The purpose of this element is to ensure provision of public and private housing facilities on the university campus and within the host community adequate to meet the needs of the projected university enrollment.

(1) HOUSING DATA REQUIREMENTS. This element shall be based on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.
(a) An inventory of the total number of existing beds provided by the university on-campus for undergraduate student use.
(b) An inventory of the total number of existing beds, by type, provided on-campus for graduate students.
(c) An inventory of the total number of existing housing units, by type, provided on-campus for married students.
(d) An inventory of other existing student housing provided on-campus (i.e., fraternities and sororities, etc.), identifying numbers of beds provided in each such facility.
(e) An inventory of historically significant housing on campus.
(f) A description of the existing types of housing provided on campus (apartment, dormitory, suites, etc.).
(g) An inventory of any university provided housing located off-campus, identifying number of beds, types of units and whether the facilities are rented or owned by the university.
(h) Estimates of the number of undergraduate, graduate and married students housed on-campus, and in university facilities located off-campus.
(i) Estimates of the number of full-time students housed off-campus in non-university provided rental housing and the number of rental housing units occupied.
(j) An inventory of the host community’s rental housing supply by rental range as described in the host community’s comprehensive plan or other best available data.

(2) HOUSING ANALYSIS REQUIREMENTS. This element shall be based upon the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.
(a) An analysis of existing university policies regarding the percentage of students for which on-campus housing is provided.
(b) A projection of the number of students to be housed on-campus in university-provided facilities based on the existing policies for provision of on-campus housing. This projection shall include a description of handicap-accessible beds/units.
(c) A projection of the numbers of students to be housed in non-university provided facilities on-campus (fraternities, sororities, etc.).
(d) An analysis of the existing housing provided on campus.
(e) An estimate of the number of additional on-campus housing units, by type, necessary to meet the needs described in subparagraph (2)(a) (apartment, suite, dormitory, etc.).
(f) An analysis of potential on-campus sites and of the capacity of these sites (beds).
(g) A projection of the number of students that will be housed off-campus in facilities provided by others (private market housing).
(h) An assessment of the student impacts on the occupancy of the host community’s rental stock.

(3) REQUIREMENTS FOR HOUSING GOALS, OBJECTIVES AND POLICIES.
(a) The element shall contain one or more goals for the provision of student housing on and off-campus during the planning period.
(b) The element shall contain one or more objectives for each goal which address:
   1. Ensuring the availability of an adequate supply (both on-campus and off-campus) of affordable housing units and support facilities in close proximity to the campus to meet the projected need for student housing; and
   2. The elimination of substandard student housing and the structural (electrical, mechanical, plumbing, etc.) and aesthetic improvement of existing student housing.
(c) The element shall contain one or more policies for each objective which:
   1. Define the number and type (graduate, undergraduate, married, etc.) of students to be housed on-campus and off-campus;
   2. Identify the appropriate locations for the various types of on-campus housing to be provided in the future;
   3. Describe the timing or phasing requirements for renovation, repair and/or demolition of existing university provided housing facilities;
   4. Establish procedures and priorities for the allocation of funding for on-campus housing facilities;
   5. Establish procedures for provision of privately developed housing on the university campus;
   6. Establish procedures for coordination with the host community regarding issues related to off-campus student housing (may include security, traffic, transit, etc.);
   7. Establish procedures for the provision of support facilities required in conjunction with future housing (may include parking, student activities and recreation, etc.); and
   8. Preserve and protect historically significant housing.
(d) The Housing Element shall be described, at a minimum, in the Housing Element Map and explanatory text. This map along with companion text shall define the location, size/capacity and character of proposed future housing facilities on the campus and in the context area. The map and text shall be accompanied by explanatory tabular information as required.

Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(3) FS. History–New 2-15-94.
6C-21.207 General Infrastructure Element.
The purpose of this element is to ensure the provision of adequate capacity for stormwater management, potable water, sanitary sewer and treatment, and solid waste facilities required to meet the future needs of the university. The General Infrastructure Element shall consist of a Stormwater Management Sub-Element, a Sanitary Sewer Sub-Element, a Potable Water Sub-Element, and a Solid Waste Sub-Element.

(1) STORMWATER MANAGEMENT DATA REQUIREMENTS. This sub-element shall be based, at a minimum, on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.
   (a) An inventory of all public and private facilities and natural features which provide stormwater management for the campus, including detention and retention structures, storm drainage pipe systems, natural stream channels, rivers, lakes, wetlands, etc., (map, narrative).
   (b) For facilities shared with the host community, a description of the proportional capacity of the facility required to meet existing university needs, including a description of any capacity that may have been previously allocated to the university by the host community.
   (c) The following data shall be included for the stormwater management facilities identified in subparagraph (1)(a):
      1. The entity having operational responsibility for the facility;
      2. The geographic service area of the facility and the predominant types of land uses served by the facility;
      3. The design capacity of the facility;
      4. The current demand on the capacity of the facility; and
      5. The level of service provided by the facility.
   (d) Major natural stormwater management and hydrological features shall be identified and included on a map.

(2) STORMWATER MANAGEMENT ANALYSIS REQUIREMENTS. This sub-element shall be based upon the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.
   (a) A facility capacity analysis, by geographic service area, indicating capacity surpluses and deficiencies for:
      1. Existing conditions, based on the facility design capacity and the current demand on facility capacity; and
      2. The end of the planning time frame, based on the projected demand at current level of service standards for the facility, projected student populations and land use distributions, and any available existing surplus facility capacity.
   (b) The general performance of existing stormwater management facilities, evaluating the adequacy of the current level of service provided by the facility, the general condition and expected life of the facility, and the impact of the facility upon adjacent natural resources.
   (c) An analysis of the problems and opportunities for stormwater management facility expansion or replacement to meet projected needs of the university.
   (d) Existing regulations and programs which govern land use and development of natural drainage features shall be analyzed, including the strengths and deficiencies of those programs and regulations in maintaining the functions of natural stormwater management features.

(3) REQUIREMENTS FOR STORMWATER MANAGEMENT GOALS, OBJECTIVES AND POLICIES.
   (a) The sub-element shall contain one or more goal statements for accommodating future university stormwater management requirements.
   (b) The sub-element shall contain one or more objectives for each goal which address:
      1. Correcting existing stormwater management facility deficiencies;
      2. Coordinating the provision of increased facility capacity to meet future needs of the university; and
      3. Protecting the functions of natural stormwater management and hydrological areas.
   (c) The element shall contain one or more policy statements for each objective which:
      1. Establish the levels of service to be used by the university in establishing stormwater management standards for stormwater quantity and quality;
      2. Establish priorities for replacement, correcting existing stormwater management facility deficiencies, and providing for future facility needs;
      3. Coordinate the provision of on and off-campus stormwater management facilities required to meet future university needs with the local government or appropriate service provider;
      4. Ensure that future stormwater management facility service capacity and capital improvements required to meet future university needs are provided when required, based on needs identified in other master plan elements;
      5. Establish administrative, operational and other procedures to mitigate impacts of university-generated stormwater; and
      6. Establish the timing or phasing requirements for stormwater management facility improvements to meet future university needs.
   (d) The Stormwater Management Sub-Element shall be described, at a minimum, in the General Infrastructure Element Map(s) and explanatory text. This map, along with companion narrative shall identify the location and size of the proposed general infrastructure distribution and collection system lines, treatment facilities and general facilities. The map and text shall be accompanied by explanatory tabular information as required.

(4) POTABLE WATER DATA REQUIREMENTS. This sub-element shall be based on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.
(a) An inventory of existing potable water facilities on the campus (map, narrative) indicating location and sizes of main distribution lines.

(b) For facilities shared with the host community, a description of the proportional capacity of the facility required to meet existing university needs, including a description of any capacity that may have been previously allocated to the university by the host community.

(c) The following data shall be included for the potable water facilities identified in subparagraph (1)(a):
1. The entity having operational responsibility for the facility;
2. The geographic service area of the facility and the predominant types of land uses served by the facility;
3. The design capacity of the facility;
4. The current demand on the capacity of the facility; and
5. The level of service provided by the facility.

(d) Major potable water and hydrological features shall be identified and included on a map.

(5) POTABLE WATER ANALYSIS REQUIREMENTS. This sub-element shall be based upon the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.

(a) A facility capacity analysis, by geographic service area, indicating capacity surpluses and deficiencies for:
1. Existing conditions, based on the facility design capacity and the current demand on facility capacity; and
2. The end of the planning time frame, based on the projected demand at current level of service standards for the facility, projected student populations and land use distributions, and any available existing surplus facility capacity.

(b) The general performance of existing potable water facilities, evaluating the adequacy of the current level of service provided by the facility, the general condition and expected life of the facility, and the impact of the facility upon adjacent natural resources.

(c) An analysis of the problems and opportunities for potable water facility expansion or replacement to meet projected needs of the university.

(d) A description of the campus underground hydrology, including its potential for use as a potable water source.

(e) An analysis of existing local, state and federal regulations governing potable water systems.

(6) REQUIREMENTS FOR POTABLE WATER GOALS, OBJECTIVES AND POLICIES.

(a) The sub-element shall contain one or more goal statements for accommodating future university potable water requirements.

(b) The sub-element shall contain one or more objectives for each goal which address:
1. Correcting existing potable water facility deficiencies;
2. Coordinating the provision of increased facility capacity to meet future needs of the university; and
3. Protecting and conserving potable water sources.

(c) The element shall contain one or more policy statements for each objective which:
1. Establish the levels of service to be used by the university in establishing potable water supply requirements;
2. Establish priorities for replacement, correcting existing potable water facility deficiencies, and providing for future facility needs;
3. Coordinate the provision of on and off-campus potable water facilities required to meet future university needs with the local government or appropriate service provider;
4. Ensure that future potable water facility service capacity and capital improvements required to meet future university needs are provided when required, based on needs identified in other master plan elements;
5. Establish administrative, operational and other procedures to conserve water and thereby minimize future potable water requirements of the university; and
6. Establish the timing or phasing requirements for potable water facility improvements to meet future university needs.

(d) The Potable Water Sub-Element shall be described, at a minimum, in the General Infrastructure Element Map(s) and explanatory text. This map, along with companion narrative shall identify the location and size of the proposed general infrastructure distribution and collection system lines, treatment facilities and generation facilities. The map and text shall be accompanied by explanatory tabular information as required.

(7) SANITARY SEWER DATA REQUIREMENTS. This sub-element shall be based on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.

(a) An inventory of the existing sanitary sewer systems on the campus (map, narrative) indicating location and sizes of main collection lines.

(b) For facilities shared with the host community, a description of the proportional capacity of the facility required to meet existing university needs, including a description of any capacity that may have been previously allocated to the university by the host community.

(c) The following data shall be included for the sanitary sewer facilities identified in subparagraph (1)(a):
1. The entity having operational responsibility for the facility;
2. The geographic service area of the facility and the predominant types of land uses served by the facility;
3. The design capacity of the facility;
4. The current demand on the capacity of the facility; and
5. The level of service provided by the facility.

(d) Major sanitary sewer facilities shall be identified and included on a map.

(8) SANITARY SEWER ANALYSIS REQUIREMENTS. This sub-element shall be based upon the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.
   (a) A facility capacity analysis, by geographic service area, indicating capacity surpluses and deficiencies for:
      1. Existing conditions, based on the facility design capacity and the current demand on facility capacity; and
      2. The end of the planning time frame, based on the projected demand at current level of service standards for the facility, projected student populations and land use distributions, and any available existing surplus facility capacity.
   (b) The general performance of existing sanitary sewer facilities, evaluating the adequacy of the current level of service provided by the facility, the general condition and expected life of the facility, and the impact of the facility upon adjacent natural resources.
   (c) An analysis of the problems and opportunities for sanitary sewer facility expansion or replacement to meet projected needs of the university.
   (d) An analysis of existing local, state and federal regulations governing sanitary sewer collection and treatment systems.

(9) REQUIREMENTS FOR SANITARY SEWER GOALS, OBJECTIVES AND POLICIES.
   (a) The sub-element shall contain one or more goal statements for accommodating future university sanitary sewer requirements.
   (b) The sub-element shall contain one or more objectives for each goal which address:
      1. Correcting existing sanitary sewer facility deficiencies; and
      2. Coordinating the provision of increased facility capacity to meet future needs of the university.
   (c) The sub-element shall contain one or more policy statements for each objective which:
      1. Establish the levels of service to be used by the university in establishing sanitary sewage collection and treatment facility requirements;
      2. Establish priorities for replacement, correcting existing sanitary sewer facility deficiencies, and providing for future facility needs;
      3. Coordinate the provision of on and off-campus sanitary sewer facilities required to meet future university needs with the local government or appropriate service provider;
      4. Ensure that future sanitary sewer facility service capacity and capital improvements required to meet future university needs are provided when required, based on needs identified in other master plan elements; and
      5. Establish the timing or phasing requirements for sanitary sewer facility improvements to meet future university needs.
   (d) The Sanitary Sewer Sub-Element shall be described, at a minimum, in the General Infrastructure Element Map(s) and explanatory text. This map, along with companion narrative, shall identify the location and size of the proposed general infrastructure distribution and collection system lines, treatment facilities and generation facilities. The map and text shall be accompanied by explanatory tabular information as required.

(10) SOLID WASTE DATA REQUIREMENTS. This sub-element shall be based on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.
   (a) An inventory of the existing solid waste collection and disposal systems on the campus (map, narrative) including facilities for the storage and/or disposal of hazardous and medical wastes.
   (b) The amount of solid waste generated by the university.
   (c) For facilities shared with the host community, a description of the proportional capacity of the facility required to meet existing university needs, including a description of any capacity that may have been previously allocated to the university by the host community.
   (d) The following data shall be included for the solid waste collection and disposal facilities identified in subparagraph (1)(a):
      1. The entity having operational responsibility for the facility;
      2. The geographic service area of the facility and the predominant types of land uses served by the facility;
      3. The design capacity of the facility;
      4. The current demand on the capacity of the facility; and
      5. The level of service provided by the facility.
   (e) Major solid waste collection and disposal facilities shall be identified and included on a map.

(11) SOLID WASTE ANALYSIS REQUIREMENTS. This sub-element shall be based upon the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.
   (a) A facility capacity analysis, by geographic service area, indicating capacity surpluses and deficiencies for:
      1. Existing conditions, based on the facility design capacity and the current demand on facility capacity; and
      2. The end of the planning time frame, based on the projected demand at current level of service standards for the facility, projected student populations and land use distributions, and any available existing surplus facility capacity.
   (b) The general performance of existing solid waste collection and disposal facilities, evaluating the adequacy of the current level of service provided by the facility, the general condition and expected life of the facility, and the impact of the facility upon adjacent natural resources.
(c) An analysis of the problems and opportunities for solid waste collection and disposal facility expansion or replacement to meet projected needs of the university.

(d) An analysis of existing local, state and federal regulations governing solid waste collection and disposal systems.

(e) An assessment of opportunities or available and practical technologies for the reduction, recycling and re-use of solid waste generated by the university.

(f) An analysis of the terms of any agreements for the collection and/or disposal of university-generated solid waste, including allocated capacity and duration of service. Identify any future limitations on university development resulting from these factors.

(12) REQUIREMENTS FOR SOLID WASTE GOALS, OBJECTIVES AND POLICIES.

(a) The sub-element shall contain one or more goal statements for accommodating future university solid waste collection and disposal requirements.

(b) The sub-element shall contain one or more objectives for each goal which address:
   1. Correcting existing solid waste collection and disposal facility deficiencies; and
   2. Coordinating the provision of increased facility capacity to meet future needs of the university.

(c) The element shall contain one or more policy statements for each objective which:
   1. Establish the levels of service to be used by the university in establishing solid waste collection and disposal facility requirements;
   2. Establish priorities for replacement, correcting existing solid waste collection and disposal facility deficiencies, and providing for future facility needs;
   3. Coordinate the provision of on and off-campus solid waste collection and disposal facilities required to meet future university needs with the local government or appropriate service provider;
   4. Ensure that future solid waste collection and disposal facility service capacity and capital improvements required to meet future university needs are provided when required, based on needs identified in other master plan elements; and
   5. Establish the timing or phasing requirements for solid waste collection and disposal facility improvements to meet future university needs.

(d) The Solid Waste Sub-Element shall be described, at a minimum, in the General Infrastructure Element Map(s) and explanatory text. This map, along with the companion narrative shall identify the location and size of the proposed general infrastructure distribution and collection system lines, treatment facilities and generation facilities. The map and text shall be accompanied by explanatory tabular information as required.

Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(3) FS. History–New 2-15-94.

6C-21.208 Conservation Element.

The purpose of this element is to ensure the conservation, protection and wise use of all natural ecosystems and natural resources on the university campus and in the context area.

(1) CONSERVATION DATA REQUIREMENTS. This element shall be based on an inventory of existing natural and environmental resources, where present on the university campus and within the context area.

(2) CONSERVATION ANALYSIS REQUIREMENTS. This element shall be based upon the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), FA.C.

(a) For each of the resources identified in subparagraph (1)(a) identify existing commercial, recreational, or conservation uses.

(b) For each of the resources identified in subparagraph (1)(a), assess the available and practical opportunities and methods for protection or restoration of those resources on university property.

(c) For each of the resources identified in subparagraph (1)(a), identify known sources and rates of discharge or generation of pollution.

(d) For each of the resources identified in subparagraph (1)(a), assess opportunities or available and practical technologies to minimize pollution or its impacts generated by university activities.

(e) An analysis of current and projected water needs and sources, based on the demand for industrial, agricultural and potable water use and the quantity and quality available to meet those demands.

(f) An assessment of opportunities or available and practical technologies to reduce university energy consumption. Investigation of emerging technologies (i.e., solar) to address this issue is encouraged.

(3) REQUIREMENTS FOR CONSERVATION GOALS, OBJECTIVES AND POLICIES.

(a) The element shall contain one or more goals establishing the long-term end toward which conservation programs are directed.

(b) The element shall contain one or more objectives for each goal which:
   1. Protect or improve air quality;
   2. Conserve, appropriately use, and protect the quantity and quality of current and projected water sources (including groundwater and surface water);
   3. Conserve, appropriately use, and protect native vegetative communities and wildlife habitat; and
   4. Conserve and appropriately use energy.

(c) The element shall contain one or more policies for each objective which address implementation activities that:
1. Protect water quality and quantity by restricting university activities which contaminate groundwater sources such as wellfields, cones of influence or recharge areas;
2. Protect native vegetative communities from destruction by university development activities;
3. Restrict university activities known to threaten the habitat and survival of endangered and threatened plant and wildlife species and species of special concern;
4. Improve control of, or restrict or minimize university activities which generate air pollution;
5. Minimize stormwater-borne pollutants generated as a result of university operations and maintenance practices;
6. Protect and conserve the natural functions of soils, rivers, floodplains and wetlands;
7. Encourage recycling;
8. Designate environmentally sensitive lands for protection based on state and locally determined criteria;
9. Manage hazardous wastes to protect natural resources; and
10. Establish administrative, operational, and other procedures to conserve energy and minimize future demand.

(d) The Conservation Element shall be described, at a minimum, in the Conservation Element Map and explanatory text. This map along with companion text shall describe the natural resource conservation and protection areas planned on the university campus. The map and text shall be accompanied by explanatory tabular information as required.

Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(3), 253.034(4) FS. History–New 2-15-94.

6C-21.209 Recreation and Open Space Element.
The purpose of this element is to ensure the provision of adequate and accessible recreation facilities and open space to meet the future needs of the university.

(1) RECREATION AND OPEN SPACE DATA REQUIREMENTS. This element shall be based on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.
(a) An inventory of all existing privately-owned, state owned, or local government-owned recreational facilities and open spaces within the context area.
(b) An inventory of all university-owned or managed recreational sites, open spaces, incidental recreation facilities, parks, lakes, forests, reservations, freshwater or saltwater beaches.
(c) A description of the level of service standard(s) established by the host community for each type of recreation facility described in the comprehensive plan of the jurisdiction.
(d) A description of any university-owned recreational facilities or open spaces that have been incorporated in the Recreational and Open Space Element of the host community’s comprehensive plan.

(2) RECREATION AND OPEN SPACE ANALYSIS REQUIREMENTS. This element shall be based upon the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.
(a) An analysis of the projected needs for recreation and open space facilities required to meet the needs of the projected university population (students, faculty and staff) based on university standards and calculations or established level of service standards.
(b) An assessment of the adequacy of the existing recreational facilities and open spaces to meet the future needs of the university (on-campus, and off-campus), including a description of the extent to which off-campus facilities may meet some or all of the university projected needs.
(c) An assessment of opportunities for alternative future facility siting in order to conserve the supply and character of campus open space.
(d) An analysis of planned future recreation and open space facilities, as adopted by the host community in their comprehensive plan or other best available data.

(3) REQUIREMENTS FOR RECREATION AND OPEN SPACE GOALS, OBJECTIVES AND POLICIES.
(a) The element shall contain one or more goals for recreation and open space facilities.
(b) The element shall contain one or more objectives for each goal which:
1. Coordinate public and private resources to meet the projected demand for recreational facilities and open space; and
2. Ensure that parks, recreational facilities and open space are adequately and efficiently provided.
(c) The element shall contain one or more policy statements which:
1. Establish priorities for development of future recreation and open space facilities;
2. Establish the timing or phasing requirements for development of future athletic, recreation and open space facilities;
3. Select sites for infrastructure and buildings designed to maximize the retention of campus open space;
4. Coordinate provision of recreation and open space facilities on-campus with those provided off-campus by the host facility;
5. Correct or improve existing deficiencies in parks and recreation facilities; and
6. Designate or acquire open space and natural reservations.
(d) The Recreation and Open Space Element shall be described at a minimum in the Recreation and Open Space Element Map and explanatory text. This map and companion text and tabular data shall define the location, size and function of proposed future recreation and open space facilities on the campus. The map and text shall be accompanied by explanatory tabular information as required.
6C-21.210 Intergovernmental Coordination Element.

The purpose of this element is to identify and resolve incompatible goals, objectives, policies and development proposed in campus master plans and to determine and respond to the needs for coordination processes and procedures with adjacent local governments, and regional and state agencies. Intergovernmental coordination shall be utilized to the extent required to carry out the provisions of this chapter.

1. INTERGOVERNMENTAL COORDINATION DATA REQUIREMENTS. This element shall be based on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.

   (a) An inventory of all host and affected local governments, and other units of local government providing services but not having regulatory authority over the use of land, independent special districts, water management districts, regional planning councils, and state agencies with which the university coordinates, or which provide services to the university. This inventory shall also include regional or state agencies with land use or environmental regulatory authority, and authorities, independent special districts, and utility companies which provide services to the university.

   (b) For each entity listed in subparagraph (1)(a), the element shall briefly describe the existing coordination mechanisms indicating the subject, the nature of the relationship and the office with primary responsibility for coordination.

2. INTERGOVERNMENTAL COORDINATION ANALYSIS REQUIREMENTS. The element shall be based on the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.

   (a) The effectiveness of existing coordination mechanisms described in subparagraph (1)(b), such as intergovernmental agreements, joint planning and service agreements, special legislation and joint meetings or work groups which are used to further intergovernmental coordination.

   (b) Specific problems and needs within each of the campus master plan elements which would benefit from improved or additional intergovernmental coordination and means for resolving those problems and needs.

   (c) Growth and development proposed in comprehensive plans in the context area in order to evaluate the needs for additional planning coordination.

3. REQUIREMENTS FOR INTERGOVERNMENTAL COORDINATION GOALS, OBJECTIVES, AND POLICIES.

   (a) The element shall contain one or more goal statements which establish the long-term end toward which intergovernmental coordination activities are ultimately directed.

   (b) The element shall contain one or more specific objectives for each goal which:

      1. Coordinate the campus master plan with the plans of other units of local government providing services but not having regulatory authority over the use of land, and the comprehensive plans of host and affected local governments;
      2. Ensure that the university addresses through coordination mechanisms, the impacts of development proposed in the campus master plan upon development in the context area; and
      3. Ensure coordination in establishing level of service standards for public facilities with any state, regional or local entity having operational and maintenance responsibility for such facilities.

   (c) The element shall contain one or more policies for each objective which shall address programs, activities, or procedures for:

      1. The coordination of planning activities mandated by the various elements of the campus master plan with host and affected local governments, other units of local government providing services but not having regulatory authority over the use of land, the region and the state;
      2. Resolving conflicts with host and affected local governments through informal mediation processes;
      3. The provision of services and information; and
      4. Reviewing the relationship of proposed campus development to the existing comprehensive plans of host and affected local governments.

4. INTERGOVERNMENTAL COORDINATION PROCESS.

   (a) The Intergovernmental Coordination Element shall establish a development review process, to be implemented in conjunction with host and affected local governments, to assess the impacts of proposed development on significant local, regional and state resources and facilities. This shall be a reciprocal process whereby local officials are given an opportunity to review proposed campus development in order to assess its potential impacts on local, regional and state resources and facilities, and whereby university officials are given an opportunity to review proposed development within the context area in order to assess its potential impacts on university resources and facilities. This development review process shall include the following provisions:

      1. Except when otherwise stated in Section 240.155, Florida Statutes, the provisions of the campus master plan and associated campus development agreement supersed the requirements of part II of Chapter 163, Florida Statutes;
      2. Once the campus development agreement is executed, all campus development may proceed without further review by the host local government if it is consistent with the adopted campus master plan and associated campus development agreement;
      3. University officials shall participate and cooperate with local officials in the review of proposed development within the context area to assess potential impacts on university resources and facilities; and
      4. University officials shall participate and cooperate with local officials in the review of proposed campus development to assess potential impacts on local, regional and state resources and facilities until execution of the campus development agreement.
(b) The Intergovernmental Coordination Element shall establish a process for mitigating impacts identified during the development review process. This mitigation process shall include provisions that university officials shall participate and cooperate with local officials in the identification of appropriate strategies to mitigate the impacts of campus development on local, regional and state resources and facilities, and to mitigate the impacts of proposed development within the context area on university resources and facilities.

(c) The Intergovernmental Coordination Element shall include a provision that any dispute between the university and a host or affected local government regarding the assessment or mitigation of impacts shall be resolved in accordance with the process established in subsection 240.155(8), Florida Statutes.

Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(3), (8) FS. History—New 2-15-94.

6C-21.211 Capital Improvements Element.

The purpose of this element is to evaluate the need for public facilities as identified in other campus master plan elements; to estimate the cost of improvements for which the university has fiscal responsibility; to analyze the fiscal capability of the university to finance and construct improvements; to adopt financial policies to guide the funding of improvements; and to schedule the funding and construction of improvements in a manner necessary to ensure that capital improvements are provided when required based on needs identified in the other campus master plan elements.

(1) CAPITAL IMPROVEMENTS DATA REQUIREMENTS. This element shall be based on the following data requirements, pursuant to subsection 6C-21.203(2), F.A.C.

(a) The element shall be based on the facility needs as identified in the other elements and shall support the future needs as identified in the future land use element.

(b) An inventory of existing and anticipated revenue sources and funding mechanisms available for capital improvement financing, such as ad valorem funds, state funds, federal funds, bonds, impact fees, gas tax, etc.

(c) An inventory of operations and maintenance costs for existing facilities.

(2) CAPITAL IMPROVEMENTS ANALYSIS REQUIREMENTS. The element shall be based on the following analyses which support the campus master plan pursuant to subsection 6C-21.203(2), F.A.C.

(a) An analysis of current university practices that guide the timing and location of construction, extensions or increases in the capacity of university facilities.

(b) An estimate of the cost of each of the on-campus capital improvements identified in the other plan elements, including consideration of inflation factors and the relative priority of need ranking.

(c) An estimate of the cost of future capital improvements that may be required off the university campus to support the future infrastructure and traffic functions of the university.

(d) A description of the basis of the cost estimates.

(e) An assessment of the university’s ability to finance capital improvements.

(f) An analysis comparing the host community’s and university’s cost estimates for future improvements generated by university infrastructure impacts.

(3) REQUIREMENTS FOR CAPITAL IMPROVEMENTS GOALS, OBJECTIVES AND POLICIES.

(a) The element shall contain one or more goal statements which establish the long-term end for the timely and efficient provision of capital facilities through the use of sound fiscal policies.

(b) The element shall contain one or more objectives for each goal and shall address:

1. The coordination of land use decisions and available or projected fiscal resources with a schedule of capital improvements which maintains level of service standards as adopted in the campus master plan and meets existing and projected facility needs;

2. The demonstration of the university’s ability to provide or require provision of the needed improvements identified in the other elements and to manage the expansion or improvement process so that facility needs do not exceed the ability of the university to fund and provide provision of the needed capital improvements; and

3. The use of the capital improvements element as a means to meet the needs of the university for the construction of capital facilities to correct existing deficiencies, to accommodate desired future growth, and to replace worn-out or obsolete facilities.

(c) The element shall contain one or more policies for each objective which address programs and activities for:

1. The establishment of criteria used to evaluate and prioritize capital improvement projects;

2. Provisions for the replacement and renewal of capital facilities;

3. Provisions for the availability of facilities and services needed to support facility construction, expansion or improvement concurrent with the impacts of such construction, expansion or improvement subsequent to the adoption of the master plan;

4. Provisions for the adoption of the capital budget as part of the annual budgeting process to include provisions which are consistent with the campus development agreement; and

5. Provisions for programming the future facility costs to include the cost of the site improvements, utility extensions and associated easements, parking, traffic circulation improvements, etc., necessary for the proper function of the individual facility and to include the cost of facilities necessary to support future capacity requirements.

(4) CAPITAL IMPROVEMENTS IMPLEMENTATION.

(a) The campus master plan shall contain:
1. The schedule of capital improvements for which the university has fiscal responsibility, by year, for the 3-year committed and 10-year projected improvements, which shall reflect the need to reduce existing deficiencies, remain abreast of replacements, and meet future demand; and
   2. A list of projected costs and revenues by type of facility for the planning period, by year.

*Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(3) FS. History–New 2-15-94.*

**6C-21.212 Optional Elements.**
1. If the campus master plan includes optional elements pursuant to subsection 240.155(4), Florida Statutes, such elements shall be related to, and consistent with, all other elements of the campus master plan and meet the requirements specified within Rule 6C-21.203, F.A.C.
2. Optional elements must be completed and transmitted at the same time as the required portions of the campus master plan. Subsequent to initial submittal of the campus master plan, optional amendments that are added will be considered amendments to the campus master plan.
3. Optional elements are not subject to review under this chapter.

*Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(4) FS. History–New 2-15-94.*

**6C-21.213 Campus Master Plan Consistency With the State Comprehensive Plan and Not in Conflict With Local Government Comprehensive Plans.**
1. Each campus master plan shall be consistent with the State Comprehensive Plan and not in conflict with the adopted comprehensive plans of the host local government and any affected local governments. A campus master plan is consistent with the State Comprehensive Plan if the master plan is compatible with and furthers such plan.
2. The term “compatible with” means that the campus master plan is not in conflict with the State Comprehensive Plan or appropriate local government comprehensive plans. The term “furthers” means to take action in the direction of realizing goals or policies of the state or local plans.
3. A campus master plan is in conflict with the adopted comprehensive plans of the host local government and any affected local governments if the master plan promotes an intrinsic or essential lack of harmony with the local government comprehensive plan.
4. For the purpose of determining whether campus master plans are consistent with the State Comprehensive Plan and not in conflict with appropriate local comprehensive plans, the state or local plan shall be construed as a whole and no specific goal and policy shall be construed or applied in isolation from other goals or policies in the plans.
5. Each campus master plan shall address State Comprehensive Plan goals and policies which are relevant to the circumstances or conditions in its jurisdiction. The decision regarding which particular State Comprehensive Plan goals and policies will be furthered by the expenditure of a university’s financial resources in any given year is a decision which rests with the Board of Regents.

*Specific Authority 240.209(1), (3)(q), 240.155(22) FS. Law Implemented 240.155(5) FS. History–New 2-15-94.*
6C1 UNIVERSITY OF FLORIDA

CHAPTER 6C1-1 GENERAL

6C1-1.001 University of Florida; Organization. (Repealed)
6C1-1.002 University of Florida; Petition to Initiate Rulemaking Proceeding. (Repealed)
6C1-1.003 University of Florida; Declaratory Statements by University. (Repealed)
6C1-1.004 University of Florida; Hearings, Presentation of Arguments, Presentation of Evidence, Indexing, Management and Availability of Final Orders. (Repealed)
6C1-1.005 University of Florida; Clerk of the University; Service of Papers. (Repealed)
6C1-1.006 University of Florida; Non-Discrimination Policy.
6C1-1.0062 University of Florida; Affirmative Action; Complaints and Appeal Procedures for Academic Personnel (AP), Technical, Executive, Administrative and Managerial Support (TEAMS) Staff Members, and University Support Personnel System (USPS) Employees.
6C1-1.0063 University of Florida; Affirmative Action; Complaints and Appeal Procedures for Academic Personnel (AP), Technical, Executive, Administrative and Managerial Support (TEAMS) Staff Members, and University Support Personnel System (USPS) Employees.
6C1-1.007 University of Florida; Code of Penalties.
6C1-1.008 University of Florida; Disruptive Behavior.
6C1-1.009 University of Florida; Employment of Relatives.
6C1-1.010 University of Florida; Disclosure of Specified Interests. (Repealed)
6C1-1.0101 University of Florida; Policy for Dealing with Conduct in Research.
6C1-1.011 University of Florida; Disclosure and Regulation of Outside Activities and Financial Interests.
6C1-1.012 University of Florida; Tuition-Free Courses.
6C1-1.013 University of Florida; Annual Salary Equity Study. (Repealed)

6C1-1.015 University of Florida; Community Campaign.
6C1-1.016 University of Florida; Admissions.
6C1-1.017 University of Florida; Separations From Employment and Layoff.
6C1-1.018 University of Florida; Works and Inventions.
6C1-1.019 University of Florida; Limited Access Records.
6C1-1.051 University of Florida; Records Management and University Archives. (Repealed)
6C1-1.100 University of Florida; General Personnel Policy.
6C1-1.101 University of Florida; Compensation.
6C1-1.200 University of Florida; Benefits, Retirement Programs, Employment Services, and Holidays.
6C1-1.201 University of Florida; Leaves.
6C1-1.300 University of Florida; Direct Support Organizations.

6C1-1.006 University of Florida; Non-Discrimination Policy.

(1) The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, marital status, national origin, political opinions or affiliations, and veteran status as protected under the Vietnam Era Veterans’ Readjustment Assistance Act. This commitment applies in all areas to students, Academic Personnel (AP), Technical, Executive, Administrative, and Managerial Support (TEAMS) staff, University Support Personnel System (USPS) personnel, and Other Personnel Services (OPS) employees. The University realizes that it must continue to intensify its concern and devote itself to the elimination of conditions from which discrimination spring. In this respect the University accepts the responsibility for solving problems related to these matters. Accordingly, the University will continue to search for the most appropriate ways and means to provide an effective and enduring contribution to the improvement of these relationships.

(2) It is the policy of the University that each employee and student be allowed to work and study in an environment free from any form of discrimination. Sexual harassment is a form of sex discrimination under Title VII of the Civil Rights Act of 1964, and is conduct unbecoming a State employee as provided in Section 110.227, F.S.

(a) Sexual harassment is defined as unwelcome sexual advances, or requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct or request is made either explicitly or implicitly a term or condition of an individual’s employment or academic status,

2. Submission to or rejection of such conduct or request by an individual is used as the basis for employment or academic decisions affecting such individual, or
3. Such conduct or request has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or of creating an intimidating, hostile work-related or academic environment.

(b) Disciplinary Action.

1. Any employee or student of the University who is found to have sexually harassed another employee or applicant for employment or student will be subject to disciplinary action up to and including dismissal or expulsion.

2. Any employee or student in a supervisory capacity who has actual knowledge by direct observation or by receipt of a complaint of sexual harassment involving any of those employees he or she supervises or over whom he or she has managerial authority, and who does not investigate, and, if appropriate, take corrective action or report the matter directly to the President or the President's designee, shall be subject to disciplinary action up to and including dismissal or expulsion.

(3) Complaints and Appeal Procedures. Any employee or student who believes that he or she is a victim of discrimination, including sexual harassment as defined above, may pursue informal resolution of the complaint or may file a formal written complaint in accordance with University Rules 6C1-1.0063 and 6C1-4.012, F.A.C. Employees and students may contact the Vice Provost for Affirmative Action Programs to seek assistance in informally resolving the complaint or in filing a formal complaint or grievance.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (19) FS. History–New 2-23-82, Amended 3-6-85, Formerly 6C1-1.06, Amended 3-6-85, 11-13-90, 4-30-95, 11-25-03.

(1) Equal Employment Opportunity Policy.

(a) The University shall provide equal employment opportunities and practices for all qualified persons which conform to laws against discrimination on the basis of race, creed, religion, color, marital status, veteran status as protected under the Vietnam Era Veterans’ Readjustment Assistance Act, sex, national origin, disability, political opinions or affiliations, age, or handicap; and to promote the full realization of equal opportunity through a positive, continuing program of affirmative action which shall be aimed at enlarging and expanding the employment opportunities of qualified women and minority groups throughout the University.

(b) The University is committed to three basic goals relating to Equal Employment Opportunities:

1. The analysis of current practices and policies, and the adoption of new or revised practices and policies when necessary, to insure the establishment of specific procedures for equalizing.

2. The elimination and correction of practices and individual inequities which perpetuate or result from discrimination toward women or minority groups.

3. The intensified recruitment and consideration of women and minority groups to insure that candidates and employees with appropriate qualifications, potential, and responsibility are afforded equal opportunity for selection, training, and promotion, and are compensated without discrimination due to race, creed, color, religion, marital status, veteran status as protected under the Vietnam Era Veterans’ Readjustment Assistance Act, sex, national origin, political opinions or affiliations, age, or disability.

(c) The University shall provide for Equal Employment Opportunity by:

1. Recruiting, hiring, training, and promoting persons in all job classifications without discrimination with regard to race, creed, color, religion, veteran status as protected under the Vietnam Era Veterans’ Readjustment Assistance Act, marital status, national origin, political opinions and affiliations, sex, age, or disability, unless specific sex, age, physical or mental disabilities are bona fide occupational qualifications.

2. Insuring that employment and promotion decisions are in accord with existing criteria.

3. Insuring that all personnel actions, benefits, and programs are administered without illegal discrimination.

(2) Affirmative Action Plan for Equal Employment Opportunity – The Affirmative Action Plan for Equal Employment Opportunity, as mandated by Executive Order # 11246, implements the Equal Employment Opportunity Policy stated above. The Plan, pursuant to Rule 6C-5.900, F.A.C., is subject to annual review and change as circumstances require. The Plan contains a set of specific and result-oriented procedures to which the University commits every good faith effort, a work force analysis which identifies deficiencies in the representation of women and minority groups, and goals and timetables to correct the deficiencies and to increase the employment of women and minorities at all levels. See Section 110.112, F.S., and Rules 6C1-1.006 and 6C-5.900, F.A.C.

(3) Administrative Organization of the University’s Affirmative Action Program.

(a) The Provost is designated by the University President as the University’s Chief Administrative Officer for Affirmative Action. He or she shall have the authority and responsibility to take the steps necessary to fully implement the Plan and any changes therein, provide a continuing process for reviewing performance under the Plan, and take corrective action when needed to assure full compliance with the Plan and Rules 6C1-1.0061 and 6C1-1.0062, F.A.C. Penalties for infractions of the University’s Affirmative Action Plan or Rules shall be administered pursuant to Rule 6C1-1.007, F.A.C.

(b) The Provost shall be assisted by the Director of University Equal Opportunity Programs. He or she shall work with University personnel to insure full coordination and compliance with the Plan and Rules governing equal employment opportunity and affirmative action.
(c) The Vice Presidents shall be responsible for the implementation of an affirmative action plan as described below and shall provide assistance to the Provost and Director of University Equal Opportunity Programs.

1. The Vice President for Finance and Administration shall be responsible for implementing the Affirmative Action Plan and Rules for University Support Personnel System and Administrative and Professional Personnel, except for the position of Vice President, and positions defined as instructional faculty in Rule 6C1-7.002, F.A.C. The exceptions shall be under the jurisdiction of the President, or the appropriate Vice President as described in 2. below.

2. The Vice Presidents for Academic Affairs, Agriculture and Natural Resources, and Health Affairs shall be responsible for implementing the Affirmative Action Plan and Rules for faculty and graduate students in his/her area of supervision and insuring that the Divisions, Colleges and units therein comply with same. Each Vice President shall appoint an Affirmative Action Officer for his/her respective area.

(d) Affirmative Action Officers shall serve as liaison between the divisions, colleges, deans and/or directors, and assist the Vice President in matters concerning affirmative action. These officers shall also serve on the Affirmative Action Technical Committee (Vice Presidential level) which shall be chaired by the Director of University Equal Opportunity Programs.

(e) Each Dean or Director shall appoint an Equal Opportunity Officer to serve as liaison between the Affirmative Action Officer for his/her area and the units of his/her division or college. Equal Opportunity Officers shall serve on Affirmative Action Technical Committees (college/division level) within each Vice-Presidential area of responsibility, which shall be chaired by the Vice Presidential Affirmative Action Officer.

(f) The Institute of Food and Agricultural Sciences’ Affirmative Action Officer shall be responsible for implementing the Affirmative Action Plan and Rules for all units in the Institute. IFAS Directors and Department Chairmen shall be directly responsible to the Vice President for Agriculture and Natural Resources for general administrative and personnel matters relating thereto. Employees of the Florida Cooperative Extension Service of IFAS shall be covered by a separate plan as required by the United States Department of Agriculture and the University’s Affirmative Action Plan.

(g) Each department or unit shall devise a departmental plan consistent with the University’s Affirmative Action Plan and Rules. The department chairmen and/or unit administrators shall be responsible for implementing the plan in their respective areas.

(h) A committee may be appointed by the President to serve as an advisory body to the Provost on matters related to affirmative action. The primary duties of this committee will be to assist in the effective implementation of the University’s Affirmative Action Plan and Rules, and to recommend changes in the procedures necessary to insure the same. Recommendations concerning changes in the policies and procedures of the Affirmative Action Plan made by the committee shall be submitted to the Vice Presidents and the Provost for review.

Specific Authority 240.227(1) FS. Law Implemented 110.112, 240.227(5) FS. History–New 2-23-82, Formerly 6C1-1.061, Amended 3-2-87, 4-30-95.

6C1-1.0063 University of Florida; Affirmative Action; Complaints and Appeal Procedures for Academic Personnel (AP), Technical, Executive, Administrative and Managerial Support (TEAMS) Staff Members, and University Support Personnel System (USPS) Employees.

(1) The following procedures are available to Academic Personnel (AP), Technical, Executive, Administrative and Managerial Support (TEAMS) staff, and USPS employees to seek resolution of alleged discrimination in the employment practices of the University. The existence of these appeal procedures do not preclude use of the formal grievance procedures for Academic Personnel and TEAMS staff set forth in Rules 6C1-7.041 and 6C1-3.051, F.A.C., and applicable grievance procedures for USPS employees; however, such grievance procedures must be initiated within applicable time limits, subject to authorized extensions. In no event will any individual be entitled to or permitted to institute proceedings under this rule and Rule 6C1-7.041, 6C1-7.042, or 6C1-3.051, F.A.C., as filing under any one of these rules constitutes a waiver of any right the individual might otherwise have to another university grievance procedure.

(2) AP and exempt TEAMS employees, and applicants for these positions, alleging discrimination in employment practices should seek informal resolution of any such grievance by contacting the administrative officer responsible for the appointment, and/or by filing a written complaint with the Director of University Equal Opportunity Programs or by filing a grievance under an applicable collective bargaining agreement. The Director of University Equal Opportunity Programs shall forward any such written complaint to the head of the college or unit in which the alleged discriminatory act occurred. If the head of the college or unit in which the alleged discriminatory act occurred is the alleged harasser, the complaint will be forwarded to the next higher administrator. If an acceptable solution cannot be achieved, an appeal may be made to successively higher levels of authority, including the appropriate Vice President. Prompt consideration shall be given to the complaint at each level of appeal. If resolution does not occur by these appeals, the Director of University Equal Opportunity Programs shall consider all available information on the matter and submit a report to the Provost describing and recommending what action, if any, should be taken by the University. The Provost shall issue a final decision on the appeal.

(3) USPS employees and non-exempt TEAMS employees and applicants for these positions, alleging discrimination in the employment practices of the University, should seek informal resolution by first contacting the University Equal Opportunity Programs Office which shall determine the nature of the alleged discrimination. The University Equal Opportunity Programs Office shall review the complaint with the complainant to assure that it is fully understood and to determine if an acceptable
solution can be achieved. If resolution does not occur, the University Equal Opportunity Programs Office shall request that the complainant file a written complaint immediately. After the written complaint is received, the University Equal Opportunity Programs Office shall consider all available information about the matter and submit a report to the Provost describing and recommending what action, if any, should be taken by the University. The Provost shall take final action.

(4) This complaint and appeal procedure shall not prevent the aggrieved party from seeking resolution of a complaint through procedures available in other State and Federal agencies.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 2-23-82, Amended 3-6-85, Formerly 6C1-1.063, Amended 3-2-87, 11-13-90, 1-7-03.

6C1-1.007 University of Florida; Code of Penalties.

(1) The following constitutes a uniform code of penalties for violation of University of Florida rules which the President or the President's designee is authorized to impose on students, Academic Personnel (AP), Technical, Executive, Administrative and Managerial Support (TEAMS), and University Support Personnel System (USPS) personnel (hereinafter “employees”):

(a) Penalties for violation of standards of academic honesty, such as plagiarism, cheating, and other activities which interfere with the educational mission of the University, range from counseling to expulsion in the case of students or oral reprimand to termination in the case of employees.

(b) Penalties for failure to pay debts owed the University range from the assessment of a penalty fee to withholding of official records or benefits for both students and employees.

(c) Penalties for violation of standards of conduct range from counseling to expulsion in the case of students, or oral reprimand to termination in the case of employees.

(d) Penalties for violation of employment contracts range from oral reprimand to termination.

(e) Penalties for falsification of records range from oral reprimand to expulsion or revocation of degrees in the case of students and former students, or from oral reprimand to termination in the case of employees.

(2) These remedies are not exclusive of other remedies provided under law.

Specific Authority 1001.74(4), 1006.60, 1006.61, 1012.92 FS. Law Implemented 1001.74(10), (19), 1001.75(3), 1006.60, 1006.61, 1006.62, 1012.92 FS. History–New 4-25-80, Formerly 6C1-7.46, Amended 3-25-85, Formerly 6C1-1.07, Amended 3-2-87, 3-12-03.

6C1-1.008 University of Florida; Disruptive Behavior.

(1) Academic Personnel (AP), students, Technical, Executive, Administrative and Managerial Support (TEAMS) employees, and any other employees [hereinafter referred to as “member(s)” of the University], who intentionally act to impair, interfere with, or obstruct the mission, purposes, order, operations, processes, and functions of the University shall be subject to appropriate disciplinary action by University authorities for misconduct, as set forth in the applicable rules of the University of Florida, Rules 6C1-3.046, 6C1-3.047, 6C1-4.016, and 6C1-7.048, F.A.C., and state law governing such actions. Disruptive conduct shall include, but not be limited to, the following:

(a) Violence or threat of violence to others or against one’s self.

(b) Theft, conversion, misuse, damage or destruction of University property or of the property of members of the University community.

(c) Interference with the freedom of movement of any member or guest of the University.

(d) Interference with or impeding the rights of others to carry out their activities or duties at or on behalf of the University or in entering, using or leaving any University facility or scheduled activity.

(e) Interference with academic freedom and freedom of speech of any member or guest of the University.

(f) Non-compliance with written or oral requests or orders of authorized University personnel in the performance of their official duties.

(g) Providing false information to University officials, withholding required information from University officials or others, or misusing University documents.

(h) Possession or use of fireworks, explosives, dangerous chemicals, ammunition, or weapons on campus or in areas controlled by the University of Florida, without the written approval of the appropriate University authority.

(i) Creating or in any way initiating a false alarm.

(j) Misuse of, or interference with, firefighting equipment.

(k) Disturbing the peace.

(l) Violation of the University policy concerning the use of alcoholic beverages on campus or in areas controlled by the University of Florida, Rule 6C1-2.019, F.A.C.

(m) Illegal possession or misuse of drugs and other controlled substances.

(n) Unauthorized solicitation of funds. Refer to Rules 6C1-2.003 and 6C1-4.006, F.A.C.

(o) Violation of the Laws of Florida or of the United States. Any act that could constitute a violation of the laws of this state or nation will establish cause for legal and/or disciplinary action by the University.

(p) Endangering the health, safety and welfare of members or guests of the University.

(q) Actions or statements which by design or intent amount to intimidation or hazing or abuse of others.
(r) Sexually harassing a member or guest of the University.
(s) Actions which impair, interfere with or obstruct, or aid and abet, or initiate the impairment, interference with or obstruction of the orderly conduct, processes and functions of the University.

(2) This rule shall apply to acts conducted on or off campus when relevant to the orderly conduct, processes and functions of the University.

Specific Authority 1001.74(4), 1012.92 FS. Law Implemented 1001.74(19), 1012.92 FS. History–New 3-26-80, Formerly 6C1-7.45, Amended 3-25-85, Formerly 6C1-1.08, Amended 7-27-98, 6-24-99, 2-3-03.

6C1-1.009 University of Florida; Employment of Relatives.

(1) Employment of related persons in a single organizational unit or in job-related organizational units, where such employment involves a conflict of interest, actual or potential, such as where the employee has or could have direct or indirect administrative or decision-making authority over the related person or where the decisions of such employee may affect such other person, is discouraged, except where the employment of a related person becomes necessary due to a shortage of qualified personnel. No such related person shall be employed unless his or her employment shall have been individually approved in writing by the Dean of the college in which the individual is to be employed, or, for non-academic units, the Director of the unit and the Director of Division of Human Resources. If the prospective employee is a relative of the Dean, the Provost must approve the employment. Requests for approval should be submitted through the appropriate administrative channels prior to the offer of employment. A person employed under this policy will have the same rights and privileges as any other University employee.

(2) Relatives or related persons means individuals who are related as father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5) FS. History–New 3-26-80, Formerly 6C1-7.40, Amended 3-6-85, Formerly 6C1-1.09, Amended 3-22-01.

6C1-1.0101 University of Florida; Policy for Dealing with Conduct in Research.

(1) University Policy – It is the policy of the University that each individual faculty and staff member and student is expected to maintain high ethical standards in the conduct and reporting of his/her research. Should alleged incidents of misconduct in research occur, reporting of such possible violations is a shared responsibility, and it is the duty of the faculty, staff members and students to respond in a fitting manner to resolve issues arising from such alleged misconduct.

(2) Faculty, Staff, and Student Responsibilities – Faculty members, staff, and students at the University of Florida are expected to maintain ethical standards in the conduct and reporting of scientific and scholarly research. Faculty, staff, and students have responsibilities for ethical conduct in research not only to the University, but also to the community at large, to the academic community, and to private and public institutions sponsoring the research activities.

(3) Definition of Misconduct – Misconduct or research misconduct is defined for the purposes of this rule as the violation of accepted standards of scientific or scholarly research in proposing, carrying out or reporting results, such as fabrication, falsification, plagiarism, selective reporting or the omission of conflicting data, or other serious deviations from accepted practices in proposing, carrying out, or reporting results from research. It does not include honest error or honest differences in interpretations or judgments of data. Failure to comply with federal requirements affecting specific aspects of conducting research, misappropriation of federal funds, failing to comply with the University’s Institutional Review Board policies and procedures, or other inappropriate actions in research which do not fall within the definition of research misconduct as stated in this paragraph and which are in violation of existing University rules or policies are addressed under such other rules or policies.

(4) Basic Principles Governing Investigations of Alleged Misconduct in Research – If allegations of misconduct in research are made, the procedures implemented may vary depending on the type, seriousness, and technical nature of the alleged misconduct. Faculty, staff, and students will be guided by the following principles:

(a) The rights of all faculty members, staff, and students of the University must be protected to the greatest extent possible, whether they be the accused or whether they be the accusers, during the process of inquiry, investigation and fact finding, including protecting the privacy of the accused and of those who in good faith report alleged misconduct. There shall be no recrimination toward a person bringing an allegation in good faith, and retaliatory conduct against persons acting in good faith will be deemed misconduct subject to disciplinary action. If an allegation is found to have been brought maliciously or in bad faith, the filing of the complaint can be cause for a finding of misconduct and subsequent disciplinary action against the complainant in accordance with University rules or the applicable collective bargaining agreement.

(b) University rules and/or applicable collective bargaining agreement provisions shall govern any formal disciplinary proceedings initiated in response to a finding by the investigating authority of misconduct in research.

(c) Confidentiality shall be maintained throughout an inquiry or investigation of alleged research misconduct to the greatest extent possible and consistent with the laws of the State of Florida and federal law. Inappropriate dissemination of information relating to a misconduct allegation can form the basis for a finding of misconduct and subsequent disciplinary action against faculty, staff, or students.
(d) Precautions shall be taken against real or apparent conflict of interests of individuals involved in an inquiry or investigation of an allegation of research misconduct.

(a) Filing the Allegation of Misconduct. Allegations of research misconduct should be filed by anyone who has reason to believe that such misconduct has occurred. Such an allegation should be brought to the administrative officer to whom the accused reports, e.g., supervisor, department chairperson, dean or director. The complainant may wish to discuss the matter with the administrator before filing an allegation in which case the administrator shall determine whether resolution through informal evaluation and discussion is possible, including determining whether the complainant’s concerns are unjustified, mistaken, or frivolous. Such allegation normally should be put in writing and signed and should state the specific grounds for the allegation of misconduct. Any relevant documentation supporting the allegation should be included with the complaint.

(b) Processing the Allegation of Misconduct – Pre-Inquiry Review. The administrator to whom the allegation has been made shall immediately inform the dean (or director) of the college (or school), in writing of the allegation with a copy to the Vice President for Research. The administrator charged with reviewing the allegation shall meet as soon as possible with the complainant to discuss the allegation. If the allegation is determined to be wholly lacking in any basis, the allegation shall be dismissed. A record of the allegation, the steps taken to review the allegation, and the basis for its dismissal shall be maintained by the Vice President for Research or designee.

(c) Inquiry Process.

1. Upon determining that there is some evidence that the allegation may have basis, the administrator reviewing the allegation shall proceed with an inquiry into the allegation. The administrator reviewing the allegation shall be responsible for notifying the accused in writing of the allegation, advising the accused of the procedures to be followed by the University, affording the accused an opportunity to respond to the allegation, and keeping the accused informed of the progress of the inquiry process. The accused shall be provided with a copy of this rule describing the procedures to be followed. The accused has the right to retain legal counsel.

2. All original research data or other information involved in the allegation should be secured by the administrator who has assumed the responsibility for conducting the inquiry. Such action shall not constitute disciplinary action, but is meant to preserve the data or information. Prior to securing the data, the accused shall be informed of the reasons for securing the data unless there is a concern that the data or information will be lost, adulterated, altered, made inaccessible or otherwise compromised. Measures shall be taken to protect the accused from unreasonable searches. Upon request, the accused shall be provided a reasonable means of access to the data or to legible reproductions.

3. In the case of joint or affiliate appointments or collaborative research projects, the dean or director where the accused holds his/her primary appointment, or the Vice President for Research, shall decide if other administrative units should be involved in the inquiry.

4. The administrator shall conduct an inquiry into the allegation. The inquiry shall be concluded within sixty (60) calendar days of the receipt of the allegation unless circumstances clearly warrant a longer period. If the inquiry takes longer than sixty (60) calendar days from the date of the allegation to complete, the record of the inquiry shall include documentation of the reasons for exceeding the sixty (60) day period. Upon conclusion of the inquiry, the administrator responsible for conducting the inquiry shall submit a written report of the findings to the Vice President for Research or designee and to the accused indicating that:

a. The findings of the inquiry do not provide any reasonable substantiation of the allegation or that the allegation as substantiated does not fall within the definition of scientific misconduct, or

b. The findings of the inquiry indicate that there is some credible evidence that scientific misconduct has occurred so as to warrant an investigation.

In addition to the conclusion reached, the written report shall state what evidence was reviewed and shall summarize the relevant interviews. The accused shall be provided with a copy of the report and the accused’s comments on the report, if any, will be made part of the record. Detailed documentation of the inquiry shall be maintained in a secure manner for at least three years following the termination of the inquiry or subsequent investigation at the office of the Vice President for Research or designee and shall, upon request, be provided to authorized sponsoring agency personnel.

(6) Post-Inquiry Procedures.

(a) Upon receipt of the report, the Vice President for Research or designee shall review the report and proceed in the following manner:

1. In cases where the administrator conducting the inquiry has found no sufficient basis for conducting an investigation, the inquiry shall be terminated unless the Vice President for Research or designee, after assessing the reasons given for the conclusion that an investigation is not warranted, determines that an investigation is warranted. In cases where the inquiry is terminated, the accused shall be notified and detailed documentation of the inquiry shall be maintained in accordance with subsection (8) below.

2. In cases where the findings of the administrator conducting the inquiry provide a sufficient basis for conducting an investigation, the Vice President for Research or designee shall initiate an investigation within twenty (20) calendar days of the completion of the inquiry and shall constitute an ad hoc College Research Advisory Committee to conduct the investigation. The ad hoc College Research Advisory Committee will consist of three or more faculty members or other employees who have sufficient expertise in the subject matter under investigation. The Committee shall be given the authority and assistance necessary to conduct a thorough investigation of the allegation. Such investigation shall commence no later than ten (10) calendar days after the Committee’s appointment. The accused shall upon request be given access to all relevant documents reviewed by the Committee.

- 450
(b) In the case of federally-sponsored research, the decision to proceed with an investigation shall be reported in writing to the designated office (Office of Research Integrity, Inspector General, etc.) of the sponsoring agency or agencies supporting the research on or before the date of the initiation of such an investigation. The notification to the sponsoring agency shall, at a minimum, include the name of the person(s) against whom the allegations have been made, the general nature of the allegation, and the application or grant number(s) involved. A copy of the notification shall be furnished to the accused and the accused’s dean or director. If the results of the investigation contain any reasonable indication of possible criminal law violations, the Vice President for Research or designee shall notify the official as designated by the agency’s regulations within twenty-four (24) hours of obtaining such an indication. The Vice President for Research or designee shall keep the designated agency official apprised of any development during the course of the investigation which discloses facts that may affect current or potential agency funding for the individual(s) under investigation or that the agency needs to know to ensure appropriate use of federal funds and otherwise protect the public interest. The Vice President for Research or designee shall take interim administrative actions, as appropriate, to protect federal funds and insure that the purposes of the federal financial assistance are carried out. The Vice President for Research or designee is responsible for notifying the designated agency official(s) at any stage in the inquiry or investigation if there exists (i) an immediate health hazard, (ii) an immediate need to protect federal funds or equipment, (iii) an immediate need to protect the interests of the person(s) making the allegations or of the accused, co-investigators or colleagues, or (iv) probability that the allegations will be reported publicly.

The Vice-President or designee normally will wait until the outcome of the investigation to notify others, such as corporate sponsors, journal editors, co-authors or affiliated institutions, of the allegation of misconduct, unless there exists compelling reasons in the judgment of the Vice President for Research or designee such as a danger to human health, welfare, or safety. Throughout the notification process outlined above, all communications to sponsoring agencies, institutions, organizations, and representatives thereof shall emphasize that no finding of guilt has been made at that time.

(c) The Committee shall complete a thorough investigation of the allegation within one hundred twenty (120) calendar days of the initiation of the investigation. If the Committee determines that it will not be able to complete the investigation within one hundred twenty (120) calendar days, it must notify the Vice President for Research or designee. If the investigation will not be completed within one hundred twenty (120) calendar days, the Vice President for Research or designee shall submit to the designated agency official, if federally-sponsored research is involved, a written request for an extension and an explanation for the delay that includes an interim report on the progress to date and an estimate for the date of completion of the final report. The 120 calendar day time limitation shall include conducting the investigation, preparing the report of findings, making that report available for comment by the subjects of the investigation, and submitting the report to the designated agency official. If the Vice President for Research or designee plans to terminate an inquiry or investigation for any reason without completing all relevant requirements under federal law with regard to federally-sponsored research, a report of such planned termination, including a description of the reasons of such termination shall be made to the designated agency official which will then decide whether further investigation should be undertaken.

Whenever possible, interviews should be conducted of all individuals involved either in making the allegation or against whom the allegation is made, as well as other individuals who might have information regarding key aspects of the allegations; complete summaries of these interviews should be prepared, provided to the interviewed party for comments or revision, and included as part of the investigative file. Throughout the investigation, confidentiality shall be maintained to the greatest extent possible, consistent with the laws of the State of Florida and Federal law. All individuals involved in the investigation should be informed of the confidentiality requirements. The Committee shall prepare and maintain the documentation to substantiate the investigation’s findings. This documentation is to be made available to the designated agency official in the case of federally-sponsored research.

(d) After completing its investigation, the Committee shall submit its findings and recommendations, in writing, to the Vice President for Research or designee. If a federally-sponsored project is involved, the final report submitted to the designated agency official must include a description of the policies and the procedure under which the investigation was conducted, how and from whom information was obtained, the findings, and the basis for the findings, and include the actual text or an accurate summary of the views of any individuals found to have engaged in misconduct. The Committee shall attach to the report a list of documents or other information it considered in its investigation of the allegation. Prior to forwarding the final report to the Vice President for Research or designee, the Committee shall provide a draft report to the accused who shall have the right to respond to the Committee in person or in writing within a specified period of time. The Committee shall consider such response in finalizing its report. The person(s) who raised the allegations should be provided with those portions of the report that address their role and opinions in the investigation.

(e) The Vice President for Research or designee shall review the Committee’s report and take such actions as indicated in subsection (7) below.

(7) Action Following Investigation.

(a) If the Committee finds that the evidence indicates that the accused has not engaged in misconduct, the Vice President for Research or designee shall promptly notify all appropriate individuals of the Committee’s findings, including the accused. In the event notification of the allegations has been sent to sponsoring agencies or others, the Vice President for Research or designee shall promptly notify all such individuals of the outcome of the investigation.
(b) If the Committee finds that the evidence indicates that the accused has engaged in misconduct, the Vice President for Research or designee and the administrator responsible for the appointment and assignment of the accused shall review the Committee’s report and shall, within fifteen (15) calendar days of receipt of the Committee’s report or as soon thereafter as possible, make a preliminary determination as to the action to be taken by the University. The accused shall be promptly informed of such action to be taken and the reasons therefor. If a federally-sponsored project is involved, the Vice President for Research or designee shall provide the designated agency official with a copy of the Committee’s report and shall inform the designated agency official of the action taken by the University as well as a description of any sanction(s) taken. Formal action will be taken in accordance with the appropriate provisions of University of Florida rules or the applicable collective bargaining agreements as University procedures require. Examples of such action include, but are not limited to, the following: removal from a research project, monitoring and reporting of future research, reprimand, salary reduction, rank reduction, suspension, or termination.

(c) If formal proceedings are initiated by the accused and the outcome of the proceedings is favorable to the accused, the appropriate Vice Presidents, Dean or Director shall make every effort to clear the record of the accused with sponsoring agencies and other appropriate individuals or institutions, and to undertake diligent efforts to protect the positions and reputations of those persons who in good faith made allegations, and shall notify the agencies, individuals or institutions of the outcome of the investigation.

(d) If formal proceedings result in a finding of misconduct, the designated official of the sponsoring agency and other appropriate individuals or institutions, including editors of relevant journals, shall immediately be notified. All findings of the proceeding shall be incorporated into the personnel file of the accused.

(8) Records. Records pertaining to the allegation, inquiry and investigation shall be maintained in a secure manner for a period of at least three years by the Vice President for Research or designee after the termination of the inquiry or investigation, and shall, upon request, be provided to authorized funding agency personnel. If a federally-sponsored project is involved, the records shall be maintained in accordance with federal regulations.

---

6C1-1.011 University of Florida; Disclosure and Regulation of Outside Activities and Financial Interests.

(1) General Requirements.

(a) The faculty and staff members of the University of Florida must be committed to the University’s goals of teaching, research, and service and recognize that their primary professional responsibility is to the University. Employees of the University may also engage in outside employment, consulting, and other similar activities. These activities may further the dissemination and use of the knowledge and expertise developed at the University and may also advance the professional competence and reputation of the faculty and staff members. Thus, participation in outside activities often serves the mission of the University in addition to benefiting individual employees. Such activities and the financial interests of faculty and staff members are, however, of concern to the University if they result in conflicts with the employees’ duties and responsibilities to the institution. It is the policy of the University that faculty and staff members may participate in outside activities and hold financial interests as long as the activities and interests do not conflict with their duties and responsibilities.

(b) All University of Florida employees, which includes Academic Personnel (AP), Technical, Executive, Administrative and Managerial Support (TEAMS) employees, University Support Personnel System (USPS) employees, and Other Personnel Services (OPS) employees, are responsible for the full and faithful performance of their professional or institutional responsibilities and obligations.

(c) All University employees are bound to observe, in all official acts, the highest standards of ethics consistent with the code of ethics of the State of Florida (Chapter 112, Part III, F.S.), the advisory opinions rendered with respect thereto, and the rules of the University of Florida.

(d) No employee shall solicit or accept anything of value that is based upon an understanding that the official action or judgment of the employee would be influenced thereby.

(e) No employee shall have an employment or contractual relationship or engage in a business or personal activity that will create a continuing or frequently recurring conflict between that employee’s private interest and the performance of the employee’s official duties.

(f) An employee engaging in an outside activity must take reasonable precautions to ensure that the outside employer or other recipient of services understands that the employee is engaging in such outside activity as a private citizen and not as an employee, agent, or spokesperson of the University.

(2) Definitions.

(a) “Outside activity” shall mean any private practice, private consulting, employment, teaching, research, business (including managerial interests or positions), or other activity, compensated or uncompensated, which is not part of the employee’s assigned duties and for which the University provides no compensation.

(b) “Conflict of interest,” shall mean:

1. Any conflict between the private interests of the employee and the public interests of the University of Florida or the State of Florida, including conflicts of interest specified under Florida Statutes; or
2. Any outside activity or financial interest which interferes with the full and faithful performance of the employee’s professional or institutional responsibilities or obligations.

3. Activities and Financial Interests To Be Reported.
   (a) The following outside activities and financial interests must be reported prior to engaging in the activity:
   1. Outside activities in which there is more than an incidental use of University facilities, equipment, and/or services.
   2. Outside activities in which a University student or other University employee is directly or indirectly supervised by the employee if the employee in any way supervises or evaluates the student or other employee at the University.
   3. Management, employment, consulting, and other contractual activities with, or ownership interest in, a business entity or state agency which does business with the University. In the case of material financial and managerial interests, the information required extends to the spouse and/or children of the employee, and for managerial interests, to relatives.
      a. Material financial interest is defined as direct or indirect ownership of more than five (5) percent of the total assets or capital stock of the business entity.
      b. Managerial interest includes serving as an officer, director, partner, proprietor, etc. of the business entity.
      c. If the business entity or state agency with which the employee has a contractual relationship or in which the employee, the employee’s spouse and/or children have an ownership interest wishes to enter into a licensing or research agreement with the University, an exemption allowing such an agreement may be approved by the President or the President’s designee and the Chair of the Board of Trustees. Application for this exemption is made through the Office of Research and Graduate Programs.
      d. If the employee is disclosing a material financial interest or managerial interest, the employee, if involved in the procurement process, is responsible for ensuring that written authorization by the President or the President’s designee is attached to each applicable requisition to purchase.
   4. Management, employment, consulting, and other contractual activities with, or ownership interest in, a business entity which competes with the University.
   5. Candidacy for or holding a public office.
   6. Required use of books, supplies, or other instructional resources at the University of Florida when they are created or published by the employee or by an entity in which the employee has a financial interest.
   7. Professional compensated activities, including but not limited to honoraria in excess of travel expenses, teaching at another institution, and employment as an expert witness.
   8. Business activities, including service on the board of directors or other management interests or position, with regard to a business entity in the same discipline or field in which the faculty or staff member is employed.
   9. Any employment, contractual relationship, or financial interests, including intellectual property rights, of the employee which may create a continuing or recurring conflict between the employee’s interests and the performance of the employee’s public responsibilities and obligations, including time commitments. This includes any outside activity in which the employee is required to waive rights to intellectual property.
      (b) Any employee submitting a federal grant or contract proposal or conducting research or educational activities pursuant to a federal grant or contract must adhere to the applicable requirements of the funding agency, including those involving the disclosure and regulation of outside activities and financial interests. Therefore, any employee submitting a grant or contract proposal to the Public Health Service or the National Science Foundation or conducting research or educational activities pursuant to such a grant or contract as an investigator must report outside activities and financial interests (including activities and interests of the investigator’s spouse and/or dependent children) that would reasonably appear to be affected by the proposed or funded research or educational activities, including interests in entities that would be so affected. An “investigator” is defined as the principal investigator, co-principal investigator, or any other employee responsible for the design, conduct, or reporting of the proposed or funded research or educational activities. The initial report must be made at the time the proposal is submitted.
      (c) Outside activities which the employee should conclude may create an actual or apparent conflict of interest, including conflict of time commitments, which are otherwise not required to be reported under paragraph (3)(a) or (b) of this rule must be reported as soon as practicable.
      (d) The selection and use of instructional materials in which the employee has a financial interest are subject to the following guidelines.
   1. Employees who are instructors are responsible for the assignment of instructional materials, such as textbooks and other academic materials, for use by their students. The selection of these materials must be made for academic reasons and not based on financial gains for the individual employee or the University.
   2. An employee may not receive personal remuneration for materials created or developed exclusively for use in University of Florida courses or other University instructional activities. Examples of such materials are class notes, annotated syllabi, and course packs.
   3. If an employee may financially benefit from the sale of instructional materials not created or developed exclusively for use in the employee’s classroom, the employee’s other instructional activities, or other University of Florida instructional activities, the materials are to be assigned only under the following conditions:
      a. The department chair and dean or director have approved such an arrangement on the University’s Disclosure of Outside Activities and Financial Interests (form OAA-GA-L-267/rev. 5/01), submitted by the employee who may benefit financially, and
b. Sufficient numbers of copies of the instructional materials are placed on reserve in the University Libraries for use by students in the course or other instructional activity.

4. Works of a University employee may be owned by the University or by the individual. The classroom use of instructional materials owned by the University of Florida may financially benefit the employee, department, college, and the University. In such cases, in addition to the above constraints, the unit administration is advised to take any additional steps necessary to ensure that the selection and use of these materials are based on appropriate academic grounds.

(e) The reporting requirements of this rule shall apply to full-time and part-time employees. Unless otherwise required under federal grant regulations, the reporting requirements shall not apply to activities performed wholly during an interval of the year in which the employee is assigned no professional or institutional responsibilities and obligations by the University.

(a) The University’s form OAA-GA-L-267/rev. 5/01 entitled, “Disclosure of Outside Activities and Financial Interests” shall be filed with the President or designee, who shall normally be a dean, director, or vice president. The form (OAA-GA-L-267/rev. 5/01), which is incorporated by reference, may be obtained in the college or unit administrative offices. The form must be completed and filed at the beginning of the contractual year of employment, prior to such time as the outside activity or financial interest begins, or at such time as disclosure is required under applicable federal grant requirements. If a material change in the information presented occurs during the contractual year, a new form must be submitted. The following information is required as to each outside activity or financial interest reported:

1. Name of employing entity, person, client or other recipient of services, or name of entity in which the financial interest is held, and nature of its business. In the case of service as an expert witness or representation of a party in a lawsuit, the party represented or employing the expert must be identified along with all other parties involved in the matter.

2. Source of compensation, including client fees.

3. Involvement of students and other employees in the activity, employing entity, or entity in which the financial interest is held.

4. Nature of activity or financial interest (description of equity interest or intellectual property), including time spent if an activity is involved (estimated hours per week including travel).

5. Location and anticipated dates of activity.

6. Any conditions of the activity which involve waiving or impairing the employee’s or University’s right to intellectual property.

7. Use of University equipment, facilities, or services in connection with the activity.

8. Number of outside activities and financial interests filed for the current contractual year.

9. Prior approval of the activity or financial interest in the previous contractual year, if applicable.

(b) If there are any questions regarding a potential conflict of interest, the employee should discuss the activity or financial interest with his/her chairperson or immediate supervisor.

(c) In the event the proposed outside activity or financial interest is deemed by the President or designee to represent a potential conflict of interest the matter shall be discussed with the individual as soon as possible.

(d) If the President or designee finds, following such discussion, that the proposed outside activity or financial interest represents a conflict of interest, the President or the President’s designee shall promptly notify the employee of the decision that the employee may not engage in the proposed activity while employed at the University or of the conditions under which the outside activity or financial interest may be permitted.

(e) Authorization for an outside activity or financial interests is granted for a specific period of time, not to exceed one year ending June 30th. If the outside activity is to extend beyond June 30th, a new Disclosure of Outside Activities and Financial Interests must be submitted prior to July 1 of each year for the new fiscal-year period. If the outside activity or financial interest is permitted with conditions, the employee is required to adhere to the conditions during the period that the activity or financial interest is authorized.

(f) Academic Personnel and exempt TEAMS employees are required to indicate on the annual employment contract or notice of appointment whether they are involved in outside activities or have financial interests required to be reported under this rule. If the answer is affirmative, the Academic Personnel or exempt TEAMS employee may attach the Disclosure of Outside Activities and Financial Interests to the contract or notice of appointment or submit the report(s) through the appropriate administrative channels.

5. Disclosure and Approval Procedures for USPS, OPS, and non-exempt TEAMS Employees.

(a) A USPS, OPS, or non-exempt TEAMS employee who proposes to engage in any outside activity must report to the employee’s immediate supervisor as soon as practical the particulars of such employment. The immediate supervisor shall initially determine whether the proposed outside activity or financial interest appears to constitute a conflict of interest. The immediate supervisor shall report his or her determination to the next level supervisor. If they determine that the proposed outside activity or financial interest appears to constitute such a conflict of interest, the matter shall be discussed with the director, department chairperson or higher supervisory designee in the employee’s work area, immediately. If the director, department chairperson or higher supervisory designee finds, following such discussion, that the proposed outside activity or financial interest is a conflict of
interest, the employee shall be notified promptly of the decision that he or she may not engage in the proposed activity while employed as a USPS, OPS, or non-exempt TEAMS employee or of the conditions under which the outside activity or financial interest may be permitted.

(b) USPS, OPS, and non-exempt TEAMS employees are required to disclose in writing outside activities with, or financial interests in, a business entity or a state agency which does business with the University, candidacy for or holding a public office, and activities and financial interests required to be reported under paragraph (3)(b) of this rule. The Disclosure of Outside Activities and Financial Interests is to be used for these purposes.

(c) Authorization for an outside activity or financial interest is granted for a specified period of time, not to exceed one year ending June 30th. If the outside activity is to extend beyond June 30th, a new report must be made to the employee’s immediate supervisor and Disclosure of Outside Activities and Financial Interests, if needed, must be submitted prior to July 1 of each year for the new fiscal-year period. If the outside activity or financial interest is permitted with conditions, the employee is required to adhere to the conditions during the period that the activity or financial interest is authorized.

(6) Disclosure and Approval Procedures for Additional University Employment and Employment by a State Agency. An employee who wishes to engage in outside employment by an agency of the State of Florida or another state university must submit a Request for Approval of Additional University Employment and State of Florida Employment (form HR-600-10/02), which is incorporated by reference, to the appropriate administrative officials and obtain approval prior to engaging in such activity. A copy of this form may be obtained in the college or unit administrative offices. No “Disclosure of Outside Activities and Financial Interests” need be filed for the activity as the completion of the “Request for Approval of Additional University Employment and State of Florida Employment” form fulfills the employee’s obligation to report. The same procedure is used for those employees who are employed in excess of one full-time equivalent position at the University or who receive compensation as a University employee simultaneously from any appropriation other than appropriations for salaries. An exception to this procedure is employment by the University Press of Florida (UPF). Approval of UPF employment is granted by the President or designee, and such approval, which is submitted by the UPF to the Office of Academic Affairs, fulfills the employee’s obligation to report the activity.

(7) Procedure for Requesting Use of University Resources. If an employee has the University’s approval to engage in outside activity, the employee may request approval for the use of University equipment, facilities, or services in connection with the outside activity. The University must approve the use in advance. The employee must request such approval by completing and submitting the University’s form OAA-GA-L-268/10-2002 entitled Request to Use University Equipment, Facilities, and Services in Conjunction with Non-University Outside Activity, which is incorporated by reference, and may be obtained in the college or unit administrative offices. In the case of Academic Personnel and exempt TEAMS employees, the form should be attached to the Disclosure of Outside Activities and Financial Interests. In the case of USPS, OPS, or non-exempt TEAMS employees, the report should be submitted to the supervisor. The use of any of these resources will be allowed only on a non-interference basis, and there may be a charge for such use.

Specific Authority 1001.74(4) FS. Law Implemented 112.313, 112.3185, 1001.74(6), (19), 1001.75(3) FS. History–New 5-28-80, Formerly 6C1-7.391, Amended 3-6-85, Formerly 6C1-1.11, Amended 3-2-87, 5-21-89, 7-11-94, 4-30-95, 12-12-95, 6-28-98, 6-21-00, 5-22-01, 1-7-03.

6C1-1.012 University of Florida; Tuition-Free Courses.

(1) The University of Florida deeply values the education of its employees and strongly encourages its staff to pursue educational opportunities for professional growth and development. To this end, the university has adopted the Employee Education Program (“EEP”), which is described in subsection (1) of this rule.

(a) Full-time University of Florida Academic Personnel (AP), Technical, Executive, Administrative and Managerial Support (TEAMS) employees and University Support Personnel System (USPS) employees in good standing who have been employed for at least six (6) months are eligible to apply for enrollment in up to 6 credit hours of instruction per semester at the University of Florida. Such employees with a principal place of employment outside of Alachua County are eligible to apply for enrollment in up to 6 hours of instruction per semester at the state university in Florida closest to the place of employment. USPS employees must have attained permanent status to participate in this program. It shall be the sole discretion of the employee’s department chair or equivalent unit administrator as to the number of credit hours, up to six, that may be registered for under this program each semester. Participation in the EEP is neither a benefit of employment nor a guaranteed right.

1. Participating employees must meet academic requirements and be in an established position on the date that fees are due. The University will establish the periods of enrollment each semester for employees registering for courses to be paid for by this program.

2. This program does not permit enrollment in thesis, dissertation, internships, directed individual study, individual performance courses, non-credit courses, and sponsored credit programs, off-book programs, and some distance education course offerings. A participating employee must be admitted to the University as a degree or non-degree seeking student. Courses taken in a non-degree seeking status may not apply to a degree program.

3. In order to continue to participate in the EEP, an employee must achieve a passing grade in and complete all courses taken in the EEP program.

- 455
(b) This program is not available to OPS or part-time personnel or employees assigned to temporary, visiting or probationary appointments. As a result, graduate assistants, residents, and some faculty members are not eligible to participate.

1. The costs associated with non-credit courses and program offerings otherwise required as an extension of regular employee training are not covered under this program. The University’s fee petition and fee refund policies and procedures are not applicable to courses taken through this program. Therefore, there is no petition process for a refund of any fees paid.

2. No employee may participate in both the EEP and either the Department of Management Services’ State Employee Education Voucher Program or the State Employee Fee Waiver Program in the same semester. No employee may participate in both the EEP and the TEAMS Employee Development Program set forth in subsection 6C1-1.200(6), F.A.C., in the same semester.

(c) To the extent possible, class attendance should be scheduled during non-working hours. If any University employee enrolls for a course during working hours, all time taken during that period, including time taken in traveling to and from classes, shall be charged to annual or compensatory leave or leave without pay, unless the work schedule has been adjusted to accommodate the class, subject to approval by the appropriate supervisor or administrator.

(d) The employee must complete the application form, available from the Division of Human Resources at 317 Stadium West and from the Division’s website, and must secure written approval from his or her department chair or equivalent unit administrator. The employee’s department chair or equivalent unit administrator must certify that each course involved is job related, that the employee meets the employment requirements for participation, and that the time used is covered by appropriate leave or schedule adjustment. In this regard, the department chair or equivalent unit administrator may view each course individually or as part of an overall degree program meant to improve job skills. The completed form must be submitted to University Financial Services, S113 Criser Hall by the published fee payment deadline each semester. In the case of an employee with a principal place of employment outside of Alachua County who wishes to attend another state university, the completed form must be submitted to the Director, University Budgets, 223 Tigert Hall, one week prior to the first day of classes.

(e) Unless otherwise required by applicable law or regulation, the value of courses in which the employee has enrolled under the provisions of this program shall not be used to compute the employee’s base rate of pay or regular rate of pay; however, certain courses may be subject to taxes as defined by the United States Internal Revenue Service. Employees are responsible for any individual tax liability that may result from participation in this tuition program and should refer any tax questions to their tax advisor. The employee shall pay any additional fees including, but not limited to:

1. Application fees.
2. Out-of-State Tuition and Fees (in-state tuition rates apply for exempt TEAMS employees and faculty regardless of residency requirements).
3. Photo I.D. Fees.
4. Late Registration Fees.
5. Late Payment Fees.
6. Material and Supply Fees.

(f) The University shall be responsible for the payment of:

1. Matriculation Fees.
2. Building Fees.
3. Capital Improvement Fees.
4. Student Financial Aid Fees (the University shall be responsible only for the in-state portion of these fees).

(g) The University shall waive the following local fees and the employee will not be eligible for services provided by these fees. Employees may not choose to pay any of these fees.

1. Activity and Service Fees.
2. Athletic Fees.
3. Student Health Fees.
4. Transportation Fees.

(h) Continuation of this program of instruction is contingent upon the University’s continuing ability to meet workload requirements and meeting the financial obligations of the program. At any time and with 10 days notice, the University may terminate this program. Participation in a course by an employee is contingent upon the department’s continuing ability to meet workload requirements. At any time, with 5 days notice, the University may terminate an individual’s participation in this program.

(i) The Division of Human Resources shall be the administrator of this program and shall make available application forms both in their offices and on their website.

(2) Persons who supervise interns from the University of Florida may be given one non-transferable Certificate of Participation for completion of an approved internship experience (or its equivalent) in a program area, upon the recommendation of the President or the President’s designee. A certificate will also be awarded to persons who attend a required training session for the preparation of intern supervisors provided that the training session is approved for this purpose by the President or the President’s designee.

(a) For purposes of this rule an internship experience shall be defined as a supervised field experience in an identified program area of the University which has been approved by the University’s Director of Internship Programs in the Office of Academic Affairs.
(b) Verification of the supervised internship experience for all areas shall be made by the program area college or unit. All requests for Certificates of Participation shall be forwarded to the Director of Internship Programs for review and processing.

c) Each Certificate of Participation is valid for one term only except that for the summer terms, the Certificate may be used for registration during both summer terms. The Certificate entitles the holder to register at the University of Florida after paying only the building fee and the capital improvements trust fund fee for each credit hour attempted each term of instruction, including courses offered through Continuing Education programs of the University. Refer to Rule 6C1-3.0375, F.A.C., for the cost of said fees at the University of Florida. No Certificate will be valid after three (3) years from the date of issue.

d) The University of Florida will honor Certificates of Participation issued by other state universities in Florida on the same terms as set forth in this section.

3) A State of Florida employee with the approval of the agency head or equivalent is permitted to enroll at a state university for up to six (6) credit hours of courses per term on a space-available basis. Tuition and fees for these credit hours are waived pursuant to Section 1009.265, F.S.

(a) Space-available courses do not include TBA (to be arranged), directed individualized study, distance learning courses, internships, thesis and dissertation courses, individual performance courses, and non-credit courses.

(b) A state employee participating in the program must be admitted to the University of Florida as a degree or non-degree seeking student and meet all academic requirements for enrollment in the course(s).

c) The State Employee Registration Fee Waiver Application, Form Reginfo/feewaiv2.pmd Rev. 10/02, must be filled out, including all approvals. The form is available from the Office of the University Registrar, 222 Criser Hall and must be submitted to University Financial Services, S113 Criser Hall and Office of the University Registrar, 222 Criser Hall by the published fee payment deadline each semester.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1009.26(2), (3), 1009.265 FS. History–New 3-26-80, Formerly 6C1-7.35, Amended 3-6-85, Formerly 6C1-1.12, Amended 3-2-87, 5-19-93, 10-7-99, 5-22-01, 6-27-02, 1-19-03.

6C1-1.015 University of Florida; Community Campaign.

1) The University of Florida has established one combined charitable fund-raising drive for its Alachua County campus, known as the University of Florida Community Campaign. The campaign is open to all University employees employed in Alachua County who wish to participate and is held annually each fall. Payroll deductions may be utilized in fulfillment of pledges or promised contributions to the University of Florida Community Campaign.

2) The University of Florida Community Campaign Planning Committee shall be composed of a total of ten persons, appointed annually by the President of the University. The members shall be faculty and staff employees representing the diverse makeup of the University community. The President shall appoint as members of the committee the chairperson of the current campaign, the chairperson designated for the following year, the executive director of the campaign, and a representative of the President’s Office. The other six members of the committee shall serve for staggered three-year terms. A member of the General Counsel’s Office shall advise the committee. The Planning Committee, on behalf of the President, shall be responsible for the development, implementation, and administration of procedures and standards by which the campaign shall be conducted.

3) The following are the requirements for a charitable organization that wishes to be a participant in the University of Florida Community Campaign:

(a) The organization must be registered with the State of Florida, Division of Corporations, pursuant to Chapter 617, F.S.

(b) The organization must be registered with the United States Department of the Treasury and be recognized as a 501(c)(3) entity or the equivalent by the United States Internal Revenue Service.

(c) The organization must be registered with the Florida Department of Revenue and must receive a state tax exempt number pursuant to Section 212.08, F.S.

(d) The organization must be registered with the Florida Department of Agriculture and Consumer Affairs, Division of Consumer Services, meet the requirements of Chapter 496, F.S., and submit a copy of the organization’s most recent IRS Form 990. Organizations claiming exemption from the provisions of Chapter 496, F.S., must provide documentation supporting the exemption.

(e) The organization must be governed by a volunteer board of directors that meets regularly and serves without compensation. Compensation shall not be deemed to include payment of the reasonable expenses of service as a director, including liability insurance. The board of directors must direct policy development and implementation, retain oversight of program delivery, and exercise executive level supervision.

(f) The organization must have a recognized substantial program in the health and human services area directly benefiting the Alachua County region. A program of health and human services is one whose principal objective is to assist people to improve the conditions that are necessary to achieve fundamental physical, social, and/or psychological well-being. Health and human services include research directed toward the achievement of human physical, social and/or psychological well-being and specific helping acts to individuals or groups that go beyond the provision of information.

(g) The organization must have a written policy of non-discrimination and carry out an affirmative action program that applies to volunteer governance, staffing, and clientele of the organization.
(h) The organization should maintain management and general and fund raising costs at or below twenty-five per cent of total budget, a level established by the National Charities Information Bureau (NCIB) and generally accepted by the non-profit community. Agencies that exceed the twenty-five per cent level will be required to provide the committee with the rationale for that level of costs.

(i) If the organization chooses to be represented by a federation (such as, United Way or National Voluntary Health Agencies), the organization itself must still meet all the criteria established herein. If a federation applies, each organization represented must meet the criteria. Each organization selected will be listed only once on the donor designation form.

(4) The procedures for application to and inclusion in the University of Florida Community Campaign are as set forth in this section.

(a) By December 1 of each year, the Planning Committee shall have published in a newspaper of general circulation in Alachua County a notice informing organizations of the application procedures for participation in the University of Florida Community Campaign to be held in the subsequent fall term.

(b) Upon request of an organization wishing to participate, the committee will provide a copy of this policy and an application form. As a minimum, each interested organization will be expected to submit an IRS Form 990, a roster of the board of directors, IRS Tax Exempt Ruling (letter), State of Florida registration as a charitable organization, and current budget.

(c) An organization’s application form with all necessary supporting documentation must be delivered or sent to the address stated on the form. The application form with all necessary supporting documentation must be delivered or postmarked by February 1 (or the next business day following if February 1 falls on a Saturday, Sunday, or holiday) to be considered for inclusion in the campaign. All application materials and proceedings are subject to the Florida Public Records and Sunshine Laws.

(d) The Planning Committee will notify each applicant of the meeting(s) at which applications are to be reviewed. Notification will include the date, time, and location of the meeting or meetings. The Planning Committee shall determine the format of the meeting(s).

(e) If an organization’s application is rejected for failure to meet any of the criteria as set forth in this rule, the organization may request a hearing before the Planning Committee in order to present additional information on its behalf. The committee shall make a recommendation to the President or the President’s designee as to the inclusion of the applicant in the campaign. The decision of the President or designee shall be final. All such hearings and final decisions are expected to be completed by the close of the University’s spring term.

(5) The Planning Committee may revoke approval to participate in the campaign at any time in the event that: the organization violates a policy or rule of the University of Florida concerning the campaign, or false and misleading information is submitted to the University at the time of application for admission to the campaign or pursuant to any subsequent request by the University.

(6) The fiscal agent for the University of Florida Community Campaign shall be an organization that has the experience, expertise, and resources to conduct and coordinate a local community campaign in Alachua County. The Planning Committee will select the fiscal agent. The office of the Florida State Comptroller will forward to the fiscal agent, on a biweekly schedule, a warrant in payment of employee pledges for that period. The fiscal agent will distribute funds to designated organizations on a quarterly basis. Funds not specifically designated by the employee for a specific organization shall be allocated to participating organizations by a local review board established by the fiscal agent.

6C1-1.016 University of Florida; Admissions.

1. In the admission of students, the University may consider an applicant’s character. The University may refuse to admit an applicant because of past misconduct. The University of Florida designates appropriate personnel to review all applications. This Rule describes the procedure and assigns responsibility for the review of these applications for admission.

2. Statement of Policy.

(a) The Standard State University System Application for Admission (Undergraduate) and the University of Florida Application for Admission to Graduate School include questions concerning prior misconduct.

(b) Applicants who fail to give complete and accurate responses to the conduct section of the admission application may be subject to revocation of admission, disciplinary action, and invalidation of credits or degrees earned. Appropriate action will be determined by the University Admissions Committee or the Committee on Student Conduct.

(c) Applicants are required to immediately notify the University’s Admissions Office should any information given on the application form change prior to entry into the University. This includes the obligation to furnish information concerning events that must be disclosed in the conduct section of the application that occur prior to entry into the University. Failure to provide such information may subject the applicant to revocation of admission, disciplinary action, and invalidation of credits or degrees earned. Appropriate action will be determined by the University Admissions Committee or the Committee on Student Conduct.

(d) In the cases of applicants who respond affirmatively to questions concerning misconduct, the Admissions Office shall follow the procedure described below:

1. The application and all relevant documentation shall be forwarded to the Director of Student Judicial Affairs for review. The Director may consult with appropriate individuals, offices, and agencies to determine whether or not the admission of the applicant is in the best interest of the University.
2. In cases involving violent or extreme unethical behavior, the Director may create a sub-committee to review documentation and interview the applicant to determine whether or not the admission of the applicant is in the best interest of the University. As a minimum, the sub-committee is composed of the Director of Admissions or designee and the Assistant/Associate Dean of the college for which the individual is applying.

3. If cleared for admission consideration by the Director of Student Judicial Affairs or the sub-committee, the Director shall advise the Admissions Office in writing. Conduct admission clearances may be granted with the imposition of restrictions, such as, but not limited to, restrictions from residing on campus, conduct probation, or counseling. These restrictions shall be communicated to the applicant in writing by the Director of Student Judicial Affairs. The admissions procedure will then proceed to determine academic eligibility.

4. If the applicant is refused admission on the basis of past misconduct, the Director of Student Judicial Affairs shall advise the applicant and the Admission Office of the decision in writing. Applicants denied admission under this Rule may appeal in writing to the Vice President for Student Affairs within ten (10) days of the date of the written notification of denial or admission.

Specific Authority 240.227(1) FS. Law Implemented 240.227(8), 240.233(4) FS. History–New 5-23-96, Amended 6-21-00.

6C1-1.017 University of Florida; Separations from Employment and Layoff.

(1) Separations from employment shall be administered consistent with the following provisions:

(a) An employee who resigns from employment shall not have any rights of appeal.

(b) An employee who is absent without approved leave for three or more consecutive workdays shall be considered to have abandoned the position.

(c) The President or President’s designee may dismiss an employee for just cause in accordance with University Rules 6C1-3.046, 6C1-3.047 and 6C1-7.048, F.A.C.

(d) Other Personnel Services (OPS), University Support Personnel System (USPS) employees without permanent status in any class, or probationary non-exempt Technical, Executive, Administrative and Managerial Support (TEAMS) employees may be separated from employment at any time without any requirements of notice or reason and without rights to appeal.

(2) Layoffs shall be administered consistent with the following provisions for USPS, TEAMS, and Academic Personnel (AP) employees:

(a) Reasons for layoff, which may occur at any time, are: adverse financial circumstances; reallocation of resources; reorganization of degree or curriculum offerings or requirements; reorganization of academic or administrative structures, programs, or functions; curtailment or abolition of one or more programs or functions; shortage of work; or a material change of duties. The President or designee shall notify the appropriate employee organizations when layoffs are to take place.

(b) President or designee shall designate a layoff unit at an organizational level such as a division, college, school, department, area, program, or other level or organization as the President or designee deems appropriate. In designating the makeup of the layoff unit, the President or designee shall consider the special qualifications and relevant experience required for specific positions and exclude such positions from layoff. The President or designee will designate layoff units at the University of Florida as determined by administrative reporting rather than funding. Other than the exceptions noted in this rule, the unit employee with the fewest retention points in the designated classification will be the layoff candidate.

(c) The layoff areas for bumping purposes are designated as follows:

1. For academic units, except the College of Agricultural and Life Sciences, each individual college will be designated as a layoff area. The Institute of Food and Agricultural Sciences (IFAS) is designated as its own layoff area for bumping purposes.

2. For non-academic units, the affected Vice Presidential area will be designated as a layoff area for bumping purposes.

(d) A tenured/permanent status Academic Personnel employee shall not be laid off if there are non-tenured/non-permanent status Academic Personnel employees in the layoff unit, and a USPS employee with permanent status shall not be laid off if there are USPS employees in comparable positions with less retention points in the layoff unit. Those employees will be retained who, in the judgment of the President or designee, will contribute to the mission and purpose of the University when taking into account the employee’s length and continuous University service and other appropriate factors. The appropriate Vice President shall submit a plan to meet the goals set by the President. The Vice President shall have the sole discretion in determining the distribution by pay plan to accomplish the goals.

(3) Layoff Provisions for USPS employees.

(a) Identification of Layoff Candidate and Notice of Layoff. The classification(s) of the position(s) to be abolished will be determined by the administrator(s) of the layoff unit. The Division of Human Resources identifies the incumbent(s) in the classification(s) that are to be issued layoff notice based on total retention points within the layoff unit. The administrator of the unit as the President’s designee determines which specific positions are to be excluded from the layoff unit based on the special qualifications and relevant experience required for the position. Written notice of layoff rights will be provided to an employee at least forty-five (45) calendar days in advance of layoff. The Division of Human Resources will make an initial assessment of the layoff candidate’s rights to specific classifications.

(b) Consideration for Vacancies in USPS Classifications. The Division of Human Resources identifies vacant, posting positions to which the layoff candidate has rights. The assessment of the layoff candidate’s match for a position will be determined by the hiring administrator of the position and will take into account whether successful performance can be expected for the layoff
candidate after consideration of any special qualifications and relevant experience given a reasonable training period of up to six months. Where posting vacancies exist both within and outside the layoff unit, the priority placement obligation will be with the vacancy in the layoff unit. USPS employees who have applied and been offered any position waive their layoff rights upon acceptance.

(c) Consideration for Non-Vacant USPS Positions. If an appropriate vacant USPS position is not identified, then the Division of Human Resources will identify and coordinate interviews of employees for appropriate non-vacant positions, which shall be within the layoff area in which the layoff candidate is assigned, in retention point order:

1. USPS positions held by USPS employees without permanent status in the job classification.
2. USPS positions held by USPS employees with fewer total retention points than the layoff candidate.

(d) Layoff candidates who decline to interview for positions to which they have placement rights or who reject an offer that the Division of Human Resources deems to represent an appropriate match forfeit further layoff and recall rights and, as a result, voluntarily effect their final resignation.

(e) Retention Points. Within the layoff unit, USPS employees with permanent status in the affected class shall be ranked on a layoff list based on retention points derived from length of service and evaluations. Employees who work less than full-time shall have their retention points determined in proportion to the time worked. Layoff rights extend only to employees who meet the specific qualification and equivalent full-time equivalent (FTE) of the position regardless of their placement on the layoff list. Retention points shall be computed as follows:

1. One point for each month of continuous employment in the USPS including service in the Career Service if employed in the State University System (SUS) on or before June 30, 1986.
2. One point for each month of service meeting performance standards, and two points for each month of service with exemplary performance.
3. Any period of leave for active military service in accordance with Chapter 115, F.S., shall count as continuous employment and shall be considered to be at the same level of performance as last evaluated.
4. Any period of service prior to July 1, 1996, not covered by an evaluation, including periods of service during which no formal employee evaluation program existed, shall be computed as meeting performance standards. After July 1, 1996, performance will be computed as previously evaluated in the absence of a current evaluation.
5. No retention points shall be granted for a month in which the employee was not on the payroll.
6. After totaling the retention points, layoff shall be in order, beginning with the employee with the fewest points.
7. When two or more employees have the same total retention points, preference for retention shall follow the order of the longest University service in the class, Veterans’ preference, and as determined by the President or designee based upon the special qualifications and relevant experience of the employees.

(f) Recall Rights. Recall rights apply for a period of one year following layoff. When a vacancy occurs in the same position and class within the same layoff unit from which the employee was laid off, the employee with the highest number of retention points, who is not otherwise employed in an equivalent full-time position, and who meets the specific qualifications of the position, will be referred to the hiring authority for consideration.

(g) The following USPS employees do not have layoff rights:
1. A USPS employee without permanent status in any class.
2. A USPS employee appointed to a contract and grant, auxiliary, or local funds position which has been designated time-limited.

(4) Layoff Provisions for non-exempt TEAMS employees.
(a) Notice of Layoff. Written notice of layoff will be provided to an employee at least forty-five (45) calendar days in advance of layoff.
(b) TEAMS employees do not have bumping or recall rights.
(c) Layoff Order-Retention Points. Within the layoff unit, non-exempt employees in the affected class shall be ranked on a layoff list based on retention points derived from length of service and evaluations. Employees who work less than full-time shall have their retention points determined in proportion to the time worked. Layoff rights extend only to employees who meet the specific qualification and equivalent full-time equivalent (FTE) of the position regardless of their placement on the layoff list. Retention points shall be computed as follows:
1. One point for each month of continuous employment in the USPS and TEAMS including service in the Career Service if employed in the State University System (SUS) on or before June 30, 1986.
2. One point for each month of service meeting performance standards and two points for each month of service with exemplary performance.
3. Any period of leave for active military service in accordance with Chapter 115, F.S., shall count as continuous employment and shall be considered to be at the same level of performance as last evaluated.
4. Any period of service prior to July 1, 1996, not covered by an evaluation, including periods of service during which no formal employee evaluation program existed, shall be computed as meeting performance standards. After July 1, 1996, performance will be computed as previously evaluated in the absence of a current evaluation.
5. No retention points shall be granted for a month in which the employee was not on the payroll.
6. After totaling the retention points, layoff shall be in order, beginning with the employee with the fewest points.
7. When two or more non-exempt TEAMS employees have the same total retention points, preference for retention shall follow the order of the longest University service in the class, Veteran’s preference, and as determined by the President or designee based upon the special qualifications and relevant experience of the employees.

(5) Layoff provisions for exempt TEAMS employees.

(a) Notice of Layoff. Written notice of layoff will be provided to an employee at least forty-five (45) calendar days in advance of layoff.

(b) TEAMS employees do not have bumping or recall rights.

(c) Determination of Layoff. Employees in the layoff unit are to be laid off in accordance with years of continuous service at the University.

(d) The University maintains the discretion to retain the employees who, in the judgment of the President or designee, will contribute to the mission and purpose of the University when taking into account the employee’s length and continuous University service and other appropriate factors. The appropriate Vice President shall submit a plan to the President to meet the goals set by the President. The Vice President shall determine the distribution by pay plan to accomplish the goals.

(6) Layoff Provisions for Academic Personnel:

(a) Layoff Order. Employees in the layoff unit are to be laid off in the following order:

1. Non-tenure earning or non-permanent status earning employees with five years or less of continuous university service;
2. Tenure-earning or permanent-status-earning employees, who have not attained tenure or permanent status with five years or less of continuous university service;
3. Non-tenure earning or non-permanent status earning employees with more than five years of continuous university service;
4. Tenure-earning or permanent-status-earning employees, who have not attained tenure or permanent status with more than five years of continuous university service;
5. Employees who are tenured or have permanent status.

(b) Determination of Layoff. In determining which employee(s) will be laid off, the President or designee, shall take into consideration appropriate factors including: tenure status; performance evaluations by supervisors, peers and students; contents of the faculty member’s personnel file; the faculty member’s academic credentials; professional reputation; collegiality; teaching effectiveness; performance of professional responsibilities; research record; quality of the academic or creative activity engaged in by the faculty member; and length and quality of service to the community and public.

(c) Notice of Layoff. Written notice of layoff rights will be provided to an employee as soon as practicable in advance of layoff. Where circumstances permit, faculty members are to be provided with at least one year’s notice for employees with three or more years of service and at least six month’s notice to those with less service. A notice of layoff shall be sent to the employee by certified mail, return receipt requested, or delivered in person to the employee.

(d) Recall Rights. For a period of one year following layoff, an employee who has been laid off, and who is not otherwise employed in an equivalent full-time position, shall be offered reemployment in the same position at the University, should an opportunity for such reemployment arise. Any offer of reemployment must be accepted no later than fifteen days after the date of the offer, such acceptance to take effect no later than the beginning of the academic term immediately following the date the offer was made. In the event such offer of reemployment is not accepted, the employee shall receive no further consideration pursuant to this rule.

(e) The following Academic Personnel do not have layoff rights:
1. An Academic Personnel employee appointed for less than one academic year or appointed to a visiting appointment;
2. An Academic Personnel employee appointed to a position funded from contracts and grants, auxiliaries or local funds;
3. An Academic Personnel employee whose appointment expires after receiving timely notice or non-reappointment;
4. An Academic Personnel employee whose appointment expires without the requirement of a written notice of reappointment, including an employee serving on an appointment without a fixed term or an employee on a multi-year contract.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History–New 7-1-96, Amended 10-7-99, 3-2-03.

6C1-1.018 University of Florida; Works and Inventions.

(1) For the purposes of this rule, the following definitions shall apply:

(a) “University personnel” shall include full-time and part-time employees of the University of Florida, including Academic Personnel (AP), Technical, Executive, Administrative and Managerial Support (TEAMS), University Support Personnel System (USPS), and Other Personnel Services (OPS) employees; appointees of the University, including certain faculty members and all volunteers; persons paid by or through the University, including fellows; and anyone working under University auspices. Students who are encompassed within any of these categories shall be considered “University personnel.”

(b) A “work” shall include any copyrightable material, such as printed material, computer software or databases, audio and visual material, circuit diagrams, architectural and engineering drawings, lectures, musical or dramatic compositions, choreographic works, and pictorial or graphic works.

(c) An “invention” shall include any discovery, invention, process, composition of matter, article of manufacture, know-how, design, model, technological development, biological material, strain, variety, culture of any organism, or portion, modification translation, or extension of these items, and any mark used in connection with these items.
(d) A “creator” shall mean a member of University personnel who creates a work or invention.
(e) “University support” shall include the use of University funds, personnel, facilities, equipment, materials, or technological information, and includes such support provided by other public or private organizations when it is arranged, administered, or controlled by the University.
(f) “University-supported work” shall mean a work of a creator not made in the course of “independent efforts.” “Independent efforts” with regard to a work means that the ideas for the work came from the creator, the work was not made with the use of University support, and the University is not held responsible for any opinions expressed in the work. Notwithstanding the foregoing, “University-supported works” do not include scholarly articles published in journals independent of the University and theses or dissertations of graduate students.

(2) Works. A work which is made in the course of independent efforts is the property of the creator. A University-supported work is the property of the University, and the creator shall share in the proceeds therefrom subject to preexisting commitments to outside sponsoring agencies. University personnel are required to disclose promptly, pursuant to the University’s Intellectual Property Policy, all University-supported works, including all instructional works. The Vice President for Research or the Vice President’s designee shall inform the creator of the University’s decision regarding ownership and the University’s legal rights as soon as practicable, but no later than 30 days from receipt of the complete disclosure of the work. Any University-supported work shall be handled in accordance with the University’s Intellectual Property Policy – Revised October 25, 2002, which is incorporated herein by reference. The Work Disclosure form, Revised October 2002, and the Invention Disclosure form, Revised October 2002, incorporated in the University’s Intellectual Property Policy and are available from the Office of Technology Licensing of the Office of Research and Graduate Programs. Copies of the University’s Intellectual Property Policy are available from Office of Technology Licensing of the Office of Research and Graduate Programs.

(3) Inventions.
(a) University personnel are required to disclose any invention made or discovered by them promptly pursuant to the University’s Intellectual Property Policy. All inventions must be disclosed, even those believed by the creator to be unrelated to his or her University duties and not involving the use of University support.
(b) An invention which is made in the field or discipline in which the creator is engaged by the University or made with the use of University support is the property of the University, and the creator shall share in the proceeds therefrom subject to preexisting commitments to outside sponsoring agencies. An invention made outside the field or discipline in which the creator is engaged by the University and for which no University support has been used is the property of the creator. In the latter case, however, the creator and the University may agree that the invention be pursued by the University and the proceeds shared pursuant to the University’s Intellectual Property Policy.
(c) The Vice President for Research or the Vice President’s designee shall inform the creator of the University’s decision regarding ownership and the University’s legal rights as soon as practicable, but no later than 120 days from receipt of the complete disclosure of the invention. Any invention shall be handled in accordance with the University’s Intellectual Property Policy.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(6), (19), (26), 1004.23 FS. History–New 5-28-80, Formerly 6C1-7.392, Amended 7-15-97, 6-15-99, Formerly 6C1-7.0392, Amended 2-5-03.

6C1-1.019 University of Florida; Limited Access Records.
(1) “Limited Access Records” that the University maintains on its employees, which shall include Academic Personnel (AP), Technical, Executive, Administrative, and Managerial Support (TEAMS) staff members, University Support Personnel System (USPS) employees, and Other Personnel Services (OPS) employees, shall be confidential. The custodian of limited access records may release information from such records only under the conditions and to the persons as set forth in this rule, to the President or the President’s designee in the discharge of official responsibilities, or upon order of a court of competent jurisdiction.
(a) For records created on or before July 1, 1995, “limited access records” shall be defined as those records that reflect evaluations of employee performance. Such records shall be open to inspection by the employee evaluated and by University personnel responsible for supervision of the employee.
(b) For records created after July 1, 1995, “limited access records” shall be defined as:
1. Records that reflect “academic” evaluations of employee performance. “Academic” for the purposes of this rule means performance evaluation documents regarding employees designated as Academic Personnel (AP), employees in the General Faculty pay plan prior to the implementation of the AP classification, or other employees subject to the faculty or academic personnel evaluation process. Examples of such records are those resulting from academic evaluation processes such as tenure, promotion, annual evaluation, student evaluation of teaching (except records comprising the common core items contained in the State University System Assessment of Instruction instrument), TIP, compression/inversion, other faculty awards, and merit increases. Such records shall be open for inspection by the employee evaluated and by University personnel responsible for the supervision or evaluation of the employee.
2. Records maintained for the purposes of any investigation of employee misconduct. Such records shall be confidential until the investigation ceases to be active, the University concludes the investigation with a finding to proceed or not to proceed with disciplinary action, or the University issues a letter of discipline. The records shall be open to University personnel conducting the investigation, the administrator responsible for the appointment and assignment of the employee investigated, and their respective
designees. To the extent necessary to meet the due process requirements of applicable University rules, policies, or collective bargaining agreements, certain records of the investigation may be open to the employee investigated at the time indicated in the applicable rules, policies, or agreements. A notice of proposed disciplinary action is confidential until a letter of discipline is issued or a decision is made not to proceed further with disciplinary action.

a. An investigation is presumed inactive if no finding is made within ninety (90) days, but the University may overcome that presumption through appropriate documentation in the records.

b. For sexual harassment investigations, portions of such records which identify the complainant, a witness, or information which could reasonably lead to the identification of the complainant or a witness, retain their confidential status even after the investigation is closed.

3. Records maintained for the purposes of any disciplinary proceeding brought against an employee or of any grievance proceeding for enforcement of a collective bargaining agreement. Such records shall be confidential until a final decision is made in the proceeding. The records shall be open to University personnel conducting the proceeding, the administrator responsible for the appointment and assignment of the employee, and other University personnel representing the University in the proceeding. The record of the proceeding itself, including any evidence presented during the proceeding, is open to inspection by the employee.

(2) Employment records and other employee information maintained by the University are subject to the provisions of this rule and may also be subject to other laws or regulations that limit public access to the records or parts thereof.

(3) The custodian of the central personnel files of University employees other than undergraduate student OPS employees is the Director of Division of Human Resources. The custodians of the personnel files of undergraduate student OPS employees as well as of records on employees held in other administrative and academic units are those administrative personnel designated by the respective vice presidents, deans, or directors. The custodians of such records are responsible for designating in a manner consistent with the provisions of this rule those University personnel who have access to limited access records and other employee materials not open to the public. Any University personnel who have access to such records and materials shall maintain their confidentiality.

Specific Authority 1012.91(1) FS. Law Implemented 1012.91 FS. History–New 11-11-79, Formerly 6C1-3.18, Amended 3-6-85, Formerly 6C1-3.55, Amended 5-1-96, Formerly 6C1-3.055, Amended 1-7-03.

6C1-1.100 University of Florida; General Personnel Policy.

(1) Rules prescribing personnel policy for University of Florida employees will be found in Chapter 6C1, F.A.C. These employees include Academic Personnel (AP) staff, Technical, Executive, Administrative, and Managerial Support (TEAMS) staff, University Support Personnel System (USPS) staff, and Other Personnel Services (OPS) employees. These rules shall have University-wide application pursuant to the authority granted to the University of Florida Board of Trustees (BOT) in the Florida Statutes. All rules and policies or procedures arising from these rules shall be consistent with the relevant provisions of Federal and State law and the Constitutions of the United States of America and the State of Florida.

(2) Personnel Programs.

(a) The President shall be responsible and accountable for administering the personnel programs. The President may delegate authority for the personnel program through rule or written delegation. The “President” as used in these rules shall refer to the President and the President’s designee, if any.

(b) The Board of Trustees and the President shall establish and maintain all policies, procedures, and records necessary to substantiate compliance with all laws and rules relating to employment.

(c) The University shall actively promote its commitment to equal employment opportunity and non-discrimination towards applicants and employees with respect to race, color, religion, age, disability, gender, marital status, national origin, and veteran status consistent with Federal and State law.

(3) The UF Employment Plan is the classification and compensation plan maintained by the University of Florida. Such plan shall consist of the following:

(a) Academic Personnel (AP) defines personnel whose positions are assigned the principal responsibility of teaching, research, extension, or public service activities, or for administrative responsibility for functions directly related to the academic mission.

(b) Technical, Executive, Administrative, and Managerial Support (TEAMS) defines personnel hired after January 6, 2003 whose positions are assigned paraprofessional, administrative, clerical, secretarial, technical, skilled crafts, service or maintenance duties; and personnel whose positions are assigned administrative and management responsibilities or professional duties at the department/unit level or above.

(c) University Support Personnel System (USPS) defines personnel hired on or before January 6, 2003 who have not had a Break-in-Service after January 6, 2003, whose positions are listed in the Board of Regents USPS job classification system on January 6, 2003, and who have not held any positions as TEAMS personnel after January 6, 2003. For the purpose of this rule, a Break-in-Service is defined as a separation from University of Florida service not covered by an approved leave of absence.

(d) OPS defines at-will temporary personnel.

(4) USPS personnel can make an irrevocable decision to become TEAMS personnel by completing the “TEAMS Enrollment Form”, Form DHR-TEF-02, Rev. 10/02, which is incorporated herein by reference and available from the Division of Human Resources, Post Office Box 115000, 337 Stadium, Gainesville, Florida 32611.
6C1-1.101 University of Florida; Compensation.

(1) Pay actions shall be administered consistent with the following provisions.
(2) The University shall establish and maintain pay ranges for class specifications.
(3) Base rate of pay is the pay provided employees not including any additions as defined below. Regular rate of pay is an employee’s base rate of pay plus any other pay that may be necessary to meet the requirements of the Fair Labor Standards Act (FLSA). An annual rate of pay for a nonexempt position is obtained by multiplying the hourly base rate of pay by 2088. An exempt employee contract is always stated as an annual rate of pay. An exempt employee’s period rate is determined based on the pay structure used for employees: 26.1 for a biweekly system, 24 for a semi-monthly system, and 12 for a monthly system.
(a) An employee must be in pay status in order to receive a pay increase of any kind.
(b) All employees shall be eligible for authorized pay increases regardless of salary fund source.
(c) A retroactive effective date for a pay action shall only be permitted with the approval of the President or the President’s designee in instances in which responsibilities have changed, or a pay increase under a condition set forth in subsection (5) below has been approved and the funds for the increase are not immediately available.
(d) The administrator in charge of the unit shall determine any pay increase for a temporary change in assignment on an acting basis based upon the responsibilities assumed, and, upon return to original responsibilities, the pay shall be adjusted to reflect the original responsibilities.
(e) When a non-exempt employee is called back to work beyond the employee’s scheduled hours of work for that day, the employee shall be credited with the greater of the actual time worked, including time to and from the employee’s home to the assigned work location, or two hours.
(4) Annual pay increases shall be in accordance with guidelines issued by the President and the Board of Trustees.
(5) Other pay increases can be provided under the following categories:
(a) Increased responsibilities;
(b) Market conditions, including counter-offers and retention due to specialized or extensive investment or training;
(c) Salary compression or inversion;
(d) Increases to resolve a pay disparity considering education, experience, or duties and responsibilities of other employees;
(e) Increases to recognize sustained superior performance;
(f) Approved career development/apprenticeship programs.
(6) Other pay adjustments.
(a) Lump sum payments shall be given in exceptional circumstances with the approval of the President. In determining whether such a lump sum should be provided, the President shall consider the nomination of the employee’s supervisor with regard to the documented successful completion of a special project or assignment that is in addition to the employee’s regularly assigned duties, or a documented significant increase in productivity or productivity goal achievement including a group incentive program.
(b) The President or the President’s designee is authorized to approve pay additives when resources permit, including those for asbestos-related activities, lead abatement activities, leadworker pay, shift differentials, on-call pay, field training officer activities, and other approved activities.
(c) An employee who is demoted shall receive pay commensurate with the responsibilities assigned.
(d) The removal of pay additives or correction of overpayment does not constitute a reduction in pay action.
(e) When the assignment of Academic Personnel serving in an administrative position such as Vice President, Dean, Director or Department Chairperson is changed, the pay and appointment period shall be adjusted to reflect the new responsibilities.
(f) When an Academic Personnel employee’s appointment is changed from a calendar year to an academic year appointment with duties remaining the same, the employee’s pay shall be adjusted to 81.8 percent of the calendar year base pay. For an Academic Personnel employee whose appointment was previously changed from academic year to calendar year where the pay was adjusted other than by 122.2 percent, pay shall be adjusted to the percent that is the reciprocal of the percent previously used. A different pay adjustment percent may be used by the President or designee for an Academic Personnel employee leaving an administrative position and returning to a general faculty title pursuant to paragraph 6C1-7.003(5)(b), F.A.C.
(g) The University shall seek to arrange work schedules to minimize overtime and shall establish procedures for overtime pay consistent with the FLSA.
(7) Extra Compensation.
(a) Pay for appointments up to 1.00 full-time equivalent (FTE) shall be from funds designated as salaries.
(b) Pay for the portion of an appointment in excess of 1.00 FTE and for activities of limited duration where no FTE is assigned shall be from funds designated as OPS.
(c) Perquisites/Sale of Goods and Services. The President shall approve providing perquisites to employees, the sale of goods and services to employees, and the payment of moving expenses associated with a current or prospective employee. The provision of such items shall be job or class related and documented to demonstrate that approval is in the best interest of the University. Approval is not required when sales to employees are at the same rate as they are ordinarily sold to the public.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History-New 1-7-03.
6C1-1.200 University of Florida; Benefits, Retirement Programs, Employment Services, and Holidays.

(1) Benefits – Benefits made available to faculty, Technical, Executive, Administrative, and Managerial Support (TEAMS), and University Support Personnel System (USPS) employees include paid and unpaid leave as described in Rule 6C1-1.201, F.A.C., holidays, state- and university-sponsored insurance programs, and retirement. Under the Family Medical Leave Act (FMLA), Other Personnel Services (OPS) employees are eligible for unpaid leave under the terms of the act. Benefits and hours of work requirements shall be administered in accordance with this rule.

(2) Related Definitions and Terms – For the purpose of administering this rule, the following words and terms shall have the meaning indicated.

(a) TEAMS – Technical, Executive, Administrative, and Managerial Support pay plan.

(b) Break-in-Service – Upon resignation, a break in University of Florida service of more than 100 days not covered by leave with pay.

(c) Calendar Days – All days in a month not counting University of Florida paid holidays.

(d) Continuous Service – Continuous service is employment in a salaried (non-OPS) position with the University without a break in service. Continuous service as defined in this rule shall have no effect on the provisions of the Florida Retirement System.

(e) Exempt Classification – A classification designated by the University of Florida as exempt from the maximum hours and overtime pay requirements of the Fair Labor Standards Act, or FLSA.

(f) Non-Exempt Classification – A classification designed by the University of Florida as not exempt from the maximum hours and overtime pay requirements of the Fair Labor Standards Act, or FLSA.

(g) OPS – Other Personnel Services pay plan.

(h) USPS – University Support Personnel System pay plan.

(i) Workweek – For purposes of compensation, the University of Florida’s workweek ends at 12 midnight on Thursday.

(3) Retirement Programs – With the exception of Postdoctoral Associates, who do not receive retirement benefits at the University, and with the exception of faculty in the Colleges of Medicine, Dentistry, and Health Professions who must participate in the Optional Retirement Program, or ORP, all full-time faculty and eligible TEAMS employees whose positions are assigned administrative and management responsibilities or professional duties at the department/unit level or above, are, upon employment, enrolled in the Florida Retirement System unless employees elect to participate in the Optional Retirement Program (ORP). With the exception of Postdoctoral Associates, who do not receive retirement benefits at the University, all other employees participate in the Florida Retirement System, except those who remain in the State and County Officers and Employees Retirement System or the Teachers Retirement System. Lump sum payments made pursuant to this section in conjunction with sick leave benefits shall not be considered salary payments and shall not be used in determining the average final compensation of an employee in any state-administered retirement system.

(4) Employment Services – The responsibility of an employee is the full and competent performance of all duties pertinent to the full-time equivalent (FTE) of his or her employment. Activities which may interfere or may create a conflict of interest in keeping with University of Florida procedures located in Rule 6C1-1.011, F.A.C., are to be disclosed and may be prohibited or allowed under certain conditions.

(a) Certification of Employability – The law requires that a person be appointed and certified as completing an assignment in order to be paid. If a person is not appointed, is not assigned duties and responsibilities, or is not certified as fulfilling those duties, then he or she is not eligible for salary payment.

(b) Workweek – Each employee is expected to work the number of hours in the employee’s established workweek, or FTE, unless on approved leave.

1. The minimum workweek for full-time employees is 40 hours.
   a. Each department or division is required to keep an accurate record of all hours worked by each USPS employee and non-exempt TEAMS employee as well as a complete and accurate record of all authorized leave which is approved in accordance with these rules by all eligible University of Florida employees.
   b. All hours worked by USPS employees must be totaled at the end of the workday and the total shall be rounded to the nearest quarter of an hour.
   c. For USPS employees, approved paid leave, except for some types of administrative leave, may be used only in the amount necessary to fulfill the employee’s FTE.
   d. An employee who uses any type of leave in an amount which is less than a full hour will be charged with such leave to the closest quarter of an hour.

2. Upon reasonable notice, the appropriate University of Florida administrator shall require an employee to use any part of his or her accrued annual, overtime, special, or regular compensatory leave, as described in subparagraph 6C1-1.200(4)(b)5., F.A.C., at any time deemed advisable for the efficient management of the operation of the unit, conservation of funds, or savings to the University.

3. The appropriate administrator has the authority to require an employee who has accrued overtime, special, or regular compensatory leave, as described in subparagraph 6C1-1.200(4)(b)5., F.A.C., to first use such leave before using accrued annual leave when necessary for the conservation of funds or savings to the University. The employee will be allowed to use such accrued compensatory leave, upon request and with supervisory approval, before using accrued sick leave.

(c) Developmental Research School – P.K. Yonge.
The faculty of the Developmental Research School serve on a 190-196 day work schedule. The academic calendar for the Developmental Research School, including the working days and holidays, shall be determined by its Director after consultation with its faculty and the Dean of the College of Education.

(5) Holidays – Holidays as set forth in Section 110.117(1), F.S., shall be considered University of Florida holidays and shall be observed as paid days off and are provided to employees in proportion to their FTEs, with the exception of individuals receiving workers’ compensation salary indemnification benefits. Employees required to perform duties on such official holidays shall have their schedules adjusted to provide equivalent paid leave time. No classes shall be scheduled on such official holidays.

(a) An observed holiday benefit (maximum of eight hours) does not count for purposes of overtime.

(b) OPS employees are not eligible for holiday benefits unless they are OPS faculty members who are compensated on a biweekly basis.

(c) To receive holiday pay, TEAMS and USPS employees must be in pay status for a reasonable portion of the employee’s regularly scheduled shift of the employee’s last workday before the holiday.

(d) Permanent USPS employees earn one personal holiday in proportion to their FTEs per fiscal year in addition to the University of Florida holidays.

1. Permanent for the purpose of eligibility for a personal holiday includes the attainment of permanent status in service without a break in service.

2. Such personal holiday shall be credited to eligible employees on July 1 or on the date the employee attains permanent status and must be taken by the employee or be forfeited at the close of business on June 30 of each year.

3. Cash payment is not provided for unused personal holidays.

4. Personal holidays must be taken in full-day increments (that is, as an 8-hour day for full-time employees, as a 4-hour day for .50 employees).

(e) Supervisors are encouraged not to require employees to perform duties on holidays.

1. Those employees required to perform duties on holidays may have their schedules adjusted during the workweek to provide equivalent time off, in proportion to the employee’s FTE, not to exceed 8 hours.

a. In the event a USPS or a non-exempt TEAMS employee’s work schedule is not adjusted within the workweek in which the holiday occurs, as described above, he or she shall earn special compensatory leave for hours attributed to the holiday benefit in excess of the hours in the employee’s established workweek (or FTE).

b. When the holiday is observed on the USPS or a non-exempt TEAMS employee’s regular day off, he or she shall earn special compensatory leave for hours attributed to the holiday benefit in excess of the hours in the employee’s established workweek (or FTE) unless the employee’s work schedule is adjusted within the workweek in which the holiday occurs.

2. When an exempt TEAMS employee or faculty member is assigned to perform duties on a holiday, he or she may take off another day as a way to enjoy the holiday benefit – typically during the workweek in which the holiday occurred. If the exempt TEAMS employee or faculty member who has been assigned to perform duties on a holiday terminates employment prior to being given time off, the employee shall be paid, upon termination, for the holiday hours worked without compensation within the previous 12-month period.

(f) No classes shall be scheduled on holidays. Classes not held because of a holiday shall not be rescheduled as appropriate.

(g) Employees also shall be entitled to observe a state day of mourning in observance of the death of a person in recognition of service rendered to the state or nation, as appropriately designated. An employee who is on approved leave with pay when a state day of mourning is declared shall not have such day charged against his or her accrued leave.

(6) Benefits for TEAMS Personnel – The following benefits are provided for TEAMS personnel.

(a) TEAMS Employee Development Program – Full-time TEAMS employees are provided with the opportunity to take up to six (6) credit hours of work-related courses per semester at a public community college closest to their assigned work location in Florida, at a Florida state university closest to their assigned work location, or at a vocational technology center closest to their assigned work location found on a list maintained at the Division of Human Resources under the following conditions:

1. The TEAMS employee must have had continuous University employment in TEAMS or USPS for the past six (6) months and must be on a TEAMS regular annual or multi-year appointment.

2. The TEAMS employee must have the approval of a supervisor and an academic advisor designated by the Director of the Division of Human Resources, who will review the courses requested and the complete program of study proposed by the employee. The TEAMS employee must meet admission and enrollment requirements at the respective institution.

3. University payments will be limited to the matriculation fee for the approved credits for which the employee registers.

4. If the employee is seeking a certificate or a degree, such as an Associate of Arts degree, then participation in the program is limited to the credit hours needed to achieve the degree. If an employee withdraws from the course after the fee payment deadline or if the employee does not pass the course, the course credits are still counted in the total credit hours computation.

5. The employee must sign an agreement releasing the grades achieved in courses to the Director of the Division of Human Resources.

6. Continued participation in the program is contingent upon satisfactory academic progress as appraised by the academic advisor, satisfactory work performance as appraised by the employee’s supervisor, and the supervisor’s approval of continued participation in the program.
(b) Higher Education Opportunity for Children of full-time TEAMS Employees – This program is designed to provide children of TEAMS employees with enhanced opportunities for post-secondary education.

1. Children of TEAMS employees who wish to apply for entrance under this program to undergraduate study at the University of Florida or at a public community college in Florida must complete an application for admission to the University of Florida before January 15 preceding the desired academic year of entry. Before January 15, the parent TEAMS employee must notify the Director of the Division of Human Resources of the child’s name, via the Higher Education Opportunity of Children of Full-Time TEAMS Employees Application, Form DHR TEAMS HEO-02, Rev. 07/03, which is incorporated herein by reference and can be obtained at http://www.hr.ufl.edu/transition/HEO.pdf, that the child has filed an application for entrance under this program, and must certify that the child meets the following criteria:

a. He or she must be the natural, adopted, step, foster, or any other child for which legal guardianship can be documented of a full-time TEAMS employee.

b. He or she must be unmarried and will continue to be eligible for the program through the end of the calendar year in which the child turns 25 years of age.

Before February 1, the Director of the Division of Human Resources will send to the Director of Admissions the pool of names of children who have completed the application for admission before January 15 provided their parents have provided the indicated information before January 15.

2. Fifty children will be chosen at random from the pool of names determined in subparagraph 1. by the Director of Admissions. Those children among the fifty who meet admissions requirements to the University will be offered admission to the University, conditional upon receipt of their high school diploma before the date of entry into the University offered by the Director of Admissions. Those children among the fifty who do not meet admissions requirements to the University, who receive a high school diploma before the beginning of the academic year and who wish to continue in this program must enroll at a public community college in Florida.

3. The University will pay the in-state matriculation fees less any Bright Futures Scholarship award for each of the fifty children for up to twelve credits per semester during the academic year and for up to 6 credits per twelve (12) week summer semester at the University of Florida or a public community college. The children are responsible for payment of all other fees charged by the institution and for any costs associated with attending the institution.

4. Continued Eligibility – To continue to receive this benefit, the following conditions must be met on August 30 commencing the second year of the child’s enrollment in the program and in each succeeding year:

(i) The child’s legal guardian must be a full-time TEAMS employee on the first day of classes for each new semester.

(ii) The child’s cumulative GPA must be 2.75 or higher.

(iii) If the child is attending a public community college, he or she must provide to the Director of the Division of Human Resources a current official copy of the transcript of grades from the community college showing all courses attempted and grades received.

5. The University’s total obligation for each child is limited to paying the matriculation fees less any Bright Futures scholarship award for a maximum of 132 credit hours over a period of six calendar years or less, beginning with the date of entry into the University or August 30 of the academic year in which application is made. All completed courses, passed or failed, and withdrawals are totaled in the count of credit hours.

6. This program will become effective for the Fall semester 2003.

(c) Annual Leave Pay – Upon request during the month of December, up to 16 hours of accrued annual leave at a TEAMS employee’s regular rate of pay shall be cashed out provided the employee’s remaining accrued annual leave totals at least forty (40) hours.

Specific Authority 1001.74(4) FS. Law Implemented 121.091, 1001.74(19) FS. History–New 7-15-97, Amended 6-28-98, 3-2-03, 12-31-03.

6C1-1.201 University of Florida; Leaves.

(1)(a) The following describes the leaves provided to University of Florida employees. Also refer to the University of Florida Rule 6C1-5.0761, F.A.C., for leave provisions for interns, residents, and fellows in the College of Medicine and Rule 6C1-6.011, F.A.C., for leave provisions for county extension employees.

(b) For the purposes of this rule, Executive Service shall denote the members of Technical, Executive, Administrative, and Managerial Support (TEAMS) who do not hold tenure or permanent status and who hold the title of Vice President.

(2) Each employee is expected to work the number of hours in the employee’s established workweek unless on approved leave.

(3) The minimum workweek is forty (40) hours for full-time employees. Holiday pay (maximum of eight hours) and paid leave are not considered overtime and are paid at the employee’s regular pay rate. Approved leave shall be adjusted to ensure an employee’s workweek will not exceed the employee’s full-time-equivalent (FTE) appointment.

(4) Compensatory leave shall consist of the following types and such unused leave shall be paid as follows:
Overtime compensatory leave is provided in lieu of payment for overtime for non-exempt University Support Personnel System (USPS) and non-exempt TEAMS employees at the rate of one and one half times the total hours worked beyond forty (40) or by crediting the employee with up to 120 hours of overtime compensatory leave, which is earned at one and one-half hours for each hour of overtime worked. Overtime compensatory leave is not available to Other Personnel Services (OPS), Academic Personnel (AP) and exempt TEAMS employees.

1. Overtime shall be paid no later than the end of the following pay period, unless accrued as overtime compensatory leave.
2. If the employee separates from the University, or accepts another position at the University with an exempt designation, such leave shall be paid at the employee’s regular rate of pay. An employee who reassigns, promotes, or accepts a demotion to another position in a work area paid by a different account number will be paid for unused overtime compensatory leave at the employee’s regular rate of pay. If an employee reassigns, promotes, or accepts a demotion to another position within the same department, cash out is at the department’s discretion.
3. Upon reaching 120 hours of overtime compensatory leave, the employee must either receive cash payment for additional hours of overtime worked or use accrued overtime compensatory leave credits before receiving further overtime compensation in the form of compensatory leave.
4. The President or President’s designee may elect to pay or require an employee to use any or all of the employee’s accrued overtime compensatory leave at any time. Typically, with approval from the President or designee, overtime compensatory leave shall be used or cashed out prior to the end of each fiscal year and/or before any scheduled salary increase.
(b) Regular compensatory leave shall be provided to a USPS exempt employee for work beyond forty (40) hours on an hour-for-hour basis. The University will pay for unused regular compensatory leave with the approval of the President or designee. The President or designee has the authority to grant approval to an employee to retain regular compensatory leave in excess of 120 hours for a period not to exceed six (6) months in circumstances involving natural disasters and other extraordinary situations that last for an extended period of time which would prevent employees from using their accrued compensatory leave.
1. When a USPS employee moves within the University of Florida from a position in a class that accrues regular compensatory leave credits to another position which also accrues regular compensatory leave, any unused regular compensatory leave will be transferred.
2. When a USPS employee moves from an exempt class that accrues regular compensatory leave to a USPS class that does not accrue regular compensatory leave or accepts a position in TEAMS, any unused regular compensatory leave will be transferred. In such cases, the employee must use regular compensatory leave before using annual leave.
3. Regular compensatory leave shall not be transferred to a faculty position. As a result, each supervisor should make a reasonable effort, whenever practical, to allow an employee to use regular compensatory leave credits as requested before the employee transfers to a faculty position.
(c) Special compensatory leave is provided on an hour-for-hour basis to USPS and non-exempt TEAMS personnel as follows:
1. Special compensatory leave is provided to compensate an employee for a University of Florida holiday when the employee observed the holiday and worked forty (40) hours the week during which the holiday occurred; the holiday falls on the employee’s regularly scheduled day off; or the employee is required to work the holiday.
2. Special compensatory leave is provided to compensate an employee for administrative leave for jury duty or court appearance provided in paragraphs (14)(a) and (b) below when the employee worked forty (40) hours the week during which the jury duty or court appearance occurred.
3. Special compensatory leave is provided to employees required to perform essential duties during an emergency closing for the hours worked during the closing.
4. The President or designee has the authority to pay or require an employee to use any or all of the employee’s accrued special compensatory leave at any time in order to provide for the efficient management of the unit, to conserve funds, or to provide savings to the University. If the employee separates, the employee shall be paid for all unused special compensatory leave at the employee’s regular rate of pay. An employee who reassigns, promotes, or accepts a demotion to another position in a work area paid by a different account number will be paid for all unused special compensatory leave at the employee’s regular rate of pay. If an employee reassigns, promotes, or accepts a demotion to another position within the same department, cash out is at the department’s discretion based on budget considerations. With approval from the President or designee, special compensatory leave shall be used or cashed out prior to the end of each fiscal year and/or before any scheduled salary increase.
5. An employee who is unable to work due to a compensable workers’ compensation injury and is receiving salary indemnification benefits shall not be eligible for special compensatory leave.
6. An employee shall be paid proportionate to the full-time equivalent (FTE) in pay status for all holidays designated for University employees.
7. Leave shall be accrued while in pay status and shall be credited on the last day of that pay period or, in the case of separation, on the last day the employee is on the payroll.
8. During approved unpaid leave for parental, foster care, medical, or military reasons, an employee may use accrued leave to continue the contributions to State benefits and other expenses.
9. Unless agreed otherwise, an employee shall be employed in the same or similar status upon completion of the approved leave period. While on paid leave, an employee may not be employed elsewhere unless the requirements for outside activity and extra compensation have been met.
(9) Sick leave accrual for full-time employees shall be as follows with proportionate accrual for less than full-time.

(a) Sick leave shall be accrued before use unless available through a sick leave pool. There is no maximum on the amount of sick leave that can be accrued. Sick leave accrued prior to October 1, 1973, shall be used prior to any sick leave accrued after that date.

(b) Sick leave is authorized for the following purposes:

1. The employee’s personal illness, injury, exposure to a contagious disease, a disability where the employee is unable to perform assigned duties, or appointments with health care providers.

2. The illness, injury, appointments with health care providers, or death of a member of the employee’s family.

(c) Notice of absence due to illness, injury, disability, or exposure to a contagious disease, shall be given on the first day of absence.

(d) Upon separation, an employee with ten (10) or more years of service shall be paid for one-eighth of all unused sick leave accrued prior to October 1, 1973, and for one-fourth of unused sick leave up to a total of 480 hours accrued after October 1, 1973. Upon reemployment by the University within 100 days or upon recall by the University within 365 days, all unpaid sick leave shall be restored and any sick leave paid at time of separation shall be restored upon repayment. An employee with less than ten (10) years of service shall not be paid for any unused sick leave and such leave shall be forfeited unless reemployed by the University within 100 days or recalled by the University within 365 days.

(10) Annual leave for full-time employees shall be as follows with proportionate accrual for less than full-time. An academic year (39 weeks) employee, a Developmental Research School employee, and an employee appointed for less than nine (9) months shall not accrue annual leave. Postdoctoral Associates shall not accrue annual leave. Hours of accrual for USPS are based on years of creditable service, and such service shall be awarded as one month of service credit for each calendar month that the employee is on the salaried (non-OPS) payroll of the University of Florida, on the salaried (non-OPS) payroll of a State agency prior to January 6, 2003, on the salaried (non-OPS) payroll of a state university in the State of Florida prior to January 6, 2003, or on the salaried (non-OPS) payroll of these institutions while on authorized unpaid leave during the indicated time periods.

(a) Annual leave shall be accrued prior to use unless annual leave is advanced by the President or designee.

(b) Employees may accrue annual leave in excess of the year end maximum during a calendar year. Employees with accrued annual leave in excess of the year end maximum as of December 31, shall have any excess converted to post October 1, 1973 sick leave on an hour-for-hour basis on January 1 of each year. The President or designee is authorized to grant approval to an employee to retain annual leave in excess of the year end maximum in circumstances involving natural disasters and other extraordinary situations lasting for an extended period of time that prevent the employee from using annual leave.

(c) An employee who separates from employment shall be paid for all unused annual leave hours up to the year end maximum allowed for the pay plan. Upon reemployment by the University within 100 days or upon recall by the University within 365 days, all unpaid annual leave shall be restored and any annual leave paid at time of separation shall be restored upon repayment. Upon entering into the Deferred Retirement Optional Program (DROP), employees may elect to be paid up to the year end maximum of their unused annual leave.

(d) Upon transfer from an annual leave-accruing position to a non leave-accruing position, the employee shall be paid for unused annual leave, unless the employee elects to retain all unused annual leave, for up to two years.
(e) Upon reasonable notice, an employee shall be required to use any part of his or her accrued annual leave at any time deemed advisable by the President or designee based on the effective functioning of the unit, the efficient use of available personnel, and budget.

(11) Compulsory medical leave provisions shall be consistent with the following:
   (a) Medical certification by a health care provider designated or approved by the President or designee shall be required.
   (b) Notice shall be provided to the employee identifying duration of the leave, the conditions for return to the position, and whether such leave shall count toward FMLA entitlements.
   (c) The employee is allowed to use paid leave during compulsory leave to continue the contributions to benefits and other expenses.
   (d) Unless agreed otherwise, an employee shall be employed in the same or similar status upon completion of the approved leave period and upon receipt of a current medical certification that the employee is able to perform assigned duties.
   (e) Employees who fail to meet the conditions of the compulsory leave or who fail to obtain medical certification and are unable to perform duties shall be offered part-time employment, placed on unpaid leave or have such leave extended, requested to resign, or be dismissed for inability to perform the duties of the position.

(12) Employees are provided with twelve workweeks of Family and Medical Leave within a 12-month period in compliance with the Family and Medical Leave Act (FMLA) of 1993 (Public Law 103-3) and the Final Regulations of the Family and Medical Leave Act of 1993 (29 CFR Part 825). The twelve (12) workweeks in a twelve (12) month period begin on the first day of the FMLA leave and end one year from the first day of FMLA leave. All employees are eligible including OPS employees who have worked at least 12 months (these need not have been consecutive.) and who have worked at least 1250 hours in the 12 months prior to the leave. Faculty, TEAMS, and USPS employees may use paid leave for an FMLA event, and such shall be counted toward the entitlement.

(13) Employees shall be provided with up to six (6) months unpaid parental leave during which time the employee may use paid leave when the employee becomes a biological or adoptive parent. Parental leave shall begin two weeks prior to the expected date of the child’s arrival unless otherwise mutually agreed to by the President or designee and the employee.

(14) Employees provided paid administrative leave shall not exceed forty (40) hours during the workweek. Administrative leave is not accrued.
   (a) Administrative leave for jury duty shall not exceed the number of hours in the employee’s normal workday. If jury duty does not require absence for the entire workday, the employee shall return to work immediately upon release by the court. If the jury duty does not coincide with the regular work schedule, the employee shall be granted administrative leave based on the total hours served on jury duty and such leave shall be granted on the next scheduled work shift. Any jury pay shall be retained by the employee.
   (b) Administrative leave shall be provided to an employee summoned as a fact witness in a matter not involving personal interests. Witness pay shall be retained by the employee. Administrative leave shall not be provided to an employee serving as an expert witness.
   (c) Administrative leave for athletic competition in Olympic events shall be provided under the same conditions accorded to state employees in Section 110.118, F.S.
   (d) Administrative leave up to two days shall be provided to a USPS or TEAMS employee upon the death of a family member.
   (e) Administrative leave shall be provided for official emergency closing of University facilities. Special compensatory leave shall be provided to USPS and TEAMS employees required to perform essential services during the emergency closing. Only employees scheduled to work during the time of the emergency closing shall be provided leave.
   (f) The President or designee shall provide administrative leave for Florida Disaster Volunteers under the same conditions accorded to state agency employees in Section 110.120, F.S.
   (g) The President or designee may grant up to two days of administrative leave for civil disorder or disaster for an employee who is a member of a volunteer emergency response team based on the nature of the duties performed by the employee and the location and nature of the civil disorder or disaster.
   (h) The President or designee may provide administrative leave up to two hours for voting in public elections upon the request of the employee and based upon the nature of the employee’s duties and the location of the polling place.
   (i) The President or designee may place an employee under investigation on leave up to the length of the investigation pursuant to Rules 6C1-3.045, 6C1-3.046 and 6C1-7.048, F.A.C.
   (j) The President or designee may place an employee on administrative leave between the notice of reduction in pay, suspension, or dismissal and the effective date of such action pursuant to Rules 6C1-3.045, 6C1-3.046, and 6C1-7.048, F.A.C.
   (k) The President or designee may place an employee on administrative leave when the employee’s presence in the workplace may result in damage to property, or injury to the employee or others.

(15) Military leave and reemployment rights shall be provided to Faculty, TEAMS, and USPS employees consistent with Federal and State laws.

(16) Workers’ Compensation benefits for an injury compensable under the Florida Workers’ Compensation Law shall be provided consistent with the following:
3. Specific leave programs for eligible employees include:
   a. One semester leaves or six-month leaves for twelve-month employees are available at one-half pay or full-pay.
   b. Two semester leaves or twelve-month leaves for twelve-month employees are available at one-half pay.
c. One semester leaves for academic year employees are available at one-half pay or full-pay.

d. Two semester leaves for academic year employees, are available at half-pay.

4. In the case of IFAS and the Health Science Center, contact the respective Dean, Director, or Vice President’s Office for information. For other units, contact the appropriate Office of the Dean. Each application shall include a statement describing the program to be followed while on leave, the expected increase in value of the employee to the University of Florida, specific results anticipated from the leave, any expected supplementary income, and a statement from the applicant agreeing to comply with the terms of the leave program.

5. The President or designee shall select applicants when the University believes that completion of the proposed project or work would substantially improve the productivity of the department or function of which the employee is a part.

6. Terms of Program.

a. If an employee receives fellowships, grants-in-aid, or financial assistance from sources other than the University of Florida to assist in accomplishing the program, the University of Florida salary shall be reduced so that the total income is equal to the faculty member’s regular salary. Non-salary funds for travel and living expenses from sources other than the University of Florida will not result in a reduction in University of Florida salary during the leave.

b. Employment unrelated to the purpose of the professional development leave is governed by applicable outside activity and conflict of interest provisions of University rules and state law.

c. Contributions made by the University of Florida to the retirement and Social Security programs shall be continued on a basis proportional to the University of Florida salary received during the professional development leave. University contributions made to the employee insurance programs and other employee benefits shall be continued during the leave.

d. Twelve-month employees shall continue to accrue annual and sick leave on a full-time basis during the professional development leave.

e. Nine-month employees shall continue to accrue sick leave on a full-time basis during the professional development leave.

f. If accepting the leave, the employee must agree to return to the University of Florida for at least one academic or calendar year (depending on the employee’s appointment) following participation in the program. If the employee does not fulfill that agreement, or does not participate in the program as stated in the proposal, the employee shall reimburse the University of Florida the amount of salary received from the University of Florida during the professional development leave.

g. Upon returning to the University of Florida, the employee shall submit to the chair or supervisor, with a copy to the dean or director, a written report of the employee’s accomplishments during the leave. This report shall include information regarding the activities undertaken during the leave, the results accomplished during the leave as they affect the employee and the University of Florida and the research or other scholarly works produced or expected to be produced as a result of the leave.

h. Employees shall not be eligible again for a full-pay sabbatical in this program until six (6) years of full-time service have been completed following prior participation.

(18) The President or designee has authority to provide an employee with leave without pay when such leave is in furtherance of the mission of the University.

(19) Personal Leave Days for TEAMS Employees and Faculty.

(a) TEAMS employees and faculty earn four (4) personal leave days in proportion to their FTEs per fiscal year in addition to the University of Florida holidays.

(b) Such personal leave days shall be credited to eligible employees on December 1 of each year.

(c) Personal leave days must be taken in full-day increments (that is, as an 8-hour day for full-time employees, as a 4-hour day for .50 FTE employees) on workdays between the dates December 26 and December 31, inclusive.

(d) Essential personnel who are required to work between December 26 and December 31 shall have their schedules adjusted to provide equivalent paid leave time within the current fiscal year.

(e) Cash payment is not provided for unused personal leave days. Any unused personal leave days expire at the end of each fiscal year.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History–New 6-28-98, Amended 1-12-00, 5-20-02, 3-12-03.

6C1-1.300 University of Florida; Direct Support Organizations.

(1) The President of the University may recommend to the Board of Trustees that an organization meeting the requirements of Section 1004.28(1)(a), F.S., be designated a University of Florida Direct Support Organization (“DSO”). Upon approval by the Board of Trustees, a DSO shall be considered to be certified and authorized to use the property, facilities and personal services of the University.

(2) In order to be considered for certification as a DSO, an organization must fulfill the requirements of Section 1004.28(1)(a), F.S., and must have Articles of Incorporation and Bylaws that together:

(a) Provide that any person employed by the organization shall not be considered to be an employee of the University of Florida Board of Trustees by virtue of employment by the DSO.

(b) Provide that the chief executive officer or director of the DSO shall be selected and appointed by the governing board of the DSO, with prior approval of the President of the University, and that the chief executive officer or director shall report to the President or a designee reporting directly to the President.
(c) Provide that any amendments to the Articles of Incorporation or Bylaws be subject to the approval of the University Board of Trustees.

(d) Provide that the President of the University shall have the following powers and duties:
1. Monitor and control the use of University resources by the organization.
2. Control the use of the University name by the DSO.
3. Monitor compliance of the organization with federal and state laws.
4. Approve contributions of funds or supplements to support intercollegiate athletics.

(e) Provide that the organization shall provide equal employment opportunities to all persons regardless of race, color, religion, gender, age or national origin.

(f) Prohibit the giving, directly or indirectly, of any gift to a political committee or committee of continuous existence as defined in Section 106.011, F.S., for any purpose other than those certified by a majority roll call vote of the organization’s governing board at a regularly scheduled meeting as being directly related to the educational mission of the University.

3) The Chair of the University of Florida Board of Trustees may appoint a representative to the governing body and the executive committee of each DSO. In addition, the President of the University or a designee shall also serve on the governing body and executive committee of each DSO.

4) Each DSO shall submit an annual budget which has been approved by its governing board to the President of the University or the President’s designee for review. Such proposed budget shall be submitted no later than sixty (60) days after the first day of the fiscal year to which the proposed budget pertains. The President or designee shall report results of review to the Board of Trustees.

5) Significant changes in projects funded, expenditures, or income projected in the annual budget must be reported to the President. Planned actions which would cause a commitment of University resources or which represent a significant commitment of the resources of the DSO should be reported by the first date of the fiscal quarter in which they are to occur.

6) Each DSO shall cause a financial audit of its accounts and records to be conducted by an independent certified public accountant after the close of each fiscal year. The audit report shall be submitted by the President of the University to the Board of Trustees no later than the end of the sixth month following the close of the organization’s fiscal year.

(a) Audits shall be conducted pursuant to Section 1004.28(5), F.S., and in accordance with rules adopted by the Auditor General pursuant to Section 11.45(8), F.S., and University of Florida rules.

(b) The President of the University shall submit the annual audit report to the Auditor General and to the Florida Board of Governors no later than nine (9) months after the close of the organization’s fiscal year.

7) The President of the University may recommend to the Board of Trustees that an organization be decertified as a DSO if the President determines that the organization is no longer serving the best interest of the University. The recommendation for decertification shall include a plan for disposition of the organization’s assets and liabilities.

Specific Authority 1001.74(4), 1004.28(2) FS. Law Implemented 1001.74(37), 1004.28 FS. History--New 1-7-03, Amended 6-3-03.
CHAPTER 6C1-2 PUBLIC FUNCTIONS

6C1-2.001 University of Florida; Possession and Use of Firearms.

(1) The possession of firearms on the University campus is prohibited except where hereinafter specifically authorized.

(2) The University “campus” is defined for purposes of this policy to include those lands located in the City of Gainesville, Florida, occupied by the University of Florida, and bounded generally by 13th Street on the East, University Avenue on the North, 34th Street on the West and Archer Road on the South, including premises occupied by fraternities and sororities officially recognized by the University whether located on the University campus itself or on the periphery, or any land or property occupied by the University of Florida.

(3) The term “firearm” is defined for the purposes of this policy to include pellet guns and similar weapons.

C Campus residents are permitted to store firearms in an area designated by the University Police at the University Police Station only. An area for the maintenance and cleaning of these firearms is provided at this designated storage facility. When removed from the storage facility for use, the weapon must immediately be taken east on Museum Road until past the campus perimeter. Return shall be along the same route. Authorization must be acquired from the University Police for possession of the firearm while traveling between the storage facility and the campus perimeter. Possession of a firearm anywhere else on campus is prohibited. Those presently authorized to possess guns on the campus are members of governmental agencies authorized by law to possess guns, the University Police, members of University Rifle Teams, and the staff of the Florida State Museum when the guns are a part of the museum collection and are for the exhibit purposes or used in specimen collection. ROTC cadets may drill with unloaded rifles which have the firing pin removed when under the supervision of ROTC officers and cadre. Members of the Rifle Teams are authorized to have possession of their firearms only when under the supervision of ROTC cadre personnel on the firing range or in the ROTC Armory.

Any student or employee, including faculty, administration, and staff members, shall be immediately suspended for violation of this policy. When required under applicable university disciplinary rules or provisions of the applicable collective bargaining agreement, such a suspension shall be interim in nature until a proper hearing can be held by the appropriate hearing body to determine the facts and circumstances of the violation.

(4) Should it be necessary or desirable for the use of firearms in any of the academic programs of the University, then permission for such use must be applied for and granted by the Vice President for Academic Affairs and University Police Department.
6C1-2.002 University of Florida; Campus Demonstrations.

(1) Faculty, students, and all other personnel who intentionally act to impair, interfere with, or obstruct the orderly conduct, processes, and functions of the University shall be subject to appropriate disciplinary action by the University authorities.

(2) Demonstrations may be held anywhere on the campus, so long as they do not disrupt the normal operation of the University or infringe on the rights of other members of the University community, except that no demonstrations are permitted inside University buildings. Any use of sound amplification equipment on the outdoor areas of campus must have prior clearance through the Office of Student Activities at the J. Wayne Reitz Union and will be permitted only if there is no interference or disruption of any academic or other University activities. Use of outdoor areas must also be consonant with all other University rules, including but not limited to Rules 6C1-2.002, 6C1-2.003, 6C1-2.005, 6C1-2.008, and 6C1-4.006, F.A.C.

(3) In order that demonstrators not interfere with the operation of the University or the rights of others, they shall not:
   (a) Obstruct vehicular, bicycle, pedestrian, or other traffic;
   (b) Obstruct entrances or exits to buildings or driveways;
   (c) Interfere with educational activities inside or outside any building;
   (d) Harass passersby or otherwise disrupt normal activities;
   (e) Interfere with or preclude a scheduled speaker from being heard;
   (f) Interfere with scheduled University ceremonies or events; or
   (g) Damage property, including lawns, shrubs, or trees.

(4) In the event of disruptive action, University employees and students involved in demonstrations shall identify themselves by presenting appropriate documents such as ID cards when requested to do so by the President or his/her designated representative, and such representative will identify him/herself when making this request. Demonstrators not officially related to the University of Florida will be directed to leave the campus immediately or be subject to arrest for a violation of the law forbidding the disruption or interference with the administration or functions of an educational institution.

(5) If, in the opinion of the President or his/her designated representative, a demonstration is disrupting normal University operations or infringing on the rights of other members of the University community, the President or his/her representative may:
   (a) Identify him/herself to the demonstrators, giving name and official position;
   (b) Inform the demonstrators that they are in violation of the University policy and/or in violation of the law and specify the nature of the violation;
   (c) Request that the violation cease; and
   (d) In the event of non-compliance with this request, enlist the assistance of the University Police in restoring order and enforcing the law.

(6) The University Police, as the President’s designated representatives, have a responsibility to:
   (a) Declare a demonstration to be in violation of law and request all demonstrators to cease and desist and to disperse and clear the area or be subject to arrest and/or University disciplinary action;
   (b) Arrest any demonstrators observed to be in violation of the law; and
   (c) Enlist the assistance of outside law enforcement agencies, if necessary.

Specific Authority 240.132(1), 240.227(1), 240.261(2) FS. Law Implemented 240.132, 240.227(5), (13) FS. History–New 9-29-75, Formerly 6C1-2.01, Amended 9-16-99.

6C1-2.003 University of Florida; Distribution of Printed Material.

(1) The distribution of printed material, which is defined in this rule as newspapers, handbills, leaflets, pamphlets, posters, magazines, and printed paper(s) of a like nature shall only be permitted on campus at reasonable times, places, and in reasonable manners consistent with the educational mission of the University, the uninterrupted orderly operation of University programs, classes, and studies of its faculty, staff, and students, the safety of University students, faculty, and staff, and the protection of the property of the University and its students, faculty, and staff, as provided below. The campus should be free from excessive and abusive postings, chalking and the distribution of commercial and promotional materials, which deface and depreciate the value of our grounds, facilities, and campuses.

(2) Any individual, group or organization desiring to distribute Printed material on the University campus may distribute under the following conditions:
   (a) The individual, group, or organization is subject to the Student Code of Conduct if a student or student group or organization at the University and to all laws and regulations of the city, state, or nation that govern a person in the exercise of his or her rights of expression, including, but not limited to those relating to defamation, obscenity, pornography, violent overthrow of the Government or of the existing authorities, inciting to riot, or any other law or regulation validly limiting the exercise of free speech.
(b) Advertisements for the use, sale, consumption or distribution of alcohol or illegal drugs are prohibited, including, but not limited to: 2-4-1 specials, beat-the-clock deals, happy hours, lady’s night, or illustrations/photos depicting these activities. This includes advertisements sent via e-mail. Alcohol education materials/promotions (i.e., alcohol/health programs, responsible drinking programs, or University of Florida Alcohol awareness organizations materials), which are sanctioned as University sponsored events are permissible, so long as they do not violate Rule 6C1-2.019, F.A.C.

(c) To avoid littering the campus, printed material may not be left in stacks unattended, left on the ground, or placed on vehicles. Equipment used in the dissemination of printed material may not be left unattended and must be removed after its use except in those instances where prior approval has been granted to distribute newspapers and other printed material at specific sites by means of vending machines or distribution boxes.

(d) There must be no interference with normal operations of the University, including classroom instruction, or infringement on the rights of others pertaining to office and student living privacy, study conditions, free movement of pedestrian and vehicular traffic, and restricted use of departmental bulletin boards.

(e) Distribution of printed material may not take place within University buildings and facilities, including athletic or recreational fields, except in those residence halls or other campus living areas under the procedures approved by the governing bodies of those areas for such distribution. Printed material may not be distributed in such a manner as to otherwise interfere with access to University buildings or facilities. Distribution of printed materials in classrooms is at the discretion of the instructor.

(f) Any printed material which identifies the author and/or publisher as University personnel, or has subject matter, including photographs, which might imply to the reader that such publication is University or University personnel-sponsored, must contain the following statement prominently exhibited in the first three pages: “This publication is solely the expression of the author and/or publisher and it is not an official publication of the University of Florida, nor is it in any way intended to express any policies or opinions of the University of Florida, or its personnel”.

(g) No printed material may be posted or placed on trees, any interior or exterior walls or doors of campus buildings, or on any campus property other than permanent official bulletin boards of the University designated for that purpose.

(h) The use of adhesives in the posting of materials is strictly prohibited.

(i) The selling of printed material is not permitted on campus except through newsboxes or newsstands or as otherwise permitted pursuant to Rule 6C1-4.006, F.A.C.

(j) The passing out of materials must be conducted in a courteous manner, and cannot be disruptive to the University of Florida community. Materials may not be forced upon an individual.

(3) Use of newsstands or news boxes.

(a) All printed material sold or distributed without charge, pursuant hereto, which is left unattended, shall be stacked for distribution in boxes or distribution stands constructed of either metal or wood with a bottom flooring, painted, no larger than a length of twenty (20) inches, a width of twenty-two (22) inches, and a height of fifty (50) inches, and no smaller than a length of twelve (12) inches, a width of twelve (12) inches and a height of twenty-eight (28) inches, or a standard newspaper vending machine size.

(b) All newsstands or boxes shall be kept in a neat and clean condition, and shall be used in a regular and periodic manner. Any stand or box not so kept and used may be removed and stored by appropriate University personnel upon request of the Director, Business Services, as a nuisance to the University community.

(c) Newsstands or boxes may be placed only in areas specifically designated for such purposes by the Office of the Vice-President for Finance and Administration, dependent upon the availability of space. Additional space may be allotted on a temporary basis upon request to the Office of the Vice-President for Finance and Administration.

(4) Additional regulatory measures should be observed where such regulations are necessary for special areas of the campus. The following are considered special areas: The J. Hillis Miller Health Center, P. K. Yonge Developmental Research School campus and Florida Field. Distribution of printed material in these areas must be pursuant to the regulations for these areas.

(5) Failure to adhere to this rule will result in immediate removal of the materials and disciplinary action by the University. These actions will include a step discipline process that includes written notification and/or billing for clean-up, and elimination of distribution privileges on campus. Any individual, group or organization engaged in the distribution of printed material in violation of this rule shall be preventing from continuing such distribution if necessary to protect the uninterrupted orderly operation of the University, the safety of University students and personnel, and the property of the University and its students and personnel.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(6), (10), (19) FS. History—New 9-29-75, Amended 8-15-78, 8-6-81, 9-15-83, Formerly 6C1-2.03, Amended 5-19-93, 7-11-94, 5-1-96, 6-3-03.

6C1-2.0031 Finance and Administration; Identification Card Program.

(1) Definitions. Definitions of words and phrases used in the Identification (I.D.) Card Program at the University of Florida:

(a) Academic Personnel (AP) – The academic employees of the University of Florida described in Rule 6C1-7.003, F.A.C., which includes the titles of Professor, Associate Professor, Assistant Professor and Lecturer.

(b) Staff – Technical, Executive, Administrative and Managerial Support (TEAMS), University Support Personnel System (USPS), and Other Personnel Services (OPS) employees of the University of Florida.

(c) Student – All persons, not classified as Academic Personnel or staff, admitted and registered at the University of Florida.
(d) Identification (I.D.) Card – A laminated credit card size packet containing a digitized image (photograph) of the person, identification data, logo, bar code, high coercivity magnetic strip with three tracks, printed statement, and signature stripe.

(e) University of Florida Systems – A variety of means by which the University provides services to its students, Academic Personnel and staff such as library book checkout, check cashing, and ticket distribution.

