychological evaluation completed by a licensed psychologist or certified school psychologist must be included in the evaluation.
(a) The family support plan shall be developed in collaboration with the family and other providers of service to the child and family and in accordance with Rules 6A-6.03026, 6A-6.03029, and 6A-6.0331, F.A.C.
(b) Because of the rapid development of young children and the changing needs of families, ongoing observations and/or assessments shall be conducted at least every six (6) months for the purpose of completing the periodic review of the family support plan.
(5) Continued eligibility. Continued eligibility for exceptional student education programs shall be determined before the child’s third birthday.
(6) For the purpose of reporting FTE, this rule becomes effective October 1, 1993.

6A-6.03031 Special Programs for Children Birth Through Two Years Old who are Developmentally Delayed.
(1) Definition. A child who is developmentally delayed is defined as a child from birth through two years of age who has a delay in one (1) or more of the following areas:
(a) Adaptive or self help development;
(b) Cognitive development;
(c) Communication development;
(d) Social/emotional development;
(e) Physical/motor development;
(2) Criteria for eligibility. A child is eligible for the special program for children who are developmentally delayed when the following criteria are met:
   (a) The child is below the age of 36 months; and
   (b) There is documentation of one of the following:
       1. A score of 1.5 standard deviations below the mean in at least one (1) area of development. For children below the age of twenty-four (24) months, the delay shall be defined in accordance with the child’s corrected age; or
       2. A twenty-five (25) percent delay on measures yielding scores in months in at least one area of development. For children below the age of twenty-four (24) months, the delay shall be defined in accordance with the child’s corrected age; or
       3. Based on informed clinical opinion and the observation of atypical functioning, the multidisciplinary team makes a recommendation that a developmental delay exists and exceptional student educational services are needed.
   (c) The multidisciplinary team, in accordance with paragraph 6A-6.0331(2)(b), F.A.C., has considered the effects of the environment, cultural differences, or economic disadvantage in determining that a developmental delay exists.

(3) Procedures for evaluation. Before eligibility determination the following activities shall be completed:
   (a) A review of existing medical, psychological and social information and other related data;
   (b) A screening for vision and hearing;
   (c) Documentation of a delay by a multidisciplinary team in accordance with paragraph 6A-6.0331(2)(c), F.A.C., utilizing at least one (1) measure of assessment which includes, standardized instruments, judgement based assessments, criterion referenced instruments, functional skills assessments, or other procedures selected in consultation with the parent(s);
   (d) A parent report of the child’s development and behavior to assist in determining the early intervention services needed;
   (e) When determined necessary by the multidisciplinary evaluation team, and in consultation with the parent, procedures for evaluation may also include, but not be limited to, a speech and language evaluation, physical therapy evaluation, additional medical evaluations, psychological evaluation, audiological evaluation, social work evaluation and/or occupational therapy evaluation; and
   (f) When a developmental delay cannot be verified by use of a standardized instrument, the delay(s) may be established through informed clinical opinion and the observation of atypical functioning in one (1) or more of the developmental areas. A report shall be written documenting the evaluation procedures used, the results obtained, and the basis for recommending eligibility.

   (a) The family support plan shall be developed in collaboration with the family and other providers of service to the child and family and in accordance with Rules 6A-6.030326, 6A-6.03029, and 6A-6.0331, F.A.C.
   (b) Because of the rapid development of young children and the changing needs of families, ongoing observations and/or assessments shall be conducted at least every six months for the purpose of completing the periodic review of the family support plan.

(5) Continued eligibility. Continued eligibility for exceptional student education programs shall be determined before the child’s third birthday.

(6) For the purpose of reporting FTE, this rule becomes effective October 1, 1993.

Specific Authority 229.053(1), (2)(i), 230.23(4)(m), 232.01(1)(e), 236.081(1)(c) FS. Law Implemented 228.041(18), (19), 229.053(2)(i), 230.23(4)(m), 232.01(1)(e), 236.081(1)(c) FS. History–New 11-29-93.

The school board policy and procedures for procedural safeguards shall be set forth in district’s Special Programs and Procedures for Exceptional Students document and shall include adequate provisions for the following:
   (1) Prior notice. The procedures described in subsection 6A-6.03311(1), F.A.C., shall be followed.
   (2) Content of notice. The procedures described in paragraphs 6A-6.03311(2)(a)-(b), F.A.C., shall be followed. The content of the notice shall include:
       (a) A full explanation of all the procedural safeguards available to the parents as provided in Rules 6A-6.0333 and 6A-6.03032, F.A.C., and Section 230.23(4)(m)5., Florida Statutes.
       (b) A description of the action proposed or refused by the district and the reasons for taking the action.
   (3) Parent consent. The procedures described in paragraphs 6A-6.03311(3)(a)-(e), F.A.C., shall be followed except that the procedures described in subparagraph 6A-6.03311(3)(c)1.-2., F.A.C., may be initiated by the school district only if the parent has refused to consent to the initial evaluation.
   (4) Due process hearings. The procedures described in subsection 6A-6.03311(5), F.A.C., shall be followed.
   (5) Examination of records. The procedures described in subsection 6A-6.03311(7), F.A.C., shall be followed.

Specific Authority 120.53(1)(b), 228.041(18), (19), 230.23(4)(m), 232.01(1)(e) FS. Law Implemented 120.53(1)(b), 228.041(18), (19), 230.23(4)(m), 232.01(1)(e) FS. History–New 1-4-94.
6A-6.0311 Eligible Special Programs for Exceptional Students.
Special programs for exceptional students encompass instruction and related services which provide significant adaptations in one or more of the following: curriculum, methodology, materials, equipment, or environment designed to meet the individual learning needs of exceptional students.

(1) Continuum of placements. Special programs shall be organized so that an exceptional student shall receive instruction in one or more of the following ways:

(a) Supplementary consultation or related services. Supplementary consultation or related services is the provision of assistance to school staff in basic, vocational or exceptional classes.

(b) Resource room. Resource room special instruction is supplemental instruction to exceptional students who receive their major educational program in other basic, vocational or exceptional classes.

(c) Special class. Special class is the provision of instruction to exceptional students who receive the major portion of their educational program in special classes located in a regular school.

(d) Special day school. A special day school is a school which is administratively separate from regular schools and is organized to serve one or more types of exceptional students.

(e) Residential school. A residential school is a special school which in addition to providing special education and related services, provides room and board.

(f) Special class in a hospital or facility operated by a noneducational agency.

(g) Individual instruction in a hospital or home.

(h) In addition, districts may provide supplementary instructional personnel to public or nonpublic preschool or day care programs for the instruction of pre-kindergarten exceptional students.

(2) Varying exceptionalities. A varying exceptionalities class is a setting which may provide for assignment of students of more than one (1) exceptionality to one (1) teacher per instructional class period, or more than one (1) exceptionality to one (1) teacher during a school week.

(a) If a school district establishes varying exceptionalities classes, procedures for this program shall be set forth in Special Programs and Procedures for Exceptional Students as required by Rule 6A-6.03411, F.A.C.

(b) Eligible exceptional students served in varying exceptionalities classes shall be reported for full-time equivalent membership in accordance with subsections 6A-1.0451(7), and (8), F.A.C.

(3) Written agreements for out-of-district placements.

(a) When multi-district programs are established, school districts shall develop a written agreement approved by all participating school boards, which includes but is not limited to:

1. Designating responsibilities for the implementation of Special Programs and Procedures for Exceptional Students, pursuant to Rule 6A-6.03411, F.A.C.;
2. Providing transportation;
3. Providing program and staff supervision;
4. Funding programs; and
5. Dissolving the agreement.

(b) When a district provides a special program for exceptional students by assigning instructional personnel to a facility operated by another agency or organization, a written agreement shall be developed outlining the respective duties and responsibilities of each party. The written agreement shall include information requirements as in paragraph (3)(a) of this rule.

(c) Prior to reporting full-time equivalent membership for students in a program as in paragraphs (3)(a) and (b) of this rule, the school districts shall have in effect a written agreement which has been identified pursuant to paragraph 6A-6.03411(4)(a), F.A.C.

6A-6.0312 Course Modifications for Exceptional Students.
School boards shall modify basic courses, as necessary, to assure exceptional students the opportunity to meet the graduation requirements for a standard diploma. School Board shall modify vocational courses and programs of study, as necessary, to assure handicapped students the opportunity to meet graduation requirements for a standard or a special diploma.

(1) Modifications to basic courses shall not include modifications to the curriculum frameworks or student performance standards. When modifying vocational courses, the particular outcomes and student performance standards which a student must master to earn credit must be specified on the student’s individual educational plan.

(2) Modifications to basic or vocational courses may include any of the following:

(a) The instructional time may be increased or decreased.

(b) Instructional methodology may be varied.

(c) Special communications systems may be used by the teacher or the student.

(d) Classroom and district test administration procedures and other evaluation procedures may be modified as specified in Rule 6A-1.0943, F.A.C., to accommodate the student’s handicap.

(3) When modifying basic courses, the school board shall use one of the following strategies:
(a) Assignment of the exceptional student to an exceptional education class for instruction in a basic course with the same student performance standards as those required of nonexceptional students in the district pupil progression plan, or
(b) Assignment of the exceptional student to a basic education class for the instruction which is modified to accommodate the student’s exceptionality.

(4) The district shall determine which of these strategies to employ based on an assessment of the student’s needs and shall reflect this decision in the student’s individual educational plan.

(5) Exceptional students enrolled in basic courses utilizing the strategy described in paragraph 6A-6.0312(3)(a), F.A.C., shall be counted at exceptional student special program cost factors only if the class is being taught in a special program for exceptional students, by a qualified teacher in accordance with Rule 6A-1.0503, F.A.C.

(6) The school board’s provisions for course modifications shall be incorporated in the district’s pupil progression plan.

Specific Authority 229.053(1), 230.23(4)(m), 236.081(1)(c) FS. Law Implemented 232.246(5), 232.247 FS. History–New 4-30-85, Formerly 6A-6.312, Amended 4-23-87.

6A-6.0331 Identification and Assignment of Exceptional Students to Special Programs.

Procedures and criteria for diagnosis, evaluation, assignment, and discipline of exceptional students shall be set forth in the district’s special programs and procedures document for the exceptional student program consistent with the following requirements:

(1) Student evaluation.

(a) The school board shall be responsible for the medical, physical, psychological, social and educational evaluations of students, who are suspected of being exceptional students, by competent evaluation specialists. Evaluation specialists shall include, but not be limited to, persons such as physicians, psychologists, audiologists, and social workers with each such person licensed in the professional’s field as evidenced by a valid license or certificate to practice such profession in Florida. Educational evaluators not covered by a license or certificate to practice a profession in Florida shall either hold a valid Florida teacher’s certificate or be employed under the provisions of Rule 6A-1.0502, F.A.C. Tests of intellectual functioning shall be administered and interpreted by a professional person qualified in accordance with Rule 6A-4.0311, F.A.C., or licensed under Chapter 490, Florida Statutes.

(b) The district’s evaluation procedures shall provide for the use of valid tests and evaluation materials, administered and interpreted by trained personnel, in conformance with instructions provided by the producer of the tests or evaluation materials. For children and students not proficient in the English language, the district’s evaluation procedures shall provide for the use of the language or other mode of communication commonly used by the child or student.

(c) The district shall provide a reevaluation of each student with a disability at least every three (3) years, in accordance with the requirements prescribed in subsection (1) of this rule, or more frequently if conditions warrant or if required by Rules 6A-6.03011 through 6A-6.03025, F.A.C.

(2) Staffing committees.

(a) A staffing committee utilizing the process of reviewing student data including but not limited to diagnostic, evaluation, educational or social data shall recommend student eligibility for special programs.

(b) A minimum of three (3) professional personnel, one (1) of whom shall be the district administrator of exceptional students or designee, shall meet as a staffing committee. Additional personnel may be involved in the eligibility recommendation by providing information or by attending staffing meetings. In the case of homebound or hospitalized students, the district administrator may receive recommendations of the staffing committee without a formal meeting.

(c) Parents shall be invited to participate in eligibility staffing meetings for children ages birth through five (5) years as provided in subsection 6A-6.03028(7), F.A.C.

(3) Each district shall designate a staff member as a program administrator of special programs for exceptional students who shall be responsible for the following:

(a) Coordinating all district programs for exceptional students;

(b) Reviewing the recommendations of the evaluation specialists and the staffing committee;

(c) Determining student eligibility for special programs defined in these rules and in the criteria outlined in the district procedures developed pursuant to Rule 6A-6.03411, F.A.C.;

(d) Assuring that parents have been appropriately informed of the student’s recommended educational assignment and of their due process rights;

(e) Informing, in writing, the appropriate school principal of the student’s eligibility for a special program; and

(f) Implementing the district procedures as required by Rule 6A-6.03411, F.A.C.

(4) The program administrator is authorized to delegate responsibilities in paragraphs (3)(b) through (e) of this rule.

(5) Each district shall provide for supervision of instructional personnel in special programs for exceptional students. Such supervision may be from a district, multi-district or other cooperative arrangement.

(6) Discipline. The School board shall establish policies and procedures for the discipline of a student with disabilities and for informing a student with disabilities parent or guardian of the policies and procedures for discipline. Such policies and procedures shall include provisions for expulsion, which is a change in placement invoking the procedural safeguards ensured for individual
educational plan meetings, staffings, and change of placement provisions in accordance with subsection (2) of this rule, Rules 6A-6.03028 and 6A-6.03311, F.A.C. Where the student’s behavior could warrant expulsion consistent with the district’s policies, the following provisions shall apply:

1. A full explanation of all the procedural safeguards available to the parents as provided in Rules 6A-1.0955, 6A-6.03311, 6A-6.0333, F.A.C.; and Section 230.23(4)(m)4., Florida Statutes.
2. That the notice is translated to the parent in his or her native language or mode of communication;
3. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.
(c) The notice shall include:
   1. That the notice is translated to the parent in his or her native language or mode of communication;
   2. That the parent understands the content of the notice; and
   3. That there is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.
2. Prior written notice shall be given to the parent a reasonable time before any proposal or refusal to initiate or change the identification, evaluation or educational placement of the student or the provision of a free appropriate public education to the student.
3. That there is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

(1) Prior notice. Prior written notice shall be given to the parent a reasonable time before any proposal or refusal to initiate or change the identification, evaluation or educational placement of the student or the provision of a free appropriate public education to the student.

(2) Content of notice.
   (a) The prior notice shall be written in language understandable to the general public; and shall be in the language or other mode of communication commonly used by the parent unless such communication is clearly not feasible.
   (b) If the mode of communication is not a written language, the school district shall ensure:
      1. That the notice is translated to the parent in his or her native language or mode of communication;
      2. That the parent understands the content of the notice; and
   3. That there is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

(3) Parental consent.
   (a) Written parental consent shall be obtained prior to formal, individual preplacement evaluation to determine eligibility for special programs for exceptional students.
   (b) Parental consent shall be obtained prior to initial placement of the student into a special program for exceptional students.
   (c) Attempts to secure consent from the parent prior to preplacement evaluation or initial placement shall be documented.
      1. If consent is not obtained, school district personnel may request a hearing as provided in subsection (5) of this rule.
      2. If the hearing officer upholds the district, the district may evaluate or initially provide special education and related services to the child without the parent’s consent subject to the parent’s rights under subsection (5) of this rule.
   (d) Parental consent is voluntary and may be revoked at anytime.
   (e) Parents shall be fully informed of all information relevant to the activity for which consent is sought in his or her native language or other mode of communication.
   (f) Except for formal, individual preplacement evaluation and initial placement, consent may not be required as a condition of any benefit to the parent or child. Any changes in the child’s special program after the initial placement are not subject to parental consent but are subject to prior notice as defined by subsection (1) of this rule.
   (g) Surrogate parents shall be appointed pursuant to the requirements of Rule 6A-6.0333, F.A.C.

(4) Independent evaluation.
   (a) The school district shall notify the parent of an exceptional student of the right to an independent evaluation and provide to the parents, on request, information about where an independent educational evaluation may be obtained.
   (b) A parent has the right to an independent evaluation at public expense if the parent disagrees with an evaluation obtained by the school district.
   (c) The school district shall consider the results of such evaluation in any decision regarding the student.
   (d) The school district may initiate a due process hearing to show that its evaluation is appropriate.
   (e) The independent evaluation may be presented as evidence at a hearing as described in subsection (5) of this rule.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. If the hearing officer upholds the district, the district may evaluate or initially provide special education and related services to the child without the parent’s consent subject to the parent’s rights under subsection (5) of this rule.
3. That the notice is translated to the parent in his or her native language or mode of communication.

6A-6.0333 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.

6A-6.03311 Procedural Safeguards for Exceptional Students.

The school board policy and procedures for procedural safeguards shall be set forth in Rule 6A-6.03411, F.A.C., and shall include adequate provisions for the following:

1. That the notice is translated to the parent in his or her native language or mode of communication.
2. That the notice is written documentation that the requirements of subparagraphs (2)(b)1. and 2. of this rule have occurred.
(f) If the final decision from the hearing is that the district evaluation is appropriate, the independent evaluation will be at the parent's expense.

(g) Whenever an independent evaluation is conducted, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the evaluation specialist, shall be the same as the criteria prescribed by subsection 6A-6.03311(1), F.A.C., for use by the school district when it initiates an evaluation.

(h) The independent evaluation shall be conducted by a qualified evaluation specialist as prescribed in paragraph 6A-6.03311(1)(a), F.A.C., who is not an employee of the district school board.

(5) Due process hearings.

(a) Such hearings may be initiated by a parent or a school district on the proposal or refusal to initiate or change the identification, evaluation, or educational placement of the student or the provision of a free appropriate public education to the student.

(b) The school district shall inform the parent of any free or low cost legal and other relevant services which are available, if the parent requests this information or if the parent or school district initiates a hearing.

(c) The school district shall keep a list of persons who service as hearing officers including a statement of the qualifications of each of these persons.

(d) A decision made in a hearing conducted under subsection (5) of this rule is final unless a party to the hearing brings civil action as provided in Section 230.23(4)(m)4., Florida Statutes, or brings civil action in federal court. In the alternative, any party aggrieved by the final decision shall have the right to request an impartial review of the hearing officer’s order by the District Court of Appeals as provided by Section 120.68, Florida Statutes.

(e) A hearing shall be conducted by a hearing officer from the Division of Administrative Hearings, Department of Administration.

(f) Hearing officers shall use subsection (5) of this rule for any such hearings.

(g) Duties and responsibilities of a hearing officer shall be:
1. To conduct the hearing in a fair and impartial manner;
2. To summarize the facts and findings of the case and to arrive at an impartial decision based solely on information presented during the hearing;
3. To mail to all parties copies of the facts, findings and decision regarding the hearings;
4. To be accountable for all deadlines and procedures in the statutes and rules for such hearings;
5. To maintain confidentiality of all information; and
6. To rule on requests for specific extensions of time beyond the periods set forth in subsection 6A-6.03311(5), F.A.C., at the request of either party.

(h) Any party to a hearing has the following rights:
1. To be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of exceptional students or both;
2. To present evidence and confront, cross-examine, and compel the attendance of witnesses;
3. To prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five (5) days before the hearing;
4. To obtain written or electronic verbatim records of the hearing; and
5. To obtain written findings of fact and decisions.

(i) Parents involved in hearings must be given the right to have the student who is the subject of the hearing present and to open the hearing to the public.

(j) The superintendent or designee shall make arrangements for conducting the hearing which shall include:
1. Notifying the hearing officer;
2. Determining the need for an interpreter for the parents and, if needed, making appropriate arrangements;
3. Establishing a time and place which are reasonably convenient to the parent and student involved, and notifying all parties;
4. Arranging for clerical assistance, cost of the hearing, availability of facilities, and a verbatim transcript of the hearing;
5. Notifying all parties regarding information, rights and responsibilities before, during, and after the hearing;
6. Determining parental wishes concerning the attendance of the student at the hearing and whether they wish the hearing to be opened or closed, and making appropriate arrangements by notifying all parties;
7. Assuring that the hearing meets the required timelines as required in subsection 6A-6.03311(5), F.A.C.;
8. Transmitting the findings and decisions, after deleting any personally identifiable information, of any such hearings to the Commissioner for review by the state advisory committee for the education of exceptional students; and
9. Completing other responsibilities specified by the school board.

(k) The district shall ensure that not later than forty-five (45) days after the receipt of a request for a hearing a final decision is reached in the hearing and a copy of the decision is mailed to each of the parties and the Division of Public Schools.

(l) During the time that an administrative or judicial proceeding regarding a complaint is pending, unless the district and the parent of the student agree otherwise, the student involved in the complaint must remain in the present educational assignment. If the complaint involves an application for an initial admission to public school, the student, with the consent of the parent, must be placed in a public school program until the completion of all proceedings.
(6) Attorneys’ Fees. The court may award reasonable attorneys’ fees as part of the costs to the parents or guardian of a handicapped child if they are the prevailing party.

(7) Examination of Records.

(a) The parents of exceptional students shall be afforded, in accordance with Rule 6A-1.0955, F.A.C., and this rule, an opportunity to inspect and review all educational records with respect to the identification, evaluation, educational placement of the child, and the provision of a free appropriate education to the child.

(b) The right to inspect and review education records under this rule includes the right to have a representative of the parent inspect and review the records.

Specific Authority 120.53(1)(b), 228.041(18), (19), 229.053(1), 230.23(4)(m), 236.081(1)(c) FS. Law Implemented 120.53(1)(b), 228.041(18), (19), 229.053(1), 230.23(4)(m) FS., P.L. 94-142, 20 USC 1415. History–New 7-13-83, 12-20-83, 4-26-84, Formerly 6A-6.3311, Amended 7-17-90.

6A-6.0333 Surrogate Parents.
This rule is adopted to implement the requirements of Section 1415(b)(1)(B), 20 USC and Regulation 300.514, CFR. A surrogate parent is an individual appointed to act in the place of a parent in safeguarding a child’s rights in the special education decision-making process, when the child’s parent, after diligent inquiry, remains unknown, or the child is a ward of the state or court, or the whereabouts of a parent cannot be discovered, and when the child is an exceptional student or is suspected of being an exceptional student. A “parent” shall mean any person meeting the definition described in Section 228.041, Florida Statutes.

(1) Minimum qualifications of a surrogate parent. The person qualified as a surrogate parent shall at a minimum:

(a) Be a citizen of the United States, a resident of the State of Florida and above the age of eighteen (18);

(b) Be a non-employee of the local school board or other public or private agency involved in the education or care of the child;

(c) Have knowledge, skills and experience through successfully completed training to ensure adequate representation of the child;

(d) Have no interest which conflicts with the interest of the child whom the surrogate represents; and

(e) Be appropriately trained utilizing training materials developed and approved by the Division of Public Schools.

(2) Appointment of surrogate parent.

(a) Surrogate parents for students who are eligible for or who are suspected of being eligible for special programs made available through a local school board or agency under contract with the local school board shall be appointed by the district school superintendent. Surrogate parents for students who are eligible for or who are suspected of being eligible for special programs made available through a contract from the Department of Education shall be appointed by the individual specified in the contract.

(b) The surrogate parent shall continue in the appointed role until one of the following circumstances occurs:

1. The child is determined to no longer be eligible or in need of special programs, except when termination of special programs is being contested;

2. The legal guardianship for the child is assigned to a person who is able to carry out the role of the parent;

3. The parent, who was previously unknown becomes known; or the whereabouts of a parent which was previously undiscovered, is discovered;

4. The appointed surrogate parent no longer wishes to represent or is unable to represent the child;

5. The superintendent or Department of Education contract designee determines that the appointed surrogate parent no longer adequately represents the child; or

6. The child moves to a geographic location which is not reasonably accessible to the appointed surrogate.

(c) The appointments and termination of appointments of surrogate parents shall be in writing. Terminations initiated by the superintendent, or Department of Education contract designee, or request for termination initiated by the surrogate shall list the reasons for such request.

(d) Either party may request a hearing under Chapter 120, Florida Statutes, regarding the termination of a surrogate.

(e) Nothing in this rule shall prohibit the continuance of a surrogate parent appointment when the child’s support for an educational placement moves among and between public and private agencies.

(3) Responsibilities of a surrogate parent. The person appointed as a surrogate parent shall:

(a) Become acquainted with the child and be knowledgeable about his or her handicapping condition and educational needs;

(b) Represent the child in all matters relating to the identification, evaluation, and educational placement of the child;

(c) Represent the interests and safeguard the rights of the child in educational decisions which affect the child; and

(d) Represent the child in all matters relating to the provision of a free, appropriate public education for the child.

(4) Limits to the surrogate parent’s responsibilities. The responsibilities of a person appointed as a surrogate parent shall not extend to:

(a) The care, maintenance, custody, residential placement or any other area not specifically related to the education of the child, or

(b) The identification or evaluation of the child that does not relate specifically to special education.

(5) Rights of the surrogate parent. A person appointed as a surrogate parent shall enjoy all of the procedural safeguards afforded a parent with respect to the identification, evaluation and placement of an exceptional student or a child who is suspected of being exceptional as prescribed in Rule 6A-6.0331, F.A.C.
6A-6.0334 Temporary Assignment of Transferring Exceptional Students.  

(1) Transferring exceptional student. A transferring exceptional student is one who was previously enrolled as an exceptional student in another Florida public school or private school or agency program or an out-of-state public or private school or agency program and who is enrolling in a Florida school district or in an educational program operated by the Department through grants or contractual agreements pursuant to Section 230.23(4)(n), Florida Statutes.

(2) An exceptional student who is transferring from one (1) Florida public school district to another and who has a current individual educational plan (IEP) shall be placed in the appropriate educational program(s) consistent with the plan. The IEP may be reviewed and revised if determined necessary by the receiving district in accordance with Rule 6A-6.0331, F.A.C.

(3) An exceptional student who is transferring from an out-of-state public school who has a current IEP and evaluation data necessary to determine that the student meets Florida’s eligibility criteria for special programs or does not meet the district’s dismissal criteria, may be placed immediately in the appropriate educational program(s), without temporary assignment. The receiving district may review and revise the current IEP, as necessary. Procedures for placement shall be in accordance with Rule 6A-6.0331, F.A.C.

(4) Temporary assignment. A transferring exceptional student may be temporarily assigned to a special program for exceptional students for a period not to exceed six months.

(5) The school board shall establish policies and procedures for temporary assignment of transferring exceptional students, including but not limited to the following:

(a) Verifying and documenting the student’s previous program eligibility or assignment in the sending school or agency;

(b) Conducting an eligibility staffing which provides for the administrator of special programs to receive recommendations of the eligibility staffing committee without a formal meeting;

(c) Recommending, determining and documenting the student’s eligibility or ineligibility for temporary assignment to a special program for exceptional students based on verified information regarding the student’s previous program eligibility or assignment;

(d) Informing the parent in writing of ineligibility in accordance with Rule 6A-6.03311, F.A.C., if the student is determined ineligible for a special program based on the verified information regarding the student’s previous program assignment;

(e) Developing a temporary individual educational plan for eligible exceptional students in accordance with Rule 6A-6.0331, F.A.C.; and

(f) Providing notice and obtaining parental consent for temporary assignment, in accordance with Rule 6A-6.03311, F.A.C. If there is evidence of the parent’s consent to the student’s initial placement in a special program, or for those exceptional students who are adjudicated and placed in commitment programs, awaiting assignment to commitment programs for delinquent dependents, or detained awaiting adjudication, only informed parental notice of temporary assignment is required.

(g) Within six (6) months of temporary assignment, a staffing committee shall meet and a decision on eligibility for permanent assignment shall be made and an IEP committee shall determine placement in accordance with Rules 6A-6.0331 and 6A-6.03311, F.A.C., except that the district shall not be required to document anecdotal records, observations, conferences, interventions and adjustments required by Rules 6A-6.03011 through 6A-6.03025, F.A.C., and notice and consent for previous evaluations or other placements, if such data are not transferred from the sending school or agency.

(6) A student’s eligibility for permanent assignment may be based on the following, as appropriate:

(a) Evidence of previous program eligibility or assignment in the sending school district or agency which meets the receiving district’s eligibility criteria, or

(b) The student does not meet the dismissal criteria set forth in the special programs and procedures document of the district to which the student has transferred. The special programs and procedures document is a completed Form ESE-017 as incorporated by reference in Rule 6A-6.03411, F.A.C.

Specific Authority 120.53(1)(b), 228.041(18), (19), 229.053(1), 230.23(4)(m), (n) FS. Law Implemented 120.53(1)(b), 228.041(18), (19), 230.23(4)(m), (n) FS. History–New 6-28-83, Formerly 6A-6.334, Amended 3-9-92.

6A-6.03411 Special Programs and Procedures for Exceptional Students.  

This rule shall apply beginning with the proposed special programs and procedures documents submitted for the 1985-86 school year, as referenced in subsection 6A-6.03411(5), F.A.C. For a district or agency under contract to the Department to utilize the cost factors for special programs for exceptional students to generate funds it shall: develop a written statement of procedures for providing an appropriate program of special instruction, as required by Section 230.23(4)(m), Florida Statutes; submit its written statement of special programs and procedures to the Deputy Commissioner for Educational Programs for approval; and report to
the Deputy Commissioner for Educational Programs, the total number of students in the district receiving instruction in each special program for exceptional students in the manner prescribed by the Department. State Board Rules relating to special programs for exceptional students shall serve as criteria for the review and approval of special programs and procedures documents. The document shall be submitted in accordance with timelines required by the division of public schools for approval prior to the 1985-86 school year and each subsequent year, and shall include the following:

1. Provision for Special Programs. Special programs are required for each type of exceptional student and may be provided directly, in cooperation with other school districts or agencies, or through contractual arrangements with nonpublic schools.

2. General Procedures.
   a. Procedures shall ensure that segregation of exceptional students occurs only when the nature or severity of the exceptionality is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily and shall show a continuum of alternative placements consistent with Rule 6A-6.0311, F.A.C.
   b. Procedures for screening. Screening is that process by which a rapid assessment is made to identify candidates for formal evaluation. Minimum requirements are:
      1. Screening for vision and hearing problems shall be in accordance with the district’s school health plan.
      2. Speech, language, hearing, and vision screening shall be required prior to considering the eligibility of a student for any special program except gifted, occupational or physical therapy, and homebound or hospitalized.
      c. Procedures for prereferral activities. Prereferral activities are those activities which address student learning problems at the school level prior to referral, whenever appropriate, or as required by Rules 6A-6.03011 through 6A-6.03031, F.A.C.
      d. Procedures for referral. Referral is the process whereby a written request is made for a formal evaluation of students who are suspected of needing special programs.
      e. Procedures for student evaluation. Student evaluation is the systematic examination of the medical, physical, psychological, social, or educational characteristics of the student by evaluation specialists.
      f. Procedures for determining eligibility. Determining eligibility is the process in accordance with subsections 6A-6.0331(2), (3), F.A.C., whereby professionals review student data to determine whether or not the student meets the criteria for eligibility for a special program.
      g. Procedures for providing an individual educational plan or family support plan, in accordance with Rules 6A-6.03028 and 6A-6.03029, F.A.C.
      h. Procedures for temporary assignment of transferring exceptional students, in accordance with Rule 6A-6.0334, F.A.C.
      i. Procedures for re-evaluation. Re-evaluation is the process whereby information about a student is gathered and reviewed to determine the need for continuation in the special program. The following steps are required:
         1. An evaluation specialist and an exceptional student teacher shall examine available information in all areas addressed in the initial evaluation or in subsequent re-evaluations of the student and shall make the appropriate referral(s) for one or more formal evaluations based on their examination and the requirements of Rules 6A-6.03011 through 6A-6.03031, F.A.C. When necessary, another member of the instructional or supervisory staff may substitute for the exceptional student teacher.
         2. A meeting of the individual educational plan committee or the staffing committee shall be convened to review all available information about the student including reports from the additional evaluations, and to consider the need for continuation in the special program. If the student is to continue in the special program(s), the student’s individual educational plan or family support plan shall be reviewed in accordance with Rules 6A-6.03028 and 6A-6.03029, F.A.C.
         3. If the re-evaluation indicates that the special program is no longer needed or that program changes may be warranted, the applicable dismissal or eligibility staffing procedures shall be followed.
      j. Procedures for dismissal. Dismissal is the process whereby a student is removed from a special program.
     k. Procedures for procedural safeguards for exceptional students, in accordance with Rule 6A-6.0331, F.A.C.
     l. Plan for evaluation of the special programs.
     3. Procedures for each special program, in accordance with Rules 6A-6.03011 through 6A-6.03031, F.A.C., including:
        b. Any procedures for screening, referral, student evaluation, determination of eligibility, development of the individual educational plan, re-evaluation, or dismissal which are different from or in addition to the procedures in the general section.
        c. Instructional program. Philosophy, curriculum, and instructional support.
     4. Assurances. Assurances of the district school board or agency for meeting requirements for:
        a. Written agreements in accordance with paragraphs 6A-6.0311(3)(a)-(b), F.A.C.,
        b. Contractual arrangements with nonpublic schools in accordance with Rule 6A-6.0361, F.A.C.,
        c. Surrogate parents in accordance with Rule 6A-6.0333, F.A.C.,
        d. Discipline in accordance with subsection 6A-6.0331(6), F.A.C.
     5. Form ESE 017, Special Programs and Procedures for Exceptional Students, effective September, 1985, which is incorporated by reference and made a part of this rule. This form may be obtained from the Administrator of Information Services and Accountability, Division of Public Schools, Department of Education, The Florida Education Center, Tallahassee, Florida 32399.
6A-6.0361 Contractual Arrangements With Nonpublic Schools.

(1) Each district school board shall provide special educational programs through contractual arrangements with approved nonpublic schools or community facilities when the board has determined that no special educational program offered by it, a cooperating district school board, or a state agency can adequately provide the educational program for the student.

(2) Each school district may provide special educational programs with approved nonpublic schools or community facilities through contractual arrangements under the following circumstances:

(a) For the provision of a non-residential interagency program for an exceptional student(s) which includes the provision of educational programming in accordance with the individual educational plan (IEP) developed for each student(s) placed in the program, or

(b) For the provision of the educational component of a residential placement for an exceptional student(s) when such a placement is made by another public agency for the primary purpose of addressing residential or other non-educational needs. The student’s IEP shall reflect that the placement is not required in order for the student to benefit from special education which could otherwise be provided by the district during the day.

(3) Each district school board is responsible for assuring that the proposed programs at the nonpublic school or community facility are appropriate to meet the educational needs of a student(s) placed through contractual agreements. This subsection shall not be construed to limit the responsibility of agencies other than the district school boards in the state from providing or paying some or all of the cost of a free appropriate public education to be provided handicapped children.

(4) Before a contract with a nonpublic school or community facility is executed by the district school board, the Department of Education shall assist the district school board in determining that the school or community facility meets the following criteria for the specific program provided to the student or group of students through the contract.

(a) The school or facility program is staffed by qualified personnel as defined in Rule 6A-1.0503 and paragraph 6A-4.002(1)(b), F.A.C., or appropriate licensing entities. Personnel in an out-of-state school or facility shall be certified or licensed in accordance with the standards established by the state in which the school or facility is located.

(b) For the appointment of persons as noncertificated instructional personnel, the governing body of the nonpublic school or community facility may adopt the policies required in Rule 6A-1.0502, F.A.C.

(c) The school’s or facility’s instructional school day and year shall be consistent with Sections 228.041(13) and (17), Florida Statutes, taking into account the number of school hours or school days provided the student by the district.

(d) The school or facility maintains current sanitation and health certificates and fire inspections for each appropriate building and will be open for inspection by appropriate authorities.

(e) The school or facility fully complies with the district’s procedures to protect the confidentiality of student records and information and assures it will provide the parent, or the student if beyond age eighteen (18), the right of access, copies, amendments and hearings as specified in Rule 6A-1.0955, F.A.C.

(f) The school or facility will designate a staff member to be responsible for the administration of the provisions of the contract and for the supervision of the educational program provided to each student under the contract.

(g) The school or facility has written procedures for admission, dismissal and separation of students.

(h) The school or facility has written philosophy, curriculum and methodology for each special program to be provided to each student placed under a contract.

(i) The school or facility has a written description of the support services that are available and will be provided to each student placed under a contract in accordance with each students’ IEP.

(j) The school or facility has written policies concerning: care of the student in emergencies; clinical and administrative records; personnel policies; staff duties; fee schedules; food services; and insurance coverage.

(k) The school district has determined that the school or facility is in compliance with the Office for Civil Rights requirements with respect to nondiscrimination on matters related to race, sex, handicap or age.

(l) The school or facility has filed with the Department of Education reports as prescribed in Section 229.808, Florida Statutes.

(m) For contractual agreements with facilities which are licensed or verified by the Department of Health and Rehabilitative Services, the requirements of paragraphs (4)(d), (j) and (k) of this rule may be waived.

(5) Contents of contract. A contract between a district school board and a nonpublic school or community facility to provide educational programs for an exceptional student shall not extend beyond the school fiscal year and shall include at least the following:

(a) Written assurance that the nonpublic school or community facility is staffed by qualified personnel as defined by Rule 6A-1.0503 and paragraph 6A-4.002(1)(b), F.A.C., or by an appropriate and identified licensing entity.

(b) A description of the educational program to be provided, the educational objectives to be met, and how they relate to the student’s IEP.

(c) Provision for at least quarterly reports to appropriate school district personnel on the student’s progress in meeting educational goals, and a summary evaluation prior to renewal of the contract.

(d) Provision for appropriate district personnel to review the program provided by the school or facility and to confer with the staff of the school or facility at reasonable times.

(e) Provision for reporting to appropriate school district personnel any non-attendance of the student.

(f) The method of determining charges and sharing costs with other agencies for the placements under the contract, including the projected total cost to the district.

(g) Identification of financial responsibility.

(h) Method of resolving interagency disputes. These may be initiated by district school boards to secure reimbursement from other agencies.

(i) A schedule for review of the program being provided the student through the contract.

(j) Provision for terminating the contract.

(k) Written assurance that the school or facility is in compliance with applicable provisions of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1974, and section 504 of the Rehabilitation Act of 1973.

(6) When contracting with a nonpublic school or community facility, the school district shall be responsible for at least the following:

(a) Selecting an appropriate school or facility in consultation with the parent and other appropriate agency personnel.

(b) Providing for transportation.

(c) Maintaining a case file including progress reports and periodic evaluations of the student.

(d) Verifying that the student is a resident of the school district and is enrolled in, or has made application for admittance to, a district school educational program.

(e) Providing for the cost of the student’s educational program as specified in the contract.

(f) Maintaining documentation of the qualifications of personnel in nonpublic schools or facilities as required in this rule or by the appropriate licensing entity.

(g) Providing an appropriate educational program for the student in the least restrictive environment based on an annual or more frequent review of the student’s IEP.

(h) Maintaining copies of the IEPs in the district and providing copies of the IEPs of students who are in residential placements to the Department of Education.

(7) When an exceptional student is enrolled in a nonpublic school or community facility program under a contractual arrangement for providing a special educational program as provided herein, the school shall generate Florida Education Finance Program funds for the school district in the appropriate cost categories as established in Section 236.081(1)(c), Florida Statutes, under the following conditions:

(a) The nonpublic school or community facility program meets the criteria established in subsection (4) of this rule.

(b) The student is regularly attending the program, and the length of the school day and minimum number of days are in compliance with Florida Statutes.

(c) The student is appropriately classified as an exceptional student by the school district as required by law, State Board Rules, and criteria and procedures adopted by the district school board.

(d) An individual educational plan for the student has been developed as required by subsection 6A-6.0331(3), F.A.C.

(e) Full-time equivalent student membership for each student under a contractual arrangement is included in the school district's report.

(f) Annually and prior to the first report of full-time equivalent membership for a student in a nonpublic school or community facility program, a copy of the contracts signed by all participating parties shall be filed with the Department of Education, Division of Public Schools, Bureau of Education for Exceptional Students, The Florida Education Center, Tallahassee, Florida 32399.

(8) When a district contracts an education program for a group of students, one (1) contract with student names or individual contracts shall be filed.

(9) When an exceptional student is offered an appropriate educational program by the school district and the parent waives this opportunity in favor of a program selected by the parent, the parent shall assume full financial responsibility for the student’s education.

6A-6.052 Dropout Prevention Programs.

(1) This rule references the rules which establish uniform guidelines for the submission, review and approval of comprehensive dropout prevention plans and the operation and evaluation of district dropout prevention programs. Dropout prevention programs differ from traditional programs in scheduling, instructional strategies, philosophy, curricula, learning activities and assessment. These positive comprehensive programs shall provide courses leading to the achievement of a standard or special high school diploma, and shall ensure that coordination of services and activities with other programs and agencies exists. Each school that establishes or continues a dropout prevention program at that school site shall reflect that program in the school improvement plan as required under Section 230.23(18), Florida Statutes.
Listed below are the rules which comprise these guidelines:

(a) Rule 6A-6.0521, F.A.C., Definitions and Requirements Which Apply to All Dropout Prevention Programs.
(b) Rule 6A-6.05221, F.A.C., Student Support and Assistance Component.
(c) Rule 6A-6.0523, F.A.C., Comprehensive Dropout Prevention Plans.
(d) Rule 6A-6.0524, F.A.C., Educational Alternatives Programs.
(e) Rule 6A-6.0525, F.A.C., Teenage Parent Programs.
(f) Rule 6A-6.0526, F.A.C., Substance Abuse Programs.
(g) Rule 6A-6.0527, F.A.C., Disciplinary Programs.
(h) Rule 6A-6.0528, F.A.C., Youth Services Programs.
(i) Rule 6A-6.05291, F.A.C., Course Modification.

Specific Authority 229.053(1), 230.2316(10) FS. Law Implemented 230.2316 FS. History–New 11-6-90, Amended 1-2-95.

6A-6.0521 Definitions and Requirements Which Apply to All Dropout Prevention Programs.

(1) Definitions.

(a) Program category means the broad eligibility area appropriate for the delivery of dropout prevention services and includes: educational alternatives, teenage parents, substance abuse, disciplinary, and youth services programs.

(b) Individual program means a specific program within a program category which has an identifiable set of goals, objectives, and strategies. An individual program is designed for a particular student population and is implemented according to an approved plan. A district may have more than one (1) individual program within a program category.

(c) Positive program means that a program includes provision for student success, regular feedback on academic and behavioral progress, counseling and other student services, evaluation strategies and special educational strategies that differ from the traditional approach.

(d) A high school diploma or its equivalent means a diploma that meets all the requirements of Sections 232.246(1)-(6) and (8)-(10) or 232.247, Florida Statutes.

(e) Standard dropout prevention class means the class in which all students are dropout prevention students.

(f) Course modification means lengthening or shortening time in class, alternative ways of measuring student performance, or the integration of curriculum frameworks or performance standards in an interdisciplinary approach.

(g) Student services personnel means guidance counselors, psychologists, social workers, visiting teachers, occupational placement specialists, health services providers, school administrators, district level dropout prevention coordinators, teachers, or parents.

(h) Emancipated minor means a minor who is released from the control of parents or guardians.

(i) Student support and assistance component means the delivery of academic assistance and coordination of support services to students enrolled full-time in a regular classroom who are eligible for educational alternative programs.

(j) In-school suspension means the temporary removal of a student from the student’s regular school program and placement in an alternative program.

(k) Out-of-school suspension means the temporary removal of a student from all classes of instruction on public school grounds and all other school-sponsored activities, except as authorized by the principal or the principal’s designee for a period not to exceed ten (10) school days.

(2) Requirements.

(a) Credits. Students served in all individual dropout prevention programs shall retain their right to earn the number and type of credits required for a standard or special diploma pursuant to Sections 232.246(1)-(6) and (8)-(10) or 232.247, Florida Statutes.

(b) Coordination. All dropout prevention programs shall demonstrate coordination with appropriate agencies and other school programs that provide services to participating students in order to fully utilize human and financial resources. A part of this coordination shall be to ensure that procedures for postsecondary transition include child care referral, career counseling and academic and vocational training options. Appropriate agencies are defined as but are not limited to: the Department of Health and Rehabilitative Services, the Department of Juvenile Justice, the Department of Law Enforcement, the Department of Corrections, the Department of Labor, Employment and Security, and the district’s local Pre-K Interagency Coordinating Council.

(c) Exceptional student education referral. An exceptional student referred for placement into a dropout prevention program shall have an individual educational plan review prior to that placement. A staff representative of the dropout prevention department in the district shall participate in that review. This requirement shall not apply to students served in youth services programs, agencies based substance abuse programs, or in-school suspension programs.

(d) Limited English proficient students. Limited English proficient students, meeting the eligibility criteria for individual dropout prevention program categories, shall be considered for placement and enrollment in the appropriate dropout prevention program based on student needs. Limited English language proficiency shall not be used as a criterion for placement.
(e) Parent notification. Parents shall be notified annually in writing as specified in Section 230.2316(8), Florida Statutes, of their child’s placement into any dropout prevention program and of their right to review any action relating to such placement. For educational alternatives of choice, which are voluntary and for which a student’s parent or guardian has requested participation, such notification of administrative review shall not be required.

(f) Student records. Records of students participating in dropout prevention programs shall contain the following:
1. The students’ dropout prevention program category.
2. Students’ entry and exit dates in the dropout prevention program.
3. Documentation of the eligibility of each student and any required interventions that is dated prior to each placement in a dropout prevention program. Eligibility for multi-year programs shall be documented annually.
4. Number of instructional periods or hours of participation.
5. Evaluation of each student’s academic and behavioral progress.
6. Annual written documentation of parent notification and evidence of involvement in the placement decision prior to the date of the student’s membership in a voluntary program. Parents shall be notified in writing within five (5) school days of the student’s initial membership in an assigned program. Judicial and agency records shall satisfy this requirement in youth services programs and agency based substance abuse programs. Notification shall be in the parent’s native language or the language most understood. For educational alternatives of choice, which are voluntary and for which a student’s parent or guardian has requested participation, such notification of administrative review shall not be required.
7. Documentation of the academic assistance and support services provided students and teachers in student support and assistance components.

(g) Student eligibility for full-time equivalent (FTE). Eligible dropout prevention students may be reported for dropout prevention full-time equivalent student membership in the Florida Education Finance Program in the following dropout prevention settings:
1. Standard dropout prevention class, or
2. Student support and assistance component.

(h) Criteria for eligibility. Districts shall establish and implement eligibility criteria and procedures for each individual dropout prevention program.

(i) Certification. Any certification is appropriate for teachers in dropout prevention programs. Dropout prevention teachers shall be instructional staff members as defined in Rule 6A-1.0501, F.A.C.

(j) Students served in all individual dropout prevention programs shall retain their right to have access to a school day as defined by Section 228.041(13), Florida Statutes.

6A-6.05221 Student Support and Assistance Component.
Students served through this component shall generate dropout prevention funding for the classes in which they receive direct services or benefits due to the auxiliary services being provided to the student, teacher, or both. This component may be delivered through a course in which intended outcomes of the course framework include affective skills or remediation for students who have failed or are at risk of failing the High School Competency Test. Students may be reported for dropout prevention full-time equivalent (FTE) in the Florida Education Finance Program (FEFP) provided the following conditions are met:

1. Student support assistance plan. A student support and assistance plan shall be developed annually by a student services team for each dropout prevention student served through a student support and assistance component. The plan shall identify the students’ academic and behavioral needs, annual goals, instructional objectives, educational and related services to be provided, evaluation procedures and schedule for determining on an annual basis progress toward meeting goals and instructional objectives. This plan shall be developed for each student reported for dropout prevention FTE while in membership in a non-dropout prevention class. The plan shall specify the correlation between services and student performance for each period the student is reported for dropout prevention FTE.

2. Criteria. Any student who meets the eligibility criteria for any dropout prevention program may be served through the student support and assistance component.

3. Academic assistance and support services shall be provided and documented for each eligible student reported as dropout prevention FTE in this component. Those services for which districts shall submit dropout prevention FTE shall be specified in the student support and assistance plan and include at least one (1) of the following:
   a. Supplemental materials or alternative strategies provided to assist with course modification, behavior management, or alternative assessment.
   b. Instructional aides, case manager, student services personnel, or other support personnel assigned to assist eligible dropout prevention students and their teachers.

Specific Authority 229.053(1), 230.2316(10) FS. Law Implemented 230.2316 FS. History–New 10-30-90, Amended 6-19-91, 7-7-92, 9-5-93, 1-2-95.
6A-6.0523 Comprehensive Dropout Prevention Plans.
(1) The local school board shall approve the dropout prevention plan and all subsequent amendments prior to reporting students for dropout prevention funding.
(2) Program categories. Each comprehensive plan shall include descriptions of individual dropout prevention programs for the following categories:
   (a) Educational alternative programs.
   (b) Teenage parent programs.
   (c) Substance abuse programs.
   (d) Disciplinary programs.
   (e) Youth services programs.
(3) Individual program plan. For individual programs listed in subsection (2) of this rule reporting dropout prevention full-time equivalent student membership (FTE), the following headings and subheadings shall be included in the comprehensive plan. For teenage parent programs, please refer to Rule 6A-6.0525, F.A.C., for specific requirements for plan format.
   (a) Agency coordination.
   (b) Specific outcome objectives.
   (c) Evaluation.
   (d) Specific student eligibility criteria.
   (e) Student admission procedures.
   (f) Program operating procedures to include:
      1. Curriculum,
      2. Special strategies,
      3. Equal access for eligible exceptional and limited English proficient students,
      4. Student services,
      5. Grade levels of students served,
      6. Implementation sites.
   (g) Total dropout prevention FTE student membership projected based on:
      1. Number and length of class periods,
      2. Average class size,
      3. Length of stay,
      4. Total number of students served.
   (h) Personnel qualifications.
   (i) Staff development activities.

Specific Authority 229.053(1), 230.2316(10) FS. Law Implemented 230.2316 FS. History–New 10-30-90, Amended 1-2-95.

6A-6.0524 Educational Alternatives Programs.
Educational alternatives programs are programs designed to serve students who are unmotivated or unsuccessful and shall have strong emphasis on appropriate agency coordination as specified in paragraph 6A-6.0521(2)(b), F.A.C.
(1) Voluntary or assigned participation. Participation is voluntary and means that the student is not assigned to the program without parental or adult student permission.
(2) Criteria for eligibility.
   (a) Student has been retained;
   (b) Student has failing grades or grades not commensurate with documented ability levels;
   (c) Student has high absenteeism;
   (d) Student has low achievement test scores;
   (e) Student has performed successfully in an educational alternative program and wishes to remain enrolled in such programs; or
   (f) According to district criteria, student exhibits behavior of a non-disciplinary nature which interferes with school success. This behavior shall be documented by student services personnel.
(3) Instructional periods. Instruction shall be provided for a minimum of two (2) instructional periods per day unless the student participates in a student support and assistance component rather than standard dropout prevention classes.
(4) Service delivery models. Educational alternatives programs may be offered at alternative sites, regular school campuses, or any location approved by the district school board as a school center. Educational alternatives programs may be offered full-time or part-time.
(5) Where the student in the program is a volunteer the notice of requirements in subsections (6) and (7) of this rule does not apply.
(6) Referral for evaluation of eligibility for exceptional student education. Any student assigned to an alternatives education program for unsuccessful or disinterested students, which is designed to return the student to the conventional educational program, shall be referred for an evaluation of eligibility for exceptional student educational services if not returned to the regular program.
after a specified period of time. Students identified according to Rule 6A-6.0524, F.A.C., as unsuccessful or disinterested shall be referred after a total of one hundred twenty (120) days of participation. Participation applicable to this provision must occur within any two (2) consecutive school semesters. These provisions shall not apply to students in other eligibility categories or to students in programs designed to offer a comprehensive multi year alternative to conventional public schools and for which student participation is entirely optional.

(7) Notification of parents. Upon the first placement in any school year of a student into any alternatives education program for unsuccessful or disinterested students, the district shall give the student’s parents written notification of their right to request an evaluation to determine eligibility for exceptional student education.

Specific Authority 229.053(1), 230.2316(10) FS. Law Implemented 230.2316 FS. History–New 10-30-90, Amended 1-2-95.

6A-6.0525 Teenage Parent Programs.
Pregnant and parenting students and their children shall be entitled to participate in Teenage Parent (TAP) Programs designed to provide comprehensive educational and ancillary services to facilitate the parents’ completion of high school. Students participating in teenage parent programs shall be eligible for all services afforded to students enrolled in programs pursuant to Section 230.2316, Florida Statutes and Rules 6A-6.05221 and 6A-6.05291, F.A.C.

(1) Requirements.

(a) Credits. Students served in teenage parent programs shall retain the right to earn the number and type of credits required for a standard or special diploma pursuant to Sections 232.246(1)-(5) and (8)-(10) and 232.247, Florida Statutes.

(b) Exceptional student education referral. An exceptional student referred for enrollment in a teenage parent program shall have an individual educational plan review prior to enrollment. A staff representative of the teenage parent program in the district shall participate in the review.

(c) Limited English proficient students. Limited English proficient students meeting the eligibility criteria for the teenage parent program shall be considered for enrollment in the teenage parent program based on student needs.

(d) Parent notification. Parents shall be notified annually in writing as specified in Section 230.2316(8), Florida Statutes, of their child’s enrollment in a teenage parent program and of their right to review any action relating to such enrollment.

(e) Student records. Records of students participating in a teenage parent program shall contain the following:

1. The students’ entry and exit dates in the teenage parent program.
2. Documentation of the eligibility of each student and child prior to enrollment in a teenage parent program. Eligibility for multi-year programs shall be documented annually.
3. Number of instructional periods or hours of participation.
4. Evaluation of each student’s academic and behavioral progress.
5. Annual written documentation of parent notification and involvement in the enrollment decision prior to the date of the student’s participation in this voluntary program. Notification shall be in the parent’s native language or in the language most understood.
6. Documentation of the academic assistance and support services provided students and teachers in student support and assistance components.

(f) Student eligibility for full-time equivalent (FTE). Eligible pregnant and parenting students shall be reported for teenage parent full-time equivalent student membership in the Florida Education Finance Program in the following settings:

1. Standard teenage parent program in which all students are teenage parent program participants.
2. Student support and assistance component.

(g) Certification. Any certification is appropriate for teachers in teenage parent programs. Teenage parent program teachers shall be instructional staff members as defined in Rule 6A-1.0501, F.A.C.

(h) Students served in teenage parent programs shall retain their right to have access to a school day as defined by Section 228.041(13), Florida Statutes.

(2) Student eligibility. Districts shall implement student eligibility criteria and establish enrollment procedures for each teenage parent program.

(a) Voluntary participation. Participation in a teenage parent program is voluntary. Pregnant students, teenage parent students, and their children shall not be assigned to the program without annual parental or adult student permission.

(b) Criteria for eligibility.

1. Pregnant students.
2. Parenting students.
3. Children of parenting students and teenage parent program completers.

(c) Documentation of eligibility includes:

1. A county public health unit or private physician’s certification of pregnancy;
2. A child’s birth certificate, copy of application of birth certificate, hospital records, or a notarized affidavit of fatherhood signed by mother and father.
3. Evidence of parent’s program completion and documentation of child’s birth.
(3) Instructional periods. The program shall consist of instruction to participants full-time, part-time or on a variable schedule as needed to deliver the pregnancy- or parenting-related curriculum as specified in Section 230.23166(3)(b), Florida Statutes. Children of teenage parent students enrolled in teenage parent programs shall be served during the time that the parent student is earning credit towards a standard or special diploma pursuant to Sections 232.246(1)-(5) and (8)-(10) and 232.247, Florida Statutes.

(4) Service delivery models. Teenage parent programs may be offered at any location approved by the district school board as a school center.

(5) Ancillary services. School districts shall develop and implement procedures for the provision or coordination of the four ancillary services of child care, social services, health services and transportation for pregnant and parenting students who are currently enrolled or have completed a teenage parent program and their eligible children. Program completers are those students who have successfully completed a teenage parent program as described in the district’s approved teenage parent program plan. Ancillary services are described as:

(a) Child care. Child care includes developmentally appropriate learning activities for the children of teenage parent program participants and completers during the hours when the child’s teenage parent is earning credit pursuing a standard or special diploma as defined by Sections 232.246(1)-(5) and (8)-(10) and 232.247, Florida Statutes. Districts choosing to operate school-based child care for children birth through age three must be licensed by the Department of Health and Rehabilitative Services pursuant to Section 402.3025(1), Florida Statutes, or by the local licensing agent.

1. Districts may report children of teenage parent program participants and completers for teenage parent full-time equivalent student membership in the Florida Education Finance Program when the district provides or contracts for child care for the child and the following criteria are met:
   a. The child is assigned a student identification number and all appropriate data for reporting is collected;
   b. The parent is currently enrolled in a teenage parent program or is a program completer and enrolled in courses that meet the graduation requirements pursuant to Sections 232.246(1)-(5) and (8)-(10) and 232.247, Florida Statutes;
   c. The teenage parent has not graduated or legally withdrawn from school;
   d. The child has not attained the age of five or is not eligible to enroll in kindergarten according to Section 232.045, Florida Statutes, whichever comes last;
   e. The child is not served in a preschool program supported by other state or federal funds such as Prekindergarten Early Intervention, Head Start, or other subsidized child care.

(b) Health services. Health services include health and nutrition education and routine prenatal and postnatal health checkups during the time that the teenage parent student is reported for FTE in the teenage parent program. Routine check-ups for the children of teenage parent program participants and completers, including immunizations, shall be provided or coordinated during the time those children are reported for FTE in a teenage parent program.

(c) Social services. Social services include counseling assistance or case coordination related to economic assistance, during the time that the teenage parent students or their children are reported for FTE in a teenage parent program.

(d) Transportation. Transportation includes transportation for pregnant and parenting teenage parent program participants, program completers who have returned to their home schools, and their children regardless of distance from school pursuant to Section 236.083(1)(b), Florida Statutes. Transportation shall be provided for teenage parents and their children to and from home and the child care facility and for the teenage parents to and from the child care facility and the school, as required for the parent’s educational activities in credit earning hours.

(6) The local school board shall approve the teenage parent program plan and all subsequent amendments prior to reporting students and their children for teenage parent program funding. The individual program description of the teenage parent program plan shall include:

(a) Agency coordination.
(b) Specific outcome objectives.
(c) Evaluation.
(d) Specific student eligibility criteria.
(e) Student admission procedures.
(f) Program operating procedures to include:
   1. Pregnancy- and parenting-related curriculum.
   2. Special strategies.
   3. Equal access for eligible exceptional and limited English proficient students.
   4. Student services.
      a. Description of child care services.
      b. Description of health services.
      c. Description of social services.
      d. Description of transportation.
      e. Other services which may be provided to participants.
   5. Implementation sites.
   7. Total teenage parent program FTE projected for students and their children.
(7) Program Evaluation. Each district receiving state funding for teenage parent programs through the Florida Education Finance Program shall submit an annual report to the Department documenting the extent to which each of the individual teenage parent programs has met the objectives established by the district. These objectives, developed by the district, are based upon the following required common objective criteria:
   (a) Remaining in school or earning a high school diploma.
   (b) Improving parenting skills.
   (c) Giving birth to babies weighing 5.5 pounds or greater.

*Specific Authority 229.053(1), 230.23166 FS. Law Implemented 230.23166 FS. History–New 10-30-90, Amended 1-2-95, 3-20-96.*

6A-6.0526 Substance Abuse Programs.

Substance abuse programs are programs designed to serve students who have a documented substance abuse problem and shall include strong emphasis on appropriate agency coordination as specified in paragraph 6A-6.0521(2)(b), F.A.C. The problem shall be a documented substance abuse of either the student, parent, or an immediate family member who is or was living in the same household. Such problems shall be documented in agency or school records.

(1) Voluntary or assigned participation. Participation in a substance abuse program is assigned but may be voluntary. Assigned participation means that the placement is required by the school district, courts, or other agencies. Voluntary participation means that the student is not assigned to the program without parental or adult student permission.

(2) Criteria for eligibility.
   (a) Student has documented drug-related or alcohol-related problem; or
   (b) Student has immediate family members who have documented drug-related or alcohol-related problems that adversely affect student’s performance in school.

(3) Instructional periods. The instructional program shall be provided to participants a minimum of five (5) hours per day and may be offered on a variable schedule as needed to deliver the curriculum. The program shall include instruction designed to deter substance abuse.

(4) Service delivery models. Substance abuse programs may be offered in a nonschool-based residential or day substance abuse treatment program facility, alternative sites, regular school campuses, or in any location approved by the district school board as a school center.

*Specific Authority 229.053(1), 230.2316(10) FS. Law Implemented 230.2316 FS. History–New 10-30-90, Amended 1-2-95.*

6A-6.0527 Disciplinary Programs.

Disciplinary programs are programs that are longer than ten (10) days in duration and are designed to serve students who are disruptive in the traditional school environment. However, in-school suspension programs may be less than ten (10) days in duration as specified in Sections 230.2316(4)(c)3., 5., Florida Statutes. These programs must place strong emphasis on appropriate agency coordination as specified in paragraph 6A-6.0521(2)(b), F.A.C.

(1) Voluntary or assigned participation. Participation in a disciplinary program is assigned but may be voluntary. Assigned participation means that the placement is required by the school district, courts, or other agencies. Voluntary participation means that the student is not assigned to the program without parental or adult student permission.

(2) Criteria for eligibility.
   (a) Student has a history of disruptive behavior which interferes with his own or others’ educational program(s) or results in frequent conflicts of a disruptive nature in or out of the classroom while the student is under the jurisdiction of the school;
   (b) Student severely threatens the general welfare of others;
   (c) Student requires assistance in behavior modification beyond that which can be provided in the traditional class; or
   (d) Student has committed an offense which would warrant out-of-school suspension or expulsion.

(3) Instructional periods. The instructional program shall consist of instruction and counseling to participants full-time, part-time or on a variable schedule as needed to deliver the curriculum. Whether the program is full-time or part-time, all students should receive a minimum of five hours of instruction per day.

(4) Service delivery model. Disciplinary programs may be offered in in-school suspension, alternative sites, regular school campuses, or in any location approved by the district school board as a school center. The program may be planned and operated in collaboration with local law enforcement or other community agencies. If an in-school suspension model is used, the program is subject to all requirements specified in Sections 230.2316(4)(c)3., and 5., Florida Statutes. Prior to assigning the student to a disciplinary program, the district shall attempt a variety of educational and student services unless the student has committed an offense which would warrant expulsion.

(5) Evaluation. The district shall determine procedures for evaluating students who are returning from detention or court adjudicated placement prior to assigning them to a disciplinary program.

(6) Where the student in the program is a volunteer, the notice of requirements in subsections (7) and (8) of this rule does not apply.
(7) Referral for evaluation of eligibility for exceptional student education. Any student assigned to an alternative education program for disruptive students which is designed to return the student to the conventional educational program shall be referred for an evaluation of eligibility for exceptional student educational services if not returned to the regular program after a specified period of time. Students identified as disruptive according to Rule 6A-6.0524, F.A.C., shall be referred after a total of ninety (90) days of participation in an alternative education program. Participation applicable to this provision must occur within any two (2) consecutive school semesters. These provisions shall not apply to students in other eligibility categories or to students in programs designed to offer a comprehensive multイヤear alternative to conventional public schools and for which student participation is entirely optional.

(8) Notification of parents. Upon the first placement in any school year of a student into any alternative education program for disruptive students, the district shall give the student’s parents written notification of their right to request an evaluation to determine eligibility for exceptional student education.

(9) School annual report. In each school which has implemented a dropout prevention in-school suspension program, the school principal shall prepare an annual report provided to all members of the school advisory council which delineates:
   (a) Number of students in-school suspended,
   (b) Number of students out-of-school suspended,
   (c) Proportion of populations represented in in-school and out-of-school suspension groups, and
   (d) Quantification of the various bases for suspension.

(10) Program maintenance. Each district shall establish a process for determining in-school suspension program’s effect on rate of expulsion and out-of-school suspension. After providing assistance, the district shall disapprove any school based in-school suspension programs that continually fail to directly reduce the school’s expulsion or out-of-school suspension rate.

Specific Authority 229.053(1), 230.2316(10) FS. Law Implemented 230.2316 FS. History–New 10-30-90, Amended 1-2-95.

6A-6.0528 Youth Services Programs.

Youth services programs are programs designed to serve students who are assigned to a detention, commitment or rehabilitation program operated by a state or community-based agency or through the Department of Health and Rehabilitative Services or the Department of Juvenile Justice. These programs must place strong emphasis on appropriate agency coordination as specified in paragraph 6A-6.0521(2)(b), F.A.C.

(1) Voluntary or assigned participation. Participation in a youth services program is assigned. Assigned participation means that the placement is required by the school district, courts or other agencies pursuant to Chapter 39, Laws of Florida.

(2) Criteria for eligibility.
   (a) Student is neglected, delinquent or dependent; or
   (b) Student is assigned by the court to a detention, commitment or rehabilitation program. Commitment means any facility where the courts have adjudicated youths.

(3) Instructional periods. The instructional program shall be provided a minimum of five (5) hours per day and shall consist of intensive counseling, conflict resolution training, behavior modification, therapy, appropriate academic, vocational or exceptional curricula and related services under the supervision of a qualified teacher as specified in Rule 6A-1.0501, F.A.C. These educational services may be delivered at times of the day most appropriate for a youth services program. However, youth services programs of less than forty (40) days duration which take place in a park or wilderness setting may be limited to tutorial and vocational employability activities. The instructional program shall provide the opportunity for attainment of a high school diploma and support rehabilitation goals.

(4) Service delivery model. Programs may be offered in residential or nonresidential detention facilities, community-based agency facilities, facilities operated or contracted by the Department of Juvenile Justice or Department of Health and Rehabilitative Services, or commitment settings such as county, state or federal correctional institutions.

(5) School entry. Districts are encouraged to implement transition support systems to assist students returning to school from youth services programs.

(6) Cooperative agreements. To receive funding through the Florida Education Finance Program for the operation of youth services programs, school districts shall submit to the Department evidence of cooperative agreements with the Secretary of Juvenile Justice or the Secretary’s designee for delinquent programs and Secretary of Health and Rehabilitative Services or the Secretary’s designee for other programs. The cooperative agreement shall address, at a minimum, the following subjects: purpose, enabling legislation, definitions, inter/intra agency linkages, roles and responsibilities, administration, allocation of resources, interagency disputes, assessment, curriculum, instruction, planning, classroom management, attendance, certification, licensure, staff development, and transition.

Specific Authority 229.053(1), 230.2316(17) FS. Law Implemented 230.2316 FS. History–New 10-30-90, Amended 1-2-95.
6A-6.05281 Educational Programs for Youth in Department of Juvenile Justice Detention, Commitment, Day Treatment, or Early Delinquency Intervention Programs.

School districts must provide instruction to prepare all students to demonstrate proficiency in the skills necessary for successful grade-to-grade progression and high school graduation. For students placed in Department of Juvenile Justice (DJJ) programs, collaboration between the DJJ, the Department of Education, school districts, and private providers is essential in order for these students to attain this goal and become productive members of the community.

(1) Student Eligibility.
(a) Students who do not attend a local public school due to their placement in a DJJ detention, commitment, day treatment, or early delinquency intervention program shall be provided high quality and effective educational programs by the local school district in which the DJJ facility is located or by a Juvenile Justice provider through a contract with the local school district.
(b) If any student in these DJJ facilities has filed an intent to terminate school enrollment, the local school district shall notify these students of the option of enrolling in a program to attain a general education diploma (GED).
(c) Exceptional Student Education. All students placed in a DJJ program, who meet the eligibility criteria for exceptional student education, shall be provided a free appropriate public education consistent with the requirements of Chapter 6A-6, F.A.C. Students with disabilities, as defined by Section 504 of the Rehabilitation Act, shall be provided the necessary aids and services.
(d) Limited English Proficient Students. All limited English proficient students placed in a DJJ program shall have equal access to entitled services, including assessment and appropriate instructional strategies consistent with the requirements of Chapter 6A-6, F.A.C.

(2) Student Records.
(a) Content. Each school district shall maintain educational records for students in DJJ programs as required by Section 232.23, Florida Statutes. The content of these records shall be as defined in subsections 6A-1.0955(2)-(5) and 6A-1.0014(2), F.A.C., Section 228.081(3)(c)1.-5., Florida Statutes, and paragraph (5)(d) of this rule.
(b) Transfer of Educational Records. Each school district shall transfer records of students entering or exiting DJJ programs as provided in paragraph 6A-1.0955(7)(b) and subsection 6A-1.0014(2), F.A.C. Beginning with the 2000-2001 school year, each school district shall provide these students’ educational records no later than five (5) school days after the receipt of the request. Each school district shall make available a copy of the student’s transcript record, including pertinent exceptional student education information, to designated DJJ staff for inclusion in the DJJ file when the student exits the program. DJJ staff shall provide this information to the receiving school district.
(c) Protection of Privacy. The requirements of Section 228.093, Florida Statutes, and applicable rules of the State Board of Education apply to the Department of Juvenile Justice’s maintenance and transfer of these records as described in paragraphs (2)(a) and (b) of this rule.

(3) Student Assessment.
(a) To ensure high quality and effective educational programs for youth in DJJ detention, commitment, day treatment, or early delinquency intervention programs, the school district shall provide for the review of the student’s educational records and conduct assessments, consistent with the requirements of this subsection, in order to identify the students’ functioning levels, provide appropriate educational programs, and report the learning gains of the student.
(b) All students in DJJ commitment, day treatment, or early delinquency intervention programs, who have not graduated from school, shall be assessed within seven (7) calendar days of the student’s commitment. The entry assessments shall include:
1. Academic measures that provide proficiency levels in:
   a. Reading,
   b. Mathematics,
   c. Writing,
2. Vocational interest and/or aptitude measures.
(c) For the students referenced in paragraph (3)(b) of this rule, exit assessments shall include, at a minimum, the academic measures.
(d) Students placed in a detention center and not transferring to a commitment program shall be assessed only upon entry for academic measures. Assessment information for students in detention centers, transferring to commitment programs, shall be sent directly to the commitment program with the transfer of the student.
(e) Entry and exit assessment measures shall be selected that are appropriate for the age, grade, and language proficiency, and program length of stay of the students and shall be non-discriminatory with respect to culture, disability, and socioeconomic status.
(f) All students in DJJ detention, commitment, day treatment, or early delinquency intervention programs shall also participate in the state and district-wide assessments required by Sections 229.57, 232.245, 232.246 and 232.247, Florida Statutes.
(g) The results of the academic measures, as required by paragraphs (3)(b)-(d) of this rule shall be reported in the format prescribed by Rule 6A-1.0014, F.A.C., to the Department of Education via the Automated Student Data System. The format for the reporting of the results of the academic measures may include:
1. Grade equivalent scores,
2. Percentiles,
3. Scaled scores.
(h) Beginning in the 2000-2001 school year, the Department of Education shall include the results of these assessments in applicable statewide and school reports.

(4) Individual Academic Plans.
(a) An individual plan for educational progress shall be developed within twenty-two (22) calendar days of student entry to DJJ detention programs and within fifteen (15) school days of entry to DJJ commitment, day treatment, or early delinquency intervention programs. This plan shall be based upon the student’s entry assessments and past educational history and must address the areas of academic, literacy, and life skills. The plan shall include:
   1. Specific and individualized long-term goals and short-term instructional academic and vocational/technical objectives;
   2. Remedial strategies and/or tutorial instruction;
   3. Evaluation procedures;
   4. A schedule for determining progress toward meeting the goals and instructional and vocational/technical objectives.
(b) Academic improvement plans, required by Section 232.245, Florida Statutes, or individual educational plans (IEPs) developed for eligible exceptional students, 504 plans developed for eligible students with disabilities, or individual plans developed for limited English proficient students may incorporate the requirements of subsections (4) and (5) of this rule.

(5) Transition Services.
(a) For all students in DJJ commitment, day treatment, or early delinquency intervention programs, an individual transition plan based on the student’s post-placement goals shall be developed cooperatively with the student, his/her parents, school district and/or contracted provider personnel and DJJ program staff. Re-entry counselors, probation officers, and personnel from the student’s “home” school district shall be involved in the transition planning to the extent practicable.
(b) The transition plan must address, at a minimum:
   1. Academic re-entry goals,
   2. Career and employment goals,
   3. The recommended educational placement for the student.
(c) Key personnel who must be involved in entry transition activities for students in juvenile justice programs shall include: appropriate personnel responsible for student assessment, a guidance counselor from the school district and/or program personnel who are responsible for providing guidance services under the supervision of the school district’s guidance counselor, a registrar or a designee of the school district who has access to the district’s MIS system, and instructional personnel.
(d) Exit portfolios shall be created for each student prior to exit from a commitment, day treatment, or early delinquency intervention program and provided to DJJ personnel for inclusion in the DJJ file. DJJ shall provide this information to the home school district. The exit portfolio shall include the records required by Sections 228.081(3)(c)1.-5., Florida Statutes, and include at a minimum:
   1. Transition plan;
   2. Results of district and state-wide assessments;
   3. Individual academic plan, 504 plan, and/or individual educational plan for exceptional students;
   4. Academic record or transcript; and
   5. Work and/or project samples.

(6) Instructional Program and Academic Expectations.
(a) School Day and Year. The instructional program shall consist of 250 days of instruction, ten (10) of which may be used for teacher planning, distributed over twelve (12) months as required by Section 228.041(43), Florida Statutes. Each school district shall collaborate with private providers and the DJJ, as appropriate, to develop a school calendar for these programs to be adopted by the local school board.
(b) Requirements. The instructional program shall meet the requirements of Sections 232.245, 232.246, 232.247, 232.248, 233.061 and 230.23161, Florida Statutes, and include:
   1. Curricular offerings, consistent with the Florida Course Code Directory and Instructional Personnel Assignments as adopted in Rule 6A-1.09441, F.A.C., that reflect the students’ assessed educational needs and meet the students’ needs as identified by the individual plan as required by paragraph (4)(a) of this rule. Students shall receive vocational/technical training, workplace readiness training, or career awareness and exploration instruction while in the juvenile justice program.
   2. GED preparation shall meet GED course requirements specified in Rules 6A-6.0571 and 6A-6.021, F.A.C., and adult education course descriptions and/or the school district’s approved GED/HSCT Exit Option must meet the requirements specified by the Department of Education.
   3. Tutorial activities that are based on the students’ assessed academic needs. Such activities shall be designed to assist students in advancing to their age appropriate grade level or to assist students in meeting their goals for reentry into the public school system, alternative schools, adult education, vocational/technical education, employment, or post secondary education.
   4. Instruction shall be individualized to address the academic and vocational/technical goals and objectives that are outlined in each student’s individual academic plan.
   5. Instruction shall be delivered through a variety of instructional techniques to address students’ academic levels and learning styles.

(7) Qualifications and Procedures for Selection of Instructional Staff.
(a) The school district shall ensure that only qualified instructional staff members, consistent with the requirements of Rules 6A-1.0502 and 6A-1.0503, F.A.C., are employed to provide instruction to students in DJJ programs. Any use of non-certificated instructional staff must be approved by the school board.

(b) School districts shall recruit and train teachers who are interested, qualified, and experienced in educating students in DJJ programs as required by Section 230.23161(11), Florida Statutes. Teachers assigned to educational programs, operated by local school districts, in DJJ facilities shall be selected by the school district in consultation with the director of the DJJ facility, as required by Section 230.23161(11), Florida Statutes.

(c) The school district’s substitute teacher pool shall also be available for these educational programs.

(8) Funding.

(a) To implement the Full-Time Equivalent (FTE) funding for students in DJJ programs based on direct instructional time:
   1. Student attendance shall be taken once per class period or during each course reported for FTE purposes.
   2. Time students spend participating in school activities such as field trips, performances, or receiving school-based services such as counseling may be counted as direct instructional time.
   3. Certain interruptions to the education program, over which the teacher and student have no control, do not have to be deducted from the direct instructional time reported for FTE. These include:
      a. Fire drills;
      b. Lockdowns of the classroom or program for security purposes;
      c. Bomb scares;
      d. Court hearings; and
      e. Meetings students have with law enforcement personnel during school hours.
   4. Direct instructional time shall not be counted for students who choose not to attend class or who are not present at school due to illness, or other non-school related activity other than those listed above.

(b) As required by Sections 228.081(2)(g) and 237.34(3)(a), Florida Statutes, at least eighty (80) percent of the FEFP funds generated by students in DJJ programs must be spent on instructional costs for these students and one-hundred (100) percent of the formula-based categorical funds generated by these students must be spent on appropriate categoricals such as instructional materials and public school technology for these students.

(c) Compliance with the expenditure requirement in Section 237.34(3)(a), Florida Statutes, for programs provided directly by local school boards shall be verified by the Department of Education through the review of the district’s cost report as required by Section 237.34, Florida Statutes. If school districts enter into contracts with private providers for these educational programs, an accounting of the expenditures, as specified in paragraph (8)(b) of this rule shall be required by the local school board.

(9) Contracts with Private Providers.

(a) School districts may provide services directly or may enter into a contract with a private provider to provide educational services to these youth. Beginning in 2000-2001, such contracts with private providers shall address the responsibilities of the school district and the private provider for implementing the requirements of this rule. The private provider shall have, at a minimum:
   1. Documented experience in providing high quality educational services or a detailed plan for providing high quality educational services that meets applicable state and federal requirements.
   2. Sufficient financial stability and resources to hire an adequate number of certified or qualified instructional personnel.

(b) Prior to contracting with a private provider, the school district shall:
   1. Review and consider the provider’s past performance history, including the results of prior Quality Assurance Reviews.
   2. Review the private provider’s contract, if any, with DJJ for the care and custody of the youth in the commitment, detention, day treatment, or early delinquency intervention program to ensure that services and resources are coordinated and not duplicative.

(c) Contracts with private providers, as described above, shall be submitted to the Department of Education prior to the October FTE Reporting Survey for review to verify compliance with this rule.

(d) The provider(s) of workforce development programs in the district in which the DJJ facility is located shall be responsible for notifying the DJJ program of the requirements for enrollment and completion of these programs. The inclusion of DJJ students in the school district’s workforce development program may be included in the contract referenced above and the cooperative agreement required by Section 230.23161(14), Florida Statutes.

(10) Interventions and Sanctions.

(a) If the educational program in a DJJ detention, commitment, day treatment, or early delinquency intervention program has received an unsatisfactory rating on the educational component of the Quality Assurance Review, does not meet the minimum standards for a designated priority indicator of the Educational Quality Assurance Review, or has demonstrated noncompliance with state and federal requirements, the Department of Education shall initiate a series of interventions and graduated sanctions. Sanctions shall be initiated against programs that have not taken appropriate corrective actions within six months.

(b) Interventions shall include:
   1. The provision of technical assistance to the program.
   2. The development of a corrective action plan with verification of the implementation of the corrective actions within ninety (90) days.
   3. A follow-up review of the educational program.
Sanctions shall include:
1. Public release of the unsatisfactory findings, the interventions, and/or corrective actions proposed.
2. Assignment of a monitor, master, or management team to address identified deficiencies paid for by the local school board or private provider if included in the contract.
3. Reduction in payment or withholding of state and/or federal funds.

If the sanctions proposed in paragraph (10)(c) of this rule are determined by the Department of Education and DJJ to be ineffective in correcting the deficiencies in the educational program and improving the quality of the program, the State Board of Education shall have the authority to require further actions, which shall include:
1. Requiring the school board to revoke the current contract with the private provider, if applicable;
2. Requiring the school board to contract with the private provider currently under contract with DJJ for the facility; or
3. Requiring the school board to transfer the responsibility and funding for the educational program to another school district.

Each school district is responsible for ensuring that appropriate educational services are provided to students in the district’s juvenile justice programs, regardless of whether the services are provided directly by the school district or through a contract with a private provider.

Coordination. The cooperative agreement between the local school district and DJJ, required by Section 230.23161(14), Florida Statutes, shall be submitted to the Department of Education prior to the October, FTE Reporting Survey. The timelines and responsibilities, as required by Section 235.1975, Florida Statutes, for the notification by DJJ to the local school board of the siting of new facilities and the awarding of a contract for the construction or operation of such a facility shall be included in the agreement.

Specific Authority 228.051(2) FS. Law Implemented 228.051, 230.23161 FS. History–New 4-16-00.

6A-6.05291 Course Modification.

(1) Districts implementing approved comprehensive dropout prevention plans may make modification to courses listed in the Course Code Directory as adopted by reference in Rule 6A-1.09441, F.A.C. Modifications in courses may take one or more of the following forms:
   (a) The amount of in-class instruction required for a student to earn a credit may be lengthened or shortened. Less than one hundred fifty (150) hours may be offered for a particular course if it is determined that the essential content can be learned in a shorter period of time pursuant to the requirements of Section 232.2462, Florida Statutes. Students may be allowed to spend more than one hundred fifty (150) hours in a course if it is determined that additional time is needed. Instructional time must be sufficient to allow students to master curriculum frameworks and district adopted performance standards.
   (b) Alternative methods for assessing student mastery of performance standards may be utilized in dropout prevention programs.
   (c) Interdisciplinary units of study may be developed by combining two (2) or more courses of study.

(2) Course modification proposals must be approved by the Commissioner prior to implementation of the modification. These modifications shall be approved for programs that generate dropout prevention full-time equivalent student membership only.

Specific Authority 229.053(1), 230.2316(10) FS. Law Implemented 230.2316 FS. History–New 10-30-90, Amended 1-2-95.

6A-6.05292 Common Objective Criteria and Evaluation of Dropout Prevention Programs.

(1) Common objective criteria. The following are the required objective criteria for the specific outcome objectives developed by the districts. Districts may include additional objectives.
   (a) Educational alternatives.
      1. Staying in school or earning a high school diploma.
      2. Academic improvement.
      3. Improved attendance.
      4. Promotion.
   (b) Teenage parent.
      1. Staying in school or earning a high school diploma.
      2. Continuation of academic program during placement in the teenage parent program.
      3. Improved parenting skills.
      4. Reduced repeat pregnancies.
      5. Improved numbers of babies with birth weights at or above 5.5 pounds.
   (c) Substance abuse.
      1. Staying in school or earning a high school diploma.
      2. Increased awareness of the hazards of substance abuse.
      3. Continuation of academic program during placement in substance abuse program.
      4. Decreased substance abuse.
   (d) Disciplinary.
      1. Staying in school or earning a high school diploma.
6A-6.055 Definitions of Terms Used in Vocational Education and Adult Programs.

(1) Definitions of terms necessary for managing a uniform coordinated system of vocational education for all levels of the state system of public education shall be published by the Commissioner in a document titled, “Applied Technology and Adult Education Acronyms and Definitions, Second Edition”. These definitions are hereby incorporated in this rule and made a part of the rules of the State Board.

(2) Student membership hour. A student membership hour is defined as one (1) student in membership for sixty (60) minutes exclusive of time for change of class when engaged in on-campus laboratory, shop or classroom instruction, or at an approved on-the-job training station to which he or she has been assigned by proper authority, or away from school and engaged in an educational activity which constitutes a part of the school approved instructional program for that student.

(3) Maximum funding hours for cooperative education. In no case shall a secondary student enrolled in a secondary job preparatory program utilizing the cooperative education method of instruction or other types of programs incorporating on-the-job training be counted for more than twenty-five (25) clock hours per week of combined membership as prescribed by subsection 6A-6.055(2), F.A.C.

Specific Authority 239.205 FS. Law Implemented 228.061(4), 229.551(1)(g), 233.068, 239.205 FS. History–Amended 8-9-68, 4-11-70, 9-17-72, Revised 4-19-74, Repromulgated 12-5-74, Amended 5-25-82, Formerly 6A-6.55, Amended 7-20-89, 9-28-99.

6A-6.0571 Vocational and Workforce Development Standards and Industry-Driven Benchmarks.

Section 239.229, Florida Statutes, requires the Department of Education to develop program standards and industry-driven benchmarks for vocational, adult and community education programs. The criteria for qualification of individual courses for inclusion in the classification of secondary career education programs prescribed in Section 236.081(1)(c), Florida Statutes, or Workforce Development Education programs as prescribed in Section 239.115, Florida Statutes, are annually adopted by the State Board and shall be published by the Commissioner in a document titled, “Vocational Education Program Courses Standards, July 1999”, or in the document “Adult Education Program Courses Standards, July 1999.” These criteria are hereby incorporated by this rule and made a part of the rules of the State Board. Copies of these publications may be obtained from the Division of Workforce Development, Department of Education, The Turlington Building, 325 West Gaines Street, Tallahassee, Florida 32399 at a cost to be established by the Commissioner but which shall not exceed actual cost.

(1) District school boards and community college boards of trustees variance authority. District school boards of education and community college boards of trustees are authorized, to vary up to ten (10) percent of the intended outcomes of each framework included in the document “Vocational Education Program Courses Standards, July 1999”, and the “Adult Education Program Courses Standards, July 1999.” The variance does not apply to frameworks identifying occupations requiring state or federal licensure, certification or registration.

(2) Commissioner of Education waiver authority. The Commissioner of Education may approve a school’s waiver request submitted by a district school board to allow the school to substitute locally approved intended outcomes for State Board approved outcomes included in the document “Vocational Education Program Courses Standards, July 1999” provided that:

(a) The framework does not identify occupations requiring state or federal licensure, certification or registration;

(b) Locally approved outcomes specified for the state approved program adequately address the major concepts/content contained in the curriculum framework;

(c) The waiver request fulfills the provisions of Section 229.592(9), Florida Statutes.

History–New 10-30-78, Amended 10-23-79, 5-29-80, 7-9-81, 7-6-82, 5-29-83, 6-14-84, 7-10-85, Formerly 6A-6.571, Amended 7-9-86, 7-22-87, 8-30-88, 7-31-90, 7-31-91, 7-31-92, 7-31-93, 7-31-94, 4-30-96, 1-23-00.
6A-6.065 Instructional Components of Vocational Education.
The comprehensive vocational education program shall be offered in components organized as follows:

1. Instruction in grades 1 through 5 to familiarize pupils, including those considered to be disadvantaged or handicapped, with the world of work. Emphasis is placed on the relationship of the world of work to the ongoing instructional program.
2. Instruction in grades 6 through 12 to pupils, including those considered to be disadvantaged or handicapped, in the following areas:
   a. To provide occupational exploratory experiences, including technology education and vocationally oriented home economics.
   b. To provide direct job related instruction for potential school leavers and others if essential in meeting their educational needs.
   c. To assist students in planning a complete four (4) year program of secondary studies.
3. Instruction in grades 9 through 12 to pupils, including those considered to be disadvantaged or handicapped, in the following areas:
   a. To provide direct job related instruction, including registered preapprenticeship training, for pupils planning to graduate and for pupils who may leave school before graduation.
   b. To provide technology education for those planning to enroll in an advanced or highly skilled vocational or technical program at the postsecondary level.
   c. To provide instruction in vocationally oriented home economics.
4. Instruction, including registered preapprenticeship training, at the postsecondary level to provide youth under nineteen (19) years of age who have completed high school or left school before high school graduation, who are unemployed and underemployed, including those considered to be disadvantaged or handicapped, with organized programs of instruction to prepare them for gainful employment.
5. Instruction at the postsecondary level to provide persons nineteen (19) years of age and older, who have completed high school or left school before high school graduation, including those considered to be disadvantaged or handicapped, with organized programs of instruction, leading to a certificate or an associate degree in a community college to prepare them for gainful employment.
6. Instruction at the adult level to provide training or retraining to insure stability or advancement in employment to adults who have already entered the labor market and who are employed or seeking employment, including those considered to be disadvantaged or handicapped or vocationally oriented home economics designed to prepare adults for the role of homemaker, or to contribute to the employability of such adults in the dual role of homemaker and wage earner.
7. To provide appropriate special vocational education programming for disadvantaged and handicapped students at appropriate levels of education.
8. To provide activities for students in vocational student organizations as an integral part of the instruction offered in components (2), (3), (4) and (5) above. When vocational student organization activities are conferences, workshops or meetings which require participating students to travel outside their home school district, each such activity shall be approved by the Director, Division of Workforce Development, Department of Education, and placed annually on a published calendar. All vocational student organization conferences, workshops or meetings requiring students to travel outside their home district shall comply with the following rules:
   a. One-day meetings shall be scheduled on any weekday or Saturday. Registration shall not begin before 8:00 a.m. on the date of the meeting.
   b. Two-day meetings shall be held on Thursday, Friday or Saturday except that registration may begin anytime after 6:00 p.m. on the day prior to the opening meeting.
   c. Three-day meetings shall be held on Thursday, Friday, Saturday or Sunday, except that registration may begin anytime after 6:00 p.m. on the day prior to the opening meeting.
   d. No meeting shall be scheduled for more than three (3) days.
   e. No students shall attend a meeting unless the school administration has made arrangement for their chaperonage by responsible adults.
   f. Any secondary school which permits unchaperoned students to participate in a vocational youth organization meeting without reporting the case and its circumstances to the Director, Division of Workforce Development, Department of Education, shall not be approved by the Director to participate in approvable activities for a period of up to one (1) year.
   g. No meeting shall be scheduled unless the sponsor has made adequate arrangements for housing and meeting spaces.
   h. When an unsatisfactory written report of any meeting is filed by the hotel or a participant with the Director, he or she may withhold further approval of meetings of the involved vocational student organization until, in his or her judgment, the situation has been resolved or will not reoccur.
   i. The Director may refuse a place on the published calendar of any vocational student organization activity if the organization fails to provide the information called for on the application form. Copies of the programs or agendas of the organization’s meetings of the previous year are essential information which shall be filed with the application.
   j. The Division Director may assign dates other than those requested when, in the Director’s opinion, the best interests of the entire vocational student organization program will be served.
(k) School principals or teachers shall not permit any student in their school or class to attend any vocational student organization meeting outside the student’s home school district unless that meeting has been approved by the Director, Division of Workforce Development, Department of Education, and is sponsored or conducted by one (1) of the following organizations:

2. Florida Association, Distributive Education Clubs of America.
3. Florida Association, Future Farmers of America.
5. Florida Association of the Vocational Industrial Clubs of America.
7. Florida State Chapter, Phi Beta Lambda.
10. Florida Association of Public Service Students.

Specific Authority 229.053, 233.068, 239.229 FS. Law Implemented 228.041(22), 233.068 FS. History–New 8-18-71, Amended 9-17-72, 10-31-74, Repromulgated 12-5-74, Amended 5-4-76, Formerly 6A-6.65, Amended 8-12-91.

6A-6.0713 Habitual Truancy: Inter-Agency Agreements.

(1) Each district school board and the district office of the Department of Health and Rehabilitative Services shall develop a written agreement to include procedures to be followed by each of these agencies prior to filing with the circuit court a petition for dependency due to habitual truancy.

(2) The procedures shall include at least the following: All requirements of Section 232.19, Florida Statutes, identification of responsibilities for each agency, timeline for completing assigned responsibilities, and provisions for an annual review and necessary revisions of the procedures.

(3) The written agreement shall be approved by the local district administrator of the Department of Health and Rehabilitative Services or designee and the district school superintendent.

Specific Authority 229.053(1) FS., Section 18, Chapter 84-311, Laws of Florida. Law Implemented 39.01(33), 39.403, 232.19 FS. History–New 1-9-85, Formerly 6A-6.713.

6A-6.077 Preapprenticeship Programs.

(1) District school boards and community college boards of trustees shall be authorized to develop and establish preapprenticeship programs when approved by the Director of the Division of Applied Technology and Adult Education and registered with the department of commerce. Such programs:

(a) Shall conform with the uniform preapprenticeship standards established by the Department of Commerce in cooperation with the Division of Applied Technology and Adult Education.

(b) Shall be developed where needed to serve existing and potential registered apprenticeship programs.

(c) Shall be a part of a regular or adult high school program and shall be available to students sixteen (16) years of age and over who have reached an appropriate level of education for entry into an apprenticeship program or a part of a post-secondary program for high school graduates.

(d) Shall have a craft advisory committee composed of representatives of employers and employees of the trade, utilizing available joint apprenticeship committees or approved apprenticeship sponsors.

(e) Shall be established for the number of hours of instruction necessary to meet the requirements of the uniform state standards.

(f) Shall provide facilities and equipment for preapprenticeship programs which conform to criteria prescribed by the Division of Applied Technology and Adult Education.

(g) Shall meet the certification requirements for teachers of industrial education, provided that:

1. Teachers shall have completed an apprenticeship program in the craft for which certification is sought and have worked a minimum of two (2) years as a journeyman in that craft, or

2. Shall have the written endorsement of a majority of the approved apprenticeship sponsors for which the preapprenticeship training is established.

(2) The Division of Applied Technology and Adult Education shall cooperate with the Department of Commerce in establishing uniform preapprenticeship standards, including curricula, standards of admission, training standards and goals, and to provide for a uniform objective standard to measure successful completion of such program.

Specific Authority 229.053(1), 446.052 FS. Law Implemented 446.052 FS. History–New 9-17-72, Repromulgated 12-5-74, Formerly 6A-6.77, Amended 10-18-94.

The procedures for filing and reviewing all appeals to the State Board of Education under provisions of Chapter 96-186, Laws of Florida, shall be as follows:
(1) Within thirty (30) days after the date of a decision of a district school board which denies an application for a Charter School, the applicant may file a written notice of appeal with the Agency Clerk for the Department of Education in Room 1702, The Capitol, Tallahassee, Florida. Copy of the notice of appeal shall be sent to the school board and to each member of the State Board of Education by the applicant on date of filing with the Agency Clerk.

(a) The notice of appeal must include: name and address of applicant; name and address of the school board; date of the school board decision; name and address of applicant’s attorney, if any; precise identification of alleged errors of the school board in rejecting the Charter School application; and written argument limited to specific alleged errors of the school board.

(b) The Charter School application together with available transcripts of all meetings before the district school board in which the application was considered shall be filed as exhibits to the notice of appeal.

(c) Within ten (10) days after filing notice of appeal the school board shall file with the Agency Clerk and submit to each member of the State Board of Education its written arguments limited to the specific alleged errors of the school board as identified in the notice of appeal. Such written arguments required from both parties shall not exceed twenty (20) pages exclusive of any addendum. Information provided in an addendum shall be limited to the actual Charter School application presented to the local board and the transcripts of meetings of the local boards’ actions. Written arguments may be produced by any duplicating or copying process which produces a clear black image on white paper. All written arguments shall be on 8 1/2 × 11 inch paper, double spaced, except quoted material and footnotes, and bound at the top left corner. Typewritten text, including footnotes must be no smaller than ten (10) pitch spacing, and there must be no more than twenty-six (26) lines of text per page. Margins shall be no less than one inch at the top, bottom, left and right.

(d) Failure to meet the requirements herein specified may cause rejection of the submission by the State Board.

(e) The Charter School application, transcripts of meetings before the district school board, and written arguments of the parties shall constitute the record on appeal.

(2) Upon receipt of a timely filed notice of appeal by a Charter School applicant, in accordance with accelerated appeal time constraints as set forth in Chapter 96-186, Laws of Florida, the Agency Clerk shall immediately schedule the matter on the next public meeting agenda of the State Board of Education to be considered within thirty (30) days after filing notice of appeal, with notice to the applicant and the school board of that hearing date.

(a) At the hearing before the State Board of Education, each party will be given a maximum of thirty (30) minutes to allow representative(s) to summarize the written arguments previously submitted to the State Board. No evidence or testimony, only oral argument, will be heard by the State Board at this time.

(3) Upon reviewing the record and hearing oral summaries of written arguments, if presented, the State Board shall then proceed by majority vote to either accept or reject the decision of the district school board and shall then remand the application to the district school board with its written recommendation that the district board approve or deny the application consistent with the State Board’s decision.

6A-6.083 Missing Florida School Children.

(1) The Department shall provide a list of missing Florida school children to school districts on a monthly basis which shall contain the following information, when available: name, date of birth, color of eyes, color of hair, race, sex, height, weight, age, originating agency, incident type, date reported missing, control number, case number, last address, occupation, social security number, drivers’ license number, license plate number, vehicle identification number, known aliases and any remarks. The monthly information shall be provided to the school districts by the Department on either a computer tape or printed form.

(2) Upon determining that information relating to a student matches the information on the most current missing child list, it shall be the responsibility of the school district to contact the local law enforcement agency immediately and provide written notification within seventy-two (72) hours to the Deputy Commissioner for Educational Programs, Department of Education, The Florida Education Center, Tallahassee, Florida 32399, on a form provided by the Department.

(3) The information provided by the school district to the local law enforcement agency and the Department regarding missing children shall be the following: student’s name, race, sex, date of birth, originating agency, case number, school name and address and current home address.

(4) The school district shall follow existing school board policy regarding release of further information in the student’s educational record to law enforcement agencies.

Specific Authority 229.053(1), 973.023(1) FS. Law Implemented 973.023 FS. History–New 3-4-84, Formerly 6A-6.83.

6A-6.084 Adult Fees in School Districts.

(1) The term, fee, as used in this rule means matriculation and tuition fees as defined in Sections 228.041(32) and (33), Florida Statutes, unless otherwise specified.

(2) Each district school board shall establish a fee schedule for students enrolled in adult basic, adult high school, adult job preparatory, adult vocational preparatory, adult vocational supplemental or other adult programs who are reported for funding through the Florida Education Finance Program. A schedule of all fees to be charged by a district school board shall be published annually. The fee shall be paid to the district school board and shall be included in its budget.
(3) Each district school board shall collect a fee for each adult student reported for funding through the Florida Education Finance Program, except an adult student classified as exempt or when the fee is waived. Each school district shall establish a fee for each program which shall vary no more than ten (10) percent from the fee amount established in the General Appropriations Act. Nonresident fees shall be twice the amount of resident fees. A fee shall be charged each adult student based on applicable current fiscal year statutes and rules if the course of instruction began on or after July 1 of the current fiscal year or if the course began prior to July 1 of the current fiscal year and extends through at least the first day of the October full-time equivalent student membership survey period for the current fiscal year. A fee shall be charged each adult student based on applicable prior fiscal year statutes and rules if the course began prior to July 1 of current fiscal year and instruction ended prior to the first day of the October full-time equivalent student membership survey period for the current fiscal year.

(4) An adult student shall be exempt from the payment of a fee provided:

(a) The student does not have a high school diploma or its equivalent and is enrolled in adult basic, adult high school, or vocational preparatory instruction for the purpose of achieving basic literacy or receiving a high school diploma or its equivalent. For the purposes of this exemption, the student who does not have a high school diploma or its equivalent and is enrolled in credit earning vocational job preparatory courses which are to be used by the student to meet the requirements of receiving a high school diploma or its equivalent are considered to be receiving adult high school instruction; or

(b) The student has a high school diploma or its equivalent and is enrolled in adult basic, adult high school, or vocational preparatory instruction and has basic skills which have been determined to be at or below the eighth grade level as provided for by subsection 6A-6.014(4), F.A.C.; or

(c) The student is enrolled in vocational preparatory courses as defined in Section 228.072(4)(a), Florida Statutes; or

(d) The student is a dependent of a deceased or disabled veteran pursuant to Section 295.01 or 295.016, Florida Statutes, and is enrolled in adult basic, adult high school, vocational job preparatory, vocational preparatory or vocational supplemental courses; or

(e) The student is a dependent of a special risk member as defined in Section 121.021(15), Florida Statutes, and is enrolled in adult basic, adult high school, vocational job preparatory, vocational preparatory or vocational supplemental courses; or

(f) The student is enrolled in adult basic, adult high school, vocational job preparatory, vocational preparatory or vocational supplemental courses and meets the criteria of mentally retarded as prescribed in Rule 6A-6.03011, F.A.C.

(g) The student is enrolled in approved apprenticeship programs defined in Section 446.021, Florida Statutes, provided the contributions of facilities, personnel, or equipment made on behalf of the students equal or exceed the value of the fee exemptions.

(h) The student for whom the state is paying a foster care board payment pursuant to Section 409.145(3), Florida Statutes, or Parts III and IV of Chapter 39, Florida Statutes, for whom the permanency planning goal pursuant to Part V of Chapter 39 is long-term care or independent living.

(5) A school district shall waive the fee for the spouse of a deceased state employee, when the spouse is eligible for the payment of a postsecondary student fee by the state as an employer pursuant to Section 440.16, Florida Statutes, for up to 1,800 classroom hours of instruction in any area vocational-technical center established under Section 230.63, Florida Statutes.

(6) A school district may waive adult student fees up to the maximum amount allowed in the General Appropriations Act under criteria established by the district school board for a waiver, including in-kind contributions as provided for in Section 230.645, Florida Statutes.

(7) A school district may charge an audit fee of up to one hundred (100) percent of the established fee for any adult program or course. An adult student auditing a course shall be admitted on a space available basis and shall not be included in full-time equivalent student membership survey for funding under the Florida Education Finance Program. An adult audit student shall not earn credit for degree, diploma, certificate, or other credentialing purposes.

(8) Fees may be deferred from the date of registration or the first day of class, whichever is the later, for those students receiving financial aid, other than veterans benefits, from federal or state assistance programs, where the receipt of such aid by the student is delayed through circumstances beyond the control of the student. Failure by the student to make timely application for such aid shall not be a reason for granting such deferral.

(9) A veteran and other student eligible for benefits under Chapters 30, 31, 32, 34, or 35, Title 38, U. S. Code, or Chapter 106, 10 U. S. C. upon his or her request, shall receive a deferment each time there is a delay in the receipt of their benefits for the payment of tuition fees from the date of registration or the first day of class, whichever is the later.

(10) Charges for fees, books and supplies may be deferred and held in accounts receivable from the date of registration or the first day of class, whichever is the later, for a student for whom the district board has received a written authorization for payment from a business, industry, governmental unit, nonprofit organization or civic organization which is approved by the board or its designee as an authorized organization for underwriting such an obligation.

(11) Fees may be deferred for a student from the date of registration or the first day of class, whichever is the later, up to the next full-time equivalent student membership survey based on district school board adopted criteria of need or an adopted uniform installment payment schedule with the initial payment scheduled at the time of registration or the first day of class.

(12) If a deferred fee has not been collected, the school district shall not earn full-time equivalent student membership for a subsequent course in which a student registers. Each district school board shall adopt rules prescribing the procedures to be followed for the application and approval of deferments. A list of persons for whom fees are deferred and the amount of the fee deferred and collected shall be maintained.
(13) Districts shall report for each full-time equivalent student membership survey period a duplicate count of fee exempt, resident and nonresident fee nonexempt, fee waived, and fee deferred full-time equivalent student membership for each adult program. Districts shall also report the total amount of fees collected from students as required by Section 230.645, Florida Statutes. The value of in-kind contributions accepted in lieu of fees, deferred fees and fees collected from students auditing a course shall not be added to and made a part of the total fee collection amount reported by the district. The district shall also provide a duplicate count of the full-time equivalent student membership for students counted in the July survey for membership in an adult course which begin before July 1 of the current fiscal year and ended prior to the first day of the October full-time equivalent student membership survey period of the current fiscal year.

(14) In calculating the required adult fee requirements as provided in Section 236.081(4)(e), Florida Statutes, the fee collection credit amount as specified in Section 236.081(4)(e)3.e., Florida Statutes, shall include the amount of fees collected as specified in subsection 6A-6.084(13), F.A.C., and the amount of fees deferred in accordance with subsections 6A-6.084(8), (9) and (10), F.A.C., beyond the current full-time equivalent student membership survey period which the reported fee collection amount represents. However, a school district shall collect all deferred fees for a fiscal year prior to the last calculation of Section 236.081(4)(e), Florida Statutes. August 1 subsequent to the end of the fiscal year shall be the final reporting date for a district to amend its reported fee collection dollar amount for the fiscal year. Nothing in this subsection shall be interpreted to negate the requirement of subsection 6A-6.084(12), F.A.C.

(15) Beginning in 1987-88, the formula to be used in calculating the course work, waiver, and deferred fee penalties as prescribed in Section 230.645, Florida Statutes, is as follows: The district’s unweighted full-time equivalent student membership subject to penalty multiplied by the applicable program cost factor in which the student was reported for funding, multiplied by the base student allocation for the year the student was reported for funding, multiplied by the district’s cost differential for the year the student was reported for funding, multiplied by two.

(16) Fees collected annually for recreation and leisure time programs shall be equal to, but not exceed, the cost of providing such programs by a school district.

Specific Authority 228.061(4), 229.053(1), 239.117 FS. Law Implemented 228.061(4), 236.081(4)(e), 239.117, 239.301, 440.16(1)(c) FS. History–New 12-31-86, Amended 8-30-88, 5-2-89.

6A-6.0900 Programs for Limited English Proficient Students.

(1) The education of limited English proficient students is tailored to the student needs through design, scheduling, instructional strategies, philosophy, or learning activities; by the identification, assessment, and the classification process. Programs for limited English proficient students shall utilize either English for Speakers of Other Languages (ESOL) or home language instructional strategies in approach; provide courses leading to English language proficiency; ensure the student’s identification and assessment, classification and reclassification; ensure access to appropriate ESOL/Home language programming and to categorical programming; ensure qualified instructional personnel and monitoring for program compliance, equal access, and program effectiveness.

(2) The education and related services as described above shall be provided in accordance with the rules listed below:

(a) Rule 6A-6.0901, F.A.C., Definitions Which Apply to Programs for Limited English Proficient Students.

(b) Rule 6A-6.0902, F.A.C., Requirements for Identification, Assessment and Programmatic Assessment of Limited English Proficient Students.

(c) Rule 6A-6.0903, F.A.C., Requirements for Classification, Reclassification, and Post Reclassification.

(g) Rule 6A-6.0907, F.A.C., Inservice Requirements for Personnel of Limited English Proficient Students.

(h) Rule 6A-6.0908, F.A.C., Equal Access for Limited English Proficient Students to Programs Other Than ESOL.

(j) Rule 6A-4.0245, F.A.C., Specialization Requirements for Certification in English for Speakers of Other Languages (Grades K-12) – Academic Class.

(k) Rule 6A-1.0503, F.A.C., Definition of Qualified Instructional Personnel.

(l) Rule 6A-4.0244, F.A.C., Specialization Requirements for the Endorsement in English to Speakers of Other Languages – Academic Class.

(m) Rule 6A-1.09441, F.A.C., Requirements for Programs and Courses Which are Funded Through the Florida Education Finance Program and for Which the Student May Earn Credit Toward High School Graduation.

6A-6.0901 Definitions Which Apply to Programs for Limited English Proficient Students.

1. Limited English Proficient Student means a student whose home language is one other than English as determined by a home language survey and whose English aural comprehension, speaking, reading, or writing proficiency is below the average English proficiency level of English speaking students of the same age and grade.

2. LEP means limited English proficient.

3. ESOL means English for Speakers of Other Languages.

4. Home or native language, when used with reference to an individual of limited English proficiency, means the language normally used by such individuals, or in the case of a student, the language normally used by the parents of the student.

5. LEP Committee means a group composed of ESOL teachers and home language teachers, and an administrator or designee plus guidance counselors, social workers, school psychologists or other educators as appropriate for the situation.

6. LEP student plan means a written document which contains the student’s name, instruction by program, including programs other than the ESOL provided, amount of instructional time or the instructional schedule, the date the student’s limited English proficiency is identified, and assessment data used to classify or reclassify the student as limited English proficient, date of exit and assessment data used to exit students as English proficient. The plan may be included in or attached to an existing student plan, individual educational plan, or may be a separate document for a given student or students, provided; however, if for “students,” an individual copy of the plan shall be maintained in each student’s file.

7. Basic ESOL means the teaching of English to persons whose native language is other than English using English language as the medium of instruction.

8. Basic subject areas means instruction in computer literacy, mathematics, science and social studies.

9. Other subject areas means instruction in courses other than basic ESOL and basic subject areas, such as music, physical education and vocational courses.

10. Student supportive services means services provided by guidance counselors, psychologists, social workers, visiting teachers, occupational placement specialists, health service providers, school administrators, district level program coordinators, teachers as advisors, or parents.

6A-6.0902 Requirements for Identification, Assessment and Programmatic Assessment of Limited English Proficient Students.

