6C3-3.009 Payment of Fees.
(1) Students are required to pay tuition and related fees in accordance with procedures prescribed herein. (See Rules 6C-7.001, 6C-7.002 and 6C-7.003, F.A.C.)
   (a) A student’s course schedule shall be cancelled if payment of tuition, or appropriate arrangements for payment, has not occurred by the end of the first week of classes. The President or the President’s designee may extend the deadline for fee payment when payment by the student is delayed due to University actions. However, the President may choose to temporarily suspend
further academic progress in lieu of cancelling a student’s course schedule in those cases where the student has partially paid the student’s tuition. Suspension of academic progress shall preclude a student from receiving grades, a transcript, or a diploma and shall deny registration for future terms until the student’s account has been settled in full.

Registration shall be defined as consisting of two components:

1. Formal selection of one or more courses approved and scheduled by the University, and
2. Tuition payment, partial or otherwise, or other appropriate arrangements for tuition payment (deferment or third party billing) for the course(s) in which the student is enrolled as of the end of the drop/add period.

(b) Tuition liability shall be defined as the liability for the payment of tuition incurred at the point at which the student has completed registration, as defined above.

(c) A student whose course schedule has been cancelled under paragraph (1)(a) above may be reinstated. To be reinstated, a student shall, by the end of the fourth week of classes, apply for reinstatement and pay 100% of tuition and the late payment fee, make appropriate arrangements for 100% payment of tuition and the late payment fee, or, through a combination of the above, cover 100% of tuition and the late payment fee.

(d) A student who is registered for six or more hours of on-campus courses, except for state employees utilizing waivers who are taking six credit hours or less, shall pay a health fee each term which provides for health care service.

(e) The University shall assess a late registration fee of $100 to students who fail to initiate registration during the regular registration period.

(f) The University shall assess a late payment fee of $100 to students who fail to make tuition payment or appropriate arrangements for tuition payment (deferment or third-party billing) by the end of the first week of classes.

(g) All or any part of the tuition and late fees may be waived by the University when deemed appropriate provided that provisions for such waivers are included in the rules of the Board of Regents.

(2) A student is allowed to pay charges for room and board in installments. However, the student is expected to use all available financial aid upon receipt to fully pay such obligations. A student who is paying in installments is required to pay a deposit in the amount of $350 prior to the initial housing assignment for the academic year and by the end of the first week of classes for the succeeding term. Fifty percent (50%) of the remaining room and board charges shall be paid no later than the end of the fourth week of classes. The balance of room and board charges shall be paid no later than the end of the first half of the academic term; otherwise, a student shall be precluded from receiving grades, a transcript, or a diploma and shall be denied registration for future terms until the student’s account is settled in full.

(3) The President or the President’s designee may approve deferred payment for a student, upon application, on grounds of: formal arrangements made with the University for payment by an acceptable third party; or eligibility for deferral guaranteed to students receiving veterans educational assistance benefits or other benefits from Federal and State assistance programs. It is the policy of the University to disburse financial aid after the end of the drop/add period. All students who have been awarded sufficient eligible financial aid to cover 100% of their tuition by the end of the first week of classes are considered to have applied for deferment and are granted deferred payment status. This shall be based on the student’s residency classification and an average of 15 semester hours for undergraduate students for the Fall and Spring semesters; 12 semester hours for graduate students for the Fall and Spring semesters; 12 semester hours for undergraduate students for the Summer session; and 9 semester hours for graduate students for the Summer session. Students whose financial aid award does not cover 100% of their tuition shall pay the difference by the end of the first week of classes in order to be granted deferred payment status.

(4) If a student’s fee account is in arrears due to errors committed in calculating tuition fees or for other valid and acceptable reasons, the student’s academic progress will be suspended. Suspension of academic progress shall preclude a student from receiving grades, a transcript, or a diploma and shall deny registration for future terms until the student’s account has been settled in full.

(5) A 100% tuition refund/charge adjustment shall be made to the student for tuition and scientific laboratory fees if official withdrawal from the University occurs prior to the end of the drop/add period and written documentation is received from the student. Terms in the student housing contract will determine the refund of room rent; whereas board will be prorated based on the approved date of cancellation.

(a) A 25% refund/75% charge adjustment of tuition and scientific laboratory fees, less building and capital improvement fees, shall be made if official withdrawal from the University occurs prior to the end of the fourth week of classes and written documentation is received from the student, or at an appropriate time as designated by the University for Summer sessions.

(b) A 100% refund/charge adjustment shall be made of the tuition and scientific laboratory fees, if a student withdraws or drops one or more courses due to circumstances determined by the University to be exceptional and beyond the control of the student, including but not limited to:
   1. Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s),
   2. Death of the student or death in the immediate family (parent, spouse, child or sibling),
   3. Involuntary call to active military duty, or
   4. A situation in which the University is in error.
(c) Pursuant to Public Law 102-325, the Higher Education Amendments of 1992, and notwithstanding the provisions of subsection (5) and paragraph (5)(a) above, for the first term in which students are enrolled at the University for the first time, a pro-rata refund of tuition, fees, room and board, and other charges shall be made as required by Public Law 102-325.

6C3-3.010 Code of Penalties.

(1) Florida A&M University shall have specific authority to impose penalties for the following categories of infraction of rules:

(a) Penalties for violation of standards of academic honesty, such as plagiarism, cheating and other activities which interfere with the educational mission of the University. These penalties may range from counseling to expulsion or termination.

(b) Penalties for failure to pay debts owed the University Penalties may range from the denial of registration for subsequent terms, withholding of transcripts and withholding diploma.

1. The following penalties may be imposed for writing bad checks:
   a. Permanent transcript hold;
   b. Refer to collection agency and/or other collection effort where appropriate;
   c. With the exception of amounts deemed to be negligible, Vice President for Administration or his designee may refer returned checks to State Attorney for legal action.

2. The following penalties may be imposed for failure to repay in accordance with the repayment schedule:
   a. Refer to collection agency.
   b. Permanent transcript hold.

3. Failure to pay other receivables such as traffic fines, library fines, and other similar fines may incur the following penalties:
   a. Permanent transcript hold.
   b. Refer to collection agency.

(c) Penalties for violation of standards of conduct for members of the faculty and staff. Penalties may range from oral reprimand to termination.

(d) Penalties for violation of standards of conduct for students. Penalties may range from counseling to expulsion.

(e) Penalties for violation of employment contracts. Penalties may range from oral reprimand to expulsion or termination.

(2) These remedies are not exclusive of other remedies provided under law.

6C3-3.011 Commercial Solicitation.

(1) All soliciting done on the University premises must be approved, annually, in advance, by the Director of Administrative Services, except for the sale of newspapers in the dormitories or housing areas, and certain activities sponsored by student organizations and those activities under contracts allowing solicitation or under the exclusive jurisdiction of other university entities.

(2) University Solicitors’ Permit.

(a) All solicitors must have a University Solicitors’ Permit, except those exempted in subsection (1) and students representing student organizations.

(b) All applicants for permits must furnish verifiable personal, and company or organization identification for all persons who will be representing their organization in the soliciting activity.

(c) The University Solicitors’ Permit shall contain, but not be limited to, the following information:

1. Name of company or organization;
2. Name(s) of individual or individuals who will solicit for the company or organization on campus;
3. Type or nature of items or services to be offered for sale;
4. Specific parking locations on campus where permit is valid, e.g., all of the campus or specific areas of campus;
5. Dates of issue and expiration of Permit.

(d) Copies of the University Solicitors’s Permit are to be in the possession of the individual or individuals who are engaged in the activity while on campus. The original permit will be kept on file in the Director of Administrative Services Office.

Solicitors must adhere to all university policies concerning contacts with faculty, staff, and students during instructional or working hours, and admittance to classroom buildings, dormitories, offices and other university buildings.

(3) Obtaining Permits. Permits are to be obtained from the Director of Administrative Services. A charge of one hundred dollars ($100) per year shall be imposed uniformly upon all vendors granted a permit pursuant to this rule. Permits, which are valid only in the parking areas so indicated, shall be issued for one year periods from date of issue. The issuance of the permits shall be governed solely by the benefits to be gained by the University Community. No items shall be sold, offered for sale or advertised by vendors that are not covered by the permit or are in competition with the University Bookstore, Food Service or any other operation or organization that has exclusive rights to sell such items, via a contractual agreement with the University. Solicitation shall be
limited to these services or items included in the Permit Application. Copies of the permit are to be carried by each individual whose name appears on the permit and are engaged in the activity, and will be presented to any University official upon request. Any issued permit is subject to cancellation at any time if it is deemed in the best interests of the University to do so. In the event a permit is cancelled, all copies of the permit are to be surrendered to the Director of Administrative Services, and soliciting by the permit holder will cease.

(4) Student Organizations. In recognition of the rights and freedom of student organizations at Florida A&M University, approved student groups are permitted to solicit for support, or sell and distribute items as a project of that organization within the limits and guidelines of University subsections 6C3-2.009(10), (11), F.A.C.

(5) The posting or distribution of advertising material will be limited to the permanent official bulletin boards of the University.

6C3-3.015 Library Fines.
(1) General Policy Statement – Circulating library resources will be charged out to faculty and staff members of the University for a loan period of 21 days. All materials are due at the end of each loan period. A “grace” period of seven (7) days is allowed before the resource is declared delinquent. A patron may request a renewal before the end of the grace period if the material is not on request by another person. No renewals will be made unless the materials and the borrower’s identification card are presented at the checkout desk.

(2) Imposition of Library Fines – Materials are due at the end of each given loan period. A grace period of seven (7) days will be allowed. Beginning with the 8th day a patron will be assessed a fine of 25¢ per day per item. When the third notice is forwarded, the cost of material is added to the fine.

(3) General Collection Procedures.
(a) A “notice”, containing delinquent items on loan, will be sent to the patron after the end of the seven (7) day grace period. Alternatives for resolving the delinquency – including a conference with the Director of Library – will be afforded the patron. If the patron does not return the materials when the first overdue notice is received, two more notices (i.e., second and third notices) will be generated at 14-day intervals.

(b) If the patron does not return the materials after the third notice, the delinquency with appropriate documentation will be sent to the University Comptroller’s Office for collection pursuant to and in accordance with applicable State Comptroller’s rules on recovery of nonsalary sums due from State officers and employees. Refer to Rules 3A-21.003, 3A-21.004 and 3A-21.005, F.A.C.

6C3-3.016 Environmental Health and Safety Program.
(1) The development and maintenance of a safe campus environment for work and study is of primary concern to the Florida Agricultural and Mechanical University. Environmental health and safety concerns are thus given a high priority for implementation. In an effort to ensure a safe campus environment, an environmental health and safety program is provided, in compliance with applicable law and Board of Regents rules. The primary objectives of the program include the following:
(a) To prevent injury or illness resulting or relating to unsafe conditions or activities in the physical campus environment.
(b) To ensure compliance with regulations and requirements of health and safety oriented state and federal agencies to which the University is subject.
(c) To maintain the physical campus environment, and to monitor occupational and other safety risks so as to minimize the number and severity of workers compensation/general liability injuries and property losses.
(d) To foster safety awareness through education and training, and in particular to educate and train personnel in the safe use of hazardous materials and chemicals.
(e) To ensure that the storage and disposal of hazardous chemicals and wastes are accomplished in a manner that does not endanger the natural environment, and that this is in compliance with applicable regulatory agencies.
(2) The responsibilities of various personnel accountable for the effectiveness of the University’s environmental health and safety program are as follows:

(a) President.
1. Responsible for all matters pertaining to environmental health and safety, and provides assurance that the University moves toward and/or maintains compliance with all state and federal regulations related to environmental health and safety, particularly those regulations promulgated under the Florida Department of Labor and Employment Security – Bureau of Industrial Safety and Health, Leon County Health Department, Florida Department of Health and Rehabilitative Services, Florida Department of Environmental Regulation, and the State of Florida Fire Marshal’s Office.
2. Responsible to ensure the adequate provision of staff, facilities, and funding necessary to pursue environmental health and safety objectives in a reasonably aggressive manner.
3. Exercises administrative authority as needed to ensure compliance and cooperation of university personnel with regard to environmental health and safety issues.
4. The President delegates operational authority for environmental health and safety to the Vice President for Administration.
(b) Vice President for Administration.
1. Assumes institutional responsibility through the Department of Environmental Health and Safety for the general pattern of overall health and safety practices and their effective administration throughout the University.
2. Works with deans, directors and departmental chairpersons through the Department of Environmental Health and Safety in establishing a program that meets all codes and standards pertaining to health and safety of all employees and personnel associated with the University.
3. Assures the existence of a strong working liaison between the Department of Environmental Health and Safety and other University departments.
4. Informs the President regarding important health and safety issues on campus.
(c) Department of Environmental Health and Safety – The Department of Environmental Health and Safety is responsible for the identification, evaluation and resolution of safety issues in the areas of fire protection, occupational safety, laboratory safety, radiation safety, hazardous waste disposal, accident prevention and other areas as needed. Specific responsibilities are as follows:
1. Provides environmental health and safety technical services support to all areas of the University as needed.
2. Responsible for matters relating to investigation, evaluation and correction of safety hazards in a timely manner.
3. Recommends and/or establishes concise and reasonable policies concerning general environmental health and safety throughout the University.
4. Develops and presents workshops and training sessions on various safety related subjects such as fire prevention, hazardous chemicals use, etc.
5. Reviews plans for new buildings and renovations with respect to fire code compliance and other applicable safety concerns.
6. Ensures compliance with requirements of FAMU’s radioactive materials agreement.
7. Ensures compliance with the Florida Department of Environmental Regulations’ requirements regarding hazardous waste storage and disposal.
8. Serves as the university liaison with all safety-oriented regulatory agencies and takes action or makes recommendations to improve and maintain compliance with requirements of such agencies.
9. Initiates enforcement action where necessary through the principal investigator or applicable department head, dean or vice president.
(d) All Vice Presidents, Deans, Directors and Department Chairpersons.
1. Responsible for enforcement and dissemination of environmental health and safety policies and operational procedures pertinent to the personnel and facilities under their direction.
2. Ensures that their areas of responsibility are in compliance regarding all safety-oriented regulations and requirements, especially with regard to the State of Florida Fire Code, the Right-to-Know Law (Chapter 442, Florida Statutes) and the use and disposal of hazardous chemicals.

CHAPTER 6C3-4 ACADEMIC AFFAIRS

6C3-4.001 Curriculum Requirements.
Each college, school and/or academic unit within the University establishes curriculum standards and requirements for students as approved by the appropriate committees and officers of the college, school or unit and of the University and published in the current General University Catalog. A student is required to meet the curriculum standards and requirements set forth for his/her course of study in the University Catalog at the time the student enrolls for a continuous period of study. Should the student interrupt that course of study in any manner and for any reason, different standards and requirements may be in effect for that student at the time the student reenrolls. Such interruptions include absence from the University for a length of time requiring reenrollment, failure to reenroll in the number of hours per quarter prescribed by the course of study in which the student is enrolled, or failure to make passing grades in the courses prescribed by that course of study.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS. History–New 10-1-75, Repromulgated 3-8-76, Formerly 6C3-4.01. Cf. 120.52(15)(c)4. FS., on Rule Exclusion-Curricula.

6C3-4.002 Academic Grievances.
Each college, school and/or academic unit within the University established internal procedures for student grievances pertaining to academic matters. The student is expected to follow the procedures established by the college, school and/or academic unit in which the student is pursuing a course of study. The procedures are available in the Office of the Dean of the respective college or school, and in the office of the appropriate officer in charge of an academic unit not a part of a college or school.

6C3-4.003 College and School Governance.
Each college, school and/or academic unit within the University is permitted to establish its own procedures of internal governance provided such procedures do not conflict with other University rules and procedures and are approved by the Vice-President for Academic Affairs. All faculty and staff members assigned to a particular college, school and/or academic unit are expected to adhere to the established internal procedures of governance. The procedures are available in the Office of the Dean of the respective college or school and in the office of the appropriate officer in charge of an academic unit not a part of a college or school.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 120.52(15)(a) FS. History–New 10-1-75, Formerly 6C3-4.03.

6C3-4.004 Student Advisement and Transcript Evaluation.
Each student enrolled in the University shall be assigned an academic advisor. Each student is thereafter responsible for reporting to his/her advisor at regular intervals for guidance in following his/her prescribed curriculum and for evaluation of his/her progress toward the degree which he/she is pursuing. Further, each student is responsible for having his/her academic transcript evaluated by the appropriate University officials during the first quarter of the student’s senior year. If the student does not avail himself/herself continuously of professional academic advisement and senior-year official transcript evaluation, the University assumes no responsibility for the student’s inability to meet graduation requirements. This includes making available to the student any course or courses which are still required for the student’s graduation.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS., 6C-6.004(5), F.A.C. History–New 10-1-75, Formerly 6C3-4.04.
6C3-4.005 Faculty Meetings Attendance.
Each college, school and/or academic unit within the University requires faculty and/or staff members of that college, school, and/or academic unit to attend certain internal and external meetings as part of the faculty or staff members' professional obligation. Each faculty or staff member is expected to assume this obligation. The Dean of a college, school and/or academic unit within the University is expected to advise the respective faculty and staff members of required meetings.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS. History–10-1-75, Formerly 6C3-4.05.

6C3-4.006 Miscellaneous Requirements of Faculty and Staff.
Each college, school and/or academic unit within the University is permitted to establish reasonable requirements of faculty and staff members assigned to that college, school and/or academic unit. The requirements must be made available to each faculty and staff member. The requirements may include the following:

(1) Serving on college, school and/or University committees.
(2) Advising students.
(3) Assisting student organizations.
(4) Recruitment of students.
(5) Placement of students.
(6) Involvement with professional organizations.
(7) Assisting in registration of students.
(8) Maintenance of regular office hours.
(9) Participation in commencement.

6C3-4.007 Board of Regents Policies.
The University adheres to all rules and policies of the Board of Regents, State of Florida pertaining to academic affairs.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS. History–New 10-1-75, Formerly 6C3-4.07. Cf. BOR Chapter 6C-1 et seq., F.A.C.

6C3-4.008 General Catalog of the University.
(1) In addition to operational rules published in accordance with Chapter 120, Florida Statutes, Florida A & M University publishes the General Catalog of the University with addenda thereto which is sometimes referred to as “University Catalog” or “Catalog.” The General Catalog of the University establishes and reflects, but is not limited to, admission and degree requirements within the University, along with providing general information regarding the University, University community, curricula offerings, scholarship information and guidelines on the President’s Scholars Awards and others, policy and notice statements, and facilities of the University. In addition, the General Catalog of the University contains, but is not limited to, the academic calendar as set by the University within the general guidelines of the Florida Board of Regents.

(2) In the event of conflict between any provisions of the 1998-2000 General Catalog of the University, which is incorporated herein by this reference, and any other rules of Florida A & M University published in the Florida Administrative Code, the substantive rules of Florida A & M University published in said code shall prevail.

(3) Copies of all or portions of the General Catalog of the University and addenda thereto in which a person is interested can be obtained by writing to the Office of the Registrar, Florida A & M University, Foote-Hilyer Administration Center, Tallahassee, Florida 32307. Because of the diverse nature of the University, requests should specify that particular portion of the Catalog in which the inquirer is interested.

(4) The following applications for admission to Florida A & M University, referenced in the General Catalog of the University are available through the Office of Admissions:
   (a) BOR Form 1 Rev. 3/19/98, State University System of Florida Undergraduate Admission Application.

6C3-4.010 Performing and Visual Arts Scholarships.

(1) General Statement – Florida A & M University will award Performing and/or Visual Arts Scholarships to qualified students who participate in officially recognized Performing and/or Visual Arts at the University. The awarding of scholarships is based on the availability of scholarship funds. Students having scholarships may receive additional financial aid as funds are available and needs exist.

The Performing and Visual Arts Scholarships are awarded to students in the Department of Music (band, choir and/or voice), Department of Theatre, and Department of Visual Arts and Humanities. The guidelines for receiving a Performing and Visual Arts Scholarship for each department are noted below.

(2) Band.
(a) Application and Approval Process – Students may apply for Performing and Visual Arts Scholarships in the area of band by requesting an audition with the Scholarship Committee, Department of Music (Band), Florida A & M University, Tallahassee, Florida 32307. The committee evaluates all applicants, including the audition, and submits a recommendation to the director of bands. The need for maintaining a balanced instrumentation is considered by the committee during the recommendation process. Scholarship applications must also be approved by the Dean of the College of Arts & Sciences and the Vice President for Academic Affairs.

(b) Audition – The content of the audition shall consist of scales and arpeggios, rudiments for percussion, prepared Etude and sightreading. The committee shall evaluate the audition as follows:
1. Highly complimentary.
2. Passed with compliment.
3. Passed.
4. Failed.

(c) Awards – The amounts of the scholarship may vary according to the availability of funds. Ordinarily, awards will be as follows:
1. Highly complimentary – $500 per semester.
2. Passed with compliment – $250 per semester.
3. Passed – $100 per semester.

(d) Scholarship Renewals – Scholarships may be renewed annually with the stipulation that the recipients continue participation in assigned organization(s) and meet university academic standards as established in the university catalog.

(3) Theatre.

(a) Application and Approval Process – Students may apply for Performing and Visual Arts Scholarships in the area of theatre by submitting a written request, i.e., application to the Scholarship Committee (c/o The Department of Visual Arts, Humanities and Theatre, Florida A & M University, Tallahassee, Florida 32307). The following shall also apply:
1. Actors and singers may request a scholarship by submitting a written application for an audition along with three letters of recommendation. Students outside the Tallahassee area should submit a video tape, if available, along with their application. Applicants will also be expected to present a live audition of two, two-minute monologues. Monologues should be of different styles and should show the applicant’s range of ability.
2. Technicians may request a scholarship by submitting a written application along with three letters of recommendation. Drafts and renderings, if available, will be considered in the final selection for technical applicants.
3. The Theatre Scholarship Committee will evaluate the application, recommendations, audition and support materials. The committee will exercise the sole responsibility to select students on the basis of Theatre program needs for specific types of talents and skills. Scholarship applicants will be approved by the Chairman of the Department, Dean of the College of Arts and Sciences and the Vice President for Academic Affairs.

(b) Audition – The student’s audition and/or materials (video tape, draft and rendering) evidencing his/her theatrical talents and skills shall be evaluated by the committee as follows:
1. Highly complimentary.
2. Passed with compliment.
3. Passed.
4. Failed.

(c) Awards – The amounts of the scholarship may vary according to availability of funds. Ordinarily, awards will be made as follows:
1. Highly complimentary – $500 per semester.
2. Passed with compliment – $250 per semester.
3. Passed – $100 per semester.

(d) Scholarship Renewals – Scholarships may be renewed annually with the stipulation that theatre students whose overall averages drop below “C” or students who do not show growth will be dropped.

(4) Visual Arts and Humanities.

(a) Application and Approval Process – Students may apply for Performing and Visual Arts Scholarships in the area of Visual Arts and Humanities by sending their written request to the Scholarship Committee (c/o Department of Visual Arts and Humanities, Florida A & M University, Tallahassee, Florida 32307). Applicants may request a scholarship by submitting a written application, three letters of recommendation, along with a minimum of four (4) slides of four (4) different works, or four (4) of the actual works, each one of which should be different. The letters of recommendation should include consideration of demonstrated ability in visual art; attitudes toward learning and engaging in art activities; attendance record for art classes; record of extra-curricular art activities; and need. Scholarship applicants will be approved by the Chairman of the Department, Dean of the College of Arts and Sciences and the Vice President for Academic Affairs.

(b) Awards – The amounts of the scholarship may vary according to the availability of funds. Ordinarily, the amounts will vary from $100 to $500. The committee will prioritize award recommendations based upon:
1. Grade point average (GPA).
2. Overall attitude.
3. Potential in the field.
4. Overall quality and demonstrated growth in work.
(c) Renewals – Scholarships may be renewed annually or on a semester-by-semester basis with the following stipulations:
1. Visual Arts students must maintain a “B” average in their major art professional courses.
2. Visual Arts students must maintain a “C” average in their courses, overall.
3. Visual Arts students whose overall averages drop below “C” or whose major course averages drop below “B” will be dropped from scholarship.
(d) Reinstatement – Students who have been dropped from their scholarship status may petition for reinstatement when they have satisfied both one and two of subsection (c) above. The petition, by letter, must be sent to the Visual Arts Scholarship Committee in a timely manner after receipt of the grade report.
(5) Choir and/or Voice.
(a) Application and Approval Process – Applicants may apply for Performing and Visual Arts Scholarships in the area of choir and/or voice by sending their written request to the Scholarship Committee, Department of Music (Choir), Florida A & M University, Tallahassee, Florida 32307. The Committee will evaluate the application and audition. The Committee will exercise the sole responsibility to select students on the basis of department needs for specific types of skills. Scholarship applicants will be approved by the Division Director, Dean of the College of Arts and Sciences and the Vice President for Academic Affairs.
(b) Audition – The student’s audition evidencing his/her skills shall be evaluated by the committee as follows:
1. Highly complimentary.
2. Passed with compliment.
3. Passed.
4. Failed.
(c) Awards – The amounts of the scholarship vary according to availability of funds. Ordinarily, the amounts vary from $100 to $500. The committee will prioritize award recommendations based upon:
1. Audition evaluation.
2. Overall attitude.
3. Potential in the field.
4. Overall quality and demonstrated growth in work.
(d) Scholarship Renewal – Scholarships may be renewed annually with the stipulation that the recipients continue participation in assigned organization(s) and meet university academic standards as established in the university catalog.

6C3-4.011 Deletion of Courses.
(1) Florida A & M University, on a biennial basis and as part of the preparation of the General Catalog of the University, shall prepare a list of courses for deletion from the Catalog. The deletion list shall include:
(a) Courses which the University desires to delete; and
(b) Courses which have not been offered during the preceding four academic years.
(2) A course to be deleted under (b), above, may be considered for retention by removal from the deletion list, if the University so desires. The course shall be reviewed in the same manner as courses proposed for addition to the Catalog and the Common Course Designation and Numbering System. If the University has reasonable cause for not having offered the course in the preceding four years and an expectation that the course will be offered in the following four years, then the course shall be removed from the deletion list.
(3) The University shall notify the Office of the Common Course Designation and Numbering System to delete those courses remaining on the deletion list.
(4) The President of the University shall annually certify to the Board of Regents that the University has complied with the requirements of Section 233.015, Florida Statutes, as required by the Board of Education Rule 6A-10.0331, F.A.C.

CHAPTER 6C3-5 MISCELLANEOUS PROVISIONS

6C3-5.001 Rule-making.
The University adheres to all rules and requirements of Chapter 120, Florida Statutes, known as the Administrative Procedure Act.

Specific Authority 120.52(1), 120.53(1) FS. Law Implemented 120.53(1), 120.54 FS. History–New 10-1-75, Formerly 6C3-5.01.

6C3-5.002 Student and Faculty Grievances.
Each student and faculty member with an alleged grievance pertaining to rules promulgated in compliance with Chapter 120, Florida Statutes, has the right to pursue the alleged grievance either through informal procedures within the University or through the formal proceedings required by Chapter 120, Florida Statutes. Should the student or faculty member elect to pursue the alleged grievance through the informal University procedures, he/she must waive the right to the formal procedures established by the Administrative Procedure Act. Should the student or faculty member elect to pursue the alleged grievance through the formal procedures offered by Chapter 120, Florida Statutes, he/she must waive the right to the procedures offered within the University.

6C3-6.002 Standard of Conduct.

(1) Employee Conflict of Interest.

Except as may be permitted by regulations formulated by the Board of Regents, it shall be a breach of ethical standards for any employee of a University to participate directly or indirectly in a procurement when the employee knows that:

(a) The employee or any member of the employee’s immediate family has a financial interest pertaining to the procurement;
(b) A business or organization in which the employee or any member of the employee’s family, spouse, children, parents, brothers and sisters, has a financial interest pertaining to the procurement; or
(c) Any other person, business or organization with whom the employee or any member of the employee’s immediate family is negotiating or has an arrangement concerning prospective employment is involved in the procurement.

(2) Gratuities.

It shall be a breach of ethical standards and misconduct subject to disciplinary action for any employee to directly or indirectly demand, accept or agree to accept from another person, entity, or organization any compensation, consideration or a gratuity of any kind in connection with any procedure or decision, directly or indirectly related to purchasing by the University.

6C3-6.003 Application.

These regulations shall apply to every expenditure of funds of the University, irrespective of their source, including federal assistance monies, except as may be directed by the president.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 287.042(13) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(13), 287.042 FS. History–New 2-17-81, Formerly 6C3-6.03.
6C3-6.004 Definitions.

(1) A Purchase – A purchase is defined as an acquisition by contracting in any manner, whether by rent, lease, lease/purchase or installment sales contract which may provide for the payment of interest on unpaid portions of the purchase price, or outright purchase, from a source of supply for either commodities, contractual services or construction. All such contracts shall be in writing. Prior to making a purchase, offices should review current surplus property certifications to utilize commodities listed therein to the maximum extent practicable.

(2) Informal Bid – An informal bid is defined as either a written or oral quotation not requiring a public opening of such bid at a specific time or date. Written evidence of oral quotations shall be maintained.

(3) Agency Head – An agency head, within the meaning of Chapter 287, F.S., Part I, is defined as the person or in the case of collegial body the executive director or chief administrative officer of the agency or other governmental unit who is statutorily responsible for final agency action.

(4) Contracts – Definite Quantity-Term-Contractual Service.

(a) Any contract which binds the University for purchases for a period continuing beyond the fiscal year shall include the following statement: “The State of Florida’s performance and obligation to pay under this contract is contingent upon an annual appropriation by Legislature”. Any contract between the University and a private contractor/vendor shall contain the language provided in Section 946.515(6), F.S., if at the time the contract is entered into, any product or service which is the subject of, or required to carry out, the contract has been certified by Department of Management Services commodity number pursuant to that statute, as a correctional work program item.

(b) Notice of award or intended award, including rejection of some or all of bids/proposals received, and intent to negotiate shall be given by posting the bid/proposal tabulations where the bids/proposals were opened, or by certified United States mail, return receipt requested, or other express delivery service, whichever is specified in the bid solicitation or the request for proposals. All notices of decision or intended decisions shall contain the statement: “Failure to file a protest within the time prescribed in Section 120.57(3)(b), F.S., shall constitute a waiver to proceedings under Chapter 120, F.S.”, and show the beginning and ending posting time and dates for the bid/proposal posting, or if notified by certified mail, indicate such action must be taken within 72 hours after receipt of such notice.

(b) The contract shall be awarded by purchase order, agreement or other written notice to the responsive and responsible bidder/proposer pursuant to the award criteria contained in the solicitation document for the commodities or contractual services, except that every procurement of contractual services in excess of threshold Category Two shall be evidenced by a written agreement conforming to the provisions of Section 287.058, F.S.

(c) Issuance of a purchase order or execution of a contract by both parties for the purchase of commodities, contractual services or construction shall establish a contract between the University and the supplier on the terms, conditions and prices specified in the invitation to bid/proposal and the bidder’s/proposer’s response.

(8) Purchasing Threshold Categories: The threshold categories are: Category One, Category Two, Category Three, Category Four and Category Five. The dollar amount for these categories shall be adjusted by the Department of Management Services, Division of Purchasing after June 30 of each year.

(9) Requisition – A formal written request to procure commodities, services or construction on behalf of a program area. Requisitions must be signed by an authorized person, and must be filed with the Purchasing Department. The requisition serves to notify the Purchasing Department of University needs.

(10) Purchase Order – University document to formalize a purchase transaction with a vendor/contractor. The purchase orders should be numbered consecutively and contain statements regarding the quantity, description, and price of goods and services ordered; applicable terms as to payment, discount, date of performance, and transportation; and other factors or suitable references pertinent to the purchase such as bid number or contract number and shall be signed by the Purchasing Director, Assistant Director of Purchasing or authorized designee.
(11) Blanket Purchase Order (Blanket Order) – An arrangement under which the University contracts with a vendor/contractor to provide the University’s requirements for an item or a group of items or a service, ordered on an as-needed basis. It prescribes the contract term and maximum amount of money which may be spent. No purchase may be divided into two or more purchases for the purpose of evading the competitive bidding requirement, and each purchase made under a blanket purchase order should be of the kind that could be made without competitive bidding if there were no blanket purchase order.

(12) Field Purchase Order – A purchase order issued by an office or facility of the University that is separate from the University Purchasing Department.

(13) Purchase Order Control and Accountability – It is the responsibility of the University Purchasing Director to:
   (a) Provide for securing all unused purchase orders in a safe place and restricting access to these documents.
   (b) Provide for maintenance of a file and accounting for all consecutive purchase orders issued or voided.
   (c) Maintain a record of person designated as authorized to issue and sign each type of purchase order.
   (d) Provide for a monitoring and review process for the use of blanket purchase orders and field purchase orders.

(14) Price Agreement – An agreement which the Purchasing Department negotiates with a vendor to furnish items at a predetermined price. The agreement involves a minimum number of units, provides for orders to be placed directly with the vendor by the Purchasing Department and runs for a limited period of time.

(15) Minor Irregularity – A variation from the invitation to bid/request for proposal terms and conditions which does not affect the price of the bid/proposal, or give the bidder or offeror an advantage or benefit not enjoyed by other bidders or offerors, or does not adversely impact the interests of the University.

(16) Valid Response – A responsive offer in full compliance with the bid specifications or request for proposal requirements and conditions.

(17) Construction – Construction means the process of building, altering, repairing, renovating, improving or demolishing any public facility or other improvements to any public real property by contract.

(18) May – May denotes the permissive.

(19) Shall – Shall denotes the imperative.

(20) Will – Will denotes the imperative.

(21) Should – Should denotes the desirable.

(22) Categories – Purchasing thresholds which govern the procedures to be followed in state purchasing. Thresholds are designated as categories one through five and are subject to annual adjustments by the Florida Legislature and the Department of Management Services.

(23) Minority Enterprise Assistance Officer – A senior level employee of the University responsible for overseeing the minority business enterprise utilization activities for the purchase of commodities, contractual services and minor construction.

(24) Exceptional Purchase – Any purchase of commodities, contractual services or construction excepted by law or rule from the requirements for competitive bids/proposals or acquisition including purchase from a single source, purchase upon receipt of no competitive bids/proposals and purchase through negotiation.

(25) University – University means the Florida Agricultural and Mechanical University.

Specific Authority 240.227(1) FS. Law Implemented 240.225, 240.227(12), (13), 287.017, 287.042(8) FS. History–New 2-17-81, Amended 2-3-83, Formerly 6C3-6.04, Amended 8-21-88, 1-4-98.

6C3-6.005 Procurement Organization.

As the Chief Administrative Officer of the University, the President has the authority to approve and execute contracts for goods, equipment and services to be rendered to the University provided such contracts are made pursuant to the provisions of Part I of Chapter 287, F.S., as applicable, are for the implementation of approved programs at the University and to not require expenditures in excess of $500,000.00 for any single contract.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), (15), 287.042(13) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), (15), 287.057, 287.042 FS. History–New 2-17-81, Formerly 6C3-6.05.

6C3-6.006 Director of Purchasing.

(1) The President as Chief Administrative Officer of the University designates the Director of Purchasing to serve as the Central Procurement Officer for the University. The Director of Purchasing shall exercise the powers and duties as provided by Section 287.042, F.S., as well as those described in subsections (2) through (4) of this rule.

(2) Duties of the Director of Purchasing – The Director of Purchasing shall prepare, issue, revise, maintain and monitor the use of specifications for supplies, services, and construction required by the University except for the acquisition of professional architecture, engineering, landscape architecture or land surveying services.

(3) Relationship with University Departments – The Director of Purchasing shall obtain expert advice and assistance from personnel of the requisitioning departments, schools and divisions under competitive bidding or by contractual negotiations, in the manner hereinafter provided:
   (a) To plan and coordinate purchases in volume and to negotiate contracts and to execute purchase orders under which the University shall require departments to requisition.
(b) To canvass all sources of supply and contract for the purchase, lease, rental, or acquisition by purchase order or maintenance agreement for all commodities or services required by the University or any of its constituents.

(4) Powers.
(a) To prescribe the methods of securing bids or negotiating or awarding purchase orders.
(b) In the event no bids are received, to negotiate on the best terms and conditions.
(c) To establish standards, formulate specifications and determine the source of supply of any commodity or service requisitioned by any department of the University except as hereinafter provided; and to set the maximum fair price that shall be paid for any commodity or service as determined necessary by the Director.
(d) To prescribe items and quantities to be purchased locally by departments.
(e) To require that every department furnish information relative to its purchase requirements and methods of requisitioning.

(5) Exceptions – When circumstances and conditions warrant and it is determined to be in the best interest of the University, the President may delegate to any university employee not under the supervision of the Purchasing Department the authority to purchase commodities and services as described in Section 240.225 and Part I of Chapter 287, F.S., as applicable.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 287.042(13) FS. Law Implemented 120.53(1)(a), 240.202, 240.225, 240.227(12), (13), 287.042 FS. History–New 2-17-81, Formerly 6C3-6.06, Amended 5-13-86, 9-19-88.

6C3-6.007 Purchase of Commodities/Contractual Services.

(1) Purchases with value below $5,000 shall be carried out using verbal quotations or written records of telephone quotations, whenever practical. Purchases which meet or exceed $5,000, but less than the threshold for Category Two will be made on two or more written quotations, whenever practical. Should verbal quotations be received, name and address of company and amount quoted shall be a part of the written documentation. If at least two quotations are not received, a statement as to why they were not received must be shown. If the University determines that commodities/contractual services are available only from a single source, or that conditions warrant negotiation on the best terms and conditions, the University may proceed with the procurement. The University shall document the conditions and circumstances used to determine the procurement method.

(2) Competitive Sealed Bids/Proposals Required on Purchases Exceeding the Threshold Amount for Category Two –
(a) In accordance with Chapter 287, F.S., all purchases for which the total contract value is in excess of the threshold amount for Category Two for a commodity or group of commodities or contractual service shall be made by first securing formal competitive sealed bids except as provided in Section 287.057(2), F.S. The University shall not divide its purchases or its purchasing operations to circumvent these requirements. A formal invitation to bid shall be mailed at least 10 days prior to the date set for submittal of bids. Determination of the threshold amount for Category Two for lease or rental is based on a twelve (12) month period of time. Extension of a contract for an additional period of time is not subject to this provision.
(b) The following purchases are not subject to the competitive sealed bid/proposal requirements pursuant to Section 287.057(3)(f), F.S.:
1. Regulated utilities and government franchised services.
2. Regulated public communications, except long distance telecommunications services or facilities.
3. Artistic services, academic program reviews, lectures by individuals. Artistic services include any artistic work performed by an artist, as defined in Section 287.012(3), F.S., including cases in which the acquisition requires that the artist furnish a commodity created through the artistic work. An academic program review is a structured evaluation of the relative merits of an established university or secondary educational program or program component conducted by recognized experts in the field of study and resulting in a written report with specific recommendations. A lecture is a formal or methodical reading or presentation on any subject but it is not intended to be used for the purpose of, or in connection with, training of personnel.
4. Auditing services, which are services provided by a licensee under Chapter 473, F.S., in which the licensee attests as an expert in accountancy to the reliability or fairness of presentation of financial information or utilizes any form of disclaimer of opinion which is intended or conventionally understood to convey an assurance of reliability as to matters not specifically disclaimed.
5. Promotional services and events purchased from donated funds by the Secretary of State for purposes provided in Section 15.18(7), F.S.
6. Payments for membership dues pursuant to Section 216.345, F.S.
(c) Except for those contracts initially procured pursuant to Section 287.057(3)(a) or (3)(c), F.S., contracts for commodities or contractual services may be renewed for an additional term not to exceed the original contract period unless the original contract period is 24 months or less, in which case the contract may be renewed up to 2 one year periods. Renewal of the contract shall be by mutual agreement in writing and shall be subject to the same terms and conditions set forth in the initial contract. If the commodity or contractual service is purchased as a result of the solicitation of bids or proposals, the cost of any contemplated renewals shall be included in the invitation to bid or request for proposals. Renewals shall be contingent upon satisfactory performance evaluations by the University.

(3) Legal Advertisements –
(a) All purchases of commodities/contractual services in excess of the threshold amount for Category Two shall be advertised in the Florida Administrative Weekly no less than ten (10) calendar days prior to the opening for invitations to bid and no less than twenty-eight (28) calendar days prior to the proposal opening for requests for proposals. This is only a minimal requirement and does not limit frequency, lapse time, or number of newspapers in which the advertisement may appear. If the Vice President for Administration determines that an unusual problem exists so that the delay incident to giving opportunity for advertising would be detrimental to the interest of the University, then, and in such event, the Vice President for Administration may waive the advertisement in writing. The University’s decision or intended decision shall be posted in accordance with the provisions of Section 120.57(3)(b), F.S.

(b) Advertisement in the Florida Administrative Weekly is not required for the reissuance of an invitation to bid or request for proposals if the University advertised the original bid or proposal solicitation in the Florida Administrative Weekly and the University mails notice of the reissuance of the bid or proposal solicitation to all vendors that were mailed notice of the original solicitation and to all bidders or offerors that responded to the original solicitation, excluding any vendor that responded with an indication of no interest in bidding or offering.

(4) Receipt of No Competitive Sealed Bids/Proposals, in the First Invitation to Bid/Request for Proposal on Commodities/Contractual Services Exceeding the Threshold Amount for Category Two – When no competitive sealed bids/proposals are received for the purchase of a commodity or group of commodities/contractual services exceeding the threshold amount for Category Two in the sealed bid/proposal solicitation, the University shall review the situation in order to determine the reasons, if any, why no competitive sealed bids/proposals were received before issuing a second invitation to bid/request for proposals; provided, however, if the University determines that commodities/contractual services are available only from a single source, or that conditions and circumstances warrant negotiation of the best terms and conditions, then the University may proceed with procurement. The University shall document the purchasing file as to the conditions and circumstances used to determine the decision to proceed without a second call for bids.

(5) Receipt of No Competitive Sealed Bids/Proposals in the Second Bid/Proposal Solicitation on Commodities/Contractual Services Exceeding the Threshold Amount for Category Two – If a second call for bids is issued and no competitive sealed bids/proposals are received for the purchase of a commodity, group of commodities or contractual services exceeding the threshold amount for Category Two in the second bid/proposal solicitation, the University may then proceed with the procurement. The University shall document conditions and circumstances used to determine the procurement method.

(6) Conditions to be Included in Formal Invitations to Bid/Requests for Proposal for Commodities/Contractual Services –

(a) All formal invitations to bid issued by the University shall include the standard “State of Florida Invitation to Bid/Bidder Acknowledgment” Form PUR 7028 (Rev. 1-09-95), for commodities, and “State of Florida Invitation to Bid/Bidder Acknowledgment/Contractual Services”, Form PUR 7031 (Rev. 1-09-95) for contractual services, and which are hereby incorporated by reference and shall contain a statement informing persons of the provisions of Section 287.133(2)(a), F.S. An invitation to bid must contain criteria which shall include but not be limited to, price, to be used in determining acceptability of the bids. If the University contemplates a renewal of the commodities/contractual service, the invitation to bid shall so state with sufficient information, including the contract period(s) of renewal, to enable each bidder to bid on the contract including renewal(s), and in such case the contract award shall be made based upon an evaluation of bids for the entire contract period including renewal(s). Contracts that limit the liability of a vendor shall be consistent with Section 672.719, F.S. The purchase order/contract shall be awarded with reasonable promptness by written notice to the responsive and responsible qualified bidder who submits the lowest responsive bid. The bid evaluation must be determined in writing to meet the requirements and criteria set forth in the invitation to bid.

(b) All formal requests for proposal issued by the University shall include the standard “State of Florida Request for Proposal Commodities Acknowledgment” Form PUR 7051 (Rev. 1-09-95) or “State of Florida Request for Proposal Contractual Services Acknowledgment” Form PUR 7033 (Rev. 1-09-95), and which are hereby incorporated by reference and shall contain a statement informing persons of the provisions of Section 287.133(2)(a), F.S. Request for proposal shall include a statement of commodities/services sought, all contractual terms and conditions applicable, and the date and time for submittal of proposals. Request for proposal must contain the criteria which shall include, but not be limited to, price, to be used in determining acceptability of the proposal. If the University contemplates a renewal of the commodity/contractual services agreement, the request for proposal shall so state and shall also provide sufficient information, including the contract period(s) of renewal, to enable each offeror to submit an offer on the contract including renewal(s), and in such case the contract award shall be made based on an evaluation of proposals for the entire contract period including renewal(s). To assure full understanding of and responsiveness to the solicitation requirements, discussions may be conducted by the University with qualified offerors. Contracts that limit the liability of a vendor shall be consistent with Section 672.719, F.S.

(c) All bid or proposal solicitations for contracts which require payment for more than one (1) year and include unequal payment streams or unequal time payment periods shall include a condition stating that the evaluation shall use present value methodology with the present value discount rate as supplied by the Department of Management Services upon request, which shall be the rate identified in the Interest Rates: Money and Capital Markets Section published in the Federal Reserve Bulletin for the last published month at the time of issuance of the invitation to bid or request for proposals. If the bid or proposal requires the use of present value methodology in the evaluation, the invitation to bid or request for proposal shall state the present value discount rate which will be used in the computations and evaluation.
(7) Request to Withdraw Bid/Proposal for Commodities/Contractual Services – Requests for withdrawal will be considered if received by the University, in writing, within 72 hours after the bid/proposal opening time and date. Requests received in accordance with this provision may be granted by the University upon proof of the impossibility to perform based upon an obvious error on the part of the bidder or offeror.

(8) Right to Reject Bids/Proposals for Commodities/Contractual Services – The University shall reserve the right to reject any or all bids/proposals and such reservation shall be indicated in all advertising and invitations to bid/requests for proposal.

(9) Right to Waive Minor Irregularities for Commodities/Contractual Services – The University shall reserve the right to waive any minor irregularities in an otherwise valid bid/proposal. Variations which are not minor cannot be waived.

(10) Bid Modification for Commodities/Contractual Services – A bidder or offeror may not modify its bid after bid/proposal opening. Mistakes in an arithmetic extension of pricing may be corrected by the University taking into consideration the unit price submitted by a bidder/offeror.

(11) Bid Borrowing Commodities/Contractual Services – The practice of bid/proposal borrowing (the use of a bid/proposal received to another invitation to bid/request for proposals) does not satisfy the requirement of Section 287.057, F.S., and is prohibited.

(12) Inspection or Examination of Sealed Bids/Proposals for Commodities/Contractual Services – Sealed bids/proposals are not public records, subject to the provisions of Section 119.07(1), F.S., until such time as the University provides notice of a decision or intended decision pursuant to Section 120.57(3)(b), F.S., or within 10 days after bid or proposal opening, whichever is earliest. When the invitation to bid or request for proposal requires the bid or proposal to be placed in two separately sealed envelopes to be submitted simultaneously and not opened on the same date, the 10-day period begins the day after the opening of the second envelope. Bid or proposal opening shall be public at the date and time and at the place specified in the solicitation. The opening shall be conducted by an employee of the University and witnessed by at least one other employee of the University. Bid or proposal tabulation sheets shall be completed simultaneously with the public reading of prices whenever appropriate. Upon completion of the tabulation, a copy shall be made accessible for inspection by any interested party.

(13) Cancellation Clause – Any lease contract of commodities must include a cancellation clause of 30, 60, or 90 days, whichever is determined by the University to be the period of time necessary to procure a substitute contract. This only applies to fixed period lease contracts such as annual lease, two year lease, etc.

(14) Installment Sale and Purchase Contracts – Installment Sale and Purchase contracts shall be accomplished on the State of Florida Contract for “Installment Sale and Purchase”, Form PUR 7057 (Rev. 11-15-86) available through the Department of Management Services, Division of Purchasing and which is hereby incorporated and published by reference. The use of such contracts by the University shall be subject in each instance to preaudit review and prior approval of the Comptroller of the State and shall contain the statement “The State of Florida’s performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature”. Refinancing Installment Sale and Purchase contracts are permitted only to take advantage of a lower interest rate than that of the initial transaction or other instances of lower overall cost to the University. Refinancing for a longer period than the term of the original financing is prohibited. Payment schedules shall provide for either quarterly or semi-annual payment in advance to minimize amount of interest paid. Initial payment may be made on a pro rata basis to accommodate fiscal year funding.

(15) No Substitute – Use of the term “no substitute” shall be used only when absolutely required. The term “or equivalent” shall be used wherever an identifiable brand name or process is included in the specification.

(16) Procedures for Negotiation of Contracts for Purchase of Commodities/Contractual Services – The University Purchasing Department, when negotiating a contract, shall conduct such negotiation as follows:

(a) The negotiation shall be made on the best price, terms and conditions obtainable by the University to meet its needs. The University shall specify in writing and make available to the prospective contractors, its needs for the commodity/contractual service to be purchased prior to commencing negotiation with any vendor/contractor.

(b) If a valid bid/proposal was received, negotiations shall commence first with the bidder/proposer submitting the valid bid/ proposal. If the University is unable to negotiate a satisfactory agreement with the bidder/proposer submitting the valid bid/ proposal, negotiations may be held with the remaining bidders/proposers.

(c) If no valid bid/proposal is received or if the University was unable to negotiate a satisfactory agreement with the bidder/ proposer submitting the valid bid/proposal, negotiations shall then commence with the bidder/proposer which had the lowest responding bid/proposal to the invitation of bid/proposals until an agreement is reached. If an agreement is not reached, the University shall then commence negotiations with the next lowest responding bidder/proposer and may continue negotiations with other bidders/proposers in ascending order of the bid prices until an agreement is reached. During negotiations, each bidder/ proposer will be required to give a final firm price, terms and conditions for the specific commodity/contractual service offered. The University will select the vendor offering the commodity/contractual service with the price, terms and conditions which, in its judgment, best meets its needs. The University will maintain an accurate record of the discussions held with each bidder/proposer. If the University is unable to negotiate a satisfactory contract with any of the bidders/proposers that had responded to the invitation to bid/request for proposals, the University shall follow the steps in paragraph 6C3-6.007(16)(b), F.A.C., if it desires to proceed with negotiations.
6C3-6.008 No General Contract for Class B Printing.
No general contract shall be let to cover the printing designated as Class B, but each job coming under this classification shall be let separately to the lowest responsible bidder. Such contract shall apply only to the work under consideration, and competitive bids shall be taken on any purchase in excess of Category Two.

6C3-6.019 Reporting of Anti-competitive Practices.
When for any reason collusion and/or other anti-competitive practices are suspected among bidders, a notice of the relevant facts shall be reported to the Director of Purchasing who shall submit it a report to the Attorney General of the United States in accordance with Executive Order 10936, as amended.

Specific Authority 120.53(1)(a), 240.227(1), 240.225, 287.042(13) FS. Law Implemented 120.53(1)(a), 240.202, 240.225, 240.227(13), 287.042 FS. History–New 2-17-81, Formerly 6C3-6.19, Amended 9-19-88.

6C3-6.020 Bonds.
(1) Payment and Performance Bonds – When required any person entering into a formal contract with the University for the construction of a building or for the prosecution and completion of any public work or for repairs upon any building or public works for such University shall be required before commencing said work, to execute the usual payment and performance bonds, as required by Section 255.05, F.S., with good and sufficient securities, with the additional obligation that such contractor shall promptly make payments to all persons who supply him labor, material and supplies used directly or indirectly by the said contractor or subcontractors in the prosecution of the work provided for in said contract.
(2) Amount of Payment and Performance Bonds – If the contract is less than $100,000, a payment and performance bond shall not be required. If there is no payment and performance bond, up to ten percent of the invoice amounts may be retained until the project has been properly inspected and certified as complete. If the contract exceeds $100,000, the bond must be in an amount equal to 100% of the base bid.
(3) Bid Security – A cash deposit, certified check, or other security provided by law may be required in the amount of a percentage of the base bid, if it is deemed to be in the best interest of the University. The deposit shall be enclosed with the sealed bid.
6C3-6.021 Acquisition of Printing, Duplicating and Reproductive Equipment.

(1) Printing, duplicating and reproductive equipment may be acquired by the University provided such equipment is the most cost competitive, effective equipment capable of meeting the University’s needs.

(2) Usage of Printing, Duplicating and Reproductive Equipment for Purpose of Production of Material related to Business of the University – Printing, duplicating and reproductive equipment shall not be used to produce any material, the style and/or volume which is determined to be counter effective, uneconomical or illegal; nor shall it be used for any purpose other than the production material directly related to the business of the University.

(3) Cost Records – University departments operating or maintaining installations for printing, duplicating, or reproduction services shall maintain cost records on each such facility.

6C3-6.022 Authority to Resolve Protested Solicitations and Awards.

(1) Any actual or prospective vendor who is adversely affected by the University’s decision or intended decision or a purchase shall file a written notice of protest within seventy-two (72) hours after the posting of the decision or after receiving notice of the University’s decision or intended decision, and shall file a formal written protest within 10 days after the date of the filing of the notice of protest. The formal written protest shall state with particularity the facts and law upon which the protest is based. Protests not filed within the required time limits are waived.

(2)(a) If the protest is not resolved by mutual agreement within seven (7) days, excluding Saturdays, Sundays, and legal holidays, of receipt of the formal written protest, and no disputed issue of material fact is involved, the President shall designate a hearing officer who shall conduct a hearing pursuant to Section 120.57(2), F.S. In order to qualify as a hearing officer, the person must be a full-time employee of the University in good standing with the University for the preceding two years. The appointment of a hearing officer shall be made with due regard to the expertise required for determination of such proceedings.

(b) Following the hearing the hearing officer shall file the intended decision with the President. The decision shall include the factual, legal and policy grounds for the decision. The affected party may also file a written statement of objections to the hearing officer’s intended decision, which shall be submitted to the President with the hearing officer’s intended decision. The President shall make the final order.

(c) If the petition raises a disputed issue of material fact, the petition shall be referred to the Division of Administrative Hearings for further proceedings in accordance with Section 120.57(1), F.S.

(d) In the event of a timely protest, the University shall not proceed further with the solicitation or award of the contract until such dispute is resolved, or unless the President or his designee makes a written determination that the award of the contract, without delay, is necessary to avoid an immediate danger to public health, safety and welfare of Florida A and M University.

(e) As an alternative to paragraph (d) above, the University may proceed with the bid solicitation or contract award process of a term contract bid when the President or his designee sets forth in writing particular facts and circumstances which demonstrate that the delay incident to staying the bid process or contract award process would be detrimental to the interests of the University.

(f) Any person who files an action protesting a decision or intended decision pertaining to term contracts administered by the University pursuant to Section 120.53(5)(b), F.S., or FAMU subsection 6C3-6.022(1), F.A.C., shall post with the University, at the time of filing the formal written protest, a bond payable to the University in an amount equal to 1 percent of the University’s estimate of the total volume of the contract or $5,000, whichever is less, which bond shall be conditioned upon the payment of all costs which may be adjudged against him in the administrative hearing in which the action is brought and in any subsequent appellate court proceeding. For protests of decisions or intended decisions of the University pertaining to requests for approval of exceptional purchases, the bond shall be in an amount equal to 1 percent of the University’s estimate of the contract amount for the exceptional purchase requested or $5,000, whichever is less. If, after completion of the administrative hearing process and any appellate court proceedings, the University prevails, it shall recover all costs and charges which shall be included in the final order or judgment, excluding attorney fees. Upon payment of such costs and charges by the person protesting the award, the bond shall be returned to him. If the person protesting the award prevails, he shall recover from the University all costs and charges which shall be included in the final order of judgment, excluding attorney fees.
6C3-6.023 Authority to Debar or Suspend Vendors.

(1) The Vice President for Administrative Affairs under advisement from the Director of Purchasing shall be authorized to suspend or debar contractors. Debarment must be based on adequate evidence rather than mere accusation. This assessment should include an examination of basic documents, such as contracts, inspection reports and correspondence. Debarment or suspension will be for the purpose of protecting the interest of Florida A and M University and shall not be used as punishment.

(2) Debarment.

(a) Conviction by or a judgment obtained in a court of competent jurisdiction for:
   1. Commission of fraud or a criminal offense as an indictment to obtaining, attempting to obtain, or in the performance of a public contract;
   (b) Violation of the Federal Anti-trust Statutes arising out of submission on bids or proposals; or
   (c) Commission of embezzlement, theft, bribery, falsification of or destruction of record, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which seriously and directly affects the question of present responsibility as a university contractor. NOTE: If the conviction or judgment is reversed on appeal, the debarment shall be removed upon receipt of notification thereof. The decision to debar is discretionary; the seriousness of the offense and all mitigating factors should be considered in making the decision to debar.

(d) Clear and convincing evidence of violation of contract provisions, as set forth below, when the violation is of a character so serious as to justify debarment action.

(e) Willful failure to perform in accordance with the specifications or delivery requirements in a contract;

(f) A history of failure to perform, or of unsatisfactory performance, in accordance with the terms of one or more contracts; provided, that such failure or unsatisfactory performance is within a reasonable period of time preceding the determination to debar. (Failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered as a basis of debarment.)

(3) Suspension – Upon adequate evidence a contractor may be suspended based upon suspicion of involvement in any of the causes cited in subsections 6C3-6.023(1), (2)(a), (b), (c), (d), (e), (f), F.A.C., Florida A and M Purchasing Rules.

(4) Actions taken pursuant to subsections (1), (2), and (3) shall be subject to the provisions of Chapter 120, F.S., known as the Administrative Procedures Act. (See also Chapter 28-5, F.A.C.).

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 287.042(13) FS. Law Implemented 120.53(1)(a), 120.57(2), 120.60(1), (6), (7), 240.225, 240.227(1), 287.042 FS. History–New 2-17-81, Formerly 6C3-6.23.

6C3-6.024 Cooperative Purchasing.

The University may either participate in, sponsor, conduct or administer cooperative purchasing agreements for the procurement of any supplies, service or construction with one or more University in the State University System and the Board of Regions Central Office or other Governmental Agencies/Entities. Such cooperative purchasing may include, but is not limited to, joint or multi-party contracts between Universities and open-ended procurement with contracts which are made available to other state agencies.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 287.042(13) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 287.042 FS. History–New 2-17-81, Formerly 6C3-6.24.

6C3-6.028 Sponsored Research Exemptions.

(1)(a) General Information: Section 240.241(9), F.S., allows the University, in particular instances, to exempt the purchase of materials, supplies, equipment or services for research purposes from the general purchasing requirements of Chapter 287, F.S. In addition, Section 240.241(12), F.S., allows exemption from Chapters 215 [Financial Matters], 216 [Planning and Budgeting], and 283 [Public Printing and Stationary], subject to Section 240.241(9), F.S.

(b) The exemption may be exercised when the Director of Sponsored Research submits to the President a Division of Sponsored Research Exemption Form, PUR 6/88, hereby incorporated by reference, which will certify that the exemption is necessary for the efficient or expeditious prosecution of a sponsored project.

(2) Exemption Criteria: Exemptions may be granted for transactions that fall under threshold category II according to Chapter 287, F.S., when the conditions as noted exist.

(a) Competitive Bidding:

1. The request to be exempted from the competitive bidding requirements must demonstrate that the exemption is “necessary for the efficient or expeditious prosecution of a research project.” This may be shown by any one of the following conditions: where a certain vendor is specified in a prime contract or grant award; a certain vendor is approved in writing by the prime contractor or granting agency in accordance with the provisions of the prime contract or grant award; the purchase of specific goods or services from a certain vendor is demonstrated to be more efficient or expeditious based on compatibility, availability, or the current capabilities of the Principal Investigator and staff; the purchase of specific goods or services from a certain vendor is demonstrated to be necessary to meet the time requirements of the prime contract or grant award; the purchase of specific goods or
services from a certain vendor is demonstrated to be mandated by scientific or technical requirements; the purchase of specific goods or services from a certain vendor is demonstrated to be at a cost below industry norms, or other conditions which are demonstrated to meet the statutory requirements necessary for expeditious prosecution of a research project.

(b)1. The Principal Investigator will initiate the request for an exemption by submitting the request to the Division of Sponsored Research, allowing at least three days for adequate review as well as:

– a detailed justification for the request;
– a quotation showing the vendor’s price;
– a statement and/or evidence, that some form of price comparison or determination of price reasonableness has been performed.

2. The request shall be accompanied by the general requisition and by any additional essential documentation.

(c) Advance Payments and Documentation. The request for an exemption from provisions of Chapter 215, F.S., must meet the following conditions:

1. Advance Payments: The request for an advance payment must be necessary to:
   – fund extensive start-up costs, 
   – realize discounts or cost savings, or
   – create adequate cash flow in order to provide required goods or services.

2. The Principal Investigator must be responsible for determining that all goods/services, for which an advance payment has been made, are satisfactorily received.

3. Documentation: To insure the availability of adequate records for the review of fiscal records, subcontractors’ invoices shall contain a level of detail that is, at a minimum, commensurate with the level of detail and reporting required of the University by the Prime Contract or grant award.

(d) When an exemption under Section (2)(c), F.S. is authorized, the contract will contain the following provision: “The Contractor agrees to return to the University any over payments due to unearned funds or funds disallowed pursuant to the terms of this Contract or by the prime agency that were disbursed to the Contractor by the University. Such funds shall be considered University funds and shall be refunded to the University within 45 days following the time the overpayment and/or disallowance is discovered unless otherwise authorized by the University in writing. In addition, the Contractor agrees to exclude from its expenditure reports and any other claims for reimbursement any amounts disallowed by the prime agency and/or the University in accordance with the terms of this Contract.”

(e) Miscellaneous Exemptions: Other exemptions provided for in Section 240.241, F.S. may also be authorized if it can be demonstrated that they are necessary for the efficient or expeditious prosecution of a project. Exemptions may include:

1. Travel: A subcontractor may be reimbursed for travel expenses of non-State of Florida personnel performing travel under a sponsored research subcontract in accordance with the provisions of the applicable prime contract or grant and the travel allowances normally provided by the subcontractor. The exemption will accompany the Travel Authorization Request (TAR) to the University Travel Office. In addition, documentation on the travel allowance provided by the subcontractor must also accompany the TAR.

2. Confidentiality: Where the conditions of Section 240.241(2), F.S., are met, some information may be protected from disclosure as a public record pursuant to Chapter 119, F.S., if the research activity necessitates an exemption from public scrutiny.

(3) Certification by Director of Sponsored Research: To execute an exemption, the Division of Sponsored Research shall deliver to the President a notarized Sponsored Research Exemption form signed by the Director. The certification shall contain the following:

– requisition number, name of grant, grant number and other information as appropriate;
– description of item(s) requested;
– statement of the purpose of the purchase.

(a) Distribution: The distribution of the certification shall be as follows:

1. The original certification will be sent to the University President;

2. A copy of the Sponsored Research Exemption Certification memorandum provided to the President, the general requisition and a copy of the other documentation listed above will be sent to Purchasing. 

3. The general requisition and a copy of the other documentation listed above will be sent to Purchasing. The Director of Purchasing will be consulted, as necessary in the issuance of an exemption. However, prior consent to a Sponsored Research Exemption by the Director of Purchasing is not required. Upon reviewing the documentation provided with the exemption, any information that Purchasing has that would impact the use of a sponsored research exemption, should be transmitted to the Division of Sponsored Research prior to issuance of the purchase order. Purchasing will be responsible for compliance with all other State of Florida and University rules and regulations. Any purchase order issued under a sponsored research exemption will contain a statement indicating that a sponsored research exemption was given.

4. Purchasing will forward a copy of the certification, along with a copy of the contract and/or purchase order to the University Controller’s Office. The University Controller’s Office will forward a copy of these documents to the State comptroller as an attachment to the vendor for the payment of the first invoice.

(4) Other requirements:
(a) A sponsored research exemption may only be used when the purchase of goods or services is fully funded from sponsored research funds. Payments made for purchases or other actions under a sponsored research exemption may not be reimbursed subsequently from other University funds.

(b) A copy of the Sponsored Research Exemption Certification and any supporting documentation will be maintained in and obtained from the Office of Sponsored Research.

6C3-7.001 Purpose.
The purpose of this chapter is to implement the delegated authority to Florida A & M University received by the State University System in accordance with Section 240.225, Florida Statutes, with respect to those leasing functions and duties heretofore performed by the Department of General Services in accordance with Sections 225.248, 255.249, 225.25, Florida Statutes. (See also DGS Rule 60D-9.001, F.A.C.).

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.01.

6C3-7.002 Definitions.
For the purpose of this chapter, each of these words shall have the following meaning:

(1) Lease – The contract instrument or agreement required to lease a building or any part thereof.
(2) Privately Owned – Any building not owned by a governmental agency.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.248, 254.249 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 254.248, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.02.

6C3-7.003 Approval.
(1) General. Before leasing a building or any part thereof, prior approval of the need shall be obtained from the University Space Committee. Prior to occupancy, lease terms and conditions shall be approved by the University Attorney and the University President or Vice-President for Administrative Affairs. All lease agreements shall be executed by the President or a designee. All leases must be signed by the Chancellor of the State University System.

(2) Nothing in this chapter shall be interpreted as circumventing the provisions of Section 255.21, Florida Statutes.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.03.

6C3-7.004 Standard Lease Agreement Form.
(1) The University may use the Department of General Services Standard Lease Agreement form. Should the University use its own form, such form should embrace the terms and conditions of the Department of General Services Standard Lease Agreement which may be changed or additional covenants or conditions added thereto with the prior approval of the University Attorney and the Board of Regions Central Office Attorney except for Articles III(2) and IV.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.25, 255.249 FS. History–New 2-17-81, Formerly 6C3-7.04.

6C3-7.005 Escalation Clauses Prohibited.
A lease shall not contain an open rate, such as Consumer Price Index or rental escalation clause. Any such clause in a lease shall be null and void.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.25, 255.249 FS. History–New 2-17-81, Formerly 6C3-7.05.
6C3-7.006 Right-to-terminate Clause Required.
A right-to-terminate clause shall be a part of any lease for a term exceeding one year and may not be omitted from any University lease.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.25, 255.249 FS. History–New 2-17-81, Formerly 6C3-7.06.

6C3-7.007 Renewal of Lease.
Any lease may contain an option to renew and any such renewal shall be made in accordance with the terms and conditions of such agreement.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.25, 255.249 FS. History–New 2-17-81, Formerly 6C3-7.07.

6C3-7.008 Fire Code Compliance in Leased Space.
(1) Any private sector building to be leased by the University shall comply with the fire safety standards of the State Building Code.
(2) Before construction or renovation of any state-leased building is concerned, the University shall ascertain that the proposed construction or renovation plan complies with the fire safety standards of the State Building Code.
(3) Whenever the University determines that a construction or renovation plan is not in compliance with such fire safety standard, the University may issue an order to cease all construction or renovation activities until compliance is obtained, accept those activities to achieve such compliance.
(4) The University shall withhold approval of any proposed lease until the facility and/or construction or renovation plan complies with fire safety standards.
(5) The cost of all modifications or renovations made for the purpose of bringing leased property into compliance with the fire safety standards shall be borne by the lessor.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.25 FS. Law Implemented 120.53(1)(a), 240.227(1), 255.25 FS. History–New 2-17-81, Formerly 6C3-7.08.

6C3-7.009 Lease of 2,000 Square Feet or More.
(1) The University shall not enter into a lease for 2,000 square feet or more of space in a privately owned building except upon advertisement for and receipt of competitive bids and award to the lowest bid meeting specifications. The University shall not enter into, within any 12 month period, more than one lease for space of a total of 2,000 square feet or more in a privately owned facility or complex or except upon the solicitation of competitive bids.
(a) Exceptions.
1. This rule shall not apply to renewal of leases.
2. This rule shall not apply to any lease having a term of less than 21 consecutive days for the purpose of securing the one-time special use of the leased property.
3. This rule shall not apply to any lease for nominal or no consideration. As used herein “nominal consideration” means consideration of $1.00 or less per year.
4. This rule shall not apply to building or facilities of any leased for the purpose of providing care and living space for persons.
5. The University may approve extensions of an existing lease of 2,000 square feet or more space if such extensions are determined to be in the best interest of the state, but in no case shall the total of such extension exceed 11 months. If at the end of the period granted by the extension(s), the time of such extension(s) equal(s) 11 months, the University shall solicit competitive bids in accordance with this chapter.
(2) The University shall not enter into a lease agreement for space of 2,000 square feet or more in a privately owned building when suitable space is available in a state-owned building located in the same geographic region unless it is determined to be in the best interest of the State. The term “state-owned building” as used in this section means any state-owned facility regardless of use or control.
(a) A public solicitation for proposals will be widely publicized using newspaper advertisements and contract with owners, developers or realtors in the city or area in which space is desired.
(b) Solicitation should set forth, but not be limited to the following:
1. Approximate net square footage required.
2. General area in which space must be located.
3. Date space must be available.
4. Name and address of location where specifications may be obtained.
(4) Specifications.
(a) Specifications shall be drawn by the University in general terms. They shall afford each prospective lessor, interested in submitting a proposal, knowledge of the University’s space requirement. They shall not be constructed to favor any specific location or lessor.

(b) Specifications provided to each prospective lessor should set forth, but not be limited to, the following:
1. Approximate net square footage required, to be measured in compliance with the State University System Standard Method of Space Measurement.
2. An approximate floor plan of space needed showing partitioning and other physical requirements.
3. General location of required space.
4. Date space must be available.
5. Term of lease with option to renew, if desired.
6. Services required to include parking, dining and transportation requirements.

(c) Specifications shall also set forth that the prospective lessor will agree to:
1. Enter into a contract on the specified lease agreement form.
2. Provide a scaled floor plan showing present configurations and measurements that equate to net rentable square footage offered.
3. Comply with the requirement of Chapter 60D-1, F.A.C., Design Standards for Special Facilities for the Physically Disabled.
6. Validate the proposal for a minimum or thirty (30) or more days following the public bid opening date.
7. Provide a Life Cycle Analysis with proposal if space is for 20,000 or more square feet in any one structure with the understanding that the analysis shall be acceptable before an award can be made. (Section 255.254, Florida Statutes).
8. Comply with the fire safety standards of the State Building Code.
9. Ensure that any renovations required will comply with fire safety standards of the State Building Code before renovations are commenced. (Section 255.255, Florida Statutes.)
10. Propose a rental rate per square foot per year that will include all renovations and other special requirements to accommodate the program at the time of initial occupancy.

(d) Specifications may provide that sealed proposals are to be submitted, in a titled envelope, to a designated individual by a specified closing time and date, at which time all proposals will be publicly opened.

(5) Proposals.
(a) Proposals shall specifically respond but need not be limited to each item included in the specifications.
(b) Each proposal shall be signed by the owner(s), corporate officers, or legal representative(s). The corporate, trade, or partnership name must be either stamped, written or typewritten, beside the actual signature(s). If the proposal is signed by an agent, written evidence of his authority must accompany the proposal. If a corporation foreign to the State of Florida is the owner, evidence of authority to conduct business in Florida shall be presented.

(6) Evaluation.
(a) The University alone shall reserve the right to accept or reject any or all bids submitted and if necessary reinstitute procedures for solving competitive proposals.
(b) The University in conjunction with preparing specification, shall develop weighted evaluation criteria. The criteria items most significant to the University’s needs should bear the highest weight. The cost of relocation, if any; consolidation of activities, if desirable; and any other factors deemed necessary should be weighted.
(c) The evaluation shall be made by the University.
(d) Selection shall be made by the University.
(e) Documentation to support the selection shall be maintained and shall include but not be limited to the following:
1. A copy of all advertisements.
2. A copy of the proposal specifications.
3. A copy of all proposals received.
4. A synopsis of the University’s findings for each proposal.
5. Lease preparation and approval.
(f) Selection shall be publicly announced by the University.
(g) After the selection has been announced, a lease agreement shall be properly executed.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.09.

**6C3-7.010 Disclosure Statements: Private Entities, Public Officials.**

(1) A statement by the owner providing for full disclosure of the names and the extent of interest of the owners holding 4% or more interest in any privately owned property leased to the state or in the entity holding title to the property, shall be secured for all new leases, renewal leases, modifications to approved leases and the notification of renewal under an existing lease option.
(2) A statement by the owner providing for full disclosure of the names of all public officials, agents, or employees holding any interest in any privately owned property leased to the state, or in the entity holding title to the property, and the nature and extent of their interest, shall be secured for all new leases, renewal leases, modifications to approved leases, and notifications of renewal under a lease option.

(3) It is not necessary to make disclosure of any beneficial interest which is represented by stock in any corporation registered with the Securities and Exchange Commission or registered pursuant to Sections 517.07, 517.051, 517.061, Florida Statutes, which stock is for sale to the general public. A statement certifying the registration shall be provided by the Lessor.

(4) It is not necessary to make disclosure under subsections (1) and (2) of any leasehold interest in property located outside the territorial boundaries of the United States.

(5) Each subsequent transaction pertaining to a lease for which a Disclosure Statement has been provided, may be accompanied by a lessor’s affidavit that the previous Disclosure Statement submitted on (date to be provided) is still valid, if no change in the interest held or individuals concerned has occurred.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.10.

6C3-7.011 Legal Review.

(1) All leases of space in a privately owned building shall be reviewed as to form and legality by the University’s Attorney or member of the University’s legal staff and approval thereof indicated on the lease agreement.

(2) This rule shall not apply to leases for less than twenty-one (21) consecutive days.

Specific Authority 120.53(1)(a), 240.225(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.11.

6C3-7.012 Certification of Compliance.

On a form prepared by the University, the University President shall certify that the lease is in compliance with all leasing criteria provided by Chapter 255, Florida Statutes. For leases under 2,000 square feet, certification authority shall not be delegated.

Specific Authority 120.53(1)(a), 240.225(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.12.

6C3-7.013 Space Measurements.

The University shall utilize the State University System method of space measurement. (Reference BOR Rule 6C-17.012, F.A.C.)

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 250.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.13.

6C3-7.014 Space Allocation.

Space allocation shall be based on the State University Space General Formula. (Reference BOR Rule 6C-17.013, F.A.C.)

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.14.

6C3-7.015 Rental Rates.

The rental rate for space shall be within rental rate guidelines established by the Board of Regents. (Reference BOR Rule 6C-17.014, F.A.C.)

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.15.

6C3-7.016 Exception to Competitive Bidding.

Any lease for the purpose of providing care and living space for persons shall be exempt from the competitive bidding requirements utilized for that purpose.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.16.

6C3-7.017 Nominal or No Consideration Leases.

Leases for nominal or no consideration shall be reported to and approved by the University President.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 255.249, 255.25 FS. History–New 2-17-81, Formerly 6C3-7.17.
CHAPTER 6C3-8 MOTOR POOL

6C3-8.001 Purpose.
The purpose of this chapter is to implement the delegated authority to Florida A and M University on Motor Pool functions received by the State University System in accordance with Section 240.225, Florida Statutes, with respect to those Motor Pool functions and duties heretofore performed by the Department of General Services. (See also DGS Rule 60B-4.004, F.A.C.).

Specific Authority 120.53(1)(a), 240.225, 240.227(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 287, Part II FS. History–New 2-17-81, Formerly 6C3-8.01.

6C3-8.002 Approval.
The University shall not acquire any motor vehicle or watercraft through lease, lease purchase, purchase or transfer from another agency without the express written permission of the President of the University or his designee. This section shall not apply to the temporary lease (less than 30 days) of a vehicle for the use of an employee for the conduct of normal university business.

Specific Authority 120.53(1)(a), 240.225, 240.227(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 287, Part II FS. History–New 2-17-81, Formerly 6C3-8.02.

6C3-8.003 Acquisition and Disposal.
(1) The procurement of all vehicles shall be executed by the Director of Purchasing.
(2) All vehicle or watercraft will be the most appropriate for the task to be performed. Specifications for all vehicles will be made by the Director of Purchasing who will consult with a representative or representatives of the using department.
(3) Disposal of surplus motor vehicles or watercraft will be executed in accordance with Surplus Property, Chapter 6C3-9, F.A.C.

Specific Authority 120.53(1)(a), 240.225, 240.227(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 287, Part II FS. History–New 2-17-81, Formerly 6C3-8.03.

6C3-8.004 Assignment and Use.
(1) Motor vehicles and watercraft will be available for University purposes only as authorized by the President or his designee.
(2) Students or other non-university personnel may be allowed to operate motor vehicles and/or watercraft on a temporary basis for the conduct of regular University business or as an emergency situation may necessitate.
(3) Special assignment vehicles shall be assigned for use upon certification of the President or his designee.

Specific Authority 120.53(1)(a), 240.225, 240.227(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 287, Part II FS. History–New 2-17-81, Formerly 6C3-8.04.

6C3-8.005 Maintenance.
(1) At the option of the University President or his designee, motor vehicle and watercraft maintenance may be performed by the University or, through negotiations, with the Department of General Services.
(2) This section does not preclude the emergency repair of a motor vehicle or watercraft when operating away from the normal geographical use area.

Specific Authority 120.53(1)(a), 240.225, 240.227(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 287, Part II FS. History–New 2-17-81, Formerly 6C3-8.05.

6C3-8.006 Aircraft.
(1) The acquisition of any aircraft for the conduct of University business or the acquisition of any aircraft using University funds shall require the prior approval of the Board of Regents.
(2) This section does not preclude the use of commercial airlines or state air pool for the normal conduct of University business nor the procurement of special charter services for the transport of groups of University personnel or sports teams or student groups.

Specific Authority 120.53(1)(a), 240.225, 240.227(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(1), 287, Part II FS. History–New 2-17-81, Formerly 6C3-8.06.
CHAPTER 6C3-9 SURPLUS PROPERTY

6C3-9.001 Purpose.
The purpose of this chapter is to implement the delegated authority to Florida A & M University on Surplus Property functions received by the State University System in accordance with Section 240.225, Florida Statutes, with respect to those Surplus Property functions and duties heretofore performed by the Department of General Services in accordance with Sections 273.04, 273.05 and 273.55, Florida Statutes. (See also DGS Rule 60A-6.001, F.A.C.)

Specific Authority 120.53(1)(a), 240.225, 240.227(1), (17), 273.055(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(17), 273.04, 273.05, 273.055 FS. History–New 2-17-81, Formerly 6C3-9.01.

6C3-9.002 Definitions.
(1) Custodian – Any person entitled to lawful custody of property owned by the State.
(2) Property Manager – An individual assigned by the University President to manage the assignment, accountability, transfer and disposal of state-owned property for which the University has custodial responsibility under the Florida Statutes.
(3) Tangible Personal Property – All personal property, other than Real Estate, acquired and belonging to the State of Florida.
(4) Exchange Property – Property being offered as a trade-in on the purchase of a new item.
(5) Property Survey Board – A body appointed by the University President to oversee surplus property practices and determine disposition actions.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), (17), 273.055(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(17), 273.04, 273.05, 273.055 FS. History–New 2-17-81, Formerly 6C3-9.02.

6C3-9.003 Reporting Requirements for Surplus, State-owned, Tangible Personal Property.
Tangible personal property which is determined to be surplus because it is excess, obsolete, uneconomical or inefficient for continued use shall be certified as surplus by the custodian of the property to the Property Manager. The Property Manager will agenda the certification for disposition action by the Property Survey Board.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), (17), 273.055(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(17), 273.04, 273.05, 273.055 FS. History–New 2-17-81, Formerly 6C3-9.03.

6C3-9.004 Certification.
Surplus Property Certification shall provide the following information:
(1) Complete description of property.
(2) Statement of condition and age.
(3) Original purchase price.
(4) Estimated current value.
(5) Location of property and hours when property may be examined, person to contact for examining property, and a minimum bid (if required).
(6) Any additional information that would assist in determining whether or not property should be offered to other Universities, state agencies, or governmental entities.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), (17), 273.055(1) FS. Law Implemented 120.53(1)(a), 240.225, 240.227(17), 273.04, 273.05, 273.055 FS. History–New 2-17-81, Formerly 6C3-9.04.
6C3-9.005 Building and Structure.
Building, structures and other items of a semi-permanent or permanent nature shall be considered tangible personal property, if and when they are severed from the real property upon which they reside, and shall be reported in the same manner as all other surplus properties. PART I ALL FLORIDA A & M UNIVERSITY EMPLOYEES

6C3-10.001 Purpose of Chapter 6C3-10.

(1) The purpose of Chapter 6C3-10, F.A.C., is to set forth the personnel rules that are applicable to the following groups of Florida A & M University employees: Faculty, Administrative and Professional (A & P) including the Executive Service, University Support Personnel System (USPS) and Other Personal Services (OPS) employees which are specifically exempted from the State Career Service by Section 110.205(2)(d), F.S.

(2) Chapter 6C3-10, F.A.C., sets forth only those personnel rules for University Faculty, A & P including the Executive Service, and USPS employees which have universitywide application by virtue of authority granted to the University in Chapter 240, Part II, F.S. All state employees, including university employees, are subject to the provisions of Chapter 110, Part I, F.S. These universitywide personnel rules are supplemented by university rules, found under Title Designation Rule 6C3 and Chapter 6C-5, Part IX, F.A.C., and by the collective bargaining agreements between the Board of Regents (BOR) and United Faculty of Florida (UFF), Police Benevolent Association (PBA), Florida Nurses Association (FNA) and American Federation of State, County and Municipal Employees (AFSCME). Chapter 6C3-10, F.A.C., is also supplemented by applicable Federal and State laws governing employees of the Florida State University System as enumerated in Rule 6C-5.900, F.A.C.
(3) Part I sets forth only those personnel rules that are applicable to University Faculty, A & P, including the Executive Service, USPS and OPS employees, which specifically reference such OPS employees. Graduate and student assistant classifications contained in the Faculty section of the State University System (SUS) Classification and Compensation Plan, regardless of whether such employees serve in a position in one of the collective bargaining agreements are not covered by this rule.

(4) Part II sets forth rules that are applicable only to Faculty and A & P employees.

(5) Part III contains rules that are only applicable to USPS employees.

(6) The use of the term “Employee” means a member of one of the following four classification titles, Faculty, Administrative and Professional, and University Support Personnel System employee, and OPS employees. If the rule provision applies to a specific group or groups, they are specified.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 240.227(5), (19) FS. History—New 5-6-82, Amended 7-15-87, 6-27-96.

6C3-10.101 Applicability of Part I.

(1) Part I is applicable to all Faculty, Administrative and Professional (A & P) including the Executive Service, University Support Personnel System (USPS) and Other Personal Services (OPS) employees of the University, with the exception of those graduate and student assistant classifications contained in the Faculty section of the State University System (SUS) Classification and Compensation Plan of the SUS Employment Rule.

(2) The rules stated in Part I are supplemented by the provisions of the collective bargaining agreements between the Board of Regents (BOR) and United Faculty of Florida (UFF), Police Benevolent Association (PBA), Florida Nurses Association (FNA) and American Federation of State, County and Municipal Employees (AFSCME) respectively, applicable university rules published in Title Designation 6C3 and Chapter 6C-5, F.A.C., Part IX.

(3) Other Personal Services (OPS) employees are covered by the rules in part I where specifically indicated.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 110.205(2)(d), 240.227(5), (19) FS. History—New 5-6-82, Amended 7-15-87, 6-27-96.

6C3-10.103 Non-Discrimination Policy and Discrimination and Harassment Complaint Procedures.

(1) It is the policy of Florida A & M University that each member of the University community be permitted to work or attend class in an environment free from any form of discrimination including race, religion, color, age, handicap, disability, sex, marital status, national origin, veteran status, and sexual harassment, as prohibited by state and federal statutes. Organizations using University facilities, support or services must assure that they do not illegally discriminate in their membership with respect to race, color, religion, age, handicap, disability, sex, marital status, national origin, and veteran status.

(2) It is also the policy of the University to create an educational and work environment free from harassment on the basis of race, color, religion, age, handicap, disability, sex, marital status, national origin, and veteran status.

(3) Florida A & M University will actively promote equal opportunity policies and practices which conform to all laws against discrimination and harassment. Further, the University is committed to providing an environment free from discrimination with respect to race, religion, color, age, handicap, disability, sex, marital status, national origin and veteran status as protected under the Vietnam Era Veteran’ Readjustment Assistance Act. This commitment applies in all areas affecting students, Faculty, Administrative and Professional (A & P), University Support Personnel System (USPS) and Other Personal Services (OPS) employees. It is also relevant to Florida A & M University’s selection of contractors, to suppliers of goods and services, and to the use of facilities. Moreover, no person in the University community shall be denied the benefits of, or be subjected to discrimination under any educational program or activity, or in any employment conditions or practices, conducted by Florida A & M University, which is a recipient of federal and state financial assistance.

(4) Florida A & M University is committed to the principle of taking those positive steps necessary to achieve the equalization of educational and employment opportunities in public higher education as outlined in Executive Order 11246. Employment vacancies for Faculty, A & P and selected USPS positions will be announced publicly by the University in the State University System Position Vacancy Announcement, copies of which are publicly circulated to colleges and universities, and to other offices upon request. University Support Personnel System (USPS) position vacancies will be announced in accordance with applicable Board of Regents Rules.

(5) Organizations when permitted the use of university facilities, support or services must assure that they do not illegally discriminate in their membership with respect to race, color, religion, age, handicap, disability, sex, marital status, national origin and veteran status.

(6) Definition of Discrimination and Harassment.

(a) Discrimination shall include:

1. Limiting, segregating or classifying students, employees, applicants for admission, or applicants for employment, in such a way as to deprive individuals of educational or employment opportunities or otherwise adversely affect individuals because of their race, religion, color, age, handicap, disability, sex, marital status, national origin or veteran status;
2. Denying educational or employment opportunities to individuals because of their race, religion, color, age, handicap, disability, sex, marital status, national origin or veteran status;

3. Providing unequal educational or employment opportunities to individuals because of their race, religion, color, age, handicap, disability, sex, marital status, national origin or veteran status;

4. Providing unnecessarily separate educational programs or activities for individuals because of their race, religion, color, age, handicap, disability, sex, marital status, national origin or veteran status;

5. Entering into contractual or other arrangements which utilize criteria or administrative methods which have the effect of subjecting individuals to discrimination or which otherwise adversely affect individuals because of their race, religion, color, age, handicap, disability, sex, marital status, national origin or veteran status;

6. The application of any policy or procedure, or taking of any admission or employment action, that adversely affects a student, employee, applicant for admission, applicant for employment, a group of students, or a group of employees based on race, religion, color, age, handicap, disability, sex, marital status, national origin or veteran status.

(b) Harassment shall include:

1. Any slurs, innuendoes or other verbal or physical conduct reflecting on an individual’s race, ethnic background, gender or handicapping condition which has the purpose or effect of creating an intimidating, hostile or offensive educational or work environment; has the purpose or effect of unreasonably interfering with the individual’s work or school performance or participation; or otherwise adversely affects an individual’s employment or educational opportunities.

2. The denial of or the provision of aid, benefits, grades, rewards, employment, faculty assistance, services, or treatment on the basis of sexual advances or requests for sexual favors.

3. Sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or educational career; submission to or rejection of such conduct is used as a basis for educational or employment decisions affecting the individual; or such conduct has the purpose or effect of unreasonably interfering with an individual’s work or educational performance or creating an intimidating, hostile or offensive working or educational environment.

(7) Dissemination and Implementation of the Rule.

(a) The provisions of this rule are applicable to students, employees, vendors, persons or organizations using University facilities or services and applicants for admission and employment at Florida A & M University.

(b) The Office of Equal Opportunity Programs shall disseminate the Non-discriminating Policy to all units of the University which shall comply and adhere to the provisions contained in this rule. All units shall also take appropriate action to implement the provisions set forth in this rule.

(8) Procedures for Filing a Complaint.

(a) Any individual who believes that he/she is a victim of discrimination or harassment may seek guidance from the Equal Opportunity Programs (EOP) Officer who has been delegated authority by the President to receive and investigate EEO complaints, regarding the options available for resolution of his/her concern. The EOP Officer shall inform each individual of the formal and informal options by which his/her concern can be addressed and resolved. Issues handled informally, will not normally invoke the investigatory procedures set forth in this rule. Issues handled formally, shall include the full range of processes and reviews that are necessary to ascertain the facts and to lead to a fair and impartial resolution of the matter.

(b) A complaint filed under this rule shall be filed on the Charge of Discrimination/Harassment Form EOP100 Revised 12/94, which is incorporated herein by this reference, and submitted to the EOP Officer within 60 calendar days after the alleged occurrence of the discrimination/harassment incident. The form may be obtained from the EOP Office.

(c) No formal action, including investigation may be undertaken unless and until a formal complaint is filed. This provision shall not limit the University in any way from initiating its own review of the complaint and taking appropriate action should such be deemed warranted under the circumstances presented.

(d) After receiving the signed written complaint, the EOP Officer shall:

1. Notify the complainant and the person against whom the complaint has been filed of the complaint, of the allegations contained therein and provide an opportunity for response thereto. At all points of the procedure, the complainant and the person against whom the complaint has been filed shall be kept informed;

2. Conduct a full and complete investigation of the complaint. The investigation conducted pursuant to this section shall be performed on a confidential basis, and all means necessary shall be utilized to safeguard the rights of the complainant, the person against whom the complaint has been filed, witnesses, and any other involved in the proceedings;

3. File with the President within 30 working days from receipt of the complaint, a written report detailing the findings of the investigation and a recommendation of appropriate action.

(e) Presidential Review and Decision.

1. If, the President determines that the complaint is without merit, the President shall within 30 working days from receipt of the EOP Officer’s written report and recommendation, order a written decision dismissing the complaint.

2. If, the President determines that disciplinary action is warranted, the President shall within 30 working days from receipt of the EOP Officer’s written report and recommendation, issue to the complainant and the person against whom the complaint has been filed; a written notice of the proposed disciplinary action, which shall include the reasons giving rise to the proposed...
disciplinary action, and the right of the person against whom the complaint has been filed to request, within 10 working days of the receipt of the proposed disciplinary action, an investigatory interview before the University Personnel Committee appointed by the President.

3. The University Personnel Committee when charged to review a complaint, shall file with the President, their findings and recommendations.

4. The President shall render, within 20 working days of receipt of the University Personnel Committee’s recommendation, a final written decision either dismissing the complaint or taking appropriate disciplinary action. The complainant or the person against whom the complaint has been filed can upon receipt of the final decision, make an appeal to the President for a review of the decision. Any appeals, at this time, must be filed in writing within 10 working days of receipt of the President’s written decision. Any additional information provided to the President must be provided in conjunction with the written appeal addressed to the President. If an appeal is filed with the President, the President shall have the right, to affirm, modify or reverse his decision.

9) Time Limitation for Receipt of Formal Complaints, Investigation, and Disposition.

(a) Any written complaint filed under this section must be filed with the EOP Officer within sixty (60) calendar days after the alleged occurrence of the harassment incident.

(b) Upon receipt of a written complaint, the EOP Officer shall render a written report and recommendation to the President within thirty (30) working days. This time period may be extended by the EOP Officer should an extension be necessary in order to ensure a full, fair and complete investigation. The EOP Officer shall give notice to the parties if such an extension is deemed necessary.

(c) The President shall render a written decision dismissing the complaint or initiating formal action within thirty (30) working days of receipt of the EOP Officer’s report and recommendation.

(d) The person against whom the complaint has been filed shall notify the President within ten (10) working days of receipt of the notice of proposed disciplinary action of the person’s desire to appear before the University Personnel Committee and to present written or oral evidence to refute or explain charges or reasons for the action. In cases where an investigatory interview is conducted, the President shall render a written decision dismissing the complaint or taking disciplinary action within 20 working days after receipt of the recommendations from the University Personnel Committee.

(e) The Complainant or the person against whom the complaint has been filed may make an appeal to the President within 10 working days after receipt of the President’s written decision.

10) Disciplinary Actions.

(a) Any employee of the University who is found to have discriminated against or harassed a student, an employee or an applicant for admission or employment will be subject to counseling or disciplinary action. Disciplinary action may include a written reprimand, suspension or dismissal. The nature of the counseling or disciplinary action shall be guided by the seriousness of the offense.

(b) Any student who engages in discrimination against or harassment of a student or an applicant for admission or employment will be subject to counseling or disciplinary action. Disciplinary action may include a written reprimand, probation, suspension, dismissal or expulsion. The nature of the counseling or disciplinary action shall be guided by the seriousness of the offense.

(c) Any employee in a supervisory capacity who has knowledge of a complaint or a complainable offense as defined under (6) above, involving any supervised employee, and who does not take corrective action or report the matter directly to the President or the University EOP Officer will be subject to counseling or disciplinary action. Disciplinary action may include a written reprimand, suspension or dismissal. The nature of the counseling or disciplinary action shall be guided by the seriousness of the offense.

(d) Any employee in a supervisory capacity who has knowledge of a complaint or a complainable offense involving another supervisor, or involving an employee(s) supervised by another supervisor, or involving a student(s) in the class(es) of another supervisor’s employee and who does not take appropriate corrective action or report the matter directly to the President or University EOP Officer will be subject to counseling or disciplinary action. Disciplinary action may include a written reprimand, suspension or dismissal. The nature of the counseling or disciplinary action shall be guided by the seriousness of the offense.

(e) Any employee or student who knowingly files a false complaint of discrimination or harassment or who knowingly provides false testimony under this rule shall be subject to disciplinary action. For employees, disciplinary action may include a written reprimand, suspension or dismissal. For students, disciplinary action may include a written reprimand, probation, suspension, dismissal or expulsion. The nature of the disciplinary action shall be guided by the seriousness of the offense.

11) Retaliation Procedure.

(a) Complainants who feel that they have been retaliated against for exercising their rights under this rule shall have the right to file a retaliation complaint with the EOP Officer.

(b) Retaliation complaints shall be handled in the same manner and utilizing the same procedures set forth above in subsection (8).

12) Election of Remedies; Complainant’s Right to Seek Remedy Outside the University.

(a) The doctrine of election of remedies shall apply to complaints filed pursuant to this rule. Should a Complainant elect to pursue an available alternative remedy, including the filing of a grievance pursuant to the collective bargaining agreement, the filing of any such grievance shall operate as a waiver of the Complainant’s right to file a complaint and avail the Complainant of
the procedures available under this rule. Should a grievance be filed pursuant to an alternative remedy and subsequent to the filing of a complaint under this rule but before proceedings under this rule have been completed, the filing of any such grievance nonetheless will act as a waiver, and proceedings pursuant to this rule shall be terminated.

(b) The doctrine of election of remedies shall also apply to appeals filed by persons against whom a complaint has been filed. The filing of an appeal pursuant to an alternative remedy by a person against whom a complaint has been filed, including the filing of a grievance under the collective bargaining agreement or the filing of a petition for a hearing pursuant to Section 120.569, F.S., shall operate as a waiver of the right to appeal to the President pursuant to this rule.

6C3-10.105 Employment Plan for University Faculty, Administrative and Professional, University Support Personnel System and Other Personal Services Employees.

(1) Florida A & M University shall adhere to the State University System (SUS) General Personnel Policy which is maintained by the Board of Regents (BOR) for all SUS employees – Faculty, Administrative and Professional (A & P), including the Executive Service, University Support Personnel System (USPS) employees. The University shall also adhere to the rules governing Other Personal Services (OPS) employees as stipulated in Rule 6C3-10.141 and Chapter 6C-5, Part IX, F.A.C. No position shall be filled until it has been authorized and classified in accordance with the SUS Employment Plan.

(2) The President or President’s designee shall have the authority to:
   (a) Authorize and establish positions within the authorized list of Faculty, A & P and USPS classes in the SUS Employment Plan;
   (b) Hire Faculty, A & P and USPS employees in accordance with the provisions of the SUS Employment Plan;
   (c) Assign Administrative and Professional positions to an appropriate pay range; and
   (d) Reclassify current authorized and established positions as required by the guidelines of the SUS Employment Plan.

(3) The recruitment and selection of Faculty, A & P and USPS employees shall be governed by Rule 6C-5.510, F.A.C.; applicable collective bargaining agreements and, the provisions of the University’s Affirmative Action Plan. Position vacancies shall be advertised throughout the State University System (SUS) as specified in the SUS Position Vacancy Announcement guidelines.

(4) The offer of employment to a Faculty, A & P, or USPS employee shall be made by the President or President’s designee.
   (a) Appointments to the A & P Executive Service, however, shall be made only by the President. The offer of employment to Faculty and A & P employees shall be made by means of a contract subject to the provisions of Section 216.311, F.S., and conditioned on the return of a duly executed copy of the contract by a specified date.
   (b) Employees appointed to the A & P Executive Service shall not have tenure and no expectation of appointment beyond a 60 days notice period. Executive Service positions shall be policy-making at the executive level and report directly to the President.

(5) The President or President’s designee may for the best interest of the University, and at any time, assign a faculty or A & P employee to other institutional assignment(s). This change in assignment will take place only after consultation with the employee and the departments or other affected units. Regardless of the change in assignment, however, the University is committed to compensate the employee. Change in assignments in conjunction with a nonreappointment shall be made pursuant to Rule 6C3-10.233, F.A.C.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 240.227(1), (5), (19), (22), 240.202 FS. History–New 5-6-82, Amended 7-15-87, 6-27-96.

6C3-10.109 Faculty, Administrative and Professional and University Support Personnel System Employees Promotion.

(1) Definition.
   (a) Faculty promotion – Faculty promotion is the appointment to a higher academic or equivalent rank or class.
   (b) Administrative and Professional (A & P) employee promotion is the appointment to another position or class with substantially increased responsibilities or a permanent assignment of substantially increased responsibilities for the existing classification.
   (c) University Support Personnel System (USPS) employee promotion is the appointment to a class with substantially increased responsibilities.

(2) Criteria for Promotion.
   (a) Faculty Promotion Criteria – The criteria shall include meeting the minimum qualifications for appointment to the rank or position. In addition, promotion shall be justified by the Faculty employee’s proven increased skills in performance of duties, increased knowledge in the field of specialty, potential for professional growth, and increased recognition of the faculty member as an authority in his/her field. Additional criteria may be established by each college/school.
   (b) Administrative and Professional Promotion Criteria – The criteria, for promotion shall include exemplary performance of duties in the employee’s present position and possession of the minimum qualifications for the position to which promoted.
(c) University Support Personnel System Promotion Criteria – The criteria for promotion shall, with the exception of a reclassification, include exemplary performance of duties in the employee’s present position; and possession of the minimum qualifications for the position to which the employee is promoted.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 240.227(1), (5), (19), 447.203(2), (3) FS. History–New 5-6-82, Amended 7-15-87, 6-27-96.

6C3-10.113 Layoff and Recall of Faculty, Administrative and Professional and University Support Personnel System Employees.

1. Scope – The Layoff and Recall of Faculty, Administrative and Professional and University Support Personnel System employees, unless represented by a bargaining unit, shall be made in accordance with the provisions of Rule 6C-5.955, F.A.C., unless represented by a bargaining unit. Employees who are represented by one of the following collective bargaining agreements with the Board of Regents shall be governed by the provisions of their respective agreement: United Faculty of Florida (UFF), American Federation of State, County and Municipal Employees (AFSCME), Florida Nurses Association (FNA) and Police Benevolent Association (PBA).

2. An employee may be laid off at any time as a result of adverse financial circumstances; reallocation of resources; or reorganization of the degree or curriculum offerings or requirements; reorganization of academic or administrative structures, programs, or functions; or curtailment or abolishment of one or more programs or functions; shortage of work; or a material change of duties. The layoff may be at an organizational level of the University such as a division, college, school, department, area, program, or other level of organization of unit as the President or President’s designee deems appropriate. In designating the makeup of the layoff unit, the President or President’s designee may consider the special qualifications and relevant experience required for specific positions and exclude such positions from layoff.

3. Recall and reemployment of Faculty and A & P employees – For a period of one year following layoff, an out-of-unit faculty or A & P employee who has been laid off and who is not otherwise employed in an equivalent full-time position shall be offered reemployment pursuant to this section. An offer of reemployment or recall rights in the same or similar position at the University for which he/she meets the special qualifications and relevant experience. The recall and/or reemployment of an in-unit Faculty and A & P employee shall be governed by the provisions of the BOR/UFF Collective Bargaining Agreement.

4. Recall of Tenured Faculty – For a period of one year following layoff, a faculty member, not in the bargaining unit, who has been laid off and who is not otherwise employed in an equivalent full-time position shall be offered reemployment in the same or similar position held with the University at the time of layoff, should an opportunity for such reemployment arise. Any offer of reemployment pursuant to this section must be accepted within 15 days after the date of the offer, such acceptance to take effect not later than the beginning of the academic term immediately following the date the offer was made. In the event such offer of reemployment was not accepted, the faculty member shall receive no further consideration pursuant to this section. A faculty member who held a tenured appointment on the date of separation by reason of layoff shall resume such tenured status upon recall. The faculty member shall receive the same credit for years of service for purposes of layoff as held on the date of such layoff.

5. Right of Recall for University Support Personnel System employees shall exist for one year following layoff. Employees with the highest number of retention points and who meet the specific qualifications for a vacant or new position, shall be offered reemployment in accordance with the provisions of Rule 6C-5.955, F.A.C. Employees who are members of one of the following collective bargaining unit agreements with the Board of Regents shall be governed by the provisions of their respective agreement; American Federation of State, County and Municipal Employees (AFSCME), Florida Nurses Association (FNA) and Police Benevolent Association (PBA).

Specific Authority 120.53(1)(a), (b), 240.227(1) FS. Law Implemented 110.205(2)(d), 240.202, 240.227(5), (19), (21), 447.209 FS. History–New 5-6-82, Amended 5-5-83, 7-15-87, 1-31-95, 6-27-96.

6C3-10.117 Learning Opportunities.

1. Full-time employees of the University who are in an established position and who meet academic requirements may be allowed to enroll for up to six credit hours of instruction per semester without payment of the tuition (comprised of the matriculation, student financial aid, capital improvement, building, health, athletic, and activity and service fees), and, if applicable, non-resident fees.
2. University employees who are on sabbatical, Faculty development leave, professional development leave, grants-in-aid, or any other approved educational grant or leave, with or without pay, or who have been called up involuntarily to perform active military service in accordance with Section 115.09, F.S., shall retain their eligibility to participate in this program while on such leave.

(b) An employee shall not be permitted to use any State space personnel, equipment, or supplies in conjunction with these courses, except as provided by the university as part of the course or program of instruction.

(c) Program Administration For All State Employees.

1. The University shall publish, and furnish to other State agencies and universities upon request, the procedures to be followed by eligible employees who desire to participate in this program.

2. The University shall establish the period of enrollment for all State University System (SUS) and State employees registering for these courses and program offerings.

3. Enrollment shall be authorized on a space available basis only. “Space available”, as used in the context of this rule, refers to the enrollment capacity within a scheduled course or program offering. The University may establish minimum and maximum levels of enrollment as necessary.

4. The University shall establish written criteria for designating courses and program offerings where direct costs increase with each student admitted. Space available enrollment as outlined above is not applicable to such offerings. These include, but are not limited to, Thesis, Dissertation, Internship, Directed Individual Study, and, pursuant to paragraph 6C-8.002(2)(c), F.A.C., non-credit courses and sponsored credit program offerings.

5. Any University or other state employee registering under this program for more than six credit hours shall pay tuition fees for the hours in excess of six. When different course levels are involved, the fees for the six credit hours with the higher cost shall be waived.

6. An employee shall not be permitted to use any State space, personnel, equipment, or supplies in conjunction with these courses, except as provided by the University as part of the course or program of instruction.

(2) Other Learning Opportunities.

Eligible full-time Faculty and Administrative and Professional (A & P) employees may participate in learning opportunities which include:

(a) Sabbaticals – Sabbaticals for professional development will be made available to full-time tenured faculty employees, with at least six years of full-time service within the SUS. Such sabbaticals will be granted to increase the employee’s value to the University. The requirements for Sabbaticals as outlined in the BOR/UFF Collective Bargaining Agreement shall apply.

(b) Faculty Development Leave Program – The Faculty Development Leave Program provides for faculty employees the opportunity to take a period of months, as determined by the University and the faculty employee, for purposes of professional renewal, planned study, formal education research, writing or other experience of professional value. Eligible faculty employees must have achieved the rank of assistant professor or higher and have six years of full-time service at the University. Terms of the BOR/UFF Collective Bargaining Agreement shall apply for employees who are members of the collective bargaining unit.

(c) Professional Development Leave Program – All employees with three or more years of service, except those who are serving in tenure-earning or tenured positions, shall be eligible for professional development leaves if the terms of a contract and grant through which an employee may be compensated allow for such leave, may apply for the professional development program at full pay for up to one semester for the purpose of taking academic course work, performing individual research, or other relevant activities which shall improve the employee’s professional experience. The terms of the BOR/UFF Collective Bargaining Agreement shall apply for employees who are members of the collective bargaining unit.

1. An out-of-unit A & P employee is eligible to be considered for professional leaves with pay for educational or developmental leave. The purpose of this leave is to increase the employee’s value to the University through enhanced opportunities for professional renewal, educational travel, study, formal education, research, writing, exchange programs, or other experience of professional value to the University and the employee.

2. During the period of professional leave with pay the University will continue to make contributions to the employee’s retirement and insurance programs. All other benefits will continue during the period of approved professional development leave, including the accrual of annual and sick leave proportionate to the employee’s appointment prior to the approval of the leave.

3. Funding will be from the employee’s school, college, division or unit unless otherwise approved by the President or President’s designee.

4. Employment unrelated to the purpose of the professional leave is governed by the provisions of all applicable laws, rules, policies, and procedures pertaining to outside activity and conflict of interest.

5. Professional Development Leave may be full-time or part-time, depending on the purpose of the leave. Normally, such a leave will not exceed one semester.

6. The President or President’s designee may determine the number of professional leaves in his/her area to be approved each fiscal year. Generally, no more than one employee in a school, college, division or unit may be approved for leave at the same time.

7. Return to Work Obligation – Unless a written agreement to the contrary is executed prior to participation, the following applies:

a. Upon completion of the leave, the employee is required to return to work for twice the length of time for which the leave was approved.
b. An employee who fails to complete the service requirement will return to the University the salary received during the leave unless otherwise approved.

c. An employee who fails to spend the leave time as stated in the application shall reimburse the University for the salary and any other payments or benefits provided by the university during the leave.

d. Upon completion of the leave, the employee shall provide to the President or President’s designee a brief report of the employee’s accomplishments during the Professional Development Leave and how those accomplishments may be used to enhance the University, school, college, division or unit.

8. Eligibility Criteria. At least three consecutive years of service with the University in the A & P pay plan, irrespective of funding source, provided the terms of a contract or grant through which an employee may be compensated allows for such leave.

b. The purpose of the leave is for professional development to enhance the employee’s knowledge and competencies and contribution to the organizational effectiveness of the University and his/her school, college, division or unit.

c. The University determines that the completion of the project, work, or education will improve the productivity or management of the employee’s unit or the University; or move the school, college, division or unit and the University closer to achieving its specific mission or reaching its vision.

d. The employee has not had a professional development leave for at least three years.

(d) Personnel Exchange Program.

1. The University may establish and maintain a program by which persons who occupy Faculty and A & P positions may temporarily exchange positions with persons in like capacities in government, private industry, and/or institutions of higher education outside of the SUS.

2. Scope of Program – The Exchange Program is a distinct program providing opportunities for employee exchange and will not be tied to any other personnel program.

(e) Faculty Foreign Service.

1. Full-time faculty employees of the University who work in foreign countries shall retain all rights and privileges of on-campus faculty employees, including those of salary increases, promotion and tenure.

2. No person of professional rank will be employed by the University for official duties outside of the United States in other than full professional status as a member of the faculty when such duties are expected to last for a period of 12 or more months. Persons employed for consultation or short-term tasks of less than 12 months duration will work on a special contract basis with no university rank or other connection except as specified in the individual contract.

(f) Other Educational Development Programs – The University shall make provisions for employees to have access to job-related and job-required learning opportunities. The terms of the respective collective bargaining Agreement for in-unit Faculty, A & P and USPS employees shall apply.

Specific Authority 240.227(1), (27) FS., CF. 6C-5.930, F.A.C. Law Implemented 240.202, 240.227(5), (11) FS. History–New 5-6-82, Amended 1-31-95, 6-27-96, 6-3-01.

6C3-10.127 Employee Recognition Program.

(1) The State University System (SUS) Employee Recognition Program shall provide for recognition of eligible employees and other persons as authorized in Section 240.2111, F.S.

(2) All full-time or part-time employees under the Faculty, Administrative and Professional, including the Executive Service, and University Support Personnel System Employment Plan are eligible for recognition under this program. The legislatively funded faculty awards for outstanding teaching and advising at the undergraduate level are granted under separate authority from the employee recognition program.

(3) The President or President’s designee shall appoint one or more employee recognition committees and/or awards coordinator to administer this program.

(4) Employee achievement will be acknowledged or otherwise recognized under the following components:

(a) Superior Accomplishment – For individual employees or employee teams that have contributed outstanding and meritorious service in their fields, including those who have made exceptional contributions to efficiency, economy, or other improvement in the University operations. Such contributions may include proposals adopted by the University that yield no easily measurable outcome but enhance safety, convenience, efficiency, or otherwise improve the quality of worklife at the University. Once an employee has received an award under the State University System Incentive/Efficiency Program, that proposal shall not be the basis for receiving a Superior Accomplishment Award;

(b) Satisfactory Service – For employees who have achieved increments of five continuous years of satisfactory service at the University or with the State government;

(c) Retirement – For retiring employees whose service with the University has been satisfactory; and

(d) State Board or Commission Recognition – For appointed members of a state board or commission whose service to the State University System has been satisfactory, upon the expiration of such appointed member’s final term in such position.

(5) The University Employee Recognition program committees and/or awards coordinator shall utilize the Superior Accomplishment Award Nomination form FAM UPO-500 EFF. 4/91, which is incorporated herein by this reference, for the Superior Accomplishment component and evaluate nominations for awards under such component.
(6) The University is authorized to expend State Funds for any awards in compliance with this rule. Savings bonds may be awarded in lieu of cash awards, provided that their cost does not exceed the limits specified herein for cash awards. Any award will be contingent upon the availability of funds. Nothing in this rule is intended to govern the expenditure of private funds to which the University may have access.

(a) Cash awards may be granted under the Superior Accomplishment component, provided that no individual cash award shall exceed $1,000, excluding applicable taxes. In addition to, or in lieu of, cash awards, certificates, pins, plaques, letters of commendation, and other tokens of recognition may be awarded, provided that the cost of such award does not exceed $50 each. Employees may receive more than one award within one year, the total cost of which may exceed $1,000 plus applicable taxes. Awards may be combined and issued in the most cost efficient manner for the State University System.

(b) Cash awards may be granted under the Satisfactory Service component, provided no such cash award shall exceed $50 each, excluding applicable taxes. In addition to, or in lieu of, cash awards, certificates, pins, plaques, letters of commendation, and other tokens of recognition may be awarded, provided that the cost of such award does not exceed $50 each.

(c) Suitably framed certificates, plaques, or other tokens of recognition may be awarded to retiring employees, provided that the cost of such award does not exceed $50 each.

(d) Suitably framed certificates, plaques, or other tokens of recognition may be awarded to appointed members of State boards or commissions, provided that the cost of such award does not exceed $50 each.

(7) The Personnel Office shall maintain the following information with respect to activity under this program for the preceding academic year:

(a) Number of employees recognized under each component, by employee classification;

(b) Total amount of State funds expended for cash awards and other awards under each component; and

(c) The names and titles of appointed members of State Boards or Commission who were recognized upon expiration of their final term in such position.

6C3-10.129 University Employee Clearance.

Any employee of Florida A & M University who is issued an employment contract for his or her services and is paid from any funding source, e.g., contracts & grants, educational & general, agency and others, must properly clear the University upon cessation of employment with the University. The clearance must be in accordance with the University Employee Clearance Procedures, approved March 23, 1989, and incorporated herein by this reference. The employee must have fulfilled all of his or her obligations to the University outlined in the referenced clearance procedures. To carry out the clearance process, employees shall report to the University Personnel Office for the purpose of an exit interview.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(1), (5), (19), (21), (22) FS. History—New 10-5-89, Amended 6-27-96.

6C3-10.130 Faculty, Administrative and Professional and University Support Personnel System Employees Evaluation.

(1) The provisions of this rule are supplemented by Rule 6C-5.925, F.A.C., and the Collective Bargaining Agreements for Faculty, Administrative and Professional (A & P) and University Support Personnel System (USPS) employees.

(2) Faculty Employee Evaluation.

(a) The purpose of the evaluation is to assess and communicate the nature and extent of an employee’s performance of assigned duties as it relates to teaching effectiveness, contribution to the discovery of new knowledge, the development of new educational techniques, service, and other forms of creative activity.

(b) Application of the criteria for evaluating faculty employees shall not violate the faculty employee’s academic freedom or constitutional rights, nor shall a faculty employee be punished for exercising such freedom or rights, either in the performance of University duties or duties outside the University. At the same time, a faculty employee may reasonably be expected to show, both in performance of University duties and duties outside the University, an awareness that membership in the academic profession carries with it special responsibilities.

(c) The performance of employees, other than those employees who have received notice of nonreappointment or those employees who are not entitled to receive notice of nonreappointment under Rule 6C-5.910 or 6C3-10.232, F.A.C., shall be evaluated at least once annually.

(d) The criteria and procedures set forth in this rule pertain to the annual and other evaluations of faculty. In cases where dishonesty, incompetence, neglect of duty, or irresponsibility of a bargaining unit faculty member is charged, different proceedings should be undertaken pursuant to the BOR/UFF Collective Bargaining Agreement. In cases of misconduct or incompetence of an out-of-unit faculty member, different proceedings should be undertaken pursuant to applicable University rules.

(e) The performance evaluation shall be based upon assigned duties and shall consider the nature of the assignments.

(f) In evaluating teaching, the evaluation of its effectiveness shall be related to approved written objectives of each course which shall be given to each class at the beginning of the academic term.
(g) Faculty employees may be evaluated by other University officials. In this regard, a faculty employee may be evaluated for duties performed under the supervision of academic vice presidents, deans, directors, chairpersons, and/or any other University official who may supervise the faculty employee’s activities. If appropriate, a faculty employee may be evaluated by public school officials for service to public schools or school districts.

(h) Utilization of Evaluation.
   1. The chairperson of each department or other administrative unit shall collect the evaluation data for each faculty member in the department, which data shall be placed in the faculty member’s personnel file.
   2. Existing evaluations and the data in the faculty member’s personnel file upon which evaluations are based shall be considered in recommendations and final decisions on tenure, promotion, salary, and retention.
   3. The contents of the faculty evaluation file shall be confidential and shall not be disclosed except to the affected faculty employee, and to those whose duties require access to the file in accordance with the University’s evaluation procedures or by the President or President’s designee in the discharge of official responsibilities or upon order of a court of competent jurisdiction.

(3) Administrative and Professional including the Executive Service Employee Evaluation.

(a) The purpose of the evaluation shall be to aid the Administrative and Professional (A & P) employee in improving his/her performance in assigned duties. Employees appointed to Executive Service positions are not subject to performance evaluation procedures governing A & P employees. The A & P employee may be evaluated for a specific period of time but the employee shall be evaluated at least once annually. The A & P employee should have completed a minimum of 6 months of A & P service to be eligible to receive an evaluation. The evaluation shall be considered in making personnel decisions relating to salary, retention and assignment or promotion to other responsibilities.

(b) The A & P employee shall be evaluated only by the individual or individuals to whom the A & P employee reports.

(c) The contents of the evaluation file shall be confidential and shall not be disclosed except to the affected employee and those whose duties require access to the file in accordance with the University’s evaluation procedures or by the President or President’s designee in the discharge of official responsibilities, or upon order of a court of competent jurisdiction.

(d) Absence of an Evaluation.
   If an employee is not evaluated by his or her supervisor, the employee’s rating shall be considered to be satisfactory or the same rating that he or she received during the last evaluation period, whichever is higher. Such rating shall be an evaluation and shall be documented in the employee’s file and a copy of the documentation shall be furnished to the employee and the rater.

(e) Evaluations will not be required for those employees who have been given notice of nonrenewal or nonreappointment of their employment contract pursuant to the provisions of Rule 6C3-10.233, F.A.C.

(f) For A & P employees who are members of the general faculty bargaining unit, the evaluation process must comply with the collective bargaining agreement between the Board of Regents and the United Faculty of Florida.

(a) The employee performance evaluation program shall provide for overall evaluation of an employee’s performance for a specific period of time.

(b) The evaluation shall be based on measurable, observable, or verifiable performance standards which the employee is expected to achieve or the objectives which the employee is expected to accomplish. A performance standard describes fully acceptable or unacceptable performance.

(c) Employees shall be evaluated at least annually.

(d) Performance Evaluation Ratings:

An employee’s performance shall be rated at one of the following rating levels:

1. Below Performance Standards;
2. Achieves Performance Standards;
3. Exceeds Performance Standards; or

(e) Probationary Evaluations.

1. A probationary evaluation is required for any probationary period and shall be completed within 30 days prior to the end of the probationary period for the designated class or 30 days prior to the end of any probationary period extension.

2. An employee shall serve the probationary period for the designated class with a performance rating of at least Achieves Performance Standards before attaining permanent status in the class.

3. A probationary period may be extended up to six months when one of the following circumstances occur:
   a. The employee is rated Below Performance Standards;
   b. The supervisor decides that additional time is needed for appropriate training or on the job experience;
   c. The supervisor and the employee agree to extend the probationary period;
   d. the employee or supervisor is granted an approved leave of absence (other than military leave) during the probationary period; or
   e. An employee in probationary status is reassigned to a different position in the same class and requests in writing that the probationary period be extended for a period not to exceed six months.

4. An employee in probationary status shall be removed from the class if the performance is not rated at least Achieves Performance Standards within the probationary period or the extended probationary period.
5. An employee in probationary status, who is on military leave at the end of the probationary period, shall be considered to have a rating of Achieves Performance Standards. The employee shall be required to complete the remainder of the probationary period if the employee returns from military service prior to the expiration of the probationary period.

(f) Annual Evaluations.
An annual evaluation shall be completed for each employee having permanent status in the current class.
1. A permanent status employee shall receive an annual evaluation completed each year within 30 days following the date the employee was appointed to his or her current class unless the period being evaluated is extended for the length of an approved leave of absence.
2. An annual evaluation period of an employee who returns from military leave shall include only the time not on military leave. The employee’s performance level while on military leave shall be considered to be at the same rating level as the employee’s preceding rating.

(g) Special Evaluations.
1. A special evaluation for a permanent status employee may be conducted when the employee’s performance has changed from the rating level as reflected on the most recent probationary, annual or special evaluation.
2. A special evaluation shall not cover more than a 60-day period immediately preceding the special evaluation unless the evaluation period is extended.
3. When an employee’s annual evaluation is at the Below Performance Standards level, the evaluation shall become a special evaluation.
   a. When an employee who has attained permanent status in the class receives a special evaluation of Below Performance Standards, and is retained in the class, the rater, shall communicate in writing the necessary improvements to address the identified deficiencies. Under this provision, the next evaluation period(s) shall be no less than 30 days and shall be limited to an additional 120 days.
   b. The President or President’s designee may remove the employee from the class at anytime if adequate improvement is not made in the employee’s performance during the subsequent evaluation period(s) following the initial Below Performance Standards rating.
   c. An employee shall usually not remain at the Below Performance Standards level for more than 120 days, in accordance with the provisions of sub-subparagraph (4)(g)3.a. above. In circumstances which result in an authorized leave of absence of the employee or the rater (other than military leave for the employee in accordance with Rule 6C-5.920, F.A.C.) and extensions of probationary periods as provided in paragraph (4)(e) of this rule, the rater may request an extension of the evaluation period up to the length of the period of an approved leave of absence. If an employee’s performance rating level has not improved to at least the Achieves Performance Standards rating level within the designated improvement period(s), the President or President’s designee shall remove the employee from the class. Such action must be completed within 45 days of being initiated.

(h) Absence of an Evaluation.
1. For those employees who have not yet received an evaluation in the class, the employee’s rating shall be considered to be at the Achieves Performance Standards level.
2. For those employees with a previous evaluation in the class, the employee’s performance shall be considered to be at the same rating level as the preceding evaluation. If the preceding evaluation is Below Performance Standards, the employee’s rating shall be considered to be at the Achieves Performance Standards level.
3. When a rater does not extend a required performance evaluation period for the authorized leave of the rater or employee, as provided in subparagraph (4)(f)1. of this rule, and a rater desires to replace a performance evaluation rating received through the provisions of subparagraph (4)(f)2. above, he or she may complete an evaluation covering the required evaluation period within 30 days following the original due date of the evaluation.
4. An employee may make a written request for a performance evaluation to replace a rating received through the provisions of subparagraph (4)(f)2. within 30 days following the original due date of the evaluation. If an employee makes such a request, the rater shall complete the evaluation within thirty (30) days of receipt of the request.
   i) Evaluation information contained in the personnel file shall be confidential and shall not be disclosed except to the affected employee and those individuals whose duties require access to the file in accordance with applicable law, the University’s evaluation procedures or by the President or President’s designee in the discharge of official responsibilities, or upon order of a court of competent jurisdiction.

6C3-10.132 Predetermination Procedures for Tenured and Permanent Status Faculty and University Support Personnel System Employees.
(1) Written Notice – Prior to the dismissal, suspension, or disciplinary reduction in pay of a tenured or permanent status employee, the University shall give the employee written notice as follows:
   a. The employee shall be given written notice of the proposed action and the reasons therefore. Such notice shall be sent by certified mail, return receipt requested, or delivered in person with written documentation of receipt obtained.
(b) The mailed notice shall be considered received by the employee even if refused or ignored.

(2) Contents of Notice – The notice shall be signed by the President or President’s designee who makes the final decision regarding the proposed action. The notice shall include the following information:

(a) The effective date of the University’s proposed final action;
(b) The specific charges or reasons for the action;
(c) A list of documents or written explanation on which the charges are based; and a statement that documents shall be available to the employee upon request;
(d) A statement that the employee may, within 10 days of receipt of the notice, submit a request in writing for a conference at which the employee may make an oral or written statement, or both, to the University to refute or explain the charges or reasons for the action; and the name and address of the person to whom the request for a conference shall be directed;
(e) A statement that the requested conference must be held prior to the proposed effective date of the action, at a time and place determined by the University, normally during regular business hours, and that the employee may bring a representative to advise and assist;
(f) A statement that the University desires to reduce the risk of error in taking the action against the employee and to avoid damaging the employee’s reputation by untrue or erroneous charges, and therefore, the University is interested in receiving and considering the employee’s response; and

(g) A copy of this rule shall be enclosed with the notice.

(3) Conference – The conference must be conducted by the designated representative(s) of the President as follows:

(a) The purpose of the conference shall be to hear the employee’s response to the charges in order to protect the employee from erroneous or arbitrary adverse action; to afford the University an opportunity to reevaluate its position after reviewing the information presented by the employee, and to thereafter make a recommendation to affirm or alter the disciplinary action as may be warranted.

(b) The conference shall be informal and shall not be in the nature of an evidentiary hearing. The employee may bring a representative to advise and assist, but discovery, cross-examination and similar legal procedures are not permissible.

(c) The employee shall be permitted to submit relevant information, orally or in writing, or both, with the privilege being reserved to the University to give such information the weight it deems proper. If the employee chooses to make no response, the University will proceed on the basis of the best information it can obtain without such response.

(d) After the conference is conducted, the employee shall be notified, by the President or President’s designee of the University’s decision.

(4) Decision – If the University determines after the conference that it will proceed with the proposed disciplinary action, the employee shall be notified as described in this rule within five workdays prior to the date the action is effective. USPS employees shall be informed of their right to appeal to an arbitrator under the provisions of Board of Regents subsection 6C-5.950(4), F.A.C. If the employee occupies a position included in a certified bargaining unit, the employee shall be further notified that the grievance procedures as provided in the applicable collective bargaining agreement may be used. Further, the University shall follow the provisions of Part VI of Chapter 112, F.S., Law Enforcement Officers’ Bill of Rights, when Sworn Law Enforcement Personnel are involved.

(a) During the period between the first notice and the effective date of the action, one of the following options may be used by the University: retain the employee in the employee’s usual duties; temporarily assign the employee to other duties; or place the employee on administrative leave with pay.

(5) Extraordinary Situations.

(a) In extraordinary situations, when the retention of a tenured or permanent status employee is likely to result in damage to property, or is likely to result in injury to the employee, a fellow employee, or some other person, the employee may be suspended or dismissed immediately upon written or oral notice to the employee of the charges giving rise to the suspension or dismissal.

(b) If an oral notice of suspension or dismissal is given to an employee, the University shall within 24 hours issue a written notice confirming the proposed action and the reason(s) therefore.

(c) In lieu of the action to suspend or dismiss the employee, the University may place the employee on administrative leave as described in subsection 6C-5.920(14), F.A.C.

(d) USPS employees shall be informed of their right to appeal to an arbitrator under the provisions of subsection 6C-5.955(4), F.A.C.

(e) If the employee occupies a position included in a certified bargaining unit, the employee shall be further notified that the grievance procedures as provided in the applicable collective bargaining agreement may be used.

(f) Further, the University will follow provisions of Part VI of Chapter 112, F.S., Law Enforcement Officer’s Bill of Rights, when sworn law enforcement personnel are involved.

6C3-10.134 Employment of Relatives.
(1) Employment of related persons in a single organizational unit or in job-related organizational units is permitted, provided that such employment will not involve a conflict of interest, including but not limited to participation by the relative in making recommendations or decisions specifically affecting the appointment, retention, tenure, work assignments, evaluation, promotion, demotion, or salary of the related person. The President or President’s designee shall determine, prior to employment of related persons, that a conflict of interest will not occur.

(2) Relatives or related persons mean persons who are related to each other as defined by Section 112.3135, F.S.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 112.3135, 240.202, 240.227(1), (5), 447.203(2) FS. History–New 6-27-96.

6C3-10.135 Outside Employment.
(1) “Outside employment,” as used herein, means any employment entered into in addition to employment at the University with the exception of additional employment with another state agency, including a university of the State University System.

(2) The responsibility of the University employee is the full and competent performance of all duties pertinent to his/her employment with the University. Outside employment which interferes with the employee’s obligations to the University is prohibited.

(3) Any employee who proposes to engage in any outside employment must report in writing to the President or President’s designee via the employee’s supervisor as soon as practicable in advance of such employment, by completing the Florida A & M University report of Outside Employment form (FAM UPO-402 EFF. 7/91), which is incorporated herein by reference. The President or President’s designee shall determine whether the proposed outside employment appears to constitute a conflict of interest or other interference with the employee’s duties. If it is determined that the proposed outside employment appears to constitute such a conflict of interest or interference, the President or President’s designee shall notify the employee that he/she may not engage in the proposed activity while employed as an employee of the University.

(4) No employee shall claim to be an official university representative in connection with any outside employment.

(5) Any employee who requests to use University facilities must complete the application to use University equipment, facilities and services in conjunction with outside activity/employment (FAM UPO-402, EFF. 7/91). Approval of such a request will warrant that reimbursement be made for any additional costs to the University occasioned thereby.

(6) An employee who engages in outside employment as described herein, shall be responsible for adhering to the requirements of Florida conflict of interest law – Section 112.313, F.S.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 112.313, 240.202, 240.227(1), (5), (13), (21) FS. History–New 6-27-96.

6C3-10.136 Political Activity.
(1) All employees who intend to seek election to and hold public office shall notify the President or President’s designee of their intentions.

(2) The President or President’s designee shall determine whether the employee’s candidacy for holding public office will interfere with the full discharge of the employee’s duties. If a determination is made that holding public office will interfere, the employee will be required to take a leave of absence or submit a resignation, as determined by the President or President’s designee.

(3) All employees shall adhere to the provisions of Section 104.31, F.S.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 104.31, 240.202, 240.227(1), (5), 447.203(2) FS. History–New 6-27-96.

6C3-10.137 Conflict of Interest.
(1) No employee of the University shall have any interest, financial or otherwise, direct or indirect; engage in any business transaction or professional activity; or incur any obligation of any nature which is in substantial conflict with the full and competent performance of the employee’s duties in the public interest.

(2) All employees of the University are governed by the provision of Chapter 112, F.S., setting standards of conduct for public officers and employees of State agencies; and mandating the disclosure of certain financial interests.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 112.313, 240.227(1), (5), (19), (21), 447.203(2) FS. History–New 6-27-96.

6C3-10.138 Use of University Facilities and Services.
(1) This rule is supplemented by the provisions of the respective Collective Bargaining Agreement for employees who are members of the collective bargaining unit.

(2) University related persons, organizations and groups whose activities are related to and further the mission of the University may sponsor meetings in University space in accordance with University policies and procedures. All other groups and persons may use University facilities upon the payment of fees and adherence to published rules in Title Designation Chapters 6C and 6C3, F.A.C., when and if such facilities are available. Priority shall be given to those groups and persons whose activities are related to and further the mission of the University. Nothing in this rule shall prevent the University from making charges to recover direct costs for any use. Services, depending upon availability, may be furnished, upon payment of charges which
reimburse the University for direct costs to University related persons, organizations, and groups whose activities are related to and further the mission of the University. No person, groups, or organization shall be excluded from this rule because they have collective bargaining as one of their objectives.

(3) No group desiring to use University facilities and services shall be denied such opportunity on the basis of the membership or non-membership of members of the group in any class which is protected under State or Federal law.

6C3-10.140 University Sick Leave Pool.

(1) Purpose: The purpose of this rule is to establish a Sick Leave Pool which would allow full-time or part-time salaried employees of the University to pool voluntarily a portion of their accumulated sick leave, and upon depletion of their own sick, annual and compensatory leave to draw sick leave credits from the pool.

(2) Administration of the Sick Leave Pool.

(a) The President or President’s designee shall appoint an employee from each division of the University to serve as the Sick Leave Pool Committee. In addition, two alternates shall be appointed to serve in the absence of a Committee member. The Director, Human Resources/Personnel Relations shall serve as Administrator of the Sick Leave Pool. Both the Administrator and Committee shall be jointly responsible for the administration and operation of the Sick Leave Pool.

(b) The Administrator shall conduct open enrollment periods on an annual basis and at such other times as prescribed by the Sick Leave Pool Committee. The Administrator shall also process applications for membership in the Sick Leave Pool pursuant to the eligibility criteria established under this rule.

(c) All records regarding membership applications, usage and other transactions of the decision of the Committee and operation of the Sick Leave Pool shall be maintained by the Administrator.

(d) The Sick Leave Pool Committee shall meet at designated intervals to review, approve or disapprove by majority vote, requests for Sick Leave pool usage or the non-continuation of members. In addition, the Committee shall authorize the Administrator to deduct sick leave hours from the members’ sick leave accounts.

(e) The Sick Leave Pool Committee Alternates shall serve in the absence of a regular member and perform the same functions as the regular member. In addition, the alternates may serve in instances where a possible conflict of interest precludes another member from voting; or, serve for the remainder of the term, when a vacancy arises due to the resignation of a Committee member or the termination of a Committee member’s employment.

(f) The President or President’s designee shall appoint a Sick Leave Pool Appeals Board that shall review and/or hear discussions on issues regarding requests for Sick Leave benefits that were denied or membership cancellations by the Sick Leave Pool Committee.

(3) Membership Criteria. An employee shall meet the criteria set forth in this rule for membership in the Sick Leave Pool.

(a) The employee must be employed in a full-time or part-time salaried (non-OPS) position with Florida A&M University.

(b) The employee must have been continuously employed for one year without a break in service with the State University System or agency of the State of Florida in a position which earned sick leave credits; and

(c) The employee must have an accumulated sick leave balance of sixty-four (64) hours, (proportionate for part-time employees) at the time of application and approval for membership in the pool or at the close of the open enrollment period.

(4) Application for Membership. Application for membership in the Sick Leave Pool shall be made in writing to the Sick Leave Pool Administrator during open enrollment or during the appropriate periods indicated below:

(a) An employee who is eligible for membership on the effective date of the Sick Leave Pool Policy must apply within thirty (30) days of the effective date of the policy or during a subsequent open enrollment period. The employee shall be required to make a contribution of eight (8) hours (proportionate amount for part-time employees) of sick leave if being employed on a full-time basis.

(b) An employee who is transferring to the University from a State of Florida governmental agency or University may transfer from the exiting agency sick leave pool to the University Sick Leave Pool within (30) days of the beginning date of employment with the University. An employee transferring from an agency with which the University has a reciprocal agreement for the transfer of sick leave pool hours will not be required to contribute eight (8) hours upon transferring membership into the University pool.

(c) An employee who is transferring from the University from another State of Florida governmental agency or University and who was not a member of that agency’s sick leave pool may apply for membership in the University Sick Leave Pool within thirty (30) days of the beginning date of employment with the University if he/she meets the eligibility criteria for membership.

(d) An employee who has one year of eligible service with the State but does not have at least sixty-four (64) hours of accumulated sick leave at the initial open enrollment period of the Sick Leave Pool, may reapply during a subsequent open enrollment period if such employee has accumulated the minimum hours required for participation.

- 855
(e) An employee who completes the first year of eligible service at a point other than during an open enrollment period and who has an accumulated sick leave balance of at least sixty-four (64) hours will have thirty (30) calendar days after the first day of eligibility to apply for membership in the Sick Leave Pool.

(5) Membership Terms and Conditions.
   (a) Membership and participation in the Sick Leave Pool shall be voluntary at all times by the employee. An employee may withdraw from the pool at any time by written notice to the Administrator. Withdrawal from the Sick Leave Pool terminates the employees’ entitlement to use sick leave credits from the pool and the employee automatically forfeits any prior contributions.
   (b) All requests for Sick Leave Pool benefits shall be made in writing by, or for, the employee and shall be accompanied by medical verification, which includes the duration of the injury or illness. Sick Leave Pool benefits may be approved, retroactive to the first day of absence, for the personal illness, accident, or injury that requires the member to be absent from work ten (10) or more consecutive workdays. If less than ten (10) workdays are required, Sick Leave Pool hours shall not be approved. A member may apply for Sick Leave Pool benefits up to a maximum of 240 hours in a twelve (12) month period. Each request for Sick Leave Pool benefits shall be limited up to 120 hours.
   (c) Sick Leave Pool benefits shall not be approved or used for the occurrences or situations described below (listing is not all inclusive):
      1. Cosmetic surgery, except due to illness, accident or injury covered by the member’s health insurance plan.
      2. Normal childbirth and recovery therefrom. Complications arising from childbirth that require hospitalization and/or a period of limited activity (complete bedrest) necessary for the safety of the mother and/or unborn child shall be an eligible illness.
      4. War or act of war.
      5. Marital, recreational, educational or speech therapy.
      6. Illness, accident or injury due to a member’s commission of a felony and/or the member’s illegal involvement in, connection with, or association with the same.
   (d) Membership in the Sick Leave Pool, due to the abuse of Sick Leave Pool benefits, shall be investigated by the Sick Leave Pool Committee, and, on a finding of wrongdoing, the member shall be required to repay all of the sick leave credits drawn from the pool and shall be subject to disciplinary action which may include a written reprimand, suspension or dismissal from employment with the University. The penalty that is imposed shall depend upon the seriousness of the offense and any aggravating or mitigating circumstances. Abuse of Sick Leave Pool benefits shall include, but not be limited to, misrepresentation of an illness, accident, or injury or the circumstances surrounding it; and/or submission of a medical certification which is from other than a qualified medical practitioner or which misrepresents the nature of a member’s illness and/or duration all for the purpose of receiving sick leave benefits to which the member is not entitled under the rule.

(6) Maintenance of the Pool.
   (a) Each full-time participating employee will contribute eight (8) hours (proportionate for part-time employees) of sick leave, and when 480 hours have been donated, the pool will be activated for use by eligible participating employees. No more than sixteen (16) hours of sick leave (proportionate amount for part-time employees) shall be contributed during a twelve (12) month period.
   (b) If a member’s sick leave balance is insufficient to deduct eight (8) hours (proportionate for part-time employees) at the time the pool is depleted, the member shall be required to contribute the total sick leave hours accumulated and shall contribute the remainder as soon as additional sick leave credits are accrued. The member shall not be allowed to use sick leave credits until the required number of hours have been contributed to the Sick Leave Pool.
   (c) Hours contributed to the Sick Leave Pool shall be placed in a single account. Contributions for the benefit of a specific individual, position or illness shall not be accepted.
   (d) The pool shall be considered to be depleted when the total hours in the pool equal 120 hours or less. Upon depletion of the hours in the Sick Leave Pool, the Administrator shall notify each pool member that additional hours of sick leave will be deducted from their sick leave accounts and deposited in the Sick Leave Pool.

(7) Discontinuation of the Sick Leave Pool.
   (a) The President or President’s designee may, at any time, in accordance with Chapter 120, F.S., repeal this policy for the purpose of discontinuing the Sick Leave Pool.
   (b) All hours remaining in the Sick Leave Pool at the time of the repeal of this policy shall be prorated equally among the membership, provided at least one hour can be returned to each full-time employed member and prorated for each part-time employed member. Otherwise, remaining hours shall be forfeited.

6C3-10.141 Other Personal Services.
(1) Every individual paid from Other Personal Services (OPS) shall be assigned to one of the following categories:
(a) Student or graduate assistants. This category is reserved for individuals for whom the University is the employer as defined in Sections 240.209(3)(f) and 447.203(2), F.S., and other bona fide, degree-seeking students in an accredited secondary or post-secondary educational program who are employed by a university or the Board Office on an occasional or part-time basis and paid from an OPS appropriation. Included in, but not limited to, this category are:

1. High school students,
2. Undergraduate students,
3. Graduate students,
4. Doctoral students,
5. Post-doctoral students,
6. Graduate teaching assistants and associates, and
7. Graduate research assistants and associates.

(b) Fellowship Recipients.

(c) Part-time Academic Employees. This category is reserved for employees who perform teaching, research, or service, and for whom the Board is the employer as defined in Sections 240.209(3)(f) and 447.203(2), F.S.

(d) Consultants. This category is reserved for independent contractors who are retained by the university through contractual agreement.

(e) Temporary Employees. This category is reserved for individuals employed for the purpose of accomplishing tasks or projects that are normally short term, peak load, or periodic in nature, including appointments through Sponsored Research. Sponsored Research appointments are anticipated to be annual appointments for the period of the grant.

(2) The President or President’s designee shall be responsible for the overall coordination, review, and control of the OPS program and its administration.

(3) The University shall communicate to the affected parties the terms and conditions governing payment from OPS.

(4) Other Personal Services employees may be paid at rates deemed appropriate by the University in accordance with prevailing rates in the labor market or as negotiated through collective bargaining agreements.

(5) Pay for OPS employment in the Temporary Employee category shall not exceed payment for 2080 hours within the same university in a 24-month period, except as stated below.

(a) Extensions beyond 2080 hours in a 24-month period for employees in the Temporary Employee category may be granted by the President or President’s designee. Other Personal Services Extensions shall be contingent on the following criteria:

1. The President or President’s designee, must document a justifiable need to retain the employee; or
2. The President or President’s designee will document that the position will be recommended as an authorized salaried position and will be included in the next legislative budget request.

(b) The beginning date for the calculation of the hours shall be the first payroll period after January 1, 1986.

Specific Authority 240.227(1) FS. Law Implemented 110.121, 240.277(1), 447.203(2) FS. History–New 6-27-96.

6C3-10.142 Copyrights and Patents.

(1) University Authority and Responsibilities. Section 240.229, F.S., authorizes the University to establish rules and procedures regarding patents, copyrights, and trademarks. This rule and the procedures stated herein are supplemented by the terms of the BOR/UFF Collective Bargaining Agreement for employees who are members of the collective bargaining agreement.

(2) Copyrights – An employee, including a University Support Personnel System employee, may procure copyrights, and receive the royalties resulting therefrom, for the employee’s products provided the ideas came from the employee, the products were the result of the employee’s independent labors, and the employer was not held responsible for any opinions expressed therein. If the products were in any way supported by University funds, personnel, facilities equipment, or materials, the employee shall report to the President or President’s designee the employee’s interest in having the product copyrighted. Within 60 days after receiving such report, the President or President’s designee will inform the employee whether the employer seeks an interest in the copyright or works, and written contract shall thereafter be negotiated to reflect the interest of both parties. All such agreements shall comport with and satisfy any pre-existing commitments to outside sponsoring agencies, but the employee shall not commit any act which would tend to defeat the employer’s interest in the matter and shall take any necessary steps to protect such interest.

(3) Patents.

(a) An employee shall disclose to the University all patentable inventions and technological developments which the employee may develop or discover while an employee of the University. With respect to discoveries or inventions made during the course of approved outside employment, the employee may delay such disclosure, when necessary to protect the outside employer’s interest, until the decision has been made whether to seek a patent.

(b) All discoveries or inventions made outside the field in which the discoverer or inventor is employed by the University and for which the employer has provided no support are the private property of the inventor. The employee and the employer may agree that the patent for any such discovery and invention be pursued by the University and the proceeds shared.
(c) Except for discoveries or inventions made during the course of approved outside employment, a discovery or invention which is made in the field in which the investigator is employed by the University or by using University funds, facilities, materials, equipment, personnel or propriety technological information, is the property of Florida A & M University and the inventor shall share in the proceeds therefrom.

(d) Although an employee may, in accordance with Rule 6C3-10.135, F.A.C., Outside Employment, engage in outside employment pursuant to a consulting agreement requiring waiver of the employee’s rights to any patentable inventions or discoveries which arise during the course of such outside employment, the employee shall not, in doing so, sell or assign patent rights to inventions or discoveries conceived or developed as an employee of the University. An employee who proposes to engage in such outside employment shall furnish a copy of this patents policy to the outside employer prior to or at the time the consulting agreement is executed.

(e) Reporting Procedures – The employee shall report to the President or President’s designee the nature of the discovery or invention together with an outline of the project and the conditions under which it was done. If the employer wishes to assert its interest in the patent, the President or President’s designee shall inform the employee within 60 days. The employer shall designate a representative to conduct an investigation which shall assess the respective equities of the employee and the employer in the invention or technological development, and determine its importance and the extent to which the employer should be involved in its protection, development, and promotion. The division of proceeds between the employer and the employee generated by the licensing or assignment of patent rights or trade secrets shall be negotiated and reflected in a written contract between the employer and the employee. All such agreements shall comport with and satisfy any pre-existing commitments to outside sponsoring agencies, but the employee shall not commit any act which would tend to defeat the employer’s interest in the matter and shall take any necessary steps to protect such interest.

(f) A decision as to whether the employer will apply for the patent will be made within 120 days from the date of the disclosure to the President or President’s designee. In the event a contractor had been offered the option to apply for the patent, the employer will use its good offices in an effort to obtain such a decision within 120 days. At any stage of making the patent application, or in the development of a patent secured, if it has not otherwise assigned to a third party the right to pursue its interests, the employer may withdraw and shall return the patent rights to the employee, in which case the patent shall be the employee’s property and none of the costs incurred by the employer or on its behalf shall be assessed against the inventor. All assignments of or release of patent rights by the employer to the employee shall contain the provision that such invention or process, if patented by the employee, shall be available royalty-free for governmental purposes of the State of Florida.

6C3-10.143 Limited Access Records.

(1) Policy.

(a) The University maintains the employment records and other employee information on each of its employees, Faculty, Administrative and Professional (A & P) including the Executive service, University Support Personnel System (USPS) and Other Personal Services (OPS) employees.

(b) The employment records are maintained in the office or department of the University’s records custodians. For Faculty, the records are maintained by the Office of the Provost and Dean of the school or college in which the faculty member is employed. For A & P, USPS and OPS employees, the records are maintained by the Office of the Director of Personnel Relations.

(c) Any records or portions which are otherwise confidential by law shall continue to be exempt from the provisions of Section 119.07(1), F.S.

(d) Except as required for use by the President or President’s designee in the discharge of his or her official responsibilities, the custodian of limited-access records may release information from such records only upon authorization in writing from the employee or upon order of a court of competent jurisdiction.

(2) This rule prescribes the contents and custody of limited-access records that the University maintains on its employees. Such limited access records are confidential and exempt from the provisions of Section 119.07(1), F.S. Those records are limited to:

(a) Records containing information reflecting academic evaluations of employee performance.

(b) Records maintained for the purposes of any investigation of employee misconduct, including a complaint against an employee and all information obtained pursuant to the investigation of such complaint, shall be confidential until the investigation ceases to be active or the University provides written notice to the employee that it has:

1. Concluded the investigation and is not proceeding with disciplinary action;
2. Concluded the investigation with a finding to proceed with disciplinary action; or
3. Issued a letter of discipline.

(3) An investigation is presumed inactive if no finding is made within ninety (90) days after the complaint is filed. Records maintained for the purposes of any disciplinary proceeding are confidential until a final decision is reached. The record of proceeding and evidence presented are open to inspection by the employee at all times.

(4) Records maintained for the purposes of a grievance proceeding brought by an employee for enforcement of a collective bargaining agreement or contract are confidential until a final decision is reached.
(5) Sexual harassment investigations, portions of such records which identify the complainant, a witness, or information which could reasonably lead to the identification of the complainant or a witness are limited-access records.

PART II UNIVERSITY FACULTY AND ADMINISTRATIVE & PROFESSIONAL EMPLOYEES

6C3-10.201 Applicability of Part II.
(1) Part II is applicable only to Faculty and Administrative and Professional employees of the University.
(2) The rules stated in Part II are supplemented by the rules in Part I, of this chapter, by the provisions of the collective bargaining agreement between the Board of Regents (BOR) and United Faculty of Florida (UFF), by the applicable university rules published in Title Designation 6C3 and Chapter 6C-5, Part IX, F.A.C.
(3) University Support Personnel System employees are not covered by the rules in Part II.
(4) Other Personal Services (OPS) employees are not covered by the rules in Part II, except where specifically indicated.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 110.205(2)(d), 240.227(5), (19) FS. History–New 5-6-82, Amended 7-15-87, 6-27-96.

6C3-10.203 Academic Freedom and Responsibility.
(1) This rule is supplemented by the Board of Regents/United Faculty of Florida (BOR/UFF) Collective Bargaining Agreement, for those employees who are members of the faculty collective bargaining unit.
(2) Academic Freedom and Responsibility.
(a) The University believes that academic freedom and responsibility are essential to the full development of a true university, and such freedom and responsibility applies to teaching, research, service, and creativity. Consistent with the exercise of academic responsibility, a teacher must have freedom in the classroom in discussing academic subjects. The university student must likewise have the opportunity to study a full spectrum of ideas, opinions, and beliefs, so that the student may acquire maturity for analysis and judgment. Objective and skillful exposition of such matters is the duty of every instructor.
(b) The established policy of the University continues to be that the faculty employee must fulfill his/her responsibility to society and to his/her profession by manifesting academic competence, scholarly discretion, and good citizenship. The university instructor is a citizen, a member of a learned profession, and an academic officer of the University. The instructor should be constantly mindful that these roles may be inseparable in the public view, and should therefore at all times exercise appropriate restraint and good judgment.
(3) Morals and Influence.
(a) It has long been the established policy of the University that it shall select faculty members of good moral character and of the highest educational background. The University is also concerned with the careful selection of students and with their continuing social, economic, moral and spiritual welfare.
(b) In order to assure a wholesome educational environment, the University has adopted the following policies:
   1. Citizenship and Conduct – The University will continue to examine carefully the qualifications and records of those individuals who are to be employed by it, not only with regard to their professional and academic competency, but also with regard to their general character and their moral conduct. Furthermore, the University will continue to exercise due care in the selection of students. The University will continue to guard against activities subversive to the American democratic process and against illegal behavior.
   2. Religion – Religion plays a vital role in our American way of life and inevitably this subject will arise in classroom discussions. Religion may be properly discussed and analyzed there. The instructor bears and responsibility of pursuing such discussions objectively and impartially, without advocacy or indoctrination and with due respect for the religious beliefs of all concerned.
   3. Books and Teaching Materials – The University continues its concern that students be exposed to the best in books and teaching materials. While recognizing the right and responsibility of the individual scholar to choose teaching materials, the University enjoins each member of the faculty to select materials that are among the best available, germane and in good taste within the context of the educational or scientific purpose.
(4) Implementation of Policy.
(a) The President or President’s designee will charge the deans, and the faculty of the University to adhere to these standards within an atmosphere of academic excellence, freedom and responsibility.
(b) In reemphasizing its policy, the President or President’s designee makes completely clear his/her confidence in the high quality of the administration, faculty, and students in the University. The intent of this policy and the spirit in which it is to be implemented is that of preserving this high quality on a continuing basis.
(5) Conclusion – The President or President’s designee encourages the faculty to exercise their ingenuity and creativity in order to bring to students the maximum benefits of an enlightened education. It is further encouraged that such exercises be tempered with responsibility and due regard for sound educational principles.
6C3-10.211 Faculty Tenure.

(1) Tenure may be granted to faculty employees as herein provided. This rule is supplemented by the Board of Regents/United Faculty of Florida (BOR/UFF) Collective Bargaining Agreement for those employees who are members of the faculty collective bargaining unit.

(2) Definition of Tenure.

(a) Preamble – Institutions of higher education are conducted for the common good. The common good depends upon the unfettered search for truth and its free exposition. Academic freedom and tenure exist in order that society may have the benefit of honest judgment and independent criticism. The meaning of tenure in the academic community in the United States is simply a guarantee of annual reappointment for faculty employees until voluntary resignation, retirement, removal for just cause, or layoff in accordance with standards specified by Rule 6C-5.940, F.A.C., BOR/UFF Collective Bargaining Agreement, and standards as outlined in this chapter. Tenure assures the faculty employee security of employment and immunity from reprisals or threats due to an intellectual position or belief which may be unpopular. Tenure shall be in an academic department/unit.

(b) Criteria for Tenure – The criteria for faculty tenure shall require evidence of highly competent teaching and research and other scholarly activities, services, and contributions to the University and to society. Faculty employees considered for tenure normally shall hold the terminal degree, the President and Vice President for Academic Affairs may consider the following factors: (1) professional experiences; (2) work experiences; (3) demonstrated contributions to the teaching discipline; (4) technical and performance competencies; (5) records of publications; (6) certifications; and (7) exceptional scholarly or creative activities. The term “appropriate academic field” as used in this rule means the faculty employee’s teaching discipline or a closely related discipline. Additional criteria shall be established by the college/school. Nomination of a faculty employee for tenure shall signify that the President is satisfied that the candidate will continue to make significant professional contributions to the university and to society.

(c) Tenure in the State University System – A faculty employee who has been granted tenure by the BOR shall have the status of permanent member of the faculty and be in the continuing employment of the University until he or she:

1. Resigns;
2. Retires;
3. Is dismissed for just cause under the provision of University rules or the BOR/UFF Collective Bargaining Agreement;
4. Is discontinued pursuant to the layoff provisions in Rules 6C-5.955 and 6C3-10.113, F.A.C., and the BOR/UFF Collective Bargaining Agreement; or
5. Dies.

(3) Tenure-earning Appointments.

(a) Faculty appointments to the ranks of assistant professor, associate professor, and professor, which appointments do not include the appointment status modifiers of joint, acting, adjunct, provisional, visiting, research, clinical, courtesy, honorary affiliate or phased retirement are tenure-earning. Appointments which include the appointment status modifiers multi-year, joint, provisional, visiting, research, clinical or affiliate may or may not earn time toward tenure, as determined by the President or President’s designee at the time of appointment. Employees with appointment status modifiers of joint, provisional, visiting, research, clinical or affiliate will be notified in writing at time of appointment of the tenure-earning status of the position. In the event, the position is not designated as a tenure earning position, the time in the non-tenure earning position may be counted toward tenure-earning eligibility upon being appointed to a tenure-earning position.

(b) If a Faculty employee is initially appointed to the rank of instructor or to a position including an appointment status modifier determined by the University not to be tenure-earning, and is subsequently appointed to a tenure-earning position, all or a portion of the Faculty employee’s prior service in such a non-tenure-earning position may be counted toward time required for tenure, provided the President or President’s designee specifically agrees in writing to credit such service.

(4) Eligibility for Tenure Nomination.

(a) Only those Faculty employees serving in tenure-earning positions as described in paragraph (3)(a), above, are eligible to be recommended for tenure at the University.

(b) Except for Faculty employees who by virtue of prior service credited at the time of their appointment, are eligible for consideration earlier, a decision whether to nominate a Faculty employee for tenure shall normally be made during the sixth year of continuous full-time service, or equivalent part-time service, in a tenure-earning position. The word “normally” as used in this rule takes cognizance of the fact that an employee may satisfy the requirements for tenure in his/her department or equivalent unit after 4 or 5 years of continuous full-time service, or equivalent part-time service. It also implies that an employee’s tenure earning eligibility may be deferred for a certain period. An employee’s written request for early tenure consideration is subject to the University’s written agreement. Continuous employment for the purpose of tenure-earning eligibility consideration for full-time service shall mean employment during at least 39 weeks of any 12-month period. Continuous employment for the purpose of tenure-earning eligibility consideration for part-time service shall mean employment during at least one semester of any 12-month period. Part-time service of an employee employed at least one full semester in any 12-month period shall be accumulated. For example, two semesters of half-time service shall be considered one-half year of service for purposes of tenure eligibility.
(c) The number of years of previous tenure-earning service at other institutions of higher education which the President or President’s designee may agree to approve as credit toward a Faculty employee’s eligibility time for tenure shall be agreed upon in writing at the time of employment, subject to the following restrictions for service at other than SUS institutions: the President or President’s designee may approve credit for not more than two years of tenure-earning service for a Faculty employee hired as an assistant professor, not more than three years for a Faculty employee hired as an associate professor, and not more than four years for a Faculty employee hired as a professor. All prior SUS tenure-earning service shall be credited toward the time required for tenure unless otherwise agreed at the time of employment.

(d) Time spent by a Faculty employee under joint appointment or exchange within or without the SUS on a duly established personnel exchange program of the University or on a special assignment for the benefit of the University or for the SUS shall be counted toward the time for fulfillment of eligibility for tenure. In all such cases, the faculty employee shall be so informed in writing at the time leave is granted.

(e) Time spent on uncompensated leave shall not be credited as time earned toward tenure, except by agreement of the Faculty employee and the President or President’s designee. In deciding whether to credit uncompensated leave toward tenure eligibility, the President or President’s designee shall consider the relevance of the employees activity while on such leave to the employee’s professional development and to the employee’s field of employment, the benefits, if any, which accrue to the University by virtue of placing the employee on such leave, and other appropriate factors. Time spent on compensated leave shall be credited as time earned toward tenure, unless the Faculty employee and the President or President’s designee agree in writing that such leave is not to be credited.

(5) Granting of Tenure.

(a) By the end of six years of continuous full-time, or equivalent part-time service in a tenure-earning position in the University, a Faculty employee shall be nominated for tenure or given notice that further employment will not be offered, in the affected position with reason(s) why the employee was not nominated for tenure.

(b) Upon nomination by the President, recommendation by the Chancellor or Chancellor’s designee, and approval by the BOR, tenure shall be granted. The effective date of tenure shall be the date of approval by the BOR. Each nomination for tenure shall be acted upon with careful consideration being given to the qualifications of the faculty employee, including evaluation by colleagues and the immediate supervisor. In making judgments pertaining to the decision to award tenure, evaluation of research and other creative activities by qualified scholars in pertinent disciplines both within and outside the University should be sought. When one of the duties of the faculty employee being nominated is teaching, the quality of the faculty employee’s teaching shall be gauged by the standards outlined in this rule, the BOR/UFF Collective Bargaining Agreement, as well as Rule 6C3-10.130, F.A.C., which governs faculty evaluation and the approved criteria of the appropriate academic department/unit.

(c) With sufficient justification, an employee may be nominated by the President, recommended by the Chancellor or Chancellor’s designee and approved by the BOR for tenure at the time of initial appointment or prior to the fifth year of tenure earning service. The President or President’s designee shall consider the recommendation of the department or equivalent unit prior to making his/her tenure nomination.

(6) Transfer of Tenure – Transfer of tenure of faculty serving in bargaining unit positions is governed by the BOR/UFF Collecting Bargaining Agreement. Tenure is not automatically transferable within the SUS or within a university; however, the tenure of a faculty employee may be transferred in accordance with university rules upon the nomination by the president, recommendation by the Chancellor or Chancellor’s designee, and approval by the BOR.

(7) Standards for Maintaining Tenure of Faculty Employees.

An employee with tenure who is appointed to an Administrative and Professional position shall retain tenure in the academic position and in the academic department/unit where granted and not in the position.

(8) Duration of Tenure – A tenured faculty member retains this status as long as he/she is employed in any appropriate academic unit of the University.

6C3-10.229 Disruptive Conduct.

(1) Faculty, Administrative and Professional employees who intentionally act to impair, interfere with, or obstruct the orderly conduct, processes, and functions of the University shall be subject to appropriate disciplinary action by the University authorities.

(2) Disruptive conduct shall include, but not be limited to, the following:

(a) Violence or threat of violence against any employee, student or guest of the University community;

(b) Theft, conversion, misuse or willful damage or destruction of University property, or of the property of employees of the University;

(c) Interference with the freedom of movement of any employee or guest of the University;

(d) Deliberate impediment to or interference with the rights of others to enter, use, or leave any University facility, service, or scheduled activity, or in carrying out their normal functions or duties; or

(e) Deliberate interference with academic freedom and freedom of speech of any employee or guest of the University.
(3) The disciplinary action to be imposed against an employee for any act of disruptive conduct may include a written reprimand, suspension or dismissal from employment with the University. The penalty that is imposed will depend upon the seriousness of the offense and any aggravating or mitigating circumstances.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 240.261, 447.203(2) FS. History–New 5-6-82, Amended 6-27-96.

6C3-10.230 Disciplinary and Separation from Employment Actions for Faculty and Administrative and Professional Employees.

(1) The provisions of this rule are supplemented by the respective collective bargaining agreement for the employees who are represented by a collective bargaining agent.

(2) Faculty or Administrative and Professional (A & P) employees shall give one month notice of resignation from employment, if possible. An employee who resigns from employment shall not have any rights of appeal.

(3) Nontenured or Nonpermanent Faculty and A & P employees whose appointments expire after receiving notice of nonrenewal or nonreappointment or whose appointment expires without the requirement of a written notice of nonreappointment may be separated without further notice.

(4) An employee who is absent without approved leave for three or more consecutive workdays shall be considered to have abandoned the position. For employees governed by the Board of Regents and United Faculty of Florida (BOR/UFF) Collective Bargaining Agreement, the provisions of Article 16 shall apply for job abandonment.

(5) The President or President’s designee may discipline a Faculty or A & P employee for just cause in accordance with the provisions set forth herein. Counseling of any nature or degree shall not be considered disciplinary action.

(a) Just cause shall be defined as:
1. Incompetence; or
2. Misconduct.

(b) The President or President’s designee may impose progressive discipline as applied to employees. The term “progressive discipline” as used in this rule means that the form of disciplinary action imposed against the employee increases in extent or severity with each action taken. The discipline to be imposed against the employee under this paragraph may include a written reprimand, suspension or dismissal from employment with the University. The discipline that is imposed will depend upon the seriousness of the offense and any aggravating or mitigating circumstances.

(c) Written Reprimand – A written reprimand issued by the employee’s supervisor is to warn the employee in writing of the specific conduct or performance standard that was violated and to place the employee on notice of the next level of discipline if the offense is repeated. The written reprimand shall be in a letter format from the supervisor to the employee. A copy of the written reprimand shall be placed in the employee’s personnel file. The employee must be informed of the possible consequences if the offense is repeated or the performance fails to improve.

(d) Suspension – The President or President’s designee may suspend the appointment of the employee during the term of the employment contract for just cause. The President or President’s designee shall also determine whether the suspension shall be with or without pay, which will depend upon the seriousness of the offense and any aggravating or mitigating circumstances. The employee shall be given written notice of the suspension action by the President or President’s designee specifying the reason(s) therefor. Following appropriate written notice, the employee may be reassigned by the President or President’s designee depending upon the nature of the offense and any aggravating or mitigating circumstances.

(e) Suspension Pending Hearing – When the President or President’s designee has reason to believe that the employee’s presence on the job would adversely affect the functioning of the University or jeopardize the safety or welfare of the employee, other employees or students, the President or President’s designee may immediately suspend the employee from the performance of duties, pending a hearing under the complaint procedure outlined in Rule 6C3-10.232, F.A.C. The President or President’s designee shall also determine whether the suspension shall be with or without pay in the manner outlined in paragraph (4)(d) of this rule. If the employee has been suspended without pay and subsequently is reinstated as a result of the complaint procedure under Rule 6C3-10.232, F.A.C., the employee shall be reinstated with back pay.

(f) Dismissal – The employee may be dismissed during the term of the employment contract for just cause, regardless of tenure status where it appears to the President or President’s designee that an employee’s actions adversely affect the functioning of the University or jeopardize the safety or welfare of the employee, other employees or students. The employee shall be given written notice of the dismissal by the President or President’s designee specifying the reason(s) therefor. The dismissal shall take effect at the time determined by the President or President’s designee and as written in the notice of dismissal.

(g) The President or President’s designee may impose other disciplinary action for just cause. The term “other disciplinary action” is defined as discipline incidental or in addition to a written reprimand or suspension. Examples of other disciplinary action may include a demotion, reduction in pay, removal of administrative duties or restitution. Any other disciplinary action imposed will occur simultaneously with a written reprimand or suspension. The other disciplinary action imposed will depend upon the nature of the offense and any aggravating or mitigating circumstances. Written notice of such disciplinary action, specifying the reason(s) therefor, shall be given to the employee by the President or President’s designee.
time without requirements of notice or reason and without rights of appeal. It is incumbent upon the University, however, to see that a continuing effort is made to notify the employee satisfy the requirement of notification, and failure of the employee to receive notification does not inval idate the disciplinary action nor its effective date. Rule 6C3-10.232, F.A.C.

complaints filed by Faculty or Administrative and Professional employees of the University who have tenure or permanent status or personnel System employees who may file a complaint pursuant to Rule 6C3-10.338, F.A.C. The provisions of this Rule are not applicable to University Support Personnel System employees who may file a complaint pursuant to Rule 6C3-10.338, F.A.C.

(6) Definitions.

(a) The term “complaint” is the allegation by the employee that any condition affecting the employee’s terms and conditions of employment is unjust, inequitable, or creates a problem. An employee shall not have the right to file a complaint concerning evaluations of performance, unless the employee alleges that the evaluation is based on factors other than performance.

(b) The term “complainant” shall mean the employee whose rights have been directly affected by an act or omission and who has filed a complaint.

(c) The term “days” shall mean calendar days.

(d) The term “counsel” shall mean a lawyer or other qualified representative.

(e) The term “presiding officer” shall mean the person, either a Division of Administrative Hearing (DOAH) hearing officer or the President or President’s designee, who conducts a hearing under the Formal Procedure below.

(f) The term “party” shall mean the University or the complainant.

(g) The term “substantial interest” shall mean an act or omission involving tenure, termination, suspension, or other discipline for just cause, nonrenewal of employment contract, salary and layoff.

(7) Step One – All complaints shall be filed with the person designated by the President or President’s designee as Step One Representative for the unit of the University, in which the complainant performs the complainant’s duties, within 30 days following the act or omission giving rise thereto, or the date on which the complainant knew or reasonably should have known of such act or omission if that date is later. The complainant may, in the written complaint which is filed, request the postponement of any action in processing the complaint formally for a period of up to 30 days, during which period efforts to resolve the complaint informally shall be made. Upon the complainant’s written request, an additional 30-day extension should be liberally granted unless to do so would impede resolution of the complaint. Upon the request, the Step One representative shall, during such postponement period(s) arrange an informal conference between the appropriate administrator and complainant. The complainant may at any time terminate a postponement period by giving written notice to the Step One Representative that the complainant wishes to proceed with the Step One meeting provided for below. If the initial postponement period, or any extension thereof, expires without such written notice, the complaint shall be deemed informally resolved to the complainant’s satisfaction and need not be processed further. The Step One Representative shall conduct a meeting no sooner than seven and no later than 15 days following (1) receipt of the complaint if no postponement is requested, or (2) receipt of written notice that the complainant wishes to proceed with the
Step One meeting. In advance of the Step One meeting, the complainant shall have the right upon request to a copy of any identifiable documents relevant to the complaint. At the Step One meeting, the complainant shall have the right to present any evidence in support of the complaint. The Step One Representative shall issue a written decision, stating the reasons therefor, within 30 days following the conclusion of the meeting. In the event the decision at Step One refers to documents not requested or presented by the complainant, copies of such documents shall be attached to the decision.