(2) Function. The I.D. card is a key to accessing a variety of University of Florida systems, such as library book check-out and check cashing. The physical card is neither representation nor proof of any position or standing as a student, staff or Academic Personnel of the University of Florida, or representative thereof without validation in a University of Florida system.

(3) Policies for the use of the I.D. Card are set by the Office of the Vice President for Finance and Administration and administered by the I.D. Card Department of the Business Services Division.

(a) I.D. Cards shall be issued based on an individual’s primary relationship with the University – Academic Personnel, staff, or student.

(b) The final decision on the primary relationship of an individual with the University shall be made by the Vice President for Finance and Administration.

(c) I.D. Cards may be issued on a temporary basis to groups or individuals who do not fall into the category of Academic Personnel, staff or student as defined herein. The Office of the Vice President for Finance and Administration is the unit in charge of authorizing the issuance of such cards. The cost for such cards is $10.00 per card, unless identified by a different cost described herein.

(4) All students are required to have an I.D. Card at the cost of $10.00. All Academic Personnel and staff are required to have an I.D. card. A $15.00 fee will be imposed for each replacement card.

(5) Conduct such as misuse of the I.D. Card, falsification of information to obtain an I.D. Card, alteration of the picture or information on the card, and/or falsification of records which served as the basis for the issuance of the I.D. Card shall subject persons to penalties provided in the Florida Statutes or Florida Administrative Code, including the Student Conduct Code, as appropriate.

(6) When utilizing a University of Florida System, individuals shall present their I.D. Card as the approved means of showing authorization to use the system.

(7) Any unit of the University or student group or organization desiring to use the I.D. Card for any purpose not defined herein shall first obtain the approval of the I.D. Card Department, Business Services Division. No encoding of any of the tracks on the I.D. Card may be done without written approval of the I.D. Card Department. No alteration of the card or any portion thereof by any person or agency, other than the I.D. Card Office, is allowed. Approval is granted only pursuant to the terms of a University contract or for another University purpose and only under terms which protect the integrity of the I.D. Card.

(8) No equipment shall be purchased for the direct or indirect purpose of encoding on any of the tracks on the I.D. Card without the prior written approval of the Director of Business Services or his/her designee, which approval shall be granted only pursuant to the terms of a University contract or in furtherance of another University purpose and only under terms which protect the integrity of the I.D. Card.

Specific Authority 1001.74(4), 1006.60, 1012.92(1) FS. Law Implemented 1001.74(6), (10), (19), 1006.60, 1009.24(12)(b), 1012.92 FS. History–New 7-15-91, Amended 5-28-92, 5-19-93, 3-12-03.

6C1-2.004 Use of University Facilities; Definitions; Priorities in Use; General Restrictions on Use.

(1) For the purposes of Rules 6C1-2.004 through 6C1-2.020, F.A.C., the following definitions shall apply:

(a) “University campus” or “campus” shall include those lands located in the City of Gainesville, Florida, occupied or controlled by the University of Florida, and bounded generally by 13th Street on the east, University Avenue on the north, 34th Street on the west and Archer Road on the south, along with any other educational or residential facilities occupied or controlled by the University within Alachua County, Florida.

(b) “University facilities” shall include all buildings and other facilities, including athletic and recreational fields, on the University campus.

(c) “Instructional space” shall include all University facilities used primarily for the conduct of scheduled classes, laboratories, seminars and other uses related to the academic process.

(d) A “public function” is an event that is held in University facilities and is open to attendance by all members of the University community and/or to the general public either with or without charge for admission.

(e) A “private function” is defined as one held in University facilities and is open to attendance only by members and invited guests of the sponsoring group, organization or person.

(f) “University groups and organizations” are defined as officially constituted colleges, schools, divisions, departments, agencies and other corporate organizational units which are a part of or operate on behalf of the University, including but not limited to, direct support organizations, foundations and alumni organizations officially recognized by the University, and student organizations, honor societies, fraternities and sororities officially registered or recognized by the University.

(g) “University persons” are defined as students and employees of the University, including faculty members, administrative and professional (A&P), University Support Personnel System (USPS) and Other Personal Services (OPS) personnel.
“University related groups and organizations” are defined as those that although not officially recognized or registered by or affiliated with the University or otherwise failing to meet the definition in paragraph (f) immediately above, are related to the University because of the promotion of the interests of the University community, the academic professions and other related interests of the faculty, staff or students, or which perform other service to the University and its community, such as credit unions, academic professional associations, professional fraternities/sororities, employee organizations, charitable community organizations, other public educational institutions, and the like.

(i) “Non-university persons, groups and organizations” are defined as persons, groups or organizations which do not meet the definitions of persons, groups or organizations as defined in paragraphs (f), (g) and (h) immediately above, including candidates for election to public office and organizations supporting such candidates, and those groups and organizations which exist primarily for the purpose of carrying on commercial activity for profit, or which otherwise exist primarily for private individual gain or benefit.

(2) The following priorities will be observed by authorities responsible for scheduling University facilities:

(a) University groups and organizations;
(b) University persons;
(c) University related groups and organizations; and
(d) Non-university groups, organizations and persons.

(3) Scheduling of University facilities shall give priority to University programs and functions. No person, group, or organization shall be excluded from this policy because they have collective bargaining as one of their objectives.

(4) Requests for scheduling events in University facilities, except for instructional space, should be directed to the authori ty controlling the facility. Scheduling of instructional space is governed under the provisions of Rule 6C1-2.008, F.A.C.

(5) A condition for the use of University facilities may be that the sponsoring person, organization, or group obtain adequate insurance coverage and/or that adequate security can be provided by the University Police Department. The costs of such insurance or security shall be borne by the sponsoring person, organization, or group.

(6) Persons, groups, or organizations utilizing University facilities are responsible for providing programmatic access to individuals with disabilities, i.e., deaf, deaf-blind, hard of hearing, and visually impaired. All costs associated with providing programmatic access are the responsibility of the sponsoring person, group, or organization.

(7) University facilities that are otherwise available for such use under University rules will not be made available for commercial purposes unless approved in advance by the Vice President for Finance and Administration who shall review the request in light of the University’s contractual and other legal requirements, the relationship of the activity to the University’s mission, and the benefit of the activity to the University and the State of Florida.

(8) A University employee may use his or her office or other University facilities or services in conducting outside activities, such as private practice or consulting, only if approved pursuant to subsection 6C1-1.011(7), F.A.C.

6C1-2.005 Use of University Facilities; Outdoor Areas.

(1) Events in outdoor areas of the campus are to be scheduled and approved as follows:

(a) Academic areas are areas near classrooms, libraries, laboratories, hospitals, auditoriums and research facilities. Non-academic use of such areas is to be scheduled through the Office of Student Activities at the J. Wayne Reitz Union in the case of student groups and organizations or the Office of Finance and Administration for all other persons, groups, and organizations. Areas near hospitals and clinical facilities are unavailable for non-academic uses.

(b) Union areas and outdoor areas adjacent to the J. Wayne Reitz Union building. Use of these areas must be scheduled through the Director of the Union and approval must be secured through the Office of Student Activities for student groups and organizations or the Office of Finance and Administration for all other persons, groups, and organizations.

(c) Residential areas are outdoor areas in the vicinity of residence halls, fraternities, sororities and villages. Events in each of these areas are scheduled by the residential unit.

(d) University athletic facilities, including playing fields, stadiums, courts, and so forth, are considered instructional space and must be scheduled pursuant to Rule 6C1-2.008, F.A.C.

(2) Approval and scheduling of events in the above areas must be consonant with Rule 6C1-2.004, F.A.C., including the assessment of fees, and other University rules. As a condition of approval, the University may impose safety, security and liability requirements consistent with the use to be made of the area, and the area to be used must be adequate for the nature of the event.

(3) Informal Use of Outdoor Areas. Outdoor areas on the campus which are not committed to a specific use or assigned to a specific University agency, such as the Plaza of the Americas, are free to be used for informal, unscheduled and unamplified expressions of opinion or musical events by persons participating as individuals without registration or approval. These impromptu speakers or musical performers will be held responsible for orderly behavior and for no disruption of academic activities, scheduled public functions, or pedestrian or other traffic, and they must follow University rules governing those areas.

(4) Formal Use of Outdoor Areas. Events using public address systems or other electrical amplification and events involving a substantial outdoor area of the campus are permissible when approved and scheduled as set forth in subsection (1) of this rule, provided:
(a) They are sponsored by a University group or organization or a University-related group or organization. Generally, University persons and non-university persons, groups and organizations will not be permitted formal use of outdoor areas. Registered student groups should use the form “University of Florida – Office of Student Activities Program Planning Form,” Form SAC-1, Rev. 7/00, available from that office and incorporated herein by reference.

(b) They do not interfere with academic processes, previously scheduled events, other campus activities, or pedestrians or other traffic.

5 Electrically amplified sound in outdoor areas.
(a) Any use of sound amplification equipment on the outdoor areas of campus must have prior clearance through the Office of Finance and Administration or the Office of Student Activities at the J. Wayne Reitz Union in the case of student organizations.

(b) Events held in the outdoor areas of campus must maintain a reasonable sound level. A reasonable sound level is defined as a level which (i) falls within the permissible limits of City of Gainesville Ordinances, Ch. 15 (1997), Gainesville Code of Ordinances, and meets the communication needs of the event without excessive penetration to the adjacent areas. A recommended procedure for monitoring the sound level as the designation of an individual by the sponsoring group or organization to visit the peripheral buildings, render a value judgment and adjust the amplifiers if necessary.

(c) In academic areas, the use of electronically amplified instruments will generally not be allowed on class days (Monday through Friday). If a public address system is permitted in these areas, the sponsoring group or organization is responsible for maintaining a reasonable sound level.

Specific Authority 240.132(1), 240.227(1), 240.261(2) FS. Law Implemented 240.132, 240.227(5), (12), (13) FS. History–New 9-29-75, Formerly 6C1-2.05, Amended 7-27-98, 6-24-99, 7-8-01.

6C1-2.008 Use of University Facilities; Instructional Space; Use of P.K. Yonge Developmental Research School Facilities and Grounds.

(1) All instructional space with the exception of that located in the J. Hillis Miller Health Center, and the P.K. Yonge Developmental Research School is under the assignment and control of the Office of the Registrar. Such facilities may be used for private functions of or sponsored by University groups or organizations, and by private functions of or sponsored by University related groups and organizations. Such groups or organizations may be required to pay in advance the incidental and incremental cost of such usage. Permission for the use must be obtained from the Office of Finance and Administration, which will forward the approved request to the Office of the Registrar. Permission for the use of instructional space in the J. Hillis Miller Health Center must be obtained from the Office of the Vice President for Health Affairs. Permission for the use of space at the P.K. Yonge Developmental Research School must be obtained from the Director of the P.K. Yonge Developmental Research School. Permission for such use shall be granted only when the use is consistent with the academic use of the facilities and any restrictions applicable to the particular space.

(2) Public functions sponsored by University groups and organizations or University-related groups and organizations may also be held in instructional space when other facilities are unavailable and when such use has been authorized by the appropriate authorities and under the conditions stated above.

(3) Instructional space will not be available for non-university persons, groups or organizations.

(4) The following policies also govern the use of the facilities and outdoor areas of the P.K. Yonge Developmental Research School:

(a) Loitering on the P.K. Yonge Developmental Research School Campus is prohibited during the hours of 6:30 p.m. and 7:00 a.m. Monday through Thursday and between the hours of 6:30 p.m. on Friday and 7:00 a.m. on Monday. This rule will be enforced by the University Police Department and any other appropriate authority.

(b) The above provision does not prohibit use of the school premises within the above times for the following purposes:
1. Use of school grounds and facilities by P.K. Yonge students under the supervision of an approved sponsor, faculty member and/or coach.
2. Use of the tennis courts by University and P.K. Yonge Developmental Research School students and faculty.
3. Use of the softball, baseball, and athletic fields when special permission has been granted.
4. Use of the school grounds and facilities under terms specified in a written authorization issued by the Director of P.K. Yonge prior to use of the facilities.

Specific Authority 240.227(1) FS. Law Implemented 228.091, 240.132, 240.227(5), (12), (13) FS. History–New 9-29-75, Formerly 6C1-2.08, Amended 7-27-98.

6C1-2.012 University of Florida; Use of University Facilities; Fees for Use and Admissions Charges.

(1) Fees for use of University facilities, including the use of outdoor areas as permitted under Rule 6C1-2.005, F.A.C., shall be charged as follows:

(a) Fees shall be charged to non-university groups, organizations and persons for the use of University facilities. The fees shall be set by the authority controlling the facility and approved by the President or the President’s designee. Any additional services required by the user will be billed separately to the user by the department performing the service.
(b) University groups, organizations or persons and University affiliated persons, organizations, and groups shall be charged for the direct cost of services they require in the use of University facilities.

(2) Borrowing fees shall be charged for University of Florida libraries users who have no University of Florida affiliation.
   (a) The fee shall be $40.00 for four months or $100.00 for one year for the general public. Members of the University of Florida Alumni Association or the Howe Society (the Friends of the University of Florida Libraries Special Collections) shall pay $30.00 for four months or $75.00 for one year.
   (b) Individuals paying this fee will be entitled to borrow up to ten items for a 3-week loan period, but shall not be entitled to remote access to databases licensed by the Libraries or the use of interlibrary loan.

(3) The President or designee shall have the authority to waive or reduce any fee authorized under subsections (1) and (2) of this rule if the President or designee determines that such action furthers specific University program(s) and the University’s mission.

(4) Photographic reproductions (negatives, slides, and prints) of materials owned by the University of Florida Libraries are made only upon payment of the appropriate fee. The requestor must obtain all necessary permissions for the copying, including copyright permissions, and must indemnify the University of Florida for any claims arising from the reproduction. The “George A. Smathers Libraries, University of Florida Reproduction and Use of Images Fee Schedule” (5-01) and “George A. Smathers Libraries, University of Florida Policy on Reproduction and Use of Images” (5-01), which must be signed by the requestor, are incorporated by reference and can be obtained from the George A. Smathers Libraries.

(5) Admission Charges.
   (a) Student groups and organizations permitted to use University facilities may charge an admission fee or provide for voluntary contributions only pursuant to Rule 6C1-4.006, F.A.C.;
   (b) Except pursuant to a contract with the University, other groups, organizations, and persons permitted to use University facilities may charge an admission fee or provide for a voluntary contribution under the following conditions:
      1. The fee or contributions are in an amount that covers the costs of the event only, or
      2. The net proceeds are for a charitable institution or organization as defined in §501(c)(3) of the Internal Revenue Code of the United States.
   3. A financial accounting is required to be made to the University in the case of either subparagraph 1. or 2. above.
   (c) Fees and contributions may not be collected by groups, organizations or persons allowed to use instructional space.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(6) FS. History-New 9-29-75, Formerly 6C1-2.12, Amended 6-28-98, 6-24-99, 7-8-01, 3-12-03.

6C1-2.0151 University of Florida; Promotional Trade-Outs, Giveaways, In-Kind Exchanges.
All promotional trade-outs, giveaways or in-kind exchanges of goods, services, tickets or merchandise is prohibited unless approved by the Vice President for Finance and Administration. Requests for approval must include a detailed plan describing the activity, the purpose, value and the benefit to the University.

6C1-2.016 University of Florida; Public Functions Policy; Use of Campus Lands; Camping.
   (1) Tents or other temporary structures are prohibited on lands of the University of Florida campus except when utilized in connection with activities of academic or administrative units or agencies of the University.
   (2) Tents or other temporary structures may be erected on University property by academic or administrative units or agencies only for activities directly related to the mission of the unit and only after first obtaining written approval of the Office of Vice President for Finance and Administration, which shall consider space, traffic, and safety and aesthetic factors.
   (3) Student Government and registered student organizations may secure approval for use of tents or temporary structures for activities described above by request to the Vice President for Finance and Administration through the appropriate academic unit(s) or the Office of Student Activities.
   (4) Camping is prohibited on lands of the University of Florida campus except when such camping is in connection with an official activity of the University, such as an activity of an academic or administrative unit. Prior written approval for such camping must be granted by the Office of the Vice President for Finance and Administration taking into consideration the health, safety and welfare of the participants, the University community, and guests of the University.

6C1-2.0161 University of Florida; Banner Policy.
   (1) The hanging and draping of banners on the interior or exterior of campus buildings or on poles installed specifically for such support is authorized under the following conditions:
      (a) Only University departments and officially registered University organizations are allowed to hang or drape banners on campus.
(b) Organizations planning to hang or drape banners on campus must file a banner permit application entitled “Banner Permit Application, Form: SAC-2, Rev. 10-15-02,” and incorporated herein by reference, with the Student Activities Center in the J. Wayne Reitz Union for approval by the Director of Student Activities. A copy of this form can be obtained from the Office of Student Activities Center, 300 J. Wayne Reitz Union, Gainesville, Florida. The Director or the Director’s designee will review the application to determine whether the proposed banner complies with University of Florida rules, including, but not limited to, Rules 6C1-2.019 and 6C1-4.016, F.A.C. Permits will be approved no more than twenty (20) days before the day the banner is to be hung. Organizations may reserve a maximum of five (5) days of banner space per month.

(2) Banners to be hung outdoors from banner poles must meet the following specifications:

(a) Banners must be hung from the banner poles using the existing ropes and hardware.

(b) Banners must be no more than 10 feet wide and no more than 8 feet tall.

(c) Banners must be constructed of heavy cloth, heavy vinyl or heavy plastic, properly sewn and vented. Banners must have grommets to attach the banners using the clips provided.

(d) Banners should not touch the ground. Any banner that is too large or is sagging will be removed. (Note: This is a safety precaution so that individuals cannot hide behind the banners.)

(e) All rope guys must be marked to be visible day and night. No wire guys shall be used.

(3) Banners to be hung indoors or on the exterior of a building, in addition to being approved in accordance with paragraph (1)(b) above, must meet the physical specifications set forth by the dean, director or other University official responsible for the building in which the banner is to be hung. Such officials may prohibit the hanging of all banners in or on the building.

(4) Banners that are hung at fraternity and sorority houses must be no more than 100 square feet in total area.

(5) No banners may be placed on building roofs, over a campus road or roadway or placed in such a manner as to impede the normal passage of foot or bicycle traffic.

(6) No banner shall be placed under or in the immediate area of utility (electrical or telephone) lines or facilities.

(7) The organization requesting approval of the banner must defray its cost and be responsible for the erection and removal of, and any damage caused by, such banner.

(8) Advertising or sponsorship involving commercial, off-campus vendors inconsistent with University policy will not be allowed. Refer to Rule 6C1-4.006, F.A.C.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(6), (10), (19) FS. History–New 4-27-88, Amended 5-28-92, 9-16-99, 7-8-01, 6-3-03.

6C1-2.0162 Finance and Administration; Skateboards, Rollerskates, In Line Skates or Similar Devices.

(1) No person shall use a skateboard, rollerskates, in line skates or similar devices on the University campus, except as specified in this rule.

(2) University students, faculty and staff may use or operate skateboards, rollerskates, in line skates or similar devices only on University sidewalks and while crossing streets at crosswalks. Sidewalks shall be defined as that portion of a street between the curbline, or the lateral line, of a roadway and the adjacent property lines or the walkway between buildings, intended for use by pedestrians. The use of skateboards, rollerskates, in line skates or similar devices is prohibited in all other areas of campus, including, but not limited to:

(a) Fine Arts Complex,

(b) Architecture Building,

(c) Turlington Hall,

(d) Ben Hill Griffin Stadium,

(e) Stephen C. O’Connell Center,

(f) Parking Garages,

(g) Park and Ride Lots, and

(h) J. Wayne Reitz Union.

(3) Skateboard, rollerskate, rollerblade, or similar device users shall not perform acrobatics while riding on a skateboard, rollerskate, in line skate or similar device.

(4) No person shall ride at a speed greater than is reasonable and prudent, having due regard to traffic, pedestrians’ rights, surface of the sidewalk, the hazard at intersections, and any other condition then existing.

(5) Any non-university person who violates this rule is subject to an order to leave the immediate premises of University campus by a person in charge of University property or a member of the University Police Department. Persons failing to comply with an order by a person in charge or a member of University Police Department to leave or to remain off the immediate premises of University campus are subject to arrest for criminal trespassing.

(6) Any student who violates this rule is subject to a warning for the first offense and is subject to discipline under the Student Conduct Code for any additional offense(s).

6C1-2.0163 Finance and Administration; Chalking Policy.

Chalking is defined as the use of a water-soluble substance or substance washable by rain that is for the purpose of writing or drawing on concrete/paved sidewalks.

(1) Chalking on campus is limited to recognized student organizations and University of Florida departments, and is permitted ONLY on the paved South Terrance of the Reitz Union.

(2) Use of this area for chalking by student groups and University departments must be scheduled through the Director of the Reitz Union or his or her designee.

(3) Chalking must be done in open portions on the paved South Terrace that can be directly washed by rain.

(4) The substance used for chalking must be water-soluble and easily washable by water or rain.

(5) Chalking is prohibited on walls, benches, glass, windows, doors, pilings, columns, planters, painted surfaces, trees, traffic signs, light posts, emergency call phones, fixtures, newsstands, ad dispensers, utility boxes, private property, and any other objects, except the area designated above.

(6) Chalking must be clear and legible, must bear the name of the student organization or department, and must provide current contact information.

(7) Chalking making reference to the use, sale, consumption or distribution of alcohol or illegal drugs is prohibited.

(8) The Office of Student Activities will notify the students, student organizations, and University departments responsible for improper chalking and shall provide the said party a 24-hour period to clean up any chalking in violation of this rule. Should the offending party not remove the chalking within the 24-hour period, the party will be billed for all costs associated with the clean-up of the chalk.

(9) The Office of the Vice President for Finance and Administration will notify persons and groups other than those listed above that are responsible for improper chalking and will require that party to clean up the chalking done in violation of this rule within 24 hours. Should the offending party not remove the chalk within the 24-hour period, that party will be billed for all costs associated with the clean-up of the chalk.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(6), (10), (19) FS. History–New 6-3-03.

6C1-2.0171 University of Florida; Use of University Facilities by Academic Professional Organizations.

(1) Academic professional organizations or associations of a national or regional character may be authorized to use University property, facilities, and other personal services of the University under the following guidelines:

(a) The organization or association must have activities, missions, and standards relevant to the teaching, research, or public service mission of the University.

(b) The activities of the organization or association must assist in strengthening the teaching, research, or public service mission of the University.

(c) The organization or association must provide the University a reasonable opportunity to achieve one or more of the following objectives:

1. Extend or improve its national or international image in the discipline so affected.
2. Increase its ability to improve its recruitment of faculty in the discipline or disciplines so affected.
3. Increase its ability to recruit better undergraduate or graduate students in the discipline or disciplines so affected.
4. Demonstrate its commitment to the land grant philosophy of the University.
5. Increase its ability to diversify its student body.

(2) The request to use University property, facilities or other personal services must be submitted in writing to the dean or director responsible for the facility. The dean or director must indicate in writing whether authorization is granted and any conditions pertaining thereto, if any.

6C1-2.018 University of Florida; Smoking Policy.

(1) No smoking areas shall be designated within any University facility, including, but not limited to, classrooms, offices, dining facilities, student residential facilities or any other facility owned or leased by the University.

(2) The President may designate no smoking areas within the fifty feet (50’) surrounding the outside of any University facility or other facility owned or leased by the University. In making such designations, the President may consider all relevant factors, including the following: the location of facility windows and heating, ventilating and air conditioning intake vents, the availability of alternative smoking areas, the volume of, and disruption to, pedestrian traffic caused by smoking in such areas, and prevailing wind conditions.

(3) Enforcement of the above smoking policy is the responsibility of the person in charge of the facility in use.

Specific Authority 229.0081(2) FS. Law Implemented 229.0081(2)(r), 386.205(2)(a) FS. History–New 8-19-79, Formerly 6C1-2.18, Amended 4-29-90, 11-13-90, 7-11-94, 5-20-02.
6C1-2.019 University of Florida; Alcoholic Beverages.

(1) The sale of alcoholic beverages on the University campus, which for the purposes of this rule includes all properties under the control of the University of Florida and all fraternity and sorority houses, shall be permitted only under the conditions set forth in this rule.

(a) Functions at which alcoholic beverages are sold shall include any function at which alcoholic beverages are served and for which an admission fee is charged, cups are sold, tickets are sold, donations are collected by the individual or group or any of the members of the group sponsoring the function, or cash or anything else of value is exchanged for alcoholic beverages.

(b) The sale of alcoholic beverages is permitted only in the following facilities: the Orange and Brew in the J. Wayne Reitz Union (beer and wine only); other areas that are designated for such use under regulations set forth in the Reitz Union Policy Manual; the University Golf Club; the Touchdown Terrace; the Curtis M. Phillips Center for the Performing Arts; and areas designated for such use by the Vice President of Development and Alumni Affairs in Emerson Alumni Hall. The Director of the J. Wayne Reitz Union or the Director’s designee shall set the days, hours, and conditions of sale for the Orange and Brew and for other designated areas in the Union. The Athletics Director or the Director’s designee shall set the days, hours, and conditions of sale for the University Golf Club and the Touchdown Terrace. The Director of the Curtis M. Phillips Center shall set the days, hours, and conditions of sale for the Curtis M. Phillips Center. The Vice President of Development and Alumni Affairs shall set the days, hours, and conditions of sale for Emerson Alumni Hall.

(c) The only alcoholic beverages that may be possessed or consumed in any facility listed above are those alcoholic beverages purchased in that respective facility, and the purchased alcoholic beverages must be consumed within that respective facility.

(d) Whenever the management of any facility listed above conducts a reduced-price alcoholic beverages promotional event or allows for a period of time in which the prices of alcoholic beverages are reduced there shall be comparable reductions in the prices of non-alcoholic beverages during such event or period of time.

(e) The management of any facility listed above shall not sponsor drinking games or any other activities which encourage the rapid and/or excessive consumption of alcoholic beverages.

(f) The requisite permit for the sale of alcoholic beverages must be obtained from the Division of Alcoholic Beverages and Tobacco of the State of Florida.

(2) The serving, consumption, and possession of alcoholic beverages shall be permitted in the following areas of the University campus (which for purposes of this rule includes all properties under its control and all fraternity and sorority houses), except that in no event shall alcoholic beverages be served, consumed, or possessed in any outdoor public area of campus, classroom, laboratory, or office.

(a) Private rooms of individuals of legal drinking age residing in University housing and in fraternity and sorority houses when such serving, consumption, or possession is not in conjunction with a function held by a student group or other organization or group;

(b) Public meeting areas in University housing and in fraternity and sorority houses, during a function held by a student group(s) after registration of such function pursuant to applicable residence hall or fraternity and sorority policies;

(c) Those areas of the J. Wayne Reitz Union that are designated for such use under the regulations set out in the Reitz Union Policy Manual.

(d) The Curtis M. Phillips Center for the Performing Arts, the Baughman Center, and the Friends of Music Room with the permission of, and under the conditions imposed by, the Director of the Curtis M. Phillips Center.

(e) The Samuel P. Harn Museum of Art with the permission of and under the conditions imposed by, the Director of the Samuel P. Harn Museum of Art.

(f) The Florida Museum of Natural History with the permission of, and under the conditions imposed by, the Director of the Florida Museum of Natural History.

(g) Emerson Alumni Hall and the University of Florida Foundation with the permission of, and under the conditions imposed by, the Vice President of Development and Alumni Affairs.

(h) Keene Center, Bruton-Geer Hall, Founders Gallery at the J. Hillis Miller Health Center, Rare Books and Special Collections in Smathers Library (East) TREEO Center, and University Gallery, with the permission of, and under the conditions imposed by, the President or Provost or the President’s or Provost’s designee.

(i) Touchdown Terrace, the Gator Room, Ben Hill Griffin Stadium boxes, and the University Women’s Club with the permission of, and under the conditions imposed by, the Athletics Director.

(3) Notwithstanding the provisions of subsections (1) and (2) of this rule, the President or President’s designee is authorized to give written permission, under terms specified with said permission, for the sale, service, consumption, or possession of alcoholic beverages at other times and/or locations on the University of Florida campus, provided that in no event shall alcoholic beverages be sold, served, consumed, or possessed in any outdoor public area of campus, classroom, laboratory, or office. Permission shall not be granted for the sale, service, consumption, or possession of alcoholic beverages at meetings, receptions, and other events held during the University’s normal business hours, 8 a.m. to 5 p.m., Monday through Friday, and shall be granted only in furtherance of University programs and in consonance with the conditions of subsection (4) of this rule. A current list of such permits shall be posted on the Office of the President’s website.

(4) Any person or group of persons holding a function at a location where consumption of alcoholic beverages is permitted under the provisions of this rule, shall abide by the following regulations in conducting the function:
(a) The person or group(s) holding the function shall establish precautionary measures at the function to ensure that alcoholic beverages are not served to persons under the legal drinking age, to persons who appear intoxicated, or to persons known to be addicted to intoxicants.

(b) At the function, a person (or persons) over the legal drinking age must be designated as the server(s). The server(s) shall not consume alcoholic beverages. All alcoholic beverages to be served at the function must be located so that access to them can be had only through the designated server(s).

(c) Nonalcoholic beverages must be available at the same place as the alcoholic beverages and featured as prominently as the alcoholic beverages. A sufficient amount of non-salty, non-“snack” food must also be available.

(d) The only alcoholic beverages that may be possessed or consumed at the function are those alcoholic beverages served at the function, and the alcoholic beverages must be consumed within the designated area in which the function is being held.

(e) Drinking contests or any other activities which encourage the rapid and/or excessive consumption of alcoholic beverages shall not be permitted at the function.

(f) Alcoholic beverages may not be served or consumed at any social event held in conjunction with fraternity rush or other organized drive to recruit students on campus.

(g) Alcoholic beverages, such as kegs or cases of beer, shall not be provided as free awards, prizes, or rewards to an individual(s) or group(s).

(h) Additional guidelines for the serving and consumption of alcoholic beverages may be established by the person or group holding the function.

(i) Any event which will have student attendance also requires the approval of the Dean of Students.

(j) The permission granting authority for any approved location will notify the University Police Department of any function where alcoholic beverages are served. The University Police Department will determine if a uniformed member of, or a substitute approved by the Chief of Police of the University Police Department, must be present during the function. In such cases, the University Police Department expense must be paid by the sponsoring group.

(k) All announcement(s) or advertisement(s), including, but not limited to, flyer(s), notice(s), poster(s), banner(s), tee-shirt(s), promotional items, and newspaper and radio advertisement(s), concerning the function shall note the availability of nonalcoholic beverages at the function as prominently as the availability of alcoholic beverages and note that proper identification is required in order to be served or sold alcoholic beverages, shall not make reference to the amount of alcoholic beverages, as, for example, the number of kegs of beer available at the function, nor to any form of drinking contest, and shall not use images of kegs, alcoholic beverage bottles or containers, or alcoholic beverage glasses. Such advertisement(s) or announcement(s) should not portray the drinking of alcoholic beverages as a solution to personal or academic problems or as necessary to social, sexual, personal or academic success.

(5) Any function sponsored by a student or a student group (or groups) at which alcoholic beverages are sold or served may be held in those areas permitted under the provisions of this rule only after prior written approval is obtained for such function from the person with authority over the area as set forth in subsections (1), (2), and (3) of this rule and the Dean of Students or the Dean’s designee. Such approved function shall be subject to the regulations set out in this subsection, subsections (1), (2), (3), and (4) of this rule as well as, if applicable, subsection (6) of this rule. In addition, student organization functions open to the public must have the appropriate program permit from the Office of Student Activities. Permission is obtained through the Program Planning Form, Form OSA-1, Revised 2/02, incorporated herein by reference which can be obtained from the Office of Student Activities Center, 300 J. Wayne Reitz Union, Gainesville, Florida. Functions open to the public shall be defined as those functions to which the general public has been invited, through oral, written, or printed announcement(s), advertisement(s), or invitation(s).

(6) A person or group(s) may sponsor an activity involving a commercial off-campus distributor of alcoholic beverages (an entity manufacturing or selling alcoholic beverages at wholesale) only under the following conditions:

(a) The group sponsoring the activity shall be responsible for all aspects of the activity, including all publicity and advertising.

(b) Advertising and publicity must reflect sole sponsorship of the activity as being that of the group. Any advertisement(s) or announcement(s), including, but not limited to, flyer(s), notice(s), poster(s), banner(s), tee-shirt(s), and radio and newspaper advertisement(s), concerning the event may reflect a commercial off-campus distributor’s support, but must not indicate or convey sponsorship by the distributor or by a specific brand of alcoholic beverages. Such advertisement(s) or announcement(s) should not portray the drinking of alcoholic beverages as a solution to personal or academic problems or as necessary to social, sexual, personal or academic success.

(c) Promotion of certain brands of alcoholic beverages at the activity shall not be such as to encourage any form of alcohol abuse nor place emphasis on quantity and frequency of use of alcoholic beverages.

(d) Alcoholic beverages, such as kegs or cases of beer, shall not be provided as free awards, prizes, or rewards to an individual(s) or group(s).

(e) All elements of the activity sponsored are consistent with all provisions of this rule.

(f) Any exception to the policy set forth in this subsection must be specifically approved by the President and must result from conflicting contractual provisions in University contracts with third parties concerning entertainment and sports events.

Specific Authority 1001.74 FS. Law Implemented 1001.74(6), (10), (19) FS. History–New 5-14-85, Formerly 6C1-2.19, Amended 7-11-94, 3-12-03, 6-3-03.
6C1-2.020 University of Florida; Food Service on Campus.

(1) In order to protect the health and welfare of University of Florida employees, agents, servants, students and visitors, it is necessary to regulate the service of food to the public on the University of Florida campus.

(2) The sanitary standard for all food service on the University of Florida campus shall comply with the standard established by the Department of Health of the State of Florida pursuant to the authority granted Department of Health by Chapter 381, Florida Statutes.

(3) The Department of Health performs sanitary inspections of food service on the University of Florida campus in accordance with Department of Health Rules published in the Florida Administrative Code, and Rules published by the University of Florida, to the extent that the latter are not inconsistent with Department of Health Public Health Rules.

(4) Food, while being transported, stored, prepared, displayed, served or sold at a food service establishment, as defined by Section 381.0072, Florida Statutes, shall be protected by being covered, shielded or otherwise guarded from dust, flies, rodents and other vermin, toxic materials, unclean equipment and utensils, unnecessary handling, coughs and sneezes, flooding by sewage, overhead leakage and all other potential sources of contamination.

(5) All permanent food service areas on the University of Florida campus shall be periodically inspected by, and obtain a permit from the Florida Department of Health prior to serving food to the public.

(6) Individuals or organizations planning to serve food to the public on the University of Florida campus on a temporary or periodic basis through other than the licensed food service contractor must schedule their food service function through the Office of Student Activities at the J. Wayne Reitz Union in the case of student groups and organizations or the Office of Finance and Administration in the case of all other groups, organizations, or persons. Such individuals or organizations must certify, on a form, which is incorporated herein by reference, Form No. SAC-3/Rev. 07/00 and SAC-3a/Rev. 06/07/99, to be provided by the Office of Student Activities or the Office of Finance and Administration, that they are in compliance with all public health rules and regulations and shall acknowledge that they are subject to inspection by the University of Florida and Florida Department of Health.

Specific Authority 240.227(1) FS. Law Implemented 240.227(12), (13) FS. History–New 2-9-87, Amended 7-27-98, 5-22-01.

6C1-2.021 University of Florida; Animals Not Allowed in Buildings.

Animals are not permitted in any building on campus except for seeing eye dogs, other service related animals, other animals which are being used for academic purposes, or animals permitted in University housing facilities pursuant to the Division of Housing’s Rules and Regulations, 2003-2004, or Full-time Live-in Professional Staff Pet Policy, December 2002, incorporated herein by reference, which can be obtained from the Division of Housing, Museum Road and Thirteenth Street, Post Office Box 112100, Gainesville, Florida 32611. This exclusion shall not apply to animals being examined or treated at the College of Veterinary Medicine.

6C1-3.070  Finance and Administration; Construction; Acquisition of Professional and Design/Build Services.

6C1-3.071  Finance and Administration; Construction; Acquisition of Construction Management Services.

6C1-3.072  Finance and Administration; Construction; Construction Contract Bidding and Award (Contractor).

6C1-3.073  Finance and Administration; Construction; Bid Protests (Contractor Only).

6C1-3.074  Finance and Administration; Construction; Evaluations of Professional Service Providers (Including Architects and Engineers), Design/Builders, Construction Managers and Contractors; Disqualification Procedure.

6C1-3.075  Finance and Administration; Construction; Procedures for Payment under Unbonded Construction Projects.

6C1-3.002  Finance and Administration; University Financial Services.

(1) Students whose accounts are delinquent with the University of Florida may be denied release of transcripts, the awarding of diplomas, the granting of loans and/or registration, the use of University facilities and/or services, and admission to University functions, including Athletic Association events. Delinquency is defined as having a financial obligation to the University which has been billed to the student and has not been paid by the established due date.

(2) A student may not be granted a loan through the University’s student financial aid system when:

   (a) The student is not currently enrolled;

   (b) The student’s history with the University reveals that the student on more than one occasion failed to repay prior loans within eleven to thirty days after due date, or on one occasion failed to make the required payment within thirty-one days after the due date.

(3) When a check written by a University of Florida student is returned uncollected and is not redeemed within seven days, it is considered to be a delinquent account with the University and the student’s academic progress will be suspended and no transcripts will be released or diplomas awarded to the student until the account has been paid in full.

Specific Authority 240.227(1) FS. Law Implemented 240.291 FS. History–New 9-29-75, Amended 3-9-76, 2-11-82, Formerly 6C1-3.02, Amended 5-21-89, 5-18-92, 4-30-95, 7-15-97, 6-28-98.

6C1-3.0021  Finance and Administration; Third-party Donors.

(1) The University of Florida will not release transcripts or diplomas to students whose third-party donor is more than one term delinquent in paying their fees.

(2) The University of Florida will not accept any new students to be billed to a third-party donor if the third-party donor is more than two terms delinquent in making any payments for which it has indicated it will be responsible.

(3) The University of Florida will not accept any additional fee charges for current students to be billed to a third-party donor’s account if the account is more than two terms delinquent.

(4) The University of Florida may directly assess a student and pursue collection therefrom for any fees or charges due the University which the third-party donor has failed to pay within a reasonable period. This action will take place after the University determines that collection from the third-party has failed and further action against same is deemed unwarranted.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), 240.291 FS. History–New 2-11-82, Formerly 6C1-3.021.
6C1-3.0022 Finance and Administration; Check Cashing and Bill Paying; Returned Check Service Charge, and Convenience Fee.

(1) The University reserves the right to require all delinquent accounts to be paid only in cash, cashier’s check, or money order.
(2) The University reserves the right to refuse to cash two-party checks, altered checks, and checks that will not photocopy.
(3) For international checks, the University of Florida will assess any additional charges necessary to cover any foreign bank processing charges or differences in currency exchange rates. At no time will the total amount received by the University in current U.S. dollars exceed the total of the original amount owed in U.S. dollars.
(4) When a check is returned uncollected and is not redeemed within seven (7) days, it is considered to be a delinquent account with the University and if a student check, the student’s registration will be suspended until the account has been paid in full. A minimum service charge of $25.00 will be charged. Thirty ($30.00) dollars will be charged if the check is greater than $50.00 but less than $300.00, and $40.00 will be charged for returned checks of $300.00 or more.

6C1-3.003 Finance and Administration; Campus Mail Service.

(1) The Campus Mail Service posts and delivers United States mail. United States mail will be delivered to University groups and organizations, University persons, and University related groups and organizations on campus through the Campus Mail Service or by the Postal Service in accordance with existing agreements with the Postal Service.
(2) Official University mail to be consigned to the United States Postal Service will be processed through the Campus Mail Service, including application of postage, when a postage charge for the mail has been authorized in advance by the mailing department and chargeable to a University account. Personal mail will not be handled by the Campus Mail Service. United States mail may be posted with the branch post office at the J. Hillis Miller Health Center.
(3) The Campus Mail Service maintains an interdepartmental communications system. Free services are restricted to official interdepartmental communications originating from departments and/or organizations which receive funding from the University and have a budgetary account. In addition, the Office of Finance and Administration will approve the use of campus mail service on a limited basis for communications of commercial companies that have been chosen to provide employee fringe benefit programs through payroll deductions, when these communications deal directly with these fringe benefit programs. Upon payment of an appropriate fee in an amount sufficient to cover costs and overhead as approved by the Vice President for Finance and Administration, campus mail services also will be provided to non-university entities for delivery to on-campus housing students only as long as the items to be delivered are not directed to a specific person or address.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5), (12), (13), (19) FS. History–New 9-29-75, Amended 10-14-85, Formerly 6C1-3.03, Amended 10-7-99.

6C1-3.0031 Finance and Administration; Volunteers.

(1) Purpose and Definition.
(a) This rule provides general guidelines for the recruitment, screening, training, responsibility, utilization and supervision of volunteers rendering services to the University.
(b) A volunteer is any person who, of his or her own free will, provides services to the University with no monetary or material compensation, on a continuous, occasional, or one-time basis.
(2) Responsibilities of Colleges, Schools, and Divisions.
(a) Each college, school, division, and operational unit is authorized and encouraged to utilize volunteers to assist in carrying out its programs. Deans, directors, and department chairpersons must coordinate the use of volunteers in their respective units. The responsibility for the recruitment, screening, training, utilization, and/or supervision of volunteers may be delegated to department chairpersons and heads of operational units.
(b) Each department/operational unit shall record the number, location and duties of volunteers, and the total number of annual hours of volunteer service provided to the department. Such information must be maintained on file by each department/operational unit unless determined otherwise by the appropriate dean or director.
(3) Screening, Acceptance and Benefits.
(a) Each person wishing to become a volunteer shall furnish to the appropriate department/operational unit such personal and professional information as may be necessary for the determination of his or her suitability as a volunteer. The department/operational unit seeking volunteer services shall be responsible for the screening and selection of volunteers. All volunteers shall be at least 14 years of age.
(b) Volunteers shall be advised that they are entitled to workers’ compensation and state liability protection under the same conditions as state employees. Volunteers shall be eligible for the other benefits listed in Sections 110.502 and 110.504, F.S., only as approved by the college, school, division or operational unit.
(4) Training, Utilization and Supervision.
(a) Upon selection, the department/operational unit shall ensure that it has on file a completed Record of Volunteer Service for each volunteer. This form shall be completed by the volunteer and the University’s representative prior to the volunteer receiving any training and/or performing any services for the University. Record of Volunteer Services, Form DHR-RVS1, Rev. 10/02, incorporated herein by reference and are available from the Workers’ Compensation Office, Division of Human Resources, 433 Stadium, Post Office Box 115008, Gainesville, Florida 32611.

(b) Each department/operational unit shall provide in writing to each volunteer the specific tasks and/or duties to be performed and provide the volunteer with all appropriate work and safety training.

(c) Each department/operational unit shall ensure that it has on file a completed Parental/Guardian Authorization for Treatment of Minors, Form DHR-PGAT, Rev. 10/02, for volunteers under the age of 18 years which is incorporated herein by reference. This form shall be completed prior to such a volunteer receiving any training and/or performing any services for the University. Department/operational unit shall further ensure that all provisions of the State’s Child Labor Laws are adhered to for volunteers under the age of 18 years. Forms are available from the Workers’ Compensation Office, Division of Human Resources, 433 Stadium, Post Office Box 115008, Gainesville, Florida 32611.

5 Responsibilities of Volunteers – Termination.

(a) Volunteers shall be expected to perform their services in a professional manner and in accordance with the policies and procedures of the University.

(b) Volunteer services may cease, at any time, at the request of the volunteer or at the discretion of the University. A notice stating the effective date of the termination shall be provided to the volunteer.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 10-14-85, Formerly 6C1-3.031, Amended 4-30-95, 1-7-03.

6C1-3.005 Finance and Administration; University Police Department.

1 The University of Florida Police Department shall protect the University’s population, buildings, grounds and equipment, preserve the peace, provide general police services to the university community and enforce the laws of the State of Florida, the ordinances of the City of Gainesville and County of Alachua, and the rules and regulations of the University of Florida.

2 University police shall meet the minimum standards established by the Police Standards and Training Commission and Chapter 943, F.S., and the rules and regulations promulgated thereunder.

3 Each university police officer shall, before entering into the performance of his duties, take the oath of office established by the university and the university shall enter into a good and sufficient bond on each officer, payable to the Governor and his successors in office, in the penal sum of $5,000.00 with a surety company authorized to do business in this State as surety thereon, conditioned on the faithful performance of the duties of said university police officer.

4 Each university police officer shall be provided with a uniform set of identification credentials.

5 University police officers occupy positions under the University of Florida Board of Trustees and are subject to the rules and regulations governing the appointment, status, removal and other employment conditions of employees of the University of Florida; except that a university police officer appointed with probationary status shall be required to serve a probationary period of 12 months of satisfactory service before attaining permanent status.

6 Each university police officer shall be provided with the “University of Florida Police Manual” updated December 11, 2002, developed by the University of Florida Police Department to familiarize the officer with the policies and procedures of the department and to guide the officer in the execution of his or her official duties as prescribed by Section 1012.97(6), F.S.

Specific Authority 1001.74(4), 1012.97(6) FS. Law Implemented 1001.74(19), 1012.97 FS. History–New 11-11-79, Formerly 6C1-3.05, Amended 1-9-03.

6C1-3.006 Finance and Administration; Traffic & Parking; Definitions.

1 The operation and parking of a motor vehicle on the University of Florida campus is a privilege granted by the University rather than a right. All vehicles parked on campus during hours of restriction must properly display a university parking decal or permit. A parking decal is not a guarantee of a parking space. Each vehicle operator is responsible for finding a legal parking space. Lack of a space is not a valid excuse for violating any parking regulation. Parking meters are located throughout the campus for visitors to the university. Transportation and Parking Services operates a pay parking facility for use by patients and visitors to Shands Hospital and the J. Hillis Miller Health Center. The University assumes no liability for damage to vehicles operated or parked on the campus. Any such damage is a risk assumed by the owner or operator of the motor vehicle.

2 The following are definitions of words and phrases used in the rules and regulations governing traffic, parking and registration of vehicles on the University of Florida campus.

(a) Bicycle – Includes every vehicle propelled solely by human power and every motorized bicycle as defined in Section 316.003(2), F.S.

(b) Business Days – All days except weekends and official University Holidays.

(c) Campus – Includes all of the property of the University of Florida located in Gainesville or adjacent areas.

(d) Decal – Sticker affixed to the vehicle allowing parking in designated areas when space is available.
(e) Employee – Any employee of the University of Florida including faculty, administrative and professional, university support personnel system staff and other personnel services (non-student) staff. For the purpose of these regulations, employees of university direct support organizations and non-university organizations contracted to provide services to the university shall have the same parking privileges as university employees.

(f) False Registration – Applying for or receiving a parking permit or decal by showing or giving false information or by other fraudulent means which shall include reproducing, altering or defacing a decal, a permit or any other document used for registration or used in lieu of a valid registration.

(g) Impound – To tow a vehicle away from the place in which it is parked or to seize and hold legal custody.

(h) Moped – Includes all vehicles described in Section 316.003(77), F.S.

(i) Motorcycle and Motor Scooter – Includes all motor vehicles with two or three wheels.

(j) Motor Vehicle – Includes all vehicles other than bicycles and mopeds.

(k) Parking Space – Areas governed by the University of Florida parking rules and regulations with parking spaces delineated by white, yellow or blue striping, a parking meter or physical barriers delineating parking parameters.

(l) Permit – A card temporarily displayed in the vehicle allowing parking for a limited period of time.

(m) Registration – Obtaining authorization to operate and park a vehicle on campus by receiving an appropriate decal or permit for a specified area(s).

(n) Restricted Area – An area within which an automobile may be parked if it bears the appropriate decal for that area.

(o) Reserved Space – An individual parking space, as approved by the President, appropriately marked for a particular license tag number, individual or position.

(p) Restricted Hours – The hours between 7:30 a.m. and 4:30 p.m., Monday through Friday, unless otherwise indicated.

(q) Service Area or Drive – Parking areas reserved only for properly identified service or emergency vehicles, commercial vehicles, or vehicles bearing proper authorization from Transportation and Parking Services. Service Areas or Drives are delineated by signs or pavement markings.

(r) Student – Includes all persons, not classified as faculty or staff, carrying one or more credit hours of graduate or undergraduate work. This includes Santa Fe Community College students who enroll in courses on campus.

(s) Student Classification – The student’s classification as established by the University of Florida Registrar.

(t) Transportation and Parking Services – The University unit responsible for issuing decals and permits for parking on campus and for collecting parking fees and parking fines. It is located on campus at 115 North-South Drive, (352)392-8048 (Voice) and (352)392-7106 (facsimile), and the mailing address is P. O. Box 112325, University of Florida, Gainesville, Florida 32611-2325. Its hours of operation are Monday through Friday from 8:00 a.m. to 5:00 p.m. except on University holidays.

Specific Authority 240.227(1), 240.264 FS. Law Implemented 240.263(2), 240.264 FS. History–New 9-29-75, Amended 8-15-78, 8-19-79, 8-26-81, 8-12-82, 3-6-85, Formerly 6C1-3.06, Amended 5-14-87, 4-27-88, 4-23-89, 4-17-90, 5-7-92, 5-19-93, 4-30-95, 5-1-96, 6-7-00, 5-22-01.

6C1-3.007 Finance and Administration; Traffic & Parking; Parking Registration.

(1) Transportation and Parking Services is responsible for issuing decals and permits for parking on campus and for collecting parking fees.

(2) To purchase a decal, students and employees must present a current title or motor vehicle registration certificate issued to the individual, his or her guardian, or to some person in his or her immediate family and a valid University identification card. Students must also present a current proof of address document.

(3) Students and employees may purchase no more than one (1) decal at any one time except as provided in subsections 6C1-3.007(9)(g), (12) and (13), F.A.C.

(4) Any person applying for or receiving a parking permit or decal by showing or giving false information or by other fraudulent means, which shall include reproducing, altering or defacing a decal, a permit, or any other document, shall be guilty of false registration.

(5) The registrant must park in accordance with his or her decal assignment and the decal may only be used by the registrant. The receipt of a parking permit or decal does not guarantee that a parking space will be available at all times.

(6) Annual or semester term decals may be purchased. Annual-term decals shall be effective from May 1 through April 30 of the year for which purchased. Semester-term decals shall be effective for one of the following semesters for which purchased:

(a) Summer – May 1 through August 31.
(b) Fall – September 1 through December 31.
(c) Spring – January 1 through April 30.

(NOTE: Registration fee may be higher when purchased by semester. All fees include the required 6% state sales tax.)

(7) Reserved spaces: Employees who register to park at the University and have a valid Official Business or a Restricted Area decal may purchase an individually reserved parking space, as approved by the President, upon payment of the appropriate fee shown below.

(8) Annual or semester decals for reserved parking areas may be purchased upon payment of the appropriate fee shown below.
Reserved Gated Decals $636.00 $212.00
Official Business Reserved Gated Decals $702.00 $234.00
Medical Resident Reserved Area Decals $288.00 $96.00

(9) Parking decals are sold under the following guidelines:
(a) Faculty, Technical, Executive, Administrative, and Managerial Support (TEAMS) and University Support Personnel System (USPS) employees are eligible for an Official Business decal, authorizing parking in Commuter and Restricted Area lots except where signs prohibit it. An Official Business decal is issued upon payment of the appropriate fee shown below:
Annual $264.00 Semester $88.00

(b) Faculty, TEAMS and USPS employees are eligible for Restricted Area decals, authorizing parking in designated restricted lots near his or her place of work and Commuter lots. A Restricted Area decal is issued upon payment of the appropriate fee shown below:
Annual $198.00 Semester $66.00

(c) Disabled employees possessing a State of Florida issued Handicapped Parking Placard are eligible for a University of Florida Disabled Parking decal upon approval of the University’s ADA office and payment of the appropriate fee shown below. This decal is required to park in any handicapped designated space on campus. This decal will also allow parking in any Restricted Area parking lot or garage on campus. If requested, the disabled employee is eligible to receive a reserved parking space in a Restricted Area parking lot or garage near their work site at no extra charge.
Annual $198.00 Semester $66.00

(d) Any employee is eligible for commuter parking. A Staff Commuter decal is issued upon payment of the appropriate fee shown below:
Annual $102.00 Semester $34.00

(e) Any student of the University of Florida is eligible to register for parking as authorized on campus upon payment of the appropriate fee shown below.
Annual $94.00 Semester $47.00

(f) Disabled students possessing a State of Florida or out-of-state Handicap Parking Placard are eligible for a University of Florida Disabled Parking decal upon approval of the University’s ADA office and payment of the appropriate fee shown below. This decal is required to park in any handicapped designated space on campus. This decal will also allow parking in any Restricted Area parking lot or garage on campus.
Annual $94.00 Semester $47.00

(g) In cases where an individual lives in family housing and also works for the University, he or she may purchase two decals for the same vehicle. In these cases, the full price for the higher-priced decal must be paid, and the price for the second decal is $5.00.

(h) Individual monthly and weekly parking permits may be sold to those requiring parking privileges on a short term basis upon approval of Transportation and Parking Services and payment of the appropriate fee shown below:

(i) Additional parking policies affecting students include the following:
1. Eligibility requirements for the various student decals will be established each year by Transportation and Parking Services prior to May 1st.
2. Eligibility for student decals will be determined by an annual analysis of the capacity of parking facilities, projected enrollment levels of students, the anticipated mix of students by class and credit hour designations, and the appropriate demand/supply ratios that will occur from the proposed eligibility standards.
3. Eligibility requirements will be established with the goal of providing the most efficient and effective management of student parking facilities. Assignment of parking eligibility for facilities close to the core of campus will be made to graduate students and undergraduate students with the highest number of credit hours, up to the level that those parking facilities can provide reasonable accommodation.
4. Officials of University groups and organizations, as defined in paragraph 6C1-2.004(3)(a), F.A.C., may be issued Restricted Area permits during their terms of office upon request and approval by the Transportation Advisory Committee.

(10) Decal sales and refunds:
(a) The purchase of a staff decal will be prorated on a bi-weekly basis over the term of the decal. The prorated price will be determined at the time of purchase.
(b) A full refund is issued on parking decals when requested within fifteen (15) calendar days from the purchase or effective date.
(c) One twelfth (1/12) of the annual price for each unused month may be given on an annual decal. Refunds must be requested by the 5th of the month in order for the month to be considered unused.
(d) For employees on payroll deduction, payments made in excess of the amount due will be refunded.
(e) No refunds will be issued unless the decal or remains of the decal is returned to Transportation and Parking Services.
(11) Any person may operate a bicycle on the University of Florida campus. Bicycles are not required to be registered.
(12) Any student or employee having a valid operator’s license is eligible to register a motorcycle, moped, or motor scooter and purchase a decal for parking in designated motorcycle parking spaces only, upon payment of the appropriate fee shown below:

(13) Any commercial visitor engaged in official business with the University of Florida is eligible to register and purchase a Commercial decal for each vehicle brought on campus. This entitles the holder to park in Commuter or Restricted Area lots. The decals may not be used by the registrant or by members of the registrant’s family or others to conduct personal business on campus. A Commercial decal may be purchased upon payment of the appropriate fee shown below:

</table>

(NOTE: Students who qualify for a Commercial decal must register and purchase a student decal in accordance with paragraph 6C1-3.007(9)(e), F.A.C. Both decals must be properly affixed to the vehicle in accordance with the instructions supplied with the decal. Commercial decals are valid for parking to conduct commercial business only.)
(14) Any appropriately-marked vendor, delivery or commercial vehicle engaged in official business with the University of Florida may be permitted to go about that business without obtaining a permit or paying a fee. The vehicle must be clearly and permanently marked on both sides.
(15) Designated parking spaces will be reserved for: (1) deans and assistant vice presidents or higher positions when the employee’s office is not near a gated parking lot, (2) employees having sufficient medical reasons, and (3) full-time professional resident staff living in the residence halls.
(16) Official Business parking permits are issued to University departments or other appropriate administrative units upon approval of a written request submitted by the department chairperson or unit director to Transportation and Parking Services. These permits are to be used by employees without an Official Business decal, but who perform duties at several locations on campus, and may also be used on any decaled vehicle for parking to load and unload in Service Areas for up to one hour.
(17) Temporary parking permits to employees and students may be issued at no charge upon approval of Transportation and Parking Services.
(18) The Parking and Transportation Committee shall have authority to approve special parking requests as needed.
(19) Decals must be properly displayed on vehicles.
(a) A decal evidencing registration is issued to the registrant and must be immediately affixed in accordance with the instructions supplied with the decal. No grace period is allowed.
(b) A vehicle bearing an illegal or improperly attached decal is not entitled to the privileges normally afforded by such decal.
(c) Lost, misplaced, or defaced decals must be replaced immediately.
(d) Changes in affiliation or address affecting the validity of the decal issued must be reported immediately to Transportation and Parking Services and a replacement decal purchased. The former decal must be surrendered.
(20) A replacement decal is $15.00 regardless of whether the original was an annual or semester decal.

Specific Authority: 1001.74(4), 1006.66(2) FS. Law Implemented: 1001.74(35), 1006.66 FS. History—New 9-29-75, Amended 8-15-78, 8-19-79, 8-4-80, 8-26-81, 8-12-82, 3-6-85, 5-9-85, 10-14-85, Formerly 6C1-3.07. Amended 5-19-86, 5-14-87, 4-27-88, 4-23-89, 4-17-90, 5-7-92, 5-19-93, 4-30-95, 5-1-96, 7-15-97, 5-3-98, 5-10-99, 6-7-00, 5-22-01, 7-19-01, 5-20-02, 6-3-03.

6C1-3.008 Finance and Administration; Traffic & Parking; Miscellaneous Provisions.
(1) The President may authorize decals to be issued without charge when the University receives a benefit at no direct cost to the University.
(2) Upon payment of the appropriate fee, retired members of the faculty and staff are eligible to register and obtain the same parking privileges as if still employed by the University. A retired member of the faculty and staff honored with “emeritus” status is issued an Official Business decal without charge.
(3) Houseparents and maids, cooks, baby-sitters, etc., employed by private individuals may register and purchase a decal for the appropriate area, upon payment of the fee contained in paragraph 6C1-3.007(9)(d), F.A.C.
(4) Students who are temporarily disabled may be eligible for a temporary Restricted Area parking permit for up to thirty (30) days upon written request from a medical doctor.
(5) Visitors are issued temporary visitor’s permits by the checkpoint attendants stationed at the entrances to the central campus. Permits for longer periods may be requested from Transportation and Parking Services. These permits authorize driving and parking in designated areas only.

(6) Visitors on official business and visitors with ministerial, charitable or public service missions may be issued temporary permits valid for extended periods of time of a stated duration authorizing parking in designated areas only.

(7) Construction workers employed by contractors for campus construction are issued parking permits for parking on or as near the construction site as possible.

(8) Faculty, staff and students of Santa Fe Community College and other schools who use University facilities, including the library, are treated in the same manner as University of Florida faculty, staff and students.

(9) Special parking permits may be issued to outside agencies for use when making official business trips to the University of Florida.

(10) The managers of the cafeterias and bookstores on campus may obtain Service Drive Parking permits for their locations.

(11) Permits may not be used by the registrant or members of the registrant’s family or others to conduct personal business on campus and are subject to revocation if the special privileges are abused.

(12) Permits may be obtained from Parking Administrative Services to authorize parking in service areas.

(13) Students, Staff and Faculty of the University of Florida may not use the Visitor Pay Parking Facilities at the J. Hillis Miller Health Center during the posted hours of operation unless being treated as a patient of the Clinic or Hospital or unless visiting a patient in the Clinic or Hospital.

(14) The University of Florida requires that all University motor vehicles to have a current safety inspection decal. To obtain the safety inspection decal, each University motor vehicle must pass an annual safety inspection conducted by the University of Florida Motor Pool.

Specific Authority 240.227(1), 240.264 FS. Law Implemented 240.263(2), 240.264 FS. History–New 9-29-75, Amended 8-15-78, 8-19-79, 8-4-80, 8-26-81, 8-12-82, Formerly 6C1-3.08, Amended 5-14-87, 4-27-88, 4-23-89, 4-17-90, 5-7-92, 5-19-93, 4-30-95, 5-1-96, 7-1-96.

6C1-3.009 Finance and Administration; Traffic & Parking; Bus System.

(1) Transportation and Parking Services supervises the operation of the campus shuttle bus system (including the Handi-van). Use of the campus shuttle bus system is free to all faculty, staff, students, and visitors. Use of the City of Gainesville Regional Transit System is free to all University of Florida students and staff with a valid Gator 1 identification card.

(2) Effective Fall Semester 2003, a Transportation Access Fee of $3.59 per credit hour is assessed upon all courses and fundable credit hours taken by individuals at the University of Florida. Dental, medical and veterinary students must pay a semi-annual Transportation Access Fee of $71.80 (Seventy-one and 80/100 dollars). This fee is used to help support the on campus shuttle bus system and the City of Gainesville Regional Transit System. Students enrolled in a New World School of the Arts degree program in Miami are exempted from paying the Transportation Access Fee.

Specific Authority 1001.74(4), 1006.66(2) FS. Law Implemented 1001.74(35), 1006.66 FS. History–New 9-29-75, Amended 8-15-78, 8-26-81, 8-12-82, 5-14-85, Formerly 6C1-3.09, Amended 5-14-87, 4-27-88, 4-23-89, 4-30-95, 5-10-99, 5-22-01, 5-20-02, 6-3-03, 11-25-03.

6C1-3.010 Finance and Administration; Traffic & Parking; Control of Parking.

Parking is controlled on the campus under the following guidelines:

(1) No vehicle without a current decal or permit may be parked on campus during the restricted hours. Normal hours of restriction begin at 7:30 a.m. and end at 4:30 p.m. each day except on Saturday, Sunday and University holidays. Designated lots, areas or parking spaces may be restricted for longer periods (up to twenty-four hours a day, seven days a week) as provided in this rule.

(2) Designated areas of the campus are restricted to the use of motor vehicles having decals or permits authorizing entrance to and parking in the particular area. No unauthorized automobile may operate or park within such areas during restricted periods.

(3) Reserved parking spaces, parking spaces reserved for persons with disabilities, no-parking zones, fire lanes, and service areas are restricted at all times unless otherwise indicated.

(4) Parking or leaving any motor vehicle in any space or area for a period of time longer than is indicated by authorized signs is prohibited at all times.

(5) The University assumes no liability for damage to vehicles operated or parked on the campus. Any such damage is a risk assumed by the owner or operator of the motor vehicle.

(6) Other parking restrictions include:
   (a) Motor vehicles must be parked within the markers whenever provided. Parking on or over a line or curb is prohibited.
   (b) Parking on grass, sidewalks or crosswalks is prohibited.
   (c) Parking with the front of the vehicle facing traffic is prohibited.
   (d) Parking in such a way as to obstruct traffic or to create a hazard is prohibited.
   (e) Continuous parking for extended periods is prohibited.
   (f) Family housing residents may purchase a decal to park trailers, boats, campers, and similar vehicles by paying the appropriate decal fee.
(g) Designated parking areas may be set aside for pay parking or metered parking during established hours and an appropriate fee shall be assessed regardless of the decal or permit attached to the vehicle. Metered lots are enforced between the hours of 8 a.m. and 5 p.m., Monday through Friday.

(h) Backing into parking spaces is not allowed when signs prohibit it.

(i) Motor vehicles must be parked in designated parking spaces/areas only.

Specific Authority 240.227(1), 240.264 FS. Law Implemented 240.263(2), 240.264 FS. History–New 9-29-75, Amended 8-26-81, 8-12-82, 3-6-85, Formerly 6C1-3.10, Amended 5-14-87, 4-27-88, 4-23-89, 5-7-92, 5-19-93, 6-7-00.

6C1-3.011 Finance and Administration; Traffic & Parking; Control of Traffic.
(1) Each area of the campus is posted with a speed limit appropriate to the area. The main campus (teaching and residential areas and streets adjacent to family housing areas) is posted with a legal speed limit of 20 miles per hour. Streets wholly within the family housing areas are posted with 10-miles-per-hour speed limits. Driving any vehicle in excess of posted speed limits is prohibited.

(2) City, University and State traffic regulations, rules and directive signs govern the use of motor vehicles on campus and must be observed at all times. Violators are subject to a Uniform Traffic Citation which must be paid at the Alachua County Courthouse and for which points may be assessed on their State of Florida Drivers License.

(3) Motorists must also operate under the following guidelines:
(a) Motorists must give right-of-way to pedestrians crossing at designated, marked crosswalks.
(b) Unnecessary noise from horns and mufflers or any other noise device is prohibited at all times.
(c) Driving on grass and paths or sidewalks is prohibited except in those instances where sidewalks are designated for the use of bicycles.
(d) Making a U-turn on campus is prohibited except where designated (some dead-end streets).
(e) Failing to observe a stop sign or stop light while operating a motor vehicle is prohibited.
(f) Operating a motor vehicle against authorized signs indicating the direction in which traffic should flow is prohibited.
(g) Failure to yield right-of-way while operating a motor vehicle is prohibited.
(h) Operating a motor vehicle from one lane of traffic to another without first ascertaining if such movement can be made with safety is prohibited.
(i) Traffic laws and regulations are in effect 24 hours a day except as limited in these regulations.

Specific Authority 240.227(1), 240.264 FS. Law Implemented 240.227(1), 240.263(2), 240.264, 240.265 FS. History–New 9-29-75, Formerly 6C1-3.11, Amended 5-14-87.

6C1-3.013 Finance and Administration; Traffic & Parking; Violations.
(1) Any person operating or parking a vehicle in violation of these rules and regulations is issued a citation and/or becomes subject to arrest. In addition, the vehicle may be subject to impoundment.

(2) The person in whose name the decal or vehicle is registered is issued a citation in the event such vehicle is found parked or standing in violation of these rules and regulations and such vehicle is unattended by a driver. (NOTE: decals must be removed if the vehicle is sold.)

(3) The University of Florida police have the authority to cause motor vehicles to be removed and impounded or impounded in place when left unoccupied on the University of Florida campus under any of the following circumstances:
(a) When parked or left standing illegally in a no-parking zone, service area, fire lane, or in a space reserved for disabled persons;
(b) When parked or left standing illegally in an individually-reserved parking space or any reserved or restricted parking area;
(c) When parked or left standing illegally in a manner so as to obstruct traffic or create a hazard to safety;
(d) When parked or left standing illegally in any bus stop;
(e) When parked or left standing continuously for an extended period of time;
(f) When the use of the vehicle is in violation of the decal registration regulations of the University of Florida;
(g) When a motor vehicle against which there is one or more citations in default as provided in subsection 6C1-3.014(3), F.A.C., is parked or left standing on campus; or
(h) When the motor vehicle of a person whose driving and parking privileges have been suspended under the provisions of subsection 6C1-3.014(4), F.A.C., is parked or left standing on campus.

(4) All University vehicles shall pass an annual safety inspection conducted by the University of Florida Motor Pool. The University of Florida Police have the authority to impound any University of Florida owned vehicle that does not have a current University safety inspection decal.

(5) Any and all charges or fees involved in impounding a motor vehicle are charged against the vehicle and the owner, and such fees and all unpaid fines must be paid before the vehicle is released unless it has been determined pursuant to subsection 6C1-3.015(8), F.A.C., that the motor vehicle must be released without payment of such charges. In the case of University of Florida owned vehicles, the charges or fees shall be paid by the department to which the vehicle is assigned.

(6) The maximum impound fee shall be $50.00.
6C1-3.0131 Finance and Administration; Traffic & Parking; Use of Devices to Impound Vehicles.
(1) University of Florida police are authorized to impound a vehicle without removal through use of a mechanical device only if the vehicle is subject to removal and impoundment as provided in Rule 6C1-3.013, F.A.C., and the following conditions are present:
   (a) The vehicle is located in a place which would not pose a hazard to traffic;
   (b) Application of the device would not damage the vehicle; and
   (c) Notice that such device has been placed on the vehicle is posted in a prominent location on the window or windshield of the vehicle where the operator of the vehicle would reasonably be expected to observe it.
(2) The notice to be posted on the vehicle shall state the place and/or means by which the vehicle’s release may be secured. The vehicle shall be released in accordance with subsection 6C1-3.015(9), F.A.C.
(3) The immobilizing device used to impound vehicles is the property of the University of Florida, and any damage to it shall make the offender liable for the destruction of University property. Removing the device, tampering with the device, or moving the vehicle by any means before the device is removed by the University of Florida Police constitutes a separate and additional offense.

6C1-3.014 Finance and Administration; Traffic & Parking; Fine Schedule.
(1) The schedule of violations, and the accompanying fines are:
   (a) No or expired decal or permit – $20.00;
   (b) Parking out of assigned area – $20.00;
   (c) Parking in a restricted area – $20.00;
   (d) Parking in a reserved parking space – $20.00;
   (e) Overtime Parking – $7.00;
   (f) Parking over lines – $5.00;
   (g) Parking on grass – $20.00;
   (h) Parking facing traffic – $20.00;
   (i) Parking on sidewalk – $20.00;
   (j) Parking obstructing traffic – $20.00;
   (k) Parking illegally in a service area – $20.00;
   (l) Parking in No Parking Zone – $20.00;
   (m) Decal improperly attached – $5.00;
   (n) False registration – $100.00 plus the cost of the equivalent parking decal;
   (o) The use of an unauthorized duplicate or lost or stolen decal – $100.00 plus the cost of the equivalent parking decal;
   (p) Unauthorized use of decal or permit – $20.00;
   (q) Driving/parking on campus while eligibility is suspended – $50.00;
   (r) Failure to pay parking lot fee – $20.00;
   (s) Unauthorized operation of a vehicle in a restricted area – $20.00;
   (t) Backed into parking spaces where prohibited – $20.00;
   (u) Parking without a permit in a parking space reserved for persons with disabilities – $250.00;
   (v) Bicycles parked out of assigned area – $5.00;
   (w) Tampering with or unauthorized removal of, an immobilizing device – $100.00 plus the purchase price of the device if not returned to the University undamaged.
(2) The above schedule covers all motor vehicles, mopeds and bicycles, as appropriate, and applies to all offenders. All listed fines are maximums and may be reduced at the discretion of the University Traffic Authority.
(3) Any individual who receives a citation must pay the fine or file a statement of appeal with the University Traffic Authority as provided in Rule 6C1-3.015, F.A.C. Failure to pay the fine or to file a statement of appeal within twenty (20) business days from the date of the citation constitutes a default and the citation will be considered delinquent. The appropriate penalty, plus an additional $5.00 administrative fee shall be imposed. Failure to respond to a citation will result in the impoundment of the vehicle at the owner’s expense. The vehicle will not be released until all fines and fees are paid.
(4) If any vehicle is cited for violations as provided for in this rule more than five (5) times during the period May 1 through April 30, each additional violation may result in impoundment of the vehicle. Any individual who accumulates more than 10 citations during the period May 1 through April 30 may have his or her campus driving and parking privileges suspended for one year. In all cases in which these privileges have been suspended, the University Police Department is authorized to remove the decal, impound the vehicle, and issue a citation.
6C1-3.015 Finance and Administration; Traffic & Parking; Jurisdiction; Appeals.

(1) The Alachua County Court has jurisdiction over all criminal traffic violations and all traffic infractions as defined in Chapter 316, F.S.

(2) The University Traffic Authority, which consists of the Student Traffic Court, the Staff and Faculty Traffic Authority, the University Hearing Authorities, and the Suspension Appeals Authority, as described in this rule, has jurisdiction over all violations of the University rules and regulations governing traffic, parking and vehicle registration on campus.

(3) No person who is delinquent in the payment of a penalty is permitted to register his/her vehicle for operation on the campus. No student who is delinquent in the payment of a penalty is permitted to register at a state university, to receive a degree, or to obtain an academic transcript during such delinquency.

(4) CITATION APPEALS PROCEDURE:

(a) Persons who wish to appeal the citation of a parking violation must file a Statement of Appeal with Transportation and Parking Services within ninety (90) days from the issuance of the citation. Failure to file an appeal within the ninety (90) days of the issuance of the citation will result in the person’s forfeiture of the right to appeal the citation. A Statement of Appeal shall include the appellant’s name, mailing address, University identification number (if applicable) and citation number and should include all information concerning the circumstances of the cited offense as well as the basis claimed for requesting dismissal of the charges.

(b) An Administrative Hearing Officer who is a member of the Student Traffic Court (for students) or the Staff and Faculty Traffic Authority (for all faculty, staff or visitors) will adjudicate the initial appeal of a parking citation.

(c) If the initial ruling by the Administrative Hearing officer is unacceptable to the appellant, a second appeal may be requested before a University Hearing Authority. The statement of Appeal to a University Hearing Authority must be filed with Transportation and Parking Services within thirty (30) days from the issuance of the decision of the Administrative Hearing Officer. Failure to file the appeal in a timely manner will result in the person’s forfeiture of the right to appeal the citation to a University Parking Authority. Transportation and Parking Services will place the Statement of Appeal on the agenda of the earliest possible scheduled meeting of a University Hearing Authority and shall give the appellant written notice of the date, time and location of the hearing at which the Authority will consider the case. During the course of the hearing by the Authority, the appellant shall have an opportunity to present evidence in support of the information contained in the Statement of Appeal. In order to request a hearing, the appellant will be required to pay his or her parking citation. This payment will be refunded to the individual if the University Hearing Authority rules in the appellant’s favor.

(d) Requests for continuances of the scheduled hearing date are discouraged, but will be granted only once upon written notification to the Administrative Hearing Officer or chair of the assigned University Hearing Authority of extenuating circumstances justifying a continuance at least 24 hours prior to the scheduled hearing time. Persons failing to obtain a continuance and who do not appear for their scheduled hearing will forfeit their right to a hearing and shall have their appeal adjudicated upon the record before the Authority.

(5) STUDENT TRAFFIC COURT, through its duly appointed Administrative Hearing Officer, shall have jurisdiction over the initial appeal of citations issued to students. The Student Traffic Court, a division of Student Government, will consist of a Chief Justice and twelve other student Administrative Hearing Officers appointed by the Student Body President with the consultation of the Vice president of Student Affairs. In those cases in which a student files an appeal, a Student Traffic Court Administrative Hearing Officer determines whether such student is guilty or innocent of the charge. The Administrative Hearing Officer will reduce the monetary or restrictive penalty if he or she finds that the violation does not represent a repeated pattern of behavior by the violator, full imposition of the monetary or restrictive penalty would result in unnecessary hardship or burden or reduction would be in the best interest of the University.

(6) THE STAFF AND FACULTY TRAFFIC AUTHORITY shall have jurisdiction over the initial appeal of citations issued to all employees and visitors. The Staff and Faculty Traffic Authority will consist of employee (as defined in Rule 6C1-3.006, F.A.C.) Administrative Hearing Officers appointed by the President of the University or the President’s designee. In those cases in which an employee or visitor files an appeal, an Administrative Hearing Officer from the Staff and Faculty Traffic Authority determines whether such person is guilty or innocent of the charge. The Administrative Hearing Officer will reduce the monetary or restrictive penalty if he or she finds that the violation does not represent a repeated pattern of behavior by the violator, full imposition of the monetary or restrictive penalty would result in unnecessary hardship or burden or reduction would be in the best interest of the University.

(7) UNIVERSITY HEARING AUTHORITIES shall have jurisdiction over the second appeal of citations issued to all faculty, staff, students and visitors. Each University Hearing Authority shall consist of a chairperson, two university employees and two students, all of whom are Administrative Hearing Officers. One-half of the chairpersons shall be student Administrative Hearing Officers, and one-half shall be employee Administrative Hearing Officers. Members of each University Hearing Authority will be selected by the Vice President for Finance and Administration or the Vice President’s designee.
In those cases in which a person files an appeal of the decision of an Administrative Hearing Officer, the person may choose to be present at the meeting of the University Hearing Authority to which the appeal is assigned and shall have the opportunity to present evidence in support of the information contained in the Statement of Appeal. The University Hearing Authority determines whether the individual is guilty or innocent of the charge. The University Hearing Authority will reduce the monetary or restrictive penalty if it finds that the violation does not represent a repeated pattern of behavior by the violator, full imposition of the monetary or restrictive penalty would result in unnecessary hardship or burden, or reduction would be in the best interest of the University. A simple majority of the University Hearing Authority will constitute a quorum, and decisions of a majority of such quorum shall be final.

(8) THE SUSPENSION APPEALS AUTHORITY shall have jurisdiction over all staff, faculty and students whose driving and parking privileges have been suspended pursuant to subsection 6C1-3.014(4), F.A.C. The Authority shall be appointed by the President of the University. It shall consist of three (3) students and three (3) members selected from staff, faculty and administrative and professional personnel of the University and employees of Shands Teaching Hospital and Clinics, Inc. One member of the Authority will be appointed chairperson by the President. Three members of the Authority will constitute a quorum and decisions of a majority of such quorum shall be final.

(9) IMPOUNDMENT APPEAL PROCEDURE.

(a) Persons whose vehicle has been impounded shall have the right to a probable cause hearing before an impartial hearing officer or committee appointed by the President or the President’s designee provided a timely request is made therefor. The purpose of the hearing is to determine if there is probable cause for continued detention of the vehicle. No hearing will be held unless requested in writing by the owner of the vehicle or his/her agent at the University Police Department or Transportation and Parking Services. The hearing shall be held within seventy-two (72) hours from receipt of said written request. In lieu of the probable cause hearing, or pending such hearing, or if probable cause is found at such hearing, the owner of the vehicle or his/her agent may obtain release of the vehicle by paying the impound charges and delinquent fines.

(b) If the hearing officer or committee finds probable cause to impound the vehicle, the individual is then given the prerogative of appealing the citation to a University Hearing Authority.

(c) If no probable cause is found to impound the vehicle, it shall be released without requiring the owner to pay impound charges. If the vehicle was previously released upon payment, as provided in paragraph (9)(a) above, such payment shall be refunded.

(d) Failure to request a probable cause hearing within fifteen (15) calendar days from the date the notice of impoundment is received constitutes a waiver of said hearing and the vehicle shall be released only upon payment of the impound charges and delinquent fines.

Specific Authority 240.227(1), 240.264 FS. Law Implemented 240.263(2), 240.264, 240.265, 240.266 FS. History–New 9-29-75, Amended 8-19-79, 8-12-82, 3-6-85, Formerly 6C1-3.17, Amended 2-9-87, 5-14-87, 4-27-88, 4-23-89, 5-7-92, 5-19-93, 7-11-94, 4-30-95, 6-28-98, 6-7-00.

6C1-3.017 Finance and Administration; Mailing Lists and Labels.

The names and addresses of faculty, staff and students are available in the form of mailing labels and/or lists. Labels and lists will be prepared in response to written requests which must state the purpose for which such labels/lists will be used. Requests from registered student organizations are to be submitted to the Office of Student Affairs, 159 Tigert Hall. All requests for faculty and staff information are to be submitted to the Information Systems Office, 33 Tigert Hall. All requests for student information are to be submitted to the Registrar’s Office, 222 Criser Hall. Appropriate charges covering production costs will be assessed for labels/lists which are to be used for purposes other than in conjunction with the official operation of the University of Florida.

Specific Authority 240.227(1) FS. Law Implemented 240.227(7) FS. History–New 9-29-75, Amended 3-6-85, Formerly 6C1-3.17, Amended 6-28-98.

6C1-3.020 Finance and Administration; Purchasing.

(1) Statement of Intent. It is the intent of the University to acquire quality goods and services within reasonable or required time frames, while promoting fair and open competition in the public procurement process. Responsible purchasing officials shall be protected from improper pressures of external political or business interests. The process shall reduce the appearance and opportunity for favoritism, ensure that contracts are awarded equitably and economically, and establish effective management oversight in the acquisition of commodities and contractual services, in order to preserve the integrity of public purchasing and contracting. The opportunity to bid on University contracts is a privilege, not a right.

(2) Definitions.

(a) Artistic Services – Services provided by an individual or group of individuals who profess and practice a skill in the area of music, dance, drama, folk art, creative writing, painting, sculpture, photography, graphic arts, web design, craft arts, industrial design, costume design, fashion design, motion pictures, television, radio or tape and sound recording or in any other related field.
(b) Commodity – Any of the various supplies, materials, goods, merchandise, food, equipment or other personal property, including a mobile home, trailer or other portable structure, which are purchased, leased, lease-purchased or otherwise contracted for by the University. “Commodity” also includes interest on deferred-payment contracts entered into by the University for the purchase of other commodities. Printing of publications shall be considered a “commodity” when let upon contract in accordance with Section 283.33, F.S. Software to be used pursuant to license agreements shall be considered a “commodity.”

(c) Competitive Bid/Proposal – The response submitted to an Invitation to Bid, Invitation to Negotiate, or a Request for Proposal by responsive and qualified bidders or offerors.

(d) Competitive Negotiation – The establishment of a contract through deliberation, discussion or conference on the specifications, terms and conditions of a proposed agreement.

(e) Competitive Solicitation – An Invitation to Bid, Request for Proposal or Invitation to Negotiate to competitively select a contractor.

(f) Contractor/Vendor – A person or firm who contracts to sell commodities or contractual services to the University.

(g) Contractual Service – The rendering by a contractor of its time and effort rather than the furnishing of specific commodities. The term applies only to those services rendered by individuals and firms who are independent contractors. “Contractual service” does not include labor or materials or selection of professional services for the construction, renovation, repair or demolition of facilities.

(h) Extension – An increase in the time allowed for the contract period.

(i) Independent Contractor – A person or firm who provides a service to the University, but does not have any employment or other relationship or connection with that University, except as provided in Section 112.313, F.S.

(j) Invitation to Bid – A written solicitation for competitive bids with the title, date, and hour of the public bid opening designated and the commodity, group of commodities or services defined, for which bids are sought.

(k) Invitation to Negotiate – An invitation extended to prospective contractors by the University, whether by advertisement, written solicitation, electronic media or any other form of communication, to define the specifications, terms and conditions of a contract for commodities or contractual services. Cost may or may not be a consideration in the initial stages of negotiating.

(l) Minority Business Enterprise – A business concern as defined in Section 288.703(2), F.S.

(m) President – The chief executive officer of the University, responsible for its operation and administration.

(n) Public Entity Crime – A violation of any state or federal law by a person in the transaction of business with any public entity of any state or with the United States government involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.

(o) Purchase – An acquisition of commodities services obtained by purchase order or contract whether by rent, lease, installment- or lease-purchase, outright purchase, or license.

(p) Purchases for Resale – The purchase of commodities or contractual services acquired for the purpose of selling them for the benefit of the University.

(q) Renewal – Contracting with the same contractor for an additional period of time after the initial contract term, provided the original terms of the agreement specify an option to renew.

(r) Request for Proposal – A written solicitation for competitive proposals for commodities or contractual services with the title, date, and hour of the public opening designated. The request for proposal may be used when the scope of work is not clearly defined.

(s) Responsive and Qualified Bidder or Offeror – A contractor/vendor who has submitted a bid or proposal that conforms in all material respects to a competitive solicitation.

(t) Term Contract – An indefinite quantity contract for the purchase of commodities or contractual services during a prescribed period of time.

3. The University Board of Trustees has authority to establish a system of coordinated procurement policies, procedures, and practices to be used in acquiring commodities and contractual services required by the University. The Purchasing Department has the duty to:

(a) Canvass sources of supply and contracting for the purchase or lease of all commodities and contractual services for the University, in any manner, including purchase by installment- or lease-purchase contracts. Installment- or lease-purchase contracts may provide for the payment of interest on unpaid portions of the purchase price.

(b) Remove any contractor from the University’s competitive vendor list that fails to respond to three (3) or more invitations or to fulfill any of its duties specified in a contract with the University and to reinstate any such contractor when satisfied that further instances of default will not occur. A “No Bid” is a response.

(c) Plan and coordinating purchases in volume and negotiating and executing agreements and contracts for commodities and contractual services under which the University may make purchases.

(d) Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities/services that are frequently purchased and are available from a single source.

(e) Evaluate and approve contracts let by the Federal Government, other states, political subdivisions, or any independent college or university or educational cooperative or educational consortium of the procurement of commodities and contractual services, when it is determined to be cost-effective and in the best interest of the University to make purchases under contracts let by such other entities.
(f) Elect as an alternative to any provision in Section 120.57(3)(c), F.S., to proceed with a bid solicitation or contract award process when it is set forth, in writing, that the particular facts and circumstances which demonstrate that the delay due to staying the solicitation or contract award process would be detrimental to the interests of the University. After the award of contract resulting from a competitive solicitation in which a timely protest was received and in which the University did not prevail, the contract will be canceled and re-awarded to the prevailing party unless the final order or settlement between the parties provides otherwise.

(g) Award contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the University. Such awards may be on a university, regional or multiple state university-wide basis and the contracts may be for multiple years.

(h) Reject or cancel any or all competitive solicitations when determined to be in the best interest of the University.

(4) Competitive Solicitations Required.

(a) All contracts for the purchase of commodities or contractual services exceeding $50,000 shall be awarded pursuant to a competitive solicitation, unless otherwise authorized herein.

(b) When only one response is received to a competitive solicitation for commodities or contractual services exceeding $50,000, the University will review the solicitation response and circumstances surrounding the solicitation to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined that a second call would not serve a useful purpose, the University will proceed with the acquisition.

(c) When multiple responses that are equal in all respects are received to a competitive solicitation, the University will give preference to responses that include commodities manufactured in the state, Florida businesses, businesses with a drug-free workplace program, or foreign manufacturers located in the state to determine the contract award, or, if these conditions do not exist or are the equivalent between two or more responses, will use toss of the coin.

(d) The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.

(e) The intended award shall be publicly posted by the Purchasing Office which issues the Invitation to Bid, Request for Proposal or Invitation to Negotiate for 72 hours which is interpreted as three working days excepting Saturdays, Sundays, or State holidays.

(f) Advertisement. Invitations to Bid, Requests for Proposals, and Invitations to Negotiate for commodities expected to be in excess of $150,000 and for contractual services expected to be in excess of $50,000 shall be advertised in the Florida Administrative Weekly or Florida Communities Network. The Director of Purchasing shall waive the advertisement requirement when the number of potential bidders or proposers is limited and can otherwise be solicited, when the availability of funding so requires, or where delivery is urgent.

(g) In the case of extension errors, the unit price will prevail.

(h) Withdrawal. A vendor may withdraw his or her bid or proposal in writing if done within seventy-two (72) hours of the bid or proposal opening, if the bid or proposal is clearly erroneous and it is withdrawn prior to final award or the purchase order being issued.

(5) Purchase of Commodities or Contractual Services.

(a) Purchase of Private Attorney Services. Written approval from the Attorney General is not required for private attorney services acquired by the University.

(b) Purchase of Insurance. The University has the authority to purchase insurance as deemed necessary and appropriate for the operation and educational mission of the University. Examples of insurance coverage that may be acquired by the University include:

1. Physical damage on vehicles and boats;
2. Inland marine on property owned, leased, or loaned to or by the University;
3. Building and property damage;
4. Equipment losses due to theft;
5. Equipment subject to transportation;
6. Loss of rental income;
7. Commercial general liability insurance for scientific equipment;
8. Excess general liability coverage;
9. Camps insurance.

(c) Purchase of Printing. Printing shall be purchased in accordance with Chapter 283, F.S.

(d) Purchases from Minority Business Enterprises. The University is an equal opportunity institution and encourages procurement contracting with Minority Business Enterprises.

(e) Purchases from Contractors Convicted of Public Entity Crimes. The University shall not accept a competitive solicitation from, or purchase commodities or contractual services from, a person or affiliate who has been convicted of a public entity crime and has been placed on the State of Florida’s convicted vendor list for a period of 36 months from the date of being added to the convicted vendor list.

(f) Purchasing actions that are not subject to the competitive solicitation process include:
1. Emergency Purchases. When the President or President’s designee determines in writing, that a condition exists that threatens the health or safety of person(s) or animal(s) or the preservation or protection of property or the continuance of a vital University function, the University will proceed with an emergency purchase without a competitive solicitation. The emergency purchase shall be limited to the purchase of only the type of items and quantities or for a time period sufficient to meet the immediate threat and shall not be used to meet long-term requirements.

2. Sole Source Purchases. Commodities or contractual services available from a single source shall be exempted from the competitive solicitation process. The sole source document shall be publicly posted by the Purchasing Office for three working days.

3. Purchases from competitively bid Contracts and Negotiated Annual Price Agreements established by the State, other governmental entities, other public or private educational institutions, and educational cooperatives and educational consortia are not subject to further competitive solicitation.

4. Construction Direct Purchase Program. Commodities to be incorporated into any public work (as that term is defined in Rule 12A-1.094, F.A.C.) which are procured by the University in accordance with the requirements of the University’s direct purchase program are not subject to any further competitive solicitation.

(g) Commodities and contractual services that are not subject to the competitive solicitation process include:
1. Artistic services;
2. Academic reviews;
3. Lectures;
4. Auditing services;
5. Legal services, including attorney, paralegal, expert witness, appraisal, arbitrator or mediator services;
6. Health services involving examination, diagnosis, treatment, prevention, medical consultation or administration.

Prescriptive assistive devices for medical, developmental or vocational rehabilitation including, but not limited to prosthetics, orthotics, and wheelchairs, provided the devices are purchased on the basis of an established fee schedule or by a method that ensures the best price, taking into consideration the needs of the client;

7. Services provided to persons with mental or physical disabilities by not-for-profit corporations organized under the provisions of s. 501(c)(3) of the Internal Revenue Code or services governed by the provisions of the Office of Management and Budget Circular A-122;
8. Medicaid services delivered to an eligible Medicaid recipient by a health care provider who has not previously applied for and received a Medicaid provider number from the Department of Children and Family Services. This exception will be valid for a period not to exceed 90 days after the date of delivery to the Medicaid recipient and shall not be renewed;
9. Family placement services;
10. Training and education services;
11. Advertising;
12. Services or commodities provided by governmental agencies, another university in the state of Florida or other independent colleges and universities;
13. Programs or continuing education events that are offered to the general public for which fees have been collected to pay all expenses associated with the program or event;
14. Purchases from firms or individuals that are prescribed by state or federal law or specified by a granting agency;
15. Regulated utilities and government franchised services;
16. Regulated public communications, except long distance telecommunication services or facilities;
17. Extension of an existing contract;
18. Renewal of an existing contract if the terms of the contract specify renewal option(s);
19. Purchases from the Annual Certification List developed by the University;
20. Purchases for resale;
21. Accountant services;
22. Contracts or services provided by not-for-profit support and affiliate organizations of the University, including Shands Teaching Hospitals and Clinics, Inc., direct support organizations, health support organizations and faculty practice plans;
23. Implementation/programming/training services available from owner of copyrighted software or its contracted vendor; and
24. Purchases of materials, supplies, equipment, or services for research purposes when a director of sponsored research or designee certifies that, in a particular instance, it is necessary for the efficient or expeditious prosecution of a research project.

(h) Participants in Contract Awards Not Subject to Competitive Solicitations.
1. No person or firm who receives a contract to perform a feasibility study for potential implementation of a subsequent contract, participates in the drafting of a competitive solicitation, or develops a program for future implementation shall be eligible to contract with the University dealing with the specific subject matter.
2. All persons taking part in the development or selection of criteria for evaluation, the evaluation process, and the contract award process in any purchase shall follow all relevant portions of the State of Florida Code of Ethics for Public Employees, Chapter 112, Part 3, F.S., and the University’s rule on outside activities, Rule 6C1-1.011, F.A.C.

(6) Bonds.
(a) Payment and Performance Bonds. The University shall require any contractor contracting with the University to provide commodities or commodities which include installation to furnish a payment and performance bond, with good and sufficient securities, to the University prior to the issuance of the contract when the total contract amount is greater than $200,000 and the University is uncertain about the contractor’s ability to perform.

(b) Solicitation Protest Bond. Any contractor that files an action pursuant to Section 120.57(3)(b), F.S., protesting a decision or intended decision pertaining to a solicitation, shall at the time of filing of the formal protest, post with the University, a bond payable to the University in an amount equal to: 10% of the estimated value of the protestor’s bid or proposal; 10% of the estimated expenditure during the contract term; $10,000; or whichever is less. The bond shall be conditioned upon the payment of all costs which may be adjudged against the contractor filing the protest action. In lieu of a bond, the University will accept a cashier’s check or money order in the amount of the bond. Failure of the protesting contractor to file the required bond, cashier’s check or money order at the time of filing the formal protest shall result in the denial of the protest.

(7) Contracts.

(a) Contracts for commodities or contractual services or licenses shall consist of a purchase order or bilateral agreement signed by the President or designee prior to or within thirty (30) days of the goods or services being rendered by the contractor.

(b) Any contract for the purchase of services or tangible personal property for a period in excess of one fiscal year shall include the following statement: “The State of Florida’s and University’s performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature.”

(c) Extension of a contract shall be for a period not to exceed 12 months, shall be in writing, shall be signed by both parties, and shall be subject to the same terms and conditions set forth in the initial contract. There shall be only one extension of a contract.

(d) A contract may contain provisions for renewal. If the commodity or contractual service is purchased as a result of a competitive solicitation, the cost of any contemplated renewal must be included in the competitive solicitation. All contract renewals are subject to sufficient annual appropriations.

(e) The President shall have the authority to enter into deferred payment agreements utilizing the State of Florida Controller’s Consolidated Equipment Financing Program. When a commodity contract requires deferred payments and the payment of interest under that program, the contract will be submitted to the State of Florida Controller for the purpose of pre-audit review and approval prior to acceptance by the University. No agreement shall establish a debt of the State or shall be applied to the faith and credit of the State; nor shall any agreement be a liability or obligation of the State except from appropriated funds.

(f) In order to promote cost-effective procurement of commodities and contractual services, the University may enter into contracts that limit the liability of a vendor consistent with Section 672.719, F.S.

(g) The total value of the contract shall be the purchase price for the initial term plus all renewal costs.

(8) Standard of Conduct. It shall be a breach of ethical standards for any employee of the University to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with any contract for commodities or services. It shall also be a breach of ethical standards for any potential contractor to offer an employee of the University a gratuity of any kind, form or type to influence the development of a contract or potential contract for commodities or services.

(9) Purchase of Motor Vehicles.

(a) The term “motor vehicle” includes any automobile, truck, watercraft or other vehicle designed primarily for transporting persons, and construction vehicles or farm equipment.

(b) The University has authority to:
1. Establish standard classes of motor vehicles to be leased, purchased or used by University personnel;
2. Obtain the most effective and efficient use of motor vehicles for state purposes;
3. Establish and operate facilities for the acquisition, disposal, operation, maintenance, repair, storage, control and regulation of University-owned motor vehicles. Acquisition may be by purchase, lease, installment-purchase, loan or by any other legal means and may include a trade-in. All motor vehicles purchased or leased shall be of a class that will safely transport University personnel and adequately meet the requirements of the University;
4. Contract for specialized maintenance services.

(c) Motor vehicles owned, leased or operated by the University shall be available for official University business only.

Specific Authority 1001.74(4) FS. Law Implemented 112.313, 120.57(3), 672.719, 1001.74(5), 1001.75(5), 1004.22 FS. History–New 1-8-80, Amended 3-26-80, 8-6-81, 2-11-82, Formerly 6C1-3.20, Amended 5-18-92, 7-11-94, 4-30-95, 5-23-96, 6-28-98, 4-30-00, 7-25-02, 2-5-03.

6C1-3.021 Finance and Administration; Purchasing, Sponsored Research Exemptions Procedures.

(1) Section 1004.22(7), F.S., allows the University to exempt the purchase of materials, supplies, equipment or services for research purposes from the general purchasing requirements of Rule 6C1-3.020, F.A.C., and the requirements of Chapters 215, 216 and 283, and Section 112.061, F.S. Such an exemption shall be exercised only when the Vice President for Research or the Vice President’s designee certifies to the President in each particular instance that the exemption is necessary for the efficient or expeditious prosecution of a research project.

(a) Competitive bidding.
1. The Principal Investigator must submit a memorandum to the Vice President for Research requesting a sponsored research exemption. The memorandum must include:
   a. A detailed justification for the request.
   b. A written quotation from the requested vendor detailing the price, the FOB point, responsibility for freight and insurance, and payment terms.
   c. A statement and/or other evidence, that some form of price comparison or determination of price reasonableness has been performed.
   d. A written statement signed by the Principal Investigator certifying that he or she is independent of, and has no conflict of interest in the entity(ies) evaluated and selected.
2. If the vendor is a governmental agency, the acquisition must be excluded from competitive bid requirements as stated in Rule 6C1-3.020, F.A.C.
3. The following criteria shall be used to justify a request for a sponsored research exemption from competitive bidding:
   a. A certain vendor is specified in a prime contract or grant award.
   b. A certain vendor is approved in writing by the prime contractor or granting agency in accordance with the provisions of the prime contract or grant award.
   c. The purchase of specific goods or services from a certain vendor can be demonstrated to be more efficient or expeditious than any other vendor based on compatibility, availability, or the current capabilities of the Principal Investigator and staff.
   d. The purchase of specific goods or services from a certain vendor can be demonstrated to be necessary to meet the time requirements of the prime contract or grant award.
   e. The purchase of specific goods or services from a certain vendor can be demonstrated to be mandated by scientific or technical requirements.
   f. The purchase of specific goods or services from a certain vendor can be demonstrated to be at a cost below industry norms.
   g. Other conditions which can be demonstrated to meet the statutory criteria of “necessary for the efficient or expeditious prosecution of a research project.” The specific condition must be fully explained.
4. Any and all changes or corrections to a purchase order or contract issued on the basis of a sponsored research exemption must also be approved by the Vice President for Research or designee.
(b) Documentation and Advance Payments.
1. An exemption from the requirements concerning the level of detail and documentation for reporting and payment under Chapter 215, F.S., and related rules and practices, shall be granted under the following conditions:
   a. The level of detail and documentation for reporting and payment required by the prime contractor or granting agency in the provisions of the prime contract or grant award (or approved in writing by the sponsor) is less than that required by the State of Florida.
   b. Subcontractors’ invoices contain a level of detail that is, at a minimum, commensurate with the level of detail and reporting required of the University by the prime contract or grant award. It is not necessary for copies of receipts to be obtained or submitted with the voucher for the payment of such invoices, if the invoice contains a statement certifying that receipts in support of the itemized invoice are maintained in the contractor’s records and may be inspected by officials of the State of Florida.
2. An advance payment or payments shall be authorized under the following conditions:
   a. The subcontractor or vendor requests an advance payment, and it can be demonstrated that the advance payment is necessary to fund extensive start-up costs, realize discounts or cost savings, or create adequate cash flow in order to provide required goods or services.
   b. The University retains the documentation justifying such advance payments in the Office of the Vice President for Research. The Principal Investigator is responsible for determining that all goods/services for which an advance payment has been made are satisfactorily received.
   c. The Office of the Vice President for Research provides the Purchasing Department the sponsored research exemption certification and specific payment details for inclusion in the purchase order.
   d. The University may require the subcontractor or vendor to secure some form of liability protection to cover the amount of advance payment, as deemed appropriate.
3. When an exemption from the general provisions of Chapter 215, F.S., and related rules and practices for documentation or advance payment is authorized, the provisions of a contract between the University and the subcontractor or vendor must include essentially the following language:
   The Contractor agrees to return to the University any overpayments due to unearned funds or funds disallowed pursuant to the terms of this Contract or by the prime agency that were disbursed to the Contractor by the University. Such funds shall be considered University funds and shall be refunded to the University within forty-five (45) days following the time the overpayment and/or disallowance is discovered unless otherwise authorized by the University in writing. In addition, the Contractor agrees to exclude from its expenditure reports and any other claims for reimbursement any amounts disallowed by the prime agency and the University in accordance with the terms of this Contract.
(c) Travel. A subcontractor or vendor is allowed to be reimbursed for travel expenses of non-State of Florida and non-University personnel performing travel under a sponsored research subcontract in accordance with the provisions of the applicable prime contract or grant and the travel allowances normally provided by the subcontractor or vendor. A copy of the subcontractor’s or vendor’s written travel procedures must be submitted.

(3) Execution and Distribution.

(a) If the request is for an exemption from the competitive bid requirements, the Principal Investigator will submit the request for the sponsored research exemption to the Office of the Vice President for Research, allowing sufficient time for adequate review of the request. The request should be accompanied by the general requisition, the documentation listed in paragraph (2)(a) above and any other needed documentation.

(b) Requests for other sponsored research exemptions may be initiated by the principal investigator, the Office of the Vice President for Research, or other University personnel, as appropriate.

(c) The Office of the Vice President for Research will review the request for sponsored research exemption. The certification will be prepared by the Office of the Vice President for Research, signed by the Vice President for Research or his/her designee, and be forwarded to the University President or President’s designee.

(d) Prior consent to a sponsored research exemption by the Director of Purchasing is not required. However, the Director’s advice and counsel may be sought and the following steps must be followed:

1. The Office of the Vice President for Research will send a copy of the sponsored research exemption certification memorandum provided to the President, the general requisition, and a copy of the other documentation listed in paragraph (2)(a) above, to the Purchasing Division.

2. The Purchasing Division will be responsible for compliance with all other State of Florida and University rules and regulations. Further, if after viewing the documentation provided, the Purchasing Division has knowledge of any information that would impact the use of a sponsored research exemption, the Office of the Vice President for Research should be contacted prior to issuance of the purchase order.

3. Any purchase order issued under a sponsored research exemption will contain a statement indicating that a sponsored research exemption was given.

4. The Purchasing Division will forward a copy of the certification, along with a copy of the contract and/or purchase order to the University Controller’s Office.

4. A copy of the sponsored research exemption certification and any supporting documentation will be maintained in the Office of the Vice President for Research.

Specific Authority 1001.74(4), 1004.22(13) FS. Law Implemented 1001.74(8), 1004.22(5), (7) FS. History–New 5-18-92, Amended 3-12-03.

6C1-3.025 Finance and Administration; Lease of Space.

(1) Purpose. This rule implements the authority given to the University of Florida to lease real property for the purpose of implementing approved programs of the University.

(2) Definitions. For purposes of this rule, a lease is a document containing the terms and conditions establishing the relationship of landlord and tenant for real property, including land and any improvements thereon.

(3) Approval. All leases shall be prepared in accordance with this rule and executed by the President or the President’s designee.

(4) Standard Lease. The University uses a standard lease, Form BCM 4054 (R5-01), approved by the University’s Office of the Vice President and General Counsel and incorporated herein by reference. The standard lease may be obtained from the Purchasing Division, Elmore Hall, Room 102, University of Florida. The University’s lease form may be changed by deleting, adding to or revising its terms, which shall remain consistent with the requirements of this rule as far as practical given the circumstances of the lease, with the prior approval of the University’s Office of the Vice President and General Counsel.

(5) Escalation Clauses Prohibited. A lease shall not contain a rental escalation clause or an open rental rate that permits an adjustment in the amount paid by the University based on the happening of a future event, such as a change in the Consumer Price Index or other economic indicator, without also including a ceiling on the total amount the rent may increase. Any such clause in a lease shall be null, void, and unenforceable. The final cost to the University for the complete term of a lease, including all renewal periods, must be clearly set forth in the lease.

(6) Right-to-Terminate Clause Required. All leases for a term exceeding one (1) fiscal year shall include the following provision: “The State of Florida’s performance and obligation to pay under this Lease is contingent upon an annual appropriation by the Legislature.”

(7) Renewal of Leases. Any lease may contain options to renew and any renewal(s) shall be made according to the terms and conditions of the lease.

(8) Code Compliance in Leased Space.

(a) Any privately-owned building or any part thereof to be leased to the University shall comply with those portions of Chapters 553 and 633, F.S., including, but not limited to, fire safety, life safety and disabled access standards, applicable to University buildings.

- 503
(b) No construction or renovation of any state-leased building may commence until the University has ascertained that the proposed construction or renovation plan complies with those portions of Chapters 553 and 633, F.S., applicable to University buildings.

(c) The cost of all modifications or renovations made for the purpose of bringing state-leased property into compliance with the applicable portions of Chapters 553 and 633, F.S., shall be borne by the landlord unless otherwise agreed in writing by the University.

(9) Leases of 5,000 Square Feet or More.

(a) The University shall not enter into a lease for 5,000 square feet or more of space in a privately-owned building except upon advertisement for and receipt of competitive bids and award to the lowest bid meeting specifications. The University shall not enter into, within any 12-month period, more than one lease for space in the same privately-owned facility or complex except upon the solicitation of competitive bids. Exceptions to these requirements are as follows:

1. This section shall not apply to the renewal of leases when the lease contains renewal terms. The University may approve extensions of an existing lease of 5,000 square feet or more of space if such extensions are determined to be in the best interest of the University but in no case shall the total of such extensions exceed 11 months. If at the end of the 11th month the University still needs space, it shall be procured by competitive bid. However, if the University determines it is in its best interest to remain in the space it currently occupies, the University may negotiate a replacement lease with the landlord if an independent market analysis demonstrates that the lease rates offered are within market rates for the space and the cost of the new lease does not exceed the cost of a comparable lease plus documented moving costs. The term of such replacement lease may not exceed the base term of the expiring lease. The decision to extend a lease and to remain in the space currently occupied shall be based on the following factors: the cost of moving, the disruption of activities that will occur as a result of moving, the location of the space, the suitability of the space, the proximity of services, the layout and type of space, and the quality of space involved.

2. This section shall not apply to specialized research, medical or educational facilities, if the President or the President’s designee certifies in writing that said facility is available from a single source and that compliance with competitive bid requirements would be detrimental to the University.

3. This section shall not apply to any lease having a term of less than 120 consecutive days for the purpose of securing one-time special use of the leased property.

4. This section shall not apply to buildings or facilities of any size leased for the purpose of providing care and living space for persons.

5. This section shall not apply to emergency space needs in the event existing state-owned or leased space is destroyed or rendered uninhabitable by an act of God, fire, malicious destruction, or structural failure, or by legal action upon certification by the President or his designee that other University controlled space is not available and the term of the lease does not exceed 18 months, provided the University may modify the lease to extend month to month for up to 6 additional months to allow completion of such construction or renovations.

6. This section shall not apply when leasing facilities in a research and development park, a hospital, or other medical facilities, such as a medical office building, with which the University is affiliated.

7. This section shall not apply to any lease for nominal or no consideration.

(b) The University shall not enter into a lease agreement in a privately-owned building when suitable space is available in a state-owned building located in the same geographic region unless it is determined to be in the best interest of the University, such as when the cost of the move from a private building to the state-owned building would exceed the rental savings associated with the state-owned building.

(c) Solicitation.

1. A public solicitation for proposals will be publicized using newspaper advertisements and/or contact with owners, developers or realtors in the city or area in which space is desired.

2. The solicitation shall set forth, but not be limited to, the following:
   a. Approximate net square footage required to be measured in accordance with subsection 60H-2.003(2), F.A.C.
   b. General area in which space must be located.
   c. Date space must be available.
   d. Name and address of location where specifications may be obtained.
   e. Terms and conditions of lease.

(d) Specifications.

1. Specifications shall be written by the University in general terms and shall afford each prospective landlord, interested in submitting a proposal, knowledge of the University’s space requirements. Specifications shall not be structured to favor any specific location or landlord.

2. Specifications provided to each prospective landlord shall set forth, but not be limited to, the following:
   a. Approximate net square footage required to be measured in accordance with subsection 60H-2.003(2), F.A.C.
   b. An approximate floor plan of space needed showing partitioning and other physical requirements.
   c. General location of required space.
   d. Date space must be available.
e. Term of lease with option to renew, if desired.
f. Services required to include parking, dining and transportation requirements.

3. Specifications shall also set forth that the prospective landlord will agree to:
   a. Enter into the University's standard lease.
   b. Provide a scaled floor plan showing present configurations and measurements that equate to net rentable square footage offered.
   c. Be an Equal Opportunity Employer.
   d. Provide Full Disclosure Statements of Ownership.
   e. Validate the proposal for a minimum of forty-five (45) days following the public bid opening date.
   f. Propose a rental rate per square foot per year that will include all renovations and other special requirements necessary to accommodate the program at the time of initial occupancy, and clearly stating of that rental rate per square foot the amount allocated to (i) base rent, (ii) the cost of tenant improvements or renovations necessary to make the space conform to the University’s specifications and (iii) operating costs, such as real property taxes and utilities, being reimbursed by the University.

4. Specifications may provide that sealed proposals are to be submitted, in a titled envelope, to a designated individual by a specified closing time and date, at which time all proposals will be publicly opened.

(e) Proposals.
   1. Proposals shall respond specifically but need not be limited to each item included in the specifications.
   2. Each proposal shall be signed by the owner(s), corporate officers, or legal representative(s). The corporate, trade, or partnership name must be either stamped, written or typewritten, beside the actual signature(s). If the proposal is signed by an agent, written evidence of his authority must accompany the proposal. If a corporation foreign to the State of Florida is the owner, evidence of authority to conduct business in Florida shall be presented.

(f) Evaluation.
   1. The University reserves the right to accept or reject any or all bids submitted and, if the University deems it necessary, to reinstitute procedures for soliciting competitive proposals.
   2. The University, in conjunction with preparing specifications, shall develop weighted evaluation criteria. The criteria items most significant to the University’s needs should bear the highest weight. The cost of relocation, if any; consolidation of activities, if desirable; and any other factors deemed necessary should be weighed.
   3. Selection shall be made by the University and shall be publicly posted at the location where the bids were opened and remain posted for seventy-two (72) hours, which shall be interpreted as three (3) working days, not counting Saturdays, Sundays, and State of Florida holidays.
   4. Documentation to support the selection shall be maintained and shall include, but not be limited to, the following:
      a. A copy of all advertisements.
      b. A copy of the proposal specifications.
      c. A copy of all proposals received.
      d. A synopsis of the University’s findings for each proposal.

(g) Lease preparation and approval. After the selection has been awarded, a lease shall be properly executed.

   (a) The landlord shall provide the statements required pursuant to Sections 255.249(2)(h) and (i), F.S., regarding ownership interests in the lease property.
   (b) It is not necessary to make disclosure of any beneficial interest which is represented by stock in any corporation registered with the Securities and Exchange Commission or registered pursuant to Chapter 517, F.S., which stock is for sale to the general public. A statement certifying the registration shall be provided by the landlord.
   (c) It is not necessary to make disclosure under paragraphs (a) and (b) above of any leasehold interest in property located outside the territorial boundaries of the United States.
   (d) Each subsequent transaction pertaining to a lease for which a Disclosure Statement has been provided, may be accompanied by a landlord’s affidavit that the previous Disclosure Statement submitted on (date provided) is still valid, if no change in the interest held or individuals concerned has occurred.

(11) Certification of Compliance. The President or designee shall certify that the lease is in compliance with all leasing criteria provided by Chapter 255, F.S.

(12) Standard Method of Space Measurement. Space measurement shall be based on usable space as defined in Department of Management Services subsection 60H-2.003(2), F.A.C.

(13) Space Allocation. Space allocation shall be based on the formula provided in the publication “State Requirements for Educational Facilities, 1999 Volume I-Process and Rule and Volume II-Building Code.”

(14) Rental Rates. The rental rate for space shall be within rental rate guidelines established by the University.

(15) Leases Not Requiring Competitive Bidding. In any leasing of space that is accomplished without competition, the individuals taking part in the development or selection of criteria for evaluation, in the evaluation, and in the award processes shall attest in writing that they are independent of, and have no conflict of interest in, the entities evaluated and selected.
6C1-3.030 Finance and Administration; Surplus University Property.

(1) Purpose. The purpose of this rule is to implement the authority received by the university president in accordance with Section 1001.75(18), F.S., with respect to those functions and duties heretofore performed by the Department of Management Services in accordance with Chapter 287, F.S. (Chapter 79-222, Section 13, Laws of Florida).

(2) Definitions.
   (a) Accountable Officer – The Department head or Director or his or her designee is the person entitled to lawful custody of property owned or controlled by the University.
   (b) Property Manager – Any individual assigned by the University President to manage the assignment, accountability, transfer and disposal of property for which the University has custodial responsibility under the Florida Statutes.
   (c) Tangible Personal Property – All personal property acquired and belonging to the University. Real estate, buildings and infrastructure are not considered personal property except as noted in subsection (4).
   (d) Exchange Property – Property being offered as a trade-in on the purchase of a new item.
   (e) Property Survey Board – A body appointed by the President to oversee surplus property practices and to review and ratify disposition actions. There shall be representation from each budgetary unit on the Board.

(3) Reporting Requirements for Surplus, University-Owned Tangible Personal Property.
   (a) Tangible personal property which is determined to be surplus because it is excess, obsolete, uneconomical or inefficient for continued use shall be certified as surplus by the Accountable Officer for the property to the Property Manager. A Report of Survey form, FA Form FA-P-M-RS/11-99, incorporated herein by reference and available from the Finance and Accounting Office shall constitute the certification from the custodian. If a use for the property exists elsewhere within the University, the Property Manager is authorized to transfer accountability to a subsequent custodian in the area where it will be used. The Property Manager will agenda the certification for ratification of disposition action by the Property Survey Board.
   (b) In instances of loss, theft, or fire, such surplus property should be reported to the Property Survey Board.
   1. Lost/Stolen – When a loss is discovered, the Accountable Officer must forward an approved Report of Survey – Lost/Stolen Form FA-P-M-RS2/11-02, incorporated herein by reference and available from the Finance and Accounting Office, Post Office Box 113200, Gainesville, Florida 32611.
   2. Destroyed – When destruction is discovered, the Accountable Officer must forward an approved Report of Survey – Form FA-P-M-RS/11-99.
   (4) Buildings & Infrastructure. Buildings, infrastructure and other items of a semi-permanent or permanent nature shall be considered tangible personal property, if and when they are severed from the real property upon which they reside, and shall be reported in the same manner as all other surplus property. In addition, the legal description of the location, size, type of construction, and reason for removal shall be noted.
   (5) Procedures for Disposal of Surplus Property. Certified surplus property shall not be sold, transferred, donated, cannibalized, or scrapped without prior written authority from the University Property Manager. The Property Survey Board can itself or can delegate to the Property Manager the authority to dispose of such property determined to be surplus as follows:
      (a) Transfer to State Agency, political subdivision or to any private non-profit agency. A non-profit agency is defined as an agency considered exempt from Federal Income Tax under section 501(c)(3) of the Internal Revenue Code.
      (b) Scrap or cannibalization of equipment.
      (c) Abandoned equipment in place upon determination that cost of return or repair exceeds the value of the property.
      (d) Public Sale.
      1. All public sales shall be conducted on a set date and time which shall be advertised in a local newspaper of general circulation no less than two weeks prior to the sale.
      2. Sales will be conducted as public auction or sealed bid sales, whichever is in the best interest of the University.
      (6) The University president has the authority to adjust property records for the disposition of University-owned tangible personal property.
      (7) Exchange Property. If University property will be used as a trade-in for the purchase of new property, an approved Report of Survey (FA Form FA-P-M-RS/11-99), shall constitute certification from the Accountable Officer.
      (8) Non-University Funded Property. All property originally purchased with non-university funds, such as contracts or grants, shall be managed in a form consistent with the applicable rules and regulations of the funding authority.
      (9) Disposition of Monies. All monies received from the sale of such surplus property shall be deposited as directed by the University Controller and will be used for all necessary operating expenses of the surplus property program and for acquisition of tangible personal property.
6C1-3.037 Finance and Administration; Registration and Student Fees.

(1) Registration consists of two major components:
   (a) Formal enrollment in one or more courses approved and scheduled by the University, and
   (b) Fee payment or other appropriate arrangements for fee payment (deferment, third-party billing) for the courses in which the student is enrolled.

(2) A student is liable for all fees associated with all courses for which the student is registered at the end of the drop/add period. The fee payment deadline is 3:30 p.m. of the last day of the second week of classes.

(3) Late Registration Fee.
   (a) A student is subject to a late registration fee of $100.00 if the student fails to apply and qualify for admission prior to the late registration date published in the University calendar. If the student qualifies to register during the late registration period, a “late registration” appointment may be assigned and the student shall be required to pay the late registration fee.
   (b) Any student who is assigned a regular registration appointment and who fails to complete registration during the regular registration period will be subject to the $100.00 late registration fee.

(4) Late Payment Fee – Any student who fails to pay all fees due or obtain a written deferral by the fee payment deadline will be subject to a late payment fee of $100.00.

(5) Waiver of Late Payment Fee – The late payment fee shall be waived if the balance due, excluding the late fee, is less than $100. The late payment fee shall also be waived if the balance due, excluding the late fee, is less than $100.00. The late payment fee shall also be waived upon the petition of the student if:
   (a) The University is primarily responsible for the delinquency; or
   (b) Extraordinary circumstances prevented all conceivable means of paying fees prior to the fee payment deadline. The University reserves the right to require documentation to substantiate these circumstances.

(6) Cancellation of Registration and Reinstatement.
   (a) The University shall cancel the registration of any student who has not paid any portion of the fee liability by the established deadlines published by the University each semester.
   (b) The University shall temporarily suspend further academic progress of any student who has not paid the entire balance of the fee liability by the established deadlines. This will be accomplished by placing a financial hold on the student’s record which will prevent the student from receiving grades, transcript, and/or diploma and the student’s registration will be denied for future terms until the account has been paid in full.
   (c) Reinstatement shall require the approval of the University and payment of all delinquent liabilities, including the late registration and late payment fees.

(7) The University shall permit the deferral of registration and tuition fees for the period not ending later than thirty (30) calendar days prior to the last day of classes, or for summer terms A and B, not later than seven (7) calendar days prior to the last day of classes for the reasons given in this section. Extension of this deadline shall be made on an individual basis by term by the President or President’s designee. In no case shall the deferment extend beyond the last day of classes unless there is a formal arrangement with the University for payment by an acceptable third-party donor. A deferment or an extension of a deferment shall be given for the following:
   (a) Students whose state or federal financial assistance is delayed due to circumstances beyond the control of the student;
   (b) Veterans and other eligible students receiving benefits under Chapter 32, 34, or 35, of Title 38 U.S.C., and whose benefits are delayed; or
   (c) Students for whom formal arrangements have been made with the University for payment by an acceptable third-party donor.

(8) Fee deferments must be established with University Financial Services, prior to the fee payment deadline. Failure to establish the deferment will subject the student to payment of the late payment fee and/or cancellation of registration.

(9) Tuition will be waived for Florida residents 60 years of age or older under the conditions set forth in Section 1009.26(4), F.S. Persons paying full fees and University of Florida employee and state employees taking classes on a space-available basis have priority over any persons allowed a fee waiver under this paragraph.

(10) Sponsored institutes and programs – Tuition and materials and supply fees will be waived by the President or designee for participants in sponsored institutes and programs if substantially all the direct costs are paid by the external sponsoring agency, where there is not direct expenditure of Educational and General funds for the conduct of the programs, and where no fees or other assessments are collected from students by the sponsoring agency, the university, or any other entity. In determining whether the direct costs are paid by the sponsoring agency, funds paid directly to the participants in a form such as, but not limited to, stipends, travel or book allowances should not be taken into account. “Direct costs” refer to the costs associated with the instruction or training which a participant receives. All funds collected from sponsoring agencies for sponsored credit institutes will be remitted to the university’s contract and grants trust fund and/or auxiliary trust funds. Neither the number of participants nor student credit hours in these institutes and programs may be counted for state-funding purposes.

(11) In collecting fees, the President or designee shall impose additional requirements, as necessary, including advance payment or a security deposit, for the services to be provided by the University of Florida.
6C1-3.0371 Finance and Administration; Fee Refunds.
(1) Tuition and registration fees will be refunded in full in the circumstances noted below:
(a) If notice of withdrawal from the University is approved prior to the end of the drop/add period and written documentation is received from the student.
(b) Credit hours dropped during the drop/add period.
(c) Courses cancelled by the University.
(d) Involuntary call to active military duty.
(e) Death of the student or member of his/her immediate family (parent, spouse, child, sibling).
(f) Illness of the student of such severity or duration, as confirmed in writing by a physician, that completion of the semester is precluded.
(g) Exceptional circumstances, upon approval of the University President or his/her designee(s).
(2) A refund of 25% of the total fees paid is available if written notice of withdrawal of enrollment from the University is approved prior to the end of the fourth week of classes for full semesters or a proportionately shorter period of time for shorter terms, and written documentation is received from the student.
(3) Refunds must be requested at University Financial Services. Proper documentation must be presented when a refund is requested. A waiting period for processing may be required. Refunds will be applied against any University debts.
(4) The University reserves the right to set minimum amounts for which refunds will be produced for overpayments on student accounts.

6C1-3.0372 Finance and Administration; Student Health, Athletic, and Activity and Service Fees.
(1) Effective Fall Semester, 2003, dental, medical and veterinary students must pay a semi-annual fee of $355.00 (three hundred fifty-five and 00/100 dollars) which includes the health, athletic, and activity and service fees. All other students must pay the health, athletic, and activity and service fees on a per credit hour basis as indicated below:

<table>
<thead>
<tr>
<th>Fee Type</th>
<th>Fee Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Health Fee</td>
<td>$7.69</td>
</tr>
<tr>
<td>Athletic Fee</td>
<td>$1.90</td>
</tr>
<tr>
<td>Activity and Service Fee</td>
<td>$8.16</td>
</tr>
</tbody>
</table>

(2) Notwithstanding the foregoing, University of Florida students enrolled in a New World School of the Arts degree program in Miami shall pay the following fees per credit hour:

<table>
<thead>
<tr>
<th>Fee Type</th>
<th>Fee Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Health Fee</td>
<td>$7.32</td>
</tr>
<tr>
<td>Athletic Fee</td>
<td>$0.00</td>
</tr>
<tr>
<td>Activity and Service Fee</td>
<td>$10.68</td>
</tr>
</tbody>
</table>

(3) Half-time graduate research and teaching assistants enrolled for eight (8) or more credit hours during the Fall or Spring Term and all other students enrolled for nine (9) or more credit hours (except students enrolled in a New World School of the Arts degree program) are eligible to purchase football tickets at the student rate.

6C1-3.0374 Finance and Administration; Material and Supply Fees.
(1) Students will be charged a material and supply fee for all courses approved by the University President. A list of approved courses and fees will be published in the Critical Dates and Information brochure provided for each semester and referenced in the university catalog and course schedule.
(2) Refunds and waivers for any such fees will be made pursuant to Rules 6C1-3.0371 and 6C1-3.037, F.A.C.

6C1-3.0375 Finance and Administration; Tuition Schedule.
(1) Tuition shall be defined as fees assessed to students for enrollment in credit courses at the University of Florida. Tuition consists of the following fees, depending on whether a student is a resident or a non-resident:
(a) Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who qualifies as a Florida resident as defined in Rule 6C-7.005, F.A.C.:
1. Matriculation Fee;
2. Student Financial Aid Fee;
3. Capital Improvement Trust Fund Fee;
4. Building Fee;
5. Transportation Access Fee;
6. Health Fee;
7. Athletic Fee; and
8. Activity and Service Fee.

(b) Non-Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who does not qualify as a Florida resident as defined in Rule 6C-7.005, F.A.C.:
1. Matriculation Fee;
2. Non-Resident Fee;
3. Student Financial Aid Fee;
4. Non-Resident Student Financial Aid Fee;
5. Capital Improvement Trust Fund Fee;
6. Building Fee;
7. Transportation Access Fee;
8. Health Fee;
9. Athletic Fee; and
10. Activity and Service Fee.

(2) Registration shall be defined as consisting of two components:
(a) Formal enrollment in one or more credit courses approved and scheduled by the University; and
(b) Tuition payment, or other appropriate arrangements for tuition payment (installment payment, deferment, or third party billing) for the courses in which the student is enrolled as of the end of the drop/add period.

(3) A student is liable for tuition associated with all courses for which the student is registered at the end of the drop/add period. The fee payment deadline is 3:30 p.m. of the last day of the second week of class.

(4) The following tuition shall be levied and collected effective the fall semester indicated for each student regularly enrolled, unless provided otherwise in this chapter.

(a) Students enrolled in programs other than the MD, DMD or DVM in the College of Medicine, College of Dentistry, or College of Veterinary Medicine, will be assessed the following fees per credit hour:

<table>
<thead>
<tr>
<th>Fall 2003</th>
<th>Undergraduate</th>
<th>Graduate</th>
<th>Law</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Resident</td>
<td>Non-Resident</td>

(c) Pursuant to Section 1009.285, F.S., each student enrolled in the same undergraduate course more than twice, shall be assessed an additional $164.54 per credit hour charge in addition to the fees outlined above in paragraph (4)(a), for each such course.

6C1-3.0376 Finance and Administration; Miscellaneous Fees.

(1) The University of Florida has established the fees set forth in this rule. The fees listed are in addition to fees set forth in other University of Florida rules and other charges that are authorized by law. “Cost” as used in this rule includes any increased costs to the University that are directly related to the delivery of the goods and services.

(2) Application Fee – An individual who applies for admission to the University of Florida shall pay a non-refundable application fee in the amount of $30.00. This fee is waived for applicants who provide documentation that they have received a fee waiver because of economic need as determined by the College Board or the American College Testing Program.

(3) Library overdue fines – $.25 per day per item; overdue reserve library books – $.25 per item per library hour.

(4) Late equipment fee – Variable.

(5) Duplicating/photocopying fee – Variable.

(6) Standardized test (GRE, URE, etc.) fees will consist of the costs of administering the test.

(7) Thesis and dissertation – Binding fee-cost; microfilm fee-cost; copyright fee-cost.

(8) Damaged, breakage and lost library materials; lost keys (includes cylinder change); equipment, materials, and facilities damage, breakage, and loss – Cost of repair and/or replacement. If damaged or lost materials are the result of misconduct, a fine or other disciplinary action may be imposed under the provisions of Rule 6C1-1.008, F.A.C.

(9) Interlibrary loans/literature searches – Cost.

(10) Orientation fee – $35.

(11) Nonrefundable admissions deposit – $200. The admissions deposit paid by an individual shall be applied toward payment of that individual’s tuition upon enrollment. The admissions deposit shall not be reimbursed to an individual who does not enroll in the term offered for admission and who does not withdraw his or her acceptance of admission prior to the applicable deadline as published in the University Record. The deposit is waived for those individuals who have provided documentation that they have received an application fee waiver because of economic need as determined by the College Board, American College Testing Program, Law School Admissions Council, the American Association of Medical Colleges Fee Assistance Program, or the American Association of Dental Schools Application Service.

(12) Transcript fee – Variable, not to exceed $10.

(13) Diploma replacement fee – Variable, not to exceed $10 per item.

(14) Housing Rental Rates – Variable.

(15) Miscellaneous health related charges for services provided at the Student Health Center that are not covered by the Student Health Fee set forth in Rule 6C1-3.0372, F.A.C. – Cost.

(16) Registration for zero hours – The student is assessed the applicable resident or non-resident costs as set forth in Rule 6C1-3.0375, F.A.C., for one credit hour.

(17) Auditing – The student is assessed the applicable resident or non-resident costs as set forth in Rule 6C1-3.0375, F.A.C., for the audited course.
6C1-3.039 Finance and Administration; Guest Admissions.

Guest admissions to any University activity may be permitted by the President or his/her designee when deemed appropriate and in the best interest of the University. Such admission may be by invitation or complimentary ticket.

Specific Authority 240.227(1) FS. Law Implemented 240.227(12), (13) FS. History–New 3-26-80, Formerly 6C1-3.39.

6C1-3.040 Finance and Administration; Employee Recognition Program.

(1) The University shall establish and maintain an employee recognition program for Academic Personnel, Technical, Executive, Administrative, and Managerial Support (TEAMS), and University Support Personnel System (USPS) employees.

(a) Superior accomplishment. Academic Personnel, TEAMS and USPS employees who have contributed outstanding and meritorious service in their fields, including those who have made exceptional contributions through service and superior accomplishments in State University System operations, are eligible for consideration for an award.

1. The President shall appoint a University Superior Accomplishment Awards Committee composed of a Chairman and at least four additional members composed of Academic Personnel, TEAMS and USPS employees.

2. The Superior Accomplishment Awards Committee shall:
   a. Establish criteria for superior accomplishment and coordinate the selection process for the Superior Accomplishment Awards Program for each of the University Divisions and for the total University-wide program.
   b. Make recommendations to the President concerning such accomplishments and awards to be given, if any. The President or President’s designee shall make a final decision.

3. A Superior Accomplishment Program shall be established at the Division level and at the University level. For purposes of this rule, the University is organized into six divisions as follows: Division 1 – Office of the President, Office of the Vice President for Development and Alumni Affairs, the Office of the Vice President for Research and Graduate Programs, the Office of the Vice President and General Counsel, and the Office of the Vice President for Government Relations; Division 3 – Office of the Vice President for Academic Affairs; Division 4 – Office of the Vice President for Agriculture and Natural Resources; Division 5 – Office of the Vice President for Health Affairs; Division 6 – Office of the Vice President for Student Affairs; and Division 7 – Office of the Vice President for Finance and Administration. Within each of the Divisions, Superior Accomplishment Award recipients will be selected in categories established by the committee for: Academic Personnel, TEAMS, and USPS employees. Award recipients at the Division level will automatically become nominees for the University’s Superior Accomplishment Award for their employment category.

4. Individual awards granted under this component for the Division level award may not exceed the sum of $200, excluding all applicable taxes. Individual awards granted under this component at the University level may not exceed the sum of $1000, excluding all applicable taxes. Awards may be in cash, savings bonds, or other items. In addition, certificates, pins, plaques, letters of commendation, and other tokens of recognition may be awarded provided that the cost of the awards per recipient does not exceed $50.

5. Awards made at the Division level shall come from that Division’s budget. Awards made at the University level will come from the President’s budget.

6. Recognition programs that are established at the Department level which support the University’s Superior Accomplishment Program may award cash or other type of monetary award up to but not to exceed $50 per recipient, excluding all applicable taxes. In addition, certificates, pins, plaques, and other tokens of recognition may be awarded provided the cost of the award per recipient does not exceed $25. The cost for all such awards are funded from within each Department’s budget.

(b) Academic Personnel, TEAMS and USPS employees who have achieved increments of five (5) continuous years of satisfactory service at the University are recognized for such service.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(11), 1009.24, 1009.26 FS. History–New 3-12-03, Amended 6-3-03, 12-31-03.

6C1-3.042 Finance and Administration; Write-off of Uncollectible Accounts; Settlement of Delinquent Accounts.

(1) The University shall use due diligence and exert every effort in the collection of all accounts.
(2) The President or his/her designee may write-off or settle any uncollectible accounts owed the University. All or a portion of late charges and/or collection costs may at the discretion of the President or his/her designee be waived on institutional student loans if the borrower makes a lump sum payment of the entire amount of outstanding principal and interest to settle an account.

(3) The University shall employ the services of a collection agency when deemed advisable in collecting delinquent accounts.

(4) The University may set minimum amounts for which debts will be billed and for which financial holds will be placed on records.

Specific Authority 240.227(1) FS. Law Implemented 240.291 FS. History–New 3-26-80, Formerly 6C1-3.42, Amended 5-18-92, 6-28-98.

6C1-3.0421 Finance and Administration; Employee Debt Collection.

(1) Purpose. Pursuant to Sections 240.291 and 17.04, F.S., the University is directed to exert every effort to collect all delinquent accounts and overpayment of monies. The purpose of this rule is to provide procedures for collection of funds and monies, other than educational loans collectable pursuant to Section 112.175, F.S., owed to the University by its employees.

(2) Employee debts for which the University has responsibility for collection and which are subject to collection under this rule include the following: Registration fees, delinquent student loans, returned checks, traffic and parking fines, library fines, educational resources fines/sales, graduation fees, health services, veterinary medical services, rental fees, housing, physical education equipment, travel advance reimbursements, disallowed revolving fund reimbursements, overpayments to employees, overpayment of workers’ compensation monetary benefits and other miscellaneous charges.

(3) Accounts Receivable Other than Returned Checks and Overpayment of Workers’ Compensation Monetary Benefits.

(a) Collection Procedures. Amounts due from an employee shall be placed in the University’s Accounts Receivable billing system after routine attempts by the department to obtain payment of any accounts receivable are unsuccessful. Once charges are placed in the Accounts Receivable billing system, billing and collection efforts shall be conducted for a period of three (3) months. If the University does not receive payment within three (3) months of the date of the first billing or suitable payment arrangements have not been made, the employee shall be notified pursuant to paragraph 6C1-3.0421(3)(b), F.A.C., that set-off procedures shall be implemented with respect to his or her debt.

(b) Set-Off Procedures. The employee shall be notified by certified letter, return receipt requested, that he or she has ten (10) calendar days from receipt of the letter to either pay all sums due, make satisfactory payment arrangements, submit documentary evidence disputing his or her debt, or request administrative review of the decision to set-off his or her debt through a deduction of funds from the employee’s paycheck. The notice shall further advise the employee that the set-off of wages shall commence without further notice following the expiration of the ten (10) day notice period unless the employee has taken appropriate action and shall include the amount and duration of the deductions which shall be made from his or her salary warrant.

(c) Calculation of Payroll Deduction.

1. In the event that the total amount of the debt is less than ten percent (10%) of the employee’s biweekly gross salary, the full amount of the employee’s debt shall be deducted in the first or second pay period following the expiration of the ten (10) day notice period given to the employee.

2. If the amount of the debt is greater than ten percent (10%) of the employee’s biweekly gross salary, the amount deducted each pay period shall not exceed ten percent (10%) of the employee’s gross salary.

3. In the event that an employee-debtor is terminated or voluntarily leaves the University’s employ, the entire amount of the debt shall be deducted from the employee’s final paycheck.

(4) Accounts Receivable – Returned Checks and Overpayment of Workers’ Compensation Monetary Benefits.

(a) Collection Procedures. When a check written by an employee to the University is returned uncollected or an employee receives an overpayment of a workers’ compensation monetary benefit, the employee shall be notified by certified letter, return receipt requested, of the returned check or the workers’ compensation overpayment and the employee shall be required to make full payment of the check and return check charge or the workers’ compensation overpayment within ten (10) calendar days from receipt of the letter. The notice shall further advise the employee that if the check is not redeemed within the ten (10) day period, the check and return check charge shall be forwarded to the Office of University Financial Services for payroll deduction without further notice. If the workers’ compensation overpayment is not repaid to the University’s Workers’ Compensation Office within the ten (10) day period, that office shall, without further notice, initiate one or more payroll deductions to recoup the overpayment.

(b) Calculation of Payroll Deduction. The full amount of the returned check and return check charge shall be deducted in the first or second pay period following referral of the account to the Office of University Financial Services. The entire workers’ compensation monetary benefit overpayment shall be deducted from the employee’s pay during the first pay period following the notification deadline. Deductions shall continue, as required, until the entire overpayment has been recouped.

Specific Authority 1001.74(4) FS. Law Implemented 17.04, 1001.74(19), 1010.03 FS. History–New 12-27-90, Amended 5-18-92, 6-28-98, 9-1-99, 6-3-03.
6C1-3.0422 Finance and Administration; Direct Deposit Program.
(1) The following describes the direct deposit requirement for all University of Florida employees. Direct deposit is the electronic transfer of net salary and travel expense reimbursements into University of Florida employees’ personal checking or savings account at United States financial institution.
(2) All employees, including OPS and non-work study students, are required to participate in the Direct Deposit Program as a condition of employment, regardless of date of hire.
   (a) Employees have 30 days from the date of their first paycheck to set up a savings or checking account at a financial institution, and submit the State of Florida Direct Deposit Authorization Form to the University Payroll Office. The Direct Deposit Authorization form, DFS-AA-26S, Rev. Oct-2001, is incorporated herein by reference and can be obtained from the websites of the University Payroll Office and Division of Human Resources.
   (b) By Federal Regulations, Work-Study students are not required to participate in the Direct Deposit Program, but strongly encouraged to participate.
   (c) The direct deposit date remains active in the University Payroll Office until it is changed or one year after separation of employment.
(3) Employees who can demonstrate a hardship or that they have been unable to establish an account at a financial institution may request exemptions from participating in direct deposit.
   (a) Employees shall submit a written request including supporting documentation, to the University Payroll Office explaining the hardship within 14 days from the date of hire.
   (b) The University Payroll Office will make a written determination within 14 days to the employee approving or denying the request.
   (c) The University Payroll Office will print checks to those employees granted direct deposit participation exemption.
(4) Direct Deposit Authorization forms are available in the offices and on the web sites of the University Payroll Office and the Division of Human Resources.
   (a) Employees are required to submit a new Direct Deposit Authorization to the University Payroll Office should there be a change in their financial institution.
   (b) Employees are not required to re-submit a Direct Deposit Authorization when changing hiring authorities, pay plans, or job titles within the University of Florida.

Specific Authority 1001.74(4) FS. Law Implemented 110.113, 1001.74(19) FS. History–New 12-31-03.

(1) Predetermination procedures for USPS employees with permanent status.
   (a) Written Notice – Prior to the dismissal, suspension, or disciplinary reduction in pay of a permanent employee, the University shall give the employee written notice as follows:
      1. The employee shall be given written notice of the proposed action at least 5 days prior to the date the action is to be taken.
      2. If the employee is available, the notice shall be hand-delivered to the employee and the employee shall acknowledge receipt. Otherwise, the notice shall be mailed to the employee by certified mail, return receipt requested. The mailed notice shall be considered received by the employee even if refused or ignored.
   (b) Contents of Notice – The notice shall be signed by the person authorized to make the final decision or his or her designated representative and shall include the following:
      1. The effective date of the University’s proposed final action;
      2. The specific charges or reasons for the action;
      3. A list of documents on which the charges or other reasons are based; and a statement that documents shall be available to the employee upon request;
      4. A statement that the employee may, within 2 workdays of receipt of the notice, submit a request in writing for a conference at which the employee may make an oral or written statement, or both, to the University to refute or explain the charges or reasons for the action; and the name, address, and telephone number of the person to whom the request for a conference shall be directed;
      5. A statement that the requested conference must be held prior to the proposed effective date of the action, at a time and place determined by the University, normally during regular business hours, and that the employee may bring a representative to advise and assist;
      6. A statement that the University of Florida desires to reduce the risk of error in taking the action against the employee and to avoid damaging the employee’s reputation by untrue or erroneous charges, and therefore, the University is interested in receiving and considering the employee response; and
      7. A copy or summary of the predetermination procedures shall be enclosed with the notice.
   (c) Conference – If a conference is requested by the employee, it must be conducted by the person(s) authorized to make the final decision or his or her designated representative(s) as follows:
1. The person(s) conducting the conference shall convene the conference at the time and place set by the University and shall identify all participants. He or she shall explain that the purpose of the conference is to hear the employee’s response to the charges in order to protect the employee from erroneous or arbitrary adverse action, to afford the University an opportunity to reevaluate its position after reviewing the information presented by the employee, and to thereafter affirm or alter the disciplinary action as may be warranted.

2. The conference shall be informal and shall not be in the nature of an evidentiary hearing. The employee may bring a representative to assist or advise him or her, but discovery, cross-examination, and similar legal procedures are not permissible.

3. The employee shall be permitted to submit relevant information, orally or in writing, or both, with the privilege being reserved to the University of Florida to give such information the weight it deems proper. The employee shall be informed that if he or she chooses to make no response, the University of Florida will proceed on the basis of the best information it can obtain without such response.

4. After the conference is conducted, the employee shall be notified, as soon as practicable, that the proposed final action will be effective on a specific date, that the proposed final action has been revised, or that no action will occur.

(d) Decision – After the conference, if the University determines that it will proceed with the reduction in pay, suspension, or dismissal of the employee, the employee shall be notified in writing by personal delivery or by certified mail, return receipt requested, within 5 workdays from the date the action is effective, of the employee’s right to appeal to an arbitrator under subsection (2) of this rule. If the employee occupies a position included in a certified bargaining unit, the employee shall be further notified that he or she may, in the alternative, use the unit’s grievance procedures as provided in the applicable collective bargaining agreement. Furthermore, sworn law enforcement personnel must assure that the provisions of Part VI of Chapter 112, F.S., Law Enforcement Officers’ Bill of Rights, are followed.

(e) During the period between the first notice and the effective date of the action, one of the following options shall be used by the University: retain the employee in his or her usual duties; temporarily assign the employee to other duties; place the employee on annual leave; or place the employee on administrative leave.

(f) Extraordinary Situations.
1. The President or President’s designee shall immediately suspend an employee from performance of his or her duties when the President or designee has reason to believe that the employee’s presence on the job would adversely affect the functioning of the University or would jeopardize the safety or welfare of other employees. The President or designee shall determine whether a suspension shall be with or without pay based on the severity of the misconduct and the threat to safety.

2. If oral notice is given, written notice of such action, and the reasons therefore, must be furnished to the employee within 24 hours.

3. Written notice in an extraordinary situation shall include a statement of the reasons for such action and shall be sent by certified mail, return receipt requested, or hand delivered and the employee shall acknowledge receipt.

4. Notice of a suspension or dismissal shall include a statement that the employee has a right to appeal to an arbitrator under subsection (2) of this rule.

(2) USPS Arbitration Appeal Procedures.
(a) An employee who has earned permanent status in his or her current classification shall have the right to appeal to an arbitrator any suspension, dismissal, layoff, demotion with reduction in pay, job abandonment, or reduction in pay, provided that the employee has not signed a statement indicating the action was voluntary.

1. If an employee requests an arbitration, the employee shall, within 10 working days after the receipt of notice of the employment action from the University, file with the Division of Human Resources a completed Arbitration Request Form. This form is incorporated by reference and is titled Arbitration Request Form, arb-req Rev. 10/02, and can be obtained from the Office of Employee Relations, Division Human Resources, 432A Stadium, Gainesville, Florida. A copy of the form must also be filed with the President or designee and the employee’s immediate supervisor.

2. Failure to initiate an arbitration request within the time limits prescribed shall be deemed a waiver of the right to arbitration. In the event of a question regarding timeliness of any notice, the date of receipt if transmitted in person, or the postmark if transmitted by mail, shall be determinative.

3. After the Request for Arbitration has been received, the Director of Human Resources will determine whether the request has been filed in accordance with the provisions of this section and shall notify the employee or his or her representative, the Dean or Director, and the Vice President responsible for the college, major budgetary unit, or administrative unit in which the grievant is employed of this determination. Additionally, the employee will be mailed a copy of this rule.

4. The Vice President responsible for the college, major budgetary unit or administrative unit in which the grievant is employed, or the Vice President’s designee, shall serve as the University representative in the arbitration.

5. The Director of Division of Human Resources (DHR) shall select an arbitrator on a rotational basis from an odd-numbered panel of at least seven (7) arbitrators maintained by the University and shall notify the University representative and the employee or his or her representative of the arbitrator selected. If the parties do not agree on the arbitrator selected, the selection shall be made by alternately striking names from the panel. The right of first strike shall be determined by a coin toss. The employee will receive notice of the identity of the arbitrator selected and may request disqualification of the arbitrator based on cause within five (5) days of receipt of the notice. Cause is present when it appears the arbitrator was chosen through corruption, fraud, or other undue means.
6. When an action is both appealable under this rule and grievable under a collective bargaining agreement, the employee shall have the option of using either procedure. The filing of the arbitration request form constitutes a waiver of any rights to review of the matter under an applicable collective bargaining agreement, Chapter 120, F.S., or other University review procedures. If the employee seeks a review of a matter in an alternative forum after requesting arbitration under this rule or fails to appear at the scheduled arbitration hearing, the University shall have no obligation to proceed further.

(b) Fees and Expenses.
1. All reasonable fees and expenses for the arbitrator will be paid by the University.
2. The party desiring a transcript of the arbitration proceedings shall provide written notice to the other party of its intention to have a transcript of the arbitration made at least one week prior to the date of the arbitration and shall be responsible for scheduling a reporter to record the proceedings. The parties shall share equally the appearance fee of the reporter and the cost of obtaining an original transcript and one copy for the party originally requesting a transcript of the proceeding. The requesting party shall, at its expense, photocopy the copy of the transcript received from the reporter and deliver the photocopy to the other party within five (5) calendar days after receiving the copy of the transcript from the reporter.
3. The parties shall share equally the appearance fee of the reporter and the cost of obtaining a transcript of the proceedings.
4. The arbitrator shall have ten (10) days from the hearing to render a decision on arbitrability. If the issue is judged to be arbitrable, an arbitrator shall then be selected to hear the substantive issues, in accordance with the provisions of paragraph (2)(e) above.

Specific Authority 1001.74(4), 1012.92(1), (3) FS. Law Implemented 1001.74(19), 1012.92 FS. History–New 5-1-96, Amended 3-2-03, 12-31-03.
6C1-3.046 Finance and Administration; Discipline, Suspension and Dismissal for Cause of Technical, Executive, Administrative, and Managerial Support (TEAMS) Staff.

(1) Definitions.
(a) “Just cause” shall be defined as:
1. Incompetence; or
2. Misconduct, whether on or off the job; or
(b) The term “advisor” shall mean a representative of the Division of Human Resources (DHR) appointed by the Director of DHR to assist in interpreting policies and procedures.
(c) For the purpose of this rule, “Vice President” means the indicated Vice President or the Vice President’s designee, “Dean” means the indicated Dean or the Dean’s designee, and “Director” means the indicated Director or the Director’s designee.

(2) Dismissal, Suspension and Disciplinary Action

(a) The appointment of a TEAMS staff member can be terminated or suspended with or without pay for just cause.
1. An employee shall be given written notice of dismissal or suspension by the President or President’s designee. The notice shall include:
   a. A basis for the dismissal or suspension,
   b. A copy of this rule,
   c. The dismissal or suspension shall take effect the day the Vice President issues his or her written decision if it upholds a decision to dismiss or suspend,
   d. The name of an advisor,
   e. Pay status.
2. During the period following the notice of dismissal or suspension, the President or designee shall determine the reassignment of the employee for the balance of employment.
3. Within seven (7) working days of the notice of dismissal or suspension, the Dean or Director responsible for the unit in which the TEAMS staff member is employed, will review the basis for the notice. The employee may schedule a meeting with the Dean or Director during these seven (7) working days to provide information about the notice and may submit to the Dean or Director letters and other documentary material related to the notice. Within the next five (5) working days, the Dean or Director will issue a written decision that upholds, modifies, or revokes the notice of dismissal or suspension. The decision shall state a basis for the conclusion reached and shall have attached all documents used in reaching the decision.
4. If the Dean or Director upholds or modifies the notice of dismissal or suspension, the Vice President responsible for the unit in which the TEAMS staff member is employed will review the basis for the notice within seven (7) working days. The Vice President’s review will be based solely on the decision by the Dean or Director and the accompanying documents. If the Vice President determines that it is necessary to receive further information, the Vice President will meet with the staff member within the seven (7) working day period to seek such information. Within the next five (5) working days, the Vice President will issue a written decision that upholds, modifies, or revokes the notice of dismissal or suspension.
5. The dismissal or suspension becomes final upon the issuance of the Vice President’s written decision upholding the notice of dismissal or suspension.
6. If the employee wishes to pursue the matter further, the employee has the right to appeal to an arbitrator as prescribed in subsection (8) of Rule 6C1-3.051, F.A.C.
(b) The President or designee retains the right to impose disciplinary action, other than termination or suspension, for “just cause”, as set forth in Section 1012.92, F.S.
1. The employee shall be given written notice of any disciplinary action. The notice shall state:
   a. The reasons for the disciplinary action,
   b. The disciplinary action is subject to the grievance procedure found in Rule 6C1-3.051, F.A.C.
   c. The effective date of the disciplinary action.
2. Counseling shall not be considered disciplinary action under this section.

(3) Suspension Pending Investigation. The President or designee shall immediately suspend an employee from the performance of his or her duties when the President or designee has reason to believe that the employee’s presence on the job would adversely affect the functioning of the University or would jeopardize the safety or welfare of other employees. The President or designee shall determine whether a suspension shall be with or without pay based on the severity of the misconduct and the threat to safety. Within two (2) working days from such immediate suspension, the President or designee shall serve written notice upon the employee stating the reasons for the action taken. If the employee has been suspended without pay and subsequently is reinstated as a result of the review or grievance procedures, the employee shall be reinstated with back pay.

Specific Authority 1001.74(4), 1012.92 FS. Law Implemented 1001.74(19), 1012.92 FS. History–New 3-6-85, Formerly 6C1-3.46, Amended 3-2-03.
6C1-3.047 Finance and Administration; University Support Personnel System; Disciplinary Procedures.

(1) The University of Florida shall administer standards for performance and conduct to ensure timely and equitable disposition of disciplinary problems. Discipline ranging from oral reprimands to dismissal can be imposed for just cause as defined in subsection 6C1-3.046(1), F.A.C.

(2) The University of Florida has adopted the following standards which shall govern the manner and extent to which disciplinary action is taken. Levels of penalties are dependent upon the seriousness of the offense and any aggravating or mitigating circumstances, or as otherwise required by law. The concept of progressive discipline is endorsed dependent upon the offense. Each situation is assessed on a case-by-case basis, however, the University shall consider other discipline-related offenses collectively when in the best interest of the University of Florida. Appropriate disciplinary penalties include: oral reprimand, written reprimand, suspension without pay, or dismissal.

(3) STANDARDS FOR PERFORMANCE AND CONDUCT.

(a) Unsatisfactory Attendance. Unsatisfactory attendance includes: failure to obtain approval prior to any absence from work except in the case of proven emergency, failure to notify or call during an absence, an attendance record of recurring absences even if the majority of absences were necessary and/or excused, a pattern of absences, and tardiness.

(b) Misconduct. Conduct, on or off working hours, that adversely affects the employee’s ability to perform his or her duties, or which adversely affects the University’s ability to carry out its assigned mission. Misconduct may include but is not limited to: sexual harassment, threatening and/or abusive language, theft, fighting, falsification, insubordination, horseplay, possession, use, and/or distribution of non-prescribed drugs, possession or use of firearms, conviction of a crime, drinking on the job or reporting to work under the influence of alcohol or drugs, improper use of state property, leaving work area without permission, loafing, sabotage, sleeping on duty, strike or concerted activity, unauthorized solicitation, violation of safety practices, disruptive conduct, failure to follow instruction, and retaliation.

(c) Negligence. The failure to use ordinary or reasonable care in, or the omission of or inattention to, the performance of assigned duties. Negligence is synonymous with carelessness, lack of care, and lack of attention.

(d) Violation of provision of law, university rule, or departmental policy, procedure, or practice that is either verbal, written, or understood.

Specific Authority 1001.74(4), 1012.92(1), (3) FS. Law Implemented 1001.74(19), 1012.92 FS. History–New 8-26-81, Formerly 6C1-3.19, Amended 3-6-85, 5-14-85, Formerly 6C1-3.47, Amended 2-9-87, 5-21-89, 6-28-98, 10-31-99, 6-27-02, 2-3-03.

6C1-3.049 Finance and Administration; Technical, Executive, Administrative, and Managerial Support Staff Appraisal.

(1) Appraisals of Technical, Executive, Administrative and Managerial Support (TEAMS) Employees in Non-Exempt Positions.

(a) Probationary Appraisals.

1. A probationary appraisal is required thirty (30) days prior to the conclusion of the probationary period or prior to the end of any probationary period extension for all non-exempt TEAMS employees who at least meet performance standards in their designated classification.

2. The President or President’s designee has the authority to extend by letter a probationary period for up to six (6) months if the employee is not meeting performance standards, and the supervisor determines that more time is needed for assessment or the supervisor decides that additional time is needed for appropriate training or on-the-job experience.

3. If a performance appraisal is not completed to evaluate an employee’s original or extended probationary period, then the employee will be considered to have met performance standards.

(b) Annual Appraisals.

1. An annual appraisal shall be completed for each TEAMS employee in a non-exempt position within thirty (30) days prior to the anniversary date of appointment.

2. If the employee’s annual performance appraisal is not completed, his or her previous rating in the classification will be retained. If there is no previous rating, the employee will be considered at the “achieves” level.

(c) Special Appraisals.

1. A special appraisal shall be conducted whenever the appraiser determines that the employee’s performance warrants being evaluated.

(2) Annual Appraisals of TEAMS Employees in Exempt Positions.

(a) A TEAMS employee shall have his or her performance appraised within thirty (30) days prior to the anniversary date of appointment.

(b) If the employee’s annual performance appraisal is not completed, his or her previous rating in the classification will be retained. If there is no previous rating, the employee will be considered at the “achieves” level.

(c) A copy of each completed appraisal shall become a part of the employee’s official file maintained by the Division of Human Resources. The original of the completed appraisal shall be provided to the employee.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3), 1012.94 FS. History–New 4-25-80, Amended 2-23-82, Formerly 6C1-7.11, Amended 3-6-85, Formerly 6C1-3.49, Amended 4-17-90, 5-18-92, 5-12-03.
6C1-3.050 Finance and Administration; University Support Personnel System Performance Appraisals.

(1) A probationary appraisal is required prior to the conclusion of the probationary period for all employees who at least meet performance standards in their designated classification.

(a) A probationary appraisal shall be completed within thirty (30) days prior to the end of the probationary period for the designated class or prior to the end of any probationary period extension.

(b) An employee shall meet performance standards for the probationary period for the designated class before attaining permanent status.

(c) The President or President’s designee has the authority to extend by letter a probationary period for up to six months if the employee is not meeting performance standards and the supervisor determines that more time is needed for assessment or the supervisor decides that additional time is needed for appropriate training or on-the-job experience.

(d) Time spent on extended leave will not count toward the completion of an employee’s probationary period, and the completion date of the probationary period will be advanced based on the amount of time the employee is absent. The employee must complete his or her probationary period upon return from the extended leave in order to attain permanent status in the appropriate classification.

(e) An employee serving a probationary period in the current class shall be removed from the class, including a change in assignment or termination from employment, if the employee does not meet performance standards during the probationary or extended period, and will not receive a probationary appraisal.

(f) If a performance appraisal is not completed to evaluate an employee’s original or extended probationary period, then the employee will be considered to have met performance standards.

(2) An annual appraisal shall be completed for each employee with permanent status in the current class.

(a) A permanent status employee shall receive an annual appraisal completed each year within thirty (30) days following the date the employee was appointed or returned to his or current class.

(b) The employee’s appraisal period typically will be advanced based on the amount of time he or she is absent on an extended leave.

(c) If the employee’s annual performance appraisal is not completed, his or her previous rating in the classification will be retained.

(d) If the previous rating reflects the employee’s failure to meet performance standards, in the absence of a follow-up special performance appraisal or letter that documents the employee’s failure to meet performance standards, the employee will be considered to have met performance standards for the follow-up period.

(3) A special appraisal for an employee shall be conducted whenever the rater determines that the employee’s performance warrants being evaluated, including when an employee’s performance no longer meets performance standards. A special appraisal may not exceed six months unless the appraisal period is adjusted as a result of an extended leave of absence. Such appraisal shall be completed within thirty (30) days following the established appraisal period end date.

(4) If an employee who has attained permanent status in the class receives an appraisal or letter that documents failure to meet performance standards, the rater with the cooperation of the higher level supervisors shall communicate in writing to the employee necessary improvements to address the identified deficiencies.

(a) If at the time of receiving such an appraisal or letter, the employee is retained, the length of the next appraisal period shall be determined but shall not exceed six months. Such appraisal shall be completed within thirty (30) days following the appraisal period end date, unless a proposal is made to terminate or demote the employee as a result of his or her continued failure to meet performance standards. In such case, a letter documenting the employee’s unsatisfactory performance, rather than a performance appraisal, shall be sufficient. In the absence of this appraisal or letter, the employee shall be considered to have met performance standards for the follow-up period.

(b) If an employee does not meet performance standards within the designated follow-up period, the university shall initiate action to remove the employee from the class.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 7-1-96, Amended 6-28-98, 5-22-01, 3-12-03.

6C1-3.051 Finance and Administration; University Grievance Procedures for Technical, Executive, Administrative and Managerial Support Staff: General Information, Resort to Other Procedures, Time Limits, Procedures and Arbitration Appeal.

(1) General Information.

(a) The purpose of this rule is to promote a prompt and efficient procedure for the investigation and resolution of grievances filed by Technical, Executive, Administrative, and Managerial Support (TEAMS) staff members of the University. Informal resolution of complaints and concerns is encouraged. An employee should promptly pursue informal resolution before filing a grievance.

(b) The term “grievance” shall mean an allegation filed by the TEAMS employee that any condition, act, or omission of the University directly affecting the employee’s terms and conditions of employment is unjust, inequitable, or creates a problem. The grievance may also allege that the University failed to comply with the University grievance procedure and request specific action.
(c) An employee shall not have the right to file a grievance or reweigh management decisions concerning evaluations of performance, salary increase decisions, or similar administrative decisions made under the rules of the University, unless the action was taken without proper authority.

(d) In case of non-disciplinary action, the burden of proof shall be on the grievant. In case of disciplinary action, the burden of proof shall be on the University.

(e) Definitions.

1. The term “grievant” shall mean a TEAMS employee who has been directly affected by an act or omission of the University and who has filed a grievance.

2. The term “grievance officer” shall mean a University employee appointed to conduct the Step 1 meeting.

3. An “advisor” shall mean a representative of the Division of Human Resources (DHR) appointed by the Director of DHR to assist in interpreting policies and procedures.

(2) Grievances Arising from Dismissals or Suspensions for Just Cause.

(a) When a written notice of dismissal or suspension for “just cause” as defined in Rule 6C1-3.046, F.A.C., has been issued, the automatic review procedure by the Dean or Director and by the Vice President prescribed in Rule 6C1-3.046, F.A.C., substitutes for the grievance review process. The outcome of that review constitutes the final University decision on the dismissal or suspension. If the Vice President upholds a decision to dismiss or suspend, the employee shall have the right to appeal to an arbitrator as prescribed in subsection (8) below.

(b) The University’s response to other individuals or groups having appropriate jurisdiction in any other procedure shall not be an act or omission giving rise to a grievance under this procedure.

(c) Grievances alleging discrimination shall be filed in accordance with the provisions contained in Rule 6C1-1.0063, F.A.C.

(d) A grievant who complains of matters that affect his or her substantial interest may file a petition for a hearing pursuant to Section 120.569 and 120.57, F.S., unless a written grievance or arbitration appeal has been or is being filed under subsection (6) or (8) of this rule. The filing of a written grievance under subsection (6) of this rule or a request for an arbitration appeal of dismissal or suspension under subsection (8) of this rule constitutes a WAIVER of any right the grievant might otherwise have to request a proceeding under Chapter 120, F.S., including Sections 120.569 and 120.57, F.S.

(3) Grievances Not Arising from Dismissals or Suspensions for Just Cause.

(a) These grievances shall be reviewed using the Step 1 and Step 2 procedures prescribed in subsections (6) and (7) below. The decisions of the grievance officer in the Step 1 procedure and, if requested, the Vice President in the Step 2 procedure, shall constitute the final resolution of the grievance, except when the grievance concerns the employee’s separation, layoff, demotion, job abandonment, relocation, or reduction in pay, provided that the employee has not signed a statement indicating the action was voluntary, and the employee has timely filed an appeal to an arbitrator as set forth in paragraph (3)(b) of this rule.