1. Requirements for identification. Beginning with the 1990-91 school year, each student shall be surveyed upon initial enrollment in a school district, with questions specified in this rule. Students whose initial enrollment in the school district was prior to the 1990-91 school year shall be surveyed unless they have been surveyed previously with the questions provided in this rule. The survey shall contain the following questions:

   a. Is a language other than English used in the home?
   b. Did the student have a first language other than English?
   c. Does the student most frequently speak a language other than English?

The questions may appear on the registration form or a separate survey form. The home language and the national origin of each student shall also be collected and retained in the district’s data system.

2. Assessment to determine eligibility for appropriate services and funding.

   a. Each student who responded “yes” to any question on the home language survey shall be assessed to determine if the student is limited English proficient based on one of the standards set forth in subsection (2) of this rule. Any student identified by the home language survey who also meets one of the standards in subparagraphs (2)(a)1., 2. and 3. of this rule shall be determined to be limited English proficient and shall receive appropriate instruction and funding as specified in Section 233.058, Florida Statutes, as amended by Chapter 90-288, Laws of Florida.

1. Any student who scores within the limited English proficient range as determined by the publisher’s standards on a Department of Education approval aural and oral language proficiency test shall be determined limited English proficient and shall be provided appropriate services.

2. Any student in grade 4 or above, who scores at or below 32nd percentile on reading and writing subparts of a norm referenced test shall be determined to be limited English proficient and shall be provided appropriate services.

3. Any student who is determined not to be limited English proficient or any student determined to be limited English proficient based solely on standards in subparagraph (2)(a)2. of this rule may be referred to a LEP Committee to determine eligibility for appropriate services as a limited English proficient student based upon a parent’s or a teacher’s request. The LEP Committee may determine a student to be limited English proficient or not to be limited English proficient according to consideration of at least two of the following criteria in addition to the test results from subparagraph (2)(a)1. or 2. of this rule:
   a. Extent and nature of prior educational and social experience, and student interview;
   b. Written recommendation and observation by current and previous instructional and supportive services staff;
   c. Level of mastery of basic competencies or skills in English and home language according to appropriate local, state and national criterion-referenced standards;
(b) Each school district shall seek to document the prior schooling experience of limited English proficient students by means of school records, transcripts and other evidence of educational experiences, and take such experiences into account in planning and providing appropriate instruction to such students.

(c) In lieu of the standards in subparagraph (2)(a)1. and 2. of this rule, a school district may use a district-developed or adapted test procedure to assess a student’s limited English proficiency. The procedure must be approved by the Department of Education prior to implementation including an affirmative determination that the instruments and standards utilized are valid and reliable measures of whether or not a student is limited English proficient.

(d) Assessment of each student’s aural and oral proficiency should be completed as soon as possible after the student’s initial enrollment and shall be completed within four weeks unless documented in the following manner:

1. The reason for the delay, evidence that the child is accorded the programming required for limited English proficient students pending the delay, and a specific timetable for completing the assessment.
2. This documentation shall be mailed to the parents in their primary language no later than eight weeks after initial enrollment.
3. A copy shall be retained in the student’s files for a minimum of one year.

(e) Assessment of each student’s reading and writing proficiency shall be completed within one year after the date of enrollment for those students who are not identified as limited English proficient. For students transferring into the school district, assessments completed within one year prior to the date of the student’s transfer may be used. For students enrolled in the district prior to 1990-91 who responded “yes” on the home language survey, assessments, completed within one year of the date the district administered the home language survey may be used.

(f) Assessment of a student’s English proficiency as specified in subparagraphs (2)(a)1. and 2. of this rule shall be completed as rapidly as possible. The student shall receive services until assessment is completed. In the interim, from enrollment to eight weeks, the student shall be eligible for English for Speakers of Other Languages funded services based on a school district interim assessment procedure which shall be described in the school district LEP Plan approved by the Department of Education.

(g) A LEP Committee, after notification to the parent of the opportunity to participate, shall conduct assessments referred to in subsections (2) and (3) of this rule and recommend a limited English proficient student plan for such student.

(h) An eligible student shall be reported for ESOL funding as specified in Section 233.058, Florida Statutes, as amended by Chapter 90-288, Laws of Florida.

(3) Programmatic Assessment.

(a) Each student determined to be limited English proficient shall be further assessed in basic subject areas so as to aid the student’s teacher in developing an appropriate instructional program.

(b) Each school district shall seek to document the prior schooling experience of limited English proficient students by means of school records, transcripts and other evidence of educational experiences, and take such experiences into account in planning and providing appropriate instruction to such students.

(c) Any limited English proficient student’s teacher, administrator, parent or parent’s designee may request the convening of a LEP Committee to review the student’s progress in attaining necessary subject area competencies or in overcoming persistent deficiencies in overall student performance. The LEP committee may be reconvened at any time after a student has been served for a semester. The LEP Committee shall make recommendations for appropriate modifications in the student’s programming to address problems identified and shall document such modifications in the student’s plan.

(1) Classification and reclassification for limited English proficient students.

(a) Each student identified as limited English proficient shall continue to receive appropriate instruction and be reported for funding until such time as the student is reclassified as English proficient. English proficiency shall be determined by reassessing the student utilizing the same or comparable assessment instruments, procedures and standards, adjusted for age and grade level, used to determine the student’s eligibility assessment.

(b) A student who has been classified as limited English proficient and enrolled in an English for speakers of other languages program may be reassessed utilizing additional information upon the request of an English for speakers of other languages teacher, counselor, administrator or parent. The LEP Committee may use other assessment information to determine that the student should be exited from the ESOL program if the committee determines that another instructional program or combination of instructional programs better meets the needs of the student. The documentation of the assessment instruments used and the justification for such action shall be retained in the student’s records.
(c) A limited English proficient student shall be enrolled in one or more programs other than English for speakers of other languages programs based on eligibility and need. The amount of time the student is assigned to such a program(s) shall be comparable to that assigned non-limited English proficient students under similar conditions, provided; however, the student assigned full time to a program other than ESOL shall be provided English and basic subject area instruction as required by Rule 6A-6.0904, F.A.C., as soon as possible.

(d) A limited English proficient student may only be reclassified as English proficient utilizing the procedures in paragraphs (1)(a) and (b) of this rule.

(e) Extension of time in the ESOL program for limited English proficient students shall be determined by applying the multiple criteria for entry as specified in Rule 6A-6.0902, F.A.C., and the LEP Committee procedure. This extension of instruction shall be provided to all limited English proficient students not satisfying the standards in this subsection and to all other limited English proficient students on an individualized basis whose aural and oral proficiency testing and achievement results in English are not consistent. A LEP Committee considering the extension of programming for such students shall refer the students as necessary, for appropriate compensatory, special and supportive services evaluations, and programs.

(f) Limited English proficient students provided ESOL or home language instruction may be reported for funding in the Florida Educational Finance Program as specified in Section 233.058, Florida Statutes, as amended by Chapter 90-288, Laws of Florida.

(2) Post Reclassification.

(a) The performance of former limited English proficient students shall be reviewed periodically to ensure parity of participation once they have been classified as English proficient. These reviews shall take place automatically at the student’s first report card and semi-annually during the first year after exiting. Any consistent pattern of either under-performance on appropriate tests or failing grades shall result in the convening of a LEP Committee, with parental participation, to assess the student’s need for additional appropriate programming such as ESOL or other needed programs. Special consideration shall be given to any decline in grades and decline in test performance and to parent preference.

(b) The LEP Committee shall recommend an appropriate student LEP Plan for students reclassified as limited English proficient. The basis and nature of such recommendations shall be in writing and maintained in the student’s file. Any such plan shall be reevaluated for continued appropriateness after one year, and each year thereafter as necessary.

(c) Any student who is reclassified as limited English proficient shall be provided appropriate instruction on the basis of an annual extension pursuant to a documented determination of the student’s needs.

(d) A student who exits the program and is later reclassified as limited English proficient, may be reported in the ESOL program, as specified in Section 233.053, Florida Statutes, as amended by Chapter 90-288, Laws of Florida.

(e) Lack of a students’ ESOL funding eligibility does not relieve a school district of any obligation it may have under state or federal law to continue to provide appropriate services to limited English proficient students beyond the state ESOL program funding limits.

(1) Each limited English proficient student shall be enrolled in programming appropriate for his or her level of English proficiency and academic potential. Appropriate programming includes enrollment in programs other than ESOL funded programs as provided in Rule 6A-6.0908, F.A.C. Such programs shall seek to develop each student’s English language proficiency and academic potential.

(a) Limited English proficient students shall have equal access to appropriate programs which shall include state funded ESOL instruction and instruction in basic subject areas which are understandable to limited English proficient students and equal and comparable in amount, scope, sequence and quality to that provided to English proficient students. Programming shall be documented in the form of a limited English proficient student plan.

(b) Limited English proficient students with special needs and in need of additional services shall be provided equal and comparable services to those provided to English proficient students on a timely basis and appropriate to the level of English proficiency.

(c) Limited English proficient students who, by the end of grade 12 fail to meet the 10th grade statewide assessment, shall be provided appropriate programming as specified in Rule 6A-6.0909, F.A.C.

(d) Limited English proficient students shall be given credit toward fulfilling graduation requirements in English for each basic ESOL course completed satisfactorily. Credit shall be given toward fulfilling graduation requirements for each basic subject area course completed satisfactorily through ESOL or home language.

(2) Basic ESOL instruction.

(a) Basic ESOL programs shall include instruction to develop sufficient skills in speaking, listening, reading and writing English to enable the student to be English proficient.
(b) Limited English proficient students shall be classified according to their levels of English language proficiency, academic achievement, and special needs, and shall be placed in programming appropriate for these levels. Basic ESOL instruction may be provided in heterogeneous classroom settings, such as multiple language groups.

(c) A limited English proficient student shall be provided basic ESOL programming for the minimum number of hours per day or week, as specified in the individual limited English proficient student plan. Such plans shall specify that each student receive, at minimum, the amount of basic ESOL instruction which may include special or alternative language arts necessary to attain parity of participation with non-limited English proficient students in language arts. The limited English proficient student shall not receive less than the total amount of instruction received by a non-limited English proficient student at the same grade level.

(d) Basic ESOL services shall seek to prepare students for reclassification as soon as the student has attained a sufficient level of English language proficiency and academic achievement according to the entry and exit standards set forth in Rules 6A-6.0902 and 6A-6.0903, F.A.C.

(e) A student’s ESOL teacher, parent or parent’s designee, or other school personnel may request the convening of a LEP Committee at any time after the end of the student’s first semester in the program to identify any special problems which may be hindering a student’s progress in ESOL. A LEP Committee shall make appropriate recommendations, as necessary, for the modification of the student’s LEP Plan. The nature and basis of such modification, if any, shall be documented in each student’s LEP Plan.

(f) The Commissioner of Education shall develop or identify standards and criteria for evaluating the appropriateness of basic ESOL instruction in each district. These standards shall be consistent with state-required curriculum frameworks and student performance standards.

(g) Basic ESOL instruction shall be provided by appropriately qualified personnel.

(3) ESOL instructional and home language instructional strategies in basic subject areas.

(a) School districts shall provide appropriate home language instruction or ESOL content instruction or a combination of the two in basic subject areas in addition to basic ESOL instruction. Examples of appropriate ESOL instruction in basic subject areas include “ESOL content,” “sheltered,” “structured” and similar ESOL strategies.

(b) School districts are encouraged to use grouping, clustering, and transporting of students where practical and feasible within and between districts to achieve compliance with these standards.

(4) ESOL instruction in basic subject areas.

(a) A district that provides instruction, in whole or in part, through ESOL strategies shall assure and be able to document that:

1. Each course has been structured in conformity with ESOL strategies for teaching limited English proficient students basic subject matter;
2. Each course is taught by qualified personnel and that appropriate instructional materials are available to such personnel; and
3. Limited English proficient students are learning and progressing towards completion of requirements as specified in the school district’s pupil progression plan.

(b) The focus of instruction shall be substantive subject matter knowledge parallel and comparable to that provided to non-limited English proficient students in basic subject areas, consistent with state curriculum frameworks, and student performance standards.

(c) Limited English proficient students in ESOL basic subject area classrooms shall have access to an individual proficient in their languages in addition to a trained ESOL subject area teacher. Schools with at least fifteen students speaking the same home language shall provide at least one aide or teacher who is proficient in the same home language and who is trained to assist in ESOL basic subject area instruction.

(d) The Commissioner of Education shall develop or identify standards and criteria for evaluating the appropriateness of the ESOL instruction in basic subject areas.

(5) Home language instruction in basic subject areas.

(a) A district that provides instruction, in whole or in part, through home language instruction shall assure and be able to document that:

1. Each course has been structured in conformity with bilingual strategies for teaching limited English proficient students basic subject matter;
2. Each course is taught by qualified personnel and that appropriate instructional materials are available to such personnel; and
3. Limited English proficient students are learning and progressing towards completion of requirements as specified in the district’s pupil progression plan.

(b) The focus of instruction shall be substantive subject matter knowledge parallel and comparable to that provided to non-limited English proficient students in basic subjects, consistent with state curriculum frameworks, and student performance standards. Such instruction shall incorporate appropriate instructional materials and comparable home language texts when available.

(c) The Commissioner of Education shall develop or identify standards and criteria for evaluating the appropriateness of the home language instruction in basic subject areas.

(6) Interim measures.

(a) Limited English proficient students shall receive an instructional program which includes basic ESOL instruction and understandable instruction in basic subject areas.
(b) In recognition that appropriately trained personnel might not be available to each student to provide each component, an action plan shall be developed at each school and for each district setting forth the following:

1. The number of students by language group who are denied any one or more of the programming required herein;
2. The documentation of the district’s efforts and lack of success in recruiting, hiring, or training appropriately qualified staff for such programs;
3. Specific activities and timelines for recruiting, hiring and training needed staff; and
4. A plan of interim measures which must include inservice training programs, utilization of native speaking aides, active language materials and other elements designed to assure that each student’s English language barrier is addressed in an instructionally sound manner.

(7) Parental involvement.

(a) Parental involvement and participation in limited English proficient students’ educational programming and academic achievement shall be promoted, among other ways, by establishing parent leadership councils at each school, or at the district level, composed in the majority of parents of limited English proficient students.

1. Parent leadership council should be promoted.
2. Parents shall be provided training and orientation regarding program monitoring procedures and involvement procedures available to parents of limited English proficient students.

(b) Parents shall be informed of the opportunity to be represented on existing school and district advisory committees.

(c) Parents shall be notified in writing of the student’s initial membership in an assigned program. Notification shall be in language that the parent understands.

(1) Each school district shall submit a school district LEP plan to the Department of Education describing the district’s proposed procedures and methodologies for serving limited English proficient students and must receive the Commissioner of Education’s approval prior to program implementation.

(2) Councils representing parents of limited English proficient students shall be consulted prior to the submission of the school district LEP plans to the Department of Education.

(3) The Department of Education shall review the school district LEP plan and approve, disapprove, or return for clarification or further elaboration within sixty days of submission.

(4) A school district LEP plan shall be updated and resubmitted every three years. Interim changes in the plans shall be submitted as amendments to the Department of Education and must be approved by the Commissioner prior to implementation.

(5) School district LEP plan format. The school district LEP plan shall include at least the following information.

(a) Introduction.

1. A description of the school district’s philosophy of limited English proficient programs, which shall include information on the district and school-level procedures and methodologies, the number of students, identification of languages involved and strategies intended to provide equal educational opportunities to limited English proficient students.

2. An overview of the school district’s LEP plan that summarizes the contents of the plan and specifies appropriate programming.

(b) General section.

1. A general section to include descriptions of district strategies regarding:
   a. Standards for entry, exit and post reclassification monitoring including test and scores to be used;
   b. Instructional categorical and student services such as counseling; and
   c. Statement of procedures to employ qualified staff, including procedures used to monitor the oral language proficiency of teachers of limited English proficient students in math, science, social studies or computer literacy courses in limited English proficient student’s home language using criteria specified in Rule 6A-6.0904, F.A.C., as well as, all relevant provisions.

2. A summary of evidence of consultation with the district’s parent leadership council composed of parents of limited English proficient students or other parent advisory body representative of parents of limited English proficient students; and

3. Interim measures for providing instructional services to limited English proficient students when appropriate personnel are not available to provide basic ESOL instruction and understandable instruction in basic subject areas as set forth in Rule 6A-6.0904, F.A.C. Measures shall be developed at each school.

(6) A school district LEP plan shall incorporate home language instruction in basic subject areas such as transitional or development bilingual education or ESOL instruction in basic subject areas, such as “structured” or “sheltered” instructional strategies, in addition to basic ESOL instruction. The plan shall describe how the district intends to provide each limited English proficient student with the opportunity to learn the academic English subject matter vocabulary necessary for academic success.

(a) The school district shall specify how it will meet the needs of students in the home language using teachers, aides, parents, volunteers and students proficient in the language.
(b) The school district LEP plan shall include a statement of assurance for compliance with Federal and state laws and regulations.

(c) The school district LEP plan shall include a statement which addresses credit towards graduation requirements for basic ESOL courses and ESOL and home language basic subject areas courses.

6A-6.0906 Monitoring of Programs for Limited English Proficient Students.
The Florida Department of Education shall monitor districts to ensure compliance with Rules 6A-6.0900 through 6A-6.0909, F.A.C., and all applicable federal and state laws and regulations including Sections 229.565 and 228.2001, Florida Statutes. Monitoring shall include periodic reviews of the following areas:

(1) Program compliance.
   (a) Monitoring shall be in conjunction with and reports shall be consistent with the comprehensive monitoring system of the Division of Public Schools in accordance with Rule 6A-1.0453, F.A.C.
   (b) Compliance shall be determined and documented in the following areas:
      1. Identification, assessment and programmatic assessment of limited English proficient students as defined in Rule 6A-6.0902, F.A.C.;
      2. Provision for and implementation of basic ESOL instruction, ESOL instruction in basic subject areas, or home language instruction in basic subject areas as defined in Rule 6A-6.0904, F.A.C.;
      3. Employment of qualified personnel as defined in Rules 6A-6.0907 and 6A-1.09441, F.A.C.; and
      4. Parental involvement as defined in Rule 6A-6.0904, F.A.C.
   (c) When applicable, compliance with the following categorical program and supportive service area requirements as provided in law and rule:
      1. Compensatory education;
      2. Exceptional student education;
      3. Dropout prevention;
      4. Pre-kindergarten;
      5. Chapter 2;
      6. Pre-first grade classes;
      7. Vocational;
      8. Adult;
      9. Student services; and
      10. Extended day.
   (d) Periodic reviews of local district compliance with the Florida Educational Equity Act shall include a review of requirements in Chapter 6A-19, F.A.C., with regard to equal access to categorical programming for eligible national minority students. Reviews will be conducted in accordance with Rules 6A-19.010 and 6A-1.0453, F.A.C.
   (e) Data shall be collected annually for all students by the school district and the Department of Education in the following areas:
      1. Student’s home language,
      2. Student’s national origin, and
      3. Student classified as limited English proficient.
   (f) Data shall be collected annually for limited English proficient students by the school district and the Department of Education in the following areas:
      1. Student classified as English proficient,
      2. Student reclassified as limited English proficient,
      3. Student reclassified as limited English proficient but not receiving programming as required in Rule 6A-6.0904, F.A.C.,
      4. Student in Chapter I Program,
      5. Student passing competency test,
      6. Student not passing competency test,
      7. Student in compensatory education program,
      8. Student in exceptional student education program,
      9. Student in dropout prevention program,
      10. Student in prekindergarten program, and
      11. Student in Chapter II Program.
   (2) Program effectiveness evaluation.
      (a) The Department of Education shall design an evaluation system containing output measures by October 1, 1991. The state data system shall be amended to include needed data items between October 1, 1991, and June 30, 1992. The evaluation shall be implemented in the 1992-93 school year.
(b) The goals of program effectiveness evaluations are to more effectively measure outcomes and to substitute, where appropriate, outcome measures for measures contained elsewhere in rules.

(c) The Department of Education shall conduct an equal access data review of all school districts within a three year period in order to ascertain any major deviation from expected data patterns. Where deviations are noted, the school district shall be informed and shall be required to address the issue and report action taken. The district profiles shall include a comparison of (1) national origin minority students, (2) students who are not national origin minorities, and (3) limited English proficient students on the following indicators such as participation in categorical programs, participation in special programs in the Florida Education Finance Program, and participation in targeted academic courses.

(d) Data shall be analyzed to determine program effectiveness in such areas as, but not limited to:
   1. Acquisition of English language skills by limited English proficient students sufficient for parity of participation with non-limited English proficient students within a reasonable period of time;
   2. Progression toward completion of requirements specified in each district’s pupil progression plan as evidenced by a comparison of limited English and non-limited English speaking students;
   3. Comparison of limited English and non-limited English speaking students by race/ethnic, national origin and district by the data identified in this subsection; and
   4. Comparison of student identification and student exit data from ESOL programs of limited English proficient students and by home language by district and state.

(e) Data shall be collected annually for all students by school district and the Department of Education in the following areas:
   1. Retention rates,
   2. Graduation rates,
   3. Dropout rates,
   4. Grade point average,
   5. State assessment test scores, and
   6. Students classified as LEP exiting the ESOL program by home language by year.

(3) Monitoring procedures.

(a) The Department of Education shall develop annually a summary report of the results of the monitoring review or the program evaluation.

(b) Each district shall retain documentation to verify compliance with the requirements of law and rules applicable to programs for limited English proficient students.

(c) The Department of Education shall prepare and distribute to the school district a report of findings and recommendations or corrective actions on monitoring compliance or effectiveness evaluation. Copies of all reports shall be retained in the individual districts as well as by the Department.

(d) The Department of Education monitoring activities shall be planned and undertaken with appropriate consultation and participation of councils representing parents of limited English proficient students. Each district shall be responsible for making a copy of any monitoring report available to councils representing parents of limited English proficient students.

(e) The Department of Education shall designate employees to provide technical assistance to those school districts which data suggest that inadequate or inappropriate services are being provided to limited English proficient students. Such technical assistance shall include:
   1. Joint determination of practices to be investigated by the local school district,
   2. Involvement of the limited English proficient parent group and school district personnel in determining actions to improve the situation, and
   3. A summary report to the Division of Public Schools. The data for school districts receiving technical assistance as described above shall be reviewed the following year to identify the impact of any changes made.

(f) Any documented major deviation from expected data patterns or compliance criteria shall require that the district submit to the Department of Education a written explanation of the situation and any action taken.

(g) Technical assistance shall be made available to any district with data which indicates that inadequate or inappropriate services are being provided to limited English proficient students.

(h) Districts shall be subject to the procedures and sanctions as set forth in Section 229.565(4), Florida Statutes.

6A-6.0907 Inservice Requirements for Personnel of Limited English Proficient Students.

(1) Inservice standards for teachers of math, science, social studies, or computer literacy using ESOL instructional strategies who do not hold a valid certificate with ESOL endorsement or coverage:
a) Any teacher using ESOL strategies to teach math, science, social studies, or computer literacy assigned to instruct limited English proficient students on September 15, 1990, or for the first time in any given school year thereafter shall complete at least sixty points of inservice training or three semester hours of college credit in methods of teaching English to speakers of other languages, ESOL curriculum and materials development, cross-cultural communications and understanding, or testing and evaluation of ESOL by September 15 of the following year, or

b) Teachers who had appropriate certification as specified in the 1989-90 Course Code Directory as adopted by reference in Rule 6A-1.09441, F.A.C., for the subjects and grades taught and have completed prior to the 1990-91 school year, at least two years of successful teaching using ESOL strategies to teach math, science, social studies or computer literacy to limited English proficient students as verified in writing by the superintendent, shall complete sixty points of inservice training or three semester hours in methods of teaching English to speakers of other languages, ESOL curriculum and materials development, cross-cultural communications and understanding or testing and evaluation of ESOL. The sixty points of inservice training or the three semester hours of college credit shall be completed for the first certificate renewal after July 1, 1990. The school district shall maintain records on how the teacher was evaluated as successful. The experience in a basic subject area ESOL class, acceptable as provided herein, shall have been taught using ESOL strategies.

c) Inservice points or credit earned in fulfillment of this subsection may be used toward meeting three of the six semester hours renewal requirements for that validity period.

2. Inservice standards for teachers of math, science, social studies, or computer literacy using home language instructional strategies who do not hold a valid certificate with ESOL endorsement or coverage:

a) Any teachers using home language strategies to teach math, science, social studies or computer literacy assigned to instruct limited English proficient students on September 15, 1990, or for the first time in any given school year thereafter shall complete at least sixty points of inservice training or three semester hours of college credit in methods of teaching home language, home language curriculum and materials development, or testing and evaluation in the home language by September 15 of the following year, or

b) Teachers who had appropriate certification as specified in the 1989-90 Course Code Directory as adopted by reference in Rule 6A-1.09441, F.A.C., for the subject and grades taught and have completed, prior to the 1990-91 school year, at least two years of successful teaching of math, science, social studies or computer literacy through the home language strategies, as verified in writing by the superintendent, shall complete sixty points of inservice training or three semester hours of college credit in methods of teaching home language, home language curriculum and materials development, or testing and evaluation in the home language. The sixty points of inservice training or three semester hours of college credit shall be completed for the first certificate renewal after July 1, 1990. The school district shall maintain records on how the teacher was evaluated as being successful. The experience in a basic subject area class acceptable as provided herein shall have been taught using home language strategies.

c) Inservice points or credit earned in fulfillment of this subsection may be used toward meeting three of the six semester hours renewal requirements for that validity period.

d) Teachers who are instructing limited English proficient students in math, science, social studies, or computer literacy in the student’s home language on September 15 of any given school year shall have met by September 15 of the subsequent year the following:

1. A passing grade on a language examination designed to determine whether a person has a language proficiency necessary to teach elementary or secondary students in that language. The Florida Department of Education shall develop by October 1, 1990, a list of approved tests. A district which wishes to use an alternative examination shall submit it to the Florida Department of Education for approval prior to its utilization, or

2. A Florida foreign language certification coverage in the language which the teacher will utilize to instruct limited English proficient students.

3) Inservice standards for teachers of limited English proficient students in subjects other than English, math, science, social studies or computer literacy who did not hold a valid certificate with ESOL endorsement or coverage:

a) Any teacher assigned to instruct limited English proficient students in subjects other than English, math, science, social studies or computer literacy on September 15, 1990, or for the first time in any given school year thereafter shall complete at least eighteen points of inservice training or three semester hours of college credit methods of teaching English to speakers of other languages, ESOL curriculum and materials development, cross-cultural communications and understanding, or testing and evaluation of ESOL by September 15 of the following year. Inservice training shall be provided during three full planning days or by other means approved in the district’s LEP plan, or

b) Teachers who had appropriate certification as specified in the 1989-90 Course Code Directory as adopted by reference in Rule 6A-1.09441, F.A.C., for the subject(s) and grades taught and have completed, prior to the 1990-91 school year, at least one year of successful teaching of other subject areas, to limited English proficient students, as verified in writing by the superintendent, shall complete sixty hours of inservice training or three semester hours of college credit in methods of teaching English to speakers of other languages, ESOL curriculum and materials development, cross-cultural communications and understanding, or testing and evaluation of ESOL. The sixty hours of inservice training or three semester hours of college credit shall be completed for the first certificate renewal after July 1, 1990. The school district shall maintain records on how the teacher was evaluated as being successful.
(c) Inservice points or credit earned in fulfillment of this subsection may be used toward meeting three of six semester hours renewal requirement for that validity period.

(4) Implementation schedule for this rule.
(a) Principles of Implementation.
1. Except as set forth in this subsection, any teacher required to have an endorsement or training pursuant to this rule shall complete such training within one year of his or her initial assignment.
2. Exceptions to subsection (4) of this rule.
   a. A beginning teacher shall complete the in-service requirements within two years of initial assignment.
   b. A teacher required to have an ESOL endorsement on a certificate pursuant to this rule shall complete course work required for such endorsement within three calendar years of his or her initial assignment.
(b) Interim measures. In recognition that this rule will require large numbers of teachers to be trained for the first time and that this poses a burden for school districts, the following interim measures will be in effect until 1993-94, except as specified herein:
1. During the 1990-91 school year, the following steps shall be taken to provide for a phase-in of the requirements of this rule:
   a. Each school district shall conduct a survey of its limited English proficient students and based on the survey shall determine the number of teachers by school who need to be trained under this rule. Such survey will be completed by February, 1991.
   b. Each school district shall establish a program to assure that all ESOL basic teachers needing training shall initiate training by the beginning of the 1991-92 school year and shall complete such training by the beginning of the 1994-95 school year.
   c. Each school district shall project the number of ESOL subject matter teachers and home language basic subject matter teachers needed by the district and shall initiate a program which will assure that the grouping of teachers with the largest number shall begin training by the beginning of the 1991-92 school year and complete such training by the beginning of the 1993-94 school year and that the grouping of teachers with the lesser number shall begin training by the beginning of the 1991-92 school year and complete such training by the beginning of the 1994-95 school year.
   d. Each school district shall also develop and implement a training and informational program for administrators, including principals, concerning this rule and the educational needs of limited English proficient students.
2. Beginning in the 1991-92 school year those teachers requiring inservice training pursuant to rule shall complete such training within a school year. Each year thereafter those teachers who have not already completed the training shall complete the requisite training.
3. Those teachers who must complete specified credit or inservice points for certification renewal pursuant to this rule shall complete such training by the following time periods: Those whose validity period ends prior to July 1, 1993, shall complete requirements by June 1992; those whose validity period ends July 1, 1994, shall complete requirements by June 1993; those whose validity period ends July 1, 1995, shall complete requirements by June 1994.

(5) Inservice training program standards. Programs set forth herein which enable teachers to meet requirements through inservice points shall meet the following standards:
(a) The inservice time shall be divided between contact time and supervised practicum.
(b) The inservice training time allotted for methods of teaching English to speakers of other languages, ESOL curriculum and materials development, cross-cultural communications and understanding, and testing and evaluation of ESOL as set forth in subsections (1) and (3) of this rule shall be appropriately divided, or
(c) The inservice training time allotted for methods of teaching home language, home language curriculum and materials development, and testing and evaluation in the home language as set forth in subsection (2) of this rule shall be appropriately divided.
(d) A set of performance competencies with post-tests shall be developed by each district in their master inservice plan for all the inservice training provided in fulfillment of this rule.
(e) Trainers of home language teachers, where possible, shall be persons who speak the targeted home language.
(f) Each inservice program developed to meet the requirements of this rule shall be approved by the Florida Department of Education and shall be monitored at least once every three years to assure that the standards set forth herein are met.
(g) Up to sixty inservice points or three semester hours earned in meeting the requirements as specified in subsections (1), (2) or (3), F.A.C. of this rule may be used by a teacher for certificate renewal.
(h) Each district shall retain records for each teacher and aide that successfully completed the inservice requirements.
(i) Each school district shall develop and implement an inservice program for teacher aides who work with limited English proficient students.
(j) Each school district shall develop and implement the inservice requirements contained in this rule in the district’s master inservice plan.

(8) Each district shall develop and implement training components, in addition to the requirements in this rule, needed to increase the effectiveness and efficiency of the program(s) provided to limited English proficient students.

(9) The Department of Education shall provide technical assistance, including technological assistance where feasible, to school districts in the implementation of the inservice training.

(10) During the 1992-93 school year, the Department of Education shall conduct an evaluation of the system of inservice provided in this rule, and shall make recommendations for revising the system based on analysis of student outcome measures.
6A-6.0908 Equal Access for Limited English Proficient Students to Programs Other Than ESOL.

(1) Limited English proficient students, including refugees and other immigrants, racial and national origin minority students, shall be entitled to equal access to programs and services other than ESOL, such as, but not limited to compensatory, exceptional, early childhood, pre-first grade, vocational, adult education, Chapter 2, dropout prevention, extended day, and supportive services regardless of the funding sources.

(2) Home-school communication. All written and oral communication between a school district’s personnel and parents of current or former limited English proficient students shall be in the parents’ primary language or other mode of communication commonly used by the parents unless clearly not feasible.

(3) National origin minority or limited English proficient students shall not be subjected to any disciplinary action because of their use of a language other than English.

(4) Any person or organization may file a complaint alleging violation of Rules 6A-6.0900 through 6A-6.0909, F.A.C., with the Florida Department of Education.

(a) Complaints shall be specific and in writing.
(b) Findings shall be reported to the district and complainant within sixty days after receipt of the complaint.
(c) Corrective actions shall be required for any confirmed violation.
(d) The complaint process is independent of an individual’s rights under state and federal laws.

(5) Exceptional student education referral. The school district shall ensure that an exceptional student referred for placement into programs for limited English proficient students shall have an individual educational plan, IEP, review prior to that placement. A staff representative of the IEP Committee shall be invited to participate in that review.

6A-6.0909 Exemptions Provided to Limited English Proficient Students.

(1) Students in grades 4 and 7, who have been in an ESOL program for two or fewer years may be exempted from participation in the statewide assessment program.

(2) Each school district shall offer alternatives to the statewide assessment program for the measurement of minimum standards in grades 4 and 7.

(a) The alternatives shall measure the same minimum standards as those measured by the statewide assessment program provided, however, that methods appropriate for the limited English proficient student are used.

(b) Remedial programming shall be provided to those students who do not meet the performance standards of the statewide assessment program.

(3) Limited English proficient students who have completed the credits required for graduation and who have failed to meet the 10th grade standards as measured by SSAT-I and II or alternative statewide assessment program shall be eligible for compensatory education for “a thirteenth year” as provided in Section 232.246(10), Florida Statutes.

(a) Alternative methods of meeting the standards of the SSAT-I or alternative statewide assessment program standards shall be used, where feasible, for limited English proficient students who are unable to demonstrate mastery of the standards due to deficiencies in language proficiency.

(b) Limited English proficient students who failed to meet the standards after completing the “thirteenth year” may be eligible to be reported for FTE funding in the appropriate courses in the adult education program of the Florida Education Finance Program.

(4) The Department of Education shall assist the district in identifying or developing the alternative methods referenced in subsections (2) and (3) of this rule.

(5) If the number of limited English proficient students in a district is fewer than ten within a radius of twenty miles of a given school or within the school attendance zone, whichever is larger, a district may apply to the Florida Department of Education for an exemption from the delivery of basic ESOL through an ESOL teacher for this group of students. Exemptions shall be granted on a one year basis, are renewable, and may be granted only if the district documents specific efforts to address the English language needs of its students.

(6) The Florida Department of Education shall review annually the personnel utilized in teaching limited English proficient students by program for the purpose of identifying the areas of need as “critical teacher shortage” areas. The State Board of Education shall take all necessary steps to assure that the benefits set forth in Sections 240.4062 and 240.4064, Florida Statutes, shall be made available to teachers in critical teacher shortage areas.

(7) Upon verification by a superintendent that the district has been unsuccessful in recruiting ESOL basic, ESOL subject matter, or home language instructors, and that certain positions at given schools cannot be filled during any school year with a person who meets the certification requirements in the Course Code Directory as adopted by reference in Rule 6A-1.09441, F.A.C., or the inservice requirements as specified in Rule 6A-6.0907, F.A.C., a teacher who does not meet the requirements may be assigned to such a classroom on conditions that meet the terms of Rule 6A-1.0503, F.A.C.

1. The Department of Education shall provide accommodations for limited English proficient (LEP) students to enable them to fully participate in the statewide assessment program as defined in Section 229.57, Florida Statutes.

2. Each school board shall utilize appropriate test accommodations within the limits prescribed herein. School district personnel are required to implement the accommodations in a manner that ensures the test responses are the independent work of the student. Personnel are prohibited from assisting a student in determining how the student will respond or directing or leading the student to a particular response.

3. School districts shall offer test accommodations to LEP students who currently are receiving services in a program operated in accordance with an approved district LEP plan. The assessment tests may be administered with any one or a combination of the accommodations authorized herein that are determined to be appropriate for the individual student. Accommodations for statewide assessment tests shall include:

   a. High School Competency Test and Florida Comprehensive Assessment Test.
   1. Students may be given additional time to complete each test section, and the entire test may be administered over one or more days. Students who begin any individual section of the test shall complete it in the same school day.
   2. Students may be given access to English-to-heritage language/heritage language-to-English dictionaries such as those made available to LEP students in an instructional setting. A dictionary written exclusively in the heritage language or in English shall not be provided.
   3. Students may be given the opportunity to be tested in a separate room with the English for Speakers of Other Languages (ESOL) or heritage language teacher serving as test administrator. If the student is not of legal age, the parents of said student shall be informed of this particular accommodation and shall be given the opportunity to select the preferred method of test administration.
   4. Students taking the mathematics test section may be provided limited assistance by the ESOL or heritage language teacher using the student’s heritage language. This assistance shall be as follows:
      a. The teacher may answer student inquiries related to any of the test directions.
      b. The teacher may answer specific inquiries concerning a word or phrase in a particular test question that is confusing the student because of limited English proficiency. In no case shall assistance be given the student in actually solving the mathematics questions.
      c. Questions for clarification posed by individual students must be answered on an individual basis by the test administrator to prevent interference with another student’s ability to concentrate.
   5. Students taking the communications or reading test sections may be provided limited assistance by the ESOL or heritage language teacher using the student’s heritage language. This assistance shall be as follows:
      a. The teacher may answer student inquiries related to any of the general test directions as long as the student is not unmistakably led to infer the correct answer to any of the questions.
      b. The teacher shall not answer students’ inquiries about the reading passages, the question stems, or answer alternatives.
      c. The students may have access to the dictionary specified in subparagraph (3)(a)2., F.A.C., of this rule, but the student is expected to read the reading passage, the question stems, and the answer alternatives in English.

   b. Writing Assessment Test.
   1. Flexible setting. Students may be given the opportunity to be tested in a separate room with the ESOL or heritage language teacher serving as test administrator. If the student is not of legal age, the parents of said student shall be informed of this particular accommodation and shall be given the opportunity to select the preferred method of test administration.
   2. Assistance in the heritage language. The ESOL or heritage language teacher may answer student questions about the general test directions in their heritage language, but the teacher is prohibited from answering questions about the writing prompt.
   3. Flexible scheduling. Students may take the test during several brief sessions within one school day. All testing must be completed within the prescribed testing period shown in the test administration manual.
   4. Flexible timing. Students may be provided additional time beyond the time limit specified in the test administration manual for administration of the test to non-LEP students.
   5. Dictionary. LEP students may have access to English-to-heritage language/heritage language-to-English dictionaries, such as those made available to LEP students in an instructional setting. A dictionary written exclusively in the heritage language or in English shall not be provided.

4. Each school board shall establish procedures whereby training shall be provided to the ESOL or heritage language teacher who is administering any of the statewide assessment tests. The training shall be designed to teach the teacher how to administer the statewide assessment tests within the limits prescribed in this rule.

5. Limited English proficient students who otherwise are classified as exceptional education or handicapped students shall be afforded the additional test accommodations specified in Rule 6A-1.0943, F.A.C.

6A-6.0910 School-Age Child Care.
School districts are hereby authorized to establish school-age child care programs, utilizing existing public school facilities and other appropriate facilities available for such purposes. The following principles apply for such programs:

(1) School based programs. By agreement between the Department of Education and the Department of Health and Rehabilitative Services where school age child care programs utilize facilities and employees of the school board, the operation of the child care facility shall be in accordance with the rules and regulations of the State Board of Education and the district school board. Such programs are not required to comply with the requirement of the Department of Health and Rehabilitative Services.

(2) Contracted services. School age child care facilities that are provided by a school district by contracting with a private agency must comply with all the rules and regulations of the Department of Health and Rehabilitative Services relating to child care facilities. Such facilities must be licensed pursuant to Section 402.305, Florida Statutes.

Specific Authority 228.0617(10), 229.053(1) FS. Law Implemented 228.061, 228.0617 FS. History–New 10-16-91.

6A-7.0335 Regional Centers for Implementing Services to Individuals with Autism, Pervasive Developmental Disorders, Autistic-like Disabilities, Dual Sensory Impairments, or Sensory Impairment with Other Disabling Conditions.

(1) Eligibility. Individuals of all ages with significant communication or significant behavior problems are eligible for regional center services if an individual has been diagnosed as having autism, pervasive developmental disorder, autistic-like disability, dual sensory impairment, or sensory impairment with other disabling conditions. The centers shall verify the disabling condition(s) of the individual. Such verification may consist of the most recent information from state and local agencies and individuals, and may include, but not be limited to, medical and psychological records. However, the center shall not defer services to the individual and family while awaiting receipt of such information.

(2) Direct services. The primary focus of the regional centers is to provide individualized, direct assistance to individuals and their families who are eligible under this rule. These services shall include nonresidential assistance; outreach programs to school districts, families, and agencies; dissemination of referral and resource information; and professional training materials and programs.

(3) Regional center plan. Each center shall prepare and submit, for approval by the Department, a project plan for services to include:

(a) Project description. A description of the project shall include the following components:

1. A staffing plan with, as a minimum, individuals with expertise in autism or autistic-like behaviors and individuals with expertise in sensory impairments;
2. A direct service plan that shall address individual and family assistance in the home, community, and school. A regional center shall not supplant responsibilities of other state and local agencies. Each school district shall be responsible for providing appropriate educational services for clients of a center who are school age;
3. A technical assistance and consultation services plan for providing specific intervention and assistance, utilizing all available community resources, to clients of the regional center, the clients’ family, school districts, and other service agencies and individuals as appropriate;
4. A professional training program plan that includes developing, providing, and evaluating preservice and inservice training in state-of-the-art practices for personnel who work with the populations served by the regional centers and their families; and
5. A public education plan to increase awareness of the public about autism, autistic-like disabilities of communication and behavior, pervasive developmental disorders, dual sensory impairments, and sensory impairments with other handicapping conditions.

(b) Coordination of services. The regional center plan shall include a description of coordination of services with other regional centers, other state agencies, school districts, private providers, and other entities, as appropriate. The plan shall also include a description of how the center will interface with the medical community to ensure the appropriate use of medical consultation in the provision of services.

(c) Coordination with constituency boards. Each regional center plan shall include a description of its working relationship with and support of the constituency board, as defined in Section 393.0697, Florida Statutes. It shall be the responsibility of the center director to communicate regularly with the chair of the constituency board on issues affecting the operation and delivery of services by the center.

(d) Review of plan. Each center director shall submit the regional center plan to the appropriate constituency board for review and comment.

(4) Referral. Referrals are requests for assistance (e.g., training, consultation) for a particular individual. Referrals may be made by any person (e.g., family member; teacher; administrator; appropriate persons in the Departments of Education, Health and Rehabilitative Services, Labor and Employment Security; providers of services for those departments; or the identified individual) who is responsible for or involved with the individual. In order for the centers to provide direct assistance, including program planning and direct consultation, the individual or the individual’s family or legal guardian must provide a request or consent for such assistance. A preliminary screening will be conducted to determine eligibility. If the individual referred meets the eligibility criteria, assistance will be provided by the regional center within available resources. If the individual referred does not meet the eligibility criteria, the referred individual will be matched with alternative services. The centers will respond to three (3) basic referrals and requests within available resources:

(a) Crisis. Referrals for immediate assistance for individuals with severe problematic behaviors and potentially dangerous or abusive situations.

(b) Seeking resources and information. Referrals made by families, educators, and staff or providers to state departments and other agencies who are involved in identifying all avenues of support and assistance available to them. This may include specific identified areas of concern that are other than a crisis situation.

(c) Specific requests for training, assistance, or materials. Requests for specific assistance from a family or family member, state agency, school district, or a private provider requesting in-service training for a particular topic area.

(5) Constituency boards. Each regional center shall have a constituency board of no fewer than six (6) members who are selected by each university president from a list that has been developed by the Autism Society of Florida and other relevant constituency groups that represent individuals as defined in Subsection (1) of this rule. This board shall meet quarterly with the center staff to provide advice on policies, priorities, and activities. Each board shall elect a chairperson and secretary. It shall be the responsibility of the chairperson to communicate regularly with the regional center director on pertinent issues affecting the operation and delivery of services by the center. Each board member shall be appointed for a three (3) year term, with two (2) members being appointed each year. The initial term rotation will be determined by lot, with one-third of the members serving for one (1) year, one-third of the members serving for two (2) years, and one-third of the members serving for three (3) years. A board member may serve for only two (2) consecutive full terms, but shall continue to serve until his/her successor is named. Whenever possible, the appointment of a new member shall be from the same constituency group as the member retiring from the board. The procedure for appointing an individual to fill an unexpired term is the same as that used to make regular appointments. Members of the constituency boards shall serve without compensation, but are entitled to receive reimbursement for per diem and travel expenses as provided in Section 112.061, Florida Statutes. Payment may be authorized for pre-approved expenses such as mailing, telephone, or photocopying. Chairs of the constituency boards shall meet twice a year to coordinate board activities. One of these meetings shall be with regional center staff to plan the annual conference and the other meeting shall be at the conference. Each constituency board, after review and comment from regional center staff, shall submit by September 1 to the respective university president and the Department an annual report that evaluates the activities and accomplishments of its center during the preceding year.

(6) Annual conference. To promote statewide planning and coordination, an annual conference shall be held for staff from each regional center and representatives from each center’s constituency board. This conference shall include networking opportunities, cross-training, and feedback among staff and constituency board representatives. The conference shall be open to the public.

(7) Census. Each regional center will be responsible for gathering information for the statewide census of individuals who are eligible for services of these centers. Census information will include: county, date of birth, sex, disabling conditions which make the individual eligible for center services, and other information determined by the centers as necessary to maintain an accurate census.

(8) Reporting. Each regional center, after review and comment by the appropriate constituency board, shall submit to the Department by September 1 an annual report which shall include the following:

(a) The number of individuals served, the type of disability served, and the type and extent of services offered to the individuals;
(b) The type of training offered to regional center staff, constituency board members, and individuals and the total number by category of individuals trained.

(9) Budget. Each regional center shall submit to its university and the Department an annual budget which has been reviewed by its constituency board. The budget shall reflect the service component of the centers. Line items for travel shall represent necessary travel to provide or coordinate services and training. Equipment and research budget items shall be limited to those amounts necessary to support the service component of the center.

Specific Authority 229.053(1), 393.0697(5) FS. Law Implemented 393.0697 FS. History–New 10-18-94.

6A-7.040 Purposes of School Food Service Rules.

School food service rules have the following purposes:

(1) To comply with the National School Lunch Act (P.L. 79-396 and amendments), Child Nutrition Act (P.L. 89-642 and amendments), Omnibus Reconciliation Act (P.L. 97-35 and amendments) and Section 228.195, Florida Statutes.

(2) To provide standards and procedures for operating the school food service programs, the child care food program and the summer food program.

Specific Authority 228.195(2), 229.053(1) FS. Law Implemented 228.195, 229.053(2)(i), (n) FS. History–Amended 4-19-73, Repromulgated 12-5-74, Formerly 6A-7.40, Amended 5-3-88.

6A-7.041 Objectives of the School Food Service Program.

The school food service program has the following objectives:

(1) To provide school food services consistent with the nutritional needs of students. Such services shall include a reimbursable lunch or breakfast, priced as a unit, and supplemental nourishment as needed.

(2) To provide school food services that contribute to the student’s educational experiences.

Specific Authority 228.195(2), 229.053(1) FS. Law Implemented 228.195 FS. History–Amended 3-22-66, 4-11-70, 4-19-73, Repromulgated 12-5-74, Amended 6-28-83, Formerly 6A-7.41. Cf. 7 CFR Parts 210 and 220.

(1) In determining eligibility of children for free and reduced price meals in the national school lunch program, school breakfast program, child care food program, and commodity schools, and for free milk in the special milk program during each state fiscal year, participating schools and institutions shall use the income level provided by the Deputy Commissioner for Educational Programs in the manner prescribed herein.

(2) Federal law requires that the state establish an income level for family size by applying a specified percentage to “Income Eligibility Guidelines” promulgated each year by the Secretary of the U. S. Department of Agriculture. This ministerial act shall be performed by the Deputy Commissioner for Educational Programs, who is directed to make the calculations in accordance with 42 U. S. C. s. 1758(b) and 7 C. F. R. s. 245.1. The calculations are to be made and transmitted to participating schools and institutions within ten (10) work days from the date the “Income Eligibility Guidelines” are published in the Federal Register. The income levels established by law are to be calculated as follows:

(a) For free meals and free milk: One hundred thirty percent (130%) multiplied by the poverty level of income corresponding to a family size as specified in the applicable “Income Eligibility Guidelines.”

(b) For reduced price meals: One hundred eighty-five percent (185%) multiplied by the poverty level of income corresponding to a family size as specified in the applicable “Income Eligibility Guidelines.”

(3) The income level specified above is the maximum income a family may receive and the children be eligible for free and reduced price lunch or breakfast or free milk.

(4) Reduced price for lunch shall be forty (40) cents or less and for breakfast thirty (30) cents or less.

(5) “Income” as used in this rule shall be determined in accordance with the federal statutes, regulations and directives that are applicable to the particular federal program.

6A-7.0422 Procedures for Food Service Companies to Qualify as Child Care Food Service Providers.

In order to bid on contracts with sponsoring organizations to provide meals reimbursed under the Child Care Food Program, food service management companies must be registered and approved by the Department. The Department shall annually publish announcements concerning the availability of food service contracts. The registration and approval process involves:

(1) Registration. A food service management company shall complete and file an application for approval to bid on contracts. The application shall include a permit to operate or other certificate issued by the county health unit and a current balance sheet.
(2) Approval. The Department shall schedule an on-site inspection of the production site within thirty (30) days of receipt of the complete application to, (a) determine if the company has resources to fulfill the requirements for the meal contract; (b) inspect the facility for suitability to provide sanitary, nutritious food; (c) ensure that procurement procedures comply with Federal Regulations, specifically 7 CFR Part 226, Sections 226.6, 226.20, and 226.21. Each approved food service company shall be inspected annually to ensure continued compliance with these requirements.

(3) Appeal Process. If an application to be an approved bidder is denied, or a company’s qualification is withdrawn upon annual inspection, the food service management company shall be notified within ten (10) days of such an action by the Department. The company shall be notified of the right to appeal using procedures established in Federal Regulations in 7 CFR, Section 226.6(j).

(4) Publication of Approved Bidders. Sponsoring organizations shall be notified of qualified food service management companies by publication of a list of such companies by the Department.

Specific Authority 228.195(2), 229.053(1) FS. Law Implemented 228.195 FS. History–New 5-3-88. Cf. 7 CFR Part 226, Sections 226.6, 226.20 and 226.21.

6A-7.0424 Child Care Food Program Day Care Home Sponsoring Organizations.

(1) Sponsoring organization approval. In order to be eligible for participation in the Child Care Food Program in Florida, a sponsoring organization must:
(a) Be located in Florida;
(b) Show evidence of capabilities to administer and manage a sponsoring organization. Such evidence may include a history of work experience including but not limited to:
1. Working with children,
2. Providing family services,
3. Managing funds under other state or federal programs,
4. Findings of audits of state and federal programs managed.
(c) Maintain an office which is staffed with administrative personnel and which is located in the county of primary operations.

(2) Jurisdiction. The area(s) of jurisdiction in which a sponsoring organization is permitted to operate day care homes must be established by the Food and Nutrition Management Section, Department of Education, based on need and existing day care home sponsoring organizations.

(3) Change in sponsorship. Unless a sponsoring organization ceases to function, thirty (30) days must elapse between the time a day care home may transfer from one sponsoring organization to another sponsoring organization. The change in sponsorship must be approved by the Food and Nutrition Management Section, Department of Education.

Specific Authority 228.195(2), 229.053(1) FS. Law Implemented 228.195 FS. History–New 10-17-89. Cf. 7 CFR Part 226, Sections 12, 16, 18.

6A-7.045 Supervision and Administration.

There shall be an incentive plan to provide for qualified supervision and administration of school food service programs. A district approved to sponsor food service programs under the National School Lunch Act Regulation 7 CFR 210 shall be eligible to participate in the incentive plan as prescribed in Rule 6A-7.042, F.A.C., provided all of the following conditions are met:

(1) The number of food service certificated program administrators/supervisors shall be in accordance with the applicable pattern:
(a) Districts with less than ten (10) food service sites shall provide supervision on at least a part-time cooperative or dual-assignment basis.
(b) Districts with ten (10) or more food service sites shall provide a full-time administrator and supervisory services which equal the total number or major fraction thereof, calculated by summing the applicable parts 1., 2., 3., and 4. as follows:
1. The number of sites with lunch program only, divided by thirty-three (33).
2. The number of sites with lunch and breakfast programs, divided by twenty-four (24).
3. The number of sites with additional child nutrition programs such as: The Summer Food Service Program for Children, Child Care Programs, Feeding the Elderly, Evening Meal Program, Headstart, Migrant, or other approved programs, divided by fifteen (15).
4. The total number of schools in the school district divided by fifty (50).

(2) A food service district administrator shall hold a master’s degree. A food service supervisor shall hold as a minimum, a bachelor’s degree. Both shall meet the qualifications for food service certification as prescribed by Rule 6A-4.030, F.A.C. Food service administrators and supervisors employed by the district prior to December 5, 1974, shall be exempt from the requirement contained herein.

(3) Each manager of a food service operation at the site level shall have at least a high school equivalency diploma and three (3) years of experience in school food service or related work; provided that in the event acceptable personnel meeting the educational requirement are not available, the school board may employ a manager on the condition that the educational
requirements be met within one (1) year from the date of employment. A manager so employed, who fails to meet the educational requirement within the prescribed time limits shall not be continued in employment. Managers employed by a district prior to December 5, 1974, shall be exempt from the requirement contained herein.

(1) Publishers and manufacturers of instructional materials currently in adoption in Florida may request permission to substitute for any such instructional materials on a current contract a revised edition which corrects or updates content; provided, that the revised edition can be used satisfactorily with the currently adopted edition simultaneously in the same classroom, is identical, equal, or superior to the physical specifications of the currently adopted edition, and is available at no increase in price.

(2) Each request shall be accompanied by four (4) copies of the currently adopted edition; four (4) copies of the revised edition; and four (4) copies of a detailed analysis of each change in the revised edition, citing page references. This analysis shall include all changes in content, illustrations, pagination, and manufacturing specifications.

(3) Each request shall be filed in writing with the Deputy Commissioner for Educational Programs, who shall forward it with a recommendation to the Commissioner.

(4) Any substitution which is approved shall be effective on the date the action is taken by the Commissioner.

Specific Authority 229.053(1), 233.16(3) FS. Law Implemented 233.25(3), (6), (8), (9) FS. History–New 10-30-78, Formerly 6A-7.711, Amended 7-29-92.

6A-7.074 Disposing of Instructional Materials.

(1) Usable surplus and obsolete instructional materials no longer under contract to the state shall be carried on inventory for at least one (1) year in order to permit full utilization of state adopted instructional materials. Instructional materials when declared surplus may be disposed of, provided the Deputy Commissioner for Educational Programs has been notified of the available surplus so that every effort may be made to provide those available materials to other districts in the state of Florida. The Deputy Commissioner for Educational Programs shall make each district’s listing of surpluses available to all the other districts for a period of thirty (30) days. Any material which cannot be utilized in inter-district exchange programs may be:

(a) Given to other public education programs within the district or state.
(b) Given to the teachers to use in developing supplementary teaching materials.
(c) Given to students or others.
(d) Given to any charitable organization, governmental agency, private school or state.

(2) If disposal of surplus or obsolete material cannot be accomplished as outlined above, the superintendent may then use the procedures as prescribed in subsection (3) below.

(3) State adopted instructional materials determined by the superintendent to be in such physical condition as to make them unserviceable or unsuitable for further use may be:

(a) Disposed of to recycling plants, pulp mills, paper manufacturers, junk dealers, or other persons, firms or corporations upon such terms as are most economically advantageous to the district school board.
(b) Given to governmental agencies, charitable organizations or individuals.
(4) If disposal cannot be completed as prescribed in subsection (3) above, then the instructional materials may be destroyed in a manner prescribed by school board policies.

(5) All monies received by reason of sale, exchange or other disposition of instructional materials shall be deposited in the district school fund and added to the district appropriation for instructional materials.

Specific Authority 233.37 FS. Law Implemented 233.37, 233.38, 233.44 FS. History–Amended 4-8-68, 4-11-70, Revised 10-31-74, Repromulgated 12-5-74, Formerly 6A-7.74.

Official minimum manufacturing standards shall be those currently approved for textbook specifications by The Book Manufacturers’ Institute.

Specific Authority 229.053(1) FS. Law Implemented 233.14(1)(e), 233.25 FS. History–Amended 4-8-68, 10-31-74, Repromulgated 12-5-74, Formerly 6A-7.76.

6A-7.080 Rebinding and Rehabilitation of Textbooks.

The Commissioner of Education shall initiate contracts based on competitive bids for rebinding of state textbooks in accordance with Section 233.39, Florida Statutes. Contracts shall be governed by the following requirements:

(1) Rebinding shall be optional with each district. In each district which elects an option to rebind textbooks, the superintendent shall determine which books are to be rebound.
(2) All expense for and incident to packing and transportation of books from a central bookroom in the district which elects an option to rebind, to the bindery and return to the district, shall be paid by the binder.

(3) The contract period shall not exceed one (1) year beginning on the date of contract award. The contract shall also provide for a maximum of two (2) one-year extensions if agreed upon by mutual consent of both parties at least sixty (60) days prior to current termination date. The contract shall not be assigned by the binder to another bindery or binderies without approval of the Commissioner.

(4) Payment shall be made to the binder by the district after the binder delivers the books to the district provided that the rebound books have been approved as to quality and quantity by the district superintendent or an authorized representative.

(5) All materials, supplies, equipment and workmanship used in the repair and rebinding of textbooks must conform fully to specifications of the library binding institute for class “A” binding.

(6) Any rebinding firm which is awarded a contract to repair and rebind textbooks shall be responsible for books consigned to the care of the firm and must insure the same against loss or damage by fire, hurricane, water or other causes. Such insurance shall be carried in an amount not less than sixty (60) percent of the cost value of the books. The cost value of the books shall be the price paid to the publisher at the time of original purchase.

(7) A performance bond in the amount of five thousand (5,000) dollars executed by the rebinding firm and payable to the State of Florida, to ensure completion of the contract, shall be attached to and made a part of any contract for rebounding entered into by the state. At such time as all provisions of the contract have been met or at such time as the contract is terminated by mutual agreement, the said performance bond shall be returned to the binder.

(8) The rebinding firm must rebind, rehabilitate and return textbooks to the district within a maximum of sixty (60) days, exclusive of Saturdays, Sundays and holidays, after books have been received by the rebinding firm.

(9) Whenever any material, process, composition or thing used by a rebinding firm pursuant to a contract with the State of Florida is covered by patent or copyright, the rebinding firm must secure, before using such material, process, composition or thing the assent in writing of the owner or licensee of such patent or copyright, guaranteeing the protection to the state from all suits or claims which may arise from the use thereof and file the same with the Deputy Commissioner for Educational Programs.

(10) The district superintendent shall maintain accurate and complete records regarding the inventory, shipment and cost of rebound books.

Specific Authority 233.39 FS. Law Implemented 233.39 FS. History—Amended 2-20-64, 4-8-68, Amended 10-31-74, Repromulgated 12-5-74, Formerly 6A-7.80, Amended 7-29-92.

**6A-7.096 Educational Improvement Projects.**

The following provisions are established for administering educational improvement grants as provided in Section 229.59, Florida Statutes.

(1) Educational improvement proposals may be submitted from a school district, two (2) or more school districts, an individual school, or two (2) or more schools. Each proposal shall be submitted to the Department through a district school board.

(2) Project proposals to be considered for funding shall be developed with the assistance of a district or school advisory committee and shall address one (1) or more of the following:

(a) School management improvement,
(b) District or school advisory committee improvement,
(c) School volunteers, and
(d) Any other educational area which would be improved through a closer relationship between school and community.

(3) Priority shall be given to proposals which best demonstrate the following:

(a) Evidence of need,
(b) Potential for improvement,
(c) Appropriateness of project emphasis,
(d) Adequacy of project evaluation,
(e) Involvement of community in project, and
(f) Utilization of existing resources.

(4) Each project and each amendment to an approved project funded under Section 229.59, Florida Statutes, shall be approved by the Commissioner. The Commissioner shall appoint a committee, with membership including appropriate citizens, to assist in the review and evaluation of proposals to be approved for funding. The Commissioner or a designee may negotiate with the proposal sponsor on the amount of funding required and on the content of any proposed project to better meet the requirements and intent of the law.

(5) The district’s approved fiscal control and accounting procedures shall apply to all funds received and expended. Eligible expenditures from projects shall be limited to direct operating expenses for activities directly related to the objectives of the projects and may include salaries and benefits for those employees who render service beyond their normal contract period. Such salaries and benefits shall not exceed fifty (50) percent of the total funds approved for any one project or one thousand five hundred (1,500) dollars per project, whichever is less.

(6) Each project funded shall contain provisions for the submission of an evaluation upon completion of the project.
(7) Forms and instructions necessary to carry out this program are as follows: Form ESE 022, Educational Improvement Project Statement of Intent; ESE Form 023, FY – Proposal for Educational Improvement Projects; and Form ESE 024, FY – Educational Improvement Projects Final Evaluation Report. These forms and instructions are incorporated by reference into this rule. Copies of these forms and instructions may be obtained from the Administrator, Information Services and Accountability, Division of Public Schools, Department of Education, The Florida Education Center, Tallahassee, Florida 32399.

Specific Authority 120.53(1)(b), 229.053(1), 229.59(1) FS. Law Implemented 229.59 FS. History–New 10-30-78, Amended 11-18-84, Formerly 6A-7.96.

6A-7.099 Challenge Grant Program for the Gifted.

(1) The purpose of the Challenge Grant Program for the Gifted shall be to encourage public schools to implement exemplary programs which challenge gifted students.

(2) As provided by Section 236.1225(2), Florida Statutes, the Commissioner shall cooperate and consult with associations and organizations concerned with the education of the gifted in administering this grant program. Such associations and organizations shall include at least the Florida Association for the Gifted and the Florida Federation Council for Exceptional Children.

(3) Annually the Commissioner shall invite district school boards to submit a program proposal consistent with the requirements of Section 236.1225, Florida Statutes. The proposals shall be judged by the following criteria:
   (a) The proposed program will improve the quality of existing programs;
   (b) The proposed program will initiate a model or demonstration program; or
   (c) The proposed program will expand student participation in existing programs.

(4) Each project funded shall, as provided by Section 236.1225(3)(d), Florida Statutes, contain provisions for the submission of an evaluation of the program and shall meet all requirements of law.

(5) Each project funded shall contain provisions for the submission of an evaluation of the program and shall meet all requirements of law.

Specific Authority 229.053(1), 230.23(4)(m), 236.1225 FS. Law Implemented 236.1225 FS. History–New 1-6-83, Amended 5-3-83, Formerly 6A-7.99.

6A-10.052 Participation in the Recovery Network Program.
6A-10.053 Evaluating Participating Educators.
6A-10.060 The Excellent Teaching Program.

6A-10.006 Rules and Procedures for Cabinet Review and Approval of Appointees to Membership on the Board of Regents.

Prior to taking official action to approve or disapprove an appointee for membership on the Board of Regents, the Cabinet shall follow the rules and procedures prescribed below.

(1) Record of qualifications. An appointee to membership on The Board of Regents of the State University System shall take office after his appointment by the Governor has been approved by three (3) members of the Cabinet and his commission has been issued by the Governor. The review of the qualifications of each appointee shall be conducted by the Cabinet as expeditiously as possible. In making its review of each appointee, the Cabinet may consider the following items:

(a) The geographical area of the state to be represented on the Board of Regents by the appointee.
(b) Citizenship and address of each place of residence during the ten (10) year period immediately preceding his appointment.
(c) Educational background.
(d) Membership in all organizations, clubs, church, societies, etc.
(e) Employment history.
(f) Ownership, offices held presently and past, employment, and any other direct or indirect connection with any business, corporations, firms, etc. (Chapter 839, Florida Statutes).
(g) Appointee’s interest and willingness to serve as an effective member of the Board of Regents.

(2) Procedures for conducting review.

(a) As soon as practicable following the nomination of each appointee to membership on the Board of Regents, the Governor should transmit in writing to the members of the Cabinet the name of the appointee together with any data the Governor wishes to provide which will assist the Cabinet in reviewing the background and qualifications of the appointee.

(b) If after reviewing all documented data relative to the qualifications of the appointee, three (3) or more members of the Cabinet advise the Governor they wish to personally meet and interview the appointee, the Governor shall notify the appointee of time and place of the scheduled meeting of the Cabinet and respectfully request him to attend the meeting to discuss the duties and responsibilities of the Board of Regents and his qualifications to serve as an effective member.

(c) After reviewing the data provided on an appointee, any member of the Cabinet who desires further information about the qualifications of the appointee may notify the Governor in writing, stating the specific information he desires. The Governor shall attempt to secure the additional information and shall provide a copy of such to each member of the Cabinet.

(d) If the accompanying data provided by the Governor satisfies the requirements of subsection 6A-10.006(1), F.A.C., above, the Commissioner of Education shall call a meeting of the Cabinet at the earliest practicable time to approve or disapprove the appointee to membership on the Board of Regents.

(e) Approval of the appointee shall be affirmed when at least three (3) members of the Cabinet present and voting cast an affirmative vote on the motion to approve the appointee.
(f) Immediately following affirmative action by the Cabinet approving the appointee, the Commissioner of Education shall deliver to the Office of the Governor and the Office of the Secretary of State written notification. Upon receipt, the Secretary of State shall prepare the commission of appointment and deliver it to the Office of the Governor for his signature. Thereafter, the appointee shall assume the official duties of his office as a member of the Board of Regents. If three (3) members of the Cabinet fail to approve the appointee, he shall not be eligible to take office. The Governor should then select another appointee for the vacancy on the board. The same rules and procedures shall be applicable for the review and approval of each appointee to membership on the Board of Regents.

Specific Authority 20.15(6), 120.53(1)(a), 229.053(1) FS. Law Implemented 20.15(6), 120.53(1)(a), 240.207 FS. History–New 4-11-70, Repromulgated 12-5-74, Formerly 6A-10.06. Cf. Appointees to the Board of Regents must be confirmed by the Senate.

6A-10.007 Rules and Procedures for State Board of Education Review and Approval of Appointees to Membership on a Community College Board of Trustees.

Prior to taking official action to approve or disapprove an appointee for membership on a community college board of trustees, the State Board of Education shall follow the rules and procedures prescribed below:

(1) Record of qualifications. The review of the qualifications of each appointee shall be conducted by the State Board of Education as expeditiously as possible. In making its review of each appointee, the State Board of Education may consider the following items.

(a) County of the state in which the appointee is legal resident.
(b) Citizenship and address of each place of residence during the ten (10) year period immediately preceding appointment.
(c) Educational background.
(d) Membership in all organizations, clubs, church, societies, etc.
(e) Employment history.
(f) Ownership, offices held presently and past, employment and any other direct or indirect connection with any business, corporations, firms, etc. (Chapter 839, Florida Statutes).
(g) Appointee’s interest and willingness to serve as an effective member of the community college board of trustees.

(2) Procedures for conducting review.

(a) At least ninety (90) days prior to the expiration date of the term of each member of the board of trustees for each community college district, the school board of each school district within the community college district may by official action nominate two (2) or more individuals considered to be qualified, to serve as an effective member of the board of trustees for the specified community college. The names of the individuals nominated by the school board shall be immediately forwarded to the state Board of Community Colleges and to the Governor. If the members of a school board within a community college district do not wish to nominate individuals for appointment to membership on the community college board of trustees they shall by official action adopt a resolution to this effect and forward it to the State Board of Community Colleges and to the Governor. In the event of an interim vacancy on a community college board of trustees, the school boards within the district should forward the names of two (2) nominees or a resolution that they do not wish to nominate as soon as practicable following knowledge of the actual or potential interim vacancy.

(b) After reviewing the data provided on an appointee, any member of the State Board of Education who desires further information about the qualifications of the appointee may notify the Governor in writing, stating the specific information desires. The Governor shall attempt to secure the additional information and shall provide a copy of such to each member of the State Board of Education.

(c) If the accompanying data provided by the Governor satisfies the requirements of subsection (1) above, the State Board of Education at the earliest practicable time shall approve or disapprove the appointee to membership on the Board of Trustees for the specified community college.

(d) As soon as practicable following the nomination of each appointee to membership on the Board of Trustees for a specifically named community college, the Governor should transmit in writing to the members of the State Board of Education, the name of the appointee together with any data the Governor wishes to provide which will assist the Cabinet in reviewing the background and qualifications of the appointee.

(e) If after reviewing all documented data relative to the qualifications of the appointee, four (4) or more members of the State Board of Education advise the Governor they wish to meet and interview the appointee, the Governor shall notify the appointee of the time and place of the scheduled meeting of the State Board of Education, and respectfully request the appointee to attend.

(f) Immediately following affirmative action by the State Board of Education approving the appointee, the Commissioner shall deliver to the Office of the Governor and the Office of the Secretary of State written notification. Upon receipt, the Secretary of State shall prepare the commission of appointment and deliver it to the Office of the Governor for his signature. Thereafter, the appointee shall assume the official duties of office as a member of the community college board of trustees. The same rules and procedures shall be applicable for the review and approval of each appointee to membership on the community college board of trustees.
Specific Authority 20.15(6), (7), 120.53(1)(a), 229.053(1) FS. Law Implemented 20.15(6), (7), 120.53(1)(a), 240.313(3) FS. History–New 4-11-70, Repromulgated 12-5-74, Formerly 6A-10.07, Amended 10-26-94. Cf. Appointees to a Community College Board of Trustees must be confirmed by the Senate.

6A-10.014 Distribution of Schools Laws and Regulations of the State Board.
The Commissioner of Education is authorized to distribute copies of Florida School Laws and copies of the Compiled Regulations of the State Board of Education. Subject to the availability of funds he shall distribute copies without charge to those persons and agencies which he shall determine have use for them for official and public purposes. In addition, he shall make copies available for purchases at a uniform sale price for each publication; provided, that such price shall include the cost of printing and amount for postage and handling. Specific Authority 229.053(1) FS. Law Implemented 120.53(2)(a), 229.512(13) FS. History–New 5-20-71, Repromulgated 12-5-74, Formerly 6A-10.14.

6A-10.015 Appointment of Committees.
The Commissioner of Education is authorized to appoint such councils, committees or task forces as may be necessary and desirable to carry out the functions of the Department of Education unless appointment is otherwise provided by law or regulations of the State Board of Education. A division director of the Department of Education may appoint such councils, committees or task forces as may be necessary and desirable to carry out the functions of his division. Specific Authority 229.053(1) FS. Law Implemented 229.053(1), (2)(m) FS. History–New 5-20-71, Repromulgated 12-5-74, Formerly 6A-10.15.

6A-10.019 Required Annual Calendar for Schools and Colleges.
Each district school board, each community college district board of trustees, and the Board of Regents shall prior to the beginning of each fiscal year adopt an annual calendar which shall be observed by all schools or post high school educational institutions operated by said board.

(1) Each board shall adopt a calendar which supports the following objectives:
(a) Minimal loss of time between student exit from one public institution and entry into another. Students who complete a phase of their education in one public institution and who need to transfer to another public institution to continue their education should be able to do so without prolonged delay.
(b) Opportunity for students to move through the educational system at their respective paces. Calendars should not be based on the assumption that all students will initiate and complete learning activities at the same pace.
(c) Opportunity for school personnel to utilize in-service and continuing education.
(d) Opportunity for effective and efficient utilization of resources. School plants and school personnel should not have prolonged periods during which they are idle.
(e) Opportunity for family activities.
(f) Flexibility in implementation of calendar decisions.
(2) The calendar adopted by each community college board of trustees and the Board of Regents shall include at least the following statewide requirements:
(a) Three (3) common entry periods shall be established so that the first day of classes will fall within each of the three (3) periods listed below:
1. The period from the next to last Monday in August through August 31.
2. The period from January 3 through January 10.
3. The period from May 6 through May 13.
(b) Effective August, 1985, the common entry periods shall be:
1. The first three (3) weekdays after August 22.
2. The first three (3) weekdays after January 4.
3. The first three (3) weekdays after May 5.
(c) In addition to the three (3) common entry periods prescribed in this section, each calendar shall include the following:
1. Pre-established dates for issuing certificates, diplomas, or degrees which will permit students to utilize the entry period which minimizes the loss of time to students in completing the transfer between programs or institutions.
2. A summer program for teachers and other school personnel scheduled to begin no earlier than June 15 and close no later than August 15; provided, however, that this requirement shall apply only to each postsecondary educational institution offering programs for in-service teachers.
3. As many additional periods throughout the fiscal year in which a student can begin a program as can be feasibly provided.
(3) An official copy of the annual calendar adopted by each school board, community college board of trustees, and the board of regents for each school or institution operated by said boards shall be filed with the Department in the manner prescribed by the Commissioner.
Specific Authority 229.053(1), 240.325 FS. Law Implemented 229.053(2)(c), 230.23(4)(f), 240.203(2), 240.227(17), 240.319(3)(e), 240.325 FS. History–New 6-17-74, Repromulgated 12-5-74, Amended 3-27-80, 7-7-83, 2-19-84, Formerly 6A-10.19.
6A-10.023 Procedures for Contracting for Professional Services.
The following procedures shall be followed by the Department of Education in selecting firms to provide professional services, and
in negotiating contract for professional services pursuant to the Florida “Consultants’ Competitive Negotiation Act.” This rule shall
in no way be construed to apply to the responsibilities of the Department of Management Services.

(1) Definitions.
(a) Professional services means those services within the scope of practice of architecture, professional engineering or
registered land surveying as defined by the laws of the State of Florida or those performed by any architect, professional
employment or practice or other professional services that may be required.
(b) Department means the Florida Department of Education.
(c) Firm means any individual, firm, partnership, corporation, association or other legal entity permitted by law to practice
architecture, engineering, or land surveying in the State of Florida.
(d) Compensation means the total amount paid by the Department for professional services.
(e) Committee means the certification and competitive selection committee appointed by the Commissioner.
(f) Commissioner means the Commissioner of Education for the State of Florida.
(2) Public advertisement and qualification procedures.
(a) The Department shall publish a legal advertisement in four (4) newspapers of general circulation and in appropriate
professional publications for architecture, engineering and land surveying, providing a general description of the project or projects
requiring professional services and defining procedures on how interested professional firms may apply for consideration by the
Department. A listing of the project or projects will be sent to each firm having a qualification form on file with the Department and
which has expressed an interest in being notified.
(b) Pursuant to Section 287.055, Florida Statutes, the procedures of this section shall apply in all cases except in cases declared
to be valid public emergencies as certified by the Commissioner.
(c) The Department shall set forth, in each public advertisement, that all parties interested in providing professional services to
the Department shall submit experience and qualification data to the Department annually on forms provided by the Department.
The Department will request supplemental current experience and qualification data as needed on each firm being considered for
services for each project when selection is ready to commence.
(3) Certification and competitive selection.
(a) There shall be a certification and competitive selection committee comprised of five (5) members appointed by the
Commissioner.
(b) The committee shall review the statement of qualifications and performance data submitted by each firm requesting
certification and determine if the firm is fully qualified to render the required services according to law and policies of the
Department. Among the factors to be considered in making this finding are the capabilities, adequacy of personnel, past record and
experience of the firm. The finding of the committee shall indicate that the firm has been found to be fully qualified to render
professional services to the Department.
(c) For each project for which professional services of more than five thousand (5000) dollars are required the committee shall
evaluate current statements of qualifications and performance data for each firm which has requested to be considered for that
project, and may conduct discussions with, and may require presentations by, no less than three firms regarding their qualifications,
approach to the project and ability to perform the required services.
(d) The certification and competitive selection committee shall determine the relative ability of each firm to perform the
services required for each project. Determination of ability shall be based on staff, experience, training and capabilities. Each firm
determined to be able to provide the services for the project will be so certified by the committee and shall be eligible for
consideration.
(e) The certification and competitive selection committee shall select no less than three firms in order of preference, deemed to
be most highly qualified to perform the required services, after considering such factors as the ability of professional personnel;
past performance; willingness to meet time and budget requirements; demonstrated approach to the project; interest; location;
recent, current and projected work loads of the firm and the volume of work previously awarded to the firm by the department, with
the object of effecting an equitable distribution of contracts among qualified firms, provided however, that such distribution does
not violate the principle of selection of the most highly qualified firm. The committee shall report its selections to the
Commissioner for approval or disapproval.
(4) Competitive negotiation.
(a) The Commissioner or his designee shall negotiate a contract in full accordance with the procedures set forth hereafter for
professional services for a project with the firm which has been determined to be most qualified, at compensation determined to be
fair, competitive, and reasonable. For all lump sum or cost-plus-a-fixed fee professional services contracts over fifty thousand
(50,000) dollars the Department shall require the firm receiving the award to execute a truth-in negotiation certificate as required in
subsection (5)(a) of Section 287.055, Florida Statutes.
(b) Should the commissioner or his designee be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price determined to be fair, competitive and reasonable, negotiations with that firm shall be formally terminated. The Commissioner or his designee shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the Commissioner or his designee shall terminate negotiations. The Commissioner or his designee shall then undertake negotiations with the third most qualified firm.

(c) Should the Commissioner or his designee be unable to negotiate a satisfactory contract with any of the selected firms, additional firms shall be selected in accordance with subsection 6A-10.023(3), F.A.C. Negotiations shall continue in accordance with this section until an agreement is reached.

(5) Prohibition against contingent fees. Each contract for professional services shall contain a prohibition against contingent fees, as required by subsection 287.055(6), Florida Statutes.

(6) Nonexclusion of public. Pursuant to Section 287.055, Florida Statutes, the public shall not be excluded from any proceedings under these regulations.

Specific Authority 229.053(1), 287.055(3)(d) FS. Law Implemented 287.055 FS. History–New 4-8-75, Formerly 6A-10.23.

6A-10.024 Articulation Between Universities, Community Colleges, and School Districts.

(1) Each state university president, community college board of trustees, and district school board shall plan and adopt policies and procedures to provide articulated programs so that students can proceed toward their educational objectives as rapidly as their circumstances permit. Universities, community colleges, and school districts shall exchange ideas in the development and improvement of general education, and in the development and implementation of student acceleration mechanisms. They shall establish joint programs and agreements to facilitate articulation, acceleration, and efficient use of faculty, equipment, and facilities.

(2) Articulation Coordinating Committee. The Commissioner shall establish an Articulation Coordinating Committee which shall report to the Commissioner and consist of fifteen (15) members appointed by the Commissioner: three (3) members representing the state university system; three (3) members representing the state community college system; one (1) member representing vocational education; three (3) members representing public schools; two (2) members representing nonpublic postsecondary institutions; one (1) member representing students; one (1) member from the Commissioner’s staff who shall serve as chairman; and one (1) additional member. The Committee shall:

(a) Function as the statewide pre-kindergarten through university, or K-16, council and accept continuous responsibility for community college-university-school district relationships, including recommending to the Commissioner plans for school district articulation relationships with community colleges and universities, including coordination of cooperative plans required by Section 229.814(5), Florida Statutes.

(b) Establish articulation accountability measures. Further, the Committee shall annually collect, analyze, and make recommendations to the Commissioner of Education on the accountability measures. Such report, at a minimum, shall address the provisions set forth in Section 240.1162, Florida Statutes. The articulation accountability report shall be included in the Commissioner’s annual report on the status of education to the State Board of Education and the Legislature.

(c) Develop suggested guidelines for interinstitutional agreements between public schools, community colleges, and universities to facilitate interaction, articulation, acceleration, and the efficient use of faculty, equipment, and facilities.

(d) Establish groups of university-community college-school district representatives to facilitate articulation in subject areas.

(e) Conduct a continuing review of the provisions of Rule 6A-10.024, F.A.C.

(f) Review instances of student transfer and admissions difficulties among universities, community colleges, and public schools. Decisions shall be advisory to the institutions concerned.

(g) Recommend resolutions of issues and recommend policies and procedures to improve articulation systemwide.

(h) Recommend the priority to be given research conducted cooperatively by the Divisions of Community Colleges, Universities, and Public Schools with individual institutions. Such research shall be encouraged and conducted in areas such as admissions, grading practices, curriculum design, and follow-up of transfer students. Research findings shall be used to evaluate current policies, programs, and procedures.

(i) Review and make recommendations to institutions for experimental programs which vary from official transfer policy.

(j) Develop procedures to improve articulation systemwide.

(k) Collect and disseminate information on successful cooperative programs under subsection 6A-10.024(1), F.A.C.

(l) Perform such other duties as may be assigned in law or by the State Board or the Commissioner.

(3) General education.

(a) Each state university and community college shall establish a general education core curriculum, which shall require at least thirty-six (36) semester hours of college credit in the liberal arts and sciences for students working toward a baccalaureate.

(b) After a state university or community college has published its general education core curriculum, the integrity of that curriculum shall be recognized by the other public universities and community colleges. Once a student has been certified by such an institution on the official transcript as having completed satisfactorily its prescribed general education core curriculum, regardless of whether the associate degree is conferred, no other state university or community college to which he or she may transfer shall require any further such general education courses.
(c) If a student does not complete a general education core curriculum prior to transfer, the general education requirement becomes the responsibility of the new institution.

(4) The associate in arts degree is the basic transfer degree of the community colleges. It is the primary basis for admission of transfer students from community colleges to upper division study in a state university. Every associate in arts graduate of a Florida community college shall be granted admission to an upper division program offered by a state university institution except to: a limited access program; a teacher certification program; or a major program requiring an audition or portfolio. After admission has been granted to associate in arts graduates as specified above and to state university students who have successfully completed sixty (60) credit hours of course work and met the requirements of Section 240.107, Florida Statutes, admission shall then be granted to state university system and Florida community college students who have successfully completed sixty (60) credit hours of work.

(5) The associate in arts degree shall be awarded upon:
(a) Completion of at least sixty (60) semester hours of college credit courses exclusive of courses not accepted in the state university system, and including a general education core curriculum of at least thirty-six (36) semester hours of college credit in the liberal arts and sciences;
(b) Achievement of a grade point average of at least 2.0 in all courses attempted, and in all courses taken at the institution awarding the degree, provided that only the final grade received in courses repeated by the student shall be used in computing the average. The grade of “D” shall transfer and count toward the baccalaureate in the same way as “D” grades obtained by students in the state universities. Whether courses with “D” grades in the major satisfy requirements in the major field may be decided by the university department or college;
(c) Completion of the requirements in Rule 6A-10.030, F.A.C.; and
(d) Achievement of the minimum standards in Rule 6A-10.0312, F.A.C.

(6) The associate in science degree is the career education degree of the community colleges. It is a two-year degree intended to prepare students for the workforce. The following provisions allow for articulation from an associate in science to a baccalaureate degree.
(a) The associate in science degree shall be awarded upon:
  1. Completion of the minimum number of semester hours of college credit courses as required in paragraph 6A-14.030(2)(a), F.A.C., including,
  2. Completion of at least fifteen to eighteen (15-18) semester hours in the general education core curriculum in the liberal arts and sciences comprised of courses which meet the Southern Association of College and Schools Commission on Colleges criteria. English and math courses must meet the requirements of Rule 6A-10.030, F.A.C. No physical education credit will be included in the general education block of credit.
  3. Achievement of the minimum standards in Rule 6A-10.0312, F.A.C., will be required by the time the student earns 36 semester hours at the senior institution in upper division work.
  4. Completion of common prerequisites will be required for the baccalaureate degree or as otherwise outlined in program-specific statewide agreements.
  5. Courses taken as part of the associate in science degree to meet the general education requirements will transfer and apply toward the 36 credit hours required for the baccalaureate degree. No additional general education credit hours can be required except to complete the total 36 general education hours or for remediation.
(b) The Interdisciplinary Capstone Agreement. Every associate in science degree graduate of a Florida community college program that articulates with an interdisciplinary capstone degree program in a Florida public or private university shall be guaranteed admission to that program except for limited access programs and those requiring specific grades on particular courses for admission. All associate in science degree graduates who articulate under the interdisciplinary capstone agreement shall be treated equally, regardless of the community colleges from which they receive their degrees.
  1. The general education component of the A.S. degree will maintain its integrity upon transfer to the interdisciplinary capstone program.
  2. The Articulation Coordinating Committee shall maintain a current listing of interdisciplinary capstone programs which will be published on an annual basis.
(c) The Career Ladder Agreement – Beginning fall term 2000, all graduates of a Florida community college associate in science degree program listed in the Statewide Articulation Manual shall be granted admission to any of the universities in the State University System in the program designated to articulate with their degree, except for limited access programs and those requiring specific grades on particular courses for admission. Each State University System institution shall develop admissions criteria to ensure that associate in science degree students are evaluated on an equal basis with associate in arts degree graduates and native university students for admission into programs designated as limited access and those requiring specific grades on particular courses for admission.
  1. The associate in science degree shall be awarded based on all of the requirements contained in paragraph (6)(a) of this rule and in accordance with the articulation agreement provisions contained in the Statewide Articulation Manual.
  2. General education courses not taught in accordance with the Southern Association of Colleges and Schools Commission on Colleges criteria for programs designed for college transfer shall not be included in the associate in science degree.
3. The associate in science to bachelor of arts/bachelor of science articulation agreements between the State Board of Community Colleges and the State University System shall be documented and maintained in a Statewide Articulation Manual. The State Board of Education and the Board of Governors, in consultation with their member institutions, shall review periodically, as necessary, but no more than once a year, the provisions of the state articulation agreements and the prescribed curricula to ensure the continued effectiveness of the articulation between the A.S. and B.A./B.S. programs. Any recommendations for revisions to the state articulation agreements will be forwarded to the Articulation Coordinating Committee for review and approval.

(7) The Applied Technology Diploma (ATD) consists of a course of study that is part of an associate in science (A.S.) or an associate in applied science degree (A.A.S.), is less than sixty (60) credit hours, is approximately fifty (50) percent of the technical component (non-general education), and leads to employment in a specific occupation. An applied technology diploma program may consist of either vocational credit or college credit.

(a) Students must have a high school diploma or the equivalent to be admitted to an applied technology diploma program. Within six (6) weeks of entry, students must be tested pursuant to Rule 6A-10.040, F.A.C., and, if below minimum standards for completion from the program as defined in the program standards document adopted in Rule 6A-6.0571, F.A.C., must receive remedial instruction. The minimum standards must be at least the equivalent of a score of ten (10) on all sections of any basic skills test approved in Rule 6A-10.040, F.A.C. Students must successfully complete all remedial instruction before completing the Applied Technology Diploma.

(b) Community colleges may offer either college or vocational credit toward the applied technology diploma. Vocational-technical centers may offer only vocational credits.

(c) All faculty providing instruction must have at least an associate degree in the specific instructional program area or meet the criteria for “exceptional cases” as defined by the Southern Association of Schools and Colleges.

(d) The information related to the guaranteed transfer of credit between an applied technology diploma program and associate in science or an associate in applied science degree must be documented and maintained in the Statewide Articulation Manual and the Vocational Education Program Courses Standards, which is incorporated by reference in Rule 6A-6.0571, F.A.C. The Statewide Articulation Manual and the Vocational Education Program Courses Standards shall include the following:

1. The total number of clock or credit hours within the program.
2. The associate degree into which the applied technology diploma is guaranteed to transfer.
3. The number of college credit hours guaranteed to transfer.
4. An effective date.

(e) The transfer of the applied technology diploma to an associate degree is guaranteed for a period of three (3) years following the date of the award of the applied technology diploma.

(f) Applied technology diploma students entering an associate degree program shall meet the admissions standards stipulated in Section 240.321, Florida Statutes. Additional admissions requirements for limited access programs may be established by the community college boards of trustees.

(8) Credit by examination.

(a) For examination programs listed in subsections (9) through (14) of this rule, examination specifications and content information shall be submitted to the Statewide Course Numbering System for course equivalency recommendations.

(b) A list of examinations, minimum scores for guaranteed transfer credit, maximum credits guaranteed to transfer, and recommended course equivalents shall be maintained by the Articulation Coordinating Committee and reviewed annually.

(c) Transfer of credit by examination is guaranteed for up to forty-five (45) credits, provided that credit was awarded in accordance with the Articulation Coordinating Committee’s recommended minimum scores and course equivalents.

(d) Transfer of examination credit over forty-five (45) credits is at the discretion of the receiving institution.

(e) Credit by examination may not duplicate ordinary credit, dual enrollment credit or other credits earned through examination.

(f) No grades or grade points shall be assigned for credit by examination.

(g) Institutions may award credit for examinations that are not listed in this rule or that do not have recommended course equivalents, minimum scores, and maximum credits. Acceptance of transfer credit so awarded is at the discretion of the receiving institution.

(9) The College Board College Level Examination Program (CLEP).

(a) The transfer of credit awarded on the basis of scores achieved on examinations in the College Level Examination Program is protected by this rule only for examinations taken in an administration authorized by CLEP.

(b) For examinations taken after July 2001, transfer of credit is mandatory for all CLEP examinations, except for foreign languages, on which students achieved a scale score of fifty (50).

(c) For examinations taken prior to July 1, 2001, transfer of credit under the terms of this rule is mandatory provided that the institution awarding the credit did so on the basis on CLEP recommendations or scaled scores determined to represent student achievement at or above the fiftieth (50) percentile on the combined men-women sophomore norms in use prior to 1978, with no letter grade or grade points assigned.

(d) For foreign language CLEP examinations, transfer of credit for examinations taken after July 1, 2001, is mandatory provided that credit was awarded on the basis of the Articulation Coordinating Committee’s recommended minimum scores and maximum credit guaranteed to transfer.
(10) College Board Advanced Placement Program (AP). Transfer of Advanced Placement credit under terms of this rule is mandatory, provided that the institution awarding the credit did so on the basis of the Articulation Coordinating Committee’s recommended minimum scores and maximum amount of credit guaranteed to transfer.

(11) International Baccalaureate (IB) Diploma Program. The award of credit based on scores achieved on IB Diploma program examinations and the transfer of such credit are mandatory under the provisions herein.

(a) Students who have not been awarded the IB Diploma shall be awarded six (6) semester credits in the subject areas of each IB higher level examination on which they scored five (5) points or above.

(b) Students who have been awarded the IB Diploma shall be awarded up to thirty (30) semester credits in the subject areas in which they scored four (4) or above on IB Diploma program examinations. The credits shall be awarded as follows:
   1. Six (6) semester credits for each IB examination on which they scored five (5) or above.
   2. Three (3) semester credits for each IB examination on which they scored four (4).
   (c) For students who completed IB Diploma program examinations before April 1993:
   1. Three (3) semester credits shall be awarded in the subject areas of each IB higher level examination on which they scored four (4).
   2. Six (6) semester credits shall be awarded in the subject areas of each IB higher level examination on which they scored five (5) or above.
   3. One (1) semester credit shall be awarded in the subject areas of each IB subsidiary level examination on which they scored four (4).
   4. Three (3) semester credits shall be awarded in the subject areas of each IB subsidiary level examination on which they scored five (5) or above.

(12) Excelsior College Examinations, formerly known as the Regents College Examinations or the Proficiency Examination Program (PEP). Transfer of credit under terms of this rule is mandatory provided that the institution awarding the credit did so on the basis of the Articulation Coordinating Committee’s recommended minimum scores and maximum amount of credit guaranteed to transfer with no letter grades or grade points assigned.

(13) Defense Activity of Non-Traditional Education Support (DANTES) Subject Standardized Tests (DSSTs). Transfer of credit under terms of this rule is mandatory provided that the institution awarding the credit did so on the basis of the Articulation Coordinating Committee’s recommended minimum scores and maximum amount of credit guaranteed to transfer with no letter grades or grade points assigned.

(14) Advanced International Certificate of Education Program (AICE). Transfer of Advanced International Certificate of Education credit under terms of this rule is mandatory, provided that the institution awarding the credit did so on the basis of the Articulation Coordinating Committee’s recommended minimum scores and maximum amount of credit guaranteed to transfer.

(15) United States Armed Forces Institute (USAFI).

(a) Credit earned through correspondence courses sponsored by USAFI may, but need not, be included under standard policies of the institutions. The standard policies of the institution prohibiting credit for overlapping courses shall apply.

(b) Credit may be awarded for tests of General Education Development (GED) only when verified by CLEP scores.

(c) Credit awarded on the basis of subject tests (USST) in collegiate subjects may be included provided that the scores are at the fiftieth (50th) percentile or above.

(d) The institution awarding credit on the work sponsored by USAFI may, but need not, specify the course for which credit is being awarded. The standard policies of the institution prohibiting credit for overlapping courses shall apply.

(e) No grade or quality points are to be assigned for credit awarded on the basis of work sponsored by USAFI.

(f) No credit is to be awarded on work sponsored by USAFI which is duplicative of credit awarded by CLEP, College Board AP, or courses taken in the institution or received in transfer.

(16) Alternatives to the College-Level Academic Skills Test. For purposes of Section 240.107(9)(a), Florida Statutes, the recentered Scholastic Achievement Test (SAT-I) or its equivalent on the original SAT, and the Enhanced American College Testing Program (ACT), or its equivalent on the original ACT, may be used to exempt the College-Level Academic Skills Test, as specified in Rule 6A-10.0311, F.A.C.

(17) Pre-professional course responsibility. Lower division programs in state universities and community colleges may offer introductory courses to enable students to explore the principal professional specializations available at the baccalaureate level. Such courses shall be adequate in content to count toward the baccalaureate for students continuing in such specialization. However, deciding major course requirements for a baccalaureate, including courses in the major taken in the lower division, shall be the responsibility of the state university awarding the degree.

(18) Limited access programs. Community college transfer students shall have the same opportunity to enroll in university limited access programs as native university students. University limited access program selection and enrollment criteria shall be established and published in catalogs, counseling manuals, and other appropriate publications. A list of limited access programs shall be filed annually with the Articulation Coordinating Committee.

(19) A state university may accept non-associate in arts degree credit in transfer based on its evaluation of the applicability of the courses to the student’s program at the university.
(20) State universities and community colleges shall publish with precision and clarity in their official catalogs the admission, course, and prerequisite requirements of the institution, each unit of the institution, each program, and each specialization. Any applicable duration of requirements shall be specified. The university catalog in effect at the time of a student’s initial collegiate enrollment shall govern upper division prerequisites, provided the student maintains continuous enrollment as defined in that catalog.

(21) Standard transcript. The Articulation Coordinating Committee shall maintain a standard format for universities and community colleges to record the performance and credits of students. Each such transcript shall include all courses in which a student enrolls each term, the status in each course at the end of each term, all grades and credits awarded, College-Level Academic Skills Test scores, and a statement explaining the grading policy of the institution. The Articulation Coordinating Committee shall collaborate with the Division of Public Schools in the development of a standard format on which district school systems shall record the performance and credits of students.

(22) By December 1, 1991, the Department and all public universities, community colleges, and school districts shall have implemented the electronic exchange of student transcripts and associated educational records, including acquisition of and access to test scores of students, using the Florida Information Resource Network and following the procedures in the Florida Automated System for Transferring Educational Records section in “DOE Information Data Base Requirements: Volume I – Automated Student Information System,” which is incorporated by reference in Rule 6A-1.0014, F.A.C.

(23) When a student transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the common course designation and numbering system, the receiving institution shall award credit for courses satisfactorily completed at the previous participating institutions when the courses are judged by the appropriate common course designation and numbering system faculty task forces to be academically equivalent to courses offered at the receiving institution including equivalency of faculty credentials regardless of the public or nonpublic control of the previous institution. The award of credit may be limited to courses that are entered in the course numbering system. Credit so awarded shall satisfy institutional requirements on the same basis as credits awarded to native students.

(24) All postsecondary courses offered for college credit, vocational credit, or college preparatory credit, as they are defined in Rule 6A-10.033, F.A.C., shall be entered in the common course designation and numbering system. Each course shall be assigned a single prefix and a single identifying number in the course numbering system.

6A-10.02412 Foreign Language Competence and Equivalence.

The provisions herein shall be used by community colleges and universities to determine equivalency in the university admission requirement in Section 240.233(1), Florida Statutes, for two (2) credits in one (1) foreign language at the secondary level or the equivalent at the postsecondary level.

(1) The competence to be demonstrated by students upon successful completion of two (2) credits of secondary instruction in one (1) foreign language is:

(a) Modern languages.
1. The ability to understand, with some repetition, simple questions and statements.
2. The ability to read and understand the information presented in a simple paragraph.
3. The ability to pronounce the language well enough to be intelligible to native speakers.
4. The ability to ask and answer questions and maintain a simple conversation in areas of immediate need on very familiar topics.
5. The ability to deal with everyday situations such as greetings, leave-takings, buying food, and asking directions.
6. The ability to write a short paragraph on a familiar topic.
7. The ability to demonstrate limited social competence in the foreign culture by showing comprehension of common rules of etiquette, customs and sensitivities, and a knowledge of contributions to the arts and humanities by the people who speak the target language.

(b) Classical languages.
1. The ability to read and understand materials ranging from low to medium levels of difficulty; that is, adapted text.
2. The ability to give a reasonably accurate account of the contents of the reading material by answering questions, paraphrasing, translating, or summarizing.
3. The ability to demonstrate knowledge of history, culture, and contributions to the arts and humanities of ancient civilizations.

(2) Eight (8) to ten (10) semester credits in one (1) foreign language at the postsecondary level shall be considered to produce the competence specified in subsection (1) herein. Therefore, students who have earned at least eight (8) semester credits in one (1) foreign language at the postsecondary level shall have met the foreign language requirement for university admission. Credit
awarded on the basis of scores on the foreign language subject matter examinations in the College Level Examination Program (CLEP) pursuant to paragraph 6A-10.024(6)(b), F.A.C., shall count toward the eight (8) to ten (10) semester credits. The examination, minimum scores for awarding credit, and maximum credit to be awarded are:

(3) An alternate method for students to demonstrate equivalent foreign language competence is by means of a minimum score of four hundred forty-three (443) on the Latin examination published under the title of MAPS by The College Board, which represents the 1985 national mean of college bound seniors minus one (1) standard deviation. For students to demonstrate equivalent foreign language competence by examination in foreign languages not listed herein, the examinations and standards may be determined by the institution.

Specific Authority 229.053(1), 240.2333 FS. Law Implemented 229.053(2)(c), 240.233(1), 240.2333 FS. History—New 2-23-88, Amended 10-17-89, 11-13-90, 10-4-93.

6A-10.0242 Procedures for Determining the Level at Which Courses Shall be Classified.

(1) Baccalaureate upper-lower divisions. The following procedure shall be followed to distinguish lower division (freshman or sophomore) courses from upper division (junior or senior) courses. University and community college curriculum committees shall deliberate course proposals. Institutional procedures for study, review, and decision making shall be followed. The procedures shall include deciding the level at which the courses shall be classified.

(a) Criteria to identify baccalaureate lower division shall include:
   1. General education courses required to earn an associate of arts degree and for which there is consensus that the courses should be offered within the first two (2) years of baccalaureate programs.
   2. Introductory courses open to all students.
   3. First course in a sequence and in which nonmajors may enroll.
   4. General survey courses open to all students.
   5. Courses designated to meet requirements of Rule 6A-10.030, F.A.C.
   6. Courses designated to teach the skills identified in Rule 6A-10.0316, F.A.C.
   7. Physical education activity courses.
   8. Courses offered in the first two (2) years of a required four-year sequence program major and the first year of a required three-year sequence program major.

(b) While not exhaustive, the criteria establish intent, which further guides decision making. The institution’s decision regarding upper and lower division classification shall be indicated in the submission of the course for entry in the uniform course numbering and designation system. Should another institution object to the level designated, it may appeal to the Articulation Coordinating Committee after first attempting resolution directly with the subject institution.

Specific Authority 229.053(1), 229.551, 240.115(2) FS. Law Implemented 229.053(2)(c), 240.115(2), 240.203(2), 240.301, 240.325(3), (4) FS. History—New 7-13-83, Formerly 6A-10.242, Amended 1-4-94.

6A-10.02422 Procedures for Determining the Level at Which Vocational Education Programs Shall be Offered.

(1) The level at which programs shall be offered will be determined by the Postsecondary Vocational Program Leveling Committee, a subcommittee of the Standing Committee on Vocational Education, of the Articulation Coordinating Committee.

(2) The committee shall use the following criteria to determine the level at which postsecondary vocational programs and postsecondary adult vocational programs shall be offered.

(a) Postsecondary vocational instruction:
   1. The majority of the instruction is theory based.
   2. Licensing or accrediting agency requires the associate degree.
   3. Prepares individuals for occupations that require a preponderance of analysis, evaluation or design.

(b) Postsecondary adult vocational instruction:
1. Programs that prepare individuals for occupations which generally require more manipulative skill development than theory.
2. Postsecondary adult vocational instruction is generally not as theoretical in content as instruction at the postsecondary vocational level, but may be highly technical in nature and require components in academic and employability skills.

(c) Changing levels. Program level assignments should be changed only when the occupation(s) for which students are being prepared can be related to one (1) of the conditions described in subparagraph (2)(a)1., 2., 3., or 4., of this rule in the guidelines for postsecondary vocational education.

(3) The Postsecondary Vocational Program Leveling Committee.

(a) Annually, the Postsecondary Vocational Program Leveling Committee shall publish and disseminate to local education agencies a list of programs, by level, which shall include the effective date of program changes.

(b) The Postsecondary Vocational Program Leveling Committee procedures for study, review, and decision making shall include deciding the level at which the programs should be classified, with the understanding that programs are assigned at the lowest possible level commensurate with sound professional practice.

(4) Appeal. Should there be an objection to the level designated by the Postsecondary Vocational Program Leveling Committee, the institution filing the objection can appeal in a two (2) step process. First appeal is to the Standing Committee on Vocational Education. Final appeal is to the Articulation Coordinating Committee.

(5) Each school district and community college that conducts vocational education at the postsecondary level shall report each such program according to the program title, number, and level specified in the Vocational Education Program Courses Standards.

(6) To achieve uniform classification of all postsecondary vocational and postsecondary adult vocational programs, the vocational program review process of the Division of Applied Technology and Adult Education shall include the specification of level, program by program.

Specific Authority 229.053(1) FS. Law Implemented 239.205(1), (2) FS. History–New 3-22-94.

Funds which are available pursuant to Chapter 78-142, Laws of Florida, and which become available pursuant to Section 489.109(3), Florida Statutes, shall be allocated and expended by the Commissioner of Education as prescribed herein.

(1) The Commissioner shall appoint a Building Construction Industry Advisory Committee. The committee membership shall be broadly representative of the building construction industry and shall consist of not less than ten (10) persons. The Commissioner shall designate the chairman annually. The terms of membership shall be two (2) years and members may be reappointed at the discretion of the Commissioner. Members of the advisory committee shall not be eligible for compensation; however, each member may receive travel and per diem in the amounts prescribed in Section 112.061, Florida Statutes, for state employees. Payment of travel and per diem shall be from the funds available pursuant to the introductory paragraph of this rule.

(2) The advisory committee shall have the following duties:

(a) To advise the Commissioner on any policies or procedures needed to implement the provisions of Section 489.109(4), Florida Statutes.

(b) To recommend areas of priority for which research and continuing education funds should be expended.

(c) To review all proposed research and continuing education projects and recommend to the Commissioner those projects which should be funded and the amount of funds to be provided for each.

(3) Each biennium, upon receipt of funds from the Construction Industry Licensing Board as provided by Section 489.109(3), Florida Statutes, the Commissioner shall take the following action:

(a) Determine the name and location of each Florida university which has a graduate program in building construction.

(b) Determine the name and location of each accredited, private university, state university, and community college, in Florida which is offering approved courses in building construction and the number of full-time equivalent students enrolled in such approved courses during the prior fiscal year.

(c) Allocate fifty percent (50%) of the available funds to support research projects in a graduate program and fifty percent (50%) to support research or continuing education projects. One-half (1/2) of the research funds and one-half (1/2) of the continuing education funds shall be allocated to fund projects in each fiscal year of the biennium.

(d) Determine each accredited institution’s pro rata share of the funds allocated for research and continuing education projects. The pro rata share shall be based on the number of full-time equivalent students enrolled in approved courses.

(e) Notify each eligible institution of the following:

1. The amount of funds allocated for research projects in a graduate program and the amount of funds allocated for research and continuing education projects.

2. The areas of priority for which funds allocated for research and for continuing education are to be expended.

3. Instructions and procedures for each accredited institution wishing to do so to prepare and submit a proposal for conducting research or for carrying out continuing education. The Commissioner shall establish the deadline for submitting proposed projects.

4. All proposed projects shall be reviewed by the Building Construction Industry Advisory Committee. Only those proposals receiving a favorable recommendation by a majority vote of the advisory committee may be approved by the Commissioner for funding.
5. Each proposed research project submitted shall contain detailed information on the specific activities to be carried out, the principal investigator, the specific objectives sought, and a detailed proposed budget to show how the requested funds will be expended.

6. Each continuing education project submitted shall contain detailed information about the number of persons to be served, the type and amount of instruction to be provided, the time and location of the actual training sessions, and a detailed proposed budget to show how the requested funds will be expended.

(4) If an accredited institution does not file a request for funds for continuing education, or if the application from an institution does not address one of the required priorities, the Commissioner, upon recommendation of the advisory committee, may reallocate these funds for projects at institutions which are deemed to be providing continuing education in the areas of greatest benefit to the building construction industry in Florida.

(5) If requests for research grants in any year do not require the use of all available funds, the unused funds shall be carried forward and allocated for use in the following fiscal year.

(6) Two (2) or more accredited institutions may submit a joint proposed project with one (1) of the institutions designated as the fiscal agency for the joint project.

(7) For the purposes of implementing this rule and Section 489.109(3), Florida Statutes, the following terms shall have the meaning prescribed herein.

(a) Research project means an academic research effort to seek original answers to or original information about a single question or a group of related questions. Generally, a research project has a person responsible for its direction, a scientifically prescribed methodology, a detailed budget, and a written report of research findings.

(b) Approved courses in building construction means courses in building construction as defined and included in the official statewide Common Course Numbering System of the Department of Education for each accredited institution.

(c) Accredited institution means a private or state college, university, or community college in Florida accredited by the Southern Association of Colleges and Schools.

(d) Approved courses means courses offered by an accredited institution for which college credit is granted, which are acceptable for use toward a college degree, and which are accepted as satisfactory for the training of veterans and eligible persons under Title 38 USC by the Department of Education.

(e) Continuing education means non-credit courses designed to improve the skills and competencies of and to assist in keeping current with state-of-the-profession those persons to whom Section 489.109, Florida Statutes, is applicable.

Specific Authority 229.053(1) FS. Law Implemented 229.512(2), (11), 489.109(3) FS. History–New 9-16-80, Formerly 6A-10.29.

(1) In addition to tests that may be adopted by the State Board to measure student achievement in college-level communication and computation skills, pursuant to Section 229.053(2)(d), Florida Statutes, other assessment procedures shall be measured by completion of coursework in English and mathematics.

(2) Prior to receipt of an Associate of Arts degree from a public community college or university or prior to entry into the upper division of a public university, a student shall complete successfully the following:

(a) Twelve (12) semester hours of English coursework in which the student is required to demonstrate writing skills. For the purposes of this rule, an English course is defined as any semester-length course within the general study area of the humanities in which the student is required to produce written work of at least six thousand (6,000) words.

(b) Six (6) semester hours of mathematics coursework at the level of college algebra or higher. For the purposes of this rule, applied logic, statistics and other such computation coursework which may not be placed within a mathematics department may be used to fulfill three (3) hours of the six (6) hours required by this section. For the purposes of this rule, a grade of C or higher shall be considered successful completion.