(8) Step Two – If the complaint is not satisfactorily resolved at Step One, the complainant may file a written request for review with the appropriate Vice President or representative within 30 days following receipt of the Step One decision. The appropriate Vice President or representative and the complainant shall schedule a meeting for the purpose of reviewing the matter no sooner than seven and no later than 15 days following receipt of the request for review. The meeting shall afford the complainant or counsel an opportunity to present written and/or oral evidence opposing the University’s act or omission including a written statement challenging the grounds upon which such act or omission is justified. If the issue involves a substantial interest of the complainant, the complainant may use the provisions of Step Three below. If the issue does not involve a substantial interest of the complainant, the Step Two decision shall be final and binding. The Step Two decision shall be in writing and be issued within 90 days of the meeting. The record of the Step Two meeting shall only consist of:

(a) The notice of the University’s act or omission, and the grounds therefor;
(b) Evidence received or considered;
(c) All written statements submitted by parties to the complaint and by any other persons;
(d) A complete record of any ex parte communication made relative to the complaint, along with the disposition thereof; and
If after the Step Two decision has been issued, and the complaint is not related to a substantial interest, no further review of the complaint is required. However, if the complaint is related to a substantial interest and the complaint has not been resolved to the satisfaction of the complainant, the complainant may, within 30 days of the receipt of the Step Two decision, file a request for a hearing pursuant to Step Three below, which is written to comply with the requirements of Section 120.57(1), F.S.

(9) Step Three: Formal Procedure – Either the President of the University or President’s designee, or a hearing officer assigned by the Division of Administrative Hearings (DOAH) shall conduct the hearing at this step. If the University elects to use a DOAH hearing officer, it shall notify the Division within 10 days of the receipt of the request for the hearing. A notice of the hearing shall be sent to all parties at least 14 days before it is to take place. The notice shall include: (1) A statement of time, place, and nature of the hearing; (2) A statement of the legal authority and jurisdiction under which the hearing is to be held; (3) A reference to the particular section(s) of the statutes and rules involved; (4) A short and plain statement of the matters asserted by the University and by all parties of record at the time notice is given.

If any party is unable to state the matters in sufficient detail at the time the initial notice is given, the notice may be limited to a statement of the issues involved, and thereafter, upon timely written application, a more definite and detailed statement shall be furnished not less than three days prior to the date set for the hearing.

(a) Rights of the parties under the Formal Procedure:
1. To respond to allegations and evidence;
2. To present evidence and argument on all issues;
3. To conduct cross-examination and submit rebuttal evidence;
4. To submit proposed findings of facts and orders;
5. To be represented by counsel;
6. To file exceptions to any order or hearing officer’s recommended order.
(b) The University shall accurately and completely preserve all testimony in the proceedings before the President or DOAH hearing officer and, upon the request of any party of the complaint, shall make full or partial transcript available at no more than actual cost.
(c) After a hearing conducted under this subsection, the presiding officer shall submit a recommended order to all parties. Each party shall have 10 days in which to submit written exceptions to the recommended order. The University may adopt the recommended order in the final order or may reject or modify the findings therein, except that the findings of fact of a DOAH hearing officer may be modified or rejected only after a review of the complete record and must be accompanied by a statement that such findings were not based upon competent substantial evidence or that the proceedings on which the findings were based did not comply with essential evidence or that the proceedings on which the findings were based did not comply with essential requirements of law.
(d) The record for purposes of Step Three shall consist only of:
1. All notices, pleadings, motions, and intermediate rulings;
2. Evidence received or considered;
3. A statement of matters officially recognized;
4. Questions and proffers of proof and objections and rulings thereon;
5. Proposed findings and exceptions;
6. Any decision, opinion, proposed or recommended order, or report by the presiding officer;
7. All staff memoranda or data submitted to the hearing officer during the hearing or prior to its disposition, after notice of the submission to all parties, except communications by advisory staff as permitted under Section 120.66(1), F.S., if such communications are public records;
8. All matters placed on the record after an ex parte communication made to DOAH hearing officer pursuant to Section 120.66(2), F.S.; and

9. The official transcript.

(e) The final order shall be issued within 90 days of the final date on which written exceptions to the recommended order must be received by the University. The final order shall be in writing and include separately stated findings of fact and conclusions of law.

6C3-10.233 Nonreappointment of Non-tenured or Non-permanent Status Faculty or Administrative and Professional Employees.

(1) This rule is supplemented by the provisions of the Board of Regents/United Faculty of Florida (BOR/UFF) Collective Bargaining Agreement for Faculty and Administrative and Professional (A & P) employees who are members of the collective bargaining unit.

(2) Nonreappointment of Non-Tenured or Non-Permanent Status Faculty or Administrative and Professional employees.

(a) The President or President’s designee may choose not to renew the employment of a non-tenured or non-permanent status faculty employee (Refer to subsection 6C-5.910(3), F.A.C.). Therefore, notice of non-reappointment or intention not to reappoint a non-tenured or non-permanent status Faculty employee shall be given in writing with the following time limits;

1. In the first two years of continuous University service, a Faculty employee must be notified one full semester (or its equivalent, 19.5 weeks, for employees appointed for more than an academic year) prior to the expiration of the appointment.

2. In the third and succeeding years of continuous service, a Faculty employee must be notified one full year prior to the expiration of the appointment.

3. In the event of a break in service for more than one semester in one full year or more than two semesters in two full years, only service following such break shall be counted for purposes of determining length of service. Paid or unpaid leaves shall not be considered a break in service.

4. The requirement of written notice of non-reappointment set forth in this rule is applicable to all Faculty except: those holding multi-year contracts; those holding a visiting appointment status; those who are appointed for less than one academic year; or those with less than five years continuous service who are on “soft” money, e.g., contracts and grants, sponsored research funds, and grants and donations trust funds. Faculty not entitled to a written notice of nonreappointment shall have the following statement included in their employment contracts: “Your employment hereunder will cease on the date indicated. No further notice of cessation of employment is required.”

(b) The notice of non-reappointment or intention not to reappoint an A & P employee, except those employees who are appointed to the Executive Service shall be given in writing with the following time limits;

1. For employees with up to one year of employment, one month prior to the effective date of non-reappointment.

2. For employees with more than one year of service, a minimum notification period based upon one month per year, or part thereof, of full-time employment, plus one month, up to a maximum of six months notification, prior to the effective date of non-reappointment.

3. For Administrative & Professional employees appointed to positions in the classification of Head Athletic Coach, Associate Head Athletic Coach, or Assistant Athletic Coach, may be non-reappointed as indicated in subparagraphs 1. and 2. above unless they are exempt from any additional notice of non-reappointment based on the terms and conditions of their specific employment contracts.

4. Administrative and Professional employees who are appointed to established positions with an appointment status modifier or type, other than Regular (for example Acting, or Visiting) are not entitled to a notice of non-reappointment.

5. For employees in the Executive service, sixty (60) days notice prior to the effective date of the non-reappointment.

6. Employees who are issued an employment contract with a clause providing that employment will cease on the date indicated and further notice is not required, are not entitled to the notice of non-reappointment referenced in this rule.

7. In the event of a break in service for more than four consecutive months in a year, only service following such break shall be counted in determining years of employment under this section. “Break in service” is defined as an absence, not including approved leaves of absence, following which the employee is treated as a new employee.

(c) The decision not to offer further appointment to an A & P employee, or non-tenured or non-permanent status Faculty employee, shall not be based on constitutionally impermissible grounds.

(d) An employee, other than one specified in subparagraph (2)(a), and paragraph (2)(b), as not entitled to a written notice of non-reappointment, who receives a written notice that the employee will not be offered further appointment shall be entitled upon request, within 25 days of date of notice, to a written statement of the specific basis for the decision not to reappoint. Thereafter, the President or President’s designee will have 25 days to provide a statement to the employee.

(e) The notice of non-reappointment shall include the expiration date of the current contract and the last date of employment with the University, and shall be accompanied by a copy of the appropriate appeal procedures in effect at the University. (Refer to Rule 6C3-10.232, F.A.C.).
(3) The President or President’s designee may for the best interest of the University, at any time, assign such Faculty or A & P employee to other University assignments only after consultation with the employee and the departments or other units affected. Regardless of a change in assignment, however, the University is committed to compensate the employee until the effective date of non-reappointment.

6C3-10.234 Phased Retirement Program for Out-of-Unit Faculty.

(1) Eligibility – Out-of-Unit Faculty who have accrued at least ten (10) years of creditable service in the Florida Retirement System or the Optional Retirement Program, are eligible to participate in the phased retirement program. Such eligibility shall expire on the employee’s 63rd birthday. Out-of-Unit Faculty who choose to participate must provide written notice to the University of their decision to participate prior to the expiration of their eligibility or thereafter to forfeit such eligibility. Employees who choose to participate under the provisions of this paragraph must retire with an effective date not later than 180 days, or less than 90 days, after they submit written notice of their decision to participate, except when the end of this 180-day period falls within a semester, the period may be extended to no later than the beginning of the subsequent semester.

(2) Program Provisions.

(a) All participants must retire and thereby relinquish all rights to tenure as described in Rule 6C3-10.211, F.A.C., except as stated otherwise in this rule. Participants’ retirement benefits shall be determined as provided under the rules of the Division of Retirement.

(b) Participants shall, upon retirement, receive payment for any unused annual leave or sick leave to which they are entitled.

(c) Participants on academic year appointments or who are employed for more than nine months shall be offered reemployment by the University for one-half (0.5 FTE) of the academic year (780 hours, or 191/2 weeks), at a salary proportional to their salary prior to retirement. The assignment shall be scheduled within one semester unless the participant and the University agree otherwise. Participants shall also be offered the option of continuing their pre-retirement appointment during the year next following the date of retirement. If the employee retires under the Florida Retirement System, and accepts reemployment by the University during any portion of the 12-month period following the employee’s effective date of retirement, the employee shall not receive retirement benefits during such reemployment in accordance with Section 121.091(9)(b), F.S.

(d) Participants whose appointments are less than nine months, or less than 1.0 FTE, shall be reemployed for one-half of their pre-retirement appointment, not to exceed 19 1/2 weeks, and at a proportional salary. These participants may exercise the option of continuing their pre-retirement appointment during the year following retirement, subject to conditions as outlined above and in paragraph (f) below.

(e) Each participant shall be credited with five days of sick leave, at the beginning of each full-time semester appointment. Participants will not be reimbursed for unused sick leave at the termination of their post-retirement reemployment periods.

(f) A participant who was formerly a twelve month appointee and whose assignment during the period of reemployment is the same or similar to that of the twelve month appointment shall be credited with five days of personal non-medical leave at the beginning of each full-time semester appointment (i.e., the assignment is administrative in nature rather than that of a traditional ranked faculty member).

(g) The period of reemployment obligation shall extend over five consecutive years, beginning with the academic year next following the date of retirement, except that for those participants who exercise the option of continuing their pre-retirement appointment the year following retirement, the period of reemployment obligation shall extend over four consecutive years beginning with the academic year next following the date of retirement. The period of reemployment obligation shall not be shortened by the University except under the provisions of Rules 6C3-10.233 and 6C3-10.134, F.A.C. During the period of reemployment, participants are to be treated as tenured or as having more than five years of continuous service, as appropriate, for purposes of Rule 6C3-10.134, F.A.C.

(h) A participant may decline an offer of reemployment, with reasonable notice to the University. Such a decision shall not extend the period of reemployment beyond the period described above. At the conclusion of the reemployment period, the University may, at its option, continue to reemploy participants in this program on a year-to-year basis.

(i) Participants shall receive all across-the-board salary adjustments available to employees, in an amount proportional to their part-time appointment, and shall be eligible for discretionary salary increases on the same basis as other employees.

(j) Participants may participate in all fringe benefit programs for which they are otherwise eligible as part-time employees and retirees. The University will provide additional salary to participants in an amount equal to the State’s contribution to the State Health Insurance Program.

(k) Participants shall retain all rights, privileges, and benefits of employment, as provided in laws, rules and university policies, subject to the conditions contained in this rule.

(l) Nothing shall prevent the employer or the participant, consistent with law and rule, from supplementing the participant’s employment with contracts or grants.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5) FS. History–New 6-27-96.
6C3-10.235 Change-in-Assignment of Faculty and Administrative and Professional Employees.  
The President or the President’s designee may for the best interests of the University, at any time, assign a Faculty or Administrative and Professional (A & P) employee to other institutional assignments only after consultation with the employee and the departments or other units affected. Regardless of the change-in-assignment, however, the University is committed to compensate the employee. Employees whose assignments are being made in conjunction with a nonreappointment shall be reassigned pursuant to Rule 6C3-10.235, F.A.C. This Rule (Rule 6C3-10.235, F.A.C.) shall only apply to a change-in-assignment when nonreappointment is not intended by the University. Work assignments are grievable pursuant to Rule 6C3-10.232, F.A.C.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 240.202, 240.227(5) FS. History–New 6-27-96.

6C3-10.236 Permanent Status for Developmental Research School Faculty Employees.  
(1) Permanent Status may be granted to Developmental Research School (DRS) Faculty employees as herein provided.

(a) Appointments of DRS employees to the ranks of University School Assistant Professor, University School Associate Professor, and University School Professor are permanent status earning when the appointments do not include the appointment status modifiers acting, adjunct, joint, provisional, visiting, research, courtesy, honorary, or affiliate. The University may make employees who are appointed to the rank of University School Instructor eligible for permanent status. Appointments which include the appointment status modifiers joint, provisional, visiting, research, or affiliate may or may not earn time toward permanent status, as determined by the University at the time of appointment. If a DRS employee is initially appointed to the rank of University School Instructor or to a rank including the appointment status modifiers joint, provisional, visiting, research, or affiliate determined by the University not to earn time toward permanent status, and is subsequently appointed to a permanent status earning position, all or a portion of the employee’s prior service in the non-permanent status-earning position may be counted toward permanent status, provided the University agrees in writing to credit such service.

(b) Permanent status shall become effective at the beginning of the school year following it being granted by the President.

(c) An employee with permanent status shall be entitled to continue in the same or a similar position in the DRS until the employee resigns; the employee is removed for just cause; the employee is laid off; or, the employee’s contractual status is changed.

(d) Permanent status earned by any DRS employee prior to assuming an administrative or supervisory position shall be retained in the position in which it was attained. Upon release from an administrative or supervisory position, the employee shall be entitled to reassignment to the same or a similar position in which permanent status was attained, at the classification level and salary range that would have been earned had the position been held continuously.

(2) Any employee of a DRS may be disciplined, suspended or dismissed for just cause at any time during the school year in accordance with the Rule 6C3-10.133, F.A.C.

(3) Professionals in the Developmental Research School, excluding supervisors and principals, shall be entitled to and shall enjoy permanent status, who:

(a) Hold the required educational qualifications;
(b) Have completed three years of service in a permanent status-earning position in the school, such service being continuous except for leave duly authorized and granted, and have been reappointed for the fourth year; and
(c) Have been recommended by the Director of the Developmental Research School and Dean for a permanent status based on successful performance of duties and demonstration of professional competence. Eight weeks prior to the end of three continuous years of full-time service (part-time service of an employee employed at least one semester in any 12-month period shall be one accumulated) in a permanent status accruing position, the President or President’s designee shall provide notification of the permanent status to the employee. Such notice shall indicate the granting of permanent status or the required one-year notice of non-reappointment. The employment of a faculty employee who has not been approved for permanent status prior to the completion of a fourth consecutive year of employment (or its equivalent in part-time service) shall be terminated at the end of the fourth year.

(4) The provisions of this rule are supplemented by the Board of Regents/United Faculty of Florida Collective Bargaining Contracts for those DRS Faculty employees who are members of the collective bargaining unit.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 240.227(1), (5), (19), 447.203(2) FS. History–New 6-27-96.

PART III UNIVERSITY SUPPORT PERSONNEL SYSTEM EMPLOYEES

6C3-10.336 Applicability of Part III.

(1) Part III is applicable to University Support Personnel System (USPS) employees of the University.

(2) The rules stated in Part III are supplemented by Board of Regents Chapter 6C-5, F.A.C., Part IX and by applicable university rules published in Title Designation 6C3, F.A.C. To the extent the rules in Part III pertain to employees whose positions are in a collective bargaining unit said rules are supplemented by the provision of the appropriate collective bargaining agreement.

Specific Authority 110.205(2)(d), 120.53(1), 240.227(1), (5) FS. Law Implemented 110.205(2)(d), 120.53(1)(a), 240.227(5), (19) FS. History–New 6-27-96.
(1) Scope and Purpose – The purpose of this rule is to establish minimum standards for supervisors and administrators to use in administering discipline for various types of offenses committed by a University Support Personnel System (USPS) employee.

(a) The provisions of this rule are supplemented by Rules 6C-5.950 and 6C-5.955, F.A.C., and the respective collective bargaining agreement for the employees who are represented by a collective bargaining agent.

(b) The following guidelines and standards for performance shall govern the manner and extent to which disciplinary action is taken, except that greater or lesser penalties may be imposed, dependent upon the seriousness of the offense and any aggravating or mitigating circumstances. The Director of University Personnel Relations provides guidance to University department heads and supervisors in the administration of discipline within these standards.

(c) Delegation of Authority – The authority to discipline employees resides with the President or President’s designee. The President has further delegated the authority to department heads and immediate supervisors to administer written reprimands. All other forms of discipline are administered in writing by the President or President’s designee.

(2) Types of Disciplinary Action.

(a) Written Reprimand – For more serious or repeated cases of rules infractions, the supervisor, warns the employee in writing of the specific conduct or performance standard that was violated and places the employee on notice of the next level of discipline if the offense is repeated or the performance fails to improve.

(b) Suspension – This is a severe form of discipline which may be administered as a step in progressive discipline following a written reprimand or may be administered as the first discipline for the commission of a serious offense. Suspension is defined as an action taken by the University to temporarily relieve the employee of duties and place the employee on leave without pay. In an extraordinary situation, such as when the retention of a permanent status USPS employee is likely to result in damage to property or is likely to result in injury to the employee, a fellow employee, or some other person, the employee may be suspended immediately.

(c) Dismissal – This is the final and most severe form of discipline that may be imposed upon an employee. Dismissal is defined as the action taken by the University to separate an employee from the USPS when continued employment would be counter-productive to the operations and welfare of the University. Dismissal may be appropriate for the first discipline for a serious offense or as the final step in progressive discipline.

(3) Offenses – Standards for Disciplinary Action. The most common occurrences are listed below, but the list is not all-inclusive. The disciplinary actions for the listed offenses have been established to help assure that employees who commit offenses receive similar treatment in like circumstances.

(a) Excessive Absenteeism – An attendance record of recurring absences, even though all or a majority of the absences were necessary and/or excused. This also includes a pattern of absences by an employee, such as consistent absences on the day preceding or following the employees regular days off or absence on the same day of each week or month.

1. First occurrence – Written Reprimand.
2. Second occurrence – Three (3) to five (5) days suspension.
3. Third occurrence – Dismissal.

(b) Excessive Tardiness and Early Quits – The failure to follow established work schedules, including reporting late at the beginning of the work schedule, leaving early or returning late from lunch or rest breaks, or leaving work early at the end of the work schedule, all without approval.

1. First occurrence – Written Reprimand.
2. Second occurrence – Three to five days suspension.
3. Third occurrence – Dismissal.

(c) Loafing – Continued and deliberate idleness during work periods which results in the employee’s failure to perform assigned tasks. This includes deliberately wasting time, engaging in idle talk including personal computer chat rooms, gossip or conducting personal business during work periods.

1. First occurrence – Written Reprimand.
2. Second occurrence – Three (3) to five (5) days suspension.
3. Third occurrence – Dismissal.

(d) Negligence – The failure to use ordinary or reasonable care in, or the omission of or inattention to, the performance of assigned duties and responsibilities. Negligence is synonymous with carelessness and signifies lack of care, caution, attention, diligence or discretion.

1. First occurrence – Written Reprimand.
2. Second occurrence – Three (3) to five (5) days suspension.
3. Third occurrence – Dismissal.

(e) Willful Poor Workmanship, Including Deliberately Not Performing Assigned Duties – The intentional disregard of instructions, procedures, work/performance standards and/or deadlines in the performance of an employee’s job duties.

1. First occurrence – Written Reprimand.

   3. Third occurrence: Dismissal.

(4) All appealable disciplinary actions shall be communicated to the employee as prescribed by the applicable Board of Regents rules and/or collective bargaining agreements.

(1) Definition of a complaint.
   (a) A complaint is defined as the allegation by the employee that any condition affecting the employee’s terms and conditions of employment is unjust, inequitable, or creates a problem, except that an employee shall not have the right to file a complaint concerning evaluations of Performance unless the employee alleges that the evaluation is based on factors other than performance.
   (b) Suspensions, dismissals, reductions in pay, demotions, layoffs, job abandonment and transfers shall not be considered as complaints. A review of such actions shall be reviewed in accordance with the provisions of subsection 6C-5.950(4), F.A.C., USPS Arbitration Appeal Procedures, or in accordance with the grievance procedures contained in an applicable collective bargaining agreement.
   (c) Employees who have not obtained permanent status in the USPS may bring a complaint concerning only nondisciplinary matters to their immediate supervisor. If the decision of the immediate supervisor is not satisfactory, the employee may discuss the complaint with the next level supervisor, whose decision shall be final.

(2) A complaint may be filed, by an employee with permanent status, in accordance with University Complaint Procedures for University Support Personnel System Employees, dated July 1, 1986 and amended July 1, 1996, which are incorporated herein by this reference. A copy of said procedures may be obtained from the Office of University Personnel Relations.

Specific Authority 120.53, 240.227(1) FS. Law Implemented 240.227(1), (5), (19) FS. History–New 6-27-96.

(1) Permanent status for University Support Personnel System (USPS) employees shall be granted in the class after successful completion of the designated probationary period for the class. Permanent status assures the employee the right to remain in the class or to appeal any disciplinary action taken against the employee while serving in the class.
   (a) A USPS employee who earns permanent status in a time-limited position shall not have retention rights as provided by Rule 6C-5.955, F.A.C.
(b) A USPS employee who does not have permanent status in any class may be terminated at any time without the right to appeal such action.

(2) The provisions of this rule are supplemented by the applicable collective bargaining agreement for those USPS employees who are members of the collective bargaining unit.

CHAPTER 6C3-11 DIRECT SUPPORT ORGANIZATIONS

6C3-11.001 Requirements for Certification, Budget and Audit Review.

(1) In order to be certified as a direct support organization, as provided in Section 1004.28, F.S., an organization wishing to become a Florida Agricultural and Mechanical University (“University”) Direct Support Organization (“DSO”) shall fulfill the requirements of Section 1004.28(1)(a), F.S., and shall request approval of the Florida Agricultural and Mechanical University Board of Trustees (“the Board”). Upon the approval of the University President (the “President”) and approval by the Board, a direct support organization shall be considered to be certified and authorized to use the property, facilities, name and personal services of the University.

(2) The senior operating officer of the DSO shall report to the President.

(3) Operating budgets of DSOs shall be prepared at least annually, approved by the organization’s governing board and by the President and submitted to the Board for approval.

(4) A DSO shall have the authority to amend its budget. Budget amendment requests for less than 15%, but not to exceed $40,000, of the total amount of the annual budget shall require the approval of the President, provided that no budget amendment affecting the President or the President’s compensation, salary or other benefits shall be made without the approval of the Board. Other budget amendment requests shall require the approval of the President and the Board.

(5) Direct support organizations shall provide for an annual audit and management letter, as prescribed by applicable laws and rules, which shall be submitted to the President and to the Audit Committee of the Board for Board review and approval.

(6) If the President determines that the DSO is no longer serving the best interests of the University, the President may request that the Board decertify a DSO. The Board has the authority to request that the President investigate any DSO that is acting inconsistently with the best interests of the University. The request for decertification shall include a plan for disposition of the DSO’s assets and liabilities.

CHAPTER 6C4-1 UNIVERSITY ORGANIZATION

6C4-1.005 Undergraduate Catalog and Graduate School Programs Catalog of the University.

(1) In addition to operational rules published in accordance with Chapter 120, Florida Statutes, the University of South Florida publishes the Undergraduate Catalog (2000-2001) and Graduate School Catalog of the University (1999-2001), incorporated by reference herein. The catalogs of the University establish and reflect admission and degree requirements within the University of South Florida along with providing general information regarding the University, University community, curricular offerings and facilities available to students, faculty, and staff of the University of South Florida. In addition, the Catalogs of the University contain the academic calendar as set by the University of South Florida within the general guidelines of the Board of Regents.

(2) In the event of conflict between any provisions of the catalogs of the University and any rules of the University of South Florida published in the Florida Administrative Code, such rules of the University of South Florida shall prevail.

(3) Copies of the catalogs can be obtained from the following offices. The Undergraduate Catalog is provided to continuing and newly admitted or readmitted students at no charge through the Office of the Registrar, University of South Florida, Student Services Building, Tampa, Florida 33620-6950. The general public can obtain this catalog at the USF Bookstore; cost is $1.00 in person or is available by sending $3.00 to the USF Bookstore; Tampa, Florida, U.S. mail only. The Graduate Catalog can be obtained through the Office of Admissions, University of South Florida, Student Services Building at no charge.

(4) The following applications for admission to the University of South Florida, are available through contacting the Office of Admissions.

CHAPTER 6C4-2 GENERAL

6C4-2.001 Equal Opportunity. (Repealed)
6C4-2.002 Limited Access Student Records. (Repealed)
6C4-2.0021 University of South Florida Student Records Policy.

6C4-2.0021 University of South Florida Student Records Policy.

(1) Introduction. The policies and procedures outlined in this rule are designed to implement the provisions of the Family Educational Rights and Privacy Act [“FERPA”; 20 U. S. C. § 1232g], and Sections 228.093 and 240.237, Florida Statutes, pursuant to which the University of South Florida is obligated to inform students and parents of their rights to review and inspect education records, to challenge and seek to amend education records, to control disclosure of education records, and to complain to the FERPA Office or to Florida Circuit Court concerning alleged violations by the University of South Florida of any of such rights. The University of South Florida has placed the responsibility for administration of this rule with its FERPA Coordinator who is the University Registrar.

(2) Definitions. The following definitions of terms apply to the construction of this rule:

(a) Student – an individual who is registered for an on-or-off campus program leading to the award of academic credit from the University. “Student” does not include individuals participating in the Common Learning Network, Language Institute, Gifted programs, Speech and Hearing Clinics and non-credit Continuing Education programs.

(b) Education records – those records which are maintained by the University and employees/agents of the University which contain information directly related to a student. “Record,” as used herein, includes any information or data recorded in any medium, including but not limited to handwriting, print, magnetic tapes and disks, film, microfilm, and microfiche. “Agents,” as used herein, means any individual who, pursuant to express or implied authorization, represents and acts for the University.

(c) Record, as used herein, means any individual who, pursuant to express or implied authorization, represents and acts for the University. The following types of records are expressly exempt from the definition of “education records”:

1. Sole possession records – personal record of University employees/agents which meets the following test:
   a. It was created by the University employee/agent as a personal memory aid; and
   b. It is in the sole possession of the University employee/agent who created it; and
   c. The information contained in it has never been revealed or accessible to any other person, including the student, except the University employee/agent’s “temporary substitute.” “Temporary substitute,” as used herein, means an individual who performs on a temporary basis the duties of the University employee/agent.

2. Employment records – records which are used only in relation to an individual’s employment by the University. However, the following are education records rather than employment records:
   a. Records relating to a student’s employment by the University if the position in which the student is employed depends on his/her status as a student.
   b. Records relating to a student’s employment by the University if the student receives a grade or credit based on his/her performance as an employee.

3. Pre-attendance records – records relating to an individual’s application for admission to the University of South Florida prior to his/her actual attendance as an enrolled student in the program for which application was made. This includes records relating to an application for admission to one of the colleges within the University prior to the individual’s actual attendance as an enrolled student in that college.

4. Alumni records – records created and maintained on an individual as an alumnus/alumna of the University of South Florida.

5. Law enforcement records – records created and maintained by the University Police which are used solely for law enforcement purposes, are maintained apart from education records, and are not disclosed to individuals other than law enforcement officials of the same jurisdiction; provided that, in addition, no member of the University Police shall have access to education records except where this rule authorizes release without the student’s prior written consent.

6. Health records – records of the University’s Student Health Services and Counseling Center for Human Development which are used only for the provision of medical, psychiatric, or psychological treatment and which are kept separate from education records.

(c) Personal identifier – any data or information that relates a record to an individual. This includes the individual’s name, the name of the individual’s parents, or other family members, the individual’s address, the individual’s social security number and any other number or symbol which identifies the individual, a list of the individual’s personal characteristics, or any other information which would make the individual’s identity known and can be used to label a record as the individual’s record.

(3) Annual Notification.

(a) The University will publish annually in the graduate and undergraduate catalogs a notice of student rights under FERPA and Sections 228.093 and 240.237, Florida Statutes.

(b) The notice will include, but not be limited to, the following:
   1. The right of the student to inspect and review his/her education records.
   2. The intent of the University to limit the disclosure of information contained in a student’s education records to the following circumstances:
      a. With the student’s prior written consent; or
b. As an item of directory information which the student has not refused to permit the University to disclose; or,
c. Under the FERPA and Florida Statutes provisions which allow the University to disclose information without the student’s prior written consent.

3. The right of a student to request the University to amend any part of his/her education record which he/she believes to be inaccurate, misleading, or in violation of his/her privacy or other rights; and, should the University deny the student’s request, the right of the student to a hearing to present evidence that the record is inaccurate, misleading, or in violation of his/her privacy or other rights.

4. The right to report violations of FERPA to the Family Policy Compliance Office of the U.S. Department of Education, and to bring an action in Florida Circuit Court for violations of Section 228.093, Florida Statutes.

5. The locations where copies of this rule are available to students.

(4) Locations of Education Records.

   (a) Admission records are located in the Office of Admissions, Student Services Building, and the custodian for such records is the Director of Admissions, University of South Florida, SVC 1036, 4202 Fowler Avenue, Tampa, Florida 33620.

   (b) Cumulative academic records are located in the Office of the Registrar, Student Services Building, and the custodian for such records is the University Registrar, University of South Florida, SVC 1034, 4202 Fowler Avenue, Tampa, Florida 33620-6950.

   (c) Medical records are located in Student Health Services, and the custodian for such records is the Director, Student Health Services, SHS 100, 4202 Fowler Avenue, Tampa, Florida 33620.

   (d) Psychological/Psychiatric counseling records are located in the Counseling Center for Human Development, Student Services Building, and the custodian for such records is the Director, Counseling Center for Human Development, University of South Florida, SVC 2125, 4202 Fowler Avenue, Tampa, Florida 33620.

   (e) Student employment records are located in the Student Employment Office, Student Services Building, and the custodian for such records is the Director, Student Employment, University of South Florida, SVC 1037, 4202 Fowler Avenue, Tampa, Florida 33620.

   (f) Financial aid records are located in the Financial Aid Office, Student Services Building, and the custodian for such records is the Director, Financial Aid Office, University of South Florida, SVC 1102, 4202 Fowler Avenue, Tampa, Florida 33620.

   (g) Financial records are located in the Division of Finance and Accounting, Administration Building, and the custodian for such records is the University Controller, Division of Finance & Accounting, University of South Florida, ADM 147, 4202 Fowler Avenue, Tampa, Florida 33620.

   (h) Cooperative education and placement records are located in the Career Resource Center, Student Services Building, and the custodian for such records is the Director, Career Development Services, University of South Florida, SVC 2088, 4202 Fowler Avenue, Tampa, Florida 33620.

   (i) College records are located in the college dean’s office and/or departmental offices of each college or department and in the faculty offices at each college or department and the custodian for such records is the appropriate dean, department chairperson, professor, instructor or lecturer.

   (j) Disciplinary records are located in the Office of Student Affairs, Administration Building, and the custodian for such records is the Associate Vice President for Student Affairs and Dean of Students, University of South Florida, ADM 151, 4202 Fowler Avenue, Tampa, Florida 33620.

   (k) Continuing Education records are located in the Office of the Registrar, Student Services Building, and the custodian for such records is the University Registrar, University of South Florida, SVC 1034, 4202 Fowler Avenue, Tampa, Florida 33620-6950.

   (l) All records relating to students enrolled in the University’s College of Medicine are located in the appropriate College of Medicine office, and the custodian for such records is the Office of Student Affairs, College of Medicine, University of South Florida, MDC 4, 12901 Bruce B. Downs, Tampa, Florida 33612.

   (m) Records relating to students enrolled in the New College program of the University are located in the appropriate New College office, and the custodian for such records is the Provost, New College, University of South Florida, 5700 North Tamiami Trail, Sarasota, Florida 34243.

   (n) Occasional records, student education records not included in the types or systems listed above, such as copies of correspondence in offices not listed, etc., the FERPA Coordinator will collect such records, direct the student to their location, or otherwise make them available for inspection and review.

(5) Procedure to Inspect Education Records.

   (a) Students who wish to inspect and review their education records should submit a written request to the appropriate record custodian or to the FERPA Coordinator. The request should identify as accurately as possible the specific records the student wishes to inspect and review. It may identify records according to the types listed in subsection (4) of this rule, as records located at specific places, or as records under the custodianship of specific University employees/agents identified by title. Records listed in this rule as “occasional records” should be identified in terms which will make it possible for the FERPA Coordinator to locate them and make them available for the student to inspect and review.

   (b) The FERPA Coordinator or the record custodian shall either permit the student to immediately inspect and review his/her education records or advise the student when and where the records will be available for inspection and review. Access to education records requested in compliance with this rule shall be granted within a reasonable period of time, but in no case more than thirty
(30) calendar days after the FERPA Coordinator or the record custodian receives the student’s written request. The FERPA Coordinator or the record custodian or his/her designee shall have the right to be present while the student inspects and reviews the records. Upon reasonable request, the University shall furnish the student with an explanation or interpretation of his/her record.

(c) Upon reasonable request and demonstration to the FERPA Coordinator that the failure to provide the student with copies of the requested education records will effectively deny the student the right to inspect and review such records, the University will arrange for the student to obtain copies of such records. In the event that the student has an unpaid financial obligation to the University, he/she shall not be entitled to transcripts or copies of education records.

(d) When records contain personally identifiable information about more than one student, a student may inspect only that information which relates to him/her.

(e) The University reserves the right to refuse to permit a student to inspect and review the following education records:

1. The financial records of the parents of the student or any information contained therein.
2. Statements and letters of recommendation prepared by University officials or submitted with the student’s application for admission which were placed in the student’s records before January 1, 1975 or for which the student has waived his/her right of access in writing; provided, however, that if such statements and letters of recommendation have been used for any purpose other than that for which they were originally prepared, the student may inspect and review them.
3. Those records which are excluded from the definition of “education records” under this rule.

(a) Fees. The University will charge the following fees for copies of education records:

1. University of South Florida official transcripts – $5.00.
2. FERPA required copies of education records – the fee for FERPA required copies of education records shall be Ten Cents ($0.10) per page, which reflects actual copying costs but does not include the cost of search and retrieval. Copies of education records are required by FERPA under the following circumstances:
   a. A failure to provide such copies would effectively deny the student the right to inspect and review his/her records; or
   b. The University has disclosed information from the student’s education records under authority of the student’s prior written consent and the student requests a copy of the information disclosed; or
   c. The student requests copies of records the University has disclosed to other schools where the student seeks or intends to enroll.
3. Copies (not signed and certified) of education records will be available to students when administratively possible, even though not required by FERPA, at a copying cost of One Dollar ($1.00) per page plus the actual cost of search, retrieval, and mailing.

(b) When administrative costs of collecting fees exceed the amount which would be received, the FERPA Coordinator shall be authorized to waive such fees.

(c) The University reserves the right to deny transcripts or copies of records not required by FERPA in any of the following situations:

1. The student has an unpaid financial obligation to the University of South Florida.
2. There is an unresolved disciplinary action against the student.
3. There is an unresolved litigation between the student and the University of South Florida.

(7) Directory Information.

(a) Designation of directory information. The University hereby designates the following described personally identifiable information contained in a student’s education record as “directory information” in order that the University may, at its discretion, disclose the information without a student’s further prior written consent:

1. The student’s name.
2. The student’s local and permanent addresses.
3. The student’s local and permanent telephone listing.
4. Date and Place of Birth.
5. The student’s classification and major field of study.
6. The student’s participation in officially recognized activities and sports.
7. The weight and height of members of athletic teams.
8. The student’s dates of attendance, part-time or full-time status, degrees and awards received, and most recent previous educational agency or institution attended.
9. The student’s photographic image.
10. Other similar information.

(b) Student’s refusal to permit disclosure of “directory information.” The University will publish in the Schedule of Classes for each academic term the above list, or a revised list, of the items of information it proposes to designate as “directory information.” Students must notify the FERPA Coordinator in writing if they refuse to permit the University to disclose directory information about themselves; such notification must be received by the FERPA Coordinator no later than the end of the second week of classes of the academic term or the student will be deemed to have waived his/her right of refusal until the next academic term. When the FERPA Coordinator receives a student’s refusal to permit the University to disclose “directory information” about that student, the
FERPA Coordinator will notify the appropriate records custodians of the student’s action. The records custodians will not make any further disclosures of directory information about that student without the student’s prior written consent except to the extent authorized by FERPA and the Florida Statutes.

(c) Publication of directory information in the University Directory. The University of South Florida proposes to publish for each academic year a University Directory which will contain certain items of directory information respecting students who are registered during the Fall Semester of such academic year. Students registering during the Fall Semester must notify the FERPA Coordinator in writing of their refusal to permit the University to disclose or publish directory information in the University Directory; such notification must be received by the FERPA Coordinator no later than the end of the second week of classes of the Fall Semester or the student will be deemed to have waived his/her right of refusal with respect to the University Directory until Semester One of the next academic year.

(d) Requests for directory information. All requests for directory information about students should be referred to the FERPA Coordinator.

(8) Use of Education Records. All custodians of a student’s education records and other University employees/agents will follow a strict policy that information contained in a student’s education record is confidential and may not be disclosed to third parties without the student’s prior written consent except as otherwise provided in this section.

(a) University officials shall have access to student education records for legitimate educational purposes.

1. “University official,” as used herein, means:
   a. A person currently serving as a member of the Florida Board of Regents.
   b. A person under contract to the Florida Board of Regents/University of South Florida or the Florida Department of Administration in any faculty or staff position at the University of South Florida.
   c. A person employed by the Florida Board of Regents as a temporary substitute for a staff member or faculty member at the University of South Florida for the period of his/her performance as a substitute.
   d. A person employed by the Florida Board of Regents or under contract to the Florida Board of Regents to perform a special administrative task for the University of South Florida. Such persons may be employed as secretaries, clerks, attorneys, auditors, and consultants. They shall be considered to be University officials for the period of their performance as an employee or contractor.

2. “Legitimate educational purpose,” as used herein, means a University official’s need to know in order to:
   a. Perform an administrative task outlined in the official’s position description or contract; or
   b. Perform a supervisory or instructional task directly related to the student’s education; or
   c. Perform a service or benefit for the student such as health care, counseling, student job placement, or student financial aid.

(b) Under the following circumstances, University officials may make disclosures of personally identifiable information contained in the student’s education records without the student’s consent:

1. To another college or university where the student seeks or intends to enroll.
2. To certain federal and state officials who require information in order to audit or enforce legal conditions related to programs at the University supported by federal or state funds.
3. To parties who provide or may provide financial aid to the student in order to:
   a. Establish the student’s eligibility for the financial aid;
   b. Determine the amount of financial aid;
   c. Establish the conditions for the receipt of the financial aid; or
   d. Enforce the terms of the agreement between the provider and the receiver of the financial aid.
4. To state or local officials in compliance with state law adopted prior to November 19, 1974.
5. To an individual or organization under written agreement or contract with the University of South Florida or the Florida Board of Regents for the purpose of conducting a study on the University’s behalf for the development of tests, the administration of student aid, or the improvement of instruction.
6. To accrediting organizations to carry out their accrediting functions.
7. To parents of a student if the parents claim the student as a dependent under the Internal Revenue Code of 1954. The University will exercise this option only on the condition that evidence of such dependency is furnished to the FERPA Coordinator.
8. To comply with a lawfully issued subpoena or judicial order of a court of competent jurisdiction. The University will make a reasonable effort to notify the student before it makes a disclosure under this provision.
9. The result of a disciplinary proceeding may be released to the victim of the student’s crime of violence.
10. All requests for disclosure under the nine (9) circumstances listed above, where the University may disclose personally identifiable information without the student’s prior consent to third parties other than its own officials, will be referred to the FERPA Coordinator or appropriate records custodian.

(c) University officials are authorized to make necessary disclosures from student education records, without the student’s prior consent in a health or safety emergency if the University official deems:

1. The disclosure to be warranted by the seriousness of the threat to the health or safety of the student or other persons; and
2. The information disclosed is necessary and needed to meet the emergency; and
3. The persons to whom the information is disclosed are qualified and in a position to deal with the emergency; and
4. Time is an important and limiting factor in dealing with the emergency.
(d) University officials may not disclose personally identifiable information contained in a student’s education record, except directory information or under the circumstances listed above, except with the student’s prior written consent. The written consent must include the following:

1. A specification of the information the student consents to be disclosed;
2. The person or organization or the class of persons or organizations to whom the disclosure may be made; and
3. The date of the consent.

(e) The student may obtain a copy of any records the University discloses pursuant to the student’s prior written consent.

(f) The University will not release information contained in a student’s education records, except directory information, to any third parties except its own officials, unless those third parties agree that they will not redisclose the information without the student’s prior written consent.

(9) Records of Requests for Access and Disclosures Made from Education Records.

(a) All requests for disclosures of information contained in a student’s education record or for access to the record made by persons other than University officials or the student or those requests accompanied by the student’s prior written consent will be submitted to the FERPA Coordinator or appropriate records custodian. The FERPA Coordinator or appropriate records custodian will approve or disapprove all such requests for access and disclosures and, except for requests for directory information, he/she will maintain a record of these actions.

(b) This record of requests/disclosures shall include the following information:

1. The name of the person or agency that made the request.
2. The interest the person or agency had in the information.
3. The date the person or agency made the request.
4. Whether the request was granted and, if it was, the date access was permitted or the disclosure was made.

(c) The University will maintain this record of requests/disclosures as long as it maintains the student’s education record.

(10) Procedures to Request Amendment of and Challenge Education Records.

(a) Students have the right to, in accordance with this rule, request amendment of and challenge the content of their education records.

(b) Definitions.

1. The term “incorrect” is used herein to describe a record that is inaccurate, misleading, or in violation of the privacy or other rights of students. A record is not “incorrect,” for purposes of this rule, where the requestor wishes to challenge the evaluation reflected by the grade an instructor assigns for a course.
2. The term “requestor” is used herein to describe a student or former student who is requesting the University to amend a record.

(c) Students who believe that their education records contain information which is incorrect should informally discuss the problem with the record custodian. If the record custodian finds the information is incorrect because of an obvious error, and it is a simple matter to amend it to the satisfaction of the requestor, the record custodian may make the amendment.

(d) If the record custodian cannot amend the record to the requestor’s satisfaction or if the record does not appear to be obviously incorrect, the record custodian will:

1. Provide the requestor a copy of the questioned record at no cost; and
2. Ask the requestor to initiate and provide the record custodian a written request for the amendment; such written request must identify the information which the requestor believes is incorrect, must state why such information is incorrect, and must be dated and signed by the requestor.

(e) The record custodian will send the request, together with a written explanation of his/her refusal to amend the record to the requestor’s satisfaction, to the FERPA Coordinator. The FERPA Coordinator will examine the request, discuss it with appropriate University officials, including the person who initiated the record, the University General Counsel, and other persons who might have an interest in the questioned record. At the conclusion of this investigation, the FERPA Coordinator will summarize his/her findings, make a recommendation for the University’s action, and deliver the request, the record custodian’s written explanation, his/her summary of findings, and his/her recommendation to the University President.

(f) The University President will instruct the FERPA Coordinator whether the record should or should not be amended in accordance with the request. If the University President’s decision is to amend the record, the FERPA Coordinator will advise the record custodian to make the amendment. The record custodian will advise the requestor in writing when he/she has amended the record and invite the requestor to inspect the record.

(g) If the University President’s decision is that the record is correct and should not be amended, the FERPA Coordinator will prepare and send the requestor a letter stating the decision. This letter will also inform the requestor that the requestor has a right to a hearing pursuant to the Florida Administrative Procedures Act to challenge the University’s decision not to amend.

(h) In the event the education records are not amended to the requestor’s satisfaction, the requestor shall have the right to place with the education records a written statement explaining, commenting upon, or disagreeing with information contained in the education records. This statement shall be maintained as part of the student’s education record for as long as the University maintains the questioned part of the record. Whenever the questioned part of the record is disclosed, the student’s written statement shall also be disclosed.
(11) Right of Waiver of Access – The University may request a waiver of access to evaluations and letters of recommendation related to admissions, employment applications and receipt of honors. While such a waiver may be requested, requests for waivers do not constitute a pre-condition for admission, financial aid, or any services or benefits. Upon request, students who have waived access to such items can receive a listing of all individuals providing confidential recommendations or evaluations.

(1) Students attending the University of South Florida are awarded academic degrees in recognition of successful completion of course work in their chosen fields of study. Each individual is expected to earn his or her degree on the basis of personal effort. Consequently, any form of cheating on examinations or plagiarism on assigned papers constitutes unacceptable deceit and dishonesty. Disruption of the classroom or teaching environment is also unacceptable. This cannot be tolerated in the University community and will be punishable, according to the seriousness of the offense, in conformity with this rule.

(2) Plagiarism –
(a) Plagiarism is defined as “literary theft” and consists of the unattributed quotation of the exact words of a published text, or the unattributed borrowing of original ideas by paraphrase from a published text. On written papers for which the student employs information gathered from books, articles, or oral sources, each direct quotation, as well as ideas and facts that are not generally known to the public at large, or the form, structure, or style of a secondary source must be attributed to its author by means of the appropriate citation procedure. Only widely known facts and first-hand thoughts and observations original to the student do not require citations. Citations may be made in footnotes or within the body of the text. Plagiarism, also, consists of passing off as one’s own, segments or the total of another person’s work.

(b) Punishment Guideline: The student who submitted the subject paper, lab report, etc. shall receive an “F” with a numerical value of zero on the item submitted, and the “F” shall be used to determine the final course grade. It is the option of the instructor to fail the student in the course.

(3) Cheating – Cheating is defined as follows:
(a) The unauthorized granting or receiving of aid during the prescribed period of a course graded exercise: students may not consult written materials such as notes or books, may not look at the paper of another student, nor consult orally with any other student taking the same test;
(b) Asking another person to take an examination in his or her place;
(c) Taking an examination for or in place of another student;
(d) Stealing visual concepts, such as drawings, sketches, diagrams, musical programs and scores, graphs, maps, etc., and presenting them as one’s own;
(e) Stealing, borrowing, buying, or disseminating tests, answer keys or other examination material except as officially authorized, research papers, creative papers, speeches, etc.;
(f) Stealing or copying of computer programs and presenting them as one’s own. Such stealing includes the use of another student’s program, as obtained from the magnetic media, or interactive terminals or from cards, print-out paper, etc.
(4) Punishment Guidelines for Academic Dishonesty: Punishments for Academic Dishonesty will depend on the seriousness of the offense and may include receipt of an “F” or “Zero” grade on the subject paper, lab report, etc., an “F” in the course, suspension or expulsion from the University. The University drop and forgiveness policies shall be revoked for a student accused of academic dishonesty. The internal transcript of a student who is awarded an “F” for academic dishonesty will read “FF”.

(a) For observation of or exchanging test information with other students during the course of a classroom test, the students who receive or give such information may receive an “F” with a numerical value of zero on the test, and the “F” shall be used to determine the final course grade. It is the option of the instructor to fail the student in the course.

(b) For use of any prohibited device, such as a cheat sheet, recording, calculator if forbidden on exam, etc., during the course of a classroom test to assist the student or other students, the student using such prohibited device may receive an “F” in the course.

(c) For the use of another student, a stand-in, to take an examination for the enrolled student, it is suggested that the enrolled student receive an “F” in the course and be suspended from school for one year and that the stand-in, if a University student, be suspended from school for one year.

(d) For stealing, borrowing, or buying of research papers, creative works, speeches or tests and other exam materials, or the dissemination of such materials, or the manipulation of recorded grades in a grade book or other class records, the student, if enrolled in the course, may receive an “F” in the course and may be expelled from the University.

(e) It is suggested that students who receive or give stolen computer programs receive an “F” with a numerical value of zero on the program or programs, and the “F” be used to determine the final course grade. It is the option of the instructor to fail the student in the course.

(5) Disruption of Academic Process – Disruption of the academic process is defined as the act or words of a student or students in a classroom or teaching environment which in the reasonable estimation of a faculty member:

(a) Direct attention from the academic matters at hand, such as noisy distractions; persistent, disrespectful or abusive interruptions of lecture, exam or academic discussions, or

(b) Present a danger to the health, safety or well being of the faculty member or students.

(6) Punishment Guidelines for Disruption of Academic Process: Punishments for disruption of academic process will depend on the seriousness of the disruption and will range from a private verbal reprimand to dismissal from class with a final grade of “W,” if the student is passing the course, shown on the student record. If the student is not passing a grade of “F” will be shown on the student record.

(7) Procedure.

(a) Alleged violations of academic dishonesty or alleged disruptions of academic process will be handled initially by the instructor, who will discuss the incident with the student. It must be noted that the Faculty Senate considers the traditional relationship between student and faculty member as the primary means of settling disputes that may arise. If the instructor observes alleged dishonesty occurring during an examination, he/she should, with discretion, notify the student of the fact before the student leaves the examination. In all cases, the instructor must attempt to schedule a meeting with the student to discuss the alleged dishonesty or disruptions.

(b) After the discussion, if the student and instructor have reached a mutual agreement as to the solution, the instructor shall file a statement with the chairperson of the department or equivalent eg. Campus Dean responsible for the course outlining the facts of the incident and the agreed-upon solution signed by both the instructor and the student. If no solution is reached, the matter will be referred to the Chairperson of the department or the equivalent eg. Campus Dean for attempt at resolution. If no resolution is reached, the matter will be referred to the Dean of the College for attempt at resolution. If no solution is reached, the dean shall appoint a student/faculty committee consisting of an equal number of students and faculty to hear the two sides of the incident and to advise the dean regarding the disposition of the case.

(c) Academic Committee Pre-Hearing Procedure. Within a reasonable time following the failure of the student/instructor/dean meetings to bring about a solution, and in no event later than three (3) months after such failure, the dean shall cause formal charges to be filed with the appointed academic committee. The charged student shall be provided a written notice of charges, in sufficient detail to prepare for the hearing, no less than three (3) days before the hearing, except in cases of emergency as specified below.

(d) Hearings.

1. Emergency Hearings. An expedited emergency hearing may be held before an academic administrator appointed by the dean or by the appointed academic committee in cases which involve the safety, health or welfare of any student or staff member.

2. Non-Emergency Hearings before the Academic Committee – General Principles.

a. Burden of Proof. The burden of proof shall be on the complainant. The standard of proof for decision shall be “substantial evidence,” that is, whether it is reasonable to conclude from the evidence submitted that the student did commit the violations for which he/she has been charged and shall not be the strict criminal law standard of proof beyond a reasonable doubt.

b. Record. The proceedings of all hearings shall be recorded.

c. Inspection of Evidence. The student may inspect the evidence which will be presented against him/her.

d. Present Evidence. The student may present evidence on his/her own behalf.

e. Question Witnesses. The student may hear and question adverse witnesses.

f. Self-Incrimination. The student shall not be forced to present testimony which would be self-incriminating.
g. Advisor. The student may have an advisor of his choice present, however, the role of such a person is as an advisor to the student only. The advisor may speak to and consult with the student, but may not serve as the student’s advocate, question witnesses or otherwise participate in the proceedings.

h. Decision Based on Evidence. The decision of the academic committee or appointed academic administrator shall be based solely on the evidence presented at the hearing.

i. Decision in Writing. The decision of the academic committee or appointed academic administrator, including findings of fact and a determination of penalty or sanction if any, shall be presented to the student in writing within a reasonable period of time following the hearing.

j. Enrollment Status. The student’s enrollment status will remain unchanged pending final decision, except in cases of emergency, as described above. If the issue remains open at the end of the semester, the instructor shall give the student an “I” grade in the course until all issues are resolved.

k. Closed Hearings. All hearings shall be closed unless specifically requested otherwise in writing by the charged student prior to hearing.

l. Failure to Appear. If a student against whom charges have been made fails to appear, the academic committee or academic administrator may proceed in his/her absence.

3. Hearing on Appeal. The charged student may appeal the decision of the academic committee or appointed academic administrator within thirty (30) working days of decision to the Dean of Undergraduate Studies or the Dean of the Graduate School, whichever is appropriate. The record of the initial hearing may be considered on appeal and the student is entitled to access to the record when appealing. The decision of the Dean of Undergraduate Studies or the Dean of the Graduate School is final.

6C4-3.003 University Requirements for Faculty Promotion.
The teaching and research faculty holding the academic ranks of Instructor, Assistant Professor, and Associate Professor may be promoted to the next higher academic rank. If approved, the promotion usually will become effective at the beginning of the contractual period of the next academic year. The procedure for this promotion is as follows:

(1) The University shall establish and publish guidelines and criteria for faculty promotion.

(2) The University shall maintain and use a Tenure/Promotion Application Packet USF #TP91.003, eff. 4/92 incorporated by reference herein, that shall call for and accommodate data required by the University for the evaluation of faculty eligible for promotion. These data shall be used by University of South Florida administrators, including chairpersons and deans, and by University of South Florida faculty involved in peer evaluation pertaining to the evaluation of the performance of assigned duties of the faculty member involved.

(3) Each college/campus/unit shall establish and publish guidelines and criteria, based on the University guidelines and criteria approved by the Provost/Vice President for Academic Affairs for faculty promotion. These guidelines and criteria shall include all information/procedures needed for the University evaluation but are not limited to them. Additional criteria suited to the goals and missions of the academic unit(s) may be added.

(4) Promotion applications shall originate with the candidate who, with the assistance of the department/program/division administrator, shall have the responsibility for the completion of the promotion form. The completed form shall be forwarded to the dean of the appropriate college and, if applicable, the dean of the appropriate campus; the college dean’s recommendations shall be added and the form forwarded to the Provost/Vice President for Academic Affairs for further review and evaluation. Positive recommendations by the Provost/Vice President for Academic Affairs shall be submitted to the President for final action.

(5) Each faculty member considered for promotion by the Provost/Vice President for Academic Affairs shall be notified in writing of the final action taken by the Provost/Vice President for Academic Affairs regarding the promotion of that faculty member.

Specific Authority 240.202, 240.227(1) FS. Law Implemented 120.53(1)(a), 240.202, 240.227(1), (5), 240.245(1) FS. History–New 10-6-75, Formerly 6C4-3.03, Amended 5-26-92.

6C4-3.004 University Requirements for Tenure.
(1) University Procedures – The University shall establish and publish guidelines for the evaluation of tenure-eligible faculty that follow the evaluation standards established by the BOR regulations but may impose additional standards for tenure that fit the goals and mission of the University and do not contradict the BOR regulations.

(2) Department/College Procedures – each academic program/department, college, and campus shall establish and publish guidelines and criteria, approved by the Provost/Vice President for Academic Affairs, for the evaluation of faculty eligible for tenure. These guidelines and criteria shall follow those evaluation standards established in the Board of Regents’ regulations but may impose additional standards for tenure that fit the goals and missions of the academic area and do not contradict Board of Regents’ regulations.
The University shall maintain and use a Tenure/Promotion Application Packet, as incorporated in Rule 6C4-3.003, F.A.C., that shall collate and accommodate data required by the University for the evaluation of faculty eligible for tenure. These data shall be used by University of South Florida administrators, including chairpersons and deans, and by University of South Florida faculty involved in peer evaluations pertaining to recommendations for tenure. Among data required will be information pertaining to the evaluation of the performance of assigned duties of the faculty member involved.

Tenure applications shall originate with the candidate who, with the assistance of the department/program/division administrator, shall have the responsibility for the completion of the tenure form. The completed form shall be forwarded to the dean of the appropriate college and, if applicable, the dean of the appropriate campus; the college dean’s recommendations shall be added and the form forwarded to the Provost/Vice President for Academic Affairs for further review and evaluation. Positive recommendations by the Provost/Vice President for Academic Affairs shall be submitted to the President for final University approval and submission to the Board or Regents for their approval.

Each faculty member considered for tenure by the Provost/Vice President for Academic Affairs shall be notified in writing of the final action taken by the Provost/Vice President for Academic Affairs regarding the tenure status of that faculty member.

Tenure, once granted by the Board of Regents, shall become effective at the beginning of the contractual period of the next academic year.

Evaluative information concerning an employee’s performance which is used in promotion and tenure or other evaluative processes shall be confidential and shall not be disclosed except to the evaluated employee, University officials whose duties to supervise or evaluate the employee require access to the records, the President or his/her designee in the discharge of official duties, or pursuant to an order of a court of competent jurisdiction.

6C4-3.007 University Graduation Requirements - Undergraduate.

The University has established basic requirements that all students must meet before graduation.

While each college sets specific requirements for graduation, the basic University requirements must be met by every student upon whom a degree is conferred. These basic requirements specify that a student obtain at least 120 semester hours of credit with an overall 2.00 GPA, including a 2.00 GPA on all courses attempted at the University of South Florida in order to be eligible for graduation. The hours for a course that has been repeated may be counted only once toward this minimum 120 semester hours of credit. At least 40 of the 120 semester hours must be for upper division level work, course number 3000 or above; 60 semester hours must be from a four-year institution.

All students entering the University of South Florida with fewer than 60 semester hours of credit shall be required to earn at least 9 semester hours of credit prior to graduation by attendance during one or more summer terms. The University may waive the application of this rule in cases of unusual hardship to the individual.

In addition to specific requirements of their academic major and college, candidates must satisfy the University General Education and Exit Requirements. Candidates must be recommended for graduation by the dean of the college granting their degree and must have completed at least 30 semester hours of the last 60 semester hours of their undergraduate credit in USF courses. The approval of the dean of the college granting their degree must be secured for any transfer credits offered for any part of these last 60 semester hours.

Approved exchange program students may take courses off-campus which will be considered as on-campus courses. Cooperative Education students, while on their training periods, will have any work given by University advisors counted as residence work.

In order to graduate from the University of South Florida, each student shall meet all of the graduation requirements specified in the University of South Florida catalog of his/her choice, including all Board of Regents’ rules and Legislative policies and law.

A degree seeking student may choose any University of South Florida catalog published during his/her continuous enrollment. Students who have transferred from a public institution of higher education in Florida to the University of South Florida are treated the same as native students. At the University of South Florida continuous enrollment is defined as completing a minimum of two semesters as a degree seeking student per academic year at USF, Fall, Spring, Summer, inclusive of receipt of grades for courses, including W’s through time of graduation. Therefore, students cannot choose a University of South Florida catalog published prior to or during an academic year in which they did not maintain continuous enrollment.

Each University of South Florida catalog is considered to be published during the academic year printed on the title page.

If the student cannot meet all of the graduation requirements specified in the University of South Florida catalog of his/her choice due to decisions and changes by the University in policy matters, course offerings, etc., appropriate substitutions will be determined by the chairperson of the department or program of the student’s academic major.

University policies are subject to change and apply to all students regardless of their choice of University of South Florida catalog. If the student’s graduation requirements are affected by change in University policy, appropriate arrangements will be made to preclude penalization of the student.
(e) While every effort will be made to give each student appropriate advice in meeting academic major and graduation requirements, the final responsibility for meeting these rests with the student. Students should study the University of South Florida catalog carefully and seek advice when in doubt. In any case, the appropriate dean or his/her representative should be consulted when 90 semester hours are completed to be certain that program plans are complete.

(7) University Liberal Arts Requirements consist of General Education Requirements and Exit Requirements. These requirements may be satisfied over the four-year period by the completion of 36 semester hours of General Education Requirements and 9 semester hours of Exit Requirements.

(a) The General Education Requirements consist of:

1. English Composition – Freshman English (ENC 1101 and ENC 1102) – 6 semester hours.
2. Quantitative Methods – 6 semester hours – students should refer to the current University of South Florida catalog for specific courses.
3. Natural Sciences – 6 semester hours – students should refer to the current University of South Florida catalog for specific courses.
4. Social Sciences – 6 semester hours – students should refer to the current University of South Florida catalog for specific courses.
5. Historical Perspectives – 6 semester hours – students should refer to the current University of South Florida catalog for specific courses.
6. Fine Arts – 3 semester hours – students should refer to the current University of South Florida catalog for specific courses.
7. African, Latin American, Middle Eastern, or Asian Perspectives – 3 semester hours – students should refer to the current University of South Florida catalog for specific courses.

(b) Exit Requirements consists of Major Works and Major Issues – 6 semester hours, Literature and Writing – 3 semester hours – students should refer to the current University of South Florida catalog for specific courses.

(c) All A.A. degree holders from Florida public community colleges will be considered as having met only the General Education Requirements and not the Exit Requirements and 60 semester hours of work will be transferred. The determination of the prerequisites for a given academic program will remain the prerogative of the college in which the student is majoring.

(d) Courses required for a student’s major program will not be counted in the total of the 36 semester hours of General Education.

1. Specialization. These are courses required to give the student academic concentration and baccalaureate identification such as Math, Accounting, Psychology, etc.
2. Supporting or Related. These courses may be prerequisites to the specialization courses, or they may support specialized courses by giving preparation or breadth to the area of specialization. These courses are often referred to as college or program core courses.
3. Program Electives. These are usually a broad band of courses offered by the college offering the academic major to further enrich the student in the general academic field in which he/she has chosen to major.

(e) No more than 8 semester hours in a single department may be counted toward distribution requirements for any area.

(f) A student may appeal to the Coordinator of Advising in his/her college for exceptions to these prefixes or courses prior to registration in such courses.

(g) A student must check with his/her college to be sure he/she is meeting liberal arts requirements and special certification or accreditation requirements where appropriate.

(8) Degree Completion for Early Admissions of Medical or Dental Schools. Students who are admitted to a medical or dental school after completing their junior year at the University of South Florida may be awarded the B.A. degree in Interdisciplinary Natural Sciences from the College of Natural Sciences subject to the following conditions:

(a) Transfer of a minimum of 30 semester hours of science courses from an approved medical or dental school.
(b) Interdisciplinary Natural Sciences academic majors at the University of South Florida must fulfill the following minimum requirements:

1. 90 credit hours with at least a “C” average (2.0) in those credit hours completed at the University of South Florida.
2. Completion of a sequence of courses constituting a major program with courses in a department of concentration and supporting courses in related departments. In this major program there must be a 2.0 grade point ratio in the department of concentration, and also a 2.0 grade point ratio in the entire sequence of courses in the major program. S/U grades are not permitted in the major program requirements except for courses designated S/U only. For a more detailed description of the major program requirements, consult the appropriate departmental requirements.

(9) Double Undergraduate Major. Students may elect to graduate with two academic majors. In that event, they must apply independently to each college and be assigned an advisor in each discipline. The student must meet all requirements of each academic major separately and must be certified for graduation by the appropriate dean(s).

(10) Second Undergraduate Major. A student who wishes to work for a second academic major, after receipt of a baccalaureate degree, must apply through the Office of Admissions and meet the academic major requirements as determined by the University of South Florida catalog. Exceptions to this rule are students who have already been accepted for a “Double Undergraduate Major”
but graduate with only one academic major. After acceptance by the appropriate college and proof of completion, the student’s “permanent academic record” will be posted accordingly. Students who complete the requirements for a second academic major must be aware that they will not receive a second degree.

(11) Two Degrees. A student at the University of South Florida may receive two baccalaureate degrees provided he/she meets the University’s graduation requirements; a minimum of 30 semester hours must be earned in on-campus undergraduate courses to apply to the second degree; the student must meet the requirements of the colleges awarding the degrees and the residency requirement.

(12) Second Baccalaureate Degree (first received at another institution). Students already graduated from accredited four-year institutions who apply for admission to work toward another undergraduate degree must meet the University’s regular graduation requirements, including the 9 semester hours of Exit Requirements. A minimum of 30 semester hours must be earned in USF courses to apply toward his/her degree, and the student must meet the requirements of the college awarding the degree and the residency requirement.

(13) Procedures.

(a) Applying for Degree. Application must be made prior to the deadline as stated in the current University of South Florida catalog for accepting Application for Degree for the academic term the student expects to complete requirements. The Application for Bachelor’s Degree form #USF 2075b Rev. 3/95, Eff. 7/95 incorporated by reference herein is available through the college and after completion is to be filed at the Office of the Registrar.

(b) Withdrawal of Application for Degree. Application submitted may be withdrawn through the sixth week of the academic term upon receipt of written notification by the Office of Records and Registration. A student may not reinstate his/her application once it has been withdrawn. After the sixth week, application may be withdrawn through the college with its approval.

(c) If a student has been denied graduation, or if his/her application has been withdrawn, he/she must submit another Application for Degree the academic term he/she is ready to complete his/her requirements.

(d) A student may receive a second or replacement diploma, provided he/she makes payment of a $5.00 fee to defray cost of reorder and resources are available to process the order.

(14) A student may enroll in a baccalaureate degree program while enrolled in or after graduation from a five-year Master’s Degree program. In consultation with an advisor in the five-year program and an advisor in the baccalaureate level program and with the approval of the college dean(s) offering the programs the student is required to complete the following:

(a) Satisfied degree requirements for the five-year Master’s Degree program,

(b) Satisfied requirements for the baccalaureate level program.

6C4-3.010 Academic Minor.

(1) Departments and other academic units at the University of South Florida are authorized to offer academic minors to undergraduate degree seeking students at the University of South Florida under the following conditions:

(a) Conditions defining an academic minor – The academic minor will normally approximate one half of the upper division credits required for an academic major subject to variance as allowed below and subject to modifications if the area is other than that which has an academic major for the baccalaureate degree:

1. An academic minor can be applied for and received:

   a. In conjunction with applying for and receiving a baccalaureate degree.

   b. By students who have already received a baccalaureate degree from the University of South Florida who take additional course work at the University and apply for the certification.

2. A student desiring a minor must have a major in a different program option.

3. University of South Florida course work for an academic minor must have a GPA of at least 2.0.

4. A minimum of 8 semester hours of credit used to satisfy the requirement of a minor must be from USF course.
5. A student can apply for an academic minor, subject to rules specified when the unit defines its academic minor programs; and, before being recognized, the courses involved in the academic minor shall be approved by an authorized advisor from the defining unit.

6. The unit offering the academic minor may specify the courses required to complete the academic minor, providing that the upper division prerequisites do not materially increase the number of required credits. The unit may require whatever admission and/or retention standards or procedures required of the academic major (e.g., GPA for entrance and completion). These requirements must be contained in the original definition of the academic minor or approved modification.

7. The unit offering the academic minor may restrict the number of credits that can be taken in the academic minor before application for the academic minor, and no department or unit can require that more than 80% of the needed courses or credits be taken in residence.

8. Inter-departmental academic minors may be defined by cooperative action, providing that each participating department approve of the program as proposed and providing that the student shall not be required to have more than one academic minor advisor. No more than one half of the required courses or credits shall be from one of the participating units in the academic minor.

   (b) The procedural guidelines contain the following:
   (1) No department or discipline is required to offer an academic minor, nor can a student claim an academic minor which is not listed in the official University of South Florida catalog which specifies academic programs of the University.
   (2) Before an academic minor can be announced in the University of South Florida catalog, it must be:
      a. Recommended and defined by the department or other academic unit;
      b. Approved by the appropriate dean or deans after review with favorable recommendations by college committee(s);
      c. Reviewed with favorable recommendations by the Undergraduate Council; and
      d. Approved by the Dean of Undergraduate Studies.
   (3) Each proposal must contain a statement attesting the fact that no resource reallocation is required for the implementation of the academic minor, that it is basically a name given to a set of courses taken by the student.
   (4) Variances may be requested and each must carry a separate action of approval; in committees, this would require a distinct motion to approve each proposed variance; at administrative levels, a separate signature of the approving officer is required.
   (5) Genuinely new programs must seek approval and complete accepted and necessary procedures for the planning and implementation.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 240.227(1) FS. History–New 7-3-79, Amended 2-22-82, Formerly 6C 4-3.10, Amended 4-11-90.

6C4-3.011 Graduate Study Requirements.

(1) Major Professor. An advisor will be appointed for each student during the first semester of work and will be designated by the chairperson of the department or area in which the degree is sought upon a mutual recommendation from the student and professor concerned.

(2) Quality of Work. Graduate students must attain an overall average of 3.0 (B) in all courses. No course with a grade below “C” will be accepted toward a graduate degree, but all grades will be counted in computing the overall average.

(a) Any graduate student who at the end of a semester is not in good standing under the published requirements for the degree pursued shall be considered to be on probationary status. Such a student may be dropped from degree-seeking status after one semester of probation by the dean of the college. Notification of probation shall be made to the student in writing by the advisor or major professor, with a copy to the college dean and Graduate Dean. At the end of the probationary semester, the advisor or major professor shall recommend to the college dean and the Dean of the Graduate School, in writing, one of three alternatives.

   1. Removal of probationary status;
   2. Continued Probation;
   3. Drop from degree program.

(b) Every effort will be made during the probationary period to aid the student in reestablishing his/her standing.

(3) Appeals. Graduate students may appeal actions regarding their academic status:

   (a) In actions based on departmental requirements, the student may appeal first to the department through the advisor or major professor, then to a college dean or dean’s representative, and then to the Graduate School, if necessary.
   (b) In actions based on the University minimum requirements, appeal shall be made directly to the Graduate School.
   (c) Reports of actions and appeals will be maintained in the student’s permanent department file.

(4) Enrollment Requirements – Minimum University Regulations. A student taking nine or more hours toward his/her degree in a semester will be classified as a full-time student. The normal graduate load is 9-12 credit hours.

   (a) Students who have completed their course work and continue to occupy space and to receive faculty supervision but who have not made a final thesis/dissertation submission shall register for a minimum of two hours of Thesis or Dissertation. The exact number of hours is determined by staff and facilities needed to support the student.
   (b) Graduate students having completed all requirements except for comprehensive exams or completion of “I” and/or “Z” grades will be allowed use of University Library facilities for one semester with approval of department chairperson.
(c) Graduate Teaching and Research Assistants shall pursue a full-time course load each semester. Exceptions may occur but only after careful review by the department chairperson and concurrence by the college dean and Dean of the Graduate School.

(5) Transfer Credit.
(a) Transfer of credit from another recognized graduate school is limited to eight semester hours. All transferred credits must:
1. Be approved by the program or college concerned, and
2. Have been completed with grades of “B” or better.
(b) Transfer (post-baccalaureate, transfer credits from other institutions) and special student credits must be evaluated and transferred by the time of formal acceptance and enrollment. The graduate department/program will be responsible for evaluating and initiating the transfer.

(6) Changes of Graduate Degree Program. If a degree-seeking student changes his/her graduate program, the receiving program may accept all, some, or none of the previous graduate work taken by the student and only those courses accepted will be computed in the grade point average.

(7) Comprehensive Examination. When graduate students take their comprehensive examination, they must be enrolled for a minimum of two (2) semester hours of graduate work of their discipline. If all course work has been completed, such student should be enrolled in Independent Studies.

(8) Application for Degree. Each student who plans to complete graduation requirements by the end of a term must complete the Application for Degree (Master’s, E.D.S. or Ph.D.) form #USF 2075g Rev. 3/95 Eff. 7/95, available through the Registrar incorporated by reference herein. The application is available through the college or the Office of the Registrar, and after completion must be returned to the Office of the Registrar prior to the deadline as stated in the current University of South Florida Catalog for accepting application for degree for the academic term the student expects to complete requirements.

(9)(a) S/U Grades in the Graduate Program. No graduate student may take a course in his/her major on an S/U basis except for certain courses that are specifically designated in the catalog. A graduate student may take courses outside of his/her major on an S/U basis with prior approval of the professor of the course, his/her advisor or major professor, and the dean of the college who will approve the degree.

(b) The student may apply a maximum of six hours of such credit, excluding Directed Research, Thesis/Dissertation, Design, Practicum, or Internship, toward a Master’s degree. Courses are designated as “Credit Varies” and are awarded credit on an S/U basis only. Before a student undertakes work under Directed Research a written agreement between the student and the professor concerned, setting forth in detail the requirements of the course, shall be completed.

(10)(a) The Z Grade. The Z grade shall be used to indicate continuing registration in thesis/dissertation courses, where the final grade to be assigned will be that of the completed sequence. Upon satisfactory completion of the thesis/dissertation course, the Z grade will be changed to S.

(b) Procedures requiring petitions are processed through the Graduate School.

(11) Exclusions. Members or former members of the faculty who hold or who have held the rank of Assistant Professor, Associate Professor, or Professor are not eligible to be granted degrees from the University of South Florida except upon prior authorization of the Dean of the Graduate School and the Provost.

(a) In cases where a member of the immediate family of the faculty is enrolled in a graduate degree program the faculty member may not serve on any advisory or examination committee nor be involved in any determinations of academic or financial status of that individual.

(b) Further requirements and procedures governing master’s and doctoral degrees are specified in the current University of South Florida Graduate School Catalog incorporated in Rule 6C4-1.005, F.A.C.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(1) FS. History–New 7-3-79, Formerly 6C4-3.11, Amended 1-19-92, 8-4-93, 7-17-94, 7-20-95.

6C4-3.012 External Degree Program, Bachelor of Independent Studies.

(1) Bachelor of Independent Studies (BIS) is an undergraduate degree program based on a curriculum of Interdisciplinary Studies. It is offered statewide on a predominantly external basis for adults whose life style is incompatible with residential study. The adult oriented curriculum and learning format based on tutorials and seminars represent a unique approach to completing a college degree.

(a) BIS Program Budget. The statewide Program operates on a base budget authorized and assigned to the University of South Florida by the Board of Regents in 1986.

(b) Program Administration. The BIS Faculty Committee, which is advisory to the Provost for Academic Affairs, initiates and monitors program policy and operation. The Committee, for example, oversees curriculum changes, student admissions and faculty selection. The statewide Program includes all State Universities with faculty representatives teaching in the Program. The central administrative office for the BIS Program is located at the University of South Florida in Tampa. The special degree program reports to the Dean of the College of Arts and Sciences.
(c) Faculty. BIS mentors and seminar faculty are appointed for the statewide Program from the faculty of participating universities which currently include the University of South Florida, Florida State University, the University of Florida and the University of North Florida. Approvals for faculty assignments and payment require signatures from the faculty member, from the department chair, the college dean, the person responsible for certifying overload and the Director of the BIS Program.

(d) Admission Requirements. BIS applicants must meet the same requirements for admission to the University as any other degree-seeking student. Admission to the BIS Program is determined by the BIS Faculty Committee. A student cannot be concurrently enrolled as a degree-seeking candidate in a traditional degree Program at the University of South Florida while enrolled as a degree-seeking candidate in the BIS Program.

(e) Academic Requirements. The student with a four area curriculum contract completes four areas of study – Humanities, Social Sciences, Natural Sciences and Tutorial Studies as illustrated below:

- **HUM 4909** BIS Humanities, Independent Study 15
- **HUM 4939** BIS Humanities, Seminar 15
- **ISS 4909** BIS Social Sciences, Independent Study 15
- **ISS 4939** BIS Social Sciences, Seminar 15
- **ISC 4909** BIS Natural Sciences, Independent Study 15
- **ISC 4939** BIS Natural Sciences, Seminar 15
- **IDS 4990** BIS Inter-Area Studies 30

Students must earn a grade of “Satisfactory” for the guided independent study and resident seminar units associated with each of the first three study areas. Completion of guided independent study is achieved through demonstrated proficiency via an area comprehensive examination. Seminar performance is evaluated by the seminar faculty. Fourth Area study culminates with the satisfactory defense of the inter-area thesis. The student with a two area curriculum contract – community college graduate with an A.A. or an A.S. in selected health related fields – completes two rather than four study areas – more explicitly, two units of independent study and two seminars.

(f) Credit Hours and Grades. Credit hours are awarded when a student earns a rating of satisfactory in a tutorial, seminar or thesis requirement. The grading system for the BIS student is as follows:

1. **S** – Satisfactory. Student has completed unit of study.
2. **PWD** – Passed with deficiency. Changes to an “S” after the student has satisfied the deficiency.
3. **U** – Unsatisfactory. Student continues reading program and is eventually scheduled for a retest.

(g) Undergraduate Profile Exam. The taking of the Undergraduate Profile in Social Sciences, Humanities, and Natural Sciences is a requirement for graduation.

Specific Authority 120.53(1)(a) FS. Law Implemented 120.53(1)(a), 240.227 FS. History–New 7-3-79, Formerly 6C4-3.12, Amended 5-7-90.

6C4-3.014 Associate of Science Degrees from Florida Community Colleges.

1. A student who has been academically dismissed from the University of South Florida or whose GPA falls below a 2.00 and subsequently achieves an AS degree in an approved, articulated program from a Florida public community college or a Florida public four-year institution, when (re)admitted to the University will be credited with a maximum of 60 semester hours and have his/her academic record clear. A USF GPA will begin again.

2. An inventory of the approved articulated programs are maintained in the Community College Relations Office.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.115(1), 240.227(1), (8) FS. History–New 2-22-82, Formerly 6C4-3.14, Amended 4-19-90.

6C4-3.017 Deletion of Courses from Catalogs and Common Course Designation and Numbering System.

1. The University of South Florida, on an annual basis, as part of the procedure for the preparation of the undergraduate and graduate programs catalogs, will ensure that courses which have not been taught for the preceding five years, or less if desired, and which are not expected to be offered within the next five years are deleted from the catalogs. The University shall also notify the Office of the Common Course Designation and Numbering System to delete said courses.

2. The course review process will be conducted by the Undergraduate Council for undergraduate courses and by the Graduate Council for graduate courses.

3. Any courses which have not been taught in the preceding five years which the University wishes to continue shall be reviewed in the same manner as courses which are proposed for addition to the catalogs and Common Course Designation and Numbering System. A course may be continued if the University determines there was reasonable cause for the course not to have been offered and there is an expectation that it will be offered again within the following five years. Courses not taught for ten consecutive years will be deleted regardless of expectation.

4. The President of the University shall certify annually to the Board of Regents that the University has complied with the requirements of Section 233.015, Florida Statutes, as required by Board of Education Rule 6A-10.0331, F.A.C.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 233.015, 240.115(1), 240.202 FS. History–New 6-12-88.
6C4-3.018 Admission to the University of South Florida.

1) General Policies.

(a) Admission of students to the University of South Florida is within the jurisdiction of the University, but subject to the rules of the Florida Board of Education (FBOE).

(b) Admission of new students at all levels is on a selective basis within curricular, space and fiscal limitations. Satisfaction of minimum admission requirements does not guarantee acceptance. The selection process may include such factors as grades, test scores, pattern of courses completed, class rank, educational objectives, past conduct, school recommendations, personal recommendations and personal records. Preference for admission in any term will be given to those applicants whose credentials indicate the greatest promise of academic success.

(c) The University encourages applications from qualified applicants of both sexes and from all cultural, racial, religious, ethnic and age groups and does not discriminate in the admission process on the basis of these factors.

(d) The University does not discriminate on the basis of disability in the admissions process or in access to programs or activities.

(e) The University considers for admission those applicants who do not fully meet minimum requirements but who have special attributes, special talents or unique circumstances that may contribute to a representative and diverse student body. These applicants will be considered for admission under established alternative policies which are described under admissions requirements for entering freshman, undergraduate transfer and graduate applicants.

2) Enrollment Limitations.

(a) The admission of students to the University of South Florida shall be in accord with the University’s missions and goals and shall comply with enrollment limitations established by the Florida Board of Education and the Florida Legislature. The enrollment plan of the University establishes the following priorities for admissions:

1. Transfer students with Associate of Arts (AA) degrees from Florida community/junior colleges or from other SUS institutions who have not attended another institution after earning the AA degree.
2. Graduate students.
3. Entering freshman students.
4. Other transfer students with 60 or more semester hours.
5. Transfer students with fewer than 60 hours.

(b) Within the categories set forth above, these priorities will be followed:

1. Florida residents.
2. Non-Florida residents.
3. International students living outside the United States.

(c) Non-degree-seeking students will be permitted to register for courses on a space-available basis.

3) Limited Access Programs.

(a) USF, with approval of the Florida Board of Education and the Articulation Coordinating Committee, has established the following undergraduate programs as limited access: College of Arts & Sciences – Liberal Studies, Mass Communications, Social Work; College of Business Administration – all degree programs; College of Education – all degree programs; College of Engineering – all degree programs; and College of Nursing – all degree programs.

(b) The admissions criteria and procedures for limited access programs at USF furnish equal access to AA degree holders from Florida public community/junior colleges, AA degree transfers from other SUS institutions and USF students of equivalent status.

(c) Undergraduate transfer applicants with 90 or more transferable semester hours who are seeking admission to limited access programs must meet the overall grade point average criterion specified by program in order to be eligible for admission to USF.

4) Application and Admission Procedures.

(a) An application for admission must be submitted by all students who have not previously been admitted to a University of South Florida degree program. Current or former USF degree-seeking students must file another application when applying for a second degree program, another level of study or readmission, but will not be required to pay another application fee.

(b) Applications for admission are accepted as early as 12 months before the requested entry date. Applications for admission and non-refundable application fees must be submitted by the appropriate published application deadline date for the requested term of entry or the requested degree program, whichever is earlier. USF reserves the right to return to the sender the application and application fee when the application is received after the published closing date or after any enrollment limit or program limit is reached for the requested term of entry.

(c) For graduate and international applicants, the deadline for receipt of credentials is the same as the governing application deadline.

(d) Admission is granted for a specific term and program as designated in the Official Acceptance Notice. If an admitted student does not enroll in the specific term for which admission has been granted, the student must request a new entry date.

(e) All official transcripts, test scores and other credentials must be received directly from the issuing institution or agency. Undergraduate admissions test scores (SAT and ACT) may be considered to be official if they are recorded on an official high school transcript. It is the applicant’s responsibility to request all required credentials and to assure their receipt by either the USF
Office of Admissions or Office of Graduate Admissions, whichever is appropriate, in Tampa. All documents and credentials submitted become the property of the University of South Florida. The originals or copies of the originals will not be returned to applicants or forwarded to a third party.

(f) The University of South Florida reserves the right to request the testing agency to validate any applicant’s admissions test scores (e.g. SAT, ACT, GRE, GMAT) prior to making an admission decision if, in the specific judgment of an admissions officer, there is reason to warrant this validation.

(g) An applicant admitted on a provisional status must submit the requested missing credentials, such as official final transcripts or test scores, which must substantiate eligibility for admission before a second term of enrollment as a degree-seeking student will be permitted.

(h) Performance in courses taken as a non-degree seeking student will not qualify an applicant for admission as a degree-seeking student.

(i) A non-degree seeking student who has been dismissed from USF is not eligible for admission to USF as a degree seeking student at the undergraduate level. If extenuating circumstances contributed to the academic dismissal and the student meets other admissions requirements, a request for the waiver of this rule may be submitted to the Faculty Committee on Student Admissions. This rule does not apply to a student who has earned a degree from a regionally accredited institution subsequent to academic dismissal.

(j) Freshman or undergraduate transfer applicants denied admission to the University of South Florida as degree seeking students will not be permitted to enroll as non-degree seeking students.

(k) An application or residency affidavit submitted by or on behalf of a student which contains false, fraudulent or incomplete statements shall result in denial of admission or denial of further registration and/or degrees awarded.

(l) The University shall refuse admission to a student whose record shows previous misconduct not in the best interest of the University community. The Vice President for Student Affairs or his/her designee will review all applications in which a prior legal or behavioral problem is noted. When necessary, this officer will contact appropriate individuals having knowledge of the applicant and/or the incident. Thereafter, the Vice President for Student Affairs or his/her designee will review the entire record and make a decision, with the assistance of the recommendations from the above sources, as to whether the admission of the applicant will be in the best interests of the University. In addition to this clearance by the Vice President for Student Affairs, the applicant must satisfy the academic requirements for admission. Any applicant denied admission under this policy may appeal to the Vice President for Student Affairs within ten (10) days after receiving notification of denial of admission.

(m) Prior to beginning classes, all new undergraduate students and former students returning are required to participate in an Orientation/Advising/Registration program on the University of South Florida campus where they will take all or the majority of courses in their first semester.

(n) Applicants may request consideration of admission for other terms that begin within 12 months of the originally requested entry date without submitting a new application and fee. All requests for changes of entry dates must be submitted in writing, must specify any college(s) attended and/or college work attempted that was not reflected on the original application and must be received by the appropriate published application deadline for the new term of entry or degree program specified, whichever is earlier. A new application and fee must be submitted when applicants wish to be considered for admission for a term that begins more than 12 months after the originally requested entry date.

(o) Applicants who request new entry dates as specified above must meet the admissions requirements and selection criteria in effect for the new term requested. Entry dates for some programs are limited to specified terms.

(p) Applications and documents submitted by those applicants who apply and are denied, or who are admitted and do not enroll, or who do not complete the application process, are retained as inactive files for one year only. These files are destroyed after receipt of authorization from the Division of Archives, History and Records Management, State of Florida.

(5) Admission Requirements.

(a) The admissions requirements stated below are minimum requirements. Satisfaction of minimum requirements does not guarantee admission to USF. Preference for admission in any term will be given to those applicants whose credentials indicate the greatest promise of academic success.

(b) The following information must be submitted to receive consideration for admission to the University of South Florida:

1. Entering Freshman applicants: application for admission (incorporated in Rule 6C4-1.005, F.A.C.), non-refundable application fee, official high school transcript, official GED scores if applicable, SAT or ACT scores, TOEFL score if applicable.

2. Early admission/freshman applicants: All information required of “Entering Freshman applicants,” plus the “Supplemental Information for Early Admission To The University of South Florida”, Rev. 3/00, incorporated herein and a personal letter outlining reasons for seeking early admission. The Early Admissions form is available from the Office of Admissions.

3. Transfer applicants with fewer than 60 semester hours of transferable college credit earned: application for admission, non-refundable application fee, official high school transcript, official GED scores if applicable, SAT or ACT scores, official transcripts from all colleges attended, TOEFL scores if applicable.

4. Transfer applicants with 60 or more semester hours of transferable college credit earned: application for admission, non-refundable application fee, official transcripts from all colleges attended, TOEFL score if applicable.

5. Graduate Applicants: Domestic and International Graduate applicant information submission requirements are provided in the Graduate Catalog incorporated in Rule 6C4-1.005, F.A.C.
6. International undergraduate applicants (not permanent U.S. residents): USF International Student Application for Admission (incorporated in Rule 6C4-1.005, F.A.C.), non-refundable application fee payable in U.S. dollars, TOEFL score if applicable, USF Financial Statement, Visa Clearance Form if currently enrolled in a U.S. Institution, undergraduate admissions test scores as specified for the appropriate applicant category, transcripts showing subjects and grades from the first year of secondary work to the time of application. Transcripts in a language other than English must be accompanied by a certified English translation. Foreign transcripts must be evaluated by a credential evaluation service, as specified in the international application.

(c) Requirements for Entering Freshmen.
1. The admission of entering freshmen is governed by Florida law and Florida Board of Education rules.
2. Normally a diploma from a Florida public or regionally accredited high school or the state-approved General Education Development (GED) diploma is required for freshman admission. Students admitted under the Early Admission Program are exempted from this requirement.
3. A test score from the Scholastic Aptitude Test (SAT) of the College Entrance Examination Board or from the American College Testing program (ACT) must be submitted by all freshman applicants.
4. In computing the high school grade point average for purposes of admission, USF adds one quality point for grades earned in College Board Advanced Placement Courses, International Baccalaureate course, and grades earned in high school designated honors or advanced courses.
5. When applicants present scores from more than one administration of the SAT, the highest verbal score and the highest quantitative score from among the different administrations are combined to determine eligibility for admission. In cases when applicants present multiple ACT scores, the highest possible composite score, obtained from using the highest of each of the sub scores from among multiple administrations, is used to determine eligibility for admission.
6. A minimum score of 550 on the written version of the Test of English as a Foreign Language (TOEFL), or a minimum score of 213 on the computer-based version, if the applicant’s native language is not English. This requirement shall be waived if, immediately prior to the expected USF entry date, the applicant has spent four consecutive years in a school where all courses are taught in English. If otherwise qualified, applicants who present TOEFL scores between 500 and 550 for the written version or 173-213 for the computer-based version (“cbv”) may be considered for admission with the condition that they must take a specified sequence of English courses. All applicants to Business and Engineering programs must meet the minimum TOEFL score requirement of 550 for the written version or 213 for the cbv. International citizens who are not permanent U.S. residents must also comply with all requirements for admission of international applicants.
7. For high school applicants earning a high school diploma:
   a. The following academic units, college-preparatory, year-long courses or equivalents normally offered in grades nine through twelve are required: four (4) units of English – three of which must have included substantial writing requirements; three (3) units of mathematics – at the algebra I and above levels; three (3) units of natural science – two of which must have included substantial laboratory requirements; three (3) units of social science – history, civics, political science, economics, sociology, psychology and geography; two (2) units of the same foreign language; and four (4) additional academic elective units from among these five academic areas and other courses approved by the Florida Board of Education.
   b. Each freshman applicant must meet one of the following:
      I. At least a “B” average (3.0 on a 4.0 scale) as computed by USF in the required high school academic units in English, mathematics, natural science, social science and foreign language; or
      II. A combination of high school GPA and admission test scores equivalent to a 2.5 (on a 4.0 scale) as computed by USF in the required high school academic units in English, mathematics, natural science, social science and foreign language, and a 1010 on the combined verbal and quantitative parts of the Scholastic Aptitude Test (SAT), or a comparable score on the American College Testing program (ACT) as indicated by the Admissions Scale of the Florida Board of Education.
   c. As required by Y 240.152, F.S., the University provides for reasonable substitution for any requirement for admission for any person who is hearing impaired, visually impaired, dyslexic or who has a specific learning disability. Documentation must be provided that the failure to meet the admission requirement is related to the disability, and the University may request pertinent documents as needed to determine eligibility for substitution under this subsection.
8. For applicants earning a GED diploma, an overall percentile score of at least 60 for all five tests and a percentile score of at least 50 on each of the five tests, and a total score of at least 1010 on the combined verbal and quantitative parts of the SAT or a composite score of 21 on the Enhanced ACT.
9. Freshmen applicants who do not meet the standard admissions criteria established by the Florida Board of Education and the University of South Florida may be admitted by the Faculty Committee on Student Admissions under authority delegated by the Florida Board of Education if there is evidence that the student can be expected to do successful academic work at USF. This alternative will be utilized for applicants who have important attributes, special talents or unique circumstances that may contribute to a representative and diverse student body.
10. First-time-in-college applicants who have been denied admission may petition the Faculty Committee on Student Admissions in writing within 30 days for reconsideration of the admissions decision. The request must contain reasons why this reconsideration is warranted based on extenuating circumstances and/or appropriate alternative evidence of academic achievement,
ability, motivation and responsibility that indicates potential for success at the University of South Florida. Student-initiated petitions that are denied by the Faculty Committee on Student Admissions may be further appealed to the Dean of Undergraduate Studies, and then to the Provost and Vice President for Student Affairs acting jointly.

11. Each student admitted by the Faculty Committee on Student Admissions shall have an individual learning plan. Annual follow-up reports of the success of these students shall be submitted for FBOE review.

12. Entering freshman applicants denied admission to the University of South Florida as degree seeking students will not be permitted to enroll as non-degree seeking students.

13. In addition to the minimum University requirements for admission set forth above, freshman applicants seeking entrance to limited access programs must meet additional requirements published and announced by each specific program.

(d) Requirements for Early Admission. The University of South Florida provides an early admission program for mature high school students to enter the University prior to graduation from high school. Applicants for early admission are evaluated on an individual basis and must demonstrate strong capability for academic work based on the high school record and admission test scores.

(e) Requirements for Undergraduate Transfer Students.
1. The admission of undergraduate transfers is governed by Rule 6C-6.004, F.A.C.
2. The University of South Florida accepts transfer credits only from those institutions accredited at the time the credits are earned by one of the six regional accrediting associations: New England Association of Schools and Colleges, Commission on Institutions of Higher Learning; Middle States Association of Colleges and Secondary Schools, Commission on Higher Education; North Central Association of Colleges and Schools; Northwest Association of Schools and Colleges; Southern Association of Colleges and Schools, Commission on Colleges; and Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Accrediting Commission for Junior Colleges. All credits earned during the period of time a regionally accredited institution was in a candidacy status for accreditation are considered for transfer credit. Credits earned at an institution that is currently in candidacy status will not be considered for transfer credit until such time as the awarding institution receives full regional accreditation. If the applicant is applying from a non-regionally accredited school, the admission decision will be based on the student’s prior work, if any, at a regionally accredited institution.
3. The University of South Florida reserves the right to evaluate specific courses and deny transfer credit. Courses that are remedial, occupational or vocational in nature are not accepted for transfer credit.
4. Grade point averages for the purpose of admission will be computed based on grades earned in courses that are acceptable for transfer credit. In the computation, incomplete grades will be computed as failures.
5. Transfer applicants must have completed two credits of one foreign language or American sign language in high school or eight to ten semester hours in the undergraduate institution(s) attended or demonstrate equivalent foreign language competence as described in Rule 6C-6.004, F.A.C. Transfer students are exempt from this admissions requirement if they received an Associate in Arts degree prior to September 1, 1989, or if prior to August 1, 1989, they enroll in a program of studies leading to an Associate degree from a Florida community college and maintain continuous enrollment until they are admitted to a university. Continuous enrollment will be established if the student enrolls in at least one term in each twelve-month period beginning with the student’s first enrollment in a community college and continuing until the student enrolls in a university. Lower level transfer students not to exceed 5 percent of the total number of freshmen enrolled in the prior academic year may be admitted without satisfying the foreign language requirement provided all such students admitted satisfy the foreign language requirement prior to admission to the upper division. All AA degree holders who are not exempt from this requirement and all other upper level transfer students admitted without meeting the foreign language admission requirement must satisfy the foreign language requirement prior to graduation.
6. Within curricular, space and fiscal limitations, admission as a junior to the upper division of the University will be granted to any Associate of Arts degree graduate of a state-approved Florida community/junior college or a transfer applicant from an SUS institution who has received the AA degree/certificate. The admission of Florida community/junior college AA transfer students is governed by the Articulation Agreement between the state universities and public community/junior colleges in Florida.
7. Undergraduate transfer students who have not earned the AA degree/certificate from a public community/junior college or state university in Florida or who have attended another college after receipt of the AA degree/certificate from a public community/junior college or state university in Florida must:
   a. Be in good standing and eligible to return to the last regionally accredited institution attended as a degree-seeking student;
   b. Have an overall 2.0 grade point average on a 4.0 system in all college level courses attempted and acceptable in transfer;
   c. Satisfy the minimum admission requirements for entering freshmen if transferring with fewer than 60 semester hours. With the approval of the Chancellor and of the Executive Director of the Community College System, exceptions to this requirement may be granted.
8. In determining eligibility for admission, the University provides for reasonable substitution for any course or high school unit requirement for any person who is hearing impaired, visually impaired, dyslexic or who has a specific learning disability. Documentation must be provided that the failure to meet the admission requirement is related to the disability, and the University may request pertinent documents as needed to determine eligibility for substitution under this subsection.
9. A minimum score of 550 on the written version of the TOEFL, or 213 on the computer-based version, is required if the applicant’s native language is not English. The TOEFL requirement shall be waived under two conditions: first, if the applicant has an AA degree/certificate from a Florida community/junior college or SUS institution; second, if, immediately prior to expected
USF entry date, the applicant has spent four consecutive years in a school where all courses are taught in English. If otherwise qualified, applicants who present TOEFL scores between 500 and 550 on the written exam or 173-213 on the computer-based version may be considered for admission with the condition that they must take a specified sequence of English courses. All applicants to Business and Engineering programs must normally meet the minimum TOEFL requirement of 550 on the written exam or 213 on the computer-based version. International citizens who are not permanent U.S. residents must also comply with all requirements for international applicants.

10. In certain cases, exceptions to admission criteria may be made on an individual basis by the Faculty Committee on Student Admission under authority delegated by Rule 6C-6.004, F.A.C., in accordance with Section 240.233, F.S. Exceptions will be made when a student can reasonably be expected to do satisfactory work at the University of South Florida and who has important attributes, special talents or unique circumstances that may contribute to a representative and diverse student body.

11. If eligible for appeal, undergraduate transfer applicants who have been denied admission may petition the Faculty Committee on Student Admissions in writing within 30 days for reconsideration of the admissions deadline. The request must contain reasons why this reconsideration is warranted based on extenuating circumstances and/or appropriate alternative evidence of academic achievement, ability, motivation and responsibility that supports potential for academic success at the University of South Florida. Student-initiated petitions that are denied by the Faculty Committee on Student Admissions may be further appealed to the Dean of Undergraduate Studies, and then to the Provost and Vice President for Student Affairs acting jointly.

12. Undergraduate transfer applicants denied admission to the University of South Florida as degree seeking students will not be permitted to enroll as non-degree seeking students.

13. In addition to the minimum University requirements for admission set forth above, undergraduate transfer applicants seeking entrance to limited access programs must meet additional requirements published and announced by each specific program.

14. Undergraduate transfer applicants with 90 or more transferable semester hours who are seeking admission to quota/limited access programs must meet the overall grade point average criterion specified by program in order to be eligible for admission to the university.

(f) Requirements for Entering or Transferring Graduate Students and Post-baccalaureate Professional Students are provided in the Graduate Catalog incorporated in Rule 6C4-1.005, F.A.C.

(g) Requirements for International Applicants who are not permanent U.S. residents.

1. The admission of international students who are not permanent U.S. residents is governed by Rule 6C-6.009, F.A.C.
2. International applicants must submit applications for admission, application fees and all required supporting documents no later than four (4) months prior to the date of desired entry or meet any earlier application deadline specified by the degree program requested.

3. A minimum score of 550 on the test of English as a Foreign Language (TOEFL) is required if the applicant's native language is not English. For undergraduate – entering freshmen and undergraduate transfer applicants – the TOEFL requirement shall be waived under two conditions: first, if applicant has an AA degree/certificate from a Florida community/junior college or SUS institution; second, if, immediately prior to expected USF entry date, applicant has spent four consecutive years in a school where all courses are taught in English. If otherwise qualified, undergraduate applicants who present TOEFL scores between 500 and 550 may be considered for admission with the condition that they must take a specified sequence of English courses. All undergraduate applicants to Business and Engineering programs must normally meet the minimum TOEFL requirement of 550 (or 213 if the computer-based version).

4. In addition, international applicants must:
   a. Meet all admission requirements for their appropriate applicant category – entering freshmen, undergraduate transfer, graduate. International applicants seeking entrance to limited access programs at the undergraduate level must meet additional requirements announced by each specific program. International applicants seeking admission to graduate study must meet any college or program requirements as published and announced by each specific college/program.
   b. Present appropriate diploma(s), certificate(s), degree(s) and/or examination(s) passed from the home country as evidence of United States equivalent qualifications and academic preparation for degree program requested.
   c. Be in good standing at the last institution attended.
   d. Show proof of availability of financial resources sufficient to cover all educational, maintenance, personal and travel expenses while attending USF without financial assistance from the University.
   e. If currently enrolled in a U.S. institution, submit a Visa Clearance Form signed by the Foreign Student Advisor.

(6) Readmission (Undergraduate Former Students Returning).

(a) Any degree seeking student who has not earned his/her degree, who has not been enrolled at USF in any of the last three terms and who wishes to re-enroll in the University must apply for readmission.

(b) In order to be considered for readmission, a former student should file a new Application for Admission with the Office of Admissions by the deadline indicated in the Academic Calendar for the term of requested reentry. A new application fee is not required.

(c) Undergraduate students returning to seek a baccalaureate degree must:
   1. Be eligible to return to the University of South Florida.
   2. Be in good standing and eligible to return to the last institution attended as a degree seeking student, if any.
3. Have achieved a grade point average of at least 2.0 on a 4.0 scale on all college-level academic courses attempted at institution(s) since last enrolled at USF.

(d) Students who have attended one or more institutions since their last enrollment must request official transcripts of all work attempted at the other institution(s) to be sent to the USF Office of Admissions. Acceptability of transfer credits toward completion of USF degree programs will be determined by the college of the student’s major.

(7) Evaluation of Transfer Credit.

(a) The receipt and evaluation of transfer credits is the responsibility of the Office of Admissions. The Office of Admissions will evaluate the acceptability of total credits transferable to the University. The college of the student’s major will assign equivalent courses in determining which courses are applicable toward a specific degree at the University. In some instances, exact course equivalents will also be determined by other colleges which offer the same or similar courses as part of their programs of study.

(b) The University of South Florida accepts transfer credits only from those institutions accredited at the time the credits are earned by one of the six regional accrediting associations: New England Association of Schools and Colleges, Commission on Institutions of Higher Learning; Middle States Association of Colleges and Secondary Schools, Commission on Higher Education; North Central Association of Colleges and Schools; Northwest Association of Schools and Colleges; Southern Association of Colleges and Schools, Commission on Colleges; and Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Accrediting Commission for Junior Colleges. All credits earned during the period of time a regionally accredited institution was in a candidacy status for accreditation are considered for transfer credit. Credits earned at an institution that is currently in candidacy status will not be considered for transfer credit until such time as the awarding institution receives full regional accreditation. If the applicant is applying from a non-regionally accredited school, the admission decision will be based on the student’s prior work, if any, at a regionally accredited institution.

(c) After enrollment, students may request validation of transfer credits earned at non-regionally accredited institutions by petition to the USF department that offers comparable courses with approval from the college of the student’s major.

(d) The University of South Florida reserves the right to evaluate specific courses and deny transfer credit. Courses that are remedial, occupational or vocational in nature are not accepted for transfer credit.

(e) Associate of Arts (AA) degree holders from Florida public accredited institutions will be considered as having met USF General Distribution Requirements and are automatically awarded 60 semester hours of credit. A course-by-course transfer credit evaluation will be done for all out-of-state and private in-state AA degree holders.

(f) Effective Fall Quarter, 1976, all courses from a Florida Community College/University bearing the same State Common Course prefix and last three numbers as a USF course are automatically transferred and transfer students may not be required to repeat these courses unless a college age-of-record policy is involved. Excluded are graduate courses, studio courses in art, internships, practicums and performing arts courses in dance, acting, and vocal and instrumental music.

(g) Credit will not be awarded for GED tests.

(h) Service school courses will be evaluated with reference to the recommendations of the American Council of Education when official credentials have been presented. Such recommendation, however, is not binding upon the University.

(i) Effective Fall Quarter, 1975, the maximum credit awarded for ROTC and military science courses will vary with each college. ROTC and military science courses taken prior to Fall 1975 are not acceptable for transfer credit.

(j) A maximum of 45 semester hours of College Level Examination program, subject and general examinations, credits can be accepted for transfer credit.

(k) A maximum of 30 semester hours of extension, correspondence, and military service education credits can be applied toward a degree.

(l) Grades earned in transferred courses are not computed in the student’s USF grade point average except for the purposes of admission to limited access programs, awarding of Honors at Graduation, and class ranking of baccalaureate students.

(m) A continuously-enrolled USF degree-seeking student must obtain prior written approval from the college of the student’s major in order for courses taken at other regionally-accredited institutions to be applied to the USF degree program.

Specific Authority 229.0081, 240.233 FS. Law Implemented 240.233 FS. History-New 3-26-91, Amended 1-7-93, 6-19-02.

6C4-3.019 Associate of Arts Certificate.

Upon the student’s successful completion of the minimum requirements for the Associate of Arts certificate the University will present the student who has properly made application with an appropriate certificate.

(1) To receive the Associate of Arts, the student must complete 60 semester hours of university credit; at least twenty of the last thirty semester hours must be completed in residence at the University of South Florida; the minimum grade point average must be 2.0 based on work attempted at University of South Florida; in addition, a transfer student must have a GPA of 2.0 or higher when combined with transfer work accepted and evaluated by USF Office of Admissions and the General Distribution Requirements of the University of South Florida must be satisfied. Physical Education and military science credits do not count within the 60 semester hours toward the Associate of Arts. In addition, the student must present a score, passing score after August 1984, on the College-Level Academic Skills test and fulfill the writing and computation course requirements of Rule 6A-10.030, F.A.C., prior to receiving Associate of Arts degree.
(2) Application Procedure for the Associate of Arts Certificate. The Application for an Associate of Arts Certificate form #USF 2075 Rev. 3/93, Eff. 9/93 can be obtained from the Center for Academic Advising in the Division of Undergraduate Studies prior to the application deadline. The deadline to apply for a degree in each semester is stated in the Academic Calendar in the catalog.

(3) The Associate of Arts must be awarded prior to the term that the student becomes eligible for the baccalaureate degree.

(4) Final processing for the Associate of Arts will be done after grades are processed at the end of the semester for which the student applied. All work, including transfer work, taken in that semester will be evaluated at that time with respect to the requirements for the Associate of Arts Certificate.

(5) Any incomplete grades shown on the permanent record of an Associate of Arts applicant at the time grades are processed will be treated as an F in the calculation of grade point average.

(6) The General Distribution Requirements will be based on the approved University policy in effect in the catalog year the student chooses according to the University policy regarding the choice of catalog. The consideration of whether or not General Distribution Requirements are met will be made without consideration of the student’s choice of major at the time he/she applies.

(7) Residence credit will be broadly defined to include USF sponsored student exchange programs and the University of Florida Correspondence Division. Where the grades from these institutions, except those earned through the University of Florida Correspondence Division, are recorded on the permanent record at the University of South Florida, and included in the grade point average calculation, they will also be counted in the student’s grade point average as work attempted at University of South Florida for the Associate of Arts.

(8) An applicant who has not been enrolled at USF for three semesters may be contacted to ascertain whether or not that applicant meets the residency requirements.

(9) In approving any application for the Associate of Arts certificate, satisfactory/unsatisfactory grades will be accepted according to the approved University policy in effect during the terms of the student’s enrollment without regard for the student’s declared major. Students must be aware that if they have taken any courses on a satisfactory/unsatisfactory basis where such grades are not acceptable by the college of the major, the students may be required to repeat particular courses for a traditional letter grade or take additional courses for a traditional letter grade to meet the college requirements.

(10) All University of South Florida colleges with undergraduate programs will accept the Associate of Arts from University of South Florida. That is, the student will be placed at least, at the junior level and will be considered to have met the University’s General Distribution Requirements. The applicability of the courses taken by the student toward his/her major program will be determined by the College of the student’s major. Similarly, any special requirements for a student’s professional certification (e.g., Education and Engineering) are not necessarily met by the Associate of Arts certificate, but could be included as part of the General Distribution Requirements. Thus, students should check with their colleges concerning meeting any special requirements in an efficient manner.

(11) The awarding of the Associate of Arts is posted on the permanent record but does not alter the calculation of the grade point average nor does it interrupt the accumulation of the student’s record.

(12) Students who follow a baccalaureate degree program as recommended by a college will not necessarily be eligible for the Associate of Arts Certificate prior to the completion of 90 semester hours.

6C4-3.022 Use of University Career Resource Center Facilities and Services.

(1) Students must register with the Career Resource Center (CRC) to utilize the services of the CRC. There are two levels of registration:

(a) Any student who wants to utilize any of the CRC services (library, video, job data bank, advising) must complete a Personal Data form, USF form #CDS 003, Eff. 9/91, which is available at the CRC office, incorporated by reference herein.

(b) Students who want to participate in on-campus interviewing, resume referral, and all other services must attend the Placement Services Orientation. Students must complete and return the placement package or electronic registration which includes a Consent To Disclosure To Third Parties Information Contained In Records form also known as a Credentials Release form, USF form #CDS 002, Eff. 9/91, incorporated by reference herein. Students may register three full semesters before graduation.

(2) Students who fully register with the Career Resource Center will have three months of service after their date of graduation with the exception of on-campus interviewing.

(3) Graduating students and alumni are given priority of services over the other State University System of Florida students who are served on reciprocal basis.

(4) All company representatives making on-campus visits for the purpose of interviewing graduating students and alumni are required to work through the Career Resource Center for scheduling rooms, interviews, etc.

(5) All companies are required to have a copy of the University’s Equal Opportunity Employer Statement on file.

(6) No listing will be provided to any person or organization who asks for specific categories such as race, color, creed, religion, sex, age or national origin.

(7) Employers have two options when recruiting on campus:
(a) Pre-Selection – Resumes of qualifying students will be forwarded one month prior to the scheduled visit. Two requirements must be met for employers selecting this method of recruitment:

1. Employers must provide a COD Express Mail account number, i.e. Federal Express, Airborn or Emory Express, to the Career Resource Center on the Recruitment Information Form, USF form #CDS 001, Eff. 9/91, incorporated by reference herein.

2. Names of pre-selected students must be forwarded in writing by the deadline date.

(b) Open – Interview schedules will be made available for student sign-up two weeks prior to the interview date. Every effort will be made to assure that students meet the requirements on the Recruitment Information Form.

(8) Employers who request resumes for specific positions and desire to interview referred students on-campus will be responsible for contacting those students. Interview space will be arranged through the Career Resource Center.

(9) Students will provide ten resumes to be used for mailing by the CRC. Students will be notified in writing when additional resumes are needed.

(10) All appointments for campus interviews will be made personally by each student requesting that appointment. No interview appointments will be made over the telephone except as by special arrangements with other USF campuses.

(11) Any student scheduling an interview finding it necessary to cancel must notify the Career Resource Center 48 hours prior to the scheduled interview. Less than 48 hours constitutes a “no-show”. A student having a “no-show” will be denied campus interviews until he/she can talk personally with the Assistant Director or the Coordinator of Placement.

(12) Students who sign up for employer pre-selection must also sign up for an interview time or be considered a “no-show”.

(13) Only students who are fully registered with the Career Resource Center have access to the Job Data Bank, position vacancies listed with this office.

6C4-3.023 Student Exchange Programs.
The University of South Florida has exchange programs which involve students at the university and students in institutions of higher learning, either within or without the state, which are not in the State University System as follows:

(1) Plan A – the out-going USF student pays to USF a fee which covers the cost of his/her full time registration while on exchange. Full time registration is calculated as 2 credits minus health fees plus 10 credits minus bond and trust fees. The former is used to pay for actual course registration, while the latter goes to the university miscellaneous account. The student is also charged an amount sufficient to cover the cost of a double room and a 20 meal plan for the incoming exchange student as well as for administrative costs involved in running the overall international student exchange program. In this plan, the USF student does not pay for registration, room, or meal plan to the other institution while on exchange. Likewise, visiting students will pay fees to his/her home institution but will not pay for registration, room, or meal plan to USF. Registration fees for those students are waived, and the International Student Exchange Office pays the Division of Housing and Food Services for the room and meal plan from the funds paid by the outgoing students.

(2) Plan B – the out-going student pays the same registration and administrative costs as outlined above but pays for housing and meal plan at the exchange school. The visiting student does not pay for registration fees here since they are waived but does pay for his/her room and meal plan.

6C4-3.024 Non-Resident Tuition Waivers.
(1) The University of South Florida will use graduate out-of-state tuition waivers to offer tuition support to non-resident Graduate Assistants who have a minimum .25 FTE. and to non-resident graduate students who are recipients of Fellowships that award a stipend equivalent to State mandated minimum for matching waiver support per semester of tuition assistance. The Graduate Dean’s allocation of out-of-state tuition waiver dollars to non-resident graduate students, other than those above, shall be given to graduate students having exceptional academic capabilities or skills provided funds are available.

(2) To the extent funds are available, out of state tuition waivers are awarded to undergraduate students having exceptional academic capabilities or skills who apply to and meet the criteria of the appropriate USF college or unit, e.g. degree-seeking Junior or Senior, etc.

(1) Traffic rules, regulations and directive signs governing the use of motor vehicles are in effect 24 hours a day, all year long. Inclement weather does not bar their enforcement.
(2) Motorists shall yield the right-of-way to pedestrians within a crosswalk.
(3) The Tampa campus speed limit is 30 m.p.h. unless otherwise posted. Speed limit in parking lots is 10 m.p.h.
(4) It is unlawful to drive in the opposite direction of the normal flow of traffic.
(5) It is unlawful to remove, alter, or change any traffic control device, sign, barricade, or traffic cone. It is also unlawful to drive around barricades, traffic cones in the roadway, or parking lots that are closed by PATS.
(6) ALL FLORIDA TRAFFIC LAWS ARE ENFORCEABLE ON CAMPUS.

Specific Authority 240.227(1), (27), 240.264 FS. Law Implemented 240.227(13), 240.264, 240.265 FS. History–New 4-29-01.

6C4-4.00211 Regulations Governing Scooters, Motorcycles, Bicycles and Mopeds.
(1) Drivers of scooters, motorcycles, bicycles and mopeds are responsible for observing the same traffic regulations as those governing vehicles.
(2) Drivers may not drive, ride or park scooters, mopeds, or motorcycles on grass, sidewalks or in the confines of a building.
(3) It is unlawful for more than one person to ride on a vehicle at the same time, unless the vehicle is designed for and equipped with a seat for each person.
(4) Drivers may not park two-wheeled motorized vehicles in an automobile space. They are, however, allowed to park at paid meters. There are designated motorcycle spaces available.

(5) Holders of motorcycle or bicycle permits are entitled to a maximum of five (5) days, annually, of temporary parking permits for four-wheeled vehicles.

(6) All two-wheeled motor vehicles must be registered with PATS.

(7) Motorcycles cannot display automobile permits at any time, therefore, registered owners of four-wheeled vehicles who have motorcycles, are required to register and purchase permits for each vehicle or motorcycle they wish to park on campus.

(8) Bicyclists will be ticketed for MOVING VIOLATIONS on streets or sidewalks by University Police. Bicycle Regulations are outlined in Section 316.2065, F.S.

(9) A person propelling a bicycle by human power upon and along a sidewalk, or across a roadway upon and along a crosswalk, has all the rights and duties applicable to a pedestrian under the same circumstances, but the cyclist shall yield the right-of-way to any pedestrian and shall give an audible signal before overtaking and passing such pedestrian.

Specific Authority 240.227(1), (27), 240.264 FS. Law Implemented 240.227(13), 240.264, 240.265 FS. History–New 4-29-01.

6C4-4.00212 Towing/Immobilizing of Vehicles.

(1) Vehicles are subject to being immobilized by a mechanical boot or towed away at the operator’s or USF department’s expense under any of the following conditions:

(a) Those listed in the Parking Brochure incorporated in Rule 6C4- 4.0023, F.A.C.

(b) Unauthorized parking in reserved or disabled spaces.

(c) Parking out of assigned area (e.g., staff parking in student lot or vice versa) or without a valid permit.

(d) Abandoning a vehicle (disabled or otherwise) for three (3) consecutive days or more (disabled or abandoned vehicles must be attended to promptly with immediate notification made to PATS between 8:00 a.m. and 5:00 p.m. and to the University Police after 5:00 p.m. on weekdays and on weekends and holidays).

(e) Parking in such a way as to interfere with University operational activities.

(2) Vehicles that have been immobilized by a mechanical boot are towed at the owner’s/department’s expense. The owner/department is required to pay for the outstanding citations, and the immobilization fee and applicable towing charges prior to claiming their vehicle. The fact that a previously immobilized vehicle has been removed from the area without authorization from PATS shall be prima facie evidence that the registered owner has tampered with the immobilized vehicle. Owners of immobilized vehicles may make restitution during PATS’ office hours at the main building or at the Campus Information Center. Such payments will not be accepted after hours or through the weekend/holidays, so vehicles will remain immobilized until restitution is made on one of the next business days.

(3) A signed release slip must be obtained from PATS before owner’s towed vehicle may be reclaimed from the towing company. The release slip will be issued after vehicle registration fees and outstanding citation fees are paid at PATS. In addition, the owner or operator of the towed vehicle must provide proper identification to the towing company and pay the towing charges in cash to the towing company before reclaiming the vehicle from the towing company.

Specific Authority 240.227(1), (27), 240.264 FS. Law Implemented 240.227(13), 240.264, 240.265, 240.266 FS. History–New 4-29-01.

6C4-4.00213 Violations, Penalties and Fines.

(1) Moving violations will be referred to the City of Tampa by PATS.

(2) Operators of vehicles are subject to be fined in accordance with the schedule of violation charges as provided in the Parking Brochure incorporated in Rule 6C4- 4.0023, F.A.C.

(3) In addition, permission to operate a vehicle on campus may be revoked for a period up to twelve (12) months and the operator so notified by PATS whenever:

(a) The person falsifies or misrepresents information on any PATS’ documents.

(b) The person/department lends his/her vehicle to another person when the latter is not entitled to driving privileges.

(c) The person/department required to register a vehicle does not respond to citations.

(d) The person/department demonstrates actions that show a willful disregard for public safety or property, or engages in other types of disruptive behavior with another member of the University community.

(e) The person owes a delinquent debt to USF.

(4) Any violation not cleared at the end of twenty-one (21) days shall be referred to the Division of Purchasing and Financial Services for collection. Outstanding student accounts may also result in student records and registration being placed on hold until the debt is settled.

Specific Authority 240.227(1), (27), 240.264, 240.291 FS. Law Implemented 240.227(13), 240.264, 240.265, 240.266, 240.291 FS. History–New 4-29-01.

6C4-4.00214 Citation - Payment and Appeal Process.

VIOLATION PAYMENT PROCEDURE:
(1) Unless otherwise specified in these rules, all persons or departments who are cited for non-moving violations may make payment to the PATS in person, mail payment in the envelope provided, or place payment in envelope and deposit in the drop box at the PATS. If payment is mailed or deposited in the drop box, payment shall not be made using cash.

(2) Students and staff may participate in the Campus Litter Cleanup Program to satisfy charges not to exceed $40.00 for the academic year. Details may be obtained at PATS.

(3) APPEAL PROCESS:
(a) Only those persons or departments responsible for incurring the citation or the registrant of the vehicle cited may appeal to PATS or the USF Parking Citation Final Appeal Committee.
(b) Any person or department who wishes to appeal a citation shall do so within fourteen (14) calendar days from the date of issuance on the citation. (Note: Warning citations may not be appealed.) Appeals may be submitted in writing, in person, or via the Internet at the Website published in the Parking Brochure. The USF Parking & Transportation Services Parking Citation Appeal form (Rev. 10/99), incorporated by reference herein, is available at the PATS main building and the Campus Information Center. A copy may also be obtained by calling (813) 974-3990. The person or department appealing the decision must explain the circumstances existing at the time of the citation in the appeal for review of the citation.
(c) If an appeal is not submitted within fourteen (14) calendar days from the date the citation was issued, the right to appeal is forfeited.
(d) The written appeal will be reviewed by the Appeals Mediator/Staff, adjudicated based on the current PATS Regulations and a letter of decision will be issued.
(e) If the person or department is dissatisfied with the decision of the Appeals Mediator/Staff, they may appeal the Appeals Mediator/Staff’s decision to the USF Parking Citation Final Appeal Committee. Such appeals must be requested in one of the following ways: in writing, by appearing in person or by having the original appeal forwarded to the Committee. Such appeal requests must be made within fourteen (14) calendar days from the date of the Appeals Mediator/Staff’s letter of decision. The USF Parking Citation Final Appeal Committee will review the matter and may excuse or uphold the citation, but the Committee may not contradict the prevailing parking and registration regulations. The USF Parking Citation Final Appeal Committee is the final appeal authority.

6C4-4.0022 Canines on Campus.
(1) Canines are not permitted in University of South Florida patio areas adjacent to swim facilities, in recreational facilities such as racquet ball and tennis courts, in food or dormitory facilities, inside University buildings, or at special events such as flea markets and open air concerts, excepting seeing eye dogs.
(2) In all other parts of campus where canines may be permitted, such animals must be kept securely tied by a line or leash not to exceed ten (10) feet in length. Canines are not permitted to run at large on any of the streets, unimproved lots or premises within the boundaries of the University of South Florida and should not be tethered and left unattended.
(3) Consequences for violation:
(a) Student violators will be referred to the Office of Student Affairs for disciplinary action in accordance with the University’s student disciplinary procedure.
(b) Staff violators will be referred to their supervisor.
(c) Non-University violators will be referred to the Division of Public Safety. The first violation will result in a warning; further violations will result in a charge of trespass.

Specific Authority 120.53, 240.227 FS. Law Implemented 240.227 FS. History–New 6-6-90.

6C4-4.0023 Driving and Parking on Campus.
(1) AUTHORIZATION: The University of South Florida ("University") strives to provide an adequate parking and transportation system for its employees, students and visitors. The University charges fees for use of its parking spaces in order to pay for the operation and maintenance of campus parking facilities and may assess a Transportation Fee, as described in subsection (3) of this rule, to provide an adequate transportation system for students. Due to the size of the staff and student bodies, the University does not guarantee parking to all students and staff paying for spaces. For those community members parking on campus, the University provides for, but does not guarantee, the safety and security of vehicles, property and persons within the University parking facilities. All persons of the University community holding a valid operators license are privileged to use properly registered motor vehicles, motor scooters, bicycles and other mechanical conveyances on the campuses of the University of South Florida in accordance with the terms of these regulations.

(2) ENFORCEMENT:
(a) University Police are authorized to directly and immediately enforce these regulations on the University campuses and to make arrests and issue moving traffic citations on campus and off campus in cases where the offenses occur on campus.
(b) University Police, Parking Patrol Officers, Security Officers, or specially designated personnel are authorized to issue parking citations for parking and registration violations in accordance with these regulations twenty-four (24) hours a day.
(3) TRANSPORTATION FEE PLAN: To support the University transportation infrastructure and increase student access to transportation services, the University shall maintain a Transportation Access Fee Plan. The University of South Florida President (“University President”) may, from time to time, convene a Transportation Access Fee Committee. The Committee shall be composed of at least one-half student representatives appointed by the student body president. The remainder of the committee shall be appointed by the University President. A chairperson shall be jointly appointed by the University President and student body president and shall only vote in case of a tie. The Committee may recommend that fees or fee increases be assessed upon all courses and fundable credit hours taken by individuals at the University. The recommendations shall take effect if approved by the University President, after consultation with the student body president, and approved by the University Board of Trustees.

(4) BROCHURES: The University of South Florida brochures 2003-2004 “Parking at the University of South Florida” (“Parking Brochure”) are incorporated into this rule by reference, and may be obtained at the local parking services office.

6C4-4.0025 Registration Regulations.
(1) VEHICLES USED ON CAMPUS BY STAFF AND ENROLLED STUDENTS, REGARDLESS OF NUMBER OF HOURS OR DAYS, NIGHT OR DAY, FULL TIME OR PART TIME, MUST BE REGISTERED AND MUST BEAR A VALID UNIVERSITY PERMIT.

(2) Vehicles may be registered during business hours Monday through Friday, at PATS or at a designated satellite location.

(3) Upon requests by PATS, the person registering a vehicle must present a valid USF faculty/staff, or student ID card, or a letter from employer which justifies the type of permit requested. Resident students must present a copy of their housing contract or check-in sheet. Disabled registrants must present a copy of their disabled registration. All registrants are responsible for providing PATS with a current address and keeping all information about vehicle ownership updated.

(4) All vehicles used on campus must be registered prior to parking in any non-visitor spaces on campus.

(5) There is no grace period for registration of vehicles and acquisition of university permits. New and returning employees may obtain a temporary permit for fourteen (14) calendar days from the start date of their employment. Proof of employment status is required.

(6) Reserved spaces may be purchased for a yearly fee. Requests for spaces must bear the concurrence of the President, a vice president, or a dean, and attest to the fact that the space is needed based upon the registrant’s work requirements. These spaces are not transferable and cannot be sold to another individual in the event the registrant of the reserved space leaves the University. Reserved parking locations are established by PATS to allow improved parking efficiencies.

(7) Commercial representatives in commercial vehicles using marked delivery trucks, telephone and power service vehicles, limousine service automobiles, taxis and buses making brief stops in the appropriate spaces or zones at one or more points on campus are not required to pay a parking fee or display a permit unless the vehicles will be parked.

(8) Vendors/Contractors and sales or service representatives must display a USF Vendor/Contractor permit on their commercially or privately owned vehicles to park on USF campuses. These vehicles may be parked in any designated, unreserved non-gold lot parking space. Special parking arrangements must be approved in advance by PATS. Vendor/Contractor permit holders may also utilize designated loading/unloading zones for periods of thirty (30) minutes or less.

(9) Permit regulations:
(a) When the vehicle is parked, hangtags must be hung from the rearview mirror bracket with the registration number plainly visible through the front window of the vehicle. Note: Having tinted windows, or using a sunscreen or a car cover does not preclude the necessity of ensuring the hangtag is plainly visible.

(b) Hangtags may not be transferred from registrant to another vehicle operator who would otherwise be required to register their vehicle.

(c) Hangtags are transferable to any vehicle owned by the registrant.

(d) Adhesive decals are only issued to those registrants with convertibles or other open vehicles. The decal must be permanently affixed to the left rear bumper and/or the left side rear windshield of the vehicle (outside only). Improper display of decal may result in a citation being issued and a fine being charged.

(e) Adhesive decals for all two-wheeled vehicles must be displayed on the rear fender of the vehicle unless otherwise approved by PATS.

(f) University permits may not be reproduced, altered, or transferred by anyone other than PATS.

(g) The person who owns or registers a vehicle is responsible for assuring that the vehicle, regardless of who drives it, is parked in conformance with the rules and regulations and for knowing when the issued permit expires.

(h) All citations issued to a permit will be that registrant’s responsibility regardless of which vehicle the permit is on at the time of the infraction, unless a lost/stolen affidavit form regarding that permit has previously been submitted to PATS. The USF Parking & Transportation Services Request for Replacement or Exchange of Parking Permit form (Rev. 10/99), incorporated by reference herein, may be obtained by writing to University of South Florida, Parking Services, 4202 Fowler Avenue, PSB101, Tampa, Florida 33620.

(i) Any vehicle parked on campus is parked at the risk of the operator. Permits declared lost or stolen will immediately become invalid. An affidavit must be completed for lost or stolen permits or in the event that the permit was sold with the car. If recovered, the permit will be reclaimed by the PATS and destroyed. Any vehicle bearing a lost/stolen permit is subject to immediate tow, even if the vehicle bearing the permit is owned by the person who has reported the permit as lost/stolen.

(j) All University staff, students and visitors who own, register, and have more than one vehicle on campus at the same time are required to have a valid permit displayed on each vehicle.

6C4-4.0026 Vehicle Registration Fees.
(1) Payroll Deduction: Those persons employed as faculty, A & P, or USPS may pay for their permits through payroll deduction. Those employees not considered permanent employees, i.e., OPS, graduate assistants, visiting and adjunct professors, etc. are not eligible to use payroll deduction. Payroll deduction cannot be used between March 31 and July 31.
(2) Refunds: No full refunds are issued for permits, including replacement permits, unless the refund is requested within 14 calendar days of the initial date of validity of the permit. To receive the refund, the permit must be returned to PATS with the receipt. Refund requests received after 14 calendar days of the initial date of validity of the permit are pro-rated.

(3) Permits for change of status, commuter to resident, resident to commuter, student to staff, or hangtag to adhesive, are issued free of charge upon presentation of the old permit and proof of status change.

(4) Coins are not accepted for payment of registration or citations unless the coins are properly rolled in bank wrappers and identified with payee’s name, and student ID number or Driver’s License number.

(8) Major repairs to non-University owned vehicles shall not be performed on campus.

(9) Unauthorized parking in RESERVED spaces is prohibited.

(10) A vehicle parked and remaining at the same meter, unloading zone, or timed space will not receive more than two tickets for overtime violations in the same calendar day.

(11) Campus map and parking lot signs indicate where staff, resident, and commuter students shall park according to the type of permit displayed on the vehicle. Vehicles may only be parked in the appropriate lots and spaces.

(12) PATS reserves the right to establish some lots as joint-use lots to accommodate two or more categories of registered vehicles, i.e., commuter, staff. This will be accomplished with proper signage and announcement of the designation.

(13) Staff and students may purchase a Park-n-Ride permit which is a restrictive remote parking lot permit. Vehicles with this permit may be parked only in Lots designated as Park-n-Ride lots in the Parking Brochure. However, Park-n-Ride permit holders may pay to park at a metered or timed space or park for 15 minutes or less in a 15 minute space during the time between 7:00 a.m. and 5:30 p.m.

(14) All loading/unloading zones have a 30 minute time limit.

(15) All vehicle operators using a parking space controlled by a mechanical meter must deposit the proper legal currency to occupy the space in accordance with the instructions on the meter.

(16) Only authorized vehicles may park in disabled spaces.

(17) Oversized vehicles such as trucks, trailers, motor homes, or any vehicle that occupies more than one standard car space or extends beyond the space shall be parked in an area designated by PATS. The maximum allowance time for parking in this manner is seven (7) calendar days.

(18) Vehicles may not be used as overnight domiciles, except under emergency conditions and only with the prior approval of PATS.

(19) SPECIAL EVENTS/MAINTENANCE: PATS has authority to close streets, lots and parking spaces to facilitate University special events, and to perform necessary maintenance. Contact PATS when planning a special events, and to perform necessary maintenance. Contact PATS when planning a special event at the University to receive proper parking permits and assignments. No department has the authority to close any lots prior to 5:00 p.m. without first seeking permission from PATS.

6C4-4.003 University Property.

(1) Definition of “Equipment” or “Property”. The words “equipment” or “property” used herein are interchangeable and refer to tangible items of personal property of a non-expendable nature, the normal life of which is one year or longer and the cost of which is $500.00 or more. Regardless of source of funds, all items meeting the above definition will be considered as property. Source of funds may include items purchased from Expense, Operating Capital Outlay, State and Federal surplus, and Construction funds. In addition, Hardback-covered bound books that are circulated to students or the general public, the value or cost of which is $25 or more, the hardback-covered bound books, the value or cost of which is $100.00 or more, are considered property and will be purchased from Operating Capital Outlay funds.

(2) Identification. All property acquired by the University, whether by purchase, fabrication or gift which is practicable to identify by marking, will be marked with a property identification number by one of the following methods:

(a) Bar Code Label with readable number.

(b) Indelible pencil.

(c) Etching needle.

(d) Metal Tags.

(e) Steel Dies.

(f) Branding Irons.

(g) Paint or Stencils.

(3) Physical Inventory.

(a) All University property must be physically inventoried annually and it is required that property be inventoried upon change of accountable officer to establish responsibility for such items. It is the accountable officer’s responsibility to maintain control over all equipment listed on his or her inventory. Accountable officers must also maintain control over items with a value under $500.00.

(b) Finance and Accounting’s Property Department staff will conduct cyclical property inventories and have the responsibility for University property management and control techniques.

(4) Disposition – Relief from responsibility must be obtained by completion of USF Form 3008, Eff. 9/91 “Relief from Property Accountability”, incorporated herein, whenever an item of equipment is:

(a) Excess to the needs of a department – to be disposed of.

(b) Obsolete – to be used for trade-in.

(c) Worn out – to be scrapped or cannibalized.

(d) Unlocated – due to inventory shortages.

(5) Stolen Property – Any department experiencing a theft or sudden and mysterious disappearance of equipment shall immediately report this fact to the University Police. A request for “Relief from Property Accountability” form must also be obtained completed obtaining the appropriate Vice President’s signature, and the police report case number. It is not necessary to report inventory shortages to the Police as they will be reported in accordance with “unlocated” items as described above. Upon completion of investigation, the University Police will notify Finance and Accounting if the stolen item is not recovered. Finance and Accounting will remove the item from the property record and notify the appropriate accountable officer.

(6) Off-Campus Use. When University property is to be removed from campus for some official purpose, an “Off Campus Equipment Use Permit,” USF form 6028, Eff. 9/91, incorporated herein, must be submitted. The form must be approved by the appropriate dean or division head. No new equipment shall be removed from campus prior to being decaled and having a completed and approved “Off Campus Equipment Use Permit” form.

(7) Property Transfers – Whenever property is physically relocated on a permanent basis or changes accountable officers, a USF form 3009, Eff. 9/91 “Report of Change of Location of Property”, incorporated herein, shall be completed and submitted to Finance and Accounting. When equipment is transferred on a temporary basis, it is recommended that the accountable officer maintain adequate internal records for locating all properties under his/her control.

6C4-4.009 Accounts Receivable.
(1) The Controller’s office shall place accounts referred by USF units on accounts receivable.
(2) The Controller may employ any of the following means of collecting monies due the University:
   (a) Issue University collection letters.
   (b) Hold all transcripts or current grades.
   (c) Refuse registration for any future semester until the accounts receivable has been collected.
   (d) Turn delinquent account balances over to a collection agency after six months from the date a charge was posted to Accounts Receivable.
   (e) Cancel the current semester’s registration.
   (f) Hold an employee’s final paycheck or deduct from the current paycheck the amount due the University to the extent that such amount on accounts receivable represents a set off of monies wrongfully paid by the State to the employee in accordance with University Rule. (See Rule 6C4-4.0095, F.A.C.)
(3) The University Controller is authorized to annually write-off delinquent balances as may prove uncollectible after every reasonable effort has been made to collect said delinquent balance.
(4) Student Disbursements and Collections will withhold diplomas and place students on pending status:
   (a) For nonpayment of any obligation, or
   (b) For not completing the exit interview which is required by 20 USC § 1092(b) for all students who receive long-term loans (ie. for repayment over term of 1 year or more).

Specific Authority 229.0081(2), 240.291 FS. Law Implemented 229.0081(2), 240.291 FS. History–New 10-6-75, Amended 7-3-79, Formerly 6C4-4.09, Amended 3-13-91, 12-30-92, 7-31-02.

6C4-4.0095 Employee Debt Collection.
(1) Purpose – Pursuant to Section 240.291, F.S., the University is directed to exert every effort to collect all delinquent accounts. The purpose of this rule is to provide procedures for collection of funds owed to the University by its employees.
(2) Categories of employee debt, grouped according to the department which has responsibility for collection, are as follows:
   (a) Travel Advances.
   (b) Accounts Receivable Charges – Tuition and fees, returned checks and fees, physical education equipment, keys, library fines, learning technologies fines/sales, graduation fees, health services, food services, rental fees, housing, child care, traffic fines, overpayments, copy charges, and other miscellaneous charges.
   (c) Loan Repayments – Perkins Loans, USF student loans, health profession loans, nursing loans, short-term loans, Scholarship and/or grant repayments.
   (d) Salary Overpayments.
(3) Preliminary collection procedures:
   (a) Travel Advances.
      1. All employees who receive travel advances must complete and return a reimbursement voucher immediately upon returning from the trip for which the advance was made.
      2. If no voucher is filed within one (1) week from the employee’s date of return, a letter of notice that the employee has ten (10) days to file a travel reimbursement voucher will be sent to the employee’s campus address.
      3. If no travel voucher is received by Travel by the end of the ten (10) day period, set-off procedures will be implemented.
   (b) Accounts Receivable Charges – Set-off procedures may be implemented for an accounts receivable balance over $20 when the charges represented by the balance have gone unpaid more than ten (10) days after the employee was notified to either pay the charges or make arrangements for payment of the charges.
   (c) Loan Repayments – Repayment of Perkins Loans, USF student loans, health profession loans, and nursing loans is made through a billing service contracted by the University. The billing service will send each employee a past due notice at the following intervals after payment is due: fifteen (15) days, forty-five (45) days, sixty (60) days and seventy-five (75) days. At ninety (90) days, the delinquent account is turned over to the University and the borrower is contacted by telephone and advised that repayment must be made. If no contact is made, or no reasonable repayment agreement can be made, employee debtors will be sent a letter at their residence informing them that set-off procedures may be implemented. If the employee does not contact the Accounts Receivable Department of Purchasing and Financial Services within ten (10) days after receipt of the above letter, set-off procedures may be implemented as stated below.
   (d) Salary Overpayments.
      1. When a department identifies that a salary overpayment has occurred, the Payroll Office is contacted to determine the exact amount of the overpayment. The department is then responsible for providing written notification of the overpayment to the affected employee. This notification must advise him/her of the overpayment situation and request a response within ten (10) days.
      2. At the expiration of this ten (10) day period, if the overpayment has not been repaid or if no response with a reasonable repayment agreement has been received, the department must notify the Payroll Office for implementation of set-off procedures, stated below.
(4) Set-Off Procedures.
(a) The employee is advised by certified letter (return receipt) that he/she has twenty-one (21) calendar days to either clear the account, make satisfactory payment arrangements, or submit documentary evidence disputing his/her debt. The employee is also advised of his/her right to administrative review of the decision to set-off his/her debt and deduct sums from the employee’s paycheck.

(b) If no arrangements have been made at the end of twenty-one (21) days, all evidence of the employee’s debt is reviewed.

(c) If, upon review, a determination is made that the debt is in fact due and owing, set-off procedures are implemented and the employee is advised in writing of the amount and duration of the deductions from his/her salary warrant.

(5) Amount of Payroll Deduction.

(a) In the event that the total amount of the debt is less then ten percent (10%) of the employee’s biweekly gross salary, the full amount of the employee’s debt will be deducted in the first or second pay period after the decision to set-off the debt is made.

(b) If the amount of the debt is greater than ten percent (10%) of the employee’s biweekly gross salary, the amount deducted each pay period will be at least ten percent (10%) of the employee’s gross salary and will not exceed twenty percent (20%) of the employee’s net salary after mandatory deductions.

(c) In the event that an employee-debtor is terminated or voluntarily leaves the University’s employ, the entire amount of the debt will be deducted from the employee’s final paycheck.

6C4-4.010 Cancellation of Registration for Nonpayment of Tuition and Fees and Returned Checks in Payment of Tuition and Fees.

(1) Reasons for Cancellation.

(a) Current Term – A student’s current term registration may be cancelled for nonpayment of tuition and fees and for returned checks in payment of tuition and fees, if a tuition payment deferment for Financial Aid or VA benefits was not received for the term.

(b) Prior Term – Prior term’s registration may be cancelled only for nonpayment of tuition and fees in extraordinary circumstances where the collection process is delayed, and by the end of the process, a new term has begun and the debt is thus for the prior term.

(2) The Division of Purchasing and Financial Services will attempt to notify students by mail of possible registration cancellation for registration returned checks and associated service fees. This notification must include the specific reason for proposed cancellation and the deadline for payment before cancellation will be made. In addition, the notice of possible cancellation must inform the student that cancellation of registration will result in his/her record appearing as if he/she had never attended the University during that term and that he/she will receive no credit for the classes. Notice should be sent to the student’s last known address. Students will also be placed on pending for future registrations, transcripts, grades, diplomas, etc. until the Office of the Registrar has completed the cancellation.

Specific Authority 229.0081(2), 240.291 FS. Law Implemented 229.0081(2), 240.291 FS. History–New 10-6-75, Amended 7-3-79, 12-13-81, Formerly 6C4-4.10, Amended 1-8-92, 4-27-94, 7-20-95, 7-31-02.

6C4-4.0101 Student Registration.

(1) Assessment of Tuition and Fees. Tuition and fees shall be assessed in accordance with Chapters 6C4-4 and 6C-7, F.A.C., and Florida law.

(a) Registration Procedures.

1. The student must supply all information and satisfy all conditions of eligibility required by the University.

2. The student must pay all assessed tuition and fees or arrange payment agreement to include satisfaction of all amounts due and delinquent to the University.

(b) Registration Periods – These periods are defined in the USF Catalogs and other University publications. A student who initiates registration after an applicable registration period shall incur a $100.00 Late Registration Fee. Registration may be initiated, on an exceptional basis, after the end of a late registration period when the following three conditions are met:

1. Requested by the student;
2. Justified by extraordinary circumstances including, but not limited to, administrative error; and
3. Approved by the President or President’s designee.

(c) Late Registration Fee Waivers – A waiver of the Late Registration Fee will be approved if a student registers late due to circumstances determined by the Registrar’s Office to be exceptional and beyond the control of the student. Determination will be based on review of a completed Late Registration Fee Waiver Request Form, USF #2091, Rev. 01/02, incorporated by reference herein, (may be obtained from the Registrar’s Office) submitted by the student to the Registrar’s Office. Students may request a waiver of the $100.00 Late Registration Fee for one of the five following reasons:

1. Student illness of such severity or duration that precludes timely registration, as confirmed in writing on letterhead by physician (M.D.).
2. Death in the immediate family (parent, spouse, child or sibling) that precludes timely registration, as confirmed by documentation indicating the student’s relationship to the deceased. (Obituaries, birth and death certificates, etc.)

3. Involuntary call to active military duty or return from active duty that precludes timely registration, as confirmed by military orders.

4. University error which precludes timely registration, as confirmed in writing on letterhead signed by an appropriate University official or by appropriate official University documents.

5. Other documented exceptional circumstances beyond the control of the student that precludes timely registration, accompanied by a letter of explanation and appropriate documentation.

Completed forms including documentation should be submitted to the Registrar’s Office at SVC1034. Students should allow three weeks for processing and notification via mail.

(d) Drop/Add Period – The Drop/Add Period shall begin on the first day of classes for the term and end as specified in the University catalog, but not later than the fifth day of the term. During the Drop/Add period, registered students may add to, delete from or otherwise adjust their schedule of courses. Add transactions may occur on an exceptional basis after the end of the Drop/Add period when the following three conditions are met:

1. Requested by the student;
2. Justified by extraordinary circumstances including, but not limited to, administrative error; and
3. Approved by the President or President’s designee.

(e) Tuition and Fee Liability.

1. Tuition and fees for the term shall be based on the courses remaining on the record at the close of the Drop/Add period.

2. No tuition and fees shall be assessed, and no grades or credits shall be awarded, for course(s) dropped during the Drop/Add period.

3. If a student adds a course or courses on an exceptional basis, tuition and fees for the added course(s) shall be assessed.

(2) Payment of Tuition and Fees.

(a) For all Programs Except the Doctor of Medicine (MD) Program – Tuition and fees must be paid by the close of the drop/add period to avoid assessment of a $100.00 Late Payment Fee unless appropriate arrangements for payment of tuition and fees have been made in accordance with subsections (3) and (4) of this rule, i.e., installment payment and deferment, respectively. Failure to satisfy this requirement will result in cancellation of a student from the scheduled courses. Payment of tuition and fees may be made in person at the Cashier’s Office during scheduled office hours published in the USF Catalogs and other University publications for each term. Payments that are made by mail must be postmarked by a U.S. Post Office by the respective tuition payment deadline listed in the Academic Calendar in order to be considered timely paid.

(b) Late Payment Fee Waivers – A waiver of the Late Payment Fee will be approved if a student is unable to make payment on time due to circumstances determined by the University to be exceptional and beyond the control of the student. Determination will be based on review of a completed Late Payment Fee Waiver Request Form, Rev. 01/92, incorporated by reference herein, (form may be obtained from the Cashier’s Office) submitted by the student to the Cashier’s Office. Students may request a waiver of the $100.00 Late Payment Fee for one of the five following reasons:

1. Student illness of such severity or duration that precludes timely payment of tuition, as confirmed in writing on letterhead by physician (M.D.).

2. Death in the immediate family (parent, spouse, child or sibling) that precludes timely payment of tuition, as confirmed by documentation indicating the student’s relationship to the deceased. (Obituaries, birth and death certificates, etc.)

3. Involuntary call to active military duty or return from active duty that precludes timely payment of tuition, as confirmed by military orders.

4. University error which precludes timely payment of tuition, as confirmed in writing on letterhead signed by an appropriate University official or by appropriate official University documents.

5. Other documented exceptional circumstances beyond the control of the student that precludes timely payment of tuition, accompanied by letter of explanation and appropriate documentation.

Completed forms including documentation should be submitted to the Cashier’s Office. Students should allow ten business days for processing and notification via mail.

(c) For the Doctor of Medicine (MD) Program – Tuition and fees are assessed on an annual basis and are collected by the Registrar in the College of Medicine. Billings are prepared at least 30 days prior to the payment dates. The student is expected to make semi-annual payments by the designated due dates, unless appropriate arrangements for payment have been made in accordance with subsection (4) of this rule, i.e., deferment. Failure to make payments as prescribed will result in cancellation of a student from the scheduled courses; the student will receive no credit for any course work, and will be prohibited from attending classes. A student who has received an incomplete grade will be given the opportunity to complete the course by a specified date during the succeeding academic year. A student who takes advantage of this opportunity will not be assessed additional tuition and fees. If the student is required to repeat the entire year, he/she will be required to pay the entire year’s tuition and fees in effect for the year in which the repeat occurs.
(3) Payment of Tuition and Fees in Installments. When a student experiences an unexpected financial hardship that makes it impossible to make full payment of assessed tuition and fees by the payment deadline, the student may request approval to pay in installments. Approval of this request will require the payment of at least 50% of the tuition and fee liability and the execution of a promissory note by the fifth day of the term/session. The remaining amount shall be paid no later than the end of the sixth week of the term/session.

(4) Deferred Payment of Tuition and Fees.
(a) Recipients of VA Benefits – Upon application by the student, the University President or President’s designee may award to eligible VA benefit recipients one 60-day payment deferment each academic year.
(b) Delay of Financial Aid – Students who have completed and submitted the required documents for financial aid by the last day of the drop/add period for the term and who appear to be eligible for financial aid, may request a tuition and fees deferment contract.
(c) Third Party Agreements – Tuition and fees will be deferred for any student when a third party has agreed in writing to pay them. The written agreement must identify the student, the third party and billing address and amount(s) to be paid.

(5) Reinstatement of a Student’s Cancelled Courses. A student whose scheduled courses have been cancelled for financial reasons may request reinstatement through the fourth week of classes. Upon approval for reinstatement, tuition and fees, the late registration fee, if applicable, the late payment fee and other debts owed the University must be paid in full by cash, check, money order, cashier’s check or credit card before reinstatement will be effected. After the fourth week of classes, a request for reinstatement must be made to the Office of the Vice President for Student Affairs. Approval will be granted only when extraordinary circumstances warrant such approval.

(6) Refund of Tuition and Fee Payment. The University authorizes certain refunds of tuition and fees, less deductions for unpaid debts to the University. The late registration fee and late payment fee are non-refundable fees. To initiate the refund process, a Refund Request Form, USF #3104, Rev. 12/98, incorporated by reference herein, (form may be obtained from the Cashier’s Office or the Cash Accounting Office) must be completed and presented to the Division of Purchasing and Financial Services.
(a) 100% of the applicable tuition and fees will be refunded if the student drops classes or causes his/her enrollment at the University to be terminated by the Registrar’s Office prior to the end of the drop/add period and submits a completed Refund Request Form.
(b) 25% of tuition and fees, less building and capital improvement fees, will be refunded if the student drops classes or causes his/her enrollment at the University to be terminated by the Registrar’s Office prior to the end of the fourth week of classes, or at an appropriate time as designated by the University for summer sessions, and submits a completed Refund Request Form.
(c) 100% of tuition and fees will be refunded when a student withdraws or drops a course due to circumstances determined by the Registrar’s Office to be exceptional and beyond the control of the student. Determination will be based on review of a completed Fee Adjustment Request Form, USF #2091, Rev. 1/02, incorporated by reference herein, (form may be obtained from the Registrar’s Office) submitted by the student to the Registrar’s Office. These circumstances include but are not limited to:
   1. Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s),
   2. Death of the student or death in the immediate family (parent, spouse, child or sibling),
   3. Involuntary call to active military duty,
   4. A situation in which the University is in error, or
   5. Other documented exceptional circumstances beyond the control of the student which precluded completion of the course(s) accompanied by letter of explanation and appropriate documentation.
(d) Pursuant to Public Law 102-325, the Higher Education Amendments of 1992, students attending the University for the first time who withdraw are entitled to a pro rata refund of tuition, fees, room and board.
(e) A student who receives financial aid and subsequently changes the enrollment status which results in a refund in accordance with this section, will have the appropriate share of the refund returned to the University’s financial aid programs in accordance with the Financial Aid Policy on Refunds and Repayments.
(7) A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable.

(c) Audit Registration Fees – Audit registration assures a course space for the student; however, no grade is awarded. The fee to audit a course is the same as the In-State Tuition and other fees provided above.

(d) Registration for Zero Hours – Registration for zero hours provides for examinations, graduations, use of facilities, etc., when deemed appropriate by the University. The student is assessed In-State tuition and other fees provided above for one credit hour.

6C4-4.0107 Special Fees, Fines and Penalties.

(1) The Board of Trustees, hereinafter referred to as the “Board,” must authorize all fees assessed by the University of South Florida, hereinafter referred to as the “University.” For purposes of clarification, the term “at cost” or “cost” as used in this rule includes those increased costs that are directly related to the delivery of the goods or services. All special fees, fines and penalties collected by the University shall be allocated to the appropriate account as required by Section 1009.24, F.S., or Board Rule. The Board hereby authorizes the following fees:

(a) Audit Registration Fees – Audit registration assures a course space for the student, however, no grade is awarded. This fee is the same as the Resident tuition provided in Rule 6C4-4.0102, F.A.C. Depositing of fee proceeds shall be the same as that provided for tuition.

(b) Registration of Zero Hours – Such registration provides for examinations, graduations, use of facilities, etc., when deemed appropriate by the institution. The student is assessed Resident tuition for one credit hour. The Zero Credit Fee shall be distributed in the same manner as tuition.

(c) Application Fee – Individuals who make application for admission to the University shall pay a non-refundable Application Fee of $30.00. This fee will be waived for applicants who can document that they have received a fee waiver because of economic need as determined by the College Board or the American College Testing Program.

(d) Late Registration Fee – A Late Registration Fee shall be assessed against students who fail to initiate registration in the regular registration period. The fee shall be $100.

(e) Late Payment Fee – A Late Payment Fee will be assessed to students who fail to pay, or make appropriate arrangements for payment (installment payment, deferment, or third-party billing), of tuition by the deadline set by the University, which shall be no later than the end of the second week of classes. The fee shall be $100. Provisions will be made to waive the Late Payment Fee for minor underpayment as specified by the University and as outlined in Rule 6C4-4.0101, F.A.C.

(f) Health Fee – The student Health Fees shall be established pursuant to subsections 1009.24(3), 1009.24(8) and 1009.24(10), F.S., and are set forth in Rule 6C4-4.0102, F.A.C. The President of the University, hereinafter referred to as the “President,” shall submit requests to change the student Health Fee, to be effective the following fall semester, to the Board for approval at the first Board meeting of the calendar year. In addition, the President, or his or her designee, will assess miscellaneous health-related charges for services provided at cost by the health center which are not covered by the Health Fee.

(g) Athletic Fee – The Athletic Fee shall be established pursuant to subsections 1009.24(3), 1009.24(8) and 1009.24(11), F.S., and are set forth in Rule 6C4-4.0102, F.A.C. The President shall submit requests to change the Athletic Fee, to be effective the following fall semester, to the Board for approval at the first Board meeting of the calendar year.
(h) Activity and Service Fee – The Activity and Service Fees are established pursuant to subsections 1009.24(3), 1009.24(8) and 1009.24(9)(a), (b), F.S., and are set forth in Rule 6C4-4.0102, F.A.C. The President shall submit requests to change the Activity and Service Fee, to be effective the following fall semester, to the Board for approval at the first Board meeting of the calendar year.

(i) Library Fees:Amount
1. Overdue fine per book or unit, per day $.25
2. Overdue fine on reserve item, per hour $.25
3. Overdue fine for Interlibrary loan item, per day Cost
4. Overdue library equipment fee, per hour $1.00
5. Duplicating/Photocopying fee for personal use only, per copy Cost
6. Binding fee, Theses and Dissertations Cost
7. Loss or damage of library material Cost plus processing fee
8. Loss or damage of library equipment Cost plus processing fee

(j) Late Equipment Fee, Physical Education – per item, per day $.25

(k) Security/Access/Identification Card, Duplicate Security/Access/ Identification Card, Fee Card, or Passbook:
1. One time fee $10.00
2. Duplicates $10.00

(l) Standardized Tests – the fee for all standardized tests, (GRE, URE, etc.) will consist of the direct costs of administering the tests.

(m) Microfilm Fee – Thesis and Dissertation Cost
(n) Copyright Fee – Dissertation Cost
(o) Thesis and Dissertation Processing Fee Cost
(p) Lost Keys (includes cylinder change) Cost
(q) Facilities/Equipment Use Charge Cost

(r) Orientation Fee $35.00
(s) Transcript Fee, Per item $8.00
(t) Diploma Replacement Fee, Per item $5.00

(u) Marshall Center Use Fee – All students who enroll at the University of South Florida, Tampa Campus shall pay a non-refundable flat fee of $20.00 per semester and an additional $1.50 per credit hour fee to facilitate the use of student union facilities.

(v) Off-Campus Educational Activities – Fees will be charged for off-campus course offerings when the location results in specific, identifiable increased costs to the University. These fees will be in addition to the regular Student Credit Hour fees charged to students enrolling in these courses on-campus. The additional fees charged are for the purpose of recovering the increased costs resulting from off-campus vis-a-vis on-campus offerings. As used herein, “off-campus” refers to locations other than regular state-funded main campuses, branch campuses, or centers. The University shall use the additional fees collected to cover the increased cost of these courses.

(w) Material and Supply Fees – Material and Supply Fees will be charged, but will not exceed the amount necessary to offset the cost of materials or supply items which are consumed in the course of the student’s instructional activities, excluding the cost of equipment and equipment repairs and maintenance.

(x) Housing Rental Rates – Basic rates for housing rental shall be set by the Board. The President shall submit requests to change the basic rates for housing rental, to be effective the following fall semester, to the Board for approval at the first Board meeting of the calendar year. Current housing rental rates are found in the Residence Services brochure: “Live the Campus Life” (Rev. 12/2002). Copies of the brochure may be obtained from the University of South Florida Department of Residence Services, Division of Student Affairs.

(y) Parking Fines and Decals – A schedule of parking fines and a charge for parking decals, are set forth in Rule 6C4-4.0023, F.A.C., and the referenced, “Parking at the University of South Florida” brochures.

(z) Transportation Access Fee – Pursuant to the University’s authorization to adopt by rule a transportation access fee, with appropriate input from students, to support the University’s transportation infrastructure and to increase student access to transportation services, a transportation access fee set in the sum of $2.25 per credit hour, shall be charged, commencing with the fall term, 2003.

(aa) Returned Check Fee – The University shall assess a service charge as authorized by subsection 832.07(1), F.S., for unpaid checks returned to the University.

(bb) Collection Costs – The University will assess a charge representing reasonable cost of collection efforts to effect payment for overdue accounts. Collection costs will be assessed to the student for collection of debts owed the University not secured by a promissory note or contract.
(cc) Educational Research Center for Child Development Fee – The Center shall submit a request to establish or change child care and service fees to the President, who shall make a recommendation to the Board by November 1, of each year, to become effective the subsequent fall semester. Current fees are posted on the Center website: http://www.coedu.usf.edu/clar/ercd.htm.

(2) The Board will establish additional fees in order to meet specific higher education needs of the State when special circumstances result in specific, identifiable increased costs to a University. These fees will be in addition to the regular Student Credit Hour fees charged to students enrolling in these courses on-campus. The additional fees charged shall be sufficient to recover all increased costs. The University shall use the additional fees collected to cover the increased cost of these courses.

6C4-4.012 Purpose.
The purpose of Rules 6C4-4.012-.01217, F.A.C., is to implement the delegated authority received by the State University System in accordance with Section 240.225, F.S., with respect to those functions and duties regarding leasing heretofore performed by the Department of General Services in accordance with Sections 255.248, 255.249 and 255.25, F.S.

Specific Authority 240.227(1), 255.249(2) FS. Law Implemented 240.225, 240.227(1), (17), 255.248, 255.249, 255.25 FS. History–New 6-4-80, Formerly 6C4-4.12.

6C4-4.01201 Definitions.
For the purpose of this chapter, each of these words shall have the following meaning:

(1) Lease – The contract instrument or agreement required to lease a building or any part thereof.
(2) Privately Owned – Any building not owned by a governmental agency.
(3) Nominal Consideration – Consideration of $1.00 or less for the term of the lease.
(4) State Owned Building – Any facility owned by the state regardless of use or control.
(5) State University System Standard Method of Space Measurement – As specified in the HEGIS Facilities Inventory and Classifications Manual, incorporated by reference in Rule 6C-17.012, F.A.C., of the Board of Regents.

Specific Authority 240.227(1), 255.249(2) FS. Law Implemented 240.225, 240.227(1), (17), 255.25(2) FS. History–New 6-4-80, Formerly 6C4-4.1201.

6C4-4.01203 Approval.
(1) General. Before leasing a building or any part thereof for other than nominal or no consideration, the University Space Committee shall certify the need for each space. Occupancy, lease terms and conditions shall be reviewed by the University Attorney and approved by the University President or a designee. The University President or a designee shall execute all leases for less than 21 days or for nominal consideration or no consideration. All other lease agreements shall be executed by the Chancellor or a designee.

(2) Nothing in Rules 6C4-4.012-.01217, F.A.C., shall be interpreted as circumventing the provisions of Section 255.21, F.S.

Specific Authority 120.53(1)(a), 240.227(1), 255.249(2) FS. Law Implemented 240.225, 240.227(1), (17), 255.25, 255.249(3) FS. History–New 6-4-80, Formerly 6C4-4.1203.

6C4-4.01205 Standard Lease Form.
The University adopts the Department of General Services Standard Lease Agreement form as its form for purposes of Rules 6C4-4.012-.01217, F.A.C.

Specific Authority 120.53(1)(a), 240.227(1), 255.249(2) FS. Law Implemented 240.225, 240.227(1), (17), 255.249(3) FS. History–New 6-4-80, Formerly 6C4-4.1205.

6C4-4.01207 Fire Code Compliance in Leased Space.
(1) Any private sector building to be leased by the University shall comply with the fire safety standards or the State Building Code.

(2) Before construction or renovation of any state-leased building is commenced, the University shall ascertain that the proposed construction or renovation plan complies with the fire safety standards of the State Building Code. This responsibility may be discharge by ex officio agents of the State Fire Marshal, as provided by Section 633.121, F.S.

(3) Whenever the University or ex officio agents of the State Fire Marshal determine that a construction or renovation plan is not in compliance with such fire safety standards, the University may issue an order to cease all construction or renovation activities until compliance is obtained.

(4) University shall withhold approval of any proposed lease until the facility and/or construction or renovation plan complies with fire safety standards.

(5) The cost of all modifications or renovations made for the purpose of bringing lease property into compliance with fire safety standards shall be borne by the lessor.
6C4-4.01209 Leases of 5,000 or More Square Feet.

(1) The University will use the competitive solicitation process when entering into a lease for space of 5,000 or more square feet in a privately owned building. However, competitive bidding is not required for a lease of space of 5,000, or more square feet in a privately owned building where such lease:

(a) Is the renewal of an existing lease.
(b) Has a term of less than 21 consecutive days.
(c) Is for nominal or no consideration.
(d) Is for the purpose of providing care and living space for persons, provided that the President or designee certifies that the space is to be used for that purpose.
(e) Is an extension of an existing lease of 5,000 square feet or more, provided that such extension is in the best interest of the State and is for a period not to exceed 11 months. If at the end of the period granted by the extension, the time of all such extensions on the lease equals 11 months, the University shall proceed with a competitive solicitation.

(2) The University shall not enter into a lease for space of 5,000 or more feet in a privately owned building when suitable space is available in a state-owned building located in the same geographic region unless it is determined by the University Space Committee that lease of non-state property is in the best interest of the University.

6C4-4.01211 Competitive Bidding.

(1) Public solicitation for proposals.
(a) A public solicitation for proposals will be widely publicized using newspaper advertisement and contact with owners, developers or realtors in the city or area in which space is desired.
(b) Solicitation should set forth, but not be limited to the following:
1. Approximate net square footage required.
2. General area in which space must be located.
3. Date space must be available.
4. Name and address of location where specifications may be obtained.
(2) Specifications.
(a) Specifications shall be drawn by the University in general terms which will afford each prospective lessor knowledge of the University’s space requirements. They shall not be structured to favor any specific facility or lessor.
(b) Specifications provided to each prospective lessor should set forth but not be limited to the following:
1. Approximate net square footage required, as determined in accordance with the State University System Standard Method of Space Measurement, (as specified in the HEGIS Facilities Inventory and Classifications Manual, incorporated by reference in Rule 6C-17.012, F.A.C., of the Board of Regents).
2. Approximate floor plan indicating partitions and other physical requirements.
3. General location of required space.
4. Date space must be available.
5. Term of lease with option to renew, if requested.
6. Services required such as parking, dining and transportation.
(c) Specifications shall also set forth that the prospective lessor will agree to:
1. Enter into a contract on the specified lease agreement form.
2. Provide a scaled floor plan showing present configurations and measurements that equate to net rentable square footage offered.
3. Comply with the requirement of Chapter 60D-1, F.A.C., Design Standards for Special Facilities for the Physically Disabled.
5. Provide full disclosure statements of ownership.
6. Validate the proposal for a minimum of thirty (30) or more days following the public bid opening date.
7. Provide a Life Cycle Analysis with proposal if space is for 20,000 or more square feet in any one structure with the stipulation that the analysis shall be acceptable to the University before an award can be made.
8. Comply with the fire safety standards of the State Building Code.
9. Ensure that any renovations required will comply with fire safety standards of the State Building Code before renovations are commenced.
10. Propose a rental rate per square foot per year that will include all renovations and other special requirements necessary to accommodate the program at the time of initial occupancy.
(d) Specifications may provide that sealed proposals are to be submitted, in a titled envelope, to a designated individual by a specified closing time and date, at which time all proposals will be publicly opened.

(3) Proposals:
(a) Proposals shall specifically respond but need not be limited to each item included in the specifications.
(b) Each proposal shall be signed by the owner(s), corporate officers, or legal representative(s). The corporate, trade, or partnership name must be either stamped, written or typewritten, beside the actual signature(s). If the proposal is signed by an agent, written evidence of his authority must accompany the proposal. If a corporation foreign to the State of Florida is the owner, evidence of authority to conduct business in Florida shall be presented.

(4) Evaluation:
(a) The University alone shall reserve the right to accept or reject any or all bids submitted and, if necessary, reinitiate procedures for soliciting competitive proposals.
(b) The University, in conjunction with preparing specifications, shall develop weighted evaluation criteria. The criteria items most significant to the University’s needs should bear the highest weight.
(c) Documentation to support the University’s selection shall be maintained and shall include but not be limited to the following:
1. A copy of all advertisements.
2. A copy of the proposal specifications.
3. A copy of all proposals received.
4. A synopsis of the University’s findings for each proposal.
(d) The University shall publicly announce its selection.

6C4-4.01212 Single Source Facilities.
Specialized educational facilities, excluding classrooms, may be leased without competitive bidding when the President certifies, in writing, that the facility is available from a single source and that the competitive bidding requirements would be detrimental to the State. Such certification shall include documentation of evidence of steps taken to determine sole source status. This duty is not delegable.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), (17), 255.249, 255.25 FS. Law Implemented 240.225, 240.227(1), (17), 255.249, 255.25 FS. History–New 1-18-82, Formerly 6C4-4.1212.

6C4-4.01213 Disclosure Statements.
(1) A statement by the owner providing for full disclosure of the names and the extent of interest of the owners holding 4% or more interest in any privately owned property leased to the state or in the entity holding title to the property shall be secured for all new leases, renewal leases, modifications to approved leases and the notification of renewal under an existing lease option.
(2) A statement by the owner providing for full disclosure of the names of all public officials, agents, or employees holding interest in any privately owned property leased to the state, or in the entity holding title to the property, and the nature and extent of their interest, shall be secured for all new leases, renewal leases, modifications to approved leases, and notifications of renewal under a lease option.
(3) It is not necessary to make disclosure of any beneficial interest which is represented by stock in any corporation registered with the Securities and Exchange Commission or registered pursuant to Chapter 517, F.S., which stock is for sale to the general public. A statement certifying the registration shall be provided by the Lessor.
(4) It is not necessary to make disclosure under subsections (1) and (2) of any leasehold interest in property located outside the territorial boundaries of the United States.
(5) Each subsequent transaction pertaining to a lease for which a Disclosure Statement has been provided, may be accompanied by a lessor’s affidavit that the previous Disclosure Statement submitted on (date to be provided) is still valid, if no change in the interest held or individuals concerned have occurred.

6C4-4.01215 Legal Review.
All leases of space in a privately owned building shall be reviewed as to form and legality by the University Attorney. Notation of this review shall be indicated on the Lease Agreement.