(b) The University’s response to other individuals or groups having appropriate jurisdiction in any other procedure shall not be an act or omission giving rise to a grievance under this procedure.

(c) Grievances alleging discrimination shall be filed in accordance with the provisions contained in Rule 6C1-1.0063, F.A.C.

(d) A grievant who complains of matters that affect his or her substantial interest may file a petition for a hearing pursuant to and in accordance with Sections 120.569 and 120.57, F.S., unless a written grievance or arbitration appeal has been or is being filed under subsection (6) or (8) of this rule. The filing of a written grievance under subsection (6) of this rule or a request for an arbitration appeal of dismissal or suspension under subsection (8) of this rule constitutes a WAIVER of any right the grievant might otherwise have to request a proceeding under Chapter 120, F.S., including Sections 120.569 and 120.57, F.S.

(4) Resort to Other Procedures.

(a) It is the intent of this procedure to provide a complete response to a grievance, but not to encourage multiple processings of the same issue. Therefore, the University shall not entertain under this rule a grievance based upon the same issue(s) adjudicated pursuant to another University rule or in another forum, whether administrative or judicial. If, prior to the conclusion of the procedures described in this rule, a grievant seeks resolution of the matter in any other forum, whether administrative or judicial, the University shall have no obligation to entertain or proceed further with the matter pursuant to this rule.

(b) The University’s response to other individuals or groups having appropriate jurisdiction in any other procedure shall not be an act or omission giving rise to a grievance under this procedure.

(c) Grievances alleging discrimination shall be filed in accordance with the provisions contained in Rule 6C1-1.0063, F.A.C.

(d) A grievant who complains of matters that affect his or her substantial interest may file a petition for a hearing pursuant to and in accordance with Sections 120.569 and 120.57, F.S., unless a written grievance or arbitration appeal has been or is being filed under subsection (6) or (8) of this rule. The filing of a written grievance under subsection (6) of this rule or a request for an arbitration appeal of dismissal or suspension under subsection (8) of this rule constitutes a WAIVER of any right the grievant might otherwise have to request a proceeding under Chapter 120, F.S., including Sections 120.569 and 120.57, F.S.

(5) Time Limits.

(a) A grievance shall be filed no later than ten (10) working days from the date following the act or omission giving rise to the grievance, or ten (10) working days from the date the grievant acquires knowledge, or could have reasonably been expected to have acquired knowledge, of the act or omission. Failure by the employee to file a grievance within the time limits prescribed shall be deemed a waiver of the employee’s right to the grievance procedure.

(b) All time limits contained in this rule may be extended by mutual written agreement of the parties.

(c) Upon the failure of the grievant to file an appeal within the time limits provided in this rule or any extension thereof, the grievance shall be deemed to have been resolved at the prior step.

(6) Step 1 Procedures.

(a) A Step 1 grievance shall be initiated by filing with the Director of Division of Human Resources (DHR) a completed form entitled “Step One Grievance for TEAMS Staff.” DHR will provide a copy of the completed form to the Vice President for Finance and Administration.

(b) Upon receipt of the written grievance, the Director of DHR or designee shall ask the Dean or Director responsible for the college, major budgetary unit or administrative unit in which the grievant is employed to appoint a University employee with relevant expertise and experience to serve as grievance officer. The Director of DHR or designee shall assign a grievance advisor to the grievance. Within fifteen (15) working days following receipt of the grievance by the Director of DHR, the grievance officer shall consult with the parties directly involved in the grievance and interview others in addition to the grievant and seek any other material necessary in order to determine an appropriate resolution of the grievance. The grievance officer shall, within ten (10)
working days following the conclusion of the investigation and informal conference(s) with the grievant, issue a written decision to the grievant giving reasons for the conclusions reached and attaching all documents presented at the Step 1 meeting. The grievance officer will provide a copy of the written decision with attachments to the Director of DHR, the Dean or Director, and the Vice President responsible for the college, major budgetary unit, or administrative unit in which the grievant is employed.

(7) Step 2 Procedures.

(a) If the grievant is dissatisfied with the decision in Step 1 and wishes to pursue the matter, the grievant shall file within ten (10) working days with the Director of DHR a completed form entitled “Step Two Grievance for TEAMS Staff.” DHR will provide a copy of the completed form to the Vice President for Finance and Administration.

(b) The Director of DHR shall forward a copy of the form to the Vice President responsible for the college, major budgetary unit, or administrative unit in which the grievant is employed. The Vice President or the Vice President’s designee will conduct a Step 2 review.

(c) The Step 2 review will be based solely on the Step 1 report or also include a meeting with the grievant if insufficient information is obtained from the grievant at Step 1. A written decision shall be furnished to the grievant within fifteen (15) days following completion of the review by the Vice President or designee.

(8) Arbitration Appeal Procedures.

(a) Request for Processing.

1. If a grievant is dissatisfied with the decision in Step 2, and if the grievant is entitled to appeal to an arbitrator pursuant to the provisions of subsection (3) of this rule, and if the grievant wishes to pursue the matter, the grievant shall, within ten (10) working days after receipt of the Step 2 decision, file with the Director of DHR a completed Arbitration Request form. If a TEAMS employee is entitled to appeal to an arbitrator pursuant to the provisions of subsection (2) of this rule, and wishes to appeal dismissal or suspension for just cause, the employee shall within ten (10) working days after receipt of the Vice President’s written decision under subparagraph 6C1-3.046(2)(a)5., F.A.C., file with the Director of DHR a completed Arbitration Request Form. The Arbitration Request Form is incorporated by reference and is entitled University of Florida USPS and TEAMS Arbitration Request Form, Form arb-req Rev. 10/02, and can be obtained from the Director of DHR, 432A Stadium, Post Office Box 115003, Gainesville, Florida 32611. A copy of the form must also be filed with the employee’s immediate supervisor.

2. Failure to initiate an arbitration request within the time limits prescribed shall be deemed a waiver of the right to arbitration.

In the event of a question regarding timeliness of any notice, the date of receipt if transmitted in person, or the postmark if transmitted by mail, shall be determinative.

3. After the Request for Arbitration has been received, the Director of DHR or designee will determine whether the request has been filed in accordance with the provisions of this section and shall notify the employee or his or her representative, the Dean or Director, and the Vice President responsible for the college, major budgetary unit, or administrative unit in which the grievant is employed of this determination. Additionally, the employee will be mailed a copy of this rule.

4. The Vice President responsible for the college, major budgetary unit or administrative unit in which the grievant is employed, or the Vice President’s designee, shall serve the arbitration representative in the arbitration.

5. The Director of DHR or designee shall select an arbitrator on a rotational basis from an odd-numbered panel of at least seven arbitrators maintained by the University and shall notify the University representative and the employee or his or her representative of the arbitrator selected. If the parties do not agree on the arbitrator selected, the selection shall be made by alternately striking names from the panel. The right of first strike shall be determined by a coin toss. The employee will receive notice of the identity of the arbitrator selected and may request disqualification of the arbitrator based on cause within five (5) days of receipt of the notice.

Cause is present when it appears the arbitrator was chosen through corruption, fraud, or other undue means.

6. When an action is both appealable under this rule and grievable under a collective bargaining agreement, the employee shall have the option of using either procedure. The filing of the arbitration request form constitutes a waiver of any rights to review of the matter under an applicable collective bargaining agreement, Sections 120.057 and 120.569, F.S., or other University review procedures. If the employee seeks a review of a matter in an alternative forum after requesting arbitration under this rule or fails to appear at the scheduled arbitration hearing, the University shall have no obligation to proceed further.

(b) Fees and Expenses.

1. All reasonable fees and expenses for the arbitrator will be paid by the University.

2. The party desiring a transcript of the arbitration proceedings shall provide written notice to the other party of its intention to have a transcript of the arbitration made at least one week prior to the date of the arbitration and shall be responsible for scheduling a reporter to record the proceedings. The parties shall share equally the appearance fee of the reporter and the cost of obtaining an original transcript and one copy for the party originally requesting a transcript of the proceeding. The requesting party shall, at its expense, photocopy the copy of the transcript received from the reporter and deliver the photocopy to the other party within five (5) calendar days after receiving the copy of the transcript from the reporter.

(c) If the employee elects to be represented, the employee must deliver or send to the Director of DHR within five (5) working days after filing a Request for Arbitration, a written statement indicating the name, address, telephone number and qualifications of the representative and confirming that the employee as well as the representative will be present during the arbitration hearing, and that the employee agrees to this representation. The employee may self represent or be represented. Notwithstanding the foregoing, if the employee seeks to be represented by an employee organization, then the employee must follow the grievance procedures of the applicable collective bargaining agreement.
(d) If the aggrieved employee participates during working hours in the arbitration, the employee’s compensation will not be affected by the time spent at the arbitration hearing. The employee must notify the immediate supervisor seven (7) days in advance of the anticipated absence. An employee will not be permitted to prepare the case during working hours.

(e) Hearing.
1. The arbitrator shall hold the hearing in the City of Gainesville, unless otherwise agreed by the parties. The hearing shall commence within thirty (30) working days of the arbitrator’s acceptance of selection, or as soon thereafter as is practicable. Arbitration proceedings shall be conducted in accordance with this rule, supplemented by the Labor Arbitration Rules, published by the American Arbitration Association, as amended and effective on December 1, 2002.

2. Within thirty (30) working days, the arbitrator shall issue to the University and the employee a written order which may affirm, reverse, or alter the decision of the University.

3. The employee and the University agree that the decision of the arbitrator shall be final and binding on both parties. No judicial review of the arbitration order is available except as provided by Chapter 682, F.S.

(f) Authority of the Arbitrator.
1. The arbitrator shall neither add to, subtract from, modify, or alter the provisions of University rules, policies, or procedures, or an applicable collective bargaining agreement. Arbitration shall be confined solely to the application and/or interpretation of those provisions and limited to the matters in the Request for Arbitration Form submitted for arbitration. No statements of opinion or conclusions not essential to the determination of the matters submitted shall be permitted. The arbitrator shall not review managerial decisions other than to ensure that such actions are in accordance with the applicable procedures under review. In the case of suspension, dismissal, and reduction in pay taken as a disciplinary action, the arbitrator shall determine whether there is just cause for such action.

2. Where an administrator has made a judgment involving the exercise of discretion, such as decisions regarding non-reappointment, assignment, or severity of disciplinary action, the arbitrator shall not substitute the arbitrator’s judgment for that of the administrator. Nor shall the arbitrator review such decision except for the purpose of determining whether the decision has violated these rules.

3. The burden of proof shall be on the employee in layoff, demotion, reduction in pay, and relocation actions when not taken as a disciplinary action and in job abandonment. The burden of proof shall be on the employer in suspension, dismissal, demotion, and reductions in pay when taken as disciplinary actions.

4. The arbitrator’s order and award may reinstate an employee, with or without back pay. The back pay award shall not exceed the amount of pay the employee would otherwise have earned at the employee’s regular rate of pay and shall not be retroactive to a date earlier than the date of the occurrence of the event giving rise to the action at issue. In no situation will the award exceed the actual loss to the employee or provide attorney fees to either party.

5. The arbitrator may not award other monetary damages or penalties.

6. The arbitrator may reduce a dismissal to a suspension for such time as the arbitrator may fix, or reduce the period of suspension, which order shall be binding on the University and employee concerned.

(g) Arbitrability. Issues of arbitrability shall be bifurcated from the substantive issue(s) and, whenever possible, determined by means of a hearing conducted by conference call. The arbitrator shall have ten (10) days from the hearing to render a decision on arbitrability. If the issue is judged to be arbitrable, an arbitrator shall then be selected to hear the substantive issues, in accordance with the provisions of paragraph (7)(e) above.

STEP ONE GRIEVANCE FOR TEAMS STAFF

DATE: ______________________________________________

Statement of grievance including date of act(s) or omission(s) complained of:

_____________________________________________________________________________

Statement of remedy sought:

_____________________________________________________________________________

I understand that this grievance will not be processed if the act(s) or omission(s) complained of herein are, or become, the subject of any other administrative or judicial proceeding.
I understand that Step 1 of the TEAMS grievance procedure is an informal and non-legalistic step. Its purpose is to establish the facts giving rise to my grievance. I understand that it is my responsibility to present information in my behalf personally without representation.
I am also aware that the principals in the Step 1 meeting, if held, in addition to myself will be the University Administrator assigned by the Dean or Director responsible for my unit to address my grievance and a Representative of the Division of Human Resources.
I understand and agree that by filing this grievance, I voluntarily and knowingly waive any rights I might otherwise have to file a request for a proceeding under Sections 120.569 and 120.57, F.S. I understand that I have 21 days from the date of the University’s final decision to file a proceeding under Sections 120.569 and 120.57, F.S., regarding my substantial interest(s).
This grievance was filed with the Director of the Division of Human Resources on the _____ day of ________, 20____. The following method of delivery was utilized:

( ) Certified or Registered Mail, with restricted delivery to the Director, Division of Human Resources, and return receipt requested.

( ) Personal delivery to the office of the Director, Division of Human Resources.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History–New 2-23-82, Formerly 6C1-3.34, Amended 3-6-85, Formerly 6C1-3.51, Amended 2-9-87, 5-18-92, 10-31-99, 3-2-03.

6C1-3.054 Finance and Administration; Appointment; Technical, Executive, Administrative, and Managerial Support Staff.

(1) Technical, Executive, Administrative, and Managerial Support (TEAMS) Appointment Modifiers.

(a) The University shall use the following appointment modifiers to define the conditions of TEAMS employee appointments. Such appointment modifiers apply to the appointment of a qualified employee unless otherwise stated.

1. Regular – A continuing appointment or an original temporary appointment that may be followed by a continuing appointment. The appointment modifier is not included in the title.

2. Provisional – An appointment of a person not fully qualified, but who is expected to acquire such qualifications in a short period of time.

3. Acting – A limited time appointment that includes the assumption of additional or replacement duties.

4. Emeritus – An honorary title that may be conferred at retirement in recognition of distinguished service.

5. Multi-Year – An appointment that extends beyond twelve (12) months for exempt employees.

6. Trainee – An appointment to a law enforcement position prior to receiving a Certificate of Compliance, except that the employee must, within 180 consecutive days following such appointment, be actively enrolled in the training program to obtain the certificate. Trainee status is also used when an employee has not passed a required examination but meets the minimum qualifications for the position; the employee is not fully qualified, but is expected to acquire such qualification in a short period of time; or the appointment is under a cooperative educational program, a vocational rehabilitation program, an approved University training program, or an apprenticeship program.

7. Temporary – An appointment to provide a noncontinuing assignment to a vacant position; to replace an employee on leave, temporarily promoted or reassigned; or to overlap one employee with another for training purposes.

8. Emergency – An appointment for no more than three (3) months when a vacancy must be filled immediately due to an emergency. Such appointments may be made without regard to the employee’s training and experience or other provisions of these rules.
9. Time Limited – An appointment to a position funded by contract and grant, auxiliaries, or local funds, as appropriate, for a particular project, enterprise, or specified period. Such designation must be made to the position at the time of recruitment. A time-limited position shall have the same rights as a position with a regular appointment modifier, except such position shall not have rights provided for layoff, recall, and notice of nonreappointment.

10. Probationary – An appointment to a position in a class for the designated period, where the employee meets the minimum qualifications for the position. Continuous successful performance in a class with the appointment modifier of temporary may be counted toward completion of the required probationary period. The decision to count such time toward completion of the probationary period shall be made at the time the employee is initially appointed with probationary status.

(2) Initial Appointment to TEAMS.

(a) Definitions.

1. For the purposes of this rule, a “new” employee is one not employed by the University in TEAMS or University Support Personnel System (USPS) at the time the department or unit makes the offer of employment.

2. For the purposes of this rule, Executive Service shall denote the members of TEAMS who do not hold tenure or permanent status and who hold the title of Vice President.

(b) The initial appointment of a new employee to TEAMS in a non-exempt position shall be for a probationary period of six (6) months. During this six (6) month period, the appointment may be terminated at any time without any requirements of notice and without rights of appeal.

(c) Initial Appointment of Exempt Employees and Executive Service Appointments.

1. With the exception of appointments to Executive Service and unless otherwise specified by the hiring authority, the initial appointment of a new exempt employee to TEAMS shall be for six (6) months.

2. Employees in TEAMS designated in the Executive Service serve at the will of the President, do not have tenure or permanent status, and have no expectation of appointment beyond a 60 days’ notice period.

(d) A USPS employee who is in the probationary period and who transfers to TEAMS shall be given an initial probationary appointment of six (6) months less the time already spent in the most recent USPS probationary appointment or extension thereof. During this probationary period to TEAMS, the appointment may be terminated at any time without any requirements of notice and without rights of appeal.

(e) A USPS employee who has attained permanent status and who transfers to TEAMS shall be given an initial regular appointment to TEAMS of twelve (12) months.

(f) An Administrative and Professional (A & P) employee employed by the University on January 6, 2003, shall be given a twelve (12) month regular appointment to TEAMS on January 7, 2003, with the following exception: an A & P employee who has received a notice of non-reappointment on or before January 6, 2003, shall be given a temporary appointment to TEAMS through the last date of employment cited in the notice of non-reappointment.

(3) Regular Appointment to TEAMS.

(a) After satisfactory completion of the initial appointment, subsequent regular appointments to TEAMS shall be for a period of twelve (12) months.

(b) After satisfactory completion of the initial appointment, multi-year appointments of exempt TEAMS personnel of five (5) years or less may be made with the permission of the appropriate Vice President or Vice President’s designee in exceptional circumstances based on unique qualifications and labor market conditions.

(4) Promotion, Changes of Assignment, Demotions, and Relocations in TEAMS.

(a) A TEAMS employee may apply for a promotion, demotion, or reassignment by submitting a current employee Promotion/Reassignment/Demotion Application for Non-Exempt Technical, Executive, Administrative, and Managerial Support, Form DHR-PRD-02 Revised 10/02, incorporated herein by reference and which can be obtained from the Central Employment Center in Division of Human Resources, 4th Floor Stadium, Post Office Box 115002, Gainesville, Florida 32611.

(b) A promotion in TEAMS is the appointment to another TEAMS position or class with substantially increased responsibilities, or a permanent assignment of substantially increased responsibilities for the existing classification. An employee must meet the minimum qualifications for the position to which promoted.

(c) A TEAMS change of assignment is the appointment to a different position in the same class or in a different class having the same pay range.

(d) A TEAMS demotion is an appointment to a TEAMS class or position having less responsibility.

(e) A TEAMS relocation is the appointment of an employee from one geographic location within the University to a different geographic location within the University in excess of 50 miles from the employee’s current work location.

(f) Current University employees shall not be promoted, demoted, or reassigned outside the current college or division until the employee has completed six months satisfactory service, unless approved by the President. Approval shall be granted only by when the action is consistent with the efficient use of University resources and agreed upon by the Director of the Division of Human Resources and by both the current college or division and the receiving college or division.

(5) Pay Range.

(a) A University employee who is newly appointed, promoted, reassigned, or demoted to a regular TEAMS appointment must be paid within the pay range for the position to which he or she is appointed.
(b) If a provisional TEAMS appointment is made below the minimum of the pay range, the pay shall be increased to at least the minimum of the pay range upon the employee attaining the minimum qualifications for the class.

(c) A trainee TEAMS appointment shall be in accordance with the approved individual training schedule and, dependent upon the qualifications of the applicant, may be below the minimum of the pay range.

(d) Dependent upon budgetary considerations and the qualifications of the appointee, an emergency TEAMS appointment may be below the minimum of the pay range.

(e) The President has authority to authorize a salary outside the pay range. The President shall base this decision, which shall be made only in exceptional circumstances, on the following factors: the unique qualifications of the appointee, labor market conditions, the efficient use of University resources, and the significance of the position to the University’s mission and goals.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 3-26-80, Formerly 6C1-7.20, Amended 3-6-85, Formerly 6C1-3.54, Amended 4-30-95, 7-1-96, 3-2-03.

6C1-3.056 Finance and Administration; Resignation and Non-Reappointment of Technical, Executive, Administrative, and Managerial Support Staff.

(1) Except for an emergency situation, a member of Technical, Executive, Administrative, and Managerial Support (TEAMS) staff in an exempt position shall be required to give at least one (1) month’s notice of resignation, and a TEAMS staff member in a non-exempt position shall be required to give at least two (2) weeks notice of resignation.

(a) Definitions.

1. For the purposes of this rule, Executive Service shall denote the members of TEAMS who do not hold tenure or permanent status and who hold the title of Vice President.

2. For the purposes of this rule, a “new” employee is one not employed in TEAMS or University Support Personnel System (USPS) by the University at the time the department/unit makes the offer of employment.

(b) TEAMS employees whose positions hold appointment modifiers of Provisional, Acting, Temporary, Emergency, Time-Limited, or Probationary are not entitled to any notice of non-reappointment, and their employment ceases on the last day of the appointment unless the University issues a renewal of their appointment.

(c) At any time during any appointment, a TEAMS employee may be given written notice that regular or multi-year appointments will not be renewed as follows:

1. For employees in their initial twelve (12) months of employment, three (3) months prior to the end of the current appointment period; alternatively, TEAMS employees in their initial twelve (12) months of employment may be given written notice in the last three (3) months of the current appointment period that regular or multi-year appointments will not be renewed provided that the employee is given a temporary appointment ending three (3) months from the date of the written notice.

2. For TEAMS employees with more than twelve (12) months of service in TEAMS or USPS since the last break-in-service, at least six (6) months prior to the end of the current appointment period; alternatively, TEAMS employees with more than twelve (12) months of service in TEAMS or USPS since the last break-in-service may be given written notice in the last six (6) months of the current appointment period that regular or multi-year appointments will not be renewed provided that the employee is given a temporary appointment ending six (6) months from the date of the written notice.

3. If the effective date of the non-reappointment notice is subsequent to the expiration date of the employee’s appointment, the employee shall be issued an appointment limited to the balance of the required notice period.

(d) The decision to discontinue an appointment to a TEAMS employee shall not be based on constitutionally impermissible grounds.

(e) Following receipt of the notice of non-reappointment, a TEAMS employee may be reassigned to other duties and responsibilities or placed on administrative leave in accordance with Rule 6C1-1.201, F.A.C. Such reassignment will occur when it is determined by the University that such action best meets the employment needs of the department or unit. Regardless of a reassignment, the employee is entitled to the same amount of compensation he or she received prior to reassignment until the effective date of the non-reappointment notice.

(f) No single multi-year appointment shall exceed five (5) years in duration. Any multi-year appointment issued by the University must be approved in advance of issuance and in writing by the Vice President or designee of the unit in which the employee is appointed.

(g) No appointment shall create any right, interest, or expectancy of continued employment. At any time during any appointment, TEAMS personnel may be non-renewed upon written notice that the appointment will not be renewed as stated above.
(h) Notice of non-reappointment should be made by Certified mail with return receipt requested or hand-delivered.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History–New 3-6-85, Formerly 6C1-3.56, Amended 7-1-96, 10-31-99, 6-27-02, 3-2-03.

6C1-3.057 Finance and Administration; Workers’ Compensation.

(1) Division of Human Resources is responsible for the administration of the Workers’ Compensation, Unemployment Compensation, and the Commercial Motor Vehicle Operator Programs (Driver Licensure and Drug Testing Program).

(2) First Report of Injury or Illness – An employee shall report an on-the-job injury immediately to his or her supervisor and the Workers’ Compensation Office, Division of Human Resources, 433A Stadium.

Specific Authority 1001.74(4) FS. Law Implemented 440.03, 1001.74(19) FS. History–New 3-6-85, Formerly 6C1-3.57, Amended 4-30-95, 6-28-98, 6-3-03.

6C1-3.058 Finance and Administration; University Complaint Procedure for University Support Personnel System Employees.

(1) General Information.

(a) The purpose of this rule is to establish a prompt and efficient procedure for addressing employee complaints by University Support Personnel System (USPS) employees.

(b) The primary objective of the complaint procedure is to maintain sound employee relations. This process allows employees to bring complaints to the attention of management with the assurance that they will receive a review and be accorded fair and equitable treatment without regard to race, color, sex, religion, national origin, age, veteran status, disability, or marital status.

(c) A permanent status employee may file a complaint concerning employment or alleging that the University failed to comply with the University complaint procedure and request specific action by the appropriate university official.

(d) A USPS employee who does not have permanent status may file a complaint concerning only nondisciplinary matters affecting the employee’s terms and conditions of employment with the immediate supervisor and, finally, the next level supervisor. The USPS Complaint Form, DHR-USPS/CF-12/02 which is incorporated herein by reference, developed and maintained by the Division of Human Resources, 432A Stadium, Post Office Box 115002, Gainesville, Florida 32611.

(2) Definitions.

(a) The term “complaint,” for the purposes of this process, is defined as an allegation made by the employee that any condition affecting the employee’s terms and conditions of employment is unjust, inequitable, or creates a problem. An employee shall not have the right to file a complaint concerning evaluations of performance unless the employee alleges that the evaluation is based on factors other than performance.

(b) The term “complainant” shall mean a USPS employee who has been directly affected by an act or omission of the University or its representative and who has filed a complaint under this process.

(c) The complaint procedure is an informal, non-adversarial, in-house means of addressing employee complaints. Complaints will not be processed which are or become the subject of any other administrative or judicial proceeding.

(d) The arbitration appeal process covers suspensions, reductions in pay, transfers, layoffs, demotions, job abandonment, and dismissals. These actions are not subject to the complaint procedure.

(e) The vice president responsible for the area in which the complainant is employed and/or the Director of Division of Human Resources or designee has been designated to resolve complaints on behalf of the University.

(3) Time Limits.

(a) A complaint shall be filed no later than ten (10) working days from the date that the complainant knew or should have known of the act or omission about which the complaint is being made.

(b) All time limits contained in the complaint procedure may be extended by mutual agreement of the parties. An extension should be freely granted unless to do so would impede the resolution of the complaint.

(c) Upon the failure of the complainant to file a complaint within the time limits provided in this procedure or any extension thereof, the complaint shall be deemed to have been resolved at the prior step.

(d) The term “days” shall mean working days.

(4) Step One: Oral Discussion with Supervisor. An employee may informally present a complaint to the employee’s supervisor for discussion, consideration, and resolution within ten (10) working days from the date that the complainant knew or should have known of the act or omission about which the complaint is being made. Informal resolution is encouraged and a written complaint should only be filed after an informal resolution has proven unsuccessful. The supervisor should respond to the employee within ten (10) working days from the date of the discussion.

(5) Step Two: Department Head Review.

(a) If the employee is not satisfied with the Step One decision, the employee may present a written complaint to the administrative head of the employee’s department within ten (10) working days from receipt of oral reply from the employee’s supervisor. A copy of the written complaint shall be furnished to the employee relations manager assigned to the area. The written complaint should be clear, concise, and specifically detail what action is requested to resolve the complaint. Complaint resolutions which are beyond the reasonable control of the University shall be denied.
(b) The administrative head of the employee’s department, generally the director or a designee, will arrange for a meeting with the employee. The department head determines the scope of the review of the complaint and will decide if consultation with others is appropriate. The department head will provide a written response to the complainant within twenty (20) working days from the receipt of the written complaint.

(6) Step Three: Final Decision by Vice President. If the employee is not satisfied with the Step Two decision, a written request for review may be made through the employee relations manager to the vice president for the area in which the complainant is employed. The request for review must be made within ten (10) working days from the date of the receipt of the written response in Step Two. A copy of the request should also be provided to the department head. The vice president will review the written record and furnish a decision in writing to the employee within twenty (20) working days from the date of receipt of the complaint. A review of the written record is sufficient and no meeting is required. The decision of the vice president, or the vice president’s designee, shall be final in all complaints.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 3-6-85, Formerly 6C1-3.58, Amended 2-9-87, 11-20-90, 7-15-97, 2-11-03.

6C1-3.059 Finance and Administration; Pay Upon Appointment and Probationary Status After Promotion; University Support Personnel System Employees.

(1) Current university employees who have attained permanent status in any class may apply for a promotion, demotion, or reassignment by submitting a current employee Promotion/Reassignment/Demotion Application for the University Support Personnel System (USPS), Form DHR-USPS/PRD-02 Revised 10/02, incorporated herein by reference and which can be obtained from the Central Employment Center in Division of Human Resources, 4th Floor Stadium, Post Office Box 115002, Gainesville, Florida 32611.

(2) A University employee making such application will be treated according to current University of Florida rules. Upon the employee’s acceptance of a promotion, demotion, or reassignment, all other pending requests will be cancelled. New requests for promotion or reassignment to position(s) outside the college, division, or department of current assignment will not be accepted for a period of six (6) months or, with respect to promotion, until permanent status in the new class has been attained, whichever date is later. Additionally, employees occupying positions covered by collective bargaining agreements will be treated in accordance with any specific provision of the applicable current contract related to such actions.

(3) Advanced appointment rates for original and promotion appointments.

(a) A USPS applicant who receives a regular appointment to a USPS position must be paid the minimum of the pay grade for the class to which the applicant is appointed. A salary at a rate of pay which exceeds the minimum can be authorized, provided adequate funds are available if the applicant possesses exceptional qualifications or the department can demonstrate an inability to recruit other acceptable applicants.

(b) When a university employee receives a regular promotional appointment in the USPS, the employee must be paid at the minimum of the pay grade for the class to which he or she is appointed. A promotional salary increase which exceeds the minimum can be authorized provided adequate funds are available and the unit’s budgetary officer has approved the increase before any commitment to the employee is made regarding salary adjustment.

(c) If an employee is demoted prior to achieving permanent status in any class, the employee’s salary in the lower class is determined in the same manner as an original appointment to the lower class.

1. If an employee who holds permanent status in the USPS is demoted following promotion to a class in which permanent status has not been obtained, the employee’s pay shall be reduced to their former rate of pay for the class in which the employee last held permanent status, plus any scheduled salary adjustment the employee would have received in the lower classification.

2. A USPS employee who is demoted after achieving permanent status shall receive pay commensurate with the responsibilities assigned. The demotion may be with or without a reduction in base rate of pay depending on the employment needs of the department or unit, but the pay shall not be increased. An employee who demotes without a reduction in pay is not eligible for a pay increase for any promotion that occurs within the next six (6) months, except an increase needed to bring the employee’s salary to the base of the new class.

(d) A USPS employee who reassigns to a position with the same pay grade shall receive pay commensurate with the responsibilities assigned. The reassignment may be with or without a reduction in the base rate of pay, but not below the minimum of the appointment’s pay range, depending on the employment needs of the department or unit.

(4) Probationary Status After Promotion.

(a) A permanent USPS employee who is promoted and fails to perform satisfactorily in the new position shall be notified in writing as soon as possible that his or her work performance is unsatisfactory and that he or she will not attain permanent status in the class. The receiving department shall provide the employee with 90 days to seek a vacant position in a class where permanent status has been obtained previously or in another position for which the employee qualifies.

(b) Should the employee be unsuccessful in securing another position by the expiration of the 90-day period, or if the employee refuses an offer of employment, the employee may resign or action will be initiated to effect the dismissal of the employee for just cause.
6CI-3.061 Finance and Administration; Personnel Policy for Technical, Executive, Administrative, and Managerial Support Staff; Recruitment and Selection.

(1) General Information.

(a) The Division of Human Resources (DHR) is responsible for recruitment, examination, screening and selection for referral of all applicants for positions in Technical, Executive, Administrative, and Managerial Support (TEAMS). DHR is also responsible for approval of subsequent appointments, reassignments, promotions, and demotions.

(b) The application processing function is the responsibility of the Central Employment Center (CEC) of DHR. The authority to hire an applicant referred by the CEC is vested in the department or unit having the vacancy. The CEC shall make available to department interviewers only those applicants who appear to meet the minimum qualifications for a class vacancy and any special qualifications specific to the vacant position as outlined by the hiring department. Educational qualifications, work experience, and references must be verified prior to extending a job offer. The CEC has the specific authority to reject appointment recommendations for applicants who are not qualified or who have not been referred according to the stated procedures. The CEC will not refer current TEAMS employees with below performance standards ratings in effect without the recommendation of the Dean or Director. Should the below performance standards rating be replaced with either achieves or an exceeds rating, the employee again may become a candidate for another position.

(c) Former employees will apply to and be processed by CEC in the same manner as new applicants. Former employees terminated because of unsatisfactory performance, job abandonment, or misconduct are not eligible to be rehired. A former employee not eligible for rehire can request in writing a review by DHR of the applicant’s eligibility. The decision of DHR of any review will be final and no other appeal is available.

(2) Recruitment and Selection. The CEC shall be responsible for coordinating the recruitment activities for all TEAMS position vacancies.

(a) Announcing Vacant Positions.

1. The CEC will establish job vacancy announcements and distribute these listings to reach as diverse an applicant group as possible in accordance with the University’s Equal Employment Opportunity guidelines pursuant to Rule 6C1-1.0061, F.A.C.

2. The CEC will assist department representatives in placing advertisements. The cost of such advertisements will be approved by the hiring department before the ads are authorized to be placed and will be paid by the hiring department. CEC will make reasonable efforts to place the ads in the most cost effective manner.

3. TEAMS position vacancies will be announced for a minimum of seven (7) calendar days with the following exceptions:

   (i) Open posting positions, emergency and temporary vacancy appointments.

   (ii) Positions filled by an employee laid off, demoted, or reassigned.

Positions qualify for open posting by CEC when there is a continual need for qualified applicants in a specific class and when there is a history of difficulty in attracting qualified applicants to position vacancies at the University due to labor market conditions. When such conditions exist, the University shall accept applications and applicants shall be placed in vacancies at any time without regard to the length of time a specific vacancy has existed or the date the application was received.

(b) Application Procedures.

1. An application for an exempt TEAMS position shall consist of a current resume or vitae and a cover letter outlining the applicant’s interest in a specific position vacancy. Qualified applicants’ resumes will be forwarded by the CEC for review by the hiring authority.

2. An application for a specific non-exempt TEAMS position vacancy shall consist of an employment application entitled “TEAMS Non-Exempt Employment Application,” Form DHR-TEAMS-02, Rev. 10/02, incorporated herein by reference, developed and maintained by the CEC and may be obtained from CEC, 4th Floor Stadium, Post Office Box 115002, Gainesville, Florida 32611. Using established electronic processes, applicants who appear to meet eligibility requirements will be referred to the department for electronic review of credentials.

(c) Eligibility Determination.

1. The University of Florida TEAMS class specifications will be used to establish the minimum requirements for position vacancies. Applicant eligibility will be determined from information contained on employment applications. Applicants must meet the minimum requirements of a position unless a waiver has been requested and approved by the Director of the Division of Human Resources. Waivers must be approved before any interview of an applicant who does not appear to meet the minimum requirements may be conducted. The applicant must have education, training, and experience deemed to be equivalent and appropriate for the position by the hiring authority.

2. Applicant consideration will be discontinued when it is determined that the applicant does not meet the minimum requirements, has falsified or failed to complete an application accurately, has an unsatisfactory employment record, has a criminal history related to the position for which the applicant has applied, or which may jeopardize the safety of students, faculty, staff, or the safekeeping of confidential records and university accounts.
(d) Selection and Offers of Employment. Each department is responsible for making offers of employment to those applicants who best meet their recruiting needs as long as the selection process complies with the established recruitment process.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1001.75(3) FS. History–New 3-2-03.

6Cl-3.062 Finance and Administration; General Personnel Policy for University Support Personnel System Employees.

(1) General Information.

(a) University of Florida rules delineate the employment relationship between University Support Personnel System (USPS) staff members and the University of Florida. These rules describe certain rights, benefits and expectations that encourage professionalism, service, and contribution. Management retains all other rights and prerogatives in order to manage the University so that it may attain its mission.

(b) It is the policy of the University of Florida to make all appointments and promotions on the basis of merit and fitness and to provide equitable treatment regarding wages and salaries, employee benefits, hours and working conditions for all employees.

(c) In determining qualifications, it is recognized that the University is an Equal Opportunity Employer. It accepts its obligation as a member of the community at large to exercise a positive program of non-discrimination concerning race, creed, sex, color, or national origin, in all areas of employment-recruitment, hiring, training, assigning, promoting, use of facilities, and privileges. The cooperation of all administrative officers and other employees is expected and necessary in implementing this policy.

(d) The University of Florida Board of Trustees prescribes personnel rules for all University of Florida USPS employees and Other Personnel Services (OPS) employees. All rules and policies or procedures arising from these University-wide rules shall be consistent with the relevant provisions of Federal and State law and the Constitution of the United States of America and the State of Florida.

(e) The President of the University shall be responsible and accountable for administering the human resources programs. The President is authorized to delegate such responsibilities through University of Florida rules, written delegations, and the University of Florida Statement of Organization and Operation.

(f) The President or designee shall establish and maintain all policies, procedures, and records which are necessary to substantiate compliance with all laws and rules relating to employment.

(2) Appointment Modifiers.

(a) Regular – A continuing appointment.

(b) Provisional – An appointment to a position where the employee has not yet passed a required examination but meets the minimum qualifications for the position; the employee is not fully qualified but is expected to acquire such qualification in a short period of time; the appointment is under a cooperative education program, a vocational rehabilitation program, an approved university training program, or an apprenticeship program; an appointment to provide a nonpermanent assignment to a vacant position; to replace an employee on leave, temporarily promoted or reassigned; or to overlap one employee with another for training purposes.

(c) Time-limited – An appointment to a position funded by contract and grant, auxiliaries, or local funds, as appropriate, for a particular project, enterprise, or specific period. Such designation must be made to the position at the time of recruitment. A time-limited position shall have the same rights as a position with a regular appointment modifier, except such position shall not have rights provided for layoff, recall, and notice of non-reappointment.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 1-7-03.

6Cl-3.070 Finance and Administration; Construction; Acquisition of Professional and Design/Build Services.

(1) Professional Services.

(a) Professional Qualifications Statement. The University uses a standard professional qualifications statement, Professional Qualifications Supplement Form PQS-AE 001, Revised June 26, 2002, incorporated herein by reference, when acquiring professional services, including professional services procured under continuing contracts, which must be competitively procured in accordance with Section 287.055, F.S. The Professional Qualifications Supplement Form can be obtained from the Office of Facilities Planning and Construction, 232 Stadium, University of Florida. If there are special requirements for a project, the University will evaluate additional criteria to determine whether the applicants possess the expertise and experience necessary to perform the services being procured.

(b) Compensation. The compensation paid for professional services shall be fair, competitive and reasonable. To determine a fair, competitive and reasonable compensation, compensation shall be negotiated based on the University’s approved fee schedule, if appropriate for the type of professional services being procured, the level of complexity and the scope of the services required, and the type of the project.

(c) For purposes of this rule and all other University construction rules, professional services and continuing contracts shall have the meanings set forth in Section 287.055(2), F.S.

(2) Design/Build Services. Selection Process. Design-build services which must be competitively procured in accordance with Section 287.055, F.S., shall be acquired through a competitive proposal selection process or through a qualifications-based selection process.
(a) When using a qualifications-based selection process, the University shall use a standard professional qualifications statement, Professional Qualification Supplement Form PQS-AE 001, Revised June 26, 2002, incorporated herein by reference. The standard professional qualifications statement can be obtained from the Office of Facilities Planning and Construction, 232 Stadium, University of Florida.

(b) When using a proposal-based selection process, the University shall request formal design-build proposals and conduct interviews with no fewer than three (3) and no more than six (6) applicants. Applicants may submit their design-build proposals in such a way as to maintain their anonymity.

Specific Authority 1001.74(4) FS. Law Implemented 287.055, 1001.74(28), 1001.75(5), 1013.45 FS. History–New 6-3-03.

6Cl-3.071 Finance and Administration; Construction; Acquisition of Construction Management Services.

(1) Professional Qualifications Statement. The University uses a standard qualifications statement, Construction Manager Qualifications Supplement Form QS-CM 001, Revised June 26, 2002, incorporated herein by reference, when acquiring construction management services, including construction management services procured under continuing contracts, which must be competitively procured in accordance with Section 287.055, F.S. The Construction Manager Qualifications Supplement form can be obtained from the Office of Facilities Planning and Construction, 232 Stadium, University of Florida. If there are special requirements for a project, the University will evaluate additional criteria to determine whether the applicants possess the expertise and experience necessary to perform the services being procured.

(2) Compensation. The compensation paid shall be fair, competitive and reasonable, to provide for profit, overhead, and direct management costs plus actual costs, not to exceed a guaranteed maximum price, as applicable, depending on the nature and extent of the construction management services being provided.

Specific Authority 1001.74(4) FS. Law Implemented 287.055, 1001.74(28), 1001.75(5), 1013.45 FS. History–New 6-3-03.

6Cl-3.072 Finance and Administration; Construction; Construction Contract Bidding and Award (Contractor).

(1) In order to be eligible to submit a bid proposal, a firm must, at the time of the University’s receipt of bids:

(a) Hold the required applicable state contractor license in good standing when the project falls within the provisions of Chapter 489, F.S.;

(b) If a corporation, limited liability company, partnership or other legal entity, be legally constituted and in good standing in the State of Florida or, if not domiciled in Florida, hold a current and active foreign qualification authorization to do business in the State of Florida;

(c) Not be disqualified at the time of bid submittal through the disqualification procedures described in Rule 6C1-3.074, F.A.C.;

(d) Meet any special pre-qualification requirements set forth in the bid documents;

(e) Not have been convicted of a public entity crime within thirty-six (36) months prior to the date for receipt of bids; and

(f) Provide proof of compliance with any special requirements which are set forth in the bid documents.

(2) Within seven (7) calendar days following the bid opening date, the lowest responsible and responsive bidder, as determined by the University, must also provide:

(a) Proof of satisfaction with the foregoing requirements;

(b) A letter of intent from a surety company which meets the standards set forth in the project specifications; and

(c) Proof of insurance which equals or exceeds the insurance required for the project.

In the event the lowest responsible and responsive bidder is unable to provide any of the above documentation, such bidder shall be declared unqualified and the bid shall be awarded to the next lowest responsible and responsive bidder.

(3) Except for informalities which under the law the President is allowed to waive, a bid which is incomplete or not in conformance with the requirements of the bid documents shall be determined to be non-responsive and shall be rejected. The bid shall be awarded to the firm determined to be responsible and qualified in accordance with the bid documents and which submits the lowest priced proposal for the work.

(4) If it is in the best interest of the University, all bids may be rejected and the project may be bid again.

(5) In documented cases of emergency, the requirements of this rule can be waived and the President or President’s designee can permit negotiation with a qualified firm.

(6) When it is determined to be in the best interest of the University to reduce the price of the lowest responsible and responsive bidder to provide for an award within or closer to the construction budget, the President or designee shall negotiate the construction contract, including the specifications, with that bidder. Negotiations may be terminated and all bids may be rejected at any point in the negotiation process. The award of a negotiated contract will be made by the President.

(7) During the procurement process, the University shall also follow, when applicable, the provisions contained in Rule 6C1-3.020, F.A.C.

Specific Authority 1001.74(4) FS. Law Implemented 287.055, 1001.74(28), 1001.75(5), 1013.45 FS. History–New 6-3-03.
6CI-3.073 Finance and Administration; Construction; Bid Protests (Contractor Only).
(1) A contractor filing a protest pursuant to Section 120.57(3)(b), F.S., shall post a bond in an amount equal to:
   (a) Twenty-five thousand dollars ($25,000.00) or two percent (2%) of the lowest accepted bid, whichever is greater, for projects valued over $50,000.00; and
   (b) Five percent (5%) of the lowest accepted bid for all other projects.
(2) The bond shall be conditioned upon payment of all costs and fees which may be adjudged against the protestor in the administrative hearing. The bond must be filed no later than the time of filing of the formal protest. Failure of the protesting contractor to file the required bond within the time set forth herein shall result in an automatic dismissal of the protest.

Specific Authority 1001.74(4) FS. Law Implemented 255.0516, 1001.74(28), 1013.45 FS. History–New 6-3-03.

6CI-3.074 Finance and Administration; Construction; Evaluations of Professional Service Providers (Including Architects and Engineers), Design/Builders, Construction Managers and Contractors; Disqualification Procedure.
(1) For purposes of this rule, major project means a project the construction cost of which is in excess of One Million and No/100 Dollars ($1,000,000.00) and minor project means a project the construction cost of which is One Million and No/100 Dollars ($1,000,000.00) or less.
(2) Professional service providers under contract for a major project or a minor project which is not under a continuing contract will be evaluated by the University on a project by project basis, (a) two times per calendar year, in March and September, during the contract term, (b) upon completion of a project, and (c) at anytime the University determines there has been a material change in the quality of the firm’s performance occurring during the contract term. Professional service providers under continuing contracts with the University will be evaluated by the University on all projects performed during the contract term. These evaluations will occur (a) two times per calendar year, in March and September, during the contract term, and (b) at anytime the University determines there has been a material change in the quality of performance during the contract term. In conducting these evaluations, the University will utilize the Architect/Engineer Evaluation Form AEE 001, Revised January 22, 2003, incorporated herein by reference. The Architect/Engineer Evaluation form can be obtained from the Office of Facilities Planning and Construction, 232 Stadium, University of Florida. If, when procuring professional services, the University, in accordance with Rule 6CI-3.070, F.A.C., considered any additional criteria not set forth in the University’s standard form professional qualifications statement, the University shall also evaluate the professional service provider’s performance in those areas.
(3) Construction managers under contract for a major project or a minor project which is not a continuing contract will be evaluated by the University on the schedule set forth in subsection (2) above for evaluating firms and individuals providing professional services on major projects and minor projects which are not continuing contracts. Construction managers under continuing contracts will be evaluated by the University on the schedule set forth in subsection (2) above for evaluating firms and individuals providing professional services under continuing contracts. In conducting evaluations of construction managers, the University will utilize the Construction Manager Evaluation Form CME 001, Revised January 23, 2003, incorporated herein by reference. The Construction Manager Evaluation form can be obtained from the Office of Facilities Planning and Construction, 232 Stadium, University of Florida.
(4) Design/Builders under contract for a major project or a minor project which is not a continuing contract will be evaluated by the University on the schedule set forth in subsection (2) above for evaluating firms and individuals providing professional services on major projects and minor projects which are not continuing contracts. Design/Builders under continuing contracts will be evaluated by the University on the schedule set forth in subsection (2) above for evaluating firms and individuals providing professional services under continuing contracts. In conducting evaluations of design/builders, the University will utilize the applicable portions of the evaluation forms used in evaluating providers of professional services and in evaluating construction managers.
(5) Contractors under contract with the University to provide either major or minor projects will be evaluated by the University on the schedule set forth in subsection (2) for evaluating firms and individuals providing professional services under contract for major projects or minor projects which are not under continuing contracts. In conducting evaluations of general contractors, the University will consider all known instances of poor or inadequate performance, deficient management resulting in project delay, poor quality workmanship, and late payments to laborers, subcontractors and suppliers with whom the contractor has a direct contract and where there is no bona fide contract dispute between the contractor and such laborers, subcontractors and suppliers.
(6) In order to be evaluated, a firm must have been under contract for at least two (2) months at the time of the evaluation.
(7) Firms will be provided with a copy of each completed evaluation form and may appeal the evaluation in accordance with Chapter 120, F.S.
(8) The University may utilize the information gathered in its evaluation to evaluate a firm’s qualifications to provide services on future University construction projects and to decide whether a firm should be disqualified from providing services at the University in the future.
(9) If the University determines, whether through the evaluation process or otherwise, that any of the firms or individuals providing professional services, construction managers or contractors that it has engaged to perform professional or construction services are not providing satisfactory service to the University, the President or President’s designee will carefully review all facts and circumstances surrounding such unsatisfactory service and determine whether there is sufficient cause to warrant
disqualification from participation on future University projects. Without limitation of the foregoing, legal action between the University and the firm or individual providing professional services, the construction manager or the contractor relating to services or work performed by the firm or individual providing professional services, construction manager or the contractor which has commenced or is imminent shall constitute automatic grounds to entitle the President to disqualify the firm from performing future services at the University or to temporarily suspend the firm or individual’s right to perform future services at the University. The disqualification shall continue until the University is satisfied that the services of such firm or individual providing professional services, the construction manager or the contractor will be, at least, satisfactory to the University. The President or designee shall so notify the firm or individual providing professional services, the construction manager or the contractor of the disqualification. The notice shall set forth specifically the grounds for disqualification and the right of the disqualified firm or individual providing professional services, construction manager or contractor to request a hearing in accordance with Chapter 120, F.S.

Specific Authority 1001.74(4) FS. Law Implemented 287.055, 1001.74(28), 1001.75(5), 1013.45 FS. History–New 6-3-03.

6C1-3.075 Finance and Administration; Construction; Procedures for Payment under Unbonded Construction Projects.

(1) On all construction projects where a performance and payment bond is not required to be provided, the following procedures shall be followed to ensure that laborers, materialmen and subcontractors performing work on University projects receive the payments due to them from the contractor:

(a) The contractor, before beginning work or within two workdays thereafter, shall post in a conspicuous place on the project site the following notice:

“Notice is hereby made to all those concerned and affected that (Contractor’s Name) is performing (Project Name), (Project Number) at (Location). All parties furnishing labor and/or materials to said project are to provide such writing by certified mail to the University within twenty days of first providing such labor and/or materials. Send notices to (Address of Facilities Office).”

(b) Parties furnishing labor and/or materials on University projects should provide written notice of the same to the University by certified mail within twenty days of first providing such labor and/or materials. Notice should be sent to the facilities office whose address is provided in the project site notice.

(c) In each pay request submitted by the contractor to the University, the contractor shall certify that all items and amounts shown on the face of the pay request are correct and that all just and lawful bills against contractor and his subcontractors for labor, materials, and equipment employed in the performance of the work have been paid in full in accordance with their terms and conditions.

(d) Throughout the project, the University will retain an amount equal to ten percent (10%) of the amount of each pay request submitted by the contractor and approved by the University. In the event of payment default by the contractor, such retainage shall be utilized to pay claims as described in subsection (2) hereof.

(e) The University will not pay the retainage to the contractor until all of the following, in addition to any other requirements of the contract, have occurred:

1. The project architect/engineer or other person designated by the University for that purpose has issued a written certificate that the project has been constructed in accordance with the approved plans, specifications and approved change orders;
2. The University has accepted the project; and
3. The contractor has supplied the University with written, signed and sealed statements which identify the project name and number and which state no claims against the contractor (final release of lien) from all laborers, materialmen, and subcontractors, as defined in Section 713.01, F.S., who have provided written notice to the University that they have provided labor or materials on the project or have notified the University of non-payment by the contractor.

(2) In case of default in payment by the contractor, the laborer, materialmen, and subcontractors, as defined in Section 713.01, F.S., making claims for unpaid bills, will be paid from the ten percent (10%) retainage on a pro rata basis. To determine a claimant’s pro rata share, the sum of all claims made will be divided into each individual claim thereby deriving a percentage value for each claim. Then, the total retainage for the project will be multiplied by the claim’s percentage value and the resulting quotient shall be the pro rata share of the retainage to be paid to a claimant, not to exceed the amount of the claim.

(3) Failure to file written notice with the University in the manner provided in paragraph (1)(b) or in the event of a payment default by the contractor no later than thirty (30) days after substantial completion of the project shall constitute a waiver of any rights in the ten percent (10%) retainage.

(4) The University shall not be liable to any laborer, materialman, or subcontractor for any amounts greater than the pro rata share as determined under subsection (2).

(5) All contractors shall pay the undisputed amounts owed for labor and/or materials to all laborers, materialmen and subcontractors within the time provided in Section 255.071, F.S.

(6) For purposes of this rule, “contractor” shall have the same meaning as ascribed thereto in Section 713.01, F.S.

Specific Authority 1004.74(4) FS. Law Implemented 255.05, 1013.47, 1013.50 FS. History–New 12-31-03.

6C1-4.038 Student Affairs: Student, Spouse, Domestic Partner, and Dependent Services and Benefits.

6C1-4.002 Student Affairs: Student Government Constitution.

(1) Student Government shall be the representative of all students and is encouraged to function on campus with the recognition that ultimate authority for university affairs rests with the Board of Trustees and the Administration of the University.

(2) Every student of the University is a member of the Student Body, and is entitled to vote in accordance with the Constitution of the Student Body of the University. The Student Body Constitution has been promulgated by the students and accepted by the University as expressing the will of the students. Rights, privileges, duties and responsibilities applicable to members of the Student Body and method of government are spelled out in the Constitution. The Constitution is subject to amendment from time to time in accordance with procedures established in the instrument. The current Constitution is available to members of the student body upon request.

(3) The governing organization of the Student Body of the University of Florida is known as the Student Government of the University of Florida. Student Government is recognized as the representative of the Student Body.

(4) Student Government may propose to the president written recommendations covering the allocation of that portion of the University fees designated by law as student activity and service fees;
(5) Student Government may propose to the president written recommendations for student membership on university committees as may be designated for student representation.

(6) Student Government must submit to the president, for approval, all laws passed by the Student Senate and all proposed changes in the Student Body Constitution and By-Laws.

(7) Student Government must submit to the president, for approval all allocations and expenditures from the Student Government portion of the activity and service fee monies.

(8) Upon approval of the president, the Student Government may establish and maintain educational research centers for child development.

Specific Authority 1001.74(4), 1004.26, 1009.24(9) FS. Law Implemented 1001.74(10), (11), 1001.75(15), 1004.26, 1009.24(9) FS. History–New 9-29-75, Amended 1-28-80, Formerly 6C1-4.02, Amended 2-5-03.

6C1-4.003 Student Affairs: Student Organizations.

(1) All students are free to join University organizations. All student organizations must be officially registered in order to meet on campus and to use University facilities. All organizations are under the jurisdiction of the Assistant Director for Student Organizations. All student organizations and groups are subject to the rules of the University of Florida, including but not limited to, Rules 6C1-4.016 and 6C1-4.017, F.A.C., concerning Student Conduct Code and Academic Honesty Guidelines.

(2) In order to hold an elected or appointed student office in a student organization or student government group other than the Village Commission, a student must:

(a) Be registered as a full-time (12 credits) student in the Fall and Spring semesters or be a full-time graduate student as described in (h) below;

(b) During Summer terms, be registered for a minimum of one (1) semester hour taken during Summer terms A, B, or C. Officers of student organizations that do not actively function during the Summer terms are not required to be enrolled during any of the Summer terms;

(c) Have a minimum 2.0 cumulative academic average, a minimum 2.0 academic average for the previous semester, and be free of academic warning or probation;

(d) Be free of any obligation for fees or payments to the University;

(e) Be free of conduct probation;

(f) Be in a degree-seeking program, or be enrolled for at least twelve (12) credits as a postgraduate student, which includes a post-baccalaureate student;

(g) Correspondence courses do not count in the determination of full-time status. Students will be able to enroll for one in-residence course at another college or university and have those credits count toward full-time status only if that course is a required course and is not offered or the course was full during that semester. This provision may only be used during one semester. The student must present documentation of this from the academic department;

(h) In the case of graduate students, be a full-time registered student as determined by his or her college, or registered for eight (8) credits if he or she holds a half-time graduate assistantship, or nine credits if he or she holds a one-third time appointment. The student must also be in good academic standing with the Graduate School;

(i) In the case of a student in postgraduate status, including post-baccalaureate students, be enrolled for at least twelve (12) credits. Provided, however, that a student may not participate as an officer in a student organization for more than one semester while holding postgraduate status.

(3) Notwithstanding paragraphs (2)(a) and (b) of this rule, students in the last semester before graduation are eligible for participation in campus activities if they are enrolled for the required number of credits needed for graduation that term.

(4) Students who meet the requirements of paragraphs (2)(a) and (b) at the beginning of the semester in which they participate in student organizations and who are registered with the Dean of Students Office are eligible for continued participation with reduced credit loads. Students who need to reduce their credit load must petition the Student Activities Appeals Committee if they desire to continue participation with a student organization. The Student Activities Appeals Committee in conjunction with the Dean of Students will then review the request and make a decision to approve or deny.

(5) Students not meeting the eligibility requirements as outlined in this policy will be required to relinquish their office. Appeals to this policy must have been accepted by the ninth full week of the semester. Summer terms are not included. After the ninth full week of the semester, appeals will only be heard when the student sets forth exceptional circumstances in the appeal.

(6) If a student withdraws from the University two times in four semesters, the student will not be allowed to hold an office in any organization for one complete semester after the second withdrawal from the university.

(7) The Dean of Students Office shall conduct eligibility checks on appointed and elected student officers of all registered student organizations and major committee chairpersons each term. Students not meeting the eligibility requirements as outlined in this rule will be required to relinquish their offices. Appeals of any such decision will be heard by the Student Activities Appeals Committee, chaired by the Dean for Students, and consisting of staff from the Reitz Union, the Division of Housing, and two students appointed by the Student Body President.

(8) Appointed student positions that fall under this rule are those that are all-University in their scope and responsibility.
fails to comply with the rules and regulations of the University Board of Trustees or University policies, including but not limited to, the policies established by the Dean of Students Office as noted above.

Sorority Social Event Guidelines,” rev. 2003, the “Chapter Facility Policy,” 2003, and the University Requirements for Fraternities by the Dean of Students Office, which are the “Fraternity and Sorority House Director Policy,” rev. 1992, the “Fraternity and Sorority House Director Policy,” rev. 1992, incorporated herein by reference. Fraternities and sororities that provide housing for fifteen (15) or more students must also comply with the facilities criteria set forth in the “Chapter Facility Policy,” 2003, incorporated herein by reference and can be obtained from the Dean of Students Office.

Refer also to subsection 6C1-4.003(1), F.A.C.

(3) The right of a fraternity or a sorority to exist at the University can be revoked by the University if a fraternity or sorority fails to comply with the rules and regulations of the University Board of Trustees or University policies, including but not limited to, the policies established by the Dean of Students Office as noted above.

Specific Authority 1001.74(4), 1006.60(2) FS. Law Implemented 1001.74(10), 1006.60 FS. History–New 9-29-75, Amended 3-25-85, Formerly 6C1-4.04, Amended 10-31-99, 6-21-00, 2-5-03, 6-3-03, 12-31-03.

6C1-4.005 Student Affairs: Reitz Union.
The J. Wayne Reitz Union is an auxiliary operation constituting the “community center” of the University of Florida. The Union is run for all members of the University family: students, faculty, staff, alumni and guests.

(1) The policy making body for the Reitz Union is the Board of Managers which is a standing University committee appointed by the president of the University. All matters of policy pertaining to the operation of the Union and its program come under the direct purview of the Board of Managers. Union operation and policy must be within the framework of federal and state law and University policy. Within these guidelines, policy formulated and passed by the Board of Managers and approved by the president of the University, becomes the official policy of the Union.

(2) The Reitz Union, as the community center for the University of Florida, has a primary responsibility to students and other University affiliated persons, organizations and groups; and a secondary responsibility to all other groups and persons. The Board of Managers maintains policies and procedures for the use of both reserved space and non-reserved space by University affiliated persons, organizations, and groups; and by all other groups and persons.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (13), 810.08 FS. History–New 9-29-75, Formerly 6C1-4.05.

6C1-4.006 Student Affairs: Commercial Activity; Selling of Merchandise, Activities Involving Off-Campus Vendors.

(1) The regulation of commercial activity on the campus is necessary in order to preserve the educational mission of the University, to prevent unnecessary distraction during classes and study periods, to provide for the safety of University students and faculty and staff members, and to protect the property of students, faculty, staff, and the University.

(2) Solicitors and tradespeople, including students, faculty and other University personnel, are prohibited from entering the grounds or buildings for the purpose of conducting commercial activity with students, faculty, other personnel or visitors. This rule will not be deemed to prohibit the sale of merchandise by University budgetary units or commercial activity pursuant to a contract between the University and a vendor which provides goods or services to the University community.

(3) The term “commercial activity” shall mean any act or event which results in financial gain to the salesperson, individual(s) or organization(s).

(4) The term “commercial activity” shall not include:

(a) Solicitation and collection of funds or the sale of new merchandise or printed material by registered student organizations for the benefit of any charitable institution or organization as defined in §501(c)(3) of the Internal Revenue Code of the United States or for the benefit of programs and/or projects of an educational nature sponsored by the registered student organization, in accordance with subsection (5) below.

(b) The sale of new merchandise, solicitation and collection of funds by registered student organizations for the benefit of any student organization related project and approved by the Director of Student Activities or the director’s designee at the J. Wayne Reitz Union, in accordance with subsection (5) below.

(c) The solicitation of membership or the collection of dues from members of a registered student organization which inure to the benefit of that organization.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (13), 810.08 FS. History–New 9-29-75, Formerly 6C1-4.05.
(d) Contact between a salesperson and a student or student organization which was invited by the individual student or organization involved for his or her or its own benefit and not to involve persons not associated with the student or organization.

(e) The distribution or sale of printed material pursuant to the requirements of Rule 6C1-2.003, F.A.C.

(5) Registered student organizations wishing to sell or distribute new merchandise excluding food products, such as t-shirts, hats, bumper stickers, buttons or the like, or printed material or to solicit or collect funds pursuant to paragraph (4)(a) or (4)(b) of this rule may be allowed under the following conditions:

(a) Registered student organizations must first seek a permit from the Director of Student Activities or the director’s designee at the J. Wayne Reitz Union. Permits will not be issued if the manner of solicitation or collection will disrupt the educational function of the University or if the activities do not meet the requirements of paragraph (4)(a) or (4)(b) of this rule. The student organization should use the form “University of Florida – Office of Student Activities Program Planning Form,” Form: SAC1, Rev. 7/00, or its web based equivalent, available from that office and incorporated herein by reference. Permits are valid for the date of the specific event. Any groups failing to show a valid permit may be removed from campus at the request of the University Police Department.

(b) A statement must be provided with the request indicating how the funds raised will be used.

(c) The following areas are approved for such fundraising activities: the Plaza of the Americas, the area in front of Turlington Hall, and reservable outdoor space at the J. Wayne Reitz Union (colonnade, North Lawn, and South Terrace). Other areas will be approved by the Director of Student Activities or the director’s designee and the administrator responsible for the area only in unusual circumstances and only when the group is programmatically associated with that area.

(d) The Director of Student Activities may limit the number of permits issued for a particular area in order to maintain the educational function of the University. In such case the permits will be issued in the order that requests from those student organizations or groups meeting the requirements of this rule are received in the Director’s office.

(e) Registered student organizations are not permitted to sell food products. Distribution of food products is allowed only under the provisions of subsection (6) of this rule.

(f) Registered student organizations may sponsor on-campus activities involving a commercial off-campus vendor including food vendors only under the following conditions:

(a) Registered student organizations must first seek a permit from the Director of Student Activities or the director’s designee at the J. Wayne Reitz Union. Permits will not be issued if the manner of solicitation or collection will disrupt the educational function of the University or if the activities do not meet the requirements of paragraph (4)(a) or (4)(b) of this rule. The student organization should use the form “University of Florida – Office of Student Activities Program Planning Form,” Form: SAC1, Rev. 7/00 or its web based equivalent. The vendor must complete a Public Health Compliance form, Form SAC2, Rev. 10/01 or its web based equivalent as stated in University Rule 6C1-2.020, F.A.C. Forms are available from that office and incorporated herein by reference. Permits are valid for the date of the specific event. Any groups failing to show a valid permit may be removed from the campus at the request of the University Police Department.

(b) The registered student organization sponsoring the activity is totally responsible for all aspects of the activity, including the production and/or approval of all publicity and advertising, staffing and distribution of product and all clean up.

(c) Any food product must be donated by the vendor. The registered student organization and vendor or agency representing the vendor may not have any payment or exchange of funds, as that constitutes a sale and not a donation by the vendor.

(d) The following areas are approved for food distribution activities: Plaza of America, Norman Field, Hume Field, Maguire Field, the North Lawn of the Reitz Union after 6 p.m. and Turlington Plaza. Other areas will be approved by the Director of Student Activities or the director’s designee and the administrator responsible for the area only in unusual circumstances, taking into consideration any potential conflict with University contracts and when the group is programmatically associated with that area.

(e) The Director of Student Activities may limit the number of permits issued for a particular area in order to maintain the educational function of the University. Distribution of food products will be limited to one time/event per day per vendor. In such case the permits will be issued in the order that requests from those student organizations or groups meeting the requirements of this rule are received in the Director’s office.

(f) Advertising and publicity must reflect sole sponsorship of the activity as being that of the registered student organization.

(g) Any advertising concerning the activity, including but not limited to, poster(s), flyer(s), radio and newspaper advertisement(s), tee-shirt(s), banner(s), may reflect a commercial off-campus vendor’s support, but must not indicate or convey sponsorship by the vendor, such as using the vendor’s name in the program title, or display prominent advertising with only the off-campus vendors name and/or logo. All publicity must follow University Rule 6C1-2.003, F.A.C., University of Florida; Distribution of Printed Material.

(h) No cooking facilities (mobile or otherwise) will be permitted.

(7) Off-campus licensed food service caterers may provide food and beverage service for special events when sponsored by an official University Department or organization at University buildings not restricted under the terms of the University food service contract. Buildings restricted for University food service contractor’s use include the student residence halls, J. Wayne Reitz Union Building, Bruton-Geer Hall, grounds adjacent to these buildings, and the Sun Terrace Cafeteria including its outside dining area. Sponsoring groups may offer tickets to members of their organizations at any price, and to the general public only if the event is designated as a bona-fide fund-raising activity and the cost per ticket or donation exceeds $25.00 or more. Exceptions to this requirement may be made with special approval by the Office of the Vice President for Finance and Administration and would be
made only in unusual cases in which it is determined that the overall benefit to University programs justifies the exception. Sponsoring groups who wish to utilize off-campus caterers should assure that the caterer has an appropriate food service license and liability insurance. The sponsoring groups should also see that state laws and University regulations are followed if alcoholic beverages are to be part of the service.

(8) This rule shall not prevent off-campus Gainesville licensed food vendors from receiving and filling specific short-order food and beverage requests from students, faculty and staff members for direct delivery to campus addresses. Except as provided in subsection (7), alcoholic beverages or food prepared and sold by other than licensed vendors, and sale items in direct competition with contract vendors or University budgetary units shall not be sold on campus.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(6) FS. History–New 9-29-75, Amended 1-28-80, 8-26-81, 5-14-85, Formerly 6C1-4.06, Amended 4-17-90, 5-19-93, 7-11-94, 10-31-99, 7-8-01, 2-5-03.

6C1-4.007 Student Affairs: Confidentiality of Student Records.

(1) The President delegates to each Vice President the responsibility for maintaining the confidentiality of all records within his area of responsibility. Each Vice President may designate an individual in his or her area as the custodian of records for that area.

(2) Student records maintained in the Dean of Students Office, J. Wayne Reitz Union, Office for Student Financial Affairs, Career Resource Center, Division of Housing, and University Counseling Center, are deemed confidential. Only that information which is of a public record will be released without the written consent of the student involved. Public information includes: name, classification, local address, home address, local telephone number, electronic mail (e-mail) address, most recent previous educational institution attended, dates of attendance at the University of Florida, major, degree earned, nature and place of employment at the University, honors and awards received, participation in officially recognized or registered activities and sports, and weight and height of members of athletic teams. Counseling records and disciplinary records are not public information.

(3) Information contained in student records except that data which is public information will be open for inspection only by the student, or parents of dependent students as defined by the Internal Revenue Service, and designated members of the professional staff of the University. The department custodians of student records and their designees may release information from such records only upon written authorization from the student or as otherwise provided by law. Records which are created or maintained by the University Counseling Center and used only in connection with treatment provided to a student are available only to persons providing such treatment; provided, however, that such records can be personally reviewed by an appropriate professional of the student’s choice.

(4) The Dean or Director of each unit in the Division of Student Affairs is the official custodian of the records in his or her unit and will designate those staff members who have access to student records. The Dean or Director or the Dean or Director’s designees has responsibility for identifying those University agencies outside of the Division of Student Affairs that shall have access to the particular student records involved.

(5) All requests for research dealing with data from records are referred to the custodian of the records involved. Such requests should be in writing and should include appropriate faculty approval. In addition, the researcher will guarantee that identifiable data about any individual will not be published or made available to others.

(6) Traditional requests from scholastic honor societies (e.g., Phi Eta Sigma, Alpha Lambda Delta) for membership eligibility based on grade point average shall be granted when such requests are approved by the Dean of Students or designee.

(7) Counseling, disciplinary, and academic records are maintained separately.

(8) With the exception of Placement records, student conduct records, and records required for audit purposes in the Office for Student Financial Affairs, student records are not maintained longer than four (4) years after departure from the University unless such records reflect on the student’s eligibility to return to the University.

(9) All policies and procedures governing the maintenance and release of student records in Student Affairs offices are made public and are subject to review periodically by appropriate student, faculty, and administrative groups.

Specific Authority 1001.74(4) FS. Law Implemented 1002.22, 1006.52(1) FS. History–New 9-29-75, Amended 1-28-80, 8-4-80, Formerly 6C1-4.07, Amended 7-11-94, 5-1-96, 6-21-00, 1-19-03, 12-31-03.

6C1-4.009 Student Affairs: The University of Florida Career Resource Center.

(1) The following persons are eligible to use the facilities and services of the Career Resource Center:

(a) Students currently attending the University,
(b) Faculty and non-academic staff currently employed by the University,
(c) Students currently attending other S. U. S. Universities on a reciprocal agreement basis,
(d) Alumni of the University (graduated students), and former students who have attended the University.

(2) The facilities and services of the Career Resource Center are free to eligible persons listed in paragraphs (1)(a), (b) and (c) above except that a minimum service charge is made to cover costs of materials and services provided that are not included in appropriated expense funds authorized for the Center. These charges will be posted at the Center and include, but are not limited to, charges for:

(a) Reproducing and mailing copies of resumes, references, qualification records, and other materials,
(b) Copies of instructional booklets, schedules, listing and other printed educational materials made available for the convenience of eligible persons as defined in subsection (1) above,
(c) Any other material provided or reproduced at the request of eligible persons as defined in subsection (1) above.
(3) Eligible persons listed in paragraph (1)(d) above desiring to use the placement services of the Center must pay a registration fee of $25.00 for each six-month period of use of the Center’s services in addition to the charges listed in subsection (2) above, except that, if the only services desired are those listed in subsection (2) above a registration fee is not required.
(4) Eligible persons desiring to use the placement services of the Center must first register by completing the Career Resource Center Master Student Registration Form (Rev. 5-83) and an Interview Request Form (Rev. 5-83) for each employer with whom an interview is desired. Copies of these forms can be obtained at the Career Resource Center Office.
(5) Persons who have scheduled an employer interview must notify the Career Resource Center at least 48 hours in advance if they are unable to attend the interview. Failure to make such notification may result in suspension or revocation of interview privileges.
(6) Vocational counseling appointments are scheduled daily between 9:30 a.m. and 4:30 p.m., except weekends and holidays. Persons desiring an appointment must provide applicable information on their needs on a Career Resource Center Information Request form to be assigned an appointment date and time with an appropriate counselor.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), 240.235(1) FS. History—New 9-29-75, Amended 3-9-76, 6-7-83, Formerly 6C1-4.09.

6C1-4.010 Student Affairs: Employer Registration.
(1) Employers desiring to recruit and interview on-campus for graduating students, prior students, alumni and others who may be eligible to use the placement services must first register with the Center and meet all requirements in regard to general eligibility by providing the Center with:
   (a) Name and address of employer.
   (b) Name of employer contact and recruiter(s).
   (c) Interview date(s) desired.
   (d) Types and levels of degrees sought and graduation dates.
   (e) Titles and descriptions of job available.
   (f) Citizenship and other special requirements needed for consideration of employment.
   (g) Copies of recruiting literature for student use.
   (h) Approximate number of jobs available (if requested).
(2) Employer on-campus interview assignments will be made on a “first come” basis until all facilities are filled. A minimum of three weeks advanced notice is required to allow time for processing and notification of students. Assignments will be made for regular interview periods only.
(3) Employer representatives, to interview on campus, must sign the following statement upon arrival at the Career Planning and Placement Center for interviewing: “Each visiting employer at the University of Florida must give consideration to each applicant without regard to race, color, religion, sex or national origin”.
(4) Employer job listings will not be accepted by the Career Planning and Placement Center unless they contain complete names and addresses of the employers and persons to contact by name or title. Third party recruiting through the Career Planning and Placement Center is authorized only when the names of the potential employers are divulged and the employment agency fees are paid by the employers. Failure to meet these requirements will result in denial or withdrawal of on-campus recruiting privileges for the employers concerned.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (13) FS. History—New 9-29-75, Formerly 6C1-4.10.

6C1-4.012 Student Affairs: Grievance Procedure.
(1) The University of Florida is committed to a policy of treating all members of the University community fairly in regard to their personal and professional concerns. The procedures outlined below are designed and intended to provide students with a fair and expeditious resolution of their disputes with University of Florida faculty and/or staff.
   (a) A grievance is defined as dissatisfaction occurring when a student believes that any decision, act or condition affecting him or her is illegal, unjust, or creates unnecessary hardship. Such grievances may concern, but are not limited to the following: academic problems (excluding grades, except when there is an allegation of illegal discrimination or where a grade penalty has been imposed without proper authority), mistreatment by any University employee, wrongful assessment of fees, records and registration errors, student employment, and discrimination because of race, national origin, sex, marital status, religion, age or disability.
   (b) Prior to invoking the procedures described below, the student is strongly encouraged to discuss his or her grievance with the person(s) alleged to have caused the grievance. The discussion should be held as soon as the student first becomes aware of the act or condition that is the basis of the grievance. Additionally, or in the alternative, the student may wish to present his or her grievance in writing to the person(s) alleged to have caused the grievance. In either case, the person alleged to have caused the grievance must respond to the student either orally or in writing.
(2) Initial Review.
(a) If a student decides not to present his or her grievance to the person alleged to have caused the grievance or if the student is not satisfied with the response, he or she may present the grievance in writing to the next level supervisor. The next level supervisor should conduct an informal investigation as warranted to resolve any factual disputes. Upon the student’s request, the supervisor shall appoint a fact-finding panel of no more than three persons to conduct an investigation. The supervisor must state the terms and conditions of the investigation in a memorandum appointing the fact-finding panel. A fact-finding panel appointed hereunder shall have no authority to make recommendations or impose final action. The panel shall be limited to determining and presenting facts to the supervisor.

(b) The supervisor’s disposition of the grievance shall be reported to the student in writing and shall inform the student of the right to seek review by the appropriate Vice President as indicated in subsection (3). The supervisor’s response should be transmitted to the student within ten business days from the date the written grievance was received. If the disposition extends beyond ten business days the supervisor should inform the student of the delay and the expected response date.

(3) Appeal to the appropriate Vice President.
(a) Any student who is not satisfied with the response after the initial review may present the grievance in writing, together with the supervisor’s written response to the grievance within five business days of receipt thereof to the appropriate Vice President as indicated below:

(b) The Vice President’s action will be limited to a review of the basis for the supervisor’s disposition and will not involve a de novo factual investigation. Notwithstanding the above, the Vice President may, but is not required to, direct that further facts be gathered or that additional remedial action be taken. The Vice President’s action shall constitute final agency action.

Specific Authority 240.227(1), 240.237 FS. Law Implemented 228.093(3)(c), 228.2001 FS. History–New 9-29-75, Amended 8-4-80, Formerly 6C1-4.12, Amended 4-17-90, 7-11-94, 6-28-98.

6C1-4.013 Student Affairs: Selection of Remedies in Student Discipline.
(1) Students charged with violations of either Academic Honesty Guidelines or the Student Conduct Code shall have their cases heard by the appropriate person or body designated below:

(a) The Student Conduct Committee, the Committee’s Chairperson or his or her designee, the Assistant Director for Student Judicial Affairs, or the Director of Student Judicial Affairs, in accordance with University rules, for alleged violation of the Student Conduct Code, Rule 6C1-4.016, F.A.C.

(b) The Student Honor Court, for alleged violations of the Academic Honesty Guidelines, Rule 6C1-4.017, F.A.C., except as provided in paragraphs (d) and (e) below or unless the matter is otherwise resolved in accordance with University rules.
(c) The Coordinator for Residential Judicial Programs, Residence Directors, Residence Life Coordinators, Coordinator for Village Community Services, and the Assistant Director for Village Communities, pursuant to Rule 6C1-4.021, F.A.C., for alleged offenses of University rules relating to conduct in University housing unless the matter is otherwise resolved in accordance with University rules.

(d) The Health Center Student Conduct Standards Committee for alleged violations of the Academic Honesty Guidelines, Rule 6C1-4.017, F.A.C., by students in the College of Dentistry, Health Related Profession, Medicine, Nursing, Pharmacy, and Veterinary Medicine.

(e) The College of Law Honor Committee or the Student Honor Court for alleged violations of the Academic Honesty Guidelines, Rule 6C1-4.017, F.A.C., by students in the College of Law.

(2) Organizations subject to disciplinary actions shall have their cases heard by the appropriate person or body designated below:

(a) The Greek Judicial Board, which represents the Interfraternity Council, the Panhellenic Council, the National Panhellenic Council, and the Multicultural Greek Council. The Greek Judicial Board shall hear the case and submit a written report to the Dean of Students containing findings of facts and recommended sanctions, if any. If the fraternity or sorority is adjudicated responsible for the violation, the hearing body shall recommend one or more sanctions as provided in Rule 6C1-4.016, F.A.C. The Dean may adopt, reject or modify the Board’s findings and recommendations.

(b) The Student Conduct Committee or its designees, for all other organizations.

(3) Disciplinary adjudications under subsections (1) and (2) above shall be subject to review and/or appeal in accordance with subsections 6C1-4.016(4)(f) and (5), F.A.C. Disciplinary adjudications under subsection (2) above shall be subject to review and/or appeal in accordance with subsections 6C1-4.016(4)(f) and (5), F.A.C.

(4) The guidelines for hearing student judicial cases is sixty (60) calendar days from the date the case is referred to the hearing body or person. If the sixty (60) days has not expired at the conclusion of the fall or spring semester, and the primary individuals in the case are unavailable for a student judicial hearing or other proceeding, the running of the sixty (60) day period can be tolled until the first day of class for the following fall or spring semester. In the event the hearing body or person is unable to conduct the hearing within this time frame, the Director of Student Judicial Affairs, after consulting with the hearing body or person, may reassign the case to a different hearing body to insure that the case is resolved in a timely manner. The accused student or the original hearing body or person may appeal this reassignment, in writing, to the Dean of Students within five (5) business days after being notified of the decision. The decision of the Dean of Students shall be final.

Specific Authority 1001.74(4), 1006.60 FS. Law Implemented 120.81(1), 1001.74(10), 1006.60 FS. History–New 9-29-75, Amended 3-9-76, 4-5-77, 4-25-80, 2-11-82, 9-15-83, 3-25-85, Formerly 6C1-4.13, Amended 4-24-88, 5-18-92, 7-11-94, 4-30-95, 5-1-96, 7-18-99, 6-21-00, 5-20-02, 1-19-03.

6C1-4.014 Student Affairs: Student Conduct Code and Academic Honesty Guidelines; Pending Degrees.

(1) The University has established a Student Conduct Code and Academic Honesty Guidelines which define offenses, establish adjudicatory procedures, and prescribe penalties for violations. Provisions of the Code and Guidelines are contained in Rules 6C1-4.013 through 6C1-4.026, F.A.C. Alleged violations of campus traffic rules by students are handled by a Student Traffic Court, as provided in Rule 6C1-3.015, F.A.C.

(2) In accordance with the conditions set forth below, no degree will be conferred upon a student against whom charges have been filed involving an alleged violation of either the Academic Honesty Guidelines or Student Conduct Code, provided the student has received notice of either: charges, hearing or penalty(ies) to be imposed. When penalty(ies) has not yet been imposed for such alleged violation, and where in light of all the circumstances and available evidence, the Director of Student Judicial Affairs is of the opinion that a penalty for such alleged violation would likely be imposed, no degree will be conferred upon such student until such time as:

(a) The action is resolved; and

(b) All degree requirements are fulfilled. In the event penalty(ies) has already been imposed, no degree will be conferred upon such student until such time as the terms of any penalty(ies) are met, and all degree requirements have been fulfilled.

6C1-4.015 Student Affairs: Student Conduct Code; Scope.

Disciplinary action may be imposed for violations of the Student Conduct Code occurring at any of the following locations or activities:

(1) University campus;

(2) University owned or controlled property;

(3) Property or other housing units assigned for responsibility to the University, including, but not necessarily limited to, fraternity and sorority property;

(4) Activities sponsored by the University;

(5) Activities officially approved by the University which are conducted by University chartered organizations; and

- 540
(6) Activities occurring off-campus in accordance with Rule 6C1-4.018, F.A.C.

Specific Authority 240.227(1), 240.261 FS. Law Implemented 120.81(1), 240.132, 240.133, 240.202, 240.261 FS. History--New 9-29-75, Amended 2-11-82, Formerly 6C1-4.15.

6C1-4.016 Student Affairs: Student Conduct Code; Violations, Penalties and Procedures for Adjudication.

(1) Philosophy. The University of Florida is an institution which encourages the intellectual and personal growth of its students as scholars and citizens. As an educational institution, the University recognizes that the transmission of knowledge, the pursuit of truth, and the development of individuals require the free exchange of ideas, self-expression, and the challenging of beliefs and customs. In order to maintain an environment where these goals can be achieved safely and equitably, the University promotes civility, respect, and integrity among all members of the community. As stated in the Standard of Ethical Conduct, students are expected to exhibit high standards of behavior and concern for others. The University strives to protect and guide the educational community by establishing a Student Conduct Code and student judicial system, which promotes individual and social responsibility. Choosing to join the University of Florida community obligates each member to a code of civilized behavior. Individuals and student organizations are expected to observe the policies, rules, and regulations of the University of Florida and the State of Florida. University policies have been designed to protect individuals and the campus community and create an environment conducive to achieving the academic mission of the institution. The purpose of the Student Conduct Code is to set forth the specific authority and responsibility of the University in maintaining social discipline, to establish guidelines which facilitate a just and civil campus community, and to outline the educational process for determining student and student organization responsibility for alleged violations of University regulations. This judicial process will follow established procedures for insuring fundamental fairness and an educational experience that facilitates the development of the individual and of the organization.

(2) Violations – The following are violations of the Student Conduct Code and may result in sanctions, as provided in subsection (3) below, being imposed upon the offenders in accordance with Rule 6C1-4.015, F.A.C.:

(a) Furnishing false information to the University.
(b) Forgery, alteration, misuse or failure to provide required information on University documents, records, or identification cards.
(c) Taking or unauthorized use, possession, destruction or littering of public or private property or services or acts committed with disregard of possible harm to such property or services.
(d) Unauthorized possession, duplication or use of keys or access cards to any University premises or services.
(e) Unauthorized or attempted unauthorized entry into, on, or use of University premises.
(f) Failure to comply with lawful directives of University officials or law enforcement officers acting in performance of their duties.
(g) Disruption of the normal operations of the University and infringement upon the rights of other members of the University Community in violation of the Demonstration Policy of the University, Rule 6C1-2.002, F.A.C.
(h) Failure to comply with any University rule or regulation including the Alcoholic Beverages Rule 6C1-2.019, F.A.C.
(i) Violations of the University of Florida, Division of Housing Rules and Regulations, 2003-2004, adopted herein by reference. A copy of these rules and regulations may be obtained from the Staff and Student Development Office, Division of Housing, University of Florida, Museum Road and Thirteenth Street, P. O. Box 112100, Gainesville, Florida 32611.
(j) Action which interferes with or obstructs the student judicial process, including failure to appear at a hearing, failure to testify at a hearing, violating and/or failure to complete judicial sanctions. Nothing in this subsection shall be construed to compel self-incrimination.
(k) Possession, use, or delivery of controlled substances as defined in Chapter 893, Florida Statutes.
(l) Illegal or unauthorized possession or use of firearms, explosives, ammunition, fireworks, weapons (such as metallic knuckles, slingshot, bows and arrows, and switch-blade knives), or other deadly weapon or dangerous chemicals on University premises.
(m) Actions which cause or attempts to cause a fire or explosion, falsely reporting a fire, explosion or an explosive device, tampering with fire safety equipment or failure to evacuate university buildings during a fire alarm.
(n) Hazing, defined as an act which recklessly or intentionally endangers the mental or physical health or safety of a person, for the purpose of initiation or admission into, affiliation with, or as a condition for the continued membership in, a group or organization.
(o) Violation of any municipal or county ordinance, law of the State of Florida, or law of the United States.
(p) Ticket Scalping, i.e., selling tickets to any University of Florida function or event, or any event being held or to be held on University of Florida campus, for more than $1 over the original price.
(q) Conduct which is disorderly, lewd, or indecent; breach of peace; or disrupting or interfering with the lawful administration or functions of the University or procuring another person to participate in such conduct on University premises or at functions sponsored by, sanctioned by, or participated in by the University.
(r) Actions which are committed with disregard of the possible harm to an individual or group, or which result in injury to an individual or group including physical and sexual assault and relationship/domestic violence. This includes threats or acts to self, including but not limited to threats of suicide or suicide attempts.

(s) Acts of verbal or written abuse, threats, intimidation, harassment, coercion and/or other conduct which creates an intimidating, hostile or offensive working or educational environment, including racial and sexual harassment and stalking.

(t) Any action without authorization from the University which does or causes to, access, use, modify, destroy, disclose or take data, programs or supporting documentation residing in or relating in any way to a university computer, computer system or computer network or causes the denial of computer system services to an authorized user of such system. This includes any violation of the University Acceptable Use Policy, revised 05/06/99, with is available at the University Office of Information Technology.

(u) Failure to comply with the Academic Honesty Guidelines, Rule 6C1-4.017, F.A.C.

(3) Sanctions – A student adjudicated responsible for violations under subsection (2) of the Academic Honesty Guidelines, shall be subject to sanctions commensurate with the offense with consideration given to any aggravating and mitigating circumstances. Sanctions include one or more of the following penalties, unless otherwise expressly provided:

(a) Reprimand – The student is given formal written notice and official recognition that the behavior has violated the Student Conduct Code.

(b) Conduct Probation – The student is deemed not in good standing and cannot represent the University on any athletic team other than intramurals, hold an office in any student organization registered with the University, or represent the University in any extracurricular activity or official function. The duration of any probation period or any conditions or sanctions imposed for the violation shall be in proportion to the seriousness of the violation.

(c) Loss of University Privileges – Denial of specific University privileges including, but not limited to, attendance at athletic functions, unrestricted library use, parking privileges, university computer usage, and residence hall visitation for a designated period of time.

(d) Suspension – The student is required to leave the University for a given or indefinite period of time, the termination of which shall depend upon specified acts of the student’s own volition related to mitigation of the offense committed. The student must comply with all sanctions prior to re-admission.

(e) Expulsion – The student is permanently deprived of his or her opportunity to continue at the University in any status.

(f) Restitution – The student is required to pay for loss of or damages to University property, provided that such payment shall be limited to the actual cost of repair or replacement of such property.

(g) Reduced or Failing Grade – The student is given a reduced or failing grade for the class in which the offense occurred for violations of the Academic Honesty Guidelines, but only by the faculty member involved and upon recommendation thereof, except as otherwise provided in subsection 6C1-4.017(3), F.A.C.

(h) Community/University Service – A student is required to complete a specified number of hours of service to the campus or general community.

(i) Education Requirements – A student is required to complete a specified educational sanction related to the violation committed. Such educational requirements include completion of a seminar, report, alcohol or drug assessment, or counseling.

(j) Residence Hall Transfer or Removal – A student is required to transfer residence halls or leave the residence halls for a specified or indefinite period of time.

(k) No Contact Order – A directive to refrain from any intentional contact, direct or indirect, with one or more designated persons or group(s) through any means, including personal contact, e-mail, telephone, or third parties.

(4) Organizational sanctions will range from written reprimand and official recognition thereof through revocation of registration or permission to use or meet at campus facilities, or in the case of social fraternities or sororities, continued recognition at the University. The following criteria will be used to determine if a student group or organization is to be held collectively responsible for the action or actions of individuals when the action or actions result in a violation of the Student Conduct Code by those associated with the group or organization:

(a) The action or actions resulting in the violation have received the tacit or overt consent or encouragement of the group or organization or of the group’s or organization’s leaders, officers or spokespersons.

(b) The group or organization or its leaders, officers or spokespeople failed to take responsible precautions against the action or actions resulting in the conduct violations.

(5) Procedures for Adjudication.

(a) Prior to any disciplinary adjudication, the person(s) charged shall be furnished with a written notice of charges and procedures for requesting a hearing. The notice of charges shall be issued within ten (10) business days following completion of an investigation and determination that there is sufficient evidence to warrant judicial action. Except for emergency cases, the notice shall be issued at least ten (10) business days prior to the date of the hearing unless waived in writing by the accused student. Pre-hearing conferences may be held to review charges, resolve issues, clarify rights and procedures, and permit the inspection or copying of evidence to be used at hearings. The Dean of Students Office shall maintain a list of impartial advisors and resources available to the student for preparing his or her defense. If a student chooses to utilize an advisor, it is the student’s responsibility to identify an advisor and make appropriate arrangements for them to attend the proceedings. The advisor shall assist the student in the judicial process, but shall not speak for or present the case on behalf of a student.
(b) Hearings shall preserve the fairness of the action and rights of persons involved. Students charged with less serious violations can choose an informal proceeding or a formal hearing. Less serious violations are those violations for which removal from housing, suspension, or expulsion would not be imposed. Students charged with more serious violations will choose between a formal hearing with a conduct committee or a university hearing authority.

1. Students who choose an informal proceeding shall be accorded the right to:
   a. Have an advisor present;
   b. Be provided, prior to the proceeding, the nature and source of the evidence which will be used by the University; and
   c. Be free from compulsory self-incrimination.

2. Students who choose a formal hearing with a conduct committee or a university hearing authority shall be accorded the right to:
   a. Have an advisor present;
   b. Question adverse witnesses;
   c. Present evidence and witnesses relevant to his or her defense;
   d. Be provided prior to the hearing the nature and source of the evidence which will be used by the University; and
   e. Be free from compulsory self-incrimination.

Provisions for a record of hearings shall be made, other than for informal proceedings before the Residence Directors, Residence Life Coordinators, Assistant Director of Housing for Village Communities, Coordinator for Village Community Services, Coordinator for Residential Judicial Programs, Assistant Director of Student Judicial Affairs, or Director of Student Judicial Affairs.

(c) In cases involving potential sanctions other than suspension, expulsion or removal from housing, and provided the student was sent notice of the hearing to his or her address in the Registrar’s records or the notice was hand-delivered should the student fail to appear at the hearing, the reviewing authority will make a decision based on the written material. A decision will be issued within five (5) business days. For serious offenses which may involve a sanction of removal from housing, suspension, or expulsion, the hearing will be held only to preserve the evidence.

(d) Student judicial hearings are an opportunity for a student to challenge the content of the student’s educational record and are closed unless the accused requests an open hearing a minimum of five (5) working days before the hearing and all student witnesses concur in writing.

(e) Findings shall be based upon a preponderance of the evidence. Upon such findings, the person or body hearing the action shall determine which sanction or sanctions should be imposed in accordance with subsection (3) above. Written notice of findings and any sanction to be imposed or recommended shall be furnished to the student charged with a conduct code violation.

(f) The Student Conduct Committee, Student Honor Court and the Health Center Student Conduct Standards Committee make a recommendation to the Dean of Students concerning findings and sanctions to be imposed, if any. The College of Law Honor Committee makes a recommendation to the Appellate Board, as defined in Rule 6C1-4.0212, F.A.C., concerning findings and sanctions to be imposed, if any.

(g) If the Dean of Students determines from a review of the record, and states with particularity in a written notice to all affected persons that a finding was not based upon substantial evidence or an action did not comply with the requirements of law or applicable University Rules, the finding may be rejected and/or the case may be re-heard. If the record supports the finding, the Dean of Students can accept, modify or reject the recommended sanction.

(6) Decisions made by the Director of Student Judicial Affairs, the Assistant Director of Student Judicial Affairs, and the Coordinator of Residential Judicial Programs can be appealed to the Dean of Students. Decisions made by the Dean of Students, in cases other than decisions resulting from an appeal to the Dean from another hearing authority, can be appealed to the Vice President for Student Affairs. Appeals to the Dean of Students and the Vice President for Student Affairs (hereinafter “reviewing authority”) must be filed in writing and contact made with the reviewing authority within ten (10) business days from the date of the decision letter for the purpose of scheduling an appointment, unless otherwise agreed upon in writing by the student and the reviewing authority. The actual appointment must be scheduled within ten (10) business days of filing the appeal unless otherwise approved by the reviewing authority. If the student fails to appear for the appointment, the reviewing authority will make a decision based on the written material. Criteria for filing an appeal is limited to the following grounds: (a) the student’s rights were violated in the hearing process; (b) new material evidence that could not have been discovered at the time of the hearing; (c) the evidence did not support the decision by a preponderance of the evidence; and (d) the sanction(s) imposed were not appropriate for the violation. The decision on the appeal should be made within fifteen (15) calendar days following the meeting with the student except in exceptional circumstances. The decision of the reviewing authority shall be final.

(7) Records of disciplinary actions shall be maintained in accordance with subsection 6C1-4.026(3), F.A.C.

(8) Disciplinary sanctions which may result in limits being placed on extracurricular activities and/or registration, do not take effect until any appeal requested has been completed. If no appeal is requested, the final action with respect to the above will take effect upon expiration of the appeal time.

Specific Authority: 1001.74(14), 1006.60 FS. Law Implemented 1001.74(10), 1006.60, 1006.61, 1006.62, 1006.63 FS. History–New 9-29-75, Amended 3-9-76, 1-28-80, 3-26-80, 8-26-81, 2-11-82, 9-15-83, 3-25-85, 5-14-85, 10-14-85, Formerly 6C1-4.16, Amended 4-24-88, 5-21-89, 5-18-92, 5-19-93, 7-11-94, 4-30-95, 5-1-96, 7-15-97, 7-27-98, 10-31-99, 6-21-00, 5-22-01, 5-20-02, 2-5-03, 6-3-03.
6C1-4.0161 Student Affairs: Student Conduct Code; Prohibition of Hazing; Procedures and Penalties.

(1) Hazing Policy – Actions or statements which by design or intent amount to intimidation or hazing are prohibited, and shall be prevented and adjudicated by the University whenever possible.

(2) Definition of Hazing – In accordance with Section 1006.63, F.S., “hazing” means any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of the University. Under the statute, “hazing” includes, but is not limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or other forced physical activity which could adversely affect the physical health or safety of the student, and any activity which would subject the student to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the student. Any activity as described above upon which the initiation or admission into or affiliation with a university organization is directly or indirectly conditioned shall be presumed to be “forced” activity, the willingness of an individual to participate in such activity notwithstanding.

(3) Procedures for Implementation – Any person having knowledge of any activity or statement which may constitute hazing should contact the University office or agency with jurisdiction over the students or organization involved. Such office or agency shall take appropriate University action as necessary to enforce the prohibition. Actions shall be conducted pursuant to the Student Conduct Code, Rules 6C1-4.013 through 6C1-4.026, F.A.C. Penalties for violations of the prohibition shall be administered by the Vice President for Student Affairs through the appropriate University office or agency.

(4) Penalties – Under Section 1006.63, F.S., the University is authorized to impose the penalties described below for violation of the prohibition, regardless of whether the violation occurred on or off campus, and such penalties shall be in addition to any other penalty to which the student may be subject for violations of the criminal laws of Florida or any other applicable University rule.

(a) Penalties for individuals subject to University jurisdiction found guilty of hazing violations include the imposition of fines, the withholding of diplomas or transcripts pending compliance with the rules or pending payment of fines, and the imposition of reprimand, probation, suspension, or dismissal.

(b) Organizations subject to University jurisdiction which authorize hazing in blatant disregard of these rules may be penalized by revocation of permission for the organization to be registered, to meet on campus and to use campus facilities, and, in the case of fraternities and sororities, the right to exist at the University of Florida.

(5) Copies of this policy, and rules concerning violations, penalties, and process for enforcement will be distributed to students enrolled in the University, and shall be incorporated in the bylaws of every organization operating under the sanction of the University.

Specific Authority 1001.74(4), 1006.60, 1006.63(2) FS. Law Implemented 1001.74(10), 1006.60, 1006.63 FS. History–New 2-11-82, Formerly 6C1-4.161, Amended 3-12-03.

6C1-4.0162 Student Affairs: Student Conduct Code; Immediate Suspension Pending Hearing.

The Dean of Students or his or her designee has the authority to determine if a violation of subsection 6C1-4.016(2), F.A.C., warrants the immediate suspension of a student or a student’s organization’s privileges. The criteria to be used by the Dean of Students or designee in making this determination are:

(1) Whether the student or student organization poses a danger of serious physical harm to himself/herself or others at the University; or

(2) Whether immediate suspension is necessary to protect the health, safety or welfare of the student or others at the University. Upon making such a determination, the Dean of Students, with approval of the Vice President for Student Affairs, will suspend the student pending a hearing before the appropriate hearing body in accordance with Rule 6C1-4.013, F.A.C., and the Dean of Students will suspend a student organization pending a hearing before the appropriate hearing body in accordance with Rule 6C1-4.0162, F.A.C. No student or student organization may be removed from on-campus housing until the completion of the appropriate hearing unless it is determined by the Dean of Students that such removal is necessary to protect the health, safety and welfare of individuals or property. Said hearing will take place within a reasonable time after notification of such immediate suspension.

Specific Authority 1001.74(4), 1006.60 FS. Law Implemented 120.81(1), 1001.74(10), 1006.60 FS. History–New 9-15-83, Formerly 6C1-4.162, Amended 10-31-99, 1-19-03.

6C1-4.0163 Student Affairs: Victim Services on Campus.

The University values the dignity and safety of every individual on campus and encourages alleged victims of violence to report inappropriate behavior to the appropriate university offices, including the University Police and the Crime Victim Advocate. Alleged victims will be treated with dignity and compassion by University personnel and their privacy will be maintained, within the legal boundaries of the law. Alleged victims will be informed of their options within the criminal and campus judicial processes, and may be accompanied by an advisor through any student judicial proceeding.
Alleged victims of sexual assault may choose how to proceed within the student judicial process, although the University can proceed with judicial action without the victim’s consent if the alleged behavior is intimidating or threatening or otherwise adversely affects the accused student’s suitability as a member of the University Community. Alleged victims of violence whose case is handled by the Student Judicial Affairs Office in a formal proceeding are given various accommodations in the judicial process. Victim accommodations include:

1. Being kept informed of the status of the case throughout the judicial process, including the outcome of the judicial process.
2. Being accompanied by an advisor throughout the judicial process.
3. In cases involving sexual assault, with the recommendation of a licensed mental health care provider, the alleged victim can provide hearing testimony from a separate room, as long as it does not infringe upon the charged student’s rights to question the witness.
4. Submitting potential questions to the hearing authority for the hearing.
5. Submitting a written impact statement to the hearing body after the finding of facts which shall be considered during sanctioning, should the accused student be found responsible for the violation.
6. Having unrelated behavior excluded from the judicial hearing.
7. Remaining present, as an observer throughout the evidentiary portion of the judicial hearing after his/her testimony.

Specific Authority 240.227(1) FS. Law Implemented 240.202, 240.227(1) FS. History–New 4-30-95.

6C1-4.017 Student Affairs: Academic Honesty Guidelines.

1. All students are required to abide by the Academic Honesty Guidelines which have been accepted by the University and are set forth in this rule.
2. The conduct set forth hereinafter constitutes a violation of the Academic Honesty Guidelines. Those adjudged to have committed such conduct shall be subject to the sanctions provided in Rule 6C1-4.016, F.A.C.

a. Cheating – The improper taking or tendering of any information or material which shall be used to determine academic credit. Taking of information includes, but is not limited to, copying graded homework assignments from another student; working together with another individual(s) on a take-home test or homework when not specifically permitted by the teacher; looking or attempting to look at another student’s paper during an examination; looking or attempting to look at text or notes during an examination when not permitted. Tendering of information includes, but is not limited to, giving your work to another student to be used or copied; giving someone answers to exam questions either when the exam is being given or after having taken an exam; giving or selling a term paper or other written materials to another student; sharing information on a graded assignment.

b. Plagiarism – The attempt to represent the work of another as the product of one’s own thought, whether the other’s work is published or unpublished, or simply the work of a fellow student. Plagiarism includes, but is not limited to, quoting oral or written materials without citation on an exam, term paper, homework, or other written materials or oral presentations for an academic requirement; submitting a paper which was purchased from a term paper service as your own work; submitting anyone else’s paper as your own work.

c. Bribery – The offering, giving, receiving or soliciting of any materials, items or services of value to gain academic advantage for yourself or another.

d. Misrepresentation – Any act or omission with intent to deceive a teacher for academic advantage. Misrepresentation includes using computer programs generated by another and handing it in as your own work unless expressly allowed by the teacher; lying to a teacher to increase your grade; lying or misrepresenting facts when confronted with an allegation of academic dishonesty.

e. Conspiracy – The planning or acting with one or more persons to commit any form of academic dishonesty to gain academic advantage for yourself or another.

f. Fabrication – The use of invented or fabricated information, or the falsification of research or other findings with the intent to deceive for academic or professional advantage.

3. Faculty Determination Process.

a. When a student is alleged to have violated the Academic Honesty Guidelines, the faculty member involved should meet with the student and attempt to determine if a disciplinary proceeding is warranted. The faculty member can request that the department chair or other appropriate University official attend this meeting as a witness. The faculty member may impose the sanction of Reduced or Failing Grade and an appropriate Educational Requirement specified in subsection 6C1-4.016(2), F.A.C., without a prior recommendation if:
1. The faculty member confirms with the Dean of Students Office that the violation would be a first offense and no circumstances require the imposition of a sanction other than Reduced or Failing Grade and an Educational Requirement specified in subsection 6C1-4.016(2), F.A.C.; and

2. The student and faculty member reach agreement as to a sanction.

(b) The student shall not be permitted to drop the class once informed of a suspected academic honesty violation. Any class that is dropped in violation of this restriction shall be reinstated until the charges are resolved.

(c) The student’s agreement to a sanction shall constitute a waiver of all other available adjudicatory procedures or appeals.

(d) The faculty member shall forward a copy of the agreement with the student to Student Judicial Affairs.

(e) The faculty member involved shall refer the student to the Director of Student Judicial Affairs or his or her designee, rather than take action, if disciplinary action may be warranted, but it appears that:

1. The violation would not be a first offense;
2. A sanction such as Probation, Suspension, or Expulsion would be warranted; or
3. The student does not agree to the sanction proposed by the faculty member involved.

(f) A student who is charged with an academic honesty violation by a faculty member and who does not agree to accept the faculty member’s sanction or for whom the faculty adjudication process is not appropriate, as stated above, shall meet with the Director of Student Judicial Affairs or designee to be advised of the hearing procedures, the hearing options, and the student’s rights. The student shall indicate his or her choice of a formal hearing before the Student Honor Court, the Student Conduct Committee, or the Director of Student Judicial Affairs or designee. The case will then be referred to the appropriate body or person for investigation and action. Jurisdiction for Health Center students and College of Law students is provided in paragraphs 6C1-4.013(1)(d) and (e), F.A.C. If the selected hearing body is unable to conduct a hearing within the time provided under Rule 6C1-4.013, F.A.C., the Director of Student Judicial Affairs may reassign the matter to another hearing body or person pursuant to subsection 6C1-4.013(4), F.A.C.

Specific Authority 1001.74(1), 1006.60(4) FS. Law Implemented 120.81(1), 1001.74(10), 1006.60(4) FS. History–New 9-29-75, Amended 4-5-77, 2-11-82, 9-15-83, Formerly 6C1-4.17, Amended 5-18-92, 7-11-94, 4-30-95, 2-5-03.

6C1-4.018 Student Affairs: Off-Campus Conduct.

When a student violates city, state or federal law, by an offense committed off the campus and which is not associated with a University-connected activity, the disciplinary authority of the University will not be used merely to duplicate the penalty awarded for such an act under applicable ordinances and laws. The University will take disciplinary action against a student for such an off-campus offense only when it is required by law to do so or when the nature of the offense is such that in the judgment of the Director of Student Judicial Affairs, the continued presence of the student on campus is likely to interfere with the educational process or the orderly operation of the University; the continued presence of the student on campus is likely to endanger the health, safety, or welfare of the University Community or is intimidating or threatening to another individual within the University community; or the offense committed by the student is of such a serious nature as to adversely affect the student’s suitability as a member of the University Community. If the Director of Student Judicial Affairs determines that disciplinary action is warranted, the Director of Student Judicial Affairs shall so notify the student in accordance with subsection 6C1-4.016(4), F.A.C. The action of the University with respect to any such off-campus conduct shall be taken independently of any off-campus authority.

Specific Authority 240.227(1), 240.261(2) FS. Law Implemented 120.81(1), 240.132, 240.133, 240.227(1), 240.261, 240.262 FS. History–New 9-29-75, Amended 3-6-85, Formerly 6C1-4.18, Amended 4-30-95.

6C1-4.019 Student Affairs: Student Conduct Committee.

The Student Conduct Committee, composed of students, faculty and staff, is appointed by the President of the University for the purpose of hearing cases concerning alleged offenses under the Student Conduct Code. A hearing committee is comprised of seven (7) members. Five (5) members constitute a quorum. Recommendations for the appointment of members are made by the President.
of the Student Body, faculty members, administrators, and others, to the President of the University. Alternate members are appointed to serve in the absence of one or more regular members. When charges are referred to the Committee, the Director of Student Judicial Affairs, or his or her designee, shall advise the student of his or her rights and privileges. If the student is adjudicated responsible for violating the Student Conduct Code, the Committee shall recommend one or more sanctions as provided in Rule 6C1-4.016, F.A.C., to the Dean of Students, who will take final action.

6C1-4.020 Student Affairs: Student Honor Court.

(1) The Student Body Constitution establishes the Student Honor Court to hear violations of the regulations and procedures of the Student Body. The Student Honor Court shall hear cases involving alleged violations of the Academic Honesty Guidelines, Rule 6C1-4.017, F.A.C., except as otherwise provided.

(2) Student Honor Court actions involving students accused of violating Academic Honesty Guidelines shall be conducted in accordance with standard Student Honor Court Rules of Procedures, Rev. 8/96, incorporated herein by reference and can be obtained from the Student Honor Court Office, J. Wayne Reitz Union Room 364, University of Florida, provided that such actions shall be heard only by students currently enrolled with a minimum 2.0 grade point average, pursuant to the Student Body Constitution and Statutes, and comply with the provisions of Rule 6C1-4.016, F.A.C. If a student is adjudicated responsible for the academic honesty violation, the Court shall recommend one or more sanctions as provided in Rule 6C1-4.016, F.A.C., to the Dean for Students.

6C1-4.021 Student Affairs: Residence Hall Conduct Hearing Authorities.

Alleged offenses of Division of Housing Rules and Regulations are referred to the Director of Housing, or his or her designee who, in consultation with the Director of Student Judicial Affairs or his or her designee, shall handle student disciplinary actions which shall be heard by the Coordinator for Residential Judicial Programs, or the Director of Student Judicial Affairs, as set forth below. Students accused of violating any Division of Housing Rules and Regulations, which, in the opinion of the Director of Student Judicial Affairs, if proven, would not warrant a sanction in excess of reprimand, conduct probation, transfer from one residence area to another in University Housing, restitution, community service, counselling or other appropriate requirements commensurate with the offense, or any combination of the foregoing, may choose: (a) a formal hearing before the Student Conduct Committee or (b) an informal proceeding before the Coordinator for Residential Judicial Programs or a Residence Director or Residence Life Coordinator if residing in a residence hall, or before the Coordinator for Residential Judicial Programs or the Coordinator of Village Community Services or the Assistant Director of Housing for Village Communities, if residing in village communities. Students choosing the informal proceeding shall not receive sanctions exceeding reprimand, conduct probation, transfer from one residence area to another in University Housing, restitution, community service, counselling or other appropriate requirements commensurate with the offense, or any combination thereof. Students accused of violating any Division of Housing Rules and Regulations which, in the opinion of the Director of Student Judicial Affairs, if proven, may warrant sanctions up to probation and removal from Housing, shall choose between being heard by the Student Conduct Committee or the Director of Student Judicial Affairs or designee in a formal hearing. Cases which may warrant a sanction of suspension or expulsion shall be forwarded to the Dean of Students Office for a hearing. In cases heard by the Residence Directors or Residence Life Coordinators or the Coordinator of Village Community Services, if an adjudication of responsible is rendered, the Residence Director or Residence Life Coordinator, or the Coordinator of Village Community Services shall recommend one or more sanctions as provided in Rule 6C1-4.016, F.A.C., to the Coordinator for Residential Judicial Programs. For an offense that is a minor violation of Division of Housing regulations, as defined by the Director of Housing in conjunction with the Director of Student Judicial Affairs, the accused student will be given a written reprimand by the Residence Director or Residence Life Coordinators or the Coordinator of Village Community Services, or Graduate Hall Director and be required to complete an appropriate educational seminar or written paper, if the student has no prior violations and accepts responsibility for the violation.

Specific Authority 1001.74(4), 1006.60 FS. Law Implemented 120.81(1), 1001.74(10), 1006.60 FS. History–New 9-29-75, Amended 3-26-80, 2-11-82, Formerly 6C1-4.21, Amended 11-13-90, 5-18-92, 5-19-93, 7-11-94, 4-30-95, 10-31-99, 5-20-02, 1-19-03.

6C1-4.0211 Student Affairs: Health Center Student Conduct Standards Committee.

The President shall appoint five faculty members and two student members from each of the six Health Center colleges as members of the committee to resolve alleged violations of the Academic Honesty Guidelines within the Health Center colleges. Faculty appointed to this committee shall serve for three years. Students appointed to this committee shall serve for two years. The Director of Student Judicial Affairs will serve as an advisor and nonvoting executive secretary to the committee and will convene the committee whenever charges are referred against student(s) attending one of the Health Center colleges. The sub-committee to be convened for such hearings will be composed of the following persons: four faculty members and one student member from the college of the accused student, and two faculty members and one student from another Health Center college. Five members of the
committee, including at least one member from another college, must be present for a hearing. When such charges are referred to the committee, the Director of Student Judicial Affairs or his or her designee shall advise the student of his or her rights and privileges. If the student is adjudicated responsible for the violations, the committee shall recommend one or more sanctions as provided in Rule 6C1-4.016, F.A.C., to the Dean of Students who will take final action.

Specific Authority 1001.74(4), 1006.60 FS. Law Implemented 120.81(1), 1001.74(10), 1006.60 FS. History–New 9-15-83, Formerly 6C1-4.211, Amended 4-24-88, 4-30-95, 1-19-03.

6C1-4.0212 Student Affairs: The College of Law Honor System.

(1) STATEMENT OF PHILOSOPHY AND PURPOSE.

(a) The Honor System at the University of Florida College of Law, a part of the University of Florida Student Conduct Code, represents a commitment by students to adhere to the highest degree of ethical integrity. The Honor System is based on the fundamental principle of mutual trust – trust among students, faculty, and administrators that individuals attending the College of Law will not lie, cheat or steal. The Honor System has been designed and implemented by the students themselves, with faculty and administrative involvement, and has not been imposed by the College of Law or the University of Florida on the students. Each student who joins the College of Law community becomes a part of the Honor System and is assumed to be trustworthy unless and until proven otherwise.

(b) Students at the College of Law benefit from the Honor System because teaching and learning flourish best in an environment where mutual trust and respect form the bedrock of relationships within the community. Simply put, a strong Honor System helps create a community in which students can maximize their intellectual and academic potential. The Honor System reminds all members of the law school community that success obtained through dishonest means is no success at all.

(c) Moreover, attendance at the University of Florida College of Law is every student’s first step in becoming a member of the legal profession. Essential to the well-being of the legal profession is the presence of a sense of honor and ethical integrity among its members. The Honor System at the College of Law is therefore an integral part of proper and complete professional training.

(d) The Honor System furthers the goal of the College of Law to serve the public and the profession by producing attorneys dedicated to promoting justice, excellence, and respect for the law. The success of the Honor System depends upon the diligence with which members of College of Law community ensure that they, as well as others, uphold the letter and spirit of the Honor Code. All suspected Honor Code violations shall be reported to a member of the Honor Committee so that appropriate action can be taken. Failure to report a suspected violation of the Honor Code shall be considered a non-prosecutable dishonorable act, unless that information is otherwise privileged.

(e) The College of Law Honor System is made up of four parts: the Honor Code, the description of the Administering Bodies, the Enforcement Procedures, and the Sanctioning Guidelines.

(2) THE HONOR CODE.

(a) The Student’s Commitment. The Honor Code is an undertaking of the students at the College of Law, individually and collectively:

1. That they will not lie, cheat or steal; and
2. That they will not seek to gain an advantage over fellow students or avoid academic requirements through deceitful or illicit means.

(b) Criteria. Three criteria determine whether an honor offense has been committed:

1. Act. Was the act committed?
2. Intent. Was the act committed with purpose or knowledge?
3. Seriousness. By tolerating the act, would the community of trust be sufficiently impaired to warrant punishment under the Honor Code?

(c) Jurisdiction. This Honor Code shall have exclusive jurisdiction over all honor offenses allegedly committed by law students within the College of Law. For the purposes of this Honor Code, honor offenses are limited to acts falling within the general rubric of “academic dishonesty.”

(d) Examples. The following is a list of examples of conduct that would violate the Honor Code. This list is for purposes of illustration only, and is expressly not intended to be comprehensive of conduct violating the Code. In all cases, the jurisdiction of the Honor Code extends only to violations falling within the general rubric of academic dishonesty.

1. Having another student sign an attendance sheet or signing an attendance sheet for an absent student in circumvention of the standards set by the professor.
2. Lying to a professor about a reason for a classroom absence or a late paper.
3. Falsifying information on a resume.
4. Working with another student on a take-home test or writing project when prohibited by the professor.
5. Looking at another student’s answers during an examination for the purpose of taking advantage of that student’s work.
6. Bringing unauthorized materials into an examination room.
7. Giving another student unauthorized assistance during an examination.
8. Writing an assigned paper for another student.
10. Unauthorized taking of academic material from any University facility or office.
11. Unauthorized taking of academic material from any professor or student.
12. Plagiarism: Relying on another’s work without giving proper credit.
13. Handing in a paper written by another student or purchased or obtained from another source and representing it as one’s own.
14. Checking out a library book, removing a library book from the shelves, or tearing pages out of a library book, in order to prevent access to information by fellow students.
15. Seeking to register for courses prior to one’s allotted time without permission or authorization.
16. Receiving unauthorized assistance while competing for a place with a co-curricular organization, such as Law Review, Moot Court or Trial Team.
17. Conspiring to commit an honor offense.

(3) ADMINISTERING BODIES.
(a) The Honor Committee.
1. Purpose. The Honor Committee shall administer the Honor System at the College of Law. Members of the Committee shall be involved in the initial evaluation of all allegations of Honor Code violations. In addition, the Honor Committee shall be vested with the power to propose amendments to the Honor System to the law school community. In order to become effective, amendments to the Honor Code must be approved by majority votes of the law school faculty and the law school student body. Amendments so approved will operate as recommendations to the University of Florida Office for Student Services. They shall become effective upon the completion of any and all appropriate administrative proceedings. Finally, the Honor Committee may from time to time issue written advisory opinions, subject to review of University of Florida’s General Counsel, interpreting the Honor Code in light of allegations of Honor Code violations that come before it.
2. Jurisdiction. If a matter is referred to the Honor Committee which is outside the jurisdiction of this Honor Code, the Committee shall refer the matter to the University of Florida Office of Student Judicial Affairs.
3. Composition. The Honor Committee shall be comprised of twelve voting members, and one ex-officio member as follows: a. Students. Nine law students. One representative each for the second and third semester classes, two representatives each for the fourth through sixth semester classes, and one representative from the L.L.M. Tax program.
   b. Faculty. Two faculty members.
   c. Administration. One member of the law school administration.
   d. Office of Student Judicial Affairs. One non-voting ex-officio representative from the Office of Student Judicial Affairs.
4. Election of Honor Committee Members.
   a. Students. In order to obtain a representative body, the student members of the committee shall come from different entering classes. Accordingly, each entering class shall hold elections for one committee member at the end of its first semester and two committee members at the end of its third full semester. Students shall be eligible for election if they meet the University requirements for participation in campus activities. A student shall be considered a member of that student’s class of entry into the College of Law for purposes of voting and representation regardless of whether the student accelerates or delays graduation. Students elected in their first semester shall serve a term of one year. Students elected in their third semester shall serve a term of one and one half years. Elections shall be held each semester in coincidence with the John Marshall Bar Association (JMBA) elections. If a student fails to complete the student’s term, the Honor Committee shall accept applications from that student’s class and appoint a representative by a majority vote of the committee. The appointed student shall serve until the next election when that class shall elect a representative to serve out the remainder of the vacated seat’s term.
   b. Faculty. The Dean of the College of Law shall appoint two faculty members to the Honor Committee for two year terms, with one term expiring each year. No faculty member shall serve more than two terms consecutively.
   c. Administration. The Dean of the College of Law shall appoint an Associate or Assistant Dean to serve on the Honor Committee for a term of two years. No Dean shall serve more than two terms consecutively.
   d. Internal Positions. The Honor Committee shall elect from its student members a Chairperson and a Vice-Chairperson to serve an annual term. These elected officers will administer the Honor System’s daily affairs and one will serve on the Appellate Board.
   e. Voting. Each member of the committee, except for the ex-officio member from the Office of Student Judicial Affairs, shall have full and equal voting rights.
5. Removal of Honor Committee Members.
   a. Automatic Removal. Any student member of the Honor Committee who is found guilty of an offense under this Honor Code shall be automatically removed from office and precluded from seeking a position on the Honor Committee in the future.
   b. Removal for Cause. The Honor Committee may remove a committee member by a two-thirds vote for good cause shown.
   (b) Recusal Policy. If a member of the Honor Committee has a conflict of interest at any time during the consideration of an alleged honor offense, that member shall refuse to act in the proceeding in order to avoid any impropriety, either actual or perceived. A conflict of interest arises when a person has an interest in the honor proceeding that would render the person incapable of making an objective judgment. If a Committee member fails to withdraw, the participation of that member may be challenged as follows:
The accused shall submit this evidence to the probable cause investigator, who shall then present that evidence to the probable cause sub-committee for consideration in making its determination of probable cause. In all instances, the probable cause sub-committee shall consult the ex-officio member of the Honor Committee in making a probable cause determination. The probable cause sub-committee shall determine whether there is probable cause that an honor offense occurred. Upon formation, the sub-committee shall designate one of its members to be the investigator. The investigator shall notify the accused, accumulate evidence regarding the accusation, and submit the findings to the other two members of the sub-committee. The other two members of the sub-committee shall then determine the existence of probable cause. The investigator shall vote on the issue of probable cause only to break a tie vote between the other two members of the sub-committee.
1. Probable Cause Defined. Probable cause is defined as sufficient evidence to cause a reasonable person to believe that the accused committed the offense.

2. Probable Cause Investigation. The investigator shall begin the investigation immediately upon appointment. In deciding whether there is probable cause, the sub-committee shall consider all evidence presented to it by the investigator. The investigator may present any evidence obtained from members of the law school community to the sub-committee for consideration. During the investigation, the investigator shall solicit evidence from the accused. The accused shall be advised of the right to remain silent and warned that anything said can be used against the accused at later honor proceedings.

3. Decision to Prosecute. The decision of the sub-committee that probable cause exists shall be final. The sub-committee shall immediately notify the accused and inform the accused of the three options available for adjudication which are listed in the next section.

   (d) Student Options for Adjudication. Upon a finding of probable cause, the student shall have three options: (1) pleading guilty and proceeding to sanctioning; (2) denying guilt and requesting adjudication by the Honor Court; or (3) denying guilt and requesting an Honor Committee hearing.

   1. Pleading Guilty. Upon a plea of guilty, the case shall move directly to a sanctioning hearing by three members of the Honor Committee selected in accordance with subparagraph (4)(d)(3). During this sanctioning hearing, the guilty student shall have the right to present any mitigating circumstances for the consideration of the sanctioning panel. This sanctioning panel will then determine a sanction and recommend it to the Appellate Board for final judgment.

   2. Honor Court for Adjudication. If the student chooses Honor Court adjudication, the Honor Court proceeding shall be investigated and prosecuted in a manner identical to all other Honor Court proceedings, except:
      a. College of Law Honor Code Applied. The Chancellor or Vice-Chancellor of the Honor Court shall apply the College of Law Honor Code and the University of Florida Academic Honesty Guidelines at trial.
      b. Jury. The jury shall consist of the accused’s peers. Accordingly, the jury shall consist of four disinterested law students and two disinterested graduate students from other schools at the University of Florida. In either case the jury shall be selected through voir dire and it shall be impartial.
      c. Investigators. Investigators assigned to College of Law honor offenses shall be law students. Additionally, the Honor Court may accept the investigative report volunteered to them by the Honor Committee.
      d. Sanctioning Body. The Chancellor of the Honor Court (or Vice-Chancellor, if the Vice-Chancellor presided over the trial) together with two members of the Honor Committee, excluding any members of the concerned probable cause sub-committee, shall determine the sanction of a law student convicted of an honor offense. This sanction shall be recommended to the Appellate Board pending appeal and final judgment.

3. Honor Committee Hearing. If the student chooses a hearing by the College of Law Honor Committee, the case shall be heard by three voting members of the Honor Committee, excluding any members of the probable cause sub-committee, whom the Chairperson shall choose by random method. At least a majority of this hearing panel shall be student members. In order to assure impartiality in case of an appeal, the Chairperson shall not participate in these hearings.

   a. Procedure. The Honor Committee hearing shall be a formal hearing as provided for in the Student Conduct Code within the University of Florida’s Rules and Procedures. The accused student may have an advisor present; however, only the accused shall speak on the accused’s behalf at the hearing.
   b. Standard of Proof. In order to sustain a conviction, a majority of the hearing panel must have a reasonable belief based on the evidence submitted of the guilt of the accused.
   c. Sanctioning. Upon a finding of guilt, the hearing panel shall determine an appropriate sanction in accordance with the sanctioning guidelines. This hearing panel shall recommend this sanction to the Appellate Board for final judgment.
   (e) Appeals Process. A student convicted of an Honor Code violation has the right to appeal the judgment of conviction and sanction to the Appellate Board. A student who pleads guilty may appeal the sanction to the Appellate Board. If the Honor Committee Chairperson is recused, the Vice-Chairperson shall preside. The Appellate Board shall accept all factual findings of the Honor Court jury or the Honor Committee unless they are clearly erroneous.
   1. Time Limitation on Appeals. All appeals must be presented in writing to the Chairperson of the Honor Committee within five days after sanction has been imposed.
   2. Final Appeal. A final appeal may be made to the Vice-President for Student Affairs of the University of Florida within five days of being notified of the Appellate Board’s decision.
   (f) Substantial New Evidence. Substantial new evidence is defined as evidence that was not available to the accused during the original adjudication with the exercise of reasonable diligence. If at any time subsequent to an honor offense conviction, a convicted student discovers “substantial new evidence, “the convicted student may petition the Appellate Board to determine whether further proceedings are warranted.
   (g) Voluntary Withdrawal. If an accused withdraws from the College of Law after a probable cause sub-committee has been convened to investigate the accusation and prior to a determination of the existence of probable cause or the ultimate determination of guilt or innocence, the following will take place:
   1. Records Flagged. The accused’s transcript and registration shall be flagged in accordance with University procedures. A copy of the flagged transcript shall be kept in the Dean’s Office at the College of Law.
2. Investigation Completed. The investigation into the accusation shall continue until all available evidence is collected and any witness testimony is recorded under oath in preparation for adjudication. Once the investigation is completed, the proceeding shall be stayed and files stored in accordance with subparagraph (3)(d)2., of this Honor Code.

5. SANCTIONING GUIDELINES.

(a) General Sanctions. The sanctioning body shall have full range of sanctioning authority from issuing an official reprimand to expulsion. The following sanctions reflect the minimum penalty the College of Law community shall impose when a fellow student breaches the Honor Code.

1. Records Flagged. A conviction for violating the College of Law Honor Code shall be made a permanent part of a student’s academic records at the Dean’s Office at the University of Florida College of Law. The central records of the University of Florida shall be flagged in accordance with University procedure.

2. Bar Notification. The Honor Committee shall direct that the appropriate state and federal bar association(s) are notified of all Honor Code convictions.

3. Reprimand. With the exception of those students who are expelled, suspended or placed on conduct probation, every student convicted of an honor offense shall receive a reprimand.

(b) Specific Sanctions. If a student is convicted of the following offenses, the College of Law sanctioning body shall recommend the specific sanctions listed below. However, upon a finding of extraordinary circumstances, the sanctioning body may diverge from the guidelines in order to best serve justice in the particular case. Extraordinary circumstances include, but are not limited to, a situation where the accused has come forward with a conscientious admission.

1. Academic Work. If a conviction involves cheating on a graded assignment, the convicted student shall receive a failing grade in the course.

2. Co-Curricular Competitions. If a conviction involves a co-curricular competition, the convicted student shall be disqualified from the competition and from future membership in the specific co-curricular organization. Depending on the severity of the offense, the student may be prohibited from participating in other co-curricular competitions as well.

3. Career Placement. If a conviction involves career placement, the convicted student will forfeit all future rights to participate in on-campus law school interviews.

4. Restitution. If the University of Florida has incurred any monetary loss as a result of an Honor Code violation, the convicted student shall be required to make full restitution.

(c) Optional Sanctions. The sanctioning body may recommend any of the sanctions listed below in addition to the sanctions listed in paragraphs (a) and (b) above when the offense warrants further or more specific sanctions. The sanctioning body shall strive to tailor the sanctions to fit the offense.

1. Expulsion. If a conviction warrants, or if a student has a prior conviction, the student may be expelled from the University of Florida.

2. Suspension. If a conviction warrants, or if a student has a prior conviction, the student may be suspended from the University of Florida. Suspension may be for no shorter than the remainder of a contemporaneous semester and may be for no longer than three years.

3. Conduct Probation. If a conviction warrants, the student may be placed on conduct probation as defined in the University of Florida Student Conduct Code. The sanctioning body shall recommend the length of conduct probation it deems appropriate in each case.

4. Law Library Privileges. If a conviction warrants, the convicted student may forfeit the right to use library reserve materials unless the materials are required by a Professor.

5. Clinical Programs. If a conviction warrants, the convicted student may forfeit the right to participate in professional clinics.

6. Co-curricular activities. If a conviction warrants, the convicted student may forfeit the right to participate in Co-curricular activities.

7. Reduction of Registration Priority. If a conviction warrants, the convicted student may be assigned the last registration time-slot for the convicted student’s class.

8. Educational Sanctions. The sanctioning body may require the convicted student to attend counseling, seminars, or other appropriate educational programs.

9. Community Service. The sanctioning body may require the convicted student to devote a specified number of hours to community service activities.

(d) Mitigating/Aggravating Factors. The sanctioning body shall consider the following factors in prescribing a sanction in order to assure that the sanction fits the offense:

1. Conscientious Admission. A student who voluntarily admits mistake, before gaining any knowledge that someone else may suspect that student of an honor offense, shall be entitled to have this admission considered as a mitigating factor upon sanctioning. This is because a student who has the courage and integrity to come forth with a good-faith admission has reaffirmed a personal commitment to honor. Any student interested in making a conscientious admission should contact an Honor Committee member immediately. After discussing the matter with the committee member, the student should prepare a written statement fully acknowledging any and all dishonest acts the student has performed during the particular incident in question, and should have all parties affected by the student’s actions sign and date the document. The statement should include a clause attesting to the fact that
the student admitted the acts before being approached by anyone concerning the matter. Any member of the Honor Committee contacted by a student wishing to make a conscientious admission shall immediately notify the Chairperson or, if the Chairperson is unavailable, the Vice-Chairperson.

2. Prior Convictions. Prior convictions under the Honor Code shall be considered as aggravating factors during sanctioning.

(e) Victims Rights. The involved faculty member or student or other victim shall have the right to appear before the sanctioning body and present information concerning the appropriate sanction.

(f) Other Jurisdictional Sanctions. Each student’s actions are also subject to federal, state, and local laws which are beyond the jurisdiction of the College of Law.

Specific Authority 240.227(1), 240.261 FS. Law Implemented 120.81(1), 240.133, 240.202, 240.261 FS. History–New 7-11-94, Amended 4-30-95, 5-1-96.

6C1-4.022 Student Affairs: Postponement of Disciplinary Hearing Due to Pending or Possible Criminal or Civil Charges.
If the student charged with a violation of the Student Conduct Code wishes to have the hearing postponed because there is pending or possible, civil or criminal litigation which he or she feels might be prejudiced by the findings of the hearing, such postponement may be granted provided the student requests a hearing before the appropriate primary judicial body and the hearing is held. The student shall be informed whether he or she would be placed on probation or suspended prior to making a decision to postpone the hearing. The deadline to request a hearing postponement is five (5) business days from the date of the first informational meeting. Following the approval of a hearing postponement, the student is allowed 30 calendar days to reschedule a hearing.

Specific Authority 1001.74(4), 1006.60 FS. Law Implemented 120.81(1), 1001.74(10), 1006.60 FS. History–New 9-29-75, Formerly 6C1-4.22, Amended 1-19-03.

6C1-4.023 Student Affairs: Student Waiver of Right to Formal Disciplinary Hearing.
In the event a student charged with a violation of Rule 6C1-4.016, F.A.C., desires to waive the right to a formal hearing by the appropriate official or hearing body designated in Rule 6C1-4.013, F.A.C., and the student so indicates in writing, the Director of Student Judicial Affairs, Assistant Director of Student Judicial Affairs, Coordinator of Residential Judicial Programs or Residence Directors, provided he/she agrees to accept jurisdiction, may make a determination of fact in an informal proceeding and take appropriate action concerning the alleged violation.

Specific Authority 240.227(1) FS. Law Implemented 120.81(1), 240.132, 240.133, 240.227(1), 240.261 FS. History–New 9-29-75, Amended 4-24-88, 4-30-95.

6C1-4.024 Student Affairs: Summary Disciplinary Hearing.
Notwithstanding anything contained in Rule 6C1-4.023, F.A.C., in the event a student charged with a violation of Rule 6C1-4.016, F.A.C., which, in the opinion of the Director of Student Judicial Affairs, if proven, would not warrant a penalty in excess of two semesters probation, and the student does not waive his or her right to a hearing before the appropriate official or hearing body as provided in Rule 6C1-4.013, F.A.C., the hearing can be held before the Chairperson of the Student Conduct Committee, the Assistant Director of Student Judicial Affairs, or the Director of Student Judicial Affairs rather than before the full Committee. The hearing shall be held in accordance with procedures outlined in the Student Conduct Code, subsection 6C1-4.016(4), F.A.C.

Specific Authority 1001.74(4) FS. Law Implemented 120.81(1), 1001.74(10), 1006.60 FS. History–New 9-29-75, Amended 9-15-83, Formerly 6C1-4.24, Amended 5-18-92, 1-19-03.

6C1-4.025 Student Affairs: Conflict of Jurisdiction in Student Discipline.
In the event that a matter involving student discipline is within the jurisdiction of more than one primary judicial body, the Director of Student Judicial Affairs shall determine which judicial body shall hear the charge.

Specific Authority 240.227(1) FS. Law Implemented 120.81(1), 240.132, 240.133, 240.227(1), 240.261 FS. History–New 9-29-75, Formerly 6C1-4.25.

The transcripts and future registration records of students subject to disciplinary action are flagged in accordance with the following guidelines:

(1) The Dean of Students Office will flag the records where:

(a) Such a request is made by the UF Student Honor Court due to pending action for which a penalty may be assessed under the Academic Honesty Guidelines;

(b) A student has committed disciplinary acts culminating in suspension and/or expulsion;
(c) A student has failed to appear before the Director of Student Judicial Affairs or designee, the Coordinator of Residential Judicial Programs or the Student Honor Court when reasonably notified as to his or her involvement in disciplinary matters;

(d) A student with severe behavior problems is no longer attending the University, and it is the determination of the Director of Student Judicial Affairs that a complete review of his or her record is to be made prior to readmission.

(2) When a student requests issuance of his or her transcript to another educational institution, outside agency or individual, such transcript shall be issued subject to the following guidelines:

(a) If the student has had a disciplinary action taken against him/her which falls under paragraph (1)(a) or (b) above, the transcript can only be sent with an overlay indicating that disciplinary action has been or will be taken, and in situations involving paragraph (1)(c) or (d) above, the Director of Student Judicial Affairs will review the record to determine and decide whether the transcripts should be sent with an overlay.

(b) The overlay states: “This transcript reflects only the academic record of the student; this student currently is not in good standing and further information should be requested from the Dean of Students Office.”

(3) The Dean of Students Office has adopted the following Retention of Records Policy: Student disciplinary records will be maintained in the Dean of Students Office for a period of six years from the student’s matriculation at the University. Student conduct records shall be retained for longer periods of time or permanently if the student was expelled, dismissed, suspended or blocked from enrollment and in situations that may result in future litigation. The student conduct file of an accused student shall be destroyed if the student is not found responsible for violating the Student Conduct Code. Notwithstanding the foregoing, if during the semester of the student’s graduation, the student requests in writing that his or her disciplinary record be destroyed, that record will be evaluated. The record will be destroyed provided the student had committed only one disciplinary violation which resulted in a written reprimand, and did not:

(a) Cause personal injury;
(b) Cause property damage;
(c) Result in a felony violation of a state controlled substance law;
(d) Disrupt the orderly operation of the University;
(e) Violate the firearm, explosives, dangerous chemicals, ammunition or weaponry regulations of the University;
(f) Rise to the level of magnitude, or impact of violations described in paragraphs (a)-(e) above; or
(g) Comes within the jurisdiction of the Off-Campus Conduct section of the Student Conduct Code.

Specific Authority 1001.74(4), 1006.61 FS. Law Implemented 120.81(1), 1001.74(10), 1006.60 FS. History–New 9-29-75, Amended 9-15-83, Formerly 6C1-4.26, Amended 5-18-92, 5-19-93, 6-21-00, 3-12-03, 12-31-03.

6C1-4.027 Student Affairs: Student Employment.

(1) Students desiring to work for the University of Florida must complete a general information data sheet and obtain a work permit.

(2) All job openings are publicly displayed and all applicants are considered.

(3) The Student Employment Office administers employment and payroll matters for University of Florida students only.

(4) No student is permitted to actually begin work before sign-up is completed in the Student Employment Office.

(5) Payroll appointment forms must be received by the Student Employment Office not later than 5:00 p.m. two (2) work days prior to the end of the pay period.

(6) Students will be approved to work as follows:

Undergraduate Graduate

Exceptions will be evaluated by petition, and variances approved based on existing circumstances.

(7) Rates of pay for student employees are administered by uniform pay schedules developed by the Office for Student Financial Affairs in coordination with the Division of Human Resources.

(8) Emergency payroll checks are approved and processed for any student missing the payroll due to error made by the Student Employment Office.

(9) Employment verification is limited to place and length of employment. All other information released must be done at student request.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (3), (5), (7), 240.237 FS. History–New 9-29-75, Amended 4-5-77, Formerly 6C1-4.27.
6C1-4.028 Student Affairs: Financial Aid.

(1) The University of Florida administers all aid programs according to federal, state and institutional laws, policies, and guidelines and makes every effort to maximize the assistance to the extent of fund availability to all students who qualify and are eligible for financial aid without regard to race, sex, religion, creed, national origin, age or physical handicap. University of Florida loans, grants, scholarships and student employment programs eligibility requirements are determined by the President based on recommendations from the Student Financial Affairs Committee. This committee is appointed annually by the President, is composed of academic and administrative representation of the various colleges and departments of the University and includes four student members. The committee is responsible for:

(a) Evaluating student aid policy and recommending changes when needed to achieve the goals of the University;
(b) Making periodic review and evaluation of the Student Financial Affairs department’s administrative capability and recommending improvements; and
(c) Serving as an appeals body for student aid grievances.

(2) Use of Financial Aid. Financial aid funds are used to assist students in pursuit of their higher education goals. The primary purpose of student aid is to provide financial resources to students who would otherwise be unable to attend school. The major uses for financial aid funds are to meet needy student requirements, academic programs, merit scholarships, and Affirmative Action. Funds to meet the goals of the University are obtained from the Student Financial Aid Fee, Other Personal Services (OPS) allocations, interest income, fee waivers, fines and penalties, foundation funds, and Charity Day Race proceeds.

(3) Distribution of Financial Aid. The University of Florida, Office of Student Financial Affairs, will disseminate financial aid information to parents and students; provide financial aid applications beginning January 1 each year for the upcoming fall term; notify parents and students of their award eligibility; and keep records and statistical financial aid data for the University.

(a) Need-Based Aid. Funds are distributed on a priority basis to students who apply after January 1 each year and who have a demonstrated financial need, as determined by a nationally recognized need-analysis system, and who complete all student aid application requirements. The optimum financial aid package varies considerably due to student classification, family financial status, availability of funds and application date. It is the objective of the Office for Student Financial Affairs to provide needy students with an equitable distribution of gift aid and self-help.

(b) Academic Merit and No-Need Awards. Academic merit, or no-need assistance, is awarded to University of Florida students according to their academic standing, achievement test scores, or ability to contribute to the institution.

(c) Affirmative Action. In support of the State of Florida and University of Florida Affirmative Action goals, special programs have been implemented that earmark financial aid (e.g., grants, scholarships, waivers) funds to support this effort.

(d) Talent and Performance Awards. The University recognizes special student talents and qualities in artistic, athletic, technical and other areas, and awards scholarships, grants, and waivers for such contributions.

(4) Applications for financial aid and the supporting parent/student financial information documents must be received by certain dates established by the Office for Student Financial Affairs. Such dates are announced by the Director of Student Financial Affairs through appropriate news media and other mass communications means in sufficient time to allow applicants to meet the established deadline. Funding of applicants who submit applications and financial documents after the established deadline is contingent upon appropriations and the availability of student aid funds. All undergraduate applicants must apply for the Federal Pell Grant, and all Florida resident undergraduate applicants must apply for the Florida Student Assistance Grant.

(5) The Office for Student Financial Affairs requires the completion of a parent/student financial statement called the Free Application for Federal Student Aid (FAFSA). This document is produced by the Federal Department of Education. Requests for financial assistance are recognized upon receipt, by Student Financial Affairs, of results from the need analysis of information reported on the FAFSA, except in instances where State and Federal regulations specify other needs analysis systems or in situations where the Office for Student Financial Affairs agrees to accept equally reliable analysis documents.

(6) Students must notify the Office for Student Financial Affairs of any change in their personal financial resources and that of their parents’ that might have a bearing on their financial aid award.

(7) Eligibility for postponement of payment of University fees will be based on the projected arrival date of the resource from which fees are to be paid.

(8) Petitions for review of decisions made by the Office for Student Financial Affairs will be accepted for the following reasons:

(a) If student or parent disagrees with a decision of the office;
(b) To provide supplemental information for purposes of amending a student’s original request.

(9) Students may request a hearing with the following committees to appeal any action concerning their financial aid applications:

(a) Students who elect to appeal a decision concerning their failure to maintain satisfactory academic progress in accordance with the policy established by the Student Financial Affairs Committee may request a hearing by the Academic Progress Appeals Committee.
(b) Students who elect to appeal any other decision concerning their financial aid award or application may request a hearing by the Student Financial Affairs Committee.

Specific Authority 240.227(1), 240.287, 240.4042(2) FS. Law Implemented 240.287, 240.4042, 240.437 FS. History–New 9-29-75, Amended 4-5-77, 8-4-80, Formerly 6C1-4.28, Amended 12-28-87, 5-23-96.
6C1-4.029 Student Affairs: University Housing; Assignment Priorities.
Assignment priority for first-time-in-college students to University housing space is based upon the date of receipt of prepayment for dormitory rent for single student housing or the date the application is received for family student housing.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (12), (13), (17) FS. History–New 9-29-75, Amended 8-19-79, Formerly 6C1-4.29.

6C1-4.031 Student Affairs: University Single Student Housing; Requirement for Signed Agreement.
Students occupying space in University Residence Halls are required to execute an agreement entitled “Residence Hall Agreement”, Form CG, effective September 1, 1999, which can be obtained from the Office of University Housing, University of Florida, Gainesville, Florida 32611, and which is hereby incorporated by reference.

6C1-4.032 Student Affairs: University Married Student Housing; Requirement for Signed Agreement.
Students and families occupying University Housing are required to execute an agreement entitled “Family Housing Registration Certificate”, Rev. 8/95, which is available from Office of University Housing, and which is hereby incorporated by reference.

6C1-4.035 Student Affairs: Health and Accident Insurance Requirements for Foreign Students.
No foreign student shall be permitted to register or be permitted to continue enrollment at the University of Florida without demonstrating that he or she has adequate medical insurance coverage for illness or accidental injury. A medical insurance policy or certificate that restricts its use to a specific institution, hospital clinic, infirmary or other health care agency, restricts its use to a particular locale, or provides that the insurance proceeds are not payable in United States currency will not be deemed adequate.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (8), 240.233(3) FS. History–New 8-15-78, Formerly 6C1-4.35.

6C1-4.036 Student Affairs: Involuntary Withdrawal for Medical or Psychological Reasons.
(1) A student who poses a significant danger of imminent or serious physical harm to himself/herself or others at the University will be involuntarily withdrawn from attendance at the University by the Vice President for Student Affairs or his/her designee upon appropriate consultation with the Director of the Student Health Care Center, the Director of the University Counseling Center and the Dean of Students or their respective designees.
(2) A student subject to involuntary withdrawal shall be furnished:
   (a) Notice of intent to render a determination pursuant to this rule and the reasons thereof, prior thereto;
   (b) An advisor designated by the Dean of Students;
   (c) An opportunity to present relevant information for consideration of his/her case personally or by representation.
(3) If at any time the Vice President for Student Affairs or his/her designee determine, upon a review of all available information and surrounding circumstances, that any student’s condition presents a danger of significant harm to the student or others, the student will be subject to a temporary withdrawal, pending a further determination. A student subject to such withdrawal shall be offered an opportunity to meet with the Vice President of Student Affairs or his/her designee, immediately prior thereto and within thirty-six hours thereafter, to discuss the matter and shall be offered the opportunity to provide credible documentation from an appropriate healthcare provider who has conducted a reasonable assessment of the student and concluded that the student does not pose a significant present or imminent threat to himself/herself or others.
(4) A student subject to involuntary withdrawal shall receive a refund of fees on medical grounds, as provided in Rule 6C1-3.0371, F.A.C. Applications or petitions for readmission by students subject to involuntary withdrawal shall be considered and evaluated as provided in subsections (1) and (2) above.

6C1-4.038 Student Affairs: Student, Spouse, Domestic Partner, and Dependent Services and Benefits.
(1) Full-time students, their spouses, and qualified dependent children are eligible for the services and benefits set forth in the Undergraduate and Graduate Catalogs and the student government sponsored insurance, which is available for purchase by University students.
(2) Domestic partners of full-time students who qualify under the University’s Domestic Partner Services Policy, Rev. 03/02, and their qualified dependents, are eligible for certain services and benefits as provided in the Undergraduate and Graduate Catalogs and the student government insurance, which is available for purchase by University students. The criteria for domestic partners of full-time students and their dependent children is also set forth in the above documents, incorporated herein by reference.

(2) Students may obtain the required immunizations at the Student Health Care Center or at another licensed health care provider of their choice. In either case, the cost of the immunization will be borne by the student.

(3) The required immunization(s) may be waived by the appropriate college upon receipt of appropriate documentation from the student that the administration of immunizing agents conflicts with the student’s religious tenets or practices.

Specific Authority 240.227(1) FS. Law Implemented 240.227(8) FS. History–New 5-21-89, Amended 11-13-90, 7-17-97.

6C1-5.076 University of Florida College of Medicine Policies and Procedures for Discipline, Grievances, Nonrenewal, Suspension or Dismissal of a Resident.

(1) The position of the resident (the term resident applies to interns, residents and fellows) presents the dual aspects of a student in post-graduate training and a participant in the delivery of patient care. A resident’s continuation in the training program is dependent upon satisfactory performance as a student and the maintenance of satisfactory professional standards in the care of patients. Behavior that reflects poorly on the professional standards, ethics and collegiality are all components of a resident’s academic evaluation. Disqualification of a resident as a student or as a member of the health care team disqualifies the resident from further continuation in the program.

(2) Grievances: A grievance is defined as dissatisfaction when a resident believes that any decision, act or condition affecting his or her program of study is arbitrary, illegal, unjust or creates unnecessary hardship. Such grievance may concern, but is not limited to, the following: academic progress, mistreatment by any University employee or student, wrongful assessment of fees, records and registration errors, discipline (other than nonrenewal or dismissal) and discrimination because of race, national origin, sex, marital status, religion, age, veteran’s status, or disability, subject to the exception that complaints of sexual harassment will be reviewed by the Chair of the Sexual Harassment Committee.

(a) Prior to invoking the grievance procedures described herein, the resident is strongly encouraged to discuss his or her grievance with the person(s) alleged to have caused the grievance. The discussion should be held as soon as the resident becomes aware of the act or conditions that is the basis for the grievance. In addition, or alternatively, the resident may wish to present his or her grievance in writing to the person(s) alleged to have caused the grievance. In either situation, the person(s) alleged to have caused the grievance might respond orally or in writing to the resident.

(b) If a resident decides against discussing the grievance with the person(s) alleged to have caused such, or if the resident is not satisfied with the response, he or she may present the grievance to the Chair or Associate Chair. If, after discussion, the grievances cannot be resolved, the resident may contact the Director of Graduate Medical Education (DGME). The DGME will meet with the resident and will review the grievance. The decision of the DGME will be communicated in writing to the resident and constitute the final action.

(3) Procedure for Suspension. The Chief of Staff of a participating and/or affiliated hospital where the resident is assigned, the Dean or Dean’s designee, the DGME, the President of the Hospital, the Chair, Associate Chair or Program Director (PD) may at any time suspend a resident from patient care responsibilities. The resident will be notified of the reasons for the suspension and will be given an opportunity to provide information in response within five (5) working days of the date the notice was issued. The resident may be suspended from further patient care and may be assigned to such other duties as determined and approved by the Chair or Associate Chair. The resident shall be reinstated (with or without the imposition of academic probation or other conditions) or termination proceedings shall be commenced within thirty (30) days of the date of suspension. Such suspension and assignment of the resident to other duties may continue until final conclusion of the process. The PD may direct that the resident use accrued annual leave during the suspension. The resident shall be afforded all due process and appeal procedures as set forth below.

(4) Procedure for Nonrenewal.

(a) A resident’s contract may be non-renewed in the event of unsatisfactory performance or training progress, failure to adhere to acceptable behavior, loss of requisite funding for the program and/or the determination by the Senior Associate Dean that it is in the best interests of the program. In the event that the PD decides not to renew a resident’s appointment, the resident shall be provided written notice. Programs should provide a resident with as much written notice of the intent not to renew as the circumstances will reasonably allow, prior to the end of the agreement of appointment.

(b) If requested in writing by the resident, within five (5) working days of the date the notice was issued, the Chair or Associate Chair will meet with the resident; this meeting should occur within ten (10) working days of the written request. The resident may present relevant information regarding the proposed nonrenewal decision. The resident may be accompanied by an advisor during this meeting held pursuant to these procedures.

(c) If the Chair or Associate Chair determines that nonrenewal is appropriate, he or she will use his or her best efforts to present the decision in writing to the resident within ten (10) working days of the meeting. If a determination of nonrenewal is made, the resident will be provided with appropriate notice, an opportunity to be heard, and all due process and appeal procedures as set forth below.

(5) Procedure for Dismissal.
(a) In the event the PD of a training program concludes that a resident should be dismissed prior to completion of the program, the PD shall inform the Chair or Associate Chair in writing of this decision and the reason or reasons for the decision.

(b) The resident will be notified and provided a copy of the letter of proposed dismissal, and, upon request, will be provided with previous evaluations, complaints, counseling letters and other documents that support the recommendation. If requested in writing by the resident, within five (5) working days of the date the notice was issued, the Chair or Associate Chair will meet with the resident; this meeting should occur within ten (10) working days of the written request. The resident may present relevant information regarding the proposed decision. The resident may be accompanied by an advisor during any meeting held pursuant to these procedures but the advisor may not speak on behalf of the resident.

(c) If the Chair or Associate Chair recommends termination, he or she will use their best efforts to present the decision in writing to the resident within ten (10) working days of the meeting. The resident shall be informed of the right to appeal and meet with the DGME.

(6) Procedure for Appeal.

(a) If the resident appeals a decision the appeal must be made in writing to the Director of Graduate Medical Education or designee(s) within 10 working days from receipt of the Chair’s or Associate Chair’s decision. Failure to institute such an appeal within 10 working days will render the decision final.

(b) The DGME or designee(s) will be provided the recommendation, previous evaluations, counseling letters, and other documents that support the recommendation. The resident will be notified of the date of the meeting with the DGME or designee(s). The meeting should occur within fifteen (15) working days of the DGME’s or designee(s) receipt of the appeal. The DGME may conduct an investigation and uphold, modify or reverse the recommendation for suspension, nonrenewal, or dismissal. The DGME or designee(s) will notify the resident in writing of the conclusion of the appeal. If the decision is to uphold a suspension, the decision of the DGME or designee(s) is final. If the decision is to uphold the nonrenewal or dismissal, the resident may file within ten (10) working days a written appeal to the Dean of the College of Medicine or designee. Failure to file such an appeal within ten (10) working days will render the decision of the DGME or designee(s) final.

(c) The Dean or designee will inform the DGME or designee(s) of the appeal. The DGME or designee(s) will provide the Dean or designee a copy of the recommendation with accompanying documents and any other material submitted by the resident or considered in the appeal decision. The Dean or designee should render a decision within fifteen (15) working days, but failure to do so is not grounds for reversal of the decision. The Dean or designee shall notify in writing the Chair or Associate Chair, the DGME, the PD and resident of the decision. The decision of the Dean or designee shall be final.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (19), 1001.75(3), 1006.60, 1006.61, 1006.62, 1012.92 FS. History–New 8-15-78, Formerly 6C1-5.76, Amended 12-28-87, 5-23-96, 7-3-01, 6-27-02, 1-7-03, 6-3-03.

6C1-5.0761 University of Florida College of Medicine Resident; Fringe Benefits, Leaves and Outside Employment.

(1) The College of Medicine residents and fellows shall consist of full-time or part-time appointees in a program of graduate medical education within an academic department in the College of Medicine who have the title of resident or fellow (hereafter referred to as residents). They are also known as “house officers”. These appointees shall be graduates of a Liaison Committee for Medical Education (LCME) or American Osteopathic Association (AOA) approved medical degree program or have a valid certificate from the educational commission for foreign medical graduates or have a full and unrestricted license to practice medicine in a U.S. licensing jurisdiction or be a graduate of medical school outside the U.S. who has completed a Fifth Pathway Program provided by an LCME accredited medical school and be enrolled in postdoctoral training within a selected area of specialty. Appointments are usually on a twelve-month basis and compensation is usually from Other Personal Services (OPS) funds. Shorter periods of appointment may be appropriate under some circumstances. Graduates of foreign medical schools must have all appropriate documentation, examination results and immigration status. Salaried residents shall be entitled to fringe benefits, and abide by leave provisions and policies governing outside employment/activity as described in this rule.

(2) Fringe Benefits. Residents are eligible to receive benefits from life, disability and health insurance programs provided by the College of Medicine resident fringe benefit program and will remain covered under the health, disability and life insurance policies while on educational assignment. Screening of residents for infectious diseases, prophylaxis/treatment for exposure to communicable disease and immunizations shall be provided directly by the College of Medicine or through arrangements with other health providers. All residents are required to have documentation of immunity to measles, mumps, hepatitis B, varicella and rubella, and to have an annual tuberculosis skin test. Residents shall be required to comply with the infection control policies and procedures of the facilities where their resident rotations occur.

(3) Leave.

(a) General Policies. Residents shall be entitled to leave with pay for the purpose of annual and sick leave depending upon the length of appointment during the academic year July 1 through June 30, as described in this section. Leave will be granted and charged in one-day increments for each workday of leave requested and approved.

1. If specialty board regulations for annual and sick leave accrual and usage differ from that outlined in this rule, written notification of the board policy shall be completed by the program director (PD) and submitted to the Dean for approval. The confirmation of the board policy will be maintained in the respective department and the Office of the Dean.
2. The total maximum time a resident can be away from a program in any given year or for the duration of the residency program shall be determined by the requirements of the specialty board involved. If leave time is taken beyond what is allowed by the University or the applicable specialty board, the resident may be required to extend the period of activity in the Program accordingly in order to fulfill the appropriate specialty board requirements. The resident will be paid for makeup or extended time if funds are available. However, residents are not automatically entitled to additional training beyond the prescribed number of years in order to achieve board eligibility in the designated specialty. Any such extension of the residency and the required funding must be consistent with the specialty board requirements and be approved by the Program Director (PD) and the Dean of the College of Medicine or his designee.

3. Unused sick and annual leave are considered non-payable leave, and there is no entitlement for lump-sum payment for unused leave upon separation or completion of training.

4. All absences must be approved by the PD.

(b) Types of Leave.

1. Sick Leave.
   a. All residents shall accrue sick leave at the rate of ten working days per year of full employment.
   b. Residents shall be entitled to utilize sick leave for personal illness. Sick leave may also be used for serious illness or death in the immediate family (spouse, parents, brothers, sisters, children, grandparents, and grandchildren of both resident and spouse).

2. Annual Leave.
   a. All residents shall accrue annual leave at the rate of fifteen working days per year of full employment. Residents may be permitted to carry over unused annual leave to a new academic year, if it is consistent with departmental policy and approved by the PD. An excess of twenty-five (25) workdays cannot be accumulated.
   b. Annual leave shall be reported when used, and approved by the PD.
   c. Annual leave should not be fragmented into less than one-week periods except under unusual circumstances and must be taken at the time approved by the PD.
   d. Annual leave may be advanced to residents proportionate to expected service. The amount of advanced sick leave will not exceed that which can be earned during the remainder of the academic year.
   e. Sick leave which has been granted and used but not earned by the resident at the time of separation from the academic department will require an appropriate reduction for the value thereof in the final stipend payment.
   f. Residents may not carry over unused sick leave to a new academic year.

5. Leave of Absences.

3. Military Leave. Absences for temporary military duty (e.g., two-week annual training) may be taken from annual leave or if insufficient annual leave is accumulated, the resident must be placed on leave without pay for such absences. If activated from reserve to active duty status, the resident will receive thirty (30) days full pay before going on leave without pay. Insurance policies will remain in effect for dependents during period of active duty for one year. Additional extensions require special approval from the Dean of the College of Medicine.

4. Holidays. Residents shall be entitled to observe all official holidays designated by the Department of Administration for state employees except when they are on call for clinical responsibilities. Residents on Veterans’ Administration Medical Center (VAMC) rotations shall be entitled to observe all official holidays designated by the federal government for Veterans Administration employees except when they are on call for clinical responsibilities. When on duty or call for clinical responsibilities on designated holidays, this assignment will be considered as a part of the residency and will not result in extra remuneration.

5. Leave of Absences.
   a. Educational Assignment: Residents shall be eligible for leave of absence with pay pertaining to education provided it is allowed by the appropriate board and approved by the PD.
   b. Licensure Examination Leave for residents taking American specialty board and state licensure examinations will be authorized for compensated leave of absence at the discretion of the PD. The leave will not exceed the time actually required for taking the examination and for travel to and from the place of examinations. Only one licensure and one specialty exam shall be authorized per resident. Any additional absence will be charged to annual leave or leave without pay if annual leave is not available.

   a. Requests for maternity and paternity leave, or any other type of leave of absence without pay must be submitted to the PD for approval. The duration of maternity leave before and/or after delivery will be determined by the resident and her physician in consultation with the PD.
   b. Leave of absence without pay for greater than six months will be unusual and require special approval by the PD.
c. Accrued annual and sick leave may be used prior to the resident being placed on leave without pay. Residents taking leave without pay can only use hours accumulated prior to the leave request; hours not yet accrued cannot be advanced since he/she will not earn leave while on leave without pay. The date of leave begins after annual and sick days are used.

d. In special circumstances, leave may be granted for residents involved in adoption with the advance approval of the PD.

e. The resident must submit in writing the request for leave of absence without pay for approval by the PD and the Director of Graduate Medical Education (DGME). The letter must contain the purpose of the leave of absence; the period of leave to be taken; if an extension is needed, the resident must write a new letter indicating the new date of return; acknowledgment that the academic department will cover the insurance benefits for two to six months after which time the resident may purchase such coverage for a time period consistent with COBRA regulations; acknowledgement that the residency program may be extended by the amount of time taken as leave, as required by the Specialty Board.

7. Leave of Absence With Pay.

a. Under special circumstances consistent with a medically-documented illness or disability, an approved leave of absence may be requested for a period not to exceed six months.

b. During such an approved leave of absence, eligible residents will continue to receive salary and all fringe benefits. Once long term disability coverage begins, the resident will be taken off payroll but benefits will continue for up to six months. After six months, the resident may purchase such coverage for a time period consistent with COBRA regulations.

c. Leave begins after annual and sick days are used. At the discretion of the PD, annual leave and sick leave may be advanced to a resident proportionate to expected service but cannot exceed that which can be earned during the remainder of the academic year.

d. The resident must submit in writing the request for leave of absence with pay for approval by the PD and the DGME. The letter must contain the purpose of the leave of absence; period of leave to be taken; if an extension is needed, the resident must write a new letter indicating the new date of return; and acknowledgment that the residency program will be extended by the amount of time taken as leave, as required by the Specialty Board.

e. Upon a resident’s return from leave, a Return to Work Notification letter must be written to the DGME by the PD indicating that the resident has returned, the date of the return, the status of the resident’s return to work and a statement regarding the resident’s ability to resume the duties of the position.

8. Leave Requests – Approval and Record-Keeping. Residents have the responsibility of keeping their department informed of all leaves and obtaining the required approval from the PD. Each academic department is responsible for maintaining actual leave accruals. The leave records should indicate when the resident is on a Veterans Affairs Medical Center (VAMC) rotation and accruals and usage should continue to be recorded by the department. When a resident takes leave while on a VAMC rotation, a deduction should be made from both sets of records.