(c) Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, advanced placement, or international baccalaureate instruction pursuant to Rule 6A-10.024, F.A.C., and students awarded college credit based on their demonstration of mathematics skills at the level of college algebra or higher through one (1) or more of the acceleration mechanisms in Rule 6A-10.024, F.A.C., shall be considered to have satisfied the requirements in subsection 6A-10.030(2), F.A.C., to the extent of the college credit awarded.

(3) Exemptions and waivers.

(a) Any student who completes the first six (6) hours of the English coursework required by this rule with a grade point average of 4.0 may waive completion of the remaining six (6) hours until after entry into the upper division of a university and shall be considered eligible for an Associate of Arts degree, notwithstanding the provisions of paragraph 6A-10.030(2)(a), F.A.C.

(b) Any public community college or university desiring to exempt its students from the requirements of subsection 6A-10.030(2), F.A.C., shall submit an alternative plan to the State Board of Community Colleges or Board of Regents, respectively. Upon approval of the plan by the respective board, the plan shall be submitted to the State Board. Upon approval by the State Board, said plan shall be deemed effective in lieu of the requirements of subsection 6A-10.030(2), F.A.C.

6A-10.0311 Assessment of Student Attainment of College-Level Communication and Computation Skills.

(1) The skills in Rule 6A-10.0316, F.A.C., shall be used by the Articulation Coordinating Committee as the basis for the development of specifications for test items.

(2) The specifications shall be used by the Articulation Coordinating Committee as the basis for the development of tests and other assessment procedures to measure the level of student attainment of the skills.

(3) The College-Level Academic Skills Test, an achievement test developed by the Department pursuant to Section 229.551(3)(i), Florida Statutes, to measure the level of attainment of college-level communication and computation skills listed in Rule 6A-10.0316, F.A.C., is approved and designated for use in community colleges and state universities. Scores on the reading, writing, and computation subtests shall be reported on the score scale which was established by the Department in the October, 1982 test administration. From October 1, 1982 through September 30, 1991, scores on the essay shall be reported on a four (4) point score scale established by the Department in the October, 1982 test administration. Beginning October 1, 1991, scores on the essay shall be reported on a six (6) point scale established by the Department in the October, 1991 test administration. For purposes of the requirements of Section 240.107(4), Florida Statutes, a total score of four on a four point score scale shall be considered equivalent to a total score of five on a six point score scale for students retaking the essay portion of the examination.

(4) Admission criteria for the College-Level Academic Skills Test shall be specified by the Commissioner in the Test Administration Plan.

(5) A person required to take the College-Level Academic Skills Test who has a record of physiological disorder(s) which substantially impairs that person’s visual, auditory, manual or speaking abilities or who has a record of a learning disability shall be deemed to have satisfied any requirement to present a score on any subtest which has not been modified in administration so as best to ensure that the performance of the person on the subtest accurately reflects the person’s achievement of the skill being measured, rather than the person’s impaired abilities. The test modifications may include but are not limited to the following:

(a) Flexible scheduling. The person may be administered a subtest during several brief sessions, so long as all testing is completed on the test administration date.

(b) Flexible setting. The person may be administered a subtest individually or in a small group setting by a proctor rather than in a classroom or auditorium setting.

(c) Recording of answers. The person may mark answers in a test booklet, type the answers by machine, or indicate selected answers to a test proctor. The proctor may then transcribe the person’s responses onto a machine-scoreable answer sheet.

(d) Revised format. The person may use a large print booklet, a Braille test booklet, or a magnifying device.

(e) Auditory aids. The person may use audio devices. A tape recorded version of appropriate portions of the test may be used, along with a printed copy. Appropriate portions of the test may be read to the student by a narrator.

(6) Each college and university shall establish a committee for the purpose of evaluating requests for exemption from the testing requirements of this rule which are submitted by students with specific learning disabilities. Each institution shall adopt its own procedures for implementing the provisions of this Subsection and Section 240.107(5), Florida Statutes. The student shall have the right to appeal the findings of the committee directly to the president of the institution. Once a waiver is granted by an institution, the waiver is transferable to other institutions.

(7) Each community college president and university president shall establish a committee to consider requests for waivers from the testing requirements of this rule for students other than those with specific learning disabilities. The committee shall be chaired by the chief academic officer of the institution and shall have four (4) additional members appointed by the president which shall include a member of the mathematics department, a member of the English department, the institutional test administrator, and a fourth faculty member from a department other than English or mathematics. The terms of office of the committee members and the meeting times and conditions shall be established by the president. However, as part of the process of determining whether to recommend a waiver from the provisions of Section 240.107(3), Florida Statutes, the committee shall conduct a personal interview with each student requesting a waiver.

(8) Any student who has taken any of the four (4) subtests of the College-Level Academic Skills Test at least four (4) times and has not earned a passing score on the subtest but has otherwise earned a minimum grade point average of 2.0 in all college credit courses in that same subject area and met the requirements defined in Rule 6A-10.030, F.A.C., for that area may appeal to the committee described in subsection (7) of this rule for a waiver from that subtest. In considering the request, the committee shall review the student’s academic records and such other information as may be appropriate.

(9) The committee described in subsection (7) of this rule shall determine whether the student’s inability to pass the reading, English language skills, or essay subtest is due to the student having English as second or foreign language. If the student has completed instructional programs for English as a second language or English as a foreign language with a minimum grade point average of 2.0, and has otherwise earned a minimum grade point average of 2.0 in all college credit courses in the subtest area as that for which a waiver is being considered, and has met the requirements of Rule 6A-10.030, F.A.C., for that area, then a waiver may be considered.

(10) In considering a request for a waiver from any subtest, the committee described in subsection (7) of this rule shall determine whether the student has demonstrated sufficient effort to pass the subtest and has satisfactorily completed remediation studies related to the failed subtest in addition to meeting the requirements in subsections (8) and (9) of this rule. Waivers shall not be granted under any circumstance unless the student first has demonstrated effort to learn the required skills to the level required by the subtest.
(11) If the committee described in subsection (7) of this rule recommends by majority vote that a waiver be given for a specified subtest, such recommendation shall be accompanied by documentation that the student has acquired the skills to the level required by the subtest and statements of explanation or justification to be considered by the president who then may approve or disapprove the recommendation. If a waiver is granted, the student’s official college or university transcript shall include a statement that the student did not meet the requirements of Section 240.107(3), Florida Statutes, for an identified subtest, and a waiver was granted.

(12) Each institution granting waivers to students under the provisions of this rule shall provide information about the students receiving waivers to the Department of Education in accordance with procedures established by the Commissioner of Education. This information shall include documentation of the student’s name and social security number, the test section waived, and the reasons for the waiver.

(13) A community college shall not grant a waiver unless it is in conjunction with the awarding of the associate in arts degree.

(14) Pursuant to Section 240.107(9)(a), Florida Statutes, any student fulfilling one or more of the following requirements before completion of the associate in arts degree requirements or baccalaureate degree requirements is exempt from the testing requirements of this rule:

(a) Students may present scores from the Scholastic Achievement Test (SAT-I) as follows:
   1. Quantitative. Students who have earned a quantitative score of five hundred (500) or above on the recentered score scale of the Scholastic Achievement Test (SAT-I), or its equivalent on the original score scale, shall be exempt from the computation section of the College-Level Academic Skills Test.
   2. Verbal. Students who have earned a verbal score of five hundred (500) or above on the recentered score scale of the Scholastic Achievement Test (SAT-I), or its equivalent on the original score scale, shall be exempt from the Reading, English Language Skills, and Essay sections of the College-Level Academic Skills Test.

(b) Students may present scores from the American College Testing Program (ACT) as follows:
   1. Mathematics. Students who have earned a score of twenty-one (21) or above on the Enhanced American College Testing Program in mathematics, or a score of twenty-one (21) or above on the original ACT, shall be exempt from the Computation section of the College-Level Academic Skills Test.
   2. English. Students who have earned a score of twenty-two (22) or above on the Enhanced American College Testing Program in Reading, or a score of twenty (20) or above on the Composite of the original ACT, shall be exempt from the Reading section of the College-Level Academic Skills Test. Students who have earned a score of twenty-one (21) or above on the American College Testing Program in English, or a score of twenty (20) or above on the original ACT, shall be exempt from the English Language Skills and Essay sections of the College-Level Academic Skills Test.

(c) Students who have earned a grade point average of 2.5 or above on a 4.0 grade scale in selected postsecondary level courses shall be exempted from one or more sections of the College-Level Academic Skills Test, as specified below. Each postsecondary institution shall establish its own policies for the evaluation of students’ coursework when that student earned credits from an institution other than a Florida public community college or university.

1. To exempt the English Language Skills, Reading and Essay sections of the College-Level Academic Skills Test, the student must have earned a 2.5 grade point average in two (2) courses for a minimum of six (6) semester hours of credit from: ENC 1101, English I and ENC 1102, English II or other equivalent college-level English course.

2. To exempt the Computation section of the College-Level Academic Skills Test, the student must have earned a 2.5 grade point average in two (2) courses for a minimum of six (6) semester hours of credit from:
   a. Option 1. The student shall complete any two (2) of the following: MAC*102 College Algebra or any other MAC course with the last three digits being higher than 102; MGF*106 Liberal Arts Mathematics I, MGF*107 Liberal Arts Mathematics II, MGF*202 Finite Mathematics or any other MGF courses with the last three digits being higher than 202; or STA*014 Statistical Methods or any other STA course.
   b. Option 2. The student shall complete any two (2) of the following: MGF*106 Liberal Arts Mathematics I and MGF*107 Liberal Arts Mathematics II; MGF*113 Topics in College Mathematics I; MGF*114 Topics in College Mathematics II; or MGF*118 Mathematics CLAST Review.
   c. Option 3. MGF*106 Liberal Arts Mathematics I or MGF*113 Topics in College Mathematics I, and MAC*102 College Algebra or MAC*105 College Algebra.

(15) Students who do not initially earn passing scores on the Scholastic Achievement Test (SAT-I) or the American College Testing Program may submit scores earned on other administrations of the tests as long as subsequent scores are not earned within thirty (30) days of the preceding score.

(16) Pursuant to Section 240.107(9), Florida Statutes, any student denied a degree based on the failure of at least one (1) subtest of the CLAST may use any of the alternatives specified in this rule for receipt of a degree if such student meets all degree program requirements at the time of application for the degree under the exemption provisions of this rule. This provision does not require a student to take the CLAST before being given the opportunity to use any of the alternatives specified in this rule. The exemptions provided herein do not apply to requirements for teacher certification as provided in Section 231.17, Florida Statutes.

(17) For purposes of evaluating student grade point averages to implement the provisions of subsection (14) of this rule, each postsecondary institution may determine how to make allowances for students who have earned credits in Advanced Placement, College-Level Examination, and International Baccalaureate Programs.

(1) The following scale scores on the College-Level Academic Skills Test define the minimum levels of attainment of the communication and computation skills included in Rule 6A-10.0316, F.A.C., that are required on each subtest during each of the designated periods of time to satisfy the minimum standards of the State Board.

(a) Reading. From August 1, 1984, through July 31, 1986, the scale score shall be 260. From August 1, 1986, through July 31, 1989, the scale score shall be 270. Beginning August 1, 1989, the scale score shall be 295.

(b) Writing. From August 1, 1984, through July 31, 1986, the scale score shall be 265. From August 1, 1986, through July 31, 1989, the scale score shall be 270. Beginning August 1, 1989, the scale score shall be 295.

(c) Computation. From August 1, 1984, through July 31, 1986, the scale score shall be 260. From August 1, 1986, through July 31, 1989, the scale score shall be 275. From August 1, 1989, through September 30, 1991, the scale score shall be 285. From October 1, 1991, through September 30, 1992, the scale score shall be 290. Beginning on October 1, 1992, the scale score shall be 295.

(d) Essay. From August 1, 1984 through September 30, 1991, the scale score shall be a total of 4. From October 1, 1991 through September 30, 1992, the scale score shall be a total of 5. Beginning on October 1, 1992, the scale score shall be a total of 6.

(e) The scale scores described in this rule shall be equivalent to those specified in subsection 6A-10.0311(3), F.A.C.

(2) The Commissioner shall approve procedures for reviewing the minimum standards and shall recommend changes in the minimum standards to adjust to changes in the level of attainment of communication and computation skills being achieved by students in community colleges and state universities and to changes in the definition of the college-level skills included in Rule 6A-10.0316, F.A.C.

(1) The communication and computation skills included in Rule 6A-10.0316, F.A.C., shall be taken into account by each state university and community college awarding an associate of arts degree in the establishment of student performance standards for the award of that degree; provided, however, that no associate of arts degrees shall be awarded after the October 1982 administration of the College-Level Academic Skills Test to students who do not present scores earned on that test; and provided, further, that beginning August 1, 1984, student scores on that test must satisfy the minimum standards of the State Board.

(2) Each state university with a lower division and each community college shall assure that all students in college-credit programs have opportunity to acquire the skills included in Rule 6A-10.0316, F.A.C.

(3) Except as provided in subsection 6A-10.0314(4), F.A.C., beginning with the October 1982 administration of the College-Level Academic Skills Test, each state university shall require all applicants for upper division status, including students who were admitted to the university as freshmen or sophomores, to present scores which have been earned on the College-Level Academic Skills Test; and for any term beginning on or after August 1, 1984, the admission of all students to upper division status shall require presentation of scores on the College-Level Academic Skills Test which satisfy the minimum standards of the State Board. Students who are otherwise qualified for admission to upper division status at a state university and who have satisfied the minimum standards of the State Board on only three (3) of the four (4) subtests of the College-Level Academic Skills Test may enroll for up to an additional thirty-six (36) semester credits in upper division courses in a state university before they are required to satisfy the minimum standards of the State Board on all four (4) subtests. However, the implementation of this rule shall be applied uniformly to native university students and to students who transfer from other institutions in which the College-Level Academic Skills Test is required.

(4) Students required to present scores on the College-Level Academic Skills Test who have not had opportunity to take the test may be enrolled in a state university only until the end of the next semester in which the test is available to them. Students who have not had an opportunity to take the test are students (1) who completed their sophomore year without receiving an associate of arts degree in a community college or state university in Florida before October, 1982; (2) who are transferring from an institution where the test is not administered; (3) who are prevented from taking the test (i) for religious or medical reasons, (ii) by reason of a duty assignment while on active or temporary (TDY) duty in military service; or (4) who were registered to take the test but failed to report for testing for a reason beyond the student’s control. In response to a student’s written petition, the university president or community college president or designee shall make a written finding as to whether the student had the opportunity to take the test. Written findings shall be filed with the Agency Clerk of the university.

(5) A student may exempt these requirements according to subsections 6A-10.0311(5) and (6), F.A.C.
6A-10.0315 College Preparatory Testing, Placement, and Instruction.

(1) For admissions after October 1, 1991, for enrollment for the academic terms beginning January 1992 through July 31, 1995, first-time-in-college applicants for admission to community colleges and universities who apply to enter degree programs shall be tested for reading, writing, and mathematics proficiency prior to the completion of registration, using one (1) or more of the tests listed in this subsection, and shall enroll in college preparatory communication and computation instruction if the test scores are lower than those listed below.

Community colleges and universities shall have the option of delaying implementation of the provisions of Subsection (3) of this rule upon notification by the president of the institution to the Commissioner. No institution shall be permitted to exempt the provisions of subsection (3) of this rule for more than one (1) academic year, and no exemptions may be in effect past June 30, 1997.

Community colleges and universities may identify optional placement tests to supplement those listed in subsection (2) of this rule that may be useful. If such optional tests are identified, each institution shall be responsible for designating the scores that will be used for placement purposes and the courses into which the student will be placed.

For admissions prior to the fall 2000 academic term, students who present scores on either the College Board’s SAT-I or the American College Testing Program’s Enhanced ACT test that meet or exceed the scores shown below, may be exempted from taking the Florida College Entry-Level Placement Test at the option of the president of the community college or university:

Community colleges and universities may negotiate agreements with local school districts to permit, on a voluntary basis, high school students to take the Florida College Entry-Level Placement Test at the beginning of the tenth grade before enrollment in the eleventh grade for the purpose of obtaining remedial instruction prior to entering postsecondary education.

Each community college president shall negotiate agreements with its local service area school district to permit the Florida College Entry-Level Placement Test to be administered to high school students. The agreement shall provide the opportunity for students to have the option of taking the Placement Test at the beginning of the tenth grade for the purpose of obtaining counseling regarding future college and career planning and for the purpose of providing remedial instruction that may be appropriate. High school eleventh or twelfth grade students also may be given the option of taking the Placement Test.

Each state public university president may negotiate an agreement with local school districts to permit the Florida College Entry-Level Placement Test to be administered to high school students. The negotiations with the school district shall take into consideration any previous or anticipated agreement negotiated by the community college president as described in subsection (9)
of this rule to minimize any confusion in the administration of the test to high school students. The agreement negotiated by a university president shall be subject to the conditions of subsections (11) and (12) of this rule except that the test administration responsibilities would be assumed by the university.

(11) The agreement shall provide for the administration of the Placement Test under the control and supervision of the community college. The agreement shall incorporate plans to administer the Placement Test according to specifications developed by the Commissioner. These specifications shall include how the test is to be administered, when, to whom, at what cost, how the costs will be paid, and how the test results will be reported.

(12) The agreement shall be sent to the Commissioner for review and approval prior to implementation. If the agreement does not adhere to the specifications defined in subsection (11) of this rule, it shall not be approved.

(13) Nothing provided in subsection 6A-10.0315(1), F.A.C., shall be construed to prevent the enrollment of a student in college preparatory instruction if the community college or university determines that such enrollment would enhance the student’s opportunity for future academic success. The determination of enrollment would be made after counseling with the student and the analysis and consideration of other assessment techniques and measurements, which may include transcripts, grade evaluations, diagnostic, placement or psychological instruments, or other proven indicators or predictors of academic performance. Students who are initially placed in college preparatory instruction and subsequent performance indicates the students have been misplaced may be moved into college level courses if they meet the requirements of paragraph (19)(b) of this rule.

(14) Students whose first language is not English may be placed in college preparatory instruction prior to the testing required herein, if such instruction is otherwise demonstrated as being necessary. Such students shall not be exempted from the testing required herein.

(15) Test modifications and exemptions in subsection 6A-10.0311(5), F.A.C., shall apply in the case of applicants with records of physiological disorders.

(16) Institutions affected by this rule shall accept test scores on any one of the tests identified in subsection 6A-10.0315(1), F.A.C., Individual student scores shall be valid for two (2) years.

(17) During their first term, full-time students who are registered for at least twelve (12) credits, shall begin competency-based preparatory instruction based on the placement test results. Part-time students shall enroll prior to completing twelve (12) credits.

(18) Students shall not enroll for more than three (3) attempts in each course to complete college preparatory instruction. Students who withdraw from a course under major extenuating circumstances may be granted an exception. Such exceptions require approval under guidelines established by the boards of trustees or the Board of Regents. Students enrolled in English as a second language may be exempted from this limitation based on a plan submitted by the institution and approved by the Board of Regents or the State Board of Community Colleges for their respective institutions.

(19) Uniform standards for completion of competency-based college preparatory instruction shall correspond to those listed herein for placement in college credit instruction. Once competence has been certified, other public community colleges and universities shall accept the certification upon student transfer. Competence shall be certified upon:

(a) Successful completion of courses in which the competencies specified in subparagraph 6A-10.033(1)(c)1., F.A.C., are taught, and

(b) Passing a criterion-referenced assessment which tests the competencies specified in subparagraph 6A-10.033(1)(c)1., F.A.C., or

(20) Students enrolled in college preparatory instruction shall be permitted to take courses concurrently in other curriculum areas for which they are qualified. Pursuant to Section 240.117(4), Florida Statutes, students who test into college preparatory instruction and subsequently enroll in college preparatory instruction must successfully complete the required college preparatory studies by the time they have accumulated twelve (12) hours of college credit coursework or they must maintain continuous enrollment in college preparatory coursework each semester until the requirements are completed while performing satisfactorily in the degree earning coursework.

(a) College preparatory students may not enroll in the following categories of college credit courses while completing their college preparatory coursework:

1. College preparatory students who are deficient in mathematics may not enroll in any mathematics courses that meet the requirements of Rule 6A-10.030, F.A.C., or other courses that require mathematics skills that are beyond the skill level of the student.

2. College preparatory students who are deficient in English and/or reading skills may not enroll in English or humanities courses that meet the requirements of Rule 6A-10.030, F.A.C., or other courses that require communication skills that are beyond the skill level of the student.

3. College preparatory students who are deficient in all three (3) areas may enroll in college-level courses such as orientation courses, college success courses, or other courses that are not dependent on college-level computation and communication skills.

(21) The Commissioner shall report to the State Board of Education by November 30 each year the results of the common placement testing.

Specific Authority 229.053(1), 239.301(10), 240.117(1) FS. Law Implemented 239.301, 240.117 FS. History–New 7-15-84, Amended 6-6-85, Formerly 6A-10.315, Amended 5-17-88, 7-25-91, 10-18-94, 8-28-95, 6-25-96, 3-28-00.

The communication and computation skills identified herein, pursuant to Section 229.053(2)(d), Florida Statutes, are associated with successful performance of students in college programs through the baccalaureate level.

(1) The following skills, by designated category, are defined as college-level communication skills:

(a) Reading with literal comprehension includes all of the following skills:
   1. Recognizing main ideas in a given passage.
   2. Identifying supporting details.
   3. Determining meaning of words on the basis of context.

(b) Reading with critical comprehension includes all of the following skills:
   1. Recognizing the author’s purpose.
   2. Identifying the author’s overall organizational pattern.
   3. Distinguishing between statement of fact and statement of opinion.
   4. Detecting bias.
   5. Recognizing author’s tone.
   6. Recognizing explicit and implicit relationships within sentences.
   7. Recognizing explicit and implicit relationships between sentences.
   8. Recognizing valid arguments.
   9. Drawing logical inferences and conclusions.

(c) Listening with literal comprehension includes all of the following skills:
   1. Recognizing main ideas.
   2. Identifying supporting details.
   3. Recognizing explicit relationships among ideas.
   4. Recalling basic ideas, details, or arguments.

(d) Listening with critical comprehension includes all of the following skills:
   1. Perceiving the speaker’s purpose.
   2. Perceiving the speaker’s organization of ideas and information.
   3. Discriminating between statements of fact and statements of opinion.
   4. Distinguishing between emotional and logical arguments.
   5. Detecting bias.
   6. Recognizing the speaker’s attitude.
   7. Synthesizing by drawing logical inferences and conclusions.

(e) Composing units of discourse providing ideas and information suitable for purpose and audience includes all of the following skills:
   1. Selecting a subject which lends itself to development.
   2. Determining the purpose and the audience for writing.
   3. Limiting the subject to a topic which can be developed within the requirements of time, purpose, and audience.
   4. Formulating a thesis or statement of main idea which focuses the essay.
   5. Developing the thesis or main idea statement by all of the following:
      a. Providing adequate support which reflects the ability to distinguish between generalized and specific evidence.
      b. Arranging the ideas and supporting details in a logical pattern appropriate to the purpose and the focus.
      c. Writing unified prose in which all supporting material is relevant to the thesis or main idea statement.
      d. Writing coherent prose and providing effective transitional devices which clearly reflect the organizational pattern and the relationships of the parts.

(f) Transmitting ideas and information in effective written language which conforms to the conventions of standard American English includes all of the following skills:
   1. Demonstrating effective word choice by all of the following:
      a. Using words which convey the denotative and connotative meanings required by context.
      b. Avoiding inappropriate use of slang, jargon, cliches, and pretentious expressions.
      c. Avoiding wordiness.
   2. Employing conventional sentence structure by all of the following:
      a. Placing modifiers correctly.
      b. Coordinating and subordinating sentence elements according to their relative importance.
      c. Using parallel expressions for parallel ideas.
      d. Avoiding fragments, comma splices, and fused sentences.
   3. Employing effective sentence structure by all of the following:
      a. Using a variety of sentence patterns.
      b. Avoiding overuse of passive construction.
   4. Observing the conventions of standard American English grammar and usage by all of the following:
a. Using standard verb forms.
b. Maintaining agreement between subject and verb, pronoun and antecedent.
c. Using proper case forms.
d. Maintaining a consistent point of view.
e. Using adjectives and adverbs correctly.
f. Avoiding inappropriate shifts in verb tenses.
g. Making logical comparisons.
5. Using standard practice for spelling, punctuation, and capitalization.
6. Revising, editing, and proofreading units of written discourse to assure clarity, consistency, and conformity to the conventions of standard American English.

(g) Speaking involves composing the message, providing ideas and information suitable to topic, purpose, and audience which includes all of the following skills:
1. Determining the purpose of the oral discourse.
2. Choosing a topic and restricting it according to purpose and audience.
3. Fulfilling the purpose by the following:
   a. Formulating a thesis or main idea statement.
   b. Providing adequate support material.
   c. Organizing suitably.
   d. Using appropriate words.
   e. Using effective transitions.

(h) Speaking involves transmitting the message, using oral delivery skills suitable to the audience and the occasion by all of the following skills:
1. Employing vocal variety in rate, pitch, and intensity.
2. Articulating clearly.
3. Employing the level of American English appropriate to the designated audience.
4. Demonstrating nonverbal behavior which supports the verbal message with eye contact and appropriate posture, gestures, facial expressions, and body movements.

(2) The following skills, by designated category, are defined as college-level computation skills:
(a) Demonstrating mastery of all of the following arithmetic algorithms:
1. Adding, subtracting, multiplying, and dividing rational numbers.
2. Adding, subtracting, multiplying, and dividing rational numbers in decimal form.
3. Calculating percent increase and percent decrease.
4. Solving the sentence a percent of b is c, where values for two of the variables are given.
(b) Demonstrating mastery of all of the following geometric and measurement algorithms:
1. Rounding measurements to the nearest given unit of the measuring device used.
2. Calculating distances, areas, and volumes.
(c) Demonstrating mastery of all of the following algebraic algorithms:
1. Adding, subtracting, multiplying, and dividing real numbers.
2. Applying the order-of-operations agreement to computations involving numbers and variables.
3. Using scientific notation in calculations involving very large or very small measurements.
5. Solving linear inequalities.
6. Using given formulas to compute results, when geometric measurements are not involved.
7. Finding particular values of a function.
8. Factoring a quadratic expression.
10. Solving a system of two (2) linear equations in two (2) unknowns.
(d) Demonstrating mastery of all of the following statistical algorithms, including some from probability:
1. Identifying information contained in bar, line, and circle graphs.
2. Determining the mean, median, and mode of a set of numbers.
3. Using the fundamental counting principle.
(e) Demonstrating mastery of logical-reasoning algorithms by deducing facts of set inclusion or set non-inclusion from a diagram.
(f) Demonstrating understanding of arithmetic concepts by all of the following skills:
1. Recognizing the meaning of exponents.
2. Recognizing the role of the base number in determining place value in the base-ten numeration system.
3. Identifying equivalent forms of positive rational numbers involving decimals, percents, and fractions.
4. Determining the order relation between real numbers.
5. Identifying a reasonable estimate of a sum, average, or product of numbers.
(g) Demonstrating understanding of geometric and measurement concepts by all of the following skills:
1. Identifying relationships between angle measures.
2. Classifying simple plane figures by recognizing their properties.
3. Recognizing similar triangles and their properties.
4. Identifying appropriate units of measurement for geometric objects.
(h) Demonstrating understanding of algebraic concepts by all of the following skills:
1. Using properties of operations correctly.
2. Determining whether a particular number is among the solutions of a given equation or equality.
3. Recognizing statements and conditions of proportionality and variation.
4. Inferring regions of the coordinate plane which correspond to specified conditions and vice versa.
(i) Demonstrating understanding of statistical concepts including probability by all of the following skills:
1. Recognizing properties and interrelationships among the mean, median, and mode in a variety of distributions.
2. Choosing the most appropriate procedure for selecting an unbiased sample from a target population.
3. Identifying the probability of a specified outcome in an experiment.
(j) Demonstrating understanding of logical-reasoning concepts by all of the following skills:
1. Identifying statements equivalent to the negations of simple and compound statements.
2. Determining equivalence or non-equivalence of statements.
3. Drawing logical conclusions from data.
4. Recognizing that an argument may not be valid even though its conclusion is true.
(k) Inferring relations between numbers in general by examining particular number pairs.
(l) Generalizing and selecting applicable generalizations in geometry and measurement by both of the following skills:
1. Inferring formulas for measuring geometric figures.
2. Selecting applicable formulas for computing measures of geometric figures.
(m) Generalizing and selecting applicable generalizations in algebra by using applicable properties to select equivalent equations and inequalities.
(n) Generalization and selecting applicable generalizations in statistics, including probability, by inferring relations and making accurate predictions from studying statistical data.
(o) Generalizing and selecting applicable generalizations in logical reasoning by both of the following skills:
1. Recognizing valid reasoning patterns as illustrated by valid arguments in everyday language.
2. Selecting applicable rules for transforming statements without affecting their meaning.
(p) Demonstrating proficiency for solving problems in the area of arithmetic by the following skills:
1. Solving real-world problems which do not require the use of variables and which do not involve percent.
2. Solving real-world problems which do not require the use of variables and which do require the use of percent.
3. Solving problems that involve the structure and logic of arithmetic.
(q) Demonstrating proficiency for solving problems in the area of geometry and measurement by both of the following skills:
1. Solving real-world problems involving perimeters, areas, or volumes of geometric figures.
2. Solving real-world problems involving the Pythagorean property.
(r) Demonstrating proficiency for solving problems in the area of algebra by both of the following skills:
1. Solving real-world problems involving the use of variables, aside from commonly used geometric formulas.
2. Solving problems that involve the structure and logic of algebra.
(s) Demonstrating proficiency for solving problems in the area of statistics, including probability, for both of the following skills:
1. Interpreting real-world data involving frequency and cumulative frequency tables.
2. Solving real-world problems involving probabilities.
(t) Demonstrating awareness of the ways in which logical reasoning is used to solve problems by drawing logical conclusions when facts warrant them.

(3) The Articulation Coordinating Committee shall file with the Commissioner and the State Board, on or before November 30 of each odd-numbered year, its recommendations for changes, if any, in the above definitions of college-level communication and computation skills.

Specific Authority 229.053(1), (2)(d) FS. Law Implemented 229.053(2)(d), 229.551(3)(h) FS. History–New 8-1-92.

**6A-10.0317 Participation in the College-Level Communication and Computation Skills Testing Program by Nonpublic Postsecondary Institutions.**

(1) Test participation. The College-Level Academic Skills Test may be administered to students enrolled in nonpublic, postsecondary institutions. Such institutions shall offer the test to students who apply for state student financial aid in accordance with Rule 6A-20.005, F.A.C., or may offer it to or require it of other students as well, as determined by the institution. The institution shall pay the Department of Education a fee of twenty (20) dollars per student who takes one or more parts of the test for the cost of scoring and reporting the results of the test.

- 231
(2) Reports and services. For any nonpublic, postsecondary institution whose students participate in the College-Level Academic Skills testing program, the Department of Education shall provide the same testing program reports and services as provided to public institutions.

Specific Authority 120.53(1)(b), 229.053(1), (2)(d), 240.107(7) FS. Law Implemented 229.053, 240.107, 240.233, 240.239, 240.3215, 240.325 FS. History–New 4-1-91.

6A-10.032 Postsecondary Education Contract Programs and Facilities.

(1) Purpose. The authorization for the State Board to contract with independent postsecondary education institutions for the provision of those educational programs and facilities which will meet needs unfulfilled by the state system of postsecondary education is based upon the principles of efficiency, effectiveness, and economy. The State Board may contract for a program or for the use of an existing facility if it can be demonstrated that the state needs for the program or facility may be met at lower cost or more effectively through contracting. In all cases, the program or facility obtained through contract must be of equal quality as similar programs and facilities in the state system of postsecondary education.

(2) Conditions for contract programs.

(a) Financial limitation. The state subsidy for any contract program shall be determined on an individual contract basis. Florida students enrolled in contract programs shall be required to pay no more in tuition and laboratory fees than is charged in comparable programs in state institutions. No cost overruns shall be recognized in the case of contract programs.

(b) Accreditation. Any institution proposing a contract program shall be accredited as provided by Section 229.053(2)(o), Florida Statutes.

(c) Enrollment limit. There shall be a maximum enrollment specified in the contract and certified by the contract institution during the term of the contract. If enrollment in a contract program falls below the maximum enrollment specified, the state subsidy shall be reduced proportionally during the contract period based on the actual enrollment in the program. State support shall be limited to those students enrolled in the contract program who have been bona fide Florida residents for the preceding year. Residency status shall be the same as the residency requirement established by the Board of Regents for students enrolled in the State University System. (See Rule 6C-7.005, F.A.C.)

(d) Extension. Contracts shall be subject to annual appropriation of funds by the Florida Legislature. The provisions of Chapter 216 of the Florida Statutes related to executive reduction of budgets shall apply. The State Board, subject to the appropriation of adequate funds by the Florida Legislature and the recommendation of the Postsecondary Education Planning Commission as specified in paragraph (3)(e) hereof, shall provide each student once admitted into a contract program sufficient time to complete the program in full-time status.

(3) Review process.

(a) Any proposed contract program shall be presented to the Postsecondary Education Planning Commission for review and recommendation to the State Board. In conducting its review the Commission shall consider the following:

1. Unmet needs to be addressed by the contract program;
2. Evidence of adequate resources of the contracting institution;
3. Demand for graduates from the contract program;
4. Any specialized accreditation held by the contract program, if appropriate;
5. The state subsidy for the contract program. In determining the state subsidy for any contract program, the following items shall be considered:
   a. The state operating costs for comparable programs;
   b. Additional state fixed capital outlay costs or start-up costs necessitated by expansion or creation of state programs;
   c. Qualitative differences between programs;
   d. Price level adjustments for contract renewals.
6. The capability of state institutions located nearest the potential contractor to furnish all or part of the program;
7. Consistency of the program with the state master plan for postsecondary education; and
8. The Impact Study required by the State Plan for the Equalization of Educational Opportunity.

(b) The Department, other institutions, postsecondary licensing and governing boards and other appropriate external consultants may be involved in assisting the Commission in making a determination as to program quality and need.

(c) Based on the recommendation of the Commission, prior to contracting for a program, the Department shall include the contract program in its legislative budget request as a separate, identifiable item, subject to approval by the State Board.

(d) Each contract program shall be administered by the Department and shall be subject to periodic review by the Department in cooperation with the Postsecondary Education Planning Commission. In addition to the items specified in paragraph (3)(a) above, the review shall consider the ratio of students enrolled under the contract to the number of graduates produced.

(e) The Commission shall provide the State Board with a recommendation on the annual renewal of each contract.

Specific Authority 229.053(1) FS. Law Implemented 229.053(2)(o), 240.147(3) FS. History–New 4-18-82, Formerly 6A-10.32, Amended 10-18-94, 3-3-97.
6A-10.033 Postsecondary Credit Definitions.
The definitions herein apply to instruction in postsecondary area vocational-technical centers, community colleges, and universities.

(1) Credit. Credit is a unit of measure assigned to courses or course equivalent learning. Credit is awarded if the learning activity represents part of, or preparatory for, an organized and specified program leading to a postsecondary certificate or degree. Credit is a device which indicates to the learner, to educational institutions, to employers, and to others how much of the program the learner has completed. The credit awarded may be independent of where the learning occurs. If a learning activity does not meet these requirements, credit shall not be awarded. The only types of postsecondary credit authorized are:

(a) College credit. College credit is the type of credit assigned to courses or course equivalent learning that is part of an organized and specified program leading to a graduate, baccalaureate, or associate degree. One (1) college credit is based on the learning expected from the equivalent of fifteen (15) fifty-minute periods of classroom instruction; with credits for such things as laboratory instruction, internships, and clinical experience determined by the institution based on the proportion of direct instruction to the laboratory exercise, internship hours, or clinical practice hours.

(b) Vocational credit. Vocational credit is the type of credit assigned to courses or course equivalent learning that is part of an organized and specified program leading to a vocational certificate. It applies to postsecondary adult vocational courses. One (1) vocational credit is based on the learning expected from the equivalent of thirty (30) hours of instruction.

(c) Preparatory credit.

1. College preparatory credit. College preparatory credit is the type of preparatory credit assigned to courses that provide high school graduates who wish to enroll in college credit courses with additional academic preparation determined to be needed pursuant to Rule 6A-10.0315, F.A.C. One (1) college preparatory credit is based on the learning expected from the equivalent of fifteen (15) fifty-minute periods of classroom instruction, with credit for such things as laboratory instruction and individualized study determined by the institution based on the proportion of direct instruction to the laboratory exercise or individualized program. College preparatory courses provide competency-based instruction to develop college entry competencies in the communication and computation skills described herein.

a. College preparatory reading competencies are distinguished from college-level reading competencies based on the criteria in subsection 6A-10.0315(1), F.A.C. College preparatory reading instruction includes the recognition of main ideas, supporting details, meanings of words in context, author’s purpose, tone, valid arguments, explicit and implicit relationships within and between sentences; and the ability to detect bias, to distinguish fact from opinion, and to draw logical inferences and conclusions.

b. College preparatory writing competencies are distinguished from college-level writing competencies based on the criteria in subsection 6A-10.0315(1), F.A.C. College preparatory writing instruction includes word choice, sentence structure, grammar, spelling, and punctuation.

c. College preparatory mathematics competencies are distinguished from college-level mathematics competencies in that the college-level competencies begin with intermediate algebra or general mathematics skills which build upon the preparatory competencies defined in subsection 6A-10.0315(1), F.A.C. College preparatory mathematics instruction includes arithmetic and introductory algebra including real numbers and their properties, basic operations with linear expressions, factoring of algebraic expressions, and solutions of linear equations and inequalities.

2. Vocational preparatory credit. Vocational preparatory credit is the type of preparatory credit assigned to courses that provide students who wish to enroll in vocational credit courses with additional academic preparation. One (1) vocational preparatory credit is based on the learning expected from the equivalent of fifteen (15) fifty-minute periods of classroom instruction, with credit for such things as laboratory instruction and individualized study determined by the institution based on the proportion of direct instruction to the laboratory exercise or individualized program.

(2) Noncredit. Noncredit is a term indicating that credit, as defined herein, is not awarded. It applies, in the case of universities, to the instructional classifications of noncredit continuing education; in the case of community colleges, to the instructional classifications of supplemental, adult basic and secondary, citizenship, and recreational; and in the case of postsecondary area vocational-technical centers, to the instructional classifications of supplemental, adult basic and secondary, community education, and community instructional services. The unit of measure is hours of instruction.

Specific Authority 229.053(1), 240.115(2), 240.117(1) FS. Law Implemented 228.041(1), 229.053(2)(c), 229.551(1), 239.301, 240.115, 240.117, 240.203(2), 240.301, 240.325(3), (4) FS. History–New 7-13-83, Amended 5-14-85, Formerly 6A-10.33.

6A-10.0331 Deletion of Courses from Catalogs and Common Course Designation and Numbering System.

(1) Effective with the 1987-88 academic year, each university in the State University System and each community college in the State Community College System shall adopt, as part of the procedure for the preparation of its institutional catalog, a rule to ensure that courses which have not been taught for five (5) years, or less if desired, are deleted from the catalog. Each institution shall also notify the Office of the Common Course Designation and Numbering System to delete these courses.

(2) Courses not taught in the preceding five (5) years or less in keeping with institutional requirements, which an institution wishes to continue shall be reviewed in the same manner that the institution reviews courses which are proposed for addition to the catalog and Common Course Designation and Numbering System. A course may be continued in the catalog if the institution plans to offer it during the next five (5) years.
The president of each university shall annually certify to the Board of Regents and the president of each community college shall annually certify to the board of trustees for that college that the institution has complied with the law.

Specific Authority 229.053(1), 233.015 FS. Law Implemented 229.053(1), 233.015 FS. History–New 12-31-86, Amended 4-7-87, 8-30-88.

6A-10.0341 Vocational Education Student Follow-Up Requirements.

(1) To meet public information requirements of Section 239.245, Florida Statutes, school districts; independent postsecondary vocational, technical, trade and business schools; and community colleges shall determine a postsecondary vocational student’s placement status using one (1) or more of the following procedures:

(a) The written questionnaire outlined in this rule;
(b) State-level computerized employment data collected by the Florida Education and Training Placement Information Program (FETPIP);
(c) Written verification from the employer.

(2) The written questionnaire process shall collect post-instruction outcome data and shall not include information from exit interviews. For written questionnaires, documentation for audit purposes shall be kept on file for three (3) years and include at least:

(a) Student name and social security or identification number.
(b) Student address and telephone number.
(c) Whether continuing in postsecondary education.
(d) If continuing postsecondary education, the name and address of the institution where enrolled.
(e) If employed other than in the military, employer’s name and address and the occupational title for the job in which the student is employed.
(f) The student’s signature and date to verify the information.
(3) When state-level computerized employment data are used, documentation shall consist of the data tape or hard copy.
(4) Written verification from the employer shall include student name, social security number, and occupational title under which the student is employed.

5 A notice of intent to conduct a local follow-up survey must be provided by the local educational agency or independent school to the appropriate division of the Department.

(6) The written notification must indicate that the local education agency or independent school intends to conduct a local follow-up of its vocational completers and leavers; the program(s) on which the local follow-up will be conducted; reason(s) for the local follow-up; and, may request technical assistance.

(7) Anytime a local education agency or independent school publishes program performance measures that are based at least partially on local follow-up data, a notice of the inclusion of those data must be made in writing as part of the publication. The following statement must be displayed prominently in the publication: “As a result of a vocational program review, locally collected vocational student follow-up data have been used to compile this information. The methods used to collect this information are specified by state laws and rules. These data are available for inspection upon request.”

Specific Authority 239.233(1)(b), 239.245 FS. Law Implemented 239.233(1)(b), 239.245(2)(b)3. FS. History–New 6-23-87, Amended 11-24-87, 10-4-93, 6-18-96.

6A-10.0342 Vocational Education Program Performance Reporting.

(1) The Department will annually calculate and publish secondary and postsecondary program improvement targets for each of the performance measures for which job-preparatory/occupational programs are to be accountable. Methods for the calculation of the program improvement targets will include the following:

(a) The program performance measures that are expressed as percentages or rates (the placement rate, productivity rate, more advanced academic skills rate, and the targeted population enrollment reporting rate) will have targets that will require greater performance improvement when the rates are lower in value and lesser performance improvement when the rates are higher in value. Program improvement targets will be calculated specifically for programs within each educational level.
(b) The program performance measures that are expressed as amounts (the program full-time/full-quarter earnings measure and the institutional full-time/full-quarter earnings measure) will have targets that will be based on the range of full-time/full-quarter earnings for all comparable programs and all institutions at the same educational level across the state.
(c) The basic skills measure is self-targeting inasmuch as it requires one hundred (100) percent of the program completers to receive or be eligible for a high school diploma.

(2) Minimum performance standards for the placement rate and productivity rate will be seventy (70) percent and twenty (20) percent, respectively, for postsecondary programs. Minimum program improvement targets will equal or exceed these minimum performance standards.

(3) The Department will calculate placement, productivity, and institutional earnings measures for all enrolled students and for enrolled targeted population students. The measures based on enrolled targeted students will use the same program improvement targets as were calculated based on all enrolled students for these measures.
(4) Exceptional education students (except gifted) and students enrolled in state-approved drop-out prevention programs under modified curriculum or standards and/or without a certified vocational teacher are not included in the calculation of the more advanced academic skills performance measure.

(5) Beginning in the 1994-95 school year, and annually thereafter, the Department will conduct a program review of a postsecondary program anytime three (3) or more of the performance measures fail to meet or exceed established targets.

(6) Beginning in the 1994-95 school year, and annually thereafter, school districts and community colleges will develop an improvement plan of a postsecondary program anytime a performance measure fails to meet or exceed minimum performance standards.

(7) Beginning in the 1996-97 school year, and annually thereafter, school districts and community colleges will develop an improvement plan for a postsecondary program whenever the program fails to meet or exceed any three or more of the performance improvement targets for three (3) consecutive years.

(8) Beginning in the 1994-95 school year, and annually thereafter, the Department will report to the State Board for Vocational Education; boards of trustees; school boards; and the State Board of Independent Postsecondary Vocational, Technical, Trade and Business Schools the results of program reviews and improvement plans implemented by affected schools as prescribed in Section 239.233(1)(b)5., Florida Statutes.

Specific Authority 239.233(1)(b)5. FS. Law Implemented 239.233(1)(c), 239.233(1)(d) FS. History—New 10-4-93, Amended 2-16-94.

6A-10.0371 Model Noninstructional Adult Literacy Centers.
(1) Model noninstructional adult literacy centers may be established in school districts and community colleges.

(2) The role of the center is to identify, contact, counsel and refer adults considered to be lacking in basic or functional literacy skills to appropriate private and public agencies, including human service agencies, providing adult basic education services.

(3) Each center shall meet the following requirements:

(a) Maintain records that:
1. Describe the methods used for client identification and contact.
2. Describe the methods used for client counseling and referral.
3. Contain base data for each client including: name; sex; race; date of birth; address; date of client initial contact; the results of that contact; the agency the client was referred to; date of follow-up with that agency to determine if client inquired about educational services, if the client enrolled and date of enrollment, academic level of enrollment, and current participation status of the client.

(b) Develop and maintain a publication listing the adult literacy providers within the service area; the phone number, address, and name of the contact for each provider; subjects and grade levels taught by each provider; the methods of instruction used by each provider.

(c) Retain copies of cooperative agreements developed for the purpose of carrying out the role of the center.

(d) Establish and maintain fiscal controls and accounting procedures for reporting and evaluating purposes through which the conduct of the center is kept separate and distinct.

(e) School districts shall follow the accounting procedures prescribed in “A Manual . . . Financial and Program Cost Accounting and Reporting for Florida Schools.”

(f) Community colleges shall follow the accounting procedures prescribed in the “Accounting Manual for Florida’s Public Community Colleges.”

(4) The performance of each center shall be evaluated annually by the Department of Education. Such evaluation shall be presented to the State Board for use in submitting its final report to the Legislature. The evaluation shall be based upon a review and assessment of the documentation that supports compliance with the provisions of subsections 6A-10.0371(2) and (3), F.A.C.

Specific Authority 229.053(1), 239.309(4) FS. Law Implemented 239.309 FS. History–New 8-30-88.

6A-10.038 Postsecondary Feedback of Student Information to High Schools.
(1) From data provided by the state universities, community colleges, and state-supported vocational-technical centers, the Divisions of Universities, Community Colleges, and Public Schools shall maintain information on the performance of Florida's public high school graduates on the entry-level placement tests, pursuant to Rules 6A-10.0315 and 6A-10.040, F.A.C.

(2) By October 31 each year, the Divisions of Universities and Community Colleges shall provide the Commissioner of Education the following information on students enrolled during the most recent academic year, beginning with the summer session and ending with the spring semester, who were prior year graduates of Florida public high schools:

(a) Legal name,
(b) Social security number,
(c) Florida student identifier when available,
(d) Gender,
(e) Racial/ethnic group,
(f) Name and number of school and school district from which student graduated,
(g) Year of graduation from high school,
state-supported vocational-technical centers, community colleges, and state universities in Florida during the previous summer, from which students graduate. The summary reports shall indicate the number of prior year graduates who enrolled in state as a whole, for each school district, and for each public high school. Student level reports shall be provided to the high schools in public postsecondary institutions within one (1) year after graduation. The Commissioner shall provide summary report for the districts and high schools by January 31, summary reports on the performance of Florida's public high school graduates who enroll in postsecondary education or the need for remediation through basic skills instruction or college-preparatory instruction pursuant to Sections 239.213 and 240.117, Florida Statutes.

The implementation plan to improve student readiness for the public postsecondary level based on annual analysis of the feedback report data. Sections 239.213 and 240.117, Florida Statutes.

Division of Public Schools, the Commissioner shall provide to the State Board and Legislature by November 30, and to the school from which the student graduated. From information data bases maintained by the Division of Universities, the Division of Community Colleges, and the Division of Public Schools, the Commissioner shall provide to the State Board and Legislature by November 30, and to the school districts and high schools by January 31, summary reports on the performance of Florida's public high school graduates who enroll in public postsecondary institutions within one (1) year after graduation. The Commissioner shall provide summary report for the state as a whole, for each school district, and for each public high school. Student level reports shall be provided to the high schools from which students graduate. The summary reports shall indicate the number of prior year graduates who enrolled in state-supported vocational-technical centers, community colleges, and state universities in Florida during the previous summer, fall, and spring terms and the number of those students whose scores on the entry-level placement tests indicate readiness for postsecondary education or the need for remediation through basic skills instruction or college-preparatory instruction pursuant to Sections 239.213 and 240.117, Florida Statutes, and shall be released without the written consent of the student only to the superintendent of the school district or principal of the school from which the student graduated.

From information data bases maintained by the Division of Universities, the Division of Community Colleges, and the Division of Public Schools, the Commissioner shall provide to the State Board and Legislature by November 30, and to the school districts and high schools by January 31, summary reports on the performance of Florida’s public high school graduates who enroll in public postsecondary institutions within one (1) year after graduation. The Commissioner shall provide summary report for the state as a whole, for each school district, and for each public high school. Student level reports shall be provided to the high schools from which students graduate. The summary reports shall indicate the number of prior year graduates who enrolled in state-supported vocational-technical centers, community colleges, and state universities in Florida during the previous summer, fall, and spring terms and the number of those students whose scores on the entry-level placement tests indicate readiness for postsecondary education or the need for remediation through basic skills instruction or college-preparatory instruction pursuant to Sections 239.213 and 240.117, Florida Statutes, and shall be released without the written consent of the student only to the superintendent of the school district or principal of the school from which the student graduated.

Pursuant to Section 240.118, Florida Statutes, each school district and high school shall include strategies in its school improvement plan to improve student readiness for the public postsecondary level based on annual analysis of the feedback report data.

Specific Authority 229.053(1), 240.118 FS. Law Implemented 240.118 FS. History–New 9-24-84, Formerly 6A-10.38, Amended 11-7-89, 1-2-95.

6A-10.0381 Registration of Adult Students.

1) Introduction. Beginning on July 1, 1993, as part of the registration of adult students, each school district and community college shall be required to collect and maintain on file sufficient information for two purposes. First, to locate students upon the termination of instruction and second, to determine the appropriateness of student placement in specific instructional programs. Registration information may be collected and maintained in electronic or manual format.

2) Required information. The following information shall be collected and maintained for each student enrolled in an adult general education program, adult postsecondary vocational program, or supplemental vocational courses funded through the Florida Education Finance Program or the Community College Program Fund:

(a) Name, permanent address, date of birth, social security number if available, and/or Florida student number identifier, and whether, except for lifelong learners, the student has a high school diploma or equivalent certificate, and
(b) The course title and course number.

3) School district requirement – adult. In addition to the data required in subsection (2) of this rule, information on the reason for enrolling shall be collected and maintained for each student enrolled in an adult basic or adult secondary course. The reason for attending shall include:

(a) To achieve literacy, or
(b) Prepare for the General Educational Development (GED) Test, or
(c) Earn a high school diploma.

4) School district requirement – job preparatory. In addition to the data required in subsection (2) of this rule, information on the reason for enrolling shall be collected and maintained for each student enrolled in an adult vocational job preparatory course. Job preparatory students are students who do not have a history of employment in the occupation and seek to acquire entry-level occupational skills in order to obtain employment.
5. School district requirement – supplemental. In addition to the data required in subsection (2) of this rule, information on the reason for enrolling shall be collected and maintained for each student enrolled in an adult vocational supplemental course. The reason for enrolling shall include:
   (a) Currently holds employment and is taking a course to enhance or upgrade skills related to that employment, or
   (b) Has an employment history and enrolls in a course related to that employment history with the intent to seek employment in an occupation directly related to the course and that employment history, or
   (c) Has an employment history and wants to develop competence in the English language in order to secure employment related to that employment history.

6. Record retention requirement. Each school district and community college shall maintain on file the data required by this rule in electronic format or hard copy for a period of three (3) years or until the completion of all audits for the period during which the course is offered, whichever occurs later.

7. Other data requirements. School districts are to ensure that they comply with the information data base requirements of the Comprehensive Management Information System as specified in Rule 6A-1.0014, F.A.C., and colleges shall comply with the Community College Data Elements Dictionary, for elements required by other state and federal laws and regulations.

8. Reduction of data elements. All other information and data elements formerly required by Section 229.132, Florida Statutes, Registration of Adult Students, which was replaced by Section 239.113, Florida Statutes, and no longer needed to meet the requirements of this rule, may be eliminated from the adult registration process beginning with the 1993-94 school year.

Specific Authority 229.053(1), 239.113 FS. Law Implemented 239.113 FS. History–New 12-23-92.

6A-10.039 Planning and Coordination of Postsecondary Educational Programs.
The following provisions are established for the planning and coordination of the postsecondary educational program reviews.

1. The Division of Applied Technology and Adult Education, the Division of Community Colleges, and the Division of Universities shall each submit to the Postsecondary Education Planning Commission on July 1 of each year a five-year program review plan or an annual update of the current five-year plan. These plans shall provide a schedule of the programs or groups of programs to be reviewed and the criteria by which the programs are to be evaluated. For the purpose of this rule, a program is defined as a series of courses leading to a college degree or a postsecondary adult vocational certificate, or classified as college preparatory or vocational preparatory. Community Instructional Services is also defined as a program.

2. Periodic program reviews relating to other institutional activities may be conducted as needed.

3. The Postsecondary Education Planning Commission shall examine the program review plans to determine that:
   (a) The scheduling of the program reviews is coordinated among sectors,
   (b) The plans are in conformity with the program review criteria listed in the state master plan for postsecondary education prepared pursuant to Section 240.147(2), Florida Statutes, and
   (c) The criteria address the distinctive institutional roles as defined by the state master plan for postsecondary education prepared pursuant to Section 240.147(2), Florida Statutes.

4. Subsequent to review and discussion of the divisions’ plans with the divisions, the Postsecondary Education Planning Commission shall forward comments on any areas of conflict or issues of particular concern to the State Board within sixty (60) days of receipt of the plans.

5. The results of the program reviews shall be related to the budgeting process in the following manner:
   (a) The program reviews shall include an assessment of the fiscal impact of each recommendation. These assessments may include recommendations to increase or decrease funding levels.
   (b) For each program or group of programs the divisions shall develop resource measures and related standards which will determine an adequate level of support for an effective and efficient program. The results of the application of the resource measures in program review shall be related to the budget requests for program growth and improvement.
   (c) The divisions’ budget requests shall designate adjustments in funding level designed to implement program review recommendations. Such budget requests shall support program decisions that are in conformity with the distinctive institutional roles as defined by the state master plan for postsecondary education prepared pursuant to Section 240.147(2), Florida Statutes.

6. The effect of appropriations made in conjunction with the provision of paragraph 6A-10.039(5)(c), F.A.C., shall be evaluated by the divisions as a specific component of the next five-year review.

Specific Authority 229.053(1), 240.147(2), (5), (8), 240.209(5)(b), 240.312 FS. Law Implemented 229.053(2)(c), 240.147(2), (5), (8), 240.209(5)(b), 240.312 FS. History–New 12-6-84, Formerly 6A-10.39.

6A-10.040 Basic Skills Requirements for Postsecondary Vocational Certificate Education.

1. Students who are enrolled in a postsecondary vocational certificate program shall complete a basic skills examination within the first six (6) weeks after admission into the program. The assessment instruments listed in paragraphs (1)(a) through (1)(e) of this rule (English version only) are designated to assess student mastery of basic skills and shall be used according to standards established for test administration and interpretation set forth in Standards for Educational and Psychological Testing (APA, AERA, NCME, 1992) and with appropriate modifications for students with disabilities as specified in Rule 6A-1.0943, F.A.C.
(a) Adult Measure of Essential Skills (AMES) 1997;
(b) Computerized Placement Test (CPT) or Multiple Assessment Placement Service (MAPS), where authorized;
(c) Tests of Adult Basic Education (TABE), Complete Battery or Survey Form, Forms 7 & 8, 1994;
(d) Tests of Adult Basic Education – Work Related (TABE-WR), 1994; or
(e) Wonderlic Basic Skills Test (WBST), 1994.

(2) Scale scores corresponding to the minimum basic skills grade levels in each vocational program description adopted under Rule 6A-6.0571, F.A.C., and published annually by the Commissioner in the document entitled, “Vocational Education Program Courses Standards” shall be used to determine basic skills levels required for completion of the vocational program. Scale score comparison charts are available from the Division of Workforce Development, 325 West Gaines Street, Tallahassee, Florida 32399.

(3) Students deemed to lack the required minimal level of basic skills as measured by one of the designated examinations shall be provided with instruction specifically designed to correct the deficiencies.

(4) After a student completes the remediation prescribed for basic skills deficiencies, the student shall be retested using an alternative form (if possible) of the same examination that was used for initial testing. No student shall be awarded a vocational certificate until the student achieves the minimum level of basic skills required for that program by the Department of Education. However, students with disabilities, as defined in Section 239.105, Florida Statutes, may be exempted from meeting the vocational basic skills required in subsection (2) of this rule.
(b) Visual Impairment. Disorders in the structure and function of the eye as manifested by at least one of the following: visual acuity of 20/70 or less in the better eye after the best possible correction, a peripheral field so constricted that it affects one’s ability to function in an educational setting, or a progressive loss of vision which may affect one’s ability to function in an educational setting. Examples include, but are not limited to, cataracts, glaucoma, nystagmus, retinal detachment, retinitis pigmentosa, and strabismus.

(c) Specific Learning Disability. A disorder in one or more of the basic psychological or neurological processes involved in understanding or in using spoken or written language. Disorders may be manifested in listening, thinking, reading, writing, spelling, or performing arithmetic calculations. Examples include dyslexia, dysgraphia, dysphasia, dyscalculia, and other specific learning disabilities in the basic psychological or neurological processes. Such disorders do not include learning problems which are due primarily to visual, hearing, or motor handicaps, to mental retardation, to emotional disturbance, or to an environmental deprivation.

(2) The policies and procedures shall include at least the following:
   (a) A mechanism to identify persons eligible for reasonable substitutions due to vision impairment, hearing impairment, dyslexia or other specific learning disability,
   (b) A mechanism for identifying reasonable substitutions for criteria for admission to the institution, admission to a program of study, entry to upper division, or graduation related to each disability,
   (c) A mechanism for making the designated substitutions known to affected persons,
   (d) A mechanism for making substitution decisions on an individual basis, and
   (e) A mechanism for a student to appeal denial of a substitution or a determination of eligibility.

(3) The policies shall provide for articulation with other state institutions which shall include, at a minimum, acceptance of all substitutions previously granted by a state postsecondary institution.

(4) The Commissioner of Education shall provide for coordination of the provision of technical assistance in the implementation of this rule.

(5) Each public university, community college and postsecondary vocational education center operated by a school district shall maintain records on the number of students granted substitutions by type of disability, the substitutions provided, the substitutions identified as available for each documented disability and the number of requests for substitutions which were denied.

6A-10.042 Maintenance of Test Security.

(1) Tests implemented in accordance with the requirements of Sections 229.053(2)(d), 229.57, 231.087, 231.0861(3), 231.17, 233.011, 239.301(10), 240.107(8), and 240.117, Florida Statutes, shall be maintained and administered in a secure manner such that the integrity of the tests shall be preserved.

(a) Test questions shall be preserved in a secure manner by individuals who are developing and validating the tests. Such individuals shall not reveal in any manner, verbally or in writing, the test questions under development.

(b) Tests or individual test questions shall not be revealed, copied, or otherwise reproduced by persons who are involved in the administration, proctoring, or scoring of any test.

(c) Examinees shall not be assisted in answering test questions by any means by persons administering or proctoring the administration of any test.

(d) Examinees’ answers to questions shall not be interfered with in any way by persons administering, proctoring, or scoring the examinations.

(e) Examinees shall not be given answer keys by any person.

(f) Persons who are involved in administering or proctoring the tests or persons who teach or otherwise prepare examinees for the tests shall not participate in, direct, aid, counsel, assist in, or encourage any activity which could result in the inaccurate measurement or reporting of the examinees’ achievement.

(g) Each person who has access to tests or test questions during the development, printing, administration, or scoring of the tests shall be informed of specifications for maintaining test security, the provisions in statute and rule governing test security, and a description of the penalties for breaches of test security.

(h) During each test administration, school district and institutional test administration coordinators and contractors employing test administrators and proctors shall ensure that required testing procedures are being followed at all test administration sites. Officials from the Department are authorized to conduct unannounced observations of test administration procedures at any test administration site to ensure that testing procedures are being correctly followed.

(2) Test materials, including all test booklets and other materials containing secure test questions, answer keys, and student responses, shall be kept secure and precisely accounted for in accordance with the procedures specified in the examination program administration manuals and other communications provided by the Department. Such procedures shall include but are not limited to the following:

(a) All test materials shall be kept in secure, locked storage prior to and after administration of any test.

(b) All test materials shall be precisely accounted for and written documentation kept by test administrators and proctors for each point at which test materials are distributed and returned.
(c) Any discrepancies noted in the number or serial numbers of testing materials received from contractors shall be reported to the Department by designated institutional or school district personnel prior to the administration of the test.

(d) In the event that test materials are determined to be missing while in the possession of an institution or school district, designated institutional or school district personnel shall investigate the cause of the discrepancy and provide the Department with a report of the investigation within thirty (30) calendar days of the initiation of the investigation. At a minimum, the report shall include the nature of the situation, the time and place of occurrence, and the names of the persons involved in or witness to the occurrence. Officials from the Department are authorized to conduct additional investigations.

(e) In those cases where the responsibility for secure destruction of certain test materials is assigned by the Department to designated institutional or school district personnel, the responsible institutional or school district representative shall certify in writing that such destruction was accomplished in a secure manner.

(f) In those cases where test materials are permitted by the Department to be maintained in an institution or school district, the test materials shall be maintained in a secure manner as specified in the instructions provided by the Department. Access to the materials shall be limited to the individuals and purposes specified by the Department.

(3) In those situations where an employee of the educational institution, school district, or contractor, or an employee of the Department suspects a student of cheating on a test or suspects other violations of the provisions of this rule, a report shall be made to the department or test support contractor, as specified in the test administration procedures, within ten (10) calendar days. The report shall include a description of the incident, the names of the persons involved in or witness to the incident, and other information as appropriate. Officials from the Department are authorized to conduct additional investigations.

(4) Violations of test security provisions shall be subject to penalties provided in statute and State Board Rules.

Specific Authority 120.53(1)(b), 228.301, 229.053(1) FS. Law Implemented 120.53(1)(b), 228.301, 229.053(2)(d), 229.57, 231.087, 231.0861, 231.17, 233.011, 239.301, 240.107, 240.117 FS. History–New 7-5-87, Amended 10-26-94.

6A-10.043 Nonpublic College Participation in the Common Course Numbering and Designation System.

Nonpublic colleges may participate in the common course numbering and designation system pursuant to Section 246.013, Florida Statutes.

(1) Eligibility Requirements. In order to participate an institution must:

(a) Be eligible pursuant to Section 246.013(1), Florida Statutes,

(b) Agree to abide by the system’s requirements and responsibilities, and

(c) Unless exempt from paying by Section 246.013, Florida Statutes, pay the required fees.

(2) Fee Schedule. The fees charged to participating institutions shall be:

(a) Application fee. A nonrefundable application fee of one thousand (1000) dollars must accompany each nonpublic institution’s initial application for participation in the common course numbering and designation system.

(b) Entry Fee. The unit cost per course of entering, modifying, or terminating courses in the course numbering and designation system, including administrative, personnel, expense, and capital costs of the system.

(c) Maintenance Fee. The unit cost of maintaining courses in the system, including computing, programming, and printing costs.

(d) Fiscal Year. The period for which fees are calculated shall be from July 1 through June 30.

(e) Payment. An invoice detailing entry and maintenance fees shall be sent to each participating nonpublic institution annually, within sixty (60) days after the close of the fiscal year. The fees incurred by each college shall be payable to the Department within sixty (60) days of the invoice. An institution which fails to pay shall be withdrawn from the system.

(f) Special Review/Site Visit Fee. If a special review or site visit is requested by an institution not exempt from fees, or, in the judgement of the Department, a special review or site visit is required to assure compliance, a fee of three hundred (300) dollars will be assessed for a review. If a site visit is required, a fee of three hundred (300) dollars per day will be assessed for each Department representative conducting the site visit.

(g) Reinstatement Application Fee. Within twelve (12) months following termination of participation in the system, an institution may apply for reinstatement without having to go through the application process. All outstanding fees plus a reinstatement application fee of three hundred (300) dollars must be paid to be eligible for reinstatement. In the event that reinstatement is denied, the reinstatement application fee shall be refunded.

(h) All fees and other funds collected by the common course numbering and designation system shall be deposited into the Institutional Assessment Trust Fund created by Section 246.31, Florida Statutes, and shall be available for the authorized expenses of the system.

(3) Any nonpublic college or school which has not been accepted as a participant in the common course numbering and designation system under the conditions of this rule or has been withdrawn from participation in the system shall not use the system’s course classification and identification system to record courses on student transcripts or otherwise document courses offered by the college or school using the system. Any college or school deemed to be in violation of this section shall be subject to denial, probation, or revocation of license or certificate of exemption pursuant to Section 246.111, Florida Statutes, or disciplinary action pursuant to Section 246.228, Florida Statutes.

Specific Authority 229.053(1), 246.013, 246.31 FS. Law Implemented 246.013 FS. History–New 9-6-88, Amended 3-13-95.
6A-10.044 Residency for Tuition Purposes.
The State Board of Community Colleges and the Board of Regents shall maintain consistent policies and practices for the classification of students as residents for tuition purposes to facilitate the transfer of students among institutions. The policies and practices may vary to accommodate differences in governance, but the determinations of classification shall be consistent to assure students of being classified the same regardless of the institution determining the classification.

(1) The classification of a student as a Florida resident for tuition purposes by a public Florida community college or university shall be recognized by other public postsecondary institutions to which the student may later seek admission, unless the classification was erroneous or the student did not then qualify as a resident for tuition purposes.

(2) Once a student has been classified by a public institution, institutions to which the student may transfer are not required to re-evaluate the classification unless inconsistent information suggests that an erroneous classification was made or the student’s situation has changed.

(3) Changes the State Board of Community Colleges and the Board of Regents intend to make in the policies and practices for the classification of students as residents for tuition purposes shall be filed with the Articulation Coordinating Committee.

(4) Non-U.S. citizens such as permanent residents, parolees, asylees, refugees, or other permanent status persons (e.g., conditional permanent residents and temporary residents), who have applied to and have been approved by the U.S. Immigration and Naturalization Service with no date certain for departure shall be considered eligible to establish Florida residency for tuition purposes. In addition, nonimmigrants holding one of the following visas shall be considered eligible to establish Florida residency for tuition purposes. Persons in visa categories not listed herein shall be considered ineligible to establish Florida residency for tuition purposes.

(a) Visa category A – Government official.
(b) Visa category E – Treaty trader or investor.
(c) Visa category G – Representative of international organization.
(d) Visa category H-1 – Temporary worker performing professional nursing services or in a specialty occupation.
(e) Visa category H-4 – Only if spouse or child of alien classified H-1.
(f) Visa category I – Foreign information media representative.
(g) Visa category K – Fiance, fiancee, or a child of United States citizen(s).
(h) Visa category L – Intracompany transferee (including spouse or child).
(i) Visa category N – Parent or child of alien accorded special immigrant status.
(j) Visa category O-1 – Workers of “extraordinary” ability in the sciences, arts, education, business, or athletics.
(k) Visa category O-3 – Only if spouse or child of O-1 alien.
(l) Visa category R – Religious workers.
(m) Visa category NATO 1-7 – Representatives and employees of NATO and their families.

(5) Non-U.S. citizens who fall within the following categories shall also be considered eligible to establish Florida residency for tuition purposes:

(a) Citizens of Micronesia.
(b) Citizens of the Marshall Islands.

6A-10.045 Tuition and Fees Exemptions for Florida National Guard.
Annually, up to two hundred fifty (250) members in good standing of the active Florida National Guard may be exempted from the payment of one-half of the cost of all tuition and fees assessed on a per student credit hour (SCH) basis at Florida's public community colleges and State University System institutions for credit courses in which they register on a space available basis. In order to be eligible for this benefit, National Guard members must be admitted to the community college or university on the basis of the institution’s regular admission requirements. National Guard members receiving exemptions may use them to attend as part-time or full-time students.

(1) Definition. For purposes of this rule, tuition and fees at the community colleges means matriculation fees, tuition fees, student financial aid fees, activity and service fees, and capital improvement fees.
(2) Certification of eligibility. The Office of the Adjutant General of the Florida National Guard shall determine which two hundred fifty (250) National Guard members shall receive half tuition and fees exemptions annually and shall certify each selected member to the community college or university attended. Such certification shall be in the form of a letter from the Adjutant General to the registrar of the institution attended, or to be attended, by the Guard member receiving the exemption. The first certification letter shall be postmarked at least thirty (30) days prior to the beginning of the term during which the Guard member plans to first use the exemption. The first certification shall be effective from the date of the letter through June 30 of each year. Annually thereafter, the Adjutant General shall recertify each exempt Guard member who maintains eligibility for the exemption. The annual recertification shall be postmarked no later than May 1 of each year, and shall be effective for the following July 1 through June 30 fiscal year. The Adjutant General shall notify the registrar by letter within thirty (30) days when it is determined that an exempt Guard member is no longer eligible for the exemption.

(3) Application requirements. The Office of the Adjutant General shall set forth application requirements and procedures for Florida National Guard members seeking one of the two hundred fifty (250) exemptions. These application requirements and procedures shall be updated annually and distributed to the active National Guard members. Such requirements shall include, but are not limited to, requirements that the applicant shall:

(a) Be seventeen (17) years of age or older,
(b) Be presently domiciled in the State,
(c) Be a member in good standing in the active Florida National Guard at the beginning of and throughout the entire academic term for which benefits are received,
(d) Agree in writing to serve in the active Florida National Guard for three (3) years after completion of the studies for which an exemption is granted, and
(e) Be admitted as a degree seeking student to the community college or university at which the half tuition and fees exemption will be used.

(4) Ineligible Guard members. The Adjutant General shall define those members of the active Florida National Guard eligible and ineligible to participate in this program. Ineligible members shall include, but are not limited to:

(a) Any member, commissioned or warrant officer or enlisted, who has a baccalaureate degree,
(b) Any member who has fifteen (15) years or more of total military service creditable toward retirement, and
(c) Any member who has not completed basic military training.

(5) Unauthorized courses of study. The Adjutant General, in coordination with the appropriate college or university, shall determine which courses of study are not authorized for this program. Such unauthorized courses shall include, but are not limited to, noncredit courses, courses which do not meet degree requirements, and courses which do not meet requirements for completion of a program of vocational-technical training being pursued by a National Guard member receiving a half tuition and fees exemption. The Adjutant General shall notify the public community colleges and universities by May 1 annually of those courses of study which are not authorized for this program.

(6) Duration and notification of eligibility. Once a half tuition and fees exemption is awarded to an eligible National Guard member, the exemption may be used by the member, as long as eligibility is maintained, for a period not to exceed ten (10) years from the date of the first certification letter from the Adjutant General, or until the member’s completion, graduation, or termination from an authorized course of study, whichever occurs earlier. A statement of eligibility given to the National Guard member by the Adjutant General shall state the beginning and ending dates of the ten-year period in which the exemption may be used. The statement of eligibility shall include the following minimum information: the Guard member’s name, the program of study to be undertaken, the member’s social security number and birth date, and the Adjutant General’s signature. The guard member shall present this document upon registration. It is the responsibility of the Adjutant General to notify the institution attended by the National Guard member immediately if eligibility is terminated prior to the end date of the ten-year period. By May 1 of each year, the Adjutant General shall provide to all the public community colleges and state universities a list of those new Guard members eligible for exemptions for the fall term and a list of those guard members still holding eligibility from earlier years. Combined, the two lists shall not exceed two hundred fifty (250) Guard members.

(7) Guard member’s agreement. Before receiving a half tuition and fees exemption, each selected Guard member shall sign an agreement certifying his/her respective qualifications to enter the program and acknowledging obligations assumed if the exemption is granted and utilized. The agreement shall include the Guard member’s permission for the community college or university attended by the Guard member under the half tuition and fees exemption to release grade reports and transcripts to the National Guard for use in determining the Guard member’s continuing eligibility to receive the exemption. The agreement also shall include the Guard member’s personal obligation to repay the public community college or state university should the student cease to meet the eligibility requirements. A copy of the agreement, signed by the Guard member receiving the exemption, shall be forwarded to the community college or university attended, along with the first certification from the Adjutant General that the Guard member is eligible to receive a half tuition and fees exemption.

(8) Reports. The community college or university attended by a Guard member utilizing a half tuition and fees exemption shall forward an official copy of the Guard member’s transcript to the Adjutant General at the end of each term. Likewise, the community college or university shall notify the Adjutant General if the Guard member is dismissed from the university or community college for any reason.

(9) Penalties. The program shall include, but not be limited to, the following penalties:
(a) When a member of the active Florida National Guard receives an exemption from tuition and fees for any academic term and fails to maintain satisfactory participation in the Florida National Guard during such academic term, the exemption shall be forfeited immediately and the member shall be required to pay to the institution all tuition and fees for such academic term. If, after a period of thirty (30) days, the National Guard member has failed to pay to the institution the appropriate tuition and fees, the institution shall notify the Adjutant General who shall, if the member is still active in the National Guard, place command emphasis on the Guard member’s payment to the institution. The institution shall not release any transcripts concerning the delinquent Guard member until the debt is paid.

(b) When a member of the active Florida National Guard leaves the Florida National Guard during the three-year period such member had agreed to serve after completing the courses for which exemptions were granted, the member shall be required to reimburse the community college or state university for all tuition and fees for which such member received exemptions, unless the Adjutant General determines there are justifiable extenuating circumstances. Where there are no justifiable extenuating circumstances, it is the responsibility of the Adjutant General to place command emphasis on the collection of all owed tuition and fees.

(c) If the service of a member of the active Florida National Guard is terminated or the member is placed on scholastic probation while receiving exemption benefits, the exemption shall be forfeited immediately and the member shall pay to the institution all tuition and fees for the current academic term for which the member received an exemption.

(10) Contact persons. The Adjutant General of the Florida National Guard shall designate a National Guard officer to coordinate this program at the Florida National Guard and to serve as a contact person in dealings concerning the program with community college, university, and state officials. Likewise, the registrars at the community colleges and universities shall serve as institutional contacts for the Adjunct General or designated officer.

(11) State funding. The student credit hours (SCHs) generated at community colleges and universities by Guard members utilizing half tuition and fees exemptions shall be state fundable. They shall be counted in full-time equivalent (FTE) student enrollment calculations for funding purposes and shall be identified in enrollment reports.

6A-10.050 The Recovery Network Program.

(1) Rules 6A-10.050 through 6A-10.053, F.A.C., implement Section 231.263, Florida Statutes, which establishes the Recovery Network Program to assist educators, who are impaired as a result of alcohol abuse, drug abuse or a mental condition, in obtaining treatment to permit their continued contribution to the education profession.

(2) The administrator employed by the Department shall be responsible for the operations of the Recovery Network Program. The administrator may delegate authority to staff or to professionals who have contracted with the Department or a combination thereof. If the Department delegates by contract supervisory responsibility regarding the day-to-day operations of the Recovery Network Program to a professional, the professional shall have as minimum qualifications a master’s degree in an area of mental health or a psychiatric specialty, and at least five (5) years of experience working with clients who have been diagnosed with substance abuse and mental health difficulties.

(3) Other non-clerical staff, or other professionals with whom the Department contracts shall consist of persons meeting one (1) or more of the following criteria:

(a) A license in good standing issued by the State of Florida as a mental health counselor, psychologist or psychiatrist.
(b) Certification from a state-approved certification board as an alcohol/drug specialist.
(c) Experience in managing employee assistance programs.
(d) Demonstrated exceptional written and verbal communication skills.
(e) Demonstrated skill in presenting effectively to large and small audiences.
(f) Experience in consultation in the areas of substance abuse and mental health difficulties.
(g) Demonstrated administrative skills in the areas of policy and program development and implementation, organizational development, strategic planning, goal setting, budget preparation, and personnel management.
(h) Experience as a certificated educator.

6A-10.051 Approval of Treatment Programs and Treatment Providers.

(1) The Recovery Network Program administrator shall approve treatment providers and shall designate the particular type(s) of impairment problem(s) for which each treatment provider is approved; shall provide for ongoing monitoring and evaluation of approved treatment providers including site visits; and shall investigate and rescind the approval of any treatment provider who fails to meet the criteria for initial and continuing approval. The Recovery Network Program administrator shall compile and maintain lists of approved treatment providers for each type of impairment problem.

(2) The minimum qualifications for approval of treatment providers and treatment programs are:

(a) Approved treatment providers shall be individuals who are certified by a state-approved certification board, state licensed, or nationally certified, with the certification or licensure being in treatment for the specific impairment identified, and must have at least three (3) years of experience treating that specific impairment.
(b) Approved treatment programs must be state licensed clinical settings comprising of at least two (2) approved treatment providers or, if not located in the State of Florida, must be nationally accredited, must meet all requirements for licensure in the state where located and must comprise of at least two (2) approved treatment providers.

(c) Approved treatment programs must submit the following to the Recovery Network Program:
1. Proof of accreditation by the Joint Commission on Accreditation of Health Care Organizations (JCAHCO) including the JCAHCO report of the program, proof of financial ability to operate in accordance with Chapters 394, 395, or 397, Florida Statutes, and proof of liability insurance coverage; or
2. Proof of accreditation by the Council on Accreditation of Rehabilitation Facilities, proof of financial ability to operate in accordance with Chapter 397, Florida Statutes, and proof of liability insurance coverage; or
3. Proof of licensure, appropriate for the specific impairment identified for treatment, under Chapter 394, 395, or 397, Florida Statutes.

(3) Treatment providers and programs which wish to become approved must agree to the following:
(a) A program must designate one (1) treatment program director responsible for prompt responses to information requests concerning educator/patients made by the Recovery Network Program.
(b) A provider or program must provide monthly progress reports to the Recovery Network Program unless more frequent reporting is specified by the Recovery Network Program.
(c) A program must refrain from using or mentioning the treatment program’s name as one which the Recovery Network Program approves for advertisements or other public correspondence.
(d) A provider or program must inform the Recovery Network Program immediately when an educator who has been referred by Recovery Network Program has chosen to be evaluated and treated by that provider or program.
(e) A provider or program must provide no less than five (5) percent of its total inpatient population services to the indigent.
(f) A provider or program must not charge an Impaired educator as fees and charges for the services provided an amount which exceeds the reasonable, prevailing fees and charges for the same or similar services in the provider’s or program’s local area.

(4) In order to retain approval, a provider or program shall ensure that:
(a) It maintains all qualifications required for approval, as specified in subsections (2) and (3) of this rule.
(b) Impaired educators are evaluated and treated fairly, equitably, and uniformly without reference to race, religion, national origin, sexual preference, gender or social status.
(c) Impaired educators receive treatment which meets or exceeds the standard of care required by law and by professional standards of practice.
(d) If the administrator determines that the approval of a provider or program shall be rescinded, the Administrator shall provide written notice which states the grounds for the determination, the effective date of recision, and a reasonable period within which the affected provider or program must request proceedings pursuant to Section 120.57, Florida Statutes.

Specific Authority 229.053(1), 231.263(12) FS. Law Implemented 231.263 FS. History–New 1-9-95.

6A-10.052 Participation in the Recovery Network Program.

(1) An educator shall be temporarily admitted to participate in the Recovery Network Program upon the administrator’s receipt of a written statement, in any form, which identifies the educator as a person who holds certification issued by the Department, pursuant to Section 231.17, Florida Statutes, including the certification number and dates of coverage, which identifies the type or nature of the impairment problem, and which requests admission.

(2) If the Commissioner enters into a deferred prosecution agreement as a result of a complaint alleging only impairment due to mental illness or misuse of or addiction to a chemical substance with dependency liability pursuant to Section 231.262(3), Florida Statutes, all information concerning the complaint shall be forwarded to the Recovery Network Program.

(3) If the Education Practices Commission files a final order pursuant to Sections 231.262(6) and 231.28, Florida Statutes, requiring an impaired educator to participate in the Recovery Network Program, the Education Practices Commission shall forward a copy of the final order to the Recovery Network Program who shall advise the educator on how to comply with conditions of the final order that pertain to participation in the program.

(4) An educator who has been temporarily admitted to the program pursuant to Section 231.263(8), Florida Statutes, shall be entitled to receive the full benefits and services of the Recovery Network Program when she or he has:
(a) Provided all information needed for a complete screening to determine the nature and extent of the impairment and the indicated treatment and services.
(b) Executed a limited waiver of confidentiality allowing the Recovery Network Program and the treatment provider(s) to discuss the educator’s participation in the program and to discuss such participation with the educator’s current or future employers and relatives. The limited waiver of confidentiality shall apply only to the educator’s participation in the Recovery Network Program.
(c) Agreed to follow a plan of treatment appropriate to the length and severity of the impairment which recognizes and incorporates the requirements of the Recovery Network Program, and which:
1. In the case of those impaired due to chemical dependency, includes a thorough initial evaluation and treatment plan, structured continuing care groups, appropriate self-help twelve (12) step groups, and impaired educator support groups; or
2. In the case of those impaired due to conditions other than chemical dependency, includes a thorough initial evaluation, treatment plan, and follow up care (as needed) which addresses the need for rehabilitation and monitoring of those conditions as outlined by the treatment provider(s) in cooperation with the Recovery Network Program; and
   (d) Agreed to participate in the Recovery Network Program for a period of time as determined by the Recovery Network Program in consultation with the treatment provider(s). The length of time for this participation is a minimum of twenty-four (24) months unless determined otherwise by the treatment provider(s) in consultation with the Recovery Network Program.
   (e) Agreed to monitoring of treatment and continued care by the Recovery Network Program.
   (5) Prior to being evaluated for purposes of determining a treatment plan, educators who are participating in the Recovery Network Program shall be provided with a list of those approved treatment providers and treatment programs which are capable of providing appropriate evaluation, thereby enabling educators to make a free and fully informed decision regarding the provider program they choose and strengthening their commitment to succeed by involving them in the selection process, except when the involuntary treatment provisions of Chapter 397, Florida Statutes, otherwise require.
   (6) Educator/patients shall not be denied access to approved treatment providers or treatment programs located in states outside of Florida.
   (7) The Recovery Network Program shall obtain from the treatment provider(s) a written evaluation including a history, examination and test results, diagnosis and prognosis as well as an opinion as to the severity of the impairment and treatment plan.
   (8) The Recovery Network Program, after discussion with the treatment provider(s), shall determine the level of participation of the educator in the program based upon the length and severity of the impairment, satisfaction of the terms of participation, and need for further treatment.
   (9) Based upon the treatment provider’s education and the Recovery Network Program’s determination of the educator’s level of participation, a written agreement shall be signed by the treatment provider or program, the educator, and the Recovery Network Program which specifies the plan of treatment and requires the educator to fulfill the responsibilities set forth in subsection (8) of this rule.
   (10) As a responsibility of participation in the Recovery Network Program, the educator shall:
      (a) Make satisfactory progress in the original or amended treatment plan accepted by the Recovery Network Program;
      (b) Immediately submit to unannounced random blood or urine screens as directed by the Recovery Network Program as requested by the treatment provider(s) or the employer. The educator shall pay for these laboratory examinations;
      (c) Be responsible for the submission of progress reports as determined by the Recovery Network Program;
      (d) Agree to perform professional activities within the employment situation and practice limitations, if any, under the treatment plan developed through the Recovery Network Program, taking into account decisions of the school district pertaining to leave and scope of employment;
      (e) Comply with any requirements imposed in accordance with Section 231.263, Florida Statutes, pertaining to practicing his or her profession in a manner that does not endanger the health, safety, and welfare of students, colleagues, or the general public.
      (f) Remain free from alcohol and other substances with dependency liability except when such substances are prescribed by the educator’s primary physician in consultation with the treatment provider(s) and Recovery Network Program;
      (g) Have a primary care physician while a participant in the Recovery Network Program who is authorized by the educator to confer with the treatment provider in regard to treatments of the impaired educator at or about the time of such treatment.
      (h) Agree to the Recovery Network Program’s notification to the employer if there is an immediate, serious danger to the health, safety, or welfare of the general public.

Specific Authority 229.053(1), 231.263(12) FS. Law Implemented 231.263 FS. History–New 1-2-95.

6A-10.053 Evaluating Participating Educators.
(1) Bimonthly reevaluations and status updates on each educator’s progress shall be provided by the treatment provider(s) to the Recovery Network Program. These documents, along with related evaluation and treatment documents, shall be retained by the Recovery Network Program. Should the educator fail to satisfactorily progress or fail to complete treatment, or should the educator’s impairment constitute an immediate, serious danger to the health, safety, or welfare of the general public, these documents may be provided to the Commissioner if the educator has entered into a deferred prosecution agreement with participation in the program as a condition of the agreement, or to the Education Practices Commission if participation in the program is a condition of a final order issued by the Commission for a determination of ineligibility pursuant to subsection (2) of this rule or other action pursuant to Section 231.262, Florida Statutes.
(2) The Recovery Network Program shall be responsible for providing the Commissioner with program utilization reports concerning those individuals referred to the program by either the Commissioner or the Education Practices Commission or by self-referral. These reports shall include a monthly listing of approved treatment programs including the number of educators referred during the preceding month and the demographic information concerning the educator’s professional and employment status. Confidential case numbers shall be assigned to each referral in reporting utilization data to avoid identification of individual client educators.
(3) The Recovery Network Program administrator may designate a professional who has contracted with the Department as the official record custodian for some or all of the records maintained by the Recovery Network Program on participating educators.
(4) The educator is subject to a determination of ineligibility for continued participation in the Recovery Network Program by the Commissioner pursuant to Section 231.263(10), Florida Statutes, if the Recovery Network Program in consultation with the treatment provider(s) determines that the educator:

(a) Is inappropriate for the program in that the educator is diagnosed as not being in need of treatment as a result of alcohol abuse, drug abuse, or a mental condition; or

(b) Is failing to satisfactorily progress with the conditions of the program, or leaves a prescribed program or course of treatment without the approval of the treatment provider(s).

Specific Authority 229.053(1), 231.263(12) FS. Law Implemented 231.263 FS. History–New 1-2-95.

6A-10.060 The Excellent Teaching Program.

(1) The repayment of the certification fee subsidy paid to the National Board for Professional Teaching Standards on behalf of a teacher by the state of Florida shall be required when the recipient fails to complete the certification program or fails to teach for one (1) year in a public school in the state of Florida after completion of the certification program.

(a) The Department shall forgive the repayment of the certification fee subsidy paid by the state of Florida to the National Board for Professional Teaching Standards pursuant to Section 236.08106, Florida Statutes, for reasons of death of the recipient, of a total and permanent disability which renders the recipient unable to work, or of a reassignment of a military spouse to active duty outside the state of Florida.

(b) Death shall be verified by submission of a copy of the certificate of death. A total and permanent disability shall be verified in writing by a Florida licensed medical physician. An active military assignment outside the state of Florida shall be verified by a copy of the order of reassignment.

(c) A recipient of the certification fee subsidy desiring to make multiple payments to satisfy the total amount due to the state of Florida may establish a repayment schedule agreeable to the Department which shall not exceed a period of two (2) years from the date of the written notice from the Department requesting repayment of the fee.

(d) Repayment of the certification fee subsidy may be deferred for a period not to exceed one (1) year from the date of the written notice from the Department requesting repayment of the fee for a temporary disability which renders a recipient unable to work or for other hardships as determined by the Department to render the recipient unable to work or to make repayment. A written request shall be submitted to the Department for consideration of a deferment of the repayment. The Department may request documentation of the conditions supporting the request for a deferment.

(e) Repayment of the certification fee shall be to the Florida Department of Education.

(2) A Florida educator certified by the National Board for Professional Teaching Standards shall not be eligible to receive payment of the certification and mentoring salary bonuses, pursuant to Section 236.08106, Florida Statutes, if upon conclusion of an investigation by the Department of Education, a finding of probable cause to take disciplinary action against the educator’s certificate is found and if:

(a) The allegations are proven or admitted to and result in a penalty, or

(b) If the individual enters into a settlement agreement with the Department of Education resulting in a penalty.

Specific Authority 236.08106 FS. Law Implemented 236.08106 FS. History–New 7-12-99, Amended 5-29-00.

(1) College personnel or employees means people employed by a community college district board of trustees.
   (a) Administrative personnel means employees in positions designated by the board of trustees as administrative according to Community College Management Information System reporting requirements.
   (b) Instructional personnel means employees in positions designated by the board of trustees as instructional according to Community College Management Information System reporting requirements.
   (c) Other personnel means employees other than those in paragraphs (1)(a) and (b) herein, and employees of other boards and agencies who have been assigned by their employers to serve the board of trustees.
(2) Commissioner means the Commissioner of Education.
(3) Executive director means the executive director of the community college system.
(4) President means the president of a community college.
(5) College means a public educational institution operated by a community college district board of trustees and defined in Sections 228.041(1)(b) and 240.301, Florida Statutes.
then at least one but not more than two trustee positions will expire each year. Where less than eight trustee positions will exist, expiration dates as equal in number as possible in each succeeding year for each county. In such cases, where eight or more trustee positions are required by law, the governor may appoint an adviser from the county with the approval of the State Board of Education. The adviser shall be recognized by the board of trustees as the official adviser to the board from the newly appointed county until the appointment of a trustee from the county.

6A-14.0243 Meetings of Boards of Trustees.
(1) Regular meetings of a board of trustees shall follow a regular schedule adopted by the board.
(2) Special meetings of a board of trustees can be called by the chairperson, by the president when requested by a majority of the board, or by the majority of the board itself. Actions at special meetings, including emergency meetings, have the same force and effect as actions at regular meetings.
(3) Notice of meetings and workshops shall follow the requirements of Section 120.53(1)(d), Florida Statutes.
(4) A majority of the board membership shall constitute a quorum.

6A-14.0247 Powers and Duties of the Boards of Trustees.
This rule supplements the powers and duties specified in Section 240.319, Florida Statutes. Each board of trustees shall:
(1) Require minutes and other records to be kept to set forth clearly all actions and proceedings of the board. Minutes of board meetings shall be signed by the chairperson and the president immediately after approval by the board and shall be kept as a public record in a permanently bound book in the custody of the president. Minutes shall show the vote of each member present on all matters on which the board takes action. It is the duty of each member to see that each motion and the vote thereon are properly recorded in the minutes. Unless otherwise shown in the minutes, it is presumed that the vote of each member present supported action by the board in either the exercise, violation, or neglect of the powers and duties imposed upon the board by law or rule, whether such action is recorded in the minutes or otherwise established. It is presumed that the policies, appointments, programs, and expenditures not recorded in the minutes but made and actually in effect were made and put into effect according to rules of the board. The president shall obtain board approval for exceptions to rules of the board.
(2) Be responsible for property acquired by the board; managing and disposing of such property to the best interest of the college; receiving, purchasing, acquiring through condemnation, leasing, selling, holding, transmitting and conveying title to real and personal property; contracting and suing regarding real and personal property; basing all contracts on resolutions previously adopted and recorded; receiving, holding in trust, and administering for the purpose designated, money, real and personal property, and other things of value granted, conveyed, devised, or bequeathed for the benefit of the college.
(3) Assemble data and conduct surveys to identify the educational needs of the district. Based on the identified needs, the board shall develop and adopt a college program for the entire district as the basis for operating the college. There shall be a long range program plan and an annual program plan.
(4) Establish rules for the bonding, at college expense, of its members and of employees who are responsible for money or property. The rules shall specify the employee positions that require bonding, the types of bonds required, and the amounts required, sufficient to protect the college and its funds. Each board member shall file with the secretary of state a ten thousand dollar ($10,000) surety bond for the faithful performance of the duties of the office. The obligee shall be the governor.

(5) Adopt rules for the reproduction and destruction of records according to Section 267.051, Florida Statutes.

(6) Establish rules relating to the employment of personnel which shall provide for appointment, employment, and removal of personnel. Such rules shall also include compensation, salaries, fringe benefits, employee leave and other conditions relating to the employment of personnel.

(7) Enter into contractual agreements with the federal government or any of its departments or designated agencies; with other institutions, departments, agencies, districts, or political subdivisions of the State of Florida and other states of the United States; and with private individuals, organizations, and corporations, when it deems appropriate.

(8) Enforce the collection or settlement of delinquent accounts.

(9) Provide opportunity for employment by the college and for the use of instructional and other services of the college without regard to race, color, age, national origin, religion, or sex and shall not discriminate against any qualified handicapped person.

(10) Designate which documents, agreements, contracts, and instruments of payment and conveyance reflecting action by the board that the president or a designated representative is authorized to sign.

(11) Nothing herein shall prohibit the board of trustees from taking action if the president fails to make a recommendation as required by law.

Specific Authority 229.053(1), 240.325 FS. Law Implemented 113.05, 116.34, 240.311, 240.319, 240.339, 240.345 FS. History–Formerly 6A-8.066, Repromulgated 12-19-74, Amended 10-28-75, 7-6-76, 2-14-77, 12-26-77, 9-26-78, 4-10-79, 10-23-79, 2-4-81, 4-27-82, 7-26-84, Formerly 6A-14.247, Amended 8-13-96.

6A-14.026 Employment of a President.

Boards of trustees shall notify the State Board of Community Colleges of the appointment, suspension, or dismissal of presidents immediately upon such action.

(1) Selection. Boards of trustees, in appointing presidents, shall select persons qualified for the position and competent to perform the duties and responsibilities of the position. The minimum basic qualification is an earned doctorate or the equivalent. If a board chooses to recognize an equivalency, it shall specify the education, experience, and other elements deemed to constitute equivalency, and notify the State Board of Community Colleges of the equivalency. The boards shall seek and interview persons with the highest qualifications for educational leadership. The boards shall consider particularly the candidates’ education, experience in community colleges and related fields, understanding of community college programs, and demonstrated leadership ability.

(2) Contract. The president shall be provided a contract. The contract shall be for at least one year, but no more than four years.

(3) Evaluation. At the time the contract is issued, the board of trustees shall inform the president of duties and responsibilities, of the procedure by which performance shall be evaluated, and of the criteria for evaluation. Evaluations shall cover each duty and responsibility, whether assigned by the board of trustees or specified in law or rule. The board shall evaluate the president annually. The evaluation and the findings shall be in writing, and shall be submitted, immediately after acceptance by the board of trustees, to the State Board of Community Colleges for review.

(4) Suspension. The responsibility for suspending and dismissing the president remains with the board of trustees, except that the Commissioner, with State Board of Education approval, may suspend a president for cause; in which case, the board of trustees shall meet immediately to review the evidence establishing cause and to continue the suspension, or dismiss or reinstate the president. The board of trustees shall report immediately its action and rationale to the State Board of Education.

(5) When the position of president becomes vacant, the board of trustees may appoint an acting president. The term of the acting president shall be for no more than six (6) months. There may be one reappointment for a like term.

6A-14.0261 General Powers of the President.

The president shall:

(1) Exercise general oversight of the college to determine needs and recommend improvements.

(2) Advise and counsel the board of trustees and recommend board action.

(3) Recommend and enforce rules of the board of trustees.

(4) Recommend and enforce minimum standards for the operation of college programs and for student completion of instructional programs.

(5) Perform duties and exercise responsibilities assigned by law, by rules of the State Board of Education, and by the board of trustees.

(6) Delegate authority necessary to insure that laws and rules are executed efficiently.

6A-14.0262 Duties and Responsibilities of the President.

The president shall:

(1) Advise and counsel the board of trustees and seek the advice and counsel of the board. Recommendations, nominations, proposals, and reports to the board from the president shall be recorded in the minutes or be made in writing, noted in the minutes, and filed in the public records of the board. In the absence of such record, the recommendations, nominations, proposals, and reports shall be presumed consistent with action by the board.

(2) Attend, but not vote at, all meetings of the board of trustees except when on authorized leave or when excused for official travel.

(3) Keep minutes of all official actions and proceedings of the board of trustees and keep such other records, including records of property held or disposed of by the board, as may be necessary to provide complete information regarding the college.

(4) Act for the board of trustees as custodian of all college property. Recommend plans for contracting, receiving, purchasing, acquiring through condemnation, leasing, selling, holding, transmitting and conveying title to real and personal property. Recommend plans for holding in trust and administering real and personal property, money, and other things of value, granted, conveyed, devised, or bequeathed for the benefit of the college.

(5) Recommend to the board of trustees a long-term program concerned with the location and development of college buildings, transportation, personnel, instruction, student development services, and other educational features involving the interest and welfare of the students and citizens of the district over a period of years. Recommend to the board an annual program concerned with the budget, sites to be purchased, buildings to be constructed, personnel, instruction, student development services, and all other phases of the college program developed in harmony and conformity with the long-term program.

(6) Recommend to the board of trustees the establishment, organization, and operation of programs, classes, and services, including but not limited to: holidays and vacation periods, plans and procedures for cooperating with other colleges and agencies, plans for the establishment, maintenance, and operation of a food services program.

(7) Be responsible for college personnel and:

(a) Recommend to the board of trustees positions to be filled, minimum qualifications required for each position, and persons to fill the positions.

(b) Recommend to the board a salary schedule or schedules for paying employees.

(c) Recommend to the board terms of employee contracts and prepare such contracts as are approved.

(d) Recommend to the board the transfer of employees. During emergencies, transfer employees as necessary and report the transfers to the board at its next regular meeting.

(e) Recommend to the board the suspension of employees. During emergencies, suspend employees until the end of the day of the next regular or special meeting of the board. Notify the board immediately of such suspension. When authorized, notify suspended employees of the charges and the date of hearing. Dismiss employees according to law, rule, and board policy.

(f) Direct the work of and provide leadership for the improvement of employees. Provide for the supervision and improvement of instruction.

(g) Designate an administrator to act for the president during the temporary absence or incapacity of the president and during emergencies.

(8) Recommend to the board of trustees rules to account for students, including admission, classification, attendance, control, discipline, promotion, suspension, expulsion, and graduation.

(9) Provide for the development and improvement of instructional programs.

(10) Be responsible for the college plant:

(a) Recommend to the board of trustees a physical facilities acquisition and utilization program.

(b) Recommend to the board physical facilities alterations, repairs, plans, specifications, furnishings, and equipment.

(c) Provide for the maintenance of the plant and grounds, assuring safety and sanitation.

(d) Recommend to the board adequate insurance coverage of college property.

(e) Recommend to the board the condemnation and removal of buildings when appropriate.

(11) Be responsible for administration of financial matters and:

(a) Determine the funds necessary to operate the college.

(b) Propose to the board of trustees an annual budget. After action by the board, submit the budget to the Division of Community Colleges.

(c) Recommend to the board the borrowing of money when necessary.

(d) Maintain accurate records of all financial transactions as prescribed by the Division of Community Colleges.

(e) Submit financial reports to the Division of Community Colleges as required, with copies to the board.

(f) Bond employees as provided by law and board rules.

(g) Recommend to the board the terms, conditions, and specifications for contracts for supplies, materials, and services, including audits. See that materials, supplies, and services are provided according to contract.

(12) Submit reports to the Division of Community Colleges as required.

(13) Enforce laws, rules of the State Board of Education, and rules of the board of trustees.

(14) Attend meetings of presidents called or scheduled by the Division of Community Colleges and participate in professional and general development activities.
(15) Leave with the board of trustees and make available to the successor a complete inventory of college property, together with all official records and such other records as may be needed in supervising instruction and administering the college.

(16) Have or designate custody of the college seal and authenticate true copies of decisions, acts, and documents when required by law, rules of the State Board of Education, or rules of the board of trustees.

(17) Cause complete and accurate records of absences of college personnel to be kept. Records shall include exact date(s) and the nature of the cause of absences.

6A-14.029 Staff and Program Development.

(1) Each community college shall adopt policies on staff and program development. Effective July 1, 1996, based on its policies, each community college shall allocate from its resources available for current operations during the fiscal year, an amount not less than two percent (2%) of the previous year’s allocation from the state community college program fund to fund staff and program development activities. The allocation of each community college for staff and program development shall be spent according to a plan developed by the college and updated annually. Each community college shall identify within its annual operating budget funding to support staff and program development activities as defined herein, as well as activities to achieve its goals for implementation of its 1985-88 Educational Equity Act plan and other related EA/O activities. In the event of appropriations shortfall during the fiscal year, the board of trustees may approve a recommendation of the president to reduce the two percent minimum and shall provide an explanation for this action to the State Board of Community Colleges.

(2) Staff and program development plans and activities shall follow the definitions herein.

(a) Staff development is the improvement of staff performance through activities which update or upgrade competence specified for present or planned positions. Staff includes all college employees.

(b) Program development is the evaluation and improvement of existing programs, including the design of evaluation instruments to establish bases for improvements, as well as the designing of new programs. It is program initiation or improvement rather than maintenance or expansion. Development may be in any of the community college functions: instruction, organized research, public service, academic support, student support, institutional support, physical plant operations and maintenance, student financial assistance. Program development includes researching, planning, designing, and evaluating; salary payment; and purchasing of equipment for program initiation.

(3) Each community college shall submit a report to the State Board of Community Colleges on funds expended for staff and program development pursuant to their annual plan. The report shall be due on a date and in a format approved by the executive director. The report shall include information relating to: (1) the number of participants and activities in staff development; (2) a description of programs improved and initiated; and (3) an evaluation of the effectiveness of staff and program development expenditures relative to college policies.

Specific Authority 229.053(1), 240.325 FS. Law Implemented 240.311(2), 240.319(1), 240.349(1), 240.363 FS. History—Formerly 6A-8.761, Repromulgated 12-19-74, Amended 12-26-77, 7-2-79, 7-6-82, 3-8-83, 8-10-83, 7-26-84, 8-29-85, Formerly 6A-14.29, Amended 8-19-86, 9-16-87, 1-8-91, 7-30-91, 10-6-92, 9-5-93, 7-19-94, 8-28-95.

6A-14.030 Instruction and Awards in Community Colleges.

Community colleges are authorized to provide instruction and to confer degrees, certificates, and diplomas only as prescribed herein. Any degree program, certificate, or diploma program offered at a community college shall be offered at the established standard credit hour length. Revisions to the standard credit hour lengths and the lengths of new programs added to the Statewide Program Inventory list must be approved by the State Board of Community Colleges.

(1) Associate in arts degree. Each community college shall provide programs of instruction consisting of courses offered to freshmen and sophomores in baccalaureate programs. The courses shall be classified in the Community College Management Information System as advanced and professional courses. Satisfactory completion of courses within the programs shall be recognized by the award of units of measure called college credit. The associate in arts degree shall be awarded upon satisfactory completion of a planned program of sixty (60) college credits, unless otherwise provided by law, after demonstration of the attainment of predetermined and specified performance requirements. Courses not accepted in the State University System shall not be included in the sixty (60) credits required for the degree.

(2) Associate in science degree. Each community college is authorized to provide programs of instruction consisting of college-level courses to prepare for entry into employment. The courses shall be based in theory and of sufficient complexity, rigor, and theory to be college level. The courses shall be classified in the Community College Management Information System as advanced and professional courses or postsecondary vocational courses. The programs shall not include courses classified as postsecondary adult vocational courses. Satisfactory completion of courses within the programs shall be recognized by the award of units of measure called college credit. Effective with the Fall Term 2000, the associate in science degree shall be awarded upon satisfactory completion of a planned program of study comprised of the standard credit hour length established, including demonstration of the attainment of predetermined and specified performance requirements, and subject to law and rule. Courses not
accepted in the State University System shall not be included in the general education core required for the degree. Associate in science degrees that articulate with baccalaureate degrees under the provisions of paragraph 6A-10.024(6)(c), F.A.C., shall meet the specific provisions contained therein. The standard credit hour length is:

(4) A Technical Certificate consisting of a program of instruction of less than sixty (60) credits of college-level courses, which is part of an associate in applied science degree (A.S.) or an associate in applied science degree (A.A.S.) program offered in the State of Florida and which prepares students for entry into employment, may be awarded to students who evidence satisfactory completion of the program.

(5) An Applied Technology Diploma consisting of a course of study that is part of an associate in science degree (A.S.) or an associate in applied science degree (A.A.S.), is less than sixty (60) credit hours, and leads to employment in a specific occupation may be awarded to students who have met the requirements of that diploma. An applied technology diploma program may consist of either vocational credit or college credit.

(6) An Advanced Technical Certificate consisting of a program of instruction of nine (9) hours or more but less than forty-five (45) credit hours of college-level courses may be awarded to students who have already received an associate in science degree and are seeking an advanced specialized planning program of study to supplement their associate degree.
(7) Vocational Certificate. Each community college with a department designated as an area vocational education school, shall provide programs of instruction consisting of noncollege-level courses to prepare for entry into employment, as do the postsecondary area vocational-technical centers assigned to public school boards. The courses shall be classified in the Community College Management Information System as postsecondary adult vocational courses. Satisfactory completion of courses within the programs shall be recognized by the award of units of measure called vocational credit. Upon satisfactory completion of a planned program, including the demonstration of the attainment of predetermined and specified performance requirements, and subject to law and rule, the vocational certificate shall be awarded. A community college without a department designated as an area vocational education school may provide vocational certificate programs of instruction under an agreement with a public school board in the community college district.

(8) Supplemental instruction. Each community college shall provide, within the limits of its assigned responsibility for vocational education and according to the needs for job skills improvement by people employed in its service area, continuing vocational instruction tailored to individual needs and designed to improve job performance. Such instruction shall be classified in the Community College Management Information System as supplemental, a noncredit classification.

(9) High school diploma. Each community college assigned responsibility for adult basic and secondary instruction, shall provide, within the limits of the assignment, adult basic and secondary instruction as defined in Section 239.105, Florida Statutes. Such instruction shall be classified in the Community College Management Information System as adult basic and secondary, a noncredit classification. Upon satisfactory completion of a planned high school program, including the demonstration of the attainment of predetermined and specified performance requirements, and subject to law and rule, the high school diploma shall be awarded.

(10) Preparatory instruction. Each community college shall provide, according to the needs of its students, instruction to remedy deficiencies in the knowledge and skills judged necessary upon entry into a degree or certificate program of instruction in order to progress satisfactorily through the program. Such instruction shall be classified in the Community College Management Information System as preparatory. Satisfactory completion of such instruction shall be recognized by the award of units of measure called preparatory credit.

(a) College preparatory. Preparatory instruction for students to enroll in college credit instruction shall be classified in the Community College Management Information System as college preparatory. Satisfactory completion of such instruction shall be recognized by the award of units of measure called college preparatory credit.

(b) Vocational preparatory. Preparatory instruction for students to enroll in vocational credit instruction shall be classified in the Community College Management Information System as vocational preparatory. Satisfactory completion of such instruction shall be recognized by the award of units of measure called vocational preparatory credit.

(11) Lifelong learning instruction. Each community college shall provide instructional activities to address community social and economic issues related to health and human relations, government, parenting, consumer economics, and senior citizens. Such instructional activities shall be classified in the Community College Management Information System as lifelong learning, a noncredit classification.

(12) Recreational and leisure time instruction. Each community college shall provide instructional activities to develop recreational or leisure time skills. Such instructional activities shall be classified in the Community College Management Information System as recreational and leisure time, a noncredit classification.

(13) These provisions shall not prevent community colleges from conferring honorary degrees, certificates, or diplomas.

**6A-14.0301 Withdrawal and Forgiveness.**

Community colleges shall adhere to the following procedures relating to student withdrawal from courses and to conditions under which forgiveness for grades earned will be granted to the student.

(1) Withdrawal.

(a) The student may withdraw without academic penalty from any course by the mid-point in the semester. Withdrawals after that date would be granted only through established institutional procedures.

(b) The student will be permitted a maximum of two (2) withdrawals per course. Upon the third attempt, the student will not be permitted to withdraw and will receive a grade for that course.