Specific Authority 240.227(1), (17), 255.249(2) FS. Law Implemented 240.225, 240.227(1), (17) FS. History–New 6-4-80, Formerly 6C4-4.1215.
6C4-4.01217 Certification of Compliance.
(1) The University President shall certify to the Board of Regents that all leases of privately owned property except those for less than 21 days or for nominal or no consideration are in compliance with Chapter 255, F.S. This duty is not delegable.
(2) Compliance with Standards. The University is responsible for ensuring that private sector space leased by the University is in substantial compliance with the standards established by the Department of General Services and outlined in Chapter 60D-1, F.A.C., Standards for Special Facilities for Physically Disabled.
(3) Standards Waived or Modified. The University President shall appoint a committee to review requests for modifications or waiver of standards outlined in Chapter 60D-1, F.A.C., for private sector space leased by the University. The committee shall be comprised of no less than three members and shall include at least one member who is physically disabled and who is not employed by the University. The committee shall make recommendations to the University for approval or denial of the requests as provided in Section 255.21(2), F.S.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), (17), 255.21(5), 255.249, 255.25 FS. Law Implemented 240.225, 240.227(1), (17), 255.249, 255.25 FS. History–New 6-4-80, Amended 1-18-82, Formerly 6C4-4.1217.

6C4-4.013 Purpose.
The purpose of Rules 6C4-4.013-.01309, F.A.C., is to implement the delegated authority received by the State University System in accordance with Section 240.225, F.S., with respect to those functions and duties regarding motor pool heretofore performed by the Department of General Services in accordance with Chapter 287, Part II, F.S.

Specific Authority 240.227(1), 287.16(6) FS. Law Implemented 240.225, 240.227(1), (17), 287.15, 287.16 FS. History–New 6-4-80, Formerly 6C4-4.13.

6C4-4.01301 Approval for Vehicles and Watercraft Acquisitions.
The University shall not acquire any motor vehicle or watercraft through lease, lease purchase, purchase or transfer from another agency without the express written permission of the President of the University or designee. This section shall not apply to the temporary lease (less than 30 days) of a vehicle for the use of an employee for the conduct of normal University business.

Specific Authority 240.227(1) FS. Law Implemented 240.227(12) FS. History–New 6-4-80, Formerly 6C4-4.1301, Amended 7-11-99.

6C4-4.01303 Acquisition and Disposal.
(1) The procurement of all vehicles and watercraft shall be executed by the Director in accordance with these Purchasing Rules.
(2) All vehicles or watercraft will be the most appropriate for the task to be performed. Specifications for all vehicles and watercraft will be made by the Director, with the advice of a representative or representatives of the using department.
(3) Disposal of surplus motor vehicles or watercraft will be executed in accordance with the Surplus Property Rules 6C4-4.014-.01423, F.A.C.

Specific Authority 240.227(1) FS. Law Implemented 240.227(13) FS. History–New 6-4-80, Formerly 6C4-4.1303, Amended 6-10-99.

6C4-4.01305 Assignment and Use.
(1) Motor Vehicles and watercraft will be available for special University business only as authorized by the President or his designee.
(2) Students or other non-university personnel may be allowed to operate motor vehicles and/or watercraft on a temporary basis for the conduct of regular University business or as an emergency situation may necessitate.
(3) Special assignment vehicles shall be assigned for use upon certification of the President or his designee.

Specific Authority 240.227(1), 287.16(6) FS. Law Implemented 240.225, 240.227(1), (17), 287.15, 287.17 FS. History–New 6-4-80, Formerly 6C4-4.1305.

6C4-4.01307 Maintenance.
(1) Motor vehicles and watercraft maintenance may be performed in a manner consistent with the best interest of the University.
(2) This section does not preclude the emergency repair of a motor vehicle or watercraft when operating away from the normal geographical use area.

Specific Authority 240.227(1), 287.16(6) FS. Law Implemented 240.225, 240.227(1), (17), 287.16 FS. History–New 6-4-80, Formerly 6C4-4.1307.

6C4-4.01309 Aircraft.
(1) The purchase of any aircraft for the conduct of University business or the acquisition of any aircraft using University funds shall require the prior approval of the President and the Board of Regents.
(2) This section does not preclude the use of commercial airlines or state air pool for the normal conduct of University business nor the procurement of special charter services for the transport of groups of University personnel or sports teams or student groups nor the rental of aircraft for special purposes.

Specific Authority 240.227(1), 287.16(6) FS. Law Implemented 240.225, 240.227(1), (17), 287.15, 287.16 FS. History–New 6-4-80, Formerly 6C4-4.1309.

6C4-4.014 Purpose.
The purpose of Rules 6C4-4.014-.01423, F.A.C., is to implement the delegated authority received by the State University System in accordance with Section 240.225, F.S., with respect to those functions and duties regarding surplus property heretofore performed by the Department of General Services in accordance with Sections 273.04, 273.05 and 273.055, F.S.

Specific Authority 240.227(1), 273.055 FS. Law Implemented 240.225, 240.227(1), (17), 273.05 FS. History–New 6-4-80, Formerly 6C4-4.14.

6C4-4.01401 Definitions.
(1) Custodian – An individual assigned by the University President or his designee with the responsibility of accounting for the specific use of property owned by the state.
(2) Property Manager – An individual assigned by the University President to manage the assignment and accountability of state-owned property for which the University has custodial responsibility under the F.S.
(3) Surplus Property Manager – An individual assigned by the University President to manage the transfer and disposal of state-owned property.
(4) Tangible Personal Property – All personal property acquired and belonging to the State of Florida.
(5) Exchange Property – Property being offered as a trade-in on the purchase of a new item.
(6) Property Survey Board – A body appointed by the University President to oversee surplus property practices and determine disposition actions.

Specific Authority 240.227(1), 273.055 FS. Law Implemented 240.225, 240.227(1), (17), 273.05 FS. History–New 6-4-80, Formerly 6C4-4.1401.

6C4-4.01403 Reporting Requirements for Surplus, State-owned, Tangible Personal Property.
Tangible personal property which is determined to be surplus because it is excess, obsolete, uneconomical or inefficient for continued use shall be certified as surplus by the custodian of the property to the Property Manager for transmittal to the Surplus Property Manager for disposal, upon recommendation of the Property Survey Board. The Surplus Property Manager will agenda the certification for disposition action by the Property Survey Board.

Specific Authority 120.53(1)(a), 240.227(1), 273.055 FS. Law Implemented 240.225, 240.227(1), (17), 273.05, 273.055 FS. History–New 6-4-80, Formerly 6C4-4.1403.

6C4-4.01405 Certification.
Surplus Property Certifications shall provide the following information:
(1) Complete description of property.
(2) Statement of condition and age.
(3) Original purchase price.
(4) Estimated current value.
(5) Location of property and hours when property may be examined, person to contact for examining property, and a minimum bid (if required).
(6) Any additional information that would assist in determining whether or not property should be offered to other universities, state agencies, or governmental entities.

Specific Authority 240.227(1), 273.055 FS. Law Implemented 240.225, 240.227(1), (17), 273.05 FS. History–New 6-4-80. Formerly 6C4-4.1405.

6C4-4.01407 Buildings and Structures.
Buildings, structures and other items of a semipermanent or permanent nature shall be considered tangible personal property if they are severed from the real property and shall be reported in the manner prescribed by Rule 6C4-4.01405, F.A.C. In addition, the legal description of the location, size, type of construction, and reason for removal shall be noted in the Surplus Property Certification.

Specific Authority 240.227(1), 273.055 FS. Law Implemented 240.225, 240.227(1), (17), 273.05, 273.055 FS. History–New 6-4-80, Formerly 6C4-4.1407.

6C4-4.01409 Items to be Reported.
In instances of loss, theft, or fire, such property should be reported in the manner prescribed by Rules 6C4-4.01405 and 6C4-4.01407, F.A.C., to the University Police and the Property Manager for action on relief of accountability.
6C4-4.01411 Procedures for Disposal of Surplus Property.

(1) Transfer to another State Agency or political subdivision. If because of its type, age or condition the Property Survey Board feels the equipment is not useful to any university in the State University System, the Property Survey Board may authorize transfer under such conditions the Property Survey Board may determine to be appropriate.

(2) Scrap or cannibalization of equipment. The Property Survey Board may authorize the scrap or cannibalization of equipment if it feels it is in the best interest of the University.

(3) Abandoned equipment. The Property Survey Board may authorize the abandonment of tangible personal property belonging to the State of Florida, upon certification by the Property Manager that cost of return or repair exceeds the value of the property.

(4) Public sale. The Property Survey Board may authorize the public sale of such property determined to be surplus to the needs of the University.

(a) All public sales shall be conducted by the Surplus Property Manager at a set date and time which shall be advertised in a local newspaper of general circulation no less than two weeks prior to the sale.

(b) The Property Survey Board shall advise the Surplus Property Manager whether such sales shall be by auction or sealed bid.

6C4-4.01413 Availability of Surplus State Property.
The Property Survey Board may at its discretion recommend the circulation of surplus property having a useful life to other agencies. Listings of such property available on a bid basis may be sent to other state agencies and the Bureau of State Surplus Property. Property listings will include condition and location of property available for viewing.

6C4-4.01415 Surplus Property with an Estimated Value of $5,000 or More.
Approval of the Executive Office of the Governor is required prior to disposing of property with an estimated or sale price of $5,000 or more.

6C4-4.01417 Authority for Disposal.
Certified surplus property shall not be sold, transferred, cannibalized, scrapped or destroyed without prior written authority from the University Property Survey Board.

6C4-4.01419 Exchange Property.
(1) When the University has property available for use as a trade-in for the purchase of new property, the Property Survey Board at its discretion may authorize the Surplus Property Manager to advise the Bureau of State Surplus Property of the availability of such exchange property in writing, specifying the following information, if available:

(a) Description of exchange property.
(b) Manufacturer’s name.
(c) Model number.
(d) Serial number.
(e) Age.
(f) Condition (E-Excellent, G-Good, F-Fair, P-Poor).
(g) Inventory control number.
(h) Location of property (room number, building, street address, city).
(i) Name and phone number of person to contact for information about the exchange property.
(j) Date planned for trade-in transaction.
(k) A written trade-in quote stating the trade-in allowance and signed by prospective purchaser.
(2) Such notice of availability of property shall be forwarded to the Bureau of State Surplus Property a minimum of two weeks in advance of planned transaction date.
(3) Should the Division of Surplus Property decide to purchase the exchange property, the university should pay the full purchase price for the new property and send an invoice for reimbursement of the trade-in allowance to the Bureau of State Surplus Property.

Specific Authority 120.53(1)(a), 240.227(1), 273.055 FS. Law Implemented 240.225, 240.227(1), (17), 273.04, 273.055 FS. History—New 6-4-80, Formerly 6C4-4.1419.

6C4-4.01421 Contract/Grant Funded Property.
All property originally purchased with funds provided by contracts or grants, shall be managed in a form consistent with the applicable rules and regulations of the funding authority and where the provisions of Rules 6C4-4.014-.01423, F.A.C., are not in conflict, in accordance with Rules 6C4-4.014-.01423, F.A.C.

Specific Authority 240.227(1) FS. Law Implemented 240.225, 240.227(1), (17) FS. History—New 6-4-80, Formerly 6C4-4.1421.

6C4-4.01423 Disposition of Monies.
All monies received from the sale of such surplus property shall be forwarded to the University Comptroller for appropriate disposition.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 240.225, 240.227(1), (17) FS. History—New 6-4-80, Formerly 6C4-4.1423.

6C4-4.02000 Statement of Intent.
In order to meet the University’s mission it is the intent of Purchasing Services to acquire quality commodities and contractual services while promoting fair and open competition in the public procurement process. Responsible Purchasing officials shall be protected from improper pressures of external political or business interests. The process shall reduce the appearance and opportunity for favoritism, ensure that contracts are awarded equitably and economically, and establish effective management oversight in the acquisition of commodities and contractual services, in order to preserve the integrity of public purchasing and contracting.

Specific Authority 1001.74(4), 1010.04(2) FS. Law Implemented 1001.74(5) FS. History—New 4-29-03.

6C4-4.02010 Definitions.
(1) Artistic Services – Services provided by an individual or group of individuals who profess and practice a skill in the area of music, dance, drama, folk art, creative writing, painting, sculpture, photography, graphic arts, web design, craft arts, industrial design, costume design, fashion design, motion pictures, television, radio or tape and sound recording or in any other related field.

(2) Commodity – Any of the various supplies, materials, goods, merchandise, food, equipment, software or other personal property, including a mobile home, trailer or other portable structure, which are purchased, leased, lease-purchased or otherwise contracted for by the University. “Commodity” also includes interest on deferred-payment contracts entered into by the University for the purchase of other commodities. Printing of publications shall be considered a commodity when let upon contract in accordance with Section 283.33, F.S.

(3) Competitive Solicitation – An Invitation to Bid, Request for Proposal or Invitation to Negotiate to competitively select a contractor/vendor.

(4) Contractor/Vendor – A person or firm who contracts to sell commodities or contractual services to the University.

(5) Contractual Service – The rendering by a contractor of its time and effort rather than the furnishing of specific commodities. The term applies only to those services rendered by individuals and firms who are independent contractors. “Contractual service” does not include labor or materials for the construction, renovation, repair or demolition of facilities.

(6) Extension – An increase in the time allowed for the contract period.

(7) Independent Contractor – A person or firm who provides a service to the University and is in compliance with Section 112.313 and Chapter 440, F.S. and IRS Code.

(8) Invitation to Bid – A written solicitation for competitive bids for commodities, group of commodities or contractual services defined, for which bids are sought.

(9) Invitation to Negotiate – A written solicitation to define the specifications, terms and conditions of a contract for commodities or contractual services. Cost shall not be the sole consideration in the initial stages of negotiating.

(10) Public Entity Crime – A violation of any state or federal law by a person in the transaction of business with any public entity of any state or with the United States government involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.

(11) Purchase – An acquisition of commodities, contractual services or licenses obtained by purchase order or contract whether by rent, lease, installment- or lease-purchase or outright purchase.

(12) Purchases for Resale – The purchase of commodities or contractual services by the University for the purpose of selling commodities and contractual services for the benefit of the University.

(13) Purchasing Services – A University department responsible for the acquisition of commodities and contractual services, which is located at the Tampa campus at University Tech Center I.
(14) Renewal – Contracting with the same contractor for an additional period of time after the initial contract term, provided the original terms of the agreement specify an option to renew.

(15) Request for Proposal – A written solicitation for competitive proposals for commodities or contractual services when the scope of work is not clearly defined.

(16) Responsive and Qualified Bidder or Offeror – A contractor/vendor who has submitted a bid or proposal that conforms in all material respects to a competitive solicitation.

(17) Term Contract – An indefinite quantity contract for the purchase of commodities or contractual services during a prescribed period of time.

Specific Authority 1001.74(4), 1010.04(2) FS. Law Implemented 1001.74(5) FS. History–New 4-29-03.

6C4-4.02020 Purchasing Services Duties.

(1) Canvass sources of supply and contracting for the purchase or lease of all commodities and contractual services for the University, in any manner, including purchase by installment or lease-purchase contracts. Installment or lease-purchase contracts can provide for the payment of interest on unpaid portions of the purchase price.

(2) Remove any contractor from the University’s competitive vendor list that fails to fulfill any of its duties specified in a contract with the University (or another State University) and to reinstate such contractor when satisfied that further instances of default will not occur.

(3) Plan and coordinate purchases in volume and negotiate and execute agreements and contracts for commodities and contractual services under which the University has the option to make purchases.

(4) Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities or contractual services that are frequently purchased and are available from a single source.

(5) Evaluate contracts for commodities or contractual services entered into by other governmental or educational entities (including the Federal Government, other state governments, political subdivisions, or any public or private college or university or educational cooperative or educational consortium) as a result of a competitive solicitation. Approve the University’s use of such contracts (in lieu of issuing a competitive solicitation) for the procurement of the same commodities and contractual services, when it is cost-effective and in the best interest of the University to do so.

(6) Award contracts for commodities and contractual services to multiple suppliers, if such is determined to be in the best interest of the University. Such awards can be on a University, regional or state university wide basis and for multiple years.

(7) Reject or cancel any or all competitive solicitations when determined to be in the best interest of the University.

(8) Authorize the payment of deposits or advance payments for a commodity or contractual service when the Director or designee determines that it is in the best interest of the University.

Specific Authority 1001.74(4), 1010.04(2) FS. Law Implemented 1001.74(5), 1001.75(5) FS. History–New 4-29-03.

6C4-4.02030 Competitive Solicitation Requirements.

(1) The purchase of commodities or contractual services exceeding $50,000 shall be awarded pursuant to a competitive solicitation, unless otherwise authorized.

(2) When only one response is received to a competitive solicitation for commodities or contractual services exceeding $50,000 the University has the option to review the solicitation responses to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined that a second call would not serve a useful purpose, the University can proceed with the acquisition.

(3) When multiple responses that are equal in all respects are received to a competitive solicitation, the University will give preference, in the following order of priority, to the responses: responses that include commodities manufactured in the State of Florida, responses from Florida businesses, responses from businesses with a drug-free workplace program, responses from foreign manufacturers located in the State of Florida, in order to award. If the use of these preferences does not result in a determination of who should be awarded the contract, the toss of the coin shall be used to award the contract.

(4) The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.

(5) The award of a competitive solicitation shall be publicly posted by Purchasing Services, located at the Tampa campus, for 72 hours excluding Saturdays, Sundays or State of Florida holidays.

Specific Authority 1001.74(4), 1010.04(2) FS. Law Implemented 1001.74(5), 1010.04(4) FS. History–New 4-29-03.

6C4-4.02040 Purchase of Commodities or Contractual Services.

(1) Purchase of Insurance. The University has the authority to purchase insurance as deemed necessary and appropriate for the operation and educational mission of the University. Examples of insurance coverage that can be acquired by the University include:

(a) Physical damage on vehicles and boats;
(b) Inland marine on property owned, leased, or loaned to or by the University;
(c) Building and property damage;
(d) Equipment losses due to theft;
(e) Equipment subject to transportation;
(f) Loss of rental income;
(g) Commercial general liability insurance for scientific equipment;
(h) Excess general liability coverage;
(i) Camps insurance;
(j) Health insurance.
(2) Purchase of Printing. Printing shall be purchased in accordance with Chapter 283, F.S.
(3) Purchasing actions that are not subject to the competitive solicitation process include:
   (a) Emergency Purchases. When the President or designee determines, in writing, that a condition exists that threatens the health or safety of person(s) or animal(s) or the preservation of property or the continuance of a vital university function, the university shall proceed with an emergency purchase. The emergency purchase is limited to the purchase of only the type of items and quantities of items necessary and for only the time period necessary to meet the immediate need.
   (b) Sole Source Purchases. Commodities or contractual services available from a single source are exempt from the competitive solicitation process. Sole Source document shall be publicly posted by Purchasing Services at the Tampa campus for 72 hours, excluding Saturdays, Sundays and State of Florida holidays.
   (c) Purchases from contracts of other governmental or educational agencies resulting from their competitive solicitation process and Negotiated Annual Price Agreements established by the State of Florida are not subject to further competitive solicitations.
(4) Types of commodities and contractual services that are not subject to the competitive solicitation process include:
   (a) Artistic services;
   (b) Academic reviews;
   (c) Lectures;
   (d) Auditing services;
   (e) Legal services, including attorney, paralegal, expert witness, appraisal, arbitrator or mediator services;
   (f) Health services involving examination, diagnosis, treatment, prevention, medical consultation or administration. Prescriptive assistive devices for medical, developmental or vocational rehabilitation including, but not limited to prosthetics, orthotics, and wheelchairs, provided such devices are purchased on the basis of an established fee schedule or by a method that ensures the best price, taking into consideration the needs of the client;
   (g) Services provided to persons with mental or physical disabilities by not-for-profit corporations organized under the provisions of s. 501(c)(3) of the Internal Revenue Code or services governed by the provisions of the Office of Management and Budget Circular A-122;
   (h) Medicaid services delivered to an eligible Medicaid recipient by a health care provider who has not previously applied for and received a Medicaid provider number from the Department of Children and Family Services. This exception will be valid for a period not to exceed 90 days after the date of delivery to the Medicaid recipient and shall not be renewed;
   (i) Family placement services;
   (j) Training and education services;
   (k) Advertising;
   (l) Commodities or contractual services provided by governmental agencies, other State of Florida universities or other private or public colleges and universities;
   (m) Programs, Conferences or Continuing education events that are offered to the general public for which fees have been collected to pay all expenses associated with the program or event;
   (n) Programs, conferences or events that have been specified by a grant, can include, but are not limited to items such as lodging, meeting rooms, services and food;
   (o) Purchases from firms or individuals that are prescribed by state or federal law or specified by granting agency;
   (p) Regulated utilities and governmental franchised services;
   (q) Extension of an existing contract;
   (r) Renewal of an existing contract if the terms of the contract specify renewal option(s);
   (s) Purchases from the Annual Certification List;
   (t) Purchases for resale;
   (u) Accountant Services;
   (v) Commodities or contractual services provided by an affiliate of or direct support organization of the University;
   (w) Direct owner purchases for construction or renovation projects.
(5) No individual or firm who performs a feasibility study for potential implementation of a subsequent contract, participates in the drafting of a competitive solicitation, or develops a program for future implementation shall be eligible to contract with the University dealing with the same subject matter.
(6) Individuals taking part in the development of criteria for evaluation, the evaluation process or the award of the contract for any purchase shall be independent of and have no conflict of interest in the entities evaluated and awarded the contract. The University has the option to require the individuals to attest to such in writing.

(7) Items requested that are of a personal nature or for personal convenience of employees shall not be purchased. Examples are: fans, heaters, coffee pots, mugs, refrigerators, microwaves, picture frames, wall hangings, smoke/air filters and various decorative items.

Specific Authority 1001.74(4), 1010.04(2) FS. Law Implemented 1001.74(5), 1001.75(5) FS. History–New 4-29-03.

6C4-4.02050 Bonds.

(1) Competitive Solicitation Bond/Security. The University is authorized to require a vendor to submit to the University, as a condition for participating in the solicitation, a bid bond, certified cashier’s or treasurer’s check or bank draft with their responses to the solicitation when the University is reasonably uncertain about the vendor’s ability to perform and to ensure that vendor will honor and secure any required payment and/or Performance Bond if awarded the bid.

(2) Payment and Performance Bonds. The University is authorized to require any contractor providing commodities or commodities which include installation, to furnish a payment and performance bond with good and sufficient securities, to the University prior to the issuance of the contract when the total value of the contract is greater than $200,000. The University has the option to require a payment and performance bond from contractors providing commodities or commodities that need installation when the total value is greater than $100,000. In either instance the reason for this requirement is under such conditions when the University is reasonably uncertain about the vendor’s ability to perform and in particular, but not limited thereto, when installation of research, scientific, medical and other like equipment is required.

(3) Competitive Solicitation Protest Bond. Any contractor that files an action pursuant to Section 120.57(3)(b), F.S., protesting a decision or intended decision shall at the time of filing of the formal written protest, post with the University, a bond payable to the University in an amount equal to: 10% of the estimated value of the protestor’s bid or proposal; 10% of the estimated expenditure during the contract term; $10,000; or whichever is less. The bond shall be conditioned upon the payment of all costs that can be adjudged against the contractor filing the protest action. In lieu of a bond, the University has the option to accept a cashier’s check or money order in the amount of the bond. Failure of the protesting contractor to file the required bond, cashier’s check or money order by the time of filing the formal written protest shall, constitute a waiver of proceedings under Chapter 120, F.S., and the University shall summarily dismiss the petition.

Specific Authority 1001.74(4), 1010.04(2) FS. Law Implemented 120.57(3)(b), 255.051, 255.0516, 1001.74(5) FS. History–New 4-29-03.

6C4-4.02060 Contracts.

(1) Contracts for commodities or contractual services or licenses shall consist of a purchase order or bilateral agreement signed by the President or designee prior to the commodities being delivered or contractual services being rendered or in unusual circumstances, within thirty (30) days of the commodities being delivered or contractual services being rendered by the vendor.

(2) Extension of a contract shall be for a period not to exceed 12 months, shall be in writing, shall be signed by both parties prior to the expiration date, and shall be subject to the same terms and conditions set forth in the initial contract. There shall be only one extension of a contract permitted.

(3) A contract may be renewed. If the commodity or contractual service is purchased as a result of a competitive solicitation, the cost of any contemplated renewal must be included in the competitive solicitation. All contract renewals are subject to sufficient annual appropriations and a renewal shall be signed by both parties prior to the expiration of the initial contract.

(4) The President or designee has the authority to enter into contracts with the Consolidated Equipment Financing Program.

(5) In order to promote cost-effective procurement of commodities, contractual services or licenses the University has the authority to enter into contracts that limit the liability of a vendor consistent with Section 672.719, F.S.

(6) The total value of a contract is the value of the initial term plus the value of all renewal terms.

(7) Any contract entered into for a period in excess of one (1) fiscal year shall state: “The University’s performance and obligation to pay under this contract is contingent upon an annual appropriation by the legislature.”

(8) All bilateral agreements for services shall be written and:
(a) Provide dates of services;
(b) Provide payment terms;
(c) Indicate the University’s ability to unilaterally cancel the contract;
(d) Provide renewal terms, if any;
(f) Reference the Travel statute in Chapter 112, F.S.;
(e) Provide units of deliverables;
(g) Require contractor to submit invoices in sufficient detail to allow for a proper pre-audit and post-audit;
(h) Provide that the University does not indemnify any person, party or entity;
(i) Contain the signature of the President or designee and contractor.

(9) In lieu of a written bilateral agreement for services, the University has the option to issue a purchase order that includes the above items (a) – (h).
6C4-4.02070 Standards of Conduct.
It is a breach of ethical standards for any employee of the University to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with any contract for commodities or services. It is also a breach of ethical standards for any potential contractor to offer an employee of the University a gratuity of any kind, form or type to influence the development of a contract or potential contract for commodities or services.

6C4-4.02080 Purchase of Motor Vehicles.
(1) The term “motor vehicle” includes any automobile, truck, watercraft, construction vehicles, equipment, or other vehicle designed primarily for transporting people.
(2) The university has authority to:
   (a) Establish standard classes of motor vehicles to be leased, purchased or used by University personnel;
   (b) Obtain the most effective and efficient use of motor vehicles for University purposes;
   (c) Establish and operate facilities for the acquisition, disposal, operation, maintenance, repair, storage, control and regulation of University-owned motor vehicles. Acquisition can be by purchase, lease, installment-purchase, loan or by any other legal means and can include a trade-in. All motor vehicles purchased or leased shall be of a class that will safely transport University personnel and adequately meet the requirements of the University;
   (d) Contract for specialized maintenance services.
(3) Motor vehicles owned, leased or operated by the University shall be used for official University business only.

6C4-6.0021 Student Code of Conduct.

(1) Students are responsible for compliance with all public laws as well as university rules and regulations. Students accused of a crime can be prosecuted under Florida criminal laws and also disciplined under the Student Code of Conduct. The University may pursue disciplinary action even if criminal justice authorities choose not to prosecute.

(2) Any member of the University community may file charges against a student for an alleged violation of the Student Code of Conduct. Such charges must be filed in writing with the Office of Student Judicial Services. Student Judicial Services also reserves the right to initiate or follow-up any investigative leads where there is reasonable belief of possible violations of the Student Code of Conduct.

(3) Jurisdiction of the University – University jurisdiction and discipline extends to conduct which occurs on University premises or which adversely affects the University community and/or the pursuit of its mission. A student, registered organization or a person who has submitted an application for admission, housing, or any other service provided by the University which requires student status will be subject to the Student Code of Conduct for any action found in violation of the Code which occurs on University property, at University-sponsored events, or off campus if the action adversely affects the University community and/or the pursuit of the University’s mission.

(4) Offenses – Any of the following actions, or the aiding, abetting, or inciting of any of the following actions, constitutes an offense for which a student, a group of students, or a student organization will be subject to the student judicial process:

(a) Misuse of Keys – Unauthorized possession or use of any key or key type device to any university facility or property.

(b) Misuse of Identification – The use of falsified identification documents or of another’s identification card/document, including the use of another’s computer account/password.

(c) False Information – Knowingly making a false oral or written statement to any university board, committee, office or member of the University faculty, administration, staff or student body.
(d) Misuse of Materials – Unauthorized reading, removing, duplicating, photographing, and/or forging, counterfeiting, altering or misusing of any university material, file, document or record, computer records, software, data files and similar entities owned or maintained by any member of the faculty, administration, staff, or student body.

(e) Response to Notice – Failure to make a timely response to any official request from a member of the faculty, administration, or staff. The University requires that each student maintain on file with the University a current address. Official university correspondence mailed to that address is deemed sufficient as notice to the student. It is a student’s responsibility to notify the University immediately of any change of address.

(f) Response to Instructions – Failure to comply with authorized oral instructions from or agreements with University officials, including student employees, acting in accordance with their assigned duties.

(g) Misuse of Property – Destruction, damage, misuse or defacing of, or unauthorized entry into university buildings or property, private property and personal property, on the campus of the University, including but not limited to files, documents, records, research apparatus, or library materials, including computer systems, networks, and peripherals, owned or maintained by members of the faculty, administration, staff, or student body. Intentional misuse of any university fire alarm or fire fighting or safety equipment.

(h) Aiding and Abetting – Any student who knowingly acts in concert to violate a Student Code of Conduct policy, who knowingly acts to conceal, or who knowingly obstructs an investigation will be subject to the student judicial process.

(i) Theft – The unauthorized taking, misappropriation or possession of any real, personal, or intellectual property owned or maintained by the University or any person on campus.

(j) Gambling – Conducting or organizing any form of gambling which harms or exploits any member of the University community.

(k) Hazing – Hazing means any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into an affiliation with an organization. Such actions shall include, but not be limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or any other forced physical activity which could adversely affect the physical health or safety of the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

(l) Weapons, Firearms, or Explosive Devices – The unauthorized possession, use or sale of any weapon, firearm, or any incendiary, explosive or destructive device, including fireworks. The University Police Department maintains facilities for the storage of student’s weapons or firearms.

(m) Bomb Threat – Reporting false presence of an explosive or incendiary device.

(n) Illegal Use or Possession of Drugs – Illegal possession, use, sale or attempt to obtain any drug. The term “drugs” includes any narcotic drug, central nervous system stimulant, hallucinogenic drug, barbiturate, or any other substance treated as such and defined by the law.

(o) Privacy – Failure to respect the right to privacy of any member of the University community, including accessing another’s computer files and/or e-mail, prying observation, or voyeurism.

(p) Student Expression – The University recognizes that students must be free to utilize their constitutional rights to freedom of speech and freedom to assemble. While students are encouraged to express those rights, any demonstrations or protests must be non-violent in nature, and must be conducted without endangering the safety, health, or life of themselves, other students, faculty, staff, or visitors. Students shall not knowingly damage any University or personal property. No student or group of students shall obstruct the free movement of other persons, including police and other emergency service personnel about the campus, interfere with the use of University facilities, or prevent the normal operation of the University, both inside and outside the classroom setting.

(q) Harassment – Conduct which creates an intimidating, hostile, offensive working, or educational environment.

(r) Retaliation – Harassment of complainant or other person alleging misconduct, including, but not limited to intimidation and threats.

(s) Stalking – To repeatedly follow or encounter another person so as to harass that person.

(t) Sexual misconduct, including sexual harassment and public indecency and voyeurism – Sexual harassment is conduct of a sexual nature or with sexual implications, which interferes with a student’s or an employee’s status or performance by creating an intimidating, hostile or offensive educational or working environment. This conduct may include, but is not limited to the following: inappropriate and unwanted touching; the display of sexually explicit or suggestive materials; use of sexually explicit or suggestive language or gestures; and subtle pressure for sexual activity, as well as demands for sexual favors or physical assault. Public indecency is open and notorious actions which are offensive to common propriety, e.g., public sexual intercourse.

(u) Domestic/Relationship Violence – Assault or battery to a person who is a relative, spouse, boyfriend, girlfriend, or other intimates of the student. This can occur without regard to the gender of the victim or the student in question.

(v) Disorderly Conduct – Breach of peace, such as causing a disturbance or being unruly.

(w) Disruptive Conduct – Actions that impair, interfere with or obstruct the orderly conduct, processes and functions of the University. Disruptive conduct shall include, but not be limited to the following:

1. Interference with freedom of movement of any member or guest of the university;
2. Impeding or interference with the rights of others to enter, use or leave any university facility, service or scheduled activity, or carry out their normal functions or duties; or

3. Interference with academic freedom and freedom of speech of any member or guest at the University.

(x) Threats of Violence – An intentional threat by word or act to do violence to another person, and doing some act which creates a well-founded fear that such violence is imminent.

(y) Violent Misconduct – When one person actually and intentionally touches or strikes another person against his/her will, or intentionally causes bodily harm.

(z) Sexual battery/rape – According to Section 794.011(1)(h), F.S., sexual battery is the “Oral, anal or vaginal penetration by union with a sexual organ of another or anal/vaginal penetration by another object.” The act is performed against the victim’s will or without her/his consent. An individual who is mentally incapacitated, asleep or physically helpless or unconscious due to alcohol or other drug consumption is considered unable to give consent. The same definition applies regardless of whether the assailant is a stranger or an acquaintance or a group of individuals. The type of force employed may involve physical violence, coercion or threat of harm to the victim. Date or acquaintance rape is the sexual battery of an individual by someone the victim knows. Group or gang rape is the sexual battery of an individual by multiple perpetrators.

(aa) Underage Zero Tolerance – As referenced in Section 322.2616, F.S., the State of Florida prohibits persons under the age of 21 from having a breath-alcohol level of 0.02 percent or higher and to drive or be in actual physical control of a motor vehicle. Such violations shall result in the State suspending your license and referral to the student judicial process.

(bb) Disorderly Intoxication – No student shall be publicly intoxicated to the point of being unruly, causing a disturbance, or endangering the safety of himself/herself or another person or property.

(cc) Violation of USF Alcohol Policy (1998).

(dd) Inappropriate Conduct at University-sponsored Events – Students are expected to govern their behavior at University-sponsored events and conduct themselves within the guidelines of the Student Code of Conduct. Such events may include, but are not limited to athletic events.

(ee) Violation of Residence Hall Policy (1998).

(ff) Bikes/Skateboards/Rollerblading – Riding a bicycle, skateboard, or rollerblades within an area on campus where there are signs posted that such actions are strictly prohibited is cause for referral to Student Judicial Services.

(gg) Violation of USF traffic rules and regulations.

(hh) Violation of any law, ordinance or rule of the Board of Regents, or USF policy.

(ii) Violation of probation – Failure to abide by conditions of probation.

(jj) Off Campus Misconduct – The University generally does not regulate the off-campus conduct of its students. However, misconduct occurring off-campus will be disciplined where the conduct directly impedes the effective operation of the University, as for example, where the off-campus conduct constitutes a danger to the health, safety or welfare of University students, faculty or staff.

(kk) Obstruction of Student Judicial Process – Acts that disrupt the University judicial process, including attempting to coerce or influence a person in order to discourage their participation in any judicial proceeding. Such acts shall include, but may not be limited to:
   1. Failure to appear at an official university hearing when proper notification has been provided;
   2. Knowingly falsifying, distorting or misrepresenting information before a judicial proceeding;
   3. Deliberate disruption or interference with the orderly conduct of a judicial proceeding;
   4. Knowingly initiating a complaint/referral without cause;
   5. Use of threats, coercion, or intimidation to discourage proper participation or use of the judicial process;
   6. Attempting to influence the impartiality of a member of the judicial process prior to or during the course of the judicial proceeding;
   7. Harassment or intimidation of any participant in the judicial process.

(5) Sanctions – Sanctions shall be commensurate with an offense with consideration given to any aggravating or mitigating circumstances. Any of the following sanctions will be imposed on a student, a group of students, or a student organization:

(a) Expulsion – Permanent termination of a student’s privilege to attend the University, including trespass from campus. In cases where the student resides on campus, the student will be given reasonable time to vacate the residence halls, (e.g., 24 to 48 hours). During the period of the expulsion, all of the student’s contact with University departments/services must be through the Office of Student Judicial Services.

(b) Suspension – Termination of a student’s privilege to attend the University for an indefinite or a specified period of time, including trespass from campus. In cases where the student resides on campus, the student will be given a reasonable time to vacate the residence halls, (e.g., 24 to 48 hours). During the period of the suspension, all of the student’s contact with University departments/services must be through the Office of Student Judicial Services.

(c) Probation – An official warning that the student’s continued enrollment depends upon the maintenance of satisfactory citizenship during the period of probation. A favorable recommendation normally will not be furnished by the University during a period of probation.
When probation is imposed as a sanction, the student should be advised of the consequences of violation of probation, e.g., suspension. In the event probation terms or conditions are violated, the Associate Vice President for Student Life & Wellness or the Student Judicial Officer will immediately impose the consequence of the probation violation.

(d) Restrictions – Conditions imposed on a student that would specifically dictate and limit future presence on campus and participation in University-related activities. The restrictions involved will be clearly identified and include but are not limited to a requirement to remain on campus or in rooms during specified periods of time or a University restraining order forbidding the offender from all contact with the victim. Restrictions also include denial of the privilege to operate a motor vehicle on campus, participation in certain activities/events/organizations, access and use of University services, and presence in certain buildings or locations on campus.

(e) Restitution – A payment for injury to an innocent party in cases involving theft, destruction of property, or deception.

(f) Trespass – A restriction from the campus or specific area on the campus.

(g) Reprimand – A letter which makes a matter of record an incident which reflects unfavorably on a student’s file as long as he or she is a student of the University.

(h) Warning – An oral reprimand.

(i) Restrictions on or revocation of financial aid where appropriate pursuant to law or NCAA policy.

(j) Involuntary withdrawal – University withdrawal of student from enrollment and student status.

(k) Other appropriate sanctions, such as community service hours, educational programs, written assignments, counseling, and evaluation.

(6) Student Judicial Process and Proceedings –

(a) Prehearings –

1. The written complaint of violation of the Student Code of Conduct should be referred to the Office of Student Judicial Services within a reasonable time following the discovery of the violation and in no event, later than six (6) months after the discovery, except in extraordinary cases (e.g., hospitalization of the student, etc.). The Associate Dean for Student Affairs acts as the Student Judicial Officer, and all charges of violation are originated by the Associate Dean.

2. The Associate Vice President for Student Affairs will appoint faculty/staff members from outside Student Affairs to serve as alternate judicial officers in appropriate cases (e.g., when the Associate Vice President is unavailable or has a conflict of interest) and the Associate Vice President for Student Affairs will prepare and maintain a list of individuals for this purpose.

3. Interim Suspension – The President or Student Judicial Officer will have the authority to suspend a student from the University or from participating in official University functions, programs, intercollegiate competitions, and other student activities if in the judgment of the Student Judicial Officer the student’s continued presence or use of privilege at the University pending outcome of the proceedings, is likely to cause harm to members of the University community. Any interim sanction judgment will be based on evidence gathered in the initial stage of an investigation of student misconduct. Students issued an interim suspension from the University will be provided an expedited emergency hearing as outlined in the “Hearings” section.

4. The Student Judicial Officer will inform the University Police of possible serious criminal activity in cases where it is not clear that the University Police already possess the information. The Student Judicial Officer will request information concerning prior misconduct of the student from the University Police and other appropriate persons or offices.

5. The Student Judicial Officer will require meetings with students referred for misconduct to determine whether relevant evidence exists and if there is a reasonable basis for believing the University’s Student Code of Conduct was violated. The student can choose to have an advisor of his/her choice present; however, University employees who have a potential conflict of interest are not to serve. The advisor can speak with the student but cannot speak for the student, act as attorney, nor otherwise participate.

6. In some cases involving disputes between individuals, mediation will be offered as an alternative when both parties agree. In these situations, the complainant does not wish to initiate formal judicial action, yet the parties continue to have indirect contact, such as two members of a student organization. If mediation is used, formal judicial action is not pursued.

7. The Student Judicial Officer will have meetings with alleged perpetrators of violent misconduct for the purpose of documenting such incidents in cases where the victim declines to make a formal complaint or serve as a witness; the victim reserves the right to decline the pursuit of any further action. The records of such meetings will be considered in future judicial proceedings.

8. The Student Judicial Officer will offer the student an informal disposition deciding whether a violation of the Student Code of Conduct has occurred. If charged, the student will have the option to admit responsibility for the charge and agree to the imposition of sanctions. The charged student can choose to decline the informal disposition and request an official university hearing before either an administrative officer or a University Judicial Board. The student will have five (5) business days from the date of the charge letter to request a hearing. If no response is received within this time frame, the student forfeits his or her right to an official university hearing and all charges and sanctions become effective.

9. In order to prepare for the hearing, the charged student shall be provided a written notice of charges no less than three (3) days before the hearing, except in cases of emergency.

10. The prehearings or informal disposition process must be completed within three (3) weeks of Student Judicial Services’ receipt of the complaint of misconduct, except in extraordinary cases (e.g. witness in coma or hospital, etc.) as determined by the Student Judicial Officer.
11. The hearing must be set to be held on a date not later than six (6) weeks following Student Judicial Services’ receipt of the complaint of misconduct, except in extraordinary cases (e.g., witness called for military duty or to mother’s funeral) as determined by the Student Judicial Officer.

(b) Hearings – Except in cases of emergency, the charged student shall have the option of a hearing before an Administrative Officer, or a hearing before the University Judicial Board.

1. Hearings before an Administrative Officer – If the student chooses a hearing before an Administrative Officer, such hearing will be conducted by a USF faculty or staff member selected from a pool of volunteer individuals trained by the Student Judicial Officer. The charged student shall be informed of the Administrative Officer appointed to hear his/her case and shall have the opportunity to challenge the impartiality of that individual within three (3) working days of notification. An Administrative Officer so challenged will be excused; however, indiscriminate challenges are not permitted.

2. University Judicial Board – A student who chooses a hearing before the University Judicial Board will be heard by a panel composed of three (3) faculty/staff members, one of whom shall be appointed chairperson, and three (3) students. The panel members will be selected at random from a bank of faculty/staff and student volunteers who have received training from the Office of Student Judicial Services. The charged student shall be informed of the panel members selected to hear his/her case and shall have the right to challenge the impartiality of any panel member within three (3) working days of notification. A panel member challenged for impartiality will be excused; however, indiscriminate impartiality challenges shall entitle the panel to proceed without regard to the challenge. Any board member not present for the taking of testimony at the hearing may not further participate. A quorum for hearing shall consist of a simple majority of the panel. However, the charged student has the right to choose to proceed or to request that the hearing be rescheduled if the judicial board present does not consist of 50% faculty/staff and 50% students. After the hearing, the board will reach its decision in executive session. A simple majority of the quorum is required for decision.

3. Emergency Hearings – Emergency hearings involve the safety, health, welfare of student/staff, e.g., violence. An expedited emergency hearing will be held before the Student Judicial Officer in cases which involve the safety, health or welfare of any student or staff member, as for example in cases involving complaints of violent misconduct. The President or the Student Judicial Officer as the President’s designee will immediately suspend or withdraw a student pending a hearing in emergency cases.

4. Hearing on Appeal – The charged student may appeal in writing the decision of the University Judicial Board or Administrative Officer within five (5) calendar days of the decision to the Associate Vice President for Student Life & Wellness. The Associate Vice President for Student Life & Wellness may impose the sanction recommended at the hearing or any other sanction, pending final decision on appeal. The record of the initial hearing will be considered on appeal as well as any new information that comes to the attention of the Associate Vice President for Student Life & Wellness. The Associate Vice President for Student Life & Wellness is authorized to contact any participants in the initial hearing for clarification and the student is entitled access to the record when appealing. The decision of the Associate Vice President for Student Life & Wellness will be rendered within two (2) weeks of receipt of the appeal except in extraordinary cases (e.g., witness is abducted or student disciplinary records destroyed in fire) as determined by the Associate Vice President for Student Life & Wellness and is the final decision of the University of South Florida.

(7) General Principles Applicable to Hearings –

(a) All hearings will be closed to spectators. No irrelevant information, especially irrelevant sexual history, will be discussed or considered in the hearing.

(b) Due Process Rights of Charged Student.

1. Burden of Proof – The burden of proof shall be on the complainant. The standard of proof for decision shall be “substantial evidence”, that is, whether it is reasonable to conclude from the evidence submitted that the student did commit the violation(s) for which he or she has been charged, and shall not be the strict criminal law standard of proof beyond a reasonable doubt.

2. Record – The proceedings of all hearings shall be recorded.

3. Inspection of Evidence – The student may inspect the evidence which will be presented against him/her.

4. Present Evidence – The student may present evidence on his/her own behalf.

5. Question Witnesses – The student may hear and question adverse witnesses, except in cases of violent misconduct where the student may submit questions to the hearing officer for use in questioning adverse witnesses.

6. Self-Incrimination – The student shall not be forced to present testimony which would be self-incriminating.

7. Advisor – The student may have an advisor of his/her choice present, which advisor may also be a legal counsel; however, university employees who have a potential conflict of interest are not to serve. The advisor may speak with the charged student but may not speak for the charged student, act as attorney, nor otherwise participate.

8. Decision Based on Evidence – The decision of the University Judicial Board or Administrative Officer shall be based solely on the evidence presented at the hearing, including any file referencing prior misconduct or meetings with the charged student in the custody of Student Judicial Services.

9. Decision in Writing – The decision of the University Judicial Board or Administrative Officer, including findings of fact and a determination of sanction, if any, shall be presented to the student in writing within two (2) weeks following the hearing.

10. Enrollment Status – The student’s enrollment status will remain unchanged pending final decision, except in cases of emergency, as considered above.
11. Failure to Appear – If a student against whom charges have been made fails to appear, the University Judicial Board or Administrative Officer may proceed in his/her absence.

(c) Rights of the Complainant/Victim.
1. The complainant shall have the right to submit a list of questions related to the alleged incident for consideration prior to the hearing, that he/she feels the accused should be asked during the hearing process.
2. In cases of violent misconduct, as defined by Section 16 Title 18 United States Code, the following additional rights pertain:
   a. The complainant shall be entitled to the assistance and advice of a person designated by the University with substantial knowledge of the USF student judicial process.
   b. The complainant shall have the right to submit an impact statement to the Student Judicial Officer for use during the sanctioning portion of the judicial process.
   c. The complainant shall have the right to be present during the entire hearing, notwithstanding the fact that the complainant is to be called as a witness. In extraordinary cases (e.g., complainant suffers from panic disorder or contagious disease), alternate arrangements may be made for the complainant to participate in the hearing without being present in the same room.
   d. The complainant may have an advisor of his/her choice present, which advisor may also be a legal counsel; however, University employees who have a potential conflict of interest are not to serve. The advisor may speak with the complainant, but may not speak for the complainant, act as attorney or otherwise participate.
   e. The Student Judicial Officer will inform the complainant, whenever possible, of the outcome of the judicial proceeding.
(8) Regional Campuses – The foregoing applies to all campuses of the University of South Florida; however, non-substantive procedural modifications to reflect the particular circumstances of each regional campus are permitted. Information concerning these procedures is available through the student affairs office at those regional campuses.
(9) Review of Student Code of Conduct – A student judicial advisory group, a committee consisting of faculty/staff and students appointed by the Vice President for Student Affairs shall periodically evaluate the Student Code of Conduct.

6C4-6.011 Counseling Center for Human Development Services.
(1) Description. The Counseling Center is a comprehensive, community-oriented facility that provides services in educational skill enhancement, career development and mental health to University of South Florida students.
(2) Eligibility for Services.
   a. University applicants who have not yet registered, alumni, special students and continuing students who are not registered for the semester in question will be offered services on a staff-availability basis. Normally, this will be one or two sessions for evaluation and referral.
   b. To receive services in the Counseling Center, a prospective user must provide personal data. Services at the Counseling Center are available to full-time and part-time students. If the presenting problem involves spouses, parents, or children, they may be included in the therapy program.
(3) Confidentiality.
   a. The confidentiality of professional communications about individuals is maintained. Psychological information about users of services shall be released only under the following conditions:
      1. With the written consent of the user directly involved or his/her guardian or attorney, or where directed by statute, regulation, or court order.
      2. Raw psychological data shall be released only with the written consent of the user, his/her guardian or attorney, and released only to a person recognized by the psychologist as competent to use the data.
      3. Where there is clear and imminent danger to an individual or to society, and then only to appropriate professional workers or public authorities.
   b. Provisions are made for the maintenance of confidentiality in the preservation and ultimate disposition of confidential records.
(4) When it is the judgment of the intake therapist that a user’s problems cannot be appropriately maintained in the Counseling Center, a referral to an appropriate public or private community resource will be made.
(5) The Counseling Center’s representative in the Academic Regulations Committee is empowered to issue withdrawals with or without refunds as appropriate, based on clinical evaluation of a student’s ability to function in a university setting. Where a student’s functioning is seriously disrupted, an involuntary withdrawal may be issued. Students who may have been withdrawn by the Counseling Center from the University are placed on Pending status until they have demonstrated their ability to function in the University by virtue of a psychological/psychiatric evaluation in the Counseling Center.
(6) Dependent upon demand for services and adequate staff availability, the Counseling Center may participate in the practicum or internship training of students enrolled in applied graduate programs on campus.

6C4-6.012 Financial Aid.
Eligibility for assistance.

(1) In addition to meeting all standards established by the granting agency, the student must:
   (a) Be admitted, or
   (b) Once admitted, meet the Standard of Satisfactory Progress for financial aid recipients. The standard is based on Title IV Federal Financial Aid Regulations (Rev. 11/1/00).
   (c) On a timely basis, provide all requested documentation needed to complete their file.

(2) Awards are made based on financial need and the packaging policies established by the Office of Financial Aid. USF uses the Free Application for Federal Student Aid (FAFSA) and the federal need analysis for determining financial need. Applicants meeting the priority application dates, published in the USF Financial Aid Guide, are given priority consideration for need-based aid.

(3) If the student’s application for financial aid is selected for verification by the Federal government or the USF Office of Financial Aid, eligibility for aid is contingent upon completion of the verification process.

6C4-6.0121 Financial Aid Administration, Distribution and Use of Financial Aid Resources.

(1) The Office of Financial Aid is the single office designated to coordinate and administer financial aid at the University of South Florida. All USF offices and departments must report any and all awards made to students to the USF Office of Financial Aid, in a timely manner, so that this information is properly included in the University’s reports to the Board of Regents and others.

(2) Two University committees were established to assist in policy formation and to handle appeals and grievances related to the award or administration of financial aid.
   (a) Financial Aid Policy and Advisory Committee. This committee provides advice and recommendations to the Vice President for Student Affairs on financial aid related matters. It is chaired by the Associate Vice President for Enrollment Planning and Management and includes the Director of Financial Aid, the Director of Admissions, the Director of University Budgets, and the University Comptroller. Committee responsibilities include:
      1. Reviewing and recommending changes to University policies related to the administration of institutional financial aid programs.
      2. Reviewing the University’s Five-Year Financial Aid Plan and recommending changes to the plan so as to keep it consistent with the University’s Master Plan and strategic direction.
      3. Reviewing new and continuing University aid programs so as to evaluate their viability and effectiveness.
      4. Reviewing and approving over-commitment amounts/percentages for the packaging of institutionally administered aid programs.
      5. Review revenue sources and expenditure plans.
   (b) Financial Aid Appeals and Grievance Committee. This committee is chaired by the Associate Dean of Student Life and Wellness, and includes a financial aid representative, a faculty member, and a student representative appointed by the Vice President for Student Affairs.
      1. Any appeal/grievance must be presented in writing to the Director of Financial Aid, who will forward it to the Committee Chair.
      2. The Committee Chair is responsible for convening the committee and distributing the appeal/grievance information to the members.
      3. The committee should convene, consider the appeal/grievance and make its recommendation to the Vice President for Student Affairs within 30 days. The decision of the Vice President for Student Affairs is final.

(3) Institutional resources include all programs in the University of South Florida Financial Aid Five-Year Plan, tuition remissions and waivers, and federal, state, institutional, foundation, and other aid programs that are locally administered.
   (a) Financial need and academic merit are given primary consideration in the awarding of financial aid to students. Also considered are the balance of funding levels between need-based and non-need-based programs to reflect the needs and diversity of the USF student population, the necessity for increasing current programs versus the need for new programs and assuring fiscal integrity within the USF Five-Year Financial Aid Plan.
   (b) Information concerning any institutional need-based financial aid program may be obtained from the Office of Financial Aid. This office coordinates the distribution and use of all need-based resources, as well as all merit-based programs awarded by the Office of Admissions, the Graduate School, the individual colleges or departments, and the other campuses of the University. Additionally, this office coordinates scholarships awarded to students by donors external to the University.

6C4-6.013 University Residence Halls.

(1) Any student who wishes to live in University of South Florida (“University”) housing shall be required to enter into a housing contract for the academic year during which they propose to reside in the residence halls. The University housing contract is a binding contract in which the University promises to provide University housing to the student, and the student promises to pay for such housing, and abide by the contract provisions and all University rules.

(2) As noted in the Resident Handbook section of the “USF Student Planner-2003-2004,” living groups within residence halls at the University are required to select a visitation program within the following parameters:

(a) No guest visitation; or
(b) Guest visitation between 10:00 a.m. and 2:00 a.m., Monday through Thursday with weekend guest visitation beginning at 10:00 a.m. Friday and continuing until 2:00 a.m. Monday; or
(c) Twenty-four (24) hours a day/seven (7) days a week guest visitation. Visitation within student rooms must be determined by mutual agreement among roommates.

(3) In accordance with this rule, to provide, administer and maintain student housing, the University acknowledges:

(a) The right to privacy of students in their residences; and
(b) The promotion of:
   1. Student safety and welfare, and
   2. Student social responsibility and leadership.

Specific Authority 1001.74(4), 1006.60 FS. Law Implemented 1001.74(6), 1006.60 FS. History–New 10-6-75, Amended 7-26-76, 7-3-79, Formerly 6C4-6.13, Amended 1-8-92, 1-28-04.

6C4-6.0161 Tampa Campus Student Health Center Services.

(1) Persons eligible for services:

(a) Registered University of South Florida students who have paid the appropriate fee.
(b) Continuing University of South Florida students not registered for the current academic term.
(c) Enrolled students from other State Universities who are visiting the Tampa campus.
(d) Students attending summer courses, if prior approval has been granted by the Health Service Director.
(e) Other students not covered under the preceding categories, at the discretion of the Health Service Director.

(2) The services available to persons defined in paragraphs (1)(a) and (b) of this rule include but are not limited to:

(a) A walk-in out-patient clinic staffed by Registered nurses and/or licensed medical practitioners.
(b) Gynecology Clinic.
(c) Dermatology Clinic.
(d) Allergy Clinic.
(e) Clinical Laboratory Service.
(f) Dispensing of selected prescription drugs by Physicians at the time of the medical examination.

(3) Students who are eligible for services pursuant to paragraph (1)(b), (c), or (e) of this rule:

(a) Will be charged for services at the published fee for service charges extant at the time of service.
(b) May be personally responsible for charges incurred at the time of visit, or if prior arrangements have been made, the referring University department will be charged for services, at the published fee for service charges extant at the time of service.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(1), 240.235(1) FS. History–New 7-3-79, Amended 8-25-81, Formerly 6C4-6.161, Amended 7-17-91.

6C4-6.0162 Health Insurance for International Students and Research Scholars.

(1) All students who are not United States citizens or Permanent Residents of the United States (both non-degree seeking and those having been admitted to an academic program at USF including the English Language Institute) must demonstrate that they have adequate health insurance coverage for accidents and illness prior to registration for classes. International students who do not demonstrate such coverage will not be allowed to register for classes or continue enrollment at USF. International students are defined as all USF students who are not U.S. citizens or U.S. Permanent Residents.

(2) International students in F-1, F-2, J-1 or J-2 visa classes who enroll at USF as special, non-degree seeking students through the Registrar’s Office must demonstrate that they have adequate insurance coverage prior to enrollment.

(3) An adequate health insurance policy must contain the following elements: 1) 52 weeks of continuous coverage; 2) Basic benefits: room, board, hospital services, physician fees, surgeon fees, ambulance, outpatient services and outpatient fees paid at 80% of usual, customary and reasonable (UCR) charges after deductible is met; 3) Inpatient mental health care – paid at 50% of UCR; 4) Outpatient mental health care – paid at 50% of UCR with a $100 cap; 5) Maternity benefits – treated as any other temporary medical condition; 6) Coverage for inpatient/outpatient prescription medication; 7) $7,500 coverage for repatriation; 8) $10,000 coverage for medical evacuation; 9) Exclusion period of pre-existing conditions not to exceed six months; 10) Deductible: $50 per occurrence if treatment is rendered at USF Student Health Services, and $100 if rendered elsewhere; 11) $200,000 lifetime aggregate cap.
(4) All J-1 Exchange Visitors and their accompanying dependents on J-2 visas are required to have adequate health insurance coverage during their period of stay at USF on the university’s J-1 program pursuant to 22 CFR 514.14.

6C4-6.017 Registration and Conduct of Student Organizations.

(1) Any student group wishing to organize on campus can do so by following the procedures and fulfilling these criteria:

(a) Provisional Status.

1. Students wanting to form a new organization are granted provisional status by submitting the following to the Office of Student Activities.

a. A statement of purposes and goals.
b. A list of three organizers who are presently enrolled students, with addresses and phone numbers.
c. Signature waivers of the Family Educational Rights & Privacy Act also known as the Buckley Amendment confidentiality rights for the purpose of verification of student status and release of information about the new organization to the student body.
d. The name, address and signature of USF faculty or staff person who will serve as the organization’s advisor.

2. An organization petitioning for provisional status will be notified in writing by the Office of Student Activities of its approval or, in cases of denial, the reasons for denial. In the event of denial, the organization may appeal the decision to the Director of the Marshall Center whose decision shall be final.

3. Provisional status entitles a group to the following:

a. Use of the organization’s name for publicity which cannot include the name of the University.
b. Use of University meeting rooms, maximum of one time per week. This request must be submitted by a currently enrolled officer.
c. Use of student organization mailbox, if available.
d. Use of the Office of Student Activities equipment and services.
e. One fund raising day during provisional status.

4. Provisional status lasts at least 30 days, but no longer than 90 days, excluding semester breaks. After the one month provisional period, a request for official registration may be made.

(b) Official Registration.

1. A student organization with provisional status which desires official registration must submit the following to the Office of Student Activities:

a. Official Request. A request to the Office of Student Activities for registration of the proposed organization. This request must state the purpose of the group.
b. Constitution. One (1) copy of the proposed constitution must accompany the official request.
c. Officers List. A list of three presently enrolled student Officers, student I.D. numbers, their addresses, and phone numbers must be filed with the Office of Student Activities.
d. Advisor. Name and department of proposed faculty or staff advisor.
e. Financial Records. An agreement to supply the Office of Student Activities with a review of the books and records of the organization upon request.

2. Upon receipt of all the above information, the request is referred to the Student Organizations Advisory Board (SOAB) which reviews the constitution at the earliest possible time according to its agenda procedures. The Board makes its recommendations to the Assistant Director of the Marshall Center.

3. The petitioning organization will be notified in writing by the Assistant Director of the Marshall Center of its acceptance or, in cases of denial, the reasons for denial. The petitioning organization may submit an appeal to the Director of the Marshall Center.

4. Although not an entity of or a division of the University, a student organization is given the opportunity to operate as a member of the University community with the privileges and mutual responsibilities that its status implies. Registration does not signify endorsement or approval by the University of specific ideas, programs, or activities of the organization, but provides an opportunity for these groups to utilize University services and facilities and other privileges as set out in this rule.

5. Once the official registration is attained the student organization must continue to comply with the following:

a. Officer Listing. Register the names, student I.D. numbers, addresses and phone numbers of three officers at the beginning of each term. This information must be completed by the end of the third week of each semester.
b. Finances. An agreement to supply the Office of Student Activities with a review of the books and records of the organization upon request.
c. Insurance. As student organizations are entities independent from the University, the University can not provide insurance protection for student organizations. Student organizations are encouraged to consider procuring general liability insurance for all purposes and insurance to protect the property of the Organization.
d. Conduct of Business.

(I) All members shall be entitled to attend any scheduled meeting and records shall be available to all members.
Conformance to law and regulations. Each student organization’s membership purposes and activities will conform and comply with the United States Constitution, the laws of the State of Florida, policies of the University of South Florida and the purposes set forth in the constitution. The student organization is independently and solely responsible and accountable for the conduct and all actions of the organization and its members. Any violation of law, Board of Regents policy, or the rules and regulations of the University will be considered as violations by the organization and its officers and, in cases involving deliberate, intentional complicity or assistance in any such violation by other individuals, shall also be considered as violations by those individuals.

(2) Sales and solicitations, fund-raising, collections.
   (a) Each student organization may engage in fund-raising activities, the proceeds of which may be devoted to the activities and projects of the organization itself in furtherance of its goals and objectives, subject to the following rules and regulations:
   (b) Registered student organizations desiring to engage in fund-raising activities must secure approval at least five working days in advance from the Office of Student Activities. The Office of Student Activities should notify the petitioning student organization in writing of the approval and conditions for the solicitation of funds or denial of the fund-raising request within one working day from the date of request. If the request is denied, the reasons for denial must be stated. If the request is approved, calendar-clearance and the conditions for the solicitation of funds will be given with the approval.
   (c) Fund-raising activities which require the use or reservation of University space or facilities, such as lobby areas of academic buildings, Marshall Center Elm Street Market, etc., are limited to four per semester and must be registered in accordance with Rule 6C4-6.020, F.A.C. Use of Marshall Center Facilities and Equipment. Each use or reservation of University space or facilities shall be considered as a separate fund-raising activity for the purpose of this rule, and no fund-raising activity may last longer than two days. Provisional groups permitted one day only.
   (d) Fund-raising activities in the residence halls areas may be conducted as part of a fund-raising activity which requires use or reservation of University space or facilities, subject to residence hall rules and regulations. Each residence hall living unit is empowered to entirely prohibit any fund-raising activities or to prescribe the days and hours when solicitation of funds is permitted, but in any event, door-to-door solicitation will not be permitted.
   (e) The organization will be responsible for all direct costs, if any, involved in the use of the facilities.
   (f) All funds so raised must be reported to the Assistant Director of the Marshall Center, upon request.
   (g) An organization’s privilege of engaging in fund-raising activities is subject to immediate cancellation if the methods used are disorderly, improper, or if they annoy or otherwise interfere with any individual’s rights to privacy and freedom from harassment.

(3) Compliance.
   (a) Any organization or its members failing to comply with the requirements listed above or which violates the standards, policies, or principles of the University is subject to review at any time.
   (b) Upon becoming aware of a possible violation, the Assistant Director of the Marshall Center will review the matter.
   (c) The Assistant Director of the Marshall Center may involve the Student Organizations Advisory Board in the review of the matter and if so the Board will forward its findings and recommendations to the Assistant Director of the Marshall Center.
   (d) Once the Assistant Director of the Marshall Center reviews the possible violation then a decision will be issued in writing to the organization involved, the Student Organizations Advisory Board, if applicable and the Director of the Marshall Center.
   (e) Any appeals of this decision may be made to the Director of the Marshall Center.
   (f) If an organization fails to follow the procedures of an official organization as outlined, it will be deactivated and will lose the privileges granted to a registered organization. A deactivated organization must petition in writing to the Assistant Director of the Marshall Center to re-establish their status. Review of an organization as outlined above or deactivation of an organization does not preclude handling of an incident in accordance with the processes of the student conduct code.

(4)(a) Advisors. All student organizations are required to have faculty or staff advisors.
   (b) The function of advisors is to act as the liaison or communication link with the University administration and other community persons, as needed. Advisors do not have the authority or responsibility to control or supervise the activities of the organization. Advisors are the University’s representatives to the organizations and may report or relay University rules and procedures to the organizations, as needed. The Office of Student Activities may condition its approval of certain organizational events (e.g. those which in the view of the University Police pose a security risk) on the attendance of the organization’s advisor.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1) FS. History–New 10-6-75, Amended 7-3-79, Formerly 6C4-6.17, Amended 10-4-90, 12-23-92, 8-31-94.

6C4-6.018 Use of University of South Florida Riverfront Park.
(1) Use of the Riverfront Park shall be restricted to University students, faculty, staff and their invited guests. The park is available for reservation by University units and University-related organizations. Reservations may be made through the Campus Recreation Office.
(2) All University rules and policies must be complied with by groups and individuals using the park.
(3) An hourly user fee will be charged for use of canoes by students, faculty, and staff with valid University identification. Additional fees will be assessed for damaged or lost equipment.
(4) Driving and parking of vehicles shall be limited to designated areas. Vehicles parked in unauthorized areas or remaining after the park closes shall be towed at the owner’s expense.

(5) No person shall damage or remove park property, including plants and trees. No person shall molest, harm, or feed any wildlife in the park.

(6) There shall be no swimming, wading, or bathing in the Hillsborough River along or adjacent to the park boundaries. There shall be no fishing from park land or dock areas.

(7) The boat ramp may be used only for hand-carried boats, canoes, or other watercraft. Boat trailers are prohibited in the parking areas.

(8) No ground fires are permitted without specific written permit. No firearms are permitted in the park. No horseback riding is permitted within park boundaries.

(9) All dogs, cats, or other animals must be kept on a leash at all times within park boundaries.

(10) Failure to comply with any of the provisions of this rule may result in the suspension of privileges of using or reserving this facility, as well as other sanctions which may be appropriate.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(1) FS. History–New 10-6-71, Amended 7-3-79, Formerly 6C4-6.18, Amended 1-8-92.

6C4-6.020 Use of Marshall Center and Special Events Center Facilities and Equipment.

(1) Scheduling and use of Marshall Center and Special Events Center.

(a) Marshall Center space is available on a first come, first serve basis to eligible groups. In the event that the same space is requested simultaneously, the priority of use for eligible groups is as follows:

Activities generated by students have the first priority for use of the Marshall Center and the Special Events Center. Activities generated by University Departments are the second priority for use of the Marshall Center and Special Events Center. The Coordinator of Public Functions may extend the privilege of using the Center’s venues to non-University Clientele that advance the mission of the University, educational and community interests. The Coordinator of Public Functions shall have discretionary authority to assign the Center’s venues without compromising student accessibility.

(b) Requests for use of space will be honored by the Marshall Center Reservations Office. Reservations may be made one year in advance. Requests for special or occasional meetings or events should be made as soon as need is determined, and at least two weeks prior to the event. Special consideration is made for emergency meetings when required.

(c) Reservation conditions and agreements:

1. Eligibility for the reservation of University facilities by student organizations is determined by the Office of Student Activities. Administration of reservations for student organizations’ use of on-campus facilities is the responsibility of the Marshall Center Reservations Office.

2. Assignment of rooms: The room or facility requested will be assigned whenever possible. However, the right is reserved to change the reservation to other rooms or facilities if scheduling conditions make the change necessary. Room assignments will be posted on the “Events Scheduled Today” bulletin boards located adjacent to the elevators on each floor of the Marshall Center.

3. Confirmation: The Marshall Center Reservations Office will tentatively confirm those dates for which rooms, facilities, or other services have been requested and are available. Final confirmation will be issued when event approval, if required, and other pending requirement/specifications have been met.

4. Cancellations: Student organizations that do not cancel reservations with at least 72 hours advance notice will be charged for support services and/or setup labor. Continued offenses by the student organization will result in loss of reservation privileges for the student organization for the semester. Reservation cancellation must be received by the Reservations Office at least 72 hours before an event. Other clients (non-student organizations) that do not cancel with at least 72 hours advance notice will be charged for rental space and support services.

5. Any organizations using space in the Marshall Center or the Special Events Center must utilize already contracted food services. With prior approval from the food service purveyor, a small amount of food may be brought in.

6. Charges for the use of Marshall Center and Special Events Center facilities, equipment and services will be assessed in accordance with the Marshall Center existing rates and fees structures.

(d) Responsibility of sponsoring student organization:

1. The privilege granted University student organizations to use State facilities and sponsor activities on the campus places the responsibility for proper use and conduct of such activities on the sponsoring student organizations and the officers representing the group.

2. The student organization requesting use of facilities shall be responsible for all damages and out-of-the-ordinary expenses involved in the use of these facilities.

3. The Marshall Center maintains the sole right to determine appropriate staffing for events.

4. The facilities requested will be used solely for the activities of the student organization reserving facilities and only for the purposes specified on the application.
5. If facilities are used for any purposes other than those stated on the application, e.g., a student organization transferring its privilege to another group or conducting activities other than those specified on the application, the Marshall Center reserves the right to cancel the privileges and reservations confirmed for the events, and any other pending applications of this student organization. Appeal from administrative decisions may be taken to the Office of the Associate Vice President for Student Affairs.

(e) Any student organization not in compliance with the above regulations is subject to cancellation of privilege of use of University space.

(2) Use of Marshall Center Games Area and Equipment.

(a) Eligibility:
1. University of South Florida students, staff, faculty, and alumni.
2. Non-University of South Florida persons.

(b) Identification:
1. University of South Florida persons should present a valid University of South Florida identification (ID) card.
2. Non-University of South Florida persons may check out equipment by presenting a photo identification card or making a five dollar ($5.00) deposit.
3. Persons under 16 years of age must be a University of South Florida student or accompanied by an eligible person.

(c) Responsibility: It is understood that the individual checking out equipment will be responsible for proper use of the equipment, prompt return of all equipment and assumes the responsibility for loss or damage to the Marshall Center property involved. Conduct/behavior of guest will likewise be considered the responsibility of the person to whom the equipment is issued. Individuals who leave the Games Area without checking in their equipment or paying for the rental fee will have their ID or deposit held by the Games Area manager for three days. If debt is not resolved during that time the manager will then file a report to the Associate Dean of Students’ Office for appropriate action.

(d) Equipment will only be issued to properly identified and authorized persons. The identification card of the person will be retained by the Games Area attendant while equipment is checked out. The individual who has been issued equipment is responsible for the equipment, its use and its return. Failure of the individual to comply with this procedure more than three times will result in ineligibility to use equipment.
1. No equipment will be checked out within fifteen minutes of closing.
2. In order to control the use of available facilities and to enforce time limits as required, only one set of equipment may be checked out on any one ID card.
3. Table reservations may be made for Marshall Center recognized tournament play only. Request for reservation must be made at least two hours prior to play.
4. The management reserves the right to establish time limits when excessive waiting is experienced.

(e) Use of Facilities and Equipment:
1. Equipment will be recalled for violation, misuse, or unusual conditions.
2. During busy periods when facilities desired are in use, one may print his or her name in the proper space of the waiting list. By so doing, he will be given priority accordingly.
3. Equipment may not be issued from the Games Area except when scheduled and approved by the Games Area Manager.

6C4-6.026 Distribution of Material and Solicitation on Campus.

(1) General Rules.
(a) Distribution – ie. handing out, stacking, placement in racks, etc. of commercial material or advertisements is prohibited.
(b) Commercial solicitation and business transactions are prohibited.
(c) No material of any kind may be placed on automobile windshields.
(d) Posting of any material is prohibited.
(e) Non-Commercial material or literature, the author of which must be identified, may be handed out in any outdoor University location open to the general public.

(2) Exceptions.
(a) Fundraising and promotional activities by student organizations shall be reviewed and approved in accordance with USF Rule 6C4-6.017, F.A.C.
(b) Fundraising and promotional activities by employees shall be reviewed and approved by the appropriate Vice President.
(c) Exceptions to the above are not granted to non-university groups or persons unless they have entered into one of the three following written agreements with the University:
1. An agreement to participate in the USF Elm Street Market Mall.
2. An agreement solicited by the University permitting commercial activity.
3. An agreement or written approval to post notices executed by a University Building Supervisor responsible for posting in a particular building.
6C4-6.028 Student Government Association.

(1) The Student Government Association (SGA) of the University of South Florida is organized and maintained by students as the official representative of the student body.

(a) The President is responsible for the operations and administration of the University, including the Student Government Association.

(b) The President delegates administrative authority for the Tampa Campus Student Government to the Vice President for Student Affairs. The President delegates administrative authority for the Regional Campus Student Governments to the Provost.

(2) The Student Government Association is authorized to allocate and expend Activity and Service (A & S) fees subject to the veto power of the President.

(a) Fees must be allocated and expended for lawful purposes to benefit the student body as a whole.

(b) The Student Government Association or SGA will propose a budget for submission to the President on an annual basis.

1. Student organization funding priority should take the nature of the organization (e.g., service vs. recreation) and the number of organization members into account.

2. Information concerning the membership and mission of each student organization must be provided upon request for the President’s consideration prior to approval of the budget.

(c) Expenditures of budgeted/allocated A & S funds must be in accordance with Section 240.235, F.S., and BOR Rule 6C-6.0103, F.A.C. Thus, all SGA purchases, contracts, expenditures and disbursements must be reviewed and approved by the Vice President’s representative to assure compliance.

(d) The Vice President requires that SGA officers and appropriate University staff undergo periodic training concerning application of laws and administrative rules to SGA expenditures.

(3) Any elected student government official who is convicted of a violation of criminal law or is found civilly liable for an act of moral turpitude will be immediately suspended from office and temporarily replaced. The Vice President for Student Affairs will appoint a temporary replacement if the succession process is unable to produce a replacement. If the conviction or verdict is overturned on appeal, the suspended student government official will retake the office. If the conviction or verdict is not overturned and all rights of judicial appeal have been exercised, waived or expired, the suspension will become a permanent removal. This procedure is distinct from and in addition to the processes of the USF Judicial Code.

(4) Registered students may petition for a referendum on whether an elected student government official should be removed from office anytime after the official is convicted of a violation of criminal law or is found civilly liable for an act of moral turpitude regardless of appeal status. Such referendums will be held within 60 days of the filing of the petition and the recommendation to remove the official is made by majority vote of students participating in the referendum. A recommendation to remove an official may be appealed to the Vice President for Student Affairs whose decision on behalf of USF is final.

6C4-10.012 Inventions and Works.
(1) Definitions. The following definitions shall apply for purposes of interpreting and implementing this rule:
(a) A “work” includes any copyrightable material such as printed material, computer software or databases, audio and visual material, circuit diagrams, architectural and engineering drawings, lectures, musical or dramatic compositions, choreographic works, pictorial or graphic works, and sculptural works.
(b) An “invention” includes any discovery, invention, process, composition of matter, article of manufacture, know-how, design, model, technological development, strain, variety, culture of any organism, or portion, modification, translation, or extension of these items, and any mark used in connection with these items.

(c) “Instructional technology material” includes video and audio recordings, motion pictures, film strips, photographic and other similar visual materials, live video and audio transmissions, computer programs, computer assisted instructional coursework, programmed instructional materials, three dimensional materials and exhibits, and combinations of the above materials, which were prepared or produced in whole or in part by an employee, and which are used to assist or enhance instruction.

(d) “University support” includes the use of University funds, personnel, facilities, equipment, materials, or technological information; and includes such support provided by other public or private organizations when it is arranged, administered, and/or controlled by the University.

(e) “Employee” means all General Faculty, Administrative and Professional, USPS, and OPS employees of the University, in-unit or non-unit, regardless of classification or source of funding of the position, and volunteers and other persons who engage in University-supported effort.

(2) Works.

(a) Independent Efforts. A work made in the course of independent efforts is the property of the employee, who has the right to determine the disposition of such work and the revenue derived from such work. As used in this section, the term independent efforts means that:

1. The ideas came from the employee;
2. The work was not made with the use of University support; and
3. The University is not held responsible for any opinions expressed in the work.

(b) University-Supported Efforts. If the work was not made in the course of independent efforts, the work is the property of the University and the employee shall share in the proceeds thereof. However, in keeping with tradition, it is not the intent of the University to assert rights to books, articles, and similar works, the intended purpose of which is to disseminate the results of academic research or scholarly study nor to assert rights to instructional technology material which is developed without the use of appreciable University support and is used solely for the purpose of assisting or enhancing the employee’s instructional assignment.

(c) Disclosure.

1. Upon the creation of a work, and prior to any publication, the employee shall disclose to the President or Vice President for Research any work made in the course of University-supported efforts, together with an outline of the project and the conditions under which it was done.

2. The President or Vice President for Research shall gather information to assess the relative equities of the employee and the University in the work.

3. Within sixty (60) days after such disclosure, the President or Vice President for Research will inform the employee whether the University seeks an interest in the work, and a written contract shall thereafter be negotiated to reflect the interests of both parties, including provisions relating to the equities of the employee and allocating proceeds resulting from such work. All such agreements shall comport with and satisfy any preexisting commitments to outside sponsoring contractors.

4. The employee and the University shall not commit any act which would tend to defeat the University’s or employee’s interest in the work and shall take any necessary steps to protect such interests.

(3) Inventions.

(a) Disclosure/University Review.

1. An employee shall fully and completely disclose to the President or Vice President for Research all inventions which the employee may develop or discover while an employee of the State University System together with an outline of the project and the conditions under which it was done. With respect to inventions made during the course of approved outside employment, the employee may delay such disclosure, when necessary to protect the outside employer’s interest, until the decision has been made by the outside employer whether to seek a patent.

2. If the University wishes to assert its interest in the invention, the President or Vice President for Research shall inform the employee within one hundred twenty (120) days of the employee’s disclosure to the President or Vice President for Research.

3. The President or Vice President for Research shall conduct an investigation which shall assess the respective equities of the employee and the University in the invention, and determine its importance and the extent to which the University should be involved in its protection, development, and promotion.

4. The President or Vice President for Research shall inform the employee of the University’s decision regarding the protection to be sought for the invention within a reasonable time, not to exceed 135 days from the date of the disclosure to the President or Vice President for Research.

5. The division, between the University and the employee, of proceeds generated by the licensing or assignment of an invention, shall be negotiated and reflected in a written contract between the University and the employee. All such agreements shall comport with and satisfy any preexisting commitments to outside sponsoring contractors.

6. The employee shall not commit any act which would tend to defeat the University’s interest in the matter, and the University shall take any necessary steps to protect such interest.
(b) Independent Efforts. All inventions made outside the field or discipline in which the employee is employed by the University and for which no University support has been used are the property of the employee, who has the right to determine the disposition of such work and revenue derived from such work. The employee and the President or Vice President for Research may agree that the patent for such invention be pursued by the University and the proceeds shared.

(c) University-Supported Efforts. An invention which is made in the field or discipline in which the employee is employed by the University or by using University support is the property of the University and the employee shall share in the proceeds therefrom.

(d) Outside Employment.
1. While an employee may, in accordance with Rule 6C4-10.005, F.A.C., and the pertinent collective bargaining agreement, engage in outside employment pursuant to a consulting agreement, requirements that an employee waive the employee’s or University’s rights to any inventions which arise during the course of such outside employment must be approved by the President or Vice President for Research.
2. An employee who proposes to engage in such outside employment shall furnish a copy of this rule and, if applicable, the pertinent collective bargaining agreement, to the outside employer prior to or at the time a consulting or other agreement is signed, or if there is no written agreement, before the employment begins.

(e) Release of Rights.
1. In the event a sponsored research contractor has been offered the option to apply for the patent to an invention or other rights in an invention, the University will use its good offices in an effort to obtain the contractor’s decision regarding the exercise of such rights within 120 days.
2. At any stage of making the patent applications, or in the commercial application of an invention, if it has not otherwise assigned to a third party the right to pursue its interests, the President or Vice President for Research may elect to withdraw from further involvement in the protection or commercial application of the invention. At the request of the employee in such case, the University shall transfer the invention rights to the employee, in which case the invention shall be the employee’s property, and none of the costs incurred by the University or on its behalf shall be assessed against the employee.
3. All assignments or releases of inventions, including patent rights, by the President or Vice President for Research to the employee shall contain the provision that such invention, if patented by the employee, shall be available royalty-free for governmental purposes of the State of Florida, unless otherwise agreed in writing by the University.
4. Execution of Documents. The University and the employee shall sign an agreement individually recognizing the terms of this rule.
5. Responsibility. The authority and responsibility for administration and implementation of this rule is delegated to the Vice President for Research.

6C4-10.017 Limited-Access Personnel Records.

Pursuant to Section 240.253, Florida Statutes, except as required for use by the president or president’s designee in the discharge of his or her official responsibilities, the following records are confidential and exempt from the provisions of Section 119.07(1), Florida Statutes, and will only be released upon the written authorization of the employee or upon order of a court of competent jurisdiction:

1. Evaluative information created prior to July 1, 1995. Any and all information, wherever maintained, which reflects an evaluation of an employee’s performance and was created prior to July 1, 1995 shall be confidential and shall not be disclosed except to the evaluated employee, or the University officials whose duties to supervise or evaluate the employee require access to the records.

2. Records containing information reflecting academic evaluations of employee performance.

3. Records maintained for the purposes of an investigation of employee misconduct, but only until:
   (a) The investigation is no longer active;
   (b) The University gives written notice to the employee that the investigation is concluded; or
   (c) A letter of discipline issues.

In addition, for sexual harassment investigations, portions of the records which identify the complainant, a witness, or information which could reasonably lead to the identification of either remain confidential after the completion of the investigation.

4. Records maintained for the purposes of any disciplinary proceeding brought against an employee, but only until a final decision is made in the proceeding.

5. Records maintained for the purposes of any grievance proceeding brought by an employee for enforcement of a collective bargaining agreement or contract, but only until a final decision is made in the proceeding.

6. Any records or portions thereof which are otherwise confidential by law.

PART I FACULTY PERSONNEL MATTERS
Chapter 6C4-10, Part I - Faculty Personnel Rules.

(1) Chapter 6C4-10, Part I, F.A.C., contains personnel rules for all University of South Florida faculty, unless otherwise exempted from these rules. Faculty personnel rules are structured within the framework provided by principles of academic freedom/responsibility and shared governance. A University policy on Academic Freedom and Responsibility approved by the Faculty Senate and the Administration supports this principle.

(a) The University of South Florida affirms the principles of academic freedom and responsibility, which are rooted in a conception of the University as a community of scholars united in the pursuit of truth and wisdom in an atmosphere of tolerance and freedom.

(b) Academic Freedom is the freedom to discuss all relevant matters in the classroom, to explore all avenues of scholarship, research, and creative expression; to speak freely on all matters of university governance, and to speak, write, or act as a public citizen without institutional discipline or restraint.

(c) On the part of the faculty, Academic Responsibility implies the honest performance of academic duties and obligations, the commitment to support the responsible exercise of freedom by others, and the candor to make it clear that the individual, while he or she may be freely identified as a member of the University faculty, is not speaking as a representative of the University in matters of public interest.

(d) On the part of the Administration, Academic Responsibility implies a commitment actively to foster within the University a climate favorable to responsible exercise of freedom, by adherence to principles of shared governance, which require that in the development of academic policies and processes, the professional judgments of faculty members are of primary importance.

(2) Chapter 6C4-10, Part I, F.A.C., supplements rules promulgated by the Florida Board of Governors, if applicable.

(3) For purposes of these rules, faculty employment is defined as positions assigned the principal responsibility of teaching, research, or public service, or for administrative responsibility for functions directly related to the academic mission. University faculty members comprise those persons who have been hired by the University as faculty members, who receive financial compensation to perform services for the University, and whose work is directed and controlled by the University. The term does not include volunteers or independent contractors.

(4) University faculty members and administrators are expected to adhere to the Federal and State Constitutions, and all applicable federal and state laws and rules, including but not limited to, those governing public employment, civil rights, discrimination, conflicts of interest, nepotism, campaigns and elections, purchasing and contracts, grant procurement and administration, public records, military personnel and veterans, and budgets and finances. The lack of a specific reference in this section to a particular provision of federal or state law or rule is not intended to constitute a waiver of a faculty member’s responsibility to adhere to all applicable rules and laws.

(5) For faculty members covered by a collective bargaining agreement, the provisions of that agreement shall also be applicable.

(6) Personnel Programs:

(a) The University President, as the Chief Administrative Officer for the University, will be responsible and accountable for establishing, administering and maintaining the personnel programs at the University. The word “University” generally refers to the faculty members, the students, the staff, as well as the Board of Trustees (“Board”) of the University of South Florida. However, for purposes of these faculty rules, “University” refers to the administration. The phrase “Chief Administrative Officer” includes the President or his/her designee, and may be referred to in these rules as the “CAO.”

(b) The Chief Administrative Officer will establish and maintain all documentation and records which are necessary to substantiate the University’s compliance with all federal and state laws and rules relating to employment. To the extent necessary to implement the rules of the University, the CAO may delegate authority to appropriate University officials.

(c) The University is committed to equal employment opportunity and nondiscrimination towards applicants, faculty members, and other employees with respect to race, color, religion, age, disability, sex, marital status, national origin, sexual orientation, political affiliation, union membership status and veteran status.

(7) If any court of competent jurisdiction finds any provision of any University rule contained in Chapter 6C4-10, Part I, F.A.C., to be unconstitutional or inconsistent with any requirement of federal or state law, then that provision may be stricken without affecting the applicability of any other provision of the University rules.

(8) The University rules contained in Chapter 6C4-10, Part I, F.A.C., are not a contract or a guarantee of faculty employment for any specified period of time. However, faculty appointments may be terminated only in accordance with University rules, applicable collectively bargained contracts, and tenure provisions.

(9) These rules may be changed at any time in accordance with state and University rulemaking provisions. In accordance with principles of shared governance, no rules applying to faculty will be changed without full consultation with the Faculty Senate.

(10) The provisions of Rule 6C4-10.100, F.A.C., are applicable to and incorporated by reference in all rules contained in Chapter 6C4-10, Part I, F.A.C.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), 1001.74(34), 1001.75(16) FS. History–New 10-5-03.
6C4-10.101 Presidential Search, Selection, Appointment and Evaluation.

1. The Board of Trustees will establish a committee that is representative of the Board and the University community to assist the Board in its selection of a President. This committee will include significant representation from the University Faculty, with nominees selected by the Faculty Senate Executive Committee. The Committee will be appointed by the Chair of the Board and will recommend to the Board a procedure for conducting the search and selection.

2. The President will be appointed by a majority vote of the Board and will serve at the pleasure of the Board.

3. Any award of tenure upon appointment as President should be subject to the same requirements as for other faculty appointments, as specified in these rules.

4. The Chair of the Board will conduct an annual evaluation of the President based on institutional goals. In the spirit of shared governance, this evaluation shall include input from faculty members selected by the Faculty Senate. The President’s compensation will be recommended by the Chair of the Board and approved by the Board.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), (21), (22), (34) FS. History–New 10-5-03.

6C4-10.102 Faculty Recruitment, Selection, Appointment.

1. The following provisions govern recruitment, selection and appointment of faculty members.

(a) Qualified applicants are those who meet the minimum qualifications defined by the University, which pertain to the required level of education, training, and experience appropriate for a specific position.

(b) Any person who has been convicted of a felony involving the sale of or trafficking in, or conspiracy to sell or traffic in, a controlled substance as described in Chapter 893, F.S., is disqualified from employment unless conditions outlined in Section 775.16, F.S., are met. Individuals will not be eligible for employment if they have been convicted of a felony or first degree misdemeanor, as defined by Florida law, when in the judgment of the University the nature of the crime would create a risk for the University or be contrary to the best interests of the University. Failure to disclose such conviction is cause for dismissal.

(c) The University will ensure the spoken English language competence of all prospective and current faculty members involved in classroom instruction, other than courses conducted primarily in a foreign language. For current faculty, this competence will be ascertained during the annual evaluation. For faculty appointed after the effective date of this rule and for current faculty promoted or changing job classification after the effective date of this rule, competence will be ascertained prior to appointment, promotion or reclassification. If it is determined that testing is required to demonstrate proficiency, the University will offer support for the faculty member to promptly take such a test.

2. The University’s offer of employment and appointment procedures shall be consistent with the following:

(a) No faculty appointments at Lecturer, Instructor, Assistant Professor, Associate Professor, and Professor, or equivalent Librarian levels, will be made without full consultation with, and majority approval of, the faculty members in the relevant department or unit in accordance with the governance document of the department concerned.

(b) The offer of employment for faculty positions shall be conditioned on the return of written acceptance by a specified date.

(c) Each faculty member shall be issued an employment contract or documented appointment. This documentation will include: specific job title, percent of full time equivalency (FTE) assigned, salary rate, principal unit and place of employment, tenure status, length of appointment, start-up funds (if appropriate), and any special conditions of employment.

(d) An offer of tenure upon appointment is conditioned upon recommendation of approval by (i) a majority of the faculty members of the relevant department or unit in accordance with departmental or unit governance documents; (ii) the Chief Administrative Officer; and (iii) the University Board of Trustees.

(e) An appointment will not create any right, interest or expectancy beyond the established term set forth in the appointment document. Appointments may be extended beyond or ended in advance of the established term.

Specific Authority 1001.74(4), (19), 1012.94(1) FS. Law Implemented 112.011, 1001.74(19), (20), (34), 1001.75(3), (16), 1012.93 FS. History–New 10-5-03.

6C4-10.103 Faculty Compensation.

1. Pay actions will be administered consistent with the provisions of this rule.

2. Base rate of pay is the pay provided faculty members. Regular rate of pay is the base rate of pay plus any other pay, which may be necessary to meet the requirements of any applicable federal or state law. Hourly pay is computed based on 2088 work hours annually. A factor of 26.1 is used for annualizing biweekly pay.

3. (a) Merit pay for faculty will be distributed according to models developed through a majority vote of members in the faculty member’s primary unit or department.

(b) A faculty member must be in pay status in order to receive a pay increase of any kind. Pay increases that would have been granted except for a leave of absence will be granted upon return to pay status.

(c) Faculty paid from contracts and grants, auxiliaries or local funds will be eligible for pay increases provided such increases are permitted and funded by the funding entity. Such pay increases will be consistent with legislative appropriations and/or the provisions of this rule. The appropriate University authority will request that contracts, grants, auxiliaries, and local funds permit and fund such pay increases.

(d) A retroactive effective date for a pay action will not be permitted without the approval of the CAO.
(e) A faculty member returning from unpaid leave will receive mandatory pay increases granted during the period of unpaid leave, unless pay implementation instructions provide otherwise. Faculty returning from unpaid leave will also be eligible for discretionary increases, merit pay increases, and special incentive programs, unless pay implementation instructions provide otherwise.

(4) Other pay increases may be provided under the following categories:
   (a) Increased responsibilities;
   (b) Market conditions including verified counter-offers and retention due to specialized or extensive investment or training;
   (c) Salary compression or inversion;
   (d) Increases to resolve a pay disparity considering education, experience, or duties and responsibilities of other faculty members;
   (e) Lump sum payments to recognize the successful completion of a special project or assignment, which is in addition to the faculty member's regularly assigned duties, or to recognize special achievement; and
   (f) Payments in response to changes in cost of living and inflation.

(5)(a) When the assignment of a faculty member serving in an administrative position such as Vice President, Dean or Director is changed, the pay and appointment period will be adjusted commensurate with the new appointment.

(b) When a faculty member's appointment is changed from a calendar year to an academic year appointment with duties remaining the same, his or her pay will be adjusted to 81.8 percent of the calendar year base pay. For a faculty member whose appointment was previously changed from academic year to calendar year where the pay was adjusted other than by 122.2 percent, pay will be adjusted to the percent which is the reciprocal of the percent previously used.

(6)(a) Pay for appointments to an established position up to the available established FTE for the position will be from funds designated as salaries.

(b) Pay for the portion of an appointment in excess of the available established FTE for the position and for activities of limited duration where no FTE is assigned will be from funds designated as OPS.

(c) Employment with any State or other public agency will be processed consistent with its requirements after appropriate USF approvals are received.

(7) Summer Salary: A faculty member will be compensated for summer teaching at the same rate of compensation as for the same or equivalent course taught during the regular academic year.

(8)(a) Any perquisites, sale of goods or services, or payment of moving expenses associated with a current or prospective faculty member, where appropriate, must be approved in advance by the CAO. The provision of such items must be job or class related and documented to demonstrate that the approval is in the best interest of the University.

(b) Approval is not required when sales to faculty members are at the same rate as they are ordinarily sold to the public.

(c) Moving expenses will be limited to the cost of packing, shipping, and storage of household goods, not to exceed 15,000 pounds, and reasonable expenses incurred for moving one automobile.

Specific Authority 1001.74(4), (19), 1012.94(1) FS. Law Implemented 1001.74(19), (34), 1001.75(3) FS. History–New 10-5-03.

6C4-10.104 Faculty Benefits and Hours of Work.

(1) Faculty members receive paid and unpaid leave, holidays, insurance programs, retirement and any other benefits that may be designated in the future. Benefits and hours of work requirements shall be administered consistent with this rule, and any applicable federal or state law.

(2) The University recognizes that in the case of faculty members, professional obligation is comprised of both scheduled and non-scheduled activities. Instructional activities, office hours, and other duties and responsibilities may be required to be performed at a specific time and place, while other non-scheduled activities are more appropriately performed in a manner and place determined by the faculty member in consultation with his/her supervisor.

(3) Annual and/or sick leave will be accrued while in pay status in accordance with this rule. Leave will be credited at the end of that pay period in which it is earned, or in the case of separation, on the last day the faculty member is on the payroll. Leave may not be used in the pay period in which it is accrued.

(4) During approved unpaid leave for parental, foster care, medical, or military reasons, a faculty member may use accrued leave to continue the contributions to State benefits and other expenses.

(5) Unless agreed otherwise, a faculty member shall be employed in the same or similar status upon completion of the approved leave period. While on paid leave, he or she may not be employed elsewhere unless the requirements for outside activity and/or extra or dual compensation have been met.

(6) The University may establish reciprocal agreements with other government entities for the transfer of accrued sick leave and accrued annual leave. Such agreements must be in writing and consistent with applicable State law.
(7) The University will withhold any payment due to a faculty member for accrued sick leave or accrued annual leave if the faculty member, after the request by the University, fails to return all University property in the custody or control of that individual. The University shall inform the faculty member of the reason(s) for withholding such payments.

(8) Sick leave accrual for full-time faculty members shall be as follows with proportionate accrual for less than full-time:
- Hours accrued during pay period – Monthly: 8.667 hours; Biweekly: 4 hours.
- (a) Sick leave must be accrued before use unless available through a University approved sick leave pool or donated sick leave program. There is no maximum on the amount of sick leave that can be accrued.
- (b) With the appropriate approvals, sick leave is authorized for the following purposes:
  1. The faculty member’s personal illness, injury, exposure to a contagious disease, disability, appointments with health care providers, or other health related conditions as determined by the University, where the faculty member is unable to perform assigned duties.
  2. The illness, injury, appointments with health care providers, or death of a member of the family.
- (c) Notice of absence due to illness, injury, disability, or exposure to a contagious disease must be given as soon as practicable.
- (d) Upon separation, a faculty member with ten (10) or more years of service shall be paid for one-fourth of all unused accrued sick leave, up to a total of 480 hours. Upon reemployment by the University within one hundred (100) days or upon recall from layoff by the University within one year, all unpaid sick leave paid at time of separation may be restored upon repayment of the full value of the leave that had been previously accrued. A faculty member with less than ten (10) years of service shall not be paid for any unused sick leave and such leave shall be forfeited unless reemployed by the University within one hundred (100) days.

(9) Annual leave for full-time faculty will be as follows with proportionate accrual for less than full-time employment. A faculty member employed for an academic year (39 weeks) or less does not accrue annual leave.

(a) Annual leave must be accrued prior to use. In extraordinary circumstances, annual leave may be advanced.

(b) Faculty may accrue annual leave in excess of the year end maximum during a calendar year. Those with accrued annual leave in excess of the year end maximum as of December 31 shall have any excess converted to sick leave on an hour-for-hour basis on January 1 of each year.

(c) A faculty member who separates from employment with six (6) months or more of continuous service in an established position will be paid for all unused accrued annual leave hours up to the year end maximum allowed. Upon reemployment by the University within one-hundred (100) days, all unpaid annual leave paid at the time of separation may be restored upon repayment of the full value of the annual leave that had been previously accrued. Upon entering into the Deferred Retirement Optional Program (DROP), faculty may elect to be paid up to the year end maximum of their unused annual leave. If a faculty member does not elect to receive payment for all accrued annual leave due at the time of entering DROP, any amount accrued remaining due will be paid upon final separation of employment.

(d) A faculty member will be paid for unused annual leave up to the allowable maximum upon transfer from an annual leave-accruing position to a non-annual leave-accruing position, unless he or she elects to retain accrued leave balances upon such a transfer for up to a maximum of two years, after which the eligible unused leave will be paid. The rate of payment for this eligible unused leave will be at the rate of pay in effect at the time of leaving the leave-accruing position and will be paid by the department in which the faculty member was employed before accepting the non-leave accruing position. The provision does not apply to a faculty member leaving an established position to accept an OPS appointment.

(10) Compulsory leave provisions shall be consistent with the following:

(a) Medical certification by a health care provider, approved by the University or designated by the University, will be required.

(b) Notice will be provided to the faculty member identifying the duration of the leave, the conditions for return to the position, and include a designation stating whether such leave will be counted in accordance with any applicable federal or state law.

(c) The faculty member may be allowed to use accrued paid leave during compulsory leave to continue the contributions to State benefits and other expenses.

(d) Unless agreed otherwise, a faculty member shall be employed in the same or similar status upon completion of the approved leave period and upon receipt of medical certification to return to work.

(e) Faculty members who fail to meet the conditions of the compulsory leave, who fail to obtain medical certification to return to work at the same or similar status as before the leave began and/or are unable to perform duties will be:
1. Offered part-time employment, or
2. Placed on unpaid leave or have such leave extended, or
3. Requested to resign, or
4. Dismissed for inability to perform the duties of the position.
(11) Faculty members are provided with twelve (12) workweeks of Family and Medical Leave within a 12-month period in compliance with the Family and Medical Leave Act (FMLA) of 1993 (Public Law 103-3) and the Final Regulations of the Family and Medical Leave Act of 1993 (29 CFR Part 825), and as may be amended. The twelve (12)-month period is defined as the fiscal year (July 1 – June 30). Faculty may use accrued paid leave for an FMLA leave event and the use of such accrued paid leave will be counted toward the FMLA entitlement.

(12) Faculty members will be provided with up to six (6) months unpaid parental leave. They may use accrued paid leave upon becoming biological or adoptive parents, or when a child is placed in the home prior to finalization of adoption.

(13) Faculty are provided paid administrative leave as follows:
   (a) Administrative leave for jury duty. Any jury pay can be retained by the faculty member.
   (b) Administrative leave will be provided to a faculty member summoned as a witness in a matter not involving personal interests. Administrative leave will not be provided for serving as an expert witness, but witness pay can be retained by the faculty member.
   (c) Administrative leave for athletic competition or in another official capacity in Olympic or other international events will be provided when it will not adversely impact the operation of the University.
   (d) Administrative leave, up to four (4) days, will be provided to a faculty member upon the death of a family member as defined in Faculty Ethical Obligations: Conflicts of Interest and Outside Employment; Employment of Relatives; Seeking or Holding Public Office, subsection 6C4-10.107(11), F.A.C.
   (e) Administrative leave for Florida Disaster Volunteers will be provided when it will not adversely impact the operation of the University.
   (f) Administrative leave for civil disorder or disaster for a faculty member who is a member of a volunteer emergency response team will be granted when it will not adversely impact the operation of the University.
   (g) A faculty member under investigation will be placed on administrative leave for a period up to the length of the investigation, when it is determined to be in the best interest of the University.
   (h) A faculty member will be placed on administrative leave between the notice of suspension or dismissal and the effective date of such action, when it is determined to be in the best interest of the University.
   (i) Administrative leave will be provided for any emergency closing of University facilities. Only faculty members scheduled to work during the time of the emergency closing shall be provided administrative leave. Faculty members already on approved leave at the time of the emergency closing may not have the approved leave changed to administrative leave.
   (j) When it is determined to be in the best interest of the University, the CAO will place a faculty member on paid administrative leave if the faculty member’s behavior or extraordinary circumstances indicate the probability that the faculty member’s presence in the workplace will result in damage to property or injury to others.

(14) Military leave and reemployment rights shall be provided to faculty, consistent with federal and state laws.

(15) Workers’ Compensation benefits for an injury compensable under the Florida Workers’ Compensation Law shall be provided consistent with the following:
   (a) A faculty member will remain in full pay status for a period up to a maximum of forty (40) hours without being required to use accrued leave credits. If, during that period, the faculty member receives Workers’ Compensation benefits then the faculty member will reimburse the University the amount of the benefits. Such reimbursement will not include payments for expenses related to medical, surgical, hospital, or nursing treatment or payments of disability losses.
   (b) A faculty member may elect to use accrued paid leave to supplement Workers’ Compensation payments up to the regular salary.
   (c) The period of paid or unpaid job-related disability leave will be in accordance with Chapter 440, F.S., or any other applicable Florida law.
   (d) If at the end of the leave period, a faculty member is unable to return from leave to work full-time and perform the duties of the position, the University shall have the same options as specified in paragraph 6C4-10.104(10)(e), F.A.C.

(16) Learning opportunities may be available to all University faculty members in accordance with this section. Faculty members eligibility for benefits listed in subsection (17) of this rule will be established and maintained by the Office of the Provost, the Campus Executive Officers and/or the Vice President, Health Sciences Center.

(17) Faculty learning opportunities involving professional renewal, planned travel, study, formal education, research, writing, or other experience of professional value may include the following:
   (a) Sabbaticals. The University guarantees the availability of sabbaticals for eligible faculty members; those awarded competitively will only be done so after an evaluation process in which peer review is central.
     1. The University shall make available to each faculty member whose application has been reviewed by the University, a sabbatical for two (2) semesters (i.e., one (1) academic year) at half pay subject to conditions set out in subparagraph (17)(a)3., of this rule.
     2. Each year, the University will make available at least one (1) sabbatical at full pay for one (1) semester for each forty (40) eligible faculty members subject to the conditions set out in subparagraph (17)(a)3., of this rule. In addition, the University will make available at least one (1) sabbatical at two-thirds pay for two (2) semesters for each forty (40) eligible faculty members subject to the conditions set out in subparagraph (17)(a)3., of this rule, and with a minimum of twelve (12) years service without having received a sabbatical in that time.
3. Eligibility for sabbaticals. Full time tenured faculty members with at least six (6) years of full-time service at the University of South Florida shall be eligible for a sabbatical (twelve (12) years for a two-semester, two-thirds pay sabbatical). Upon returning from a one-semester full-pay or two-semester half-pay sabbatical, faculty members are again eligible for a similar sabbatical after six (6) years of full-time service (twelve (12) years for a two-semester, two-thirds pay sabbatical). A faculty member who is compensated through a contract or grant may receive a sabbatical only if the contract or grant allows a sabbatical and the faculty member meets all other eligibility requirements.

(b) Faculty member development or certification.
(c) Leave to pursue educational goals and University approved faculty member education programs.
(d) Professional development leave.

1. Professional development leave shall be made available to faculty members who meet the requirements set out in subparagraph (17)(d)3. of this rule. Such leaves are granted to increase a faculty member’s value to the University through enhanced opportunities for professional renewal, educational travel, study, formal education, writing, or other experience of professional value, not as a reward for service.

2. Each year the University will make available at least one professional development leave at full-pay for one (1) semester or its equivalent (for example, half-pay for two semesters) for each twenty (20) eligible faculty members subject to conditions set out in subparagraph (17)(d)3. of this rule.

3. Eligibility for professional development leave. Full time faculty members with three (3) or more years of service shall be eligible for professional development leaves except for those faculty members who are serving in tenure earning or tenured positions. A faculty member who is compensated through a contract or grant may receive professional development leave only if the contract or grant allows for such leaves and the faculty member meets all other eligibility requirements. Faculty members will be notified annually regarding eligibility requirement and application deadlines.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), (34), 1001.75(3) FS. History–New 10-5-03, Amended 12-30-03.

6C4-10.105 Faculty Tenure.

(a) Recommendations for awarding tenure shall be made by the faculty member’s supervisor, and shall include a vote by secret ballot of the tenured members of the candidate’s department or unit.

(b) Faculty tenure will be administered consistent with the following provisions:

(a) Approval of the Chief Administrative Officer, and (ii) Approval of the University Board of Trustees (See paragraph 6C4-10.102(2)(d), F.A.C.).

(b) The award of tenure will provide annual reappointment until voluntary resignation, retirement, or removal for “just cause” or layoff.

(c) Tenure will be held as ranked faculty in an academic department/unit and does not extend to administrative appointments. However, tenured faculty members who accept administrative appointments will not lose their tenured status.

(d) The Board of Trustees may award tenure upon the demonstration of highly competent performance, as determined by peer review, and through procedures established at the departmental, college, and university levels. Tenure criteria include the areas of teaching; research and other scholarly activities; and service to the public, the discipline, and the university, including those professional responsibilities consistent with faculty status, although individual assignments will vary according to which criteria are relevant.

(e) Appointments to the ranks of assistant professor, associate professor, and professor are tenure-earning unless they include one of several specific types of appointments (such as temporary, research, clinical, courtesy, honorary, or affiliate). If a faculty member is initially appointed to the rank of instructor or other non-tenure-earning rank and is subsequently appointed to a tenure-earning position, all or a portion of the prior service will be credited toward tenure, if the CAO and the faculty member agree in writing at the time of initial appointment to the tenure-earning position.

(f) The decision to recommend a faculty member for tenure shall be made no later than the sixth year of continuous full-time service or equivalent part-time service in a tenure-earning position. Tenure-earning faculty not recommended for tenure by the end of six years of continuous full-time, or equivalent part-time service, will be given written notice that further employment will not be offered. Fulltime service for the purpose of tenure eligibility means employment at 1.0 FTE during at least thirty-nine (39) weeks of any twelve (12) month or nine (9) month contract. Part-time service means employment during at least one (1) semester of any twelve-(12) month period.

(g) At the time of employment, the CAO may credit a faculty member with tenure earning service from another institution of higher education, the specific number of years to be negotiated at the time of appointment. The agreement to award credit for tenure-earning service at another institution of higher education will be made in writing.

(h) Time spent on a joint appointment or approved personnel exchange program of the University, or a special assignment that benefits the University will be counted toward tenure eligibility. Time spent away from the University for other purposes will not be counted toward tenure eligibility.

(i) Time spent on paid leave will be tenure-earning unless otherwise agreed at the time of such leave. Time spent on unpaid leave will not be credited as tenure-earning except as approved by the CAO, based on an evaluation of the relevancy of the activities occurring in the unpaid leave period.

6C4-10.106 Faculty Promotion and Change in Assignment.

Promotion and change in assignment will be administered consistent with the following provisions:

1. Faculty promotion is the appointment to a higher academic or equivalent rank or class and may also be combined with an application for tenure. To be promoted, a faculty member will meet the minimum qualifications for appointment to the rank or position, demonstrate superior accomplishments in teaching, scholarship, and service (or a combination of any of these three areas appropriate to the major assignment), as determined by criteria developed at the department, college, and university levels. The Faculty will have the primary role in developing promotion recommendations, procedures, and criteria for Faculty promotion.

2. Faculty with administrative responsibilities serve at the will of the CAO and may, with or without advance notice, receive a change in assignment at any time. A change in assignment under this rule will not affect the tenure status of a tenured faculty member.

Specific Authority 1001.74(4), (19), 1012.94(1) FS. Law Implemented 1001.74(19), 1001.75(3), 1012.94(2) FS. History–New 10-5-03.

6C4-10.107 Faculty Ethical Obligations: Conflicts of Interest and Outside Employment; Employment of Relatives; Seeking or Holding Public Office.

1. Faculty members must be aware of their obligations and responsibilities as public employees of the University.

(a) No faculty members may have an interest, financial or otherwise, direct or indirect; engage in any business transaction or professional activity; or incur any obligation of any nature that is in substantial conflict with the full and competent performance of their duties.

(b) University faculty members are required to observe, in all official acts, the highest standards of ethics and conduct consistent with the code of ethics and the financial disclosure requirements of the State of Florida, Chapter 112, Part III, F.S., all definitions contained in that Part or supplemented by this rule, and State advisory opinions issued regarding that Part. Other provisions within these rules govern obligations and responsibilities of employees who receive employment compensation in addition to their annual salary.

2. For purposes of this rule:

(a) “Outside Activity” means any employment, private practice, private consulting, service on boards or commissions, or any other activity, which is not part of the employee’s University duties and for which the University does not provide compensation.

(b) “Compensation” includes but is not limited to, wages, salary, stock options, use of airplanes or vacation/resort areas, or any other type of remuneration received for services performed by the faculty member during the outside activity.

(c) “Conflict of interest” means any conflict between private interests of the faculty member and public interests of the University or State of Florida.

3. Faculty members must not engage in any outside activity that interferes with the full performance of their institutional responsibilities and obligations. Nothing in this rule is intended to discourage a faculty member from engaging in outside activity in order to increase his/her professional reputation, service to the community, or income, subject to the conditions stated in this rule.

4. Faculty members who wish to engage in any outside activity making use of facilities, equipment, services, students or employees of the University in connection with such outside activity must obtain prior written approval of the appropriate University official and complete the Outside Activity Form, as described in subsection (6) of this rule. The University will administer the use of University facilities, however, space assignments will be on a space available basis with priority given to any groups and/or persons whose activities are related to the mission of the University.

5. A faculty member engaging in outside activity must take reasonable precautions to ensure that the public, the outside employer or other recipient of services understands that the faculty member is functioning as a private citizen and not as an employee, agent, or spokesperson of the University.

6. A faculty member who intends to engage in any outside activity that the employee should reasonably conclude may create a conflict of interest, or in any outside compensated professional activity, shall report any information requested by the University about the outside activity to his/her supervisor, in writing, prior to engaging in the outside activity. The supervisor will accept or reject the report in writing and deliver it to the Provost or appropriate Vice President or CEO.

(a) The report shall include where applicable the name of the employer or other recipient of services; the funding source; the location where the activity will be performed; the nature of the activity; and any intended use of university facilities, equipment, services, or students.

(b) The reporting provisions will not apply to activities performed wholly during a period in which the faculty member has no appointment with the University.
(c) The appropriate University official will notify the faculty member if it is believed that a conflict of interest will result from a proposed outside activity and will deny the request. Faculty members have the right to grieve this decision, and to have the grievance heard expeditiously, and may continue the activity until the matter is resolved. If it is resolved that there is a conflict of interest, the faculty member shall cease such activity immediately and, when determined to be in the best interest of the University, shall make payment to the university all or part of the compensation earned therefrom.

(7) The Vice President for Research is responsible for all intellectual property, inventions and works developed by University employees and will develop guidelines for the administration and protection of any intellectual property, inventions or works, and any copyright, patent or licensing interests of the University. Faculty representatives must be included in the process of developing such guidelines.

(8) A faculty member who proposes to engage in outside professional employment that may lead to the development of some invention or work in which the University may have or claim an interest must furnish a copy of this rule and any other applicable University procedures or governing documents to the outside employer or entity either at the time negotiations for other employment is occurring, or if there is no written agreement, before the employment begins.

(9) The CAO or Vice President for Research shall approve any requirement(s) that faculty members, engaged in an outside activity, must waive their or the University’s rights or interests to any inventions or works which may be developed during the course of outside employment.

(10) Any agreement by the CAO or the Vice President for Research to assign or release any invention or work, including patent rights, to a faculty member must include that such invention or work, if patented by the employee, must be available royalty-free for governmental purposes of the State of Florida, unless otherwise agreed in writing by the University.

(11) Employment of related persons in a single organizational unit is permitted, only when such employment will not involve or create a conflict of interest, and no faculty member may participate in making recommendations or influencing decisions specifically affecting the appointment, retention, tenure, work assignments, evaluation, promotion, demotion, or salary of any relative. The Provost or Vice President responsible for the subject organizational unit will determine, and document in writing, prior to employment of related persons, that a conflict of interest will not occur.

For the purpose of this rule, “relative” or “related” persons are those related to each other in one of the following ways: husband; wife; parent; child; brother; sister; spouse of a child, brother, sister, or parent; or parent, child, brother, or sister of spouse; grandparent; grandchild; aunt, uncle, first cousin, niece or nephew. “Relative” or “related” person also includes a person who is engaged to be married to an employee or who otherwise holds himself or herself out as or is generally known as the person whom the employee intends to marry or with whom the employee intends to form a household, or any other person having the same legal residence as the University employee.

(12) Faculty members who intend to seek election to and hold public office will provide written notification to the CAO of their intentions and must adhere to the provisions of Section 104.31, F.S., or any successor statute.

Specific Authority 1001.74(4), (19), 1004.23 FS. Law Implemented 104.31, 112.313, 112.3145, 1001.74(19), (34), 1001.75(3), (16) 1004.22, 1004.23 FS. History–New 10-5-03.

6C4-10.108 Faculty Evaluations.

(1) Evaluations will be provided to faculty members on a regular basis.

(a) Faculty evaluations will be based only on assigned duties.

(b) The faculty evaluation process will consider all relevant documents and information provided by the faculty member.

(c) Faculty evaluations will include evaluation by faculty peers, if so required by departmental or unit guidelines, and will include the right of faculty members to respond to evaluations in writing.

(2) The evaluation document will communicate to the faculty member the level of his/her performance, aid in improving performance in the assigned duties, and if necessary, serve as a part of a performance plan to assist in correcting deficiencies for a faculty member not meeting performance standards. The evaluation must be considered in making personnel decisions.

Specific Authority 1001.74(4), (19), 1012.94(1) FS. Law Implemented 1001.74(19), 1001.75(3), 1012.94 FS. History–New 10-5-03.

6C4-10.109 Official Faculty Personnel Files.

(1) The Division of Human Resources maintains the only official personnel files for all University employees, including faculty. Human Resources is authorized to delegate all or any portion of this function to the Deans and Directors through the Provost and Vice Presidents.

(2) The CAO may retain the official promotion and tenure files for faculty.

(3) The faculty member’s home department or unit may retain duplicate copies of documents contained in the official personnel files. They may also retain originals of pre-discipline, counseling, and performance documents leading up to official actions, which at the time of that action will be made a part of the official file.

(4) The official personnel file will contain the following:

(a) Information gathered as part of an employment procedure, such as applications, letters of reference, letters of offer, and letters of appointment.
(b) Information substantiating salary transactions, if applicable, such as appointment papers, approvals of special salary rates, employment contracts, and salary adjustments.

(c) Documentation of performance and conduct, such as performance evaluation forms, letters of recognition, reprimands, letters of dismissal, suspension, disciplinary reduction in pay, and approvals to take appealable disciplinary actions.

(d) Any records relating to a faculty member’s grievance or complaint, appeals, arbitration awards/findings, or administrative hearing recommendations, and these records will be treated as exempt during any proceeding specified by Florida law.

(e) Medical records which address the faculty member’s ability to do the job or for any other legitimate business purposes; however, these records are confidential records that will be maintained separately from the official personnel file in accordance with applicable Federal and/or State law.

(f) Other documents deemed appropriate by Human Resources, such as letters of resignation, layoff notices, etc.

(5) The personnel file will not include:

(a) Benefits enrollment information, which is separately maintained by Human Resources.

(b) Anonymous material of any kind, with the exception of numerical summaries of student evaluations and narratives contained in student evaluations.

(6) Access to the official personnel files of University faculty:

(a) Access to the official personnel files of University faculty is governed by the Florida Public Records Law Chapter 119, F.S., and Section 1012.91, F.S. Those wishing to review personnel files of University faculty members may do so during normal business hours of the Division of Human Resources. Access to and copying of any document or file will be provided in accordance with federal and state law and these rules.

(b) Any material exempt from disclosure by federal or state law will be removed prior to inspection or copying unless disclosure of such exempt material is authorized by the faculty member or required by any superceding law.

(7) Faculty rights to append or request removal of material:

(a) Faculty members have the right to append responses to any material in the evaluation file, and to place appropriate information or documentation relating to their employment into their personnel files, by forwarding the information to Human Resources with a request for the material to be placed in their file. Examples of the types of information employees may place in their files are updating of education or training and clarification or rebuttal of evaluative or disciplinary information placed in their files by University officials. Such items received by Human Resources will be reviewed for compliance with this rule and will then be placed in the file or returned to the sender with an explanation describing why the items are not in compliance.

(b) Faculty members will have the right to request removal of any documentation shown to be factually incorrect.

Specific Authority 1001.74(4), (19), 1012.91 FS. Law Implemented 119.07(1)(a), (2)(a), (3), 1001.74(19), (34), 1012.91 FS. History–New 10-5-03.

6C4-10.110 Faculty Non-Reappointment.

(1) Non-tenured faculty members may be denied reappointment upon written notice from the CAO or upon the appointment end date, if the employment contract or letter of offer or other documented appointment includes a statement that employment will end as of a certain date without additional notification. Absent such a statement, the period of notification (prior to the effective date of non-reappointment) is based on the faculty member’s length of continuous employment as faculty as follows:

(a) One full semester notification for Instructional and Research Faculty in their first or second years of employment, and three (3) months for others;

(b) One year’s notice for all faculty members with two (2) or more years of service, with employment in the summer conditional upon the summer assignments procedures in the relevant department or unit.

(2) Faculty members appointed for less than one (1) year, or appointed as temporary, or visiting, are not entitled to a notice of non-reappointment.

(3) Faculty members appointed to “soft-money” (contract, grant, or other temporary funding source) are entitled to ninety (90) days notice if they have been employed for three (3) years or more at the University.

(4) Following receipt of the notice of non-reappointment, the CAO has the option to change the faculty member’s assignment if necessary. The University is committed to compensate the faculty member, and to maintain current benefits for which he/she is otherwise eligible until the effective date of non-reappointment or separation from employment for other reasons, whichever is sooner. However, if administrative duties or temporary additional duties are removed for which a temporary special pay increase was granted, that increase will be removed.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History–New 10-5-03.

6C4-10.111 Faculty Separations from Employment and Layoff.

(1) Separations from employment will be conducted consistent with the following provisions and administered by the Provost or appropriate Vice President or CEO:

(a) A faculty member who resigns from employment has no rights of appeal.

(b) Faculty members absent without authorization for twelve (12) days will be deemed to have abandoned the position, unless they provide information about an emergency that made them unable to contact a supervisor.
(c) The CAO may dismiss a faculty member for “just cause” in accordance with University rules and relevant law. For the purposes of this rule, “just cause” is defined as incompetence or misconduct. In keeping with principles of shared faculty governance, tenured faculty members who receive notice of actual or intended termination of employment for “just cause” will have the right (though not the obligation) to have the case heard before a committee of faculty peers. If they choose to use this option, they will notify the Faculty Senate President, under whose authority the committee will be constituted. The committee’s decision will be advisory, not binding, and it will not affect either the faculty member’s or the Administration’s rights and responsibilities under any existing laws, these rules, or Collective Bargaining Agreements.

(2) Layoffs shall be conducted consistent with the following provisions and in accordance with University provisions of tenure. Furthermore, in the spirit of shared governance, decisions regarding layoffs must be made with participation of a committee designated by the Faculty Senate.

(a) Faculty may be laid off as a result of: adverse financial circumstances; reorganization of degree or curriculum offerings or requirements; reorganization or abolition of academic or administrative structures or programs.

(b) The layoff unit will be at an organizational level such as a campus, division, college, school, department or program.

(c) A tenured faculty member will not be laid off if there are non-tenured faculty members in comparable positions in the layoff unit. The CAO will determine the priorities for retaining faculty in consultation with faculty representatives in appropriate units, taking into account faculty members’ length of continuous University service and other appropriate factors.

(d) The CAO will make a reasonable effort to locate appropriate alternative/equivalent employment for laid-off faculty members within the University, and will inform them of the results of such efforts.

(e) The following employees do not have layoff rights:
   1. Faculty members appointed for less than one (1) academic year;
   2. Faculty members appointed to a position funded solely from contracts and grants, auxiliaries or local funds;
   3. Faculty members whose appointments expire after receiving timely notice of non-renewal/non-reappointment; and
   4. Faculty members whose appointments expire when the position did not require written notice of reappointment, including those serving on an appointment with an appropriately documented fixed term or a multi-year contract.

(f) Faculty members are to be informed of layoff as soon as practicable, and with no fewer than thirty (30) days’ notice, and Instructional and Research Faculty will not be laid off until the end of the semester in which they receive notice. A notice of layoff will be sent by certified mail, return receipt requested, with a copy delivered to the person in the faculty member. The notice will include reasons for layoff; statement of recall rights; statement of appeal/grievance rights.

(g) Faculty members have recall rights at the University for two (2) years following layoff, if they have been employed for more than two (2) years, and for one (1) year if they have been employed for less than two (2) years. They will be offered reemployment/recall rights in the same or similar position for which they meet the qualifications and experience.

(3) Reemployment offers will be made in accordance with University procedures.

Specific Authority 1001.74(4), (19) FS. Law Implemented 447.209, 1001.74(19), 1001.75(3) FS. History—New 10-5-03.

6C4-10.112 Faculty Misconduct and Incompetence.

(1) Disciplinary action may be taken against faculty members for “just cause,” which is defined as:
   (a) Incompetence, or
   (b) Misconduct.

(2) Discipline includes oral or written reprimands, suspension with or without pay, or dismissal. Discipline does not include transfers, change in assignments, non-reappointment, layoff, voluntary reduction in pay, employee evaluations, counseling or mandatory leave (e.g., military leave or required use of annual leave).

(3) Faculty members have the right to grieve all disciplinary actions in accordance with Rule 6C4-10.113, F.A.C., and to defend themselves in accordance with the principles of progressive discipline. Furthermore, faculty members are entitled to their rights defined under federal and state law.

Specific Authority 1001.74(4), (19), 1012.92(1), (3) FS. Law Implemented 447.209, 1001.74(19), (34), 1001.75(3), (16), 1012.92(1),(3) FS. History—New 10-5-03.

6C4-10.113 Faculty Grievances.

(1) Faculty grievances.
   (a) Faculty members may file grievances in accordance with this rule if they believe that:
      1. A term or condition of employment is unjust;
      2. A University rule, policy or procedure has been wrongfully applied to them;
      3. A University rule, policy or procedure has been applied to them in a manner that violates the rule, policy or procedure;
      4. A disciplinary action, including reprimand, is inappropriate; or
      5. They have been wrongfully denied permission to pursue outside activities or political office.

   (b) Performance evaluations cannot be grieved under this rule unless the faculty member believes the evaluation is based on factors other than performance. Grievances on the basis of performance, layoffs, and non-disciplinary matters may be grieved only to the Provost or the appropriate Vice President.
(c) Administrative leave with pay or pending investigation, voluntary reductions in pay, or oral or written counseling are not disciplinary actions and may not be grieved.

(d) Claims of illegal discrimination are to be filed with the University Office of Diversity and Equal Opportunity and any grievance or part of a grievance that makes such claims will not be processed as grievances under this rule.

(2) The University is committed to open communication between faculty and supervisors to address concerns through Informal Resolution before a grievance is necessary.

(3) At any and all stages of the grievance process, grievants may choose to represent themselves, or may designate any person to assist or represent them.

(4) To maintain their rights, faculty members attempting to resolve a grievance informally must file a written Step 1 grievance by the deadline (as specified in subsection (8) of this rule). By filing a Step 1 grievance, a faculty member consents to a thirty (30) day Informal Resolution period to be conducted in accordance with University requirements.

(5) The initial thirty (30) day Informal Resolution period may be extended for a specific period of time by mutual written agreement between the Grievant and the University. This agreement will specifically state any deadline(s) to submit documents or information required for processing the grievance. In the appropriate circumstances, the parties may agree to an indefinite extension of the Informal Resolution period.

(6) The University must engage in Informal Resolution unless the Grievant specifically requests a Step 1 meeting, which the grievant must do in writing.

(7) In accordance with this rule, a grievance filed by any faculty member that involves any disciplinary action may proceed after Step 1 to Administrative Review.

(8) Grievance Process: Step 1.

(a) An employee must file a Step 1 grievance by the close of regular business hours no more than thirty (30) calendar days after the act or omission which the faculty member knows or should have known constitutes the basis for an alleged violation or upon receiving the written notice of disciplinary action. The faculty member must file the Step 1 grievance form with the administrator in the Office of the Provost or the appropriate Vice President who is designated to accept the Step 1 form.

(b) The Step 1 grievance must be in writing, signed by the Grievant, and contain the following information:

1. Name of the Grievant, and the name and address of the Grievant’s representative, if any;
2. Statement specifying which University Rules, Policies or Procedures the employee believes were violated;
3. A brief factual narrative of the act(s) or omission(s) which the Grievant alleges led to the violation and the date(s) on which the violation occurred;
4. The names (including contact information) of any witnesses; and
5. A statement identifying what the employee is seeking to resolve the matter.

A Grievant may also provide any documents that he/she believes support their grievance, and they are encouraged to do so.

(c) It is the Grievant’s obligation to file the Step 1 grievance in accordance with this rule. If he or she fails to file the Step 1 grievance by the deadline, to sign the Step 1 grievance document, or to include all of the information required in a Step 1 grievance document, the Grievant has no right to further processing of the Step 1 grievance. The University will be under no further obligation to process the grievance and will notify the Grievant of the reasons for not processing the grievance.

(d) If the grievance is not resolved in accordance with the Informal Resolution provisions of this rule, then the Provost or the appropriate Vice President will designate the University’s Step 1 Representative.

(e) The Step 1 Representative will meet the Grievant within fourteen (14) calendar days of:

1. The University’s receipt of the Step 1 form, if the required period of Informal Resolution stipulated in subsection (4) of this rule has been waived; or
2. The end of Informal Resolution. At the Step 1 meeting, the Grievant may, if he or she chooses, present additional information or documents for consideration by the Step 1 Representative. A Step 1 Representative may review and/or use any additional business records of the University they believe are relevant to their review of the Step 1 grievance.

(f) The Step 1 Representative must issue a written decision no later than thirty (30) calendar days after the Step 1 meeting. This decision must discuss the reasons for the decision and what documents supported the Step 1 Representative’s review, a statement about what actions are or are not to be taken by the University and/or faculty member, and a copy of all documents used in reaching the decision.

(9) Grievance Process: Step 2.

(a) If the Grievant is not satisfied with the Step 1 resolution, the Grievant may request an Administrative Review (A/R) in accordance with this rule. A Grievant must file a request for an Administrative Review by the close of regular business hours no more than fourteen (14) calendar days after receiving the written Step 1 decision. The Administrative Review request must be filed with the Agency Clerk in the Office of the General Counsel, with a copy to the Provost or the appropriate Vice President.

(b) The A/R request must be in writing, signed by the Grievant, and contain the following: (i) a copy of the Step 1 grievance document; (ii) a copy of the Step 1 response; (iii) if applicable, a list of the rules and/or policies the grievant believes may have been misapplied in the Step 1 decision; and (iv) a brief statement or outline of the basis for challenging the Step 1 decision. A faculty member may also provide any documents they believe support their request for an A/R.
(c) The Grievant may initiate a proceeding to be conducted in accordance with the provisions of Chapter 120, Administrative Procedure Act, Florida Statutes, and Chapter 28-106, F.A.C., Decisions Determining Substantial Interests, by submitting a petition to the Agency Clerk in the University’s Office of the General Counsel, with a copy to the President, within fourteen (14) calendar days of receipt of the Step 1 decision.

(d) It is the Grievant’s obligation to file the A/R review request in accordance with this rule. If an employee fails to file the A/R request by the deadline, to sign the A/R request document, or to include all of the information required for an A/R review, the Grievant has no right to further processing of the A/R review request. The University will be under no further obligation to process the A/R and will notify the Grievant of the reasons for not processing the grievance.

(e) The election of one type of A/R in accordance with this rule constitutes the Grievant’s waiver of any right to avail himself/herself of any of the process, rights and/or remedies that may be available in any other process. Once the election is made, a Grievant may not withdraw his/her request to initiate another type of A/R; a Grievant’s withdrawal at any point after filing a request for A/R will constitute a dismissal of the action with prejudice.

(10)(a) Within ten (10) calendar days of the faculty member’s election of an Administrative Review by arbitration, the parties will meet to follow the American Arbitration Association procedure for the selection of an arbitrator. The arbitration shall be held within sixty (60) days following the selection of the arbitrator.

(b) The University and the grievant will coordinate with the arbitrator to arrange the arbitration date, time and place, and such communications will not be deemed to be an inappropriate, unethical or ex parte communication.

(c) For purposes of this section only, all notices and/or objections must be received by the other party within the ten (10) day time period unless extenuating circumstances interfere with the ability to comply.

(11)(a) In any non-disciplinary matter or in any non-disciplinary aspect of a case involving multiple issues, the Grievant has the burden of proof and going forward at all times.

(b) In any disciplinary matter or in any disciplinary aspect of a case involving multiple issues, the University has the burden of proof and going forward at all times.

(c) The arbitrator’s authority is to determine whether the University had just cause to impose discipline and whether the discipline imposed was appropriate.

(12) The arbitrator may use the Florida Rules of Civil Procedure to govern the arbitration. If the arbitrator intends to use any other rules, he/she must notify the parties no later than ten (10) calendar days before the hearing.

(13) The arbitrator must issue his/her decision within sixty (60) calendar days of the completion of the arbitration. The arbitrator’s decision is binding.

(14) Neither party may appeal the arbitrator’s decision except in accordance with Florida law.

(15) In the event a Grievant is represented by any employee representative entity, the University and that entity will equally bear any fee charged for the Administrative Review process. In all other cases, the losing side will bear the cost of any such fees for the Administrative Review process.

(16) Time limits in this rule will be calculated in accordance with the Florida Rules of Civil Procedure, unless otherwise specified in this rule. In the case of grievances claiming arbitrarily-denied permission to pursue outside activities or political office, an expedited process will be used, wherein time deadlines will be shortened by a factor of one-half.

(17) No reprisal of any kind will be made by the Board or the University against any grievant, witness, or designated representative, or any other participant in the grievance procedure by reason of such participation in the grievance process.

PART II STAFF PERSONNEL MATTERS

6C4-10.200 Purpose of Chapter 6C4-10, Part II - Staff Personnel Matters.

(1) Chapter 6C4-10, Part II, F.A.C., contains personnel rules for University of South Florida Administrative & Professional (A&P), University Support Personnel System (USPS), and Other Personnel Services (OPS) employees, unless otherwise exempted from these rules.

(2) Chapter 6C4-10, Part II, F.A.C., supplements rules promulgated by the Florida Board of Governors, where applicable.

(3) For purposes of these rules, University employees are those persons who have been hired by the University and receive financial compensation to perform services for the University and whose work is directed and controlled by the University. The term “employee” includes those identified in subsection (1) above and subsection (6) below and does not include volunteers or independent contractors.

(4) University employees are expected to adhere to the Federal and Florida Constitutions, and all applicable federal and Florida laws and rules, including those governing public employment, civil rights, discrimination, conflicts of interest, nepotism, campaigns and elections, purchasing and contracts, grant procurement and administration, public records, military personnel and veterans, and budgets and finances. The lack of a specific reference in this section to a particular provision of federal or Florida law or rule is not intended to constitute a waiver of an employee’s responsibility to adhere to all applicable rules, laws and collective bargaining agreements.
(5) Personnel Programs.
(a) The University President, as the Chief Administrative Officer for the University, will be responsible and accountable for establishing, administering and maintaining the personnel programs at the University. The word “University” includes the Board of Trustees (“Board”), as well as the University of South Florida. The phrase “Chief Administrative Officer” includes the President or his/her designee, and may be referred to in these rules as the “CAO.”

(b) The Chief Administrative Officer will establish and maintain all records that are necessary to substantiate the University’s compliance with all applicable federal and Florida laws and rules relating to employment. To the extent necessary to implement the rules of the University, the CAO may delegate authority to appropriate University officials.

(c) The University is committed to equal employment opportunity and non-discrimination towards applicants and employees with respect to race, color, religion, age, disability, sex, marital status, national origin, and veteran status consistent with federal and Florida law, and with respect to sexual orientation.

(6) University employment consists of the following defined categories:
(a) A&P: positions assigned administrative and management responsibilities or professional duties at the department/unit level, or above. A&P employment is at will and can be terminated at any time in accordance with these rules.

1. The CAO designates A&P positions as Executive Service. Employees in A&P positions designated in the Executive Service serve at the will of the CAO, do not have tenure, and have no expectation of appointment beyond a sixty (60) days’ notice period.

2. Executive Service positions ordinarily report directly to the CAO, unless otherwise specified in writing, and include the vice presidents and other positions responsible for policy-making at the executive level.

(b) USPS: positions assigned professional, paraprofessional, administrative, clerical, secretarial, technical, skilled crafts, service, or maintenance duties.

(c) OPS: at-will temporary employment.

(7) If any court of competent jurisdiction finds any provision of any University rule contained in Chapter 6C4-10, Part II, F.A.C., to be unconstitutional or inconsistent with any requirement of federal or Florida law, then that provision may be stricken without affecting the applicability of any other provision of the University rules.

(8) The University rules contained in Chapter 6C4-10, Part II, F.A.C., are not a contract or a guarantee of employment for any specified period of time. Employment may be terminated at any time in accordance with other provisions of these rules.

(9) These rules may be changed at any time in accordance with state and University rule-making provisions.

(10) The provisions of Rule 6C4-10.200, F.A.C., are applicable to and incorporated by reference in all rules contained in Chapter 6C4-10, Part II, F.A.C.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), (34), 1001.75(16) FS. History–New 10-5-03.

6C4-10.201 Recruitment, Selection, Appointment.

(1) (a) All applicants must meet the minimum qualifications contained in the University’s class specifications and the additional competencies required for the specific position. If necessary to meet employment needs of the University an applicant who does not meet the minimum qualifications as stated above, will be appointed with an emergency, provisional, trainee or similar status. The University will determine the required level of education, training, and experience appropriate for a specific position.

(b) Any person who has been convicted of a felony involving the sale of or trafficking in, or conspiracy to sell or traffic in, a controlled substance as described in Chapter 893, F.S., is disqualified from employment unless conditions outlined in Section 775.16, F.S., are met. Failure to disclose such conviction is cause for dismissal.

(c) The ability to effectively communicate in and comprehend English is a minimum requirement for all A&P, USPS, and OPS employees hired (new hires or reemployment) after the effective date of this rule and for any existing employee who after the effective date of this rule seeks and is accepted for a promotion or is hired into a new class.

(2) The University’s offer of employment and appointment will be consistent with the following:
(a) The offer of employment for A&P positions will be conditioned on the return of written acceptance by a specified date.
(b) Each A&P employee will be issued an initial employment contract or appointment document.
(c) An appointment will not create any right, interest or expectancy beyond the specific term set forth in the documented appointment. Appointments will be extended beyond or ended in advance of the established term in accordance with these rules.

(3)(a) An employee who is initially appointed to a USPS position, when the employee meets the minimum qualifications for the position, will serve a probationary period for an amount of time designated on the class specification and in accordance with these rules.

(b) When determined to be in the best interests of the University, continuous successful performance in a USPS class with temporary status will be counted toward completion of the required probationary period. The decision to count such time toward completion of the probationary period will be made at the time the employee is initially appointed with probationary status.

(c) A USPS employee must successfully complete the required probationary period with performance at a satisfactory level or above in order to attain permanent status in a class. Probationary periods may be extended with approval of the CAO to allow additional time to acquire required competencies or knowledge, upon a change in supervisor or to improve performance to a
satisfactory level. A USPS employee will serve a new probationary period each time he/she is hired into a new classification, unless, at the time of the hire, the employee is currently employed by the University in a USPS position and has already satisfactorily completed probation while holding a previous job in that class.

(d) An appointment to a USPS position funded by contract, grant, auxiliary, or local funds, may be time-limited as appropriate for a particular project, enterprise, or amount of time. Such designation must be made to the position at the time of recruitment or when a waiver of recruitment is approved. An employee appointed to a time-limited position will have the same rights as a regular appointment, except the employee will not have any rights provided for layoff and recall.

(4)(a) OPS employees may be appointed to meet temporary or non-permanent employment needs.
(b) OPS employees have no right, interest or expectancy of continued employment.
(c) OPS employees are not assigned to a specific classification other than exempt (salaried) or non-exempt (hourly).
(5) The University may use appointment modifiers to define the status of an employee’s appointment. Appointment modifiers are defined by the appropriate administrator as designated by the CAO.

Specific Authority 1001.74(4), (19), 1012.97 FS. Law Implemented 1001.74(19), 1001.75(3), (16) FS. History–New 10-5-03.

6C4-10.202 Compensation.

(1) Pay actions for USPS and A&P employees will be administered consistent with the provisions of this rule. This rule does not apply to OPS employees except as specifically stated. OPS may receive pay adjustments as determined by the CAO.
(2) The CAO will establish and maintain the pay plans for University employees. Pay will not exceed the maximum of an established pay range without the approval of the CAO based on market competition, difficulty in recruiting or retaining, and/or sustained exceptional performance.

(3) Base rate of pay is the pay provided employees excluding any additives identified in paragraph (7)(h) of this rule. Regular rate of pay is an employee’s base rate of pay plus any other pay, which may be necessary to meet the requirements of any applicable Federal or Florida law or these rules. Hourly pay is computed based on 2088 work hours annually. A factor of 26.1 is used for annualizing biweekly pay.

(4) Pay increases:
(a) An employee must be in pay status in order to receive a pay increase of any kind. Pay increases that would have been granted except for the employee’s leave of absence will be granted upon an employee’s return to pay status, if otherwise eligible.
(b) Employees paid from contract, grant, auxiliary or local funds will be eligible for pay increases provided such increases are permitted and funded by the funding entity. Such pay increases will be consistent with legislative appropriations and/or the provisions of these rules. The appropriate University authority will strive to have contract, grant, auxiliary, and local funds permit and fund such pay increases.
(c) A retroactive effective date for a pay action will be permitted with the approval of the CAO when determined to be in the best interests of the University.
(d) When a pay increase is provided for a temporary change in assignment it will be in accordance with subsection (7) of this rule below. Upon the employee’s return to his/her original responsibilities, the pay will be adjusted to the original base rate of pay. The employee will be entitled to receive any mandatory pay increases granted to the employee’s original class during the time of the employee’s temporary assignment, unless pay implementation instructions provide otherwise.
(e) An employee returning from unpaid leave will receive mandatory pay increases granted during the period of unpaid leave, unless pay implementation instructions provide otherwise.
(5) When a USPS employee is called back to work beyond the employee’s scheduled hours of work for that day, the employee will be credited with the greater of the actual time worked, including time to and from the employee’s home to the assigned work location, or two hours.
(6) Pay upon original appointment for A&P and USPS will be made within the established pay range, if applicable, unless otherwise approved by the CAO to meet employment needs of the University.
(7) Other pay increases may be provided under the following categories:
(a) Increased responsibilities;
(b) Market conditions including counter-offers and retention due to specialized or extensive investment or training;
(c) Salary compression or inversion;
(d) Increases to resolve a pay disparity considering education, experience, or duties and responsibilities of other employees;
(e) Lump sum payments to recognize the successful completion of a special project or assignment, which is in addition to the employee’s regularly assigned duties, or a documented significant increase in productivity or productivity goal achievement including a group incentive program. Such payment, for an employee in any position covered by any applicable federal or Florida law governing wages, will not exceed the greater of ten percent of the employee’s annual base pay or $3,000 (before taxes);
(f) Increases to recognize sustained superior performance;
(g) Approved career development/apprenticeship programs;
(h) Pay additives including those for asbestos-related activities, lead abatement activities, lead worker pay, shift differentials, on-call pay, field training officer activities, premium pay for law enforcement officers working special events, and other approved activities; or
(i) Increases in response to changes in cost of living and/or inflation indices.

(8)(a) An employee who is demoted will receive pay commensurate with the responsibilities assigned. This action may be with or without a reduction in base rate of pay based on the duties, the employee’s experience, and/or related market salary data. In no case, however, may the pay exceed an assigned pay range except when determined to be in the best interests of the University.

(b) An employee whose assigned duties are substantially reduced may have a reduction in base pay, in accordance with these rules, while continuing to serve in the same class based on the duties, the employee’s experience and/or the related market salary data. Salary may also be reduced as a form of disciplinary action.

(c) The removal of pay additives, correction of overpayment, or reduction to the maximum of the pay range do not constitute a reduction in pay action and are not grievable under University Rule 6C4-10.213, F.A.C.

(d) When an employee’s appointed FTE is changed, the salary will be adjusted proportionately in accordance with these rules.

(e) Changes to an established pay plan or pay range may affect an employee’s base rate of pay to raise an employee’s base rate of pay to the new pay range minimum or to maintain appropriate internal salary relationships.

(f) Work schedules will be arranged to minimize overtime. Overtime compensation will be consistent with any applicable provision of federal or Florida law and University fiscal considerations.

(9) Extra Compensation.

(a) To meet employment needs of the University, an employee may be appointed to more than one position up to a total of one (1.0) FTE for all appointments.

(b) To meet employment needs of the University, an employee may be appointed for a limited time for more than one (1.0) FTE. Such appointments in excess of one (1.0) FTE will be considered OPS appointments and will not create any new or additional rights to benefits, except where this represents overtime in accordance with the FLSA for non-exempt USPS employees.

(c) Employment with any State or other public agency or with any private organization or agency will be considered Outside Activity in accordance with these rules. Such employment will be processed consistent with the other employer’s requirements after appropriate USF approvals are received. This activity will be governed by these rules.

(10)(a) Any perquisites to employees, sale of goods or services, or payment of moving expenses associated with a current or prospective employee should normally be approved in advance by the CAO. After the fact approvals will only be given in emergency or other unexpected situations. The provision of such items must be job or class related and documented to demonstrate that the approval is in the best interest of the University.

(b) Approval is not required when sales to employees are at the same rate as they are ordinarily sold to the public.

(c) Moving expenses will ordinarily be limited to the cost of packing, shipping, and storage of household goods, not to exceed 15,000 pounds, and reasonable expenses incurred for moving one automobile. Exceptions to the 15,000 pounds limit may be made to meet employment needs of the University.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), (34), 1001.75(3), (16) FS. History–New 10-5-03.

6C4-10.203 Benefits and Hours of Work.

(1) A&P and USPS employees receive paid and unpaid leave, and university-designated holidays. They may also participate in insurance programs, retirement and other benefits as provided for in Florida law and/or through University approved programs. Benefits and hours of work requirements will be administered consistent with this rule, and any applicable federal or Florida law.

(2)(a) OPS employees are not eligible for benefits unless specifically provided for in these rules or required by an applicable federal or Florida law.

(b) OPS employees are eligible for unpaid leave, in accordance with any applicable federal or Florida law.

(c) Non-exempt OPS employees are eligible for overtime compensation for work beyond forty (40) hours in an approved workweek.

(d) Exempt OPS employees are eligible to be paid for University-designated holidays that fall within the period of their appointment proportionate to the time in pay status.

(e) OPS employees are eligible to participate in University-offered tax sheltered annuities and deferred compensation programs.

(3) Each employee is expected to work the number of hours in the employee’s established workweek unless on approved leave. Benefits will be provided proportionate to the time in pay status in accordance with these rules.

(4) The minimum workweek is forty (40) hours for full-time employees. Holiday pay, up to a maximum of twelve (12) hours per holiday (based on the number of hours the employee is normally scheduled to work on that day) and paid leave are not considered overtime and are paid at the employee’s regular pay rate. Approved leave will be adjusted to ensure an employee’s workweek will not exceed forty (40) hours.

(5) Compensatory leave will consist of the following types and such unused leave will be transferred or paid in accordance with these rules.

(a) Overtime compensatory leave is provided in lieu of payment for overtime for nonexempt USPS employees at the rate of one and one half times the total hours worked beyond forty (40) in the workweek.

1. Overtime will normally be paid no later than the end of the following pay period, unless accrued as overtime compensatory leave.
2. If an employee changes departments or class title, unused overtime compensatory leave will be transferred or paid.
   (b) Regular compensatory leave may be provided to a USPS exempt employee for work beyond forty (40) hours in the
   workweek on an hour-for-hour basis in accordance with the approved pay plan. The transfer or payment for unused regular
   compensatory leave will be in accordance with the approved pay plan.
   (c) Special compensatory leave is provided to USPS as follows:
       1. Special compensatory leave is provided to compensate an employee for an official holiday, as designated by the University,
          when:
          a. The employee observed the holiday and also worked forty (40) hours the week during which the holiday occurred;
          b. The holiday falls on the employee’s regularly scheduled day off; or
          c. The employee is required to work the holiday.
       2. Special compensatory leave is provided to compensate an employee for administrative leave for jury duty or court
          appearance provided in paragraphs (17)(a) and (b) below when the employee also worked forty (40) hours the week during
          which the jury duty or court appearance occurred.
       3. Special compensatory leave is provided to employees required to perform essential duties during an emergency closing for
          the hours worked during the closing.
       4. The Chief Administrative Officer (“CAO”) may elect to pay an employee for a part of or all accrued special compensatory
          leave at any time. If the employee separates from the University, the employee will be paid for all unused special compensatory
          leave at the employee’s regular rate of pay.
       (d) Special compensatory leave is provided to A&P employees to compensate for an official University-designated holiday
          when the holiday falls on the employee’s regularly scheduled day off or the employee is required to work the holiday.
       (6) An employee, other than a non-exempt OPS employee, will be paid proportionate to the time in pay status for all holidays
          designated by the University or Florida law.
       (7) Annual and/or sick leave will be accrued while in pay status in accordance with these rules. Leave will be credited at the
          end of the pay period in which it is earned, or in the case of separation, on the last day the employee is on the payroll. Leave may
          not be used in the pay period in which it is earned.
       (8) During approved unpaid leave for parental, foster care, medical, or military reasons, an employee may use accrued leave to
          continue the contributions to State benefits and other expenses.
       (9) Unless agreed otherwise, an employee will be employed in the same or similar status upon completion of the approved
          leave period. While on paid leave, an employee may not be employed elsewhere unless the requirements for outside activity and/or
          extra or dual compensation have been met.
       (10) The University may establish reciprocal agreements with other government entities for the transfer of accrued sick leave
           and accrued annual leave. Such agreements must be in writing and consistent with applicable Florida law.
       (11) The University will withhold any payment due to an employee upon separation from employment for accrued sick leave
           or accrued annual leave unless and until all University property in the custody or control of the employee is returned or properly
           accounted for.
       (12) Sick leave accrual for full-time employees will be as follows with proportionate accrual for less than full-time.

(a) Sick leave must be accrued before use unless available through a University approved sick leave pool or donated sick leave
program. There is no maximum on the amount of sick leave that can be accrued.
(b) With the appropriate approvals, accrued sick leave is authorized for the following purposes:
   1. The employee’s personal illness, injury, exposure to a contagious disease, a disability where the employee is unable to
      perform assigned duties, or appointments with health care providers.
   2. The illness, injury, appointments with health care providers, or death of a member of the employee’s family; family, for the
      purpose of this rule, is defined as the spouse and the grandparents, parents, brothers, sisters, children and grandchildren of both the
      employee and the spouse.
   (c) Notice of absence due to illness, injury, disability, or exposure to a contagious disease must be given on the first day of
       absence, unless the nature of the illness or injury precludes such notice the first day.
(d) Upon separation, an employee with ten (10) or more years of service will be paid for one-fourth of accrued unused sick leave up to a total of 480 hours. Upon reemployment by the University within thirty (30) days or upon recall from layoff by the University within one (1) year, all sick leave paid at the time of separation may be restored upon repayment by the employee. An employee with less than ten (10) years of service will not be paid for any unused sick leave and such leave shall be forfeited unless reemployed by the University within thirty (30) days or recalled from layoff by the University within one (1) year.

(e) The CAO will approve continuation and/or modification of the current sick leave pool or the donated sick leave program when determined to be in the University’s best interests.

(13) Annual leave for full-time employees will be as follows with proportionate accrual for less than full-time employment. An employee appointed for fewer than ten (10) months does not accrue annual leave. Hours of accrual for USPS employees are based on years of creditable service and such service will be awarded as one month of service credit for each calendar month that the employee is on the salaried (non-OPS) payroll of the University or during authorized unpaid leave.

(a) Annual leave must be accrued prior to use. In extraordinary circumstances, annual leave may be advanced to meet employment needs of the University.

(b) Employees may accrue annual leave in excess of the year-end maximum during a calendar year. Employees with accrued annual leave in excess of the year-end maximum as of December 31, will have any excess converted to sick leave on an hour-for-hour basis on January 1 of each year.

(c) An employee who separates from employment with six (6) months or more of continuous service in an established position will be paid for all unused accrued annual leave hours up to the year-end maximum allowed for the pay plan. Upon reemployment by the University within thirty (30) days or upon recall from layoff by the University within one (1) year, all annual leave paid at the time of separation may be restored upon repayment by the employee. Upon entering into the Deferred Retirement Optional Program (DROP), employees may elect to be paid up to the year-end maximum of their unused accrued annual leave. If an employee does not select to receive payment for all unused accrued annual leave due at the time of entering DROP, any amount accrued remaining due will be paid upon final separation of employment.

(d) An employee will be paid for unused accrued annual leave up to the allowable maximum upon transfer from an annual leave-accruing position to a non-annual leave-accruing position.

(14) Compulsory leave provisions will be consistent with the following:

(a) Medical certification by an approved health care provider will be required.

(b) Notice will be provided to the employee identifying the duration of the leave, the conditions for return to the position, and include a designation stating whether such leave will be counted in accordance with any applicable federal or Florida law.

(c) The employee may be allowed to use accrued paid leave during compulsory leave to continue the contributions to State benefits and other expenses.

(d) Unless agreed otherwise, an employee will be employed in the same or similar status upon completion of the approved leave period and upon receipt of medical certification to return to work.

(e) Employees who fail to meet the conditions of the compulsory leave, who fail to obtain medical certification to return to work at the same or similar status as before the leave began and/or are unable to perform duties will be:
1. Offered part-time employment;
2. Placed on unpaid leave or have such leave extended;
3. Requested to resign; or
4. Dismissed for inability to perform the duties of the position.

(15) Employees are provided with twelve (12) work weeks of Family and Medical Leave within a twelve (12)-month period in compliance with the Family and Medical Leave Act (FMLA) of 1993 (Public Law 103-3) and the Final Regulations of the Family and Medical Leave Act of 1993 (29 CFR Part 825), and as may be amended. The twelve (12)-month period is defined as the fiscal
year (July 1 – June 30). Eligible employees, including OPS, are those who have worked at least twelve (12) months (these need not have been consecutive) and who have worked at least 1250 hours in the twelve (12) months prior to the leave. Faculty, A&P, and USPS employees may use accrued paid leave for an FMLA event and the use of such leave will be counted toward the FMLA entitlement. Leave for OPS employees under the FMLA is unpaid leave and such unpaid FMLA leave will only be granted through the end of the established appointment period or twelve (12) weeks, whichever occurs first.

(16) Employees will be provided with up to six (6) months unpaid parental leave unless the employee already has an established end date prior to that period of time. Non-OPS employees may use accrued paid leave when the employee becomes a biological or adoptive parent in accordance with these rules.

(17) Employees are provided paid administrative leave as follows, provided that such paid leave will not cause the full-time employee to exceed forty (40) hours during the workweek. Administrative leave is not accrued.

(a) Administrative leave for jury duty will not cause an employee’s total number of hours to exceed the number of hours in the employee’s normal workday or workweek. If jury duty does not require absence for the entire workday, the employee will return to work immediately upon release by the court. If jury duty does not coincide with the regular work schedule, the employee will be granted administrative leave based on the total hours served on jury duty and such leave will be granted on the next scheduled work shift. Any jury duty pay can be retained by the employee.

(b) Administrative leave will be provided to an employee summoned as a witness in a matter not involving personal interests. Administrative leave will not be provided to an employee serving as an expert witness. Witness pay can be retained by the employee.

(c) Administrative leave for athletic competition in Olympic events will be provided when determined to be in the best interests of the University.

(d) Up to four (4) days of administrative leave will be provided to a University employee upon the death of a family member as defined in subparagraph (12)(b). of this rule.

(e) Administrative leave will be provided as follows for any official emergency closing of University facilities. Only employees scheduled to work during the time of the emergency closing will be provided administrative leave. Employees already on approved leave at the time of the emergency closing may not have the approved leave changed to administrative leave. Special compensatory leave will be provided to USPS employees required to perform essential services during the emergency closing.

(f) When the operation of the University will not be adversely impacted, the CAO will approve administrative leave for:

1. Florida Disaster Volunteers.
2. Up to two (2) days for civil disorder or disaster for an employee who is a member of a volunteer emergency response team.
3. Up to two (2) hours for voting in public elections when the employee lives at such a distance that he/she cannot vote during the hours the polls are open or when the employee’s regularly scheduled hours are equal to or exceed the hours that the polls are open.

(g) When determined to be in the University’s best interests, the CAO will grant an employee administrative leave:

1. When the employee is under investigation; for a period up to the length of the investigation.
2. Between the notice of suspension or dismissal and the effective date of such action.
3. When the employee’s presence in the workplace may result in damage to property, or injury to the employee or others.

(18) Military leave and reemployment rights will be provided to A&P and USPS employees consistent with Federal and Florida laws.

(19) Workers’ Compensation benefits for an injury compensable under the Florida Workers’ Compensation Law will be provided consistent with the following:

(a) A USPS, A&P or OPS employee will remain in full pay status for a period up to a maximum of forty (40) hours without being required to use accrued leave credits or take leave without pay. If, during that period, the employee receives Workers’ Compensation benefits, the employee will reimburse the University the amount of the benefits. Such reimbursement will not include payments for expenses related to medical, surgical, hospital, or nursing treatment or payments of disability losses.

(b) A USPS or A&P employee may elect to use accrued paid leave to supplement Workers’ Compensation payments to bring the total amount of compensation up to the employee’s regular salary.

(c) The period of paid or unpaid job-related disability leave will be in accordance with Chapter 440, F.S., or any other applicable Florida law.

(d) When it is determined to be in the best interest of the University, an employee who was injured in the workplace will be returned to alternate duty when full recovery is anticipated in a reasonable period of time consistent with these rules.

(e) If at the end of the leave period an employee is unable to return from leave to work full-time and perform the duties of the position, the CAO will offer the employee a part-time appointment, place the employee on unpaid leave or extend the leave status, request the employee’s resignation, or terminate the employee from employment.

(20) Learning opportunities for University employees include:

(a) Learning opportunities for A&P and USPS employees involving professional renewal, planned travel, study, formal education, research, writing, or other experience of professional value may include the following:

1. Employee development or certification; or
2. Leave to pursue educational goals.

(b) University approved employee education programs;
(c) Attendance at related professional conferences, workshops or seminars.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), (34), 1001.75(16), (19) FS. History–New 10-5-03.

6C4-10.204 Permanent Status.
(1) Permanent status for USPS employees is granted consistent with the following provisions:
   (a) An employee earns permanent status in the class after successful completion of the designated probationary period and has
       rights to remain in the class or to grieve in accordance with these rules adverse action taken against the employee while serving in
       the class.
   (b) An employee with permanent status filling a time-limited position will not have retention rights or other rights provided
       under layoff and recall provisions.
   (c) An employee without permanent status in any class may be terminated at any time without the right to grieve such action.
(2) A&P employees do not earn permanent status or tenure.
(3) OPS employees do not have or earn permanent status or tenure and have no right or expectation to continued employment.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), 1001.75(3), (19) FS. History–New 10-5-03.

6C4-10.205 Promotion and Change in Assignment, Demotion and Transfer.
(1) Promotion, change in assignment, demotion and transfer will be administered consistent with the following provisions.
   (2)(a) A&P promotion is the appointment to a class or another position with substantially increased responsibilities, or to a
       higher pay range, if applicable.
   (b) USPS promotion is the appointment to a class or a position with substantially increased responsibilities or to a higher pay
       range, if applicable.
   (c) Upon promotion, the employee’s appointment status will be determined pursuant to these rules. A USPS employee who has
       earned permanent status in the class to which promoted and who has not had a break in service in USPS with the University will be
       promoted with permanent status.
   (3)(a) An A&P or USPS change in assignment is the appointment to a different position in the same class or in a different class
       having the same pay range maximum, if applicable.
   (b) A&P employees serve at the will of the CAO and may, with or without advance notice, receive a change in classification or
       assignment at any time.
   (c) If a USPS employee who has not attained permanent status in the current class receives a change in assignment to a
       different position in the same class, the employee’s status remains the same until the designated probationary period has been
       successfully completed. Probationary periods may be extended due to a change in supervisor when additional time is required to
       evaluate the employee’s performance, due to a change in duties, to provide additional training and/or to acquire and demonstrate
       required competencies or to provide additional time for the employee’s performance to improve.
   (d) A USPS employee with or without permanent status in the current class who receives a change in assignment to a different
       position in a different class will be given probationary status. The employee will serve the designated probationary period in the
       new class if the employee meets the minimum qualifications for the position, unless the employee previously held permanent status
       in the class to which reassigned and has not had a break in USPS service with the University, in which case the change in
       assignment will be with permanent status.
   (4) A demotion is an appointment to a class or position having less responsibility or a lower pay range, if applicable. If a USPS
       employee previously held permanent status in the class to which he/she is demoted, the demotion will be with permanent status.
   (5) A transfer is the appointment of an employee from one geographic work location of the University to a different geographic
       work location of the University in excess of 50 miles from the employee’s current work location.

6C4-10.206 Employee Ethical Obligations: Conflicts of Interest and Outside Employment; Employment of Relatives; Seeking or Holding Public Office.
(1)(a) For purposes of this rule, employee is defined as an A&P, USPS, or OPS employee. Employees are required to be aware
       of their obligations and responsibilities as public employees of the University. No employee will have any interest, financial or
       otherwise, direct or indirect; engage in any business transaction or professional activity; or incur any obligation of any nature that is
       in substantial conflict with the full and competent performance of the employee’s duties.
       (b) University employees are required to observe, in all official acts, the highest standards of ethics and conduct consistent with
           the code of ethics and the financial disclosure requirements of the State of Florida, Chapter 112, Part III, F.S., all definitions
           contained in that Part or supplemented by this rule, and State advisory opinions issued regarding that Part. Other provisions within
           these rules govern obligations and responsibilities of employees who receive employment compensation in addition to their annual
           salary.
(2) Outside Activity.
   (a) For purposes of this rule:
1. “Outside Activity” means any employment, private practice, private consulting, service on boards or commissions, or any other activity, which is not part of the employee’s University duties and for which the University does not provide compensation. Outside activity includes activities that are uncompensated, compensated, and/or which may eventually be compensated, either directly or indirectly.

2. “Compensation” includes, but is not limited to, wages, salary, stock options, use of airplanes or vacation/resort areas, or any other type of remuneration or benefit received for services performed by the University employee during the outside activity.

(a) An employee must not engage in any outside activity that interferes with the full and competent performance of the employee’s duties. Nothing in this rule is intended to discourage an employee from engaging in outside activity in order to increase his/her professional reputation, service to the community, or income, subject to the conditions stated in these rules.

(b) An employee who intends to engage in any outside activity that is compensated or that may be compensated in the future must discuss such activity with his/her supervisor prior to engaging in the outside activity.

(1) If there is any possibility that a conflict will occur, the supervisor will require the employee to make the request in writing. The employee will be notified if it is believed that a conflict of interest will result from a proposed outside activity, and will deny the request.

(2) If the employee fails to discuss the outside activity in advance of its inception, the employee will provide a written explanation of the reason(s) for not discussing and/or seeking approval in advance.

(c) The reporting provisions will not apply to activities performed wholly during a period in which the employee has no appointment with the University.

(d) The supervisor or other appropriate University official will assure that approval for the outside activity is granted only when a conflict under this rule will not occur. The employee will be notified if it is believed that a conflict of interest will result from a proposed outside activity, and will deny the request.

(e) The CAO or Vice President Research (or the successor of such office should there be a change in title) is responsible for all intellectual property, inventions and works developed by University employees and will develop guidelines for the administration and protection of any intellectual property, inventions or works, and any copyright, patent or licensing interests of the University.

2. An employee who proposes to engage in outside employment that may lead to the development of some invention or work in which the University may have or claim an interest must furnish a copy of this rule and any other applicable governing documents to the outside employer or entity either at the time negotiations for other employment is occurring, or if there is no written agreement, before the employment begins.

3. Any requirement(s) that an employee who is engaged in an outside activity must waive the employee’s or University’s rights or interests to any inventions or works, which may be developed during the course of such outside employment, must be approved by the CAO or Vice President Research.

4. Any agreement by the CAO or the Vice President Research to assign or release any invention or work, including patent rights, to an employee must include that such invention or work, if patented by the employee, must be available royalty-free for governmental purposes of the State of Florida, unless otherwise agreed in writing by the University.

(a) Employment of related persons in a single organizational unit or in work related organizational units is permitted only when such employment will not involve or create a conflict of interest. An employee will not participate in making recommendations or influencing decisions specifically affecting the appointment, retention, work assignments, evaluation, promotion, demotion, or salary of any relative. Prior to the employment of related persons or as soon as the relationship is created or discovered, the Provost or Vice President responsible for the subject organizational unit will determine, and document in writing, that a conflict of interest will not occur or will require that the employment not occur or cease.

(b) For the purpose of this rule, “relative” or “related” persons are those related to each other in one of the following ways: husband; wife; parent; child; brother; sister; spouse of a child, brother, sister, or parent; or parent, child, brother, or sister of spouse; grandparent; grandchild; aunt, uncle, first cousin, niece or nephew. “Relative” or “related” person also includes a person who is engaged to be married to an employee or who otherwise holds himself or herself out as or is generally known as the person whom the employee intends to marry or with whom the employee intends to form a household, or any other person having the same legal residence as the University employee.

5. Seeking Election/Holding Public Office.

(a) Employees who intend to seek election to and hold public office will provide written notification to the CAO of their intentions and must adhere to the provisions of Section 104.31, F.S., or any successor statute.
(b) The CAO will determine whether the employee’s candidacy for and/or holding of public office will interfere with the full discharge of the employee’s duties.

(c) If the CAO determines that the candidacy will interfere with the full discharge of the employee’s duties, the employee will be advised in writing that if he/she chooses to continue to pursue the candidacy, he/she will be required to take a leave of absence or submit a resignation as determined by the CAO.

(d) Sworn law enforcement officers must take a leave of absence without pay during the period of office seeking, pursuant to Section 99.012, F.S., or any successor statute.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), (34), 1001.75(16) FS. History–New 10-5-03.

6C4-10.207 Evaluations.
(1) Evaluations will be provided to employees on a regular basis.

(2) The evaluation document is intended to communicate to the employee the level of his/her performance and should aid in improving the employee’s performance of assigned duties. If necessary, the evaluation will serve as part of a plan to assist in correcting deficiencies of an employee not meeting performance standards. Evaluations will be considered in making personnel decisions.

(3) This rule does not apply to OPS employees or to those employees who have received a notice of non-reappointment or termination or who have resigned from employment with the University.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), 1001.75 FS. History–New 10-5-03.

6C4-10.208 Recognition of Employees.
(1) The University will establish employee recognition programs. The University may expend state funds for recognizing and rewarding eligible employees, contingent upon the availability of funds. Private funds may be available to fund recognition awards and will be used in accordance with the governing practices for those funds.

(2)(a) The University will recognize employee achievement or superior accomplishment.

(b) The University will recognize employees for service given to the University.

(3) OPS employees are eligible for performance or service awards.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), 1001.75(3), (19) FS. History–New 10-5-03.

6C4-10.209 Official Personnel Files.
(1) The Division of Human Resources maintains the official personnel files for University employees. Human Resources is authorized to delegate to the University Provost and/or to the Vice Presidents of the Health Sciences Center, and/or the regional campuses, all or any portion of this function for Faculty as appropriate.

(2) All or portions of the official promotion and tenure files for Faculty may be retained in separate files based on the delegation authorized in subsection (1) above.

(3) The department where the employee is assigned may retain duplicate copies of documents contained in the official personnel files. They may also retain originals of pre-discipline, counseling, and performance documents leading up to official actions, which at the time of that action will be made a part of the official file.

(4) The official personnel file will generally contain the following:

(a) Information gathered as part of an employment procedure, if applicable, such as applications, letters of reference, letters of offer, letters of appointment, acceptance of appointment, employment test results, loyalty oath, and substitutions of training and experience;

(b) Information substantiating salary transactions, if applicable, such as appointment papers, approvals of special salary rates, employment contracts, and salary adjustments;

(c) Documentation of performance and conduct, such as performance evaluations; letters of recognition; reprimands; letters or notices of dismissal, suspension, disciplinary reduction in pay; and approvals to take grievable disciplinary actions;

(d) Any records relating to an employee’s grievance or complaint, appeals, arbitration awards/findings, or administrative hearing recommendations; however, such items may be kept in a separate file and may be treated as exempt during any proceeding specified by Florida law;

(e) Medical records which address the employee’s ability to do the job or for any other legitimate business purposes; however, these records are confidential records that will be maintained separately from the official personnel file in accordance with applicable federal and/or Florida law;

(f) Other documents deemed appropriate by Human Resources, such as letters of resignation, layoff notices, etc.; or

(g) Benefits enrollment information is separately maintained by Human Resources.