9. Outside Employment. In order to guarantee residents a full educational experience, the following policy regarding outside employment shall apply.

a. All residents must adhere to State University System Guidelines regarding outside activities/outside employment, conflict of interest, and additional compensation. Such outside activity includes private practice, private consultation, or other employment outside State government which is not part of assigned University duties and for which the University provides no compensation. Each program must have rules regarding outside and extracurricular activity which meets their specialty board requirements and University of Florida College of Medicine policy. Each program’s rules regarding programmatic and nonprogrammatic professional activity must be reviewed by the Graduate Medical Education Committee (GMEC). A summary annual report of nonprogrammatic and programmatic professional activities of residents must be provided by the PD to the GMEC.

b. Any professional activities which are outside the established educational program must not interfere with the residents’ educational process or quality care of patients. Programs, departments and services will be responsible for enforcement of this policy. Violation may lead to immediate dismissal. Residents may not be required by their Programs to engage in outside activities. There are two usual categories of outside activity:

i. Programmatic Activity: These activities are initiated by departments to provide clinical experiences which often are not afforded within the standard curriculum and which usually occur at non-campus health care affiliates. Supplemental salary income is provided by the University to residents who participate in programmatic activities. A contractual agreement between the College of Medicine and sponsoring health care facility for programmatic outside activity must exist, with a copy sent to the GMEC. Compensation for this activity must be directed to the appropriate department for payment to participating residents. Such opportunities will be available to qualified residents without restrictions. All residents participating in programmatic outside activity must sign a Programmatic Professional Activity form (also called Certification for Special Duty), FA PR XDHC/10-94, incorporated herein by reference and which can be obtained from the appropriate Dean’s Office for the College of Medicine. This must be signed by the Chair or PD and Dean or appropriate Dean’s designee, or for Jacksonville residents, the Associate Chair or PD and the Senior Associate Dean for Jacksonville Programs or appropriate Senior Associate Dean’s designee.

ii. Non Programmatic Activity: These activities are initiated by the resident and do not involve any agreement between the College of Medicine and the outside employer. The College of Medicine and the University take no responsibility for any action or problem arising from professional activities which are initiated by the resident and do not involve any agreement between the College of Medicine and the outside employer. Programs have total authority to decide whether Nonprogrammatic activities are allowed in keeping with their specialty board guidelines and curriculum. Nonprogrammatic activity of residents by the Gainesville
Veterans Affairs Medical Center is included in this policy. The resident is not provided with Self Insurance coverage nor is there University Workers Compensation coverage while engaged in nonprogrammatic activity. All residents participating in Nonprogrammatic Outside Activity must complete a Nonprogrammatic Professional Activity Form, May 2001, incorporated herein by reference and which can be obtained from the appropriate College of Medicine Dean’s Office, that stipulates that the resident understands that the activity is not a College of Medicine employment duty; that the resident is fully responsible for malpractice coverage, workers compensation and other insurance; that the resident has made it clear to their outside employer or other recipient of services that they are not engaging in such outside activity as an employee, agent, or spokesperson of the University of Florida, or the State University System; that the resident understands and agrees that the University of Florida has no obligation, responsibility or liability for any injury or harm incurred during the performance of or as a result of the outside activity. This form must have approval and signature by the Chair, Associate Chair or PD and the Dean of the College of Medicine or his designee.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5) FS. History–New 5-18-92, Amended 6-28-98, 7-3-01.

6C1-5.0763 University of Florida College of Medicine; Duty to Maintain Clinical Privileges.
A faculty member assigned or required to practice or deliver clinical services at any health care facility is responsible for establishing and maintaining clinical privileges at that health care facility.

(1) If, at any time and for any reason, such a faculty member’s clinical privileges are suspended at any such health care facility, then the University shall place the faculty member on leave without pay for a period equal to the period of suspended privileges.

(2) If, at any time and for any reason such a clinical faculty member’s clinical privileges are terminated at any such health care facility, then the University shall dismiss the employee from their clinical position of employment in accord with the provisions of Rule 6C1-7.048, F.A.C.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5), (26) FS. History–New 7-3-01.
CHAPTER 6C1-6 INSTITUTE OF FOOD AND AGRICULTURAL SCIENCE

6C1-6.001 IFAS; Mission.
The mission of the University of Florida’s Institute of Food and Agricultural Sciences (UF/IFAS) is to develop knowledge in agriculture and natural resources and to make that knowledge accessible to sustain and enhance the quality of human life. The mission is carried out statewide through the three closely related functions of teaching, research and extension.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), 240.501, 240.503, 240.505, 240.507, 240.511 FS. History–New 9-29-75, Formerly 6C1-6.01, Amended 5-19-93, 5-1-96.

6C1-6.007 IFAS; Qualifications and Appointment of County Extension Faculty.

(1) New appointees to any County Extension director position must have a minimum of a Master’s degree from an accredited college or university. Degree major required varies with position, and is determined by the Dean for Extension in cooperation with county government. In selecting directors, emphasis will be placed upon the candidate’s proven ability to organize and conduct successful Extension programs through the program development process, his personality and disposition with regard to teaching and working with people, and his knowledge and ability to interpret and apply specific subject matter in a practical manner.

(2) For other faculty members, a Master’s degree is preferred. A Bachelor’s degree is required. Degree major requirements vary with the position and the County government. Organizational and teaching ability, personality, and the knowledge a candidate possesses are important factors in selection.

(3) Selection of County Extension Faculty –

(a) When a position becomes available within a County Extension Office, it will be the responsibility of the Florida Cooperative Extension Service to notify the Chairman of the Board of County Commissioners of the County in which the vacancy exists, or his/her designated representative(s), in writing, that the position is available.

(b) If no resolution, as provided for in Section 240.505(3), F.S., is received by the Florida Cooperative Extension Service, the Service shall recommend one qualified candidate to the Board of County Commissioners, and shall continue recommending persons until one is selected.

(c) Upon receipt of a resolution from the Board of County Commissioners, the Florida Cooperative Extension Service shall send to the Chairman of the Board of County Commissioners, or his/her designated representative(s), a list of three (3) or more qualified candidates for the county faculty position, or so shall state that fewer than three (3) qualified candidates are available and list those who are so qualified. If the candidates are rejected by the Board, the Extension Service will continue to forward lists of at least three (3) qualified candidates, if available, until a selection is made.
(4) If the County determines that it will not continue to contribute to an established County position, or if County support for a position is insufficient to attract or hold a qualified person, the Florida Cooperative Extension Service will terminate the position in that County. If the person occupying a terminated position has rendered creditable service and has permanent status, the Florida Cooperative Extension Service will offer a transfer to him if another appropriate vacancy exists and is available to be used for the appointment.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), 240.505 FS. History–New 9-29-75, Amended 8-15-78, 8-26-81, Formerly 6C1-6.07.

6C1-6.008 IFAS; Faculty Evaluation.
(1) Each faculty member shall be evaluated annually. Unit administrators and District Extension Directors will complete the evaluation process including the prescribed evaluation forms by March 31 for all faculty. The Vice President for Agriculture and Natural Resources and/or each functional dean shall issue annually, or as needed, instructions about conducting the faculty evaluation including the prescribed evaluation forms.

(2) The evaluation for faculty members and County Extension faculty members include:
(a) A statement of situation including the description of the position the faculty member occupies in relation to long range unit mission and goals.
(b) A statement of annual work goals of the faculty member.
(c) An annual faculty achievement statement prepared by the faculty member.
(d) An evaluation ratings section including comments on both the faculty member and the unit administrator.

(3) The performance evaluation for each County Extension faculty member shall be conducted annually by the supervising District Extension Director. The Dean for Extension will revise and issue additional instructions on performance evaluation annually or as needed. The performance evaluation criteria include:
(a) Position description;
(b) Program development (planning, implementation, and evaluation);
(c) Affirmative action compliance – compliance review;
(d) Professional improvement activities;
(e) Working relationship; and
(f) Critical incidents that are notably good or unacceptable.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5), 240.245, 240.511 FS. History–New 9-29-75, Formerly 6C1-6.08, Amended 5-19-93, 6-28-98.

6C1-6.009 IFAS; Promotion, Tenure, and Permanent Status.
(1) Criteria for promotion of County Extension Faculty – The following criteria, in addition to the criteria set forth in Rule 6C1-7.019, F.A.C., are considered when determining the merit for promotion purposes of all county extension faculty members. They are not applied so as to affect a rank presently held. Each county extension director and/or district extension director must supply documentation to support these criteria.

(a) Performance – A major factor in making promotion decisions is annual performance as determined through established systems of program review and evaluation. The performance criteria include demonstrated achievement in developing and implementing county extension programs within areas of responsibility as identified in the position description, and utilizing the processes described below. Specific criteria are:
1. Identifiable educational programs, reflecting advisory committee input that: (1) address clientele or societal needs, problems, concerns, or issues; (2) target definitive audiences through the use of a variety of educational methods; (3) reflect substantive progress or impact; and (4) reflect accountability to requisite stakeholders and interest groups.
2. Evidence of promotion and implementation of the Equal Employment Opportunity Program and the Affirmative Action Plan of the University of Florida and the Florida Cooperative Extension Service in the conduct of all Extension programs and activities.
3. Evidence of effective working relationships with Extension clientele.
4. Evidence of contribution to the total County Extension program.
5. Evidence of effective working relationships with other Extension personnel.
6. Evidence of involvement in the actual teaching of clientele, i.e., presentation of subject matter content through workshops, short courses, use of computers, clinics, meetings, etc.
7. Evidence of writing and developing educational materials in support of planned programs, i.e., leaflets, pamphlets, news articles, exhibits, radio/TV as appropriate, etc.
8. Above average performance evaluations. Faculty considered for Extension Agent IV would usually be rated consistently strong or above.
9. Faculty considered for promotion to Extension Agent IV must have at least area or statewide recognition for their educational programs within one or more assigned program areas.
10. Program Leaders must have evidence of program leadership in their assigned area.
11. Nominees who are county extension directors must have, in addition to evidence of accomplishments within assigned area(s) of program responsibility, evidence of program leadership for all program areas in their county, i.e., agriculture, natural resources, home economics, 4-H, marine advisory, energy, and/or rural development. County extension directors should also reflect leadership and teaching in such areas as staff development and training, organization, and training of advisory committees, budget development, and program accountability with government and clientele groups.

(b) Professional Competence – The faculty member should have:

1. Developed competence in the specific subject matter and related fields involved in the position held as outlined in the position description.
2. A professional development plan based on individual needs and followed through with the plan as appropriate.

(c) Professional Status and Activity – The faculty member should:

1. Be recognized by clientele as a leader in assigned areas of responsibility.
2. Participate in recognized professional organizations.
3. Serve in a leadership role in recognized professional organizations.
4. Develop, adapt, experiment with, and evaluate educational resource materials and techniques, and share these as appropriate with other Extension faculty members.

(d) Community Service – The faculty member should have:

1. Participated in community and civic organizations and activities.
2. Participated in projects and committees, as requested, involving the University of Florida at the local level.

(e) Academic Degree(s) – Position descriptions and ranks specify degree requirements.

(f) Annually, the Dean for Extension sends a letter requesting names of those county extension faculty members whom the county extension director and/or district extension director believe should be recommended for promotion. The decision to promote is based on the criteria for promotion for county extension faculty as follows:

1. Qualifications for Rank, County Extension Agent I – New appointees must hold at least a Bachelor’s degree. The appointees must possess all necessary qualifications for the Extension position.
2. Qualifications for Promotion to Rank, County Extension Agent II (equivalent to Assistant Professor) – Major considerations for promotion are determined by the items listed under criteria for promotion of all county extension faculty. In addition, the candidate shall hold a Master’s degree, or be acceptable for graduate study toward a Master’s degree, and have completed at least fifty percent of the course work for the degree.

(g) Qualifications for Promotion to Rank, County Extension Agent III (equivalent to Associate Professor) – Major considerations for promotion are determined by the items listed under criteria for promotion of all county extension faculty. In addition, the candidate shall:

1. Hold a Master’s degree.
2. Show promise of establishing a reputation as a leader in his or her field.
3. Have produced creative work, professional writing, or carried out Extension studies or research.

(h) Qualifications for Promotion to Rank, County Extension Agent IV (equivalent to Professor) – Major considerations for promotion are determined by the items listed under criteria for promotion for all county extension faculty. In addition, the candidate shall:

1. Hold a Master’s degree.
2. Have established a reputation as being outstanding in his or her field of specialization.
3. Have produced creative work, professional writing, or carried out Extension studies or research of high quality.

(2) Tenure – For a faculty member administratively assigned to a research or a research and education center, the chair of the appropriate discipline or commodity department in which the faculty member is accruing time towards tenure, shall, after receiving the recommendation of the center director responsible for the center to which the faculty member is administratively assigned, make a recommendation on the nomination for tenure of the faculty member in accordance with Rule 6C1-7.019, F.A.C. Tenure is only granted in an academic department.

(3) Permanent Status.

(a) Permanent status insures the county extension faculty member of certain commitments by the Florida Cooperative Extension Service should the county terminate without cause the faculty member’s position in the county. In the event a county extension faculty member with permanent status is terminated without cause by the county:

1. The Florida Cooperative Extension Service shall reassign the faculty member to a temporary position at the University of Florida for the next contract year of the faculty member, with the understanding that the county extension faculty member will first apply for each similar county position that is or becomes vacant during the contract year. The temporary employment of the faculty member will be terminated at the end of the contract year. The faculty member’s permanent status shall likewise be terminated at the end of the contract year in the event the faculty member has not previously secured another position with a county.
2. Such reassignment shall not decrease the annual salary of the county extension faculty member.

(b) Permanent status is with the Florida Cooperative Extension Service, not the county.

(c) Permanent status is not granted for county extension administrative positions but only for the equivalent county extension faculty rank held by the member. Permanent status shall not be awarded to those holding the rank County Extension Agent I.
(d) A county extension faculty member of the Florida Cooperative Extension Service, whose overall performance is worthy and who is serving in a permanent status accruing rank, shall be considered and recommended for permanent status or given a notice of non-renewal by the end of seven years of continuous academic service. The performance of a faculty member and progress toward permanent status is evaluated each year prior to being granted permanent status and a letter is written by the county extension director to the supervising district extension director either recommending that the faculty member “be continued in a permanent status accruing position” or “not be continued in a permanent status accruing position”.

(e) County extension faculty members being considered for permanent status prior to the seventh year may withdraw from consideration without prejudice by written mutual agreement between the faculty member and the District Extension Director. Faculty members being considered for promotion may withdraw from consideration; this withdrawal from consideration for promotion or for permanent status must be made prior to a decision by the President.

(f) Annually the district extension director supplies each county extension director under his or her supervision with a list of those faculty members on the county staff who do not have permanent status.

(g) Annually a letter is sent by the district extension director to each faculty member in a permanent status accruing position under his or her supervision clearly stating:

1. His or her level of performance;
2. The strengths and the weaknesses of the faculty member; and
3. Whether or not the faculty member will be recommended to be continued in a permanent status accruing position.

(h) The procedure for recommendation and approval of permanent status is the same as for tenure.

(4) The Vice President for Agriculture and Natural Resources appoints annually a committee composed of a representative cross section of the total faculty in Institute of Food and Agricultural Sciences (IFAS). The committee serves in a fact-finding and consultative role to the IFAS deans and the Vice President for Agriculture and Natural Resources concerning nominations for tenure, promotion, and permanent status.

(5) The amendments to paragraphs (3)(d) and (3)(e) of this rule shall be effective May 7, 2004.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1004.37 FS. History–New 9-29-75, Amended 8-15-78, 2-12-82, 8-12-82, 9-15-83, Formerly 6C1-6.09, Amended 5-19-93, 7-27-98, 3-2-03, 6-3-03.

6C1-6.011 IFAS; Leave.

(1) County Extension faculty members of the Florida Cooperative Extension Service accrue and use sick and annual leave in adherence to the leave policy prescribed by the University of Florida, unless otherwise established in a Memorandum of Understanding signed by authorized representatives of both the University and the specific county involved. Official leave records for sick and annual leave shall be maintained by the University of Florida. IFAS Extension employees located in county extension offices shall adhere to the holiday schedule prescribed by the Board of County Commissioners unless specified differently in a Memorandum of Understanding signed by authorized representatives of both the University and the specific county involved.

(2) Leave records of faculty members who received, prior to September 1, 1969, from the Vice President for Agriculture and Natural Resources, approval to accumulate up to 66 working days of accrued annual leave to be used for the sole purpose of professional improvement, are credited with the number of days accumulated for the purpose and they must use the number of days of leave accumulated and recorded for this purpose only.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1004.37 FS. History–New 9-29-75, Formerly 6C1-6.11, Amended 6-28-98, 7-19-01, 1-7-03.

6C1-6.0111 IFAS; Insurance Coverage for Federal Appointees.

(1) Cooperative Extension employees, which include state and county extension faculty, having both state and federal appointments and participating in the Federal Civil Service Retirement System are eligible for both state and federal insurance coverage.

(2) Effective January 1, 1991, any Cooperative Extension employee meeting the criteria set forth in subsection (1) above must select coverage from either the federal or state health insurance plans. This provision shall apply to current as well as future Cooperative Extension employees.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1012.96 FS. History–New 11-13-90, Amended 1-7-03.

6C1-6.013 IFAS; Florida 4-H Youth Development Programs and Participation.

(1) The youth development component of the Cooperative Extension Service is the 4-H program. The Dean for Extension authorizes the use of the 4-H name and emblem in Florida in accordance with Federal law.

(2) The purpose of 4-H is the development of youth through design and delivery of experiential programs that utilize the scientific knowledge and research of land grant universities.

(3) Programs are determined through educational needs assessments that include input from local communities, analysis of state and national trends and issues, availability of human and financial resources, current educational research, and expert faculty opinion.
(4) Program participants include children and youth, and adults who have an impact on the quality of life for Florida’s children and youth. Programs are provided to individuals, organizations, and institutions that do not discriminate on the basis of race, color, sex, disability, or national origin. Participation may be limited based on age and/or developmental level pursuant to program guidelines as developed in subsection (5) of this rule.

(5) Faculty authorized to use the 4-H name and emblem establish and publish program guidelines, in consultation with appropriate county or state 4-H advisory groups and subject to approval by the Dean for Extension. Faculty may also establish program rules for competitive events.

(6) Institutions and organizations with which 4-H programs are cooperatively conducted, parents, or guardians or individual youth participating in 4-H community-based groups, must sign a statement of understanding that describes the program and conditions of participation, including costs.

(7) While no membership or participation fee is required, fees may be charged for materials, appropriate health insurance coverage, or other expenses associated with the educational program as established by the Cooperative Extension Service.

(8) The 4-H volunteers working directly with youth will be screened utilizing procedures and standards consistent with federal and state laws.

6C1-6.014 IFAS; Vaccination of Personnel.

Upon the joint decision of the Department chairman, Department of Veterinary Science, and the University of Florida Health Services officials, the faculty, staff, and/or students of the Department may be required to be vaccinated for various diseases of animals transmissible to man.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5), (8), 240.233 FS. History--New 9-29-75, Formerly 6C1-6.14.

6C1-6.015 IFAS; Outside Activity Guidelines.

(1) Permission to accept outside employment or to engage in private business activities is subject to the conditions, limitations, or restrictions outlined in University Rule 6C1-1.011, F.A.C. The following guidelines have been developed to assist Institute of Food and Agricultural Sciences (IFAS) faculty members and administrators in evaluating the appropriateness of certain outside activities with regard to the particular concerns and goals of IFAS.

(2) Faculty may be involved in outside activities in which they have a financial interest under conditions set forth in Rule 6C1-1.011, F.A.C., and this rule. In general, involvement in such activities should not exceed an average of one day (eight hours) per seven-day week or 52 days in a fiscal year. These 52 days may be taken as annual leave, official time, weekends, or holidays. Participation in these activities cannot conflict with University duties, responsibilities, or obligations. Other professional outside activities that do not involve personal financial interests must also be disclosed to ensure that no conflict exists with University duties, responsibilities, or obligations. Any outside activities must be of such character as not to damage in any way the prestige of IFAS or the University of Florida.

(3) When approval for outside employment activity is obtained by the faculty member under this rule, accrued annual leave must be used when regular work hours are involved unless the use of official time is specifically approved.

(4) Consulting conditions, limitations, or restrictions which apply when performing outside employment, including services as an expert witness, whether or not a fee is to be paid for the services, provided the faculty has been subpoenaed, are as follows:

(a) Consulting within and outside of the United States will be performed only after appropriate administrative approval has been granted.

(b) Limited amounts of consulting work on official time may be permitted; however, decisions will depend upon the nature of the activity and the extent to which the activity is expected to contribute to the professional development of the individual or to the overall interest of the University. Justification for use of official time must be provided and related to the specific professional responsibilities of the faculty member.

(c) Consulting within the State of Florida, though not prohibited, is highly restricted and must not in any way conflict or compete with the normal services of IFAS. Generally, before consulting within the State of Florida will be authorized, the following conditions must be met:

1. The appropriate unit administrator must certify in writing with supporting documentation that the requested services are above and beyond those which can be provided through the normal resources and programs of IFAS.

2. The individual or organization requesting the services must indicate in writing that he or she or its representative fully understands that the services requested are beyond what IFAS could be expected to render and that he or she or its representative is willing to pay for these services.

3. The requested services to be performed within the State of Florida must not be those that could be performed by recognized professional consulting services within the State of Florida.
(5) Expert witness service, like other forms of consulting, is an outside activity. To avoid the appearance of “taking sides,” IFAS policy is that its faculty and administrative and professional Technical, Executive, Administrative and Managerial Support (TEAMS) employees are not to act as expert witnesses in the State of Florida. Employment as an expert witness on a legal matter outside the State of Florida can be permitted as long as there is no likely adverse impact on IFAS operations and mission and such service is otherwise allowed under University rules and state law.

(6) An IFAS faculty member is not permitted to engage in any outside activity involving a personal financial interest in which intellectual property rights to inventions and works are not retained by the University of Florida pursuant to Rule 6C1-1.018, F.A.C.

(7) Whenever a community college requests the time of a faculty member a written request for this time is made to the University of Florida through the individual who is being asked to perform the function. If the subject is related to the IFAS mission, such an activity is generally not approved as an outside activity. However, if the individual faculty member wishes to perform the teaching function requested by the community college; if work load adjustments are possible; and if the request is granted appropriate administrative approval, the teaching load would become a part of the regular responsibility of the faculty member during the period of involvement. The community college must reimburse IFAS for the time devoted to the teaching function. If the subject matter of the class is outside the IFAS mission, the request will be considered as any other outside activity.

6C1-6.016 IFAS; Visitation to or Use of Certain Facilities.

(1) Visitation to the Research and Education Centers or other IFAS managed properties in Florida:

(a) Members of the public wishing to tour the Research and Education facilities may do so provided they obtain permission in advance from a faculty member associated with the facilities and that when touring the facilities they are accompanied by an IFAS employee.

(b) Minor children, singly or in groups, when visiting the research centers, departments, or other IFAS research and education sites must be accompanied by parents or a responsible adult at all times.

(2) Use of IFAS facilities by outside groups is restricted to organizations that have direct research, extension or teaching programmatic relationships with IFAS. The University will charge maintenance or minor use fees to cover direct costs incurred from proposed uses.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(6) FS. History–New 9-29-75, Formerly 6C1-6.16, Amended 5-19-93, 6-28-98, 3-12-03.

6C1-6.017 IFAS; Publications.

(1) Production, Procurement and Distribution

(a) As a part of its mission, the Institute of Food and Agricultural Sciences (IFAS) may produce, procure, and distribute educational publications and materials to its county Extension offices and research centers for dissemination to the general public. Publications are also available by mail. See subsection (4) below.

(b) IFAS publications shall be made available to the public without charge except that:

1. No more than one (1) copy of five (5) separate publications may be taken without charge. All above this amount shall be sold at the cost of production and distribution.

2. Certain publications designated as “for sale” shall be made available at the printed price of the publication plus handling and distribution cost including Florida sales tax.

(2) For Sale Publications

(a) At its discretion, IFAS may designate publications or materials as for sale because of the cost involved in producing or procuring these materials for the public.

(b) No faculty or staff member of IFAS shall use personal funds to purchase publications or materials for resale.

(c) Publications and/or materials produced by IFAS shall be considered copyrighted to UF/IFAS. Use of these publications or materials may be liberally granted if the user agrees to give appropriate credit for source and author.

(3) Vocational Agriculture – Up to 10 copies of publications not designated for sale may be given to vocational agriculture teachers for use in school libraries.

(4) Information for requests for publications can be obtained by writing to: Publications, Building 440, University of Florida, P. O. Box 110011, Gainesville, Florida 32611-0011.

(5) All payments shall be accepted only in U.S. dollar transactions.

6C1-6.018 IFAS; Diagnostic Services.
When examining specimens submitted to the Institute of Food and Agricultural Sciences (IFAS) by commercial enterprises or the public for diagnostic purposes, IFAS may charge a fee to cover the cost of such diagnostic services, provided the service involves more than a casual inspection of the specimen. The amount of the fee will be determined by IFAS based on the actual cost of providing such services.

Specific Authority 240.227(1) FS. Law Implemented 240.501, 240.503, 240.505 FS. History–New 9-29-75, Formerly 6C1-6.18, Amended 5-19-93.

6C1-6.019 IFAS; Eligibility for Expanded Foods and Nutrition Education Program (EFNEP).
Eligibility for participation in EFNEP, a program of the Florida Cooperative Extension Service, shall be based on level of income, presence of young children in the household, and willingness to cooperate in educational learning experiences and to provide a food recall information as required under Federal program guidelines. The basis for identifying low income households shall be the Federal Poverty Income Guidelines distributed by the United States Department of Health and Human Services.

Specific Authority 240.227(1) FS. Law Implemented 240.501, 240.503, 240.505 FS. History–New 9-29-75, Formerly 6C1-6.19, Amended 5-19-93.

6C1-6.021 IFAS; Guidelines for Implementation of the Plan as Related to 4-H Clubs and Florida Association for Family and Community Education Clubs.

(1) Each County Extension faculty member responsible for the organization and operation of 4-H clubs and/or family and community education clubs shall comply with these guidelines for the implementation of the Affirmative Action Plan (AAP) of the Florida Cooperative Extension Service as it relates to the organization and operation of 4-H clubs and/or family and community education clubs in each county.

(2) The following definitions apply for these guidelines:
(a) Geographic Areas: The term “geographic areas” refers to those areas from which members of the County Extension Advisory Committees are drawn or selected. (Specifically, those are the areas from which members of the County Extension Family and Consumer Sciences Committee and County Extension 4-H Advisory Committee are selected.) These geographic areas are usually quite large and they may also be sometimes known as Affirmative Action Planning Districts. Usually (though not always) these geographic Planning Districts coincide with County Commissioner districts.

(b) Local Neighborhood and Community Boundaries: This is a term used in the Affirmative Action Plan to delineate those areas that have been (or may be in the future) identified by the County Extension faculty and Extension Advisory Committees as forming natural or logical community or neighborhood areas. For the purposes of this rule they will be called “Community Areas”. These boundaries may be based upon criteria such as recognized neighborhoods, city blocks, housing complexes, apartment complexes, natural boundaries (i.e., rivers, highways, railroads or major streets), election precincts or in some cases school districts. The only real tests to be applied to the development of these boundaries is that race, color or national origin may not be used as a determining factor! They must be logical boundaries and no “gerrymandering” can be involved.

(c) Club: This is the term used for 4-H clubs and/or family and community education clubs. Each club that serves a multi-racial Community Area (not to be confused with the County Geographic Areas) shall be integrated in proportion to the population mix in the Community Area served by the club.

(3) Guidelines for 4-H Clubs and Family and Community Education Clubs (Old and New).
(a) Each club shall serve a definite Community Area that is clearly delineated on a map and the Community Area boundaries must be described in narrative form.
1. Clubs and boundaries must be approved (documented in minutes) by a properly structured functional extension Advisory Committee.

2. More than one club may exist in the same Community Area when needed. Factors that influence the number of clubs needed in Community Area are the number of potential members, facilities, available leaders, etc.

(b) The racial composition (by number and percent) of each Community Area served by a club(s) shall be determined. This ratio shall be used to determine the needed percent of integration to be considered in full compliance with the Affirmative Action Plan goal if it is in an interracial community. Until this ratio is achieved, all reasonable effort shall continue to be implemented on an annual basis. If this ratio cannot be determined the population ratio of the county shall be used. The source of such determination shall be documented, i.e.; census report, Extension Advisory Committee decision, etc.

(c) One-race clubs may be formed and/or maintained in a one-race Community Area provided that the overall intent of the Affirmative Action Plan is met on a county-wide basis.

(d) If a club(s) serves an interracial Community Area and the club(s) membership is made of one race, all reasonable efforts shall be exerted to integrate the club.

(e) The term “all reasonable effort” shall include all three of the following:
1. Use of all available mass media, including radio, newspaper, and television, to inform potential recipients of the programs and of the opportunity to participate.
2. Personal letters and circulars addressed to defined potential recipients inviting them to participate, including dates and places of meetings or other planned activities.
3. Personal contacts by the County Extension Faculty to a representative number of potential minority recipients in a manner best suited to seek their active participation in programs. Contacts shall be made through such channels as school, church, civic fraternal groups and personal visits with potential minority participants.

(f) A major thrust to exert all reasonable effort shall be conducted between September 1 and December 31 of each year. Certification to the Dean of Extension as to the status of each club shall be as of December 31 annually. Such certification shall be due in the Dean’s office by January 15. All reasonable effort shall be documented for audit purposes.

(g) The county extension faculty shall comply with the intent of the AAP. Each club shall contain members in proportion to the population mix of the Community Area served by the club. Each county must show progress in the implementation of the provisions of the Affirmative Action Plan, if it is not in full compliance. In cases where progress is not shown the Dean for Extension shall review each case and where necessary require discontinuance of educational programs.

CHAPTER 6C1-7 ACADEMIC AFFAIRS

6C1-7.001 Academic Affairs; Organization. (Repealed)
6C1-7.0011 Academic Affairs; Applicability of Personnel Rules. (Repealed)
6C1-7.002 Academic Affairs; Definition of Instructional and Research Faculty. (Repealed)
6C1-7.003 Academic Affairs; Academic Personnel Employment Plan: Academic Appointments, Types of Appointments, Appointment Status Modifiers, and Academic-Administrative Classification Titles.
6C1-7.0031 Academic Affairs; Eminent Scholars Program. (Repealed)
6C1-7.004 Academic Affairs; Faculty and Appointments: Screening and Selection, Notice of Initial Appointments, Renewal of Appointments, and Delegation of Authority.
6C1-7.0041 Academic Affairs; College of Medicine; Clinical Faculty Teaching Appointments; Restrictive Covenants.
6C1-7.005 Academic Affairs; Equivalent Academic Titles; Tenure or Permanent Status Accruing. (Repealed)
6C1-7.006 Academic Affairs; Faculty Classifications for Employees of Associate Agencies. (Repealed)
6C1-7.007 Academic Affairs; Administrative and Professional Staff Appointments: Screening, Selection, Promotion, Notice of Appointments, and Renewal of Appointments. (Transferred to 6C1-3.048)
6C1-7.008 Academic Affairs; Rank of Emeritus Status; Eligibility. (Repealed)
6C1-7.009 Academic Affairs; Faculty Appointments, Delegation of Authority. (Repealed)
6C1-7.010 Academic Affairs; Faculty Evaluation and Improvement: General Policy, Areas of Performance to be Evaluated, Sources of Data for Evaluation, Methods of Evaluation, Utilization of Evaluations, Sustained Performance Evaluation and Administrative Evaluation.
6C1-7.011 Academic Affairs; Evaluation and Improvement of Administrative and Professional Staff: General Policy, Methods of Evaluation, and Utilization of Evaluation. (Transferred to 6C1-3.049)
6C1-7.012 Academic Affairs; Faculty Appointments, Joint Status. (Repealed)
6C1-7.013 Academic Affairs; Non-Renewal of Non-Tenured or Non-Permanent Status Faculty Appointments: Appointments Subject to Non-Renewal Notification, Non-Renewal Notification Requirements, and Non-Renewal Transmittal Procedures.
6C1-7.014 Academic Affairs; Leave of Absence, Maternity Leave for Faculty. (Repealed)
6C1-7.015 Academic Affairs; Leave of Absence, Military Service. (Repealed)
6C1-7.016 Academic Affairs; Leave of Absence, Jury Service. (Repealed)
6C1-7.017 Academic Affairs; Resignations. (Repealed)
6C1-7.018 Academic Affairs; Academic Freedom and Responsibility.
6C1-7.019 Academic Affairs; Tenure and Promotion: Definition, Eligibility, Granting of Tenure, Criteria, Procedures and Methods of Processing, Confidential Nature of Materials and Discussions, Reports and Appeals, Permanent Status and Sustained Performance Evaluations.
6C1-7.020 Academic Affairs; Promotion of Administrative and Professional Staff. (Transferred to 6C1-3.054)
6C1-7.021 Academic Affairs; Promotion from Instructor to Assistant Professor. (Repealed)
6C1-7.022 Academic Affairs; Instructors: Requirement of Promotion in Fourth Year of Employment or Notice of Non-Reappointment. (Repealed)
6C1-7.023 Academic Affairs; Non-Tenured Faculty Members; Consideration for Tenure. (Repealed)
6C1-7.024 Academic Affairs; Promotion and Tenure, Method of Processing. (Repealed)
6C1-7.025 Academic Affairs; Permanent Status for County Extension Faculty and P. K. Yonge Developmental Research School Faculty.
6C1-7.026 Academic Affairs; Promotion and Tenure, Criteria. (Repealed)
6C1-7.027 Academic Affairs; Promotion and Tenure, Confidential Nature of Materials and Discussions. (Repealed)
6C1-7.028 Academic Affairs; Instructional and Research Faculty: Contract Periods, Summer Employment, and Holidays. (Repealed)
6C1-7.029 Academic Affairs; Leaves: Annual Leave, Sick Leave, Job Related Disability Leave, Compulsory Disability Leave, Military Leave, Jury Duty and Court Appearances, Professional Development and Faculty Development Leave Programs, Accrual During Leave with Pay, Leave without Pay, Maternity and Child Adoption Leave, and General Provisions. (Repealed)
6C1-7.030 Academic Affairs; Promotion and Tenure, Reports and Appeals. (Repealed)
6C1-7.031 Academic Affairs; Appeal Procedures, Faculty Grievances. (Repealed)
6C1-7.032 Academic Affairs; Personnel Exchange Program.
6C1-7.0321 Academic Affairs; Faculty Foreign Service. (Repealed)
6C1-7.033 Academic Affairs; Tenure Eligibility, VA Employees in J. Hillis Miller Health Center Colleges. (Repealed)
6C1-7.034 Academic Affairs; Tenured Faculty Members Transferred to Other Departments. (Repealed)
6C1-7.035 Academic Affairs; Perquisites and Benefits: Free Course Enrollment. (Transferred to 6C1-1.012)
6C1-7.036 Academic Affairs; Complaints Against Faculty Members.
6C1-7.037 Academic Affairs; Academic Freedom and Tenure. (Repealed)
6C1-7.003 Academic Affairs; Academic Personnel Employment Plan: Academic Appointments, Types of Appointments, Appointment Status Modifiers, and Academic-Administrative Classification Titles.

(1) Academic Personnel (AP) Employment Plan.
(a) The University of Florida maintains a uniform employment plan for Academic Personnel of the University. As used herein “Academic Personnel” comprises the faculty, and certain graduate and professional student appointments, and excludes members of the University Support Personnel System (USPS) and Technical, Executive, Administrative and Managerial Support (TEAMS). The Academic Personnel Plan includes all authorized class titles and codes; the class specifications; employment and professional status modifiers; and instructions for implementing and maintaining the Academic Personnel Plan.
(b) The Academic Personnel classification consists of positions having the principal responsibility of teaching and/or research, extension and/or providing administrative functions directly related to the academic mission and accomplishment of the University goals.
(2) Academic Appointments. The academic appointees of the University shall consist of personnel holding the academic ranks of assistant professor, associate professor, professor or above, the equivalent in academic ranks in the instructional, research, or extension units or other academic functions, and personnel holding other specialty faculty or student titles identified below. Equivalent faculty ranks may be granted in the scholar, scientist, engineer, and curator series.
(a) Academic Ranks and Titles.
1. Eminent Scholar (Faculty Title). Funds are provided to the University to create endowment programs which include the Eminent Scholar Endowed Chairs and the endowed professorship programs. The criteria for appointment to the tenure eligible rank of Eminent Scholar in the endowed chair program shall be developed by the dean of the recipient’s college in consultation with
faculty members. Such criteria shall include, but not be limited to, an outstanding professional reputation and outstanding contribution of scholarly activities. Eminent Scholar shall not be considered a promotional rank. The President shall select the candidate to be offered the appointment as an Eminent Scholar.

a. University faculty members whose performance meets the criteria of an established endowment are eligible for consideration for the endowed professorship program. The decision concerning the recipient of an endowed professorship rests with the administration of the academic college or unit in consultation with the faculty members of that college or unit.

b. The Eminent Scholar and endowed professorship programs may be evaluated on an annual basis using recognized academic standards and each college or unit will be responsible for submitting a report on each Eminent Scholar and the endowed professorship programs upon request of the Provost or President.

2. Graduate Research Professor (Faculty Title). The rank of Graduate Research Professor was awarded to recognize outstanding accomplishment and an international reputation in teaching and research. This title is no longer awarded.

3. Distinguished Service Professors and Research Curators (Faculty Titles). The rank of Distinguished Service Professor was awarded to recognize outstanding accomplishment in teaching, extension, or service while at the University. The rank of Distinguished Research Curator was used to recognize outstanding accomplishments in research, service, and, where applicable teaching, in either the Florida Museum of Natural History or the University libraries. These titles are no longer awarded.

4. Distinguished Professor (Faculty Title). This title is granted to tenured faculty holding the rank of professor or its equivalent to recognize a distinguished and exceptional record of achievement beyond the level of professor that is recognized both nationally and internationally. An exceptional record of achievement is one that places the candidate at the top of the discipline in research, as defined in Rule 6C1-7.019, F.A.C., with distinction in the areas of teaching and service as also defined in that rule. Distinguished Professor shall not be considered a promotional rank. Recommendations for the award of the title of Distinguished Professor are processed under the same procedures used for the recommendation for promotion under Rule 6C1-7.019, F.A.C., except that nomination for this award is to be initiated by the appropriate college dean or equivalent administrator. Candidates may not be self-nominated.

5. Professor (Faculty Title). Candidates for this tenure eligible faculty rank shall be qualified for the rank of associate professor and in addition, be a recognized national or international authority or an outstanding teacher in his or her field or specialization. A candidate for this rank must have a distinguished record of achievement beyond the level of associate professor.

6. Associate Professor (Faculty Title). Candidates for this tenure eligible faculty rank shall hold the highest degree appropriate to his or her field or possess professional qualifications in his or her field above those which would be equivalent to the highest degree appropriate to his or her field. He or she is expected to have produced creative work, professional writing, or research, and to have had successful teaching or professional experience. A candidate for this rank must have a distinguished record of achievement beyond the level of assistant professor.

7. Assistant Professor (Faculty Title). Candidates for this tenure eligible faculty rank shall hold the highest degree appropriate to his or her field or possess equivalent qualifications based on professional experience. A candidate shall be expected to demonstrate successful experience pertinent to the position for which he or she is being recommended and have demonstrated qualities pertinent to the goals of the academic unit in which he or she will be employed.

8. Curator (Equivalent Faculty Titles). Candidates for these tenure eligible positions may be awarded in the following equivalent academic ranks: Assistant Curator, Associate Curator and Curator.

9. Research or Extension Scientist/Scholar/Engineer Series (Equivalent Faculty titles).

a. Candidates for these tenure ineligible faculty positions are individuals not normally involved in regular academic programs, but who are carrying out the equivalent faculty duties in research and/or cooperative extension programs which may be funded by external or temporary sources. The candidates in the following ranks shall have the same professional qualifications required of those faculty described in subparagraphs (2)(a)5.-7. above: Research Scientist, Associate Research Scientist, Assistant Research Scientist; Scholar, Associate Scholar, Assistant Scholar; Engineer, Associate Engineer, Assistant Engineer; Extension Scientist, Associate Extension Scientist, Assistant Extension Scientist.

b. Faculty holding these titles shall have no regular teaching duties. Teaching on an occasional basis is not precluded, but substantial teaching assignments will not be made unless and until transfer is made to a tenure-eligible position.

10. University Librarian (Faculty Titles). Candidates may be awarded these tenure eligible positions in the following academic ranks: Assistant University Librarian, Associate University Librarian, and University Librarian.

11. Lecturer (Faculty Titles). Candidates may be awarded these tenure ineligible faculty positions in the following academic ranks: Lecturer, Senior Lecturer, and Master Lecturer. Candidates shall have received the academic degree appropriate to the assignment of duties, or equivalent experiences or accomplishments in the field may be substituted. Appointment as Senior Lecturer shall constitute a promotion from Lecturer and shall be based on additional experiences and/or accomplishments in the field and in assigned duties. Appointment as Master Lecturer shall constitute a promotion from Senior Lecturer and shall be based on additional experiences and/or accomplishments in the field and in assigned duties.

12. Developmental Research School Faculty Positions (Specialty Faculty Titles). Candidates for the permanent status accruing positions of P. K. Yonge (PKY) University Developmental Research School Instructor, PKY Assistant Professor, PKY Associate Professor and PKY Professor, in the department of the College of Education shall hold the qualifications appropriate to these ranks described in subparagraphs (2)(a)5.-8. of this rule; however, these specialty faculty titles are not equivalent faculty ranks to those set forth in subparagraphs (2)(a)5.-8. Candidates for faculty positions at the University’s P. K. Yonge Developmental Research
School shall have at least a master’s degree and shall have had at least three (3) years experience or relevant experience pertinent to the assigned position and shall hold a valid teacher’s certificate appropriate to the assignment. Eligibility for permanent status is described in Rule 6C1-7.025, F.A.C.

13. County Extension Agents I, II, III, IV (Extension Faculty Titles). Candidates for these permanent status accruing specialty faculty positions shall hold a master’s degree and/or possess other qualifying experience or accomplishments. Responsibilities include the development of long-range educational programs in the area of responsibility of the Florida Cooperative Extension Service in concert with the county in which the agent is employed. Eligibility requirements and awarding of permanent status and faculty ranks are described in Rule 6C1-7.025 and subsection 6C1-6.009(3), F.A.C.

14. Assistant in, Associate in, and Senior Associate in (Specialty Faculty Titles). Candidates for these tenure ineligible specialty faculty positions must hold a master’s degree in a field of specialization unless the administrator of the unit determines that experience and/or training is equivalent to the educational requirements. Authorship or co-authorship of significant publications in the field of specialization may be regarded as evidence of qualifying experience and training. The authority to grant a promotion from the rank of Assistant in to Associate in or from Associate in to Senior Associate in is delegated by the President to the appropriate Dean or Director or, in the case of IFAS and the Health Center, to the Vice President for Agricultural and Natural Resources or Health Affairs. Appointment as Associate in shall constitute a promotion from Assistant in and shall be based on additional qualifying education and/or experience and on accomplishments in performing assigned duties. Appointment as Senior Associate in shall constitute a promotion from Associate in and shall be based on additional qualifying education and/or experience and on accomplishments in performing assigned duties.

15. Postdoctoral Associate (Specialty Faculty Title). The appointee shall have received the doctorate in a field appropriate to the assigned duties and responsibilities. This appointment is used when the individual renders compensable services to the University and is assigned specific duties and responsibilities. Appointees to these specialty faculty positions shall have no continuing contractual relationship with the University.

(b) Fellows. Postdoctoral Fellow. The appointee shall have received the doctorate in a field appropriate to the position offered. The appointment is for the individual’s further experience in research and teaching and is generally limited to two (2) or three (3) years. To qualify for a fellowship exemption under the Federal income tax laws, no assigned duties and responsibilities or services can be required other than those which are an integral part of the Fellow’s program in research and teaching. Appointees to these specialty faculty positions shall have no continuing contractual relationship with the University.

(c) Student Titles – Graduate School Series.
1. All titles in this series shall be governed by the following criteria:
   a. Appointees in this series must be properly registered and working toward a graduate degree through the Graduate School, and the appointee must meet the requirements set forth by the Graduate School.
   b. The appointment may be for any desired percentage of full-time, and the assignment shall be commensurate with the percentage of time or the degree of effort of the appointment.
   c. The appointment does not accrue tenure, is not a regular faculty appointment, and is temporary in nature, either because of the character of the project or assignment or, because upon completion of requirements for a degree, the appointee will not be offered re-appointment to the position. Appointees shall have no continuing contractual relationship with the University.

2. Senior Graduate Teaching or Research Associate. The appointee shall, as a minimum, have completed most of the work leading to a doctorate. Appointment to either of these positions represents a promotion from the position of Graduate Teaching or Research Assistant.

3. Graduate Teaching or Research Associate. The appointee shall, as a minimum, have completed most of the work leading to a doctorate. Appointment to either of these positions represents a promotion from the position of Graduate Teaching or Research Assistant.

4. Graduate Teaching or Research Assistant. The appointee shall have completed thirty (30) semester credits of graduate work. Appointment to either of these positions represents a promotion from the position of Graduate Assistant.

5. Graduate Assistant. The appointee is normally a beginning graduate student since “Graduate Assistant” is the lowest rank of graduate assistant positions.

(d) Student Titles – Professional School Series.
1. All titles in this series shall be governed by the following criteria:
   a. The appointment may be for any desired percentage of full-time, and the assignment shall be commensurate with the percentage of time or the degree of effort of the appointment.
   b. The appointment does not accrue tenure, is not a regular faculty appointment, and is temporary in nature, either because of the character of the project or assignment or because upon completion of degree requirements, the appointee will not be offered re-appointment to the position.
   c. Appointees to these positions shall have no continuing contractual relationship with the University.
   d. Appointees to positions identified by professional status modifiers “Medical”, “Dental Teaching” or “Legal Writing” must be registered students in the Colleges of Medicine, Dentistry, or Law, and such appointees must meet the standards of their respective colleges.
2. Medical or Dental Teaching or Research Associate, or Legal Writing Associate. Appointment to either one of these positions represents a promotion from the position of Medical or Dental Teaching or Research Assistant, or Legal Writing Assistant.

3. Medical or Dental Teaching or Research Assistant, or Legal Writing Assistant. The appointee shall have completed thirty (30) semester credits of graduate work.

4. Resident. The appointee serves as a member of the house staff or trainee of a Health Center professional school. The appointee must be a graduate of an approved program or hold a terminal degree appropriate for the appointment and be enrolled in the respective training within his or her selected area of specialization. The term “intern” usually refers to a resident in the first year of postgraduate work in the involved specialty.

3. Types of Appointments. Appointments are classified with respect to duration of time and degree of effort as follows:
   (a) Duration of time.
   1. Continuing – those appointments for periods of no more than a twelve (12) month period (July 1 – June 30) but at least thirty-nine (39) weeks beginning with the Fall or Summer term.
   2. Temporary – those appointments for a period of time of less than thirty-nine (39) weeks of an academic year, or for a specific or limited period of time. If an appointment is temporary, the contract or letter of appointment shall so state and notice of non-renewal of such an appointment is not required.
   3. Multi-year – those appointments for a fixed term as indicated in the employment offer and contract. The multi-year contract cannot exceed five (5) years. Persons with such appointments shall not be entitled to notice of non-renewal during the term of the specified multi-year appointment. The appointment shall expire at the end of the specified multi-year period, and no further notice of cessation of employment is required.
   (b) Degree of Effort.
   1. Full-time – the utilization of effort considered to be the normal or standard amount required during a given time period, equivalent to 100% or 1.00 FTE.
   2. Part-time – the utilization of effort considered less than customary or standard during a given time period, equivalent to less than 100% or less than 1.00 FTE or, appointments for less than thirty-nine (39) weeks. It includes either working less than 100% of the time through an academic or calendar year or working full-time for less than the full number of terms in the academic year.

4. Appointment Status Modifiers. A modifier defines certain conditions of an appointment and is, unless otherwise noted, to be included in the title.
   (a) Faculty appointments which include the appointment status modifiers listed below are not eligible for tenure or permanent status.
   1. The University shall notify the appointee in writing of the duties and responsibilities and the tenure or permanent status eligibility of the position at the time of the appointment.
   2. Appointees whose faculty titles include status modifiers shall be considered members of the department for the term of the appointment and for the purpose of the assignment of duties and responsibilities. At the option of the departmental faculty the appointees may also attend, speak, and/or vote on departmental matters subject to the policy of the department and/or college.
   3. These appointments, with the exception of the “emeritus” status, will be reviewed by the appropriate department annually.
   4. Acting (Modifier for Administrative Title). This modifier applies to a temporary appointment to fill a vacancy at an administrative level. The appointee may or may not receive compensation as a result of these temporary duties dependent on the nature of the new duties and of the previous responsibilities. Refer to subsection (5) of this rule for a description of the academic-administrative classification.
   5. Adjunct. This modifier applies to temporary appointments extended to persons of satisfactory professional qualifications who perform temporary teaching, research, or extension functions in connection with established programs. Such persons are appointed for one academic term at a time and possess no continuing contractual relationship with the University. Persons with adjunct appointments may not be employed for more than fifty percent (50%) of the time throughout an academic year, or full-time for more than 26 weeks of a fiscal year, unless approved by the Office of Academic Affairs based on the needs of the unit at the time approval is granted. Time spent in this appointment cannot be counted toward tenure or permanent status.
   6. Affiliate or Joint. These modifiers apply to persons paid or holding appointments in a department or unit of the University who participate in another department or unit such as (joint) teaching and/or supervision of graduate students and/or research or extension on a regular or infrequent (affiliate) basis. A majority vote of the departmental faculty is required in the secondary department(s) to award such status. Affiliate faculty members may accrue but not be awarded tenure in the affiliate department, until or unless they become regular members of the department with which they hold the affiliate appointment. The rights and privileges of affiliate appointees in the department should be made clear to them at the time of appointment. Affiliate faculty members will be reviewed by the departments annually and such appointments may be altered or terminated at any time.
   7. Clinical. The faculty modifier “Clinical” applies to persons of professional qualifications who perform teaching, research, or extension functions in a hospital, clinic, or other clinical environment in connection with an established program of the University. Appointees to the following positions may not accrue tenure: “Clinical” Lecturer in (specialty), “Clinical” Assistant Professor of (specialty), “Clinical” Associate Professor of (specialty), and “Clinical” Professor of (specialty).

8. Emeritus (Modifier for Faculty title). Faculty members, academic administrators, and such other officers of the University as the President may designate shall become eligible for the title “Emeritus” in connection with their faculty rank when they retire. The title is to be conferred, as the word indicates, for recognition by one’s colleagues of meritorious service, and it shall entail
continued campus courtesies, under the same conditions as required for active faculty and administrators, including parking, use of the library and recreation facilities, admission to athletics and cultural events, receipt of such publications as are sent to regular faculty members and members of the Alumni Association, participation in contract and grant endeavors, and participation in academic convocations. Consideration for this title shall be accomplished prior to the faculty member’s retirement. The names of all eligible nominees shall be submitted by the chairperson to the faculty for a departmental vote. A favorable nomination shall be submitted through the appropriate administrative channels (Dean, Vice President) to the Office of Academic Affairs for final action.

9. Provisional. This modifier applies to the appointment of a person who is not fully qualified for an academic rank but who expects to acquire such qualification in a short period of time. Such appointments do not carry eligibility for tenure or permanent status during the duration of the appointment, and persons holding such appointments have no continuing contractual relationship with the University. The appointment may not be extended beyond one year except in the case of a provisional assistant professor or equivalent whose appointment can be extended for one additional year.

10. Visiting. This modifier applies to appointments extended to qualified persons who are not expected to be available for more than limited periods of time, or to appointments to positions which are not expected to be available for more than a limited period of time. This appointment is not eligible for tenure or permanent status. The title shall not be held for more than four (4) years or the equivalent in proportional time unless approved by the Office of Academic Affairs based on the qualifications of the appointee and the needs of the unit. Time accrued in a Visiting position may count toward tenure or permanent status eligible service.

11. Courtesy/Honorary/Affiliated Clinical/Industry – These modifiers apply to persons having the appropriate professional qualifications or having distinction and honor in his or her field who are appointed without compensation to a department, center or unit faculty. The “Industry” modifier may also be used for persons from industry who are paid with Other Personnel Services (OPS) funds only. Persons appointed with this status may or may not be otherwise affiliated with the University. This appointment is not eligible for tenure or permanent status. Time spent in this appointment shall not count as tenure or permanent status eligible service. The “Affiliated Clinical” modifier is to be used for appointments in the Health Science Center only. Promotion shall be based on the credentials of the appointee and the recommendation of the faculty and administrators of the department, college and unit, as appropriate. Requests for promotion are submitted to the Office of Academic Affairs for final review and approval.

12. Research or Extension. This modifier may be used in those instances where a person holding professional rank is primarily engaged in research or extension. This appointment is not eligible for tenure or permanent status.

13. Program. This modifier may be used in those instances where a person holding professional rank is primarily engaged in Florida Cooperative Extension Service work and is funded through non-appropriated sources. This appointment is not eligible for tenure or permanent status, and time in the appointment may not be counted as tenure or permanent status earning service.

14. Multi-year. This modifier applies solely to non-tenure or non-permanent status earning faculty ranks who are appointed and employed for a fixed term, unless terminated for cause, as indicated in the employment offer and contract. The multi-year contract cannot exceed five (5) years. The modifier may be used only for appointments that are not tenure eligible or permanent status eligible.

(b) Professional status and student modifiers may be used to describe the professional school or area or the position filled by a student as described in paragraphs (2)(c) and (d) of this rule. Appointees should be advised of the duties and responsibilities and the duration of such appointments and any special conditions required.

5. Academic-Administrative Classification Titles (Administrative/Faculty Title).

(a) Faculty appointed to serve in administrative positions, such as vice presidents, deans, directors, or department chairpersons, shall retain the rights and privileges afforded to them by their faculty rank. The following provisions shall apply to faculty members who are appointed to administrative positions.

1. Faculty appointed to serve in these administrative appointments shall not be eligible for tenure or permanent status in the administrative appointments. Tenure or permanent status shall neither accrue toward nor be granted in an administrative classification.

2. Tenure or permanent status granted to any faculty member prior to or during any such administrative appointment shall be retained only in the faculty rank in which it was granted. Any tenure or permanent status consideration during such appointment shall be based on the faculty duties rather than the administrative portion of the assignment and on the University’s criteria for tenure and promotion. Upon the cessation of such appointment, the faculty member shall be entitled to reassignment to the same or similar position in which tenure or permanent status was granted or held (or would normally have been granted or held) in the faculty member’s current faculty rank.

3. Non-tenured and non-permanent status faculty who are appointed to serve in such administrative appointments shall be entitled to written notice of non-renewal if they are not to be offered further employment with the University.

4. Non-tenured faculty in tenure-accruing positions and non-permanent status faculty in permanent status-accruing positions who are appointed to serve in such administrative appointments shall accrue time toward tenure or permanent status only in their academic rank during such appointment. Appointees shall be advised in writing of the tenure or permanent status-earning eligibility of the appointment at the time of the initial appointment in the academic-administrative classification.
(b) A faculty member holding an administrative position may be removed or reassigned to other institutional duties at any time during the term of the appointment and the salary rate and appointment period shall be established to reflect the new responsibilities. The change in the appointment status shall be submitted through the appropriate administrative channels to the Office of Academic Affairs for approval. Such removal or reassignment shall be discussed with the faculty member at such time and, if appropriate, with administrators of other departments or units affected.

(c) Faculty appointed to serve in administrative positions shall have no right to continue appointment in such classifications or positions beyond the term of the appointment period. An appointment term shall automatically expire at the end of the contractual period [twelve- (12) months or nine- (9) months or in the case of the University Laboratory School, ten- (10) months] or on June 30, whichever occurs first. Such appointments are subject to annual renewal in accordance with subsection 6C1-7.004(3), F.A.C., and notice of non-renewal shall not be required for the administrative appointment.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 12-9-75, Amended 8-15-78, 8-19-79, Formerly 6C1-7.05, 6C1-7.06, 6C1-7.08, 6C1-7.12, Amended 3-26-80, 5-14-85, Formerly 6C1-7.03; Amended 4-30-95, 7-17-97, 6-28-98, 6-15-99, 6-21-00, 3-12-03, 6-3-03.

6C1-7.004 Academic Affairs; Faculty and Appointments: Screening and Selection, Notice of Initial Appointments, Renewal of Appointments, and Delegation of Authority.

(1) Screening and Selection.

Screening and selection of applicants for faculty appointments shall be conducted in accordance with the provisions of the University’s rules. The recruitment and selection of highly-qualified and high-quality individuals is one of the most important responsibilities of deans, department chair, and other hiring administrators.

(a) The selection of candidates shall be based upon the candidates’ qualifications, competency, and other reasonable criteria which may be prescribed by the University in accordance with the State University System’s Employment Plan (refer to Rule 6C1-7.003, F.A.C.), provided that in no case shall such criteria discriminate on the basis of religion, political opinions or affiliation, race, creed, color, age, national origin, handicap, sex, marital status, and veteran’s status as protected under the Vietnam Era Veteran’s Readjustment Act.

(b) The appropriate personnel shall secure reliable and detailed information on prospective candidates and reach decisions on their relative merits. Final candidates should receive information such as: title and nature of position, approximate salary, type of contract, basic assignment, primary emphasis of department, normal instructional load, and other duties. The candidate should also be provided with information on the State University System and the University, including the requirements necessary for personnel decisions such as reappointment, salary increases, promotion, tenure or permanent status.

(c) If practicable, the candidates reaching the final stages of screening should be invited to the campus for personal interviews with departmental faculty and appropriate officials.

(d) In making preliminary contacts with candidates, it should be made clear that no offer of employment is being made.

(2) Notice and Offer of Initial Appointment.

(a) If, after consultation with his/her departmental colleagues, the chair or other appropriate administrator responsible for the initial appointment recommendation decides to recommend that a candidate be offered a faculty position, the recommendation shall be transmitted to the dean and/or other appropriate administrators for review and recommendation and to the Office of Academic Affairs for final approval of the appointment. With the exception of those positions described in subsection (4) of this rule, the authority for final approval of faculty appointments is delegated by the President to the Office of Academic Affairs.

(b) Once the appointment is approved in accordance with paragraph (2)(a) of this rule, the hiring administrator may then offer the candidate employment by means of a letter of offer of appointment, subject to the provision of Section 216.311, F.S. The appointment shall be conditioned on the return of a duly executed copy of the letter of appointment by a specified date, and contingent upon the completion and execution of the applicable university forms and documents required of new faculty. The administrator directly responsible for the supervision of the position shall be responsible for the appointment, the assignment of duties, and the annual evaluation procedures, as well as other appropriate personnel decisions.

(c) The initial letter of appointment shall include the following elements:

1. Date;
2. Professional Classification System title, class code, rank and appointment status modifier, if applicable;
3. Department, program, college, or employment unit;
4. Salary and administrative salary supplement when appropriate;
5. Employment period (duration of the appointment and cessation statement, if appropriate);
6. Special conditions of employment including assignments to a second instructional location, special restrictive covenants of clinical teaching or the like, (Rule 6C1-7.0041, F.A.C.);

7. The duties and responsibilities the employee will perform in teaching, research, and service or other assigned responsibilities, noting that these may be subject to change based upon the needs of the college, department, or unit, and an explanation and description of the annual evaluative process and criteria used in personnel decisions as set forth in Rules 6C1-7.010 and 6C1-7.019, F.A.C. The faculty member’s assignment shall be made in accordance with the policy described in subsection 6C1-7.010(1), F.A.C.;
8. The percent of full-time effort FTE assigned;
9. A statement that in the performance of the contact both parties are subject to the Constitution and laws of the State of Florida and the rules and regulations of the Board of Regents and of the University of Florida;
10. Legislative Position Number (if applicable);
11. A statement indicating the tenure or permanent status eligibility of the position covered by the appointment, including conditional tenure status, such eligibility if the degree of effort is less than 1.00 FTE, and a statement regarding the number of years of any previous tenure or permanent status eligible service which has been approved by the Office of Academic Affairs to be credited toward this appointment; and
12. A statement regarding the policy on outside employment and activities, conflict of interest and financial interests.
   (d) The tenure accrual status shall be consistent with the FTE of the initial offer of appointment for tenure eligible positions.
   (e) No faculty appointment, including appointments to serve in academic-administrative classifications or administrative positions, shall be for a term exceeding a twelve (12) month period ending June 30.
   (f) The appointment of tenured or permanent status faculty member shall be renewed annually subject to the limitations set forth in Rules 6C1-7.003, 6C1-7.019 and 6C1-7.025, F.A.C.
   (g) The appointment of non-tenured or non-permanent status faculty members is subject to renewal or non-renewal in accordance with the appropriate notice provision set forth in the University rules.
   (h) The normal nine (9)-month (academic year) faculty contract shall be for thirty-nine (39) consecutive weeks and a supplemental contract may be offered for all or part of the remaining year.
   (i) If the appointment is for a limited period of time and at the time the appointment is made the University does not expect or intend to renew it, the letter of appointment, or thereafter a letter of reappointment or the Notice of Appointment and/or the Employment Contract shall indicate: "Your employment hereunder will cease on the date indicated. No further notice of cessation of employment is required." Employees not entitled to written notice of non-reappointment may include, but is not limited to, faculty holding visiting appointments, faculty appointed for less than a year, and faculty with less than five years of continuous service whose salaries are funded through "soft money", e.g., contracts and grants, sponsored research funds, and grants and donation trust funds. Whenever the foregoing statement has been included in the reappointment letter, notice or contract, the employee shall not thereafter be entitled to any further notice that the appointment will not be renewed. This paragraph (h) does not apply to positions that are tenure or permanent status-accruing or to faculty with five or more years of continuous service whose salaries are funded through "soft money" who shall be provided at least ninety (90) days notice of non-renewal.
   (j) Faculty appointed to serve in academic-administrative classifications or Administrative and Professional administrative positions, such as vice presidents, deans, directors, or department chairs shall have no rights to continuation in such classifications beyond the term of the appointment period. A faculty member appointed to an administrative classification may be reclassified and reassigned to other faculty or administrative duties at any time during the term of this appointment/employment contract at the pleasure of the University. If the faculty member is reclassified and reassigned, the pay rate and appointment period shall be adjusted to reflect the new responsibilities. Upon cessation of the administrative appointment, tenured or permanent status faculty members shall retain their tenure or permanent status.

3. Renewal of Appointments.
   (a) After the initial appointment described in subsection (2) above a faculty member shall be officially notified of the renewal of an appointment by means of a Notice of Appointment, Employment Contract or a letter indicating the renewal of the reappointment.

1. The appointment of tenured or permanent-status faculty members shall be renewed annually unless terminated for cause subject to the limitations set forth in Rule 6C1-7.025, F.A.C., for permanent status for county extension faculty. The terms of the renewal of appointment shall be consistent with the degree of effort (FTE) and the duration of time (calendar or academic year) of the original appointment in which the faculty member was granted tenure or permanent status.

2. The renewal of appointment of non-tenured or non-permanent status faculty members shall be in accordance with the renewal notification provision of paragraph (3)(a) of this rule. The terms of the renewal of appointment shall be consistent with the degree of effort (FTE) and the duration of time (calendar or academic year) of the faculty member’s initial appointment or prior reappointment.
   a. Notification of changes in an appointment shall be given in the same fashion as the notification of non-renewal provisions of Rule 6C1-7.013, F.A.C., unless:
      i. The faculty member and the appropriate administrator have agreed in writing to such changes as described in paragraph (c) below; or
      ii. The faculty member is not entitled to notice of non-renewal in accordance with paragraph (2)(e) of this rule.
   b. Renewal of appointments, as well as other personnel decisions, shall take into account the effectiveness of the faculty member’s performance in the assigned duties as they relate to the areas of teaching or extension (IFAS), research, and service, and/or based on the requirements of the department.
   c. Notice of non-renewal of appointments or termination of an appointment shall be given in accordance with University rules.
   (b) If the assigned duties and responsibilities of a faculty member change after the initial employment date, the faculty member shall be informed in writing of the change and shall be afforded an opportunity to discuss the change in assignment prior to its effective date.
(c) Under special circumstances the degree of effort (FTE) and/or the duration of the appointment may be altered by written agreement between the appropriate administrator and the faculty member. Such changes in the appointment shall be submitted through the appropriate administrative channels to the Office of Academic Affairs for approval prior to any change in the appointment.

(d) A faculty member who signs the employment contract or accepts compensation for the employment provided by the appointment shall be subject to the rules and regulations of the University.

(e) The administrator directly responsible for the appointment and supervision of an academic-administrative classification or an Administrative and Professional administrative position may choose not to renew, to remove, or to reassign a faculty member at any time during such an appointment. Refer to Rule 6C1-7.003, F.A.C.

(4) Delegation of Appointment Authority. The deans and directors of academic units are authorized to exercise the presidential power of appointment to the following academic ranks and titles, except in the case of IFAS and the Health Science Center where the respective Vice Presidents retain such power as to such categories:

(a) Assistant Professors;
(b) Instructors;
(c) Assistant Research Scientists, Assistant Research Scholars, or Assistant Extension Scientists;
(d) Assistant Engineers;
(e) Post doctoral Associates;
(f) Post doctoral Fellows;
(g) Graduate, Medical or Dental Teaching or Research Associates;
(h) Graduate, Medical or Dental Teaching or Research Assistants;
(i) Graduate Assistants;
(j) Assistants in;
(k) Associates in;
(l) Instructor University Librarians or Assistant University Librarians;
(m) Assistant Counseling Psychologists;
(n) Assistant Curators;
(o) Legal Writing and Research Assistants;
(p) Extension Agent IV, Extension Agent III, Extension Agent II and Extension Agent I;
(q) University Laboratory School Instructors;
(r) University Laboratory School Assistant Professors;
(s) Lecturers;
(t) Academic Administrative Classification Titles – reporting through the appropriate administrative channels to a dean or the equivalent;
(u) Residents/Interns;
(v) Clinical fellows;
(w) Trainees;

Notwithstanding the foregoing, all appointments or changes in titles shall be forwarded to the Office of Academic Affairs for review and processing.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5), (19) FS. History–New 3-26-80, Amended 2-23-82, 3-6-85, Formerly 6C1-7.04, Amended 5-21-89, 6-28-98.

6C1-7.0041 Academic Affairs; College of Medicine; Clinical Faculty Teaching Appointments; Restrictive Covenants.

(1) The University recognizes that a faculty physician appointment to the faculty of the College of Medicine involves both academic and clinical responsibilities, and that these responsibilities are interlinked and performed at affiliated hospitals and/or clinics. Furthermore, the University recognizes that medical clinical practice competition by a faculty physician within two years of termination, discharge or cessation of employment and within a fifty-mile radius of the situs of the faculty physician’s major clinical teaching assignment would have a negative impact on the University’s College of Medicine teaching programs at the major affiliated hospital and/or clinic, impair the operation and quality of its affiliation and erode the patient population and economic base necessary to support the mission of the University’s College of Medicine.

(2) The College of Medicine is authorized to include, as a condition of appointment to a faculty teaching position requiring clinical practice, a restrictive covenant in the faculty contract and/or letter of appointment. Such a restrictive covenant shall limit the faculty physician from entering into a community based clinical practice within a radius of no more than fifty miles from the situs of any primary faculty clinical teaching assignment during the previous two years, for a period of no more than two years following termination, discharge or cessation of employment. If the University, through its College of Medicine, elects to require such a restrictive covenant for one faculty physician, it shall require a restrictive covenant of all new faculty physicians whose major clinical teaching assignment is located at the same affiliated hospital and/or clinic.

(3) Remedies for breach of this restrictive covenant shall be limited to all available remedies provided by law and equity, including but not limited to those remedies provided by Section 542.33(2)(a), F.S.
(4) Faculty physicians who at the time of their academic appointment are engaged in a medical clinical practice within a fifty-mile radius of the situs of the faculty physician's major clinical teaching assignment shall, upon termination, discharge or cessation of employment, be exempt from the provisions of the restrictive covenant rule. Faculty physicians who are exempt from the restrictive covenant rule shall be notified by the University of such exemption at the time of their appointment.

6C1-7.010 Academic Affairs; Faculty Evaluation and Improvement: General Policy, Areas of Performance to be Evaluated, Sources of Data for Evaluation, Methods of Evaluation, Utilization of Evaluations, Sustained Performance Evaluation and Administrative Evaluation.

(1) General Policy.

(a) Each faculty member shall be evaluated in writing at least once annually on the basis of an assessment of the individual's total performance in fulfilling his/her assigned duties and responsibilities to the University and fulfilling effectively those responsibilities attendant to membership in the university community. The basic purpose of this evaluation is faculty improvement in the functions of teaching, including extension work, research, service, and any other duties that may be assigned with the resulting enhancement of learning, cultural advancement, and production of new knowledge. The statutory semester assignment requirement reflected on the Semester Faculty Assignment Report, Assignment Form AA-FORM-001, Rev. 1/98 and incorporated herein by reference, which can be obtained from the Academic Personnel Office, shall be used to convey the assigned duties and responsibilities to the faculty member at the beginning of each semester or academic term. The assignment shall be made in accordance with the policy established by the Vice President for Academic Affairs as required by F.S. The assignment should provide faculty members who are earning eligibility for tenure, permanent status, and/or promotion with equitable opportunities in relation to others in the department to meet the required criteria for such status. The primary assessment of the faculty member's competency shall be in terms of the performance of assigned duties and responsibilities, including those professional responsibilities arising from the nature of the educational process, such as observing and upholding the highest ethical standards of the faculty member's discipline, participating, (as appropriate), in the shared system of collegial governance especially at department/unit level, respecting the integrity of the relationship between professor and student, and adhering to one's proper role as teacher, researcher, intellectual, mentor and counselor. The evaluation shall precede and shall be considered in making recommendations and final decisions on tenure or permanent status, promotions, and salary for tenured, permanent status, non-tenured or non-permanent status faculty members and on retention or non-renewal for non-tenured (tenure-accruing) or non-permanent status (permanent-status accruing) faculty members.

(b) The responsibility of the faculty member is the full and competent performance of all duties pertinent to his/her employment with the University. When first employed, each faculty member shall be informed in writing of what is expected of him or her, generally, in terms of teaching, including extension work, research and other creative activities, and service, and if there are any specific requirements and/or other duties involved. If and when these expectations change during the period of service of a faculty member, that faculty member shall be informed in writing of the change and shall be afforded an opportunity to discuss the assignment prior to its effective date.

(c) Application of the criteria enumerated in this policy shall not violate the faculty member's academic freedom or constitutional rights, nor shall a faculty member be punished for exercising such freedom or rights, either in the performance of University duties or duties outside the University. At the same time, a faculty member may reasonably be expected to show by his or her behavior, both in performance of University duties and duties outside the University, that he or she is aware that membership in the academic profession carries with it special responsibilities.

(d) Statement on Professional Ethics.

1. The professor, guided by a deep conviction of the worth and dignity of the advancement of knowledge, recognizes the special responsibilities involving upon members of the profession. The professor’s primary responsibility to his/her field is to seek and to state the truth as he/she sees it. To this end, the professor devotes himself/herself to developing and improving his/her scholarly competence. The professor accepts the obligation to exercise critical self-discipline and judgment in using, extending and transmitting knowledge. The professor must never seriously hamper or compromise anyone's freedom of inquiry.

2. As an instructor, the professor encourages the free pursuit of learning in students. The professor maintains and represents the best scholarly standards of his/her discipline. The professor demonstrates respect for the student as an individual, and adhere to the proper role of intellectual guide and counselor. The professor makes every reasonable effort to foster honest academic conduct and to assure that evaluation of students reflects their true merit. The professor respects the confidential nature of the relationship between professor and student. The professor avoids any exploitation of students for private advantage and acknowledges significant assistance from them. The professor protects their academic freedom.

3. As a colleague, the professor has obligations that derive from common membership in the community of scholars. The professor respects and defends the free inquiry of associates. In the exchange of criticism and ideas the professor shows due respect for the opinions of others. The professor acknowledges academic responsibilities and strives to be objective in professional judgment of colleagues. The professor accepts his/her share of faculty responsibility for the governance of the University.
4. As a member of the University, the professor seeks above-all to be an effective teacher and scholar. The professor observes the stated regulations of the institution, provided they do not contravene academic freedom, but nonetheless maintains the right to criticize and seek revision. The professor determines the amount and character of the work he/she does outside the University with due regard to his/her paramount responsibilities within it, provided such amount and character of outside employment is in compliance with State law and University and State University System’s policies on outside employment. When considering the interruption or termination of employment, the professor recognizes the effect of this decision upon the programs of the University and gives due notice of his/her intentions.

5. As a member of the community, the professor has the rights and obligations of any citizen. The professor measures the urgency of these obligations in light of responsibilities to his/her field, to students, to the profession, and to the University. The professor, when speaking or acting as a private person shall avoid creating the impression that he/she speaks or acts for the college or the University. As an individual engaged in a profession that depends upon freedom for its health and integrity, the professor has a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

(e) The criteria and procedures set forth in this rule pertain to the annual evaluation of faculty. In cases where serious dishonesty, incompetence, neglect of duty, or irresponsibility of a faculty member is charged, proceedings should be undertaken involving full due process guaranteed under recognized procedures and standards for dismissal or other disciplinary action as provided in the University rules and contained in the Constitution of the University.

(2) Areas of Performance to Be Evaluated. The performance of each faculty member shall be evaluated annually in writing based on the faculty member’s contribution to the orderly and effective functioning of the academic-administrative unit (program, department, school, college), those professional responsibilities arising from the nature of the education process, and/or the total University and his/her performance in each of the following areas appropriate to the terms of his/her employment and assigned duties and responsibilities.

(a) Teaching – Teaching involves the presentation of knowledge, information, and ideas by various methods including lecture, discussion, assignment and recitation, demonstration, laboratory exercise, practical experience, direct consultation with students, etc. The utilization and effectiveness of each of these methods, when appropriate, shall be considered. The evaluation of the total effectiveness of teaching shall be related to approved written objectives of each course which shall be given to each class at the beginning of the semester or academic term. Evaluation shall include consideration of:

1. Effectiveness of teaching related to knowledge and skills imparted that correspond with the objectives of the course;
2. Effectiveness of teaching related to stimulation of the students’ critical thinking and/or creative ability in light of the objectives of the course; and
3. The faculty members’ adherence to accepted standards of professional behavior in meeting his/her responsibilities to his/her students.

(b) Extension – The contributions of the extension faculty to the non-degree educational programs of the University shall be evaluated. The utilization and effectiveness of the following processes and methods, where appropriate, shall be considered in the evaluation: situational analysis; clientele-needs assessment; design and implementation of educational experiences appropriate to the learner; analysis, synthesis, and adaptation of research results; packaging of such information into program materials such as bulletins, fact sheets, newsletters, mass media messages, and public displays for a wide range of audiences; and demonstration and field tests that enhance both idea adoption and development of new insights. The evaluation shall also include consideration of:

1. Effectiveness of teaching and counseling related to planned objectives in the Extension program.
2. Effectiveness of obtaining, integrating, and organizing educational resources into programs directed to define needs of clientele.

(c) Research and Other Creative Activities – Contribution to the discovery of new knowledge, development of new educational techniques, and other forms of creative activity shall be considered and evaluated. Evidence of research and other creative activity shall include, but not be limited to: published books, articles and papers in professional journals; musical compositions, paintings, sculpture; works of performing art; papers presented at meetings of professional societies; and current research and creative activity that has not yet resulted in publication, display, or performance. The evaluation shall include consideration of:

1. Productivity, including quality and quantity of what has been done during the year, and
2. Recognition by the academic or professional community of what has been done. In making judgments pertaining to the decision to award tenure, evaluation by qualified scholars in pertinent disciplines both within and outside the University should be sought.

(d) Service – Service shall include, but not be limited to, participation in governance processes of the University through service on departmental, college, and university committees, councils and the senate; service to public schools; service in appropriate professional organizations; involvement in the organization and expedition of meetings, symposia, conferences, workshops; participation in radio and television; and participation on local, state and national governmental boards, agencies and commissions. Only those activities which are related to a faculty member’s field of expertise or to the mission of the University shall be evaluated.
(e) Other University Duties – Whenever reasonable duties other than those usually classified as teaching, including extension work, research or other creative activity or service, are assigned to a faculty member, such as academic administration and academic advisement, and such other responsibilities expected as may be appropriate to the faculty member’s duties and responsibilities. The effective performance of these duties shall be evaluated as prescribed by the evaluation procedures of the University.

(3) Sources of Data for Evaluation – Evaluation of a faculty member’s performance shall include data from the following six sources where appropriate:

(a) The chair of the faculty member’s department or other administrative unit;
(b) Faculty;
(c) Students;
(d) The faculty member being evaluated;
(e) Other university officials; and
(f) Public school officials and/or personnel.

(4) Methods of Evaluation – All appropriate data and evaluations, qualitative and quantitative, shall be collected by the chair of the department or other appropriate administrator.

(a) Chair’s Evaluation – The chair of the department or the administrator of a comparable academic unit shall review and evaluate the teaching, including extension work, research, and other creative activities, service and other university duties of each member of that department or unit during each academic year.

(b) Faculty Evaluation – The respective college or divisions within the University will develop and implement the processes necessary to evaluate the appropriate faculty on teaching, including extension work, research and other creative activities, service and other university duties when appropriate.

(c) Student Evaluation – Students shall evaluate teaching and, when appropriate, other university duties. The teaching effectiveness of each faculty member may be evaluated in writing by students currently or previously enrolled in his or her classes.

(d) Self-Evaluation – Each faculty member may provide an evaluation of each area of his or her own total performance, and submit the evaluation, along with any appropriate substantiating evidence, to the chair of the department or other administrative unit.

(e) Evaluation by Other University Officials – A faculty member may be evaluated by university officials for duties performed under the supervision of Deans, Directors, the Vice President for Academic Affairs, or any other university official(s) who may supervise the faculty member’s activities.

(f) Evaluation by Public School Officials and/or Personnel – A faculty member who teaches or provides other kinds of service to the public schools may be evaluated by public school officials and/or personnel for duties performed under their supervision or in collaboration with said individuals.

(g) Evaluative Comments by Medical Students and Housestaff – The evaluation of the College of Medicine faculty shall include and incorporate into the evaluative process the evaluative comments, as well as the numerical data, submitted by medical students, housestaff (interns, residents, and clinical fellows), and physician assistant students concerning faculty members.

(5) Sustained Performance Evaluations – Tenured faculty members shall receive a sustained performance evaluation once every seven (7) years following the award of tenure or their most recent promotion. The purpose of this evaluation is to document sustained performance during the previous six (6) years of assigned duties and to encourage continued professional growth and development. A performance improvement plan shall be developed only for those employees whose performance is identified through the sustained performance evaluation as being consistently below satisfactory in one or more areas of assigned duties. It is the responsibility of the employee to attain the performance targets specified in the performance improvement plan. If the faculty member fails to meet these targets, the unit has the responsibility to take appropriate actions under the provisions of University Rule 6C1-7.048, F.A.C., or the Collective Bargaining Agreement for these faculty in the bargaining unit.

(6) Utilization of Evaluation.

(a) The chair of each department or other administrative unit shall collect the evaluation data for each faculty member in the department. The data, if used in the evaluation process shall be placed in the faculty member’s personnel file which is normally located in the faculty member’s department or unit. The chair shall provide the faculty member with a written summary of the data and shall discuss it privately with the faculty member.

(b) Existing evaluations and the data in the faculty member’s personnel file upon which these evaluations are based shall be considered in recommendations and final decisions on tenure, promotions, and salary.

(c) The contents of the faculty personnel file which deal with the evaluation of performance shall be confidential and shall not be disclosed except to the affected faculty member and those whose duties require access to the file in accordance with the University’s evaluation procedures or by the President or the President’s designee in the discharge of official duties and responsibilities or upon order of a court of competent jurisdiction. (Refer to Rule 6C1-3.055, F.A.C.)

(7) The evaluations of administrators of the colleges or academic units shall be the responsibility of the dean and/or appropriate vice president.

(a) The annual evaluation process and the evaluation process and procedures involved in the evaluation of administrators requiring input from faculty and other appropriate personnel shall be the responsibility of the Dean, Director and/or appropriate Vice President.
(b) Copies of the administrative evaluation process and procedures requiring input from faculty and others shall be filed with the Office of Academic Affairs. Each evaluator shall submit his or her evaluation of the Dean or Director to the Office of the Provost for tabulation. The results of the tabulation will be forwarded to the Dean or Director with copies to the Vice President for Health Affairs and the Vice President for Agricultural and Natural Resources, as appropriate.

Specific Authority 240.227(1), 240.253 FS. Law Implemented 240.227(5), (19), 240.245, 240.253 FS. History–New 3-26-80, Amended 2-23-82, 3-6-85, Formerly 6C1-7.10, Amended 11-13-90, 6-28-98.

6C1-7.013 Academic Affairs; Non-Renewal of Non-Tenured or Non-Permanent Status Faculty Appointments; Appointments Subject to Non-Renewal Notification, Non-Renewal Notification Requirements, and Non-Renewal Transmittal Procedures.

(1) Procedures for the Non-Renewal of Non-Tenured or Non-Permanent Status Faculty.

(a) Appointment periods are stated for the purpose of encumbering funds, thus non-tenured and non-permanent faculty appointments shall not create any rights, interest, or expectancy of continued employment. Faculty in these positions have the right to appropriate notice of non-renewal of the appointment as provided in subsection (2) below.

(b) The President or the President’s designee may choose to discontinue the employment of a non-tenured or non-permanent status faculty member in accordance with the provisions of this rule.

(c) By the end of the seventh year of continuous full-time, or equivalent part-time employment or service, a faculty member in a tenure-earning position who has not been granted tenure shall be given notice of non-renewal of employment as provided for in subsections (2) and (3) of this rule.

(d) A faculty member in a permanent status-earning position in county extension who has not been granted permanent status by the end of the seventh year of continuous employment and a faculty member at the P. K. Yonge Developmental Research School who has not been granted permanent status by the end of the third year of continuous employment shall be given notice of non-renewal of employment as provided for in subsections (2) and (3) of this rule. Refer to Rule 6C1-7.025, F.A.C.

(e) Non-tenured and non-permanent status faculty who are appointed to serve in an academic-administrative classification or administrative position and whose employment with the University will be discontinued, shall be entitled to written notice of non-renewal in accordance with this rule.

(f) In the event of a break in service for more than one semester in one full year or more than two semesters in two full years, only service following such break shall be counted for purposes of determining length of service. Approved paid or unpaid leaves shall not be considered a break in service.

(2) Non-Renewal Notification Requirements.

(a) Notice of non-renewal or intention to non-renewal shall be provided in writing. At any time during any appointment, a non-tenured or non-permanent status faculty member may be non-renewed upon written notice as follows:

1. For employees in their initial appointment period of faculty employment with the University, three (3) months prior to the effective date of the non-renewal notice;

2. For employees in their second appointment period of faculty employment with the University, six (6) months prior to the effective date of the non-renewal notice; and

3. For employees in their third appointment period of faculty employment or beyond with the University, twelve (12) months prior to the effective date of the non-renewal notice. These notification procedures also apply to faculty with five (5) or more years of continuous university employment as of June 30, 1993 whose salary is funded through “soft” money, e.g., contracts and grants, sponsored research funds, and grants and donation trust funds.

(b) The requirement of written notice of non-renewal set forth in paragraph (2)(a) of this rule is not applicable to the following non-tenured or non-permanent status accruing faculty appointments if the statement described in paragraph (2)(c) of this rule is included in the individual’s notification of appointment:

1. Those holding visiting appointments;

2. Those who are appointed for less than one (1) academic year; or

3. Those with less than five (5) years continuous service whose salary is funded through “soft” money, e.g., contracts and grants, sponsored research funds, grants and donations trust funds, and special funds such as those allocated to meet enrollment demands.

(c) Faculty not entitled to a written notice of non-renewal as provided in paragraph (2)(b) above, shall have the following statement included in the notification of the appointment or reappointment: “Your employment for this appointment period will cease on the date indicated. No further notice of cessation of employment is required.” If this statement is not included in either the notification of appointment or letter of appointment or reappointment, then, ninety (90) days notice prior to the effective date of the non-renewal notice shall apply for faculty who have five (5) or more years of continuous University service after July 1, 1993.

(3) Notice of Non-Renewal.

(a) Prior to the transmission of the notice of non-renewal, the President or designee shall confer informally with the faculty member concerning the non-renewal.

1. The notice of non-renewal shall include the following:

a. A statement that the University is discontinuing the appointment;
b. A reference to the meeting held with the President or the President’s designee to advise the faculty member of non-renewal;
c. The expiration date of the current appointment period;
d. The last date of employment with the University; and
e. A copy of the appropriate appeal procedures in effect at the University. (Refer to Rule 6C1-7.041, F.A.C.)

2. Following the mailing of the notice of non-renewal, the President or designee may, at any time, in the best interests of the institution as it is the President’s prerogative to do in all cases, reassign such a faculty member to other institutional duties after consultation with the faculty member and the departments or other units affected.

(b) This action does not release the University from its commitment to compensate the faculty member for assigned duties performed during the period prior to the effective date of the non-renewal.

(c) Should a faculty member enter into other full-time professional employment or employment which may interfere or conflict with the faculty member’s assignment without written approval of the President, prior to the expiration of the faculty member’s appointment period, the University will immediately terminate payment of any compensation thereunder.

(4) The amendments to paragraphs (1)(c) and (1)(d) of this rule shall be effective May 7, 2004.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19), 1004.37 FS. History–New 3-26-80, Amended 2-23-82, 3-6-85, Formerly 6C1-7.13, Amended 5-19-93, 7-11-94, 6-28-98, 6-15-99, 6-27-02, 6-3-03.

6C1-7.018 Academic Affairs; Academic Freedom and Responsibility.

1) Academic Freedom and Responsibility:
   (a) The University believes that academic freedom and responsibility are essential to the full development of a true university and apply to teaching, research, and creativity. In the development of knowledge, research endeavors, and creative activities, the faculty and student body must be free to cultivate a spirit of inquiry and scholarly criticism and to examine ideas in an atmosphere of freedom and confidence. The faculty must be free to engage in scholarly and creative activity and publish the results in a manner consistent with professional obligations. A similar atmosphere is required for university teaching. Consistent with the exercise of academic responsibility, a teacher must have freedom in the classroom in discussing academic subjects selecting instructional materials and determining grades. The university student must likewise have the opportunity to study a full spectrum of ideas, opinions, and beliefs, so that the student may acquire maturity for analysis and judgment. Objective and skillful exposition of such matters is the duty of every instructor.
   
   (b) The established policy of the University continues to be that the faculty member must fulfill his/her responsibility to society and to his/her profession by manifesting academic competence, scholarly discretion, and good citizenship. The university instructor is a citizen, a member of a learned profession, and an academic officer of the University. The instructor should be constantly mindful that these roles may be inseparable in the public view, and should therefore at all times exercise appropriate restraint and good judgment.

   (2) Academic freedom is accompanied by the corresponding responsibility to:
      (a) Be forthright and honest in the pursuit and communication of scientific and scholarly knowledge;
      (b) Respect students, staff and colleagues as individuals and avoid any exploitation of such persons for private advantage;
      (c) Respect the integrity of the evaluation process with regard to students, staff and colleagues, so that it reflects their true merit;
      (d) Indicate when appropriate that one is not an institutional representative unless specifically authorized as such; and
      (e) Recognize the responsibilities arising from the nature of the educational process, including such responsibilities, but not limited to, observing and upholding the ethical standards of their discipline; participating, as appropriate, in the shared system of collegial governance, especially at the department/unit level; respecting the confidential nature of the relationship between professor and student; and adhering to one’s proper role as teacher, researcher, intellectual mentor and counselor.

Specific Authority 240.227(1) FS. Law Implemented 240.105(2), 240.227(5), (19) FS. History–New 5-14-85, Formerly 6C1-7.13, Amended 5-19-93, 7-11-94, 6-28-98, 6-15-99, 6-27-02, 6-3-03.

6C1-7.019 Academic Affairs; Tenure and Promotion: Definition, Eligibility, Granting of Tenure, Criteria, Procedures and Methods of Processing, Confidential Nature of Materials and Discussions, Reports and Appeals, Permanent Status and Sustained Performance Evaluations.

1) Two of the most important types of decisions made in the University are those having to do with promotion and tenure; they are the principal means by which the quality of the institution is maintained and developed. The President shall have the responsibility of submitting nominations for the awarding of tenure to the Board of Trustees. The tenure nominations are subject to approval by the Board before such status is granted. The responsibility for decisions on promotion has been specifically delegated to the President by the Board of Trustees. This rule governs tenure and promotion of faculty at the University.

2) Definition of Tenure and Promotion of the Faculty.
   (a) Tenure, a status granted by the Board of Trustees, is attained by the faculty member in an academic department through distinction in teaching, research, extension, or other scholarly or creative activities, and service and contributions to the University and to the profession. It assures the faculty member immunity from reprisals or threats due to an intellectual position or belief which may be unpopular. Tenure shall normally be in an academic department. With the written consent of the Provost, the tenure
of a faculty member may reside in a center or institute when the research, teaching, and other duties of the faculty member necessitate such a designation. A faculty member who has been granted tenure by the Board of Trustees (or the Board of Regents prior to July 1, 2001) shall have the status of a permanent member of the faculty and remain in the employment of the University until the faculty member:

1. Voluntarily leaves the employment of the institution; or
2. Voluntarily retires; or
3. Is dismissed for cause under the provisions of Rule 6C1-7.048, F.A.C., or an applicable Collective Bargaining Agreement for faculty members in a bargaining unit, which govern the termination of faculty employment; or
4. Is discontinued from employment pursuant to the layoff provisions of University rules or an applicable Collective Bargaining Agreement for faculty members in a bargaining unit; or
5. Dies. While the guarantee of annual contract renewal cannot be absolute and exists only to the extent that funds from all sources remain available to honor the commitment, tenure remains one of the distinctive characteristics of the University.

(b) Promotion shall mean the appointment of a faculty member to a higher academic rank in recognition of distinguished performance as a faculty member. Responsibility for promotion decisions has been specifically delegated to the President by the Board of Trustees.

(c) Decisions to promote or to grant tenure, although not identical, differ more in emphasis than they do in kind. The granting of tenure is a more critical action than promotion, for it represents a commitment by the institution to the individual, which is a very serious undertaking for the University. Both decisions, however, represent an evaluation on the part of the University of the faculty member’s total value to the University and of his or her potential for the future as evidenced by his or her record. Both require not only a consideration of the candidate’s fulfillment of his or her assigned responsibilities in teaching, research, extension, and service, but also a broad scale evaluation of his or her fitness to fulfill effectively the responsibilities attendant to membership in the University community. They also require a determination that the individual understands the concepts of academic freedom and academic responsibility and their close interrelationship. The same criteria are to be applied in making or evaluating recommendations in both tenure and promotion judgments.

(d) Tenure may be granted by the Board of Trustees upon the recommendation of the President at the time of initial appointment only after a consideration of the needs of the department or program and only when the prospective appointee has tenure at another college or university. Refer to subparagraph (3)(a)3. of this rule.

(e) Consideration for tenure, permanent status, or promotion during an administrative appointment shall be based on the faculty duties in teaching, research, service, or extension evaluated under the University’s criteria for tenure and promotion and shall not be based on the administrative portion of the assignment.

(3) Eligibility for Tenure

(a) Only those employees classified as faculty members of the University who are in a continuous full-time or part-time tenure-accruing position and hold the rank of assistant professor or above are eligible for nomination for tenure. Refer to Rule 6C1-7.003, F.A.C.

1. The faculty member considered for tenure shall normally hold the terminal degree appropriate to the academic field to which the faculty member is appointed. Any candidate who does not hold the terminal degree must have an exceptional record of professional achievement.

2. A faculty member shall be appointed to a department or unit, and there shall normally be an academic department which is responsible for the faculty member’s tenure. With the written consent of the Provost, a center or institute may be responsible for the tenure of a faculty member.

3. The award of tenure may be recommended to the Board of Trustees at the time of initial appointment to associate professor or above. Requests for tenure upon appointment should be submitted to the Provost (or designee) with a statement of the reasons for the request and supporting documentation, including but not limited to, a copy of the nominee’s resume and the vote of the appropriate departmental or unit faculty. This statement shall set forth the special circumstances which warrant granting tenure as a condition of employment, including a brief summary of the nominee’s academic credentials and employment. If the Provost approves the request, the letter of offer of appointment to the nominee should address the tenure issue by indicating that the recommendation for tenure will be sent to the Board of Trustees for its consideration and decision. The social security number, documentation required by the I-9 Form, and an assurance that the internal procedures for tenure approval were followed, including the results of the vote of the appropriate departmental or unit faculty, must also be submitted to the Provost with the appropriate documents.

4. If a non-tenured faculty member is appointed to serve in academic-administrative classifications or administrative positions, he or she shall be eligible for tenure only in the faculty rank, but not in the administrative position. Only that portion of the assignment that is not administrative shall be considered in the tenure process. Tenured faculty members appointed to these positions shall retain tenure in the faculty rank, but tenure shall not apply to or be held in any administrative positions or classifications. Refer to Rule 6C1-7.003, F.A.C.
5. Faculty members shall be considered and recommended for tenure or given notice of non-renewal by the end of seven years of academic service in a tenure-track position at the University of Florida. A faculty member may request consideration prior to the seventh year, and the department chair or equivalent administrator will initiate the tenure nomination process upon that request. One year of academic service shall mean employment during at least thirty-nine (39) weeks of any twelve (12)-month period beginning with the fall term. Employment for one semester (or its equivalent) shall constitute one-half year of academic service.

6. Faculty members being considered for tenure prior to the seventh year may withdraw from consideration without prejudice by written mutual agreement between the faculty member and the chairperson. Faculty members being considered for promotion may withdraw from consideration. The withdrawal from consideration for tenure or for promotion must be made prior to a decision by the President. For the procedures concerning the decision at the presidential level, refer to subparagraphs (6)(b)3. and (6)(c)3. of this rule.

7. Time spent by a faculty member with a tenure track appointment under joint appointment or exchange within or without the State University System, on a duly established personnel exchange program of the University or on a special assignment for the benefit of the parent institution or for the University System, shall be considered academic service for the purposes of subsection (3) of this rule absent an agreement between the faculty member and the University to the contrary. In all such cases, the faculty member shall be so informed in writing at the time leave is granted.

8. A semester (or a 19.5 week period for 12 month faculty) in which a faculty member is on a leave of absence shall not be considered academic service for the purposes of subsection (3) of this rule. A semester (or 19.5 weeks for 12 month faculty) in which a faculty member is on reduced full-time equivalent (FTE) compensated leave shall not be considered academic service for the purposes of subsection (3) of this rule.

9. The appointment or employment requirement for a tenured faculty member shall be consistent with the degree of effort and duration of time (academic year or 12-month appointment) in which the faculty member was granted tenure status. Refer to Rule 6C1-7.003, F.A.C. Faculty who have been appointed to a tenure accruing position at less than 1.00 full-time equivalent (FTE) will be awarded tenure at the percentage of full-time effort (FTE) assigned at the time of the initial appointment in the tenure accruing position. The appropriate academic department and college may submit a request to the Office of Academic Affairs for a change to full-time tenure status for any faculty member who was granted tenure at less than 1.00 FTE, after the faculty member has completed a total of five (5) consecutive years of 1.00 FTE appointments.

(b) Tenure Eligibility for Tenured Faculty Members Transferred to Other Departments Within the University or from Another State University in Florida.

1. All prior State University System tenure-accruing service shall be credited toward tenure at the University of Florida in the absence of an agreement between the University and the faculty member to the contrary.

2. A faculty member may transfer with tenure from another university in the State University System if the transfer of the faculty member and the transfer of the line item, where appropriate, is approved by the appropriate University officials or if a vacancy exists and the faculty member is offered employment through the normal hiring process.

3. While no department or unit of the University is obliged to accept the transfer of a faculty member from another unit or units, if a tenured faculty member of a department or unit is offered employment and accepts such a transfer, the academic department or unit must recognize the tenured status already attained by the transferring faculty member. The acceptance of a transferring faculty member is conditioned upon an affirmative vote of the tenured faculty members of the academic department or unit within which the faculty member will hold tenure. A report of the transfer shall be submitted through the appropriate administrative channels to the Office of Academic Affairs.

(c) Tenure Eligibility of Faculty in the various Colleges of the J. Hillis Miller Health Center with Assignments at Affiliated Institutions or Units.

1. The Colleges of the J. Hillis Miller Health Center are authorized to offer tenure-accruing appointments to faculty members with assignment at any of the affiliated institutions or units designated by the dean of any college of the J. Hillis Miller Health Center, provided the appointee fully qualifies for and holds the tenure-accruing rank in an academic unit in the respective college. In all circumstances, the appointee must be informed in writing of the inherent limitations in the definition of tenure for such faculty members.

2. Any member of the faculty in one of the colleges at the J. Hillis Miller Health Center, who acquires tenure while having assignment at an affiliated institution or unit will continue in a tenured status only so long as that respective affiliated institution continues to provide funds to the University of Florida to support that faculty position. If the affiliated institution ceases to support that particular faculty position, the faculty member’s tenure shall be withdrawn.

(d) Tenure Eligibility for Faculty in University Libraries and Florida Museum of Natural History. The faculty in the University Libraries and the Florida Museum of Natural History holding appointments in a regular academic rank or holding ranks equivalent to assistant professor, associate professor, professor, or above, i.e., assistant librarian, associate librarian, librarian, assistant curator, associate curator, curator, and above, are eligible for tenure and their contracts shall so state.

(4) Criteria for Tenure and Promotion.

(a) The criteria for promotion or for granting of tenure shall be relevant to the performance of the work which the faculty member has been assigned to do and to the faculty member’s duties and responsibilities as a member of the University community. These criteria recognize three (3) broad categories of academic service as follows:
1. Instruction, including regular classroom teaching, direction of theses and dissertations, academic advisement, extension programs, and all preparation for this work including study to keep abreast of one’s field.

2. Research or other creative activity including scholarly, peer-reviewed publications.

3. Professional and public service.

(b) Extension service may be inclusive of the three broad categories of academic service described above. Refer to paragraph 6C1-7.010(2)(b), F.A.C., for a detailed description of the duties and responsibilities specifically assigned to extension faculty.

(c) The work for which a faculty member is responsible, as well as the expectation that he or she will abide by the rules and regulations of the University and the laws of the State and the nation, should be made clear to the faculty member at the time of employment and shall be reviewed at subsequent intervals at least annually, since the faculty member’s assignment may vary with the passage of time.

(d) The assignment shall also be specified at the time of recommendation for promotion and tenure on the University’s tenure and/or promotion nomination packet of information which the faculty member prepares. A copy of the University’s Guidelines and Information regarding the Tenure, Permanent Status and Promotion Process, Revised July 2003, which includes the nomination packet format and which is incorporated herein by reference, may be obtained in the Chairperson’s, Dean’s or Director’s Office or from the Office of Academic Affairs. In most cases, all three types of activities mentioned in paragraph (4)(a) above will be expected, although the ratios required may vary widely. By way of illustration, a faculty member assigned mostly teaching responsibilities in most cases will be expected to do some research and/or service work. On the other hand, there will be some research personnel who will be assigned no teaching. In most cases, promotion and tenure should require distinction in at least two of the three categories, one of which should be that of the faculty member’s primary responsibility, although merit should certainly be regarded as more important than variety of activity. “Distinction”, as used in this context, means appreciably better than the average college faculty member of the candidate’s present rank and field. Reviews of nominations for promotion and tenure shall contain evidence that such a comparative judgment has been made and that letters of recommendation from outside the University have been sought for the evaluation of research and creative or extension service activities.

(5) Granting of Tenure.

(a) By the end of seven (7) years of continuous full-time or equivalent part-time service in a tenure-accruing position at the University, a faculty member shall either be recommended for tenure or given notice that further employment will not be offered. The notice of denial of tenure shall be accompanied by a statement from the President or the President’s designee of the reason(s) for not granting tenure.

(b) Each review of a nomination for tenure shall reflect careful consideration of the qualifications of the faculty member, including evaluation by colleagues and the department chairperson and/or immediate supervisor. Evaluation of the faculty member’s research and other creative activities or extension programs by qualified scholars in pertinent disciplines both within and outside the University shall be sought. When one of the duties of the faculty member being recommended is teaching, the quality of the faculty member’s teaching shall be evaluated by the procedures outlined in these rules and the University policies which govern faculty evaluation and improvement. Refer to Rule 6C1-7.010, F.A.C. The President’s decision to approve the nomination of a faculty member for tenure shall signify that the President is satisfied the candidate will continue to make significant professional contributions to the University and the academic community generally. Upon nomination by the President and approval by the Board of Trustees, and the State Board of Education if required by law, tenure shall be granted.

(6) Procedures and Methods of Processing Tenure and Promotion Nominations.

(a) Tenure and promotion nomination reviews shall be based on the University’s criteria as set forth in these rules and the Guidelines and Information prepared by the Office of Academic Affairs. Tenure and promotion nomination reviews shall originate with the appropriate academic department or unit, or its equivalent for those faculty in the University Libraries and the Florida Museum of Natural History, in which the individual shall be awarded tenure status and/or promotion as a faculty member.

1. Faculty eligible for tenure and/or faculty who wish to be considered for promotion shall be furnished a copy of the University’s Guidelines and Information in order to assist them in the preparation of the University’s tenure and promotion nomination packet of information mentioned in paragraph (4)(d) of this rule.

a. It shall be the responsibility of the faculty member to see that the tenure and/or promotion nomination packet is complete and contains all the information the faculty member believes is pertinent to the nomination.

b. Prior to the review of the nomination, the faculty member shall have the right to review the contents of the tenure and/or promotion nomination packet, and may attach a brief and concise written response to any material therein. If the faculty member has waived the right to review the letters of evaluation, these shall not be made available to the faculty member.

c. The tenure and/or promotion nomination packets shall be completed for departmental or unit review in accordance with the University guidelines before the departmental or unit vote is taken. The eligible faculty of the department or unit shall review the packets and may meet to discuss the nomination. A secret ballot of the eligible faculty shall be taken no earlier than one day following the meeting.

d. In tenure cases, “eligible faculty” are those faculty holding tenure in the department or unit. In promotion cases, “eligible faculty” shall mean those faculty in the department or unit holding rank superior to that of the candidate.

 e. The faculty member may add materials that directly pertain to the tenure and/or promotion nomination packet by providing a copy to the appropriate administrator. The date of inclusion in the packet shall be recorded on the material.
f. When any material is added to, deleted from, or changed in the packet by anyone other than the candidate after the commencement of the consideration process, a copy of any such additions, deletions, or changes, other than letters of evaluation to which the faculty member may have waived the right to review, shall be sent to the faculty member within five (5) calendar days. Within ten (10) calendar days of receipt of the material, the faculty member may provide a brief and concise response thereto, which shall be added to the nomination packet.

2. The tenure and/or promotion nomination shall be reviewed in accordance with the applicable University Guidelines and Information and the procedures described in paragraphs (6)(b) and (c) of this rule.

3. The faculty member shall be informed of the status of the tenure and/or promotion nomination at each level of the University process within five (5) calendar days of the completion of the review at that level. Within ten (10) calendar days of being informed of the results of the departmental or unit review, including the chairperson’s recommendation, the faculty member may request a meeting with the chairperson (or equivalent administrator) to respond and/or may submit a written response to the chairperson. Within ten (10) calendar days of being informed of the results of the college’s review, including the dean’s recommendation, the faculty member may request a meeting with the dean (or equivalent administrator) to respond and/or may submit a written response to the dean. In the case of IFAS and the Health Center, within ten (10) calendar days of being informed of the results of the Vice President’s review and recommendation, the faculty member may request a meeting with the Vice President to respond and/or may submit a written response to the Vice President. Any written response submitted by the faculty member shall be placed in the nomination packet before consideration at the next level of review.

(b) Procedures for Submitting Tenure Nominations.

1. Departmental or Unit Review – The department chairperson or the equivalent administrator is responsible for initiating the process for tenure. The eligible faculty members of the academic department or unit in which the faculty member shall hold tenure status if it is awarded shall review the packet and may meet to discuss the nomination. A secret ballot of the eligible faculty members in the department or unit shall be taken no earlier than one day following the meeting. The chairperson or equivalent administrator shall review the nomination and report the results of the faculty vote, the results of his or her review, and his or her recommendation to the candidate and to the appropriate dean or director. For those IFAS faculty stationed at research and education centers, nominations for the award of tenure shall also be reviewed by the center director and voted on by the center’s eligible faculty through a secret ballot.

2. College Level Review – The dean, or director in the case of University Libraries or the Florida Museum of Natural History, shall review the nomination. In conducting the review, the dean or director shall consult with the eligible faculty members of the college and/or with a fact-finding committee comprised of eligible faculty members of the college. A list of the members of the committee shall be available at the college office. The dean’s or director’s letter of review and recommendation will be submitted to the candidate and to the University’s Academic Personnel Board and, in the case of IFAS and the Health Center, the dean shall forward the letter of review and recommendation, to the appropriate Vice President, who shall review the nomination and shall submit the results of the review and his or her recommendation to the candidate and to the Academic Personnel Board.

3. Presidential Review – The Academic Personnel Board is consultative to the President with respect to promotion and tenure nominations and takes a University-wide perspective in reviewing the nominations for tenure and promotion. The University’s Academic Personnel Board consists of six (6) tenured faculty members in the rank of full professor or above who do not have an academic administrative appointment, the Provost and Vice President for Academic Affairs, an associate provost for academic affairs designated by the Provost, and the Vice President for Research and Dean of the Graduate School. The six (6) faculty members are appointed by the President. One faculty member shall represent the Health Center, another the Institute of Food and Agricultural Sciences, and three shall represent the colleges and academic units in the Education and General Budget. The Provost and Vice President for Academic Affairs acts as the Chairperson, and an associate provost for academic affairs designated by the Provost serves as the secretary of the Board.

a. The Academic Personnel Board shall advise the President on all nominations received. The Academic Personnel Board will serve in a fact-finding and consultative role, reviewing the candidates’ nomination packets and reporting on the strengths and weaknesses of the records. If there are questions about a nomination packet, the Academic Personnel Board shall notify the dean who in turn will notify the chairperson and the faculty member so they may respond. Pursuant to subparagraph (3)(a)7. of this rule, a candidate may choose to withdraw from consideration at this time. The Provost shall present the report of the Academic Personnel Board to the President. The Academic Personnel Board shall be available for further consultation with the President concerning these nominations.

b. The President makes the final decision with respect to all tenure recommendations. The college or appropriate unit will be notified of the President’s recommendation to the Board of Trustees.

4. The faculty member shall be notified in writing by the President or the President’s designee immediately, or as soon thereafter as possible, of the final action taken on the nomination for tenure. If the faculty member is denied tenure, the notice shall include a statement of the reason(s) for the denial.

5. By the end of the seventh year of service or the equivalent in part-time service, the faculty member shall be either awarded tenure or given appropriate notice of denial of tenure and non-renewal by the President or the President’s designee. The notice of non-renewal shall be accompanied by the following: a statement of the reasons(s) why tenure was not granted; reference to any
previously-held informal conference between the faculty member and the President's designee to explain the reason(s) for the denial; the expiration date of the current year's contract; the last day of employment with the University; and a reference to the appropriate grievance procedures described in subsection (8) below and in Rule 6C1-7.041, F.A.C.

(c) Procedures for Submitting Promotion Recommendations.

1. Departmental or Unit Review – The department chairperson or equivalent administrator is responsible for initiating the process for the promotion of faculty to the rank of associate or full professor or above, or the equivalent in other academic ranks (e.g., curators, librarians, extension agents, scientists, scholars or engineers). The appropriate department chairperson or administrator will initiate the nomination process upon the request of an eligible faculty member, except that only a college dean or the administrator of a unit equivalent to a college may nominate a faculty member for the title of distinguished professor. Nominations shall be processed and considered as described in paragraphs (6)(a), (c) and (d) of this rule. The eligible faculty members of the department or unit shall review the packet and may meet to discuss the nomination. A secret ballot of the eligible faculty of the department or unit shall be taken no earlier than one day following the meeting. The chairperson or equivalent administrator shall review the nomination and report the results of the faculty vote, the results of his or her review, and his or her recommendation to the candidate and to the appropriate dean or director. Nomination for the award of the “distinguished professor” title shall be made by the appropriate college dean or equivalent administrator and be accompanied by the votes or a summary of the opinions of those faculty in the rank of professor or the equivalent in academic rank within the academic department or unit.

2. Review at College Level – The dean, or director in the case of the University Libraries or the Florida Museum of Natural History, shall review the nomination. In conducting the review, the dean or director shall consult with the eligible faculty members of the college and/or with a fact-finding committee comprised of eligible faculty members of the college. The dean’s or director’s letter of review and recommendation will be submitted to the candidate and to the University’s Academic Personnel Board and, in the case of IFAS and the Health Center, the dean shall forward the letter of review and recommendation to the appropriate Vice President, who shall review the nomination and shall forward the results of the review and his or her recommendation to the candidate and to the Academic Personnel Board.

3. Presidential Review – The Academic Personnel Board shall advise the President on all nominations for promotion received. The Academic Personnel Board will serve in a fact-finding and consultative role, reviewing the candidate’s nomination packets and reporting on the strengths and weaknesses of the record. If there are questions about a nomination, the Academic Personnel Board shall notify the dean who in turn shall notify the chairperson and the faculty member so they may respond. Pursuant to subparagraph (3)(a)7. of this rule, a candidate may choose to withdraw from consideration at this time. The Provost shall present the report of the Academic Personnel Board to the President. The Academic Personnel Board shall be available for further consultation with the President concerning these nominations. The President makes the final decision with respect to all recommendations for promotion. The College or appropriate unit will be notified of such action.

4. The faculty member shall be notified in writing, by the President or designee immediately, or as soon thereafter as possible, of the final action taken on the nomination for promotion. If the faculty member is denied promotion the notice shall include a statement of the reason(s) for the denial.

(d) Nominations of an Administrator for Tenure and/or Promotion in a Faculty Rank – In the case of a recommendation of a chairperson or other administrator for tenure and/or promotion in an academic rank, the next highest level of supervising administrator or the administrator’s designee (e.g., the chairperson, the dean, or director, or vice president) in the college or major budgetary unit shall be the officer or administrator in charge for the purposes of conducting the review process. Where tenure is involved, the supervising administrator shall obtain the required secret ballot of the tenured members of the academic department or unit. Where promotion is involved, the supervising administrator shall solicit the opinions of the faculty holding academic rank superior to that held by the candidate for promotion. The appropriate University procedures described in paragraphs (6)(a), (b) and (c) of this rule shall be followed. Tenure and/or promotion may be awarded to a faculty member only in the faculty member’s capacity as a faculty member in an academic department or unit. In no case is tenure applicable to the faculty member’s appointment in an administrative classification or position. Refer to subparagraph (3)(a)4. of this rule and subsection 6C1-7.003(6), F.A.C.

(7) Promotion and Tenure Materials and Discussions. All records reflecting evaluations of employee performance compiled for promotion and/or tenure, including records of any discussions of these evaluations, shall be regarded as limited access records and shall be made known only to those individuals who are required to participate in making recommendations or making of the decision unless otherwise required by law. All such discussions shall be considered confidential. (Refer to Rule 6C1-1.019, F.A.C.)

(8) Promotion and Tenure Grievance Procedures. A faculty member who is denied promotion or tenure and who believes his or her rights have been violated may elect to use one of the procedures outlined in Rule 6C1-7.041, F.A.C. The notice from the President or designee of the denial of tenure or promotion shall refer to the grievance procedures outlined in Rule 6C1-7.041, F.A.C.

(9) Refer to Rules 6C1-7.025 and 6C1-6.009, F.A.C., for the description of permanent status and the eligibility requirements for this status.

(10) Sustained Performance Evaluations. Tenured faculty members shall receive a sustained performance evaluation once every seven years following the award of tenure or their most recent promotion. The purpose of this evaluation is to document sustained performance during the previous six years of assigned duties and to encourage continued professional growth and development. A performance improvement plan shall be developed for those employees whose performance is identified through
the sustained performance evaluation as being consistently below satisfactory in one or more areas of assigned duties. It is the responsibility of the employee to attain the performance targets specified in the performance improvement plan. If the faculty member fails to meet these targets the unit has the responsibility to take appropriate actions under the provisions of the University Rule 6C1-7.048, F.A.C., or a Collective Bargaining Agreement for faculty in a bargaining unit.

(11) The amendments to this rule shall be effective May 7, 2004, except that the incorporation of the 2003 University Guidelines and Information shall be effective for the 2003-2004 academic year.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–Formerly 6C1-7.26, 6C1-7.27, 6C1-7.30, 6C1-7.33, 6C1-7.34, New 3-26-80, Amended 3-6-85, Formerly 6C1-7.19, Amended 12-28-87, 5-21-89, 11-13-90, 5-18-92, 4-30-95, 7-15-97, 7-27-98, 1-12-00, 8-2-00, 7-29-01, 5-20-02, 6-3-03.

6C1-7.025 Academic Affairs; Permanent Status for County Extension Faculty and P. K. Yonge Developmental Research School Faculty.

(1) General Information.
(a) Permanent status is similar to tenure in that it provides assurance of a continual appointment subject to certain requirements of the position as described in this rule. It is granted by the President and shall be effective on July 1 following the completion of all requirements.
(b) A faculty member who has been appointed to a permanent status accruing position at less than 1.00 full-time equivalent (FTE) will be awarded permanent status at the percentage of full-time effort assigned at the time of the initial appointment in the permanent status accruing position.
(c) Permanent status earned by any faculty member prior to assuming a supervisory or administrative position shall be retained in the faculty rank in which it was attained. Upon release from the supervisory or administrative position, the faculty member shall be entitled to reassignment to the same or a similar position to that in which permanent status was attained, or to the same or similar position held at the time of the supervisory or administrative appointment, and to the salary range that would have been earned had the faculty position been held continuously.
(d) Nomination for permanent status or promotion for eligible county extension or P. K. Yonge Development Research School faculty shall be based on the University’s guidelines and evaluation procedures and shall originate with the appropriate department or administrative unit in which the individual holds a title and/or receives a salary.

(2) Eligibility.
(a) Appointments of county extension and P. K. Yonge Developmental Research School faculty whose appointments do not include the appointment status modifiers “adjunct,” “provisional,” “visiting,” “research,” or “courtesy,” are permanent status accruing. If a faculty member initially appointed to any of these positions with these modifiers, is subsequently appointed to a permanent status-accruing position, all or a portion of the service in such non-permanent status accruing title may be counted toward permanent status, subject to approval in writing at the time of the subsequent appointment.
(b) Consideration for permanent status is based on performance of faculty duties and responsibilities. Faculty appointed to serve in academic administrative (or supervisory) classifications or positions shall not be eligible for permanent status in the administrative appointment.

(3) Permanent Status for County Extension Faculty.
(a) Permanent status is with the Florida Cooperative Extension Service, I.F.A.S., University of Florida, not the county. Permanent status ensures the county extension faculty member of certain commitments by the University of Florida, IFAS, Florida Cooperative Extension Service, should the county terminate without cause the faculty member’s position in the county.
(b) Credit for permanent status shall be accrued in the ranks of County Extension Agent I, II, III, and IV and may be awarded in the ranks of County Extension Agent II, III, and IV. Permanent status shall not be awarded to those holding the rank of County Extension Agent I, which is equivalent to the academic rank of Instructor.
(c) The Vice President for Agricultural and Natural Resources may recommend credit for not more than two years spent in a permanent status equivalent earning position at another university, or transfer credit for not more than two years of equivalent experience may be recommended for an individual employed as a County Extension Agent II or a County Extension Agent III, and transfer credit for not more than three years may be recommended for an individual employed as a County Extension Agent IV. The number of years of previous service which the Vice President for Agricultural and Natural Resources may agree to recommend as credit toward a county extension faculty member’s eligibility for permanent status shall be agreed upon in writing at the time of employment.
(d) Permanent status is not granted in county extension administrative or supervisory positions but only in the equivalent county extension faculty rank. Non-permanent status county extension faculty in a permanent status-accruing position who are appointed to serve in an academic administrative classification shall earn time toward such status during the term of the appointment.
(e) A county extension faculty member of the Florida Cooperative Extension Service who is serving in a permanent status-accruing rank, is eligible to receive permanent status. The decision of whether or not to recommend a county extension faculty member for permanent status or provide notification of non-renewal of the appointment must be made by the end of the sixth year of continuous full-time service, including within this period any University-approved accrued, transferred, full-time
participating in the program who are employed by units of government, private industry, or institutions of higher learning which are
of time they participate in the exchange with no break in creditable or continuous service. The salary and benefits of persons
the participant they replace. Those participants from government, industry or other higher learning institutions will assume th e
duties and responsibilities of the faculty or staff they replace.

(3) Implementation of Program.
(a) Eligibility – Full-time employees filling faculty positions or exempt TEAMS full-time employees are eligible.
(b) Terms of Exchange Program.
1. The salary and benefits of University employees participating in this exchange program shall be continued during the period
of time they participate in the exchange with no break in creditable or continuous service. The salary and benefits of persons
participating in the program who are employed by units of government, private industry, or institutions of higher learning which are
not under the jurisdiction of the University shall be paid by that participant’s originating employer.
2. Exchanges will be conducted for a period not normally to exceed two consecutive semesters.
3. Faculty or exempt TEAMS full-time employees participating in this exchange will assume the duties and responsibilities of
the participant they replace. Those participants from government, industry or other higher learning institutions will assume the
duties and responsibilities of the faculty or staff they replace.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 3-26-80, Amended 3-6-85, Formerly 6C1-7.32, Amended
3-12-03.

6C1-7.036 Academic Affairs; Complaints Against Faculty Members.
(1) Complaints against a faculty member should normally be in writing and signed by the complainant in order for the
University to proceed with an official inquiry into the complaint. However, complaints may also be verbal or anonymous.
(2) Complaints from outside the University shall be addressed or forwarded either to the President or to the Provost. The complaint may be handled by the addressee or forwarded to the dean (or director) or the appropriate vice president in the college (or school) of the faculty member concerned for appropriate action.

(3) Complaints from either outside or inside the University involving allegations of fraudulent or other dishonest acts shall be referred to the Office of Inspector General in accordance with the University’s Policy Against Fraudulent or Other Dishonest Acts, February 25, 2002, incorporated herein by reference. A copy of this policy can be obtained by contacting the Office of Inspector General, Post Office Box 113025, Gainesville, Florida 32611.

(4) Complaints involving allegations of sexual harassment shall be handled in accordance with the University’s Policy on Sexual Harassment (1999), incorporated herein by reference. A copy of this policy can be obtained by contacting the Vice Provost in the Affirmative Action Office at Post Office Box 113050, Gainesville, Florida 32611.

(5) Complaints that represent allegations of research misconduct shall be handled in accordance with the University’s Policy for Dealing with Conduct in Research, Rule 6C1-1.0101, F.A.C.

(6) Complaints from inside the University shall be submitted directly to the department chair of the faculty member concerned, who shall inform the dean (or director) or the appropriate vice president of the complaint.

(a) The department chair or other appropriate administrator shall determine whether the complaint has substance and whether further action is necessary. If it is determined the complaint has substance and further action is necessary, the faculty member shall be informed of the receipt of the complaint and will be given an opportunity to respond to the complaint in writing within ten (10) days.

(b) The department chair or administrator shall review the complaint, together with the faculty member’s written response and provide a report to the dean (or director) or appropriate vice president stating whether:
   1. The complaint lacks substance and no further action is necessary; or
   2. The complaint has substance and remedial action shall be taken at the department or college level.

(c) The dean (or director) or appropriate vice president shall subsequently review the complaint, together with the faculty member’s written response and the department chair’s or administrator’s report. If the report states the complaint has substance and remedial action should be taken at the college level, the dean (or director) or appropriate vice president shall determine the necessary appropriate remedial actions.

(7) Complaints involving IFAS or Health Center faculty shall be submitted to either a dean or to the vice president of the faculty member concerned, who shall determine whether the complaint has substance and whether further action is necessary. If it is determined that the complaint has substance and further action is necessary, the faculty member shall be informed of the receipt of the complaint and will be given an opportunity to respond to the complaint in writing. After subsequently reviewing the complaint, together with the faculty member’s response, the dean or vice president shall determine the necessary appropriate remedial actions.

Specific Authority 229.0081(2) FS. Law Implemented 229.0081(2)(m), 229.0082(3) FS. History–New 12-9-75, Amended 3-26-80, 5-14-85, Formerly 6C1-7.36, Amended 7-28-02.

6C1-7.041 Academic Affairs; Methods for Review and Resolution of Faculty Grievances.

(1) As used in this rule, the terms listed below shall have the following meanings:

(a) The term “grievance” shall mean a dispute or complaint concerning tenure, promotion, non-renewal and termination of employment contracts, salary, work assignments, annual evaluation, lay-off and recall, and other benefits or rights accruing to a faculty member pursuant to the rules of the Board of Regents, of the University or by law.

(b) The term “appeal” shall mean a process by which a university decision or action directly affecting a faculty member may be brought to the attention of the faculty member’s chair or supervisor responsible for the decision or action who may then review and/or modify the decision or action. As used in this rule “appeal” means an attempt to resolve the action being grieved through review by appropriate administrator(s) in order to reach resolution prior to the initiation of a grievance process.

(c) The term “mediation” shall mean a process of reaching a voluntary resolution of a dispute with the aid of a neutral. Each party must agree to the process and remains in control of the process until a final agreement is reached; the mediator shall have no powers to impose a resolution or agreement.

(d) The term “days” as used in this rule shall mean calendar days. If a time limit expires on a non-business day, the limit shall be extended to 5 p.m. of the next business day.

(e) The terms “elect” or “election” shall mean the filing of the request for a specific review of a grievance as provided in subsection (3) below in the Office of the President, or the Clerk of the University in the case of proceedings conducted pursuant to Section 120.57, F.S.

(2) Appeal Process.

(a) Faculty members are encouraged to seek resolution of their grievances prior to filing under a specific review procedure through use of the appeal process. An appeal shall be initiated by the aggrieved faculty member with the faculty member’s immediate supervisor and may proceed through the appropriate administrative structure to the next ranking administrator or the administrator’s designee, (i.e., chair, dean or director, appropriate vice president, and/or Provost or their designees).
(b) The faculty member’s use of the appeal process or any other form of resolution does not automatically suspend the applicable time limit, as set out in paragraph (3)(c) below, the date required for requesting a specific method for a review of a grievance described in subsection (3) below. At the time the grievance is filed in the Office of the President, the faculty member may request in writing an extension of the applicable time limit for initiating the elected grievance review procedure in order to facilitate the resolution of a grievance. Notwithstanding the foregoing, failure to elect a method for a review of a grievance prior to the applicable time limit, or prior to an extension thereof as approved by the University, shall constitute a waiver of the faculty member’s right to any method for grievance resolution as set out in paragraphs (3)(a) and (b) below.

(c) Faculty members are encouraged to use mediation in the appeal process. In such case, when a grievance is filed in the Office of the President with a request for an extension, the grievant may request either the dean or director of his or her academic unit or the Office of Academic Affairs to pursue arranging and scheduling the mediation process. The mediator shall be agreeable to both parties. If resolution is reached through the mediation, the parties shall draft the terms of the agreement which they shall sign before the mediation session ends. The agreement shall be binding on the parties and shall not be subject to further review in any forum. A copy shall be placed in the grievance file indicating that the grievance is resolved and the grievance file closed.

(3) Procedures for Grievance Review – Faculty members at the University of Florida may elect one of the procedures for review and resolution of a grievance described in this rule. Unless stated otherwise in these rules, an election of any one of these procedures shall constitute a waiver of all other procedures provided.

(a) Faculty members in the collective bargaining unit may elect either the grievance procedures in the Collective Bargaining Agreement for grievances arising under the terms of the Agreement, or the procedure described in Section 120.57, F.S., for those matters involving a substantial interest. Procedures for instituting a Section 120.57, F.S., proceeding are described in subsection (4) of this rule.

(b) Faculty members not in the collective bargaining unit may elect one of the following methods for a review of a grievance:

1. University Faculty Grievance Procedure, Rule 6C1-7.042, F.A.C., for those matters involving University or Board of Regents rules; or
2. Administrative Proceeding, Section 120.57, F.S., for those matters involving a substantial interest, as described in subsection (4) of this rule; or
3. Faculty Senate Committee on Academic Freedom, Tenure, Professional Relations and Standards Committee for those matters which are within the jurisdiction of the Committee, as provided in subsection (5) of this rule.

4. A proceeding under the provisions of Section 120.57, F.S., must be initiated within twenty-one (21) days of receipt of written notice of a decision or action, which does or may affect a substantial interest of the faculty member, or within twenty-one (21) days of receipt of written notice of intent to render such decision.

5. An election of any other procedure for grievance review must be initiated by filing the grievance with the Office of the President no later than thirty (30) days from the date following the act or omission giving rise to the grievance, or thirty (30) days from the date the faculty member acquires knowledge, or could reasonably have been expected to acquire knowledge, of the act or omission, if that date is later.

(4) Grievance Proceeding under Section 120.57, F.S.

(a) A faculty member requesting a proceeding under Section 120.57, F.S., on a decision which does or may determine a substantial interest, such as termination for cause or denial of tenure, of the faculty member, shall file his or her petition within twenty-one (21) days of receipt of written notice of the decision. The petition shall be addressed to the Clerk of the University and shall be filed in the Clerk of the University. The provisions of Chapter 28-106, Part II, F.A.C., shall govern such proceedings.

(b) A faculty member who receives written notice of a University decision or action, and who fails to request a proceeding under the provisions of Section 120.57, F.S., prior to the twenty-one (21) day limit, or prior to an extension thereof as approved by the University, shall be deemed to have waived the right to request a Section 120.57, F.S., proceeding.

(c) Upon receipt of a petition for an administrative proceeding under Section 120.57, F.S., the University shall either accept or deny the petition. If the petition is accepted, and a disputed issue of material fact is alleged, the University shall elect to conduct the hearing provided under Section 120.57(1), F.S., through either the University’s President; or an Administrative Law Judge from the Division of Administrative Hearings.

1. A petition may be denied if the faculty member does not state a substantial interest in the University’s determination, or if the petition is untimely.

2. The University shall promptly give written notice to all parties of the action taken on the petition, and shall state with particularity its reasons therefor.

3. If the University elects to request that an Administrative Law Judge from the Division of Administrative Hearings be assigned to conduct the hearing, the University shall forward the petition and all materials filed with the University to the Division of Administrative Hearings, and shall notify all parties of its action.

(5) Grievance review before the Faculty Senate Committee on Academic Freedom, Tenure, Professional Relations and Standards Committee.

(a) A faculty member may elect to commence a grievance review before the Faculty Senate Committee on Academic Freedom, Tenure, Professional Relations and Standards. The Faculty Senate Committee on Academic Freedom, Tenure, Professional Relations and Standards shall have jurisdiction in matters involving University practices bearing on academic freedom, tenure, professional ethics, or the general welfare of the faculty when such matters are placed before it by the President or designee, or
through charges filed by the same or faculty members as set forth in Rule 6C1-7.0441, F.A.C. The Committee shall have the right to reject the grievance, or require modification of the grievance, if it is not filed in accordance with the time limits set forth in subparagraph (3)(b)4. or it is not within jurisdiction of the Committee.

(b) A faculty member who has elected to commence a review before the Faculty Senate Committee must address a written complaint to the President of the University. The complaint must be signed by the faculty member, and the following must be included therein: “I understand and agree that by filing this complaint initiating the formal method for grievance resolution provided by subsection 6C1-7.041(5), F.A.C., I waive any right I might otherwise have to any other formal method for grievance resolution, as set out in subsection 6C1-7.041(3), F.A.C.” The faculty member should furnish any relevant documentary evidence with the complaint to the President.

(c) The President or the President’s designee shall then refer the complaint and any documentary evidence submitted with the complaint to the Chairperson of the Faculty Senate Committee for review. The Committee shall follow its procedures and rules as established by the University Senate or the Committee itself. See Rule 6C1-7.0441, F.A.C. The Committee shall submit its findings and recommendations to the President. The President may adopt, modify, or reject the Committee’s report. Copies of the President’s decision shall be sent to the parties involved in the grievance. The action of the President shall be final.

(d) Discrimination complaints – A faculty member may utilize as appropriate the grievance process set forth in subsection (3) above or Rule 6C1-1.0063, F.A.C., for the resolution of a complaint of alleged discrimination in employment practices. A faculty member who files a written complaint under one of these processes waives any right he or she might otherwise have to file a grievance based on the same facts under subsection (5) of this rule. Notwithstanding the foregoing, the faculty member does not waive the right to use the grievance procedures set out in subsection (5) of this rule or in the University Faculty Grievance Procedure, Rule 6C1-7.042, F.A.C., to grieve the same subject matter on a basis other than discrimination provided the applicable time limit, or any extensions thereof which have been granted, are met.

(7) Misconduct in Research. Rule 6C1-1.0101, F.A.C., sets forth the University’s policy for dealing with complaints of “research misconduct” as that term is defined in the rule.

(8) Complaints Against Faculty Members. Rule 6C1-7.036, F.A.C., sets forth the University’s policy for dealing with general complaints against faculty members.

Specific Authority 240.227(1) FS. Law Implemented 120.54(5), 240.227(5), (19) FS. History–New 3-6-80, Amended 2-23-82, 5-14-85, Formerly 6C1-7.41, Amended 4-30-95, 7-27-98.

6C1-7.042 Academic Affairs; University Grievance Procedures for Faculty: Definitions, General Information and Procedures.

(1) Definitions.

(a) The term “grievance” – as used in this rule shall mean a dispute or complaint alleging a violation of the rules of the University or the Board of Regents concerning tenure, promotion, non-renewal and termination of employment contracts, salary, work assignments, annual evaluation, lay-off and recall, and other benefits or rights accruing to a faculty member pursuant to these rules.

(b) A grievance must be filed in the Office of the President with a copy to the grievant’s chief administrative officer (CAO) in the format described in subsection (5) of this rule. The required information must be complete in order for the grievance process to begin.

(c) The term “grievant” shall mean a faculty member who is not a member of the collective bargaining unit and whose benefits or rights, as defined in paragraph (1)(a) above, have been directly affected by an act or omission of the University or its representative and who has filed a grievance.

(d) The term “days” shall mean calendar days. If a time limit expires on a non-business day, the limit shall be extended to 5 p.m. of the next business day.

(e) The term “Grievance Committee” shall apply to a committee selected by either a vote of the college faculty or by appointment of the CAO to review the grievance at Step I.

(f) The term “chief administrative officer” (cited as “CAO” in this rule) shall mean the dean or director exercising authority over faculty in a college or budgetary unit, or the designee of such an individual. The CAO may also be the Vice President for Health Affairs or Agricultural and Natural Resources, and/or the deans of the colleges within these budgetary units, including the functional Deans in IFAS, or for the purpose of this rule the vice presidents or directors of major budgetary, academic or administrative units which are the organizational equivalent of colleges, such as Florida Museum of Natural History, University Libraries and Student Affairs.

(2) General Information.

(a) Purpose of Grievance Procedure – The purpose of the procedure is to provide a prompt and efficient collegial method for the review and resolution of grievances filed by faculty members of the University, who are not members of the collective bargaining unit.

(b) Time Limits –
1. A grievance shall be filed no later than thirty (30) days from the date following the act or omission giving rise to the grievance, or thirty (30) days from the date the grievant acquires knowledge, or could reasonably have been expected to acquire knowledge, of the act or omission, if that date is later.

2. Extensions requested for the purpose of attempts to resolve the grievance may be granted upon the grievant’s written request to the Office of the President, with a copy to the CAO.

3. Upon failure of the University or its representatives to provide a decision within the time limits provided in this rule or any extension thereof, the grievance shall be deemed to have been transferred to the next step of the grievance process.

4. Upon the failure of the grievant to file a request for review within the time limits provided in this rule, the grievance shall be deemed to have been resolved at the prior step, and the grievance file closed. The grievance shall not later be revived.

5. The University may refuse to entertain any grievance or request for review not filed within the applicable time limit or extension thereof.

(c) Burden of Proof – The burden of proof shall be on the grievant, who must support his or her position regarding the grievance by a preponderance of the evidence, except that the burden of proof shall be on the University in a disciplinary grievance alleging a violation or violations under Rule 6C1-7.048, F.A.C., to establish by a preponderance of the evidence that the violation occurred. Counseling is not considered disciplinary action.

(d) Limitations on Certain Remedies –

1. Backpay may be awarded to a grievant if a determination is made that the grievant is not receiving the appropriate salary from the University, but other monetary damages, interest, or penalties, including attorney’s fees, shall not be awarded to a grievant.

2. A decision to award employment beyond the sixth year to a grievant shall not entitle the grievant to tenure or permanent status. In such case, the grievant shall have the right to an appropriate notice period, but is not entitled to any employment after the designated notice period.

3. Appeal or Resolution Process.

(a) An aggrieved faculty member is encouraged to arrange a meeting to discuss a possible resolution of the grievance with the appropriate administrator responsible for the act or omission giving rise to the grievance. This conference should be held within the thirty (30) day period, as described in subparagraph (2)(b)1. above, in which the grievance review procedure must be initiated. If such conference cannot be held within the thirty (30) day period, the aggrieved faculty member must file a grievance in the Office of the President along with a written request for an extension of no more than thirty (30) days in order to continue to pursue resolution of the grievance.

(b) Upon the grievant’s written request, additional thirty (30) day extensions may be granted, unless to do so would impede the resolution of the grievance. Approval of any request for extension shall be in writing to the Office of the President with a copy to the CAO. The grievant may at any time terminate the extension by giving written notice to the CAO with a copy to the Office of the President that the grievant wishes to proceed with the grievance review procedure in the manner described in paragraph (4)(b) below.

(c) If an extension expires without a written request from the grievant for either a further extension or a Step I review, the grievance need not be processed further, and the grievance file will be closed. The grievance shall not later be revived.

(a) General Information.

1. The University Faculty Grievance Procedure shall commence upon the timely filing of a grievance in the Office of the President, which shall include all the information specified in “Step I Grievance”, as described in paragraph (5)(a) below, with a copy to the appropriate CAO. At the same time, a copy of the grievance shall be furnished to the grievant’s chair or unit supervisor. The President or designee or the CAO may refuse to consider a grievance not filed in accordance with this rule upon written notice to the grievant.

2. If the grievant is a dean, director, or vice president, or if the grievance involves review of a decision by a dean or director, the grievant should request that the grievance procedure begin with a review by the appropriate vice president, e.g., Vice President for Health Affairs, the Vice President for Agricultural and Natural Resources or the Provost/Vice President for Academic Affairs, or the respective Vice President’s designee, if applicable, at the Step I level.

3. If the grievant is a vice president, the procedure shall commence with the Provost/Vice President for Academic Affairs at the Step II level, as outlined in paragraph (c) below. In all other cases, the grievant shall indicate on the Step I grievance request that the grievance review procedure begin with either a review by the Grievance Committee or a review by the CAO.

4. A college or unit shall establish a three-member Grievance Committee consisting of faculty to hear grievances filed under this rule. Committee members may be selected either by a vote of the college faculty or be appointed by the CAO. Committee members may serve for staggered terms of either two or three years and shall be eligible for reappointment. The Committee shall designate one of its members as chair.

(b) Step I Review Procedures.

1. The STEP I Grievance Committee Meeting and Review Process –

a. The Committee shall as soon as practicable but no sooner than seven (7) and no later than fifteen (15) days following the receipt of the grievance by the CAO, schedule a Step I meeting with the grievant.
b. The Committee chair shall be responsible for notifying the grievant of the meeting. The grievant may be represented by a university colleague at this meeting.

c. Before the Step I meeting, the grievant may make written request for copies of any identifiable documents relevant to the grievance and shall be furnished copies of such documents (at no cost) which may be lawfully disclosed to the grievant under the Florida Administrative Code and state law.

d. At the Step I meeting, the grievant, or the grievant’s collegial representative, shall have the right to present any evidence in support of the grievance to the Committee.

e. After the Step I meeting, the Committee shall establish, through conferences and review of appropriate documentation, the facts giving rise to the grievance.

f. The Committee may interview others in addition to the grievant and seek other evidence in order to recommend an appropriate resolution of the grievance to the CAO.

g. The Committee shall maintain the confidentiality of any “limited access records” as defined in Rule 6C1-3.055, F.A.C., during the conduct of its review.

h. The review shall be as collegial as possible, yet compatible with formulating a recommended resolution of the grievance.

i. The Committee shall, no later than thirty (30) days after meeting with the grievant, submit to the CAO a report containing its findings and recommendations with respect to the grievance, including any proposed resolutions thereof.

(I) The report shall indicate what evidence is deemed pertinent to the grievant’s claims regarding the specific university rules alleged to have been violated, and the factual basis for the Committee’s recommendations.

(II) The Committee’s review of an administrator’s decision that involved the exercise of discretion, such as, but not limited to, a decision regarding tenure, promotion, non-renewal or merit salary increase, shall not substitute the Committee’s judgment for the administrator, but shall be confined to determining whether the decision violated the rules and regulations of the Board of Regents or of the University.

(III) All documents considered relevant to the grievant’s claim or rule violations by the Committee in its review of the grievance, shall be attached to the Committee’s report, along with a list of such documents. The Committee Chair may schedule a meeting to discuss the findings of fact and recommendations with the CAO.

j. Within thirty (30) days of the receipt of the Committee’s report, the CAO shall render a CAO decision in writing which either accepts the Committee’s findings and recommendations, or which modifies such recommendations based on the Committee’s findings, provided the CAO’s decision includes detailed reasons for departing from the Committee’s report. Copies of the CAO’s decision and the Committee’s report shall be sent to those parties directly involved in the grievance including the members of the Committee. A copy shall also be sent to the Provost/Vice President for Academic Affairs.

2. Step I Chief Administrative Officer (CAO) Review.

a. If the grievant elects to have the grievance review begin with the CAO, the CAO or a designee shall conduct the Step I review in accordance with the procedures outlined below. He or she shall review the evidence presented by the grievant in support of the alleged violations and conduct whatever review the CAO deems necessary, including interviewing of witnesses.

b. The CAO shall as soon as practicable but no sooner than seven (7) and no later than fifteen (15) days following the receipt of the grievance by the CAO, schedule a Step I meeting with the grievant. Before the Step I meeting, the grievant may make written request for copies of any identifiable documents relevant to the grievance and shall be furnished copies of such documents (at no cost) which may be lawfully disclosed to the grievant under the Florida Administrative Code and state law. At the Step I meeting, the grievant, or the grievant’s collegial representative, shall have the right to present any evidence in support of the grievance. After the Step I meeting, the CAO shall establish, through conferences and review of the appropriate documentation, the facts giving rise to the grievance.

c. The CAO shall issue a written decision to the grievant stating the reasons for such decision no later than thirty (30) days after the Step I meeting. The CAO’s review of an administrator’s decision that involved the exercise of discretion, such as a decision regarding tenure, promotion, or merit salary increase, shall not substitute the CAO’s judgment for that of the administrator, but be confined to determining whether the decision violated the rules and regulations of the Board of Regents or of the University. All documents reviewed by the CAO in reviewing the grievance shall be attached to the CAO’s decision, along with a list of such documents. A copy of the decision shall be sent to the parties directly involved in the grievance. A copy shall also be sent to the Provost/Vice President for Academic Affairs.

d. The Step I review for grievants holding appointments in the Institute of Food and Agricultural Sciences or the J. Hillis Miller Health Science Center may include at the discretion of the University, a two-level review by the dean or the dean’s designee and the Vice President for Agricultural and Natural Resources or Health Affairs or the designee of such Vice President. If this two-level procedure is to be used, the faculty member shall be so advised in writing and the matter shall proceed as follows: Review by the appropriate dean or the dean’s designee shall be conducted in accordance with the procedures set forth in paragraph (4)(b) of this rule. If the grievant is not satisfied with the decision, he or she may make a written request to the appropriate vice president for a further review of the decision of the dean or the dean’s designee. Such a written request shall be filed with the appropriate vice president no later than fifteen. The appropriate vice president or the vice president’s designee shall review the grievance in accordance with the procedures set forth in paragraph (4)(c) below. The vice president, or the vice president’s designee, shall issue
a written Step I decision in the form set forth in subparagraph (4)(c)3. below. Copies of this Step I decision and the attachments thereto shall be sent to those parties involved in the grievance. A copy shall also be sent to the Provost/Vice President for Academic Affairs.

(c) STEP II Review Procedures – If the grievant is not satisfied with the decision in Step I the grievant may file with the Provost/Vice President for Academic Affairs a written request for review at the Step II level. Such request shall include all the information specified in the “Request for Review of Step I Decision”, described in paragraph (5)(b) below. The written request for review at the Step II level must be filed with the Provost/Vice President for Academic Affairs no later than fifteen (15) days from the grievant’s receipt of the Step I decision. The grievant may be represented by a university colleague or by legal counsel in the review of the grievance at the Step II level.

1. The Provost/Vice President for Academic Affairs or the Provost/Vice President’s designee shall review all documentation considered during the Step I process, and the recommendations made by the Grievance Committee, if applicable, and the decision of the CAO.

2. The Provost/Vice President for Academic Affairs or the Provost’s designee may at his or her discretion consider materials beyond those described in paragraph (4)(b) above in reviewing the grievance. Copies of such materials shall be furnished to the grievant. The Provost/Vice President for Academic Affairs or the Provost/Vice President’s designee shall meet with the grievant, the grievant’s legal or collegial representative, and, if deemed necessary, the appropriate administrator, in an effort to resolve the grievance. Such a meeting shall be scheduled no later than fifteen (15) days following receipt of the request for review. The meeting shall afford the grievant, or the grievant’s representative, an opportunity to present written and/or oral evidence relevant to the grievance.

3. Within thirty (30) days of the meeting, the Provost/Vice President for Academic Affairs or the Provost’s designee shall issue a written decision with respect to the grievance, giving the findings of fact and the reasons for the conclusions reached. All documents reviewed by the Provost/Vice President for Academic Affairs or the Provost’s designee in making the decision with respect to the grievance shall be attached to the decision, along with a list of such documents. Copies of the Step II decision and the attachments thereto shall be furnished to those parties involved in the grievance and to the University President.

(d) STEP III Review Procedures – If the grievant is not satisfied with the Step II decision, the grievant may file, no later than fifteen (15) days from the date of the grievant’s receipt of the Step II decision, a written request for the Provost/Vice President for Academic Affairs or the Provost’s designee to move the grievance to an arbitration hearing. Such request shall include all the information specified in “Request for Review of Step II Decision”, as described in paragraph (5)(c) below.

1. No later than fifteen (15) days after receipt of the request, the Provost/Vice President for Academic Affairs or the Provost’s designee shall request that an American Arbitration Association arbitrator be appointed by the Association to hear the grievance in accordance with the Association’s arbitration procedures. A copy of such request shall be furnished to the grievant. The arbitrator’s report shall be advisory to the University President, who shall consider its contents together with the record of the arbitration proceedings, as well as the Step I and II decisions with documents attached thereto, prior to rendering a final decision.

2. The arbitrator shall not have the authority to either add to, subtract from, modify, or alter the terms or provisions of Board of Regents and University rules and regulations governing faculty. The subject of the arbitration shall be confined solely to the application and/or interpretation of these rules and regulations with respect to the precise issues submitted for arbitration. The arbitrator shall have no authority to determine any other issue. Any statements of opinion or conclusions not essential to the determination of the issue submitted made by the arbitrator shall be of no force and effect.

3. In those instances in which an administrator has made a judgment involving the exercise of discretion, such as decisions regarding tenure, promotion, or merit salary increases, the arbitrator shall not substitute his or her judgment for that of the administrator, nor shall the arbitrator review such decision except to determine whether the decision violated the rules and regulations of the Board of Regents or of the University. If the arbitrator determines that such rules and regulations have been violated, the arbitrator shall submit a report to the President with the findings of fact and recommendations concerning what the arbitrator deems to be appropriate action.

4. If it is found that notice of non-renewal or non-reappointment was not given after the date such notice was required to be given, the arbitrator may advise the President to renew or reappoint the grievant only after a finding that the timing of the notice given was such that either the grievant was deprived of reasonable opportunity to seek other employment, or the grievant actually rejected an offer of comparable employment which the grievant otherwise would have accepted.

5. All fees and expenses of the arbitrator shall be divided equally between the grievant and the University. Each party shall bear the cost of preparing its own case. The cost of any transcript of proceedings before the arbitrator shall be divided equally between the parties, and any such transcript shall be provided to the arbitrator, and then to the President. The cost of any additional copies of such transcripts shall be borne by the party requesting same.

6. The President shall issue a final written decision with respect to the grievance within thirty (30) days after receipt of the arbitrator’s report, or as soon thereafter as possible. The decision shall either adopt the arbitrator’s report and its recommendations, modify the report, or reject the report, provided the decision includes detailed reasons for departing from the arbitrator’s report. Copies of the President’s decision shall be sent to those parties involved in the grievance.

(5) Requests for the review of a grievance at any of the steps shall be completed in the formats described in this section and filed in the Office of the President within the time limits described in this rule. If the required information is not completed, the University shall not be responsible for initiating the review process.

University Faculty Grievance Procedure
REQUEST FOR A STEP I GRIEVANCE REVIEW

NAME OF GRIEVANT: ____________________________________________________________
COLLEGE OR UNIT: ____________________________________________________________
DEPARTMENT: _________________________________________________________________
CAMPUSS ADDRESS: ___________________________________________________________
PHONE NUMBER: ______________________________________________________________
E-MAIL ADDRESS: _____________________________________________________________
FAX NUMBER: __________________________________________________________________

Other address to which mailings pertinent to this grievance should be sent (if applicable):
____________________________________________________________________________

1. University Rule(s) or Regulation(s) Violated: _______________________________________
2. Statement of Grievance (include specific date(s) of act(s) or omission(s)) complained of: ______________
3. Statement of Remedy Sought: _______________
4. Type of Review requested (check one): ___________
   ( ) Step I Review by the Grievance Committee.
   ( ) Step I Review by the Chief Administrative Officer(s).
   ( ) Step II Review by the Provost/Vice President for Academic Affairs.
5. I do ( ) do not ( ) want an extension of time to seek resolution of this grievance. I request an extension of ________ days.
   (No more than thirty (30) days can be requested with this grievance. A further extension may be requested in writing upon expiration of an approved extension.)
6. I will be represented in this grievance by: (check one)
   ( ) Myself
   ( ) A colleague
   Name ___________________________________________________________________________
   Address _________________________________________________________________________
   ( ) Counsel
   Name __________________________________________________________________________
   Address _________________________________________________________________________
7. I understand and agree that by filing this grievance and initiating the grievance procedure provided in Rule 6C1-7.042, F.A.C., I waive any rights I might have to any other grievance resolution procedure described in subsection 6C1-7.041(3), F.A.C.
8. This grievance is hereby filed in the Office of the President on this ________ day of ________, 19___. The following method of delivery was utilized:
   ( ) Mail (certified or registered, with restricted delivery to the Office of the President, and return receipt requested).
   ( ) Personal delivery to the Office of the President.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5), (19) FS. History–New 3-26-80, Amended 2-23-82, 5-14-85, Formerly 6C1-7.42, Amended 6-28-98, 6-21-00.

6C1-7.0441 Academic Affairs; Appeal Procedures of the Faculty Senate Committee on Academic Freedom, Tenure, Professional Relations and Standards Committee.

(1) This rule describes informal and formal procedures to resolve charges and complaints brought by faculty members not in the collective bargaining unit or by the University involving University practices bearing on academic freedom, tenure, professional ethics or the general welfare of the faculty through the Faculty Senate Committee on Academic Freedom, Tenure, Professional Relations and Standards.
(2) Time Limit for Filing and Informal Appeal Procedures. Charges and complaints involving University practices bearing on academic freedom, tenure, professional ethics or the general welfare of the faculty should be resolved prior to commencement of formal proceedings whenever possible. See Rule 6C1-7.041, F.A.C. However, attempts to informally resolve the charges and complaints do not remove the 30-calendar-day time limit for filing charges and complaints stated in subsection (4) below. If additional time is necessary to reach an informal resolution, an extension must be requested in writing before the 30-calendar-day time limit has expired. The extension shall be requested, and may be granted by, the University President, or the President’s designee. Proceedings through the Academic Freedom, Tenure, Professional Relations and Standards Committee may be denied to any faculty member who fails to comply with the applicable time limits set forth herein.

(3) Composition and Jurisdiction. The Committee on Academic Freedom, Tenure, Professional Relations and Standards shall be a standing committee of the Faculty Senate as set forth in Article III, 6(B) of the University Constitution. The Committee shall have jurisdiction to hold hearings and make findings of fact, conclusions of law, and recommendations in matters involving University practices bearing on academic freedom or tenure, and University practices generally applicable to faculty members bearing upon professional ethics, or the general welfare of the faculty. Such proceedings may be commenced by the University President through charges filed by the same or by a faculty member individually affected by the alleged practices.

(4) Commencement and Pre-Hearing Procedure. All periods of time in this rule refer to calendar days, unless otherwise specified. If any deadline falls on a non-business day, the period shall be extended to 5:00 p.m. of the next business day.

(a) Commencement of Proceeding by Faculty Members.

1. A faculty member (including any administrator who has faculty status) may commence proceedings before the Committee by filing one or more charges or complaints within 30 days after the complainant knew or should have known of the occurrence of the alleged action(s) on which the claim is based by stating his or her charge or complaint in a letter to the University President. A faculty member may request an extension of time from the University President, or the President’s designee for such filing. The request must be in writing and must be received before the 30-day time limit has expired. The granting of the extension of time must be in writing and for a definite time period. Filing of such a letter of complaint or charges (hereafter “letter”) shall constitute waiver of all other grievance procedures as provided in Rule 6C1-7.041, F.A.C.

2. The letter must state that the faculty member elects to have the Committee investigate the charge(s) or complaint(s) and state that by this election he or she waives all other grievance procedures available within the University. The letter must assert sufficient facts to reasonably inform the University of the nature of the charge(s) or complaint(s). It is important that the faculty member describe which of his or her rights have been violated, in what manner, and clearly delineate what remedy(s) is sought. Copies of any and all papers, statements, documents or other items in the possession of the faculty member filing the letter that bear upon the matter, together with a list of the names and addresses of all persons believed to have pertinent information, shall be filed with the letter. The University President, or the designee, shall refer the letter to the Committee Chairperson, unless the letter is untimely and no extension has been granted.

3. If the Committee Chairperson believes the letter does not meet the requirements of this rule, including whether the charges or complaints fall within the jurisdiction of the Committee, the faculty member may be directed in writing by the Chairperson to amend his or her charge(s) or complaint(s) within a designated period of time, and, failing that, the Committee Chairperson may dismiss the matter and may advise the faculty member of other grievance procedures that may be available. The Committee Chairperson shall, upon receipt of the letter, provide a copy of it to the person(s) against whom the charge(s) or complaint(s) has been lodged. The Committee Chairperson shall attempt to resolve the matter informally by discussion with the persons involved.

4. The Committee Chairperson shall appoint, within 25 days of receipt of the written complaint or the failure to informally resolve the matter, whichever is later, a three-member Inquiry Panel. Upon appointment, the Inquiry Panel will schedule a meeting which generally should be held within 25 days of the appointment, with at least 15 days notice to affected parties. The Inquiry Panel shall investigate the validity of the charges and evaluate the evidence presented to determine probable cause for proceeding to a formal hearing by the Committee. Alternatively, the parties may agree upon an expedited process in which the Inquiry Panel will conduct a collegial review of the complaint under the procedures set forth in subsection (7) below. The parties must elect the option of an expedited process through a written request signed by all parties addressed to the Committee Chairperson. The request must be received prior to the first meeting of the Inquiry Panel.

5. The Inquiry Panel shall issue a report to the Committee Chairperson within 25 days after the conclusion of the meeting, which shall be a preliminary hearing if no request for an expedited process has been received unless otherwise agreed by all affected parties. A recommendation to proceed to a formal hearing before the Committee requires that at least two members of the Inquiry Panel find that probable cause exists. If at least two members of the Inquiry Panel conclude that no probable cause exists, the matter shall be considered closed. Copies of the Inquiry Panel probable cause report shall be provided to all affected parties. Within 25 days after the Inquiry Panel’s report finding probable cause to proceed to a formal hearing has been received by the Committee Chairperson, the charges or complaints shall be referred to a Hearing Panel by the Committee Chairperson for proceedings in accordance with subsection (8) hereof.

6. At any time prior to the conclusion of the formal hearing, an informal resolution may be reached. If the matter is informally resolved, the terms of any informal agreement shall be put in writing and signed by all parties. The signatures of the parties shall indicate:

a. Full resolution of all issues raised by the faculty member commencing the charge(s) or complaint(s), and
b. Relinquishment of the right to bring any future action based on any of the issues involved in the charges or complaint.
(b) Commencement of Proceedings by the University.

1. The President or the President’s designee may commence proceedings by referring matters to, or filing charges with, the Committee on Academic Freedom, Tenure, Professional Relations and Standards. The University shall file charges by providing an original written notice of issues to the Committee Chairperson and a copy thereof to the faculty member charged. The notice shall assert sufficient facts to reasonably inform the faculty member of the nature of the charge. Copies of any and all papers, statements, documents or other times in the possession of the party commencing the proceedings, bearing upon the charges, together with a list of the names and addresses of all persons believed to have pertinent information, shall be filed with the charges. The Committee Chairperson shall transmit to the faculty member charged a copy of this rule. At any time prior to the conclusion of the formal hearing, an informal resolution may be reached.

2. Upon receipt of charges, the Committee Chairperson may refer the charges to a three-member Inquiry Panel for investigation. Upon appointment, the panel will schedule a meeting, the preliminary hearing, which generally should be held within 25 days of the appointment, with notice of at least 15 days to affected parties. The panel shall investigate the validity of the charges and evaluate the evidence, to determine if there is probable cause for proceeding, seek an informal resolution agreeable to all parties, or allow the University to amend the charges if desired. The Inquiry Panel shall issue written probable cause report within 25 days after the hearing, which shall be furnished to all affected parties. A recommendation to proceed to a formal hearing requires that at least two members of the Inquiry Panel find that probable cause exists. If at least two members of the Inquiry Panel find no probable cause, the case shall be closed. Copies of the preliminary report shall be provided to all affected parties.

3. Within 25 days after the Inquiry Panel’s report finding probable cause to proceed to formal hearings has been received by the Committee Chairperson, the charges shall thereupon be referred to a Hearing Panel by the Committee Chairperson for proceedings in accordance with subsection (8) hereof.

(5) Inspections of Evidence: Should an Inquiry Panel be appointed, the Committee Chairperson shall deliver all papers and other items or information received by him or her to the Presiding Officer of the Inquiry Panel at least ten days before the first meeting of the panel. The Committee Chairperson shall notify the party charged of the Committee’s custody of such evidence before the first meeting of the Inquiry Panel, and the names and addresses of witnesses obtained by investigation shall be made available to all parties in like manner. No provision hereof shall prevent the introduction of any other evidence provided that affected parties shall be entitled a reasonable time in which to examine and consider same.

(6) Burden of Proof. The burden of proof shall be on the faculty member bringing the complaint(s) or charge(s), who must support his or her position regarding the matters complained of or charged by a preponderance of the evidence, except that if the complaint challenges disciplinary action under Rule 6C1-7.048, F.A.C., the burden of proof shall be on the University to establish by a preponderance of the evidence that a violation under that rule occurred. Counseling is not considered disciplinary action.

(7) Expedited Proceedings. If the parties elect in writing an expedited review process by the Inquiry Panel, the Inquiry Panel shall, generally within 25 days of receiving the request, schedule a meeting with the complainant(s) and the person(s) complained or charged. Notice of at least 15 days shall be given to these affected parties.

(a) At the meeting the faculty member bringing the complaint(s) or charge(s) shall have the right to present any evidence in support of the complaint(s) or charge(s) to the panel. The person(s) complained of or charged shall have the right to present any evidence in support of his or her position to the committee. The panel may interview other persons and seek other evidence. The review shall be as collegial as possible, yet compatible with formulating a recommended resolution of the charge(s) or complaint(s).

(b) The Inquiry Panel shall adopt a final report to the President containing findings of fact, conclusions of law, and recommendations on the matters considered. The report, along with all evidence submitted to the panel, should be forwarded to the President, with copies to the parties, within 60 days of the referral of the complaint to the Inquiry Panel for expedited review. The President shall then dispose of the matter pursuant to subsection (9) hereof.

(8) Formal Hearings Before the Academic Freedom, Tenure, Professional Relations and Standards Committee:

(a) Composition of Hearing Panels.

1. Any formal hearings shall be conducted by a panel of five members of the Academic Freedom, Tenure, Professional Relations and Standards Committee, plus at least one alternate (from among the remaining members of the Committee) who shall have a vote only under the conditions specified in subparagraph 6. below. The Committee Chairperson shall select the members of the Hearing Panel and designate a Presiding Officer and Vice-Presiding Officer. The Vice-Presiding Officer shall automatically replace the Presiding Officer under the circumstances specified in subparagraph 6. below.

2. Whenever feasible, at least one panel member shall be a person familiar with due process of law, by training or experience, and no member of the Inquiry Panel should be on the Hearing Panel of the same cases.

3. In pre-hearing conferences and the formal hearing, a full panel of five members must be present at all times.

4. All parties to the action shall have the right to challenge a panel member’s right to serve for cause prior to the presentation of evidence. Members of the Hearing Panel, other than the challenged member, shall determine by a majority vote if a member challenged for cause shall be excused.

5. After the formal hearing of a particular case has begun, any Hearing Panel member shall serve to the conclusion of the case even if his or her term as a Committee member may have expired.
6. If a panel member is not present at a formal hearing session, the remaining members of the panel shall decide by majority vote whether to postpone the session or to remove the absent member from the panel and replace him or her with an alternate. If an alternate is formally seated, he or she will retain the voting status of a regular member of the Hearing Panel for the duration of the case.

(b) The University President or the President’s designee shall appoint an appropriate person to serve as the legal advisor to the Committee, including the Inquiry Panel and the Hearing Panel.

(c) Following selection, the Hearing Panel may meet for pre-hearing conferences and schedule a hearing after notice to affected parties. The hearings shall be held no earlier than 15 days after notice to affected parties, unless otherwise agreed by all affected parties.

(d) Parties shall have and be informed of the following rights:
1. To be represented by a colleague authorized in writing by the party to act on his or her behalf or by counsel;
2. To make an opening statement;
3. To identify witnesses for the hearing, or, when required by circumstances which involve the inability of a witness to appear and testify at the formal hearing, to request that the sworn statement of such witnesses be taken and transcribed;
4. To examine and cross-examine any witness who may testify;
5. To offer any relevant material and competent evidence; and
6. To make a closing statement at hearing.

(e) Witnesses.
1. The Presiding Officer shall require a witness to affirm or swear to tell the truth prior to testifying. The oath or affirmation shall be administered by a notary public or by any other person authorized by law to administer oaths or affirmations.

2. If requested by any party, any witness shall be excluded from the formal hearing save when giving his or her testimony, except that in any case initiated by a faculty member, the University may have one representative present throughout the hearing, even though the representative may be required to testify.