(2) Forgiveness. Each college shall publish in the catalog or student handbook, a statement which:

(a) Limits forgiveness to courses where D and F grades were earned.

(b) Limits to two (2) the number of times a course grade may be forgiven.

(c) Advises students regarding the potential impact of forgiven courses in the computation of a student’s grade point average in transferring to other institutions, either public or private, and the need to consider the impact of retaking a course on their specific financial aid package.

(d) Courses may be repeated if they are designated as repeatable, such as choir, music, or journalism or are individualized courses of study; or if they are required to be repeated by a regulatory agency; or are being repeated as part of a regulatory requirement for continuing education to stay current in a field, such as teacher certification.
(3) Total attempts. A student may have only three (3) attempts per course including the original grade, repeat grades, and withdrawals at any point in the semester. A fourth attempt may be allowed only through an academic appeals process based on major extenuating circumstances.

(4) Audit enrollments shall not count as attempts unless such enrollment is declared after the end of the drop/add period. College preparatory students, who are required to be certified as completing competency-based college preparatory instruction, shall not be enrolled as audits.

(5) Exceptions to the above provisions may be granted through an academic appeals process in accordance with the policies of the local board of trustees.

(6) Effective date. These procedures shall be implemented by the community college no later than the Fall 1997 academic term.

Specific Authority 229.053(1), 240.325 FS. Law Implemented 240.325 FS. History–New 8-13-96, Amended 8-17-98, 1-23-00.

6A-14.031 Acceleration Mechanisms for Program Completion.
(1) Each community college degree and certificate program shall provide students opportunity to complete at least twenty-five percent (25%) of the program requirements, exclusive of transfer credit, through:
   (a) Satisfactory performance on standardized, institutional, or departmental examinations;
   (b) Satisfactory performance in secondary school Advanced Placement Programs of the College Entrance Examination Board;
   (c) Dual enrollment in a community college or university prior to graduation from high school or community college;
   (d) Demonstration of competence achieved through experiential learning; or
   (e) Any combination of the above.

(2) Community colleges shall award credit for courses for which competence has been demonstrated by satisfactory performance on an examination. Institutions shall not exempt students from courses without awarding credit if competence has been so demonstrated.

(3) Community colleges shall provide for early admission according to subsection 6A-1.095(2), F.A.C.

(4) Community colleges shall report each year the number of students involved in and the credit awarded through the acceleration mechanisms identified herein.

(5) Community colleges shall describe the acceleration options available and the criteria governing such options in their catalogs and related publications and advisement materials.

Specific Authority 229.053(1), 240.325 FS. Law Implemented 240.115 FS. History–Formerly 6A-8.59, Repromulgated 12-19-74, Amended 4-8-75, 7-26-84, Formerly 6A-14.31.

6A-14.034 Responsibilities of Community Colleges for Vocational Education.
(1) Each community college with a department designated as an area vocational education school by the State Board of Education has primary responsibility for vocational instruction specified in subsections 6A-14.030(3) and (4), F.A.C., for persons age nineteen (19) or older within the limits of the designation.

(2) All community colleges are responsible for vocational instruction specified in subsections 6A-14.030(2) and (4), F.A.C., within their districts.

(3) Community colleges with departments designated as area vocational education schools, upon request of school boards in their districts, may provide vocational instruction specified in subsection 6A-14.030(3), F.A.C., for persons under age nineteen (19), including students in grades ten (10) through twelve (12). In such case, the board of trustees shall file with the Commissioner its plan for providing such instruction.

(4) A board of trustees may enter into an agreement with a public school board for either to use the facilities of the other, or with public school board or another board of trustees to provide instructional services.

6A-14.039 Drug Abuse Education.
Community colleges shall advise the Department of Education in its administration of the public school comprehensive health education program as specified in Section 233.067(4), Florida Statutes, and shall instruct teachers about drug abuse as needed.

(1) Contract forms for full-time instructional and administrative personnel shall be prescribed by the Commissioner. Contract forms for part-time instructional and administrative personnel and for other personnel shall be prescribed by the board of trustees. Counselors and librarians shall be considered instructional personnel for contract purposes.
(2) Periods of service. Contracts shall specify definite terms of service, indicating beginning and ending dates. Contracts for full-time personnel shall meet requirements of the Division of Retirement for a full year of retirement service credit. Full-time administrative personnel may be given multi-year contracts not to exceed three (3) years, but other contracts, except for the president, shall not exceed twelve (12) months, which may include parts of two (2) fiscal years.

(3) Payment. Contracts shall specify definite amounts, according to the appropriate salary schedule, to be paid in regular installments. No payment shall be made to contract personnel until the provisions of this rule are met.

(4) Instructional personnel contracts may be conditioned on a minimum number of students. Only in personnel contracts funded by grants or special project funds may the payment of salary be conditioned on the availability of funds.

(5) Anyone who accepts in writing a written offer of position, then reneges without board of trustees approval, shall be reported to the executive director, who shall notify presidents. The person shall be ineligible for Florida community college employment for one year from the date of the infraction.

(6) Beginning with Term I, 1986-87, a retired employee may be reemployed as an instructor on a noncontractual basis during the first year of retirement when reemployed under the provisions of Section 121.091(9)(b)2., Florida Statutes. The employee of the time and place of the public hearing on the charges which shall not be less than fourteen (14) days from the service of the notice unless a different time is agreed to by all parties. The hearing shall proceed in accordance with the provisions of Chapter 120, Florida Statutes, and should be in substantial compliance with the model rules of procedure, Title 28, F.A.C., unless the parties mutually agree to an alternative hearing procedure. In the event the employee does not request a public hearing the board shall proceed to take appropriate action. Any decision adverse to the employee shall be made by a majority vote of the full membership of the board.

(5) Should the board have to choose from among its personnel who are on continuing contracts as to which should be retained, among the criteria to be considered shall be educational qualifications, efficiency, compatibility, character and capacity to meet the educational needs of the community. Whenever a board is required to or does consolidate or reduce its program, the board may determine on the basis of the foregoing criteria from its own personnel and any other instructional personnel, which college
employees shall be employed for service at the college and any employee no longer needed may be dismissed. The decision of the board shall not be controlled by any previous contractual relationship. In the evaluation of these factors, the decision of the board shall be final.

(6) Any employee classified under the provisions of paragraphs 6A-14.002(1)(a), (b), F.A.C., may be suspended or dismissed by the board upon recommendation of the president at any time during the college year, provided that no such employee may be dismissed during the college year without opportunity to be heard at a public hearing after at least fourteen (14) days notice of the charges against the employee and of the time and place of hearing; and provided further that the charges must be based on immorality, misconduct in office, incompetency, gross insubordination, willful neglect of duty, drunkenness or conviction of any crime involving moral turpitude. A petition conforming to the requirements of the model rules of procedure, Title 28, F.A.C., specifying the charges and notifying the employee of his or her hearing rights shall be filed with the board and a copy served upon the employee. Whenever such charges are made against any such employee, the board may suspend such employee without pay, pending a speedy, informal hearing, if requested by the employee. At any such informal hearing the board shall determine the necessity to suspend and withhold pay, and whether probable cause exists to support the charges. If the board determines that probable cause exists to support the charges and there exists a necessity of continuing the suspension without pay then it may do so, but if the charges are not sustained upon final hearing the employee shall be immediately reinstated and back salary shall be paid. If the board determines that there is no necessity to suspend without pay, then it shall reinstate the employee with pay and, further, it may dismiss the charges if it determines that probable cause does not exist to support same. In cases where a petition for dismissal of an employee has been filed with the board, the board shall hold a public hearing in accordance with the provisions of Section 120.57, Florida Statutes, and the model rules of procedure, Title 28, F.A.C., unless the parties mutually agree to an alternative hearing procedure. If a hearing is requested by the employee, after notice as provided above, the board shall determine upon the evidence as submitted whether the charges have been sustained and if the charges are sustained, either to dismiss said employee or fix the terms under which said employee may be reinstated. If such charges are sustained by a majority vote of the full membership of the board and such employee is discharged, the contract of employment shall be thereby canceled. Nothing in this rule shall preclude a board from utilizing the services of a hearing examiner to conduct either formal or informal hearings.

(7) Any employee who is employed in a cooperative education program in this state may be immediately placed on continuing contract with the board wherein the cooperative education program is produced if, at the time of employment, such person is on a continuing contract in a college which is participating in support of the particular cooperative education program in which the person is employed; provided that if at the time of reappointment of personnel, during the first three (3) years, said person is not recommended for continued employment in the cooperative education program, he or she shall automatically revert to continuing contract status in the college of immediate prior employment; and provided further that in meeting the requirements for a continuing contract prescribed herein, prior successive years of service rendered in any college participating in the support of the particular cooperative education program may be counted as years of probationary service for a continuing contract with the board wherein the cooperative education program is produced.

(8) Any employee holding a continuing contract who accepts an offer of annual employment in a capacity other than that in which the continuing contract was awarded shall lose continuing contract status, unless said employee has been granted an administrative leave of absence pursuant to board rules that recognize the interim assignment and provide for returning to the original contractual status at the end of the annual appointment.

Any employee who is otherwise entitled to receive a continuing contract may be issued an annual contract provided that the board, upon the recommendation of the president, shall by majority vote find that such employee does not meet the required standards for a continuing contract or that the required duties and responsibilities of that position have been restricted or will be needed for a limited time. Among the criteria to be considered by the board in making this determination shall be educational qualifications, efficiency, capability, and capacity to meet the educational requirements of the community or the length of time the duties and responsibilities of this position are expected to be needed. A recommendation to issue such annual contract shall be made by the president and submitted to the board on or before April 1 preceding the college year for which the contract is to be effective, giving good and sufficient reasons for such recommendation; provided, further, that the board shall act on the president’s recommendation at least sixty (60) days before the ending date of the employee’s current contract.

6A-14.0432 Military Leave.

(1) Leave shall be granted to employees who are ordered to:

(a) Federal active or inactive duty training due to membership in military reserves, including the National Guard. The first seventeen (17) days of such leave per year shall be with pay. Leave beyond the seventeen (17) days shall be without pay.
(b) State active duty due to membership in the Florida National Guard. Such leave not exceeding seventeen (17) days at any one time shall be with pay. Leave beyond the seventeen (17) days at one time shall be without pay.

(2) Leave granted to employees for extended active military service shall be according to Sections 115.09, 115.14, and 295.09, Florida Statutes.

(1) Personnel records shall contain information for efficient personnel administration which shall include dates of appointment, periods of employment, contract status, duties performed, absences from duty, and evidence for each factor used to calculate salary. Certifications from previous employers may be included.

(2) Records about employee performance shall be released only according to Section 240.337, Florida Statutes.

(3) Record of leave shall be determined from college records or:

(a) Retirement system records.

(b) An authentic document, contemporary with the time of leave, showing the leave was authorized and granted.

(c) Affidavits from the president and two other college employees in positions of authority and responsibility enabling them to certify that leave was authorized and granted. Such affidavits shall be considered only when no other proof is available, shall be used only to establish that leave was authorized and granted, and shall not be employed to grant leave retroactively.

(4) Personnel records shall be kept in locked containers certified against damage from fire for at least one hour. The president or designee shall have sole custody of the keys.

6A-14.054 Student Fees.

Each board of trustees shall establish, publish, collect, and budget student fees, and shall establish dates for paying fees. The dates shall be not later than the last day of the drop and add periods established by the boards.

(1) The percentage of the cost of education to be paid by students shall be computed annually from the Community College Program Fund by the State Board of Community Colleges for three (3) categories of instructional classifications: (1) advanced and professional, postsecondary vocational, and college preparatory; (2) postsecondary adult vocational; and (3) supplemental vocational. The full cost of each category shall be calculated by applying the percentage factors from the most recent annual cost analysis of the general current fund to the Community College Program Fund of the prior year. Support costs shall be allocated to each category based on a uniform amount per credit hour or credit hour equivalent, and added to the direct instructional costs to determine the full cost of each category. Student fee revenue for each category shall be calculated from the assigned enrollment in the annual appropriations act. Standard fee rates shall be multiplied by the assigned enrollment to determine the student fee revenue for each category. Student fee revenue divided by full cost shall determine the percentage of the cost of education paid by students for each category.

(2) Tuition shall be defined as fees assessed to students for enrollment in college credit courses and postsecondary education programs specified in Section 239.117(1), Florida Statutes, at any of the community colleges. Tuition consists of the following fees, depending on whether a student is a resident or a non-resident:

(a) Resident tuition shall be defined as the matriculation fee charged an enrolled student who qualifies as a Florida resident.

(b) Non-resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who does not qualify as a Florida resident:

1. Matriculation fee.

2. Non-resident fee.

(3) Standard fee schedule. The standard matriculation and non-resident fees per credit hour or credit hour equivalent effective beginning with the fall term 1997 are:

<table>
<thead>
<tr>
<th>Category</th>
<th>Matriculation</th>
<th>Non-resident</th>
</tr>
</thead>
<tbody>
<tr>
<td>Advanced and professional, postsecondary vocational, and college preparatory</td>
<td>$32.02</td>
<td>$96.08</td>
</tr>
<tr>
<td>Postsecondary adult vocational</td>
<td>$13.23</td>
<td>$52.91</td>
</tr>
<tr>
<td>Supplemental vocational</td>
<td>$28.93</td>
<td>$102.57</td>
</tr>
</tbody>
</table>

(4) Matriculation fees. Each board of trustees shall establish a matriculation fee for each category in subsection (1) that shall not vary more than ten (10) percent from the standard matriculation fees in subsection (2) or from superseding fee ranges established in an appropriations act. Each board of trustees shall establish the same matriculation fees for adult basic, adult secondary, and vocational preparatory as established for postsecondary adult vocational.
(5) Non-resident fees. Each board of trustees shall establish a non-resident fee for students who do not qualify as residents for tuition purposes for each category in subsection (1) that shall not vary more than ten (10) percent from the standard non-resident fees in subsection (2) or from superseding fee ranges established in an appropriations act. Each board of trustees shall establish the same non-resident fees for adult basic, adult secondary, and vocational preparatory instruction as established for postsecondary adult vocational. Non-resident fees shall be charged in addition to matriculation fees.

(6) Tuition fees shall be charged only for instruction provided by the college. Tuition fees shall not be charged for the assessment of prior learning or the awarding of credit based on prior learning, regardless of whether the prior learning was acquired through instruction provided by the college or through instruction or experience external to the college.

(7) Each board of trustees may allow a discount or charge a premium to matriculation or non-resident fees for the purpose of resource management. The resultant matriculation and non-resident fees shall be within the ranges specified in Florida Statutes.

(8) Lifelong learning instruction. Each board of trustees shall establish fees for lifelong learning instruction to supplement state appropriations for such instruction.

(9) Recreational and leisure time instruction. Each board of trustees shall establish fees for recreational and leisure time instruction which generate annual revenue at least equal to the full cost of such instruction as provided for in Section 239.117(6), Florida Statutes.

(10) Audit fees. Students who audit courses shall pay the same fees as required of students enrolled for credit.

(11) Each board of trustees may establish fees in addition to tuition fees for courses and other instructional and noninstructional services that incur unusual costs. Such fees shall not exceed the estimated unusual costs, and shall not be charged to students not in the courses or to persons or agencies not receiving the other services. Such fees may include, but are not limited to, laboratory, application, graduation, parking, examination, and transcript fees.

(12) Each board of trustees shall have the authority to negotiate tuition fees for courses and programs contracted by external agencies and companies which vary from the tuition fee provided for in this rule. Such negotiated fees may exceed the full cost of instruction. The courses and programs of instruction funded from these negotiated fees shall not be reported for state funding purposes.

(13) Each board of trustees may establish other fees, specifically:
   (a) A student financial aid fee for college credit instruction pursuant to Section 240.35(10), Florida Statutes, and for noncollege credit instruction pursuant to Section 239.117(7), Florida Statutes.
   (b) A student activity and service fee for college credit instruction pursuant to Section 240.35(9), Florida Statutes, and budgeted pursuant to subsection 6A-14.057(1), F.A.C.
   (c) A capital improvement fee for college credit instruction pursuant to Section 240.35(13), Florida Statutes, and for noncollege credit instruction pursuant to Section 239.117(16), Florida Statutes.

(14) Veterans and other eligible students under Section 240.345(2)(b)1., Florida Statutes, shall receive, upon request, one (1) deferment per academic year for the payment of registration fees. Upon request, such persons shall receive an additional deferment each time there is a delay in receipt of such benefits. Such deferments shall be for sixty (60) days, except they shall not extend beyond the end of the term.

(15) When institutional, state, or federal financial aid other than veterans’ benefits is delayed in being transmitted to students through circumstances beyond their control, registration fees may be deferred up to sixty (60) days, but not beyond the end of the term, unless the institutions, state, or federal rules or regulations require additional time, events, or documentation that cannot be completed within the prescribed sixty (60) day period. Failure to make timely application for such aid shall not be a reason for granting deferral. The deferment shall be in accordance with rules adopted by the board of trustees setting forth the conditions under which the deferment shall be granted. A list of persons for whom fees are deferred and the amount of fees deferred shall be maintained.

(16) When Florida Prepaid Postsecondary Education Expense Program benefits are delayed in being paid from the program to the community college through circumstances beyond the control of the student, registration fees covered by the benefits shall be deferred until the benefits are paid. The community college shall notify the State Board of Community Colleges if the benefits are not paid on a timely basis.

(17) When the college has a written promise of payment from business, industry, government unit, nonprofit organization, or civic organization, fees may be deferred as determined by the board of trustees.

(18) Registration fees are defined as matriculation, non-resident, student financial aid, activity and service, capital improvement, laboratory, and all other fees collected during the registration process.

(19) Exemptions and Waivers.
   (a) Exemptions. Registration fees shall not be assessed for:
       1. Students without high school diplomas or the equivalent enrolled in adult basic skills education, adult secondary education, or vocational preparatory instruction.
       2. Students with high school diplomas or the equivalent who demonstrate on tests approved in subsection 6A-6.014(4) or Rule 6A-10.040, F.A.C., that their academic skills are limited to the eighth grade level or below and are enrolled in adult basic skills education, adult secondary education, or vocational preparatory instruction.
       3. Students engaged in dual enrollment, including early admission, pursuant to Sections 239.117 and 240.116, Florida Statutes.
       4. Students enrolled in apprenticeship programs defined in Section 446.021, Florida Statutes.
5. Students for whom the state is paying foster care board payments and who are enrolled under provisions in Sections 239.117 and 240.35, Florida Statutes.

6. Students enrolled in employment and training programs pursuant to Section 409.029, Florida Statutes, under provisions in Sections 239.117 and 240.35, Florida Statutes.

7. Students who are homeless pursuant to and enrolled under provisions in Section 239.117, Florida Statutes.

(b) Exemptions. One-half of the matriculation fees, non-resident fees, student financial aid fees, activity and service fees, and capital improvement fees shall not be assessed for designated students who are members of the Florida National Guard enrolled in college credit courses pursuant to Section 250.10(6), Florida Statutes, and Rule 6A-10.045, F.A.C.

(c) Waivers. Registration fees shall be waived for:

1. Students who are spouses of deceased state employees and eligible for workers’ compensation death benefits and are enrolled pursuant to Section 440.16, Florida Statutes.

2. Students who are children of law enforcement officers killed in the line of duty and are enrolled pursuant to Section 112.19, Florida Statutes.

3. Students who are children of firefighters killed in the line of duty and are enrolled pursuant to Section 112.191, Florida Statutes.

4. Students enrolled in postsecondary adult vocational instruction, supplemental vocational instruction, or vocational preparatory instruction and granted fee waivers authorized in a General Appropriations Act.

5. Students enrolled in college credit instruction and granted fee waivers authorized in Section 240.35(14), Florida Statutes.

(20) When registration fees are waived by a board of trustees, a list of persons for whom fees are waived, documentation supporting the waivers, and the amount of fees waived shall be maintained.

6A-14.0541 Student Fee Refunds.

Each community college board of trustees shall establish a rule for the refund of matriculation, tuition, and other fees assessed pursuant to Rule 6A-14.054, F.A.C. Such rule shall include the following:

(1) A one hundred percent (100%) refund of matriculation and tuition fees when official drop notification is received and approved prior to the end of the college’s published drop/add period.

(2) Criteria for refunds when a student drops a course due to circumstances determined by the college to be exceptional and beyond the control of the student which may include but not be limited to serious illness, death, involuntary call to active military duty, or other emergency circumstance or extraordinary situations identified by college rule.

(3) Exceptions to the hundred percent (100%) refund provision in subsection (1) shall be made pursuant to federal rules for prorated refunds.

(4) Notwithstanding the provisions of subsection 6A-14.076(3), F.A.C., refunds made pursuant to subsections (2) and (3) shall not affect the calculation of full-time equivalent students.

Specific Authority 229.053(1), 240.325 FS. Law Implemented 228.072, 240.301(5), 240.319, 240.325, 240.345, 240.35, 240.363 FS. History–New 3-24-92, Amended 5-16-94.

6A-14.057 Student Activities.

(1) Expenditures from student activity and service fees shall be according to a budget prepared jointly by students and college staff and approved by the president. Each board of trustees shall adopt procedures for student participation in the development of the budget for expenditures funded from the student activity and service fee. Such procedures shall require the budget to be based upon an estimate of total funds generated from this fee as well as an estimate of funds carried forward from the prior year. All lawful expenditures which benefit the student body in general may be funded from the student activity and service fee fund if such expenditures are included in the approved budget for this fee. Sponsors shall be appointed for student activities so financed.

(2) Student organizations not so financed may be permitted on campus with faculty or staff advisors and under rules of the board of trustees. A college as a service to the organizations, or if necessary for the protection of student members, may provide that organization funds be placed with the college business office, to be held in a custodial account and to be withdrawn and expended upon requisition according to the organization’s approved budget.

Specific Authority 1001.02(9), 1009.23(7), 1010.02 FS. Law Implemented 1001.64, 1009.23(7), 1010.02 FS. History–Formerly 6A-8.19. Repromulgated 12-19-74, Amended 12-26-77, 4-17-85, Formerly 6A-14.57. Amended 12-18-94, 6-24-03.

6A-14.058 Athletics.

Athletics are authorized student activities, and, if conducted, shall be consistent with the basic purposes of the community college. Intercollegiate football shall not be conducted.
6A-14.060 Accountability Standards.
The standards herein provide a basis for quality improvement and for accountability. Each community college shall:

1. Adopt and follow a periodic needs assessment process to determine the educational services needed within the community college district. The process shall use accurate and current information about the educational services which could be provided by the college pursuant to its purpose. Needs assessment shall be conducted in cooperation with other institutions and agencies serving the district.

2. Provide a system to enable its students to set educational goals for themselves and to use its services to attain the goals. The system shall recognize that many students establish their goals without direct assistance from the institution. Consideration of student goals shall be an important part of the institutional planning process.

3. Establish a process to select and retain employees who are successful in helping the college accomplish its purpose. The process shall involve selection, evaluation, development, and retention procedures related to successful performance of the responsibilities for which the personnel are employed.

4. Provide equal access to and equal opportunity in employment, programs, and services without regard to race, color, age, national origin, religion, marital status, or sex and shall not discriminate against any qualified handicapped person.

5. Develop a comprehensive, long-range program plan, including program and service priorities. Statements of expected outcomes shall be published, and facilities shall be used efficiently to achieve such outcomes. Periodic evaluations of programs and services shall use placement and follow-up data, shall determine whether expected outcomes are achieved, and shall be the basis for necessary improvements.

6. Establish adequate and sound control of expenditures, efficient operations including energy conservation, and a budget process producing the greatest benefits to the service area. Efficiency is the economical use of resources to support programs. The emphasis is the operation of an effective program at a reasonable cost.

7. Differentiate between the policy making responsibility of the board of trustees and the management responsibility of the president.

6A-14.063 Accreditation.

1. Community colleges are authorized and encouraged to seek and maintain accreditation by the regional accrediting association of colleges and schools for this region. The executive director or designee shall maintain liaison with the regional accrediting process and inform the State Board of Community Colleges of the accreditation status of each college.

2. Community colleges are authorized to obtain specialized accreditation of individual programs from accrediting bodies recognized by the Council on Postsecondary Accreditation.

Specific Authority 229.053(1), 240.325 FS. Law Implemented 240.325, 240.349 FS. History—New 10-28-75, Amended 4-7-85, Formerly 6A-14.63.

6A-14.0715 Transfer of Funds.
Transfer of funds from the debt service funds to other funds is not authorized. Transfer of funds from the unexpended plant fund to other funds is not authorized except when approved by the State Board of Community Colleges to return funds temporarily advanced to encumber projects authorized and budgeted to be funded from state allocations of construction funds including proceeds from the sale of bonds in accordance with Article XIII, Section 9(d), Florida Constitution. Such funds shall be returned the same fiscal year the funds against which the advance was made are received.

6A-14.0716 Community College Budgets.
Each fiscal year, each community college shall prepare a budget in such form as prescribed by the State Board of Education for the Current Unrestricted Fund. Two copies of the budget approved by the board of trustees shall be submitted to the executive director by June 30 or on a later date established by the executive director. The original or facsimile signature of the president on both copies shall certify board approval.

1. The executive director shall have each community college budget examined for completeness, correctness, conformity with law and rule, State Board of Community Colleges’ guidelines and preparation according to accepted educational and fiscal principles.

(a) Anticipated budgeted revenues shall be reasonable and transfers from general current funds shall not handicap current operations.

(b) A contingency reserve not exceeding two (2) percent of the total available for appropriation is authorized in the general current fund.
(2) Within thirty (30) days after the executive director receives a community college budget, the State Board of Community Colleges shall approve it or disapprove it and point out deficiencies. The board of trustees shall submit a corrected budget within thirty (30) days after the date on the deficiency notice.

(3) Until a budget is approved, ordinary expenses may be paid at the same monthly rate as budgeted for the preceding year.

(4) In the execution of budgets, no expenditures or obligations shall exceed the amount budgeted in any class in any fund.

(5) Boards of trustees are authorized to amend budgets. Amended budgets are required to be in compliance with laws, rules and accepted educational and fiscal principles.

(a) Budget amendments approved by the board of trustees may reallocate funds between organizational units of a fund and between object codes.

(b) The following budget amendments require approval by the State Board of Community Colleges:
   1. Transfer of appropriations from the Current Unrestricted Fund.
   2. Amendments which cause the unencumbered fund balance to be inconsistent with the statutory guidelines specified in Section 240.359(3)(e), Florida Statutes.

(c) Overdrafts, or expenditures, shall not be created in any fund or depository account. If cash on hand is insufficient to pay salaries, a current loan shall be negotiated and repaid from the first funds available for that purpose.

(d) Salary deductions shall be made as required by law or as authorized by the board of trustees and approved in writing by the employee, and shall be remitted promptly.

(e) Each fiscal year, as a part of the official budget, each community college board of trustees shall adopt a capital outlay budget for the capital outlay needs of the college for the entire fiscal year. This budget shall designate the proposed capital outlay expenditures by project for the year from all fund sources. Separate project accounts shall be kept in the Unexpended Plant Fund for all capital outlay projects.

Specific Authority 229.053(1), 240.325 FS. Law Implemented 116.34, 235.18, 240.311(5), 240.359, 240.361, 240.363 FS. History–New 9-30-96.

6A-14.072 Financial Records and Reports.

(1) Each community college shall keep financial records according to the Department of Education publication, “Accounting Manual for Florida’s Public Community Colleges, 2002,” incorporated herein by reference. Copies may be obtained from the Division of Community Colleges, Department of Education, Tallahassee, Florida 32399-0400.

(2) Enrollment related financial records shall be kept for all instruction so as to facilitate verification, confirmation, and comparison.

(3) If financial reports are not received from a community college when due, the State Board of Education may withhold apportionments of state funds to the college until the reports are received.

Specific Authority 1001.02(1), (9), 1001.03(9) FS. Law Implemented 1001.02(9) FS. History–Formerly 6A-14.72, Amended 11-12-91, 12-26-94, 12-18-94, 11-27-95, 11-13-96, 12-9-97, 5-18-99, 2-29-00, 7-30-01, 5-19-03.

6A-14.073 Expenditures.

(1) The board of trustees shall approve all purchases exceeding the amount specified in Section 287.017, Florida Statutes, for Category Five unless the item is exempt from the bid requirements of Rule 6A-14.0734, F.A.C., and the board has delegated such approval to the president. The president, or designee, shall approve normal operating purchases that do not require the approval of the board of trustees.

(2) The president shall assure that purchases conform to predetermined standards and specifications and that maximum value is received.

(3) Institutional memberships in professional organizations may be purchased with college funds.

(4) Statements of accounts of purchases, called vouchers, shall be filed for easy reference by college personnel and the auditor general. Financial records shall remain open, if necessary, for two weeks after each June 30 to complete the recording of expenditures the previous fiscal year.

(5) At each regular meeting of the board of trustees, the president shall present a list of warrants issued during the months or accounting periods ending since the last regular meeting.

6A-14.0732 Travel.

Boards of trustees shall establish rules governing travel of board members, employees, and other authorized persons and the payment of costs associated with travel. The rules shall be consistent with Section 112.061, Florida Statutes.

**6A-14.0734 Bidding Requirements.**

(1) Colleges shall request bids from at least three (3) sources, or solicit a request for proposals as defined in Section 287.012(16), Florida Statutes, when purchasing services or commodities exceeding the amount as specified in Section 287.017, Florida Statutes, for Category Two. Boards of trustees may adopt smaller amounts beyond which to require bidding. Colleges may reject bids or proposals and request new bids or proposals. When accepting bids or proposals, colleges shall accept the lowest or best bid or proposal. If other than the lowest bid or best proposal meeting specifications is accepted, the college shall maintain a public record of the justification. Bids for purchases not exceeding the Category Five threshold as specified in Section 287.017, Florida Statutes, may be approved or rejected by the president or a designee if such authority is delegated in policy adopted by the board of trustees. Bids for purchases exceeding the Category Five threshold as specified in Section 287.017, Florida Statutes, shall be approved or rejected by the board of trustees.

(2) Exceptions to the three-bid requirement are:

(a) Purchases under Sections 946.515 and 946.519, Florida Statutes.

(b) Educational tests, textbooks, printed instructional materials, films, filmstrips, video tapes, disc or tape recordings or similar audio-visual materials, artistic services as defined in Section 287.012(3), Florida Statutes, including, but not limited to, film, video and television production services, and computer-based instructional software.

(c) Library books, reference books, periodicals, and other library materials and supplies.

(d) Purchases at the unit prices in county contracts, district school board contracts, Department of Management Services state term contracts/state negotiated agreement for price schedules (SNAPS), state university system cooperative bid agreements, cooperative contracts with other community colleges, and bid agreements of other community colleges.

(e) Food.

(f) Noncompetitive items available from one source, items for resale, and used books.

(g) Professional services, including, but not limited to, health services as defined in Section 287.057(3)(f), Florida Statutes, attorneys, legal services, auditors, management consultants, architects, engineers, and land surveyors. Services of architects, engineers, and land surveyors shall be selected and negotiated according to Section 287.055, Florida Statutes.

(h) Information technology resources as defined in Section 282.303(10), Florida Statutes. Acquisitions of data processing equipment or software shall be in accordance with the college’s long-range Information Resource Technology plan.

(3) The executive director may waive bidding requirements in emergencies when requested and justified by the board of trustees.

(4) When a board of trustees finds that no valid or acceptable bid has been received for petroleum or paper products within the prescribed time for bidding, it may purchase such products under the best terms it can negotiate.

---

**6A-14.0735 Petty Cash Fund.**

Boards of trustees may establish petty cash funds not exceeding two thousand five hundred dollars ($2,500.00) at each campus and one thousand dollars ($1,000.00) at each site or center, to be maintained on the imprest system. The board shall specify the amount and use. The president shall designate the custodian of the fund and shall provide for adequate internal controls. Fund expenditures shall follow normal purchasing procedures.

**Specific Authority 229.053(1), 240.325 FS. Law Implemented 240.363 FS. History–Formerly 6A-8.16, Repromulgated 12-19-74, Amended 10-28-75, 5-14-85, Formerly 6A-14.735, Amended 12-21-87.**

---

**6A-14.075 Receipt and Deposit of Funds.**

A record of all funds received by a community college shall be kept to identify the payer, the amount, and the purpose. Such funds shall be deposited intact in a designated depository as soon as practicable. Funds received from federal sources shall be accounted for separately, but may be deposited in a bank account with other college funds except when the terms of such receipt require a separate depository account.

**Specific Authority 229.053(1), 240.325 FS. Law Implemented 240.363 FS. History–Formerly 6A-8.131, Repromulgated 12-19-74, Amended 5-14-85, Formerly 6A-14.75.**

---

**6A-14.0751 Bank Depository.**

Boards of trustees shall designate bank depositories and shall deposit therein, in accounts in the name of the board of trustees, all funds of the board.

(1) Depository means a bank or savings association according to Section 136.01, Florida Statutes.

(2) Funds means gold and silver coin, United States Treasury and bank notes, legal tender, and all other forms of currency, except numismatic collections; every deposit which the board is entitled to withdraw in money on demand; and all funds held or administered by the board including all undistributed payroll account and savings account funds.

(3) Upon acceptance of a deposit by a depository, the deposit shall be deemed to be funds as defined herein, and the burden of proof shall be upon the depository to show that the deposit is not funds as defined herein.
6A-14.0752 Depository Transactions.
Depository withdrawals shall be on prenumbered checks signed by two (2) persons authorized by the board of trustees and bonded. Transfers of funds by electronic, telephonic, or other medium shall be according to rules of the board of trustees, shall provide adequate internal controls, and shall be confirmed in writing and signed by the designee of the board.

6A-14.076 FTE Calculation for the Community College Program Fund.
(1) The number of full-time equivalent students for the community college program fund is the college credits for which students register divided by forty (40) plus the hours of instruction for which students register in other instruction divided by nine hundred (900).

(2) A student is registered in instruction that is subject to matriculation and tuition fees upon payment, waiver, or deferment of the fees, pursuant to law and rule, and the recording of the transaction. A student is registered in instruction that is not subject to matriculation and tuition fees when the institution records the enrollment.

(3) When any fee refund results from a withdrawn registration, the credits or hours of instruction shall not be included in the calculation of full-time equivalent students.

6A-14.0765 Investment of Funds.
The investment of funds by community colleges shall be in accordance with the classification of funds in the accounting manual incorporated in Rule 6A-14.072, F.A.C.

(1) Current funds, plant funds, and agency funds may be invested as authorized in Section 218.415, Florida Statutes. These funds may also be invested with the State Board of Administration.

(2) Boards of trustees shall have authority to designate that funds due it be placed for investment in its account with the State Board of Administration, rather than be deposited, and the board of trustees may direct those persons having money due to the board of trustees to pay such funds to the State Board of Administration to make authorized investments for its accounts.

(3) Loan, endowment, annuity, and life income funds may be invested in securities in which the State Board of Administration is authorized to invest retirement funds pursuant to Sections 215.45 and 215.47, Florida Statutes. To make such investments, the board of trustees shall adopt and adhere to an investment plan as described in Section 215.475, Florida Statutes. The investment plan shall be submitted to the State Board of Administration for review and comment. The college shall make all records of the entire investment operation available to the Auditor General for annual audit. Loan, endowment, annuity, and life income funds also may be invested pursuant to subsection (1) herein.

Boards of trustees may operate or contract for auxiliary enterprises as defined in the accounting manual incorporated in Rule 6A-14.072, F.A.C., as a service to, and incidental to, their instructional programs.

6A-14.0771 Use of Auxiliary Enterprise Funds and Undesignated Gifts.
Auxiliary enterprise funds and undesignated gifts shall be spent according to rules of the board of trustees for the benefit of the college.

(1) The board of trustees may authorize a portion of such funds to be disbursed at the discretion of the president for:
(a) Promotion and public relations including, but not limited to: graduation, visiting committees, orientation and work conferences, personnel recruitment meetings, receptions, guest speakers.

(b) Hospitality of business guests at the college and elsewhere, not to exceed $1.00 times the number of full-time equivalent students the previous year to a maximum of 5,000 full-time equivalent students, and $.25 times the number of full-time equivalent students above 5,000. For this purpose, full-time equivalent students shall be computed by dividing the number of credits for which registered by thirty (30) and the number of noncredit hours for which registered by nine hundred (900). People receiving per diem from the state shall not be considered business guests.

(2) Funds used for purposes under subsection (1) herein shall be transferred to the general current fund and included in the approved budget of the college.

6A-14.0772 Auxiliary Funds and Funds Received in Trust.

Purchases from auxiliary funds shall adhere to the requirements in law and rule for purchases from tax funds. Purchases from funds received in trust, such as for class jewelry, college annuals, cards and invitations, insignia, and caps and gowns, are exempt from such requirements. Both kinds of funds are subject to the required annual audit.

6A-14.078 Delinquent Accounts.

Boards of trustees may charge off delinquent accounts after these accounts have been determined and approved by the board to be uncollectible.

6A-16.016 Designation of Agency Clerk. (Repealed)
6A-16.017 Minority Business Enterprise Procurement. (Repealed)
6A-16.020 Purpose.
6A-16.021 Plan.
6A-16.022 Final Orders Required to be Indexed.
6A-16.023 Listing of Final Orders.
6A-16.024 Numbering of Final Orders.
6A-16.026 Reporting Information to the State Board of Education.

(1) Report for subject matter index. The FLORIDA ADMINISTRATIVE LAW REPORTS (FALR) is hereby designated the official reporter for the purpose of publishing and indexing by subject matter all Department final orders required to be indexed by Rule 1S-6.004, F.A.C.
(2) The Agency Clerk shall determine the final orders required to be indexed.
Specific Authority 120.533(1) FS. Law Implemented 120.53(4) FS. History–New 7-7-92.

Rules 6A-16.018 through 6A-16.026, F.A.C., regarding the indexing, management, and availability of final orders are issued pursuant to Section 120.533, Florida Statutes, and Chapter 1S-6, F.A.C., and have been approved by the Department of State pursuant to Section 120.53(2)(c), Florida Statutes.
Specific Authority 120.533 FS. Law Implemented 120.53(2), (3), (4) FS. History–New 7-7-92.

6A-16.020 Purpose.
The purpose of Rules 6A-16.018 through 6A-16.026, F.A.C., is to provide public access to final orders by providing for the indexing of final orders, listing of final orders which are not indexed, and permanent retention of all final orders.
Specific Authority 120.533 FS. Law Implemented 120.53(2), (3), (4) FS. History–New 7-7-92.

6A-16.021 Plan.
(1) The Department shall enhance the accessibility of final orders by sequentially numbering final orders that are required to be indexed and listed, pursuant to the provisions of Rule 6A-16.022, F.A.C. The Department shall make the final orders, subject matter index, and the list available to the public.
(2) The Agency Clerk shall assist the public in obtaining information pertaining to final orders. The Office of the Agency Clerk is located in Room 1702, The Capitol, Tallahassee, Florida 32399-0400. The office is open to the public between the hours of 8:00 a.m. and 5:00 p.m., excluding holidays and weekends.
(3) Final orders required to be indexed may be found by utilizing the Commissioner’s Official Reporter, FLORIDA ADMINISTRATIVE LAW REPORTS (FALR). The official reporter is found at most county law libraries and is available by subscription at FLORIDA ADMINISTRATIVE LAW REPORTS (FALR), Post Office Box 385, Gainesville, Florida 32602, telephone number (352)375-8036. A subscription to FALR is maintained at the Office of the Agency Clerk. A subscription to the FALR is also maintained at the Office of the General Counsel of the Department of Education.

(4) Final orders which are listed, but not indexed and published, are maintained at both the Office of the Department’s Official Reporter and at the Office of the Agency Clerk and are available for public inspection and copying at cost.

(5) The list of final orders not indexed and published is maintained at both the Office of the Department’s Official Reporter and the Office of the Agency Clerk and is available for public inspection and copying at cost.

Specific Authority 120.533 FS. Law Implemented 120.53(2)(a) FS. History–New 7-7-92.

6A-16.022 Final Orders Required to be Indexed.
For purposes of this part, final orders as defined in Rule 1S-6.002, F.A.C., which are required to be indexed pursuant to Rule 1S-6.004, F.A.C., shall be indexed. Final orders which do not resolve a substantial legal issue of first impression, establish for the first time a rule of law, principle, or policy; alter, modify, or clarify a prior final order; resolve conflicting final orders, or harmonize decisions of appellate courts shall be listed, but not indexed in the following categories:

(1) Final orders resulting from informal proceedings under Section 120.57(2), Florida Statutes.
(2) Final orders closing cases on the basis of settlements, consent orders, or stipulations under Section 120.57(3), Florida Statutes.

Specific Authority 120.533 FS. Law Implemented 120.53(2)(a)3., (d) FS. History–New 7-7-92.

6A-16.023 Listing of Final Orders.
(1) The Department shall maintain a list of all final orders excluded from indexing under Rule 6A-16.022, F.A.C., by name of party and final order number.
(2) Final orders not resulting from a proceeding under Chapter 120, Florida Statutes, as set forth in Rule 1S-6.002, F.A.C., shall be neither listed nor indexed.
(3) Final orders resulting from a challenge to the validity of a rule under Section 120.54(4) or 120.56, Florida Statutes, shall be neither listed nor indexed by the Department. Such orders shall be listed or indexed by the Division of Administrative Hearings.

Specific Authority 120.533 FS. Law Implemented 120.53(2)(a)4. FS. History–New 7-7-92.

6A-16.024 Numbering of Final Orders.
(1) All final orders that are required to be indexed or listed shall be sequentially numbered at the time of rendition, pursuant to Rule 1S-6.007, F.A.C.
(2) The sequential numbers shall be a two-part number separated by a dash with the first part indicating the year and the second part indicating the numerical sequence of the order as rendered for that year, beginning with number one each new calendar year. The assigned agency designation prefix, DOE, shall precede the two-part number.
(3) The applicable order category shall be added as a suffix following the agency designation prefix and two-part number. The order categories are as follows:

<table>

Specific Authority 120.533 FS. Law Implemented 120.53(2)(a)4. FS. History–New 7-7-92.

Final orders that comprise final agency action and that must be indexed or listed pursuant to this chapter shall be maintained by the Agency Clerk, 1702 Capitol, Tallahassee, Florida 32399-0400 and by the Department’s Official Reporter, FLORIDA ADMINISTRATIVE LAW REPORTS, Post Office Box 385, Gainesville, Florida 32602, telephone number (352)375-8036.

Specific Authority 120.533(1)(j) FS. Law Implemented 119.041(2) FS. History–New 7-7-92.

6A-16.026 Reporting Information to the State Board of Education.
The Commissioner of Education, as head of the Department of Education, shall report to the State Board, as chief policy making body, actions involving the following:

(1) Claims settlement, actions, causes of action and legal proceedings brought against the Department or its employees acting within the scope of his/her employment.
(2) Donations accepted and gifts of property or grants of money on behalf of the Department in compliance with the law, provided such gifts are unencumbered and have no impact on any other agency of the state.

(3) Leases of real property for departmental operations.

(4) Proposed legal action to be taken by, or on behalf of the Board for Board ratification, except in defense of litigation instituted against the Board or where the emergent nature of a matter requires immediate action.

(5) Controversial or major policy issues as determined by members of the State Board arising in the Department of Education.

*Specific Authority 229.053(1) FS, Law Implemented 229.053(1), 229.75, 229.76 FS, History–New 3-28-00.*

CHAPTER 6A-18 DIVISION OF BLIND SERVICES

PART I VENDING FACILITY PROGRAM
6A-18.001 Scope and Purpose. (Transferred to 38K-1.001)
6A-18.002 Definitions. (Transferred to 38K-1.002)
6A-18.003 Establishment of Vending Facilities. (Transferred to 38K-1.003)
6A-18.004 Issuance of License. (Transferred to 38K-1.004)
6A-18.005 Vending Facility Training Program. (Transferred to 38K-1.005)
6A-18.006 Access to Vending Facility Program and Financial Information. (Transferred to 38K-1.006)
6A-18.007 Set-aside Funds. (Transferred to 38K-1.007)
6A-18.008 Transfer and Promotion of Vendors. (Transferred to 38K-1.008)
6A-18.009 The Vendors Committee. (Transferred to 38K-1.009)
6A-18.010 Operation Agreement Between the Division and Vendors. (Transferred to 38K-1.010)
6A-18.011 Duties and Responsibilities of the Division of Blind Services. (Transferred to 38K-1.011)
6A-18.012 Newspaper Vending Sales. (Transferred to 38K-1.012)

PART II GENERAL ADMINISTRATION
6A-18.015 Forms and Instructions. (Transferred to 38K-1.015)
6A-18.017 Definitions. (Transferred to 38K-1.017)
6A-18.018 Organization. (Transferred to 38K-1.018)
6A-18.019 State Registry of Blind Persons. (Transferred to 38K-1.019)
6A-18.020 Advisory Council for the Blind. (Transferred to 38K-1.020)
6A-18.022 Retention of Title to Equipment. (Transferred to 38K-1.022)
6A-18.023 Solicitation of Funds for Blind Persons. (Transferred to 38K-1.023)

PART III VOCATIONAL REHABILITATION PROGRAM
6A-18.031 Scope and Purpose. (Transferred to 38K-1.031)
6A-18.032 Definitions. (Transferred to 38K-1.032)
6A-18.033 General Description of Services and Procedures. (Transferred to 38K-1.033)
6A-18.034 Referrals and Applicants. (Transferred to 38K-1.034)
6A-18.035 Eligibility Determination. (Transferred to 38K-1.035)
6A-18.036 Economic Need Policies. (Transferred to 38K-1.036)
6A-18.037 The Individualized Plan for Vocational Rehabilitation. (Transferred to 38K-1.037)
6A-18.038 Standards and Fees for Vocational Rehabilitation Services. (Transferred to 38K-1.038)
6A-18.039 Determination That a Client Has Been Rehabilitated. (Transferred to 38K-1.039)

PART IV REHABILITATION CENTER FOR THE BLIND
6A-18.050 Transportation. (Transferred to 38K-1.050)
6A-18.051 Exit Review Panel. (Transferred to 38K-1.051)

PART V MEDICAL AND SOCIAL SERVICES PROGRAM
6A-18.062 Definitions. (Transferred to 38K-1.062)
6A-18.063 Description of Services Provided by the Medical and Social Services Program. (Transferred to 38K-1.063)
6A-18.064 Referrals and Applicants to the Medical and Social Services Program. (Transferred to 38K-1.064)
6A-18.065 Eligibility Determination for the Medical and Social Services Program. (Transferred to 38K-1.065)
6A-18.066 Economic Need Policies of the Medical and Social Services Program. (Transferred to 38K-1.066)
6A-18.067 The Individualized Plan for Medical and Social Rehabilitation. (Transferred to 38K-1.067)
6A-18.068 Standards and Fees for Medical and Social Services Program. (Transferred to 38K-1.068)
CHAPTER 6A-19 EDUCATIONAL EQUITY

6A-19.001 Scope, Coverage and Definitions.
6A-19.003 Health Services.
6A-19.004 Interscholastic, Intercollegiate, Club and Intramural Athletics.
6A-19.005 Student Financial Assistance.
6A-19.006 Housing.
6A-19.007 Student Employment.
6A-19.009 Personnel.
6A-19.010 Strategies to Overcome Underrepresentation.

6A-19.001 Scope, Coverage and Definitions.
Chapter 6A-19, F.A.C., implements Section 228.2001, Florida Statutes, which prohibits discrimination on the basis of race, sex, national origin, marital status or handicap against a student or employee in the state system of public education, as defined in Section 228.041(1), Florida Statutes. The following definitions shall apply:

(1) Activity. Any organized academic, vocational, athletic, co-curricular or extracurricular pursuit, undertaking or assignment conducted under the authority or direction of an institution within the state system of public education.

(2) Admission. Selection for part-time, full-time, special, associate, transfer, exchange or any other enrollment, participation or matriculation, in or at, an education program or activity conducted under the authority or direction of an institution within the state system of public education.

(3) Department. Florida Department of Education.

(4) Discrimination.

(a) Discrimination shall include:

1. Limiting, segregating or classifying students, employees, applicants for admission, or applicants for employment, in such a way as to deprive individuals of educational or employment opportunities or otherwise adversely affect individuals because of their race, sex, national origin, marital status or handicap;

2. Denying educational or employment opportunities to individuals because of their race, sex, national origin, marital status or handicap;

3. Providing unequal educational or employment opportunities to individuals because of their race, sex, national origin, marital status or handicap;

4. Providing unnecessarily separate educational programs or activities for individuals because of their race, sex, national origin, marital status or handicap;

5. Entering into contractual or other arrangements which utilize criteria or administrative methods which have the effect of subjecting individuals to discrimination or which otherwise adversely affect individuals because of their race, sex, national origin, marital status or handicap;

6. The application of any policy or procedure, or taking of any admission or employment action, that adversely affects a qualified handicapped person as a student, employee, applicant for admission, applicant for employment, a group of students, or a group of employees based on their handicap;

7. The application of any policy or procedure, or taking of any admission or employment action concerning the potential or actual marital status of a student, employee or applicant for admission or employment that adversely affects a student, employee, applicant for admission, applicant for employment, a group of students or a group of employees on the basis of potential or actual marital status, or on the basis of head of household or principal wage earner status; however, reasonable practices prohibiting nepotism shall not constitute marital status discrimination;

8. The application of any policy or procedure, or taking of any admission or employment action, that adversely affects a student, employee, applicant for admission, applicant for employment, a group of students, or a group of employees based on ancestry or place of birth or of cultural, or linguistic characteristics of a national origin group;

9. The application of any policy or procedure, or taking of an admission action, that adversely affects a student, or applicant for admission, belonging to a national origin minority group, unnecessarily based on limited-English-language skills;

10. The application of any policy or procedure, or taking of any admission or employment action, that adversely affects a student, employee, applicant for admission, applicant for employment, a group of students, or a group of employees based on their race/ethnic category;

11. The application of any policy or procedure, or taking of any admission or employment action, that adversely affects a student, employee, applicant for admission, applicant for employment, a group of students, or a group of employees based on their gender.

(b) Any policy or procedure, or any admission or employment action, which can be shown to be predictive of, or significantly correlated with, essential elements of work behavior or program participation shall not constitute discrimination. See subsections 6A-19.002(2) and 6A-19.009(8), F.A.C.
(c) Efforts or measures developed by institutions to correct patterns of segregation, patterns of nonparticipation or underrepresentation among a race, sex, marital status, national origin or handicap group shall not constitute discrimination. Quotas, however, shall not be used.

(5) Disproportionate Enrollment. The actual enrollment of students of a particular race, sex, national origin or handicap differs from the appropriate pool of potential students, as determined by the governing board, by race, sex, national origin or handicap by more than two standard deviations.

(6) Handicapped Person. Any person who has a physical or mental impairment which substantially limits one or more major life activities; has a record of such an impairment; or is regarded as having such an impairment.
   (a) Physical or mental impairment.
      1. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive, digestive, genito-urinary; hemic and lymphatic; skin; and endocrine; or
      2. Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.
   (b) Major life activities. Functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working.
   (c) Has a record of such an impairment. Has a history of, or has been incorrectly classified as having, a mental or physical impairment that substantially limits one or more major life activities.
   (d) Is regarded as having an impairment.
      1. Has a physical or mental impairment that does not substantially limit major life activities but that is treated by an institution as constituting such a limitation;
      2. Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others and, therefore, is treated by an institution as having such an impairment.

(7) Institution. An individual school, as defined in Section 228.041(5), Florida Statutes, or the school district, as the context may require; a community college; a university or any other state-supported entity primarily of an educational nature, e.g., the Florida School for the Deaf and the Blind.

(8) Minority. Any individual belonging to one of the following race/ethnic categories: Black, Not of Hispanic Origin; Hispanic; Asian or Pacific Islander; American Indian or Alaska Native.

(9) Office of Equal Educational Opportunity. The Department of Education work unit, otherwise known as the Equal Educational Opportunity Program, specifically designated to administer the Department's implementation activities as defined in Section 228.2001(6), Florida Statutes, except to the extent those duties may be delegated by the Commissioner of Education to the Chancellor of the State University System pursuant to Section 228.2001(7), Florida Statutes.

(10) Qualified Handicapped Person.
   (a) With respect to employment, a handicapped person who, with reasonable accommodation, can perform the essential functions of the job in question;
   (b) With respect to public preschool, elementary, secondary or adult programs, services and activities, a handicapped person of an age during which nonhandicapped persons are provided services, or of any age during which it is mandatory under federal or Florida law to provide services to handicapped persons;
   (c) With respect to postsecondary programs, services and activities, a handicapped person who meets the academic and nonacademic admissions criteria requisite to participation.

(11) Race/Ethnic Categories. A person may be included in the race/ethnic group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. No person shall be included in more than one race/ethnic group. The race/ethnic categories to be used are:
   (a) White, Not of Hispanic Origin – All persons having origins in any of the original peoples of Europe, North Africa or the Middle East.
   (b) Black, Not of Hispanic Origin – All persons having origins in any of the Black racial groups of Africa.
   (c) Hispanic – All persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.
   (d) Asian or Pacific Islander – All persons having origins in any of the original people of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands.
   (e) American Indian or Alaska Native – All persons having origins in any of the original peoples of North America, and who maintain cultural identification through tribal affiliation or community recognition.

(12) Reasonable Accommodation. Changes in the work environment which allow a qualified handicapped employee to perform the essential tasks of the job if making those changes does not impose an undue hardship on the operation of the institution. Reasonable accommodation may include: making facilities used by employees readily accessible to and usable by handicapped persons, job structuring, part-time or modified work schedules, acquisition or modification of equipment or devices, the provision of readers or interpreters, and other similar actions. In determining whether an accommodation would impose an undue hardship on
the operation of an institution’s program, factors to be considered include: the overall size of the institution with respect to number of employees, number and type of facilities, and size of budget; the type of operation, including the composition and structure of the workforce; and the nature and cost of the accommodation needed.

(13) Selection Criteria. Any measure, combination of measures, or procedure used as a basis for any decision on eligibility for admission, for participation in programs, services or activities, or for employment and promotion. Selection criteria include the full range of assessment techniques including course grades; performance tests; paper and pencil tests; training programs; probationary periods; physical, education and work experience requirements; formal or informal interviews; evaluation by prior teachers or employers; and scored or unscored applications.

(14) Student. Any person who is enrolled in any instructional program or activity conducted under the authority or direction of an institution which is a part of the state system of public education.

Specific Authority 228.2001(5), 229.053(1) FS. Law Implemented 228.2001, 229.053(1) FS. History–New 4-17-85, Formerly 6A-19.01.

All guidance, counseling, financial assistance, academic, career and vocational programs, services and activities offered by each institution shall be offered without regard to race, sex, national origin, marital status or handicap. There shall be no discrimination in recreational, athletic, co-curricular or extracurricular activities.

(1) Guidance and Counseling. Each institution shall assure that, in guidance and counseling practices, there is no discrimination on the basis of race, sex, national origin, marital status or handicap. Factors of race, sex, national origin, marital status or handicap shall not be used to encourage or discourage a student’s enrollment in a particular program or participation in a particular activity or to measure or predict a student’s prospects for success in any career, occupation, program, course or activity.

(a) If particular programs or disciplines have disproportionate enrollments of male or female students, minority or nonminority students, or handicapped students, the institution shall examine its policies, procedures and practices to determine whether the disproportion is the result of discriminatory counseling activities.

(b) Qualified handicapped students shall not be counseled toward more restrictive career or academic objectives than nonhandicapped students with similar abilities and interest. This requirement does not preclude the providing of factual information, at the postsecondary level, about licensing or certification requirements that may present obstacles to handicapped persons in their pursuit of particular careers.

(c) Counselors shall communicate with national origin minority students having limited-English-language skills and with students having hearing impairments. This requirement may be satisfied by having interpreters available.

(d) Counseling materials and other publications used by the institution shall not state or imply through text or illustration, that applicants, students or employees are treated differently on the basis of race, sex, national origin, marital status or handicap. This does not prohibit the inclusion of information designed to meet the needs of national origin minority students with limited-English-language skills, handicapped students needing special services or as may be appropriate for affirmative action purposes.

(e) Appraisal instruments selected by the institution shall not discriminate based on race, sex, national origin, marital status or handicap. Counseling tests and instruments, which result in disproportionate enrollment in any course or program, shall be examined by the institution for discrimination in the instrument or in its application. Institutions are not required to conduct additional examination of state-required instruments.

(f) Institutions which use testing or other materials for appraising or counseling students shall not use different materials for students on the basis of sex or use materials which permit or require different treatment of students on this basis unless these different materials cover the same occupations and interest areas and the use of these different materials is shown to be essential to eliminate sex bias.

(g) Promotional efforts, including activities of school officials, counselors, instructional staff, school-related parent groups, school-related community or business groups, shall not be conducted in a manner that states or implies that the institution restricts access to its programs, activities or services on the basis of race, sex, national origin, marital status or handicap. Promotional efforts include, but are not limited to, career awareness activities, open houses, parent programs, shop and laboratory demonstrations, student visits and summer camps.

(h) Promotional or counseling materials and activities shall not state or imply, through text or illustration, that access to those programs, services or activities is restricted on the basis of race, sex, national origin, marital status or handicap.

(i) Student recruitment activities shall be conducted so as not to exclude or limit opportunities on the basis of race, sex, national origin, marital status or handicap.

(2) Admission to Courses, Programs and Activities. Institutions shall not base admission decisions on race, sex, national origin, marital status or handicap. Special selection criteria for admission within the institution for participation in programs or courses shall be related to program standards or requirements. If it has been empirically demonstrated that a selection criterion which has an adverse impact is predictive of success during the program, course or activity, and that there has been a reasonable search for equally valid criteria which do not have a disproportionate adverse impact, or if the criterion is required by law, then the criterion shall not be considered discriminatory. Selection criteria for admission, which are in use on the effective date of this rule, shall not be considered discriminatory if demonstrated to be predictive of success within one year from the effective date of this rule.
(a) Race or National Origin. No person, on the basis of race or national origin, shall be excluded from participation in, denied benefits of, or subjected to discrimination in any course, program, service or activity operated under the authority or direction of an institution within the state system of public education.

1. Institutions shall not unnecessarily restrict admission to vocational, career or academic programs solely because the applicant, as a member of a national origin minority with limited-English-language skills, cannot participate in and benefit from instruction to the same extent as a student whose primary language is English, except as provided in subsection 6A-19.002(2), F.A.C.

2. If there is a concentration of national origin minority students with limited-English-language skills, as determined by the institution, in particular programs, services or activities, then the institution shall examine its policies, procedures and practices to determine whether the concentration is the result of discrimination at the institution.

(b) Sex or Marital Status. No person, on the basis of sex or marital status, shall be excluded from participation in, denied benefits of, or subjected to discrimination under any course, program, service or activity operated under the authority or direction of an institution within the state system of public education.

1. Preference shall not be given to one person over another on the basis of sex by establishing numerical limitations of the number or proportion of persons of either sex. Exempt from this provision are membership practices of YMCA, YWCA, YMHA, YWHA, Girl Scouts, Boy Scouts, Camp Fire Girls, social fraternities and social sororities at institutions of higher education, and the membership practices of voluntary youth service organizations whose membership has traditionally been limited to persons of one sex and principally to persons of less than 19 years of age.

2. Students shall not receive different treatment based on their parental, family or marital status. Students shall not be excluded from any course, program, service or activity because of pregnancy, parental, family or marital status.

3. Participation in any separate program of instruction for pregnant students shall be voluntary on the part of the student. Any such separate program of instruction provided to pregnant students shall be comparable to the regular program of instruction and in no way limit the student’s academic, career, vocational or extracurricular options.

4. Pregnancy and childbirth shall be treated in the same manner as temporary disabilities with respect to, but not limited to, requirements for a physician’s certificate to return to the institution, medical and hospital benefits, or policies and procedures of the institution.

5. In determining whether a person satisfies any policy or criterion for admission, or in making any offer of admission, no preadmission inquiry as to the marital or family status of an applicant for admission, including number of dependents and whether such applicant is “Miss” or “Mrs.”, shall be made.

6. In determining whether a person satisfies any policy or criterion for admission, no rules shall be applied concerning the actual or potential parental, family or marital status of a student or applicant.

(c) Handicap. No qualified handicapped person shall be excluded from participation in, denied benefits of, or subjected to discrimination under any course, program, service or activity, operated under the authority or direction of an institution within the state system of public education solely on the basis of handicap. Each program, service and activity shall be operated so that the program, service or activity, when viewed in its entirety, is readily accessible to handicapped persons.

1. Qualified handicapped persons shall not be denied access to vocational, career or academic programs, courses, services or activities because of architectural or equipment barriers, or because of the need for auxiliary aids or related aids and services. Auxiliary aids may include taped texts, interpreters or other effective methods of making orally delivered materials available to students with hearing impairments, classroom equipment adapted for use by students with manual impairments, and other similar services and actions. Institutions need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature.

2. Access to vocational and academic programs or courses shall not be denied to qualified handicapped students on the basis that employment opportunities in any occupation or profession may be more limited for handicapped persons than for nonhandicapped persons.

3. In administering admissions policies, each institution shall assure that admissions tests are selected and administered so as to avoid imposing an unreasonably length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.
5. Institutions shall not impose upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the institution’s education program or activity.

6. In course or program examinations, or other procedures for evaluating students’ academic achievement in its program, the institution shall provide methods for evaluating the achievement of students who have a handicap that impairs sensory, manual or speaking skills which will ensure that the results of the evaluation represents the student’s achievement in the course or program, rather than reflecting the student’s impaired sensory, manual or speaking skills, except where those skills are the factors that the test purports to measure.

7. A postsecondary institution shall not make preadmission inquiry as to whether an applicant is a handicapped person except when the institution is taking remedial steps to increase the participation of handicapped persons in programs and courses in which handicapped students have been traditionally underrepresented as specified in Section 228.2001(4), Florida Statutes, and under those conditions all written and oral inquiries must make clear that the information requested is intended for use solely in connection with remedial steps; the information is being requested on a voluntary basis; the information will be kept confidential as required by federal law; and that refusal to provide such information will not subject the applicant to any adverse treatment. However, after admission, an institution may make inquiries on a confidential basis as to handicaps that may require accommodation.

8. Nonacademic, co-curricular, extracurricular and physical education services and activities shall be provided in such a manner as is necessary to afford handicapped students an equal opportunity for participation in such services and activities.

9. An institution that offers physical education or that operates or sponsors interscholastic activities, clubs, intercollegiate or intramural athletics shall provide an equal opportunity for participation to qualified handicapped students.

10. Physical education and athletic activities that are separate or different from those offered to nonhandicapped students may be offered only if the institution can show that this is necessary to meet the needs of the handicapped students. Qualified handicapped students shall be provided the opportunity to compete for teams or to participate in physical education courses or activities that are not separate or different.

11. In choosing among available methods to ensure that programs, services and activities are accessible, priority shall be given to those methods that offer programs, services and activities to handicapped persons in the most integrated setting appropriate.

12. Any facilities, services or activities that are identifiable as being for handicapped persons shall be comparable to other facilities, services and activities.

13. Access to information regarding admission to programs, courses and activities shall be provided to handicapped persons.

14. Any activity or program which is not operated by the institution but which is considered a part of, or equivalent to, an institution’s program, shall be operated in a manner which provides equal opportunities to qualified handicapped persons.

6A-19.003 Health Services.

When health services or other related services are provided for students, the services shall be provided in a manner which does not discriminate on the basis of race, sex, national origin, marital status or handicap. Institutions are not required to provide specialized services and aids to handicapped persons in health programs. If, for example, an infirmary treats only simple disorders such as cuts, bruises and colds, its obligation to handicapped persons is to treat such disorders for them.

1. If health services are provided for students, handicapped students shall be provided the opportunity to participate in the services at no greater cost than to nonhandicapped.

2. If comprehensive health care services are provided, said services shall be available for maternity or pregnancy related reasons and for handicapped students in the same manner and at the same cost as for other students.

3. Handicapped students who receive health or other related services need not receive those general health screenings which would be duplicative or less intensive than screenings or evaluations they have already received in the development of their educational plans.

Specific Authority 228.2001(5), 229.053(1) FS. Law Implemented 228.2001(2), 229.053(1), 240.203(2), 240.325(8) FS. History–New 3-11-85, Formerly 6A-19.03.

6A-19.004 Interscholastic, Intercollegiate, Club and Intramural Athletics.

The Commissioner shall require that governing boards include all factors identified in Section 228.2001(3), Florida Statutes, in the plans for implementation required of governing boards under subsection 6A-19.010(1), F.A.C., and shall require that those factors be included in the periodic reviews conducted under subsection 6A-19.010(2), F.A.C.

1. Gender equity in athletics at all levels of public education shall be defined as: Gender equity in athletics is the fair distribution of overall athletic opportunity and resources, substantially proportionate to the enrollment of males and females, so that no student athlete, coach or athletic administrator is discriminated against in an athletic program on the basis of gender.

2. Accommodation of interest and abilities. The level of participation for male and female students shall be provided in numbers substantially proportionate to their enrollment in the institution.
(a) The level of intercollegiate participation for male and female students shall be provided in numbers substantially proportionate to their undergraduate enrollments. Participation shall include all varsity roster positions available, but shall not include club or intramural opportunities. When participation is not substantially proportionate, the institution shall develop a corrective action plan in compliance with subsection (17) of this rule.

(b) Each level of interscholastic participation for male and female students shall be provided in numbers substantially proportionate to their respective enrollments. Participation opportunities shall include all varsity, junior varsity, or freshman roster positions available, but shall not include club or intramural opportunities. When participation is not substantially proportionate, the institution shall develop a corrective action plan in compliance with subsection (17) of this rule.

(c) Where the members of one sex are not, and have not been, substantially proportionate among intercollegiate or interscholastic athletes, the institution may defend the participation rates by showing a history and continuing practice of athletic program expansion which can be demonstrated to be responsive to the developing interests and abilities of that sex. Any defense on this basis shall be included in a correction action plan in compliance with subsection (17) of this rule.

(d) Where the members of one sex are not substantially proportionate among intercollegiate or interscholastic athletes, and the institution cannot show a history and continuing practice of athletic program expansion, the institution may show its commitment to gender equity in athletics if it can demonstrate that the interests and abilities of the members of that sex have been fully and effectively accommodated. Any demonstration on this basis shall be included in a corrective action plan in compliance with subsection (17) of this rule.

(3) Athletic financial assistance and scholarship. The amount of scholarship money and grants-in-aid made available in intercollegiate varsity sports shall be in substantial proportion to the number of students of each sex participating in athletic programs. Disparities that cannot be justified by a nondiscriminatory explanation shall be addressed in a corrective action plan developed in compliance with subsection (17) of this rule.

(4) Equipment and supplies. Educational institutions shall ensure equality in the provision of and funding for the equipment and supplies for athletic programs to include: the quality, suitability, amount, maintenance and replacement and availability of equipment and supplies. Disparities in equipment and supplies that cannot be justified by a nondiscriminatory explanation shall be included in a corrective action plan developed in compliance with subsection (17) of this rule.

(5) Scheduling of games and practice times. Educational institutions shall ensure equality in scheduling of games and practice times for athletic programs to include: the number of competitive events per sport, number and length of practice opportunities, time of day competitive events are scheduled, time of day practice opportunities are scheduled, and opportunities for pre-season and post-season competition. Disparities that cannot be justified by a nondiscriminatory explanation shall be addressed in a corrective action plan developed in compliance with subsection (17) of this rule.

(6) Travel and per diem allowances. Educational institutions shall ensure equality in the provision of and funding for travel and per diem allowances for athletic programs to include: modes of transportation, housing furnished during travel, length of stay before and after competitive events, per diem allowances and dining arrangements. Disparities that cannot be justified by a nondiscriminatory explanation shall be addressed in a corrective action plan developed in compliance with subsection (17) of this rule.

(7) Opportunities to receive coaching. Educational institutions shall ensure equality in the provision of and funding for the opportunities to receive coaching for intercollegiate and interscholastic sports to include: availability, training, experience, professional standing and other professional qualifications of coaches, and compensation of coaches. Disparities that cannot be justified by a nondiscriminatory explanation shall be addressed in a corrective action plan developed in compliance with subsection (17) of this rule.

(a) Athletic administrators and coaches in the same or comparable sports, subject to consideration of factors such as experience, training and success shall be compensated equally regardless of gender or race, while ensuring that male and female athletes receive equal and comparable coaching.

(b) Athletic administrative and coaching opportunities shall be made available to men and women without regard to sex or race. Employment of athletic personnel will exhibit the institutional obligation to equal employment opportunity.

(8) Locker rooms, practice and competitive facilities. Educational institutions shall ensure equality is maintained in the provision of and funding for locker rooms, and practice and competitive facilities for athletic programs to include: quality and availability for the practice facilities and competitive facilities; exclusivity of use of the facilities provided for practice and competitive events; availability and quality of locker rooms; maintenance of practice and competitive facilities; and preparation of facilities for practice and competitive events. If there are disparities favoring teams of one sex that are not balanced by disparities favoring teams of the other sex, the institution shall develop a corrective action plan in compliance with subsection (17) of this rule.

(9) Medical and training facilities and services, including weight training. Educational institutions shall ensure equality in the provision of and funding for medical and training facilities and services, including weight training for athletic programs to include: availability of medical personnel and assistance; health, accident and injury insurance coverage; availability and quality of weight and training facilities; availability and quality of conditioning facilities; and availability and qualifications of athletic trainers. If there are disparities favoring teams of one sex that are not balanced by disparities favoring teams of the other sex, the institution shall develop a corrective action plan in compliance with subsection (17) of this rule.
(10) Publicity and promotion. Educational institutions shall ensure equality in the provision of and funding for publicity and promotion for athletic programs to include: availability and quality of sports information personnel; access to other publicity resources for male and female programs; quantity and quality of publications; and other promotional devices featuring male and female teams. If there are disparities favoring teams of one sex that are not balanced by disparities favoring teams of the other sex, the institution shall develop a corrective action plan in compliance with subsection (17) of this rule.

(11) Support services. Educational institutions shall ensure equality in the provision of and funding for support services for athletic programs to include: the amount and quality of administrative assistance provided to male and female programs, and the amount and quality of clerical assistance provided to the male and female programs. If there are disparities favoring teams of one sex that are not balanced by disparities favoring teams of the other sex, the institution shall develop a corrective action plan in compliance with subsection (17) of this rule.

(12) Housing and dining facilities and services. Educational institutions shall ensure equality in the provision of and funding for housing and dining facilities and services for intercollegiate sports to include: housing, special services as part of housing arrangements, and meal plans. If there are disparities favoring teams of one sex that are not balanced by disparities favoring teams of the other sex, the institution shall develop a corrective action plan in compliance with subsection (17) of this rule.

(13) Recruitment of student athletes. Education institutions shall ensure equality in the provision of and funding for the recruitment of student athletes for intercollegiate sports to include: whether coaches and other professional athletic personnel in the programs serving male and female athletes are provided with substantially equal opportunities to recruit; whether the financial and other resources made available for recruitment in male and female athletic programs are equivalently adequate to meet the needs of each program; and whether the differences in benefits, opportunities, and treatment afforded prospective student athletes of each sex have a limiting effect upon the recruitment of students of either sex. If there are disparities favoring teams of one sex that are not balanced by disparities favoring teams of the other sex, the institution shall develop a corrective action plan in compliance with subsection (17) of this rule.

(14) Recruitment, assignment and compensation of tutors. Educational institutions shall ensure equality in the provision of and funding for the recruitment, assignment and compensation of tutors for athletes to include: amount of time tutors are available for athletes, qualifications and experience of tutors, rates of pay for tutors, and employment conditions of tutors. If there are disparities favoring teams of one sex that are not balanced by disparities favoring teams of the other sex, the institution shall develop a corrective action plan in compliance with subsection (17) of this rule.

(15) Club and intramural sports. The participating opportunities, funding, facilities and other resources available for club and intramural sports shall be substantially proportionate to the respective enrollments of males and females in the educational institution. Where the members of one sex in club or intramural sports are not substantially proportionate to their respective enrollment in the educational institution, the institution may show its commitment to gender equity if it can demonstrate that the interests and abilities of the members of that sex have been fully and effectively accommodated.

(16) Funding for athletic programs. Funding for athletic programs, including revenues from direct support organizations established pursuant to Sections 237.40, 240.299, and 240.363, Florida Statutes, shall be disbursed in a manner that ensures equivalent benefits and services to male and female athletes. Appropriate consideration may be taken of the actual costs and emphasis of particular athletic programs, but no disproportionate funding based upon gender shall exist between the same or similar sports in the overall funding of the entire athletic program.

(17) Institutions shall develop and implement corrective action plans for equity in athletics components described in subsections (2)-(16), of this rule, that are determined to be not in compliance. The corrective action plan shall be developed and submitted consistent with the standards prescribed in this rule. The corrective action plan may cover a period of up to three (3) years and shall be submitted in the format and on the date prescribed by the Commissioner or the Chancellor of the State University System as appropriate. Information describing format and date of submission is available from the Office of Equal Educational Opportunity, Department of Education, The Florida Education Center, Tallahassee, Florida 32399 or from the Office of Equal Opportunity Programs, Board of Regents, The Florida Education Center, Tallahassee, Florida 32399. The corrective action plan shall be updated at least annually and compliance shall be monitored on an annual basis.

(18) The Department shall administer graduated penalties to ensure the enforcement of the athletic requirements of Title IX of the Educational Amendments of 1972 and Section 228.2001, Florida Statutes. Depending on the severity of the violation, penalties shall include the following:

(a) When a corrective action plan is not complete or not submitted in a timely manner, notification of the violation shall be made to the appropriate district or postsecondary administrative staff. If an acceptable corrective action plan is not submitted within thirty (30) days from the date of notification, the Commissioner shall notify the district or postsecondary institution that athletic teams of the particular institution will not be allowed to compete until such time as an acceptable plan is approved.

(b) Depending on the severity of violations of this rule, the Department shall issue a public letter of censure concerning the violation, designate the institution ineligible to participate in championship or post season events or prohibit the institution from participating in one (1) or more sports until the institution has come into compliance or has submitted an acceptable corrective action plan.
(c) If the institution is found out of compliance with no acceptable plan for coming into compliance, the Commissioner, or the Chancellor of the State University System as appropriate, shall implement the requirements of Section 228.2001(6)(h), Florida Statutes, and declare the educational agency ineligible for competitive state grants, and direct the Comptroller to withhold general revenue funds sufficient to obtain compliance.

(d) In cases of implementation of the penalties imposed in Section 228.2001(6)(h), Florida Statutes, the Commissioner shall make available a review mechanism composed of a panel of three (3) people, appointed by the Commissioner, to allow for appeal of the imposed penalty. The panel shall include one (1) representative of the appropriate athletic association, a representative of a district or postsecondary institution not associated with the disputed violation, and one (1) additional person not associated with the disputed violation. Within thirty (30) days, the panel shall review the case and make recommendations to the Commissioner.

6A-19.005 Student Financial Assistance.
Financial assistance administered in whole, or in part, by the institution in the form of loans, grants, scholarships, fellowships, special funds, services, benefits, waivers of fees, subsidies, compensation for work or prizes to students shall be awarded in a manner that does not discriminate on the basis of race, sex, national origin, marital status or handicap. This does not preclude awards made to overcome the effects of past discrimination. Institutions shall package financial assistance in such a way that minority students do not receive awards composed primarily of loans or work-study in lieu of scholarships or grants for which they are qualified.

(1) Restricted financial assistance may be administered where the assistance and restriction are established by statute, gift, will, trust, bequest or any similar legal instrument, if the overall effect of all financial assistance awarded by the institution does not discriminate on the basis of race, sex, national origin, marital status or handicap.

(2) Students shall not be discriminated against on the basis of race, sex, national origin, marital status or handicap when making available opportunities in cooperative education, work-study, job placement, apprenticeship programs, teaching assistantships, research assistantships, laboratory assistantships or other work programs for which they are qualified.

Specific Authority 228.2001(5), 229.053(1) FS. Law Implemented 228.2001(2), 229.053(1), 240.203(2), 240.325(5), (8) FS. History–New 3-11-85, Formerly 6A-19.05.

6A-19.006 Housing.
If housing opportunities are provided, opportunities shall be extended without discrimination based on race, sex, national origin, marital status or handicap. This obligation includes the provision of on-campus housing and the provision of off-campus housing when an institution makes agreements with other providers.

(1) If on-campus or off-campus housing is provided to nonhandicapped students, then comparable, convenient and accessible housing shall be provided, at the same cost and under the same conditions, to handicapped students. Housing opportunities shall be available to handicapped students in sufficient quantity that living accommodations for handicapped students are, as a whole, comparable to those for nonhandicapped students.

(2) Housing provided to students of either sex shall be proportionate in quantity to the number of students of that sex applying for such housing and shall be comparable in quality and cost to the student.

(3) Institutions may designate housing for married students and students with custody of or joint custody of minor children.

Specific Authority 228.2001(5), 229.053(1) FS. Law Implemented 228.2001(2), (3), 229.053(1), 240.203(2), 240.325(8) FS. History–New 3-11-85, Formerly 6A-19.06.

6A-19.007 Student Employment.
All decisions concerning employment and job placement of students under any program or activity shall be made in a manner which ensures that discrimination does not occur based on race, sex, national origin, marital status or handicap, except where sex or national origin constitute a bona fide occupational qualification under section 703 of Title VII of the Civil Rights Act of 1964, as amended. Reasonable accommodation shall be provided for qualified handicapped student employees.

(1) Each written agreement for the referral or assignment of students to an employer shall contain an assurance from the employer that students shall be accepted and assigned to jobs, and otherwise treated, without regard to race, sex, national origin, marital status or handicap.

(2) Assistance in making employment available to students shall only be given to agencies, organizations or persons who do not discriminate on the basis of race, sex, national origin, marital status or handicap. Any requests by prospective employers which have the effect of excluding students of a particular race, sex, national origin, marital status or handicap shall not be honored. This does not preclude prospective employers from specifying necessary job skills.
(3) No agreement for the provision or support of apprentice training for students shall be entered with sponsors that discriminate against its members, or applicants for membership, on the basis of race, sex, national origin, marital status or handicap. Each written agreement with a sponsor providing for apprentice training shall contain an assurance from the sponsor that it does not engage in such discrimination against its members, or applicants for membership, and that apprentice training shall be offered and conducted in a manner free from such discrimination.

(4) Students seeking to participate in any student employment opportunity including, but not limited to, cooperative education, work study, teaching assistant or aide, research assistant or aide, library or laboratory assistant or aide, trainer, tutor, interpreter, service worker, and student assistant, shall not be discriminated against by employers, prospective employers, instructors or staff on the basis of race, sex, national origin, marital status or handicap in recruitment, hiring, placement, assignment to work duties, hours of employment, levels of responsibility or pay.

It is the policy of the State of Florida, and institutions have an affirmative duty, to create an educational and work environment free of harassment on the basis of race, sex, national origin or handicap. An institution is responsible for all acts of harassment regardless whether the institution knew or should have known of the acts if the harassment is committed by a person in a position of authority. If, however, the harassment is between fellow employees, fellow students or by nonemployees, an institution is only responsible if it knew or should have known of the harassment and failed to take corrective action. Harassment includes:

(1) Any slurs, innuendos or other verbal or physical conduct reflecting on an individual’s race, ethnic background, gender or handicapping condition which has the purpose or effect of creating an intimidating, hostile or offensive educational or work environment; has the purpose or effect of unreasonably interfering with the individual’s work or school performance or participation; or otherwise adversely affects an individual’s employment or educational opportunities.

(2) The denial of or the provision of aid, benefits, grades, rewards, employment, faculty assistance, services, or treatment on the basis of sexual advances or requests for sexual favors.

(3) Sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or educational career; submission to or rejection of such conduct is used as a basis for educational or employment decisions affecting the individual; or such conduct has the purpose or effect of unreasonably interfering with an individual’s work or educational performance or creating an intimidating, hostile or offensive working or educational environment.

6A-19.009 Personnel.

Equal employment opportunities shall be provided to all applicants and employees without regard to race, sex, national origin, marital status or handicap.

(1) Policies and Practices. Policies, practices and collective bargaining agreements shall not discriminate against an employee, or applicant for employment, on the basis of race, sex, national origin, marital status or handicap. Each governing board shall provide that the cost of providing reasonable accommodation be borne by the governing board, or in the case of state universities by the institution. An institution may not deny employment opportunity to a qualified handicapped employee or applicant if the basis for the denial is the need to make reasonable accommodation to the employee or applicant.

(2) Fringe Benefits. All fringe benefits provided under the authority or direction of an institution shall be provided without discrimination on the basis of race, sex, national origin, marital status or handicap.

(3) Pregnancy. Pregnancy and childbirth shall be treated in the same manner as temporary disabilities with respect to all job-related purposes, including commencement, duration and extension of leave, reinstatement, payment of disability income, accrual of seniority, insurance and other fringe benefits provided under the authority or direction of an institution.

(4) Reasonable Accommodation. Reasonable accommodation shall be provided for the known handicaps of a qualified handicapped applicant or employee unless it can be demonstrated that the accommodation would impose an undue hardship on the institution. An institution may not deny employment opportunity to a qualified handicapped employee or applicant if the basis for the denial is the need to make reasonable accommodation to the employee or applicant.

(5) Contractual Agreements. Institutions shall not participate in any contractual or other agreements that have the effect of subjecting an applicant or employee to discrimination on the basis of race, sex, national origin, marital status or handicap. Contractual or other agreements shall include, but are not limited to, collective bargaining agreements, insurance contracts, training contracts, research projects and studies, food services and transportation.

(6) Recruitment. Recruitment and hiring of employees shall be conducted without discrimination on the basis of race, sex, national origin, marital status or handicap. This shall not affect recruitment, employment and promotion activities conducted under a legally sufficient affirmative action plan adopted by the governing board or institution.
(a) Employment advertisements shall not indicate or imply preference or discrimination based on race, sex, national origin, marital status or handicap.

(7) Preemployment Inquiries. Preemployment inquiries shall not solicit information with respect to an applicant’s marital or parental status, or the existence or severity of handicapping conditions.

(a) No preemployment medical examination shall be conducted nor shall any preemployment inquiry be made of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. Inquiry into the applicant’s ability to perform job-related functions is permissible. Conditioning an offer of employment on the results of a medical examination conducted prior to the employee’s entrance on duty is permissible if all entering employees in the particular job classification are subjected to such an examination.

(b) Preemployment inquiries as to the race and sex of an applicant for employment may be made only if such request is voluntary and only if the results of such inquiry are not used in a discriminatory manner.

(c) No preemployment inquiry regarding marital or family status, including number of dependents or whether an applicant is “Miss” or “Mrs.”, shall be made.

(8) Employment Criteria. Selection criteria for employment shall not discriminate against employees or applicants for employment on the basis of race, sex, national origin, marital status or handicap. Selection criteria that relate to standards or requirements of the job may be used. If it can be demonstrated that selection criteria with adverse impact have been validated as essential to the job, and that there has been a reasonable search for equally valid criteria which do not have a disproportionate adverse impact, the criteria shall be considered nondiscriminatory.

(a) Employment tests shall be selected and administered so as to ensure that the test results accurately reflect the applicant’s or employee’s job skills, aptitude, or whatever other factor the test purports to measure, rather than reflecting the applicant’s or employee’s impaired sensory, manual or speaking skills, except where those skills are the factors that the tests purport to measure.

(9) Job Classification. Jobs shall not be classified as being for persons of a particular race, sex, national origin, marital status or handicap, except where sex or national origin constitute a bona fide occupational qualification under Section 703 of Title VII of the Civil Rights Act of 1964, as amended.

6A-19.010 Strategies to Overcome Underrepresentation.

(1) Plans for Implementation. Each governing board within the state system of public education shall submit a three (3) year plan, in the format and on the date prescribed by the Commissioner of Education, to the Office of Equal Educational Opportunity. Plans shall be designed to implement the Florida Educational Equity Act, Section 228.2001, Florida Statutes, and Rules 6A-19.001, .010, F.A.C., and shall be updated annually. The initial three year plan may include the program and employment analyses required by paragraphs 6A-19.010(1)(c), and (d), F.A.C., on a staggered schedule which shall provide for responsible and expeditious implementation. The staggered schedule and the programs, courses, services and activities to be analyzed and included for each of the first three years shall be prescribed by the Commissioner of Education. Priority shall be assigned, however, to mathematics, science, computer technology, electronics, communications technology, engineering, athletics and vocational education, as specified in Section 228.2001(3), (4), Florida Statutes. The plans need not be separate documents but may be portions of plans prepared by the governing board for other purposes, including current actions taken to implement judicial orders, if they contain at least the following information.

(a) Description of Plan Development. The plan shall identify, by title and organizational location, the persons involved in the development of the plan; a description of the participation of any advisory groups or persons; and the date of adoption of the plan by the governing board.

(b) Policy and Procedure Review. A description of the process used by the governing board to review policies and procedures used by the institutions under its jurisdiction to assure that all policies and procedures comply with the requirements of Section 228.2001, Florida Statutes, and Rules 6A-19.001-.010, F.A.C., and the conclusions reached.

1. The description of the review shall include a list of topic areas examined, which shall include, but not be limited to: student services, including counseling; financial assistance; student housing; accessibility and comparability of facilities in terms of sex and handicap; selection criteria for admission to the institution and program and course admission requirements by program area or discipline; criteria for participation in and funding of recreational, athletic, co-curricular and extracurricular activities; provision of auxiliary aids and services; transportation; employment policies and practices for staff and students including selection criteria for employment and methodology for providing reasonable accommodation.

2. The description of the review shall summarize conclusions, include plans for appropriate modifications with timelines, identify staff designated to coordinate the plan for modifications, and describe procedures for maintaining compliance with Section 228.2001, Florida Statutes, and Rules 6A-19.001-.010, F.A.C.

(c) Program Analyses. Implementation plans shall include a summary of the results of analyses of student participation in programs or disciplines. The plans shall identify those programs or disciplines which have disproportionate enrollment of students of a particular race, sex, handicap, or national origin minority having limited-English-language skills. The governing board shall specify the pool of potential students utilized in calculating disproportionate enrollment, as defined in subsection 6A-19.001(5),
F.A.C., in each program or discipline. It is not expected that these analyses will be conducted at a course level unless the governing board determines that it is necessary for the development of strategies to overcome underrepresentation. The Commissioner of Education may designate selected programs, courses, services and activities for analysis.

1. For those programs or disciplines and those selected programs, courses, services or activities designated by the Commissioner of Education, which are found to have disproportionate enrollment, the institution shall develop and implement methods and strategies to increase the participation of students from those underrepresented groups.

2. The plans of implementation shall summarize the results of the analyses of student participation and identify the methods and strategies, including goals adopted by the governing board, and timetables for the implementation of those strategies to increase student participation.

(d) Employment Analyses. Implementation plans shall include a summary of the analyses of employment data by race and sex. Particular attention shall be given to employment patterns in mathematics, science, computer technology, electronics, communications technology, engineering, athletics and vocational education.

1. Plans for implementation shall summarize the results of the employment analyses and describe methods and strategies to increase employment of persons from underrepresented groups.

(e) The annual updates to the implementation plans shall include all modifications, additions, or deletions to the current three year plan for implementation and shall include an evaluation of each of the methods and strategies developed to increase student participation or employment of individuals from underrepresented groups.

(f) Regular Notification. The implementation plan shall include a copy of the policy of nondiscrimination adopted by the governing board and a description of the procedures utilized to regularly notify staff, students, applicants for employment and admission, parents, collective bargaining units and the general public of this policy.

(g) Equity Coordinator. The implementation plan shall identify the person(s), by name and title, designated to coordinate the institution’s compliance with Section 228.2001, Florida Statutes, and Rules 6A-19.001-.010, F.A.C. The identity of the Equity Coordinator shall be included in the regular notification of the policy of nondiscrimination.

(h) Grievance or Complaint Procedures. The implementation plan shall include a copy of the grievance or complaint procedures for use by students, applicants, and employees who allege discrimination.

1. Procedure(s) shall be available to all students and their parents, employees, and applicants for admission or employment.

2. Notification of these procedures shall be placed in prominent and common information sources.

3. Procedure(s) shall be designed to encourage prompt and equitable resolution of student, employee and applicant complaints but shall not prohibit individuals from seeking redress from other available sources.

(i) Plans and annual updates submitted by district school boards shall include all schools; vocational, adult and community education centers; vocational skills centers; and special education schools, centers or annexes operated by the board. The program analyses and employment analyses portions of the plan shall include school level and district level data.

(j) Plans and annual updates submitted by the Board of Regents shall include a plan for each university. Each university plan shall include all colleges, schools, campuses, annexes, centers, research centers and service centers operated under the authority or direction of the university.

(k) Plans and annual updates submitted by the community college boards of trustees shall include all departments, campuses, annexes and centers operated under the authority or direction of the board of trustees.

(l) The plan and annual updates submitted by the Board of Trustees of the Florida School for the Deaf and the Blind shall include all departments, units and schools operated under the jurisdiction of the Board of Trustees of the Florida School for the Deaf and the Blind.

(2) Periodic Reviews. The Office of Equal Educational Opportunity of the Department of Education shall plan, coordinate and direct or conduct periodic reviews of public education institutions to determine compliance with Section 228.2001, Florida Statutes, and Rules 6A-19.001-.010, F.A.C.

(a) The Division of Public Schools, the Division of Applied Technology and Adult Education, the Division of Community Colleges and the Division of Universities shall submit to the Commissioner of Education through the Office of Equal Educational Opportunity on September 1, 1985, procedures for including the appropriate provisions of Section 228.2001, Florida Statutes, in each of its regularly scheduled program review activities which shall be subject to approval by the Commissioner of Education. Any revisions or updates to those procedures shall be submitted to the Commissioner of Education for review prior to September 1 each year. Following each program review, a summary of all findings pertinent to determining compliance with Section 228.2001, Florida Statutes, shall be transmitted to the Commissioner of Education through the Office of Equal Educational Opportunity.

(b) State Level Review. The Office of Equal Educational Opportunity shall conduct a state level review of a sampling of the public educational entities, including school districts, community colleges, universities and the Florida School for the Deaf and the Blind.

(c) On-Site Review. The Office of Equal Educational Opportunity shall conduct annual on-site reviews of a sampling of the public educational entities which participated in state level reviews during the previous twelve months under the provision of paragraph 6A-19.010(2)(b), F.A.C. Written notice of on-site reviews shall be provided to presidents and superintendents at least ten (10) working days prior to the review.
(3) Technical Assistance. The Department shall have responsibility for providing technical assistance for compliance with Section 228.2001, Florida Statutes. Technical assistance materials and services shall be provided to assist in the development, modification and monitoring of the plans for implementation described in Rule 6A-19.010, F.A.C.

(4) Studies of Effectiveness. The Office of Equal Educational Opportunity shall analyze data and evaluation information to identify common elements of policies, practices, procedures and implementation strategies which contribute to, or present barriers to, the effectiveness of methods and strategies designed to increase participation of students in programs and courses in which students of a particular race, sex, national origin, marital status or handicap have been traditionally underrepresented. As common elements are identified, the Office of Equal Educational Opportunity shall recommend studies to the Commissioner of Education for statewide evaluation and review.

CHAPTER 6A-20 STUDENT FINANCIAL ASSISTANCE

6A-20.001 Definitions of Terms for State Student Aid Programs.
6A-20.002 Postsecondary Educational Institution Administrative Responsibilities for State Student Aid Programs.
6A-20.0021 Program Compliance Audits of State Student Financial Aid and the Florida Resident Access Grant Program.
6A-20.003 Florida Residency as a Requirement for the Receipt of State Student Aid.
6A-20.004 Academic Progress as a Requirement for the Receipt of State Student Aid. (Repealed)
6A-20.005 Participation in the College-Level Communication and Computation Skills Testing Program as a Requirement for State Student Financial Aid Awards. (Repealed)
6A-20.006 Selective Service Registration as a Requirement for the Receipt of State Student Aid. (Repealed)
6A-20.008 Florida Undergraduate Scholars’ Fund. (Repealed)
6A-20.009 State Student Assistance Grant Fund. (Repealed)
6A-20.010 Critical Teacher Shortage Scholarship Loan Program. (Repealed)
6A-20.011 “Chappie” James Most Promising Teacher Scholarship Loan Program. (Repealed)
6A-20.012 Critical Teacher Shortage Tuition Reimbursement Program.
6A-20.013 Critical Teacher Shortage Student Loan Forgiveness Program.
6A-20.0131 Critical Teacher Shortages.
6A-20.014 Florida Graduate Scholars’ Fund. (Repealed)
6A-20.015 Masters’ Fellowship Loan Program for Teachers. (Repealed)
6A-20.016 College Career Work Experience Program. (Repealed)
6A-20.017 Public School Work Experience Program. (Repealed)
6A-20.018 Ex-Confederate Soldiers’ and Sailors’ Home Endowment Trust Fund. (Repealed)
6A-20.019 Children of Deceased or Disabled Veterans or Children of Servicemen Classified as Prisoners of War or Missing in Action Scholarships.
6A-20.020 Seminole and Miccosukee Indian Scholarships.
6A-20.021 Medical Education Loan Reimbursement Program. (Repealed)
6A-20.022 Challenger Astronauts Memorial Undergraduate Scholarship Program. (Repealed)
6A-20.023 Jose Marti Scholarship Challenge Grant Fund.
6A-20.024 Collection and Settlement of Delinquent State Loan Accounts.
6A-20.025 Grants for Teachers for Special Training in Exceptional Student Education.
6A-20.026 Virgil Hawkins Fellows Scholarships.
6A-20.027 Rosewood Family Scholarship Fund.
6A-20.029 Mary McLeod Bethune Scholarship Program and Trust Fund.
6A-20.030 Mary McLeod Bethune Scholarship Challenge Grant Fund. (Repealed)
6A-20.031 Florida Public Student Assistance Grant.
6A-20.032 Florida Private Student Assistance Grant.
6A-20.033 Florida Postsecondary Student Assistance Grant.
6A-20.034 Vocational Gold Seal Endorsement Scholarship Program. (Repealed)
6A-20.035 Vocational Achievement Grant Program. (Repealed)
6A-20.036 Fee Generated Adult and Vocational Student Financial Aid.
6A-20.037 Applicant’s Right to Appeal. (Repealed)
6A-20.0371 Right to Appeal Eligibility Determination.
6A-20.038 Florida Work Experience Program.
6A-20.039 Florida Teacher Scholarship and Forgivable Loan Program.
6A-20.040 Occupational Therapist or Physical Therapist Tuition Reimbursement Program.
6A-20.041 Occupational Therapist or Physical Therapist Student Loan Forgiveness Program.
6A-20.042 Occupational Therapist or Physical Therapist Scholarship Loan Program.
6A-20.043 Access Grant for Community College Graduates. (Repealed)
6A-20.044 Limited Access Competitive Grant.
6A-20.099 Florida Federal Family Education Loan Program.
6A-20.100 Definitions of Terms for the Florida Guaranteed Loan Programs. (Repealed)
6A-20.101 Florida Guaranteed Loan Programs, General. (Repealed)
6A-20.102 Florida Guaranteed Loan Programs, Participation. (Repealed)
6A-20.103 Florida Guaranteed Loan Programs, Program Compliance. (Repealed)
6A-20.104 Florida Guaranteed Loan Programs: Limitation, Suspension, and Termination. (Repealed)
6A-20.105 Florida Guaranteed Loan Programs, Loan Origination and Proceeds. (Repealed)
6A-20.106 Florida Guaranteed Loan Programs, Interim Period Servicing. (Repealed)
6A-20.107 Florida Guaranteed Loan Programs, Note Transfers. (Repealed)
6A-20.001 Definitions of Terms for State Student Aid Programs.

These definitions apply to Rules 6A-20.001 through 6A-20.099, F.A.C.

(1) Academic term. A semester, trimester, quarter, or a summer session(s) which is equal to a semester, trimester, or a quarter, or to the equivalent of four hundred fifty (450) full-time clock hours during the school year.

(2) Academic year. A period of time, from one fall term to the next, in which a full-time student is expected to complete the equivalent of two (2) semesters, two (2) trimesters, or three (3) quarters at institutions using credit hours or nine hundred (900) clock hours for each program at institutions using clock hours.

(3) Allocation. Funds designated by the Department for a postsecondary educational institution for the administration of a state student aid program for which the institution determines the student’s eligibility and makes student awards.

(4) Associate in applied science and associate in applied arts degrees. Terminal degrees which are consistent with the definition accepted by the State Board of Independent Colleges and Universities and the State Board of Independent Postsecondary Vocational, Technical, Trade and Business Schools which are awarded for study which is occupationally oriented, requires a minimum of sixty (60) semester credits, or the equivalent, requires a percentage of the total credits to be in general education, and which require a minimum 2.0 grade point average on a 4.0 scale.

(5) Associate in arts degree. A degree awarded for study which is the primary basis for admission of transfer students to upper division study in a baccalaureate program, which requires a minimum of sixty (60) semester credits, or the equivalent, of academic work exclusive of occupational courses, requires a minimum of thirty-six (36) semester credits, or the equivalent, to be in general education, and requires a minimum 2.0 grade point average on a 4.0 scale.

(6) Associate in science degree. A terminal degree which is consistent with the definition accepted by the state universities and community colleges, State Board of Independent Colleges and Universities, and State Board of Independent Postsecondary Vocational, Technical, Trade and Business Schools which is awarded for study which prepares a student for employment, requires a minimum of sixty (60) semester credits, or the equivalent, requires a percentage of the total credits to be in general education, and which requires a minimum 2.0 grade point average on a 4.0 scale.

(7) Award. A monetary commitment made to a student applicant for a specific student aid program, contingent upon the availability of funds and the student’s eligibility.

(8) Baccalaureate degree or bachelor’s degree. A degree which is consistent with the definition accepted by the state universities and State Board of Independent Colleges and Universities which requires a minimum of one hundred twenty (120) semester credits, or the equivalent, requires a percentage of the total credits to be in general education, and which requires a minimum of a 2.0 grade point average on a 4.0 scale.

(9) Bona fide self-supporting student. An independent student who can provide evidence of financial support from sources other than parents, legal guardian, relatives, or student aid.

(10) College-level program. A program of academic study which leads to the awarding of a graduate degree, a bachelor’s degree, an associate in arts degree, an associate in science degree, an associate in applied arts degree, or an associate in applied science degree.

(11) College preparatory course. A course as defined by the state universities and community colleges as necessary for a student to acquire the skills or knowledge to perform successfully in college-level courses.

(12) Cost of education. The average cost for a student to attend a postsecondary educational institution for one academic year, which includes the cost of tuition and fees, books and supplies, room and board, transportation, and personal expenses.

(13) Default. The condition of a borrower of an educational loan when the borrower’s payments are one hundred twenty (120) days or more past due.

(14) Department. Florida Department of Education.

(15) Early admission student. Early admission student is a full-time college level student who is counted as FTE only by the college or university and who is responsible for payment of all fees and instructional materials.

(16) Enroll or enrollment. Registered for credit instruction.

(17) Full-time enrollment. For undergraduate students, enrollment in twelve (12) or more credit hours, or four hundred fifty (450) or more clock hours, during an academic term. For graduate students, enrollment in nine (9) or more credit hours during an academic term.

(18) General education credits. Courses in the areas of language, humanities, mathematics, natural science, and social science.

(19) Half-time enrollment. For undergraduate students, enrollment in six (6) to eight (8) credit hours, or two hundred twenty-five (225) to three hundred forty-nine (349) clock hours, during an academic term.

(20) Minority. Any individual belonging to one of the following race/ethnic categories: Black, not of Hispanic Origin; Hispanic; Asian or Pacific Islander; American Indian or Alaska Native.

(21) Net financial need. The difference between the student’s cost of education and the expected family contribution and other financial resources available to the student to meet this cost.
(22) Refund. State aid funds for which the educational institution shall be responsible for returning to the Department.

(23) Reinstatement student. A student who was eligible for a specific state aid program but did not receive an award during the previous academic year(s) and wishes to reestablish use of the scholarship.

(24) Remedial course. A course defined by a college or university as necessary for a student to acquire the necessary skills or knowledge to perform successfully in college-level courses.

(25) Renewal student. A student who received an award the previous academic year and who met the program eligibility requirements for a specific state aid program.

(26) Repayment. Money received from state aid which a student is required to return to the educational institution; or an amount of money received from a state scholarship loan which a student is required to return to the state.

(27) Residency. The legal status which a person acquires as the result of establishment of a domicile with the intent to permanently remain in that domicile other than for temporary absences. However, any domicile established solely or primarily for the purpose of obtaining an education or of obtaining financial aid from the state shall not constitute residency.

(28) Restoration student. A student who lost eligibility for a specific state aid program that provided for restoration due to a low renewal grade point average, but earned the required grade point average in a subsequent academic year.

(29) School year. The period of time beginning with the academic year from one fall term to the next fall term.

(30) Three-quarter-time undergraduate enrollment. Undergraduate enrollment in nine (9) to eleven (11) credit hours, or in three hundred fifty (350) to four hundred forty-nine (449) clock hours during an academic term.

(31) Undergraduate student. A student who is in the process of attaining a first bachelor’s or baccalaureate degree.

These responsibilities apply to all Rules 6A-20.001 through 6A-20.099, F.A.C.

(1) Institutions enrolling students who receive state financial aid funds shall:

(a) Develop written procedures for institutional administration of state aid programs,

(b) Provide adequate staff to administer state student aid program funds in an effective, efficient, and accountable manner,

(c) Provide the coordination of institutional, state, and federal student aid awards to students,

(d) Maintain complete, accurate, and auditable student records documenting the institution’s administration of state student aid funds,

(e) Retain required records for five (5) years or until audited and any audit exceptions are resolved,

(f) Verify and certify student enrollment and eligibility, determination of total educational cost, and calculate financial need,

(g) Disburse state aid funds to eligible students,

(h) Secure and maintain student acknowledgment of receipt of funds,

(i) Complete and return to the Department in the format and by the date established by the Department all reports for the administration of state funds,

(j) Complete and return institutional applications for state aid funds in the format and by the date established by the Department, and

(k) Refund to the Bureau of Student Financial Assistance, Department of Education, any funds for students who fail to meet eligibility criteria. Refunds are to be made within sixty (60) days of the end of the regular registration period or within sixty (60) days of the date the student’s ineligibility is determined, whichever is earlier. The amount of refund due the Department shall be:

1. An amount equal to one hundred (100) percent of any state aid disbursed by the institution to ineligible students, or

2. An amount equal to one hundred (100) percent of any state aid received by the institution but not disbursed to students, or

3. An amount of state funds, excluding loans, disbursed to eligible students who subsequently withdraw which is consistent with the percentage of refund as defined by the institution’s refund policy.

(2) Institutions enrolling students who are eligible to receive state aid and who are enrolled in courses at more than one (1) institution and earning credits toward an associate or bachelor’s degree shall notify the Department which institution is the responsible institution for the administration and delivery of state aid.

Specific Authority 229.053(1) FS. Law Implemented 229.053 FS. History–New 12-9-86.

6A-20.0021 Program Compliance Audits of State Student Financial Aid and the Florida Resident Access Grant Program.

The Commissioner shall require the performance of a program compliance audit (also called examination) on a biennial basis for each state student financial aid and Florida resident access grant program administered by a private independent college, university, or school (hereafter called institution) in accordance with Florida Statutes and State Board of Education Administrative Rules. The purpose of such audits shall be to determine whether the institution has administered the state student financial aid and Florida resident access grant programs in substantial compliance with applicable statutes and rules. This rule shall be effective for audits beginning with the 1989-90 school year.
(1) Designation of auditors. It shall be the responsibility of the institution receiving state student financial aid and Florida resident access grant programs to secure an audit from an independent certified public accounting (CPA) firm at the institution’s expense. The CPA firm shall agree to:
  (a) Conduct the audits in accordance with the instructions of the Department’s Inspector General.
  (b) Provide four (4) or more audit report copies and management letters to the Department.
  (c) Allow the state officials or representatives access to review the audit workpapers.
(2) Responsibilities of the Department. It shall be the responsibility of the Department to coordinate each program compliance audit performed by a certified public accounting firm and to ensure that the results of such audits are provided to the Department in accordance with the provisions of subsection (1) of this rule. Instructions for the audits are to be provided by the Department.
(3) Responsibilities of the institution. Responsibilities of the institution shall include:
  (a) Submitting, when required, a refund check to the Bureau of Student Financial Assistance within thirty (30) calendar days from the date on the audit determination letter sent to the institution by the Office of Student Financial Assistance, as provided for in subsection (7) of this rule, or
  (b) Notifying the Bureau of Student Financial Assistance that it desires either to appeal the examination findings or to have a one hundred (100) percent examination, as provided for in subparagraph (6)(b)2. of this rule.
(4) Instances of noncompliance. The certified public accounting firm shall report instances of noncompliance with applicable statutes and rules found during the examination in accordance with the following provisions:
  (a) Students shall be classified as ineligible, if the examination of supporting documentation discloses instances of noncompliance with eligibility criteria specified by applicable statutes and rules.
  (b) Awards shall be classified as questioned costs, if the examination discloses one (1) or more of the following conditions:
    1. Awards, or the portions thereof, not properly paid or delivered to students, or not properly credited to students’ accounts,
    2. Awards made to ineligible students, and
    3. Awards for which supporting documentation, necessary to establish eligibility, is missing and cannot be located.
  (c) Instances of noncompliance which do not affect student eligibility or cause the classification of awards as questioned costs shall be reported with the auditor’s findings, but shall have no impact on determining the amount of refunds or whether to expand a sample as provided in subsection (5) of this rule.
(5) Sample selection. For each program administered by the institution, the certified public accounting firm shall select a random sample of fifty (50) award recipients, or twenty-five (25) percent of the total number of award recipients, whichever is less, but no less than ten (10) award recipients; however, if there are less than ten (10) award recipients, then all award recipients shall be selected. If the error rate determined for the initial random sample is equal to or greater than ten (10) percent of the monetary value of the sample, the sample shall be expanded to become statistically valid and representative of the entire award population.
(6) Refunds. Refunds shall be determined in accordance with the following provisions:
  (a) For each program with an error rate of less than ten (10) percent of the monetary value of the sample awards, the institution shall refund specific awards which are classified in the final audit report as questioned costs.
  (b) For each program with an error rate equal to or greater than ten (10) percent, the institution shall either:
    1. Refund an amount calculated by multiplying the sample error rate times the total awards in the program population, or
    2. Engage a CPA firm, at the institution’s expense, to audit one hundred (100) percent of the awards in the program population, and refund the sum of the specific awards classified as questioned costs.
(7) Audit determination letter. Within ten (10) working days after receipt of a final audit report, the Office of the Inspector General will complete a desk review and submit the audit to the Bureau of Student Financial Assistance who will write the audit determination letter to the President of the institution. The audit determination letter to the concerned institution shall include:
  (a) A reference to the final audit report and the authority under which a refund, if any, is being requested;
  (b) A computation of the requested refund, if any, and
  (c) Notice to the institution that it may appeal the audit determination letter, within fifteen (15) calendar days from the date of the audit determination letter, by requesting an informal hearing. The Commissioner, or designee, shall schedule the informal hearing to be held between representatives of the institution and Bureau of Student Financial Assistance within ninety (90) calendar days of the institution’s request. If these parties are unable to arrive at a satisfactory agreement or are unable to hold an informal hearing within the ninety (90) calendar days period, the institution may request a formal hearing by submitting a letter to the Commissioner. The Commissioner shall request the Division of Administrative Hearings of the Department of Administration to assign a hearing officer, and the Department shall proceed with the hearing as prescribed by Section 120.57, Florida Statutes.

Specific Authority 229.053(1), 240.4095(7), 240.4097(8), 240.424(1), 240.605(2) FS. Law Implemented 240.4095(5)(d), 240.4097(5)(d), 240.424(7), 240.605 FS. History—New 9-19-90, Amended 2-15-95, 11-16-97.