(5) Access to the official personnel files of University employees is governed by the Florida Public Records Law Chapter 119, F.S., and Section 1012.91, F.S. Employees or other individuals wishing to review personnel files of University employees may do so during normal business hours of the Division of Human Resources. Access to and copying of any document or file will be
provided in accordance with federal and Florida law, and these rules. Any material exempt from disclosure by federal or Florida law will be removed prior to inspection or copying unless disclosure of such exempt material is authorized by the employee or required by any superceding law.

(6) Employees have the right to place appropriate information or documentation relating to their employment into their personnel files by forwarding the information to Human Resources with a request for the material to be placed in their file. Examples of the types of information employees may place in their files are updates of education or training and clarification or rebuttal of evaluative or disciplinary information placed in their files by University officials. Such items received by Human Resources will be reviewed for appropriateness and compliance with these rules and will then either be placed in the file or returned to the sender.

Specific Authority 1001.74(4), (19), 1012.91(1) FS. Law Implemented 119.07(1)(a), (2)(a), (3), 1001.74(19), 1001.75(16), 1012.91 FS. History–New 10-5-03.

6C4-10.210 Non-Reappointment.

(1) A&P employment is at will and A&P employees may be non-reappointed upon written notice from the CAO or upon the appointment end date, if the employment contract, letter of offer, or other appointment document includes a statement that employment will end as of a specific date without additional notification. Absent such a statement, the period of notification (prior to the effective date of non-reappointment) is based on the employee’s length of continuous employment as A&P as follows:

(a) Three (3) months’ notification for employees in their first year of employment;
(b) Six (6) months’ notification for employees after their first year of employment;
(c) Sixty (60) days’ notice for employees who are designated as Executive Service;
(d) The notification period for employees assigned to Athletic Coach classes will be the period that is customary and usual for the sport and will be indicated on the employee’s letter of offer, initial employment contract, or a subsequent appointment document.

(2) (a) Employees appointed for less than one (1) year, appointed as temporary or provisional, or appointed to a contract, grant or other temporary funding source do not receive a notice of non-reappointment, except in cases where such notice is to end their employment prior to their designated appointment end date.

(b) Employees who are issued an employment contract, letter of offer, or other official appointment document stating that employment will cease on the date indicated and no further notice of cessation of employment is required, do not receive a notice of non-reappointment, except in cases where such notice is to end their employment prior to their designated appointment end date.

(3) Following receipt of the notice of non-reappointment, the CAO has the option to assign the employee other duties and responsibilities and/or to require the employee to use accrued annual leave. The University is committed to compensate the employee and maintain current benefits for which he/she is otherwise eligible until the effective date of non-reappointment or separation from employment for other reasons, whichever is sooner; however, an assignment change during the notice period can affect the employee’s compensation as follows:

(a) If administrative duties are removed for which a salary increase was granted, that salary increase will be removed;
(b) If temporary additional duties are removed for which a temporary pay increase was granted, the temporary pay increase will be removed; and/or
(c) If the employee agrees to a voluntary demotion that includes a reduction in salary.

(4) When an employee receives appropriate written notice of non-reappointment or when such notice is not required in accordance with these rules, the employee does not have the right to grieve termination from employment at the end of the notice period.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History–New 10-5-03.

6C4-10.211 Separations from Employment and Layoff.

(1) Separations from employment will be conducted consistent with the following provisions:

(a) An employee who resigns from employment has no right to grieve.
(b) An A&P or USPS employee who is absent without approved leave for three (3) or more consecutive workdays will be deemed to have abandoned the position, unless the employee provides information regarding the existence of an emergency situation that impaired his/her ability to contact his/her supervisor.
(c) The CAO may dismiss an employee for just cause in accordance with these rules.
(d) The following employees may be separated from employment at any time without any requirements of notice or reason and without any right to grieve such a termination:
   1. OPS employees; and
   2. USPS employees without permanent status in any class.
(e) An A&P employee may be separated from employment without any right to grieve such termination when his/her appointment ends after receiving written notice of non-reappointment or written notice upon appointment that employment will cease on the date indicated with no further notice of cessation of employment required.

(2) Layoffs will be conducted consistent with the following provisions:
(a) Employees may be laid off at any time as a result of adverse financial circumstances; reallocation of resources; reorganization of academic or administrative structures, programs, or functions; curtailment or abolishment of one or more programs or functions; shortage of work; or a material change of duties.

(b) The layoff unit may be at an organizational level such as a campus, division, college, school, department, area, program, or other level of organization as the CAO deems appropriate. In designating the makeup of the layoff unit, the CAO may consider the special qualifications and relevant experience required for specific positions and excludes such positions from layoff.

(c) A permanent status USPS employee will not be laid off if there are nonpermanent USPS employees in comparable positions in the layoff unit. Those employees will be retained who, in the judgment of the CAO, will best contribute to the mission and purpose of the University when taking into account the employee’s length of continuous satisfactory University service and other appropriate factors.

(d) The CAO will make a reasonable effort to identify appropriate alternative/equivalent employment opportunities within the University for laid-off employees.

(e) The following employees do not have layoff rights:
   1. An A&P employee appointed for less than one (1) year;
   2. An A&P employee appointed to a position funded solely from contract, grant, auxiliary or local funds;
   3. An A&P employee whose appointment expires after receiving timely notice of non-reappointment;
   4. An A&P employee whose appointment expires without the requirement of a written notice of non-reappointment, including an employee serving on an appointment with an appropriately documented fixed term or an employee on a multi-year contract;
   5. A USPS employee without permanent status in any class;
   6. A USPS employee appointed to a position which has been designated time-limited; and
   7. An OPS employee.

(f) Within the layoff unit, USPS employees with permanent status in the affected class will be ranked on a layoff list based on retention points derived from length of service and evaluations. Employees who work less than full-time will have their retention points determined in proportion to the time worked. Layoff rights extend only to employees who meet the specific qualifications and equivalent FTE of the position, regardless of their placement on the layoff list.

(g) Employees are to be informed of layoff as soon as practicable. Where circumstances permit, all employees are to be provided at least thirty (30) calendar days notice. However, a USPS employee with permanent status will be given no less than fourteen (14) calendar days notice of layoff or in lieu thereof, two (2) weeks’ pay at the employee’s current regular hourly rate, or a combination of notice and pay. A notice of layoff will be sent to the employee by certified mail, return receipt requested or hand-delivered to the employee.

(h) Within seven (7) calendar days after receiving the notice of layoff, the USPS employee has the right to request a change in assignment or, if not available, at the employee’s preference, a demotion in lieu of layoff to a position in a class in which the employee held permanent status, or to a position in a class in which the employee has not held permanent status if the employee has previously held permanent status in a higher or equal level class within the series. Appointment to positions, in lieu of layoff, is conditioned on the employee meeting the specific qualifications for the position and having an overall history of meeting performance standards.

(i) Employees with layoff rights who are laid off will have recall rights at the University as follows:
   1. A&P employees have recall rights for one year following layoff. Employees will be offered reemployment/recall rights in the same or similar position within the same layoff unit from which the employee was laid off for which they meet the special qualifications and have the relevant experience.
   2. USPS employees have recall rights for one year following layoff. When a vacancy occurs or a new position is established in the same class within the same layoff unit from which the employee was laid off, the employee with the highest number of retention points who meets the specific qualifications for the position will be offered reemployment.
   3. An employee who refuses an offer of reemployment forfeits any further recall rights.

(j) Layoffs are grievable only through the Informal Resolution process in accordance with these rules.

6C4-10.212 Discipline, Misconduct and Incompetence.

(1) The provisions in these rules constitute the basis for just cause disciplinary actions by the University. “Just cause” is defined as:
   (a) Incompetence, which includes, but is not limited to, the documented inability to perform assigned duties and/or substandard performance of assigned duties on a continuing basis; or
   (b) Misconduct.

(2) Discipline includes, oral and written reprimands, involuntary demotion, suspension with or without pay, involuntary reduction in pay for just cause, and dismissal. Discipline does not include transfer, change in assignment, non-reappointment, layoff, voluntary demotion, voluntary reduction in pay, employee evaluations, counseling, or mandatory leave (e.g., military leave, compulsory disability leave, or required use of annual leave).

Specific Authority 1001.74(4), (19), 1012.92 FS. Law Implemented 1001.74(19), 1001.75(3), 1012.80, 1012.92 FS. History—New 10-5-03.
6C4-10.213 Grievances.

(a) Grievances can occur when an employee believes that: a term(s) and/or condition(s) of his/her employment is unjust; in non-disciplinary matters, a University rule or policy has been wrongfully applied to him/her or applied in a manner that violates the rule or policy; or a disciplinary action taken against him/her is inappropriate.

(b) An employee may file a grievance in accordance with these rules if he/she believes that:
1. A term(s) or condition(s) of employment is unjust;
2. In non-disciplinary matters, a University rule or policy has been wrongfully applied to him/her or applied in a manner that violates the rule or policy; or
3. A disciplinary action is inappropriate.

(c) Non-permanent employees (OPS employees or USPS employees without permanent status in any class) and temporary A&P employees may file a grievance only if they believe that a University rule or policy has been wrongfully applied to them or applied in a manner that violates the rule or policy. Such employees may not grieve any action beyond the Informal Resolution process, as defined below.

(d) Except as noted in paragraph (1)(c) above, grievances regarding layoffs from established positions as defined in these rules, non-disciplinary matters, reprimands, and/or actions that do not involve a substantial interest are grievable only through the Informal Resolution process, as defined below.

(e) Except for non-permanent employees and temporary A&P employees, a grievance filed by any employee for disciplinary actions that involve a suspension without pay, involuntary reduction in pay, involuntary demotion, or dismissal, or a grievance filed for other matters involving a substantial interest, may be processed after the waiver or completion of the Informal Resolution process to the next stage of Step 1, as defined below.

(f) Administrative leave, voluntary reductions in pay, voluntary demotions, and oral and written counseling are not disciplinary actions and may not be grieved by any employee.

(g) Removal of pay additives or temporary pay increases, correction of overpayments, or reduction to the maximum of the pay range do not constitute a reduction in pay action and may not be grieved by any employee.

(h) The following employees do not have a right to grieve termination:
1. Non-permanent employees or temporary A&P employees:
2. A&P employees when their appointment ends after they have received a written notice of non-reappointment or have received a written notice upon appointment that employment will cease on the date indicated with no further notice of cessation of employment required; and
3. Employees who voluntarily resign from employment with the University.

(i) Non-permanent employees or temporary A&P employees do not have the right to grieve layoff, as defined in these rules.

(j) A performance evaluation cannot be grieved unless it is alleged that the evaluation is based on factors other than performance. Such evaluation is grievable only through the Information Resolution process, as defined below.

(k) Claims of illegal discrimination are to be filed with the University’s Office of Diversity and Equal Opportunity and any grievance or part of a grievance that makes such claims will not be processed under this rule.

(2) Step 1 of the Grievance Process.

(a) To maintain his/her rights under these rules, an employee must file a Step 1 Grievance by the close of regular business hours no later than thirty (30) calendar days after the act(s) or omission(s) which the employee knows, or should know, constitutes the basis for the grievance. The employee must submit the Step 1 Grievance to the Division of Human Resources.

(b) The Step 1 Grievance must be in writing signed by the Grievant, and must include the following information, at a minimum:
1. The name of the Grievant and of the Grievant’s representative, if any, including contact information;
2. A statement specifying which University rule(s) or policy(s) the Grievant believes were violated, if any;
3. A brief description of the act(s) or omission(s) which the Grievant alleges is the basis for the grievance;
4. The names (including contact information) of any witnesses or of those who have direct knowledge of the alleged act(s) or omission(s); and
5. An explanation of what the Grievant is seeking in order to resolve the matter. A Grievant may also provide any documents that he/she believes support the grievance and is encouraged to do so.

(c) If the Grievant fails to file the signed Step 1 Grievance by the deadline or to include all of the information required for a Step 1 Grievance, the Grievant has no right to further processing of the grievance. The University will be under no further obligation to process the grievance and will notify the Grievant that the grievance will not be processed.

(d) The University encourages open communication between employees and supervisors to address employee concerns before an employee believes it is necessary to file a grievance. The University is committed, whenever possible, to address employee concerns through Informal Resolution. By filing a Step 1 Grievance, a Grievant consents to a mandatory thirty (30) calendar day Informal Resolution process.

(e) The initial thirty (30) calendar day Informal Resolution time period may be extended for a specific period of time by mutual written agreement between the Grievant and the University. This agreement will specifically state any deadline(s) for submitting documents or information required to process the grievance. Upon mutual agreement, the parties may agree to an indefinite extension of the Informal Resolution period.
(f) Notwithstanding paragraph (2)(d), of this rule, the Grievant may specifically request a waiver of the Informal Resolution process for matters involving a substantial interest. This request must be made in writing at the time of filing the Step 1 Grievance and must fully explain the reasons or extenuating circumstances in support of the request for a Step 1 meeting without participating in the Informal Resolution process. For matters involving a substantial interest, the Informal Resolution process will be waived by the Division of Human Resources, without the Grievant’s request or consent, when determined to be in the best interests of the University.

(g) If the Grievant takes no action on the grievance during the Informal Resolution process, the University will treat the grievance as if it is resolved in a satisfactory fashion and accepted by the Grievant at the end of the Informal Resolution period. The University will discontinue any and all further processing of the grievance and will notify the Grievant that all processing of the grievance has ceased.

(h) If the grievance is not resolved in accordance with the Informal Resolution process provided for in these rules, and the grievance is eligible for processing at the next stage of Step 1, as defined above, the Division of Human Resources will designate the University’s Step 1 Representative.

(i) The Step 1 Representative will meet with the Grievant within fourteen (14) calendar days after:
   1. The University’s acceptance of the Grievant’s request for waiver of the Informal Resolution process;
   2. The Division of Human Resources’ waiver of the Informal Resolution process; or
   3. The end of the Informal Resolution process.

   At the Step 1 meeting, the Grievant may, if he/she chooses, present additional information or documents for consideration by the Step 1 Representative. The Step 1 Representative may review and/or use any additional business records of the University that are believed to be relevant to the processing of the grievance.

(j) The Step 1 Representative must issue a written decision no later than thirty (30) calendar days after the Step 1 meeting, unless the Step 1 Representative and the Grievant mutually agree to an extension in writing.

(3) Step 2 of the Grievance Process – Administrative Review.

(a) If the Grievant is not satisfied with the Step 1 decision and the matter involves a substantial interest, the Grievant may request a Step 2 Administrative Review in accordance with this rule. The Step 2 Administrative Review may be conducted by arbitration or an administrative hearing in accordance with Chapter 120, F.S., as defined in subparagraph (3)(b)1. or (3)(b)2. below.

(b)1. A request for a Step 2 Administrative Review by arbitration must be filed by the close of regular business hours no later than fourteen (14) calendar days after the Grievant receives the written Step 1 decision. The request must be submitted in writing to the Office of the General Counsel with a copy to the Division of Human Resources. The request must be signed by the Grievant and must include the following:
   a. A copy of the Step 1 Grievance and all associated documents;
   b. A copy of the Step 1 decision;
   c. If applicable, a list of the rule(s) and/or Policy(s) the Grievant believes may have been misapplied in the Step 1 decision; and
   d. A brief description of the basis for challenging the Step 1 decision.

   The Grievant may also provide any documents that he/she believes will support the request for an Administrative Review.

   2. The Grievant may request a Step 2 Administrative Review conducted in accordance with the provisions of Chapter 120, Administrative Procedure Act, F.S., and Chapter 28-106, F.A.C., Decisions Determining Substantial Interests, by submitting a request to the University’s Office of the General Counsel, with a copy to the CAO and the Division of Human Resources, by the close of regular business hours no later than fourteen (14) calendar days after the Grievant receives the written Step 1 decision.

   (c) It is the Grievant’s obligation to file the Step 2 Administrative Review request in accordance with this rule. If a Grievant fails to file the request by the deadline, to sign the request, or to include all of the information required for the request, the Grievant has no right to further processing of the Administrative Review request. The University will be under no further obligation to process the Administrative Review request and will notify the Grievant of the reasons why the Administrative Review will not be conducted.

   (d) The election of one type of Administrative Review in accordance with this rule constitutes the Grievant’s waiver of any right to avail himself/herself of any of the processes, rights, and/or remedies that may be available in any other process. Once the election is made, a Grievant may not withdraw his/her request to initiate another type of Administrative Review. A Grievant’s withdrawal at any point after filing a request for an Administrative Review will constitute a dismissal of the action with prejudice.

   (4)(a)1. Within ten (10) calendar days of the employee’s election of an Administrative Review by arbitration, the University will notify the Grievant of the name of the next scheduled arbitrator.

   2. Either party may object to the appointment of this arbitrator and request the name of the next available arbitrator within ten (10) calendar days.

   3. Upon the appointment of this arbitrator, the previously non-objecting party may file an objection within ten (10) calendar days.

   4. Unless both parties mutually object to the third arbitrator appointed, this arbitrator will conduct the Administrative Review arbitration.

   5. The University will coordinate with the arbitrator to arrange the date, time, and place of the arbitration, and such communications will not be deemed to be an inappropriate, unethical, or ex parte communication.
6. For purposes of this section only, all notices and/or objections must be received by the other party within the required time period, unless extenuating circumstances interfere with the party’s ability to comply.

   (b) 1. In any non-disciplinary matter or in any non-disciplinary aspect of a case involving multiple issues, the Grievant has the burden of proof and going forward on those non-disciplinary issues at all times.

   2. In any disciplinary matter or in any disciplinary aspect of a case involving multiple issues, the University has the burden of proof and going forward on those disciplinary issues at all times.

(5)(a) The arbitrator’s authority is to determine whether the University had just cause to impose discipline or, for matters not involving discipline, whether the action was appropriately taken by the University.

(b) The arbitrator may use the Florida Rules of Civil Procedure to govern the arbitration. If the arbitrator intends to use any other rules, he/she must notify the parties no later than ten (10) calendar days before the arbitration.

(c) The arbitrator must issue his/her decision within sixty (60) calendar days of the completion of the arbitration. The arbitrator’s decision is binding.

(d) Neither party may appeal the arbitrator’s decision except in accordance with Florida law.

(6) In the event a Grievant is represented by any employee representative entity, the University and that entity will equally bear any fees and/or costs charged for the Administrative Review process. In all other cases, the losing side will bear the cost of any such fees and/or costs for the Administrative Review process.

(7) Time limits in this rule will be calculated in accordance with the Florida rules of Civil Procedure unless otherwise specified in this rule.

CHAPTER 6C4-11 UNIVERSITY ADVANCEMENT

6C4-11.001 Division of University Advancement. (Repealed)
6C4-11.002 Florida Endowment Trust Funds for Eminent Scholars and Challenge Grants.
6C4-11.003 Dissemination of Public Information. (Repealed)
6C4-11.004 Newspaper/Literature Containers on Campus.

6C4-11.002 Florida Endowment Trust Funds for Eminent Scholars and Challenge Grants.

(1) The Trust Funds established in the State Treasury for Eminent Scholars, New Donors, and Major Gifts and administered by the Chancellor of the Florida Board of Regents provide the opportunity for the University of South Florida to receive matching funds for challenge grants to enhance specific programs and activities at the University. The University of South Florida shall administer the Endowment Trust Funds for Eminent Scholars and Challenge Grants as prescribed by BOR Rule 6C-9.019, Florida Administrative Code.

(2) The Vice President for University Advancement acting as Executive Vice President of the University of South Florida Foundation, Inc. shall be responsible for directing the solicitation and acceptance of gifts for Endowment Trust Funds for Eminent Scholars and Challenge Grants at USF, including: communications to donors; negotiation and execution of Endowed Chair Agreements and other Challenge Grant Agreements; reservation and disbursement of Trust Fund challenge grants; and other functions and responsibilities of the Foundation under Florida law and pertinent Endowed Chair Agreements.

(3) The University President shall have the right to approve or disapprove the terms of any agreement to establish a Challenge Grant fund, to establish an Endowed Chair for an Eminent Scholar, or to establish a Distinguished Professorship on the Faculty of the University of South Florida.

(4) Trust Fund Challenge Grants established for the endowment of scholarships, library resources, academic programs and other endowed activities shall be administered as provided by Florida law and the pertinent Endowment Agreements.

(5) The recruiting, selection, appointment and reappointment of Eminent Scholars and Distinguished Professors shall be the responsibility of the University President, Provost and Executive Vice President, and Vice President for Health Sciences, with the advice of the Vice President for University Advancement and the appropriate dean and department head.

(6) The Eminent Scholars and Distinguished Professors shall be individuals outstanding in their field. The University President shall establish a committee to process each application or nomination. The committee will consist of members appointed in accordance with Florida law and BOR and USF rules, policies and procedures, and shall include, but not be limited to, representatives from the Faculty of the University of South Florida and the University of South Florida Foundation. The committee shall recommend to the President for his/her approval one or more eligible candidates as evidenced by his/her previous achievements in:

(a) Contributions to the advancement of knowledge in his/her field as demonstrated by research and other creative activities which have resulted in publication or presentation of speeches or papers,

(b) Teaching excellence,

(c) Ability to attract other kinds of support to the University (e.g., students, scholars, external funding, etc.).

(7) As part of the annual evaluation of employee performance, the appropriate deans or department heads shall annually provide a written evaluation of the performance of Eminent Scholars and Distinguished Professors. This evaluation of performance shall be based on his/her achievements while at the University of South Florida in:

(a) Contributing to the advancement of knowledge in his/her field as demonstrated by research and other creative activities which have resulted in publication or presentation of speeches or papers,

(b) Teaching excellence,

(c) Ability to attract other kinds of support to the University (e.g., students, scholars, external funding, etc.).

(8) This annual written evaluation will be used as a measure in evaluating each Eminent Scholar and Distinguished Professor in achieving the objectives set forth in Florida law.

(9) The routine daily expenditure of available allotted earnings on Challenge Grant Endowment accounts, and accountability for same, and other ongoing support relative to the functioning of the Endowments shall be the responsibility of the dean or department head in accordance with Florida law, BOR, University, and Foundation rules, policies and procedures, and the pertinent Endowment Agreements.

(10) As soon as a prospective donor is identified, the Vice President for University Advancement shall be notified. All further negotiations or matters related to the solicitation of funds for a Challenge Grant Endowment shall then be coordinated with the Vice President, acting on behalf of the Foundation.

(11) All matters related to the solicitation of the gift shall remain confidential until the gift is secure and the donor grants permission for release of pertinent information, except for such disclosures of information as may be required under Florida law.

(12) The Vice President for University Advancement, in cooperation with the Office of Public Affairs, shall coordinate the release of publicity on the establishment of each Challenge Grant Endowment Fund, including notification of key constituent groups.
(13) The Vice President for University Advancement shall be responsible for communications with the BOR regarding the eligibility of prospective gifts for matching Trust Fund challenge grants, and for the prompt reservation and disbursement of such Trust Fund challenge grants for accepted and executed Endowment Funds. Information concerning requirements for eligibility for matching Trust Fund Challenge grants can be obtained from the University Development office.

(14) The Vice President for University Advancement shall maintain a file on each Endowment Challenge Grant fund including but not limited to the following items:

(a) All related correspondence.
(b) Copies of all cancelled checks relating to the payment of the gift.
(c) Copies of the appropriate agreement and other related legal documents. At least one Endowment Agreement with original signatures shall be maintained by the University’s Office of the General Counsel.
(d) All related financial statements.
(e) Eminent Scholar’s or Distinguished Professor’s vita and other pertinent documents.
(f) Copies of announcements and press releases pertinent to the Endowment Fund.
(g) Copies of annual reports submitted to the BOR, donor, and President.

(15) The Vice President for University Advancement shall be responsible for preparing the Foundation’s annual report to the Board of Regents including the information concerning collection, investment, and audit of all funds for each Challenge Grant program. This report may coincide with, but shall be in addition to, the Foundation’s comprehensive annual report to the Board of Regents.

(16) The Vice President for University Advancement shall be responsible for preparing an annual report to each donor including, but not limited to, the following items:

(a) A narrative, submitted by the appropriate dean or department head, relating the activities, accomplishments and current status of the chair and its associated activities.
(b) Any other report or information required by the donor under the pertinent Endowment Agreement.

(17) The Vice President for University Advancement acting as Executive Vice President of the Foundation shall report the actual or projected earnings from each Challenge Grant Endowment account to the Provost and Executive Vice President, or Vice President for Health Sciences prior to the start of each University fiscal year. These offices shall transfer or allocate such available funds, and authorize expenditure thereof by or under the direction of the dean or department head as with any other academic or research account. The appropriate dean or department head shall be responsible for submitting appropriate budget reports on each Challenge Grant Endowment account to the Provost and Executive Vice President, or Vice President for Health Sciences and the Vice President for University Advancement.

(18) In cases where the Challenge Grant Endowment has not yet been fully funded, upon approval from the Foundation and the Provost, and Executive Vice President, and consistent with the pertinent Challenge Grant Endowment agreements, the earnings from a Challenge Grant Endowment account may be expended by the dean or department head in the interim. Such expenditures may include: recruiting the Eminent Scholar or Distinguished Professor; engaging consultants; acquiring supporting equipment or facilities; interim employment of an Eminent Scholar or Distinguished Professor in the specific field for which the Endowment is designated; and any other use directly associated with the development and functioning of the Challenge Grant Endowment fund.

(19) Once sufficient earnings are accumulated on each Endowment account, the Vice President for University Advancement shall notify the Provost and Executive Vice President, or the Vice President for Health Sciences so that approved activities can be initiated. No commitments or obligations shall be made for expenditure of available earnings unless authorized by the Provost and Executive Vice President, or Vice President for Health Sciences upon such notification from the Vice President for University Advancement.

(20) The Vice President for University Advancement shall be responsible for coordinating all official recognition of donors of funds for Challenge Grant Endowments. The Vice President shall draft and propose formal acknowledgement and appreciation letters for the President’s signature. With the exception of personal correspondence by the President or Vice President, all formal contact with Challenge Grant Endowment should be forwarded through or copied to the University Development office.

(21) In cooperation with the academic area receiving the Challenge Grant Endowment, the Vice President shall initiate and coordinate all social activities designed to recognize the donors for their contribution. The Vice President shall be responsible for procuring and delivering USF mementos and tangible forms of recognition.

(22) All media announcements, press releases, and other public communications relative to the establishment and development of a Challenge Grant Endowment shall be the responsibility of the Division of University Advancement through appropriate staff and support from the Office of Public Affairs or the Health Sciences Center. Each formal public announcement of a gift establishing a Challenge Grant Endowment shall be issued by or through the University President.

6C4-11.004 Newspaper/Literature Containers on Campus.

1 In the interests of providing opportunities for members of the USF community to access newspapers and other educational literature and in maintaining an appropriate educational and aesthetic environment, the University will designate areas in which literature containers/dispensers may be placed.
(2) All containers/dispensers must be located in designated areas and may not consist of open racks. No outdoor areas will be designated by the University except those areas under some cover (e.g., breezeway, building overhang).

(3) Requests to place literature racks, stacks or containers on campus or requests for information concerning designated areas should be referred to the Director of Media Relations and Publications. Such requests will be considered in consultation with appropriate personnel in the area(s) of the campus affected, and where space is available will normally be approved, with appropriate notification to the offices concerned.

(4) This rule applies only to newspapers/literature dispensed from containers and does not affect the applicability of any USF rule or policy concerning commercial solicitation.

CHAPTER 6C4-12 RESEARCH

6C4-12.002 Exemptions from General Accounting and Purchasing Procedures.

(1) Purpose – This rule provides procedures for the administration of exemptions of the Division of Sponsored Research from certain general statutory requirements relating to accounting and purchasing.

(2) Purchasing – The Director of the Division of Sponsored Research may authorize the exemption of a contract related to a research project from the competitive bidding requirements of Sections 287.057 and 287.062, Florida Statutes, in accordance with the following provisions.

(a) The Principal Investigator will submit a memorandum to the Director of the Division of Sponsored Research requesting the exemption of a contract. This memorandum must contain a justification for the request and information showing that some form of price comparison or some form of price reasonableness has been performed.

(b) In order to authorize the exemption of a contract, the Director of the Division of Sponsored Research will complete and submit a certification to the Director of the Division of Purchasing. This certification is made with USF Form DSRPE1 Eff. 12/90 “Exemptions from General Accounting and Purchasing Procedures”, incorporated herein. Pursuant to USF Form DSRPE1, the Director of the Division of Sponsored Research must certify that the purchase of goods or services is fully funded from sponsored research funds and that one or more of the following conditions exist in order to support the exemption.

1. A certain vendor is specified in a prime contract or grant award.
2. A certain vendor is approved in writing by the prime contractor or granting agency in accordance with the provisions of the prime contract or grant award.
3. The purchase of specific goods or services from a certain vendor can be demonstrated to be more efficient or expeditious based on compatibility, availability, or the current capabilities of the principal investigator and staff.
4. The purchase of specific goods or services from a certain vendor can be demonstrated to be necessary to meet the time requirements of the prime contract or grant award.
5. The purchase of specific goods or services from a certain vendor can be demonstrated to be mandated by scientific or technical requirements.
6. The purchase of specific goods or services from a certain vendor can be demonstrated to be at a cost below industry norms.
7. Other conditions which demonstrate that the exemption is necessary for the efficient or expeditious prosecution of a research project.

(c) Payments made for purchases under a sponsored research exemption may not subsequently be reimbursed from other University funds.

(d) It is not required that the Director of the Division of Purchasing agree with the exemption of a research contract from the general purchasing requirements. However, the Director of the Division of Sponsored Research may seek the advice and counsel of the Director of the Division of Purchasing.

(3) Confidentiality – The Director of the Division of Sponsored Research may authorize the exemption of a contract related to a research project from the requirement of Section 287.058(1)(c), Florida Statutes. In order to authorize the exemption of a contract from this requirement, the Director of the Division of Sponsored Research will complete and submit a certification to the Director of the Division of Purchasing. This certification is made with USF Form DSRPE1. Pursuant to USF Form DSRPE1, the Director of the Division of Sponsored Research must certify that the level of detail and documentation for reporting and payment required by the prime contractor or granting agency in the provisions of the prime contract or grant award, or approved in writing by the sponsor, is less than that required by the State of Florida.

(4) Documentation – The Director of the Division of Sponsored Research may authorize the exemption of a contract related to a research project from the requirement of Chapter 215, Florida Statutes, and related rules and practices in implementation thereof, relative to the level of detail and documentation for reporting and payment, in accordance with the following provisions.

(a) In order to authorize the exemption of a contract from this requirement, the Director of the Division of Sponsored Research will complete and submit a certification to the Director of the Division of Purchasing. This certification is made with USF Form DSRPE1. Pursuant to USF Form DSRPE1, the Director of the Division of Sponsored Research must certify that the level of detail and documentation for reporting and payment required by the prime contractor or granting agency in the provisions of the prime contract or grant award, or approved in writing by the sponsor, is less than that required by the State of Florida.

(b) When an exemption from the general provisions of Chapter 215, Florida Statutes, and related rules and practices, is authorized, subcontractors’ invoices shall contain a level of detail that is commensurate with the level of detail and reporting required of the university by the prime contract or grant award. It is not necessary for copies of receipts to be obtained or submitted.
with the voucher to the State Comptroller for the payment of such invoices if the invoice contains a statement certifying that receipts in support of the itemized invoice are maintained in the contractor’s records and may be inspected by officials of the State of Florida.

(5) Advance Payment – The Director of the Division of Sponsored Research may authorize the exemption of a contract related to a research project from the requirement of Chapter 215, Florida Statutes, and related rules and practices, relative to advance payments, in accordance with the following provisions.

(a) In order to authorize the exemption of a contract from this requirement, the Director of the Division of Sponsored Research will complete and submit a certification to the Director of the Division of Purchasing. This certification is made with USF Form DSRPE1. Pursuant to USF Form DSRPE1, the Director of the Division of Sponsored Research must certify that the subcontractor or vendor requests an advance payment and it can be demonstrated that the advance payment is necessary to fund extensive start-up costs, realize discounts or cost savings, or create adequate cash flow in order to provide required goods or services. The University shall retain the documentation justifying advance payments in the Division of Sponsored Research Office contract file and implement appropriate procedures to ensure that goods and services are received as required.

(b)1. If an exemption from the general provisions of Chapter 215, Florida Statutes, and related rules and practices, is authorized by the Director of Sponsored Research, the provisions of the contract between the university and the subcontractor must include essentially the following language:

2. The contractor agrees to return to the University any overpayments due to unearned funds or funds disallowed pursuant to the terms of this Contract or by the “Primary Awarding Agency” that were disbursed to the Contractor by the University. Such funds shall be considered University funds and shall be refunded to the University within 45 days following the time the overpayment and/or disallowance is discovered unless otherwise authorized by the University in writing. In addition, the Contractor agrees to exclude from its expenditure reports and any other claims for reimbursement any amounts disallowed by the “Primary Awarding Agency” and the University in accordance with the terms of this Contract.

(6) Travel – The Director of the Division of Sponsored Research may authorize the exemption of a subcontract related to a research project from the requirement of Section 112.061, Florida Statutes, and related rules and practice in implementation thereof. In order to authorize the exemption of a subcontract from this requirement, the Director of the Division of Sponsored Research will complete and submit a certification to the Director of the Division of Purchasing. This certification is made with USF Form DSRPE1. Pursuant to USF Form DSRPE1, the Director of the Division of Sponsored Research must certify that non-State of Florida personnel performing travel under the sponsored research subcontract will be reimbursed for travel expenses in accordance with the provisions of the applicable prime contract or grant and the travel allowances established by the subcontract.

(7) Other – The Director of the Division of Sponsored Research may authorize the exemption of a contract related to a research project from other requirements or laws in conflict with Section 240.241, Florida Statutes, including Chapters 215, 216, 283 and 287, Florida Statutes. In order to authorize the exemption of a contract from said requirements or laws, the Director of the Division of Sponsored Research will complete and submit a certification to the Director of the Division of Purchasing. This certification is made with USF Form DSRPE1. Pursuant to USF Form DSRPE1, the Director of the Division of Sponsored Research must certify that there are conditions which can be demonstrated to meet the statutory criteria of “necessary for the efficient or expeditious prosecution of a research project”. The specific conditions must be fully explained in USF Form DSRPE1.

(8) A copy of the pertinent USF Form DSRPE1 shall be made a permanent part of the documentation contained in the Division of Sponsored Research Office file relative to the research contract for which an exemption is authorized. A copy of the pertinent USF Form DSRPE1, along with a copy of the contract, shall be forwarded to the State Comptroller as an attachment to the voucher for the payment of the first invoice. Additionally, a copy of all written documentation to support the use of the exemption shall be made a permanent part of the documentation contained in the Division of Sponsored Research Office file relative to the research contract for which an exemption is authorized.

6C4-13.002 University of South Florida Direct-Support Organizations.

(1) An organization may request approval by the University of South Florida (“University”) Board of Trustees (“University Board”) to become a direct-support organization, as provided in Section 1004.28, Florida Statutes. Upon approval by said University Board, a direct-support organization shall be certified and authorized to use the property, facilities and personnel services of the University to the extent permissible by applicable law, the conditions prescribed by this rule, and internal management memoranda of the University.

(2) The Articles of Incorporation and Bylaws of a direct-support organization of the University and all amendments of such Articles or Bylaws, shall be subject to recommendation by the President of the University (“President”) to the University Board for review and approval.

(3) Operating budgets of direct-support organizations shall be prepared at least annually, approved by the organization’s governing board, and presented by the President to the University Board for review and approval.

(4) Expenditure plans of direct-support organizations shall be reviewed and approved quarterly by the President or designee; said designee shall be a vice president, provost or other duly authorized senior officer of the University reporting directly to the President and having operational responsibility on behalf of the University for the direct-support organization.

(5) Direct-support organizations shall provide for an annual financial audit and management letter, as prescribed by applicable law, rules, and in accordance therewith, internal management memoranda of the University, which shall be forwarded to the University Board for review, oversight and approval.

(6) The University Board shall revoke certification of an organization as a direct-support organization of the University if it determines, in its sole discretion, that the organization is no longer serving the best interest of the University. The University Board shall determine the disposition of the organization’s assets and liabilities in accordance with applicable laws, the organization’s Articles of Incorporation, and Bylaws.

6C5-1.001 General Information.
Florida Atlantic University (FAU) is a state university having the principal assignment of educating undergraduate and graduate students. It is also a center for the development of new knowledge through research, for dissemination of knowledge and culture through public and professional service, and for the preservation of knowledge through the maintenance of library and archival materials. The University is part of the State University System. Administrative officers and other employees are appointed as needed by the president, subject to rules of the Board of Regents where required. The general office of Florida Atlantic University is located on the University campus in Boca Raton. Normal office hours are from 8 a.m. to 5 p.m. weekdays. Applications for admission are available from the director of admissions and general student information and forms are obtained from the Office of the Registrar. Memoranda of internal management such as may be referred to in these rules are available in the office of the appropriate Vice President or University Provost.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(1), (5) FS. History–New 10-1-75, Amended 12-17-78, Formerly 6C5-1.01, Amended 11-11-87.

6C5-1.002 Administrative Organization.
(1) The principal officers of the University are:
(a) The President. The president is the chief executive officer of the University and is responsible for the operation and administration of the University. He/she is appointed by the Board of Regents.
(b) The University Provost. The University Provost shall be responsible to the President for the administration of the academic affairs of the University and shall perform such other duties as the President may designate.
(c) The Vice President for Administrative Affairs. The Vice President for Administrative Affairs shall be responsible to the President for the administration of the University’s business affairs and for campus security at the University, and shall perform such other duties as the President may designate.
(d) The Vice President for University Relations. The Vice President for University Relations shall be responsible to the President for the administration of the Division of University Relations, the Division of Development/Alumni Affairs and the Florida Atlantic University Foundation, to encourage advocacy and support of the University by its various constituencies, the general public and the media and to perform such other duties as the President may designate.
(e) The Vice President for Student Affairs. The Vice President for Student Affairs shall be responsible to the President for the administration of the University’s student affairs and shall perform such other duties as the President may designate.
(f) Other Administrative Officers. The President may appoint, subject to the rules of the Board of Regents, such other administrative officers as he/she deems necessary with assignment of duties in the interest of the University.

(2) The academic programs of the University shall be administered by the Colleges. Creation of a new College shall require study and recommendation by the University senate and approval by the President and the Board of Regents. The President grants degrees on the recommendation of the faculties of the several Colleges. The Deans of the several Colleges shall administer the academic and budgetary policies of the Colleges and are responsible to the Vice President for Academic Affairs.

(3) Academic units such as the Library, Division of Learning Resources, Computer Center, Office of the Registrar, Institutes, Division of Sponsored Research, Division of Continuing Education, and similar University agencies shall be administered by the Vice President for Academic Affairs unless otherwise specified by the President.

(4) Organizational Chart. The graphic description of lines of authority on file in the President’s office shall be the organization of the University until changed by the President as prescribed by these rules.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(1), (5), (21), (23) FS. History–New 10-1-75, Amended 5-24-76, 12-17-78, 11-1-82, Formerly 6C5-1.02, Amended 11-11-87.
6C5-1.003 University Senate.
(1) The University Senate shall be the representative body of the academic community of the University. In this capacity, the Senate shall take cognizance of and comply with Board of Regents’ policies on all matters which concern the University. The Senate shall be primarily concerned with:
(a) Matters of general educational policy, including curriculum, admission, degree programs, and registration;
(b) Matters of general faculty interest, including tenure, hiring policies, promotion, academic freedom, and conditions of employment;
(c) Student affairs;
(d) Certain administrative procedures of general University interest, including college or division reorganization, the budgetary process, and the awarding of honorary degrees.
(2) In exercising its functions,
(a) The Senate may recommend rules pursuant to Section 120.54(5), F.S. The President will respond in writing to the Senate, accepting or rejecting the recommendation within 30 days.
(b) The President shall respond in writing within 60 days to Senate recommendations which do not require rules.
(c) Senate recommendations shall prevail in matters of curricula, if not in conflict with University rules, the Board of Regents’ policies or rules, other state or federal rules or statutes and if not vetoed by the President in writing in 60 days of adoption.
(3) The University Senate may perform all activities consistent with its purposes as set forth above and may promulgate its constitution, by-laws and such other guidelines for operation as may be necessary and in conformance with applicable laws, rules of the Board of Regents and these rules of the University.

6C5-1.004 Statutory References.
Florida Atlantic University is governed by the laws of Florida and applicable rules implementing such laws as may be published in the Florida Administrative Code. Persons doing business with the University are directed to Chapter 240, F.S., and should be aware that other laws and rules also may apply.

6C5-1.005 Public Information and Inspection of Records.
All records of the University are open for public access during normal office hours except records excluded by law. Persons qualified by law or agency rule may examine student records through the office of the Registrar and may examine personnel records through the office of the Director of Personnel. Fiscal and business records are available through the office of the Vice President for Administrative Affairs. Copies of public records may be procured upon payment of such costs of reproduction as may be provided by law.

6C5-1.006 Declaratory Statements.
Chapter 28-4, F.A.C., Rules of the Administration Commission, containing the model rules of procedure pertaining to declaratory statements pursuant to Section 120.565 F.S. is hereby incorporated by reference as the University rule.

6C5-1.007 Agency Clerk.
(1) The University by this rule designates the executive secretary to the President of the University as the Agency Clerk.
(2) The address of the Agency Clerk is Room 333, Administration Building, Florida Atlantic University, Boca Raton, Florida 33431. Telephone: Area Code (305) 393-3450.
(3) Duties and responsibilities and the implementation of the duties and responsibilities of the Agency Clerk shall be such as mandated by Chapter 120, Florida Statutes and other applicable law and rules.

CHAPTER 6C5-2 ACADEMIC AFFAIRS

6C5-2.001 Admission Requirements.
6C5-2.002 Course Repetition and Grade Forgiveness.
6C5-2.003 Degree Requirements.
6C5-2.004 Enrollment Priorities and Limitations.
6C5-2.005 Sponsored Research Exemptions.

6C5-2.001 Admission Requirements.

(1) Florida Atlantic University (FAU) encourages applications from qualified applicants and is committed to non-discrimination regardless of race, creed, color, sex, ethnic origin, age or physical handicap. Application materials may be obtained from the Director of Admissions, FAU, Boca Raton, Florida 33431.

(2) Applications for admission to FAU should normally be filed with the Director of Admissions no less than three months, and no more than twelve months, prior to the anticipated date of registration. Applications remain in effect for one academic year only.

(a) If the number of qualified applicants exceeds the number that the University is permitted to enroll, admissions will be on a selective basis. The selection process may include such factors as grades, test scores, educational objectives, class rank, pattern of courses completed, school recommendations, personal recommendations, and personal records. Priorities for admission will be as outlined in Rule 6C5-2.004, F.A.C. Enrollment Priorities and Limitations. In addition, maximum numbers of credit hours allowed may be limited. Application of these criteria to prospective students will be made in such a way as to avoid reducing the proportion of minority students. Waiver of admission criteria up to the maximum allowed by the Board of Regents may be utilized for minority students. FAU is committed to realizing the goals established under the Equal Opportunity Plan of Florida (See Section 110.112, F.S., re Affirmative Action).

(b) Applications must be accompanied by a non-refundable application fee.

(c) Official transcripts from all previous institutions attended must be forwarded to the Director of Admissions.

(3) Admission and credit by examination is permitted.

(4) Requirements for Admission.

(a) Faculty Scholars. Students may be admitted directly to the upper division without prior higher education experience on the basis of outstanding performance in high school and compliance with the following requirements:

1. Receipt and submission of satisfactory scores on either the Scholastic Aptitude Test of the College Board or the American College Testing Program.
2. Demonstrated competence in English composition.
3. Favorable recommendations from the student’s high school guidance counselor.
4. Approval by the affected department on the basis of personal interviews.

(b) Undergraduate Upper-Division Transfer.

1. Applicants must be in good standing at the last institution attended.
2. Applicants holding an Associate in Arts (A.A.) degree from a Florida public community college or university are academically qualified for admission under the articulation agreement between the State University System and the Division of Community Colleges of Florida (See BOR Rule 6C-5.004, F.A.C.).
3. Applicants not holding an A.A. degree must satisfy all of the following:
   a. Successful completion of at least 60 semester (90 quarter) hours of academic credit at an approved college or university.
   b. An overall C or higher average in all college work attempted, using only the final grade earned in repeated courses.
   c. Successful completion of a general education program consisting of 36 semester hours (54 quarter hours) including the following specific requirements:

d. Curriculum content and determination of preparedness for participation in the curriculum is within the purview of the several colleges. (In extraordinary circumstances a student who fails to meet the regular admission requirements may be admitted with the approval of both the Director of Admissions and the dean of the college in which he or she will enroll, under conditions specified by the University Admissions Committee). A student who fails to meet admission requirements may appeal to the Academic Petitions Committee for waiver of admission requirements.

(c) Graduate – Master’s Degrees.
1. Applicants must hold a baccalaureate degree from an approved college or university.
2. Applicants must have a B or higher average on the last 60 semester (90 quarter) hours of work prior to receipt of the bachelor’s degree, or a score of 1000 or higher on the verbal/quantitative sections of the Graduate Record Examination (GRE). For master of business administration applicants, a score of 450 or higher on the Graduate Management Admission Test (GMAT) is required.
3. Applicants must have the approval of the college in which admission is sought.

(d) Graduate – Specialist and Doctoral Degrees.
1. Applicants must have a master’s degree from an approved college or university.
2. Proof of required grade point averages and GRE scores for the Department of Curriculum and Instruction and the Department of Counselor Education must be submitted as follows:
   a. An average of 3.25 or higher on all graduate work attempted, and
   b. A score of 1000 or higher on the verbal/quantitative sections and a score equivalent to at least the 50th percentile on the appropriate advanced test of the GRE.
3. Proof of required grade point averages and GRE scores for the Department of Administration and Supervision as provided in a. or b. below must be submitted:
   a. An average of 3.0 or higher in the last 60 semester (90 quarter) hours of work prior to the receipt of the baccalaureate degree, an average of 3.25 or higher on all graduate work attempted, a score equivalent to at least the 50th percentile on the appropriate advanced test of the GRE, and an official GRE aptitude test score on file.
   b. A score of 1000 or higher on the aptitude test of the GRE (verbal plus quantitative), and a score equivalent to at least the 50th percentile on the appropriate advanced test of the GRE.
4. Applicants must have at least three years of full-time teaching experience or its equivalent.
5. Applicants must be approved for admission by the department in which the applicant is seeking a degree and by the College of Education.

(e) Foreign Student Admission. Applicants who are present in this country on student visas must satisfy all University and college requirements for admission. Additionally, applicants are required to:
1. Submit application for admission at least three (3) months prior to the date classes begin for any term.
2. Submit scores on the test of English as a foreign language (TOEFL) to show proficiency in English.
3. Submit two financial statements showing amounts and sources of financial support.
4. Submit required health forms to the University Health Service attesting to the good health of the applicants and proof of acceptable major medical insurance coverage (see University Rule 6C5-4.010, F.A.C.).

(f) Non-Degree. Non-degree seeking students registrations must be endorsed each term by the dean of the college in which the student takes course-work. Registration in this category is on a space available basis.

(g) Re-admission.
1. Students must be in good standing at FAU or other institutions attended since enrollment at FAU to be eligible for re-admission.

2. Students must submit applications for re-admission if enrollment is not continuous. Students not enrolled in summer sessions who have attended the preceding spring semester are considered to be continuously enrolled.

(5) Applicants who meet the minimum system-wide standards and have been denied admission to graduate study at FAU may request reconsideration in writing within thirty days of the date of denial. Such requests should be sent to the chairperson of the department to which the applicants seek admission and should include the reasons for requesting reconsideration. Supporting materials and information justifying the request should be supplied. Requests for reconsideration and all supporting documentation will be reviewed by the department and/or college. Departmental and/or college recommendations will be forwarded with all documentation to the University Graduate Council for action. Applicants will be provided timely notification of determinations.

(6) Other general requirements and policies.
(a) A placement examination must be taken by undergraduate students.
(b) Registration is required during the term of admission.
(c) The GRE must be taken by degree-seeking students.
(d) Orientation must be completed by undergraduate students.
(e) Special College Admission Requirements.
1. Engineering – Master’s Degree.
   a. A baccalaureate degree in engineering or the physical sciences.
   b. A 3.0 (on a 4.0 scale) grade point average in the last 60 semester (90 quarter) hours attempted prior to receipt of the bachelor’s degree.
   c. A combined score of 1000 or higher on the verbal and quantitative portion of the GRE.
   a. Approval of the proposed major department.
   b. A quantitative-verbal score of 1100 or higher on the aptitude portion of the GRE.
   c. A 3.0 average in the last 60 semester (90 quarter) hours of undergraduate work prior to receipt of the bachelor’s degree.
   a. Approval of the proposed major department.
   b. A quantitative-verbal total score of 1000 or higher on the aptitude portion of the GRE.
   c. An average of 3.0 or higher in the last 60 semester (90 quarter) hours of work prior to the receipt of the baccalaureate degree.

(a) A student who registers for a course but fails to meet the course requirements, without officially dropping the course, will receive a grade of F in the course.

(b) A student who is passing a course but has not completed all of the required work due to circumstances beyond his control may, with the approval of the instructor, receive a grade of incomplete which is a deferred grade, and is not used in computing a student’s grade average. Failure to complete the course requirements may result in changing the incomplete to an F at any time after the quarter in which the incomplete was received, at the discretion of the instructor or, in his or her absence, of the department chairperson.

(c) Courses may be dropped or added during the first three weeks of the quarter without penalty. Courses dropped during the 4th and 5th weeks of the quarter are graded W. Courses cannot be dropped after the end of the fifth week of the quarter without receiving a grade of F.
(d) Withdrawal from the university may occur during the first three weeks of a quarter and the student will not receive grades nor will the courses appear on the academic record. Withdrawal from the university during the fourth through the eighth week of the quarter will result in grades of W. A student who withdraws from the university after the eighth week of the quarter will receive a failing grade in each course for which he or she is registered.

(2) In certain designated courses students may elect to receive a grade of pass (P) or fail (F) rather than a standard grade. The following limitations apply:

(a) The student who chooses to register for the pass-fail grading system in a course may not convert his registration in that course to the regular grading system after the official deadline for adding courses.

(b) The student who chooses to register for the regular grading system in a course may not convert his registration in that course to the pass-fail option after the official deadline for adding courses.

(c) The pass-fail option is not available to any student for a course in his or her major field of study.

(d) The student may not elect the pass-fail option while on probation.

(e) The maximum credit available to any student on the pass-fail option is one course per term, up to a cumulative total of 18 credits.

(3) Grade point average computation and requirements:

(a) An undergraduate student’s grade point average is computed by dividing the sum of all grade points earned at FAU by the total number of credits in all courses for which grades of A, B, C, D, or F have been received. Where the student’s last previous grade in a course is a grade of D or F only the final grade in the repeated course shall be used in computing the grade point average. A student who has earned a grade of C, B, or A is allowed to repeat a course only one time, and the grade previously received will be averaged with the most recent grade received to get the final grade for the course. The student must request that this policy be applied, and the course repeated must be verified by the department as a previously taken course. Courses in which grades of W, S, U, I or P have been received will not be used in computing a student’s grade point average.

(b) An average of 2.0 or higher on all work attempted is required for the baccalaureate degree.

(c) A student whose academic performance is unsatisfactory in any course may be dropped from the course with a failing grade after written warning by the instructor. Courses failed in this manner are regarded as hours attempted in the computation of the grade point average for the term.

(d) A graduate student’s grade point average is computed on the basis of course work taken after admission to the master’s program by dividing the sum of the grade points earned at FAU by the total number of credits in all courses for which grades of A, B, C, D, or F have been received. A maximum of 15 hours completed at FAU prior to admission to the graduate program may be applied to that program and incorporated into the grade point average computation, at the request of the student’s supervisory committee. Any course taken after admission to the graduate program, but not applicable to that program, may be excluded from the graduate grade point average computation if so requested by the student prior to the end of the add period for the term in which the course is taken.

(e) Satisfactory scholarship in a graduate program is defined as an average of 3.0 or higher in all work attempted while enrolled as a graduate student or taken for graduate credit while enrolled as an undergraduate student. No credit is counted toward a graduate degree from any course in which the grade earned is below C.

(4) All students are responsible for informing themselves of all rules, regulations and requirements; for complying with all official procedures; and for fulfilling all course and degree requirements in proper sequence with satisfactory scholarship.

(5) Undergraduate probation for academic deficiency:

(a) A student who fails to earn a satisfactory average (2.0 or higher) on all work attempted in any term is considered to be on academic probation.

(b) A student on academic probation who fails to earn a 2.0 average on all work attempted in any term but who has cumulative average of 2.0 or higher at Florida Atlantic University will be continued on academic probation.

(c) A student on academic probation who earns a 2.0 average or higher in his next period of enrollment but whose cumulative average at Florida Atlantic University is lower than 2.0 will be continued on academic probation.

(d) Academic probation may be removed only by earning a 2.0 average or higher in all work attempted in his next period of enrollment and having a cumulative average of 2.0 or higher at Florida Atlantic University.

(6) Undergraduate suspension and dismissal.

(a) A student on academic probation who fails to earn a 2.0 average on all work attempted in any term and who has a cumulative average lower than 2.0 at Florida Atlantic University will be suspended from the university. A student may apply for readmission after a minimum of two quarters, and if granted readmission, will be readmitted on academic probation. Failure to meet the terms of probation will result in dismissal from the university and the student will not be eligible for readmission.

(7) Undergraduate honors.

(a) Undergraduate students completing a full-time load (at least 12 quarter hours) with a grade point average of 3.0 or higher and who rank in the upper ten percent of the students enrolled in their college will be placed on the dean’s list which is published at the end of every quarter.

(b) The president’s honors list, published at the end of each quarter of the academic year includes the names of all undergraduate students completing a full-time load (at least 12 quarter hours) who have attained a grade point average of 4.0.
(c) The selection of honors lists students is based on grades reported on the official grade reporting date for each quarter. No changes are made to the lists as a result of grade changes and removal of I grades. P grades are not used in determining eligibility.

(d) A small number of baccalaureate degrees “with honors,” are granted, subject to the following regulations:
   1. The student must have earned at least 75 quarter credits at FAU.
   2. The student must have attained a Florida Atlantic University average of 3.6.
   3. The student must be recommended for graduation “with honors” by the faculty of the college that is granting the degree.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (28) FS. History–New 10-1-75, Amended 7-7-81, Formerly 6C5-2.02.

6C5-2.003 Degree Requirements.
(1) Baccalaureate degrees will be conferred by Florida Atlantic University as appropriately indicated under the curriculum of each college. General requirements for all baccalaureate degrees are:
   (a) A minimum of 180 hours in academic courses (subject to additional requirements of the colleges). At least half of the degree program must be completed at the upper division level.
   (b) The last 45 hours in the degree program must be taken in residence.
   (c) The candidate must have earned an average of C or higher in all work attempted at Florida Atlantic University.
   (d) At least 18 quarter hours of the upper-division work presented for the degree must be taken outside the college of enrollment.

   (e) Students must file formal application for a degree in the office of the registrar in the quarter in which they expect to receive the degree. The official calendar published in the catalog designates the last date on which this can be done.

(2) Bachelor of arts and bachelor of science. These degrees are regularly offered for completion of programs in the colleges of humanities, science and social science but are available to students in all colleges. Florida Atlantic University will award the bachelor of arts or the bachelor of science degrees to students who meet the following requirements:
   (a) All of the general baccalaureate degree requirements of the university.
   (b) All bachelor of arts or bachelor of science requirements of the college in which the student is registered.
   (c) Proficiency in a foreign language except where a substitute requirement for the bachelor of science degree is approved by the curriculum committee.

(3) Second baccalaureate degree. The requirements for a second baccalaureate degree are:
   (a) A minimum of 45 credits in residence in addition to the first degree (a minimum total of 225 credits for concurrent degrees) must be completed.
   (b) The student must meet the admission requirements of the college granting the second degree.
   (c) All college degree requirements must be met.

(4) Undergraduate enrollment in graduate courses.
   (a) Undergraduate students within 30 quarter hours of fulfilling their baccalaureate degree requirements, who have at least a 3.0 average, may enroll in graduate courses (600 level) for credit with permission of their department chairperson and the instructor of the course. A maximum of 15 quarter graduate credits, taken before the student has fulfilled the baccalaureate requirements, may be applied to a graduate program with the approval of the department. No credits applied toward a graduate degree may be used to fulfill requirements for the baccalaureate degree. Suitably prepared undergraduate students may, with the consent of the instructor of the course, their advisor and the dean for advanced studies, enroll in 600 level courses for undergraduate credit.

(5) Master's degrees are conferred by Florida Atlantic University as indicated under the curriculum of each college. General requirements for all master’s degrees are:
   (a) A minimum of 45 credits shall be earned.
   (b) At least on-half of the credits included in any master’s degree program shall be designated at 600 level courses or above.
   (c) At least one-half of the credits offered for any master’s degree shall be in a single field of concentration.
   (d) A minimum grade point average of 3.0 shall be earned on all work attempted in a graduate program.
   (e) Students seeking the master of arts or master of science degree must have satisfied the foreign language requirement before being admitted to candidacy.
   (f) Students must file formal application for a degree in the office of the registrar in the quarter in which they expect to receive the degree. The official calendar published in the catalog designates the last date on which this can be done.
   (g) No credit may be counted toward a graduate degree at Florida Atlantic University which is more than seven years old at the time the degree is awarded.
   (h) The student should consult that portion of the catalog dealing with the chosen program for any special or additional requirements for the graduate degree being sought.

(6) Requirements for the master of arts or master of science degrees are:
   (a) A thesis prepared under the supervision of a major professor and graduate committee appointed for each student by the chairman of the major department with the approval of the dean of the student’s college. The thesis must be an original work in the student’s major area of specialization.
(b) Demonstrated reading knowledge of a foreign language appropriate to the student’s area of specialization and certified by the department of languages and linguistics.

(c) A minimum of 45 credits earned beyond the requirements of the bachelor’s degree, of which at least 10 credits must be in graduate level courses in the major. Thesis course credit is in addition to this requirement in the major and is determined by the major department.

(d) Such additional requirements as the faculty of a college or department may consider desirable, e.g., courses in research methodology, orientation examinations, qualifying examinations, comprehensive examination or oral examination in defense of the thesis.

(7) The master of arts in teaching and master of science in teaching degrees are offered in any department which offers the master of arts or master of science degree. These degrees are offered to prepare teachers of the major subject at the secondary and junior college level.

(a) The admission requirements are outlined in the section on graduate admission requirements. If the student is planning to teach in high school, a regular Rank III secondary certificate valid in Florida is required.

(b) Degree requirements are a minimum of 45 quarter credits (excluding internship) beyond the baccalaureate which include:
   1. Major field. A minimum of 27 quarter credits in the major subject, of which 18 must be in graduate level courses.
   2. Cognate requirement. A minimum of 8 credits in education. Another cognate field may be substituted if the student is planning to teach in high school and holds a Rank III secondary certificate; or, if the student intends to teach in junior college and has completed one course each concerning the junior college student and community college philosophy.
   3. Thesis and research methodology. A minimum of 6 credits involving the study and report of a significant instructional problem in the major discipline. The thesis may be waived and course work substituted by the supervisory committee or advisor.
   4. Internship. 9 credits. The internship requirement may be waived if two years of competent teaching experience is attested by the college of education, or the student has satisfactorily completed student teaching or a teaching internship at the secondary or the junior college level. The internship will be assigned by the major department but will be coordinated through the college of education.

(8) A second master’s degree will not be conferred upon the same individual unless the second degree represents at least 45 hours of additional work and until all of the requirements of the college awarding the degree have been met.

(9) Admission to candidacy. Each college will prescribe the conditions under which the student will be admitted to candidacy. To be eligible for candidacy the student must file an approved plan of work. In preparing the plan, the student should evaluate his or her professional objectives as well as all degree, departmental and college requirements. After the plan has been filed, subsequent changes must be approved by the dean of the college.

(10) The college of education offers programs of study leading to the education specialist degree in administration and supervision, curriculum and instruction (community college instruction) and guidance and counseling. The doctor of education degree is offered in administration and supervision, and curriculum and instruction in community college instruction.

(a) Specialist Degree Requirements.
   1. Completion of a minimum of 50 hours above the Master’s degree on an approved program.
   2. Completion of a minimum of 30 quarter credits after admission to candidacy.
   3. Completion at least one quarter of full-time graduate study at Florida Atlantic University.
   4. Achieve a grade point average of at least 3.0 on all graduate work attempted.
   5. Completion of all internship and/or teaching experience required.
   6. Completion of specialization requirement of 25-30 credits of graduate level courses.
   7. Completion of 20-25 credits of cognate requirements in one or more fields outside of the specialization.
   8. Pass qualifying examination.
   9. Completion of the entire program of studies, as certified by the student’s advisor or chairman.
   10. Be recommended for the degree by the College of Education faculty.

(b) Doctoral Degree Requirements.
   1. Administration and Supervision.
      a. The total earned post-baccalaureate credit in the planned program shall be no less than 135 quarter credits.
      b. Research and Statistics: This requirement to be satisfied by 5 credits in statistics in the social sciences, 5 credits in advanced statistics in education, and 5 credits in education research . . . 15 credits.
      c. Pass qualifying examination.
      d. Dissertation: The dissertation must be a scholarly work of recognized caliber which contributes to original knowledge or attacks a significant field or professional problem . . . 30 credits.
      e. A supervised internship of field project, where appropriate, may be required.
      f. Completion of at least three quarter hours of full-time resident graduate study beyond the Master’s.
      g. Completion of a minimum of 30 quarter credits after admission to candidacy.
      h. Pass an examination defense of the dissertation.
      i. Recommended for the degree by the faculty of the College of Education.
   2. Curriculum and Instruction.
      a. First teaching field in graduate level courses . . . 44 credits.
b. Cognate to first teaching field . . . 24 credits.
c. Professional education in graduate level courses. This work must include Community College Curriculum, Learning Theory, and Testing and Evaluation . . . 30 credits.
d. Research and Statistics: This requirement to be satisfied by 5 credits in statistics in the social sciences, 5 credits in advanced statistics in education, and 5 credits in education research . . . 15 credits.
e. Qualifying Examination: Pass the exam.
f. Dissertation: The dissertation will be either an original contribution to knowledge or a study problem in the first teaching field. Eligibility for dissertation credit comes only after admission to candidacy . . . minimum of 30 credits.
g. Supervised Internship: This requirement may be satisfied by experience in teaching at the college level . . . 9 credits.
h. Completion of at least three quarters of full-time resident graduate study beyond the Master’s.
i. Completion of a minimum of 30 quarter credits after admission to candidacy.
j. Pass an examination in defense of the dissertation.
k. Be recommended for the degree by the faculty of the College of Education.

(1) Residence requirements for graduate degrees.
(a) Students completing master’s thesis or doctoral dissertations must register in the term in which the degree is to be awarded.
(b) Education specialist candidates must complete at least one quarter of full-time graduate study on campus.
(c) Doctor of education candidates must have at least three quarters of full-time resident graduate study beyond the master’s degree.

(12) Course loads for undergraduate and graduate students.
(a) Full-time undergraduate students are those who are registered for 12 or more credits in any quarter.
(b) Part-time undergraduate students are those who are registered for less than 12 credits. Students who drop courses during a quarter and reduce their registration below 12 credits will be regarded as part-time students.
(c) Full-time graduate students are those who are registered for 9 or more quarter credits of work.
(d) Graduate students who drop courses during a quarter and reduce their registration below 9 quarter credits will be regarded as part-time students.
(e) As determined by the Board of Regents, the maximum number of allowable per quarter credits attempted may be reduced.

6C5-2.004 Enrollment Priorities and Limitations.
(1) Florida Atlantic University recognizes that because of space and fiscal considerations, it may become necessary to limit the number of students enrolling in the university. In accordance with Board of Regents Rules designation Chapter 6C-6, F.A.C., the following priorities for admission and registration are established: (The distinction made between admission and registration is necessary because non-degree students are not officially admitted, they are granted permission to register).
(a) Current, degree-seeking students.
(b) Former returning, degree-seeking students in good standing.
(c) New degree-seeking students.
(d) Non-degree students on a space available basis and all others. Newly applying foreign students are included in this category.
(2) Florida Atlantic University may designate programs registered and approved by the Board of Regents and the articulation coordinating committee as limited access programs.
(3) The following admission priorities are established for the implementation of the Board of Regents enrollment limitation plan:
(a) Upper division transfer students from Florida public junior/community colleges and other state university system institutions holding an associate in arts degree.
(b) Upper division transfer students from Florida public junior/community colleges and other state university system institutions who meet minimum university admission requirements, graduate students and faculty scholars.
(c) Transfer students who are U. S. citizens or resident aliens but not Florida Residents.
(d) Non-degree and foreign students.

6C5-2.005 Sponsored Research Exemptions.
(1) General Information: Subsection 240.241(9), Florida Statutes, allows the University, in particular instances, to exempt the purchase of materials, supplies, equipment or services for research purposes from the general purchasing requirements of Chapter 287, Florida Statutes. Additionally, subsection 240.241(12), Florida Statutes, provides that the operation of divisions of sponsored research and the conduct of the sponsored research program are expressly exempted from the provisions of any other laws or portions of laws in conflict with that provision and that they are (subject to the requirements of subsection (9)) exempted from the provisions of Chapters 215, Florida Statutes, (Financial Matters: General Provisions), 216 (Planning and Budgeting) and 283
(Public Printing). A sponsored research exemption shall only be used when the proposed purchase is fully funded from sponsored research funds. Payments made for purchases or other actions under a sponsored research exemption shall not be reimbursed subsequently from other University funds.

(2) Exercise of Exemption: The exemption will be exercised only when the Director of Sponsored Research certifies to the President that, in a particular instance, the exemption is necessary for the efficient or expeditious prosecution of a sponsored research project. The exemption will be processed through use of a preprinted form which the Director of Sponsored Research will complete and submit to the President or the President’s designee. The form, entitled “Sponsored Research Exemption Certification” (DSR Form 94-1, effective 10/94, which is incorporated by this reference), will identify the applicable project title, the University account number, the principal investigator, the proposed purchase and the selected vendor. The form will also state the necessity for the exemption sought.

(3) Exemption Criteria: The Director of Sponsored Research is authorized to seek to exempt a purchase under a grant or contract from the requirements of law which are otherwise applicable by demonstrating that one or more of the following conditions exist:

(a) Competitive bidding is not feasible. This condition shall be applicable if:

1. The Principal Investigator (i.e., the faculty member supervising the research) has submitted a memorandum to the Director of Sponsored Research to justify the necessity for requesting a sponsored research exemption. In addition to a detailed justification for the request, the memorandum must include a written quotation from the vendor desired, detailing the price, the FOB point, responsibility for freight and insurance and payment terms; a statement, other evidence or both, showing that some form of price comparison or determination of price reasonableness had been performed; and a written statement signed by the Principal Investigator certifying that he or she is independent of, and has no conflict of interest in, any of the entities evaluated and selected (Section 287.057(19), Florida Statutes).

2. The vendor is a governmental agency and the purchase is excluded from competitive bid requirements as stated in Section 287.012(4)(c), Florida Statutes.

3. Justification is furnished. One or more of the following criteria shall be used to support such justification:

   a. A certain vendor is specified in a prime contract or grant award, or approved in writing by the prime contractor or granting agency in accordance with the provisions of the prime contract or grant award.

   b. The purchase of specific goods, services or both from a certain vendor is demonstrated to be more efficient or expeditious for conducting the research (based on compatibility, availability or the current capabilities of the Principal Investigator and staff) or meet the time requirements of the prime contract or grant award, or is mandated by scientific or technical requirements, or is at a cost below industry norms, or otherwise meets the statutory requirements of “necessary for the efficient or expeditious prosecution of a research project.”

The specific criteria relied upon must be fully explained.

(b) Advance payments are required. If the vendor requires an advance payment and it is demonstrated that such payment is necessary to fund extensive start-up costs, realize discounts or cost savings, or create adequate cash flow in order to provide required goods or services, an exemption shall be requested. The Principal Investigator shall be responsible for determining that all goods, services or both, for which an advance payment has been made, are received and that they are satisfactory.

(4) Execution and Distribution:

(a)1. Submissions. If the request is for an exemption from competitive bid requirements, the Principal Investigator will submit the request for the sponsored research exemption to the Director of Sponsored Research, allowing sufficient time for adequate review of the request. The request shall be accompanied by a general requisition, the documentation listed above and any additional documentation which would serve to support the request.

2. Requests for other sponsored research exemptions shall be initiated by the Principal Investigator, the Director of Sponsored Research or other University personnel.

(b)1. Processing. The Director of Sponsored Research will review the request for a sponsored research exemption to determine if all of the required conditions have been met. The certification will be prepared by the Office of the Director of Sponsored Research, signed by the Director of Sponsored Research and forwarded to the University President.

2. Advice and counsel of the Director of Purchasing shall be sought prior to the granting of a sponsored research exemption. If after reviewing the materials provided by the Principal Investigator and the Division of Sponsored Research the Purchasing Department has any knowledge or information that would affect the granting of a sponsored research exemption, the Division of Sponsored Research shall be notified prior to the issuance of a purchase order. The Division of Sponsored Research shall send a copy of the approved Sponsored Research Exemption Certification and all other documentation to the Purchasing Department. Any purchase order issued under a sponsored research exemption will contain a written statement showing that a sponsored research exemption has been granted.

3. The Purchasing Department will forward a copy of the certification, along with a copy of the contract, purchase order or both, to the University’s Controller’s Office. The University Controller’s Office will forward a copy of the documents to the State Comptroller as an attachment to the voucher for the payment of the first invoice.

4. A copy of the Sponsored Research Exemption Certification and any supporting documentation will be maintained in the Division of Sponsored Research.

CHAPTER 6C5-3 EDUCATIONAL DELIVERY

6C5-3.001 Continuing Education.

6C5-3.001 Continuing Education.

1) Off-Campus credit courses funded by the education and general appropriation.

(a) The Dean of Continuing Education shall implement all procedures necessary to effect off-campus credit courses.

(b) When a request for an off-campus course is received, the Dean of Continuing Education will evaluate the request and forward it to the Dean of the appropriate college. The Dean of the sponsoring college must determine whether the course can be offered under the terms requested. If the course cannot be offered by Florida Atlantic University, the request for an off-campus credit course will be sent to the Board of Regents for referral to other institutions in the state university system with a copy to the requesting party. Written requests for off-campus courses may be made to the Dean of Continuing Education by:

1. Local groups or contact persons having an interest in or a need for a particular course; or
2. The Department Chairpersons from colleges within the University who believe that a particular course is needed.

(c) It is the policy of the University to offer off-campus courses comparable in quality with courses provided on the central campus.

(d) Scheduled courses in off-campus locations may be canceled only by the Dean of Continuing Education.

2) Non-credit educational programs are financially self-supporting educational activities which do not provide regular course credit to those who participate.

(a) Any non-credit educational program, on or off-campus, which involves expenditure of University funds or resources, or uses the University name will be coordinated through and approved by the Dean of Continuing Education.

(b) Requests for non-credit educational program planned, developed, or sponsored by the University for business and professional groups, government agencies, associations, or other outside groups may be made by such groups or by a member of the University community.

3) Contract programs conducted by Continuing Education.

(a) Contract programs are those offerings of a credit or non-credit nature which are provided as a service to private or public organizations under the terms of written contracts.

(b) Planners of contract or grant proposals which involve programs to be directed through or administered by Continuing Education, must obtain the approval of the Dean of Continuing Education.

(c) The Dean of Continuing Education shall be responsible for and approve programs to be sponsored by Continuing Education, which may include entering into agreements related to non-credit activities in accordance with University policies and procedures.

4) Overload payment for Continuing Education.

(a) Overload payment is payment made to a University employee in addition to the regular contract salary for services rendered to continuing Education above and beyond those expected as conditions of his/her University position.

(b) Any individual who is employed full time in a position covered by the Board of Regents Classification and Pay Plan may receive overload compensation for participation in activities sponsored or coordinated by the Division of Continuing Education.

(c) To receive overload compensation, participation in the Continuing Education activity must be in addition to and not interfere with the employee’s regular assigned responsibilities.

(d) No employee may receive overload compensation in excess of 20% of the employee’s base salary.

6C5-4.013 Student Affairs: Student Financial Aid.

6C5-4.001 Honor Code, Academic Irregularities, and Student’s Academic Grievances.

(1) Academic irregularities frustrate the efforts of the faculty and serious students to meet University goals. Since faculty, students and staff have a stake in these goals, the responsibility of all is to discourage academic irregularities by preventative measures and by insuring that appropriate action is taken when irregularities are discovered. Thus, FAU has an honor code requiring a faculty member, student or staff member to notify an Instructor when there is reason to believe an academic irregularity is occurring in a course. The Instructor’s duty is to pursue any reasonable allegation, taking action, as described below, where appropriate.

(2) The following shall constitute academic irregularities:

(a) The use of notes, books or assistance from or to other students while taking an examination or working on other assignments unless specifically authorized by the Instructor are defined as acts of cheating.

(b) The presentation of words or ideas from any other source as one’s own – an act defined as plagiarism.

(c) Other activities which interfere with the educational mission within the classroom.

(3) Initially, the Instructor will determine whether available facts and circumstances demonstrate that there is reason to believe that a student is involved in an academic irregularity.

(a) The Instructor will, in conference, apprise the student with the Instructor’s perception of the facts. Early appraisal is desirable.

(b) If, after this conference, the Instructor continues to believe that the student was involved in an academic irregularity, the Instructor will mail or give the student a brief written statement of the charges and the penalty.

(c) A copy of this statement shall be sent to the Department Head, who will notify the Registrar that an electronic notation of the irregularity should be attached to the student’s transcript. The notation will be part of the student’s internal University record, but will not appear on the printed transcript. If the charges are dropped in the appeal process, or if there is no second offense during the student’s stay at the University, the notation will be expunged from the record upon written request from the student following graduation from or two semesters of non-attendance at the University.

(d) The student may appeal the Instructor’s actions by requesting a departmental conference within ten (10) days. The conference, held as soon as possible, will be among the student, the Instructor, and the Head of the Department administering the course. An advisor may attend to provide counsel to the student, but not to answer in place of the student. The Department Head’s written statement of action taken pursuant to the conference will be delivered to the student and the Dean of the College administering the course.

(4) When the Department Head notifies the Registrar of the irregularity (paragraph (3)(c)), the Registrar will inform the Department Head as to whether the student is a repeat offender. If the student is a repeat offender, the Department Head will recommend to the Dean a penalty suspension or expulsion. The Dean will make the decision as to the penalty and notify the student in writing.

(5) The student may appeal the actions of the departmental conference or the Dean, at a faculty-student council. This council will be established by each College and will be composed of the Dean, two faculty members, and two students. Requests for a hearing must be presented in writing within ten (10) days of the departmental conference. Records of appeals and minutes will be maintained by the Dean. These hearings are considered to be educational activities. The strict rules of evidence do not apply. Students may be assisted by attorneys, but may not abdicate the responsibility to respond to charges to their legal advisors.

(6) The student may appeal the faculty-student council’s action to the Vice President of Academic Affairs by requesting a hearing within ten (10) days of the committee’s decision. These appeals are limited to the following bases:

(a) Failure to receive due process.

(b) Arbitrary actions including lack of commensurateness of penalty to offense.

(c) New pertinent information not available during earlier proceedings.

(7) Penalties will vary with the offenses.
(a) The Instructor’s penalty, paragraph (3)(b) above, ranges from a grade of F on any work up to an F for course.
(b) Penalty grades cannot be removed by drop or forgiveness policy.
(c) Penalties assigned by the Dean, subsection (4) above, may include suspension or dismissal.
(d) Each College or Department may adopt a policy of penalties more severe than prescribed above. Such a policy must be widely distributed in the Colleges.

(8) The Vice-President for Academic Affairs may act on an appeal as follows:
(a) Dismiss the appeal and uphold the action taken by the College.
(b) Order a new hearing by a different student-faculty council.
(c) Reduce the severity of the penalty administered.

(9) Student grievances arising from academic activities require a written request for conference with the Instructor. If unsatisfied, the student may request further discussion in a department conference similar to the one in paragraph (3)(d) above. Grades will not be changed except by the Instructor, and grievances involving the judgment and discretion of a faculty member in assigning grades shall not proceed under this rule beyond the conference with the Instructor. This is an application of the concept of academic freedom. The exception to this rule occurs if the student can demonstrate malice on the part of a faculty member. A grievance involving a charge of malice may be appealed to the student-faculty council, as above, and subsequently to the Vice President of Academic Affairs. In the event of a finding of malicious action, the University may take disciplinary action against the faculty member and, at the option of the student, remove the grade from the record and refund the student’s fees for the courses. Students, whose accusations of malice are found to be frivolous by the Vice President of Student Affairs, are subject to disciplinary action.

Specific Authority 240.227(1), 240.261 FS. Law Implemented 120.53(1)(b), 240.202, 240.261 FS., 6C-6.0105, F.A.C. History–New 10-1-75, Amended 12-17-78, 3-28-84, Formerly 6C5-4.01, Amended 11-11-87.

6C5-4.002 Non-Academic Irregularities.

Non-Academic irregularities includes disruptive conduct and violations of public laws.

(1) Disruptive conduct is conduct which interferes with the orderly operations of the University. Disruptive conduct may result in disciplinary action. Rule 6C5-7.007, F.A.C., further defines disruptive conduct.

(2) Violation of public laws. Students are responsible for compliance with all federal, state, and local laws and ordinances. Any act that could constitute a violation of public laws will establish cause for legal and/or disciplinary action by the University.

Specific Authority 240.227(1) FS. Law Implemented 240.261, 240.132, 240.133 FS. History–New 10-1-75, Amended 12-17-78, 3-26-80, Formerly 6C5-4.02, Amended 11-11-87.

6C5-4.004 Miscellaneous Student Rules.

(1) Change of Address: It is necessary for any student changing his place of residence after registration to contact the Registrar’s Office and submit Form REG-1 REV 12/83, titled Change of Address Notification which is hereby incorporated by reference and made a part of this rule. A copy of the form may be obtained from the Office of the Registrar. Any notices or other correspondence from the University will be mailed to the student’s last address on file in the Registrar’s Office.

(2) Promotional Materials: Advertising, promotional, and informational materials of non-University persons must be submitted to the Assistant Vice President for Administrative Affairs before they may be displayed on campus. Campus organizations and departments submit material to be displayed to the Director of Student Activities before displaying promotional materials on campus.

(3) Fiscal Integrity: Students are required to promptly discharge all financial responsibilities to the University. Students who, by the first calendar day after the deadline, have neither paid fees nor made arrangements with the University for late payment as authorized by the Board of Regents, are subject to dismissal and assessment of additional fees as may be prescribed in Board of Regents subsection 6C-7.003(4), F.A.C.

(4) Smoking Regulations: Smoking is authorized only where posted.

(5) Holds on Registrations. The following types of holds may prevent registration of students:

(a) Financial. If a student owes the University money.

(b) Medical. If a student has a medical condition, which, in the opinion of the Medical Advisory Committee, based on competent medical opinion, constitutes a threat to his own well-being or to the University community if he is allowed to attend the University.

(c) Student Affairs. If a student has a problem involving nonacademic irregularities. In the event one of these holds has been placed on a student’s registration, the Office of the Registrar will direct the student to the office placing the hold. A hold will be removed upon satisfaction of the condition giving rise to the hold. Requests for review may be made to the Dean of Students.

(6) Withholding of transcripts and diplomas. Students who fail to promptly pay debts owed to the University will be denied access to official transcripts and shall have their grades and diplomas withheld.

(7) Medical Withdrawal. A student may be withdrawn for medical reasons by the Vice President for Student Affairs upon the recommendation of the Medical Advisory Committee.
(a) This committee serves as an advisory committee to the Vice President for Student Affairs on matters pertaining to the admission, continued attendance, and withdrawal of students for reasons of physical or mental health.

(b) The specific duties of this committee are to make recommendations to the Vice President for Student Affairs on the admission, retention, or withdrawal of a student in any case wherein the student’s presence or continued presence on campus may constitute a health hazard or danger to him/herself or to others. If conditions warrant immediate action, a medical withdrawal may be initiated by the Dean for Student Affairs with the approval of the Vice President for Student Affairs. The case will be presented to the committee as soon thereafter as possible for approval, modification, or revision.

Any student whose registration is withdrawn by the Vice President upon the committee’s recommendation and whose withdrawal is after the published deadline for withdrawal will receive grades of W in his/her course work for the semester. Any student who is withdrawn under this procedure may be permitted to enroll at a future date after having satisfied the specific conditions required by the committee.

(c) The committee shall be chaired by the Dean for Student Affairs and shall include the Director of Counselling Center and the Supervisor of the Health Service. When appropriate, consultants may include a physician, the Dean, Department Chairperson, or Academic Advisor of the student, the University Attorney, and other University personnel serving at the request of the Dean for Student Affairs.

(d) The Dean for Student Affairs shall arrange for the student to meet with the committee. The Dean for Student Affairs shall direct procedures for conducting these meetings so as to best insure the health and welfare of both student and the University community.

(e) The committee shall interview the student and shall consider all relevant information available including the oral or written reports of professionals such as physicians, psychologists or psychiatrists, regarding the health of the student being interviewed. If sufficient medical information exists, the committee may arrange for the student to be evaluated by a medical or psychological specialist at the expense of the University. Failure of a student to meet with the committee or to cooperate with an order of the committee to appear for a medical or other evaluation may result in a recommendation for immediate medical withdrawal of the student.

(f) Nothing herein shall reduce the commitment of the University to accommodate the needs of handicapped students who are able to participate in University functions without hazard to themselves or to others.

6C5-4.005 Residence Halls Policies.

(1) The opportunity to enter into a residence halls agreement is a privilege, not a right. If there is evidence of abuse by a resident of this privilege by violating FAU rules, residence halls guidelines and regulations or terms of an executed agreement for residency, FAU reserves the right to take disciplinary action as set forth under Rule 6C5-4.008, F.A.C., which may include among other sanctions, a change of residence hall assignment, cancellation of the residence halls agreement and refusal to enter into further residence halls agreements. Prior to imposing such sanctions, the resident will be given notice and an opportunity to be heard in conference with the Director of Housing or his designee. Appeals from residence halls disciplinary decisions may be made to the Vice President for Student Affairs.

(2) Internal guidelines for residence halls living are published and available to residents through the housing office. Each resident is required to execute an agreement for residency which may further prescribe conditions for residency.

Specific Authority 240.227(1) FS. Law Implemented 240.261, 240.227(1), 243.04(5) FS. History–New 10-1-75, Amended 5-24-76, 11-22-78, 5-3-82, Formerly 6C5-4.05, Amended 11-11-87.

6C5-4.007 Student Organizations.

(1) Procedure for the formation of a registered student organization.

(a) A student representative of the group wishing to be registered files with the Student Activities Office in the University Center a statement of intent to organize. When approved by the President of the Student Government Association and the Director of Student Activities, the group may then hold and advertise meetings on campus. The privilege is granted for a period of six weeks during which time the group should submit a petition for registration.

(b) The petition for registration is filed as soon as the membership of the organization is largely complete and should include the names of the members and a list of the officers. All officers and at least a majority of the membership must be registered students of Florida Atlantic University. At this time the group must submit its constitution and bylaws to the Student Activities Office and select an advisor. The advisor must be a full-time faculty or staff member employed by Florida Atlantic University. Special national restrictions on the qualifications for advisors to social fraternities and sororities may prohibit the selection of an FAU faculty or staff member as the advisor. Such cases will be reviewed on an individual basis by the Director of Student Activities and the Dean of Student Affairs. If the organization is affiliated with an off-campus organization, the constitution of the parent organization must also be filed. When these documents have been approved by the President of Student Government, the Director of Student Activities and the Dean of Student Affairs, the group is eligible for the privileges set out below.
(c) All clubs and organizations must file a status report each term with the Student Activities Office. Any club or organization not filing a status report will be considered inactive and will not be eligible to sponsor activities on campus. Authorized signature cards are also required each term by the Student Activities Office for those organizations establishing a University banking account. Each club is responsible for keeping its own financial records.

(d) Organizational composition. All officers and at least a majority of the active membership of all student organizations must be registered students of Florida Atlantic University.

(2) Responsibilities of registered student organizations. Registered student organizations must maintain active files with the Student Activities Office by notification of any changes in the status of the organization and/or any change of officers. In addition, each organization is responsible for:

(a) Complying with local, state, and national laws and University policies and regulations in the functioning of the organization.

(b) Accepting responsibility for sponsoring and supervising their programs.

(c) Assuring that University facilities are used only for the purposes for which they were scheduled by the organization.

(d) Reimbursing the University for damage to University property or facilities, including clean-up costs, which occur in connection with the organization’s activities or programs.

(e) Assuring that all promotion and advertising of events involving the use of University facilities shall identify the sponsor of the event.

(f) Failure to comply with any of the responsibilities of registration may result in revocation of the group’s status as an FAU student organization.

(3) Use of facilities. Registered student organizations and acknowledged student groups (Student Government and its agencies, housing staff, student advisory committees, etc.) may temporarily use or sponsor the temporary use of certain University facilities.

(4) Contracts. Students or student organizations may not enter into agreements which purport to bind the University for any purpose.

(5) Non-discrimination. Campus organizations shall be open to all students without respect to race, creed, or national origin.

(6) Amplification of sound. Amplified sound may be presented in any facility on campus which is reserved for that purpose, including the outdoor stage and the barbecue complex. Sound may not be amplified out of doors in areas other than the latter two mentioned areas (unless approved by the Dean of Student Affairs) and must be in accordance with procedures for management of amplified sound. Complete requirements for the use of amplified sound on campus are available through the office of the Dean of Student Affairs.

(7) Program registration. Any of the following activities sponsored by student organizations must be registered with the Director of Student Activities at least seven (7) days prior to the date of the proposed event:

(a) Any activity involving alcoholic beverages.

(b) Any activity involving sales.

(c) Any outdoor activity.

(d) Any activity involving contractual agreements and/or liability insurance.

(e) Any activity advertised to the public.

(f) Any activity involving the active participation of non-university people.

(g) Any activity with an anticipated attendance of 100 people or more (except regular organizational business meetings).

(h) Any activity requiring police support.

(i) Any activity projecting a higher non-student than student attendance.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1) FS., 6C-4.001(1), 6C-6.011, 6C-6.012, F.A.C. History–New 10-1-75, Formerly 6C5-4.07, Amended 11-11-87.

6C5-4.008 Student Disciplinary Procedures.

(1) Code of Conduct. Any of the following actions, constitutes conduct for which a student, a group of students, or a student organization may be subject to disciplinary action:

(a) Violence or threat of violence to others or against oneself or actions which endanger any member or guest of the university community; including physical or sexual assault and relationship/domestic violence.

(b) Theft, conversion, misuse, damage, defacing or destruction of University property or of the property of members of the University community.

(c) Interference with the freedom of movement of any member or guest of the University.

(d) Interference with the rights of others to carry out their activities or duties at or on behalf of the University.

(e) Interference with academic freedom and freedom of speech of any member or guest of the University.

(f) Noncompliance with written, oral requests or orders of authorized university officials or law enforcement officers in the performance of their duties.

(g) Providing false information to university officials, forgery, the withholding of required information or the misuse or alteration of University documents or the University’s name or logos.

(h) Misuse or duplication of any University key or access card to any university premises or services.
(i) Possession or use of firearms, explosives, ammunition, fireworks, weapons or unauthorized possession or use of hazardous materials or dangerous chemicals on University premises.

(j) Actions which cause or attempt to cause a fire or explosion, false reporting of a fire, explosion or an explosive device; tampering with fire safety equipment or failure to evacuate university buildings during a fire alarm.

(k) Disorderly Conduct – Breach of peace, such as causing a disturbance or being unruly.

(l) Soliciting, aiding, abetting or inciting others to participate in conduct which violates this rule.

(m) Lewd, obscene, indecent behavior or voyeurism.

(n) Acts of verbal, written or physical abuse, threats, intimidation, harassment, coercion or other conduct which is intimidating or offensive.

(o) Violation of the University Discrimination Policy, Rule 6C5-7.001, F.A.C., or the Sexual Harassment Policy, Rule 6C5-5.012, F.A.C.

(p) Violation of Section 5, 6, 7 or 8 of the University’s Student Organization and Student Officers Policy (2/1/01), which is adopted by reference.

(q) Possession, use, delivery to, sale of, distribution of, controlled substances or drug paraphernalia; as defined in Chapter 893, Florida Statutes.

(r) Posting of commercial advertising or engaging in commercial activity without appropriate authorization.

(s) Endangering the health, safety or welfare of members or guests of the University.

(t) Engaging in Hazing. Hazing is prohibited. Hazing is defined as an action or situation which recklessly or intentionally endangers the mental or physical health or safety of a person(s), for the purpose of initiation or admission into, affiliation with, or as a condition for the continued membership in a group or organization whether conducted on or off campus.

(u) Computer, Network and/or data misuse.

1. Unauthorized access, entry or use of a computer, computer system, network, software, password, account or data.

2. Unauthorized alteration or degradation of computer equipment, software, network, data or system performance.

3. Unauthorized copying or distribution of computer software or data.

4. Theft of intellectual property.

5. Use of a computer or computer system in the commission of a crime or to violate university rules.

6. Any unauthorized commercial use of University computer or computing resources.

(v) Repeated following or contacting of another person to the extent that it places that person in reasonable fear for his or her physical or emotional welfare.

(w) Any sexual act that occurs without the consent of the victim, or that occurs when the victim is unable to give consent.

(x) Any act which could constitute a violation of any municipal or county ordinance, State of Florida or Federal law.

(y) Use of Alcoholic Beverages.

1. Underage drinking of alcoholic beverages is prohibited.

2. The consumption of any alcoholic beverage in public places on the campus is prohibited except where specifically authorized by the University. All buildings, lobbies, walkways, and grounds of the campus are, for the purpose of this rule considered to be public places. Dormitory rooms and suites are considered to be private living quarters and are exempt from the public places restriction.

(z) Inappropriate Conduct at University-sponsored Events – Students are expected to govern their behavior at all University-sponsored events and conduct themselves within the guidelines of the Student Code of Conduct. This applies to events that are held on or off campus.

(aa) Violation of probation – failure to abide by conditions of probation.

(bb) Obstruction of Student Judicial Process – Acts that disrupt or interfere with the University judicial process, including but not limited to:

1. Failure to appear at an official university hearing when proper notification has been provided; (nothing in this subsection shall be construed to compel self-incrimination).

2. Knowingly falsifying, distorting or misrepresenting information before a judicial proceeding.

3. Deliberate disruption or interference with the orderly conduct of a judicial proceeding.

4. Knowingly initiating a complaint/referral without cause.

5. Use of threats, coercion, or intimidation to discourage an individual’s participation in or other proper participation or use of the judicial process.

6. Tampering with evidence to be used in a University Judicial Hearing.

7. Attempting to influence the impartiality of a member of the judicial process prior to or during the course of the judicial proceeding.

8. Harassment or intimidation of any participant in the judicial process.

9. Violating and/or failing to comply with or fulfill disciplinary sanctions.

(cc) Disruptive Conduct – Any other action that impairs, interferes with or obstructs the mission, purposes, order, academic atmosphere, operations, processes and/or functions of Florida Atlantic University including conduct set forth in Rule 6C5-7.007, F.A.C.
(2) Off-Campus Conduct: The University shall take disciplinary action against a student or student organization for violations committed off campus if at least one of the following applies:
   (a) The off-campus conduct is specifically prohibited by law or, based on the University’s code of conduct, is subject to university discipline.
   (b) The off-campus conduct demonstrates that the continued presence of the student on campus presents a danger to the health, safety, or welfare of the university community; is disruptive to the orderly conduct processes and functions or the university; or is intimidating or threatening to the university community or an individual within the university community.
   (c) The off-campus conduct is of such a serious nature that it adversely affects the student’s suitability to remain a part of the university community.

(3) Court or Administrative proceedings outside of the University:
   (a) The University shall charge a student with a violation of the student conduct code even if the student is also charged by public authorities.
   (b) If a student is charged by the public authorities with an act that is also a violation of a University rule, the University reserves the right to stay or not stay its proceedings pending the outcome of the off-campus case based on the nature of the offense and potential harm to members of the University community.
   (c) Any admission of guilt, responsibility or against the student’s interest made by a student shall be conclusive for University purposes.
   (d) A verdict of guilty, a plea of guilty or a plea of no contest (nolo contendere) in a court of law by a charged student will operate as a conclusive finding that the student is “responsible” for the purpose of these disciplinary proceedings.
   (e) The University will amend its charge(s) based on information obtained through an outside proceeding where that information is relevant to activity adversely affecting the University community.
   (f) The outcome of outside charges will not affect the University disciplinary charges. Therefore, even if the outside charges have been dismissed, are not prosecuted, are not heard, or if adjudication of guilt is withheld, such action will have no bearing on the University charges.

(4) Students’ Rights. A student against whom disciplinary action may be taken shall have the following rights:
   (a) The right to be notified in writing of the charges against him or her in sufficient detail to prepare for a hearing.
   (b) The right to a hearing no less than three academic days after the University provides the student with a notice of charges.
   (c) The right to a fair and impartial hearing on the charges by a duly constituted panel of the University Judicial Council.
   (d) The right to review, not less than three academic days prior to the hearing, the evidence which will be used by the University.
   (e) The right to present evidence and witness relevant to his or her defense at the hearing.
   (f) The right to have one advisor, of the students’ own choosing, present at the hearing. The advisor may not present statements, arguments, or question witnesses.
   (g) The right to question adverse witnesses at the hearing.
   (h) The right to not be compelled to present testimony which would be self-incriminating. However, the University is not required to postpone disciplinary proceedings pending the outcome of any criminal prosecution.
   (i) The right to request an appeal of the sanction imposed as long as appropriate appeal procedures are followed.
   (j) The right to have his or her status remain unchanged pending final judicial action except in cases involving the health, safety or welfare of the University community.
   (k) The right to have character witnesses testify at the University Judicial Council hearing. The maximum number of character witnesses may be limited by the University Judicial Council depending on the number of witnesses and the time available.

(5) Structure of the University Judicial Council:
   (a) The University Judicial Council shall consist of the following four persons: two students, one faculty member/administrator and a fourth member who may be a student or a faculty member/administrator. The chairperson of a University Judicial Council hearing shall be one of the faculty members/administrators that serves on the panel.
   (b) Faculty members/administrators are chosen by the Dean of Students Office. The students shall be appointed by the Student Government President. If however, the Student Government President fails to provide a list of students to serve for disciplinary proceedings or if the student charged is an officer in student government, the Dean of Students or designee may select students from the Judicial branch of the Student Government Association or other disinterested impartial students to serve on the University Judicial Council or to serve as Council members for a particular disciplinary proceeding.

(6) University Judicial Council Hearing Procedures – Common sense and not legal technicalities will govern the hearing process.
   (a) Witnesses. Witnesses at hearings before the Judicial Council will not be sworn in. Each witness will be admonished that he or she is required to tell the truth. A student giving untrue testimony at a hearing is subject to disciplinary charges.
   (b) Evidence. The technical rules of evidence do not apply to hearings before the University Judicial Council.
   (c) Burdens of Proof. The University or complainant bears the burden to prove the charges by a preponderance of the evidence at University Judicial Council hearings.
(d) The charged student may choose one advisor to be present at the hearing. The advisor/attorney may not present statements, arguments, or question witnesses. Members of the Judicial Council may not serve as a student’s advisor at the hearing. If the charged student retains the services of an attorney to advise or counsel him or her at the hearing, he or she must inform the Dean of Students or designee three academic days before the hearing. In such cases the University Judicial Council, or the Dean of Students or designee or both will be advised by an attorney as well.

(e) Hearings.
1. All hearings before the University Judicial Council will be tape recorded by the University. That recording will serve as the only official record of these proceedings. No other recordings are permitted.
2. The following is the format for hearings by the University Judicial Council. The Council may change the order if necessary.
   b. Reading of Charges.
   c. Opening statement by the University, followed by the opening statement of the charged student.
   d. Questioning of university witnesses.
   e. Questioning of charged student’s witnesses.
   f. Questions directed to the charged student and the University by the Council.
   g. Closing statement by the University, followed by the closing statement of the charged student.
   h. Deliberation by the Council.
   i. Decision.
   f. The University Judicial Council shall find the student “Responsible” or “Not Responsible” of the alleged violations listed on the Notice of Charges. If the Council can not reach a finding of “Responsible” or “Not Responsible” within a reasonable time period based on the complexity of the case, the chairperson shall call the Council as deadlocked and the Dean of Students or designee shall call a new hearing date with new council members. No person serving on the first council shall serve on the second council. If the second council also deadlocks, then the charges against the charged student shall be dismissed.
   g. If the charged student fails to appear at the scheduled hearing of the University Judicial Council (after proper notice), the hearing will proceed as scheduled.
   h. The Dean of Students or designee shall send notification in writing (Notice of Decision) to the student of the decision of the University Judicial Council within three academic days of the conclusion of the hearing.
   i. The Dean of Students or designee shall send notification in writing (Notice of Sanction) of the sanction(s) to the student within three academic days of the Notice of Decision.

7) Disciplinary Sanctions. In light of the facts and circumstances of each case, the following sanctions or combination of sanctions shall be imposed upon any individual student or student organization found “Responsible” to violations of this Code.
   (a) Educational Activities – required attendance at educational programs, meeting with appropriate officials, written research assignments, planning and implementing educational programs, or other educational activities at the student’s or student organization’s own expense.
   (b) Counseling Assessment and Recommended Treatment – referral for assessment and treatment to the University Counseling Center or another agency at the student’s expense.
   (c) Community/University Service – required completion of a specified number of hours of service to the campus or general community.
   (d) Termination of or Change in University Housing Agreement or Assignment.
   (e) Fines not to exceed $250.00 per case.
   (f) Restitution – Payment made for damage or loss caused by the responsible student.
   (g) Restriction or Revocation of Privileges. Temporary or permanent loss of privileges, including, but not limited to the use of a particular University facility, resources, equipment or visitation privileges.
   (h) Disciplinary Warning – A disciplinary sanction in writing notifying a student that the student’s behavior did not meet University standards. All disciplinary warnings will be taken into consideration if further violations occur.
   (i) Disciplinary Probation – A disciplinary sanction in writing notifying a student that his or her behavior is in serious violation of University standards and that restrictions are being placed on his or her activities. Sanctions that may be placed on a student during a probationary period include; restriction of the privilege to: participate in student activities or in student organizations; represent the University on athletic teams, student organizations or in other leadership positions; gain access to University Housing buildings or other areas of campus; use University resources and/or equipment; or to engage in contact with specified person(s).
   (j) Suspension – Mandatory separation from the University. During the period of suspension the student is barred from all FAU campuses unless specific permission is granted by the Dean of Student Affairs or designee. Once the entire period of suspension has been served, the student may seek readmission by submitting a written request to the Dean of Student Affairs or designee.
   (k) Expulsion – Permanent dismissal from the University with no right for future readmission under any circumstances. A student who has been expelled is barred from all FAU campuses.
   (l) Deactivation of the Student Organization’s status at the University.

8) Appeals. A student may appeal the finding of the University Judicial Council (Responsible/Not responsible) or the sanctions imposed by the Dean of Students or designee.
   (a) Standards for Appeal.
1. Failure to receive due process during the hearing.
2. Severity of the sanction.
3. New material or evidence that could not be discovered at the time of the hearing.
   (b) All appeals must be submitted in writing within five academic days of the date of the Notice of Decision/Sanction to the Senior Vice President for Student Affairs. All appeals must specify the basis for the appeal.
   (c) The burden of proof at the appellate level rests with the charged student.
   (d) The student’s status will remain unchanged pending the determination by the Senior Vice President for Student Affairs or designee, except where the Senior Vice President for Student Affairs or designee, determines that the safety, health or general welfare of the student or the university community is involved.
   (e) The determination of the Senior Vice President for Student Affairs is final. There are no further appeals within the University.

(9) Emergency or Interim Measures.
   (a) The Senior Vice President for Student Affairs or designee has the authority to take appropriate immediate action under conditions warranting such action, as follows:
   1. Emergency Measures. Interim Suspension: Where the Dean of Student Affairs or designee determines that an emergency exists which affects the health, safety or welfare of a student of the university community, he or she shall, with the approval of the Senior Vice President for Student Affairs, temporarily suspend a student. A student temporarily suspended may not attend classes, may not be on or come onto University property and may not use University facilities, equipment or resources.
   2. Interim Measures. Restrictions on Activity: Where the Dean of Student Affairs or designee determines that the health, safety or welfare of a student or the university community is involved, he or she has the authority, with the approval of the Senior Vice President for Student Affairs to take any or all of the following actions on a student or student organization: restrict or bar attendance of classes; restrict or bar access or contact with individuals; restrict or bar access to University property, places, facilities or equipment; restrict or bar participation in University activities or organizations; or otherwise restrict or ban conduct.
   (b) Emergency or Interim Measures may be taken at any time prior to the conclusion of the University Judicial process including during the appeal process.
   (c) Notice of the Emergency or Interim measure must be provided to the student or student organization in writing.

(10) Definitions.
   (a) Academic Days – Only those days when the University’s classes are in session, excluding holidays and weekend days.
   (b) Student – The term “student” refers to any person who is enrolled in any credit-bearing course or program in any school or division of Florida Atlantic University; any person admitted to the University and present on campus for the purpose of being enrolled in any University course or program, or any person who has been enrolled in any credit-bearing course or program at the University and continues to be associated with the University because he or she has not completed the course or program in which he or she was enrolled. The term “Student” will also refer to student clubs, groups and organizations.
   (c) University – The term “University” refers to Florida Atlantic University, including all of its campuses and sites. The Student Conduct Code applies to all campuses of the University.
   (d) University Official – The term “university official” refers to any person employed by the University to perform assigned teaching, research, administrative, professional or other responsibilities.

(11) Rule/Policy Review. Florida Atlantic University shall establish a committee once every five years beginning five years after the adoption of this rule amendment to review, evaluate and recommend changes to this rule to the Senior Vice President for Student Affairs. This committee shall be appointed by the Senior Vice President for Student Affairs with at least one-half of the committee being students appointed by the Student Government President. This committee shall have as its charge to review and evaluate this rule to determine that it ensures fairness and due process in disciplinary/judicial proceedings at the University.

6C5-4.009 Access to Student Records.
   (1) The following information is directory information that Florida Atlantic University may release upon request, or otherwise publish, unless specifically notified by the student in writing:
      (a) Student name.
      (b) Student address.
      (c) Student telephone listing.
      (d) Student class and college of enrollment.
      (e) Student academic major.
      (f) Student degrees awarded.
      (g) Student awards received.

If any student does not wish to have directory information released, the student must notify the registrar in writing on or before the end of the first week of classes of any semester. All other personally identifiable records kept by the University concerning students shall be considered confidential and access to them shall be limited.
(2) The University maintains through its designated custodians, certain limited access records. The following list is not exclusive:

6C5-4.010 Major Medical Insurance Requirements for Foreign Students.
No foreign student shall be permitted to register or be permitted to continue enrollment at Florida Atlantic University without demonstrating that he/she has adequate major medical insurance coverage for illness or accidental injury. A medical insurance policy or certificate which restricts its use to a specific institution, hospital, clinic, infirmary or other health care agency or restricts its use to a particular locale or provides that the insurance proceeds are not payable in United States currency will not be deemed adequate.

Specific Authority 240.227(1) FS. Law Implemented 240.233(2) FS. History–New 4-19-82, Formerly 6C5-4.10.

6C5-4.011 Payment and Refund of Tuition and Registration Fees.
(1)(a) Registration shall be defined as consisting of these components:
1. Provision of appropriate background information;
2. Provision of course and schedule information; and
3. Fee payment or other appropriate arrangements for fee payment (installment payment, deferment, or third party billing).
(b) Fee liability shall be incurred at the point that the student has completed registration as defined above, including fee payment or other appropriate arrangements for fee payment. The registered student shall be held liable for all courses that remain on the student’s schedule at the end of the drop/add period.
(2) All or any part of the tuition and registration fees may be waived by the University when deemed appropriate provided that provisions for such waiver are included in the rules of the Board of Regents.
(3)(a) Payment of Fees in Installments. The University President has established a procedure for the payment of registration and tuition fees in installments. Such procedure requires the payment of at least 50% of the fee liability by the end of the drop/add period and the balance shall be paid no later than the beginning of the second half of the academic term. Students will be required to sign a note indicating that they understand their fee liability and that all Florida Atlantic University refund and withdrawal procedures are applicable. Students canceled for non-payment of the second half payment may be required to petition the Academic Petitions Committee to be reinstated for grade purposes.
(b) The President, University Controller, or other appropriate designees may establish other appropriate arrangements for fee payment under special hardship or emergency conditions upon written request of the student. These limited arrangements will be in writing and will contain an explanation of the circumstances, the date payment is promised, current student information and a signature of the student acknowledging that debt for collection purposes. Students canceled for non-payment of special arrangements may be required to petition the Academic Petitions Committee to be reinstated for grade purposes.
(4) The President, University Controller or other appropriate designees may choose to temporarily suspend further academic progress in lieu of canceling student registrations. Students who have not made arrangements for payment of their tuition and fees shall be precluded from receiving grades, transcripts or a diploma. Registration for future terms will be denied until all accounts have been settled in full.
(5) The President, University Controller or other appropriate designees may extend the deadline for individual fee payment or waive the late fee when payment is delayed due to University actions.
(6) Students who drop a class or withdraw from the University during the drop/add period shall receive a full refund.
(7)(a) Students who drop a class after the drop/add period will not receive a refund unless the drop takes place due to exceptional circumstances, such as death, illness, military conscription or University error. Job changes or home relocation are not considered exceptional circumstances.
(b) If a student drops a class after the drop/add period due to exceptional circumstances, a 100% refund may be granted upon the student’s filing of a petition for refund with the office of the University Controller. The refund will not be granted until the exceptional circumstances have been verified by the Office of the Dean of Students or the University Controller.

(8)(a) Students who withdraw from the University after the drop/add period due to exceptional circumstances such as death, illness, military conscription or University error, may receive a 100% refund, upon the student’s filing of a petition for refund with the office of the University Controller. The refund will not be granted until the exceptional circumstances have been verified by the office of the Dean of Students or the University Controller.

(b) Students who withdraw from the University for purposes other than exceptional circumstances during weeks two through four shall receive a 25% refund less nonrefundable fees. No refunds for withdrawal other than for exceptional circumstances will be granted after the fourth week of classes.

(9) Approval or disapproval of refund will be determined and announced by the Office of the Controller.

6C5-4.012 Educational Research Center for Child Development.

(1) The Educational Research Center for Child Development at Florida Atlantic University is established to provide educational opportunities and practical experience to Florida Atlantic Students through internships, supervised teaching and research experiences; and to provide a high-quality educational environment/experience for the children of FAU students, staff and faculty.

(2) There shall be a Director for the Center, selected by the Board of Directors of the Center. The Board of Directors shall consist of the President of the University or his/her designee, the Student Government Association President or his/her designee, the Chairperson of each department participating in the Center or his/her designee, and one parent for each 50 children enrolled in the Center, elected by the parents of children enrolled in the center. The Director of the Center shall be an ex officio, nonvoting member of the Board. The Board shall establish local policies and perform local oversight and operational guidance for the Center, and insure that the ERCCD is operated in accordance with the laws of Florida and regulations of Florida Atlantic University and the Board of Regents.

(3) The Center is funded through Capital Improvement Trust Fund Fees and user’s fees. Operations may also be financed by Student Activity and Service Fee allocations, grants, and donations, in accordance with the law. The Center shall receive and monitor funds in accordance with the laws of Florida and the rules and regulations of Florida Atlantic University and the Board of Regents.

6C5-4.013 Student Affairs: Student Financial Aid.

(1) General Information. Florida Atlantic University offers a variety of financial aid programs including grants, scholarships, loans and part-time employment to help students meet educational expenses. Assistance is provided in compliance with federal and state regulations, in a manner that serves the University’s plan for equalizing educational opportunity.

(a) All financial assistance programs are administered by the Student Financial Aid Office in accordance with a nationally accepted policy that the family, meaning parents, student, and spouse (if applicable), is responsible for the student’s educational expenses. Financial need for aid programs is established by a comparison of the total educational cost (budget) with the expected family contribution.

(b) Financial aid is awarded on the basis of greatest financial need and academic merit. Priority is given to those students who apply by the priority deadline of March 1 for the following academic year. Awards for late applicants are contingent upon the availability of student aid funds. The FAU financial aid program is administered without regard to race, creed, color, sex, physical handicap or national origin.

(2) Financial Aid Committee. The Financial Aid Committee, appointed by the Vice President for Student Affairs, recommends policy on matters relating to financial aid and program objectives in support of the University’s master plan. The Committee is composed of academic and administrative representatives of the various colleges and departments of the University and includes one student member.

(3) Application Procedures. Student aid applicants must complete the steps listed below, before an aid offer can be made to them:

(a) Return the completed FAU Financial Aid Application to the Student Financial Aid Office.

(b) File the Financial Aid Form (FAF) with the College Scholarship Service.

(c) Apply for admission to the University and be accepted as a degree seeking student.

(d) Submit financial aid transcripts from all post-secondary institutions previously attended (if applicable).

(e) Submit signed copies of parent’s and/or student’s income tax forms for the previous year.

(f) Submit a copy of the resident alien card or valid non-citizen document (if applicable).
1. Financial assistance is awarded for the Fall and Spring semesters prior to the beginning of the academic year. Applications for the Summer semester are available during the Spring term of the award year.

2. Students must reapply for all financial aid programs annually. To remain eligible for assistance at Florida Atlantic University a student must be eligible for continued enrollment at the University and make measurable academic progress in earning a degree according to the requirements of the Satisfactory Academic Progress Policy for financial aid recipients.

   (4)(a) Awards. The student’s financial need is met by an aid package which combines gift aid (grant and/or scholarships) and self-help (loans and/or employment). Students are notified of financial aid awards beginning in May for the following academic year. An award must be accepted (or rejected) and the official Award Letter signed and returned to the Student Financial Aid Office, along with a signed copy of the Conditions of the Award, within two weeks of receipt by the student.

   (b) Students must notify the Students Financial Aid Office of any changes in financial resources which might have a bearing on their financial aid award. The Student Financial Aid Office reserves the right to cancel or revise an award due to changes in the student’s financial or academic status.

   (5)(a) Enrollment Requirements. Priority for financial aid is given to full-time students (with the exception of the Pell Grant and Guaranteed Student Loan programs). Undergraduate students enrolled on a part-time basis (6-11 credits) will be considered for aid as funds permit. Graduate students must be enrolled for at least half-time (5 graduate credits) in order to receive financial assistance.

   (b) Students who participate in a concurrent enrollment program with an eligible community college must be enrolled for a minimum of six credits at Florida Atlantic University during that term in order to be eligible to receive financial aid from FAU. In addition, the following forms must be submitted to the FAU Student Financial Aid Office:

   1. A copy of the FAU dual enrollment registration authorization form, signed by the student’s advisor.
   2. A validated copy of the student’s course schedule and fee receipt form for fees paid at the other institution.
   3. A copy of the grade report for courses taken at the other institution is required, for verification of satisfactory academic progress.

   (6) Satisfactory Academic Progress. In order to be eligible to receive financial aid funds, Federal regulations require that students must demonstrate satisfactory academic progress in their selected course of study according to standards described in the University’s policy. These standards include qualitative (grade point average) and quantitative (number of credit hours) requirements as well as a maximum time frame (number of semesters) allowed to complete a degree. A copy of the Satisfactory Academic Progress Policy is enclosed with the award letter for review by the student prior to the acceptance of any aid offered.

   (7) Financial Aid Appeals. Petitions for review of decisions made by the Student Financial Aid Office must be submitted in writing with attached supporting documentation. Requests may be made for the review of financial aid offered and/or review of termination from financial aid due to lack of satisfactory academic progress. Notification of the petition outcome is made by mail. Students who wish to pursue their appeal further may request a review by the Dean of Students.

   (8)(a) Deferments. Tuition fee deferments may be issued only to financial aid recipients whose projected aid resources will not be available for disbursement during the first week of classes. Students seeking a deferment must have the Controller’s Office defer their fees prior to the last day of the first week of classes in order to avoid cancellation of courses and/or payment of a late fee.

   (b) Housing deferments can only be issued to financial aid recipients receiving enough aid to cover both tuition and housing fees. Housing deferment forms will be mailed each term by the Student Financial Aid office to eligible students for submission to the Cashier’s Office by the published payment deadline.

CHAPTER 6C5-5 PERSONNEL

6C5-5.004 Faculty Evaluation.
(1) The following will implement the provisions of Rule 6C-5.221, F.A.C., which requires that each faculty member be evaluated annually on the basis of his or her total performance in fulfilling responsibilities to the University.
(2) The annual evaluation shall take place during the Spring Semester and shall evaluate the faculty member’s performance during the previous calendar year.
(3) Each Department Chairperson or comparable administrator in an academic unit, shall be responsible for developing and collecting appropriate data required to evaluate the teaching, research and other creative activities, service and other University duties of each department faculty member. Faculty members with duties performed under the supervision of University officials such as Deans, Directors or the University Provost may have the performance of these duties evaluated by their immediate supervisors.
(4) A faculty member’s performance evaluation shall include a summary written by the Department Chairperson based where appropriate upon evaluations by the member’s colleagues and consideration of student evaluations of teaching. In completing this summary cognizance shall be taken of the duties formally assigned to the faculty member each term.
(5) Evaluation shall be based on performance in the areas of teaching, research and other creative activity, service including service to public schools, where applicable, and other University duties.
(6) Where appropriate, the evaluation shall include evaluations by students, other faculty members, public school officials, and other University officials responsible for supervision of the faculty member.

Specific Authority 240.227(1), 240.245(1) FS. Law Implemented 240.245 FS. History–New 7-20-76, Formerly 6C5-5.04, Amended 11-11-87.

6C5-5.005 Limited Access to Employee Records.
The contents of employee evaluation files shall be confidential, and shall conform to the requirements of applicable law rules and collective bargaining agreements. Employee evaluation files shall not be disclosed except to the evaluated employee, to persons so authorized by the employee, to University officials whose duties require access to the file in accordance with University and departmental evaluation and supervisory procedures, to the President and to the President’s designees in the discharge of official responsibilities as provided in Rule 6C5-1.002, F.A.C., and as may be provided by law. Refer to FAU Rule 6C5-1.002, F.A.C.

Specific Authority 240.227(1), 240.253 FS. Law Implemented 240.253 FS. History–New 10-17-79, Formerly 6C5-5.05, Amended 11-11-87.

6C5-5.006 Procedures Related to the Free Course Enrollment of Full-Time State Employees.
(1) Free course enrollment information: Inquiries regarding the free course enrollment benefit for full-time state employees should be made to the University Personnel Office.
(2) Eligible Employees.
(a) Full-time Administrative and Professional employees and faculty members who have been employed for at least six months in an established position in the State University System (SUS) (length of service will be calculated from the date of initial employment to the first day of classes as listed in the University Catalog), and who meet academic requirements may be allowed to enroll for up to six (6) credit hours of on-campus instruction per term without payment of the registration fee, on a space available basis. On-campus instruction is provided by courses offered at the Boca Raton or Fort Lauderdale Campuses and at the West Palm Beach Center. Extension, contract courses or any activity not funded in the education and general budget are not considered to be on-campus instruction.
(b) Permanent, full-time state employees in an established position other than those listed above, who at the time of registration have been employed for at least six (6) months (length of service will be calculated from the date of initial employment to the first day of classes as listed in the University Catalog), and who meet academic requirements may be allowed to enroll on a space available basis for up to six (6) credit hours of on-campus instruction per term without payment of the registration fee. The instruction must be in a job-related course or program as determined by the employee and verified by the supervisor and the employing agency head or designee.

(3) Enrollment.

(a) Prior to registration, the Faculty, A & P or other eligible employee shall obtain from the University Personnel Office required fee waiver forms, said forms identified as Eligibility for Enrollment in Tuition Free University Courses, “DOA 79-1-TB” and F.A.U. Faculty and Staff Enrollment Waiver of Registration Fee “PERS-17 Rev. 11/75.” These forms are to be completed, necessary approvals are to be obtained and returned to the University Personnel Office for verification and final approval.

(b) Admission, counselling, registration, fee payment, drop/add, refund and grade policies and procedures for the employee will be the same as for other students as outlined in the University Catalog and the schedule of courses for each term except for the following:

1. The employee will be assigned to classes on a space available basis only and therefore will not be permitted to register until after 1 p.m. on the last day of regular registration. Courses which have been designated by the University as having a direct cost relationship to each student admitted will not be available to employees under the fee waiver provision. Criteria to be used in determining courses with direct cost relationship will include but not be limited to faculty time required beyond normal time for lecture, discussions and examinations; additional special equipment; additional special supplies; and additional computer time. (For example, thesis, dissertation, and directed independent study courses.) A list of courses with direct cost relationship is available in the Personnel Office.

2. Prior to fee payment, but in no case prior to 1 p.m. on the last day of registration, the faculty, A & P or other eligible employee shall obtain from the Personnel Office, the previously submitted fee waiver form.

3. The employee should submit the approved fee waiver form to the cashier in lieu of fee payment. The employee must pay for any credits scheduled in excess of six hours. When different course levels are involved, the credit hours with the higher cost shall be waived. The employee must pay application fees and late registration fees, if applicable.

(c) Academic counselling, testing, learning resources and all other facilities of the University will be available to employees registering for courses on the same basis as to other students except that employees registering for four or less hours will not be privileged to use the Student Health Services. A Health Service fee of $24 per term will be required of all registrants of 5 or more credits.

(d) Employees enrolling for six or less credit hours, under the fee waiver program, do not pay activity and service fees, except for the Health Service fee where applicable, and are not eligible for free admission to activity and service fee sponsored activities.

(e) Intern supervisors – Refer to B. O. R. subsection 6C-5.133(2), F.A.C. The President of the University may also authorize for inclusion under this intern supervision program persons who supervise interns where the supervisor is required to engage in direct supervision of an intern for 300 contact hours. For the purpose of this program, the 300 contact hours may be incurred over a number of semesters provided there is at least 100 hours of direct supervision per semester.

6C5-5.007 Promotion Procedures.

(1) DEFINITION. Promotion is a change in job classification in recognition of significant achievement or the result of new or expanded duties and responsibilities. For administrative and professional staff, a promotion may result in the assignment to a higher pay grade.

(2) FACULTY.

(a) The criteria for faculty promotion shall include the minimum qualifications for initial appointment to the various ranks or positions according to the State University System Instructional and Research Faculty and Administrative and Professional Staff Classification Systems, BOR Rule 6C-5.105, F.A.C. Promotion criteria shall include increased skills and accomplishments in the performance of teaching, research and service assignments (including service to public schools if applicable), increased knowledge in the field of specialty, increased recognition of the faculty member as an authority in his/her field, and potential for professional growth.

(b) The promotion process will be initiated by Department Chairperson, Division Head, Dean, or may be self-initiated.

(c) The Department Chairperson or Division Head shall obtain opinions from the faculty about candidates for promotion, using any procedures adopted by the Division, Department, or the College. The Chairperson’s recommendations shall be forwarded to the Dean of the College.

(d) Each College shall have procedures to elect a Committee on Promotion and Tenure advisory to the Dean of the College. The Committee shall set forth procedures by which recommendations are made to the Dean. Written procedures adopted by the Committee must be approved by the Dean.
(e) The Dean shall convene the College Committee on Promotion and Tenure to make recommendations concerning those faculty members whose names have been submitted for promotion through their departments to the Dean. The Dean must give consideration to such recommendations but need not follow them. The Dean may also seek recommendations from such other peer and supervisory sources as he deems appropriate. The Dean will make a decision to give a favorable or unfavorable recommendation regarding a candidate for promotion and will forward appropriate background materials along with the written recommendations to the Vice President for Academic Affairs.

(f) The Vice President for Academic Affairs may submit the names and available pertinent materials to the University Committee on Promotion and Tenure. This Committee shall be comprised of the Chairpersons of the College Committees on Promotion and Tenure. The University Committee shall review and make its recommendations regarding candidates for promotion. The recommendations shall be communicated in writing to the Vice President for Academic Affairs.

(g) The Vice President for Academic Affairs must give consideration to such recommendations but need not follow them in arriving at a decision. The Vice President for Academic Affairs may also seek recommendations from other peer and supervisory sources and will then make a written recommendation to the President and forward all appropriate materials for the President’s review.

(h) The President shall make the final decision on promotions and the President or his/her designee will notify the affected faculty member in writing of his/her decision. This notification will constitute final action of the University.

(i) Faculty members being considered for promotion shall be notified of unfavorable recommendations at the Departmental, College and University levels.

(3) ALEXANDER D. HENDERSON UNIVERSITY SCHOOL (ADHUS) FACULTY.

(a) Criteria for promotion shall include the minimum qualifications for initial appointment to the various ranks or positions. In addition, promotion criteria shall include increased skill and accomplishments in the performance of teaching, research and service assignments, increased knowledge in the field of specialty, and increased recognition of the faculty member as an authority in his/her field, and potential for professional growth.

(b) The Director of ADHUS will determine eligibility of a faculty member for consideration for promotion based on minimum qualifications for initial appointment to the rank for which promotion is to be considered and on increased skills in the performance of duties. Faculty members eligible for consideration will be informed by the Director at least forty work days in advance of the date set by FAU for recommendation for promotion to be due to the appropriate University administrative office. The Director will request the candidate’s consent to continue the process of consideration for promotion. Candidates wishing to be considered for promotion will so notify the Director in writing within five work days. Each candidate will be instructed to prepare written and graphic evidence of:

1. The degree to which he/she is recognized as an authority in his/her area of assignment.

2. The degree to which his/her knowledge of the area has increased over the period of employment at ADHUS. The evidence will be submitted by the faculty member within fifteen work days following his/her consent to the ADHUS Advisory Committee on Promotion which shall evaluate it, and within fifteen work days of receipt, recommend promotion or non-promotion to the Director of ADHUS. Upon receipt of the Committee’s recommendations, the Director will submit a recommendation to the Vice President for Academic Affairs who will make a recommendation to the President. The Vice-President must take the recommendation of the Director into consideration but need not follow it. The President will take final action on the promotion, and the President or his/her designee will notify the candidate of the decision.

(c) ADHUS faculty shall have procedures to elect a Committee on Promotion. The Committee shall have procedures by which recommendations shall be made to the Director about faculty nominated for promotion.

(d) The candidate will be notified of unfavorable recommendations at each level of consideration.

(4) ADMINISTRATIVE AND PROFESSIONAL STAFF.

(a) Promotions may be awarded to persons who have demonstrated outstanding achievement in the performance of assigned duties or have substantially increased responsibilities within present classifications, and who have demonstrated the ability to assume expanded duties and responsibilities in a new classification or higher pay grade. Evidence of such ability may include fulfillment of educational and other requirements for the new and/or expanded duties.

(b) The employee’s supervisor shall make a recommendation to the appropriate Vice President in accordance with established procedures.

(c) The Vice President shall evaluate the proposed promotion and the employee’s qualifications and shall recommend a decision to the President.

(d) The President shall take final action on the promotion.

(5) This rule is subject to Board of Regents Rule 6C-5.113, F.A.C., other rules which may be applicable and collective bargaining agreements.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5) FS., 6C-5.113, 6C-5.235, F.A.C. History–New 4-20-81, Formerly 6C5-5.07, Amended 11-11-87.

6C5-5.008 Tenure Procedures.

(1) The procedures which follow shall apply to the granting of tenure:
(a) Definition. Tenure is a guarantee of continued employment of faculty members as defined by Board of Regents’ rule and by collective bargaining agreements.

(b) Criteria. The criteria for faculty tenure at Florida Atlantic University are achievement and highly competent performance in the areas of: 1. teaching; 2. scholarly research or creative activity; and 3. service to the University and to the community. This section is to be consistent with requirements in Rule 6C-5.225, F.A.C.

(2) Tenure consideration may be commenced by nomination by Department Chairperson, Division Head, Dean, nomination by the President as set forth in subsection (10), or may be self-initiated. In either case the faculty member will be notified by the Dean that he/she is eligible to be considered.

(3) The Department Chairperson or Division Head shall submit the names of candidates for tenure to the tenured faculty of the Department. The tenured faculty of the Department shall be polled by secret ballot regarding recommendations about each candidate eligible for tenure. These recommendations will be forwarded to the Department Chairperson or Division Head who shall write a recommendation to the Dean of the College regarding each nominee for tenure and report the vote of tenured faculty.

(4) Each College shall elect a committee of faculty members to serve in an advisory capacity to the Dean of the College regarding recommendations for promotion and tenure. The College Committee shall set out the procedures it will use to evaluate a candidate’s attainment of the criteria for granting tenure.

(5) The Dean shall convene the College Committee on Promotion and Tenure to make recommendations concerning those faculty members who have been nominated for tenure. The Committee will be provided with the available pertinent materials for all such candidates. The Dean must give consideration to the Committee’s recommendations but need not follow them. The Dean shall also seek recommendations from qualified scholars in pertinent disciplines both within and outside the University and from such supervisory sources as deemed appropriate. The Dean will make the decision to give a favorable or unfavorable recommendation to a candidate for tenure and will forward the written recommendation along with appropriate background materials to the Vice President for Academic Affairs.

(6) The Vice President for Academic Affairs may submit the names, and available pertinent material for candidates for tenure to the University Committee on Promotion and Tenure. This Committee shall be comprised of the Chairpersons of the College Committees on Promotion and Tenure. The University Committee shall review and make its recommendations regarding those candidates which it has considered. The recommendations shall be communicated in writing to the Vice President for Academic Affairs.

(7) The Vice President for Academic Affairs must give consideration to such recommendations in arriving at a decision to award tenure but need not follow the recommendation of the University Committee. The Vice President for Academic Affairs may also seek recommendations from other faculty and supervisory sources and will then make a written recommendation to the President of the University and forward all appropriate materials for the President’s review.

(8) The President shall make the final recommendation on the granting of tenure for faculty members and the President or designee shall communicate favorable recommendations to the chancellor for final action by the Board of Regents. Tenure may only be granted by affirmative act of the Board of Regents. The faculty members being considered shall be notified in writing of the President’s decision. This notification will constitute final action of the University.

(9) The candidate will be notified in writing at the Departmental, College and University level of an unfavorable tenure recommendation.

(10) Nothing herein shall limit the authority of the President to nominate a faculty member for tenure and forward such recommendation as provided in subsection (8).

Specific Authority 240.227(1) FS. Law Implemented 240.227(5), (6) FS., 6C-5.225, F.A.C. History–New 4-20-81, Formerly 6C5-5.08, Amended 11-11-87.

6C5-5.009 Termination, Suspension and Other Disciplinary Action for Cause for Instructional and Research and Administrative and Professional Employees.

(1) Scope. This rule applies to instructional and research and administrative and professional employees not covered by a collective bargaining agreement.

(2) Definition. “Cause” shall include:

(a) Incompetence, or
(b) Job-related misconduct, such as malfeasance, misfeasance and nonfeasance, or
(c) Other misconduct such as defined in FAU Rule 6C5-7.007, F.A.C.

(3) Termination.

(a) The appointment of an employee may be terminated or suspended for cause. An employee shall be given written notice of termination or suspension by the President or the Vice President to whom the employee reports. The notice shall state the reason for the termination or suspension. The termination or suspension imposed under this sub-section shall take effect when the time for filing a grievance has passed or when final administrative action has been taken under the grievance procedure in this chapter. During the period following notice, the employee may be reassigned at the discretion of the President or Vice President to whom the employee reports.
(b) The President or Vice President to whom the employee reports retains the right to impose disciplinary action, other than termination or suspension, for cause. The employee shall be given written notice of any disciplinary action. The President or Vice President to whom the employee reports shall state in the notice reasons for the disciplinary action. Any disciplinary action taken under this section shall be subject to the grievance procedure set out in this chapter. Counselling shall not be considered disciplinary action under this section.

(4) Suspension pending investigation. Notwithstanding the provisions of subsection (3) above, the President or Vice President to whom the employee reports may immediately suspend an employee from the performance of duties with or without pay when the President or Vice President to whom the employee reports has reason to believe that the employee’s presence on the job would adversely affect the functioning of the employee’s office or the University, or jeopardize the safety or welfare of other employees, colleagues, or students. A suspension may be with or without pay, pending final administrative action as determined by deadlines for filing grievances. Within two work days, excluding weekends and official holidays, the President or Vice President to whom the employee reports shall serve written notice upon the employee including a statement of the reasons for any action taken. If the employee has been suspended without pay and ultimately prevails in the grievance procedure, the employee shall be reinstated with back pay.

(5) Notification. Notices given under this rule shall be hand-delivered or sent “return receipt requested” to the employee’s address of record with the University. It is the duty of employees to keep current their address of record by notification to the University Personnel Office.

Specific Authority 240.227(1), 120.53(1)(a) FS. Law Implemented 240.227 FS. History–New 7-6-81, Formerly 6C5-5.09, Amended 11-11-87, 6-7-88.

6C5-5.010 Resignation and Non-reappointment.

(1) Non-reappointment by the University.

(a) This rule applies to non-tenured or non-permanent status Faculty and Administrative and Professional employees who are not subject to a collective bargaining agreement.

(b) Service in pay plans other than those described in (1)(a) above, or with any entity other than Florida Atlantic University, does not count toward length of employment for purposes of this rule.

(c) Employees in the following categories are not covered by this rule and are not entitled to notice of non-reappointment. In addition, service in the following categories does not count toward length of employment for purposes of this rule:

1. Employees holding acting, temporary or part-time appointments.
2. Employees holding visiting appointments.
3. Employees who are appointed for less than one academic year.
4. Employees who are appointed to multi-year contracts.
5. Employees who are in positions funded through contracts and grants or sponsored research funds.
6. Employees who are issued a contract which states, in substance, that their employment will cease on the date indicated and no further notice of cessation of employment is required.

(2) Non-reappointment Advance Notice Periods.

(a) Employees covered by this rule, whose appointments will not be renewed, shall be given a written notice of non-reappointment with the following advance notice periods:

   a. In their initial year of covered employment, three months.
   b. In their second year of covered employment, six months.
   c. With two or more years of covered employment, twelve months.
2. Employees hired on or after August 29, 2001.
   a. In their initial year of covered employment, one month.
   b. In their second year of covered employment, three months.
   c. With two or more years of covered employment, six months.

(3) Terms and Conditions of Non-reappointment.

(a) The employee’s current contract rate of pay shall remain unchanged through the end of the current contract period or the advance notice period, whichever is longer. The employee shall not receive any pay increases during the advance notice period.

(b) The University’s right to reassign the employee to other duties and responsibilities remains in effect during the non-reappointment period. The University’s right to terminate the employee for just cause remains in effect during the advance notice period.

(c) The University may offer an employee a contract of reappointment of a duration necessary to fulfill any advance notice requirement of this rule.

(4) Requirements of Non-reappointment Notice.

(a) All notices of non-reappointment for Administrative and Professional employees shall be approved by the Vice President for Finance or the President’s designee.

(b) All notices of non-reappointment for Faculty shall be approved by the President or his or her designee.
6C5-5.011 Grievance Procedure.

(1) The purpose of this rule is to set out a procedure for the investigation and resolution of grievances filed by instructional and research faculty and administrative and professional staff members at Florida Atlantic University who are not subject to the terms of collective bargaining agreements, or to University Support Personnel Service (U.S.P.S.) rules.

(2) Job-related problems should be resolved, whenever possible, before the filing of a grievance. Open communication and informal resolution are encouraged so as to avoid the necessity for formal grievances.

(3) The burden of proof shall be on the University in grievances alleging terminations for cause. In all other cases, the burden of proving a grievance, by a preponderance of evidence, shall be on the grievant.

(4) It is the purpose of this procedure to provide a complete response to a grievance and to discourage multiple processing of the same issue. Therefore, if prior to or while seeking resolution of a dispute under this rule, a grievant seeks resolution of the matter in any other forum, administrative or judicial, FAU shall have no obligation to entertain or proceed further with the matter pursuant to this rule. Further, since it is not intended that the grievance procedure be a device for appellate review, the response of the President or designee to a recommended order of a presiding officer acting pursuant to Chapter 120, F.S., or to another individual or group having appropriate jurisdiction in any other procedure shall not be an act or omission giving rise to a grievance under this procedure.

(5) All time limits contained in this rule may be extended by agreement of the parties. Upon failure of the grievant to file an appeal within the time limits provided in this rule, the grievance shall be deemed to have been resolved at the prior step.

(6) Definitions:

(a) The term “grievance” means a dispute concerning the grievant’s rights regarding the terms and conditions of employment.

(b) The term “grievant” means a member or members of the instructional and research or administrative and professional staff, not governed by a collective bargaining agreement, or by U.S.P.S. rules, who has filed a grievance and whose rights have been directly affected by an act or omission of a Supervisor or Administrator at FAU.

(c) The term “days” means calendar days. In the event an action falls due on Saturday, Sunday or a state holiday, the action will be considered timely if it is accomplished by 5:00 p.m. on the following business day.

(d) The term “counsel” means a lawyer or lay advisor.

(e) The term “party” means FAU or the grievant.

(7) Step One – All grievances shall be filed with the person designated by the President as Step One Representative for the unit in which the grievant performs duties, within 15 days following the act or omission giving rise thereto, or the date on which the grievant knew or reasonably should have known of such act or omission if that date is later. The written grievance shall contain the following information: The grievant’s name, name and address of counsel, if any, specific provision(s) of BOR rules under agency Title designation 6C, F.A.C., if any, or FAU rules under agency Title designation 6C5, F.A.C., or other rule, statute or agreement claimed to have been violated, a statement of the grievance, including the acts or omissions which are claimed to have given rise to the grievance, the remedy sought, and the grievant’s signature. The Step One Representative shall arrange an informal meeting, to be held within 15 days of the filing date, between the grievant and the grievant’s Supervisor. In advance of the Step One meeting, the grievant shall have the right, upon request, to a copy of identifiable documents relevant to the grievance. The Supervisor and Step One Representative shall have 7 days from the informal meeting to resolve the dispute to the satisfaction of both parties. The Step One Representative shall notify the grievant in writing of the decision.

(8) Step Two – If the grievant is not satisfied with the Step One decision, the grievant shall request in writing a conference with the appropriate Vice President by delivering a written request to the Vice President and a copy to the Step One Representative. This request must be made within 10 days of the date of the Step One decision. The Vice President or the Vice President’s designee shall schedule a conference, to be held within 7 days, with the grievant and any other persons believed to be necessary to the equitable settlement of the grievance. The Vice President or designee will endeavor to settle the dispute and will notify the grievant of the Step Two decision in writing within 5 days of the conference.

(9) If the grievant is not satisfied with the decision of the Vice President, and the matter is one of substantial interest, the decision of the Vice President shall constitute final agency action and the grievant may proceed under Section 120.57, F.S., as amended, within 25 days of the decision of the Vice President.

(10) Step Three – The grievant may, within 25 days of the date of the Step Two decision, request a Step Three hearing in writing to the President and shall waive any other review procedures. The President or the President’s designee shall schedule a hearing pursuant to Section 120.57, F.S., to be held no sooner than 7 days and no later than 15 days of the request for hearing. The employee shall have the right at the hearing to:

(a) Review all evidence and argument against the employee.

(b) Present evidence and argument on all issues.
(c) Submit rebuttal evidence.
(d) Be represented by counsel.
(e) Provide for transcription of testimony. The President or the President’s designee shall issue findings of fact and a final written order within 25 days of the conclusion of the hearing, which shall be final and binding.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5), (6), 120.57, 120.53(1) FS. History–New 7-6-81, Formerly 6C5-5.11, Amended 11-11-87.

6C5-5.012 Sexual Harassment.

1. GENERAL STATEMENT. Sexual harassment is a form of employee or student misconduct which undermines the integrity of the working or learning relationship. All members of the University community are entitled to study and work in an atmosphere free from any form of sexual harassment. Therefore, it is a violation of this rule for any employee or student to engage in conduct constituting sexual harassment. It is also a violation of this rule to retaliate against anyone who complains of sexual harassment or who participates in a proceeding related to a sexual harassment complaint.

2. DEFINITION OF SEXUAL HARASSMENT.
   (a) For purposes of this rule, sexual harassment is defined as any unwelcome sexual advances, requests for sexual favors, or other communication or physical conduct of a sexual nature from any person when:
   1. Submission to such conduct or request is made either explicitly or implicitly a term or condition of an individual’s employment; or
   2. Submission to such conduct or request is made either explicitly or implicitly a term or condition of academic achievement; or
   3. Submission to or rejection of such conduct or request by an individual is used as the basis for an employment or academic decision affecting such individual; or
   4. Such conduct or request unreasonably interferes with an individual’s work or academic performance or creates an intimidating, hostile, or offensive environment for working or learning.
   (b) The definition of sexual harassment excludes the use of sexual material in a classroom setting for academic purposes.

3. RESPONSIBILITIES.
   (a) All members of the University community are responsible for ensuring that their conduct does not sexually harass any member of the University community.
   (b) Third parties doing business with the University are responsible for ensuring that their conduct and the conduct of their employees or agents does not sexually harass any member of the University community.

4. REPORTING OF SEXUAL HARASSMENT. The University’s Sexual Harassment Policy is designed to protect all members of the University community. The responsibility for reporting incidents of sexual harassment rests with the members of the University community.
   (a) Employees.
   1. Employees who have been sexually harassed report the facts and circumstances of sexual harassment to the Director of Equal Opportunity Programs, or to any of the following, who in turn, must notify the Director of the Office of Equal Opportunity Programs: immediate supervisors, Directors, Department/Division Heads, College Deans, Vice Presidents, University Provost or Director of Personnel Services.
   2. Employees who observe or learn of conduct that they reasonably believe to be sexual harassment, report the facts and circumstances to the Director of Equal Opportunity Programs, or to any of the following, who in turn, must notify the Director of Equal Opportunity Programs: immediate supervisors, Directors, Department/Division Heads, College Deans, Vice Presidents, University Provost or Director of Personnel Services.
   (b) Students.
   1. Students who have been sexually harassed report the facts and circumstances to the Director of the Office of Equal Opportunity Programs or to any of the following, who in turn, must notify the Director of the Office of Equal Opportunity Programs: supervisors of the department involved, Department/Division Chairs, Directors, Department/Division Heads, College Deans, Vice Presidents, Dean of Students, University Provost or Director of Personnel Services.
   2. Students who learn or observe conduct they reasonably believe to be sexual harassment, report the circumstances to any of the following, who in turn, must notify the Director of Equal Opportunity Programs: supervisor of the department involved, Department/Division Chairs, Directors, Department/Division Heads, College Deans, Vice President, Dean of Students, University Provost or Director of Personnel Services. Students may also report the matter to the Director of the Office of Equal Opportunity Programs.

5. FILING A COMPLAINT. A complaint must be filed with the Director of Equal Opportunity Programs within one-hundred-eighty (180) calendar days after the last incident of alleged sexual harassment. The filing of a complaint under this policy, whether the complaint is dismissed or not, does not preclude the complainant from also filing a complaint with the Florida Commission on Human Relations or the Federal Equal Employment Opportunity Commission (EEOC) or the Federal Office of Civil Rights (OCR) and has no effect on the filing time limits of those agencies.

6. PROCESSING COMPLAINTS.
(a) Upon receipt of a complaint, written or oral, the Director of Equal Opportunity Programs discusses the complaint with the complainant and the alleged offender.

(b) The Director of Equal Opportunity Programs discusses the receipt of the complaint with the supervisor of the alleged offender.

(c) The Director of Equal Opportunity Programs attempts a resolution satisfactory to the complainant, the alleged offender and the University within fifteen (15) days.

(d) If the complaint is not resolved within fifteen (15) days, the Director of Equal Opportunity Programs interviews witnesses and reviews documents.

(e) This review should conclude within sixty (60) days. If additional time is required, the complainant and alleged offender will be notified.

(f) The Director of Equal Opportunity Programs submits a report to the appropriate Vice President, or the Associate Provost (Boca Raton campus). In the case of a student, the report will be submitted to the Dean of Students. In the event any of the above is the alleged offender in a complaint, the report will instead be submitted to his or her immediate supervisor.

(7) DISCIPLINARY ACTION.

(a) Any member of the University community found to have violated this rule shall be subject to disciplinary action up to and including dismissal or expulsion.

(b) Any member of the University community in a supervisory capacity who has knowledge by direct observation or by receipt of a complaint of sexual harassment involving anyone he or she supervises, must report the matter directly to the Director of the Office of Equal Opportunity Programs. Any supervisor who fails to report the matter directly to the Director of the Equal Opportunity Programs office will be subject to disciplinary action up to and including dismissal.

(c) Where the alleged offender is an employee, the report described in paragraph (6)(f) of this rule will be reviewed by the Vice President or the Associate Provost (Boca Raton campus). The Vice President or Associate Provost will, in consultation with the Office of Equal Opportunity Programs and the Director of Personnel Services, determine if disciplinary action is warranted, and if so, the nature of the disciplinary action to be taken.

(d) The factors to be considered in making this determination include, the nature and severity of the harassment, any prior warnings given to the alleged offender, any prior incidents of harassment by the alleged offender, and the facts and circumstances of the case.

(e) Where the alleged offender is a student, the report described in paragraph (6)(f) of this rule will be reviewed by the Dean of Students. The Dean of Students will handle the matter in accordance with the Student Conduct Code.

(f) All disciplinary action shall be subject to applicable University rules and collective bargaining agreement provisions.

6C5-5.013 University Ethics.

(1) State Code of Ethics.

The Code of Ethics for Public Officers and Employees, Chapter 112, Part 3, F.S., is a part of the law of the State of Florida. The Code of Ethics declares that it is the policy of the state that no employee of a state agency may have any interest, financial or otherwise, direct or indirect; engage in any business transaction or professional activity; or incur any obligation of any nature which is in substantial conflict with the proper discharge of his/her duties in the public interest. The University adopts and reaffirms the State Code of Ethics and further adopts the following supplementary policies as part of the FAU Ethics Rule. The terms used are to be given the broadest definitions appropriate, so as to best implement the state policy and to evade even the appearance of impropriety in transactions and relationships involving University employees.

(2) Collective Bargaining Agreements.

This rule applies to all University employees. The provisions of this rule are subject to applicable provisions of collective bargaining agreements. In the event of conflict between this rule and a collective bargaining agreement, the provisions of the collective bargaining agreement shall prevail.

(3) Purchasing Activities.

(a) Application. Transactions relating to expenditure of public funds require the highest degree of public trust to protect the interests of the University and the taxpayers of the State of Florida. All University personnel engaged in purchasing activities including, but not limited to the President, Vice President, Deans, Chairpersons, Directors, Budget Committee Members, Initiators of Requirements, Receiving Personnel, Recommending Advisors, Finance and Accounting, Purchasing Agents, and all persons involved in purchasing activities, and their Supervisors, are bound by the standards of conduct for public officers and employees set forth in Chapter 112, Part 3, F.S.

(b) All employees. No full or part-time University employee may rent, lease or sell any goods, services or realty to the University, either directly, indirectly.
(c) Employees Involved in Purchasing. No full or part-time University employee who participates through decision, approval, recommendation or preparation of any part of a purchase request or who influences the content of any specification or procurement standard, may contract with or become the agent contracting with University. Nor shall such an employee permit the sale or lease of anything to the University through the employee’s spouse or minor children, or through any business entity of which the employee’s spouse or minor children, in any combination, have a material interest. “Material interest” is defined as having direct or indirect ownership of more than 5 percent of the total assets or capital stock of any business entity.

(4) Conflicts of Interest.

(a) No University employee may have outside employment or a contractual relationship with any business entity which is doing business with the University, whether compensated or uncompensated, which would create a continuing or frequently recurring conflict between private interests and the full and faithful performance of the employee’s public duties.

(b) No University employee may solicit or accept anything of value, including gifts, loans, rewards, promise of future employment, favor or service the employee knows or should have known that it was given to influence the judgment or official action of the employee.

(c) The University reserves the right to refrain from contracting with any vendor of goods or services, if it determines that such a contract would involve or would appear to involve a conflict of interest.

(5) Exemptions: University employees may be exempted by the University from the foregoing prohibitions against doing business with the University, if:

(a) The business is awarded under a system of sealed, competitive bidding to the lowest or best bidder; and

1. The employee or the employee’s spouse or child has in no way used or participated in the determination of the bid specifications for the determination of the lowest or best bidder;

2. The employee or the employee’s spouse or child has in no way used or attempted to use influence to persuade the University or any personnel thereof to enter such a contract other than by the mere submission of the bid; and

3. The employee, prior to or at the time of the submission of the bid, has filed a statement with the Department of State, disclosing the interest of the employee or the employee’s spouse or child, and the nature of the intended business.

(b) An emergency purchase or contract which would otherwise violate this Code of Ethics must be made in order to protect the health, safety, or welfare of the citizens of the state.

(c) The business entity involved is the only source of supply and there is full disclosure of the employee of his interest in the business entity to the University prior to the business being transacted. Additional documentation may be required to verify sole source purchases.

(d) The total amount of the subject transaction does not exceed $500.00.

(e) The employee is engaged in research and development pursuant to a University copyright or patent, or under the auspices of the University’s Division of Sponsored Research. Such transaction must be approved by the President and the Chancellor and reported to the Governor and the Legislature.

(f) As a matter of policy, exemptions will not be approved by the University if other means of procurement of goods or services are available and more appropriate.

(6) Outside Employment, Business and Professional Activities.

(a) All Faculty and Administrative and Professional Employees.

1. It is the obligation of each faculty and staff member to keep the Chairman or Supervisor informed in detail as to all outside employment. Keeping the Supervisor informed, however, does not relieve the faculty or staff member of final responsibility for his or her actions. The attention of faculty members is directed to the possibility of conflict of interest between their outside activities and work at the University.

2. This University subscribes in principle to the statement on this subject by the American Council on Education and the American Association of University Professors. Before assuming outside employment, business or professional activities, the University faculty or staff member shall complete a University Outside Activity Form and submit it to his or her Department or Supervisor. Approval of Outside Activities is granted for a period not to exceed one year.

3. In general, outside activities shall not require absence from assigned duties. Situations which are not satisfactorily resolved between a faculty or staff member and the appropriate Chairman or Supervisor may be referred or appealed through normal administrative channels.

4. Any University employee who proposes to engage in outside employment or any continuing business activity shall obtain approval, in writing, as far in advance as is practical. The request for approval shall include at a minimum the name of the proposed employer, or recipient of services and funding source; the location where such activity will be performed, the nature and extent of the activity; and any intended use of University facilities, equipment, or services. The employee shall inform the Supervisor of any changes in outside activities prior to engaging in the change. University Outside Activity Forms are public records under the laws of Florida.

5. If the request for approval of outside activities includes an intended use of University facilities, equipment, or personnel, approval may be conditioned upon reimbursement to the University for any additional costs resulting from such use. Outside activities may be approved without approval of the use of University facilities, equipment, or personnel.

(b) In-Unit Faculty and Administrative and Professional Employees.
1. In-Unit Faculty and Administrative and Professional Employees may undertake outside employment pursuant to the provisions of applicable collective bargaining agreements.

2. A University Outside Activities Form must be filed prior to undertaking outside activities:
   a. If any employee is compensated for outside professional activities, or,
   b. If one could reasonably conclude that the activity could create conflict of interest, or which could otherwise interfere with the full performance of the employee’s professional or institutional responsibilities.
   c. University Support Personnel Service Employees, Student Employees and Others.

1. University’s Support Personnel Service employees, student employees and all other part-time University employees not mentioned in paragraphs (a) and (b) above, may undertake outside employment or business or professional activities provided it does not interfere with the regular work of the employee and does not result in any conflict of interest between the outside activity and the employee’s responsibility to the University.

2. It is the obligation of the employee to inform his/her Supervisor in writing on the University Outside Activity Form as to all outside employment, professional and business activities, if one could reasonably conclude that the activity is likely to create a conflict of interest or the appearance of a conflict of interest, interfere with the full performance of the employee’s duties, if the business entity, which the employee proposes to be employed by or to contract with, does business with the University.

7. Use of University Name and Symbols.

No employee shall claim to represent the University or use University letterhead or the University seal, logos, or other marks in connection with any outside employment or activity, unless authorized in writing to do so, by the University President or the President’s representative.

8. Faculty Produced Books and Materials.

   a. An employee may procure copyrights, and receive the royalties resulting therefrom, for the employee’s products, provided the ideas came from the employee, the products were the result of the employee’s independent labors, and the University was not held responsible for any opinions expressed therein. If the products were in any way supported by University funds, personnel, facilities, equipment, or materials, the employee shall report to the president or representative the employee’s interest in having the product copyrighted.

   b. University faculty members are expected to be eminent in their areas of expertise. Faculty members are also encouraged to engage in creative pursuits and to publish the products of those pursuits. The result is that the best text for use in a faculty member’s class is often written by the faculty member. A faculty member may require students to buy textbooks he or she has written provided that textbook has been published by a nationally recognized, commercial book company other than vanity press companies. The decision of the College Dean as to whether a company is a vanity press company shall be binding upon the college.

   c. Faculty members may require students in their classes to buy course manuals, studies guides, and other materials prepared by the faculty member if such materials are produced off campus, comply with copyright laws, and are offered for sale by the University Bookstore or if the materials are produced and sold by the University Copy Center. The charges to students for these materials will cover only the cost of producing and distributing the material and must be approved by the Department Chairperson and College Dean.

   d. Faculty members may not sell books or materials to the University except in conformity with other provisions of the University Ethics Rule.

University employees who are determined by the University President to have violated the Ethics Rules are subject to disciplinary action. Actions may include penalties specified by law, such as dismissal, suspension, demotion, reduction in salary, forfeiture of salary, restitution, public censure, and reprimand, or such other actions as may be deemed appropriate by the University President.

6C5-5.014 University Support Personnel System (USPS) Employee Standards and Disciplinary Procedures.

1. (a) Scope and Authority. This rule applies to all University Support Personnel System employees of the University with permanent status. The provisions of this rule are subject to applicable collective bargaining agreement provisions, and Board of Regents System-Wide Personnel Rules. Disciplinary action will be taken in a positive and constructive manner designed to assist employees in meeting expected standards.

   b. The authority to discipline USPS employees is vested in the University President. The President has delegated this authority to the Vice President for Administrative Affairs, who except for suspensions and dismissals, has delegated all other authority for disciplinary actions to immediate supervisors.

2. Standards of Conduct. The following standards are required for all employees. Departure from these standards by an employee will constitute offenses and will result in disciplinary action being taken.

   a. Employees shall respect the rights of others.

   b. Employees shall exhibit level of behavior supporting the mission, purposes and best interests of the University.

   c. Employees shall perform assigned duties in an orderly and efficient manner.

   d. Employees shall adhere to all University rules and directives.
(3) Disciplinary Procedures. Progressive and Cumulative Discipline. Disciplinary action can be both progressive and cumulative. An employee who commits different offenses and, who despite repeated warnings, fails to correct his behavior to conform to reasonable conduct or work standards will be subject to progressive and disciplinary action.

(a) Progressive discipline means that the employee is subjected to progressively more severe discipline for continued violations of the same standard of conduct. The standards for disciplinary action specify the range of disciplinary action that can be taken for each offense and the progressive discipline applicable for each succeeding offense.

(b) Cumulative discipline means that prior offenses for which an employee was disciplined may be used by the disciplining authority to determine the severity of the action to be taken for the current offense. To determine the severity of the action to be taken for the current offense, the disciplining authority may use the progressive discipline applicable for offenses for which an employee has been disciplined formally. Prior offenses need not be similar to the current offense.

(c) Establishing Cause.

1. Job-related offenses. The standards for disciplinary action apply to offenses that occur while the employee is at work or are job-related. If offenses occur while the employee is off duty, and away from the job, any disciplinary action taken must be preceded by a decision, supported by facts, that the offense adversely affects the employee’s ability to perform assigned duties, or the University’s ability to carry out its mission and purposes.

2. Counselling. Except for offenses which require that immediate disciplinary action be taken, employees will receive counselling and will be given an opportunity to comply with the supervisor’s instructions before disciplinary action is taken. Counseling shall be constructive and done with the primary purpose of helping the employee correct a problem. The supervisor shall speak privately with the employee and state the specific disciplinary standard involved. The supervisor shall seek employee input in trying to correct the situation. If the problem is not resolved, the supervisor will communicate to the employee the action to be taken.

3. Investigatory Interview. An investigatory interview may be used by the supervisor to determine whether the employee committed the alleged offense. The employee shall be advised prior to the interview that the supervisor will be conducting an investigatory interview. A permanent USPS employee, covered by a collective bargaining agreement, may have a union spokesperson, nor argue facts or conclusions. The provisions of Part VI of Chapter 112, F.S., shall apply to law enforcement employees covered by that statute.

(d) Taking Disciplinary Action.

1. Procedure. Disciplinary action shall be taken only for just cause. The disciplining authority shall review alleged offenses to determine the following:
   a. Notice – Whether the employee knew or should have known that the behavior is not acceptable. If it is a repeated offense, whether the employee was previously warned of the consequences of a repeated offense?
   b. Job Related – Whether the offense for which the employee is subject to discipline is related to the job?
   c. Proof of Misconduct – Whether the alleged offense has been investigated objectively and the investigation has established a reasonable belief that the University’s standards of conduct have been violated?
   d. Past Practice – Whether the proposed discipline is consistent with past treatment of employees who have committed similar offenses?
   e. Appropriateness of Discipline – Whether the severity of the proposed discipline is reasonably related to the seriousness of the offense and the employee’s past record of work performance, conduct, and discipline has been given consideration?

2. Types of Disciplinary Action. The following types of disciplinary actions shall be administered in accordance with this rule:
   a. Oral Reprimand.
   b. Written Reprimand.
   c. Suspension.
   d. Discharge.

3. Probationary Employees. Probationary employees may be disciplined without a right of appeal and are subject to dismissal for any single offense or for failure to meet required performance levels during the probationary period.

   a. Oral Reprimand. This is the least severe type of disciplinary action. The purpose is to cause the employee to correct inappropriate behavior after counselling has been unsuccessful. The immediate supervisor shall:
      i. Meet privately with an employee and advise the employee that an oral reprimand is being applied;
      ii. Cite the specific conduct needing to be corrected;
      iii. Explain what corrective action is required; and,
      iv. Confirm the employee’s understanding of the problem and advise him of possible future consequences if not corrected.
   b. Written Reprimand. A written reprimand is more severe than an oral reprimand. Its purpose is to warn the employee in writing of a specific offense or deficiency in performance standards and give notice to the employee of the next level of discipline for a repeated offense. The written reprimand shall be in a memorandum format informing the employee of the possible consequences if the offense is repeated. A copy shall be provided to the Personnel Office for inclusion in the employee’s personnel file. The immediate supervisor shall:
      i. Meet privately with the employee and advise the employee of the written reprimand;
ii. Cite the specific offense or the performance standard that has been violated;

iii. Discuss the specific incident that prompted the discipline and indicate the corrective action required;

iv. Confirm the employee’s understanding of the problem and advise him of the next step in progressive discipline for continued violations.

c. Suspension. This is a severe form of discipline which shall be administered as a step in the progressive and cumulative discipline procedure following one or more written reprimands, or for the first discipline for the commission of a serious offense. Suspension is defined as an action taken by the University to temporarily relieve the employee of duties and place the employee on leave without pay. Supervisors and the Vice President for Administrative Affairs shall determine whether an employee’s alleged failure to meet the University’s Standards of Conduct warrants suspension. The University Personnel Director shall notify the employee in writing of the proposed suspension stating the standard violated. Notice shall be given, offering the employee the opportunity for a predetermination conference pursuant to Board of Regents Personnel Rules. After a review and completion of the predetermination procedure, the Vice President for Administrative Affairs shall implement the proposed suspension for cause based upon a reasonable belief. A copy of the notice of suspension shall be placed in the employee’s personnel file and conform to the requirement of Board of Regents Personnel Rules, which include:

i. Notice to the employee of the action taken and the reason for such action;

ii. Listing the specific offense(s) or performance for which the employee is being disciplined;

iii. Advising the employee of the possible consequences if the offense is repeated or the performance fails to improve;

iv. Advising the employee of the right to appeal the action. If the employee is covered by a collective bargaining agreement, of the right to file a grievance.

d. Dismissal. This is the final and most severe form of discipline that may be imposed on an employee. Dismissal is defined as the action taken by the University to separate an employee from the USPS. Dismissal of permanent employees should only be used in the case of major offenses or as the final step in progressive discipline. If it is determined by supervisors and the Vice President for Administrative Affairs that the employee’s alleged failure to meet the University’s Standards of Conduct warrants dismissal, the University Personnel Director shall notify the employee in writing of the proposed dismissal, stating the standard violated. Notice shall be given, offering the employee the opportunity for a predetermination conference pursuant to Board of Regents Personnel Rules. After a thorough review and completion of the predetermination procedure, the Vice President for Administrative Affairs may implement the proposed dismissal for cause based on a reasonable belief. A copy of the final notice of dismissal shall be placed in the employee’s personnel file and shall conform to the requirements of the USPS Personnel Rules, which include:

i. Advising the employee of the action taken and the reason for such action;

ii. Listing the specific offense or performance deficiency for which the employee is being disciplined;

iii. Advising the employee of the right to appeal the action or if the employee is covered by a collective bargaining agreement, of his right to file a grievance.

(4) Standards for Disciplinary Action. The following standards for disciplinary action shall be used by supervisors to assure uniformity in treatment in the most common disciplinary problems. The list of offenses is not exclusive. It is meant to be illustrative of the most common disciplinary problems and the actions to be taken.

(a) Tardiness. The failure to follow established work schedules, reporting late at the beginning of the work schedule, or leaving early or returning late from breaks or lunch, or leaving work early at the end of the schedule, without approval, shall constitute tardiness, subject to disciplinary action.

(jj) Substandard Performance of Assigned Duties. The failure to satisfactorily meet the minimum performance standards that specifically relate to the employee’s duties and responsibilities shall be handled according to Board of Regents and University rules pertaining to performance evaluations.

(5) Extraordinary Situations. Extraordinary situations may arise where it is determined that a violation of the University’s Rules and Standard of Conduct or State or Federal Law is serious enough to warrant immediate suspension or dismissal. Use of the Extraordinary Situations provision is appropriate when the retention of a permanent USPS employee would result in injury to the employee or another person, damage to property, or be detrimental to the best interests of the University. The Vice President for Administrative Affairs, after review of the pertinent facts, may take action immediately to suspend or dismiss the employee in accordance with the Board of Regents Personnel Rules.

(6) Investigatory Leave. If an employee is under investigation by the University for violation of the University’s Standard of Conduct, the employee may be placed on Administrative Leave. When an employee’s absence from the University is determined to be in the best interest of the University, Administrative Leave shall be granted in accordance with the Board of Regents Personnel Rules.

(7) Demotion. Demotion is defined as moving an employee from a position in one class to a different position in another class having a lesser degree of responsibility and a lower salary range maximum. An employee shall not be demoted as a form of disciplinary action. Demotion shall be used to remove an employee from his class when the employee fails to achieve performance standards in his assigned duties.

6C5-5.017 University Support Personnel System Employee Performance Evaluations.

(1) The University will administer a procedure for evaluating the performance of all University Support Personnel System employees on an impartial basis in accordance with the provisions of Board of Regents Rule 6C-5.315, F.A.C.

(2) Performance evaluations shall be made according to the criteria and specifications set forth on the University USPS Performance Appraisal Form.

Specific Authority 120.53(1)(a), (b), 240.227(1), (5), 240.261 FS. Law Implemented 240.227(5) FS. History–New 6-7-88.
CHAPTER 6C5-6 PROPERTY AND FINANCE

6C5-6.001 Fiscal Policy.
(1) The University is committed to providing the best and the most education at the least cost. Institutional fiscal policy is set by the President.
(2) The Vice President for Administrative Affairs is the designee of the President for fiscal management of the University.
(3) The Vice President for Administrative Affairs may delegate such parts of his/her responsibility to Directors reporting directly to him/her.

Specific Authority 240.227 FS. Law Implemented 240.227 FS. History—New 10-1-75, Formerly 6C5-6.01, Amended 11-11-87, 6-7-88.

6C5-6.002 Approval and Execution of Contracts.
(1) The President of the University may approve and execute contracts on behalf of the University as provided in Section 240.227(12), F.S. and as delegated by the Board of Regents.
(2) No person, except as provided elsewhere by rule, or as otherwise delegated by the President, is authorized to enter into any agreement which purports to bind the University.

Specific Authority 240.227(1) FS. Law Implemented 240.227(12) FS. History—New 10-1-75, Amended 5-24-76, 7-17-83, Formerly 6C5-6.02, Amended 11-11-87.

6C5-6.003 Grants, Contracts and Unrestricted Gift Funds.
(1) The purpose of this rule is to define the general policies for all sponsored and directed research activities involving grants or contracts, provide procedures for submitting proposals for outside support, and define the roles of delegated individuals.
(2) The Sponsored Research Administrator will approve all research, grant, and contract proposals after reviewing them to insure that they conform to University, Board of Regents, and state policies and laws. All proposals will also be reviewed to insure that they are in proper form for submission to the potential sponsors and that implied or definite University commitment of funds, space, and personnel can be met.
(3) The University Controller shall be responsible for budget control, record keeping, formal financial reports and accounting for all contract and grant funds. The sponsored research development trust fund, which is derived from grant overhead cost sharing, will be accounted for in a separate fund. The University Controller will maintain such records and make such reports as are required by law and by the administrator of the Division of Sponsored Research using acceptable accounting practices. The Controller and the Research Administrator will be responsible for determining that expenditures are made in accordance with the terms of the grant or contract, as well as with the regulations of the Division of Sponsored Research.
(4) The President or the University Provost is authorized, on behalf of the Board of Regents, to enter into and execute contracts and to accept grants for research. Subcontracts, expenditures and other commitments may be made only after official notification of the grant award is made to the University, unless the contract carries the following or its equivalent: “This contract (or agreement) is contingent upon receipt by Florida Atlantic University of funds from _________ (Granting Agency) for _________ (Grant Title).” Solicitation of bids should be made to qualified firms, agencies or persons. Advice and assistance of the Director of Procurement should be utilized by the Principal Investigator. The best and lowest bid is to be selected. The contract is to be signed by the Principal Investigator, the Dean of the College concerned and the President or the University Provost.

6C5-6.005 Use of University Property and Facilities.
Florida Atlantic University Physical facilities and property have been provided and are maintained primarily for the academic and related functions of teaching, research, support services, and administration. Individuals and recognized organizations of the University community (students, faculty, staff, and alumni) may temporarily use or sponsor use of certain University facilities and properties in accordance with Board of Regents’ rules. Non-University entities whose activities relate to and further the mission and purposes of the University will be allowed to use University facilities and properties in accordance with the provisions of Presidential Memorandum #60 (Revised 9-28-84), entitled Use of University Property and facilities, and herein incorporated by reference and made part of these rules. However, as a general rule, entities which exist primarily for the purpose of carrying on commercial activity for profit, or which otherwise exist primarily for private individual gain or benefit, will not be permitted to use campus facilities.

6C5-6.006 Property Responsibility.
(1) The responsibility and authority for all University property is delegated to the Vice President for Administrative Affairs, who shall serve as Property Manager. The Property Manager shall manage the assignment, accountability, transfer and disposal of state-owned property for which the University has custodial responsibility under the Florida Statutes. To assist the Vice President for Administrative Affairs, the custodial responsibility is further delegated to the administrative heads of departments to which property is assigned.

(2) In the case of property acquired by grant or contract, the Principal Investigator will be the accountable officer until such time as title to the property is transferred to the University. Thereafter, responsibility is transferred to the administrative head of the department to which the property is transferred.

Specific Authority 240.227(1) FS. Law Implemented 273.03, 240.227(13) FS. History–New 10-1-75, Amended 5-24-76, Formerly 6C5-6.06, Amended 11-11-87.