(f) Evidence.
1. Admissible evidence shall be any evidence of a type commonly relied upon by a reasonably prudent person in the conduct of his or her affairs; however, hearsay may be used only to supplement or explain other evidence, and shall not be sufficient, in itself, to support a finding.

2. All rulings as to the admissibility of evidence shall be made by the Presiding Officer of the formal Hearing Panel, subject to objection by any member. Only the majority vote of the formal Hearing Panel including the Presiding Officer shall overcome the Presiding Officer’s ruling.

(g) Parties charged shall not be required, either during any investigation or at any hearing or meeting, to make any statement or to testify unless they expressly desire to do so and, in the event that they elect to remain silent, such fact shall not be considered by the Hearing Panel in making its report. The term “party charged” shall mean only an individual against whom proceedings have been commenced in his or her individual capacity, and shall not apply to any official or representative capacity in the matter under consideration. The charge shall clearly state the status or capacity in which he or she is alleged to have acted.

(h) Within 60 days after conclusion of a formal hearing, the Hearing Panel shall adopt a proposed report containing findings of fact, conclusions of law and recommendations on the matters considered. Copies of same shall be furnished to all parties by the Presiding Officer of the panel. Within 10 days after receipt of such report, the parties shall have the right to submit written exceptions thereto.

(i) After consideration by the Hearing Panel of any exceptions to its proposed report, the Hearing Panel, by a majority vote, shall adopt a final report containing findings of fact, conclusions of law, recommendations, and the vote on the report. Members in the minority may adopt separate reports, which shall be appended to the majority report. Copies of the final report shall be furnished to all parties.

(j) A hearing in which evidence is presented may be recorded by the Hearing Panel. The record of the case shall include all physical evidence considered by the Committee, along with pleadings, notices, tapes of the hearing and transcripts (if any) and reports. The record shall be retained by the Secretary of the Faculty Senate for a period of not less than three years after the date of the President’s written decision in the proceeding.

(k) Report to the President.
(a) Upon completion of the proceedings by the Inquiry Panel under the expedited review process or by the Hearing Panel, the panel’s report and record shall be filed with the President.
(b) Within 25 days of receipt of both record and report, or as soon thereafter as is possible, the President shall adopt as is, or modify, and implement as he or she deems appropriate, the conclusions of law and the recommendations contained in the panel’s report, or reject the report in its entirety. Such decision by the President will be provided in writing to the parties. If the report or recommendations are modified or rejected, the parties shall be furnished specific reasons therefor.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5) FS. History–New 4-30-95, Amended 5-22-01.
6C1-7.048 Academic Affairs; Suspension, Termination, and Other Disciplinary Action for Faculty: Definition of Just Cause, Termination, Suspension, and Other Disciplinary Action, Suspension Pending Investigation, Notification and Records of Disciplinary Action.

(1) Just cause for termination, suspension, and/or other disciplinary action imposed on a faculty member shall be defined as incompetence or misconduct, which shall include, but not be limited to, the following:

(a) Neglect of duty or responsibilities which impairs teaching, research, or other normal and expected services to the University;
(b) Failure to perform the terms of employment;
(c) Willful violation of a rule or regulation of the University;
(d) Failure to discharge assigned duties;
(e) Conduct, professional or personal, involving moral turpitude;
(f) Violation of the ethics of the academic profession;
(g) Action(s) which impair, interfere with, or obstruct; or aid, abet, or incite the impairment, interference with, or obstruction of; the orderly conduct, processes, and functions of the University. Refer to Article V, paragraph (5)(G) of the University Constitution and Rules 6C1-1.007, 6C1-1.008, and 6C1-7.010, F.A.C.

(h) Failure to return from an approved leave;
(i) Failure to maintain professional licensure or clinical privileges necessary to perform assigned duties;
(j) Threatening or abusive language or conduct;
(k) Sexual harassment;
(l) Falsification of records;
(m) Unauthorized use of state property, equipment or personnel;
(n) Possession, sale, distribution of alcoholic beverages or nonprescribed drugs;
(o) Insubordination;
(p) Possession of unauthorized weapons and/or firearms on university property.

(2) Termination and Suspension.

(a) The appointment of any faculty member can be suspended or terminated with or without pay during the term of the faculty member’s employment contract for just cause. The faculty member shall be given written notice of the proposed termination or suspension by the President or a designee. The notice shall specify the reasons for termination or suspension and the effective date of the termination or suspension. Such notice shall be sent in accordance with the provisions of subsection (5) below. Following the sending of the notice of proposed termination or suspension, the faculty member may be reassigned.

(b) Within ten (10) days, excluding Saturdays, Sundays, and university holidays, following the receipt of the notice of the proposed termination or suspension, the faculty member may respond in writing to the individual who issued the notice regarding the proposed action to be taken as stated in the notice, and may schedule a meeting to present any matter which the faculty member believes should be brought to the attention of the individual issuing the notice regarding the termination or suspension without pay. Such meeting shall in no way modify any rights the faculty member may have under subsection 6C1-7.041(3), F.A.C.

(c) If the faculty member is terminated or suspended without pay and ultimately prevails in a grievance proceeding thereon, the faculty member shall be reinstated with back pay and all other perquisites.

(d) Termination or suspension imposed under this section shall take effect on the date set forth in the notice of termination or suspension.

(3) Suspension Pending Investigation – Notwithstanding the provisions of paragraph (2)(b) above, if the President or designee has reason to believe that a faculty member’s actions or presence on the job would adversely affect the orderly conduct and processes of the University and/or jeopardize the safety or welfare of the faculty member, colleague(s), other employee(s), or student(s), the President or designee shall immediately suspend with or without pay the faculty member from the performance of duties pending an investigation, which shall not exceed thirty (30) days without appropriate justification.

(a) Within two (2) days following the suspension, excluding Saturday, Sunday, and university holidays, the President or designee shall send a written notice to the faculty member specifying the reason(s) for the suspension. The notice shall be sent in accordance with the provisions of subsection (5) below.

(b) At the close of the investigation described above, the President or designee shall send written notice to the faculty member of any additional action, such as further suspension, termination, or other disciplinary action to be taken by the University. The notice shall specify the reason(s) for the action and shall be sent in accordance with the provisions of subsection (5) below.

(4) Other Disciplinary Action – The President or designee retains the right to impose disciplinary action other than suspension or termination for just cause and for other cause as is provided for in the rules and regulations of the University. Disciplinary actions include a reprimand, demotion, payment of fines, reassignment or required leave. Written notice of such disciplinary action, specifying the reason(s) therefor, shall be sent to the faculty member by the President or designee, in accordance with the provisions of subsection (5) below. Counseling shall not be considered disciplinary action.

(5) Notification – Whenever notice is required to be sent under this rule, the notice shall be hand delivered or forwarded to the faculty member by certified mail with a return receipt requested. The deposit of such notice in the U.S. Mail satisfies the requirement of notification.

(6) Records of Disciplinary Action.
(a) If a faculty member is disciplined the record of the President or designee shall be included as part of the faculty member’s personnel records.

(b) If a faculty member prevails in a grievance procedure arising from termination, suspension, or other disciplinary action, all records concerning such disciplinary action shall be removed from the faculty member’s personnel file and the grievance decision with the documentation shall be retained only in the unit administrator’s file in order to record the results of the grievance decision.

(c) If a faculty member is dismissed, the records of any hearing and actions of the President or designee shall be included as part of the faculty member’s personnel records including the employment file maintained by the Director of Division of Human Resources.

Specific Authority 1001.74(4), 1012.92(1) FS. Law Implemented 1001.74(19), 1001.75(3), 1012.92 FS. History–New 3-26-80, Amended 5-14-85, Formerly 6C1-7.48, Amended 7-27-98, 5-22-01, 3-12-03.

6C1-7.051 Academic Affairs; The University Record.

(1) In addition to operational rules published in accordance with Chapter 120, F.S., the University publishes the University Record Series, consisting of the Undergraduate Catalog, 2002-2003 academic year edition; the Graduate School Catalog, 2002-2003 academic year edition; the Holland Law Center College of Law Catalog, 2002-2003 academic year edition; College of Medicine Catalog, 1999-2000 academic year edition; the College of Dentistry Bulletin, 2002-2003 academic year edition; the College of Veterinary Medicine brochure entitled “Information for Applicants to the College of Veterinary Medicine”, dated July 2002; and the Department of Independent Study Catalog, September 2001. The University Record Series establishes and reflects admission and degree requirements within the University. In addition, the Record contains general information regarding the University and the University community, curricula offerings and facilities available to students, faculty and staff of the University. The Record also contains the academic calendar as set by the University.

(2) Pursuant to State Board of Education, Rule 6A-10.0331, F.A.C., courses which are not taught for five (5) years shall be deleted from the University Record Series except as otherwise provided herein. As part of each year’s preparation of the University Record Series, all courses not taught during the preceding five years shall be reviewed by the respective college deans to determine whether those courses should be retained. Courses may be continued if reasonable cause for each course not to have been offered is presented by the appropriate college dean and an expectation that it will be offered is justified to and approved by the Office of Academic Affairs.

(3) Those portions of the Record which are not included in a specific rule published in the Florida Administrative Code are hereby promulgated as the rules of the University. Rules published in the Florida Administrative Code take precedence over any conflicting provision of the University Record Series.

(4) Copies of those portions of the University Record Series in which a person is interested can be obtained by writing to the Registrar, University of Florida, Criser Hall, Gainesville, Florida 32611. Because of the diverse nature of the University, requests should specify that particular portion of the University Record Series in which the inquirer is interested.

(5) The following forms and applications for admission to the University, incorporated herein by reference, are available through the Admissions Office and/or the appropriate professional colleges:

(a) University of Florida Freshman Admission Application, Form Admiss Apps/Freshmen undergrad app.pmd Rev. 12/02.
(b) University of Florida Transfer Admission Application, Form Admiss Apps/Transfer Admiss app.pmd, Rev. 12/02.
(c) University of Florida, Application for Admission to Graduate School, Form Admiss Apps/gradapp.pmd, Revised 12/02.
(d) University of Florida, Application for Admission to the College of Law, Holland Law Center, Form 03-04 Application Rev. 5/02.
(e) University of Florida, Application for Admission to the College of Medicine, Admiss Apps/medapp.pmd Revised 12/02.
(f) University of Florida, Application for Admission to the College of Dentistry, Form Admiss Apps/dentlapp.p65, Part I, 1-A Revised 11/01.

(h) University of Florida, Postbaccalaureate Application for Admission, Admiss/Post bacc bro/App.p65, Rev. 11/01.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), 1006.50, 1006.51, 1006.53 FS. History–New 12-9-75, Amended 3-9-76, 4-5-77, 8-15-78, 8-19-79, 3-16-80, 7-12-80, 8-26-81, 3-6-85, 10-14-85, Formerly 6C1-7.51, Amended 2-16-87, 12-28-87, 5-21-89, 4-17-90, 11-13-90, 7-15-91, 7-1-92, 7-12-93, 7-11-94, 6-15-95, 5-23-96, 7-7-97, 7-19-98, 6-24-99, 6-21-00, 7-8-01, 2-5-03.

6C1-7.053 Academic Affairs; Florida Museum of Natural History: Use and Loans.

(1) The Florida Museum of Natural History’s hours of operation will be promulgated by the Director or his/her designee and appropriately posted.

(a) Guided tours of the Florida Museum of Natural History must be arranged in advance.
(b) Meeting space in the public areas of the Museum may be provided to groups whose purposes coincide with the objectives and functions of the Museum. This determination is the prerogative of the Director of the Museum. Any additional cost incurred by the Museum in making its facilities available will be paid by the group using the facility.
(c) Casual photography of exhibits for personal use is allowed except when “Photograph Prohibited” signs are posted for special exhibitions. Photography for any form of publication or commercial purpose is prohibited unless pursuant to a contract with the University as approved by the Director or the Director’s designee. This photography policy will be strictly enforced because of artifact conservation reasons and exhibition contractual obligations.

(2) Loans of natural history specimens, objects, artifacts, and equipment are made only to accredited institutions of scientific, educational, or similar nature by the Director or his/her designee.

6C1-7.0541 Academic Affairs; Florida Museum of Natural History: Program of Vertebrate Paleontology.

(1) The Program of Vertebrate Paleontology, a part of the Florida Museum of Natural History, has been established by the Florida Legislature. To this end, the Director of the Florida Museum of Natural History shall appoint a curator of the Museum as the Director of the Program of Vertebrate Paleontology. Other personnel may be assigned to the Program as the Director of the Museum deems it necessary.

(2) The Director of the Program of Vertebrate Paleontology shall develop a statewide plan concerning the preservation of paleontological resources. The Director of the Program shall seek the cooperation of the Florida Paleontological Society, the Department of Natural Resources and the Department of State, as well as other state institutions, professional vertebrate paleontologists, and other individuals whose occupation may bring them in contact with paleontological sites, in locating, acquiring, and preserving the vertebrate fossil heritage of the state.

(3) Any person with an interest in Florida vertebrate fossils is qualified to apply for a field investigation permit. However, a permit shall not constitute an authorization to anyone to sell or purchase vertebrate fossils unless said fossils have been determined to be “non-essential fossils” pursuant to subsection (10) of this rule.

(4) The following persons must have a field investigation permit:

(a) Any person or entity buying, selling or trading vertebrate fossils found on or under state-owned or leased land, or on state-designated vertebrate paleontology sites; and/or

(b) Any person or entity engaged in the systematic collection, acquisition, excavation, salvage, exhumation, or restoration of vertebrate fossils found on state-owned or leased land or on state-designated vertebrate paleontology sites. “Systematic collection” is hereby characterized by one or more of the following three features:

1. Volume of collections of vertebrate fossils in excess of one gallon at one site; and/or

2. Use of any power-driven machinery or mechanical excavating tools of any size or hand tools greater two (2) feet in length; and/or

3. Repetitive visitation and collection at a particular site, totalling more than three (3) full days or a maximum of twenty-four (24) hours during a period of one year.

(5) To obtain a field investigation permit the applicant must:

(a) Obtain a permit application form from the Program of Vertebrate Paleontology, entitled “Application for Permit”, which is incorporated by reference in this rule, at the address indicated in paragraph (b) below.

(b) Complete and return to the Program of Vertebrate Paleontology, Florida Museum of Natural History, University of Florida, Gainesville, Florida 32611, the application form, accompanied by a self-identification document such as a certified copy of the applicant’s birth certificate, a copy of his or her driver’s license or passport, and a check or money order for $5.00 (five dollars U.S. currency) payable to the Program of Vertebrate Paleontology.

(6) Permits are ordinarily issued to individuals. No permit-holder shall assign or sublet the permit to any other entity(ies) or person(s). However, multiple-user permits and special institutional permits may be granted as follows:

(a) A multiple-user permit will be granted to an individual representing an organization or institution. Multiple individuals may collect under such a permit as long as the permit holder is present to supervise them and report on the results of their work as if it were his or her own in accordance with subsection (8) below.

(b) Special institutional permits may be granted to accredited permanent research institutions for long-term scientific and educational purposes.

(7) Field investigation permits are valid for one calendar year from the date of issue, unless disqualified as indicated in subsection (9) below.

(8) A permit-holder has the following obligations:

(a) To report any unusual, unique or rare specimen or unusually rich or extensive site to the Program of Vertebrate Paleontology as soon as possible.

(b) To maintain all vertebrate fossils collected, other than sharks’ teeth, until sixty (60) days have elapsed from the date of compliance with paragraph (8)(c) below.

(c) To submit to the Director of the Program of Vertebrate Paleontology or the Director’s designee(s) at any convenient time, but no later than the end of the permit year, a list of vertebrate fossils or fossil lots collected during the permit year along with appropriate locality information; or the actual collections along with appropriate locality information.
(d) To carry the permit with him/her during any field investigations for fossil vertebrates and to be prepared to present the permit and a picture identification to any law enforcement officer who may request them.

(9) Any permit-holder failing to fulfill any of the obligations contained in subsection (8) above may have his/her permit revoked and will be ineligible for future permits for a period of up to three (3) years, or until such obligations have been fulfilled, or both. In addition, the Program of Vertebrate Paleontology may take legal action against the permit-holder in accordance with the provisions of Chapter 84-316, Laws of Florida.

(10) If within sixty (60) days of receipt of the list or the actual collection referred to in paragraph (8)(c) above, the Program of Vertebrate Paleontology does not request the permittee to donate one or more of the vertebrate fossils to the Florida Museum of Natural History, the fossils are released to the permittee as “non-essential fossils”. Such non-essential fossils may be sold or otherwise disposed of by permit-holders as they choose.

(11) A field investigation permit for vertebrate fossils shall not relieve the permit-holder of his or her responsibility to comply with other federal, state, county, and city laws, regulations or ordinances, including provisions for the archaeological heritage of Florida under the Department of State, Chapter 267, F.S., and environmental laws and regulations governing soils, sediments, freshwater and marine waters.

Specific Authority 240.227(1), 240.515, 240.5162(1) FS. Law Implemented 240.516, 240.5161, 240.5162 FS. History–New 3-6-85, Amended 7-11-94.

6C1-7.055 Academic Affairs; Last Week of Class Examination and Assignment Policy.

(1) Policy – In the fall and spring semesters, faculty members or instructors shall not schedule final or comprehensive examinations or assign projects or term papers during the period comprising the last three days of classes and the reading days scheduled after classes end and before final examinations begin. Take home final or comprehensive examinations shall not be due prior to the regularly scheduled examination period. Written papers and/or oral presentations and periodic testing announced in the course syllabus distributed at the first class meeting may be collected or presented during the last three days of classes provided they do not serve as a final examination. The intent of this policy is to ensure that students be free to concentrate on classroom work for all courses taken and begin to review for final examinations in the week prior to final examinations. It is the responsibility of chairmen and deans to ensure that this policy is followed in their college, department and/or unit.

(2) Changes in Examination Schedule – All changes in the published Examination Schedule must be approved by the University Curriculum Committee via the Office of Academic Affairs. Requests for time changes must be justified, and include a specific statement of the effects on the students of such a change. The rescheduled date must fall within the designated examination schedule.

(3) Laboratory sections of courses are exempt from the above policy upon notification by the instructor or chairmen to the Office of Academic Affairs, provided that:

(a) The laboratory final examination requires the use of laboratory equipment;

(b) The laboratory final examination has traditionally been given at the last meeting of the laboratory; and

(c) The laboratory final examination is not a substitute for the final examination in the course.

6C2-1.004 University Constitution.

(1) Article I, Administrative Officers.
   (a) Section A – The President.
   The President, appointed by the Board of Regents, shall be the Chief Administrative Officer of the University and shall exercise general supervision over all its activities.
   (b) Section B – Other Administrative Officers.
   There shall be such other administrative officers as the President may designate. They shall have such duties as the President may assign to them. In the case of the absence, incapacitating illness, or death of the President, the Vice President for Academic Affairs shall assume all the authority and responsibility of the President until formal provisions are made by the Board of Regents. In the absence of both the President and the Vice President for Academic Affairs, the Dean of the Faculties shall have all the authority and responsibility until formal provisions are made by the Board of Regents.

(2) Article II, Councils and Committees.
   The President shall establish such councils and committees as deemed necessary and shall specify their duties and responsibilities.

(3) Article III, The General Faculty.
   (a) Section A – Membership.
   The General Faculty shall consist of those persons holding the academic rank of Instructor, Assistant Professor, Associate Professor, or Professor in one of the colleges, schools, or other academic units of the University, and of those members of the Professional Staff to whom the President assigns an academic rank.
   (b) Section B – Jurisdiction. The General Faculty shall:
      1. Receive reports and announcements from officers of the University and from the Faculty Senate, and
      2. Formulate its opinion upon any subject of interest to the University and make recommendations thereon to the appropriate body or officer for final consideration.
   (c) Section C – Meetings. The General Faculty shall meet:
      1. In regular session in the fall of each academic year to receive the annual report of the President, and
      2. In special session called by the President either on his or her own initiative or on resolution of the Faculty Senate, or on written request of at least ten percent of the members of the General Faculty.

(4) Article IV, Faculty Senate.
   (a) Section A – Membership.
   1. Elected faculty members.
   a. Each college or school shall be entitled to representation in the Faculty Senate according to the following formula:

   \[
   \text{number of representatives} = \frac{\text{number of eligible faculty members in college or school}}{100} \times \text{total number of eligible faculty members in the University}
   \]

   Each College or School shall be entitled to at least one representative.
   b. The library staff shall be entitled to one elected representative.
   c. Only full-time Instructors, Assistant Professors, Associate Professors, and Professors shall be eligible for representation in and election to the Faculty Senate, except that University Service Professors, University Service Associate Professors, and University Service Assistant Professors are also eligible for representation in and election to the Faculty Senate. If an eligible faculty member has duties in more than one college or school, he or she shall be counted in that college or school in which the major portion of his or her salary is budgeted or time is assigned. Developmental Research School faculty shall be entitled to one elected representative; members of the Developmental Research School faculty shall not be counted as College of Education faculty in determining the number of that College’s representatives or be eligible to vote in the College of Education elections of Faculty Senators.
   d.(I) Each unit shall elect its representatives for two-year terms, which shall begin with the regular April meeting of the Senate of the election year, according to a procedure which its eligible faculty members shall determine. Prior to February 1 of each year, the Dean of the Faculties shall submit to the Secretary of the Senate a list of the eligible faculty members in each college or school.
   (II) Each unit may elect, according to a procedure which its eligible faculty members shall determine, an alternate representative or representatives to serve whenever illness, professional travel, or other obligations make it impossible for the designated Senator or Senators to be present. A faculty member thus representing a unit shall have the full privileges of Senate membership.
e. The Secretary of the Senate shall on February 15 of each year determine the total number of representatives apportioned to each college or school and the number to be elected that year and shall notify the appropriate dean.

2. The Faculty Senate shall elect its presiding officer from its membership to serve for a one-year term. He or she shall be designated President of the Senate and shall serve as the chairperson of the Steering Committee. In case the person elected President of the Senate is already a member of the Steering Committee, the Senate shall elect a Senator to fill his or her unexpired term on that committee. The following shall be ex-officio members of the Senate: the President of the University, the Vice Presidents, the Dean of the Faculties, the Dean of Graduate Studies, the Dean of Undergraduate Studies, the dean of each college or school, the University Registrar, the Director of Libraries, and the President of the Student Body. Ex-officio members shall have the privilege of the floor but may not vote.

(b) Section B – Jurisdiction. The Faculty Senate shall be the basic legislative body of the University.

1. It shall formulate measures for the maintenance of a comprehensive educational policy and for the maximum utilization of the intellectual resources of the University.

2. It shall determine and define University-wide policies on academic matters, including Liberal Studies policy, admission, grading standards, and the requirements within which the several degrees may be granted.

3. As the elected body of the General Faculty, the Senate may also formulate its opinion upon any subject of interest to the University and adopt resolutions thereon. Resolutions treating those areas of authority legally reserved to the President of the University and the Board of Regents will be advisory.

4. The President of the University shall have the power to veto any action of the Senate. The veto shall be communicated in writing to the Secretary of the Senate and Chairperson of the Steering Committee with reasons therefor within sixty days. By a two-thirds vote the Senate may appeal to the Board of Regents any action so vetoed.

5. Upon the resignation, retirement, or death of the President and upon a request by the Board of Regents, the Faculty Senate will designate individuals to be available for membership on any committee requested by the Board of Regents for the purpose of consultation in the selection of a nominee for President.

(c) Section C – Standing and Special Committees.

1. A Steering Committee shall consist of seven persons elected for staggered two-year terms from the voting membership of the Faculty Senate. In consultation with the President of the University, it shall determine the agenda for each meeting. It shall provide for the reporting to the Faculty Senate by administrative officers, by chairpersons of standing and special committees, and by individuals.

2. The Faculty Senate may establish standing and special committees necessary for its work.

(d) Section D – Meetings.

1. A Steering Committee shall consist of seven persons elected for staggered two-year terms from the voting membership of the Faculty Senate. In consultation with the President of the University, it shall determine the agenda for each meeting. It shall provide for the reporting to the Faculty Senate by administrative officers, by chairpersons of standing and special committees, and by individuals.

2. Special meetings may be held at any time in accordance with rules specified in the Bylaws.

3. All meetings of the Senate shall be open to members of the General Faculty.

4. The right to address the Faculty Senate shall be granted to any member of the General Faculty in accordance with rules specified in the Bylaws.

(e) Section E – Procedure.
The Faculty Senate shall develop its own rules of procedure. Minutes shall be kept by the Secretary of the Senate and shall be distributed to all members of the General Faculty, to all administrative officers, and to all members of the Professional Staff.

(5) Article V, The Colleges and Schools.

(a) Subject to the University-wide regulations of the Faculty Senate and the authority of the President of the University, the faculty of each college or school shall determine its internal policies such as specific admission requirements, requirements for majors, requirements for graduation, and the nature, content, and scheduling of its courses.

(b) The faculty of each college or school shall keep on file with the Secretary of the Senate a current set of bylaws governing its internal operations, including procedures for the election of its representatives to the Faculty Senate and for the approval of its candidates for degrees.

(6) Article VI, The Faculty Members of Colleges or Schools.

(a) Section A – Appointment.

1. Vice Presidents, the Dean of the Faculties, the deans of the colleges and schools, and other such administrative personnel shall be appointed by the President of the University. An advisory committee appointed by the President shall consult with the President in the process of selection of nominees for such positions.

2. Associate and Assistant Deans of colleges and schools shall be recommended by the appropriate dean to the Vice President for Academic Affairs. The President of the University or a designee shall make these appointments.

3. Professors, Associate Professors, Assistant Professors, and Instructors in the colleges and schools shall be nominated by the department chairperson, or equivalent, approved and recommended by the dean and the Vice President for Academic Affairs, and appointed by the President of the University.

4. Each original appointment shall be confirmed by the President of the University, or his or her designee, in a contract letter.
5. Supplementary appointments to the Graduate Faculty may be given members of the General Faculty on nomination of the department chairperson, or equivalent, and approval of the appropriate dean and the Dean of Graduate Studies with the advice and consent of the Graduate Policy Committee.

6. Appointments to the faculty for limited periods of time, clearly stated in writing at the time of appointment, shall be designated as specified in the State University System Classification System. These appointments shall not count toward eligibility for tenure unless otherwise stipulated.

(b) Section B – Tenure, Nonreappointment, Termination, and Suspension.

1. The Tenure Process. The procedure to be followed when a faculty member becomes eligible for consideration for the status of permanent member shall be as follows:

a. Nomination for tenure shall originate with the appropriate department or unit which shall have an elected faculty committee, of whom a majority of the members shall be tenured faculty, which shall initiate the nomination by a favorable vote on the candidate; the department chairperson, or equivalent, shall inform the candidate in writing of the committee decision to recommend or not to recommend, together with his or her recommendation.

b. The department chairperson or unit officer shall transmit the committee recommendation together with his or her recommendation to the appropriate committee of the college or school and to the dean, and shall transmit the opinion of the tenured members of the department or unit which has been obtained in a secret ballot after a meeting of the tenured faculty for that purpose.

c. A college or school committee of elected tenured faculty shall consider the candidate for recommendation to a University committee of elected tenured faculty and vote to recommend or not to recommend the candidate; the candidate shall be informed in writing of the committee’s decision by the chairperson of the committee.

d. A University committee on tenure, comprised of elected tenured faculty and with at least one representative from each college or school, shall receive the recommendation from the college or school committee and shall consider it for the recommendation to the Vice President for Academic Affairs and the President of the University; the Dean of the Faculties shall serve as ex-officio chairperson, without voting privileges, of the University committee and shall transmit to the Vice President and the President the committee’s decision to recommend or not to recommend the candidate and shall also inform the candidate in writing of the decision.

e. The Vice President for Academic Affairs and the President of the University shall decide to recommend or not to recommend the candidate to the Board of Regents for tenure, and the President shall notify the faculty member immediately in writing of the final decision to recommend or not to recommend.

f. In step “d” above, the dean of the appropriate college or school in each case shall present to the University committee his or her decision to recommend or not to recommend the candidate; in step “d,” the dean of the appropriate college or school shall also report this decision to the Vice President for Academic Affairs and the President of the University.

g. In steps “a,” “b,” and “c” above, the faculty candidate who is not recommended by a committee at any stage of the deliberations may appeal that negative decision to the next committee by so requesting in writing within a period of ten (10) working days after receiving notification of the decision; in “d,” the candidate may appeal a negative decision to the Vice President for Academic Affairs and the President by so requesting in writing within a period of ten (10) working days after receiving notification of the decision. Unless a faculty candidate makes an appeal of a negative decision by a committee, the candidate’s folder will not be forwarded to the next committee; in stating an appeal, the candidate may address in writing the rationale for the committee’s decision.

h. In steps “b” and “c” above, a college or school may use an additional committee between the department or equivalent committee and the college or school committee if the faculty of said college or school has voted for such usage in its bylaws.

2. Annual Reappointment of Tenured Faculty Members. Tenured members of the faculties of colleges, schools, and other academic units shall enjoy the assurance of annual recommendations for reappointment.

3. Termination, Nonreappointment, and Suspension.

a. Termination and Nonreappointment of Tenured Faculty Members for Cause. Annual recommendation for reappointment of permanent members of the faculty shall be withheld only for serious cause (incompetence or misconduct) and on the basis of written and specific charges made by the dean of the college or school, the Vice President for Academic Affairs, or by the President of the University. A copy of such charges shall be furnished to the faculty member concerned. In answer to such charges the faculty member shall have, at his or her request, a hearing before an appropriate faculty committee. At this hearing, the faculty member shall be allowed at his or her own expense the benefit of counsel of his or her choice.

b. Nonreappointment of Nontenured Faculty. Upon the advice of a department chairperson, a departmental/college/school advisory committee, the dean of the respective college or school, and the Vice President for Academic Affairs, the President of the University may give written notice of nonreappointment of a nontenured faculty member. Notice of nonreappointment, or of intention not to reappoint, shall be given in writing in accordance with the following standards: (a) for employees in their first two years of employment, one full semester prior to the date of termination; (b) for employees with two or more years of continuous service, one full year prior to date of termination.

c. Immediate Suspension of Tenured or Nontenured Faculty.

(I) In flagrant offenses the President of the University may suspend a member of the faculty with pay from performance of his or her duties. Within two days, excluding weekends and official holidays, following such suspension, the President or his or her representative shall cause a written notice, including a statement of reasons, to be served upon the employee.
(II) If immediate dismissal is thereby sought, a copy of written and specific charges shall be furnished to the faculty member concerned. In answer to such charges, the faculty member shall have, at his or her request, a hearing before an appropriate faculty committee. At this hearing the faculty member shall be allowed at his or her own expense the benefit of counsel of his or her choice. After provision of notice and an opportunity for the accused faculty member to have a hearing before an appropriate faculty committee, the President may initiate immediate dismissal.

(III) If immediate dismissal is not sought, the faculty member shall have, at his or her request, a hearing on the suspension before an appropriate faculty committee.

(IV) The hearing committee, after deliberation, shall report its findings to the President. If the hearing committee concludes that adequate cause for dismissal has not been established by the evidence in the record, the President may either accept or reject that finding. If the President rejects the report, he or she will state his or her reasons for doing so in writing to the hearing committee and to the faculty member and provide an opportunity for response before taking any further action. If the hearing committee concludes that adequate cause for a dismissal has been established but that an academic penalty less than dismissal would be more appropriate, it will so recommend, with supporting reasons. If dismissal or other severe sanction is recommended, the President may take such action as he or she deems fit.

4. Crediting of Time Toward Tenure.
   a. Any member of the faculties of colleges and schools holding the rank of Professor shall be eligible for the status of tenured member at the end of the fifth year in a tenure-earning position, to be effective at the beginning of his or her sixth year as a faculty member. A Professor may be given tenure at the beginning of his or her second year as a faculty member provided he or she has had four years of service credited, at time of appointment, from another tenure-earning position elsewhere and has been recommended by the President of the University and approved by the Board of Regents.
   b. Any member of the faculties of colleges and schools holding the rank of Associate Professor shall be eligible for the status of tenured member at the end of the fifth year in a tenure-earning position, to be effective at the beginning of the sixth year as a faculty member. An Associate Professor may be given tenure at the beginning of his or her third year as a faculty member provided he or she received credit, at time of appointment, for three years spent in a tenure-earning position elsewhere and has been recommended by the President of the University and approved by the Board of Regents.
   c. A faculty member appointed to the rank of Assistant Professor may receive credit at the time of appointment for up to two, but no more than two, years spent in a tenure-earning position elsewhere.

5. A decision whether to nominate a faculty member for tenure shall normally be made during the fifth year of continuous service in a tenure-earning position, or, at the option of the employee and with the concurrence of the appropriate administrative officials, during the sixth such year in a tenure-earning position.

6. Definition of Continuous Employment. Employment during any two semesters or trimesters or during three quarters of any twelve-month period shall be considered a year of continuous employment. Continuous employment for the purpose of tenure eligibility consideration for part-time service shall normally mean employment during at least one semester of any twelve-month period. Part-time service of an employee employed at least one full semester in any twelve-month period shall be accumulated. However, not more than one year of tenure eligibility may be earned in a twelve-month period. (Time spent by a faculty member undergoing appointment or exchange within the State University System or on a special assignment for the benefit of the parent institution or for the University System shall be counted toward the fulfillment of eligibility for tenure. Time spent away from the institution for other purposes shall not be counted toward the fulfillment of eligibility for tenure, except by mutual agreement of the employee and the University.)

7. Restrictions on Employment of Nontenured Faculty.
   a.(I) No person employed after 1965 may remain in the service of the University as a nonpermanent member of the faculty of any college, school, or other academic unit in any rank or combination of ranks for a total of more than seven years, except that faculty whose service began before September 1972, may count four additional years in the Instructor or Acting Assistant Professor ranks as probationary. Persons holding an administrative or service role will normally hold a courtesy rank in an academic unit and shall not be subject to the rule during such service unless the academic unit grants a regular tenure-earning appointment. When the administrative or service function is ended, the person shall receive, upon request, a tenure-earning appointment in an academic unit.
   (II) Not later than the end of the sixth year of service (or the tenth in the case of the above exceptions), the Departmental Chairperson, or equivalent, in consultation with the dean of his or her college or school, shall either nominate the faculty member for tenure or arrange to terminate his or her service at the end of the seventh year (or the eleventh, in the case of the above exceptions). In every case, the faculty member shall be notified in writing of this recommendation by the dean.
   (III) Only time spent in the rank of Assistant Professor and above shall be construed as tenure-earning time.

8. Early Tenure.
   a. The Board of Regents may approve tenure at an earlier time if it is recommended with sufficient justification by the President of the University with the concurrence of the Chancellor.
   b. A member of the faculty must satisfy the five-year requirement to be eligible for consideration by a tenure committee at any level.
(c) Section C – Academic Freedom.

1. It is the policy of the University to maintain and encourage full freedom, within the law, of inquiry, discourse, teaching, research, and publication, and to protect any member of the academic staff against influences, from within or without the University, which would restrict him or her in the exercise of this freedom in his or her area of scholarly interest. The right to the protection of the University shall not, necessarily, include any right to the service of the University’s legal counsel in any proceedings in which the academic freedom of the faculty member may be an issue.

2. In his or her role as citizen, the faculty member has the same freedoms and responsibilities as other citizens, including political rights and privileges, without institutional censorship or discipline. As a scholar, he or she should be mindful that accuracy, forthrightness, and dignity befit his or her association with the University.

3. Furthermore, the faculty member must consider his or her academic duties as primary responsibility. In no case should he or she accept or seek appointment to civic or political office which would reduce significantly the time available for his or her primary responsibility without first securing written approval of the President of the University.

4. A faculty member who believes that he or she does not enjoy the academic freedom which it is the policy of the University to maintain and encourage shall be entitled on his or her written request to a hearing before the Committee on Grievances.

(d) Section D – Resignation.

If a member of the faculty of the University desires to obtain release from his or her faculty position, he or she is expected to offer his or her resignation to the President of the University, or a designee, through appropriate administrative channels at least ninety days before the resignation takes effect.

(7) Article VII, The Professional Staff.

(a) Those persons holding academic appointments within the Florida State University, but not within a college or school, and those persons within a college or school holding academic appointments whose responsibilities do not include teaching, shall be considered members of the Professional Staff. Members of the Professional Staff having appropriate qualifications and responsibilities shall be assigned faculty rank by the President of the University on recommendation of their administrative officers for the purpose of membership in the General Faculty.

(b) Members of the Professional Staff shall enjoy the assurance of annual recommendation for reappointment in accordance with the provisions of the Florida Statutes and the regulations of the Board of Regents.

(8) Article VIII, Amendments.

(a) Amendments to this Constitution shall become effective when 1. approved by a two-thirds vote of the Faculty Senate, and 2. ratified by a majority vote of the members of the General Faculty who are eligible for election to the Faculty Senate and who vote on the proposal.

(b) An amendment to be considered by the Faculty Senate must be submitted at a regular meeting at least one month prior to a vote on the proposal. The faculty vote on ratification shall be taken during the regular academic year not earlier than thirty days after circulation of the Senate minutes in which the amendment approved by the Senate is recorded.

(9) A faculty-adopted amendment shall be presented by the Faculty Senate to the University President and will be noticed by the President for rule change as provided by Section 120.54(5), Florida Statutes

Specific Authority 240.227(1) FS. Law Implemented 240.227(1) FS. History–New 9-30-75, Amended 7-21-76, 8-23-76, Formerly 6C2-1.04, Amended 2-13-90. Cf. Board of Regents and University rules relating to employment found in 6C-5 and 6C2-4.

6C2-1.007 University Committees.

(1) University Committee on Appointments.

(a) Function. To provide list of nominees each year to administrative officer making appointments to University-wide committees.

(b) Membership. 3 Faculty (from 6 nominated by the Faculty Senate), 3 Faculty (from 6 nominated by Provosts), and 3 Students (from 6 nominated by Student Government).

(c) Appointments shall be by the President.

(2) Committee on the Academic Budget.

(a) Function. To consider University academic budget policies and procedures.

(b) Membership. 7 Faculty.

(c) Appointment shall be by the Faculty Senate.

(3) Academic Press and Publications Board.

(a) Function. To monitor all publications which are to bear the FSU imprimatur.

(b) Membership. 15 Faculty to represent various academic units of the University. Dean of the Faculties, Provost for Division V, Director of Academic Publications and Press Board, Chairman, ex officio.

(c) Appointment shall be by the Executive Vice President.

(4) Admissions Committee.

(a) Function. To rule on special cases relating to admission and advise on general admission policies.

(b) Membership. 5 Faculty, 2 Students. Director of Admissions, Director of Basic Studies, Director of Articulation Affairs, Registrar, and Director of Special Services of Student Educational Services, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.
(5) Amoco (formerly Standard Oil of Indiana) Foundation Awards Committee.
(a) Function. To nominate three recipients of the Amoco Foundation Award for outstanding undergraduate teaching.
(b) Membership. 5 Faculty, 3 Students (selected by the Student Body President).
(c) Appointment shall be by the Executive Vice President.
(6) Artist Series Committee.
(a) Function. To select distinguished artists in all the arts for presentation to the University community.
(b) Membership. 8 Faculty, 4 Students.
(c) Appointment shall be by the Vice President for University Relations.
(7) Athletic Committee.
(a) Function. To make recommendations on athletic policy and programs.
(b) Membership. Minimum of 8 members plus one ex-officio: 5 Faculty and/or Administrators, 1 Alumnus, 1 Seminole Booster, 1 and as many as 2 Students, and Athletic Director as ex-officio member.
(c) Appointment shall be by the President.
(8) Basic Studies Honors Program Committee.
(a) Function. To serve as Board of Directors for the Basic Studies Honors Program in the Division of Educational Services.
(b) Membership. 6 Faculty, 2 Students. Director of Basic Studies, ex-officio.
(c) Appointment shall be by the Vice President for Educational Services.
(9) Budget Committee.
(a) Function. To review operating budgets in all areas of the University and make recommendations to the President.
(b) Membership. 1 Faculty (voting), 1 Faculty (non-voting). Executive Vice President-Chairman, Vice President for University Relations, Vice President for Educational Services, Assistant to the President for Minority Affairs, 2 Provosts, Vice President for Administrative Affairs, President of Student Body, ex-officio.
(c) Appointment shall be by the Executive Vice President.
(10) Calendar Committee.
(a) Function. To recommend an academic calendar for each year.
(b) Membership. 1 Faculty, 1 Provost, 1 Dean, 1 Department Chairperson. Dean of Faculties, Vice President for Educational Services, Secretary for Academic Affairs for Student Body, Chairperson of Undergraduate Policy Council, Chairperson of Graduate Policy Council, Director of Orientation, Registrar, and President of Student Body, ex-officio.
(c) Appointment shall be by the Executive Vice President.
(11) Committee on Academic Problems of Minority Students.
(a) Function. To serve generally as an intervener, clearing house and communications channel, receiving, processing, transmitting and intervening with regard to academic problems encountered by minority students.
(b) Membership. 5 Faculty, 3 Students, Director, Minority Student Affairs, and Representative of DIRS, ex officio.
(c) Appointment shall be by the Executive Vice President.
(12) Committee on the Arts.
(a) Function. To encourage the recognition of performance in the arts, and to effect coordination of art events on the campus.
(b) Membership. 8 Faculty, 2 Students. University Comptroller, ex officio.
(c) Appointment shall be by the President.
(13) Committee on Officer Education Programs.
(a) Function. To advise the Executive Vice President on ROTC policy, and on the appointment and termination of proposed instructional personnel in ROTC departments.
(b) Membership. 3 Faculty (appointed from list of at least 6 recommended by the Steering Committee of the Faculty Senate); 2 Students (appointed from list of at least 4 recommended by the President of the Student Body); and 2 faculty/administrative and professional personnel with experience in military life and/or military education programs. The Professor of Aerospace Studies and the Professor of Military Science, ex officio.
(c) Appointment shall be by the Executive Vice President.
(14) High School and Community College Relations Committee.
(a) Function. To advise the Dean of Matriculation Services and assist in articulating policies and special programs.
(b) Membership. 3 Faculty, 1 Staff, 1 Student Representative; Director of Admissions; Director of Alumni Affairs; Director, Student Articulation Affairs; Director, Horizons Unlimited; Director of Academic Advising Service; Coordinator, Orientation Center; Academic Advisors, Divisions I-IV; Student Government Secretary of Community College Affairs; Vice President for Educational Services; ex-officio.
(c) Appointment shall be by the Vice President for Educational Services.
(15) Convocations Committee.
(a) Function. To make arrangements for Commencement and other University-wide academic functions involving academic processions.
(b) Membership. 15 Faculty, 1 Student Representative (appointed by Student Body President). Director of Publications, ex officio.
(c) Appointment shall be by the President.
(16) Council for Instruction.
(a) Function. To plan for development and conduct of projects and programs to improve undergraduate and graduate instruction, including the selection of recipients for supplementing appointments designed to develop new knowledge and materials of value to the instructional program.
(b) Membership. 12 Faculty, 2 Students. Dean of Faculties, Director of Division of Instructional Research and Service, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.
(17) Council for International Education.
(a) Function. To advise concerning resources, policies, programs in fields of International Education.
(b) Membership. 7 Faculty. Director of Bootstrap, Director of Florence Program, Director of London Program, Director of Libraries, Director of Slavic and East European Studies, Director of International Programs, Assistant Director of Admissions for International Students, Advisor of Fulbright Program, President of International Student Club, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.
(18) Council for Teacher Education.
(a) Function. To coordinate undergraduate education programs throughout the University and formulate and recommend policy on matters related to teacher education that extend beyond the individual school or college.
(b) Membership. 10 Faculty, 2 Students, Provost, Division II, ex officio.
(c) Appointment shall be by the Executive Vice President.
(19) Danforth Graduate Fellowship Committee.
(a) Function. To seek, interview and nominate five graduating seniors to national competition for Danforth Graduate Fellowships.
(b) Membership. 6 Faculty.
(c) Appointment shall be by the Executive Vice President.
(20) Elections Committee.
(a) Function. To conduct official University elections.
(b) Membership. 4 Faculty.
(c) Appointment shall be by the Faculty Senate Steering Committee.
(21) Employee Awards Committee.
(a) Function. To advise President on recommendation to Awards Committee of State Personnel Board for awards to employees submitting creative ideas and time- or labor-saving suggestions.
(b) Membership. 7 Staff. Director of Personnel Relations, ex officio.
(c) Appointment shall be by the Vice President for Administrative Affairs.
(22) Employee Benefits Committee.
(a) Function. To advise the Executive Vice President regarding employee benefit programs (other than insurance) for members of the faculty and staff.
(b) Membership. 4 Faculty. Chairperson of Management Department (School of Business), Director of Personnel, and Comptroller, ex officio.
(c) Appointment shall be by the Vice President for Administrative Affairs.
(23) Faculty Advisory Committee on Promotions and Tenure.
(a) Function. To counsel the President and Executive Vice President regarding promotion and tenure appointments and advise on policy and procedures.
(b) Membership. Two members shall be elected from and by each Divisional Promotion and Tenure Committee in the Divisions I-IV, and one member shall be elected at large from and by the faculty of each Division I-IV. One member shall be elected from and by the faculty of Division V and Educational Services and the advisement unit of Student Affairs. The Dean of the Faculties shall be a member of the Committee and shall serve as its presiding officer.
(24) Faculty Development Program Committee.
(a) Function. To recommend recipients for Faculty Development Grants on the basis of evaluation of leave proposals submitted by eligible faculty members.
(b) Membership. 7 Faculty representatives of the Divisions. Dean of Faculties, Provost of Division V, ex officio.
(c) Appointment shall be by the Executive Vice President.
(25) Faculty Grievance Committee.
(a) Function. To hear and to attempt to arbitrate problems brought to their attention by any faculty member.
(b) Membership. 12 Faculty.
(c) Appointment shall be by the Faculty Senate Steering Committee.
(26) Faculty Professional Relations Committee.
(a) Function. To consider all matters involving policy and practice concerned with professional relations, professional ethics, conditions of employment, and the welfare of the faculty.
(b) Members. 9 Faculty.
(c) Elected by and from members of the general faculty holding tenure.

(27) Faculty Research Support Committee.
(a) Function. To review faculty applications for summer research projects and for academic year research projects and to make the final selection of projects to be supported.
(b) Membership. 12 Faculty.
(c) Appointment shall be by the Provost of Division V upon the recommendation of the Graduate Research Council.

(28) Faculty Senate Steering Committee.
(a) Function. To determine, in consultation with University President, agenda for each Senate meeting; provide for reporting to the Senate by administrative officers, by chairmen of standing and special committees, and by individuals; to refer matters to other committees of the Senate when appropriate.
(b) Membership. 7 Faculty.
(c) Elected by Faculty Senate.

(29) Committee on Faculty Welfare.
(a) Function. To consider matters relating to terms of employment, teaching loads, academic reorganizations, and the like.
(b) Membership. 12 Faculty representing the University as a whole.
(c) Appointment shall be by the Provost of Division V, Vice President for Educational Services, ex officio.

(30) Fee Committee.
(a) Function. To review and recommend fee policies within Board of Regents Policies.
(b) Membership. Comptroller, Provost of Division V, Vice President for Educational Services, ex officio.
(c) Appointment shall be by the Executive Vice President.

(31) Financial Aid Committee.
(a) Function. To make recommendations to the Vice President for Educational Services regarding the administration of scholarships, loans, and student employment.
(b) Membership. 4 Faculty, 6 Students, Director of Financial Affairs, Director of Admissions, Comptroller, Chairman of Athletic Committee, Director of Matriculation Affairs, Director of Horizons Unlimited, Director of Athletics, College of Law Financial Aid Coordinator, the Graduate School Financial Aid Coordinator, and the Director of Minority Student Affairs, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.

(32) Fine Arts Festival Committee.
(a) Function. To plan and coordinate annual Fine Arts Festival on campus.
(b) Members. 7 Faculty (generally representing the performing arts), 2 Students.
(c) Appointment shall be by the President.

(33) Food Service Advisory Committee.
(a) Function. To advise Director of Business Services regarding policies and procedures related to the University Food Service and to act as liaison between the Food Service and the University.
(b) Membership. 2 Faculty (1 from Hotel and Restaurant Management). 3 Students (2 from Inter-Dorm Council). 1 Staff. Secretary for Consumer Affairs of Student Body, Under-secretary for Food Services of Student Body, Comptroller of Student Body, University Food Services Administrator, Director of University Union, Director of Dining Services, ex officio.
(c) Appointment shall be by the Vice President for University Relations.

(34) Fulbright Student Selection Committee.
(a) Function. To recommend Fulbright Scholarship candidate to the State Committee.
(b) Membership. 5 Faculty.
(c) Appointment shall be by the Executive Vice President.

(35) Golf Course Advisory Committee.
(a) Function. To recommend policies pertaining to the operation of the University golf course.
(b) Membership. 4 Faculty, 3 Students, 1 Staff. Golf course manager, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.

(36) Graduate Policy Council.
(a) Function. To consider University-wide policies relating to graduate education of the University.
(b) Membership. 12 Faculty. 1 Graduate Student. Executive Vice President or designee, Provost of Division V, ex officio.
(c) Appointment shall be by the Faculty members elected by Faculty Senate Steering Committee; Student selected by President of Student Government.

(37) Graduate Research Council.
(a) Function. To formulate policies related to University research activities and for the allocation of available research funds.
(b) Membership. 12 Faculty. Provost-Div. V, ex officio.
(c) Appointment shall be by the President.

(38) Health Service Advisory Council.
(a) Function. To advise regarding Health Service policies and procedures and means of maintaining open communication between students and Health Service personnel.
(b) Membership. 1 Faculty. 6 Students.
(c) Faculty member appointed by Director of Health Services; Student members appointed by Student Government.

(39) Honorary Degrees Committee.
(a) Function. To recommend to the President nomination for honorary degrees.
(b) Membership. 9 Faculty.
(c) Appointment shall be by the President.

(40) Honors Day Committee.
(a) Function. To plan and coordinate the observance of an annual Honors Day program which will recognize students who by their academic excellence have enriched the University’s intellectual life.
(b) Membership. Student Affairs Representative of Vice President for Educational Services, Dean of Faculties, Chairperson of Faculty Fund for Student Scholars, Presidents of Phi Beta Kappa, Phi Kappa Phi, Alpha Lambda Delta, Phi Eta Sigma, Mortar Board and ODK, ex officio.
(c) Appointment shall be by the President.

(41) Identification Cards Committee.
(a) Function. To advise Director of Business Services on various aspects of issuing ID cards.
(b) Membership. 3 Faculty. Director of Business Services, Director of Instructional Media Center, Director of Personnel Relations, Director of Registrar’s Office, Director of Libraries, Director of Health Services, Director of Administrative Data Processing, Director of Athletics, Comptroller, President of Student Body, ex officio.
(c) Appointment shall be by the Vice President for University Relations.

(42) Insurance and Benefits Committee.
(a) Function. To advise the Vice President for Finance and Administration regarding employee benefit and insurance programs for members of the faculty and staff.
(b) Membership. The Committee shall consist of 4 members of the faculty and 2 staff persons. The Chairman of Department of Risk Management and Insurance and Real Estate, the Controller, Director of Personnel Relations, and the Insurance and Benefits Manager shall serve ex-officio.
(c) Appointments shall be by the Vice President for Finance and Administration.

(43) International Student Committee.
(a) Function. To review and recommend policies pertaining to international students.
(b) Membership. 8 Faculty. 1 Staff. Assistant Director of Admissions (for International Students), Director of Counseling Center, Director of Housing, Provost for Division V, International Student Advisor, President of International Student Club, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.

(44) Lecture Series Committee.
(a) Function. To arrange prestige series of lectures for students, faculty and the community.
(b) Membership. 4 Faculty. 2 Students (appointed by the Student Body President). 2 Students (appointed by Student Senate).
(c) Appointment shall be by the President.

(45) Library Committee.
(a) Function. To advise concerning policies on general library operation.
(b) Membership. 8 Faculty. 4 Students, Director of Libraries, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.

(46) Memorials and Courtesies Committee.
(a) Function. To extend sympathy and assistance to faculty members in time of sorrow.
(b) Membership. 3 Faculty.
(c) Appointment shall be by the President.

(47) Portraits Committee.
(a) Function. To establish policy with regard to acquisition, quality, preservation and placement of portraits in University buildings.
(b) Membership. 3 Faculty.
(c) Appointment shall be by the President.

(48) Property Survey Committee.
(a) To advise concerning departmental procedures and record keeping in relation to University property and to serve as final authority in surveying lost, damaged, stolen or obsolete property.
(b) Membership. 1 Faculty. Manager of Property Records, Supervisor of Internal Auditor Office, and Assistant Director of Finance and Accounting in Comptroller’s Office, ex officio.
(c) Appointment shall be by the Vice President for Administrative Affairs.

(49) Religious Affairs Committee.
(a) Function. To plan and supervise the “Religion in Life” Series.
(b) Membership. 8 Faculty. 3 Students. 2 Campus Ministers. President of University Religious Council and University Chaplain, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.

(50) Space Committee.
(a) Function. To classify and assign all University owned or leased space except housing.
(b) Membership. Executive Vice President, Chairman; Vice President for University Relations, Vice President for Educational Services, Associate Executive Vice President, 2 Provosts, Executive Assistant to President, President of Student Body, ex officio.
(c) Appointment shall be by the Executive Vice President.

(51) Committee on Student (Academic) Relations.
(a) Function. To hear appeals from students regarding decisions about their academic work.
(b) Membership. 5 Faculty. 1 Graduate Student. 1 Undergraduate Student. Registrar, ex officio.
(c) Appointment shall be by Faculty elected by Faculty Senate; Students selected by Student Senate.

(52) Student Conduct Committee.
(a) Function. To have initial jurisdiction of disciplinary cases referred to it through the Office of Disciplinary and Judicial Affairs and of those transferred from student courts; to hear appeals from the Student Supreme Court and from decisions of University officers in administrative disciplinary hearings.
(b) Membership. 6 faculty. 6 Students.
(c) Appointment shall be by the Vice President for Educational Services.

(53) Testing Committee.
(a) Function. To consider all problems associated with testing when coordination between departments and University policy is involved.
(b) Membership. 3 Faculty. Dean of Faculties, Director of Admissions, Director of Basic Studies, Director of Ninth Grade Testing, Director of Evaluation Services, Head of Department of Educational Research and Testing, and Registrar, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.

(54) Traffic Committee.
(a) Function. To advise concerning policies and procedures which will contribute to the general effectiveness of traffic regulation on campus.
(b) Membership. 3 Faculty. 3 Students. 3 Staff. Director of Public Safety and Security, ex officio.
(c) Appointment shall be by the Vice President for Educational Services.

(55) Undergraduate Policy Council.
(a) Function. To consider University-wide policies relating to undergraduate academic affairs.
(b) Membership. 12 Faculty. 1 Undergraduate student. Executive Vice President or designee, ex officio.
(c) Appointment. Faculty members elected by Faculty Senate Steering Committee; Student selected by President of Student Government.

(56) University Stores Advisory Committee.
(a) Function. To advise Director of Business Services regarding the operation of the University Store and its relationship to the University community.
(b) Membership. 3 Faculty. 3 Students, 1 Staff.
(c) Appointment shall be by the Vice President for University Relations.

(57) Auxiliary Budget Committee.
(a) Function. To administer all University auxiliary funds subject to the review and approval of its actions by the University President.
(b) Membership. Vice President for University Relations-Chairman, Vice President for Educational Services, Vice President for Administrative Affairs, a Representative of the Executive Vice President, and the following staff support group: University Budget Officer, University Comptroller, and Director of Internal Control.
(c) Appointment shall be by the President.

(58) Distinguished Professor Selection Committee.
(a) Function. To chose from the ranks of those teaching at the University, a recipient of the “Distinguished Professor” award and make that recommendation to the President.
(b) Membership. 3 Previous Recipients of the Award, 2 members of Faculty-at-Large, 1 Graduate Student, and 1 Undergraduate Student.
(c) Appointment shall be by the President.

(59) Organizational Development Committee.
(a) Function. To give continuing consideration to the types of organizational changes needed in the structure of the University and to make recommendations regarding such changes.
(b) Membership. 9 Faculty (representative of the Divisions), 3 Faculty (from Faculty Senate).
(c) Appointment shall be by the President.

(60) President’s Meritorious Service Award Committee.
(a) Function. To make recommendations concerning conferral of the “President’s Meritorious Service Award” for Career Service employees.
(b) Membership. University Personnel Director-Chairman; 1 Faculty; 1 Student; and 4 Career Service Employees (one appointed by the Executive Vice President, one appointed by each of the Vice Presidents, and one by the Associate Executive Vice President).

(c) Appointment shall be by the President.

(61) Recreation and Union Board.

(a) Function. To recommend, evaluate and approve programs pertaining to University Recreation and Leisure Services.

(b) Membership. 4 Faculty & Staff, 1 Alumnus, 8 Students. Director-University Recreation & Leisure Services; Associate Director-University Recreation and Leisure Services, ex officio.

(c) Appointment. 8 Students are elected by the Student body; 4 Faculty & Staff and 1 Alumnus are appointed by the Vice President for Educational Services.

(62) Postal Services Advisory Committee.

(a) Function. To advise concerning policies and procedures that will contribute to the general effectiveness of University Postal Services.

(b) Membership. 4 Faculty, 2 Students, 1 Staff. Administrator of Postal Services shall be an ex-officio member.

(c) The Faculty Senate Steering Committee shall appoint the faculty members who shall serve on the Committee. All other appointments shall be made by the Vice President for Finance & Administration.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1) FS. History–New 9-30-75, Amended 4-5-76, 4-27-77, Formerly 6C2-1.07, Amended 5-30-88, 6-12-88.

6C2-1.055 Waiver of Certain Administrative Procedures.

Before a person may avail himself of any administrative remedy available under the rules of the University, he must execute a written waiver of any and all other administrative remedies available to him.

Specific Authority 120.57 FS. Law Implemented 120.57 FS. History–New 9-30-75, Formerly 6C2-1.55.

6C2-1.057 Public Records - Final Orders; Index and Listing, Management, Availability.

(1) General Information. All Florida State University final orders are either indexed or listed. University final orders are those documents of final action received and filed with the University Agency Clerk, Office of the University’s General Counsel, pursuant to Section 120.52(11), Florida Statutes. The University Agency Clerk is responsible for the docketing, indexing, filing and listing of the final orders of the University.

(a) For purposes of this rule, final orders as defined by the Florida Department of State (DOS) Rule 1S-6.002, F.A.C., are required to be indexed pursuant to DOS Rule 1S-6.004, F.A.C. Final orders which do not resolve a substantial legal issue of first impression, establish for the first time a rule of law, principle, or policy; alter, modify, or clarify a prior final order; resolve conflicting final orders, or harmonize decisions of appellate courts shall be listed, but not indexed in the following categories:

1. Final orders resulting from informal proceedings under subsection 120.57(2), Florida Statutes

2. Final orders closing cases on the basis of settlements, consent orders, or stipulations under Section 120.57(3), Florida Statutes

(2) Numbering of Final Orders. All final orders that are required to be indexed or listed shall be sequentially numbered at the time of filing with the Agency – University Clerk as required by subsection 120.52(11), Florida Statutes.

(a) The numbering system for final orders indexed will include the agency-educational unit designation (FSU), followed by a two part number separated by a dash. The first part before the dash indicates the year, and the second part will indicate the numerical sequence of the order issued and filed during that year.

(b) An applicable order category is added following the University’s designated final order docket number to aid in identifying the nature of the order. The final order categories are as follows:

- DS  –  Declaratory Statement
- FOI  –  Final Order Informal Proceedings
- FOF  –  Final Order Formal Proceedings
- S  –  Stipulation
- AS  –  Agreed Settlement
- CO  –  Consent Order

The letter designation “R” following the final order category or docket number indicates restricted or limited access to the text of the final order as the text of the order discloses or incorporates by reference material or matters coming within the scope of limited public access prescribed by subsections 240.237, 240.245, 240.253 and 228.093, Florida Statutes, relating to student records, faculty evaluations and personnel records (statutory exemptions from provisions of subsection 119.07(1), Florida Statute the Public Records Law), or any other state or federal law vesting public record custodial access limitation responsibilities upon the University (Examples, subsection 240.241(2), Florida Statutes, specified confidential material involved with sponsored research activities; Family educational and privacy rights protected by the provisions of 20 U.S.C.A. § 1232f, et seq. Part IV – Records; Privacy; Limitation on Withholding Federal Funds).
(c) Final orders, the content or text of which indicate, refer to, or result from specified documentation coming within the scope of a protected Section 240.237, Florida Statutes, student record, and university personnel records, including work evaluations, protected by Section 240.253, Florida Statutes, will be restyled on a cover sheet by the Clerk and then docketed, indexed or listed by either the initials of the subject party or the identifiable subject matter of the case. Restricted public access to this type of final order is applicable only to material under the custody and control of the University.

(3) Final Order Index. The University final order index is alphabetically arranged by main subject headings from the Florida Statutes index when applicable. The applicable titles of citations of the Florida Statutes construed within the final order may determine the main subject headings and subheadings in the index. Main subject headings are fully capitalized titles, placed flush left on the page, and followed by relevant indented subheading titles in initial caps and lower case letters. Subheadings and sub-subheadings at equal indentations are alphabetized. Final orders are listed sequentially in an indentation immediately below the applicable subject heading. Cross references are used to direct the user to headings which contain the relevant information. Related key words (specific words, terms, and phrases) and common and colloquial words shall be listed and cross referenced to the appropriate main subject headings.

(4) Maintenance of Records. The University Agency Clerk is responsible for providing information and assistance to the general public concerning any agency rule or order and will receive and act on requests for public inspection and copying.

(a) The office of the University Agency Clerk is located in the Office of the General Counsel, University Attorney Building, 540 West Jefferson Street, Tallahassee, Florida 32306-1612. The telephone number is: (850)644-4440, FAX: (850)644-8973. This office is open to the public between the hours of 8:00 a.m. to 5:00 p.m., excluding holidays and weekends.

(b) The University Agency Clerk is responsible for:

1. Maintaining the Florida State University final order index, the listing of final orders, and their availability to the public.

2. When an order is filed, the Clerk, as the indexer, will consult the main subject headings and subsequent similar entries shall be indexed under the existing appropriate heading. The index being cumulative, it shall be updated at least every 120 days and made accessible to the public. New main subject headings will be added when necessary. The index shall be cumulative in perpetuity.

3. Final Orders that comprise final agency action which must be indexed or listed, shall be permanently maintained by the University pursuant to its retention schedule approved by the Florida Department of State, Division of Library and Information Services.

Specific Authority 120.53(1)(a)-(b), 120.533(1)(f), 240.227(1) FS. Law Implemented 120.53(1)(a)-(b), (2), (3), 120.532, 120.533, 119.07, 119.041, 228.093, 240.227(1), 240.237, 240.241(2), 240.253 FS. History–New 11-13-94.
CHAPTER 6C2-2 ADMINISTRATIVE MATTERS

6C2-2.004 University Attorney.

All persons within departments or divisions with potential legal problems, including contract documents and the like, must forward such problems to the attention of the respective central administrative officer and not directly to the University Attorney’s Office. Matters calling for possible legal advice or assistance may be reviewed and presented to the Office of the University Attorney by
only central administrative officers of the University. Situations necessitating the coordinating of projects or programs among several persons other than the Office of the University Attorney will continue to be respected, assuming that only the appropriate central administrative officer shall be primarily responsible for coordinating such matters with that office.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1) FS. History–New 9-30-75, Formerly 6C2-2.04.

6C2-2.007 Use of Campus Facilities.

(1) Definitions.

(a) “University Persons, Groups and Organizations.” University persons, groups and organizations are defined as one of the following: individual members of the University community – that is, students, faculty members and administrative and professional and career service employees; student organizations, honor societies, fraternities, sororities, and religious associations officially recognized by the University; and officially constituted colleges, schools, divisions, departments, agencies, or other corporate organizational units which are a part of, or operate on behalf of, the University, such as foundations and alumni organizations.

(b) “University Related Groups and Organizations.” Groups and organizations not officially recognized by or affiliated with the University, or otherwise failing to meet the definition in paragraph (a) above, but which are related to the University because of the promotion of interests of the University community, the academic professions, and other related interests of the faculty, staff, or students, or which perform other service to the University and its community, such as credit unions, academic professional associations and fraternities, employee organizations, charitable community organizations, other public educational institutions, and the like.

(c) “Non-University Persons, Groups and Organizations.” Persons, groups or organizations which do not meet the definitions of persons, groups, or organizations as defined in paragraph (a) or (b) above, including those groups and organizations which exist primarily for the purpose of carrying on commercial activity for profit, or which otherwise exist primarily for private individual gain or benefit.

(d) “Private Events.” A private event held on the University campus is one that is open to attendance only by members and invited guests of the host organization or person.

(e) “Public Events.” A public event held on the University campus is one that is open to attendance by all members of the University community and/or to the general public in accordance with the provisions of this policy.

(f) “Continuing Education Programs.” Continuing Education programs are those conferences, meetings, and other events sponsored by the Office of Continuing Education that have as their purpose the providing of instructional, training and other educational programs to people outside the University community.

(g) “Outdoor Areas of the Campus Subject to Policy.” Outdoor areas on the campus are classified as follows and are subject to use only in accordance with policy through the University Space Committee:

1. Academic areas. Areas adjacent to classrooms, libraries, laboratories, auditoria, the Health Center, and research facilities.
2. Union areas. Outdoor areas adjacent to the University Union. The scheduling of events or meetings in the Union area should be through the Recreation and Leisure Office.
3. Residential areas. Outdoor areas adjacent to residence halls on the University campus. Meetings or events in these areas should be scheduled through the Recreation and Leisure Office.
4. Other areas of the campus established for special uses or purposes: The Seminole Reservation, the outdoor amphitheatre at Opperman Auditorium, the Seminole Golf Course, Doak S. Campbell Stadium, baseball fields, and other recreational and sports practice areas are established for special uses. The scheduling or use of these facilities for meetings or events contemplated by this Policy shall be through the Recreation and Leisure Office and, as appropriate, the Recreation and Leisure Office shall consult the Director of Recreation or the Director of Athletics in making the scheduling decisions.

(2) Exemption. Intercollegiate athletic competition shall be exempt from this Policy. Further, intercollegiate athletic competition shall have a first priority over all other use of recreational areas, except the golf course and the swimming pool, covered by this Policy. In no event shall the use of the above facilities interfere with intercollegiate athletic events. In the case of scheduling the use of the golf course and the swimming pool, the Recreation and Leisure Office shall consult with the Director of Recreation.

(3) Provisions by Category of User.

(a) Use of University Facilities by University Persons, Groups, and Organizations.

1. University persons, groups, and organizations may use University facilities for the purpose of hosting private events subject only to the registration requirements of the University Space Committee and the approval by that Office of appropriate space for the activity. Such persons, groups, and organizations also may use University facilities for the purpose of sponsoring and hosting public events subject to the registration requirements of the University Space Committee and subject to the provisions of subsection (4), Scheduling of Facilities, which governs activities contemplating the charging of admission or other fees. Within the provisions of this section, private events shall be accorded priority over public events. The priority will be determined at the time of the
scheduling of the event. No University person, organization, or group shall sponsor an event, public or private, for any non-University person, group, or organization that has not sought and received permission on its own to use University facilities in accordance with the provisions of subsection (4) below.

2. Exempt from this requirement is any University related person, group or organization co-sponsoring an educational activity with the Office of Continuing Education.

(b) Use of University Facilities by University Related Persons, Groups, or Organizations.

1. University related persons, groups or organizations may use the following University facilities on a space-available basis subject to payment of the established rental fee plus any additional out-of-pocket costs incurred by the University in scheduling and holding of the activity or event, and subject to the ability of the Department of Facilities Planning and Scheduling to schedule the equipment, services, and personnel necessary for the requested use, provided that such use does not interfere with regularly scheduled University events or activities: Ruby Diamond Auditorium; Moore Auditorium; Doak S. Campbell Stadium; the University Baseball Field; University Union; Developmental Research School Auditorium and Gymnasium; Fine Arts Theatre; Conradi Theatre; Tully Gymnasium; Opperman Music Auditorium and Outdoor Amphitheatre; other substantial outdoor areas of the campus as approved by the University Space Committee; classrooms as approved by the Department of Facilities Planning and Scheduling; University Tennis Courts; Seminole Reservation; Intramural Practice Fields.

2. All use of University facilities by University related persons, groups, or organizations shall be conditional upon the execution of the written agreement between the University and the individual, group, or organization desiring to use the facilities, which agreement shall provide that such individual, group, or organization:
   a. Shall pay to the University the established rental fee plus any additional out-of-pocket costs incurred by the University in the scheduling and holding of the activity.
   b. Shall supervise the event and accept full responsibility for any loss and/or damage to University facilities and/or equipment and shall hold the University harmless from any claims arising from any personal injuries in the use of the premises.
   c. Shall be responsible for reporting and paying all applicable Federal and State taxes.
   d. Shall assume all responsibility for the promotion and advertising of the meeting or event and for the providing of and supervision of the use of equipment and paraphernalia of any type, unless otherwise agreed to between the University and the individual, group, or organization. The University’s name and/or symbols shall not be used in connection with the promotion or holding of any event without the express, written permission of the University.

3. Use of University facilities by University persons, groups, and organizations and by the Office of Continuing Education shall have priority over use of University facilities by University related persons, groups, or organizations provided that determination of priority shall be made at the time a request for the use of the facilities is submitted, except that the priority accorded University persons, groups, and organizations shall permit the cancellation of any commitment made under this Policy to a University related person, group, or organization on written notice by the University at least thirty calendar days prior to the scheduled date of use of the facility by that University related person, group or organization, and the University’s athletic events shall have priority in their need for suitable facilities in all cases, even those for which the need arises less than 30 days prior to the scheduled use of a facility by another group.

(c) Use of University Facilities by Non-University Persons, Groups, and Organizations. It is possible that special conditions might permit the use of University facilities by some organizations in this group, such as educational programs which may be attended by members of corporate organizations; however, generally speaking, groups in this category will not enjoy the use of campus facilities.

(d) Use of University Facilities for Continuing Education Programs. The Office of Continuing Education has the responsibility for the scheduling of meetings, conferences, or other events sponsored and conducted by the Office of Continuing Education in accordance with its procedures; the Department of Facilities Planning and Scheduling has ultimate responsibility for the scheduling of appropriate facilities.

4. Scheduling of Facilities.

(a) In order to allow the efficient scheduling and control of the University’s facilities, such as the requesting by all groups permitted of a facility or facilities to utilize such facilities, the request for necessary facilities should be made at least ten days in advance of the event. Scheduling of facilities for events to be held less than ten days following the request will require the submission of a written request for such due. The requesting of any continuing or permanent use of University facilities, for a certain time each week for a number of weeks, shall not be permitted under this rule, which contemplates the use of University facilities for one-time activities and events.

(b) Meetings or activities scheduled in accordance with this rule that contemplate the charging of admission or other fees shall be scheduled only in the following facilities: Ruby Diamond Auditorium; Moore Auditorium; Doak S. Campbell Stadium; the University Baseball Field; University Union; Developmental Research School Auditorium and/or Gymnasium; Fine Arts Theatre; Conradi Theatre; Starry Conference Room; Tully Gymnasium; Opperman Music Auditorium and/or Outdoor Amphitheatre; Intramural Practice Fields; Golf Course; Swimming Pool; Seminole Reservation; other areas of the campus as approved by the University Space Committee.

(c) Such activities may provide an opportunity for persons to contribute voluntarily as they enter or leave the facility, where such method of admission charge or fee is approved by the University Space Committee.
(d) All instructional space of the University, including seminar rooms, classrooms, laboratories, other research facilities, teaching auditoria, and libraries, is under the assignment and control of the Department of Facilities Planning and Scheduling. Any use of such facilities under this Policy shall be on a space-available basis through the University Functions Office, which Office shall be responsible for obtaining permission for such use from Facilities Planning and Scheduling.

(5) General Conditions Applicable to All Uses of Campus Facilities.

(a) All uses of the University facilities in accordance with this Policy are subject to the laws of the State of Florida and the rules, regulations, and policies of the Board of Regents and the Florida State University.

(b) Events of a political nature shall be limited to meetings sponsored by University persons, groups, or organizations and shall be held only in Ruby Diamond Auditorium, the Outdoor Amphitheatre, Doak S. Campbell Stadium, or the University Union.

(c) The use of public address systems or other electrical amplification equipment in outdoor areas of the campus is subject to the approval of the Recreation and Leisure Office, which approval will be granted when it is necessary that such equipment be utilized in the meeting or event and when the use of such equipment does not interfere with the academic processes or activities of the University or with other previously scheduled events or campus activities and when the guidelines established by the Recreation and Leisure Office for the use of such equipment are followed.

(d) Public address systems and other electrical amplification equipment may be utilized daily in the University Union Courtyard between the hours of 12 p.m. and 2 a.m. only, and shall in no event be utilized in other outdoor areas of the campus except in accordance with the following schedule: From 5:15 p.m. until midnight Monday through Friday. From 10 a.m. Saturdays and holidays until 2 a.m. the following day. From 1 p.m. until midnight on Sundays. Amplification of music in the Union Courtyard shall be permitted in the space adjacent to the bookstore but not in that adjoining Moore Auditorium.

(e) All such use of public address systems or other amplification equipment is subject to the other provisions of this policy and shall maintain a reasonable sound level which meets the communication needs of the event without excessive noise penetration to adjacent areas.

(f) All users of University facilities shall take adequate precautions to avoid endangering the safety of personnel in the area of the facilities used.

(g) The Florida State University does not allow the use of its facilities by groups or organizations that have racially restricting clauses in their constitutions and/or charters or that are known to the Department of Facilities Planning and Scheduling to practice racial discrimination in employment or in attendance at organization events.

(h) Cooperative arrangements between State Agencies for the use of University Facilities shall be permitted under this Policy.

(i) Activities Requiring the Use of University Auditoria and Conference Facilities.

(a) Programs for FSU Students. For conferences or other special meetings involving Florida State University students only, approval will be secured from the Office of Student Activities and Organizations, Room 318, University Union and arrangements for meeting space will be made through the Reservations Office of the University Union.

(b) Programs for Faculty, Staff and Outside Groups, including Non-Local Students.

1. Categorization of Programs. For purposes of internal administration, all activities involving outside groups are categorized either as “University-related” or “Non-University related.”

   a. An on-campus activity involving outside participants is considered University-related when:

      i. It is an organized educational program the planning of which has been a responsibility of the University, and

      ii. Faculty members of the University are involved in conducting the program, i.e., conference, short course, institute, seminar, etc.

   b. An activity involving outside participants is considered to be Non-University related when:

      i. The University faculty and professional staff play no direct role in planning and/or executing the program or activity, and

      ii. The University’s role is limited to that of providing such meeting space and logistical services as are needed for the activity and considered by the Office of Continuing Education to be appropriate for the University to provide.

2. Policies and Procedures Applicable to Both University Related and Non-University Related Activities. To insure optimal use of the University’s resources, and also assure an appropriate reception and treatment of visiting groups to the campus, the following procedures will be observed by all concerned, effective immediately.

   a. For conferences or special meetings involving outside participants, including non-local students, and requiring the use of University classrooms, auditoria, dining halls and/or other facilities and services, an Application Form shall first be completed and filed with the Office of Continuing Education.

   b. The Office of Continuing Education will approve the Application if it finds that:

      i. The group itself and the purpose for which it seeks to utilize University resources are compatible with the University’s role and function;

      ii. Adequate meeting space, facilities, and services are available to satisfy the requirements of the group.

   c. When the Application is approved, the Office of Continuing Education will make the necessary arrangements for accommodating the needs of the visiting group. In doing this, the Office of Continuing Education will work through those offices designated by the University to schedule meeting space, provide special equipment, facilities, and/or services.

3. Policies and Procedures Applicable Only to University Related Activities. The Office of Continuing Education will establish a budget for each conference or project involving such groups, and arrange with the University Union, Housing, Food Services, and other designated offices for requisite meeting space, dormitory rooms, meals, etc. A program coordinator will be appointed by the
Office of Continuing Education to be responsible for general program administration and implementation. The coordinator shall assist the faculty chairman in program development and keep the Office of Continuing Education and the College Dean and faculty members concerned fully informed at all phases of the program planning and execution. Appropriate members of the University faculty and staff will participate in the planning and programming and, where feasible, in the actual instruction. All net receipts of the program or activity accrue directly to the University and all budgeted costs of the program will be paid by the Office of Continuing Education. Following each program or project, the coordinator shall make a written report to the faculty members and dean concerned and to the Office of Continuing Education.

4. Policies and Procedures Applicable Only to Non-University Related Activities. There are many worthwhile public relations and other benefits to be derived by the University from its cooperation with outside groups, organized clubs, associations, and organizations in the matter of making University campus facilities available for their use. However, the following conditions will necessarily govern the use of University campus facilities for Non-University related activities sponsored by such groups.

a. University-related activities shall have priority over Non-University related activities in the use of University auditoria and other facilities.

b. Other things being equal, preference for the use of University facilities by Non-University related activities shall be given to requests from governmental and educational groups.

c. Except for Westcott and Moore Auditoria and Doak S. Campbell Stadium, campus facilities may not be used by Non-University related groups for meetings or programs for which they charge admission or use other means to produce revenue. When these facilities are used by Non-University related groups charging admission, the proceeds be shall be under the supervision of the Internal Auditor of the University, but the groups shall have full responsibility for reporting and paying all applicable Federal and State taxes.

d. A Non-University related group using a University Auditorium shall clearly state the identity of the sponsoring group in its request and in news releases, placards, tickets, etc.

e. No alcoholic beverages are permitted on campus.

f. In considering requests for approval of the use of University facilities for Non-University related activities, the Office of Continuing Education will determine, as a basis for such approval, that:

i. The group concerned will reimburse the University for all costs involved.

ii. The group concerned will be supervised by the sponsoring organization and will accept full responsibility for any losses and/or damages to the University facilities and/or equipment.

iii. The group agrees to provide the Office of Continuing Education with copies of any subsequent reports of the meeting or activity which it disseminates.

iv. University-related activities will not be deprived of meeting space by approval of the proposed Non-University related activity.

5. Use of University Facilities by Private Individuals and Commercial Organizations. Normally, University space shall not be provided for private individuals or commercial organizations.

6. Use of University Facilities for Political Speeches. It is recognized that the University, as a state educational institution, has an obligation to assist political organizations to inform the faculty and student body of the issues in primary and general elections. Pursuant to the Board of Regents Policy, all political speech making shall be limited to meetings sponsored by recognized organizations of the University and shall be held only in the Longmire Building, the Outdoor Amphitheatre, or the University Union.

6C2-2.009 Parking and Traffic Regulations.

(1) General Information.

(a) Applicability of Traffic Rule. This rule shall be applicable to all vehicles operated or parked on the Florida State University (FSU) campus at any time, including examination periods, semester breaks, and registration periods. The fines, penalties and other sanctions provided herein may be imposed against any person who shall cause, allow, permit or suffer any vehicle registered either at the Florida Department of Highway Safety and Motor Vehicles or at the University Office of Parking and Transportation Services in the name of or operated by such person to be parked or operated in violation of any provision of this rule. It is the policy of FSU to enforce the provisions of this rule and seek to impose the fines, penalties or other sanctions provided herein:

1. In the case of a vehicle registered with the Office of Parking and Transportation Services, against the person in whose name such vehicle is so registered.

2. In the case of a vehicle not so registered, if it is determined that the operator at the time of the violation is affiliated with FSU and, in fact, should have registered the vehicle with the Office of Parking and Transportation Services, against the person affiliated with FSU.

3. In the case of a vehicle not so registered and whose operator at the time of the violation cannot be identified, against the title holder of said vehicle.
(b) Applicability of Florida Statutes and Ordinances of the City of Tallahassee. All ordinances of the City of Tallahassee relating to traffic which are not in conflict or inconsistent with this rule shall extend and be applicable to the grounds of the University. A copy of said ordinances shall be available for inspection at the Office of the Director of Parking and Transportation Services. In addition, the provisions of Chapter 316, F.S., shall extend and be applicable to the grounds of the University.

(c) Responsibility for Implementation. Unless otherwise noted, the Director of Parking and Transportation Services shall be responsible for the supervision and implementation of this rule. All requests for individual consideration with regard to the parking and traffic regulations contained in this rule must be directed to that person at the Office of Parking and Transportation Services.

(d) Definitions. The following words and phrases, when used in this rule, shall have the meanings respectively ascribed to them in this section, except where the context otherwise requires:

1. Access Lane. Any area that is not designated as a parking space and that provides an avenue for traffic flow and emergency vehicles.

2. Automobile. Any motor vehicle having 4 or more wheels.

3. Permit Registration Year. The period from September 1 of one year to August 31 of the succeeding year.

4. Designated Parking Space. Areas governed by FSU parking rules and regulations with parking spaces delineated by red, white, or blue striping, a parking meter, or other physical barriers to include, but not be limited to railroad ties and bumper blocks intended to delineate parking parameters.

5. Director of Parking and Transportation Services. An FSU employee who has been assigned the specific duties of supervising and managing the Office of Parking and Transportation Services.

6. Employee. Any employee of FSU including faculty, administrative and professional personnel, university support personnel system staff, and OPS staff, employed/contracted for 40 or more hours per week.

7. Employees of recognized FSU organizations or Contracted Services. Personnel who work full-time on campus, but who are not University employees, e.g. bookstore employees, beauticians, barbers, food service personnel, credit union employees, staff of religious houses, and employees of the Greek houses.

8. Financial Aid Disbursement. That period of time defined each semester by the Controller’s office for the disbursement of financial aid checks.

9. Fire Lanes. Those areas of campus that must be kept clear of all obstructions so as not to interfere with the movement of fire-fighting equipment and which are marked as fire lanes by signs and red painted curbing or fluorescent red and white painted areas, or both.

10. Loading Zones. Areas specifically designated for the sole purpose of loading or unloading materials or equipment. Properly identified service vehicles, commercial vehicles, or vehicles properly displaying loading dock permits issued by the Office of Parking and Transportation Services are authorized to use loading zones. Loading zones are delineated by signs or pavement marking. Use of these areas is limited to 20 minute periods. Vehicles exceeding the 20 minute maximum period may be issued additional citations every hour after the original citation.

11. Loading Dock. Areas specifically designated for the sole purpose of loading or unloading materials or equipment at the delivery entrance or designated location to a building. Properly identified service vehicles, commercial vehicles, or vehicles properly displaying loading dock permits issued by the Office of Parking and Transportation Services are authorized to use loading docks. Loading docks are delineated by signs or pavement marking. Vehicles without proper authorization will be issued a citation for permit not authorized for space (fine code – 01).

12. Motorcycle, Moped, or Motor Scooter. Any motor vehicle having less than 4 wheels.

13. Parking. The standing of a vehicle, whether occupied or not, otherwise than temporarily, for the purpose of and while actually engaged in loading or unloading merchandise or passengers, as may be permitted by law under the State Uniform Traffic Control Law, Chapter 316, F.S., or this rule pursuant to Section 240.264 or 240.265, F.S.

14. Parking Violations Appeals Board. The University traffic authority established pursuant to Section 240.266, F.S., to review disputes regarding citations and to render decisions regarding the appropriate penalty to be imposed, including the restriction, removal, or restoration of driving or parking privileges on campus. The Parking Violations Appeals Board will consist of 2 or more divisions of equal authority. Each shall be composed of 4 members appointed for a period of 1 year. There shall also be appointed a pool of alternate members who shall be eligible to serve when called upon by the Appeals Coordinator, when a regular member is unavailable. All appointments shall be made by the Vice President for Finance and Administration from a list of persons nominated from the University Committee on Appointments. The positions on each division of the Board shall be occupied by faculty, staff (A & P or USPS) and student members. The Chairperson shall be elected annually from among the members of the Board and shall have full voting rights. This Board shall function on a year-round basis. A quorum shall consist of at least 2 members of the Board. When a quorum is not available, and the appellant has arrived on time for their scheduled hearing, the citation(s) will be dismissed.

15. Part-Time Non-Student Employee. Any person employed/contracted by FSU for less than 40 hours per week who is also not enrolled as a student at Florida State University.

16. Permit. Vehicle registration document which allows the registered vehicle to be parked on the grounds of the University, as set out in this rule. The words permit and decal are used interchangeably in this rule.

17. Persons Affiliated with FSU. Employees or students of FSU or employees of recognized FSU on-campus organizations.

18. Restricted Hours. Between 7:30 a.m. and 6:00 p.m., Monday through Thursday, and 7:30 a.m. to 4:30 p.m. on Friday all class days, examination periods, semester breaks, and registration periods.
19. Service Vehicle Area. Areas reserved for properly identified service or emergency vehicles performing maintenance or repair of University owned or leased equipment or facilities, commercial vehicles, or vehicles bearing proper authorization from the Office of Parking and Transportation Services. Non-Service State vehicles are prohibited from parking in service vehicle spaces. Service vehicle areas are reserved during restricted hours and are delineated by signs or pavement marking. Vehicles without proper authorization will be issued a citation for parking in a reserved space without authorization (fine code-06).

20. Short Term Parking – Those spaces designated by signage with a two-hour maximum stay. Appropriate permits must be obtained from the Office of Parking and Transportation Services.

21. Student. Any person not classified as faculty, administrative and professional personnel or university support personnel system staff who is enrolled and carrying 1 or more credit hours of undergraduate or graduate work at FSU.

22. Vehicle. Any automobile, motorcycle, moped or motor scooter as defined.

23. Visitors. Persons who are not employees or students of FSU who do not work on campus for other organizations.

24. Working Day. Any day that the University is officially open. This does not include official holidays.

25. Commuter Lot. Designated lot(s) that prohibit the parking of vehicles between the hours of midnight and 6:30 a.m., except on Friday and Saturday evenings or as posted on the entrance of the lot.

(a) All vehicles parked by FSU affiliates on the campus must display the appropriate permit as instructed. The following, however, are excepted:

1. Board of Regents. Vehicles bearing a valid “Board of Regents” decal may be parked in any designated, unreserved parking space on campus.

2. “State” Tag Vehicles. Vehicles bearing a duly issued “State” license tag need not be registered or pay parking meter fees. Such vehicles may be parked in any designated, unreserved parking space, short-term space (2 hour maximum) or loading zone (20 minute maximum) on campus.

3. News Media Vehicles. Press Representatives, Reporters, Correspondents, and other representatives of the news media not otherwise affiliated with FSU, who are on campus on official news or press business, may park in any designated, unreserved space, short-term space (2 hour maximum) and loading zone (20 minute maximum), and need not be registered, if a valid Press identification is prominently displayed on their vehicles.

4. Commercial Representatives in Commercial Vehicles. Marked delivery trucks, telephone and power service vehicles, limousine service automobiles, taxis, and buses making brief stops at 1 or more points on campus are not required to buy a decal or display a permit. Vehicles used by persons required to perform emergency service or maintenance on University owned or leased equipment or facilities should have appropriate FSU parking permit displayed. These vehicles may be parked in any designated, unreserved parking space. Parking meters must be paid.

5. Contractors. Contractors and contractor personnel engaged in FSU construction projects may park within the fenced enclosure of the construction site. Other parking must be off campus, or other on-campus locations specifically designated by the Office of Parking and Transportation. Construction permits must be displayed in the windshield.

6. Vehicles Transporting Handicapped Individuals; Disabled Veterans. In accordance with the Florida Statutes, a vehicle bearing a parking permit issued pursuant to Sections 320.0848, 320.0842, 320.0843, and 320.0845, F.S., or a license plate issued pursuant to Section 320.084 or 320.0848, F.S., (disabled veterans and veterans confined to wheel chairs), may park in designated handicapped spaces, if such vehicle is transporting a person eligible for such parking permit or license plate. Any person who is chauffeuring a disabled person shall be allowed momentary parking in any such parking space for the purpose of loading or unloading a disabled person. No penalty shall be imposed upon the driver for such momentary parking. Such vehicles shall not, however, be parked in a bus loading zone, fire zone, handicapped access aisle, service vehicle space, permit designated parking area or any other area posted as a “No Parking” zone. Employee and student affiliates are required to purchase the appropriate parking permit in order to park on campus. Vehicles bearing a valid FSU parking permit and the disabled permit issued by the state may park at no additional charge in metered, loading zone, short-term, and other unreserved permit designated spaces as long as time restrictions are observed. Visitors displaying a disabled permit issued by the state may park in designated handicap accessible spaces, metered, and/or hourly toll lot spaces provided the regular rate/fee is paid.

7. Visitors may park in toll spaces on campus provided time is kept on the meter or other mechanical ticket dispensers.

(b) The permit year begins on September 1 and ends the following August 31. All permits expire the last day of August each year.

(c) Permit Information: All faulty, staff and student affiliates parking on university property are required to purchase a parking permit or pay appropriate transportation fees.

(d) The Office of Parking and Transportation Services reserves the right to deny, restrict or revoke vehicle registration to any individual who is in violation of the provisions of this rule. The fraudulent registration of a motor vehicle by giving incorrect information, falsified proof of status, or by other means shall result in the issuance of violation(s), false registration – fine code 05, to the individual(s) involved.

(e) Replacement Permits and Gate Access Cards; Refunds. A Replacement permit and gate access card, if applicable, will be issued when a permit or gate card is no longer serviceable or a vehicle bearing a permit is replaced. The original “RP” permit or gate card must be returned to the Office of Parking and Transportation Services to qualify the holder for a replacement permit or gate card due to defect. If a permit cannot be produced, a replacement shall be issued upon execution of an explanatory Permit.
Permanent permits. Except as otherwise stated, temporary permits are issued for a maximum of 10 working days per academic year.

Replacement Statement, FSU Form #DAF1000 (Eff. 9/94) incorporated herein with documentation of replacement need filed with the Office of Parking and Transportation Services. Upon return of an original decal, refunds will be given on a pro-rated basis as contained in subsection (3) Parking Fees and Penalties. No refunds will be issued for returned temporary permits or gate cards. Refunds for student permits issued from the assessment of the transportation fee shall be consistent with the University refund policy for local fees.

(f) Parking Permits.
1. Faculty, Administrative and Professional personnel, University Support Personnel System staff, and Non-Student OPS employees of recognized FSU affiliated organizations or contracted services employees are eligible to purchase an “R” or “RP” decal taglet, authorizing parking only in designated “R” parking areas or in areas specified for “all FSU permits.” Persons utilizing an “R” or “RP” permit must display their permit/taglet on the rear license plate (secured by bolt) or on the plastic holder with the suction cup secured on the front windshield on the driver’s side in order to validate their “R” or “RP” permit.

2. Visitors are eligible to purchase a “V” permit authorizing parking only in designated “W” and “R” non-gated parking areas. Faculty, staff and student affiliates are not eligible to purchase a “V” permit.

3. Vehicles bearing a “W” permit are authorized to park in designated “W” parking areas between the hours of 7:30 a.m. and 4:30 p.m. on all class days. An individual may purchase and maintain only 1 automobile and 1 motorcycle permit at a time during each permit year. This excludes replacement permits.

4. On the day preceding a home football game or as designated on the signage, all vehicles must be removed by 6:00 p.m. in designated football lots.

5. Commercial vendors and sales and service representatives are eligible to purchase commercial (“C”) permits. Vehicles bearing “C” permits may park in any designated, unreserved parking space on campus. Commercial decal holders may also utilize designated loading areas for 20-minute periods only, short term parking spaces (2 hour maximum), service vehicle spaces and parking meters, provided time is kept on the meters.

6. Individuals operating motorcycles, mopeds or motor scooters may purchase an “MC” permit authorizing parking in motorcycle parking spaces only. Students and non-payroll deducted faculty and staff will be issued an “MC” adhesive style decal. Faculty and staff selecting payroll deduction will be issued an “MP” taglet style permit.

7. A temporary permit must be obtained when an unregistered, substitute vehicle is parked on campus in lieu of a registered vehicle. Temporary parking permits have the same parking and driving restrictions as do vehicles bearing the identically lettered permanent permits. Except as otherwise stated, temporary permits are issued for a maximum of 10 working days per academic year. Anyone requesting a temporary permit for more than 10 working days must file a written statement certifying the extraordinary circumstances for the extension, including the reason the registered vehicle is not available for use and certifying that the substitute vehicle and the registered vehicle will not be parked on campus simultaneously during the period. There is no charge for a temporary permit issued to the holder of a registered vehicle for use on a substitute vehicle for a maximum of 10 working days per year.

8. Loading Zone Permits may be purchased on an individual basis to afford access to designated loading zones for loading or unloading of materials or equipment.

9. Service vehicle permits may be purchased by eligible service and technical support representatives. Vehicles bearing a valid “SV” permit are eligible to park in designated service vehicle spaces with no time restriction and loading zones for a maximum of twenty (20) minutes.

10. Persons with FSU retired status who are no longer receiving any form of financial compensation for active employment may purchase an “E” permit. The “E” permit authorizes parking in any designated faculty-staff parking area.

11. Temporary handicapped parking permits will be issued by the Office of Parking and Transportation Services, upon determining eligibility, for a period not to exceed 21 calendar days. To be eligible for applying for a temporary handicapped parking permit the individual must have purchased a valid decal and have it properly displayed. Extension of the eligibility of a temporary permit for more than 21 calendar days will only occur upon receipt of a duly executed Florida Department of Highway Safety and Motor Vehicles Form 83002 or Form 83039 (8/90) S, which are incorporated herein by reference which contain “Disabled Person’s Parking Permit a Physician’s Statement of Certification”, for issuing disabled person’s parking permits at which time a permit will be issued for an additional period not to exceed 35 calendar days. This temporary handicapped parking permit is non-renewable.

(g) The permit shall be displayed as directed by the Office of Parking and Transportation Services at point of distribution.

(h) Motor scooter, mopeds and motorcycle decals designed and intended to be visibly affixed to a motor scooter or motorcycle shall be visibly affixed to the fork on the registered vehicle.

(i) Vehicle permits and decals are issued to specific individuals and are not transferable between individuals. The owner of the taglet and/or hangtag style decal accepts responsibility of all fines when the taglet is displayed on any vehicle.

(3) Parking Fees and Penalties.

(a) “W” Student Transportation Access Fee. To be assessed each semester to all registered students. At the beginning of each academic year or upon the first registered semester for the academic year an annual parking permit will be issued to each student who has registered for classes. Each student shall be issued a “W” permit for their automobile. Students owning only a motorcycle must request a “MC” permit at the time of issuance. If a student owns both an automobile and a motorcycle, they shall be issued the
“W” permit and are authorized to purchase a “MC” permit as their secondary permit for the motorcycle. It is the responsibility of the student to retrieve the parking permit from Student Financial Services or the designated point of distribution. All annual permits shall expire on August 31st of each year.

(b) Fees for Parking. The fees assessed for each type of parking permit described, with the exception of the Student Transportation Fee and departmental charges, are subject to a sales tax mandated by the State Legislature, and shall be as follows:

1. 2000-2001:
   - Student Transportation Access Fee: $2.85 per credit hour

(c) Reserved Spaces. The fee for a reserved space as approved by the President shall be $330.00 if purchased during the fall semester, $220.00 if purchased during the spring semester, $110.00 if purchased during the summer semester, in addition to the R permit charge.

(d) Parking Meters. Fees for a metered space are: 50 cents per hour.

(e) Attended Lots. Fees for attended toll lots shall be determined by the Director of Parking and Transportation Services and fee rates posted at the entrance of the lot.

(f) Refund of Fees.

1. The Student Transportation Access Fee refund policy will be in accordance with University refund guidelines for local fees.
2. Permits purchased on an annual or semester basis will be prorated on a monthly scale and must be turned in for a refund at the Office of Parking and Transportation Services by the last day of the month to receive credit for future months.
3. No refunds will be issued for temporary permits or payroll deducted permits.

(g) Towing and Related Charges. If a vehicle is towed from University property, the standard towing fees will be paid by the owner or user of the vehicle directly to the commercial towing companies providing services authorized at the request of the University.

(4) Operation of Vehicles. Persons who drive vehicles on campus location are subject at all times to the motor vehicle laws of the State of Florida, the rules and regulations of Florida State University and to the ordinances of the City of Tallahassee, where applicable.

(5) Parking of Vehicles.
(a) FSU reserves the right to regulate the use of any or all parking facilities, including the right to deny or revoke vehicle parking privileges to an individual or groups of individuals and to reserve parking facilities for the exclusive use of selected and designated individuals.

(b) The responsibility of locating a legal parking space rests with the operator of the motor vehicle. Lack of space will not be considered a valid excuse or reason for violating any parking regulation.

(c) Wrecker Services. Due to the nature of the University’s on and off street parking control activities, the University utilizes local wrecker services acceptable to the City of Tallahassee on a rotation basis pursuant to City Commission Resolution 93-R-0019, approved June 23, 1993, and the Tallahassee Code Article VI, Rotation System Towing, copies of which are on file at the Office of Transportation and Parking.

(d) Vehicles parked in violation of the provisions of this rule, abandoned on campus, deemed as a safety hazard by FSU Public Safety or Environmental Health and Safety, or failing to display a current and valid permit or decal shall be towed away and placed in commercial or University storage. Towing and storage charges, and any appropriate University fines, will be borne by the vehicle owner and must be paid before the vehicle will be released.

(e) All parking and traffic regulations apply 24 hours a day, 7 days a week except as follows:

1. “R” parking areas are reserved for the use of the vehicles bearing parking permit “R”, “RP”, “C”, and “E”, between the hours of 7:30 a.m. and 4:30 p.m. on all class days, examination periods, semester breaks and registration periods. “V” permits may utilize ungraded lots only. These areas are delineated by signs and/or red parking lines. After 4:30 p.m., Monday through Thursday, all valid FSU permits are honored.

2. “W” parking areas are reserved for the use of vehicles bearing parking permit “W”, “V” and “C” between the hours of 7:30 a.m. and 4:30 p.m. These parking areas are delineated by signs and/or white painted parking lines.

3. Between 4:30 p.m. and 6:00 p.m. all parked vehicles must bear any valid FSU parking permit or decal and may park in any parking area without regard to permit designation and may park in general metered spaces without charge.

(f) General handicapped spaces are restricted 24 hours a day, 7 days a week to vehicles bearing valid State handicapped parking permits as provided in subparagraph (2)(a)6. of this rule, or temporary handicapped parking permit as provided in subparagraph (2)(f)11. Visitor vehicles parked in handicapped metered spaces must pay the appropriate charges during restricted hours.

(g) General handicapped spaces may be designated as time limited. The time limitation will be posted on the sign. Vehicles parked in the time limited handicapped spaces for longer than the maximum time are subject to the issuance of a fine code (01) citation. Handicapped spaces in gated lots shall be designated for faculty, staff or student affiliates whose vehicle bears a valid FSU parking permit and valid Department of Motor Vehicle Disabled Parking permit. Vehicles without a valid FSU parking permit are not authorized to park in the restricted handicapped spaces.

(h) Spaces reserved for individuals, University/State vehicles or specific University facilities are restricted 24 hours per day, 7 days a week, unless otherwise posted.

(i) Motorcycle, moped, or motor scooter spaces are restricted to motorcycles, mopeds or motor scooters 24 hours per day, 7 days a week. Motorcycles, mopeds, or motor scooters may park in metered spaces as long as time is kept on the meter.

(6) Fine Structure.

(a) The following practices are specifically prohibited. The fine for each infraction shall be as contained as follows:

1. Parking illegally on University property to include but not limited to: no permit in restricted lots, parking in an access lane, blocking access, parking in a reserved space without authorization, permit not authorized for space, parking in a restricted or reserved lot, improper parking in a loading zone, parking on lawns, landscape or sidewalks, parking in a “No Parking” or non-designated parking area, overtime parking in a metered space or time limited space – fine code 01. The fee assessed for this violation: $20.00.

2. Boot Fee. Administrative charge for vehicle that is immobilized for unpaid parking citations. Citation is placed on identified vehicle and the payment must be paid with other outstanding citations before the boot is removed from the vehicle. Fine code 02 violation. The fee assessed for this violation: $30.00.

3. Parking in a fire lane – fine code 03. The fee assessed for this violation: $100.00.

4. Parking in a handicapped space without authorization or blocking handicapped access – fine code 04. The fee assessed for this violation: $250.00.

5. False registration. Falsification of proof of status to obtain an FSU parking decal or purchase of a decal by an authorized individual for use by or resale to an unauthorized individual. Failure to provide correct vehicle information within seven working days. Misuse and fraudulent use of a decal or handicapped permit – fine code 05. The fee assessed for this violation: $100.00.

(b) Late Fee. A $10.00 late fee is assessed on all parking citations that area unpaid or uncontested after ten (10) calendar days from issuance.

(7) Disposition of University Parking Citations.

(a) Uncontested. Persons wishing to pay the fine for any University Parking Citation shall do so at Student Financial Services or designated point of payment, in accordance with the schedule of fines.

(b) Contested. Any person wishing to contest a University Parking Citation shall proceed as follows:

1. Notice. Such person shall, within 10 calendar days from the date on which the citation was issued, file a written notice of election to contest the citation with the Office of Parking and Transportation.
2. The Florida State University Parking Violations Appeal form, identified as FSU Form No. MP-03, Eff. 8-89, and the instructions contained therein are adopted by reference. Copies of the form may be obtained from the Florida State University, Office of Parking and Transportation Services, Tallahassee, Florida.

3. Disposition by Director. The Director or designee shall review timely received written appeals or completed Form MP-03, and as soon thereafter as practicable, issue a written finding that the person charged is either in violation or not in violation of the University parking rule designated on the citation. Any person found to be in violation shall within 14 calendar days of issuance of the Director’s written findings either pay the applicable fine or give notice of his or her intent to seek review by the Parking Violations Appeals Board. Such notice shall be given by completing a Parking Violations Appeals Board Form MP-01 and filing it with the Coordinator of the Parking Violations Appeals Board. At the time of filing Form MP-01, if applicant wishes to have the issuing officer present at the Appeal Board hearing they must specifically indicate this request on Form MP-01. This is the only time the request can be made.

4. The Florida State University Parking Violations Appeal Board form, identified as FSU Form No. MP-01, Eff. 8-89, and the instructions contained therein are adopted by reference. Copies of the form may be obtained from the Florida State University, Office of Parking and Transportation Services, Tallahassee, Florida.

5. Parking Violations Appeals Board. Any person for whom an appearance before the Board has been scheduled may appear personally, or submit a written presentation, or both. Any person making a written submission only, must submit it to the Board Coordinator at least 1 working day prior to the date on which the appearance is scheduled. A person appearing in person before the Board desiring to have the presence of the issuing officer at the hearing must request the presence of the officer at the time of scheduling the date and time of hearing. This request will be indicated on the filed Form MP-01. If an individual indicates a desire to appear personally, the Coordinator will schedule an appearance and give the person written notice of the date, time, and place thereof. A person appearing in person before the Board may also introduce witnesses, but shall be responsible for securing the presence of such witnesses. In any appearance before the Board, whether in person or in writing, a person may raise any matter relevant to the Board’s decision. Any person who is unable to appear personally at the time scheduled, but wishes to do so, can reschedule an appearance by contacting the Coordinator at least 3 working days prior to the originally scheduled appearance and showing good cause why the appearance should be rescheduled. The Board shall have the authority to continue any person’s appearance to a subsequent date, time, and place, whenever the Board Chairperson determines that such a continuance is necessary to dispose of the matter. The Appellant may only cancel and have rescheduled one Board hearing. After one such cancellation the Board will proceed with the rescheduled hearing and in the absence of the Appellant, will consider the Appellant’s completed Parking Violations Appeal Form MP-03 as the Appellant’s appeal presentation. After the conclusion of a proceeding before the Board, the Board shall issue in writing its decision to either affirm the Director’s findings, affirm the Director’s decision and reduce the fine, or reverse the Director’s decision and dismiss the citation. The decision of the Board shall be final. The proper initiation of a proceeding to contest a citation shall serve to toll the 7 working day deadline for timely payment of fines for the period that the proceeding is pending.

(c) Automatic Adjudication. All persons are subject to an automatic adjudication of guilt for failure to respond to a citation within 10 calendar days following the violation. In such case, the appropriate fine, plus an additional penalty, shall be imposed. Any person who is automatically adjudicated guilty may appeal in writing to the Parking Violations Appeals Board for waiver of the automatic adjudication of guilt and the additional penalty. This appeal must be made within 180 calendar days from the date of the issuance of the citation. If the Board determines that there are extenuating circumstances justifying waiver, the individual shall be given the prerogative of appealing the citation itself to the Board.

(d) Confidentiality. In any case in which a student is the alleged violator, the records of proceedings before the Director and the Board shall be disclosed only in accord with Sections 228.093 and 240.237, F.S.

(e) Non-Compliance, Sanctions. In addition to the obligation to pay the appropriate fine and penalty, the following additional actions shall be taken and sanctions imposed in the following circumstances:

1. In the case of a person who fails to either pay the applicable fine or give notice of his or her election to contest a University Parking Citation, within 10 calendar days of the date of issuance of such citation, or who fails to pay the applicable fine within 10 calendar days of the date of issuance of written decision of the Parking Violations Appeals Board, affirming the individual’s adjudication of violation, the Director of Parking and Transportation Services is authorized to revoke, suspend, or restrict the on-campus driving and parking privileges of such individual and take such further action as necessary to enforce the revocation or restriction of privileges and shall cause the matter to be referred as appropriate to the University Controller or University Personnel Relations Department, or both, for further action.

2. All matters so referred to the University Controller shall be deemed to be accounts receivable and the Controller shall take the necessary action to collect such debts. In the case of students such necessary action shall include: refusal of permission for such students to register, and withholding of transcripts and diplomas from such students until the debt has been paid. In the case of employees such necessary action shall include: involuntary payroll deductions, pursuant to Rule 6C2-2.022, F.A.C., until the debt has been paid.

3. All matters involving employees of whatever category shall, upon referral to the Director of Personnel Relations, result in appropriate action being taken in accord with applicable provisions of the Florida Statutes, Rule 6C2-4.070, F.A.C. (University Support Personnel System employees), Rules 6C2-4.059 and 6C2-4.0592, F.A.C., and Article 16, UFF/BOR Agreement (Administrative and Professional employees), and Article 16 UFF/BOR Agreement (Faculty).
4. Following revocation, suspension or restriction of on-campus driving and parking privileges, the Director shall lift said revocation, suspension or restriction once the applicable fines, charges, and penalties have been paid and all other requirements for registration of a vehicle have been met.

5. Either the Director of Parking and Transportation Services or the Parking Violations Appeals Board, shall, for good cause shown, provide for a longer period of time in which to pay the applicable fine. Good cause shall include, but not be limited to: (1) compelling personal or family financial obligations or inability to pay; or (2) percent of fine in relation to an individual’s available income exceeds 25%. In such cases, no further sanction or penalty as described herein shall be imposed on account of the outstanding fine, until such time period has elapsed without full payment being made.

6. Immobilization; “Booting”. A motor vehicle parked upon the University campus may, at any time, by or under the direction of an officer or staff member of the Department of Public Safety or an employee of the Office of Parking and Transportation Services, be immobilized in such a manner as to prevent its operation. A vehicle will be considered “bootable” in accordance with due process and based on a citation history, when 3 or more parking citations are outstanding against a responsible individual or if pending parking citations total $50.00 or more.

a. Upon immobilization of such motor vehicle, the officer or employee shall cause to be placed on such vehicle, in a conspicuous manner, sufficient notice to warn any individual that such vehicle has been immobilized and that any attempt to move such vehicle might result in damage to the vehicle and is grounds for criminal charges for grand theft.

b. The individual responsible for the vehicle shall have the right to a probable cause hearing before the chairperson of the Parking Violations Appeals Board or his or her designee, provided such a hearing is requested within 15 calendar days from the date the notice of immobilization is received. The purpose of the hearing is to determine if there is probable cause for continued detention of the vehicle. No hearing will be held unless requested in writing by the individual responsible for the vehicle or his or her agent at the Office of Parking and Transportation Services. The hearing shall be held within 72 hours from receipt of said written request, and the decision shall be issued in writing within 24 hours from the close of the hearing. In lieu of the probable cause hearing, or pending such hearing, where probable cause is found at such hearing, the individual responsible for the vehicle or his or her agent may obtain release of the vehicle by depositing security in the amount of immobilization charges and all delinquent fines and penalties to the Director of Parking and Transportation Services, or his/her designee.

c. If the chairperson or his or her designee finds probable cause to immobilize a vehicle, upon request of the individual responsible for the motor vehicle a date shall be set for full evidentiary hearing before the Parking Violations Appeals Board. Pending this hearing, the vehicle may be released as provided in paragraph (6)(b) above.

d. If no probable cause is found to impound a motor vehicle, it shall be released without requiring the individual responsible for the vehicle to pay the administrative charge for immobilization. If the motor vehicle was previously released upon payment of security, such payment shall be refunded.

e. Failure to request a probable cause hearing within 15 calendar days from the date of the notice of impoundment is received, constitutes a waiver of said hearing and the vehicle shall be released only upon payment of the impoundment charges and delinquent fines or penalties.

f. The immobilization device or mechanism shall remain in place for 48 hours, unless the individual responsible for the vehicle has complied with paragraph (b) above. If such compliance has not occurred within 48 hours, the vehicle shall be towed and impounded. This subsection does not preclude the towing in the first instance of the vehicle which, because of the number of outstanding parking citations against it, is subject to towing and impoundment pursuant to the other provisions of this rule.

(8) Parking Garage.

(a) The parking garage on Woodward Street will be closed during posted night time hours; all vehicles must be removed before the garage is closed. The vehicle will be deemed abandoned after 48 hours if unmoved, and can be towed. All associated costs will be paid before the vehicle will be released.

(b) Vehicles must be parked “nose in” in the spaces in the parking garage. Backing into a space is prohibited and will be assessed the fee listed under fine code 01.

c. After the garage is officially closed, all remaining vehicles will be cited as parking in a reserved space (fine code 01).

d. During the time the garage is closed, a vehicle may be retrieved by notifying the University police, or the designated on-call person.

Specific Authority 240.227(1), 240.264 FS. Law Implemented 240.263, 240.264, 240.265, 240.266, 240.267, 320.0848 FS., Chapter 2000-215, Laws of Florida. History–New 9-30-75, Amended 3-2-77, 8-28-79, 8-12-85, 4-16-86, Formerly 6C2-2.09, Amended 7-14-87, 8-1-88, 8-1-89, 4-24-90, 11-4-91, 8-17-92, 9-27-93, 12-14-93, 10-28-94, 9-17-95, 8-25-98, 7-20-99, 8-17-00.

(1) General Information.

(a) The provisions of this rule shall be applicable to all persons who operate or park a bicycle on the Florida State University campus at all times, including examination periods, term breaks, and registration periods.

(b) All ordinances of the City of Tallahassee relating to Traffic which are not in conflict with or inconsistent with this rule are made a part thereof and are enforceable as provided herein.
(c) The University reserves the right to designate and regulate the use of all its bicycle parking facilities, including the right to remove, or reallocate parking areas as the need arises. The responsibility of locating legal parking space rests with the operator of the bicycle. Lack of space will not be considered a valid excuse for violating parking regulations.

(d) Definitions.
1. Administering Agency. The Florida State University Department of Public Safety and Department of Environmental Health and Safety and Parking Services are vested with the authority necessary to enforce this rule.
2. Bicycle. Every vehicle propelled solely by human power, and every motorized bicycle propelled by a combination of human power and an electric helper motor rated at not more than 200 watts and capable of propelling the vehicle at a speed of not more than 10 miles per hour on level ground upon which any person may ride, having two tandem wheels, and including any device generally recognized as a bicycle though equipped with two front or two rear wheels. The term does not include such a vehicle with a seat height of no more than 25 inches from the ground when the seat is adjusted to its highest position or a scooter or similar device.
3. Bicycle Lane. That portion of a roadway restricted to the exclusive use of bicycles and so designated by signs and/or markings.
4. Bicycle Path. A route separate from roadways for the exclusive use of bicycles and so designated by signs and/or markings.
5. Campus. All property situated in the Tallahassee area that is under the control of The Florida State University.
6. Dual Use Sidewalk. A sidewalk on which both bicycle and pedestrian traffic is permitted and that is so designated by signs and/or markings.
7. Hazard. When a bicycle is parked or secured by chain or other device in a location the result of which creates a situation of risk, peril or danger of injury or destruction to property.
10. University. The Florida State University.
11. All other definitions cited in Section 316.003, F.S., and relating to bicycles and other motor vehicles are hereby accepted for use in this rule.

(2) Bicycle Registration.
(a) All bicycles that are operated, parked, or stored on campus by any student or faculty or staff member of the University community are encouraged to voluntarily register their bicycles with the Department of Public Safety or Environmental Health and Safety. Bicycles not owned or operated by a member of the University student body, faculty or staff, or an employee of a University related agency or office can be operated or parked on the campus in accordance with this rule.
(b) The application form includes the following:
1. Full name and address of the owner(s).
2. The owner’s FSU ID number.
3. Name and address of the Operator (if different from previous name and address).
4. Make, color, serial number, and model of the bicycle, or other identifying information.

(3) The Operation of Bicycles.
(a) Every person operating a bicycle upon a public street shall do so in accordance with the traffic control devices and rules of the road that are applicable to motor vehicles under Florida law and regulations specified within this rule.
(b) Mounted bicycles shall be operated only on a roadway, bicycle path, bicycle lane, or dual use sidewalk.
(c) A person operating a bicycle shall do so as close to the right hand side of the path, lane, sidewalk and roadway and with the flow of traffic.
(d) Rules of the road applicable to motor vehicles shall apply to bicycles operated on bicycle paths unless this rule explicitly requires a different course of action. Wherever a usable path for bicycles has been provided adjacent to a roadway, bicycle riders shall use that path and not use the roadway.
(e) After sundown, every bicycle shall be equipped with a lamp on the front exhibiting a white light visible from a distance of at least five hundred feet to the front and a lamp on the rear exhibiting a red light visible from a distance of five hundred feet to the rear. A red reflector meeting the requirements of this section may be used in lieu of the red light. All such lamps and reflectors shall be in place and in operation whenever a bicycle is operated after sundown.
(f) All traffic signals, stop signs, yield signs, and other traffic control signs will apply to the operator of a bicycle. Traffic control signs or devices on a roadway parallel to a bicycle path shall also apply to the operator of a bicycle on such a path if that path leads into or crosses an area or street protected by the traffic control device.
(g) The operator of a bicycle shall at all times yield the right-of-way to pedestrians.

(4) Bicycle Parking.
(a) The Florida State University reserves the right to designate and regulate the use of all its bicycle parking facilities.
(b) The responsibility of locating legal parking space rests with the operator of the bicycle. Lack of space will not be considered a valid excuse or reason for violating parking regulations.
(c) A bicycle is forbidden to be parked and/or secured on a handicapped accessible ramp, either in part or totally, or in any manner that would restrict the movement of physically challenged persons.
(d) Bicycles shall be parked so as not to impede any form of pedestrian or vehicular movement. Prohibited areas include any area within six feet in front and to the side of any entrance to or exit from any building, within any sidewalk, on any access or egress ramp, or sidewalks, steps or stairs, in corridors, or motor vehicle parking spaces.

(e) A bicycle should be chained or locked only to a bicycle parking rack or to the locking device provided in bicycle parking areas.

(f) The Department of Public Safety and the Department of Environmental Health and Safety are authorized to cut security devices and remove for impoundment any bicycle parked or stored in violation of this rule. A bicycle will be impounded for any of the following reasons:

1. Parked in a manner so as to create a hazard, as defined in subparagraph (2)(f)7.
2. Abandoned.
3. Parked in a prohibited area as provided in paragraphs (4)(c) and (d).

(g) A person whose bicycle has been impounded may claim their bicycle within 30 days by contacting the Department of Public Safety or Department of Environmental Health and Safety. The burden of proving ownership shall rest with the person claiming the bicycle.

(h) An impounded bicycle not reclaimed within 30 days shall be considered to be abandoned and shall be disposed of by the University in accordance with Section 705.18, F.S.

(5) Enforcement Procedures.

(a) Any person whose actions result in a violation of this rule will be assessed a fine of $10.00 per violation in accordance with Section 240.265, F.S.

(b) All fine assessments are payable at Parking Services.

(c) Alleged violators of this rule will have the same avenues of appeal as an operator of a motor vehicle in accordance with FSU Rule 6C2-2.009, F.A.C.

Specific Authority 240.227(1), 240.264 FS. Law Implemented 240.263, 240.264, 240.265, 240.266, 705.18 FS. History–New 9-30-75, Formerly 6C2-2.10, Amended 3-7-95.

6C2-2.011 Facilities Leasing Program.

(1) Definitions. The following terms shall have the meanings ascribed to them unless the context clearly requires another meaning.

(a) Off-Campus Space. Off-Campus Space is defined as any building, structure, or facility other than that:

1. As to which title is held by the Board of Trustees of the Internal Improvement Trust Fund subject to lease thereof to the Board of Regents for use by the Florida State University; or
2. As to which title is held by a direct-support organization of the Florida State University subject to the equitable ownership rights of the University pursuant to Section 240.299, F.S.

(b) Lease. Lease is defined as the contract, instrument, document, or agreement for the use of a building, structure, or facility, or any part thereof.

(c) Privately Owned. Privately Owned is defined as any building not owned by a governmental agency.

(d) Department. Department is defined as any college, school, department, principal investigator, organization or other budget entity which has been assigned a departmental account by the University Controller.

(2) General Policy; Purpose; Statute Interpretation.

(a) General Policy. It is the general policy of the Florida State University to provide adequate space and facilities consistent with available resources for its constituent components and programs to carry out their functions and activities. On-campus space will be allocated whenever possible in accordance with applicable internal management policies, but off-campus space will be obtained when consistent with the State’s interest in the most efficient use of resources possible for the effective operation of the University.

(b) Purpose. The purpose of this rule is to implement a comprehensive program for the acquisition by lease of off-campus space by integrating, and interpreting when necessary, the authority of the University provided in Sections 240.227(1), (15) and (17), F.S., with the authority delegated to the State University System pursuant to Section 240.225, F.S., by the Department of General Services in Rule 60D-9.001, F.A.C.

(c) Statute Interpretation. In accord with the policy of the State University System that the powers and duties received by it from the Department of General Services with respect to leasing are received and may be exercised equally by each component of the State University System, the powers and duties provided in Sections 255.248, 255.249, and 255.25, F.S., shall be construed by substituting the term “The Florida State University” for the terms “division” or “department” wherever they appear in the statutes last above cited. When such construction results in an untenable or absurd conclusion or a conclusion which is inconsistent with legislative intent, further interpretation and construction will be made herein which is consistent with such legislative intent.

(3) Initial Approval. Whenever a department determines that it needs additional space to carry out its functions and activities, it shall make a request for such space to the Executive Secretary of the University Space Committee, in accordance with the internal management criteria published in the Florida State University Business Manual, OP-B-4.12, or in another appropriate writing. The University Space Committee shall consider the request and advise the President that it either approves or disapproves the need for...
the requested space. The President shall make the final determination of what action should be taken on the request and shall instruct the Executive Secretary accordingly. If more timely action is necessary to protect the interests of the University, the President, or the Executive Secretary or Chairman of the University Space Committee may, if circumstances permit, call a special meeting of the Committee. The President, however, may at any time determine what action should be taken. When the final decision is to seek and obtain off-campus space, the Executive Secretary shall implement the decision pursuant to this rule.

(4) Negotiated Leases. The terms and conditions of the following types of leases of off-campus space may be established, and such leases be entered, pursuant to negotiations, between the University and the prospective lessor. The Executive Secretary or his designee shall represent the University in such negotiations, and the Executive Secretary shall initiate the lease preparation and final approval procedures provided in this rule.

(a) Leases With Governmental Agencies. This category includes all instances where the prospective lessor is a nation, state, county, or municipality, or is a public agent or agency of the governing body thereof.

(b) Leases For Nominal Or No Consideration. This category includes all instances wherein no monetary or other tangible consideration is given by the University to secure the use of the off-campus space, or where such monetary or other tangible consideration is deminimus in comparison to the fair market rental value of the space.

(c) Short-Term Leases. This category includes all leases for a term of 21 consecutive days or less as provided in Section 255.25(7), F.S.

(d) Leases For Less Than 2,000 Square Feet. The category includes all leases of space totaling less than 2,000 square feet as measured by the method prescribed in this rule.

(e) Leases for Providing Care and Living Space. This category includes all leases for the purposes of providing care and living space for persons, within the purview of Section 255.25(3)(a), F.S.

(f) Leases of Specialized Educational Facilities. This category includes all leases of specialized educational facilities in accordance with Section 255.25(9), F.S.

(5) Competitive Proposals or Bids. In all cases where 2,000 sq. ft. or more off-campus space is to be leased or where Section 255.25(8), F.S., applies, a competitive selection or bidding process shall be implemented pursuant to Section 255.25(3)(c), F.S. The Executive Secretary shall be responsible for the implementation of such process, which shall include the following elements and procedures.

(a) Solicitations. A public solicitation of proposals (bids) shall be made by giving notice thereof by publication in at least one newspaper of general circulation in the area in which the space is desired. The notice shall be published at least once and there shall be no less than ten working days between the last date of publication and the date on which proposals must be received in order to be considered. Notice may also be given verbally or in writing to developers or realtors in the area in which the space is desired, either directly, by communications with an appropriate trade or professional association, or by advertising in a newsletter or other publication of such association. The Director may make, or cause to be made, surveys of developers, realtors, or prospective lessors regarding the possible availability of space. Such survey information may be used to determine the nature and extent to which notice should be given beyond the required minimum notice set forth in this section. The notice shall include, but not be limited to, the following:

1. Approximate net square footage required.
2. General area in which the space must be located.
3. General use to be made of the space.
4. Date the space must be available.
5. Name and address of the person or office from which specifications may be obtained.

(b) Specifications. Specifications shall be drawn for each solicitation of space. The published notice and the specifications shall together constitute the solicitation. The solicitation shall provide each prospective lessor with knowledge of the University’s space requirements to enable the prospective lessor to prepare and submit a proposal. The specifications shall not be structured to favor any specific location or lessor; provided, however, that location may be considered as a determining factor in evaluating the proposals. The specifications should set forth, but need not be limited to, the following:

1. The estimated net square footage required, to be measured according to the State University System Standard Method of Space Measurement, as specified in Rule 6C-17.012, F.A.C., and the State University System Space Generation Formula as specified in Rule 6C-17.013, F.A.C.
2. An approximate floor plan of the space needed, showing partitioning and other physical requirements.
3. The general location desired for the required space.
4. The date on which the space must be available.
5. The term of the lease, indicating options to renew, if desired.
6. Services required as part of the Lessor’s lease obligations, including but not limited to parking, dining, and transportation requirements.
7. The maximum rental rate which the University will pay pursuant to the rental rate guidelines recommended by the University Space Committee and approved by the President. Such guidelines shall be established in the same manner as provided in Rule 6C-17.014, F.A.C., and shall be based on an average rental rate for the type of property involved within the local area. Current
Proposals or Bids.

1. For purposes of this rule dealing with the lease of off-campus space, the terms “proposal” and “bid” may be used interchangeably, with respect to the competitive selection process.

2. Each proposal must specifically respond to each item included in the specifications. The proposal may also include additional items or offerings, which the University will consider in evaluating the proposal. The proposal should present each item in a corresponding sequence to the specifications, with additional items and offerings contained in a separate section. However, failure to follow this format will not result in disqualification of the proposal unless it is submitted in a form which does not reasonably enable the University to evaluate the proposal in terms of the specifications.

3. Each proposal shall be signed by the owner(s), or if the owner is a legal entity other than an individual(s), by its corporate officers, or legal representative(s). The corporate, trade or partnership name must be either stamped, written or typewritten in immediate proximity to the actual signature(s).

4. Notice of the proposed award to the lowest and best bidder shall be given in writing to all responsive bidders.

5. Documentation of the selection shall be maintained and shall include but not be limited to copies of all notices and advertisements, a copy of the specifications, copies of all proposals received; and a summary of the University’s findings for each proposal.
(6) Bid Protests. Any responsive bidder aggrieved by the proposed award, may submit a written protest thereof, to the Executive Secretary. The protest must be received within 14 days of the date of mailing of the notice of proposed award. The form of the protest and the procedures for resolution of the protest shall be carried out in accordance with subsection 6C2-2.015(23), F.A.C. Provided, however, that in connection with petitions by prospective lessors, the Executive Secretary shall have and exercise the powers and duties as delegated therein to the Director of Purchasing.

(7) Lease Preparation. If no bid protests are timely received, or, after such protests have been administratively determined, or following negotiations in cases where no competitive bids are required, the lease document shall be prepared in accord with the following provisions:

(a) Preconditions. The Executive Secretary or his designee shall be responsible for ensuring that the proposed lessor has complied with all requirements regarding:

1. The disclosure of ownership and beneficial interests as provided in Sections 255.249(2) (h), (i), F.S.

2. Compliance with State Fire Code provisions, including approval by the University of plans for bringing the premises into compliance prior to occupancy.

3. Compliance with all requirements for accessibility by the physically disabled as provided in Section 255.21, F.S., or as required by the specifications, including approval by the University of plans designed to bring about compliance.

4. Where applicable, the preparation and submission of the life-cycle analysis provided for in Section 255.251 et seq., F.S. Failure of the proposed lessor to comply with any of these requirements prior to the time of occupancy shall be grounds for the University to void any lease. In such case, the University shall have no liability to the proposed lessor.

(b) Form and Content of Agreement.

1. General. Unless there is cause to the contrary, the standard Florida State University Lease Agreement form shall be used for all agreements for lease of a privately owned building or space therein. In any case, the lease document must address and provide for the following: the term of the agreement; the amount, payment period, and dates of payment of rents; the allocation of responsibility for utilities, heating, air conditioning and janitorial services, light fixture installation and maintenance, other maintenance, and repairs; the allocation of risk and obligation for injury to persons or damage to property on the premises, and fire and other hazards; the respective obligations of the parties upon expiration of the term; rights regarding subletting and assignment and the acknowledgment thereof; the rights of the lessor regarding inspections of the premises, and the rights and mutual agreements of the parties regarding waiver of defaults, the severability of covenants, and breach of the lease; the responsibility for taxes, insurance, and commissions; limitations on the use of the premises; and directions regarding the delivery of notices.

2. Escalation Clauses Prohibited. No lease shall contain contingency or rate escalation clauses by which rental rates are adjusted in relation to changes in some outside index, indicator, or other factor. Any clause providing for rental rate adjustments must expressly include the time periods to which the adjustments are applicable and the amounts thereof.

3. Renewal of Leases. Any lease may contain an option to renew clause and any such renewal shall be made according to the terms and conditions of the renewal clause.

4. Option to Purchase. Any lease may contain an option to purchase clause; provided, however, that the terms and conditions of such clause, and the exercise of such option must be in compliance with such other statutes and rules applicable to the purchase of real property.

5. Entirety and Severability. Every lease shall contain or be deemed to contain a clause providing that a finding of invalidity as to any provision therein will not invalidate the remainder of the lease unless the invalidated provision materially frustrates the purpose of the lease or the intended use of the premises. Every lease shall also contain or be deemed to contain a clause providing that the lease document expresses the entirety of the agreement between the parties. However, the specifications and the lessor’s proposal shall be deemed incorporated in the document in every case for purposes of interpretation and clarification, and, when specified in the lease for purposes of expressing substantive terms and conditions.

6. Not Consent to Sue. Every lease shall contain, or be deemed to contain, a clause providing that the execution of the lease does not constitute the consent of the State of Florida or its agencies to be sued by reason thereof, nor a waiver of the defense of sovereign immunity beyond that which the Legislature has lawfully made by statute.

7. Florida Law. Every lease shall contain, or be deemed to contain, a clause providing that: the lease is subject to the laws of the State of Florida; the laws and administrative rules, including this rule, of the State of Florida, are incorporated in, and made a part of the lease; and any administrative or judicial actions, arising out of, or, in connection with, the lease, shall be commenced before the court or administrative body of competent jurisdiction within this State.

8. Availability of Funds. Every lease shall contain, or be deemed to contain, a clause providing that the University’s obligations pursuant to the lease shall be subject to, and contingent upon, the availability of funds lawfully appropriated by the Legislature or otherwise lawfully expendable for such obligations. This clause shall further provide that the University has the right to terminate the lease and shall be subject to no liability on account of termination on the lease of the nonavailability of such funds. The clause may also provide for notice requirements and other conditions for returning the parties and the premises to their previous status in the event of the nonavailability of such funds. The clause shall comply with the requirements of Section 216.311, F.S.

9. Right to Terminate Clause. Every lease for a term of more than one year shall contain, or be deemed to contain, a clause which gives the University the right to terminate the lease without being subject to any liability to the lessor by reason of such termination. Such clause may, however, provide for the return of the parties, on an equitable basis, to their pre-lease status.
the dormitory housing areas. The Director of Business Services will authorize the placement of newsstands in other areas.

newspapers of general public circulation authorize will be permitted. The Director of Housing will authorize the placement of newsstands in areas specifically designated for such purposes.

full responsibility for adherence by the participating students to all laws and regulations governing such activities.

tables and chairs in connection with such an activity should be made to the Union Reservations Office.

Bookstore Arcade. Any requests for exceptions to this location should be submitted to the Office of Student Activities. Requests for activities must adhere to the following limits and guidelines:

(a) No item is to be sold or advertised that is offered for sale in, or that is in competition with, any University agency such as the Union Store, Bookstore, Food Service, Office Services and Laundry without a University Permit granted by the Director of Business Services.

(b) Certification of Compliance. Upon the approval of the Office of the University Attorney as to form and legality, the Executive Secretary shall advise the President as to whether the lease document, preconditions thereto, and the procedures under which it was prepared are in compliance with Chapter 255, F.S. If the President determines that there has been such compliance, he shall so certify on a form prepared by the University. The President may delegate to a designee the duty to determine and certify compliance, except in such cases where by statute he is required to personally certify such compliance.

(c) Execution. When permitted by statute and/or the rules and regulations of the Board of Regents, the President shall execute the lease document. Otherwise, he shall cause the lease document and the certification of compliance to be transmitted to the Board of Regents Central Office for execution in accord with the Board of Regents rules and regulations.

Specific Authority 240.225, 240.227(1), 255.249(2) FS. Law Implemented 240.225, 240.227(1), (13), 255.248, 255.249, 255.25, 286.23 FS. History—New 9-30-75, Amended 6-14-81, Formerly 6C2-2.11.

6C2-2.013 Commercial Solicitations.

(1) All soliciting done on the University premises must be approved by the Director of Business Services, except for the sale of newspapers in the dormitory and housing areas, and certain activities sponsored by student organizations.

(2) University Solicitors’ Permit.

(a) All solicitors must have a University Solicitors’ Permit, except students representing student organizations.

(b) All applicants for a permit must have in their possession a valid City of Tallahassee Solicitors’ Permit. They must also have and furnish verifiable personal, and company or organization identification for all persons who will be engaged in the requested activity.

(c) The University Solicitors’ Permit will contain the following information.

1. Name of company or organization.
2. Names of individuals representing the company or organization on campus.
3. Type or nature of approved activity.
4. City of Tallahassee Solicitors’ Permit number.
5. Location where permit is valid.
6. Dates of issue and expiration of University Solicitors’ Permit.

(d) Copies of the University Solicitors’ Permit are to be given to the individual responsible for the activity, who will insure that each person engaged in soliciting has a copy. The original permit will be kept on file in the Business Services Division office.

(3) Obtaining Permits. Permits are to be obtained from the Director of Business Services. The issuance of permits will be governed by the benefits to be gained by the University community. Copies of the permit are to be carried by each individual whose name appears on the permit and are engaged in the activity, and will be presented to any University official upon request. Any issued permit is subject to cancellation at any time it is deemed in the best interests of the University to do so. In the event a permit is cancelled, all copies of the permit are to be surrendered to the Director of Business Services and soliciting by the permit holder will cease.

(4) Student Organizations. In recognition of the rights and freedom of student organizations at the Florida State University, approved student groups are permitted to solicit for support, or sell and distribute items as a project of that organization within the following limits and guidelines:

(a) No item is to be sold or advertised that is offered for sale in, or that is in competition with, any University agency such as the Union Store, Bookstore, Food Service, Office Services and Laundry without a University Permit granted by the Director of Business Services.

(b) Sponsoring and participating organizations must register the activity and arrange for space with the Office of Student Activities.

(c) Activities referred to in this policy are permitted only in the area of the University Union Complex designated as the Bookstore Arcade. Any requests for exceptions to this location should be submitted to the Office of Student Activities. Requests for tables and chairs in connection with such an activity should be made to the Union Reservations Office.

(d) Sponsoring and participating organizations will comply with any Student Government Statutes affecting fund raising projects.

(e) Officers of any student organization sponsoring or participating in solicitations, either on or off the campus, will assume full responsibility for adherence by the participating students to all laws and regulations governing such activities.

(5) The posting or distribution of advertising material will be limited to the permanent official bulletin boards of the University.

(6) Dependent on the availability of space in areas specifically designated for such purposes, newsstands containing daily newspapers of general public circulation authorize will be permitted. The Director of Housing will the placement of newsstands in the dormitory housing areas. The Director of Business Services will authorize the placement of newsstands in other areas.
6C2-2.0131 Posting, Chalking and Distribution of Materials.
The University Policy for Posting, Promotions, Advertising, Chalking, and Distribution of Materials on FSU Campuses-9/1/01 is hereby adopted as a rule by reference.

Specific Authority 228.0081(2) FS. Law Implemented 228.0081(2)(r) FS. History–New 5-9-02.

6C2-2.014 Identification Cards.
(1) “Validation” is an imprint that is placed on the clear edge of an ID card to show that the card is effective during the imprinted period.
(2) University ID cards, guest cards, and alumni association membership cards provide a convenient means for identifying individuals who are entitled to utilize the facilities, activities, and services of the Florida State University. An ID card is nontransferable and is only for use by the individual whose name appears on the card. Misuse of an ID card may result in revocation of the card and disciplinary action. The ID Card Committee reviews and recommends policies for the issuance of ID cards.

(3) Issuance of Identification Cards. Different types of ID cards are issued to members of the University community depending on the nature of their affiliation with the University. By accepting and using an ID card, an individual agrees to abide by any rules and regulations that pertain to the use of University facilities, activities, or services. Possession of an ID card does not relieve the holder from paying any admission fees or service charges that may apply to a given facility, activity, or service.

(a) Students. Students who have been issued cards at a prior registration are to retain their cards and have them validated at subsequent registrations by the Bureau. When a student withdraws from the University, the Counseling Center removes the validation for that quarter from the student’s ID card. Students who withdraw are allowed to retain their ID cards in case they are readmitted at a later date.

(b) High School Students. High School students who enroll in classes at Florida State University without payment of registration fees will be charged a $5.00 fee for their student ID cards. To further identify the high school student, the name of the student’s high school will be typed above the student’s name when the card is issued.

(c) Faculty/Staff. Faculty and staff ID cards are issued to permanent full-time and part-time faculty and staff. Graduate students who are employed temporarily as part-time instructors will not be issued faculty ID cards, but will use their student ID cards.

6C2-2.015 Purchasing and Procurement.
(1) Statement of Intent. It is the intent of the University to acquire quality goods and services as economically as possible, within reasonable or required time frames, while promoting fair and open competition in the public procurement process. This rule establishes effective management oversight of the University’s procurement process in order to reduce the appearance and opportunity for favoritism and to preserve the integrity of University purchasing and contracting.

(2) Purpose. These rules implement the University’s delegated authority from the University Board of Trustees with respect to the powers, duties and functions of the institution’s purchasing jurisdiction as provided in Sections 1001.74(5) and 1001.75(5), F.S.

(3) Application. These rules shall apply to all expenditures of University funds involving a purchase, irrespective of their source, including federal assistance monies, except as otherwise specified herein, and will be applied to transactions that do not involve a purchase such as food service or vending contract.

(4) Procurement Organization.
(a) The University Board of Trustees. By this rule, the Board of Trustees exercises their statutory authority to establish a system process to coordinate procurement policies, procedures, and practices to be used in acquiring commodities and contractual services required by the University.

(b) The University President. As chief administrative officer of the University, the President has the responsibility to implement the University’s procurement authority as consistent with the rules of the State Board of Education and University Board of Trustees. The President has statutory authority to approve, execute and administer contracts for and on behalf of the University Board of Trustees for licenses; the acquisition or provision of commodities, goods, equipment and services; leases of real estate and personal property and planning and construction to be rendered to or by the University provided such contracts are within the law and the rules and policies of the State Board of Education and the University Board of Trustees. The President may delegate all or any portion of such authority, which is not required by law or rule to be exercised personally, to any employee of the University in the interest of the efficient and effective operation of the University.

(c) Delegation of Purchasing Authority.
1. Duties and Powers. The Director of Purchasing is delegated authority to serve as the central procurement officer for the University, and shall exercise the powers, duties and functions pertaining to the procurement of commodities and contractual services. The Director may delegate to the Purchasing Department staff such portions of those powers, duties and functions as deemed appropriate.
2. Small and Disadvantaged Business Enterprise Assistance Officer. The Director of Purchasing, or a designee, shall serve as the Small and Disadvantaged Business Enterprise Assistance Officer for the University, responsible for overseeing the small and disadvantaged utilization activities in the procurement of commodities and services. The University is an equal opportunity institution and encourages procurement contracting with small and disadvantaged business which includes minority business enterprises.

3. Additional Purchasing Delegation. Purchases of commodities and services for the following areas need not be procured through the Purchasing Department: Food purchased for the cafeteria at the Florida State University Schools; books and periodicals purchased by University libraries and purchases by the Facilities Operations and Maintenance Department. Any such purchases shall be processed by the appropriate University department in accordance with this rule.

4. Purchase of Private Attorney Services. Written approval from the Attorney General is not required for private attorney services acquired by the University.

5. Purchase of Insurance. The University shall purchase insurance as deemed necessary and appropriate for the operation and educational mission of the University. Examples of insurance coverage that may be acquired by the University include:
   a. Physical damage on vehicles and boats;
   b. Inland marine on property owned, leased, or loaned to or by the University;
   c. Building and property damage;
   d. Equipment losses due to theft;
   e. Equipment subject to transportation;
   f. Loss of rental income;
   g. Commercial general liability insurance for scientific equipment;
   h. Excess general liability coverage;
6. Purchase of Printing. Printing shall be purchased in accordance with Chapter 283, F.S.

5. Duties of the Purchasing Department.
(a) Canvass sources of supply and contracting for the purchase or lease of all commodities and contractual services for the University, in any manner, including, reverse auctions and purchase by installment- or lease-purchase contracts. Installment- or lease- purchase contracts may provide for the payment of interest on unpaid portions of the purchase price.
(b) Remove any contractor from the University’s competitive vendor list that fails to respond to one (1) or more competitive solicitations or to fulfill any of its duties specified in a contract with the University and to reinstate any such contractor when satisfied that further instances of default will not occur. A “No Bid” or similar response is considered a response under this section.
(c) Plan and coordinating purchases in volume and negotiating and executing agreements and contracts for commodities and contractual services under which the University may make purchases.
(d) Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities/services that are frequently purchased and are available from a single source.
(e) Evaluate and approve contracts established by the Federal Government, other states, political subdivisions, or any independent college or university or educational cooperative or educational consortium for the procurement of commodities and contractual services, when it is determined to be cost-effective and in the best interest of the University to make purchases under contracts established by such other entities.
(f) Award contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the University. Such awards may be on a university, regional or multiple state university-wide basis and the contracts may be for multiple years.
(g) Reject or cancel any or all competitive solicitations when determined to be in the best interest of the University.

(a) Competitive Solicitation Required. All contracts for the purchase of commodities or contractual services exceeding $50,000 shall be awarded pursuant to a competitive solicitation, unless otherwise authorized herein. The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.
(b) Public Notice. The Director of Purchasing, or a designee, shall determine the method of public notice to be used in each case of a competitive solicitation based on the nature and quantity of the commodities, contractual services, or construction sought and the availability and extent of competitive solicitation lists.
(c) Receipt of Responses. Competitive solicitation responses shall be delivered, including electronically, as directed in the competitive solicitation to the Purchasing Department, or as otherwise directed, at or prior to the date and time specified in the competitive solicitation. Responses that are not delivered to that location and only that location, no matter what the reason, shall not be considered. It is the responder’s responsibility to assure that their response is delivered at the proper time and place. The clock in the Reception area of the Purchasing Department is designated as the official timepiece for purposes of determining whether a response is received by the appointed date and hour.
1. Prior to the time a competitive solicitation is opened, the Director of Purchasing, or a designee, may change or correct the terms, conditions or specifications by issuing an addendum to all known recipients of the competitive solicitation.
2. A responder to a competitive solicitation may withdraw or correct a response prior to the time that the competitive solicitation is opened. Any alteration or correction to a response must be in writing and signed by the authorized representative who signed the original response.
3. The Director of Purchasing, or a designee, will permit the withdrawal of a competitive solicitation response for good cause if requested in writing within seventy-two (72) hours of the competitive solicitation opening and prior to final award of the purchase order being issued. Good cause shall include illegality, impossibility of performance, or a clear and inadvertent error in the response preparation, but shall not include a responder’s lack of profitability or financial loss resulting from the competitive solicitation. Neither modification nor withdrawal will be permitted at any time if the result of such action is prejudicial to the fairness of the competitive procurement process or a monetary or educational interest of the University.

(d) Competitive Solicitation Evaluation. Responses to a competitive solicitation shall be evaluated based on the requirements set forth in the competitive solicitation. The requirements of the competitive solicitation include criteria such as price, inspection, samples, quality, testing, workmanship, convenience, experience, delivery and suitability for a particular purpose. Those criteria that effect the price shall be objectively measured to the extent practicable, such as: all or none, discount, transportation cost or total or life cycle cost base. In cases where more than one commodity or contractual service is listed on a response to a competitive solicitation, the University is not required to consider all alternates or options, nor do they have to be considered in sequence.

(e) Right to Reject Competitive Solicitation Responses and Waive Minor Irregularities. The University reserves the right to reject any and all responses to a competitive solicitation. The University also reserves the right to waive minor irregularities in an otherwise valid response. A minor irregularity is a variation from the competitive solicitation terms and conditions, which does not affect the price offered, or give the responder an advantage or benefit not enjoyed by other responders or does not adversely impact the business or educational interests of the University. The University shall correct mistakes clearly evident on the face of a response, such as an error in arithmetic or extension of pricing. In the case of extension errors, the unit price shall prevail.

(f) Receipt of Only One or No Responses to a Competitive Solicitation. When only one responsive offer or no response is received to a competitive solicitation exceeding $50,000, the Director of Purchasing, or a designee, shall review the circumstances surrounding the solicitation to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined that a second competitive solicitation would not serve a useful purpose, the University will proceed with the acquisition based on the one response received or proceed to negotiate with any other possible source including the responder who submitted the only responsive offer.

(g) When multiple responses to a competitive solicitation are received that are equal in all respects, the University shall give preference to responses that include commodities manufactured in the state, Florida businesses, businesses with a drug-free workplace program, or foreign manufacturers located in the state to determine the contract award. If none of these conditions exist and two or more responses are equal in every respect, the University will use a toss of a coin to select the successful response.

(h) Purchases from Contractors Convicted of Public Entity Crimes. The University shall not accept a competitive solicitation from or purchase commodities or contractual services from, a person or affiliate who has been convicted of a public entity crime and has been placed on the State of Florida’s convicted vendor list for a period of 36 months from the date of being added to the convicted vendor list.

(i) Competitive Solicitation Notice of Award. After evaluating the responses to a competitive solicitation, the Director of Purchasing, or a designee, shall make a determination as to the successful response based on the method of award contained in the competitive solicitation. A notice of award shall be posted electronically by posting a Competitive Solicitation Tabulation Sheet, or other appropriate document, on the Purchasing Department Web Site on the date and time listed in the competitive solicitation or as soon as reasonably possible after the responses are evaluated. The Competitive Solicitation Tabulation Sheet shall contain the competitive solicitation name, the name of each responder including those whose responses were rejected, the amount(s) of each response, the date and hour that it was posted and the date and hour that the posting period ends. The Notice of Award Web Site shall be maintained by the Purchasing Department and shall be available for public inspection at all times during regular University business hours. Any person who is adversely affected by the University’s decision or intended decision regarding a competitive solicitation shall file in writing a protest which shall be received in the Purchasing Department before the end of the 72 hour posting period or within 72 hours after the protestant received actual notice by other delivery of the decision, whichever occurs first. The 72 hour period excludes the hours involved in weekends and University holidays. Weekends are deemed to begin at 5 p.m. on Friday and end at 8 a.m. on Monday. Holidays are deemed to begin at 5 p.m. at the end of a regular workday or 8 a.m. after a Sunday and end at 8 a.m. on the next regular University workday. A Request for Quotation secured from contractors listed as suppliers on state contracts in order to achieve economies of scale, regardless of their total price, are not a decision subject to Section 120.57(3)(a), F.S. Posting of the proposed Notice of Award does not establish a contract between the University and the proposed supplier. In accordance with Section 119.07(3)(m), F.S., public review of responses to a competitive solicitation will be denied until the notice of a decision is posted or within 10 days after the competitive solicitation is opened, whichever occurs first.

(7) Registration of Business. It is not necessary for a person or business to be registered with the University to receive competitive solicitations, a contract or a purchase order. The University does not guarantee that a business will receive notice of a competitive solicitation for a particular commodity or contractual service for which they have registered as a supplier. The opportunity to participate in a competitive solicitation is a privilege not a right.

(8) Purchasing actions that are not subject to the competitive solicitation process include:

(a) Emergency Purchases. When the President, or a designee, determines in writing that a condition exists that threatens the health or safety of person(s) or animal(s) or the preservation or protection of property or the continuance of a vital University function, the University will proceed with an emergency purchase without a competitive solicitation. Due to the critical nature of
the procurement, emergency purchases do not require that the action be posted in the Notice of Award Web Site for 72 hours. An emergency purchase shall be limited to the purchase of only the type of items and quantities that are required for a time period sufficient to relieve the immediate threat and shall not be used to meet long-term requirements.

(b) Sole Source Purchases. Commodities or contractual services available from a single source shall be exempted from the competitive solicitation process. A sole source document shall be publicly posted in the Notice of Award Web Site for 72 hours.

(c) Purchases from competitively secured Contracts and Negotiated Annual Price Agreements established by the State, other governmental entities, other public or private educational institutions, and educational cooperatives and educational consortia are not subject to further competitive solicitation.

(d) Construction Direct Purchase Program. Commodities to be incorporated into any public work (as that term is defined in Rule12A-1.094, F.A.C.) which are procured by the University in accordance with the requirements of the University’s direct purchase program are not subject to any further competitive solicitation.

(e) Commodities and contractual services that are exempt from the competitive solicitation process include:
1. Artistic services;
2. Academic reviews;
3. Lectures;
4. Auditing services;
5. Legal services, including attorney, paralegal, expert witness, appraisal, arbitrator or mediator services;
6. Health services involving examination, diagnosis, treatment, prevention, medical consultation or administration.
Prescriptive assertive devices for medical, developmental or vocational rehabilitation including, but not limited to prosthetics, esthetics, and wheelchairs, provided the devices are purchased on the basis of an established fee schedule or by a method that ensures the best price, taking into consideration the needs of the client;
7. Training and education services;
8. Advertising;
9. Services or commodities provided by any governmental entity, other state universities or independent colleges and universities;
10. Programs or continuing education events that are offered to the general public for which fees have been collected from individual participants to pay all expenses associated with the program or event;
11. Purchases from firms or individuals that are prescribed by state or federal law or specified by a granting agency;
12. Regulated utilities and government-franchised services;
13. Regulated public communications;
14. Long distance telecommunications;
15. Extension of an existing contract;
16. Renewal of an existing contract if the terms of the contract specify renewal option(s);
17. Purchases from the Annual Certification List developed by the University Purchasing Department;
18. Purchases for resale;
19. Accountant Services;
20. Implementation/programming/training services available from owner of copyrighted software or its contracted vendor; and
21. Purchases of materials, supplies, equipment, or services for research purposes when the Vice President for research, or a designee, certifies that, in a particular instance, it is necessary for the efficient or expeditious prosecution of a research project.

(f) Individuals or vendors who take part in the development and drafting of a feasibility study, competitive solicitations or future program.

1. No person or firm who receives a contract to perform a feasibility study for potential implementation of a subsequent contract, participates in the drafting of a competitive solicitation, or develops a program for future implementation shall be eligible to contract with the University dealing with the specific subject matter.

2. All persons taking part in the development or selection of criteria for evaluation, the evaluation process, and the contract award process in any purchase shall follow all relevant portions of the State of Florida Code of Ethics for Public Employees, Chapter 112, Part 3, F.S., and the University’s rule on outside activities, Rule 6C1-1.011, F.A.C.

9) Bonds.

(a) Payment and Performance Bonds. The University will require any contractor contracting with the University to provide construction or commodities which include installation to furnish a payment and performance bond, with good and sufficient securities, to the University prior to the issuance of the contract when the total contract amount is greater than $200,000.

(b) Competitive Solicitation Protest Bond. Any contractor that files an action pursuant to Section 120.57(3)(b), F.S., protesting a decision or intended decision pertaining to a solicitation, shall at the time of filing of the formal protest, post with the University, a bond payable to the University in an amount equal to: 10% of the estimated value of the protestor’s competitive solicitation response; 10% of the estimated expenditure during the contract term; $10,000; or whichever is less. The bond shall be conditioned upon the payment of all costs which may be adjudged against the contractor filing the protest action. In lieu of a bond, the University will accept a cashier’s check or money order in the amount of the bond. Failure of the protesting contractor to file the required bond, cashier’s check or money order at the time of filing the formal protest shall result in the denial of the protest.

(10) Contract Formation.
(a) Contracts for commodities or contractual services or licenses shall consist of a purchase order or bilateral agreement signed by the President of the University, or a designee, prior to the goods or services being rendered by the contractor.

(b) Any contract for the purchase of services or tangible personal property for a period in excess of one fiscal year shall include the following statement: “The State of Florida’s and University’s performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature.”

(c) The extension of a contract shall be in writing, shall be signed by both parties if a bilateral agreement, and shall be subject to the same terms and conditions set forth in the initial contract. There shall be only one extension of a contract.

(d) A contract may contain provisions for renewal. If the commodity or contractual service is purchased as a result of a competitive solicitation, the cost of any contemplated renewal must be included in the competitive solicitation. All contract renewals are subject to sufficient annual appropriations.

(e) The President, or a designee, will enter into deferred payment agreements when it is financially advantageous to the University. The University may utilize the State of Florida Controller’s Consolidated Equipment Financing Program if it is deemed financially advantageous. When the Consolidated Equipment Financing Program is used, the University will submit the contract to the State of Florida Controller for the purpose of pre-audit review and approval prior to acceptance. No agreement shall establish a debt of the State or shall be applied to the faith and credit of the State; nor shall any agreement be a liability or obligation of the State except from appropriated funds.

(f) In order to promote cost-effective procurement of commodities and contractual services, the University will enter into contracts that limit the liability of a vendor consistent with Section 672.719, F.S., and consistent with the lawful limits of sovereign immunity.

(g) The total value of the contract shall be the purchase price for the initial term plus all renewal costs.

(11) Standard of Conduct. It shall be a breach of ethical standards for any employee of the University or a member of the Board of Trustees to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with any contract for commodities or services. It shall also be a breach of ethical standards for any potential contractor to offer an employee of the University or member of the Board of Trustees a gratuity of any kind, form or type to influence the development of a contract or potential contract for commodities or services. The standard of conduct in this rule shall be consistent with Chapter 112, F.S., and the Ethics Policy of the FSU Board of Trustees.

(12) Authority to Suspend or Debar a Business. The Director of Purchasing will remove a business’s name from the University’s competitive solicitation list and reject all responses offered by that business in the event the business’s performance through acts of omission or commission results in any of the following grounds:

(a) Failure to respond to a competitive solicitation without giving a justifiable reason for such failure;

(b) If a vendor fails to make delivery or fully comply with the conditions, specifications, drawings or terms of an agreement with the University on any one contract or purchase order;

(c) Any unlawful attempt to influence an award or other pertinent factor;

(d) Being charged or convicted before a court of competent jurisdiction with committing a fraud, misdemeanor or felony in connection with the business’s commercial enterprise. If charges are dismissed, the owner of the business is found not guilty, or the guilty verdict is reversed through the appellate process, the suspension shall be lifted immediately upon notification by the business;

(e) Bankruptcy;

(f) Failure to participate by submitting a competitive response to three consecutive competitive solicitations; or

(g) Supplies commodities or contractual services without receiving a purchase order after receiving a notice not to supply commodities or contractual services without first receiving a purchase order.

(13) Default.

(a) Vendors who fail to make delivery or perform in accordance with the conditions, specifications, drawings or terms and conditions of a purchase order or contract shall be notified in writing, stating the nature of their failure to perform and provide a time certain for correcting the failure. Reasonable time for correcting the failure should not be generally less than ten (10) calendar days after receipt of such notice by the vendor, except in case of documented emergency. The notification shall also provide that should the vendor fail to perform within the time provided, that: It will be in default; it will be removed from the University’s competitive solicitation list; and the University will re-procure the commodity or service from another source, which will obligate the vendor to pay all re-procurement costs and costs for cover.

(b) Unless the vendor corrects its failure to perform within the time provided, or unless the University determines based on its own investigation that the vendor’s failure is legally excusable, the vendor shall be found in default and issued a second notice stating the reasons the vendor is considered in default and stating that the University has re-procured the commodity or service and the amount of the procurement and the cover cost. The University shall also advise the defaulting vendor that the firm has been removed from the competitive procurement list pursuant to this rule and will not be eligible for award of a contract until such time as the University is reimbursed for all re-procurement costs and for costs of cover. The defaulting vendor also shall be advised of the right to petition for an administrative hearing on the intended decision to remove the vendor from the competitive procurement list pursuant to Section 120.57, F.S., and shall be given time within which to submit the petition.
(c) Re-procurement of commodities or contractual services will be accomplished by first attempting to contract with the second responsive responder on a competitive solicitation, if available. If the University is not able to contract with the second responsive responder, it will attempt to contract with any other vendor willing to perform at acceptable pricing under the terms and conditions of the competitive solicitation.

(d) The University will issue a second competitive solicitation or purchase on the open market if a substantially similar procurement is not accomplished under paragraph (c), above. Until such time as the vendor reimburses the University for all re-procurement and cover costs, the defaulting vendor shall not be reinstated on the University’s competitive solicitation list and shall not be eligible for any type of purchase order or contract by the University. All correspondence to vendors respecting failure to perform shall be sent by certified mail, return receipt requested or documented courier delivery service. The foregoing provisions do not limit or exclude the University’s remedies at law.

(14) Protested Solicitations and Awards.

(a) Petitions. Any person who is aggrieved by a University decision or intended decision in connection with a University decision, shall file a written notice of protest with the Director of Purchasing. The notice embodying such protest shall be received in the Purchasing Department before the end of the 72 hour posting period or within 72 hours after the protestant received actual notice by other delivery of the decision, whichever occurs first. A notice of protest is not considered filed until it is actually received in the Purchasing Department. Within ten (10) consecutive calendar days after the notice of protest is filed, the protestant shall file a formal written protest, which shall state with particularity the facts, and law upon which the notice of protest is based. A solicitation protest bond pursuant to this rule, payable to the University in an amount equal to the ten (10) percent of the University’s estimate of the total volume of the contract or $10,000, whichever is less, shall be filed with the formal written protest. In the case of a competitive solicitation, the University’s statement of the quantity on the competitive solicitation shall serve as the University’s estimate of the total volume of the contract. No time service will be added to the above to time limits for mail service. Failure to timely file the notice of protest, the formal notice of protest or a solicitation protest bond shall constitute a waiver of right to protest under this rule and Section 120.57(3), F.S.

(b) Informal Procedures.

1. Upon receipt of the petition, the presiding officer shall issue to the protestant a notice of the informal proceeding in accordance with Section 120.57(2), F.S. Petitions to intervene will be considered on their merits as received.

2. At or prior to the informal proceeding, or as directed by the presiding officer, the protestant may submit any written or physical materials, objects, statements, affidavits and arguments that the protestant deems relevant to the issues raised.

3. In the proceeding the protestant, his representative or counsel, may also present written or oral evidence and arguments in opposition to the action of the university or its refusal to act. However, neither direct nor cross examination of witnesses will be permitted, although the presiding officer may make whatever inquiries deemed pertinent to a determination of the process.

4. The judicial rules of evidence shall not apply and the presiding officer shall issue a decision on such information adduced in the course of the proceeding upon which reasonably prudent persons may rely on in the conduct of their affairs.

5. The proceedings shall not be mechanically recorded unless the Director of Purchasing receives a request for such recording at least three (3) working days prior to the date of the proceedings. If such request is for mechanical recording, the University will provide the appropriate equipment and operation personnel at its expense. If such request is for stenographic recording, the requesting party shall arrange for the appearance of a certified court reporter and shall bear the expense of such appearance.

6. At any time in the course of the proceedings, the presiding officer may seek to resolve the protest by informal disposition, agreed settlement or consent order.

7. If the protestant’s objections are overruled, the presiding officer shall render a written decision within seven (7) days after the conclusion of the proceedings, which conforms, to the requirements of Section 120.57, F.S. In the event the presiding officer finds that a dispute exists with respect to a fact deemed material to determine the protest, as to which there has been no stipulation, the decision shall also give notice to the protestant of his right to petition for a formal proceeding pursuant to Section 120.57(3), F.S., within ten (10) working days of the date upon which the decision is issued to him.

8. The President, or a designee, shall issue the final order. Provided, however, that if the decision contains notice of a right to petition for a formal proceeding the decision shall not constitute a final order until the expiration of the time for filing such petition or the conclusion of proceeding pursuant thereto.

(15) Purchase of Motor Vehicles.

(a) The University will, when in the best financial interest of the University:

1. Establish standard classes of motor vehicles to be leased, purchased or used by University personnel;

2. Obtain the most effective and efficient use of motor vehicles for state purposes;

3. Establish and operate facilities for the acquisition, disposal, operation, maintenance, repair, storage, control and regulation of University-owned motor vehicles. Acquisition may be by purchase, lease, installment-purchase, loan or by any other legal means and may include a trade-in. All motor vehicles purchased or leased shall be of a class that will safely transport University personnel and adequately meet the requirements of the University;

4. Contract for specialized maintenance services.

(b) Motor vehicles owned, leased or operated by the University shall be available for official University business only.

(16) Definitions.
(a) Artistic Services. Services provided by an individual or group of individuals who profess and practice a skill in the area of music, dance, drama, folk art, creative writing, painting, sculpture, photography, graphic arts, web design, craft arts, industrial design, costume design, fashion design, motion pictures, television, radio or tape and sound recording or in any other related field.