6A-20.003 Florida Residency as a Requirement for the Receipt of State Student Aid.
(1) Students attending Florida postsecondary educational institutions shall show proof of Florida residency for purposes of establishing their eligibility to receive funds from state student financial assistance programs which specify minimum residency requirements. Such residency shall be determined in a manner consistent with the provisions of Section 240.1201, Florida Statutes, and this rule.
(2) Students shall have established and maintained residency for a minimum of twelve (12) consecutive months immediately preceding the first day of classes for the first term of the academic year for which state aid is requested.

(3) Determination of student residency shall first require the determination of dependency status pursuant to the following criteria. Dependent students are those who meet the federal definition of dependent students and who are eligible to be claimed as a tax exemption by a parent whether or not they are living with the parent. Independent students are those students who are ineligible to be claimed as a tax exemption by their parents, who meet the federal definition of independent students, and who have gained independent status as bona fide self-supporting students.

(4) Dependent students, regardless of age, shall be considered to have the residence of either parent.

(5) A parent is defined as a natural parent, a legal adoptive parent, a legal guardian, or an adult relative if the student has lived with the adult relative for the past five (5) years during which time the relative has exercised day-to-day care, supervision, and control of the student.

(6) Students who claim Florida residency shall sign a statement attesting to the fact that they have been a bona fide resident for purposes other than education for the required time as specified in subsection 6A-20.003(2), F.A.C. The statement shall be a part of the application for state student aid programs. Institutions shall be responsible for determining the students’ residency status.

(7) Non Florida resident students shall remain so classified for the duration of the enrollment unless the institution determines that the student has become a Florida resident pursuant to this rule on the basis of sufficient proof provided by the student.

(8) The residency of a married student is determined by the residency of the student, not by the residency of the student’s spouse.

(9) A student classified as a Florida resident who subsequently established residence in another state, shall retain status as a Florida resident for student aid purposes for one (1) year after the date residency in another state began.

(10) Active duty members of the armed services of the United States stationed in this state, their spouses, and dependent children shall be considered residents.

(11) Full-time instructional and administrative personnel employed by the state public schools, community colleges, institutions of higher education, and other state supported institutions as defined in Section 228.041, Florida Statutes, and their spouses and dependent children shall be considered residents.

(12) Individuals exempted from Florida residency requirements in Section 240.1201, Florida Statutes, shall be exempt for the purposes of state student financial assistance.

(13) Non-U.S. citizens such as resident aliens, parolees, asylees, or other permanent status persons (e.g., persons who married U.S. citizens and temporary permanent residents), who have applied to and have been approved by the U.S. Immigration and Naturalization Service for indefinite stay and employment, shall be considered eligible to establish Florida residency for state student financial aid purposes. In addition, non-immigrants holding one of the following visas shall be considered eligible to establish Florida residency for state student financial aid purposes. Persons in visa categories not listed shall be considered ineligible to establish Florida residency for state student financial aid purposes.

(a) Visa Category A – Government official.
(b) Visa Category E – Treaty trader or investor.
(c) Visa Category G – Representative of international organization.
(d) Visa Category I – Foreign information media representative.
(e) Visa Category K – Fiance, fiancee or a child of U.S. citizen(s).

(14) Evidence of Florida residency may include but is not limited to:

(a) Voter registration,
(b) Driver license,
(c) Automobile registration,
(d) Location of bank account,
(e) Rent receipts,
(f) Home mortgage,
(g) Tax returns,
(h) Need analysis documents,
(i) Guaranteed student loan notes,
(j) Financial aid and admissions applications,
(k) Employment documents.

(15) Verification of Florida residency shall be the responsibility of the postsecondary institution.

Specific Authority 229.053(1), 240.437(4) FS. Law Implemented 229.053, 240.404, 240.437 FS. History–New 12-9-86, Amended 2-18-93.

(1) Eligibility Criteria for Awards. To receive aid, a student shall meet the provisions of Sections 240.605, 240.404, and 240.404, Florida Statutes, and Rules 6A-20.001, 6A-20.003, and 6A-20.0371, F.A.C., and:

(a) Meet the application procedures established by the participating institution.
(b) Not have previously received a bachelor’s degree.
(c) Be enrolled in a degree program in an eligible institution, pursuant to Section 240.605(3), Florida Statutes.

(d) Not be enrolled in a degree program which has the primary purpose of advancing or impeding religion.

(e) Be enrolled for a minimum of twelve (12) credits at the end of the regular registration period, inclusive of the drop-add period, for each academic term in which aid is received.

(f) Have been a bona fide Florida resident, pursuant to Section 240.1201, Florida Statutes, and Rule 6A-20.003, F.A.C., for twelve (12) months prior to the first day of class for the first academic term for which funds are being requested.

(g) Not owe a repayment of a grant under the Pell Grant, Supplemental Educational Opportunity Grant, or any state grant or scholarship program.

(h) Not be in default on any federal or state student loan program, unless satisfactory arrangements to repay the loan have been made.

(i) Eligibility for the renewal of awards pursuant to Section 240.404(1)(b), Florida Statutes, shall be evaluated at the end of the second semester or third quarter of each academic year. As a condition for renewal, a student shall:

1. Have earned, at the last institution attended, a minimum cumulative grade point average of 2.0 on a 4.0 scale, and

2. Have earned during the previous summer and two (2) semesters or three (3) quarters, if a renewal applicant, twelve (12) credit hours per term, or the equivalent, for the number of terms for which the award was received. A student who has received the funds through this program who fails to earn the required credits shall be ineligible for a renewal award.

3. A student who earns the minimum number of credits required for renewal, but who fails to meet the minimum 2.0 cumulative grade point average, may be granted a probationary award for two (2) semesters or three (3) quarters. To be eligible for renewal the following year, each such student shall have earned the required credits and a cumulative grade point average of 2.0 on a 4.0 scale by the end of the probationary period.

4. A student who fails to meet the renewal requirements stated in subparagraphs (1)(k)2. and 3. of this rule shall, after two (2) semesters or three (3) quarters, be eligible to apply for restoration. Each such student may be eligible for a reinstatement if he has an earned grade point average of 2.0 on a 4.0 scale at the end of the second semester or third quarter of the academic year for which he was ineligible for an award.

5. Reinstatement awards. A student who met the requirements for a renewal award, but did not receive an award during a full year of eligibility and wishes to reestablish use of the grant may apply for reinstatement in any subsequent year provided the student has earned a cumulative grade point average of 2.0 on a 4.0 scale as of the end of the second semester or third quarter of the academic year preceding the year the award is sought.

(2) Appeals. An applicant may appeal decisions of ineligibility made due to failure to meet academic progress requirements or errors made by the Office of Student Financial Assistance under the provisions of Rule 6A-20.0371, F.A.C.

(3) Maximum Terms of Eligibility. A student shall be eligible to receive financial aid for a maximum of nine (9) semesters or fourteen (14) quarters. However, pursuant to Section 240.404(3), Florida Statutes, a student participating in college preparatory instruction, a student requiring additional time to complete the college-level communication and computation skills testing program, or a student enrolled in a five-year undergraduate degree program shall be eligible to receive financial aid for a maximum of ten (10) semesters or fifteen (15) quarters. Five-year eligibility does not extend to a program of study which leads to the simultaneous award of a graduate and undergraduate degree.

(4) Amount of Awards. The amount of the annual award may be no more than forty (40) percent of the full cost to the state per academic year of an undergraduate student in public postsecondary education established pursuant to Section 240.209, Florida Statutes, or as specified in the General Appropriations Act. Awards for the first academic term shall be one-half of the annual award for semester schools and one-third of the annual award for quarter schools. However, should the funds requisitioned by participating institutions, in accordance with subsection (5) of this rule, exceed the appropriation, the Department shall prorate awards for the second semester or second and third quarters accordingly.

(5) Institutional Responsibilities. The institution each academic term shall determine the eligibility of students and notify students of their award eligibility. The institution shall certify to the Department utilizing the State Student Financial Aid Database, no later than October 30 and February 28 for first and second semesters or quarters respectively, and April 15 for third quarter, each student’s enrollment and eligibility status. This certification shall include a list of eligible students awarded and official certification of each student’s eligibility. When awarding and requisitioning funds for a student receiving other aid designated for tuition and fees, the institution shall assure that the amount of the grant, when combined with such aid, does not exceed the cost of the student’s tuition and fees. Refunds shall be received by the Department within sixty (60) days of the end of the institution’s regular registration period, inclusive of the drop-add period.

(6) Supplemental Requisitions for Payment. Institutions submitting supplemental requisitions for additional students may receive payment for such students at the end of the academic year. Supplemental requisitions will be honored by the Department to the extent that funds are available after all regular requisitions have been funded.

(7) Payments of Awards. The Department shall provide for the delivery of funds to students by transmitting the funds each academic term to the institutions for distribution.

6A-20.012 Critical Teacher Shortage Tuition Reimbursement Program.
(1) To receive aid, teachers shall meet the provisions of Section 240.4064, Florida Statutes, and Rule 6A-20.001, F.A.C., and:
   (a) Submit, Form FFAA-2, Florida Financial Aid Application for Teachers, Form CPSI-1, Postsecondary Institution Certification, and Form CEMP-1, Employment Certification Form by September 15. Forms FFAA-2, CPSI-1, and CEMP-1 are hereby incorporated by reference and made a part of this rule to become effective October 2002. A copy of Forms FFAA-2, CPSI-1, and CEMP-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.
   (b) Have as a minimum a valid temporary Florida teacher’s certificate or license.
   (c) Intend to gain or renew certification, or to earn a graduate degree, in a designated critical teacher shortage area.
   (d) Not receive reimbursement from other sources sufficient to pay the full cost of tuition and registration fees for a course(s) for which reimbursement is being sought.
   (e) Not owe a repayment of a grant received under the Pell Grant, Supplemental Educational Opportunity Grant, or any state scholarship or grant program.
   (f) Not be in default on a National Defense Loan, Perkins National Direct Loan, Guaranteed Student Loan, Federally Insured Student Loan, Parent Loans for Undergraduate Students, Auxiliary Loans to Assist Students, or any state loan program, unless satisfactory arrangements to repay the loan have been made.
(2) By October 15 of each year, the Department shall distribute to Florida publicly funded school district superintendents applications and a description of the program and application process utilizing the State Student Financial Aid Database.
(3) Publicly funded schools shall be responsible for providing teachers with information regarding the Tuition Reimbursement Program and the necessary forms.
(4) An applicant may receive aid for a maximum of nine (9) credit hours during a period beginning with the fall term and ending with the close of the summer term.
(5) The Department may prorate awards if funds are not available to make full awards.
(6) The Department shall notify applicants of their award eligibility and shall provide for the delivery of funds to eligible applicants on a funds available basis.

6A-20.013 Critical Teacher Shortage Student Loan Forgiveness Program.
(1) Eligibility criteria for initial awards. To receive aid, an initial applicant shall meet the provisions of Section 231.621, Florida Statutes, and shall:
   (a) Have, as a minimum in the first year of application, a valid temporary Florida Educator’s Certificate or license which indicates certification or licensure in the critical teacher shortage subject area in which employed for the academic year for which funds are requested;
   (b) Have taught a full school year, as defined in Section 228.041(16), Florida Statutes, in a Florida publicly-funded school or developmental research school, in a designated critical teacher shortage subject area. If an otherwise eligible applicant completes eligible teaching service for at least ninety (90) days during a school year and does not complete one (1) full year of teaching service, the Department may provide up to one-half of a full award;
   (c) Not owe a repayment of a state or federal student grant or scholarship unless satisfactory arrangements have been made;
   (d) Not be in default on a National Defense Loan, Perkins National Direct Loan, Guaranteed Student Loan, Federally Insured Student Loan, Parent Loans for Undergraduate Students, Auxiliary Loans to Assist Students, or any state loan program, unless satisfactory arrangements to repay the loan have been made;
   (e) Not have received a Paul Douglas Teacher Scholarship, Critical Teacher Shortage Scholarship Loan, “Chappie” James Most Promising Teacher Scholarship Loan, Masters’ Fellowship Loan Program for Teachers, or Critical Teacher Shortage Forgivable Loan under the Florida Teacher Scholarship and Forgivable Loan Program; and
   (f) Submit by July 15:
      1. After the end of the academic year in which the applicant taught for the first time as a full-time certified teacher in a critical teacher shortage subject area for at least ninety (90) days, Form FFAA-2, Florida Financial Aid Application for Teacher Program, as incorporated by reference in Rule 6A-20.012, F.A.C.,
      2. An academic transcript from each postsecondary educational institution which the applicant attended in order to complete an education program,
      3. Form CEMP-1, Employment Certification, as incorporated by reference in Rule 6A-20.012, F.A.C., and
      4. Form CLON-1, Loan Certification, which is hereby incorporated by reference in this rule to become effective October 2002. A copy of Form FFAA-2, Form CEMP-1, and Form CLON-1 may be obtained by contacting the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399-0400.
(2) Eligibility criteria for renewal awards. Eligibility for renewal shall be evaluated at the end of the renewal year of teaching. As a condition for renewal, a teacher shall meet the provisions of Section 231.621, Florida Statutes, and shall:
(a) Have, each academic year, a valid Florida Educator’s Certificate or license which indicates certification or licensure in the subject area for which an initial award was made or in a current critical teacher shortage subject area for the academic year for which funds are being requested;

(b) Have taught a full school year in a Florida publicly-funded school, or developmental research school, in the subject area for which the original loan repayment was made or in a current critical teacher shortage area in which the applicant is certified. If an otherwise eligible renewal applicant completes eligible teaching service for at least ninety (90) days and does not complete a full year of teaching service, the Department may provide up to one-half of a full award;

(c) Not owe a repayment of a grant received under the Pell Grant, Supplemental Educational Opportunity Grant, or any state grant or scholarship program;

(d) Not be in default on a National Defense Loan, Perkins National Direct Loan, Guaranteed Student Loan, Federally Insured Student Loan, Parent Loans for Undergraduate Students, Auxiliary Loans to Assist Students, or any state loan program, unless satisfactory arrangements to repay have been made;

(e) Not have received a Paul Douglas Teacher Scholarship, Critical Teacher Shortage Scholarship Loan, “Chappie” James Most Promising Teacher Scholarship Loan, Masters’ Fellowship Loan Program for Teachers, or Critical Teacher Shortage Forgivable Loan under the Florida Teacher Scholarship and Forgivable Loan Program; and

(f) Submit by July 15 of each academic year, Form CEMP-1, Employment Certification.

(3) Amount of award. The annual amount of student loan repayment shall be a maximum of twenty five hundred (2,500) dollars for undergraduate loans and a maximum of five thousand (5,000) dollars for graduate loans for up to a combined total of five thousand (5,000) dollars annually. The amount of the award is based on the principal balance outstanding on the applicant’s loan as of the June 30 prior to the beginning date of teaching as a certified teacher in a critical teacher shortage subject area.

(4) Maximum terms of eligibility. A teacher shall be eligible to receive student loan forgiveness for either a maximum of four (4) academic years or a total repayment of ten thousand (10,000) dollars, whichever comes first.

(5) Award procedures. The Department shall determine eligibility and make awards. Awards may be prorated if funds are not available to make full awards. Renewal applicants will be given priority upon timely receipt of all required forms and documentation. The Department shall notify applicants of their award eligibility.

(6) Payment of awards. The Department shall provide for the delivery of funds to teachers by issuing warrants made payable to the teachers and the lending institutions for all loans held by lending institutions. The Department will forward the warrants to the teachers for submission to the lending institutions; however, a teacher who submits documentation from all lenders that all principal balances which were due as of the June 30 prior to the beginning date of teaching, pursuant to subparagraph (1)(f)1. of this rule, have been paid by the teacher may have the warrant made payable directly to the teacher. If the loan was a National Direct Student Loan, National Defense Loan, or Perkins Loan, each lending institution must also indicate that the repayment was not a result of teaching service cancellation.

6A-20.0131 Critical Teacher Shortages.

(1) On or before December 1 of each year, the Commissioner shall recommend to the State Board for approval the specific teaching areas and high priority locations in which critical teacher shortages are projected for the public schools during the year following the academic year in which approval is made.

(2) In accordance with procedures approved by the Commissioner, a list of critical teacher shortage areas shall be prepared based on consideration of current supply and demand information related to Florida public school instructional personnel including but not limited to:

(a) The number and percentage of vacant positions in each teaching discipline;

(b) The number and percentage of positions in each discipline filled by teachers not certified in the appropriate field;

(c) The projected annual supply of graduates of state approved Florida teacher education programs for each discipline; and

(d) Critical teacher shortage areas which may be identified pursuant to rules adopted by district school boards. Such areas shall be identified based on consideration of at least the information specified in paragraphs (2)(a) and (b) of this rule and shall be submitted to the Department no later than June 1 of each year.

(3) Based on data submitted annually by each school district, the Commissioner shall rank all public schools in accordance with the criteria provided in Section 231.62, Florida Statutes, and shall select from this ranked list those schools to be identified as high priority locations.

(4) Based on the recommendations of the Commissioner, the State Board shall adopt a list of approved critical teacher shortage areas and high priority locations to be used in conjunction with the programs described in Rules 6A-20.012 and 6A-20.013, F.A.C.

6A-20.019 Children of Deceased or Disabled Veterans or Children of Servicemen Classified as Prisoners of War or Missing in Action Scholarships.

(1) Eligibility criteria for awards. To receive aid, a student shall meet the provisions of Sections 240.404, 240.4042, 295.01, 295.02, 295.03, 295.04, and 295.05, Florida Statutes, and Section 295.015, or 295.016, or 295.017, or 295.018, or 295.019, or 295.0195, Florida Statutes, and Rules 6A-20.001 and 6A-20.0371, F.A.C., and:

(a) Submit, for each academic year on or before April 1, Form FFAA-1, Florida Financial Aid for Students, as incorporated by reference in Rule 6A-20.020, F.A.C., and Form CDDV-1, Scholarships for Children of Deceased or Disabled Veterans or Children of Servicemen Classified as Prisoners of War or Missing in Action Certification Form. Form CDDV-1 is hereby incorporated by reference and made a part of this rule to become effective October 2002. A copy of Forms FFAA-1 and CDDV-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399-0400.

(b) Be enrolled at a state university, state community college, state postsecondary vocational-technical school, or any postsecondary institution pursuant to Section 240.40204, Florida Statutes.

(c) Be enrolled for a minimum of six (6) credit hours, or one hundred eighty (180) clock hours, at the end of the regular registration period, inclusive of the drop-add period, for each academic term in which aid is received.

(d) Not have previously received a bachelor’s degree if in undergraduate study.

(e) Not owe a repayment of a grant under the Pell Grant, Supplemental Educational Opportunity Grant, or any state scholarship or grant program.

(f) Not be in default on a National Defense Loan, National Direct Loan, Guaranteed Student Loan, Federally Insured Student Loan, Parent Loans for Undergraduate Students, Auxiliary Loans to Assist Students, or any state loan program, unless satisfactory arrangements to repay the loan have been made.

(g) Eligibility for the renewal of awards shall be evaluated at the end of the second semester or third quarter of each academic year. As a condition for renewal, a student shall:

1. Have earned, at the last institution attended, a minimum cumulative grade point average of 2.0 on a 4.0 scale; and

2. Have earned during the previous summer and two (2) semesters or three (3) quarters, if a renewal applicant, six (6) credit hours or one hundred eighty (180) clock hours per term or the equivalent for the number of terms for which the award was received. A student who has received funds through this program who fails to earn the required credits shall be ineligible for an award the following year. However, such student may be considered for restoration after one year, if the student has an earned cumulative grade point average of 2.0 on a 4.0 scale.

3. Pursuant to Section 240.404(1)(b)2., Florida Statutes, a student who earns the minimum number of credits required for renewal, but who fails to meet the minimum 2.0 cumulative grade point average, may be granted a probationary award for two (2) semesters or three (3) quarters. To be eligible for renewal the following academic year, each such student shall have earned the required credits and a cumulative grade point average of 2.0 on a 4.0 scale by the end of the probationary period.

4. Reinstatement awards. A student who met the requirements for a renewal award but did not receive an award during a full year of eligibility and wishes to reestablish use of the scholarship may apply for reinstatement in any subsequent year provided that the student has earned a cumulative grade point average of 2.0 on a 4.0 scale as of the end of the second semester or third quarter of the academic year preceding the year the award is sought.

(2) Appeals. A student who receives state student aid and subsequently fails to meet state academic progress requirements due to verifiable illness or other emergencies may, pursuant to Section 240.404(1)(b)4., Florida Statutes, be granted an exception from the academic requirements. An applicant may appeal the denial of an award pursuant to Sections 240.404 and 240.4042, Florida Statutes, and Rule 6A-20.0371, F.A.C.

3. Maximum terms of eligibility. A student shall be eligible to receive financial aid for a maximum of eight (8) semesters or twelve (12) quarters. However, pursuant to Section 240.404, Florida Statutes, a student participating in college preparatory instruction, a student requiring additional time to complete the college-level communication and computation skills testing program, or a student enrolled in a five (5) year undergraduate degree program shall be eligible to receive financial aid for a maximum of ten (10) semesters or fifteen (15) quarters. Five-year eligibility does not extend to a program of study which leads to the simultaneous award of a graduate and undergraduate degree.

(4) Verification of student eligibility. The Department shall be responsible for verifying applicant’s eligibility.

(5) Period of award. Scholarships shall be awarded annually for the following academic year.

(6) Amount of award. The maximum amount of a scholarship shall be the amount of tuition and registration fees assessed the student at the end of regular registration, inclusive of the drop-add period. However, the amount of the scholarship in combination with other student aid shall not exceed the student’s cost of education. A student who receives a Children of Deceased or Disabled Veterans Scholarship, who is enrolled in a nonpublic postsecondary institution, and who is assessed tuition and fees that are the same as those of a full-time student at that institution, shall receive a fixed award calculated by using the average matriculation and fee calculation for full-time attendance at a public postsecondary education institution at the comparable level. A student enrolled part-time shall receive a reduced award by either one-half or three-fourths of the maximum award, depending on the level or fees assessed.
(7) Award procedures. The Department shall, if funds are insufficient to award all eligible applicants, first award renewal applicants and then rank initial applicants according to the postmark or electronic receipt dates of the applications. Students applying pursuant to subparagraph (1)(j)(3), of this rule shall be considered for awards after all eligible renewal and initial students are awarded. The Department shall notify students and institutions of the student’s award eligibility.

(8) Institutional responsibilities. Participating institutions shall verify the continued eligibility of awarded students, provide for the disbursement of funds to students, comply with the Department’s reporting requirements, and refund to the Department any undisbursed funds. Institutions shall certify to the Department, each academic term within thirty (30) days of the end of the regular registration period, the student’s enrollment, continued eligibility, and the award amount. Refunds shall be received by the Department within sixty (60) days of the end of the institution’s regular registration period, inclusive of the drop-add period.

(9) Payment of awards. The Department shall provide for the delivery of funds to students by transmitting the funds to the institution for distribution.

6A-20.020 Seminole and Miccosukee Indian Scholarships.

(1) General Eligibility Criteria. To receive aid, a student shall meet the provisions of Sections 240.404 and 240.413, Florida Statutes, Rules 6A-20.001 and 6A-20.006, F.A.C., and:
(a) Submit, for each academic year by the date established by the Department, Form FFAA-1, Florida Financial Aid Application for Students and Form CSMT-1, Tribal Certification Instructions and Worksheet for Tribal Use Only. Forms FFAA-1 and CSMT-1 are hereby incorporated by reference and made a part of this rule to become effective October 2002. A copy of Forms FFAA-1 and CSMT-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(b) Demonstrate financial need as defined by the Department and as defined by the respective tribe. Financial need is the student's cost of education, less the family contribution and Federal Pell Grant as determined by the federal need analysis methodology or by the respective tribe in the event of extenuating circumstances.

(c) Annually submit to the respective tribe written evidence of extenuating family financial circumstances within time limits specified by the tribe.

(d) Have been a bona fide Florida resident for twelve (12) months prior to the first day of classes for the first academic term of the academic year for which funds are being requested.

(e) Be enrolled in a degree program in a state university or community college authorized by Florida law; a nursing diploma school approved by the Board of Nursing; any Florida college, university, or community college which is accredited by a member of the Council on Postsecondary Accreditation; or any Florida institution the credits of which are acceptable for transfer to state universities.

(f) Enroll each semester either full-time, three-quarter time, half-time, or less than half-time for the number of credit hours as described below:

<table>

<td>1-5</td>
</tr>
</tbody>
</table>

For the purpose of disbursement of an award, enrollment shall be determined at the end of the regular registration period inclusive of the drop-add period for each academic term in which aid is received.

(g) Not owe a repayment of a grant under the Pell Grant, Supplemental Educational Opportunity Grant, or any state scholarship or grant.

(h) Not be in default on any federal Title IV loan program or any state loan program, unless satisfactory arrangements to repay the loan have been made.

(i) Be a member or eligible for membership in the Seminole Tribe of Florida or the Miccosukee Tribe of Indians of Florida.

(2) Eligibility for Initial Awards. To be eligible for an initial award a student must meet the general eligibility requirements of this rule in subsection (1) of this rule.

(3) Eligibility for renewal awards. Eligibility for renewal of an award shall be evaluated at the end of the second semester or third quarter of each academic year. A renewal award shall be made, to the extent funds are available, to an applicant who accepted a disbursement for an award during the academic year immediately preceding the academic year for which applying, and who:
(a) Meets the general eligibility requirements of this rule in subsection (1) above.
(b) Has earned a minimum cumulative grade point average of 2.0 on a 4.0 scale.
(c) Has earned the minimum number of credit hours per term for full-time, three-quarter time, half-time, or less than half-time enrollment, or the equivalent, for the number of terms for which the scholarship was awarded. The number of credit hours earned will be determined at the end of the second semester or third quarter of the academic year, and shall, if to the benefit of the student, include credit hours earned during the previous summer.

(4) Eligibility for reinstatement awards. A reinstatement award is an award made to an applicant who was previously eligible for an award but did not accept any disbursements for an award during the academic year immediately preceding the academic year for which applying, and who:
   (a) Meets the general eligibility requirements of this rule in subsection (1) above.
   (b) Has earned a minimum cumulative grade point average of 2.0 on a 4.0 scale for previous college work.

(5) Probationary awards. A student who has received funds through this program and who fails to earn a minimum cumulative grade point average of 2.0 on a 4.0 scale is granted a probationary award for one (1) academic year, not to exceed two (2) semesters or three (3) quarters. Probationary awards will be made to the extent that funds are available. To be eligible for renewal the following year, each such student shall have earned the required credits and an institutional cumulative grade point average of 2.0 on a 4.0 scale by the end of the probationary period.

(6) Restoration awards. A student who fails to meet the provisions of paragraphs (3)(a), (b), and (c) or subsection (5) of this rule shall be eligible to apply for restoration during a subsequent application period. Each such student may be eligible for restoration if the student has earned an institutional cumulative grade point average of 2.0 on a 4.0 scale.

(7) Appeals. A student who receives state student aid and subsequently fails to meet state academic progress requirements due to verifiable illness or other emergencies may file a written appeal with the respective tribal education office. The appeal shall include a description and verification of the circumstances. Verification of illness or other emergencies include the written statement of a physician, parent, college official or other responsible adult. The tribal education office shall recommend exceptions with necessary documentation to the Department. The Department may accept or deny such recommendations for exceptions. The Department shall determine if an exception is to be granted, dependent upon the recommendation of the tribe and the relevance of the students’ documented circumstances for the failure to meet academic progress standards. A student who is successful in an appeal for an exception shall be granted an award.

(8) Maximum terms of eligibility.
   (a) Undergraduate students shall be eligible to receive financial aid for a maximum of eight (8) semesters or twelve (12) quarters, or the equivalent for less than full-time enrollment, or until receipt of a first baccalaureate degree, whichever occurs first. However, pursuant to Section 240.404(3), Florida Statutes, an undergraduate student participating in college preparatory instruction, a student requiring additional time to complete the College-Level Academic Skills Test (CLAST), or a student enrolled in an approved five-year undergraduate degree program shall be eligible to receive financial aid for a maximum of ten (10) semesters or fifteen (15) quarters. An eligible five-year degree program is a program of study which requires the completion of at least one hundred thirty two (132) semester hours or one hundred ninety two (192) quarter hours for an undergraduate degree. Five-year eligibility also applies to a program which leads to the simultaneous award of a graduate and an undergraduate degree. Additional terms of eligibility for five-year programs will be allowed based on the number of credit hours required by the institution for completion of the program of study as follows:

<table>
<thead>
<tr>
<th>Semester Hours Required</th>
<th>Terms of Eligibility</th>
</tr>
</thead>
<tbody>
<tr>
<td>132-143</td>
<td>9</td>
</tr>
<tr>
<td>144 or more</td>

<td>15</td>
</tr>
</tbody>
</table>

   (b) Graduate students shall be eligible to receive financial aid for a maximum of four (4) semesters or six (6) quarters, or the equivalent for less than full-time study.

   (c) A student who used any terms of eligibility as an undergraduate student may subsequently apply for an award for graduate study. However, such student will be considered as an initial applicant for purposes of eligibility determination and award distribution.

(9) Amount of awards. The tribe shall recommend an annual award amount to the Department on Form CSMT-1. The amount of the scholarship in combination with other student aid shall not exceed the student’s cost of education for full-time or less than full-time study.

(10) The respective tribes shall submit annually to the Department a written description of the criteria to be used in making their respective award recommendations.

(11) The respective tribes shall designate a scholarship coordinator to act as liaison with the Department.

(12) The Department shall provide each tribe with an annual report that will show the distribution of scholarship funds.
(13) Award procedures. The Department shall allocate the appropriation annually based on the proportionate percentage of the tribal membership populations each year. Priority for awards will first be given to renewal applicants, and then to initial, reinstatement and restoration applicants. The tribes will submit to the Department applications for renewal, initial, reinstatement and restoration awards in priority order for consideration. The Department shall be responsible for verifying the applicants’ eligibility, and will make awards to eligible applicants of each tribe in priority order up to the maximum amount of each tribe’s allocation. In the event that awards for one tribe are less than the tribe’s annual allocation, the Department may make additional awards to applicants from the other tribe until all funds are committed. The Department shall provide for the delivery of funds to students by transmitting funds each academic term to the institutions for distribution.

(14) Institutional responsibilities. Participating institutions shall verify the continued eligibility of awarded students, provide for the disbursement of funds to students, and comply with the Department’s reporting requirements. The institution will notify the Department of the eligibility status of awarded students within thirty (30) days of the date that the warrant was mailed by the Department, or within thirty (30) days of the end of the regular registration period each term, whichever is later. Refunds and accompanying documentation shall be received by the Department within sixty (60) days of the date that the warrant was mailed by the Department, or within sixty (60) days of the end of regular registration, whichever is later.

6A-20.023 Jose Marti Scholarship Challenge Grant Fund.

(1) General eligibility criteria. To receive aid, a student shall meet the provisions of Sections 240.404 and 240.412, Florida Statutes, Rules 6A-20.001, 6A-20.003, and 6A-20.0371, F.A.C., and:

(a) Be a person of Spanish culture who was born in, or whose natural parent was born in, either Mexico or Spain, or a Hispanic country of the Caribbean, Central America or South America, regardless of race.

(b) Complete and submit annually, a need analysis form specified by the Department in time to be processed error-free by May 15.

(c) Have been a bona fide Florida resident for twelve (12) months prior to the first day of classes for the fall term of the academic year for which funds are being requested pursuant to Section 240.1201, Florida Statutes, and Rule 6A-20.003, F.A.C.

(d) Be a United States citizen or permanent resident pursuant to regulations established by the U.S. Congress or the U.S. Department of Education for the receipt of federal financial assistance.

(e) Be enrolled in a degree program in a state university or community college authorized by Florida law, or any Florida college, university, or community college which is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools.

(f) Be enrolled for a minimum of twelve (12) credits for undergraduate study, or nine (9) credits for graduate study, at the end of the regular registration period inclusive of the drop-add period for each academic term in which aid is received.

(g) Demonstrate sufficient financial need to receive a full two thousand (2,000) dollar scholarship. Student financial need is the student’s cost of education less the family contribution as determined by the need analysis service.

(h) Not owe a repayment of a state or federal student grant or scholarship unless satisfactory repayment arrangements have been made.

(i) Not be in default on a state or federal student loan unless satisfactory repayment arrangements have been made.

(2) Eligibility for initial awards. To be eligible for an initial award a student must:

(a) For undergraduate study, submit Form FFAA-1, Florida Financial Aid Application for Students, as incorporated by reference in Rule 6A-20.020, F.A.C., and Form CHS-1, High School Certification, which is hereby incorporated by reference and made a part of this rule to become effective October 2002, postmarked or electronically dated by April 1 during the applicant’s last year in high school. For graduate study, submit Form FFAA-1 and Form CPSI-1, Postsecondary Institution Certification, as incorporated by reference and made a part of this rule to become effective October 2002, postmarked or electronically dated by April 1 immediately prior to the academic year for which funds are being requested. A copy of Form FFAA-1, Form CHS-1, and Form CPSI-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399-0400.

(b) For undergraduate study, have earned by the end of the seventh semester of high school, a 3.0 unweighted grade point average on a 4.0 scale for high school subjects creditable towards a diploma. For graduate study, have earned a 3.0 cumulative grade point average on a 4.0 scale for undergraduate college level course work completed by the date of application. Eligibility determinations shall not be influenced, positively or negatively, by grade point averages calculated subsequent to the application period. Unweighted grade point averages shall be computed to three (3) decimals and shall not be rounded.

(c) Meet the general eligibility requirements in subsection (1) of Rule 6A-20.023, F.A.C.

(3) Eligibility for renewal awards. Eligibility for renewal of an award shall be evaluated at the end of the second semester or third quarter of each academic year. A renewal award may be made to an applicant who used one (1) or more terms of eligibility for an award during the academic year immediately preceding the academic year for which applying, and who:

(a) Meets the general eligibility requirements in subsection (1) of Rule 6A-20.023, F.A.C.

(b) Has earned, at the last institution attended, a minimum cumulative grade point average of 3.0 on a 4.0 scale.
(c) For undergraduate study, has earned during the previous summer and two (2) semesters or three (3) quarters, at least twelve (12) credit hours per term or the equivalent for the number of terms for which the award was received. For graduate study, has earned during the previous summer and two (2) semesters or three (3) quarters, at least nine (9) credit hours per term or the equivalent for the number of terms for which the award was received. An undergraduate or graduate student who does not earn the required credits shall be ineligible to continue on the program, except as provided in subsection (5) of Rule 6A-20.023, F.A.C.

(4) Probationary awards. A student who has received funds through this program and who fails to earn a minimum grade point average of 3.0 on a 4.0 scale may be granted a probationary award for one (1) academic year, not to exceed two (2) semesters or three (3) quarters. A student who does not earn a 3.0 grade point average on a 4.0 scale by the end of the spring semester or third quarter of the probationary academic year shall be ineligible to continue under this program.

(5) Appeals. A student who receives state student aid and subsequently fails to meet state academic progress requirements described in paragraph (3)(d) of Rule 6A-20.023, F.A.C., due to verifiable illness or other emergencies may be granted an exception from the academic requirements, pursuant to Section 240.404(1)(b)4., Florida Statutes.

(6) Maximum terms of eligibility.

(a) An undergraduate student shall be eligible to receive financial aid for a maximum of eight (8) semesters or twelve (12) quarters, or until receipt of a first baccalaureate degree, whichever occurs first. However, pursuant to Section 240.404(3), Florida Statutes, an undergraduate student participating in college preparatory instruction, a student requiring additional time to complete the college-level communication and computation skills testing program, or a student enrolled in an approved five-year program of study as follows:

<table>
<thead>
<tr>
<th>Semester Hours Required</th>
<th>Terms of Eligibility</th>

</tr>
</tbody>
</table>

(b) A graduate student shall be eligible to receive financial aid for a maximum of four (4) semesters or six (6) quarters.

(c) A student who used any terms of eligibility as an undergraduate student may subsequently apply for an award for graduate study. However, such student will be considered as an initial graduate applicant for purposes of eligibility determination and award distribution.

(7) Amount of awards. The amount of each annual award is two thousand (2,000) dollars.

(8) Award distribution. The Department shall make awards based on the annual appropriation and the amount of contributions received by the Department. Priority in the distribution of funds will be as follows:

(a) Eligible renewal applicants shall be given priority,

(b) Initial undergraduate applicants shall first be ranked by the least family contribution as determined by the nationally recognized need analysis report,

(c) Then by high school grade point average,

(d) And, if necessary, by the postmarked or electronic receipt date of Form FFAA-1,

(e) From funds remaining, initial graduate applicants shall be ranked and awarded, based on the least family contribution and then by undergraduate grade point average and, finally, on the postmark date of the Form FFAA-1.

(9) Institutional responsibilities. Participating institutions shall verify the continued eligibility of awarded students, provide for the disbursement of funds to students, and comply with the Department’s reporting requirements. Within thirty (30) days of the end of the regular registration period each term, the institution shall notify the Department of the eligibility status of each awarded student. The institution shall remit refunds and submit accompanying documentation to the Department within sixty (60) days of the end of the institution’s regular registration period. For supplemental awards, the institution will notify the Department of the eligibility status of awarded students within thirty (30) days of the date that the warrant was mailed by the Department. Refunds and accompanying documentation shall be received by the Department within sixty (60) days of the date that the warrant was mailed by the Department.

(10) Reserve funds for renewal awards. The Department shall reserve in the trust fund sufficient state and matching dollars to ensure the availability of funds to renew each eligible applicant for the necessary number of years to complete the educational objective stated on the initial application, Form FFAA-1.

(11) Award procedures. The Department shall notify students and institutions of the students’ eligibility for awards, and shall provide for the delivery of funds to students by transmitting funds each academic term to the institutions for distribution.
(12) Contributions from private sources. Scholarship contributions to the Jose Marti Scholarship Challenge Grant Fund from private sources may be accepted by the Department and deposited in the Jose Marti Scholarship Challenge Grant Trust Fund.

6A-20.024 Collection and Settlement of Delinquent State Loan Accounts.

The Commissioner shall exercise every reasonable effort to collect all amounts due on student loan agreements. When such effort has not resulted in the collection of a loan and it is determined that an account is severely delinquent, the Commissioner is authorized to implement the following procedures:

(1) For those accounts determined to be severely delinquent, the Commissioner is authorized to contract for commercial collection services to assist in collecting the amount due. The terms of the contract shall include a detailed description of all obligations and procedures of both parties.

(a) To be classified as severely delinquent, an account must have a minimum of four (4) payments past due.

(b) Accounts assigned to a commercial collection agency shall be assigned and settled in the following manner:

1. Interest shall continue to accrue.
2. The principal balance, plus accrued interest to date of assignment, shall be the amount assigned.
3. The account shall be considered paid in full when the borrower pays the collection agency the assigned amount plus accrued interest.
4. The Commissioner or designee shall provide the collection agency all appropriate information from Department files about the account.

(c) The collection agency shall provide services pursuant to a written contract; provided, however, that no contract shall provide for and no agency shall be paid a commission in excess of thirty-five (35) percent of the amount collected on an assigned account.

(C) The collection agency shall return to the Commissioner without charge or claim to any future commission any assigned account for which:

1. The borrower has proven that the account was entitled to deferment or cancellation provisions during the period of delinquency for which the account was assigned.
2. Notice of the death of the borrower has been received.
3. Notice of bankruptcy of the borrower has been received.
4. Notice of the total and permanent disability of the borrower has been received.
5. The collection agency has been unable to contact the borrower for a period of six (6) months.

(d) The collection agency shall maintain complete and accurate records of assigned accounts and shall provide the Commissioner or designee with monthly reports on the status of each assigned account.

(e) The collection agency shall provide services pursuant to a written contract; provided, however, that no contract shall provide for and no agency shall be paid a commission in excess of thirty-five (35) percent of the amount collected on an assigned account.

(2) The Commissioner shall have the authority to charge off unpaid and uncanceled scholarship loan notes or student loan agreements which are deemed to be uncollectible; provided, however, that no account of any borrower determined to have known assets subject to suit shall be uncollectible.

(a) To be charged off as uncollectible, an account shall be at least three (3) years past due.

(b) A record of the historical collection effort shall be fully and uniformly documented on a form designed for the purpose.

(c) The charge off action shall be recommended by the Director of the Office of Student Financial Assistance and approved by the Commissioner.

(d) The balance of all accounts charged off as uncollectible shall be placed in a recovery account as provided in subsection 6A-20.024(3), F.A.C.

(e) The local credit reporting agency in the last known city of permanent residence of the borrower shall be notified of the charge off action, as well as the agency in the city in which the charge off action takes place.

(3) The Commissioner is authorized to establish a recovery account for the purpose of maintaining accurate records on accounts charged off as uncollectible or otherwise settled.

(a) The account number, balance, date of last payment and date of settlement of each account settled for death, bankruptcy, total disability or uncollectible small balance shall be entered.

(b) The account number, balance, date of last payment and date of charge off of each account charged off as uncollectible shall be entered.

(c) Provision shall be made for credit of any payment received after the date of the charge off.

(d) Totals of amounts settled or charged off as uncollectible in each type of scholarship or loan program account shall be maintained.

6A-20.025 Grants for Teachers for Special Training in Exceptional Student Education.

(1) Eligibility criteria. To be eligible to receive a tuition reimbursement grant for special training in exceptional student education, the applicant shall:

   (a) Hold a full-time contract to teach in a district school system, a state operated or a state supported program, or an agency or organization under contract with the Department.

   (b) Hold a valid Florida educator’s certificate that does not reflect an exceptional student education coverage or endorsement which is appropriate for the assignment.

   (c) Complete specialization course(s) needed for certification in the area in which he or she is assigned to teach with a minimum grade of 3.0 on a 4.0 scale.

   (d) Submit completed Form FFAA-2, Florida Financial Aid Application for Teachers, Form CPSI-1, Postsecondary Institution Certification, and Form CEMP-1, Employment Certification, as incorporated by reference in Rule 6A-20.012, F.A.C. These forms may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399-0400.

(2) Review agency. Pending review of the application by the Department of Education, the applicant shall receive notification of award eligibility.

(3) Reimbursement. Eligible applicants may receive tuition reimbursement not to exceed nine (9) semester hours, or the equivalent quarter hours, per term. Reimbursement shall be at a rate consistent with that established for programs authorized by Section 240.4064, Florida Statutes. No special fees charged by the universities or colleges shall be included in the payment to a recipient nor shall payments be made if tuition has been paid, waived or assumed, in full, through other sources. For each fiscal year, grants are awarded to the extent of funds appropriated for this program. Awards may be prorated if funds are not available to make full awards.

(4) Fiscal agency. The Office of Student Financial Assistance, Department of Education, upon receipt of eligible applicants, shall provide for payment of eligible applicants to the extent of funds appropriated for the program.

Specific Authority 229.053(1), 240.405(4) FS. Law Implemented 240.405 FS. History–New 4-13-87, Amended 3-6-94, 10-15-02.

6A-20.026 Virgil Hawkins Fellows Scholarships.

(1) General Eligibility Requirements. To receive aid, a student shall meet the provisions of Sections 240.4045 and 240.4069, Florida Statutes, and Rule 6A-20.006, F.A.C.

(2) Eligibility for Initial Awards. To be eligible for an initial award a student must:

   (a) Be admitted to the law school at the University of Florida or Florida State University.

   (b) Be a member of an ethnic group as defined in Section 240.4069(1), Florida Statutes.

   (c) Be recommended to receive the scholarship by the dean of each respective law school.

(3) Eligibility for Renewal Awards. To be eligible for renewal of the scholarship:

   (a) A student must be continuing his or her studies toward completion of a Juris Doctor degree and be considered by the law school to be in good standing.

   (b) A student may receive the scholarship for a maximum of six (6) semesters.

   (c) A student must continue to be recommended to receive the scholarship by the dean of each respective law school.

(4) Appeals. Participating institutions will establish procedures for student appeal of grievances regarding institutional financial aid awards or administration in accordance with Section 240.4042(2) and (3), Florida Statutes.

(5) Amount of award. The amount of an annual award shall be five thousand (5,000) dollars.

(6) Number of scholarships. Each law school may recommend annually ten (10) students in the first year law class, ten (10) students in the second year law class, and ten (10) students in the third year law class to receive scholarships.

(7) Additional scholarships.

   (a) Funds appropriated to this program which exceed the amount required to fully fund the scholarships specified in Section 240.4069(1), Florida Statutes, and subsection (5) of this rule, may be used to award additional eligible applicants provided funds from private sources are raised by the institutions to match state funds.

   (b) The amount of matching funds required to make one award is two thousand five hundred (2,500) dollars.

   (c) Each institution shall report to the Department by August 1 each year the number of additional scholarships for which pledges or private contributions have been received. The Office of Student Financial Assistance will determine the amount of general revenue required to fund the additional scholarships at both institutions and request that amount in the appropriation for the academic year beginning the following August.

   (d) The Department will notify each institution of the amount of general revenue funds available to be matched for additional awards by June 1 of the year the award is to be made. The institution will submit to the Department by August 1 matching funds for the additional award(s) along with the name(s) of the student(s) to receive the award(s).

   (e) After receiving matching funds from the institution, the Department will transmit funds for these additional awards on a term by term basis to the appropriate university financial aid office.

   (8) Record-Keeping Requirements. Each law school shall retain the necessary records to document the eligibility of each student recommended for the scholarship.
(9) Payment of Awards. Each semester, the names of students recommended by the respective law schools will be submitted to the Department by August 1. The Department shall subsequently transmit the necessary funds on a term by term basis to the appropriate university financial aid office.

6A-20.027 Rosewood Family Scholarship Fund.

(1) General eligibility criteria for awards. To receive aid, a student shall meet the provisions of Sections 240.404 and 240.4126, Florida Statutes, and Rules 6A-20.001 and 6A-20.0371, F.A.C., and:

(a) Be a minority individual belonging to one (1) of the following race/ethnic categories: Black, not of Hispanic origin; Hispanic; Asian or Pacific Islander; American Indian or Alaskan native.

(b) If an initial, reinstatement, or restoration applicant, submit a completed application to the Department, Form FFAA-1, Florida Financial Aid Application for Students, as incorporated by reference in Rule 6A-20.020, F.A.C., by the established April 1 deadline. A copy of Form FFAA-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399-0400.

(c) Submit to the appropriate processor a completed need analysis document which is designed to use the need analysis methodology currently approved by the U.S. Congress:

1. A Florida resident must submit the need analysis document in time for it to be processed by the U.S. Department of Education no later than May 15.

2. A non-Florida resident must postmark a copy of the SAR received from the need analysis agency to the Department no later than May 15.

(d) Be enrolled in an undergraduate degree or certificate program at a state university, state community college, or state postsecondary vocational-technical school. A certificate-seeking student must be enrolled in a program that requires a minimum of nine hundred (900) clock hours to complete.

(e) At the end of the regular registration period, inclusive of the drop add period for each academic term for which aid is received, an eligible student shall be:

1. Enrolled for a minimum of twelve (12) credits for a degree program, or

2. Enrolled for a minimum of twenty-four (24) clock hours per week for a certificate program, to include the Associate in Applied Science (A.A.S.) Degree.

(f) Not have previously received a baccalaureate degree.

(g) Not owe a repayment of a federal Title IV grant, or any state grant or scholarship unless satisfactory arrangements have been made to repay.

(h) Not be in default on any state or federal student loan program unless satisfactory arrangements have been made to repay.

(2) Academic criteria for renewal awards. Academic eligibility is determined at the end of the second semester or third quarter of each academic year. To be eligible for a renewal award, a student shall:

(a) Have earned a minimum cumulative institutional grade point average of 2.0 on a 4.0 scale for postsecondary work.

(b) If degree-seeking, have earned during the previous summer and two (2) semesters, a minimum of twelve (12) credit hours per term or the equivalent for the number of terms for which the award was received.

(c) If certificate-seeking, have completed eighty (80) percent of the clock hours for which the student was enrolled during the terms for which the award was received. A student who earns less than the required clock hours will be eligible for renewal if the institution certifies that the student successfully completed all competencies on an accelerated basis and that the student was unable to continue full-time enrollment because there were no courses available in the program of study.

(3) Probationary awards. A student who earns the minimum number of credit or clock hours, but who fails to earn the minimum cumulative 2.0 grade point average, may be granted a probationary award for two (2) semesters. To be eligible for renewal the following year, the student must earn the required credit or clock hours for the probationary award year and a cumulative grade point average of 2.0 on a 4.0 scale.

(4) Restoration and reinstatement awards. A student who failed to earn the minimum number of credit or clock hours required for renewal, or who failed to meet the requirements for renewal of a probationary award, is eligible to apply for restoration after one (1) academic year if the student has earned a cumulative grade point average of 2.0 on a 4.0 scale as of the end of the second semester or third quarter of the academic year preceding the year the award is sought. A student who met the requirements for a renewal award but did not receive an award during a full year of eligibility and wishes to reestablish use of the scholarship may apply for reinstatement in any subsequent year provided that the student has earned a cumulative grade point average of 2.0 on a 4.0 scale as of the end of the second semester or third quarter of the academic year preceding the year the award is sought.

(5) Maximum terms of eligibility. A student will be eligible to receive an award for a maximum of eight (8) semesters or twelve (12) quarters or until receipt of the first baccalaureate degree, whichever is less. However, a student who is required to participate in college preparatory or remedial courses, who needs additional time to meet the minimum standards of the CLAST, or who is enrolled in a five (5) year undergraduate degree program may receive an award for a maximum of ten (10) semesters or
fifteen (15) quarters. Five (5) year eligibility does not extend to a program of study that leads to the simultaneous award of a graduate and an undergraduate degree. Additional terms of eligibility for five (5) year degree programs will be based on the number of credit hours required by the institution for completion of the program of study as follows:

(6) Appeals. An applicant may appeal decisions of ineligibility made due to failure to meet academic progress requirements or errors made by the Office of Student Financial Assistance under the provisions of Rule 6A-20.0371, F.A.C.

(7) Amount of award. The amount of each annual award may not exceed four thousand (4,000) dollars; the amount of tuition and fees in the state university system, the public community colleges or the public postsecondary vocational-technical schools for the equivalent of fifteen (15) semester hours or four hundred fifty (450) clock hours per term of undergraduate study; or the amount established in the General Appropriations Act, whichever is less. If the appropriation is insufficient to provide the maximum award to each of the twenty-five (25) recipients, the amount of each award will be prorated.

(8) Award procedures. The Department will make awards based on the annual appropriation, not to exceed twenty-five (25) scholarship awards per year.

(a) A direct descendant of an African-American Rosewood family is an applicant whose ancestor is a member of a family identified as an affected Rosewood resident as provided in Section 240.4126, Florida Statutes. The applicant shall provide the Department proof sufficient to establish eligibility as a Rosewood descendant as defined by this rule. The Department may verify eligibility by using records already in possession of the State of Florida. Among eligible Rosewood family descendant applicants:

1. First priority will be given to renewal applicants.
2. Second priority for awards will be given to initial applicants. If the number of awards remaining is insufficient to award all such applicants, they will be ranked and selected first by the least family contribution as specified on the need analysis report and second by the earliest postmark or electronic receipt date of the application. If the number of awards remaining is insufficient to award all equally ranked applicants, the tie will be broken through random selection.
3. Third priority for awards will be given to reinstatement applicants. If the number of awards remaining is insufficient to award all such applicants, they will be ranked and selected first by the least family contribution as specified on the need analysis report and second by the earliest postmark or electronic receipt date of the application. If the number of awards remaining is insufficient to award all equally ranked applicants, the tie will be broken through random selection.

(b) Other minority applicants. If awards remain after all eligible applicants who are direct descendants of Rosewood families have received awards, all other eligible minority applicants will be divided into renewal, initial and reinstatement applicants. Among eligible minority applicants:

1. First priority for awards will be given to renewal applicants. If the number of awards remaining is insufficient to award all renewal applicants, they will be ranked and selected by the least family contribution as specified on the need analysis report. If the number of awards remaining is insufficient to award all equally ranked applicants, the tie will be broken through random selection.
2. Second priority for awards will be given to initial applicants. If the number of awards remaining is insufficient to award all initial applicants, they will be ranked and selected using the procedures specified in subparagraph (8)(a)2., of this rule.
3. Third priority for awards will be given to reinstatement applicants. If the number of awards remaining is insufficient to award all reinstatement applicants, they will be ranked and selected using the procedures specified in subparagraph (8)(a)3., of this rule.

(9) Payment of awards. The Department will provide for the delivery of funds to students each academic term by transmitting the funds to the institution for distribution to students. To be eligible for payment, the student must be enrolled full time at the end of the institution’s drop/add period. After disbursement of funds to a student or to the student’s account, the student may not return part or all of the award for the purpose of restoring a term of eligibility.

(10) Institutional responsibilities. Participating institutions must verify the continued eligibility of awarded students, provide for the disbursement of funds to students, comply with the Department’s reporting and refund requirements as specified in Rules 6A-20.002 and 6A-20.0021, F.A.C.

6A-20.029 Mary McLeod Bethune Scholarship Program and Trust Fund.

(1) General eligibility criteria for awards. To receive aid, a student must meet the provisions of Sections 240.4125, 240.404 and 240.4042, Florida Statutes, and Rules 6A-20.001, 6A-20.003, and 6A-20.0371, F.A.C., and:
(a) Be enrolled as a degree-seeking undergraduate student at either Florida Agricultural and Mechanical University, Bethune-Cookman College, Edward Waters College, or Florida Memorial College.

(b) Have been a bona fide Florida resident, pursuant to Section 240.1201, Florida Statutes, and Rule 6A-20.003, F.A.C., for twelve (12) months prior to the first day of class of the fall term of the academic year for which funds are being requested.

(c) Be enrolled for a minimum of twelve (12) credits at the end of the regular registration period, inclusive of the drop-add period, for each academic term in which aid is received.

(d) Not owe a repayment of a federal Title IV grant, or any state grant or scholarship program unless satisfactory arrangements to repay have been made.

(e) Not be in default on any state or federal student loan program, unless satisfactory arrangements to repay the loan have been made.

(2) Eligibility for initial awards.

(a) The application procedure shall be established and communicated to students by each participating institution.

(b) To be eligible for an initial award, a student must have earned a minimum, unweighted, cumulative grade point average of 3.0 on a 4.0 scale, or the equivalent, for high school subjects creditable towards a diploma.

(3) Eligibility for renewal awards. An applicant who receives the scholarship in one year will be considered for renewal the following year. All applicants for renewal of scholarships will be considered for awards in accordance with the following academic progress standards and the rating system established under subsection (8) of this rule. To be eligible for renewal of the scholarship, a student shall have met the following conditions of academic progress at the end of the second semester or third quarter of each academic year:

(a) Have earned a minimum institutional cumulative grade point average of 3.0 on a 4.0 scale;

(b) Have earned a minimum of twelve (12) credit hours each term for the number of terms for which the award was received; and

(c) Have filed a renewal application, if required by the institution.

(4) Reinstatement awards. A reinstatement applicant is a student who received the scholarship during one academic year and met the academic progress requirements for renewal of the scholarship, but did not receive the scholarship in the following year. To be eligible for reinstatement a student must:

(a) File an application for reinstatement within the deadlines established by the institution, if required by the institution;

(b) Apply for reinstatement within three (3) years of filing an initial application;

(c) Have maintained, at the end of the second semester or third quarter of each academic year, a cumulative grade point average of 3.0 on a 4.0 scale for all college work attempted.

(d) Applicants for reinstatement will be considered for awards in accordance with the rating system established under subsection (8) of this rule.

(5) Appeals. An applicant may appeal decisions of ineligibility made due to failure to meet academic progress requirements or errors made in determining student eligibility pursuant to Sections 240.404 and 240.4042, Florida Statutes, respectively.

(6) Amount of award. The full amount of the Mary McLeod Bethune Scholarship is three thousand (3,000) dollars annually. However, this institution may prorate its scholarship allocation equally among all eligible initial, renewal and reinstatement students as allowed under paragraph (8)(c) of this rule.

(7) Period of award. Awards are made annually for the first and second semesters of an academic year.

(8) Award procedures. The institution shall rank students prior to the beginning of the fall term each year based on the following rating system:

(a) The institution shall first determine that the applicant meets the general eligibility criteria pursuant to subsection (1) of this rule, and either the initial, renewal or reinstatement eligibility criteria, pursuant to subsections (2), (3) and (4), respectively, of this rule.

(b) The institution shall then rank all eligible applicants on the basis of financial need using the institution’s financial need policy pursuant to paragraph (16)(a) of this rule. Students having the greatest financial need shall receive the highest rank. In the event that there are more eligible applicants with financial need than there are scholarships available, the institution shall further rank such applicants on the basis of those having the highest grade point averages.

(c) Based on the number of awards allocated to the institution by the Department, the institution shall make full awards to eligible applicants who have the highest rank based on their financial need and grade point averages. The institution may, however, elect to provide partial scholarships to all applicants who meet the minimum eligibility criteria for an award by prorating the institution’s full scholarship allocation equally among all eligible initial, renewal and reinstatement applicants, without regard to ranking by financial need or grade point averages.

(d) The institution shall notify each applicant in writing of the status of the student’s application. The institution shall also notify each student in writing who receives a scholarship of the award amount.

(9) Number of awards to be allocated to each institution. The Department will notify each institution annually of the total number of scholarships made available through the General Appropriations Act. Each institution shall notify the Department, no later than June 1 annually, of the maximum number of scholarships for which the institution pledges matching contributions. In the event that the total number of scholarships pledged by all institutions exceeds the number of scholarships appropriated, the Department shall allocate scholarships on the basis of the institution’s request, or on the basis of each institution’s proportionate
number of full-time equivalent (FTE) students to the FTE of all institutions, whichever is less. FTE is the total number of semester hours attempted by Florida residents enrolled at the eligible institution during the fall term divided by fifteen (15) credit hours. The Department will send to each institution a final allocation notice no later than July 1 of each year which describes the number of scholarships allocated to the institution for the academic year and the amount of matching contribution in increments of one thousand (1,000) dollars that must be paid by each institution.

(10) Maximum terms of eligibility. A student is eligible to receive the award for eight (8) semesters or twelve (12) quarters over a period of six (6) consecutive years, or until the student receives a baccalaureate degree, whichever occurs first. A student may receive the award for up to ten (10) semesters or fifteen (15) quarters when: the student has enrolled in college preparatory course work required by the institution; the student needs additional terms of eligibility to meet the requirements of the College Level Academic Skills Testing (CLAST) Program; or the student is enrolled in a five (5) year undergraduate degree program. Five (5) year eligibility does not apply to a program of study which leads to the simultaneous award of a graduate and an undergraduate degree. Additional terms of eligibility for five (5) year programs will be allowed based on the number of credit hours required by the institution for completion of the program of study as follows:

<table>
<thead>
<tr>
<th>Semester Hours Required</th>

(11) Matching contributions. Each institution shall submit to the Department the total matching contribution for its scholarship allocation no later than August 1 prior to the academic year for which funds are being matched.

(12) Other contributions. The Department shall deposit in the trust fund any moneys contributed by private sources for use toward Mary McLeod Bethune Scholarships. Contributions received by May 31 of each year shall be used to meet the cost of institution matching contributions for the following academic year. The Department shall allocate any such monies for use by all institutions or earmark the contribution for use by a specific institution, in accordance with the request of the private source contributor.

(13) Disbursement procedures. The Department shall disburse scholarship funds to the institution on a term-by-term basis. The Department shall disburse an amount each term equal to one-half (1/2) of the annual scholarship amount for semester institutions multiplied by the total number of scholarships allocated to the institution. The institution shall disburse the funds to eligible students each term upon confirming each student’s continued eligibility at the end of the regular registration period each term, inclusive of the drop-add period. Notwithstanding the provisions of paragraph 6A-20.002(1)(k), F.A.C., the institution shall remit, no later than April 1 of each year, full refunds for any term awards not disbursed during the academic year and full refunds for any disbursements made in error to ineligible students. Refunds for disbursements made to eligible recipients who withdraw during a term shall be submitted to the Department within sixty (60) days of the date that the student’s enrollment terminated. Such refunds will be in amounts consistent with the percentage of refund as defined by the institution’s refund policy.

(14) Transfer of awards during the academic year. A student may request a transfer of the award from one (1) eligible institution to another during an academic year. To be eligible for transfer during the academic year, the student must notify the Department in writing no later than November 15 of the student’s transfer to another eligible institution. The Department will transfer the student’s term award, including matching contribution, to the new institution. A student who changes from one eligible institution to another eligible institution between academic years must comply with the renewal application procedures and deadlines established by the institution the student plans to attend.

(15) Annual report. Each institution shall file an annual report due to the Department no later than April 1 of each academic year. The annual report shall contain, at a minimum, the following information:

(a) A list which includes the social security number, last name, first name, race, sex, and disbursement amount by term for each student, a summary count of the total number of students and total amount of disbursements by term, and a certification that each student listed met all of the eligibility criteria as described in Section 240.4125, Florida Statutes, and this rule.

(b) A reconciliation of funds received and utilized during the academic year including: the total number of scholarship allocations received from the Department; the amount of funds received by the institution each term; the total number of students who received disbursements each term; the amount of dollars disbursed to students each term; and any refunds paid to the Department as described under subsection (13) of this rule.

(c) The institution’s method for determining a student’s financial need pursuant to paragraph (16)(a) of this rule.

(16) Other institutional responsibilities.

(a) The institution shall develop a written policy which describes the institution’s method of determining the financial need of students who apply for Mary McLeod Bethune Scholarships. The institution shall use this policy consistently in the ranking of all eligible initial, renewal and reinstatement applicants for scholarships as described in paragraph (8)(b) of this rule.
(b) All institutions shall comply with all administrative responsibilities described in Rule 6A-20.002, F.A.C., including the provisions of any reports of demographic or directory information on awarded students as needed by the Department. Bethune-Cookman College, Edward Waters College and Florida Memorial College shall comply with Rule 6A-20.0021, F.A.C.

6A-20.031 Florida Public Student Assistance Grant.

(1) General Eligibility Requirements. To receive aid, a student shall meet the provisions of Sections 240.1201, 240.404 and 240.409, Florida Statutes, and Rules 6A-20.001, 6A-20.003, and 6A-20.0371, F.A.C., and:

(a) Be enrolled in an associate or baccalaureate degree program and not have previously received a baccalaureate degree.

(b) Be enrolled for a minimum of twelve (12) credits for a full-time award, or nine (9) credit hours for a three-quarter time award, or six (6) credit hours for a half-time award at the end of the drop-add period for each academic term in which the award is received.

(c) Be a United States citizen, permanent resident, or eligible noncitizen pursuant to regulations established by the U.S. Congress or the U.S. Department of Education for the receipt of federal student financial assistance.

(d) Meet the measurable progress standards of the institution.

(e) Not owe a repayment of a grant under the Pell Grant, Supplemental Educational Opportunity Grant, or any state grant or scholarship program, unless satisfactory arrangements to repay the grant have been made.

(f) Not be in default on any state loan program or any federal Title IV loan program, unless satisfactory arrangements to repay the loan have been made.

(2) Reinstatement awards. A student who met the requirements for renewal provided in Section 240.404, Florida Statutes, but did not receive an award for a full academic year shall be eligible to apply for reinstatement during a subsequent application period. Each such student may be eligible for reinstatement if the student has earned a cumulative grade point average of 2.0 on a 4.0 scale at the last institution attended.

(3) Restoration awards. A student who fails to meet the renewal provisions of Section 240.404, Florida Statutes, shall be eligible to apply for restoration during a subsequent application period. Each such student may be eligible for restoration if the student has earned an institutional cumulative grade point average of 2.0 on a 4.0 scale.

(4) Appeals. An applicant may appeal the denial of an award pursuant to Sections 240.404 and 240.4042, Florida Statutes, and Rule 6A-20.0371, F.A.C.

(5) Period of the award. An award is made for the two (2) semesters or three (3) quarters or the equivalent of an academic year.

(6) Award procedures. The institution shall make preliminary determinations of applicant eligibility based on information it receives from the need analysis processor, cumulative grade point average, and earned credit information. The institution shall rank applicants who meet preliminary eligibility criteria by the expected family contribution cut-off established by the Department and estimate individual award amounts, taking into consideration a standard cost of education budget, expected family contribution, and estimated Pell Grant award amounts. Each institution shall verify the eligibility of such students and provide individual award notices to the students.

(7) Institutional responsibilities. Each institution shall report to the Department each term within thirty (30) days of the end of the institution’s regular drop/add period the social security number and award amount of each awarded student. Each institution shall report to the Department each term within thirty (30) days of the end of the institution’s regular drop/add period the social security number of each eligible but not awarded student. Institutions will remit refunds and will submit accompanying notices to the students.

(8) Student responsibilities. Each student receiving aid under the scholarship program, unless satisfactory arrangements to repay the loan have been made.

6A-20.032 Florida Private Student Assistance Grant.

(1) General eligibility requirements. To receive aid, a student shall meet the provisions of Sections 240.1201, 240.404 and 240.4095, Florida Statutes, and Rules 6A-20.001, 6A-20.003, and 6A-20.0371, F.A.C., and:

(a) Be enrolled in an associate or baccalaureate degree program and not have previously received a baccalaureate degree.

(b) Be enrolled for a minimum of twelve (12) credit hours for full-time award at the end of the drop-add period for each academic term in which the award is received.

(c) Be a United States citizen or permanent resident, or eligible non-citizen pursuant to regulations established by the U.S. Congress or the U.S. Department of Education for the receipt of federal student financial assistance.

(d) Meet the measurable progress standards of the institution.

(e) Not owe a repayment of a grant under the Pell Grant, Supplemental Educational Opportunity Grant, or any state grant or scholarship program, unless satisfactory arrangements to repay the loan have been made.

(f) Not be in default on any state loan program or any federal Title IV loan program, unless satisfactory arrangements to repay the loan have been made.
(2) Reinstatement awards. A student who met the requirements for renewal provided in Section 240.404, Florida Statutes, but did not receive an award for a full academic year shall be eligible to apply for reinstatement during a subsequent application period. Each such student may be eligible for reinstatement if the student has earned a cumulative grade point average of 2.0 on a 4.0 scale at the last institution attended.

(3) Restoration awards. A student who fails to meet the renewal provisions of Section 240.404, Florida Statutes, shall be eligible to apply for restoration during a subsequent application period. Each such student may be eligible for restoration if the student has earned an institutional cumulative grade point average of 2.0 on a 4.0 scale.

(4) Appeals. An applicant may appeal the denial of an award pursuant to Sections 240.404 and 240.4042, Florida Statutes, and Rule 6A-20.0371, F.A.C.

(5) Period of the award. An award is made for the two (2) semesters or three (3) quarters or the equivalent of an academic year.

(6) Award procedures. The institution shall make preliminary determinations of applicant eligibility based on information it receives from the need analysis processor, cumulative grade point average, and earned credit information. The institution shall rank applicants who meet preliminary eligibility criteria by the expected family contribution cut-off established by the Department and estimate individual award amounts, taking into consideration a standard cost of education budget, expected family contribution, and estimated Pell Grant award amounts. Each institution shall verify the eligibility of such students and provide individual award notices to the students.

(7) Institutional responsibilities. Each institution shall report to the Department each term within thirty (30) days of the end of the institution’s regular drop/add period the social security number and award amount of each awarded student. Each institution shall report to the Department within thirty (30) days of the end of the institution’s regular drop/add period the social security number of each eligible but not awarded student. Institutions will remit refunds and will submit accompanying documentation to the Department within sixty (60) days of the end of the institution’s regular registration period or within sixty (60) days of the date of the transmittal of supplemental warrants.

6A-20.033 Florida Postsecondary Student Assistance Grant.

(1) General eligibility requirements. To receive aid, a student shall meet the provisions of Sections 240.1201, 240.404, and 240.4097, Florida Statutes, and Rules 6A-20.001, 6A-20.003, and 6A-20.0371, F.A.C., and:

(a) Be enrolled in an associate or baccalaureate degree program and not have previously received a baccalaureate degree.

(b) Be enrolled for a minimum of twelve (12) credit hours for full-time award at the end of the drop-add period for each academic term in which the award is received.

(c) Be a United States citizen, permanent resident, or eligible non-citizen pursuant to regulations established by the U.S. Congress or the U.S. Department of Education for the receipt of federal student financial assistance.

(d) Have met the measurable progress standards of the institution.

(e) Not owe a repayment of a grant under the Pell Grant, Supplemental Educational Opportunity Grant, or any state grant or scholarship program, unless satisfactory arrangements to repay the loan have been made.

(f) Not be in default on any state loan program or any federal Title IV loan program, unless satisfactory arrangements to repay the loan have been made.

(2) Reinstatement awards. A student who met the requirements for renewal provided in Section 240.404, Florida Statutes, but did not receive an award for a full academic year shall be eligible to apply for reinstatement during a subsequent application period. Each such student may be eligible for reinstatement if the student has earned a cumulative grade point average of 2.0 on a 4.0 scale at the last institution attended.

(3) Restoration awards. A student who fails to meet the renewal provisions of Section 240.404, Florida Statutes, shall be eligible to apply for restoration during a subsequent application period. Each student may be eligible for restoration if the student has earned an institutional cumulative grade point average of 2.0 on a 4.0 scale.

(4) Appeals. An applicant may appeal the denial of an award pursuant to Sections 240.404 and 240.4042, Florida Statutes, and Rule 6A-20.0371, F.A.C.

(5) Period of the award. An award is made for the two (2) semesters or three (3) quarters or the equivalent of an academic year.

(6) Award procedures. The institution shall make preliminary determinations of applicant eligibility based on information it receives from the need analysis processor, cumulative grade point average, and earned credit information. The institution shall rank applicants who meet preliminary eligibility criteria by expected family contribution cut-off established by the Department and estimate individual award amounts, taking into consideration a standard cost of education budget, expected family contribution, and estimated Pell Grant award amounts. Each institution shall verify the eligibility of such students and provide individual award notices to the students.

(7) Institutional responsibilities. Each institution shall report to the Department within thirty (30) days of the end of the institution’s regular drop/add period the social security number and award amount of each awarded student. Each institution will report to the Department within thirty (30) days of the end of the institution’s regular drop/add period the social security number of
each eligible, but not awarded students. Institutions will remit refunds and will submit accompanying documentation to the
Department within sixty (60) days of the end of the institution’s regular registration period or within sixty (60) days of the date of
the transmittal of supplemental warrants.

Specific Authority 229.053(1), 240.4097(1), (8) FS. Law Implemented 240.1201, 240.404, 240.4042, 240.4097 FS. History–New 12-18-90,
Amended 3-24-92, 10-18-94, 11-3-02.

6A-20.036 Fee Generated Adult and Vocational Student Financial Aid.
Districts shall assess each fee non-exempt vocational and adult student a financial aid fee equal to ten (10) percent of the student’s
required fee amount.
(1) All financial aid fees shall:
(a) Be deposited in the district’s Financial Aid Fee Trust Fund. Revenue in this fund is to be used to pay in full or in part the
fees of persons with demonstrated financial need. Funds used to pay students’ fees shall be transferred from the Financial Aid Fee
Trust Fund to the district’s General Fund. Districts may implement an alternative accounting procedure in which financial aid fees
are recorded in a discrete General Fund account which is subsequently reduced as these monies are used to pay course fees.
(b) Be used to pay in full or in part the fees of eligible students as quickly as possible. Funds not needed to pay fees may be
carried forward for use in the following fiscal year.
(2) A student applying for adult and vocational student financial aid must be a Florida resident and must complete a Pell Grant
application. Districts shall use the Pell Grant assessment of the financial need in establishing criteria and procedures for approving
financial aid fee waivers.
(3) The Division of Applied Technology and Adult Education shall prescribe an annual report format in which each district
shall provide sufficient detail necessary to evaluate the effectiveness of this financial aid program. The annual report shall include
at least the following:
(a) Criteria used to determine student eligibility for financial aid fee payments, the amount and number of payments in full or
part by type of student.
(b) Student demographic data as required by the Commissioner. The data requirements will be limited to data contained in the
Division of Public Schools, Student and Staff Data Base.
(c) Financial data on:
1. Amount of financial aid fees collected during the fiscal year;
2. Amount of financial aid fees paid; and
3. Balance of financial aid fees unused or unobligated at the end of the fiscal year and carried forward to the next fiscal year.

Specific Authority 229.053(1) FS., Proviso Language, paragraph 11, Specific Appropriation 509, Chapter 91-193, Laws of Florida. Law

6A-20.0371 Right to Appeal Eligibility Determination.
(1) This rule applies to all state student financial assistance programs administered by the Bureau of Student Financial
Assistance, Florida Department of Education.
(2) Actions prior to appeal. An applicant who believes that the Bureau of Student Financial Assistance, Florida Department of
Education, has made an error in determining the applicant’s eligibility to receive a state student financial aid award, or has failed, in
error, to transfer an award from one eligible institution to another when the applicant has met the deadline for requesting transfer of
an award, should first seek to resolve the matter by contacting the program section of the Office of Student Financial Assistance
and providing documentation necessary to resolve the issue.
(3) Circumstances for appeal. If the applicant believes that either of the situations identified in subsection (2) of this rule was
not resolved with the program section of the Office of Student Financial Assistance, the applicant may file a formal written appeal
for review by the Director, Bureau of Student Financial Assistance, using the following procedure:
(a) Submit a written appeal to the Director, Bureau of Student Financial Assistance, Florida Department of Education, 1940
North Monroe Street, Suite 70, Tallahassee, Florida 32303-4759. The written appeal must fully describe the nature of the error the
applicant believes has been made and must contain documentation which supports the applicant’s claim of eligibility to receive a
state student financial aid award or to have the award transferred to another eligible institution. A copy of the notice of the
applicant’s ineligibility shall be attached to the written appeal.
(b) The written appeal shall be postmarked within thirty (30) days of the issue date of the notice of the award denial or notice
that the award was not transferred. An applicant who fails to file a timely appeal waives the right of appeal.
(c) The Director of the Bureau of Student Financial Assistance will respond to the applicant in writing within thirty (30) days
of receiving the appeal.
(d) An applicant who wishes to appeal the decision of the Director of the Bureau of Student Financial Assistance may request
further review by an appeals committee in accordance with subsection (4) of this rule.
(4) Appeals committee. If an applicant continues to believe an error has been made after receiving the Director’s response to an
appeal submitted in accordance with subsection (3) of this rule, the applicant may request further review by an appeals committee.
The request for committee review must be submitted to the Director of the Bureau of Student Financial Assistance in writing within
twenty (20) days of the date of the Director’s response to the applicant’s formal written appeal. A final decision will be issued by the appeals committee within thirty (30) days of receiving the applicant’s request for an appeals committee review. The applicant will be provided a written copy of the appeals committee’s decision in the form of a final order. The decision issued by the appeals committee is final agency action.

6A-20.038 Florida Work Experience Program.

(1) General eligibility requirements. To receive aid, a student shall meet the provisions of Sections 240.404 and 240.606, Florida Statutes, and Rules 6A-20.001, 6A-20.003, and 6A-20.0371, F.A.C., and:

(a) Attend an eligible institution as specified in Section 240.606(1), Florida Statutes.

(b) Enroll as an undergraduate student for at least six (6) credit hours. A student may be employed during the break between two (2) consecutive terms. A student may also be employed and not enrolled during the summer term if he preregisters as no less than a half-time student for the subsequent academic term. A student who attends an institution that does not provide preregistration shall provide documentation of intent to enroll as no less than a half-time student for the subsequent academic term.

(c) Demonstrate financial need by submitting, annually, a completed need analysis form approved by the Department to the need analysis agency.

(d) Be a Florida resident for other than educational purposes for a minimum of twelve (12) months immediately preceding the first day of classes of the first term of the academic year for which funds are being requested.

(e) Have earned a minimum cumulative grade point average of 2.0 on a 4.0 scale for all college work if an initial or reinstatement student; have earned a minimum 2.0 cumulative grade point average for all college work as of the end of the second semester or third quarter to be eligible for renewal of the award.

(f) A renewal applicant must have earned, during the previous summer and two (2) semesters or three (3) quarters, the following number of credit hours per term for the number of terms for which the award was received:

1. Twelve (12) credit hours for full-time enrollment,
2. Nine (9) credit hours for three-quarter time enrollment, or
3. Six (6) credit hours for half-time enrollment. A student who fails to earn the required credits as of the end of the second semester or third quarter is not eligible to renew the award for the following year.

(g) Not owe a repayment of a federal grant or a state grant or scholarship program unless satisfactory arrangements to repay have been made.

(h) Not to be in default on any federal Title IV loan program or any state loan program, unless satisfactory arrangements to repay the loan have been made.

(2) Appeals. A student may appeal under the terms of Sections 240.404 and 240.4042, Florida Statutes, and Rule 6A-20.0371, F.A.C.

(3) Maximum terms of eligibility. Students shall be eligible to participate in the program for a maximum of eight (8) semesters or twelve (12) quarters, or the equivalent for less than full-time enrollment, or until receipt of a first baccalaureate degree, whichever comes first. However, pursuant to Section 240.404(3), Florida Statutes, an undergraduate student participating in college preparatory instruction, a student requiring additional time to complete the college-level communication and computation skills testing program, or a student enrolled in an approved five-year undergraduate degree program shall be eligible to receive financial aid for a maximum of ten (10) semesters or fifteen (15) quarters or the equivalent for less than full-time enrollment. An eligible five (5) year degree program is one which requires completion of at least one hundred thirty two (132) semester hours or one hundred ninety two (192) quarter hours for an undergraduate degree. Five (5) year eligibility does not apply to a program which leads to the simultaneous award of a graduate and undergraduate degree.

(4) Employment requirements. Postsecondary educational institutions shall contract with public or private employers. A participating postsecondary institution cannot contract with another postsecondary educational institution. Contracts shall include as a minimum the following institutional and employer responsibilities:

(a) Institutional responsibilities are:

1. To select and refer eligible students for consideration of employment by the employer.
2. To reimburse a private employer for seventy (70) percent of the student’s wages. If the employer is a public elementary or secondary school, the institution shall reimburse the employer one hundred (100) percent of the student’s wages. Reimbursement is limited to student wages and shall not include costs for fringe benefits, travel or other related employment costs.
3. To monitor the number of hours per week that the student works and the earnings of the student to avoid overcommitment of Florida Work Experience Program (FWE) funds, or financial aid overawards.
4. To place the student in a job which is complementary to and reinforces the student’s educational program and career goals.
5. To determine the number of hours to be worked per week; however, the student’s award in combination with all other resources shall not exceed the student’s net financial need. The student’s earnings shall not exceed the FWE award by more than three hundred (300) dollars per academic year.
6. To ensure that students participating in this program are not discriminated against by employers or prospective employers on the basis of race, color, national origin, sex or handicap in recruitment, hiring, placement, assignment to work tasks, hours of employment, levels of responsibility or in pay. An institution may not honor an employer’s request for students who are free of handicap or for students of a particular race, color, national origin or sex.

(b) Employer’s responsibilities are:
1. To place the student on the employer’s payroll and provide compensation to the student at least once per month. Such compensation shall be in an amount no less than the federal minimum hourly wage.
2. To be responsible for the total cost of mandatory benefits, including Social Security.
3. To provide the institution with a copy of a work agreement signed by the student and the employer which documents the duties of the job, the number of hours the student is to be employed, and the hourly rate of pay.
4. To develop and implement with the institution a program of supervision for each student which is consistent with the duties of the job and educational objectives of the student.
5. To certify that the work performed by the students employed does not displace regular employees.
6. To maintain time sheets for each student employed and provide copies to the institution when requesting reimbursement.
7. To regularly request reimbursement from the institution.
8. To provide an assurance that students will be accepted and assigned to jobs and otherwise treated without regard to race, color, national origin, sex or handicap if the employer enters into a written agreement with the institution.

(5) Other institutional responsibilities. A participating postsecondary institution shall:
(a) Determine student need in the same manner as it determines need for other need-based programs; however, earnings shall not be used to replace the family contribution.
(b) Count earnings for periods of employment during which students are not enrolled in the same manner as required by the federal Title IV College Work Study Program.

(6) On-campus student employment. Institutions may use up to twenty-five (25) percent of their total FWEP allocations for student employment within the institution. The institution shall be reimbursed for seventy (70) percent of student wages. Funds from other student financial aid sources shall not be used to provide the institution’s thirty (30) percent portion of the students’ wages.

(7) Other reimbursable costs. Institutions may use up to ten (10) percent of their total FWEP allocations to meet the costs of program administration at the institution. Such costs may include, but are not limited to salaries, office supplies, printing and program advertising.

(8) Allocations. The Department shall allocate funds annually to be used by institutions during the July 1 through June 30 state fiscal year. To be eligible for funds, institutions must complete and submit by the deadlines established by the Department FWEP-1, Florida Work Experience Program Institutional Request for Funds Due by June 30; FWEP-2, Florida Work Experience Program Year-End Student Data Report; which are hereby incorporated by reference and made a part of this rule to become effective April 1993. Copies of forms FWEP-1, FWEP-2, and FWEP-3 may be obtained from the Office of Student Financial Assistance, Florida Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399. Allocations will be made by the Department as follows:
(a) Each institution will receive a base allocation equal to the lesser of its reported expenditures for the prior fiscal year or the amount of its request. When funds are insufficient to make such allocations, each institution will receive a proportional allocation of available funds based on the ratio of each institution’s prior year expenditures to the total prior year expenditures of all institutions.
(b) The Department may designate any unused portion of an institution’s prior year allocation for use toward the institution’s current year allocation, or may use such a balance to increase the institution’s current year allocation.
(c) From current year funds that remain available or that become available during the fiscal year, the Department will make allocations to newly participating institutions, and may increase allocations to institutions that participated during the previous year based on the institutions’ original requests, written supplemental requests or as determined by the Department based on other institutional needs.
(d) The Department shall disburse the institutional allocation in equal portions in September and December. The Department may make preliminary allocations and disbursements in July to institutions that participated in the FWEP during the previous fiscal year.
(e) Any unused portion of an institution’s previous year allocation shall be refunded to the Department within sixty (60) days of the end of the fiscal year except as described under paragraph (9)(c) of this rule.
(9) Use of FWEP funds. Funds provided under this program shall not be used to replace institutional funds which would otherwise be used to support such student employment.

Specific Authority 229.053(1), 240.606(7) FS. Law Implemented 240.404, 240.4042, 240.606 FS. History–New 7-1-93, Amended 10-15-02.
6A-20.039 Florida Teacher Scholarship and Forgivable Loan Program.

(1) General eligibility requirements. To receive a “Chappie” James Most Promising Teacher Scholarship (Scholarship) or a Florida Critical Teacher Shortage Forgivable Loan (Loan), students shall meet the provisions of Sections 240.404 and 240.4063, Florida Statutes, Rules 6A-20.001 and 6A-20.0371, F.A.C., and:

(a) Be enrolled for a minimum of twelve (12) credit hours for undergraduate study or a minimum of nine (9) credit hours for graduate study for each academic term in which aid is received.

(b) Not owe a repayment of a federal grant or any state grant or scholarship program unless satisfactory repayment arrangements have been made.

(c) Not be in default on a loan made under any federal Title IV program or any state loan program unless satisfactory repayment arrangements have been made.

(d) Not have received a Paul Douglas Teacher Scholarship.

(e) Not have previously received a Critical Teacher Shortage Scholarship Loan, a “Chappie” James Most Promising Teacher Scholarship Loan or a Masters Fellowship Loan for Teachers.

(2) Scholarship – initial eligibility. To be eligible for an initial scholarship, a student must:

(a) Submit Form FFAA-1, Florida Financial Aid Application for Students as incorporated by reference in Rule 6A-20.020, F.A.C., and Form CHS-1, High School Certification Form, as incorporated by reference in Rule 6A-20.023, F.A.C., by April 1 during the senior year of high school. A copy of Forms FFAA-1 and CHS-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(b) Attend an eligible public or private Florida high school. An eligible private Florida high school is one in compliance with Section 229.808, Florida Statutes.

(c) Have a minimum cumulative unweighted high school grade point average (GPA) of 3.0 on a 4.0 scale.

(d) Be ranked in the top quartile of the student’s senior class by the high school.

(e) Have test scores on either the American College Testing Program (ACT) or Scholastic Aptitude Test (SAT).

(f) Have been an active member of a future teacher organization, if such an organization exists at the student’s high school.

(g) Provide written acknowledgement of the intent to enter the public school teaching profession in Florida.

(h) Be nominated by the high school principal.

(i) Not have previously received a bachelor’s degree.

(j) Enroll in a degree program at either a state university or community college, or an eligible independent institution pursuant to Section 229.808, Florida Statutes.

(c) Have a minimum cumulative unweighted high school grade point average (GPA) of 3.0 on a 4.0 scale.

(d) Be ranked in the top quartile of the student’s senior class by the high school.

(e) Have test scores on either the American College Testing Program (ACT) or Scholastic Aptitude Test (SAT).

(f) Have been an active member of a future teacher organization, if such an organization exists at the student’s high school.

(g) Provide written acknowledgement of the intent to enter the public school teaching profession in Florida.

(h) Be nominated by the high school principal.

(i) Not have previously received a bachelor’s degree.

(j) Enroll in a degree program at either a state university or community college, or an eligible independent institution pursuant to Section 229.808, Florida Statutes.

(3) Scholarship – renewal eligibility.

(a) Eligibility for renewal of a scholarship will be evaluated at the end of the second semester or third quarter of the academic year.

(b) The Department will create a renewal application for each student who received an initial scholarship for one or more terms and who meets the requirements for renewal.

(c) For renewal of the scholarship, the student must:

1. Have earned a minimum institutional cumulative GPA of 2.5 on a 4.0 scale for all college work.

2. Have earned a minimum of twelve (12) credit hours per term or the equivalent for the number of terms for which the scholarship was received.

3. Be classified as a freshman or sophomore student.

(4) Loan – initial eligibility. To be eligible for an initial undergraduate or graduate loan, a student must:

(a) Submit Form FFAA-1, Florida Financial Aid Application for Students as incorporated by reference in Rule 6A-20.020, F.A.C., and Form CPSI-1, Postsecondary Certification, as incorporated by reference in Rule 6A-20.01, F.A.C., by April 1 during the senior year of high school. A copy of Forms FFAA-1 and CPSI-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(b) Be enrolled in a state-approved teacher preparation program which leads to certification in a critical teacher shortage (CTS) subject area.

(c) Provide a written declaration of an intent to teach in publicly-funded elementary or secondary schools in Florida for the number of years the loan is received.

(d) For an undergraduate loan, a student must:

1. Be an upper division student.

2. Have a passing score on the College Level Academic Skills Test.

3. Have earned a minimum cumulative GPA of 2.5 on a 4.0 scale for all undergraduate work.

4. Not have previously received a bachelor’s degree.

(e) For a graduate loan, a student must:

1. Have a bachelor’s degree from a postsecondary institution accredited in accordance with Rule 6A-20.003, F.A.C.

2. Have either earned a minimum cumulative GPA of 3.0 on a 4.0 scale for all undergraduate work or scored at least one thousand (1000) on the Graduate Record Examination (GRE).

3. Not have a bachelor’s degree in education in a CTS subject area.

4. Not hold a teaching certificate in a CTS subject area.
5. Not have received an undergraduate loan through this program.

(5) Loan – renewal eligibility.
(a) Eligibility for renewal of a loan will be evaluated at the end of the second semester or third quarter of the academic year.
(b) The Department will create a renewal application for each student who received a loan for one or more terms and who meets the requirements for renewal.
(c) The removal of a student’s subject area from the list of CTS subject areas will not affect eligibility.
(d) For renewal of an undergraduate loan, the student must:
   1. Have earned a minimum cumulative GPA of 2.5 on a 4.0 scale for all undergraduate work.
   2. Have earned a minimum of twelve (12) credit hours per term or the equivalent for the number of terms for which the loan was received.
(e) For renewal of a graduate loan the student must:
   1. Have earned a minimum cumulative GPA of 3.0 on a 4.0 scale for all graduate work.
   2. Have earned a minimum of nine (9) credit hours per term or the equivalent for the number of terms for which the loan was received.

(6) Appeals. A student may appeal decisions of ineligibility made due to failure to meet academic progress requirements or errors made by the Office of Student Financial Assistance under the terms of Rule 6A-20.0371, F.A.C.

(7) Amount of award.
(a) The annual amount of a scholarship shall be one thousand five hundred (1,500) dollars.
(b) The annual amount of an undergraduate loan shall be the cost of education, less other student aid, for a maximum of four thousand (4,000) dollars.
(c) The annual amount of a graduate loan shall be the cost of education, less other student aid, for a maximum of eight thousand (8,000) dollars.

(8) Period of Award. Awards will be made annually for each academic year.

(9) Maximum terms of eligibility.
(a) A scholarship shall be available for a maximum of four (4) semesters or six (6) quarters.
(b) An undergraduate loan shall be available for a maximum of four (4) semesters or six (6) quarters, unless a student is enrolled in a teacher program requiring five (5) years of instruction for initial certification. An undergraduate loan for a student in a five (5) year teacher program shall be available for a maximum of six (6) semesters or nine (9) quarters.
(c) A graduate loan shall be available for a maximum of four (4) semesters or six (6) quarters.

(10) Scholarship nomination procedures. Each eligible secondary school shall review applications submitted by secondary school seniors. Each public secondary school principal shall submit the nomination of three (3) eligible applicants and each nonpublic secondary school principal shall submit the nomination of one (1) eligible applicant to be considered for an award. Each nominees’ Form CHS-1, High School Certification, must be submitted to the Department by April 1.

(11) Scholarship award procedures.
(a) From public secondary school nominees, one (1) scholarship will be awarded to an eligible nominee from each public high school. From nonpublic secondary school nominees, an additional number of scholarships will be awarded in accordance with Section 240.4063(2), Florida Statutes.
(b) Nominees from each public secondary school shall first be ranked according to CTS area, then by GPA and then by nationally recognized standard test scores. One nominee from each public secondary school will be selected by the Department to receive a scholarship.
(c) All nonpublic secondary school nominees shall be ranked first according to CTS area, then by GPA and then by nationally recognized standard test scores. A committee comprised of representatives from nonpublic secondary schools and the Department will select a proportional number of nonpublic secondary school nominees to receive scholarships.
(d) At least fifteen (15) percent of the initial scholarships shall be awarded to minority students. If fifteen (15) percent or less of the total secondary school nominees are minority students, awards will be made to all eligible minority nominees.
(e) The Department may make additional initial awards to eligible nominees if funds are available.
(f) If funds are insufficient to make awards to all eligible renewals and all initial recipients selected, then all awards will be prorated for the second semester or second and third quarter.
(g) The Department shall notify students and institutions of the students’ award eligibility.

(12) Loan award procedures.
(a) The Department shall give priority to eligible renewals.
(b) Initial loan applicants will be considered for awards from funds remaining after all renewals have received the maximum eligible award. If funds are insufficient to award all initial loan applicants, initial loan recipients will be selected first by GPA and second by whether the applicant was a recipient of a scholarship under this program.
(c) The Department shall notify students and institutions of the students’ award eligibility. The award notice to an initial loan applicant will provide for the acceptance of the award in the form of a properly executed Form FTSL-4, Critical Teacher Shortage Forgivable Loan Promissory Note (Fixed Rate), which is hereby incorporated by reference and made a part of this rule to become
advances. The minimum monthly payment shall be fifty (50) dollars or the unpaid balance of the aggregate amount of the loan plus repayment schedule based upon the actual date of completion or termination reported, and shall include the total of all loan student has completed an approved teacher education program or has terminated full-time study, shall provide the student with a full-time study. The Department shall use the expected date of completion reported to the Department by the borrower to establish the thirteenth month after the date of completion of an approved teacher education program or after the date of termination of teaching service.

Interest will not accrue during periods of approved deferment or eligible teaching service or repayment in cash. The ten (10) years shall include any interest. The thirteenth month after the date of completion of an approved teacher education program, or after the date of termination of full-time study. The ten (10) years shall include any interest. However, in no instance shall the minimum monthly payment be less than the accruing monthly outstanding collection costs and to any outstanding interest prior to applying any payment to principal.

Promissory notes. Upon receipt of the institutions’ certification of disbursements to students each academic term, the Department shall enter the disbursed amount on each student’s promissory note. A statement, with the amount of loan financed to date, will be mailed by the Department, or its designee, to the borrower at the end of each academic year.

Student reporting requirements. Form DCOR-1, Student Status Report, is hereby incorporated by reference and made a part of this rule to become effective October 2002. A copy of Form DCOR-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

Scholarship loan recipients shall complete the appropriate section of Form DCOR-1 and return it to the Department upon termination of enrollment, change of name or permanent address or institution, or termination of full-time enrollment. Loan recipients shall complete the appropriate section of Form DCOR-1 and return it to the Department upon completion of the approved teacher education program, termination of enrollment in an approved teacher education program, change of name or permanent address or institution, termination of full-time enrollment, or if requesting a reduction in the loan amount.

Borrower repayment requirements. The Florida Critical Teacher Shortage Forgivable Loan shall be repaid either through eligible teaching service or repayment in cash. Cash repayment. A loan recipient who fails to complete an approved teacher education program or who fails to render the required teaching service in grades pre-K through twelve (12) in a Florida publicly-funded school shall be responsible for repaying the total loan, plus interest and all applicable collection charges. The Department shall charge a borrower an amount equal to reasonable costs incurred in collecting a loan, whether or not provided for in the borrower’s promissory note and subject to any limitation on the amount of those costs in that note. These costs may include, at a minimum, all attorney’s fees, collection agency charges, and court costs.

Procedures for applying cash repayments. The Department, or its designee, shall apply a cash repayment to any outstanding collection costs and to any outstanding interest prior to applying any payment to principal.

Interest rate and accrual. Interest, at an annual rate of eight (8) percent, shall begin to accrue on the first day of the thirteenth month after the date of completion of an approved teacher education program, or after the date of termination of full-time study toward the degree for which the loan was awarded. Interest will not accrue during periods of approved deferment or eligible teaching service.

Repayment beginning date and minimum payment due. Repayment of principal and interest shall begin on the first day of the thirteenth month after the date of completion of an approved teacher education program or after the date of termination of full-time study. The Department shall use the expected date of completion reported to the Department by the borrower to establish the repayment schedule unless notified otherwise in writing. The Department, or its designee, upon receipt of notification that a student has completed an approved teacher education program or has terminated full-time study, shall provide the student with a repayment schedule based upon the actual date of completion or termination reported, and shall include the total of all loan advances. The minimum monthly payment shall be fifty (50) dollars or the unpaid balance of the aggregate amount of the loan plus accrued interest, whichever is less. However, in no instance shall the minimum monthly payment be less than the accruing monthly interest.

Maximum repayment period. A loan, plus interest, shall be paid back within ten (10) years of the date of completion of an approved teacher education program or after the date of termination of full-time study. The ten (10) years shall include any approved periods of deferment pursuant to subsection (31) of this rule.

Collective options. In the collection of principal and loan interest due, the Department shall have the authority to use any reasonable method to assist the borrower in repaying the loan. Such procedures include but are not limited to:

Approving forbearance, and offering graduated repayment and income sensitive repayment schedules.

Matching the names of defaulted borrowers with the names of employees of the state, political subdivisions, or local governments.
(c) Withholding of government wages, pursuant to Section 112.175, Florida Statutes, in the event borrowers fail to enter repayment or fail to make scheduled payments.

(d) Assignment of defaulted loans to the Department’s designated collection agencies.

(e) Reporting of defaulted loans to all national credit bureaus and the National Student Loan Data System (NSLDS).

(f) Withholding of State of Florida lottery winnings pursuant to Section 24.115(4), Florida Statutes.

(24) Teaching service in lieu of cash repayment. In lieu of cash repayment, a recipient who is teaching full-time in a Florida public school shall, within forty-five (45) days of when the eligible teaching service begins, submit to the Department or its designee, Form DNES, Request for Deferment or Notice of Employment Service, which is hereby incorporated by reference and made a part of this rule to become effective July, 1993. A copy of Form DNES may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(25) Definition of eligible teaching service. For teaching service to be counted toward cancellation of a loan, the recipient must be employed full-time in grades pre-K through twelve (12) in a Florida public school.

(26) Definition of a year in teaching. The school year shall comprise the period during which the schools are regularly in session for the minimum number of one hundred eighty (180) days of instruction or the equivalent as defined in Section 228.041(16), Florida Statutes. The loan recipient may be eligible to have allowable interest and principal cancelled upon completion of the following days of eligible teaching service during the regular school year: 45-89 days count for one-fourth a year of eligible teaching service; 90-134 days count for one-half a year of eligible teaching service; 135-179 days count for three-fourths a year of eligible teaching service; 180 days count for one full year of eligible teaching service.

(27) Verification of teaching service. A teacher shall apply for teaching credit for a loan by submitting annually to the Department, within forty-five (45) days of completion of eligible teaching service, Form CES, Certificate of Employment Service, which is hereby incorporated by reference and made a part of this rule to become effective July, 1993. A copy of Form CES may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(28) Teacher cancellation provisions. The Department or its designee, upon receipt of Form CES, shall cancel a maximum of four thousand (4,000) dollars of loan principal, and accrued interest, for each year of eligible teaching service in accordance with the provisions of subsection (26) of this rule.

(29) Returning promissory notes to borrowers. When a total loan indebtedness is satisfied either by rendering teaching service or by cash payment, the Department shall cancel and return the promissory note, Form FTSL-4, to the loan recipient.

(30) Promissory note cancellation due to death or permanent disability. Forgivable Loan Promissory Notes shall be cancelled by the Commissioner upon receipt of the certificate of death of the loan recipient or proof of permanent disability which renders the loan recipient unable to work or unable to teach.

(31) Deferment from repayment and interest accrual. Deferments from repayment and interest accrual may be granted to loan recipients for half-time attendance at a postsecondary institution, for unemployment when the recipient is conscientiously seeking but unable to secure full-time employment as a teacher in a Florida publicly-funded school, and for economic hardships, which will cover a borrower who earns less than minimum wage or exceeds a federally defined debt-to-income ratio, or for other hardships determined by the Department to render the recipient unable to make repayment. A loan recipient may also be eligible for a graduate fellowship deferment, which covers study under an eligible graduate fellowship program, and a rehabilitation training program deferment, which covers a qualified individual’s participation in a rehabilitation training program. Deferments may be granted upon request for a total of up to twenty-four (24) months. Any deferment period may not exceed a maximum of one (1) year. The Department may request documentation of the conditions supporting the request for deferment. To request a deferment, recipients shall file Form DNES. A recipient must notify the Department as soon as conditions for which the deferment was granted no longer exist. Periods of deferment do not extend the maximum repayment period of ten (10) years.

6A-20.040 Occupational Therapist or Physical Therapist Tuition Reimbursement Program.

(1) Therapist. As used in this rule, therapist means an occupational therapist (OT), physical therapist (PT), occupational therapy assistant (OTA) or physical therapist assistant (PTA).

(2) Eligibility requirements. To receive aid, therapists shall meet the provisions of Sections 240.6071 and 240.6075, Florida Statutes, and Rules 6A-20.001 and 6A-20.0371, F.A.C., and:

(a) Submit by September 15, Form FFAA-3, Florida Financial Aid Application for Occupational/Physical Therapists, which is hereby incorporated by reference in this rule to become effective October 2002. Form CPSI-1, Postsecondary Certification, and Form CEMP-1, Employment Certification, as incorporated by reference in Rule 6A-20.012, F.A.C. A copy of Forms FFAA-3, CPSI-1, and CEMP-1, may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(b) Have, at minimum, a valid temporary Florida permit as a therapist from the Department of Health.

(c) Be employed as a therapist full-time in a Florida publicly-funded school as defined in Section 228.041, Florida Statutes, and have been employed as such for a minimum of three (3) years.
(d) Have completed a course intended to improve professional skills or knowledge at a state university or community college, or any Florida college or university which is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools.

(e) Not receive reimbursement from other sources sufficient to pay the full cost of tuition and registration fees for a course(s) for which reimbursement is being sought.

(f) Earn a minimum grade of 3.0 on a 4.0 scale, or its equivalent, in course for which tuition reimbursement is sought.

(g) Not owe a repayment of a federal grant or any state grant or scholarship program unless satisfactory repayment arrangements have been made.

(h) Not be in default on a National Defense Loan, Perkins National Direct Loan, Guaranteed Student Loan, Federally Insured Student Loan, Parent Loans for Undergraduate Students, Auxiliary Loans to Assist Students, or any state loan programs, unless satisfactory repayment arrangements have been made.

(i) Not have received a Critical Occupational Therapist or Physical Therapist Shortage Scholarship Loan or participated in the Critical Occupational Therapist or Physical Therapist Shortage Loan Forgiveness Program.

(3) Application distribution. By October 15 of each year, the Department shall distribute a description of the program and the application process utilizing the State Student Financial Aid Database to Florida publicly-funded school district superintendents. The publicly-funded schools shall be responsible for providing eligible employees with information regarding the program and the necessary forms.

(4) Award procedures. The Department shall make awards after the application deadline. Awards may be prorated based on the number of eligible applicants. An applicant may receive aid for a maximum of nine (9) credit hours during a period beginning with the fall term and ending with the close of the summer term, for a maximum of seventy-eight (78) dollars per credit, for up to a total of thirty-six (36) credits. The Department shall notify applicants of their award eligibility and shall provide for the delivery of funds to eligible applicants on a funds available basis.

(5) Appeals. An applicant may appeal under the terms of Sections 240.404 and 240.4042, Florida Statutes, and Rule 6A-20.0371, F.A.C.

6A-20.041 Occupational Therapist or Physical Therapist Student Loan Forgiveness Program.

(1) Therapist. As used in this rule, therapist means an occupational therapist (OT), physical therapist (PT), occupational therapy assistant (OTA) or physical therapist assistant (PTA).

(2) Eligibility requirements. To receive aid, an applicant shall meet the provisions of Sections 240.6071 and 240.6073, Florida Statutes, and Rules 6A-20.001 and 6A-20.0371, F.A.C., and:

(a) If an initial applicant, submit Form FFAA-3, Florida Financial Aid Application for Occupational/Physical Therapists, as incorporated by reference in Rule 6A-20.040, F.A.C., by July 15 after the end of the academic year in which the applicant worked for the first time as a full-time licensed occupational therapist or therapy assistant or as a licensed physical therapist or therapist assistant for at least ninety (90) days in a Florida publicly-funded school as defined in Section 228.041, Florida Statutes. A copy of Form FFAA-3 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(b) Submit an academic transcript from each postsecondary educational institution which the applicant attended in order to complete their education by July 15.

(c) Submit by July 15, Form CEMP-1, Employment Certification, as incorporated by reference in Rule 6A-20.012, F.A.C. A copy of Form CEMP-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(d) If an initial applicant, submit by July 15 of the first year of full-time employment as a therapist in a Florida public school, Form CLON-1, Loan Certification, as incorporated by reference in Rule 6A-20.013, F.A.C. A copy of Form CLON-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(e) Have, at minimum, a valid temporary Florida permit as a therapist from the Department of Health.

(f) Declare an intent to be employed for a minimum of three (3) years as a licensed therapist in a Florida publicly-funded school.

(g) Have been employed as a therapist in a Florida publicly-funded school for a full school year. A school year shall be a minimum of one hundred eighty (180) days during the period in which schools are regularly in session, or the equivalent as defined in Section 228.041(16), Florida Statutes. If an otherwise eligible applicant completes eligible employment service for at least ninety (90) days during a school year but does not complete one (1) full year of employment, the Department may provide up to one-half of a full award.

(h) Not owe a repayment of a federal grant or any state grant or scholarship program unless satisfactory repayment arrangements have been made.

(i) Not be in default on a loan made under any federal Title IV loan program or any state loan program unless satisfactory repayment arrangements have been made.
(j) Not have received a Critical Occupational Therapist or Physical Therapist Shortage Scholarship Loan or participated in the Critical Occupational Therapist or Physical Therapist Shortage Tuition Reimbursement Program.

(3) Appeals. An applicant may appeal decisions of ineligibility due to errors made by the Office of Student Financial Assistance under the terms of Rule 6A-20.0371, F.A.C.

(4) Amount of award. The annual amount of student loan repayment shall be a maximum of twenty-five hundred (2,500) dollars for undergraduate loans and a maximum of five thousand (5,000) dollars for graduate loans for up to a total amount of five thousand (5,000) dollars annually. The amount of the award is based on the principal balance outstanding on the applicant’s loan as of June 30 prior to the beginning date of full-time employment as a therapist in a Florida publicly-funded school.

(5) Maximum terms of eligibility. Eligible OTs and PTs may receive student loan forgiveness for a maximum of four (4) academic years or a total of ten thousand (10,000) dollars, whichever comes first. Eligible OTAs and PTAs may receive student loan forgiveness for a maximum of two (2) academic years or a total of five thousand (5,000) dollars, whichever comes first.

(6) Award procedures. The Department shall determine eligibility and make awards. Awards may be prorated based on the number of eligible applicants. Renewal applicants will be given priority upon timely receipt of all required forms and documentation. The Department shall notify applicants of their award eligibility.

(7) Payment of award. The Department shall provide for the delivery of funds to a therapist by issuing a warrant made payable to the therapist and the lending institution. If the therapist has more than one lender, the largest loan will be paid first. The Department will forward the warrant to the therapist for submission to the lending institution. However, a therapist who submits documentation from all lenders that all principal balances which were due as of June 30 prior to the beginning date of full-time employment in a Florida publicly-funded school, pursuant to subsection (3) of this rule, have been paid by the therapist, may have the warrant made payable directly to the therapist.

6A-20.042 Occupational Therapist or Physical Therapist Scholarship Loan Program.

(1) Therapist. As used in this rule, therapist means an occupational therapist (OT), physical therapist (PT), occupational therapy assistant (OTA) or physical therapist assistant (PTA).

(2) General eligibility requirements. To receive a Critical Occupational Therapist or Physical Therapist Shortage Scholarship Loan, students shall meet the provisions of Sections 240.404, 240.6071 and 240.6074, Florida Statutes, Rules 6A-20.001 and 6A-20.0371, F.A.C., and:

(a) If an initial applicant, submit by April 15 prior to the academic year for which aid is requested Form FFAA-1, Florida Financial Aid Application for Students as incorporated by reference in Rule 6A-20.020, F.A.C. A copy of Form FFAA-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

(b) Be enrolled in a therapist assistant program, or in the upper division or graduate level of a therapist program at a Florida postsecondary institution pursuant to Section 240.6074(2), Florida Statutes.

(c) Declare an intent to be employed for a minimum of three (3) years as a licensed therapist in a Florida publicly-funded school.

(d) Be enrolled for a minimum of twelve (12) credits for undergraduate study or nine (9) credits for graduate study for each academic term in which aid is received.

(e) Not owe a repayment of a state or federal student grant or scholarship unless satisfactory repayment arrangements have been made.

(f) Not be in default on a state or federal student loan unless satisfactory repayment arrangements have been made.

(g) Not have participated in either the Critical Occupational Therapist or Physical Therapist Shortage Student Loan Forgiveness Program or the Critical Occupational Therapist or Physical Therapist Shortage Tuition Reimbursement Program.

(3) Renewal Requirements. Eligibility for renewal of an award will be evaluated at the end of the second semester or third quarter.

(a) For renewal of an undergraduate scholarship loan, a student must have earned:

1. A minimum institutional cumulative grade point average of 2.0 on a 4.0 scale for all undergraduate work.

2. Twelve (12) credits per term, or the equivalent, for the number of terms the award was received.

(b) For renewal of a graduate scholarship loan, a student must have earned:

1. A minimum cumulative grade point average of 3.0 on a 4.0 scale for all graduate work.

2. Nine (9) credit hours per term, or the equivalent, for the number of terms the award was received.

(4) Appeals. A student may appeal decisions of ineligibility due to failure to meet academic progress requirements or errors made by the Office of Student Financial Assistance under the terms of Rule 6A-20.0371, F.A.C.