6C5-6.007 Surplus Property.
(1) Purpose. The purpose of this rule is to implement the delegated authority received by Florida Atlantic University in accordance with Section 240.225, F.S., with respect to those functions and duties concerning surplus property management heretofore performed by the Department of General Services in accordance with Sections 273.04, 273.05 and 273.55, F.S.

(2) Definitions.
(a) Custodian – Any person entitled to lawful custody of property owned by the state.
(b) Property Manager – An individual assigned by the University President to manage the assignment, accountability, transfer and disposal of state-owned property for which the University has custodial responsibility under the Florida Statutes.
(c) Tangible Personal Property – All personal property, other than real estate, acquired and belonging to the State of Florida.
(d) Exchange Property – Property being offered as a trade-in on the purchase of a new item.
(e) Property Survey Board – A body appointed by the University President to approve surplus property disposal and relief of accountability.

(3) Reporting Requirements for Surplus, State-Owned, Tangible Personal Property.
(a) Tangible personal property which is determined to be surplus because it is excess, obsolete, uneconomical or inefficient for continued use shall be certified as surplus by the custodian of the property to the Property Manager.
(b) The Property Manager or his/her designee will agenda the certification for disposition action by the Property Survey Board.
(4) Certification – Surplus Property Certifications shall provide the following information:
(a) Complete description of property,
(b) Statement of condition and age,
(c) Original purchase price,
(d) Estimated current value,
(e) Location of property and hours when property may be examined, person to contact for examining property, and a minimum bid (if required), and
(f) Any additional information, when needed, that would assist in determining whether or not property should be offered to other universities, state agencies, or governmental entities.
(5) Buildings and Structures – Buildings, structures and other items of a semi-permanent or permanent nature shall be considered tangible personal property, if and when they are severed from the real property upon which they reside, and shall be reported in the same manner as all other surplus property. In addition, the legal description of the location, size, type of construction, and reason for removal shall be noted.

(6) Items to Be Reported – In instances of loss, theft or fire, such property should be reported to the Property Manager for action on relief of accountability in the same manner as all other surplus, state-owned, tangible property. (Refer to subsection (3) of this rule.) The Property Manager shall obtain the approval of the State Comptroller for relief of accountability for property items involved in mysterious disappearance, theft or malicious damage.

(7) Procedures for Disposal of Surplus Property.

(a) Transfer to another state agency or political subdivision.

If, because of its type, age or condition, the Property Survey Board feels the equipment is not useful to any university under the State University System, the Property Survey Board may approve transfer under such conditions the Property Survey Board may determine appropriate.

(b) Scrap or cannibalization of equipment.

The Property Survey Board may approve the scrap or cannibalization of equipment if it feels it is in the best interest of the University.

(c) Abandoned equipment.

The Property Survey Board may approve the abandonment of tangible personal property, in place, upon determination that cost of return or repair exceeds the value of the property.

(d) Public sale.

1. The Property Survey Board may approve the public sale of such property determined to be surplus to the needs of the University.

2. All public sales shall be conducted on a set date and time which shall be advertised in a local newspaper of general circulation no less than two weeks prior to the sale.

3. Sales may be conducted at the discretion of the Property Manager, as auction or sealed bid sales.

(e) If the cost of disposal of an item appears to be greater than the amount to be gained through a public sale, the Property Survey Board may approve the Property Manager to donate these items to a non-profit charity. The Board may direct that items be cannibalized, scrapped or destroyed in the event that no suitable non-profit organization can be found.

(8) Availability of Surplus State Property – The Property Survey Board may at its discretion approve the circulation of surplus property having a useful life to other agencies. Listings of such property available on a bid basis may be sent to other state agencies and the Bureau of State Surplus Property. Property listings will include condition and location of property available for viewing.

(9) Authority for Disposal – Certified surplus property shall not be sold, transferred, cannibalized, scrapped or destroyed without prior approval of the Property Survey Board.

(10) Exchange Property.

(a) When the University has property available for use as a trade-in for the purchase of new property, the Property Survey Board at its discretion may approve that the Property Manager advise the Bureau of State Surplus Property of the availability of such exchange property in writing, specifying the following information, if available:

1. Description of exchange property,
2. Manufacturer’s name,
3. Model number,
4. Serial number,
5. Age,
6. Condition (E-Excellent, G-Good, F-Fair, P-Poor),
7. Inventory control number,
8. Location of property (room number, building, city),
9. Name and phone number of person to contact for information about the exchange property,
10. Date planned for trade-in transaction, and
11. A written trade-in quote stating the trade-in allowance and signed by the prospective purchaser.

(b) Such notice of availability of property shall be forwarded to the Bureau of State Surplus Property a minimum of two weeks in advance of planned transaction date.

(c) Should the Division of Surplus Property decide to purchase the exchange property, the University should pay the full purchase price for the new property and send an invoice for reimbursement of the trade-in allowance to the Bureau of State Surplus Property.

(11) Non-State Funded Property – All property originally purchased with non-state funds, such as contracts or grants, shall be managed in a form consistent with the applicable rules and regulations of the funding authority.

(12) Disposition of Monies – All monies received from the sale of such surplus property, less costs associated with the disposal action, shall be deposited to the Incidental Trust Fund or departmental accounts which funded the original acquisition of the property. (See subsection 6C5-6.007(11), F.A.C.)
6C5-6.008 Purchasing.

(1) Definitions.
   (a) Artistic Services – Services provided by an individual or group of individuals who profess and practice a skill in the area of music, dance, drama, folk art, creative writing, painting, sculpture, photography, graphic arts, web design, craft arts, industrial design, costume design, fashion design, motion pictures, television, radio or tape and sound recording or in any other related field.

   (b) Commodity – Any of the various supplies, materials, goods, merchandise, food, equipment or other personal property, including a mobile home, trailer or other portable structure, which are purchased, leased, lease-purchased or otherwise contracted for by the University. Commodity also includes interest on deferred-payment contracts entered into by the University for the purchase of other commodities. Printing of publications, vehicles and software and license agreements shall be considered commodities.

   (c) Competitive Bid/Proposal – The response submitted to an Invitation to Bid, Request for Proposal, or an Invitation to Negotiate by responsive and qualified bidders or offerors.

   (d) Competitive Negotiation – The establishment of a contract through deliberation, discussion or conference on the specifications, terms and conditions of a proposed agreement.

   (e) Competitive Solicitation – An Invitation to Bid, Request for Proposal or Invitation to Negotiate to competitively select a contractor.

   (f) Contractor/Vendor – A person or firm who contracts to sell commodities or contractual services to the University.

   (g) Contractual Service – The rendering by a contractor of its time and effort rather than the furnishing of specific commodities. The term applies only to those services rendered by individuals and firms who are independent contractors. Contractual service does not include labor or materials for the construction, renovation, repair or demolition of facilities.

   (h) Extension – An increase in the time allowed for the performance of the contract.

   (i) Independent Contractor – A person or firm who provides a service to the University but does not have any employment or other relationship or connection with the University, except as provided in Section 112.313, F.S.

   (j) Invitation to Bid – A written solicitation for competitive sealed bids, designating the title, date, and hour of the public bid opening and also defining the commodity, group of commodities or services.

   (k) Invitation to Negotiate – An invitation extended to prospective contractors, whether by advertisement, written solicitation, electronic media or any other form of communication, to define the specifications, terms and conditions of a contract for commodities or contractual services.

   (l) Public Entity Crime – A violation of any state or federal law by a person in the transaction of business with any public entity of any state or with the United States government involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.

   (m) Purchase – An acquisition of commodities, services or licenses obtained by purchase order, contract or other authorized purchasing method, whether by rent, lease, installment, lease-purchase or outright purchase.

   (n) Purchases for Resale – The purchase of commodities or contractual services acquired for the purpose of selling them for the benefit of the University.

   (o) Renewal – Contracting for an additional period of time after the initial contract term, provided the original terms of the agreement specify an option to renew.

   (p) Request for Proposal – A written solicitation for competitive proposals for commodities or contractual services designating the title, date, and hour of the public opening. The request for proposal is used when the scope of work is not clearly defined.

   (q) Responsive and Qualified Bidder or Offeror – A contractor/vendor who has submitted a bid or proposal that conforms in all material respects to a competitive solicitation.

   (r) Term Contract – An indefinite quantity contract for the purchase of commodities or contractual services during a prescribed period of time.

   (s) Vehicles – Includes any automobile, truck, motorcycle, bicycle, golf cart, watercraft or other vehicle designed primarily for transporting persons as well as construction vehicles or farm equipment. Vehicles owned, leased or operated by the University shall be available for official University business only.

   (2) Authority. The President shall delegate to the Purchasing Department the powers and duties prescribed in Section 1001.75(5), F.S., as appropriate. In addition, the Purchasing Department has the responsibility to:

   (a) Canvass sources of supply and enter into contracts for the purchase of goods or services including installment or lease-purchase contracts.

   (b) Evaluate the ability of any vendor to remain on a competitive vendor list, based on the Vendor’s responsiveness to competitive solicitations, the Vendor’s ability to fulfill the duties specified in contracts, or any disruptive or unprofessional conduct or conduct which is not conducive to the University environment on the part of the Vendor or its agents.

   (c) Negotiate with Vendors.

   (d) Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities/services that are frequently purchased and are available from a single source.
(e) Evaluate and approve contracts let by the Federal Government, the State, other states, political subdivisions or entities, colleges, universities, educational cooperatives or educational consortia for the procurement of commodities and contractual services, when it is determined to be cost-effective and in the best interest of the University to make purchases under contracts let by such other entities.

(f) Elect as an alternative to the provisions of Section 120.57(3)(c), F.S., to proceed with a bid solicitation or contract award process when it is set forth, in writing, that the particular facts and circumstances which demonstrate that the delay due to staying the solicitation or contract award process would be detrimental to the interests of the University.

(g) Award contracts for commodities and contractual services. This includes the authority to make awards to multiple suppliers, awards in multiple year terms, or award contracts on behalf of multiple institutions or entities.

(h) Reject or cancel any or all competitive solicitations, in whole or in part, when determined to be in the best interest of the University.

(i) Purchase insurance as deemed necessary and appropriate for the operation and educational mission of the University.

(3) Competitive Solicitations.

(a) General.
1. The opportunity to bid on a University contract is a privilege, not a right.
2. All contracts for the purchase of commodities or contractual services exceeding $50,000 shall be awarded pursuant to a competitive solicitation, unless otherwise set forth in this rule.
3. The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.
4. In the event that no quotes, bids, proposals, or responses to Invitations to Negotiate are received in response to a competitive solicitation, the University shall negotiate the purchase at the best possible price.
5. When only one response is received to a competitive solicitation for commodities or contractual services exceeding $50,000, the Purchasing Department shall review the solicitation response to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined by the Purchasing Department that a second call would not serve a useful purpose, the University will proceed with the acquisition.
6. When multiple responses that are equal in all respects are received to a competitive solicitation, the Purchasing Department shall give a preference to responses that include minority business enterprise participation, commodities manufactured in the State, Florida businesses, businesses with a drug-free workplace program, or foreign manufacturers located in the state, in determining the contract award. If these conditions do not exist, or are the equivalent between two or more responses, a coin toss will be used.
7. The intended award shall be publicly posted by the Purchasing Department for 72 hours which is interpreted as three working days excluding Saturdays, Sundays, and State and University Holidays.
8. Advertisements. Invitations to Bid, Requests for Proposal, and Invitations to Negotiate expected to be in excess of $150,000 shall be advertised in the Florida Administrative Weekly, the Florida Communities Network (MyFlorida.com), or on the Purchasing Department’s web site.
9. The contents of Requests for Proposal, Invitations to Bid and Invitations to Negotiate shall be kept confidential by the University until the date of award, or for up to 10 calendar days after the opening date, whichever is earlier, pursuant to Section 119.07(3)(m), F.S.
10. In the case of extension errors, the extended price (unit price multiplied by the quantity) will be based on the unit price as stated in the Vendor’s Response.

(b) Purchasing actions that are not subject to the competitive solicitation process include:
1. Emergency Purchases. When the President or designee determines, in writing, that the delay due to the competitive solicitation process would cause an immediate danger to the public health, safety or the welfare of person(s), animal(s), the preservation or protection of property, or the continuance of a vital University function, the Purchasing Department is permitted to proceed with the procurement of commodities or contractual services without a competitive solicitation. The emergency purchase shall be limited to the purchase of the type of items and quantities needed, or for a time period sufficient to meet the immediate threat, and shall not be used to meet long-term requirements.
2. Sole Source Purchases. The Purchasing Department shall certify in writing that a particular commodity or service is available from a single source and shall publicly post the certification for three working days.
3. Purchases from contracts and negotiated annual price agreements established by the Federal Government, the State, other states, political subdivisions or entities, colleges, universities, educational cooperatives or educational consortia are not subject to further competitive solicitation.
4. Construction Direct Purchase Program (Owner/Contractor Program). Commodities to be incorporated into any public work (as that term is defined in Rule 12A-1.094, F.A.C.), which are procured by the University in accordance with the requirements of the University’s direct purchase program, are not subject to any further competitive solicitation.

(c) Commodities and contractual services that are not subject to the competitive solicitation process include:
1. Artistic services;
2. Academic reviews;
3. Lectures;
4. Auditing services;
5. Legal services, including attorney, paralegal, expert witness, appraisal, arbitrator or mediator services. Written approval from the Attorney General is not required for private attorney services acquired by the University, pursuant to Section 287.059, F.S.;

6. Health services involving examination, diagnosis, treatment, prevention, medical consultation or administration. Prescriptive assistive devices for medical, developmental or vocational rehabilitation including, but not limited to prosthetics, orthotics, and wheelchairs, provided the devices are purchased on the basis of an established fee schedule or by a method that ensures the best price, taking into consideration the needs of the client;

7. Services provided to persons with mental or physical disabilities by not-for-profit corporations organized under the provisions of s. 501(c)(3) of the Internal Revenue Code or services governed by the provisions of the Office of Management and Budget Circular A-122;

8. Medicaid services delivered to an eligible Medicaid recipient by a health care provider who has not previously applied for and received a Medicaid provider number from the Department of Children and Family Services. This exception will be valid for a period not to exceed 90 days after the date of delivery to the Medicaid recipient and shall not be renewed;

9. Family placement services;
10. Training and education services;
11. Advertising;
12. Services or commodities provided by the Federal Government, the State, other states, political subdivisions or entities, colleges, and universities;
13. Continuing education events or programs that are offered to the general public for which fees have been collected to pay all expenses associated with the event or program;
14. Purchases from firms or individuals that are prescribed by state or federal law or specified by a granting agency;
15. Regulated utilities and government-franchised services;
16. Regulated public communications, except long distance telecommunication services or facilities;
17. Extension of an existing contract;
18. Renewal of an existing contract if the terms of the contract specify renewal option(s);
19. Purchases from the Annual Certification List developed by the University;
20. Purchases for resale;
21. Accountant Services;
22. Contracts or services provided by not-for-profit, direct support, health support and University affiliated organizations;
23. Implementation, programming, or training services available from the owner of copyrighted software or its agent; and
24. Purchases of materials, supplies, equipment, or services for research purposes when the Director of Sponsored Research or designee, certifies that, in a particular instance, it is necessary for the efficient or expeditious prosecution of a research project.

4) Bonds.

(a) Bid Bonds. The University will require payment of a bid bond when the Purchasing Department determines that it is necessary based on the following factors: the size of the contract, the nature or scope of the project, the financial stability of the bidder or the ability of the bidder to fulfill the contract. The payment of the security shall be in the form of a certified, cashier's or treasurer's check, bank draft or bid bond.

(b) Payment and Performance Bonds. The University shall require a contractor to furnish a payment and performance bond, prior to the issuance of a contract, with good and sufficient securities, when the total contract amount is greater than $200,000 and the Purchasing Department is uncertain about the contractor’s ability to perform.

(c) Solicitation Protest Bond. Any contractor that files an action pursuant to Section 120.57(3)(b), F.S., protesting a decision or intended decision pertaining to a solicitation, shall at the time of filing of the formal protest, post with the University, a bond payable to the University in an amount equal to: 10% of the estimated value of the protestor's bid or proposal; 10% of the estimated expenditure during the contract term or $10,000, whichever is less. The bond shall be conditioned upon the payment of all costs that can potentially be adjudged against the contractor filing the protest action. In lieu of a bond, the University will accept a cashier's check or money order in the amount of the bond. Failure of the protesting contractor to file the required bond, cashier's check or money order at the time of filing the formal protest shall result in the denial of the protest.

5) Contracts.

(a) Contracts for commodities or contractual services or licenses shall consist of a purchase order or bilateral agreement signed by the President or designee prior to goods or services being rendered by the contractor.

(b) Any contract for the purchase of services or tangible personal property for a period in excess of one fiscal year shall include the following statement: "The University’s performance and obligation to pay under this contract is contingent upon an annual appropriation by the Florida Legislature."

(c) Contract extensions, renewals, modifications to terms, conditions and scope, or amendments shall be permitted, shall be in writing, signed by all parties, and where applicable, are subject to annual appropriations by the Florida Legislature.

(d) The University will enter into deferred payment agreements utilizing the State of Florida Comptroller’s Consolidated Equipment Financing Program when the Purchasing Department determines that it is financially favorable to the University to do so. No agreement shall establish a debt of the State or shall be a pledge of the faith and credit of the State; nor shall any agreement be a liability or obligation of the State except from appropriated funds.
(e) Contracts entered into by the University that limit the liability of the Vendor shall be consistent with Section 672.719, F.S.
(f) The total value of a contract shall be defined as the initial cost or revenue to the University for the maximum term of the contract including all options, extensions, and renewals.

(6) Purchases from Minority Business Enterprises.
   (a) Purchasing from Minority Business Enterprises. The University is an equal opportunity institution and encourages procurement contracting with Minority Business Enterprises.
   (b) Certifications of minority business enterprises granted by state and local entities, and business organizations are eligible for acceptance in the University’s MBE Program. MBE certifications by the State of Florida will be accepted by the University.

(7) Standards of Conduct and Limitation on Participation.
   (a) All individuals participating in the procurement process are bound by the State of Florida Code of Ethics for Public Employees, Chapter 112, Part 3, F.S., and Florida Atlantic University Rule on University Ethics, Rule 6C5-5.013, F.A.C.
   (b) It shall be a breach of ethical standards for any employee of the University to accept, solicit, or agree to accept a gratuity of any kind for personal gain in connection with any contract for commodities or services. Current or potential contractors are prohibited from offering an employee of the University a gratuity of any kind for the employee’s personal gain to influence the development of a contract or potential contract for commodities or services.
   (c) All individuals taking part in the development or selection of criteria for evaluation, the evaluation process, and the contract award process in any purchase shall be independent of, and have no conflict of interest in the entities evaluated and selected.
   (d) The University shall not accept a competitive solicitation from, or purchase commodities or contractual services from a person or affiliate who has been convicted of a public entity crime and has been placed on the State of Florida's convicted vendor list for a period of 36 months from the date the person or affiliate was added to the convicted vendor list.
   (e) A person or firm who receives a contract to perform a feasibility study for potential implementation of a subsequent contract, participates in the drafting of a competitive solicitation, or develops a program for future implementation shall be ineligible to contract with the University dealing with the specific subject matter.

   (a) Acquisition of motor vehicles, watercraft and aircraft for University purposes shall be executed by the Director of Purchasing in accordance with University rules. (Refer to Rule 6C5-6.008, F.A.C.)
   (b) Disposal of state-owned motor vehicles, watercraft and aircraft shall be in accordance with University Surplus Property Rules. (Refer to Rule 6C5-6.007, F.A.C.)

(2) Assignment and Use.
University motor vehicles, watercraft and aircraft shall be used only for legitimate University business and purposes.

Specific Authority 240.227(1), 287.16 FS, Law Implemented 240.225, 287, Part II FS, History–New 3-26-80, Formerly 6C5-6.09, Amended 11-11-87.

6C5-6.010 Leasing.
(1) Purpose. The purpose of this chapter is to implement the delegated authority received by the State University System in accordance with Section 240.225, F.S., with respect to those leasing functions and duties heretofore performed by the Department of General Services in accordance with Sections 255.248, 255.249, and 255.25, F.S.

(2) Definitions. For the purpose of this chapter, each of these words shall have the following meaning:
   (a) Lease – The contract instrument or agreement required to lease a building or any part thereof.
   (b) Privately Owned – Any building not owned by a governmental agency.
   (c) Nominal Consideration – Consideration of $10.00 or less for the term of the lease.
   (d) State-Owned Building – Any facility owned by the state regardless of use or control.
   (e) State University System Standard Method of Space Measurement – As specified in the HEGIS Facilities Inventory and Classifications Manual. (Refer to BOR Rule 6C-17.012, F.A.C.)

(3) Lease Certifications, Approvals, and Execution.
   (a) Before leasing a building or any part thereof, for other than nominal or no consideration, lease terms and conditions shall be reviewed as to form and legality by the University Attorney and approved by the University President. The University President shall execute all leases. Prior approval is not required for leases of less than 21 days or for nominal consideration or no consideration.
   (b) Nothing in this chapter shall be interpreted as circumventing the provisions of Section 255.21, F.S., as it relates to facilities for the handicapped.

(4) Standard Lease Form. The University adopts the Department of General Services Standard Lease Agreement form as its form for purposes of this chapter.

(5) Fire Code Compliance in Leased Space.
(a) Any private sector building to be leased by the University shall comply with the fire safety standards of the State Building Code.

(b) Before construction or renovation of any state-leased building is commenced, the University shall ascertain that the proposed construction or renovation plan complies with the fire safety standards of the State Building Code.

(c) Whenever the University determines that a construction or renovation plan is not in compliance with such fire safety standards, the University may issue an order to cease all construction or renovation activities until compliance is obtained, except those activities required to achieve such compliance.

(d) The cost of modifications or renovations made for the purpose of bringing lease property into compliance with fire safety standards shall normally be borne by the lessor.

(6) Leases of 2,000 Square Feet or More.

(a) The University shall not enter into a lease for 2,000 square feet or more of space in a privately-owned building except upon advertisement for and receipt of competitive bids and award to the lowest bid meeting the specifications. The University shall not enter into, within any 12-month period, more than one lease for space of a total of 2,000 square feet or more in the same privately-owned facility or complex except upon the solicitation of competitive bids.

(b) Competitive bidding shall not be required for leases of space of 2,000 or more square feet in a privately owned building where such leases:

1. Are renewals of existing leases,
2. Have a term of less than 21 consecutive days,
3. Are for nominal or no consideration,
4. Are for the purpose of providing care and living space for persons, or
5. Are extensions of an existing lease of 2,000 square feet or more, provided that such extensions are in the best interest of the state and are not for a period exceeding 11 months. If at the end of the period granted by the extension(s), the time of such extension(s) equal(s) 11 months, the University shall solicit competitive bids in accordance with this chapter.

(c) The University shall not enter into a lease for space of 2,000 or more square feet in a privately-owned building when suitable space is available in a state-owned building located in the same geographic region unless it is determined by the University that lease of non-state property is in the best interest of the state.

(d) The University shall establish a rate it will pay for leased space based on average rental rates in the local area for facilities of use. These rental rate guidelines shall be used in evaluating lease decisions.

(e) Invitation for Proposals.

1. A public invitation for proposals will be publicized using newspaper advertisements and contact with owners, developers or realtors in the city or area in which space is desired.
2. Invitation shall set forth, but not be limited to the following:
   a. Approximate net square footage required,
   b. General area in which space must be located,
   c. Date space must be available, and
   d. Name and address of person where specifications may be obtained.

(f) Specifications.

1. Specifications shall be drawn by the University in general terms. They shall afford each prospective lessor, interested in submitting a proposal, knowledge of the University’s space requirements. They shall not be structured to favor any specific location or lessor.
2. Specifications provided to prospective lessors should be set forth, but not be limited to, the following:
   a. Approximate net square footage required, to be measured in compliance with the State University System Standard Method of Space Measurement (refer to BOR Rule 6C-17.012, F.A.C.),
   b. An approximate floor plan of space needed showing partitioning and other physical requirements,
   c. General location of required space,
   d. Date space must be available,
   e. Term of lease with option to renew, if requested,
   f. Services required such as parking, dining and transportation requirements.
3. Specifications shall also set forth that the prospective lessor will agree to:
   a. Enter into a contract on the specified lease agreement form,
   b. Provide a scaled floor plan showing present configurations and measurements that equate to net rentable square footage offered,
   c. Comply with the requirement of Chapter 60D-1, F.A.C., Design Standards for Special Facilities for the Physically Disabled,
   d. Be an Equal Opportunity Employer,
   e. Provide Full Disclosure Statements of Ownership,
   f. Validate the proposal for a minimum of thirty (30) or more days following the public bid opening date,
   g. Provide a Life Cycle Analysis with proposal if space is for 20,000 or more square feet in any one structure with the understanding that the analysis shall be acceptable before an award can be made (Section 255.254, F.S.),
   h. Comply with the fire safety standards of the State Building Code,
i. Ensure that any renovations required will comply with fire safety standards of the State Building Code before renovations are commenced (Section 255.25(5), F.S.), and

j. Propose a rental rate per square foot per year that will include all renovations and other special requirements necessary to accommodate the program at the time of initial occupancy.

4. Specifications may provide that sealed proposals are to be submitted, in a titled envelope, to a designated individual by a specified closing time and date, at which time all proposals will be publicly opened.

(g) Proposals.
1. Proposals shall specifically respond but need not be limited to each item included in the specifications.
2. Each proposal shall be signed by the owner(s), corporate officers, or legal representative(s). The corporate, trade, or partnership name must be either stamped, written or typewritten, beside the actual signature(s). If the proposal is signed by an agent, written evidence of his authority must accompany the proposal. If a corporation foreign to the State of Florida is the owner, evidence of authority to conduct business in Florida shall be presented.

(h) Evaluation.
1. The University alone shall reserve the right to accept or reject any or all bids submitted and if necessary reinitiate procedures for soliciting competitive proposals.
2. The University in preparing specifications, shall develop weighted evaluation criteria. The criteria items most significant to the University’s needs should bear the highest weight.
3. Documentation to support the selection shall be maintained and shall include but not be limited to the following:
   a. A copy of all advertisements,
   b. A copy of the proposal specifications,
   c. A copy of all proposals received,
   d. A synopsis of the University’s findings for each proposal,
   e. Selection shall be publicly announced by the University,
   f. Lease preparation and approval – After the selection has been announced, a lease agreement shall be drafted by the University and executed, and
   g. Disclosure Statements – Private Entities, Public Officials.
      (i) A statement by the owner providing for full disclosure of the names and the extent of interest of the owners holding 4% or more interest in any privately owned property leased to the state or in the entity holding title to the property, shall be secured for all new leases, renewal leases, modifications to approved leases and the notification of renewal under an existing lease option.
      (ii) A statement by the owner providing for full disclosure of the names of all public officials, agents, or employees holding any interest in any privately owned property leased to the state, or in the entity holding title to the property, and the nature and extent of their interest, shall be secured for all new leases, renewal leases, modifications to approved leases, and notifications of renewal under a lease option.
      (iii) It is not necessary to make disclosure of any beneficial interest which is represented by stock in any corporation registered with the Securities and Exchange Commission or registered pursuant to Chapter 517, F.S., which stock is for sale to the general public. A statement certifying the registration shall be provided by the lessor.
      (iv) It is not necessary to make disclosure under subsections 1. and 2. of any leasehold interest in property located outside the territorial boundaries of the United States.
      (v) Each subsequent transaction pertaining to a lease for which a disclosure statement has been provided, may be accompanied by a lessor’s affidavit that the previous disclosure statement submitted on (date to be provided) is still valid, if the interest held or individuals concerned has not changed.

6C5-6.012 Accounts Receivable.
(1) Any Department desiring to initiate a program to issue charge documents must first seek the approval of the University Controller, to assure compliance with the Florida Statutes, Board of Regents’ policy and University policies and practices.
(2) The Controller may employ any of the following means of collecting monies due the University.
   (a) Issue University collection letters.
   (b) Have all transcripts or current grades held.
   (c) Have registration refused at any State University until the accounts receivable has been collected.
   (d) Turn delinquent accounts over to a collection agency and pay the collection agency an acceptable percentage of the receivable.
   (e) Cancel the current registration per the cancellation procedures of the University.
   (f) Hold an employee’s final paycheck or deduct from the current paycheck the amount due the University to the extent that such amount on accounts receivable represents a set off of monies wrongfully paid by the State to the employee.
   (g) Any other action which is legal and not in conflict with the Board of Regents’ policy.
(3) The University Controller is authorized to request write-off of uncollectable amounts per Board of Regent’s policy schedule. This includes short term loans receivable.

(4) The University may withhold diplomas and place students on pending status:
(a) For nonpayment of any obligation, or
(b) For not completing the exit interview which is required for all students who receive long-term loans.

6C5-6.013 Employee Debt Collection.

(1) Purpose – Pursuant to Section 240.291, F.S., the University is directed to exert every effort to collect all delinquent accounts. The purpose of this rule is to provide procedures for collection of funds owed to the University by its employees.

(2) Accounts Receivable. Employees will be placed on the Accounts Receivable system after conventional attempts by the University to obtain payment are unsuccessful. Once the charges are put on the Accounts Receivable system, the employee will be billed monthly. If Accounts Receivable does not receive payment within three months of the date of the first billing, the employee will be notified that if arrangements are not made within ten days, set-off procedures will be implemented on his/her debt.

(3) Set-Off Procedures.
(a) The employee is advised by certified letter (return receipt) that he/she has ten calendar days to either clear the account, make satisfactory payment arrangements, or submit documentary evidence disputing his/her debt.
(b) If no arrangements have been made at the end of ten (10) days, all evidence of the employee’s debt is reviewed.
(c) If, upon review, a determination is made that the debt is in fact due and owing, set-off procedures are implemented and the employee is advised in writing of the amount and duration of the deductions from his/her salary warrant. The employee is also advised of his/her right to administrative review of the decision to set-off his/her debt and deduct funds from the employee’s paycheck.
(d) Within ten days of receipt of notice the employee may petition the appropriate Vice President or University Provost, who shall serve as the designee of the President, to review the decision to set-off the debt and deduct funds from the employee’s paycheck. The appropriate Vice President or University Provost will review the facts of the case as are known to the University and will hear any explanations and mitigating factors as may be presented by the employee. The appropriate Vice President or University Provost will decide if a fair process has taken place as to debt claimed and whether the amount to be set-off is appropriate. The findings of the appropriate Vice President or University Provost will be reviewed by a member of the Florida Atlantic University Legal Staff for legal sufficiency. The employee will receive written notification of the decision of the appropriate Vice President or University Provost which shall stand as final agency action, for purposes of any further actions which may be taken by the employee under the Florida Administrative Code, Section 120.57, F.S., unless a hearing has been requested under that section.

(4) Amount of Payroll Deduction.
(a) In the event that the total amount of the debt is less than 10% of the employee’s biweekly gross salary, the full amount of the employee’s debt will be deducted in the first or second pay period after the decision to set-off the debt is made.
(b) If the amount of the debt is greater than 10% of the employee’s biweekly gross salary, the amount deducted each pay period will be at least 10% of the employee’s gross salary and will not exceed 20% of the employee’s net salary after mandatory deductions.
(c) In the event that an employee-debtor is terminated or voluntarily leaves the University’s employ, the entire amount of the debt will be deducted from the employee’s final paycheck.

CHAPTER 6C5-7 MISCELLANEOUS PROVISIONS

(1) The following policy for the State University System was adopted by the Board of Regents on December 8, 1974: “The State University System believes in equal opportunity practices which conform to both the spirit and the letter of all laws against discrimination and is committed to non-discrimination because of race, creed, color, sex or national origin. This commitment applies in all areas with students, faculty and other personnel. It is also relevant to those aspects of the University System concerned with the choice of contractors, suppliers of goods and services, and to the use of facilities. The State University System through its education and precept, strives for a society in which opportunity is equalized and supports the development of skills and opportunities of the members of all groups so they may plan responsible and productive roles in society.” Florida Atlantic University is totally committed to the implementation of both the direction and spirit of this policy. That commitment applies to all personnel actions effected at this institution. Affirmative Actions will be taken, as appropriate in order to implement this policy.

(2) The President, as chief administrative officer of the University, the University Provost and the Vice-Presidents, as principal administrators in each major organizational element of the University, are primarily responsible for carrying out this policy. Every member of the faculty and the staff of this University who has recommending authority with respect to any personnel action, will be guided by the terms of this policy. The Assistant to the President and Director of Equal Opportunity Programs, through the President is responsible for the development of the University Affirmative Action Plan, for the coordination and implementation of affirmative action programs, for assisting unit and division heads in the development of affirmative action programs, which includes providing information and assistance in recruiting efforts, and for monitoring and evaluating the University-wide affirmative action programs to assure overall effectiveness.

(3) Faculty and administrative and professional personnel actions will be based on merit, qualification, and demonstrated performance and ability, and will evidence no negative impact based on considerations of race, creed, color, sex, age, marital status or national origin, political affiliations, veteran status, or physical or mental handicap – provided such handicap, with reasonable accommodation, does not prevent satisfactory work performance. Affirmative action in the attainment of established goals with respect to appointment, the equalization of salaries, and promotion will be a consideration in each personnel action. When a position becomes vacant in Faculty, or Administrative and Professional, and selected University Support Personnel System classifications, these positions will be open to outside recruitment. Recruitment efforts will be directed at securing applications from qualified minority and female applicants. Qualified internal candidates are encouraged to apply for these positions, however, appointments will not be made to instructional or professional positions until a good faith effort has been made to secure applications from women and persons of minority identification. Public announcements and advertisements of position vacancies will be placed in local, regional, or national media, journals or professional publications, or communications to professional societies, and all will clearly and plainly indicate that “Florida Atlantic University is an Equal Opportunity Affirmative Action Employer.” Each Administrator involved in recruitment will maintain adequate records and keep them available for review by appropriate authority.

6C5-7.002 Records Management and Control.
(1) The Director of the University Library is appointed Records Management Liaison Officer for Florida Atlantic University. This appointment includes the responsibility for the development and implementation of the University’s records management program and all communications between the University and Division of Archives, History and Records Management.

(2) The University Library is designated the responsible unit for the organization and maintenance of the University’s historical archives. The function of the historical archives is to serve as a depository or central information source for all significant Florida Atlantic University publications, documents, correspondence, minutes of meetings, special reports, and other material that has had prior clearance through the Records Management Center.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (7) FS. History–New 10-1-75, Formerly 6C5-7.02, Amended 11-11-87.

6C5-7.004 University Traffic and Parking Rules.
(1) AUTHORIZATION.
(a) Any person possessing an operator’s license valid in the State of Florida is permitted to operate a properly registered motor vehicle on the campuses of Florida Atlantic University and the Palm Beach Community College-South Campus, collectively referred to as the “campus” or the “University.”

(b) The University Police Department and the Traffic and Parking Department and individuals designated by the Traffic and Parking Department, are authorized to enforce this Traffic and Parking rule. Regulatory signs and traffic control devices have the force and effect of University rules.

(c) All vehicles driven or parked upon University property are subject to the provisions of this rule.

(d) This rule is in effect twenty-four (24) hours of every day of the year.

(e) Any vehicle not parked at a meter must display a valid decal or parking permit.

(2) DEFINITIONS.

(a) Abandoned Vehicle. A vehicle or conveyance which has not been moved in at least thirty (30) days, or has been moved to various spaces on campus because it cannot be driven legally on roadways, has an invalid or expired license tag or is inoperable.

(b) Access Aisle. An access aisle is the area between two (2) disabled accessible parking spaces, or the area adjacent to a disabled accessible parking space that is indicated by diagonal lines. This area allows wheelchair users to enter and exit their vehicles.

(c) Assigned Space. An assigned space is an individual parking space, assigned by the President or designee, to a specific person or department and includes service vehicle spaces. These spaces are reserved twenty-four (24) hours a day, seven (7) days a week.

(d) Card Access Lot. A card access lot is a parking lot in which use is controlled by a key card issued upon payment of a card access fee.

(e) Controlled Access Lot. A controlled access lot is a parking lot that requires a special permit in addition to a valid decal, which is issued upon payment of a controlled access lot fee.

(f) Decal. A decal is a color coded sticker affixed to each vehicle, issued by FAU Traffic and Parking Department authorizing parking of a vehicle on campus for a specified length of time.

(g) Disabled Accessible Parking Space. A disabled accessible parking space is a space for use only by an individual with a valid disabled parking permit, placard or license plate registered in the individual’s name.

(h) Faculty. Faculty includes all FAU professors, visiting professors, adjunct professors and instructors.

(i) Immobilized Vehicle. A vehicle that is rendered inoperable by a lawfully attached mechanical device such as a “boot” or clamp device.

(j) Motorcycle. Motorcycle, for the purpose of this rule, includes motorcycles, motor-driven bicycles, mopeds, motor scooters and other similar motorized vehicles.

(k) Non-University Vehicle. A non-University vehicle is a vehicle not registered with the Traffic and Parking Department.

(l) Permit. A permit is authorization issued by the FAU Traffic and Parking Department for parking a vehicle on campus for a specified length of time. A permit may be issued by parking decal, temporary parking permit or by hangtag.

(m) Staff. Staff includes A&P, USPS and OPS non-student employees.

(n) Student. Student, for the purpose of this rule, includes full-time, part-time, daytime, evening and weekend FAU students and students of any other institutions leasing land or facilities on any FAU campus.

(o) Lifelong Learning Society Student – for the purpose of this rule is a non-degree seeking student who is a current member of and is enrolled in the Lifelong Learning Society.

(p) Traffic and Parking Department. Traffic and Parking Department includes other offices designated to conduct business on behalf of the Department.

(q) Transportation Access Fee. All students will be assessed a Transportation Access fee at the time of registration to be paid along with their tuition to support the University’s transportation infrastructure and to increase student access to transportation services.

(r) Vehicle. Vehicle includes all automobiles, trucks, motorcycles, mopeds, motor scooters and other similar conveyances including those that are leased or rented.

(s) Visitor. Visitor, for the purposes of this rule, is a person who is neither a student, faculty or staff member, who is driving a vehicle or parking on campus.

(3) REGISTRATION, FEES AND DECALS.

(a) Registration.

1. Faculty and staff must register all vehicles parked on campus and pay the appropriate registration fee.

2. Students must register all vehicles parked on campus and must pay the Transportation Access Fee as provided in paragraph (3)(b).

3. The owner’s current state vehicle registration will be requested at the time of registration.

4. A parking decal will be issued upon payment of the appropriate fee and presentation of the current valid vehicle registration to the Traffic and Parking Department. The issuance of a decal does not guarantee a parking space.

5. All vehicles parked on campus must be registered with Traffic and Parking and must display a valid decal that is properly affixed to the vehicle.
6. Each individual to whom a decal is issued is responsible for any infraction caused by or citation issued to any vehicle bearing that individual’s decal.

7. The registered owner of a non-University vehicle shall be responsible for all on-campus parking violations involving that vehicle.

(b) Fees.

1. Student Transportation Access Fee.

   a. All students are required to pay a Transportation Access fee at the time of registration to be paid along with their tuition. THIS FEE IS NON-REFUNDABLE. A parking decal will be issued to each registered student. The amount of the fee is as follows:

b. All employees, except student OPS employees, are authorized to elect to pay for decals via payroll deduction. The maximum number of payroll deductions shall not exceed four (4).

c. Registration Fee Reductions – The following registration fee reductions are authorized to be used in combination with other reductions, but do not apply to temporary parking permits:

   (i) Fee for employees whose total appointment is halftime or less are one-half of the regular registration fees. A statement, signed by the employee’s immediate supervisor, indicating the employee’s total appointment, is required to qualify an employee for a reduced fee under this provision. This reduction is not available to adjunct professors.

   (ii) Fees for a second or subsequent faculty or staff vehicle are one-half of the regular registration fee.
The decal must be visible at all times while the registered vehicle is parked on campus. Decals may not be affixed by means other than the adhesive of the decal. A vehicle with a decal not affixed in accordance with this rule will be cited and fined for improper display.

d. Lost, misplaced, defaced or stolen decals must be reported immediately to the Traffic and Parking Department and replaced. A decal reported lost which is later found, must be turned in to the Traffic and Parking Department. The fee for a replacement decal is $15.00. However, a free replacement decal will be issued where proof of purchase of the original decal is submitted together with the following documentation:

(i) For a stolen decal – a signed stolen decal report filed with the Traffic and Parking Department;
(ii) For a stolen vehicle – presentation of a police report or insurance verification.
(iii) Totally destroyed vehicles – presentation of insurance claim that the vehicle has been deemed “totaled.”

Any individual who has any unpaid FAU Traffic and Parking citations will not be permitted to register his or her vehicle or receive a parking decal until all outstanding fines are paid. However, an individual whose only citation(s) is pending appeal and where the appeal(s) is timely, will be permitted to purchase a temporary parking permit during the appeal process.

f. Reproducing or defacing a decal or temporary hangtag is prohibited. An individual using a decal that has been reproduced, altered or defaced, in violation of this rule, or which has been reported lost or stolen, will be referred to law enforcement authorities. If the individual is a student, he or she will also be referred to the Dean of Students for disciplinary action. If the individual is an employee, he or she will also be referred to the appropriate Vice President for disciplinary action. In addition, the individual will be subject to a fine of $250.00 and the vehicle to which the decal was affixed will be immobilized or towed and stored at the owner’s expense.

2. Temporary Parking Permits.
   a. Issuance. Temporary parking permits will be issued by the Traffic and Parking Department. Temporary parking permits are available during regular business hours from the Traffic and Parking Department and from the University Police Department after regular business hours and on weekends. Temporary parking permits are valid only for the dates indicated on the front of the permit.
   b. Non-decal Holders. Upon request, a non-decal holder will be issued one (1) temporary parking permit without a fee valid up to one (1) day each semester.
c. Decal Holders. Upon request, a decal holder will be issued a temporary parking permit without a fee for a maximum of three (3) consecutive days. Upon request, a decal holder whose vehicle is being repaired or was stolen will be issued a temporary parking permit without a fee for a maximum of 28 consecutive days.

d. Purchase of Temporary Permits. Temporary permits can be purchased from the Traffic and Parking Department at the rate of $5.00 per week or $15.00 per month (28 days). No temporary permit will be issued for more than twenty-eight (28) consecutive days except as provided in subparagraph (3)(c)2.e.

e. Construction Contractors. Construction contractors, working on University construction projects, which require a parking permit for more than twenty-eight (28) days, will only be issued a permit in excess of twenty-eight (28) days if the need has been verified by the University Architect or designee.

f. Visitors. All visitors to the campus must obtain temporary parking permits to park anywhere on campus other than at a meter or reserved spaces.

g. Improper Use. Improper use of a permit will result in revocation of the permit and parking privileges.

(4) RULES FOR PARKING AND OPERATION OF VEHICLES ON CAMPUS.

(a) Rules for Parking.

1. Parking.
   a. The registered owner or operator of a vehicle assumes all liability for parking on University property.
   b. All vehicles without valid decals or parking permits must park at parking meters and pay the appropriate fees.
   c. Parking at the University is regulated and controlled by designated decals and permits. Each vehicle owned or operated by a student or employee must have a valid decal or parking permit to park anywhere on campus other than at a meter.

   d. Vehicles must park in appropriately designated lots with valid decals as follows:

<table>
<thead>
<tr>
<th>Decal Designation</th>
<th>Permitted to Park</th>
</tr>
</thead>
<tbody>
<tr>
<td>Faculty/Staff</td>
<td>Faculty/Staff Lot or “All Decal Lot”</td>
</tr>
<tr>
<td>Commuter Student</td>
<td>“All Decal Lot”</td>
</tr>
<tr>
<td>Resident Student</td>
<td>Resident Students Lot or “All Decal Lot”</td>
</tr>
<tr>
<td>Board of Trustees</td>
<td>Any Lot or Metered Space</td>
</tr>
</tbody>
</table>

   e. Between the hours of 7:00 a.m. and 5:00 p.m. all vehicles, except those covered in subparagraph (4)(a)2., must park in appropriate designated lots, unless posted otherwise. After 5:00 p.m. and before 7:00 a.m. on weekdays and anytime on weekends, vehicles with valid decals may park in any lot unless posted otherwise.

   f. Vehicles with valid parking decals may park at meters without paying during the hours of 6:30 p.m. and 7:00 a.m. weekdays and any time on weekends, unless posted otherwise.

   g. The fee for use of metered parking is set on a sliding scale. Fees shall be based upon demand for use. The maximum hourly fee shall not exceed $2.00.

   h. Parking violators will be issued a citation and subject to a fine as prescribed in these regulations as follows:

   (i) Parking on grass, a sidewalk, a crosswalk, a loading zone, a fire lane, a street, unimproved land or any other “no parking” area is prohibited. Violators will be subject to a fine of $15.00.
   (ii) A parked vehicle failing to display a valid parking decal or permit will be subject to a fine of $15.00.
   (iii) A vehicle that is parked in a lot designated for a decal other than the type of the decal affixed to the vehicle will be fined $15.00.
   (iv) Overtime parking at a meter is subject to a fine of $15.00 per incident except as provided in sub-subparagraph (4)(a)2.a.
   (v) Overnight parking on campus for the purpose of sleeping in a vehicle or using it as living accommodations is prohibited.
   (vi) Motorcycles must be parked in areas designated for motorcycle parking. Bicycles must park in bike racks only. Violators will be subject to a fine of $15.00.
   (vii) Repairing any vehicle on campus is prohibited, except in an emergency. The emergency must be reported to the University Police Department prior to the repair being made.
   (viii) Parking of a trailer, boat, camper, large van, airplane or commercial truck (except construction vehicles with FAU permits) is prohibited.
   (ix) Vehicles may not be abandoned on campus. The registered owner of an abandoned vehicle will be notified by mail that his or her vehicle has been deemed abandoned by the Traffic and Parking Department. An abandoned vehicle not removed within ten (10) days of the date of the notification shall be towed and stored at the owner’s expense.
   (x) Any parked vehicle creating a hazard, a nuisance or an impediment to traffic flow shall be subject to a fine of $25.00 and will be towed and stored at the owner’s expense.
   (xi) All vehicles must be parked in one marked space only or will be subject to a fine of $15.00. White, blue or red painted lines or concrete bumpers identify a parking space.

2. Disabled Accessible Parking.
   a. Any student or employee with a valid decal, who properly displays a valid state disabled parking permit, placard or license plate that is registered to the student or employee using the vehicle, may park in any disabled accessible parking space. Such individuals may park in any parking space in any lot except in assigned spaces, service vehicle spaces, or in card access or controlled access lots. Such individuals may also park free in metered spaces for up to four (4) hours.
b. A student or employee with a temporary physical disability may obtain a temporary disabled parking permit from FAU by submitting certification from his or her treating physician. The certification must be issued on the physician’s official letterhead stationery and must be dated no earlier than ten (10) calendar days before submission to the Traffic and Parking Department. The treating physician must certify that the temporary disabled parking permit is medically necessary and the length of time it is needed. FAU temporary disabled parking permits will be issued for up to thirty (30) days. A properly displayed valid temporary disabled parking permit or placard entitles an individual to park as indicated in sub-subparagraph (4)(a)2.a.

c. Any vehicle parked in a disabled accessible parking space without a valid disabled parking permit, placard or license plate will be issued a $250.00 fine.

d. An individual fined under the provisions of sub-subparagraph (4)(a)2.c. to whom a disabled parking placard was issued prior to the date of the citation, can request that the fine be reduced from $250.00 to $15.00 for failure to display the placard. The request must be submitted to the Traffic and Parking Department within fifteen (15) calendar days of the date of the citation along with the valid placard and proof that the placard was registered in the individual’s name and was valid on the date the citation was issued.

e. A student or employee to whom a disabled parking placard is issued who fails to display the placard when parked in a lot designated other than the designation of the decal affixed to his or her vehicle, will be fined $15.00. Proof of ownership of the disabled placard must be provided to the Traffic and Parking Department within 14 calendar days of issuance of the citation.

f. No vehicles may park in a disabled accessible access aisle, even those displaying a valid disabled parking permit, placard or license plate. Vehicles parked in a disabled accessible access aisle will be fined $250.00 and will be towed and stored at the owner’s expense.

g. The owner or operator of any vehicle found displaying a disabled parking permit, placard or license plate not registered to the individual using the vehicle and parked in a disabled accessible parking space will be issued a $250.00 fine and the vehicle will be towed and stored at the owner’s expense.

a. A current FAU parking decal is required to park in the garage. Visitors using the garage must park at metered spaces only.

b. The garage will be closed and locked each night as posted.

a. A current FAU parking decal is required to park in the garage. Visitors using the garage must park at metered spaces only.

b. The garage will be closed and locked each night as posted.

c. No overnight parking. Vehicles remaining in the garage after closing will be cited.

d. All vehicles must adhere to posted signage.

e. Event visitors may park in the garage at the rates established for the event, which shall not exceed $10.00.

(b) Rules for Operation of Vehicles on Campus.

1. All vehicle operators must comply with all State of Florida traffic laws and comply with ordinances of adjacent municipalities which are not inconsistent with this rule.

2. The maximum speed limit on any street on all FAU campuses is twenty-five (25) miles per hour, unless otherwise posted.

3. The maximum speed limit in parking lots is ten (10) miles per hour, unless otherwise posted.

4. Pedestrians always have the right-of-way.

5. All traffic signs must be fully obeyed. A vehicle must be brought to a complete stop before proceeding past any stop sign.

6. Driving or operating any vehicle on campus is restricted to streets and drives designed for vehicular traffic.

7. Only bicycles shall be operated on pathways specifically marked for bicycle use.

(b) Rules for Operation of Vehicles on Campus.

1. All vehicle operators must comply with all State of Florida traffic laws and comply with ordinances of adjacent municipalities which are not inconsistent with this rule.

2. The maximum speed limit on any street on all FAU campuses is twenty-five (25) miles per hour, unless otherwise posted.

3. The maximum speed limit in parking lots is ten (10) miles per hour, unless otherwise posted.

4. Pedestrians always have the right-of-way.

5. All traffic signs must be fully obeyed. A vehicle must be brought to a complete stop before proceeding past any stop sign.

6. Driving or operating any vehicle on campus is restricted to streets and drives designed for vehicular traffic.

7. Only bicycles shall be operated on pathways specifically marked for bicycle use.

5. FINES, PENALTIES AND RELATED FEES.

(a) Fines.

1. Any person in violation of any State of Florida traffic law set forth in subparagraph (4)(b)1. through 6. shall be subject to the applicable state fines.

2. An individual charged with an infraction must either pay the prescribed fee or appeal the citation within 14 calendar days of issuance of the citation. If payment of the fine is not received in the Traffic and Parking Department within fourteen (14) days, a $10.00 late fee will be imposed.

3. Any student with an unpaid parking or other citation will not be permitted to register for classes nor receive a transcript of academic achievement, grades or a diploma until all fines and fees are paid in full.

(b) Fines and Fees.

1. Schedule of fines and fees.

2. Fines and Fees Information.
   a. If a vehicle accumulates three (3) unpaid parking violations, regardless of type, upon the occurrence of a subsequent offense, the vehicle will be immobilized or towed and stored at the owner’s expense.
   b. All towing and storage authorized under this rule will be done at the registered owner or operator’s expense. Charges for towing or storage may vary according to type of vehicle, type of equipment needed and costs charged by towing or storage companies. Immobilized, towed or stored vehicles will be released when all unpaid fines and fees have been paid to the University.
   c. Payment of fines and fees shall be made by cash, check, money order or credit card.

(6) TRAFFIC COMMITTEES AND PARKING VIOLATIONS APPEAL BOARD.
   (a) The Traffic Safety and Parking Committee, referred to as the “Committee” for purposes of this rule, is established by the President of the University to serve as an advisory group to the Traffic and Parking Department. The Committee is composed of seven (7) members: two (2) faculty, one (1) representative from the Office of the Vice President of Student Affairs, one (1) representative from the Office of the Vice President for Finance, one (1) representative from each Campus Vice President or equivalent, two (2) students and two (2) alternates. The Director of the University Police Department or designee will act as advisor to the Committee.
   (b) The Parking Violations Appeal Board, referred to as the “Board” for purposes for this rule, is a subcommittee of the Traffic, Safety and Parking Committee. It is composed of a minimum of any three (3) members who sit as an appellate body. The Board will meet as often as necessary to discharge its duties. A majority of voting members present will be required to render decisions and take action.
   (c) The Director of the Traffic and Parking Department and the Parking Violations Appeal Board are both designated as University Traffic Authorities to hear violations of traffic rules. In carrying out its duties, either University Traffic Authority may sustain or dismiss charges and, in its discretion, impose appropriate penalties and fees.

(7) APPEALING A CITATION.
   (a) A citation may be appealed by filing a Request for Appeal form within fourteen (14) calendar days of issuance of the citation. A Request for Appeal form (05/14/03), which is incorporated by reference into this rule, can be obtained from the Traffic and Parking Department or at www.fau.edu/parking. The completed form, together with the appropriate supporting documentation, must be returned to the Traffic and Parking Department or submitted via e-mail (supporting documents should be scanned and attached). Lack of knowledge of Traffic and Parking rules is not an acceptable basis on which to appeal a citation. The Director of the Traffic and Parking Department will review the documentation submitted and make a determination on the appeal within fifteen (15) days. The individual will be notified in writing of the Director’s decision. If the citation is sustained, the fine must be paid within 14 days of the date of the Director’s decision, unless a final appeal is timely filed.
   (b) A final appeal of the citation may be made by requesting a hearing before the Parking Violations Appeal Board. A Request For Hearing form (05/14/03), which is incorporated by reference into this rule, is available at the Traffic and Parking Department or at www.fau.edu/parking within fourteen (14) calendar days of the Director’s decision. The documentation that was reviewed by the Director will be forwarded to the Board, however the Board will make a new determination of the case. The individual appealing the citation may indicate on the form an intention to be present at the Hearing. The individual will be notified of the date, time, and location of the hearing and may present evidence. The individual will be notified in writing of the decision of the Board. If the citation is sustained, the fine must be paid within 14 calendar days of the Board’s decision. The decision of the Board is final; no further appeals are permitted.

6C5-7.006 Code of Penalties.
   (1) The following constitutes a uniform Code of Penalties for violation of rules at Florida Atlantic University not otherwise provided by law: The University is authorized to impose penalties for the following categories of infraction of rules:
      (a) Penalties for violation of standards of academic honesty, such as plagiarism, cheating, and other activities which interfere with the educational mission of the University. These penalties may range from counselling to expulsion or termination.
      (b) Penalties for failure to pay debts owed the University. Penalties may range from the assessment of a penalty fee to withholding of official records or benefits.
      (c) Penalties for violation of standards of conduct for members of the faculty and staff. Penalties may range from oral reprimand to termination.

- 1042
(d) Penalties for violation of standards of conduct for students. Penalties may range from counselling to expulsion.
(e) Penalties for violation of employment contracts. Penalties may range from oral reprimand to termination of contract.
(f) Penalties for falsification of records. Penalties may range from oral reprimand to expulsion or termination.
(2) These remedies are not exclusive of other remedies provided under law.

Specific Authority 240.227(1) FS. Law Implemented 240.261 FS. History–New 10-17-79, Formerly 6C5-7.06, Amended 11-11-87.

6C5-7.007 Disruptive Conduct.
(1) Faculty, students, administrative staff, and employees who intentionally act to impair, interfere with, or obstruct the mission, purposes, order, academic atmosphere, operations, processes, and functions of Florida Atlantic University shall be subject to appropriate disciplinary action by University authorities for disruptive conduct, as set forth in Rules 6C5-7.006, 6C5-4.008, F.A.C., and applicable collective bargaining agreements.
(2) Disruptive conduct shall further be defined as misconduct which shall include, but shall not be limited to, the following:
(a) Violence, or threat of violence to others or against one’s self.
(b) Theft, conversion, misuse, damage or destruction of University property or of the property of members of the University community.
(c) Interference with the freedom of movement of any member or guest of the University.
(d) Interference with the rights of others to carry out their activities or duties at or on behalf of the University.
(e) Interference with academic freedom and freedom of speech of any member or guest of the University.
(f) Non-compliance with written or oral requests or orders of authorized University personnel in the performance of their official duties. Such orders may include but not be limited to orders given by authorized University facilities managers or University Police to vacate campus premises.
(g) Providing of false information to University officials, the withholding of required information, or the misuse of University documents.
(h) Misuse or duplication of any University key.
(i) Possession of fireworks, explosives or weapons on campus without the express approval of the appropriate University authority.
(j) Creating a false alarm.
(k) Misuse of, or interference with, firefighting equipment.
(l) Disturb ing the peace.
(m) Violation of the University policy concerning the use of alcoholic beverages on campus. The consumption of any alcoholic beverage in public places on the campus is prohibited except within the rathskeller of the University Center. All other buildings, lobbies, walkways and grounds of the campus are, for the purpose of this policy, considered to be public places. Dormitory rooms and suites are considered to be private living quarters and are exempt from this policy. Exceptions to this policy may be made only by the President, or the Vice President of Student Affairs, when provisions of University Policies, rules and procedures, and all agreements with the University food service contractor have been satisfied.
(n) Illegal possession or misuse of drugs and other controlled substances.
(o) Unauthorized solicitation of funds. University buildings and campus areas may not be entered for the purpose of raising funds for any person or organization other than officially registered student organizations, recognized University-related organizations, or officially recognized non-profit charitable organizations. Requests for solicitations must be submitted to the Vice President for Administrative Affairs, or his/her designee, in advance and must conform to University procedures and to applicable law. Written materials may be distributed on campus in designated exterior campus spaces unless the distribution is primarily for commercial purposes.
(p) Violation of the Laws of Florida. Any act that could constitute a violation of the laws of this state will establish cause for legal and disciplinary action by the University.
(q) Endangering the health, safety and welfare of members or guests of the University.
(r) Hazing prohibited. Attention is called to Presidential Policy Memorandum 59 for guidelines defining actions by students or other persons associated with any University organization which actions are prohibited by Florida Statutes.
(3) This rule shall apply to acts conducted on or off campus when relevant to the orderly conduct, processes and functions of the University.

Specific Authority 240.227(1), 240.261, 240.262 FS. Law Implemented 240.261(2), 240.262, 240.132, 240.133 FS. History–New 3-26-80, Amended 8-1-82, Formerly 6C5-7.07, Amended 11-11-87.

6C5-7.008 Trespass and Loitering.
(1) Florida Atlantic University is a member of the State University System. The President, as the chief administrative officer of the University, has the responsibility for the operation and administration of the University. The Vice-President for Administrative Affairs is hereby appointed and designated as the representative of the President to effect the purposes and policies of this rule.
(2) Definitions.
(a) University persons. Those persons who are faculty, staff, students or employees of Florida Atlantic University, or Palm Beach Junior College and persons on campus fulfilling contractual obligations or acting as members of registered University organizations.

(b) Non-University persons. All other persons who are not classified above as University persons.

(c) Authorized University business. Activity which furthers the mission and purposes of the University and which has been approved by the appropriate University officers mentioned below.

(3) Non-University persons are allowed to use the public areas of the University during normal business hours or when present on campus for authorized University business, and are allowed to attend lectures, plays and other activities on the University campus in the designated buildings or areas when such attendance is permitted by the sponsoring organization. It is the responsibility of the Vice-President for Administrative Affairs or his/her designee to control the use of all campus areas. Non-University persons are not allowed on campus except as authorized by this rule. Non-University persons on campus for other than authorized University business will be ordered to leave if their continued presence on the campus is deemed by the Vice-President for Administrative Affairs or his/her designee to be disruptive to the orderly conduct of the University.

(4) The presence of non-University persons in offices of the University is permitted when on authorized University business. The Supervisor of each office as the designee of the Vice-President for Administrative Affairs is delegated the authority to warn those persons present not on University business that they must leave the campus or be subject to arrest for trespassing. The University Police is to be notified of any such incidents.

(5) Only students registered for a class may be in attendance in instructional areas unless permission of the Instructor is given. The Instructor as the designee of the Vice-President for Administrative Affairs is authorized to warn non-students that they are trespassing and must leave the area of instruction or be arrested for trespass. Any such incident will be reported to the University Police. Non-University persons are not allowed in classroom buildings unless present on authorized University business.

(6) The Director of the Library or his/her designee is designated by the Vice-President for Administrative Affairs to warn those Non-University persons who are not using the Library in an appropriate manner or who are creating an atmosphere not conducive to its use by University students and personnel, that they must leave the campus or they will be subject to arrest for trespassing.

(7) Athletic, intra-mural and recreational facilities are for the use of University students, faculty, staff and their invited guests. Identification may be requested for the use of these facilities. The Director of Athletics or his/her designee is hereby designated by the Vice-President for Administrative Affairs as the person to warn all unauthorized persons found at these facilities that they must leave the campus or be subject to arrest for trespassing. Any such incidents will be reported to the University Police.

(8) Residence halls are considered to be the home of students. No one is allowed in a residence hall except authorized University personnel, resident students, and resident students’ guests according to published visitation policies. The Director of Housing or his/her designee is designated by the Vice-President for Administrative Affairs to warn all other persons to leave the residence hall facility and to have such persons arrested for trespassing if they do not comply.

(9) Section 856.021(1), F.S., specifies that “It is unlawful for any person to loiter or prowl in a place, at a time or in a manner not usual for law-abiding individuals, under circumstances that warrant a justifiable and reasonable alarm or immediate concern for the safety of persons or property in the vicinity.”

(10) Non-University persons who, in the opinion of the officials designated above, are loitering, do not use FAU facilities in an appropriate manner or who are creating an atmosphere not conducive to the use of such facilities by other University persons or guests, may be warned by the authorized persons designated above to leave the facility or be arrested.

(11) All persons who have been notified by an authorized designated official to leave and remain out of a specified area or areas are subject to arrest for trespassing and/or loitering without further warning.

(12) Nothing in the foregoing shall preclude or be interpreted to preclude or otherwise diminish the exercise of the statutory authority of University Police Officers to arrest in accordance with the laws of this state any person for violation of state law or applicable county or city ordinances when such violations occur on any property or facilities which are under the guidance, supervision, regulation, or control of the State University System.

(13) The University Police is designated as authorized representatives of the President and Vice-President for Administrative Affairs, to effect the purposes and policies of this rule, for all campus facilities and areas.

CHAPTER 6C5-8 TUITION AND FEES

6C5-8.001 Tuition, Fee Schedule and Percentage of Cost.
6C5-8.002 Fee Assessment and Remittance.
6C5-8.003 Special Fees, Fines and Penalties.
6C5-8.004 Deferred Payment of Fees.
6C5-8.006 Limitation on Non-Resident Student Enrollment.
6C5-8.007 Waiver of Tuition and Other Fees.

6C5-8.001 Tuition, Fee Schedule and Percentage of Cost.

(1) Tuition shall be defined as fees assessed to students for enrollment in credit courses at Florida Atlantic University. Tuition consists of the following fees, depending on whether a student is a resident or a non-resident:

(a) Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who qualifies as a Florida resident:

1. Matriculation Fee;
2. Student Financial Aid Fee;
3. Capital Improvement Trust Fund Fee;
4. Building Fee;
5. Health Fee;
6. Athletic Fee;
7. Activity and Service Fee; and
8. University Matriculation Fee.

(b) Non-Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who does not qualify as a Florida resident:

1. Matriculation Fee;
2. Non-Resident Fee;
3. Student Financial Aid Fee;
4. Non-Resident Student Financial Aid Fee;
5. Capital Improvement Trust Fund Fee;
6. Building Fee;
7. Health Fee;
8. Athletic Fee;
9. Activity and Service Fee;
10. University Matriculation Fee; and
11. University Non-Resident Fee.

(2) Registration shall be defined as consisting of three components:

(a) Formal selection of one or more credit courses approved and scheduled by the University; and

(b) Tuition payment, partial or otherwise, or other appropriate arrangements for tuition payment (installment payment plans, deferment, or third party billing) for the courses in which the student is enrolled as of the end of the drop/add period; and

(c) Provision of background information where appropriate.

(3) Tuition liability or fee liability shall be defined as the liability for the payment of tuition and fees incurred at the point at which the student has completed registration, as defined above. All payments made to the University shall first be applied to any past due obligations from prior semesters, then to current tuition and fees as set forth in paragraph (4)(a) and then, in the order in which they were incurred, to other fees and charges.

(4) The following tuition and fees shall be levied and collected effective the Fall 2003 semester for each student regularly enrolled.

(a) Students enrolled in programs at Florida Atlantic University will be assessed the following fees per credit hour:

(b) Students enrolled in medical programs may be charged additional fees as prescribed by the Medical Partnership Program.

(c) Each student enrolled in the same undergraduate course more than twice, shall be assessed an additional $174.42 per credit hour charge in addition to the fees outlined above for each such course.

(5) The following process shall be used to determine the percentage of cost paid by students for setting the matriculation and non-resident fees.

(a) The most recent expenditure analysis, developed in compliance with Florida Statutes, will be used as the base for the full expenditure by level of instruction. Fundable credit hours estimated by the Florida Atlantic University Board of Trustees, for the year prior to the effective date of the fees, will be used for the enrollment base for each level. Expenditures for each level of instruction will be adjusted by using the percentage change in the total expenditures reported in the expenditure analysis as compared to the estimated total expenditures for the year prior to the effective date of the fees.

(b) The adjusted expenditures for each level of instruction will be divided by the credit hours to obtain the full expenditure per credit hour. The percentage of cost paid by students will be determined by finding the percentage the Matriculation Fee is of the full expenditure per credit hour, by level, for resident students; and by finding the percentage the sum of the Matriculation Fee and the Non-Resident Fee is of the full expenditure per credit hour, by level, for non-resident students.

**6C5-8.002 Fee Assessment and Remittance.**

(1) The Matriculation Fee, Non-Resident Fee, Application Fee, 50 percent of the Late Payment Fee, and 50 percent of the Late Registration Fee shall be remitted to the appropriated Student Fee Trust Fund or appropriate local fund.

(2) The Building Fee and Capital Improvements Fee shall be remitted to the appropriate fund and utilized as provided in Sections 1010.86, 1011.48 and 1013.74, F.S.

(3) Student Financial Aid Fees – The Student Financial Aid fees shall be remitted to the appropriate fund at the University. The University will use up to 15 percent of the fees collected to pay for administrative costs associated with administration of financial aid programs.

(4) Independent and/or external degree programs – All independent and/or external degree programs must be approved by the Florida Atlantic University Provost. Any credit instruction undertaken through such programs shall be charged and funds remitted in the same manner as other credit instruction, except as provided in subsection 6C5-8.003(25), F.A.C.

(5) Course Classification – Tuition shall be assessed on the basis of course classification: courses numbered through 4999 shall be assessed at the undergraduate level, courses numbered 5000-8999 shall be assessed at the graduate level, and those courses identified by the Florida Atlantic University Medical Partnership Program shall be assessed at the graduate level.

(6) If payment of tuition and fees has not been made by the deadline set by the University, which shall be no later than the end of the second week of classes, a student’s enrollment will be cancelled unless an appropriate arrangement for payment has been made. Appropriate arrangements include but are not limited to: a promissory note, a third party guarantee, an installment payment plan, an emergency loan, or a University deferment based on granted financial aid pursuant to Rule 6C5-8.004, F.A.C. The University will reinstate a student’s enrollment once payment or appropriate arrangements for payment have been made. The University will extend the deadline for fee payment when payment by the student is delayed due to University actions. The University will suspend further academic progress in lieu of canceling a student’s enrollment in those cases where the student has partially paid tuition and the University guarantees full payment from an authorized and existing fund. Suspension of academic progress for purposes of this paragraph prohibits a student from receiving grades, transcripts, or a diploma, and shall prohibit registration for future terms until the student’s account has been settled in full.

(7) Installment Payment Plan – Students unable to make full payment of assessed tuition and fees by the payment deadline established by the University, may request approval to pay in installments. Approval of this request will require a minimum payment of 50 percent of the tuition and fees by the end of the drop/add period and the execution of a promissory note for the balance due. The remaining balance shall be paid by the date(s) established by the University. The University will charge an administrative fee of $15.00 for installment payments plans. The installment payment plan is not available for summer semesters.

(8) Tuition Refund/Release of Liability.

(a) Tuition (the full amount, adjusted for waivers, minus non-refundable fees), will be refunded upon request to a student who officially withdraws from the University prior to the end of the drop/add period.

* This schedule does not include all fees that students will be charged.
(b) Tuition (in an amount not to exceed 25%, adjusted for waivers, minus non-refundable fees), will be refunded upon request to a student who officially withdraws from the University prior to the end of the fourth week of classes, or as designated by the University for summer sessions.

(c) Tuition (adjusted for waivers minus non-refundable fees), will be refunded upon request to a student who withdraws or drops one or more credit courses due to circumstances determined by the University to be exceptional and beyond the control of the student, including but not limited to:

1. Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s),
2. Death of the student or death in the immediate family (parent, stepparents, spouse, child, sibling, or grandparents),
3. Involuntary call to active military duty, or
4. A situation in which the University determines that it is in error.

Requests for Exceptional Circumstance Withdrawal must be filed with the Dean of Students during the semester for which the refund is requested.

(9) A written request for a refund, or other adjustment, other than as provided in paragraph (8)(c), above, must be submitted to the University within six (6) months of the close of the semester to which the refund is applicable.

Specific Authority 100.74(4) FS. Law Implemented 1001.74(11), 1009.24, 1010.86 FS. History–New 12-31-02, Amended 10-14-03.

6C5-8.003 Special Fees, Fines and Penalties.
The Florida Atlantic University Board of Trustees authorizes the following fees. The term “at cost” or “cost,” as used in this rule, includes those increased costs that are directly related to the delivery of the goods or services.

(1) Audit Registration Fees – Audit registration assures a course space for the student; however, no grade is awarded. This fee is the same as the Resident tuition provided in Rule 6C5-8.001, F.A.C. Depositing of fees shall be treated in the same manner as tuition.

(2) Registration of Zero Hours – Such registration provides for examinations, graduations, use of facilities, etc., when deemed appropriate by the University. The student is assessed Resident tuition for one credit hour. The Zero Credit Fee shall be distributed in the same manner as tuition.

(3) Application Fee – Individuals who make application for admission to Florida Atlantic University shall pay a non-refundable Application Fee of $30.00. The fee shall be remitted to the appropriated Student Fee Trust Funds. The College Board or the American College Testing Program may waive this fee for applicants who can document that they have received a fee waiver based on economic need.

(4) Late Registration Fee – The University will assess a Late Registration Fee against students who fail to initiate registration in the regular registration period. The Late Registration fee shall be $50. Beginning Fall Semester 2004, the Late Registration fee shall be $75.

(5) Late Payment Fee – The University will assess a Late Payment Fee to students who fail to pay, or make appropriate arrangements for payment (as provided in subsection 6C5-8.002(6), F.A.C.), of tuition and fees by the deadline set by the University, which shall be no later than the end of the second week of classes. The Late Payment fee shall be $50. Beginning Fall Semester 2004, the Late Payment fee shall be $75.

(6) Health Service Charges – Charges for all services not covered by the Student Health fee – at cost.

(7) Developmental Research School Fees:
   Activity Fee – $600 per year for each student. This amount is reduced to $300 for each student approved for reduced lunch or $150 per year for each student approved for free lunch pursuant to Florida Board of Education Rule 6A-7.0421, F.A.C.

(8) Library Fines – per book or app. SFTF $.25 unit, per day.
(9) Overdue Reserve Library app. SFTF $2.50 books – per book, per library hour.
(10) Late Equipment Fee, Physical app. SFTF $2.50 Education – per item, per day.

(11) Photo Identification Card – This fee is non-refundable:
   (a) Annual cost – $10.00.
   (b) All duplicates – $15.00.

(12) Duplicating/Photocopying fee – Amounts as posted.

(13) Standardized Tests – The fee is based on the direct cost of administering the standardized tests, (GRE, GMAT, LSAT etc.).

(14) Binding Fee – Thesis and University Dissertation – At cost.
(15) Microfilm Fee – Thesis and University Dissertation – At cost.
(16) Copyright Fee – Thesis and University Dissertation – At cost.
(17) Lost or Damaged Library Materials – At cost.
(18) Lost Keys – (includes cylinder/core exchange) – At cost.
(19) Equipment Damage and Loss – At cost.
(20) Interlibrary Loans Searches – At cost.
(21) Facilities/Equipment Use Charge – In accordance with Presidential Memorandum #60, dated April 23, 2001, which is incorporated herein by reference.

(22) Orientation Fee – $35 for Freshman, $15 for transfer students. This fee is non-refundable.

(23) Transcript Fee – $10.00 per item. This fee is non-refundable.

(24) Diploma Replacement Fee – $10.00 per item. This fee is non-refundable.

(25) Additional fees for credit courses will be charged where circumstances result in specific, identifiable increased costs to the University. This includes, but is not limited to, Continuing Education credit courses, accelerated courses and courses or programs delivered off-campus. “Off-campus” as used in this rule, refers to locations other than Florida Atlantic University designated campuses. These fees will be in addition to the regular Student Credit Hour fees for on-campus courses. The University shall remit the regular Student Credit Hour fees collected for these courses to the appropriated Student Fee Trust Fund. The University will use the additional fees collected to cover the increased cost of these courses and reimburse the appropriate fund in which the costs are incurred.

(26) Material and Supply Fees – Assessed in an amount not to exceed the amount necessary to offset the cost of materials or supply items which are consumed in the course of the student’s instructional activities, excluding the cost of equipment and equipment repairs and maintenance. Revenues from such fees shall be deposited into the Auxiliary Trust Fund.

(27) Housing Rental Rates – Housing rental rates shall be set by the University each academic year. In addition, the University will charge residents at cost for miscellaneous services provided by the University.

(28) Parking Fines, Parking Registration and Transportation Access Fees – Parking fines, parking registration and transportation access fees are charged in accordance with Rule 6C5-7.004, F.A.C. The Transportation Access Fee is non-refundable.

(29) Returned Check Fee – Florida Atlantic University shall assess a service charge as authorized by Section 832.07(1), Florida Statutes, for unpaid checks returned to the University.

(30) Collection Costs – Actual cost of collection will be assessed to students for collection of debts owed to the University which are not secured by a promissory note or agreement.

(31) Service Charge – The University will assess a service charge on University loans in lieu of interest and administrative handling costs in an amount of $5.00.

(32) Educational Research Center for Child Development Fee – The center shall submit a request to establish or change child care and service fees to the Florida Atlantic University Board of Trustees by November 1 of each year, to become effective the subsequent Fall Semester.

6C5-8.004 Deferred Payment of Fees. The University will approve a deferred payment plan for students who have been awarded and have accepted financial aid where financial aid is delayed due to circumstances beyond the student’s control.

6C5-8.006 Limitation on Non-Resident Student Enrollment. Florida Atlantic University will accept non-resident students in numbers not to exceed 15 percent of its total enrollment.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(1), (10) FS. History–New 12-31-02, Repromulgated 10-14-03.

6C5-8.007 Waiver of Tuition and Other Fees. (1) Sponsored Institutes and Programs – Tuition and other fees will be waived by the University for participants in sponsored institutes and programs where:

(a) All the direct costs are paid by the external sponsoring agency, and

(b) Where there is no direct expenditure of Educational and General funds to conduct the program, and

(c) Where no fees or other assessments are collected from students by the sponsoring agency, or any other entity.

In determining whether the direct costs are paid by the sponsoring agency, funds paid directly to the participants in a form such as, but not limited to, stipends, travel or book allowances should not be taken into account. “Direct costs” refers to the costs associated with the instruction or training which a participant receives. All funds collected from sponsoring agencies for sponsored credit institutes will be remitted to the University’s contract and grants trust fund and/or auxiliary trust fund.

(2) Florida Atlantic University shall waive the activity and service, health, athletic, and material and supply fees, assessed on a per credit hour basis, for credit hours for which the tuition is waived. The University shall waive the activity and service, health, athletic, and material and supply fees assessed on a per student basis only if a student’s tuition is waived for all credit hours. If a student is required to pay any portion of the assessed tuition, that student shall pay the activity and service, health, athletic, material and supply fees, in full, assessed on a per student basis.

CHAPTER 6C6-2 PERSONNEL MATTERS

6C6-2.005 Use of Facilities.

(1) Facilities must be used for lawful purposes, compatible with the purpose and mission of the University. Facilities must be used in a safe and orderly manner without undue hazard which may endanger the welfare of persons or cause damage to the facility. University facilities utilization and scheduling procedures are specified in Management Memoranda Nos. 9, 15 and 19, and the Student Organization Handbook.

(2) The Office of Administrative Affairs is charged with the overall responsibility for administering and coordinating the use of all University facilities.

(3) Use of facilities by non-University organizations or groups must be sanctioned by the Office of University Relations.

Specific Authority 240.227(1), 120.53(1) FS., BOR Rule 6C-5.016, F.A.C. Law Implemented 240.227(1), (17), 120.53(1) FS., BOR Rule 6C-5.016, F.A.C. History–New 10-1-75, Formerly 6C6-2.05.

(1) The University of West Florida shall take fair and equitable disciplinary action against an employee who has violated work standards.

(2) The following words and phrases when used in this chapter, unless the context clearly indicates otherwise, have the following meanings:

(a) Work Station – That area defined by the supervisor, however large or geographically diverse, that would be covered by an employee in the performance of his or her duties. It may vary from the position description and the official headquarters.

(b) Property – Any tangible item of value, regardless of amount, such as personalty, real estate, motor vehicles, boats, fuel, lodging accommodations; or services such as telephone, electricity and water.

(c) Unauthorized Use – Use of property in a manner, place, time, or for a purpose other than intended or authorized, or contrary to the State’s interests.

(d) Misuse – Careless or negligent use of property.

(e) Abuse – Intentionally negligent use of property resulting in damage.

(f) Discourteous Language or Actions – Language or actions that are impolite, unfriendly, or uncooperative.
(g) Threatening or Abusive Language – Language that is clearly menacing, damaging, or injurious to another, including but not limited to vulgar, offensive, slanderous, discriminatory, sexist, or ethnic remarks.

(h) Threatening or Abusive Actions – Acts that express a present intent to injure or damage another or which actually result in injury or damage to another.

(i) Weapons – Firearms, explosives, or other instruments that, when put to their intended use, could be used to injure or damage.

(j) Unsafe Actions – Acts by which an individual endangers himself or herself or others or property and which would be recognized by a reasonable person as being dangerous or which are prohibited by University safety rules.

(k) University – The University of West Florida.

(l) Employee of the University of West Florida – Any individual who is filling an established Career Service position.

(m) Work Standard – The criterion established by which the quality of job-related effort, results, and behavior is measured.

(n) Director of Personnel – Director of University (West Florida) Personnel Relations.

(3) Work standards and examples of violations as presented in subsection (15) of this rule are provided as examples and are not intended to be inclusive. The identification of these examples does not preclude management from taking appropriate disciplinary action for violations not specifically cited. The supervisor may recommend more severe disciplinary action provided the circumstances surrounding or resulting from the work standard violation warrant more severe action.

(a) Time Management, Work Effort, Work Station.

1. Work Standard – Each employee of the University of West Florida is expected to put forth his or her best effort and to manage his or her work time for maximum efficiency and effectiveness. Each employee should be at his or her work station during work hours unless excused or on authorized leave.

2. Examples of Violations.

a. Excessive Tardiness – when an employee does not adhere to established and approved work hours and/or develops a pattern of lateness that adversely affects an employee’s work or the work of others or that is inconsistent with the position description, personnel Rules, or University policies and procedures.

b. Unauthorized absence from Work Station – failure of the employee to obtain permission from his or her supervisor to leave or be away from the work station.

c. Unauthorized Leave – failure of the employee to obtain approval from his or her supervisor to be absent. This includes taking leave after it has been disapproved as well as taking leave without approval.

d. Loafing, Dozing, and Sleeping While At Work or On Duty – Loafing includes wasting time, chatting and horseplay as well as such non-work related activities as balancing a personal checkbook, reading the newspaper, or non-work related books and other materials, conducting personal business over the telephone, or writing personal letters during work hours.

e. Abuse of Alcohol During Work Hours – reporting to work under the influence of any intoxicants in amounts which prevent the employee from coherently or satisfactorily carrying out his or her duties and responsibilities; sale, use, or distribution of alcohol at work. Use of alcohol shall be handled in accordance with the State Policy on Alcoholism and subsection (14) of this rule.

f. Abuse of Drugs During Work Hours – reporting to work under the influence of drugs in an amount which prevents the employee from coherently or satisfactorily carrying out his or her duties and responsibilities; sale, use or distribution of illegal drugs at work.

(b) Performance of Duties.

1. Work Standard – each employee of the University of West Florida is expected to perform to the best of his or her ability the duties and responsibilities set forth in his or her job description. Each employee of the University of West Florida is expected to give complete and accurate information to co-workers and the general public. In a work-related situation, employees shall not deliberately make oral or written statements that are false or misleading.

2. Examples of Violations.

a. Failure to Follow Instructions – when an employee makes little or no attempt to comply with a written or oral work assignment.

b. Insubordination – when an employee refuses or deliberately fails to comply with a work assignment.

c. Falsification of Records – deliberate misrepresentation of fact on official documents such as employment application, expense account, leave records, personnel file, permit application.

d. Lying – statements, written or oral, that are deliberately inaccurate, incorrect, or misleading.

(c) Property Rights.

1. Work Standard – each employee of the University of West Florida is expected to respect the rights of the State and of others to the use and benefit of property. Unauthorized use, misuse, and abuse of State property is strictly prohibited.

2. Examples of Violations.

a. Theft – stealing the property of the State, co-workers, contractors, or anyone else while at work or in work situations.

b. Unauthorized Use of State Property – using a University boat for personal recreation, making personal long distance telephone calls charged to a department telephone, using State property such as copying machines or typewriters for personal business, using a State vehicle for personal errands.

c. Misuse or Abuse of State Property or Equipment – using lab equipment to prepare food, striking equipment so hard as to damage it, reckless driving or handling of a State motor vehicle or boat.
(d) Personal Rights.
1. Work Standard – each employee of the University of West Florida is expected to respect the personal rights of others. While on State property or in a work-related situation, employees should refrain from discourteous language or actions directed toward co-workers or any member of the public. Threatening or abusive language or actions directed toward others is prohibited. Display of a weapon in a careless, reckless, angry, menacing, or threatening manner is prohibited.

2. Examples of Violations.
   a. Rudeness to the Public – impolite, unfriendly, or uncooperative language or actions toward the public.
   b. Threatening or Abusive Language – ethnic or sexist jokes, or remarks, unsolicited familiarity, offensive language, slander, insults, or threats toward others.
   c. Threatening or Abusive Actions – fighting, physical abuse, unsolicited familiarity, horseplay that is carried too far, as well as incidents in which serious harm is threatened.
   d. Threatening or Abusive Actions Involving a Weapon – fighting, physical abuse, unsolicited familiarity, horseplay that is carried too far, as well as incidents in which serious harm is threatened with a weapon.

(e) Safety Practices.
1. Work Standard – each employee of the University of West Florida is expected to conduct himself in a manner which seeks to protect people and property from unsafe actions. The possession or use of firearms, explosives, or other dangerous weapons is prohibited on State property or in work-related situations unless specifically authorized for the performance of a work assignment. Employees are expected to adhere to agency, State and manufacturers safety rules, policies, regulations, and practices.

2. Examples of Violations.
   a. Violation of Disregard of Safety Practices – horseplay, careless driving or handling of equipment.
   b. Possession or Use of Weapons – use of weapons for purposes other than their work-related intent, reckless display of weapons, threatening with weapons.
   c. Violation of Laws.
1. Work Standard – each employee of the University of West Florida is expected to obey all Federal, State, or local laws while on State property, using State watercraft and vehicles or in a work-related situation. Failure to do so subjects the employee to disciplinary action as well as penalties under the law.

2. Examples of Violations.
   a. Discrimination with Respect to Employment – on the basis of race, color, creed, sex, age, handicap, religious creed, national origin, sexual orientation, or political opinions or affiliations.
   b. Giving or Accepting a Bribe – for appointment or promotion to a University of West Florida position, for student registration, for award of contract.
   c. Political Campaigning – during work hours, coercing a State employee to support or contribute to a political issue, candidate, or party.
   d. Other Statutory Prohibitions – such as gambling, possession or distribution of illegal drugs, exceeding speed limits, violating local ordinances or federal regulations.
   e. Conflict of Interest – Chapter 112, Part III, Florida Statutes.
   f. Misuse of Position – abuse of powers of authority that accompany the position for personal reasons, such as to assist friends or family for financial gain.
   g. Violation of University of West Florida Rules, Regulations, Policies or Procedures.
1. Work Standard – each employee of the University of West Florida is required to know and follow the written rules, regulations, policies and procedures of the University which apply to his or her area of responsibility as well as the administrative rules, regulations, policies, and procedures.

2. Examples of Violations – willful violation of written rules, regulations, or policies – violation of safety rules, smoking while on duty in areas that have been designated as non-smoking areas, violation of administrative policies and procedures of the Personnel Manual.

(4) Immediate supervisor determines level of disciplinary action – supervisor must decide that disciplinary action will be taken [see subsection (5)] and shall take such action in accordance with the Standards of Disciplinary Action. This will depend on consideration of all pertinent facts and circumstances including, but not limited to: employee’s past record (performance and longevity, prior violations); severity of the violation; past disciplinary action for similar infringements.

(a) Disciplinary action must be initiated as soon as possible after the supervisor has knowledge of the violation.
(b) Employees must be made aware that disciplinary action is being taken and why. In other words, an oral reprimand must be distinguished from a mere “calling down”. It is the duty of the supervisor to impress the seriousness of the offense on the employee. Documentation of an oral reprimand should be brief, but complete, giving at least the offense, date, place, factual circumstances, names of others present or involved, date of reprimand, employee response, and special comments.

(5) Disciplinary actions described within this section may be implemented by the designated level of supervisor.
(a) Immediate supervisor may, as appropriate:
1. Use corrective consultation with subordinates (this is not considered disciplinary action, but rather is used to ensure that the subordinate understands work rules and standards, assignments, policies, procedures, and rules before disciplinary action is taken);
2. Issue oral reprimands without prior review or approval of a higher-level supervisor;
3. Issue written reprimands. Prior to issuing a written reprimand, the immediate supervisor must obtain approval from the next higher-level supervisor and consult with the Director of University Personnel Relations. After it is issued, a copy of the written reprimand will be provided to the Personnel Office for inclusion in the employee’s official personnel file.

4. In accordance with subsection 60K-5.013(12), F.A.C., the Personnel Director may place an employee on up to ten days administrative leave until an investigation is completed to determine if disciplinary action should be taken;

5. Document substandard work performance and violations of disciplinary standards;
   (b) Higher-level supervisor may, as appropriate:
   1. Approve the issuance of a written reprimand after consultation with the Personnel Director.
   2. In the absence of the supervisor, take disciplinary action as authorized for the immediate supervisor;
   3. Take disciplinary action against an employee when the immediate supervisor of that employee refuses to take appropriate disciplinary action against the employee;
   (c) Director of University Personnel Relations may:
   1. Place an employee on up to ten days of administrative leave pending the outcome of an investigation of an alleged violation which may result in dismissal when the employee’s absence from the work location is essential to the investigation.
   2. Upon recommendation by the immediate supervisor or higher-level supervisor, and after investigation, suspend or dismiss an employee;
   3. Conduct predetermination conferences; sign notices of suspension and dismissal.
   (d) Appropriate Vice President or designee may:
   1. Conduct predetermination conferences; sign notices of suspension and dismissal;
   2. Upon recommendation by the immediate supervisor or higher-level supervisor, and after investigation, suspend or dismiss an employee.

6. Progressive discipline for cumulative offenses is utilized when an employee has demonstrated, despite warnings, a refusal and/or inability to act in accordance with acceptable and reasonable work standards. The disciplinary action is progressive in that the employee will be disciplined for each subsequent offense in accordance with the next step for the previous offense. The offenses involved need not be identical in nature to be cumulative or for the discipline to be progressive. Therefore, if an employee, within a one year period, commits two similar major offenses, consideration might be given to dismissing the employee. For example, to commit the major offenses of theft and record falsification within a one year period would warrant dismissal.

(a) New Employees – A new employee who does not have permanent status in any Career Service class may be dismissed for any single offense listed in this policy or for other appropriate reasons. New employees who are dismissed during the probationary period should be advised that they have failed to satisfactorily complete the probationary period.

(b) Permanent Employees – for employees who have permanent status in the Career Service, the basic pattern of discipline is progressive and cumulative. Specifically, reprimands are retained on record and can have a cumulative effect leading to more serious discipline up to and including dismissal. Once a reprimand is issued, it becomes a permanent part of the employee’s record. Although the reprimand is never physically removed, it will be considered to have served its purpose one year from the date of issuance, unless there has been one or more subsequent reprimands issued during that year’s period. In other words, if one year lapses without a reprimand being issued to the employee, all previous reprimands will be considered inactive in the application of cumulative discipline for conduct considered minor offenses.

7. Procedure for oral reprimand is in response to an infraction by an employee which is considered minor. The immediate supervisor must be willing to document the incident in writing and follow through with more severe disciplinary action if the activity is repeated. This activity might not be reflected in a performance evaluation.

(a) Immediate supervisor investigates reported or observed violation.

(b) After the immediate supervisor determines that the severity of the violation warrants an oral reprimand, the immediate supervisor gives the employee an oral reprimand in private. The employee shall be advised that he/she is receiving an oral reprimand.

(c) Oral reprimand is briefly documented in memorandum format from the immediate supervisor to the employee with a copy to the Personnel Office for inclusion in the employee’s personnel file. The memorandum shall include: employee’s name, supervisor’s name, work standard violated, date of violation, date of oral reprimand; future violations may result in further and possibly more severe disciplinary action.

8. Procedure for written reprimand is in response to a violation by the employee which is more serious than an infraction which warrants an oral reprimand and has a negative impact on the work environment, productivity, or the morale or other employees.

(a) Immediate supervisor investigates reported or observed violation including the interview of employee and witnesses.

(b) After determining that the severity or frequency of the violation warrants a written reprimand, the immediate supervisor obtains approval from the next higher-level supervisor to issue a written report and consults with the Director of University Personnel Relations concerning the proposed disciplinary action.

(c) The written reprimand should be in memorandum or letter format, from the immediate supervisor to the employee, with copies provided to the Director of University Personnel Relations, for inclusion in the employee’s personnel file, and the employee’s next higher-level supervisor. The memorandum should contain a signature line for employee acknowledgment of receipt, and should be presented to the employee in a private conference when applicable.
(9) Procedure for suspension without pay is in response to a violation by the employee which is more serious than an infraction which warrants a written reprimand and results in threatened or actual damage to State property, possible or actual harm to himself or others, prevents completion of a major work assignment or continually disrupts the work unit, or represents a lack of due care on the part of the employee. The employee’s past work record does not warrant permanent removal from the University. The specific violation does not warrant dismissal.

(a) The immediate supervisor investigates the reported or observed violation including the interview of witnesses and employee.

(b) After determining that the severity or frequency of the violation warrants suspension without pay, the immediate supervisor recommends to the Personnel Director that the employee be suspended without pay, the duration of such suspension, and the rationale behind the decision to suspend the employee.

(c) If the Personnel Director agrees, the Personnel Director notifies the employee in writing of the proposed suspension [see subsection (11)].

(d) The President, the appropriate Vice President, or the Personnel Director conducts a presuspension meeting to hear the employee’s side and to affirm or alter the action proposed [see subsection (12)].

(e) Suspension without pay is appealable by the employee to the Career Service Commission within 20 days after receipt of the official notice of such action, or if the employee is in a certified bargaining unit, the employee may file a grievance under the contract. Supervisors shall consult the appropriate contract and the Personnel Office in the event a contract grievance is filed by the employee.

(10) Procedure for dismissal is in response to a violation by the employee which results in actual damage to State property, actual harm to himself or others, prevents completion of a major work assignment, or continually disrupts the work unit or represents a lack of due care on the part of the employee and/or the employee’s past record warrants permanent removal from the University.

(a) Immediate supervisor investigates reported or observed violation including the interview of witnesses and employee.

(b) After determining that the severity of the violation warrants dismissal, the immediate supervisor recommends to the Personnel Director that the employee be dismissed.

(c) If the Personnel Director agrees, the Personnel Director notifies the employee in writing of the proposed dismissal [see subsection (11)].

(d) The President, the appropriate Vice President or the Personnel Director conducts a pretermination meeting to hear the employee’s side and to affirm or alter the action proposed [see subsection (12)].

(e) Dismissal is an action appealable to the Career Service Commission within 20 days after receipt of the official notice of such action, or if the employee is in a certified bargaining unit, the employee may file a grievance under the contract. Supervisors shall consult the applicable contract and the Personnel Office for specifics.

(11) Notice of suspension or dismissal shall be in accordance with procedures set forth in Rules 60K-9.0041 through 9.0046, F.A.C.; be signed by the Personnel Director or other individual, such as the President or appropriate Vice President authorized to make the final decision, and addressed to the employee, and be sent by certified mail – return receipt requested. In addition, the notice may be delivered to the hand of the employee. The mailed notice shall constitute full and complete notice even if the mail is refused or ignored by the employee.

(12) Presuspension and pretermination conferences shall be conducted by the Personnel Director, appropriate Vice President or appropriate designee, and in accordance with Sections Rules 60K-9.0043, 60K-9.0044, and 60K-9.0045, F.A.C.

(13) Extraordinary situations may call for procedures which may be invoked only with the approval of the Director of Personnel and in accordance with Rule 60K-9.0046, F.A.C.

(14) Alcoholism and alcohol abuse, manifested by problem drinking, alcoholism and habitual drunkenness shall not be handled as a disciplinary problem unless the employee refuses to attempt to resolve the problem or efforts toward rehabilitation fail.

(a) Through the Employee Assistance Program, the employee will be asked to enroll in a detoxification program. The employee may be placed on compulsory disability leave during this time if the employee has enough accrued leave credits; otherwise, the employee may be placed on leave without pay.

(b) An employee who reports to work under the influence of alcohol or who uses alcohol on the job will be sent home and charged leave. (Sick leave credits will be charged first, then regular compensatory, annual, special compensatory, and leave without pay). Disciplinary action will be taken depending on factors such as the severity of the violation of the work standard and impact on the University and work unit.

(c) An absence without authorized leave shall be handled in accordance with subsection 60K-5.002(5), F.A.C., (Personnel Rules and Regulations).

(d) If the employee refuses to attempt to resolve the problem or efforts fail, the employee shall be terminated.

(15) Work standards and standards for disciplinary action are contained in Exhibit A.

6C6-2.012 Grievance Procedure for Administrative and Professional Staff and Faculty Personnel Not Included in a Collective Bargaining Unit.

(1) The purpose of this rule is to promote a prompt and efficient procedure for the investigation and resolution of grievances filed by Administrative and Professional staff and Faculty personnel not included in a collective bargaining unit.

(2) All problems should be resolved, whenever possible, before the filing of a grievance, and open communication is encouraged so that resort to the formal grievance procedure will not normally be necessary.

(3) It is the intent of this procedure to provide a complete response to a grievance but not to encourage multiple processing of the same issue. Therefore, if, prior to or while seeking resolution of a dispute under this rule, a grievant seeks resolution of the matter in any other forum, administrative or judicial, the University shall have no obligation to entertain or proceed further with the matter pursuant to this rule. Further, since it is not intended that the grievance procedure be a device for appellate review, the response of the President or designee to a recommended order of a presiding officer acting pursuant to Chapter 120, Florida Statutes or to other individual or group having appropriate jurisdiction in any other procedure shall not be an act or omission giving rise to a grievance under this procedure.

(4) All time limits contained in this rule may be extended by agreement of the parties. Upon failure of the University of West Florida or its representative to provide a decision within the time limits provided in this rule, the grievant may appeal to the next appropriate step. Upon the failure of the grievant or counsel to file and appeal within the time limits provided in this rule, the grievance shall be deemed to have been resolved at the prior step.

(5) Definitions.

(a) The term “grievance” means a dispute concerning promotion, non-renewal and termination of employment contracts, salary, work assignment, annual evaluation, layoff and recall, and other rights accruing to grievants pursuant to Chapters 6C-5, and 6C6-2, F.A.C.

(b) The term “grievant” means a member or members of the University of West Florida Administrative and Professional staff and Faculty personnel not included in a collective bargaining unit whose rights have been directly affected by an act or omission of the University or its representative and who has filed a grievance.

(c) The term “days” means calendar days. In the event an action falls due on Saturday, Sunday, or a State holiday, the action will be considered timely if it is accomplished by 5:00 p.m. on the following business day.

(d) The term “substantial interest” means an act or omission involving termination, suspension, or other discipline for just cause, non-renewal of employment contract, salary and layoff.

(e) The term “University” means the University of West Florida.

(6) Step One – all grievances will be filed with the person designated by the President as step one representative for the area of the University in which the grievant performs duties (such as Academic Affairs, the Colleges, Administrative Affairs, Students Affairs, and University Relations) within 25 days from the date following the act or failure to act giving rise to the grievance, or 25 days from the date the grievant knew or should have known of the act or omission.

(a) The written grievance should contain the grievant’s name; name and address of counsel, if any; specific rules or statutes claimed to have been violated; a statement of the grievance, including the acts or omissions which are claimed to have given rise to the grievance; remedy sought; signature and date. A copy of the grievance should be provided by the grievant to the Director of University Personnel Relations.

(b) A step one meeting must be scheduled by the step one representative no later than 15 days after receipt of the grievance. In advance of step one meeting, the grievant has the right upon request to a copy of any identifiable documents relative to the grievance. At this meeting, the grievant has the right to present any evidence in support of the grievance.

(c) Within 15 days after the scheduled meeting, the step one representative will issue a written decision, stating the reasons for the decision. The decision will include a finding as to whether the grievance concerns a substantial interest of the grievant and/or whether any issue of fact material to the grievance remains in dispute.

(7) Step Two.

(a) If the grievance is not satisfactorily resolved and it has been determined that a substantial interest of the grievant is not involved, the grievant may file a written request for review to the President within 15 days of the date of receipt of the step one decision. The President or designee will schedule a meeting with the grievant no later than 15 days after the request for review was filed. The meeting will offer the opportunity for the grievant to present written or oral evidence in support of the grievance. No later than 25 days after the meeting, the President will issue to the grievant a written decision on the matter, stating the reasons for the decision.

(b) If the grievance is not satisfactorily resolved and it has been determined that a substantial interest of the grievant is involved, the grievant may file with the President a written appeal for review no later than 25 days after receipt of the step one decision. If determined in the step one decision that material facts remain in dispute, the President or designee or a hearing officer assigned by the Division of Administrative Hearings (DOAH) will conduct a hearing according to provisions contained in Section 120.57(1), F.S. If a Section 120.57, F.S., hearing is waived (in writing) by all parties, the hearing may be conducted as provided in paragraph (7)(a) of this rule.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (6), 120.57 FS. History–New 12-8-80, Amended 6-30-81, Formerly 6C6-2.12.
6C6-2.013 Grievance Procedure for Career Service Employees.

(1) Any Career Service employee with permanent status shall be allowed to bring grievances to the attention of the President of The University of West Florida when such grievances cannot be resolved to the employee’s satisfaction at the supervisory or Vice Presidential level. The President shall take specific action on all written grievances. No retaliatory action shall be taken against an employee who files a grievance.

(2) References to time limitation in this rule constitute calendar days and references to grievance are in accordance with Rules 2A-10.004 and 10.005, F.A.C.

(3) Procedure for Employees Who Have Not Attained Permanent Status in the Career Service.
(a) Employees shall file the grievance either orally or in writing with the immediate supervisor within 7 days following the act or event giving rise to the grievance whereupon the supervisor shall attempt to resolve the grievance within 15 days.
(b) If the employee is not satisfied with the immediate supervisor’s decision, he or she may discuss the grievance with the appropriate Dean or Vice President, whose decision shall then be final.
(c) Employees shall not have the right to proceed with a grievance to a review by a grievance committee and a final decision by the President.

(4) Procedure for Career Service/Permanent Status Employees.
(a) Step One – Discussion Between Employee and Immediate Supervisor – The employee shall file the grievance initially either orally or in writing with the immediate supervisor within 7 days following the act or event giving rise to the grievance. The immediate supervisor shall attempt to resolve it within 15 days from the date it is filed. If not resolved, the grievance may proceed to Step Two.
(b) Step Two – Employee’s Written Statement of Grievance to Appropriate Vice President.
1. If the employee decides to proceed with the grievance to the Step Two level, the grievance must be filed, in writing, with the appropriate Vice President within 7 days after receiving the response from Step One. The original of the written grievance shall be given to the immediate supervisor. In addition to the appropriate Vice President, copies shall be provided immediately to intervening levels of supervision and the Personnel Director. Upon receipt of a copy of the written grievance, if the Personnel Director determines that the grievance is one over which the President has no control, the Personnel Director shall deny the grievance and notify the employee in writing. Copies of the grievance and denial shall be furnished to both the President and the Department of Administration. Intervening levels of supervision shall attempt to resolve the grievance, before and after it is forwarded to the appropriate Vice President. The Vice President, however, must attempt to resolve it within 15 days from the date the grievance was first filed and the copy received by the Personnel Director.
2. The Vice President will advise the Personnel Director, the aggrieved employee, and the employee’s department head in writing of the decision. If not resolved, the grievance may proceed to Step Three.
(c) Step Three – Submission for Grievance Committee Review.
1. The employee shall advise the Personnel Director in writing that he or she intends to pursue the grievance to a grievance committee level and shall provide the Personnel Director with the name of the individual who has agreed to be the aggrieved employee’s appointee on the three-member committee. This committee will be constructed according to the provisions set forth in subsection 60K-9.004(4), F.A.C.
2. If within thirty (30) days from the date of the initial filing, the Personnel Director has not been notified by the aggrieved employee of the desire for committee review, the grievance will be considered resolved unless violation of this procedure by the immediate or higher level supervisor(s), up to the Vice Presidential level, precluded advising the Personnel Director within the proper time frame. In that case, upon request by the aggrieved employee, the grievance will be heard by a committee in accordance with this procedure. Additionally, termination of employment with the university prior to the grievance’s reaching full committee state will result in the grievance being considered resolved.
3. The president or his designee shall appoint a member of the committee who shall also serve as the Chairperson. The members appointed by the aggrieved employee and the President shall then appoint a third member and advise the Personnel Director in writing of their appointee. The third member shall be selected by the other committee members within seven calendar days. If not, the Personnel Director shall notify the Department of Administration which shall appoint a member to serve on the committee. The employee’s immediate supervisor, Vice President, intervening levels of supervision, the President, and members of the Department of University Personnel Relations are precluded from serving on the committee.
4. The Grievance Committee members shall meet, call witnesses as necessary, and submit written recommendations to the President within 15 days from the date the full committee was appointed. If necessary, the committee chairperson may request in writing an extension of the reporting period from the Personnel Director for a period not to exceed an additional 15 calendar days.
(d) Step Four – President’s Decision – The President’s decision is final and shall be issued in writing to the employee with a copy to the Personnel Director and the employee’s Vice President and department head within 15 days from the date the committee reports its recommendations. The president shall discuss the committee recommendations with the appropriate Vice President before making a final decision.
(5) Disposition of Grievance When an Employee Terminates Prior to Final Resolution or Fails to Timely File the Grievance at the Next Step.
(a) If the aggrieved employee terminates employment with the University, the grievance is considered resolved. However, the Chairperson of the Grievance Committee, Vice President, or Personnel Director may decide to pursue the grievance in the form of an agency complaint/investigation should it appear the issues warrant the attention of the President.

(b) In this case, the President or his designee may maintain the present committee and direct them to review and investigate the complaint in accordance with committee procedures and/or any subsequent guidelines, appoint a new committee, and/or extend the review period an additional 15 days.

(6) Grievance Committee Chairperson’s Responsibilities.
(a) Make arrangements for a suitable place to hold the grievance review and notify the other members of the time and place of such grievance review.
(b) Assure that the grievance review is conducted in an orderly manner.
(c) Prepare a written summary of the findings and recommendations of the committee.
(d) Obtain the signature of all members on the written summary of findings and recommendations.
(e) Submit the committee’s written summary of the findings and recommendations to the President.
(f) Request extension of the reporting period, if necessary, from the Personnel Director.
(g) Recommend that the grievance of a terminated employee be handled as the agency complaint. Refer to subsection (5).

(7) Guidelines for the Grievance Committee.
(a) Any employee who is involved in or materially affected by the facts or allegations contained in a grievance will be interviewed by the committee and given the opportunity to respond for the record.
(b) The Grievance Committee will limit its inquiries and investigations to the issues expressed by the aggrieved employee.
(c) The Grievance Committee shall, insofar as possible, conduct all meetings and investigations during regular working hours.
(d) A majority vote by the Committee shall prevail in all committee actions, reports, and recommendations.
(e) Within 15 days from the date the full committee is appointed, the committee shall make a written recommendation to the President.

(8) Higher Level Review – The President’s decision is final in all grievances except where the aggrieved employee has alleged in filing the grievance that the University has failed to comply with the provisions of the Career Service Personnel Rules. Under these circumstances, the employee may submit the grievance to the Department of Administration pursuant to Rule 60K-9.005, F.A.C., if the employee disagrees with the decision by the President. The employee shall advise the Director of Personnel in writing if he or she submits the grievance to the Department of Administration.

(9) Union Contract Grievance Procedure – Some employees of the University are covered by an employee agreement for their bargaining unit which contains a grievance procedure. If an employee is in a bargaining unit having an agreement, the employee has the option of filing the grievance under the Career Service Procedure or the union contract procedures and may not change procedures once the grievance is initially filed.

6C6-2.016 Disruptive Conduct.
(1) University personnel who engage in disruptive conduct by intentionally acting to impair, interfere with, or obstruct the orderly conduct, processes, and functions of the University shall be subject to appropriate disciplinary action by the university authorities.

(2) Disruptive conduct shall include, but not be limited to, the following:
(a) Violence against any member or guest of the university community;
(b) Theft or willful destruction of university property or of the property of members of the university;
(c) Interference with the freedom of movement of any member or guest of the university;
(d) Deliberately impeding or interfering with the rights of others to enter, use or leave any university facility, service, or scheduled activity, or in carrying out their normal functions or duties; or
(e) Deliberate interference with academic freedom and freedom of speech of any member or guest of the university.

6C6-2.019 University Procedures Relating to Suspension, Termination, and Other Disciplinary Action for Non-Unit Faculty.

(1) Termination and Suspension.
(a) The appointment of any non-unit faculty member will be terminated or suspended with or without pay during the term of the faculty member’s employment contract for just cause. The faculty member shall be given written notice of termination or suspension by the President or the Vice President for Academic Affairs. The notice shall specify the reasons for termination or suspension. Such notice shall be sent in accordance with the provision of subsection (4) below. Following the sending of the notice of termination or suspension the faculty member may, at the discretion of the President or Vice President for Academic Affairs, be reassigned.
(b) Termination or suspension imposed under this section shall take effect on the date set out in the notice of termination or suspension.
(c) Within ten (10) days, excluding Saturdays, Sundays, and University holidays, following the receipt of a notice of termination or suspension without pay, the faculty member may respond in writing to the President or the Vice President for Academic Affairs regarding the reason(s) stated in the notice, and a meeting of the faculty member with the President or the Vice President for Academic Affairs shall be scheduled to allow the faculty member to present any matter which should be brought to the attention of the President or the Vice President for Academic Affairs regarding the termination or suspension without pay.

(2) Suspension Pending Investigation and Hearing – Notwithstanding the provisions of paragraph (1)(b) above, if the President or the Vice President for Academic Affairs has reason to believe that the faculty member’s actions or presence on the job would adversely affect the orderly conduct and processes of the University or jeopardize the safety or welfare of the faculty member, colleague(s), other employee(s), or student(s), the President or the Vice President for Academic Affairs will immediately suspend with or without pay the faculty member from the performance of duties pending an investigation by the President or the Vice President for Academic Affairs. Such investigation shall not exceed thirty (30) days without appropriate justification.

(a) Within two (2) days following such suspension, excluding Saturday, Sunday, and University holidays, the President or the Vice President for Academic Affairs shall send a written notice to the faculty member. Such notice shall specify the reason(s) for the suspension and shall be sent in accordance with the provisions of subsection (4) below.

(b) At the close of the investigation described above, the President or the Vice President for Academic Affairs shall send written notice to the faculty member of any additional action, such as termination, to be taken by the University. Such notice shall specify the reason(s) for such action and shall be sent in accordance with the provisions of subsection (4) below.

(3) Notification of Disciplinary Action – Written notice of disciplinary action, specifying the reason(s) therefor, shall be sent to the faculty member by the President or the Vice President for Academic Affairs. Whenever notice is required to be sent under this rule, the notice shall be hand delivered or forwarded to the faculty member by registered mail with a return receipt requested.

(4) Records of Disciplinary Action.

(a) If a non-unit faculty member prevails in a grievance procedure arising from termination, suspension, or other disciplinary action, all records concerning such disciplinary action shall be placed in the President’s confidential file.

(b) If a non-unit faculty member is dismissed, the records of any hearing and actions of the President or the Vice President for Academic Affairs shall be included as part of the official personnel records of the faculty member.

(5) Just Cause – Just cause for termination, suspension, or other disciplinary action imposed on a non-unit faculty member shall be defined as incompetence or misconduct, which shall include, but not be limited to, the following:

(a) Neglect of duty or responsibilities which impairs teaching, research, or other normal and expected services to the University;

(b) Failure to perform the terms of employment;

(c) Willful violation of the rules and regulations of the Board of Regents or the University;

(d) Failure to discharge assigned duties effectively because of incompetence;

(e) Conduct, professional or personal, involving moral turpitude;

(f) Violation of the ethics of the academic profession;

(g) Action(s) which impair, interfere with, or obstruct; or aid, abet, or incite the impairment, interference with, or obstruction of; the orderly conduct, processes, and functions of the University.

6C6-2.020 University Procedures Relating to Non-Renewal of Non-Tenured Status, Non-Unit Faculty Appointments.

(1) The President or the Vice President for Academic Affairs may choose not to renew the employment of a non-tenured status faculty member. The non-tenured status faculty members subject to the provisions of this rule include those non-unit faculty members who have not been awarded tenure or who are employed in non-tenure earning positions and those A & P staff members not included in the collective bargaining unit. The decision not to renew such an individual’s appointment shall not be based on constitutionally-impermissible grounds.

(2) By the end of the sixth year of continuous full-time, or equivalent part-time employment or service, a non-unit faculty member in a tenure-earning position who has not been granted tenure shall be given notice of non-renewal of employment as provided for in subsection (6) of this rule.

(3) Non-tenured status faculty who are appointed to serve in an academic-administrative classification or administrative position and who will not be offered further employment with the University shall be entitled to written notice of non-renewal.

(4) In the event of a break-in-service for more than one semester in one full year or more than two semesters in two full years, only service following such break shall be counted for purposes of determining length of service. Approved paid or unpaid leaves shall not be considered a break in service.

(5) Non-tenured faculty appointments shall not create any rights, interest, or expectancy of employment beyond the term specified in the contract.

(6) Non-renewal Notification Requirements – Notice of non-reappointment or intention not to reappoint, shall be given in writing within the following time limits:
(a) For non-unit faculty in their initial contract year of employment with the University, a minimum of three (3) months prior to expiration of their contract;
(b) For non-unit faculty in their second contract year of employment with the University, a minimum of six (6) months prior to the effective date of non-reappointment; and
(c) For non-unit faculty in their third contract year of employment or beyond with the University, twelve (12) months prior to the effective date of non-reappointment.

(7) The requirement of written notice of non-reappointment set forth in subsection (6) of this rule is not applicable to the following non-tenured status faculty appointments:
(a) Those holding visiting appointments;
(b) Those who are appointed for less than one (1) academic year; or
(c) Those with less than five (5) years continuous service whose salary is funded through “soft” money, e.g., contracts and grants, sponsored research funds, and grants and donations trust funds.

(8) Faculty not entitled to a written notice of non-appointment as provided in subsection (7) above, shall have the following statement included in their employment contracts: “Your employment hereunder will cease on the date indicated. No further notice of cessation of your employment with the University is required.”

(9) Prior to the transmission of the notice of non-reappointment, the President or the Vice President for Academic Affairs shall confer informally with the faculty member and explain the reason(s) for non-reappointment.

(10) The notice of non-renewal shall include the following:
(a) A statement of the reasons for non-renewal;
(b) A reference to the informal conference held with the President or the Vice President for Academic Affairs to explain the reason(s) for the non-reappointment;
(c) The expiration date of the current contract;
(d) The last date of employment with the University; and
(e) A copy of the appropriate appeal procedures in effect at the University.

6C6-3.001 Undergraduate Admissions and Articulation.

(1) Admission of Freshmen and Sophomores – Admission is on a selective basis. Applications must be received no later than thirty days prior to the beginning date of the term; those received after that date will be considered on a space available basis.

(a) Requirements for Admission/Freshmen – Students must meet criteria established by the Board of Regents for the State University System. Specific criteria for freshmen are:

1. A diploma from a Florida public or regionally accredited high school; a regionally accredited out-of-state high school, or if foreign, its equivalent; or a state approved high school equivalency examination.

2. Scores from the Scholastic Aptitude Test (SAT) of the College Entrance Examination Board or from the American College Test (ACT).

(b) Freshmen Eligibility – Freshmen are eligible for admission in one of three ways:

1. A student who has a satisfactory high school record, with a “B” average (3.0 on a 4.0 scale) in required high school academic units normally offered in grades 9 through 12 and who submits other appropriate evidence that he/she can be expected to attain successful academic progress in the university is academically eligible for admission. Additional weight will be assigned to grades in Honors/Advanced Placement courses for admissions purposes. Total number of required academic units is 19. Specific unit requirements are: four units of English, three of which must have included substantial writing requirements; three units of Mathematics at the Algebra I and above level; three units of Natural Science, two of which must have included substantial laboratory requirements; three units of Social Science, i.e., history, civics, political science, economics, sociology, psychology, or geography; two units of Foreign Language with both credits in the same language; and four additional academic electives from the above five subject areas/courses recommended by the Florida Association of School Administrators, or other groups, and recommended by the Articulation Committee, and approved by the Department of Education and the Board.

2. Students applying for admission who have less than a “B” average in the required academic units described above must present a combination of high school GPA and entry level test scores equivalent to 2.5 on a 4.0 scale in the required academic units, and 900 on combined verbal and quantitative parts of the Scholastic Aptitude Test or a composite score of 19 on the American
College Test. Academic eligibility for admission will be determined according to the following Admissions Scale. If the High School GPA in the required academic courses equals any entry in Column I, the SAT/ACT scores must equal or exceed the corresponding entry in Column II.

3. Students applying for admission who do not meet these requirements may be admitted if, in the judgment of the University Admissions Committee, it is determined from appropriate evidence the student can be expected to do successful academic work.

(c) Requirements for Admission/Sophomore – Applicants must meet the requirements for freshmen as outlined; must have completed a comparable freshman program with a grade point average of at least 2.0 on a 4.0 scale; and must be in good standing and eligible to return to the last institution attended without academic probation or suspension.

1. Curriculum Requirements (General Education).
   a. Students accepted and credited with fewer than 45 semester hours are required to complete the lower division core curriculum.
   b. Students credited with 45 or more semester hours must complete the transfer general education requirements outlined in paragraph five (5).

(d) Requirements for Admission/Juniors and Seniors – Students must qualify under one of the following:
   1. Hold the Associate of Arts degree from a Florida public community college.
   Applications from students who have attended another college after receipt of the A.A. degree will be processed as Transfer Students as outlined in paragraph 3. below.
   2. Hold the Associate of Science degree from a Florida public community college with a minimum of 36 semester hours of specified general education courses included in the community college program.
   3. Transfer with a minimum of 60 semester hours of acceptable college-level course work including a minimum of 36 semester hours of specified general education courses. Applicants may be admitted with deficiencies in general education courses but should present a minimum of 24 semester hours in required courses. Any deficiencies in general education must be completed prior to graduation from The University of West Florida.

(2) Academic Standing – To be considered for admission all applicants must:
   a. Have maintained an overall average of at least a 2.0 on a 4.0 scale on all college work attempted including all grades for repeated courses.
   b. Be in good standing and eligible to return without academic or disciplinary probation to the college-level institution last attended.

(3) Required Documents – All applicants must submit the following:
   a. Application for admission with the non-refundable $15 application fee.
   b. Completed and notarized residence affidavit and supporting documents as required by Section 240.1201, F.S., if entitled to Florida fees.
   c. Official transcripts from each high school, ACT or SAT scores (if freshman or sophomore applicant), and transcripts from each college or university previously attended. These and other documents such as CLEP scores, DD-295 or DD-214 (when military credit is requested) must be requested in writing by the applicant to be mailed directly to Director of Admissions from the institution/organization concerned. Evaluation of military credits must be requested at the time of original application for degree status.

(4) Students From Non-Accredited Institutions – Students from non-accredited institutions may be considered for admission upon submission of satisfactory scores from the General Examinations of the College-Level Examination Program. Information about this examination may be obtained by writing the College-Level Examination Program, Box 1821, Princeton, New Jersey 08540. Students may also be admitted by the University Admissions Committee to validate work from non-accredited institutions. To validate such work, the student must earn a grade point average of at least 2.00 on the first thirty semester hours attempted at The University of West Florida.

(5) Students Admitted With Deficiencies – Students entering with deficiencies in the general education areas must complete such deficiencies prior to graduation. Every student must have completed 36 semester hours of general education courses evenly divided among: English-Humanities; Social Science-History; Science-Mathematics. In the English-Humanities area, at least two
Courses must be English composition. These courses must meet the requirements of Rule 6A-10.030, F.A.C. In the science-mathematics area, two courses must be in mathematics at the level of college algebra or above. Applicants holding the Associate of Arts degree from a Florida public institution will have completed all general education requirements.

Courses may be selected from:

(6) Upper Division Students – Upper-division students must document at least 60 semester hours of acceptable college-level credits for consideration.

(7) University Admissions Committee – Students admitted by special consideration of the University Admissions Committee may be placed on probation.

(a) Appeals – The University Admissions Committee shall meet as necessary to review marginal cases and to consider appeals of admissions decisions by applicants.

(b) Procedure – Appeal shall be initiated by a letter of request addressed to The University Admissions Committee.

(c) Appeal of Committee decisions shall be addressed to the Vice President for Academic Affairs.

(8) Credit from Non-Traditional Sources – A combined total of 60 semester hours of which not more than 20 semester hours may be upper-level credit may be accepted for transfer.

(b) Acceptability of Credit – Acceptability of credit from all other sources will be determined by the Director of Admissions.

(9) Recency of Credit – Credits which are more than 10 years old may be reviewed and re-evaluated for use toward degree requirements at The University of West Florida.

(10) Level of Transferred Courses – Courses are acceptable for transfer at the level e.g., junior, senior, etc., at which the course was classified by the institution granting the credit.

(11) Choice of Catalog – A student has a choice of meeting the requirements of the catalog in effect at the time of (1) admission to the University; (2) declaration of a major; or (3) his/her graduation. A student who changes majors has a choice of meeting the requirements of the catalog in effect at the time of (1) said change of major; or (2) his/her graduation. A student who is readmitted to the University after more than one year of non-enrollment has a choice of meeting the requirements of the catalog in effect at the time of (1) readmission; or (2) his/her graduation. The use of a combination of catalogs to fulfill degree requirements is not permitted.

(12) Optional Requirements.

(a) A student holding an Associate of Arts degree with certification of the completion of general education requirements from a Florida public junior or community college may elect to complete the degree requirements of The University of West Florida which were in effect at the time the student first entered the junior/community college as a degree-seeking student. The transcript of the student granted this option must demonstrate that a four-year plan was made by the inclusion of the proper lower-level courses.

(b) A Florida public junior/community college graduate who does not enter the University within three years of the date of initial enrollment in the junior/community college as a degree-seeking student forfeits the option to pursue degree requirements which were in effect before the initial term of that student’s enrollment at the University.
(13) Minimum Grade Required for Transfer Credit.

(a) Students with an Associate of Arts degree transferring to The University of West Florida directly from a Florida public junior or community college which awarded the degree will receive credit for courses completed with a grade of “D” or higher.

(b) Students transferring to The University of West Florida without an Associate of Arts degree, but with an overall grade-point average of 2.0 or higher, will receive credit for all freshman and sophomore courses completed with a grade of “D” or higher. No credit will be allowed for junior or senior level courses completed with a grade of “D”.

(c) Students accepted for admission with a grade-point average lower than 2.0 by the University Admissions Committee will have courses in which they received a grade of “D” reviewed by this committee. Recommendation concerning the amount of credit to be awarded for courses in which a grade of “D” was received will be made to the chairperson of the department in which the student enrolls. No credit will be allowed for junior or senior level courses completed with a grade of “D”.

(14) Provisional Admission – The University may, on a provisional basis, admit a student who, through no fault of his own, has been unable to complete the required admission documents. Only those students who indicate eligibility (based on information submitted by the student) for admission will be accepted provisionally; students must provide all required documents before the deadline, four weeks after the first day of classes of the student’s first semester, or be denied further registration as a degree-seeking student.

(15) Required Summer Attendance – All students entering a university in the State University System of Florida with fewer than 60 semester hours of credit will be required to earn at least 9 semester hours of credit prior to graduation by attendance at one or more summer terms in a State University System Institution.

(16) State Assessment Requirements – Prior to receiving an associate of arts or a baccalaureate degree, a student must present passing scores on all four subtests of the College Level Academic Skills Test (CLAST). A student who graduated with the associate of arts degree from a Florida public community/junior college prior to September 1, 1982 is exempt from this requirement. A student who has a specific learning disability such that he cannot demonstrate successful completion of one or more sections of the CLAST and who is achieving in every area except that of the disability, and whose diagnosis indicates that further remediation will not succeed in overcoming the disability, may appeal through the appropriate dean to the CLAST Appeals Committee for consideration. The Committee will, after examining the student’s academic and medical records and hearing relevant testimony, grant or deny a waiver for one or more sections of the CLAST. In addition to the CLAST, applicants must complete twelve (12) semester hours of English coursework and six (6) semester hours of mathematics coursework at the level of college algebra or higher, as required by the State Board of Education in Rule 6A-10.030, F.A.C. Students must complete these requirements before earning the baccalaureate degree. Students will not be advanced to upper division status until these assessment requirements are met.

(17) Quota Limited Access Programs.

(a) An undergraduate student who is admitted to The University of West Florida and who wishes to major in special education must present a cumulative grade point average of at least 2.5 on course work completed prior to admission to the University. Students who do not have a 2.5 cumulative grade point average upon admission to the University may request a change of major to the special education program after completing at least 10 semester hours in another major and attaining a grade point average of at least 2.5 on this course work. The request for a change of major will be evaluated by a committee of the department of special education.

(b) Admissions requirements for the Bachelor of Science degree program in medical technology include an overall GPA of 2.5 or better; satisfactory completion of lower division prerequisite courses to include general chemistry I & II, organic chemistry I & II, botany, zoology, anatomy and physiology (strongly recommended), and college algebra or equivalents; satisfactory completion of junior level prerequisite courses to include genetics, biochemistry I, pathophysiology, general microbiology, applied microbiology, immunology, hematology, and two non-science electives or equivalents; and completion of the application process to include completion of an application form, a letter of interest, three (3) letters of recommendation, all transcripts, a NAACLS approved transcript evaluation, and a personal interview. Applications must be submitted by February 1; admission decisions are announced April 1.

(18) Cancellation of Admission – Students are admitted to the University only for the term for which they apply. Students who do not enroll in the term for which they have been admitted lose their admission status and must notify the Director of Admissions to change their admission applications for a later term. They will be considered under the policies in effect at that time. Admission is not automatic. If a student has attended another collegiate institution prior to updating the application, the student must provide an official transcript of all course work completed.

6C6-3.002 Admission to Graduate Programs.

(1) The University is governed by the rules of the Department of Education, Florida Board of Regents, Rule 6C-6.003, F.A.C.

(2) Admission requirements to graduate programs of students who meet minimal requirements are determined by the faculties who administer the programs. Graduate student applicants shall be informed in writing by a department if any additional departmental requirements apply. Such additional requirements are specified in the University catalog.
(3) Prospective students who have been denied admission to a graduate program at The University of West Florida may appeal, in writing, to the chief academic officer of the appropriate college. The chief academic officer will refer the appeal to a committee composed of faculty members representing graduate disciplines in the college. The committee will make recommendations to the President, or his designee, whose decisions will be final.

6C6-3.005 Appeal of Denial Admission - Academic.

Any undergraduate student who is denied admission for academic reasons may appeal this decision as follows:

(1) The student submits a letter of appeal to the University Admissions Committee.

(2) The University Admissions Committee considers the student’s letter of appeal, previous academic record, and other information submitted in behalf of the petition, and notifies the student in writing of its decision.

(3) Appeal of the decision of the University Admissions Committee can be made in writing to the Vice-President for Academic Affairs, then to the President.

6C6-3.007 Admission of Applicants with Records of Previous Misconduct or Medical/Psychological Problems.

Applicants with records of previous medical/psychological problems will provide information as requested related to the misconduct or medical/psychological problems to the Director of Student Affairs.

(1) The Director of Student Affairs will review all information provided and contact other appropriate individuals having knowledge of the applicant or incident of misconduct.

(2) The applicant will be required, depending on the nature, severity of the misconduct, or personal problems, to have a personal interview with the Director of Student Affairs or to undergo a psychological evaluation in the Counseling Center.

(3) An applicant will be rejected for admission if upon review of all available information and surrounding circumstances, the Director of Student Affairs and the Vice President for Student Affairs find by a preponderance of evidence that:

(a) The applicant poses a significant danger of imminent and serious physical harm to himself/herself or others at the University;

(b) The applicant poses a significant threat to the health and welfare of the applicant or others at the University.
(4) An applicant denied admission under this policy may appeal to the President or his designee within 10 days of receipt of notification of denial of admission.

**6C6-3.008 Academic Probation, Suspension, Reinstatement.**

(1) Undergraduate Policy and Procedures: An undergraduate degree-seeking student will be placed on academic probation or admitted to the University on probation, if after completion of fifteen (15) hours grades fall below a cumulative 2.0 grade point average in courses earned at the University, or if a student registers for only one course and fails that course.

(a) Students on probation may return to good standing by meeting the requirements specified in their notice of probation. Failure to meet these requirements causes the student to be subject to academic suspension.

(b) A student on probation is not eligible for office in any student organization and cannot represent the University in any official capacity during the term of the probation.

(c) The decision to suspend a student for academic reasons is made by the Dean of the College on the recommendations of the committee charged to administer the provision of this rule.

(d) Notification to the student and to the Office of the Director of Registration and Records is the responsibility of the college.

(e) A student under academic suspension may not enroll as a regular or special student at any of the University’s campuses or centers.

(f) After suspension for at least one quarter, a student may request reinstatement by notifying in writing the Dean of the college which suspended him/her at least two weeks in advance of the first day of classes of the quarter for which reinstatement is requested. A student who has been recommended for reinstatement must file an application for readmission with the Office of Registration and Records.

(2) Graduate Policy and Procedures: A graduate degree-seeking student admitted in a graduate program will be placed on probation by the department or coordinating authority at the completion of the quarter during which the cumulative grade point average falls below 3.0. The student will be informed in writing by the department with a copy sent to the Office of Registration and Records.

(a) A student having probationary status may return to good standing by achieving a cumulative average of 3.0 no later than at the completion of fifteen quarter hours of graduate work following the period in which probation was assigned. Courses in which a student earns a grade of “P” are not considered in the evaluation of academic standing.

(b) Probationary status may be continued beyond fifteen hours of graduate work only on the recommendation of the College Academic Standards Committee and the approval of the Dean.

(c) A graduate student who does not return to good standing within the period designated will be suspended from the program. The student will be informed of the action in writing by the department or coordinating authority with a copy to the Registrar.

(d) Students suspended from a program may, with the approval of the prospective department chairman or coordinating authority and Dean, apply for admission to another graduate program if the requirements for admission to that program are met.

(e) Students suspended from a program may be considered for reinstatement after the lapse of one academic quarter during which the student is not enrolled at The University of West Florida. The student may petition for reinstatement by presenting evidence of eligibility in writing to the Dean of the College.

(f) A graduate student may appeal probation or suspension in writing to the Dean of the college, who may refer the matter to the Academic Standards Committee.

Specific Authority 120.53(1)(c), 240.227(1) FS., BOR Rule 6C-4.001(1), F.A.C. Law Implemented 120.53(1)(c), 240.227(1) FS., BOR Rule 6C-4.001(1), F.A.C. History–New 10-1-75, Amended 4-6-80, Formerly 6C6-3.08.

**6C6-3.010 Student Conduct Code - Administration and Procedures.**

The University establishes the following rules governing student conduct:

(1) Student conduct is expected to be lawful and to abide by University regulations. The University distinguishes its responsibilities for student conduct from the control functions of the wider community. The conduct of students both on the campus and in the wider community outside the campus is ordinarily of University concern when:

(a) The conduct interferes with the University’s responsibility of ensuring members of the University community full and equal opportunity to obtain their educational objectives; or

(b) The conduct interferes with the University’s responsibility to protect the health, safety, and general welfare of persons in the University community, to protect property, to maintain the ordinary rules of good conduct, and to sponsor non-class activities.

(2) Violation of any of the following actions by a student constitutes an offense which will result in disciplinary action.

(a) Academic misconduct – Fraudulent or deceptive action involving academic matters and includes:

1. Cheating – The unauthorized giving or taking of any information or material on academic work considered in the determination of a grade.

2. Plagiarism – The act of representing the ideas, words, creations, or work of another as one’s own.

3. Bribery – The offering, giving, receiving, or soliciting of anything of value to influence a grade.
4. Conspiracy – Planning with others to commit any form of academic misconduct.
5. Misrepresentation – Any action or omission with intent to deceive a teacher so as to affect a grade.
   (b) Non-academic misconduct which constitutes an offense under this rule includes the following:
   1. Forgery, alteration, or misuse of documents or records.
   2. Intimidation, harassment or physical abuse of persons.
   3. Destruction, damage, or misuse of public or private property.
   4. Theft.
   5. Lewd and indecent conduct.
   6. Disorderly conduct.
   7. Disruptive conduct – Individual or group conduct of a nature that interrupts or interferes with educational activities, infringes upon the rights and privileges of others, results in the destruction of property, or is otherwise prejudicial to the maintenance of order.
8. Possession, consumption or furnishing alcoholic beverages in violation of University Rule 6C6-3.021, F.A.C., or state laws controlling same. See Rules 562.11 and 768.125, F.S.
9. Possession, consumption, or furnishing of controlled substance as prohibited by the Laws of Florida. See Rules 893.13 and 893.147, F.S.
10. Possession or use of weapons and firearms, fireworks and explosive devices as prohibited by the Laws of Florida. See Rules 790.01, 790.02, 790.165, 790.19, 790.25(2), 790.225, F.S.
11. Violations of federal or state law, respective county and city ordinances, and all University or Board of Regents rules which bring discredit to the University or result in disruption of the normal operation of the University.
12. Failure to heed an administrative summons issued pursuant to University rules and regulations.
   (3) Sanctions – Students adjudicated guilty of violation(s) of the conduct code will be subject to one or more of the following sanctions with the objective of protecting the university community and deterring the repetition of the act by the offending party by imposing sanctions sufficient to serve notice of the unacceptability or continuation of the conduct in question.
   (a) Counseling – Confidential psychological service to help students deal more effectively with conduct.
   (b) Reprimand – Formal written notice and official recognition is taken of the violation.
   (c) Community service – Performance of a specified service for a prescribed number of hours to the University Community.
   (d) Degree program modification – Additions to or substitutions in the current degree program.
   (e) Grade reduction – Reductions of grade(s) for test(s), assignment(s), or course(s).
   (f) Restriction – The withdrawal of specified privilege(s) for a definite period of time. Restrictions may include requirements such as vacating campus housing or not operating motor vehicles on campus.
   (g) Restitution – A payment for financial injury in cases involving theft, destruction of property, or deception.
   (h) Probation – An official written warning that the student conduct constitutes an offense, but is not sufficiently serious to warrant probation with restrictions, suspension, or expulsion. Students are restricted from holding office in any student organization and cannot represent the University in any official capacity during the term of the probation. Continued enrollment depends on maintenance of satisfactory conduct during the period of probation.
   (i) Suspension – The termination of the student’s attendance at the University for an indefinite or specified period of time.
   (j) Expulsion – The involuntary and permanent separation of the student from the University.
   (4) Administration – For these procedures, the university shall utilize as appropriate an academic standards committee appointed by the appropriate dean or division head; the membership shall consist of at least two faculty members and one student or The University Conduct Committee appointed by the president. Its membership shall consist of at least two faculty and one student.
   (a) Academic misconduct – When a student is alleged to have violated the Academic Conduct Code, and disciplinary action is warranted, the faculty member must exercise option one or option two below. If the violation is not the student’s first offense or the circumstances suggest the imposition of a sanction other than reduced or failing grade(s), the faculty member will refer the charge directly to the Dean.
      1. Option one – Within five (5) working days after discovery of the alleged misconduct, the faculty member shall notify the student in writing of the allegation and invite the student to respond within five (5) working days. The faculty member’s decision shall be sent in writing to the student within fifteen (15) working days after the date of the initial notification of the allegation sent to the student. The written decision shall describe any imposed sanctions of reduced or failing grade(s), and the student’s right to appeal within five (5) working days to the appropriate Academic Standards Committee; or state that the charges have been referred to the appropriate Dean for adjudication. Copies of the above notifications shall be sent to the Chairperson, Dean, and Vice President for Student Affairs, or
      2. Option two – The faculty member will refer the charge in writing to the appropriate Dean for adjudication. The Dean will notify the student in writing of the charge and may designate an agent to investigate the charge. In investigating the charge, the agent will discuss the charge with the student and with others who have personal knowledge of the alleged misconduct.
a. If the Dean determines the charge warrants adjudication, the Dean shall notify the Academic Standards Committee and the student. The Academic Standards Committee shall conduct a hearing unless the student elects within three (3) working days after receipt of the notification to have the hearing conducted by the Dean. In electing one, the student waives the right to the other. The Academic Standards Committee must include student membership when holding academic conduct hearings, and shall follow the procedures outlined in (5) Hearing Procedures.

b) Non-academic misconduct – Charges of non-academic misconduct shall be filed within five (5) working days of the discovery of the misconduct with the Vice President for Student Affairs or designee. The Vice President will notify the student in writing of the charge and may designate an agent to investigate the charge. In investigating the charge, the agent will discuss the charge with the student and with others who have personal knowledge of the alleged misconduct.

1. If the Vice President determines the charge warrants adjudication, the Vice President shall notify the University Conduct Committee and the student. The University Conduct Committee shall conduct a hearing unless the student elects within three (3) working days after receipt of the notification to have the hearing conducted by the Vice President. In electing one, the student waives the right to the other. The hearing shall be conducted in accordance with the procedures outlined in (5) Hearing Procedures.

2. The Vice President for Student Affairs, or Associate Vice President for Student Affairs, may order any student to cease and desist from any activity adjudged disruptive to the University. If the student fails to cease and desist from such activity, the Vice President for Student Affairs, or Associate Vice President for Student Affairs, may immediately suspend the student for a maximum of ten (10) calendar days, pending a conduct hearing.

(5) Hearing Procedures.

(a) Pre-hearing information to assist the student in preparing for the hearing is available from the Vice President for Student Affairs, the Associate Vice President for Student Affairs, and the Deans.

(b) All hearings are governed, as a minimum, by the following due process:

1. Student shall be entitled to a prompt hearing.

2. Student will receive written notice at least five (5) working days in advance of the date, time, and place of the hearing, and of the specific charge(s) and factual basis including the section of the Conduct Code upon which charge(s) are based.

3. The instructor or other University official who has brought the charge of misconduct shall provide evidence and, as appropriate, bring witnesses to the hearing to support the charge(s).

4. Student is entitled to have any person present at the hearing to serve as advisor. However, the advisor cannot examine or cross examine those giving testimony otherwise participate in the hearing.

5. Student may inspect all documentary evidence to be presented at the hearing, may hear and question adverse witnesses, and may present evidence and call witnesses.

6. Students shall not be forced to present self-incriminating testimony; however, the University is not required to postpone disciplinary proceedings pending the outcome of any criminal proceeding.

7. The burden of proof rests with the University. The standard of proof shall be “greater weight of evidence” i.e., whether it is reasonable to conclude from all the evidence submitted by both the University and the student that the student did commit the violation(s) with which charged.

8. Decision of guilt or innocence on the charge(s) shall be based solely on the evidence presented at the hearing.

9. All hearings shall be closed and confidential unless specifically requested otherwise in writing by the student before the hearing.

10. If student fails to appear at the hearing, the hearing may proceed in the student’s absence.

11. A record of the hearing shall be made by the presiding hearing officer. The record may be in written form or in any other form capable of being converted into written form within a reasonable time. The student shall be entitled to a copy of the written record of the hearing for cost.

12. A decision shall be available in writing to the student within five (5) working days following the hearing.

13. Student may appeal the decision to the President within five (5) working days after receipt of the written decision. The appeal shall be in the form of a written request for review. The appeal shall consist of a review of the prior proceedings; there shall not be another hearing. At the conclusion of that appeal, the decision of the President shall be final.

6. Student’s standing on campus will remain unchanged pending the final decision, except in cases of emergency where the President determines that the safety, health, or general welfare of the student or University is involved. See University Rule 6C6-3.029, F.A.C.

(7) Records – The Office of the Vice President for Student Affairs is the official custodian of all educational records involving misconduct. Records will be managed pursuant to Section 228.093, F.S.

(a) If a charge is dismissed, all records in the case shall be destroyed immediately.

(b) Student files containing records of a single offense shall be destroyed after five (5) years or after the student’s graduation, whichever occurs first.

(c) Student files containing records of more than one offense, or of an offense transcending behavior in one course, shall be permanent.

6C6-3.011 Student Grievances.

(1) A grievance is defined as a complaint or dissatisfaction occurring when a student thinks that any condition at the University affecting him/her is unjust, inequitable, or creates unnecessary hardship. Such grievances include but are not limited to mistreatment by any University employee; discrimination; problems with student or academic services; and contested grades for courses, academic probation, suspension, or readmission actions, or other academic matters. Such grievances do not include matters which have been determined through procedures prescribed for the Student Conduct System.

(2) Exclusions – Excluded from this process are grievances concerning:
(a) Discrimination – grievances related to charges of discrimination due to race, sex, or handicap shall be directed to the Equal Opportunity Coordinator.
(b) Fees – grievances concerning the assessment or refund of tuition and fees shall be directed to the Fee Appeals Committee.
(c) Financial Aid – grievances related to financial aid shall be directed to the Financial Aid Appeals Committee.
(d) Parking and Traffic – grievances related to parking or traffic regulations shall be made to the designated police representative, and appeals to the Parking Violation Appeals Board.

(3) Students are afforded opportunity to bring complaints to the attention of University personnel with the assurance that a prompt and fair determination of grievances shall result by taking the following steps:
(a) Step 1 – requires oral discussion between the student and the person(s) alleged to have caused the grievance. The student should meet with the person(s) as soon as practical after becoming aware of the act or condition which is the basis for the grievance. If the student considers the response to this discussion to be unsatisfactory he/she should initiate the action outlined in Step 2.
(b) Step 2 – requires the student to submit a written petition within five (5) calendar days after receiving notification of the Step 1 decision to the immediate supervisor of the person(s) alleged to have caused the grievance.
   1. The supervisor is empowered to take testimony, receive evidence, provide other affected persons the opportunity to submit written statements, and make or receive offers of settlement, stipulations, or adjustments.
   2. The supervisor will render a written decision to the student within five (5) calendar days of the date the petition was filed or, if mutually agreed upon by both parties, within an extended period of time.
(c) Step 3 – any student who is not satisfied with the response after completing Steps 1 and 2 may present the grievance in written form to the appropriate Dean, or Vice President, within five (5) calendar days after receiving notification of the Step 2 decision. The Dean will refer grievance concerning academic misconduct to the Academic Standards Committee. The student shall be informed of the Step 3 decision within five (5) calendar days of the date the petition was filed or, if mutually agreed upon by both parties, within an extended period of time.
(4) Appeal – The President of the University or designee shall be the final appeal but only after the prescribed grievance process has been exhausted. The President or designee shall review the matter and decide what action, if any, should be taken.
(5) All petitions filed shall be adjudicated to finality even if the aggrieved is no longer a student at the time of the proceeding.

6C6-3.013 Pamphlets and Petitions.

Written materials may be distributed free of charge by University students on the campus, either individually or as officials of registered student organizations, pursuant to the following regulations:
(1) Materials distributed must identify the author or publisher.
(2) Distributors must register the distribution and a specimen copy of the material with the Office of Student Activities.
(3) Distributors may not in any way interfere with the orderly process of the University. They shall not, for example:
   (a) Obstruct vehicular, bicycle, pedestrian or other traffic;
   (b) Obstruct entrances or exits to buildings or driveways;
   (c) Interfere with educational activities, inside or outside any building;
   (d) Harass passersby or otherwise disrupt normal activities;
   (e) Interfere with or preclude a scheduled speaker from being heard;
   (f) Interfere with scheduled University ceremonies or events;
   (g) Damage property, including lawns, shrubs, or trees.
(4) Materials must not be left unattended and must be removed when distribution terminates.
(5) This rule does not apply to official printed materials of the University.

6C6-3.014 Freedoms of Speech and Assembly.

The freedoms of speech and assembly guaranteed by the United States and Florida Constitutions shall be enjoyed by students and faculties of The University of West Florida as respects the opportunity to exercise public expression and assembly. The on-campus exercise of public expression and assembly by students and faculty shall be in accordance with the guidelines set forth herein:
(1) Responsibility – Each speaker shall be fully responsible for any violation of Federal and State law or University regulation committed by him.

(2) Scheduled Assembly and Public Expression – Areas on the campus, except for the assembly area designated on the campus map must be scheduled for organized assemblies and public expression in the Office of Student Activities.

(3) Permission for Use of Sound Equipment – Permission for the use of sound equipment for assemblies anywhere on campus must be secured from the Office of Student Activities. The use of sound equipment and degree of amplification for scheduled activities must be reasonable and must not interfere with the normal processes and activities of the university.

(4) Unscheduled Assembly and Public Expression – The assembly area designated on the campus map is established as the only campus location for unscheduled and unorganized public expression. However, all outdoor areas on the campus which are not committed to a specific use or assigned for use to a specific University agency are available to be used for informal, unscheduled, and unamplified expressions of opinion by individual members of the faculty and student body participating as individuals without prior registration or approval, provided other applicable University regulations shall be observed.

(5) Noninterference with University Operation – In order that assemblies and public expression, scheduled and unscheduled, not interfere with the operation of the University or the rights of others, they shall not, for example:
   (a) Obstruct vehicular, bicycle, pedestrian, or other traffic;
   (b) Obstruct entrances or exits to buildings or driveways;
   (c) Interfere with University operation inside or outside any buildings;
   (d) Harass passersby or otherwise disrupt normal activities;
   (e) Interfere with or preclude a scheduled speaker from being heard;
   (f) Interfere with scheduled University ceremonies of events;
   (g) Damage property, including lawns, shrubs, or trees; or
   (h) Prejudice the safety of person or property.

6C6-3.0151 Student Housing Conduct.

The University establishes the following rules governing student conduct of on-campus resident students:

(1) Student conduct is expected to be lawful and to abide by University regulations. The University distinguishes its responsibilities for student conduct from the control functions of the wider community. The conduct of students both on the campus and in the wider community outside the campus is ordinarily of University concern when:
   (a) The conduct interferes with the University’s responsibility of ensuring members of the University community full and equal opportunity to obtain their educational objectives; or
   (b) The conduct interferes with the University’s responsibility to protect the health, safety, and general welfare of persons in the University community, to protect property, to maintain the ordinary rules of good conduct, and to sponsor non-class activities.

(2) The Director of Housing is assigned original jurisdiction in all matters which involve:
   (a) Infractions of published housing regulations.
   (b) Aberrant or disruptive behavior in the residence halls which necessitates immediate action to protect the health, safety, and welfare of persons in the University community.

(3) Sanctions.
   (a) Warning – A written or oral warning which cautions the student that further behavior of the same or similar type will be cause for University disciplinary action.
   (b) Restitution – A financial payment for property damage, theft, or destruction.
   (c) Community Services – Work, educational tasks, or projects designed to redirect student behavior relating to the violation committed.
   (d) Restriction – Withdrawal of specified privilege(s) for a prescribed period of time which relates to the violation committed.
   (e) Probation – An official warning that the student’s conduct constitutes an offense but is not sufficiently serious to warrant removal from University housing. Students are restricted from holding office on the Residence Hall Advisory Council or working in the Housing Office during the term of the probation. Continuance in University housing depends on maintenance of satisfactory citizenship during probation.
   (f) Suspension from University Housing – The termination of the student’s privilege to occupy University housing for an indefinite or specified period of time.

(4) Hearing Procedures.
   (a) Charges of misconduct shall be filed within five (5) calendar days of the discovery of the misconduct with the Director of Housing.
(b) Student shall be entitled to a prompt hearing before the Director of Housing or Assistant Director of Housing or shall have the option to request adjudication by the Housing Conduct Committee. In selecting one, the student waives the right to the other. The Housing Conduct Committee consists of two students selected by the Residence Hall Advisory Council and two faculty/staff appointed by the Director of Housing. The Chair is appointed by the Vice President for Student Affairs from among the faculty/staff members.

(c) Student will receive written notice at least five (5) calendar days in advance of the date, time, and place of the hearing and of the specific charge(s) and factual basis upon which the charges are based.

(d) All hearings are governed, as a minimum, by the following due process:
1. Student is entitled to an advisor of his/her choice to be present at the hearing.
2. Student may inspect all documentary evidence which will be presented against him/her.
3. Student may hear and question adverse witnesses.
4. Student may present evidence on his/her own behalf.
5. Student shall not be forced to present self-incriminating testimony.
6. The standard of proof for the University shall be “substantial evidence,” i.e., whether it is reasonable to conclude from evidence submitted that the student did commit the violation(s) with which charged.
7. Decision of guilt or innocence on the charges shall be based solely on the evidence presented at the hearing.
8. All hearings shall be closed and confidential unless specifically requested otherwise in writing by the student prior to the hearing.
9. A record of hearing shall be in written form or in any other form, such as tape recording, capable of being converted into written form within a reasonable time.
10. If the student fails to appear at the hearing, the hearing may proceed in the student’s absence.
11. Decision shall be presented in writing to the student within five (5) calendar days following the hearing.
12. Student may appeal the decision in writing to the Director of Student Affairs within five (5) calendar days after receipt of the written decision. At the conclusion of the appeals process, the decision of the Vice President for Student Affairs shall be final.

6C6-3.017 Release of Student Educational Records.
The University established the following standards for access to student educational records:

(1) Educational records comprise any written information or recorded data maintained by the University which are directly related to a student who has applied for admission or who is or has been in attendance.

(a) The following include most educational records maintained by University custodians:
1. Academic Records (Departmental) – Faculty Chairpersons and Deans.
2. Academic Records (Permanent) – Academic Services/University Registrar.
5. Counseling Records (Non-Academic) – Director, University Counseling Center.
6. Disciplinary Records – Vice President for Student Affairs.
8. Health and Medical Records – Director, University Health Center.
9. Housing Records – Director, University Housing.
11. Student Teaching Records – Director, Student Teaching.

(b) The following are not educational records and are not subject to this policy:
1. Records maintained by individual University personnel which are solely in their possession and are not revealed to others.
2. Records maintained by University police which are solely for law enforcement purposes and are not revealed to others for any other purpose.
3. Records maintained by University employees which relate solely to the student as an employee and are not revealed to others for any other purpose.
4. Records maintained by University medical or psychological personnel which are solely for treatment and counseling purposes and not revealed to others for any purpose.
5. Records maintained by University personnel which contain only information relating to persons after they are no longer students.
8. Confidential letters and confidential statements of recommendation written after January 1, 1975, provided the student waived in writing the right of inspection and review.

(2) The University may disclose to the general public any information from student educational records which is designated as “directory information.” The following student data comprise University directory information and are available to the public.
(a) Student name, address, and telephone number.
(b) Date and place of birth.
(c) Major field of study.
(d) Class schedule.
(e) Participation in recognized activities and sports.
(f) Weight and height of athletic team members.
(g) Dates of attendance.
(h) Degrees and awards received.
(i) Most recent school previously attended.
(3) Access to student educational records.
   (a) Access by Students – Students who are or have been in attendance are permitted to inspect and review their educational records as defined above in (1).
   (b) Access by Others – Students must provide written consent before personally identifiable information can be disclosed to others from their educational records. The exception is that the University may disclose identifiable information from student educational records, without student consent, as follows:
   1. Officials and faculty of the University or other State of Florida school officials who have a legitimate educational interest in the information.
   2. Officials of other schools in which the student seeks to enroll.
   3. Federal, state, local and independent agencies, and representatives as authorized by federal and state law, who have a legitimate educational interest in the information.
   4. Officials presenting a judicial order or lawfully issued subpoena.
   5. Appropriate parties in a health or safety emergency.
   6. Parents or legal guardian of a dependent student as defined in the Internal Revenue Code of 1954, after presenting proof of student dependency.
   (4) Procedures for Access:
      (a) Students who wish to have material disclosed to others from their educational records must contact the custodian of those records and sign the proper consent form. All other requests to inspect and review student educational records should also be directed to the records’ custodian.
      (b) Within a reasonable time period, the University Custodian will provide the requested records, explanation and interpretation of the records, or copies of the records. Copy of disclosed materials will be provided to student upon request. A fee may be charged to cover actual cost of reproducing the records.
      (c) Custodians will maintain a record of the disclosures of personally identifiable information and of the parties who have obtained such information from student educational records.
      (d) Custodians will specify in writing the criteria for determining “school officials” and “legitimate educational interest.”
   (5) Students have the following rights:
      (a) Students shall be informed annually of their rights and procedures relating to educational records. Students may waive in writing any of their rights regarding educational records. Complete information and regulations governing educational records are available in the Office of the Vice President for Student Affairs and Office of Academic Services/University Registrar.
      (b) Students may authorize in writing the disclosure to others of personally identifiable information from their educational records.
      (c) Students may challenge the accuracy of their educational records and request the University to amend them. If the request is refused, students will be so informed and advised of the right to a hearing in accordance with the Student Grievance Process, Rule 6C6-3.011, F.A.C. Students may place in their educational records a statement commenting upon the contents of the records.
      (d) Students may refuse in writing to permit the designation of any or all categories of personally identifiable information available to the public.

6C6-3.018 Prohibition of Hazing - Procedures and Penalties.
(1) The University establishes the following rules prohibiting hazing.
   (a) University registered student organizations are expected to adhere to local, state, and federal laws regarding membership practices and activities.
   (b) University registered student organizations are prohibited from hazing in any form both on campus and off campus.
   (c) Each University registered student organization must incorporate a provision prohibiting hazing in its by-laws.
(2) Definition of Hazing – Hazing is defined as any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a person for the purpose of initiation or admission into any organization registered by the University. This includes, but is not limited to, beating, branding, forced exercise, forced consumption of food or beverage or any other substance. Also included are activities causing mental stress such as sleep deprivation, exclusion from contact with others, or forced conduct that could result in extreme embarrassment or adversely affect the dignity of the individual. For the purpose of clarity, any activity described above that is directly or indirectly a condition of initiation or admission into a registered University organization shall be presumed to be a forced activity, the willingness of an individual to participate in such activity notwithstanding.

(3) Administration – University Organizations:
   (a) Filing of charges – Any charges of violation of the hazing policy shall be filed with the Coordinator of Student Affairs (Student Activities).
   (b) Investigation of charges – When charges of hazing are filed against an organization, the Coordinator of Student Affairs will investigate the charges. If no probable cause is found, the charges will be dismissed. If probable cause is found, the Coordinator will notify the chief executive officer of the organization in writing, setting forth the facts and circumstances upon which the charges are based.
   (c) Adjudication.
      1. Informal – When probable cause is found and the spokesman for the University organization agrees with the statement of facts and circumstances upon which the charges are based, the Coordinator for Student Affairs will determine the penalty, if any, and notify the organization in writing.
      2. Formal – When probable cause is found but there is a disputed issue of material fact, the organization through its chief executive officer may request a formal hearing. Charges will be heard by a panel composed of members of the Student Affairs Council and shall include one student, one faculty member, and one administrative-professional staff member from that group. The panel will issue its decision and penalty to be imposed, if any, in writing to the chief executive officer of the organization within five calendar days of the hearing.
      3. Appeal – Appeal of disciplinary action may be made to the Vice President for Student Affairs. The President of the University or designee shall be the final appeal.
   (d) Penalties.
      1. Probation – This penalty includes informing the University community, through campus media, of the hazing policy violation and puts the organization on notice that should another hazing violation occur within a specified period of time (not to exceed 2 years), the organization will immediately lose its status as a registered student organization at The University of West Florida. Probation may include loss of one or several organizational privileges such as use of University facilities, use of University bulletin boards, duplicating services, etc.
      2. Suspension – All organization privileges will be suspended for a period of time not to exceed one year.
      3. Termination – Registration as a student organization is revoked permanently.
      4. Administration – Student Conduct: Disciplinary charges may be brought against individual students who violate this policy in accordance with the University of West Florida Student Code of Conduct, Rule 6C6-3.010, F.A.C.
   (4) Administration – Student Conduct: Disciplinary charges may be brought against individual students who violate this policy in accordance with the University of West Florida Student Code of Conduct, Rule 6C6-3.010, F.A.C.

6C6-3.020 Student Government Association: Function and Purpose.
(1) The Student Government Association at the main campus and extension centers are authorized to represent students on all matters concerning student life.
(2) The basic purposes of the Student Government are:
   (a) To provide students an opportunity to participate in the decision-making process of the University.
   (b) To allocate activity and service fee monies as allowed by state law and implemented by Rule 6C6-4.006, F.A.C., Activity and Service Fees.
   (c) To consider and make recommendations on all phases of student life.
   (d) To serve as the principal forum for discussion of matters of broad concern to students.

6C6-3.021 Alcoholic Beverages.
(1) Possession and use of alcoholic beverages on University premises shall comply with state law. Consumption of alcoholic beverages in public places on campus is prohibited except in those areas and under those conditions specified herein. All buildings and grounds of the campus are considered to be public places with the exception of residence hall units, which are considered to be private living quarters and are, therefore, excluded from the provisions of this regulation.
(2) The possession and consumption of alcoholic beverages are permitted in those approved and designated public areas listed in the Student Handbook, “Student Life”, published March, 1990 (see pages 43-44) and “Alcohol Policy and Guidelines” brochure dated 8-16-90. When necessary to avoid conflicts with other scheduled activities, to accommodate large groups, or meet the special needs of a scheduled activity, the Vice President for Student Affairs will authorize use of an alternate location.

(3) Possession and consumption of alcoholic beverages in the Commons are restricted to that sold by the University food concessionaire. The University food concessionaire is responsible for the supervision of all alcoholic beverage sales in the Commons.

(4) The University does not approve the sale, possession, or consumption of any alcoholic beverages at the Fort Walton Beach Center.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), 240.261 FS. History–New 5-12-88, Amended 3-28-91.

6C6-3.022 Student Publications.

(1) Definition – Student publications comprise the printed media authorized by the President as campus-wide university publications produced by students. The one such authorized student publication is the VOYAGER.

(2) Purpose – The University considers the VOYAGER a valuable aid in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. In order to maintain integrity of purpose as vehicles for free inquiry and expression in an academic community, the VOYAGER is responsible for observance of the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment.

(3) Authority – The University President, as publisher, has final authority and responsibility in matters relating to the VOYAGER.

(a) The Vice President for Student Affairs is responsible to the President for the general administration of the VOYAGER and shall recommend to the President the appointment of an Advisor.

(b) The VOYAGER advisor shall be responsible for the professional instruction and guidance, for recommending appointment of student editors, and for administering fiscal affairs of the VOYAGER.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS. History–New 12-13-88.

6C6-3.023 Student Organizations.

(1) Official Registration – Every student organization must apply for and be officially registered annually. The Student Activities Office will be responsible for the registration process and will forward appropriate recommendation to the Vice President for Student Affairs for approval. Officially registered organizations shall have the following rights and privileges:

(a) May use The University of West Florida name to identify institutional affiliation.

(b) May recruit members on campus.

(c) May use University facilities for meetings and functions.

(d) Will be provided a mailbox and other services by the Student Activities Office.

(e) Will have access to free publicity in Student Activities publications.

(2) Requirements for Official Registration – To obtain and maintain official registration as a University of West Florida student organization, the applicant organization must:

(a) Present evidence that its purpose and activities are lawful and consistent with University objectives.

(b) Present evidence that its membership is open to all regardless of race, creed, color, or national origin and that it does not illegally discriminate in membership on the basis of sex.

(c) Warrant that the organization will comply with the University’s policy on hazing practices.

(d) Conduct its affairs in accordance with its constitution and University regulations.

(e) Conduct its financial affairs in accordance with sound business procedures and appropriate University requirements.

(f) Have a primary advisor who is a full-time faculty or staff member of the University.

(3) Procedures and Documentation – The Office of Student Activities shall establish and maintain procedures and shall require the following:

(a) An application for official registration.

(b) The organization’s constitution and by-laws.

(c) A list of officers and, in the case of a new organization, charter members.

(d) Any other documentation that is deemed necessary by the Director of Student Activities.

(4) Organizational Meeting and Publicity – Any new group may hold one organizational meeting and conduct publicity exclusively for that meeting prior to being officially registered. The Director of Student Activities must approve this meeting.

(5) Conformance to Law and Regulations – Any violation of law or rules of the University may jeopardize the status of the organization and could result in one or more of the following actions:

(a) A written warning.

(b) Probation, which is defined as a loss of some or all privileges for a specified period of time.

(c) Cancellation of organization’s registration with the University.
(6) Determination of Sanctions and Organizational Appeals – Appropriate action for violation of law and rules and regulations of the University will be recommended by the Director of Student Activities to the Director of Student Affairs. The organization will be notified of the action in writing by the Director of Student Activities. Any decision may be appealed to the Vice President for Student Affairs within ten business days from the date of the notification.

Specific Authority 240.227(1) FS., BOR Rule 6C-6.011, FAC. Law Implemented 120.53(1)(a), 240.227(1) FS. History–New 5-31-87.

6C6-3.028 Religious Observance.

(1) The University of West Florida recognizes the concept of religious freedom of students. This rule sets forth the framework within which religious observance, practice and belief of students is recognized in regard to admissions, class attendance, class work assignments and the scheduling of examinations, major class events, work assignments and University activities.

(2) Admissions – The University of West Florida shall not deny admission to any student because of his religious belief or practice.

(3) Class Attendance – Professors and University Administrators shall in no way penalize students absent from academic or social activities because of religious observances. Any student shall, upon notifying the instructor, be excused from class to observe a religious holy day of his faith. Such notification shall be made no later than one week prior to the holy day, or as prescribed by the instructor at the beginning of the term.

(4) Scheduling of Examinations, Major Class Events, Work Assignment and University Activities – No major test, class event, work assignment, or University activity shall be scheduled on a major religious holy day. A major religious holy day shall be a significant day of religious observance as recognized by the highest governing body of that particular religious faith. Evidence of such recognition shall be provided by the student unless previously designated by the University.

(5) Any student who believes that he has been unreasonably denied an educational benefit because of his religious belief or practices may seek redress by implementing the University of West Florida’s student grievance procedures as described in the UWF Student Handbook.

CHAPTER 6C6-4 TUITION AND FEES

6C6-4.008 Tuition Rates, Fees, Fines, and Penalties.
6C6-4.009 Delinquent Accounts.

6C6-4.002 Waiver of Tuition and Fees.
(1) The University will waive tuition and fees as required in Section 1009.26, F.S.
(2) The University will waive the tuition, financial aid fee, health fee and athletic fee for Florida residents 60 years of age or older under the conditions set forth in Section 1009.26, F.S.
(3) The University will waive the out-of-state per credit hour fees for qualified graduate students from the Alabama counties listed below, provided those students pay a $20.00 differential out-of-state fee per credit hour: Baldwin, Barbour, Butler, Clarke, Coffee, Conecuh, Covington, Crenshaw, Dale, Escambia, Geneva, Henry, Houston, Mobile, Monroe, Pike, and Washington.
(4) The University will, upon appeal of the student, waive the late registration, late payment and/or reinstatement fee when the University determines:
   (a) The University is primarily responsible for the delinquency, or
   (b) Extraordinary circumstances beyond the control of the student prevented registration or the payment of fees.

6C6-4.003 Application Fee, Enrollment and Payment of Tuition and Fees.
(1) Application Fee.
   (a) Applicants for degree-seeking status pay a non-refundable application fee. The fee is good for three consecutive semesters.
   (b) The application fee will be waived for applicants from Florida high schools who can document that they have received an examination fee waiver from the College Board or the American College Testing Program because of economic need.
   (c) Applicants enrolling under the non-degree seeking category are not required to pay the application fee until such time that they want to be considered for degree-seeking status.
(2) Enrollment is defined as consisting of three major components:
   (a) Application – Student provides information requested by the University for purposes of establishing and administering academic and financial relationships that exist between the University and its students.
   (b) Registration – Student registers for one or more courses approved and scheduled by the University and provides information needed to assess fees and tuition.
   (c) Payment of Fees – Student pays all assessed tuition and fees and satisfies all due and/or delinquent amounts payable to the University.

Students who withdraw from all courses for a semester will be considered no longer enrolled at the time of withdrawal.
(3) Registration Period.
   (a) The registration period(s) for any term begins on the date specified by the University and ends not later than 11:59 p.m. on the day immediately preceding the first day of classes for that term.
   (b) A student’s failure to properly register for a particular term during the registration period specified for that term will result in assessment of the late registration fee or student’s ineligibility to register.
(4) Drop/Add Period.
   (a) The drop/add period begins on the first day of classes for the term and ends not later than 11:59 p.m. on the fifth (5th) day of classes for the term. During the drop/add period, students have the opportunity to adjust their schedules by adding or deleting courses. No tuition and fees will be assessed, and no grades or credits will be awarded for course(s) dropped during the drop/add period.
   (b) Students can late register during the drop/add period. Students who properly register during the drop/add period or later will be assessed the late registration fee.
   (c) Drop/add transactions can occur on an exceptional basis after the end of the drop/add period when:
      1. The University is primarily responsible for the delinquency, or
      2. Extraordinary circumstances beyond the student’s control prevented student’s registration or payment of fees.
(d) Student’s failure to pay all tuition and fees or to obtain deferred payment status by 11:59 p.m. on the last day of the drop/add period will result in the assessment of the late payment fee.

(5) Courses whose duration is other than the semester term, for example modular courses or minicourses, have registration and drop/add periods appropriate to their duration.

(6) Students paying fees using the Florida Prepaid College Program must pay the balance due, if any, before the fee payment deadlines to avoid being assessed the late payment fee.

(7) Students can pay for fees via the Internet or phone by paying with a credit card. A non-refundable convenience fee is assessed on such payments.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (24), 1001.75(7), 1009.24(12), (14) FS. History–New 12-30-81, Formerly 6C6-4.03, Amended 10-30-89, 1-8-91, 11-2-03.

6C6-4.0031 Fee Refunds.

(1) The University will refund a student’s fees (except for fees that are indicated as nonrefundable) for those credit hour(s) affected when a student properly withdraws from a course(s) under the circumstances noted below:

(a) Student provides notice of withdrawal from the University prior to the end of the drop/add period.
(b) Student drops credit hour(s) during the drop/add period.
(c) The University cancels the student’s course(s).
(d) The student is called to, or enlists in, active military service. Notwithstanding anything herein to the contrary, pursuant to Section 1004.07(1), F.S., no student enrolled at the University will incur academic or financial penalties by virtue of performing military service on behalf of the United States of America. Accordingly, any student enrolled in a postsecondary course(s) at the University of West Florida who is called to, or enlists in, active military service will be permitted the option of either completing the course(s) at a later date without penalty or withdrawing from the course(s) with a full refund of fees paid. If the student chooses to withdraw, the student’s record will reflect that the withdrawal is due to active military service and the student will be responsible for repayment of financial aid received prior to withdrawal.
(e) Death of the student or member of his/her immediate family (parent, spouse, child, sibling) occurs and student/student’s legal representative provides written documentation of such.
(f) Student illness of such severity or duration, as confirmed in writing by a physician, that student’s completion of the semester is precluded.