(b) Business. Any corporation, partnership, individual, sole proprietorship, joint stock company, joint venture or any other private legal entity.

(c) Commodity. Any of the various supplies, materials, goods, merchandise, food, equipment or other personal property, including a mobile home, trailer or other portable structure, which are purchased, leased, lease-purchased or otherwise contracted for by the University. “Commodity” also includes interest on deferred-payment contracts entered into by the University for the purchase of other commodities. Printing of publications shall be considered a “commodity” when let upon contract in accordance with Section 283.33, F.S. Software to be used pursuant to license agreements shall be considered a “commodity.”

(d) Competitive Negotiation. The establishment of a contract through deliberation, discussion or conference on the specifications, terms and conditions of a proposed agreement.

(e) Competitive Solicitation. An Invitation to Bid, Request for Proposal or Invitation to Negotiate to competitively select a contractor.

(f) Contract. Document issued by the Purchasing Department, including purchase orders and agreements, regardless of their designation.

(g) Contractual Service. The rendering by a contractor of its time and effort rather than the furnishing of specific commodities. The term applies only to those services rendered by individuals and firms who are independent contractors. “Contractual service” does not include labor or materials or selection of professional services for the construction, renovation, repair, maintenance or demolition of facilities or grounds.

(h) Cover. The difference between the cost to procure substitute commodities or services and the contract price for such commodities or services.

(i) Department. Any college, school, department, principle investigator, club, organization or other budget entity, which has been assigned a departmental account by the University.

(j) Extension. An increase in the time allowed for the contract period.

(k) Independent Contractor. A person or firm who provides a service to the University, but does not have any employment or other relationship or connection with the University as provided in Section 112.313, F.S.

(l) Invitation to Bid. A solicitation for competitive bids, including reverse auctions, with the title, date, and hour of the public bid opening designated and the commodity, group of commodities or services defined, for which bids are sought.

(m) Invitation to Negotiate. An invitation extended to prospective contractors by the University, whether by advertisement, written solicitation, electronic media or any other form of communication, to define the specifications, terms and conditions of a contract for commodities or contractual services. Cost may or may not be a consideration in the initial stages of negotiating.

(n) Minority Business Enterprise. A business concern as defined in Section 288.703(2), F.S.

(o) Mutuality of Management. That circumstance wherein two or more businesses are owned or managed by the same person or persons. Only the lowest response submitted by businesses that are mutually owned or managed may be considered in determining an award.

(p) Person. Shall have the meaning provided in Section 1.01(3), F.S.

(q) President. The chief executive officer of the University, responsible for its operation and administration.

(r) Public Entity Crime. A violation of any state or federal law by a person in the transaction of business with any public entity of any state or with the United States government involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.

(s) Purchase. An acquisition of commodities or services obtained by purchase order or contract whether by rent, lease, installment- or lease-purchase, outright purchase, or license.

(t) Purchases for Resale. The purchase of commodities or contractual services acquired for the purpose of selling them to the general public for the benefit of the University.

(u) Renewal. Contracting with the same contractor for an additional period of time after the initial contract term, provided the original terms of the agreement specify an option to renew.

(v) Request for Proposal. A written solicitation for competitive proposals for commodities or contractual services with the title, date, and hour of the public opening designated. A request for proposals may be used when the scope of work is not clearly defined or cost is not the primary consideration.

(w) Responder. A person or business that has submitted a bid, proposal response or an offer to negotiate as the result of a competitive solicitation.

(x) Response. A bid, proposal or offer to negotiate submitted as a result of a competitive solicitation that designates the title, date and time of the public opening. The response shall include and be submitted in accordance with instructions provided in the competitive solicitation prescribing all general and special conditions.

(y) Responsive Offer. A response that complies in every respect with the terms, conditions and specifications of a competitive solicitation.
(z) Request for Quotation. A written or oral request to one or more vendors to provide pricing on specified commodities or contractual services with total costs less than the minimum amount required for a competitive solicitation. Requests for Quotations are not subject to the electronic posting requirements of Section 120.57(3), F.S.

(aa) Specifications. Any description of the physical, performance or functional characteristics of a commodity or contractual services. It may include plans, drawings, samples or a description of any requirement for inspection, testing or preparing a commodity or contractual service for delivery.

(bb) Term Contract. An indefinite quantity contract for the purchase of commodities or contractual services during a prescribed period of time.

(cc) Vehicle. This term includes any automobile, airplane, truck, mobile construction equipment, golf cart, tractor, watercraft or other vehicle.

(dd) Vendor. A person or business that has received a duly executed purchase order or contract from the University.

Specific Authority 1001.74(4) FS. Law Implemented 112.313, 120.57(3), 283.33, 672.719, 1001.74(5), 1001.75(5), 1004.22(7) FS. History-New 1-5-81, Formerly 6C2-2.15, Amended 11-4-87, 6-11-91, 12-21-93, 10-20-99, 3-17-03.

6C2-2.016 Purchasing of Insurance.

The acquisition of insurance coverage for the Florida State University regardless of the type or duration must be effected through the Insurance and Benefits Section of the University Personnel Relations Department. The procurement of insurance coverage for the University must be coordinated with the Board of Regents of the State University System as well as other State agencies. That coordination may only be accomplished by the Insurance and Benefits Section of the University Personnel Relations Department.

Specific Authority 240.227(1) FS. Law Implemented 110.123, 287.022 FS. History–New 9-30-75, Formerly 6C2-2.16.

6C2-2.018 Control of Radiation Hazards.

(1) General. Each research investigator or instructor using radioactive material is responsible for its safe use and proper control in accordance with this operating procedure, common practice, and directives issued by the Radiation Control Committee. All persons working with radioactive material must have had formal instruction or experience, or be under the direct supervision of an individual who has experience in handling radioactive material. All proposed uses of radioactive material must be approved by the Radiation Control Committee before use is initiated. The University Radiological Safety Officer is the agent primarily responsible for the administration of the Radiation Safety Program.

(2) Obtaining approval to use Radioactive Material. Before engaging in experiments involving radioactive material for research or instruction, approval must be obtained from the Radiation Control Committee. Requests to use radioactive material in specific areas are to be submitted in duplicate on “Proposal for Use of Radioactive Materials” forms. The Radiological Safety Officer will assist in the completion of the form and will present the request to members of the Radiation Control Committee for evaluation. Approval will be granted if the Committee agrees that the proposed use satisfactorily meets adequate control and radiological safety requirements.

(3) Signs and Labels. Radiation warning signs bearing the American Standard Radiation Symbol and the proper wording must be posted in areas subject to radiation hazards. For proper posting of radiation signs identifying restricted areas, consult the Radiological Safety Officer. Containers of radioactive material must bear labels with the radiation symbol, the words “Caution (or Danger) Radioactive Material”, and a listing of the radioisotope, the quantities, and the date of measurement of the quantities. Additional information on or near the containers may be provided if it will help minimize radiation hazards. Containers that are used temporarily during laboratory radioactive work are to be labeled as “Radioactive.” The specific source of contamination does not need to be listed. Proper signs and labels may be obtained from the Radiological Safety Officer.

(4) Waste Disposal. Radioactive waste is not to be discarded by regular means of disposal, but only as directed by the Radiological Safety Officer.

Specific Authority 120.53(1)(b) FS. Law Implemented 120.53(1)(b) FS. History–New 9-30-75, Formerly 6C2-2.18.

6C2-2.022 Employee Debt Collection.

(1) Purpose. The purpose of this rule is to provide procedures for the recovery of non-salary sums due and owing to the University by its employees. Indebtedness to the University assessed pursuant to Board of Regents and University rules is considered indebtedness to the State of Florida. It is subject to enforcement by University rule. The purpose of this rule is to provide procedures for the recovery of non-salary sums due and owing to the University by its employees. Indebtedness to the University includes but is not limited to, delinquent accounts receivable, including student loans and registration fees; traffic or library fines; payment for the reasonable value of University property entrusted to an employee and not returned or otherwise accounted for; travel advances made to but not repaid by the employee; bad checks; and other similar obligations.

(2) Definitions.

(a) Debt – a specific sum of money owed by an employee to the University; a fixed and certain obligation to pay money; the debt may be a single obligation or an aggregate of separate debts.

(b) Employee – any part time or full time employee of the University paid by state warrant from salary appropriations or from agency funds.
(c) Settlement – an agreement to accept a sum of money or other consideration from a person as full discharge of the debt due to the University. The sum may be less than the total amount owed.

(3) All amounts of indebtedness shall be due and unpaid to the University before any action is taken against an employee.

(4) Initial attempts at collection. The department or its equivalent to which an employee has incurred a debt is responsible for the initial efforts to collect the amount of indebtedness. If the department is successful in collecting the debt no further action is required. If the department is unsuccessful in collecting the debt, it shall contact the Office of the University Controller for further action. The department shall forward to that office copies of all records and documentation of the indebtedness and of the efforts toward recovery. The information to be forwarded shall include:

(a) Name, home and campus addresses, and social security number of the person owing the debt.

(b) The original amount owed, plus any penalties or interest owed, and a record of any payments made.

(c) A brief description of the transaction which resulted in the debt, including relevant dates and time periods.

(d) A brief description of the efforts made to collect the debt.

(e) Any other pertinent information.

(5) Form of payment. Payment of indebtedness may be made by the individual or the individual’s representative by money order, certified or cashier’s check, cash, or payroll deduction from wages. Collection by personal check is discouraged but will be accepted.

(6) Means of Collection. The University Controller shall verify the amount of the indebtedness with the department head originating the charges and debt and establish the manner of its recovery. The University Controller may employ one or more of the following means of collecting monies due the University:

(a) Issue University collection letters.

(b) Hold transcripts or current grades.

(c) Withhold registration privileges at Florida State University.

(d) Turn delinquent accounts over to a collection agency.

(e) After consultation with the University Attorney refer the debt to the Department of Banking and Finance of the State of Florida for prosecution by the appropriate state attorney under provisions of Section 17.20, Florida Statutes, or for assignment to a debt collection agent if that Department determines that approach to be cost effective.

(f) Seek a voluntary wage deduction from the employee. Each debt will be handled on an individual case basis. In the interest of fairness and equity, it is acknowledged that an individual who has incurred an indebtedness may be unable to pay the total amount in a lump sum. If such is the circumstance and the individual agrees to equitable partial payments over a limited period of time, the Controller may prepare a promissory note and proposed schedule of payments for the employee’s signature. Any deduction authorization shall be kept in the permanent personnel file of the employee.

(g) If the employee refuses to voluntarily pay the indebtedness to the University, the Controller may initiate involuntary deductions from future salary payments due the employee, using the set-off procedures specified below until the total amount of indebtedness has been collected.

(7) Set-off Procedures. Involuntary wage deductions based on the common-law right of set-off shall be considered and used only where other reasonable efforts have failed.

(a) The employee who owes a debt to the University will be advised by certified letter (restricted delivery) from the University Controller’s Office that he/she has ten calendar days from the receipt of the letter to either clear the account, make satisfactory payment arrangements, or submit documentary evidence disputing his/her debt. The employee shall be given an opportunity during normal business hours of the University to review the documentation and evidence of his/her indebtedness to the University and has the right to submit documentary evidence to refute the indebtedness within a reasonable time therefrom.

(b) If no arrangements for payment have been made by the end of the ten calendar day time period, all evidence of the employee’s debt will be reviewed by the University Controller.

(c) If, upon that review, a verification of the debt is made and it is determined that an agreement as to voluntary payments or voluntary wage deductions cannot be reached with the employee, the employee will be notified by U. S. mail, of the fact set-off procedures will be implemented on a date certain, not sooner than 10 work days from receipt of the notice, and of the amount and duration of the deductions from his/her salary warrant. The employee will also be advised of his/her right to any administrative review of the decision to set-off his/her debt and deduct funds from the employee’s paycheck, including rights under the provisions of Section 120.57, Florida Statutes.

(8) Amount of Payroll Deduction under Set-off Procedures.

(a) In the event that the total amount of the debt is less than 10% of the employee’s biweekly gross salary, the full amount of the employee’s debt may be deducted in the first or second pay period following the date of notification in subsection (6) above.

(b) If the amount of the debt is greater than 10% of the employee’s gross biweekly salary, the amount deducted each period may be up to 10% of the employee’s gross salary but will not exceed 20% of the employee’s net salary after mandatory deductions.

(9) In the event an employee-debtor is terminated, abandons employment, voluntarily leaves the University, or dies while in University employment, the amount of the debt, up to the total of the net salary less $1.00, will be deducted from the employee’s final salary payment or from the employee’s terminal leave payments.

(10) Settlement of Delinquent Accounts. The University President or his designee may settle delinquent accounts after all reasonable and lawful collection attempts have failed.
(11) Write-off of Uncollectible Debts. The President may write-off a debt as uncollectible after all reasonable and lawful collection attempts have failed.

(1) This rule constitutes the University’s uniform procedure for the assessment and collection of charges for the duplicating or copying of public records, at the request, or for the benefit of, any individual citizen or non-University-related, non-state agency organization or enterprise.

(2) In construing this rule where context will permit:

(a) The following terms are defined by the provisions of Section 119.011, Florida Statutes:

1. “Public Records”;
2. “Criminal Intelligence Information”;
3. “Criminal Investigative Information”.

(b) “Directory Information – Students”.

1. This term consists of, and applies to the following information on a student:
   a. Name, date and place of birth;
   b. Local address;
   c. Permanent address;
   d. Telephone listing;
   e. Classification;
   f. Major field of study;
   g. Participation in official University activities and sports;
   h. Weight and height of members of athletics teams;
   i. Dates of attendance at the University;
   j. The most recently attended educational institution;
   k. Degrees, Honors and Awards Received.

2. Directory information on students may be released or published by the University without prior written consent of the student, unless exception is made in writing by the student.

(3) Records Exempt from Public Inspection. The University can not provide those records exempt from public disclosure by Section 119.07(3), Florida Statutes, or any other general law or special act when such laws or acts are applicable to an activity of the University. Exempt records of the University include:

(a) Criminal intelligence records.

(b) Criminal investigation records.

(c) Faculty and Staff performance evaluation records.

(d) Certain student records, including those in the academic permanent folder, excluding directory information as defined herein.

(e) Records of the Thagard Student Health Center and Counseling Center.

(f) Records of the University Attorney prepared for or in anticipation of adversarial criminal, civil or administrative proceedings.

(g) Sealed bids and response to requests for proposals, prior to their opening.

(h) Documents regarding negotiations for acquisition of real estate.

(i) Data processing software obtained under a licensing agreement which prohibits disclosure.

(j) Trade Secrets.

(k) Complaints and other records relating to a complaint of discrimination involving race, color, religion, sex, national origin, age, handicap, marital status, hiring practices, position classification, salary benefits, discipline, discharge, evaluation, or other related activities.

(l) The records of Research and Grants.

(m) The records of direct support organizations such as the Florida State University Foundation, and the Seminole Boosters.

(4) Uniform Charge Procedure.

(a) Persons or organizations making requests for copies of public records shall reimburse the University for applicable costs, prior to receipt of the copies. If the nature or volume of the record(s) is such as to require extensive clerical or supervisory assistance by University personnel in addition to the cost of duplication, a special service charge shall be assessed based on labor costs as provided herein. Charges for copying public records shall be levied and collected by the custodian of the records reproduced.

(b) Private citizens or private organizations shall be assessed a charge of 15 cents per one sided copy, and an additional 5 cents per two-sided copy. Each printed side of a copy shall count as a page.
When University personnel time or supervisory assistance devoted to researching, retrieval or copying of University records or use of information technology resources or extensive clerical or supervisory assistance exceeds thirty minutes, it shall be considered extensive use of information technology resources or extensive clerical or supervisory assistance. In such case, the University may charge, in addition to the actual cost of duplication, a special service equal to the reasonable actual costs incurred.

(b) “Computer” tape or disk shall be at cost, plus cost for personnel and supervisory assistance, if any.

(5) Processing Payment for Copies.

(a) Fees assessed for the copying of public records shall be paid prior to the requester receiving the copies. Payment may be made by cash or check.

(b) All monies collected from such transactions shall be deposited with the University Cashier, using the standard University deposit slip, FSU Form DT118 (Rev. 6-73), incorporated herein by reference and available to record custodians from the University Printing and Postal Services office. The Cashier’s Office requires only an original of the Deposit Slip.

(c) Depositors will use the Revenue Object Code 001901. The Explanation of Deposit on Form DT118 will be used to identify record revenues from transactions exceeding ten pages of printed copy or services rendered in excess of thirty minutes. Originators of the completed Deposit Slip may make copies of Form DT118 for departmental records and they may also be utilized by a custodian as a receipt for payment made and information received.

6C2-2.024 Tuition and Fees.

(1) "Tuition" means the basic fee charged to a student for instruction provided by a public postsecondary educational institution in this state. Tuition is further defined as fees assessed to students for enrollment in credit courses offered by the Florida State University. Tuition consists of the following fees, depending on whether a student is a resident or a non-resident of the State of Florida:

(a) Resident tuition, comprised of the following, shall be defined as the fees charged an enrolled student who qualifies as a Florida resident as defined by Section 1009.21, F.S.:
   1. Matriculation Fee (includes University Matriculation Fee);
   2. Student Financial Aid Fee (includes 5% of the Matriculation Fee);
   3. Capital Improvement Trust Fund Fee;
   4. Building Fee;
   5. Health Fee;
   6. Athletic Fee; and
   7. Activity and Service Fee.

(b) “Out-of-State fee” means the additional fee for instruction provided by a postsecondary educational institution in this state, which is charged to a Non-Florida student as defined by the Section 1009.21, F.S. “Out-of-state fee” means the same thing as “Non-resident tuition”. Non-resident tuition is further defined as the fees charged an enrolled student who does not qualify to be classified as a Florida resident for tuition and fee paying purposes and is comprised of the following:
   1. Matriculation Fee (includes University Matriculation Fee);
   2. Non-Resident Fee (includes University Non-Resident Fee);
   3. Student Financial Aid Fee (includes 5% of the Matriculation Fee);
   4. Non-Resident Financial Aid Fee (includes 5% of the Matriculation Fee);
   5. Capital Improvement Trust Fund Fee;
   6. Building Fee;
   7. Health Fee;
   8. Athletic Fee; and
   9. Activity and Service Fee.

(2) Registration shall be defined as consisting of two components:

(a) Formal selection of one or more courses approved and scheduled by the university, and

(b) Tuition payment, partial or otherwise, or making other appropriate arrangements for tuition payment (installment payment, deferment, or third party billing) for the courses which the student is enrolled as of the end of the drop/add period.

(3) The following tuition and fees shall be levied and collected in U.S. dollars for each student regularly enrolled, unless specifically provided otherwise:

</table>
6C2-2.0241 Tuition and Fees for Repeated Enrollment in College Credit Courses.

(1) A student enrolled in the same undergraduate college-credit course more than twice shall pay tuition and fees at 100 percent (100%) of the full cost of instruction and shall not be included in the calculations of full-time equivalent enrollment for funding purposes.

(2) Students who withdraw from or fail a class due to extenuating circumstances of extreme financial burden, significant university error, documented medical emergency, call to active medical emergency or what would be considered an act of God or force majeure under standard contract law will be granted an exception only once for each class.

Specific Authority 1001.74(4) FS. Law Implemented 1009.24 FS. History–New 9-2-02, Amended 5-5-03.

6C2-2.02410 Internet Payment of Tuition and Fees.

Students may make payment of tuition and fees via the Internet. Customers using this mode of payment will be assessed a convenience fee for this service. The convenience fee is non-refundable.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(24) FS. History–New 5-5-03.

6C2-2.02411 Third Party Tuition and Fee Billings.

(1) Students who have a third party agency (i.e., employer, governmental agency, etc.) paying all or part of their tuition and fees are required to submit an Agency Billing Card plus a Letter of Authorization from the third party billing agency by the fifth (5th) day of each semester. Students who do not meet these requirements will be assessed the late payment fee.

(2) Students who have a third party billing agency paying all or part of their tuition and fees and who are also receiving financial aid but have not completed the requirements in subsection (1) above by the fifth day of the semester, will have their tuition and fees deducted from their financial aid. In such instances, a refund will not be issued until after the third party billing agency payment is received by The Florida State University.

(3) If the agency has not paid tuition and fees by the end of the semester, the student is required to pay all outstanding tuition and fees in full before any additional university services will be granted and the late payment fee will be assessed.

(4) If a third party billing agency pays only a portion of the student tuition and fees due, the student is responsible for ensuring that any remaining balance of tuition and fees are paid from other financial aid sources or other personal sources by the fee payment deadline. Failure to meet this requirement will result in the assessment of the late payment fee.

(5) Agency billings for tuition and fees must be reported on the student's financial aid application as a financial resource to avoid an over-award of financial aid from occurring. Any financial aid over-award will be on the student’s billing statement and must be repaid before further university services will be granted.

(6) It is the primary responsibility of the student to ensure that their tuition and fees are paid in full or properly deferred by published deadlines to avoid assessment of the late payment fee.

Specific Authority 1001.74(4) FS. Law Implemented 1009.24(12)(e) FS. History–New 5-5-03.

6C2-2.02412 Financial Aid and Tuition and Fee Payment.

Financial aid students must settle their tuition and fee bill according to the published deadline by verifying that either financial aid has arrived on time or a deferment has been granted until the financial aid does arrive.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10) FS. History–New 5-5-03.

6C2-2.02413 Florida Prepaid College Program.

(1) Students paying tuition and fees using the Florida Prepaid College Program must pay the balance, if any, before the fee payment deadline to avoid being charged a late payment fee.

(2) Students are responsible for paying any material and supply fees (also referred to as lab fees), the transportation-access fee, late fees, if assessed, and any other applicable fees not included in the Florida Prepaid College Program. Such fees must be paid by the fee payment deadline unless financial aid has been awarded to the student. Failure to pay such fees by the fee payment deadline will result in the late payment fee assessment.
6C2-2.02414 Fee Waivers.

(1) The Florida State University Board of Trustees is authorized to waive tuition and fees for purposes which support and enhance the mission of the university.

(2) In addition to tuition and fees waived by Sections 112.191, 112.19, 112.1915, 1009.26 and 1009.265, F.S., the Board of Trustees will authorize waiver of tuition and fees defined in paragraphs 6C2-2.024(1)(a), (b), F.A.C., above for purposes which support and enhance the mission of the university.

(3) The Board of Trustees is authorized to waive tuition and fees as discussed below:

(a) Tuition and fees will be waived by the president or president’s designee for participants in sponsored institutes and programs where substantially all the direct costs are paid by the external sponsoring agency, where there is no direct expenditure of Educational and General funds for the conduct of programs, and where no fees or other assessments are collected from the students, by the sponsoring agency, the university, or any other entity. In determining whether the direct costs are paid by the sponsoring agency, funds paid directly to the participants in a form such as, but not limited to, stipends, travel or book allowances should not be taken into account. “Direct costs” refer to the costs associated with the instruction or training which a participant receives. All funds collected from sponsoring agencies for sponsored credit institutes will be remitted to the university’s contract and grant trust fund and/or auxiliary trust funds. Neither the number of participants nor student credit hours in these institutes and programs may be counted for state-funding purposes. The waivers granted herein for nonresident fees are in addition to the non-resident waivers appropriated annually by the Legislature.

(b) Tuition and fees shall be waived for the following:
1. Children and spouse of law enforcement officers or firefighters killed while performing certain duties pursuant to Sections 112.19(3) and 112.191(3), F.S.;
2. Any graduate student enrolled in a state-approved school psychology-training program pursuant to Section 1009.26(2), F.S.
3. Certain members of the Florida National Guard pursuant to Section 1009.26(8), F.S.
4. Full-time university employees who meet academic requirements to enroll in up to 6 credit hours of tuition-free courses per term on a space available basis. When applicable, the non-resident tuition fee is also waived.
5. State employees may enroll for up to 6 credit hours of courses per term on a space available basis.
6. Non-resident students who are non-degree seeking are entitled to waiver of the non-resident fee if the hours generated by such students are non-fundable and the cost of the program of study is recovered from the fees charged to the students.
7. Intern Supervisors – Persons who supervise interns for institutions with the State University System may be given one non-transferable certificate (fee waiver) for each full academic term during which the person serves as an intern supervisor. This certificate will define what portion of tuition and fees are to be waived.
8. Florida residents 60 years of age or older are entitled to waiver of tuition and fees as provided by Rule 6C2-2.0245, F.A.C., and Section 1009.26(4), F.S.
9. Children of Deceased Teachers and School Administrators – Waives tuition and fees for a total of 120 credit hours for eligible children of parents killed or injured and died as a result of an unlawful and intentional act of violence inflicted by another person.
10. Matriculation Fees can be waived for non-resident fees and matriculation fees for undergraduates, graduate assistants, and fellowships when deemed appropriate, provided that provisions for such waiver are approved by the Board of Trustees.
11. The University shall waive the activity and service fee, health fee, athletic, and materials and supply fees assessed on a per credit hour basis, for credit hours for which the tuition and fees are waived in accordance with the provisions of this rule. The university shall waive the activity and service, health, athletic, and material and supply fees assessed on a per credit hour only if a student’s tuition and fees are waived for all credit hours. If a student pays a portion of the assessed tuition and fees, that student shall pay in full, the activity, health, athletic, and material and supply fees assessed on a per credit hour basis.
12. The University shall waive all tuition and fee components assessed for credit hours for which tuition is waived. The university shall also waive the activity and service, health, athletic, and materials and supply fees assessed on a credit hour basis only if a student’s tuition and fees are waived for all credit hours for which the student is enrolled.

(4) The State Board of Education may provide for waiver of the following fees as provided by legislative action:

(a) Non-Resident Fees;
(b) Matriculation Fees for undergraduates, graduate assistants, and fellowships.
(5) The Board of Trustees will waive the following additional fees:

(a) Late Registration Fees;
(b) Late Payment Fees;
(c) Transportation and Access Fees;
(d) Application Fees; and
(e) Other miscellaneous fines, fees, and penalties.

(6) All or any part of the tuition and fees and the material and supply fees (lab fees) may be waived by the university when deemed appropriate, provided that such provisions for waiver are included in Florida Statutes or the rules of the State Board of Education. No component of tuition may be waived unless specified by rule or statute.
(7) The following students are exempt from paying tuition and fees:

(a) Students enrolled in a dual enrollment or early admissions program that earn credit in courses toward both a high school diploma and an associate or baccalaureate degree pursuant to Section 1009.25(1)(b), F.S.

(b) Students who earn credit in courses toward both a high school diploma and an associate or baccalaureate degree.

(c) A student to whom the state has awarded a Road-to-Independence Scholarship, or who is, or was at the time he or she reached 18 years of age, in the custody of a relative under Section 39.5085, F.S., or who is adopted from the Department of Children and Family Services after May 5, 1997.

(d) A student enrolled through the Florida Linkage Institutes Program pursuant to Section 288.8175(5)(b), (6), F.S.

(e) Homeless Students – An eligible student who lacks a fixed, regular, and adequate nighttime residence as provided by Section 1009.25(2)(e), F.S.

Specific Authority 1001.74(4) FS. Law Implemented 112.19, 112.191, 112.1915, 1009.25, 1009.26, 1009.265 FS. History–New 5-5-03.

6C2-2.02415 Late Fee Waivers.

(1) Requests for waiver of the Late Registration Fee may be submitted to Current Records, Office of the University Registrar.

(2) Requests for waiver of the Late Payment Fee may be submitted to the Office of Student Financial Services.

(3) Late Fee waivers will be granted in extenuating circumstances of extreme financial burden, significant university error, documented medical emergency, call to active medical emergency or what would be considered an act of god or force majeure under standard contract law beyond the control of the student. Students are required to present written documentation of the circumstances involved.

Specific Authority 1001.74(4) FS. Law Implemented 1009.24(12)(e) FS. History–New 5-5-03.

6C2-2.02416 Student Residency.

(1) For the purposes of assessing tuition and fees, resident and non-resident status shall be determined as provided by Section 1009.21, F.S., and Rule 6C-7.005, F.A.C.

(2) An individual shall not be classified as a Florida resident, for fee-paying purposes, and shall not be eligible to receive the resident tuition rate, until the individual has provided satisfactory documentation to substantiate his or her legal Florida residence and domicile to appropriate university officials.

(3) Documentation required by the university to establish eligibility for Florida resident status, for tuition and fee purposes, shall include, but is not limited to, the student or dependent student’s parent/legal guardian providing a residency statement, proof of independent or dependent status, a copy of his/her Florida voter registration, automobile registration, driver’s license, rent receipts or mortgage receipts, and any other relevant materials deemed necessary by the university to support his/her claim for Florida resident eligibility.

(4) The applicant or dependent applicant’s parent/legal guardian must have maintained 12 months of residency in Florida immediately prior to his/her enrolling at The Florida State University. Merely maintaining a temporary residence or abode incident to enrollment in the university does not qualify the student to be classified as a Florida resident for tuition and fee paying purposes.

(5) The following students shall be classified as Florida residents for tuition and fee paying purposes:

(a) Persons married to legal Florida residents and who intend to make Florida their permanent home;

(b) The legal residence of a dependent child whose parents are divorced, separated, or otherwise living apart will be deemed to be a resident of this state if either parent is a legal resident of this state, regardless of which parent is entitled to claim, and does in fact claim, the minor as a dependent pursuant to federal individual income tax provisions;

(c) A dependent child living with an adult relative other than the child’s parent may qualify as a resident for tuition purposes if the adult relative is a legal resident for tuition purposes and the provided child has resided continuously with such relative for the five years immediately prior to the child’s qualification, during which time the adult relative has exercised day-to-day care, supervision, and control of the child;

(d) Active duty members of the Armed Services of the United States residing in or stationed in this state, their spouses, and dependent children, and active duty members of the Florida National Guard who qualify under Section. 250.10(7) and (8), F.S., for the tuition assistance program;

(e) Active duty members of the Armed Services of the United States, and their spouses attending The Florida State University within 50 miles of the military establishment where they are stationed, if such military establishment is within a county contiguous to Florida;

(f) Students living on the Isthmus of Panama, who have completed 12 consecutive months of college work as Florida State University students in Panama, and their spouses and dependent children;

(g) Full-time instructional and administrative personnel employed by state public schools, community colleges, and institutions of higher education as defined in Section 1000.04, F.S., and their spouses and dependent children;

(h) Students from Latin American and the Caribbean who received scholarships from the Federal or state government, providing the student attends a Florida institution of higher education;

(i) The Southern Regional Education Board’s Academic Common Market graduate students attending Florida’s state universities;
(j) Full-time employees of state agencies or political subdivisions of the state when the student tuition and fees are paid by the state agency or political subdivision for the purpose of job-related law enforcement or corrections training;

(k) McKnight Doctoral Fellows and Finalists who are United States Citizens;

(l) United States Citizens living outside the United States who are teaching at a Department of Defense Dependent School or in an American International School and who enrolls in a graduate level education program which leads to a Florida Teaching Certificate;

(m) Activity duty members of the Canadian military residing or stationed in Florida under the North American Air Defense (NORAD) agreement, and their spouses and dependent children, attending The Florida State University within 50 miles of the military establishment where they are stationed.

(6) Section 1009.21, F.S., contains additional provisions for establishing and maintaining Florida resident status for tuition and fee paying purposes.

(7) Appeal from a determination denying “resident for tuition purposes” status to applicant therefore may be initiated after appropriate administrative remedies are exhausted by the filing of a petition for review pursuant to Section 120.68, F.S.

(8) Any student granted status as a “resident for tuition purposes,” which status is based on a sworn statement, which is false, shall upon determination of such falsity, be subject to such disciplinary sanctions as may be imposed by the president of the university as provided in the Student Conduct Code, Rule 6C2-3.004, F.A.C.

Specific Authority 1001.74(4) FS. Law Implemented 1009.21 FS. History–New 5-5-03.

6C2-2.02417 Refunds of Tuition and Fees.

(1) Students who officially withdraw from the university prior to the end of drop/add will be eligible for a refund of 100 percent of tuition assessed, adjusted for waivers and any other outstanding charges.

(2) Students will be eligible for a refund for a situation in which the university determines it is in substantial, prejudicial error. The amount of a payment in excess of the adjusted assessment may be refunded.

(3) Students who drop a course(s) without tuition and fee liability after their tuition and fees have been paid will be eligible for a refund in extenuating circumstances of extreme financial burden, significant university error, documented medical emergency, call to active medical emergency or what would be considered an act of god or force majeure under standard contract law. Any amount in excess of the amount owed the university during the semester/term will be carried forward and may be applied against subsequent charges or may be refunded on request of the student. Any outstanding charges owed to the university will be deducted from eligible refunds and the balance will be issued as a refund to the student.

(4) Students who have not received Federal financial aid and withdraw after the fifth (5th) day of the semester and prior to the end of the fourth (4th) week of the semester (or for summer sessions by the first twenty-five percent (25%) of the term) are eligible for a twenty-five percent (25%) refund of tuition and fees paid. After the end of the fourth (4th) week of classes, no further refunds shall be made except as follows:

(5) Full refunds of tuition and fees paid will be granted in instances of withdrawal from the university under the following conditions:

(a) Student withdrawal from courses due to military service;
(b) Death of the student or death in immediate family (parent, stepparent, spouse, child, sibling or grandparent);
(c) Illness of the student of such duration or severity, as confirmed in writing by the attending physician, that his/her completion of the term is precluded;
(d) Cancellation of a course by the university for which the student is registered for and has paid tuition and fees.
(e) Other exceptional circumstances that could not have been foreseen and are beyond the control of the student upon approval by the University Refund Committee.

(f) Refund requests based on official withdrawals must be submitted to the Office of Student Financial Services within six (6) months from the end of the term from which the student withdrew in order for the refund request to be processed. Refund requests received later than this specified time will not be considered by the Refund Committee.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (11), 1009.24 FS. History–New 5-5-03.

6C2-2.02418 Student Withdrawals From Courses Due to Military Service.

Any student enrolled in a postsecondary course(s) at The Florida State University shall not incur academic or financial penalties by virtue of performing military service on behalf of our country. Such student shall be permitted the option of either completing the course or courses at a later date without penalty or withdrawing from the course or courses with a full refund of fees paid. If the student chooses to withdraw, the student’s record shall reflect that the withdrawal was due to active military duty.

Specific Authority 1001.74(4) FS. Law Implemented 1004.07 FS History–New 5-5-03.

6C2-2.02419 Withdrawals and Return of Financial Aid.

(1) Students who withdraw and have received Federal financial aid (Title IV Programs) or state financial aid will be required to repay to the appropriate program, the amount of unearned financial aid funds disbursed to him/her as of their withdrawal date.
(2) Title IV programs includes Pell Grants, Perkins Loans, Supplemental Educational Opportunity Grants (FSEOG), Stafford Loans (subsidized and unsubsidized), and Parent Loans (the Federal PLUS Loan Program).

(3) The unearned amount of program funds is calculated based on the percentage of the semester completed before the date of withdrawal.

(4) Both the university and students receiving certain financial aid are required to return the unearned financial aid to the Federal government.

(5) The university is required to return the unearned portion of the Title IV funds and certain state aid it received from withdrawing students that was used to pay institutional charges, such as tuition, fees, housing, and other educationally-related expenses, assessed by the institution.

(6) The funds returned to the Federal government by the university will reduce the student’s total liability of unearned funds. However, students will owe the university the amount returned to the government for institutional charges.

(7) Students must repay the unearned Title IV funds to any Title IV loan program in accordance with the terms of their loan. For Title IV loan programs, unearned grant program funds are considered overpayments and students are required to return fifty percent (50%) of the grant(s). Students who owe grant overpayments remain eligible for Title IV program funds for forty-five (45) days, if during those 45 days, the student: (1) repays the overpayment in full to the university, or (2) enters into a repayment agreement with the university. However, entering into a repayment agreement does not mean the student is eligible to register for additional courses, receive academic transcripts, or a diploma, etc.

(8) Students can lose Title IV financial aid eligibility if they do not comply with the requirements above.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (11), 1001.75(4) FS. History–New 5-5-03.

6C2-2.0242 Registrations for Zero Hour.
Registration for zero credit-hour provides for examinations, graduations, use of facilities, etc., when deemed appropriate by the institution. The student is assessed Resident tuition and fees for one credit hour. If the student is simultaneously registered for other credit courses, the charge for the zero-hour registration will not be assessed.

Specific Authority 1001.74(4) FS. Law Implemented 1009.24(12)(d) FS. History–New 5-5-03.

6C2-2.02420 Exit Interviews.
(1) Federal and university regulations require that all recipients of Federal loans participate in an exit interview counseling session upon graduating, withdrawing from the university, or dropping below six (6) credit hours of enrollment.

(2) These loan programs include Perkins (NDSL), Subsidized Stafford (GSL), Unsubsidized Stafford (USGL) and SLS loans.

(3) Failure to complete this procedure will preclude the student from registering for classes, receive academic transcripts, or receive a diploma.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10) FS., 34 C.F.R. 674.42. History–New 5-5-03.

6C2-2.02421 Tuition and Fee Assessments and Remittance.
(1) Building Fee and Capital Improvement Fee shall be remitted to an appropriate fund designated by the State Board of Education and utilized as provided in Section 18, Chapter 94-292, Laws of Florida.

(2) Except for the Building and Capital Improvement Fees, the university shall retain all components of the student tuition and fees as well as all other fines, fees, and penalties authorized and collected by the university.

Specific Authority 1001.74(4) FS. Law Implemented 1010.86 FS. History–New 5-5-03.

6C2-2.02422 Special Fines, Fees, and Penalties.
The Board of Trustees must authorize all tuition and fees assessed. Accordingly, the specific fines, fees and penalties listed in this section, and the tuition and fees defined in Rule 6C2-2.024, F.A.C., are the only fees that may be charged without specific approval of the Board, except as authorized by Florida Statute:

(1) A nonrefundable application fee $20.00
(2) An orientation fee $25.00
(3) A fee for security, access, or identification card:
   (a) New card fee $10.00
   (b) Replacement card fee $15.00
(4) A service charge for the payment of tuition in installments $10.00
(5) A late registration fee to be assessed to students who fail to initiate registration during the regular registration period $100.00
(6) A late payment fee to be assessed to students who fail to pay tuition and fees or who fail to make appropriate arrangements to pay (by means of installment payment, deferment, or third-party billing) by the tuition and fee deadline set by the university $100.00
Specific Authority 1001.74(4) FS. Law Implemented 1009.24(12), (13) FS. History–New 5-5-03, Amended 9-30-03.

6C2-2.02423 Delinquent Accounts.

(1) Delinquent accounts, including delinquent current semester tuition and fees, will prevent students from registering until all delinquent accounts are paid in full. Diplomas and official academic transcripts will not be issued when any amount is owed to the university.

(2) Delinquent accounts not paid in full are referred to a collection agency after reasonable efforts to collect the account have been exhausted by the University. All applicable collection costs are added to the outstanding delinquent balance.

(7) Materials and supply fee (lab fees) to offset the cost of materials and supplies consumed during the course of the student’s instructional activities, excluding the cost of equipment replacement, repairs and maintenance

(8) A fee for miscellaneous health-related charges for services provided at cost by the university health center which are not covered by the health fee set under Section 1009.24(10), Florida Statutes

(9) Housing rental rates and miscellaneous housing charges for services provided by the university at the request of the student

(10) A charge to represent the reasonable efforts to collect overdue accounts

(11) A service charge on university loans in lieu of interest and administrative handling charges

(12) Library fines, including charges for damaged and lost library materials, overdue reserve library books, interlibrary loans, and literature searches

(13) Fees relating to duplicating, photocopying, binding, and microfilm services; copyright services, and standardized testing

(14) Fees and fines relating to the use, late return, and loss and damage of facilities and equipment

(15) Returned check fee for unpaid checks returned to the university

(16) Traffic and parking fines, charges for parking decals or permits, and transportation access fee

(17) An Educational Research Center for Child development fee for child care and services offered by the center

(18) Fees for academic transcripts

(19) Diploma replacement

(20) Internet Payment Convenience Fee

(21) Developmental Research School Fees: Activities Fee

(22) The university president will authorize additional fees in order to meet specific higher education needs of the State when special circumstances result in specific, identifiable increased costs to a university. These fees will be in addition to the regular Student Credit hour fees charged to students enrolling in these courses on-campus. The additional fees charged shall be sufficient to recover all increased costs. The university shall remit the regular Student Credit hour fees collected for these courses to the appropriated Student Fee Trust Funds. The university shall use the additional fees to cover the increased cost of these courses and reimburse the appropriate Educational and General fund, or the appropriate other fund if the costs are incurred in other than Educational and General funds.

(23) Each university president or president’s designee will authorize additional fees for off-campus course offerings in order to meet specific higher education needs of the State when special circumstances result in specific, identifiable increased costs to the university. These fees will be in addition to the regular Student Credit hour fees charged to students enrolling in courses on campus. The additional fees charged shall be sufficient to recover all increased costs. The university shall retain the additional fees collected. The university shall use the additional fees collected to cover the increased cost of these courses and reimburse the appropriate Educational and General fund, or the appropriate other fund if the costs are incurred in other than Educational and General funds.

(24) Other miscellaneous fines, fees and penalties as approved by the Board of Trustees and authorized by state law.

(25) Each applicant to the university as a freshman (otherwise known as FTIC, First Time in College) or as a law or medical student shall submit a nonrefundable $200 admissions deposit upon the applicant’s acceptance to the university. If the student enrolls, the deposit will be applied towards tuition. If the applicant does not enroll, the deposit will be used as specified in Section 1009.24(13), F.S. The deposit will be waived only upon demonstrated inability to pay.

Specific Authority 1001.74(4) FS. Law Implemented 1009.24(12), (13) FS. History–New 5-5-03, Amended 9-30-03.

6C2-2.02423 Delinquent Accounts.

(1) Delinquent accounts, including delinquent current semester tuition and fees, will prevent students from registering until all delinquent accounts are paid in full. Diplomas and official academic transcripts will not be issued when any amount is owed to the university.

(2) Delinquent accounts not paid in full are referred to a collection agency after reasonable efforts to collect the account have been exhausted by the University. All applicable collection costs are added to the outstanding delinquent balance.
(3) Students who owe delinquent accounts to the university will not be allowed to register for classes, receive academic transcripts or receive a diploma. A financial hold will be placed on the student’s account until all delinquent balances are paid in full.

Specific Authority 1001.74(4) FS. Law Implemented 1009.24(12)(i) FS. History–New 5-5-03.

6C2-2.024 DISHONORED CHECKS OR ELECTRONIC PAYMENTS.

(1) A charge of $25.00 or five percent (5%) of the face amount of the check, whichever is greater, shall be assessed for all dishonored or electronic payments by the banking institution. A returned check/stop payment charge is assessed against a student’s account who has a check or electronic authorization for payment returned by the bank to The Florida State University.

(2) The university automatically submits all personal checks to the banking institution a second time for payment when checks are returned for non-sufficient funds or uncollected funds. This is an automated process and the second submission cannot be stopped; there is no charge, however, assessed by the University for this second submission. The banking institution, however, may assess additional service charges against the bank account upon which the check is drawn for dishonored checks or electronic payments. Repayment of returned checks must be made in cash, by FSUCard, or by money order or cashier’s check.

(3) Returned check charges are assessed for all personal checks written or electronic payments authorized for tuition, fees, or other services provided by the university, which are returned by the banking institution for non-sufficient funds, uncollected funds, closed accounts, and stop payments placed on checks. In addition to the returned check/electronic payment/charge, if the initial payment is for tuition and fees, and the redemption of the returned check/electronic payment is not made prior to the tuition and fee payment deadline, a late payment fee is assessed.

Specific Authority 1001.74(4) FS. Law Implemented 832.07, 1009.24(12)(e) FS. History–New 5-5-03.

6C2-2.0243 AUDITING COURSES.

Audit registration assures a course space for the student; however, no grade is awarded. The fee is the same as the Resident tuition provided in paragraph 6C2-2.024(1)(a), F.A.C. Depositing of fee proceeds shall be the same as that provided for tuition. Seating privileges will be first afforded to currently enrolled students for academic credit and then to students taking courses as audit (non-academic credit).

Specific Authority 1001.74(4) FS. Law Implemented 1009.24(12)(d) FS. History–New 5-5-03.

6C2-2.0244 MATERIALS AND SUPPLY (LAB) FEES.

A materials and supply fee (lab fees) will be assessed for specific courses identified by the university to cover the cost of consumable materials and supplies that are consumed in the course of the student’s instructional activities. The materials and supply fee shall not be assessed to cover the cost of replacement, repairs, and maintenance of classroom and laboratory equipment used in the process of instructional delivery of the course. A detailed list of materials and supply fees shall be published in the university Registration Guide identifying courses and the associated amount of the materials and supply fee assessed. The materials and supply fee will be separately identified for each applicable course at the time of registration.

Specific Authority 1001.74(4) FS. Law Implemented 1009.24(12)(g) FS. History–New 5-5-03.

6C2-2.0245 TUITION-FREE COURSES FOR THOSE SIXTY YEARS OF AGE AND OLDER.

All fees are waived for persons sixty (60) years of age or older who are Florida residents and who attend credit classes.

(1) Under this tuition-free option, registration is allowed only on a space available, audit basis if such classes are not filled as of the close of registration.

(2) This waiver does not include thesis, dissertation, applied music courses or other courses requiring individualized instruction.

(3) Academic credit will not be given for such tuition-free courses.

(4) An appropriate form, the Audit Registration Form-2003, which is hereby adopted by reference, is available from the Office of the University Registrar. Proof of age and Florida residency, as provided by Section 1009.21, F.S., must be presented to the Office of Student Financial Services before returning completed forms to the University Registrar.

(5) The Florida State University will limit or deny the privilege for courses which are in programs for which the State Board of Education has established selective admissions criteria where there is insufficient space in the course.

(6) Persons paying full fees and state employees taking courses on a space-available basis shall have priority over those persons whose fees are waived in all cases where classroom spaces are limited.

Specific Authority 1001.74(4) FS. Law Implemented 1009.26(4) FS. History–New 5-5-03.

6C2-2.0246 TUITION AND FEE DEFERMENTS.

(1) The university president or designee will abide by rules of the State Board of Education in approving deferred payment when financial aid is delayed in being transmitted to the student through circumstances beyond the control of the student or formal arrangements have been made by the student with the university for payments.
(2) The following additional provisions apply to the use of tuition and fee deferments:
(a) When deferments expire, students must pay their unpaid tuition and fee balance in full by the expiration date or a late payment fee will be assessed.
(b) If tuition and fees are not paid accordingly, students will not be allowed to register for subsequent courses, receive a delayed delivery loan; receive semester/term grades or academic transcripts, etc.
(c) Students must ensure that financial aid pays tuition and fees by the deferment deadline. It will be the responsibility of the student to pay any balance remaining after all available financial aid has been applied to the tuition and fee assessment. Failure to do so by the published tuition and fee payment deadline will result in the assessment of the late payment fee.
(d) Financial aid students who are having their tuition and fees paid by a third party agency (i.e., employer, government agency, etc.) or department billing must submit the required documents to the Office of Student Financial Services by the deadline published in the Registration Guide. Students are responsible for payment of any balance of tuition and fees. Failure to pay the balance of tuition and fees due by the deadline date will result in the assessment of the late payment fee.
(e) Any veteran, and other eligible students, who receive benefits under chapter 30, chapter 31, chapter 32, chapter 34 or chapter 35, U.S.C., or chapter 106, Title 10, U.S.C., is entitled to one deferment of tuition and fees each academic year and an additional deferment each time there is a delay in receipt of benefits in accordance with Section 1009.27, F.S.

Specific Authority 1001.74(4) FS. Law Implemented 1009.27 FS. History–New 5-5-03.

6C2-2.0247 Tuition and Fee Liability.
(1) Tuition and fee liability shall be defined as the liability for the payment of tuition incurred at the point at which the student has completed registration, as defined in paragraphs 6C2-2.024(2)(a), (b), F.A.C., above.
(2) A student becomes liable for his/her tuition and fees upon registration.
(3) A late payment fee is assessed for late payments. Payment for courses added after the drop/add deadline or after distribution of financial aid must be paid within five (5) calendar days. Failure to pay tuition and fees for such added courses by the fee payment due date will result in a late payment fee being assessed.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (11) FS. History–New 5-5-03.

6C2-2.0248 Student Cancellation of Schedule.
(1) Students who cancel their registration and were not enrolled for the preceding semester/term (non-enrollment for two consecutive semesters) must apply for readmission.
(2) Prior to the first day of classes, a student may cancel his/her registration by dropping all courses using the telephone or website registration system.
(3) During the first five days of the semester, or summer session, a student may cancel his/her registration by submitting a written request to the Office of the University Registrar. Students who cancel registration within this time frame are not liable for tuition and fees. If tuition and fees have been paid, students should request a refund from the Office of Student Financial Services.
(4) Beyond the first five (5) days of the semester, students cannot cancel registration; rather, they must withdraw from the university. Students who cancel their registration or withdraw from the university must apply for readmission. Under such circumstances, students allowed to register in error will have their registration canceled.
(5) The university does not automatically drop students for non-attendance or non-payment of tuition and fees.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (11) FS. History–New 5-5-03.

6C2-2.0249 Installment Tuition and Fee Contracts.
(1) Students incurring tuition and fees greater than $150.00 are eligible to execute an installment fee payment agreement for the Fall and Spring semesters only.
(2) The following additional provisions apply to installment fee contracts:
(a) The initial payment must be at least one half of the total tuition and fees due and is due by the tuition payment deadline.
(b) Failure to pay the balance of tuition and fees by the second installment deadline will result in the assessment of the late payment fee.
(c) All academic credit and records will be withheld if any remaining balance of tuition and fees are not paid by the end of the semester.
(d) An installment service fee will be assessed at the time of the first payment for the installment payment option.
(e) Once an installment contract is executed, any course added at a later date must be paid in full within five (5) calendar days from the date the course is added. It will not be covered under the previously executed tuition/fee deferment contract. Failure to pay tuition and fees in full for such a course(s) will result in the assessment of the late payment fee.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10), (11), 1009.24(12)(d), (e), (14) FS. History–New 5-5-03.
6C2-2.025 Direct Support Organizations.

(1) The President of the University may recommend to the Board of Trustees that an organization meeting the requirements of Section 1004.28(1)(a), F.S., be designated a Florida State University Direct Support Organization (“DSO”). Upon approval by the Board of Trustees, a DSO shall be considered to be certified and authorized to use the property, facilities and personal services of the University.

(2) In order to be considered for certification as a DSO, an organization must fulfill the requirements of Section 1004.28(1)(a), F.S., and must have Articles of Incorporation and Bylaws that together:
   (a) Provide that any person employed by the organization shall not be considered to be an employee of the Florida State University Board of Trustees by virtue of employment by the DSO.
   (b) Provide that the chief executive officer or director of the DSO shall be selected and appointed by the governing board of the DSO, with prior approval of the President of the University, and that the chief executive officer or director shall report to the President or a designee reporting directly to the President.
   (c) Provide that any amendments to the Articles of Incorporation or Bylaws be submitted by the President of the University to the Board of Trustees for approval prior to becoming effective.
   (d) Provide that the President of the University shall have the following powers and duties:
      1. Monitor and control the use of University resources by the organization.
      2. Control the use of the University name by the DSO.
      3. Monitor compliance of the organization with federal and state laws.
      4. Recommend to the governing board of the board of trustees an annual budget.
      5. Review and approve quarterly expenditure plans.
      6. Approve contributions of funds or supplements to support intercollegiate athletics.
   (e) Provide that the organization shall provide equal employment opportunities to all persons regardless of race, color, religion, gender, age or national origin.
   (f) Prohibit the giving, directly or indirectly, of any gift to a political committee or committee of continuous existence as defined in Section 106.011, F.S., for any purpose other than those certified by a majority roll call vote of the organization’s governing board at a regularly scheduled meeting as being directly related to the educational mission of the University.

(3) The President of the University or a designee shall serve on the governing body and executive committee of each DSO.

(4) Each DSO shall submit an annual budget, which has been approved by its governing board and recommended by the President of the University to the Board of Trustees for review. Such proposed budget shall be submitted no later than sixty (60) days after the last day of the fiscal year to which the proposed budget pertains. Each proposed budget shall include therein:
   (a) Expenditures for the construction of physical facilities, and
   (b) Salary supplements, compensation and benefits provided to the President, University faculty, and staff, and to DSO employees to be paid with assets of the DSO, which shall be specifically identified.

(5) Each DSO shall prepare and submit to the President no later than the first day of each quarter of the organization’s fiscal year a quarterly expenditure plan that separately delineates planned actions which would cause a commitment of University resources or which represent a significant commitment of the resources of the DSO, including:
   (a) Major fund raising events and campaigns and their purpose.
   (b) Compensation and benefits to University employees and employees of the organization.
   (c) Capital projects, including land acquisition, construction, renovation or repair.
   (d) Other major commitments of the resources of the organization.

(6) Each DSO shall cause a financial audit of its accounts and records to be conducted by an independent certified public accountant after the close of each fiscal year. The audit report shall be submitted by the President of the University to the Board of Trustees no later than the end of the fourth month following the close of the organization’s fiscal year.
   (a) Audits shall be conducted pursuant to Section 1004.28(5), F.S., and in accordance with rules adopted by the Auditor General pursuant to Section 11.45(8), F.S., and Florida State University rules.
   (b) The President of the University shall submit the annual audit report to the Auditor General no later than nine (9) months after the close of the organization’s fiscal year.

(7) The President of the University may recommend to the Board of Trustees that an organization be decertified as a DSO if the President determines that the organization is no longer serving the best interest of the University. The recommendation for decertification shall include a plan for disposition of the organization’s assets and liabilities.

Specific Authority 1001.74(4), 1004.28(2) FS. Law Implemented 1001.74(37), 1004.28 FS. History–New 4-21-03.

6C2-3.001 Student Governance.

(1) The Vice President for Student Affairs is the designated representative of the University President in matters pertaining to student life and governance.

(2) A Student Government Association shall be organized and maintained to represent the student body. All officers of the Student Government Association shall be enrolled at the Florida State University for a minimum of six credit hours and be in good standing. The Student Government Association shall establish and maintain a Student Body Constitution and implementing statutes to facilitate organizational integrity and cohesive administration.

(3) Legislation of the Student Government Association shall be subject to the approval of the Vice President for Student Affairs prior to implementation.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), 240.235(1)(a)2. FS. History—New 9-30-75, Amended 12-26-85, Formerly 6C2-3.01.
6C2-3.0015 Student Organizations and Activities.

(1) Each student organization’s purposes and activities shall comply with applicable provisions of the United States Constitution, federal laws, the Constitution of the State of Florida, state laws, rules of the Board of Regents and Florida State University, and the purposes set forth in the Student Body Constitution, and the constitution of the student organization. The student organization and its officers are responsible and accountable for all actions of the organization. Any violation of law, Board of Regents’ rules, or Florida State University rules shall be considered as offenses committed by the organization. Its officers or members shall be subject to action pursuant to Rule 6C2-3.004, F.A.C. Any violation by a student organization shall render the organization’s registration subject to review and possible revocation.

(2) Student organizations charged with offenses or any act in violation of laws, rules, policies or procedures shall have their cases heard by the appropriate person or body designated as follows:

(a) The Interfraternity Council Judicial Board for social fraternities’ nonacademic offenses and for violations of the standards of conduct for member organizations.

(b) The Panhellenic Council Judicial Board for social sororities’ nonacademic offenses of the Student Conduct Code.

(c) The Pangreek Judicial Board for nonacademic offenses and for violations of the standards of conduct for member organizations of the Pangreek Council.

(d) A hearing officer appointed by the Dean of Student Development for offenses by student organizations other than fraternities or sororities, unless otherwise provided by rule.

(3) Students shall be free to join university organizations.

(4) Student organizations may be officially registered by the university when the student organization has met appropriate requirements as outlined by the Student Government Association and the Dean of Student Development.

(5) The Dean of Student Development or the Student Government Association may place other limitations on the continued registration of student organizations.

(6) Student organizations are required to appoint an advisor from university faculty or staff.

(7) All registered student organizations shall be allowed to meet on campus and to use appropriate university facilities.

(8) Registered student organizations may apply to the Student Government Association for Activity and Service Fee funds.

(9) Student Government shall make periodic audits of the financial records of registered student organizations that receive funds from student fees allocated by Student Government.

(10) Each registered student organization shall re-register by October 1 of each year and shall concurrently provide the University with any changes in its constitution and officers.

(11) The University disclaims liability for any damage or injury that may arise out of the registration of student organizations or their use of university facilities, whether arising out of the activities of students as individuals or whether participating with or as members of a registered student organization or any other organizational part of the Student Government Association.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), 240.235, 240.261, 240.262 FS. History–New 9-7-86.

(1) The right of all students to seek knowledge, debate ideas, form opinions and freely express their views is recognized. This right must be exercised in a manner which will not interfere with the same rights and freedoms of others in their enjoyment of the benefits of the programs offered by this University, or their lawful use of University facilities, including ingress and egress. Such rights may be exercised subject to applicable laws, rules, regulations, policies and procedures.

(2) The right or freedom of peaceful assembly is recognized and shall be protected. Only those student gatherings that do not disrupt the orderly functioning of the University and related activities shall qualify as peaceful and therefore be protected. Meetings are included in the terms assemblies and gatherings.

(3) The area between the University Union and the University swimming pool, and the central portion of Landis Green are designated “open platforms”. Any student who desires to be heard publicly on any issue of concern may use either of these areas subject to the provisions of subsection (1) at any time when previous scheduling does not preclude such use.

(4) Organized or prearranged outdoor student assemblies shall be registered at least twenty-four hours in advance in the Space Reservations Office located in the University Union. Exceptions to the twenty-four hour notice requirement may be granted by the Space Reservations Office.

(5) Registered or non-registered student organizations or other students may hold meetings inside University buildings, provided prior approval is granted by the Space Reservations Office.

(6) The right to peacefully picket is recognized.

(7) Public address systems and other electrical amplification equipment may be utilized by registered student organizations in the University Union Courtyard subject to schedules approved by the Space Reservations Office, and shall in no event be used in other outdoor areas of the campus. All such use of public address systems or other amplification equipment shall maintain a reasonable sound level which meets the communication needs of the event without excessive noise penetration to adjacent areas.

(8) Students’ right to write and distribute literature and to express thoughts and beliefs is recognized. Individual students, non-registered and registered student organizations may circulate literature, provided it is identified by authorship and sponsorship.
then will be communicated to the student. (See (c)-(f) above.) The appropriate administrator may adopt or amend the recommended
decision, or order a new hearing. Upon approval, the recommended decision becomes a first-level disciplinary action.

Other appropriate person in case of an emergency involving that student.

That taking direct jurisdiction is in the best way interest of the university.

Board, and Panhellenic Judicial Boards are considered recommendations to the Director of Student Rights and Responsibilities.

Student Conduct Code case.

procedural modifications that reflect the particular circumstances of each campus and international program are permitted.

students. Moreover, the Code operates as a vehicle for informing students about their rights and responsibilities while reinforcing
the development of ethical standards that make responsible freedom possible. The “Statement on Values at Florida State
University” is found in the 1998/99 FSU Student Handbook, which is incorporated herein by reference.

(2) Scope. Florida State University jurisdiction regarding discipline is generally limited to conduct of any student or registered
student organization that occurs on Florida State University premises. However, the University reserves the right to impose
discipline based on any student conduct, regardless of location, that may adversely affect the University community and it’s
international programs. The right of all students to seek knowledge, debate ideas, form opinions, and freely express their ideas is
fully recognized by Florida State University. This Student Conduct Code applies to student conduct and will not be used to
discipline the lawful expression of ideas. Specific restrictions on time and place of meetings and assemblies are found in Oglesby
Union and other University policies. The processes for adjudicating violations of state and federal law and violations of the Student
Conduct Code are separate and may be pursued independently of one another.

(3) Authority.

(a) Authority for student discipline ultimately rests with the University President. The President delegates this authority to the
Vice President for Student Affairs, and the Vice President delegates this authority to the Dean of Students and to the Director of
University Housing. Under the direction of the Dean of Students and the Director of University Housing, the Associate Dean of
Students, the Assistant Dean of Students, Director of Student Rights and Responsibilities, resident directors of international
programs and appropriate University Housing staff are responsible for implementing the student disciplinary system. Either the
President, the Vice President, the Dean of Students or resident directors in international programs may take direct jurisdiction of
any case due to the inability of the appointed hearing officer to serve, or whenever it is determined by the immediate circumstances
that taking direct jurisdiction is in the best way interest of the university.

(b) The Vice President (or designee) also has the authority to notify the person listed as the student’s emergency contact (or
other appropriate person) in case of an emergency involving that student.

(c) All hearing bodies have the authority to consult with other appropriate University officials in order to effectively resolve a
Student Conduct Code case.

(d) Decisions of the Student Conduct Board, Interfraternity Council Judicial Board, National Pan-Hellenic Council Judicial
Board, and Panhellenic Judicial Boards are considered recommendations to the Director of Student Rights and Responsibilities.

(e) Decisions of administrative hearing panels are recommendations to the Associate Dean of Students.

(f) Decisions of the Housing Judicial Board(s) are recommendations to the Assistant Director of Housing.

(g) All recommended disciplinary decisions must be approved in writing by the appropriate administrator or designee and only
then will be communicated to the student. (See (c)-(f) above.) The appropriate administrator may adopt or amend the recommended
decision, or order a new hearing. Upon approval, the recommended decision becomes a first-level disciplinary action.

(h) Decisions of all other hearing bodies constitute first-level disciplinary actions.

(i) If a first-level disciplinary action is not appealed, that decision becomes final agency action.

(j) Appellate bodies are listed in Section 10, Appeals. Appellate decisions are considered recommendations to the Vice
President for Student Affairs and become final agency action upon approval by the Vice President or designee.

(4) Definitions.

(a) University. The term “University” means Florida State University, including the main campus, all of its branch campuses
and university international programs. The Student Conduct Code applies to the University as defined herein. Non-substantive
procedural modifications that reflect the particular circumstances of each campus and international program are permitted.

(b) Student. The term “student” means any person who is admitted to and enrolled in any credit-bearing course or program in
any school or division of Florida State University, any person who is admitted to the University and is present on campus for the
purpose of being enrolled in any University course or program, or any person who has been enrolled in any credit-bearing course or
program at the University and continues to be associated with the University because the student has not completed the course or

6C2-3.004 Student Conduct Code.

(1) Introduction. The Student Conduct Code applies the principles found in the “Statement on Values at Florida State
University” by promoting responsible freedom for all students. Responsible freedom is exercised when actions are directed by
ethical standards. This Code seeks to apply the principle of responsible freedom as it guides the conduct of Florida State University
students. Moreover, the Code operates as a vehicle for informing students about their rights and responsibilities while reinforcing
the development of ethical standards that make responsible freedom possible. The “Statement on Values at Florida State
University” is found in the 1998/99 FSU Student Handbook, which is incorporated herein by reference.

(2) Scope. Florida State University jurisdiction regarding discipline is generally limited to conduct of any student or registered
student organization that occurs on Florida State University premises. However, the University reserves the right to impose
discipline based on any student conduct, regardless of location, that may adversely affect the University community and it’s
international programs. The right of all students to seek knowledge, debate ideas, form opinions, and freely express their ideas is
fully recognized by Florida State University. This Student Conduct Code applies to student conduct and will not be used to
discipline the lawful expression of ideas. Specific restrictions on time and place of meetings and assemblies are found in Oglesby
Union and other University policies. The processes for adjudicating violations of state and federal law and violations of the Student
Conduct Code are separate and may be pursued independently of one another.

(3) Authority.

(a) Authority for student discipline ultimately rests with the University President. The President delegates this authority to the
Vice President for Student Affairs, and the Vice President delegates this authority to the Dean of Students and to the Director of
University Housing. Under the direction of the Dean of Students and the Director of University Housing, the Associate Dean of
Students, the Assistant Dean of Students, Director of Student Rights and Responsibilities, resident directors of international
programs and appropriate University Housing staff are responsible for implementing the student disciplinary system. Either the
President, the Vice President, the Dean of Students or resident directors in international programs may take direct jurisdiction of
any case due to the inability of the appointed hearing officer to serve, or whenever it is determined by the immediate circumstances
that taking direct jurisdiction is in the best way interest of the university.

(b) The Vice President (or designee) also has the authority to notify the person listed as the student’s emergency contact (or
other appropriate person) in case of an emergency involving that student.

(c) All hearing bodies have the authority to consult with other appropriate University officials in order to effectively resolve a
Student Conduct Code case.

(d) Decisions of the Student Conduct Board, Interfraternity Council Judicial Board, National Pan-Hellenic Council Judicial
Board, and Panhellenic Judicial Boards are considered recommendations to the Director of Student Rights and Responsibilities.

(e) Decisions of administrative hearing panels are recommendations to the Associate Dean of Students.

(f) Decisions of the Housing Judicial Board(s) are recommendations to the Assistant Director of Housing.

(g) All recommended disciplinary decisions must be approved in writing by the appropriate administrator or designee and only
then will be communicated to the student. (See (c)-(f) above.) The appropriate administrator may adopt or amend the recommended
decision, or order a new hearing. Upon approval, the recommended decision becomes a first-level disciplinary action.

(h) Decisions of all other hearing bodies constitute first-level disciplinary actions.

(i) If a first-level disciplinary action is not appealed, that decision becomes final agency action.

(j) Appellate bodies are listed in Section 10, Appeals. Appellate decisions are considered recommendations to the Vice
President for Student Affairs and become final agency action upon approval by the Vice President or designee.

(4) Definitions.

(a) University. The term “University” means Florida State University, including the main campus, all of its branch campuses
and university international programs. The Student Conduct Code applies to the University as defined herein. Non-substantive
procedural modifications that reflect the particular circumstances of each campus and international program are permitted.

(b) Student. The term “student” means any person who is admitted to and enrolled in any credit-bearing course or program in
any school or division of Florida State University, any person who is admitted to the University and is present on campus for the
purpose of being enrolled in any University course or program, or any person who has been enrolled in any credit-bearing course or
program at the University and continues to be associated with the University because the student has not completed the course or
program in which the student was enrolled. Students enrolled in the College of Law are subject to the Student Conduct Code within the College of Law. Rule 6C2-2.045, F.A.C. In cases of dual enrollment, jurisdiction over a student’s conduct will be determined in consultation with appropriate officials at the student’s other institution. The term “student” also means any student organization that is officially registered with the University.

(c) University Community. The term “university community” means any person who is a student, faculty member, University official, or any other person employed by the University.

(d) On-Campus. The term “on-campus” means all land, buildings, facilities, and other property in the possession of or owned, used, or controlled by the University, including adjacent streets, sidewalks, and parking lots.

(e) University Official. The term “university official” means any person employed by the University to perform assigned teaching, research, administrative, professional or other responsibilities.

(f) Charged Student. The term “charged student” means any student who has been formally charged with an alleged violation of the Student Conduct Code.

(g) Advisor. The term “advisor” means any one person chosen by the charged student or the alleged victim to assist him/her throughout the disciplinary process. Students are required to address the hearing body in person, on their own behalf, although they may consult with their advisor during the hearing. This consultation must take place in a manner that does not disrupt the proceedings. The advisor shall not speak on behalf of the student unless expressly authorized to do so by the hearing body. If an attorney is to be the advisor, the Office of Student Rights and Responsibilities shall be notified two class days prior to the hearing.

(h) Hearing Body. The term “hearing body” means any person or persons authorized by the Dean of Students or Director of University Housing to conduct hearings to determine whether a student has violated the Student Conduct Code and to impose sanctions.

(i) Preponderance of Evidence. “Preponderance of evidence” means that the evidence, as a whole, shows that the fact sought to be proved is more probable than not. This is the standard used in adjudicating all disciplinary cases within this Student Conduct Code.

(j) Student Defender. The term “Student Defender” means any person provided by the Student Government Association, either through formal appointment or informal referral, to serve as a resource and advisor to the charged student under the authority of Rule 6C2-3.006, F.A.C.

(k) Policy. The term “policy” means the written regulations of the University as found in, but not limited to, the Student Conduct Code, the General Bulletin, The Student Handbook, the Directory of Classes, the Guide to Residence Living and other written regulations and rules for departments, organizations and clubs.

(l) Student Conduct Board. The Student Conduct Board is a body of students jointly selected by the Office of Student Rights and Responsibility (SRR) and the Student Government Association to review student conduct violations. This Board is trained and overseen by the Office of SSR. Only current students who are actively enrolled at the University, in good academic and disciplinary standing and subject to this Student Code of Conduct are eligible to serve on this Board.

(m) Class days. The term “class days” means any day that either classes or final exams are scheduled.

(5) Offenses. The following offenses, or the aiding, abetting, or inciting of, or attempting to commit these offenses, represent violations of the Student Conduct Code.

(a) Sexual Misconduct.
1. Any sexual act that occurs without the consent of the victim, or that occurs when the victim is unable to give consent.
2. Obscene or indecent behavior, which includes, but is not limited to, exposure of one’s sexual organs or the display of sexual behavior that would reasonably be offensive to others.
3. Conduct of a sexual nature that creates an intimidating, hostile, or offensive campus, educational, or working environment for another person. This includes unwanted, unwelcome, inappropriate, or irrelevant sexual or gender-based activities or comments.
(b) Endangerment.
1. Physical violence towards another person or group.
2. Action(s) that endanger the health, safety, or well-being of another person or group.
3. Action(s) that serve the purpose of endangering one’s own health or safety.
4. Interference with the freedom of another person to move about in a lawful manner.
(c) Harassment.
1. Conduct (not of a sexual nature), that creates an intimidating, hostile, or offensive campus, educational or working environment for another person.
2. Action(s) or statement(s) that threaten harm or intimidate another.
3. Acts that invade the privacy of another person.
4. Stalking, defined as: to follow or otherwise contact another person repeatedly, so as to put that person in fear for their life or personal safety.
(d) Hazing. Any group or individual action or activity that inflicts or intends to inflict physical or mental harm or discomfort or which may demean, disgrace, or degrade any person, regardless of location, intent, or consent of participant(s). Although hazing is related to a person’s initiation or admission into, or affiliation with, any student group or organization, it is not necessary to have
direct proof that a person’s initiation or continued membership is contingent upon participation in the activity for a charge of hazing to be upheld. The actions of either active or associate members (pledges) of an organization may be considered hazing. Hazing includes, but is not limited to:

1. Interference with a student’s academic performance.
2. Forced consumption of any food, alcohol, other drugs, or any other substance.
3. Forced physical activity, such as calisthenics.
4. Deprivation of food or sleep.
5. Kidnapping.
6. Any activity that would subject the individual to embarrassment or humiliation.

Please refer to the Florida State University Hazing Policy in the 1998/99 FSU Student Handbook, for more details.

(e) Weapons.
1. On-campus possession or use of firearms, explosives, or other weapons or dangerous articles or substances, including non-lethal weapons such as pellet guns or the use of any item as a weapon. Note: This rule does not apply to any student law enforcement officer or to any student ROTC member acting under the supervision of an ROTC unit in a manner prescribed by military regulations of the United States Government.
2. Off-campus, illegal possession or use of firearms, explosives, or other weapons or dangerous articles or substances.

(f) Fire and Safety.
1. Inappropriate activation of any emergency warning equipment or the false reporting of any emergency.
2. Removal, damage, or tampering with fire safety or other emergency warning equipment.
3. Failure to evacuate a University building or facility when a fire alarm is sounded.

(g) Illegal Drugs.
1. Possession or use of illegal drugs.
2. Distribution, delivery, or sale of illegal drugs.
3. Possession or use of drug paraphernalia.

(h) Alcohol.
1. Possession or consumption of alcohol when under the age permitted by the State of Florida.
2. Providing alcoholic beverages to an individual who is under the age permitted by the State of Florida.
3. Any other violation of the FSU Alcohol Policy, Rule 6C2-6.012, F.A.C.

(i) Disruption.
1. Failure to comply with a lawful order of a University official or with the lawful order of any non-University law enforcement official.
2. Knowingly provides false information to a University official, including disciplinary hearing bodies.
3. Acts, conduct or behavior that impair, interfere with, or obstruct the orderly conduct, processes, operations and functions of the University administration or academic environment or the rights of other members of the University community. This includes acts, conduct or behavior that occur both inside and outside of the classroom setting, as well as on or off the University campus.
4. Commercial solicitation on campus without prior approval from University officials.
5. Acts, conduct or behavior that disrupt the University disciplinary process, including attempt to coerce or influence a person in order to discourage their participation in any disciplinary proceeding.

(j) Identification.
1. Permits another person to use his or her FSU-related identification. FSU-related identification includes any identification or documentation issued by the university.
2. Inappropriate use of another person’s FSU-related identification.
3. Impersonation, or misrepresenting being authorized to act on behalf of another or the University.
4. Forgery, alteration, or misuse of University documents, records, or keys.

(k) Property.
1. Damage or destruction of public or private property.
2. Theft – knowingly and without authorization removes or uses the property or services of another person or of the university.
3. Possession or sale of property or services that are known to have been stolen.
4. Enters or uses the property or facilities of the University or of another person without the proper consent or authorization.

(l) Computers.
1. Unauthorized access or entry into a computer, computer system, network, software, or data.
2. Unauthorized alteration of computer equipment, software, network, or data.
3. Unauthorized copying or distribution of computer software or data.
4. Any other act that violates Florida law or the Florida State University Policies and Responsibilities For Use of Campus Computer And Network Resources (4-12-95), which is hereby adopted by reference.

(m) Other Violations.
1. Violation of Federal or State Law or local ordinance.
2. Violation of Board of Regents Rule.
3. Aids or abets any other violation of federal law, state law, local ordinance, or the Academic Honor System.
4. Violation of any other University regulation as described in the FSU General Bulletin 1998/1999, University Housing contract – University Housing Publication – Graduate (1999)/Undergraduate (1999), The Guide to Residence Living (1998/1999), other University Housing publications, the FSU Student Handbook (1998/1999), the FSU Greek Constitutions (Panhellenic and Interfraternity 1999), Student Activities and Organization Policies (Student Organizational Manual and Student Organization Advisor’s Manual-1999), all of which are hereby adopted by reference or other University policies directly related to departments, organizations or clubs.

6. All hearings will be conducted in private. If the charged student wants to have the hearing open, the charged student must submit a written request for a public hearing to the Director of the Office of Student Rights and Responsibilities at least five class days prior to the hearing. Charges involving alleged sexual misconduct will not be heard in public without the prior written consent of all alleged victims. After receiving the consent of all alleged victims in the case, the Director of the Office of Student Rights and Responsibilities may open the hearing to the public.

7. All hearing decisions will be communicated in writing to the charged student and will include the findings of fact, the hearing decision, and sanctions imposed (if applicable).
8. Appropriate witnesses will be called by the University to all formal hearings (see “D” below for a description of formal versus informal hearings). Those witnesses who appear may be cross-examined by the charged student. If called witnesses do not appear, their written or taped statements may be considered by the hearing body. In some cases, student witnesses who fail to appear may be charged with a violation of the Student Conduct Code. Appropriate witnesses may also be called by the charged student to all formal hearings.

9. If the charged student fails to appear at the scheduled hearing (after proper notice), the hearing may be held in the charged student’s absence.

10. Prior records of disciplinary action and victim impact statements are considered by the hearing body only in the sanctioning phase of deliberations.

11. The hearing body’s determination of “responsible” or “not responsible” will be based solely in the information presented at the hearing. However, when additional information that affects this determination is gathered outside the informal hearing, it may be used provided it is shared with the charged student and the student has an opportunity to respond to the information. In cases involving multiple students charged, information provided at one hearing may be used as evidence in the related case(s).

(d) Types of Hearings. Two distinct types of hearings (informal and formal) are provided for by this Code. Informal hearings typically can be scheduled more quickly than formal hearings and are usually better suited to cases involving fewer questions of fact. Formal hearings may be more appropriate for cases involving more serious alleged violations of the Code.

1. Formal Hearings:
   a. Require the hearing body to call appropriate witnesses to provide information in support of the charges.
   b. Will be held no sooner than seven class days after notice is received by the charged student.
   c. Will be recorded. This recording will serve as the official record of the proceedings.
   d. A formal decision letter will be sent to the student within ten class days from the conclusion of the hearing process. This time limit may be extended if necessary where additional consideration of evidence and deliberation is required.
   e. The following order of presentation is recommended for use in formal hearings. The hearing body may change the order if necessary.
      (I) Presentation of formal charges.
      (II) Opening statement by the University, followed by the opening statement of the charged student.
      (III) Presentation of evidence and witnesses by the University, followed by questioning of those witnesses by the hearing body and the charged student. Witnesses are then dismissed.
      (IV) Presentation of evidence and witnesses by the charged student, followed by questioning of those witnesses by the charged student. Witnesses are then dismissed.
      (V) Questions directed to the charged student by the hearing body.
      (VI) Closing statement by the University, followed by the closing statement of the charged student.

2. Informal hearings:
   a. The University does not automatically call witnesses to support the charges, although the hearing body may gather any additional information needed, including calling witnesses. The student will be informed of any additional information gathered by the hearing body. The charged student may call witnesses and present evidence.
   b. Are scheduled at the convenience of both the charged student and the hearing body.
   c. Brief written decisions (including findings of fact) will serve as records of informal hearings and will be communicated within ten class days of the hearing body’s final meeting with the student. This time limit may be extended if necessary where additional consideration of evidence and deliberations are required.
   d. The following order of presentation is recommended for use in informal hearings. The hearing body may change the order if necessary.
      (I) Presentation of formal charges.
      (II) Opening statement by the University, followed by the opening statement of the charged student.
      (III) Presentation of evidence and witnesses by the University, followed by questioning of those witnesses by the hearing body and the charged student. Witnesses are then dismissed.
      (IV) Presentation of evidence and witnesses by the charged student, followed by questioning of those witnesses by the charged student. Witnesses are then dismissed.
      (V) Questions directed to the charged student by the hearing body.
      (VI) Closing statement by the University, followed by the closing statement of the charged student.

3. The Dean of Students may conduct both informal and formal hearings on individual or group cases.

4. The Student Conduct Board may conduct both informal and formal hearings on individual or group cases.

5. An Administrative Hearings Panel (composed of one faculty member appointed by the Dean of Students, one student appointed from the Student Conduct Board and one staff member designated by the Dean of Students) may conduct formal hearings on individual or group cases.

6. Interfraternity Council Judicial Board may conduct both informal and formal hearings regarding cases of an Interfraternity Council organization’s alleged violation of the Student Conduct Code or Interfraternity Council Constitution. The Board may also provide information regarding individual cases related to a group case that is being heard to the office of Student Rights and Responsibilities.

7. National Pan-Hellenic Council Judicial Board may conduct both informal and formal hearings regarding cases of a National Pan-Hellenic Council organization’s alleged violation of the Student Conduct Code or National Pan-Hellenic Council Constitution. The Board may also provide information regarding individual cases related to a group case that is being heard to the Office of Student Rights and Responsibilities.
8. Panhellenic Council Judicial Board may conduct both informal and formal hearings regarding cases of a Panhellenic organization’s alleged violation of the Student Conduct Code or the Panhellenic Constitution. The Board may also provide information regarding individual cases related to a group case that is being heard to the Office of Student Rights and Responsibilities.

9. University Housing hearing officers (Director, Associate Director, Assistant Directors and designee) may conduct both informal and formal hearings regarding cases involving arising in University Housing in which the charged student is a resident of University Housing.

10. University Housing Judicial Board(s) may conduct formal hearings regarding cases arising in University Housing in which the charged student is a resident of University Housing.

(f) Choice of hearing type and hearing body – Students may normally choose both the hearing type and the hearing body to adjudicate their case subject to the restrictions stated in (e) above. Further restrictions to that choice include:

1. When it is determined that a case requires a formal record of proceedings, a formal hearing may be chosen by the Dean of Students or designee.

2. When two or more individual cases stem from the same incident, those cases should normally be heard by the same hearing body. In such cases, the Director of Student Rights and Responsibilities may either pre-select the hearing type and hearing body or consult with the students involved before making the decision.

3. The Dean of Students or Director of University Housing or designee reserves the right to choose the appropriate hearing type and body for other administrative or case-related reasons.

4. During time periods in which any of the hearing bodies are not officially constituted, the Dean of Students or Director of University Housing or designee may choose an appropriate alternative as the hearing body.

(8) Victims’ Rights. Victims must notify the Director of the Office of Students Rights and Responsibilities if they wish to exercise any of the rights listed in this section at least five class days prior to the scheduled hearing.

(a) Victims’ rights apply to the following types of cases:

1. Sexual Misconduct;
2. Endangerment;
3. Harassment;
4. Hazing;
5. Property (damage);
6. Property (theft).

(b) Rights.

1. To have an advisor of the alleged victim’s choice accompany her/him when presenting information to the hearing body and to any other relevant meetings held throughout the disciplinary process.

2. To submit a victim impact statement to the hearing body. This information would be used only in the sanctioning phase of deliberations, if the charged student is found responsible for the charge(s). If the charged student appeals the first-level decision on the basis of severity of the sanction imposed, he/she will have the right to view the victim impact statement upon request. The past sexual history of the alleged victim is not usually considered relevant.

3. To have unrelated past behavior excluded from the hearing. The chair of the hearing body will decide if such information is unrelated. The past sexual history of the alleged victim is not usually considered relevant.

4. To submit questions to the hearing body. The hearing body will then consider posing those questions to the charged student.

5. At the request of victims in cases involving sexual misconduct, physical violence or stalking charges, the victim may request to testify in a separate room from the charged student so long as the process does not unduly compromise the charged student’s right to question the witness.

6. To be present throughout the entire hearing, or portions thereof. This option will be offered only by the chair of the hearing panel.

7. To be notified of the outcome, including both the decision and the sanctions, of the disciplinary process.

(9) Sanctions.

(a) In light of the facts and circumstances of each case, the following sanctions, or combination of sanctions (with or without appropriate modifications) may be imposed upon any individual student found to have violated the Student Conduct Code:

1. Reprimand (written or verbal).
2. Work Hours – assignment to complete tasks under the supervision of a University department or outside agency.
3. Educational activities – attendance at educational programs, interviews with appropriate officials, planning and implementing educational programs, or other educational activities.
4. Counseling assessment – referral for assessment at a counseling center for alcohol/drug dependence, general mental health, or other counseling issues.
5. Restitution.
6. Fees – may not be levied in excess of $200.00.
7. Conduct Probation – A period of time during which any further violations of the Student Conduct Code may result in more serious sanctions being imposed. Some of the restrictions that may be placed on the student during the probationary period include, but are not limited to: participation in student activities, representation of the University on athletic teams or in other leadership positions, entrance into University residence halls or other areas of campus.

8. Disciplinary Probation – A period of time during which any further violation of the Student Conduct Code puts the student’s status with the University in jeopardy. If the student is found “responsible” for another violation of the Code during the period of Disciplinary Probation, serious consideration will be given to imposing a sanction of Suspension, Dismissal, or Expulsion from the University. Some of the restrictions that may be placed on the student during the probationary period include, but are not limited to, participation in student activities, representation of the University on athletic teams or in other leadership positions, entrance into University residence halls or other areas of campus.

9. Change in University residence hall assignment.

10. Exclusion (either temporary or permanent) from University residence halls.

11. Suspension – Separation from the University for a specified period, not to exceed two years.

12. Dismissal – Separation from the University for an indefinite period of time. Readmission is possible but not guaranteed and will only be considered after two years from the effective date of the dismissal, based on meeting all readmission criteria and obtaining clearance from the Dean of Students or designee.

13. Expulsion – Separation from the University without the possibility of readmission.

14. Withholding of diplomas, transcripts, or other records.

15. Transcript Notations – a written notation indicating that disciplinary action was taken. This sanction may be applied only in cases in which the student has been permanently separated from the University.

16. Restrictions on contact with other specified people.

(b) The following sanctions may be imposed upon groups or organizations found to have violated the Student Conduct Code:

1. Those sanctions listed in Section (a). Suspension, Dismissal, or Expulsion of student organizations includes loss of registration status.

2. Additional sanctions specific to student organizations are found in Greek and other organizational constitutions, and in the Office of Student Activities and Organizations’ policies, which are hereby incorporated by reference.

(c) Any sanction that permanently separates a student from the University may be integrated into that student’s academic transcript. A lesser sanction may not be integrated into the transcript.

(d) Decisions regarding falsification of admission or readmission information may be forwarded to the appropriate office for review of the application and appropriate action regarding admission.

10) Appeals. Any first-level decision can be appealed, provided that one or more of the reasons for appeal listed in (10)(c) is relevant to the case. The appellate body varies depending on the initial hearing body and is outlined below. All appellate decisions are considered recommended decisions to the Vice President of Student Affairs.

(a) Appellate Bodies.

1. Recommended decisions of the Student Conduct Board may be appealed to the Dean of Student (or designee).

2. Recommended decisions of the Interfraternity Council, N.P.H.C., and Pan-hellenic Judicial Board cases may be appealed to the Dean of Students (or designee).

3. Recommended decisions of the Housing Judicial Board may be appealed to the Director of University Housing (or designee).

4. Recommended decisions of Administrative Hearing Panels may be appealed to the Dean of Students.

5. Decisions of the Director of Student Rights and Responsibilities (and designees) may be appealed to the Dean of Students (or designee).

6. Decisions of other hearing officers appointed by the Dean of Students may be appealed to the Dean of Students (or designee, including a panel).

7. Decisions of hearing officers appointed by the Director of University Housing may be appealed to the Director of University Housing (or designee).

8. Decisions of the Dean of Students may be appealed to the Vice President for Student Affairs.

9. Decisions of the University President may be appealed to the First District Court of Appeals

(b) Appeal Requests:

1. A written request should be submitted to the appropriate appellate officer (see Section (A)) within five class days after the student is notified of the initial hearing decision.

2. The request should state the reason(s) for appeal (see (C) below), the supporting facts, and the recommended way to correct the error.

(c) Appeal considerations are limited to:

1. Due process errors involving violations of a charged student’s rights (see Section (6)) that substantially affected the outcome of the initial hearing.

2. Demonstrated prejudice against any party by the person presiding over the hearing. Such prejudice must be evidenced by a conflict of interest, bias, pressure, or influence that precluded a fair and impartial hearing.

3. New information that was not available at the time of the original hearing.
4. A sanction that is extraordinarily disproportionate to the offense committed.

5. The preponderance of the evidence presented at the hearing does not support a finding of “responsible”. Appeals based on this consideration will be limited solely to a review of the record of the first-level hearing.

(d) Appellate Hearings:
1. Will be scheduled within ten class days of receiving the written request for appeal.
2. Will involve hearing the charged student and any witnesses called by the student; the appellate body may determine whether it needs to call any further witnesses or gather additional information.
3. Will be recorded; this recording will serve as the official record of the hearing.
4. The charged student may bring an advisor to the appellate hearing.
5. On appeal, the burden of proof rests with the student to clearly show that an error has occurred during the first level hearing process.

6. All hearings will be fair and impartial. A student may submit a challenge to the impartiality of any member of any appellate hearing body at least five class days prior to the hearing.

(e) Appellate Decisions:
1. The appellate body may affirm, modify, reverse, or remand the first-level decision, or order that a new hearing will be held.
2. Are recommended to the Vice President for Student Affairs. The Vice President (or designee) has the right to affirm, modify, or reverse the recommended decision, or to order a new hearing.
3. Are communicated in writing within fifteen class days of an appellate hearing, unless notification is given that additional time is necessary for consideration of the record on appeal.
4. Once approved by the Vice President, appellate decisions become final agency action.
5. Except in the case of an immediate suspension, the student’s status will remain unchanged during the appellate process.

(1) Records.
(a) Records of all disciplinary cases will be maintained in the Office of Student Rights and Responsibilities and in University Housing. Records in which suspension or a less severe sanction is imposed shall be removed seven years from the date of final agency action on the case. Dismissal records shall be permanently retained as official records, unless the student is readmitted and successfully completes a degree, at which point the record should be removed five years beyond the date of readmission. Expulsion records shall not be removed from the official files under any circumstances. Any records kept beyond these limits for statistical purposes will not be considered or released as official disciplinary records.

(b) A student’s prior disciplinary record will be considered only during the sanctioning phase of deliberations, not to determine whether or not to find the student “responsible” for the alleged violation.

(c) The release of student disciplinary records will be governed by applicable federal and state laws regarding the privacy of educational records. General information regarding the outcome of disciplinary proceedings (without identifying information) may be released to the public.

(12) Immediate Suspension of a Student. In certain circumstances involving a student’s actions that may affect the safety, health, or general welfare of the student or the University community, the Vice President for Student Affairs, the Dean of Students, or their designee(s) may impose an immediate University suspension prior to the student’s hearing with hearing body. An immediate suspension means that a student cannot be on University property, cannot attend classes, and cannot use University facilities. The Director of University Housing has the authority to cancel a student’s University Housing contract under a separate process.

(a) An immediate suspension requires that the student be notified in writing.

(b) The student has the opportunity for a speedy hearing regarding whether the immediate suspension should continue until a hearing is held on the facts of the case.

(c) If the student requests a hearing on the immediate suspension, the hearing will be held within three class days of the Dean of Students’ receipt of the student’s written request for a hearing. The Dean of Students or a designee will conduct the hearing.

(d) Formal disciplinary charges will be filed at the completion of all law enforcement investigations or as soon thereafter as possible.

(e) Student organizations may be suspended by the Vice President for Student Affairs, the Dean of Students, or their designee(s), in circumstances involving actions related to that group that may affect the safety, health, or general welfare of its members or the University community. The affected group has the right to a speedy hearing as described in (b) and (c) above. An immediate suspension of a student organization means that all activities, programs, or social events are suspended. One exception is that organizations are allowed to conduct business meetings provided they notify and receive permission in advance of the meeting from the Dean of Students or designee and the meeting is attended by an advisor recognized by the University.

6C2-3.005 Academic Honor System.

(1) Academic Honor Code: The Academic Honor System of The Florida State University is based on the premise that each student has the responsibility:
(a) To uphold the highest standards of academic integrity in the student’s own work,
(b) To refuse to tolerate violations of academic integrity in the University community, and
(c) To foster a high sense of integrity and social responsibility on the part of the University community.

(2) Violations of the Academic Honor Code:

(a) During the examinations, violations of the Academic Honor Code shall include referring to information not specifically
condoned by the instructor. It shall further include receiving information from a fellow student or another unauthorized source.

(b) Regarding academic assignments, violations of the Academic Honor Code shall include representing another’s work or any
part thereof, be it published or unpublished, as one’s own. It shall also include presenting or submitting any academic work in a
manner that impairs the instructor’s ability to assess the student’s academic performance. For example, plagiarism includes failure
to use quotation marks or other conventional markings around material quoted from any source.

(c) Violations of the Academic Honor Code shall include obtaining, distributing, or referring to a copy of an examination
which the instructor or department has not authorized to be used for such purpose.

(d) Violations of the Academic Honor Code shall include any act which impedes the ability of other students to have fair
access to materials assigned or suggested by the instructor. For example, removal or destruction of library or other source materials
violates the Academic Honor Code.

(e) Academic dishonesty shall include tampering with another student’s work or impairing in any way the instructor’s ability to
assess the academic performance of another student.

(f) Violations of the Academic Honor Code shall include alteration of grades or any other records related to the academic
performance of students. This shall also include submitting any false records in order to gain admission to the University.

(g) Violations of the Academic Honor Code shall include assisting, attempting to assist, or conspiring to assist another student
in committing the offenses as outlined above.

(h) Violations of the Academic Honor Code shall include attempting to commit any offense as outlined above.

(3) Student Responsibilities:

(a) Each student shall be responsible for abiding by the Academic Honor Code at all times. If required by the instructor, at the
conclusion of each examination or submission of an assignment, each student shall sign a certification that he or she has neither
given nor received aid from any unauthorized source during the examination or in preparing the assignment.

(b) Any student who violates the Academic Honor Code is expected to report the violation to the instructor or the University
Judicial Officer as identified at paragraph 6C2-3.004(13)(l), F.A.C.

(c) If a student observes cheating during an examination:

1. The student should consult with the instructor of the course as soon as reasonable so that the cheating may be stopped.

2. If a student otherwise observes or learns of another student’s violation of the Academic Honor Code, the student shall either:
   a. Ask the student to report the violation to the instructor of the course or the University Judicial Officer,
   b. Report the violation to the instructor of the course and the University Judicial Officer.
   c. In the event that a student asks another student to report himself and such student does not do so, then the student shall
      report, as soon as practicable, the violation to the instructor of the course or the University Judicial Officer, or both. The student
      should provide the name of such student or students involved, if known, and furnish such evidence as is available to support his
      charge.

(4) Faculty Responsibilities:

(a) Any instructor may require the students to sign a certification at the conclusion of each examination stating that they have
neither given nor received aid from any unauthorized source during the examination.

(b) An instructor may further define in writing his specification of the acts which shall constitute a violation of the Academic
Honor Code as set forth herein at subsection 6C2-3.005(2), F.A.C. The definition shall be explained to each class and shall be
effective thereafter for that class.

(c) When an instructor believes that a student has violated the Academic Honor Code in one of the instructor’s classes, the
instructor should discuss the matter with the student. The instructor and student may resolve the problem in a manner acceptable to
both. The instructor may consult with or invite the participation of the instructor’s department chair or dean in the effort to reach
acceptable agreement with the student. The student may discuss the appropriateness of any academic response with the instructor’s
department chair or dean. Any agreement involving an academic penalty shall be put in writing, signed by both parties concerned,
and reported by the instructor to the chair or dean and, for information only, to the University Judicial Officer. The student shall not
be further penalized based on this report alone.

(d) If a satisfactory resolution is not reached at the departmental level between the student and the instructor, the instructor
shall refer the matter to an Academic Honor System Hearing Panel. These panels shall consist of five members: one faculty
member from the department or school concerned and appointed by the chair, who shall be the dean of the department or school
concerned, one faculty member not from the department concerned but appointed by the Dean of Faculties, and two students
appointed through procedures established by the Student Senate. The Panel shall be chaired by the Dean of Faculties or designee,
who shall vote only in case of a tie. Procedures of this Hearing Panel shall be in compliance with Rule 6C-6.0105, F.A.C. The
University Judicial Officer may sit as an ex-officio non-voting member of the Hearing Panel. The decision of this Panel shall be
final with respect to the student’s guilt or innocence and the appropriate academic penalty, if any. The student shall have the right to continue in the course during the hearing procedures. Should no determination be made before the end of the term, the instructor shall record an appropriate grade to reflect the situation until a final decision is made.

(e) The chair of the Academic Honor System Hearing Panel shall be responsible for reporting the decision to the student, the instructor, and the University Judicial Officer; the University Judicial Officer shall determine whether further action should be taken under the Academic Honor Code.

(5) Academic Penalties: Examples of academic penalties include, but are not limited to, one or a combination of the following:

(a) A lower or failing grade in the course,

(b) A lower or failing grade or score on the assignment or examination, or

(c) Additional work to provide evidence of the student’s academic performance or evidence that the student knows and understands the course material, or both.

(6) University Judicial Officer Responsibilities:

(a) The University Judicial Officer shall explore the circumstances and determine whether, in the light of the severity and frequency of the student’s violations of the Academic Honor Code, any disciplinary penalty set out in subsection (8) herein should be imposed. The student may elect a hearing before the Student Supreme Court.

(b) The University Judicial Officer shall determine, with advice from the Student Supreme Court, appropriate disciplinary penalties for students found guilty of violations of the Academic Honor Code.

(c) In all cases referred to the Student Supreme Court, the University Judicial Officer shall submit the report from the chairman of the Academic Honor System Hearing Panel and a record of the student’s history regarding academic integrity. The University Judicial Officer shall report the disposition of each case to the student, to the Dean of Faculties, and to the instructor involved.

(7) Student Supreme Court Responsibilities:

(a) The Student Supreme Court shall be responsible for hearing all cases brought before it by the University Judicial Officer. These proceedings shall be conducted in accordance with the guidelines in the Student Conduct Code, subsection 6C2-3.004(11), F.A.C., and other applicable University guidelines.

(b) The Court shall, in the light of information concerning this violation and the student’s entire history regarding academic integrity, hold hearings to determine a recommended disciplinary penalty in accordance with the procedures of the Court.

(8) Penalties: The following are the possible disciplinary penalties for violation of the Academic Honor Code, and they may be imposed singularly or in any combination.

(a) Dismissal: An indefinite separation from the University. In order to be readmitted, a student dismissed for disciplinary reasons pursuant to the Academic Honor Code must file a petition for judicial clearance with the University Judicial Officer who will present the petition to the Honor System Committee for review and decision about whether or not the student shall receive a judicial clearance. All students who receive a judicial clearance will be permitted to return to the University on a probationary basis, if the student has also met applicable readmission criteria.

(b) Suspension: A separation from the University for a specified period of time, not to exceed two years. During the period of suspension, a student is excluded from classes and all other University privileges or activities. At the conclusion of the period of suspension, the student will be permitted to return to the University on a probationary basis, if the student has also met applicable readmission criteria.

(c) Probation: A conditional retention of student status until the student graduates from the University or is separated from the University for a period of not less than four years. During the period of probation, a student’s University privileges may be restricted at the discretion of the University Judicial Officer.

(d) Reprimand: A written statement from the University Judicial Officer expressing disapproval of conduct.

(e) Nothing in this code shall preclude the imposition of other reasonable sanctions or a combination of sanctions within the authority and discretion of the appropriate tribunal.

(f) Disciplinary records shall be maintained under the auspices of the Vice President for Student Affairs.

(9) Honor System Committee: An Honor System Committee shall be appointed by the University President. The Committee shall consist of three faculty, selected from a list of six provided by the Faculty Senate Steering Committee, and three students selected from a list of six provided by the Student Senate. Student members shall be appointed to serve terms of three years. The Committee shall keep students and faculty informed concerning the provisions of the Academic Honor System, monitor the operation and effectiveness of the Academic Honor System, and make recommendations to the Faculty Senate and the Student Senate that it may deem appropriate.

(10) Amendment Procedures: Amendments to the provisions of the Academic Honor System may be recommended by the above named Committee, by the Faculty Senate, the Student Senate, or by the Vice President for Academic Affairs. Recommended amendments to the Academic Honor System must be approved by the Faculty Senate and the Student Senate. After approval, amendments shall be forwarded to the University President for implementation.

6C2-3.006 The University Defender.
(1) The University Defender shall be appointed by the Chief Justice of the Supreme Court, subject to ratification by the Student Senate.
(2) It shall be his function to:
(a) Serve as Chief Defense Counsel for the Student Judicial System.
(b) Maintain and supervise a staff of defense investigators.
(c) Counsel each defendant as to his rights under the law, and to appoint a defense counselor to the case.

6C2-3.007 Administrative Suspensions Not Within the Judicial System.
(1) Immediate Suspension for Disruptive Activity. Students shall be subject to administrative suspension by the President of the University or his designates, including but not limited to the Executive Vice-President, Vice-President for Academic Affairs, Vice-President for Administration, Chief Student Affairs Officer, Assistant to the Vice-President for Educational Services, or University Judicial Officer, pending a hearing on the charge, where:
(a) The student is ordered by an officer or faculty member to cease and desist any activity which disrupts the orderly operation of the University, and
(b) The student persists in activity which is disruptive after receiving the warning and order in (4)(a)1. above and the disruptive activity still constitutes a threat to the orderly operation of the University, and
(c) The President or his designated representatives shall decide on evidence seen or reported that the activity disrupts the orderly operation of the University.

1. Suspension for the protection of the University community. Any student charged with or convicted of a violation of law, Board of Regents’ policies, or University regulations, injurious to the health and welfare of the University community, shall be subject to administrative suspension, with or without prejudice, depending upon the nature and circumstances of the case, by the President of the University or his delegates, including but not limited to the Executive Vice-President, Vice-President for Academic Affairs, Vice-President for Administration, Chief Student Affairs Officer, Assistant to the Vice-President for Educational Services, or University Judicial Officer.

2. Conditions of administrative suspension not within judicial system. In all cases under (a) and (b) above, where a student is suspended as a result of a charge against him, the student charged shall be entitled to an administrative hearing within forty-eight (48) hours after written request thereof is delivered to the Chief Student Affairs Officer, or in his absence, the Assistant to the Vice-President for Education Services provided that the time period prescribed herein above shall not include weekends or holidays. Written notice of the time and place of such hearing, along with the name of the hearing officer, shall be transmitted in writing to the student charged. If a hearing is not held within forty-eight (48) hours as herein provided, the suspension shall be automatically lifted, provided that a delay caused by the student or by circumstances beyond the control of the University shall toll (stop) the running of the forty-eight (48) hour period, and the suspension shall be continued.

3. Jurisdiction at Preliminary Hearing. The jurisdiction of the hearing officer at the hearing shall be limited to the question of whether or not the suspension shall continue until a hearing is held on the merits of the case in the University Judicial System.

6C2-3.012 Student Housing.
(1) Definitions. When used in this rule the following words shall have meaning described herein, unless otherwise clearly indicated in the text.
(a) “Academic year” means the fall and spring semesters, and may include either or both of the summer sessions that the student is enrolled. An academic year is less than 52 weeks.
(b) “Housing contract” means a binding contract in which the University promises to provide University housing to the student, and the student promises to pay for such housing, and to abide by the contract provisions and University rules.
(c) “Enrollment period” means fall and spring semesters combined and either or both summer sessions.
(d) “Residential facility” means a dormitory, apartment building, house, or other type of building owned or operated by the University for housing purposes, except for sorority, fraternity and athletic facilities.
(e) “Residence” means the individual living unit within a residential facility.

(2) Policies and Goals.
(a) It is the policy of the Board of Regents and the Florida State University to acknowledge the right of privacy of students in their residences. The student’s personal property shall not be subject to search without the student’s approval unless there are reasonable grounds, based upon the circumstances, for the Director or the Associate Director of Resident Student Development to believe that the residence is being used for purposes that jeopardize the health or safety of persons or university property, or that constitute offenses of the Student Conduct Code, or are illegal.
(b) In providing, administering and maintaining student housing the University’s goals are to promote:
1. The safety and welfare of students; and
2. The development of social responsibility and leadership in students.
   (c) To facilitate achieving these goals the Director of Resident Student Development shall have such power and authority as
       are necessary and incidental to administering the housing program, including authority to authorize searches.
   (d) Visitation. Visitation schedules specify when and if residents may have visitors of the opposite sex in their rooms. Lounges
       and recreation rooms in a residence facility may be designated for use by residents and guests of the opposite sex independent of
       the visitation policy for the facility. It is the policy of the Florida State University to provide a range of options for visitation
       schedules in residence facilities to accommodate varying preferences of residents. Students may select options ranging from full
       visitation at all times, to no visitation at any time, with an intermediate option of visitation allowed during specific times, at
       particular facilities.

(3) Eligibility and Assignment Priorities.
   (a) All full-time, degree-seeking students are eligible to apply for University housing.
   (b) Students are assigned University housing on a priority basis as follows:
       1. Students in special programs, housed in a designated residential facility.
       2. Students who have resided in University housing during the preceding academic year, provided they apply during the
          advertised sign-up period. Those who fail to sign-up at the appropriate time shall lose any priority afforded by this provision.
       3. Chronologically by date and time their application for housing is received by the Office of Resident Student Development.
   (c) Students wishing to room together should submit their housing application on the same date and indicate on each
       application the name of the individual with whom they desire to live. If such applications are not received on the same date,
       students will assume the priority date of the latest applicant. Students who accept University housing agree to register for classes at
       the Florida State University, and remain enrolled during the period of the contract. Students will not be admitted to residence halls
       prior to the date and hour specified for opening in the housing contract, and must vacate by the date and hour specified for closing.
   (d) If space is available the Director of Resident Student Development has the authority to allow non-student University related
       groups to make arrangements for housing for participants in special programs (seminars, workshops) for limited periods of time.

(4) Housing Contracts.
   (a) Any student who wishes to live in University housing shall be required to enter into a housing contract.
   (b) When the University sends or gives an application for University housing to a student the University is making an offer.
       When a student completes the application and returns it to the University the student accepts the offer, and a binding contract is
       formed. However, the terms of the contract shall provide a grace period for and conditions for cancellation. An applicant may
       cancel the contract, and may be refunded all or a portion of any advance payments made, provided the University is notified of the
       applicant’s intent to cancel prior to the cancellation date specified in the contract. A resident shall only be released from the
       contract as specified in the terms of the contract, or in this rule. The University may cancel the contract if no housing unit is
       available to assign to the applicant or if the applicant is not admitted or readmitted to the University.
   (c) The Director of Resident Student Development or her designee shall have the authority to:
       1. Recommend fees or liquidated damages for any violation or breach of any of the terms or conditions in the contract;
       2. Assess and collect fees, penalties, damages, and other housing related payments or charges; and
       3. Waive or refund, partially, totally, temporarily, or permanently, any fees, payments, assessments, or other charges related to
          housing.

(5) Requests for Release from the Housing Contract.
   (a) Requests to be released from a Housing Contract shall be heard by the Housing Contract Committee. A majority vote of the
       Panel shall constitute the decision. Decisions of the Panels shall be final agency action unless appealed, or based upon false,
       misleading or erroneous information.
   (b) The Committee shall be composed of four student members and two staff members. For administrative efficiency the
       Committee may split into two hearing panels composed of two students and one staff member. All Committee members shall be
       appointed by the Director of Resident Student Development or her designee.
   (c) The Committee shall
       1. Notify the applicant of the time, date and place of the hearing at least 72 hours in advance of the hearing;
       2. Require an applicant to submit documented evidence of extenuating circumstances, or of an unexpected change in the
           student’s situation that occurred subsequent to entering into the contract and that would cause the applicant an unreasonable
           hardship unless released from the contract. An unreasonable hardship shall not include any act or omission on the part of the
           applicant; and
       3. Notify the applicant of the Committee’s final decision in writing, within five days of the applicant’s hearing date, or in five
           days of receipt of the request if the applicant does not apply for a hearing.
   (d) Rehearsals. An applicant for release from the housing contract may request a rehearing by the Committee only if new
       information becomes available or if the applicant discovers that some information relied upon by the Committee was false or
       erroneous.
Appeals. Within five class days of the date of a decision an applicant may appeal the decision by filing an objection with the Assistant Director of Resident Student Development. Within five class days of receiving an appeal the Assistant Director shall advise the appellant of the time, date, and location of the hearing, if granted. Within five days of the date of the hearing the Assistant Director shall, in writing, advise the appellant of the decision. If the student appeals the Associate Director’s decision to the Director the same schedule applies and the decision of the Director constitutes final agency action.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (12), (13), 243.04(1), (4), (5) FS. History–New 9-30-75, Formerly 6C2-3.12, Amended 7-8-86.

(1) Purpose. The purpose of this rule is to provide a procedure which:
(a) Assures full and complete implementation of Section 240.235(1), F.S.;
(b) Assures that continued compliance with other law and regulation is not impeded; and
(c) Facilitates effective interaction between the University staff and the Student Government Association (SGA) in the allocation and expenditure of funds derived from Activity and Service (A & S) Fees.

(2) A & S Recipient. The term A & S recipient as used throughout this rule means:

<table>
<thead>
<tr>
<th>A &amp; S RECIPIENT</th>
<th>A &amp; S RECIPIENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>NAME</td>
<td>HEAD</td>
</tr>
<tr>
<td>Campus Recreation</td>
<td>Director, Campus Recreation</td>
</tr>
<tr>
<td>Student Activities and Organizations (SA&amp;O)</td>
<td>President of Student</td>
</tr>
<tr>
<td>Oglesby Union (OU)</td>
<td>Director, Oglesby Union</td>
</tr>
</tbody>
</table>

Other units, offices, and activities may be allocated A & S funds regularly or sporadically but are not identified as designated A & S recipients.

(3) General Policies.
(a) The allocation and expenditure of the student activity fund shall be determined by the Student Senate provided that it shall act in accord with the applicable provisions of the Florida State University rules and the laws of the State of Florida.
(b) The authority and responsibility of SGA to determine the allocation and expenditure of A & S funds does not include:
   1. Administrative authority over the expenditure of funds by the A & S recipients; Campus Recreation and the Oglesby Union.
   2. Authority to enter into contractual agreements not otherwise authorized;
   3. Authority to in any way deviate from laws, regulations, and procedures pertaining to budgeting, allocation and/or expenditure of public funds of the State of Florida;
   4. Authority to impose upon Campus Recreation and the Oglesby Union a requirement to obtain SGA approval prior to expenditure of budget;
   5. Authority to hire, supervise, or terminate personnel of the A & S recipients; and
   6. Authority to make operational decisions of the A & S recipients; Campus Recreation and the Oglesby Union.
(c) No A & S fee recipient may discriminate, as defined by the Student Body Constitution and Statutes, in membership or otherwise.
(d) The Student Senate President and the Vice President for Student Affairs (VPSA) or their designees will schedule a joint orientation training workshop for the new Student Senate in each senate session.
(e) A & S fees, minus any applicable association Dues, paid by students enrolled at Panama City Campus, and Florence/London Study centers will be remitted to the appropriate campus.
(f) The allocation and expenditure of Panama City Campus (PCC) A & S fees shall be determined by the PCC Student Government Council in accord with the applicable provisions of the Florida State University policies and procedures, the Board of Regents rules, and the laws of the State of Florida, and shall not be subject to the A & S Guidelines that govern the Tallahassee SGA. The policies, procedures, and controls governing the allocation and expenditure of PCC A & S fees shall be delineated in the FSU-PCC A & S Guidelines, Chapter 603 of the Student Body Statutes, and the PCC-SGC bylaws.

(4) Depreciation and Reserve Accounts.
(a) Campus Recreation and the Oglesby Union will be required to establish a depreciation account for repair, replacement, and renovation of physical plant, furniture/equipment, and budgetary emergencies. A minimum annual amount and policies for these accounts will be established by student statute. The required contribution will be the first priority on self-generated funds from these two departments.
(b) The Vice President for Student Affairs’ Office will be required to establish a reserve account or A & S fees. This reserve will be utilized for cash flow needs, enrollment shortfalls, and budgetary emergencies. The minimum amount for the funds shall be established by student statute. In order to bring the reserve account for the A & S fees up to the required minimum, it shall have first claim on A & S dollars unencumbered or unexpended on June 30.
(c) In the event the A & S Reserve Accounts fall below the required level, the Vice President for Student Affairs (chair, no-voting), the recipient heads, the Student Senate President, and the Student Body Comptroller shall decide on an equitable contribution schedule.
(5) Allocation Procedure.
(a) Projected collections of A & S fees for the period July 1 through June 30 comprise the A & S funds available for allocation for the first year. The VPSA will determine in collaboration with the University Budget Officer, the projected enrollment and projected collections. The VPSA will estimate the amount of A & S fees to be available and explain the estimate to Student Government.

(b) APPROXIMATE CALENDAR
April 15 VPSA informs Student Senate and each recipient of the projected credit hours for FY2.
April 25 The schedule of budget hearings, budget request forms, and instructions are delivered to A & S recipients.
May 2 Deadline for receipt of all budget requests.
June Student Senate conducts budget hearings.
July Student President submits recommended A & S budget and fee level to VPSA.
October A & S fee Committee meets and recommends A & S fee level. If a higher fee level is approved than is recommended by Student Senate, any additional revenue over the approved budgets shall go to the Senate for reallocation. If a lower fee is approved, all three recipients budgets shall be reduced at the same percentage. Exception to this procedure shall be allowed for increases/decreases in legislative mandate.

(c) The Oglesby Union Board and Campus Recreation Board will each approve their budget and will present the budget to the Student Senate at the category (OPS, Expense, Salary, OCO) level. The Student Senate will allocate the Oglesby Union Board and the Campus Recreation Board by category. Budget policies and procedures for the Union Board and the Campus Recreation Board will be established by their respective boards and approved by Student Senate.

(d) Student Activates and Organization (SA & O) will present their budget requests as determined by the Student Senate procedures.

(e) Special A & S requests may be submitted to the Student Senate by any recipient and an ensuing allocation may be submitted to the VPSA at any time that unallocated funds are available.

(f) Upon approval of allocations by the University President, or his designee, the VPSA shall notify the recipients and authorize them to establish budget accordingly.

(g) If the University President, or his designee, vetoes the budget, a rationale must be provided to the Student Senate at the time of the veto with suggested alternatives for reallocation.

(6) Expenditure Control.
(a) Expenditures shall be consistent with the purpose and intent expressed in the allocation. After an allocation is approved by the VPSA, budget for SA & O may be transferred from one account to another and may be revised from one expenditure category to another with prior approval by Senate action. Prior approval is not needed for the Oglesby Union Board or Campus Recreation Board for changes within category. Changes from one category to another shall require the prior approval of the Student Body President and the Senate President.

(b) A & S recipients shall maintain separate accounting of A & S funds to facilitate audit and/or review by Student Senate President and others. The departmental ledger and supporting documents shall be reconciled each month and shall be available for review by the Student Body Comptroller to ascertain propriety of A & S expenditures.

(c) At the end of each fiscal year, each recipient shall determine the amount of A & S funds expended, the amount encumbered and not yet expended, and the amount available for sweepings. This information plus similar information on non-A & S income will be reported to the Student Body Comptroller two weeks after the inauguration of the fall Senate. The format will be decided upon by the recipients and Student Government.

(d) Both the Oglesby Union and Campus Recreation shall be required to report to the Student Senate, all their revenue on a monthly basis. This shall include, but is not limited to A & S Fees, E & G Funds and all self generated revenue.

(7) Sweepings.
(a) After required allocation to the reserve account, the next priority on sweepings that come from the Oglesby Union and Campus Recreation will be to restore amounts expended from the Oglesby Union and Campus Recreation’s replacement and renovation (R&R) accounts in that fiscal year. The remaining balance will be remitted to Student Senate.

(b) All recipients shall be informed of the sweepings amount available and shall be eligible to request additional funding.

(c) Once allocated funds, monies may be returned to Student Senate only through sweepings or by prior approval of the recipient.

(8) Amendment Procedure. These guidelines will be reviewed on a timely basis. Amendments to the A & S Guidelines may be considered at any time upon the written request of any recipient, Student Senate, or the VPSA. At that time a committee shall be formed, composed of VPSA or his designee, each A & S recipient head, the Student Body Comptroller, the Student Senate President, Chair of the Union Board, Chair of the Recreation Board, a representative of the University Budget Office, and the head...
of SA & O Accounting. The committee shall prepare the proposed amendment and submit it to the Student Senate for approval. Following Student Senate approval, the amendment will be forwarded to the VPSA for approval and initiation of formal rule promulgation.

Specific Authority 240.227(1) FS. Law Implemented 240.235(1) FS. History–New 9-30-75, Amended 4-7-83, 1-6-86, Formerly 6C2-3.35, Amended 4-18-96.

6C2-3.037 Financial Aid.

(1) Introduction. Florida State University operates a comprehensive program of student aid consisting of grants and scholarships (gift aid), loans, fee waivers and employment. The program provides assistance to students who without such aid would be unable to attend or remain in the University and has as a goal the attainment of equality of educational opportunity. It is the policy of the Office of Financial Aid to administer financial aid awards uniformly and equitably in accordance with existing regulations and without regard to sex, race, color or creed. Financial assistance is awarded on the basis of demonstrated need. Assistance is normally provided as a package combining a loan, a grant or scholarship to those who qualify, and a work-study award. The Office of Financial Aid follows the requirements of both state and federal law pertaining to student financial aid including the requirements that students meet standards of satisfactory progress and academic good standing to be eligible to receive funds.

(2) Definitions.

(a) Academic Good Standing – a status in which grade point average (GPA) is high enough to allow a student continued enrollment in a degree granting program at FSU.
(b) Deferral – an authorized delay in payment of fees owed the university.
(c) Dependent Student – one who is not an independent student.
(d) Documented Financial Need – the amount of financial aid needed by a student to supplement the student resources to meet a standard budget as determined by the University.
(e) Full-time Student – one enrolled for a minimum of 12 semester hours.
(f) Guaranteed Student Loan – moderately low interest loans made available to students through private lenders such as banks and S & L associations. An analysis of financial need must be submitted.
(g) Independent Student – a student who:
1. Has not been claimed and will not be claimed as an exemption for federal income tax purposes by his/her parents;
2. Has not received and will not receive financial assistance of more than $750 in each year from his or her parent(s); and
3. Has not lived and will not live for more than six weeks (a total of 42 days) in each year in the home of his or her parent(s).
(h) Half-time Student – one enrolled for a minimum of 6 semester hours but fewer than 12 hours.
(i) Probationary/warning – notification of impending ineligibility for future receipt of financial aid.
(j) Resided in – means principal presence in Florida exclusive of temporary periods of absence such as vacations or study abroad.

(k) Resources – resources include, but are not limited to:
1. Funds a student may be entitled to receive from a Pell grant upon application.
2. Tuition and fee waivers.
3. Scholarships or grants, including athletic scholarships.
4. Fellowships or assistantships.
5. Insurance programs for the student’s education.
6. Social Security benefits (except that part included as a part of student’s estimated family contribution).
7. Guaranteed student loans.
8. Parent Loans for Undergraduate Students (PLUS), or Auxiliary Loans to Assist Students (ALAS).
9. Long term loans made by the University.
10. Net earnings from employment (gross earnings minus taxes and job related costs).

(l) Satisfactory Progress – academic credit progression toward successful completion of course requirements for a degree or certificate.

(m) Suspension – a temporary status creating ineligibility of student to continue receiving financial aid.

(n) Termination – cessation of financial aid eligibility.

(3) Financial Aid Committee. The Vice President for Academic Affairs shall periodically appoint a Financial Aid Committee which shall make policy recommendations regarding the administration of scholarships, grants, loans and student employment. The Committee shall recommend specific financial aid programs’ objectives and shall facilitate the operation of financial aid activities.

(4) The University has been designated to certify student eligibility and to verify financial aid information and applications for federal and state financial aid available under Title IV Pt B of the Higher Education Act of 1965 and through Chapter 240, F.S.

(5) All information and data collection coordination regarding financial aid, except fee waivers, shall be available through the Office of Financial Aid. Information about fee waivers is available through the departments or divisions offering the waivers. For students on the Panama City campus, all information is available from the Office of Student Services on that campus. The Office of Financial Aid shall publish annually, and shall make available upon request a list of financial aid sources available through that
office including grants, scholarships, loans, and work-study programs and shall include criteria for application and selection. It shall also distribute information about financial aid resources available through state and federal aid programs. The Office of Financial Aid shall publish, distribute and post application deadline dates not later than January 15 of each year.

(6) Application Procedure.
(a) All student aid applicants must file a University application for assistance. A completed application should be in the Office of Financial Aid on or before April 1 for the following school year. Those who complete the application process after that date and who are eligible will be considered and assisted to the extent that funds permit.

(b) The student and/or his/her parent(s) must submit a need determination form, either the American College Testing Program (ACT) Family Financial Statement (FFS) – the preferred document – or the College Scholarship Service (CSS) Financial Aid Form (FAF). The parent(s), the student, or both complete(s) the information form based upon the student’s dependency status as specified now or in the future by the U. S. Department of Education.

In addition to the ACT FFS or CSS FAF, other forms required for University financial aid assistance include:
1. Application for admission (if applicable);
2. Financial aid transcripts from previously attended institutions (if applicable);
3. Copies of signed income tax forms for the previous year;
4. Alien registration card (if applicable);
5. Veterans benefit documentation (if applicable);
6. Social security benefit documentation (if applicable);
7. Certification of registration with selective service or certification that student is not required to register;
8. Signed statement of educational purpose. The financial aid award process cannot begin until all required documentation has been received by the Office of Financial Aid. Failure to accurately report information such as one’s financial aid history, including previous loan defaults, may result in the suspension or termination of financial aid eligibility.

(c) Financial assistance is normally granted by the University on an academic year basis. It is necessary to file a new application for all types of financial aid each year. Reapplications should be filed annually beginning no earlier than January 1st. Applications for summer term assistance are available each year on or about February 15.

(d) A student does not have to be accepted for admission to the University before applying for financial assistance. Awards, however, are not made until the student is admitted to the University. Admission decisions are made without regard to the financial need of the applicant.

(7) Family Contribution. The applicant and the applicant’s parents have the primary responsibility to finance a college education. Financial assistance from the University is to be used to supplement, not replace, the resources of the student. Students who need financial assistance are expected to provide self-help through programs of borrowing and/or employment. Any changes in the student’s personal or family financial status must be reported immediately to the Office of Financial Aid. Failure to properly notify the Office of Financial Aid of changes in financial situations may result in cancellation, reduction or repayment of financial aid.

(8) Awarding. Students are notified of awards by the Office of Financial Aid as soon as possible. This notification date depends on a number of factors, the most significant of which is receipt of federal and state allocations. In awarding assistance, financial need and academic merit as appropriate shall be given primary consideration.

(9) Overawards. A student is considered overawarded if he receives assistance that is $200.00 greater than his demonstrated need. All financial assistance including fee waivers, scholarships, fellowships, assistantships, on and off-campus employment shall be considered as part of a student’s assets. Adjustments in award amounts will be made when a student is found to be receiving more than their determined need or the allowable cost of attendance. Special needs (e.g. medical bills, burial expenses and other emergencies documented by the student or counselor, and approved by the director), may result in review and possible recalculation of demonstrated need.

(10) Tuition Fee Payments.
(a) Current semester tuition charges are assessed against each student’s financial aid check(s) at the time of check distribution. When the student signs all checks, a deduction for the assessed tuition amount will be made. Financial aid students who pay tuition in advance of check distribution should get a receipt to present at the check distribution site for clearance. The student must present proof of payment to avoid being charged twice for tuition. Acceptable proof of payment consists of a receipt, cancelled check, or copy of billing or waivers. A validated ID is not proof of payment.

(b) Deferments. Tuition fee deferments may be granted only to student aid recipients whose authorized aid is unavoidably delayed. Students seeking a deferment of tuition payments must complete an application for a tuition deferment by the last scheduled day of check distribution in each school term to avoid payment of the $25 late fee. Deferments expire no later than the last day of classes for the semester. Failure to pay the deferred tuition fees will result in cancellation of the student’s registration. Tuition deferments may not be given when a student, due to his own fault, does not receive his assistance on time. Deferments are good for one (1) semester and do not extend across semesters.

(c) University Housing Deferment Policy. Students receiving enough aid to cover both tuition and a portion of their housing may have payments on their housing deferred until check distribution week. The housing office will defer payment until check distribution based on a listing provided by the Office of Financial Aid of students receiving financial aid.
(d) Installment Plan. Financial aid recipients unable to pay a tuition bill can apply for the tuition installment plan. The initial installment payment must include the health fee (if required by law as a separate fee) and half of the total tuition fees less waivers and third party billing. The balance of tuition fees is due by the end of the seventh week of classes regardless of whether financial aid checks have been received. Failure to pay by that date will result in the cancellation of registration. Students on the installment plan cannot be issued deferments.

(11) Confidentiality. All records and conversations between an aid applicant, his family and financial aid administrators are confidential and no public announcement shall be made of amounts awarded. Requirements set forth in Section 228.093, F.S. and in 20 USC 1232(g) with regard to confidentiality of student records will be adhered to.

(12) Financial Need Determination. Student need will be determined by subtracting family and student financial contributions, plus other outside resources and assistance, from budgets as shown on the standard budget description, available from the Office of Financial Aid.

(13) Emergency and Delayed Delivery Loans.

(a) The Office of Financial Aid may provide emergency loans in order to ease undue hardships or contingencies. The maximum loan is $150 and a cosigner is required; however, a cosigner is not required for loans of $100 or less. Emergency loans have an interest charge and must be repaid within three (3) months. Exceptions may be made at the discretion of the Director of Financial Aid. Other emergency loan funds may be available to students from other offices and the purpose and intent of those loans and the eligibility criteria may vary.

(b) Delayed Delivery Loan. If a student’s awarded financial aid is not available at the time fees are to be paid, the student may be eligible for a delayed delivery loan, to a maximum of $150. Delayed delivery loans are available to full-time students enrolled in the current semester whose anticipated financial aid is sufficient to cover all charges owed to the University plus the amount of the loan. Delayed delivery loans accrue no interest and must be repaid when the financial aid check is received. Exceptions may be made at the discretion of the Director of Financial Aid.

(14) Student Contributions. All applicants are expected to work and to save funds to be used in meeting their educational needs. The expected yearly contribution from a student’s earnings and savings is $900 for dependent students and $1200 for independent students. Special family circumstances as determined by a financial aid professional counselor may alter the student’s contribution.

(15) Required Hours of Enrollment. Registration for twelve hours is considered full-time enrollment and registration for six to eleven hours is considered half-time for financial aid eligibility purposes. All half- or full-time students receiving financial aid must meet the Standards of Satisfactory Progress and Academic Good Standing as outlined below. Students in attendance for less than six hours are ineligible for financial aid. Special students are categorically ineligible for financial aid with the exception of Guaranteed Student Loans.

(16) Standards of Satisfactory Progress. Standards of satisfactory progress and academic good standing are applied to the cumulative academic record of the student. Undergraduate students must:

(a) Meet the cumulative grade point average required by the retention policy of the university. Cumulative grade point averages are reviewed at the end of each term from academic retention data furnished by the Office of Records and Registration. Students who are allowed to continue a degree granting program are eligible for future financial aid consideration.

(b) Complete their educational objectives within a time frame of 240 semester hours attempted. The 240 hour time frame evaluation will be made at the end of each term.

(c) Progress toward earning a degree by satisfactorily completing at least 50 percent of all hours attempted (cumulative) as calculated by the university. The 50 percent progress increment (the ratio of hours completed to hours attempted) will be calculated annually at the completion of the spring term. Graduate and professional students must meet the intent of the policy and procedures outlined above. The time frame for each graduate or professional degree is 120 hours attempted and the progress increment is 50 percent. Attendance in a degree granting program attests to academic good standing.

(17) Financial Aid Probation, Suspension and Termination. Student financial aid may be suspended or terminated under the following conditions:

(a) Suspension. Students who do not meet the minimum standards of satisfactory progress and academic good standing described above will be notified in writing of their probationary status or of the suspension or termination of their financial aid eligibility. The communication will be sent to the address on record for the student in the Office of Records and Registration. Students placed on academic warning or probation by the University are considered to be on financial aid probation. Students who do not meet the minimum incremental progress requirement of 50 percent will also be placed on financial aid probation until the following annual review. Financial aid eligibility will be suspended or terminated when the student has:

1. Been academically dismissed by the university.
2. Attempted the equivalent of 240 course hours of study as determined by the university, or
3. Not met the 50 percent incremental requirement following the one-year probationary period.

The suspension period will remain in effect until the student meets the standards of satisfactory progress and academic good standing. Students in attendance in a degree granting program via academic exception or reinstatement may be eligible for financial aid. Students who regain financial aid eligibility may apply for available funds at that time.
(b) Effects of Incompletes, Remedial and Repeated Courses. Students who receive “I” or “NG” grades at the time of evaluation will receive a one-semester grace period on financial aid. Records will be re-evaluated at the end of the next semester for which the student is enrolled. If the “I” or “NG” has not been changed to a letter grade and the Office of Records and Registration has not been informed of an extension, the student will be assigned the grade of “IE” or “NG” which will be computed as an “F”. Such action may result in the student being placed on financial aid probation or suspension. All grades, including remedial coursework, will be considered at face value for the purpose of determining the cumulative grade point average for financial aid eligibility.

(c) Effect Of Withdrawal. Withdrawal from classes may result in failure to meet the Standards of Satisfactory Progress and Academic Good Standing. Students who officially withdraw from classes because of mitigating circumstances such as, but not limited to, medical, military or death in the family, may appeal their financial aid probationary or suspension status. Upon withdrawal from the University all or part of a financial aid award may have to be repaid. If the withdrawal occurs before classes begin, all financial aid issued must be returned. If withdrawal occurs after classes begin, repayment of the disbursed aid is expected on a pro-rated basis. If a student withdraws before full financial aid disbursement has occurred, the financial aid sources specified in the University financial aid refund/repayment procedures will be applied to University charges accrued by the student, including housing and tuition and fee costs.

(d) Overaward. If a student has been overawarded, further financial aid may be suspended.

(18) Appeals from the decisions of the Office of Financial Aid with regard to financial aid status or awards may be made in the following ways:

(a) Appeal of Award Decision. If a student believes the award request was not given proper or adequate consideration, the student is afforded the opportunity to appeal.

1. If a student upon receiving notice of an award decision disagrees with that decision, the student must first attempt to resolve the issue through discussion with a financial aid officer within 10 work days of the date of notice from the University.

2. If the problem results from policy, the student shall meet with an Assistant Director of Financial Aid who will review the student’s file in detail and attempt to resolve the student’s concern. Such meeting shall be within 10 work days of the above meeting with a financial aid officer. If the matter is not resolved, the student shall submit an appeal form to the Assistant Director who will prepare a recommendation for the Associate Director. Such recommendation shall be filed with the Associate Director within 5 work days of receipt of the appeal form.

3. The Associate Director of Financial Aid will review the appeal and recommendation and take action within 5 work days of receipt.

4. The Associate Director will notify the student of the decision in writing.

5. If the student is dissatisfied with the appeal decision, the student may request in writing to have the appeal file forwarded to the Director of Financial Aid for review and reconsideration. The Director will make the final departmental decision concerning the appeal within 5 work days and notify the student in writing.

6. If the student is still dissatisfied with the decision, the student may file a written request for review by the Dean of Undergraduate Studies within 10 work days after the date of decision from the Director of Financial Aid.

(b) Appeal upon Failure to Meet Standards of Academic Progress.

1. Upon receipt from the University of notice of suspension or termination of financial aid a student may file a written appeal with the Office of Financial Aid. Such appeal must be filed within 15 work days from the date of the suspension/termination notice from the University. The written appeal shall state with specificity the basis on which the student is appealing and should include all documentation of mitigating circumstances such as change in program of study, illness, etc.

2. Written appeals will be reviewed by an Appeals Committee appointed by the Director of Financial Aid. The Appeals Committee shall approve or deny the student’s appeal.

3. The Appeals Committee shall notify the student in writing of approval or denial of the appeal within 10 work days of the receipted date of that appeal. Notification will be sent to the address on file in the Office of Records & Registration.

(c) Appeal of Financial Aid Probation/Suspension Based on Academic Probation/Suspension. Grade point averages are calculated by the Office of Records & Registration and probation or suspension status is determined by that office. All appeals with regard to grade point averages, academic status, and total hours attempted are governed by Rule 6C2-5.004, F.A.C.

6C2-3.038 Assistantships.

(1) Graduate assistants are selected by academic departments for duties connected with instruction or research, of mutual benefit to the University and the student. Only students with regular graduate student status are eligible for graduate assistantships; “special” students are ineligible. Application for a graduate assistantship should be made to the chairman of the major department. The stipend varies, depending upon the amount of service rendered, the nature of the service, and the qualifications of the student. Stipends for half-time graduate assistants begin at $277 per month. Applications will be accepted at any time. Graduate assistants, one-third time or more, may request a waiver of the out-of-state tuition fee but must pay the full registration fee according to the hours carried. Graduate assistant stipends for service are normally subject to federal income tax. Teaching assistants classified as part-time faculty must also pay the full registration fee according to the hours carried.

(2) Graduate assistantships for academic years are renewable annually. After this period the student must successfully complete the prior year’s assignments and be recommended for renewal by the department. Failure to remain in good academic standing and maintain the required minimum grade point average may result in suspension of teaching assistantship. The number of units taken will be charged to the unit’s or department’s bill.
(2) A student whose application for an assistantship is under consideration must also complete his application for admission through the Office of Graduate Admissions in the usual manner.

(3) To remain eligible for an assistantship, a student must discharge his duties satisfactorily and achieve a grade of “B” in at least one-half of the course work carried each quarter. No graduate student with less than a 3.0 cumulative grade average is to be continued more than one (1) quarter as a teaching assistant. All teaching assistants with full responsibility for a course must have either a baccalaureate degree and two (2) years of teaching experience or a master’s degree.

6C2-3.045 College of Law Student Conduct Code.

(1) Definitions and Violations. This Code defines and prohibits:

(a) Cheating. Cheating is receiving or giving unauthorized aid or assistance in the completion of examinations or of any other work used in evaluating a student’s academic performance.

(b) Plagiarism. Plagiarism is representing the work of another as the student’s own. Students are expected to know and employ accepted conventions of citation and attribution. Failure to indicate quoted or paraphrased sources constitutes plagiarism. More specific definitions of plagiarism for particular courses or in particular contexts may be supplied by a course instructor, editor, or faculty employer of a student. A student should request clarification in case of doubt. Any student charged under this section may prove by a preponderance of the evidence that the misrepresentation of work resulted from mistake or inadvertence as a complete defense.

(c) Library Offenses. Library offenses are sequestering, hiding or mutilating library materials, or using the library or library materials in a manner which violates official library rules on manner or length of use.

(d) Disruption. Disruption is disturbance of or interference with the scholarly pursuits of the College. It includes, but is not limited to, interference with the conduct of an examination, defiance of rulings or instructions issued by an instructor or proctor in the course of an examination, and defacing or destroying class notes, drafts, or any other scholarly or administrative work product of faculty, fellow students, or other users of College facilities.

(e) Fraud. Fraud is material falsification of documents or any other form of deceit or misrepresentation committed in regard to the administrative or academic processes of the College of Law.

(f) Other Serious Misconduct. Other serious misconduct is intentional and serious offenses involving acts for which criminal or other punitive sanctions are provided by federal, state, or local law, or ordinance that directly relate to a student’s fitness to continue as a student at the College.

(2) Procedures.

(a) Initiation of Code Violation Investigation. Students, faculty and staff of the College are expected to inform the Dean of any facts constituting cause to believe a violation of this Code has been committed, or will be committed. Failure to report information is not a violation of this Code. The information required under this section may be communicated in confidence, and the fact that such a communication has been received shall not be disclosed until the Dean determines that probable cause exists.

(b) Investigation.

1. The Dean shall appoint a faculty member as investigator upon determining that the reported facts constitute probable cause to believe a violation of this Code has occurred. The investigator should not be either an accuser or anticipated witness in the matter.

2. The investigator shall:
   a. Notify the accused of the allegations, the investigation, and the accuser;
   b. Interview all persons believed to have knowledge of the facts and circumstances surrounding the alleged offense, provided such persons are within the reach of the investigator without subpoena powers;
   c. Interview the accused if considered appropriate and if the accused agrees, provided that the accused may terminate the interview at any time;
   d. Report findings and recommendations to the Dean. A recommendation to terminate shall give reasons. In either case, a recommendation shall be supported by documentation as to the findings.

(c) Dean’s Review of Recommendations. The Dean shall review the investigator’s findings and recommendations. The Dean may accept or reject recommendations in whole or in part, and may adopt or revise a proposed complaint. The Dean may also initiate a complaint although the investigator has recommended a termination of proceedings, but the Dean must provide a statement of reasons and documentation explaining the decision to proceed.

(d) Proceedings After Dean’s Review.

1. After review the Dean shall advise the accused in writing of a decision to terminate proceedings or to proceed with a complaint. A decision to terminate is final and concludes the matter. A decision to proceed shall be accompanied by copies of the complaint, the investigator’s findings and recommendations, and the documentation supporting them. The accused shall also be provided with a copy of this Code.
2. Unless the accused admits guilt in writing within fifteen school days after receiving a decision to proceed, the Dean shall appoint a panel to hear the case. The accused, upon admission of guilt, may also demand a hearing for the sole purpose of presenting matters in mitigation.

3. Every hearing panel shall consist of three permanent faculty members and two students, all of the College of Law. Student members shall be appointed after consultation with the Student Bar Association. Notice of appointment shall be given to panel members and to the accused, with the notice designating the Chair. The Chair shall make arrangements for meetings, the attendance of witnesses, the reproduction of necessary documents, and the recording of proceedings.

4. Unless the Dean directs otherwise, the investigator shall present the case against the accused. The investigator shall also present any evidence tending to exonerate the accused. However, no accuser or potential witness may present the case.

(e) Hearings.
1. Hearings shall be scheduled at the convenience of all participants, and upon notice to the accused. Unless the accused consents, the first hearing shall not be scheduled within ten school days of the appointment of the panel.
2. Hearings shall not be governed by formal rules of evidence. An accused is entitled to present evidence in person, or through an attorney or other counselor, or both. No faculty member shall represent an accused. Paid counsel must be supplied by the accused. An accused is entitled to present witnesses and documentary evidence, to cross-examine any witnesses, and to inspect and inquire concerning any evidence. Upon request, the Chair shall make every reasonable effort to secure the presence of witnesses or documentary evidence for the accused. In exercising any of these procedural rights, an accused may address both innocence and matters in mitigation.

(f) Panel Procedure After Hearings.
1. After final hearing the panel shall meet in closed session upon call of the Chair to discuss and consider the case, to determine guilt or innocence, and to consider sanctions upon determination or admission of guilt. One or more sessions may be held.
2. The standard of proof for conviction is clear and convincing evidence. Findings of fact shall be based exclusively on evidence of record.
3. A vote to convict and a vote as to any sanction requires the concurrence of at least four members.
4. The panel shall submit to the Dean a written summary of its factual findings, its finding of guilt or innocence, and its recommendations as to sanctions. The panel may also recommend terms for suspension of any sanctions. This summary should be made within five school days of the final hearing. The Dean shall make available to the accused a copy of the panel’s recommendation and shall allow the accused at least ten calendar days in which to submit written exceptions to the recommendation. When a case involves multiple charges and/or multiple accused persons, each charge and accused shall be separately covered in the findings and recommendations.

(g) Sanctions. A student convicted of a violation of this Code is subject to one or more of these sanctions:
1. Expulsion from the College of Law;
2. Suspension from the College of Law for a specified period of time;
3. Loss of privileges to participate in any nonrequired course, program or activity of the College of Law;
4. Replacement, repair or restitution for damaged, destroyed or stolen property;
5. Written reprimand to be included in the student’s permanent records;
6. Oral reprimand;
7. Disclosure by the Dean to the College of Law and Bar agencies.

(h) Disclosure. Disclosure to the Bar of any proceeding, regardless of the result, by the Dean or the accused student, may be required by Bar rules.

(i) Imposition of Sanctions.
1. A panel finding of innocence as to any charge terminates the proceedings, upon delivery of the written report to the Dean. A panel recommendation that no sanctions be imposed upon a finding of guilt as to any charge terminates the proceedings as to sanctions.
2. The Dean shall review all findings as to guilt and mitigating matters, and all recommendations to impose sanctions. Rejection by the Dean of a finding of guilt terminates the proceedings.
3. When sanctions have been recommended, the Dean may determine to impose them or to reduce or suspend them in whole or in part. The Dean shall promptly communicate this determination to the student in writing.
4. Upon being informed of sanctions proposed by the Dean, the student may request a faculty review provided five faculty members join in the request. If faculty review is requested, the faculty by majority vote may reduce or suspend the proposed sanctions in whole or in part. Faculty review must be requested in writing within five school days after a student is informed of proposed sanctions.
5. The Dean imposes those sanctions not reduced or suspended as a result of faculty review.

(j) Action by Dean’s Representative. Whenever this Code specifies that any action is to be taken by the Dean, it may be performed by an Associate Dean, except that only the Dean or an Acting Dean designated by the University may perform those duties specified in subsection (i) of this rule (Imposition of Sanctions).

(k) Timeliness. All actions prescribed or authorized by this Code shall be accomplished as expeditiously as possible, except where the Code expressly provides otherwise or where prejudice to an accused or convicted student would result.
6C2-3.050 Educational Research Center for Child Development.

(1) The Educational Research Center for Child Development (Center) operates under the supervision of the Division of Student Affairs at the Florida State University (FSU).

(a) The Center’s goals are:
1. To provide quality affordable child care;
2. To give an educational experience to children;
3. To conduct child research; and
4. To provide a setting for experimental learning.

(2) The Center shall be governed by a Board of Directors.

(a) The Board of Directors (Board) shall include the University President, the Student Body President, the Chairman of each Department participating in the Center, or their designees, one parent representing each 50 students; and the Director of the Center shall serve as an ex officio, nonvoting member.

(b) The University President designates the Vice President of Student Affairs to be his representative on the Board of Directors.

(c) The parent member(s) of the Board shall be elected as follows:
1. One parent shall be elected to represent 50 children enrolled in the Center.
2. Each January all parents shall have the opportunity to nominate a representative for placement on an election ballot.
3. An election ballot shall be prepared and ballot shall be sent to each parent for voting.
4. In the case of a tie, a runoff election shall be held.

(d) The Board shall:
1. Adopt admission policies;
2. Adopt criteria for identifying major research projects; and
3. Not allow major research projects to be conducted at the Center without the Board’s prior approval.
4. Be responsible for ensuring that the Center is operated in accordance with the laws of the State of Florida and the rules of the Board of Regents and FSU.

(3) The Center’s admission policy shall be designed to provide educational opportunities for a cross-section of the University and local communities. The Center may admit students whose parents are not students, faculty or staff at FSU, when necessary to achieve a balance of characteristics for research purposes.

(4) The establishment and operation of the Center may be funded from the Capital Improvement Trust Fund, grants, donations, user fees and other sources consistent with existing law and rules.

(5) The Center may charge user fees. The Board may adopt a sliding scale and a procedure for calculating user fees based on the parents ability to pay and other relevant factors. The calculation process and the sliding scale adopted by the Board shall not be implemented until approved by the Board of Regents. Any subsequent changes in the sliding scale, the calculation process, or the factors upon which they are based, shall not be implemented until approved by the Board of Regents.

(6) The Center furnishes internships and clinical experiences for FSU graduate and undergraduate students who may be classified as participating or work-study students, or interns.

(a) Interns shall be supervised primarily by an academic faculty member and secondarily by the Center’s staff. To establish an internship program the Center and the academic department shall jointly adopt guidelines for the use and supervision of student interns. No internship program shall be implemented until the Board has adopted guidelines for that program.

(b) The Board shall also adopt guidelines for the use and supervision of work-study and participating students. The Center shall be primarily responsible for all supervision of work-study and participating students. Students may be appointed to the roles of teacher aide, teacher assistant, graduate assistant or research assistant. The student’s role shall be based on:
1. The student’s needs and skills;
2. The academic requirements of the student’s degree program; and
3. The staffing needs of the Center.

(c) Students may also visit the Center for the purpose of observation. To preserve the orderly functioning of the Center, student observers shall be required to follow any instructions given by the Center’s staff.

(7) Research projects shall meet all Florida State University rules, policies and procedures addressing experimentation on human subjects. No research project shall be implemented unless the Board’s prior approval has been obtained.

(8) Guidelines for the receipt and monitoring of funds. The Center shall comply with all applicable state laws, FSU and Board of Regents rules, policies and procedures for receiving, disbursing, monitoring, accounting for, and auditing funds. The Center’s annual budget, and any significant changes, shall not be implemented until approved by the Board.

Equal Opportunity, Employment, Child Labor and Nepotism.

(1) Equal Opportunity. The Florida State University is committed to providing equal employment opportunity and nondiscrimination towards applicants and employees with respect to race, color, religion, age, disability, gender, marital status, national origin, and veteran status consistent with Federal and State law. This commitment applies in all areas employing students, and all University personnel. It is also relevant to those aspects of the University concerned with the choice of contractors, suppliers of goods and services, and to the use of University facilities. The determination of the best qualified individual for employment and promotion purposes is to be based on the individual’s education, training, skills, and work experience. Discrimination against any individual because of race, color, religion, age, disability, marital status, national origin, or gender is expressly forbidden.

(2) Employment. This rule prescribes Human Resources policies for Florida State University Administrative and Professional employees (A&P), University Support Personnel System employees (USPS), and Other Personal Services (OPS) employees, unless otherwise exempted from these rules or inconsistent with an applicable collective bargaining agreement. These rules shall have University wide application by authority granted to the Board of Trustees (Board) in Section 1001.74(19), F.S.

(a) Human Resources Programs.

1. The University President, as the Chief Administrative Officer for the University, shall be responsible and accountable for administering the human resources programs for the University. The word “University” includes the Board of Trustees and the word “Chief Administrative Officer” includes the President or lawful designee.

2. The Chief Administrative Officer shall establish and maintain all policies, procedures, and records which are necessary to substantiate compliance with all laws and rules relating to employment.

3. The University will administer a classification and compensation plan.

(b) University employees are those persons who are lawfully employed by the designated hiring authority, receive financial compensation to perform services for the University, and whose work is directed by the University. The term “employee” does not include volunteers or independent contractors. University employment consists of the following defined categories:

1. A&P: positions assigned administrative and management responsibilities or professional duties at the department/unit, or above. Employees in A&P positions designated in the Executive Service serve at the will of the Chief Administrative Officer, do not have tenure, and have no expectation of appointment beyond a 60 day notice period. Executive Service positions report directly to the Chief Administrative Officer or designee.

2. USPS: positions assigned professional, paraprofessional, administrative, clerical, secretarial, technical, skilled crafts, service, or maintenance duties.

3. OPS: at-will, temporary employment.

(3) Child Labor. The University must comply with the provisions of the Florida Child Labor Law, Chapter 450, F.S., Part I, in the appointment and employment of minors.

(4) Nepotism.

(a) Employment of related persons in a single organization unit or in work-related organizational units is permitted, provided that such employment of A&P or USPS employees will not involve a conflict of interest, including but not limited to participation by the related person in making recommendations or decisions specifically affecting the appointment, retention, tenure, work assignments, evaluation, promotion, demotion, or salary of the related person. The President or designee responsible for the unit in which the relative will work shall determine and document in writing, prior to employment of related persons, that a conflict of interest will not occur. Such documentation shall be forwarded to the Assistant Vice President of Human Resources or Designee for approval prior to appointment.
(b) “Related persons” are those related to each other in one of the following ways: husband; wife; parent; child; brother; sister; spouse of a child, brother, or sister; or parents, child, brother or sister of spouse.

(5) Non-Citizens. Before they can be considered for employment, non-citizens must possess sufficient documentation which permits gainful employment in the United States as determined by the United States Immigration and Naturalization Service.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 9-30-75, Formerly 6C2-4.01, Amended 9-24-98, 4-16-03.

6C2-4.0015 Attendance and Leave.

(1) Faculty, A&P, and USPS employees are eligible for paid and unpaid leave and holidays. If determined to be eligible under the FMLA, OPS employees are eligible for unpaid leave. Hours of work requirements shall be administered consistent with the following provisions.

(2) Each employee is expected to work the number of hours in the employee’s established workweek unless on approved leave.

(3) The minimum workweek is 40 hours for full-time employees. Holiday pay and paid leave are not considered overtime and are paid at the employee’s regular pay rate. Approved leave will be adjusted to ensure an employee’s workweek will not exceed 40 hours.

(4) Compensatory leave shall consist of the following types and such unused leave shall be transferred or paid as follows:

(a) Overtime compensatory leave is provided in lieu of payment for overtime for nonexempt USPS employees at the rate of one and one half times the total hours worked beyond 40.

1. Overtime shall be paid no later than the end of the following pay period, unless accrued as overtime compensatory leave.

2. Unused overtime compensatory leave may be transferred unless the USPS employee’s nonexempt designation changes to exempt and such leave shall be paid at the employee’s regular rate of pay.

(b) Regular compensatory leave shall be provided to a USPS exempt employee for work beyond 40 hours on an hour-for-hour basis. The University will transfer or pay for unused regular compensatory leave with the approval of the Assistant Vice President for Human Resources or designee.

(c) Special compensatory leave is provided to USPS employees as follows:

1. Special compensatory leave is provided to compensate an employee for a University holiday when the employee observed the holiday and worked 40 hours the week during which the holiday occurred; the holiday falls on the employee’s regularly scheduled day off; or the employee is required to work the holiday.

2. Special compensatory leave is provided to compensate an employee for administrative leave for jury duty or court appearance provided in paragraphs (14)(a) and (b) below when the employee worked 40 hours the week during which the jury duty or court appearance occurred.

3. Special compensatory leave is provided to employees required to perform essential duties during an emergency closing for the hours worked during the closing.

4. Employees will be paid for a part or all accrued special compensatory leave at any time, with approval of the Assistant Vice President for Human Resources or designee. If the employee separates from the University, the employee shall be paid for all unused special compensatory leave at the employee’s regular rate of pay.

(5) An employee shall be paid proportionate to the time in pay status for all holidays designated for University employees.

(6) Leave shall be accrued while in pay status and shall be credited on the last day of that pay period or, in the case of separation, on the last day the employee is on the payroll.

(7) During approved unpaid leave, an employee may use accrued leave to continue the contributions to benefits and other expenses.

(8) Unless agreed otherwise, an employee shall be employed in the same or similar status upon completion of the approved leave period. While on paid leave, an employee may not be employed elsewhere unless the requirements for outside activity have been met.

(9) Sick leave accrual for full-time employees shall be as follows with proportionate accrual for less than full-time.

(a) Sick leave shall be accrued before use. There is no maximum on the amount of sick leave that can be accrued. Sick leave accrued prior to October 1, 1973, shall be used prior to any sick leave accrued after that date.

(b) Sick leave is authorized for the following purposes:

1. The employee’s personal illness, injury, exposure to contagious disease, a disability where the employee is unable to perform assigned duties, or appointments with health care providers.
2. The illness, injury, appointments with health care providers, or death of a member of the employee’s family.

(c) Notice of absence due to illness, injury, disability, or exposure to a contagious disease, shall be given on the first day of absence, except in the case of an extreme emergency.

(d) An individual who resigns from a governmental entity within Florida and is employed by the University may transfer accrued unused sick leave according to a reciprocal agreement.

(e) Upon separation, an employee with 10 or more years of state or University service shall be paid for one-eighth of all unused sick leave accrued prior to October 1, 1973, and for one-fourth of unused sick leave up to a total of 480 hours accrued after October 1, 1973, in accordance with Section 110.122, F.S. Upon reemployment by the University within 100 days or upon recall by the University within one year, all unpaid sick leave shall be restored and any sick leave paid at time of separation shall be restored upon reemployment. An employee with less than 10 years of state or University service shall not be paid for any unused sick leave.

(10) Annual leave for full-time employees shall be as follows with proportionate accrual for less than full-time. An academic year (39 weeks) faculty employee, a Developmental Research School faculty employee, and faculty employee appointed for less than 9 months shall not accrue annual leave.

(a) Annual leave shall be accrued prior to use unless annual leave is advanced by the Chief Administrative Officer.

(b) Employees may accrue annual leave in excess of the year-end maximum during a calendar year. Employees with accrued annual leave in excess of the year end maximum as of December 31, shall have any excess converted to post October 1, 1973 sick leave on an hour-for-hour basis on January 1 of each year. The employee will retain hours in excess of the year-end maximum with the approval of the Chief Administrative Officer.

(c) An individual who resigns from a governmental entity within Florida and is employed by the University, may transfer accrued unused annual leave according to a reciprocal agreement.

(d) An employee who separates from employment shall be paid for all unused annual leave hours up to the year-end maximum allowed for the pay plan. Upon reemployment by the University within 100 days or upon recall by the University within one year, all unpaid annual leave shall be restored and any annual leave paid at time of separation shall be restored upon reemployment. Upon entering into the Deferred Retirement Optional Program (DROP), employees may elect to be paid up to the year-end maximum of their unused annual leave.

(e) Upon transfer from an annual leave-accruing position to a non leave-accruing position, the employee shall be paid for unused annual leave, unless the employee elects to retain all unused annual leave, for up to two years.

(11) Compulsory leave provisions shall be consistent with the following:

(a) Medical certification by an approved health care provider will be required.

(b) Notice shall be provided to the employee identifying duration of the leave, the conditions for return to the position, and whether such leave shall count toward FMLA entitlements.

(c) The employee may be allowed to use paid leave during compulsory leave to continue the contributions to benefits and other expenses.

(d) Unless agreed otherwise, an employee shall be employed in the same or similar status upon completion of the approved leave period and upon receipt of medical certification.

(e) Employees who fail to meet the conditions of the compulsory leave or who fail to obtain medical certification and are unable to perform duties will be placed on leave or have such leave extended, requested to resign, or be dismissed for inability to perform the duties of the position.

(12) Employees are provided with twelve workweeks of Family and Medical Leave within a 12 month period in compliance with the Family and Medical Leave Act (FMLA) of 1993 (Public Law 103-3) and the Final Regulations of the Family and Medical Leave Act of 1993 (29 CFR Part 825). All employees are eligible including OPS employees who have worked at least 12 months (these need not have been consecutive) and who have worked at least 1250 hours in the 12 months prior to the leave. Faculty, A&P, and USPS employees may use paid leave for an FMLA event and such shall be counted toward the entitlement.
(13) Employees shall be provided with up to six months unpaid parental leave during which time the employee may use paid leave when the employee becomes a biological or adoptive parent. Parental leave shall begin no sooner than two weeks prior to the expected date of the child’s arrival or upon the child’s arrival unless otherwise approved by the Chief Administrative Officer.

(14) Employees are provided paid administrative leave as follows which shall not cause the full-time employee to exceed 40 hours during the workweek. Administrative leave is not accrued.

(a) Administrative leave for jury duty shall not exceed the number of hours in the employee’s normal workday. If jury duty does not require absence for the entire workday, the employee shall return to work immediately upon release by the court. If the jury duty does not coincide with the regular work schedule, the employee shall be granted administrative leave based on the total hours served on jury duty and such leave shall be granted on the next scheduled work shift. Any jury pay shall be retained by the employee.

(b) Administrative leave shall be provided to an employee summoned as a witness in a matter not involving personal interests. Administrative leave shall not be provided to an employee serving as an expert witness. Witness pay shall be retained by the employee.

(c) Administrative leave for athletic competition in Olympic events shall be provided in accordance with Section 110.118, F.S.

(d) Administrative leave up to two days shall be provided to an employee upon the death of a family member.

(e) Administrative leave shall be provided for official emergency closing of University facilities. Special Compensatory leave shall be provided to USPS employees required to perform essential services during the emergency closing. Only employees scheduled to work during the time of the emergency closing shall be provided leave.

(f) With the approval of the Chief Administrative Officer or designee, administrative leave shall be provided for Florida Disaster Volunteers in accordance with Section 110.120, F.S.

(g) With the approval of the Chief Administrative Officer or designee, up to two days of administrative leave will be granted for civil disorder or disaster for an employee who is a member of a volunteer emergency response team.

(h) With the approval of the Chief Administrative Officer or designee, up to two hours of administrative leave will be granted for voting in public elections.

(i) With the approval of the Chief Administrative Officer or designee, an employee under investigation will be placed on leave up to the length of the investigation when in the best interest of the university.

(j) The Chief Administrative Officer or designee, may place an employee on administrative leave between the notice of reduction in pay, suspension, or dismissal and the effective date of such action.

(k) The Chief Administrative Officer or designee will place an employee on administrative leave when the employee’s presence in the workplace may reasonably be suspected of resulting in damage to property, or injury to the employee or others.

(15) Military leave and reemployment rights shall be provided to Faculty, A&P, and USPS employees consistent with Federal and State laws.

(16) Workers’ Compensation benefits for an injury compensable under the Florida Workers’ Compensation Law shall be provided consistent with the following:

(a) An employee shall remain in full pay status for a period up to a maximum of forty (40) hours without being required to use accrued leave credits. If, during that period, the employee receives Workers’ Compensation benefits then the employee shall reimburse the University the amount of the benefits. Such reimbursement shall not include payments for expenses related to medical, surgical, hospital, or nursing treatment or payments of disability losses.

(b) An employee may elect to use paid leave to supplement Workers’ Compensation payments up to the employee’s regular salary.

(c) The period of paid or unpaid job-related disability leave shall be in accordance with Chapter 440, F.S.

(d) An employee who was injured in the workplace, will be returned to alternate duty consistent with established University policies or procedures.

(e) If at the end of the leave period, an employee is unable to return from leave to work full-time and perform the duties of the position, the Chief Administrative Officer will place the employee on unpaid leave or extend the leave status, request the employee’s resignation, or terminate the employee from employment consistent with the provisions of subsection 6C2-4.0015(11), F.A.C.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(19) FS. History–New 4-16-03.

6C2-4.011 Affirmative Action Program.

(1) Preface. Affirmative action is essentially the revision of standards and practices to assure that the University is in fact drawing from the largest market place of human resources in staffing. Nondiscrimination requires the elimination of all existing discriminatory conditions whether purposeful or inadvertent. The premise being that unless positive action is undertaken to overcome the effects of systematic institutional forms of exclusion or under utilization, a benign neutrality in employment practice will tend to perpetrate the status quo ante indefinitely.

(2) Administrative organization. The responsibility for implementing the affirmative action program of the University resides with the President. The program is implemented through the regular administrative channels: affirmative action is a complex challenge that requires the understanding, cooperation, and commitment of all elements of the University community. Because of
the unique requirements of an affirmative action program, however, additional groups have been activated within the University to ensure full and immediate compliance. Where possible, these groups are temporary until their functions can be absorbed into the regular administrative mechanisms. Where this does not seem a workable solution, they shall remain permanent groups within the University administration.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5) FS. History–New 9-30-75, Formerly 6C2-4.11.

6C2-4.012 Assistant to the President for Human Affairs.

In order to keep the President more keenly aware of the problems, issues, laws, and latest developments in the area of human relations and affirmative action, and in order to meet his responsibilities for planning, coordinating, and evaluating the affirmative action program of the University, the President appointed an Assistant for Human Affairs. The Assistant to the President for Human Affairs reports directly to the President. Duties of the Assistant include:

1. Serving as a resource person, on a regular basis, to the President, other Executive Officers, and the various University and State University System committees and councils involved with human relations, and upon request, to the University community, and the local, state, and national communities regarding the problems, issues, and programs of affirmative action for equal employment opportunities.

2. Planning, recommending, and/or coordinating the procedures to be used in the implementation of the University’s affirmative action program.

3. Reviewing periodically and reporting to the President on the progress made by the various University units regarding their goals and timetables and their elimination and/or revision of policies and practices which have had a disparate impact upon minority group members and women.

Specific Authority 110.051(2)(e), 240.001(1)(c), (d), (g), 240.227(1) FS. Law Implemented 110.051(2)(e), 240.001(1)(c), (d), (g), 240.227(5) FS., 6C2-4.013, F.A.C. History–New 9-30-75, Formerly 6C2-4.12.

6C2-4.013 The President’s Advisory Committee for Racial Minorities, Women, and the Physically Handicapped.

In order to involve a wide variety of individuals in the deliberations related to human relations and affirmative action, the President established an Advisory Committee for Racial Minorities, Women, and the Physically Handicapped. This committee has representation from the University academic and nonacademic personnel, the student body, and from the local community. The responsibilities of this committee include:

1. Reviewing the current policies, practices, and programs of the University to determine their impact upon the opportunities for minority group members and women.

2. Advising the President about the revision of current policies, practices, and programs which have had a disparate impact upon minority group members and women.

3. Recommending to the President the formulation of new policies, practices, and programs which aid the University in meeting its responsibilities for human affairs and affirmative action.

Specific Authority 120.53(1)(b), 240.001(1)(d), 240.042(2)(a) FS. Law Implemented 120.53(1)(b), 240.001(1)(d), 240.042(2)(a) FS., 6C-4.001(1), (5), 6C-4.002(1), F.A.C. History–New 9-30-75, Formerly 6C2-4.13.