(5) Amount of award. The annual amount of the scholarship loan shall be for the cost of education, less other student aid, for a maximum of four thousand (4,000) dollars.

(6) Period of award. Awards will be made annually for the respective academic year.

(7) Maximum terms of eligibility. A student shall be eligible to receive a scholarship loan for a maximum of four (4) semesters or six (6) quarters.
(8) Award procedures.
   (a) The Department shall give priority to eligible renewals. If funds are insufficient to provide full awards to all eligible renewals, then available funds will be prorated among eligible renewals.
   (b) Initial applicants will be considered for awards from funds remaining after all renewals have received the maximum eligible award. If funds are insufficient to award all initial applicants, initial recipients will be ranked and selected on the basis of unweighted GPA.
   (c) The Department shall notify students and institutions of the students’ award eligibility. The notice of eligibility to an initial applicant will provide for the acceptance of the award in the form of a properly executed promissory note, Form OPL-2, Occupational Therapist or Physical Therapist Scholarship Loan Program Promissory Note (Fixed Rate), which is hereby incorporated by reference and made a part of this rule to become effective April, 1996. A copy of this form may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.
   (9) Payment of Awards. The Department shall provide for the delivery of funds to students by transmitting the funds each academic term to the institutions for distribution.
   (10) Institutional responsibilities.
      (a) Participating institutions shall verify the continued eligibility of awarded students, provide for the disbursement of funds to students, comply with the Department’s reporting requirements, and refund to the Department any undisbursed funds.
      (b) Institutions shall annually certify to the Department the cost of education and other student aid received.
      (c) Within thirty (30) days of the end of the regular registration period each academic term, the Department shall be notified of the eligibility status of awarded students.
      (d) Institutions shall certify disbursements of funds to students, and submit any refunds and cancellations to the Department within sixty (60) days of the end of the institution’s regular registration period.
      (11) Promissory notes. Upon receipt of the institutions’ certification of disbursements to students each academic term, the Department shall enter the disbursed amount on each student’s promissory note. A statement, with the amount of loan financed to date, will be mailed by the Department, or its designee, to the borrower at the end of each academic year.
      (12) Borrower repayment requirements. The Occupational Therapist and Physical Therapist Scholarship Loan Program shall be repaid either through eligible employment service or repayment in cash.
      (13) Cash repayment. A scholarship loan recipient who fails to complete an approved therapist program or who fails to render the required employment service in a Florida public school shall be responsible for repaying the total scholarship loan plus interest and all applicable collection charges. Whether or not provided for in the borrower’s promissory note and subject to any limitation on the amount of those costs in that note, the Department shall charge a borrower an amount equal to reasonable costs incurred in collecting a loan. These costs may include, at a minimum, all attorney’s fees, collection agency charges, and court costs.
      (14) Procedures for applying cash repayments. The Department, or its designee, shall apply a cash repayment to any outstanding collection costs and to any outstanding interest prior to applying any payment to principal.
      (15) Interest rate and accrual. Interest at the annual rate of eight (8) percent shall begin to accrue on the first day of the thirteenth month after the date of completion of an approved therapist program, or after the date of termination of full-time study. Interest shall not accrue during periods of deferment or eligible employment service.
      (16) Repayment beginning date and minimum payment due. Repayment of principal and interest shall begin on the first day of the thirteenth month after the date of completion of an approved therapist program or after the date of termination of full-time study, unless otherwise approved by the Department. The Department shall use the expected date of completion reported to the Department by the borrower to establish the repayment schedule unless notified otherwise in writing. The Department, or its designee, upon receipt of notification that a student has completed an approved therapist program or has terminated full-time study, shall provide the student with a repayment schedule based upon the actual date of completion or termination reported, and shall include the total of all loan advances. The minimum monthly payment shall be fifty (50) dollars or the unpaid balance of the aggregate amount of the loan plus accrued interest, whichever is less. However, in no instance shall the minimum monthly payment be less than the accruing monthly interest.
      (17) Maximum repayment period. A scholarship loan, plus interest, shall be paid back within ten (10) years of the date of completion of an approved therapist program or after the date of termination of full-time study. The ten (10) years shall include any approved periods of deferment pursuant to subsection (25) of this rule.
      (18) Collection options. In the collection of payment of loan interest and principal due, the Department shall have the authority to use any reasonable method to assist the borrower in repaying the loan. Such procedures include but are not limited to:
         (a) Approving forbearances, and offering graduated repayment and income sensitive repayment schedules.
         (b) Matching the names of defaulted borrowers with the names of employees of the state, political subdivisions, or local governments.
         (c) Withholding of government wages, pursuant to Section 112.175, Florida Statutes, in the event borrowers fail to enter repayment or fail to make scheduled payments.
         (d) Assignment of defaulted loans to the Department’s designated collection agencies.
         (e) Withholding of State of Florida lottery winnings pursuant to Section 24.115(4), Florida Statutes.
(19) Employment service in lieu of cash repayment. In lieu of cash repayments, a recipient who is under full-time contract and employed in a Florida public school shall, within forty-five (45) days of when the eligible employment service begins, submit to the Department, or its designee, Form DNES, Request for Deferment or Notice of Employment Service, which is hereby incorporated by reference and made a part of this rule to become effective July, 1993. A copy of Form DNES may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399. (20) Definition of a year of employment. A school year shall be a minimum of one hundred eighty (180) days during the period in which schools are regularly in session, or the equivalent as defined in Section 228.041(16), Florida Statutes. A therapist may be eligible to have allowable interest and principal cancelled upon completion of the following days of eligible employment service during the regular school year: 45-89 days counts for one-fourth a year of eligible employment service; 90-134 days counts for one-half a year of eligible employment service; 135-179 days counts for three-fourths a year of eligible employment service; 180 days counts for one full year of eligible employment service. (21) Verification of employment service. A therapist shall apply for employment credit for a loan by submitting annually to the Department, within forty-five (45) days of completion of eligible employment service, Form CEMP-1, Employment Certification, as incorporated by reference in Rule 6A-20.012, F.A.C. A copy of Form CEMP-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399. (22) Employment cancellation provisions. The Department or its designee, upon receipt of Form CES, shall cancel a maximum of two thousand (2,000) dollars of loan principal and accrued interest for each year of eligible employment service that is verified in accordance with the provisions of subsection (21) of this rule. (23) Returning promissory notes to borrowers. When a total loan indebtedness is satisfied either by rendering employment service or by cash payment, the Department shall cancel and return the promissory note, Form OPSL-2, to the scholarship loan recipient. (24) Promissory note cancellation due to death or permanent disability. Scholarship loan promissory notes shall be cancelled by the Commissioner upon receipt of the certificates of death of the scholarship loan recipient or proof of permanent disability which renders the scholarship loan recipient unable to work. (25) Deferments from repayment and interest accrual. Deferments from repayment and interest accrual may be granted to scholarship loan recipients for full-time attendance at a postsecondary institution, for unemployment when the recipient is conscientiously seeking but unable to secure full-time employment as a therapist in a Florida publicly-funded school, and for economic hardships, which will cover a borrower who earns less than minimum wage or exceeds a federally defined debt-to-income ratio, or for other hardship which the Department determines renders the recipient unable to make repayment. A loan recipient may also be eligible for a graduate fellowship deferment, which covers study under an eligible graduate fellowship program, and a rehabilitation training program deferment, which covers a qualified individual’s participation in a rehabilitation training program. Deferments may be granted upon request for a total of up to twenty-four (24) months. Any deferment period may not exceed a maximum of one (1) year. To request a deferment, a recipient shall file Form DNES. The Department may request documentation of the conditions supporting the request for deferment. A recipient must notify the Department as soon as conditions for which the deferment was granted no longer exist. Periods of deferment do not extend the maximum repayment period of ten (10) years. (26) Form DCOR-1, Student Status Report, as incorporated by reference in Rule 6A-20.039, F.A.C., may be used by scholarship loan recipients to report completion of the approved program of studies, termination of enrollment in an approved program of studies, name and permanent address changes, change of institution, termination of full-time undergraduate enrollment, or to request a reduction in the award amount. A copy of Form DCOR-1 may be obtained from the Office of Student Financial Assistance, Department of Education, 325 West Gaines Street, Tallahassee, Florida 32399.

6A-20.044 Limited Access Competitive Grant.

(1) General eligibility requirements. To receive a Limited Access Competitive Grant, a student shall meet the provisions of Sections 240.6045, 240.404, 240.4042, 240.4045, Florida Statutes, and Rules 6A-20.001, 6A-20.003, 6A-20.005, 6A-20.006, F.A.C., and:

(a) Be a graduate of a Florida community college or a transfer student from a state university.

(b) Be admitted to an undergraduate program of study at the upper division level in a designated limited access competitive program at an eligible institution, pursuant to Section 240.6045(4), Florida Statutes.

(c) Provide evidence that the student applied to a state university for admission to a designated limited access competitive program, was eligible, but was denied admission due to the lack of space.

(d) Not previously have received a bachelor’s degree.

(e) Be enrolled as a full-time student.

(f) Not owe a repayment of a federal grant or any state grant or scholarship unless satisfactory repayment arrangements have been made.
(g) Not be in default on a loan made under any federal Title IV program or any state student loan program unless satisfactory repayment arrangements have been made.

(2) Notification of Eligible Programs. Annually, upon approval by the State Board of Education, the Department shall notify state universities, community colleges and participating independent institutions which programs have been designated as limited access competitive programs.

(3) Institutional Eligibility. Eligible independent institutions will be those institutions which meet the provisions of Section 240.4065(4), Florida Statutes, and the provisions of this rule.

(4) Institutional Application. Institutions shall apply to the Department to participate in the Limited Access Competitive Grant Program by annually submitting Form LACG-1, Institutional Limited Access Competitive Grant Application to Participate, which is hereby incorporated by reference and made a part of this rule to become effective March 1996. A copy of Form LACG-1 may be obtained from the Office of Student Financial Assistance, Florida Department of Education, Florida Education Center, Tallahassee, Florida 32399-0400. Applications to be given priority shall be received no later than April 30 of each year. Applications received after this date will be considered from remaining funds on a first come first serve basis.

(5) Allocation Procedures. The Department will determine the total number of awards available to be distributed to eligible institutions and allocate funds to institutions meeting the application deadline through the following procedures:

(a) The legislative appropriation will be divided by the amount of a full award, pursuant to the provisions of Section 240.6045(4), Florida Statutes, to determine the number of student awards to be distributed to institutions.

(b) Allocations to participating institutions will be based on the total number of limited access spaces committed by each participating institution on Form LACG-1.

(c) If funds are insufficient to fully fund all such spaces, the Department will prorate the number of spaces available to each institution by dividing the total number of spaces committed by all institutions by the number of spaces committed by each specific institution to determine the percent of available spaces for each eligible institution. Each institution’s percent of available spaces will be applied to the total number of available awards to determine the number of spaces to be allocated. The amount of a full award will be allocated for each allocated space.

(d) When an institution is unable to enroll students to fill all of its allocated spaces for the first semester of the academic year, the Department may reallocate funds on a first come first served basis to other institutions that provide evidence of additional spaces for eligible students.

(6) Disbursements to Institution. Prior to the beginning of each term, the Department will disburse one-half or one-third of an institution’s allocation for semester or quarter schools, respectively.

(7) Priorities in selecting students for awards. Institutions shall give priority for initial awards to eligible students who are Florida residents and are either graduates of Florida high schools transferring from state universities or are graduates of Florida community colleges. Renewal applicants who meet the provisions of Section 240.404(1)(b), Florida Statutes, and the institution’s measurable progress standards will receive priority over eligible initial students.

(8) Maximum Terms of Eligibility. The maximum terms of eligibility is four (4) semesters or six (6) quarters of upper division work. However, students who must complete prerequisites necessary to enroll in courses mandated by limited access competitive programs degree requirements, and students who are enrolled in five (5) year limited access degree programs, may be eligible for an award for up to six (6) semesters or eight (8) quarters.

(9) Institutional Responsibilities. Participating institutions shall:

(b) Recruit students for the program, determine eligibility, and notify students of their award eligibility;

(c) Disburse each term to eligible recipients one-half or one-third of the award amount, for semester or quarter schools respectively;

(d) Submit each academic term to the Department Form LACG-2, Limited Access Competitive Grant Disbursement Report, which is hereby incorporated by reference and made a part of this rule to become effective March 1996. A copy of Form LACG-2 may be obtained from the Office of Student Financial Assistance, Florida Department of Education, Florida Education Center, Tallahassee, Florida 32399-0400. Form LACG-2 must be received by the Department no later than thirty (30) days after the end of the institution’s regular registration period, inclusive of the drop-add period.

(e) Notify the Department of the amount of unused funds no later than thirty (30) days after the end of the institution’s regular registration period, inclusive of the drop-add period;

(f) Refund to the Department the amount of unused funds within sixty (60) days of the end of the institution’s regular registration period, inclusive of the drop-add period; and

(g) Be in compliance with the accountability process established by Postsecondary Education Planning Commission (PEPC), pursuant to Section 240.6045(7), Florida Statutes.

Specific Authority 229.053(1), 240.4041, 240.6045(6) FS. Law Implemented 240.404, 240.4042, 240.6045 FS. History–New 3-20-96.
6A-20.099 Florida Federal Family Education Loan Program.
General purpose and authority of the Department of Education as the state guarantee agency. The primary purpose of the Florida Federal Family Education Loan Program (FFELP) is to provide financial assistance to students in pursuit of postsecondary education. The Department of Education, hereinafter referred to as the Department, shall serve as the designated agency within the state to administer student loans and loan guarantees authorized by law for persons determined eligible under the applicable provisions of the Higher Education Act of 1965 as amended (ACT). The Department shall ensure that its programs meet the requirements of 34 CFR 600, 34 CFR 668 and 34 CFR 682. The Department shall require participating parties in the FFELP to comply with the ACT and the Code of Federal regulations as cited herein.

This rule is adopted to implement the requirements of Section 240.4041, Florida Statutes, to establish criteria for documentation of a postsecondary student’s disability, as defined by the Americans with Disabilities Act, for financial aid eligibility as a part-time student.

(1) The professional who prepares documentation must have expertise in the area related to the disability in question and be a licensed physician; a licensed psychologist; a licensed school psychologist; a certified school psychologist; a licensed audiologist; a licensed speech-language pathologist; or, a certified school speech-language pathologist.

(2) The documentation must be sufficiently recent, as determined by the educational institution, and include a valid and reasonable assessment of the student’s needs; be specific and conclusive, demonstrating that the student has physical, emotional or mental impairment(s) which substantially limit(s) one or more major life activities, as well as showing how the disability will substantially limit the student’s ability to meet the minimum full-time load requirements.

(3) The educational institution shall notify the Bureau of Student Financial Assistance with each term’s disbursement report of any student with disabilities for whom the part-time status is a necessary accommodation.

Specific Authority 229.053(1) FS. Law Implemented 240.4041 FS. History–New 3-12-00.
CHAPTER 6A-22 REEMPLOYMENT SERVICES – WORKERS’ COMPENSATION

6A-22.001 Definitions.

6A-22.002 Rehabilitation Provider Qualifications.

6A-22.003 Reemployment Status Review.

6A-22.004 Notice Requirements.

6A-22.005 Carrier Referrals for Services.

6A-22.007 Vocational Evaluations.

6A-22.008 Reemployment Services and Programs.

6A-22.009 Employee Responsibilities.

6A-22.010 Reporting Services and Costs: Qualified Rehabilitation Provider and Employer or Carrier Responsibilities.

6A-22.011 List of Forms.

6A-22.012 Expenditures from the Workers’ Compensation Administration Trust Fund.

6A-22.001 Definitions.

(1) “Cooperative working agreement” means a written contractual agreement between the Department and a qualified rehabilitation provider or a public or private agency to provide comprehensive reemployment services such as on-the-job training development, job placement and follow up.

(2) “Customary residence” is the injured employee’s place of permanent residence.

(3) “Customary vicinity” is the distance traveled by the injured employee from his customary residence to his place of employment at the time of injury.

(4) “Education program” means a formal course of study or a certificate program in a training and education facility, agency or institution operating under Chapters 239, Part II, 240, Parts II and III or 246, F.S., or a career education program defined in Chapter 228.041(22)(c), F.S., which states: “At the post secondary education level, courses of study that provide vocational competencies needed for entry into specific occupations or for advancement within an occupation.” Outside of the State of Florida, an education program shall be approved as governed by comparable statutes of that state.

(5) “Ergonomic job analysis” is the objective study of the relationship among job demands, environmental conditions and human functional characteristics.

(6) “Good cause” is termination resulting from employee conduct:

(a) Evincing such willful or wanton disregard of an employer’s interests as is found in deliberate violation or disregard of standards of behavior which the employer has the right to expect of his employee; or

(b) Carelessness or negligence of such a degree or recurrence as to manifest culpability, wrongful intent, or evil design, or to show an intentional and substantial disregard of an employer’s interests or of the employee’s duties and obligations to his employer.

(7) “Individualized written rehabilitation program” (IWRP) is an individualized written rehabilitation program as defined in the Rehabilitation Act of 1973, 29 U.S.C. §§ 701, et seq.

(8) “Labor market” means an area not to exceed a 50 mile radius of the injured employee’s customary vicinity.

(9) “On-the-job training (OJT) contractor” is a qualified rehabilitation provider or employee of a public or private agency which has entered into a cooperative working agreement with the Department for the provision of on-the-job development and follow-up services.

(10) “On-the-job training (OJT) contract” is a contract between an employer, injured employee and the Department in which an employer agrees to hire an injured employee subject to the same working conditions and benefits as all other similarly situated employees. Pursuant to the contract, the employer shall provide training and adequate supervision to enable the injured employee to achieve predetermined competencies to ensure a return to suitable gainful employment with the contract employer at the end of the contract period.

(11) “Rehabilitation Company” means a business entity such as a corporation, partnership, or sole proprietorship which employs or contracts to provide services pursuant to Section 440.491, F.S.

(12) “Rehabilitation Facility” means an institution or agency accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF) for a specific vocational rehabilitation program.

(13) “Test-site” is a Department approved location that may be inspected by the Department, to be used by a qualified rehabilitation provider for vocational evaluation and assessment services.

(14) “Trial period of reemployment” is a period of employment to validate whether an injured employee who has been determined to be permanently and totally disabled has been rehabilitated to the extent that he has reestablished an earning capacity.

(15) “Vocational evaluator” is a qualified individual employed by the Department or who holds the designation of a certified vocational evaluator and is approved by the Department to perform vocational evaluations.

(16) “Vocational specialist” means an individual who possesses:

(a) A master’s degree in vocational rehabilitation (counseling, evaluation, adjustment); or
(b) Is certified by the Commission on Rehabilitation Counselor Certification, or by the Commission on Certification of Work Adjustment and Vocational Evaluation Specialists; and
(c) Is employed by a CARF-accredited facility.

Specific Authority 440.491(5), (6), (7), (8) FS. Law Implemented 440.491 FS. History–New 7-1-96, Amended 2-9-00, 6-26-01, Formerly 38F-55.001.

6A-22.002 Rehabilitation Provider Qualifications.
(1) The Department shall approve qualified rehabilitation providers who submit proof of meeting the following requirements:
(a) Rehabilitation nurse:
1. A current Florida license as a registered professional nurse, and
2. A current C.R.R.N. certificate as a Certified Rehabilitation Registered Nurse from the Association of Rehabilitation Nurses, or
3. A current C.O.H.N. certificate as a Certified Occupational Health Nurse from the American Board for Occupational Health Nurses, or
4. A current C.R.C. certificate as a Certified Rehabilitation Counselor from the Commission on Rehabilitation Counselor Certification, or
5. A current C.D.M.S. certificate as a Certified Disability Management Specialist from the Certification of Disability Management Specialists Commission.
(b) Rehabilitation counselor:
1. A current C.R.C. certificate as a Certified Rehabilitation Counselor from the Commission on Rehabilitation Counselor Certification, or
(c) Vocational evaluator: A current C.V.E. certificate as a Certified Vocational Evaluator from the Commission on Certification of Work Adjustment and Vocational Evaluation Specialists.
(d) Facilities, other than hospitals:
1. Current accreditation by CARF in a specific vocational rehabilitation program in which the facility will provide services, and
2. Designation on the application of the qualified rehabilitation counselor or vocational specialist who will be a member of the core team to provide services to injured employees.
(e) Companies:
1. Employ qualified rehabilitation providers and are,
2. Incorporated under Chapters 607 and 617, F.S., or are a partnership under Chapter 620, F.S.
(2) Applicants applying for renewal shall submit a non-refundable $25.00 biennial renewal fee, and a signed, typed and completed qualified rehabilitation provider application on form DWC-96, which is incorporated by reference into this rule, and a copy of current certification and applicable licensure.
(a) Attendance at a Department sponsored or approved qualified rehabilitation provider workshop is required before the initial application and also before each renewal.
(b) An applicant whose qualified rehabilitation provider number has expired shall not provide services to injured employees until notification of renewal is received from the Department.
(3) Each applicant shall submit a signed, typed and completed form DWC-96, proof of attendance at a Department sponsored or approved qualified rehabilitation provider workshop, and a non-refundable check or money order in the amount of $25.00 payable to Workers’ Compensation Administrative Trust Fund to the Department of Education, Bureau of Rehabilitation and Reemployment Services, Provider Relations Section, 2728 Centerview Drive, 101A Forrest Building, Tallahassee, Florida 32399-0664. Illegible or unsigned applications and applications submitted without the application fee shall be returned.
(a) Attendance at a Department sponsored or approved qualified rehabilitation provider workshop is required before the initial application and also before each renewal.
(b) An applicant whose qualified rehabilitation provider number has expired shall not provide services to injured employees until notification of renewal is received from the Department.
(3) Each applicant shall submit a signed, typed and completed form DWC-96, proof of attendance at a Department sponsored or approved qualified rehabilitation provider workshop, and a non-refundable check or money order in the amount of $25.00 payable to Workers’ Compensation Administrative Trust Fund to the Department of Education, Bureau of Rehabilitation and Reemployment Services, Provider Relations Section, 2728 Centerview Drive, 101A Forrest Building, Tallahassee, Florida 32399-0664. Illegible or unsigned applications and applications submitted without the application fee shall be returned.
(4) Department approval of a qualified rehabilitation provider, facility or company shall be revoked for one or more of the following:
(a) Revocation of credentials or certification by the applicable certification or credentialing board.
(b) Misrepresentation of credentials or certification.
(5) Employees of the Department, other public agencies and private agencies receiving federal or state funds to provide reemployment services are exempt from the requirements of subsections 6A-22.002(2) and (3), F.A.C.

Specific Authority 440.491(7) FS. Law Implemented 440.491(7) FS. History–New 7-1-96, Amended 6-26-01, Formerly 38F-55.002.

6A-22.003 Reemployment Status Review.
(1) The carrier shall conduct a reemployment status review by completing a reemployment status review form on the DWC-22, which is incorporated by reference in Rule 6A-22.011, F.A.C.
(2) The carrier shall complete form DWC-22 within 15 days of the reporting requirement deadlines set forth in Section 440.491(3)(a), F.S., and
(a) Shall retain a copy in the carrier’s file, and
(b) Shall submit form DWC-22 to the Department within 15 business days of completion.

Specific Authority 440.491(3), (5), (6), (8) FS. Law Implemented 440.491 FS. History–New 7-1-96, Amended 6-26-01, Formerly 38F-55.005.

6A-22.004 Notice Requirements.

(1) If an injured employee remains unemployed 180 days after the date of accident and is receiving compensation, the carrier shall notify the injured employee in writing within 190 days of the date of accident of the availability of a Department screening.

(2) A carrier shall use the following written notice: “Your continuing disability indicates you may be unable to perform the duties of the job held at the time of your work-related injury. If this is correct and you are unable to return to work in any capacity with your current employer or find other employment which would allow you to earn your pre-injury wages, you may be eligible for a screening for reemployment services from the State of Florida, Department of Education. Upon receipt of your request, the Department will assess your case to determine what services are necessary to return you to suitable gainful employment. Reemployment services that you may be eligible for include job seeking skills training, counseling, referrals to other agencies, job market information, transferable skills analysis, job development, job placement, job analysis, job modification, vocational testing, vocational evaluation, on-the-job training, or formal training and education. Additionally, if you have reached maximum medical improvement, the carrier shall pay temporary total disability benefits for a period up to 26 weeks upon beginning a Department approved retraining program or the carrier may elect to pay temporary partial disability/wage loss benefits if you earn wages as the result of on-the-job training or work while enrolled in a program. An additional 26 weeks may be approved if deemed necessary by the Judge of Compensation Claims. To request a screening, contact your local state Division of Vocational Rehabilitation District Office or the Central Office in Tallahassee at (850) 488-3431 and ask to speak with a staff person in the Reemployment Services Section of the Bureau of Rehabilitation and Reemployment Services.” The carrier shall send a copy of this notification to the Bureau of Rehabilitation and Reemployment Services, Department of Education, 101A Forrest Building, 2728 Centerview Drive, Tallahassee, Florida 32399-0664 within ten days of mailing the notification to the injured employee.

Specific Authority 440.491(5), (6), (8) FS. Law Implemented 440.491 FS. History–New 7-1-96, Amended 6-26-01, Formerly 38F-55.006.

6A-22.005 Carrier Referrals for Services.

(1) A carrier may make a referral of an injured employee at anytime to the Department to be considered for the Department provided reemployment services program. The carrier shall make referrals to the Department for reemployment services on a request for screening form DWC-23, which is incorporated by reference in Rule 6A-22.011, F.A.C.

(2) Upon discontinuation of carrier sponsored services pursuant to Section 440.491(5), F.S., the carrier shall make referrals to the Department for reemployment services on a request for screening form DWC-23, which is incorporated by reference in Rule 6A-22.011, F.A.C.

(3) A Form DWC-23 submitted by the carrier to the Department shall not be considered complete until signed by the injured employee.

Specific Authority 440.491(5), (6), (8) FS. Law Implemented 440.491 FS. History–New 7-1-96, Amended 6-26-01, Formerly 38F-55.008.

(1) A request for screening is made using a form DWC-23. Before the Department will consider a request complete and initiate a screening, the injured employee must sign the form DWC-23.

(2) The screening process shall consist of:
   (a) A review of all available medical and vocational documentation relevant to the compensable injury to determine whether the injured employee is able to perform the duties of the pre-injury occupation; and
   (b) A review of the documentation which supports the payment of temporary partial disability and wage loss benefits to determine the injured employee’s inability to obtain suitable gainful employment because of his injury; and
   (c) An interview with the injured employee.

(3) The carrier shall provide, within 10 business days of receipt of a request from the Department, any medical, vocational, and other requested documents or reports related to the injured employee’s workers’ compensation case.

(4) The Department may request the information directly from the authorized treating physician(s), or qualified rehabilitation provider(s), or obtain the services of an expert medical adviser to identify the injured employee’s ability to return to work, permanent impairment rating, and permanent work restrictions.

(5) The Department shall not provide a vocational evaluation or any reemployment services when form DWC-23, which is signed by the injured employee, is received by the Department more than one (1) year from the date of last payment of indemnity benefits or the furnishing of remedial treatment, care, or attendance from the employer or carrier.

(6) Following a Department screening the Department shall not provide any additional reemployment services or refer the injured employee for a vocational evaluation.
(a) If the injured employee has filed a claim for permanent total disability benefits under Section 440.15(1), F.S., which the carrier has denied, wherein either the injured employee’s medical condition or vocational capabilities are in dispute, until such time as an Office of the Judge of Compensation Claims adjudicates the injured employee’s claim; or
(b) If the injured employee’s medical condition is unresolved or unstable, until such time as the medical condition becomes stable; or
(c) If the injured employee has reached maximum medical improvement and returned to and maintained suitable gainful employment for at least 90 calendar days; or
(d) If the injured employee refuses to accept reemployment services from the Department.
(7) The Department shall not refer the injured employee for a vocational evaluation if the injured employee:
(a) Has returned to suitable gainful employment as a result of placement services provided by the Department; or
(b) Has no documented permanent physical restrictions related to the injury; or
(c) Has transferable skills which would allow return to work in suitable gainful employment; or
(d) Was terminated by the employer for good cause unrelated to the injury or any restrictions or limitations resulting therefrom; or
(e) Terminated suitable gainful employment for reasons unrelated to the injury.

Specific Authority 440.491(5), (6), (8) FS. Law Implemented 440.491 FS. History–New 7-1-96, Amended 6-26-01, Formerly 38F-55.009.

6A-22.007 Vocational Evaluations.
(1) The provision of Department sponsored vocational evaluations shall be limited to one per injured employee, per date of accident. Vocational evaluations shall be adapted to the specific needs of an injured employee to insure validity.
(2) The Department shall accept a vocational evaluation only if the vocational evaluation meets the requirements of and contains the information identified in paragraph 6A-22.010(2)(e), F.A.C.

Specific Authority 440.491(5), (6), (8) FS. Law Implemented 440.491 FS. History–New 7-1-96, Formerly 38F-55.010.

6A-22.008 Reemployment Services and Programs.
(1) The Department shall approve sponsorship of reemployment services provided through an on-the-job training program, vocational assessment, job placement or a training and education program when recommended and approved as part of a Department reemployment plan.
(2) The Department will approve and sponsor retraining services if:
(a) The vocational evaluation is completed by a Department approved vocational evaluator, and
(b) The vocational evaluation contains the information identified in paragraph 6A-22.010(2)(e), F.A.C.; and
(c) The vocational evaluation demonstrates that the injured employee:
1. Has no transferable skills which would allow for return to suitable gainful employment with the same employer, same job; same employer, different or modified job; new employer, same job; new employer, modified or different job; or
2. Requires additional Department sponsored reemployment services to enable the injured employee to return to suitable gainful employment.
(3) The Department shall sponsor retraining programs which exceed 52 weeks only when there is no program shorter than 52 weeks which would enable the injured employee to return to suitable gainful employment, the injured employee provides a plan for living expenses during the period in excess of 52 weeks, and one of the following conditions apply:
(a) The injured employee has no formal marketable vocational training and education; or
(b) The injured employee has documented physical restrictions as a result of the injury.
(4) If the Department determines a training program is necessary to return an injured employee to suitable gainful employment, the Department shall have the exclusive right to determine the educational programs and facilities at which to sponsor the injured employee.
(a) Training at private education facilities shall not be approved unless such recommended training is not offered at a public educational facility or provides an overall cost/time savings to the Workers’ Compensation System, which can be justified.
(b) Training programs which only accept students from an applicant pool after the students complete a prerequisite curriculum may be approved only if the injured employee presents evidence of acceptance into such program.
(c) Baccalaureate or Graduate level studies may be approved only if the program capitalizes on prior education and/or aptitudes, and
1. The program under consideration firmly establishes marketability toward suitable gainful employment for that injured employee, and
2. The injured employee presents evidence of acceptance into a degree program prior to the Department’s Disposition letter of approval, and
3. The program does not exceed the level of a Master’s degree.
(5) The Department shall not transfer its sponsorship of reemployment services outside the range of the labor market survey unless a labor market survey for the new area supports the specific recommendation of the vocational evaluation.
(6) The Department shall not sponsor reemployment services if the vocational evaluation does not recommend reemployment services.

Specific Authority 440.491(5), (6) FS. Law Implemented 440.491 FS. History—New 7-1-96, Amended 2-9-00, 6-26-01, Formerly 38F-55.011.

6A-22.009 Employee Responsibilities.

Upon approval of Department sponsored reemployment services, the injured employee and Department staff shall sign and date a Department and student agreement for sponsorship of training and education form DWC-24, which is incorporated by reference in Rule 6A-22.011, F.A.C.

Specific Authority 440.491(5), (6) FS. Law Implemented 440.491 FS. History—New 7-1-96, Amended 6-26-01, Formerly 38F-55.012.

6A-22.010 Reporting Services and Costs: Qualified Rehabilitation Provider and Employer or Carrier Responsibilities.

(1) A qualified rehabilitation provider providing employer or carrier sponsored reemployment services shall:
   (a) Submit a properly completed individualized written rehabilitation program within 30 days of referral which specifies the recommended services and associated costs necessary to return the injured employee to suitable gainful employment, using terminology consistent with Department service code descriptions to the employer or carrier for approval when recommending:
       1. Reemployment services as a result of a reemployment assessment, or
       2. Three or more counseling sessions, or
       3. A vocational evaluation, or
       4. A work evaluation, or
       5. Training and education, including on-the-job training, or
       6. Placement services, or
       7. Changes to the initial individualized written rehabilitation program.
   (b) Maintain a copy of the properly completed individualized written rehabilitation program in the injured employee’s file.

(2) A certified vocational evaluator providing Department sponsored vocational evaluations shall:
   (a) Ensure any test site used for Department sponsored vocational evaluations meets the definition of “test site” set forth in subsection 6A-22.001(13), F.A.C.; and
   (b) Be responsible for the administration, scoring and interpretation of all testing instruments and work samples used as part of the vocational evaluation process; and
   (c) Remove or cure conditions that invalidate test results; and
   (d) Provide adaptive evaluation tools or techniques to accommodate any physical or functional disability or language barrier; and

(3) Any qualified rehabilitation provider providing any employer or carrier or Department sponsored reemployment services, reemployment assessments or medical care coordination shall submit with each DWC-21, which is incorporated by reference into this rule, a written report which reports services provided and expected outcomes, covering the following points:
   (a) Summary by date of contacts with the injured employee and other pertinent parties; and
   (b) Problems or issues adversely affecting the reemployment process and the corrective actions taken in that process; and
(c) Continuing feasibility of the reemployment plan; and
(d) Vocational activities planned for the subsequent month; and
(e) Justification for change or modification of current plan.

(4) Upon request a qualified rehabilitation provider providing a Department sponsored reemployment service, including a vocational evaluation, shall make available to the Department information and documentation to certify that the authorized service that was rendered is complete pursuant to Rule 6A-22.010, F.A.C., if such information or documentation is identified by the Department.

(5) Failure of a qualified rehabilitation provider providing Department sponsored reemployment services to submit the written report and additional information and documentation as required by this rule shall result in the:
   (a) Reassignment of the case,
   (b) Termination of the contract,
   (c) Forfeiture of any monies owing at the time of termination of contract.
(6) A qualified rehabilitation provider providing either employer or carrier or Department sponsored reemployment services, reemployment assessments, medical care coordination and vocational evaluations, shall:
   (a) Report on form DWC-21 only those services provided by or through the authorized qualified rehabilitation provider. Services not rendered by or through the qualified rehabilitation provider may not be billed or reimbursed.
   (b) Submit a properly completed form DWC-21 listing the specific service(s) provided, utilizing only valid service codes and descriptors for those direct services rendered to the injured employee. Direct services are those services provided or required by an individualized written rehabilitation program. Other services are to be billed in the manner agreed upon by the employer or carrier and the qualified rehabilitation provider.

1. The initial form DWC-21 shall be submitted to the Department within 30 days of the contract approval date for Department sponsored services or to the employer or carrier within 30 days of the date of the referral for employer or carrier sponsored services.
2. An interim DWC-21 shall be submitted at 30-day intervals thereafter during which the authorized services are provided. The DWC-21 should not be filed if services are not provided within any 30-day period.
3. A final DWC-21 shall be submitted within 30 days of the date of the last service provided or according to the terms of a contract with the Department for vocational evaluation services.
   (c) Close a file and submit a final DWC-21 when attorney involvement interferes with the provision of direct services.
(7) Any qualified rehabilitation provider or employee of the Department or other public or private agencies administering, scoring and interpreting testing instruments shall have the training and education required by the publisher of the testing instrument.
(8) Testing instruments, including work samples, used in vocational evaluations or other reemployment service activities may be administered and scored under the supervision of a qualified rehabilitation provider. Testing instruments shall be interpreted by the qualified rehabilitation provider with whom the contract for services is authorized.

(9) The employer or carrier shall:
   (a) Ensure that the information required in this rule is provided on the form DWC-21 prior to payment and filing with the Department, and
   (b) Approve or deny the provision of services recommended as part of an individualized written rehabilitation program within 15 calendar days of receipt of the same; and pay or deny form DWC-21 bills within 45 calendar days after receipt of a bill for services provided to an injured employee, and
   (c) Complete items 20, 21 and 23 on every form DWC-21 filed with the Department. In item 20 it is necessary to legibly enter the date the form DWC-21 was received. In item 21 it is necessary to legibly enter the date the form DWC-21 was reimbursed. In item 23 it is necessary to enter the amount reimbursed only if it is different from the amount billed by the qualified rehabilitation provider or facility, and
   (d) File form DWC-21 with the Department of Education at its office in Tallahassee, Florida, within 30 days after the full or partial payment of form DWC-21 (A DWC-21 filed with the Department shall have a date stamp in the upper right hand corner indicating the date the DWC-21 is sent to the Department), and
   (e) Be responsible for the legibility, accuracy and completeness of the social security number, date of accident, the employer or carrier’s and servicing company/TPA’s Department of Insurance, Division of Workers’ Compensation’s assigned four digit carrier code number and Federal Employer Identification Number (FEIN), and those areas that the employer or carrier completes on form DWC-21.

10. If an employer or carrier is submitting to the Department and retaining DWC-21s on electronic media, that employer or carrier need not retain paper copies of those forms, but may treat the electronic media as the original documentation.
11. A form DWC-21 filed with the Department which is not completed according to these rules will be returned by the Department to the employer or carrier. Upon receipt of the returned form, the employer or carrier shall properly complete and refile the form with the Department within 15 days.
12. Form DWC-21 is incorporated by reference in Rule 6A-22.011, F.A.C.

Specific Authority 440.491(5), (6), (7) FS. Law Implemented 440.491 FS. History–New 7-1-96, Amended 6-26-01, Formerly 38F-55.013.
6A-22.011 List of Forms.
(1) Forms DWC-21, DWC-22, DWC-23, DWC-24 and DWC-96 and accompanying instructions are incorporated by reference as part of this rule chapter. Each form shall be typed or legibly completed in order for the form to be considered properly filed or submitted with the Department.
   (a) Department reemployment services billing form shall be submitted to the Department on form DWC-21, dated 6/26/01.
   (b) Reemployment status review form shall be submitted to the Department on form DWC-22, dated 6/26/01.
   (c) Request for screening form shall be submitted to the Department on form DWC-23, dated 6/26/01.
   (d) Agency Department and student agreement for sponsorship of training and education form shall be completed on form DWC-24, dated 6/26/01.
   (e) Qualified rehabilitation provider application shall be submitted to the Department on form DWC-96, dated 6/26/01.
(2) A copy of the forms and accompanying instructions incorporated by subsection 6A-22.011(1), F.A.C., may be obtained from the Department of Education, Bureau of Rehabilitation and Reemployment Services, 2728 Centerview Drive, Suite 101A, Forrest Building, Tallahassee, Florida 32399-0664.

Specific Authority 440.491(5), (6), (7), (8) FS. Law Implemented 440.491 FS. History–New 7-1-96, Amended 6-26-01, Formerly 38F-55.014.

6A-22.012 Expenditures from the Workers’ Compensation Administrative Trust Fund.
(1) Upon receipt of the completed evaluation report, the Department shall authorize reimbursement for the evaluation from the Workers’ Compensation Administration Trust Fund at a maximum rate of $55.00 per hour, not to exceed $1,100.00 per evaluation.
(2) The Department shall expend funds from the Workers’ Compensation Administration Trust Fund only:
   (a) For vocational evaluations and retraining for dates of accident on or after October 1, 1989 through December 31, 1993, and
   (b) For reemployment services authorized by the Department pursuant to Chapter 6A-22, F.A.C., for dates of accident on or after January 1, 1994.
(3) The maximum cost the Department shall expend for an approved retraining plan shall not exceed 85% of the injured employee’s pre-injury average weekly wages as calculated on an annual basis, which amount shall include:
   (a) Pre-approved costs for fees, tuition, books and special supplies required by the program curriculum, and
   (b) Pre-approved costs for board, lodging, and travel at the rate currently allowed for state employees when an approved program requires temporary relocation for participation,
   (c) Pre-approved mileage reimbursement at the rate currently allowed for state employees for mileage to the training facility in excess of 50 miles, one-way, using the most direct route from the injured employee’s customary residence. Mileage expense will not be reimbursed or paid by the Department when the training facility is less than 50 miles from the injured employee’s customary residence at the time of approval for training.
(4) The Department shall pay from the Workers’ Compensation Administration Trust Fund the direct costs to employers for on-the-job training according to the reimbursement schedule negotiated in the on-the-job training contract.
(5) The Department shall not reimburse or pay for any reemployment services independently initiated or obtained by the injured employee without prior written approval from the Department of the proposed reemployment plan recommending such reemployment services, including any expenses associated with retraining or education.
(6) The Department shall reimburse travel associated with the provision of reemployment services at a rate not to exceed one-half (1/2) the professional rate at which the services were contracted.
(7) The Department shall have exclusive jurisdiction over any dispute involving a claim made against it or the Workers’ Compensation Administration Trust Fund for reemployment services, vocational evaluations, training and education, and rehabilitation.
(8) The Office of the Judge of Compensation Claims shall have jurisdiction over claims relating to additional temporary total disability compensation provided in Section 440.491(6)(b), F.S.

Specific Authority 440.491(5), (6), (7), (8) FS. Law Implemented 440.491 FS. History–New 7-1-96, Amended 12-2-98, 6-26-01, Formerly 38F-55.015.
6B EDUCATION PRACTICES COMMISSION

CHAPTER 6B-1 CODE OF ETHICS OF THE EDUCATION PROFESSION IN FLORIDA

6B-1.001 Code of Ethics of the Education Profession in Florida.
(1) The educator values the worth and dignity of every person, the pursuit of truth, devotion to excellence, acquisition of knowledge, and the nurture of democratic citizenship. Essential to the achievement of these standards are the freedom to learn and to teach and the guarantee of equal opportunity for all.
(2) The educator’s primary professional concern will always be for the student and for the development of the student’s potential. The educator will therefore strive for professional growth and will seek to exercise the best professional judgment and integrity.
(3) Aware of the importance of maintaining the respect and confidence of one’s colleagues, of students, of parents, and of other members of the community, the educator strives to achieve and sustain the highest degree of ethical conduct.

Specific Authority 229.053(1), 231.546(2)(b) FS. Law Implemented 231.546(2)(b) FS. History–New 3-24-65, Amended 8-9-69, Repromulgated 12-5-74, Amended 8-12-81, 7-6-82, Formerly 6B-1.01.

6B-1.006 Principles of Professional Conduct for the Education Profession in Florida.
(1) The following disciplinary rule shall constitute the Principles of Professional Conduct for the Education Profession in Florida.
(2) Violation of any of these principles shall subject the individual to revocation or suspension of the individual educator’s certificate, or the other penalties as provided by law.
(3) Obligation to the student requires that the individual:
(a) Shall make reasonable effort to protect the student from conditions harmful to learning and/or to the student’s mental and/or physical health and/or safety.
(b) Shall not unreasonably restrain a student from independent action in pursuit of learning.
(c) Shall not unreasonably deny a student access to diverse points of view.
(d) Shall not intentionally suppress or distort subject matter relevant to a student’s academic program.
(e) Shall not intentionally expose a student to unnecessary embarrassment or disparagement.
(f) Shall not intentionally violate or deny a student’s legal rights.
(g) Shall not harass or discriminate against any student on the basis of race, color, religion, sex, age, national or ethnic origin, political beliefs, marital status, handicapping condition, sexual orientation, or social and family background and shall make reasonable effort to assure that each student is protected from harassment or discrimination.
(h) Shall not exploit a relationship with a student for personal gain or advantage.
(i) Shall keep in confidence personally identifiable information obtained in the course of professional service, unless disclosure serves professional purposes or is required by law.
(4) Obligation to the public requires that the individual:
(a) Shall take reasonable precautions to distinguish between personal views and those of any educational institution or organization with which the individual is affiliated.
(b) Shall not intentionally distort or misrepresent facts concerning an educational matter in direct or indirect public expression.
(c) Shall not use institutional privileges for personal gain or advantage.
(d) Shall accept no gratuity, gift, or favor that might influence professional judgment.
(e) Shall offer no gratuity, gift, or favor to obtain special advantages.
(5) Obligation to the profession of education requires that the individual:
(a) Shall maintain honesty in all professional dealings.
(b) Shall not on the basis of race, color, religion, sex, age, national or ethnic origin, political beliefs, marital status, handicapping condition if otherwise qualified, or social and family background deny to a colleague professional benefits or advantages or participation in any professional organization.
(c) Shall not interfere with a colleague’s exercise of political or civil rights and responsibilities.
(d) Shall not engage in harassment or discriminatory conduct which unreasonably interferes with an individual’s performance of professional or work responsibilities or with the orderly processes of education or which creates a hostile, intimidating, abusive, offensive, or oppressive environment; and, further, shall make reasonable effort to assure that each individual is protected from such harassment or discrimination.

(e) Shall not make malicious or intentionally false statements about a colleague.

(f) Shall not use coercive means or promise special treatment to influence professional judgments of colleagues.

(g) Shall not misrepresent one’s own professional qualifications.

(h) Shall not submit fraudulent information on any document in connection with professional activities.

(i) Shall not make any fraudulent statement or fail to disclose a material fact in one’s own or another’s application for a professional position.

(j) Shall not withhold information regarding a position from an applicant or misrepresent an assignment or conditions of employment.

(k) Shall provide upon the request of the certificated individual a written statement of specific reason for recommendations that lead to the denial of increments, significant changes in employment, or termination of employment.

(l) Shall not assist entry into or continuance in the profession of any person known to be unqualified in accordance with these Principles of Professional Conduct for the Education Profession in Florida and other applicable Florida Statutes and State Board of Education Rules.

(m) Shall self-report within forty-eight (48) hours to appropriate authorities (as determined by district) any arrests/charges involving the abuse of a child or the sale and/or possession of a controlled substance. Such notice shall not be considered an admission of guilt nor shall such notice be admissible for any purpose in any proceeding, civil or criminal, administrative or judicial, investigatory or adjudicatory. In addition, shall self-report any conviction, finding of guilt, withholding of adjudication, commitment to a pretrial diversion program, or entering of a plea of guilty or Nolo Contendre for any criminal offense other than a minor traffic violation within forty-eight (48) hours after the final judgment. When handling sealed and expunged records disclosed under this rule, school districts shall comply with the confidentiality provisions of Sections 943.0585(4)(c) and 943.059(4)(c), Florida Statutes.

(n) Shall report to appropriate authorities any known allegation of a violation of the Florida School Code or State Board of Education Rules as defined in Section 231.28(1), Florida Statutes.

(o) Shall seek no reprisal against any individual who has reported any allegation of a violation of the Florida School Code or State Board of Education Rules as defined in Section 231.28(1), Florida Statutes.

(p) Shall comply with the conditions of an order of the Education Practices Commission imposing probation, imposing a fine, or restricting the authorized scope of practice.

(q) Shall, as the supervising administrator, cooperate with the Education Practices Commission in monitoring the probation of a subordinate.

Specific Authority 229.053(1), 231.546(2)(b) FS. Law Implemented 231.546(2), 231.28 FS. History–New 7-6-82, Amended 12-20-83, Formerly 6B-1.06, Amended 8-10-92, 12-29-98.

6B-4.008 Criteria for Dismissal Procedures. (Repealed)
6B-4.009 Criteria for Suspension and Dismissal.
6B-4.010 Instructional Personnel Assessment Systems.

6B-4.009 Criteria for Suspension and Dismissal.
The basis for charges upon which dismissal action against instructional personnel may be pursued are set forth in Section 231.36, Florida Statutes. The basis for each of such charges is hereby defined:

(1) Incompetency is defined as inability or lack of fitness to discharge the required duty as a result of inefficiency or incapacity. Since incompetency is a relative term, an authoritative decision in an individual case may be made on the basis of testimony by members of a panel of expert witnesses appropriately appointed from the teaching profession by the Commissioner of Education. Such judgment shall be based on a preponderance of evidence showing the existence of one (1) or more of the following:

(a) Inefficiency: (1) repeated failure to perform duties prescribed by law (Section 231.09, Florida Statutes); (2) repeated failure on the part of a teacher to communicate with and relate to children in the classroom, to such an extent that pupils are deprived of minimum educational experience; or (3) repeated failure on the part of an administrator or supervisor to communicate with and relate to teachers under his or her supervision to such an extent that the educational program for which he or she is responsible is seriously impaired.

(b) Incapacity: (1) lack of emotional stability; (2) lack of adequate physical ability; (3) lack of general educational background; or (4) lack of adequate command of his or her area of specialization.

(2) Immorality is defined as conduct that is inconsistent with the standards of public conscience and good morals. It is conduct sufficiently notorious to bring the individual concerned or the education profession into public disgrace or disrespect and impair the individual’s service in the community.

(3) Misconduct in office is defined as a violation of the Code of Ethics of the Education Profession as adopted in Rule 6B-1.001, F.A.C., and the Principles of Professional Conduct for the Education Profession in Florida as adopted in Rule 6B-1.006, F.A.C., which is so serious as to impair the individual’s effectiveness in the school system.

(4) Gross insubordination or willful neglect of duties is defined as a constant or continuing intentional refusal to obey a direct order, reasonable in nature, and given by and with proper authority.

(5) Drunkenness is defined as:

(a) That condition which exists when an individual publicly is under the influence of alcoholic beverages or drugs to such an extent that his or her normal faculties are impaired; or

(b) Conviction on the charge of drunkenness by a court of law.

(6) Moral turpitude is a crime that is evidenced by an act of baseness, vileness or depravity in the private and social duties, which, according to the accepted standards of the time a man owes to his or her fellow man or to society in general, and the doing of the act itself and not its prohibition by statute fixes the moral turpitude.

Specific Authority 229.053(1), 231.546(2)(a), (b) FS. Law Implemented 231.36(4)(c), 231.546(2) FS. History–New 12-25-66, Amended 9-8-68, Repromulgated 12-5-74, Amended 8-12-81, 4-5-83, Formerly 6B-4.09.

6B-4.010 Instructional Personnel Assessment Systems.

(1) Submission Process.

(a) Each school district shall submit the instructional personnel assessment system to the Division of Professional Educators of the Department for approval pursuant to Section 231.29, Florida Statutes.

(b) Each submission shall include documentation to substantiate that the requirements and conditions for instructional personnel assessment systems pursuant to Section 231.29, Florida Statutes, have been met.

(c) The assessment shall be reviewed by the Department for inclusion of the following:
1. Assessment criteria that include, at a minimum, indicators that relate to the areas of competence specified in Section 231.29(3)(a), Florida Statutes.

2. A statement of district procedures reflecting methods and criteria used to designate, document, and differentiate unsatisfactory, satisfactory, and outstanding performance levels.

3. Copies of assessment data collection procedures, instruments, and forms.

(2) Initial Review Process. The Department of Education shall review and evaluate the performance assessment systems for compliance with the requirements and conditions of Section 231.29, Florida Statutes, and shall prepare and send to each school district a written notice that identifies any specific deficiencies of the system. Upon request from a school district, the Department shall provide assistance to the district for the purpose of bringing the system into compliance as quickly as possible.

(3) Approval Process. The Department of Education shall send written notification to the school district superintendent of the status of the school district’s instructional personnel assessment system. The status designation shall be as follows:

(a) Approved. An instructional personnel assessment system shall be designated approved if all requirements and conditions for instructional personnel assessment systems pursuant to Section 231.29, Florida Statutes, and the provisions of this rule are met.

(b) Conditionally Approved. An instructional personnel assessment system shall be designated conditionally approved if the school district’s assessment system fails to satisfy one or more of the requirements and conditions for instructional personnel assessment systems pursuant to Section 231.29, Florida Statutes, and the provisions of this rule. The school district’s system designated as conditionally approved shall be revised so that it is in full compliance with all requirements and conditions for instructional personnel assessment systems pursuant to Section 231.29, Florida Statutes, and the provisions of this rule within the time period specified by the Department, and resubmitted to the Department for review and approval.

(c) Disapproved. A school district’s system designated as conditionally approved shall be designated as disapproved if the requirements and conditions for instructional personnel assessment systems pursuant to Section 231.29, Florida Statutes, and the provisions of this rule are not met within the time period specified by the Department in the written notice granting the conditionally approved status of the system.

(4) Modifications to an Instructional Personnel Assessment System. If a school board makes substantive modifications to an approved school district instructional personnel assessment system, the modified system shall be submitted to the Department of Education for review and approval pursuant to this rule.

Specific Authority 229.053, 231.29 FS. Law Implemented 230.23(5)(c), 231.29 FS. History–New 6-19-01.
CHAPTER 6B-5 STANDARDS OF COMPETENT PROFESSIONAL PERFORMANCE

6B-5.001 General.

The standards listed in this chapter are the minimal standards of the education profession in Florida and are the basis for reviewing the performance of professional educators. The standards shall apply to those who teach and those who supervise and provide administrative services to those who teach.

Specific Authority 229.053(1), 231.546(2)(a), (b) FS. Law Implemented 231.546(2) FS. History–New 10-7-69, Repromulgated 12-5-74, Amended 8-12-81, 4-5-83, Formerly 6B-5.01.

6B-5.002 Definitions.

As used in Chapter 6B-5, F.A.C., the following words and terms have the following meaning:

1. Administrative – Pertaining to the execution, application, or management of persons or things.
2. Available – Usable or obtainable.
3. Communication skills – The capacity, ability, or art of giving, or giving and receiving, through any of the senses, information, ideas, and attitudes.
4. Competent – Able or fit to discharge the required duties as set forth in this chapter.
5. Designated task – The duty or assignment for which an educator is responsible.
6. Diagnosis – Identification of needs, strengths, and weaknesses through examination, observation, and analysis.
7. Educator – Any certified person in the educational program including but not limited to, those engaged in teaching, administering, and supervising.
8. Effective – Producing a definite or desired result.
9. Management – The effective control or supervision of people, time, space, and material resources.
10. Policy – Authorized expressions of public intent reflecting general principles guiding the efforts of a school system or school toward approved goals.
11. Personnel review, assistance – An observation of an educator’s performance which reports observed strengths, deficiencies, and recommendations for strategies designed to produce improvement.
12. Personnel review, competence – A three day observation of an educator’s performance which reports facts observed and conclusions regarding the educator’s competence.
13. Teacher – One who teaches or instructs.

Specific Authority 229.053(1), 231.546(2)(a), (b) FS. Law Implemented 231.546(2) FS. History–New 10-7-69, Repromulgated 12-5-74, Amended 8-12-81, 4-5-83, Formerly 6B-5.02.

6B-5.003 Administrative and Supervisory Requirements.

Competent educators must possess the abilities and skills necessary to perform the designated task. The educator, commensurate with job requirements and delegated authority, shall demonstrate competence in the following administrative and supervisory requirements:

1. Keep records in accordance with responsibilities designated by law and with accepted practices of the school district.
2. Supervise and evaluate others in accordance with law and accepted practices of school district.
3. Recognize the role and function of community agencies and groups as they relate to the school.
4. Utilize available instructional materials and equipment necessary to accomplish the designated task.
5. Adhere to and enforce administrative policies of the school, district rules and State Board rules, in accordance with Florida Statutes.
6. Adopt or develop a system for keeping records of student progress.
7. Counsel with students both individually and collectively concerning their educational needs.
6B-5.004 Analysis of Individual Needs and Individual Potential.
The competent educator shall use or ensure the use of acceptable techniques to analyze the needs and potential of individuals. The educator, commensurate with job requirements and delegated authority, shall demonstrate competence in the following techniques to analyze the needs and potential of individuals:

1. Diagnose the entry level and skill of students, using diagnostic tests, observations, and student records.
2. Select, adapt or develop, and sequence instructional materials and activities for the designated set of instructional objectives and student needs.
3. Create interest through the use of materials and techniques appropriate to the varying abilities and backgrounds of students.
4. Use individual student interests and abilities when planning and implementing instruction.
5. Make assignment of tasks and duties consistent with individual abilities and specialities.
6. Recognize the instructional needs of exceptional students.
7. Recognize patterns of physical and social development in students.

6B-5.005 Instructional Procedures.
Each competent educator shall ensure or promote accomplishment of the designated task through selection and use of appropriate instructional procedures. The educator, commensurate with job requirements and delegated authority, shall demonstrate competence in the following instructional procedures:

1. Establish rapport with students by using appropriate verbal and visual motivational devices.
2. Use procedures appropriate to accomplish the designated task to include but not be limited to:
   a. Identifying long range goals for a given subject area.
   b. Constructing and sequencing related short range objectives for a given subject area.
3. Practice instructional and social skills which assist students to interact constructively with their peers by encouraging expressions of ideas, opinions, and feelings.
4. Give directions for carrying out an instructional activity by assuring that the task is understood and using feedback techniques which are relevant to the designated task.
5. Utilize information and materials that are relevant to the designated task.

6B-5.006 Communication Skills.
In communicating with students and educators, each educator, commensurate with job requirements and delegated authority, shall demonstrate competence with the following communication skills:

1. Use language and terminology relevant to the designated task.
2. Use language which reflects an understanding of the ability of the individual or group.
3. Orally communicate information coherently and logically.
4. Write in a logical and understandable style with appropriate grammar, spelling, and sentence structure.
5. Comprehend and interpret oral messages.
6. Extract major ideas or themes from the statements of others.
7. Encourage individuals to state their ideas clearly.

6B-5.007 Management Techniques.
The educator, commensurate with job requirements and delegated authority, shall demonstrate competence in the following management techniques:

1. Resolve discipline problems in compliance with the policies of the school, rules of the district school board and the State Board, and Florida Statutes.
2. Maintain consistency in the application of policy and practice by:
   a. Establishing routines and procedures for the use of materials and the physical movement of students.
   b. Formulating appropriate standards for student behavior.
   c. Identifying inappropriate behavior and employing appropriate techniques for correction.
3. Maintain standards of conduct required in subsection 6B-5.007(2), F.A.C.
4. Use management techniques appropriate to the particular setting.
6B-5.008 **Competence in Specialization.**
Each competent educator shall possess knowledge within the area of specialization to a degree consistent with the educator’s professional preparation. The educator, commensurate with job requirements and delegated authority, shall demonstrate competence in specialization by:

1. Demonstrating an awareness of current developments in the field of specialization.
2. Demonstrating an ability to read, comprehend, interpret, and use professional material.

**Specific Authority 229.053(1), 231.546(2)(a), (b) FS. Law Implemented 231.546(2) FS. History–New 10-7-69, Repromulgated 12-5-74, Amended 8-12-81, 4-5-83, Formerly 6B-5.08.**

6B-5.009 **Evaluation of Learning and Goal Achievement.**
Each competent educator accepts responsibility commensurate with delegated authority to evaluate learning and goal achievement. The educator, commensurate with job requirements and delegated authority, shall demonstrate competence in the following techniques used to evaluate learning and goal achievement:

1. Use several types of evaluative techniques, including but not limited to classroom tests constructed by the educator to measure student performance according to criteria based upon objectives.
2. Provide frequent and timely responses concerning the work attempted and tasks assigned.
3. Analyze and interpret effectively the results of evaluation for judging instruction, the achievement of stated goals, or the need for further diagnosis.
4. Utilize the results of evaluation for planning, counseling, and program modification.
5. Explain methods and procedures of evaluation to those concerned.
6. Possess the ability to comprehend and work with fundamental mathematical concepts.

**Specific Authority 229.053(1), 231.546(2)(a), (b) FS. Law Implemented 231.546(2) FS. History–New 10-7-69, Repromulgated 12-5-74, Amended 8-12-81, 4-5-83, Formerly 6B-5.09.**

6B-5.010 **Human and Interpersonal Relationships.**
The educator, commensurate with job requirements and delegated authority, shall demonstrate competence in the following human and interpersonal relations skills:

1. Assist students in developing their values, attitudes, and beliefs.
2. Encourage and support behavior which reflects a feeling for the dignity and worth of other people.
3. Demonstrate instructional and social skills which assist others to interact constructively.
4. Provide leadership and direction for others by appropriate example.
5. Offer constructive criticism when necessary.
6. Comply with reasonable requests and orders given by and with proper authority.
7. Assign reasonable tasks commensurate with objectives and designated responsibility.
9. Apply instructional and social skills in developing positive self-concepts.

**Specific Authority 229.053(1), 231.546(2)(a), (b) FS. Law Implemented 231.546(2) FS. History–New 10-7-69, Repromulgated 12-5-74, Amended 8-12-81, 4-5-83, Formerly 6B-5.10.**

6B-5.011 **Personal Requirements.**
In assessing the mental or physical health of educators, no decision adverse to the educator shall be made except on the advice or testimony of persons competent to make such judgment by reason of training, licensure and experience. Each educator, commensurate with job requirements and delegated authority, shall demonstrate competence in the following personal requirements:

1. Engage in physical activity appropriate to the designated task except for temporary disability.
2. Communicate effectively to accomplish the designated task.
3. Exhibit appropriate control of emotions.
4. Perform designated tasks with sufficient intellectual ability.

**Specific Authority 229.053(1), 231.546(2)(a), (b) FS. Law Implemented 231.546(2) FS. History–New 10-7-69, Repromulgated 12-5-74, Amended 8-12-81, 4-5-83, Formerly 6B-5.11.**
CHAPTER 6B-10 ORGANIZATION

6B-10.009 Designation of Official Reporter.
(1) Reporter for Subject Matter Index. The Florida Administrative Law Reports (FALR) is hereby designated as the official reporter for the purpose of publishing and indexing by subject matter all Commission Final Orders required to be indexed by Rule 1S-6.004, Florida Administrative Code.
(2) The Agency Clerk shall determine the Final Orders required to be indexed.

Specific Authority 120.533(1) FS. Law Implemented 120.53(4) FS. History–New 12-4-85, Amended 9-15-92.

6B-10.010 Authority for Rulemaking Regarding Indexing, Management and Availability of Final Orders.
Rules 6B-10.009 through 6B-10.016, Florida Administrative Code, regarding the indexing, management, and availability of Final Orders are issued pursuant to Section 120.533, Florida Statutes, and Chapter 1S-6, Florida Administrative Code, and have been approved by the Department of State pursuant to Section 120.53(2)(c), Florida Statutes.

Specific Authority 120.533 FS. Law Implemented 120.53(2)-(4) FS. History–New 9-15-92.

6B-10.011 Purpose.
The purpose of Rules 6B-10.009 through 6B-10.016, Florida Administrative Code, is to provide public access to Final Orders by providing for the indexing of Final Orders, listing of Final Orders which are not indexed, and permanent retention of all Final Orders.

Specific Authority 120.533 FS. Law Implemented 120.53(2)-(4) FS. History–New 9-15-92.

6B-10.012 Plan.
(1) The Commission shall enhance the accessibility of Final Orders by sequentially numbering Final Orders that are required to be indexed and listed, pursuant to the provisions of Rule 6B-10.015, Florida Administrative Code. The Commission shall make the Final Orders, subject matter index, and the list available to the public.
(2) The Agency Clerk shall assist the public in obtaining information pertaining to Final Orders. The Office of the Agency Clerk is located at 301 Florida Education Center, 325 West Gaines Street, Tallahassee, Florida 32399-0400, Telephone Number (850)488-0547. The Office is open to the public between the hours of 8:00 a.m. and 5:00 p.m., excluding holidays and weekends.
(3) Final Orders required to be indexed may be found by utilizing the Commission’s Official Reporter, FLORIDA ADMINISTRATIVE LAW REPORTS (FALR). The Official Reporter is found at most county law libraries and is available by subscription at FLORIDA ADMINISTRATIVE LAW REPORTS (FALR), Post Office Box 385, Gainesville, Florida 32602, Telephone Number (352)375-8036. A Subscription to FALR is maintained at the Office of the Executive Director at the same address given for the Agency Clerk. A Subscription to the FALR is also maintained at the office of the General Counsel of the Department of Education. A special compilation of only Commission Final Orders, with complete indexing, has been prepared since January, 1984, and is available from the FLORIDA ADMINISTRATIVE LAW REPORTS (FALR).
(4) The list of Final Orders not indexed and published will be published in the Commission’s Official Reporter, and maintained at the Office of the Agency Clerk, where it will be available for public inspection and copying at cost.
(5) The list of Final Orders not indexed and published is maintained at both the Office of the Commission’s Official Reporter and the Office of the Agency Clerk and is available for public inspection and copying at cost.

Specific Authority 120.533 FS. Law Implemented 120.53(2)(a) FS. History–New 9-15-92.
6B-10.013 Final Orders Required to be Indexed.
For purposes of this part, Final Orders as defined in Rule 1S-6.002, Florida Administrative Code, which are required to be indexed pursuant to Rule 1S-6.004, Florida Administrative Code, shall be indexed. Final Orders which do not resolve a substantial legal issue of first impression; establish for the first time a rule of law, principle, or policy; alter, modify, or clarify a prior Final Order; resolve conflicting Final Orders, or harmonize decisions of appellate courts shall be listed, but not indexed in the following categories:

(1) Final Orders resulting from informal proceedings under Section 120.57(2), Florida Statutes.
(2) Final Orders closing cases on the basis of settlements, consent orders, or stipulations under Section 120.57(3), Florida Statutes.

Specific Authority 120.533 FS. Law Implemented 120.53(2)(a)3., 120.53(2)(d) FS. History–New 9-15-92.

6B-10.014 Listing of Final Orders.
(1) The Commission shall maintain a list of all Final Orders excluded from indexing under Rule 6B-10.013, Florida Administrative Code, by name of Party and Final Order Number.
(2) Final Orders not resulting from a proceeding under Chapter 120, Florida Statutes, as set forth in Rule 1S-6.002, Florida Administrative Code, shall be neither listed nor indexed.
(3) Final Orders resulting from a challenge to the validity of a rule under Sections 120.54(4) or 120.56, Florida Statutes, shall be neither listed nor indexed by the Commission. Such orders shall be listed or indexed by the Division of Administrative Hearings.

Specific Authority 120.533 FS. Law Implemented 120.53(2)(a)4. FS. History–New 9-15-92.

6B-10.015 Numbering of Final Orders.
(1) All Final Orders that are required to be indexed or listed shall be sequentially numbered at the time of rendition, pursuant to Rule 1S-6.007, Florida Administrative Code.
(2) The sequential number shall be a two-part number separated by a dash with the first part indicating the year and the second part indicating the numerical sequence of the order as rendered for that year, beginning with number 1 each new calendar year. The assigned agency designation prefix, EPC, shall precede the two-part number.
(3) The applicable order category shall be added as a suffix succeeding the agency designation prefix and two-part number. The order categories are as follows:

Specific Authority 120.533(1)(f) FS. Law Implemented 120.53(2)-(4) FS. History–New 9-15-92.

6B-10.016 Maintenance of Records.
Final Orders that comprise final agency action and that must be indexed or listed pursuant to this chapter shall be permanently maintained by the Commission’s Official Reporter, FLORIDA ADMINISTRATIVE LAW REPORTS, Post Office Box 385, Gainesville, Florida 32602, Telephone Number (352)375-8036 and by the Commission pursuant to the retention schedule approved by the Department of State, Division of Library and Information Services.

Specific Authority 120.533(1)(j) FS. Law Implemented 119.041(2) FS. History–New 9-15-92.
6B-11.007 Disciplinary Guidelines.

(1) When the Education Practices Commission finds that a person has committed any act for which the Commission may impose discipline, the Commission shall impose an appropriate penalty within the ranges set forth for various acts or violations in the following disciplinary guidelines unless, based upon consideration of aggravating and mitigating factors in the individual case which are among those set out in subsection (3), the Commission determines that a penalty outside the range in those guidelines but within statutory limitation is appropriate. In those cases in which the Commission relies on aggravating or mitigating factors to depart from the ranges in these disciplinary guidelines, such aggravating and mitigating factors shall be stated in the record of the case and in the Final Order imposing the applicable penalty.

(2) The following disciplinary guidelines shall apply to violations of the below listed statutory and rule violations and to the described actions which may be basis for determining violations of particular statutory or rule provisions. Each of the following disciplinary guidelines shall be interpreted to include “probation” with applicable terms thereof as an additional penalty provision.

(a)1. Obtaining a Florida educator’s certificate or employment by fraudulent means in violation of s. 231.28(1)(a), F.S. Probation – Suspension
2. Alteration of a Florida educator’s certificate in violation of s. 231.28(1)(c), (f), (i), F.S., subsections 6B-1.006(5)(a), (g), (h), F.A.C. Revocation
(b)1. Being incompetent to teach or to perform duties as an educator due to physical or mental incapacity in violation of s. 231.28(1)(b), F.S. 3 to 6 Year Probation – Suspension
2. Being incompetent to teach or to perform duties as an educator due to inefficiency in violation of s. 231.28(1)(b), F.S. Suspension – Revocation
(c) Violating probation terms ordered by the Education Practices Commission in violation of s. 231.28(1)(b), F.S., paragraph 6B-1.006(5)(o), F.A.C. 1-Year Probation – 3-Year Suspension
(d) Misappropriation of money in violation of s. 231.28(1)(c), (e), (f), (i), F.S., paragraphs 6B-1.006(4)(c), (5)(a), F.A.C. Restrict Scope of Practice – Suspension – Permanent Revocation
(e) Using position for personal gain in violation of s. 231.28(1)(c), (f), (i), F.S., paragraph 6B-1.006(4)(c), F.A.C. Probation – 2-Year Suspension
(f) Altering student/school records in violation of s. 231.28(1)(c), (f), (i), F.S., paragraphs 6B-1.006(3)(f), (4)(b), (5)(a), F.A.C. Probation – 3-Year Suspension
(g) Committing criminal acts and/or convictions in violation of s. 231.28(1)(c), (e), (f), F.S.
1. Misdemeanors Reprimand – Suspension
2. Felonies Probation – Revocation
(h) Sexual misconduct, no students involved, in violation of s. 231.28(1)(c), (f), (i), F.S., paragraphs 6B-1.006(4)(c), (5)(c), (d), F.A.C. Suspension – Revocation
(i) Sexual misconduct with any student or any minor in violation of s. 231.28(1)(c), (f), (i), F.S., paragraphs 6B-1.006(3)(a), (e), (g), (h), (4)(c), F.A.C. Reprimand – Revocation
(j) Misuse of corporal punishment/Inappropriate methods of discipline in violation of s. 231.28(1)(b), (c), (f), (i), F.S., paragraphs
6B-1.006(3)(a), (e), F.A.C.
(k) Alcohol-related offenses in violation of s. 231.28(1)(c), (e), (f), (i), F.S., paragraphs
6B-1.006(3)(a), (e), F.A.C.
1. Student-involvement Suspension – 2-Year Revocation
2. Non-Student involvement Probation – 1-Year Revocation
(l) Possession of controlled substances in violation 1-Year Suspension – 2-Year
of s. 231.28(1)(c), (e), (f), (i), F.S., paragraph Revocation
6B-1.006(3)(a), F.A.C.
(m) Sale, trafficking, conspiracy to traffic 7-Year Revocation – Permanent
controlled substances in violation of s. Revocation
231.28(1)(c), (e), (f), (i), F.S., paragraph
6B-1.006(3)(a), F.A.C.
(n) Harassment or discrimination of students on Reprimand – Revocation
the basis of race, color, religion, sex, age, origin,
political beliefs, handicap, sexual orientation, or family status in violation of s. 231.28(1)(i), F.S., paragraph 6B-1.006(3)(g), F.A.C.
(o) Harassment or discrimination which interferes Reprimand – Revocation
with an individual’s performance or work in violation of s. 231.28(1)(i), F.S., paragraph
6B-1.006(5)(d), F.A.C.
(p) Multiple categories of violations. EPC will apply penalties enumerated above in concurrent or consecutive terms.
(3) Based upon consideration of aggravating and mitigating factors present in an individual case, the Commission may deviate from the penalties recommended in subsection (2). The Commission may consider the following as aggravating or mitigating factors:
(a) The severity of the offense;
(b) The danger to the public;
(c) The number of repetitions of offenses;
(d) The length of time since the violation;
(e) The number of times the educator has been previously disciplined by the Commission;
(f) The length of time the educator has practiced and the contribution as an educator;
(g) The actual damage, physical or otherwise, caused by the violation;
(h) The deterrent effect of the penalty imposed;
(i) The effect of the penalty upon the educator’s livelihood;
(j) Any effort of rehabilitation by the educator;
(k) The actual knowledge of the educator pertaining to the violation;
(l) Employment status;
(m) Attempts by the educator to correct or stop the violation or refusal by the licensee to correct or stop the violation;
(n) Related violations against the educator in another state including findings of guilt or innocence, penalties imposed and penalties served;
(o) Actual negligence of the educator pertaining to any violation;
(p) Penalties imposed for related offenses under subsection (2) above;
(q) Pecuniary benefit or self-gain enuring to the educator;
(r) Degree of physical and mental harm to a student or a child;
(s) Present status of physical and/or mental condition contributing to the violation including recovery from addiction;
(t) Any other relevant mitigating or aggravating factors under the circumstances.
(4) These guidelines shall not be interpreted as limitations on penalties assessed within statutory parameters as a result of a negotiated settlement agreement offered by the parties. However, a panel of the EPC shall not be prohibited from rejecting a proposed stipulation. Furthermore, a panel of the EPC may direct that the basis for a penalty arrived at as a result of a settlement agreement of the parties be stated in the final order.

Specific Authority 231.261(7) FS. Law Implemented 231.262(6), 231.28 FS. History–New 2-27-94.
6B-11.008 Probation.

(1) Florida educators, other than substitute teachers, who are ordered by the Education Practices Commission to serve a term of probation, shall begin such term upon first employment in a position requiring a Florida educator’s certificate after the effective date of such order, unless such order includes specific contrary provisions. A term of probation of less than nine months shall be served in consecutive months of such employment broken only by periods of unemployment as a Florida educator. A term of probation of one or more years shall be served by that number of full (at least nine months) school teaching years or consecutive portion of such years broken only by periods of unemployment in a position requiring a Florida teaching certificate.

(2) A substitute teacher who holds a Florida educator’s certificate and who is required to serve a period of probation shall receive credit for probation time served under the following limitations and conditions:
   (a) One year’s probation shall consist of 180 days of employment made up of periods of not less than 10 consecutive school days served in any one teaching assignment requiring a Florida educator’s certificate;
   (b) An upper level administrator of the probationer’s employer shall agree to furnish the Commission with such reports and evaluations as may be required under the terms of probation; and
   (c) The probationer’s written notice of intent to count substitute teaching time as part of the probation period shall be submitted to the Commission prior to commencing such teaching.

(3) Each Florida educator ordered to serve a term of probation shall, as a condition of such probation, pay to the Education Practices Commission a fee at the rate of $150.00 per probation year for the administrative costs of monitoring compliance with all conditions of probation. The fee for each year of probation shall be paid in full within the first six months of such year.

Specific Authority 231.261(7), 231.262(6)(d) FS. Law Implemented 231.262(6), 231.28(1) FS. History–New 2-27-94, Amended 4-30-95, 1-26-97.

6C-1.0001 General Description and Address of Agency.

(1) The Statement of Organization and Operation of the Board of Regents may be obtained upon request from the Office of the Chancellor, Florida Education Center, 325 W. Gaines Street, Tallahassee, Florida 32399-1950.

(2) The public may obtain information or make submissions or requests regarding the Board of Regents by calling the Office of the Chancellor (850)201-7100, or by writing: Office of the Chancellor, Florida Education Center, 325 W. Gaines Street, Tallahassee, Florida 32399-1950.

(3) Service of process on the Board is made by serving the General Counsel, State University System of Florida, Florida Education Center, 325 W. Gaines Street, Tallahassee, Florida 32399-1950.

Specific Authority 240.209(1) FS. Law Implemented 120.54(5)(b)6. FS. History–New 8-3-00.
CHAPTER 6C-2 INTERINSTITUTIONAL ORGANIZATIONS

6C-2.001 Council of Presidents. (Repealed)
6C-2.002 Interinstitutional Councils and Committees. (Repealed)
CHAPTER 6C-3 UNIFORM SYSTEMWIDE PROCEDURES AND REPORTING

6C-3.001 Systemwide Uniform Procedures.
The Chancellor is authorized to issue Chancellor’s Memoranda, Interpretive Memoranda, and Standard Practices which shall be the official uniform procedures and internal management memoranda for the State University System as defined in Section 120.52(15)(a), Florida Statutes. These documents will be filed in the office of the Corporate Secretary and copies made available to the presidents of the institutions.

Specific Authority 240.209(1), (3)(m) FS. Law Implemented 240.209(1), (3)(k), (m), 120.52(15)(a) FS. History–Formerly 6C-2.06, 11-18-70, Amended 7-19-74, Amended and Renumbered 12-17-74, Amended 9-8-77, 8-11-85, Formerly 6C-3.01.

6C-3.003 Constitutions of Institutions.
Constitutions, if any, adopted by the universities shall be consistent with the laws of the State of Florida, the rules of the Board or the provisions of negotiated collective bargaining agreements.

Specific Authority 240.209(1), (3)(m) FS. Law Implemented 240.209(1), (3)(m) FS. History–Adopted 11-4-74, Revised 12-6-74, Amended and Renumbered 12-17-74, Amended 8-11-85, Formerly 6C-3.03.

6C-3.004 Degrees.
The president shall submit the names of nominees for honorary degrees for the advice and consent of the Executive Committee of the Board.

Specific Authority 240.209(1), (3)(m) FS. Law Implemented 240.209(1), (3)(m), 240.227(20) FS. History–Formerly 6C-2.36, 11-31-69, Amended and Renumbered 12-17-74, Amended 8-11-85, Formerly 6C-3.04.

6C-3.006 Accreditation.
The Board shall be notified by the President of a university at the time an accreditation visitation is requested, and accreditation reports and any supporting data shall be filed with the Chancellor promptly upon receipt by the institution.

Specific Authority 240.209(1), (3)(m) FS. Law Implemented 240.209(1), (3)(k), (m) FS. History–Formerly 6C-2.57, 11-18-70, Amended and Renumbered 12-17-74, Amended 8-11-85, Formerly 6C-3.06.

6C-3.007 Management Information System.
(1) The Chancellor shall develop and maintain a computerized management information system to assist the Board in carrying out its statutory responsibilities.
(2) The information system shall include uniform application systems to be implemented by the universities.
(3) Data shall be submitted by the universities according to the prescribed format and scheduled dates specified by the Chancellor in annual instructions to the universities.
(4) Data submissions will be accompanied by a letter of certification, signed by the president of the institution or designated representative, indicating that the data submitted by the university is accurate.

Specific Authority 240.209(1), (3)(m) FS. Law Implemented 240.209(1), (3)(k), (m) FS. History–Adopted 4-8-74, Amended and Renumbered 12-17-74, Amended 8-11-85, Formerly 6C-3.07.

6C-3.0075 Security of Data and Information Technology Resources.
(1) The Board of Regents is responsible for assuring an adequate level of security for all data and information technology resources within the State University System.
(2) The Director of Information Resource Management in the Board Office will serve as the Information Security Manager for the State University System, for the purposes of Section 282.318, Florida Statutes.
(3) The Information Security Manager for the State University System shall administer the security program for data and information technology resources, in accordance with the requirements of Section 282.318(3)(a), Florida Statutes, and subparagraphs 2.-5. of Section 282.318(3)(d), Florida Statutes.

6C-3.009 Student Financial Aid.

(1) Definition of student financial aid – The terms “financial aid” and “financial assistance” are defined to include programs relating to internal and external scholarships, grants, loans, student employment, and fee waivers.

(2) Each university shall establish by rule a policy relating to the administration, distribution, and use of student financial aid. This rule shall not conflict with existing state or federal law or regulations relating to the award of student financial aid. Such rule shall as a minimum provide:

(a) that a policy level committee shall be established which shall have the responsibility to recommend university policy on matters relating to financial aid, recommend specific financial aid program objectives in support of the university master plan, and facilitate the conduct of financial aid activities;

(b) that a single office shall be designated to coordinate the collection of data for all programs of financial aid for use in university systems and state information systems;

(c) a procedure for the distribution and use of financial aid funds.

This policy shall identify those institutional resources to be available for financial aid and shall provide that financial aid resources be used in a manner that serves the institution’s plan for equalizing educational opportunity. Financial need and academic merit shall be given primary consideration in the award of financial aid funds.

Specific Authority 240.209(1), (3)(d), (k), (m) FS. Law Implemented 240.209(1), (3)(d), (k), (m) FS. History–New 6-10-84, Formerly 6C-3.09.
CHAPTER 6C-4 UNIVERSITY PRESIDENTS

6C-4.001 Powers and Duties of University Presidents. (Repealed)

(1) The Board shall establish committees to assist the Board in selecting presidents of the State University System institutions. The Chairman of the Board shall (a) appoint members of the Board to the Board Presidential Search Committee and, (b) based upon the recommendation of the Chancellor, appoint a university search committee which shall be representative of the university community. The Board Presidential Search Committee shall recommend to the Board a procedure for the conduct of the presidential search and selection.

(2) A president shall be appointed by a majority vote of the Board and shall thereafter serve at the pleasure of the Board.

(3) An evaluation of each president shall be done annually by the Board and the Chancellor. This evaluation shall be based on program goals that have been set jointly by the Board, the Chancellor and the president.

Specific Authority 240.209(1), (3)(m) FS. Law Implemented 240.209(1), (3)(a) FS. History–New 5-27-75, Amended 12-7-82, 8-11-85, Formerly 6C-4.02.

6C-5.900 State University System General Personnel Policy.

(1) Chapter 6C-5, F.A.C., rules prescribe personnel policy for all State University System (SUS) employees including Faculty, Administrative and Professional employees (A & P), University Support Personnel System employees (USPS), and OPS employees. These rules shall have Systemwide application by authority granted to the Board of Regents (Board) in Chapters 240 and 447, F.S. All rules and policies or procedures arising from these Systemwide rules shall be consistent with the relevant provisions of Federal and State law and the Constitutions of the United States of America and the State of Florida.

(2) The provisions of Rule 6C-5.900, F.A.C., are applicable to and incorporated by reference in all Chapter 6C-5, F.A.C., rules.

(3) These Systemwide rules are supplemented by the following:

(a) State law including the following chapters of Florida Law: Chapter 11, F.S., Legislative organization, procedures, and staffing; Chapter 92, F.S., Witnesses, records, and documents; Chapter 99, F.S., Candidates, campaign expenses, and contesting elections; Chapter 104, F.S., Election code: violations, penalties; Chapter 110, F.S., State employment; Chapter 112, F.S., Public officers and employees, general provisions; Chapter 115, F.S., Leaves of absence to officials and employees; Chapter 119, F.S., Public records; Chapter 121, F.S., Florida Retirement System; Chapter 215, F.S., Financial matters: general provisions; Chapter 216, F.S., Planning and budgeting; Chapter 228, F.S. Public Education: General Provisions; Chapter 240, F.S., Postsecondary education; Chapter 250, F.S., Military affairs; Chapter 295, F.S., Laws relating to veterans: general provisions; Chapter 386, F.S., Particular conditions affecting public health; Chapter 400, F.S., Nursing homes and related health care facilities; Chapter 409, F.S., Social and economic assistance; Chapter 440, F.S., Workers’ compensation; Chapter 447, F.S., Labor organizations; Chapter 760, F.S., Discrimination in the treatment of persons; and Chapter 775, F.S., Definitions, general penalties, registration of criminals.

(c) University rules enumerated in Chapters 6C1 through 6C10 and Chapter 6C-19, F.A.C.

(d) The Collective Bargaining Agreements.

(e) Internal management memoranda informing administrators of procedures or guidelines for implementing the policies contained herein, however, these procedures and guidelines shall not change substantive rights of employees or terms and conditions of employment.

(4) Personnel Programs:

(a) The Chancellor, as the Chief Administrative Officer for the Board, and the President, as the Chief Administrative Officer for the University, shall be responsible and accountable for administering the personnel programs. The word “University” shall also denote the Board Office and the word “Chief Administrative Officer” shall include the appropriate individual or his/her designee.

(b) The Chief Administrative Officer shall establish and maintain all policies, procedures, and records which are necessary to substantiate compliance with all laws and rules relating to employment.

(c) Each University shall actively promote its commitment to equal employment opportunity and non-discrimination towards applicants and employees with respect to race, color, religion, age, disability, sex, marital status, national origin, and veteran status consistent with Federal and State law.

(d) The State University System Personnel/Employee Records System (SUPERS) is the automated Systemwide information system containing appointment, budget, position, demographic, definitional, and other information related to employees. This information is available through each University.
(5) The SUS Employment Plan is the Systemwide classification and compensation plan maintained by the Board. Such plan shall consist of the following:

(a) Faculty defines positions assigned the principal responsibility of teaching, research, or public service activities or for administrative responsibility for functions directly related to the academic mission.

(b) A & P defines positions assigned administrative and management responsibilities or professional duties at the department/unit, or above.

1. Employees in A & P positions designated in the Executive Service serve at the will of the Chief Administrative Officer or the Board, do not have tenure, and have no expectation of appointment beyond a 60 days’ notice period.

2. Executive Service positions ordinarily report directly to the Chief Administrative Officer with the exception of specified positions which report to the Board, and include Chancellor, vice chancellor, and vice president, and other positions responsible for policy-making at the executive level.

(c) USPS defines positions assigned professional, paraprofessional, administrative, clerical, secretarial, technical, skilled crafts, service, or maintenance duties.

(d) OPS defines at-will temporary employment.

Specific Authority 240.209(1), (3)(r) FS. Law Implemented 110.112, 110.131, 228.2001(7), 240.209(1), (3)(f), (m), 240.227(1), (5), (19), 240.253, 447.203(2) FS. History–New 1-24-96, Amended 8-12-96.

6C-5.910 Recruitment, Selection, Appointment, and Nonreappointment.

(1) The following provisions govern recruitment, selection, appointment, and nonreappointment.

(a) Qualified applicants are those who meet the minimum qualifications contained in the SUS class specification and the additional competencies required for the specific position in the class unless appointments are with emergency, provisional, or trainee status. Each University shall determine the equivalent education, training, and experience for that contained in the SUS class specification as appropriate for a specific position.

(b) Any person who has been convicted of a felony involving the sale of or trafficking in, or conspiracy to sell or traffic in, a controlled substance as described in Chapter 893, F.S., is disqualified from employment unless conditions outlined in Section 775.16, F.S., are met. Failure to disclose such conviction is cause for dismissal.

(c) Each University shall ensure the spoken English language competence of all prospective and current Faculty involved in classroom instruction, other than courses conducted primarily in a foreign language. For current Faculty, this competence shall be ascertained during the annual evaluation.

(2) Each University’s offer of employment and appointment procedures shall be consistent with the following:

(a) The offer of employment for Faculty and A & P positions shall be conditioned on the return of written acceptance by a specified date.

(b) Each Faculty or A & P employee shall be issued an annual contract or documented appointment. Multi-year contracts, contingent upon funding, are permissible for Faculty and A & P employees.

(c) An offer of tenure is conditioned upon recommendation of the Chief Administrative Officer and approval by the Board.

(3) Each University’s nonreappointment notice to nontenured or nonpermanent status Faculty and A & P that further employment will not be offered shall be consistent with the following:

(a) An appointment shall not create any right, interest or expectancy beyond the specific term set forth in the appointment.

(b) Employees appointed for less than one year, appointed with visiting status, or to a multi-year contract are not entitled to notice of nonreappointment.

(c) Employees are not entitled to notice of nonreappointment who are issued an annual contract stating that employment will cease on the date indicated and no further notice of cessation of employment is required.

(4) Each University shall use the following appointment modifiers which defines the conditions of an employee’s appointment. Such appointment modifiers apply to the appointment of a qualified employee unless otherwise stated.

(a) Faculty Appointment Modifiers:

1. Regular – A continuing appointment or an original temporary appointment which may be followed by a continuing appointment. The appointment modifier is not included in the title.

2. Acting – A limited time appointment to a position primarily assigned administrative duties.

3. Adjunct – An appointment paid from OPS. Adjunct appointments may not be for more than 50% of the time throughout an academic year or full-time for more than twenty-six weeks of a fiscal year, unless approved by the Chief Administrative Officer. Such appointments are for temporary or part-time employment and the term of employment is only for the period specified in the offer.

4. Provisional – An appointment of a person who is not fully qualified, but who is expected to acquire such qualifications in a short period of time.

5. Visiting – An appointment of a person having professional qualifications, when either the person or the position is not expected to be available for more than a limited period of time.

6. Joint – An appointment when the person is regularly participating in the teaching and/or graduate supervision responsibilities of more than one academic department/unit.
7. Research – An appointment when the person is engaged primarily in research.

8. Clinical – An appointment in conjunction with a professional position in a hospital or other clinical environment.

9. Courtesy – An unpaid appointment which may include special academic privileges such as voting in departmental affairs. Persons appointed with this status may or may not be otherwise affiliated with the University.

10. Honorary/Honoris Causa – An unpaid appointment of an individual having distinction and honor in his/her field, but who does not possess the normal requirements for the position.

11. Emeritus – An honorary title which may be conferred at retirement in recognition of distinguished service.

12. Affiliate – An appointment when a person participates in some functions of other academic departments/units.

13. Joint College – An appointment to a college/unit administered jointly by more than one university. Although appointed and employed by only one of the participating universities, each person so designated is considered an employee of the other participating universities for purposes of carrying out the teaching, research, and service responsibilities of the college/unit.

14. Phased Retirement – An appointment under the provisions of the Phased Retirement Program.

15. Multi-Year – An appointment which extends beyond one academic or fiscal year.

(b) A & P Appointment Modifiers:

1. Regular – A continuing appointment or an original temporary appointment which may be followed by a continuing appointment. The appointment modifier is not included in the title.

2. Provisional – An appointment of a person not fully qualified, but who is expected to acquire such qualifications in a short period of time.

3. Acting – A limited time appointment that includes the assumption of additional or replacement duties.

4. Visiting – An appointment of a person having professional qualifications, when either the person or the position is not expected to be available for more than a limited period of time.

5. Emeritus – An honorary title which may be conferred at retirement in recognition of distinguished service.

6. Multi-Year – An appointment which extends beyond one academic or fiscal year.

(c) USPS Appointment Modifiers:

1. Regular – A continuing appointment after successful completion of the designated probationary period for the class.

2. Probationary – An appointment to a position in a class for the designated period, where the employee meets the minimum qualifications for the position. Continuous successful performance in a class with the appointment modifier of temporary may be counted toward completion of the required probationary period. The decision to count such time toward completion of the probationary period shall be made at the time the employee is initially appointed with probationary status.

3. Trainee – An appointment to a law enforcement position prior to receiving a Certificate of Compliance, except that the employee must, within 180 consecutive days following such appointment, be actively enrolled in the training program to obtain the certificate. Trainee status is also used when the employee has not passed a required examination but meets the minimum qualifications for the position; the employee is not fully qualified but is expected to acquire such qualification in a short period of time; or the appointment is under a cooperative education program, a vocational rehabilitation program, an approved university training program, or an apprenticeship program.

4. Temporary – An appointment to provide a nonpermanent assignment to a vacant position; to replace an employee on leave, temporarily promoted or reassigned; or to overlap one employee with another for training purposes.

5. Emergency – An appointment for no more than 3 months when a vacancy must be filled immediately due to an emergency. Such appointments may be made without regard to the employee’s training and experience or other provisions of these rules.

6. Time-limited – An appointment to a position funded by contract and grant, auxiliaries, or local funds, as appropriate, for a particular project, enterprise, or specified period. Such designation must be made to the position at the time of recruitment. A time-limited position shall have the same rights as a position with a regular appointment modifier, except such position shall not have rights provided for layoff and recall.

Specific Authority 240.209(1), (3)(f) FS. Law Implemented 240.209(1), (3)(f), 240.246, 775.16 FS. History–New 1-24-96, Amended 8-17-99.

6C-5.915 Compensation.

(1) Pay actions shall be administered consistent with the following provisions.

(2) The Board shall establish and maintain the pay ranges for A & P and USPS. Legislatively approved pay range additives or competitive area differentials (CAD) shall be added to the pay range for those USPS classes within the geographic area specified in the approval. Pay shall not exceed the maximum of the pay range including the CAD without the approval of the Chief Administrative Officer.

(3) Base rate of pay is the pay provided employees not including any additives as provided for in paragraph (6)(h), below. Regular rate of pay is an employee’s base rate of pay plus any other pay which may be necessary to meet the requirements of the Fair Labor Standards Act (FLSA). Hourly pay is computed based on 2088 work hours annually. A factor of 26.1 is used for annualizing biweekly pay.

(a) An employee must be in pay status in order to receive a pay increase of any kind.
(b) Employees paid from contracts and grants, auxiliaries or local funds shall be eligible for pay increases provided such increases are permitted and funded by the funding entity. Each University shall strive to have contracts and grants, auxiliaries, and local funds permit and fund such pay increases.

(c) A retroactive effective date for a pay action shall be permitted with the approval of the Chief Administrative Officer; however, such retroactive period shall be the lesser of twelve months or the date stated in the documentation of the intent to increase the pay.

(d) A pay increase may be provided for a temporary in assignment on an acting basis and, upon return to original responsibilities, the pay may be adjusted.

(e) An employee returning from unpaid leave shall receive any increases in the pay range for the class or mandatory pay increases granted during the period of unpaid leave, unless pay implementation instructions provide otherwise. Also, an employee may be considered for discretionary increases.

(f) When a USPS employee is called back to work beyond the employee’s scheduled hours of work for that day, the employee shall be credited with the greater of the actual time worked, including time to and from the employee’s home to the assigned work location, or two hours.

(4) Pay upon original appointment for A & P and USPS shall be made within the pay range with the following exceptions.

(a) A provisional appointment for A & P may be below the minimum of the pay range. The pay shall be increased to at least the minimum of the pay range upon the employee attaining the minimum qualifications for the class.

(b) A trainee appointment for USPS shall be in accordance with the approved individual training schedule and may be below the minimum of the pay range.

(c) An emergency appointment for USPS may be below the minimum of the pay range.

(5) Annual pay increases shall be in accordance with guidelines issued by the Chancellor.

(6) Other pay increases may be provided under the following categories:

(a) Increased responsibilities.

(b) Market conditions including counter-offers and retention due to specialized or extensive investment or training.

(c) Salary compression or inversion.

(d) Increases to resolve a pay disparity considering education, experience, or duties and responsibilities of other employees.

(e) Lump sum payments to recognize the successful completion of a special project or assignment which is in addition to the employee’s regularly assigned duties, or a documented significant increase in productivity or productivity goal achievement including a group incentive program. Such payment for employees subject to the FLSA shall not exceed the greater of ten percent of the employee’s annual base pay or $3,000 (before taxes). For other employees, such payment shall not exceed 15 percent of the employee’s annual base rate of pay, unless approved by the Chief Administrative Officer.

(f) Increases to recognize sustained superior performance.

(g) Approved career development/apprenticeship programs.

(h) Pay additives including those for asbestos-related activities, lead abatement activities, leadworker pay, shift differentials, on-call pay, field training officer activities, and other approved activities.

(7) Other pay adjustments.

(a) An employee who is demoted shall receive pay commensurate with the responsibilities assigned. The demotion may be with or without a reduction in base rate of pay.

(b) The removal of pay additives, correction of overpayment, or reduction to the maximum of the pay range do not constitute a reduction in pay action.

(c) When the assignment of Faculty serving in an administrative position such as Vice President, Dean or Director, is changed, the pay and appointment period shall be adjusted to reflect the new responsibilities. If the adjusted pay of an administrator, whose appointment is being changed to a ranked Faculty will be greater than 90 percent of the range of pay for Faculty in the same rank in the college or school in which the employee is to be appointed, the new pay must be approved by the Chancellor or designee. The Chief Administrative Officer shall submit a recommendation for approval to the Chancellor, including a justification for the proposed pay, the employee’s experience, qualifications, academic discipline, and other relevant factors. The Chancellor will advise the Board of such approvals.

(d) When an employee’s appointment is changed from a calendar year to an academic year appointment with duties remaining the same, the employee’s pay shall be adjusted to 81.8 percent of the calendar year base pay. For an employee whose appointment was previously changed from academic year to calendar year where the pay was adjusted other than by 122.2 percent, pay shall be adjusted to the percent which is the reciprocal of the percent previously used. A different pay adjustment percent may be used upon agreement of the employee and the Chief Administrative Officer.

(8) Each University shall be responsible for arranging the work schedule to minimize overtime and shall establish procedures for overtime pay consistent with the FLSA.

(9) Extra State Compensation.

(a) Pay for appointments up to the available established FTE for the position shall be from funds designated as Salaries.

(b) Pay for the portion of an appointment in excess of the available established FTE for the position and for activities of limited duration where no FTE is assigned shall be from funds designated as OPS.

(c) Employment by another State agency shall be processed consistent with its requirements.
(10) Perquisites/Sale of Goods and Services. The Chief Administrative Officer shall approve providing perquisites to employees, the sale of goods and services to employees, and the payment of moving expenses associated with a current or prospective employee. The provision of such items shall be job or class related and documented to demonstrate that the approval is in the best interest of the University.

(a) Approval is not required when sales to employees are at the same rate as they are ordinarily sold to the public.
(b) Moving expenses shall ordinarily be limited to the cost of packing, shipping, and storage of household goods, not to exceed 15,000 pounds, and reasonable expenses incurred for moving an automobile.

6C-5.920 Benefits and Hours of Work.

(1) Benefits made available to Faculty, A & P, and USPS include paid and unpaid leave, holidays, State- and University-sponsored insurance programs, and retirement. Under the FMLA, OPS employees may be eligible for unpaid leave. Benefits and hours of work requirements shall be administered consistent with the following provisions.

(2) Each employee is expected to work the number of hours in the employee’s established workweek unless on approved leave. Benefits shall be provided proportionate to the time on the payroll.

(3) The minimum workweek is 40 hours for full-time employees. Holiday pay (maximum of eight hours) and paid leave are not considered overtime and are paid at the employee’s regular pay rate. Approved leave may be adjusted to ensure an employee’s workweek will not exceed 40 hours.

(4) Compensatory leave shall consist of the following types and such unused leave shall be transferred or paid as follows.
   (a) Overtime compensatory leave is provided in lieu of payment for overtime for nonexempt USPS employees at the rate of one and one half times the total hours worked beyond 40.
      1. Overtime shall be paid no later than the end of the following pay period, unless accrued as overtime compensatory leave.
      2. Unused overtime compensatory leave shall be transferred unless the USPS employee’s nonexempt designation changes to exempt and such leave shall be paid at the employee’s regular rate of pay.
   (b) Regular compensatory leave shall be provided to a USPS exempt employee for work beyond 40 hours on an hour-for-hour basis. The University may transfer or pay for unused regular compensatory leave with the approval of the Chief Administrative Officer.
   (c) Special compensatory leave is provided to USPS as follows.
      1. Special compensatory leave is provided to compensate an employee for a State holiday when the employee observed the holiday and worked 40 hours the week during which the holiday occurred; the holiday falls on the employee’s regularly scheduled day off; or the employee is required to work the holiday.
      2. Special compensatory leave is provided to compensate an employee for administrative leave for jury duty or court appearance provided in paragraphs (14)(a) and (b) below when the employee worked 40 hours the week during which the jury duty or court appearance occurred.
      3. Special compensatory leave is provided to employees required to perform essential duties during an emergency closing for the hours worked during the closing.
      4. The Chief Administrative Officer may elect to pay an employee for a part or all accrued special compensatory leave at any time. If the employee separates or transfers to another University, the employee shall be paid for all unused special compensatory leave at the employee’s regular rate of pay.
   (5) An employee shall be paid proportionate to the time in pay status for all holidays designated for State employees.
   (6) Leave shall be accrued while in pay status and shall be credited on the last day of that pay period or, in the case of separation, on the last day the employee is on the payroll.
   (7) During approved unpaid leave for parental, foster care, medical, or military reasons, an employee may use accrued leave to continue the contributions to State benefits and other expenses.
   (8) Unless agreed otherwise, an employee shall be employed in the same or similar status upon completion of the approved leave period. While on paid leave, an employee may not be employed elsewhere unless the requirements for outside activity and extra State compensation have been met.
   (9) Sick leave accrual for full-time employees shall be as follows with proportionate accrual for less than full-time.

(a) Sick leave shall be accrued before use unless available through a sick leave pool. There is no maximum on the amount of sick leave that can be accrued. Sick leave accrued prior to October 1, 1973, shall be used prior to any sick leave accrued after that date.

(b) Sick leave is authorized for the following purposes:
1. The employee’s personal illness, injury, exposure to a contagious disease, a disability where the employee is unable to perform assigned duties, or appointments with health care providers.
2. The illness, injury, appointments with health care providers, or death of a member of the employee’s family.
(c) Notice of absence due to illness, injury, disability, or exposure to a contagious disease, shall be given on the first day of absence.

(d) All unused sick leave accrued in another SUS or State plan for which payment has not been received shall transfer provided no more than 31 days have elapsed between employment or if reemployed by the SUS within 100 days.

(e) An individual who resigns from a governmental entity within Florida and is employed in the USPS within 31 calendar days, may transfer up to 480 hours of accrued unused sick leave. Such leave shall be transferred as follows: 80 hours upon date of hire and 80 hours upon the completion of each succeeding year. Accrued sick leave from a governmental entity for Faculty and A & P shall transfer as provided in reciprocal agreements with other governmental entities.

(f) Upon separation, an employee with 10 or more years of service shall be paid for one-eighth of all unused sick leave accrued prior to October 1, 1973, and for one-fourth of unused sick leave up to a total of 480 hours accrued after October 1, 1973, in accordance with Section 110.122, F.S. Upon reemployment by the SUS within 100 days or upon recall by the University within one year, all unpaid sick leave shall be restored and any sick leave paid at time of separation shall be restored upon repayment. An employee with less than 10 years of service shall not be paid for any unused sick leave and such leave shall be forfeited unless reemployed by the SUS within 100 days or recalled by the University within one year.

(10) Annual leave for full-time employees shall be as follows with proportionate accrual for less than full-time. An academic year (39 weeks) employee, a Developmental Research School employee, and an employee appointed for less than 9 months shall not accrue annual leave. Hours of accrual for USPS is based on years of creditable service and such service shall be awarded as one month of service credit for each calendar month that the employee is on the salaried (non-OPS) payroll of a University or other State agency or during authorized unpaid leave.

(a) Annual leave shall be accrued prior to use unless annual leave is advanced by the Chief Administrative Officer.

(b) Employees may accrue annual leave in excess of the year end maximum during a calendar year. Employees with accrued annual leave in excess of the year end maximum as of December 31, shall have any excess converted to post October 1, 1973 sick leave on an hour-for-hour basis on January 1 of each year. The employee may retain hours in excess of the year end maximum with the approval of the Chief Administrative Officer.

(c) The maximum annual leave, accrued in another SUS University or State plan for which payment has not been received, shall transfer provided no more than 31 days has elapsed between employment.

(d) An individual who resigns from a governmental entity within Florida and is employed in the USPS within 31 calendar days, may transfer up to 480 hours of accrued unused annual leave. Such leave shall be transferred as follows: 40 hours upon date of hire and 40 hours upon the completion of each succeeding year. Accrued annual leave from a governmental entity for Faculty and A & P shall transfer as provided in reciprocal agreements with other governmental entities.

(e) A employee who separates from employment shall be paid for all unused annual leave hours up to the year end maximum allowed for the pay plan. Upon reemployment by the SUS within 100 days or upon recall by the University within one year, all unpaid annual leave shall be restored and any annual leave paid at time of separation shall be restored upon repayment. Upon entering into the Deferred Retirement Optional Program (DROP), employees may elect to be paid up to the year end maximum of their unused annual leave.

(f) Upon transfer from an annual leave-accruing position to a non leave-accruing position, the employee shall be paid for unused annual leave, unless the employee elects to retain all unused annual leave, for up to two years.

(11) Compulsory leave provisions shall be consistent with the following.

(a) Medical certification by an approved health care provider may be required.
(b) Notice shall be provided to the employee identifying duration of the leave, the conditions for return to the position, and whether such leave shall count toward FMLA entitlements.

(c) The employee may be allowed to use paid leave during compulsory leave to continue the contributions to State benefits and other expenses.

(d) Unless agreed otherwise, an employee shall be employed in the same or similar status upon completion of the approved leave period and upon receipt of medical certification.

(e) Employees who fail to meet the conditions of the compulsory leave or who fail to obtain medical certification and are unable to perform duties may be offered part-time employment, placed on unpaid leave or have such leave extended, requested to resign, or be dismissed for inability to perform the duties of the position.

(12) Employees are provided with twelve workweeks of Family and Medical Leave within a 12-month period in compliance with the Family and Medical Leave Act (FMLA) of 1993 (Public Law 103-3) and the Final Regulations of the Family and Medical Leave Act of 1993 (29 CFR Part 825). The 12-month period is defined as the fiscal year (July 1 – June 30). All employees are eligible including OPS employees who have worked at least 12 months (these need not have been consecutive) and who have worked at least 1250 hours in the 12-months prior to the leave. Faculty, A & P, and USPS employees may use paid leave for an FMLA event and such shall be counted toward the entitlement.

(13) Employees shall be provided with up to six months unpaid parental leave during which time the employee may use paid leave when the employee becomes a biological or adoptive parent. Parental leave shall begin two weeks prior to the expected date of the child’s arrival unless otherwise approved by the Chief Administrative Officer.

(14) Employees are provided paid administrative leave as follows and shall not cause the full-time employee to exceed 40 hours during the workweek. Administrative leave is not accrued.

(a) Administrative leave for jury duty shall not exceed the number of hours in the employee’s normal workday. If jury duty does not require absence for the entire workday, the employee shall return to work immediately upon release by the court. If the jury duty does not coincide with the regular work schedule, the employee shall be granted administrative leave based on the total hours served on jury duty and such leave shall be granted on the next scheduled work shift. Any jury pay shall be retained by the employee.

(b) Administrative leave shall be provided to an employee summoned as a witness in a matter not involving personal interests. Administrative leave shall not be provided to an employee serving as an expert witness. Witness pay shall be retained by the employee.

(c) Administrative leave for athletic competition in Olympic events shall be provided in accordance with Section 110.118, F.S.

(d) Administrative leave up to two days shall be provided to a USPS employee upon the death of a family member.

(e) Administrative leave shall be provided for official emergency closing of University facilities. Special Compensatory leave shall be provided to USPS employees required to perform essential services during the emergency closing. Only employees scheduled to work during the time of the emergency closing shall be provided leave.

(f) The Chief Administrative Officer may provide administrative leave for Florida Disaster Volunteers in accordance with Section 110.120, F.S.

(g) The Chief Administrative Officer may grant up to two days of administrative leave for civil disorder or disaster for an employee who is a member of a volunteer emergency response team.

(h) The Chief Administrative Officer may provide administrative leave up to two hours for voting in public elections.

(i) The Chief Administrative Officer may place an employee under investigation on leave up to the length of the investigation.

(j) The Chief Administrative Officer may place an employee on administrative leave between the notice of reduction in pay, suspension, or dismissal and the effective date of such action.

(k) The Chief Administrative Officer may place an employee on administrative leave when the employee’s presence in the workplace may result in damage to property, or injury to the employee or others.

(15) Military leave and reemployment rights shall be provided to Faculty, A & P, and USPS employees consistent with Federal and State laws.

(16) Workers’ Compensation benefits for an injury compensable under the Florida Workers’ Compensation Law shall be provided consistent with the following.

(a) An employee shall remain in full pay status for a period up to a maximum of forty (40) hours without being required to use accrued leave credits. If, during that period, the employee receives Workers’ Compensation benefits then the employee shall reimburse the University the amount of the benefits. Such reimbursement shall not include payments for expenses related to medical, surgical, hospital, or nursing treatment or payments of disability losses.

(b) An employee may elect to use paid leave to supplement Workers’ Compensation payments up to the employee’s regular salary.