(g) Exceptional circumstances upon approval of the University when:
   1. The University is primarily responsible for the delinquency, or
   2. Extraordinary circumstances beyond the student’s control prevented registration or payment of fees.

(2) A refund of 25% of the total fees paid (less any nonrefundable fees) is available when a student properly and completely withdraws from all courses prior to the end of the fourth (4th) week of classes for full semester course(s), or a proportionately shorter period of time for shorter term course(s).

(3) When a student who receives financial aid subsequently changes his/her enrollment status, and that change results in a refund of fees to the student, the University will first return the appropriate share of such refund to the appropriate financial aid program before providing the refund, if any, to the student. The student is ultimately responsible for repaying to the University any financial aid received by or on behalf of the student that is required to be repaid and is not covered by such refund.

6C6-4.0032 Cancellation of Registration and Reinstatement.

(1) The University will cancel the registration of any student who has not paid fees by the end of the fifth (5th) week of classes for a regular semester or the proportionate period of time for courses whose duration is other than a semester.

(2) A student may seek reinstatement; however, the student must pay all delinquent liabilities, including the late registration, reinstatement and late payment fees before being reinstated.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (11), 1001.75(7), (11), 1009.24, 1010.03 FS. History–New 11-2-03.

6C6-4.004 Deferral of Tuition and Fee Payment.

The University defers the payment for tuition and fees for the following:

(1) Students whose state or federal financial assistance is delayed due to circumstances beyond the control of the student.

(2) Veterans and other eligible students receiving benefits under Chapter 30, 32, or 35 or 1606 of Title 38 U.S.C., whose benefits are delayed according to documentation provided by and with the approval of the Veterans Association.

(3) Students for whom formal arrangements have been made with the University for payment by an acceptable third-party donor.

(4) Students who have entered into an installment fee payment agreement with the University (Tuition Loan Program). The student’s initial payment must be at least one-half of the total fees due and is due by the fee payment deadline. Failure to pay the initial payment by the fee payment deadline or the balance of fees by the second installment deadline will result in the assessment
of the late payment fee. A non-refundable installment service fee is assessed at the time of the first payment. The Tuition Loan Program is not automatically available for all students as the University Controller or designee must first approve the student’s participation based on the student’s prior credit history with the University.

(5) Students who have established a fee deferment. Fee deferments must be established with the University Cashier prior to the fee payment deadlines. Failure to establish the deferment will subject the student to assessment of the late payment fee and/or cancellation of registration.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (11), 1001.75(11), 1009.24, 1010.03 FS. History–New 12-30-81, Formerly 6-4.04, Amended 11-2-03.

6C6-4.009 Delinquent Accounts.

(1) Students whose accounts with the University are delinquent will be denied the release of transcripts, the award of a diploma(s), and the ability to register. A delinquent account is created when the student has a financial obligation to the University, the University has billed the student for the obligation, and the student has not paid the financial obligation in full by the established date.

(2) The University will refer any delinquent accounts to a collection agency after the University has made reasonable efforts to collect the accounts. The collection costs are added to the student’s outstanding delinquent account balance.

(3) The student may not use financial aid awards applicable to a current academic term to pay delinquent account balances in excess of $100.00 from a prior academic term.

6C6-5.001 Safety and Traffic Control.

(1) It is the policy of the University to provide a safe environment for its faculty, staff, students, and visitors, and to the greatest degree possible, provide all mechanical and physical facilities required for personal safety and health.

(2) Copies of this rule will be supplied at the time of the purchase of parking decals. Copies of this rule can also be obtained from the Department of Public Safety (University Police). The text of this rule is also available pursuant to Section 120.53(2), Florida Statutes.

(3) Traffic Control.

(a) Registration – Automobiles and other mechanical conveyances used on campus by faculty, A & P, staff, students and contracted employees (including part-time students and employees) must be registered with the Department of Public Safety during the first day the vehicle is on campus. Vehicle registration expiration dates appear on each issued decal/permit and represent either an academic year expiration date or an academic semester expiration date.

1. Registration Regulations.
   a. Any person wishing to register a vehicle must be able to present a valid operator’s license.
   b. No person under his name can register a vehicle that belongs to another employee or student.
   c. Any person who temporarily drives a vehicle other than that which he or she has registered must obtain a temporary parking permit at the Department of Public Safety, Bldg. 19, or the Information Center, Bldg. 81, prior to parking that vehicle on campus. The temporary permit will be issued at no charge.
   d. The person who registers his vehicle with the University shall be responsible for any violations committed by persons operating the vehicle.
   e. Any faculty, A & P, staff, student, or other person with a temporary or permanent physical disability can apply to the State of Florida for a handicap permit. State acceptable handicap placards are required to be displayed in order to utilize handicap permit parking areas.
   f. No application for renewal will be accepted from any faculty member, A & P member, staff, student, or contracted employee who has a delinquent traffic citation.
   g. Replacement decals will be issued upon payment of a specified fee and in the following cases only: when a registered automobile is no longer to be used on campus and is replaced by a different automobile (the individual requesting a replacement must furnish proof by presenting remains of the original decal or sign an affidavit assuming responsibility for any misuse of the original decal); when the decal of a registered vehicle is stolen or defaced, and a complaint has been filed with the Department of Public Safety; when the decal has been lost and proof of prior registration can be demonstrated.
   h. Students enrolled at off-campus educational centers will be required to obtain parking permits if their vehicle is to be operated on the UWF campus. These permits will be issued at no cost to the individual. If any course work is to be completed on main campus, the appropriate decal fee schedule will apply.
   i. Employees retiring, and not subsequently in employment status, with at least 10 years of service within the State University System will be granted an appropriate decal upon written request at no cost.
   j. University employees whose duty station is officially assigned and physically located off the main campus will be issued appropriate decals upon written request from the employee’s administrative department head at no cost.
   k. Students of University employees who possess their own vehicle are not entitled by virtue of their parents’ or spouse’s employment status a decal designation other than a student decal registration.
1. The Vice President for Administrative Affairs will authorize the issuance of decals without charge to individuals having a business need to parking accessibility to University facilities. These include, but are not limited to, staff and faculty of off-campus centers, concessionary employees and employees of vendors. In addition, the Vice President for Administrative Affairs will authorize the issuance of cost-free decals to University retirees.

m. Visitor parking permits are available for non-university affiliated guests from the Information Center, Bldg. 81, or the Department of Public Safety, Bldg. 19. Visitors may utilize metered parking spaces (at no cost), designated visitor parking spaces, or any white/unpainted curb.

n. Active Alumni Association member decals are acceptable in lieu of visitor passes.

o. Current faculty, A & P, staff, and students are not eligible for visitor passes and are not entitled to park as a result of membership in the Alumni Association.

2. Vehicle Registration Fees – A registration fee will be charged for each vehicle registered during an academic year. The following fees shall be in effect:

3. Decals and Temporary Permits – A decal is issued for a specific vehicle either for an academic year or an academic semester and is not transferable to another vehicle or individual owner. Decals can be purchased at the UWF Cashier’s Office, Building 20E. Resident decals are obtained through the University Cashier’s Office; renewal resident decals are obtained at the Department of Public Safety. Resident students are required to display the UWF resident decal. Upon sale or disposal of a registered vehicle, the decal must be destroyed. Temporary permits are issued upon request at the Department of Public Safety, Building 19S, or the Information Center, Bldg. 81, for special circumstances including, but not limited to, daily visitors, vendors, borrowed vehicles, temporary and volunteer workers who qualify and special user needs. These permits must be immediately affixed to the prescribed location.

Issued decals and temporary permits should be immediately affixed to the prescribed location indicated on the back of the decal/permit. Special instructions will be given for other conveyances and for situations wherein the prescribed location is inappropriate. Registrations will be invalid when decals are not affixed in the designated place, or if registration form is not signed and complete. Holders of state handicap permits may obtain a parking decal in accordance with Section 316.1964, Florida Statutes.

4. Registration Violations.
   a. Any registration obtained through falsehood or misrepresentation.
   b. Failure to attach/display decal or parking permit on vehicle in accordance with instructions in subparagraph (2)(a)3. of these regulations.
   c. Attaching decal to vehicle other than for which it was obtained.
   d. Failure to register vehicle.
   e. Failure to cancel registration or remove decal upon disposal of vehicle.
   f. Reproducing, modifying or defacing decal/permit.
g. Failure to complete and sign vehicle registration form.
h. Display of an expired decal/permit.
   i. Taping or temporarily affixing decal/permit to vehicle unless otherwise directed by Public Safety.
   j. Affixing decal to location other than specified.

(b) Traffic and Parking Regulations – All of those regulations embodied in Chapter 316, Florida Statutes, and all ordinances of
the adjacent municipality and/or county related to traffic which are not in conflict or inconsistent with the University’s rules are
applicable pursuant to Section 240.264, Florida Statutes, and will be enforced on The University of West Florida campus.

University regulations for traffic and parking follow:

1. Traffic Regulations will be enforced 24 hours daily.
   a. The campus speed limit is 30 MPH unless otherwise posted. Speed limit in parking lots is 15 MPH.
   b. Motorists will yield right-of-way to pedestrians crossing the roadway in crosswalks.
   c. Skateboarding in University parking lots or on University roadways or sidewalks is prohibited. Bicycle traffic should
      proceed in the same direction as vehicular traffic; joggers should proceed against vehicular traffic, off the roadway surface.
   d. Driving on sidewalks, paths, or grass is prohibited.
   e. Movement of traffic on campus roads is not to be obstructed by stopping in the streets or in parking lots for any purpose
      other than parking or complying with traffic regulations.
   f. Vehicles illegally parked or abandoned on campus in such a way as to create a hazard or to constitute a nuisance will be
towed away immediately at the owner’s expense.

2. Parking regulations will be enforced 24 hours daily unless otherwise specified in these regulations.
   a. Parking on grass, sidewalks, crosswalks, or on the streets or on unimproved areas except where specifically marked for
      parking is prohibited. Special loading or unloading requirements will be met by request to the Department of Public Safety. Prior
      approval MUST be received.
   b. Motor vehicles must be parked within the markers whenever provided. Parking on or over a line or curb is prohibited.
   c. Spaces, lots and areas specifically designated are restricted 24 hours per day, 7 days a week. These spaces will include, but
      are not limited to, the following: Resident Parking, Special Permit Only, State Vehicle, Loading Zone, Police, Visitor, and other
      spaces, lots and areas as specifically identified.
   d. Blue curb spaces are restricted 24 hours per day, 7 days per week.
   e. Faculty, A & P (Yellow Curb); Staff and contracted employees (Green Curb) spaces are reserved 7:30 a.m. - 4:30 p.m.,
      Monday through Friday.
   f. Holders of blue and gold (Administrative), gold or green decals/permits are allowed to park in the spaces or area to which
      they are entitled by virtue of the type decal/permit issued at the time of vehicle registration. Overflow parking for a particular type
      decal/permit is allowed ONLY into white or unpainted curb areas in the most convenient as well as adjacent parking lots when the
      spaces or area assigned a particular decal/permit are occupied. Individuals who willfully violate or abuse the overflow parking
      privilege as a personal convenience shall be deemed guilty of improper parking. Faculty and staff who park-down as a result of
      overflow parking must report the park-down to the Department of Public Safety.
      (i) Holders of non-resident student decals are entitled to park only in spaces designated as white or unpainted.
      (ii) Holders of handicapped decals are entitled to park in all color areas not specifically reserved, only if reserved handicapped
          spaces are not available.
   g. Vehicles must be parked with front of vehicle toward curb.
   h. Parking overtime in areas with specified time limits or on an expired meter is prohibited.
   i. Parking regulations in Loading Zones will be enforced at all times. The period of use will be restricted to thirty minutes with
      prior permission from the Department of Public Safety required.
   j. The responsibility for locating legal parking rests with the operator of the motor vehicle. Lack of space will not be considered
      a valid excuse for violating any parking regulations.
   k. Any vehicle parked on campus will be parked at the risk of the owner.
   l. Overnight parking of any type vehicle for the purpose of residing or sleeping is not allowed on the property of The
      University of West Florida.

m. Resident students are restricted to blue resident curbs 24 hours per day, 7 days per week with the following exceptions: Lot
   #10 (Water Tower); 25 and 31 (Center for Fine and Performing Arts): 73, 75, and 77 (College of Education); and 96, 98 (Sports
   Complex).

n. Metered/Special Parking (Lot 22) is available, unless otherwise reserved, to all faculty, staff, and students, for limited
   intervals upon payment of fee specified on the parking meter. There is no charge for metered parking between the hours of 4:30
   p.m. and 7:30 a.m. as well as on weekends and holidays.

o. Motorcycle parking is provided at specific locations on campus. Check with University Police.

3. Violators of traffic and parking regulations are subject to citations resulting in assessment of fines.
(c) Enforcement and Adjudication: Florida Uniform Traffic Citations issued by officers of the Department of Public Safety for traffic violations occurring on campus as enumerated in Florida Statutes will be answerable in the County/Circuit Court(s) of Escambia County. The fine amounts shall be those as established by the County/Circuit Court(s) of Escambia County, Florida. Any person receiving University of West Florida parking citations for violations on campus will pay the fine or appeal according to procedures described in these rules.

1. Schedules of Fines — Unless stated otherwise in applicable laws of the State of Florida or the municipal code of the City of Pensacola, or in ordinance established by Escambia County, a person who violates the provisions of these regulations shall be subject to payment of the following charges: parking violations $5.00; vehicle registration violations $10.00; handicapped violations $100.00; unauthorized driving on service road, sidewalks or grass $25.00; improper registration information $5.00; violations of sub-sub-paragraph(3)(b)1.c. $15.00.

2. Fines, if paid at the University, will be collected and receipted by the Office of the University Controller, University Cashier. Fines for Uniform Traffic Citations are established by the State of Florida and are payable through the appropriate court of jurisdiction.

3. Persons with delinquent UWF parking violation fines may be subject to having their privilege of operating a motor vehicle on campus revoked and/or the possible towing and impoundment of the registrant’s vehicle at the registrant’s expense. No person who is delinquent in the payment of a parking violation fee shall be permitted to register at a state university, be granted a degree, or be furnished an academic transcript during such delinquency.

(d) Appeal procedure:

1. The appeal of Rules and Regulations under Rule 6C6-5.001, F.A.C., shall be conducted on two progressive levels. The first level of appeal is at the Department of Public Safety and must be filed within seven (7) calendar days of issuance of the citation. The purpose of the Level I parking review process is to allow the Department of Public Safety to correct any obvious issuance errors. Decisions by the Department of Public Safety will be posted weekly in Building 19, Department of Public Safety, and in Building 22, Student Government. Decisions will be listed according to citation number in order to maintain violator confidentiality.

2. The second level of appeal is through the Parking Violations Appeals Board which rules on all parking citations upheld by the Department of Public Safety. Decisions by the Department of Public Safety to uphold parking citations shall automatically be forwarded to the Parking Violations Appeals Board. The date, time, and location of the next Parking Violations Appeals Board will be indicated on the list published weekly by the Department of Public Safety. Violators will be afforded an opportunity to appear before the Parking Violations Appeals Board to present their appeal in person if so desired; otherwise, all appeals will be heard “in absentia.” Decisions of the Parking Violations Appeals Board will likewise be posted, according to citation number, in Building 19, Department of Public Safety and in Building 22, Student Government. Appeal results will also be made available to the campus paper for publication.

3. The PVAB will render a decision and announce it at the hearing. Assessed fines must be paid immediately after the date of the scheduled hearing. THE BOARD’S DECISION IS FINAL AND BINDING.

(e) The Parking Violations Appeal Board.

1. Purpose – The Parking Violations Appeals Board is established under the authority of the President of The University of West Florida to adjudicate parking citations issued on the campus. In carrying out this function the Board will sustain or dismiss charges, levy appropriate fines, and deny on-campus driving privileges to certain offenders under the authority of the appropriate Florida Statute and The University of West Florida Parking and Traffic Regulations.

2. Jurisdiction – The Parking Violations Appeals Board shall have review authority over parking citations issued on the UWF campus to faculty, staff, students, or other persons. At no time will this Board have appeal and review powers over Uniform Traffic Citations issued under the authority of Chapter 316 or 318, Florida Statutes. The Board will review delinquent citations of offenders and take necessary action as set forth in paragraph (3)(d). The Board will hear appeals of citations and render decisions. The Board will restore privileges after fines have been paid and will remove other administrative sanctions.

3. Membership – The Board is comprised of six members appointed by the President upon recommendations from the Vice President for Administrative Affairs from at least three nominations for each position submitted as follows:
   a. One faculty member (nominations from Faculty Senate).
   b. One A & P staff member (nominations from Vice President for Administrative Affairs).
   c. One staff member (nominations from the USPS Council).
   d. Two students, one resident, one commuter (nominations from the Vice President for Student Affairs).

   The Director of Public Safety shall serve as a non-voting, ex-officio member. The chairperson will be elected annually by the members and have full voting rights.

4. Operating Procedures.
   a. The Board will meet as required to discharge their responsibilities.
   b. A quorum will consist of at least three members. A simple majority of Board members will be required to render decisions and take action.
   c. After each case is considered, the decision will be rendered in writing on the appeal or referral form and returned to the Department of Public Safety for filing and/or action, if necessary.
6C6-5.010 Educational Research Center for Child Development.

(1) The Educational Research Center for Child Development (ERCCD) is established at The University of West Florida to achieve the following goals:
   (a) To give convenient and affordable educational experience to children of students, faculty, staff, and alumni at the University,
   (b) To conduct child development research by drawing on the interdisciplinary resource of the University, and
   (c) To provide a setting to learn more about the art of teaching as it is accomplished by parents, professionally trained teachers, and para-professionals.

(2) The Center is governed by a Board of Directors consisting of the University President or designee, the Student Government Association President or designee, a faculty representative from each department participating in the Center, and one parent for each 50 enrolled children. The Director of the Center is an ex officio, non-voting member of the Board. The Board performs local oversight and operational guidance for the Center. The Board of Directors ensures that the Center is operated according to Board of Regents Rule 6C-10.004, F.A.C., and University rules which apply to the function of the ERCCD.

(3) The Admissions policy seeks to provide educational opportunities for a varied segment of the community regardless of race or sex.

(4) The Center is funded by a portion of the Capital Improvement Trust Fund Fees and user’s fees. Operations may also be financed through Student Activity and Service Fee allocations, grants, and donations in accordance with the law. The receipt and monitoring of all funds are in accordance with the laws of the State of Florida and rules of the University and Board of Regents.

(5) The Center furnishes internships and clinical experiences for students at UWF. These student interns are supervised by the staff of the Center and function under guidelines of both the Center and academic departments.

(6) The research initiated within the ERCCD complies with ethical standards of research followed by the University and includes:
   (a) An explanation of the purpose of the research and the procedures to be followed.
   (b) A description of discomforts and risks to be expected and of benefits to be derived.

6C6-5.016 Direct Support Organizations.

(1) The President shall recommend to the University of West Florida Board of Trustees that an organization meeting the requirements of Section 1004.28, F.S., be certified as a University of West Florida Direct Support Organization (“DSO”).

(2) To be considered for certification, the Articles of Incorporation and Bylaws of the proposed DSO together must provide:
   (a) The DSO is a Florida not for profit corporation under the provisions of Chapter 617, F.S., or the DSO will, upon certification by the UWF Board of Trustees, file for such incorporation with the Department of State.
   (b) Any person employed by the DSO shall not be considered to be an employee of the University by virtue of employment by the DSO.
   (c) The chief executive officer or director of the DSO shall be selected by the President and shall report to the President or a designee reporting directly to the President.
   (d) Any amendments to the Articles of Incorporation or Bylaws shall be submitted by the President to the UWF Board of Trustees for approval prior to becoming effective.
   (e) The President or designee(s) shall have the following authority and duties:
      1. Monitor and control the use of University resources by the DSO.
      2. Establish fundraising priorities that are consistent with the University’s mission and ensure coordination of fundraising activities among all DSO’s.
      3. Control the use of the University name by the DSO.
      4. Monitor compliance of the DSO with federal and state laws.
      5. Recommend to the governing board of the DSO an annual budget.
      6. Review and approve quarterly expenditure plans.
      7. Approve contributions of funds or supplements to support intercollegiate athletics.
   (f) If the DSO is decertified, all assets revert to the University.

(3) Upon approval by the UWF Board of Trustees, a DSO is certified and authorized to use the property, facilities and personal services of the University, to receive, hold, invest or administer assets or property and to make expenditures for the benefit of the University. A DSO is further authorized to issue revenue bonds or other forms of indebtedness upon approval of the UWF Board of Trustees in accordance with Section 1010.60, F.S., and to enter into agreements to finance, design and construct, lease, lease-purchase, purchase, or operate facilities necessary and desirable to serve the needs and purposes of the University.
(4) The Chair of the UWF Board of Trustees shall appoint a representative to the governing body and the executive committee of each DSO. The President or designee shall also serve on the governing body and executive committee of each DSO.

(5) Each DSO shall prepare and submit to the President or designee no later than the first day of each quarter of the DSO’s fiscal year a quarterly expenditure plan that delineates planned actions which would cause a commitment of University resources or represent a significant commitment of the resources of the DSO, including, but not limited to:

(a) Major fund raising events and campaigns and their purpose.
(b) Compensation and benefits to University employees and employees of the DSO.
(c) Capital projects, including land acquisition, construction, renovation or repair.

(6) Each DSO shall conduct its financial operation observing a fiscal year ending on June 30 of each year and shall cause a financial audit of its accounts and records to be conducted by an independent certified public accountant within 180 days of the close of each fiscal year as follows:

(a) Audits shall be conducted pursuant to Section 1004.28, F.S., and in accordance with rules adopted by the Auditor General pursuant to Section 11.45, F.S.
(b) The President of the University shall submit the annual audit report to the UWF Board of Trustees and the Auditor General within nine months after the end of the fiscal year.

(7) The President of the University shall recommend to the UWF Board of Trustees that a DSO be decertified if the President determines that the organization is no longer serving the best interests of the University. In the event that a DSO is decertified, all assets shall revert to the University. The recommendation for decertification shall include a plan for disposition of the organization’s assets and liabilities.

(8) Notwithstanding the above, the West Florida Historical Preservation, Inc. DSO of UWF is also governed by Section 267.173 or 267.1732, F.S. To the extent the requirements above are in conflict with such statutes, West Florida Historical Preservation, Inc. is exempt from complying with those requirements.

Specific Authority 267.1732(5), 1001.74(4), 1004.28(2) FS. Law Implemented 267.173, 267.1732, 1001.74(37), 1004.28 FS. History–New 3-8-04.

6C6-6.0058 Contracts.
6C6-6.0059 Purchases of Motor Vehicles.

6C6-6.002 Leasing Program.

(1) Purposes – The purpose of this rule is to implement the delegated leasing authority received by The University of West Florida in accordance with Section 240.225, F.S., with respect to those functions and duties heretofore performed by the Department of General Services in accordance with Sections 255.248, 255.249, and 255.25, F.S.

(2) Definitions – For the purpose of this rule, each of these words shall have the following meaning:

(a) Lease – The contract instrument or agreement required to lease a building or any part thereof.

(b) Privately Owned – Any building not owned by a governmental agency.

(3) Approval – Before leasing a building or any part thereof, prior approval of the need shall be obtained from The Vice President for Administrative Affairs. Prior to occupancy, lease terms and conditions shall be executed by the Attorney. All lease agreements shall be executed by the President or a designee.

(4) Standard Lease Agreement Form – The Department of General Services Standard Lease Agreement form may be used. If another format is used, such form should embrace the terms and conditions of the Department of General Services Standard Lease Agreement. Provisions of the Department of General Services Standard Lease Agreement may be changed or additional covenants or conditions added thereto with the prior approval of The University of West Florida Attorney. Articles III (2) and VI of the General Services Standard Lease Agreement may be deleted without attorney approval.

(5) Escalation Clauses Prohibited – A lease shall not contain an open rate, such as Consumer Price Index or rental escalation clause. Any such clause in a lease shall be null and void and unenforceable.

(6) Right-to-Terminate Clause Required – A right-to-terminate clause shall be a part of any lease for a term exceeding one year and may not be omitted from any lease.

(7) Renewal of Leases – Any lease may contain an option to renew and any such renewal shall be made according to the terms and conditions of such agreement.

(8) Fire Code Compliance in Leased Space.

(a) Any private sector building to be leased shall comply with the fire safety standards of the State Building Code.

(b) Before construction or renovation of any state-lease building is commenced, the proposed construction or renovation plan shall comply with the fire safety standards of the State Building Code. This responsibility may be delegated to any ex-officio agent of the State Fire Marshal.

(c) Whenever it is determined that a construction or renovation plan is not in compliance with such fire safety standards, an order may be issued to cease all construction or renovation activities until compliance is obtained, except those activities required to achieve such compliance.

(d) Approval of any proposed lease shall be withheld until the facility and/or construction or renovation plan complies with fire safety standards.

(e) The cost of all modifications or renovations made for the purpose of bringing lease property into compliance with the fire safety standards shall be borne by the lessor.

(9) Leases of 2,000 Square Feet or More.

(a) The University of West Florida shall not enter into a lease for 2,000 square feet or more of space in a privately owned building except upon advertisement for and receipt of competitive bids and award to the lowest bid meeting specifications. More than one lease shall not be entered into, within any 12 month period, for space of a total of 2,000 square feet or more in a privately owned facility or complex except upon the solicitation of competitive bids.

Exceptions.

1. This rule shall not apply to renewal of leases.

2. This rule shall not apply to any lease having a term of less than 21 consecutive days for the purpose of securing the one-time special use of the leased property.
3. This rule shall not apply to any lease for nominal or no consideration. As used herein, “nominal consideration” means consideration for $1.00 or less per year.

4. This rule shall not apply to building or facilities of any size leased for the purpose of providing care and living space for persons.

5. Extensions of an existing lease of 2,000 square feet or more space may be approved if such extensions are determined to be in the best interest of the State, but in no case shall the total of such extensions exceed 11 months. If at the end of the period granted by the extension(s), the time of such extension(s) equal(s) 11 months, competitive bids shall be solicited in accordance with this chapter.

6. This rule shall not apply for specialized educational facilities excluding classrooms, provided the President or Vice President for Administrative Affairs certifies in writing that the space is available only from a single source. The certification and documentation determining the sole source status shall be filed with the official records of the University of West Florida.

(b) A lease agreement for space of 2,000 square feet or more in a privately owned building shall not be entered into when suitable space is available in a state-owned building located in the same geographic region unless it is determined to be in the best interest of the State. The term “state-owned building” as used in this section means any state-owned facility regardless of use or control.

(c) Solicitation.
1. A public solicitation for proposals will be widely publicized using newspaper advertisements and contact with owners, developers or realtors in the city or area in which space is desired.
2. Solicitation should set forth, but not be limited to the following:
   a. Approximate net square footage required.
   b. General area in which space must be located.
   c. Date space must be available.
   d. Name and address of location where specifications may be obtained.

(d) Specifications.
1. Specifications shall be drawn in general terms. They shall afford each prospective lessor interested in submitting a proposal, knowledge of the user’s space requirements. They shall not be structured to favor any specific location or lessor.
2. Specifications provided to each prospective lessor should set forth, but not be limited to, the following:
   a. Approximate net square footage required, to be measured in compliance with the State University System Standard Method of Space Measurement.
   b. An approximate floor plan of space needed showing partitioning and other physical requirements.
   c. General location of required space.
   d. Date space must be available.
   e. Term of lease with option to renew, if desired.
   f. Services required to include parking, dining and transportation requirements.
3. Specifications shall also set forth that the prospective lessor will agree to:
   a. Enter into a contract on the specified lease agreement form.
   b. Provide a scaled floor plan showing present configurations and measurements that equate to net rentable square footage offered.
   c. Comply with the requirement of Chapter 60D-1, F.A.C., Design Standards for Special Facilities for the Physically Disabled.
   d. Be an Equal Opportunity Employer.
   e. Provide Full Disclosure Statements of Ownership.
   f. Validate the proposal for a minimum of thirty (30) or more days following the public bid opening date.
   g. Provide a Life Cycle Analysis with proposal if space is for 20,000 or more square feet in any one structure with the understanding that the analysis shall be acceptable before an award can be made. (Section 255.254, F.S.)
   h. Comply with the fire safety standards of the State Building Code.
   i. Ensure that any renovations required will comply with safety standards of the State Building Code before renovations are commenced. (Section 255.25(5), F.S.)
   j. Propose a rental rate per square foot per year that will include all renovations and other special requirements necessary to accommodate the program at the time of initial occupancy.
4. Specifications may provide that sealed proposals are to be submitted, in a titled envelope, to a designated individual by a specified closing time and date, at which time all proposals will be publicly opened.
   (e) Proposals – Each proposal shall be signed by the owner(s), corporate officers, or legal representative(s). The corporate, trade, or partnership name must be either stamped, written or typewritten, beside the actual signature(s). If the proposal is signed by an agent, written evidence of his authority must accompany the proposal. If a corporation foreign to the State of Florida is the owner, evidence of authority to conduct business in Florida shall be presented.
   (f) Evaluation:
1. The University of West Florida alone shall reserve the right to accept or reject any or all bids submitted and if necessary reinitiate procedures for soliciting competitive proposals.
2. Weighted criteria shall be developed. The criteria items most significant to the user’s needs should bear the highest weight. The cost of relocation, if any; consolidation of activities, if desirable; and any other factors deemed necessary should be weighted.

3. The evaluation shall be made by The University of West Florida.

4. Selection shall be made by The University of West Florida.

5. Documentation to support the selection shall be maintained and shall include but not be limited to the following:
   a. A copy of all advertisements.
   b. A copy of the proposal specifications.
   c. A copy of all proposals received.
   d. A synopsis of the findings for each proposal.

6. Selection shall be publicly announced.

(g) Lease preparation and approval – After the selection has been announced, a lease agreement shall be properly executed.

(h) Disclosure Statements – Private Entities, Public Officials.
   1. A Statement by the owner providing for full disclosure of the names and the extent of interest of the owners holding 4% or more interest in any privately owned property leased to the state or in the entity holding title to the property, shall be secured for all new leases, renewal leases, modifications to approved leases and the notification of renewal under an existing lease option.
   2. A statement by the owner providing for full disclosure of the names of all public officials, agents, or employees holding any interest in any privately owned property leased to the state, or in the entity holding title to the property, and the nature and extent of their interest, shall be secured for all new leases, renewal leases, modifications to approved leases, and notifications of renewal under a lease option.
   3. It is not necessary to make disclosure of any beneficial interest which is represented by stock in any corporation registered with the Securities and Exchange Commission or registered pursuant to Chapter 517, F.S., which stock is for sale to the general public. A statement certifying the registration shall be provided by the Lessor.
   4. It is not necessary to make disclosure under subparagraphs (h)1. and 2. of any leasehold interest in property located outside the territorial boundaries of the United States.
   5. Each subsequent transaction pertaining to a lease for which a Disclosure Statement has been provided, may be accompanied by a lessor’s affidavit that the previous Disclosure Statement submitted on (date to be provided) is still valid, if no change in the interest held or individuals concerned has occurred.

(10) Legal Review.
   a. All leases of space in a privately owned building shall be reviewed as to form and legality by The University of West Florida Attorney or member of the legal staff and approval thereof indicated on the Lease Agreement.
   b. This rule shall not apply to leases for less than twenty-one (21) consecutive days.

(11) Certification of Compliance – The President, Vice President for Administrative Affairs, or authorized designee shall certify that the lease is in compliance with all leasing criteria provided by Chapter 255, F.S. The certification shall be filed with the official records of the University of West Florida.

(12) Space Measurement – The State University System method of space measurement as specified in the HEGIS Facilities Inventory and Classification Manual shall be utilized.

(13) Space Allocation – Space allocation shall be based on the State University System Space Generation Formula.

(14) Rental Rates – The rental rates of space shall be established by the University Office of Facilities Planning.

(15) Exception to Competitive Bidding – Any lease for purposes of providing care and living space for persons shall be exempt from competitive bidding requirements provided the President, Vice President for Administrative Affairs, or authorized designee certifies that the space is to be used for that purpose.

(16) Nominal or No Consideration Leases – Leases for nominal or no consideration shall be reported to and approved by the Vice President for Administrative Affairs annually.

Specific Authority 240.227(1) FS. Law Implemented 240.225, 240.227(17), 255.248, 255.249, 255.25 FS. History–New 6-30-81, Amended 4-12-84, Formerly 6C6-6.02.

6C6-6.003 Motor Pool Program.

(1) Purpose – The purpose of this rule is to implement the delegated authority received by The University of West Florida in accordance with Section 240.225, F.S., with respect to those functions and duties heretofore performed by the Department of General Services in accordance with Chapter 287, Part II, F.S.

(2) Approval – The University shall not acquire any motor vehicle or watercraft through lease, lease purchase, purchase or transfer from another agency without the express written permission of the President of the University or his designee. This section shall not apply to the temporary lease (less than 30 days) of a vehicle for the use of an employee for the conduct of normal university business.

(3) Acquisition.
   a. The procurement of all vehicles shall be executed by the Director of Purchasing in accordance with Section 287.061(1), F.S.
(b) All vehicles or watercraft will be the most appropriate for the task to be performed. Specifications for all vehicles will be made by the interaction of the Director of Purchasing and a representative or representatives of the using department.

(c) Disposal of surplus motor vehicles or watercraft will be executed in accordance with Surplus Property, Sections 273.04, 273.05, and 273.55, F.S.

(4) Assignment and Use.
(a) Motor vehicles and watercraft will be available for University purposes only as authorized by the President or his designee.
(b) Students or other non-university personnel may be allowed to operate motor vehicles and/or watercraft on a temporary basis for the conduct of regular University business or as an emergency situation may necessitate.

(c) Special assignment vehicles shall be assigned for use upon certification of the President or his designee.

(5) Maintenance.
(a) At the option of the University President or his designee, motor vehicle and watercraft maintenance may be performed by the University or, through negotiation, with the Department of General Services. A contract or contracts with a private business or non-government entity may be established for the purpose of maintaining and/or repairing motor vehicles and watercraft.

(b) This section does not preclude the emergency repair of a motor vehicle or watercraft when operating away from the normal geographical use area.

(6) Aircraft.
(a) The acquisition of any aircraft for the conduct of University business or the acquisition of any aircraft using University funds shall require the prior approval of the Board of Regents.

(b) This section does not preclude the use of commercial airlines or state air pool for the normal conduct of University business nor the procurement of special charter services for the transport of groups of University personnel or sports teams or student groups.

Specific Authority 240.227(1), 287.16(6) FS. Law Implemented 240.225, Chapter 287, Part II FS. History–New 6-30-81, Formerly 6C6-6.03.

6C6-6.004 Surplus Property.

(1) Purpose – The purpose of this Rule is to implement the delegated authority received by The University of West Florida in accordance with Section 240.225, F.S., with respect to those functions and duties concerning surplus property management heretofore performed by the Department of General Services in accordance with Sections 273.04, 273.05 and 273.55, F.S.

(2) Definitions.
(a) Custodian – Any person entitled to lawful custody of property owned by the state.

(b) Property Manager – An individual assigned by the President to manage the assignment, accountability, transfer and disposal of state-owned property for which The University of West Florida has custodial responsibility under the Florida Statutes.

(c) Tangible Personal Property – All personal property, other than real estate, acquired and belonging to the State of Florida.

(d) Exchange Property – Property being offered as a trade-in on the purchase of a new item.

(e) Property Survey Board – A body appointed by the President to oversee surplus property practices and determine disposition actions.

(3) Reporting Requirements for Surplus, State-Owned, Tangible Personal Property – Tangible personal property which is determined to be surplus because it is excess, obsolete, uneconomical or inefficient for continued use shall be certified as surplus by the custodian of the property to the Property Manager. The Property Manager will agenda the certification for disposition action by the Property Survey Board.

(4) Certification – Surplus Property Certifications shall provide the following information:
(a) Complete description of property.

(b) Statement of condition and age.

(c) Original purchase price.

(d) Estimated current value.

(e) Location of property and hours when property may be examined, person to contact for examining property, and a minimum bid (if required).

(f) Any additional information that would assist in determining whether or not property should be offered to other universities, state agencies, or governmental entities.

(5) Building and Structures – Buildings, structures and other items of a semi-permanent or permanent nature shall be considered tangible personal property, if and when they are severed from the real property upon which they reside, and shall be reported in the same manner as all other surplus property. In addition, the legal description of the location, size, type of construction, and reason for removal shall be noted.

(6) Items to Be Reported – In instances of loss, theft, or fire, such property should be reported to the Property Survey Board for action on relief of accountability in the same manner as all other property.

(7) Procedures for Disposal of Surplus Property.
(a) Transfer to Another State Agency or Political Subdivision – If because of its type, age or condition the Property Survey Board feels the equipment is not useful to any University under the State University System the Property Survey Board may authorize transfer under such conditions the Property Survey Board may determine appropriate.
(b) Scrap or Cannibalization of Equipment – The Property Survey Board may authorize the scrap or cannibalization of equipment if it feels it is in the best interest of The University of West Florida.

(c) Abandoned Equipment – The Property Survey Board may authorize the abandonment of tangible personal property, in place, upon determination that cost of return or repair exceeds the value of the property.

(d) Public Sale – The Property Survey Board may authorize the public sale of such property determined to be surplus to the needs of The University of West Florida.

1. All public sales shall be conducted on set date and time which shall be advertised in a local newspaper of general circulation no less than two weeks prior to the sale.

2. Sales may be conducted at the discretion of the Department of Purchasing as auction or sealed bid sales.

(8) Availability of Surplus State Property – The Property Survey Board may at its discretion recommend the circulation of surplus property having a useful life to other agencies. Listings of such property available on a bid basis may be sent to other state agencies and the Bureau of State Surplus Property. Property listings will include condition and location of property available for viewing.

(9) Surplus Property with an Estimated Value of $5,000 or More – Approval of the Executive Office of the Governor is required prior to disposing of property of $5,000 or higher estimated value.

(10) Authority for Disposal – Certified surplus property shall not be sold, transferred, cannibalized, scrapped or destroyed without prior written authority from The University of West Florida Property Survey Board.

(11) Exchange Property.

(a) When The University of West Florida has property available for use as a trade-in for the purchase of new property, the Property Survey Board at its discretion may authorize the custodian to advise the Bureau of State Surplus Property of the availability of such exchange property in writing, specifying the following information, if available:

1. Description of exchange property.
2. Manufacturer’s name.
3. Model number.
4. Serial number.
5. Age.
6. Condition (E-Excellent, G-Good, F-Fair, P-Poor).
7. Inventory control number.
8. Location of property (room number, building, city).
9. Name and phone number of person to contact for information about the exchange property.
10. Date planned for trade-in transaction.
11. A written trade-in quote stating the trade-in allowance and signed by prospective purchaser.

(b) Such notice of availability of property shall be forwarded to the Bureau of State Surplus Property a minimum of two weeks in advance of planned transaction date.

(c) Should the Division of Surplus Property decide to purchase the exchange property, the university should pay the full purchase price for the new property and send an invoice for reimbursement of the trade-in allowance to the Bureau of State Surplus Property.

(12) Non-State Funded Property – All property originally purchased with non-state funds, such as contracts or grants, shall be managed in a form consistent with the applicable rules and regulations of the funding authority.

(13) Disposition of Monies – All monies received from the sale of such surplus property shall be deposited to appropriate accounts as determined by the University controller.

6C6-6.005 Statement of Intent; Purchasing.

In order to meet the University’s mission, it is the intent of Purchasing Services to acquire quality goods and services within reasonable or required time frames, while promoting fair and open competition in the public procurement process. Responsible purchasing officials shall be protected from improper pressures of external political or business interests. The process shall reduce the appearance and opportunity for favoritism, ensure that contracts are awarded equitably and economically, and establish effective management oversight in the acquisition of commodities and contractual services, in order to preserve the integrity of public purchasing and contracting. The opportunity to bid on University contracts is a privilege, not a right.

Specific Authority 1001.74(4), 1010.04(2) FS. Law Implemented 1001.74(5) FS. History–New 7-1-03.

6C6-6.0051 Standard of Conduct.

(1) Employees shall give first consideration to the objectives and policies of the University, adhere to all legal and regulatory requirements, and strive to avoid the appearance of unethical or compromising practice in relationships, actions, and communications. Procurement activities shall be conducted in a professional, fair, and impartial manner granting equal consideration to all competitive suppliers.
(2) It shall be a breach of ethical standards for any employee of the University to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with any contract for commodities or services. Further, no employee shall either directly or indirectly purchase, rent, or lease any realty, goods, or services for the University from any business entity in which the employee or the employee’s spouse or child has a material interest.

Specific Authority 1001.74(4), 1010.04(2) FS. Law Implemented 112.3148, 1001.74(5) FS. History–New 7-1-03.

6C6-6.0053 Authorities and Responsibilities of Board and University Purchasing Department.

(1) The University Board of Trustees has authority to establish a system of coordinated procurement policies, procedures, and practices to be used in acquiring commodities and contractual services required by the University.

(2) The Purchasing Department is responsible for:

(a) Obtaining and providing commodities and services for the University, through any legal manner and business instrument.

(b) Denying any contractor from the University’s future business that failed to perform any of its duties specified in a contract with the University. The Purchasing Department shall also have the authority to reinstate any such contractor when satisfied that further instances of default will not occur.
(c) Evaluating and approving for University use, contracts let by other governmental entities, political subdivisions, educational entities, cooperatives, and consortiums when it is determined to be in the best interest of the University.

(d) Purchasing shall refer to the President any written notice of intent to protest. In accordance with Section 120.57(3)(c), F.S., the President may elect to proceed with a bid solicitation or contract award process when it is set forth, in writing, that the particular facts and circumstances which demonstrate that the delay due to staying the solicitation or contract award process would be detrimental to the interests of the University.

(e) Awarding contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the University.

(f) Rejecting or canceling any or all competitive solicitations.

(g) Authorizing the payment of deposits or advance payments for a commodity or contractual service when the Director or designee determines that it is in the best interest of the University.

(h) Ensuring that items that are of a personal nature or for personal convenience of employees shall not be purchased. Examples are: fans, heaters, coffee pots, mugs, refrigerators, microwaves, picture frames, wall hangings, smoke/air filters and various decorative items.

Specific Authority 1001.74(4), 1010.04(2) FS. Law Implemented 1001.74(5), 1001.75(5) FS. History–New 7-1-03.

6C6-6.0054 Competitive Solicitation Requirements.

(1) All contracts for the purchase of commodities or contractual services exceeding $50,000 shall be awarded pursuant to a competitive solicitation, unless otherwise authorized herein.

(2) When only one response is received to a competitive solicitation for commodities or contractual services exceeding $50,000, the University will review the solicitation response and circumstances surrounding the solicitation to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined that a second call would not be in the best interest of the University, the University will proceed with the acquisition.

(3) When multiple responses that are equal in all respects are received to a competitive solicitation, the University will give preference to responses in the following order of precedence:
   (a) Commodities manufactured in the state;
   (b) Florida businesses;
   (c) Businesses with a drug-free workplace program; and
   (d) Foreign manufacturers located in the state.

If these conditions do not exist or are equivalent between two or more responses, the award will be based on the toss of a coin.

(4) The purchase of commodities and contractual services shall not be divided with the intent to avoid the requirement of competitive solicitation.

(5) The intended award shall be publicly posted in accordance with Section 120.57(3), F.S., by the Purchasing Department for 72 hours prior to award which is interpreted as three working days excepting Saturdays, Sundays, or State holidays. Any person who is adversely affected by the University’s decision or intended decision may file a written notice of protest with the Director of Purchasing, provided such is done in accordance with Florida law.

(6) Bid/proposal responses shall remain confidential until notice of final contract award or ten (10) days after the bid or proposal due date, whichever is earlier.

(7) As a general rule, in the case of extension errors, the unit price will prevail. However, the University reserves the right to disqualify bid responses for lack of clarity.

(8) Modifications to bid or proposal response. A bidder or respondent may amend its bid or proposal, including revocation, in writing up until the due date and time of responses.

(9) Withdrawal of bid or proposal response. A bidder or respondent may revoke its bid or proposal in writing up until the due date and time of responses.

Specific Authority 1001.74(4), 1010.01(2) FS. Law Implemented 1001.74(5), 1016.04(4) FS. History–New 7-1-03.

6C6-6.0055 Purchasing Actions Not Subject to Competitive Solicitation Process.

Purchasing actions that are not subject to the competitive solicitation process include:

(1) Emergency Purchases. When the President or designee determines in writing, that the delay due to the competitive solicitation process poses an immediate danger to the public health or safety or the welfare of the University, the University may proceed with the procurement of commodities or contractual services without a competitive solicitation.

(2) Sole Source Purchases. Commodities or contractual services available from a single source shall be exempted from the competitive solicitation process. The notice of intent to award for procurements over the competitive bid threshold will be publicly posted in accordance with Section 120.57(3)(c), F.S.

(3) Commodities and services covered by contracts established by entities as described in Rule 6C6-6.0053, F.A.C.

(4) Construction Direct Purchase Program. Commodities to be incorporated into any public work, which are procured by the University in accordance with the requirements of the University’s direct purchase program are not subject to any further competitive solicitation.
Additional commodities and contractual services that are not subject to the competitive solicitation process include:

(a) Artistic services;
(b) Academic reviews;
(c) Lectures;
(d) Professional services, including, but not limited to, architectural, engineering, accounting, auditing, and legal services;
(e) Insurance;
(f) Health-care and related services under provisions of the Internal Revenue Code;
(g) Family placement services;
(h) Training and education services;
(i) Advertising;
(j) Services or commodities provided by governmental agencies, another university in the state of Florida or other independent colleges and universities;
(k) Purchases from firms or individuals that are prescribed by state or federal law or specified by a granting agency;
(l) Regulated utilities and government franchised services;
(m) Regulated public communications, except long distance telecommunication services or facilities;
(n) Extension or renewal of an existing contract;
(o) Purchases for resale;
(p) Commodities or services provided by not-for-profit support and affiliate organizations of the University, direct support organizations, health support organizations and faculty practice plans;
(q) Proprietary or copyrighted goods or services;
(r) Purchases of materials, supplies, equipment, or services for instructional or research purposes when a director of sponsored research or designee certifies that, in a particular instance, it is necessary for the efficient or expeditious prosecution of a research project in accordance with sponsored research procedures or to attain the instructional objective; and
(s) Programs, conferences or events that have been specified by a grant, can include, but not limited to items such as lodging, meeting rooms, services and food.

6C6-6.0056 Minority Business Commitment.

Purchases from Minority Business Enterprises. The University is committed to providing competitive business opportunities to state certified minority and woman-owned businesses. This commitment includes establishment of a formal minority business program to lead efforts to identify certified, or potentially certifiable, MBEs and to encourage and assist MBEs in doing business with the University and its general or prime contractors and in responding to competitive solicitations.

6C6-6.0057 Bond Requirements.

1. Solicitation Bonds (a.k.a. bid bonds). The University is authorized to require a certified, cashier’s or treasurer’s check, bank draft or bid bond as a condition for participating in a competitive solicitation. The University will require solicitation bonds when there is a risk that bidders might not honor their bids for a particular project and is mandatory for sealed bids for construction projects when the construction cost is estimated to exceed $100,000; such a bond requirement will be included in the competitive solicitation documents.

2. Payment and Performance Bonds. The University is authorized to require any contractor/vendor to furnish payment and performance bonds, with good and sufficient securities, to the University prior to the issuance of the contract at the sole discretion of the University. The University will require payment and performance bonds when there is a risk that bidders might not honor their payments to subcontractors or material suppliers for a particular project; such a bond requirement will be included in the competitive solicitation documents.

3. Solicitation Protest Bond. Any contractor that files an action pursuant to Section 120.57(3)(b), F.S., protesting a decision or intended decision pertaining to a solicitation, shall post with the University at the time of filing of the formal protest, a bond payable to the University of West Florida Board of Trustees in an amount equal to:

(a) Commodities or Contractual Services – Ten percent of the estimated value of the protestor’s bid or proposal or ten thousand dollars ($10,000), whichever is less;
(b) Construction –

1. Twenty-five thousand dollars ($25,000) or two percent of the lowest accepted bid, whichever is greater, for contracts valued over $500,000; or

2. Five percent of the lowest accepted bid for all other contracts.

The bond shall be conditioned upon the payment of all costs, which may be adjudged against the contractor filing the protest action. In lieu of a bond, the University will accept a cashier’s check or money order in the amount of the bond. Failure of the protesting contractor to file the required bond, cashier’s check or money order at the time of filing the formal protest shall result in the denial of the protest.

6C6-6.0058 Contracts.

(1) Contracts for commodities or contractual services or licenses shall consist of a purchase order or bilateral agreement signed by the University officials designated by Presidential authority prior to the goods or services being rendered by the contractor.

(2) Any contract for the purchase of services or tangible personal property for a period in excess of one fiscal year shall include the following statement: “The State of Florida’s and University’s performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature.”

(3) Extension of a contract without an expressed renewal option shall be in writing, shall be signed by both parties, and shall be subject to the approval of the Director of Purchasing and shall be subject to the same terms and conditions set forth in the initial contract.

(4) A contract may contain provisions for renewal. The total value of the contract shall be the sum of the purchase price for the initial term plus all renewal costs. All contract renewals are subject to sufficient annual appropriations and a renewal shall be signed by both parties prior to the expiration of the initial contract.

(5) The University may enter into deferred payment agreements utilizing the State of Florida Controller’s Consolidated Equipment Financing Program or other financing program when deemed in the best interest of the University.

(6) In order to promote cost-effective procurement of commodities, contractual services or licenses the University has the authority to enter into contracts that limit the liability of a vendor consistent with Section 672.719, F.S.

(7) All bilateral agreements for services shall be written and:

(a) Provide dates of services;

(b) Provide payment terms;

(c) Indicate the University’s ability to unilaterally cancel the contract;

(d) Provide renewal terms, if any;

(e) Reference the Travel statute in Chapter 112, F.S., if applicable;

(f) Provide units of deliverables;

(g) Require contractor to submit invoices in sufficient detail to allow for a proper pre-audit and post-audit;

(h) Provide that the University does not indemnify any person, party or entity; and

(i) Contain the signature of the President or designee and contractor.

(8) In lieu of a written bilateral agreement for services, when the relationship of the parties is not complex and thereby necessitating a detailed contract, the University has the option to issue a purchase order that includes the above items (a)-(i).

6C7-1.014 Committees.
The University may establish committees as necessary to carry out specific functions of the institution. These committees will be classified as follows:

(1) Advisory Committees. These committees will function only as a recommending body to the appointing authority or designee.

(2) Operating Committees. These committees will be invested with the authority to formulate the university position within their area of interest. They are the final deciding body and decisions or recommendations will not require approval by the appointing authority. These include:

(a) The Committee for the Resolving of Residency Questions – appointed by the President of the University for the purpose of hearing appeals from out-of-state students who, under the provisions of the Board of Governors subsection 6C-7.005(5), F.A.C., have been denied change of residency status.

(b) The Committee for the Resolving of Fee Payment Questions – appointed by the Vice President for Business Affairs for the purpose of hearing appeals from students who have been denied fee deferment, refund, waiver, etc.
(c) The Admissions and Standards Committee – a reporting committee of the Faculty Senate comprised of faculty and non-faculty members for the purpose of determining eligibility for admission or readmission to the university of applicants who do not meet regular admission or readmission standards.

(d) The University Parking Appeals Committee – appointed pursuant to Section 1006.66(5), F.S., for the purpose of hearing appeals from persons issued parking violation tickets by the university police.

(3) Decisions of operating committees affecting substantial interest are subject to review by the appointing official or designee but may be appealed formally only by the initiation of procedures pursuant to Chapter 120, F.S.

6C7-2.001 Admissions and Readmissions.

(1) Admissions.
(a) Admission of students to UCF is within the jurisdiction of the University, but subject to the minimum standards adopted by the Board of Governors. In all admission activity, the University will give attention to the need to satisfy equal opportunity affirmative action goals.
(b) No person shall be admitted, enrolled, or matriculated who has not received a high school diploma or its equivalent (e.g., GED), except as provided in Section 1007.271, F.S.
(c) A medical history form is required of UCF students. UCF reserves the right to refuse registration to any applicant, former student, or student whose health record indicates the existence of a condition which may be harmful to the members of the University community. In addition, the following immunizations are required prior to registration at UCF.
1. Tetanus toxoid – evidence of the completion of an initial series consisting of three spaced injections within ten years or evidence of an appropriate booster after a completed initial series within ten years;

2. Tuberculin skin test or chest x-ray within one year – tuberculin skin test is preferred over the x-ray. However, all persons with a positive skin test must have a chest x-ray.

   (d) An application or residency affidavit submitted by or on behalf of a student which contains false, fraudulent, or incomplete statements may result in denial of admission or denial of further registration and/or invalidation of UCF credit.

   (e) Admissions shall be on a selective basis within curricular, space, and fiscal limitations. The selection process shall include consideration of multiple factors such as grades, test scores, educational objectives, class rank, pattern of courses completed, past conduct, school recommendations, personal recommendations, and personal records.

   (2) Readmissions. The admission status of a former student shall be reviewed if the student attended another post-secondary institution since last attending UCF.

6C7-2.002 New Entering Freshmen.

(1) To be considered for admission as new entering freshmen all applicants must meet the minimum requirements set forth in Board of Regents Rule 6C-6.002, F.A.C.

(2) The Provost and Vice President for Academic Affairs shall evaluate the projected FTIC enrollment in light of ongoing recruitment and retention efforts and establish a projected number of admission exceptions to be reported to the Board of Regents yearly. Exceptions to the standards set forth shall be made to ensure equality of access to higher education for ethnic minorities.

(3) Admission to the University shall be on a space available basis. Students judged to have a greater probability of academic success at University of Central Florida will be given admission priority when FTIC enrollment must be limited.

6C7-2.003 Graduate Students.

(1) Students who seek admission as first-time or transfer graduate students to a master’s or doctoral (free-standing or cooperative) degree program at UCF are required to meet certain minimal requirements.

(2) In order to be admitted, a first-time graduate student or a student transferring from a graduate program at another university must have a bachelor’s degree or equivalent from an accredited university and meet at least one of the following criteria:

   (a) The applicant shall have earned a “B” average or better (3.0 or higher on a 4.0 scale) in the last 60 semester hours attempted while registered as an upper division student working for a baccalaureate degree, or

   (b) The applicant shall have a total Quantitative-Verbal Graduate Record Examination score of 1000 or higher or an equivalent score on an equivalent measure approved by the Board of Regents, or

   (c) Have a graduate degree from an accredited institution.

(3) Applicants whose native language is not English shall be required to meet a minimum score on the Test of English as a Foreign Language (TOEFL) in order to be eligible for admission to a graduate program. The TOEFL requirement varies by program.

   (4) In admitting students for a given academic year, up to 10 percent of the graduate students admitted for that academic year may be admitted as exceptions to the above criteria. Students admitted as exceptions need not meet any of the criteria listed above but should meet other criteria devised by UCF, such as excellent letters by respected colleagues, or satisfactory performance in a specified number of graduate level courses taken as post-baccalaureate students or practical professional experience in the discipline for a specified period of time.

(5) Applicants denied admission shall be given timely notice and reason for their rejection in writing. Applicants denied admission who meet the minimum systemwide standards may request reconsideration by written request to the dean of the college within thirty days of the date of denial. The request shall contain reasons why reconsideration is warranted. If the decision to deny admission is upheld, an applicant may appeal (through the college dean) the decision in writing within thirty days to the Graduate Council. The decision of the Graduate Council shall be forwarded to the Vice President for Academic Affairs who shall notify the applicant of the final decision.

   (6) Further specific graduate procedures are contained in the UCF Graduate Procedure Manual which is available for review in the Office of Graduate Studies.

6C7-2.0031 Post-baccalaureate Non-degree Students.

A student with a baccalaureate degree or equivalent may seek admission as a post-baccalaureate non-degree student. Admission of post-baccalaureate non-degree students shall be on a selective basis within curricular, space and fiscal limitations. The selections shall be based on academic records, educational objectives, career objectives, and need for continuing educational opportunities.
This category will accommodate (1) school teachers seeking recertification and (2) employees of area industries as documented by
the employer. In order to continue, students who are given temporary acceptance in the post-baccalaureate category must submit,
by the end of the first term, an official transcript which indicates a bachelor’s degree or equivalent. Failure to do so will lead to
cancellation of any further registration as a post-baccalaureate student.

6C7-2.004 Undergraduate Transfer Student Admissions.

(1) The admission of Florida public community college Associate of Arts resident transfer students is governed by the
Articulation Agreement between the state universities and the public community colleges of Florida, the University of Central
Florida general admissions policy and the appropriate UCF foreign student admission policy. Within curricular, space and fiscal
limitations, Associate of Arts degree recipients of the State University System and public community colleges of Florida shall be
admitted.

(2) Undergraduate transfer students who have not earned the Associate of Arts degree from a state university or public
community college of Florida must meet the general admission requirements of the University and the following requirements:

(a) Applicants applying for admission at the freshman or sophomore levels must satisfy the same admission requirements as
first time in college students.

(b) Applicants must be in good standing and eligible to return to the last institution they attended.

(c) Applicants must have a grade point average of at least 2.0 on a 4 point scale for all college level course work attempted as
well as at the last institution attended.

(d) Applicants whose native language is not English shall be required to meet a minimum score of 550 on the Test of English
as a Foreign Language (TOEFL).

(3) Exceptions may be made on an individual basis when a student in the judgment of the Admissions and Standards
Committee, can reasonably be expected to do satisfactory academic work.

6C7-2.006 Acceleration Mechanisms.

(1) The use of acceleration mechanisms shall be governed by the Articulation Agreement between the state universities and the
public community colleges of Florida, the Rules of the Board of Governors and Sections 1009.539 and 1007.23, F.S.

(2) A maximum of 45 semester hours in any combination of extension, correspondence, credit by examination and Armed
Forces credit accepted by the University may be applied toward an undergraduate degree. The acceptance of credit for degree
purposes shall be subject to state statutes and review by the appropriate college academic standards committee.

(3) The University of Central Florida shall award credit for specific courses identified by the Department of Education for
which competency has been demonstrated by successful passage of examinations of the College Level Examination Program
(CLEP), College Board Advanced Placement Program (AP) and International Baccalaureate Program (IB). Credit will not be
awarded if it duplicates credit already awarded.

(4) Regularly enrolled degree-seeking undergraduate students at the University of Central Florida may participate in the
University course credit by examination program. Prior approval to participate in the program must be obtained from the chair of
the department in which the course is offered. Credit by examination shall not be given for any course lower in content than courses
in the same discipline in which a student is currently enrolled or has completed.

(5) Credit by examination cannot be used to raise a grade in a course previously completed or to meet the twenty-five percent
residency hours requirement.

6C7-2.009 Foreign Students.

Admission of foreign students to UCF is governed by the university admission rules (Rules 6C7-2.001, 6C7-2.003 and 6C7-2.004,
F.A.C., as applicable), Board of Governors Rule 6C-6.009, F.A.C., and the following:
(1) Eligible foreign students may be accepted at the appropriate level subject to space and fiscal limitations.

(2) In addition to University admission requirements international students must meet the following requirements as a minimum:
   (a) The applicant shall be academically eligible for further study in his own country.
   (b) The applicant whose native language is other than English shall meet Board of Governors requirements for English as expressed in subsection 6C-6.009(4), F.A.C. Effective Fall Term 1981, a student who scores below 550 on the test of English as a Foreign Language (TOEFL) and otherwise meets admission standards must satisfactorily complete a “English as a Second Language” program and then achieve a score of 550 on TOEFL or a UCF designated examination.
   (c) The applicant shall be classified a superior student (overall GPA of at least 3.0 on a 4 point scale or equivalent).
   (d) The applicant shall furnish a detailed statement showing specific sources of a satisfactory level of financial support and the amount expected from each source.
   (e) The applicant shall submit a health examination form to the University physician indicating his fitness, mentally and physically to pursue a college level study program.
   (f) Foreign student applications, undergraduate and graduate, along with all other records required for admission must be received at least three months prior to the beginning of the desired term.

6C7-2.0121 Limited Non-Degree-Seeking Applicants.
(1) A student may enroll in selected courses with no immediate intention of pursuing a degree. Most opportunities in this status will occur at branch campus for courses that are taught out of the regular semester or term cycle, or for special programs mandated by the State of Florida. Successful completion of courses while in this classification does not provide a basis for regular admission at a later date.
(2) Programs using the Limited Non-Degree-Seeking status include:
   (a) High school dual enrollment;
   (b) Soldiers-to-scholars;
   (c) Continuing education;
   (d) Area campuses; and
   (e) Off-campus credit.
(3) Teacher certification or re-certification. Students registering for classes in the Limited Non-Degree-Seeking status are subject to the following regulations:
   (a) Students are required to provide evidence of their educational qualifications for attending classes in order to meet the intent of this enrollment classification;
   (b) Students who have been previously denied admission or disqualified for enrollment are eligible;
   (c) Limited Non-Degree-Seeking students are subject to the same rules and regulations as Degree-Seeking students;
   (d) Registration is permitted on a space-available basis;
   (e) A maximum of fifteen (15) undergraduate semester hours or six (6) graduate semester hours may be earned as a Limited Non-Degree-Seeking student;
   (f) International students may not register as Limited Non-Degree-Seeking due to immigration regulations;
   (g) Limited Non-Degree-Seeking students are not eligible to receive financial aid nor enjoy the other privileges of Degree-Seeking students to participate in intercollegiate sports or enjoy the other privileges of Degree-Seeking students; and
   (h) Students must complete, hereby incorporated by reference, the Limited Non-Degree-Seeking Status Registration Form (Rev. 2-17-03) which shall be obtained when a faculty member refers a student to a registration facilitator or directly from a faculty member who is teaching a Limited Degree-Seeking class.
(4) Students registering in this category should be aware about the limitations of this status, and are encouraged to apply for regular admission to the University.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10) FS. History–New 4-23-03.
6C7-2.017 Non-Credit Programs.

(1) Policy Statement.

(a) The university cooperates in presenting a variety of non-credit educational programs. These are identified as conferences, institutes, seminars, discussion groups, short courses, workshops, clinics, etc. Proposals for these educational programs may come from faculty, staff, business leaders, school teachers, or other professional persons and organizations.

(b) These programs may be scheduled on the main campus of the university, or downtown Orlando, and other off-campus locations, depending upon space requirements and space availability, particular requirements of the group to be served and other determining factors. The following policies and procedures have been developed so that each kind of educational program may be channeled properly.

(c) Sponsored educational program developed independently by professional associations not connected with the university.

1. The sponsoring association must submit the request in writing for the educational program to the Office of Continuing Education.

2. The Office of Continuing Education, after conferring with appropriate university personnel, will then approve or disapprove the request. Disapproval may be necessary due to conflicting dates, lack of facilities, inadequate facilities, size of group, etc.

3. If the educational program is approved and space is provided, all program details will be the responsibility of the association. However, all details relating to the program must be submitted to the Office of Continuing Education as they are developed, to be certain that the proper university officials are fully informed.

4. Approved programs will be assigned to a conference coordinator on the staff of the Office of Continuing Education. The coordinator will handle all program details in cooperation with the academic and other representatives designated.

5. The Office of Continuing Education will establish fees and pay expenses of the program, if these are a necessary part of the conference.

(d) Educational programs developed by the university for professional associations, groups, and individuals in cooperation with the university administration, faculty, and staff.

1. The implementation of this type of program is a joint effort of the Office of Continuing Education, representatives of the cooperating associations or groups.

2. The request for a program of this type may originate with a university administrator, faculty member, or staff member, or by direct request from a professional association, group, or individual.

3. If the request is initiated by a faculty member, he must secure the approval of (1) his department chairman, and (2) his dean.

4. The request should then be forwarded to the Office of Continuing Education for approval.

5. Approved programs will be assigned to a conference coordinator on the staff of the Office of Continuing Education. The coordinator will handle all program details in cooperation with the academic and other representatives designated.

6. The Office of Continuing Education will establish fees and pay expenses of the program, if these are a necessary part of the conference.

(e) Educational programs designed primarily for public or private school and college students, sponsored by a department within the university.

1. Educational programs designed primarily for public or private school and college students, sponsored by a department within the university should be channeled through the administrative route as indicated in (d)3. and submitted to the Office of Continuing Education for approval. The department sponsoring the program will handle all details for the program and will be responsible for keeping the Office of Continuing Education informed.

2. The Office of Continuing Education will establish fees and pay expenses of the program, if these are a necessary part of the conference.

(f) Educational programs sponsored by UCF student groups in cooperation with their advisors.

1. Educational programs designed by and for UCF student groups, or for their counterparts in other institutions, should follow the procedures outlined immediately above, except that prior approval must come from the Vice President for Student Affairs. The student group and advisor will be responsible for all program details, including keeping the Office of Continuing Education informed.

2. The Office of Continuing Education will establish fees and pay expenses of the program, if these are a necessary part of the conference.

(2) Meetings by Invitation. If a faculty or administrative staff member invites a group to campus for a meeting which relates to on-going campus activities, arrangements must be made directly with the university space coordinator, and all details will be handled by the sponsoring faculty or administrative staff member. The Office of Continuing Education shall be informed by memorandum.

(3) Compatibility of Programs. All programs approved in the aforementioned instances and others must be based upon compatibility with the educational aims and objectives of the university, and should provide learning experiences of the highest quality.

6C7-2.018 Access to Student Records.
(1)(a) The Registrar of University of Central Florida has been designated custodian of limited access records of students. The following student records are open for inspection only by the student, and those members of the professional staff of the university, as designated by the Registrar, as have responsibility working with the student or with the student’s records:
(b) Limited Access Records.
1. Student Health and Medical Records;
2. Student Disciplinary Records;
3. Records of Student Personal Non-Academic Counseling;
4. Required Student and Family Financial Income Records;
5. Student Permanent Academic Records (from which transcripts are made), and
(2) Except as required for use by the President in the discharge of his official responsibilities, the Registrar may release information from such records only upon authorization in writing from the student or upon order of a court of competent jurisdiction.

6C7-2.027 Sponsored Research.
(1) Definition of Sponsored Research – Sponsored Research is research, as defined in paragraph (2)(a) below, executed by university employees using any university space, facilities, materials, equipment, or property, and which is financed by contract payments, grants, or gifts from any source.
(2) Policy statement – University of Central Florida will recognize and encourage sponsored research activity by its faculty members. Such activity is desirable for the following reasons:
(a) One of the principal objectives of the University is to encourage and support research (broadly interpreted as all forms of scientific inquiry, creative effort, and scholarly activity) by all interested faculty members pertinent to the role and scope of the University;
(b) The objectives of the University will be best fulfilled when it is engaged in a research program which continually promotes the professional development of the faculty and results in the improvement of the quality and scope of its educational program. To do less will jeopardize top level performance on the part of the University; and
(c) The ability to provide leadership (both academic and otherwise) in the community served by University of Central Florida will be strongly enhanced by a strong effective research program. The primary guiding consideration should be that all research must be closely integrated with and contribute to the objectives of the University, whether support comes from internal or external sources.
(3) Policy Guidelines.
(a) Sponsored Research and Training Programs will be administered as an integral part of the University to avoid any undesirable or inefficient separation of teaching and research.
(b) The responsibility for the sponsored programs of the University will reside in the Office of Research.
(c) The Office of Research is to administer and promote the programs of sponsored research and training of the University.
(d) Operating policies and procedures of the Office will conform to those established by the University and the Board of Governors.
(e) The Office of Research will act as a central clearing house for all outgoing proposals and all incoming grants and contracts.
(f) Wherever possible, the administration of supporting services for sponsored research and training (purchasing, personnel, shop, maintenance, finance and accounting, etc.) will be provided within the usual University organization with as little duplication of effort as possible.
(4) Procedural Steps.
(a) The President will have final University authority and responsibility for Sponsored Research and Training Programs. The President or designee will approve, sign, and accept all grants and contracts for the University where required. Normally, approval, signatory and acceptance authority is delegated to the Vice President for Research.

(b) The Provost and Vice President for Research will have the authority and responsibility of coordinating research with the teaching program of the University. The Provost will review research proposals upon the request of the Vice President for Research.

(c) The Vice President for Research will approve all research grant and contract proposals after reviewing them to insure that they conform to University and Board of Governors policies and State laws; that they are in proper form for submission to the potential sponsors, that they are conducive to promoting the best teaching and research interests of the University; and that implied or definite University commitment of funds, space, and personnel can be met. The Vice President of Research will:

1. Maintain information about potential sources of funds to support University Research. Communicate information about sources of support and research opportunities to the faculty;
2. Maintain records and information about the research programs of the University;
3. Prepare general reports of research activities required by the Board of Governors, President, and other administrative officers of the University.
4. Conduct necessary negotiations of research contracts and grants and consummate applicable grants and contracts with funding agencies.
5. Prepare recommendations for the budgets for the operation of University Research, manage any University Research Trust Fund established, and review fiscal reporting.
6. Administer project initiation and termination and, where appropriate, internal disposition of property purchased with grant funds.
7. Coordinate the fiscal administration of research grants and contracts accounts and the purchasing from grants and contracts accounts.
8. Administer the University patent and copyright policies and negotiate patent and copyright matters as required.
9. Recommend appointment of and supervise all employees of the office.
10. Prepare for the President formal requests for acquisition of land, construction or remodeling of buildings, to be paid for with sponsored research funds.
11. Recommend research policy changes to higher authority.
12. Promote constant review of the administrative procedures governing Sponsored Research and related programs to insure that adequate service is provided to all principal investigators.
13. Administer any Surplus Property programs.

(5) The University Comptroller will be responsible for budget control, record keeping, and accounting for all sponsored research funds. She will maintain, in accordance with acceptable accounting practices, such records and make such reports as are required by the Board of Governors policy, by applicable laws, by the granting agency, Vice President for Research and by the Vice President for Administration and Finance. She will be responsible, with the Vice President for Research and the Principal Investigator for determining that expenditures are made in accordance with the terms of the grant or contract.

(6) Purchases. The Director of Procurement will expedite the purchases made for the Office of Research and/or Principal Investigators. The Director will see that the purchasing requirements of the State and granting agencies are met.

(7) Solicitation of Funds – Proposals for the solicitation of funds from agencies outside the University will be treated as follows:

(a) The Vice President for Research or other authorized persons may solicit research support, but all proposals for support must conform to University policy and must have the approval of the Vice President for Research or designee and will be transmitted to the granting agency by the Vice President for Research. Acceptance of funds will be made by the Vice President for Research or designee on the President’s behalf.

(b) The Principal Investigator will arrange with his Department Chairman and College Dean:
1. For a schedule of duties that will allow adequate time to carry out the proposed research program;
2. To obtain approval that the proposed research is in the best interests of the Department, the College, University of Central Florida, and the State of Florida, and;
3. For assurance that facilities of the Department are adequate and available for the proposed research or that adequate facilities can be provided.

(c) Proposals will be further reviewed by the Vice President for Research or designee to see that the research is appropriate to the role and scope of the University and to its goal of service, good teaching, and the advancement of knowledge, and that the proposed contract or grant is legally and fiscally sound.

(d) Negotiations of research contracts and grants will be made between the University and the agency. The Vice President for Research or designee will be responsible for the University negotiations in all matters affecting the substance of the research to be conducted and associated fiscal matters. The approval of the Principal Investigator will be obtained before final submission to the agency.
(e) Upon acceptance of a grant or contract by the President or the Vice President for Research, the Vice President will issue authorization to the University Comptroller to establish the necessary accounts for the project and designate the Principal Investigator.

(f) The Principal Investigator will carry out the project in accordance with provisions of contract or grant document.

(g) The Principal Investigator forwards copies of all reports required by the granting agency to the Office of Research in addition to copies of pertinent correspondence.

(h) All personnel engaged on funded projects will respond to the Office of Research on all pertinent matters such as security classifications, the use of human subjects, animal housing, and patent and copyright matters as required by the policy of the Board of Governors, University of Central Florida, and the funding agency.

(i) Upon completion of the project, the filing of final reports with the granting agency, the Vice President for Research will issue authorization to the University Comptroller to deactivate the project account(s).

(8) Reporting.

(a) Annual Report.

1. The Principal Investigator (i.e. the faculty member supervising the research) must submit a memorandum to the Director of Sponsored Research requesting a sponsored research exemption. The memorandum must include: a detailed justification for the request; a written quotation from the requested vendor detailing the price, the FOB point, responsibility for freight and insurance, and payment terms; a statement and/or other evidence, that some form of price comparison or determination of price reasonableness has been performed; a written statement signed by the Principal Investigator certifying that he or she is independent of, and has no conflict of interest in the entities evaluated and selected. See Section 287.057(19), Florida Statutes.

2. If the vendor is a governmental agency, the acquisition is excluded from competitive bidding requirements as stated in Section 287.012(4)(c), Florida Statutes.

3. If the vendor is a governmental agency, the acquisition is excluded from competitive bid requirements as stated in Section 287.012(4)(c), Florida Statutes.

4. The following criteria must be used to justify a request for a sponsored research exemption from competitive bidding: a certain vendor is specified in a prime contract or grant award; a certain vendor is approved in writing by the prime contractor or granting agency in accordance with the provisions of the prime contract or grant award; the purchase of specific goods or services from a certain vendor can be demonstrated to be more efficient or expeditious based on compatibility, availability, or the current capabilities of the Principal Investigator and staff; the purchase of specific goods or services from a certain vendor can be demonstrated to be necessary to meet the time requirements of the prime contract or grant award; the purchase of specific goods or services from a certain vendor can be demonstrated to be mandated by scientific or technical requirements; the purchase of specific goods or services from a certain vendor can be demonstrated to be at a cost below industry norms; other conditions which can be demonstrated to meet the statutory criteria of “necessary for the efficient or expeditious prosecution of a research project.” The specific condition must be fully explained. Any and all changes or corrections to a purchase order or contract issued on the basis of a sponsored research exemption must also be approved by the Director of Sponsored Research or his/her division staff designee.

(b) Confidentiality: This matter shall be controlled as a confidential matter in the event the prime contract, grant award, or subcontract contains a confidentiality clause requiring the research materials to be exempt from public scrutiny, or if it is determined that, pursuant to Section 1004.22, Florida Statutes, the research activity necessitates an exemption from public scrutiny.

(c) Documentation and Advance Payments.

1. Documentation: The University will supply documentation and detail for reporting and payment at the level required by the prime contractor or granting agency which are based upon the provisions of the prime contract or grant award. When an exemption from the general provisions of Chapter 215, Florida Statutes, and related rules and practices is authorized, subcontractors’ invoices
shall contain a level of detail that is, at a minimum, commensurate with the level of detail and reporting required of the University by the prime contract or grant award. It is not necessary for copies of receipts to be obtained or submitted with the voucher to the State Comptroller for the payment of such invoices, if the invoice contains a statement certifying that receipts in support of the itemized invoice are maintained in the contractor’s records and may be inspected by officials of the State of Florida.

2. Advance Payments: The subcontractor or vendor requests an advance payment and it can be demonstrated that the advance payment is necessary to fund extensive start-up costs, realize discounts or cost savings, or create adequate cash flow in order to provide required goods or services. The University shall retain the documentation justifying advance payments in the Office of the Director of Sponsored Research. The Principal Investigator is responsible for determining that all goods/services, for which an advance payment has been made, are satisfactorily received. In addition to the sponsored research exemption certification, the Office of the Director of Sponsored Research will provide the Purchasing Department with specific payment details for inclusion in the purchase order. In the event the University believes a vendor will have difficulty in meeting the conditions and terms of the purchase agreement, the University will require the vendor to secure some form of liability protection to cover the amount of advance payments.

3. When an exemption from the general provisions of Chapter 215, Florida Statutes, and related rules and practices for documentation or advance payment, is authorized the provisions of a contract between the University and the subcontractor must include the following language: “The Contractor agrees to return to the University any overpayments due to unearned funds or funds disallowed pursuant to the terms of this Contract or by the prime agency that were disbursed to the Contractor by the University. Such funds shall be considered University funds and shall be refunded to the University within 45 days following the item the overpayment and/or disallowance is discovered unless otherwise authorized by the University in writing. In addition, the Contractor agrees to exclude from its expenditure reports and any other claims for reimbursement any amounts disallowed by the prime agency and the University in accordance with the terms of this Contract.”

   (d) Travel: A subcontractor may be reimbursed for travel expenses of non-State of Florida personnel performing travel under a sponsored research subcontract in accordance with the provisions of the applicable prime contract or grant and the travel allowances normally provided by the subcontractor.

   (e) Other: Other conditions which can be demonstrated to meet the statutory criteria of “necessary for the efficient or expeditious prosecution of a sponsored project.” The specific condition must be fully explained.

3. Execution and Distribution.

   (a) If the request is for an exemption from the competitive bidding requirements, the Principal Investigator will submit the request for the sponsored research exemption to the Office of the Director of Sponsored Research, allowing sufficient time (48 hours or less) for review of the request as applicable to the project needs. The request should be accompanied by the general requisition, the documentation listed above, and any additional documentation which would further support the request.

   (b) Requests for other sponsored research exemptions may be initiated by the Principal Investigator, the Office of the Director of Sponsored Research, or other University personnel.

   (c) The Office of the Director of Sponsored Research will review the request for sponsored research exemption to determine if all of the required conditions have been met. The certification will be prepared by the Office of the Director of Sponsored Research, signed by the Director of Sponsored Research, and be forwarded to the University President.

1. Prior consent to a sponsored research exemption by the Director of Purchasing is not required, although his/her advice and counsel may be sought. The Office of the Director of Sponsored Research will send a copy of the Sponsored Research Exemption Certification memorandum provided to the President, the general requisition, and a copy of the other documentation listed above, to Purchasing. Purchasing will be responsible for compliance with all other State of Florida and University rules and regulations. Further, if after viewing the documentation provided, Purchasing has knowledge of any other information that would impact the use of a sponsored research exemption, the Office of the Director of Sponsored Research should be contacted prior to issuance of the purchase order. Any purchase order issued under a sponsored research exemption will contain a statement indicating that a sponsored research exemption was given.

2. Purchasing will forward a copy of the certification, along with a copy of the contract and/or purchase order to the University Controller’s Office. The University Controller’s Office will forward a copy of these documents to the State Comptroller as an attachment to the voucher for the payment of the first invoice.

3. A sponsored research exemption may only be used when the purchase of goods or services is fully funded from sponsored research funds. Payments made for purchases or other actions under a sponsored research exemption may not be reimbursed subsequently from other University funds.

4. A copy of the Sponsored Research Exemption Certification and any supporting documentation will be maintained in the Office of the Director of Sponsored Research.

(4) Any contract which has been exempted from general purchasing provisions for herein shall contain the following language: “The contractor agrees to return to the University any overpayments due to unearned funds or funds disallowed pursuant to the terms of this contract or by the ‘Primary Awarding Agency’ that were disbursed to the contractor by the University. Such funds shall be considered University funds and shall be refunded to the University within 45 days following the item the overpayment and/or disallowance is discovered unless otherwise authorized by the University in writing. In addition, the contractor agrees to exclude from its expenditure reports and any other claims for reimbursement any amounts disallowed by the ‘Primary Awarding Agency’ and the University in accordance with the terms of this contract.”
6C7-2.029 Copyrights and Patents.

(1) General.
(a) The University of Central Florida shall have the authority to take any action necessary to secure letters of patents, copyrights, and trademarks, on any such work products produced by an employee of the University as described below, and to enforce its rights therein.
(b) The University may seek letters of patents, copyrights, or trademarks at the option of the appropriate University official on products resulting from investigations financed by the University, that is sponsored by the University and/or carried out by public funds and by persons paid by the University.
(c) Projects resulting from an investigation which is financed by the University and another co-sponsor not connected with the University shall be undertaken in accordance with the execution of a written agreement made prior to the actual initiation of the investigation. Each contract shall stipulate the patent, copyright and trademark rights of the University and the co-sponsor.
(d) All University profits derived from patents, copyrights, or trademarks shall go to the “sponsored research development fund” to be administered for the further promotion of research.

(2) Copyrights.
(a) An investigator who develops a product in any way supported by University funds, personnel, facilities, equipment, or materials shall report to the Vice President for Research his interest in having the product copyrighted. Within 120 days, the Vice President shall inform the employee whether the University seeks an interest in the copyright and a written contract shall be negotiated to reflect the interest of both parties.
(b) An investigator may procure the copyrights and receive the royalties for products provided (i) the ideas were the investigator’s, (ii) the product resulted from the investigator’s independent labor, and (iii) the University is not held responsible for any opinions expressed therein.

(3) Patents.
(a) Projects resulting from an investigation which is financed by a sponsor not connected with the University shall be undertaken in accordance with the execution of a written agreement made prior to the actual initiation of the investigation. Each contract shall stipulate the patent rights of the University and the co-sponsor. The University may obtain letters of patents at the option of the appropriate University official on products resulting from an investigation performed by a University employee at his own expense and on his own time in the field in which the investigator is employed by the University.
(b) The University shall not seek a letter of patent on a product resulting from an investigation performed by a University employee outside of the field in which the investigator is employed by the University and at his own expense and on his own time.
(c) The University reserves the right to enter into contract with recognized patent management and development agencies for the purpose of patent application, patent development, and patent management. In such cases, the terms of the contract shall provide for a distribution of the proceeds from the disposal of the patent between the contracting parties and the discoverer or inventor. In no case shall the proceeds allocated to the discoverer or inventor be less than 15 percent (15%) of the gross proceeds. In the event the product involved in the patent comes from research done in dissertations or in connection with dissertation problems, the amount allocated to the discoverers shall be divided between the faculty member who directed the research and the graduate student who helped with the work in a manner determined by the University to reflect their relative contribution to the research.
(d) The investigator shall report to the Vice President of Research the nature of the discovery or invention together with an outline of the project and the conditions under which it was done. The Vice President shall inform the investigator within 120 days if the University wishes to assert its interest in a patent. A decision as to whether the University will prosecute the patent will be made within 120 days from the date the discovery was announced to the Office of Research. In the event the University elects not to obtain a letter of patent, all rights to the product shall be released to the inventor or discoverer. However, the University’s obligation to release the patent shall be contingent upon the execution of a written agreement with the inventor or discoverer granting the University a 10% royalty on all income generated directly or indirectly from the patented invention.
(e) When the University elects to obtain a letter of patent, the University shall pay the cost of obtaining such documents.
(f) At any stage of making the application or in securing the letter of patent, the University may withdraw and return all rights to the inventor or discoverer. Under these circumstances subject to paragraph (e), the product shall be the property of the inventor or discoverer and none of the costs incurred by the University or on its behalf shall be assessed against the inventor or discoverer.
(g) All assignments of or release of patent rights by the University to the inventor shall contain the provision that such invention and/or process if patented by the inventor shall be available royalty free for governmental purposes of the State of Florida.

6C7-2.031 Establishment and Evaluation of Institutes.

(1) Purpose – The purpose of this rule is to establish policies and procedures regarding the establishment of research-oriented institutes, centers, and units (ICU’s) at University of Central Florida. Those research organizations or ICU’s within the University which receive research grants and contracts from or through the Division of Sponsored Research, must meet unique needs and opportunities for research beyond what is normally expected of faculty and staff at the University. The establishing, disbanding, classifying, and reviewing of ICU’s will be determined by the Vice President for Research upon recommendation by the Research Council.

(2) Establishment Procedures of an ICU.

(a) All ICU applicants must submit a proposal through the academic Dean(s) or appropriate Administrator(s) to the Office of the Vice President for Research for the evaluation and recommendation of the Research Council for consideration of establishing the proposed ICU. The Research Council are members selected by the Vice President for Research upon nomination by the academic Dean(s) or appropriate Administrator(s). The Research Council shall consist of a minimum of one representative from each college at all times.

(b) The proposal must include the title of the ICU, the type of category requested, a background statement, identification of necessary facilities, anticipated funding sources, the biography of the proposer(s), and a charter.

(c) The charter must describe:
1. The justification – what necessity or major advantage the ICU would offer.
2. The objectives.
3. The activities.
4. The organizational structure including a reporting line.
5. AS method of review and evaluation of the proposed ICU.

(d) The charter may describe:
1. The types of positions and personnel who might become involved.
2. The qualification for membership.
3. The relationship with other organizations.

(e) Criteria for the establishment of an ICU depends upon:
1. Uniqueness of research capabilities and opportunities provided by the ICU.
2. Appropriateness to the University mission and support structures.
3. Feasibility of implementation.
4. Potential of enhancing the research capability of UCF.
5. Funding potential.
6. Relevance and importance of other activities.

(3) Review of Current ICU’s.

(a) All ICU’s must submit an annual report such as a report prepared in the format as prescribed in (see CM-C-07.00-01/99) which will be utilized for a general public release.

(b) The Research Council will upon request of the Vice President for Research, review ICU’s in accordance with the evaluation and/or accreditation methods prescribed in their charters. Based on this review, the Research Council will make a recommendation to the Vice President for Research concerning continuation and/or modification of the ICU. The ICU is to be categorized as a Type 1 or Type 2 ICU (see CM-C-07.00-01/99 for a complete description of these types) and to be presented to the President’s Advisor Staff (PAS) (which is comprised of all of the Vice-Presidents of the University) for their review.

(4) All existing ICU’s or those established by legislative mandate shall prepare a charter (if one does not exist) in accordance with the description given above subparagraph (2)(a)3. for use by the Vice President for Research in evaluating the ICU’s.

(5) Policy Regarding Non-Research ICU’s. The Research Council will review only those ICU’s which meet the criteria of being research oriented. All ICU’s which do not meet this criteria shall be forwarded to and delegated by the Office of the Vice President for Academic Affairs.

The University of Central Florida, in association with the Board of Governors position of affirming equal opportunity practices, is committed to a continuing program of promotion and maintenance of an affirmative action plan that is directed to concerns in all areas with students and personnel. For further information, please contact the Office of Equal Opportunity and Affirmative Action Programs, University of Central Florida, Orlando, Florida 32816.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History–New 10-8-75, Amended 1-10-82, 1-9-83, 12-27-83, 12-27-84, Formerly 6C7-3.01, Amended 3-27-86, 1-6-93, 3-16-03.

6C7-3.0031 Employee Tuition Free Course Enrollment.
(1) University has a program to provide limited tuition-free course enrollment to eligible employees on a space available basis. Enrollment of employees under this rule shall be permitted on a space available basis only.
(2) Space shall be considered to be available only when:
   (a) The direct cost of a course does not increase for each student admitted thereto (as it may do for such courses as Thesis, Dissertation, Directed Individual Study, etc.).
   (b) The enrollment does not result in a class size in excess of the maximum established by room capacity or educational requirements for the particular course sought.
(3) Eligibility.
   (a) Academic: UCF employees who intend to enroll for the first time at UCF for tuition free courses under this rule must possess a high school diploma or its equivalent (e.g., GED) and meet the university’s admission requirements as set forth in the applicable portions of Chapter 6C7-2, F.A.C.
   (b) Administrative: All UCF employees are required to comply with administrative prerequisites for Tuition Free enrollment, including securing administrative approval for enrollment.
(4) Registration. In order to receive tuition free privileges eligible UCF employees must register at the time and date published in the UCF class schedule for such registration for the semester in which the courses are to be taken.
(5) Limitations on Tuition Free Course Enrollment.
   (a) If all approvals have been received, an employee may enroll for up to six (6) credit hours each semester at UCF as a regular student. Vouchers will be accepted as “payment” for the course(s) in which the employee enrolls and as long as he or she earns a grade of ‘C’ (2.00) or better in an undergraduate course or a ‘B’ (3.00) or better in a graduate course, no repayment to the university is expected. Should the employee earn a grade below that specified, he or she shall be held responsible to repay the university an amount equal to the voucher in question to cover tuition and fee cost, not including late fees. Repayment in full is expected if withdrawal from a course occurs after the official withdrawal date. The Student Accounts Office will bill employees, if applicable.
   (b) The Tuition Free Program vouchers cannot be used in conjunction with any other voucher or tuition waiver program.
   (c) The University has the authority to designate which courses are classified as eligible for the tuition voucher program. Courses ineligible for the tuition voucher program include, but are not limited to: courses offered through other State Universities or Community Colleges: Continuing Education; independent study; supervised research; supervised teaching labs; thesis hours; dissertation; internships; co-ops; or applied, individualized instruction in Music, Art or Dance.

6C7-3.0032 Additional State Compensation for UCF Employees.
(1) The Dual Compensation and Overload Policies of the University of Central Florida shall operate in accordance with the following paragraphs.
(2) University employees engaged in activities for which additional state compensation will be provided and who are otherwise employed on a full-time basis by this university may be compensated for the total of all additional state compensation activities during each fiscal year at a level not to exceed twenty-five percent (25%) of their contracted salary rate or $6500 whichever is greater, for the same fiscal year.
(3) UCF employees who accrue annual leave are required to take annual leave or leave without pay if the activity for which additional state compensation is requested conflicts with their primary assigned work schedule.

6C7-3.010 Faculty Evaluation and Improvement.

(1) This rule shall apply to all regular faculty members, tenured or non-tenured.

(2) General Policy.

(a) Faculty members, tenured or non-tenured, shall be evaluated at least once annually by their supervisor on the basis of individual total performance in fulfilling responsibilities to the university. The basic purpose of the evaluation is faculty improvement in the functions of teaching, research, service, and any other duties that may be assigned or that may be appropriate to the assignment, with the resulting enhancement of learning, cultural advancement, and the production of new knowledge. This evaluation shall precede and be considered in recommendations and final personnel decisions. The following evaluation shall be made for each I & R faculty member:

1. Chairman’s Evaluation – annual – see subsection (3) below.
2. Faculty Evaluation of Faculty – see subsection (4) below.
3. Student Evaluation of Faculty – see subsection (5) below.

(b) The annual evaluation period shall begin at the start of the summer session (if appropriate) and will end at the termination of the following spring session of classes. Annual evaluations will be performed in accordance with the section on Chairman’s Evaluation of Faculty (see subsection (3) below).

(3) Chair Evaluation of Faculty.

(a) The Chair’s evaluation shall be prepared in writing on a form approved by the Provost see UCF Form AA-17. This evaluation shall be based upon assigned duties and shall take into account the nature of the assignment including: Teaching effectiveness; research & creative activities; service; and other assigned university duties. This evaluation will provide an assessment of overall performance. Ratings shall be in the form of a 5-category scale (outstanding, above satisfactory, satisfactory, conditional, unsatisfactory).

(b) Evaluations by chair should take into consideration the faculty member’s performance in each area (e.g., teaching, research, service, other assigned duties) utilizing all available evaluation materials. FTE assignments should be considered in arriving at the final overall rating; however, the categories which have been identified by the department and/or college as being particularly important to the mission and objectives of department and/or college should influence the overall rating substantially.

(c) A detailed and comprehensive commentary on outstanding, conditional or unsatisfactory ratings shall be furnished by the chair.

(d) The evaluation shall include suggestions for improvement where appropriate and provides for comments and signature by the person being evaluated.

(e) 1. Each department chair will complete a draft of the annual evaluation of each departmental faculty member prior to the end of the spring session.
2. Copies of the finalized written evaluation shall be filed in the faculty member’s official personnel evaluation file that is maintained in the dean’s office.

(4) Faculty Evaluation of Faculty.

Faculty evaluation of faculty will be utilized in review of faculty promoting and tenure applications.

(5) Student Evaluation of Faculty.

Input from students shall constitute only one appropriate source of data to be considered in the evaluation of teaching effectiveness. The teaching effectiveness of each faculty member may be evaluated in writing by students enrolled in his or her classes.

(a) All class taught by full or part-time faculty members, including those taught by adjuncts, instructors, or graduate assistants, are to be assessed, with the exception of courses described in paragraph (b) below.

(b) Courses or class sections that may be excluded from student assessment include:

1. Courses involving individual instruction such as independent study, internship, and practicum;
2. Courses or call sections involving types of instruction that occur outside the traditional classroom or laboratory setting and for which these assessment items would not be appropriate, i.e., distance learning courses; and
3. Class sections for which the number of respondents to the instrument is so small as to make the results of limited statistical usefulness.

(c) For class sections co-taught by two or more faculty members separate assessment of each instructor is encouraged.

(d) The student evaluation is to be administered during the last three weeks of scheduled instruction and during class session in which no exam is scheduled.

(e) Students shall be given a minimum of (15) fifteen minutes for explanation and completion of the student evaluation instrument during which time the instructor(s) shall not be present.
(f) Full- and part-time faculty including instructors, adjuncts, and graduate assistants may add individualized questions to the student evaluation instrument.

(g) Full- and part-time faculty members, including instructors, adjuncts, and graduate assistants may use other forms of student evaluation for their individual use.

(h) Summaries of all evaluations shall be sent to the college dean for distribution to the department or unit and the faculty member being evaluated.

(6) Terminal Degree Expectations.

Regular faculty members whose appointment was made with mutual expectation of rapid attainment of the terminal degree in their field must be evaluated with regard to their progress toward that degree. Three years is the maximum time allowable for completing the degree. Written reminder of this policy shall be given prior to June 1 of the second year of service if the degree has not been awarded by that time. Progress toward the completion of the terminal degree is acceptable and may be included as part of professional development in the annual evaluation (however, anticipation of the receipt of an advanced degree alone is insufficient as support for tenure, promotion, or salary adjustment).

Specific Authority 1001.74(4), 1012.94 FS. Law Implemented 1001.74(19), 1001.75(3), 1012.94 FS. History–New 10-8-75, Amended 11-10-77, 7-7-81, Formerly 6C7-3.10, Amended 4-23-03.

6C7-3.011 Tenure.

(1) Scope. This rule shall apply to all faculty members.

(2) General Policy.

(a) The award of tenure shall provide annual reappointment until voluntary resignation, retirement, removal for just cause, or layoff.

(b) University of Central Florida adheres to the Board of Governors Rules 6C-5.940, F.A.C., governing tenure and permanent status.

(c) University of Central Florida adheres to the provisions of any applicable collective bargaining agreement regarding tenure procedures.

(d) There shall be sufficient discipline flexibility in the interpretation of the standards for tenure so that individuals have a reasonable expectation of fulfilling the requirements.

(e) A faculty member shall be recommended for promotion to associate professor prior to or at the same time tenure is recommended. To save time for both faculty members and committees, the application for both status changes shall proceed simultaneously. A vote for promotion to associate professor shall precede the vote on tenure at department, college, and university levels.

(f) If an employee has at least three (3) years of tenure-earning credit as of the effective date of a modification to the tenure criteria, the employee shall be evaluated for tenure under the criteria as it existed prior to modification unless the employee notifies the university at least thirty (30) days prior to the commencement of the tenure consideration that he/she chooses to be evaluated under the newly adopted criteria.

(3) Tenure Criteria.

(a) “Tenure is awarded upon the demonstration of highly competent performance. Tenure criteria shall address the areas of teaching; research and other scholarly activities; and service to the public, the discipline, and the university including those professional responsibilities consistent with faculty status. These criteria shall take into account the mission and needs of the institution and shall place appropriate emphasis upon teaching and teaching-related scholarship. In this regard, the institution shall ensure that teaching is evaluated broadly, including assessments by peers and students, and that teaching performance is prominently considered in the award of tenure.” (paragraph 6C-5.940(1)(b), F.A.C.)

(b) “The recommendation of an employee for tenure shall signify that the Chief Administrative Officer is satisfied the employee will continue to make significant professional contributions to the University and the academic community. Upon recommendation by the Chief Administrative Officer and approval by the Board, tenure shall be awarded.” (paragraph 6C-5.940(1)(j), F.A.C.)

(c) Tenure is an employment classification achieved by the faculty member and shall be based on demonstrated ability and performance in the areas of teaching, research, other scholarly activities, and service. For tenure, performance over the entire term of appointment at UCF shall be considered. For candidates with prior credit towards tenure, performance before appointment at UCF shall also be considered.

(d) The quality, quantity, and consistency of such performance must provide evidence of the candidate’s value to the university and assurance of potential for the future.

(e) In general, the standards of performance expected for tenure in teaching, research, scholarship, and service shall be the same as for the rank the candidate shall hold for the year in which tenure shall be awarded.
(f) Candidates for tenure shall have demonstrated effectiveness in teaching. Evaluation of teaching by peers, students, administrators, and the candidates themselves as well as teaching-related scholarship shall be considered in assessing competency in teaching and teaching effectiveness. Development of innovative course materials and teaching methodology, curriculum development, special teaching responsibilities, awards or other public recognition of teaching, and other teaching related activities shall also be considered in assessing competency in teaching and teaching effectiveness.

(g) It is the responsibility of the candidate to ensure that the tenure file is accurate and complete.

(4) Procedure for Granting Tenure.

(a) At the time a faculty member becomes eligible for tenure consideration, he/she shall submit an application in accordance with the application format that is available in the Office of Academic Affairs. Normally, a faculty member will consult with the appropriate department chair or unit administrator before submitting an application. However, a faculty member may submit an application without an endorsement from the department chair. Time spent on paid leave shall be tenure-earning unless otherwise agreed at the time of such leave. Time spent on unpaid leave shall not be credited as tenure-earning except as approved by the President or designee.

(b) Outside review: Each faculty member being considered for tenure shall have all relevant material from his/her application file submitted to four outside experts for evaluation. The outside experts are to be selected using the following procedures:

1. The department chair and the department promotion and tenure committee shall jointly select a panel of four outside reviewers; and the faculty member being considered for tenure shall nominate a panel of four outside reviewers. The final panel of outside reviewers shall consist of four persons: two selected by the faculty candidate from the panel proposed by the chair and the promotion and tenure committee, and two selected by the chair and the promotion and tenure committee from the panel proposed by the faculty candidate. When a department chair is under consideration for tenure, his/her dean shall appoint a person to participate in the tenure process in the role of the chair’s supervisor.

2. Outside reviews shall be required for all tenure candidates.

3. Outside reviewer’s comments shall be based upon a professional resume and relevant material provided jointly by the chair and the candidate to the outside reviewers. In the event that an agreement cannot be reached on the relevant material, the department promotion and tenure committee shall adjudicate the matter.

4. In all instances, a standard letter provided by the Office of Academic Affairs shall be used by the department chair for the purpose of submitting material for outside review. When a chair is a candidate, his/her immediate supervisor shall handle this process.

(c) The vote of the tenured members of the department or unit shall be obtained by the appropriate department or unit administrator in a secret poll, the results of which shall be forwarded with the tenure application. The administrator shall not vote in this secret poll.

(d) Evaluation of the candidate by a committee consisting of other tenured or tenure-earning faculty members shall also be considered during the process.

(e) The tenure application shall be evaluated by the appropriate department chair, the college dean, the vice president for academic affairs, and the president. The tenure application shall be approved by the president before the president can submit the tenure nomination to the Board of Governors.

(f) The recommendation shall be accompanied by supporting materials as listed below:

1. An application in a format provided by the Office of Academic Affairs.

2. All annual performance evaluations over the entire term of appointment at UCF.

3. The candidate has the option of not including annual tenure appraisals from the entire term of appointment at UCF. However, the reviewers at any stage during the review process may request to include the annual tenure appraisals.

4. Annual assignments for at least the prior five (5) years at UCF, or such years, if fewer than five (5), that the faculty member has been at UCF. The faculty member may supplement this submission with annual assignments from other accredited universities.

5. A summary evaluation by the department chair in a format provided by the Office of Academic Affairs.

6. An evaluation of the candidate by faculty in a format provided by the Office of Academic Affairs. These evaluations, which shall be made by committees at department, college, and university levels, shall be in accordance with the procedures regarding these committees as outlined in paragraphs 6C7-3.017(3)(e), 6C7-3.017(3)(f), and 6C7-3.017(3)(g), F.A.C.

(g) The evaluation sequence begins with the department committee, and then advances to the tenured faculty in the department, the department chair, the college committee, the college dean, the university committee, the vice president for academic affairs, and then to the president. Positive and negative recommendations shall be forwarded successively, and the faculty member shall receive a notice of each recommendation at the time it is forwarded.

(h) If the president approves the candidate, the nomination shall be forwarded to the Board of Governors or designee for action. The president shall provide the nominee with a written report of the final action taken by the Board of Governors or designee on the nominated candidate for tenure.

(i) Presidential denial of nomination may be appealed under the applicable UCF grievance procedure (Rule 6C7-3.0131 or 6C7-3.0132, F.A.C.).

6C7-3.0121 A&P Staff Evaluation and Improvement.
(1) General.
(a) A&P staff members of the university shall be evaluated at least annually on the basis of their total performance in fulfilling their assigned responsibilities. The primary purpose of this evaluation is to aid the A&P staff member and University of Central Florida in improving performance and efficiency.
(b) Evaluations shall be considered in recommendations and final decisions relating to salary, retention and assignment or promotion to other responsibilities.
(2) Method of Evaluation.
(a) Evaluators may solicit information from other sources, including where appropriate, faculty and student evaluation material.
(b) Written evaluations shall be prepared in a format approved by the Director of Human Resources, hereby incorporated by reference, entitled “University of Central Florida Administrative & Professional Performance Review” effective 10-2002 which can be obtained by the Department of Human Resources.
(c) A written evaluation shall be reviewed with the A&P staff member prior to being placed in the member’s file.
(d) The absence of a written appraisal in a given year shall result in the same overall rating for the employee as she/he received on the most recently completed written evaluation.
(3) Evaluation Files.
A&P evaluations, when in written form, shall be filed in either the member’s personnel file which is kept in Human Resources, or the members department file.
(4) In addition to the foregoing, evaluations of in-unit A&P staff members shall be subject to the provisions of any applicable collective bargaining agreement.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3), 1012.91 FS. History–New 4-30-81, Amended 11-4-90, Formerly 6C7-3.121, Amended 4-23-03.

6C7-3.0122 Resignation and Non-reappointment of Non-unit Faculty and Administrative and Professional Staff Members.
(1) Resignation by the Employee.
(a) Non-unit Faculty and Administrative and Professional (“A&P”) staff members shall give one month written notice of resignation if possible.
(b) Failure to provide at least two (2) weeks written notice of resignation will result in the employee being designated as ineligible for rehire, except in cases of medical or family emergency, or where the employee’s early departure is approved by the University.
(2) Non-reappointment by the University.
(a) Non-unit administrative faculty and A&P staff members have no expectation of continued employment beyond the terms of non-reappointment listed herein. These employees may be given a notice of non-reappointment for any reason, subject to the reasonable notice provisions herein. Notice is provided to allow time for the employee to seek other employment, either with UCF or elsewhere.
(b) The University reserves the right to terminate an appointment contract. An employee may be notified of non-reappointment at any time during the term of the appointment contract, and this supersedes any term provisions of a contract.
(c) Non-reappointment means an employee is given written notice of termination of the employment relationship with the University after the end of the applicable notice period as set forth below.
(3)(a) Non-unit Faculty and A&P staff members with up to 6 months of employment in their current pay plan, may be given two weeks notice terminating the employment relationship. Two weeks pay may be given in lieu of notice.
(b) Non-unit Faculty and A&P staff members with at least six months but fewer than 12 months of employment in their current pay plan may be given three months written notice terminating the employment relationship.
(c) Non-unit Faculty and A&P staff members with at least 12 months but fewer than 24 months of employment in their current pay plan, may be given six months written notice terminating the employment relationship.
(d) Non-unit Faculty and A&P staff members with two or more years of employment may be given twelve months written notice terminating the employment relationship.
(4) The decision not to offer further appointment to a University staff member shall not be based on constitutionally or statutorily impermissible grounds.
(5) Following receipt of the notice of non-reappointment, a University staff member may be reassigned to other duties and responsibilities. Regardless of a reassignment, however, the employer is committed to compensate the employee until the effective date of non-reappointment.
(6)(a) Notwithstanding paragraph (d) above, for employees who are on “soft money,” e.g., contracts and grants, sponsored research funds, and donations trust funds with less than five continuous years of service on such “soft money” appointments in their current pay plan, no notice need be provided. For employees on “soft money” with five years or greater of such continued service in their current pay plan, ninety (90) days notice shall be provided contingent upon funds being available in the contract, grant or fund.
(b) All such employees referenced in paragraph (a) above shall have the following statement included in their employment contracts: “Your employment is funded by ‘soft money’ as defined in paragraph 6C7-3.0122(6)(a), F.A.C., and may cease with little or no notice as provided therein.”

(7) Notwithstanding any of the above, employees hired on Executive Service appointments may have their employment terminated with sixty (60) days written notice.

6C7-3.0123 Layoff.
Layoff of any UCF Faculty member or any UCF A&P or USPS staff member will be made in accordance with the provisions of Board of Governors Rule 6C-5.955, F.A.C. The UCF President, or designated representative, is responsible for issuance of any notifications required.

Specific Authority 447.209, 1001.74(4), (19) FS. Law Implemented 447.209, 1001.74(19), 1001.75(3) FS., 6C-5.955, F.A.C. History–New 4-30-81, Formerly 6C7-3.123, Amended 4-23-03.

6C7-3.0124 Discipline and Termination for Cause of Non-unit Faculty and A&P Staff Members.
(1) Just cause shall be defined as:
   (a) Incompetence or.
   (b) Misconduct.

(2) Termination and Suspension.
   (a) The appointment of a non-unit faculty or an A&P staff member may be terminated or suspended during its term for just cause. The employee shall be given a written predetermination notice of a proposed termination or suspension by the president or his designee. The notice shall state the reasons for the proposed termination or suspension. The predetermination notice shall provide the opportunity for a predetermination conference, if requested in writing within five days of receipt of the predetermination notice. A final notice shall be issued to notify the employee of the University’s final decision. Any termination or suspension imposed under this subsection shall take effect as set forth in the final notice issued by the President or designee. An employee who is terminated or suspended under this subsection may grieve such action as set forth in Rule 6C7-3.0132, F.A.C.

   (b) The president or designee retains the right to impose disciplinary action, other than termination or suspension, for just cause. The employee shall be given written notice of any disciplinary action. The notice shall state the reasons for the disciplinary action. Any disciplinary action taken under this section shall be subject to the grievance procedure found in Rule 6C7-3.0132, F.A.C., as applicable. Counseling shall not be considered disciplinary action under this section.

(3) Suspension Pending Hearing. Notwithstanding the provisions of paragraph (2)(a) above, the president or his designee may immediately suspend an employee from the performance of duties when the president or designee has reason to believe that the employee’s presence on the job would adversely affect the functioning of the university or jeopardize the safety or welfare of any employees or colleagues. A suspension may be with or without pay. Within two work days of the effective date of a suspension, excluding weekends and official holidays, the president or president’s designee shall serve written notice upon the employee, including a statement of the reasons for any action taken. If the employee has been suspended without pay and ultimately prevails in the predetermination procedure, the employee shall be reinstated with back pay.

6C7-3.0131 Grievance Procedures for In-unit Employees.
(1) Scope.
This rule applies to those university employees whose terms of employment are covered by the provisions of a binding collective bargaining agreement.

(2) Faculty and A&P.
In-unit Faculty and A&P employee grievances shall be processed in accordance with the procedures established by the applicable collective bargaining agreement.

(3) University Support Personnel System.
   (a) If a USPS employee has a grievance which may be processed under the provisions of the applicable bargaining agreement and which also may be appealed through the procedures set forth in Rule 6C-5.760, F.A.C., the employee shall elect at the outset which procedure is to be used and such election shall be binding on the employee. In the case of duplicate filing, the action first filed will be the one processed.

   (b) When an in-unit employee selects to process a grievance through the non-unit procedures authorized by Rule 6C-5.760, F.A.C., said grievance shall be handled in accordance with the terms of the university’s “Non-Unit Grievance Procedures,” Rule 6C7-3.0133, F.A.C. Copies of these university grievance procedures may be obtained from University Personnel Services.

(4) Discrimination Grievances.
In addition to the foregoing procedures, whenever a written grievance alleges discrimination against an employee, the provisions of UCF Rule 6C7-3.0134, F.A.C., also apply.
6C7-3.0132 Grievance Procedures for Non-unit Faculty and A&P Staff Members.

(1)(a) The purpose of this rule is to promote a prompt and efficient procedure for the investigation and resolution of grievances filed by non-unit Faculty and A&P employees of the University.

(b) All problems should be resolved, whenever possible, before the filing of a grievance, and open communication is encouraged so that resort to the formal grievance procedure will not be necessary. Informal resolution of grievances is encouraged, and may be continued throughout the process.

(c) The burden of proof shall be on the University in a grievance alleging violation of Rule 6C7-3.0124, F.A.C., entitled “Discipline and Termination for Cause of Non-Unit Faculty and Administrative and Professional Staff Members”. In all other grievances, the burden of proof shall be on the grievant.

(d) An employee who receives written notice of non-reappointment may grieve the decision because of an alleged violation of a specific University rule or because of an alleged violation of law.

(2) Resort to Other Procedures. It is the intent of this procedure to provide a complete response to a grievance but not to encourage multiple processing of the same issue. Therefore, if, prior to seeking resolution of a dispute by filing a grievance under this rule, or while the grievance proceeding is in progress, a grievant seeks resolution of the matter in any other forum, administrative or judicial, the University has no obligation to enter or proceed further with the matter pursuant to this grievance procedure. It is not intended that the grievance procedure be a device for appellate review. The University’s response to a recommended order of a hearing officer acting pursuant to Chapter 120, Florida Statutes, or to other individuals or groups having appropriate jurisdiction in any other procedure, shall not be an act of omission giving rise to a grievance under this procedure.

Nothing in this rule shall be construed to restrict the rights of employees to seek redress or remedy under Chapter 120, Florida Statutes, where substantial interests of a party are involved. The University shall not entertain a grievance based upon the same issue adjudicated in another forum.

(3) Time limits. All time limits contained in this rule may be extended either upon approval by the director of Human Resources or by mutual agreement of the parties. Upon failure of the university or its representatives to provide a decision within the time limits provided in this rule or any extension thereof, the grievant may appeal to the next appropriate step. Upon the failure of the grievant or counsel to file an appeal within the time limits provided in this rule or any extension thereof, the grievance shall be deemed to have been resolved at the prior step.

(4) Definitions.

(a) The term “grievance” shall mean a dispute concerning the interpretation or application of a university or State Board of Education rule, regulation, or policy.

(b) The term “days” shall mean calendar days. In the event an action falls due on Saturday, Sunday or a State Holiday, the action will be considered timely if it is accomplished by 5:00 p.m. on the following business day.

(c) The term “grievant” shall mean a non-unit Faculty or A&P employee who has been directly affected by an act or omission and who has filed a grievance. The term “grievant” shall not mean a former employee, except that a terminated employee may present a grievance within the time limit set forth below following his or her termination.

(d) The term “Vice President” shall mean the University of Central Florida Vice President of the division in which the grievant is employed.

(e) The term “Division” shall mean an area administered by a Vice President.

(f) The term “counsel” shall mean an attorney or lay advisor.

(5) Presentation of a Grievance.

(a) Informal resolution of grievances is encouraged with resort to formalized procedures established by this rule being utilized only when informal discussions and procedures at the appropriate lowest administrative level do not satisfactorily resolve differences.

(b) A Step One grievance within the meaning of these procedures shall be commenced upon filing with the appropriate Vice President a written grievance in a form approved by the Director of Human Resources, as follows. If the act or omission on which the grievance is based is alleged to have been made personally by the grievant’s vice president, the grievant may, in writing, request the university president to appoint another vice president described.

University Rule or Regulation Violated:
Statement of grievance including date of act(s) or omission(s) complained of:

Remedy Sought:
I will be represented in this grievance by: (check one) ( ) Myself ( ) Legal Counsel ( ) Other, specify
I do ( ) do not ( ) want a postponement for up to 25 days to seek further informal resolution of this grievance.
I understand that this grievance will not be processed if the act(s) or omission(s) complained of herein are, or become, the
subject of any other administrative or judicial proceeding.

This grievance was filed with the Vice President of _____ on the _____ day of ____, 20___, by (check one)
( ) certified or registered, restricted delivery, return receipt requested mail
( ) personal delivery ___________________

(c) A grievance shall be filed no later than 25 days from the date following the act or omission giving rise to the grievance, or
25 days from the date the grievant acquires knowledge, or could have reasonably been expected to have acquired knowledge, of the
act or omission.

(6) Step One Procedures.
(a) If informal resolution is not successful and the grievant wishes to pursue the matter the grievance shall be committed to
writing and shall be submitted to the Vice President. Upon receipt of the written grievance the Vice President shall name three
persons to serve on the grievance panel and shall designate one of the three persons to serve as a chair. The Panel shall be composed
of three University of Central Florida non-unit Faculty or A&P employees. The Panel shall be selected from a pool of panelists
consisting of at least three employees from each division of the University.

(b) The Grievance Panel shall meet with the Grievant and the Grievant’s representative if the Grievant so desires, and establish
the facts giving rise to the grievance through informal conferences which shall be completed within twenty-five (25) days following
receipt of the grievance by the Vice President. The Panel shall interview the Step One reviewer and others in addition to the
Grievant to seek out other evidence in order to recommend an appropriate resolution of the grievance. The investigation shall be as
informal as possible, yet compatible with the interests of determining a rational resolution of the grievance. The Panel shall, within
twenty-five (25) days following the conclusion of the informal conferences with the Grievant, submit to the Vice President findings
with respect to the grievance, together with a proposed resolution of the matter grieved. The report shall indicate what evidence is
deemed pertinent, and upon what basis the proposed resolution was reached.

(c) Within twenty-five (25) days following the receipt of the findings and proposed resolution, the Vice President shall render
a decision in writing which shall either:
1. Accept the findings and proposed resolution as submitted, or
2. Modify the findings and proposed resolution, but in such cases, shall state in writing the reasons for departing from the
report, and distribute the decision to the Grievant.

(7) Step Two Procedures.
(a) If the Grievant is unsatisfied with the decision in Step One, and wishes to pursue the matter, the Grievant may file a written
appeal with the President within twenty-five (25) days from the date of the grievant’s receipt of the Vice President’s Step One
decision. The President may elect to hear the matter personally, may appoint a representative to hear the matter, or, if the matter
grieved involves a substantial interest of the grievant, may request that a hearing officer be appointed from the Division of
Administrative Hearings. In any event, a hearing shall be commenced and conducted in accordance with Section 120.57, Florida
Statutes. Such hearings shall be open to the public. Time limits shall be as established by law. The report of the president’s designee
or hearing officer shall be considered by the President in accordance with the procedures established by Chapter 120, Florida
Statutes, and may be adopted, modified, or rejected by the President or designee. The decision of the President or designee shall be
a final agency order.

(b) For the purpose of the hearing conducted pursuant to Step Two, the grievant shall be deemed the petitioner, and the
University the respondent, except in those instances where the grievant has been charged with misconduct, whereupon the
University shall prepare the petition and carry the initial burden of proceeding with the evidence before the hearing party.

In addition to the foregoing procedures, whenever a written grievance alleges discrimination against an employee, the
provisions of UCF Rule 6C7-3.0134, F.A.C., also apply.

6C7-3.0133 University Support Personnel System Non-Unit Grievance Procedure.

(1) STATEMENT OF PURPOSE:

(a) The primary purpose of this grievance procedure is to maintain sound employee relations. It is essential that each employee be given the opportunity to bring complaints and problems to the attention of management with the assurance that they will receive appropriate review. All parties to this process should remain aware that it is the intent of this grievance procedure that, whenever possible, grievances should be resolved at the lowest level possible.

(b) Questions regarding the procedure may be directed to the employee relations section of Human Resources. The time limits expressed in this procedure should be viewed as maximum and all efforts should be directed at resolving a grievance in the most timely manner possible. Extensions to these time limits will require the approval of the Director of Human Resources. When a management representative fails to communicate a required decision within the specified time limit, the employee is authorized to proceed to the next step. Failure to proceed to the next step shall be deemed a withdrawal of the grievance without resolution.

(2) GRIEVANCE GENERALLY:

(a) A grievance is defined as the dissatisfaction that occurs when an employee believes that any condition affecting the employee’s terms and conditions of employment is unjust, inequitable, or creates a problem, except that an employee shall not have the right to file a grievance concerning performance appraisals unless it is alleged that the appraisal is based on factors other than the employee’s performance.

(b) Suspensions, involuntary reductions in pay, transfers, layoffs, involuntary demotions and discharges shall not be considered as grievances under this process, and review of such actions may be handled in accordance with the provisions of Board of Governor Rule 6C-5.950, F.A.C.

(c) Employees who have not obtained permanent status in the University Support Personnel System (USPS), may bring a grievance to the immediate supervisor. If the decision of the immediate supervisor is not satisfactory, the employee may discuss the grievance with the next level supervisor whose decision shall be final. Employees without permanent status shall not have the right to proceed with a grievance to a review and final decision of the appropriate vice president.

(d) The burden of proof shall be on the University in a grievance alleging violation of Rule 6C7-3.0191, F.A.C., entitled “Disciplinary Action – University Support Personnel System.” In all other grievances, the burden of proof shall be on the employee.

(3) STEP ONE: An employee must file a grievance with the employee’s immediate supervisor either orally or in writing. It is suggested at this step that the grievance be handled orally. The employee must request a meeting with the supervisor in order to discuss and resolve the problem. The meeting must be requested within five work days (excluding official paid holidays) from the date that the employee becomes aware of the act or omission giving rise to the grievance. The immediate supervisor shall provide the employee with a response to the grievance within five work days of the date of the discussion.

(4) STEP TWO:

(a) If the employee considers the immediate supervisor’s grievance response unsatisfactory, believes the grievance discussed with the immediate supervisor still exists, and wishes to pursue resolution of the grievance, the grievance shall be reduced to writing, hereby incorporated by reference, on Form No. HR-930, entitled “University Support Personnel System (USPS), University Grievance Procedure, (Rev. 9-22-00) which is incorporated herein by reference and may be obtained from Human Resources. The employee should be specific in the written grievance and clearly show what term or condition of employment is adversely affected and what action is requested to resolve the grievance. The grievance shall be filed with the college dean or director within five work days after receiving the immediate supervisor’s response at the informal step, with a copy sent to the Director of Human Resources.

(b) The college dean or director should confer with the aggrieved employee and others, as appropriate, in order to fully investigate the grievance. Human Resources will remain available to assist in any problem resolution and to ensure that no violation of applicable rules or regulations is involved. The college dean or director shall provide a written response to the grievance within five work days after receiving the employee’s written grievance and send a copy to the Director of Human Resources.

(5) STEP THREE: If the employee considers the college dean’s or department director’s response unsatisfactory and wishes to pursue resolution of the grievance, the employee shall file the written grievance and response with the appropriate vice president within five days after receiving the college dean’s or department director’s decision, with a copy sent to the appropriate college dean or department director (step two administrator) and the Director of Human Resources. The vice president shall, within fifteen work days after receiving the grievance, appoint a five member Peer Review Committee and name one of its members chair. The Peer Review Committee shall meet and within fifteen work days after appointment, provide the appropriate vice president with a written recommendation. The vice president shall issue a final decision to the grievant, within fifteen work days after receiving the recommendations of the Peer Review Committee and send a copy to the appropriate college dean or department director (step two administrator) and the Director of Human Resources.

(6) APPEAL PROCESS: The vice president’s decision shall be final and binding on all parties with the exception of grievances alleging the university’s failure to comply with Board of Governor Rules, in which case, having completed steps one through three, the aggrieved employee shall have the right to file a grievance within five work days of the university’s decision with the Chancellor.

(7) PEER REVIEW COMMITTEE:
(a) A pool shall be appointed, composed of at least three employees from each vice presidential or like divisional area, to serve on peer review committees. A vice president or like division head may then appoint any five pool members to a Peer Review Committee for the purpose of reviewing a specific grievance. A chair of a Peer Review Committee shall be responsible for the following:

1. Making arrangements for a suitable meeting place for grievance reviews and notifying the other members of the time and place of such meetings.
2. Assuring that the grievance review meetings are conducted in an orderly manner.
3. Assuring that the committee’s written summary of the findings and recommendations is submitted to the appropriate vice president in a timely manner.

(b) The Peer Review Committee shall conduct a full review of the grievance, and consider:

1. A review of the written record of the grievance;
2. Asking questions of the grievant, step two administrator and supervisor; and
3. Contacting individuals who have information concerning the grievance.

(c) Shall present in writing to the appropriate vice president the committee’s summary of its findings and its recommendations for the disposition of the grievance.

Specific Authority 1001.74(4) FS. Law Implemented 110.205(2)(d), 1001.74(19), 1001.75(3) FS. History–New 12-27-83, Formerly 6C7-3.133, Amended 11-8-87, 1-6-93, 4-23-03.

6C7-3.0134 Grievances Alleging Discrimination.

(1) This rule applies to all university faculty, A&P and USPS employees.
(2) General. UCF Rules 6C7-3.0131, 6C7-3.0132 and 6C7-3.0133, F.A.C., provide the administrative procedures to be used for processing employee grievances. In addition to those procedures, employee grievances alleging discrimination against the employee are subject to the additional regulations shown in subsection (3) below.

(3) Processing Grievances Alleging Discrimination.

(a) When an allegation of discrimination is involved, the grievant may elect to submit a written grievance as follows:

1. Through the channels prescribed by the applicable rule listed in subsection (2) above, OR
2. Unless specifically prohibited by the terms of an applicable collective bargaining agreement, directly to the university’s Office of Equal Opportunity and Affirmative Action (EO/AA). A representative of that office will communicate with those involved in the grievance.

(b) If the grievance is submitted through the channels prescribed by subsection (2) above, the supervisor or other official first receiving the written grievance shall bring the matter to the attention of the Director of EO/AA and that director’s recommendations shall be considered during the formal processing procedure.

(c) If the grievance is submitted directly to the Director of EO/AA, the grievant will be notified in writing of the findings of the investigation. Findings from this procedure may be considered in a process initiated in subsection (2) above, but no grievance will be considered in more than one forum at a time.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History–New 12-27-83, Formerly 6C7-3.134, Amended 1-6-93, 4-23-03.

6C7-3.014 Faculty and Administrative and Professional Development Leave Program.

(1) Purpose: To make available to eligible faculty and A&P members a period to be devoted to scholarly activities for the purpose of intellectual renewal and improvement and updating of professional competence to enhance the employee’s potential to the university.

(2) In-unit Faculty and A&P: All leave programs for in-unit employees shall be conducted in accordance with the applicable provisions of any then-current collective bargaining agreement.

(3) Non-Unit Employees:

(a) The following leave programs are available to non-unit Faculty and A&P:

1. Professional Development Leave.
2. Job-Required Study Leave which shall, upon determination of the supervisor that course work is job required and that departmental needs can be met while employee is on leave, be made available to employees required to take academic course work as part of their assigned duties. Time spent during work days to attend classes under this leave shall not be charged to the employee’s accrued leave time.
3. Job-Related Leave. Leave may be granted to permit the employee to attend up to six credits of course work during work hours when the supervisor determines that the course work is job-related and that departmental needs can be met while the employee is on leave. Time spent during work days to attend classes under this type of leave shall be charged against the employee’s accrued leave time.
4. Leave Without Pay, subject to the provision that any accrued annual or compensatory leave must be taken prior to the beginning of a leave without pay granted for the purpose of taking course work.

(b) Non-Unit Employee Applications:
1. Applications for Job-related leave, Job-required study leave or Leave Without Pay (when for the purpose of attending course work) shall be made, in writing, to the employee’s immediate supervisor. Supervisors are authorized to select the recipients of these types of leave subject to any quotas which may be imposed by the university.

2. Applications for Professional Development Leave must be submitted, through administrative channels, to a selection committee composed of personnel as may be appointed by the president or designee. Persons serving on the selection committee must be non-tenure or administrative faculty, non-unit faculty, or A&P employees.

(c) Selection Criteria: Selection of non-Unit recipients will be made on the basis of a briefly outlined planned development program furnished in writing by the applicant. The following will be the primary elements considered in determining priority:

1. The merit and logic of the project presented;
2. A realistic assessment of the benefits to accrue to the individual and the university;
3. Availability of awards, fellowships, or grants to the applicant which will supplement the leave;
4. Length of time since the individual has last been relieved of teaching or administrative duties for the purpose of research or scholarly activities.

5. In the case of Professional Development Leave for non-unit faculty, special consideration will be given to administrators returning to full teaching assignments.

(d) The selection committee shall provide the president with a priority listing of eligible, non-unit, applicants for Professional Development and/or Faculty Development Leave. Final selection shall be made by the president.

(e) Recipients of Faculty and Administrative and Professional Employee Development Leave agree to forego other applicable professional development leave which might be available, such as sabbatical leave.

6C7-3.017 Promotion of Faculty.

(1) Policy.

(a) University of Central Florida adheres to the regulations of the Board of Governors governing promotion (Rule 6C-5.935, F.A.C.).

(b) There should be sufficient discipline flexibility in interpretation of the standards for promotion so that individuals may have reasonable expectation of fulfilling the requirements.

(c) A faculty member should normally be recommended for promotion to associate professor prior to or at the same time that tenure is recommended. To save time for both faculty member and committees, the necessary papers for both will go forward simultaneously. It is recommended that the vote for promotion precede the vote on tenure at department, college, and university levels.

(2) Nomination Eligibility.

(a) Promotion to assistant professor. The candidate is expected to have demonstrated his/her competency in the area of teaching. Except in unusual cases, the individual should hold the doctorate or terminal degree in his/her field of specialization.

(b) Promotion to associate professor.

1. The rank of associate professor signifies significant accomplishment in scholarship, teaching, and service worthy of status as a member of the senior faculty.

2. Promotion from assistant to associate professor calls for substantial contributions in teaching, scholarship, as well as acceptable service contributions or other university duties. The record must demonstrate professional accomplishment beyond the doctoral or terminal degree level of the specific discipline. Contributions must be substantive, although the quality of the contributions or the length of time over which the contributions have been accumulated may be less than that required for the rank of professor.

(c) Promotion to professor. The rank of professor reflects not only an individual’s contributions within the institution but also denotes a status and level of significant achievement among one’s disciplinary peers on a national or international level. The standards in each of the colleges call for distinction in scholarship or teaching with substantial accomplishments in service or other university duties. Substantial contributions of a continuing nature in each of the areas, beyond that expected of an associate professor, are necessary components for the achievement of the rank of professor.

(d) Criteria for promotion to all faculty ranks shall also consider service to public schools. Service to public schools shall be included under service or research/creative activities, as appropriate. Judgments pertaining to the decision to promote a faculty member being nominated shall include the faculty member’s activities involving public schools under the following circumstances:

1. The faculty member has been assigned such activities and has been given a reasonable opportunity to perform such activities, or
2. The faculty member requests that such activities be included.

(3) Procedures for Recommending Faculty Members for Promotion.

(a) Recommendations for promotion will be initiated by the department chair and evaluated successively by the dean of the college, the vice president for academic affairs, and the president. The dean of the college will initiate recommendations for promotion of chairs, assistant deans, and persons occupying similar positions.
(b) Recommendations by chairs and deans should be brief, and cite reasons for recommendations.

(c) Outside review. Each faculty member being considered for promotion will have all relevant material from his/her application file submitted to four outside experts for evaluation. The outside experts are to be selected using the following procedures.

1. The department chair and the department promotion and tenure committee shall jointly select a panel of four outside reviewers; and the faculty member being considered for promotion shall nominate a panel of four outside reviewers. The final panel of outside reviewers shall consist of four persons: two selected by the faculty candidate from the panel proposed by the chair and promotion and tenure committee, and two selected by the chair and the promotion and tenure committee from the panel proposed by the faculty candidate. When a department chair is under consideration for promotion, his/her dean shall appoint a person to participate in the promotion process in the role of the chair’s supervisor.

2. Outside reviews shall be required for all promotion candidates except that promotion from instructor to assistant professor does not require outside review.

3. Outside reviewers’ comments shall be based upon a professional resume and selected material provided jointly by the chair and the candidate to the outside reviewers. In the event that an agreement cannot be reached as to the selected material, the department promotion and tenure committee shall adjudicate the matter.

4. In all instances, a standard letter provided by the Office of Academic Affairs shall be used by the department chair for the purpose of submitting a file for outside review. When a chair is a candidate, his/her immediate supervisor shall handle the letters and file distributions.

(d) The recommendations will be accompanied by the supporting materials as listed below:

1. A nomination format which will be provided by the Office of Academic Affairs.
2. A summary evaluation by the department chair in a format to be provided by the Office of Academic Affairs.
3. An evaluation of the faculty (candidate) by faculty in a format to be provided by the Office of Academic Affairs. These evaluations will be made by committees at department, college, and university levels, in accordance with the following procedures.

(e) Department promotion and tenure committee:

1. A department promotion and tenure committee shall be established within each academic department to function as an advisory group to the department chair. This committee shall normally not exceed five persons elected by majority vote of the tenured and tenure-earning members of the department. Membership shall be elected from either all tenured and tenure-earning members of the department or only the tenured members (as determined prior to the election process). College promotion and tenure committee members are not eligible for service on a department promotion and tenure committee. If a faculty member is a candidate for promotion and/or tenure, that individual shall not be eligible to serve on the committee.

Department promotion and tenure committee members must remove themselves from voting and be replaced by an alternate in the following cases:

a. Where there is a conflict of interest,
b. If the promotion and tenure committee member is non-tenured and is voting on an applicant who serves in an administrative capacity over that voting member, and
c. If in their judgment, personal factors might impair their objectivity regarding an individual applicant.

2. The committee chair shall be a member of the committee elected by majority vote of its members and shall call the committee into session to transact such business as required. The committee shall, at the request of the department chair, review the evaluation folders of faculty under consideration for a change of status. The department may designate, with approval of the vice president for academic affairs, criteria for evaluation in addition to those in subsection 6C7-3.017(2), F.A.C. Additional criteria must be approved by a majority of the regular full-time faculty members of the department, the department chair, and the dean. The committee will be discriminating in its decision making and will make its review based on consideration of facts and supportive evidence contained in the evaluation folder.

3. An evaluation of the faculty (candidate) by faculty shall be completed for each faculty member evaluated. Each committee member shall vote on each case considered, and the result shall be recorded. Each evaluation must be accompanied by an explanation of the committee’s action.

4. The committee chair shall forward to the department chair the following:

a. A copy of the record of attendance,
b. A copy of each faculty evaluation of faculty (candidate), and
c. The evaluation file.

The committee shall also designate one of its members to orally report the basis for the committee recommendation to the department chair and to the college promotion and tenure committee, if requested by either.

5. The department chair shall, within five calendar days, notify the faculty candidate of the committee’s evaluation.

6. Evaluated faculty members may review the committee’s evaluation. Evaluated candidates choosing to rebut the committee’s evaluation may do so in writing within five calendar days after receipt of notice of the committee’s decision and this rebuttal shall be placed in the candidate’s evaluation file.

(f) College promotion and tenure committee:
1. A college promotion and tenure committee shall be established within each college to function as an advisory group to the dean. The size of this committee, for the purpose of evaluation of faculty, shall be determined by a vote of the majority of faculty members in the college. In no case shall there be less than five members nor more than the number of departments in the college, plus two who will be “at large” representatives. Every department consisting of more than two members shall have at least one representative unless a majority of the members of the department vote to decline to be represented. Each committee member shall serve a term of two academic years. Terms shall be staggered to provide for continuity and uniformity of committee action. Committee members are not allowed to serve two successive terms.

2. The number of committee members shall be the quantity determined in subparagraph 1. above plus one (elected) alternate member.

3. Each department shall elect a representative to the college promotion and tenure committee. “At large” representatives of the college, shall be elected by the faculty of the college. Representatives shall be tenured faculty members elected by majority vote of tenured and tenure-earning faculty of the department (or the college for “at large” representatives). If a department does not have tenured faculty, then the departmental representative will be elected from the tenure-earning faculty of the department. Exempted from service on college promotion and tenure committees are faculty not eligible because of prior service (see subparagraph 1. above), faculty who are candidates for promotion and/or tenure, and those who are members of either department or university promotion and tenure committees. Deans and department chairs are not eligible to serve on college promotion and tenure committees.

4. Members of the college promotion and tenure committee shall be elected at department (or college, for “at large” members) meetings in April. The dean of the college shall serve as the election official. College promotion and tenure committee members must remove themselves from voting and be replaced by an alternate in the following cases:
   a. Where there is a conflict of interest, and
   b. If in their judgment personal factors might impair their objectivity regarding an individual applicant.
   5. No more than two members may be elected from one department.
   6. Nominations for “at large” members shall be restricted to tenured members of the college, and shall be from the floor at the April meeting of the tenured and tenure-earning college faculty. Selection of members shall be by secret ballot and at least by a simple majority of those voting. In the event no nominee receives a majority of the votes cast, a runoff election shall be held among the fewest number of nominees for that particular committee seat whose total vote accumulates to be fifty percent or more of the votes cast. Election results are to be reported by the college dean to:
      a. The college faculty,
      b. The department chairs, and
      c. The vice-president for academic affairs.
   7. The committee chair shall be a member of the committee elected by a majority vote of its members, and shall call the committee into session to transact such business as required. Except for the College of Arts & Sciences, a quorum shall consist of the attendance of all regular committee members. Attendance by eighty percent of the committee members representing the College of Arts & Sciences will constitute a quorum. In case of serious or prolonged illness, the alternate member will serve.

8. The committee shall, at the request of the dean, review those credentials submitted by the department chairs for consideration of faculty change of status. The college may designate, with approval of the vice president for academic affairs, as provided for by the Collective Bargaining Agreement, additional criteria for evaluation at the college-wide level in addition to those in applicable rules. Such additional criteria must be approved by a majority of the regular full-time faculty members of the college and its dean. The committee will be discriminating in its decision making and will make its review based on consideration of the facts and supporting evidence contained in the evaluation folder as well as the written and verbal reports of the department promotion and tenure committee, and the recommendation of the department chair.

9. An evaluation of the faculty (candidate) by faculty shall be completed for each faculty member evaluated. Each committee member shall vote on each case considered, and the result shall be recorded. Each evaluation must be accompanied by an explanation of the committee’s action. Evaluations shall not be an order ranking.

10. The committee chair shall forward to the dean the following:
   a. A copy of the record of attendance,
   b. A copy of each faculty evaluation of faculty (candidate), and
   c. The evaluation file.

11. The dean shall, within five calendar days, notify the evaluated faculty and advise that they may review their evaluation. Evaluated members choosing to rebut the committee’s evaluation may do so in writing within five calendar days after receipt of notice of the committee’s decision, and this rebuttal shall be placed in the member’s evaluation file.

(g) University promotion and tenure committee:

1. The university promotion and tenure committee shall be established to function as an advisory group to the vice president for academic affairs. The university promotion and tenure committee is a reporting committee of the Faculty Senate. It shall consist of six tenured faculty members, elected for staggered two-year terms, who hold the rank of professor, and are active scholars within their particular fields. Each college shall have one member except for the College of Arts and Sciences, which shall have two. The
committee chair is elected by the committee. No member of the committee may be a member of a college promotion and tenure committee. Vacancies are filled during the term in which they occur from the area of the vacating member for the remainder of that person’s term. The committee shall submit all policy concerns regarding promotion and tenure to the chair of the Faculty Senate for consideration by the Faculty Senate. The committee membership will be a matter of public record.

University promotion and tenure committee members must remove themselves from voting and be replaced in the following cases:

a. Where there is a conflict of interest, and
b. If in their judgment personal factors might impair their objectivity regarding an individual applicant.

2. The committee shall, upon request of the vice president for academic affairs, review the evaluation folders of faculty under consideration for change of status. In this review, the committee will rely upon the same criteria used by the department promotion and tenure committee and the college promotion and tenure committee. It will be discriminating in its decision making and will make its review based on consideration of the facts and supporting evidence in the evaluation folder as well as the written reports of the department promotion and tenure committee and department chair, written and verbal reports of the college promotion and tenure committee, and recommendation of the college dean.

3. The committee chair shall forward to the vice president for academic affairs the following:

a. A copy of the record of attendance,
b. A written recommendation,
c. A copy of a memorandum informing the faculty member of the committee’s recommendation and advising the member that any response must be submitted within five calendar days, and
d. The evaluation file.

4. Promotion Decision and Notification.

a. The department chair will notify a faculty member of his/her intent to support or not support promotion and explain the procedure involved.
b. The evaluation process is chair to dean to vice president for academic affairs to president. Positive and negative recommendations will be forwarded successively, and the faculty member will receive a notice of each recommendation at the time it is forwarded.
c. All candidates will be reviewed by the vice president for academic affairs and the president. Final decisions shall be made by the president and rendered in writing.
d. Promotions will normally become effective at the beginning of the succeeding academic year.

5. New Rules. New Rules adopted at any time by the University of Central Florida in regard to Rule 6C7-3.017, F.A.C., shall not become effective to the exclusion of prior rules for a period of one year.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3), 1012.94 FS. History–New 10-8-75, Amended 11-10-77, 9-27-79, 11-14-83, 8-4-85, 12-9-85, Formerly 6C7-3.17, Amended 8-14-88, 8-2-89, 5-17-90, 2-8-93, 12-9-97, 3-16-03.

6C7-3.018 Outside Activity or Employment.

1. General.

a. For in-unit Faculty and A&P whose terms of employment are covered by a collective bargaining agreement, the provisions of that collective bargaining agreement apply to engagement in outside activity or employment by in-unit Faculty and A&P.
b. For all other employees the provisions of paragraph (1)(c) through subsection (5) of this rule apply.
c. The responsibility of university employees is the full and competent performance of all duties pertinent to their employment. Outside activity or employment which interferes with an employee’s obligations to the university or which represents a conflict of interest are prohibited.
d. Employees are required to submit a report of their intention to engage in outside activity or employment in advance of such engagement; and to resubmit such report annually. If in the opinion of the university president, or his representative, a conflict of interest or interference with the employee’s duties exists, the employee will be so notified.
e. Any employee who intends to use any university facility or equipment in connection with outside activity or employment is also required to submit a report of such intention, in accordance with paragraph (3) below. See also UCF Rules 6C7-4.029 and 6C7-4.0291, F.A.C.

2. Submission of Reports.

a. Initial report of intention to engage in outside activity or employment shall be submitted in advance on the applicable UCF Form, hereby incorporated by reference, HR11, entitled “Report of Potential Conflict of Interest, Outside Activity/Employment” (Rev. 10-02) if A&P or USPS or Form AA21, entitled “Report of Potential Conflict of Interest, Outside Activity/Employment” (Rev. 10-02) if Faculty. A request to use university facilities equipment, personnel or services must be reported using Form AA22, entitled “University Personnel, Equipment, Facilities, Students, or Services” (Rev. 10-02) if the employee is Faculty, or using HR12, entitled “University Personnel, Equipment, Facilities, Students, or Services” (Rev. 02-03), if the employee is either USPS or A&P. Copies of these forms can be obtained from Human Resources or the Provost’s Office. Subsequent annual reports shall be submitted in the fall of each year.
b. Submission channels are as follows:
   1. Employee to supervisor.
2. Supervisor to Dean or Director.
3. Dean or Director to the Assistant Vice-President for Academic Affairs or applicable Vice President or President’s representative.
   (c) The Assistant Vice-President for Academic Affairs and any Vice-President are authorized by the President to take final action with respect to a conflict of interest under this rule.
4. Other Applicable Regulations. Any employee who accepts compensation for outside employment shall comply with the applicable requirements of Section 112.313, Florida Statutes, and Rule 6C7-3.0032, F.A.C.
5. Nothing contained in this rule shall excuse any employee from engaging in outside employment or other activities which constitute a conflict of interests. A determination not to object to outside employment does not preclude a finding by the State Ethics Commission that the employment is not in accordance with all applicable laws and regulations respecting conflict of interests. The employee’s obligation to avoid conflict of interests is a continuing one.

6C7-3.019 Disruptive Conduct.
   (1) Any employee who engages in disruptive conduct by intentionally acting to impair, interfere with, or obstruct the orderly conduct, processes, and functions of the university shall be subject to appropriate disciplinary action by the university authorities. This rule applies to acts conducted on or off campus when relevant to such orderly conduct, processes, and functions of the University.
   (2) Disruptive conduct shall include, but not be limited, to the following:
      (a) Violence against any member or guest of the university community;
      (b) Theft or willful destruction of university property or of the property of members of the university;
      (c) Interference with the freedom of movement of any member or guest of the university;
      (d) Deliberately impeding or interfering with the rights of others to enter, use or leave any university facility, service, or scheduled activity, or in carrying out their normal functions or duties; or
      (e) Deliberate interference with academic freedom and freedom of speech of any member or guest of the university.

   (1) Scope and Purpose.
      (a) This rule applies to all University Support Personnel System employees of the university with permanent status. The provisions of this rule are subject to applicable provisions of collective bargaining agreements. Employee discipline is an action that is to be undertaken with care, objectivity and with full consideration of the rights and interests of both the employee and the university.
      (b) The university subscribes to the principle of the use of discipline to correct employee conduct and behavior. Such discipline will normally be issued in a progressive manner dependent upon the facts and circumstances of each case. Penalties will be imposed, dependent upon the seriousness of the offense and any aggravating or mitigating circumstances, or as otherwise required by law.
      (c) Probationary Employees: The probationary period shall be a working-test period required of any USPS employee following appointment to any class in which the employee does not hold permanent status. It is important to note that for purposes of discipline, permanent status refers to an employee’s status in the USPS and not a specific job. Consequently, an employee with permanent status in USPS, but in probationary status in a class, may be removed from the class during this probationary period, without the application of these standards. New employees, in probationary status in the USPS, may be dismissed during this probationary period without the use of these standards and without the right of appeal.
   (2) Guidelines on Employee Discipline. The immediate supervisor has the primary responsibility for taking or requesting disciplinary action against an employee. Human Resources has the responsibility of providing guidance to the various departmental units with regard to the administration of disciplinary actions and for assuring that they are accomplished in accordance with USPS regulations and the policies and guidelines of the university.
   (3) Delegation of Authority. Discipline may only be administered by the supervisor who has been delegated the authority to do so. This delegation of authority varies with the severity of the disciplinary action and is identified in the following table:
Disciplinary Action Authority

Oral Reprimand Employee’s immediate supervisor or higher level supervisor

Written Reprimand Employee’s immediate supervisor or higher level supervisor with the approval of the department head

Suspension, Discharge The dean, director or department head shall arrange for a review of the proposed action by the Director of Human Resources, or his/her designee. If the proposed action is approved, the Director of Human Resources, or his/her designee, will implement the suspension/discharge.

(4) Types of Disciplinary Action.
(a) Oral Reprimand – Involves a discussion between the supervisor and the employee regarding the infraction with an emphasis on correcting the employee’s behavior. A confirmation of an oral reprimand may be kept in the employee’s personnel file.

(b) Written Reprimand – For more serious or repeated cases of rules infractions, the supervisor, with approval of the second level supervisor, will counsel the employee as to the correct and expected behavior as well as record the circumstances of the violation in memorandum form, giving the original to the employee and sending a copy to the Human Resources Office.

(c) Suspension – The suspension of an employee shall normally be based on the recommendations of the supervisor and shall be subject to the approval of the dean, director or department head and the Director of Human Resources or his/her designee to ensure consistency of action throughout the institution. The Director of Human Resources or his/her designee will issue all suspensions.

(d) Discharge – When less severe actions fail in correcting an employee’s job related behavior, or when the offense requires immediate separation from employment, a discharge action should be taken. The supervisor shall normally recommend the action, and it shall be subject to the approval of the dean, director or department head and the Director of Human Resources or his/her designee, who shall issue the discharge.

(5) Standards for Disciplinary Actions. Included herein are standards for the administration of disciplinary actions for various types of offenses. The following is not all-inclusive, and the disciplinary action selected for a particular offense will be chosen based on the facts of the specific situation taking into consideration any extenuating circumstances. These standards do not preclude the imposition of more or less severe penalties depending upon all circumstances surrounding a particular incident.

(a) Absence Without Authorized Leave. The failure to secure approval for an absence from work during the established shift or work period.
   1. First occurrence: Written reprimand.
   2. Second occurrence: Suspension.
   3. Third occurrence: Discharge.

Provided, however, that the failure to secure approval for an absence of two or more consecutive days shall be considered a second occurrence; and the failure to secure approval for an absence of three or more consecutive days shall be considered a third occurrence. This rule shall apply, but shall not be limited to, employees who fail to return to work as specified in an approved leave of absence.

(b) Abuse of Alcohol. Reporting to work under the influence of alcohol or consuming any alcoholic beverage while on duty.
   1. First offense: Suspension.
   2. Second offense: Discharge.

(NOTE: If any employee is determined to be an alcoholic or problem drinker, the employee shall be dealt with in accordance with the State Policy on Alcoholism, as adopted by the Administrative Commission.)

(c) Abuse of Sick Leave. Falsification by an employee of a notification of absence due to personal illness, injury or exposure to contagious disease.
   1. First occurrence: Suspension or discharge.
   2. Second occurrence: Suspension.

(d) Possession or Use of a Deadly Weapon or a Dangerous Material. Possession or use of firearms, fireworks of any description, explosives, chemicals which are disruptive, explosive, or corrosive in nature, or any weapon other than a common pocket knife.
   1. First occurrence: Suspension or discharge.
   2. Second occurrence: Suspension.

(e) Damage or Destruction of University Property or Equipment. The actual or attempted damage, destruction, or careless operation of university property or equipment which may or may not result in personal injury. (If personal injury does result, more severe discipline may be imposed.)
   1. First occurrence: Written reprimand to discharge.
   2. Second occurrence: Suspension or discharge.
   3. Third occurrence: Discharge.
(f) Conduct Unbecoming a Public Employee. Any act or acts on or off the job, that renders an employee ineffective within the university, affects the ability for acceptance by others, or poses a threat to the safety and well-being of members of the university community.

1. First occurrence: Suspension or discharge.
2. Second occurrence: Discharge.

(g) Conviction of a Misdemeanor or Felony. When an employee is convicted of a misdemeanor or felony as a result of a crime committed on or off the job and that conviction results in a negative effect on the employee’s ability or availability to perform the duties of the job whether immediate or in the future.

1. First occurrence: Suspension or discharge.
2. Second occurrence: Discharge.

(h) Absenteeism. The university has a right to expect that employees will be available to perform work with a reasonable degree of regularity and to conduct their personal business using accrued leave without the need to resort to the use of approved leave without pay. If there is a pattern of absence by the employee, such as consistent absence on the day preceding or following the employee’s regular days off, absence on the same day of each week or each month, or absences that occur with such frequency as to constitute a hardship on the office/department, these absences may be considered excessive.

1. First occurrence: Oral reprimand.
3. Third occurrence: Suspension.

(i) Tardiness. The failure to report to work at an established time at the beginning of the work shift, or the late return to work at the established time after lunch or rest period.

1. First occurrence: Oral reprimand.
3. Third occurrence: Suspension.

(j) Falsification of Records. The misrepresentation or omission of any facts, whether verbal or written, with the intent to defraud or otherwise mislead.

1. First occurrence: Written reprimand to discharge.
2. Second occurrence: Discharge.

(k) Fighting. A physical assault on or against another person.

1. First occurrence: Written reprimand to discharge.
2. Second occurrence: Discharge.

(l) Horseplay. Actions which are intended to be mischievous or prankish rather than malicious. If personal injury results, more severe disciplinary action up to and including suspension or discharge will be considered on the first occurrence.

1. First occurrence: Oral reprimand.
3. Third occurrence: Suspension.

(m) Insubordination. The unwillingness or refusal to comply with a direct order or any established work assignment of immediate supervisor or higher level supervisor.

1. First occurrence: Suspension.
2. Second occurrence: Discharge.

(n) Leaving Work Station Without Authorization. The unauthorized absence by an employee from the work station or duty assignment during the established work period or the leaving of a work station for a lunch or rest period without being properly relieved where that station must be maintained during such period.

1. First occurrence: Written reprimand to suspension.
2. Second occurrence: Suspension.
3. Third occurrence: Discharge.

(o) Loafing. The continued idleness or nonproductiveness during working hours which diverts the employee from performing assigned tasks. This includes wasting time, engaging in idle talk or gossip, or conducting personal business.

1. First occurrence: Oral reprimand to written reprimand.
2. Second occurrence: Written reprimand to suspension.
3. Third occurrence: Suspension to discharge.

(p) Misuse of Position. The misuse of powers of authority that accompany a position for personal advantages such as to assist friends or family for financial or other gains.

1. First occurrence: Written reprimand to discharge.
2. Second occurrence: Discharge.
(q) Misuse of University or University Controlled Property or Equipment. The unauthorized use of any university or university controlled property or equipment for any reason other than for official university business.
   1. First occurrence: Written reprimand to discharge.
   2. Second occurrence: Discharge.

(r) Neglect of Duty. Carelessness in omission of, or inattention to, the performance of assigned duties and responsibilities. Negligence is synonymous with carelessness and signifies lack of care, caution, attention, diligence, or discretion.
   1. First occurrence: Written reprimand to discharge.
   2. Second occurrence: Discharge.

(s) Abuse of Drugs. Being under the influence of, being in possession of, the sale of, or the distribution of any controlled substances or illegal drugs while on duty. (This provision does not extend to prescribed use of prescription medications.)
   1. First offense: Suspension to discharge.
   2. Second offense: Discharge.

(t) Rudeness to Students, Staff or the Public. Impolite, discourteous, unprofessional, or uncooperative language or actions towards students, staff, or the public.
   1. First occurrence: Oral reprimand.
   3. Third occurrence: Suspension.

(u) Sexual Harassment. Any unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made either explicitly or implicitly a term or condition of employment, (2) submission to or rejection of such conduct by an individual is used as basis for employment or personnel decisions, or (3) when such conduct has the purpose or effect of substantially interfering with performance of work or creating an intimidating, hostile, or offensive working environment.
   1. First occurrence: Written reprimand to discharge.
   2. Second occurrence: Discharge.

(v) Sleeping While on Duty. The failure of an employee to remain awake while on duty during the established work shift.
   1. First occurrence: Suspension.
   2. Second occurrence: Discharge.

(w) Theft or Stealing. The unauthorized taking of any property or service.
   First occurrence: Discharge.

(x) Threatening and/or Abusive Language. The use of language which is threatening, profane, vulgar, or abusive.
   1. First occurrence: Written reprimand to discharge.
   2. Second occurrence: Discharge.

(y) Violation of Safety Practices. The failure to adhere to or follow established safety rules. This includes the failure to wear safety equipment and the performing of any unsafe action.
   1. First occurrence: Written reprimand to suspension.
   2. Second occurrence: Discharge.

(z) Willful Violation of a Provision of Law or State Board of Education or University Rule. The deliberate failure to abide by State Board of Education or University Rules or to follow the statutes governing employment by the State of Florida. This may include, but is not limited to giving or accepting a bribe, discrimination in employment, or illegal campaigning.
   1. First occurrence: Written reprimand to discharge.
   2. Second occurrence: Discharge.

(aa) Strike or Concerted Activity. Instigating or supporting in any manner a strike. A strike is defined by Florida Statute as: The concerted failure of employees to report for duty; the concerted absence of employees from their positions; the concerted stoppage of work by employees; the concerted submission of resignations by employees; the concerted abstinence in whole or in part by any group of employees from the full and faithful performance of the duties of employment with the university for the purpose of inducing, influencing, condoning, or coercing a change in the terms and conditions of employment or participating in a deliberate and concerted course of conduct which adversely affects the services of the public employer; the concerted failure of employees to report for work after the expiration of a collective bargaining agreement; and picketing in furtherance of a work stoppage. The term “strike” shall also mean any overt preparation, including but not limited to, the establishment of strike funds with regard to the above activities.
   First occurrence: Discharge.

6C7-3.026 USPS Sick Leave Pool.
(1) General.
The purpose of this rule is to establish a USPS Sick Leave Pool to allow full-time and part-time employees to voluntarily pool a portion of their unused sick leave and, upon depletion of their own sick, annual and compensatory leave, to draw leave credits from the pool as prescribed in subsections (2) and (3) below.

(2) Membership.
(a) Internal membership requirements are specified herein.
(b) Application for membership shall be in writing addressed to the pool administrator.
(c) Membership shall be allowed only during open enrollment periods conducted during March and September of each year or at such other times as may be announced by the president or the pool administrator to meet program needs.
(d) No employee shall be unreasonably denied enrollment in the sick leave pool.

(3) Administration.
(a) The Vice President for Administration and Finance will appoint four USPS employees who have elected to participate in the pool to serve as the pool’s committee. Each will be appointed to serve alternating two year terms. A fifth member will be appointed each year from the Staff Council to serve for one year.
(b) The Director of Human Resources or designee shall serve as pool administrator.
(c) The administrator shall have the authority to approve all recommendations of the sick leave pool committee.
(d) The duties of the pool committee and the administrator shall be as described herein.
(e) The pool shall be administered as described herein:
   1. Participating employees who require hospitalization or extended medical care as the result of any injury or illness which exhausts all of their accrued personal sick, annual and compensatory leave credits and which results in serious or major medical or health problems, may request permission to utilize leave credits from the pool.
   2. All requests for sick leave pool credit utilization shall be made in writing by, or for, the employee and shall be accompanied by medical verification of the injury or illness. These requests shall be reviewed by the pool committee which shall recommend the number of pool leave credits which may be utilized in each case.
   3. Employees who are not members of the sick leave pool at the time of a qualifying illness or injury shall not be eligible to utilize sick leave pool credits.

(4) Maintenance of Sick Leave Pool. The pool shall be maintained as described herein:
(a) Should the membership drop below 50 employees the pool shall become inactive and the remaining leave credits shall be prorated equally among the membership at time of inactivation.
(b) When the total credits available in the pool amount to 120 hours or less, it shall be considered to be depleted. Upon depletion, the pool members will be notified that eight hours of sick leave credit will be deducted from their account unless they inform the pool administrator (in writing within two weeks of the date of the notice), of their intention to discontinue membership.

Specific Authority 110.121, 1001.74(4) FS. Law Implemented 110.121, 1001.74(19), 1001.75(3) FS. History–New 12-12-83, Formerly 6C7-3.26, Amended 11-8-87, 1-6-93, 3-16-03.

6C7-3.0261 Faculty and A&P Sick Leave Pool.
(1) General.
(a) The purpose of this rule is to establish a Sick Leave Pool to allow full-time and part-time Faculty and A&P employees to voluntarily pool a portion of their unused sick leave and, upon depletion of their own sick, annual and compensatory leave, to draw leave credits from the pool as prescribed in subsections (2) and (3) below.
(b) Any sick leave pool established pursuant to this rule shall automatically terminate at the end of each fiscal year unless specific approval for continuation is secured from the president.

(2) Membership.
(a) Initial membership requirements are specified in Department of Management Services Rule 60L-11.003, F.A.C.
(b) Applications for membership shall be in writing addressed to the pool administrator.
(c) Following the initial open enrollment period, additional membership shall be allowed only during open enrollment periods conducted during March and September of each year or at such other times as may be prescribed by the sick leave pool committee.
(d) No employee shall be unreasonably denied enrollment in the sick leave pool.

(3) Administration.
(a) The president will appoint six Faculty or A&P employees who have elected to participate in the pool to serve as the pool’s committee. Four of these will be selected from the membership of the Faculty Senate. In addition he will appoint another participating employee to serve as pool administrator. Appointments will be for a two year period.
(b) All decisions of the committee shall be by majority vote of those present and shall require assent by at least three members. The committee’s findings shall be reported to the pool administrator who shall have the authority to approve the committee’s recommendations and to cast the deciding vote in case of a tie vote within the committee.
(c) The pool shall be administered as described in Rule 60L-11.002, F.A.C., and the following:
   1. Participating employees who require hospitalization or extended medical care as the result of catastrophic injury or illness which exhausts all of their accrued personal sick, annual and compensatory leave credits and which results in serious or major medical or health problems, may request permission to utilize leave credits from the pool.
2. All requests for sick leave pool credit utilization shall be made in writing by, or for, the employee and shall be accompanied by medical verification of the injury or illness. These requests shall be reviewed by the pool committee which shall decide the number of pool leave credits which may be utilized in each case.

3. After each 20 day utilization the employee must request additional sick leave pool credits.

4. The maximum number of sick leave pool credits which may be granted to an employee shall be sixty (60) days.

5. There shall be a two week period following depletion of an individual’s personal sick, annual and compensatory leave credits before pool credits may be used.

6. Employees who are not members of the sick leave pool at the time of a qualifying illness or injury shall not be eligible to utilize sick leave pool credits. Exceptions to this limitation may be made by the president after review and recommendation by the sick leave pool committee and the pool administrator.

(4) Maintenance of Sick Leave Pool. The pool shall be maintained in accordance with Rule 60L-11.002, F.A.C., and the following:

(a) The Sick Leave Pool shall not be activated unless a minimum of 50 employees agree initially to participate in the pool and deposit eight hours of their accrued sick leave therein. Following establishment, should the membership drop below 50 employees the pool shall become inactive and the remaining leave credits shall be prorated equally among the membership at time of inactivation.

(b) When the total credits available in the pool amount to 120 hours or less, the pool shall be considered to be depleted. Upon depletion, the pool members will be notified that eight hours of sick leave credit will be deducted from their account unless they inform the pool administrator (in writing within two weeks of the date of the notice), of their intention to discontinue membership.

6C7-3.0262 Meritorious Service Awards Program.

(1) The State University System (SUS) Meritorious Service Awards Program provides for the recognition of eligible employees.

(2) This university is authorized to expend State funds for recognition and awards to employees in compliance with this rule. Any award will be contingent upon the availability of funds. Nothing in this rule is intended to govern the expenditure of private funds to which the university may have access.

(3) The awards provided for herein shall acknowledge employee achievement in the following three components:

(a) Suggestion – A procedure or idea submitted by a faculty member, A&P or University Support Personnel System (USPS) employee that, when implemented, results in eliminating or reducing expenditures, improving operations, or generating additional revenues for the State University System. Three types of suggestions may be considered:

1. Tangible, i.e., having a measurable outcome in terms of cost savings or revenue generation.

2. Intangible, i.e., proposing improvements in procedures that enhance safety, convenience, etc., but cannot be calculated in dollar terms; or

3. Trigger, i.e., not directly providing the solution to the problem being addressed, but triggering the action necessary to bring about a solution that might have been overlooked otherwise.

(b) Superior Accomplishment – Exemplary performance by faculty members, or Administrative and Professional (A&P) or USPS employees, that is deemed to have significantly contributed to their respective fields, thereby reflecting positively on the caliber of the State University System.

(c) Service – Sustained satisfactory service with this university by faculty members, A&P or USPS employees.

1. Eligible employees will be recognized for service upon retirement.

2. Eligible USPS employees shall also be recognized upon achieving increments of five continuous years of satisfactory service at this university.

3. Eligible A&P employees shall be recognized upon achieving increments of ten continuous years of satisfactory service at this university.

(4) Suggestion Program Component.

(a) In order to be eligible, suggestions must be submitted on UCF Form No. HR 3 “Suggestion Form” (Rev. 02-03) and signed by the suggester(s). The Suggestion Form is hereby incorporated by reference and may be obtained from the UCF Human Resources Office. The following suggestions are ineligible:

1. Suggestions that deal with personal grievances or compensation and classification of individual positions;

2. Suggestions which could be implemented by the employee without prior clearance or approval from a supervisor or department chair and are a logical extension of an assigned duty and responsibility; or

3. Suggestions which are a duplicate of, or significantly similar to, a suggestion which has been adopted by another university of the SUS.

(b) Suggestion System Coordinator. The Suggestion System Coordinator is responsible for the suggestion component by administering internal procedures for the timely processing of suggestions.

(c) Employee Suggestions.
1. Employee suggestions shall be processed and a final determination made by 90 days from the date received by the Coordinator. Adoption of an employee suggestion must be made within this prescribed period. Extensions, not to exceed another 90 days, may be granted by the chief administrative officer based on the following criteria:
   a. The suggestion was properly documented, and failure to make a final determination within 90 days was not caused by any action of the employee making the suggestion.
   b. The Director of Human Resources recommends the extension.
2. When an employee’s suggestion is significantly modified during the evaluation process so that the suggestion is adopted in a different form, the employee shall be eligible for an award if the original suggestion was directly responsible for the university taking action; under these circumstances the suggestion will be deemed a “trigger”.
3. A suggestion which is not adopted will be kept on file for one year from the date it was originally received by the Coordinator. The original suggestion will be available for an award as provided by this rule if the suggestion is adopted during this time. Thereafter, the suggestion must be resubmitted by any eligible employee before it can be reconsidered.
4. If a university adopts and implements a suggestion previously implemented by another university, the suggester will not be entitled to any additional monetary award.
5. A suggestion may be made by a group of employees and the amount of any award shall be divided among those employees making the suggestion.
6. Tangible suggestions may be recognized through cash awards, U. S. Savings Bonds, or other items in lieu of cash. Normally the amount of cash of the cost of bonds or other items shall not exceed 10% of the first year’s savings or revenue increases.
   a. Cash awards for tangible suggestions will be made after the suggestion has been implemented and actual savings or revenue for the first year have been calculated. However, a partial award shall be made if the university wishes to provide recognition to an employee in a more timely manner and chooses to measure benefits on a quarterly or semester basis. Final payment should be paid promptly after the first year’s savings or revenue has been documented.
   b. Any payment of cash to an employee as the result of fraudulent action award must be recovered from the employee.
7. The amount of a cash award for an intangible or “trigger” suggestion that is adopted should be based on a prorated measure of the suggestion’s worth, not to exceed $300. U. S. Savings Bonds or other items awarded in lieu of cash shall not exceed $300 in cost. The university may award certificates, pins, plaques, letters of commendation, or other appropriate tokens of recognition in lieu of cash to honor eligible employees for intangible or “trigger” awards, provided that the cost of the token does not exceed $50.
8. The acceptance of an award for any suggestion adopted through this program shall constitute an agreement by the employee that the employee waives all claims, immediate and future, on the State of Florida, regardless of the use of the suggestion.
(5) Superior Accomplishment Component.
   (a) Awards for superior accomplishment may be presented to eligible employees on an individual basis or collectively for outstanding group performance.
   (b) No award granted under the superior accomplishment component shall exceed $1,000.
   (c) The university may award certificates, pins, plaques, letters of commendation, or other appropriate tokens of recognition for superior accomplishment, provided that the cost of the token does not exceed $50.
(6) Service Award Component.
   (a) The university recognizes eligible retiring employees whose service has been satisfactory. Awards for retirees may take the form of suitable framed certificates, pins, or other tokens of recognition and appreciation, provided such awards do not cost in excess of $50 each.
   (b) The university recognizes eligible employees who have attained sustained satisfactory service in increments of five years (for USPS or ten years for A&P). Awards for satisfactory service may take the form of suitable framed certificates, pins, or other tokens of recognition, provided such awards do not cost in excess of $50 each.
(7) The university’s Director of Human Resources shall be responsible for regular monitoring of departments in order to gather data regarding the number of individual employees being recognized under any component of this program and the monetary impact of such recognition.

6C7-3.030 Confidential Information Policy for Faculty.
Information which reflects evaluations of employees performance and which is used in promotion, tenure, annual, and other evaluation processes constitutes confidential information which may be disclosed only to those individuals who participate in the process, upon written authorization of the employee, or upon order of a court of competent jurisdiction. However, records comprising the core items contained in the State University System Assessment of Instruction or a comparable instrument for student evaluation of faculty are not confidential, if created after July 1, 1995.

6C7-3.032 Faculty Annual Assignments.

(1) Policy. All full-time tenured, tenure-earning, and recurring non-tenure-earning faculty shall receive an annual assignment. This annual assignment should be given to the faculty member no later than six weeks prior to the starting date of the assignment, if practicable.

(2) Scope. Faculty have a professional obligation to complete assigned duties, including instructional activities, research and creative activities, public service and professional activities, university governance, academic administration, leave of absence with pay, and release time for other approved activities.

(3) Full Time Equivalence (FTE). Faculty assignments for full-time faculty are based on a minimum 40-hour workweek. FTE is assigned to faculty regularly assigned duties in such proportion to each duty as to reach a 1.0 FTE. The FTE figures are estimates for the total academic year and may vary by semester. If a revised semester assignment will result in significant changes in the annual FTE distribution, a new assignment form shall be completed.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3), 1012.94 FS. History–New 3-16-03.
6C7-4.007 Property Control.

(1) All non-expendable tangible personal property, the value of which is $1,000 or more per item, and any other items at the discretion of the University Controller, acquired by purchase, grant, transfer, donation or manufacture shall be accounted for on a University property record. University Departmental custodians will be appointed to conduct or assist with the annual inventories, maintain control over movement, and report any cases of loss or damage to the University’s Property Board.
(2) The Property Board may relieve persons from accountability and/or responsibility in cases up to $5,000 and make recommendations on losses over $5,000 to the Vice President for Administration and Finance.