6C2-4.014 Human Affairs Associates.

In order to establish a University-wide network for improving employment practices with respect to minority group members and women, a human affairs associate has been designated by each Dean or Director to serve as liaison between the divisions, colleges, and/or Deans or Directors and the President’s Office. He or she has responsibility to and receive the assistance and recommendations of the Office of the President with respect to human affairs and affirmative action. The responsibilities of Human Affairs Associates include:

1. Facilitating the communications of their divisions, colleges, and/or schools with respect to the affirmative action guidelines provided by the Office of the President.

2. Aiding in the implementation of affirmative action programs as they relate to their divisions, colleges, and/or schools.

3. Acting as special assistants to their Deans or Directors with respect to problems and programs of affirmative action.

4. Being available as initial contacts for counseling and referral services to employees in their unit.

5. Screening complaints which imply discrimination and referring the same to appropriate grievance bodies.

Specific Authority 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), 110.051(2)(e) FS. Law Implemented 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), 110.051(2)(e) FS., 6C-4.001(1), (5), 6C-5.001(1), (2), 6C-5.002(1), (3), F.A.C. History–New 9-30-75, Formerly 6C2-4.14.

6C2-4.015 Equal Opportunity Committee.

In order that patterns of discrimination may come to the attention of the University before formal charges or grievances are filed, an Equal Opportunity Committee has been established. This committee is comprised of nine (9) persons including representatives from the faculty, administrative and professional staff, career service employees, and students. The responsibilities of this committee include:
(1) Reviewing periodically the operations of the several units of the University, to ascertain whether there are policies or practices which have a disparate impact upon minority group members and/or women.

(2) Reporting the results of reviews to the appropriate official of the units under review.

(3) Reporting periodically to the President the recommendations given and the subsequent affirmative action taken by the unit under study, or the unit’s subsequent neglect of affirmative action.

(4) Maintaining a public record when cases are referred to appropriate University bodies or other state agencies for resolution.

Specific Authority 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), 112.041(1) FS. Law Implemented 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), 112.041(1) FS., 6C-5.001(1), (2), 6C-5.002(1), (3), F.A.C. History–New 9-30-75, Formerly 6C2-4.15.

In order that individual complaints of discrimination may come to the attention of the University before formal charges are brought through outside agencies, and Equal Opportunity Commission has been established. This commission has broad representation from the University community. The responsibilities of this commission include:

(1) Receiving and investigating complaints from academic and nonacademic personnel, and students alleging discriminatory policies.

(2) Conducting formal hearings of the complaints when appropriate.

(3) Maintaining a transcript of all proceedings which are available to the President of the University and to any court of agency authorized by law to review the action of the commission.

(4) Making every reasonable effort to resolve complaints without formal investigation.

(5) Rendering recommendations to the President regarding all complaints either that the claim be dismissed or specify actions to remedy violations of the University’s policy against discrimination.

Specific Authority 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), 112.041(1) FS. Law Implemented 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), 112.041(1) FS., 6C-5.001(1), (2), 6C-5.002(1), (3), F.A.C. History–New 9-30-75, Formerly 6C2-4.16.

6C2-4.017 Task Force on Faculty Women’s Salaries.
In order that the unequal salaries of women faculty members might come to the attention of the University without delay, the chief academic officer appointed a Task Force on Faculty Women’s Salaries. The responsibilities of this committee include:

(1) Determining whether or not women faculty are equitably paid relative to male faculty within academic departments.

(2) Recommending to the chief academic officer the adjustments necessary if any, to achieve salary equity between sexes within the departments.

(3) Responsible officials and designated groups, where appropriate, effect the development and implementation of affirmative action plans.

Specific Authority 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), (b), 112.041(1) FS. Law Implemented 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), (b), 112.041(1) FS., 6C-5.001(1), (2), 6C-5.002(1), (3), F.A.C. History–New 9-30-75, Formerly 6C2-4.17.

6C2-4.018 Anti-discrimination Policy and Procedures.

Article I Purpose.
The Florida State University affirms its commitment to a policy of nondiscrimination on the basis of race, religion, color, age, sex, or national origin, and establishes the following procedures to prevent such discrimination in accordance with due process within the University community. In doing so, the University recognizes its obligation to strive actively to build a community in which opportunity is equalized and use its facilities and human resources to develop the skills and opportunities of the members of all the groups so they may play reasonable and productive roles in society. This policy is relevant to all aspects of the University, including the choice of contractors and suppliers of goods and services. An employee of Florida State University (FSU) who feels that he or she has been aggrieved may obtain a hearing of the grievance by filing a formal complaint detailing the time, the place, and the specific facts in support of the alleged discriminatory act. The University establishes the Equal Opportunity Committee and the Equal Opportunity Commission to carry out its policy in the manner outlined below. All units of the University will take appropriate action to implement this policy and these procedures. The President appoints a director of the Equal Opportunity Committee and an executive secretary for the Equal Opportunity Commission. The director and executive secretary serve as ex officio members with voice but without vote and as support staff in the investigative stages of the complaint.

Article II Prohibited Acts.

(1) Kinds of discrimination prohibited.

(a) Disparity of treatment in employment, job placement, training, promotion, termination, salary or other economic benefits on the basis of race, religion, color, age, sex, or national origin.

(b) Limitation to access to residence, or to participation in educational, athletic, social, cultural, or other activities of the University because of race, religion, color, age, or national origin.

(c) Discrimination of the foregoing types on the basis of sex, unless based on bona fide requirements of distinctions in housing, restrooms, athletics, and other such areas.

(d) Harassment based on race, religion, color, age, sex, or national origin.
(e) Retaliation for filing complaints or protesting practices which are prohibited under this article.

2. Scope of prohibitions.
(a) All educational, athletic, cultural, and social activities occurring on the Florida State University campus.
(b) University sponsored off-campus programs.
(c) Housing supplied or regulated by the University.
(d) Employment practices between the University and its employees.

Article III Equal Opportunity Committee.
(1) The Equal Opportunity Committee shall be established.
(2) Composition and selection of the Equal Opportunity Committee and its staff:
(a) This Committee shall be composed of a director with voice, but no vote, and nine representatives of the faculty, administrative and professional staff, career service employees, and students. The 9 members shall be distributed as follows: 3 faculty, 1 administrative and professional, 3 career service, 1 graduate student, and 1 undergraduate student.
(b) The members of the Equal Opportunity Committee shall be chosen as follows: The President (or Chief academic officer), from a list supplied by the Committee on Appointments, shall select three faculty members, at least one of whom shall be from the protected classes, for one-year terms. The Student Body President of Florida State University shall select the two student members, one of whom shall be from the protected classes, for one-year terms. The Vice President for Student Affairs shall select three career service members, at least one of whom shall be from the protected classes, for two-year terms. The Vice President for Administration shall select the member from the administrative and professional staff for three-year terms except the first term shall be for two years.
(c) At the first meeting of the year, the Equal Opportunity Committee shall select a chairperson from among its members to serve for that year. Five voting members will constitute a quorum for the purpose of recommending final action of the Committee.
(d) The Assistant to the President for Human Affairs or an employee of the University designated by him or her and approved by the Committee shall serve as secretary of the Equal Opportunity Committee and shall handle requests by the Committee for staff assistance.
(e) A legal advisor shall be provided by the University to the Committee.
(3) Jurisdiction and procedures of the Committee.
(a) The Committee shall conduct periodic reviews of the operation of the several units of the University, to ascertain whether there are policies or practices of said units which may reflect discrimination. Prior to the review of any unit appropriate notification shall be made to the President. Upon recommendation by the Committee, and approval of the President, units of the University shall provide access to the records necessary for the review. Any such review in the name of the Committee and under authority granted in this statement of policy shall be undertaken only after specific authorization of the Committee and shall be under the continuing supervision of the Committee and the confidentiality of personnel records and the principle of privileged communication shall be respected. Any alleged abuse of the powers of this Committee may be appealed at any time directly to the President of the University.
(b) Should the Committee identify policies, practices, or patterns of behavior that may reflect discrimination as defined in this document, it shall report that policy to the responsible officials of the unit. The Committee shall also recommend to appropriate responsible officials such affirmative action it deems necessary to correct the discriminatory practices or patterns.
(c) If responsible officials receiving recommendations for affirmative action from the Committee pursuant to paragraph two fail to initiate affirmative action without delay, the Committee shall report such failure of action to the President.
(d) Any person or persons having knowledge of acts which might constitute prohibited discrimination, but without a personal grievance, shall have the right to file a complaint with the appropriate Human Affairs Associate reciting the facts of such alleged discrimination and requesting corrective action in the same manner as a person aggrieved. Such complaints shall have the same right as an aggrieved party to appeal to the Equal Opportunity Commission in the same manner as provided in Article IV (3)(a) of this document.
(e) In appropriate cases, complainants may be referred to appropriate University bodies or other state agencies for the resolution of their complaints. The Committee shall maintain a public record of such referrals and the actions taken by the University bodies or agencies to which referred.
(f) Complaints involving interpersonal relations not connected with the official functions of the University or not involving discrimination as defined above shall be referred to appropriate agencies.
(g) The Committee through its director shall make regular monthly reports to the President of the University.

Article IV The Equal Opportunity Commission.
(1) An Equal Opportunity Commission shall be established.
(2) Composition and selection of the Equal Opportunity Commission.
(a) Two students appointed by the Student Body President from nominees submitted by the University Student Judiciary. Initially one junior shall be appointed for two years and one senior for one year. Thereafter, all those appointed shall be juniors and shall serve for two years, unless appointed to fill an unexpired term. At least one member shall be a minority group member and one female. One graduate student shall be selected by the Presidents of the various graduate school associations for a two-year term. Two faculty members shall be selected by the Faculty Senate Steering Committee for three-year terms. Initial appointments shall be for one and two years. At least one shall be a minority group member or female or both. One Law faculty member shall be
selected by the Dean of the College of Law for a three-year term. One member representing administrative and professional personnel shall be selected by the Vice President for Administration to serve for three years. One member shall be selected by the Vice President for Administration representing the clerical and technical workers for a term of three years. The VPA shall also select one member representing labor to serve for three years except that the initial appointment shall be for two years. Members of the Commission shall not serve concurrently on the EO Committee.

(b) The President of the University shall appoint an executive secretary to the Commission.

(c) At the first meeting of the year, the members of the Commission shall elect from among their number a chairperson, who shall serve in that capacity for the year.

(3) Jurisdiction of the Equal Opportunity Commission.

(a) The Commission shall have jurisdiction to hear complaints filed by University students and academic and nonacademic employees where the complaint alleges that the complainant was a victim of discrimination in violation of the policies defined in this document. Such claims, to be entitled to consideration, shall specify the time, the place, and specific facts in support of the alleged violation.

(b) All claims shall be in writing and shall be filed with the Equal Opportunity Commission via Human Affairs Associate.

(c) The Commission shall forward an information copy of the written claim to the Office of University Human Affairs.

(d) The Commission shall have jurisdiction over complaints referred by the Equal Opportunity Committee as authorized by the section establishing that committee.

(e) The Commission shall have jurisdiction to consider any claims properly brought within this policy notwithstanding the availability of other procedures for the resolution of such claims; in this regard, it is recognized that the University has established grievance procedures applicable to faculty, staff, and students which run concurrent with the right of an individual to complain to the Commission; it is also recognized that those rights of appeal accorded career service employees under Title 60K, F.A.C., are preserved and shall run concurrently with the right of the affected to seek the jurisdiction of the Commission.

(a) Within 5 days of the filing of the complaint, the executive secretary of the Commission shall discuss with each claimant the nature of his or her particular case and perform the necessary preliminary data collection.

(b) The chairperson, subsequent to receiving the claim and preliminary data from the executive secretary, shall contact the complainant against individual in order to ascertain whether the claim can be satisfactorily resolved without recourse to a formal investigation and hearing. If such resolution is possible, the chairperson shall authorize a voting member of the Commission to attempt to conciliate the claim. If no such resolution is possible, the chairperson of the Commission shall order that a formal investigation of the claim be conducted.

(c) In the case where conciliation is recommended and fails, the procedures authorized in paragraph (4)(d) concerning formal investigation will be followed.

(d) In cases where formal investigation is recommended, the chairperson of the Commission shall appoint three, i.e., one faculty, one student, and one employee other than faculty, voting members of the Commission to investigate the claim. In the course of such investigation, these members shall make every reasonable effort to resolve the complaint. The members shall within 20 days of receipt of the complaint report to the chairperson of the Commission whether or not in their judgement there is sufficient basis for holding a formal hearing. After the filing of such report, the three members who investigate the claim shall not participate further in any hearing in the preparation of any recommendation that may be rendered by the Commission.

(e) The Commission shall decide, after receipt of the report described in paragraph (4)(d) above, whether or not a formal hearing shall be conducted. In the case of a claim referred by the Equal Opportunity Committee, the Commission shall promptly decide whether or not to hold a formal hearing on the basis of the claim referred. If the Commission decides not to hold a formal hearing, the executive secretary of the Commission shall so notify the individual who filed the claim or the Equal Opportunity Committee; such notification shall include a brief statement of the reasons for the Commission’s decision.

(f) A hearing shall be held in those cases which after investigation require the taking of live testimony and involve genuine issues related to prohibited practices which cannot be resolved by recourse to documents, data, affidavits, or statements of persons or which involve the resolution of credibility issues or contradictory statements made in the course of an investigation.

(g) A hearing shall not be held upon a complaint that challenges a policy or practice of the University which is alleged to be discriminatory or to operate in a discriminatory manner. Such a practice or policy shall be referred to the Equal Opportunity Committee for investigation and determination as to whether such policies or practices have a disparate impact on protected classes and cannot be justified on a reasonable basis.

(h) In cases where hearings are not held, the Commission shall issue a recommendation based upon a review of the investigative file.

(i) In any formal hearing conducted by the Commission, the following procedures shall apply: (1) the complainant and the party charged with violation of the University policy against discrimination shall receive notice of the hearing at least 10 days in advance of such hearing; (2) the complainant and the party charged with violation of the University policy against discrimination shall have an opportunity to present evidence in support of their positions; (3) the complainant shall carry the burden of demonstrating, by a preponderance of the evidence, a violation of the University policy by the party charged; (4) the Commission shall maintain a transcript and record of all proceedings, which records shall be available to the President of the University and to any court or agency authorized by law to review the action of the Commission; (5) the Commission shall notify the parties involved
in writing of its recommendation; (6) either party may at his own expense and at his own choosing be represented by counsel; (7) hearings shall be closed except by agreement of the parties involved that they are to be public; (8) the formal rules of evidence shall not apply to hearings before the Commission.

(j) Following a formal hearing, the Commission shall render a recommendation to the President within 20 days. The Commission may conclude that a claim lacks merit and recommend dismissal of the claim. The Commission may conclude that there is merit to the claim, in which case its recommendation shall state the findings that support its conclusion and shall specify the action or actions it recommends to remedy the violation of the University policy against discrimination. It should be understood that the purpose of the Recommendation is to remove the effects of the discrimination or prevent its continuation or repetition.

(k) The Commission through its executive secretary shall make regular reports as required by the President of the University.

(l) In the event the President takes no action on the recommendation of the Commission within 20 days receipt thereof, such recommendation shall be the binding decision that shall be carried out.

Specific Authority 120.53(1)(b), 240.042(2)(a), (b), 112.041(1) FS. Law Implemented 120.53(1)(b), 240.042(2)(a), (b), 112.041(1) FS., 6C-5.001(1), (2), 6C-5.002(1), F.A.C. History–New 9-30-75, Formerly 6C2-4.18.

6C2-4.019 Affirmative Action Guidelines for Divisions and Departments.

(1) Policy. The Florida State University is committed to nondiscrimination because of race, religion, color, sex, or national origin. This commitment applies in all areas with students, faculty, and other University personnel. It is also relevant to those aspects of the University concerned with the choice of contractors, suppliers of goods and services, and to the use of University facilities.

(2) Florida State University believes in equal opportunity practices which conform to both the spirit and the letter of all laws against discrimination. The University actively strives to build a community in which opportunity is equalized and uses it facilities and human resources to develop the skills and opportunities of the members of all groups so they may play responsible and productive roles in society.

Specific Authority 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), 112.041(1) FS. Law Implemented 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), 112.041(1) FS., 6C-5.001(1), (2), 6C-5.002, F.A.C. History–New 9-30-75, Formerly 6C2-4.19.

6C2-4.020 Definition of Terms.

(1) An affirmative action program is a set of specific and result-oriented procedures to which a contractor commits himself to apply every good faith effort. The objective of those procedures plus such efforts is equal employment opportunity. Procedures without effort to make them work are meaningless; and effort, undirected by specific and meaningful procedures, is inadequate. An acceptable affirmative action program must include an analysis of areas within which the contractor is deficient in the utilization of minority groups and women, and further, goals and timetables to which the contractor’s good faith efforts must be directed to correct the deficiencies and thus to increase materially the utilization of minorities and women, at all levels and in all segments of his work force where deficiencies exist.

(2) Nondiscrimination. Those practices and policies which, when implemented, do not operate to the detriment of any person on grounds of race, color, religion, sex, or national origin.

(3) Goals. Those projected levels of achievement resulting from analysis by the college, division, or department regarding its employment deficiencies and of what it can reasonably do to remedy them given the availability of qualified women and minorities and the expected turnover in its work force.

(4) Recruitment. The process by which a department develops an applicant pool from which hiring decisions are made.

(5) Hiring. The process of selection from an applicant pool.

(6) Anti-Nepotism. Those policies or practices which prohibit or limit the simultaneous employment of two members of the same family and which have an adverse impact upon one sex or the other. Those stated or implied presumptions against the consideration of more than one member of the same family for employment within the same department.

(7) Placement. Job category assignments and treatment of individuals within a single classification.

(8) Training. The processing of programs and/or instructions directed toward remediation, upgrading or specific skills, and gaining new skills.

(9) Condition of work. All terms and conditions of employment including work assignments, education and training opportunities, research opportunities, use of facilities, and opportunities to serve on committees or decision-making bodies.

(10) Test. Any paper-and-pencil or performance measure used as a basis for employment decisions and all other formal scores, quantified, or standardized techniques of assessing job suitability.

(11) Minorities.

(a) Members of ethnic groups, identified as American Negro, Spanish-surnamed Americans, American Indian, and American Oriental. All others, including Caucasians, should be identified as “Other”.

(b) Women; an affected class which, by virtue of past discrimination, continue to suffer effects of that discrimination.

(12) Job Classification. The assignment of a position to a class or group of positions that are sufficiently similar as to kind or subject matter of work, level of difficulty or responsibilities, and qualification requirements of the work to warrant the same treatment as to title, pay range, and other personnel transactions.
(13) Disparate Treatment. Qualitatively or characteristically dissimilar treatment which prompts negative affects for a particular individual or group.

Specific Authority 120.53(1)(b), 112.041(1) FS. Law Implemented 120.53(1)(b), 112.042(1) FS., 6C-5.001(1), 6C-5.002(1), F.A.C. History–New 9-30-75, Formerly 6C2-4.20.

6C2-4.021 Affirmative Action Procedures for Divisions and Departments.
(1) Gather data.
(a) Identify composition of staff by race, sex, salary, and job classification.
(b) Identify percentage of qualified women and minorities available in and to the FSU community and surrounding area.
(c) Examine recruitment, placement, promotion, termination, and training practices.
(d) Examine nepotism, conditions of work, and leave and grievance procedures.
(2) Interpret data and determine needs.
(a) Identify non-compliance practices.
(b) Ascertain personnel affected and involved.
(c) Ascertain AA components adversely affected by current university and/or state policies.
(3) Establish goals and timetables.
(a) Determine appropriate goals (significant, measurable, and attainable, separate for minorities and women.)
(b) Determine appropriate timetables.
(4) Establish structure and processes.
(a) Revise and/or modify structure of areas in non-compliance.
(b) Develop programs and/or packages which encourage and attract participation of women and minorities in the workforce.
(c) Make proper referrals and/or recommendations according to University protocol which would affect policy change when or where needed.
(d) Develop monitoring devices.
(e) Make copy of plans including steps (1)-(4) available to Office of University Human Affairs.
(5) Implement program.
(a) Activate processes and programs.
(b) Actively promote and monitor compliance policies.
(c) Utilize and respond to unit and University-wide monitoring devices.
(d) Increase general awareness and particular knowledge of laws and responsibilities with reference to equal employment opportunities.
(6) Evaluate program.
(a) Conduct periodic reviews of action taken.
(b) Determine the extent to which goals have been obtained.
(c) Where appropriate, reactivate step (4)(a).
(d) Process adjustments through step (5).
(e) Send copy of evaluation results to Office of University Human Affairs.
(7) Actions and cautions; Recruiting.
(a) Utilize minority group persons as interviewers and members of search committees and/or recruiting teams.
(b) Establish contacts in the minority and women’s communities. The key to good contacts is credibility – credibility between your department and the contact, credibility between the contact and the minority and women’s communities, and credibility among women’s groups and organizations.
   1. Contact the nationally-known minority groups or women’s organizations.
   2. Contact community organizations – school committees, churches, local centers. In some places, these lesser-known groups have closer contact with the people than the organizations with national reputation.
   3. If experience shows no group is an adequate contact, seek out individuals and leaders who are well known – ministers, doctors, barbers, beauticians.
   4. If these sources fail, seek out the leaders of community demonstrations. Do not be deterred by radical rhetoric; some of these leaders may have more credibility than better-known groups.
   5. Invite minority and women leaders to visit, tour, and/or lecture to your department.
   6. Make an effort to bring minority group members and women into your vacancy information system and equalize their opportunities.
   (c) When you have job openings:
      1. Notify University personnel office.
      2. Advertise in minority and women’s community media (newspapers, magazines, radio and T.V. stations.) Utilize these media as regularly as you use other forms of advertising. Always use the phrase, “An Equal Opportunity Employer”. Also, indicate that “we welcome applications from minorities and women”.
      3. Utilize referral agencies with a large minority clientele as often as other referral agencies are used.
4. Make clear to non-specialized agencies that applicants will be rated on merit only, and encourage them to send minority group and women applicants.
5. Encourage minority and women employees to refer their friends.
   (d) Avoid:
   1. Relying exclusively upon word-of-mouth referral.
   2. Relying upon walk-ins.
   3. Relying upon qualifications which are not job-related and tend to “screen out” applicants rather than “screen in” qualified minority group persons and women.
4. Restricting positions by sex, unless there is a bona fide occupational qualification involved.
8. Applications. Accept applications from minorities and women whether or not you have an opening. Keep the applications on file; consult them when openings develop. (Minority group persons and women must be built into the system of employment. While white males may hear of future openings by word-of-mouth from present employees, minority group persons and women most often do not.)
9. Interview. When you interview applicants, be certain that:
   (a) Interviewers understand and carry out your equal employment policies.
   (b) Interviewers are not biased by dress and grooming styles which are unique to certain ethnic or age groups.
   (c) Interviewing staff is appropriately representative of group being sought in affirmative action efforts.
10. Employment standards. Qualifications should reflect what the applicant needs to get the job done. Do not lose potentially good workers because you have artificially high standards.
   (a) Eliminate requirements for diplomas and degrees where neither is needed for proper position or job function.
   (b) Eliminate or be flexible about experience requirements when the job can be quickly learned, and reduce experience requirements which are excessive.
   (c) Review a person on the basis of his or her previous success record and promise, as well as academic achievement.
   (d) Assume that women do not permit marital status to affect their acceptance of employment.
   (e) Assume that minorities are willing to live and work in a predominantly white community.
   (f) Assume that wives of current employees are qualifiable according to standards set forth in the State Personnel Policies.
   (g) Apply all of the same considerations and equalizations for minorities and women to employment of minority and women students.
11. Promotion and training.
   (a) Apply the same principles of equal opportunity to current employees as you do to new hires.
   (b) Post all promotional opportunities and encourage bidding.
   (c) Conduct regular, comprehensive reviews of employee mobility. Pay particular attention to the mobility of minority groups and women.
   1. If minorities or women seem not to advance, find out why and make or recommend appropriate adjustments.
   2. If minorities and women seem not to penetrate certain sections or divisions, or remain stagnated in other areas, find out why and make or recommend appropriate adjustments.
   (d) Wherever additional training is needed, provide it. Encourage all employees to take special courses.
   (e) Provide career counseling for all employees to stimulate and encourage persons with potential who previously had not been aggressive.
12. Work conditions to avoid.
   (a) Subjecting persons of a particular sex or minority status to heavier teaching or work loads.
   (b) Subjecting persons of a particular sex or minority status to less desirable work or class assignments.
   (c) Withholding from persons of a particular sex or minority status opportunities to serve on key decision-making bodies.
   (d) Withholding from persons of a particular sex or minority status opportunities to apply for research grants.
   (e) Withholding from persons of a particular sex or minority group opportunities to apply for leaves of absence for professional purposes.
13. Retention and firing.
   (a) If a minority or woman employee is having difficulty adjusting to his or her job, try to determine why.
   (b) Promote an open-door policy where minority and women employees can air their problems.
   (c) Establish a clear publicized system of investigating in-house complaints of discrimination.
   (d) Before firing an apparently ineffective minority or woman employee, be certain:
   1. You and supervisors or chairmen have made every effort to integrate him or her into the working community, and
   2. If the employee was hired through a group, the group has been notified and been given an opportunity to help the employee.
   (e) If you must fire a minority group person or a woman, explain why to the employee. If additional training, that you can provide, is needed, advise of its availability.
   (f) Some white and/or male workers may resent affirmative action because they believe it threatens them. Do not take this lightly or ignore it. Most often, opposition stems from misinformation.
   (g) Deal with complaints of “reverse discrimination” with the same tact and dispatch as with other discrimination charges. Evaluate each complaint both individually and in the context of the affirmative action plan.
Through meetings, announcements, publications, and other means, openly discuss the affirmative action program, its benefits, its progress and operation, and how it affects all employees.

Specific Authority 120.53(1)(b), 240.042(2)(a), (b) FS. Law Implemented 120.53(1)(b), 240.042(2)(a), (b) FS., 6C-5.001(1), (2), F.A.C. History—New 9-30-75, Formerly 6C2-4.21.

6C2-4.022 Division of Professional Schools and Colleges Affirmative Action Procedures.

(1) The Division of Professional Schools and Colleges requires that all personnel vacancies in the Division be filled only after a thorough affirmative action search has been conducted. Documentation on search procedures is to be maintained for record.

(2) The Affirmative Action policies cover all faculty appointments to include regular, temporary, contract and grant, adjunct and leave of absence replacements, as well as graduate assistant appointments and career service appointments.

(3) Procedures to be followed, and documentation thereof maintained, in search for faculty positions is as follows:

(a) Inform Provost of vacancy and obtain written authorization to hire.

(b) File position listing with Board of Regents Form No. A001 through Florida State University Equal Employment Coordinator.

(c) Establish open period for applications.

(d) Advertise in appropriate media.

(e) Case file documentation required shall include:

1. File copies of advertisements or list of advertisements by publication for each position, together with text of advertisement.

2. List of applicants by name indicating Affirmative Action candidates.

3. Name and vita of person recommended and justification statement.

4. Provost approves or disapproves in writing.

5. Invitation (contract letter) is sent to candidate by Dean.

6. Dean notifies Provost in writing of candidate’s acceptance or rejection of offer.

7. Dean retains copies of all offers extended.

8. If original offer not accepted, Provost enters certification that original Affirmative Action search stands or was modified by subsequent action.

9. All unsuccessful interviewees must be given an application for them to submit to the State University System to go into the Central Applicant Pool if they so desire.

10. Appointment papers are filed with Provost by Dean.

11. After Provost’s review, case file is returned to Dean for file in School’s Affirmative Action Files. Such Files are to be kept accurately, up-to-date, and auditable at any time.

(4) When position is filled, immediately notify the Equal Employment Coordinator so advertisement in SUS can be cancelled.

(5) All non-administrative positions must be approved by Provost. Administrative positions must be approved by Provost and Executive Vice President.

(6) Graduate Assistant positions shall not be required to be advertised externally. Affirmative action search procedures however shall be applied in selecting from the available pool of qualified applicants.

(7) Procedures to be followed and documentation thereof maintained in search for career service positions is as follows:

(a) Inform Provost of vacancy and receive written authorization to hire.

(b) List position with University Personnel Office.

(c) Establish open period of one (1) week for grades 1-9 and three (3) weeks for grades 20 and above.

(d) Affirmative Action compliance procedures include:

1. Affirmative Action candidates may be hired at any time within open period without Provost action by direct interaction with the University Personnel Office. Appointment papers for such persons should carry explanatory note.

2. All requests for hiring authorization after the open period require Provost action.

(e) Documentation required is as follows:

1. List of applicants interviewed indicating affirmative action candidates and written assessment of qualifications of all applicants relative to the position.

2. Vita or comparable personal and employment data sheet of person recommended forwarded to Provost with recommendation and appointment paper.

3. Provost approves or disapproves recommendation.

4. Invitation is sent to accepted candidate by Dean or designee and University Personnel Office is informed of action by return of properly completed EA Form 206.

5. After Provost’s review, case file is returned to the Dean for filing in Schools’ Affirmative Action files. Such files are to be kept accurately, up-to-date, and auditable at any time.

6. Due to critical shortage of applicants in paygrades 11 and below, positions in these paygrades shall be exempted from specific action and documentation as set forth above. Affirmative action goals and principles however are to be considered and applied to the extent practical in all positions.

7. Units are encouraged to utilize the following aids in recruiting affirmative action applicants:
a. Institution and agency lists.
b. Faculty assistance.
c. Site visits.
d. Incentives.
e. Inter-agency coordination.

Specific Authority 120.53(1)(b), 240.042(2)(a), (b) FS. Law Implemented 120.53(1)(b), 240.042(2)(a), (b) FS., 6C-5.004(1), (2)(a), (b), (3)(a), 6C-4.001(8)(a), F.A.C. History–New 9-30-75, Formerly 6C2-4.22.

6C2-4.023 Division of Arts and Sciences Affirmative Action Procedures.

(1) Faculty Appointments.
   (a) Deadline dates should not be included in advertisements of open positions without prior discussion with the Provost’s Office.
   (b) Copies of advertisements and announcements of an open position (including individual letters) should be sent to the Provost’s Office.
   (c) Search or screening committees should have women and/or minority group members of the faculty included if there is such representation within the program unit. A list of the membership of these committees should be filed with the Provost’s Office prior to involvement by a committee.
   (d) Prior to the commencement of a search the chairman of the program concerned should review the procedures to be used with the Provost’s Office.
   (e) A file of all women and/or minority group members who are considered or who apply for an open position should be kept and each of these individuals should be discussed with the Provost’s Office prior to final responses to candidates.
   (f) No invitations for interview visits on campus should be extended without prior discussion with the Provost’s Office.
   (g) No commitment, either verbal or written, should be made until the Provost’s Office has checked that all the above procedures have been followed.

(2) Career Service Appointments.
   (a) A copy of all employment action requests should be sent directly to the Provost’s Office.
   (b) Career service positions grade 20 and above must be advertised four weeks and positions below grade 20 must be advertised two weeks before they may be filled. (This means that advertisement should begin as soon as an opening is definitely known.)
   (c) Halfway through the advertisement period the Provost’s Office should be notified regarding the interviews which have taken place, especially with affirmative action candidates.
   (d) The employing unit must demonstrate that it has taken an active role in the search for affirmative action candidates; that is, the unit must demonstrate it did not simply wait for the Personnel Office to send candidates.
   (e) Appointment of candidates for positions should take into account the current composition of the workforce in the particular program unit and/or position.
   (f) No commitment, either verbal or written, should be made until the Provost’s Office has checked that all the above procedures have been followed.

Specific Authority 120.53(1)(b), 240.042(2)(a), (b), 110.022(1)(f) FS. Law Implemented 120.53(1)(b), 240.042(2)(a), (b), 110.022(1)(f) FS., 6C-4.001(5), (8)(a), 6C-5.001(1), 6C-5.004(1), (2)(b), F.A.C. History–New 9-30-75, Formerly 6C2-4.23.

6C2-4.024 Division of Social Sciences and Law Affirmative Action Guidelines.

Affirmative Action Guidelines for Faculty, Academic, and A&P Appointments.
The guidelines below are designed to provide assistance in implementing the University’s Affirmative Action Policy as outlined in the President’s memorandum of January and September, 1974.

(1) All vacant positions should be advertised in appropriate professional media. Such media should include those aimed at minorities and women.

(2) In addition to appropriate advertising, each dean and/or department chairman is expected to initiate efforts to identify a pool of female and minority candidates who can be considered for the position along with other candidates. This involves the effective utilization of reliable informants, and the identification of prospective candidates at an early stage in their graduate careers.

(3) Recruitment for a position should begin early in the academic year and the position held open until all reasonable efforts to develop a representative pool of candidates have been exhausted. Under no circumstances should a nonaffirmative action candidate be denied consideration in arriving at your recommendations for appointment.

(4) All appointments must be approved by the Office of the Provost. In requesting clearance to make appointments, the following information should be provided.
   (a) Media in which position was advertised.
   (b) Independent efforts made to identify a pool of present and prospective minority and female candidates in your discipline.
   (c) A list of the five top candidates deemed qualified for the position including Affirmative Action candidates, if any. Attach a vita for each of these candidates and any Affirmative Action candidates not appearing in the top five.
(d) State the reasons why the preferred candidate was selected from the list of qualified candidates.

(5) In considering your request to make an appointment, the Provost may request additional information which should be provided promptly. Exceptions to Affirmative Action appointments will be made depending upon a unit’s progress toward the achievement of its goals, the availability of qualified personnel, and other pertinent factors. Under no circumstances will the Provost’s Office approve the appointment of a candidate who is not appropriately qualified for the position.

Specific Authority 120.53(1)(b), 240.042(2)(a), (b) FS. Law Implemented 120.53(1)(b), 240.042(2)(a), (b) FS., 6C-4.001(5), (8)(a), 6C-5.001(1), 6C-5.004 et seq., F.A.C. History–New 9-30-75, Formerly 6C2-4.24.

6C2-4.025 Affirmative Action Guidelines for Career Service Appointments.

(1) All vacant positions must be listed with the Personnel Relations Office and the Office of the Provost.

(2) As with all job applicants, Affirmative Action candidates must satisfy at least the minimum qualifications established for the position by the Division of Personnel. However, a unit may not specify job qualifications which differ from those established in the Career Service Job Manual.

(3) While primary assistance in identifying suitable candidates will be provided by the Office of Personnel Relations, each unit is expected to develop independent information sources for the identification of a pool of minority candidates. Contacts with local high schools, technical schools, FAMU, and the local Urban League should prove helpful in this regard.

(4) The Affirmative Action Plan of the University provides that our 1983 goal for the employment of minority Career Service employees should be 34 percent. To accelerate our efforts toward the achievement of this goal, President Marshall has suggested that 80 percent of all new hires during this academic year should be from minority groups. The 1983 goal presupposes a pattern of employment that would exist by that time assuming past practices of racial discrimination are abandoned.

(5) All Career Service appointments must be approved by the Office of the Provost before an offer is made to a prospective employee. Exceptions to Affirmative Action appointments will be made depending upon a unit’s progress toward the achievement of its goals, the availability of personnel, and other pertinent factors. Under no circumstances are non-minority candidates to be denied the right to apply for a position within the Division.

(6) While the period of time a position is held open before making an appointment will vary with the particular circumstances within a unit, a general rule of thumb is that Career Service positions should be left vacant for a minimum of two weeks. Upon review by the Office of the Provost, an additional waiting period may be required. However, if an appropriately qualified Affirmative Action candidate is identified in less than two weeks, an immediate employment clearance can be requested.

(7) The University’s Affirmative Action Policy presupposes a reasonable proliferation of minorities throughout all Career Service paygrades. Efforts should be made to upgrade minority candidates once entry-level employment is achieved within the unit or Division.

(8) The Administrative Assistant in the Provost’s Office will coordinate the Affirmative Action program for the Division.

When you have Career Service vacancies to be filled, please keep the Provost’s Office informed on a weekly basis of your progress so that the Office can help facilitate your efforts.

Specific Authority 120.53(1)(b), 240.042(2)(a), (b), 110.022(1) FS. Law Implemented 120.53(1)(b), 240.042(2)(a), 110.022(1) FS., 6C-4.001(5), (8)(a), 6C-5.001(1), 6C-5.002(3), F.A.C. History–New 9-30-75, Formerly 6C2-4.25.

6C2-4.026 Program to Increase Minority Availability in Academic and Administrative and Professional Areas.

(1) This plan offers an approach to satisfying some of the immediate and future needs for academic and administrative professions at the University. It also presents an approach to coalition of Florida higher education institutions to support and meet their demands within as well as rendering relief regionally and nationally. The strength and effectiveness of the actions herewith suggested are directed toward producing an increased number of minority academicians and administrators within the University.

(2) Specific objectives.

(a) Effectuate mechanism for recruiting and education required minority manpower.

(b) Increase minority student enrollment graduate program.

(c) Develop a cadre of higher education personnel prepared to contribute an added dimension to traditional systems.

(d) Aid in realizing the prerequisite to successful affirmative action program goals – pool of applicants.

(e) Concentrate on preparation of persons for disciplines with greatest discrepancies.

(f) Help reduce underemployment.

(g) Help students with professional development who might otherwise remain locked into unchallenging situations.

(h) Re-educate faculty and other personnel for new skills in areas where blacks are few or have been displaced.

(i) Develop through internship, minority representation within central administration and at other administrative levels.

(3) Procedures.

(a) Prior to recruiting participants:
   1. Identify universities for participation in a student or employee exchange for higher education.
   2. Determine disciplines where minority talents are underutilized.
   3. Secure financial support and work out reciprocal arrangements.

(b) Selection process.
1. Nominations by departments from institutions committed to both educating and hiring minorities.
2. Final selection will be made by special advisory commission.
3. A minimum of five will be appointed the first and subsequent years.
(c) State University System Commitment.
1. Tuition waiver for program participants.
2. Financial resources for participant support.
(d) University Commitment.
1. Assignment of department mentor for continued professional development.
2. Consideration for employment or promotion of program participants upon completion of program.
(e) Student Commitment. Minimum of 2 years of service in the state for each year of support.
(f) Sources of funds for expanding program shall come from:
1. State (special allocation).
2. Foundations and corporations.
(g) Criteria for selection.
(h) Faculty.
1. Completion of masters degree.
2. 25-35 years of age.
3. Minimum of two years of employment in area of specialty or related area.
4. Nomination by department head, faculty, alumni and student.
5. Eligible for promotion or employment.
6. Meet eligibility requirements for admittance to Ph.D. program.
(i) Administration.
1. Two years of service in profession.
2. Eligible for admittance to university.
3. 25-35 years of age.
4. Demonstrated aptitude for or proficiency in administrative techniques.
5. Nominations by department head or unit officials.
6. Acceptance by an administrative mentor.
7. Eligible for promotion or employment.
(4) Alternatives for participation after two years service at the University.
(a) A year’s leave for study, and alternate quarters until completion.
(b) Alternate quarters until completion.
(c) Summer quarters.
(d) A year’s leave for study and subsequent summers until completion.
(5) Length of participation (maximum).
(a) Administrative internship – one year or equivalent quarters.
(b) Faculty – three years or equivalent quarters.
(6) The status of participants will be evaluated annually to determine the extent to which they are successfully completing programs and ultimately how many have been appointed or offered contracts for employment in higher education in the state.

Specific Authority 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), (b) FS. Law Implemented 120.53(1)(b), 240.001(1)(d), 240.042(2)(a), (b) FS., 6C-4.001(5), (8)(a), 6C-5.001(1), 6C-5.002(2), (3), 6C-6.001(1), (2), F.A.C. History–New 9-30-75, Formerly 6C2-4.26.

6C2-4.027 The Florida State University Procedures Relating to Faculty Appointments.
(1) The initial responsibility for seeking candidates for authorized faculty positions lies at the departmental level. The field should be thoroughly surveyed to locate those candidates of proven moral character who demonstrate the best academic qualifications compatible with the level of the position. A recommendation for appointment should be made by the department head only after appropriate consideration of the proposed appointment by department members, after consultation with the appropriate representatives of other departments, schools, colleges, or teaching programs to which the work proposed for the particular appointment is substantially related, and after consultation with the principal administrative officer concerned.

(2) When an agreement has been reached regarding the best applicant for the position, the recommendation for appointment is submitted to the Dean of the Faculties on the prescribed form and with the required supporting information by the principal administrative officer concerned. All understandings, limitations, promises, and the like pertaining to the proposed employment are to be recorded in writing on the standard form or attached to it. Acceptance of such appointment in writing constitutes a legal contract.
(3) The authorization of any position is subject to reconsideration whenever it becomes vacant. When a vacancy occurs or is anticipated the department chairman is expected to report the fact promptly to the principal administrative officer concerned who will ascertain from the Executive Vice President whether the vacancy may be filled, and if it is to be filled, to initiate search for the most highly qualified available candidate for the approved position. No commitment is to be made until the proposed appointment has been approved by the Executive Vice President.

(4) Forms and supporting materials for new academic appointments must be in the office of the Dean of the Faculties at least two weeks preceding the date the appointment is to become effective.

(5) When the faculty member first reports at the University, his department will request him to complete the necessary payroll form, if the completion has not been accomplished by mail. The forms include the authorization for withholding tax deductions, retirement information, group insurance authorizations, and the loyalty oath required by the State of Florida. State law requires that each new employee of the State be fingerprinted at the time payroll forms are completed.

Specific Authority 120.53(1)(b), 240.042(2)(a), (b), 110.051(2)(e) FS. Law Implemented 120.53(1)(b), 240.042(2)(a), (b), 110.051(2)(e) FS., 6C-4.001(5), (8)(a), 6C-5.004(2)(b), (3)(a), 6C-5.001, F.A.C. History–New 9-30-75, Formerly 6C2-4.27.

6C2-4.028 Review Procedures for Denial of Promotion and Tenure and Non-renewal and Termination of Faculty Appointments.
Faculty seeking a hearing on the non-renewal or termination of their contracts or on a denial of promotion or tenure can elect to have their cases heard in accordance with the Board of Regents’ Rule of Procedure Governing Faculty Grievances, Rule 6C-5.008, F.A.C., or in accordance with the adjudicatory provisions of Chapter 120, F.S. If the faculty member elects a hearing under Rule 6C-5.008, F.A.C., then the faculty member must elect that remedy in writing to the President at the time the petition seeking such a hearing is filed. The election of a Rule 6C-5.008, F.A.C., proceeding waives any right the faculty member may have to proceed under Chapter 120, F.S., or to have his case heard pursuant to any other remedy.

Specific Authority 120.57, 240.227(1) FS. Law Implemented 120.57, 240.227(5), 240.245 FS. History–New 9-30-75, Formerly 6C2-4.28.

6C2-4.029 Faculty Regulations.
(1) Faculty Absences. A faculty member who is absent because of illness or for other legitimate reasons should notify his department chairman or academic dean as soon as possible in order that arrangements may be made for the meeting of classes and the performance of other scheduled activities.

(2) Office Hours. Every member of the teaching faculty is normally expected to post and honor specific hours each session in which he conducts classes. The statement of office hours should be placed in a conspicuous place.

(3) Faculty Working Toward Advanced Degree at the University. No faculty member above the rank of instructor may work toward an advanced degree at the University.

(4) Faculty Professional Relations Committee. The Faculty Professional Relations Committee is a constitutional body consisting of nine members elected for staggered three-year terms from and by members of the General Faculty. The Committee considers “all matters involving University policy and practice concerned with professional relations, professional ethics, conditions of employment and the welfare of the faculty.”

The Committee reviews “all cases of the termination of tenured and nontenured faculty members and all academic freedom cases.” The Committee “may make recommendations to the Faculty Senate as to the proper administrative officer.”

(5) Faculty Welfare Committee. The Faculty Senate established on May 17, 1972, a Faculty Welfare Committee to consider (a) terms of faculty employment, (b) teaching loads, and (c) academic reorganization. The Welfare Committee concerns itself with policy; particular grievances are the provinces of the Faculty Grievance Committee.

The Faculty Welfare Committee consists of twelve members chosen by the Faculty Senate Steering Committee from the general faculty. Appointments are made to allow the broadest representation of the University faculty. Members serve three year terms with the terms overlapping to provide continuity for the committee activity.

(6) Class Attendance. The faculty member is expected to check attendance in all classes. He is expected to make some allowance for absence occasioned by illness, by trips for the University, or by authorized field trips. Any arrangement to make up work because of class absence is the responsibility of the student. The effect of absence upon grades is determined by the instructor; at the beginning of the term the faculty member explains his grading policy to the students. The Director of Student Health Services does not issue excuses to the students. The student is given a card indicating the time of admission and discharge from the University Hospital. A report will be given to the faculty member on request, indicating hour and date of treatment. No instructor has authority to permit a student to shift from one section of the course to another. Students must attend the section of the course to which assigned. No student may drop a course without the permission of his faculty adviser and his academic dean.

(7) Group Absences. Any faculty member desiring to arrange group absences from class shall submit a list of the affected students through his department head to his academic dean for approval. It shall be the responsibility of the faculty member to provide each student with a note certifying his participation in the group trip, which may be submitted by the student to his instructors. It shall be the student’s responsibility to arrange his absences with each of his instructors.
(8) Grades and Grading Practices. Once the final grade in a course has been reported by the instructor to the Registrar it cannot be changed except in cases of error in recording. A final grade may be changed only by permission of the department head, dean of the school, and Provost. The grade of “I”, Incomplete, is used only in those exceptional cases when a student for reasons beyond his control has failed to complete a well defined portion of a course. In addition to reporting an “I” on the class grade sheet the instructor should also report on a special form entitled “Assignment of Incomplete Grade,” the specific nature of the work to be completed by the student. If the “I” grade is not cleared within the student’s next residence quarter, it becomes a final grade and is computed as work attempted in determining the student’s academic status unless the instructor notifies the Registrar that the “I” is to be carried for an additional quarter. A student may not re-register for a course in which he has received an “I”; by so doing the “I” becomes “I.E.” and cannot be repeated. A faculty member leaving the University with “grades” of “Incomplete” assigned has the responsibility of filing the special form, “Assignment of Incomplete Grades,” with the departmental chairman. The Faculty Senate has approved a grade appeals system which affords the student the opportunity to appeal a grade which he feels was inequitably assigned in that a gross violation of the instructor’s own specified grading standards occurred. The faculty member has the responsibility to explain to students in his or her classes at the beginning of each term the specified grading standards to be used along with a statement of the goals and objectives of the courses to be taught.

(9) Final Examinations. It is University policy that final examinations in all undergraduate courses are discretionary within any given department. All students enrolled in an undergraduate course having a final examination, including graduating seniors and graduate students, are required to take the examination at the time scheduled. It is also University policy that examination papers of students shall be kept in the departmental file of the faculty member giving the examination for one year after the exam is given. No examinations in lieu of a final examination may be given in an undergraduate course during the final week of classes in any quarter with a Final examination period.

(10) Grade Rosters. Grade Rosters are distributed to the instructor by the Registrar. Corrected copies of the rosters should be returned to the Registrar on the time specified on the rosters. Room location and number, meeting time, instructor, credit hours, S – U grades for course, and any other information pertaining to the course offering should be corrected or verified. Grades should be carefully recorded on the final rosters in accordance with instructions provided. If a student is not included on a roster and is registered for the course, the student’s name should be added after the last name. Grade rosters should be returned to the departmental offices in time for subsequent forwarding to the Registrar prior to the deadline for each term published in the University Catalog. Faculty members have the responsibility of reporting grades promptly, in accordance with announced deadlines, at the end of each term. The Registrar has to receive grade rosters promptly in order to meet the University’s responsibility to inform students of their grades without unreasonable delay.

(11) Faculty Committee on Student (Academic) Relations. The Committee on Student (Academic) Relations was set up by the Faculty Senate, May, 1972. The Committee hears appeals from students concerning decisions about their academic work which they believe to have been arrived at improperly or unprofessionally in departments and schools. The Committee is composed of five members elected for overlapping two-year terms from the voting membership of the Faculty Senate and two students, one undergraduate and one graduate, elected by the Student Senate. The Registrar serves as an ex officio member.

Specific Authority 120.57, 110.051(2)(e), 240.227(1) FS. Law Implemented 120.57, 110.051(2)(e), 240.227(5) FS. History–New 9-30-75, Formerly 6C2-4.29.

6C2-4.030 Policy Governing Graduate Faculty Membership.

(1) Any member of the Instructional Faculty of the university may be considered for membership on the Graduate Faculty. Membership is determined on the basis of the individual’s function and qualifications. Because of the functional character of the designation, appointments are not necessarily indicative of qualifications. It is quite possible, for example, for an individual fully qualified to direct doctoral dissertations not to be so designated for the simple reason that the doctorate is not offered in his field. On the other hand, no individual may be authorized to discharge functions for which he is not qualified. Thus on occasions, hopefully rare, it may be necessary to forego certain functions for lack of qualified personnel.

(2) Two categories of functional responsibility and authority exist on the Graduate Faculty: Master’s Directive and Doctoral Directive. The minimum functional authority, attendant qualifications and procedures of appointment for each category are elaborated below:

(a) Master’s Directive. Members of the Graduate Faculty with “Master’s Directive Responsibility” are authorized to: teach graduate-level courses, serve as Major Professor for master’s degree students, and serve on Supervisory Committees for doctoral Students, provided each such Committee includes at least three members with Doctoral Directive Responsibility. Subject to consideration of special circumstances, minimum qualifications are completion of a doctorate or his equivalent and proven ability to conduct scholarly research and publish in reputable media or to perform equivalent scholarly or creative work. Departments will determine qualifications and procedures for appointments, subject to the approval of the dean of the school or college. Names of new appointees will be sent to the Provost for Graduate Studies and Research for information.

(b) Doctoral Directive. Members of the Graduate Faculty with “Doctoral Directive Responsibility” are authorized to perform all functions appropriate to graduate education. Subject to consideration of special circumstances, the minimum qualifications for appointment are: attainment of recognized professional stature in the discipline by virtue of substantial postdoctoral or equivalent scholarly or creative work and experience in the supervision of graduate students. Approval of recommendations for appointment
are to be made by the dean of the school or college. Names of new appointees will be sent to the Provost for Graduate Studies and Research for information. Appointments to the Graduate Faculty in this category will be reviewed by the dean of the school or college if the individual has not directed a candidate for five consecutive years.

No graduate student may be appointed to the graduate faculty. Nor may a graduate student have primary teaching responsibilities in any graduate course except by specific approval of the Provost of the Division with a report of the appointment and its justification to the Provost for Graduate Studies and Research. Under no circumstances may a graduate student be appointed as a member of another graduate student’s advisory and examining committee.

6C2-4.031 Faculty Grievance Procedure.

(1) Subject to the ultimate authority of the President under Rules 6C2-1.003 and 6C-5.008, F.A.C., the Committee on Grievances function is to resolve grievances brought to its attention by any faculty member; actions of the Committee on Grievances in no way precludes a faculty member from seeking redress through other channels. The Committee hears all grievances not under the jurisdiction of the Committee on Faculty Professional Relations. The Committee is made up of twelve members of the general faculty chosen in such a manner as to allow the broadest possible faculty representation. Members are appointed by the Faculty Senate Steering Committee, the appointments being for three year terms, with one third of the Committee membership being appointed or re-appointed each year.

(2) Procedure.

(a) Definitions.

1. Grievances – A grievance is defined as the dissatisfaction that occurs when a faculty member thinks or feels that any condition affecting him is unjust, inequitable, a hindrance to effective operation, or creates a problem, except that all termination cases and cases involving academic freedom will be heard by the FPR Committee.

2. Days – A day is defined as a working day during scheduled academic terms.

(b) Initiation of Complaint.

1. Who can file – Any faculty member having a grievance against any officer or representative of the University, a school or department, may make, sign and file with the Committee a complaint in writing.

2. Contents of Complaint. A complaint should contain:
   a. The full name, position and department of the person making the complaint;
   b. A clear and concise statement of the facts, including pertinent dates giving rise to the grievance;
   c. A statement of any informal steps taken to resolve the grievance;
   d. Whether or not proceedings have been commenced before any other University committee or any State or local agency, and the date when commenced.

3. Manner of Filing. The complaint shall be filed by the personal delivery or by registered mail, return receipt requested, to the chairperson of the Committee.

4. Amendments. A complaint, or any part of it, may be fairly and reasonably amended as a matter of right at any time before hearing and thereafter at the discretion of the hearing examiners.

(c) Investigation Procedure.

1. Upon receipt of a complaint, the chairperson of the Committee shall appoint, at his discretion, one or more of the members of the general faculty to investigate the complaint.

2. In the course of such investigation, the investigators shall make every reasonable effort to achieve a settlement of the dispute.

3. Upon completion of such investigation and if settlement between the parties is not reached, the investigators shall report to the chairperson as to whether or not, in his judgment, there is sufficient basis for holding a formal hearing.

(d) Initiation of Hearing.

1. Upon the receipt of the investigator’s report the Committee shall decide whether or not a formal hearing shall be conducted.

2. No Committee member who has participated in the investigation or in any conciliation attempt shall join these deliberations of the Committee, nor participate in the hearing except as a witness.

3. If the Committee decides to hold a formal hearing, the chairperson shall thereupon appoint a hearing board of committee members, normally three, to hear the complaint, and shall cause to be issued and served to the respondent, in the name of the Committee, a copy of the complaint as it may have been amended together with a written notice of hearing.

4. If the Committee decides not to hold a formal hearing, the secretary of the Committee shall so notify the individual who filed the claim; such notification shall include a brief statement of the reasons for the Committee decision.

5. In the event that new evidence is discovered, the complainant may petition the Committee to reopen consideration of his complaint.

(e) Answer.

1. Time of Filing. If a formal hearing is ordered, the respondent may file a written verified answer within ten days from the service of the complaint and notice of hearing.
2. Place and Manner of Filing. The answer must be filed at the office of the chairperson of the Committee. The filing shall be by personal delivery or by registered mail, return receipt requested.

3. Form of Answer. The answer shall contain a general or specific denial of each and every allegation of the complaint contested by the respondent, or a denial of knowledge or information sufficient to form a belief, and a statement of any matter constituting a defense.

4. Amendment of Answer. The answer or any part of it may be amended as a matter of right at any time before the first hearing and thereafter at the discretion of the hearing examiners.

5. Service of Answer. The Committee shall, within ten days after the date of the filing of an answer or amended answer, but in any case not less than three days before the date set for hearing, serve a copy of the answer or amended answer on the complainant.

6. Failure to File Answer. The hearing examiners may proceed, notwithstanding any failure of the respondent to file an answer within the time provided, to hold a hearing, and make its findings of fact and recommendation upon the testimony taken at the hearing.

(f) Hearings and Rehearings.
1. Public Hearings. The hearings shall be public unless the complaining party requests a closed hearing.
2. Opening Statement. Each party shall be given an opportunity to make an opening statement.
3. Powers of Hearing Examiners. The hearing examiners may call and examine witnesses, direct the production of papers or other documents, and introduce documentary or other evidence. The hearing examiners shall have full authority to control the procedure of the hearings to admit or exclude testimony or objections.
4. Majority Rule. All rulings and determinations of the hearing examiners shall be by majority rule.
5. Rules of Evidence. The hearing examiners shall not be bound by the rules of evidence applicable in courts of record in the State of Florida, but all hearings shall be conducted with regard to fundamental fairness to all parties.
6. Rights of Parties. All parties to a hearing may call, examine and cross-examine witnesses and introduce papers, documents or other evidence into the record of the proceedings, subject to the ruling of the hearing examiners. Normally the hearings will be recorded.
7. Oath. All testimony at the hearing shall be under oath or affirmation.

(g) Report of Findings.
1. Written Report and Recommendation. At the conclusion of the hearing and upon due consideration of the evidence, the hearing examiners shall submit to the Committee a written report setting forth their findings of fact and a recommendation for action, along with a copy of the complaint and answer, as amended.
2. Review by the Committee. Upon receipt of the hearing examiners’ written report, the Committee shall promptly review the findings and recommendation of the hearing examiners. After such review the Committee shall file in its office and in the office of the President for action, its decision and recommendations, and shall immediately send to each party a copy of the decision and recommendations.

(h) Amending Procedures. These procedures may be amended at any time by the Committee, subject to the requirements of the Florida Board of Regents Rule 6C-5.008, F.A.C. Any amendments must be published and distributed before becoming effective, and may not be applied to the prejudice of any party.

Specific Authority 120.57, 240.227(1) FS. Law Implemented 120.57, 240.227(5) FS., 6C-5.010(2)(a), F.A.C. History–New 9-30-75, Amended 7-21-77, Formerly 6C2-4.31.

6C2-4.033 Faculty Evaluations.
(1) Purpose, Scope and Sources of Evaluation.
(a) Each faculty member, tenured and non-tenured, shall be evaluated at least once annually on the basis of his or her individual total performance in fulfilling responsibilities to the University. The basic purpose of the evaluation is faculty improvement in the functions of teaching, research, service, and any other duties that may be assigned, with the resulting enhancement of learning, cultural advancement and the production of new knowledge. This evaluation shall precede and be considered in recommendations and final decisions on tenure, promotions, salary increments, and retention or termination.
(b) When first employed, each faculty member shall be apprised, through his or her contract, of what is expected of him or her, generally, in terms of teaching, research and other creative activities, and service, and specifically if there are specific requirements and/or duties involved. If and when these expectations change during the period of service of the faculty member, that faculty member shall be apprised of the change in written form.
(c) The performance of each faculty member shall be evaluated in accordance with the policy of the Board of Regents expressed in Board of Regents Rule 6C-5.005, F.A.C., Florida State University procedures for implementation of Board of Regents policy, school and departmental criteria and procedures on annual evaluation of faculty.
(d) The evaluation of each faculty member with respect to teaching, research or creative activity and service shall be the responsibility of each departmental chairman (or equivalent) in accordance with SUS Rules. The following minimum procedures shall be employed by the departmental chairman (or equivalent) in arriving at the faculty evaluation:
Evidence of Performance – Implementing SUS policy, the departmental chairman (or equivalent) shall request each member of the faculty to submit to him annually, evidence of his performance in teaching, research or creative activities, and service (and other University duties where appropriate), together with any interpretive comments or supporting data which the faculty member deems appropriate in evaluating his or her performance.

When appropriate, each faculty member shall submit annually to the departmental chairman (or equivalent) the results of the administration of SIRS student evaluation instrument or any equivalent tool subsequently adopted by the University. In conjunction with this submission, the faculty member may also present such other evidence of teaching effectiveness as deemed to be appropriate in the circumstances. Such evidence may include alternative evaluations by students, faculty or administrators. The departmental chairman (or equivalent) may also devise alternative means of assessing teaching effectiveness.

If a faculty member is on leave of absence for all or part of one or more academic years, the last evaluation preceding the commencement of the leave of absence shall suffice in meeting the annual evaluation requirement. For purposes of salary determination, promotion or tenure, and at the option of the faculty member, the departmental chairman (or equivalent) may review such relevant information as the faculty member wishes to present concerning teaching, research or service during the period of his leave. Such performance shall be evaluated in the manner prescribed above.

(2) Reporting Procedures.

(a) A written summary of the evaluation of the faculty member will be prepared annually and discussed with the faculty member concerned. A Faculty Evaluation Summary Form based upon the Board of Regents Rules shall be used. This Faculty Evaluation Summary shall be prepared annually as of June 15 of each year on each member of the faculty. The faculty shall be those defined by the Florida State University Constitution.

(b) The evaluator will normally be the departmental chairman (or equivalent). In those schools and colleges designated by the Executive Vice President, the evaluator will be the Dean. Each evaluator shall be familiar with Rule 6C-5.005, F.A.C., of the Board of Regents Rules for a definition of procedure and data to be used in the annual evaluation of the faculty. The Faculty Evaluation Summary will be reviewed by the appropriate administrative officer which will normally be the Dean of the College or School in which the faculty member holds his faculty position. When the Dean of a School or College is designated the evaluator, the Faculty Evaluation Summary will be reviewed by the Division Provost.

(c) Personnel holding joint appointments in other areas, departments or divisions shall be evaluated using the same form but such summary shall be marked concurrent. Each departmental chairman (or equivalent) shall evaluate the faculty member only with respect to his principal duties within that unit. Such concurrent summaries shall be forwarded to the Dean of the School or College in which the faculty member holds a faculty position. This procedure is to insure that each person holding a faculty position is evaluated annually and that all factors are considered in such an evaluation.

(d) Departmental chairman (or equivalent) shall be evaluated by their respective Deans and such Faculty Evaluation Summary reviewed by the Division Provost.

(e) A special report may be required in cases where the Dean disagrees with his departmental chairman (or equivalent) as outlined below. In the event of the termination of a faculty member, whether it be voluntary or involuntary, at a date other than May or June, a special report will be prepared. A special report may also be required when directed by the President, Executive Vice President, or the Dean of the Faculties.

(f) After completion of the Faculty Evaluation Summary by the departmental chairman (or equivalent) such summary will be discussed with the faculty member concerned by the evaluator. The faculty member may attach to the summary any statement he desires. In addition, in the case of an unsatisfactory evaluation, the departmental chairman (or equivalent) shall fully document the unsatisfactory performance prior to discussion with the faculty member. The departmental chairman (or equivalent) will propose in written form to the faculty member specific recommendations to assist the faculty member in achieving at least a satisfactory rating. The recommendation should be implemented within an academic year. Examples of recommendations could include: study at another university or even study on the campus of FSU (course titles and particular professors should be specified); provision to work with or to observe the work of an outstanding professor; participation in departmental staff development programs, etc. After discussion is completed and attachments made (if any), the faculty member will indicate that the evaluation has been reviewed by signing the Summary and indicating the number of pages attached to it.

(g) Upon the completion of the discussion with the faculty member, the Faculty Evaluation Summary will be forwarded to the Dean. If the Dean agrees with it, he shall so indicate by affixing his signature. In the event he disagrees, the Dean may discuss his area of disagreement with the preparer of the summary at which time two courses of action are available to the Dean:

   1. The Dean may submit his own Evaluation Summary, or
   2. The Chairman (or equivalent) may revise the original summary. Departmental chairmen (or equivalent) are encouraged to discuss the Faculty Evaluation Summary with their respective deans prior to discussion with the faculty member being evaluated. When a Special Faculty Evaluation Summary is prepared, the original Faculty Evaluation Summary must be attached to the special summary.

(3) Disposition of Summary.

(a) When the overall performance of a faculty member is satisfactory or better and the Summary has been reviewed by the Dean (or Division Provost where the Dean is the evaluator), the Faculty Evaluation Summary will be filed in the faculty member’s departmental personnel file together with any attachments. The contents of the faculty evaluation file shall be confidential and shall not be disclosed except to the faculty member evaluated and those whose duties require access.
(b) When the overall performance is less than satisfactory, the Faculty Evaluation Summary shall be forwarded to the President of the University via the Division Provost and the Dean of the Faculties with appropriate recommendation as to action to be taken as outlined in the Board of Regents Rules.

(4) Provision for Appeal.
(a) In the event that a faculty member is dissatisfied with the Faculty Evaluation Summary, this procedure allows the faculty member to register his or her disagreement in writing. In addition, review may be sought through normal administrative channels.
(b) If the faculty member is not satisfied with the summary prepared by the departmental chairman or equivalent, he may present his or her request for review in writing to the Dean within ten (10) days after being informed of the chairman’s evaluation. Unless a request for review is in writing, the faculty member will have no right to insist on time limits, but nothing should preclude a Dean from acting on all complaints. The Dean, like the departmental chairman (or equivalent), should have complete freedom of action in seeking to settle or resolve differences concerning evaluation summaries and presumably his efforts will be largely conciliatory. The Dean shall within ten (10) days of receipt of the written request for review meet with the faculty member to discuss the request, and the Dean shall within fifteen (15) days of receipt of the written request reach his decision.
(c) If the faculty member is not satisfied with the Dean’s decision, he may request in writing a review from the Division Provost within ten (10) days after the Dean’s decision. The Division Provost shall within ten (10) days of receipt of the written grievance meet with the member to discuss his request. The Division Provost shall within twenty (20) days of the receipt of the written request reach his decision.
(d) The appeal of the decision of a Division Provost may be made to the chief academic officer via the Dean of the Faculties. Such a report for review should be made in writing within ten (10) days after the Provost’s decision. The chief academic officer shall within ten (10) days of the receipt of the written grievance meet with the faculty member to discuss his request. The chief academic officer shall within twenty (20) days of the receipt of the written request reach his decision.
(e) That the University’s failure to invoke or abide by any procedures contained in this rule shall not be grievable under the

6C2-4.0335 Suspension and Dismissal of Faculty; Peer Hearing.

(1) Applicability. The provisions of this rule shall apply as follows:
(a) To all cases in which the University has under consideration action to suspend with or without pay, reduce the compensation or rank of, or terminate the annual appointment of a tenured faculty member for disciplinary reasons;
(b) To all cases in which the University has under consideration action to immediately suspend or to terminate the appointment of a non-tenured faculty member prior to the expiration of the non-tenured faculty member’s current employment contract for disciplinary reasons;
(c) Only when invoked, as provided hereinbelow, by the faculty member against whom the disciplinary consideration is directed, by his/her attorney or, with the express consent of the faculty member, by another qualified representative(s).
(d) The failure of the University to invoke or abide by any procedures contained in this rule shall not be grievable under the collective bargaining agreement between the Board of Regents and the United Faculty of Florida (BOR/UFF Agreement), but may be filed with the Grievance Committee of the Faculty Senate.

(2) Purpose.
(a) The purpose of this rule is to provide a method by which both the University and the faculty member who is subject to disciplinary consideration, of the type to which this rule applies, can have the benefits of faculty peer group participation in the disciplinary process prior to the disciplinary action.
(b) This rule is intended to implement and utilize a peer hearing process recognized by the FSU Constitution. See paragraph 6C2-1.004(3)(d), F.A.C.

(3) Information Gathering. When information, which could result in disciplinary action of the type to which the rule applies, is brought to the attention of the Vice President for Academic Affairs (Vice President), he/she shall take those actions within his/her lawful authority to collect, or cause to be collected, additional information relevant to the matter. Normally this will include reasonable efforts to communicate directly with the subject faculty member.

(4) Notice of Pending Decision. When the Vice President deems that there is sufficient information available on which to decide whether to initiate the disciplinary process, he/she shall advise, in writing, the faculty member against whom the disciplinary consideration is directed (subject faculty member):
(a) That such a decision is pending;
(b) The nature of the alleged acts or omissions giving rise to the matter. This shall be stated in sufficient detail to inform the subject faculty member of the specific circumstances, as they are known at the time this notice is issued, which have given rise to the pending decision. This portion of the notice shall be supplemented as additional material information becomes known to the Vice President.
(c) That the subject faculty member is entitled to invoke the peer hearing process prescribed in this rule;
(d) The steps the subject faculty member must take to timely invoke the process; and
(e) That the University’s failure to invoke or abide by any procedures contained in this rule shall not be grievable under the BOR/UFF Agreement.
(5) Invoking the Process. Within seven (7) work days of being so advised, the subject faculty member shall inform the Vice President in writing of the subject faculty member’s election to invoke or not invoke the peer hearing process.

(6) Waiving the Process. If the subject faculty member does not timely invoke the peer hearing process, the Vice President shall determine, based upon the information available to him/her, whether to initiate the applicable disciplinary process.

(7) Peer Hearing Panel. When the peer hearing process is invoked, the Vice President shall promptly inform the Chairperson of the Faculty Grievance Committee (Grievance Chairperson). The Grievance Chairperson shall establish, from among the members of the Committee, in accord with the procedures of that Committee, a peer hearing panel of three (3) including a Panel Chairperson.

(8) Peer Hearing Process. When the peer hearing panel has been designated, the Panel Chairperson, upon consultation with the Vice President, shall decide upon a date, time, and place for conducting a peer hearing. Adequate time for preparation shall be provided and to that end, the Panel Chairperson may consult as needed with the Office of the University Attorney, the subject faculty member, and the faculty member’s designated representative(s).

(9) Peer Hearing Preparation.

(a) In preparation for the peer hearing, the subject faculty member and the designated representative(s) thereof may examine and receive copies of all written materials which the University’s legal representative(s) intends to present at the peer hearing, provided that if the materials are of the kind protected by Section 240.253, F.S., the University procures the signed permission of the protected faculty member prior to submission of the limited access materials to the other party. By invoking in writing the peer hearing process, the subject faculty member shall have consented in writing to the disclosure, to the peer hearing participants for purposes of the peer hearing process, of evaluatory materials subject to Section 240.253, F.S., pertaining to the subject faculty member;

(b) The subject faculty member and the designated representative(s) shall be entitled to the names of all persons whom the University’s legal representative(s) intends to call upon to provide information in the course of the peer hearing; and

(c) The University’s legal representative(s) may examine and receive copies of all written materials which the subject faculty member or representative(s) intends to present at the peer hearing and shall be entitled to the names of all persons whom the subject faculty member or representative(s) intends to call upon to provide information in the course of the peer hearing.

(10) Peer Hearing Procedures. The peer hearing shall be conducted as follows:

(a) The Panel Chairperson shall preside and shall conduct the proceeding in the manner directed at eliciting sufficient information on which to base a reasoned decision.

(b) The peer hearing panel shall be present at all times and shall participate as hereinafter prescribed. Others entitled to be present and to participate as hereinafter prescribed are representatives of the Office of the University Attorney, the subject faculty member, and the subject faculty member’s designated representative(s). The Vice President may attend as an observer all or any part of the proceedings, except the panel deliberations.

(c) The Panel Chairperson shall call the proceeding to order, make introductory or preliminary remarks as appropriate, and resolve preliminary matters as needed. Thereupon, he/she shall call on the University’s legal representative(s) to give a presentation of the relevant information tending to show that there are grounds to initiate the applicable disciplinary process. The University’s legal representative(s) shall be a member of the legal staff of the Office of the University Attorney.

(d) When the University’s legal representative(s) has concluded his presentation, the Panel Chairperson shall invite the subject faculty member or his/her designated representative(s) to give a responsive presentation. The faculty member or his/her designated representative(s) shall have no obligation to make a presentation.

(e) The respective presentations may include:

1. The submission of written material and physical evidence.
2. The appearance of witnesses who can provide information having a rational bearing on the matters in question.
3. Proffers of additional information which can be made available to the peer panel or which will allegedly be available in connection with a subsequent disciplinary proceeding.

4. Discussions and arguments, which may be made in a closing summation, addressing the reliability, weight, interpretation, and applicability of the information presented, the standards of conduct reasonably expected of University faculty or any other matter having a rational bearing on the pending decision.

(f) All information may be presented of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs and shall be evaluated on that basis by the peer panel. The Panel Chairperson may limit the presentation of information which is unduly repetitious or does not have a rational bearing on the pending decision.

(g) The proceeding is not adjudicatory in nature, and no cross-examination nor other practice common to administrative or judicial adjudication hearings shall be permitted. The University’s legal representative(s) and the subject faculty member or his/her representative(s) may request the Panel Chairperson to propound questions on their behalf. The Chairperson shall propound the questions unless he/she deems them to be repetitious, cumulative, or not pertinent.

(h) The Panel Chairperson may, at any time, ask questions of any participant in the proceeding and shall liberally recognize the members of the peer panel for the same purpose. The peer panel, in the discretion of the Panel Chairperson, may invite individuals to appear and present information and may request the submission of written materials. The Panel Chairperson, in his/her discretion, may continue the proceeding from time to time for the purpose of enabling the panel to receive additional information.
The University’s legal representative(s), the subject faculty member or his/her designated representative(s), and the members of the peer panel may each request such continuances. Such continuances may include the opportunity for either party to present additional witnesses or documents for the purpose of addressing information already made a part of the other party’s presentation.

(i) The Panel Chairperson shall arrange for the proceedings, except for panel deliberations, to be recorded for the University’s use by mechanical or stenographic means. The subject faculty member also may, at his/her own expense, arrange for the proceeding to be recorded by mechanical or stenographic means. The subject faculty member may receive a transcript of the University’s recordation upon payment of the costs of transcription and reproduction. Neither the recordings nor transcripts shall be admissible in any subsequent proceeding, of whatever nature, brought pursuant to the BOR/UFF Agreement.

(j) In consideration of the limitations on access to evaluatory materials as established by Section 240.253, F.S., the proceeding shall be closed to the public unless the subject faculty member, or his/her designated representative(s), requests that the proceeding be open. This request shall be made to the Panel Chairperson in writing prior to the commencement of the proceeding. In this regard, the entire proceeding, except for peer panel deliberations, shall be either open or closed.

(k) When the panel is satisfied that the proceeding has produced sufficient information on which to base reasoned deliberations and advice to the Vice President, or that the proceeding will produce no further significant information, the panel chairperson shall conclude and adjourn the proceeding.

(11) Peer Panel Deliberations. Upon the adjournment of the proceeding, or as soon thereafter as they can reasonably assemble, the members of the peer panel shall meet at a time and place designated by the Panel Chairperson to engage in deliberations. Only the peer panel, including the Panel Chairperson, shall be permitted to be present or to participate in the deliberations. The peer panel shall base its deliberations on the information reflected in the record of the proceeding. If, in the course of deliberation, the peer panel wishes to obtain additional information, the Panel Chairperson may reopen the proceeding for this purpose and may impose limitations on the participants as needed to confine the reopened proceeding to the matters of interest to the peer panel. Subject to such limitations, the subject faculty member or his/her representative(s) and the University’s legal representative(s) shall be entitled to fully participate in the reopened proceeding.

(12) Peer Panel Issues. The peer panel shall not attempt to make findings of fact or reach conclusions of law as these terms are used in administrative or judicial adjudicatory hearings. The peer panel shall provide advice and comments to the Vice President with respect to the following points:

(a) Whether the alleged acts or omissions of the subject faculty member evince conduct by the subject faculty member which would warrant disciplinary action.
(b) Whether there is available to the University sufficient information of a reasonably reliable character to provide a basis for the commencement of the applicable disciplinary process, wherein genuine issues of law and fact can be raised and determined.
(c) The type of disciplinary action, if any, deemed appropriate.
(d) The peer panel may also offer its advice and comments regarding aggravating and mitigating circumstances, including whether or to what extent these circumstances should be taken into account.

(13) Peer Panel Report. Within ten (10) work days of the conclusion of deliberations, the Panel Chairperson shall prepare and submit to the Vice President a written report reflecting the views of the peer panel on these points. The Panel Chairperson shall permit there to be attached to the report additional written statements by the individual members of the panel, including the Chairperson, reflecting minority, dissenting, or individual points of view. A copy of the report, including attachments, shall be provided to the subject faculty member and to the University’s legal representative(s) who shall each have ten (10) work days to submit written comments to the Vice President.

(14) Consideration of Report. The Vice President shall take the peer panel report, including attached additional written statements and the comments on the report, into consideration in deciding whether to initiate the applicable disciplinary process.

(a) Nothing herein shall prevent the Vice President from also consulting with or seeking the advice of the University President, the Office of the University Attorney, and other appropriate officials.
(b) If the Vice President determines that disciplinary action should be taken, he/she shall cause the applicable disciplinary process to be commenced, and, if not, he/she shall give the subject faculty member notice that disciplinary action will not be taken.

(15) Special Provisions; Immediate Dismissal. The following additional provisions apply only when the disciplinary action under consideration is immediate dismissal.

(a) In cases involving immediate dismissal, the directions of the University President shall be followed. In all other cases, the Vice President shall determine the type of intended disciplinary action and shall cause the applicable disciplinary process to commence.

(b) If the peer panel report deems immediate dismissal appropriate, the Vice President shall forthwith transmit a copy of the report to the University President and shall consult with him. If the University President concurs with the panel report and deems immediate dismissal appropriate, the Vice President shall cause the commencement of the applicable disciplinary process to that end. If the University President does not deem immediate dismissal appropriate, the Vice President shall determine, pursuant to paragraph (14)(b), hereof, what disciplinary action other than immediate dismissal should be taken and shall proceed accordingly.

(c) If the Vice President determines that immediate dismissal is warranted, notwithstanding contrary advice in the peer panel report, he shall transmit a copy of the report to the University President and shall consult with him. If the President concurs with the Vice President, he shall state the reasons for such concurrence in writing. A copy of the written reasons shall be provided to the subject faculty member or designated representative(s), the Vice President, the University’s legal representative(s), and the hearing
panel. These persons shall have ten (10) work days to submit written comments to the President. After the conclusion of the comment period, if the President continues to concur that immediate dismissal is warranted, the Vice President shall proceed accordingly.

(16) Immediate Suspension; Notice and Predetermination (Non-Unit Position). This subsection (16) shall not apply to subject faculty members holding appointments to positions within the general faculty bargaining unit. Where grounds exist to immediately suspend a member of the faculty, the President shall give the faculty member actual notice of the action by the most prompt, convenient means available. The notice shall include a statement of the grounds for the action to the extent known or understood at the time of the notice, and shall inform the faculty member of his/her opportunity to appear personally and be heard before the President or representative(s). This opportunity:

(a) Shall occur at or prior to the time that the suspension takes effect, when circumstances permit. For example, the faculty member may be invited to meet with the President immediately or at the time that the faculty member would be next due at his/her University work station. In cases where the faculty member is physically in the custody of the law enforcement or mental health authorities, or where the faculty member is similarly constrained with respect to freedom of movement or ability to rationally discuss the matter, the opportunity shall be provided as soon as the circumstances permit it to be arranged; and

(b) Shall allow the faculty member to address and discuss the issue of whether the immediate suspension pending further action is warranted by the circumstances. The President may limit the discussion to this issue.

(c) If the President imposes immediate suspension, he/she shall, within two (2) work days following the effective date of suspension, cause a written notice of the suspension, including a statement of the reasons, to be served upon the subject faculty member.

(17) Immediate Suspension; Peer Participation (Non-Unit Positions). This subsection (17) shall not apply to subject faculty members holding appointments to positions within the general faculty bargaining unit except as stated in subsection (18) of this rule. When a faculty member is placed on immediate suspension, in accordance with the provisions of the FSU Constitution, the University shall expedite its consideration of appropriate further action. For purposes hereof, immediate suspension refers to those cases wherein a subject faculty member is relieved of professional responsibilities with pay while the possibility of disciplinary action is under review.

(a) If the University is considering action to which this rule otherwise applies, the Vice President shall transmit the written notice prescribed in subsection (4) with the addition of a provision advising the faculty member that the peer hearing may include the issue of whether the faculty member shall be permitted to return to work status pending further proceedings.

(b) If the faculty member invokes the peer hearing process and indicates in writing that he/she wishes the peer panel to address the additional issue, the Panel Chairperson shall exercise his/her discretion as to scheduling and continuing sessions of the peer hearing so that the issue of whether the faculty member should be permitted to return to work status pending further proceedings is addressed by the peer panel as promptly as essential fairness allows. With respect to this issue, the peer panel may engage in preliminary or interim deliberations and report its views and advice to the Vice President as it deems appropriate throughout the peer hearing process.

(c) When the Vice President receives the written report expressing the views and advice of the peer panel on the issue of returning the subject faculty member to work status pending completion of pending proceedings, the Vice President shall forthwith transmit the report to the University President and shall consult with him on the issue. If the President does not follow the advice of the peer panel, he shall state his reasons in writing. A copy of the written reasons shall be provided to the subject faculty member or designated representative(s), the Vice President, the University’s legal representative(s), and to the Panel Chairperson.

(18) Leaving Pending Investigation; Peer Participation (In-Unit Positions). This subsection (17) shall apply only to subject faculty members holding appointments to positions within the general faculty bargaining unit and to Non-Unit Positions if a person holding such appointment has been placed on leave pending investigation. The placing of a subject faculty member on leave pending investigation pursuant to Article 16.4 of the BOR/UFF Agreement requires the concurrence of the University President. If a subject faculty member who is placed on such leave invokes the peer hearing process provided in this rule:

(a) The period of time needed to complete the peer hearing process provided in this rule shall be part of the investigation stage of the applicable disciplinary process and the subject faculty member shall remain on leave pending investigation until such time as:

1. Disciplinary action is taken pursuant to Article 16 of the BOR/UFF Agreement; or,
2. The University gives written notice that no disciplinary action will be taken; or,
3. The University President permits the subject faculty member to return to work status; and,

(b) The issue of whether the subject faculty member shall be permitted to return to work status shall be included in the peer hearing process in the manner provided in subsection (17) of this rule for consideration of the issue of permitting a non-unit faculty member who is under immediate suspension to return to work status.

6C2-4.034 Faculty Tenure and Promotion.

(1) The University Constitution, Rule 6C2-1.004, F.A.C., contains the general University requirements and procedures for faculty tenure.

(2) University-wide procedures.

(a) When first employed, each faculty member shall be apprised of what is expected of him or her, generally, in terms of teaching, research and other creative activities, and service, and specifically if there are specific requirements and/or other duties involved. If and when these expectations change during the period of service of a faculty member, that faculty member shall be apprised of the change.

1. Promotion to the rank of assistant professor shall be based on recognition of demonstrated competency in teaching, service, and promise of scholarly development. Promotion shall be considered automatic upon completion of the doctorate, but full documentation for promotion of faculty member receiving doctorate shall be submitted with other promotion folders.

2. Promotion to rank of associate professor shall be based on recognition of demonstrated effectiveness in teaching, service, definite scholarly or creative accomplishments, and recognized standing in the discipline and profession.

3. Promotion to the rank of professor shall be based on recognition of superior teaching, service, scholarly or creative accomplishments of high quality, and recognized standing in the discipline and profession as attested to by three letters from competent scholars outside the University.

4. Although the period of time in a given rank is normally five years, demonstrated merit, not years of service, shall be the guiding factor. Promotion shall not be automatic, nor may it be regarded as guaranteed upon completion of a given term of service. Early promotion is possible where there is sufficient justification.

(b) Procedure.

1. Each department or its equivalent program or area (hereafter in this statement, “department” will be used to convey “department, program, or area”), each school or college and each division shall have a written statement of criteria and procedure for promotion and tenure, which shall be compatible with Florida Statutes, Board of Regents Policy, the University Constitution, and the University statement of criteria and procedure for promotion and tenure. These statements shall be available to all faculty.

2. Each department shall have a faculty promotion and tenure committee charged with the responsibility of receiving all folders of prospective candidates in that department and of recommending action to the chairman (or equivalent head). Once a folder has been finally reviewed by the departmental committee no material may be added to or deleted from the folder unless otherwise provided for by the guidelines of this document. The chairman shall submit the folders of all recommended candidates to the dean with a report of departmental committee recommendations and his recommendations on all submitted folders of all candidates. Each school or college shall have a faculty promotion and tenure committee charged with the responsibility of receiving and reviewing all folders reviewed by departmental committees and of recommending action to the dean. The dean shall submit all folders to the Provost of the division with a report of the school or college committee’s recommendations and his recommendations. Each division shall have a faculty promotion and tenure committee charged with the responsibility of receiving and reviewing all folders reviewed by school or college committees and of recommending action to the Provost. The Provost shall submit all folders to the Executive Vice President with a report of the divisional committee’s recommendations and his recommendations. The University shall have a faculty promotion and tenure committee charged with the responsibility of receiving and reviewing all folders reviewed by divisional committees and of recommending action to the Executive Vice President. The Executive Vice President shall submit all folders to the President with a report of the University committee’s recommendations and his recommendations.

3. Each level committee shall review the candidates in terms of the written statements of criteria and procedure for promotion and tenure. Any deviation must be clearly noted and fully justified.

4. Each faculty member shall be informed of his prospective candidacy, have an opportunity to assist in preparing his folder and add any relevant information within the listing under subparagraph (b)5. prior to review by the departmental committee and be informed of the advancement or rejection at each level of review.

5. Each candidate’s folder shall contain the following information in the order indicated:

a. Statement of action by each committee and each administrative officer that review the folder with a record of actual committee votes including negative, affirmative, and abstaining.

b. Detailed professional vita.

c. Letter from chairman summarizing candidate’s teaching, scholarly or creative activity, and service in terms of the departmental statement of criteria and of the candidate’s assigned duties. Any deviation must be clearly noted and fully justified.

d. Statement of assigned duties and of courses taught in preceding two years.

e. Evidence on teaching, scholarly and creative activity, and service.

(i) Evidence on teaching; by students’ SIRS supplemented by other instruments, if available and/or required by department; by faculty colleagues; by chairman; and by candidate.

(ii) Evidence on scholarly and creative activity; by faculty colleagues; by chairman; and by candidate.

(iii) Evidence on service; by faculty colleagues; by chairman and/or other appropriate administrators; and by candidate.

f. Copies of annual evaluation of the candidate for the preceding two years.
g. For promotion to professor, three letters requested by department chairman from scholars holding the rank of professor outside the University. In general, these are not to include letters from the candidate’s major professor or former personal colleagues in graduate school or other institutions unless the letter contains an unbiased assessment based on knowledge of current work.

h. Additional items for tenure.
   (i) Statement indicating results of secret ballot taken at a meeting of the departmental tenured faculty showing the number of faculty members eligible to vote, number for, number against, and number abstaining.
   (ii) Three letters requested by department chairman at least two of which must be from colleagues at the University.

6. A promotion and tenure committee at any level may withhold a recommendation if in its judgment there has been noncompliance with established procedure or the folder does not contain required information and material or does not contain adequate information. If the withholding is done by the departmental committee or by the next higher committee, the chairman and the prospective candidate shall have five days to comply with established procedure or add requested material and documentation prior to final recommendation of the committee. A statement of committee action and all resultant changes in the folder must be recorded under sub-subparagraph (b)5.a. Upon completion of review and recommendation, the promotion and tenure committee at each level should inform the appropriate official of any inadequacies in procedure and in the composition and documentation of the folders.

(c) Appeals.
   1. A member of the faculty may nominate himself for promotion and, if eligible, for tenure, and request consideration of the departmental promotion and tenure committee, thus becoming a candidate.
   2. A candidate may appeal a negative recommendation at any level to the next-higher-level committee.
   (d) Time frame for promotion and tenure recommendations.
      1. Departmental, school or college, and divisional committees’ work should be so timed that all recommendations with accompanying folders are submitted by the provosts to the Executive Vice President by January 15. The University Promotion and Tenure Committee shall submit its recommendations to the Executive Vice President by March 1.
      2. All candidates shall be informed of final action on promotion and of recommendation to the Board of Regents on tenure by date set by Board of Regents for inclusion on June Board of Regents agenda.

(e) Suggested guidelines for preparation of folder of candidate for promotion or tenure.
   1. Teaching.
      a. The following general information related to teaching is suggested for inclusion in the candidate’s folder:
         (i) A listing of courses taught, contact hours and enrollment each quarter for last two years.
         (ii) A statement as to the proportion of time the candidate is assigned to teaching.
         (iii) The value, in percentage assigned to student, faculty and/or administrative evaluations of teaching.
         (iv) A copy of any departmental instrument developed for student, peer, or committee evaluation of the candidate. If copies of such forms are not included, the information provided will be discounted.
         (v) Placement and success of graduate students, if applicable.
      b. The following specific information and standards will be used to evaluate teaching:
         (i) Course materials and Methodology; include only statements related to the development of innovative course materials and new programs. (Programs will be interpreted in the broad sense to include media, methodology, etc.)
         (ii) Special teaching responsibilities and related assignments; teaching workshops or seminars; honors courses; adult education courses; in-service courses, DIS, supervised research and supervised teaching; membership on master’s or doctoral committees; number of master’s or doctoral recipients for which candidate has served as major professor or co-major professor.
         (iii) Out of class student contact; academic advising – number of students and hours assigned to advising; and a statement as to candidate’s accessibility to students.
         (iv) Awards or other public recognition; departmental teaching awards; University teaching awards (such as Standard Oil Foundation Award); council for instruction award; and others (please specify).
         (v) Student evaluations; SIRS or other University-wide instrument; and departmental instrument.
         (vi) Peer evaluations, including only data which is reasonably objective such as information gleaned from visitations and video tapes.
         (vii) Evaluations by administrative supervisors.
         (viii) Statement by the candidate, at the discretion of candidate.
      c. The committee will not consider:
         (i) Informal oral communication by students or peers.
         (ii) An endorsement not accompanied by material susceptible to independent evaluation.
         (iii) Lecture notes.
   2. Scholarship. For the purposes of assessing scholarship three kinds of data are appropriate: publications, creative productions in the arts, or performances of critical importance to the candidate’s area of expertise. The promotion folders should include full publication data on each work listed and be accompanied by a departmental evaluation of the candidate’s scholarship. The candidate should also include information he or she feels pertinent to evaluation.
      a. Published books, 100 pages, except in poetry, according to AAUP.
(i) Scholarly books: limited monograph of 75 to 100 pages; textbooks; edited and/or translated books; bibliographical books; books of readings or casebooks; any of the above co-authored or with multiauthors, in descending order.

(ii) Publisher: University, scholarly, commercial, international and national reputation; vanity or subsidy presses, differentiating those subsidy presses whose publications are referred; and in-house organs.

(iii) Details of publication: Is the book out or does the individual have a contract? Contract signifies that the work has been accepted for publication and will be published, to differentiate from the contract often used by commercial houses indicating desire to consider publication rather than guarantee of publication; book reviews, or if not available, referee’s report; influence of work as indicated by frequency of citation in published works of other investigators and writers, reprinting, translation in foreign language, or similar criteria; research effort required; and number of copies printed.

b. Articles in journals: prestige of journal and circulation; originality and scope of article, length and breadth as exhibited by variety of subfields in which research or development is manifest; research effort required; is the journal refereed; co-authored works; and multi-authored works.

c. Articles in published works: festschritter; anthologies; proceedings of conferences or symposia; technical reports; original articles of semipopular nature, having as their purpose the dissemination of technical or scientific information; book reviews, newspaper articles/reviews listed separately; encyclopedia articles; and abstracts.

d. Related scholarship: papers read at national or international professional meetings; papers read at regional professional meetings; discussant or chairman roles at conferences and symposia; invited lectures; editorship, service on Board of Editors, and editorial positions on boards of regional, national and international journals; professional awards for scholarship; grants from the FSU Research Council; role as referee of manuscript, journals, and grant proposals, consultant to a federal agency, university, or national foundation or foreign university or government agency; visiting appointment reflecting scholarship or post-doctoral research program; funded research – Government, University, International, Regional, etc.; consultation resulting in scholarly publication.

e. Idiosyncratic criteria where applicable, as in Art, Dance, Music, Theatre, etc.

a. Recognized service: membership on departmental/college/university committees essential to operation of the respective units; administrative duties for the department/college/university, even on a temporary (1 quarter – 1 year) basis; activity in professional (local, regional, national) groups beyond simple dues-paying membership (role as officer, committee member, etc.); nonfunded professional advisory service to community, civic, governmental, religious, or social groups (periodic consultant, speaker, workshop leader); representative of department/college/university at professional meeting; testimony on professional matters to legislative bodies; advisor for a student organization.

b. Basics: service should incorporate contributions which are not considered teaching and scholarship but which enrich one’s teaching and scholarly work; service can range from assisting individual students to working with national organizations; faculty at the junior level are expected to offer service more at the local and/or regional level – senior faculty, at both those and the national level; no department should recognize service only in the area of committee work as opportunities for such service vary among departments; service should be evaluated so that weight is given leadership, time, effort, and breadth of service.

(3) Divisional Criteria and Procedures:

(a) Division II. No recommendation should be made or withheld solely on the basis of time in rank, race or sex. Special attention should be given to the unique service role of the professional school faculty member in the community. For example, he is frequently called upon to provide linkages between the practitioner and the academic community and to serve governmental agencies and the community in continuing education. This aspect should be strongly considered in assigning weights to teaching, research, and service and in the statement of assigned duties.

(b) Division III. Part 1 – Structure of the Division-Level Faculty Evaluation Committee: The Division-Level faculty evaluation committee (hereafter referred to as “the committee”) shall be elected from members of the Division. Each department or school within the Division (hereafter referred to as “unit”) will have one or more members as representatives to the committee. Each unit will elect its representative(s) for a term of three years. The terms will be staggered so that no more than one third of the committee will be new for any given year. The number of representatives per unit on the committee will be proportional to the size of the unit according to the following formula: units with 15 or less line-item faculty and/or faculty in tenure or tenure-earning positions will have one representative; units with 16 to 25 line-item faculty and/or faculty in tenured to tenure-earning positions will have two members on the committee: units with 26 or more line-item faculty and/or faculty in tenured or tenure-earning positions will have three members. This will produce a committee of about 16 members. A person elected to the committee who is being considered for promotion or tenure shall not sit on the committee from the time his credentials are submitted for evaluation until his case is decided at the Division level. During that period, his unit shall name a substitute as its representative to the committee. The Task Force has no recommendation as to whether or not the Institute for Social Research shall have a representative on the committee. The faculty in the Institute for Social Research may not be counted by both the Department of which they are members and the Institute for purposes of apportionment of committee representation. Representatives to the committee shall be elected from line-item faculty and/or faculty in tenured or tenure-earning positions.

a. Criteria – The performance of each faculty member shall be evaluated in each of the following areas appropriate to the terms of employment:
1. Teaching – Teaching involves the presentation of knowledge, information and ideas by many methods including lecture, discussion, assignment and recitation, demonstration, laboratory exercise, practical experience, direct consultation with students, supervision of interns, etc. The utilization and effectiveness of each of these methods, when appropriate, shall be considered.

2. Research and Other Creative Activities – Contribution to the discovery of new knowledge, development of new educational techniques and other forms of creative activity shall be considered and evaluated. Evidence of research and other creative activity shall include, but not be limited to: published books; articles, papers, and book reviews, in professional journals, magazines, or newspapers; encyclopedia articles; symposia or conference proceedings; papers presented at meetings of professional societies; research grants; research proposals; and current research and creative activity that has not yet resulted in publication, display, or performance. Research activities shall also include, service as editor or member of an editorial board, or referee of manuscripts for scholarly or professional journals. Visiting appointments reflecting scholarship or post-doctoral research efforts shall be considered.

3. Service – Service shall include, but not be limited to, service on departmental, college and University committees, councils and senates; service in appropriate professional organizations, involvement in the organization and expedition of meetings, symposia, conferences, workshops; participation in professional conferences, radio and television programs; talks to civic clubs and other citizens groups; service to local, state and national governmental boards, agencies and commissions. Only those activities which are related to a person’s field of expertise or the mission of the University shall be evaluated.

4. Other University Duties – Whenever duties other than those usually classified as teaching, research or other creative activity, or service are assigned to a faculty member – such as academic administration, academic advising and career counseling – the effective performance shall be evaluated as hereinafter prescribed.

b. Responsibility for Evaluation and Weighting of Criteria – The basic evaluation of each faculty member with respect to teaching, research or creative activity and service shall be the responsibility of each academic unit. The following minimum procedures shall be employed by the academic unit in arriving at the final faculty evaluation:

1. Evidence of Performance – The academic unit shall request each member of the faculty to submit evidence of his or her performance in teaching, research or creative activities, and service (and other University duties where appropriate), together with any interpretive comments or supporting data which the faculty members deem appropriate in evaluating his or her performance. Reference is made to the statement on procedure and criteria developed by the 1971-1972 Faculty Advisory Committee on Promotion and Tenure for a detailed statement of the type of evidence to be forwarded to the Division Committee for Evaluation. Where appropriate, each faculty member shall submit to the academic unit the results of an evaluation instrument of teaching adopted by the University and some other evidence of teaching effectiveness as deemed to be appropriate in the circumstances. Such evidence may include alternative evaluations by students, faculty or administrators.

c. The results of the individual faculty member’s annual review shall be forwarded with the above mentioned materials and such annual evaluation must be considered by the Division-level faculty evaluation committee in making decisions concerning promotion and tenure. In evaluating the competencies of a faculty member, primary assessment shall be in terms of his performance of the assigned duties and responsibilities, and such evaluation shall be given adequate consideration for the purpose of salary adjustments, promotions, re-employment and tenure. A faculty member who is assigned full-time teaching duties as provided by law shall be rewarded with salary adjustments, promotions, re-employment or tenure for meritorious teaching and other scholarly activities related thereto.

Flexible criteria for rewarding faculty members consistent with the institution’s educational goals and objectives shall be established, which criteria shall include quality teaching as a major factor in determining salary adjustments, promotions, re-employment or tenure.

d. Leave of Absence and Evaluation – If a faculty member is on leave of absence for all or part of one or more academic years, the last evaluation preceding the commencement of the leave of absence shall suffice in meeting the annual evaluation requirement. For purposes of salary determination, promotion or tenure, and at the option of the faculty member, the academic unit may review such relevant information as the faculty member wishes to present concerning teaching, research or service during the period of his leave. Such performance shall be evaluated in the manner proscribed above.

(c) Division IV

1. Criteria: The following shall be taken into consideration in interpreting the above proviso.

a. Appropriate instruments and procedures may be developed by schools and colleges, or by their respective departments, for the purpose of assessing or evaluating any of the foregoing criteria. Instruments and procedures may vary from department to department, as may the relative weighting given to various sources of evaluative data.

b. The interpretation of these criteria may vary from department to department according to the needs of differing programs. Insofar as possible, the Divisional Promotion and Tenure Committee shall take into account different needs of programs when evaluating the performance of individual faculty.

c. Specifically, creative activity such as performance, production, and exhibition, shall be considered equivalent to research in those programs emphasizing creative activity, and shall be given similar weight in deciding questions of promotion and tenure. Where appropriate, departments and schools may develop criteria and standards for reporting and evaluating creative activity.

2. Procedures:
a. The Divisional Promotion and Tenure Committee shall consist of eleven members: four from Music, two from Communication, and one each from Art, Art Education/Constructive Design, Dance, Interior Design and Theatre. Decisions shall be by majority vote of the members. The Acting Provost shall chair the Committee, but shall not vote unless regularly elected as a departmental or school representative.

b. The Divisional Committee shall receive nominations from the College of Communication, the Department of Dance, the School of Music, the School of Theatre, and the Promotion and Tenure Committee of the School of Visual Arts (consisting of one representative each from the Department of Art, Department of Art Education/Constructive Design and the Interior Design Program). Internal procedures for arriving at these nominations shall be at the discretion of the respective schools and departments. Deans or Chairman may submit separate nominations at their discretion.

c. Each member of the Committee shall rate each candidate for promotion or tenure on a scale of 1-10 points. Summed ratings of committee members shall serve as a basis for a preliminary rank-order of candidates.

d. After publication of the preliminary rank-orders, the Committee shall proceed to a discussion of the merits of each case. Following the discussion of each nominee, a vote shall be taken on whether to recommend the candidate for promotion or tenure. The results of this vote shall be reported to the University-wide Promotion and Tenure Committee.

e. Following the case-by-case discussion and vote, each member of the committee shall rank-order all applicants within a given academic rank, and the sum of these ranks shall be used as the basis for a final rank-order of those recommended for promotion.

f. The results of the Committee’s action shall be transmitted as soon as possible to the Chairmen and Deans, and a reasonable opportunity allowed for these administrators to appeal decisions of the Committee, either with respect to promote/no-promote action, or with respect to relative rank-ordering of candidates within the department or school. In instances where the committee, after such appeal, reaffirms its original decision, the Dean or Chairman may file a written objection to the Committee’s action, which will be forwarded to the University Promotion and Tenure Committee along with the Divisional Committee’s recommendations.

g. The Acting Provost will not file recommendations separate from those of the Divisional Promotion and Tenure Committee.

Specific Authority 240.227(1) FS. Law Implemented 240.227(19) FS. History—New 9-30-75, Formerly 6C2-4.34.

6C2-4.035 Department, School and College Criteria and Procedures.

(1) Initiating the review. Program leaders shall examine the files of all faculty members having primary responsibilities to their programs in order to identify those faculty members eligible to become candidates for promotion or tenure. Those faculty members who are eligible to become candidates shall be presented with a written notice of their eligibility and specific procedures to be followed if they wish to become candidates for promotion or tenure. Eligible faculty members are responsible for preparing their own folders in the format indicated and submitting them to the appropriate program review committee by no later than October 24. Individuals having responsibilities in more than one program must submit their folders to the program review committee of their secondary programs by no later than October 18.

(2) Responsibilities of the program review committee. It is the responsibility of the person chairing the secondary program committee to pass the recommendations of the committee and the candidate’s folder to the candidate’s primary program committee by no later than October 24. By the same date this person will be responsible for delivering a copy of the Secondary Program Committee’s recommendation to the candidate. Should this recommendation be negative, the candidate must at the same time be informed in writing of the privilege and procedures of appeal. The primary program review committees shall review all folders and shall forward these folders and the committee recommendations to the Program Leader by no later than October 31. Accompanying each recommendation must be an accounting of the vote taken. A copy of the recommendation of the committee must be delivered to the candidate by the person chairing the committee by the same date. In cases of a negative recommendation candidates must at the same time be informed in writing of the privilege and procedures of appeal.

(3) Responsibilities of the Program Leader. The Program Leader shall review the folder of each candidate, the recommendations of the program review committee, and appeals from the candidates when called for. The recommendation of the Program Leader and the folder of each candidate must be passed on to the Division Director by no later than November 7. A copy of the recommendation of the Program Leader must be delivered to the candidate by the same date. Should this recommendation be negative, the candidate must at the same time be informed in writing of the privilege and procedures of appeal. While Program Leaders are in possession of the candidate’s folders they shall be responsible for including additional necessary documents to each. In each tenure consideration the Program Leader must add a letter to the candidate’s folder indicating the results of a secret ballot vote of all tenured faculty in the program. This letter must indicate the number of faculty eligible to vote, the number for, the number against, and the number abstaining. In addition to this letter, the program Leader must add two completed Board of Regents tenure forms to the folder of each candidate. In both promotion and tenure considerations the Program Leader must add a letter to the folder of each candidate summarizing the candidate’s performance as it relates to specific characteristics of the program and the assignments of the candidate. Any discrepancy between this statement and statements made by the candidate must be clearly noted and justified.

(4) Responsibilities of the Division Director. The Division Director shall review the folder of each candidate, the recommendation of the Program Review Committee and the Program Leader, and appeals from the candidates when called for. The recommendation of the Division Director and the candidate’s folder must be passed on to the Promotion and Tenure Committee of
the College by no later than November 15. A copy of the Division Director’s recommendation must be delivered to the candidate by the same date. Should this recommendation be negative, the candidate must be informed in writing of the privilege and procedures of appeal.

(5) Responsibilities of the College Promotion and Tenure Committee. The Promotion and Tenure Committee of the College shall review the folder of each candidate, the recommendations of the program review committee, the Program Leader and the Division Director, and appeals from the candidate when called for. The recommendation of the committee and the candidate’s folder must be passed on to the Dean by no later than November 29. Accompanying each recommendation must be an accounting of the vote taken. A copy of the recommendation of the committee must be delivered to the candidate by the person chairing the committee by the same date. In cases of negative recommendation candidates must at the same time be informed in writing of the privilege and procedures of appeal.

(6) Responsibilities of the Dean. The Dean shall review the folder of each candidate; the recommendations of the program review committee, the Program Leader, the Division Director and the College Promotion and Tenure Committee; and appeals from the candidate when called for. The recommendation of the Dean and the candidate’s folder must be passed on the Provost by no later than December 4. A copy of the Dean’s recommendation must be delivered to the candidate by the same date. Should this recommendation be negative, the candidate must be informed in writing of the privilege and procedures of appeal. While the Dean is in possession of the candidate’s folders, he shall be responsible for adding one additional necessary document to each folder and arranging the included documents in the order requested by the Provost. The document to be added by the Dean is a statement of the action taken by each committee and each administrative officer that reviewed the folder. This statement must include an accounting of all votes, for, against, and abstaining.

(7) Appeals procedures. Any candidate for promotion or tenure who receives a negative recommendation from a program review committee, the Program Leader, or the Division Director may appeal the negative recommendation to the College Promotion and Tenure Committee. The appeal should be submitted in writing to the person chairing this committee within three (3) days after the candidate received the recommendation. Copies of the appeal should be sent to the appropriate program review committee, Program Leader, and Division Director. Should the candidate wish to meet with the College Promotion and Tenure Committee, this should be requested in the letter of appeal and the request shall be granted for a hearing. The candidate may have the appropriate Program Leader and/or Division Director present at the hearing if that is desired. Any candidate for promotion or tenure who receives a negative recommendation from the College Promotion and Tenure Committee may appeal to the Dean of the College. Such an appeal must be in writing and received by the Dean within three (3) days after having received the recommendation of the Committee. All requests for a meeting with the Dean shall be granted.

Specific Authority 240.227(1) FS. Law Implemented 240.227(19) FS. History–New 9-30-75, Formerly 6C2-4.35.

6C2-4.036 Department of Philosophy.

(1) Implementation. There shall be a yearly report on all scholarly activities made out by each member of the Department, including an explanation of all claims to relative merit. These reports are weighed by the Advisory Committee of the Department, and recommendations are made to the Departmental Committee of the Whole, which in turn makes its own recommendations to the Dean or higher legal committees. These procedures guarantee maximal consideration by the association of one’s peers, with due attention paid to the overlapping of the three functions of professional participation in university affairs: e.g., the way in which research affects teaching, service to one’s profession affects future modifications of both research and teaching, and administrative service affects both the climate and general effectiveness of the university community. Finally, each individual case must be determined on its own merits, with the total achievement to be judged on a specific proportion of the time spent on teaching, research, and service. Although the normal expectancy is that two-thirds of one’s professional time be spent on teaching and one-third on research, formal exceptions may be expected for greater or lesser assignments to service and research.

(2) Departmental membership and professional development. The procedures herein set down are adopted with the understanding that no member of the Department who merely holds a job is a desirable colleague, and that the professional development of each individual member, being a necessary condition for the achievement of departmental purposes, is a corresponding obligation, binding upon both the department and the individual. In exceptional cases, the “colleagueality” of a member may be found relevant to the determination of merit, as, of course, will the rate of development in professional stature of the colleague in question; both of these considerations must, however, be measured by the degree to which a colleague’s activities promote the educational aims of the department, college, and university.

(3) Yearly salary increases. Essentially the same procedures are to be employed in determining recommendations for yearly merit salary increases.

Specific Authority 240.227(1) FS. Law Implemented 240.227(19) FS. History–New 9-30-75, Formerly 6C2-4.36.

6C2-4.037 Department of History.

(1) The Committee on Promotions of the Department of History, composed of all faculty holding the rank of full professor, will review annually, ordinarily in the fall, the contributions and achievements of each department member below the rank of full professor.

(2) That review shall consider the factors of teaching, scholarship, and service, as set forth above.
(3) Teaching effectiveness shall be measured by several procedures:
   (a) An evaluation of teaching by students in each history section shall be employed each quarter for every history class taught. Arrangements shall be made by the chairman for the distribution of questionnaires and their collection and evaluation, and the results shall be considered by the Promotions committee. A new and simplified rating sheet will be employed for this purpose.
   (b) Graduate students shall also be afforded the opportunity of evaluation with the form they use being different from that of undergraduate students and separately reviewed.
   (c) An evaluation of teaching by colleagues shall also be conducted. Assistant Professors and Associate Professors will meet separately each year to designate a panel of five members of the Committee whom they regard as most competent to pass upon teaching qualifications. It is contemplated that at least three members of each panel will visit each of the Assistant and Associate Professors during the year and each visitor will make a written report. Where subject specialties are unevenly covered the Department Chairman may designate a person to cover that area. The written reports of the visitors will be reviewed by the Committee on Promotions as a whole in making its decisions. Each faculty member visited will be provided with a summary of student and colleague evaluations.
   (d) The department chairman will have the obligation not only of forwarding reports of the above considerations but also of adding his own judgments and evaluations and the evidence which he has to support them.

(4) Scholarship shall be measured by the following procedures:
   (a) Each member of the department is obligated to keep his vita file up to date and is encouraged to provide the departmental chairman with copies of published books and articles, unpublished papers presented at historical meetings, and current statements of the status of existing research plans and achievements.
   (b) A faculty member who has engaged in little or no publication is expected to contact an appropriate member of the Promotions Committee for a thorough and detailed review of the status of his research and scholarly activity. This review will require the submission of written materials at their existing status – rough drafts, draft marked for revision, whatever it may be. Failure to do so will be taken as an indication that no work is in progress. It is hoped that this procedure may not only provide the Committee with a basis upon which to evaluate scholarship capabilities but may also serve to establish a basis for mutual counsel and assistance.
   (c) An evaluation of teaching by colleagues shall also be conducted. Assistant Professors and Associate Professors will meet separately each year to designate a panel of five members of the Committee whom they regard as most competent to pass upon teaching qualifications. It is contemplated that at least three members of each panel will visit each of the Assistant and Associate Professors during the year and each visitor will make a written report. Where subject specialties are unevenly covered the Department Chairman may designate a person to cover that area. The written reports of the visitors will be reviewed by the Committee on Promotions as a whole in making its decisions. Each faculty member visited will be provided with a summary of student and colleague evaluations.
   (d) The department chairman will have the obligation not only of forwarding reports of the above considerations but also of adding his own judgments and evaluations and the evidence which he has to support them.

Specific Authority 240.227(1) FS. Law Implemented 240.227(19) FS. History–New 9-30-75, Formerly 6C2-4.37.

6C2-4.038 Department of Psychology.

(1) Teaching:
   (a) Criterion-Reference Testing. Conceptually, teaching should be inferred from the performance of the learner – consequently, the performance of the student measured against some objective norm would appear to be one appropriate procedure for evaluating teaching. From this viewpoint, the major burden rests on the answer to the question: What did the student learn? For purposes of evaluation, the department encourages each instructor to attempt, where appropriate, to obtain answers to this question. Suggested steps to this end are: Prepare an outline of content to be covered in the course in sufficient detail so that other faculty members in the same area can grasp the breadth and limits of the course with relative ease. This should include a list of both required and recommended reading. Prepare a statement of goals for each course taught. This statement should include the amount of the content he expects the student to retain, the expected level of ability of the student to apply the knowledge gained to other settings, and any other goals deemed desirable. Prepare a comprehensive examination which is designed to assess the extent to which his stated goals have been achieved. This examination should contain a strictly objective portion as well as any other evaluative exercise desired by the instructor. The objective portion of the comprehensive exam should be administered the first week of class and during the final exam period, using alternate forms. The questions on this exam should be subjected to continuing item-analysis procedures. Since standardized tests have been developed for several general areas of psychology, the use of these tests in a “before-after” procedure would be appropriate in many instances. Since the above procedure has the immediate danger of “teaching for a test” (which is not necessarily all bad), it obviously must be placed in appropriate context.
   (b) Classroom Visitation: A system permitting invited visitations among faculty for the purpose of teaching exposure will be instituted. The reports of visitors can be used as documentary material for teaching evaluation. The committee for visitation will be composed of the department chairman, a representative of the Graduate or Undergraduate Affairs Committees and one other professor of the teacher’s choice. Prior to any visitation, the teacher should make clear to the committee any exception or unusual practices that operate in his style of instruction so that the rules under which he is judged will be appropriate.
   (c) Teaching Critique: An expansion of the current system of video-tape recordings of classroom performance will be encouraged. These recordings might be used for self-study and, in some cases, as prima facie evidence of true teaching excellence. Further, outside teaching “experts” will be available for the instructor for assistance in “self-study”.

- 715
Commitment – Activity Measure: Since truly good teaching requires a commitment not unlike that seen in research, participation in teaching-oriented activities, over an extended period, can serve as evidence for teaching ability. Specifically, reference is made to: (1) development of new materials for instructional purposes; (2) development of new technologies or methods in teaching; (3) participation in specialized teaching programs.

Questionnaire to Graduated Majors: Evaluation of teaching by students appears to be most appropriate when based upon “residual” effects and then only if it is placed in perspective to the total educational enterprise. Consequently, student evaluation of a teacher would appear to be most appropriate sometime after graduation. A system of evaluation of courses and teachers by majors graduated within one year can be established. These results might deserve heavy weighting in teacher evaluation.

Standard Student Questionnaire: Some questionnaire will be used by all faculty for all courses. Results of this questionnaire will never be used as a primary measure of a teacher’s ability, but rather, as collaborative documents in conjunction with other materials.

Preparation of Teachers in Graduate Training: If one role of graduate education is preparation for college teaching, then commitment to preparing graduate students for college teaching also provides an index of teaching commitment. This commitment can be observed either by participation of the faculty member in teacher-training roles or the presence of his students in specialized departmental teaching programs.

Scholarship: There are many specific products and/or events that are being or can be utilized in evaluating scholarship. The guidelines attempt to address the problem of differentially weighing the scholarly prestige of the product/event, the frequency of its production/occurrence, the effort required in bringing it about, and the degree to which it is recognized by other scholars in the individual’s field as worthy. Publications represent the more traditional ways of documenting scholarship, but other data also need to be considered, such as scholarly participation in learned societies, paper presentations and symposia, refereeing of papers and grant proposals, journal editorships, grant awards, inter-disciplinary activities, and other tangible evidences of scholarly regard the individual’s peers have for him.

Publications: Not all publications are equivalent. Different individuals use different criteria for deciding where, what, and when to publish, and consequently differential weighting must be given to different publications. It clearly isn’t possible to eliminate subjective judgment from this process, but identification and discussion of the major relevant considerations may clarify matters somewhat. Publications seem to fall naturally into three broad classes: typical journal articles or equivalents thereof; major integrative/theoretical contributions such as Psychological Bulletin articles and book chapters; and books. In general, the progression from articles to chapters to books reflects increasing evidence of scholarship. Within each of these major classifications, however, there are important criteria for additional differentiation, as follows:

1. Books representing major scholarly contributions to the individual’s sub-specialty constitute evidence of greater scholarship than do introductory textbooks, which in turn constitute greater evidence of scholarship than a book of readings. More advanced textbooks are obviously, ceteris paribus, more scholarly than introductory textbooks.

2. Of lesser status but still highly significant in scholarly contributions are major integrative/theoretical efforts such as articles represented in Psychological Review or Psychological Bulletin articles, chapters in handbooks, and chapters in other books of a scholarly nature. The high prestige of Psychological Bulletin and Psychological Review articles is recognized generally in psychology. Within many specialty fields, additional mechanisms for integration have been established and are well recognized, such as the Handbook of Social Psychology, the Harvard Educational Review, etc. Chapters in books addressed to specialty fields would typically be considered equivalent to these, or perhaps slightly less prestigious, unless there were strong evidence to the contrary (i.e., a book of ill-prepared, poorly-edited chapters).

3. Journal articles are by far the most frequent outlets for scholarly contributions. There are a great variety of journals, varying in content, format, presence or absence of outside refereeing, editorial review, and so on. This variety makes it necessary to identify means of differentially weighting journal articles. Three considerations seem primary: (1) prestige of the journal – more prestigious journals being more carefully refereed, generally more directly related to professional organizations, more frequently cited in scholarly publications, having a higher rejection rate, and judged by people within the field as more desirable places to publish; (2) scope of article – increasing with breadth, depth, and length, indicated tangibly by number of journal pages devoted to the article, number of references cited, number of studies in a series that are reported, and the like, but requiring peer judgment in the final analysis (note: This requires making allowances for differences in the prestige of the journals); (3) research effort required – some fields of research and some lines of investigation within those fields pose greater difficulties to the scholar in terms of the complexity of instrumentation and experimental design required, the time required to collect data, the complexity of data reduction and analysis techniques, the breadth of interdisciplinary knowledge and communication required, and so on.

Technical reports within agency publication series constitute another outlet for scholarly contributions, and one that is especially difficult to assess since agencies vary greatly in what they demand of a technical report, and technical reports may (and usually do) have objectives quite different from those of recognized journals. What is appropriate for a technical report may be quite inappropriate for a scientific journal. Nonetheless, technical reports constitute varying degrees of scholarly contributions, with many of them being equivalent to good journal articles. Usually, within special fields, everyone known to be interested in the particular line of investigation has access to the reports, and they are publications in the public domain since copies will usually be supplied upon request. Peer judgment seems to be the only way at present to determine the weight that should be given to individual technical reports, although some general judgments could probably be made with regard to the average worth of reports in particular agency series.
5. Proceedings of conventions or symposia constitute further evidence of scholarship, since participation in the convention/symposium would typically occur through invitation (evidence of the high regard in which the individual is held by others in his field) or competition (evidence of judged quality of his proposed contribution). Differential judgments of scholarship here could be based on the national/international scope of the participation, the reputation of the other participants (“know a man by the company he keeps”), longevity of the proceedings’ series (e.g., the Nebraska Symposium on Motivation) and, in the last analysis, peer judgment.

6. In addition to publications, presentations at professional meetings must also be considered in evaluating scholarship. These typically constitute less convincing evidence than journal articles and other publications in that they are seldom referred, are frequently premature disclosures of research results, and are generated in the more permissive atmosphere of conventions encouraging maximum participation and exposure of students and younger scholars. Nevertheless, paper presentations are evidences of research participation and sufficient responsibility to see projects through to the point of reporting to the scientific community. Differential weighting of papers and presentations is possible along the local-regional-national-international dimension, and in accord with the degree to which the group to which the presentation is made is an established and recognized community of scholars.

7. An individual’s scholarship is recognized tangibly further by his service as an editor or referee for recognized journals, refereeing grant proposals for agencies supporting scholarly activity, and serving on site visits for agencies in evaluating the training and/or research capability of grant-seeking or grant-holding departments or laboratories.

8. Receiving research grant awards is especially good evidence of an individual’s current scholarly standing, since this reflects current ability to put together a scholarly proposal on a topic of investigation of current interest that is of sufficiently high quality to stand critical appraisal by panels of carefully chosen experts in his field. Agencies differ, of course, in the degree to which outside refereeing of grants is sought, and this must be taken into account. It should be possible, however, to identify within each individual scholar’s field a prestige hierarchy of granting agencies. In any event, the magnitude, the complexity, and the time period of the grant would help provide differential weighting to this criterion.

9. The degree to which the individual’s scholarship is limited to a narrow field of investigation, versus broader interdisciplinary concerns, provides further evidence of scholarship. Data on this could be obtained by noting the variety of publication outlets the individual used, particularly with regard to the primary professional affiliations of the journals from the variety of professional backgrounds of the individuals with whom he has co-authored publications; the variety of professional organizations with which he is affiliated; the intensity of communications he maintains with other professions; the variety of professional meetings he attends; and the like.

10. Since the life styles of scholars differ infinitely, it’s important to recognize that many very highly regarded scholars make their contributions primarily through their students. The scholarly activity of the individual’s students reflect on the scholarship of the individual. Tangible evidence of the individual’s students’ scholarship is seen in his participation in the undergraduate research program, the Honors program, and the contributions of his graduate students (the latter judged by the same parameters as are outlined above, and is obviously of more use in judging older faculty).

11. Credit must also be given for consultancies and visiting appointments reflecting scholarship, such as post-doctoral research programs, awarded chairs or lectureships, advisory board or steering committee appointments for research groups, and so on.

(3) Service: The concept of service performed by an academic psychologist is an omnibus one including all those activities of the professor which are not considered specifically either teaching or scholarship, but in the broadest sense represent ministering to the needs of students, the department, the college, the university, the community, state, region, and nation, and perhaps mankind. Service, then, is a responsibility that falls upon the shoulders of the professor by reason of his professional, academic, and state-employee identification by society, and is an extremely important contribution to the ability of the Department to provide quality education for psychologists. There are several structures within which service is rendered, and as many ways of presenting these services, but perhaps the most meaningful presentation for the purpose of differentiating service contributions for promotion/tenure decisions can be made from the point of view of the reason for the call to service.

(a) Professional and Departmental Services: Most frequently the professor of psychology is called upon for service because he is identified with the Department and with the profession. That is, he is identified as a psychologist and serves as a representative of the Department. There are many service roles played by a member of the Department of Psychology, but six are listed as being the most frequent.

1. Departmental committees – Large departments depend upon working committees to keep the activities of the department responsive to the needs of the university. Certain faculty members are identified as having both skill and dedication to the functioning of these committees, and the reports of these committees represent significant performance each year. The work load in committees is never even, so one responsibility of the chairman is to identify members who make outstanding contributions in this way.

2. Administrative load sharing – In addition to departmental committees, departmental administrative duties, often as not of the transient nature, require an enormous investment of energy to be done correctly. Such energy investments obviously must be credited to the individual as a service contribution.
3. State professional groups – Psychological, mental health, mental retardation, vocational rehabilitation, educational and other groups within the state make significant contributions to the well-being of the residents of the state and at the same time advance the professional standards of psychology and its related fields. Psychologists who are appointed or elected to the councils and boards of these organizations make significant social contributions. Obviously some groups, by reason of their effectiveness and elite status, carry more significance than others.

4. National professional groups – In many national professional groups, psychologists serve as members, committee members, and elected officers. These include regional psychological associations, national psychological associations, and related professional groups.

5. Appointment to study committees – One of the most significant service responsibilities, which carries with it immense prestige within the profession, is membership on study committees responsible for the evaluation of major programs and research efforts in psychology and related fields. These are generally national in scope, but on occasion are regional and state groups.

6. Public advisory groups – By reason of their identification with the profession of psychology and/or the Department of Psychology, some members of the Department are appointed or elected to public advisory groups. In such roles, they serve in an advisory capacity to governmental agencies and public and private social service agencies on state, national, and international levels. These service activities not only provide service to humanity, but bring prestige to the University.

(b) College of Arts and Sciences service: By reason of his identification with the College of Arts and Sciences, the Psychology faculty member incurs duties and obligations related to the functioning of the College within the University. These services can be categorized in three broad areas.

1. Appointment or election to College committees – As in the case of the Department, much of the effectiveness of the College of Arts and Sciences depends upon committees related to policy and function. College committees, such as Area Advisory Committees, provide a service without which the College could not function.

2. Instigation of College-wide innovations – Closely related to scholarly pursuits and teaching is innovation in the function of the university above and beyond the usual teaching and research activities. This is a particular responsibility of the psychologist, because of his unique training and motivation as a behaviorist, to look creatively at the way in which the College goes about its business of education. The development of innovative education is a service function which should be given considerable weight in judging overall contribution to the College.

3. Appointment to Master and Ph.D. Directive Committees – Serving as the College representative on Master and Ph.D. Committees affords the psychologist the opportunity to add to the effort to improve the quality and relevance of graduate education throughout the College.

(c) University Service: Beyond the College, the academic psychologist has the responsibility to serve various administrative committees of the University. The Faculty Senate, the Advisory Committees, Task Force Committees, Self-Study Committees are but a few of the areas which require the attention of the participating, responsible academic psychologist. For all the service functions, the individual will have to take responsibility for keeping the Chairman and the Promotion and Tenure Committee informed of his activities. The weight given to different service contributions will depend primarily on the magnitude of the contribution, the level at which it is made, the effort required in making it, and the excellence with which it is judged by knowledgeable peers to have been executed.

6C2-4.0395 College of Law Phased Retirement Program.

(1) Eligibility. College of Law faculty who have accrued at least ten years of creditable service in the Florida or Teachers Retirement System or Optional Retirement Program and who are tenured are eligible to participate in the College of Law Phased Retirement Program. A College of Law faculty member at any age after accruing ten years of creditable service may retire from the University and participate in this Program during a six year period ending June 30, 1997. Thereafter, if phased retirement continues to be permitted by the Florida Retirement System, eligibility shall expire not later than one year after the employee’s 62nd birthday. Employees who choose to participate must provide written notice during an academic year that they will retire with an effective date to be agreed upon by the employee and the University.

(2) Program Provisions.

(a) All participants must retire and thereby relinquish all rights to tenure.

(b) Upon retirement, the participant will receive payment for any unused annual leave or sick leave to which the participant is entitled.

(c) Participants shall be offered reemployment as a College of Law Service Associate Professor or College of Law Service Professor under an Other Personal Services (OPS) contract by the University for 780 hours in any academic year (.50 FTE), one semester at full pay or two semesters at one-half pay, at a salary proportional to the salary prior to retirement, including an amount comparable to the pre-retirement employer contribution for health and life insurance during the period of reemployment.

(d) The period of reemployment obligation shall extend over five consecutive years, beginning with the academic year next following the date of retirement. If a participant chooses to decline employment for an academic year, the participant shall request a leave of absence without pay for the period of time involved with reasonable notice to the University. The period of reemployment, however, shall not be extended beyond that described above.
(e) The assignment shall begin with the academic year next following the date of retirement and shall be scheduled within one semester of the academic year, unless the participant and the University agree to reemployment for the entire academic year at 0.50 FTE. Participants who are on the Florida Retirement System or Optional Retirement Program must remain off the State payroll for one calendar month following the effective date of retirement in order to validate their retirement, and may be reemployed by the State University System for only 780 hours in the first year after retirement.

(f) Participants shall be credited with five days of paid leave at the beginning of each full-time semester appointment. The leave may be accumulated but shall not be reimbursed as unused leave at the termination of the five-year reemployment period. The leave shall be used in increments of not less than one-half day (4 hours) when the participant is unable to perform assigned duties as a result of illness or injury to the participant or a member of the participant’s immediate family which shall include only the spouse, mother, father, brother, sister, natural, adopted, or step child, or other relative living in the participant’s household.

(g) Participants shall receive all across-the-board salary adjustments available to employees in established positions in an amount proportional to their part-time appointment. They shall be eligible for discretionary salary increases on the same basis as such other employees.

(h) Participants shall retain all rights, privileges, and benefits of employment as provided by law, rules, and University policies. During the period of reemployment, participants are to be treated as tenured faculty members for the purposes of Rule 6C-5.125, F.A.C., Layoff. The participant is entitled to an allocable portion of funds normally made available to faculty for research assistants if he or she is maintaining an active research program, and for travel, books and photocopying services.

(i) Office assignments within the College of Law shall be made at the discretion of the Dean. In all likelihood the participant will have to vacate his or her office to provide space for a new faculty member; however, office space will be made available to the participant when he or she has teaching responsibilities.

(j) While under policy of the Faculty Senate participants are to be given the same opportunities to participate in faculty activities as regular non-tenured faculty members have, a participant would not be required to attend faculty meetings or serve on University committees but would be entitled to vote as a regular faculty member on any issues in which non-tenured faculty members are eligible to vote.

(k) The decision to participate in the College of Law Phased Retirement Program is irrevocable.

(l) At the conclusion of the five year period of reemployment and upon the permanent retirement of the faculty member from the College of Law Phased Retirement Program, the faculty member, at the discretion of the Dean, may be reemployed as an adjunct employee on a year-to-year basis as permitted by Board of Regents rules.

(m) Recommendation for Emeritus Status shall not be considered for faculty members until retirement from the College of Law Phased Retirement Program.

Specific Authority 240.227(1) FS. Law Implemented 121.091(9)(b)5., 240.227(1), (5), 240.227(19) FS. History–New 10-10-91.

6C2-4.040 Department of Geography.

(1) Standards for Promotion and Tenure. Since teaching and professional activity are mutually reinforcing attributes of scholarship, members of the Geography Department are required to maintain high standards in both areas. To earn tenure and (or) promotion, members of the department must demonstrate excellence in courses which will meet service obligations of the discipline as well as the training needs of its own undergraduate and graduate students. In fact, the ability to integrate modern geographical concepts into the existing program and to conceive and develop new courses which serve to upgrade the program shall be regarded as major criteria for tenure and (or) promotion along with the ability to communicate the relevance of geography in modern society by implementing and working in inter-disciplinary programs which address themselves to compelling social needs. However, being of the belief that scholarship is best enhanced by research, the department shall give primary recognition to its importance. It also subscribes to the principle that the merit of one’s research cannot be assessed objectively unless it culminates scholarly publication. Finally, it is recognized that members of the department have a service obligation to the university and the discipline, as well as to the community, state, and nation. The specific criteria for tenure shall be those which apply for promotion to the rank of Associate Professor, since that is the rank at which tenure is normally granted.

(a) Assistant Professor: Appointment at this rank shall require the completion of all requirements for the Doctor of Philosophy degree, evidence of scholarly accomplishment, either in previous appointments or in graduate school, and promise of future development toward national and international reputation as a scholar.

(b) Associate Professor: Promotion to this rank shall be based upon demonstrated effectiveness in teaching, definitive accomplishment in scholarship, and contribution to the college and university and to the discipline at the national level. Clear evidence of imagination and adaptiveness to methodological developments within the field, as well as intellectual leadership within the department, should be visible. Most important, however, through his published scholarship and participation in professional activities, the candidate should be in the process of establishing a national and international reputation.

(c) Professor. Promotion to this rank shall be based upon superior teaching, accomplishment of high order in scholarship, and leadership within the department, college and university. Most important, full professionalism of the candidate should be clearly affirmed by the fact that he has acquired a high degree of national and international esteem from other internationally renowned geographers.
(2) Evaluation of the quality of performance. The quality of teaching shall be determined by student and faculty evaluations of specific attributes appropriate to the level of instruction and to the discipline, and shall include consideration of what is taught and how it is taught, and interest in the professional development of students and the improvement of curriculum. It shall be implemented in the following manner: The general university student evaluation or suitable departmental instrument shall be used to assess the quality of instruction in the lower undergraduate courses. Graduate student and advanced undergraduate student evaluation shall be done with a questionnaire designed by the Gamma Theta Upsilon – graduate student advisory body which may include a standard university evaluation instrument. Responsibility for implementation will be vested in the above body. Faculty evaluation will be based upon inspection of course syllabi and other appropriate materials which are on file in the departmental office. The quality of scholarship shall be determined by faculty evaluation and by the degree of recognition by one’s peers at the national and international levels. The tenure committee shall be composed of three elected members of the tenured members of the department or the elected Executive Committee if all members of that committee are tenured. The tenure committee will review all of the candidate’s published research and other aspects of his resume which shall be kept up to date on an annual basis in the department office. If other evidence of scholarship can be offered, including on-going research, the responsibility to present it rests with the candidate. All candidates seeking promotion to either the associate professor or professor level must submit three letters attesting to their geographical competency from members of the profession outside the university, deemed by the Executive Committee to have high stature in the discipline. The committee shall select the three references from a list supplied by the candidate. Considerable opportunity for informal discussion exists in a small department. This means of ascertaining a candidate’s enthusiasm for geography as well as his scholarship shall therefore be utilized. All members of the department shall be encouraged to participate actively in such discussions. The quality of service shall be evaluated by the appropriate committee and shall include professional contributions to one’s departments, college and university, to geography, and to one’s community, state and nation. The candidate shall include in his resume all evidence to support service of the type suggested above.

(3) Procedure for evaluation of performance on the departmental level. All new members of the department shall be informed of departmental and university policy toward promotion and tenure by the chairman. The chairman, through informal conversation with his faculty and geography students as well as use of various types of student evaluations, shall keep informed of the quality of performance of all members of the department working toward tenure and (or) promotion. At least once each year he shall orally apprise them of their progress. At an appropriate date, but not later than October 1 of the fourth year for assistant professors, and individuals seeking tenure and promotion to the level of associate professor shall draw up a detailed resume presenting evidence supporting his candidacy. In the event that tenure and promotion is denied the candidate, he may be given the opportunity to resubmit his application in succeeding years. Only under the most extenuating circumstances, after an agreement is reached between the chairman, members of the department and the College of Arts and Sciences, shall an untenured assistant professor be retained after the seventh year. Promotion to the level of professor shall be implemented in the same manner as associate professor, but with no time interval. Untenured professors shall be obliged to request tenure within three years of arrival. If tenure is denied, the candidate may resubmit his dossier the following two years. In the event of refusal after the fifth year arrangements shall be made to terminate the individual’s services. The responsibility for obtaining the student evaluation shall rest with the chairman of the department. The material provided by the candidate, together with the student and faculty evaluations shall be assembled into a file. This file shall be circulated among all members of the appropriate committee. Each member of the appropriate committee shall review the file, and upon review, either accept or reject the application. In tenure considerations, a majority affirmative vote shall result in the recommendation to the entire tenured faculty that the candidate be awarded tenure. This shall be voted upon by secret ballot by the entire tenured faculty. The department chairman shall count the votes and announce the results to the candidate and the tenure committee. Following an affirmative vote by the tenure faculty, the departmental tenure committee shall submit such a recommendation by October 31 of any year to the Dean of the College of Arts and Sciences in the form of a dossier. This dossier shall include:

(a) Information supporting a request for confirmation of tenure, to be supplied in accordance with the Office of Academic Affairs and approved by the Board of Regents for the State University of Florida;

(b) A standard vita with such information as education, experience, courses recently taught, major committee assignments, professional activity, and bibliography;

(c) Three letters of recommendation, at least two of which must be written by members of the departmental faculty, which speak to the scholarly ability and reputation, teaching competence, and service activities of the candidate;

(d) Appropriate evaluation forms which show the results of recent evaluations of the candidate’s teaching by graduate and advanced undergraduate, as well as lower undergraduate, students;

(e) A formal, signed recommendation from the tenure committee to the Dean that tenure be confirmed;

(f) A statement from the chairman on the results of a secret ballot of all tenured members of the department as to whether or not the candidate’s application for tenure is supported. In those cases when a faculty member is a candidate for promotion, either to associate professor or to full professor, a dossier supporting the faculty member’s candidacy shall be submitted by October 31 of any year to the Dean of the College of Arts and Sciences by the Executive Committee. This dossier shall include:

1. A standard vita with such information, experience, courses recently taught, major committee assignments, professional activity, and bibliography.

2. Three letters of recommendation from members of the profession outside the department, as provided for in Section B2c of this document.
3. A cover letter from the chairman of the department setting forth in some detail the overall rationale and bases of support for his recommendation for promotion of the candidate.

4. Appropriate evaluation forms which show the results of recent evaluations of the candidate’s teaching by graduate and advanced undergraduate, as well as by lower undergraduate, students.

5. A formal recommendation for promotion signed by the members of the Executive Committee and containing a statement by the Committee of its own evaluation of the candidate in terms of teaching, scholarship, and service. In those cases when a candidate for promotion is also a candidate for tenure, a separate dossier supporting his candidacy for tenure and conforming to that stipulated in Section C-9 shall be prepared and forwarded concurrently with the dossier supporting his candidacy for promotion.

6. Appropriate evaluation forms which show the results of recent evaluations of the candidate’s teaching by graduate and advanced undergraduate, as well as by lower undergraduate, students.

7. A cover letter from the chairman of the department setting forth in some detail the overall rationale and bases of support for his recommendation for promotion of the candidate.

8. To be eligible for consideration for promotion by the Promotion Committee, a candidate must have been appointed in rank for at least twelve months at The Florida State University by October 1 of the year in which the candidate wishes to be considered for promotion for the next contract year.

9. Time in rank transferred from another library, or in appropriate professional non-library experience, or in appropriate non-professional library experience, including part-time service of a continuous nature, must be negotiated at the time of initial appointment at The Florida State University in order to be counted toward promotion. Credit for experience will be given on a pro-rata month-worked/month-credited basis. Part-time service of a continuous nature at The Florida State University may be accumulated on a pro-rata month-worked/month-credited basis for purposes of being considered eligible for promotion.

10. To be considered for promotion to the rank of Assistant University Librarian, the candidate shall have:

   (a) Earned a master’s degree in Library Science from an American Library Association accredited institution.

   (b) Completed, by the beginning of the next contract year, twenty-four months as a professional librarian, including at least twelve months in rank at the University, after receiving the master’s degree in Library Science.

   (c) Demonstrated competence in areas such as intellectual attainment, maturity of judgment, initiative, resourcefulness, teamwork, and effectiveness in working with the public and library staff.

   (d) Presented documentation of effective performance which shows an enhancement of responsibility and continuing growth with evidence of strong commitment to and potential for the library profession.

   (e) Made professional contributions deemed significant by peers to the library and/or the University.

   (f) Participated in continuing education in the form of appropriate academic course work, workshops, institutes or conferences.

   (g) Participated or maintained membership in professional associations.

   (h) Demonstrated satisfactory performance within current rank as shown in the applicable annual evaluation form.

11. To be considered for promotion to the rank of Associate University Librarian, the candidate shall have:

   (a) Earned a master’s degree in Library Science from an American Library Association accredited institution.

   (b) Completed, by the beginning of the next contract year, twenty-four months as a professional librarian, including at least twelve months in rank at the University, after receiving the master’s degree in Library Science.

   (c) Demonstrated competence in areas such as intellectual attainment, maturity of judgment, initiative, resourcefulness, teamwork, and effectiveness in working with the public and library staff.

   (d) Presented documentation of effective performance which shows an enhancement of responsibility and continuing growth with evidence of strong commitment to and potential for the library profession.

   (e) Made professional contributions deemed significant by peers to the library and/or the University.

   (f) Participated in continuing education in the form of appropriate academic course work, workshops, institutes or conferences.

   (g) Participated or maintained membership in professional associations.

   (h) Demonstrated satisfactory performance within current rank as shown in the applicable annual evaluation form.

6C2-4.0485 Criteria and Procedures for Promotion for In-Unit General Faculty Librarians.

1. Faculty-course evaluation of all 400+ level courses except research seminars by GTU – graduate student advisory body. Fall quarter sirs evaluations are mandatory. However, previous winter, spring, and summer evaluations may be submitted. Faculty service report for period July 1 – June 30 submitted to chairman along with self evaluation on three categories; teaching, research, publication, and other professional activity, and service.

2. Evaluation by Chairman and Executive Committee Weighting Factors are teaching (.3), research, and other professional activity (.5), and service (.2). Chairman and Executive Committee evaluations transmitted to faculty member if requested. Appeals and requests for explanation, if any, to Chairman and Executive Committee. All evaluations and recommended increments (in light of anticipated budget) transmitted to Dean. Dean and Chairman resolve dollar increments. Chairman informs Executive Committee of above. After resolution of inequities noted above, Chairman informs faculty member of anticipated salary when so instructed by Dean.

2. Completed, by the beginning of the next contract year, sixty months as a professional librarian, with a minimum of twenty-four months experience in an academic or research library, to including at least twelve months in rank at the University.

3. Demonstrated competence in areas such as intellectual attainment, maturity of judgment, initiative, resourcefulness, team work, and effectiveness in working with the public and library staff.

4. Presented documentation of effective performance which shows an enhancement of responsibility and continuing growth.

5. Demonstrated excellence in the candidate’s specialized area of librarianship.

6. Participated in continuing education in the form of appropriate academic course work, workshops, institutes or conferences.

7. Participated in or maintained membership in professional associations. Additionally, the candidate may submit evidence of commitment to the service concerns of the University or the community.

8. Demonstrated satisfactory performance within current rank as shown in the applicable annual evaluation form.

(d) To be considered for promotion to the rank of University Librarian, the candidate shall have:

1. Earned a master’s degree in Library Science from an American Library Association accredited institution.

2. Completed, by the beginning of the next contract year, one-hundred and eight months as a professional librarian, with at least seventy-two months experience in an academic or research library and at least forty-eight months at the Associate Librarian or equivalent level, to include at least twelve months in rank at the University.

3. Demonstrated excellence in areas such as intellectual attainment, maturity of judgment, initiative, resourcefulness, and effectiveness in working with the public and library staff.

4. Presented documentation of effective performance which shows an enhancement of responsibility and continuing growth.

5. Demonstrated excellence in the candidate’s specialized area of librarianship.

6. Participated in continuing education in the form of appropriate academic course work, workshops, institutes or conferences.

7. Participated or maintained membership in professional associations. Additionally, the candidate may submit evidence of an advanced degree or publications and evidence of commitment to the service concerns of the University or the community.

8. Demonstrated satisfactory performance within current rank as shown in the applicable annual evaluation form.

3) Procedure.

(a) The Promotion Committee, acting in an advisory capacity to the Director of Libraries, shall be responsible for recommending candidates for promotion. A candidate shall be any librarian below the rank of University Librarian who has submitted a promotion evaluation folder to the Promotion Committee chairperson. The Promotion Committee’s recommendation shall be made only on the basis of the information contained in the librarian’s promotion evaluation folder. Promotion to a higher rank shall be effective with the beginning of the next contract year.

(b) It is the responsibility of each librarian to determine when he or she is eligible to be considered for promotion, and to make and submit an application. The Office of the Director of Libraries maintains the official records which shall be used for determining eligibility. Librarians who anticipate being away from campus during the fall term, and who think they are eligible to be considered for promotion, should submit a promotion evaluation folder to the Committee Chairperson prior to departure. To be considered for promotion, the candidate’s folder must be complete.

(c) The candidate’s promotion evaluation folder shall contain the following information in this order:

1. Detailed up-to-date resume.

2. Statement from the Office of the Director of Libraries detailing the amount of professional experience credited at the time of the candidate’s initial appointment at FSU Libraries. Librarians who did not receive such a statement at the time of their initial appointments may request one from the Office of the Director of Libraries.

3. Statement from the Office of the Director of Libraries detailing number of months at FSU, and the number of months in rank at FSU, identifying any leaves of absence which do not count as time in rank.

4. Letter from immediate supervisor summarizing candidate’s scholarly or creative activity and service in terms of departmental mission and of the candidate’s assigned duties.

5. Current Statement of Assigned Duties. Statements of assigned duties, or job descriptions if applicable, shall be included for the last five years or the period being evaluated if less than five years. Assignment of duties, or job descriptions for more than five years may be included if appropriate.

6. Record of continuing education in terms of appropriate academic course work, workshops, institutes or conferences.

7. Copies of all performance evaluation documents completed since the candidate entered his or her rank.

8. Records of membership in or participation in professional organizations.

9. Additionally, the candidate may submit:

   a. Records of participation in community and university organizations and service on library, university and community committees.

   b. Evidence of publications and special projects (e.g., consultant, panel presentations).

   c. A statement by the candidate.

   d. Other pertinent communications (e.g., letters of recommendation, acknowledgments, etc.).

(d) Information contained in the librarian’s promotion evaluation folder shall be confidential as provided in Section 240.253, F.S. Promotion Committee members shall not discuss the information with any person not authorized to evaluate the candidate’s qualifications for promotion.
(e) Promotion evaluation folders shall be stored in the Office of the Director of Libraries. They will be returned to the candidates by June 1.

(f) Upon completion of its deliberation pertaining to promotion, the Committee shall submit its recommendations and its reasons for not recommending a promotion for an individual to the Director of Libraries. The Committee shall give written notification of its recommendation to each candidate at the same time the recommendation is submitted to the Director. Any candidate not recommended for promotion by the Promotion Committee shall upon request receive a letter from the Committee containing its reason(s) for the decision. This request must be received by the Committee chairperson in writing within five working days after notification of the Committee’s decision. A candidate who is not recommended for promotion by the Committee may appeal the decision in writing to the Director of Libraries within ten working days after being notified by the Committee of the reasons for its decision.

(g) The Director of Libraries shall make and submit final recommendation for promotion to the Vice President for Academic Affairs. In making that final recommendation, the Director of Libraries primarily shall consider the recommendation of the Promotion Committee, but may in his or her discretion consider other relevant factors. The Director shall give written notification of his or her recommendation to each candidate. Any candidate not recommended for promotion by the Director of Libraries shall upon request receive a letter from the Director containing his or her reason(s) for the decision. This request must be received by the Director of Libraries in writing within five working days after notification of the Director’s decision. A candidate who is not recommended for promotion by the Director of Libraries may appeal the decision in writing to the Vice President for Academic Affairs within ten working days after being notified by the Director of Libraries.

(h) The promotion process shall normally proceed according to the following schedule; however, the Director of Libraries may modify the schedule if it is in the best interest of the University. Any such modification in the schedule shall be posted not less than 7 days in advance of its implementation in the Staff lounge and Technical Services area.

March 15: New members of Promotion Committee are elected.
April 1: Terms begin for new members.
April 15: Promotion Committee sends written notice to all librarians below the rank of University Librarian that they should determine eligibility for promotion. The Office of the Director of Libraries maintains official records of time in service. A meeting of interested librarians to answer questions about the promotion procedure shall be scheduled by the chairperson of the Promotion Committee during the summer term.
August 15: Promotion Committee posts in two locations (staff lounge and Technical Services) official notification to submit promotion folders and sends written notice to all librarians below the rank of University Librarian, including with the notice a copy of “Criteria and Procedures for Promotion of Librarians.”
November 30: Candidates’ promotion folders are due to the chairperson of the Promotion Committee.
December 1: Promotion Committee begins deliberations.
January 15: Recommendations for promotion from the Promotion Committee are due in the Office of the Director of Libraries.
February 15: Recommendations for promotion from the Director of Libraries are due in the Office of the Vice President for Academic Affairs.

(4) Promotion Committee Membership and Selection.

(a) The Promotion Committee shall be composed of five elected voting members and one elected alternate, who shall vote only when serving in place of a voting member. The Dean of the Faculties or designee by that office shall be an ex-officio, non-voting member of the Committee. Those elected shall consist of three University Librarians, two Associate University Librarians and one alternate Associate or University Librarian.

(b) The Director of Libraries shall designate the Assistant Director of University Libraries for Administrative Services to supervise the election of the Committee each spring. All Associate and University Librarians who have been employed at least one year as an in-unit librarian at the University are eligible for election. Librarians who expect to qualify for promotion during the term of service shall disqualify themselves from being elected to the Promotion Committee. A member forfeits his or her right to be considered for promotion during the same year(s) he or she serves on the Committee. Additionally, a librarian who is expected to be absent due to overseas assignment or approved leave during the period November 1 to January 15 shall not be eligible for service on the Committee.

(c) Public Services Division librarians shall elect one University Librarian and one Associate University Librarian from within their own division. Technical Services Division librarians shall elect one University Librarian and one Associate University Librarian from within their division. All the librarians from both divisions shall together elect at large one University Librarian and one alternate. The Director of Libraries and Assistant Directors are not eligible to vote. One Public Services University Librarian and one Technical Services Associate University Librarian shall be elected in odd numbered years for a two year term except that during the election first held after adoption of this rule they shall be elected for a one year term only. One Technical Services University Librarian and one Public Services Associate University Librarian shall be elected in even numbered years for a two year term. The one Committee member and one alternate elected at large shall be elected annually. Consecutive terms shall be prohibited. The University Librarian in the second year of his or her term shall serve as chairman. If more than one University Librarian is in his or her second year, the Committee shall elect the chairperson from the group in the second year of term. If a University Librarian in his/her second year is unable to serve as Chairman, the University Librarian in the first year of a term shall serve as Chairman. When the FSU Libraries staff does not include enough Associate University Librarians from the appropriate
divisions who are eligible for service on the Promotion Committee, substitution shall be from among University Librarians. A vacuum caused by termination, resignation, or inability to serve shall be filled at the next regular election. However, the committee may not operate with less than four members; should more than one vacancy exist, a special election shall be called to fill the vacancies.

(5) Definitions:
(a) Academic library: A library forming an integral part of a college, university, or other academic institution for postsecondary education, organized and administered to meet the information needs of students, faculty, and affiliated staff of the institution.
(b) Research library: A reference library or a library which contains an in-depth collection in a particular subject field (such as a technical library) or in-depth collections in several subject fields (such as a university library or a large private or public library) with collections including primary sources and provides extensive chronological and/or geographical coverage.

Specific Authority 240.227(1) FS. Law Implemented 240.227(5), (19), 240.253, 240.245 FS. History–New 7-17-86.

6C2-4.061 Travel.
(1) Definitions.
(a) Official Headquarters. The Official Headquarters refers to the city or town in which the employee’s office is located, the city or town nearest the area where an employee located in the field performs the majority of his work, or the city or town so designated by the University. If an employee is stationed in any city or town for a period in excess of 30 days, that location is deemed to be his official headquarters.
(b) Conference. A Conference is a meeting of persons or groups with a common interest or interests for the purpose of deliberation, interchange of views, or for the removal of differences or disputes; and for discussion of their common problems and interests. The term also applies to similar meetings such as seminars and workshops which are large formal group meetings that are programmed and supervised to accomplish intensive research, study, discussion, and work in some specific field or on a governmental problem.
(c) Convention. A Convention is an assembly of a group of persons representing other persons or groups, meeting for the accomplishment of a purpose of interest to the represented parties.
(2) General. Official University travel must be authorized in all cases before the travel is commenced or travel expenses are incurred. Approval is required even though the University will be reimbursed for the travel expenses. The Travel Authorization Request form must be submitted to the University Comptroller’s office five workdays before the departure of the traveler except in emergency situations or when the travel request is for the use of State owned vehicles only. The approving authorities designated within this procedure are charged with the responsibility of insuring that the most economical means of transportation is used, keeping in mind the reason for travel, the time required, the cost per diem, the number of persons making the trip, and the amount of equipment or material to be transported.
(3) Travel Authorization.
(a) An employee who intends to travel on official University business should prepare a Travel Authorization Request. All official travel within the United States, the Virgin Islands, and Puerto Rico and for less than 30 days will be approved by the department head, and by the dean or department director who is administratively responsible for the traveler. Travel expenses to be charged to contract or grant budgets will be approved by the Provost for Graduate Studies and Research.
(b) Travel requiring reimbursement for more than 30 days of per diem requires additional approval as stated in Attachment 2 to Florida State University Financial Manual Operation Procedure F-4-1.1.
(4) Blanket Travel Requests.
(a) A Blanket Travel Request may be used when an employee is required to travel to a specific destination for the same purpose on a frequent and periodic basis.
(b) The following are examples of situations where Blanket Travel Requests are appropriate:
1. When technical personnel are required to visit specific locations to provide services at those locations.
2. When instructors are teaching classes in specific locations off campus.
3. When employees are required to make frequent off-campus trips to places such as the airport, bus station, or television studio, using their own cars.
(5) Travel Advances. Travel advances may be made to travelers in the amount of 80% of the total per diem cost per trip, if the estimated cost exceeds $200.00. The Travel advance must be requested on the Travel Authorization Request form when it is submitted to the Comptroller’s Office. Requests for a travel advance must be submitted at least five days before the funds will be needed.
(6) Conference Registration Fees.
(a) Conference registration fees will be paid in advance when the following conditions are met:
1. The registration fee exceeds $50.00.
2. The request is made 20 days in advance of the start of the conference.
3. The request accompanies the Travel Authorization Request form for the entire trip.
4. The request to pay conference fees is made on a Payment of Expense Items form with literature attached that describes the conference and indicates the name of the sponsoring organization and the amount of the registration fee.

(b) Conference registration fees are paid to the conference sponsor, and in no case will fee be paid in advance to the traveler. If the registration fee is not paid in advance, it will be reimbursed with other expenses.

7. Student Government Travel. Travel requests to incur expenses in conjunction with student government activities are processed in similar fashion to travel requests for employees as discussed above under Travel Authorizations. The signatures that are required on the Travel Authorization Request form are those of the budget account manager, and activities accountant on the dean’s signature line. Advances for anticipated costs may be made to University approved student organizations for group travel. Such advances may include the cost of subsistence and mileage. Subsistence estimates cannot exceed per diem rates, and mileage is estimated at the established rate. The final accounting for student group travel will be made by the person in charge of the group at the completion of the trip.

8. Consultants, Advisors, Job Applicants. A request to pay from the expense category of the budget, the travel expenses of non-employees who are providing services to the University such as consultants, advisors, or job applicants will be processed in the same fashion as requests to pay travel expenses for employees.

9. Modes of Transportation. The modes of transportation that may be authorized for official travel include State vehicles, private vehicles, common carriers, and rental cars. For travel in the vicinity of the official headquarters, State vehicles should be used. Private vehicles may be used for official travel in the vicinity of the official headquarters provided each trip is necessary for the discharge of University related responsibilities, is entirely for business purposes, and no State vehicles are available. The use of rental cars should be limited as much as possible to situations that preclude the use of common carriers or private vehicles.

10. State Vehicles. To obtain a vehicle from the State motor pool, two copies of the Travel Authorization Request form must be submitted to the dispatcher when the vehicle is checked out.

11. Private Vehicles.
(a) The following are situations that justify the use of private vehicles for travel outside the vicinity of the official headquarters:
1. When travel is required at such time or to such places that common carrier transportation may not be reasonably available.
2. When two or more persons travel to the same destination in the car and total mileage claimed does not exceed the total airline tourist fares for transporting the same number of people.
3. When travel involves the transportation of instructional material and equipment, precluding the use of a common carrier.
(b) The maximum one-way mileage distance for reimbursement at the mileage rate ($.14 per mile) is 300 miles for an employee traveling alone in his personal vehicle, unless the above conditions preclude the use of a common carrier. Any excess over this mileage will cause the entire transportation portion of the trip to be reimbursed at the airline tourist rate.

12. Rental Cars.
(a) The use of rental cars should be limited, insofar as possible, to situations where common carriers are not available and the use of personal automobiles is precluded. Examples of such situations include:
1. Where a destination has been reached by common carrier, and several locations in the same vicinity must be visited.
2. Where transportation between airport terminal and destination is needed and taxi or limousine service is not feasible or available.
3. When schedules cannot be met through the use of common carrier.
(b) The State of Florida has contracted with Hertz Corporation for rental car service. Hertz rental cars should be used unless it can be shown that another company has lower net rates.
(c) Unless there is justification for the use of a standard size car, rental should be limited to a compact car. When a compact car is requested at the time a reservation is made, the rate charged by the rental agency must be for a compact car even though only a standard car is available at the time of pick-up.
(d) Optional collision damage waiver insurance should not be purchased when renting a car. The State has established a self-insurance program to insure against damage to rental cars for the first $100 worth of damage.

13. Travel Agencies.
(a) All types of common carrier transportation may be purchased through travel agencies. Only those travel agencies which are bonded and licensed with the State of Florida may be used. This limitation applies to those travel agencies located outside of the State as well as to those located in Florida.
(b) The normal procedure to be applied in purchasing transportation from a travel agency in Tallahassee is to contact the travel agency five of more working days before the scheduled departure date. The following information should be given to the agent:
1. Name of the traveler, the department name, and the department account number.
2. Dates of travel, complete itinerary, and desired mode of common carrier.
(c) After arrangements have been completed with the travel agency, the traveler should then obtain the ticket cost and prepare a Travel Authorization Request. The request form is then processed through the University Accounting Office, Travel Section.

14. Air Travel Credit Cards. Air Travel Credit Cards may be issued to employees whose duties require that they travel frequently. A credit card will be issued by the Comptroller’s Office when a written request is received. The request must specify the employee authorized to receive the credit card and the department account number to be charged. The request must be signed by the appropriate dean of department director. A Travel Authorization Request must be prepared for each trip even though the airline ticket was purchased by use of an Air Travel Credit Card.
(15) Expense Reimbursement. Immediately upon returning to the official headquarters, the traveler should submit a Voucher for Reimbursement of Traveling Expenses to the Comptroller’s Office.

(16) Lodging and Meal Allowances.

(a) Lodging and meal expenses that are incurred by a University employee while he is performing official travel may also be reimbursed. For reimbursement purposes, travel is considered to fall into one of the three classes listed below. A traveler on an extended trip may return home overnight, over a weekend, or during a holiday. However, any time lost from his regular duties will be taken as annual leave and authorized in the usual manner. He will not be reimbursed for traveling expenses but will receive per diem at the established rate allowable had he remained at his assigned post.

(b) Travel is classified as follows:

1. Class A Travel. Class A Travel is defined as continuous travel of 24 hours or more away from the official headquarters. There are three options for computing reimbursement for Class A Travel. The traveler may select either Option 1, Option 2, or Option 3, however, the option selected will apply for the duration of any single trip.
   a. Option 1 – Twenty dollars per diem or $5.00 per quarter day based on 6 hour periods beginning at 12 and 6 o’clock. Any portion of a trip which is part of a quarter will be reimbursed for the whole quarter.
   b. Option 2 – A maximum of twenty-five dollars per diem based upon allowance of $9.25 for meals plus actual expenses for lodging not to exceed the single occupancy rate. Lodging expense must be substantiated by paid bills. Single occupancy rate must be specified on the bill.
   c. Option 3 – For conference and convention travel which serves a direct and lawful purpose with relation to the agency served by the person attending such meeting, expenses up to the amount prescribed in sub-section 3 below, plus actual expenses for lodging at a single-occupancy rate, to be substantiated by paid bills or receipts thereof. Single occupancy rate must be specified on the bill or receipt.

2. Class B Travel. Class B Travel is defined as continuous travel of less than 24 hours requiring overnight absence from the official headquarters. Class B Travel is reimbursed at $5.00 for each six-hour interval or part of a six-hour interval, computed from the moment of departure.

3. Class C Travel. Class C Travel is defined as travel not requiring overnight absence from the official headquarters. Day trips are reimbursed for meals only on the following basis:
   a. Breakfast – $1.75 – when travel begins before 6 a.m. and extends beyond 8 a.m.
   b. Lunch – $2.50 – when travel begins before 12 p.m. and extends beyond 2 p.m.
   c. Dinner – $5.00 – when travel begins before 6 p.m. and extends beyond 8 p.m. or when travel occurs during night hours due to special assignment (e.g., bus driver).

(17) Transportation Allowances. Transportation, other than the use of a private vehicle, can usually be arranged for in advance of the trip and billed directly to the University. Expenditures made by an employee for transportation may be reimbursed with certain exceptions as stated in paragraph 19. If travel is by other than the most direct route between points where official University business is conducted, the additional cost must be borne by the traveler. No traveler can claim transportation expense when he is gratuitously transported by another person or when he is transported by another traveler who is entitled to reimbursement for transportation expenses.

(18) Private Vehicle. Each trip for which an employee requests reimbursement for the use of a private vehicle must be necessary to the discharge of his University responsibilities and must be entirely for business purposes. Mileage in excess of 300 miles that is not justified will cause the transportation portion of the trip to be reimbursed at the airline tourist rate. This mileage limitation does not apply when two or more employees are traveling to the same destination in the same vehicle. State Motor Pool vehicles should be used in preference to private vehicles for travel in the Tallahassee area. Trips that are made locally using a private vehicle and are made on a recurring basis may be requested using a blanket request.

(19) Incidental Expenses.

(a) The following incidental expenses may be reimbursed. All expenses except taxi fares must be substantiated with a receipt if the amount is greater than $1.00.
   1. Taxi fare.
   2. Ferry, bridge, road, or tunnel toll.
   3. Car storage or parking fee.
   4. Communications expense (telephone, telegram, etc.).
   5. Excess baggage charges if incurred for University equipment.
   6. Convention or conference registration fee (if meals are included in the fee, then per diem or subsistence allowances must be decreased accordingly). A brochure or printed material describing the convention or conference must be attached to the expense voucher, if it was not previously attached to the Travel Authorization Request form (see reference (2)).

(b) The following incidental expenses are not reimbursable and must not be included in the amounts recorded on the expense voucher.
   1. Personal accident insurance on rental cars.
   2. Tips and gratuities for personal services.
   3. Charges for excess personal baggage.
   4. Collision Damage Waiver Insurance (covers liability for the first $100 or damage to a rental car).
(20) International Travel. The per diem rates discussed above under Lodging and Meal Allowances will apply to international travel except for expenses to be charged to contract or grant budgets. Per diem expenses that are to be charged to contract or grant budgets will be at the rate specified in the contract or grant, or at the rate established by the U.S. Department of State, whichever is less. A schedule of the U.S. Department of State international per diem rates may be obtained from the Office of Contracts and Grants. All expenses for international travel in excess of 30 days are to be paid from contract or grant budgets.