(c) The period of paid or unpaid job-related disability leave shall be in accordance with Chapter 440, F.S.

(d) An employee who was injured in the workplace, may be returned to alternate duty consistent with established University policies or procedures.

(e) If at the end of the leave period, an employee is unable to return from leave to work full-time and perform the duties of the position, the Chief Administrative Officer may offer the employee a part-time appointment, place the employee on unpaid leave or extend the leave status, request the employee’s resignation, or terminate the employee from employment.
17. All eligible Faculty and A & P employees are enrolled in the Optional Retirement Program (ORP) unless employees elect to participate in the Florida Retirement System. All other employees participate in the Florida Retirement System, except those who remain in the State and County Officers and Employees Retirement System or the Teachers Retirement System.

6C-5.925 Evaluation and Recognition.
(1) The following provisions govern employee evaluations and performance improvement.
(a) The basic purpose of the evaluation is to acknowledge performance, to communicate performance effectiveness, to aid in improving performance in assigned duties, and if necessary, to develop a performance plan to assist in correcting deficiencies for the employee not meeting performance standards.
(b) Each University shall establish procedures to conduct periodic performance reviews. Each employee shall be evaluated at least once every two years on the basis of total performance in fulfilling assigned responsibilities.
(c) The evaluation should be considered in making personnel decisions.
(2) Each University may also establish an employee recognition program.

6C-5.930 Learning Opportunities.
(1) Faculty, A & P and USPS employee learning opportunities involving professional renewal, planned travel, study, formal education, research, writing, or other experience of professional value may include the following:
(a) Sabbaticals.
(b) Employee development or certification.
(c) Leave to pursue educational goals.
(2) Full-time Faculty, A & P and USPS employees are eligible to enroll in up to six tuition-free credit hours of instruction per semester.
(a) Free university courses shall be on a space available basis.
(b) An employee who is on approved leave or has been involuntarily called to active military service shall retain eligibility to participate.

Specific Authority 240.209(1), (3)(r) FS. Law Implemented 115.09, 240.209(1), (3)(f), (7), 240.227(11) FS. History—New 1-24-96.

6C-5.935 Promotion, Change in Assignment, Demotion and Transfer.
(1) Promotion, change in assignment, demotion and transfer shall be administered consistent with the following provisions.
(2) Promotion:
(a) Faculty promotion is the appointment to a higher academic or equivalent rank or class and may also be combined with an application for tenure. The criteria for promotion shall include meeting the minimum qualifications for appointment to the rank or position, increased skill in teaching, increased knowledge in the field of specialty, increased recognition as an authority in the field, and potential for professional growth. Each University shall provide for Faculty participation in developing promotion recommendations and other procedures and criteria for Faculty promotion.
(b) Administrative and Professional promotion is the appointment to another position or class with substantially increased responsibilities, or a permanent assignment of substantially increased responsibilities for the existing classification. An employee must meet the minimum qualifications for the position to which promoted.
(c) USPS promotion is the appointment to a class or position with substantially increased responsibilities. An employee must meet the minimum qualifications for the position to which promoted. Upon promotion, the employee’s appointment modifier shall be determined pursuant to paragraph 6C-5.910(4)(c), F.A.C. An employee who has earned permanent status in the class to which promoted shall be promoted with permanent status.
(3) Change in Assignment:
(a) Faculty with administrative responsibilities serve at the will of the Chief Administrative Officer and may, at any time, receive a change in classification or assignment. Employees with tenure or permanent status shall not have such status affected by the change in classification or assignment.
(b) An A & P or USPS change in assignment is the appointment to a different position in the same class or in a different class having the same pay range maximum.
(c) If a USPS employee who has not attained permanent status in the current class receives a change in assignment to a different position in the same class, the employee’s status remains the same until the probationary period designated for the class has been successfully completed.
(d) A USPS employee with or without permanent status in the current class who receives a change in assignment to a different position in a different class shall be given probationary status in the new class if the employee meets the minimum qualifications for the position; however, if the employee previously held permanent status in the class to which reassigned, the change in assignment shall be with permanent status.

(4) A demotion is an appointment to a class or position having less responsibility. Upon demotion, a USPS employee’s appointment modifier shall be determined pursuant to paragraph 6C-5.910(4)(c), F.A.C.; however, if the employee previously held permanent status in the class to which demoted, the demotion shall be with permanent status.

(5) A transfer is the appointment of an employee from one geographic location within the University to a different geographic location within the same University in excess of 50 miles from the employee’s current work location.

6C-5.940 Tenure and Permanent Status.

(1) Faculty tenure shall be administered consistent with the following provisions:

(a) The award of tenure shall provide annual reappointment until voluntary resignation, retirement, removal for just cause, or layoff.

(b) Tenure is awarded upon demonstration of highly competent performance. Tenure criteria shall address the areas of teaching; research and other scholarly activities; and service to the public, the discipline, and the university including those professional responsibilities consistent with faculty status. These criteria shall take into account the mission and needs of the institution and shall place appropriate emphasis upon teaching and teaching-related scholarship. In this regard, the institution shall ensure that teaching is evaluated broadly, including assessments by peers and students, and that teaching performance is prominently considered in the award of tenure.

(c) Tenure shall be held as ranked Faculty in an academic department/unit and shall not extend to administrative appointments.

(d) Appointments to the ranks of assistant professor, associate professor, and professor are tenure-earning when they do not include the appointment modifier of acting, adjunct, joint, provisional, visiting, research, clinical, courtesy, honorary, or affiliate. Appointments which include the appointment modifier of multi-year, joint, provisional, visiting, research, clinical, or affiliate are ordinarily nontenure-earning; however, employees with these appointment modifiers may earn time toward tenure as determined by the Chief Administrative Officer at the time of appointment. If an employee is initially appointed to the rank of instructor or to a non-tenure-earning rank and is subsequently appointed to a tenure-earning position, all or a portion of the prior service in such nontenure-earning position may be counted toward tenure, provided the Chief Administrative Officer agrees to credit such service.

(e) The decision to recommend an employee for tenure shall be made no later than the sixth year of continuous full-time service or equivalent part-time service in a tenure-earning position. Tenure-earning employees not recommended for tenure by the end of six years of continuous full-time, or equivalent part-time services, shall be given notice that further employment will not be offered. Full-time service for the purpose of tenure eligibility shall mean employment at 1.0 FTE during at least 39 weeks of any twelve month or nine month contract. Part-time service shall mean employment during at least one semester of any twelve month period.

(f) At the time of employment, the Chief Administrative Officer may credit an employee with tenure-earning service from another institution of higher education, however, such credit shall be limited to not more than two years of tenure-earning service for an assistant professor, not more than three years for an associate professor, and not more than four years for a professor. All prior SUS tenure-earning service shall be credited toward tenure unless otherwise agreed at the time of employment.

(g) Time spent on a joint appointment or approved personnel exchange program of the university, or a special assignment which benefits the university shall be counted toward tenure eligibility. Time spent away from the University for other purposes shall not be counted toward tenure eligibility.

(h) Time spent on paid leave shall be tenure-earning unless otherwise agreed at the time of such leave. Time spent on unpaid leave shall not be credited as tenure-earning except as approved by the Chief Administrative Officer.

(i) The recommendation of an employee for tenure shall signify that the Chief Administrative Officer is satisfied the employee will continue to make significant professional contributions to the University and the academic community. Upon recommendation by the Chief Administrative Officer and approval by the Board, tenure shall be awarded.

(j) With sufficient justification, tenure may also be recommended by the Chief Administrative Officer and approved by the Board at the time of initial appointment or prior to the sixth year of tenure-earning service.

(k) Transfer of tenure shall be at the discretion of the University to which the employee is transferring.

(l) Permanent status for USPS employees shall be administered consistent with the following provisions.

(a) An employee earns permanent status in the class after successful completion of the designated probationary period and has rights to remain in the class or to contest adverse action taken against the employee while serving in the class.

(b) An employee with permanent status filling a time-limited position shall not have retention rights or other rights provided under layoff and recall provisions.

(c) An employee without permanent status in any class may be terminated at any time without the right to appeal such action.
6C-5.945 Employee Ethical Obligations and Conflicts of Interest.

(1) All employees should be aware of their obligations and responsibilities as public employees of the State University System. No employee shall have any interest, financial or otherwise, direct or indirect; engage in any business transaction or professional activity; or incur any obligation of any nature which is in substantial conflict with the full and competent performance of the employee’s duties.

(2) Each University shall provide for annual reporting of outside employment activities and require that significant changes to these activities be reported.

(3) All employees are governed by the provisions of Chapter 112, F.S., setting standards of conduct for public officers and employees and mandating the disclosure of certain financial interests.

(4) Each University shall administer the use of University facilities on a space available basis with priority given to those groups and persons whose activities are related to the mission of the University.

(5) Employees who intend to seek election to and hold public office shall notify the Chief Administrative Officer of their intentions and shall adhere to the provisions of Section 104.31, F.S. The Chief Administrative Officer shall determine whether the employee’s candidacy for and holding of public office will interfere with the full discharge of the employee’s duties and, if appropriate, require the employee to take a leave of absence or submit a resignation.

(6) Academic freedom and responsibility apply to teaching, research, and creative activity, and assigned service.

   (a) Faculty shall be free to:
      1. Cultivate a spirit of inquiry and scholarly criticism and present and discuss their own academic subjects, frankly and forthrightly, with freedom and confidence.
      2. Select instructional materials and determine grades in accordance with University procedure.
      3. Engage in scholarly and creative activity and publish the results in a manner consistent with their professional obligations.

   (b) Faculty shall have the responsibility to:
      1. Objectively and skillfully present a variety of scholarly opinions on the subject matter.
      2. Respect students and not exploit students for private advantage.
      3. Contribute to the orderly and effective functioning of the academic unit and/or the University and act in a collegial manner in all interactions.
      4. Represent themselves as institutional representatives, only when authorized to do so.

6C-5.950 Disciplinary Actions, Complaints, and Appeals.

(1) Each University shall administer standards for performance and conduct to ensure timely and equitable disposition of disciplinary problems. Discipline ranging from written reprimands to dismissal may be imposed for just cause.

(2) Each University shall institute predetermination and appeal procedures for all employees with permanent or tenured status.

(3) The Chief Administrative Officer shall establish procedures for addressing employee complaints consistent with the following:

   (a) A tenured or permanent status employee may file a complaint concerning employment or alleging that the University failed to comply with the University complaint procedure with the Chief Administrative Officer and request specific action by the Chief Administrative Officer.

   (b) A nontenured or nonpermanent status employee may file a complaint concerning only nondisciplinary matters affecting the employee’s terms and conditions of employment with the immediate supervisor and the next level supervisor.

   (c) A complaint, for the purpose of this process, is the allegation by the employee that any condition affecting the employee’s terms and conditions of employment is unjust, inequitable, or creates a problem. An employee shall not have the right to file a complaint concerning evaluations of performance unless the employee alleges that the evaluation is based on factors other than performance.

   (d) Suspensions, reductions in pay, transfers, layoffs, demotions, job abandonment, and dismissals for USPS employees shall proceed directly to review under Section (4) USPS Arbitration Appeal Procedures.

   (4) USPS Arbitration Appeal Procedure – An employee who has earned permanent status in his/her current classification shall have the right to appeal to an arbitrator any suspension, dismissal, layoff, demotion, job abandonment, transfer, or reduction in pay, provided that the employee has not signed a statement indicating the action was voluntary. An employee whose position is classified to a lower class shall have the right to appeal only the reduction in pay, if any, which has occurred as a result of the demotion appointment.

   (a) Request for Processing:

      1. If an employee requests an arbitration, the employee shall, within 14 working days after the receipt of notice of the employment action from the University, file with the Board Office a completed Arbitration Request form. This form is incorporated by reference and is titled Arbitration Request Pursuant to subsection 6C-5.950(4), F.A.C., dated November 1, 1995, and can be obtained from the University Personnel Director. A copy of the form must also be filed with the Chief Administrative Officer and the employee’s immediate supervisor.
2. Failure to initiate an arbitration request within the time limits prescribed shall be deemed a waiver of the right to arbitration. In the event of a question regarding timeliness of any notice, the date of receipt if transmitted in person, or the postmark if transmitted by mail, shall be determinative.

3. After the Request for Arbitration has been received, the Chancellor will determine whether the request has been filed in accordance with the provisions of this section and shall notify the employee or his/her representative, the University, and immediate supervisor of this determination. Additionally, the employee will be mailed a copy of this rule.

4. The Chancellor shall select an arbitrator on a rotational basis from an odd-numbered panel of at least seven arbitrators maintained by the Board and shall notify the University representative and the employee or his/her representative of the arbitrator selected. If the parties do not agree on the arbitrator selected, the selection shall be made by alternatively striking names from the panel. The right of first strike shall be determined by a coin toss. The employee will receive notice of the identity of the arbitrator selected and may request disqualification of the arbitrator based on cause within five calendar days of receipt of the notice. Cause is present when it appears the arbitrator was chosen through corruption, fraud, or other undue means.

5. When an action is both appealable under this rule and grievable under a collective bargaining agreement, the employee shall have the option of using either procedure. The filing of the arbitration request form constitutes a waiver of any rights to review of the matter under an applicable collective bargaining agreement, Chapter 120, F.S., or other SUS or University review procedures. If the employee seeks a review of a matter in an alternative forum after requesting arbitration under this rule or fails to appear at the scheduled arbitration hearing, the Board and the University shall have no obligation to proceed further.

(b) Fees and Expenses:
1. All fees and expenses for the arbitrator will be paid by the University. When an employee is represented by an employee organization, the arbitrator’s fees and expenses shall be paid by the party who fails to prevail in the arbitration or evenly split if the award sustains the appeal in part and denies it in part.

2. The party desiring a transcript of the arbitration proceedings shall provide written notice to the other party of its intention to have a transcript of the arbitration made at least one week prior to the date of the arbitration and shall be responsible for scheduling a reporter to record the proceedings. The parties shall share equally the appearance fee of the reporter and the cost of obtaining an original transcript and one copy for the party originally requesting a transcript of the proceeding. The requesting party shall, at its expense, photocopy the copy of the transcript received from the reporter and deliver the photocopy to the other party within five calendar days after receiving the copy of the transcript from the reporter.

(c) The employee may self represent or be represented. If the employee elects to be represented, the employee must deliver or send to the Board Office within five working days after filing a Request for Arbitration, a written statement indicating the name, address, telephone number and qualifications of the representative and confirming that the employee as well as the representative will be present during the arbitration hearing, and that the employee agrees to this representation.

(d) If the aggrieved employee participates during working hours in the arbitration, the employee’s compensation will not be affected by the time spent at the arbitration hearing. The employee must notify the immediate supervisor seven days in advance of his/her anticipated absence. An employee will not be permitted to prepare the case during working hours.

(e) Hearing:
1. The arbitrator shall hold the hearing at the city where the main campus of the University is located, unless otherwise agreed by the parties. The hearing shall commence within 30 working days of the arbitrator’s acceptance of selection, or as soon thereafter as is practicable. Arbitration proceedings shall be conducted in accordance with this rule, supplemented by the Labor Arbitration Rules published by the American Arbitration Association, as Amended and Effective on September 1, 1993.

2. The arbitrator may subpoena witnesses and compel the production of documents pertinent to the appeal. All requests for subpoenas must be made to the arbitrator no later than 10 working days prior to the arbitration date and each party is responsible for providing its own witnesses and documents which it wishes to present.

3. Within 60 calendar days, the arbitrator shall issue to the University and the employee a written order which may affirm, reverse, or alter the decision of the University.

4. The employee and the University agree that the decision of the arbitrator shall be final and binding on both parties. No judicial review of the arbitration order is available except as provided by Chapter 682, F.S.

(f) Jurisdiction of Arbitrator:
1. The arbitrator shall neither add to, subtract from, modify, or alter the provisions of these rules, University rules and policies or procedures, or an applicable collective bargaining agreement. Arbitration shall be confined solely to the application and/or interpretation of those provisions and limited to the matters in the Request for Arbitration Form submitted for arbitration. No statements of opinion or conclusions not essential to the determination of the matters submitted shall be permitted. The arbitrator shall not review managerial decisions other than to ensure that such actions are in accordance with the applicable procedures under review. In the case of suspension, dismissal, and reduction in pay taken as a disciplinary action, the arbitrator shall determine whether there is just cause for such action.

2. The burden of proof shall be on the employee in layoff, demotion, reduction in pay and transfer actions when not taken as a disciplinary action, and in job abandonment. The burden of proof shall be on the employer in suspension, dismissal, demotion, and reductions in pay when taken as disciplinary actions.
3. The arbitrator’s order and award may reinstate an employee, with or without back pay. The back pay award shall not exceed the amount of pay the employee would otherwise have earned at the employee’s regular rate of pay and shall not be retroactive to a date earlier than the date of the occurrence of the event giving rise to the action at issue and in no event more than fourteen (14) working days prior to initiation of the arbitration request. In no situation will the award exceed the actual loss to the employee or provide attorney fees to either party.

4. Punitive damages are not permitted.

5. The arbitrator may reduce a dismissal to a suspension for such time as the arbitrator may fix, or reduce the period of suspension, which order shall be binding on the University and employee concerned.

6C-5.955 Separations From Employment and Layoff.

(1) Separations from employment shall be administered consistent with the following provisions.

(a) An employee who resigns from employment shall not have any rights of appeal.

(b) An employee who is absent without approved leave for three or more consecutive workdays shall be considered to have abandoned the position.

(c) The Chief Administrative Officer may dismiss an employee for just cause in accordance with University rules, policies or procedures.

(d) OPS and USPS employees without permanent status in any class may be separated from employment at any time without any requirements of notice or reason and without rights of appeal.

(e) Nontenured or nonpermanent Faculty and A & P whose appointments expire after receiving notice of nonrenewal or nonreappointment or whose appointment expires without the requirement of a written notice of nonreappointment may be separated without further notice.

(2) Layoff shall be administered consistent with the following provisions.

(a) Employees may be laid off at any time as a result of adverse financial circumstances; reallocation of resources; reorganization of degree or curriculum offerings or requirements; reorganization of academic or administrative structures, programs, or functions; curtailment or abolition of one or more programs or functions; shortage of work; or a material change of duties. The Chief Administrative Officer shall notify the appropriate employee organizations when layoffs are to take place.

(b) The layoff unit may be at an organizational level such as a campus, division, college, school, department, area, program, or other level of organization as the Chief Administrative Officer deems appropriate. In designating the makeup of the layoff unit, the Chief Administrative Officer may consider the special qualifications and relevant experience required for specific positions and exclude such positions from layoff. USPS time-limited positions shall be excluded from the layoff unit.

(c) A tenured Faculty or permanent status employee shall not be laid off if there are nontenured/nonpermanent status employees in comparable positions in the layoff unit. Those employees will be retained who, in the judgment of the Chief Administrative Officer, will best contribute to the mission and purpose of the University when taking into account the employee’s length of continuous University service and other appropriate factors.

(d) The Chief Administrative Officer shall make a reasonable effort to locate appropriate alternative/equivalent employment for laid-off employees, first within the University and second within the SUS.

(e) The following employees do not have layoff rights.

1. A Faculty or A & P employee appointed for less than one academic year or appointed to a visiting appointment;

2. A Faculty or A & P employee appointed to a position funded from contracts and grants, auxiliaries or local funds;

3. A Faculty or A & P employee whose appointment expires after receiving timely notice of nonrenewal/nonreappointment;

4. A Faculty or A & P employee whose appointment expires without the requirement of a written notice of reappointment, including an employee serving on an appointment without a fixed term or an employee on a multi-year contract;

5. A USPS employee without permanent status in any class;

6. A USPS employee appointed to a contract and grant, auxiliary or local funds position which has been designated time-limited.

7. An OPS employee.

(f) Within the layoff unit, USPS employees with permanent status in the affected class shall be ranked on a layoff list based on retention points derived from length of service and evaluations. Employees who work less than full-time shall have their retention points determined in proportion to the time worked. Layoff rights extend only to employees who meet the specific qualifications and equivalent FTE of the position regardless of their placement on the layoff list. Retention points shall be computed as follows:

1. One point for each month of continuous employment in the USPS including service in the Career Service if employed in the SUS on or before June 30, 1986.

2. One point for each month of service meeting performance standards and two points for each month of service with exemplary performance.

3. The period of leave for active military service in accordance with Chapter 115, F.S., shall count as continuous employment and shall be considered to be at the same level of performance as last evaluated.
4. Any period of service prior to July 1, 1996, not covered by an evaluation including periods of service during which no formal employee evaluation programs existed, shall be computed as meeting performance standards. After July 1, 1996, performance will be computed as previously evaluated in the absence of a current evaluation.

5. No retention points shall be granted for a month in which the employee was not on the payroll.

6. After totaling the retention points, layoff shall be in order, beginning with the employee with the fewest points.

7. When two or more employees have the same total retention points, preference for retention shall follow the order of the longest University service in the class, the longest SUS service, Veterans’ preference, and as determined by the Chief Administrative Officer.

(g) Employees are to be informed of layoff as soon as practicable. Where circumstances permit, all employees are to be provided at least 30 calendar days. However, a USPS employee with permanent status shall be given no less than 14 calendar days notice of layoff or in lieu thereof, two weeks pay at the employee’s current regular hourly rate, or a combination of notice and pay. A notice of layoff shall be sent to the employee by certified mail, return receipt requested, or delivered in person to the employee.

(h) Within seven calendar days after receiving the notice, the USPS employee shall have the right to request a change in assignment or, if not available or the employee’s preference, a demotion in lieu of layoff to a position in a class in which the employee held permanent status, or to a position in a class in which the employee has not held permanent status if the employee has previously held permanent status in a higher or equal level class within the series. Appointment to positions in lieu of layoff is conditioned on the employee meeting the specific qualifications for the position.

(i) Employees with layoff rights who are laid off shall have recall rights at the University from which laid off as follows.

1. Faculty and A & P employees have recall rights for one year following layoff. Employees shall be offered reemployment/recall rights in the same or similar position for which they meet the special qualifications and relevant experience. (For out-of-unit faculty and out-of-unit A & P employees at the New College of the University of South Florida, the offer of reemployment shall be limited to the same or similar position at the New College.)

2. USPS employees have recall rights for one year following layoff. When a vacancy occurs or a new position is established in the same class within the same layoff unit from which the employee was laid off, the employee with the highest number of retention points and who meets the specific qualifications for the position, shall be offered reemployment.

3. Reemployment offers shall be made to USPS employees laid off in the order of their total retention points. Reemployment of such employees may be with permanent status in that class at the discretion of the Chief Administrative Officer.

4. An employee who refuses offer of reemployment shall forfeit further recall rights.

CHAPTER 6C-6 STUDENTS

6C-6.001 Admissions.
(1) Based on minimum standards adopted by the Board, through rule, the Universities shall establish the criteria by rule for the admission of students.
(2) In the admission of students, the universities shall take into consideration the applicant’s academic ability, and may also consider creativity, talent, and character. If determined not to be in the best interest of the university to deny admission to an applicant because of past misconduct, the university may do so.
(3) The Board affirms its commitment to equal educational opportunity and to increasing student diversity in each of the state universities.
(4) Applicants denied admission shall be given notice of denial within a reasonable period of time following the decision. Upon the applicant’s written request, the university shall provide the reasons for the rejection in writing.
(5) Each student accepted for admission shall, prior to registration, submit on a form, provided by the institution, a medical history signed by the student. Documentation of appropriate immunization for measles and rubella is required. Proof of immunization must be provided. This shall be a minimum requirement, and institutions may require in addition such other evidence of examination as they may determine necessary. Where physician examinations or certificates are required, they must be signed by a doctor of medicine or a doctor of osteopathy. The universities reserve the right to refuse registration to any student whose health record or report of medical examination indicates the existence of a condition which may be harmful to members of the university community.
(6) The universities may return to the applicant without action any application and fees received after the closing date for applications designated by each institution in its official calendar.
(7) False or fraudulent statements – In addition to any other penalties which may be imposed an individual may be denied admission or further registration, and the universities may invalidate college credit for work done by a student at an SUS institution and invalidate the degree based upon such credit if it finds that the applicant has made false or fraudulent or incomplete statements in his application; residence affidavit, or accompanying documents or statements in connection with, or supplemental to, his application for admission to, or graduation from one of the SUS institutions.
(8) Students may be required to have immunizations and to have undergone diagnostic procedures prior to registration.
(9) Each university shall provide registration opportunities for admitted transfer students that allow these students access to high demand courses comparable to that provided to native students.
(10) Each university shall provide orientation programs for first-time-in-college and transfer students.
(11) Enrollment limitations – The Board shall establish a plan for the enrollment of the State University System, consistent with the Strategic Plan.

(a) The Board shall recommend each budget cycle to the Legislature an enrollment plan in which future State University System FTE enrollment shall be specified by level.

(b) The Board will establish an assigned FTE enrollment plan for each university for each fiscal period. This assigned FTE enrollment plan will be based upon the enrollment plan described in (a) and upon the funding decisions of the Legislature.

(c) Each university shall establish, by rule, procedures and criteria to manage enrollments to meet planned enrollment, established pursuant to (b) above. These rules shall not be inconsistent with Board rules.

(d) Programs at the University of Florida and the University of South Florida in the Health Centers receive separate appropriations from the Legislature; therefore, students enrolled in such programs will be excluded from the above enrollment limitations.

(e) Upper level programs registered as limited access programs with the Board and the Articulation Coordinating Committee (competitive admission due to limited space or other resources, or due to higher standards) and rules limiting enrollment as provided in (c) above shall observe the following guidelines in the selection of students for the spaces available in the program:

1. There will be a documented justification for the program to be classified as limited access. This documentation should be submitted by the university requesting limited access to the Board for review and approval at least 6 months prior to the start of limiting access to the program. Annually, each university will reevaluate the need to continue to classify the program as limited access. The university will report to the Board by October 1 of each year a list of all limited access programs, the minimum admissions standards for each program, the reasons the program is designated as limited access, and a copy of the most recent review demonstrating the need for retention of limited access status. Programs assigned limited access status will be reviewed by the Board in the course of its cyclical systemwide program review process.

2. All criteria shall be approved by the Board and registered with the Articulation Coordinating Committee prior to implementation.

3. Any criteria used to select students shall not discriminate against community college transfers with Associate in Arts degrees from Florida public community colleges in favor of SUS students who are applying for admission or plan to continue enrollment after the completion of 60 semester credits at the lower division level.

4. Any criteria used to select students shall be appropriate indicators of academic ability, creativity or talent to perform required work within the program and of the potential for success.

5. Any criteria used shall be publicized in catalogues, counseling manuals, and other appropriate publications in accordance with subsection 6A-10.024(14), F.A.C., with sufficient time for prospective students to adjust programs to meet criteria.

6. Where necessary to achieve established equal access enrollment goals, up to ten percent of the students may be admitted to a limited access program with different criteria.

7. Each university shall advise students who meet the minimum requirements for admission to the upper division of a state university, but are denied admission to limited access programs, of the availability of similar programs at other State University System institutions and the admissions requirements of such programs.

8. Associate in Arts degree graduates from Florida community colleges and university students who have successfully completed 60 or more credit hours of course work and met the requirements of Section 240.107, F.S., shall receive priority over out-of-state students for admission to limited access programs.

(f) The Board may declare certain degree programs as limited access programs, upon request by a university. In the case of programs for which prerequisite courses are required for admission, the prerequisites, and grades for the prerequisite courses determined acceptable by the program, by themselves, will not cause a program to be declared limited access. That is, if all the applicants completing the prerequisite courses, with any specified grade requirement, are admitted to the program, the program need not be designated a limited access program. Associate in Arts graduates from Florida public community colleges and universities who have not completed prerequisite courses for a given major shall be admitted to a university in order to complete those prerequisite courses, after which program admission can be determined. University degree programs may be declared as limited access programs for the following reasons:

1. The number of students who have met all the requirements for admission to the university and to the program is in excess of available resources (examples are: space, equipment or other instructional facilities; clinical facilities; adequate faculty to meet acceptable student-faculty ratios; fiscal or other resource limitations). In the case of such programs, selection for admissions shall be competitive. The selection criteria shall be determined by the program, recognizing that the standards applied to the criteria may vary from term to term depending on the number of student spaces available and the quality of the applicant pool. The selection criteria shall be published in the university catalogue along with the standards used for admissions decisions at the time the catalogue is published.

2. The program is of such a nature (normally in the fine or performing arts) that applicants must demonstrate through an audition or submission of a portfolio that they already have the minimum skills necessary for them to benefit from the program.

3. The program is of such a nature that in order to demonstrate potential for success in the program, applicants must attain a grade point average (GPA) and/or other standard (e.g., standardized test scores) that are above those required for admission to the university offering the program. [Note: Teacher preparation programs are mandated by Section 240.529, F.S., to maintain certain
admission requirements, and, therefore, will be classified and reported as limited access programs only if enrollment is limited for reasons (e.g., limited resources) that exceed statutory requirements. Teacher preparation programs will be monitored for compliance with requirements of subsection 240.529(3), F.S., through a report which is separate from the limited access reports.

4. When an institution has exceeded its upper-level FTE enrollment limit as assigned by the Legislature by more than five percent, programs which have not normally been designated as limited access programs may need to limit enrollment. If the institution’s actual student credit hour productivity exceeds the institution’s funded enrollment to this extent, the institution may take corrective actions in subsequent terms such as limiting admission of new students into upper level programs, limiting course loads of enrolled students and/or other measures as may be necessary to stay within funded enrollment levels. Florida community college Associate in Arts graduates and university students who have successfully completed 60 credit hours of course work and met the requirements of Section 240.107, F.S., shall receive priority for admission to such limited access programs over out-of-state and transfer students from private institutions.

6C-6.002 Entering Freshmen.

(1) Normally a diploma from a Florida public or regionally accredited high school, from an accredited out-of-state high school or, if foreign, its equivalent, or a diploma pursuant to Section 229.814, F.S., shall be required for admission of beginning freshman students to a state university. Students admitted under acceleration mechanisms in accordance with Rule 6C-6.006, F.A.C., are exempted from this requirement.

(2) Students applying for admission will submit test scores from the Scholastic Assessment Test of the College Entrance Examination Board or from the American College Testing program.

(3) Students may be considered eligible for admission to any of the state universities in one of the following three ways, except as provided in subsection (4) below:

(a) A student applying for admission who has a satisfactory high school record, including at least a “B” average (3.0 on a 4.0 scale) in the required high school academic units normally offered in grades 9 through 12, and who submits other appropriate evidence that the student can be expected to carry out successful academic progress in the university, is academically eligible for admission to any of the universities. In computing the high school grade point average for purposes of admission to a state university, additional weights will be assigned to grades in Honors, International Baccalaureate, and Advanced Placement courses. The high school academic unit requirements are as follows:

<table>

1. Students who entered as high school freshmen prior to July 1, 2000 may complete the four elective requirements in any combination of courses listed in the Department of Education Course Code Directory, as follows:

a. Up to four credits of Level II courses in English/Language Arts, Mathematics, Natural Science, Social Science, Foreign Language, or Fine Arts; Level III courses in any discipline; grade nine or above courses in Humanities or Computer Science; Dual Enrollment courses for which both high school and post secondary credits are granted; or equivalent courses in any discipline as determined by the Articulation Coordinating Committee.

b. Up to two credits in courses grade nine or above in ROTC/Military Training or in Vocational Education.
c. Up to one credit in courses in Research, Leadership Skills Development, Executive Internship, or Physical Education and Life Management Skills.

2. Students who entered as high school freshmen July 1, 2000 or later may complete the four elective requirements in any combination of courses listed in the Department of Education Course Code Directory, as follows:
   a. Up to four credits of Level II courses in English/Language Arts, Mathematics, Natural Science, Social Science, Foreign Language, or Fine Arts; Level III courses in any discipline; or Dual Enrollment courses for which both high school and post secondary credits are granted.
   b. Up to two credits in courses grade nine or above in ROTC/Military Training.
   c. Up to two credits of equivalent courses in any discipline as determined by the Articulation Coordinating Committee.
   (b) A student applying for admission who has less than a “B” average in the required academic units described in (a) above, must present a combination of high school GPA and admission test scores as indicated on the list below. Academic eligibility for admission will be determined according to the following Admissions Scale:

* SAT taken after March, 1995
**These ACT scores are effective for Fall, 2001 applicants.

(c) A student applying for admission who does not meet these requirements may be eligible for admission through a student profile assessment which considers additional factors, including but not limited to, the following: family educational background, socioeconomic status, graduate of a low performing high school, international baccalaureate program graduate, geographic location and special talents. These additional factors shall not include preferences in the admissions process for applicants on the basis of race, national origin or sex. The student may be admitted if, in the judgment of an appropriate faculty committee, it is determined from appropriate evidence that the student can be expected to do successful academic work as defined by the institution to which the student applies. The number of first time in college students admitted through profile assessment at each university is determined by the Board; the system is limited each year to ten percent of the total system first-time-in-college students. However, the annual number of applicants enrolled at a university under profile assessment without the equivalent of two high school credits in foreign language must not exceed 5 percent of the total number of freshmen (students who had not completed their first year of college or university) who entered the university the prior year. Upon request by the president, the Board may approve a one year increase in a university’s 5 percent limitation as long as the State University System as a whole maintains the 5 percent limit. Any freshman student admitted without meeting the foreign language requirement must earn 8 to 10 semester hours in a foreign language or American sign language, or demonstrate equivalent competence in either a foreign language or American sign language as described in paragraph 6C-6.004(1)(c), F.A.C., prior to completing 60 credit hours at the state university. The university will provide an individual learning plan for each student enrolled who does not meet the normal admissions requirements listed in subsections 6C-6.002(1) and 6C-6.002(3), F.A.C. The Board will review the success of students admitted under the profile assessment process.

(d) In determining eligibility for admission, a university will provide for reasonable substitution for any requirement or high school unit distribution requirement for any student with a disability, as prescribed in Rule 6C-6.018, F.A.C.

(4) A student applying for admission who is participating in a non-traditional program must present credentials equivalent to those described in subsection 6C-6.002(3), F.A.C., as judged by the individual SUS institution to which the student has applied. A student whose educational program is not measured in Carnegie Units must present a test score of at least 1010 on the recentered SAT I, or the equivalent on the ACT, or the SAT taken prior to April, 1995.
(5) A student applying for admission who is a graduate of a public Florida high school, has completed nineteen (19) required high school units as listed in paragraph 6C-6.002(3)(a), F.A.C., ranks in the top 20% of his/her high school graduating class, and who has submitted test scores from the Scholastic Assessment Test of the College Entrance Examination Board or from the American College Testing program shall be admitted to a university in the State University System. The State University System will use class rank as determined by the Florida Department of Education.

(6) The universities have the authority to adopt and promulgate rules which have the effect of increasing the standards for eligibility for admission, as listed in (3)(a) and (b) above, or to provide additional criteria in making admissions decisions. Changes to these institutional rules will be reviewed annually by the Board prior to September 1.

(7) Neither State University System nor individual university admissions criteria shall include preferences in the admissions process for applicants on the basis of race, national origin or sex.

Specific Authority 240.209(1) FS. Law Implemented 240.209(1), (4), (5)(a), 240.227(8), 240.115(4), 240.152, 240.233 FS., Chapter 2000-215, Laws of Florida. History–Formerly 6C-2.42, 11-18-70, Amended 5-27-74, Amended and Renumbered 12-17-74, Amended 6-25-80, 3-21-82, 4-16-84, Formerly 6C-6.02, Amended 4-14-86, 4-20-87, 10-19-88, 1-23-90, 1-7-91, 9-15-91, 8-4-92, 5-17-95, 2-28-97, 10-17-98, 8-11-95, 11-27-95, 9-19-00, 11-27-00.

6C-6.003 Entering or Transferring Graduate Students and Post-Baccalaureate Professional Students.

(1) Each applicant to a graduate degree program or to a post-baccalaureate professional program shall be required to meet minimum systemwide requirements.

(2) Each applicant to a graduate degree program or to a post-baccalaureate professional program must have a bachelor’s degree or equivalent from a regionally accredited institution and meet at least one of the following criteria:

(a) Earned a “B” average or better in all work attempted while registered as an upper division student working for a baccalaureate degree, or

(b) A total Quantitative-Verbal Graduate Record Examination score of 1000 or higher or an equivalent score on an equivalent measure approved by the Board, or

(c) A graduate degree from a regionally accredited institution.

(3) Each applicant to a graduate program or a post-baccalaureate professional program shall be required to present his/her score on the Aptitude Test of the Graduate Record Examination, or an equivalent score on an equivalent measure approved by the Board. The university may waive this requirement in individual cases.

(4) Applicants denied admission shall be given notice of denial within a reasonable period of time following the decision. Upon the applicant's written request, the university shall provide the reasons for the rejection in writing. Applicants denied admission who meet the minimum systemwide standards may request reconsideration by written request to the university within thirty days of the date of denial. The request shall contain reasons why reconsideration is warranted. Each university shall establish the method for reconsideration by rule.

(5) The Board encourages each university to impose more restrictive admission requirements than the above established for post-baccalaureate programs. Effective for Fall, 2001 admissions, these requirements shall not include preferences in the admissions process for applicants on the basis of race, national origin or sex. These criteria shall be published, and the university catalog shall give notice where copies of such criteria may be obtained.

(6) In any academic year, up to 10 percent of the graduate students may be admitted as exceptions to these criteria. The university may develop criteria for students admitted as exceptions.

(7) Students who do not meet the systemwide criteria and who wish to enroll in courses but not degree programs at the post-baccalaureate level may enroll under the classification of special post-baccalaureate non-degree students. Universities wishing to admit special post-baccalaureate non-degree students to graduate degree programs after the students have satisfactorily completed a specified number of credits may do so provided that the number so admitted is included as part of the 10 percent exception, as defined in (6) above.

Specific Authority 240.209(1), 240.233 FS. Law Implemented 240.209(1), (4), (5)(a), 240.227(8), 240.233 FS. History–Formerly 6C-2.43, 11-18-70, Amended 11-20-70, Amended and Renumbered 12-17-74, Amended 1-24-77, 2-28-78, 10-17-78, 8-11-85, Formerly 6C-6.03, Amended 9-19-00.

6C-6.004 Transfer Students - Undergraduate.

(1) Each university shall develop admission policies governing the acceptance of undergraduate transfer students. Exceptions may be made on an individual basis when a student, in the judgment of an appropriate university committee, can reasonably be expected to do satisfactory academic work in the program and institution to which admission is sought. Applicants must meet the following minimum requirements.

(a) Be in good standing and eligible to return to the last institution attended as a degree-seeking student,

(b) A grade point average of at least 2.0 on a 4.0 system on all college-level academic courses attempted,

(c) Completed two credits of one foreign language or American sign language in high school, pursuant to paragraph 232.2462(1)(a), F.S., or 8 to 10 semester hours in the undergraduate institution attended. An alternate method for students to demonstrate equivalent foreign language competence is by means of credit awarded on the basis of scores on the foreign language
subject matter examinations in the College Level Examination Program (CLEP) pursuant to paragraph 6A-10.024(5)(b), F.A.C., which shall count toward the 8 to 10 semester hours. The examination, minimum scores for awarding credit, and maximum credit to be awarded are:

Likewise, students may demonstrate equivalent foreign language competence in Latin by means of a minimum score of 443 on the Latin examination published under the title of MAPS by The College Board, which represents the 1985 national mean of college bound seniors minus one (1) standard deviation. In the case of a student wishing to demonstrate competence by examination in a foreign language other than those identified above, or in American sign language, the standards and methods to be used will be identified by the university. Transfer students are exempt from this admissions requirement if they received an Associate in Arts degree prior to September 1, 1989, or if prior to August 1, 1989, they enrolled in a program of studies leading to an Associate degree from a Florida community college and maintain continuous enrollment until they are admitted to a university. Continuous enrollment will be established if the student enrolls at least one term each twelve month period beginning with the student’s first enrollment in a community college and continuing until the student enrolls in a university.

(d) In addition, each university may admit a limited number of freshmen and lower level transfer students who have not met the above foreign language requirement if there is evidence that the applicants will do successful academic work at the admitting university. The number of such applicants enrolled in the University System under this paragraph shall not exceed 5 percent of the total number of freshmen (students who had not completed their first year of college or university) enrolled in the State University System in the prior academic year.

All such lower level students except those exempted in paragraph 6C-6.004(1)(c), F.A.C., above, must satisfy the foreign language requirement prior to admission to the upper division at a state university. All Associate in Arts degree graduates from a public community college or university in Florida, except those exempted in paragraph 6C-6.004(1)(c), F.A.C., above, and all other upper level transfer students admitted without meeting the foreign language admission requirement, must satisfy the foreign language requirement prior to graduation from the university.

(2) Transfer Credit.

(a) Each university shall require applicants for transfer to submit complete academic transcripts from all institutions attended which shall list all courses for which the student was enrolled each term, the status in each course at the end of each term, all grades and credits awarded, and a statement explaining the grading policy of the institution.

(b) Each college-level academic course in which a grade of “D” or better was awarded shall be received, accepted, and retained as part of the transferring student’s record by the receiving university in order that the appropriate college may determine the additional courses needed for the baccalaureate degree. This rule does not remove the university’s minimum upper division credit requirements for graduation, but it does permit Florida public community college transfer students to satisfy curriculum requirements on the basis of a minimum number of credit courses completed in excess of 64 academic semester hours, when such credits are applicable for the program the student is entering.

(c) College-level academic courses completed by a student at a regionally or nationally accredited collegiate institution prior to graduation from high school may be accepted for transfer by a university provided the courses are applicable to a degree program offered at that institution.

(d) Credit earned in an external degree program shall not be accepted for transfer to a university unless such credit was earned through a collegiate institution accredited by the appropriate regional accrediting association.

(e) College credits earned by high school or college students on the basis of the College Entrance Examination Board’s Advanced Placement Program, the International Baccalaureate Program or College Level Examination Program (CLEP) shall be accepted for transfer by a university provided the scores attained by the student on these examinations meet the standards established by the institution for the award of credit to its native students.

(3) AA Degree Graduates from Florida Community Colleges and SUS Universities.
(a) Admission of Associate in Arts degree graduates from Florida Community College and State University System institutions will be governed by the Articulation Agreement between the state universities and public junior colleges of Florida, as approved by the Board and the Board of Education. These Florida Associate in Arts degree graduates shall receive priority for admission to a state university over out-of-state students. Recruitment materials, catalogs, orientation programs, and student handbooks provided to freshmen enrollees and transfer students at state universities must include an explanation of this provision.

(b) Within curriculum, space, and fiscal limitations, admission as a junior to the upper division of a university shall be granted to any graduate of a state approved Florida community college or SUS institution who has completed the university parallel program and received the Associate in Arts degree, provided the degree has been awarded on the basis of the following:

1. At least 60 semester hours of academic work exclusive of occupational courses;
2. An approved general education program of at least 36 semester hours; and
3. A grade point average of at least 2.0 on a 4.0 system on all college level academic courses attempted, provided that only the final grade received in courses repeated by the student shall be used in computing the average.

(c) In addition to the Associate in Arts degree, the student should have completed two years of one foreign language in high school or the equivalent of such instruction at the postsecondary level, as defined in paragraph (1)(c), above. A student who received an Associate in Arts degree prior to September 1, 1989, or who enrolled in a program of studies leading to an Associate degree from a Florida community college prior to August 1, 1989, and maintains continuous enrollment shall be exempt from this admissions requirement. Any other Associate in Arts degree graduate admitted without meeting the foreign language requirement, must earn such credits prior to graduation from a state university.

4. Transfers who have not received the AA Degree from Florida Community Colleges or SUS Institutions:

(a) In addition to the general requirements described in subsection (1) above, undergraduate transfer students who have not earned the AA degree from an approved Florida public institution and who seek admission to the lower division of a university should satisfy the same admission requirements as beginning freshmen; provided, however, that with approval of the Chancellor and of the Executive Director of the Community College System exceptions may be granted.

(b) In determining eligibility for admissions of undergraduate transfer students who have not earned the AA degree from an approved Florida public institution, a university will provide for reasonable substitution for any requirement or high school unit distribution requirement for any student with a disability as prescribed in Rule 6C-6.018, F.A.C.

(c) Except for special purpose programs approved by the Board, transfer applicants for admission to the upper division of a university shall have completed the following:

1. At least 60 semester hours of transfer credit in college-level academic courses, exclusive of occupational courses; and
2. The prerequisite courses listed by the upper division program to which admission is sought.

(d) Any upper level student admitted who has not completed two years of one foreign language in high school or the equivalent of two years of such high school foreign language in the undergraduate institution attended except those exempted in paragraph 6C-6.004(1)(c), above, shall, prior to graduation from a state university, successfully complete 8 to 10 semester hours of postsecondary level instruction in one foreign language or American sign language. An alternate method for students to demonstrate equivalent foreign language competence is by means of credit awarded on the basis of scores on the foreign language subject matter examinations in the College Level Examination Program (CLEP) or the Latin examinations published under the title of MAPS by the College Board. The scores that evidence equivalent competence are listed under paragraph (1)(c), above. In the case of a student wishing to demonstrate competence by examination in a foreign language other than those identified in paragraph (1)(c), above, or American Sign language, the standards and methods to be used will be identified by the university.

5. Graduation Requirements—Each university shall determine when the student has met requirements for a degree.

(a) Florida community college and state university students who have been certified as having completed an approved general education program prior to transfer will be considered as having met the general education requirements of the receiving university.

(b) Courses in which “D” grades were earned prior to transfer will be treated as if the grades were earned at the receiving university. The department or college in which the student enrolls shall, at its discretion, determine whether or not courses in which a student received “D” grades may be used to satisfy requirements in the student’s major field. The university awarding the bachelor’s degree shall determine the courses in the major taken prior to transfer.

(c) Any student admitted without two years of one foreign language or American sign language in high school or the equivalent of such instruction at the postsecondary level, except those exempted in paragraph 6C-6.004(1)(c), F.A.C., above, must satisfy the admissions requirement, as prescribed in paragraph (1)(c), above, prior to graduation.

(d) The graduation requirements in effect at the receiving university at the time a student enrolls at a Florida community college shall apply to that student in the same manner that graduation requirements of the SUS university apply to its native students, provided the student has had continuous enrollment as defined in the SUS institution’s catalog.

6C-6.005 Acceptance of College Credit by Examination.

(1) The universities shall accept for credit College Level Examination Program (CLEP) and other State Board of Education approved standardized examinations when presented by students who are admitted and/or enrolled.

(a) In the case of the CLEP and other approved examinations, cut-off scores or percentiles (whichever are appropriate), as well as the minimum amount of credit that will be awarded by universities, are specified in the Articulation Agreement between the Public Universities and Community Colleges found in Rule 6A-10.024, F.A.C.

(b) Credit awarded by universities on the basis of CLEP or other approved standardized examinations shall be fully transferable to all universities in the State University System.

(2) Credits earned through the CLEP or other approved standardized examination programs shall not be included in enrollment data for budget purposes.

Specific Authority 240.209(1), (3)(o) FS. Law Implemented 240.209(1), (3)(o), 240.115(5), 240.116(1), (5) FS. History–Formerly 6C-2.67, 11-5-73, Amended and Renumbered 12-17-74, Amended 8-11-85, Formerly 6C-6.05, Amended 10-19-88.

6C-6.006 Acceleration Mechanisms for Program Completion.

(1) Each baccalaureate degree program offered by a university shall be designed so that students may complete a minimum of twenty-five percent (25%) of degree requirements through the acceleration mechanism listed below:

(a) Achievement of specified performance levels on appropriate recognized standardized, institutional or departmental examinations;

(b) Recognition of satisfactory performance in secondary school Advanced Placement Programs of the College Entrance Examination Board or International Baccalaureate Program;

(c) Dual enrollment in a community college or university prior to graduation from high school or community college; or

(d) Any combination of the above acceleration mechanisms.

(2) In order to facilitate acceleration, each university must award credit for specific courses for which competency has been demonstrated by successful passage of an exemption or waiver examination. Universities may not exempt students from courses without the award of credit if competencies have been so demonstrated.

(3) Each university shall establish a program of early admission for public school students qualifying for such a program under provisions of subsection 6A-1.095(2), F.A.C., of the regulations of the State Board of Education.

(4) Each university shall describe clearly the various options available for acceleration and the criteria governing such options in its catalog and other appropriate publications or advisement materials.

Specific Authority 240.209(1), (3)(o) FS. Law Implemented 240.209(1), (3)(o), 240.115(4), 240.116(1), (6) FS. History–Formerly 6C-2.69, 1-7-73, Amended and Renumbered 12-17-74, Amended 1-10-78, 8-11-85, Formerly 6C-6.06, Amended 10-19-88, 3-29-89.

6C-6.009 Admission of Foreign Students to SUS Institutions.

(1) Within enrollment, space and fiscal limitations, eligible foreign students may be accepted for admission at the appropriate level to a SUS university. Each SUS university which enrolls foreign students shall develop admission policies for these students which are consistent with the policies of the Board. As a minimum, university admission policies shall require that:

(a) The applicant is academically eligible for admission;

(b) The applicant’s proficiency in English is adequate;

(c) The applicant has sufficient financial resources to cover his expenses while enrolled at the university; and

(d) The applicant’s physical and mental health are good.

(2) Each university shall require a foreign applicant to furnish a complete chronological record of previous educational experience indicating the schools attended, examinations passed, and certificates or diplomas earned. In addition, each foreign applicant shall be required to furnish official copies of any academic records which may be necessary to ascertain the level and quality of the student’s previous education. If a student claims completion of various courses but cannot produce the official documents, departmental examinations may be used to validate the student’s claims. In assessing a foreign applicant’s eligibility for admission, a university shall determine that the applicant is academically eligible for admission to the program at the level of entrance requested by the applicant, taking into consideration the comparability of the applicant’s completed course of study in his own country.

(3) Each university shall require a foreign applicant whose native tongue is not English to furnish satisfactory evidence that the applicant’s competency in English is adequate.

(a) In order to assess English proficiency, scores on the Test of English as a Foreign Language (TOEFL) shall normally be required of all applicants except those from countries where English is the only official language.

(b) Unless other satisfactory evidence indicates that the student will be able to perform at an acceptable level, the university shall require that a foreign applicant achieve a score of 500 or above on TOEFL.

(4) Each university shall require foreign applicants to furnish a detailed statement showing specific sources of financial support and the exact amount expected from each source. No university shall issue a Visa Certificate of Eligibility (Form I-20) until an appropriate official at the institution has reviewed the financial statement and determined that the foreign applicant’s sources of financial support are adequate to cover his total expenses for the period of time the student is seeking to enroll at the university.
(5) Each university shall require a foreign applicant, determined to be academically and financially eligible for admission, to submit a health history form including dates of immunizations as required by the university.

(6) As of Fall 1992, no foreign student in F-1, F-2, J-1 or J-2 non-immigrant status shall be permitted to register, or to continue enrollment, at a university without demonstrating that he or she has adequate medical insurance coverage for illness or accidental injury. An adequate medical insurance policy will: provide that the insurance proceeds are payable in United States currency; not restrict its use to a specific institution, hospital, clinic, infirmary, or other health care agency; and not restrict its use to a particular locale. A university may require the insurer to have a United States claims agent.

Specific Authority 240.209(1) FS. Law Implemented 240.209(1), 240.227(8), 240.233 FS. History–Adopted 7-6-72, Amended and Renumbered 12-17-74, Amended 6-21-83, 8-11-85, Formerly 6C-6.09, Amended 12-9-91.

6C-6.010 Student Affairs.

(1) The university president shall establish rules and regulations governing student affairs.

(2) Each university shall compile and update annually a student handbook as provided in Section 240.2097(3), F.S.

Specific Authority 240.209(1), (3)(r), 240.2097 FS. Law Implemented 240.209(1), 240.227, 240.2097(3) FS. History–Formerly 6C-2.47, 11-18-70, Amended 7-25-73, Amended and Renumbered 12-17-74, Amended 1-10-78, 2-18-80, 8-11-85, Formerly 6C-6.10, Amended 4-9-87, 11-27-95.

6C-6.0105 Student Conduct and Discipline.

(1) In furtherance of the educational mission of the universities, each university president shall establish university rules that ensure fairness and due process in student disciplinary proceedings and that guarantee the academic integrity of the university. This rule applies to all student disciplinary proceedings conducted by a university under ss. 240.132, 240.1325, 240.133, 240.261, or 240.262, F.S.

(2) Each university shall establish a Student Disciplinary System, including a code of conduct, which shall include, at a minimum:

(a) A written description of the rights and responsibilities of students, standards of conduct expected by the university, a list of specific violations, appropriate penalties or sanctions, and procedures for filing complaints and conducting student disciplinary proceedings, which must be consistently administered by the university. An amendment to the list of specific violations in the university’s code of conduct may not be applied retroactively to conduct that occurred before the effective date of the amendment;

(b) Definitions of terms used in the university’s code of conduct, such as “student” and “university community,” and a description of the specific locations to which the code of conduct generally applies, except in circumstances of certain off-campus conduct as described in the code of conduct;

(c) University hearing committees, panels, or courts, of which students, appointed by the appropriate university process comprise at least one-half of the membership;

(d) A written description of the general procedures to be followed in the initial student disciplinary proceeding which shall include a description of each step of the disciplinary process, the services available to the student for preparing his or her defense, and the availability of impartial advisers for a student charged with a violation;

(e) A written procedure for the disposition of emergency cases that involve the health, safety, or welfare of the student or the university community;

(f) Acknowledgement that the burden of proof in student disciplinary proceedings is on the complainant;

(g) Provision for the requirements as to the burden of proof required in student disciplinary proceedings, which shall, at a minimum, be a preponderance of the evidence;

(h) Provision of a time limit for charging a student with a violation of the university’s code of conduct, which may not exceed 1 year from the date the violation was committed or discovered, whichever is later. University administrators may exercise professional discretion when applying the time provision to account for circumstances that warrant a waiver of the one-year time limit from the date of discovery. Such circumstances include but are not limited to: stalking, sexual battery, relationship violence, in which the delay may be related to issues of victimization; and

(i) Provision for an accurate and complete record of each student disciplinary proceeding and the preservation thereof.

(3) Each university shall publish the following information on its Internet website and in its student handbook as described in s. 240.2097, F.S.:

(a) University policies implementing ss. 240.132, 240.1325, 240.133, 240.261, and 240.262, F.S., which govern the conduct and discipline of students, including the university’s code of conduct and the procedures for filing complaints and conducting student disciplinary proceedings; and

(b) A description of each step of the disciplinary process, the resources available to a student for preparing his or her defense, and the availability of impartial advisers for a student charged with a violation.

(4) Each university shall comply with s. 228.093, F.S., 20 U.S.C. s. 1232g, the Family Educational Rights and Privacy Act of 1974, as amended, and other requirements of state and federal law relating to the confidentiality of the records and reports of students.
(5) The due process requirements contained in subsection (6), below, are applicable in all cases involving student discipline, including matters concerning academic dishonesty.

(6) Due process as applied by the universities must include, as a minimum, the following:

(a) The student shall be provided with written notice of the charges against him or her in sufficient detail and in sufficient time to prepare for a hearing before an appropriate committee, panel, or court, as established by each university, or before the appropriate university official or officials. The written notice of the charges shall be accompanied by the forms and information described in paragraph (6)(c), below.

(b) Each university shall establish a minimum number of days before the student disciplinary proceeding within which the university must present to the student the written notice of charges, but in no case will this notice be less than 3 regular business days (excluding legal holidays), except in cases of emergency as specified below or unless waived by the student.

(c) The student shall be entitled to a prompt disciplinary proceeding before an appropriate committee, panel, or court, as established by each university, with allowances for delays due to the unavailability of student members serving on such committee, panel or court. Alternatively, the student has the option to waive the notice requirements in paragraph (b) and request adjudication of the matter by an appropriate university official or officials, as designated by the university. The student’s right to a student disciplinary proceeding conducted by a committee, panel, or court composed at least one-half of students may only be waived by the student in writing on forms provided by the university which include an explanation of the effect of the waiver.

(d) The student may have an adviser of the student’s choice present at the student disciplinary proceeding.

(e) The student and his or her adviser, if any, have the right to inspect all of the information that will be presented against the student at least 3 regular business days (excluding legal holidays) before the student disciplinary proceeding. The University also has the right to review any information the student intends to use at least 3 regular business days (excluding legal holidays) before the student disciplinary proceeding.

(f) The student may present information on his or her own behalf.

(g) The student may hear and question adverse witnesses.

(h) The student may not be forced to present testimony that is self-incriminating; however, the university is not required to postpone student disciplinary proceedings pending the outcome of a criminal prosecution, and a penalty or sanction imposed under the university’s code of conduct is in addition to any penalty imposed by the courts for the criminal offense.

(i) The decision of responsible or not responsible on the charges of violating the university’s code of conduct must be based solely on the information presented at the student disciplinary proceeding.

(j) The decisions of any university committee, panel, or court, or of any university official or officials, must be presented to the student in writing and within a reasonable period of time after the conclusion of the student disciplinary proceeding, as specifically prescribed by the university’s rules.

(k) If a university’s policies provide that the decision of a university committee, panel, or court in a student disciplinary proceeding constitutes a recommendation to a university official for official action, then the following apply:

1. With respect to a finding of responsible or not responsible on the charges of violating the university’s code of conduct, the university official reviewing the recommendation of the university committee, panel, or court may only:
   a. Accept the recommendation; or
   b. Remand the case for rehearing.
2. With respect to penalties or sanctions, the university official may modify the penalty or sanction recommended by the university committee, panel, or court if the penalty or sanction is inappropriate to the violation.
3. Any differences between the recommendation of the university committee, panel, or court and the university official’s final decision, and the reasons therefor, must be based on information from the student disciplinary hearing and presented to the student in writing.

(l) The student may appeal the decision of any university committee, panel, or court, or of any university official or officials, within a period specified by the university, to the president or the president’s designee. No person may hear or decide an appeal if he or she participated in the decision to charge the student with the violation or if he or she conducted or participated in the student disciplinary proceeding being reviewed on appeal.

(m) The student’s status will remain unchanged pending the university’s final decision in the student disciplinary proceeding, except in cases where the president or president’s designee determines that the health, safety, or welfare of the student or the university community is involved. A student’s enrollment status may be changed only in cases where the president or president’s designee determines that an emergency exists, which affects the health, safety or welfare of the student or the university community. If a student’s enrollment status is changed under this paragraph, but the student is subsequently found not responsible for the violation, the university must:

1. Correct any record of the change in enrollment status in the student’s permanent records and reports in a manner compliant with state and federal laws; and
2. Refund to the student, a pro rata portion of any fees and charges for tuition, other university specific fees and charges as appropriate due to the temporary change in enrollment status and in a manner consistent with university policies and procedures.

(7) At the conclusion of the appeals process, the decision of the president or the president’s designee shall be final.
(8) Each university shall include in its list of violations of the university’s code of conduct, a description of those types of violations occurring off-campus for which the student may be subject to discipline. The action of the university with respect to any such off-campus conduct shall be taken independently of any off-campus authority. The disciplinary authority of the university for off-campus conduct will not be exercised to merely duplicate the penalties imposed under applicable federal, state, and local laws and ordinances. The university may only take disciplinary action against a student for violations committed off campus if at least one of the following applies:

(a) The off-campus conduct is specifically provided by law or the university’s code of conduct as subject to university discipline.

(b) The off-campus conduct demonstrates that the continued presence of the student on campus presents a danger to the health, safety, or welfare of the university community; is disruptive to the orderly conduct processes and functions of the university; or is intimidating or threatening to the university community or an individual within the university community.

(c) The off-campus conduct is of such a serious nature that it adversely affects the student’s suitability to remain a part of the university community.

(9) If a student charged with an off-campus violation of the university’s code of conduct disputes whether the off-campus conduct is subject to discipline under the university’s code of conduct, the university committee, panel, or court, or the university official or officials, shall consider the dispute and review the decision to charge the student with a violation.

(10) Each university’s code of conduct shall include a description of the rights of alleged victims in the student disciplinary system. The university shall provide notice to the victim of his or her rights at least 3 regular business days (excluding legal holidays) before the student judicial proceeding is conducted. Each university is encouraged to provide support and assistance programs for victims, as appropriate.

(11) Each university shall establish a committee for the periodic evaluation of its student disciplinary system. At least one-half of the committee members shall be students appointed by the student body president.

(12) At least once every 5 years, the committee created by s. 120.81(1)(g), F.S., shall periodically review and evaluate this rule to determine that it ensures fairness and due process in disciplinary proceedings involving students in the State University System and systemwide accountability for the proper functioning of the student judicial system at each of the universities.

Specific Authority 120.81(1)(g), 240.209(1) FS. Law Implemented 120.81(1)(g), 240.209(1) FS. History–New 2-18-85, Formerly 6C-6.105, Amended 4-29-01.

6C-6.0115 Observance of Religious Holy Days.

(1) Each university shall adopt a policy on the observance of religious holy days in accordance with these minimum requirements and the requirements of Section 240.134, Florida Statutes.

(2) A student who wishes to observe a religious holy day of his or her religious faith will notify all of his or her instructors and be excused from class to observe the religious holy day.

(3) The student will be held responsible for any material covered during the excused absence, but will be permitted a reasonable amount of time to make up any work missed. Where practicable, major examinations, major assignments, and university ceremonies will not be scheduled on a major religious holy day.

(4) Students who are absent from academic or social activities because of religious observances will not be penalized.

(5) Each university shall provide a procedure for students to seek redress in cases where the students believe they have been denied educational benefits because of their religious belief or practice.

(6) The policy on the observance of religious holy days and the applicable procedure shall be included in the student handbook, university catalogue, or other material regularly distributed to university students and faculty members.

Specific Authority 240.209(1), (3)(o), 240.134 FS. Law Implemented 240.209(1), (3)(o), 240.134 FS. History–New 3-29-89.

6C-6.015 Student Records and Reports.

(1) Each university shall maintain records and reports of students in all programs conducted by each university under the authority of the Board.

(2) The president of each university shall designate custodians of student records and reports. The term “records” and “reports” mean those records, files, documents and other materials as defined in Section 228.093(2)(a), F.S., which contain information directly accessible to other professional personnel for purposes of this rule.

(3) Each university shall adopt rules for student records and reports which shall include the right of waiver of access, right to challenge and hearing, right of privacy, directory information, transfer of records and security of records. The rules shall also provide for annual notification of parents and students regarding rights relating to student records and reports and regarding the location and availability of university’s rules on student records and reports as outlined in Section 228.093(4), F.S.

(4) Provisions shall be made by each university for permitting the student or the parent or guardian of dependent students as defined in Title 26 U. S. C. Section 152 (Section 152 of Internal Revenue Code of 1954) who is or has been in attendance in the university to inspect and review the student records and reports.

(a) Requests for student lists and for access to student records and reports or for copies or explanation thereof pursuant to Section 228.093, F.S., shall be presented in writing on a form specified by the university.
(b) Access to any report or record requested under Section 228.093(3)(a)2., F.S., will be granted within 30 days after receipt of the request by the institution.

(5) Student records and reports shall be open to inspection only as provided in Section 228.093, F.S., or upon the order of a court of competent jurisdiction.

Specific Authority 240.209(1), (3)(m), 240.237 FS. Law Implemented 228.093(2), (3), (4), 240.209(1), (3)(m), 240.237 FS. History—Formerly 6C-2.67, 6-25-73, Amended and Renumbered 12-17-74, Amended 5-27-75, 5-9-79, 8-11-85, Formerly 6C-6.15.

6C-6.016 Summer Session Enrollment.
All students entering a university in the State University System with fewer than 60 semester hours credit shall be required to earn at least 9 semester hours prior to graduation by attendance at one or more summer sessions. University presidents or their designees may waive the application of this rule in cases of unusual hardship to the individual.

Specific Authority 240.209(1), (3)(r) FS. Law Implemented 240.209(1), 240.227(17) FS. History—New 6-12-75, Amended 6-25-80, Repromulgated 8-11-85, Formerly 6C-6.16, Amended 1-8-92, 8-19-92, 9-23-93, 11-27-95.

6C-6.017 Criteria for Awarding the Baccalaureate Degree.
Prior to receiving a baccalaureate degree from any university in the State University System, a student must satisfy the following requirements in order to be considered eligible for graduation:

(1) Completion of requirements in English and Mathematics as prescribed by the State Board of Education in Rule 6A-10.030, F.A.C.;
(2) Presentation of passing scores on all four subtests of the College-Level Academic Skills Test (CLAST) as required by Rule 6A-10.0314, F.A.C.; unless the student meets the requirements of subsection 6A-10.0311(5), F.A.C., or Sections 240.107(9)(a), (b), or (c), F.S.
(3) Completion of any other degree program requirements as specified by the university.

6C-6.018 Substitution or Modification of Requirements for Program Admission, Undergraduate Transfer, and for Graduation by Students with Disabilities.

(1) A university shall provide reasonable substitution or modification for any requirement for admission into an undergraduate or graduate program of study, or for entry into the upper division, or for graduation for any student who is hearing impaired, visually impaired, or dyslexic, or who has a specific learning disability where documentation can be provided that the student's failure to meet the requirement is related to the disability, and where the failure to meet the requirement does not constitute a fundamental alteration in the nature of the program.

(2) In determining whether to grant a substitution or modification, a university will consider pertinent documents including, but not limited to, a physician's statement, vocational rehabilitation records, and school records maintained as a result of the exceptional child provisions of Public Law 94-142. The State Board of Education has prescribed in Rule 6A-10.041, F.A.C., the definitions of disabilities to which this Rule 6C-6.018, F.A.C., applies, and each university will provide the student the opportunity to present evidence to support his or her disabilities, and an appeals process.

6C-6.022 Veterans’ Benefits - Inmate Students.
No university may certify an inmate student in a correctional facility for Veterans’ Administration benefits when the education program is being provided through state funding at no cost to the inmate student.

Specific Authority 240.209(1), (3)(r) FS. Law Implemented 240.209(1), 240.235 FS. History—New 11-7-79, Amended 8-11-85, Formerly 6C-10.11, 6C-10.011.
CHAPTER 6C-7 TUITION AND FEES

6C-7.001 Tuition, Fee Schedule and Percentage of Cost.
6C-7.002 Fee Assessment and Remittance.
6C-7.003 Special Fees, Fines and Penalties.
6C-7.004 Deferred Payment of Fees.
6C-7.005 Student Residency.
6C-7.006 Limitation on Non-Resident Student Enrollment.
6C-7.007 Waiver of Non-Resident Fee. (Repealed)
6C-7.008 Waiver of Tuition and Materials & Supply Fees.
6C-7.009 Uniform Registration and Fee Payment Policy. (Repealed)
6C-7.010 Enrollment for Budget Allocation Purposes. (Repealed)
6C-7.011 Indebtedness to University. (Repealed)
6C-7.012 Free Course Enrollment for Older Residents. (Repealed)
6C-7.013 Enrollment Reporting. (Repealed)
6C-7.014 Good-Gulfstream Trust Fund for Higher Education. (Repealed)

6C-7.001 Tuition, Fee Schedule and Percentage of Cost.

(1) Tuition shall be defined as fees assessed to students for enrollment in credit courses at any of the state universities. Tuition consists of the following fees, depending on whether a student is a resident or a non-resident:

(a) Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who qualifies as a Florida resident as defined in Rule 6C-7.005, F.A.C.:
1. Matriculation Fee;
2. Student Financial Aid Fee;
3. Capital Improvement Trust Fund Fee;
4. Building Fee;
5. Health Fee;
6. Athletic Fee;
7. Activity and Service Fee; and,
8. University Matriculation Fee.

(b) Non-Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who does not qualify as a Florida resident as defined in Rule 6C-7.005, F.A.C.:
1. Matriculation Fee;
2. Non-Resident Fee;
3. Student Financial Aid Fee;
4. Non-Resident Student Financial Aid Fee;
5. Capital Improvement Trust Fund Fee;
6. Building Fee;
7. Health Fee;
8. Athletic Fee;
9. Activity and Service Fee;
10. University Matriculation Fee; and,
11. University Non-Resident Fee.

(2) Registration shall be defined as consisting of two components:

(a) Formal selection of one or more credit courses approved and scheduled by the university; and,
(b) Tuition payment, partial or otherwise, or other appropriate arrangements for tuition payment (installment payment, deferment, or third party billing) for the courses in which the student is enrolled as of the end of the drop/add period.

(3) Tuition liability shall be defined as the liability for the payment of tuition incurred at the point at which the student has completed registration, as defined above.

(4) The following tuition shall be levied and collected effective the fall semester indicated for each student regularly enrolled, unless provided otherwise in this chapter.

(a) Students enrolled in programs other than the MD, DMD or DVM in the University of Florida College of Medicine, College of Dentistry, or College of Veterinary Medicine, or in the MD program in the University of South Florida College of Medicine will be assessed the following fees per credit hour:

*a Excludes fees that vary by university.

b Total including the maximum differential charges.
(c) Pursuant to Section 240.124, F.S., each student enrolled in the same undergraduate course more than twice, shall be assessed an additional $185.34 per credit hour charge in addition to the fees outlined above in paragraph 6C-7.001(4)(a), F.A.C., for each such course.

(d) Pursuant to Section 240.117, F.S., each FAMU student enrolled in the same college-preparatory class, more than twice shall be assessed an additional $191.55 per credit hour charge in addition to the fees outlined above in paragraph 6C-7.001(4)(a), F.A.C., for each such class.

(e) Pursuant to CS/CS/HB 1567, 2000 Legislature, a university may use a plan, approved by the Board, for a differential out-of-state tuition fee for students who are residents of another state that borders the university’s service area.

(5) Pursuant to Section 240.209(3)(e), Florida Statutes, the following process shall be used to determine the percentage of cost paid by students for setting the matriculation and non-resident fees.

(a) The most recent expenditure analysis, developed in compliance with Section 240.271(4), Florida Statutes, will be used as the base for the full expenditure by level of instruction. Fundable credit hours estimated by the Board of Regents, for the year prior to the effective date of the fees, will be used for the enrollment base for each level. Expenditures for each level of instruction will be adjusted by using the percentage change in the total expenditures reported in the expenditure analysis as compared to the estimated total expenditures for the year prior to the effective date of the fees.

(b) The adjusted expenditures for each level of instruction will be divided by the credit hours to obtain the full expenditure per credit hour. The percentage of cost paid by students will be determined by finding the percentage the Matriculation Fee is of the full expenditure per credit hour, by level, for resident students; and by finding the percentage the sum of the Matriculation Fee and the Non-Resident Fee is of the full expenditure per credit hour, by level, for non-resident students.

6C-7.002 Fee Assessment and Remittance.

(1) The Matriculation Fee, Non-Resident Fee, Application Fee, 50 percent of the Late Payment Fee, and 50 percent of the Late Registration Fee shall be remitted to the appropriated Student Fee Trust Funds.

(2) The Building Fee and Capital Improvements Fee shall be remitted to the appropriate fund in the Office of the Board of Regents and utilized as provided in Section 18, Chapter 94-292, Laws of Florida, and Section 240.531, Florida Statutes.

(3) Student Financial Aid Fees – The Student Financial Aid fees shall be remitted to the appropriate fund at the university. Each university may use up to 15 percent of the fees collected to pay for administrative costs associated with administration of financial aid programs.

(4) Independent and/or external degree programs – All independent and/or external degree programs must be approved by the Board of Regents. Any credit instruction undertaken through such programs shall be charged and funds remitted in the same manner as other credit instruction.

(5) Course Classification – Resident and Non-Resident tuition shall be assessed on the basis of course classification: courses numbered through 4999 shall be assessed at the undergraduate level, courses numbered 5000-8999 shall be assessed at the graduate level, and those courses identified by the University of Florida and the University of South Florida as medical shall be assessed as outlined in paragraph 6C-7.001(4)(b), F.A.C.

(6) Each university shall establish by rule, procedures for the payment of tuition. Such rules shall provide that a student’s course schedule is cancelled if payment, or appropriate arrangements for payment, has not occurred by the deadline set by each university, which shall be no later than the end of the second week of classes. Provision for reinstatement of cancelled course schedules may be included. The president, or the president’s designee, may extend the deadline for fee payment when payment by the student is delayed due to university actions. However, the president may choose to temporarily suspend further academic progress in lieu of cancelling a student’s course schedule in those cases where the student has partially paid tuition and the university guarantees full payment from an authorized and existing fund before the submission of the final student data course file or the end of the semester, whichever is later; otherwise, the student credit hours shall not be counted for state funding purposes. Suspension of academic progress shall preclude students from receiving grades, transcripts, or a diploma and shall deny registration for future terms until the student’s account has been settled in full.

(7) All or any part of the tuition may be waived by the university when deemed appropriate provided that provisions for such waiver are included in Florida Statutes or the rules of the Board of Regents.

(8) Installment Payments – The university president may establish a procedure for the payment of tuition in installments. Such procedure shall require the payment of at least 50 percent of the tuition liability by the end of the tuition payment deadline set by each university and the remaining tuition shall be paid no later than the beginning of the second half of the academic term. Such procedure may include a fee of $10.00 which shall be deposited into the appropriated Student Fee Trust Funds, as required by Section 240.235(6), Florida Statutes.
(9) Tuition Refund/Release of Liability – Each university shall establish, by rule, procedures for the refund or release of liability of tuition assessed and paid pursuant to this Rule. As a minimum, such rule shall provide for the refund/charge adjustment of the following:

(a) Refund 100 percent of the tuition assessed, adjusted for waivers, if official withdrawal from the university occurs prior to the end of drop/add period.

(b) Refund 25 percent of the tuition assessed, adjusted for waivers, if official withdrawal from the university occurs prior to the end of the fourth week of classes, or as designated by the university for summer sessions.

(c) 100% refund of the tuition assessed, adjusted for waivers, if a student withdraws or drops one or more credit courses due to circumstances determined by the university to be exceptional and beyond the control of the student, including but not limited to:

1. Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s).
2. Death of the student or death in the immediate family (parent, stepparents, spouse, child, sibling, or grandparents).
3. Involuntary call to active military duty, or
4. A situation in which the university is in error. The amount of a payment in excess of the adjusted assessment will be refunded.

(10) A written appeal for a refund or other appeal action must be submitted to the university within six (6) months of the close of the semester to which the refund or other appeal action is applicable.

Specific Authority: 240.209(1), (3)(e) FS. Law Implemented 240.209(1), (3)(e), 240.227(20), 240.233(1)(b), 240.235(7), 240.2805, 240.291, 240.331 FS. History–Adopted 4-8-74, Amended 7-19-74, Amended and Renumbered 12-17-74, Amended 6-26-75, 2-28-76, 11-1-76, 3-21-77, 9-28-81, 12-13-83, 10-2-84, Formerly 6C-7.02, Amended 4-9-87, 9-15-91, 11-9-92, 8-1-94, 10-2-94, 5-17-95, 4-16-96, 12-28-97, 8-3-00.

6C-7.003 Special Fees, Fines and Penalties.

The Board must authorize all fees assessed. Accordingly, the specific fees listed in this section, and the tuition defined in Rule 6C-7.001, F.A.C., are the only fees that may be charged without the specific approval of the Board, except as authorized in Rule 6C-8.002, F.A.C. For purposes of clarification, the term “at cost” or “cost” as used in this rule includes those increased costs that are directly related to the delivery of the goods or services.

(1) Audit Registration Fees – Audit registration assures a course space for the student; however, no grade is awarded. This fee is the same as the Resident tuition provided in Rule 6C-7.001, F.A.C. Depositing of fee proceeds shall be the same as that provided for tuition.

(2) Registration of Zero Hours – Such registration provides for examinations, graduations, use of facilities, etc., when deemed appropriate by the institution. The student is assessed Resident tuition for one credit hour. The Zero Credit Fee shall be distributed in the same manner as tuition.

(3) Application Fee – Individuals who make application for admission to universities within the State University System shall pay a non-refundable Application Fee of $20.00. The fee shall be remitted to the appropriated Student Fee Trust Funds. This fee may be waived for applicants who can document that they have received a fee waiver because of economic need as determined by the College Board or the American College Testing Program.

(4) Late Registration Fee – Universities shall assess a Late Registration Fee against students who fail to initiate registration in the regular registration period. The fee shall be not less than $50 nor more than $100 with 50 percent remitted to the appropri ated Student Fee Trust Funds and 50 percent retained by the university. Provisions may be made to waive the Late Registration Fee as specified by the university.

(5) Late Payment Fee – Universities may assess a Late Payment Fee to students who fail to pay, or make appropriate arrangements for payment (installment payment, deferment, or third-party billing), of tuition by the deadline set by each university, which shall be no later than the end of the second week of classes. The fee shall be not less than $50 nor more than $100 with 50 percent retained by the university. Provisions may be made to waive the Late Payment Fee for minor underpayment as specified by the university.

(6) Health Fee – The student Health Fee shall be set pursuant to subsection 240.235(1), Florida Statutes. The university president shall submit requests to change the student Health Fee, to be effective the following Fall semester, to the Board for approval at its first meeting of the calendar year. In addition, the university president, or designee, is authorized to establish miscellaneous health-related charges for services provided at cost by the health center which are not covered by the Health Fee.

(7) Athletic Fee – The Athletic Fee shall be set pursuant to subsections 240.235(1) and 240.533(4), Florida Statutes. The university president shall submit requests to change the Athletic Fee, to be effective the following Fall semester, to the Board for approval at its first meeting of the calendar year.

(8) Activity and Service Fee – The Activity and Service Fee shall be set pursuant to subsection 240.235(1), Florida Statutes. The university president shall submit requests to change the Activity and Service Fee, to be effective the following Fall semester, to the Board for approval at its first meeting of the calendar year.

(9) Developmental Research School Fees:
(a) Activities Fee – discretionary with each institution
(10) Library Fines – per book or unit, per day
(11) Overdue Reserve Library Books – per book, per library hour
(12) Late Equipment Fee, Physical Education – per item, per day
(13) Security/Access/Identification Card, Duplicate Security/Access/Identification Card, Fee Card, or Passbook:
(a) Annual
(b) All duplicates
(14) Duplicating/Photocopying fee for personal use only
(15) Standardized Tests – the fee for all standardized tests, (GRE, URE, etc.) will consist of the direct costs of administering the tests.
(16) Binding Fee – Thesis and Dissertation
(17) Microfilm Fee – Thesis and Dissertation
(18) Copyright Fee – Dissertation
(19) All breakage and lost library materials
(20) Lost Keys – (includes cylinder change)
(21) Equipment Damage and Loss
(22) Interlibrary Loans/Literature Searches
(23) Facilities/Equipment Use Charge
(24) Orientation Fee
(25) Admissions Deposit, the University of Florida, College of Dentistry

Fund Amount
(a) Activities Fee – Agency Varies
(10) Library Fines – app. SFTF $.25
(11) Overdue Reserve Library Books – app. SFTF $.25
(12) Late Equipment Fee, Physical Education – app. SFTF $.25
(13) Security/Access/Identification Card, Duplicate Security/Access/Identification Card, Fee Card, or Passbook:
(a) Annual Varies Cost up to $10.00
(b) All duplicates Cost up to $15.00
(14) Duplicating/Photocopying Varies Cost
(15) Standardized Tests – Varies Cost
(16) Binding Fee – Thesis and Dissertation Agency Varies
(17) Microfilm Fee – Thesis and Dissertation Agency Varies
(18) Copyright Fee – Dissertation Agency Varies
(19) All breakage and lost library materials Expense Refund Cost
(20) Lost Keys – (includes Expense Refund Cost
(21) Equipment Damage and Loss Expense Refund Cost
(22) Interlibrary Loans/Literature Searches Varies Cost
(23) Facilities/Equipment Use Charge Varies Cost
(24) Orientation Fee Agency Up to $25
(25) Admissions Deposit, the University of Florida, College of Dentistry appropriated Student Fee Trust Funds $200

(26) Transcript Fee – Per item up to $5.00. The fee shall be retained by the university.
(27) Diploma Replacement Fee – Per item up to $5.00. The fee shall be retained by the University.
(28) The Board may authorize additional fees in order to meet specific higher education needs of the State when special circumstances result in specific, identifiable increased costs to a university. These fees will be in addition to the regular Student Credit Hour fees charged to students enrolling in these courses on-campus. The additional fees charged shall be sufficient to recover all increased costs. Each university shall remit the regular Student Credit Hour fees collected for these courses to the appropriated Student Fee Trust Funds. Each university shall use the additional fees collected to cover the increased cost of these courses and reimburse the appropriate Educational and General fund, or the appropriate other fund if the costs are incurred in other than Educational and General funds.
(29) Off-Campus Educational Activities – Each university president is authorized to establish fees for off-campus course offerings when the location results in specific, identifiable increased costs to the university. These fees will be in addition to the regular Student Credit Hour fees charged to students enrolling in these courses on-campus. The additional fees charged are for the purpose of recovering the increased costs resulting from off-campus vis-a-vis on-campus offerings. As used herein, “off-campus” refers to locations other than regular state-funded main campuses, branch campuses, or centers. The university shall remit the regular Student Credit Hour fees collected for these courses to the appropriated Student Fee Trust Funds. Each university shall use the additional fees collected to cover the increased cost of these courses and reimburse the appropriate Educational and General fund, or the appropriate other fund if the costs are incurred in other than Educational and General funds.

(30) Material and Supply Fees – Each university president is authorized to assess Material and Supply Fees not to exceed the amount necessary to offset the cost of materials or supply items which are consumed in the course of the student’s instructional activities, excluding the cost of equipment and equipment repairs and maintenance. Revenues from such fees shall be deposited into the Auxiliary Trust Fund. The Chancellor shall prescribe guidelines for establishing or increasing the fee.

(31) Housing Rental Rates – Basic rates for housing rental shall be set by the university president with concurrence of the Chancellor. The Chancellor shall prescribe the reporting requirements for housing rental rate increases. In the event of a dispute of the university decision, the Board shall make a final determination. In addition, the university president is authorized to establish miscellaneous housing charges for services provided by the university at the request of the student.

(32) Parking Fines and Decals – Each university shall establish a schedule of parking fines pursuant to the provisions of Sections 240.264 through 240.267, Florida Statutes. Each university is authorized to establish a charge for parking decals.

(33) Transportation Access Fee – Each university is authorized to adopt by rule a transportation access fee, with appropriate input from students, to support the university’s transportation infrastructure and to increase student access to transportation services.

(34) Returned Check Fee – Each university shall assess a service charge as authorized by Section 832.07(1), Florida Statutes, for unpaid checks returned to the university.

(35) Collection Costs – Each university is authorized to assess a charge representing reasonable cost of collection efforts to effect payment for overdue accounts. Collection costs may be assessed to the student for collection of debts owed the university not secured by a promissory note or contract. Amounts received for collection costs shall be retained by the university.

(36) Service Charge – Each university is authorized to assess a service charge on university loans in lieu of interest and administrative handling.

(37) Educational Research Center for Child Development Fee – Each center shall submit a request to establish or change child care and service fees to the Board by November 1 of each year, to become effective the subsequent Fall Semester.

(38) Each university shall establish by rule procedures for the payment, waiver and refund of fees, fines and penalties appropriately assessed.

Specific Authority 240.209(1), (3)(e), (h), (r), 240.235, 240.531(3) FS. Law Implemented 240.209(1), (3)(e), (h), 240.2097, 240.227(20), 240.235(1), 240.264-.267, 240.531(3), 240.533(4)(a), 832.07(1) FS., CS/CS/HB 1567, 2000 Legislative Session. History–Derived from 6C-2.74 and 6C-2.76, Amended and Renumbered 12-17-74, Amended 2-22-76, 6-22-76, 6-26-76, 6-27-76, 11-1-76, 9-8-77, 2-14-79, 9-28-81, 12-7-82, 12-13-83, 10-2-84, Formerly 6C-7.03, Amended 1-8-86, 8-11-86, 12-25-86, 6-2-87, 10-17-89, 4-10-90, 1-7-91, 7-2-91, 9-15-91, 8-4-92, 11-9-92, 4-12-93, 5-30-93, 9-23-93, 6-1-93, 1-24-96, 8-16-96, 12-15-97, 8-28-00, 8-12-01.

6C-7.004 Deferred Payment of Fees.
The university president or designee may approve deferred payment when financial aid is delayed in being transmitted to the student through circumstances beyond the control of the student or formal arrangements have been made by the student with the university for payments. Each university shall adopt procedures and terms for such deferment.

Specific Authority 240.209(1), (3)(r) FS. Law Implemented 120.531(1)(a), 240.209(1), (3)(e), 240.235(2) FS. History–Formerly 6C-2.73, 7-19-74, Amended and Renumbered 12-17-74, Amended 1-10-78, 9-28-81, 8-11-85, Formerly 6C-7.04, Amended 4-16-96, 12-15-97.

6C-7.005 Student Residency.

(1) For the purpose of assessing tuition, residency and nonresidency status shall be determined as provided in Section 240.1201, Florida Statutes, and the Florida State University System Residency Policy and Procedure Manual (Revised Effective March 5, 1993), incorporated by reference herein.

(2) An individual shall not be classified as a resident for tuition purposes and, thus, shall not be eligible to receive the resident tuition rate, until the individual has provided satisfactory evidence as to his or her legal residence and domicile to appropriate university officials. In determining residency, the university shall require evidence such as a voter registration, driver’s license, automobile registration, location of bank account, rent receipts or any other relevant materials as evidence that the applicant has maintained 12 months residence immediately prior to qualification as a bona fide domicile, rather than for the purpose of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher learning. To determine if the student is a dependent child, the university shall require evidence such as copies of the aforementioned documents. In addition, the university may require a notarized copy of the parent’s IRS return. “Resident student” for tuition purposes classification shall also be construed to include students to whom an Immigration Parolee card or a Form I-94 (Parole Edition) was issued at least one year
prior to the first day of classes for which resident student status is sought, or who have had their resident alien status approved by the United States Immigration and Naturalization Service, or who hold an Immigration and Naturalization Form I-151, I-551 or a notice of an approved adjustment of status application, or Cuban Nationals or Vietnamese Refugees or other refugees or asylees so designated by the United States Immigration and Naturalization Service who are considered as Resident Aliens, or other legal aliens, provided such students meet the residency requirements stated above and comply with subsection (4) below. The burden of establishing facts which justify classification of a student as a resident and domiciliary entitled to “resident for tuition purposes” registration rates is on the applicant for such classification.

(3) In applying this policy:
(a) “Student” shall mean a person admitted to the institution, or a person allowed to register at the institution on a space available basis.

(4) In all applications for admission or registration at the institution on a space available basis a “resident for tuition purposes” applicant, or, if a dependent child, the parent of the applicant, shall make and file with such application a written statement, under oath, that the applicant is a bona fide resident and domiciliary of the State of Florida, entitled as such to classification as a “resident for tuition purposes” under the terms and conditions prescribed for residents and domiciliaries of the State of Florida. All claims to “resident for tuition purposes” classification must be supported by evidence as stated in subsections 6C-7.005(1), (2), F.A.C., if requested by the registering authority.

(5) A “non-resident” or, if a dependent child, the individual’s parent, after maintaining a legal residence and being a bona fide domiciliary of Florida for twelve (12) months, immediately prior to enrollment and qualification as a resident, rather than for the purpose of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education, may apply for and be granted classification as a “resident for tuition purposes”; provided, however, that those students who are non-resident aliens or who are in the United States on a non-immigration visa will not be entitled to reclassification. An application for reclassification as a “resident for tuition purposes” shall comply with provisions of subsection (4) above. An applicant who has been classified as a “non-resident for tuition purposes” at time of original enrollment shall furnish evidence as stated in subsection 6C-7.005(1), F.A.C., to the satisfaction of the registering authority that the applicant has maintained residency in the state for the twelve months immediately prior to qualification required to establish residence for tuition purposes. In the absence of such evidence, the applicant shall not be reclassified as a “resident for tuition purposes.” It is recommended that the application for reclassification be accompanied by a certified copy of a declaration of intent to establish legal domicile in the state, which intent must have been filed with the Clerk of the Circuit Court, as provided by Section 222.17, Florida Statutes. If the request for reclassification and the necessary documentation is not received by the registrar prior to the last day of registration for the term in which the student intends to be reclassified, the student will not be reclassified for that term.

(6) Appeal from a determination denying “resident for tuition purposes” status to applicant therefor may be initiated after appropriate administrative remedies are exhausted by the filing of a petition for review pursuant to Section 120.68, Florida Statutes.

(7) Any student granted status as a “resident for tuition purposes” status to applicant therefor may be initiated after appropriate administrative remedies are exhausted by the filing of a petition for review pursuant to Section 120.68, Florida Statutes.

Specific Authority 240.209(1), (3)(r) FS. Law Implemented 120.53(1)(a), 240.209(1), (3)(e), 240.233, 240.235, 240.1201 FS. History–Formerly 6C-2.51, 11-18-70, Amended 8-20-71, 6-5-73, 3-4-74, Amended and Renumbered 12-17-74, Amended 1-13-76, 12-13-77, 8-11-81, 6-21-83, 12-13-83, 6-10-84, 10-7-85, 12-31-85, Formerly 6C-7.05, Amended II-9-92, 4-16-96.

6C-7.006 Limitation on Non-Resident Student Enrollment.

The State University System of Florida will accept non-resident students as defined in subsection 6C-7.005(1) and (3), F.A.C., in numbers not to exceed 10 percent of the total systemwide enrollment. This does not imply that the enrollment of non-resident students at any single university in the System will be limited to 10 percent of that university’s total enrollment as long as the total number in the University System does not exceed 10 percent of the total systemwide enrollment.

Specific Authority 240.209(1), (3)(g) FS. Law Implemented 240.209(1), (3)(i) FS. History–Formerly 6C-2.52(1), 11-18-70, Amended and Renumbered 12-17-74, Amended 12-13-77, 8-11-85, Formerly 6C-7.06, Amended II-9-92.

6C-7.008 Waiver of Tuition and Materials & Supply Fees.

(1) Sponsored Institutes and Programs
(a) Tuition and materials and supply fees may be waived by the president or president’s designee for participants in sponsored institutes and programs where substantially all the direct costs are paid by the external sponsoring agency, where there is no direct expenditure of Educational and General funds for the conduct of the programs, and where no fees or other assessments are collected from students by the sponsoring agency, the university, or any other entity. In determining whether the direct costs are paid by the sponsoring agency, funds paid directly to the participants in a form such as, but not limited to, stipends, travel or book allowances
should not be taken into account. “Direct costs” refer to the costs associated with the instruction or training which a participant receives. All funds collected from sponsoring agencies for sponsored credit institutes will be remitted to the university’s contract and grants trust fund and/or auxiliary trust funds.

(b) Neither the number of participants nor student credit hours in these institutes and programs may be counted for state funding purposes. The waivers granted herein for non-resident fees are in addition the non-resident waivers appropriated annually by the Legislature.

(2) Certain tuition shall be waived for the following: (1) children of law enforcement officers or firefighters killed while performing certain duties pursuant to Sections 112.19 and 112.191, Florida Statutes; (2) students who earn credit in courses toward both a high school diploma and an associate or baccalaureate degree pursuant to Section 240.116 and 240.235(4), Florida Statutes; (3) students enrolled in a dual enrollment or early admission program pursuant to Sections 240.116 and 240.235(4), Florida Statutes; (4) any student for whom the state is paying foster care board payment or any student adopted from the Department of Children and Family Services after December 31, 1997, pursuant to Sections 409.145(3) and 240.235(5), Florida Statutes; (5) any graduate student enrolled in a state-approved school psychology training program pursuant to Section 240.235(7), Florida Statutes; (6) certain members of the active Florida National Guard pursuant to Section 250.10(7), Florida Statutes; (7) a student enrolled through the Florida Linkage Institutes Program pursuant to Section 288.8175(6), Florida Statutes.

(3) SUS and/or State employees who qualify pursuant to provisions in Rule 6C-5.930, F.A.C., the annual General Appropriations Act, collective bargaining agreements, and Section 110.1099, Florida Statutes, are entitled to register for up to six credit hours of instruction without payment of tuition, and, if applicable, the Non-Resident Fee.

(4) Intern Supervisors – Persons who supervise interns for institutions within the State University System may be given one non-transferable certificate (fee waiver) for each full academic term during which the person serves as an intern supervisor. This certificate shall provide for waiver of the Residence Matriculation fee.

(5) Florida residents 60 years of age or older are entitled to a waiver of tuition as provided by Section 240.235(3), Florida Statutes.

(6) Non-resident students who are non-degree seeking are entitled to a waiver of the non-resident fee if the credit hours generated by such students are non-fundable and the cost for the program of study is recovered from the fees charged to all students.

(7) Each university shall waive the activity and service, health, athletic, and material and supply fees, assessed on a per credit hour basis, for credit hours for which the tuition is waived in accordance with the provisions of Rule 6C-7.008, F.A.C. Each university shall waive the activity and service, health, athletic, and material and supply fees assessed on a per student basis only if a student’s tuition is waived for all credit hours. If a student pays any portion of the assessed tuition, that student shall pay in full the activity and service, health, athletic, material and supply fees assessed on a per student basis.

(8) Each university shall waive all tuition and fee components of Rule 6C-7.001, F.A.C., and material and supply fees assessed for credit hours for which tuition is waived. Each university shall also waive the activity and service, health, athletic, and material and supply fees assessed on a per student basis only if a student’s tuition is waived for all credit hours.

(9) All or any part of the tuition and material and supply fees may be waived by the university when deemed appropriate provided that provisions for such waiver are included in Florida Statutes or the rules of the Board of Regents. The Board may provide for the waiver of the following fees as provided by legislative action:

(a) Non-Resident Fees;
(b) Matriculation Fees for undergraduates, graduate assistants, and fellowships.

CHAPTER 6C-8 EDUCATIONAL DELIVERY

6C-8.001 University Calendars.
(1) Each university shall operate under the general provisions described in Rule 6A-10.019, F.A.C., and shall operate on a year-round calendar which provides two hundred twenty (220) days of classroom instruction including examinations, or two hundred ten (210) days of instruction excluding examinations; provided, however, that upon request by the university exceptions to this requirement may be approved by the Board and may include but shall not be limited to such matters as experimentation, innovation, research, energy conservation or more efficient utilization of resources.

(2) Effective August, 1985, the common entry periods shall be:
(a) The first three (3) weekdays after August 22;
(b) The first three (3) weekdays after January 4;
(c) The first three (3) weekdays after May 5.

(3) Each calendar shall also include the following:
(a) Pre-established dates for issuing either certificates, diplomas, or degrees which will permit students to utilize the entry period which minimizes loss of time to students in completing the transfer between programs of institutions;
(b) A summer program for teachers, school personnel and other students scheduled to begin no earlier than June 15 and close no later than August 15;
(c) Additional periods throughout the fiscal year in which a student can begin a program.

(4) An official copy of the annual calendar adopted by each university shall be filed with the Board in a manner prescribed by the Commissioner upon the recommendation of the Chancellor.

Specific Authority 240.209(1), (3)(m) FS. Law Implemented 240.209(1), (3)(m), 240.227(17), 229.053(2)(c) FS. History–Formerly 6C-2.56, 11-18-70, Amended and Renumbered 12-17-74, Amended 6-25-80, 8-11-85, Formerly 6C-8.01.

6C-8.002 Continuing Education.
(1) The Chancellor shall coordinate credit and non-credit continuing education courses in all fields which the Board shall consider necessary to improve and maintain the educational standards of the State of Florida.

(2) Administration and Coordination
(a) The Chancellor shall be responsible for coordinating, on a statewide basis, the continuing education programs of the universities. These responsibilities are:
1. Studies of the systemwide operation, long range planning and projections, periodic evaluations of existing programs, and research relating to continuing education and adult learning;
2. The approval of any credit course offerings outside of designated geographic areas and those courses which have not been approved as on-campus offerings for a particular institution.
(b) Specific responsibilities of the presidents are:
1. To develop rules and procedures for conducting all credit offerings in a defined geographic area and non-credit continuing education offerings.
2. To establish a Continuing Education Activity as part of the Auxiliary Budget Entity for the purpose of planning, offering, and recovering all costs of non-credit courses. The costs of these courses may be recovered from non-E & G sources such as grants, contracts, directly from participants, and combinations of these sources. The Continuing Education Activity within the Auxiliary Budget Entity may also be used for the purpose of planning, offering, and recovering all costs of sponsored credit institutes and programs as provided by paragraph 6C-7.008(1)(a), F.A.C. Likewise, the Auxiliary Budget Entity may be used for the recovery of any additional fees established by the president for off-campus credit courses as provided by subsection 6C-7.003(30), F.A.C., or for continuing education credit courses as provided by subparagraph 6C-8.002(2)(b)4., F.A.C.
3. To approve the use of auxiliary funds from the Continuing Education Activity for instructional compensation of regularly appointed faculty, or of adjunct faculty, who teach non-credit Continuing Education courses and for the recovery of Educational and General costs for providing services to Continuing Education students.
4. To approve continuing education credit courses and to establish the fees for these activities when there is a demonstrated and justified need. Such courses shall not in any way be in competition with, or replace, the regular on-campus program of Educational and General credit courses taken by degree seeking and special students. Accordingly, continuing education credit courses shall be scheduled and offered in such a way as to prevent any negative effect on any university’s achievement of its legislatively funded enrollment plan. Any fees charged students for continuing education credit activities, which are higher than the normal Board approved fees for similar credit activities offered in the regular on-campus program, shall be established solely for the purpose of recovering all increased costs which result from offering these courses as continuing education activities.

5. To file with the Chancellor an annual report of all credit and non-credit activity.

(c) Enrollments in non-credit courses and in sponsored credit institutes and programs will not be funded from Educational and General (E & G) resources and will not count as part of the university’s E & G enrollment plan; i.e., they do not generate E & G funded FTE. Only students whose costs for participating in these courses have been paid will be enrolled in non-credit courses or sponsored credit institutes and programs.

(3) Other Requirements Regarding Credit Activities

(a) Courses for credit offered through the Continuing Education Activity, away from the university campuses, or through sponsored credit institutes and programs shall be accorded the same status as their counterpart courses offered on the main campus. Normally, only courses in the existing university approved curriculum shall be offered as continuing education credit courses. Modifications to this requirement shall be approved by the Chancellor, as prescribed by Chancellor’s Memorandum. The university offering such courses shall be responsible for ensuring that the faculty, support services, and physical facilities shall be of such quality to assure full comparability of the course offered to its regular on-campus counterpart. Courses for which degree credit is offered shall meet the same standards as other regular credit courses.

(b) Each university will be responsible for serving a designated geographic area of the State. Institutional responsibilities for ensuring that services are provided shall be in accordance with the following assignments.

1. Regional Responsibilities.
   a. Florida A & M University – Baker County, Calhoun County, Columbia County, Dixie County, Franklin County, Gadsden County, Gilchrist County, Hamilton County, Jackson County, Jefferson County, Lafayette County, Leon County, Liberty County, Madison County, Suwannee County, Taylor County, Union County, Wakulla County.
   b. University of South Florida – Charlotte County, Collier County, DeSoto County, Glades County, Hardee County, Hendry County, Hernando County, Highlands County, Hillsborough County, Lee County, Manatee County, Pasco County, Pinellas County, Polk County, Sarasota County.
   c. Florida Atlantic University – Broward County, Indian River County, Martin County, Okeechobee County, Palm Beach County, St. Lucie County.
   d. University of West Florida – Bay County, Escambia County, Gulf County, Holmes County, Okaloosa County, Santa Rosa County, Walton County, Washington County.
   e. University of Central Florida – Brevard County, Citrus County, Flagler County, Lake County, Levy County, Marion County, Orange County, Osceola County, Seminole County, Sumter County, Volusia County.
   f. Florida International University – Dade County, Monroe County.
   g. University of North Florida – Alachua County, Bradford County, Clay County, Duval County, Nassau County, Putnam County, St. Johns County.

2. Statewide Responsibilities.
   a. The University of Florida, Florida State University, and Florida A & M University (with reference to its historic mission) shall be responsible for providing such programs and services on their respective campuses and in their local communities. Further, they shall be responsible for providing, on a statewide basis, such programs and services which cannot be provided by the other universities. The activities of the cooperative extension service will continue to be the responsibility of the Institute of the Food and Agricultural Sciences of the University of Florida without regard to the geographical area in which those activities occur.
   b. Each university with regional responsibilities may offer off-campus within its region and without prior approval any credit course which has been authorized by appropriate curriculum committees to be offered on-campus.
   c. Each university may offer credit courses outside of its geographic boundaries upon appropriate approval by the Chancellor. Courses in this category will be approved only where demonstrated need warrants institutional geographic overlap.
   d. A university which has capability in specific disciplines not available in any other university may offer instruction in these disciplines in any part of the State without prior approval.

(4) Correspondence Study Policies

(a) The University of Florida shall administer the Department of Correspondence Study Program for the State University System.

(b) The Department of Correspondence Study at the University of Florida shall submit an annual report listing all activities and a fiscal statement representing the income and expenditures of the Department for the fiscal year to the Chancellor.

(5) Off-Campus Center – Each center in which off-campus credit courses are offered shall be organized and administered by one of the universities, as approved by the Board. All courses offered in a center shall carry residence credit.
6C-8.009 Definition and Process for Establishing Educational Sites.

(1) The following definitions and processes for establishment shall apply to educational locations of public universities within the state:

(a) Main campus is defined as the focal point of university educational and administrative activities, authorized by Section 240.2011, F.S. Lower-division courses are offered only on the main campus of each university unless the university receives specific Board of Regents approval to offer lower-division courses at a branch campus, center or site. Approval will be based on a consideration of the following: the university’s mission; an assessment of student demand; availability of necessary facilities, equipment and faculty; discussion with the educational institutions impacted by the proposed course offerings; and PEPC’s review of those course offerings. The Board of Regents approval is subject to review and action by the State Board of Education if the request for review and action occurs within 30 days of the Board of Regents decision. If no request for review is made by a member of the State Board of Education, then the Board of Regents determination shall automatically become effective 30 days from the date of the Board of Regents decision to approve.

(b) Branch campus is defined as an instructional and administrative unit of a university that offers students upper-division and graduate programs as well as a wide range of support services. Distance learning techniques may be used to complement on-site instruction at all types of campuses. Branch campuses may be of various types to meet the particular needs of a region:

1. Type I Branch Campus is defined as a major university operation which provides a broad range of instruction, numerous full and partial degree programs, research, and a full complement of student services in university administered facilities, which are mostly university owned or shared with a public community college. For efficiency of operation and provision of an adequate range of programs these campuses should obtain a funded enrollment level of 2,000 FTE.

2. Type II Branch Campus is a large university operation, providing a range of instructional programs, many of which lead to a degree at the branch campus, some research, and full support services in university controlled facilities. Funded enrollment is between 1,000 and 2,000 FTE.

3. Type III Branch Campus provides instruction in high demand disciplines, as well as necessary support services. Instructional and administrative functions are provided in facilities which may or may not be controlled by the university. Distance learning techniques may be used to provide a significant portion of the instructional program. Funded enrollment is between 300 and 1,000 FTE.

(c) Establishment of new branch campuses requires approval by the Board of Regents. In its request for authority to establish a new branch campus, a university shall submit a report regarding the long-term requirements for programs and facilities relating to its mission statement and course offerings, including a three-year PECO project priority list and a plan for long-term facilities needs. In addition, the Postsecondary Education Planning Commission must recommend establishment of the campus to the State Board of Education under the provisions of subsection 240.147(7), F.S., and the Legislature must appropriate funds for its establishment.

(d) Center is defined as an instructional unit of a university or universities that offers a limited range of instructional programs or courses. Funded enrollment at a center will be fewer than 300 FTE.

(e) Special purpose center is defined as a unit of a university that provides certain special, clearly defined programs or services, such as research, cooperative extension, or public service apart from the main campus, branch campus, or center.

(f) Establishment of new centers and special purpose centers which entail the expenditure of state funds for facilities requires an assessment of long-term needs for facilities and approval by the Board of the three-year PECO project priority list. In submitting its request for authority to establish a Center, a university shall submit a report regarding the long-term requirements for programs and facilities relating to the mission statement and course offerings.

(g) Instructional site is defined as an instructional unit of a university that offers a very limited range of instructional programs or courses, generally of short duration, in facilities not owned by the institution. Universities shall retain the ability to establish instructional sites to meet demonstrated needs without the necessity for approval of the Board.

(h) Special purpose site is defined as a unit of a state university that provides services of an educational nature that are other than instruction, research or administration. Universities shall retain the ability to establish special purpose sites to meet demonstrated needs without the necessity for approval of the Board.

(2) All new campuses, centers, and special purpose centers approved by the Board shall be submitted, along with the required review by the Postsecondary Education Planning Commission, to the State Board of Education for approval.

(3) The Board will review these definitions and processes periodically to determine whether changes are necessary.

6C-8.010 Incentive/Efficiency Program.

(1) Goal – The goal of the Incentive/Efficiency Program (IEP) is to improve the quality of the State University System through the reallocation of existing resources and the generation of new revenue. The IEP provides incentives to all employees to identify and implement procedures or ideas that generate new revenue or eliminate or reduce expenditures without reducing the quality of essential services.

(2) Definition – The term, “net savings or new revenue” as used in this rule, shall mean the estimated permanent savings or permanent new revenue generated, in the first year of full implementation of an employee suggestion for reducing expenditures or generating new revenue, less a pro rata share of the total investment necessary to implement the suggestion, if any, prorated on the basis of the estimated useful life of the investment.

(3) Administration

(a) Each president shall appoint an IEP Steering Committee and Program Administrator to be responsible for the IEP including recommending and administering internal procedures, ensuring appropriate evaluations, following up on recommendations to adopt or not adopt a suggestion and promoting the program.

(b) The Board may allocate funds specifically for the support and operation of the IEP.

(4) Eligible Participants – All current employees of the State University System are eligible to submit suggestions that generate net savings or new revenue. Two or more eligible employees may submit a joint suggestion.

(5) Eligible Suggestions – To be eligible, a suggestion must be implemented by a university or the Board Office. The following shall not be eligible for cash awards through the program:

(a) Suggestions that deal with issues which are also being pursued as a personal grievance or that deal with the compensation and classification of positions;

(b) Suggestions which the employee develops as a result of assigned responsibilities; and

(c) Suggestions which are a duplicate of, or significantly similar to, a suggestion which has been implemented by another university of the State University System and about which the university has been notified by the Board.

(6) Suggestion Processing

(a) Employee suggestions shall be processed, a final determination made, and the suggestion implemented in an expeditious manner.

(b) A suggestion which is not implemented will be kept on file for one year from the date it was originally received by the Program Administrator or the Steering Committee, whichever is earlier. The original proposer will be eligible for an award as provided in this rule if the suggestion is implemented during this period. Thereafter, the suggestion must be resubmitted by an eligible employee before it can be reconsidered.

(c) Suggestions will be recognized through cash and other awards. Cash awards for eligible suggestions shall be based upon net savings or new revenue.

(d) The acceptance of an award for any suggestion implemented through this program shall constitute an agreement by the employee that the employee waives all claims, immediate and future, on the State of Florida, regardless of the use of the suggestion.

(7) Use of Net Savings or New Revenue – The total resources allocated to the budget(s) of a university will not be reduced as a result of net savings or new revenue generated under the program.

(a) The net savings or new revenue may be used as follows:

1. Up to ten percent may be used as a cash bonus for the employee or employees who made the suggestion;

2. Up to ten percent may be used for Administrative Incentive bonuses;

3. Up to twenty percent may be used for bonuses for individuals in the work unit(s) which will generate the net savings or new revenue; and

4. The balance of the net savings or new revenue may be used to address critical funding needs related to the implementation of the university and system master plans.

(b) Notwithstanding the provisions of paragraph (7)(a), above, an employee’s bonus for each implemented suggestion shall be limited to the smaller of $25,000 or ten percent of the net savings or new revenue. Further, no employee shall receive a bonus for submitting an implemented suggestion and, for the same suggestion, a bonus from the Administrative Incentive Component.