(3) The Vice President for Administration and Finance shall act on any recommendations requiring that an individual be held pecuniarily responsible for loss or damage to property.

(4) Additional information regarding the establishment of property records, custodian’s actions, property board duties, to see the University of Central Florida Procedural Manual. Number 4102, Revised 7-1-96.

(5) See Rule 6C-5.016, F.A.C., for rules as to the use of University property.

6C7-4.008 Razing of Building.

(1) The President shall authorize the razing or other disposition of buildings or minor structures of less than 5,000 square feet gross area which, in his opinion, should not continue to be used for University purposes. The criteria for determination by the University President with respect to such razing or disposition may include but are not limited to:

(a) Consideration of the safety for continued occupancy of the structure;
(b) The cost of its maintenance or upkeep; and
(c) Alternative uses of the site upon which the structure is presently located including its use for new construction.

(2) For buildings whose gross area is 5,000 square feet or greater, razing or disposition shall require the authorization of the University Board of Trustees upon the recommendation of the President.

(3) A report of each building razed or otherwise disposed of shall be filed with the State Board of Education.

6C7-4.010 Solicitation on Campus.

(1) Off-campus profit making businesses and interests will not be permitted to post materials or make handouts on campus except as provided below.

(2) Permissible. Advertising, promotional, or informational materials designed for position or display inside and outside University Buildings are restricted to official bulletin boards or areas approved in advance by the Building Manager based upon the relationship of the materials to the University’s mission.

(3) All signs, posters, etc. must receive approval by official stamp of the Director of the Student Union prior to display.

(4) Solicitors and tradesmen, including students, faculty and other University personnel, are prohibited from conducting business transactions with individuals or organizations on campus unless a permit has been issued. Permits to conduct such business with students and student organizations may be issued by the Director of Student Union, and Recreation and Wellness Center for all others by the Director of Business Services based upon a determination of the relative benefit to students.

6C7-4.013 Budgets of University of Central Florida.

(1) Budgets for the operation of the University of Central Florida shall be submitted by the University Board of Trustees to the Board of Governors at a time and in the form designated by the Board of Governors. All budgets, before becoming final, must be approved by the appropriate authorities, except for any funds that are exempted from this requirement which will require only approval of the UCF President or his designee.

(2) The budgets of the University of Central Florida after final approval by the University Board of Trustees, or for any exempted from the foregoing requirement (item 1) by the UCF President or his Designee, become the basis of operations during the fiscal year, subject to the rules and regulations formulated by the Board of Governors providing for budget revisions and amendments. The University Board of Trustees delegates to the President or his designee the authority to amend the initially approved operating budgets during the year.

(3) Proposed salary increases for University of Central Florida employees shall not become effective until after budgets have been approved by the appropriate authorities or special authority has been given to implement the salary portion of the budgets by appropriate authorities.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(12) FS. History–New 10-8-75, Formerly 6C7-4.13, Amended 3-16-03.

6C7-4.014 Investments.

(1) Any idle (e.g., not required to be disbursed within 30 days) University funds shall be invested in U. S. Government securities, or such other securities as may be designated by the State Board of Administration pursuant to Section 215.44, F.S. (See also Dept. of Banking & Finance Rules Part VII Chapter 3A-40, F.A.C.)
Any idle agency and activity funds of the University shall be invested in U. S. Government securities, or local bank saving accounts, or local bank certificates of deposits. Earnings from investments of University funds may be used for operating expenses. The University Controller under the direction of the Vice President for Administration and Finance, shall be responsible for investing funds, liquidating investments and maintaining adequate cash balances to meet current cash requirements. Securities in funds belonging to the University and held in accounts belonging to the University shall be purchased through authorized local banks by the University’s Controller. Securities, savings accounts, certificates of deposits in accounts belonging to the University shall be purchased through authorized local banks by the University’s Controller. All investments shall be duly recorded on records maintained in the University’s Finance and Accounting Department.

Specific Authority 1001.74(4) FS. Law Implemented 1011.42(5) FS. History–New 10-8-75, Amended 7-14-80, Formerly 6C7-4.14, Amended 3-16-03.

6C7-4.019 Fee Policy - Payments.
(1) Tuition, Registration, Special Fees and Fines schedules that are authorized by Board of Governors Rules 6C-7.001 and 6C-7.003, F.A.C., are collected by the university.
(2) Past Debts: Prior to registration for any term, students must satisfy all due/delinquent amounts owed to the university.
(3) At the time of registration, each student will be furnished with an invoice for all tuition and registration fees due. This invoice will be updated whenever the student adds or drops a course during the scheduled “add/drop” period.
(4) Except in the cases of authorized deferred payment the University Finance and Accounting Office of Student Accounts will notify the Registrar’s Office to cancel the registration of any student who fails to pay required tuition and registration fees by midnight of the last day of the official “add/drop” period.
(5) Students who fail to pay fees by the published deadline and whose registration is cancelled in accordance with subsection (4) above and who feel they have justification for their failure to pay fees, may apply to Committee for Resolving Fee Payment Questions (appointed pursuant to Rule 6C7-1.014, F.A.C.), for approval to pay the cancelled fee assessment. If late payment of fees is approved by the Committee, the student will automatically be reinstated in all courses in which they originally enrolled. A $100.00 late payment fee as established pursuant to Section 1009.24(12), Florida Statutes will be assessed to each student whose application for reinstatement is approved unless the fee is specifically waived by the Committee for Resolving Fee Payment Questions.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(11), 1009.24 FS. History–New 10-8-75, Amended 8-4-82, Formerly 6C7-4.19, Amended 4-27-03.

6C7-4.022 Deferred Payment Status.
(1) This rule provides a method whereby student fee payments shall be deferred under the circumstances listed herein.
(2) The University Controller or designee shall award deferred payment status upon application by a student on grounds that:
(a) Eligibility for the deferral guaranteed to students receiving veterans education assistance benefits or other benefits from federal or state assistance programs, where such aid is delayed in being transmitted to the student through circumstances beyond the control of the student. One 90 day deferment shall be granted for each full semester and one 30 day deferment for each summer or mini-semester. OR
(b) Formal arrangements have been made with the university for payment by an acceptable third party. OR
(c) The student is being processed to receive financial aid from the university’s financial aid office. OR
(d) Extraordinary circumstances exist and the deferral has the concurrence of the Committee for Resolving Fee Payment Questions.

Specific Authority 1001.74(4) FS. Law Implemented 1007.74(11) FS. History–New 10-8-75, Amended 1-7-82, Formerly 6C7-4.22, Amended 10-14-03.

6C7-4.029 Use of University Buildings and Grounds.
(1) University buildings and grounds which constitute the facilities of the University are used primarily for the official and regular conduct of the University’s business. Buildings and campus areas are available for functions originating within the divisions, colleges, departments and offices of the university, as well as direct support organizations established or recognized pursuant to Rules of the University.
(2) In the event facilities are available for uses other than as described above, particular facilities may be assigned on a noninterference basis for use in the following order of priority:
(a) Meetings, events and functions sponsored by University related organizations;
(b) Meetings, events and functions sponsored by other local or state agencies, or agencies of the Federal Government;
(c) Meetings, events and functions sponsored by nonprofit organizations where a purpose of the meeting, event or function is to further the educational mission of the University;
(d) Meetings, events and functions sponsored by other organizations which the University determines further the interests of the Community.

(3) No commercial activities, including outside food service, shall be permitted on University premises by any University related or non-University related organization during, or in conjunction with, any meeting, event or function without the specific written approval of the University Vice President for Administration and Finance or designee based upon the needs of the University.

(4) The general public shall be deemed to have access to all yards, walkways, pavilions, libraries, book stores, and parking lots (assuming vehicles have appropriate parking permits) on the campus. Unless invited, the general public shall not have access to lecture halls, classroom buildings, classrooms, laboratories, dormitories, research areas, faculty or staff offices, or other buildings and areas specifically reserved as University housing areas or for University teaching, research, administration, recreation, and athletic activities.

(5) University facilities shall not be used for any purpose which will impair or interfere with the orderly processes and functions of the University, or which pose an unreasonable and immediate threat to the safety of University students and personnel or to property on campus, or are otherwise contrary to law. University athletic facilities may be used for personal recreation purposes by UCF employees, students and their immediate families providing such use is authorized by the department controlling the facility.

(6) Facilities shall not be used for any purpose other than that for which they were designed, nor will any use be permitted which will likely cause bodily injury or property damage or both.

(7) Unless specifically waived by the University Vice President for Administration and Finance based upon the financial status of an organization, non-university related organizations must provide with their application a certificate of insurance provided by a corporation licensed to do business in the State of Florida, indemnifying and saving harmless the University and the Board of Governors, their officers and employees from any and all liability, whatever its nature or description, caused by or resulting from the use or proposed use of the University facilities, in an amount not less than $100,000 per individual and $500,000 per occurrence, and $100,000 for property damage per event, or such further amounts as the Vice President for Administration and Finance deems appropriate based upon financial status and nature of the event.

(8) Except for facilities used for scheduled educational purposes, no outside organization will be permitted to utilize University facilities on any basis until such organization shall provide the name of a University faculty or staff member officially representing a department, administrative unit or a registered student organization who shall serve as University sponsor of the meeting, event or function and shall be present in person, or through a designee acceptable to the University, throughout the meeting, event or function which takes place on campus.

(9) Use of University facilities made pursuant to subsection (2) above may be subject to the rental and/or service charges established by Rule 6C7-4.0291, F.A.C.

(10) As an exception to the foregoing, space within the Student Union and the Student Services Buildings, if otherwise available, may be used for student events and other activities where no major expenditures of University, state, or public resources are required, and where the primary beneficiaries of such use are students, staff, and faculty.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(6) FS. History–New 10-8-75, Amended 10-20-81, 5-5-83, Formerly 6C7-4.29, Amended 10-19-86, 4-27-03.

6C7-4.0291 Charges and Applications for the Use of UCF Buildings and Grounds.

(1) This rule supplements UCF Rule 6C7-4.029, F.A.C. The amounts chargeable for the use of UCF buildings and grounds pursuant to this rule are listed below:

(2) Rental and Service Charges:

(a) Rental Charges:

1. No rental charges shall be made when buildings and/or grounds are used for the following:
   a. Education or academic classrooms for courses conducted by a UCF department, accredited educational institution, or testing organization sponsored by a university department.
   b. Use by a recognized student organization or employee group when no admission is charged or when the admission charged is solely for the purpose of offsetting the cost the group incurs in holding the event.
   c. Uses determined by the Vice President for Administration and Finance to result in benefit to the university community.

2. When charged, rental rates shall conform to the schedule shown below:

(b) Service Charges:

1. Service charges shall be levied in an amount sufficient to reimburse the university department whose facilities are being used for any direct OPS and/or overtime costs (including benefits) expended by that department in order to prepare for, operate equipment and/or furnish personnel during and clean up after an event.

2. No service charge will be made for use of buildings and grounds for university classes.

3. No service charge will be made for classes conducted at an area campus or at FSEC when those classes are sponsored by the campus or center director.

(c) Rental Rates for UCF Building and Grounds:
## Applications for Use of Buildings and Grounds

(a) Organizations authorized by Rule 6C7-4.029, F.A.C., to use UCF facilities shall apply for permission for such use on UCF supplied forms.

(b) Upon receipt of a properly completed application, the applicable office shown above will secure all necessary internal concurrences and notify the applicant of approval or disapproval of the request.

1 Includes furnishings only
2 Includes furnishings and linens
3 $2500/day or 10% of gross ticket sales
(c) In those instances where gross income determines the final rental charge, the applicant shall pay in advance the applicable flat rate charge and shall make arrangements with the university to supplement this payment, if appropriate, immediately after the event.

(4) UCF Equipment.
(a) The applicant may request the use of UCF equipment that is permanently located in the facility to be used. Permission for such use must be secured from the department in charge thereof and that department may require the presence of an approved equipment operator and, if it furnishes the operator, the assessment of a service charge.
(b) If other UCF equipment is needed, the applicant should request the sponsor to determine availability and make arrangements to have the equipment on hand.

(5) The University's approval for the use of its facilities under this rule does not imply any obligation on its part to furnish equipment.

(6) Additional Conditions of Rental. All rentals of university buildings and grounds shall be subject to such additional conditions as may be imposed by the university from time to time.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(6) FS. History–New 10-20-81, Formerly 6C7-4.291, Amended 4-27-03.

6C7-4.0292 Potentially Hazardous Events.

(1) Scope.
(a) This rule applies to the holding of potentially hazardous events on university controlled property. Excepted from this rule are official events which are scheduled annually in university publications (classes, orientation, registration, etc.).
(b) A potentially hazardous event is defined as any activity that might possibly result in some degree of harm to persons or in defacement or damage to public or private property. Examples include, but are not limited to: bonfires; use of firearms, explosives or munitions; fireworks; helicopter or other aircraft landings; low level aircraft demonstrations or fly-bys; motor vehicle races; gatherings in excess of 150 persons, including unregistered campus athletic events.

(2) Required Approvals.
(a) Except as otherwise provided in paragraph (1)(a) above, any university or non-university person or organization must secure approval in advance before conducting or publicly announcing intent to conduct a potentially hazardous event on university controlled property. In the case of a university person, concurrence of the individual’s supervisor is required in advance.
(b) Applications for approval shall be made in writing to the university’s Director of Public Safety and Police on a University approved Form, 40-2 (effective 1-2-87) entitled “Application to Conduct a Potentially Hazardous Event”, at least 15 calendar days in advance of the proposed event, unless this time limit is waived by the director. The Director of Public Safety and Police will, upon request, furnish the applicant with blank copies of this form.
(c) Each application shall be accompanied by proof of insurance as specified in subsection (6) below.
(d) The Director of Public Safety and Police will circulate applications received to the following university officials for their information and approval and will advise the applicant of the university’s approval or disapproval:
   1. Director of Environmental Health and Safety.
   2. Director of Physical Plant.
   3. Risk Manager.
   4. Director of Student Union and Recreation and Wellness Center.
(3) Cancellations and Terminations.
(a) Application or approval for conducting a potentially hazardous event may be cancelled by either the applicant or the university upon giving written notice to the other party.
(b) Any event may be terminated at any stage by the university Director of Police and Public Safety if that official determines that the event is not being conducted strictly in accordance with the terms of the approved application, or in the event of disruptive or unsafe situations.

(4) Applicant’s Responsibility. In addition to securing university approval to conduct the event, applicants shall be responsible that:
(a) The event is conducted as described in the approved application including any requirements thereon for clean-up, extra security, etc.
(b) All restrictions placed on the event by the university are followed.
(5) University Assistance. If facilities and personnel are available, the university may be able to assist applicants by providing security, clean-up crews, etc., at cost. However, there is no assurance that such assistance will be available for any specific event.

(6) Insurance Requirements.
(a) All potentially hazardous events must be covered by liability insurance in amounts appropriate for the event as determined by the University.
(b) University departments acting as applicants shall contact the university’s insurance office to determine if the current UCF liability coverage provides the required protection or if a special rider must be obtained. Cost of such rider shall be charged to the applying department’s account.
(c) All other applicants must furnish at their own cost appropriate proof of adequate insurance from a surety firm licensed to do business in the State of Florida by the Florida Department of Insurance.

6C7-4.0293 Free Assembly Areas.

(1) University Buildings and Grounds may be scheduled for political activity and other exercises of free speech and assembly in areas specifically designated for that purpose by the President or designee. Such use must be on a noninterference basis with the conduct of classes or other normal activities of the university. Determination of what constitutes interference shall be made by the university president or designee in the best interests of the university.

(2) In the absence of specific designation made pursuant to subsection (1) above, and subject to other regulations of the university regarding the assembly of large numbers of people, the use of sound amplification equipment, and maintenance of free access to all university facilities, four areas shall be deemed “Free Assembly Areas” for the conduct of political activity and other exercises of free speech:

(a) The open grass area between the Student Government Kiosk and the Math and Physics Building as bounded by Apollo Circle and the sidewalks leading to the southwest entrance of the Math and Physics Building.

(b) The brick mall area between the John T. Washington Center and the Student Union.

(c) Open grass area bounded by the Chemistry Building and Apollo Circle to the north and south and the sidewalks to the east and west.

(d) The grounds near the northeast corner of the Arena, across the entry driveway and the service access road at that northeast corner.

6C7-4.030 Boating on University Lakes.

It shall be the policy at University of Central Florida that the lakes on its campus are considered natural elements contributing to the beauty of the campus and its surroundings. Therefore, in order to maintain the lakes in the most natural state possible and to protect the wildlife, fish, and shorelines, as well as the lives of persons swimming or otherwise enjoying the lake, boats using motors will not be permitted thereon. Boats using human energy or other non-mechanical propulsion devices shall be encouraged. The exception to the use of motor powered boats shall be those maintained by the Security Offices for rescue purposes.

6C7-4.031 Assignment and Use of University Vehicles.

(1) All vehicles owned, rented or otherwise contracted by the University shall be operated in consonance with the following policies and implementing regulations.

(a) These vehicles will be used only for official business or to relieve emergency situations where the protection of life or property is involved and there is no other means of transportation available.

(b) Department heads requesting and/or authorizing the use of University controlled vehicles are responsible that such use is for official business.

(c) Only drivers authorized under these procedures shall be permitted to drive these vehicles.

(d) Only on special occasions in connection with official travel being performed in state owned or rented vehicles, when it has been determined by a University Vice President that the purposes of the travel can be more usefully served by including persons other than state officials, employers, or students, such persons may be authorized to travel in such vehicles provided no expense to the state is involved.

(2) Compliance with Parking and Traffic Regulations. University owned or leased vehicles shall be operated in accordance with all state, county, municipal and university parking rules and regulations.

(3) Responsibilities of Operators of University Vehicles. Persons operating university owned or leased vehicles are personally responsible that these vehicles are operated in accordance with all applicable state, county, and local motor vehicle traffic and parking ordinances and regulations.

(4) Payment of Traffic and Parking Violation Citations (Fines). All traffic and parking citations issued to a university owned or leased vehicle shall be paid by the operator of the vehicle whose actions caused the citation to be issued. Such citations that are not paid directly by the responsible individual may have to be paid by the university and in such case the university shall have the power to recover the amount paid directly from that individual.

6C7-4.033 Delinquent Accounts Receivable.

(1) The University shall enforce the collection of all delinquent unpaid and uncancelled accounts receivable through the use of lawful procedures.

(2) Collection efforts may include the employment of the services of a collection agency. However, no collection agency shall be paid a commission in excess of 35 percent of the amount collected.

(3) In addition, students with delinquent accounts shall not be permitted to register and shall have a “hold” placed on their records based on current university collection procedures. This hold shall continue in force until the student debt is paid, settled, or discharged through federal court bankruptcy proceedings. If the student account is charged off pursuant to the procedures in subsection (4) below, the hold will continue in force until the indebtedness is paid, settled, or discharged.

(4) Except for such delinquent, unpaid and uncancelled scholarship loan notes and student loan agreements as may be collected pursuant to Rule 6A-7.0395, F.A.C., by the Department of Education:
   a. The Student Accounts Office is authorized to charge off as uncollectable delinquent accounts with past due balances of $500 or less when those accounts become six (6) months past due and the cost of further collection effort or assignment to a collection agency would not be warranted.
   b. The University Controller is authorized to settle or charge off as uncollectable delinquent accounts under $1000.00 after all reasonable and lawful collection attempts have failed.
   c. The Vice President for Administration and Finance is authorized to institute settlement or charge-off procedures for uncollectible delinquent accounts over $1000.00 after all reasonable and lawful collection attempts have failed.

6C7-4.034 University Direct Support Organizations.

(1) As provided in Section 1004.28, Florida Statutes, a Direct Support Organization is an organization that is certified by the University of Central Florida Board of Trustees as operating in a manner consistent with the goals of the University and the best interest of the State.

(2) To obtain certification as a Direct Support Organization, the organization must submit to the Board of Trustees the following:
   a. The proposed Articles of Incorporation.
   b. The proposed Bylaws, which shall describe the operating procedures and specific individual responsibilities of the Board of Directors, committees, and officers of the organization.

(3) The Articles of Incorporation and the Bylaws, together, shall provide that:
   a. Persons employed by the organization shall not be considered to be employees of the State of Florida by virtue of employment by the organization.
   b. The chief executive officer or director of the organization shall be selected and appointed by the governing board of the organization, subject to prior approval by the President of the University. The director or chief executive officer shall report to the President of the University or the President’s designee, who shall be a vice president or other senior officer reporting directly to the President.
   c. The chair of the Board of Trustees may appoint a representative to the board of directors and executive committee of the organization, and the President of the University or his/her designee will serve on the board of directors and executive committee of the organization.
   d. Any subsequent amendments to the Articles of Incorporation or Bylaws of the organization must be submitted to the Board of Trustees for approval prior to becoming effective.
   e. The organization shall provide equal employment opportunities for all persons regardless of race, color, religion, gender, age, or national origin.

(4) Upon certification by the Board of Trustees, a direct support organization is authorized to use the property, facilities and personal services of the University.

(5) The President of the University shall have the authority to monitor and control the use of University name and resources by the organization, monitor compliance of the organization with state and federal laws and rules of the Board of Trustees, and approve salary supplements and other compensation or benefits paid to the University faculty and staff from organization assets.

(6) The President of the University shall determine the compensation of athletic personnel from organization assets and such authority may not be delegated.

(7) A Direct Support Organization shall prepare, at least annually, a budget to be reviewed and approved by the organization’s governing board and recommended by the president of the University to the Board of Trustees for review.

(8) The Direct Support Organization shall prepare quarterly Expenditure plans for review and approval by the President or designee, who shall be a vice president or other senior officer of the university reporting directly to the President.

(9) Direct support organizations shall provide for an annual audit by an independent certified public accountant, as prescribed by applicable law and rules, which shall be forwarded to the Board of Trustees for review and oversight.
(10) The University President may request that the Board of Trustees decertify a direct support organization if the President determines that the organization is no longer serving the best interest of the university. The request for decertification shall include a plan for disposition of the direct support organization’s assets and liabilities.

(11) The organization shall comply with all other obligations required by law, including those required by Section 1004.28, Florida Statutes.

6C7-5.0021 Student Government and Organizations.
   (1) Student Government.
   (a) Student Government shall be the official representative of all students and student functions on campus with the recognition
   that the ultimate authority for University affairs rests with the University’s Board of Trustees, President or their designee.
   (b) Student Government is authorized to make recommendations through the Vice President for Student Development and
   Enrollment Services concerning all University policies, regulations and operating procedures which significantly affect students
   and is authorized to nominate students to serve on University committees, councils and boards which have student membership or
   representation.
   (c) Subject to the approval of the President, Student Government may adopt a constitution and by-laws, establish appointed or
   elected offices and recommend employment of personnel required to carry out its functions.
   (d) Through its own constitutional procedures and in accordance with Section 1009.24(9)(b), Florida Statutes, Student
   Government may determine the allocation and use of that portion of University fees fixed by law and designated as Activity and
   Service Fees.
   (e) All Activity and Service Fees shall be maintained in accounts kept by the UCF Finance and Accounting Office. All
   contracts and purchases shall be made in accordance with university rules, and all appointments and payments of personnel shall be
   made in accordance with University personnel and payment procedures.
   (f) Student Government shall make arrangements for audits of all accounts which receive and/or expend Activity and Service
   Fees.
   (g) At the end of each university fiscal year, unexpended Activity and Service Fees shall revert to Student Government for
   reallocation in the subsequent year.
   (2) Student Organizations.
   (a) Any student association, group, or organization other than the Student Government Association whose objectives are
   consistent with the organizational goals and mission of the University is eligible for active registration. Registration is permitted
   and completed upon the recommendation of the Student Government Association, the review and concurrence of the Office of
   Student Activities and approval of Associate Vice President for Campus Life or designee.
   (b) Registration of student organizations by the University shall not imply support for any student organization’s purpose,
   philosophy, or activities. The University will not assume any legal liability for any student organization’s activities.
(c) To be considered for registration, a student organization must submit in writing to the Office of Student Activities a list of 12 (8 at area campuses) UCF student members and their UCF ID numbers, a list of all officers and their UCF ID numbers, the signature of all officers and the faculty/staff advisor(s), and the organization’s constitution. In seeking, securing and maintaining the privilege to be registered, each student organization must agree in writing to abide by all University policies, procedures, and regulations and to hold harmless the University for any actions or activities of the organization.

(d) Student Organizations registered by the University shall be granted the following privileges as provided below:

1. The privilege to use university facilities depending on availability, program and guidelines,
2. The privilege to request Student Government Association funds,
3. The privilege to establish dues and sponsor money raising projects,
4. The privilege to use the University’s name as part of the organization’s name,
5. The privilege to invite guest speakers to campus, and
6. The privilege to grant awards and honors to organization members.

(e) Organizations which violate University regulations are subject to disciplinary action as described elsewhere in these rules. Such action shall include:

1. Recommendation for Charter Revocation: An official request to a national office that the local chapter’s charter be revoked.
2. Revocation of UCF Registration: Permanent severance of the organization’s relationship with UCF.
3. Suspension of UCF Registration: Temporary severance of the organization’s relationship with UCF for a specific period of time. The period of time and any requirements that must be satisfied before re-registration must be specified in the decision of the hearing panel.
4. Probation: Temporary restrictions of certain activities on the part of the organization as defined by the hearing panel and/or an officially sanctioned status of the organization whereas further violations of UCF policy could result in suspension, revocation of registration, etc.
5. Restitution: Reimbursement for a loss caused by the organization’s actions.
6. Community Service: Assignment to work a specific number of hours at a community service agency or project.
7. Mediation: Official mediation between the organization and any offended parties.
8. Restrictions: Restriction of some or all of the organization’s activities or privileges, including, but not limited to, social activities, intramural competition, organizational competition, Homecoming, etc.
9. Organizational Suspension (see Administrative Action). Note: disposition of administrative action may be extended in cases involving student organizations.
10. Required Educational Programs: Alcohol awareness programs, risk management programs, etc. for a specified percentage of organizational membership.

6C7-5.003 Student Rights and Responsibilities.

Student Rights.

(1) Upon enrollment, students are entitled to the following freedoms and rights. Provided the exercise thereof is accomplished in accordance with University procedures and does not result in disruption or disturbance as elsewhere described in the rules:

(a) Participation in Student Government Association and its elective process.
(b) Membership in Student Organizations.
(c) Freedom of Expression – the basic freedom of students to hear, write, distribute, and act upon a variety of thoughts and beliefs is guaranteed. Freedom of expression carries with it the responsibility for seeing that the essential order of the University is preserved.
(d) Freedom to hold public forums – the University desires to create a spirit of free inquiry and to promote the timely discussion of a wide variety of issues, provided the views expressed are stated openly and subject to critical evaluation. Restraints on free inquiry are held to a minimum and are consistent with preserving an organized society in which peaceful, democratic means for change are available. Guest lecturers or off campus speakers sponsored by student groups may appear on the UCF campus following arrangements with the designated University authority for such appearances.
(e) Freedom to hear, write, distribute and act upon a variety of thoughts and beliefs. This freedom is subject to the following regulations:

1. Written materials identified by authorship and sponsorship may be sold or distributed on campus within the guidelines of propriety and responsible journalism as established and supervised by the University Board of Publications which is appointed by the President or his designee. The distribution of such material, as is arranged by the Director of the Office of Student Activities, is permissible for student organizations provided steps have been taken to preserve the orderliness of the campus.
2. Non-university or off-campus printed materials shall not be distributed or circulated by students or student organizations without first being stamped by the Director of the Office of Student Activities.
3. The distribution of materials or circulation of petitions to captive audiences such as those in classrooms, at registration, in study areas or in residential units is not allowed without prior permission. Such permission may be requested from the appropriate University vice president, dean or director.

(f) Student rights to peaceful assembly is recognized. Existing laws and University rules shall be observed. Student gatherings must neither disrupt or interfere with the orderly educational operation of the institution; nor violate state or local laws, or University rules.

(g) Fair and impartial hearing. These matters shall include, but not be limited to:
   1. Disciplinary proceedings involving alleged violation of academic and non-academic rules and regulations (see also Rule 6C7-5.0041, F.A.C.).
   2. Refunds and charges. The status of a student charged with a violation of University regulations shall not be affected pending final disposition of the charges except in the case of administrative action.
   (h) Confidentiality of student records. Each University office and agency which generates, collects, and disseminates information on students must follow Florida and Federal laws regarding confidentiality of those records in their possession.
   (i) Provisions for Victims/Survivors of Acts of Violence. To ensure fairness to victims/survivors of acts of violence throughout the disciplinary process, the University has established the following policy on victims/survivors:
      1. A victim or a survivor may have a person of her or his choice accompany her or him throughout the Student Conduct Review process. This person will act as a support person or advisor but will not represent the victim or survivor.
      2. A victim or survivor may submit a list of questions related to the alleged incident, prior to the hearing, that she or he feels that charged student should be asked during the hearing process.
      3. A victim or survivor may not have her or his irrelevant past conduct, including sexual history, discussed during the hearing.
      4. A victim or a survivor may make a “victim or survivor impact statement: and suggest an appropriate sanction (to include appropriate compensations) if the charged student is found to have been in violation of the Rules of Conduct.
      5. A victim or survivor may know the outcome of the student conduct review process, after making a commitment to protect the confidentiality for all persons involved as outlined in the Family Educational Rights and Privacy Act Regulation, 99.31.13. See subsection 6C7-5.0041(11), F.A.C., for specific student rights during disciplinary process.

(2) UCF Rules of Conduct.
   (a) These conduct rules shall apply to all undergraduate students, graduate students, and student organizations of the University and its area campuses and shall be deemed a part of the terms and conditions of admission and enrollment of all students. Failure to comply with duly established laws or University regulations may subject violator(s) to appropriate civil authorities. Violations of University regulations shall be recorded in the disciplinary file of the individual(s) and/or the organization.
   (b) Generally, authority necessary to enforce regulations is vested in the Vice President for Student Development and Enrollment Services or designee. Selected functions of this authority are shared with faculty, staff and students. Some functions of student conduct administration are assisted through review boards or councils.
   (c) Students and student organizations are also subject to University disciplinary sanctions for the violation of a University rule or federal, state, county, or city law, which has an adverse impact on the University.
   (d) The following defined and described actions constitute conduct for which disciplinary action may be taken. These rules apply to all students for conduct that occurs against other students or non-students on University premises, while participating in University sponsored or related activities, during school sessions, during holidays, and during periods of continuous enrollment, or off-campus when that conduct is determined to adversely affect the interest(s) of any part of the University. A student is continuously enrolled, once admitted, unless the student fails to register in two consecutive terms, excluding summer terms, and must re-apply for University admission.
   1. Misuse of Computing and Telecommunications Resources. The University supports open access to electronic communication and information. Nevertheless, the preservation of an open computing and communications environment requires adherence by users to applicable law and University’s rules regarding the responsible use of computing systems, software and telecommunication networks. Suspected criminal violations of applicable laws shall be reported to the University Police Department, appropriate law enforcement agencies or any other applicable authorities or agencies.

2. Disruptive Conduct.
   a. An act which intentionally impairs, interferes with, or obstructs the orderly conduct, processes, and functions of the University or any part thereof.
   b. Violence which deliberately impedes or interferes with the normal flow of pedestrian and vehicular traffic.
   c. An act which deliberately impedes or interferes with the normal flow of pedestrian and vehicular traffic.
   d. An act which tampers with the election(s) of any University student organization or group.
   e. Willful destruction of University property or property of members or guests of the University.
   f. Misuse of any University safety equipment, fire fighting equipment, or fire alarms.
   g. An act which deliberately interferes with the academic freedom or the freedom of speech of any member or guest of the University community.
   h. A false report of an explosive or incendiary device, which constitutes a threat or bomb scare.
   i. Conduct which is lewd or indecent.
j. Breach of peace: an act, which aids, abets, or procures another person to breach the peace on the University premises or at University sponsored/related functions.

k. Failure to comply with oral or written instruction from duly authorized University officials acting within scope of their job duties or law enforcement officers acting in the performance of their duties, including failure to identify oneself to these persons when requested to do so.

3. Providing False and Misleading Information and/or Falsification of University Records.
   a. Withholding related information or furnishing false or misleading information (oral or written) to University officials, faculty or staff, including use or attempted use of a fraudulent identification card or driver’s license.
   b. Forgery, alteration or misuse of any University document, material, file, record or instrument of identification.
   c. Deliberately and purposefully providing false or misleading verbal or written information about another person that results in damage to the person’s reputation.

4. Possession and/or Use of a Firearm and/or Dangerous Material.
   a. Possession or use of firearms or any weapon other than a common pocket knife on University premises or at University sponsored/related activities.
   b. Possession or use of, fireworks of any description, explosives, or chemicals which are disruptive, explosive or corrosive, on University premises or at University sponsored/related activities.

5. Gambling.
   a. Play in an unlawful game of chance for money or for anything of value on University premises or at any affair sponsored by a student or student organization.
   b. Unlawfully sell, barter, or dispose of a ticket, order or any interest in a scheme of chance by whatever name on University premises or at any affair sponsored by a student or student organization.
   c. Wager on a University team or organization in a competition, with a direct influence in the success of the competition.

6. Instigation or Participation in Group Disturbances During Demonstrations, Parades, or Picketings.
   a. Participation in a demonstration(s), parade(s), or picketing which invades the rights of others, which interferes with the educational function of the University, or which jeopardizes public order and safety.
   b. Leading or inciting others to disrupt scheduled and/or normal activities within any campus building or area.

   a. Any action or situation which recklessly or intentionally endangers the mental or physical health and/or safety of a student for the purpose of initiation or admission into, or affiliation with, any organization operating under registration with the University.
   b. Brutality of a physical nature such as whipping, beating, branding, forced calisthenics, exposure to the elements; forced consumption of any food, liquor, drug, or other substances; or other forced elements; or other forced activity which could adversely affect the physical health or safety of the individual.
   c. Any activity which could subject the individual to mental stress such as sleep deprivation, forced exclusion from social contact, forced contact which could result in embarrassment, or any other activity which could adversely affect the mental health or dignity of the individual.

8. Unauthorized use of Keys and/or Entry.
   a. Unauthorized possession, duplication or use of keys to any University premises.
   b. Unauthorized entry or attempted entry to any University premises.

9. Larceny. Unauthorized use, possession, or services or theft of property. Such property may be personal or public.

    a. Verbal or written abuse of any person, including lewd, indecent, or obscene expression of conduct.
    b. Physical abuse or threat of physical abuse to any person.
    c. Harassment: defined as behavior (including written or electronic communication such as AOL, IM, ICQ, etc.) directed at a member of the University community which would cause severe emotional distress, intimidation, or coercion to a reasonable person in the victim’s position, or would place a reasonable person in the victim’s position in fear of bodily injury or death. This definition, however, shall not be interpreted to abridge the right of any member of the University community to freedom of expression protected by the First Amendment of the United States Constitution and any other applicable law.
    d. Failure to respect the privacy of other individuals.
    e. Retaliation against or harassment of complaint(s) or other person(s) alleging misconduct.

11. Property Damage. Damage or defacing of University property or the property of another person whether or not it is on University premises.

12. Commission of a felony or a misdemeanor. Commission of an act, which is a felony or misdemeanor as provided in local, state, or federal law.

13. Misconduct at University Sponsored/Related Activities. Violation of University rules, or regulations of a host institution sponsored/related activity.

14. Unlawful possession, use, or sale of any controlled substance. Use, possession, sale, distribution or attempt to obtain any narcotic or other controlled substances, and possession and/or use of drug paraphernalia, except as expressly permitted by law is prohibited.

15. Academic Dishonesty/Cheating.
a. Cheating is a violation of student academic behavior standards. The common forms of cheating include:

I. Unauthorized assistance; communication to another through written, visual, or oral means. The presentation of material which has not been studied or learned, but rather was obtained through someone else’s efforts and used as part of an examination, course assignment or project. The unauthorized possession or use of examination or course related material may also constitute cheating.

II. Plagiarism: whereby another’s work is used or appropriated without any indication of the source, thereby attempting to convey the impression that such work is the student’s own. Any student failing to properly credit ideas or materials taken from another is plagiarizing.

b. Any student who knowingly helps another violate academic behavior standards is also in violation of the standards. See Rule 6C7-5.0042, F.A.C.

a. Sexual Assault: acquaintance rape (date, friend, someone the victim knows casually or through mutual friends) or any other form of rape. Rape is defined as nonconsensual sexual penetration, coercion, or penetration against the victim’s will. Any sexual conduct which occurs between members of the University community on or off the UCF campus shall be consensual, meaning that willing and verbal agreement shall be clearly given in advance by all persons involved at each new level of such conduct. A person shall not knowingly take advantage of another person who is under 18 years of age, mentally defective, under the influence of prescribed medication, alcohol or other chemical drugs, or who is not conscious or awake, and thus is not able to give consent as defined above. Further, a person shall not physically or verbally coerce another person to engage in any form of sexual conduct, to the end that consent as defined above is not given.

b. Sexual Harassment: unwelcome sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature which prevents or impairs another person’s full enjoyment of the educational benefits, atmosphere, or opportunities provided as part of the University.

c. Public Indecency: exposure of one’s body in such a manner that another party reasonably could be offended or to display sexual behavior which another person reasonably finds offensive.

d. Voyeurism: sexual stimulation sought through trespass, spy, or eavesdrop activities.

NOTE: UCF will use discretion in accommodating the victim as well as protecting the rights of the accused violator(s). As a result of these special circumstances, a case of student sexual misconduct may be resolved before a hearing officer. UCF will not attempt to shelter students from federal, state, and/or local laws pertaining to sexual misconduct.

17. Alcoholic Beverages Violation. Use, possession, sale and/or distribution of alcoholic beverages except as expressly permitted by the law and University rules, and behavior under influence of alcoholic beverages, including operating a vehicle, is prohibited.

18. University Designated Student Residence Violations. Repeated or flagrant violations of regulations governing University student residences.

19. University Wordmark Violations. Unauthorized use of the official University wordmark, Pegasus, monogram, seal, or other graphic identity symbol.

20. Outstanding Debt. Failure to insure that all organization bills are paid.

21. Use of Facilities. Failing to properly register student events.

22. Advertising.

a. Origination or circulation of any advertising media that contains matter that violates federal, state and/or local law is prohibited.

b. Origination or circulation of any advertising media containing false or misleading information or obscene language or patently offensive material is prohibited.

23. Social Events. Allowing crowd size that exceeds such limits so as to infringe upon the rights and/or property of others and/or endanger those in attendance is prohibited. Failing to provide adequate parking so that vehicles are impeding the normal flow of traffic, parked illegally or parked on private property without proper authorization is prohibited.

24. Solicitation and Fundraising. Conducting in any solicitation and fundraising activities in a manner that violates or is contrary to the policies of UCF or its Office of Student Activities, the Student Union, and/or federal, state and/or local law.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10)(e) FS. History–New 10-8-75, Amended 11-8-79, 6C7-5.03(2)(c)1., Amended and Transferred to 6C7-5.042, Amended 8-15-84, 9-8-85, Formerly 6C7-5.03, Amended 4-23-03.

6C7-5.0041 Student Discipline.

(1) Scope.

(a) This rule shall apply to all undergraduate students, graduate students, and student organizations of the university and its branch campuses and shall be deemed to be a part of the terms and conditions of admission, enrollment and retention of all students.

(b) Excluded from this particular rule are disciplinary actions which are described in the following UCF Rules except that repeated or aggravated cases may be subject to action under this rule:
Rule 6C7-6.007, F.A.C., Parking and Traffic Violation.

Rule 6C7-5.0042, F.A.C., Student Academic Behavior – action taken by instructor unless referred by a college dean or designee to the Director of the Office of Student Rights and Responsibilities or designee under this rule.

(2) Rules of Conduct. The following listed actions, which are more fully described in paragraph 6C7-5.003(2)(c), F.A.C., are a list of the actions for which students may be subject to disciplinary action under the provisions of this rule. These rules apply to all students and student organization for conduct that occurs against other students or non-students on University premises, while participating in University sponsored or related activities, during school sessions, during holidays, and during periods of continuous enrollment, or off-campus when that conduct is determined to adversely affect the interest(s) of any part of the University. A student is continuously enrolled, once admitted, unless the student fails to register in two consecutive terms, excluding summer terms, and must reapply for University admission.

(a) Subparagraphs 6C7-5.003(2)(c)1. through 19., F.A.C., including:
2. Providing False and Misleading Information and/or Falsification of University Records.
4. Unauthorized Use of Keys and/or Entry.
5. Personal Abuse.
6. Commission of a Felony or a Misdemeanor.
7. Unlawful Possession, Use, or Sale of any Controlled Substances.
8. Instigation or Participation in Group Disturbances During Demonstrations, Parades or Picketing.
10. Possession and/or Use of a Firearm and/or Dangerous Materials.
11. Hazing.
12. Larceny.
13. Property Damage.
14. Misconduct at University Sponsored/Related Activities.
17. Alcoholic Beverages Violations.
18. University Designated Student Residence Violations.

(b) See also paragraph (1)(b) above.

(3) Disciplinary Sanctions. The sanctions which may be imposed on students for violation of any of the rules of conduct of this University shall include any of the sanctions listed under informal disposition in subsection (6) below or any of the following. Review boards may recommend any sanction listed below with any appropriate modifications as well as any from the sanctions listed under informal disposition.

(a) Disciplinary Warning – An official warning that the student’s behavior is in violation of the UCF Rules of Conduct, and that if the student is subsequently found in violation of this rule, subsequent action may be more severe.

(b) Disciplinary Probation – Disciplinary probation status shall be for a specific length of time extending from a week to a number of semesters. Restrictive conditions may be imposed and vary according to the severity of the offense. Restrictive conditions may include, but may not be limited to, the following: loss of good standing which may become a matter of record; ineligibility to receive any university award, scholarship, loan, honorary recognition, or initiation into any local or national organizations; denial of the privilege to occupy a position of leadership or responsibility in any university student organization, publication or activity, or ability to represent the University in an official capacity or position. Under disciplinary probation, the student may continue to attend classes and is given a chance to show capability and willingness to live in accordance with University rules. However, if the student is subsequently found in violation of a rule while on disciplinary probation, the University may suspend or expel the student from the University.

(c) Disciplinary Suspension – A student involved in an offense warranting consideration of action more serious than disciplinary probation, or one involved in repeated misconduct, may face suspension. The length of the suspension period shall be defined and may extend from days to a number of semesters. During the period of suspension, a student may not attend classes and may not otherwise be present on University premises unless authorized in writing in advance under conditions approved by the Director of the Office of Student Rights and Responsibilities. In determining if and to what extent suspended students shall be authorized to be on University premises, the Director of the Office of Student Rights and Responsibilities or designee shall consider whether the suspension creates an undue hardship on the suspended student in regard to considerations that include, but are not limited to, the medical needs of the student.

(d) Disciplinary Expulsion – When an offense is of such severity that the University will not allow the student to re-enroll, the student will be expelled. When a student has been expelled from the University for disciplinary reasons, a full report will be placed in the permanent record of the individual concerned.
(4) Violation Reports. Alleged violations of the UCF Rules of Conduct shall be reported in writing to the Director of the Office of Student Rights and Responsibilities (OSRR), or designee. The written complaint of violation of the UCF Rules of Conduct shall be made no later than one year following discovery of the alleged violation. The Director of the Office of Student Rights and Responsibilities or designee shall make appropriate inquiries into the circumstances of the case to determine one of the following dispositions:
   (a) Case dismissal.
   (b) Administrative action.
   (c) Mediation.
   (d) Informal disposition.
   (e) Formal disposition.
(5) Case Dismissal. The Director of OSRR or designee shall dismiss a case if it is found to not have sufficient facts or evidence to substantiate the claim of misconduct, the accused person is not a student or the misconduct is not a violation of the rules of conduct.
(6) Administrative Action.
   (a) In unusual cases, which dictate a decision for the welfare of any individual, the student body, or any part of the University or its community, the Director of OSRR, or designee, may take immediate and summary action to resolve the situation. This summary action may include any of the disciplinary sanctions described in subsection (3) of this rule (warning, probation, suspension, or expulsion) or any lesser sanction that the Director of OSRR, or designee, determines necessary to protect the interests of any or all concerned. Such action is subject to review within three (3) working days by the Vice President for Student Development and Enrollment Services or designee. In the instance of summary suspension or expulsion, there will be a scheduling of a hearing within three (3) days to determine the status of the summary suspension or expulsion.
   (b) Sanctions taken through administrative action shall remain in effect until the final disposition of formal charges resulting from the circumstances of the case, unless the Vice President for Student Development and Enrollment Services or designee shall decide otherwise.
(7) Mediation. Depending on the nature and severity of the alleged violation, the Director of OSRR or designee may refer the case to the Dispute Resolution Services Office for mediation as an alternative to disciplinary action. Mediation is a confidential process whereby two or more parties voluntarily meet with an impartial mediator to communicate their concerns and needs to each other and to reach their own agreement on the resolution of the case. The participants in mediation are responsible for keeping their agreement or re-negotiating it, if necessary. In the event that the participants do not reach a full and final resolution, the case will be referred back to the Director of OSRR or designee for disciplinary action.
(8) Informal Disposition. At the discretion of the Director of OSRR, or designee, violations found not to warrant formal disposition may be referred to the appropriate forum for proper disposition and/or settled by one or more of the following outcomes: disciplinary warning; disciplinary probation; restitution; community service; counseling; or other educational sanctions.
(9) Formal Disposition.
   (a) If an alleged violation of the Rules of Conduct is not handled through other appropriate channels, is not dismissed, or is not settled informally, then the Director of OSRR or designee shall present in writing formal charges to the student.
   (b) This written notification shall include:
      1. The student’s name, social security number, and address.
      2. Brief description of the alleged violation including dates, times and places known at the time formal charges are prepared.
      3. Names of potential witnesses known at the time formal charges are prepared.
      4. A description of any written or physical evidence known at the time charges are prepared.
      5. An invitation to attend an information session during which the student will receive instructions regarding the disciplinary process and the student’s rights, confirmation of the forum in which the case will be heard, and an opportunity to inspect and/or copy the evidence known at the time charges are prepared that likely could be presented at the hearing.
   (c) The charged student may request either a hearing before a panel of the Student Conduct Board or before an Administrative Hearing Officer appointed by the Vice President for Student Development and Enrollment Services or designee.
(10) Formal Hearings.
   (a) Student Conduct Boards. The Student Conduct Board and the Student Organization Hearing Board shall consist of twenty (20) persons appointed by the Vice President for Student Development and Enrollment Services. The Student Conduct Board shall consist of not less than five (5) faculty members, and/or five (5) administrative staff members representing the various administrative divisions of the university, and ten (10) student members. Board members shall serve annual terms beginning and ending in August of each academic year. When a vacancy occurs, the vice president shall make new appointments to fill unexpired terms. Whenever the number of board members available to serve in a particular disciplinary hearing is reduced, the vice president may appoint additional members on an ad hoc basis.
   (b) Student Hearing Panel. A student hearing panel to consider individual cases shall be randomly selected by the Director of OSRR or designee from the Student Conduct Board and shall consist of two (2) faculty and administrative staff members combined, and two (2) student members. Each panel shall elect from among its number an individual to conduct that hearing and to
report its decisions to the Director of OSRR or designee. At hearings conducted by a student or student organization hearing panel, the Director of OSRR or designee shall act as an advisor to the panel, receive the panel’s recommendation as to in violation or not in violation of the Rules of Conduct, and consider any sanctions recommended by the panel.

(c) The Director of OSRR or designee shall: Accept the recommendation of “in violation” or “not in violation” or remand the case for rehearing. If the Director of the OSRR or designee accepts the recommendation of “in violation”, they may approve, mitigate or increase the sanctions recommended by the panel, based on standards set forth in the Disciplinary Sanctions section of the Student Conduct Review Process.

(d) Administrative hearings shall be conducted by a faculty or staff member randomly selected by the Director of OSRR or designee from the Student Conduct Board. The charged student shall be informed of the hearing officer assigned to his/her case and shall have the opportunity to challenge the impartiality of the individual within three (3) school days of notification. The student shall state in writing the basis for such challenge. A hearing officer so challenged will be excused; however, indiscriminate challenges shall not be permitted.

(e) Any decision by the Director of OSRR or designee to alter sanctions or return a case under paragraph (c) of this subsection shall be accompanied by a concise and explicit written statement that explains the basis for that decision.

(11) Conduct of Hearings – The following is furnished as a guide to the sequence of events in a hearing:

(a) Reading of charges.
(b) Presentation of evidence against the charged student.
(c) Presentation of evidence in defense of the charged student.
(d) Deliberation (in executive session).
(e) Announcement of the decision.

(12) Case Record – The case record shall consist of the following items:

(a) A copy of the formal charges in writing.
(b) A video tape recording of the hearing.
(c) All staff memoranda and/or data submitted.
(d) All items of physical evidence submitted, provided such items are not returned to a rightful owner. In that case, photographs or other facsimiles shall be made before return.
(e) The recommendation by the hearing panel, if any.
(f) The Director of OSRR decision.

(13) Student Rights During the Student Conduct Review Process. The following rights shall be explained to each charged student prior to the commencement of any formal disciplinary hearing:

(a) All parties shall be afforded reasonable written notice, at least five (5) calendar days prior to the hearing. A letter sent to the charged student at the address listed in the Registrar’s records shall constitute full and adequate notice. Written notice shall include:

1. A statement of the time, place, and nature of the proceeding hearing.
2. A statement of the nature of the case and of the forum under which it is to be heard.
3. A brief statement of the behavior of the accused student that serves as the basis for the violation(s) being charged. If the University is unable to state the behavior in detail at the time notice is served, the initial statement may be limited to an explanation of the general issues involved. Thereafter, upon request by the student, a more detailed and definitive statement will be furnished prior to the commencement of any formal hearing.

(b) The student may have an advisor of the student’s choice present at the hearing. The Director of OSRR shall maintain a list of impartial advisors and resources available to the student for preparing his/her defense. The advisor shall assist the student in the disciplinary process but shall not speak for or present the case on behalf of the student.

(c) All hearings shall be conducted on the basis that the charged student is not in violation until the preponderance of evidence proves otherwise.

(d) The student may inspect any evidence presented in support of the charges.
(e) Evidence may be presented in defense of the student.
(f) The student may hear and question adverse witnesses.
(g) The student shall not be forced to present self-incriminating evidence; however, the University is not required to postpone disciplinary proceedings pending the outcome of any civil or criminal prosecution.

(h) The decision of “in violation” or “not in violation” on the charges shall be based solely on the evidence presented at the hearing.

(i) The results of any formal hearing shall be furnished in writing to the student within two (2) working days following the hearing.

(j) The student’s enrollment status shall remain unchanged pending the University’s final decision in the matter except in cases where the Vice President for Student Development and Enrollment Services or designee determines that the safety, health, or general welfare of the student, any individual, or any part of the University may be involved.

(14) Appeals – Students found in violation as the result of a hearing may appeal that finding and sanction(s) imposed as a result thereof on the basis of one or more of the following:

(a) Irregularities in fairness and stated procedures of the hearing that could have affected the outcome of the hearing.
(b) Discovery of new and significant evidence that could have affected the outcome of the hearing and that was not known or could not reasonably have been discovered and/or presented at the time of the initial hearing.

(c) The sanctions are extraordinarily disproportionate to the violation(s).

(d) The appeal must be made in writing to the Associate Vice President for Campus Life within seven (7) calendar days after the date of notification to the student of the disciplinary decision.

(e) The Associate Vice President for Campus Life shall first determine if sufficient grounds for appeal exist and then, if so, may either deny the appeal (thus sustaining the initial decision and sanctions) or remand the case to the original hearing forum for re-consideration.

(f) Further administrative appeal may be made in writing by the student to the Vice President for Student Development and Enrollment Services. Such appeal must be made within seven (7) calendar days after the date that the student was notified of the Associate Vice President’s decision. The Vice-President may approve, modify or reject the original decision or sanction, or approve or reject Associate Vice President’s decision. The Vice President’s decision will be considered final agency action.

(g) Expungement of a Student Conduct Record – A student’s conduct record is eligible for expungement if it is a single minor offense that did not result in suspension or expulsion and where a second violation would not likely result in suspension or expulsion from the University. A student conduct record may be expunged upon the successful submission and review of appropriate paperwork to the Office of Student Conduct. The factors influencing the decision by the Director of the OSRR for expungement are the severity of the violation, effect of the violation on the University community, sanctions applied, completion of sanctions, and ethical development demonstrated by the student. There is not an appeals process regarding student conduct records expungements.

15) Rule Evaluation. This rule will be evaluated not less than every three (3) calendar years by a University committee composed of three student members appointed by the Student Body President to the Vice President for Student Development and Enrollment Services and three (3) faculty and/or staff members appointed by the Vice President for Student Development and Enrollment Services.

Specific Authority 1001.74(4) FS, Law Implemented 1001.74(10)(e) FS, History–New 11-8-79, Amended 9-8-85, Formerly 6C7-5.041, Amended 5-15-86, 10-11-92, 10-8-00, 4-23-03.

6C7-5.0042 Student Academic Behavior.

(1) Academic Behavior Standards.

(a) UCF is committed to a policy of honesty in academic affairs. Conduct that comprises a breach of this policy may result in academic action and disciplinary action. Academic action affects student assignments, examinations or grades. Disciplinary action affects student enrollment status.

(b) Violations of student academic behavior standards on the undergraduate or graduate level include the following:

1. Cheating—whereby non-permissible written, visual or oral assistance, including that obtained from another student or another source is utilized on examinations, course assignments or projects. The unauthorized possession or use of examination or course-related material shall also constitute cheating.

2. Plagiarism—whereby another’s work is deliberately used or appropriated without any indication of the source, thereby attempting to convey the impression that such work is the student’s own. Any student failing to properly credit ideas or materials taken from another has plagiarized.

3. A student who has assisted another in any of the aforementioned breaches of standards shall be considered equally culpable.

(2) Academic Action.

Action by the instructor:

(a) When an instructor becomes aware of a violation of student academic behavior standards, and before any academic action is taken, the instructor shall inform the student of the violation, citing the information on which the allegation is based. The instructor shall give the student the opportunity to respond in defense. If the instructor continues to believe a violation of academic behavior standards has occurred, the instructor in consultation with the unit head shall duly inform the student in writing of the academic action being taken and the reasons for such action. Reports of the initial violation and the final academic action report shall also be sent to the director of the Office of Student Rights and Responsibilities (OSRR) or designee.

(b) In response to a violation of the student academic behavior standards, the instructor, along with the unit head shall, for each infraction, take appropriate measures ranging from counseling to an academic action (loss of credit for a specific assignment, examination or project; failure of the course; or removal of the offender from the course with a grade of “F”) to a recommendation for disciplinary action forwarded to the director of the OSRR or designee.

(c) Should an alleged violation of academic behavior standards arise before the withdrawal deadline in a term, the instructor shall notify the unit head who will notify the registrar that the student shall not be withdrawn from the course in question. Only a written release from the instructor or the authorized party deciding a student appeal will permit withdrawal. However, if the student appeals that academic action and desires to withdraw from the course, the process shall be initiated by the student immediately in the normal University manner. Such withdrawal requests will be held in abeyance until a ruling on an appeal is obtained. If resolved in favor of the student, the withdrawal request will be processed at that time. The individual empowered to rule on the student appeal shall appropriately notify both the registrar and director of the OSRR or designee of the outcome.
(3) Coordination of Academic and Disciplinary Action.

(a) When an instructor initiates academic action as the result of the student’s alleged violation of academic behavior standards, the academic action will be processed before any disciplinary action is sought. At the time of the final academic action report the instructor can recommend, through the unit head and college dean or designee to the director of the OSRR or designee, that disciplinary action should be pursued by means of the Student Conduct Review Process.

(b) When information concerning an alleged violation of academic standard is received by the director of the Office of Student Rights and Responsibilities or designee from somewhere other than instructional sources (e.g., other student, University police, etc.), the director or designee shall inform the dean or designee of the college in which the violation allegedly took place. The college dean or designee shall inform the unit head who, in turn, will notify any affected instructor. The instructor, in consultation with the unit head will then determine if an academic action is appropriate. At the time of the final academic action report, the instructor can recommend through the unit head and college dean or designee to the director of the OSRR or designee that disciplinary action should be pursued by means of the Student Conduct Review Process.

(c) In the case of multiple aggravated violations of academic behavior standards, the director of the OSRR or designee shall initiate disciplinary action based on information contained in University records upon consultation with the college dean or designee.

General Policy – The Following Assumptions are Adopted.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10)(e) FS. History–New 8-15-84, Formerly 6C7-5.003(2)(c)1., 6C7-5.042, Amended 5-15-86, 5-20-90, 9-15-96, 4-23-03.

6C7-5.00431 Student Academic Appeals.

(1) Scope.

(a) This rule shall apply to undergraduate and graduate student appeals of the following:
   1. Grades (typically limited to final grades) resulting from an instructor’s:
      a. Alleged deviation from established and announced grading policy;
      b. Alleged errors in application of grading procedures; and
      c. Alleged lowering of grades for non-academic reasons including discrimination.
   2. Actions taken by an instructor pursuant to the provisions of the UCF policy on “Student Academic Behavior.” See UCF Rule 6C7-5.0042, F.A.C.
   (b) This rule shall also apply to undergraduate program requirements of departments, schools, or colleges.
   (c) Appeals of graduate program actions or decisions by a faculty member, program, or college, including termination from an academic program, are discussed in UCF subsection 6C7-5.00431(6), F.A.C.
   (d) The professional judgment exercised by an instructor in assigning a grade or in conducting a class is excluded from the provisions of this rule except as noted here in subsection (1).

(2) General Policy – The Following Assumptions are Adopted.

   (a) Students are entitled to a fair, prompt, and open resolution of complaints.
   (b) Faculty members and administrators are entitled to a fair, prompt, and open forum in defense of their action.
   (c) Students have access to published materials and student government representatives to help them become familiar with and understand procedures for handling complaints.
   (d) Faculty members and administrators have access to published materials and University staff to help them know and understand procedures through which charges against them will be addressed.
   (e) Resolution of student appeals should be made as speedily and informally as possible.
   (f) The University as an institution and its faculty are entitled to procedures that ensure the maintenance of academic standards.
   (g) The appropriate forum for discussion or alteration of academic matters is the academic unit responsible for these matters.

(3) Resolution of Student Appeals at Informal Level.

(a) All student academic appeals or wrongful academic action(s) by an instructor or administrator shall first be brought to the attention of the instructor of the course or administrator perpetuating the action. This action must be initiated within one semester of the alleged wrongful action or grade, or as soon thereafter as the student becomes aware of such action. The administrator shall, with the consent of the student, attempt to resolve the problem in an expedient and satisfactory manner. If dissatisfied with the decision of the person whose action is being appealed, or if that person is not available, the student may continue to pursue a reasonable efforts to apprise the instructor or administrator of the situation. The person whose action is being appealed may elect to
(4) Resolution of Student Academic Appeals at the College Level.
(a) If not satisfied with the resolution of the complaint proposed by the unit head or supervisor, the student may proceed within 10 school days of receipt of the unit head’s or supervisor’s decision to file a written appeal with the office of the dean of the college in which the action occurred. The written appeal must clearly specify the action that the student perceives as wrong.
(b) An assistant or associate dean in the college appropriate to the case will hear the appeal and render an opinion within 10 days. If the student is not satisfied with the finding of this administrator, the student within 10 days may request an appeal to a Student Academic Appeals Committee.
(c) The purpose of the Student Academic Appeals Committee is to determine whether a broader segment of the campus represented by the committee also judges the action as wrong. If so, they are to suggest a resolution for the action. Before filing the complaint, the student must consult with the director of the OSSR or designee, who shall furnish advice as to the student’s rights and responsibilities with respect to this policy. The written appeal shall include the basis of the original complaint, the dates when the instructor, unit head, administrator, or supervisor met with the student to discuss the problem, and the suggested resolution at that time.
(d) Student Academic Appeals Committee.
1. Each college shall establish a Student Academic Appeals Committee whenever required.
2. The committee shall be made up of at least three and no more than five tenured faculty members and an equal number of students.
3. Student members shall be selected by the dean or designee of the college from a panel of 20 students appointed by the vice president of Student Development and Enrollment Services from a list of students furnished for this purpose by the president of the Student Government Association.
4. Any member may be challenged for cause by either party. The validity of such challenges shall be decided by the Office of Student Rights and Responsibilities. If a challenge is upheld, the college dean or designee shall appoint a replacement from the college’s tenured faculty or the student panel.
(e) The college dean or designee shall call the Student Academic Appeals Committee together and arrange an appeal date.
(f) In conducting a formal review, the Academic Grade Appeals Committee shall adhere to the following guidelines:
1. The time limits specified in the following review procedure may be extended by mutual agreement of the parties.
2. The student and the instructor or instructor’s replacement shall be permitted to have a non-lawyer representative appear with them before the committee if they so choose.
3. The committee shall not be officially convened to review the appeal until the faculty member involved, or replacement, has received a copy of the appeal or complaint and has had at least 5 school days to submit, if desired, any information. The student will be provided with a copy of any material submitted by the instructor at least 5 school days before the committee meets to review the case.
4. The committee should make every reasonable effort to meet for review of the case within 15 school days after receipt of the student’s written appeal and any information provided by the faculty member and/or chair.
5. The committee will function as an objective, fact-finding body when examining all available and relevant information concerning the student’s appeal of academic action by the instructor. Such information shall include the student’s written appeal, written and/or oral information provided by the instructor, statements made by both parties before the committee, and any other information the committee may deem relevant.
6. The student and faculty member shall be invited to meet with the committee. Each shall be allowed adequate time to respond to the appeal and material as submitted, to any questions from committee members, and to present additional information needed to clarify the issues involved.
7. After meeting with both parties, the committee shall develop its recommendations by majority vote. The committee chair shall designate a member to record the committees’ recommendations. These recommendations concerning the disposition of the case shall be submitted to the college dean.
8. The college dean shall render a decision within 10 school days of the conclusion of the committee hearing. Copies of the committee’s recommendation and the dean’s decision shall be made available to both parties concerned, to the provost, and all other involved parties and departments.
(5) Final Appeal.
(a) If dissatisfied with the college dean’s decision, the student may, within 10 school days, file a written request for review with the dean of undergraduate studies or the dean of graduate studies (depending upon the classification of the student) stating the basis for review and the resolution sought by the student.
(b) Acting as the University president’s representative, the dean of undergraduate studies or the dean of graduate studies shall make a final decision on the matter within 10 school days of receipt of the student’s request for review. Copies of the dean’s written decision and the basis therefore shall be sent to the student, the college dean, the chair, the director of the OSSR, the instructor involved (if any), and other involved parties.
(6) Appeals of Graduate Program Actions or Decisions.
(a) Review of Academic Performance. The primary responsibility for monitoring academic performance standards rests with
the degree program. However, the college and university shall monitor a student’s progress and shall, absent extenuating
circumstances revert any student to non-degree status if performance standards as specified by the program, college or university
are not maintained. Satisfactory academic performance in a program also involves maintaining the standards of academic and
professional integrity expected in a particular discipline or program. Failure to maintain these standards shall, absent extenuating
circumstances result in termination of the student from the program.

A degree program may revert any graduate student to non-degree status at any time, when, in its judgment, the individual is deemed
incapable of successfully performing at required standards of excellence. Once reversion to non-degree status has occurred, a
student will not be allowed to enroll in graduate courses in that major and will be removed from courses currently being taken. If a
student is reverted to non-degree status, reinstatement to graduate student status can occur only through a formal grievance process.
(See Academic Grievance Procedure in the following paragraph).

(b) Academic Grievance Procedure. The Office of Graduate Studies follows the procedures for academic grievances as
outlined below. Academic matters are those involving graduate instruction, graduate research, or decisions involving graduate
instruction or affecting academic freedom of graduate students.
The Appeals Subcommittee of the Graduate Council is the committee that has jurisdiction for issues involving graduate students
enrolled for graduate credit, with the exclusion of the following:
1. Grade appeals for individual courses (not thesis or dissertation requirements).
2. Non-academic issues of a disciplinary nature.
(c) The Academic Grievance Procedure is designed to provide a fair means of dealing with graduate student complaints
regarding a specific action or decision by a faculty member, program or college, including termination from an academic program.
Academic misconduct complaints associated with sponsored research will invoke procedures determined by the Office of
Research.
(d) Students who believe they have been treated unfairly, with the previous exceptions, may initiate a grievance. The procedure
provides several levels of review, and at each level of review the participants are further removed and have a broader outlook than
where the grievance originated.
1. The graduate student should discuss the matter within the academic unit of the grievance and attempt to resolve the
grievance informally.
2. If an informal resolution fails, the procedure is as follows:
a. The graduate student requesting consideration of a grievance, must state the nature of the grievance in writing to the
graduate program coordinator, within one year of the date of the occurrence of the grievance. The statement should include a brief
narrative of the grievance, the parties involved, and a statement of what remedy is requested.
b. The graduate program coordinator may ask the unit graduate committee responsible for hearing graduate student grievances
to examine the necessary information. The unit graduate committee may invite the grievant as well as others who may provide
useful information to a scheduled meeting to present arguments for the grievance. The unit graduate committee will recommend a
response to the grievance to the graduate program coordinator.
c. The graduate program coordinator will consider the input of the unit graduate committee and make a recommendation to the
unit head about the grievance. The unit head will then make a final unit decision about the grievance at that level.
d. Should the graduate student wish to appeal the decision of the unit head, the student or unit head may request in writing to the
college graduate coordinator (if this is the next most appropriate unit) or the Office of Graduate Studies (if this is the next most
appropriate unit) that the grievance be considered at this level. The college graduate coordinator may ask the college graduate
committee to examine the information and consider the grievance at a scheduled meeting. The college graduate committee may
request that the graduate student attend and present information and arguments about the grievance and invite others who may
provide useful information to do the same. The college graduate committee will recommend a response to the grievance to the
college graduate coordinator.
e. The college graduate coordinator will consider the input of the college graduate committee and make a recommendation to the
college dean about the grievance. The college dean will then make a final decision about the grievance at that level.
f. Should the graduate student wish to appeal the decision of the college or unit (whichever is appropriate), the student may
request in writing to the Vice Provost and Dean of Graduate Studies that the grievance be considered at the university level. The
Vice Provost and Dean may ask the Appeals Subcommittee of the Graduate Council of the Faculty Senate to examine the
information and consider the grievance at a scheduled meeting. The Appeals Subcommittee may request that the graduate student
attend and present information and arguments about the grievance and invite others who may provide useful information to do the
same. Graduate students who would like to invite advisors or others to the committee meeting may do so, but the advisor is only
there to provide consultation with the student and not to participate in the committee meeting. The Appeals Subcommittee solicits
information and then dismisses any invited parties to consider the recommendation that it will make, either at a continuation of the
meeting or at a future meeting.
g. The Vice Provost and Dean of Graduate Studies will consider the input of the Appeals Subcommittee of the Graduate
Council and make a final decision about the grievance for the university.

6C7-5.0044 Sexual Misconduct.

(1) Policy. In keeping with efforts to establish an environment in which the dignity and worth of all members of the institutional community are respected, it is the policy of UCF that sexual misconduct of students is unacceptable conduct that will not be tolerated. Examples of sexual misconduct behaviors that are prohibited by UCF shall include but are not limited to:

(a) Sexual Assault: Rape, acquaintance rape (date, friend, someone the victim knows casually or through mutual friends) which is defined as coerced sexual intercourse against the victim’s will.

(b) Sexual Harassment: Unwelcome sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature which prevents or impairs that person’s full enjoyment of educational benefits, climate, or opportunities.

(c) Public Indecency: Exposing one’s body in such a manner that another party reasonably could be offended or sexual conduct where another party reasonably could be offended.

(d) Voyeurism: To trespass, to spy or eavesdrop for sexual arousal.

(2) UCF will use discretion in accommodating the victim as well as protecting the rights of the accused violator(s). As a result of these special circumstances a case of student sexual misconduct may not be resolved through a student hearing board. Rather, it may be resolved through a hearing before a judicial officer (see subsection 6C7-5.0041(5), F.A.C.).

(3) UCF will not attempt to shelter students from federal, state, and/or local laws pertaining to sexual misconduct.

(4) Rights for Victims/Survivors of Sexual Misconduct – To ensure fairness to victims/survivors of sexual misconduct throughout the disciplinary process the University has established the following policy on victim/survivor’s rights:

(a) The right of a victim/survivor to have a person of their choice accompany her/him throughout the disciplinary hearing. This person will act as a support person or counsel but will not represent the victim/survivor while he/she appears as a witness.

(b) The right of the victim/survivor to submit a list of questions related to the alleged incident, prior to the hearing, that she/he feels the accused should be asked during the hearing process.

(c) The right not to have his/her irrelevant past conduct, including sexual history, discussed during the hearing. The issue of irrelevancy shall be determined by the hearing board or judicial officer.

(d) The right to make a “victim/survivor impact statement” and to suggest an appropriate penalty (to include appropriate compensations) if the accused is found in violation of the Student Rules of Conduct.

6C7-6.007 Traffic/Parking Rule.

(1) General Information.
(a) Definitions.
1. The term “vehicle” shall include bicycles, motorcycles, automobiles, trucks, and other mobile equipment.
2. Decals are printed labels or hang tag permits issued by the university evidencing vehicle registration. For the purposes of this rule, the words “decal” and “permit” are synonymous.
3. The University Parking and Traffic Advisory Committee is composed of two students, two faculty members, one administrative and professional employee, and two USPS employees. The University Parking and Traffic Advisory Committee is the principal advisory body to the president through the vice president for administration and finance recommending policies and regulations governing traffic and parking on the UCF campus.
4. The University Parking Citation Appeals Committee is composed of one faculty member, four students, two university employees and one chair. The University Parking Citation Appeals Committee has jurisdiction over violations of these regulations. In those cases heard before it, this committee will render decisions adjudicating guilt and will impose appropriate monetary or restrictive penalties. The University Parking Citation Appeals Committee reports to the vice president for administration and finance.
(b) Applicability – The provisions of this rule shall be applicable at all times to vehicles which are operated or parked on the UCF campus. The fines, penalties and other sanctions against persons in violation of the provisions of this rule will be enforced as follows:
1. In the case of a vehicle registered with the Parking Services Office, the university shall assess fines for parking violations against the person in whose name the vehicle is registered.
2. In the case of a vehicle not so registered, assessments for parking violations shall be made against the operator if it is determined that the operator at the time of the violation is associated with the university and, in fact, should have registered the vehicle with the Parking Services Office.
3. If a vehicle is not registered with the university and the operator is not associated with the university, fines will be assessed against the vehicle’s state registration vehicle certificate holder.
(c) Responsibility – Unless otherwise noted, the Parking Services Office of the University Police Department is responsible for the implementation and enforcement of this rule. Requests for resolution of disputes with regard to the parking and traffic regulations contained in this rule shall be directed to said office.
(d) Authorizations.
1. Operation of a motor vehicle upon the campus of UCF is a privilege granted by the university. The university is authorized and reserves the right to regulate the use of any or all of its vehicle parking facilities for the exclusive use of designated groups or individuals.
2. Any individual possessing a valid driver’s license may operate a properly registered motor vehicle on the UCF campus in accordance with the provisions of these regulations.
3. UCF police officers and parking patrollers are authorized to issue a university parking and traffic citation to any person or vehicle violating university parking and traffic regulations.
4. Vehicles are subject to immobilization or being towed from the campus, depending upon the need for such action, as set forth in these rules and regulations.
(2) Registration Regulations.
(a) All motor vehicles parked on the UCF campus must be registered with the Parking Services Office and have the appropriate parking permit properly displayed prior to being parked on campus. This includes vehicles used by evening and special students. Exceptions to this regulation are as follows:
1. Vehicles displaying “government” license plates need not be registered.
2. Properly identified Government officials, such as FBI, ATF, US Customs, etc., who park on campus on official business, but whose vehicles are unmarked or do not bear “official” government-issued license plates, may be issued a parking permit free of charge, but for a period of no longer than one day per permit. These permits may be issued at either the Visitors Information Center or the Main Parking Services Office.

3. Construction personnel and contractors engaged in projects on campus may park within the designated fenced enclosure of the construction site without a UCF parking permit.

4. Visitors need not register their vehicles but shall comply with subparagraph (i)10. below.

(a) Registration of more than one automobile and one motorcycle is permissible by paying full price for each permanent decal or by purchasing a hang tag permit that is transferable from vehicle to vehicle.

(b) The vehicle registration year begins September 1 and ends August 31 the following year. Each vehicle must be registered no later than the end of the first full week of classes of each fall semester, and no later than the first day following the expiration date of the applicable permit for subsequent semesters. Vehicles not yet registered that are driven onto the campus at a later time during the registration year, must be registered prior to being parked. Free parking is available at the Parking Services Office to accommodate the registering of such vehicles.

(c) The vehicle registration year begins September 1 and ends August 31 the following year. Each vehicle must be registered no later than the end of the first full week of classes of each fall semester, and no later than the first day following the expiration date of the applicable permit for subsequent semesters. Vehicles not yet registered that are driven onto the campus at a later time during the registration year, must be registered prior to being parked. Free parking is available at the Parking Services Office to accommodate the registering of such vehicles.

(d) All individuals who register their vehicles at the University must register them online. Registrants may also purchase their parking permits online with a credit card or buy them in person at the Parking Services Main Office in the South Parking Garage or the Auxiliary Office in the West Parking Garage.

(e) Decal Display – Issued decals, except hang tags, are to be permanently affixed to the registered vehicle. Decals must be placed on either the left rear bumper or on the outside of the rear window of the driver’s side. Motorcycle decals must be affixed to the left front fork. Decals affixed elsewhere, or temporarily affixed by glue or tape will result in a citation for improper display.

(f) Hang tag permits must be displayed on the rear view mirror with the permit number facing forward.

(g) Registrants must register their own conveyance. The University Parking Services Office must be notified of any change in ownership or license plate number. A vehicle registration certificate or photocopy must be presented at the time a decal is purchased.

(h) Permanent decals are not transferable between individuals or vehicles. Upon sale or other disposal of a registered vehicle, the permanent decal must be destroyed.

(i) Parking permits are sold or issued under the following guidelines:

1. The university president, vice presidents, deans and others approved by the University Traffic and Parking Advisory Committee are eligible to purchase only an “A” permit. An “A” permit authorizes parking in individually reserved “A” spaces and any other legal parking space on campus not reserved for 24 hours daily.

2. Except as provided otherwise above in subparagraph (i)1., faculty members, administration and professional staff are eligible to purchase only “B” decals. USPS employees in pay grade 24 and above are also eligible to purchase “B” permits. A “B” permit authorizes parking in designated “B”, “C”, and “D” parking areas or in any parking garage. Adjunct faculty members may purchase either the “B”, “C”, or Daily Permit, but they must park in the type of facility designated by the permit they choose, or in any parking garage.

3. Except as provided otherwise above in subparagraph (i)2., full-time USPS staff are eligible to purchase only “C” permits. A “C” permit authorizes parking in designated “C” and “D” parking areas only. Persons who work on campus on a regular basis but are not university employees are eligible to purchase “C” permits only.

4. All OPS employees are eligible to purchase only “C” permits and may park in designated “C” and “D” parking areas only.

5. All students are eligible to purchase only “D” permits. A “D” permit authorizes parking in designated “D” parking areas only. Graduate Teaching Assistants, Graduate Research Assistants and all other student OPS employees are eligible to purchase only “D” permits.

6. All students, staff and faculty parking motorcycles, mopeds, or motor scooters on campus must purchase motorcycle permits “MC.” An “MC” permit authorizes parking in designated motorcycle areas only.

7. Persons holding current disabled parking placards, whether “permanent” (blue) or “temporary” (red), or disabled veteran or wheelchair license plates must purchase university disabled (“H”) parking permits at the regular parking fee for their respective category, ie. Faculty, Staff, or Student, etc. The “H” permit authorizes parking in the “H” or disabled parking spaces only, of any parking facility, including parking garage.

8. Employees of the Central Florida Research Park are eligible to purchase only “RP” permits. An “RP” permit authorizes parking in designated “C” and “D” areas only as well as in any parking garage.

9. Special guests of the university shall be issued “G” permits, subject to the availability of such permits. A “G” permit authorizes parking in any legal parking space on campus other than those reserved twenty-four (24) hours a day. Requests for this permit shall be submitted to the Parking Services Office.

10. Visitors to the campus shall be issued dated visitor’s parking permits by the Visitors Information Center attendant or Parking Services Office personnel. These permits are to be displayed on the vehicle as instructed and authorize parking in student parking lots unless otherwise directed by the parking personnel. Visitors may also park in any metered space by paying the appropriate meter fee.
11. Temporary parking permits must be obtained when an unregistered substitute vehicle is being parked on campus. Temporary permits may be obtained at the Visitors Information Center between 7:00 a.m. and 8:00 p.m., Monday through Friday, and between 7:30 a.m. and 4:00 p.m., Saturday. Summer weekday hours are 7:00 a.m. to 7:00 p.m. These permits can also be obtained at the Parking Services Office. Temporary permits for substitute vehicles are issued at no charge and have the same parking privileges as do the permanent decal for which they substitute. Temporary permits shall be issued for a maximum period of fourteen (14) days. A maximum of six (6) temporary permits may be issued to a vehicle in a single semester. Failure to obtain a temporary permit will result in a citation for registration violation. Temporary permits are to be displayed on the vehicle dashboard.

12. Replacement permits:
   a. Replacement permits shall be issued for $5.00 provided the original permit is returned, (even if in remnants) and proof of sale of the original vehicle, or transfer of title is presented.
   b. When the original permit, or remnants thereof, is not returned or proof of sale or transfer is not provided, the replacement fee shall be the full fee in effect at the time of the replacement. The full fee also applies to permits to replace those that are reported lost. The replacement fee for a stolen permit is $20.00, however, if a permit is stolen, a police report must be filed and a stolen permit form signed before a replacement permit may be issued for the $20.00 fee.

(3) Vehicle Registration Fees for 2003-2004 academic years are as follows:
All fees, as posted, include applicable State Sales Taxes. Vehicle permit fees are subject to change at the beginning of each academic year.

(4) Parking Regulations.

(a) The responsibility of locating a legal parking space rests with the motor vehicle operator. Lack of a convenient space shall not be considered as a valid excuse for violation of any parking regulation. The fact that a person parks, or observes others parking in violation of any parking regulation without being cited does not mean that the regulation is not in effect.

(b) Except as noted herein, all parking regulations apply twenty-four (24) hours a day, seven (7) days a week and parking areas are restricted to specific decal or decals as designated by posted signs or curb markings. However, after 5:30 p.m. any registered vehicle may utilize any “B” (Faculty), “C” (Staff) or “D” (Student) parking space except where otherwise specified by appropriate signs or markings. “A” (Reserved 24 hours), and “H” (Disabled) parking spaces shall not be utilized at any time except by vehicles with decals authorizing use of these specific spaces.

(c) Metered parking is enforced from 7:00 a.m. to 9:00 p.m. on all class days, examination days, registration periods and term breaks. Drivers of all vehicles utilizing metered spaces are responsible for meter fees.

(d) The following parking practices are specifically prohibited:

1. Parking on lawns, landscaped areas, sidewalks, or other areas not specifically designated by signs or curb markings as parking areas. The absence of a “No Parking” sign does not mean parking is permissible in an area.

2. Double parking, parking any portion of a vehicle outside a line or beyond a post or other delineation device indicating a valid parking space or row.

3. Parking so as to block traffic, parked vehicles, service areas, roadways, crosswalks, or wheelchair access aisles and ramps.

4. Parking in an access lane. An access lane is any area that is not designated as a parking space and that provides an avenue for traffic flow.

5. Except as noted in paragraphs (b) and (c) above, parking in any space designated for decals other than the one displayed on the vehicle.

6. Parking in a metered or pay-by-space area after purchased amount of time has expired.

7. Unauthorized parking in “A”, “H” or reserved twenty-four (24) hours spaces.

8. Unauthorized parking in a service area.

9. Parking an unregistered vehicle without a valid parking permit anywhere on the UCF campus.

10. Displaying a parking permit obtained through willful misrepresentation or theft.

11. Failure to display parking permits properly: not permanently affixed, improperly placed, or not displayed on the vehicle for which purchased.

12. Failure to cancel registration or to destroy decal upon disposal of the registered vehicle.

13. Unauthorized or fraudulent use of a parking permit.

14. Parking a bicycle in a motor vehicle space, on disabled ramps, in areas designated by signs as no bicycle parking, on sidewalks or crosswalks, or in any way to hamper ingress to or egress from a building.

*If fine is not paid within seven (7) working days, a $10.00 late fee will be imposed.

Other Fees:
- Immobilization (Boot) Fee $50.00
- Impoundment Fee $20.00

(6) Disposition of Parking Citations.
  (a) Payments of non-contested parking citations must be received at the Parking Services Office or the Cashier’s Office located in Millican Hall within seven (7) working days from the date of citation issue. A late charge of $10.00 shall be assessed each citation if payment is received after the seven (7) working day period. Payments shall be made by mail, in person, or by deposit in campus fine collection boxes. Campus fine collection boxes are yellow in color and located at various locations around campus.
  (b) When an individual tenders more than forty-nine (49) pennies in payment of a fine, the Parking Services Office shall make suitable coin wrappers available and the individual paying a fine shall present the pennies wrapped in $.50 increments before acceptance of a fine payment is acknowledged.
  (c) Persons unable to pay the violation charge should report to the Parking Services Office within seven (7) days from the date of citation issuance and request a payment time extension.
  (d) Any person who alleges being unjustly ticketed shall appeal the citation at the Parking Services Office within seven (7) working days from the date the citation was issued. The Manager of Parking Services shall delete late charges or dismiss the citation altogether if it was issued in error. Appeals not sustained by the Manager of Parking Services shall be heard by the Parking Citation Appeals Committee. Individuals requesting appeals shall be notified of their scheduled hearing date. Appellants submitting written appeals shall be notified in writing of the committee’s decision.
  (e) The decisions of the Parking Citation Appeals Committee shall be based upon the provisions set forth in this rule and extenuating circumstances, if any, and are final and binding.

(7) Vehicle Immobilization.
  (a) Vehicles are subject to immobilization under the following circumstances:
  1. The vehicle has accumulated three or more unpaid parking citations.
  2. For law enforcement purposes, in which case an immobilization release fee will not be charged.
  (b) Cost of release from immobilization is $50.00. Release is available from Parking Services Personnel Monday through Thursday, 7:30 a.m. to 6:00 p.m., and Friday 7:30 a.m. to 5:00 p.m., and at all other hours from the UCF Police Department.
  (8) Tow Away – Vehicles are subject to being towed from campus at the owner’s expense under the following circumstances:
  (a) The vehicle is parked in a hazardous manner blocking traffic, roadways, crosswalks, sidewalks, handicapped ramps.
  (b) The vehicle is parked in a space reserved twenty-four (24) hours per day.
  (c) When arrangements to release an immobilized vehicle have not been made within forty-eight (48) hours of the original immobilization.
  (d) When the vehicle is abandoned on campus for any reason whatsoever for more than forty-eight (48) hours.
  (e) When immobilization is not appropriate due to vehicular construction.
  (f) When the vehicle owner has previously removed an immobilization device without authorization.
  (9) Revocation of Campus Parking Privileges – The Parking Services Manager shall revoke permission to park a vehicle on campus for a period of one year when it is determined that:
  (a) Any person falsifies or willfully misrepresents vehicle registration information.
  (b) The owner or operator displays a fraudulent permit on a vehicle.
(c) Any person has accumulated six (6) or more parking citations during an academic year.

(10) Administrative Penalty for Non-Payment of Parking Citations – A student who is delinquent in the payment of parking citations shall not be permitted to register for class, drop or add classes, receive transcripts or diplomas until the debt has been satisfactorily resolved.

(11) Traffic Regulations.
(a) Florida Uniform Traffic Control Law, Chapter 316, F.S., is in effect on campus at all times.
(b) U-turns are prohibited on campus at all times.
(c) Unnecessary noise from horns and mufflers or any other noise making device is strictly prohibited on campus at all times.
(d) Pedestrians have the right of way.
(e) Campus speed limits are 10 mph in parking lots and 30 mph on roads unless otherwise posted.
(f) It is a violation to drive in the direction opposite to that indicated by signs and directional arrows.
(g) Parking bicycles, scooters or vehicles on grass or on sidewalks not used as access areas is a violation. Conveyances used by disabled persons are exempt from this regulation.

(h) Traffic citations issued on campus by university police officers shall be referred to appropriate local government courts for disposition.

Specific Authority 1001.74(4), 1006.66(2) FS. Law Implemented 1006.66, 1009.241(12)(p) FS. History–New 3-22-76, Amended 8-19-82, 5-5-83, 8-14-83, Formerly 6C7-6.07, Amended 8-188-82, 9-20-89, 8-12-90, 7-21-91, 10-11-92, 9-8-93, 9-15-96, 8-14-02, 12-8-03.

6C7-6.0072 Transportation Access Fee.
Based on recommendations from the University Traffic and Parking Committee, and to support the university transportation infrastructure and increase student access to transportation services at the University of Central Florida, the University shall assess a transportation fee. The University Traffic and Parking Committee may recommend fees or fee increases be assessed upon all courses and fundable credit hours taken by individuals at the University. Beginning the fall term, 2002, the fee shall be $3.90 per credit hour.

PART I PURCHASING AND CONTRACTING

6C7-7.101 Statement of Intent and Application - Part I.

(1) Statement of Intent. It is the intent of the University to acquire quality goods and services within reasonable or required time frames, while promoting fair and open competition in the public procurement process. Responsible purchasing officials shall be protected from improper pressures of external political or business interests. The process shall reduce the appearance and opportunity for favoritism, ensure that contracts are awarded equitably and economically, and establish effective management oversight in the acquisition of commodities and contractual services, in order to preserve the integrity of public purchasing and contracting. The opportunity to bid on University contracts is a privilege, not a right.

(2) Application. These regulations shall apply to every expenditure applying to every fund held by the University, irrespective of source, including federal assistance monies, except University direct-support organization, (as defined in Section 1004.28, F.S.) support funds (UCF Foundation, Alumni Association non-appropriated funds, etc.). Excepted funds may be expended otherwise as may be directed by the President.

(3) Except as otherwise provided herein to adopt operation procedures necessary to carry out the purpose of this section, including the authority to delegate to any department any or all of the responsibility conferred by this chapter to the Purchasing Department, and all authority for supervision thereof; such purchasing by departments shall be in strict accordance with these rules and the Florida Statutes.

Specific Authority 1001.74(4), 1010.04 FS. Law Implemented 1001.71(4), (5), 1001.75(5), 1004.28, 1010.04 FS. History–Formerly 6C7-4.05(1), (2), 5-13-82, Amended 3-16-03.

6C7-7.102 Definitions.

(1) Artistic Services – Services provided by an individual or group of individuals who profess and practice a skill in the area of music, dance, drama, folk art, creative writing, painting, sculpture, photography, graphic arts, web design, craft arts, industrial design, costume design, fashion design, motion pictures, television, radio or tape and sound recording or in any other related field.

(2) Commodity – Any of the various supplies, materials, goods, merchandise, food, equipment or other personal property, including a mobile home, trailer or other portable structure, which are purchased, leased, lease-purchased or otherwise contracted for by the University. “Commodity” also includes interest on deferred-payment contracts entered into by the University for the purchase of other commodities. Printing of publications shall be considered a “commodity” when let upon contract either in accordance with Section 283.33, F.S., or in accordance with University guidelines. Software to be used pursuant to license agreements shall be considered a “commodity.”

(3) Competitive Bid/Proposal – The response submitted to an Invitation to Bid, Invitation to Negotiate, or a Request for Proposal by responsive and qualified bidders or offerors.

(4) Competitive Solicitation – An Invitation to Bid, Request for Proposal or Invitation to Negotiate to competitively select a contractor.

(5) Contractor/Vendor – A person or firm who contracts to sell commodities or contractual services to the University.

(6) Contractual Service – The rendering by a contractor of its time and effort rather than the furnishing of specific commodities. The term applies only to those services rendered by individuals and firms who are independent contractors. “Contractual service” does not include labor or materials or selection of professional services for the construction, renovation, repair or demolition of facilities, pursuant to Chapter 255, F.S.

(7) Direct Owner Purchase – The purchase of materials and equipment by the university that are originally included in a Construction Managers, Contractors or subcontractors bid or proposal for a university construction project.

(8) Extension – An increase in the time allowed for the contract period.

(9) Independent Contractor – A person or firm who provides a service to the University, but does not have any employment or other relationship or connection with that University, except as provided in Section 112.313, F.S.
Informal Bid – An Informal Bid is defined as either a written or verbal quotation not requiring a public opening of such at a specific time or date. Written evidence of verbal quotations shall be maintained.

Invitation to Bid – A written solicitation for competitive bids with the title, date, and hour of the public bid opening designated and the commodity, group of commodities or services defined, for which bids are sought.

Invitation to Negotiate – An invitation extended to prospective contractors by the University, whether by advertisement, written solicitation, electronic media or any other form of communication, to define the specifications, terms and conditions of a contract for commodities or contractual services. Cost may or may not be a consideration in the initial stages of negotiating.

Definite Quantity Contract – Definite Quantity Contract whereby the contractor(s) agrees to furnish a specific quantity of an item or items at a specified price and time. Delivery and acceptance of the specific quantity at the University or such place designated in the contract completes such contract.

Term Contract – Indefinite Quantity Contract whereby a contractor(s) agrees to furnish an item or items during a prescribed period of time (such as 3, 6, 9, 12 months or a specific date). The specified period of time or date completes such contract.

Printing – The term “printing” shall include “commercial printing services” and shall mean and include any mechanical process whereby ink is transferred to paper, except internal photocopy reproduction. Printing shall include duplicating when used to produce publications and also the process of and the materials used in binding.

Class B Printing – Shall be defined as that portion of printing (other than Class A Legislative Printing) which may be circulated to and/or used by the general public and public or governmental entities other than agencies of the State of Florida.

Competitive Bids – Competitive Bids shall mean two or more valid responses to a bid invitation.

Valid Response – A responsible offer to full compliance with the bid specifications and conditions.

Department – Department means any college, school, department, principal investigator, club, organization or other budget entity which has been assigned a departmental account number by the University Controller.

Limited Purchase Orders (LPOs) – LPO shall mean a combination purchase order-receiving report-vendor’s invoice issued to departments by the Director of Purchasing for use in the purchase of minor (not over $500.00 FOB origin per order) quantities of commodities, printing, or services.

Minority Business Enterprise – A business concern as defined in Section 288.703(2), F.S.

President – The chief executive officer of the University, responsible for its operation and administration.

Public Entity Crime – A violation of any state or federal law by a person in the transaction of business with any public entity of any state or with the United States government involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.

Purchase – An acquisition of commodities, services, or licenses obtained by purchase order or contract whether by rent, lease, installment- or lease-purchase, outright purchase.

Purchases for Resale – The purchase of commodities or contractual services acquired for the purpose of selling them for the benefit of the University.

Renewal – Contracting with the same contractor for an additional period of time after the initial contract term, provided the original terms of the agreement specify an option to renew.

Request for Proposal – A written solicitation for competitive proposals for commodities or contractual services with the title, date, and hour of the public opening designated. The request for proposal may be used when the scope of work is not clearly prescribed.

Responsive and Qualified Bidder or Offeror – A contractor/vendor who has submitted a bid or proposal that conforms in all material respects to a competitive solicitation.

Small Business Enterprise – An independently owned and operated business concern that employs fewer than 100 or fewer permanent full-time employees, and has a net worth of not more than $3 million.

Specific Authority 1001.74(4), 1010.04 FS. Law Implemented 288.703(2), 1001.74(5), (29), 1001.75(5), 1010.04 FS. History–Formerly 6C7-4.05(3), 5-13-82.

6C7-7.113 Responsibility of Bidders and Offerors.
The failure of a bidder or offeror to supply information or literature in connection with an Invitation for Bids, Request for Quotation or other solicitation may be grounds for a determination of non-responsiveness with respect to such bid or offer.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(1), (14), 240.225 FS. History–Formerly 6C7-4.05(12), 5-13-82.

6C7-7.124 Authority to Suspend or Debar Vendors.
(1) The Vice President for Administration and Finance, under advisement from the Director of Purchasing, shall be authorized to suspend or debar contractors. Debarment or suspension is a serious action which must be based on adequate evidence rather than mere accusation. This assessment should include an examination of basic documents, such as contracts, inspection reports and correspondence. Debarment or suspension will be for the purpose of protecting the interests of the University and shall not be used for punishment.
(2) Grounds for Suspension (removal of name from bid mailing list for a period not to exceed six (6) months).
(a) Failure to respond to three consecutive invitations to bid.
(b) Failure to comply with the conditions, specifications, drawings or terms of contractor’s contractual agreement with the University on any one contract.
(c) Being charged before a court of competent jurisdiction with committing a fraud, misdemeanor or felony in connection with the vendor’s commercial enterprise. (If charges are dismissed or if the vendor is found not guilty, the suspension shall be lifted immediately upon notification from the vendor.)
(d) Bankruptcy.
(3) Grounds for Debarment.
(a) Failure to request reinstatement on the bid mailing list within six months after receiving a notice of suspension based on sub-subparagraph 1.a. above.
(b) Willful failure to fully comply with the conditions, specifications, drawings or terms of contractor’s contractual agreement with the University twice in any one year period.
(c) Conviction by or judgment obtained in a court of competent jurisdiction for commission of a fraud or criminal offense in connection with the vendor’s commercial enterprise. However, if the conviction or judgment is reversed through the appellate process, the disbarment shall be removed immediately upon notification to the University by the vendor of the reversal.
(d) Violation of the Federal Anti-trust Statutes arising out of submission of bids or proposals.
(e) A history of failure to perform, or of unsatisfactory performance, in accordance with the terms of one or more contracts; provided that such failure or unsatisfactory performance is within a reasonable period of time preceding the determination to debar. (Failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered as a basis for debarment.)
(4) Any suspension or debarment under this rule shall not become effective until 21 days after the date of a notification letter from the University informing the vendor of the intended action. This written notification shall clearly state the reasons for the suspension or debarment and shall inform the vendor that the action shall become final within 21 days after the date of the notification unless:
(a) The vendor demonstrates to the satisfaction of the University that he has complied with all lawful requirements for retention on the mailing list and acceptance of his bids, or
(b)1. The vendor requests that a hearing be conducted under the provisions of Section 120.57, F.S.
2. If a hearing is requested by the vendor within 21 days after the date of the suspension or disbarment notice, the proposed suspension or disbarment shall be held in abeyance, unless otherwise ordered by the University pursuant to Section 120.60(7), F.S., pending the outcome of the hearing which will be conducted in the manner prescribed in subsection 6C7-7.123(3) or (4), F.A.C.
Specific Authority 1001.74(4), 1010.04 FS. Law Implemented 1001.74(5), 1001.75(5) FS. History–Formerly 6C7-4.05(22), 5-13-82, Amended 12-29-91, 3-16-03.

6C7-7.126 Assistance to Small and Disadvantaged Businesses.
(1) The University of Central Florida shall assist and encourage the growth of small and minority owned business by avoiding unnecessary burdens on the businesses and by promoting an atmosphere conducive to the development of these business concerns.
(2) Progress Payments – The Director of Purchasing may make such special provisions for progress payments as such officer may deem reasonably necessary to encourage purchase from small and disadvantaged businesses.
(3) It is the obligation of all university departments involved in purchases to seek out and identify small and minority owned businesses in bidding and contract opportunities.
Specific Authority 1001.74(4), 1010.04 FS. Law Implemented 1001.74(5), (29), 1001.75(5), 1010.04 FS. History–Formerly 6C7-4.05(24), 5-13-82, Amended 3-16-03.

6C7-7.130 Administration and Finance; Purchasing.
(1) The University Board of Trustees has authority to establish a system of coordinated procurement policies, procedures, and practices to be used in acquiring commodities and contractual services required by the University. The Purchasing Department has the duty to:
(a) Develop purchasing procedures.
(b) Canvass sources of supply and contracting for the purchase or lease of all commodities and contractual services for the University, in any manner, including purchase by installment- or lease-purchase contracts. Installment- or lease-purchase contracts may provide for the payment of interest on unpaid portions of the purchase price.
(c) Recommend or advise the suspension or debarment of a contractor in accordance with Rule 6C7-7.124, F.A.C.
(d) Plan and coordinate purchases in volume and negotiate and execute agreements and contracts for commodities and contractual services under which the University may make purchases.
(e) Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities/ services that are frequently purchased and are available from a single source.
(f) Evaluate and approve contracts let by the Federal Government, other states, political subdivisions, or any independent
college or university or educational cooperative or educational consortium for the procurement of commodities and contractual
services, when it is determined to be cost-effective and in the best interest of the University to make purchases under contracts let
by such other entities.

(g) Elect as an alternative to any provision in Section 120.57(3)(c), F.S., to proceed with a bid solicitation or contract award
process when it is set forth, in writing, that the particular facts and circumstances which demonstrate that the delay due to staying
the solicitation or contract award process would be detrimental to the interests of the University. After the award of contract
resulting from a competitive solicitation in which a timely protest was received and in which the University did not prevail, the
contract may be canceled and re-awarded to the prevailing party.

(h) Award contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest
of the University. Such awards may be on a university, regional or multiple state university-wide basis and the contracts may be for
multiple years.

(i) Reject or cancel any or all competitive solicitations when determined to be in the best interest of the Institution.

(j) Inspect the part of the plant or place of business to determine the capability of contract performance of a contractor or any
subcontractor which is related to the performance of any contract awarded or to be awarded by the University, when specified in the
agreement.

(2) Competitive Solicitations Required.

(a) All contracts for the purchase of commodities or contractual services exceeding $50,000 shall be awarded pursuant to a
competitive solicitation, unless otherwise authorized herein.

(b) When only one response is received to a competitive solicitation for commodities or contractual services exceeding
$50,000 the University shall review the solicitation responses to determine if a second call for a competitive solicitation is in the
best interest of the University. If it is determined that a second call would not serve a useful purpose, the University shall proceed
with the acquisition or cancel the acquisition.

(c) When multiple responses that are equal in all respects are received to a competitive solicitation, the University will give
preference to responses that include commodities manufactured in the state, Florida businesses, businesses with a drug-free
workplace program, or foreign manufacturers located in the state to determine the contract award, or, if these conditions do not
exist, will use toss of the coin.

(d) The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive
solicitation.

(e) Intended award shall be publicly posted by the Purchasing Office which issues the Invitation to Bid, Request for Proposal
or Invitation to Negotiate for 72 hours, which is interpreted as three working days. (Working days do not include Saturdays,
Sundays, or State or University holidays.)

(f) Advertisement. Invitations to Bid, Requests for Proposals, and Invitations to Negotiate for commodities expected to be in
excess of $150,000 and for contractual services expected to be in excess of $50,000 shall be advertised in the Florida
Administrative Code or Florida Communities Network, the Director of Purchasing shall have the authority to waive the
advertisement requirement when the number of potential bidders or proposers is limited and can otherwise be solicited, when the
availability of funding so requires, or where delivery is urgent.

(g) Bids and proposals shall remain sealed (with the exception of typical information revealed at the Bid/RFP opening for the
tabulation sheet) until notice of final contract award is given or in accordance with Florida Statute as appropriate.

(h) In the case of extension errors, the unit price will prevail.

(i) Withdrawal. A vendor may withdraw his or her bid or proposal in writing if done within seventy-two (72) hours of the bid
or proposal opening, if the bid or proposal is clearly erroneous and it is withdrawn prior to final award or the purchase order being
issued.

(j) Bid Proposal Evaluations – Bids/Proposals shall be evaluated based on the requirements set forth in the Invitation for Bids/
Request for Proposals, which may include criteria to determine acceptability such as inspection, testing quality, workmanship;
delivery and suitability for a particular purpose. Those criteria that will affect the bid/proposal price and be considered in evaluation
for award shall be objectively measured, such as all or none, discounts, transportation costs and total or life cycle costs. The
Invitation for Bids or Request for Proposals shall set forth the criteria to be used. No criteria may be used in bid/proposal evaluation
that is not set forth in the Invitation to Bid or Request for Proposal.

(3) Purchase of Commodities or Contractual Services.

(a) Purchase of Products with Recycled Content. The University encourages the purchase and use of products and materials
with recycled content and post consumer recovered material.

(b) Purchase of Private Attorney Services. Written approval from the Attorney General is not required for private attorney
services acquired by the University.

(c) Purchase of Insurance. The University has the authority to purchase insurance as deemed necessary and appropriate for the
operation and educational mission of the University. Examples of insurance coverage that may be acquired by the University
include (but are not limited to) insurance coverage for:

1. Physical damage on vehicles and boats;

2. Inland marine on property owned, leased, or loaned to or by the University;
3. Building and property damage;
4. Equipment losses due to theft;
5. Equipment subject to transportation;
6. Loss of rental income;
7. Commercial general liability insurance for scientific equipment;
8. Excess general liability coverage;
9. Campus insurance; and

(d) Purchase of Printing. Printing shall be purchased in accordance with the requirements of these rules. The University may refer to the requirements of Chapter 283, F.S., and rules promulgated thereto for guidance with respect to the purchase of printing services.

(e) Purchases from Minority-Owned and Small Business Enterprises. The University is an equal opportunity institution and encourages procurement contracting with Minority-Owned and Small Business Enterprises.

(f) Purchases from Contractors Convicted of Public Entity Crimes. The University shall not accept a competitive solicitation from, or purchase commodities or contractual services from, a person or affiliate who has been convicted of a public entity crime and has been placed on the State of Florida’s convicted vendor list for a period of 36 months from the date of being added to the convicted vendor list.

(g) Preference Given Within the State – Preference shall be given to manufacturers located within the state when awarding contracts whenever such commodities or services can be purchased at no greater expense than, and at a level of quality comparable to, that obtainable from a manufacturer located outside the state.

(h) Purchasing actions that are not subject to the competitive solicitation process include:
1. Emergency Purchases. When the President or his or her designee determines in writing, that a condition exists that threatens the health or safety of person(s) or animal(s) or the preservation or protection of property or the continuance of a vital University function, the University may proceed with an emergency purchase without a competitive solicitation. The emergency purchase shall be limited to the purchase of only the type of items and quantities or for a time period sufficient to meet the immediate threat and shall not be used to meet long-term requirements.
2. Sole Source Purchases. Commodities or contractual services available from a single source shall be exempted from the competitive solicitation process. Sole Source document shall be publicly posted by the Purchasing Office for three working days. Working days do not include Saturdays, Sundays, or State or University Holidays.
3. Purchases from competitively bid Contracts and Negotiated Annual Price Agreements established by the State, other governmental entities, other public or private educational institutions, and educational cooperatives and educational consortia are not subject to further competitive solicitation.
4. Construction Direct Purchase Program. Commodities to be incorporated into any public work (as that term is defined in Rule 12A-1.094, F.A.C.) which are procured by the University in accordance with the requirements of the University’s direct purchase program are not subject to any further competitive solicitation.

(i) Commodities and contractual services that are not subject to the competitive solicitation process include:
1. Artistic services;
2. Academic reviews;
3. Lectures;
4. Auditing services;
5. Legal services, including attorney, paralegal, expert witness, appraisal, lobbyist, arbitrator or mediator services;
6. Health services involving examination, diagnosis, treatment, prevention, medical consultation or administration. Prescriptive assistive devices for medical, developmental or vocational rehabilitation including, but not limited to prosthetics, orthotics, and wheelchairs, provided the devices are purchased on the basis of an established fee schedule or by a method that ensures the best price, taking into consideration the needs of the client;
7. Services provided to persons with mental or physical disabilities by not-for-profit corporations organized under the provisions of Section 501(c)(3) of the Internal Revenue Code or services governed by the provisions of the Office of Management and Budget Circular A-122;
8. Medicaid services delivered to an eligible Medicaid recipient by a health care provider who has not previously applied for and received a Medicaid provider number from the Department of Children and Family Services. This exception will be valid for a period not to exceed 90 days after the date of delivery to the Medicaid recipient and shall not be renewed;
9. Family placement services;
10. Training and education services;
11. Advertising;
12. Services or commodities provided by governmental agencies, another university in the State of Florida or other independent colleges and universities;
13. Programs or continuing education events that are offered to the general public for which fees have been collected to pay all expenses associated with the program or event;
14. Purchases from firms or individuals that are prescribed by state or federal law or specified by a granting agency;
15. Regulated utilities and government franchised services;
16. Regulated public communications, except long distance telecommunication services or facilities;
17. Extension of an existing contract;
18. Renewal of an existing contract if the terms of the contract specify renewal option(s);
19. Purchases from the Annual Certification List developed by the University;
20. Purchases for resale;
21. Accountant Services, including auditor services;
22. Contracts or services provided by not-for-profit support and affiliate organizations of the University, direct support organizations, health support organizations and faculty practice plans;
23. Implementation/programming/training services available from the owner of copyrighted software or its contracted vendor;
24. Purchases of materials, supplies, equipment, or services for research purposes when a director of sponsored research or designee(s) certifies that, in a particular instance, it is necessary for the efficient or expeditious prosecution of a research project; and
25. Purchases for the Florida High Tech Corridor initiative.
(j) Participants in Contract Awards Not Subject to Competitive Solicitations.
1. No person or firm who receives a contract to perform a feasibility study for potential implementation of a subsequent contract, participates in the drafting of a competitive solicitation, or develops a program for future implementation shall be eligible to contract with the University dealing with the specific subject matter.
2. The individuals taking part in the development or selection of criteria for evaluation, the evaluation process and the contract award in any purchase shall be independent of, and have no conflict of interest in, the entities evaluated and selected and may be required to so attest in writing.
(4) Bonds.
(a) Solicitation Security. A certified, cashier’s or treasurer’s check, bank draft or bid bond may be required as a condition for participating in a competitive solicitation where the University is reasonably uncertain about the contractor’s ability to perform, and the expected value of the contract is in excess of $100,000.
(b) Payment and Performance Bonds for Commodities Contracts. The Purchasing Director is authorized to require any contractor contracting with the University to provide commodities or commodities which include installation to furnish a payment and performance bond, with good and sufficient securities, to the University prior to the issuance of the contract when the total contract amount is greater than $100,000 and the University is uncertain about the contractor’s ability to perform.
(c) Solicitation Protest Bond. Any contractor that files an action pursuant to Section 120.57(3)(b), F.S., protesting a decision or intended decision pertaining to a solicitation, shall at the time of filing of the formal protest, post with the University, a bond payable to the University in an amount equal to: 10% of the estimated value of the protestor’s bid or proposal; 10% of the estimated expenditure during the contract term; $10,000; or whichever is less. The bond shall be conditioned upon the payment of all costs which may be adjudged against the contractor filing the protest action. In lieu of a bond, the University may accept a cashier’s check or money order in the amount of the bond. Failure of the protesting contractor to file the required bond, cashier’s check or money order at the time of filing the formal protest shall result in the denial of the protest.
(5) Contracts.
(a) Contracts for commodities or contractual services or licenses shall consist of a purchase order or bilateral agreement signed by the President of the University or designee prior to or within thirty (30) days of the goods or services being rendered by the contractor.
(b) Any contract for the purchase of services or tangible personal property for a period in excess of one fiscal year shall include the following or an equivalent statement: “The State of Florida’s and University’s performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature.”
(c) Extension of a contract shall be for a period not to exceed 12 months, shall be in writing, shall be signed by both parties, and shall be subject to the same terms and conditions set forth in the initial contract. There shall be only one extension of a contract.
(d) A contract may contain provisions for renewal. If the commodity or contractual service is purchased as a result of a competitive solicitation, the cost of any contemplated renewal must be included in the competitive solicitation. All contract renewals are subject to sufficient annual appropriations.
(e) When any commodity contract requires deferred payments and the payment of interest, such contract may be submitted to the State of Florida Comptroller for the purpose of pre-audit review and approval prior to acceptance by the University. The President shall have the authority to enter into deferred payment agreements utilizing the State of Florida Comptroller’s Consolidated Equipment Financing Program. No agreement shall establish a debt of the state or shall be a pledge of the faith and credit of the state; nor shall any agreement be a liability or obligation of the state except from appropriated funds.
(f) In order to promote cost-effective procurement of commodities and contractual services, the University may enter into contracts that limit the liability of a vendor consistent with Section 672.719, F.S.
(g) The total value of the contract shall be the purchase price for the initial term plus all renewal costs.
(h) If a contractor does not furnish proof of payment to subcontractors, materialmen, or laborers within 60 days after the project is certified to be finally complete by the University, the University will pay any retainage, on a pro-rata basis, directly to the subcontractors, materialmen or laborers. In order to obtain payment, subcontractors, materialmen, or laborers who have not been
paid after the 60 days have passed have an additional 30 days to submit documentation satisfactory to the University showing that they have performed work on the project, the amount due, and certifying that they have not been paid. If a contractor does not complete a project, the University will use any retainage to complete the work and then pay any balance of the retainage, on a pro-rata basis, to subcontractors, materialmen, or laborers who provide the above required documentation within 30 days after the completion of the project.

(6) Standard of Conduct. It shall be a breach of ethical standards for any employee of the University to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with any contract for commodities or services. It shall also be a breach of ethical standards for any potential contractor to offer an employee of the University a gratuity of any kind, form or type to influence the development of a contract or potential contract for commodities or services.

(7) Purchase of Motor Vehicles.
(a) The term “motor vehicle” includes any automobile, truck, watercraft or other vehicle designed primarily for transporting persons, and construction vehicles or farm equipment.
(b) The University has authority to:
1. Establish standard classes of motor vehicles to be leased, purchased or used by University personnel;
2. Obtain the most effective and efficient use of motor vehicles for state purposes;
3. Establish and operate facilities for the acquisition, disposal, operation, maintenance, repair, storage, control and regulation of University-owned motor vehicles. Acquisition may be by purchase, lease, installment-purchase, loan or by any other legal means and may include a trade-in. All motor vehicles purchased or leased shall be of a class that will safely transport University personnel and adequately meet the requirements of the University.
4. Contract for specialized maintenance services.
(c) Motor vehicles owned, leased or operated by the University shall be available for official University business only.

PART II REAL PROPERTY

6C7-7.201 Purpose and Application - Part II.
(1) The purpose of Part II of this Chapter is to provide procedures for the university’s acquisition, management or sale of real property.
(2) These regulations shall apply to all university real property transactions irrespective of source or destination of funds involved except for transactions involving university direct support organizations as defined in Section 1004.28, F.S., and support funds (UCF Foundation, Alumni Association, etc.). Transactions involving the above exempted organizations shall be conducted as directed by the university president.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(5), 1001.75(5) FS. History–New 8-4-82, Amended 3-16-03.

6C7-7.202 Purchase and Sale of Real Property.
(1) The Vice President for Administration and Finance will review requests for acquisition or disposal of real property and shall furnish his or her recommendations thereon to the President.
(2) Purchase and sale transactions shall be coordinated by the Director of Purchasing.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(5) FS. History–Formerly 6C7-4.03, Renumbered 5-8-82, Amended 3-16-03.

6C7-7.203 Real Property Leasing.
(1) Purpose. The purpose of those rules numbered Rules 6C7-7.203 through 6C7-7.220, F.A.C., is to implement the authority given to the University of Central Florida to lease real property for the use and benefit of approved programs of the University.
(2) Exceptions. These rules shall not apply to leases for less than 21 consecutive days.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(5), 1001.75(5), 1010.04(1), 1013.171 FS. History–Formerly 6C7-4.052(1), (11)(b), F.A.C., Renumbered and Amended 8-4-82, 3-16-03.

6C7-7.204 Definitions.
For purposes of these rules, a lease is a document containing the terms and conditions establishing the relationship of landlord and tenant for real property, including land and any improvement thereon.

Specific Authority 1001.74(4), 1013.171 FS. Law Implemented 1001.74(5), 1001.75(5), 1013.171 FS. History–Formerly 6C7-4.052(2), F.A.C., Renumbered 8-4-82, Amended 3-16-03.

6C7-7.205 Approval of Real Property Leases.
(1) General – Before leasing a building or any part thereof and occupying such space, lease agreements shall be approved by the University Attorney and the President or Vice President for Administration and Finance or the President’s designee. All lease agreements in excess of $1,000,000 shall be approved also by the Board of Trustees or their designee.
(2) Nothing in this rule shall be interpreted as circumventing the provisions of Section 255.21, F.S.

Specific Authority 1001.74(4), 1013.171 FS. Law Implemented 1001.74(5), 1001.75(5), 1013.171 FS. History–Formerly 6C7-4.052(3), F.A.C., Renumbered, Rettitled and Amended 8-4-82, Amended 6-22-83, 3-16-03.

6C7-7.206 Standard Lease Agreement Form.

(1) The University uses a standard lease form, which may be obtained from the Purchasing Division, Orlando Tech Center, 12479 Research Parkway, Orlando, Florida. Provisions of the University’s Standard Lease Agreement may be changed or additional covenants or conditions added thereto with the prior approval of the University Attorney.

(2) Escalation Clauses Prohibited. A lease shall not contain a rental escalation clause or an open rental rate that permits an adjustment in the amount paid by the University based on the happening of a future event, such as a change in the Consumer Price Index. Any such clause in a lease shall be null and void and unenforceable. The final cost to the University for the complete term of a lease, including the projected costs for all renewal periods, must be clearly set forth in the lease or calculable based on the terms of the lease.

(3) Right-to-Terminate Clause Required. A right-to-terminate clause shall be a part of any lease for a term exceeding one fiscal year and may not be omitted from any University lease. To comply with this provision, each lease for a term exceeding one fiscal year shall contain the following clause; “The State of Florida’s performance and obligation to pay under this lease is contingent upon an annual appropriation by the legislature.”

(4) Renewal of Leases. Any lease may contain an option to renew. Any such renewal shall be made according to the terms and conditions of the lease.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(5), 1001.75(5), 1013.171 FS. History–Formerly 6C7-4.052(4), (5), (6), (7), F.A.C., Renumbered 8-4-82, Amended 3-16-03.

6C7-7.207 Code Compliance in Lease Space.

(1) Any privately owned building or any part thereof to be leased to the University shall comply with those portions of Chapters 553 and 633, F.S., applicable to University buildings, including but not limited to fire safety, life safety and disabled access standards.

(2) Before construction or renovation of any state-leased building is commenced, the University shall ascertain that the proposed construction or renovation plan complies with those portions of Chapters 553 and 633, F.S., applicable to University buildings.

(3) The cost of all modifications or renovations made for the purpose of bringing lease property into compliance with fire safety, life safety, and disabled access standards applicable to University buildings shall be borne by the lessor unless otherwise agreed in writing by the University.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(5), 1001.75(5), 1013.171 FS. History–Formerly 6C7-4.052(8), F.A.C., Renumbered 8-4-82, Amended 3-16-03.

6C7-7.208 Leases of 5,000 Square Feet or More.

(1) The University shall not enter into a lease for 5,000 square feet or more in a privately owned building except upon advertisement for and receipt of competitive bids and award to the lowest bid meeting specifications. The University shall not enter into, within any 12 month period, more than one lease for space of a total of 5,000 square feet or more in a privately owned facility or complex except upon the solicitation of competitive bids.

(2) Exceptions.

(a) This rule shall not apply to renewal of leases when the lease contains renewal terms or to leases otherwise excepted from the competitive bidding requirements of Section 255.25, F.S., by its terms.

(b) This rule shall not apply to any lease having a term of less than 21 consecutive days for the purpose of securing the one-time special use of the leased property.

(c) This rule shall not apply to any lease for nominal or no consideration. As used herein, “nominal consideration” means consideration for $10.00 or less per year.

(d) This rule shall not apply to building or facilities of any size leased for the purpose of providing care and living space for persons.

(e) The University may approve extensions of an existing lease of 3,000 square feet or more space if such extensions are determined to be in the best interest of the State, but in no case shall the total of such extensions exceed 11 months. If at the end of the 11th month the University still needs space, it shall be procured by competitive bid. However, if the University determines it is in the best interest to remain in space it currently occupies, the University may negotiate a replacement lease with the landlord if an independent market analysis demonstrates that the lease rates offered are within market rates for the space and the cost of the new lease does not exceed the cost of a comparable lease plus documented moving costs. The term of such replacement lease may not exceed the base term of the expiring lease. The decision to extend a lease and to remain in space currently occupied shall be based on the following factors: the cost of moving, the disruption of activities that will occur as a result of moving, the location of the space, the suitability of the space, the proximity of services, the layout and type of space, and the quality of space involved.
(f) Specialized educational facilities excluding classrooms shall be exempt from the competitive bid requirements for leasing upon certification by the University President or designee that said facility is available from a single source and that compliance with competitive bid requirements would be detrimental to the University.

(g) Leases of educational facilities in the Central Florida Research Park, “with which the University is affiliated,” are exempt, pursuant to Section 240.242, F.S.

(h) Leases of space in the event of emergency space needs where existing state- or University-owned or leased space is destroyed or rendered uninhabitable and the President or designee certifies that other University controlled space is not available and the term of the lease does not exceed 11 months, provided the University may modify the lease to extend month to month for up to 6 additional months to allow completion of construction or renovation.

(3) The University shall not enter into a lease agreement for space of 5,000 square feet or more in a privately owned building when suitable space is available in a state-owned building located in the same geographic region unless it is determined to be in the best interest of the University State, such as when the cost of the move from a private building to the state-owned building would be prohibitive. The University is exempt from these requirements when leasing space in the Central Florida Research Park.

Specific Authority 1001.74(4), 1013.171 F.S. Law Implemented 255.25(3)(a), 1001.74(5), 1013.17, 1013.171 F.S. History–Formerly 6C7-4.052(9)(a), (b), F.A.C., Renumbered 8-4-82, Amended 12-29-91, 3-16-03.

6C7-7.209 Solicitation for Lease Space.
(1) A public solicitation for proposals will be widely publicized using newspaper advertisement and contact with owners, developers or realtors in the city or area in which space is desired.

(2) Solicitation should set forth, but not be limited to the following:
   (a) Approximate net square footage required to be measured in accordance with subsection 60H-2.003(2), F.A.C.
   (b) General area in which space must be located.
   (c) Date space must be available.
   (d) Name and address of location where specifications may be obtained.
   (e) Terms and conditions of lease.

Specific Authority 1001.74(4), 1013.171 F.S. Law Implemented 1001.74(4), 1001.74(5), 1013.171 F.S. History–Formerly 6C7-4.052(9)(c), F.A.C., Renumbered and Retitled 8-4-82, Amended 3-16-03.

6C7-7.210 Lease Specifications.
(1) For all leases to be awarded based upon competitive bid, bid specifications shall be drawn by the University in general terms. They shall afford each prospective lessor, interested in submitting a proposal, knowledge of the University’s space requirements. They shall not be structured to favor any specific location or lessor.

(2) Specifications provided to each prospective lessor should set forth, but not be limited to, the following:
   (a) Approximate net square footage required, to be measured in accordance with subsection 60H-2.003(2), F.A.C.
   (b) Approximate floor plan of space needed showing partitioning and other physical requirements.
   (c) General location of required space.
   (d) Date space must be available.
   (e) Term of lease with option to renew, if desired.
   (f) Services required to include parking, dining and transportation requirements.

(3) Specifications shall also set forth that the prospective lessor will agree to:
   (a) Enter into the University’s standard lease.
   (b) Provide a scaled floor plan showing present configurations and measurements that equate to net rentable square footage offered.
   (c) Be an Equal Opportunity Employer.
   (d) Provide Full Disclosure Statements of Ownership.
   (e) Validate the proposal for a minimum of forty-five (45) days following the public bid opening date.
   (f) Provide a Life Cycle Analysis with proposal if the space is for 20,000 or more square feet in any one structure with the understanding that the analysis must be acceptable before an award can be made. (Section 255.254, F.S.)
   (g) Propose a rental rate per square foot per year that will include all renovations and other special requirements necessary to accommodate the program at the time of initial occupancy.

(4) Specifications may provide that sealed proposals are to be submitted, in a titled envelope, to a designated individual by a specified closing time and date, at which time all proposals will be publicly opened.

Specific Authority 1001.74(4) F.S. Law Implemented 255.254, 1001.74(5), 1001.75(5), 1013.171 F.S. History–Formerly 6C7-4.052(9)(d), Renumbered and Amended 8-4-82, 3-16-03.

6C7-7.211 Proposals to Lease.
(1) Proposals shall specifically respond, but need not be limited, to each item included in the specification.
Each proposal shall be signed by the owner(s), corporate officers, or legal representative(s). The corporate, trade or partnership name must be either stamped, written or typewritten, beside the actual signature(s). If the proposal is signed by an agent, written evidence of his authority must accompany the proposal. If a corporation foreign to the State of Florida is the owner, evidence of authority to conduct business in Florida shall be presented.

Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.25(2)(c) FS., 13D-19.001(5), F.A.C. Law Implemented 120.53(1)(a), 240.225, 240.227(14), (16), 255.249(2)(b) FS. History–Formerly 6C7-4.052(9)(e), F.A.C., Renumbe red and Retitled 8-4-82.

6C7-7.212 Evaluation of Lease Proposals.
(1) The University alone shall reserve the right to accept or reject any or all bids submitted and if necessary reinitiate procedures for soliciting competitive proposals.
(2) The University in conjunction with preparing specifications, shall develop weighted evaluation criteria. The criteria items most significant to the University’s needs should bear the highest weight. The cost of relocation, if any; consolidation of activities, if desirable; and any other factors deemed necessary should be weighed.
(3) The evaluation shall be made by the University.
(4) Selection shall be made by the University.
(5) Documentation to support the selection shall be maintained and shall include but not be limited to the following:
   (a) A copy of any advertisements.
   (b) A copy of all proposal specifications.
   (c) A copy of all proposals received.
   (d) A synopsis of the University’s findings for each proposal.
(6) After the selection has been awarded, a lease shall be properly executed.

Specific Authority 1001.74(4), 1013.171 FS. Law Implemented 1001.74(5), 1001.75(5), 1013.171 FS. History–Formerly 6C7-4.052(9)(f), F.A.C., Renumbe red and Amended 8-4-82, 3-16-03.

6C7-7.214 Disclosure Statements - Private Entities, Public Officials.
(1) A statement by the owner providing for full disclosure of the names and the extent of interest of the owners holding 4% or more interest in any privately owned property leased to the University or in the entity holding title to the property, shall be secured for all new leases, renewal leases, modifications to approved leases and the notification of renewal under an existing lease option.
(2) A statement by the owner providing for full disclosure of the names of all public officials, agents or employees holding any interest in any privately owned property leased to the state, or in the entity holding title to the property, and the nature and extent of their interest, shall be secured for all new leases, renewal leases, modifications to approved leases, and notifications of renewal under a lease option.
(3) It is not necessary to make disclosure under subsections (1) and (2) of any beneficial interest which is represented by stock in any corporation registered with the Securities and Exchange Commission or registered pursuant to Chapter 517, F.S., which stock is for sale to the general public. A statement certifying the registration shall be provided by the Lessor.
(4) It is not necessary to make disclosure under subsections (1) and (2) of any leasehold interest in property located outside the territorial boundaries of the United States.
(5) Each subsequent transaction, pertaining to a lease for which a Disclosure Statement has been provided, may be accompanied by a lessor’s affidavit that the previous Disclosure Statement submitted on (date to be provided) is still valid, if no change in the interest held or individuals concerned has occurred.

6C7-7.217 Space Measurement.
The University shall utilize the method of space measurement of usable space as set forth in Rule 60H-2.003, F.A.C.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(5), 1013.171 FS. History–Formerly 6C7-4.052(13), Renumbe red and Amended 8-4-82, 3-16-03.

6C7-7.218 Space Allocation.
Space Allocation shall be based on the formula contained in BOR Rule 6C-17.013, F.A.C.
Specific Authority 120.53(1)(a), 240.225, 240.227(1), 255.25(2)(c) FS., 13D-19.001(5), F.A.C. Law Implemented 120.53(1)(a), 240.225, 240.227(14), (16), 255.249 (2)(d) FS. History–Formerly 6C7-4.052(15), F.A.C., Renumbered and Retitled 8-4-82.

6C7-7.219 Rental Rates.
The rental rate for space shall be within rental rate guidelines established by the University.

6C7-7.220 Exception to Competitive Bidding for Leased Space.
In any lease of space that is accomplished without competition, the individuals taking part in the development or selection of criteria for evaluation, in the evaluation, and in the award processes shall attest in writing that they are independent of, and have no conflict of interest in, the entities evaluated and selected.

Specific Authority 1001.74(4), 1013.171 FS. Law Implemented 255.25(11), 1001.74(5), 1013.171 FS. History–Formerly 6C7-4.052(16), F.A.C., Renumbered and Re_titles 8-4-82, Amended 3-16-03.

PART III MISCELLANEOUS PURCHASING FUNCTIONS

6C7-7.302 Surplus Property.
(1) Purpose. The purpose of this rule is to set forth guidelines with respect to the disposition of state-owned tangible personal property in the custody of the University in accordance with Sections 273.04, 273.05, 273.055, F.S.

(2) Definitions.
(a) Custodian – Any person entitled to lawful custody of property owned by the State.
(b) Property Manager – An individual assigned by the University to manage the assignment, accountability, transfer, and disposal of state-owned property for which the University has custodial responsibility under the Florida Statutes.
(c) Tangible Personal Property.
1. All personal property, other than real estate, acquired by and belonging to the State of Florida.
2. Buildings and structures if and when they are severed from the real property on which they reside are also considered as tangible personal property and will be reported as prescribed in this rule.

(3) Reporting Requirements.
(a) Surplus, state owned, tangible personal property which is determined to be surplus because it is excess, obsolete, uneconomical, or inefficient for continued use shall be certified as surplus by the custodian of the property to the Property Manager.
(b) The Property Manager will schedule the certification for disposition action by the Property Board.

(4) Certifications. Surplus property certifications shall provide the following information:
(a) Complete description of property.
(b) Statement of condition and age.
(c) Original purchase price.
(d) Estimated current value.
(e) Location of property and hours when property may be examined, person to contact for examining property, and a minimum bid (if required).
(f) Any additional information that would assist in determining whether or not property should be offered to other universities, state agencies, or governmental entities.
(g) In addition, certifications pertaining to buildings and structures which are tangible personal property in accordance with subparagraph (2)(c)2. above, will also include the legal description, location, size, type of construction, and reason for removal.

(5) Property Board.
(a) The Property Board will consist of the following:
1. Chairman and three (3) faculty and/or staff members appointed by the Vice President for Administration and Finance.
2. Advisory, non-voting member – Property Manager.

(b) Board Duties and Authority.
1. The Board will meet at the call of the Chairman to determine the disposition of certified surplus property.
2. Board action in cases up to $1000 is final. Where the amount on any one certificate exceeds $1000 the Board shall secure concurrence in its determination from the Vice President for Administration and Finance before ordering disposition.

(6) Disposition Actions. The Property Board’s disposition actions may include one or more of the following:
(a) Transfer. If because of type, age, or condition the Property Board feels that the equipment is not useful to any University under the State University System, the Board may authorize transfer to another State Agency or political subdivision under such conditions as it may determine appropriate.
(b) Scrap or cannibalization of equipment. The Property Board may authorize the scrapping or cannibalization of equipment if it feels it is in the best interest of the University.
(c) Disposal as Waste. The Property Board may authorize the disposal of tangible personal property upon determination that cost of return or repair exceeds the value of the property and the item(s) has no saleable value.

(d) Public sale.
1. The Property Board may authorize the public sale of such property determined to be surplus to the needs of the University.
2. All public sales shall be conducted on a set date and time which may be advertised in a local newspaper of general circulation no less than two weeks prior to the sale.
3. Sales may be conducted at the discretion of the Property Board as auction or sealed bid sales.

(e) Circulation to other agencies. The Property Board may at its discretion recommend the circulation of surplus property having a useful life to other agencies. Listings of such Property available on a bid basis may be sent to other state agencies and the Bureau of State Surplus Property. Property listings will include condition and location of property available for viewing.

(f) Transfer or donate to any private non-profit agency.

(g) Donation to other organizations. The property Board may authorize the donation of such property determined to be surplus to other organizations as provided in Section 273.055, F.S.

(7) Physical Disposition of Surplus Property.
(a) Certified surplus property shall not be sold, transferred, cannibalized, scrapped, or destroyed without prior written authorization from the Property Board.
(b) Property custodians certifying property as surplus shall be responsible to take reasonable care of the property until written disposition instructions are received from the Property Board.

(8) Exchange of Property.
(a) When the University has property available for use as a trade-in for the purchase of new property, the University at its discretion may advise the Bureau of State Surplus Property of the availability of such exchange property in writing, specifying the following information, if available:
1. Description of exchange property.
2. Manufacturer’s name.
3. Model number.
4. Serial number.
5. Age.
6. Condition (E-Excellent, G-Good, F-Fair, P-Poor).
7. Inventory control number.
8. Location of property (room number, building, city).
9. Name and phone number of person to contact for information about the exchange property.
10. Date planned for trade-in transaction.
11. A written trade-in quote stating the trade-in allowance and signed by prospective purchaser.
(b) Such notice of available property shall be forwarded to the Bureau of State Surplus Property a minimum of two weeks in advance of planned transaction date.
(c) Should the Division of Surplus Property decide to purchase the exchange property, the University should pay the full purchase price for the new property and secure reimbursement of the trade-in allowance from the Bureau of State Surplus Property.

(9) Non-State Funded Property. All property originally purchased with non-state funds, such as contracts or grants, shall be managed in a form consistent with the applicable rules and regulations of the funding authority. In the absence of an authority’s rules and regulations such property shall be managed in accordance with this rule.

(10) Disposition of monies.
(a) Except as noted in paragraph (b) below, the first $100.00 per item received from each item of surplus property sold shall be deposited to the Auxiliary Services Department’s account to defray the expenses incurred by that department in conducting the sale. The remaining proceeds shall be deposited to the accounts from which the original purchase was made if the accounts are still in operation or if not to the university department originally controlling the defunct account.
(b) Sales or other disposition of property purchased by Contract and Grants accounts shall be handled in accordance with the terms of the university’s agreement with the source of the funds financing these accounts.

Specific Authority 1001.74(4) FS. Law Implemented 273.04, 273.05, 273.055, 1001.74(5), (6), 1001.75(5) FS. History–Formerly 6C7-4.04, Renumbered and Amended 6-22-83, Amended 1-31-85, 8-7-86, 12-29-91, 3-16-03.
CHAPTER 6C7-8 FLORIDA SOLAR ENERGY CENTER PROGRAM

6C7-8.001 Florida Solar Energy Center Operations.
(1) The Florida Solar Energy Center, as established by Section 377.705, F.S., shall be administered by the University of Central Florida for and on behalf of the Board of Regents. The Center is located at 300 State Road 401, Cape Canaveral, Florida. The development of standards and testing criteria for solar energy systems, and testing or evaluation of performance of solar energy systems, as described in Section 377.705, F.S., will be carried out at the Florida Solar Energy Center.

(2) The Center will operate as a Type I Center in accordance with the Institutes and Centers in the State University System of Florida document adopted by the Board of Regents May 2, 1977. In accordance with the enabling legislation (Chapter 74-185, Laws of Florida), the purpose of the Center is to advance research and development in solar energy, to disseminate information on the result of such research, and to engage in projects designed to exemplify the capability of solar energy as a resource for meeting state energy needs. The Director of the Center reports to the Vice President for Research. The Director shall advise the President or his designee who, through the Chancellor, advises the Board of Regents. The Florida Solar Energy Center will also conduct programs to comply with Section 377.705, F.S. – Solar Energy Center; development of solar energy standards and Section 212.087(7)(p), F.S. – Sales tax exemption of solar energy systems.

(3) Copies of standards and schedules published by the Florida Solar Energy Center and incorporated by reference in this rule Chapter 6C7-8, F.A.C., may be obtained from the center in accordance with the provisions of Section 120.53(2) F.S.

Specific Authority 240.209(4), 120.53(1)(a), 240.227(1), 377.705(4)(a), (b) FS., 6C-12.001, F.A.C. Law Implemented 377.705(4)(d), 240.209(3)(m), (4), (5)(c), 240.277(1), 240.279, 240.281, 20.05(1)(b) FS. History–Formerly 6C-12.01, Revised and Renumbered 1-3-85, Formerly 6C7-8.01.

6C7-8.002 Solar Collector Testing, Standards.
(1) The Florida Solar Energy Center Collector Testing and Minimum Collector Standards Program applies to collectors submitted for testing and evaluation by manufacturers, distributors, or retailers (herein called the “Seller”). The procedures and requirements for participating in the program shall be those described in “Test Methods and Minimum Standards for Certifying Solar Collectors,” FSEC-GP-5-80 (January 1985), and “Operation of the Collector Certification Program,” FSEC-GP-6-80 (January 1985). A copy of each of these publications is incorporated in this rule by reference.

(2) The standards for flat plate solar collectors shall be those described in FSEC-GP-5-80. To receive a label of certification under this rule a seller’s collector must meet these standards. Sellers are required to have a label of certification or meet these standards in order to sell collectors in Florida.

(4) Results of tests, as described in FSEC-GP-5-80, conducted by organizations other than the Florida Solar Energy Center may be accepted by the Center when the testing organization meets the requirements and criteria of FSEC-GP-6-80. Partial test results consisting of the results of thermal performance tests conducted prior to implementation of this rule will not be accepted when application for acceptance is made after April 1, 1978. The Center may refuse to accept test results from other testing organizations which do not meet the criteria of FSEC-GP-6-80.

Specific Authority 240.209(4), 120.53(1)(a), 240.227(1), 377.705(4)(a), (b) FS. Law Implemented 377.705(4)(a), (b), 240.277(1), 240.279, 240.281, 240.209(3)(m), (4), (5)(c) FS. History–Formerly 6C-12.02, Renumbered and Amended 1-3-85, Formerly 6C7-8.02.

6C7-8.003 Solar Collector Certification.
The Center will provide a Label of Certification to the Seller of a collector model which has met the standards of FSEC-GP-5-80 and for which there are acceptable thermal performance test results, subject to compliance with the provisions of FSEC-GP-6-80. Contents of the label of certification will include but not be limited to:

(1) Certification that the collector meets the minimum standards of the Center.
(2) A collector thermal performance rating or ratings calculated by the method of FSEC-GP-6-80.
(3) A measure of the collector’s gross area.
(a) As a condition for displaying a label of certification on a collector, the Seller must abide by the conditions of the Solar Collector Labeling Agreement, FSEC-GP-6-80.
(b) The contents and format of the Label of Certification may be revised as deemed necessary by the Center.

**6C7-8.004 Testing Fees, Testing, Inspection, Services.**

A fee sufficient to cover the costs of tests, inspections and services performed by the Center shall be collected at the Florida Solar Energy Center prior to the performance of such tests, inspections or services. The fees charged shall be those given in the FSEC Fee Schedules, FSEC-GP-6-80, and Section 4.0, “Operation of the Florida Standards Program for Solar Domestic Water & Pool Heating Systems,” FSEC-GP-8-80 (January 1985). The Center may revise the Fee Schedules as deemed necessary to cover testing costs as authorized by Section 377.705(4)(c), F.S.

**6C7-8.005 Solar Domestic Water Heating and Solar Pool Heating System Standards and Certification.**

The Florida Solar Energy Center Solar Domestic Water Heating and Solar Pool Heating System Standards Program applies to such systems submitted for evaluation and approval by manufacturers, distributors or retailers (herein called the “seller”). Requirements for approval are those described in “Florida Standard Practice for Design and Installation of Solar Domestic Water and Pool Heating Systems,” FSEC-GP-7-80 (January 1985). Owner-designed and constructed systems do not require FSEC approval but must comply with safety and health requirements of applicable local codes. The Center will issue a System Approval Certificate to the Seller of a solar water heating or solar pool heating system as defined by Section 2.3 of FSEC-GP-8-80.

1. The System Approval Certificate will include but not be limited to:
   a. Identification of primary and alternate collector storage tanks, pump, controller and other major components.
   b. Schematic diagram of the system.

2. As a condition for receiving the System Approval Certificate, the Seller must submit specifications and application information pertaining to major components of the system and an owners manual describing installation, operation and maintenance for the system.

3. The contents and format of the System Approval Certificate may be revised as deemed necessary by the Center.

CHAPTER 6C7-9 TUITION AND FEES

6C7-9.001 Fall 2003 Schedule of Tuition and Fees.

(1) Tuition shall be defined as the basic fee charged to a student for instruction in credit courses at the University of Central Florida. Tuition consists of the following fees, depending on whether a student is a resident or a non-resident:

(a) Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who qualifies as a Florida resident as defined in Rule 6C-7.005, F.A.C.:

1. Matriculation Fee;
2. Student Financial Aid Fee;
3. Capital Improvement Trust Fund Fee;
4. Building Fee;
5. Health Fee;
6. Athletic Fee;
7. Activity and Service Fee; and
8. Transportation Access Fee.

(b) Non-Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who does not qualify as a Florida resident as defined in Rule 6C-7.005, F.A.C.

1. Matriculation Fee;
2. Non-Resident Fee;
3. Student Financial Aid Fee;
4. Non-Resident Student Financial Aid Fee;
5. Capital Improvement Trust Fund Fee;
6. Building Fee;
7. Transportation Access Fee;
8. Health Fee;
9. Athletic Fee; and
10. Activity and Service Fee.

(2) Registration shall be defined as consisting of two components:

(a) Formal enrollment in one or more credit courses approved and scheduled by the university; and

(b) Tuition payment or other appropriate arrangement for tuition payment (installment, deferment, or third party billing) for the courses in which the student is enrolled as of the end of the drop/add period.

(3) Tuition liability shall be defined as the liability for the payment of tuition incurred at the point at which the student has completed registration.

(4) The following tuition shall be levied and collected effective the fall semester indicated for each student regularly enrolled, unless provided otherwise by law or in this chapter.

(a) Students will be assessed the following fees per credit hour:

*The Health Fee has a $36.00 minimum fee and a $90.00 maximum fee per term.

(b) Pursuant to Section 240.124, F.S., each student enrolled in the same undergraduate course more than twice shall be assessed an additional $164.54 per credit hour charge in addition to the fees outlined above for each such course.

(5) Non-Fundable Undergraduate Admissions Deposit $200.00.
(a) The term “cost” as used in this provision includes those increased costs to the University that are reasonable, specific, identifiable and directly related to the goods or services.

(b) The President or designee shall waive the undergraduate non-fundable admissions deposit in subsection (5) for applicants who document that they have a financial hardship. To be eligible for a financial hardship waiver, a student shall apply for federal financial assistance by submitting a valid Free Application for Federal Student Aid (FAFSA) to the United States Department of Education in accordance with 34 C.F.R. §668.

(c) A “financial hardship” is defined as an Expected Family Contribution (EFC) of zero for the academic year on the applicant’s Student Aid Report after requesting and accepting all types of financial assistance. A financial hardship also will be found to exist for applicants who document that they have received a fee waiver because of economic need as determined by the College Board or the American College Testing Program.

6C8 FLORIDA INTERNATIONAL UNIVERSITY

CHAPTER 6C8-1 ORGANIZATION, POWERS, DUTIES AND FUNCTIONS

6C8-1.001 Purpose.
It shall be the business of Florida International University to provide for:
(1) Education of Students – to provide a university education for qualified students which prepares them for useful careers in education, social service, business, industry, and the professions, furnishes them with the opportunity to become effective members of society, and offers them an appreciation of their relations to their cultural, aesthetic and technological environments.
(2) Service to the Community – to serve the greater community, with a primary emphasis on serving the Greater Miami and South Florida area, in a manner which enhances the area’s capability to meet the ecological, cultural, social and urban challenges which it faces.
(3) Greater International Understanding – to become a major international education center with a primary emphasis on creating greater mutual understanding among the Americas and throughout the world.

Specific Authority 1001.74(4) FS., 6C-1.003, 6C-4.001, F.A.C. Law Implemented 1001.74(4) FS., 6C-4.001, F.A.C. History–Formerly 6P-1.01, 10-1-75, Repromulgated 12-23-76, Formerly 6C8-1.01.

6C8-1.009 Non-Discrimination Policy and Discrimination Complaint Procedures.
(1) General Statement.
(a) Florida International University affirms its commitment to ensure that each member of the University community shall be permitted to work or study in an environment free from any form of illegal discrimination, including race, color, religion, age, disability, sex, national origin, marital status, and veteran status. The University recognizes its obligation to work towards a community in which diversity is valued and opportunity is equalized. This rule establishes procedures for an applicant or a member of the University community to file a complaint of alleged discrimination or harassment.
(b) It shall be a violation of this rule for any officer, employee or agent to discriminate against or harass, as hereinafter defined, any other officer, employee, student, agent, or applicant. Discrimination and harassment are forms of conduct which shall result in disciplinary or other action as provided by the rules of the University (see Rules 6C8-4.006 and 6C8-4.019, F.A.C.).

(2) Definitions.
(a) For the purpose of this rule, discrimination or harassment is defined as treating any member of the University community differently than others are treated based upon race, color, religion, age, disability, sex, national origin, marital status and/or veteran status.
(b) Conduct which falls into the definition of discrimination includes, but is not limited to:
1. Disparity of treatment in recruiting, hiring, training, promotion, transfer, reassignment, termination, salary and other economic benefits, and all other terms and conditions of employment on the basis of membership in one of the listed groups.
2. Disparity of treatment in educational programs and related support services on the basis of membership in one of the listed groups.
3. Limitation in access to housing, or to participation in athletic, social, cultural or other activities of the University because of race, color, religion, age, disability, national origin, marital status and/or veteran status.
4. Discrimination of the foregoing types on the basis of sex, unless based on bona fide requirements or distinctions, in housing, restrooms, athletics and other such areas.
5. Retaliation for filing complaints or protesting practices which are prohibited under this rule.
(c) Conduct which falls into the definition of harassment includes, but is not limited to, harassment based on race, color, religion, age, disability, gender, national origin, marital status or veteran status. (For harassment on the basis of sex, see Rule 6C8-1.010, F.A.C.) Within the content of this rule, harassment is defined as conduct which unreasonably interferes with an employee’s, student’s or applicant’s status or performance by creating an intimidating, hostile, or offensive working or educational
environment. It includes offensive or demeaning language or treatment of an individual, where such language or treatment is based typically on prejudicial stereotypes of a group to which an individual may belong. It includes, but is not limited to, objectionable epithets, threatened or actual physical harm or abuse, or other intimidating or insulting conduct directed against the individual.

(d) Scope of prohibitions: Activities covered under this rule include, but are not limited to, all educational, athletic, cultural and social activities occurring on a campus of or sponsored by Florida International University, housing supplied by the University, and employment practices between the University and its employees, including Other Personnel Services (“OPS”) employees.

(e) When referred to in this rule, days means calendar days unless otherwise noted.

(3) Procedures for Reporting Violations and Conducting Investigations and Complaints.

(a) Administration and Consultation. The Office of Equal Opportunity Programs shall administer the policies and procedures outlined in this rule. The Office of Equal Opportunity Programs shall answer inquiries regarding the procedures contained in this rule and may provide informal advice regarding issues of discrimination. In cases where the potential complainant chooses not to file a formal complaint, action will be taken to inform the alleged offender of the concerns, suggesting that the individual monitor and modify (if necessary) his/her behavior.

(b) Complaints.

1. A complaint must be made in writing to the Office of Equal Opportunity Programs. The complaint shall contain the name of the complainant and state the nature of the act(s) complained of, including such details as the name of the alleged offender and the date(s) or approximate date(s) on which the offending act(s) occurred, the name(s) of any witnesses, and the desired resolution(s).

2. A complaint must be filed within one hundred (100) days of the alleged act(s) of discrimination, or in the case of a student complaint against a faculty member, within ten (10) University business days of the beginning of class of the following semester.

3. The Office of Equal Opportunity Programs shall investigate the complaint. This investigation may include, but shall not be limited to, interviewing the person complained about regarding the allegations, interview of other persons who may have information relevant to the allegations, preparation of witness statements for all persons interviewed, and review of any relevant documents. Upon completion of the investigation, a report shall be prepared which includes a summary of the complaint, a description of the investigation, the findings, and recommendations.

(c) Conciliation. The Office of Equal Opportunity Programs may attempt conciliation during the course of an investigation of a complaint. If conciliation is not achieved, then the Office of Equal Opportunity Programs shall continue to investigate the complaint, and shall issue a written finding concerning probable cause within a maximum of one hundred (100) days. If conciliation of the complaint was achieved between the parties in cooperation with the Office of Equal Opportunity Programs, and the alleged offender fails to abide by the agreement or retaliates against the complainant, the complainant or supervisor should notify the Office of Equal Opportunity Programs. The Vice President for Student Affairs and Human Resources or a designee may then require the complaint to proceed as if conciliation had not been reached.

(d) Findings. The report of the Office of Equal Opportunity Programs shall be made known to the Vice President for Student Affairs and Human Resources or designee, the complainant, the alleged offender, the immediate supervisor of the alleged offender, and the appropriate vice president.

(e) Review.

1. Either party may seek review of the finding of the Office of Equal Opportunity Programs to the Vice President for Student Affairs and Human Resources or a designee by filing a request for a review within twenty (20) days of receipt of the Office of Equal Opportunity Programs finding. It shall specify the basis of the appeal. The appeal shall be based on one or more of the following: relevant evidence was not reviewed and/or new evidence is available; or, the factual evidence was insufficient to support the findings.

2. The request shall be in writing, and shall set forth the issues to be considered in the appeal. Copies of the appeal shall be provided to the opposing party and to the Director, Equal Opportunity Programs.

3. The opposing party and the Director, Equal Opportunity Programs, may file a response to the appeal to the Vice President for Student Affairs and Human Resources or designee within twenty (20) days of receipt of the appeal.

4. The Vice President for Student Affairs and Human Resources or designee shall issue a written finding no more than twenty (20) days after receipt of the appeal, or of a response to the appeal, whichever is later.

(f) Resolution. Upon final acceptance by the Vice President for Student Affairs and Human Resources or designee of a finding on the complaint, the immediate supervisor of the alleged offender may provide a reasonable resolution to the complaint (e.g., that a student be allowed to change sections, that the employee report to a different supervisor) and may also recommend or take disciplinary action against the alleged offender; the proposed resolution shall be approved by the Office of Equal Opportunity Programs. Disciplinary action shall be taken in accordance with the rules and regulations affecting the class of employee and the terms of any applicable collective bargaining agreement.

(g) Prohibition of Retaliation. No University employee shall retaliate against a complainant. Any attempt to penalize a student, employee or agent for initiating a complaint through any form of retaliation shall be treated as a separate allegation of discrimination.

Specific Authority 1001.74(4) FS. Law Implemented 1000.05, 1001.74(10), (19), 1006.60, 1012.92 FS. History–New 7-6-97, Amended 11-3-02.
6C8-1.010 Sexual Harassment.

(1) General Statement.
(a) Sexual harassment undermines the integrity of the academic and work environment, and prevents its victims and their peers from achieving their full potential. All members of the University community are entitled to work and study in an atmosphere free from sexual overtures or innuendos that are unsolicited and unwelcome. It is the particular responsibility of those members of the University community who hold positions of authority over others to avoid actions that are or can be considered sexually abusive or unprofessional.

(b) It shall be a violation of this rule on sexual harassment for any officer, employee, student or agent to sexually harass, as sexual harassment is hereinafter defined, any other officer, employee, student, visitor or agent. Sexual harassment is a type of misconduct which shall result in disciplinary or other action as provided by the rules of the University (see Rules 6C8-4.006 and 6C8-4.019, F.A.C.).

(c) When an individual evaluates or supervises another individual with whom he or she has an amorous or sexual relationship, a conflict is created. The University discourages amorous or sexual relations between employees and students. Such relationships, even when consensual, may be exploitive, and imperil the integrity of the educational process or work environment. They may also lead to charges of sexual harassment. The University requires the resolution of any conflict of interest created by these relationships.

(d) Whenever a conflict of interest situation arises or is reasonably foreseen, the employee in a position of authority must resolve any potential conflict of interest by taking necessary steps, including removing himself or herself from evaluative decisions concerning the other individual. If he or she is unable to resolve personally the conflict of interest, he or she is required to inform the immediate supervisor promptly and seek advice and counsel in dealing with the conflict. The employee, along with the supervisor, is responsible for taking steps to ensure unbiased supervision or evaluation of the employee or student. Failure to resolve potential or actual conflict of interest situations as described in this rule may result in disciplinary action, in accordance with Rules 6C8-4.006 and 6C8-4.019, F.A.C.

(2) Definitions.
(a) For the purpose of this rule, sexual harassment is defined as any unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature which:

1. Makes submission to or rejection of such conduct either an explicit or implicit basis for employment and/or academic decisions affecting the individual; or,
2. Unreasonably interferes with the individual’s employment or academic performance by creating an intimidating, hostile or offensive environment.

(b) Conduct which falls into the definition of sexual harassment includes, but is not limited to:

1. Unwelcome physical contact of a sexual nature such as patting, pinching or unnecessary touching.
2. Overt or implied threats against an individual to induce him or her to provide sexual favors or to engage in an unwelcome sexual relationship.
3. Verbal harassment or abuse of a sexual nature, including intimating by way of suggestion a desire for sexual relations, or making jokes or remarks of a sexual nature which are not germane to academic course content.
4. Use of sexually suggestive terms or gestures to describe a person’s body, clothing, or sexual activities.
5. Displaying or posting through any medium, including, but not limited to, electronic communication, offensive sexually suggestive pictures or materials in the workplace.

(3) Procedures for Reporting Violations and Conducting Investigations and Complaints. The procedures described in Rule 6C8-1.009, F.A.C., shall be followed.

(4) Prohibition of Retaliation. No University employee shall retaliate against a complainant. Any attempt to penalize a student, employee or agent for initiating a complaint through any form of retaliation shall be treated as a separate allegation of discrimination.

(5) Frivolous or Malicious Complaints. In the event that a claim of sexual harassment is found to be frivolous or malicious, appropriate University sanctions shall be taken against the complainant, including disciplinary action where appropriate. Disciplinary action against students shall be taken in accordance with the University’s code of conduct for students.

(6) General University Responsibility.
(a) It is expected that vice presidents, deans, chairs, department heads, directors and other supervisors shall continue to monitor and take corrective action whenever instances of sexual harassment are either observed or reported to them. While the decision regarding resolution remains within the unit, all allegations of sexual harassment are to be immediately reported to the Office of Equal Opportunity Programs, which will provide advice and monitor the administrator’s actions and/or take appropriate action.

(b) There may be instances in which a potential complainant is unable or unwilling to pursue a complaint of sexual harassment, but where the University administration is aware of the behavior and may incur liability if action is not taken. In such instances, the Office of Equal Opportunity Programs may choose to pursue an investigation of the alleged offense. The decision of whether or not to pursue an administrative complaint will be based on the egregiousness of the alleged offense, the bases for the aggrieved party’s decision not to pursue a complaint, and the apparent evidence supporting the allegations. The decision to pursue an administrative complaint shall be made by the director of the Office of Equal Opportunity Programs in consultation with the Vice President in
charge of the aggrieved party’s unit and the Vice President in charge of the alleged offender’s unit, in the event that the two parties are in different units. An administrative complaint must be filed within 60 days of the alleged act(s) of discrimination and shall follow the same procedures and timelines as formal complaints except that no complainant will be named.

(7) Education and Notification.

(a) Copies of this rule shall be widely disseminated in order that faculty, staff and students clearly understand which acts constitute sexual harassment and recognize that the University regards sexual harassment as a serious offense.

(b) The rule shall also be made available to vice presidents, deans, chairs, department heads and directors and other supervisors. Requests for additional copies of this rule should be directed to the Office of Equal Opportunity Programs. Abbreviated versions shall be made available to students, faculty and staff. Additionally, this rule shall be included in the University catalog, the student handbook, and other available University media. Periodic workshops and other educational programs shall be offered to University personnel regarding the topic of sexual harassment.

(8) The rule will be reviewed on a periodic basis to ensure responsiveness to campus needs. This review may include follow-up interviews with complainants, persons complained against, and administrators who have used the process.

CHAPTER 6C8-3 STUDENT AND ACADEMIC REGULATIONS

6C8-3.003 Undergraduate Admissions.
(1) A student who has completed an Associate of Arts degree at a Florida public community college or has earned 90 quarter hours (60 semester hours) of collegiate work at any other accredited institution at an acceptable performance level, and has completed the general education requirements (or the equivalent) as enumerated in subsection 6C8-3.002(1), F.A.C., is eligible for admission to the degree program of his or her choice.

(2) A student who has completed an Associate of Science degree or has earned 90 quarter hours at a Florida community college, and who has completed at least 40 quarter hours of the 54 quarter hours of general education requirements (or the equivalent) as enumerated in subsection 6C8-3.002(1), F.A.C., is eligible for admission to the degree program of his or her choice.

(3) A student who meets such admission requirements, but who has not completed the remaining general education course requirements or the prerequisite courses for admission to a particular degree program, may complete his or her preparatory work either (1) at a Florida community college or accredited institution, or (2) in the College and Schools of Florida International University or (3) achieve a satisfactory score on the approved CLEP examination.

(4) The School of Technology normally regards the Associate of Science degree in an appropriate technical discipline as the full equivalent to the first two years (90 quarter hours) of the Bachelor of Technology program.

(5) An undergraduate student who has been denied admission to a program of the University for academic reasons may appeal the decision through the following Officials: the Chairperson of the program, the Dean of the College or School of the program, and the Vice President for Academic Affairs. An undergraduate student who has been denied admission to the University for other than academic reasons may appeal to the Dean of Student Services.

(6) Admissions procedures for undergraduate students shall otherwise comply with regulations set forth in Chapter 6C-6, F.A.C.

Specific Authority 1007.261 FS., 6C-6.001, 6C-6.002, 6C-6.004, 6C-6.005, F.A.C. Law Implemented 1007.261, 1007.23 FS., 6C-6.001, 6C-6.002, 6C-6.004, 6C-6.005, F.A.C. History–Formerly 6P-3.02(2), 10-1-75, Repromulgated 12-23-76, Formerly 6C8-3.03.

6C8-3.004 Graduate Admissions.
(1) A student seeking admission into a graduate program of the University must meet the minimum standards set forth by subsection 6C8-3.002(1) and Rule 6C8-3.003, F.A.C.

(2) An applicant who does not have a “B” average in his or her upper level work is required to present a score of 1,000 on the Graduate Record Examination (GRE), for the School of Education, School of Health and Social Services, and the School of Hotel, Food and Travel Services, or 450 on the Admission Test for Graduate Study in Business (ATGSB) for the School of Business and Organizational Sciences. All graduate applicants to the School of Business and Organizational Sciences, regardless of previous...
grade-point average, are required to submit the appropriate aptitude test scores. If applying to the Public Administration or the Health Care Management programs in the School of Business and Organizational Sciences, the appropriate test is the GRE rather than the ATGSB.

(3) Grades earned at institutions with non-traditional grading systems will be given every consideration at Florida International University, and applicants will be treated equally with students from institutions with additional grading systems.

(4) An applicant who fails to meet these criteria but who shows unusual promise for success in a graduate program may be admitted on a provisional basis as follows:
   (a) Up to ten percent (10%) of the applicants admitted to a graduate program in any one academic year may be admitted as exceptions to the graduate admission standards of the University.
   (b) The academic unit wishing to admit a graduate applicant as an exception notes the exceptional status on the Graduate Evaluation Form.
   (c) The completed Graduate Evaluation Form must be signed by the appropriate Dean or designee and forwarded to the Office of Admissions and Community College Relations.
   (d) If the ten percent limitation has been exceeded for that graduate program for that academic year, the academic unit shall be notified.

Specific Authority 1007.261 FS., 6C-6.001, 6C-6.003, 6C-6.005, F.A.C. Law Implemented 1007.261 FS., 6C-6.001, 6C-6.003, 6C-6.005, F.A.C. History–Formerly 6P-3.02(3), 10-1-75, Repromulgated and Amended 12-23-76, Formerly 6C8-3.04.

6C8-3.006 Foreign Student Admissions; Exchange Visitor Insurance Requirements.

(1) A foreign student must meet the regular admission requirements as set forth in Rules 6C8-3.002, 6C8-3.003 and 6C8-3.004, F.A.C. In addition, the student must show evidence of English proficiency by presenting:
   (a) A minimum score of 500 on the Test of English as a Foreign Language (TOEFL); or
   (b) An ELS Language Center Certification of satisfactory completion at the 109 level of proficiency; or
   (c) Successful completion of 45 quarter hours (30 semester hours) of course work in an American college or university, including 9 quarter hours (6 semester hours) of English composition.

(2) A Declaration and Certification of Finances must be submitted before the Certificate of Eligibility will be issued by the University. The total funds available to the student for the first and/or second academic years must at least equal the total estimates of institutional costs and living expenses. For foreign applicants living outside the U.S., the Declaration and Certification of Finances must be received by the University at least two months prior to the beginning of the quarter for which student expects to register. If the student is living in the U.S. this document is due at least one month before the first day of classes.

(3) Regulations governing admission of foreign students will otherwise comply with Rule 6C-6.009, F.A.C.

(4) In compliance with its responsibilities under 22 C.F.R., § 514.14, the University requires that exchange visitors with J-1 immigration status who are sponsored by the University shall maintain a policy or policies of medical insurance, including repatriation and medical evacuation coverage, for themselves and their accompanying J-2 dependents for the full duration of their sponsored enrollment or program. For purposes of this rule the term “exchange visitor” means a citizen of a foreign country who is sponsored by the University as either a student, teacher, professor, researcher, short-term scholar, specialist, visitor or other category of exchange visitor status as defined by the United States Information Agency.

   (a) Only the following insurance policies will be considered adequate to meet this requirement:
      1. The University approved policy offered for purchase by exchange visitors; or,
      2. The insurance offered as part of the standard benefits package to exchange visitors who are University employees if such insurance covers their dependents and is supplemented by a separate policy providing medical evacuation and repatriation.
   (b) Proof of this type of insurance coverage for exchange visitors and all accompanying J-2 dependents shall be demonstrated as follows:
      1. For exchange visitors other than students, proof of insurance coverage shall be provided to the Office of International Student and Scholar Services prior to the issuance of a United States Information Agency Form IAP-66 by the Office of International Student and Scholar Services.
      2. For exchange visitor students who are not degree-seeking students, proof of insurance coverage shall be provided to the Office of International Student and Scholar Services before a United States Information Agency Form IAP-66 is issued by the Office of International Student and Scholar Services.
      3. For exchange visitor students who are admitted as degree-seeking students, proof of insurance coverage shall be provided to the Office of International Student and Scholar Services when the exchange visitor student arrives in the United States and prior to registering for classes for the semester in which the exchange visitor student has been admitted.
   (c) The Form IAP-66 will be issued only for the stated period of insurance coverage. Proof of the extension of major medical, repatriation and medical evacuation insurance must be provided prior to the issuance of the extended IAP-66. Exchange visitors who are eligible for the insurance available to University employees must obtain coverage under subparagraph (4)(a)1., above, and demonstrate proof thereof to the Office of International Student and Scholar Services for themselves and any accompanying dependents until such time as their employee and dependent coverage becomes effective before the Office of International Student and Scholar Services will issue the Form IAP-66.
(d) This rule should not be interpreted to mean that the University recommends or encourages any prospective exchange visitor to cancel existing insurance coverages. The insurance coverage required by this rule satisfies the requirements of the United States Information Agency, the State of Florida Board of Regents and the University and may not cover all medical conditions which the exchange visitor and accompanying dependents may develop or the treatments which they require.

(e) Willful failure to maintain the required insurance coverage shall result in termination of participation in the exchange visitor program and/or employment.

6C8-3.0081 Students in Military Service.

(1) General. A student who, while enrolled at the University, is called to or enlists in, active military service shall not incur academic or financial penalties as a result of performing military service.

(2) A student described in subsection (1) shall have the option of completing the course(s) in which the student was enrolled at a later date without penalty, or withdraw from the course(s) with a full refund of fees paid. If the student chooses to withdraw, the student's academic record shall reflect that the withdrawal was due to active military service.

(3) For purposes of this rule, “active military service” means active duty with any branch of the United States Army, Air Force, Navy, Marine Corps, Coast Guard, National Guard of the State of Florida, or other service as provided in Section 115.08, F.S., as verified by official orders or appropriate military certification.

6C8-4.014 Bargaining Unit and Nonbargaining Unit Faculty and Administrative and Professional (A & P) and University Support Personnel System (USPS) Staff Vacancies, Selection, Appointments, Promotions, Internal Promotions, Reassignments, Transfers, and Demotions.

(1) Applicability. This rule is supplemented by Article 8 of the Board of Regents/United Faculty of Florida (BOR/UFF) Collective Bargaining Agreement for bargaining unit faculty and A & P staff, BOR/AFSCME Collective Bargaining Agreement for USPS staff and by applicable University rules, policies, procedures, and provisions of the University’s affirmative action plans including the University search and screen procedures.

(2) Vacancies. The University seeks to maintain the highest possible standard of fairness and equity in its employment practices. All position vacancies in classifications for budget entities in the employee categories of general faculty, A & P, and selected USPS must be announced in the SUS position vacancy listings, unless otherwise exempted under the provisions of the Chancellor’s Memorandum on Announcement of Vacancies and Compliance with Affirmative Action Plans. The University shall give equitable consideration to all applicants in accordance with Chapter 6C-5, F.A.C., of the Board of Regents rules and applicable University policies and procedures for determining eligibility for appointments to positions in faculty, A & P, and USPS employee categories. Employee career advancement is encouraged by assuring consideration of qualified permanent employees within the University, in accordance with the University’s internal promotion policy and appropriate bargaining unit agreement.

(3) Bargaining and Nonbargaining Unit Faculty and A & P Staff Screening and Selection.

(a) The department should first define the nature of the vacant position(s) and what it expects from a prospective colleague selected to fill the vacancy. The department will advertise the position and its general requirements.

(b) The department will use the University’s search and screen procedures or personnel policies and procedures as appropriate to the pay plan and level of the position.

(c) The department will assess the eligibility of candidates and reach decisions on their relative merits. The department should also communicate to final candidates information regarding the position, the State University System, and the institution.

(d) If practicable, the candidates reaching the final stages of screening should be invited to the campus for personal interviews with the department and appropriate officials.

(4) Bargaining and Nonbargaining Unit Faculty and A & P Staff Appointments.

(a) If, after receipt of the recommendation of the search and screen committee, if applicable, the chairperson or other appropriate administrator decides to recommend that a candidate be offered a position, the recommendation will be transmitted to the appropriate administrative officer.

(b) The President, or designated representative, may then offer the candidate employment by means of a contract or letter of offer. The offer of employment shall be conditioned on the return of a duly executed copy by a specific date and a fully executed contract by the President.

(c) The contract or letter of offer shall indicate whether the appointment is for one year or multiple years.

(d) The contract shall be issued in accordance with the requirements of the BOR/UFF Bargaining Agreement, if applicable, and shall include, but not be limited to, the following elements:

1. Date;
2. Rank and professional classification system title and class code;
3. Department, program, college, or employment unit;
4. Salary and administrative salary supplement when appropriate;
5. Employment period;
6. Special conditions of employment;
7. The duties and responsibilities of the employee;
8. The percent of full-time equivalency;
9. A statement that in the performance of the contract both parties are subject to the Constitution and laws of the State of Florida and the rules and regulations of the University and the Board of Regents;
10. Position number;
11. A statement indicating the tenure earning status during the appointment, including any tenure credit, if applicable;
12. The formula by which an annual contract shall be converted to an academic year contract, if applicable.

5) Selection and Appointment of USPS Staff Members. Selection and appointment of USPS staff members will be in accordance with applicable Board of Regents rules, BOR/AFSCME Bargaining Agreement, and University rules, policies, and procedures.

6) A & P and USPS Promotions, Reassignments, Transfers, and Demotions.
   (a) Promotions. Promotion of all categories of employees will be in accordance with applicable bargaining unit agreements and University policies and procedures.
   (b) Internal Promotions. When a department wishes to consider only applicants from within the University for a vacancy, the internal recruitment and promotion policy and procedure may be used. All USPS vacancies, and A & P vacancies in pay grades one (1), two (2), and three (3) may be approved for internal recruitment by the Office of Personnel Relations upon request from the hiring official and recommendation by the Office of Equal Opportunity Programs. Positions in job groups with identified underutilization (University or department) of minority group members and women may not be recommended for internal posting.
   (c) Reassignments and Transfers.

1. Voluntary. Employees may request a voluntary reassignment or transfer to positions within the University by completing and submitting the appropriate form to the Office of Personnel Relations. The request will be considered for vacancies for which the employee qualifies.

2. Involuntary. The University may reassign or transfer A & P and USPS staff in accordance with University policies and procedures and applicable collective bargaining agreements.

(d) Demotions. Any employee who has permanent status may be subject to demotion in accordance with Board of Regents rules, University policy and procedures and appropriate collective bargaining agreements, where applicable.

6C8-4.016 Nonreappointment and Resignation of Faculty.

(1) Nonreappointment. The nonreappointment of bargaining and nonbargaining unit faculty is subject to the provisions of the Board of Regents/United Faculty of Florida (BOR/UFF) Collective Bargaining Agreement. The President or designated representative may choose not to renew the appointment of a nontenured faculty member. The decision not to renew a faculty member’s appointment may not be based on constitutionally impermissible grounds. Notice of nonreappointment or intention not to renew the appointment shall be given in writing in accordance with the provisions of Article 12 of the BOR/UFF Collective Bargaining Agreement. The notice requirements are not applicable to employees holding temporary appointments. The nonreappointment of non-ranked, non-bargaining unit faculty shall be in accordance with the provisions of Rule 6C8-4.018, F.A.C.

(2) Resignation by Faculty. A faculty member who wishes to resign has the professional obligation, when possible, to provide the University with at least one semester’s notice. Upon resignation, all consideration for tenure and reappointment shall cease. A resignation may not be rescinded by the employee without concurrence of the University.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19) FS. History–New 4-30-81, Formerly 6C8-4.16, Amended 8-7-96.

6C8-4.018 Termination of Employment of Administrative and Professional (A & P) University Support Personnel System (USPS) and Other Personal Services (OPS) Staff.

(1) Termination of Employment of A & P Staff.

(a) The employment of a non-bargaining unit A & P staff may be terminated without cause prior to the expiration of the employment contract by giving written notice to the employee as follows:

1. Employees with up to one year of service, a minimum notification period of one month, prior to terminating the employment relationship.

2. Employees with more than one year of service, a minimum notification period based upon one month per year, or part thereof, of full-time employment, plus one month, up to a maximum of six months notification, prior to terminating the employment relationship.

(b) The employee will be granted a review of the termination action by the University President or designee upon request. The decision not to offer further employment shall be approved in writing by the employee’s second level supervisor and such decision shall not be based on constitutionally or other legally impermissible grounds.

(c) The employee may be assigned other duties and responsibilities at any time. Such a reassignment does not release the institution from the contractual commitment to compensate the employee until the date of termination of the employment.

(d) The Office of Personnel will assist employees whose employment is terminated under this rule to locate alternative employment while the employee is employed at the University.
(e) The employment of bargaining unit A & P staff may be terminated in accordance with Rule 6C8-4.016, F.A.C., and applicable collective bargaining agreement.

(2) Termination of Employment of USPS and OPS Employees. USPS employees without permanent status in any job class or on time-limited appointments and OPS employees may be separated from employment at any time without any requirements of reason for the decision and without rights of appeal. The decision to terminate the employment shall not be based on constitutionally or other legally impermissible grounds.

(3) Resignation by A & P, USPS, and OPS Staff. Staff members will give three months written notice of resignation when at all possible. A resignation may not be rescinded by the staff member without concurrence of the University.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19) FS. History–New 4-30-81, Formerly 6C8-4.18, Amended 8-7-96.

6C8-4.019 Termination for Cause and Other Disciplinary Actions for Faculty, Administrative and Professional (A & P), and University Support Personnel System (USPS) Staff.

(1) Just cause shall be defined as:
   (a) Incompetence; or
   (b) Misconduct.

(2) Termination or Suspension. Faculty, A & P, and USPS staff may be terminated from employment or suspended, with or without pay, for just cause. An employee shall be given written notice of termination or suspension specifying the reason(s) and such action shall be in accordance with Board of Regents Rules 6C-5.950 and 6C-5.955, F.A.C., University policies and procedures, and applicable collective bargaining agreements. Following the issuance of termination or suspension notice, the employee may be reassigned.

(3) Disciplinary action other than termination or suspension, with or without pay, may be imposed for just cause. Written notice of such disciplinary action, specifying the reason(s) therefor, shall be given to the employee by the President or representative. Any disciplinary action taken pursuant to this section shall thereafter be subject to Board of Regents Rules 6C-5.950 and 6C-5.955, F.A.C., applicable collective bargaining agreements, and University policies and procedures. Counseling shall not be considered disciplinary action.

(4) Termination or Suspension Pending Hearing. Notwithstanding the provisions of subsection (2) above, when the President or representative has reason to believe that an employee’s presence on the job would adversely affect the functioning of the University or jeopardize the safety or welfare of any University employee or student, the President or representative may immediately suspend the employee from the performance of duties, with or without pay, pending an investigation or any requested grievance, arbitration or administrative hearing under University procedures or applicable Board of Regents rules or collective bargaining agreements, and final administrative action pertaining hereto. If an employee suspended without pay under this section ultimately prevails in any grievance arising therefrom, the employee shall be reinstated with back pay.

Specific Authority 1001.74(4), (19) FS. Law Implemented 1001.74(19) FS. History–New 4-30-81, Formerly 6C8-4.19, Amended 8-7-96.

6C8-4.024 Meritorious Service Awards Program.

(1) General. This rule establishes the University’s Meritorious Service Awards Program authorized by Section 240.2111, Florida Statutes. The program consists of awards and incentives to acknowledge exemplary or exceptional employee achievement which benefits the University or the state university system. Awards and acknowledgments earned through the Meritorious Service Awards Program may be funded by state and private sources. The Meritorious Service Awards Program shall acknowledge or reward employee achievement in the following areas:
   (a) Suggestions, defined as a procedure or idea submitted by a faculty member or University Support Personnel System (USPS) employee that, when implemented, results in elimination or reduction of expenditures, improvement in operations, or generation of additional revenues for the University.
   (b) Superior Accomplishment, defined as exemplary performance by faculty members, or Administrative and Professional (A & P) or USPS employees, that is deemed to have significantly contributed to their respective fields or areas valued by the University, thereby reflecting positively on the caliber of the University or the State University System.
   (c) Service, defined as sustained satisfactory service with the University by faculty members, or A & P or USPS employees. Members of state boards or commissions may also be recognized under this component of the program for service to the University or the State University System.

(2) Meritorious Service Awards Program Coordinator. The Vice-President of Business and Finance shall appoint a person to serve as the Meritorious Service Awards Program Coordinator for all of the components of the program. The Coordinator shall be responsible for administering the program and for setting up internal procedures to timely process and review award nominations. The University community shall be notified periodically of the place in which to contact the Coordinator and the Meritorious Service Awards Committee.
(3) Meritorious Service Awards Program Committee. The Vice-President of Business and Finance shall biennially appoint three employees to serve as the Meritorious Service Awards Program Committee. The committee shall be chosen one each from among the faculty, A & P, and USPS staff. The committee shall apply the criteria contained in this rule for evaluating nominations for awards for each component of the program. The committee shall meet as needed to evaluate award nominations and to make recommendations concerning recipients of awards and the type of awards.

(4) Suggestion Program Component.
(a) Eligibility. In order to be eligible for a meritorious service award under the Suggestion component of the program, a faculty member or a USPS employee must submit his or her suggestion in writing to the Meritorious Service Award Committee. The proposal must be able to be implemented under current statutory authority. At a minimum, the employee shall provide the following information:
1. Name;
2. Work address;
3. Job title and description;
4. A complete description of the suggestion;
5. The benefit to be derived by the University, the Board or the system in adopting and implementing the suggestion; and
6. Any facts or figures which tend to support the perceived benefit to the University, the Board or the system.

The employee shall sign and date the suggestion and deliver it to the Meritorious Service Awards Committee.

(b) Evaluation of Suggestions. Employee suggestions shall be channeled by the Coordinator to the Committee. Upon receipt, the Committee shall evaluate the suggestion and categorize it based upon the following criteria:
1. Tangible whether the suggestion will result in a measurable outcome in terms of cost savings or revenue generation;
2. Intangible whether the suggestion proposes new or different procedures that will result in improved safety, convenience, or the like which cannot readily be calculated in terms of money; or
3. Catalyst whether the suggestion triggers another idea which, but for the suggestion, might have been overlooked as a solution to a problem. The Committee shall evaluate the suggestion based upon the amount of savings or increased revenue to the University, whether the savings will be permanent and recurring, and the ease of implementation of the idea. The Committee shall report its findings on each suggestion to the Vice-President of Business and Finance. The Vice-President of Business and Finance shall make a final determination within ninety days from the date the suggestion is received by the Meritorious Service Awards Coordinator of whether the suggestion shall be adopted and if so, the type of award which the employee will receive. The ninety day period can be extended where the University is unable to adequately evaluate the suggestion based upon the information supplied, or otherwise upon consent of the employee.

(c) Suggestions in the following area will not be considered in the meritorious service awards program:
1. Those involving the resolution of personal grievances;
2. Those which could be implemented by the employee without prior clearance or approval by an academic or administrative supervisor;
3. Those which could have been conceived as part of, or are a logical extension of, the employee's normal assigned duties;
4. Those which duplicate or significantly resemble a suggestion which has been implemented by the Board or another state university.

(d) A suggestion which is not adopted will be kept on file for one year from the date received by the Coordinator. The employee will be eligible for an award as provided by this rule if the suggestion is adopted during this time.

(e) An employee's suggestion which is implemented by the University may be subsequently implemented by any other component of the State University System without further monetary award to the employee.

(f) A suggestion can be submitted by a group of eligible employees. In such a case, the employees shall be entitled to only one monetary award which shall be divided equally among them.

(g) Awards for tangible suggestion will be made at the end of the first year after implementation. However, where the savings or revenue to be generated directly from implementation of the suggestion are easily calculable and readily verifiable, the University may grant a proportionate share of the award on a periodic basis. At the end of the first year, the University shall promptly calculate the actual savings or revenue generated as a result of the implementation of the suggestion. Where an award is made to an employee due to inaccurate measurement or calculation, the University reserves the right to recoup the overpayment from the employee.

(h) Employees whose intangible or catalyst suggestion is implemented will be awarded certificates, pins, plaques, letters of commendation, or other appropriate tokens of recognition, provided the cost of the award does not exceed $50. When an intangible or catalyst suggestion results in exceptional increase in time, production, safety or other benefit to the University, the employee may be recognized and rewarded monetarily in an amount not to exceed $300. Monetary awards in such circumstances may be given in the form of cash, U. S. Savings Bonds or other items in lieu of cash.

(i) The acceptance of an award for a suggestion which is adopted through this program constitutes a waiver by the employee of all claims, immediate and future, against the State of Florida for all use of the suggestion.
(5) Superior Accomplishment Component. Awards for superior accomplishment may be presented to eligible employees on an individual or collective basis in recognition for outstanding performance or accomplishment either within or outside of the University, in the community, or to advancement in their respective fields. Such awards and recognition shall not be granted solely on the job performance.

(6) Service Award Component. Retiring employees whose service to the University has been rated satisfactory for the course of their employment are eligible to receive an appropriate service award based upon years of service. Additionally, service by appointed members of a state board or commission who have advanced the goals of education or of the University may be given special recognition through an appropriate award upon the expiration of their final term in such position. Employees who have given satisfactory service to the University shall be given an appropriate form of recognition on the anniversary of each five years of continuous service to the University.

(7) Reporting Requirements. The Vice-President of Business and Finance shall be responsible of preparing and filing all reports which are required to be made by statute or Board rule regarding the University’s Meritorious Service Awards Program.

(1) Tackboards in all University buildings are available for the posting of materials by any University division or individual, unless otherwise restricted. Materials also may be posted in the stairwells of Primera Casa on the outside wall facing on the mid-landing. The posting of materials is limited to these areas and other areas which the University may designate.

(2) Only removable tape may be used to affix such materials to walls. Any posted material attached to walls other than tackboards or stairwells as prescribed in subsection 6C8-5.003(1), F.A.C., shall be removed as notices.

(3) Tackboards and stairwells will be maintained by Physical Plant. All posted materials will be machine-dated, removed and discarded two weeks after that dating, except those posted materials which refer to an event which has not yet occurred. Notices which refer to meetings continuing for a long term basis will be removed at the end of each quarter.

(4) No distinction will be made on the content of posted materials except for commercial solicitation, as outlined in Rule 6P-6.010, F.A.C. Any profane materials or notations will be removed as noticed or on complaint.

6C8-5.006 University Traffic and Parking Rules.

(1) General. This rule is applicable to all persons who operate or park a motor vehicle on the campuses of Florida International University. All Miami-Dade County traffic and parking ordinances which are not in conflict or inconsistent with University regulations and all provisions of Chapter 316, Florida Statutes, shall extend and be applicable to the University’s campuses. The Department of Parking and Traffic is authorized and empowered to enforce all University parking and traffic regulations. The University Public Safety Department is authorized and empowered to enforce University regulations, all county ordinances and state laws. Copies of the University parking and traffic regulations are available from the Department of Parking and Traffic, the Department of Public Safety, the Visitor Information Center and through the Florida International University website URL http://www.fiu.edu/~xtranspo/. The University assumes no liability for vehicles parked or operated on University property. The issuance of a decal or permit does not guarantee a place to park.

(2) Registration of Motor Vehicles. Vehicles used by members of the faculty, staff, students, (full or part-time), concessionaire employees and others who regularly operate a vehicle on campus must be registered with the Department of Parking and Traffic during the first day the vehicle is on campus. Vehicle registrations expire on the expiration date indicated on decal or permit. All visitors must purchase a non-refundable parking permit when parking on campus or use parking meters. Any motor vehicle parked on University property during designated hours must display a valid University parking decal or parking permit. Use of a motor vehicle on University property is a privilege, not a right and is made available only under this rule.

(a) Decals.

1. Faculty/Staff. A Faculty/Staff parking decal must be obtained for each vehicle which is, or may be, parked on the University’s campuses. Decals are issued according to the classifications contained in these regulations. A decal will be issued by the Department of Parking and Traffic, upon the following conditions:

a. The owner or driver registers the vehicle with the Department of Parking and Traffic.

b. The owner or driver, unless otherwise exempt, pays the appropriate fee and provides proof of the decal classification to which he or she is entitled.

c. The owner or driver settles all outstanding parking and traffic fines and fees before a current decal or permit will be issued.

d. When two or more persons who are employed by the University reside in the same household and register more than one vehicle, each is required to purchase a separate original decal; duplicate decals will not be issued for either person except upon proof of replacement of the originally registered vehicle. If two or more persons travel together in one vehicle, only one decal is required but a duplicate decal cannot be purchased except upon proof of replacement of the originally registered vehicle.

- 18
2. Students: Students will pay a Parking and Transportation Access Fee per semester. A student decal will be issued by the Department of Parking and Traffic to each student under the following conditions, and it is the students’ responsibility to properly display the current decal in accordance with this rule.
   a. The student must be currently enrolled at the University.
   b. The student must provide a valid vehicle registration for the vehicle on which the decal will be placed.
   c. The student must settle all outstanding parking and traffic fines and fees.

3. Decal Classifications: The issuance of decals is restricted to the classifications specified in these rules. The following decal classifications are in effect:
   a. Faculty/Staff – An “F/S” decal is available only to persons currently employed as regular or adjunct faculty; Administrative and Professional staff; University Support Personnel System employees and as Other Personal Services employees. Individuals who are currently employed by vendors or contractors with the University, or who are otherwise required by contract to obtain a decal, are also entitled to obtain a decal in this classification. A semester decal is available to faculty/staff persons who wish to purchase a decal on a semester only basis.
   b. Student – An “S” decal will be issued to those persons who are currently enrolled as students. For purposes of this rule, a person shall be considered a student regardless of the number of hours or courses for which he or she is enrolled at the University. Students residing in the University’s housing complexes are required to display a current semester housing sticker in addition to the current student decal. Students employed at the University at least thirty-five (35) hours a week may elect to purchase a faculty/staff decal.
   c. Alumni – An “ALUM” decal is available to FIU graduates who are not currently enrolled at the University and entitles the holder to park in spaces designated for student parking.
   d. Administrative – An “A” decal is available only to those employees who receive written authorization from the Director of the Department of Parking and Traffic and have special parking needs based upon work requirements.
   e. Executive – An “E” decal is available only to those employees or visitors to the University who are given written authorization by the President.
   f. Duplicate/Replacement Decals – A Duplicate/Replacement decal is available to faculty/staff persons who have purchased an original decal for that semester or the current year. This category is for additionally owned vehicles used alternately and for situations where the original decal must be replaced due to an accident, the re-painting of the vehicle, etc. The address on the vehicle registration for the second vehicle must be the same as that on the registration of the vehicle listed on the original decal application. A vehicle with a duplicate decal is not permitted on campus at the same time as the vehicle with the original decal.
   g. Duplicate Hang-tags – A Duplicate Hang-tag is available to students who have been issued an original decal for the current year. This hang-tag must be displayed on the vehicle that the hang-tag is registered for. This category is for additionally owned vehicles used alternately and for situations where the original decal must be replaced due to an accident, the re-painting of the vehicle, etc. The address on the vehicle registration for the second vehicle must be the same as that on the registration of the vehicle listed on the original decal application. A vehicle with a duplicate hang-tag/decal is not permitted on campus at the same time as the vehicle with the original decal.

4. Decal Registration Fees.
   a. Decals must be purchased and affixed each year. Annual executive, administrative, faculty/staff, and corresponding duplicate decals expire October 31st of each year. Faculty/Staff semester decals expire at the end of each semester for which they are issued. Alumni decals expire August 31st of each year. The following are the annual registration fees, exclusive of sales tax, for each decal classification:

C. Duplicate/Replacement Decals. If a decal or a hang-tag has been lost or stolen, the incident shall be reported to the Department of Parking and Traffic, and a replacement decal or hang-tag shall be purchased. A Parking and Traffic Lost or Stolen Decal Affidavit, Form PT #11, Effective 5/97, which is incorporated by reference into this rule, must be filled out.

d. Change in Status. Any individual requesting a change in decal classification due to a change in status, shall pay the difference between the fee appropriate to the classification currently in effect and that being requested. The old decal or identifiable parts, including numbers, must be returned to the Department of Parking and Traffic for auditing purposes.

e. Non-Refundable Fees. All fees paid for decal registration by faculty/staff persons shall be non-refundable except for instances where a person has mistakenly made a double payment and the request for refund is made within the same academic year in which the payment was made. The Parking and Transportation Access Fee paid by the students shall be refunded in the same manner as other student fees are refunded.

(b) Permits and Permit Fees.
1. Temporary permits are issued only by the Department of Parking and Traffic to those persons who require temporary parking authorization and who are not otherwise required by these rules or contract to obtain a decal. Permits must be applied for and are issued for durations that are commensurate with their purposes. Permits may or may not include the payment of parking fees as provided below.

2. The circumstances under which a permit rather than a decal shall be issued include but are not limited to use of a temporary vehicle; parking on the University’s campuses for occasional business-related purposes; parking on the University’s campuses for attendance at conferences and meetings; and visitors who are not otherwise required to obtain a decal. Any person who has a current decal and needs to use temporary transportation must obtain a temporary parking permit. Temporary parking permits are issued, free of charge, for a maximum of thirty (30) consecutive days.
3. Temporary 30, 60, and 90-day permits are available to persons not otherwise required by these rules or contract to obtain a parking decal. The following are the permit fees, exclusive of sales tax:

<table>
<thead>
<tr>
<th>Duration</th>

<tr>
<td>90-day</td>
<td>$54.00</td>
</tr>
</tbody>
</table>

4. Specific visitor, vendor and contractor, and volunteer permits will be issued by the Department of Parking and Traffic upon payment of a fee as follows:
   a. Visitor fees. Visitors can purchase a student surface parking permit for $1.00 per day or a Faculty/Staff permit for $2.00 per day. Short-time parking is also available at meters throughout the University at a cost of 25 cents per 15 minutes. Visitors can also park inside the Blue Parking Garage at University Park Campus for $1.00 per hour with a maximum of $6.00 per day. University departments hosting an event can purchase garage visitor permits in advance.
   b. Vendors and Contractors fees. All vendors and contractors conducting business on campus are required to purchase a contractor permit. The following are the permit fees, exclusive of sales taxes:

<table>

(c) Vehicle Registration Exemptions. The following persons shall not be required to register their vehicles with the Department of Parking and Traffic:

1. Representatives of news media on official business.
2. Members of the Florida International University Board of Trustees who are on campus to attend meetings and functions of the Board of Trustees. Trustees shall be issued identification which shall be prominently displayed in their vehicles.
3. Members of the FIU Foundation Board of Directors who are on campus to attend meetings and functions of the Foundation. Directors shall be issued identification which shall be prominently displayed in their vehicles.

(a) Decal Regulations.

1. Display of Decal. Each driver who regularly parks a vehicle on campus shall display a valid decal, hang-tag, or permit. It is the responsibility of the driver to properly display a hang-tag, decal or permit so it is easily visible and readable. Failure to display it correctly may result in a violation for not having a valid decal, hang-tag or permit.
2. Decals shall be permanently affixed to the outside of the vehicle on the left side either on the rear bumper, or the outside of the window. Decals must be permanently affixed and not altered. For unusually constructed vehicles, decals shall also be permanently affixed in the manner directed by the Department of Parking and Traffic.
3. The entire decal, hang-tag, or permit must be displayed unaltered.
4. It is a violation of these rules to transfer a decal, hang-tag or permit from one vehicle to another; alter a decal, hang-tag or permit, falsify documents to obtain a decal, hang-tag or permit or otherwise obtain or display a decal, hang-tag or permit in violation of the University rules and regulations. Any such act shall constitute decal fraud and will cause the decal, hang-tag or permit to be revoked.

(b) Traffic Regulations:

1. Speed Limit. The speed limit on University property is 25 miles per hour on main roads unless otherwise posted. The speed limit inside the garage is 5 mph. Speed limit inside surface lots is as posted.
2. Right-of-Way. Pedestrians and wildlife have the right-of-way over motor vehicles, including golf-carts. Pedestrians must use crosswalks when crossing a roadway.
3. Barriers. Barriers may be placed by the University at any point deemed necessary for specific temporary use. Except as required for the passage of emergency vehicles, removal of any such barrier without permission is prohibited.
4. Enforcement Directives. A directive given by a police officer or parking patroller or designee supersedes the regulations posted by sign or signal.

(c) Golf-Carts.
1. Golf-carts are restricted by the Florida Department of Highway Safety and Motor Vehicles and Florida International University for use on facility premises only. Golf-carts are used primarily for the transportation of persons or cargo, are designed and regulated to be operated at speeds of less than 25 miles per hour, and are generally recognizable as a passenger or utility type cart, vehicle, club car or conveyance.

2. Any person who operates a golf-cart on University premises is deemed, by so doing, to have the knowledge, training and skill to safely operate this vehicle and shall be fully accountable for their actions and the consequences thereof. The safe operation of golf-carts on University premises requires conscientious application and adherence to the standards prescribed by this rule.

3. Golf-cart Enforcement. Golf-carts shall be operated in accordance with the following specific rules:
   a. Golf-carts shall not be parked within 6-8 feet of the entrance or exit of any building, except at loading docks or approved designated golf-cart parking spaces.
   b. Operators shall stop golf-carts at all blind intersections and sound their horns before proceeding.
   c. Golf-carts shall not be parked or operated in any manner likely to obstruct or interfere with the flow of pedestrian or vehicular traffic in heavily traveled areas.
   d. Operators shall not stop for any extended period of time in the middle of roads and walkways. Golf-carts shall not be parked on pedestrian crosswalks.
   e. Safety precautions shall be taken while driving golf-carts through parking lots.
   f. Golf-carts shall not be driven through buildings except: 1) under circumstances of police or medical emergency, 2) in order to service that specific building wherein equipment and supplies, but not people, are being transported to the work site, or 3) in order to make a delivery of materials which cannot be otherwise transported to a specific location in a building.
   g. Where circumstances warrant operation of a golf-cart in or through any University building, as described in sub-subparagraph f. above, operators shall take the most unobtrusive route and shall follow all other operating requirements.

(d) Parking Regulations for Surface and Garage Parking.

1. Posted signs, bumper blocks, and other markings designate the various parking areas on campus. Parking areas may be restricted by classification, time or purpose. Parking areas restricted by classification, time or purpose shall be considered no parking zones to those individuals who do not fall within the restriction of the classification. Individuals parking in areas so restricted require a decal, hang-tag, or permit. The following parking restrictions are found in areas on the University’s campuses:
   a. Executive.
   b. Administrative.
   c. Faculty/Staff.
   d. Student.
   e. Meters. (Overtime Parking)
   f. Disabled.
   g. Motorcycle/Motorbike/Moped.
   h. State Vehicles.
   i. Time Limit Parking.
   j. Housing Parking.
   k. Loading Zone.
   l. Garage Visitors.
   m. Head-In Parking Only.
   n. Golf-cart.

2. Parking meters are for short-term visitors. Use of parking meters is enforced daily, from 7:00 a.m. to 10:00 p.m. including weekends and holidays. If a meter is malfunctioning, parking at that meter is prohibited. A current decal, hang-tag or permit does not entitle the driver to park at a meter without paying the appropriate meter fee.

3. Use of parking areas designated as Faculty/Staff shall be enforced between the hours of 6:00 a.m. to 7:00 p.m., Monday through Friday, unless otherwise indicated by signage. Parking in all other areas shall be observed and enforced at all times.

4. Changes in designated parking areas shall become effective at such time as signage or other identifying markings are posted.

5. No motor vehicles, other than police, emergency, service vehicles or golf-carts may be operated or parked at any time on the walkways, grass, service areas, driveways or other prohibited zones, except where specifically permitted by signage. No motor vehicle, motorcycle or other type of vehicle, including a bicycle, shall be parked in such a way as to create a hazard or obstruction to traffic or access. Temporary parking areas may be designated in grass areas by the placement of delineating signs, bumper blocks or other identifying marks. Parking adjacent to any University building shall be prohibited except as identified by authorized signs.

6. No person, other than a current housing resident whose vehicle is left in a housing lot, shall leave a vehicle overnight on University property without notifying the Public Safety Department. Vehicles that are inoperable shall be reported immediately to the Public Safety Department. Vehicles left for more than three (3) consecutive days and nights, without prior approval, or which are apparently abandoned shall be subject to towing, impoundment, and disposal at the owner’s expense. The University does not assume any responsibility for motor vehicles or their contents while they are parked on campus. Vehicles registered to current housing residents may be left in housing lots during session breaks but in no event for more than three weeks, except with permission from University housing.

7. Major repairs to vehicles shall not be performed on either campus.
8. Double-parking is not allowed at any time.
9. The fact that a person may park or observe others parked in violation of the regulations without receiving a citation does not mean that the regulation is no longer in effect. Observing others illegally parked is not a valid excuse.
10. Parking on lawns, landscaped areas, sidewalks, or other areas not specifically designated by signs or curb markings as parking areas is a violation. The absence of a “No Parking” sign does not mean parking is permissible in an area.
11. Residents of housing shall abide by the parking regulations contained in the housing agreement in addition to the requirements of this rule.
12. Parking a vehicle on campus following failure to pay or appeal any citation for a university traffic infractions within the time provided, or parking on campus with a revoked decal shall be considered illegal parking and is subject to towing.
13. Parking areas designated as disabled are enforced at all times and a current state issued disabled placard/hang-tag must be visible and properly displayed.
(e) Garage Parking.
1. A current FIU parking decal is required to park in the garages at no additional cost.
2. Current FIU decal holders cannot park in a visitor space without paying the additional fee.

3. Garage hours: 6:00 a.m. – 2:00 a.m. Mondays – Thursdays
6:00 a.m. – 11:00 p.m. Fridays
Closed weekends and holidays except for Special Events

4. No overnight parking. Vehicles must be removed prior to posted closing hours. Any vehicle left in the garage will be ticketed and is subject to towing at vehicle owner’s expense.
5. Head-in parking only.
6. Garage speed limit is 5 mph. Garage speed is radar-enforced.
(4) Enforcement.
(a) Violations. Failure to abide by any of the provisions of these rules shall be considered a university parking infraction. The University may enforce university parking infractions through use of warnings, citations and fines, vehicle immobilization, towing and any other means authorized by statute.
(b) Citations. The Public Safety Department and the Department of Parking and Traffic are authorized to issue written citations to persons who violate university parking and traffic regulations. The Public Safety Department is also empowered to issue citations for violation of Chapter 316, Florida Statutes, and county ordinances. Only one citation will be issued for each violation.
1. Schedule of Fines. The schedule below establishes fines for the various categories of violations which are considered to be university parking infractions:

a. Impoundment and vehicle immobilization charges vary according to type of vehicle, type of tow needed and cost of contract with current towing company.

b. Any vehicle which remains in violation of the same regulation for twenty-four (24) hours is subject to additional citations. Violations of Chapter 316, Florida Statutes, and county ordinances are returnable to the Miami-Dade County Court and may carry higher fines or other penalties.
2. Late Charges. If a university citation is not paid or appealed in the time provided by this rule, a $5.00 late charge shall be assessed in addition to the fine established for the violation. The assessment of the late charge shall not preclude the University from enforcing these rules through alternative means such as withholding grades, transcripts, receiving your diploma and/or towing, or immobilizing the vehicle.
3. Remedies for Failure to Pay Fines. In addition to the assessment of a late charge fee, and other penalties as provided in this rule, the following remedies are available to the University:
   a. Revoke parking and driving privileges on University property. A person whose parking privileges are revoked may not be issued a new parking decal until all prior outstanding citations are satisfied.
   b. Prevent the person from registering as a student.
   c. Withhold issuance of transcripts or degrees.
   d. Use vehicle immobilizer.
   e. Tow and impound the person’s car.
   f. Take other action as necessary to collect the outstanding fines as delinquent accounts owed to the University.

4. Responsibility for Citations. The person(s) in whose name a motor vehicle is registered with the State Department of Highway Safety and Motor Vehicles shall be held responsible for citations issued to the vehicle. The presumption of responsibility may be overcome by furnishing the Department of Parking and Traffic with a sworn statement identifying the person who had custody of the vehicle at the time the citation was issued. Employees of FIU operating state university vehicles and golf-carts shall be responsible for citations issued to such vehicle(s).

(c) Procedures for Payment of Fines and Appeals. A person to whom a citation has been issued shall have ten (10) business days from the date of issuance to respond to the citation either by paying the fine or by filing an appeal. If payment or request for an appeal is not received within the allotted time, a late fee shall be assessed, and the University may take any authorized action to enforce the penalty.

1. Payment of Fines. Fines may be paid in person at the Department of Parking and Traffic by check, money order, cash payment, the FIU Panther debit card, or credit card. Alternatively, payments may be mailed to the Department of Parking and Traffic located on University Park Campus; however, late fees shall be applied in the event payment is not received by the Department of Parking and Traffic within the time provided by these rules. Fines may also be paid at the Cashier’s Office during its regular hours of operation. All payments should include the payee’s social security number and citation number. It is the responsibility of a person who pays cash at the Cashier’s Office to notify the Department of Parking and Traffic that the citation has been paid in order to assure that his or her account is properly credited.

2. Appeals Process and Procedures. Appeals of citations for university parking infractions and towing/vehicle immobilization procedures and charges may be instituted by filing a written appeal with the Department of Parking and Traffic on Form PT #4, “Parking Citation Appeal,” (effective date 6/96) according to the instructions provided on the form. This form is hereby incorporated by reference into this rule. County citations are not open to appeal through the University appeal process. County citations must be processed through the Miami-Dade County Court System. Appeal form PT #4 may be obtained at the Department of Parking and Traffic and at other locations throughout the University, such as the Cashier’s Office and Visitor Information Center, and Public Safety Department at both campuses. Inability to locate parking spaces or the failure of others to observe these rules shall not be considered to be valid defenses. The appeal shall include a current and accurate address where notices can be sent and received. Complete appeal forms will be forwarded by the Department of Parking and Traffic to an Appeal Hearing Officer for review and decision. Appellants do not have the option to appear in person.

a. Appeal Hearing Officers. There shall be appointed on each campus a University Appeal Hearing Officer or Officers who shall be responsible to resolve appeals of citations for university parking infractions and/or towed or immobilized vehicles. The Appeal Hearing Officer(s) of each campus shall be appointed, by the appropriate vice president, to serve a two-year term, and may be appointed for additional terms. It is intended that Appeal Hearing Officers will be members of the University Community.

b. Appeal Hearing Officer Procedures. Appeal Hearing Officers will receive and evaluate written appeals. They will be guided by the Parking Rules and shall consider any relevant circumstances, as articulated in the written appeal, in making their decision(s). Appeal Hearing Officers may request further information or interview the appellant, witnesses or the citing officer. Appeals will be reviewed and appellants notified by mail.

c. Appeal Hearing Officer Decisions. Following consideration of the grounds for an appeal, the Appeal Hearing Officer shall decide on the appeal. The Appeal Hearing Officer’s decision shall contain findings of fact and be reduced to writing and a copy shall be furnished to the appellant by the Department of Parking and Traffic. The decision of the Appeal Hearing Officer is final without further right of review. Upon denial of an appeal, the fine assessed shall be paid within ten (10) business days of the date of notification to the appellant or a late fee will be assessed.

(d) Immobilization, Towing and Impoundment- Appeals. The University may immobilize, tow and/or impound any vehicle which is found to be parked illegally or in violation of these rules. Parking after failing to pay a parking citation(s) within the allotted time constitutes illegal parking. Cash payment for tows shall be accepted at the Department of Parking and Traffic only after the University’s Cashier’s Office is closed. A person whose vehicle has been immobilized, towed and/or impounded may appeal the tow or immobilization by filing a written appeal within ten (10) business days from the date of the impoundment. An Appeal Hearing Officer shall review the appeal within seventy-two (72) hours of receipt of the written appeal. The appellant shall receive notification of the appeal decision through the mail. If the immobilization or tow appeal is granted, the University shall refund the amount charged for the immobilization or tow. In lieu of the appeal, or pending such appeal, or if the appeal is denied, the owner of the vehicle or his/her authorized agent may obtain release of the vehicle by paying the citation(s), the immobilization and/or towing charges and any applicable delinquent fines.
(e) University Departmental Events. All departments hosting an event, which will require additional visitor parking for guests, will require visitor passes for each vehicle per day. Pre-purchased parking spaces are available by filling out a “Request Form For Special Event Parking Permits”, PT #5 (effective 7/99), no later than three (3) business days, but preferably five (5) business days before the date of the event. Departments are encouraged to post directional signs for each event.

6C8-5.007 University Library.

(1) Borrowing privileges at the Florida International University Library shall be restricted to the students, faculty, staff and alumni of Florida International University and to the students, faculty and staff of other institutions in the State University System. Members of the general public shall be allowed to use library materials in-house. Limited members of the general public with demonstrably valid research needs may be given special permission to charge out library materials.

(2) Resources may be borrowed for a variable two-to-three week loan period by students, and quarterly periods by faculty and staff.

(3) Periodicals will not normally be permitted to circulate outside the confines of the library.

(4) The reserve book collection is a closed stock collection from which materials may be borrowed for limited periods. The security of personal materials placed on reserve cannot be guaranteed by the University.

(5) Interlibrary loans.
   (a) Regulations set by the Interlibrary Loan Code of the American Library Association, and restrictions set by the leading library will be followed.
   (b) Loan requests from undergraduates, as well as graduate students and faculty, will be honored by all State University System Libraries.

6C8-5.008 Demonstrations.

(1) Demonstrations include, but are not limited to rallies, outdoor assemblies, and/or meetings of persons to display group feelings, appearances of speakers in outdoor public areas of the campus or immediately adjacent to it, mass protests, parades and picketing.

(2) Demonstrations will be terminated if they.
   (a) Materially disrupt classes, laboratories, traffic and other ordinary functions of the University.
   (b) Involve substantial disorder.
   (c) Invade the rights of others.

(3) Those who wish to hold or organize a demonstration must file a notice of Intent to Demonstrate with the Vice President for Student Affairs forty-eight (48) hours prior to the date of the proposed demonstration.

(4) The written notice of Intent to Demonstrate shall include the following:
   (a) Name, address and telephone number of the person(s) filing the notice.
   (b) Name, address and telephone number of the person(s) to be contacted.
   (c) Date, time and place of demonstration.
   (d) Nature and purpose of demonstration.
   (e) Type of audio-amplification to be used, if any.
   (f) Estimated number of participants in demonstration.

(5) The Vice President for Student Affairs may deny within 24 hours of filing the Notice of Intent to Demonstrate the right to demonstrate under the following conditions:
   (a) If another demonstration has been scheduled for the same time.
   (b) If the demonstration will obstruct entrances or exits, or if it will interfere with traffic.
   (c) If demonstrator has scheduled after normal University functions have closed for the day.
   (d) If the Notice of Intent to Demonstrate violates provisions of subsection (8) or (9) below.
   (e) If the person(s) filing the notice fails to comply with subsections (3) and (4) above.
   (6) Organizations or persons denied permission to demonstrate may appeal to the President. Appeal must be made within one working day of the denial. The decision of the President shall be final.

(7) Security needs will be assessed by the Director of Public Safety upon request from the Office of the Vice President for Student Affairs.

   (8) Demonstrators shall not:
   (a) Obstruct vehicular, bicycle, pedestrian or other traffic.
   (b) Obstruct entrances or exits to buildings or driveways.
   (c) Interfere with educational activities inside or outside any building.
(d) Harass passersby or otherwise disrupt normal University activities, ceremonies or events.
(e) Interfere with or preclude the intended speaker(s) and/or activities from taking place.
(f) Demonstrate within 1,000 feet of an existing demonstration.
(g) Damage property.
(h) Violate any provision set forth in this rule.
(9) Demonstrations shall not violate the law, Board of Regents policy or Rules and Regulations of the University, nor shall demonstrations place an undue burden on campus facilities, materially interfere with the use of the facilities or equipment by other persons, materially disrupt the University's normal operations or functions, or materially infringe on the rights of members of the University community.
(10) If subsection (8) or (9) is violated, University Public Safety Officers or other University representatives, may require demonstrators to identify themselves by presenting proper identification such as student I.D. card, driver's license, etc. Demonstrators may be directed to leave campus immediately. Demonstrators may also be subject to arrest for a violation of the law. Demonstrators officially related to the University may additionally be subject to the University discipline.
(11) If subsection (8) or (9) is violated, University Public Safety Officers or other University representative may:
(a) Identify himself/herself to the demonstrators, giving name and official position.
(b) Inform demonstrators that they are in violation of the law, University policy and/or State rule.
(c) Indicate the nature of the violation.
(d) Request that the violation cease.
(e) Request that the demonstration terminate.
(f) Secure the assistance of the Public Safety Department to restore order and enforce compliance with the law and University rules.
(12) When requested, as set forth in paragraph (11)(f) above, the Director of Public Safety has a responsibility to:
(a) Declare a demonstration to be in violation of the law, University Rules and/or Board of Regents Rules and request all demonstrators to clear the area or be subject to arrest and/or University disciplinary action.
(b) Arrest demonstrators violating the law or provisions of this rule.
(c) Secure assistance of outside law enforcement agencies, if needed.
(d) Protect persons from injury and University property from damage.

6C8-6.100 Direct Support Organizations.

6C8-6.001 Contracts and Grants.

(1) Administration of Proposals and Awards.
(a) All proposals and contract and grant awards must be coordinated by the Office of Contracts and Grants through the Vice President for Administrative Affairs, the Vice President for Academic Affairs and the Vice President for Community Affairs.
(b) Transactions may be made on a new award when the University Controller has a statement of award from the grantor, the Board of Regents’ acceptance for contracts or grants of $100,000 or over and a proposal with the appropriate university clearance approvals.
(c) The Controller’s Office will refer to any rule books which the grantor may issue regarding expenditure of funds and follow any regulations which may be outlined therein. It will be the responsibility of the project’s principal investigator and the Office of Contracts and Grants to adhere to any applicable grantor regulations. All State personnel and fiscal regulations shall also apply to grant transactions. If a conflict exists between a grantor and a State rule, the more restrictive rule shall apply.
(d) If the grantor requires one central file to be maintained for audit purposes, the Controller’s Office shall be designated as that official file area, and the Controller must receive copies of all correspondence regarding fiscal aspects of the grant or contract. Three (3) years after a contract or grant closes, these files will be microfilmed and stored until audit.
(e) Federal grant programs must be administered in conformance with the Civil Rights Act of 1964 and Regulations issued pursuant thereto by the Department of Health, Education, and Welfare.

(2) Closing of Contracts and Grants.
(a) Contracts and grants with definite termination dates must be closed out as of the date of the final report to the grantor. Money remaining in fixed price contracts must be transferred to a miscellaneous gift fund and rebudgeted accordingly.
(b) Gifts and grants with no termination date will not be activated until a budget is submitted by the project leader specifying his planned expenditures by category for a given period. Such accounts will be closed no later than six (6) months after this given period.
(c) Unexpended balances of completed projects must be refunded to the contractor or grantor when required.

(3) Contract and Grant Overhead.
(a) The Vice President of Administrative Affairs is authorized to accept less than the current audited or provisional overhead rates. Overhead is limited to the provisional rate or to the amount available in the contract, whichever is greater.
(b) Overhead may be charged for:
1. Rental of space where campus space is not available;
2. Fringe benefits, matching costs where grantor will not allow it as a direct charge;
3. Disallowed expenditures by federal auditors.
(c) All remaining overhead will be deposited directly into the Educational & General Incidental fund as earned.
(d) The following cost recoveries are not to be considered overhead:
1. Veterans’ Program administrative cost recoveries,
2. National Defense Student Loan, Education Opportunity Grant and Nursing Program administrative cost recoveries,
3. Other programs where the cost recovery is not based on indirect expenditures of the University, but on the offset of direct expenses incurred by the program.
(e) The area of contracts, grants and gifts does not encompass the following:
(a) Casual sales of services or products either for profit or cost;
(b) Endowment funds-income from these may be transferred to the grant’s account for disbursement purposes;
(c) Clearing accounts for accumulating funds for non-university purposes;
(d) Student aid—except for certain federal programs integrated with normal grant accounting.

(5) Unrestricted gifts for the University or a specific department may be accumulated in a single account so long as identification of expenditures is not required by the giver.

(6) Internal Clearance of Contracts and Grants.
   (a) All applications for funding must be reviewed and approved by appropriate persons before the President will sign the application and internal clearance. Usually these include the Department/Program Chairperson(s), Dean(s) or designee, Coordinator of the Office of Contracts and Grants, Vice President for Administrative Affairs, Vice President for Academic Affairs, Human/Animal Subject Review Clearance Committee Chairperson, Vice President for Community Affairs and Director of the Computer Center.
   (b) The University reserves the right to deny approval of a proposal if its content or purpose is contrary to the goals of Florida International University, would unduly tax the University’s limited resources or personnel and for such other reasons which it considers appropriate.
   (c) The University reserves the right to deny approval of a proposal if insufficient time is provided for adequate review of the proposal.

6C8-6.004 Commercial Solicitation and Advertising on Campus.
   (1) Regulations adopted concerning commercial solicitation and advertising on the Florida International University Campus shall be followed as set forth in Rule 6C-9.006, F.A.C.
   (2) Persons wishing to transact business, including advertising other than in the University newspaper, on the grounds or buildings of the University, must first obtain written approval from the Office of the Vice President for Administrative Affairs.

6C8-6.005 Registration of Non-student Organizations.
   (1) Any non-student organization may register with the University through the Office of the Vice President for Administrative Affairs. Such organizations must submit in writing:
      (a) A statement that it agrees to abide by the laws, rules and regulations of the University, Florida Board of Regents, and the Florida State Constitution;
      (b) A statement of its purposes and goals;
      (c) The classification of its membership, e.g., faculty, career service, etc.;
      (d) A list of its officers.
   (2) The organization must register on an annual basis.
   (3) The Vice President for Administrative Affairs will determine the classification of the organization for purposes of the use of University facilities.

6C8-6.006 Donations to the University.
   (1) All soliciting and processing of donations to the University must be coordinated with the Director of Development.
   (2) The University will not be responsible for the valuation of gifts of real or personal property for tax purposes.
   (3) Gifts of Money to the Library.
      (a) The Director of Development and Alumni Affairs will negotiate jointly with the Director of Libraries for acceptance or rejection of money gifts.
      (b) Funds given for the purchase of books shall be expended in accordance with the terms of the gift.
      (c) All gifts of money shall be acknowledged by the President of the University.
   (4) Gifts of Resources to the Library.
      (a) Donors of books and other library resources shall be referred to the Gift and Exchange Librarian, who may accept or reject the gift and handle any necessary negotiations, unless the gift is of such substance or importance as to require the approval of the Director of Libraries.
      (b) The Library reserves the right to: (1) accept or reject gifts, with or without restricting conditions and (2) discard unwanted portions of the gift pursuant to the University Property Survey Board regulations. Resources offered with restricting conditions will be accepted only at the discretion of the Director of Libraries, with advice from the Library Advisory Committee when appropriate.
      (c) Gifts accepted and received shall be entered into the Library Acquisitions Information System by the Gift and Exchange Clerk.
   (d) All gifts become Florida International University property.
(e) The Library will follow the recommendations of the Association of College and Research Libraries division of the American Association regarding the acceptance and appraisal of gifts of resources:

1. To protect both its donors and itself, the Library, as an interested party, will not appraise gifts made to it.
2. The appraisal of gifts is the responsibility of the donor. The Library will limit appraisal assistance to referral to such sources as auction records. Any appraisal costs shall be borne by the donor.
3. The acceptance by the Library of a gift which has been appraised by the donor or by a disinterested party does not in any way imply endorsement of the appraisal by the Library.

(f) For property control records, the Gift and Exchange Librarian will prepare a record indicating the estimated value for each gift item received.

(g) All gifts of resources will be acknowledged in writing by the Director of Libraries.

5 Book-Plating. Book plates will be affixed to gift items indicating the name of the donor in those cases where the donor has requested such processing, or where the gift is deemed by the Gift and Exchange Librarian to be of particular importance. All memorial gifts will be book-plated indicating names of donor and person memorialized.

Specific Authority 1001.74(4) FS., 6C-4.001, F.A.C. Law Implemented 1001.72 FS., 6C-4.001, F.A.C. History–Formerly 6P-6.07, 10-1-75, Repromulgated 12-23-76, Formerly 6C8-6.06.

6C8-6.007 Collection of Funds Owed to the University by Its Employees.

(1) The University shall exert every effort to collect all delinquent accounts owed to the University by its employees.

(2) The four main categories of employee debts, as described in the University’s Administrative Affairs Policy 5.27 available in the Office of the Vice President for Administrative Affairs, are grouped according to the Department which has responsibility for their collection. The University’s Administrative Affairs Policy 5.27 describes the procedures which each department must follow in collecting funds owed to the University. If payment is not received within the stipulated time allowed by these procedures, final collection procedures as described in subsection (3) below, will be made.

(3) Final Collection Procedures. When the procedures enumerated in the University’s Administrative Affairs Policy 5.27 have been exhausted and no satisfactory arrangements for repayment have been made by the employee, final collection procedures will be instituted. This process shall include the following steps:

(a) The employee will be advised by certified letter (return receipt) that (s)he has ten (10) calendar days to either clear the account, make satisfactory payment arrangements, or submit documentary evidence disputing the debt.

(b) At the end of the ten (10) days, if no arrangements have been made, all evidence of the employee’s debt will be reviewed and a final action determination will be made.

(c) If, upon review, a determination is made that the debt is in fact due and owing, set-off procedures will be instituted and the employee will be advised in writing of the amount and duration of the deductions from his/her salary warrant. The employee shall be advised of his/her rights to appeal the University decision under Section 120.57, F.S.

4 Amount of Deduction.

(a) In the event that the total amount of debt is less than ten percent (10%) of the employee’s biweekly gross salary, the full amount of the employee’s debt will be deducted in the first or second pay period after the decision to set-off the debt is made.

(b) If the amount of the debt is greater than ten percent (10%) of the employee’s biweekly gross salary, the amount deducted each pay period will be at least ten percent (10%) of the employee’s gross salary and will not exceed twenty percent (20%) of the employee’s net salary after mandatory deductions.

(c) In the event that an employee-debtor is terminated or voluntarily leaves the University’s employ, the entire amount of the debt will be deducted from the employee’s final paycheck.

6C8-6.010 Tuition Fees Schedule.

(1) Tuition shall be defined as fees assessed to students for enrollment in credit courses at the Florida International University. Tuition consists of the following fees, depending on whether a student is a resident or a non-resident:

(a) Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who qualifies as a Florida resident as defined in Rule 6A-10.044, F.A.C.:

1. Matriculation Fee;
2. Student Financial Aid Fee;
3. Capital Improvement Trust Fund Fee;
4. Building Fee;
5. Health Fee;
6. Athletic Fee; and
7. Activity and Service Fee.

(b) Non-Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who does not qualify as a Florida resident as defined in Rule 6A-10.044, F.A.C.:

1. Matriculation Fee;
2. Non-Resident Fee;
3. Student Financial Aid Fee;
4. Non-Resident Student Financial Aid Fee;
5. Capital Improvement Trust Fund Fee;
6. Building Fee;
7. Health Fee;
8. Athletic Fee; and
9. Activity and Service Fee.

(2) Registration shall be defined as consisting of two components:
(a) Formal enrollment in one or more credit courses approved and scheduled by the University; and
(b) Tuition payment, or other appropriate arrangements for tuition payment (installment payment, deferment, or third party billing) for the courses in which the student is enrolled as of the end of the drop/add period.

(3) A student is liable for tuition associated with all courses for which the student is registered at the end of the drop/add period. The fee payment deadline shall be as determined by the University.

(4) The following tuition shall be levied and collected on a per credit hour basis, effective the fall semester indicated for each student regularly enrolled, unless provided otherwise in this chapter.

6C8-6.014 Application Fee and Admissions Deposit.

(1) The University has established the fees set forth in this rule. The fees listed are in addition to fees set forth in other University rules and other charges that are authorized by law.

(2) Application Fee.
(a) An individual who applies for admission to an undergraduate or graduate program of the University shall pay a non-refundable application fee in the amount of $30, except that the application fee shall be $25 for undergraduate or graduate online applications.
(b) An individual who applies for admission to the College of Law shall pay a non-refundable application fee in the amount of $20.
(c) Upon request by the applicant, the application fee shall be waived for any applicant who provides documentation that they have received a fee waiver because of economic need as determined by the College Board, the American College Testing Program, or the Law School Data Assembly Service (LSDAS).
(3) Admissions Deposit.
   (a) An individual admitted to an undergraduate, graduate, or professional degree program of the University shall pay a
       non-refundable admissions deposit in the amount of $200 upon acceptance to the University. Upon request by the student, the
       admissions deposit shall be waived for any student who provides documentation that they are eligible for the federal Pell Grant
       program according to the Free Application for Student Financial Aid (FASFA).
   (b) The University shall apply the admissions deposit toward the individual’s tuition upon enrollment. If the individual does
       not enroll at the University, the University shall administer the admissions deposit in accordance with Section 1009.24(13), Florida
       Statutes.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(11), 1009.24 FS. History–New 11-20-03.

6C8-6.090 Investment of Agency and Activity Funds.
(1) General. The University shall invest available agency and activity funds and use the earnings from such investments
    exclusively for student scholarships and/or loans.
(2) Earnings from agency funds shall be transferred to the Scholarship Fund – General Scholarship Account.
(3) Earnings from activity funds shall be distributed proportionately between the Student Government Association (SGA)
    portion and the Athletic Fee portion. The SGA portion of the earnings shall be transferred to the Scholarship Fund – General
    Scholarship Account. The Athletic Fee portion of the earnings shall be divided equally and transferred to the men and women’s
    athletic scholarship accounts.
(4) Earnings from investments shall be distributed quarterly.
(5) Definitions.
   (a) For purposes of this rule, “agency funds” means funds held by the University in custody for others, such as student clubs
       and organizations, and faculty clubs.
   (b) For purposes of this rule, “activity funds” means funds collected from students as the Activity and Service Fee and the
       Athletic Fee.

Specific Authority 1011.43 FS. Law Implemented 1011.43 FS. History–New 5-8-03.

6C8-6.100 Direct Support Organizations.
(1) The President of the University may recommend to the Board of Trustees that an organization meeting the requirements of
    Section 1004.28(1)(a), F.S., be designated a Florida International University Direct Support Organization (“DSO”). Upon approval
    by the Board of Trustees, a DSO shall be considered to be certified and authorized to use the property, facilities and personal
    services of the University.
(2) In order to be considered for certification as a DSO, an organization must fulfill the requirements of Section 1004.28(1)(a),
    F.S., and must have Articles of Incorporation and Bylaws that together:
   (a) Provide that any person employed by the organization shall not be considered to be an employee of the Florida International
       University Board of Trustees by virtue of employment by the DSO.
   (b) Provide that the chief executive officer or director of the DSO shall be selected and appointed by the governing board of the
       DSO, with prior approval of the President of the University, and that the chief executive officer or director shall report to the
       President or a designee reporting directly to the President.
   (c) Provide that any amendments to the Articles of Incorporation or Bylaws be submitted by the President of the University to
       the Board of Trustees for approval prior to becoming effective.
   (d) Provide that the President of the University shall have the following powers and duties:
       1. Monitor and control the use of University resources by the organization.
       2. Control the use of the University name by the DSO.
       3. Monitor compliance of the organization with federal and state laws.
       4. Recommend to the governing board of the DSO an annual budget.
       5. Review and approve quarterly expenditure plans.
       6. Approve contributions of funds or supplements to support intercollegiate athletics.
   (e) Provide that the organization shall provide equal employment opportunities to all persons regardless of race, color, religion,
       gender, age or national origin.
   (f) Prohibit the giving, directly or indirectly, of any gift to a political committee or committee of continuous existence as
       defined in Section 106.011, F.S., for any purpose other than those certified by a majority roll call vote of the organization’s
       governing board at a regularly scheduled meeting as being directly related to the educational mission of the University.
(3) The Chair of the Florida International University Board of Trustees may appoint a representative to the governing body and
    the executive committee of each DSO. In addition, the President of the University or a designee shall also serve on the governing
    body and executive committee of each DSO.
(4) Each DSO shall submit an annual budget which has been approved by its governing board and recommended by the
    President of the University to the Board of Trustees for review. Such proposed budget shall be submitted no later than sixty (60)
    days after the first day of the fiscal year to which the proposed budget pertains. Each proposed budget shall include therein:
(a) Expenditures for the construction of physical facilities, and
(b) Salary supplements, compensation and benefits provided to the President, University faculty, and staff, and to DSO employees to be paid with assets of the DSO, which shall be specifically identified.

(5) Each DSO shall prepare and submit to the President no later than the first day of each quarter of the organization’s fiscal year a quarterly expenditure plan that separately delineates planned actions which would cause a commitment of University resources or which represent a significant commitment of the resources of the DSO, including:
   (a) Major fund raising events and campaigns and their purpose.
   (b) Compensation and benefits to University employees and employees of the organization.
   (c) Capital projects, including land acquisition, construction, renovation or repair.
   (d) Other major commitments of the resources of the organization.

(6) Each DSO shall cause a financial audit of its accounts and records to be conducted by an independent certified public accountant after the close of each fiscal year. The audit report shall be submitted by the President of the University to the Board of Trustees no later than the end of the fourth month following the close of the organization’s fiscal year.
   (a) Audits shall be conducted pursuant to Section 1004.28(5), F.S., and in accordance with rules adopted by the Auditor General pursuant to Section 11.45(8), F.S., and Florida International University rules.
   (b) The President of the University shall submit the annual audit report to the Auditor General no later than nine (9) months after the close of the organization’s fiscal year.

(7) The President of the University may recommend to the Board of Trustees that an organization be decertified as a DSO if the President determines that the organization is no longer serving the best interest of the University. The recommendation for decertification shall include a plan for disposition of the organization’s assets and liabilities.

6C8-7.021 Resolution of Protested Solicitations and Awards.

(1) Authority to Resolve Protest. The President, the Director of Purchasing or the Director’s designee may settle or resolve protests of aggrieved offerors and bidders concerning the solicitation or award of a contract as herein provided.

(2) Notice. The University shall give to offerors and bidders notice of its decision concerning bid solicitation and awards, as soon as practicable, by posting the bid tabulation at the Bid Tabulation Board located on the Fifth floor of Primera Casa building, or, upon request made pursuant to the Invitation to Bid or Request for Proposal, by certified mail, return receipt requested. This notice shall include the following statement: Failure to file a protest within the time prescribed in Section 120.53(5), Florida Statutes, shall constitute a waiver of further proceedings under these rules and Chapter 120, Florida Statutes.

(3) Protests.

(a) Specifications. Any actual or prospective bidder or offeror who disputes the reasonableness or competitiveness of the terms and conditions of an Invitation to Bid or Request for Proposal issued by the University must file a notice of protest in writing within seventy-two (72) hours after the Invitation to Bid or Request for Proposals has been advertised. The notice of protest shall identify the protest and the solicitation involved, shall state in a plain, precise manner the nature of the protest and the facts upon which it is based, shall include applicable statutes, rules or any other relevant legal authority, and shall specify the relief which the protesting party requests. Failure to file a notice of protest within the time provided shall constitute a waiver of further proceedings under these rules and Chapter 120, Florida Statutes.

(b) Award. Any offeror or bidder which disputes the award of a contract by the University must file a notice of protest in writing with the Director of Purchasing within seventy-two (72) hours after the notice of award has been posted on the Bid Board. The notice of protest shall identify the protest and the solicitation involved, shall state in a plain, precise manner the nature of the protest and the facts and law upon which it is based, and shall specify the relief which the protesting party requests. Failure to file a notice of protest within the time provided shall constitute a waiver of further proceedings under these rules and Chapter 120, Florida Statutes.
(c) Any person who files an action protesting a decision or intended decision pertaining to contracts administered by the University pursuant to Section 120.53(5)(b), Florida Statutes, shall post with the University, at the time of filing the formal written protest, a bond pursuant to Section 287.042(2)(c), Florida Statutes, signed by a Florida resident agent. In lieu of the bond, the University may accept a cashier’s check or money order in the amount of the bond. Failure to post the bond will waive any further right to protest.

(4) Stay of Procurement During Protest. Upon receipt of a timely notice of protest, the University shall not proceed further with the solicitation or award until the dispute is resolved, unless the President sets forth in writing the particular facts and circumstances which require the continuance of the bid solicitation process or the contract award process without delay in order to avoid an immediate and serious danger to the public health, safety, or welfare.

(5) Resolution by Mutual Agreement.

(a) Resolution Following a Timely Protest. An opportunity shall be made available to resolve the dispute by mutual agreement between the parties within seven (7) days excluding Saturdays, Sundays, and legal holidays of receipt of a formal written protest. The protesting party shall contact the Director of Purchasing to establish a time to attempt to resolve the dispute. Failure to contact the Director of Purchasing shall result in a waiver of proceedings under this rule. The University shall maintain records of all actual or attempted telephone conversations or written contacts.

(b) Resolution Prior to a Timely Protest. The Director of Purchasing may resolve and settle by mutual agreement a protest which arises before a notice of protest is filed, provided, however, that if such settlement will have the effect of determining a substantial interest of another party, then the settlement must be reached in the course of the proceedings provided herein.

(c) The Director of Purchasing may, in response to a protest, deem the solicitation to be null and void and thereupon reinstitute the procurement process.

(6) Procedure Upon Failure to Resolve Protests by Mutual Agreement.

(a) No Disputed Issues of Material Fact. If the protest is not resolved by mutual agreement within seven (7) days excluding Saturdays, Sundays, and legal holidays of receipt of the formal written protest, and if there are no disputed issues of material fact, the President shall designate a University official who shall conduct an informal proceeding pursuant to Section 120.57(2), Florida Statutes. The University official shall issue a notice of informal proceeding stating the action of the agency, whether proposed or already taken or of its decision to refuse action and a summary of the factual, legal, and policy grounds therefor. The notice shall also state a time and place for affected persons to present evidence and arguments on the issues under consideration. If the objections offered in opposition to the University’s action are overruled by the University official, a written explanation shall be provided within seven (7) days excluding Saturdays, Sundays, and legal holidays of the conclusion of the informal proceeding. The University official’s decision shall be filed with the President, who shall enter a final order within five (5) days of receipt thereof.

(b) Disputed Issues of Material Fact. If the protest is not resolved by mutual agreement within seven (7) days, excluding Saturdays, Sundays, and legal holidays of receipt of the formal written protest and if there are disputed issues of material fact, the University shall refer the protest to the Division of Administrative Hearings of the Department of Administration for proceedings under Section 120.53(5)(b), Florida Statutes.

(7) Alteration of Time Limits. The time limits in which protests must be filed may be altered by specific provisions of the Invitation to Bid, if required to accommodate the timely award for commodities, the pricing of which remains firm for a period of less than ten (10) days. Protests not filed within the applicable limits are waived.

(8) Entitlement to Costs. In no case will the protesting party be entitled to any costs incurred with the solicitation, including bid preparation costs and attorney’s fees in these proceedings. In the event that the University prevails in the administrative proceedings or any court action resulting therefrom, it may recover its costs and charges incurred in defending the protest.

6C8-7.022 Authority to Debar or Suspend Vendors.
The Director of Purchasing is authorized to suspend or debar vendors. Debarment or suspension shall be based on substantial competent evidence. Debarment and suspension shall be imposed to protect the interest of the University.

(1) Debarment.

(a) The Director of Purchasing may debar a vendor from doing business with the University as a result of a conviction or a judgment by a court of competent jurisdiction for:

1. Commission of fraud or other criminal offense incident to obtaining, attempting to obtain, or performing a public contract; or

2. Violation of the federal or state anti-trust laws; or

3. Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, or dealing in stolen property.

(b) If the conviction is reversed on appeal, the Director of Purchasing may review the decision to debar the contractor.

(c) The Director of Purchasing may also debar a contractor under the following circumstances:

1. Any offense which demonstrates a lack of business integrity or business honesty; or

2. Willful failure to perform in accordance with the terms and conditions of the contract; or
3. A history of failure to perform, or of unsatisfactory performance, in accordance with the terms and conditions of any contract.

(2) Suspension. The Director of Purchasing may also suspend a contractor from doing business with the University based on evidence which might lead to the debarment of the contractor, as described above.

(3) Proceedings for debarment and suspension shall be subject to the provisions of Section 120.57, Florida Statutes.

Specific Authority 1010.04(2) FS. Law Implemented 1010.04(2) FS. History–New 9-16-80, Formerly 6C8-7.22, Amended 4-21-88, 9-6-93.

6C8-7.030 Purchasing.

(1) Statement of Intent. It is the intent of the University to acquire quality goods and services within reasonable or required time frames, while promoting fair and open competition in the public procurement process. Responsible purchasing officials shall be protected from improper pressures of external political or business interests. The process shall reduce the appearance and opportunity for favoritism, ensure that contracts are awarded equitably and economically, and establish effective management oversight in the acquisition of commodities and contractual services, in order to preserve the integrity of public purchasing and contracting. The opportunity to bid on University contracts is a privilege, not a right.

(2) Definitions.

(a) Artistic Services – Services provided by an individual or group of individuals who profess and practice a skill in the area of music, dance, drama, folk art, creative writing, painting, sculpture, photography, graphic arts, web design, craft arts, industrial design, costume design, fashion design, motion pictures, television, radio or tape and sound recording or in any other related field.

(b) Commodity – Any of the various supplies, materials, goods, merchandise, food, equipment or other personal property, including a mobile home, trailer or other portable structure, which are purchased, leased, lease-purchased or otherwise contracted for by the University. “Commodity” also includes interest on deferred-payment contracts entered into by the University for the purchase of other commodities. Printing of publications shall be considered a “commodity” when let upon contract in accordance with Section 283.33, Florida Statutes. Software to be used pursuant to license agreements shall be considered a “commodity.”

(c) Competitive Bid/Proposal – The response submitted to an Invitation to Bid, Invitation to Negotiate, or a Request for Proposal by responsive and qualified bidders or offerors.

(d) Competitive Negotiation – The establishment of a contract through deliberation, discussion or conference on the specifications, terms and conditions of a proposed agreement.

(e) Competitive Solicitation – An Invitation to Bid, Request for Proposal or Invitation to Negotiate to competitively select a contractor.

(f) Contractor/Vendor – A person or firm who contracts to sell commodities or contractual services to the University.

(g) Contractual Service – The rendering by a contractor of its time and effort rather than the furnishing of specific commodities. The term applies only to those services rendered by individuals and firms who are independent contractors. “Contractual service” does not include labor or materials or selection of professional services for the construction, renovation, repair or demolition of facilities.

(h) Extension – An increase in the time allowed for the contract period.

(i) Independent Contractor – A person or firm who provides a service to the University, but does not have any employment or other relationship with connection with that University, except as provided in Section 112.313, Florida Statutes.

(j) Invitation to Bid – A written solicitation for competitive bids with the title, date, and hour of the public bid opening designated and the commodity, group of commodities or services defined, for which bids are sought.

(k) Invitation to Negotiate – An invitation extended to prospective contractors by the University, whether by advertisement, written solicitation, electronic media or any other form of communication, to define the specifications, terms and conditions of a contract for commodities or contractual services. Cost may or may not be a consideration in the initial stages of negotiating.

(l) Minority Business Enterprise – A business concern as defined in Section 288.703(2), Florida Statutes.

(m) President – The chief executive officer of the University, responsible for its operation and administration.

(n) Public Entity Crime – A violation of any state or federal law by a person in the transaction of business with any public entity of any state or with the United States government involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.

(o) Purchase – An acquisition of commodities services obtained by purchase order or contract whether by rent, lease, installment- or lease-purchase, outright purchase, or license.

(p) Purchases for Resale – The purchase of commodities or contractual services acquired for the purpose of selling them for the benefit of the University.

(q) Renewal – Contracting with the same contractor for an additional period of time after the initial contract term, provided the original terms of the agreement specify an option to renew.

(r) Request for Proposal – A written solicitation for competitive proposals for commodities or contractual services with the title, date, and hour of the public opening designated. The request for proposal may be used when the scope of work is not clearly defined.

(s) Responsive and Qualified Bidder or Offeror – A contractor/vendor who has submitted a bid or proposal that conforms in all material respects to a competitive solicitation.
(t) Term Contract – An indefinite quantity contract for the purchase of commodities or contractual services during a prescribed period of time.

(3) The University Board of Trustees has authority to establish a system of coordinated procurement policies, procedures, and practices to be used in acquiring commodities and contractual services required by the University. The Purchasing Department has the duty to:

(a) Canvass sources of supply and contracting for the purchase or lease of all commodities and contractual services for the University, in any manner, including purchase by installment- or lease-purchase contracts. Installment- or lease-purchase contracts may provide for the payment of interest on unpaid portions of the purchase price.

(b) Remove any contractor from the University’s competitive vendor list that fails to respond to three (3) or more invitations or to fulfill any of its duties specified in a contract with the University and to reinstate any such contractor when satisfied that further instances of default will not occur. A “No Bid” is a response.

(c) Plan and coordinating purchases in volume and negotiating and executing agreements and contracts for commodities and contractual services under which the University may make purchases.

(d) Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities/services that are frequently purchased and are available from a single source.

(e) Evaluate and approve contracts let by the Federal Government, other states, political subdivisions, or any independent college or university or educational cooperative or educational consortium of the procurement of commodities and contractual services, when it is determined to be cost-effective and in the best interest of the University to make purchases under contracts let by such other entities.

(f) Elect as an alternative to any provision in Section 120.57(3)(c), Florida Statutes, to proceed with a bid solicitation or contract award process when it is set forth, in writing, that the particular facts and circumstances which demonstrate that the delay due to staying the solicitation or contract award process would be detrimental to the interests of the University. After the award of contract resulting from a competitive solicitation in which a timely protest was received and in which the University did not prevail, the contract will be canceled and re-awarded to the prevailing party unless the final order or settlement between the parties provides otherwise.

(g) Award contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the University. Such awards may be on a university, regional or multiple state university-wide basis and the contracts may be for multiple years.

(h) Reject or cancel any or all competitive solicitations when determined to be in the best interest of the University.

(4) Competitive Solicitations Required.

(a) All contracts for the purchase of commodities or contractual services exceeding $50,000 shall be awarded pursuant to a competitive solicitation, unless otherwise authorized herein.

(b) When only one response is received to a competitive solicitation for commodities or contractual services exceeding $50,000, the University will review the solicitation response and circumstances surrounding the solicitation to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined that a second call would not serve a useful purpose, the University will proceed with the acquisition.

(c) When multiple responses that are equal in all respects are received to a competitive solicitation, the University will give preference to responses that include commodities manufactured in the state, Florida businesses, businesses with a drug-free workplace program, or foreign manufacturers located in the state to determine the contract award, or, if these conditions do not exist or are the equivalent between two or more responses, will use toss of the coin.

(d) The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.

(e) The intended award shall be publicly posted by the Purchasing Office which issues the Invitation to Bid, Request for Proposal or Invitation to Negotiate for 72 hours which is interpreted as three working days excepting Saturdays, Sundays, or State holidays.

(f) Advertisement. Invitations to Bid, Requests for Proposals, and Invitations to Negotiate for commodities and for contractual services shall be advertised in the Florida Administrative Weekly, the Florida Communities Network (MyFlorida.com), or the University Purchasing Department’s website. The Director of Purchasing shall have the authority to waive the advertisement requirement when the number of potential bidders or offerors is limited and can otherwise be solicited, when the availability of funding so requires, or where delivery is urgent.

(g) Bids and proposals shall remain sealed until notice of final contract award is given or within ten (10) days after the bid or proposal opening, whichever is earlier.

(h) In the case of extension errors, the unit price will prevail.

(i) Withdrawal. A vendor may withdraw his or her bid or proposal in writing if done within seventy-two (72) hours of the bid or proposal opening, if the bid or proposal is clearly erroneous and it is withdrawn prior to final award or the purchase order being issued.

(5) Purchase of Commodities or Contractual Services.

(a) Purchase of Private Attorney Services. Written approval from the Attorney General is not required for private attorney services acquired by the University.
(b) Purchase of Insurance. The University has the authority to purchase insurance as deemed necessary and appropriate for the operation and educational mission of the University. Examples of insurance coverage that may be acquired by the University include:

1. Physical damage on vehicles and boats;
2. Inland marine on property owned, leased, or loaned to or by the University;
3. Building and property damage;
4. Equipment losses due to theft;
5. Equipment subject to transportation;
6. Loss of rental income;
7. Commercial general liability insurance for scientific equipment;
8. Excess general liability coverage;
9. Camps insurance.

(c) Purchase of Printing. Printing shall be purchased in accordance with Chapter 283, Florida Statutes.

(d) Purchases from Minority Business Enterprises. The University is an equal opportunity institution and encourages procurement contracting with Minority Business Enterprises.

(e) Purchases from Contractors Convicted of Public Entity Crimes. The University shall not accept a competitive solicitation from, or purchase commodities or contractual services from, a person or affiliate who has been convicted of a public entity crime and has been placed on the State of Florida’s convicted vendor list for a period of 36 months from the date of being added to the convicted vendor list.

(f) Purchasing actions that are not subject to the competitive solicitation process include:

1. Emergency Purchases. When the President or his or her designee determines in writing, that a condition exists that threatens the health or safety of person(s) or animal(s) or the preservation or protection of property or the continuance of a vital University function, the University will proceed without a competitive solicitation. The emergency purchase shall be limited to the purchase of only the type of items and quantities or for a time period sufficient to meet the immediate threat and shall not be used to meet long-term requirements.

2. Sole Source Purchases. Commodities or contractual services available from a single source shall be exempted from the competitive solicitation process. The sole source document shall be publicly posted by the Purchasing Office for three working days.

3. Purchases from competitively bid Contracts and Negotiated Annual Price Agreements established by the State, other governmental entities, other public or private educational institutions, and educational cooperatives and educational consortia are not subject to further competitive solicitation.

4. Construction Direct Purchase Program. Commodities to be incorporated into any public work (as that term is defined in Rule 12A-1.094, F.A.C.) which are procured by the University in accordance with the requirements of the University’s direct purchase program are not subject to any further competitive solicitation.

(g) Commodities and contractual services that are not subject to the competitive solicitation process include:

1. Artistic services;
2. Academic reviews;
3. Lectures;
4. Auditing services;
5. Legal services, including attorney, paralegal, expert witness, appraisal, arbitrator or mediator services;
6. Health services involving examination, diagnosis, treatment, prevention, medical consultation or administration. Prescriptive assistive devices for medical, developmental or vocational rehabilitation including, but not limited to prosthetics, orthotics, and wheelchairs, provided the devices are purchased on the basis of an established fee schedule or by a method that ensures the best price, taking into consideration the needs of the client;
7. Services provided to persons with mental or physical disabilities by not-for-profit corporations organized under the provisions of s. 501(c)(3) of the Internal Revenue Code or services governed by the provisions of the Office of Management and Budget Circular A-122;
8. Medicaid services delivered to an eligible Medicaid recipient by a health care provider who has not previously applied for and received a Medicaid provider number from the Department of Children and Family Services. This exception will be valid for a period not to exceed 90 days after the date of delivery to the Medicaid recipient and shall not be renewed;
9. Family placement services;
10. Training and education services;
11. Advertising;
12. Services or commodities provided by governmental agencies, another university in the state of Florida or other independent colleges and universities;
13. Programs or continuing education events that are offered to the general public for which fees have been collected to pay all expenses associated with the program or event;
14. Purchases from firms or individuals that are prescribed by state or federal law or specified by a granting agency;
15. Regulated utilities and government franchised services;
16. Regulated public communications, except long distance telecommunication services or facilities;
17. Extension of an existing contract;
18. Renewal of an existing contract if the terms of the contract specify renewal option(s);
19. Purchases from the Annual Certification List developed by the University;
20. Purchases for resale;
21. Accountant Services;
22. Contracts or services provided by not-for-profit support and affiliate organizations of the University, direct support organizations, health support organizations and faculty practice plans;
23. Implementation/programming/training services available from owner of copyrighted software or its contracted vendor; and
24. Purchases of materials, supplies, equipment, or services for research purposes when a director of sponsored research or desigee certifies that, in a particular instance, it is necessary for the efficient or expeditious prosecution of a research project.

(h) Participants in Contract Awards Not Subject to Competitive Solicitations.
1. No person or firm who receives a contract to perform a feasibility study for potential implementation of a subsequent contract, participates in the drafting of a competitive solicitation, or develops a program for future implementation shall be eligible to contract with the University dealing with the specific subject matter.
2. All persons taking part in the development or selection of criteria for evaluation, the evaluation process, and the contract award process in any purchase shall follow all relevant portions of the State of Florida Code of Ethics for Public Employees, Chapter 112, Part 3, Florida Statutes, and the University’s policy on outside activities.

(6) Bonds.
(a) Payment and Performance Bonds. The University is authorized to require any contractor contracting with the University to provide commodities or commodities which include installation to furnish a payment and performance bond, with good and sufficient securities, to the University prior to the issuance of the contract when the total contract amount is greater than $200,000 and the University is uncertain about the contractor’s ability to perform.
(b) Solicitation Protest Bond. Any contractor that files an action pursuant to Section 120.57(3)(b), Florida Statutes, protesting a decision or intended decision pertaining to a solicitation shall at the time of filing of the formal protest post with the University, a bond payable to the University in an amount equal to: 10% of the estimated value of the protestor’s bid or proposal; 10% of the estimated expenditure during the contract term; $10,000; or whichever is less. The bond shall be conditioned upon the payment of all costs which may be adjudged against the contractor filing the protest action. In lieu of a bond, the University will accept a cashier’s check or money order in the amount of the bond. Failure of the protesting contractor to file the required bond, cashier’s check or money order at the time of filing the formal protest shall result in the denial of the protest.

(7) Contracts.
(a) Contracts for commodities or contractual services or licenses shall consist of a purchase order or bilateral agreement signed by the President of the University or designee prior to or within thirty (30) days of the goods or services being rendered by the contractor.
(b) Any contract for the purchase of services or tangible personal property for a period in excess of one fiscal year shall include the following statement: “The State of Florida’s and University’s performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature.”
(c) Extension of a contract shall be for a period not to exceed 12 months, shall be in writing, shall be signed by both parties, and shall be subject to the same terms and conditions set forth in the initial contract. There shall be only one extension of a contract.
(d) A contract may contain provisions for renewal. If the commodity or contractual service is purchased as a result of a competitive solicitation, the cost of any contemplated renewal must be included in the competitive solicitation. All contract renewals are subject to sufficient annual appropriations.
(e) The President shall have the authority to enter into deferred payment agreements utilizing the State of Florida Controller’s Consolidated Equipment Financing Program. When a commodity contract requires deferred payments and the payment of interest under that program, the contract will be submitted to the State of Florida Controller for the purpose of pre-audit review and approval prior to acceptance by the University. No agreement shall establish a debt of the State or shall be applied to the faith and credit of the State; nor shall any agreement be a liability or obligation of the State except from appropriated funds.
(f) In order to promote cost-effective procurement of commodities and contractual services, the University may enter into contracts that limit the liability of a vendor consistent with Section 672.719, Florida Statutes.
(g) The total value of the contract shall be the purchase price for the initial term plus all renewal costs.
(h) Standard of Conduct. It shall be a breach of ethical standards for any employee of the University to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with any contract for commodities or services. It shall also be a breach of ethical standards for any potential contractor to offer an employee of the University a gratuity of any kind, form or type to influence the development of a contract or potential contract for commodities or services.
(i) Purchase of Motor Vehicles.
(a) The term “motor vehicle” includes any automobile, truck, watercraft or other vehicle designed primarily for transporting persons, and construction vehicles or farm equipment.
(b) The University has authority to:
1. Establish standard classes of motor vehicles to be leased, purchased or used by University personnel;
2. Obtain the most effective and efficient use of motor vehicles for state purposes;
3. Establish and operate facilities for the acquisition, disposal, operation, maintenance, repair, storage, control and regulation of University-owned motor vehicles. Acquisition may be by purchase, lease, installment-purchase, loan or by any other legal means and may include a trade-in. All motor vehicles purchased or leased shall be of a class that will safely transport University personnel and adequately meet the requirements of the University;
4. Contract for specialized maintenance services.
(c) Motor vehicles owned, leased or operated by the University shall be available for official University business only.

6C8-11.003 Access to Student Education Records.

6C8-11.004 Student Health Services. (Repealed)
6C8-11.005 Alcoholic Beverages.
6C8-11.007 Disruptive Conduct.

6C8-11.003 Access to Student Education Records.

(1) General. The University will not release or permit access to education records and personally identifiable information kept on a student except as otherwise permitted by law and this rule. Responsibility for custody of all student educational records belongs to the vice-president or other university officials in charge of the area in which the records are maintained. Each vice-president or designated custodian shall ensure that the procedures required by 20 U. S. C. 1232g, Section 228.093, Florida Statutes, and this rule are in place to control access to and disclosure of student education records and personally identifiable information contained therein.

(2) Categories and Custodians of Education Records. The following categories of student education records are maintained by the University and are kept under the supervision and control of the designated custodian(s):

(a) Cumulative Academic Records are maintained by the Director of Registration and Records whose office is located in the Primera Casa building on the University Park campus. At times the dean, chairperson or faculty of the department in which the student completed coursework may have unofficial copies of academic records relating to specific coursework.

(b) Law Enforcement Records are maintained by the Director, University Public Safety Department whose office is located at the Tower building, University Park campus.

(c) Placement Records are maintained by the Director, Career Planning and Placement whose office is located in the University House building located on the University Park campus.

(d) Continuing Education Records are maintained by Dean of the College of Continuing and Professional Studies whose office is located in the Green Library building on the University Park campus.

(e) Housing Records are maintained by the Director of University Housing whose office is located in the Administrative offices of the Housing complex located on the University Park campus.

(f) Disciplinary Records are maintained in the Office of Judicial Affairs which office is located in the Graham Center building on the University Park campus.

(g) Personal Non-Academic Counseling are maintained by the Director, Counseling Center whose office is located in the Graham Center building on the University Park campus.

(h) Student Financial Aid are maintained by the Director, Student Financial Aid whose office is located in the Primera Casa building on the University Park campus.

(i) International Student Records are maintained by the Director, International Student and Scholar Services whose office is located in the Graham Center building on the University Park campus and the Associate Director of International Student and Scholar Services whose office is located in the Wolfe University Center at the Biscayne Bay campus.

(j) Academic Counseling records are maintained by the Dean, Undergraduate Studies whose office is located in the Primera Casa building on the University Park campus. Additionally, academic counseling records may be maintained by departments for students who are majoring in fields of study taught by the department.

(3) Policies and Procedures for Access and Release. Personally identifiable information contained in student education records shall be released, or open for inspection only to the student, or parents of dependent students as defined in Section 152 of the Internal Revenue Code of 1986. “Personally identifiable” means that the data or information includes the name of a student, the student’s parent, or other family member, the address of the student, a personal identifier, such as the student’s social security number or a student number, a list of personal characteristics which would make the student’s identity easily traceable or other information which would make the student’s identity easily traceable. The custodian of the records shall require the student, or parents of the student when applicable, requesting access to or release of the records to present proper identification such as a valid driver’s license or passport. The request must be in writing and signed by the person seeking access or release. A copy of the request for access or release shall be retained in the student’s file. The custodian shall have thirty (30) days in which to comply with the request. When the record includes information on more than one student, the custodian shall release, or permit access to only that part of the record which relates to the student who is the subject of the request. Students requesting the release to others of personally identifiable information contained in the student’s education records must provide the custodian of such records with a signed, written request specifying the information to be released, the purpose(s) for such release, and the person or organization to whom such information shall be released. A copy of all requests for access and release shall be retained by the custodian of the records and shall be available for inspection and review of the student or a parent. The University reserves the right to deny a request for copies of education records made by a student or a parent when there is an financial obligation to the University which has not been satisfied and when there is an unresolved disciplinary action pending against the student.

(4) Access to and Release of Records Without Consent. The following persons and organizations are considered “university officials” and may have access to personally identifiable information without the student’s prior consent:
(a) Faculty, administrators, staff and consultants employed by the University, the Florida International University Board of Trustees, or the Florida Board of Education whose work involves:
   1. Performance of administrative tasks which relate to students;
   2. Performance of supervisory or instructional tasks which relate to students; or
   3. Performance of services which benefit students.
(b) Other persons who are authorized by federal and state law and regulations to have access to or receive copies of such information.

(5) Directory Information.
(a) It is the University’s policy to release and publish directory information regarding its students. “Directory Information” includes:
   1. Student’s name, local and permanent address, campus e-mail address, and telephone number(s);
   2. Date and place of birth, and sex;
   3. Student classification and major and minor fields of study;
   4. Participation in officially recognized activities and sports;
   5. Weight and height of members of athletic teams;
   6. Dates of attendance, degrees and awards received;
   7. The most recent previous educational agency or institution attended by the student; and
   8. Photographic image.
(b) In order to prevent access to or release of directory information, a student, or the parents of a dependent student, must so notify the designated custodian of record in writing within the time provided in the annual Notice of Rights. Access to, or release of directory information will be withheld until further written instruction is received from the student, or the parents of a dependent student.

(6) Requests to Amend Education Records.
(a) Students who challenge the correctness of student education records shall file a written request for amendment with the custodian of the records. The student shall also present to the custodian of the records copies of all available evidence relating to the data or material being challenged. The custodian of the records shall consider the request and shall notify the student in writing within fifteen (15) school days whether the request will be granted or denied. During that time, any challenge may be settled informally between the students, or the parents of a dependent student and the custodian of the records, in consultation with other appropriate University officials. If an agreement is reached, it shall be in writing and signed by all parties involved. A copy of such agreement shall be maintained in the student’s records. If an agreement is not reached informally, or, if the request for amendment is denied, then the student or the parents of a dependent student shall be informed in writing of the denial and the right to a hearing on the matter. A student or the parents of a dependent student shall not have the right to challenge through this process the evaluation reflected by a grade which an instructor has assigned to student coursework.

(b) Hearing Rights and Procedures.
1. Rights of Appeal. A student whose request for amendment to education records has not been settled or has been denied may file a request for a hearing within thirty (30) days of the receipt of the letter of denial. The request shall be in writing and shall be filed with the Vice-President for Student Affairs. The request shall set forth the legal and factual basis for seeking correction of the student’s education records. Upon receipt, the Vice-President shall appoint a disinterested University official to serve as a hearing officer. The hearing officer shall schedule a hearing within twenty-five (25) days of the date of receipt of the request for a hearing. The student shall be given written notice of the time, date and place of the hearing allowing sufficient time for the student to prepare his or her appeal.
2. Hearing Procedures. The hearing shall be informal in nature but shall afford the student a full and fair opportunity to present evidence relative to the issues raised in the appeal. The student shall be entitled to be assisted or represented by an individual of his or her choice and expense, including an attorney. The custodian of records shall have the same rights as the student.
3. Hearing Officer’s Recommended Order. The hearing officer shall issue a recommended order within twenty-five (25) days of the close of the hearing. In rendering a recommended order, the hearing officer shall consider only such evidence as was offered at the hearing. The hearing officer shall include in the recommended order a summary of the evidence presented and the reasons for his or her recommendations. The original report shall be filed with the Vice-President and a copy of the recommended order shall be sent to the student or the parents of a dependent student and to the custodian of records. Upon receipt, the Vice-President shall have ten (10) days in which to issue a final determination on the issues raised in the appeal. If a determination is made that the information in the education record does not require correction, then the student or a parent shall have the right to place a statement in the record commenting that the information has been challenged and the reason for the challenge.

(7) The University will charge the following fees for furnishing copies of student records and reports, or any material included therein:
(a) Copies of official transcripts – No fee for copying, but the University may charge actual administrative costs incurred for search, retrieval and mailing.
(b) Copies of all other educational records – Fifteen cents ($0.15) per page for copying, plus any administrative costs incurred for search, retrieval and mailing.
(8) The University shall provide notification annually to students of their rights relating to education records, including the right to file complaints, the procedures to be followed in order to exercise such rights, the types of information entered in the education records maintained by the University, and the University’s policy to support the law. Notifications are published in the University catalog, the Student Handbook and the Fall semester class schedule.

(9) Waiver of Right of Access.
(a) Students and parents of minor students have the right to waive their right of access to confidential letters of recommendation and other documents which evaluate student academic performance. Such waivers shall be in writing and made a part of the official academic record. A waiver of right to access shall be effective only when the student or the parents of a minor student are notified, upon request, of the names of all persons who are submitting confidential recommendations or evaluations and when the confidential letters of recommendation and other evaluative documents are used solely for the purpose intended.
(b) The University may not condition admission to the University, grants of financial aid, or receipt of any other service or benefit offered by the University, by another public educational institution in the State or by any other public agency upon being provided a waiver of the right to access by the student or the parents of a minor student.

(10) Requests for Information in Connection with Research.
(a) All requests for academic research dealing with data from student education records shall be referred to the Registrar and to the Provost. Such requests must be in writing and must set forth specifically the type(s) of information to which access is requested and the intended scope of the research project.
(b) The custodian of records and the Provost shall determine whether to grant the request, in whole or in part, and may condition access upon a guarantee that the researcher will appropriately safeguard the data; that no personally identifiable information about any individual will be published or made available to others; or, upon other reasonable conditions.

6C8-11.005 Alcoholic Beverages.
(1) GENERAL REQUIREMENTS.
(a) This rule shall govern the possession, service, sale, consumption and distribution of alcohol at all Florida International University sponsored events and activities; at all facilities operated under the jurisdiction of the University; to any, and all faculty, staff and students of the University, and their guests attending such events and activities.
(b) All activities, locations and individuals, referenced above, shall be governed by, and held accountable to the most stringent requirements of the appropriate state and federal laws, local county ordinances regarding alcohol, and/or this University rule.
(c) Definitions:
   1. The term “alcohol” or “alcoholic beverage”, as used in this rule, includes beer, wine, hard liquor, distilled spirits, mixed drinks, and other beverages containing ethyl alcohol.
   2. The term “sponsored by”, as used in this rule, includes all events and activities, on or off campus, supported wholly or in part through funding, services or resources of any University budget entity.
   3. The term “individual”, as used in this rule, includes any employee, student, volunteer or agent of the University, and their invited guests.
   4. The term “University premises”, as used in this rule, includes any facility, vessel, vehicle or real estate, whether owned, leased, rented or temporarily assigned, which is managed and operated under the authority of the University or an authorized agent of the University.
   (d) No individual under the legal drinking age (minimum of 21 years of age) may possess, serve, sell, consume, or distribute alcohol on University premises, unless specifically engaged in an approved and supervised academic program, which does not involve the actual ingestion of alcohol by an individual under the legal drinking age.
   (e) No individual may serve or otherwise provide alcohol, for consumption, to individuals under the legal drinking age of 21 years.
(2) SERVICE, SALE AND DISTRIBUTION.
(a) Where all other rule requirements have been satisfied, the approval process for the service, sale or distribution of alcohol on University premises shall be as follows:
   1. A written document, contract or agreement, facility reservation form, memo or letter describing the type of event, number of attendees, and appropriate event controls shall be submitted to the Vice President of Student Affairs or his/her designee for approval, at least two weeks prior to the scheduled date. Approval shall be granted based on demonstrated intent to comply with the requirements set forth in paragraphs (2)(b) and (2)(c) of this rule. The sale or service of alcohol on University premises in the absence of this approval is a direct violation of this rule.
   2. Alcoholic beverages may be sold or served only by trained service providers with appropriate permits.
   3. Any sale of alcohol on University premises shall be in accordance with the requirements of the University’s terms of agreement with the contracted food service provider for the University.

NOTE: Although the Vice President of Student Affairs or his/her designee may approve the sale of alcohol on University premises, only the Division of Alcoholic Beverages and Tobacco can issue the required legal permit to sell alcohol in the State of Florida.
4. Upon satisfaction of all legal and rule requirements, the service and sale of alcoholic beverages on University premises are limited to the locations identified below, or those otherwise authorized in writing under terms specified within said authorization by the Vice President of Student Affairs or his/her designee:
   a. All locations specified on the alcoholic beverage license of the University’s food service contractor.
   b. University Park: Graham Center (GC) including the Ballrooms; The Faculty Club; The Rathskellar (Gracie’s Grill); The Panther Suite; The Cafeteria & Food Court; The GC Forum & The Pit; The Golden Panther Arena & The Athletic fields/facilities, The Betty Chapman Student Plaza (Fountain area bordered on the North by the GC – on the West by the PC building and on the Southeast by Parking Garage #1), The Art Museum (and adjacent areas in PC); The Wertheim Performing Arts Center; The University House.
   c. Biscayne Bay Campus: Wolfe University Center (WUC) Ballrooms, Cafeteria, Panther Square, Hospitality Management Building, Southern Wine and Spirits Management Center, Koven’s Conference Center, Library.
   d. University Housing and Greek Housing: As authorized in writing by the Vice President for Student Affairs or designee under terms specified within said authorization.
   e. Other areas: The Wolfsonian-FIU Museums and The Women’s Club.
   f. Future locations to be determined upon completion of construction or execution of lease agreements.
   (b) When the service and sale of alcohol has been approved by the duly authorized University official, the following conditions shall apply:
      1. Any individual to whom alcohol is sold or served, or who attempts to purchase or consume alcohol on University premises must satisfy the legal age requirement of 21 years, and demonstrate this by showing valid photo identification when asked to do so. Such identification includes: valid photo identification issued by the State of Florida or any other state of the United States, a passport or a United States armed services identification card, when asked to do so.
      2. Event servers/bartenders and attendants may exercise prudent judgment, consistent with their training, with regard to the appearance of an individual in determining whether they satisfy the minimum age requirement.
      3. Servers/bartenders and event attendants shall be properly trained regarding Florida’s underage person laws. Such training shall meet the minimum standards of programs such as TIPS® (Training for Intervention Procedures).
      4. Servers/bartenders and attendants shall be at least 21 years old.
      5. Individuals shall not bring alcoholic beverages to any University sponsored event. Individuals may not leave a University event or event area while carrying or holding any type of container of alcoholic beverage.
      6. Non-alcoholic beverages and food must be provided in sufficient quantities at all events, and shall be made available for the duration of the event, while alcohol is also available.
      7. Non-alcoholic beverages must be available at a price equal to or less than the price of the alcohol being served.
      8. At least two printed signs shall be prominently displayed at each event, each of which must display the following information:

        NO ALCOHOL SOLD OR SERVED TO MINORS
        PROOF OF AGE IS REQUIRED
        NON-ALCOHOLIC BEVERAGES AVAILABLE
        MANAGEMENT RESERVES THE RIGHT TO DENY SERVICE
        ASK AN ATTENDANT FOR ASSISTANCE, IF NECESSARY

   Signs shall meet the following, minimum specifications: size shall be at least 11 feet by 14 feet; no other message shall be included on these signs, however, a single sign may be used to display this information in languages other than English.
   9. Alcoholic beverages shall not be used as prizes or awards for any event.
   10. “Alcohol tasting” events are subject to all the conditions of this rule.
   11. Competitions or contests that involve alcoholic beverages are strictly prohibited.
   12. At least one uniformed member of the University Police Department, or a substitute approved by the Chief of the University Police Department shall be present at all events on University premises at which alcohol is sold or served.
   13. The service and sale of alcohol must cease at least one hour before the scheduled and advertised end of the event.
   14. The service or sale of alcohol shall not continue at any event on University premises after 1:00 a.m.
   15. Reasonable conditions intended to encourage and facilitate the responsible consumption of alcohol imposed by the FIU Executive Council, the Chief of Police, or the Director of Environmental Health and Safety and Risk Management Services, on an event-by-event basis.
   (c) Applicable Laws and Regulations: Individuals shall adhere to all applicable state and local laws related to the sale or consumption of alcohol. These include, but are not limited to the following:
      1. It is unlawful for any person to assist an underage person to purchase or attempt to obtain alcoholic beverages.
      2. It is unlawful for any underage person to falsify a driver’s license or other identification document in order to obtain or attempt to obtain alcoholic beverages.
      3. It is unlawful for any person to permit use of his/her driver’s license or any other identification document, by an underage person, to purchase or attempt to purchase alcoholic beverages.
      4. The burden of proof to demonstrate satisfaction of the legal drinking age requirement is the responsibility of the person desiring alcohol service.
5. It is the responsibility of the server, at the time that an alcoholic beverage is requested to check the photo ID or wristband of persons to be served, or otherwise verify the age of the person to whom alcohol is to be served. Servers reserve the right to deny service.

6. Transportation of any alcoholic beverages on University premises shall be in unopened containers.

(3) DISTRIBUTION, ADVERTISING AND PROMOTION.

(a) Advertisement and promotion of the use or consumption of alcohol at any event or activity is prohibited, unless written approval of the content of the advertisement, the size, location and method of distribution of the promotional material are, each and all, specifically reviewed and approved by the Vice President of Student Affairs or his/her designee. Approval shall be granted based on conformance with the requirements set forth in paragraph (3)(c) of this rule.

(b) The following conditions shall also apply:

1. Event sponsors, who are also producers, sellers or distributors of alcoholic beverages shall not be recognized on printed or promotional materials unless authorized by the Vice President of Student Affairs or his/her designee pursuant to paragraph (3)(a) of this rule.

2. Event sponsors, their subsidiaries, partners, or affiliated companies, which are recognized distributors or marketers of alcohol shall not be recognized on promotional materials for specific events where their products are sold or served, or at concurrent events on University premises, unless authorized by the Vice President of Student Affairs pursuant to paragraph (3)(a) of this rule.

(c) Event planners or University administrators seeking approval for advertising or promotion of the use or consumption of alcohol on University premises shall assure that advertisements and promotional materials satisfy the following minimum requirements prior to requesting approval:

1. Advertisement for alcohol shall not promote the irresponsible use of alcohol.
2. Advertisement shall not encourage any behaviors or activities that directly conflict with the requirements of this rule.
3. Advertisement shall not use alcohol as an inducement to participate in a University event and shall not offer alcohol as a prize or gift in any form of contest, raffle, game, or competition.
4. Social events that encourage drinking, drinking contests, or alcoholic intoxication, and the advertisement of any such events are strictly prohibited.

5. General promotional materials, including advertising for any University sponsored event shall not make reference to the availability of alcoholic beverages unless the event is sponsored by the School of Hospitality Management in association with the FIU Beverage Management Program.

6. Advertising for any event sponsored by the FIU School of Hospitality Management where alcoholic beverages will be served and its availability is identified in the promotional material, shall specifically mention the availability of non-alcoholic beverages as prominently as the availability of alcoholic beverages.

(4) TAILGATING AND ATHLETIC EVENTS. In addition to all other requirements stated in this rule, the following requirements shall apply to the service, purchase, use, possession, distribution or consumption of alcohol and alcoholic beverages on University premises at events occurring in conjunction with FIU athletic events and competitions – either before, during or after the games.

(a) Alcohol shall not be sold or served in the FIU Community Stadium or within the confines of any facility on University premises where an athletic event is being held, if the sale or service of alcohol is in any way associated with the scheduled athletic event.

(b) Individuals and members of the public attending any football game on University premises shall not leave and subsequently re-enter the football stadium at any time before or during the game. Response to inclement weather conditions or emergency evacuations shall be handled on a case by case basis.

(c) Individuals and members of the public are strictly prohibited from entering the football stadium while carrying or bearing any type of container, open or closed, which contains any type of beverage.

(d) Event managers and University police reserve the right to deny access, to athletic events, to individuals and members of the public who exhibit behaviors consistent with alcohol intoxication, or who behave in any manner inconsistent with the requirements of this rule.

(e) Tailgating activities on University premises that involve the consumption of alcohol shall be restricted to specifically designated locations monitored by the FIU Public Safety Department.

(f) The sale and service of alcohol shall be restricted to specific locations authorized in writing under terms specified within said authorization by the Vice President of Student Affairs or his or her designee.

(g) The FIU Chief of Police shall prepare and submit an Event Evaluation Summary & Recommendation Report to the Vice President of Student Affairs within 72 hours of each athletic event and shall specifically address findings related to the use or abuse of alcohol at each event on each report.

6C8-11.007 Disruptive Conduct.
(1) The University is authorized to discipline for misconduct any student who intentionally acts to impair, interfere with, or obstruct the orderly conduct, processes, and functions of the University. Disruptive conduct shall include, but not be limited to, the following:
    (a) Endangerment.
        1. Physical violence toward another person or group.
        2. Action(s) that endanger the health, safety, or welfare of self or others.
        3. Interference with the freedom of another person or group to move about in a lawful manner.
    (b) Harassment.
        1. Conduct, not of a sexual nature, that creates an intimidating, hostile, or offensive environment for another person or group.
        2. Conduct, not of a sexual nature, that threatens, harms or intimidates another person or group.
    (c) Hazing. Any group or individual action or activity that inflicts or intends to inflict physical or mental harm or discomfort or which may demean, disgrace, or degrade any person, regardless of location, intent, or consent of participant(s).
    (d) Stalking. Activities occurring on more than one occasion that collectively instill fear in the victim and/or threaten his or her safety, mental health, or physical health.
    (e) Sexual Misconduct.
        1. Any sexual act that occurs, regardless of personal relationship, without the consent of the other person, or that occurs when the other person is unable to give consent.
        2. Conduct of a sexual nature that creates an intimidating, hostile, or offensive campus, educational, or working environment for another person.
    (f) Weapons, Firearms, Explosives. Possession, storage or use of firearms, explosives, ammunition or other weapons or dangerous articles or substances, including non-lethal weapons such as pellet guns.
    (g) Drugs.
        1. Possession or use of illegal drugs or prescription drugs without a prescription.
        2. Distribution, delivery, or sale of illegal drugs.
        3. Possession or use of drug paraphernalia.
    (h) Theft.
        1. Removal or use of the property or services of another person or of the University without prior written consent or authorization.
        2. Possession or sale of property or services of another person or of the University without prior written consent or authorization.
    (i) Interference or disruption of the University disciplinary process, including, but not limited to, harassment and/or intimidation of any member of the judicial board, witness or University personnel before, during or after a proceeding, or attempting to coerce or influence any person(s) in order to discourage their participation in any disciplinary proceeding.
    (j) Interference, disturbance, impairment or disruption of the orderly conduct, processes, and functions within the classroom or laboratory, including interference with the academic mission of the University or individual classroom or interfering with a faculty member or instructor’s role to carry out the normal academic or educational functions of his/her classroom or laboratory.
    (k) Interference, disruption, disturbance, or impairment of the rights of other members of the University community.
    (l) Any similar behavior that disturbs the peace.
(2) This rule shall apply to acts conducted on or off campus when relevant to the orderly conduct, processes and functions of the University.

6C9-1.004 General Information Concerning the University of North Florida.

(1) The University publishes a catalog annually. The catalog is the official medium for dissemination of information to the general public regarding course offerings, degree requirements, grading practices, and operation of the institution. Anyone may obtain a copy of this document by writing, calling, or presenting themselves to the office of Director of Admissions, Post Office Box 17074, Jacksonville, Florida 32216. The business hours of this office are 8:00 a.m. to 5:00 p.m., Monday through Friday.

(2) Public information is available from the general offices of the University of North Florida.
(3) Inspection of records shall be made by the general public in the Office of the President of the University of North Florida. Chapter 119 and Sections 239.77 and 239.78, Florida Statutes, and Rule 6C-6.015, Florida Administrative Code, shall determine records to be inspected.

Specific Authority 129.53(1) FS. Law Implemented 240.042, 240.052(2)(c) FS. History–New 6-21-76, Formerly 6C9-1.04.

6C9-1.005 Statutory Chapters and Rules.
The University of North Florida is governed by the Laws of Florida and applicable rules implementing such laws as may be published in the Florida Administrative Code (F.A.C.). Florida law and regulations of general public interest include Chapters 239, 240, 241, 242, 243, 244, and 245, Florida Statutes (F.S.), as well as Chapters 6C-1 and 6C9-1, et seq., Florida Administrative Code (F.A.C.), published and distributed by the Florida Department of State.

Specific Authority 120.53(1) FS. Law Implemented 120.53(1) FS. History–New 6-21-76, Formerly 6C9-1.05.

6C9-1.006 Public Access to University Proceedings.
The University of North Florida is governed by Section 286.011, et seq., Florida Statutes (the so-called Sunshine Law), insofar as its proceedings are concerned.

Specific Authority 240.042, 286.011 FS. Law Implemented 240.042, 286.011 FS. History–New 6-21-76, Formerly 6C9-1.06.

6C9-1.007 Order of Succession to Temporary Presidential Authority.
(1) In case of death or incapacitating illness of the President, the Provost and Vice President for Academic Affairs will assume all the authority and responsibility of the President until specific orders arrive from the Board of Regents.

(2) The next office in line to assume temporary Presidential authority shall be the Vice President for Administration and Finance.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.202, 240.227(1) FS. History–New 6-21-76, Formerly 6C9-1.07, Amended 6-3-93. Cf. B.O.R. Rule 6C-4.001(5)(i), F.A.C.

6C9-1.008 Petition to Initiate Rule-Making Proceeding.
(1)(a) Any person subject to the jurisdiction of the University of North Florida or who has a substantial interest in a University rule may petition the University to adopt, amend or repeal a rule by filing a written petition, specifying the proposed rule and the action requested.

(b) The petition shall contain the following:
1. Name and address of petitioner;
2. A summary of the requested rule proposed and specific reasons for adoption, amendment or repeal;
3. A draft of the requested proposal;
4. The date submitted.

(2) Petitions shall be filed in the President’s Office, Room 2515, Building 1, University of North Florida, Jacksonville, Florida 32216.

(3) Any interested person may file in the President’s Office a statement in support of or in opposition to any petition for information or for rule-making proceedings. The interested person shall furnish the Petitioner with a copy upon filing the statement.

(4) Any interested person may submit a reply to the statement in subsection (3) above prior to the University action. The interested person shall furnish the Petitioner and the person filing under subsection (3) above with a copy upon filing the statement.

(5) Within thirty (30) calendar days from receipt of said petition, the University shall either deny the petition, grant the petition and comply with the requested action, or institute rule-making proceedings under Chapter 120, Florida Statutes. If the President determines that the Petitioner is not subject to the University’s jurisdiction or does not have a substantial interest in the University rule, or does not have the interest as stated in the petition, the University may forthwith deny the petition, and shall notify the petitioner in writing stating the reasons for the denial.

Specific Authority 240.227(1) FS. Law Implemented 120.53(1)(c), 120.54(5) FS. History–New 5-12-83, Formerly 6C9-1.08.

6C9-1.009 Declaratory Statements by University.
(1) Any person may seek a declaratory statement as to the applicability of any statutory provision or of any rule or order of the University.

(a) The petition seeking a declaratory statement shall be filed in writing with the University at Room 2515, Building 1, University of North Florida, Jacksonville, Florida 32216.

(b) The petition shall contain the following: “Petition for Declaratory Statement.”
1. Name of Petitioner;
2. Address of Petitioner;
3. University rule, order or statutory provision on which declaratory statement is sought;
4. Description of how this rule, order or statute may or does affect the petitioner;
5. Signature of Petitioner; and
6. Date of Petition.

(2) A declaratory statement is a means for determining the rights of parties when a controversy or when doubt concerning the applicability of any statutory provision, rule or order has arisen before any wrong has actually been committed. The potential impact upon Petitioner’s interests must be alleged in order for Petitioner to show the existence of a controversy or doubt.

Specific Authority 120.565, 240.227(1) FS. Law Implemented 120.53(1)(c), 120.565 FS. History–New 5-12-83, Formerly 6C9-1.09.

6C9-1.010 Rule Hearings, Presentation of Arguments, Presentation of Evidence.

All hearings other than those subject to Section 120.57(1), Florida Statutes shall, unless a University rule relating to an administrative proceeding indicates to the contrary, be conducted in the general manner prescribed below.

(1) Persons affected by a proposed rule who request a hearing within the time prescribed by law shall have an opportunity to be present at the hearing, having been advised of the specific time and place, and to present arguments on issues of law or policy in writing or orally.

(2) At hearings in which fact questions are involved, parties shall have an opportunity to present such relevant evidence as they wish to bring to the attention of the person or persons presiding.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(c), 120.58 FS. History–New 5-12-83, Formerly 6C9-1.10.

6C9-1.011 Public Information Policy.

(1) The University of North Florida is committed to free, open and responsible communications with its various publics through the commercial news media and other appropriate channels.

(a) As a public, tax-supported institution, the University has a special obligation to consider the impact of its activities, policies, procedures and/or actions upon the public and the agencies and bodies to which it is accountable and must regularly and accurately give accounts of its stewardship.

(2) The President, Vice President for University Relations and Director of Information Services (Public Relations) shall be the only persons routinely authorized to speak officially for or on behalf of the University.

(a) In certain instances, the President may designate other University personnel to serve as spokespersons for specific official matters under their cognizance. In such instances, public information to be disseminated shall be discussed in advance with the Director of Information Services (Public Relations).

(b) Additionally, the President may grant blanket authority to certain University officers to release specific routine information dealing with matters under their cognizance. Examples of such information may include, but are not necessarily limited to, sports information and non-credit continuing education programs.

(3) In all instances, persons providing public information shall promptly notify the Director of Information Services (Public Relations) and shall provide copies of information provided. In instances where information is provided in response to media inquiries, notification shall be in a format prescribed by the Director of Information Services (Public Relations).

(4) Any public information provided shall be consistent with applicable federal and state laws and regulations, as well as policies of the Florida Board of Regents.

(5) While all members of the University community are free to speak as individuals on any issue or topic of their choosing, each is expected to make clear that he/she is speaking as a private citizen and not as a representative of the University. University letterhead stationery shall not be used by any person associated with the University when addressing issues or topics as a private citizen nor when expressing personal opinions on matters outside of his/her University cognizance or unrelated to official University concerns.

(6) The name or symbols of the University shall not be used in commercial advertising. Such use may suggest or imply University endorsement of the advertiser or the product or service advertised.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (5), (24), (26) FS. History–New 10-6-83, Formerly 6C9-1.11.

6C9-1.012 Records Management and University Archives.

(1) University Records Management Program. Section 257.36, Florida Statutes, delineates Florida’s Records Management Program and mandates each public agency to establish an active and continuing records management program, comply with the provisions of the law, and to designate a Records Management Liaison Officer.

(2) The University Records Management Liaison Officer (RMLO) is responsible for developing the University’s records management program and for providing communication and procedural coordination between the University and the Florida Division of Library and Information Services. All University offices shall, with the assistance of the RMLO, comply with State laws governing the care of public records.

(3) Public Records. Section 119.011, Florida Statutes, offers the following definition: “Public Records means all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, or other material, regardless of physical form or characteristics, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency".
In order to comply with the State laws governing the care of public records, control over the records must be obtained by acquiring a knowledge of the contents of the files.

(a) Knowledge of the contents of the files is acquired by conducting an inventory of all the files, both active and inactive. This allows for determination of the number and kind of record series contained therein and will provide the information needed to establish workable retention schedules.

(b) A Record Series is a group of documents, records, volumes or folders arranged under a single filing system, or kept together as a unit because they relate to a particular subject, result from the same activity, or have a particular form.

(5) Records Retention Schedules. There are two types of retention schedules:

(a) General records schedules, and

(b) Individual agency records schedules.

(c) These schedules describe the records, establish the retention value of the records, and indicate the approved disposition of the records when they are no longer actively used.

(6) General Records Schedules are developed by the Bureau of Archives, in conjunction with the agencies concerned, and cover record series common to two or more individual agencies.

(a) GENERAL RECORDS SCHEDULE FOR UNIVERSITIES, A-3, has been developed and may be used as a basis for describing records of the series therein described.

(b) INDIVIDUAL RECORDS SCHEDULES will have to be developed by any department or agency to describe records whose descriptions are not contained in schedule A-3.

(7) Destruction of Records. University records are to be disposed of in accordance with the approved records retention schedules. Notwithstanding an approved records retention schedule, prior to the destruction of any public record, a “Notice of Intent to Destroy Scheduled Records (Florida Division of Library and Information Services Form 107)” must be submitted to the Florida Division of Library and Information Services for final review and approval. Such destruction notices must be submitted to the University Records Management Liaison Officer, who shall enter receipt of the request into the form 107 Register (which is a perpetual log book) and assign the next sequential number before submitting them to the Division. After review and approval (or disapproval) the form 107 is returned to the RMLO who makes a copy for return to the submitting department and retains the original on permanent file. The process of destroying or discarding the records may then proceed, provided applicable audits have been released and no litigation related to the records is pending. Prior to destroying the record series, the department should contact the University Archivist and offer the records for determination of archival value.

(8) University Archives. The University Library is designated the responsible unit for the organization and maintenance of the University Archives. The function of the University Archives is to serve as a repository for all significant University of North Florida publications, special reports, correspondence, minutes of meetings, and other material that document the history and operations of the University.

(a) Once records are transferred to the University Archives the legal custody of the records rests with the Archives.

(b) The custodial responsibility for archival records rests with the records’ office of origin until such time as the University Archivist is prepared to accession them. Custodians of record series with archival value are responsible for maintaining the security and integrity of these records whether stored in the offices or in off-site areas.

Specific Authority 120.53(1)(a), 240.227(1) FS., 1A-24, F.A.C. Law Implemented 120.53(1)(a), 257.36(5), (6), (7) FS. History–New 11-24-92.

6C9-2.001 Admission Requirements, Undergraduate. (Repealed)
6C9-2.002 Admission Requirements, Graduate. (Repealed)
6C9-2.003 Grading Practice and Grade Point Average.
6C9-2.004 Declaratory Statements.
6C9-2.005 Continuing Education.
6C9-2.006 Use of University Library.
6C9-2.009 Sponsored Research; Exemptions From General Accounting and Purchasing Procedures.
6C9-2.010 Copyrights and Patents.
6C9-2.011 Deletion of Courses from Catalogs and Common Course Designation and Numbering System.
6C9-2.012 Religious Observances.

6C9-2.003 Grading Practice and Grade Point Average.

(1) Grades. Letter grades will be assigned for all courses. The scale of letter grades is as follows:
(a) A – Course requirements completed with excellent quality.
(b) B – Course requirements completed with above average quality.
(c) C – Course requirements completed with satisfactory quality.
(d) D – Course requirements completed with below average quality.
(e) F – Course requirements not completed satisfactorily.
(f) I – Incomplete, given to students who are progressing satisfactorily and who, for valid reasons determined by the professor, could not complete the work of a course within the quarter.
1. The instructor shall complete an “Assignment of I Grade” form for each student receiving an Incomplete grade.
2. A copy of this form must be sent to the student and copies must be submitted with the grade rolls. (Forms are available in the Student Records Office.)
3. The “I” grade will remain on the record until changed by the instructor.
(g) NR – A symbol that is administratively assigned when grades for an entire class are not submitted by the processing deadline. The “NR” grade will remain on the record until changed by the instructor.
(h) P – Passing grade for the employment experience of the Cooperative Education Program.
(i) W – A symbol to indicate that the student has withdrawn from the course.
(j) A grade of “F” is assigned as the final grade in a course if the student discontinues attendance without officially notifying the Student Records Office by the date specified in the University Calendar.

(2) Grade Point Averages.

(a) Grade point averages are computed as follows:
1. 4 points are assigned for each hour completed with grade of “A”,
2. 3 points for each hour of “B”,
3. 2 points for each hour of “C”,
4. 1 point for each hour of “D”,
5. 0 point for each hour of “F”.
6. When a course is repeated, each attempt will be recorded and will appear on the transcript; however, only the last grade will be used in computing the grade point average even if it is lower than the first attempt.
(b) Academic Average
The sum of grade points earned as explained above is divided by the number of hours attempted (exclusive of grades of “I,” “P,” “NR,” and “W,” and grades in courses subsequently repeated). The resulting quotient is the “grade point average.”

6C9-2.005 Continuing Education.

(1) To further the ideal of lifelong learning, the University of North Florida offers continuing education to the community, providing a wide variety of programs to suit its constituencies. The Division of Continuing Education is responsible for the identification of continuing education needs in its designated service area. In addition, the division is responsible for developing, coordinating, monitoring, and assisting with educational outreach programs sponsored by the university, both credit and non-credit.
The mission of the division is to bring together outstanding resources from the university and the community for the purpose of offering opportunities to the public to meet personal aspirations for professional development, career advancement, and life enrichment.

(2) To assure quality of content, resource personnel, and support services for all continuing education activities of the university, the Division of Continuing Education shall:

(a) Coordinate with the appropriate academic units the overall planning, development, and monitoring of off-campus credit courses, degree programs, and special credit instruction in the following counties: Alachua, Bradford, Clay, Duval, Nassau, Putnam, and St. Johns.

(b) Coordinate with the faculty and staff of the university and representatives of outside agencies in planning and conducting non-credit educational programs sponsored by the university, and units thereof, for external organizations, professional groups, and other audiences. Such programs shall include conferences, short courses, workshops, seminars, and special training programs.

(c) Jointly approve and manage with the appropriate academic unit all non-credit continuing education activities of the university, except those generated through the university’s sponsored centers and institutes.

(d) Recommend, implement, and monitor the policies and procedures necessary to conduct off-campus credit courses and non-credit continuing education activities.

(e) Maintain a central directory of all non-credit continuing education activities of the university, including those generated through sponsored centers and institutes.

(3) Information on both credit and non-credit programs may be obtained by calling (904)646-2690.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(11) FS. History–New 6-23-85, Formerly 6C9-2.05.

6C9-2.006 Use of University Library.

(1) Mission Statement:

(a) The mission of the Thomas G. Carpenter Library (hereafter referred to as “the Library”) of the University of North Florida (hereafter referred to as “the University” or “UNF”) is to provide informational support for the University’s academic programs. The Library is the University’s principal repository of preserved knowledge. It also serves as the broker for information not available in its own collections and which is only accessible through interlibrary loan, electronic data transmission, or telefacsimile. The Library is also a research facility for the citizens of northeast Florida, particularly Duval and surrounding counties.

(b) The decisions and procedures concerning fulfillment of the Library’s mission are professional matters delegated by the President to the Director of Libraries and the Library faculty. Library tasks are carried out in observance of University and Board of Regents administrative policies, in compliance with local, state and federal law.

(2) Censorship and the Library Bill of Rights. The Library endorses the tenants of the Library Bill of Rights of the American Library Association and the Freedom of Information Act. These documents advocate that censorship be challenged by libraries in fulfillment of their responsibility to provide access to information and knowledge. The Library will resist any attempt to prevent the acquisition of and ready access to materials based on an objection to the content of that material or to any ideas or opinions expressed therein.

(3) Library Resources and Physical Facilities:

(a) All UNF space and fiscal resources affecting formula allocation of these resources are automatically under the authority and control of the Director of Libraries.

(b) The authority for the disbursement of all library budgets rests with the Director of Libraries.

(c) Any purchase of library materials with State funds on the UNF campus made by administrative units other than the Library may be effected only after approval by the Director of Libraries.

(4) Accessibility:

(a) The Library is an adult facility and is open to anyone for in-house use.

(b) Pre-college age researchers may use the library only if accompanied by an adult, or upon the presentation of a letter of introduction from a teacher or the school principal stating the student’s specific research need(s).

(c) Library patrons must conform to all library policies, rules and regulations contained in the Library Guide and other library publications, and behave in a manner that is generally acceptable in a library environment. In the instance of disruptions, library staff members have the authority to request the patron to cease the disruptive behavior, or in case of noncompliance, ask the patron to leave. If the situation so warrants, the staff member may request assistance from the campus police.

(5) Borrower’s Privileges:

(a) Borrower’s eligibility for library privileges are automatically extended to the Library’s primary clientele, the students, faculty and staff of the University of North Florida, and to its secondary users, the students and employees of other State University System (SUS) institutions.

(b) Privileges may be suspended or denied for the violations of rules, or for outstanding obligations to the Library or University in accordance with prevailing policy.

(c) With payment of a stipulated fee, a courtesy card may be issued to the following non-SUS affiliated individuals: 1. UNF alumni, 2. UNF Foundation Board members, 3. educators employed by teaching institutions in Duval County and the surrounding service areas of Nassau, Clay, St. Johns Counties, and 4. adult area researchers engaged in professional activities.
(d) The Library shall not extend borrowers’ privileges to applicants basing their eligibility on being a student at another academic institution.

(e) Until these criteria are changed or modified, exceptions to the rule of eligibility can be made only by the President of the University or his designee.

(6) Circulation:
   (a) Inventory control and the orderly circulation of library materials are the responsibilities of the Circulation Department. The circulation function is governed by established departmental procedures and guidelines which must be observed by all patrons regardless of borrower status or rank.
   (b) The library card holder is entitled to borrow any circulating library material for the period applicable to the borrower’s status. By accepting the borrowers’ card the patron assumes full responsibility for all materials charged on that card and is obliged to observe all rules and regulations that govern the lending process, including the obligation to pay fines for overdue library materials.

(c) Current borrowing policies and regulations are posted at the library’s circulation desk and incorporated in the Library Guide and other library publications.

(7) Library Fines:
   (a) Library fines are defined by Board of Regents (BOR) regulation Rule 6C-7.003, F.A.C. (Special Fees, Fines and Penalties). A library fine is a punitive measure aimed at enforcing circulation rules.
   (b) Fines are applicable to all borrowers: students, faculty, staff, and courtesy card holders.
   (c) Library fines and related charges may be appealed in writing. Only the BOR has the authority to write off valid charges. If sufficient grounds are provided for a fine waiver, the BOR regulations permit the Director of Libraries or his designee to reduce or waive an imposed fine in accordance with specific policy.
   (d) A library fine may not be waived outside the established appeal process and the authorizing policies and regulations.

(8) Course Reserves:
   (a) Course reserves supplement classroom instruction. This function, performed in strict compliance with copyright laws, provides to students needed resources in a specific UNF curriculum at the faculty members’ request.
   (b) Reproductions or photocopies of copyrighted works will not be accepted for course reserves without evidence of compliance with the copyright law (Title 17, U. S. Code) and its prevailing interpretations.

(9) Collection Development:
   (a) All acquisition activities in the Library are governed by the Library Collection Development Policy. The existing policy, endorsed through University structures, is reviewed annually by the Library faculty.
   (b) In the event of major modifications, the Director of Libraries will obtain the endorsement of the Faculty Association and the University administration.

(10) Acquisitions – Disbursement of the Library’s resources budget is effected by the Acquisitions Librarian under the authority of the Director of Libraries. Library materials are acquired by the Acquisitions Department, the Serials Department and the Documents Department.

(11) Cataloging – The cataloging function is the responsibility of the Cataloging Department. The Department performs this function in strict observance of prevailing cataloging practices using the Library of Congress classification scheme and utilizing all automated means and methods available to the Library.

(12) Interlibrary Loan:
   (a) Interlibrary loan is governed by the prevailing interlibrary borrowing and lending code. This service is available only to UNF students, faculty and staff. It is not available to patrons who hold a courtesy borrower’s card.
   (b) All costs incurred in the provision of interlibrary loan and related services shall be re-charged to the patron in accordance with prevailing state and local policies and regulations.

(13) Government Documents – The function of the Government Documents Department is to select, receive, maintain, and circulate a collection of local, state, and federal documents. The Department also provides in-depth reference and research assistance in the use of the documents collection.

(14) Reference and Information Department – The function of the Reference and Information Department is to provide in-depth reader assistance in the use of library materials, automated subject search services, brokered services, public database systems, and general information. The Department also conducts bibliographic instruction in support of UNF courses. All costs incurred in the provision of brokered services (commercial on-line search services) shall be recharged to the patron.

(15) Media Resources Department – The function of the Media Resources Department is to select, maintain, circulate, and provide assistance in the use of the Library’s collection of non-print media and its supporting equipment exclusive of microforms.

(16) Special Collections – The function of the Special Collections unit is to receive, organize, preserve, and make available to readers material of an unusual nature, not suitable for inclusion in the general collection because of format, scarcity, irreplaceability, or monetary value. The unit uses all available automation methods in conformity with accepted standards to provide efficient indexing and retrieval systems.

(17) Gifts – The Library welcomes any gift or donation which may contribute to its development or to the service which it renders. In addition to the general University policy regarding gifts and donations, the following considerations apply to the acceptance of gifts and donations to the Library:
(a) All gifts must be irrevocable and final; and, by the act of donation, the donor permanently relinquishes all rights to ownership and dispensation. The Library shall not be held accountable for the property donated beyond the accountability by the State of Florida for State property.

(b) The Library will not accept gifts in kind which have no demonstrable use for the Library.

(c) The Library reserves the right to dispose of gifts to its best advantage. Such dispositions may include:
1. Retention in the Library.
2. Transfer to other departments of the University.
3. Transfer to another institution within the State University System of Florida.
4. Donation to other local, national and international institutions or organizations.
5. Exchange with other institutions, organizations, or vendors of library materials or equipment.
7. Discard, if the gift has no use, sale or exchange value.

(d) The Library cannot appraise gift materials for tax purposes, but may assist the donor in finding a qualified appraiser. All expenses incurred in obtaining an appraisal must be borne by the donor.

(e) Any material that bears the ownership markings of another institution and does not have any indication of having been withdrawn from that institution’s collection will not be accepted.

(f) Reproductions or photocopies of copyrighted works will not be accepted unless evidence of compliance with the copyright law (Title 17, U.S. Code) and its prevailing interpretations are provided.

18 These policies are subject to change and modification in response to fluctuating needs and operating circumstances.

6C9-2.009 Sponsored Research; Exemptions From General Accounting and Purchasing Procedures.

1 Purpose: This rule describes University procedures for the administration of Sponsored Research exemptions from certain general statutory requirements relating to accounting and purchasing.

2 The exemption will be granted only when the Director of Sponsored Research certifies to the President, that in a particular instance, it is necessary for the efficient or expeditious prosecution of a research project. Certification must be on Form UNF/DSRF-1 (eff. 4/91), herein incorporated by reference and available in the Division of Sponsored Research and Training Office. The certification will:

(a) Be in the form of a written memorandum.
(b) State the necessity for exemption.
(c) Specify the legal or procedural requirements to be set apart.
(d) Define the purchase, contract, award, project, or interrelated activities for which the exemptions are being given, specifically identifying the project title and number, contract title and number etc. as appropriate.

3 Exemption Criteria: The Director of Sponsored Research may exempt a contract from certain general requirements of law and practice by certifying to the University President or his designee that one or more of the following conditions exist:

(a) COMPETITIVE BIDDING.
1. The Principal Investigator must submit a memorandum to the Director of Sponsored Research requesting a sponsored research exemption. The memorandum must include:
   a. A detailed justification for the request.
   b. A written quotation from the requested vendor detailing the price, the FOB point, responsibility for freight and insurance, and payment terms.
   c. A statement and/or other evidence, that some form of price comparison or determination of price reasonableness has been performed.
   d. A written statement signed by the Principal Investigator certifying that he or she is independent of, and has no conflict of interest in the entities evaluated and selected.
2. One or more of the following criteria will be used to justify a request for a sponsored research exemption from competitive bidding:
   a. A certain vendor is specified in a prime contract or grant award.
   b. A certain vendor is approved in writing by the prime contractor or granting agency in accordance with the provisions of the prime contract or grant award.
   c. The purchase of specific goods or services from a certain vendor can be demonstrated to be more efficient or expeditious based on compatibility, availability, or the current capabilities of the Principal Investigator and Staff.
   d. The purchase of specific goods or services from a certain vendor can be demonstrated to be necessary to meet the time requirements of the prime contract or grant award.
   e. The purchase of specific goods or services from a certain vendor can be demonstrated to be mandated by scientific or technical requirements.
   f. The purchase of specific goods or services from a certain vendor can be demonstrated to be at a cost below industry norms.
g. Other conditions which can be demonstrated to meet the statutory criteria of “necessary for the efficient or expeditious prosecution of a research project.” The specific condition must be fully explained.

3. Any and all changes or corrections to a purchase order or contract issued on the basis of a Sponsored Research Exemption must also be approved by the Director of Sponsored Research or his/her staff designee.
   (b) CONFIDENTIALITY. The research activity will receive an exemption from public scrutiny if;
   1. The prime contract, grant award, or subcontract contains a confidentiality clause requiring the research materials to be exempt from public scrutiny, or;
   2. It is determined that conditions exist, as prescribed by Section 240.241(2), F.S.
   (c) DOCUMENTATION AND ADVANCE PAYMENTS.
   1. Documentation:
      a. The level of detail and documentation for reporting and payment required by the prime contractor or granting agency in the provisions of the prime contract, grant award, or otherwise approved in writing by the sponsor, is less than that required by the State of Florida.
      b. When an exemption from the general provisions of Chapter 215, F.S., and related rules and practices is authorized, subcontractors’ invoices shall contain the level of detail and reporting required of the University by the prime contract or grant award.
      c. It is not necessary for copies of receipts to be obtained or submitted with the voucher to the State Comptroller for the payment of such invoices, if the invoice contains a statement certifying that receipts in support of the itemized invoice are maintained in the contractor’s records and may be inspected by officials of the State of Florida.
   2. Advance Payments:
      a. The subcontractor or vendor requests an advance payment and it can be demonstrated that the advance payment is necessary to fund extensive start-up costs, realize discounts or cost savings, or create adequate cash flow in order to provide required goods or services.
      b. The University shall retain the documentation justifying advance payments in the Division of Sponsored Research and Training. The Principal Investigator is responsible for determining that all goods/services, for which an advance payment has been made, are satisfactorily received.
      c. In addition to the Sponsored Research Exemption Certification, the Division of Sponsored Research and Training will provide the Purchasing Department with specific payment details for inclusion in the purchase order.
      d. The University may require the vendor to secure some form of liability protection to cover the amount of advance payments, as deemed appropriate.

3. When an exemption from the general provisions of Chapter 215, F.S., and rules and policies in implementation thereof (for documentation or advance payment) is authorized, the provisions of a contract between the University and the subcontractor must include essentially the following language:
   The Contractor agrees to return to the University any overpayments due to unearned funds or funds disallowed pursuant to the terms of this Contract or by the prime agency that were disbursed to the Contractor by the University. Such funds shall be considered University funds and shall be refunded to the University within 45 days following the time the overpayment and/or disallowance is discovered unless otherwise authorized by the University in writing. In addition, the Contractor agrees to exclude from its expenditure reports and any other claims for reimbursement any amounts disallowed by the prime agency and the University in accordance with the terms of this Contract.
   (d) TRAVEL. For non-state of Florida personnel, that the allowances for travel expenses, in accordance with the provisions of the prime contract or grant award and the allowances for travel expenses established by the subcontractor’s written policy, are greater than the allowances provided by the State of Florida. (A copy of the subcontractor’s written travel procedures shall be made a permanent part of the documentation contained in the Division of Sponsored Research Office contract file.)
   (e) OTHER. Other conditions which are “necessary for the efficient or expeditious prosecution of a sponsored project.” The specific conditions must be fully explained.

4. Execution and Distribution:
   (a) If the request is for an exemption from the competitive bid requirements, the Principal Investigator will submit the request for the Sponsored Research Exemption to the Division of Sponsored Research and Training, allowing time for adequate review of the request. The request should be accompanied by the general requisition, the documentation listed in paragraph (2)(a) above and any additional essential documentation.
   (b) Requests for other Sponsored Research Exemptions may be initiated by the Principal Investigator, the Division of Sponsored Research and Training, or other University personnel, as appropriate.
   (c) The Division of Sponsored Research and Training will review the request for Sponsored Research Exemption to determine if all of the required conditions have been met. The Certification will be prepared by the Division of Sponsored Research and Training, signed by the Director of Sponsored Research, and be forwarded to the University President.
   (d) Evidence of consultation with the Director of Purchasing for non-competitive procurement shall be present prior to submitting to the President for signature.
1. The Division of Sponsored Research and Training will send a copy of the Sponsored Research Exemption Certification memorandum provided to the President, the general requisition, and a copy of the other documentation listed in paragraph (2)(a) above, to Purchasing.

2. Purchasing will be responsible for compliance with all other State of Florida and University rules and regulations.

3. Any purchase order issued under a Sponsored Research Exemption will contain a statement indicating that a Sponsored Research Exemption was given.

4. Purchasing will forward a copy of the Certification, along with a copy of the contract and/or purchase order to the University Controller’s Office. The University Controller’s Office will forward a copy of these documents to the State Comptroller as an attachment to the voucher for the payment of the first invoice.

(e) A Sponsored Research Exemption may only be used when the purchase of goods or services is fully funded from sponsored research funds. Payments made for purchases or other actions under a sponsored research exemption may not be reimbursed subsequently from other University funds.

(f) A copy of the Sponsored Research Exemption Certification and any supporting documentation will be maintained in the Division of Sponsored Research and Training.

Specific Authority 240.227(1), 240.241(2) FS. Law Implemented 240.209(1), 240.241, 287.057 FS. History–New 4-10-91.

6C9-2.010 Copyrights and Patents.

(1) Definitions. The following definitions shall apply for purposes of interpreting and implementing this rule:

(a) A “work” includes any copyrightable material such as printed material, computer software or databases, audio and visual material, circuit diagrams, architectural and engineering drawings, lectures, musical or dramatic compositions, choreographic works, pictorial or graphic works, and sculptural works.

(b) An “invention” includes any discovery, invention, process, composition of matter, article of manufacture, know-how, design, model, technological development, strain, variety, culture of any organism, or portion, modification, translation, or extension of these items, and any trademark used in connection with these items.

(c) “University support” includes the use of University funds, personnel, facilities, equipment, materials, or technological information; and includes such support provided by other public or private organizations when it is arranged, administered, and/or controlled by the University.

(d) “Employee” means all General Faculty, Administrative and Professional, USPS, and OPS employees of the University, in-unit or non-unit, regardless of classification or source of funding of the position.

(2) General.

(a) The University of North Florida shall have the authority to take any action necessary to secure letters of patents, copyrights, and trademarks, on any such work products produced by an employee of the University as described below, and to enforce its rights therein. Any resulting patents are the property of the University and the inventor shall share in the proceeds therefrom.

(b) All University profits derived from patents, copyrights, or trademarks shall be deposited in the “Sponsored Research Development Fund” for the further distribution as prescribed by the Board of Regents and the University of North Florida policy.

(3) Copyrights.

(a) Independent Efforts. A work made in the course of independent efforts is the property of the employee, who has the right to determine the disposition of such work and the revenue derived from such work. As used in this section, the term independent efforts means that:

1. The idea(s) came from the employee;
2. The work was not made with the use of University support; and
3. The University is not held responsible for any opinions expressed in the work.

(b) University-Supported Efforts. If the work was not made in the course of independent efforts, the work is the property of the University. However, in keeping with tradition, it is not the intent of the University to assert rights to copyrightable works the intended purpose of which is to disseminate the results of academic research, curricular improvements, creative work or scholarly study.

(c) Disclosure.

1. The employee shall disclose to the President or Director of Sponsored Research any work made in the course of University-supported efforts, together with an outline of the project and the conditions under which it was done.
2. The President or Director of Sponsored Research shall gather information to assess the relative equities of the employee and the University in the work.
3. Within twenty (20) days after such disclosure, the President or Director of Sponsored Research will inform the employee whether the University seeks an interest in the work, and a written contract shall thereafter be negotiated to reflect the interests of both parties, including provisions relating to the equities of the employee and allocating proceeds resulting from such work.
4. All such agreements shall comport with and satisfy any pre-existing commitments to outside sponsoring contractors, but the employee and the University shall not commit any act which would tend to defeat the University’s or employee’s interest in the work and shall take any necessary steps to protect such interests.

(4) Patents.
(a) Disclosure. An employee shall disclose all inventions which the employee may develop or discover while an employee of the State University System. With respect to inventions made during the course of approved outside employment, the employee may delay such disclosure, when necessary to protect the outside employer’s interest, until the decision has been made by the outside employer whether to seek a patent.

(b) Independent Efforts. The University shall not seek a letter of patent on a product resulting from an investigation performed by a university employee outside of the field in which the investigator is employed by the University and at his own expense and on his own time.

(c) University-Supported Efforts. An invention which is made in the field or discipline in which the employee is employed by the University or by using University support is the property of the University and the employee shall share in the proceeds therefrom.

(d) Outside Employment.
1. While an employee may, in accordance with Section 240.283, F.S., and the pertinent collective bargaining agreement, engage in outside employment pursuant to a consulting agreement, requirements that an employee waive the employee’s or University’s rights to any inventions which arise during the course of such outside employment must be approved by the President or the Director of Sponsored Research.

2. An employee who proposes to engage in such outside employment shall furnish a copy of this rule and, if applicable, the pertinent collective bargaining agreement, to the outside employer prior to or at the time a consulting or other agreement is signed, or if there is no written agreement, before the employment begins.

(e) Reporting Procedures.
1. The employee shall report to the President or Director of Sponsored Research the nature of the invention or discovery, together with an outline of the project and the conditions under which it was done. Within twenty (20) days of each disclosure, the President or Director of Sponsored Research shall inform the employee whether the University intends to assert its interest in the patent.

2. The President or Director of Sponsored Research shall conduct an investigation which shall assess the respective equities of the employee and the University in the invention, and determine its importance and the extent to which the University should be involved in its protection, development, and promotion.

3. The employee shall be informed as to whether the University will seek the patent within 120 days from the date of the disclosure to the President or Director of Sponsored Research and the University shall thereafter proceed to prosecute the patent in a timely manner.

4. The division, between the University and the employee, of proceeds generated by the licensing or assignment of an invention, shall be negotiated and reflected in a written contract between the University and the employee. All such agreements shall comport with and satisfy any pre-existing commitments to outside sponsored contractors, but the employee shall not commit any act which would tend to defeat the University’s interest in the matter, and the University shall take any necessary steps to protect such interest.

(f) Release of Rights.
1. The University reserves the right to enter into contract with recognized patent management and development agencies for the purpose of patent application, patent development, and patent management. In such cases, the terms of the contract shall provide for a distribution of the proceeds from the disposal of the patent between the contracting parties and the discoverer or inventor.

2. At any stage of making the patent applications, or in the commercial application of an invention, if the University has not otherwise assigned to a third party the right to pursue its interests, it may withdraw. At the request of the employee in such case, the University shall return the patent rights to the employee, in which case the patent shall be the employee’s property, and none of the costs incurred by the University or on its behalf shall be assessed against the employee.

3. All assignments or releases of inventions, including patent rights, by the President or Director of Sponsored Research to the employee shall contain the provisions that such invention, if patented by the employee, shall be available royalty-free for governmental purposes of the State of Florida, unless otherwise agreed in writing by the University.

4. In the event a Sponsored Research contractor has been offered the option to apply for the patent to an invention or other rights in an invention, the University will use its good offices in an effort to obtain the contractor’s decision regarding the exercise of such rights within 120 days.

5. Execution of Documents. The University and the employee shall sign an agreement individually recognizing the terms of this rule.

6. Responsibility. The authority and responsibility for administration and implementation of this rule is delegated to the Director of Sponsored Research.

Specific Authority 120.53(1)(a), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(1), 240.229 FS. History–New 6-1-93.

6C9-2.011 Deletion of Courses from Catalogs and Common Course Designation and Numbering System.
(1) Courses in the University of North Florida institutional catalog which have not been taught for five (5) years shall be deleted from the catalog except as otherwise stated below.
(2) During the preparation phase for each year’s academic catalog all courses not taught during the preceding five years shall be reviewed by the respective college deans and academic division directors to determine if those courses should be retained. A list of courses to be retained and the reason for their retention shall be sent to the Chairperson of the Academic Programs Committee.

(3) The recommendations of the deans and academic division directors shall be reviewed by the Academic Programs Committee. The results of the Committee’s review shall be forwarded to the Faculty Association for inclusion as an action item on its legislative calendar.

(4) The results of the action taken by the Faculty Association shall be transmitted to the Provost and Vice President for Academic Affairs. Upon review and approval the Provost and Vice President for Academic Affairs shall notify the Office of Common Course Designation for the courses to be deleted and shall prepare, for the President’s signature, the annual compliance certificate required by Rule 6A-10.0331, F.A.C.

Specific Authority 240.227(1) FS. Law Implemented 233.015 FS. History–New 6-22-87.

6C9-2.012 Religious Observances.
The University of North Florida advocates the concept of religious freedom and in recognition of the plurality of religious beliefs of its individual students sets forth in this rule the framework within which it accommodates the religious observance, practice and belief of those students in regard to admissions, class attendance, and the scheduling of examinations, major class events, major University activities, and work assignments.

(1) Admissions – The University of North Florida shall not deny admission to any student because of the religious practice or belief of the student.

(2) Class Attendance – Any student shall, upon notifying his instructor, be excused from class to observe a religious holy day of his faith. Such notification shall be made no later than one week prior to the holy day, or as prescribed by the instructor at the beginning of the term.

(3) Work Assignments – Each student excused from class for the purpose of observing a religious holy day will be responsible for the material covered in his absence, but shall be permitted a reasonable amount of time to make up any missed work. Missed work shall be made up prior to the end of the term or as prescribed by the instructor at the beginning of the term.

(4) Examinations, Major Class Events, Major University Activities – No major test, major class event, or major University activity shall be scheduled on a major religious holy day. A major religious holy day shall be a significant day of religious observance as recognized by the highest governing body of that particular religious faith. Evidence of such recognition shall be provided by the student unless previously designated by the Office of Academic Affairs.

(5) Professors and University administrators shall in no way penalize students absent from academic or social activities because of religious observances.

(6) Any student who believes he has been unreasonably denied an educational benefit due to his religious belief or practices may seek redress by implementing the University of North Florida Student Appeals Procedure as described in the Academic Appeals Process, paragraphs 6C9-3.001(1)(b) through (f), F.A.C.

(1) The Child Development Research Center (CDRC) has been established at the University of North Florida to:
   (a) Give a convenient and affordable educational experience to children, ages two (if fully toilet trained) through 10, of University of North Florida students, faculty, staff and alumni, as well as to children of Florida Community College students and the general public.
   (b) Offer a readiness program directed toward formal education for all enrolled preschool children.
   (c) Offer a program including arts, crafts and movement education for school-age children attending the Center. During the Summer Terms, there is a summer camp program offered for all school-age children.
(2) The Center shall be governed by an Advisory Board consisting of the University President or designee, the Vice President for Student Affairs, the Director of the Child Development Research Center, the Student Government Association President or designee, at least one faculty and one staff representative and one parent for each 50 children enrolled. The Board offers operational guidance for the Center and also insures that the Center functions in accordance with the University’s mission as well as the Board of Regents’ Rules (Rule 6C-10.004, F.A.C).
(3) Patron fees shall be collected. Other sources of financing operational costs include Student Activity and Service fee allocations and Capital Improvement Trust Fund fees.
(4) The Center shall serve as a pre-internship site for students from local institutions of higher learning who may wish to avail themselves of this experience.
(5) The research initiated within the CDRC shall comply with ethical standards for research established by the University of North Florida.
(6) If a child becomes a disciplinary problem, whereby he/she infringes upon the rights of another child or of the Center as a whole, the parent or guardian will be asked to remove that child from the Child Development Research Center.

6C9-3.003 Admissions.
(1) Admissions – General.
   (a) Admission of students to UNF is within the jurisdiction of the University, but subject to the minimum standards adopted by the Board of Regents.
   (b) The University encourages application from all qualified persons without regard to race, color, national or ethnic origin, religion, gender, marital status, age, disability, and veteran status.
   (c) The University has established the Office of Equal Opportunity Programs to ensure compliance with federal and state nondiscrimination requirements. Inquiries about policies in these areas should be directed to this Office.
(d) Application materials may be obtained from the Director of Admissions, University of North Florida, 4567 St. Johns Bluff Road, South, Jacksonville, Florida 32224-2645.

(2) Admission to the University is granted for a specific term. If the applicant chooses not to attend UNF during that specific term, the admission is cancelled. Should the applicant desire to enroll during a different academic term than the term for which admission was granted, the applicant should contact the Admissions Office concerning appropriate application update procedures.

(3) An application, residency affidavit, or accompanying documents or statements in connection with, or supplemental to the application for admission that contains false, fraudulent or incomplete statements may result in denial of admission or further registration and/or invalidation of University credit or the degree based upon such credit.

Cf. B. O. R. Rule Chapter 6C-6 F.A.C.

6C9-3.004 Admission from Secondary School.
(1) Because the freshman class is limited in size, admission is on a selective basis. The University seeks applicants who have demonstrated strong academic ability and who will bring diverse interests and talents to campus.

(2) Any student who meets or exceeds the following minimum academic requirements may apply for admission as a freshman:
(a) A high school diploma or approved equivalent;
(b) Nineteen academic units in college preparatory courses: four in English (three of which must have substantial writing requirements), three in Mathematics (Algebra I or higher), three in Natural Science (two of which must have substantial laboratory requirements), three in Social Science, two in foreign language, and four electives from the above subject-matter areas and foreign language and courses approved by the Department of Education and the Faculty Admissions Committee;
(c) An overall grade point average and college entrance test score (SAT or ACT) which meet the minimums established by the Board of Regents.

(3) Some applicants who do not meet these academic criteria, but who bring to the University other important attributes, contributing to the University, may also be admitted by the Faculty Admission Committee.

(4) The following information is required for consideration of an applicant for admission from secondary school:
(a) Application for Admission;
(b) Application Fee: A non-refundable application fee in the amount set forth in subsection 6C-7.003(3), F.A.C., must be included;
(c) Transcripts: Applicants should arrange for their high school counselors to forward official copies of their high school transcripts to the Admissions Office;
(d) Test Scores: All applicants must submit scores for either the Scholastic Assessment Test (SAT) or the American College Test (ACT). SAT or ACT scores reflected on the high school record are considered official.

(5) The University of North Florida provides an early admission program to meet the needs of highly capable high school students. Under this program, these students may enter the University prior to graduation from high school, either as full time students or as part time students dually enrolled in high school.
(a) In order to be considered for early admission, students must submit the information enumerated in (4) above, together with a letter of recommendation from the student’s high school principal, a letter of permission from parent or guardian, and a personal letter outlining the reasons for seeking early admission.
(b) Early admissions for high school students who have completed the 11th grade are considered on an individual basis by the University’s Admission Committee, which may require the applicant to come to the campus for interviews before making its decision.

Specific Authority 240.227(1), (8), 240.233 FS. Law Implemented 120.53(1)(a), 240.233 FS. History–New 3-20-84, Formerly 6C9-3.04, Amended 12-10-86, 7-31-97.

6C9-3.005 Admission Requirements – Transfer.
(1) Transfer applicants who have not completed at least 60 semester hours (90 quarter hours) at an approved college must have been eligible for admission as an entering freshman (see Rule 6C9-3.004, F.A.C.), must have a satisfactory record (a cumulative average of “C” or higher) for all institutions previously attended, and a “C” or higher average and good standing (eligible to return) at the last institution attended.

(2) The University of North Florida recognizes the Florida Community College/State University System Articulation Agreement which specifies the Associate of Arts degree from a Florida public institution as the basic admission credential for upper division study.

(3) In many cases, students holding Associate of Science degrees will also qualify for admission. Associate of Science degree transfer programs have been developed for several UNF majors.

(4) Although emphasis has been placed on community college graduates, qualified applicants from four-year colleges are also welcomed.
(5) In general, the following qualifications are expected of applicants to the upper level (transferring 60 or more semester hours, or 90 or more quarter hours):
   (a) Satisfactory completion of two years at an approved college (60 semester hours or 90 quarter hours of transferable college work). An approved college is one that has been accorded either Candidate or Membership status by an appropriate regional accrediting agency recognized by the Board of Regents;
   (b) Achievement of an overall college grade point average of “C” or higher in transferable work, and a “C” or higher average in transferable work and “good standing” status at (eligible to return to) the last college attended;
   (c) Satisfaction of prerequisites: the college offering the program should be contacted concerning satisfaction of prerequisites;
   (d) Satisfactory scores from the College-Level Academic Skills Test (CLAST). Applicants for admission who do not present such test scores, including transfers from out-of-state institutions, may be admitted in accordance with Florida State Board of Education policy;
   (e) Satisfactory conduct record under policies established by the Board of Regents and Florida law;
   (f) Graduation with an Associate of Arts degree from a Florida public community college or senior institution if the stated prerequisites have been completed. In some cases, graduation with an Associate of Science degree will be acceptable.
(7) Students who have satisfactorily completed two years of college work but who lack prerequisites may remove these deficiencies in one or more of the following ways:
   (a) Enrollment in an approved college for the specific courses required for admission;
   (b) Attainment of satisfactory scores on the appropriate examination of the College-Level Examination Program (CLEP). Scores on the CLEP subject examinations will be evaluated on the basis of the recommendations of the American Council on Education as recognized by the B. O. R.;
   (c) Attainment of satisfactory scores on the Advanced Placement Program of the College Entrance Examination Board;
   (d) Concurrent registration at the University of North Florida and another approved institution of higher learning.
(8) The following information is required for consideration of an applicant:
   (a) Application for admission: The application should be submitted at least six weeks prior to the beginning of the desired term;
   (b) Application fee: A non-refundable $15.00 application fee must be included;
   (c) Transcripts: A transcript must be submitted from each college the student has attended, whether or not credits were earned;
   (d) College-Level Academic Skills Test scores.
(9) Special Admission Requirements – Bachelor of Arts in Education Programs:
The Florida Board of Education requires that applicants for undergraduate teacher education programs submit a copy of their score on either the Scholastic Aptitude Test (SAT) or the American College Test (ACT). Applicants must earn a minimum composite score of 835 on the SAT or 17 on the ACT for admission to an undergraduate teacher education program. Students who do not meet this requirement may be eligible for special consideration under an exception policy. Non-teacher education students are not required to submit a score and are not eligible for a Florida teaching certificate.

6C9-3.006 Admission Requirements – Graduate.
(1) The following are the minimum University requirements for admission to graduate programs. (Refer to Rule 6C9-3.007, F.A.C., for special graduate admission requirements):
   (a) An appropriate baccalaureate degree from an approved college or university. An approved college is one that has been accorded either Candidate or Membership status by an appropriate regional accrediting agency recognized by the Board of Regents;
   (b) At least one of the following:
      1. A grade point average of 3.00 (B) or higher in all work attempted as an upper-division student, normally the 60 semester hours taken during the last two years of baccalaureate study. Regardless of GPA, applicants must present a valid graduate test score;
      2. A composite score of 1,000 or more on the verbal and quantitative sections of the aptitude section of the Graduate Record Examination (GRE), or an appropriate score on the Graduate Management Admissions Test (GMAT) for applicants to graduate programs in the College of Business Administration;
      3. Or an approved combination of grade point average and graduate test score (see Rule 6C9-3.007, F.A.C.);
      4. A graduate degree from an accredited institution.
   (c) Applicants who are otherwise qualified but who hold baccalaureate degrees from non-approved institutions may gain admission through a degree validation process.
The University is authorized to grant a limited number of exceptions to those applicants who do not meet the basic admission requirements of the State University System. All applicants requesting an exception must submit GRE or GMAT scores, as appropriate, prior to making the request. Students granted an exception will be placed in a provisional program for the graduate degree program which they wish to enter. Continuation as a graduate student will depend upon successful completion of the provisional program and any subsequent work.

The following are required of all applicants:
(a) Application for admission;
(b) Non-refundable application fee in the amount set forth in subsection 6C-7.003(3), F.A.C.;
(c) Transcripts from each college attended, whether or not credits were earned;
(d) Scores from the GRE or GMAT, as required by the individual college or division.

Admission to graduate study is granted on an individual basis with a review of the entire academic record of the applicant, including quality of past performance, GRE or GMAT scores, appropriateness of work taken, and suitable professional experience. To ensure that all pertinent application materials are received in time, applications for admission should be initiated at least two months before the registration period for the term in which entry is sought.

6C9-3.007 Special Graduate Admission Requirements.
The following graduate programs have special requirements that must be satisfied:
(1) Master of Arts in Counseling Psychology:
(a) A letter stating reasons for seeking admission and professional career objectives;
(b) Two letters of reference from faculty members and/or employers;
(c) One of the following:
1. At least nine (9) semester hours in psychology from an approved institution including the following: Research Methods or Experimental Psychology, Personality Theories or Abnormal Psychology, and an elective. Acceptable equivalents will be considered at the written request of the applicant;
2. A score at the 50th percentile or better on the Psychology Test of the Graduate Record Examination (GRE).
(d) A personal interview may be required.
(2) Master of Business Administration:
Students desiring to enter the Master of Business Administration, Master of Accountancy, or Master of Human Resource Management programs must satisfy criteria established by the American Assembly of Collegiate Schools of Business (AACSB). AACSB criteria consider both the undergraduate grade point average (GPA) and the score on the Graduate Management Admissions Test (GMAT). Applicants must score 1000 or more based on the formula: 200 × upper division GPA plus the GMAT total score.
(3) Master of Education:
(a) A regular Florida teaching certificate or its equivalent; Individuals not holding a regular certificate may be admitted to graduate study in certain programs. They will, however, be required to satisfy all requirements for this certificate prior to graduation.
(b) Three letters of recommendation;
(c) Evidence of successful teaching or work experience where such experience is a criterion for certification.
(4) Master of Arts in History:
(a) Three letters of recommendation from persons able to evaluate the applicant’s aptitude for graduate work;
(b) A three to five page essay describing the applicant’s career goals and particular interests within the field of history;
(c) At least 15 semester hours of credit in history courses with an average of “B” or better.
(5) Master of Arts in English:
(a) If an applicant does not satisfy the general graduate admission requirements, two letters of recommendation from persons acquainted with his or her scholarly or professional performance are required. In addition, a personal interview with the M. A. in English Program Committee of the department may be required.
(b) One of the following:
1. A minimum of 18 semester hours of English credit beyond freshman composition;
2. Satisfactory score on the Advanced GRE in Literature test;
(6) Master of Arts in Mathematical Sciences:
(a) An equivalent of the mathematical sciences degree program at the University of North Florida.
(7) Master in Public Administration:
(a) Two letters of recommendation from individuals who are familiar with the applicant’s work or academic abilities.
(8) Master of Science in Criminal Justice:
(a) Submit evidence that applicant has satisfactorily completed program prerequisites;
(b) A letter from applicant describing academic and relevant employment experiences, career goals, areas of interest in criminal justice, and reasons for seeking degree;
(c) Two letters of recommendation from individuals who can attest to the applicant’s ability to do graduate work and pursue a career in criminal justice;
(d) Interview with a graduate advisor.

6C9-3.008 Admission Requirements – Post-Baccalaureate.
Students are admitted to post-baccalaureate programs to extend teacher education certification, to work toward a second bachelor’s degree, or to take courses to extend their areas of competency. The term “post-baccalaureate student” is not synonymous with “graduate student”. Post-baccalaureate student status does not guarantee enrollment in graduate courses. Grades earned in any level course, including graduate-level courses, will not be computed in the graduate grade point average if the student is later admitted to a graduate program at UNF.

(1) Students who have attended schools outside the United States will be considered for admission on the same basis as those who have attended American schools.
(2) Because of the special processing required for international students, applications should be submitted at least three months prior to the anticipated date of entry. A non-refundable application fee in the amount set forth in subsection 6C-7.003(3), F.A.C., must accompany the completed application form. The application fee must be in U. S. dollars.
(3) Applications must be supported by official academic credentials. Documents must be original, bearing the seal of the institution and the signature of the registrar, or exact copies which have been legally certified. If the document is not recorded in English, it must be accompanied by a certified English translation that is a literal and complete rendition of the original document.
(4) The University is required by immigration authorities to insure that sufficient financial resources are available prior to issuing the Certificate of Eligibility (Form I-20A-B). The Certificate of Financial Responsibility form must be completed, signed by the sponsor, and verified by the sponsor’s bank or financial institution.
(5) A minimum score of 500 on the Test of English as a Foreign Language (TOEFL) is required, with the exception of countries where English is the only official language. The TOEFL must be taken prior to admission. For information on the TOEFL, write to: TOEFL, Educational Testing Service, Princeton, New Jersey 08540, U.S.A. The University’s institutional code for the transmittal of test scores is 5490.
(6) All international applicants are required to submit a statement from a physician attesting to the results of their physical examination. The health certificate is required prior to the issuance of the Form I-20A-B.

6C9-3.010 Admission Requirements – Interinstitutional Transient Students.
(1) UNF cooperates in a program which enables both undergraduate and graduate students to take advantage of special resources and programs available on another campus but not at their own institutions, e.g., special course offerings, research opportunities, unique laboratories, overseas study programs, and library collections.
(2) Procedures and conditions of the program: By mutual agreement of the sponsoring and hosting institutions, the student will receive a waiver of admission requirements and the application fee of the host institution and a guarantee of acceptance of earned resident credits by the sponsoring institution.
(3) The student must be recommended by the sponsoring academic dean, who will arrange the student’s visit with the appropriate dean at the host institution.
(4) The student will register at the host institution and pay tuition and registration fees according to fee schedules established at that institution.
(5) Each university retains the right to accept or reject any student who wishes to study under its auspices.

6C9-3.011 Admission Requirements – Other Transient Students.
(1) Application for Admission.
(2) A letter from the academic dean at the present college which states the specific coursework to be taken at UNF.
(3) A letter of good standing or an official transcript showing a “C” or better average issued by the Registrar at the present institution.

Specific Authority 120.53(1)(a), 240.227(1), (8), 240.233 FS. Law Implemented 240.227(1), (8), 240.233 FS. History–New 3-20-84, Formerly 6C9-3.11, Amended 12-10-86.

6C9-3.012 Admission Requirements – Special Students.

(1) Applicants not seeking to work toward a degree at the University may be considered for admission as special students. In addition to submitting the standard application for admission and an official transcript from the last college-level institution attended, the applicant should submit a statement concerning the types of studies to be pursued and the reason for selecting the special status. Individuals who can not provide official transcripts will be considered on a case by case basis.

(2) If the applicant seeks admission to a UNF degree program, complete credentials should be submitted. Only 12 credit hours completed in this status may apply towards a degree.

6C9-3.013 Re-Admission.

Former UNF students in good standing who have not enrolled for two consecutive terms may request re-admission without an additional application fee.

Specific Authority 120.53(1)(a), 240.227(1), (8), 240.233 FS. Law Implemented 240.227(1), (8), 240.233 FS. History–New 3-20-84, Formerly 6C9-3.13.

6C9-3.014 Non-Degree Registration.

(1) Non-degree status is designed for individuals who wish to register for a course for which they are qualified or whose credentials are not on file at the time of initial registration. Enrollment in a course is subject to the approval of the appropriate program administrator. The non-degree coursework transfer policy for graduate students is outlined in the “Graduate Policies” section of the general catalog.

(2) A student may register for no more than one term in the “Non-Degree” category. Anyone wishing to continue at UNF beyond the one term should consult an admissions officer about formal admission.

(3) No more than twelve semester hours may be transferred from a non-degree status to a UNF degree program.

(4) First-time-in-college freshmen are prohibited from enrolling in the non-degree category.

Specific Authority 120.53(1)(a), 240.227(1), (8), 240.233 FS. Law Implemented 240.227(1), (8), 240.233 FS. History–New 3-20-84, Formerly 6C9-3.14, Amended 12-10-86.

6C9-3.015 Student Records – Accessing.

(1) Introduction. The policies and procedures outlined in this rule are designed to implement the provisions of the Family Educational Rights and Privacy Act (“FERPA”) as detailed in Part 99 of Title 34 of the Code of Federal Regulations, Sections 228.093 and 240.237, F. S., and Board of Regent’s Rule 6C-6.015, F.A.C.

(2) Definitions. The following definitions of terms apply to the construction of this rule:

(a) Student – an individual who is registered for an on or off campus program leading to the award of academic credit from the University. “Student” does not include individuals participating in the common Learning Network, Language Institute, Gifted programs, Speech and Hearing Clinics and non-credit Continuing Education programs.

(b) Education records – those official records which are created, maintained, and used by the University and employees/agents of the University, which contain information directly related to a student.

1. “Record,” as used herein, includes any information or data recorded in any medium, including but not limited to electronic data, handwriting, print, tapes, film, microfilm, and microfiche.

2. “Agents,” as used herein, means any individual who, pursuant to express or implied authorization, represents and acts for the University.

(c) The following types of records are expressly exempt from the definition of “education records”:

1. Sole possession records – personal record of University employees/agents which meets the following test:
   a. It was created by the University employee/agent as a personal memory aid; and
   b. It is in the sole possession of the University employee/agent who created it; and

2. The information contained in it has never been revealed or accessible to any other person except for a temporary substitute for the employee/agent. “Temporary substitute,” as used herein, means an individual who performs on a temporary basis the duties of the University employee/agent.
2. Employment records – records made and maintained by the University which relate exclusively to a student in his/her capacity as an employee and which are not available for use for any other purpose. However, the following are education records rather than employment records:
   a. Records relating to a student’s employment by the University if the position in which the student is employed depends on his/her status as a student.
   b. Records relating to a student’s employment by the University if the student receives a grade or credit based on his/her performance as an employee.
3. Pre-attendance records – records relating to an individual’s application for admission to the University of North Florida prior to his/her actual attendance as an enrolled student in the program for which application was made. This includes records relating to an application for admission to one of the colleges within the University prior to the individual’s actual attendance as an enrolled student in that college.
4. Alumni records – records created and maintained on an individual as an alumnus/alumna of the University of North Florida.
5. Law enforcement records – records created and maintained by the University’s Division of Public Safety (including the Department of Traffic Services) which are used solely for law enforcement purposes, are maintained apart from education records, and are not disclosed to individuals other than law enforcement officials of the same jurisdiction in the exercise of that jurisdiction;
6. Health records – records of the University’s Student Health Service which are used only for the provision of medical, nursing, immunizations, psychiatric and psychological treatment, which are kept separate from education records, and which are available only to University physicians, psychiatrists, psychologists, and nurses or other recognized professionals providing treatment; provided, however, that such health records may be disclosed in health and safety emergencies. Students may have access to their files only after they have produced a picture I.D. such as a driver’s license and signed a release stating what records are being requested. In addition, a student may designate a physician or other appropriate professional as his/her agent for purposes of review. Student Health Services will only release medical records if a student mails or faxes a written release which must include their name, social security number and signature.
7. Career Development records – records created and maintained by Career Development which are used for the purposes of employment and recruitment and disclosed only by permission of the student whose name and identification are presented on the documents. “Employment packet” for Education students requires written consent from the student. Students completing the Career Development “registration desk” for purposes of on-campus recruiting and resume referrals record permission on a candidate information screen which will release or suppress their information from being obtained from the Career Development database. These records are maintained for one year and are purged (if not updated) from that date. Students may have access to these files but are restricted from removing original information from Career Development.
8. Personal Counseling records – records created and maintained by Personal Counseling which are used solely for the provision of mental health services and in compliance with the requirements of the Sections 490.0148 and 491.0148, F.S., prescribing minimum record keeping requirements. Records are maintained apart from education records, and are not disclosed to any individual without a written waiver by the student or student’s authorized representative or by issuance of a court order or subpoena.
9. Other information, files, or other data which do not permit the personal identification of a student.
(d) Personal identifier – any data or information that relates a record to an individual. This includes the individual’s name, the name of the individual’s parents, or other family members, the individual’s address, the individual’s social security number and any other number or symbol which identifies the individual, a list of the individual’s personal characteristics, or any other information which would make the individual’s identity known and can be used to label a record as the individual’s record.
(e) Directory Information – includes the student’s name, address, telephone number if it is a listed number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student.
3. The University shall provide notification annually to students of their rights relating to education records, including the right to file complaints, the procedures to be followed in order to exercise such rights, the types of information entered in the education records maintained by the University, and the University’s policy to support the law. Notifications are published in the University catalog, the Student Handbook, the Fall semester class schedule, and as a brochure available in the Office of Records & Registration.
4. Policies and Procedures for Access and Release. Personally identifiable information contained in student education records shall be released, or open for inspection only to the student, or parents of dependent students as defined in Section 152 of the Internal Revenue Code of 1986. “Personally identifiable” means that the data or information includes the name of the student, the student’s parent, or other family member, the address of the student, a personal identifier such as the student’s social security number or a student number, a list of personal characteristics which would make the student’s identity easily traceable or other information which would make the student’s identity traceable. The custodian of the records shall require the student, or parents of the student when applicable, requesting access to or release of the records to present proper identification such as a valid driver’s license or passport. The request must be in writing and signed by the person seeking access or release. A copy of the request for access or release shall be retained in the student’s file. The custodian shall have thirty (30) days in which to comply with the request. When the record includes information on more than one student, the custodian shall release, or permit access to only that
part of the record which relates to the student who is the subject of the request. Students requesting the release to others of personally identifiable information contained in the student’s education records must provide the custodian of such records with a signed, written request specifying the information to be released, the purpose(s) for such release, and the person or organization to whom such information shall be released. A copy of all requests for access and release shall be retained by the custodian of the records and shall be available for inspection and review by the student or a parent. The University reserves the right to deny a request for copies of education records made by a student or a parent when there is a financial obligation to the University which has not been satisfied or when there is an unresolved disciplinary action pending against the student.

(5) The University will charge the following fees for furnishing copies of student records and reports, or any material included therein:

(a) Copies of official transcripts – The first 5 copies are free and each additional copy is $5.00. Charge for unofficial transcripts is the same charge as for any other educational record. The University may charge actual administrative costs incurred for search, retrieval and mailing.

(b) Copies of all other educational records – Fifteen cents ($.15) per page for copying, plus any administrative costs incurred for search, retrieval and mailing.

(6) Categories and Custodians of Records. Responsibility for custody of all student records belongs to the vice president or designated University official in charge of the area in which the records are maintained. The following categories of student records are maintained by the University and are kept under the supervision and control of the designated custodian(s):

(a) Cumulative Academic Records are maintained by the Director of Records and Registration.

(b) Law Enforcement Records are maintained by the Director, University Public Safety.

(c) Placement Records are maintained by the Director, Career Development.

(d) Continuing Education Records are maintained by Dean of Continuing Education.

(e) Housing records are maintained by the Director of University Housing.

(f) Disciplinary Records are maintained in the Office of the Vice President for Student Affairs.

(g) Personal Non-Academic Counseling records are maintained by the Director, Personal Counseling.

(h) Student Financial Aid records are maintained by the Director, Student Financial Aid.

(i) International Student Records are maintained in the:
   1. Division of Academic Affairs, Office of International Programs, and
   2. Division of Student Affairs, Office of Minority and International Student Affairs.

(j) Academic Advisement records are maintained in each college in the appropriate academic advisement office. Additionally, academic advisement records may be maintained by departments for students who are majoring in fields of study taught by the department.

(k) Cooperative Education records are maintained by the Director of Experiential Learning.

(l) Employment records are maintained by the Director, Office of Human Resources.