(8) Administrative Incentive Component – This component is intended to provide an incentive for administrators to foster an atmosphere in which the identification of opportunities to reallocate resources and generate new resources in support of university goals and priorities are encouraged and in which appropriate responses to these opportunities are developed and implemented. In order to stimulate this type of activity, the contributions of each organizational unit to the IEP shall be evaluated on an annual basis and incentive bonuses provided to supervisors of employees who have submitted suggestions that have been implemented. Administrative incentives shall be limited to the immediate supervisor of an employee who submitted an implemented suggestion and to the next higher level supervisor. Supervisors at the level of Vice President or above, however, shall not be eligible for an administrative incentive under this program.

(9) Implementation Plan – Each university president shall submit an Implementation Plan, as well as amendments thereto, to the Chancellor for approval. The Implementation Plan will provide for:

(a) Promotion of the Program;

(b) Appropriate safeguards regarding conflict of interest in decisions leading to cash awards;
(c) A procedure for appeal of decisions made by the IEP Steering Committee;
(d) Procedures for allocating net savings or new revenue along with appropriate safeguards to assure that the quality of essential services are maintained and/or improved as a result of such allocations; and
(e) Identification of employees who are eligible to receive administrative incentive bonuses and the calculation and distribution of such bonuses.

(10) Adopted Suggestions
(a) Each university shall report quarterly to the Board information about suggestions implemented along with the net savings or new revenue, use of net savings or new revenue, and incentive awards provided through the IEP.
(b) The Board’s Finance Committee shall review each implemented suggestion and shall distribute a copy of such suggestions to each university.

CHAPTER 6C-9 PROPERTY AND FINANCE

6C-9.004 Razing of Buildings.
As prescribed by Section 240.22, Florida Statutes, Universities; powers and duties, each university shall have the authority to raze buildings.

Specific Authority 240.209(1), (3)(m), 240.227 FS. Law Implemented 240.209(1), (3)(m), 273.05, 273.055, 240.227, 240.295 FS. History–Adopted 12-8-72, Amended and Renumbered 12-17-74, Amended 7-13-78, 8-11-85, Formerly 6C-9.04.

6C-9.005 Naming of Buildings and Facilities.
(1) A president may recommend for the consideration of the Board a name for any building or other facility on the campus.
(2) The naming of a building or other facility, shall be in accordance with the provisions of Section 267.062, Florida Statutes.

Specific Authority 240.209(1), (3)(m), 267.062 FS. Law Implemented 240.209(1), (3)(m), 267.062 FS. History–Adopted 11-3-72, Amended and Renumbered 12-17-74, Amended 8-11-85, Formerly 6C-9.05.

6C-9.011 University Direct Support Organizations.
(1) Universities wishing to establish direct support organizations, as provided in Section 240.299, Florida Statutes, shall request approval by the Board of Regents. Upon approval by the Board, a direct support organization shall be considered to be certified and authorized to use university property, facilities and personal services.
(2) The Director or Chief Operating Officer of the direct support organization shall report to the University President or designee, who shall be Vice President of the University or other senior officer reporting directly to the University President.
(3) Operating budgets of direct support organizations shall be prepared at least annually, approved by the organization’s governing board and recommended by the university president to the Board of Regents for review.
(4) Expenditure plans of direct support organizations shall be reviewed and approved quarterly by the university president or designee, who shall be a vice president of the university or other senior officer of the university reporting directly to the president.
(5) Direct support organizations shall provide for an annual audit and management letter, as prescribed by internal memoranda, which shall be forwarded to the Board of Regents for review and oversight.
(6) University presidents may request that a direct support organization be decertified by the Board of Regents if the president determines that the organization is no longer serving the best interest of the university. The request for decertification shall include a plan for disposition of the direct support organization’s assets and liabilities.

Specific Authority 240.209(1), (3)(r), 240.299(2)(b) FS. Law Implemented 240.209(1), 240.299 FS. History–Formerly 6C-3.12, 11-18-70, Amended and Renumbered 12-17-74, Amended 4-14-76, 6-25-80, 8-11-85, Formerly 6C-9.11, Amended 9-28-86, 2-13-89, 4-10-90, 12-9-91, 8-1-94, 4-16-96.
6C-9.013 Auxiliary Operations.

(1) Auxiliary services are integral activities of a university that furnish to its faculty, staff and students goods and/or services that are necessary or desirable but not readily available elsewhere in terms of costs, quality, quantity, timeliness, convenience, or other similar considerations. These activities shall support the educational endeavor of the institution and enhance its functioning; therefore, they shall not detract or distract from this basic endeavor in any way, financially or otherwise.

(2) Each auxiliary service is an individual entity and shall be accounted for as such. A service may be operated by the institution or by a private contractor under the institution’s supervision. Under either arrangement, all pertinent institutional revenues and costs shall be assigned to each auxiliary and the consequent financial results of operations determined.

(3) There shall be a uniform system of financial reporting within the State University System for auxiliary services. Each institution may determine whether its auxiliary services will be self-supporting on an individual or collective basis, except for athletics, which shall be a self-supporting entity. Revenues for auxiliary services shall not be provided from general revenue supported budget entities except in payment of goods and/or services, or as provided in subsection 6C-9.012(3), F.A.C. Provided, however, auxiliary services may be housed in buildings that are financed from other sources.

(4) Transfers and expenditures from the various auxiliary funds shall be in conformance with budgets or budget amendments filed with the Board.

Specific Authority 240.209(1), (3)(m) FS. Law Implemented 240.209(1), (3)(m) FS. History–Formerly 6C-3.14, 3-4-74, Amended and Renumbered 12-17-74, Amended 8-29-77, 9-8-85, 8-11-85, 1-8-86, Formerly 6C-9.13, Amended 4-10-86, Formerly 6C-9.13.

6C-9.017 Faculty Practice Plans.

(1) Basic Policy. The J. Hillis Miller Health Center at the University of Florida and the Health Sciences Center at the University of South Florida respectively provide educationally oriented clinical practice settings and opportunities, through which faculty members provide health, medical and dental care and treatment to patients, including patients at independent hospitals, other institutions, and various other clinical sites as an integral part of their academic activities and their employment as faculty. Such faculty practice activities are designed to assure clinical practice opportunities and experiences that are essential in the training of students and postgraduate health professionals and that will enhance skills and knowledge of faculty members who must teach and train medical and other health professional students. Participation in such faculty practice activities by members of the faculty of this State’s colleges of medicine, dentistry, health professions, and veterinary medicine is vital to the educational mission, the maintenance of skills in the treatment and diagnosis of disease, and the maintenance of patient management skills, clinical expertise, and medical judgment, and is a necessary and essential part of their employment as faculty. Because these faculty practice activities generate income from a cross section of patients served by faculty members, these colleges are authorized to regulate fees generated from faculty practice, and to develop and maintain Faculty Practice Plans for the orderly collection and distribution of such fees. Colleges are authorized to form corporate entities to achieve the objectives of the Faculty Practice Plans. The Faculty Practice Plan, when developed, and subsequent changes therein, must be approved by the dean of the college, the vice president of the health center and the president of the university prior to filing for approval of the Chancellor. Faculty Practice Plans must be consistent with, and supportive of, the objectives of the college, the health center, and the university.

(2) Each Faculty Practice Plan shall include and/or provide for:

(a) A written document which describes the university’s policies and procedures pertaining to faculty practice activities and the resulting professional fees.

(b) Articles of Incorporation and Bylaws.

(c) A separate bank account into which all faculty practice fees are to be deposited, which shall be held and administered by the respective university or faculty practice organization.

(d) An operating budget prepared at least annually and recommended by the dean of the college, vice president of the health center, and university president to the Board of Regents for review and approval.

(e) An annual audit and management letter, which shall be forwarded to the Board of Regents for review and oversight.

Specific Authority 240.209(1), (3)(r) FS. Law Implemented 240.209(1) FS. History–New 6-12-75, Formerly 6C-9.17, Amended 6-2-87, 10-17-89, 6-6-90, 12-9-91, 10-2-94, 4-16-96.

6C-9.018 Charity Racing Day Proceeds.

The Chancellor shall allocate the proceeds from Charity Race Days to the universities.

Specific Authority 240.209(1), (3)(m) FS. Law Implemented 240.209(1), (2), (3)(m), 550.03(2) FS. History–New 1-24-77, Amended 8-11-85, Formerly 6C-9.18.

6C-9.019 Trust Fund for Major Gifts.

(1) The Trust Fund established in the State Treasury for Major Gifts provides the opportunity to each state university and New College to receive and match challenge grants to enhance their libraries and instruction and research programs. The Chancellor shall administer the Trust Fund for Major Gifts as prescribed by Section 240.2605, Florida Statutes, and Section 35, Chapter 94-230, Laws of Florida. To be eligible, contributions for matching purposes must be made in the manner prescribed in applicable Florida Statutes and subsequent amendments. Contributions must be made for the purpose of supporting the libraries or instruction...
and research programs of the recipient institution, provided however, that donations, state matching funds or proceeds from Major Gift endowments may not be used for the construction, renovation, or maintenance of facilities or to support intercollegiate athletics. The support of libraries and instruction and research programs shall include, but not be limited to:

(a) staffing, equipment, supplies, books, subscriptions, monographs, binding, purchase of or access to technological resources such as computerized databases and other electronic media, and other legitimate expenditures in support of libraries; and,

(b) expenditures for personnel, equipment, supplies and other legitimate purchases in support of the instruction and research programs within the recipient institution’s mission.

(2) Each university shall adopt the necessary rules for the administration of these programs pursuant to Section 35, Chapter 94-230, Laws of Florida, and Section 240.2605, Florida Statutes, and subsequent amendments.

(3) Applications to the Chancellor for challenge grants shall include documentation to support the match as well as certification that all matching requirements have been met. Upon certification by the Chancellor that the matching requirements have been met, the university or New College foundation shall be allocated state matching funds.

6C-9.020 University Health Services Support Organizations.

(1) Universities wishing to establish university health service support organizations as provided in Section 240.2995, Florida Statutes, shall request approval by the Board of Regents. Upon Board approval, a university health services support organization shall be considered to be certified and authorized to use university property, facilities, and personal services.

(2) Operating budgets of university health services support organizations shall be prepared at least annually, approved by the organization’s governing board and recommended by the university president to the Board of Regents for review. The budget shall include compensation and benefits for university employees and employees of the organization.

(3) Expenditure plans of university health services support organizations shall be reviewed and approved quarterly by the university president.

(4) University health services support organizations shall provide for an annual audit and management letter, which shall be forwarded to the Board of Regents for review and oversight.

(5) University presidents may request that a university health services support organization be decertified by the Board of Regents if the president determines that the organization is not serving the best interest of the university. The request for decertification shall include a plan for disposition of the university health services support organization’s assets and liabilities.

CHAPTER 6C-10 MISCELLANEOUS PROVISIONS

6C-10.001 Self-Insurance Programs.
6C-10.002 Environmental Health and Safety. (Repealed)
6C-10.003 Use of Human Subjects in Research. (Repealed)
6C-10.004 Educational Research Centers for Child Development.
6C-10.005 Display of Flag. (Repealed)
6C-10.006 Guest Admission to University Events. (Repealed)
6C-10.007 W. A. Shands Teaching Hospital and Clinics, Indigent Patients; Write-off of Accounts. (Repealed)
6C-10.008 S. U. S. Student Health Centers Trust Fund. (Repealed)
6C-10.009 Smoking in Public Buildings.
6C-10.010 University-Related Research Parks. (Repealed)
6C-10.011 Veterans’ Benefits - Inmate Students. (Transferred to 6C-6.022)
6C-10.012 Special Continuing Programs. (Repealed)
6C-10.013 Certification of Residency for Appropriated Programs. (Repealed)
6C-10.014 Educational Attendance Requirements for Application, Suspension, and Reinstatement of a Driver’s License. (Repealed)

6C-10.001 Self-Insurance Programs.

(1) University of Florida (UF) Self-Insurance Programs; and University of South Florida (USF) Self-Insurance Program.

(a) The UF is authorized to establish the J. Hillis Miller Health Center Self-Insurance Program and the University of Florida J. Hillis Miller Health Center/Jacksonville Self-Insurance Program, and the USF is authorized to establish the University of South Florida Health Sciences Center Self-Insurance Program for the purpose of providing comprehensive general liability protection, including professional liability protection, for the Board and other persons and entities as provided by law and as authorized by the Board or the Self-Insurance Program Councils. The Self-Insurance Programs shall be funded by contributions paid by or on behalf of protected persons and entities.

(b) The Self-Insurance Programs shall be administered by the following Councils.

1. The J. Hillis Miller Health Center Self-Insurance Program shall be administered by the J. Hillis Miller Health Center Self-Insurance Program Council. The Council shall consist of the following officers of UF: Vice President for Health Affairs, who shall serve as Chair; Vice President for Administrative Affairs; Associate Vice President for Health Affairs; Dean, College of Medicine; Dean, College of Dentistry; three members of the faculty of the College of Medicine appointed by the Dean, College of Medicine; the General Counsel; and the Self-Insurance Program Administrator; and such other persons as from time to time may be appointed to the Council by the Board or by the President of UF; and if Shands Teaching Hospital and Clinics, Inc. (Shands Hospital), participates in the Self-Insurance Program: the Chief Executive Officer and Executive Vice President of Shands Hospital; the Chief of Staff of Shands Hospital; and two members of the administrative staff of Shands Hospital to be appointed by the Chief Executive Officer and Executive Vice President of Shands Hospital.

2. The J. Hillis Miller Health Center/Jacksonville Self-Insurance Program shall be administered by the J. Hillis Miller Health Center/Jacksonville Self-Insurance Program Council. The Council shall consist of the following officers of UF: Senior Associate Dean and Assistant Vice President for Jacksonville Programs, who shall serve as Chair; two designees of the Dean, College of Medicine; Associate Vice President for Health Affairs for External Relations; three Associate Departmental Chairs of the College of Medicine appointed by the Senior Associate Dean and Assistant Vice President for Jacksonville Programs; the General Counsel; the Self-Insurance Program Administrator; and such other persons as from time to time may be appointed to the Council by the Board or by the President of UF; and if University Medical Center is protected by the Self-Insurance Program: the President and Chief Executive Officer of University Medical Center; the Chief-of-Staff of University Medical Center; and two members of the administrative staff of University Medical Center to be appointed by the President and Chief Executive Officer.

3. USF Health Sciences Center Self-Insurance Program shall be administered by the USF Health Sciences Center Self-Insurance Program Council. The Council shall consist of the following officers of USF: Vice President for Health Sciences (or his/her designee), who shall serve as Chair; a financial officer of the Health Sciences Center as designated by the Vice President for Health Sciences; four members of the faculty of the College of Medicine appointed by the Vice President for Health Sciences; the General Counsel; the Self-Insurance Program Administrator; and such other persons as from time to time may be appointed to the Council by the Board or by the President of USF; and if the H. Lee Moffitt Cancer Center and Research Institute, Inc. participates in the Self-Insurance Program, the Center Director (or his/her designee).

(c) The powers and duties of each Council shall be:

1. To administer the Self-Insurance Program in accordance with the laws of Florida, and the rules of the Board, the Department of Insurance, and the University;
2. To propose and submit an annual budget for the Self-Insurance Program through the University President to the Board;
3. To develop and propose to the Board a Memorandum of Protection which shall constitute the Self-Insurance Program’s coverage document. The Memorandum of Protection shall contain the insuring agreements, exclusions, and other conditions applicable to persons and entities protected and shall be part of this Rule by reference. The Council shall extend by resolution the
protections described in the Memorandum of Protection to persons and entities as authorized by statute and establish the levels of liability protections extended to such persons and entities; however, the Council is not obligated to extend protection to persons and entities as may be authorized by Florida law, except as may be directed by the Board.

4. To contract with an independent casualty actuary to establish funding requirements necessary to maintain the fiscal integrity of the Self-Insurance Program;

5. To appoint a Self-Insurance Program Administrator who shall carry out the policies and directives of the Council;

6. To retain attorneys-at-law to represent the Board and persons and entities protected by the Self-Insurance Program and perform other legal services which are related to the Self-Insurance Program;

7. To establish committees and designate persons as necessary to assist in the performance of its duties, and may authorize such committees or persons to act for and on behalf of the Council. The Council shall establish a Risk Management Committee, which shall oversee the investigation and disposition of such claims and suits protected by the Self-Insurance Program, identify risk factors which cause such claims and suits, and develop and implement risk management programs to reduce or eliminate those risk factors. Such Risk Management Committee shall conduct reviews pursuant to the provisions of Section 766.106, Florida Statutes, and shall be deemed a medical review committee as defined in Section 766.101, Florida Statutes;

8. To purchase excess insurance on behalf of persons and entities protected by the Self-Insurance Program for claims which exceed the level of protection provided by the Self-Insurance Program including claim bills to award compensation in amounts which exceed the protection provided by the Self-Insurance Program or by commercial insurance; to assist entities not described in Section 768.28, Florida Statutes, which are authorized and approved as allowed by Florida laws to be protected by the Self-Insurance Program, in the procurement of insurance for losses which exceed the levels of protection provided by the Self-Insurance Program as established by the Council, but the Council is not authorized to purchase such insurance with Self-Insurance Program assets; and

9. To participate in other self-insuring mechanisms such as Risk Retention Groups or captive insurance companies, independently or in association with other compatible entities, subject to the approval of the Board.

10. To deposit Self-Insurance Program income in accounts approved by the Board and managed pursuant to the Self-Insurance Program’s administrative and investment policies;

11. To establish an investment policy which shall be approved by the Board, and to maintain an investment account which shall optimize income for the support of the Self-Insurance Program;

12. To provide for an annual audit of the Self-Insurance Program’s financial accounts by independent auditors. The annual audit report shall include a management letter and shall be submitted to the Board for review.

(2) Captive Insurance Companies.

(a) The Councils defined in (1)(b)1. and 2. are authorized to establish as part of the Board of Regents’ self-insurance program a captive insurance company to be named the University of Florida Healthcare Education Insurance Company (HEIC) and the Council defined in (1)(b)3. is authorized to establish a captive insurance company to be named the University of South Florida Health Sciences Insurance Company (HSIC). Each captive (HEIC and HSIC) shall be wholly owned by the Board and established in a domestic or foreign domicile acceptable to the Board. The Articles of Incorporation and Bylaws of each captive are subject to the prior written approval of the Board. Each captive shall insure the Board and may insure any other entity or individual who is authorized by statute to purchase liability protection from a self-insurance program created pursuant to this Rule.

(b) Each captive shall provide liability protection as authorized by Section 240.213, Florida Statutes. The limits of liability protection to be provided for the Board shall be those described in Section 768.28, Florida Statutes, unless otherwise established pursuant to a written endorsement to the insurance policy issued by the captive. The limit of liability protection for insured entities and persons not described in Section 768.28, Florida Statutes, shall be as established by the respective Board of Directors.

(c) Each captive shall be managed by a Board of Directors.

1. HEIC shall be managed by a Board of Directors, constituted as follows: the Vice President for Health Affairs of UF, who shall serve as Chair; the Chair of the Board of Regents (or the Chair’s designee); the Vice Chancellor for Health Affairs; the Dean of the College of Medicine; the Senior Associate Dean and Assistant Vice President for Jacksonville Programs; the Associate Vice President for UF Health Science Center Affiliates; the General Counsel of UF; the Self-Insurance Program Administrator who shall serve as President and Chief Executive Officer; and such persons who from time to time may be appointed by the President of UF; and if Shands Teaching Hospital and Clinic, Inc. (Shands) is insured, the Chief Executive Officer and Executive Vice President of Shands and one appointee of the Chief Executive Officer and Executive Vice President; and if University Medical Center (UMC) is insured, the President and Chief Executive Officer of UMC and one appointee of the President and Chief Executive Officer of UMC. The number of Board of Directors shall be a minimum of nine (9), and the maximum shall be fifteen (15); the majority shall be individuals who are not M.D.s.

2. HSIC shall be managed by a Board of Directors, constituted as follows: the Vice President for Health Sciences of USF, who shall serve as Chair; the Chair of the Board of Regents (or the Chair’s designee); the Vice Chancellor for Health Affairs; the Dean of the College of Medicine (or his/her designee); the Executive Associate Vice President for Health Sciences USF; a financial officer of the Health Sciences Center as designated by the Vice President for Health Sciences; the General Counsel of USF; the Self-Insurance Program Administrator; who shall serve as President and Chief Executive Officer; and such persons who from time
to time may be appointed to the Board of Directors by the President of USF; and if the H. Lee Moffitt Cancer Center and Research Institute (Moffitt) is insured, the Center Director of Moffitt. The number of Board of Directors shall be a minimum of nine (9), and the maximum shall be fifteen (15); the majority shall be individuals who are not M.D.s.

(d) The Board of Directors of each captive shall carry out the purposes of the entity in compliance with its’ Articles of Incorporation and Bylaws. These management responsibilities shall include:

1. To issue policies of insurance protection which shall establish the perils and risks to be protected and the limits of liability protection in excess of those amounts described in Section 768.28, Florida Statutes, to be underwritten by the captive. Such limits of liability protection may supplant or be in excess of those liability protections provided by the Self-Insurance Program(s);
2. To act as the underwriting committee;
3. To contract with the Self-Insurance Program(s) for administrative, risk management, claims and other related services. The Self-Insurance Program(s) and the captive shall share equitably in the administrative costs of the self-insurance programs;
4. To annually assess and collect premiums from insured entities and individuals. All premium income shall be deposited in accounts approved by the Board and shall be managed pursuant to the captive’s administrative and investment policies;
5. To propose and submit an annual budget through the President to the Board;
6. To establish an investment policy which shall be approved by the Board, and to maintain an investment account which shall optimize income for the support of the captive;
7. To transfer any risks protected by the captive to commercial insurers through reinsurance, reciprocal or other risk sharing agreements with similar risk bearers;
8. To contract with an insurance management firm licensed in the selected domicile to serve as the registered office of the captive and to provide such services within the domicile as may be required by the insurance code or law of the selected domicile;
9. To accept the transfer of any contingent losses and loss reserves from the Self-Insurance Program(s) if requested by the Self-Insurance Council(s);
10. To contract with a casualty actuary, as defined by the insurance code or law of the domicile of the captive, to perform an annual review to recommend premium income levels to safeguard the fiscal integrity of the captive;
11. To provide for an annual audit of the captive’s financial accounts by independent auditors approved by the selected domicile and the Board. The annual audit report shall include a management letter and shall be submitted to the Board for review.

Specific Authority 240.209(1), (3)(r), 240.213(5) FS. Law Implemented 240.209(1), 240.213, 240.512(3), 240.513(3)(d), 240.5135, 395.0197, 768.28, 766.101, 766.106 FS. History–Formerly 6C-3.01, 9-17-71, Amended and Renumbered 12-17-74, Amended 5-24-77, 9-8-77, 1-11-79, 12-11-79, 8-11-85, Formerly 6C-10.01, Amended 1-6-88, 10-15-90, 5-30-93, 3-16-95, 11-27-95.

6C-10.004 Educational Research Centers for Child Development.

(1) Each university may establish an Educational Research Center for Child Development in accordance with the provisions of Section 240.531, Florida Statutes.

(2) Each center shall give highest priority to serving the children of students, followed by the children of both staff and faculty.

(3) Funds appropriated for the Educational and General activities of the State University System shall not be used to staff and operate centers. Operations may be financed either through the capital improvement trust fund fee, activity and service fee allocations, user charges, grants and donations, or any combination of these sources. The use of capital improvement trust fund fees and activity and service fees to subsidize the cost of providing services to the children of staff and faculty shall be minimized. Funds subject to bond commitment may be used only to the extent that current bond obligations and the terms of the trust indenture are met.

(4) University facilities constructed for the accomplishment of the university’s academic mission may be used for university research centers for child development provided that rent is charged, which may be minimal. Such centers will not generate a requirement for fixed capital outlay.

(5) The president shall be responsible for the operation and supervision of the educational research center for child development. The university shall promulgate rules for the operation of the educational research center for child development, including guidelines for the use and supervision of student interns, the receipt and monitoring of funds in accordance with the laws of the State of Florida and rules of the university and the Board, and participation by the student government association. It is recognized that an intent of this program is to provide research and training activities which are representative of a comprehensive scope of child development needs throughout the community. To this end, university rules shall include an admission process that provides for a student population of diverse race, ethnicity, socio-economic status, and mental and physical ability.

(6) Each university which establishes an educational research center for child development shall provide for a board of directors, in accordance with the law. The board of directors shall insure that the center is operated according to law and rules of the Board and the university.

(7) Each center is authorized to charge fees for child care and services. Fees should be set at the level required to support the cost of providing the service. Exceptions should be made for the children of students and may be made for low-income faculty and staff. These fees must be approved by the Board as required by law, and in accordance with subsection 6C-7.003(37), F.A.C.

Specific Authority 240.209(1), (3)(q), (4), 240.531(3), (4) FS. Law Implemented 240.209(1), 240.531 FS. History–Formerly 6C-2.79, Amended 10-7-74, Amended and Renumbered 12-17-74, Amended 2-18-80, 8-11-85, Formerly 6C-10.04, Amended 12-25-86, 11-29-94.
6C-10.009 Smoking in Public Buildings.
For the purpose of implementing Section 255.27, Florida Statutes, State policy concerning smoking in public buildings, and the enforcing guidelines set forth therein, the following persons are designated supervisors as contemplated by that law: the Chancellor for the offices of the Board and the presidents for buildings of the universities.

Specific Authority 240.209(1), (3)(m), 255.27 FS. Law Implemented 240.209(1), (3)(m), 255.27 FS. History–New 5-10-78, Amended 8-11-85, Formerly 6C-10.09.
CHAPTER 6C-11 COMMUNITY HOSPITAL EDUCATION PROGRAM

6C-11.001 Offices. (Repealed)
6C-11.002 The Council. (Repealed)

6C-11.018 Program Support. (Repealed)
6C-11.019 Special Development Support. (Repealed)

6C-11.011 Offices.
The Board’s Office of Health Affairs in Tallahassee will be responsible for the administration of the Community Hospital Education Program.

Specific Authority 240.209(1), (3)(o), 381.503 FS., Chapter 85-119, Laws of Florida, Item 585B. Law Implemented 240.209(1), (3)(o), 381.503(3) FS. History–New 6-2-87.

6C-11.012 The Council.
(1) The eleven member Council shall be appointed by the Governor, for terms of four years each, as provided by Section 381.0403(5)(a), Florida Statutes.

(2) The Council shall elect a Chairman from among its membership. Election shall be by majority vote of members present and shall take place at the first meeting of the Council following January 1 of each year. The term of the Chairman shall be for one year but the Chairman may succeed himself or herself. By affirmative vote of seven or more members of the Council, a new Chairman may be elected at any regular scheduled meeting.

(3) The Chairman shall:
(a) Appoint such committees of the Council as the Chairman shall deem necessary to carry out the program. The Chairman shall serve as an ex-officio voting member of all committees.
(b) Preside at all meetings of the Council or designate a member of the Council to preside in the absence of the Chairman.
(c) Act for, and on behalf of, the Council on emergency matters requiring immediate decision. Action taken by the Chairman under this provision shall then be presented for approval and ratification by the Council at the next meeting.

Specific Authority 240.209(1), (3)(q), 381.0403 FS. Law Implemented 381.0403(5) FS. History–New 6-2-87, Amended 3-29-89, 11-9-92.

6C-11.0125 Powers and Duties.
(1) The Council shall perform such duties as are designated by Section 381.0403, Florida Statutes. The principal responsibilities of the Council include, but are not limited to, approving internship/residency programs for participation in the Community Hospital Education Program, allocating appropriated funds among eligible programs on the basis of the number of eligible interns/residents, and conducting periodic reviews of programs to evaluate the effectiveness and standards of the educational endeavor.

(2) The Council shall annually establish priorities, goals and objectives for the program.

Specific Authority 240.209(1), (3)(q), 381.0403 FS. Law Implemented 381.0403(5) FS. History–New 11-9-92.

6C-11.013 The Staff Director.
(1) The Chancellor shall designate the Vice Chancellor of Health Affairs as the Staff Director of the Program.

(2) The Staff Director shall:
(a) Maintain liaison with each participating internship/residency program and its director and shall keep the Council advised of the status and plans of each program.
(b) Advise the Council, Board of Regents, and Legislature concerning physician manpower, graduate medical education and related issues.

(c) Administer the appropriated funds, including but not limited to, providing annual contracts and quarterly payments to participating programs.

(d) Prepare and recommend budget requests and program allocations for consideration by the Council and the Board.

(e) Maintain all records of the Council including the official minutes of each meeting.

Specific Authority 240.209(1), (3)(q), 381.0403 FS. Law Implemented 381.0403(5) FS. History–New 6-2-87, Amended 11-9-92.

6C-11.014 Meetings and Agenda.

(1) Regular meetings of the Council shall be held (at least quarterly) with additional meetings called by the Chairman as needed. The time and place of each meeting shall be announced in the Florida Administrative Weekly.

(2) The agenda for each meeting of the Council shall be prepared by the Staff Director in consultation with the Chairman and made available two (2) weeks prior to the meeting.

Specific Authority 240.209(1), (3)(q), 381.0403 FS. Law Implemented 381.0403(5) FS. History–New 6-2-87, Amended 11-9-92.

6C-11.015 Administration, Travel, and Consultants.

(1) Members of the Council, the Staff Director, and such others as the Council may designate as official participants in the program shall be reimbursed for travel expenses as provided by law for state employees pursuant to Section 112.061, Florida Statutes.

(2) Compensation and reimbursement for consultants utilized by the Council shall be consistent with state law and practices.

Specific Authority 240.209(1), (3)(q), 381.0403 FS. Law Implemented 381.0403(5) FS. History–New 6-2-87, Amended 11-9-92.
CHAPTER 6C-12 FLORIDA SOLAR ENERGY CENTER PROGRAM

6C-14.002 Definitions.
(1) “Professional Services” means those services within the scope of the practice of architecture, professional engineering, or registered land surveying as defined by the Laws of Florida or those performed by any architect, landscape architect, professional engineer or registered land surveyor in connection with professional employment or practice or other professional services that may be required.

(2) “Construction Management Services” means those services whereby the construction manager is selected pursuant to Rule 6C-14.0055, F.A.C., to provide consulting services during the design phase; and management and contractual responsibility for the total construction project under a negotiated fee and guaranteed maximum price construction contracting method. A fee is negotiated for profit, overhead and direct management costs. Trade contracts are awarded by the construction manager based on competitive bids received in response to invitations to bid issued by the construction manager. A guaranteed maximum price is provided by the construction manager, and the total price paid to the construction manager is either the fee plus the actual cost or the guaranteed maximum price, whichever is less.

(3) “Design-Build Services” means those services whereby one single legal entity selected pursuant to Rule 6C-14.0055, F.A.C., is responsible for design and construction services under one contract. Where such services are within the scope of practice of architecture, or professional engineering as defined by the laws of the State, they are to be performed by a registered architect or professional engineer, and where those services are within the scope of construction contracting as defined by the laws of the State for construction, they are to be performed by a certified or registered contractor as applicable according to Florida Statute.

(4) “Project” means that fixed capital outlay construction project, study or planning activity described in the Public Notice including:
(a) Individual facilities;
(b) Grouping of substantially similar facilities, rehabilitation and/or renovation activities; or
(c) Grouping of minor facilities, rehabilitation and/or renovation activities.

(5) “Construction budget” shall mean that amount which is announced after the deadline for the receipt of bids, but prior to the opening of bids.

(6) A “Campus Service Agreement” is a contract entered into in accordance with this Chapter between the university and a firm whereby the firm provides professional services for projects of a specified nature for a specific period of time under a continuing contract as defined in Section 287.055, Florida Statute.
(7) “Guaranteed Maximum Price” means the fixed amount in a negotiated contract within which the construction will be achieved. It includes both the fee and construction cost.

(8) “Minority Business Enterprise” (MBE) is any legal entity as defined in Section 288.703, Florida Statutes.

(9) “Chancellor” means the Chancellor of the State University System, or designee.

(10) “President” means the university president, or designee.

(11) “The University Facilities Office” means any office at a university with authority for design and construction administration.

Specific Authority 240.209(1), (3)(p), (q) FS. Law Implemented 240.209(1), (3)(p), (q), 255.29, 287.055, 288.703 FS. History–New 12-30-79, Amended 8-11-85, Formerly 6C-14.02, Amended 4-8-86, 1-24-89, 10-17-89, 1-13-99.

6C-14.0025 Action Required Prior to Capital Outlay Appropriation.

(1) No new construction or remodeling project exceeding $500,000 shall be requested by a university for inclusion on the priority list without being recommended in an educational plant survey as prescribed in Chapter 235, Florida Statutes.

(2) The university is responsible for the preparation of the building program and shall submit it to the Chancellor for approval. The program shall be consistent with the university academic and facilities master plan, and shall include the project budget and the building codes applicable to the project.

(3) The Chancellor shall have the responsibility for building program review and approval, modification, or disapproval, to assure compatibility with the institution’s approved mission statement, master plan, and with space utilization criteria described in Chapter 6A-2, F.A.C. Building programs and budgets approved by the Chancellor shall serve as the basic planning documents for development of plans and specifications for construction.

(4) Proposals for fixed capital outlay projects to be funded by Capital Improvement Fees or Building Fees shall be prepared by the university. Each proposed project shall be approved by the university president after consultation with the student government association. For the purpose of this rule, “consultation” is defined as an ongoing dialogue with the student body president prior to developing the university proposal. An attachment containing any objections and alternatives, and stating that both the university president and the student government association have reviewed the project proposals, shall be included in the proposal.

Specific Authority 240.209(1), (3)(p), (q), 240.295(3) FS. Law Implemented 216.182, 240.209(1), (3)(p), (q), 240.295(1), (3) FS. History–New 1-24-89, Amended 1-13-99.

6C-14.004 Public Announcement and Qualification Procedure.

(1) The university shall publish an announcement in the “Florida Administrative Weekly” published by the Department of State, Division of Elections, Tallahassee, Florida 32399, available by subscription, when the following services are required:

(a) Professional services for each project which exceeds the threshold amount provided in Section 287.017, Florida Statutes, for Category Five, which is not being designed by either the Campus Service Architect/Engineer or by university forces;

(b) Continuing professional services or construction management services under a Campus Service Agreement;

(c) Professional services for development of design criteria for design-build projects. (The firm selected to develop the design criteria package shall not be eligible to render services under the Design-Build Contract);

(d) Construction management services; or,

(e) Design-build services.

(2) The announcement shall provide a general description of the project(s) and the selection process.

6C-14.005 Certification and Competitive Selection of Architects/Engineers.

(1) A Certification and Selection Committee appointed by the president shall serve throughout the selection process for a Campus Service Architect/Engineer, or for any project exceeding the threshold amount provided in Section 287.017, Florida Statutes, for Category Five, which is being designed neither by the Campus Service Architect/Engineer nor by university staff. The Committee shall consist of at least three members and no more than five members and shall be comprised of the following:

(a) Three representatives of the University Facilities Office or physical plant office;

(b) Up to two additional members, based on the special needs of the project.

(2) For all selections, the Certification and Selection Committee shall determine the eligibility under Florida law of each firm to perform the services required for each project. Each firm determined to be eligible to provide the services for the project will be so certified by the Committee and shall be qualified for consideration as provided in this Chapter.

(3) The Certification and Selection Committee shall evaluate professional qualifications statements by all eligible professional firms applying. The Committee shall consider the experience of professional personnel; past performance; ability to meet time and budget requirements; minority business certification status; location; and recent, current and projected workloads of the firms. The Committee shall conduct discussions with, and may require public presentation by, no fewer than three firms, where possible, regarding their qualifications, approach to the project, and ability to furnish the required services. For projects having three or fewer applicants, the Committee shall conduct discussions with each applicant firm. The Committee shall also consider the volume of
work previously awarded to the firm by the State University System, with the object of effecting an equitable distribution of contracts among qualified firms, provided that such distribution does not violate the principle of selection of the most highly qualified firms. The Committee shall rank the firms in the order of those most highly qualified to perform the required service, and where possible, shall recommend to the president for approval no less than three firms in the Committee’s order of ranking. The university shall notify all interviewed firms of the approved selection.

(4) After approval by the president, the president shall negotiate a contract.

Specific Authority 240.209(1), (3)(p), (q), 287.055(3)(d) FS. Law Implemented 240.205(6), 240.209(1), (3)(p), (q), 287.055 FS. History–New 12-30-79, Formerly 6C-14.05, Amended 7-22-87, 1-24-89, 5-17-95, 1-13-99.

6C-14.0055 Certification and Competitive Selection for Construction Management Services and Design-Build Services.

(1) The president may waive the requirements of Rule 6C-14.007, F.A.C., and permit negotiation of a contract for construction management services, or the president may waive the requirements of Rules 6C-14.005 and 6C-14.021, F.A.C., and permit negotiation of a contract for design-build services in accordance with Rule 6C-14.007, F.A.C., in cases determined to be in the best interest of the State.

(2) In determining when it is in the best interest of the State to use construction management, the president shall consider:

(a) Whether the size of the project is sufficiently large and/or complex to require major emphasis on the qualification of the contractor to have specific expertise in performing highly specialized cost estimating, value engineering, and scheduling during the design process with continuity of construction management through both the design and construction phases;

(b) Whether the initial construction funding is appropriated and construction is begun with the expectation of substantial appropriations in subsequent years, thereby making it advantageous to retain a single contractor for the duration of the project;

(c) Whether the project is an alteration of an occupied facility which requires working around or relocating occupants while keeping the facility fully operational; or,

(d) Whether the project is a repair or renovation where the conditions requiring correction cannot be determined and specified without extensive contractor involvement in the removal and examination process during the design phase;

(e) Whether the timely completion of the project is critical to the university’s ability to repay debt service or to meet grant obligations.

(3) In determining when it is in the best interest of the State to use the design-build process, the president shall consider:

(a) Whether the need for the facility is significant enough to require a substantial reduction of normal delivery time, requiring an overlap of design and construction phases;

(b) Whether the design and construction of the facility requires minimal interface with the users; or

(c) Whether the project is performance-based and requires the development of a plan for life cycle cost savings and a design solution which will accomplish the savings.

(4) A Certification and Selection Committee appointed by the president shall serve throughout the selection process. The Committee shall consist of at least three members and no more than five members and shall be comprised of the following:

(a) Three representatives of the University Facilities Office or physical plant office;

(b) Up to two additional members based on the special needs of the project.

(5) The project architect/engineer or the Design Criteria Consultant may attend the selection meetings in an advisory capacity, at the Committee’s discretion.

(6) The Certification and Selection Committee shall determine the eligibility under Florida law of each applicant to perform the services required for the project. Each applicant determined to be eligible to provide the services for the project will be so certified by the Committee and shall be qualified for consideration as provided in this Rule. The Certification and Selection Committee shall evaluate the qualifications of all responsive applicants.

(7) For construction management projects, the Committee shall conduct discussions with, and may require public presentation by, no fewer than three applicants regarding their qualifications, approach to the project, and ability to furnish the required services. For a project having three or fewer applicants, the Committee shall conduct discussions with each applicant. The Committee shall rate each applicant on the basis of the point scale identified, and where possible, shall recommend to the president for approval no less than three applicants in the Committee’s order of ranking.

(8) Design-build entities shall be selected either on the basis of qualifications or on the basis of formal design-build proposals.

(a) For qualifications-based selections, the Committee shall consider the criteria outlined in Rule 6C-14.005, F.A.C., for selection of architect/engineers, and in Rule 6C-14.0055, F.A.C., for selection of construction managers, and shall follow the selection process described for construction managers.

(b) For proposal-based selections, the Committee shall request formal design-build proposals and conduct interviews with no fewer than three and no more than six applicants. For a project having three or fewer applicants, the Committee shall request formal design-build proposals from each applicant. Applicants may be instructed to submit their design-build proposals in such a way as to maintain their anonymity. The design-build proposals shall be reviewed by the Design Criteria Consultant, who shall provide the Committee with an evaluation of code, structure, engineered systems, life-cycle cost implications, and compliance with design criteria.
The Committee shall review all design-build proposals and interview each submitting applicant. The Committee shall rate each applicant on the basis of the point scale identified.

(c) Under either selection process, the Committee shall recommend three applicants, where possible, in priority order to the president.

(9) For construction management projects, the president shall notify each applicant interviewed according to subsection 6C-14.0055(7), F.A.C., of the president’s action. For design-build projects, the president shall notify each interviewed applicant of the president’s action. Any protest shall be filed in accordance with Chapter 120, Florida Statutes.

(10) After approval by the president, the president shall negotiate a contract in accordance with Rule 6C-14.007, F.A.C.

6C-14.007 Competitive Negotiation.

(1) The president shall negotiate a contract with the approved firm in the following manner:

(a) For professional services, the contract shall be negotiated using the State University System approved fee schedule for individual projects or maximum hourly rates for Campus Service Agreements and design criteria agreements. The fee schedule to be used shall be negotiated based on the level of complexity and the scope of the services required, and shall be based on historic fee data. The basic fee schedule shall relate the fees to the complexity and size of the project and provide a basis for negotiation of a fair, competitive and reasonable fee for the services to be provided.

(b) For construction management services and for design-build services selected based on qualifications, the contract shall be negotiated to provide for preconstruction fees based on hourly rates, and construction related services to include profit, overhead, direct management costs, and establishing a guaranteed maximum price.

(c) For design-build services selected based on a design-build proposal, the contract shall be negotiated based on the design-build proposal, to provide for a guaranteed maximum price for all professional services and construction costs which shall include reimbursable costs plus fees for design, project management, overhead and profit.

(2) Should the president be unable to negotiate a satisfactory contract with the firm considered to be the most qualified at a price the president determines to be fair, competitive and reasonable, the president shall terminate negotiations with that firm. The president shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the president shall terminate negotiations with that firm and shall then undertake negotiations with the third most qualified firm.

(3) Should the president be unable to negotiate a satisfactory contract with any of the selected firms, additional firms may be selected in accordance with Rule 6C-14.005, F.A.C., or negotiations may be reinstated following the original order of priority. Negotiations may, in the president’s sole discretion, continue in accordance with this Chapter until an agreement is reached.

6C-14.018 Contracting Authority for Construction Contracts.

(1) Each construction project shall be issued for receipt of bids and awarded as provided under Rule 6C-14.021(5), F.A.C. Where bids are within the budget, the president may sign the construction contract in behalf of the Board.

(2) Where bids exceed the established project budget, all bids may be rejected and the project may be bid again. If a contract may be awarded by using contingency funds from the project budget, or by increasing the total project budget, the president may, if determined to be in the best interest of the State, award the contract, subject to budget amendment.

6C-14.020 University Supervision of Construction Program.

(1) The university shall be responsible for the administration of all projects.

(2) The University Facilities Office is responsible for liaison with the project architect/engineer for the duration of the project. The president shall review all plans for program compliance and ensure that any deviations from the approved building program are corrected. Where deviations from the approved program are desired in the planning process, the president shall be responsible for preparing and obtaining approval of the amendment to the building program before further development of the plans. During the design and construction of a project, the university is the enforcing agency for the requirements of codes and statutes.

(3) The president shall provide the necessary liaison in the preparation of all change orders and shall approve or disapprove change order proposals not affecting the approved program of the project in accordance with guidelines developed by the Chancellor. Where change orders cause the authorized budget to be exceeded, the change order shall be subject to prior budget amendment. Where change orders are outside the scope of the approved program, the change order shall be subject to prior program approval by the Chancellor.

(4) The president shall ascertain that all projects comply with all applicable codes and standards. Prior to the president placing an advertisement for bids, the president shall submit completed construction documents to the State Fire Marshal’s Office for review and approval.
(5) For the use of the Certification and Selection Committee in evaluation of past performance, each architectural or engineering firm under contract shall be evaluated no less than annually while under contract. When completed, a copy of the rating shall be distributed to the rated firm with instructions regarding the appeal process. Any rating may be appealed within 30 days of the rating date by the rated firm. In the event of appeal, the rating shall be reviewed in the manner set forth in subsections 6C-14.022(2) and (4), F.A.C., of these rules, for appeals of disqualification of contractors.

6C-14.021 Procedures for Construction Contract Bidding and Award.

(1) The president shall be responsible for the advertisement of all projects in accordance with Section 255.0525, Florida Statutes. All announcements will include information necessary for firms to submit a bid proposal on the project.

(2) In order to be eligible to submit a bid proposal, a firm must, at the time of receipt of bids:

(a) Hold the required applicable state contractor license in good standing where the project falls within the provisions of Chapter 489, Florida Statutes;

(b) Hold a current and active Florida corporate charter in accordance with Chapter 607, Florida Statutes, if the bidder is a corporation. If the bidder is an out-of-state corporation, it must hold a current and active foreign qualification authorization to do business in the State of Florida;

(c) Not be disqualified at the time of bid submittal through disqualification procedures described in Rule 6C-14.022, F.A.C.;

(d) Meet any special prequalification requirements set forth in the bid documents; and

(e) Not have been convicted of a public entity crime within 36 months prior to the date for receipt of bids.

(3) The lowest responsible and responsive bidder, as determined by the university, must submit the following items within seven calendar days following the bid opening date:

(a) Proof of compliance with subsection 6C-14.021(2), F.A.C.;

(b) Proof of insurance in effect which equals or exceeds the limits required by the project specifications;

(c) A Letter of Intent from a surety company which meets the standards set forth in the project specifications and is authorized to do business in the State of Florida; and

(d) Proof of compliance with any special requirements which are set forth in the bid documents, and which were not required to be submitted with the bid proposal.

(4) Any items so required by the project specifications shall be submitted with the bid proposal.

(5) Projects will be publicly bid in accordance with the provisions in the bid documents. Except for informalities which may be waived by the president a bid which is incomplete or not in conformance with the requirements of the bid documents shall be determined to be non-responsive and shall be rejected. Award of contract will be made to the firm determined to be responsible and qualified in accordance with the bid documents which submits the lowest priced proposal for the work except that if it is in the best interest of the State, any bids may be rejected, or all bids may be rejected and the project may be bid again.

(6) The president may waive the requirements of Rule 6C-14.021, F.A.C. and permit negotiation of the construction contract with a qualified firm in documented cases of valid public emergencies.

(7) When determined to be in the best interest of the State and reduction in the price of the lowest responsible and responsive bidder is necessary to provide for an award of a construction contract within the construction budget, the president may negotiate the construction contract or modification of the contract, including the specifications, with that bidder. Negotiations may be terminated and all bids may be rejected at any point in the negotiation process. The award of a negotiated contract will be made by the president.

Specific Authority 240.209(1), (3)(p), (r) FS. Law Implemented 240.205(6), 240.209(1), (3)(p), 255.29 FS. History–New 12-30-79, Amended 5-25-81, 8-11-85, Formerly 6C-14.21, Amended 4-8-86, 1-24-89, 4-10-90, 6-5-96, 1-13-99.

6C-14.022 Disqualification Procedures.

(1) The president will review the performance of each construction firm under contract. The president will record poor or inadequate performances, deficient management resulting in project delay, poor quality workmanship, and non-fulfillment of contractors MBE plan. The president will review all circumstances surrounding instances of poor performance and the quality of workmanship and may initiate disqualification proceedings for any firm determined to be deficient.

(2) The president shall notify the firm under review and give it an opportunity to submit written evidence. As deemed appropriate, the president may convene a disqualification committee. If the president finds probable cause to warrant disqualification, the president shall so notify the contractor in accordance with Chapter 120, Florida Statutes. The notification shall set forth specifically the grounds for disqualification and the contractor’s right to request a hearing in accordance with Chapter 120, Florida Statutes. The firm may, within fourteen (14) days of receipt of notification of disqualification, file a written request for hearing. If such a request is not timely filed, the president will make a final ruling on the matter in its original form. If a request for hearing is made, the matter will be handled in accordance with Chapter 120, Florida Statutes.

Specific Authority 240.209(1), (3)(p), (q) FS. Law Implemented 120.57, 120.60, 240.209(1), (3)(p), (q), 287.094 FS. History–New 5-25-81, Amended 8-11-85, Formerly 6C-14.22, Amended 4-8-86, 1-24-89, 1-13-99.
6C-14.023 Notice and Protest Procedures.

(1) Notification.

(a) Bid Solicitation – The university shall provide notice of any information relating to a bid solicitation by advertising for bids or by distribution of bidding documents.

(b) Contract Award – The notice of a decision on contract award or bid rejection shall be given by certified United States mail, return receipt requested, to each bidder.

(2) Protest.

(a) Any qualified bidder who is adversely affected by the university’s decision may file a written notice of protest within 72 hours after receipt of the notice. The protesting firm must reduce its complaint to written petition and file it with the president within ten (10) days from registration of the original complaint. If the bid documents require the posting of a bond with the protest as provided by Section 255.0516, Florida Statutes, the bond shall be included with the protest.

(b) Failure to file a notice of protest or the written petition shall constitute a waiver of the right to protest proceedings.

(3) Upon receipt of the formal written petition filed in accordance with paragraph 6C-14.023(2)(a), F.A.C., the president shall delay the execution of the contract until the protest is resolved by mutual agreement between the parties or by final presidential action, unless the president shall make a finding and declares that such delay would cause serious danger to the public health, safety or welfare.

(4) Petitions involving disputed issues of material fact shall be referred for hearing in accordance with Section 120.57(1), Florida Statutes, except that in instances where the firm filing the protest waives its right to a formal hearing and requests an informal hearing pursuant to Section 120.57(2), Florida Statutes, such a request may be granted. For those cases having no disputes of material fact, the president may designate a hearing officer to conduct a hearing pursuant to Section 120.57(2), Florida Statutes. At the conclusion of the informal hearing, the hearing officer shall submit a written recommended order to the president. The president shall then issue a preliminary order for final action and notify the firm of such order. The preliminary order of the president shall be final, unless the firm under consideration takes exception to such order; in which event, it may file with the president such exceptions within twenty-one (21) days receipt of notice of the preliminary order. At the end of the period for filing exceptions, the president will review the preliminary order and any exceptions that have been filed, and will render the final order. The decision of the president is final.

CHAPTER 6C-15 PROCEDURES FOR ADMINISTRATION OF DELEGATED AUTHORITY FOR SURPLUS PROPERTY PROGRAM

6C-15.001 Purpose. (Repealed)
6C-15.0015 Applicability. (Repealed)
6C-15.002 Definitions. (Repealed)
6C-15.003 Reporting Requirements for Surplus, State-owned, Tangible Personal Property. (Repealed)
6C-15.004 Certification. (Repealed)
6C-15.005 Buildings and Structures. (Repealed)
6C-15.006 Items to Be Reported. (Repealed)
6C-15.007 Procedures for Disposal of Surplus Property. (Repealed)
6C-15.008 Availability of Surplus State Property. (Repealed)
6C-15.009 Surplus Property with an Estimated Value of $5,000 or More. (Repealed)
6C-15.010 Authority for Disposal. (Repealed)
6C-15.011 Exchange Property. (Repealed)
6C-15.012 Non-state Funded Property. (Repealed)
6C-15.013 Disposition of Monies. (Repealed)
CHAPTER 6C-16 PROCEDURES FOR ADMINISTRATION OF DELEGATED AUTHORITY FOR MOTOR POOL

6C-16.001 Purpose. (Repealed)
6C-16.002 Approval.
6C-16.003 Acquisition. (Repealed)
6C-16.004 Assignment and Use. (Repealed)
6C-16.005 Maintenance.
6C-16.006 Aircraft.

6C-16.002 Approval.
Motor vehicles or watercraft may not be acquired by lease, lease purchase, purchase or transfer from another agency without the written authorization of the Chancellor or the Chancellor's designee. This rule shall not apply to the temporary lease for less than 30 days of a motor vehicle for the conduct of normal Board or State University System business.

Specific Authority 240.209(1), (3)(m), 240.225 FS. Law Implemented 240.205(6), 240.209(1), (3)(m), 240.225, 287, Part II FS. History–New 12-30-79, Amended 8-11-85, Formerly 6C-16.02.

6C-16.005 Maintenance.
(1) A contract or contracts with the Department of General Services or with a private business or non-government entity may be established to maintain and repair motor vehicles and watercraft.

(2) Emergency repairs of a motor vehicle or watercraft may be done in a cost-effective manner when operating away from the normal service facilities.

Specific Authority 240.209(1), (3)(m), 240.225 FS. Law Implemented 240.205(6), 240.209(1), (3)(m), 240.225, 287.16 FS. History–New 12-30-79, Amended 8-11-85, Formerly 6C-16.05.

6C-16.006 Aircraft.
Aircraft for the conduct of Board or State University System business may only be acquired with the specific approval of the Board.

Specific Authority 240.209(1), (3)(m), 240.225 FS. Law Implemented 240.205(6), 240.209(1), (3)(m), 240.225, 287, Part II FS. History–New 12-30-79, Amended 8-11-85, Formerly 6C-16.06.
CHAPTER 6C-17 PROCEDURES FOR ADMINISTRATION OF DELEGATED AUTHORITY FOR LEASING PROGRAM

6C-17.001 Purpose. (Repealed)
6C-17.002 Definitions. (Repealed)
6C-17.003 Approval.
6C-17.004 Standard Lease Agreement Form.
6C-17.005 Escalation Clauses Prohibited. (Repealed)
6C-17.006 Right-to-Terminate Clause Required. (Repealed)
6C-17.007 Renewal of Leases. (Transferred to 6C-17.004)
6C-17.008 Fire Code Compliance in Leased Space. (Repealed)
6C-17.009 Leases of 3,000 Square Feet or More.
6C-17.010 Legal Review.
6C-17.011 Certification of Compliance for Leases of Less Than 3,000 Square Feet.
6C-17.012 Space Measurement.
6C-17.013 Space Allocation.
6C-17.014 Rental Rates.
6C-17.015 Exception to Competitive Bidding. (Repealed)
6C-17.016 Nominal or No Consideration Leases.
6C-17.017 Special Facilities for the Physically Disabled - Leased Space.

6C-17.003 Approval.
The Chancellor or Chancellor’s designee shall approve the need to lease space before a building or any part of a building is leased. Prior approval is not required for leases of less than 120 consecutive days and those for nominal or no consideration.

Specific Authority 240.209(1), (3)(p), (r) FS. Law Implemented 240.205(6), 240.209(1), (3)(p), 255.25 FS. History–New 12-30-79, Amended 8-11-85, Formerly 6C-17.03, Amended 6-5-96.

6C-17.004 Standard Lease Agreement Form.
(1) The Board of Regents Standard Lease Agreement form (incorporated herein by reference) shall be used to execute a lease for any space.
(2) A lease may contain an option to renew.

Specific Authority 240.209(1), (3)(p), (r), 255 FS. Law Implemented 240.205(6), 240.209(1), (3)(p), 255.249(3) FS. History–New 12-30-79, Amended 8-11-85, Formerly 6C-17.04, Amended 6-5-96.

6C-17.009 Leases of 3,000 Square Feet or More.
(1) The Board Office shall not enter into a lease for 3,000 square feet or more of space in a privately owned building, within any 12 month period, except upon advertisement for and receipt of competitive bids. The award shall be made to the lowest responsive bidder meeting specifications and shall include the terms and conditions of the bid as submitted.
(a) Exceptions to Competitive Bid Requirements:
1. Competitive bids shall not be required for renewal of leases.
2. Competitive bids shall not be required for any lease having a term of less than 120 consecutive days which is for the purpose of securing a one-time special use of the leased property.
3. Competitive bids shall not be required for any lease which is for nominal or no consideration.
4. Competitive bids shall not be required to extend an existing lease of 3,000 square feet or more space, if the extension is determined to be in the best interest of the State and the total of the extension does not exceed 11 months.
(2) Negotiations following a bid shall not include the authority to alter or amend its provisions.
(3) The Board Office shall not enter into a lease agreement for space of 3,000 square feet or more in a privately owned building when suitable space is available in a state-owned building or publicly owned building located in the same geographic region unless the Chancellor or the Chancellor’s designee determines that the space is required in order to fulfill the Board’s statutory duties.
(4) Public Notice
(a) The Board Office shall give public notice of its need for space in excess of 3,000 square feet.
(b) Public notice shall include, at least, the following:
1. Approximate square footage;
2. General location;
3. Availability date;
4. Board Office contact person and address for specifications; and
5. Public opening date.
(5) Specifications
(a) Specifications shall be written in general terms. They shall not be written to benefit any specific location or lessor.

(b) Specifications shall include, at least, the following:
1. Approximate square footage measured in accordance with the State University System Standard Method of Space Measurement;
2. An approximate floor plan, outlining special and other physical requirements;
3. General location;
4. Availability date;
5. Terms and conditions of lease agreement; and
6. Services required.

(c) Specifications shall require the prospective lessor to:
1. Contract using the Board Office Standard Lease Agreement form;
2. Provide a scaled floor plan of available rental space;
3. Comply with Chapter 60D-1, Florida Administrative Code, Standards for Special Facilities for Physically Disabled;
4. Be an Equal Opportunity Employer;
5. Provide Full Disclosure Statements of Ownership;
6. Guarantee the bid proposal for a minimum of thirty (30) days following the public opening date; and
7. Propose a rental rate per square foot per year, including renovation and other special requirements, at the time of initial occupancy.

(6) Proposals
(a) The prospective lessor’s bids or proposals may exceed the published specifications.

(b) Each bid on a proposal shall be signed by the owner(s), corporate officers, or legal representative(s). The corporate, trade, or partnership name must be either stamped, handwritten or typewritten beside the actual signature(s). If the bid on a proposal is signed by an agent, written evidence of his authority must accompany the proposal. If a corporation foreign to the State of Florida is the owner, evidence of authority to conduct business in Florida shall be presented.

(7) Evaluation
The Board Office shall evaluate all bids and proposals, on the basis of published criteria. The Board Office shall reserve the right to accept or reject any or all bids or proposals and shall give notice of results.

(8) Ownership Disclosure Statements
(a) The Board Office shall require a full disclosure statement from the prospective lessor in accordance with the provisions of Section 255.249(2)(b) and (i), Florida Statutes.

(b) Each transaction pertaining to a lease for which a Disclosure Statement has been provided, may be accompanied by a lessor’s affidavit that the previous Disclosure Statement is still valid.

Specific Authority 240.209(1), (3)(p), (r) FS. Law Implemented 240.205(6), 240.209(1), (3)(p), 255.249(2)(b), (h), (i), 255.25(3) FS. History—New 12-30-79, Amended 8-11-85, Formerly 6C-17.09, Amended 6-5-96.

6C-17.010 Legal Review.
The Board’s General Counsel shall review all leases.

Specific Authority 240.209(1), (3)(p), (r) FS. Law Implemented 240.205(6), 240.209(1), (3)(p) FS. History — New 12-30-79, Amended 8-11-85, Formerly 6C-17.10, Repromulgated 6-5-96.

6C-17.011 Certification of Compliance for Leases of Less Than 3,000 Square Feet.
The Chancellor shall certify that any lease of space for less than 3,000 square feet is in compliance with all leasing criteria provided by Chapter 255, Florida Statutes.

Specific Authority 240.209(1), (3)(p), (r), 240.225 FS. Law Implemented 240.205(6), 240.209(1), (3)(p) FS. History — New 12-30-79, Amended 8-11-85, Formerly 6C-17.11, Amended 6-5-96.

6C-17.012 Space Measurement.
The measurement of space shall be based on the method of measurement used by the State University System for gross square feet as described in the Physical Facilities Space File, 1996/97. A copy of this document is incorporated in this rule by reference.

Specific Authority 240.209(1), (3)(p), (r), 240.225 FS. Law Implemented 240.205(6), 240.209(1), (3)(p), 255.249(2)(c) FS. History—New 12-30-79, Amended 5-19-80, 8-11-85, Formerly 6C-17.12, Amended 6-5-96.

6C-17.013 Space Allocation.
The allocation of space shall be consistent with generated need based on the State University System of Florida Fixed Capital Outlay Space Needs Generation Formula, May, 1995, and shall be in accordance with Chapter 6A-2, Florida Administrative Code. A copy of this document is incorporated in this rule by reference.
6C-17.014 Rental Rates.
The Board Office shall use the state established rates for leased space, unless special circumstances dictate otherwise.

6C-17.016 Nominal or No Consideration Leases.
Leases for nominal or no consideration shall be reported to the Chancellor annually.

6C-17.017 Special Facilities for the Physically Disabled - Leased Space.
(1) Compliance with Standards. The Board Office shall insure that any space it leases complies with the standards of the Department of Management Services as found in Chapter 553, part V, Florida Statutes.
(2) Standards Waived or Modified. The Chancellor shall establish a committee to determine whether to seek modifications or a waiver of the standards as found in Chapter 553, part V, Florida Statutes.

6C-18.055 Bonds.
6C-18.060 Contracts.
6C-18.065 Standard of Conduct.
6C-18.070 Purchase of Motor Vehicles.

6C-18.030 Statement of Intent.
It is the intent of the State University System to acquire quality goods and services within reasonable or required time frames, while promoting fair and open competition in the public procurement process. The process will reduce the appearance and opportunity for favoritism, ensure that contracts are awarded equitably and economically, and establish effective management oversight in the acquisition of commodities and contractual services, in order to preserve the integrity of public purchasing and contracting. The opportunity to bid on State University System contracts is a privilege, not a right.

6C-18.035 Definitions.
(1) Artistic Services – Services provided by an individual or group of individuals who profess and practice a skill in the area of music, dance, drama, folk art, creative writing, painting, sculpture, photography, graphic arts, craft arts, industrial design, costume design, fashion design, motion pictures, television, radio or tape and sound recording or in any other related field.
(2) Chancellor – The chief administrative officer of the Board of Regents.
(3) Commodity – Any of the various supplies, materials, goods, merchandise, food, equipment or other personal property, including a mobile home, trailer or other portable structure, which are purchased, leased, lease-purchased or otherwise contracted for by the Institution. “Commodity” also includes interest on deferred-payment contracts entered into by the Institution for the purchase of other commodities. Printing of publications shall be considered a commodity when let upon contract in accordance with Section 283.33, F.S.

(4) Competitive Bid/Proposal – The response submitted to an Invitation to Bid or a Request for Proposal by responsive and qualified bidders or offerors.

(5) Competitive Negotiation – The establishment of a contract through deliberation, discussion or conference on the specifications, terms and conditions of a proposed agreement.

(6) Competitive Solicitation – An Invitation to Bid, Request for Proposal or Invitation to Negotiate to competitively select a contractor.

(7) Contractor/Vendor – A person or firm who contracts to sell commodities or contractual services to Institutions.

(8) Contractual Service – The rendering by a contractor of its time and effort rather than the furnishing of specific commodities. The term applies only to those services rendered by individuals and firms who are independent contractors. “Contractual service” does not include labor or materials for the construction, renovation, repair or demolition of facilities entered into pursuant to Chapter 255, F.S.

(9) Extension – An increase in the time allowed for the contract period due to circumstances for which neither party is at fault.

(10) Independent Contractor – A person or firm who provides a service to an Institution, but does not have any employment or other relationship or connection with that Institution, except as provided in s. 112.313, F.S.

(11) Institution – A term used to refer to the individual units defined in Section 240.2011, F.S., as the Board of Regents or the individual universities named therein. Each institution is individually granted all rights, privileges and authority established under this rule.

(12) Invitation to Bid – A written solicitation for competitive bids with the title, date, and hour of the public bid opening designated and the commodity, group of commodities or services defined, for which bids are sought.

(13) Invitation to Negotiate – An invitation extended to prospective contractors by an Institution, whether by advertisement, written solicitation, electronic media or any other form of communication, to define the specifications, terms and conditions of a contract for commodities or contractual services. Cost may or may not be a consideration in the initial stages of negotiating.

(14) Minority Business Enterprise – A business concern as defined in s. 288.703(2), F.S.

(15) President – The chief administrative officer of a university, responsible for the operation and administration of the university.

(16) Public Entity Crime – A violation of any state or federal law by a person in the transaction of business with any public entity of any state or with the United States government involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.

(17) Purchase – An acquisition of commodities or services obtained by contract, whether by rent, lease, installment- or lease-purchase or outright purchase.

(18) Purchases for Resale – The purchase of commodities or contractual services acquired for the purpose of selling them for the benefit of the Institution.

(19) Renewal – Contracting with the same contractor for an additional period of time after the initial contract term, provided the original terms of the agreement specify an option to renew.

(20) Request for Proposal – A written solicitation for competitive proposals for commodities or contractual services with the title date, and hour of the public opening designated. The request for proposal may be used when the scope of work is not clearly defined.

(21) Responsive and Qualified Bidder or Offeror – A contractor/vendor who has submitted a bid or proposal that conforms in all material respects to a competitive solicitation.

(22) Term Contract – An indefinite quantity contract for the purchase of commodities or contractual services during a prescribed period of time.

6C-18.040 Purchasing Authority of the Institutions.
The Chancellor and each university president shall establish a system of coordinated, uniform procurement policies, procedures, and practices to be used in acquiring commodities and contractual services, as follows:

(1) Developing purchasing procedures in furtherance of this rule. The purchasing procedures may be developed and published as Institutional administrative procedures or rules consistent with Chapter 120, F.S.

(2) Canvassing sources of supply and contracting for the purchase or lease of all commodities and contractual services for the Institution, in any manner, including purchase by installment- or lease-purchase contracts. Installment- or lease-purchase contracts may provide for the payment of interest on unpaid portions of the purchase price.
(3) Removing any contractor from the Institution’s competitive vendor list that fails to fulfill any of its duties specified in a contract with the Institution(s) and to reinstate any such contractor when satisfied that further instances of default will not occur.

(4) Planning and coordinating purchases in volume and negotiating and executing agreements and contracts for commodities and contractual services under which the Institution may make purchases.

(5) Developing an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities/services that are frequently purchased and are available from a single source.

(6) Evaluating and approving contracts let by the Federal Government, other states, political subdivisions, or any independent college or university for the procurement of commodities and contractual services, when it is determined to be cost-effective and in the best interest of the Institution, to make purchases under contracts let by such other entities.

(7) Electing as an alternative to any provision in s. 120.57(3)(c), F.S., to proceed with a bid solicitation or contract award process when it is set forth, in writing, that the particular facts and circumstances which demonstrate that the delay due to staying the solicitation or contract award process would be detrimental to the interests of the Institution. After the award of contract resulting from a competitive solicitation in which a timely protest was received and in which the Institution did not prevail, the contract may be canceled and rewarded to the prevailing party.

(8) Awarding contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the Institution. Such awards may be on an Institutional, regional or State University System-wide basis and the contracts may be for multiple years.

(9) Rejecting or canceling any or all competitive solicitations when determined to be in the best interest of the Institution.

(10) Delegating any and all of the above authority, powers and duties to the appropriate employee within the Institution.

**Specific Authority** 240.209(1), (3)(r) FS. Law Implemented 120, 240.205(6), 240.227(12) FS. History–New 1-13-99.

### 6C-18.045 Competitive Solicitations Required.

(1) All contracts for the purchase of commodities or contractual services exceeding $25,000 shall be awarded pursuant to a competitive solicitation, unless otherwise authorized by Rule 6C-18.050, F.A.C.

(2) When only one response is received to a competitive solicitation for commodities or contractual services exceeding $25,000, the Institution may review the solicitation responses to determine if a second call for a competitive solicitation is in the best interest of the Institution. If it is determined that a second call would not serve a useful purpose, the Institution may proceed with the acquisition.

(3) When multiple responses that are equal in all respects are received to a competitive solicitation, the Institution may give preference to responses that include minority business enterprise participation, commodities manufactured in the state, Florida businesses, businesses with a drug-free workplace program, or foreign manufacturers located in the state, to determine the contract award.

(4) The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.

**Specific Authority** 240.209(1), (3)(r) FS. Law Implemented 240.205(6), 240.227(12) FS. History–New 1-13-99.

### 6C-18.050 Purchase of Commodities or Contractual Services.

(1) Purchase of Products with Recycled Content. Each Institution may establish a program to encourage the purchase and use of products and materials with recycled content and postconsumer recovered material.

(2) Purchase of Private Attorney Services. Written approval from the Attorney General is not required for private attorney services acquired by the Institution.

(3) Purchase of Insurance. Each Institution shall have the authority to purchase insurance as deemed necessary and appropriate for the operation and educational mission of the Institution. Examples of insurance coverages that may be acquired by the Institution include:

   - Physical damage on vehicles and boats;
   - Inland marine on property owned, leased, or loaned to or by the Institution;
   - Building and property damage;
   - Equipment losses due to theft;
   - Equipment subject to transportation;
   - Loss of rental income;
   - Commercial general liability insurance for scientific equipment;
   - Excess general liability coverage;
   - Camps insurance.

   All insurance purchased for property damage shall have a minimum of a $1,000 deductible.

(4) Purchase of Printing. Printing shall be purchased in accordance with Chapter 283, F.S.

(5) Purchases from Minority Business Enterprises.
(a) Each Institution shall establish procedures to encourage and promote the use of minority business enterprises. The procedures may include: developing an outreach program to increase minority business enterprise participation in contracting; reserving contracts for competitive solicitation only among minority business enterprises; establishing monetary goals based on prior year expenditures by percentages, percentage ranges, geographic location, the university’s mission, or any other reasonable method; developing an annual utilization plan; developing a system to record statistical data on monetary transactions with state-certified and non-state certified minority business enterprises; reporting statistical data on expenditures with certified minority business enterprises to the Governor and Cabinet, the President of the Senate, and the Speaker of the House of Representatives on or before February 1 of each year. The development of a minority business enterprise program shall be based on the recommendations in the most recent disparity study.

(b) Certification of minority business enterprises may be by state or local governmental entities. For those minority business enterprises certified by local governmental entities, the Institutions will be responsible for reviewing the certification process for assurance of minority status.

(6) Purchases from Contractors Convicted of Public Entity Crimes. An Institution shall not accept a competitive solicitation from or purchase commodities or contractual services from a person or affiliate who has been convicted of a public entity crime and has been placed on the State of Florida’s convicted vendor list for a period of 36 months from the date of being added to the convicted vendor list.

(7) Purchasing actions that are not subject to the competitive solicitation process include:

(a) Emergency Purchases. When the Chancellor, a president or his/her designee determines, in writing, that the delay due to the competitive solicitation process is an immediate danger to the public health or safety or the welfare of the Institution, the Institution may proceed with the procurement of commodities or contractual services without a competitive solicitation.

(b) Sole Source Purchases. Commodities or contractual services available from a single source may be exempted from the competitive solicitation process.

(c) Purchases from Contracts and Negotiated Annual Price Agreements established by the State of Florida, other governmental entities, other Institutions in the State University System, or other independent colleges and universities are not subject to further competitive solicitation.

(8) Commodities and contractual services that are not subject to the competitive solicitation process include:

(a) Artistic services;
(b) Academic reviews;
(c) Lectures;
(d) Auditing services;
(e) Legal services, including attorney, paralegal, expert witness, appraisal, arbitrator or mediator services;
(f) Health services involving examination, diagnosis, treatment, prevention, medical consultation or administration. Prescriptive assistive devices for medical, developmental or vocational rehabilitation including, but not limited to prosthetics, orthotics, and wheelchairs, provided the devices are purchased on the basis of an established fee schedule or by a method that ensures the best price, taking into consideration the needs of the client;
(g) Services provided to persons with mental or physical disabilities by not-for-profit corporations organized under the provisions of s. 501(c)(3) of the Internal Revenue Code or services governed by the provisions of the Office of Management and Budget Circular A-122;
(h) Medicaid services delivered to an eligible Medicaid recipient by a health care provider who has not previously applied for and received a Medicaid provider number from the Department of Children and Family Services. This exception will be valid for a period not to exceed 90 days after the date of delivery to the Medicaid recipient and shall not be renewed;
(i) Family placement services;
(j) Training and education services;
(k) Advertising;
(l) Services or commodities provided by governmental agencies, another Institution in the State University System or other independent colleges and universities;
(m) Continuing education events or programs that are offered to the general public for which fees have been collected to pay all expenses associated with the event or program;
(n) Purchases from firms or individuals that are prescribed by state or federal law;
(o) Regulated utilities and government franchised services;
(p) Regulated public communications, except long distance telecommunication services or facilities;
(q) Extension of an existing contract;
(r) Renewal of an existing contract if the terms of the contract specify renewal option(s);
(s) Purchases from the Annual Certification List developed by each Institution;
(t) Purchases for resale.

(9) Participants in Contract Awards Not Subject to Competitive Solicitations.

(a) No person or firm who receives a contract to perform a feasibility study for potential implementation of a subsequent contract, participates in the drafting of a competitive solicitation, or develops a program for future implementation shall be eligible to contract with the respective Institution dealing with the specific subject matter.
(b) The individuals taking part in the development or selection of criteria for evaluation, the evaluation process and the contract award in any purchase shall be independent of, and have no conflict of interest in, the entities evaluated and selected and may be required to so attest in writing.

6C-18.055 Bonds.
(1) Solicitation Security. A certified, cashier’s or treasurer’s check, bank draft or bid bond may be required as a condition for participating in a competitive solicitation.
(2) Payment and Performance Bonds.
   (a) Any contractor contracting with an Institution to provide commodities or commodities which include installation may be required to furnish a payment and performance bond, with good and sufficient securities, to the Institution prior to the issuance of the contract.
   (b) Any contractor contracting with an Institution for the construction, renovation, demolition or repair of a building shall be required to furnish a payment and performance bond, with good and sufficient securities, to the Institution before beginning work on the project. The bonding requirements shall be in accordance with Chapter 255, F.S.
   (c) A contractor shall promptly make payments to all contractors or subcontractors supplying labor, materials and supplies used in the performance of the contract, in accordance with Chapter 255, F.S.
   (d) When a payment and performance bond is not required for construction, renovation, demolition or repair projects under $200,000, up to ten percent of the contract or invoice amount(s) may be retained until the project has been properly inspected and certified as complete.
   (e) The bond or security must be in an amount equal to 100% of the response submitted to the competitive solicitation.
(3) Solicitation Protest Bond. Any contractor that files an action pursuant to s. 120.57(3)(b), F.S., protesting a decision or intended decision pertaining to a solicitation, shall at the time of filing of the formal protest, post with the Institution, a bond payable to the Institution in an amount equal to: 10% of the estimated value of the protestor’s bid or proposal; 10% of the estimated expenditure during the contract term; $10,000; or whichever is less. The bond shall be conditioned upon the payment of all costs which may be adjudged against the contractor filing the protest action. In lieu of a bond, the Institution may accept a cashier’s check or money order in the amount of the bond. Failure of the protesting contractor to file the required bond, cashier’s check or money order at the time of filing the formal protest shall result in the denial of the protest.

Specific Authority 240.209(1), (3)(r) FS. Law Implemented 120.57(3)(b), 240.205(6), 240.227(12), 255 FS. History–New 1-13-99.

6C-18.060 Contracts.
(1) Contracts for commodities or contractual services shall consist of a purchase order or bilateral agreement signed by the chief administrative officer of the Institution or designee prior to goods or services being rendered by the contractor.
(2) Any contract for the purchase of services or tangible personal property for a period in excess of one fiscal year shall include the following statement: “The State of Florida’s performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature.”
(3) Extension of a contract shall be for a period not to exceed 12 months, shall be in writing, shall be signed by both parties, and shall be subject to the same terms and conditions set forth in the initial contract. There shall be only one extension of a contract.
(4) A contract may be renewed on a yearly basis for a period of up to 2 years after the initial contract term or for a period of no longer than the term of the original contract, whichever period is longer. If the commodity or contractual service is purchased as a result of a competitive solicitation, the cost of any contemplated renewal must be included in the competitive solicitation. All contract renewals are subject to sufficient annual appropriations.
(5) When any commodity contract requires deferred payments and the payment of interest, such contract may be submitted to the State of Florida Comptroller for the purpose of preaudit review and approval prior to acceptance by the Institution. The Chancellor and each university president shall have the authority to enter into deferred payment agreements utilizing the State of Florida Comptroller’s Consolidated Equipment Financing Program. No agreement shall establish a debt of the state or shall be a pledge of the faith and credit of the state; nor shall any agreement be a liability or obligation of the state except from appropriated funds.
(6) In order to promote cost-effective procurement of commodities and contractual services, an Institution may enter into contracts that limit the liability of a vendor consistent with Section 672.719, F.S.

6C-18.065 Standard of Conduct.
It shall be a breach of ethical standards for any employee of an Institution to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with any contract for commodities or services. It shall also be a breach of ethical standards for any potential contractor to offer an employee of an Institution a gratuity of any kind, form or type to influence the development of a contract or potential contract for commodities or services.
6C-18.070 Purchase of Motor Vehicles.

(1) The term “motor vehicle” includes any automobile, truck, watercraft or other vehicle designed primarily for transporting persons, and construction vehicles or farm equipment.

(2) Each Institution shall have the authority to:
   (a) Establish standard classes of motor vehicles to be leased, purchased or used by Institutional personnel;
   (b) Obtain the most effective and efficient use of motor vehicles for state purposes;
   (c) Establish and operate facilities for the acquisition, disposal, operation, maintenance, repair, storage, control and regulation of Institution-owned motor vehicles. Acquisition may be by purchase, lease, installment-purchase, loan or by any other legal means and may include a trade-in. All motor vehicles purchased or leased shall be of a class that will safely transport Institutional personnel and adequately meet the requirements of the Institution.
   (d) Contract for specialized maintenance services.

(3) Motor vehicles owned, leased or operated by the State University System shall be available for official Institutional business only.

CHAPTER 6C-20 BOARD OF DIRECTORS OF THE FLORIDA INSTITUTE OF PHOSPHATE RESEARCH - ORGANIZATION AND PURPOSE

6C-20.001 Purpose. (Transferred to 6J-1.001)

CHAPTER 6C-21 CAMPUS MASTER PLANS

PART I SUBMITTAL, REVIEW AND ADOPTION OF CAMPUS MASTER PLANS AND PLAN AMENDMENTS

6C-21.101 Purpose of Part I. (Repealed)
6C-21.102 Definitions. (Repealed)
6C-21.103 Submittal of Proposed Campus Master Plans and Plan Amendments. (Repealed)
6C-21.104 Action Upon Receipt of Proposed Campus Master Plan or Plan Amendment. (Repealed)
6C-21.105 Action When Proposed Campus Master Plan Is Not Submitted as Scheduled. (Repealed)
6C-21.106 Review and Adoption of Proposed Campus Master Plan or Plan Amendment. (Repealed)
6C-21.107 Notification of Affected Persons. (Repealed)
6C-21.108 Procedures for Petitioning the Board of Regents, Challenging Compliance of the Campus Master Plan or Plan Amendment.
6C-21.109 Procedures for Dispute Resolution.
6C-21.110 Remedial Plan Amendments.

PART II MINIMUM CRITERIA FOR PREPARATION AND REVIEW OF CAMPUS MASTER PLANS AND PLAN AMENDMENTS

6C-21.201 Purpose of Part II.
6C-21.203 General Requirements.
6C-21.204 Future Land Use Element.
6C-21.205 Transportation Element.
6C-21.206 Housing Element.
6C-21.207 General Infrastructure Element.
6C-21.208 Conservation Element.
6C-21.209 Recreation and Open Space Element.
6C-21.210 Intergovernmental Coordination Element.
6C-21.211 Capital Improvements Element.
6C-21.212 Optional Elements.
6C-21.213 Campus Master Plan Consistency With the State Comprehensive Plan and Not in Conflict With Local Government Comprehensive Plans.

6C-21.108 Procedures for Petitioning the Board of Regents, Challenging Compliance of the Campus Master Plan or Plan Amendment.

(1) Any affected person who submitted comments on the draft campus master plan or plan amendment may petition the Board, challenging the campus master plan or plan amendment as not being in compliance with subsection 240.155(3), Florida Statutes, and any rules promulgated pursuant to subsection 240.155(22), Florida Statutes.

(2) Optional elements which have been included in the adopted campus master plan at the discretion of the Board shall not be subject to challenge under this Rule.

(3) Plan amendments which, either alone or in conjunction with other amendments, do not exceed the thresholds established in Section 240.155(9)(a)-(c), Florida Statutes, and subsection 6C-21.103(2), F.A.C., and are adopted by the Board, shall not be subject to challenge under this Rule.

(4) Petitions challenging the compliance of the campus master plan or plan amendment must be filed within 30 days after receipt of the notice of adoption of the plan or plan amendment, or within 30 days after the date the adopted plan or plan amendment is available for review, whichever is greater.

(5) The petition shall be filed with the General Counsel, Board of Regents, 325 West Gaines Street, Tallahassee, Florida 32399-1950. Each petition shall be typewritten or otherwise duplicated in legible form on white paper of standard letter size. Unless typewritten, the impression shall be on one side of the paper only and lines shall be double-spaced and indented. Each petition shall contain the following:

(a) The name of the party on whose behalf the petition is being filed;
(b) The name, address, and telephone number of the person filing the petition;
(c) The signature of the person filing the petition;
(d) A statement of facts sufficient to show that the petitioner is an affected person, as defined in subsection 240.155(2)(b), Florida Statutes, including the date(s) and method by which the petitioner submitted comments during the review and adoption of the plan or plan amendment;
(e) A statement identifying the campus master plan or plan amendment(s) which is being challenged, including the name of the institution, date of adoption, and any other specific formal designation(s);
(f) A statement describing how each portion of a campus master plan or plan amendment alleged to be not in compliance is not consistent with one or more provisions of Section 240.155(3), Florida Statutes, the State Comprehensive Plan, or Chapter 6C-21, Part II, F.A.C., or is in conflict with the comprehensive plans of appropriate host and/or affected local governments. A petition filed by an affected local government may raise only those issues directly pertaining to the public services or facilities that the affected local government provides to or maintains within the campus, or to the direct impact that campus development would have on the affected local government; and

(g) A recommended action to bring the plan or plan amendment into compliance.

(6) If the Board’s General Counsel determines that the petition filed by an affected person is sufficient, the Board’s General Counsel shall, within 10 working days of receipt of the petition, notify the petitioner by certified mail, return receipt requested, of the sufficiency of the petition. Copies of this notice and the petition shall be sent to the university, host local government, and affected local governments.

(7) If a petition is filed that does not substantially comply with the requirements of paragraph (5)(a)-(g) of this rule, the Board’s General Counsel shall issue an order dismissing the petition with leave to file an amended petition complying with the requirements of this Rule within 15 days of service of the order. A copy of this order shall be sent to the university, host local government, and affected local governments. If an amended petition complying with this Rule is not filed within 15 days of service of the order, the petitioner’s right to mediate issues in dispute under subsection 240.155(8), Florida Statutes, is waived.

(8) If no petition complying with the requirements of this rule is filed, the adoption of the campus master plan or plan amendment shall become final.

Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(4), (7), (9) FS. History–New 2-15-94.

6C-21.109 Procedures for Dispute Resolution.

(1) Following receipt of a petition, the petitioning party or parties and the Board’s Office of Capital Programs shall mediate the issues in dispute as follows.

(a) Issues in dispute must be resolved within 60 days from the date the Board’s General Counsel receives the petition. In the event an amended petition is filed, issues in dispute must be resolved within 60 days from the date the Board’s General Counsel receives the amended petition.

(b) The issues in dispute will be limited to those issues identified in petitions filed that meet the requirements of paragraphs 6C-21.108(5)(a)-(g), F.A.C.

(c) Affected persons who submitted comments during the review and adoption of the campus master plan or amendment, but who did not petition the Board challenging the compliance of the plan or plan amendment, will be allowed to participate, on a limited basis, in the resolution of disputes. These persons will be allowed to attend dispute resolution sessions and monitor all proceedings; however, they will not be active parties to the resolution of such disputes.

(2) In the event issues in dispute have not been resolved within 60 days from the date the Board’s General Counsel receives the petition or amended petition, the Board’s Office of Capital Programs shall so notify the state land planning agency in writing. This notice shall include:

(a) The name of the campus master plan or plan amendment in question, and the date of its adoption;

(b) A copy of the petition challenging the compliance of the campus master plan or plan amendment;

(c) A summary of efforts to resolve the issues disputed in the petition; and

(d) A list of issues that have not been resolved. A copy of this notice shall be sent to the petitioner, the university, the host local government, and any affected local government.

(3) The state land planning agency shall then have 60 days in which to hold informal hearings, if necessary, identify the remaining issues in dispute, prepare a record of the proceedings, and submit a report on the matter to the Administration Commission.

Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(8) FS. History–New 2-15-94.

6C-21.110 Remedial Plan Amendments.

(1) If the Administration Commission incorporates in its Final Order terms or conditions that require the Board of Regents to amend a campus master plan, such plan amendment shall be prepared and adopted pursuant to subsection 240.155(8)(c), Florida Statutes.

(2) Remedial amendments to adopted campus master plans which incorporate the terms or conditions specified in a Final Order of the Administration Commission shall not be subject to review under Section 240.155(6), Florida Statutes, and subsections 6C-21.106(1)-(4), F.A.C.

(3) Remedial amendments to adopted campus master plans which incorporate the terms or conditions specified in a Final Order of the Administration Commission shall not be subject to challenge under Section 240.155(7), Florida Statutes, and Rule 6C-21.108, F.A.C. of this chapter.

Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(8) FS. History–New 2-15-94.
**PART II MINIMUM CRITERIA FOR PREPARATION AND REVIEW OF CAMPUS MASTER PLANS AND PLAN AMENDMENTS**

**6C-21.201 Purpose of Part II.**

Part II establishes the general requirements for the university’s campus master plans and the specific minimum criteria to be addressed in each of the eight required elements, as required by Section 240.155, Florida Statutes. Part II also establishes the criteria for optional elements and the criteria to determine whether campus master plans are consistent with the State Comprehensive Plan, and are not in conflict with the comprehensive plans of the host local government and the comprehensive plans of any affected local governments.

*Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(3) FS. History–New 2-15-94.*

**6C-21.202 Definitions.**

As used in this chapter, the terms defined in Section 240.155, Florida Statutes, shall have the meanings provided in that Section. In addition, the following definitions are provided to clarify terms used in this chapter and not to establish or limit regulatory authority of other agencies or programs; however, institutions may choose alternative definitions which the Board of Regents shall review to determine whether such definitions accomplish the intent of both this chapter and of Section 240.155, Florida Statutes.

1. “Capital improvement” means physical assets constructed or purchased to provide, improve or replace a public facility and which are large scale and high in cost. The cost of a capital improvement is generally non-recurring and may require multi-year financing. For the purposes of this rule, physical assets which have been identified as existing or projected needs in the individual campus master plan elements shall be considered capital improvements.

2. “Circulation facilities” means roadways, sidewalks or other surfaces designated for pedestrian, non-vehicular, or vehicular movement.

3. “Context area” means an area surrounding the university, within which on-campus development may impact local public facilities and services and natural resources, and within which off-campus development may impact university resources and facilities. The size of the context area may be defined by natural or man-made functional or visual boundaries, such as areas of concentration of off-campus student-oriented housing and commercial establishments, stormwater basins, habitat range, or other natural features.

4. “Goal” means the long-term end toward which programs or activities are ultimately directed.

5. “Infrastructure” means those man-made structures which serve the common needs of the population, such as roadways, stormwater management facilities, potable water facilities, sanitary sewer facilities, and solid waste facilities.

6. “Levels of Service” means an indicator of the extent or degree of service provided by, or proposed to be provided by a facility based on and related to the operational characteristics of the facility. Level of service shall indicate the capacity per unit of demand for each public facility.

7. “Objective” means a specific, measurable, intermediate end that is achievable and marks progress toward a goal.

8. “Policy” means the way in which programs and activities are conducted to achieve an identified goal.

9. “Potable water facility” means a system of structures designed to collect, treat or distribute potable water, and includes water wells, treatment plants, reservoirs, and distribution mains.

10. “Public facility” means transportation systems or facilities, sewer systems or facilities, solid waste systems or facilities, stormwater management systems or facilities, potable water systems or facilities, educational systems or facilities, parks and recreation systems and facilities, and public health systems and facilities.

11. “Public transit” means passenger services provided by public, private or non-profit entities, such as commuter rail, express bus, and local fixed route bus.

12. “Recreation facility” means a component of a recreation site, such as a trail, court, athletic field or swimming pool.

13. “Sanitary sewer facilities” means structures or systems designed for the collection, transmission, treatment, or disposal of sewage, and includes trunk mains, interceptors, treatment plants and disposal systems.

14. “Solid waste facilities” means structures or systems designed for the collection, processing or disposal of solid wastes, including hazardous wastes, and includes transfer stations, processing plants, recycling plants, and disposal systems.

15. “Stormwater management facility” means a system of man-made structures designed to collect, convey, hold, divert or discharge stormwater, and includes stormwater sewers, canals, retention structures, and detention structures.

16. “Transportation demand management” means strategies and techniques that can be used to increase the efficiency of the transportation system. Demand management focuses on ways of influencing the amount and demand for transportation by encouraging alternatives to the automobile and altering local peak hour travel demand. These strategies may include, but not be limited to, ridesharing programs, flexible work hours, telecommuting, shuttle services and parking management.

17. “Transportation system” means a multi-modal system of transportation facilities designed for the movement of people and goods.

18. “Transportation system management” means improving roads, intersections, and other related facilities to make the existing transportation system operate more efficiently. Transportation system management techniques include demand management strategies, incident management strategies, and other actions that increase the efficiency of the transportation system.
6C-21.203 General Requirements.

(1) CONTENT REQUIREMENTS.
(a) Each master plan shall include the content for all elements as required by law and this chapter; however, related elements may be combined.
(b) If the university chooses to combine elements, it shall clearly indicate where in the master plan or support documents all statutory requirements of Section 240.155, Florida Statutes, and the requirements of this chapter are met. The campus master plan shall contain an explanation of such combinations.
(c) The campus master plan shall consist of those items listed below in this paragraph. All other documentation may be considered as support documents. Support documents do not have to be adopted unless the Board of Regents desires to adopt all or part of the support documents as part of the campus master plan. All background data, studies, surveys, analyses and inventory maps not adopted as part of the campus master plan shall be available for public inspection while the campus master plan is being considered for adoption and while it is in effect. The campus master plan shall consist of:

1. Goals, objectives, and policies;
2. Requirements for capital improvements implementation;
3. Procedures for monitoring and evaluation of the campus master plan; and
4. Required maps showing future conditions.

(2) DATA AND ANALYSIS REQUIREMENTS.
(a) All goals, objectives, policies, standards, findings and conclusions within the campus master plan shall be based upon relevant and appropriate data. Data or summaries thereof which are not part of the adopted campus master plan shall not be subject to the compliance review process. All tables, charts, graphs, maps, figures and data sources, and their limitations shall be clearly described.
(b) Unless noted otherwise, this chapter shall not be construed to require original data collection by the university; however, universities are encouraged to use any original data necessary to refine or update the campus master plan, as long as methodologies are professionally acceptable.
(c) Data are to be taken from professionally accepted existing sources. Data shall be the best available existing data, unless the university desires original data or special studies. Where data augmentation, updates, or special studies or surveys are deemed necessary by the university, appropriate methodologies shall be clearly described or referenced and shall meet professionally accepted standards for such methodologies.
(d) The Board of Regents may require submission of more detailed or complete data or analyses during its review.
(e) The campus master plan shall be based on projections of student enrollment prepared by the Board of Regents.

(3) APPLICATION OF REQUIREMENTS.
(a) In those situations where data necessary to comply with the requirements of this chapter do not exist, and the university, for whatever reason, desires not to collect original data or conduct special studies, the appropriate data and analysis requirements shall not apply. The university shall include one or more statements in the data and analysis section of each element of the campus master plan identifying those requirements that are not applicable because the data do not exist.
(b) In those situations where data required to comply with the requirements of this chapter do not exist, any corresponding requirement to include goals, objectives or policies based on that data shall not apply. The university shall include one or more statements in the goals, objectives and policies section of each element of the campus master plan identifying those requirements that are not applicable because the data do not exist.

(4) PLANNING TIME FRAME. Each campus master plan shall cover a period of at least 10 years and not more than 20 years. Additionally, the capital improvements element shall contain a yearly itemized breakout for three years, and a general framework for the next seven years, for planned and anticipated capital projects, with an update to be submitted to the Board of Regents each year in accordance with the time frame established by the Board of Regents.

(5) INTERNAL CONSISTENCY.
(a) The required elements and any optional elements shall be consistent with each other. All elements shall follow the same general format. Where data are relevant to several elements, the same data shall be used.
(b) Each map depicting plan elements must reflect goals, objectives, and policies within all elements and each such map must be contained within the campus master plan.

(6) PLAN IMPLEMENTATION REQUIREMENTS. The sections of the master plan containing goals, objectives, and policies shall describe how the university’s programs and activities will be initiated, modified or continued to implement the master plan in a consistent manner. It is not the intent of this chapter to require the inclusion of implementing regulations in the campus master plan, but rather to require the identification of those programs, activities and regulations that will be part of the strategy to implement the goals, objectives and policies of the campus master plan.

(7) MONITORING AND EVALUATION REQUIREMENTS. For the purpose of evaluating and appraising the implementation of the campus master plan, each master plan shall contain a section identifying monitoring and evaluation procedures to be followed in updating the adopted campus master plan every five years which address the following.
(a) Each university shall submit to the Board of Regents, within four years from the date of plan adoption and every five years thereafter, an evaluation and appraisal report which:

1. Lists accomplishments during the implementation of the campus master plan, describing major problems associated with development and land uses, and the degree to which the goals, objectives and policies have been successfully reached;
2. Identifies obstacles or problems which resulted in underachievement of goals, objectives, or policies;
3. Identifies the need for new or modified goals, objectives, or policies needed to correct unanticipated and unforeseen problems and opportunities that have occurred since adoption of the campus master plan;
4. Addresses local government and public participation in the process;
5. Addresses the effects of changes to the State Comprehensive Plan and to the comprehensive plans of the host local government and any affected local governments;
6. Identifies proposed and anticipated plan amendments necessary to address identified problems and opportunities; and
7. Identifies a means of ensuring continuous monitoring and evaluation of the plan during the remainder of the overall planning period.

(b) Each university shall submit to the Board of Regents, within five years from the date of plan adoption and every five years thereafter, a proposed plan amendment which incorporates the findings and recommendations contained in the evaluation and appraisal report, and which contains updated baseline data (as appropriate) and goals, objectives and policies to be accomplished during the remainder of the overall planning period.

Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(3) FS. History–New 2-15-94.

6C-21.204 Future Land Use Element.

The purpose of this element is the designation of existing and future land use patterns as reflected in the goals, objectives and policies of the campus master plan elements, and to describe how this land use pattern will be coordinated with that planned by the host community in the context area. Future land use patterns are depicted on the land use map or map series within the element.

(1) FUTURE LAND USE DATA REQUIREMENTS. This element shall be based on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.

(a) A description of the location(s) of university facilities within the State (graphic and narrative).
(b) A description of the location of university facilities within the host community (graphic and narrative) including an identification of all facilities on university lands not under the jurisdiction or operation of the State University System.
(c) Student enrollment projections as prescribed in the General Requirements section of this chapter.
(d) A legal description of the property within the university’s jurisdiction and a description of the land acquisition program under which the property was obtained.
(e) A discussion of title interest held by the Board of Trustees of the Internal Improvement Trust Fund (including reservations and encumbrances such as leases).
(f) Designated single use or multiple use management, as defined in Rule 18-4.003, F.A.C., for the property.
(g) A description of alternative (non-educational) uses of the leased premises considered by the university but never adopted, if appropriate.
(h) Proximity of university property to other significant local, state, or federal land or water resources, as identified in adopted plans.
(i) A statement as to whether the university property is within an aquatic preserve or a designated area of critical state concern or an area under study for such designation.
(j) A description of existing land uses and zoning for the context area. Land use categories shall be identified on the existing land use map or map series and described in accordance with categories adopted by the local government in their comprehensive plan.
(k) Existing land uses on university property shall be shown on the land use map or map series. The university may use the land uses established in the host community’s local comprehensive plan or establish its own land use categories. Such land use categories shall be clearly defined in the legend.
(l) If the university determines it necessary to utilize other categories of land use, or to combine categories of land use, such categories or combinations of categories shall be shown on the land use map or map series and clearly identified in the legend.
(m) The approximate acreage and general range of density or intensity of use shall be provided in tabular form for the gross land area included in each land use category.
(n) Natural resources shall be shown on the land use map or map series.
(o) Historic and archaeological resources (including all sites listed in the Florida Master Site File of the National Register of Historic Places) shall be shown on the existing land use map or map series.

(2) FUTURE LAND USE ANALYSIS REQUIREMENTS. This element shall be based upon the following analyses which support the campus master plan pursuant to subparagraph 6C-21.203(2), Florida Statutes.

(a) An analysis of the amount of land that will be required to accommodate the projected future enrollment of the university, including:

1. The categories of land use and their densities or intensities of use;
2. The estimated gross acreage for each category; and
3. A description of the methodology used.
   (b) An analysis of projected future space and building needs for academic facilities.
   (c) An analysis of projected future space and building needs for support facilities.
   (d) An analysis of existing vacant and undeveloped land on the university campus to determine its suitability for use.
   (e) An analysis of opportunities for redevelopment and for elimination of uses that are inconsistent with the university’s character and proposed future land uses.
   (f) A finding as to whether each planned use of university property is consistent with the adopted conceptual State Lands Management Plan.
   (g) If the analyses in subparagraphs (2)(a)-(e) indicate that the existing university campus will not provide sufficient capacity to accommodate the future needs of the university, an analysis shall be undertaken identifying how much additional land would be required to meet future needs.
   (h) An assessment as to whether any portion of the university property should be declared surplus for release by the university for use or disposal by the State.
   (i) In the event additional land is determined to be necessary for the future development of the university, an analysis of the context area shall be undertaken to identify potential land areas for such expansion.
   (j) In conjunction with the analysis conducted in subparagraph (2)(i), an analysis shall be undertaken identifying and evaluating alternatives to additional land acquisition.
   (k) An analysis of constraints that may limit the amount or location of future land use development on the university campus.
   (l) An analysis of the future land use element of the host local government’s comprehensive plan, for the context area.
   (m) An analysis of off-campus constraints that may limit the amount or location of future land use development on the university campus.
   (n) An analysis of the goals, objectives and policies adopted by the host community in their comprehensive plan related to development of land uses in the context area.
(3) REQUIREMENTS FOR FUTURE LAND USE GOALS, OBJECTIVES AND POLICIES.
   (a) The element shall contain one or more goals which address the long-range development of land use on the campus and the coordination of future land use development on the campus with future land use development in the host community.
   (b) The element shall contain one or more objectives for each goal which address, at a minimum:
      1. Protection of natural resources (including existing surface waters and wetlands) and historic and archaeological resources;
      2. Eliminating or minimizing land use compatibility problems between the university and host community;
      3. Correcting land use compatibility problems on the university campus;
      4. Coordinating future land uses with the appropriate topography and soil conditions;
      5. Coordinating future land uses with the availability of facilities and services;
      6. Ensuring the availability of suitable land on campus for utility facilities required to support proposed on-campus development; and
      7. Minimizing off campus constraints to limit future development on campus (i.e., traffic, utilities) and minimizing on campus conflicts with land uses within the context area.
   (c) The element shall contain one or more policy statements for each objective which address at a minimum:
      1. Establishment of standards for densities or intensities of use for each land use category;
      2. Provisions for stormwater management, open space, and safe and convenient on-campus traffic flow, considering needed vehicle parking;
      3. Provisions for the identification, designation, and protection of historically and archaeologically significant properties;
      4. Provisions for the compatibility with adjacent land uses;
      5. Coordination of land use and development decisions with a schedule of capital improvements;
      6. Administrative procedures to amend the campus master plan to incorporate unforeseen land uses that may arise from grant awards or other circumstances;
      7. Establishment of land use management procedures within the university’s administrative structure which will encourage careful use of the university’s existing land resources and minimize deviations from the land use plan; and
      8. Establishment of a process, timetable and funding sources for future land acquisition (if applicable).
   (d) The Future Land Use Element shall be described, at a minimum, in the Future Land Use Map and explanatory text. Land uses on the map shall be the same as those categories with which existing land uses are described in subparagraph (1)(k) above. In addition, land use categories for on-campus uses shall be coordinated, as possible, with land use categories used by the host community in its comprehensive plan to facilitate coordination of planning efforts. The Future Land Use Map and text shall be accompanied by explanatory tabular information as required.

Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(3), 253.034(4) FS. History–New 2-15-94.
6C-21.205 Transportation Element.
The purpose of this element is to plan for future motorized and non-motorized traffic circulation systems to ensure provision of adequate transit, circulation and parking facilities to meet future university needs; to ensure the provision of adequate pedestrian and non-vehicular circulation facilities to meet the future needs of the university; and to coordinate the location of these facilities planned in the host community in the context area. The Transportation Element shall consist of a Transit, Circulation and Parking Sub-Element and a Pedestrian and Non-Vehicular Circulation Sub-Element.

1) TRANSIT, CIRCULATION AND PARKING DATA REQUIREMENTS. This sub-element shall be based, at a minimum, on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.
   (a) An inventory of existing on-campus parking facilities.
   (b) An inventory or estimate of the amount of student, faculty and staff-parking off-campus, and a description of parking locations.
   (c) An inventory of accident locations and number of accident occurrences on campus and in the context area.
   (d) The existing classification of roadways on the campus, utilizing definitions used by the host community in its local comprehensive plan, or a classification determined by the university which is correlated to the classification system of the host community (map, narrative).
   (e) Existing roadway classifications in the context area, including designated fire lanes and fire routes on-campus.
   (f) The current levels of service of the roadways on-campus and within the context area.
   (g) Traffic counts at all major university entrances/exits.
   (h) Existing university trip generation data.
   (i) Existing traffic analysis zones (TAZs) of the host local government within which university facilities are located.
   (j) Established public transit or university-provided transit routes on campus and in the context area indicating location of stops, frequency of service and capacity of the vehicles.

2) TRANSIT, CIRCULATION AND PARKING ANALYSIS REQUIREMENTS. This element shall be based upon the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.
   (a) An analysis of the future parking needs for students, faculty and staff and types of special events for the planning period.
   (b) An analysis of the amount of land required to provide the amount of parking calculated in subparagraph (2)(a).
   (c) An assessment of the capacity of university lands to accommodate the amount of parking calculated in subparagraph (2)(a), including a determination of how much of the parking would have to be provided in structures.
   (d) An analysis of practical methods to accommodate the amount of parking calculated in subparagraph (2)(a) on the university campus.
   (e) An analysis of off-campus lands in the context area that may be available for university parking and the parking capacity of those sites.
   (f) An analysis of the impacts of off-campus university parking on the context area and alternatives for minimizing these impacts.
   (g) An analysis of the projected traffic volumes/capacities and levels of service on university roads and roads in the context area, including an analysis of the traffic circulation model used by the host community in projecting traffic circulation in the context area.
   (h) An analysis of improvements that would be required to on-campus roadways to meet the future traffic circulation needs of the university.
   (i) An analysis of improvements that would be required to off-campus roads in the context area, based on the additional traffic projected to be generated by the university.
   (j) An analysis of additional public or university-provided transit that will be required to meet the future needs of the university for the planning period.
   (k) An analysis of the opportunities to implement transportation system management and transportation demand management techniques and strategies to minimize off-site impacts on roadways within the context area.
   (l) The planned location of future facilities, with accompanying parking to serve these facilities.

3) REQUIREMENTS FOR TRANSIT, CIRCULATION AND PARKING GOALS, OBJECTIVES AND POLICIES.
   (a) The sub-element shall include one or more goals for the provision of future transit, auto circulation, and parking facilities.
   (b) The sub-element shall contain one or more objectives for each goal which address:
      1. The provision of parking facilities on or off the campus to meet future university needs;
      2. The provision of future traffic circulation improvements both on the campus and in the context area to meet future university needs;
      3. Improvements (including scheduling) to public or university-provided transit service and facilities required to meet future university needs; and
      4. Coordination of transportation system improvements with the future land uses shown on the future land use map or map series, and with those improvements identified in the host community’s comprehensive plan.
   (c) The element shall contain one or more policy statements for each objective which:
      1. Establish programs or administrative procedures to accommodate future parking and auto circulation requirements on campus and minimize off-site impacts within the context area;
2. Establish programs to maximize utilization of public or university-provided transit;
3. Establish administrative procedures for coordinating on-going traffic circulation, transit and parking facility improvements with similar improvements being undertaken by the host community;
4. Establish the timing or priorities for development of traffic circulation, transit, and parking facilities on-campus; and
5. Establish level of service standards for roadways within the university’s jurisdiction.

(d) The Transit, Circulation and Parking Sub-Element shall be described, at a minimum, in the Transportation Element Map and explanatory text. This map along with companion narrative shall identify the location and size of proposed transit, circulation and parking facilities on the university campus. The map and text shall be accompanied by explanatory tabular information as required.

(4) PEDESTRIAN AND NON-VEHICULAR CIRCULATION DATA REQUIREMENTS. This sub-element shall be based, at a minimum, on the following data pursuant to subsection 6C-21.203(2), F.A.C.

(a) An inventory of existing pedestrian and non-vehicular circulation facilities on the university campus(es) illustrating the location, size and surface material of the facilities.
(b) The planned location of future facilities.
(c) An inventory of existing pedestrian and non-vehicular circulation facilities located within the context area.
(d) An inventory of the planned pedestrian and non-vehicular circulation facilities located in the host community in the context area, illustrating the location, size and function planned for each facility.
(e) An inventory of existing problem areas on-campus related to pedestrian and non-vehicular circulation, including accidents involving, and violent crimes committed against, pedestrians and bicyclists on-campus and in the context area.

(5) PEDESTRIAN AND NON-VEHICULAR CIRCULATION ANALYSIS REQUIREMENTS. This element shall be based upon the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.

(a) An analysis of the amount and type of pedestrian and non-vehicular circulation facilities that will be required to meet the needs of projected university enrollment, including the basis for this analysis.
(b) An analysis assessing the need for pedestrian and non-vehicular circulation facilities in the context area with reference to those facilities serving areas of off-campus student housing, or other off-campus student activities.
(c) An analysis of lighting conditions along pedestrian and non-vehicular circulation routes to identify areas where lighting is inadequate.

(6) REQUIREMENTS FOR PEDESTRIAN AND NON-VEHICULAR CIRCULATION GOALS, OBJECTIVES AND POLICIES.

(a) This sub-element shall contain one or more goals for the development of pedestrian and non-vehicular circulation facilities on campus.
(b) The sub-element shall contain one or more objectives for each goal which address at a minimum:
1. The coordination of pedestrian and non-vehicular circulation facilities to be developed on-campus, with those to be developed off-campus by the host community in its local comprehensive plan, bicycle plans or traffic circulation plans;
2. Coordinating the locations for future pedestrian and non-vehicular circulation facilities to be developed on and off the campus with recommendations contained in the Campus Safety Plan;
3. Coordinating the locations for additional lighting along pedestrian and non-vehicular circulation routes with recommendations contained in the Campus Safety Plan; and
4. The provision of pedestrian and non-vehicular circulation facilities required to meet future university needs.
(c) The sub-element shall contain one or more policy statements for each objective which address:
1. The timing or priorities for development of pedestrian and non-vehicular circulation facilities on-campus;
2. Ensuring coordination with the host community regarding issues related to the provision of pedestrian and non-vehicular circulation facilities;
3. The timing or priorities for additional lighting placement along pedestrian and non-vehicular circulation routes, as indicated by subparagraphs (1)(f) and (2)(d) of this element;
4. Establishing programs to maximize utilization of pedestrian and non-vehicular facilities; and
5. Establishing programs or procedures to improve the safety of persons using pedestrian and non-vehicular facilities.
(d) The Pedestrian and Non-Vehicular Circulation Sub-Element shall be described, at a minimum, in the Transportation Element Map and explanatory text. This map along with companion narrative shall identify the location, size and character of the proposed pedestrian and non-vehicular circulation facilities on campus and in the context area. The map and text shall be accompanied by explanatory tabular information as required.