(21) Conference and Convention Travel. Administrators who approve travel Authorization Request forms are certifying by their signature that travel to a conference or convention will be made in accordance with the following policies. To comply with State regulations, a limit has been established on the number of conferences or conventions that can be attended by Florida State University employees in a given fiscal year. In the event that this limit, which has been set at 2,000 conferences or conventions, is reached, special approval may be required for travel request involving additional conferences or conventions. Notification of the special approval requirement will be issued by the Comptroller’s Office if necessary. The provisions of this procedure will apply whether or not the limit is exceeded.

(22) Conference and Convention Travel Authorization.
(a) An employee who intends to travel to a conference or convention, including those who are invited participants, should prepare a Travel Authorization Request.
(b) A statement of justification must accompany the Travel Authorization Request. The Statement of Justification must include the following information:
1. The relationship of the conference or convention to the statutory duties and responsibilities of the University.
2. The expected benefit to the University as a result of the employee’s attendance at the conference or convention.
3. The relationship of duties and responsibilities of the employee to the objectives of the conference or convention.
(c) If it is deemed necessary to allow more than three employees to attend a conference or convention the justification statement must include a full explanation as to why the additional persons are attending the conference or convention. It is recognized that conferences and conventions may cover a wide range of concerns. Divisions or sections of a broadly constituted conference or convention may be viewed as different conferences or conventions. In this case additional justification is not required if the number of attendees to any one division or section does not exceed three employees.
(d) In addition to the statement of justification, a brochure or printed material describing the conference or convention (specifically that portion which covers the registration fee) should be attached to the Travel Authorization Request. If such material is not available at the time the Travel Authorization Request is submitted, it should be submitted with the Voucher for Reimbursement of Traveling Expenses (State of Florida FORM NO. C676).
(e) The Comptroller’s staff will verify that the justification statement is on the Travel Authorization Request form. This verification will not include a review of the contents of the statement. It is the responsibility of the initiator and approving administrator to assure that the justification statement is sufficient and complies with University policy.
(f) Conference or convention fees will be paid in advance when the following conditions are met:
1. The registration fee exceeds $50.00.
2. The request is made 20 days in advance of the start of the conference or convention.
3. The request accompanies the Travel Authorization Request for the entire trip.
4. The request to pay conference or convention fees is made on a Payment of Expense Items with literature attached that describes the conference or convention, and that indicates the name of the sponsoring organization and the amount of the registration fee.

Conference or convention registration fees will be paid in advance only to the conference sponsor. In no case will these fees be paid in advance to a traveler. If the registration fee is not paid in advance and is paid by the traveler, it will be reimbursed with other expenses.

Specific Authority 120.53(1)(b), 240.042(2)(a) FS. Law Implemented 120.53(1)(b), 240.042(2)(a) FS., 6C-4.001 (8)(f), 6C-5.019(1), (2), (3), F.A.C. History–New 9-30-75, Amended 3-24-76, Formerly 6C2-4.61.

6C2-4.062 Research Institutes, Centers and Facilities.
(1) Definitions.
(a) Research Institutes are connected with two or more departments (involving one or more schools or colleges). Both the establishment of the institute and the appointment of its director must approved by the Board of Regents. Institutes may function as an umbrella for one or more research centers. Institutes are reasonably permanent, formally organized units. Institutes may not grant degrees.
(b) Research Centers do not require Board of Regents approval. Their immediate administration may be by an individual or group of individuals. Centers are more flexible, and probably more temporary, than are institutes. Centers, like institutes, may not grant degrees. Research centers referred to here are separate from centers which would be classified as intradepartmental or intrainstitute.
(c) Facilities are entities in which the major emphasis is upon a single or a series of experimental techniques, research instrument, etc., which are likely to be utilized across departmental lines. Normally the facility will have a director who coordinates utilization of the resources of the facility. Facilities referred to here are separate from facilities which would be classified as intradepartmental or intrainstitute.

(2) Establishment of Organizations.
(a) A formal application will be made for the establishment of all three types of organizations. Such applications will set forth the aims of the proposed new organization and the means for functioning. Commitments of faculty effort and proposed sources of funding will be described. Applications will be submitted to the appropriate department chairman. After approval by appropriate departments, deans of schools or colleges, and provosts concerned, the application will be forwarded to the Provost for Graduate Studies and Research who in consultation with the Executive Vice President will normally forward it to the Graduate Research Council for recommendation. Final approval will be obtained as follows:

(b) In the case of centers and facilities, final approval is granted the Executive Vice President. In the case of institutes, the application is forwarded from the vice presidential level for approval by the Board of Regents. In general, there are three possible grounds for the establishment of new organizations. These grounds are as follows:

1. To encourage interdisciplinary research which bridges gaps left by departmental research;
2. To undertake a larger or broader research mission than can be administered feasibly by the department(s) concerned;
3. To provide better utilization of facilities and resources.

(c) In general, no new organization should be established simply on the basis of the availability of federal funding. No new organization should be established around a single “key” word likely to be of only temporary high priority in federal funding. While some researchers feel impelled to do research on important social problems, others do not. In any event, a research or service focus must be clearly kept distinct from a political focus. There should be within the faculty a core of excellence already existing before the planning of an interdisciplinary research organization. This is a corollary of the need to avoid establishment simply because funds are available.

(3) Administration of Organizations.
(a) The higher level of administration for new organizations should be as follows:

1. Most institutes and centers should operate under a provost or dean of an appropriate school or college. If the facility, institute or center cuts across school and college lines, either a group of deans should be responsible, or a committee drawn from the appropriate colleges, or the organization placed under the supervision of a central University office such as the Provost for Graduate Studies and Research or the Executive Vice President.

2. Each institute, center, or facility which cuts across departmental lines should be supervised in some way by a board or advisory committee appointed by the appropriate level administrator and selected from nominees of the departments most affected by the research organization.

(b) The director of an institute, center, or facility will be appointed by the appropriate level administrator for a specified term from nominees provided by the governing board or supervisory committee of the research organization.

(4) Evaluation of Organizations.
In addition to the continuous kind of evaluation that is assumed to take place by the administrators of organizations, and by the final approval authority which established each organization, it is desired that evaluation become more formal than in the past. The Graduate Research Council and outside consultants could be called upon in many instances. When such formal evaluations show that an organization is no longer serving its original purpose, the authority for closing down an organization rests with the final approval authority which established the organization.

(5) Faculty Appointments.
While a research organization may take the initiative in recruitment of new faculty, and may provide some of the funds for faculty salaries, appointment of new faculty members is through departments only. Such persons must take an active part in their home departments only. Such persons must take an active part in their home departments so that other members of the department, especially the chairman, are well acquainted with their performance.

While nothing in this policy forbids the employment of research personnel on a staff basis for work in research organizations, it must be observed that faculty positions temporarily paid for by research funds must be backed up by regular faculty line positions.

(6) Renaming of Organizations.
In order to achieve and maintain the uniformity in meaning of the above definitions of organizations, any existing organization designations which conflict with these definitions should be corrected to conform with these definitions. The highest level of administration now responsible for such organizations will have the responsibility for reviewing names of existing organizations and for initiating any necessary corrective action.

(7) Research Projects Involving Human Subjects.
The responsibility for administration of University policies to assure the welfare of human research subjects is assigned to the Provost, Graduate Studies and Research. University policy is mandated by the Board of Regents and the U.S. Department of Health, Education and Welfare. In this effort, the Provost, Graduate Studies and Research is assisted by a university-wide committee composed of representatives of the various schools and colleges. University policy requires prior approval of research protocols involving human subjects. Faculty members are requested to contact the Office of Graduate Studies and Research for detailed information and procedural guidelines.
6C2-4.063 University Sponsored Educational Materials.

(1) Scope of Statement of Policy.
(a) This statement of policy shall apply only to the ownership and use of University-sponsored educational materials, as defined in paragraph (2)(a), and extends to University personnel, including faculty, staff, and students, as defined in paragraph (2)(c).
(b) Unless specifically excluded by other Sections of this statement, the types of educational materials to which this policy is designed to apply include, but are not limited to, the following:
   1. Video and audio recordings;
   2. Films, filmstrips, charts, transparencies, slides, and other visual aids and accompanying sound recordings;
   3. Study guides, tests, scripts, manuals, syllabi, bibliographies, periodicals, books, or similar printed or audio materials;
   4. Computer programs and programmed instructional materials;
   5. Live audio and video transmissions open (broadcast) or closed (cable);
   6. Musical compositions and works of art to include drawings, plastic works of scientific or technical character, photographs, prints, and pictorial illustrations;
   7. Other print and non-print materials subject to Federal copyright.
(c) This policy statement does not apply to the following types of materials:
   1. Articles submitted to or published by scholarly and professional journals;
   2. Class notes produced in connection with regularly scheduled courses of instruction;
   3. Scholarly and professional books, texts, works of art, musical compositions and the like unless the author or producer was assisted by a support agency of the University as specified under sub-subparagraph (2)(a)1.a. or unless the author or producer was both specifically commissioned in writing and assisted in whole or in part as provided under sub-subparagraph(2)(a)1.b.;
   4. Sponsored grants or contracts may contain specific provisions regarding ownership, copyright, or royalty income privileges related to materials generated under the contract. These conditions are binding on the University and the author or producer. If the extramural agency does not stipulate how royalty income is to be distributed within the University then the provision of this policy shall prevail.

(2) Definitions.
(a) University-sponsored Educational Materials.
1. Educational Materials are University-sponsored.
   a. If the author or producer has employed in his developmental work, without personal charge to himself, the equipment, materials or staff services of the Computer Center, WFSU-FM, WFSU-TV, the Photo Laboratory or the Division of Instructional Research and Service, or any other new agency, or combinations of above mentioned existent agencies, and/or new agencies, established or supported by the University primarily to assist in developing and producing educational materials; or
   b. If the author or producer has been both commissioned in writing by the University, or one of its colleges, schools, departments, or by other subdivisions, to develop the materials and, in their production has received assistance in the form of released time or from University funds, including grants and contract funds administered by the University.
(b) Costs (Production Costs).
The word costs or the phrase production costs, as related to the production of University-sponsored educational materials, will include the following categories:
   1. Direct costs.
Those salaries and materials specifically identified with the production of such materials. [(2) (a)1.a., 1.b.] Direct costs are computed by those supporting agencies involved with the design, preparation, production, editing, duplication, and distribution of educational materials.
   2. Indirect costs (Overhead).
Costs for space, utilities, amortization of equipment, etc., which are generally referred to as overhead. The current University indirect cost rate will be applied for recovery of indirect costs relating to the production of University-sponsored educational materials.
(c) University Personnel.
Part-time and full-time members of the faculty, administrative and professional staff, career staff, undergraduate and graduate students, postdoctoral students, and fellows of the University.
(d) Author or Producer.
An individual, a group, a department, or other unit of the University involved in the production of educational materials.
(3) Control of the Content and the Presentation of University-Sponsored Educational Materials.
(a) Subject to the provisions of this policy, the author or producer has the right to and the responsibility for control of the content of University-sponsored educational materials.
(b) Subject to the provisions of this policy, the author or producer has the right to make other versions of the content of the materials for presentation in other media.
(4) Use of University-Sponsored Educational Materials.
(a) Internal Use.

1. Internal use within the University requires approval of the author or producer responsible for the materials, and the academic department, school, college, or agency incurs costs in making materials available for internal use, the supplying entity may require such costs to be reimbursed by the user unit.

2. As long as the author or producer of University-sponsored educational materials remains a member of the staff of the University, he or she has the right to revise any or all materials because of obsolescence; provided that the University shall not be obligated to provide further resources for the development of any such revisions unless the revisions are requested by the University or agreed upon jointly by the University and the author or producer. Should the extent of the required revision exceed the resources of University supporting agencies involved, materials may be withdrawn by agreement of the author or producer and the University. Questions regarding revisions or the withdrawal of materials will be referred to the Provost for Graduate Studies and Research, and shall be governed by the procedures outlined in subparagraph (7)(b)2.

3. If the University-sponsored educational materials are used internally without revision for a period of two years, the University shall request the author or producer and the appropriate University supporting agency or agencies to consider revising the materials or to determine whether they shall continue to be used.

4. The author or producer has the right to make personal and professional use of the materials within the University. Scheduling and arrangements to cover the costs for such personal requests will be made with the University supporting services involved with the original production of the educational materials.

5. If the author or producer terminates employment with the University, the University retains the right to continued internal use of the University-sponsored educational materials in accordance with this policy unless special conditions for subsequent internal use have been arrived at by joint written agreement of the author or producer and the University.

6. The author or producer has the right to use the University-sponsored educational materials at no cost to the University after termination of his or her employment with the University subject to the provisions of this policy.

(b) External Use.

1. Licensing or sale of publication of University-sponsored educational materials for external use shall be preceded by a written agreement between the University and the author or producer specifying the conditions of use, including provisions concerning the right of the author to revise the materials or to withdraw them from use, and the distribution of net royalty income in accordance with sub-subparagraph (5)(b)2.d.

2. Use by other institutions in the State University System shall be royalty free.

(5) Compensation for the Production and Use of University-sponsored Educational Materials.

(a) Compensation for Production Activity.

1. With the exception of payments made on an overload basis subparagraph (5)(a)3., the University shall not make any payment to the author or producer of University-sponsored educational materials other than the compensation regularly received.

2. The regular assignment of the author or producer may be adjusted to take into account the extra time required to develop, or produce, or revise the University-sponsored educational materials.

3. In accordance with the established policy which enables the Division of Continuing Education to pay for services on an overload basis, the author or producer may receive payment for the development of materials. Such additive compensation will be provided for in a written agreement between the Division of Continuing Education and the author or producer.

(b) Distribution of Royalties.

1. The University shall license the external use of University-sponsored materials only after it enters into a written agreement among the Board of Regents, the University, and the author or producer specifying the distribution of net royalty income, in accordance with (5)(b)2.d.

2. Such an agreement will be subject to the following guidelines:
   a. The University’s original production costs as defined in subparagraphs (2)(b)1. and 2., shall be recovered by the University prior to the distribution on any royalties.
   b. Expenses related to the production and distribution of additional copies of educational materials will be recovered from each sale or rental on the same basis as the original production costs.
   c. Royalties may be included in the sale or rental price subject to any limitation imposed by outside contracting or granting agencies.
   d. Fifty percent of any resultant net royalty income (royalty income after production costs and distribution costs as defined in (2)(b) derived from the external use of University-sponsored educational materials will go to the University, and fifty percent to the author or producer.

   e. Twenty-five percent of the University share shall be allocated to SRAD. The remaining royalties that accrue to the University shall be returned to the school, college and/or supporting agency to finance further the development of educational materials or for other educational purposes. Distribution shall be as negotiated among the Provost for Graduate Studies and Research and the chief administrator of the department, school, college or agency involved.

(6) Ownership and Copyright. Ownership of University-sponsored educational materials shall be vested in the University, subject to the conditions set forth in this statement of policy. Copyright of University-sponsored educational materials resides with the State of Florida. The author or producer shall cooperate with the University in obtaining copyright.

(a) Copyright Statement.

- 730
Property rights in copyrightable material may be secured for a published work by initially publishing the work in printed or otherwise processed form bearing or displaying a proper copyright notice. Notice contains a display of the word copyright, the abbreviation COPR, or the symbol “C” enclosed in a circle, followed by year of publication and the name of the copyright owner. The “C” in the circle is preferred because it gives the work certain international copyright protection. Formal registration in the U.S. Copyright Office constitutes further evidence of copyright. The publication of a work without proper notice may forfeit copyright protection.

(b) Credit Statements on University-Sponsored Educational Materials.
1. University-sponsored educational materials should bear the name of the author or producer, The Florida State University, the date when produced, and a copyright notice. Guidance on the appropriate copyright notice should be obtained from the Provost for Graduate Studies and Research.
2. The author or producer has the right of withdrawal of personal credit.
(7) Procedures and Administration.
(a) Administration of Policy.
1. The Provost for Graduate Studies and Research shall represent the University in negotiating all agreements with authors or producers and initially in other matters covered by this policy. In drafting any agreement, he shall also consult with the heads of the author’s or producer’s unit and the heads of the production or supporting agencies. Where copyright coverage should be obtained on University-sponsored materials, the Provost for Graduate Studies and Research will initiate the copyright notice and application for copyright.
2. The President of the University shall appoint a University Committee on Copyrights consisting of three members, all knowledgeable in the field of instructional systems and materials and including representation from the faculty. The Provost for Graduate Studies and Research shall be an additional non-voting member of the Copyright Committee. The Committee shall consider all requests for reviews and reports submitted to it promptly and shall make the determinations required within a reasonable time. All University personnel involved in the development and production of materials covered by this policy shall be entitled to appear before the Committee and present evidence with respect to the determinations made by the Committee. The Committee’s determinations shall be made in writing and shall contain a statement of its findings and reasons for the decision.
(b) Procedures for Interpretation of Policy.
1. Determining the nature of educational materials. All materials which may belong to the University under the provisions of this policy shall be reported promptly in writing by the author-producer concerned through the appropriate department head and dean to the Provost for Graduate Studies and Research. Any faculty or staff member having questions as to whether certain materials, either in preparation or under planning for preparation, will be considered University property should initiate an inquiry to the Provost for Graduate Studies and Research. This inquiry shall constitute a full and complete disclosure of the subject matter and the identity of all persons participating in the development and production of the educational materials. The Provost for Graduate Studies and Research shall promptly advise the author or producer as to whether the material should be considered University-sponsored within the meaning of this policy. Such advisory opinions are subject to final clarification when production of the materials is completed. When the work has been completed, the author or producer should submit questions regarding rights in the work to the University Committee on Copyrights for review or recommendation. Recommendation by the Committee on Copyrights may be reviewed by the Research Council and the decision of the Research Council will be final subject to the provisions of paragraph (7)(b)2.
2. Reconciling Disputes.
Any differences between the author or producer on one hand and the Provost for Graduate Studies and Research or the University Committee on Copyrights on the other hand, shall be submitted to the Research Council. The Research Council shall have full access to any pertinent records over which University personnel, including the author or producer, or the University has jurisdiction. The determination of the Research Council shall be communicated to the President of the University who may review the determination or refer the matter to the Board of Regents for final determination with his recommendation.
(8) Protection and Liability.
(a) Protection.
The University Committee on Copyrights, where authorized by the Board of Regents, shall investigate allegations of unauthorized use or copyright infringement of University-sponsored educational materials and shall recommend appropriate action. If such action is started by the University all costs of such action shall be borne by the University. All proceeds in excess of such costs shall be shared as noted in paragraph (5)(b).
(b) Liability.
Before any use is made of University-sponsored educational materials, the author or producer shall hold the University harmless and certify in writing to the Office of the Provost for Graduate Studies and Research that to the best of his knowledge the materials do not infringe on any existing copyright or other legal right. When other alleged violations of personal or property rights by the University, or by the author or producer of University-sponsored educational materials, the University may assume responsibility for the defense of any action and the satisfaction of any judgments rendered against the University, or the author or producer. However, the Provost for Graduate Studies and Research acting for the University, may request or require the author or producer to indemnify and hold harmless the University for all costs to which it has been subjected when the action for personal or property
rights is based upon matters which should have been known or with reasonable care should have been discovered by the author or producer. Any judgment rendered against the University or the author or producer shall be satisfied first from net royalties received by the University and the author or producer.

(9) Radio Program Submissions for Distribution.

(a) For programs or segments to be aired on WFSU-FM prior to or simultaneously by National Public Radio (NPR) or other program distributors, transmissions, individual producers are encouraged to submit the material for nationwide distribution. For such production the producer may receive the royalty fee paid by the program distributor as compensation for his or her efforts. Any additional costs above those normally incurred by WFSU-FM to air a program on the station will be reimbursed to the station by the producer from the fee received. No additional station time may be used to revise programs to meet distribution specifications.

(b) If WFSU-FM does not desire to air the produced material, a producer may, with the advance approval of the Director of Radio, use his or her personal time for production and shall reimburse the station for use of equipment and materials.

(c) The Director of Radio must be informed in advance of such program production efforts and has the discretion to decide the amount of the reimbursements to the station on a case-by-case basis after consultation with the producer. Disagreements concerning the amount of reimbursements will be resolved by the Vice President for Public Affairs.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), 240.229 FS. History–New 9-30-75, Formerly 6C2-4.63, Amended 6-16-86.

6C2-4.064 Sick Leave Pool.

(1) Scope. This rule establishes a plan allowing participating, employees in a sick leave earning position regardless of FTE to have sick leave available for use upon the depletion of their personally accrued sick, annual, and compensatory leave, in accordance with Section 110.121, F.S.

(2) Administration of the Pool.

(a) There may be one or more sick leave pools established within The Florida State University, the number to be determined by the President. The President shall also determine which employees will be eligible to participate in each pool established.

(b) There shall be an administrator designated by the President and a committee appointed by the President who shall be jointly responsible for the operation of the sick leave pool.

(c) The administrator shall:
   1. Meet on a regular basis with the sick leave committee and review the sick leave accounts of all participating employees;
   2. Maintain in a concise and orderly fashion accurate and reliable written records regarding all functions of the sick leave pool;
   3. With the concurrence of a majority of the sick leave committee members, enter into reciprocal agreements with the administrators of sick leave pools established by other State agencies relating to the transfer of sick leave credits and pool membership for employees moving between positions in State government;
   4. Investigate alleged abuse of the sick leave pool.

(d) The sick leave committee shall:
   1. Meet on a regular basis with the administrator;
   2. Establish internal operating procedures including but not limited to enrollment of participating employees and application for use of sick leave pool credits.

(e) All records of the sick leave pool are personnel records and are open for inspection in accordance with the Public Records law.

(3) Membership and Participation.

(a) In order to be eligible for membership in the sick leave pool, a person must:
   1. Be an employee in a sick leave earning position regardless of FTE. Sick Leave when granted would be at the FTE the employee was at 30 days prior to making the request for sick leave;
   2. Have completed one year of employment with the State (or an agency of the State) prior to participation in the sick leave pool;
   3. Have a minimum of 64 hours of sick leave (after donating 8 hours of sick leave to the FSU Sick Leave Pool) accumulated at the time of the application to participate in the sick leave pool.

(b) In addition to satisfying the requirements of paragraph (a) above, an employee desiring to participate in the sick leave pool must complete and submit an application form to the administrator of the sick leave pool. This form, titled Sick Leave Pool Membership Application (7/98) which is hereby adopted by reference may be obtained from the administrator of the sick leave pool.

(c) Participating in the sick leave pool is at all times voluntary and a participating employee may withdraw from the pool at any time by written notice to the administrator of the sick leave pool. Written notice may be provided by filing the form titled Pool Terminating Form. The form may be obtained from and filed with the administrator of the sick leave pool. Upon withdrawal from the pool, an employee shall cease to be entitled to use the sick leave credits from the pool and shall not be eligible to withdraw those he/she made to the pool. The administrator shall immediately amend the roster of participating employees to reflect the employee’s withdrawal. Any sick leave contributed to the sick leave pool by a participating employee shall be forfeited upon the employee’s
cancellation of membership in the pool, upon retirement, upon leaving State government employment, or upon leaving the employ
of the University, unless the employee joins another State agency and the eligibility criteria of the pools are comparable or the
administrators of the pools have agreed on a formula for transfer of credits.

(d) A member of the sick leave pool may be expelled from the sick leave pool by a majority vote of the sick leave committee
after a determination by the administrator that such member has abused the use of the sick leave pool. The administrator shall
immediately amend the roster of participating employees to reflect the employee’s expulsion from membership. In addition, the
employee shall be subject to such other disciplinary action in accordance with the agency’s procedure for taking disciplinary
actions.

(e) If warranted by the circumstances, and upon a majority vote of the committee, an employee who abused the use of the sick
leave pool shall be required to repay all or part of the sick leave credits withdrawn from the pool by that employee. Credits shall be
repaid to the pool immediately if there is enough sick leave in the employee’s personal account to cover the total owed to the pool.
If the employee’s personal sick leave account does not have sufficient hours to repay the pool, all hours in the account will be
immediately paid to the pool, and the remainder of the hours owed will be paid each month as they are accrued by the employee
until all hours owed have been repaid.

(4) Maintenance of the Sick Leave Pool.

(a) Each participating employee will contribute eight (8) hours of sick leave; and when 720 hours have been deposited, the pool
will be activated for use by eligible participating employees. Any sick leave pooled under this rule shall be removed from the
personally accumulated sick leave balance of the employee contributing such leave.

(b) The pool will be considered depleted when less than 240 hours remain on deposit.

(c) Whenever the pool is depleted, each participating employee, with prior notification, shall automatically contribute an
additional eight (8) hours of sick leave to the pool.

(d) If the participating employee’s individual sick leave balance is less than eight (8) hours at the time the pool is depleted, he
shall contribute all hours accumulated, and shall contribute the remainder as soon as he has accrued additional sick leave credits.
The employee shall not be allowed to use his sick leave credits until the amount owed to the pool has been contributed.

(e) If a participating employee, for more than four (4) pay periods, fails to have a sufficient balance in his individual sick leave
account when requested to contribute eight (8) hours to the pool, the reasons for the use of sick leave credits by the employee shall
be investigated by the administrator for a determination as to whether the employee’s membership in the pool should be cancelled.
The decision to cancel an employee’s membership shall be by majority vote of the committee.

(f) Hours contributed to the pool shall be placed in a single account for use by all members. No contributions for the benefit of
a specific individual, illness, or position will be accepted.

(g) A participating employee shall be allowed to “donate” to the pool up to 16 hours of unused or unpaid sick leave from the
employee’s individual sick leave balance at the time of retirement or termination from state government.

(5) Use of Sick Leave from the Pool.

(a) Any sick leave in the pool shall only be used by a participating employee for the employee’s personal illness, accident, or
injury. The following occurrences or situations shall not be considered personal illness, accident, or injury for the purpose of this
rule, and shall not entitle participating employees to draw from the sick leave pool:

1. Cosmetic surgery, unless such cosmetic surgery results in serious complications or was necessitated by an illness, accident,
or injury not excluded under this subsection;

2. Intentionally self-inflicted injuries, such as resulting from a suicide attempt;

3. Illness, accident, or injury to a member of the employee’s family.

4. Any employee postponing or delaying obtaining medical attention (to correct an existing medical problem) in order to make
him/her eligible for benefits from the FSU Sick Leave Pool, shall be declared ineligible for such benefits.

(b) Sick leave accumulated in the pool shall not be used by a participating employee until all of his personally accrued sick,
annual, and compensatory leave has been used.

(c) An employee who is on leave without pay for reason other than personal illness, accident, or injury shall not be eligible to
receive sick leave from the pool.

(d) Sick leave from the pool shall be requested by filing with the administrator of the sick leave pool the form entitled Request
for Pool Sick Leave (7/98) which is hereby adopted by reference may be obtained from the administrator of the sick leave pool.
Upon using 480 FSU Sick Leave Pool hours in a 12 month period, an employee may not be granted any additional sick leave from the
FSU Sick Leave Pool for 12 months from the expiration of the last hour granted from the FSU Sick Leave Pool.

(e) During a personal illness, accident, or injury covered by Workers’ Compensation, an eligible employee may elect to use
sick leave from the pool in an amount necessary to receive salary payments that will increase the Workers’ Compensation payments
to the total salary being received prior to the occurrence of the illness, accident, or injury. In no case shall the employee’s salary and
Workers’ Compensation benefits exceed the amount of the employee’s regular salary payments. Under the following conditions, sick
leave from the pool may be used as provided above during an illness, accident or injury covered by Workers’ Compensation:

1. All other criteria in this rule for the use of sick leave from the pool must be met;

2. The employee must not be receiving full pay from the University.

(f) Medical certification of the accident, illness, or injury for which the use of sick leave from the pool is requested must
accompany the request.
(g) Abuse of the use of sick leave from the pool shall include, but not be limited to, the following:
1. Misrepresentation of an illness, accident, or injury, or the circumstances surrounding it, in order to receive leave to which the employee is not entitled under the provisions of this rule.
2. Submission by an employee of medical certification which is from other than a qualified medical practitioner or which misrepresents the nature of the employee’s illness.
(h) A participating employee who withdraws sick leave hours from the pool shall not be required to replace those hours, except as a regular contributing member of the pool, unless required to do so because it has been determined that that employee abused the use of sick leave from the pool.
(i) Extended consecutive use of the sick leave pool by an individual will require committee review on an annual basis for approval of the individual’s continued use of the leave.
(j) A participating employee may draw a maximum of 960 hours of sick leave from the pool during their employment at Florida State University.

(6) Discontinuation of the Sick Leave Pool.
(a) The President of The Florida State University or his designee may at any time, in accordance with Chapter 120, F.S., repeal this rule for the purpose of discontinuing the sick leave pool.
(b) Unless otherwise provided by rule, all hours remaining in the sick leave pool at the time it is discontinued will be divided equally between the remaining active members.

Specific Authority 240.227(1) FS. Law Implemented 110.121 FS. History–New 5-20-86, Amended 9-24-98.

6C2-4.065 Employee Recognition Program.
(1) The Florida State University Employee Recognition Program provides for recognition of eligible employees.
(2) The University is authorized to expend State funds for recognition and awards to employees in compliance with this rule. Any award will be contingent upon the availability of funds. Nothing in this rule is intended to govern the expenditure of private funds to which the University may have access.
(3) The awards provided for herein shall acknowledge employee achievement in the following two components:
(a) Superior Accomplishment – Exemplary performance by faculty members, or Administrative and Professional (A&P) or USPS employees, that is deemed to have significantly contributed to their respective field, thereby reflecting positively on the caliber of the University. Such recognized accomplishments may be either tangible ones promoting savings or revenue generation or intangible ones promoting other desired improvements without a fixed monetary benefit.
(b) Service – Sustained satisfactory service with the University by faculty members, A&P or USPS employees.
1. Eligible employees may be recognized for service upon retirement.
2. Eligible employees may also be recognized upon achieving increments of five continuous years of satisfactory service at the employing university.
(4) Superior Accomplishment:
(a) Awards for superior accomplishment may be presented to eligible employees on an individual basis or collectively for outstanding group performance.
(b) No cash award granted under the superior accomplishment component shall exceed a net of $1,000. Savings Bonds or other items in lieu of cash may be awarded, provided the cost of such item does not exceed a net of $1,000.
(c) The University may award certificates, pins, plaques, letters of commendation, or other appropriate tokens of recognition for superior accomplishment, provided that the cost of the token does not exceed $50.
(5) Service Award:
(a) The University may recognize retiring employees whose service has been satisfactory. Awards for retirees may take the form of suitable framed certificates, pins, or other tokens of recognition and appreciation, provided such awards do not cost in excess of $50 each.
(b) The University may recognize employees who have attained continuous satisfactory service in increments of five years. Awards for satisfactory service may take the form of suitable framed certificates, pins, or other tokens of recognition, provided such awards do not cost in excess of $50 each.

Specific Authority 240.227(1) FS. Law Implemented 240.2111 FS. History–New 3-20-88, Amended 9-24-98.

6C2-4.066 Personnel Exchange.
(1) There shall be established a personnel exchange program by which university employees who are instructional and research faculty and comparable administrative and professional staff may be exchanged with like personnel of other universities, governments or private industry.
(2) Any university exchanged shall maintain university salary and benefits during the term of the exchange and the personnel received in exchange shall be paid by the sending institution.
(3) Any employee exchange shall be approved by the president or designee where it will benefit the university and any such approval shall not exceed one year and must be renewed after one year if extended.
(4) Any employee exchange may be terminated by the president or designee if it is determined that the return of the exchanged employee is in the best interests of the university.

*Specific Authority 240.227(1) FS. Law Implemented 240.227(11) FS. History—New 9-24-98.*

6C2-4.070 Guidelines for Disciplinary Action.

(1) Scope. This rule applies to all University Support Personnel System (USPS) employees of the University with permanent status and Administrative and Professional (A&P) employees. The provisions of this rule are subject to applicable provisions of collective bargaining agreements. The disciplining of an employee is considered to be a very serious action that is undertaken with care, objectivity and full consideration for the rights and interest of both the employee and the University. Discipline shall be administered in a judicious manner that assures equitable treatment for all employees included in the University Support Personnel System and A&P Pay Plan.

(2) Progressive and Cumulative Discipline. Disciplinary actions described by this rule are based on the concepts of progressive and cumulative discipline. Progressive discipline is based on the idea that employees have been informed of the performance and behavior expected of them. As offenses occur appropriate discipline will be administered in a progressive manner. Penalties shall be appropriate to the circumstances of the offense. In prescribing disciplinary actions it is recognized that some offenses are so serious that suspension or dismissal may be warranted on the first occurrence even though the employee has no prior record of having been disciplined. All offenses can have a cumulative effect and offenses need not be identical to impose a penalty more severe than prescribed for a similar offense.

(3) Delegated Authority. The appropriate disciplinary action may be taken only by a supervisor who has been delegated authority from the University President. The level of delegation varies with the severity of the particular disciplinary action and is identified in the following table.

<table>
<thead>
<tr>
<th>Disciplinary Action</th>
<th>Authority Delegated to the</th>
</tr>
</thead>
<tbody>
<tr>
<td>Oral Reprimand</td>
<td>Immediate Supervisor</td>
</tr>
<tr>
<td>Written Reprimand</td>
<td>Immediate Supervisor with approval of next higher level Supervisor</td>
</tr>
<tr>
<td>Demotion and/or Reduction in Pay</td>
<td>Vice President or Designee</td>
</tr>
<tr>
<td>Suspension</td>
<td>Vice President or Designee</td>
</tr>
<tr>
<td>Dismissal</td>
<td>Vice President or Designee</td>
</tr>
</tbody>
</table>

(4) Types of Disciplinary Action. The type of disciplinary action taken will depend upon the gravity of the employee’s offense and the type of disciplinary action that has been taken in the past for similar offenses. Except in extraordinary situations, prior to the dismissal or suspension without pay of a permanent employee, the University shall give the employee written notice as required in the University’s Predetermination Procedures (7/98). The disciplinary proceedings shall proceed as set out in the University’s Predetermination Procedures which are hereby adopted by reference. The following types of disciplinary actions may be imposed.

(a) Oral Reprimand. This is the least severe disciplinary action. The purpose of this action is to bring a problem to the attention of an employee. Where practical, the reprimand will be delivered in private and the supervisor will clearly state that the employee is receiving an oral reprimand. The supervisor will indicate the nature of the improper behavior, cite the work standard governing the situation and explain precisely what corrective action is expected. The employee shall also be informed that future similar behavior may result in more serious disciplinary action consistent with the guidelines herein. Two copies of a completed Oral Reprimand Record will document the meeting with the original filed in the employee’s official personnel file and a copy given to the employee. The Oral Reprimand Record shall include the date, time and location at which the oral reprimand was delivered and indicate the nature of the reprimand.

(b) Written reprimand. This type of disciplinary action is issued for a more serious offense than one that warrants an oral reprimand. The purpose of a written reprimand is to help an employee recognize errors made and to correct them. The contents of the written reprimand will be concise and to the point. It will specifically state that the employee is receiving an official written reprimand, cite the specific performance or conduct standard that was violated, briefly note the specific incident prompting the discipline, indicate the corrective action expected and state that future violations may result in more severe disciplinary action consistent with the guidelines herein. The written reprimand shall be signed by the immediate supervisor and approved by the next higher level supervisor, with a signature line for the employee to acknowledge receipt. The completed written reprimand will be delivered to the employee in private, where practical. A copy of the completed reprimand shall be filed in the employee’s official personnel file and a copy given to the employee.

(c) Demotion and/or Reduction in Base Pay. The disciplining authority shall consult with the appropriate Vice President and Human Resources prior to taking this type of action. The employee shall be provided written notice by personal delivery or certified mail, return receipt requested, prior to the action being taken with notification of the employee’s appeal or negotiated contract provision rights and this notice shall become a part of the employee’s official personnel record.
(d) Suspension and Dismissal. These actions are the most severe form of disciplinary action that may result from the commission of one offense or as the result of cumulative offenses. The disciplining authority shall consult with the appropriate Vice President and Human Resources prior to initiating these actions.

(5) Extraordinary Situations. When the retention of an employee is likely to result in damage to property or injury to any individual or would be detrimental to the best interest of the University, such employee will be suspended without pay or dismissed immediately, provided that written notice of such action is furnished to the employee. These procedures shall be invoked only when an extraordinary situation exists and shall comply with the provisions of the University’s Predetermination Procedures.

(6) Abuse of Alcohol. When an employee drinks alcohol to the extent that it affects work performance the employee is a problem drinker. The employee shall be treated in accordance with the State Policy on Alcoholism as adopted by the Administration Commission, (7-17-73) which is hereby adopted by reference.

(7) Disciplinary Action. Included below are standards for the administration of disciplinary actions for various types of offenses. The disciplinary actions for the listed offenses have been established to assure that employees who commit offenses receive similar treatment in like circumstances. The suspension of an exempt employee shall be for no less than one workweek, unless required for a major safety violation. Within each level of occurrence a range may be provided to allow the supervisor flexibility in selecting appropriate discipline in order to take into consideration mitigating or aggravating circumstances.

(a) Absence Without Authorized Leave. This includes:
1. Failure to obtain approval prior to any absence from work, except in the case of a proven emergency where the employee must be absent prior to receiving approval from the proper authority, or failure to notify or call in on the first day of an absence.
2. Obtaining leave based upon a misrepresentation or falsification.
   a. First occurrence: written reprimand to dismissal.
   b. Second occurrence: suspension to dismissal.
   c. Third occurrence: dismissal.
An employee who is absent without approved leave for three or more consecutive workdays shall be considered to have abandoned the position.

(b) Assault or Fighting. Physically assaulting or fighting with another person.
1. First occurrence: written reprimand to dismissal.
2. Second occurrence: suspension to dismissal.
3. Third occurrence: dismissal.

(c) Conduct Unbecoming a Public Employee. Conduct whether on or off the job, that adversely affects the employee’s ability to continue to perform his or her current job, or that adversely affects the agency’s ability to carry out its assigned mission.
1. First occurrence: written reprimand to dismissal.
2. Second occurrence: suspension to dismissal.
3. Third occurrence: dismissal.

(d) Conviction of a Crime. The conviction of an employee for a crime where such conviction adversely affects the employee’s ability to perform his or her job, or adversely affects the agency’s ability to carry out its assigned mission.
1. First occurrence: written reprimand to dismissal.
2. Second occurrence: suspension to dismissal.
3. Third occurrence: dismissal.

(e) Drinking on the Job or Reporting to Work Under the Influence of Alcohol.
1. Drinking any alcoholic beverage on the job is prohibited.
   a. First occurrence: suspension to dismissal.
   b. Second occurrence: suspension to dismissal.
   c. Third occurrence: dismissal.
2. Reporting to work under the influence of alcohol is prohibited.
   a. First occurrence: written reprimand to suspension.
   b. Second occurrence: suspension to dismissal.
   c. Third occurrence: dismissal.
3. The State Policy on Alcoholism adopted by the Administration Commission (7-17-73) provides that when the drinking of an employee affects the employee’s work performance the employee is a problem drinker. The problem drinker, once identified, will be counseled and encouraged to secure appropriate medical or other professional help. The problem drinker shall not be dismissed until after he or she has had an opportunity to seek treatment. Discipline shall be administered if the problem drinker:
   a. Refuses to recognize his or her condition and fails to seek help; or
   b. Fails to complete the program of treatment; or
   c. Treatment is unsuccessful.
4. If public relations or working conditions are obviously and adversely affected by the problem drinker’s behavior, the employee’s removal from the job will be accomplished by placing the employee on compulsory disability leave.
(f) Reporting to Work Under the Influence of Illegal Drugs or Illegal Use of Drugs (Controlled Substances).
1. The illegal use of drugs on the job is prohibited.
   a. First occurrence: suspension to dismissal.
   b. Second occurrence: dismissal.
2. Reporting to work under the influence of any illegal drug or testing positive on a drug test is prohibited.
   a. First occurrence: written reprimand to suspension.
   b. Second occurrence: suspension to dismissal.
   c. Third occurrence: dismissal.

(g) Possession, Sale, Distribution of Alcoholic Beverages or Illegal Drugs (Controlled Substances). The possession, sale or distribution of alcoholic beverages or illegal drugs on state property or on the job is prohibited.
   1. First occurrence: suspension to dismissal.
   2. Second occurrence: dismissal.

(h) Excessive Absences. An attendance record of recurring absences, even though all or a majority of the absences were necessary and excused. This also includes a pattern of absences by the employees, such as but not limited to, consistent absences on the day preceding or following the employee’s regular days off or absence on the same day of each month.
   1. First occurrence: oral to written reprimand.
   2. Second occurrence: written reprimand to suspension.
   3. Third occurrence: suspension to dismissal.

(i) Tardiness. The failure to follow established work schedules. Includes reporting late at the beginning of the work schedule, leaving early or returning late from lunch or breaks, or leaving work early at the end of the work schedule, all without approval.
   1. First occurrence: oral reprimand.
   2. Second occurrence: written reprimand.
   3. Third occurrence: suspension.

(j) Falsification of Records. Includes misrepresentation, falsification or omission of any fact, whether verbal or written, on such records as, but not limited to: time, attendance and leave; employment status; employment application; travel vouchers; and work and production.
   1. First occurrence: written reprimand to dismissal.
   2. Second occurrence: suspension to dismissal.
   3. Third occurrence: dismissal.

(k) Horseplay. Actions whether intended or unintended to be mischievous or prankish which disrupt or have the effect of disrupting the work of the participants or other employees or have the potential for personal injury to other employees or oneself.
   1. First occurrence: oral reprimand.
   2. Second occurrence: written reprimand.
   3. Third occurrence: suspension.

(l) Improper or Careless Use or Operation of State Property or Equipment. The improper or careless use of state property or equipment including abuse or misuse. This includes failure to observe the established speed limit while driving a state vehicle.
   1. First occurrence: written reprimand.
   2. Second occurrence: suspension.
   3. Third occurrence: dismissal.

(m) Unsatisfactory Work Performance Including Continuing Inefficiency, Inability to Perform Assigned Duties and/or Substandard Performance of Assigned Duties. The failure to satisfactorily meet the minimum performance standards that specifically relate to the employee’s duties and responsibilities. An employee’s failure to meet established work standards may be addressed through the performance evaluation process and/or the use of progressive discipline.
   1. First occurrence: oral to written reprimand.
   2. Second occurrence: written reprimand to suspension.
   3. Third occurrence: suspension to dismissal.

In the case of Inability to Perform Assigned Duties due to medical reasons, the University will proceed with termination notwithstanding the above schedule of progressive discipline.

(n) Insubordination. A deliberate and inexcusable refusal to obey a reasonable order that relates to an employee’s job function. An unwillingness to submit to authority. Includes both an expressed refusal to obey a proper order and a deliberate failure to carry out an order.
   1. First occurrence: written reprimand to dismissal.
   2. Second occurrence: suspension to dismissal.
   3. Third occurrence: dismissal.

(o) Leaving Work Area or Duty Assignment Without Authorization. Absence from the work area or duty assignment during a work period without permission of the appropriate supervisor. Includes leaving a work area for lunch or a break, or at the end of a work schedule without proper relief where such relief or permission is a specific requirement.
   1. First occurrence: written reprimand.
   2. Second occurrence: suspension.
3. Third occurrence: dismissal.

(p) Loafing. Continued and deliberate idleness during work periods that results in the employee’s failure to perform assigned tasks. This includes, but is not limited to, deliberately wasting time, engaging in idle talk or gossip or conducting personal business during work periods.
   1. First occurrence: oral reprimand.
   2. Second occurrence: written reprimand.
   3. Third occurrence: suspension.

(q) Negligence. Carelessness in omission of, or inattention to the performance of assigned duties and responsibilities. Negligence is synonymous with carelessness and signifies lack of care, caution, attention, diligence or discretion.
   1. First occurrence: written reprimand to dismissal.
   2. Second occurrence: suspension to dismissal.
   3. Third occurrence: dismissal.

(r) Sabotage. Participation in an act of destruction or attempted destruction of state property or equipment, or an act or attempted act that obstructs or has the potential to obstruct productivity, or normal functions or operations of the department or the University.
   1. First occurrence: suspension to dismissal.
   2. Second occurrence: dismissal.

(s) Sexual Harassment. Violation of The Florida State University Policy on Sexual Harassment, Rule 6C2-6.013, F.A.C.
   1. First occurrence: written reprimand to dismissal.
   2. Second occurrence: suspension to dismissal.
   3. Third occurrence: dismissal.

(t) Sleeping on Duty. The failure of an employee to remain awake while on duty during working periods.
   1. First occurrence: written reprimand.
   2. Second occurrence: suspension.
   3. Third occurrence: dismissal.

(u) Strike or Concerted Activity. Instigating or supporting in any manner a strike. A strike is defined as: The concerted failure of employees to report for duty; the concerted absence of employees from their positions; the concerted stoppage of work by employees; the concerted submission of resignations by employees; the concerted abstinence in whole or in part by any group of employees from the full and faithful performance of the duties of employment with a public employer for the purpose of inducing, influencing, condoning or coercing a change in the terms and conditions of employment or the rights, privileges or obligations of public employment; participating in a deliberate and concerted course of conduct that adversely affects the services of the public employer; the concerted failure of employees to report for work after the expiration of a collective bargaining agreement; and picketing in furtherance of a work stoppage. The term “strike” shall also mean any overt preparation including but not limited to: the establishment of strike funds with regard to the above listed activities.
   First occurrence: dismissal.

(v) Threatening or Abusive Language. The use of language that is threatening or abusive, whether directed towards a supervisor, another employee or any other person. Includes any offensive language whether or not directed toward anyone in particular regardless of intent.
   1. First occurrence: written reprimand to dismissal.
   2. Second occurrence: suspension to dismissal.
   3. Third occurrence: dismissal.

(w) Unauthorized Solicitation. The unauthorized solicitation by employee of another employee including the distribution of material while either employee is on duty.
   1. First occurrence: written reprimand.
   2. Second occurrence: suspension.
   3. Third occurrence: dismissal.

(x) Unauthorized Taking of Property. The unauthorized taking of any property of the State or another person.
   1. First occurrence: suspension to dismissal.
   2. Second occurrence: dismissal.

(y) Unauthorized Use of State Property, Equipment or Personnel. The use of any state property, equipment or personnel for any purpose other than official state business.
   1. First occurrence: written reprimand to dismissal.
   2. Second occurrence: suspension to dismissal.
   3. Third occurrence: dismissal.

(z) Violation of Safety Practices. The failure to follow established safety practices. This includes the performance of unsafe acts or failure to wear or use safety equipment including but not limited to safety belts.
   1. First occurrence: oral reprimand to suspension.
   2. Second occurrence: suspension to dismissal.
3. Third occurrence: dismissal.
   (aa) Violation of a Provision of Law or University Rule or Policy. The violation of the provisions of law or agency rules or policies. This may include but is not limited to: failure to obtain approval for outside employment; misuse of position; giving or accepting a bribe; discrimination in employment or illegal campaigning.
   First occurrence: oral reprimand to dismissal.
   (bb) Failure to Follow Instructions. An employee’s failure to follow oral or written instructions from supervisory personnel.
   1. First occurrence: oral to written reprimand.
   2. Second occurrence: written reprimand to suspension.
   3. Third occurrence: suspension to dismissal.
   (cc) Disruptive Conduct. Behavior that interferes with the employee’s work performance or the work performance of others. This may include, but is not limited to: loud, boisterous language; creating a disturbance; throwing objects; slamming doors, or other activities which would have a detrimental effect on the work environment.
   1. First occurrence: oral to written reprimand.
   2. Second occurrence: written reprimand to suspension.
   3. Third occurrence: suspension to dismissal.

(8) Appeal and Grievance Rights. USPS employees with permanent status and A&P employees may appeal or grieve any disciplinary action taken against them in accordance with this rule, or any applicable collective bargaining agreement. An employee who resigns from employment shall not have any rights of appeal. Both USPS employees and A&P employees may use the USPS and A&P Complaint Procedure in accordance with the USPS and A&P Complaint Procedure (7/98) and Form (7/98) which is hereby adopted by reference.

(9) USPS and A&P Arbitration Appeal Procedure. USPS employees who have earned permanent status in their current classification and A&P employees shall have the right to appeal to an arbitrator any suspension without pay, dismissal, layoff, demotion, job abandonment, transfer (greater than 50 miles), or reduction in pay, provided that the employee has not signed a statement indicating the action was voluntary. An employee whose position is classified to a lower class shall have the right to appeal only the reduction in pay, if any, which has occurred as a result of the demotion appointment.

(a) Request for Processing.
1. If an employee requests an arbitration, the employee shall, within 14 calendar days after the receipt of notice of the employment action from the University, file with the Director of Human Resources or designee a completed Arbitration Request Form-2003 which is hereby incorporated by reference.
2. Failure to file an Arbitration Request Form within the time limits prescribed shall be deemed a waiver of the right to arbitration. In the event of a question regarding timeliness, the date of first receipt by Human Resources shall be determinative.
3. After the Request for Arbitration has been received, the Director of Human Resources or designee shall select an arbitrator on a rotational basis from an odd-numbered panel of at least three arbitrators maintained by Human Resources and shall notify the employee or his/her representative and immediate supervisor of this determination.
4. The Director of Human Resources or designee shall select an arbitrator on a rotational basis from an odd-numbered panel of at least three arbitrators maintained by Human Resources and shall notify the employee or his/her representative of the arbitrator selected. If the parties do not agree on the arbitrator selected, the selection shall be made by alternatively striking names from the panel. The right of first strike shall be determined by a coin toss. The employee will receive notice of the identity of the arbitrator selected and may request disqualification of the arbitrator based on cause within five calendar days of receipt of the notice. Cause is present when the arbitrator was chosen through corruption, fraud, or other undue means.
5. When an action is both appealable under this rule and grievable under a collective bargaining agreement, the employee shall have the option of using either procedure. The filing of the Arbitration Request Form constitutes a waiver of any rights to review of the matter under an applicable collective bargaining agreement, Chapter 120, F.S., or any other review procedures. If the employee seeks a review of a matter in an alternative forum after requesting arbitration under this rule or fails to appear at the scheduled arbitration hearing, the University shall have no obligation to proceed further.
(b) Fees and Expenses.
1. All fees and expenses for the arbitrator will be paid by the University. However, when an employee is represented by an employee organization, the arbitrator’s fees and expenses shall be paid by the party who fails to prevail in the arbitration or evenly split if the award sustains the appeal in part and denies it in part.
2. The party desiring a transcript of the arbitration proceedings shall provide written notice to the other party of its intention to have a transcript of the arbitration made at least one week prior to the date of the arbitration and shall be responsible for scheduling a reporter to record the proceedings. The party desiring the transcript shall be responsible for the appearance fee of the reporter and the cost of obtaining an original transcript. The requesting party shall provide the other party a photocopy of the transcript received from the reporter and deliver the photocopy to the other party within five calendar days after receiving the copy of the transcript from the reporter.
(c) The employee may self represent or be represented. If the employee elects to be represented, the employee must deliver or send to the Director of Human Resources or designee within five working days after filing a Request for Arbitration, a written statement indicating the name, address, telephone number and qualifications of the representative and confirming that the employee as well as the representative will be present during the arbitration hearing, and that the employee agrees to this representation.

(d) If the aggrieved employee participates during working hours in the arbitration, the employee’s compensation will not be affected by the time spent at the arbitration hearing. The employee must notify the immediate supervisor seven days in advance of his/her anticipated absence. An employee will not be permitted to prepare the case during working hours.

(e) Hearing.

1. The arbitrator shall hold the hearing in Tallahassee, Florida, unless otherwise agreed by the parties. The hearing shall commence within 30 working days of the arbitrator’s acceptance of selection, or as soon thereafter as practicable. Arbitration proceedings shall be conducted in accordance with this rule, supplemented by the current Labor Arbitration Rules published by the American Arbitration Association which are hereby incorporated by reference.

2. The arbitrator may subpoena witnesses and compel the production of documents pertinent to the appeal. All requests for subpoenas must be made to the arbitrator no later than 10 working days prior to the arbitration date and each party is responsible for providing its own witnesses and documents which it wishes to present. The party requesting a subpoena or the production of documents from the arbitrator shall promptly provide the other party a copy of the request.

3. Within 60 calendar days, the arbitrator shall issue to the University and the employee a written order which may affirm, reverse, or alter the decision of the University.

4. The employee and the University agree that the decision of the arbitrator shall be final and binding on both parties. No judicial review of the arbitration order is available except as provided by Chapter 682, F.S.

(f) Jurisdiction of Arbitrator.

1. The arbitrator shall neither add to, subtract from, modify, or alter the provisions of these rules, University rules and policies or procedures, or an applicable collective bargaining agreement. Arbitration shall be confined solely to the application and/or interpretation of those provisions and limited to the matters in the Request for Arbitration Form submitted for arbitration. No statements of opinion or conclusions not essential to the determination of the matters submitted shall be permitted. The arbitrator shall not review managerial decisions, nor substitute his judgment for that of management, other than to ensure that such actions are in accordance with the applicable procedures under review. In the case of suspension without pay, dismissal, and reduction in pay taken as a disciplinary action, the arbitrator shall determine whether there is just cause for such action.

2. The burden of proof shall be on the employee in layoff, demotion, reduction in pay and transfer actions when not taken as a disciplinary action, and in job abandonment. The burden of proof shall be on the employer in suspension without pay, dismissal, demotion, and reductions in pay when taken as disciplinary actions.

3. The arbitrator’s order and award may reinstate an employee, with or without back pay. The back pay award shall not exceed the amount of pay the employee would otherwise have earned at the employee’s regular rate of pay and shall not be retroactive to a date earlier than the date of the occurrence of the event giving rise to the action at issue and in no event more than fourteen (14) calendar days prior to initiation of the arbitration request. In no situation will the award exceed the actual loss to the employee or provide attorney fees to either party.

4. Punitive damages are not permitted.

5. The arbitrator may reduce a dismissal to a suspension for such time as the arbitrator may fix, or reduce the period of suspension, which order shall be binding on the University and employee concerned subject to the jurisdiction of the arbitrator.

6. The arbitrator may reduce a dismissal to a suspension for such time as the arbitrator may fix or reduce the period of suspension which order shall be binding on the University and employee concerned subject to the jurisdiction of the arbitrator.

6C2-5.0021 University Bulletins, Catalogs, and Applications.

(1) In addition to the adopted Florida State University administrative and operational rules published in the Florida Administrative Code pursuant to Florida Statutes, Chapter 120, the University publishes the following listed documents that are incorporated herein by reference which establish, contain or prescribe various academic matters that include admission and degree requirements, course offerings, fields of study, academic calendars, facilities available to students, faculty and staff of the University, and other matters of educational delivery:
(c) The Florida State University College of Law 1999/2000 Student Handbook.
(2) Those portions of the University Bulletins or Catalogs, which are not included in, or addressed by, a specific University rule as published in the Florida Administrative Code, have the force and effect of a rule by the incorporation of the text of the documents listed herein. In the event of a conflict or an inconsistency between any provisions of a Bulletin or Catalog and any adopted rule of Florida State University as published in the Florida Administrative Code, such published rules of the University shall prevail.

(3) The Bulletins and Catalogs of the University may also contain the academic calendar as set by the Florida State University within the general guidelines of the Board of Regents.

(4) Copies of the catalogs or bulletins can be obtained from the Florida State University, Office of the Registrar, Tallahassee, Florida 32306-1011.

(5) The University uses the following referenced application forms in addition to those made a part of the Graduate and Undergraduate Catalogs, all of which may be obtained from the Florida State University, Office of Admissions.

   (a) Application for Admission as an International Student to Florida State University 1999/2000.
   (b) School of Music Undergraduate Application 2000.
   (c) School of Motion Picture, Television and Recording Arts Application for Admission, Undergraduate and Graduate 2000.

(6) The University bulletins and catalogs shall have prospective effect only. A student entering an academic program of the University before the published catalog date, when requirements for degree programs where different from those under newer incorporated Bulletin catalog dates may elect to remain under the earlier requirements for such a program if the pursuit of such degree or program requirements are continuous.

(7) Curriculum of the institution and academic policies and procedures of a particular school, college, department or division, including among other academic subjects admission, registration, withdrawal, readmission, and graduation or certification requirements of particular academic programs are also currently described in various University documents available or supplied to each applicant for admission, a currently-enrolled student, or other interested parties. These publications include those referenced in paragraph (1) of this rule. These documents reflect the current curriculum, educational plans, offerings, and requirements and may be altered from time to time in order to carry out the purposes, mission and objectives of the University. The University reserves the right to change by rule, any provision, offering, or requirement at any time within the student’s period of study at the University. Material changes to the content of a currently incorporated document will be noted by supplemental amendments to this rule. The University further reserves the right to require a student to withdraw from the University for cause at any time.

Specific Authority 240.227(1) FS. Law Implemented 120.54(1)(i), 240.2097(3), 240.227(8)-(10), (14), 240.233 FS. History–New 8-29-95, Amended 9-24-97, 8-9-98, 9-9-99, 9-25-00.

6C2-5.003 University Undergraduate Admission Committee Procedures.

(1) General.

(a) Members of the University Admissions Committee are appointed by the Executive Vice President and admissions policy recommendations originating with the Committee are reported to the Executive Vice President. The Committee is reported to the Executive Vice President. The Committee membership is as follows: 6 Faculty members with 3-year terms, 2 Student members with variable terms, and 4 Ex-officio members – University Registrar, Director of Admissions, Director of Horizons Unlimited, and Director of Articulation Affairs with continuing membership. The Committee is concerned with ruling on appeal cases relating to undergraduate admission and recommending policy regarding University admission, subject to the ultimate authority and discretion of the President.

(b) The Committee will regularly meet during the fourth and eighth weeks of each quarter, with the date, time and location to be determined and announced by the Committee Chairperson. Additional meetings may be called by the Chairperson as needed. At each meeting the Committee will consider appeal cases which have occurred, with the remainder of the meeting periods being used to address other Committee business.

(c) The Director of Admissions will serve as Executive Secretary to the Admissions Committee. The Executive Secretary is responsible for: preparing appeal cases, making the full academic record for each appeal case available in the Admissions Office to the Committee membership at least one full day prior to the committee meeting in which the case is to be considered, interceding on behalf of the Committee when direct contact between the student and the Committee is requested, and recording and distributing the minutes of each Committee meeting. The voting record for each meeting will become a part of the minutes for that meeting. The Executive Secretary will prepare in advance of each Committee meeting a file on each applicant appealing to the Committee. The file will contain the appellant’s application, supporting documentation, and a completed Appeal Worksheet. An Attendance and Voting Record will be prepared by the Executive Secretary and executed by: entering each applicant’s name and status on the Record and recording the vote by the Committee membership. The Committee may not take action on any application the Committee believes to be incomplete.

(d) The Committee complies with the Florida “government in the sunshine” ruling. Students making appeal must submit a detailed letter to the committee carefully describing and documenting special circumstances constituting the basis for the appeal. Students may discuss their appeal with individual Committee members prior to regular Committee meetings. Requests for Committee member contact must be made through the Executive Secretary of the Committee.

(2) Voting Procedures.
(a) All members of the Committee, except the Director of Admissions and Committee Chairperson, are eligible to vote on appeal cases. All members of the Committee, except the Committee Chairperson, are eligible to vote on policy recommendations and other business of the Committee. The Committee Chairperson may vote in order to break a tie vote.

(b) Appeal cases and policy recommendations cannot be considered if a voting quorum is not present. A voting quorum consists of six voting-eligible Committee members. The Chairperson may be counted as a voting member in order to establish a quorum.

c) A Committee motion regarding an admission appeal will be carried by a simple majority of the voting-eligible members present. A motion concerning admissions policy recommendations will be carried by a 2/3 majority vote of the voting-eligible members present. Voting is to be “for” or “against” the motion or “abstain” by voice or hand-raised acknowledgement. The Executive Secretary for the Committee will record the vote of each voting member and the complete voting record will become a part of the minutes of the meeting.

d) Each applicant for admission is to be considered individually on his or her own merit. Motions to “move the list” or any portion of the list, are prohibited.

(3) Presentation of Appeal Cases.
(a) The Executive Secretary is responsible for insuring that a prescribed data record is prepared for each admission appeal case and seeing that data from each record are abstracted on the appropriate Appeal Worksheet.
(b) The Executive Secretary will make completed appeal records available to Committee members at least one full day in advance of the meeting date on which the cases are to be reviewed. Committee members are urged to review each case at the Admissions Office prior to the Committee meeting and then bring to the Committee meeting their tentative recommendations regarding admission or questions to be raised about each case.

(c) Case presentation proceeds by:
1. Random assignment of individual cases to committee members for presentation to the full committee;
2. A courtesy motion by the committee member case presenter for admission;
3. Courtesy second to the motion;
4. Discussion of the case by the committee member case presenter followed by a general discussion by the membership; and
5. A call for the question.

Specific Authority 240.227(1) FS. Law Implemented 240.227(8), 240.233 FS., 6C-6.001(1), F.A.C. History–New 9-30-75, Amended 7-21-76, Formerly 6C2-5.03.

6C2-5.076 Panama Canal Zone Branch.
(1) Admission and Registration FSU Canal Zone Branch.
(a) All military personnel and their dependents as well as U.S. and Panamanian civilians are eligible to enroll in the FSU Canal Zone Branch. Students who plan to obtain a degree from The Florida State University should complete all admission requirements specified for regular students. Temporary students and those students who plan to complete a degree from other institutions may enroll as Special Students.
(b) Regular Student admission requires that students present before enrolling the following documents:
1. Application for admission.
2. High school transcript or equivalency certificate.
3. Official transcript from other colleges.
4. Satisfactory scores on one of the following:
   a. Florida Twelfth Grade Test.
   b. Scholastic Aptitude Test.
   c. The American College Testing Program.
   d. The CLEP General Examinations (English Composition, Social Science, Natural Science, Humanities and Mathematics).
   e. Or an equivalent.
5. Application fee of $15.00 is charged for the first application for admission to the Canal Zone Branch.
(c) A new student will be allowed to register as a special student for one quarter without high school and college transcripts and without a record of entrance examinations.
(d) Special student admission is open to any high school graduate not seeking an academic degree. Evidence of the appropriate educational experience must be submitted to the Branch office as soon as possible and no later than the student’s second quarter registration.
(e) A new student who plans to enroll as a Special Student should make his intentions known to the Resident Director at the time of registration.
(f) Students are charged an initial $15.00 application fee, and $20.00 per quarter hour of course work. U.S. Military personnel, eligible for seventy-five percent tuition assistance from the government, are charged $5.00 per quarter hour. Military students prior to enrollment must complete a tuition assistance which may be obtained at their local education office. The FSU Canal Zone Branch is approved for Veteran’s benefits.

(2) Academic Credit Policies.
(a) Changing classification from Regular Student to Special Student category requires written permission from the Director of International Programs.

(b) A Special Student may be classified as a Regular Student upon submitting the required application and meeting all regular admission standards, provided that the student has maintained at the FSU Canal Zone Branch a minimum grade point average of 2.0 for twelve quarter hours or more.

(c) Credits earned by a Special Student who later qualifies as a Regular Student may apply toward the student’s degree upon approval of his major department and the Director, International Programs. Under no conditions may work taken as a special student while on academic dismissal count toward 180 quarter hours required for graduation.

(3) Academic Load. The recommended load for military and all working students is six to eight quarter hours per term. A full-time student may take from four to six courses per term. Exceptions to these regulations are made only with the prior approval of the Resident Director of the Canal Zone Branch. Academic work other than with the FSU Branch should be undertaken only with his concurrence. Students are expected to prepare two hours for each hour of instruction.

(4) Transfer Credit. Correspondence Courses.

(a) Correspondence work taken through other institutions while matriculating towards a degree from The Florida State University Canal Zone Branch must have prior approval of the Resident Director of the Branch. A maximum of forty-six quarter hours of correspondence, excluding USAFI Subject Examinations, extension, and military schools recommended as suitable for college credit by the American Council on Education may be applied toward a Baccalaureate Degree.

(b) All college work earned at accredited U.S. and recognized foreign institutions with a grade of “D” or better will receive full credit from The Florida State University Canal Zone Branch.

(c) After completing six quarter hours at the Branch a Regular Student may request a tentative evaluation of all previous academic work. Such requests must be approved by the Resident Director before they are sent to the main campus. In addition to college and university transcripts a military student must submit a properly certified DD form 295 which can be obtained from his education officer.

(d) In evaluating credit, Florida State University considers the institution granting the credit and the merit of the work. In general, courses completed with a grade of “D” or better which were taken at accredited universities and colleges will be accepted.

(e) Because of the variety of educational experiences which most adult students have had, an evaluation of former work is often an individual program. The FSU Canal Zone Branch follows the recommendations for credit of the American Council of Education and recognizes credit from those institutions listed in either The International Handbook of Universities and Other Institutions of Higher Education of Commonwealth Universities Yearbook.

(5) Non-Classroom Credit. Credit from non-classroom sources is limited in accordance with the following:

(a) A maximum of ninety quarter hours of non-classroom credit may be accepted toward the 180 quarter hours required for graduation. The distribution of the 90 hours may be as follows: a maximum of forty-five quarter hours earned through CLEP examinations which may apply toward Liberal Studies requirements; a maximum of forty-five quarter hours may be earned through correspondence, extension, and/or courses taken through military service schools providing the courses are evaluated and recommended as suitable for credit by the American Council on Education. With special permission the ninety quarter hours of non-classroom credit may be rearranged but under no conditions may more than forty-five hours of examination credit, or forty-five hours of extension correpondence credit, or forty-five hours of military courses apply toward the ninety hours of non-classroom credit.

(b) History. Courses approved for completion of this area requirement include any undergraduate courses in the Department of History, subject to stated prerequisites.

(c) Social Science. Courses must be selected from at least two of the departments identified in the Social Science area. Courses approved for completion of this area requirement are as follows:

- Economics: Any course subject to the stated prerequisites except Economics 375 and 475.
- Geography: Any course subject to the stated prerequisites except Geography 470, 478, and 480.
- Government: Any course subject to the stated prerequisites.
- Sociology: Any course subject to the stated prerequisites.
- Social Science: 105.
Satisfactory or better scores on test two of the CLEP General Examinations will enable a student to exempt part or all of the Social Science requirement.

(d) Humanities. This requirement may be fulfilled by electing approved courses from at least two departments listed hereinafter. One course must be in Literature. An alternate procedure would be to complete the Humanities 205, 206, 207, and 208 sequence.

Art: All Art History courses. None meets the Literature requirement.

English: All English courses numbered 200-299, 310-379, and 410-479. These courses meet the Literature requirement.

Humanities: Humanities 205, 206, 207, 208; 301, 302, 303.

Any of the Humanities courses meets the Literature requirement.

Modern Language: Modern Languages 271, 272, 273; all foreign language courses numbered 203B, 301, 302, and 303; and any 400 level Literature courses are approved and meet the Literature requirements. Language courses taken to meet degree graduation requirements may not also serve to meet liberal studies requirements.

Philosophy: Philosophy 210, 310, 315, 318, 337, 338, 340, 354, 356, 358, 359, 360, 370. Philosophy 338 is the only course which will meet the Literature requirement.

(e) Natural Science. Courses elected for fulfillment of this area must be chosen from at least three of the following departments: Anthropology, Astronomy, Biology, Chemistry, Geology, Mathematics, Meteorology, Oceanography, Physics, Psychology, and Statistics. One of the courses must be in either Chemistry or fundamental Physics. At least one of the courses must include scheduled laboratory work.

(7) Requirements For The Baccalaureate Degree. The Bachelor of Arts and the Bachelor of Science degrees are granted by their respective divisions of the University in the same manner and with the same requirements as on campus students.

(8) Special Requirements for Bachelor of Arts Degree.

(a) Completion of a classical or modern foreign language through the 203 or equivalent level.

(b) Twelve quarter hours in fields of Humanities and History, in addition to the Liberal Studies and the Foreign Language requirements. Courses may be selected from the following fields: Art, Classical and Modern Languages and Literature, English, History, Music History and Literature, Philosophy, Religion, or Communication not including work in communicative disorders.

(9) Quarter Hours and Quality Points. A minimum of 180 quarter hours earned with a minimum grade-point average of 2.00 is required for graduation. Credit cannot be earned in the same course more than once unless the course is specifically approved as a repeatable course. A transfer student must have at least a 2.00 average in Florida State University work attempted for graduation.

(10) Residence Requirements. Ninety quarter hours of the work credited toward a Baccalaureate Degree must be earned at a four year baccalaureate granting institution accredited by the appropriate regional accrediting association, and the last forty-five quarter hours must be earned in residence at either the FSU Canal Zone Branch or the University in Tallahassee, Florida. In cases of emergency, and with the permission of the Director of International Programs, a student may complete by extension, by correspondence or by residence at another accredited senior institution, a maximum of nine quarter hours of the final forty-five required for graduation, provided he has otherwise met residence requirements. Any student entering or re-entering the Branch as a senior must complete all remaining degree requirements at the Branch or at the main campus of Florida University.

(11) Requirements for Associate in Arts Certificate – Canal Zone Branch. The Associate in Arts Certificate will be granted upon formal written application to the Director of International Programs to students who have completed ninety quarter hours with a 2.00 average. Fifty-eight quarter hours must be earned in Liberal Studies distributed according to the University’s Liberal Studies requirements. A minimum of thirty of the last forty-five hours must be earned in residence at the FSU Canal Zone Branch.

(12) Requirements for Certificate In Corrections and Certificate In Law Enforcement – Canal Zone Branch. The Certificate in Corrections is granted upon completion of thirty quarter hours in the following Criminology courses, including an approved internship: 315, 316, 317, 405, 407, 436, 440, 445, 468, 469, 470. The Certificate in Law Enforcement is granted upon completion of thirty quarter hours in the following Criminology courses: 315, 316, 317, 405, 437, 439, 447, 450, 456, 468, and an approved internship. Persons determined by the Chairman of the Criminology Department to possess adequate field experience will substitute a special project for the internship. A maximum of nine quarter hours earned in Government, Sociology, and Psychology may be substituted for work in the Department of Criminology upon approval of the student’s advisor and the Chairman of the Department of Criminology.

(13) Requirements for Major in Business – Canal Zone Branch. A major in Business comprises seventy-nine hours, including (1) the basic business core courses: BSA 201, 202, Accounting 00, BSA 301, 303, 305, 312, 306, 307, 308, 309, 310, 311, 321; (2) extra general education courses required for all Business majors: MAT 131, 231, Statistics 300, Economics 201, 202, 203; and (3) major area requirements: seven upper-division courses in Accounting, Finance, Marketing, Management, and Risk and Insurance. The generalized minor (for non-Business majors minoring in Business) consists of at least twenty quarter hours in business courses.

(14) Requirements for Major in English – Canal Zone Branch. A major in English comprises thirty-nine quarter hours in courses numbered above 199. No more than nine hours of sophomore level courses may be counted. The following requirements must be met for an English major:

(a) Major in English:
1. Writing courses above the 100 level, minimum: three hours.
2. Linguistics courses, minimum: English 380.
3. Literature courses, minimum: twenty-one hours including twelve hours elected from the following courses in English Literature before 1800: 310, 316, 317, 411, 421, 426, 428, 431, 434, 435, 436.

4. A student majoring in English must have as a minor a minimum of eighteen quarter hours from an approved minor field.

(b) Minor in English. Eighteen quarter hours in English numbered above 199.

(15) Requirements For Major In English And Business – Canal Zone Branch. The student who chooses this combined major must meet the following academic requirements:

(a) English Major:
1. Writing courses above the 100 level minimum: three hours.
2. Linguistics courses, minimum: English 380.
3. Literature courses, minimum: twenty-one hours, including twelve hours elected from the following courses in English Literature before 1800: 310, 316, 317, 411, 421, 426, 428, 431, 434, 435, 436.

(b) Business Minor. Eighteen hours in one area, or twenty-four hours distributed among various areas.

(16) Requirements For Major In Social Sciences – Canal Zone Branch. This program specifies sixty-three quarter hours including a maximum of fourteen quarter hours of courses taken to meet Liberal Studies requirements. Work must be taken in at least three departments of the area. There must be a primary concentration of twenty-seven quarter hours in one department, a second concentration of eighteen quarter hours in another department, while the remaining eighteen hours may be distributed among any of the remaining Social Science Departments. Thirty quarter hours must be taken in courses numbered above 299.

(17) Requirements Inter-American Studies Major – Canal Zone Branch. The major and minor combination in Inter-American Studies comprises a minimum of sixty-three quarter hours beyond the Liberal Studies requirement. This includes major requirements in one of the departments listed below; twenty-one quarter hours distributed in courses in two other participating departments; and nine quarter hours in a fourth participating department.

(18) Requirements For Major In International Affairs With Specialization In Latin America.

(a) Major-Minor Program. The major-minor program comprises a minimum of fifty-seven quarter hours beyond the Liberal Studies requirements. A minimum of eighteen quarter hours must be concentrated in one department, work must be taken in at least three other departments, and twenty-seven quarter hours must be taken in courses numbered above 299. Individual needs and preferences may be accommodated through a judicious choice of electives. Majors are advised to become proficient in Spanish.

(b) Minor Program. A minor comprises twenty-four quarter hours beyond the Liberal Studies requirements. Work must be taken in at least three of the eight participating departments and must include Government 330, International Relations.

(19) Requirements For Major In Spanish – Canal Zone Branch.

(a) Major in Spanish. Thirty-six quarter hours, 301, 302, 303, 313, 314, 315, native speakers may not take 315, 413, 417, or 418, 425, or 426, plus nine quarter hours on the 400 level in literature. Spanish Culture and Civilization 400A or B may substitute for three of these hours.

(b) Minor Subject. Eighteen quarter hours in an approved departmental field. If a second foreign language is selected as a minor, the eighteen hours must be earned in courses numbered above 199.

Specific Authority 240.227(1) FS. Law Implemented 240.227(8), 240.233 FS., 6C-4.001(1), (5), 6C-6.001(1), 6C-7.002(6), 6C-6.004(1)(e), 6C-7.003(4), 6C-8.002(4)(d), (5)(a), (6)(a), (7)(a), (b), F.A.C. History–New 9-30-75, Formerly 6C2-5.76.

6C2-5.077 Foreign Programs.

(1) Florence Program.

(a) One is eligible to study at the Florence Study Center during September through December and January through April, of each academic year, subject to the following:

1. The Student has an average of 2.5 or better on all college work attempted. In-state students with a grade point average between 2.0 and 2.5 may petition the Faculty Coordinator to be admitted. Acceptance will depend upon the quality of the petition.

2. Students not attending a state university in Florida must have two references submit letters of recommendations directly to the Faculty Coordinator of the FSU Florence/London Programs Office, Tallahassee, Florida 32306.

3. The student will have attained at least sophomore standing, 27 semester hours, prior to commencing study at the Florence Study Center.

4. Experience in Italian is not required for acceptance; however, all students must take Elementary Italian in Florence, unless they have already completed the elementary sequence ITA 1120, ITA 1121, ITA 2230 or 12 credit hours of Italian. One semester of Italian prior to participation is recommended.

5. The student must enroll for at least 12 semester hours of study each semester of participation in the program.

6. Students enrolled in FSU Basic Studies must receive approval to participate from the Basic Studies Office, before being accepted into the program. Non-FSU students should check with their own academic deans/advisors before applying.

7. Students not enrolled at FSU at time of application, must transfer to FSU through the Florence/London Programs Office for purposes of registration and record-keeping.
(b) The costs include center-sponsored group travel, cultural and social activities, Study Center facilities and service, and medical insurance. For students in housing, fee includes room and daily continental breakfast while in Florence. Program fees do not include tuition/registration fees, personal travel, lunch and dinner (or breakfast when away from Florence), textbooks, museum fees, international identification card.

(2) London Program.

(a) One is eligible to study at London Study Center from September through December and January through April, subject to the following:
1. The student has an average of 2.5 or better on all college work attempted. In-state students with a grade point average between of 2.0 and 2.5 may petition the Faculty Coordinator to be admitted. Acceptance will depend upon the quality of the petition.
2. The student will have attained at least sophomore standing, 27 semester hours, prior to commencing study at the London Study Center.
3. The students must enroll for at least 12 semester hours of study each semester of attendance at the London Study Center.
4. Students enrolled in FSU Basic Studies students must receive approval to participate from the Basic Studies Office before being accepted into the program. Non-FSU students should check with their own academic dean/advisors before applying; and
5. Students not enrolled at FSU at the time of application must transfer to FSU through the Florence/London Programs Office for purposes of registration and record-keeping.

(b) Students will pay two program fees. One to the Florida State University which will help cover study center services and program cultural & social activities, such as field trips, tickets to theatres, and concerts. This FSU program fee does not cover FSU tuition, costs of textbooks, or other class-related expenses, or any personal expenses. The second program fee is paid to a private travel agency that has contracted with FSU to handle program facilities and round-trip travel from Atlanta to London. The travel agency fee is determined by the option chosen by the student. The options are:
   - Opt. A Round trip air/housing, insurance/services
   - Opt. B Housing/insurance/services
   - Opt. C Insurance/services

(3) Courses for both programs are taken directly from the FSU catalog and are taught by State University System of Florida faculty. The courses and faculty change each semester.

Specific Authority 240.227(1), (8) FS. Law Implemented 240.227(1), (8), (14) FS. History–New 9-30-75, Formerly 6C2-5.77, Amended 8-15-90.

6C2-5.079 Special Non-degree Seeking Students.

(1) Registration. Registration as a special student is open to any high school graduate for undergraduate study and to any college graduate for graduate study. Registration is on a space available basis. A special student will not be required to register for a minimum of twelve hours.

(2) Proof of Previous Education. Evidence of prior education must be submitted to the Office of the Registrar before the beginning of the Student’s second enrollment period.

(3) Changing from a Special Student to a Regular Student. The change in status from a special student to a regular student is processed through the admissions office or the graduate admission office. A special student who desires to pursue a degree may be reclassified as a regular student at any time upon submitting the required application and fulfilling all regular admissions standards provided he has maintained a grade point average of 2.0 or higher as an undergraduate special student or a grade point average of 3.0 or higher as a graduate level special student. A regular graduate student may not receive degree credit for more than 12 quarter hours of work taken while classified as a special student. A former regular student who has changed to the special student status may regain his regular student classification only through the formal readmissions process.

(4) Undergraduate Students who do not Meet Regular Standards. An exception may be made for a special student who wishes to be reclassified as a regular student but fails to meet the regular admissions standards, if he has maintained a superior record, 3.0 grade point average or higher, on at least twelve (12) quarter hours taken as a special student.

(5) Changing from a Regular Student to a Special Non-Degree Seeking Student. A regular student, including a student on academic dismissal, who has not been absent from the University for two or more consecutive quarters may change from a degree-seeking student to a special student only with written permission of his faculty adviser, department chairman, and academic dean. The change in classification must be initialed by the student. A former student who has not been enrolled during the last two quarters may return as a special student without such approval.

(6) Policies Governing Regular Degree Seeking Students on Academic Dismissal Who Have Changed to Special Non-Degree Seeking Students.

(a) Work taken by a special student who has been academically dismissed from the University as a degree seeking student may not be used toward the minimum hours required for graduation.

(b) The academic dean may at his discretion permit quality points earned by a special student on dismissal to be used to decrease the quality point deficiency achieved as a regular student only after the student has been readmitted on probation to degree seeking status.
considered to have been acquired while in special status classification ("7"). The subsequent transfer of such credit to a graduate acceptable to the university. Suspension of academic progress permits a student to continue attending classes, taking exams and of the Registrar and with the concurrence of the academic department involved.

students with incomplete files, students who require further departmental review of performance before final decision, and students whose undergraduate degrees are from non-accredited institutions.

degree program shall be subject to the limitations found in subsection (3) above.

a schedule change affects a change in fee assessment. Refunds will not be made to students who drop courses after the first five days of classes.

(10) Fees for Special Students. Tuition and registration fees for special students are the same as for regular students.

(11) Provisional Graduate Students.

(a) A student who has filed an application for admission to a graduate degree program, but who has not been admitted as a regular graduate student, may be admitted as a provisional graduate student, otherwise called classification “8” with the consent of his department chairman. This category will include: students who could not be admitted because the quota for a term was filled, students with incomplete files, students who require further departmental review of performance before final decision, and students whose undergraduate degrees are from non-accredited institutions.

(b) A provisional graduate student will be classified “8” and will be assigned the appropriate major and division.

(c) Under no conditions may a student remain in that classification for more than two quarters.

(d) All classification questions should be directed to the Graduate Admissions Office. The files of provisional graduate will remain in that office until the student is changed to either regular graduate or postbaccalaureate special classification.

(e) A provisional graduate student will be admitted to this category in accordance with normal admissions procedures. The Graduate Admissions Office will advise the student of his acceptance in this category and include appropriate explanation of the meaning of the “8” classification.

(f) A provisional graduate student will register in the same manner as a degree-seeking student.

(g) A provisional graduate student who meets the minimum admission requirements of the Board of Regents may be changed to regular graduate status upon request by his department chairman provided he has maintained a 3.0 average on all graduate level work taken under classification “8”. If the student does not meet the Board of Regents requirements, he must have an overall grade point average of 3.0 on at least twelve hours of graduate work and be counted in the exception quota. If a classification “8” student is changed to a classification “7” (graduate special student) and subsequently seeks admission to regular graduate status, he must also comply with the above requirements.

(h) A provisional graduate student is subject to the retention review appropriate to a regular graduate student.

(i) If a classification “8” student is changed to a classification “7” student after incurring probationary status, the permanent record will not retain the probationary status statement, and the student will not be subject to further retention review.

(j) Graduate work taken by a provisional graduate student will automatically apply toward the student’s graduate program if the student changes directly from classification “8” to classification “5” unless the academic dean directs to the contrary.

(k) Graduate work taken by a provisional graduate student who changes from classification “8” to classification “7” shall be considered to have been acquired while in special status classification (“7”). The subsequent transfer of such credit to a graduate degree program shall be subject to the limitations found in subsection (3) above.

Specific Authority 240.227(1) FS, Law Implemented 240.227(8), 240.233 FS., 6C-4.001(1), (5), 6C-6.003(4), F.A.C. History—New 9-30-75, Amended 4-19-78, Formerly 6C2-5.79.

6C2-5.081 Tuition, Fees, Payment.

(1) Tuition and fees are established by the Board of Regents and the Florida State Legislature. These matters are considered in Chapter 6C-7, F.A.C.

(2) Registration fees may be paid by cash, check, money order, VISA or MasterCard.

(3) A student’s registration will be cancelled if tuition, registration and other related fees are not paid, or other appropriate arrangements made for full payment, by the end of the fifth day of the main campus semester. The President, designated Vice President(s) or other designee of the President shall extend the deadline for fee payment when payment by a student is delayed due to university actions. In lieu of cancelling a student’s registration, the President or the designee of the President shall temporarily suspend further academic progress in those cases where a student has partially paid his fees and guarantees the university full payment before submission of the final student data course file or the end of the semester, whichever is later, from a funding source acceptable to the university. Suspension of academic progress permits a student to continue attending classes, taking exams and
completing class assignments but precludes a student from receiving grades, transcripts, or a diploma and shall deny registration for future terms until his account has been settled in full. The Office of the Registrar will be notified when a student receives suspension of academic progress for financial reasons and will flag the student’s file until his account has been settled in full.

(4) Late Registration. Students who fail to initiate registration in the regular registration period shall be assessed a fee of $100.00. Fifty percent of the fee shall be remitted to the Incidental Trust Fund and 50 percent retained by the university. The fee may be waived by the President or the President’s designee when late registration is due to university action.

(5) Late Payment Fee. Students who fail to pay registration fees or make appropriate arrangements for fee payment by the end of the fifth day of the main campus semester shall be assessed a late payment of $100.00. Academic progress will be suspended upon failure to timely pay the late fee. Fifty percent of the fee shall be remitted to the Incidental Trust Fund and 50 percent retained by the university. The fee may be waived by the President or the President’s designee when late payment is due to university’s action, e.g., miscalculation of fees.

(6) Whenever used herein, other appropriate arrangements shall mean payment of at least 50 percent of the fee liability by the end of the fifth day of the main campus semester and arranging to pay the remaining fees no later than the beginning of the second half of the academic term.

(7) In addition to sanctions provided for in subsection 6C2-5.081(3), F.A.C., when an overdue charge has been entered on the Accounts Receivable System by the university Controller and is 60 days overdue, a collection cost of $25.00 shall be assessed for each overdue charge. However, this provision shall not apply to collection of debts owed the university which are secured by a promissory note or contract.

Specific Authority 120.53(1)(b), 240.227(1) FS. Law Implemented 120.53(1)(b), 240.202, 240.235, 240.271, 240.289 FS. History–New 9-30-75, Formerly 6C2-5.81, Amended 12-24-87, 7-30-92.

6C2-5.084 Prospective Effect of Rules.

(1) The rules of The Florida State University shall have prospective effect only.

(2) A student entering an academic program of the University before the effective date of rule, when requirements for degree programs were different than those under newer adopted rules, may elect to remain under the earlier requirements for such a program.

(3) Nothing contained herein shall affect the validity or effect of any rule of the University effective before 9/30/75. From that date these rules shall replace all previous rules of the University dealing with the same subject matter.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1) FS. History–New 9-30-75, Formerly 6C2-5.84.

6C2-5.088 Division of Sponsored Research.

(1) General Policies.

(a) The following general policies govern the operation of the Division of Sponsored Research, now the Office of Graduate Studies and Research under the direction of the Provost, Graduate Studies and Research, hereinafter called the Graduate Research Office.

1. The Graduate Research Office is an integral part of the University. Operating policies and procedures as they pertain to sponsored research, development and training programs shall conform to established policies of the Board of Regents.

2. One of the general functions of the Graduate Research Office is to administer and promote the sponsored research program inclusive of sponsored training and development programs and to support the total research program of the University in a manner which assures efficiency and effectiveness, producing the maximum benefit for the educational program of the University and maximum service to the State of Florida. In the performance of this general function, the Graduate Research Office is responsible, under the Provost, Graduate Studies and Research, for:

a. Arrangements for the conduct of sponsored research, development and training programs involving the services of University personnel or the use of University facilities.

b. Negotiation of contracts and grants with sponsors.

c. Maintenance of records related to the activities of sponsored research, development and training programs.

d. Budget preparation, management of the permanent Sponsored Research Development Fund and fiscal reporting.

e. Supervision of personnel employed by the Graduate Research Office.

f. Cooperation with other divisions and departments of the University and with other State universities and the Board of Regents to assure that the sponsored research, development and training programs are effectively advancing the educational and service objectives of the university system.

3. All monies deposited in the permanent Sponsored Research Development Fund which are not required to pay for direct costs of contracts and grants shall be used to pay the cost of operating the Sponsored Research section of the Graduate Research Office and to support other research programs in any area of the institution. The cost of operating the Division of Sponsored Research shall include direct costs and expenses incurred by the division but shall not include use charges on University buildings, custodial and maintenance expense, utilities expense, expenses for general administration, other indirect costs or expenses incurred or paid by the University.
4. All expenditures for the Sponsored Research Development Fund shall conform to the terms and requirements of the grant or contract under which they are received, as well as to this policy statement and any additional policies, not inconsistent with Board of Regents policies, established by the President.

5. Salaries of persons paid in whole or in part from Sponsored Research Development or Training funds will be within the same ranges for equivalent positions paid from state funds, and equivalent criteria will be applied in determining specific salaries, regardless of source and will conform to general University and Board of Regents policies in these matters.
   a. Salaries for regular employees shall be paid through the University grants and donations trust fund on deposit in the State Treasury.
   b. Funds for the payment of salaries of these regular employees shall be transferred, as needed, into the State Treasury from the permanent Sponsored Research Development Fund.

6. Operating expenses of the Sponsored Research Division other than salaries of regular employees, shall be paid from the permanent Sponsored Research Development Funds. These expenses include other personnel services, expenses and operating capital outlay. Persons appointed or employed for periods of less than twelve (12) months may be considered as temporary employees, and their compensation shall be classified as other personal services.

7. The President is authorized in accordance with Board of Regents policies to enter into and execute contracts and to accept grants for research and training.

8. The President is authorized to make such additional policies and procedures as he deems necessary to the proper conduct of the Division of Sponsored Research under the direct supervision of the Provost, Graduate Studies and Research.

(b) Organization and Functions. The Division of Sponsored Research under the direct supervision of the Provost, Graduate Studies and Research is operated as an integral part of the University to avoid any undesirable or inefficient separation of teaching and research. Whenever possible, the administration of supporting services for sponsored research purchasing, shops, maintenance, etc., will be provided within the usual University organization with as little duplication of effort as possible. The principal functions of the Division of Sponsored Research, Graduate Research Office are enumerated in subparagraph 2. above. The duties and responsibilities of the various University Officers are as follows:

1. The President has the final university authority and responsibility for the operation of the Graduate Research Office, Division of Sponsored Research. He has delegated the authority to execute contracts and accept research, development and training grants for the University to the Provost, Graduate Studies and Research.

2. The Executive Vice President and the Provost, Graduate Studies and Research coordinate research with the teaching program of the University and provide overall supervision of the research program.

3. The Provost, Graduate Studies and Research reviews and approves all research, development and training grant and contract proposals. This review determines conformity with University, Board of Regents’ and State policies and laws; that proposals are in proper form for submission to the potential sponsors; and that implied or definite University commitments of funds, space and personnel can be met. He:
   a. Administers the University patent policy.
   b. Maintains information about potential sources of funds to support University research. Communicates information about sources of support and research, development and training opportunities to the faculty.
   c. Maintains records and information about the research program(s) of the University.
   d. Prepares general reports of research activities required by the Board of Regents and necessary reports for research, development and training grants and contracts to the University.
   e. Prepares the annual budget for the operation of the Graduate Research Office, Division of Sponsored Research.
   f. Approves all purchases made as exceptions to the usual State purchasing procedures.
   g. Recommends to the Executive Vice President action to be taken in the acquisition of computer equipment, and related computer items.
   h. Prepares for the President formal requests to the Board of Regents for the acquisition of land, construction or remodeling buildings, to be paid for with Sponsored Research Funds.
   i. Supervises employees of the Graduate Research Office, Division of Sponsored Research, except those for whom he has only a coordinative responsibility.
   j. Supervises the fiscal administration of research, development and training grants and contracts accounts and the purchasing from grants and contracts accounts.
   k. Approves appointments of all employees of the Division.

4. The Associate Provost for Research is directly responsible to the Provost, Graduate Studies and Research for:
   a. Executive management, administration and supervision of research, development and training contracts or grants administration.
   b. Establishment and maintenance of operations concerned with proposals to and projects supported by granting agencies.
   c. Liaison between University officials and faculty and sponsoring agencies in matters relating to the preparation of proposals and coordination and supervision of sponsored research, development or training projects.
   d. Developing and directing management control including personnel, operating budgets, property control, procurement, patents and copyrights and reporting systems for all sponsored research, development and training projects.
5. Under the management control of the Associate Provost the Assistant Director of Research will be responsible for budget control, record keeping and accounting for all funds in the permanent Sponsored Research Development Fund. He will maintain such records and make such reports as are required by law, by the Provost, Graduate Studies and Research, the University Comptroller, and by good accounting practice. He will be responsible for determining that expenditures are made and reported within the terms of the grant or contract as well as within the regulations of the Division of Sponsored Research.

6. Developing and maintaining liaison with the Director of Purchasing to expedite the purchases made from funds of the Sponsored Research Development Fund. He will see that the purchasing requirements of the State and of the granting agencies are met, or if exceptions to the State regulations are to be made, that such have the approval of the Provost, Graduate Studies and Research.

(2) Operating Procedures.
(a) The operating procedures of the Graduate Research Office, Division of Sponsored Research, shall conform to established policies and procedures of the Board of Regents and of the Florida State University except where otherwise specifically indicated below.

1. Regulations of Effects of Research, Development and Training Contracts, Grants and Gifts on the Educational Program of the University and on the Welfare of the State of Florida. Proposals for the solicitation of funds from agencies outside the University will be treated as follows: The principal investigator will arrange with his Department Head/Chairman for a schedule of duties that will allow adequate time to prosecute the proposed research, development or training program, obtain approval that such research, development or training is in the best interests of the department, of the Florida State University and the State of Florida, and assurance that the facilities of the department are adequate for the performance of the research, development or training project or that adequate facilities can be provided.

2. Proposals will be further reviewed by the Provost, Graduate Studies and Research to see that the research, development or training program is appropriate to the role and scope of the University and to its goals of service, good teaching and the advancement of knowledge and that the proposed contract or grant is legally and fiscally sound.

3. Administration of Personnel: Appointments of all employees shall be made in accordance with standards applicable to employment elsewhere in the University, except as set forth below, with respect to recruitment and selection; employment contracts; wage and salary administration; fringe benefits, such as holidays and prerequisites; Workers’ Compensation; unemployment compensation; retirement; nepotism; outside employment; political participation; loyalty oath and termination of employment. The following exceptions to the above general employment procedures will prevail: temporary personnel at any salary level may be appointed on the Sponsored Research Development Fund without obtaining approval outside the University.

4. Purchasing: All of the purchases of the Division of Sponsored Research shall be made in accordance with the policies and procedures of the Board of Regents for other University purchases. Exceptions to the requirements may be made in accordance with sponsored research exemption procedures set out in Rule 6C2-5.0081, F.A.C.

5. Budgeting and Accounting: The budgeting and accounting of research, development and training contracts and grants shall conform with the standards and methods of good accounting practices and in accordance with such standards and methods compatible with Agency, University and State of Florida procedures.

6. Financing, Construction and Use of Physical Facilities: Whenever Sponsored Research Development Funds, either wholly or in combination with other non-state sources, are to be used for the construction or the purchase of real property, a request for the purchase of construction shall be presented by the President to the Board of Regents for review and recommendation. Such requests will go to the Board of Education when required. Title to all real property shall vest in the Board of Education.

7. Inventory of Assets: An inventory of property acquired through the use of Sponsored Research, Development or Training Funds will be maintained in a manner similar to that employed for State fund acquired property. Custodial rights will be vested in the University – not the division of sponsored Research.

8. Insurance: Custodians of property acquired through the use of Sponsored Research, Development or Training funds will be vested in the University. It will then be the University’s responsibility to protect such property with adequate insurance.

9. Copyrights and Patents: Copyrights and patents will be administered in accordance with policy prescribed by the Board of Regents and the Florida State University. Any royalties or other revenues accruing therefrom shall be deposited in the permanent Sponsored Research Development Fund for further distribution as prescribed by the Board of Regents and the Florida State University Policy.

10. Legal Aspects of Contracts, Grants, and Gifts: All research, development and training contracts and grants shall be examined as to legality prior to their execution. Any contract or grant that may unduly obligate the University in any way shall be referred to the University Counsel for examination and opinion. If deemed necessary, the documents may be forwarded to the Attorney General for opinion and/or approval and shall be returned by him with comments to the Provost, Graduate Studies and Research, with a copy of these comments to the Board of Regents. Only the President or his duly appointed representative may execute or accept research development or training contracts and grants.

11. Solicitation of Research, Development and Training Contracts, Grants and Gifts: The Provost, Graduate Studies and Research or other authorized persons may solicit research, development or training support, but all proposals for support must conform to University policy and must have the approval of the Provost, Graduate Studies and Research.
12. Negotiation and Execution of Sponsored Research, Development or Training Contracts and Grants: Negotiations of research, development or training contracts and grants will be made between the Agency and the University. The Provost, Graduate Studies and Research is responsible for the University negotiations but shall consult with the principal investigator/project director in matters affecting the substance of the research, development or training to be conducted.

13. Fixing and Collecting of Fees, Payments and Gifts, Deposit of Receipts: Fees, Payments and other collections will be made in accordance with existing State, Board of Regents and University regulations. Other fees or payments not covered by grant and contract provisions will be fixed by the appropriate University official, in consultation with the Provost, Graduate Studies and Research and the principal investigator/project director. The collection and deposit of such fees will be made by the University Comptroller in the State Treasury.

14. Management of the Sponsored Research Development Funds:
   a. Budget preparation of the permanent Sponsored Research Development Fund is the responsibility of the Provost, Graduate Studies and Research. Fiscal accounting of the Sponsored Research Development Fund as well as the receipt and disbursement of funds shall be done by the Assistant Director of the Research under supervision of the Provost, Graduate Studies and Research cooperating with the University Comptroller. Any funds accruing after payment of all direct costs associated with sponsored research, development and training programs will be used to promote the programs of research, development or training within the University in the following ways in accordance with the State of Florida, Board of Regents and University policy.
   b. The first responsibility of the division of Sponsored Research will be to provide efficient and effective support of the sponsored research, development and training programs of the University. Administrative costs of operating the Division of Sponsored Research and of providing necessary supporting services of sponsored research and training programs shall take the first priority for use of indirect-cost funds. After these needs are provided, remaining funds will be used as directed by the Board of Regents and University policy which shall include providing for the development of new research, development or training programs and the expansion of existing ones.

6C2-5.0881 Sponsored Research Exemptions.

(1) General Information:
   (a) Subsection 240.241(9), Florida Statutes, allows the University, in particular instances, to exempt the purchase of materials, supplies, equipment or services for research purposes from the general purchasing requirements of Chapter 287, Florida Statutes. Also subsection 240.241(12), Florida Statutes, allows exemption from Chapters 215 (Financial Matters), 216 (Planning and Budgeting), and 283 (Public Printing and Stationary), subject to subsection 240.241(9), Florida Statutes.
   (b) The exemption shall be exercised only when the Vice President for Research certifies to the President, that it is necessary for the efficient or expeditious prosecution of a sponsored project.

(2) Exemption Criteria: Exemptions may be granted from various statutory requirements if the conditions noted below exist.
   (a) Competitive Bidding.
      1. The request to be exempted from the competitive bidding requirements must demonstrate that the exemption is “necessary for the efficient or expeditious prosecution of a research project”. This shall be shown, for example, where a certain vendor is specified in a prime contract or grant award; a certain vendor is approved in writing by the prime contractor or granting agency in accordance with the provisions of the prime contract or grant award; the purchase of specific goods or services from a certain vendor can be demonstrated to be more efficient or expeditious based on compatibility, availability, or the current capabilities of the Principal Investigator and staff; the purchase of specific goods or services from a certain vendor is mandated by scientific or technical requirements; the purchase of specific goods or services from a certain vendor can be demonstrated to meet the statutory criteria “necessary for the efficient or expeditious prosecution of a research project”.
      2. The Principal Investigator’s exemption request must include:
         a. Detailed justification for the request;
         b. Written quotation from the requested vendor detailing the price, the FOB point, responsibility for freight and insurance, and payment terms;
         c. Statement and/or other evidence that some form of price comparison or determination of price reasonableness has been performed; and
         d. Completed conflict of interest statement by the Principal Investigator (subsection 287.057(19), Florida Statutes)
      3. The Principal Investigator will submit the request for the sponsored research exemption to the Office of the Vice President for Research, allowing sufficient time for adequate review of the request. The request shall be accompanied by the general requisition, the documentation listed above and any additional essential documentation.
         (b) Documentation and Advance Payments. To obtain exemption authorized by Chapter 215, Florida Statutes, the following conditions must be met:
            1. Documentation:
a. Subcontractors’ invoices shall contain a level of detail that is, at a minimum, commensurate with the level of detail and reporting required of the University by the prime contract or grant award; and
b. Subcontractors’ invoices submitted to the State Comptroller for payment must contain a certification that receipts in support of the invoice are maintained in the contractor’s records and may be inspected by officials of the State of Florida.

2. Advance Payments:
   a. Advance payment must be necessary to fund extensive start-up costs, realize discounts or cost savings, or create adequate cash flow in order to provide required goods or services.
   b. The Principal Investigator must be responsible for determining that all goods/services, for which an advance payment has been made, are satisfactorily received.
   c. The University may require the vendor to secure some form of liability protection to cover the amount of advance payments. In making this determination, based upon the facts and circumstances of each case, the University’s exposure to risks shall be considered.
   d. When an exemption under paragraph (2)(b) is authorized, the contract will contain the following provision, “The Contractor agrees to return to the University any over payments due to unearned funds or funds disallowed pursuant to the terms of this Contract or by the prime agency that were disbursed to the Contractor by the University. Such funds shall be considered University funds and shall be refunded to the University within 45 days following the time the overpayment and/or disallowance is discovered unless otherwise authorized by the University in writing. In addition, the Contractor agrees to exclude from its expenditure reports and any other claims for reimbursement any amounts disallowed by the prime agency and/or the University in accordance with the terms of this contract.”

(c) Miscellaneous Exemptions.
   1. Other exemptions may also be authorized if it can be demonstrated that they are necessary for the efficient or expeditious prosecution of a project. These include but are not limited to:
      a. Travel: A subcontractor may be reimbursed for travel expenses of non-State of Florida personnel performing travel under a sponsored research subcontract in accordance with the provisions of the applicable prime contract or grant and the travel allowances normally provided by the subcontractor.
      b. Confidentiality: Where the conditions of subsection 240.241(2), Florida Statutes, are met, some information may be protected from disclosure as a public record pursuant to Chapter 119, Florida Statutes, if the research activity necessitates an exemption from public scrutiny.

(3) Certification by Vice President for Research:
   (a) The Certification shall:
      1. State the necessity for exemption;
      2. Specify the legal or procedural requirements to be set apart; and
      3. Define the purchase, contract, award, project, or interrelated activities for which the exemptions are being given, specifically identifying the project title and number, contract title and number, as appropriate.
   (b) Distribution:
      1. The original certification will be sent to the University President.
      2. A copy of the Sponsored Research Exemption Certification memorandum provided to the President, the general requisition and a copy of the other documentation listed above will be sent to Purchasing.
   (c) Purchasing will be responsible for compliance with all other State of Florida and University rules and regulations. Prior consent to a Sponsored Research Exemption by the Director of Purchasing is not required, although his/her advice and counsel may be sought. However, if after viewing the documentation provided, Purchasing has knowledge of any information that would impact the use of a sponsored research exemption, the Office of the Vice President for Research shall be contacted prior to issuance of the purchase order. Any purchase order issued under a sponsored research exemption will contain a statement indicating that a sponsored research exemption was given.
   (d) Purchasing will forward a copy of the certification, along with a copy of the contract and/or purchase order to the University Controller’s Office. The University Controller’s Office will forward a copy of these documents to the State Comptroller as an attachment to the voucher for the payment of the first invoice.

(4) Other Requirements:
   (a) A sponsored research exemption shall only be used when the purchase of goods or services is fully funded from sponsored research funds. Payments made for purchases or other actions under a sponsored research exemption shall not be reimbursed subsequently from other University funds.
   (b) A copy of the Sponsored Research Exemption Certification and any supporting documentation will be maintained in the Office of the Vice President for Research.

Specific Authority 240.227(1) FS. Law Implemented 240.241(2), (7), (9), (12) FS. History–New 10-20-91.
6C2-5.090 Center for Professional Development and Public Service.

(1) The Center for Professional Development and Public Service is the instructional outreach arm of the University. As such, it is responsible for developing, coordinating and managing educational outreach activities sponsored by the University. The mission of the Center is to bring together outstanding resources from the University and beyond for the purpose of offering life-long learning opportunities, at an academic and/or content level which complements and extends the offerings of secondary and lower division postsecondary institutions, to meet personal aspirations for professional development and advancement and for life enrichment.

(2) The overall responsibilities of the Center for Professional Development and Public Service are to:
(a) Perform the overall planning, coordination, and management of off-campus credit courses, degree programs, sponsored credit institutes, and special credit instruction serving non-regularly matriculating students.
(b) Assist the faculty and staff of the University and representatives of outside agencies in planning, managing and conducting non-credit educational programs sponsored by the University, and units thereof, for external organizations, professional groups, and other adult audiences.
(c) Manage, for the University, all programming aspects of the Florida State Conference Center, including scheduling.
(d) In coordination with the University Space Reservations Office, review and approve or disapprove for the University all space requests for non-credit conferences, seminars, meetings, workshops, classes, training sessions, teleconferences or other programs which contain an educational component, identify the Florida State University or a constituent unit of the University as the sponsor or co-sponsor, and which serve any participants other than faculty or admitted undergraduate or graduate degree-seeking students of the University. In all such cases, the Center shall be the University’s agent for the following functions:
   1. Collection of fees from participants to pay for any or all costs related to the presentation of the program.
   2. Payment of compensation by the University to participating instructors or presenters.
   3. Recording individual or institutional Continuing Education Units with the Office of Records and Registration.
(e) Off-campus credit programming is concerned with the educational needs of individuals and groups, other than students resident at the University, who require programs carrying formal academic credit, as well as with the educational needs of certain regular matriculating students of the University. The primary off-campus credit responsibilities of the Center are to provide a wide range of opportunities for the citizens of Florida to continue their formal education and learn new skills, and to utilize the resources of the University to assist business, industry, government, and the professions toward solutions to their problems.
(f) The overall objectives of the Center for Professional Development and Public Service with regard to off-campus credit programming are:
   (a) To educate and re-educate for effective participation in the world of work.
   (b) To produce informed citizens so necessary to the preservation of our free society.
   (c) To provide opportunities for optimal individual growth and personal fulfillment for adult citizens.
   (d) To maximize the University’s contribution to the solution of state and local governmental problems by maintaining proper liaison and communication with state and local governmental agencies, whereby faculty expertise, research facilities, and other resources of the University can be readily brought to bear on governmental problems.
(g) In its pursuit of the above objectives, the Center provides various types of programs and services. Among these are:
   (a) Off-campus credit courses and programs which may be applied toward baccalaureate, master’s, specialist or doctoral degrees;
   (b) A variety of intensive, short-term educational programs, such as credit workshops, seminars, or institutes, designed to accommodate adult individual and/or group needs; and
   (c) Consultations and discussions between faculty and staff of the University and public officials at the state and local levels, dealing with community and state problems.

6C2-5.090.010 Off-Campus Credit Courses.

(a) An off-campus credit course may be initiated in either of two ways: by formal request of a local group having an interest in or a need for a particular course, or at the suggestion of the faculty of a college or school within the University who determine, on the basis of their knowledge of needs in a given area of the State, that a particular course is warranted.
(b) It shall be the responsibility of the Deans and their faculties in the various schools and colleges of the University to perform the following functions in connection with the off-campus credit programs of instruction:
   1. Determine, on the basis of evaluation of requests received, which courses will be taught during a given term, indicating which instructors are authorized to receive extra compensation, and inform the Director, Center for Professional Development and Public Service of these decisions by means of forms prescribed for this purpose, and in accordance with time schedules established by the Board of Regents.
   2. Decide who will teach the courses, and make the necessary teaching appointments. All such appointments, both full-time and part-time, shall be approved in writing by the dean of the appropriate school or college, and copies of all appointments, with pertinent budgetary information, and any subsequent changes made therein, if any, will be forwarded to the Director, Center for Professional Development and Public Service.
   3. Prepares the necessary travel authorization forms for instructors’ travel.
   4. Supervise the instructional aspects of the program and provide the necessary educational counseling services to assure courses of high quality.
5. Initiate requests for instructional materials needed by the instructors, including textbooks, library materials, audiovisual aids and equipment, and consumable instructional supplies.

6. Provide information concerning their continuing education activities as requested by the Director, Center for Professional Development and Public Service.

(c) In addition to the duties and responsibilities outlined in the preceding paragraphs, the Director, Center for Professional Development and Public Service has the following responsibilities in connection with the off-campus credit program of the University:

1. Administratively coordinate the program for the University, supervise and articulate the budget, and maintain continuing liaison with the participating schools and colleges within the University, and appropriate external contact persons.

2. Provide consultative services to business and professional groups in the identification and clarification of their educational needs, and interpret these needs to the academic schools and departments within the University.

3. Assist the University Office of Records and Registration in connection with registration procedures.

4. Provide publicity for the program. This will include the preparation and release of off-campus credit course listings, brochures describing particular course offerings and special announcements of public interest concerning the program.

5. Provide information concerning the administration of the program as needed by the deans, department heads, and off-campus instructors to enable them to fulfill their responsibilities effectively.

6. Process all travel authorization requests, requisitions for the purchase of supplies, books and/or equipment, and appointment of personnel whose salaries are charged in whole or in part against the budget for the Center for Professional Development and Public Service.

(d) Procedures.

1. Course Cancellations. Once an off-campus course has been agreed upon and included in the schedule, it will not be cancelled without such action being first coordinated with the Director, Center for Professional Development and Public Service. Only under circumstances such as the unanticipated termination of the instructor, and where a qualified replacement cannot be found, should the cancellation of a scheduled course be requested. In the event that enrollment is below minimum at the first scheduled meeting of a class, the instructor will meet the class a second time, unless otherwise requested by the Director, Center for Professional Development and Public Service. If at the second scheduled meeting of the class the enrollment is still below the minimum, the instructor will, within 48 hours, call this to the attention of the Director, Center for Professional Development and Public Service, for a decision as to whether to cancel the class.

2. Course Changes. Schools and colleges will give careful thought and study to the selection and assignment of capable instructors to teach off-campus courses. Once an instructor has been designated and listed in the Program FORECAST catalog of classes, every effort should be made to assure that the designated instructor will teach the course as scheduled. Notification of a change of instructor will be sent to the Director, Center for Professional Development and Public Service with an explanation of the necessity for such changes, as soon as the need occurs. Notice of changes made will be communicated to the appropriate office and personnel by the Director, Center for Professional Development and Public Service. Classes scheduled for a particular time and location should be made, the desired change should be immediately coordinated with the Director, Center for Professional Development and Public Service, for a decision as to whether to cancel the class.

3. Use of Adjunct Professors. Members of the regular faculties of the colleges and schools of the University will be assigned to teach off-campus wherever possible. In those cases where the need for a course exists and a regular faculty member cannot be assigned to teach it, the school or college concerned is encouraged to consider the use of qualified adjuncts before refusing the request.

4. Quality of Instruction. It is the policy of the University to take such steps as are necessary to assure that the instruction in off-campus courses is of high quality. A course will be offered off-campus only when the school or college concerned has satisfied itself that the arrangements in terms of available facilities, instructional materials, and qualified instructors are such as to make possible a quality of instruction comparable to that provided when the course is offered on campus.

5. Residence Credit. Courses for credit offered away from the confines of the University campus will be accorded the same status as their counterpart courses offered on the main campus. The faculty, support services, and physical facilities shall be of such quality to assure full comparability of the course offered to its on-campus counterpart. Off-campus course credits are accepted up to the residency limitations of a given school, college or department as determined by those academic units, in accordance with such requirements for residency as published in appropriate catalogs or brochures.

7. Contract and Grant Supported Off-Campus Credit Activities.

(a) A faculty member who wishes to submit to an external funding agency a contract or grant proposal involving the services of the Center for Professional Development and Public Service will discuss the proposal at its inception with the Center Director or his designated staff representative. When agreement is reached between them on the feasibility and operational parameters of the proposed program, the faculty member will submit the proposal to his department chairman and then to his academic dean for approval. If approved by them, a copy of the proposal and the original of the transmittal form will be sent to the Director, Center for Professional Development and Public Service.
(b) The Director, Center for Professional Development and Public Service will review and approve or disapprove the proposal under existing criteria and policies of the University and regulations of the Board of Regents relating to such programs. Where the proposed program requires coordinative and logistical support services in the process of its development and implementation, Center for Professional Development and Public Service will provide such services, or arrange for them to be provided, and include the actual cost thereof in the budget of the proposal. Where a proposal contains both a research component and a credit course component, the Director, Center for Professional Development and Public Service will be concerned only with the latter.

(c) When a credit course contract and/or grant proposal is approved by the Director, Center for Professional Development and Public Service, it will be sent to the Office of the Dean, Graduate Studies and Research for final review and approval by the contracting officer for the University, and submission by him to the funding agency.

(8) Non-credit programming is concerned with the educational needs of individuals and groups other than regular matriculating students of the University. The mission of the Center non-credit programming is to bring together appropriate University educational resources to help meet the professional and personal developmental needs of the citizens of Florida, state and local government, and other public and private organizations.

(9) The primary objectives of the Center for Professional Development, and Public Service’s non-credit programming are:

(a) To educate and re-educate for effective professional growth.
(b) To educate and re-educate for personal and societal growth.
(c) To maximize the University’s contribution to the solution of state and local governmental problems by maintaining liaison and communication with state and local governmental agencies, whereby faculty expertise, research facilities, and other resources of the University can be readily brought to bear on governmental problems.
(d) To continuously assess professional development, governmental and community service needs in Florida to ensure that the activities of the Center’s non-credit programming are responsive to these needs.
(e) To engage in on-going evaluation of both the effectiveness and efficiency of all endeavors of the Center for non-credit programming.

(10) In its pursuit of the above objectives, the Center provides various non-credit programs and services. Among these are:

(a) A variety of Continuing Education Unit (CEU) programs, such as conferences, short courses, workshops, seminars, teleconferences or institutes, designed to accommodate adult individual and group needs.
(b) Receipt and deposit, on behalf of the University for the State, all fees paid for non-credit educational programs conducted on the campus or bearing the name of the University or any college, school or unit of the University.
(c) Consultation and discussions between faculty and staff of the University, representatives of the citizenry, and public officials at the state and local levels, dealing with community and state problems.
(d) On-going needs assessment and evaluation both through formal, written instruments and verbal feedback.

(11) The Director of the Center for Professional Development and Public Service will approve CEU activities on behalf of the University, and all units of the University offering non-credit programs will coordinate those programs with the Director, Center for Professional Development so that the CEUs may be properly recorded. The following policies relating to the various categories of CEU programs will be observed by all concerned.

(a) CEU Programs Planned, Developed, and Sponsored by the University for Business and Professional Groups, Governmental Agencies, Associations, and Other Outside Adult Groups.

1. The Director of the Center for Professional Development and Public Service, in considering requests and in assessing needs for such programs will be guided by the following criteria:
   a. The proposed activity is/has been developed in response to a clearly identified educational need.
   b. The educational need to be served is of collegiate nature, and involves participants who are functioning at the college level.
   c. The activity is one which a local community or junior college, if available, cannot, or does not, provide, or it is a program which the participating groups and the president of the local community or junior college feel that The Florida State University is better able to provide.
   d. The proposed activity or program is related to the program or emerging interests of one or more colleges, schools or units within the University.
   e. One or more colleges, schools or units within the University have agreed to co-sponsor the activity and to be responsible for the instructional program.
   f. Suitable space and facilities are available to accommodate the needs of the group involved.
   g. The program design is such that the educational part occupies the major portion of each participant’s time.
   h. Financial arrangements agreed to by the group, Center for Professional Development and Public Service, and departmental sponsor appear adequate to make the activity financially self-sustaining.
   i. Any liability which the University incurs as a result of its sponsorship and management of the activity is adequately covered by appropriate insurance.
   j. The program meets the seven criteria required for awarding Continuing Education Units. The criteria are: 1. The non-credit activity is planned in response to an assessment of educational need for a specific target population; 2. There is a statement of objectives and rationale; 3. Content is selected and is organized in a sequential manner; 4. There is evidence of pre-planning which should include opportunity for input by a representative of the target group to be served, the faculty area having content expertise, and continuing education personnel; 5. The activity is of an instructional nature and is sponsored or approved by an academic or
administrative unit of the institution best qualified to affect the quality of the program content and to approve the resource personnel utilized; 6. There is a provision for registration for individual participants and to provide data for institutional reporting; 7. Appropriate evaluation procedures are utilized, and criteria are established for awarding of CEU’s to individual students prior to the beginning of the activity. This may include the evaluation of student performance, instructional procedures, and course effectiveness.

2. Once the program is approved, a program administrator from the Center for Professional Development and Public Service will be assigned by the Director of the Center to work with representatives of the sponsoring school or unit, the outside group, and the various service and support units within the University, to assure that the needs of the program are accommodated. It will be the responsibility of the program administrator to render the following services, as needed:
   a. Assist in need assessment of clientele group.
   b. Assist in the design of the program in light of adult education principles.
   c. Prepare a budget for the activity and submit it to the Director of the Center for Professional Development and Public Service.
   d. Establish and supervise a budgetary account for the activity, collect and deposit into the account all fees and/or other income accruing for the support of the activity, and see that all expenses properly charged against the account are paid. No indebtedness in relation to the program will be incurred by any other department or school within the University.
   e. Provide for processing overload or dual compensation to faculty for continuing education service.
   f. Make the official commitments for University housing, food services, meeting rooms, and any special equipment required.
   g. Provide on-site program management.
   h. Arrange for transportation, photography, sign painting, and duplication of instructional materials, as needed.
   i. Assist the sponsoring faculty or staff member in the planning and operation of the instructional program and provide liaison between the sponsoring colleges, school or unit and other units and groups involved in the activity.
   j. Arrange for the preparation of announcements, brochures, certificates, and contracts for printing, duplicating, etc.
   k. Provide information for the Office of Media Relations concerning publicity for the activity if appropriate.
   l. Conduct the registration of participants and cause to be recorded a permanent record of the Continuing Education Units earned by the participants.
   m. Collect fees, issue conference packets, etc.
   n. Assist in the evaluation of the activity.
   o. Provide or assist in obtaining such other logistical services as may be required for the successful operation of the program.
(b) University unit-sponsored CEU Programs Conducted by Professional Associations and Groups not Connected with the University.
1. The faculty or staff member wishing to invite an outside group to the campus and sponsor its program will first secure permission from his department head or chairman and/or his academic dean.
2. The faculty or staff member and/or the dean will then advise the Director of the Center for Professional Development and Public Service of the request, and provide him/her with the following:
   a. The necessary information about the group and its program to enable the Director to determine space, facilities, and service requirements, and
   b. Plans for financing the activity which assure that all necessary expenses will be paid.
3. The Director of the Center for Professional Development and Public Service will make the necessary arrangements and advise the sponsoring faculty or staff member and/or dean as to the availability of the required space and facilities.
4. If the services of the Center for Professional Development and Public Service are jointly determined not be needed for the program, all details of the program will then be the responsibility of the sponsoring member who will keep the Director of the Center for Professional Development and Public Service informed of developments and changes, if any, in the scheduled plans.
5. The sponsoring member will file with the Director of the Center for Professional Development and Public Service such reports concerning the activity as may be required of the University, including the names and addresses of the participants and a copy of the program agenda.
(c) CEU Programs Designed Primarily for Youth and Sponsored by a Department within the University.
1. The following criteria will be applied in considering such activities for sponsorship and approval:
   a. The role to be performed by the sponsoring department is appropriate to the overall function of the University.
   b. A budget has been developed and agreed to by all concerned indicating that the activity can be operated on a self-sustaining basis.
   c. The space and facilities required in connection with the activity will be available for its use.
2. If the program is approved, the sponsoring department within the University and the Center for Professional Development and Public Service will jointly decide how the details of the program are to be handled.
(12) Policy on Registration and Fees in Special Programs.
(a) The Director of the Center for Professional Development and Public Service will develop appropriate forms, establish the procedures, and be responsible for the registration of participants in CEU activities such as conferences, institutes, seminars, workshops and clinics offered by the University. In so doing he will work closely with the academic deans within the University.
(b) Tuition and Fee Policy for Special Programs.
1. The following rules will govern the collection of fees for non-credit educational programs conducted on campus:
a. Fees collected for programs wherein it would reasonably be perceived by the public that the program was being conducted and/or the monies being handled by the University shall be paid to the Florida State University and shall be collected and accounted for by the Center for Professional Development and Public Service. All programs arranged by University units or University related groups or organizations shall fall within this rule.

b. When there is a non-University client of sufficient reputation and/or organizational substance to be clearly recognized by the program target population throughout the program marketing area, and that client may reasonably be expected to be financially sound and responsible, that client may conduct its program “in conjunction with” or “at” the University, and collect fees in its own name. The client will then pay the Center directly for all services rendered by the University or any of its components. When a non-University client does not, in the judgment of the responsible Center Director, meet the criteria of this rule, rule a. above shall apply.

c. Fees for meals and lodging, if collected from participants in the name of the provider and by the provider or sponsor separate and distinct from program costs, need not be collected by the Center.

d. Fees for meals and lodging, if incorporated in the program fee, or if collected by the Center, shall be paid to The Florida State University through the Center. If such fees are paid to University Food Service or Housing by the Center on behalf of a University sponsor, the Center will charge the University sponsor for the Center Services but will not charge the University support rate for the funds involved. If the sponsor is not a University unit, or if meals and lodging are paid on behalf of the sponsor to any other provider than University Food Service or Housing, the Center may charge the sponsor for Center Services and University support.

2. Conferences, Seminars, Short Courses, Workshops, Non-Grant Institutes and Clinics Supported by Fees Collected from Participants. It is not necessary to charge matriculation, out-of-state tuition, and/or application fees for participants in conferences, seminars, short courses, and non-grant institutes, provided that budgets, as approved by the Director of the Center for Professional Development and Public Service, indicate that conference registration fees charged the participants are established at a level which will cover:

   a. Substantially all direct costs of the activity.
   b. Overhead as a percentage of direct costs, at a rate to be approved by the President.
   c. Fees for meals and lodging, if collected in the name of the provider and by the provider or sponsor separate and distinct from program costs, need not be collected by the Center.

3. Instructional Institutes Supported by Grants. Matriculation, out-of-state tuition, and application fees need not be charged for participants in institutes supported by grants from sponsoring organizations and agencies where:

   a. Substantially all of the direct costs are paid by the sponsoring agency.
   b. Students participating are restricted in number by the sponsoring agency.
   c. Participants receive stipends under the terms of the grant.

In the case of a CEU, grant supported institute, where students other than those designated by the sponsoring agency are admitted, such students will be charged a registration fee commensurate with those normally charged for programs described under paragraph (12)(a) above.

4. In order that the Center for Professional Development and Public Service, a self-supporting unit of the University, may help professional organizations and state and local government agencies, serve their staff development needs, the Director of the Center is authorized to sign Letters of Agreement with external agencies committing the Center’s resources and services in working with such agencies or organizations. This authority does not extend to the acceptance of funds emanating from the federal government.

(13) Contract and Grant Supported Non-Credit Training and Professional Development Programs.

a. A faculty member who wishes to submit to an external funding agency a contract or grant proposal involving conferences, seminars, institutes and/or workshops will discuss the proposal at its inception with the Director of the Center for Professional Development and Public Service or a designated staff representative. When agreement is reached between them on the feasibility and operational parameters of the proposed program, the faculty member will submit the proposal to his department chairman and then to his academic dean for approval. If approved by them a copy of the proposal and the original of the transmittal form will be sent to the Director of the Center for Professional Development and Public Service.

   b. The Director of the Center will review and approve or disapprove the proposal under existing criteria and policies of the University and regulations of the Board of Regents relating to continuing education programs. Where the proposed program requires coordinative and logistical support services in the process of its development and implementation, the Center for Professional Development and Public Service will provide such services and include the actual cost thereof in the budget of the proposal. Where a proposal contains both a research component and a continuing education component the Director of the Center for Professional Development and Public Service will be concerned only with the latter. The Center requires a 48 hour period in which to review the grant proposal before its submission to the Graduate Research Office.

   c. When a continuing education contract and/or grant proposal is addressed to a federal or state governmental funding agency and has been approved by the Director of the Center for Professional Development and Public Service, it will be transmitted to the Graduate Research Office for final review and approval by the contracting officer for the University, and submission by him to the funding agency. Only when such a continuing education contract or grant proposal has been approved and signed by both the Director of the Center for Professional Development and Public Service and the University Contracting Officer will it be submitted to a federal or state funding agency.

(14) The Florida State Conference Center.
(a) The Florida State Conference Center is designed to equip the University with the facilities to provide continuing professional education as well as cultural and personal enrichment for adults, and to house the staff of the Center for Professional Development and Public Service. The Director, Center for Professional Development and Public Service is responsible for the operation of the Florida State Conference Center.

(b) All programs offered in the Florida State Conference Center must meet the following criteria:
   1. The program being offered must have a clearly identified educational purpose.
   2. The use must be related to the teaching, research and/or public service missions of the University;
   3. The use must have the sponsorship, co-sponsorship or nominal sponsorship of a recognized University unit, or have appropriately authorized involvement or participation of members of the University faculty or staff;
   4. The program offered must represent community, state, regional or national educational interests and needs.

(c) Authority resides in the Director, Center for Professional Development and Public Service, to make final judgments concerning program adherence to the above criteria in paragraph (14)(b) above.

(d) For purposes of extending the use of the Center facilities to members of the University community and general public, the following categories of potential users are recognized:
   1. University Units. University Units are those which are charged with carrying out an official function or purpose of the institution. These units are an official arm of the University and receive a budget allocation. Included in this category are those faculty members and administrative and professional and career service employees performing assigned duties and responsibilities. University units may use the facilities of the Center for programs which meet the Center Program Criteria listed above.
   2. Non-University State Units. Non-University State Units are offices, agencies, and institutions funded by the State of Florida, operated as a component of the public sector, but not a unit of The Florida State University. Non-University State units may use the Center facilities for programs which meet all Center Program Criteria listed above. In this case, nominal sponsorship by a University unit, is required.
   3. University Related Groups and Organizations. University related groups and organizations which are not operated as an established unit of the University fall into this category. These groups and organizations may or may not receive budgetary support. These groups or organizations may use the Center facilities for programs which meet the Center Program Criteria in which case the endorsing or participating University unit, faculty or staff member must be a signator to the program Letter of Agreement, and must provide assurance therein of the fulfillment of the Center Program Criteria.
   4. Non-State Persons, Groups and Organizations. This category consists of those which are not operated as funded units of the State or of The Florida State University. Such groups may be primarily interested in community service, organizational benefit, or private gain. Non-State persons, groups, or organizations, as a general rule, may use Florida State Conference Center facilities for offering or programs when Florida State University faculty or staff endorse or participate in the program, when the involved University unit, with the approval of the appropriate dean or director, becomes the sponsor or co-sponsor, or when nominal sponsorship is provided by the appropriate University unit.

(e) In all cases, the final decision as to whether a requestor qualifies for use of the facility for a proposed program shall rest with the Director, Center for Professional Development and Public Service.

(f) Florida State Conference Center Space Reservation Procedures. The procedures described below shall govern the reservation of space in the Florida State Conference Center:
   1. In those cases where the requestor specifically desires Florida State Conference Center facilities, the request should be initially addressed directly to the Center for Professional Development and Public Service.
   2. When requests for space are made to the University’s Space Reservation Coordinator and the facilities at the Florida State Conference Center may be the most appropriate to satisfy the need, the Space Reservation Coordinator shall refer the individual making the request to the Center for Professional Development and Public Service.
   3. When the Center for Professional Development and Public Service participates in program planning, and functions as program co-sponsor, the Center Program Administrator will assume responsibility for coordinating the reservation of Florida State Conference Center space.
   4. The Director, Center for Professional Development and Public Service, shall develop a system of space reservation procedures.
   5. Space will not be reserved for programs of less than one hour duration. There is no prescribed maximum length for programs in the Florida State Conference Center.
   6. The final decision as to the availability of space for a program rests with the Director, Center for Professional Development and Public Service.

(g) Programs conducted in the Florida State Conference Center shall be priced in accordance with pricing policies developed and promulgated by the Director, Center for Professional Development and Public Service. Differing rates may be established for different categories of users. The Director, Center for Professional Development and Public Service shall annually set these fees and rates for services on the basis of current costs associated with rendering those services. Rates shall be submitted to the University Director of Budget and Analysis for review.
(h) Space reservations may be cancelled at any time. However, in all cases, the agency or activity having reserved the space will be required to reimburse the Center for Professional Development and Public Service for all Center services and program costs accrued to the time of cancellation, and for program costs which cannot be cancelled, such as printing already in progress and hotel or motel space guarantees.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (7), (10), (14) FS. History–New 9-30-75, Formerly 6C2-5.90, Amended 7-28-86, Formerly 6C2-5.90.

6C2-5.095 Instructional Systems Development Center.

(1) Mission Statement for the Instructional Systems Development Center.

(a) It is the purpose of the Instructional Systems Development Center (ISDC) to bring to the Florida State University the tools, processes, and products of instructional science and technology in order to assist the departments and other units in the improvement of their instructional programs. ISDC serves as a University center of excellence for continuing developmental research in the area of instructional systems development. It continually seeks to discover means of organizing learning conditions so as to improve the efficiency and effectiveness of learning in both formal and non-formal settings. It attempts in collaboration with the appropriate FSU units to advance the state-of-the-art in the utilization of instructional media and technology, evaluation and measurement of instruction, and in the ways which other instructional resources can be most effectively deployed.

(b) ISDC, as its first priority, maintains itself in readiness to serve as a resource to the teaching faculty and to the academic units in the design, development, evaluation, and implementation of improved instructional programs, as requested and as its allocated resources permit.

(c) This capability also is made available to other institutions of higher education in the State University System and the community colleges of the State of Florida. It also assists the College of Education in its work with the public schools and the Elementary, Secondary and Vocational Divisions of the Department of Education of this state in its mission in instructional systems development. In these latter instances the College of Education has the primary responsibility to interfere with these agencies.

(d) Consonant with the foregoing, ISDC assists other foreign or domestic education and training agencies or institutions through research, training or technical assistance with the provision that these activities be supported by resources external to the regular University’s educational programs.

(2) The Center’s Responsibilities.

(a) Specifically, ISDC is the University’s instructional improvement services unit and one of its developmental research arms, and shares with the College of Education functions in the areas of instructional systems design and development, mediated instruction, educational technology, and in the evaluation of instruction. University activities and projects requiring support and resources in these areas turn first to ISDC for this support. If ISDC’s director indicates that such support is beyond ISDC’s capabilities or capacities, then non-ISDC resources may be developed or engaged. ISDC seeks the cooperation of the deans in relating to the faculty. ISDC seeks the written approval of any faculty member, appropriate department heads, and deans prior to obligating the member’s time on contract and grant agreements. Likewise, ISDC’s resources are not contractually obligated by any project director or administrative unit without prior consultation and the written authorization of the Center’s director.

(3) University Committee on Educational Technology.

(a) The President appoints a University Committee on Educational Technology consisting of fifteen persons representing the academic community and the community at large. The committee advises the director of ISDC on instructional improvement, educational systems development, and other applications of educational technology. The members of the council serve for three years with the initial appointments staggered to provide for rotation of the members.

(4) Personnel of the Center.

(a) Experience has shown that faculty members of ISDC have derived personal academic benefits from holding 25 percent appointments in appropriate instructional units, and that the instructional units have also derived significant advantages. Policies governing such appointments are as follows: The dean of the appropriate academic unit has the authority to grant ISDC personnel holding state-line faculty level positions a corresponding tenure-eligible appointment in an appropriate department or program if such faculty contribute an average of 25 percent of full-time academic unit in the course of a calendar year. The specific tasks the faculty member undertakes in meeting this quarter-time obligation – whether classroom teaching, student advisement, research, or service – is negotiated between the individual faculty member and his department head, subject to the concurrence of the director of ISDC and the dean of the appropriate academic unit. Any ISDC personnel on A & P or contract and grant appointment may, with the approval of the ISDC director, hold a temporary, non-tenure earning academic appointment (up to 25% full-time) in an appropriate instructional department, subject to the approval procedures of that department. Determination of the nature of the teaching assignment is the same as described in the preceding paragraph.

(b) ISDC also provides opportunities for faculty members not regularly assigned to the Center to engage in research on media, evaluation, and other aspects of instructional design. These faculty members may be assigned for varying portions of their time for such work by their department heads and deans with the concurrence of the ISDC director. This faculty time commitment may be paid for by ISDC or it may be contributed by the academic unit, which is to be determined by available resources, and the value and relevance of the work to the academic unit.
(c) Providing individual faculty members with opportunities to pursue their own research interests, and those of the Center, through voluntary participation yields highly positive effects. It allows faculty members, without projects of their own, to work in areas of their professional interests while permitting the Center access to a wide range of professional talent. This talent can be brought to bear on the problems of instructional development within the University and elsewhere.

(d) For those faculty members who spend a significant portion of their time in the Center, and are funded by the Center, the director of the Center should have input with regard to promotions, and tenure. Current University policy, based on Florida law, requires that individuals be evaluated on the basis of the performance of duties in the Center. In the case of divided members, the director of ISDC and the head of the department jointly prepare an explicit statement of these responsibilities.

(e) The Center offers faculty members and students the opportunity of working on projects outside their normal campus responsibilities. In order to maintain awareness of the state-of-the-art and to ensure that the Center is constantly abreast of new developments, faculty members have been engaged in a wide variety of projects in the United States and throughout the world. When it is mutually desirable for faculty to represent the Center off-campus, the time is negotiated with the faculty member, his department chairman, and dean, and the director of the Center. Since such projects are not usually related in a direct way to the faculty member’s primary responsibility, the academic unit will be reimbursed by ISDC for faculty time spent on these projects.

(f) When faculty level vacancies occur in the Center, the director of the Center will confer with the dean of the school and the chairman of the academic department in which the prospective faculty member will hold his academic appointment. Recruiting for such vacancies is a cooperative and coordinated effort to ensure that the best possible replacements are located and appointed. Academic appointments are subject to the normal faculty review and approval procedures.

(5) Audiovisual Media Development and Support.

(a) In order to insure technical compatibility and efficient utilization of University-owned audiovisual equipment, the Center shall monitor and advise on expenditures for such equipment. Further, in order to assure full benefit and use of audiovisual equipment, the Center shall advise on the allocation, distribution and maintenance of all University-owned major media equipment.

(b) The Center shall act as advisor and consultant to the University administration and faculty in all planning and budgeting activities related to audiovisual production, distribution, repair systems, or facilities planning.

Specific Authority 240.227(1) FS. Law Implemented 240.227(10) FS. History–New 9-30-76, Formerly 6C2-5.95.

6C2-5.097 Deletion of Courses.

(1) Any course not offered during any “eight regular semesters” will be deleted from the curriculum inventory unless there is justification for the retention. Justification for retention of a course includes: course curriculum is in process of being revised; prospective new or visiting faculty have been employed to teach the course; course was not taught due to temporary staffing and/or budgetary problems; course is part of a graduate/undergraduate combination, one part of which has been taught in the required time frame; course is required for accreditation; or the course is a type of variable topic nature which needs to be available due to public or student interest. In addition to the justification for retention of course statement a department desiring to retain a course will provide a copy of the course outline/syllabus. If approved by the University Curriculum Committee the course will be placed on probation for one academic year. This does not apply to Directed Individual Studies (DIS), Honors, Research or Internship courses.

(2) For purposes of deletion of a course, “eight regular semesters” refers to Fall and Spring semesters only, or four academic years. If a course is not taught during the eight regular semesters but is taught during a summer term within the four academic years, that course shall not be subject to deletion.

(3) The President, or Dean of Faculty if designated by the President, shall annually certify to the Board of Regents that the University has complied with the course review/deletion procedures.

CHAPTER 6C2-6 MISCELLANEOUS

6C2-6.001 Gender.
Whenever the words “she”, “he”, “chairman”, or “chairwoman” are used, such words shall not be taken to require or indicate a specific sex but shall be taken to include both sexes.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1) FS. History–New 9-30-75, Formerly 6C2-6.01.

6C2-6.002 Athletic Committee Constitution.
(1) Article I Name. This organization shall be known as the Athletic Committee of Florida State University; hereinafter referred to as the Committee.
(2) Article II Authority. Florida State University has delegated to the Athletic Committee responsibility for all matters concerned with intercollegiate athletic competition subject to the overall control of higher administrative authorities, general University policies, and the NCAA. The Athletic Committee is a presidential committee appointed for the purpose of giving advice, support and guidance to the Director of Athletics and to the President and having general advisory powers in the field of Intercollegiate Athletics.
(3) Article III Policy. The policy of Florida State University in regard to intercollegiate athletics is to compete as strongly as possible in all recognized sports within the resources available to the University and the rules and regulations of Florida State University and the National Collegiate Athletic Association.
(4) Article IV Objectives.
(a) The objective of the Committee shall be the promotion of intercollegiate athletics.
(b) The Committee shall maintain advisory control and integrity in all fiscal matters relating to intercollegiate athletics.
(5) Article V Membership. The Committee shall be constituted and organized according to the following rules:
(a) The Committee shall consist of a minimum of eight (8) members selected by the President of the University and one (1) ex-officio member, the Athletic Director. The appointed members shall be five (5) faculty or administrative staff representatives; one (1) alumni representative, one (1) Seminole Booster representative and one, or as many as two, student representatives.
(b) The President shall designate the Chairman each year from the membership of the Committee.
(c) All members who are to be appointed from the general faculty shall serve for a period of three (3) years, subject to reappointment at the will of the President of the University.
(d) The alumni representative shall be appointed from the Alumni Association by the President of the University. The period of service shall be for one (1) year.
(e) The Seminole Booster representative shall be appointed by the President of the University with advice from the President of the Seminole Boosters. The term of office of the Seminole Booster member shall be one (1) year.
(f) The student members shall be appointed by the President of the University. One (1) shall be a varsity athlete, and both (assuming two) shall have the power to vote on all matters except those effecting personnel. The term of office of student members shall be one (1) year.
(g) The Director of Athletics shall be appointed by the President with advice from the Athletic Committee.
(h) The Director of Athletics shall be a Secretary ex-officio of the Committee and shall be a non-voting member.
(i) In order to avoid conflict of interest in management of the affairs of intercollegiate athletics at Florida State University no member appointed to the Athletic Committee shall be in the employment of and/or be receiving funds from the Department of Intercollegiate Athletics, except for the student athlete member.
(6) Article VI Amendments. Amendment or revision of the Constitution may be made only after having been read at three (3) successive meetings of the Committee, followed by a two-thirds (2/3) affirmative vote of the total membership of the Committee.
Specific Authority 240.227(1) FS. Law Implemented 240.227(1), (15) FS., 6C-4.001(5), F.A.C. History–New 9-30-75, Formerly 6C2-6.02.

6C2-6.003 Athletic Committee Bylaws.

(1) Meetings. Meetings of the Committee shall be held at least quarterly. Special meetings may be called at any time by the Chairman, the President of the University, or three or more members of the Committee upon giving notice to the members not less than twenty-four hours in advance of the time set for such meetings, notice to be confirmed in writing and for stated purposes.

(2) Officers. The Chairman of the Committee and the Secretary are appointed annually by the President of the University. The Director of Athletics shall serve as Secretary.

(3) Duties of the Officers.

(a) The duties of the Chairman and the Secretary shall be those that usually fall upon such officers; and such other duties as may be hereinafter designated.

(b) It shall be the duty of the Secretary to preserve as part of the minutes, various schedules, contracts and other data as approved by the Committee and to perform such duties as specified below. The Director of Athletics may designate a recording secretary.

(4) Duties of the Director of Athletics.

(a) The chief administrative officer of the Department of Athletics is the Director. He is responsible for the administration of the Department of Athletics consonant with the overall University policies. In the absence of the Director of Athletics the Assistant Director shall assume the responsibilities of the position.

(b) The Director of Athletics, in assuming his responsibilities, shall recommend for appointment Head Coaches, the Assistant Director of Athletics, the Academic Advisor of Athletics, and such other personnel as may be necessary to carry out the functions of the Department. The recommendation shall be made in accordance with Affirmative Action plans of the University Relations Division and the University Administration.

2. Recommendations for appointments of Head Coaches and the Assistant Athletic Director shall be submitted to the Athletic Committee, prior to the submission to the President.

3. The employment of Assistant Coaches is the responsibility of the Head Coach and is subject to the approval of the Director of Athletics.

4. The employment of all other personnel is the responsibility of the Director of Athletics. Where any member of the Department of Intercollegiate Athletics had teaching responsibilities, the recommendation for the appointment shall be made jointly by the Director of Athletics and the Head of the Department concerned.

(1) All schedules shall be made in conformity with the general policies of the NCAA, the University and the Athletic Committee.

2. The Director of Athletics is responsible for all scheduling. Each Head Coach will work directly with the Athletic Director and the Assistant Athletic Director in planning all schedules relating to his particular sport.

(d) Athletic awards may be given to those individuals who have achieved standards of social behavior and participation as determined by the operating procedures established by the Director of Athletics.

(e) Admission. The general university regulations relative to admission are those published in the most recent catalog with such additional changes as may have been put into effect since its publication. In the case of students who fail to meet minimum admission standards, they shall be treated as exceptions as permitted by the Florida Board of Regents policy. Students who are admitted under such conditions are deemed to have satisfied university admission criteria and thus are eligible to participate in intercollegiate athletic programs.

2. Academic Standing. The phrase “good academic standing” shall be interpreted to mean, “in conformance with the retention policies of Florida State University”. The retention table, adopted by the faculty of the institution and in accordance with the standards applied to all students, permits a student to continue progress toward a degree until such time as he is dismissed from the University. However, through extraordinary circumstances a dean may permit a student to be readmitted on a probationary basis.

3. Normal Progress. Student-athletes will be enrolled for a minimum of twelve quarter hours during the quarter of competition and must have passed at least thirty (30) quarter hours for the 1976-77 school year (September 1-August 31) and thirty-six (36) quarter hours for each school year thereafter.

(f) Budgets for each sport must be prepared annually by June 1 and submitted to the President’s office for approval. Budgets should be prepared initially by the Director of Athletics after conference with each respective head coach with the counsel from the Finance Sub-Committee of the Athletic Committee. The Director is responsible for all receipts and expenditures made by the Department. The Director has full authority to establish procedures within the Athletic Business Office which will assure that all the receipts and expenditures are accurately recorded and reported in accordance with general University Business Office policies.

2. Regular monthly statements are to be given to each coach showing a comparison of budgeted expenditures by object with actual expenditures and encumbrances. Quarterly statements are to be given to the President’s office and to the Finance Committee members of the Athletic Committee showing for the Department:

a. A comparison of estimated revenues with actual revenues;

b. A comparison of estimated expenditures with actual expenditures and encumbrances.

(g) The Athletic Director shall authorize and approve contracts for intercollegiate contests.
(h) The Director of Athletics shall keep records of all intercollegiate athletic contests, including in such records accurate data as to date and other receipts, attendance, weather, officials, names and eligibility of players participating and length of time of their participation.

(i) The Director of Athletics shall supervise or arrange for supervision of all trips taken for the purpose of holding intercollegiate athletic contests.

(j) The Director of Athletics shall secure and prepare all tickets and arrange for their sale and distribution. Guest tickets shall be distributed according to Board of Regents policies.

(k) The Director of Athletics shall conduct a program of public relations with the guidance of the Athletic Committee beneficial to the promotion of intercollegiate athletics.

(l) The responsibility for managing athletic facilities has been assigned to the Director of Athletics. Priority in use of these facilities will be given to intercollegiate athletic events. Such facilities may be made available to other divisions of the university and to the public under terms negotiated by the Director of Athletics.

3. The Director of Athletics and the University Vice-President for University Relations, jointly, are responsible for negotiating contracts with concessionaires subject to approval of the President and the Board of Regents.

5. Order of Business.

(a) At least five (5) members with full voting rights, three (3) of whom shall be faculty or staff representatives, are necessary to constitute a quorum.

(b) The agenda for the meeting when appropriate and with proper explanation, shall be sent to each member of the Committee by the Director of Athletics at least two (2) days in advance of each meeting. Emergency items may be considered following the unanimous consent of the Committee members present.

(c) The order of business shall be as follows:
   1. The minutes of the previous meeting shall be furnished to each Committee member at least two (2) days prior to the meeting and shall stand as approved unless corrected by motion as the first order of business.
   2. Committee reports.
   5. Director’s reports.

6. Committees.

(a) The Chairman shall appoint an Executive Committee consisting of the Chairman and one (1) regular member from the faculty members, one (1) regular member from the alumni members and one (1) regular student member of the Committee who collectively shall have the power to act for the whole committee only when it is impracticable to give notice to the whole committee, and not otherwise.

(b) The Chairman shall appoint a Finance Committee consisting of any three (3) members of the Committee.

(c) Additional committees may be appointed by the Chairman as required.

7. Contracts and Payments.

(a) The Committee shall have an advisory role in fiscal affairs. It shall recommend allocations of such amounts of money as may be necessary for the support of various sports but no money shall be disbursed except by the written approval of the Director of Athletics, and in compliance with fiscal policies of Florida State University and subject to the approval of the President of the University. Payments upon specific contracts relative to intercollegiate athletic contests or to salaries which have been authorized by the Committee may be made with the approval of the Director of Athletics.

(b) Director of Athletics shall authorize and approve all contracts for intercollegiate athletic contests.

(8) Amendments. Amendments to, or revision of, the By-Laws may be made only after such proposed change has received a two-thirds (2/3) affirmative vote of the total membership of the Committee.

Specific Authority 240.227(1) FS. Law Implemented 240.227(15) FS. History–New 9-30-75, Formerly 6C2-6.03.

6C2-6.0035 Intercollegiate Athletics; Season Ticket Allocation and Sale.

(1) Purpose and Intent. Whereas there is a significant excess of demand over supply regarding purchases of season tickets for the events of The Florida State University Intercollegiate Football Program, it is the intent and purpose of the following statements of policy to establish a priority system of ticket allocation based upon relative factors relating availability and allocation of season tickets to the contributions of prospective purchasers to the University intercollegiate athletic programs and to the University in general, including financial contributions and contributions of service and support.

(2) General Public; Point System. There is hereby established a point system by which prospective purchasers from the general public will be accorded a relative priority for the stadium location of reserved season tickets they may purchase, based upon the total number of points to which they are entitled. The more points to which a person is entitled, the higher his priority. Each season ticket purchaser under the priority system will have the same reserved seat(s) for each regular season game played during that season in Doak Campbell Stadium.
(3) Ticket Allocation; Location:
(a) The following factors will be used to determine the number of points attributed to each prospective purchaser in accord with the number of points indicated for each factor:
1. Preceding years season ticket buyer – 2 points
2. Continuous years as season ticket buyer – 1 point for each year up to a maximum of 10 points
3. Continuous years as a contributor – 1 point for each year up to a maximum of 5 points
4. Current year Booster contribution or pledge according to this scale:
   - $25 to $49: 1 point
   - $50 to $109: 2 points
   - $110 to $249: 4 points
   - $250 to $499: 5 points
   - $500 to $999: 7 points
   - $1000 to $2499: 10 points
   - $2500 to $4999: 15 points
   - $5000 to $9999: 20 points
   - $10,000 to $19,999: 25 points
   - $20,000 or more: 30 points
5. Total Booster contribution for the previous 5 years according to the same scale as above
6. Dues paying member of the F.S.U. Alumni Association – 2 points
7. Member of the Florida Legislature – 4 points
8. Member of the President’s Club – A fund for Academic Excellence – 4 points
9. Faculty and Staff and Varsity Lettermen – 2 points each
(b) Seat Location. A person’s total points will determine the seating location. Persons with higher points will be allocated seating in the preferred sections of the stadium. To the extent possible, any previous purchaser who maintains sufficient points to be entitled to seats in the same priority section in which he was seated the preceding year shall receive season tickets for the same seats.
(c) Example. The following example illustrates how this new point system would work: An individual bought season tickets in 1978 for his eighth consecutive year. He pledged $250 to the Boosters for 1979-80 and has contributed a total of $1150 to the Boosters during the previous five years. He is also a member of the F.S.U. Alumni Association and President’s Club. His points would be listed as follows:
   - 2 Prior Year Buyer
   - 8 Continuous Years as a Buyer
   - 5 Current Booster Contribution
   - 10 Total Booster Contribution for the Previous 5 Years
   - 2 Alumni, Faculty, Staff or Varsity Lettermen
   - 4 Presidents’ Club Contributor for the Current Year
   - 31 TOTAL POINTS
The individual would be assigned to a priority section in the stadium that will include individuals with 31 points.
(d) With respect to points acquired for continuous years as a season ticket buyer, persons who have previously purchased tickets through a third party shall be entitled to credit for such purchases, provided that they obtain in writing from said party a statement releasing those seats to them. If the person receiving such release shall thereby or otherwise accumulate enough total points to be entitled to seats in the same priority location, such person shall retain the seats so released and the party releasing them will not be assured of replacing them with seats in an equally good or adjacent location.
(e) Ticket Allocation; Number. Persons will be entitled to purchase the following maximum numbers of tickets in their priority location as determined by the point system described above, in accord with the following amounts of their current year contributions to the Seminole Boosters, Inc.:

Provided, however, that persons who have purchased season tickets prior to the 1980 intercollegiate football season, including the season immediately preceding the year of purchase, shall be entitled to purchase the same maximum number of season tickets to which they were entitled pursuant to the policy in effect prior to the 1980 intercollegiate football season. Therefore, persons who
contributed the following amounts to the Seminole Boosters, Inc., during the calendar year 1979 shall be entitled to the following numbers of season tickets as long as they continue to annually contribute the same or higher amounts to the Seminole Boosters, Inc.:

</tbody>
</table>

(f) Price. The University shall retain the sole and exclusive right to determine and charge the purchase price for all tickets, including any taxes applicable to purchasers thereof.

(g) Reserved Allocations. There shall be reserved in the Athletic Ticket Office up to 1000 seats to provide for last-minute large gifts to the Seminole Boosters, Inc., or the Florida State Foundation, and to resolve other problems. However, a purchaser who has met minimum requirements for seats in a given priority location will not be moved in favor of a purchaser who has acquired more points through a large contribution or similar means. The latter purchaser who thereby becomes eligible for better seats will receive them only upon their becoming available.

(h) Inquiries and Communications. Each person who purchased season tickets the preceding season and who stands to lose his seat(s) because his total number of points is below the number required to retain such seat(s) shall be advised of that fact by the Athletic Ticket Office and shall be further advised as to what must be done to retain the same seat(s). Inquiries regarding this or any other matter pertaining to intercollegiate athletic program tickets should be directed to the Athletic Ticket Office, Tully Gym, Florida State University, and will be responded to by a staff person having responsibility for the matter raised.

(4) Students. Students or student groups may purchase full-priced season tickets in the same manner and subject to the same policies as members of the general public, if they desire seats in the reserved seating sections of the stadium (west side and limited portions of the east side). Otherwise students shall be entitled to purchase tickets in the student or open seating sections of the stadium in accord with the prices and policies applicable thereto.

(5) Student Athletes, University Staff. There shall be reserved and allocated on a per game or per event basis a certain number of tickets to student athletes and staff of the intercollegiate football program and officials and staff of the Department of Intercollegiate Athletics for their use. The Director of Intercollegiate Athletics, in consultation with the Head Football Coach, and in accord with applicable provisions of the constitution, by-laws and regulations of the National Collegiate Athletic Association (NCAA), shall determine the number and location and provide for the allocation and distribution of such tickets.

(6) Applicability to Other Intercollegiate Athletic Programs. The policies contained in this rule may be applied to allocation of priorities for seat location and number of tickets for season tickets, for the events of the intercollegiate athletic program conducted by the University in any other sport or to any individual event involving the Department of Intercollegiate Athletics, whenever the University President, or his designee, determines that the ratio of demand to seating capacity or availability warrants its application. In so construing and applying these policies, the name or description of the subject sport or event shall be deemed to be substituted for the term “football” wherever it appears herein, and the policies shall otherwise be deemed to be modified as required by the circumstances to effectuate the purpose and intent hereof.

(7) Presidential Prerogative. All other provisions of this rule notwithstanding, the University President shall have the authority, in his sole discretion, to direct that any person be entitled to purchase or receive gratis season tickets or single event tickets in the location and number designated by him with regard to any program or event involving the Department of Intercollegiate Athletics whenever he deems such action to be warranted by the contribution to the University or its direct support organizations by such person, whether in money, in kind, in service, or in support, and whenever he deems such action to be in the best interest of the University.

**6C2-6.004 Computing Center.**

(1) Requests for accounts with the Florida State University Computing Center must be made through the Director of the Computing Center to the Provost of Graduate Studies and Research using the standard application form. Requests for resources consistent with the guidelines will be processed within two (2) days. Requests for resources in excess of these guidelines and supplemental requests will be referred to the Allocations Subcommittee of the Advisory Committee for their recommendation and will be acted upon within approximately one week. For purposes of funding, an account will be classified as “Instructional”, “FSU Sponsored Research”, “Externally Sponsored Research”, or “Non-University”.

(2) Instructional accounts are to be established for regularly scheduled graduate and undergraduate courses, graduate thesis, and course development. Application must be made in the name of the faculty member who is responsible for the course. Categories are: Undergraduate course; Undergraduate DIS; Graduate course; Thesis or dissertation; and Course Development.
Accounts will be established on quarterly or annual basis as required. When a student ceases to be eligible to use an account, a request that his access to the computer be terminated might be made. Unused allocation is returned to the Center upon expiration date of the project.

(a) Florida State University sponsored accounts are established for the following purposes:
1. To meet the computing needs of new faculty members who have not had sufficient time to obtain external support for their research.
2. To help any faculty member probe a new research area preparatory to seeking external support.
3. To provide a service to faculty members who routinely use a very small amount of computing resources.
4. For department utility accounts to maintain generally useful data bases, programs, etc.
(b) Requests in excess of the guidelines are referred to the Allocations Subcommittee for its recommendation and must be accompanied by explanation commensurate with the size of the request. Unused funds are returned to the Computing Center upon expiration date of the project.

(3) Faculty members doing research as a part of the FSU program of research and graduate education, and which is financed wholly or in part by agencies external to the University, must cover the cost of their use of computing resources. If faculty members are unable to obtain full financing of computer expenses in these projects, guidelines for cost sharing by the University are subject to the following:
(a) Proposal Submission: The amount of support requested in the original proposal to the external agency must be approved by the Computing Center Director via the standard proposal transmittal form. Proposals with asking amounts consistent with the guidelines given below may be approved by the Center Director, if he believes that the resources requested will be available. Deviations from the guidelines in the asking budget must be negotiated with the Principal Investigator and the Provost and the Director of the Computing Center.
(b) Final Budget: After the proposal is accepted by the external agency and the final budget is being formulated or negotiated, all applications for an amount with FSUCC is to be submitted to the Provost via the Computing Center Director. If the application offers payment consistent with the sponsored research guidelines, then routine approval can be expected. Auxiliary operations of the University are required to pay for computing services. Visiting faculty and/or research associates will be required to finance computing services from the contract or grant by which they are funded.
(4) Non-University Accounts. As a public service, accounts classified as “Non-University”, meaning non-FSU, will be established to be used in research and instruction for other state universities, agencies of Florida government, tax-supported institutions, etc. Such accounts pay at the cost-recovery rate. Computer accounts for consulting faculty are also designated as non-university. Such accounts are subject to FSU’s policy on faculty consulting activities. The faculty member is financially responsible for a non-university account under his sponsorship. If the work is done for a profit-making organization, such accounts will be charged on an equivalent commercial rate basis. A letter of explanation to outline the intent of the request for computer resources must be submitted with the application.

6C2-6.005 Use of Animals or of Human Beings in Research.

(1) Research Involving Animals.
(a) Several departmental animal care committees, the Laboratory Animal Resources Advisory Committee and the Laboratory Animal Resources (LAR) unit serve the faculty and administration in recommending policies to guide animal experimentation and animal care. However, such investigator must assume ultimate responsibility for the adequacy of care and the propriety of use of his animals.
(b) Space. Investigators and their departments must assure the availability and suitability of space for proposed animal research programs. Investigators should consult the LAR office to assure availability of space prior to submission of grant proposals.
(c) Cost of Animals. The LAR unit serves as the purchasing and receiving agent for all animals required in teaching and research at FSU. The approximate cost of most animals may be obtained from the LAR office.
(d) Cost of Care. The cost per day (Fiscal year 1972 rates) for maintaining animals is given below. These rates are reviewed periodically by the LAR advisory committee. The per diem rate includes the cost of food, bedding, direct animal care services, and certain supervisory costs. These figures may be used to estimate the cost of maintaining animals for any given research project. The LAR office will provide information on per diem care for animals which do not appear on the schedule.

<tr>
<td>Guinea Pig</td>
<td>$0.11</td>
</tr>
</tbody>
</table>

(e) Cost of Animal Cages and Related Equipment. Standard-conventional cages can be supplied by LAR. The purchase of specialized equipment should be applied for in the grant or contract.
(f) Special Costs. Items such as remodeling, special transportation of animals, freight cost, technical assistance, special foods, drugs, and related items frequently are overlooked in planning animal research. Grant applications should reflect these costs whenever possible.

(g) Special Services. Veterinary care is provided by LAR. A small diagnostic laboratory is maintained for disease prevention and control. Information and training pertaining to laboratory animal science is available for faculty, graduate students and technical staff.

(2) Research Involving Human Beings.

(a) The responsibility for administration of University policies to assure the welfare of human research subjects is assigned to the Graduate Dean and Director of Research. He is assisted in the resolution of policy questions by a committee composed of the chairmen of several review committees established by schools, colleges and research units of the University. University policy requires prior approval of the procedures of research experiments involving human subjects.

(b) It is the responsibility of each school, college and research unit having a volume of activity involving human beings as research subjects to establish a review committee. This committee will consist of associates of the investigator who have no vested interest in the specific project involved and who possess competence pertinent to the judgments that are to be made. Units of the University whose volume of research activity involving human subjects does not justify a review committee will be served by the general committee reporting directly to the Graduate Dean and Director of Research. When the Dean and Director deems it appropriate, a review committee may be established in a unit. Review committees may enlist the competence of professionals from other units in making judgments.

(c) Before a project involving human subjects may be undertaken or a proposal for its support submitted to an outside agency, the plan of investigation or research must be submitted to the appropriate review committee. If after reviewing the plan with the principal investigator the committee is satisfied with the respect to be given to the rights and welfare of the individual or individuals involved, with the appropriateness of the methods used to secure informed consent, with the determination of the risks and potential benefits of the investigation, and with the judgment of the principal investigator in matters related to the policy objectives, the chairman of the committee will confirm approval of the project by his signature in the appropriate space on the Grant Proposal Transmittal Form. It is incumbent upon the investigator to advise his review committee of any changes which might involve use of human subjects in a manner at variance with the prior approval.

(d) An essential feature and requirement of this policy is that approval by an appropriate review committee must be obtained before submission of a proposal for support or start of an investigation or research involving human subjects.

Specific Authority 240.227(1) FS. Law Implemented 240.227(1) FS., 6C-4.001(1), (5), 6C-4.011(1), 6C-10.003 F.A.C. History–New 9-30-75, Formerly 6C2-6.05.

6C2-6.006 Florida State University Imprimatur.

(1) Academic Press and Publications Board.

To monitor publications and promote high standards for all publications which are to bear an FSU imprint, an Academic Press and Publications Board (APPB) is established. This Board supersedes and replaces the former FSU Press Committee and the Publications Committee. Its organization shall be as follows:

(a) Appointments of members of the Board shall be made by the President for staggered 3-year terms.

(b) The membership of the Board will represent the various academic units of the university.

(c) The Provost for Graduate Studies and Research, the Dean of Faculties, and the Director of APPB, or their representatives, shall be ex-officio members of the Board.

(d) The APPB shall be organized with 15 regular members plus the Director of APPB, who shall serve as Chairman of the Board. Further, 4 committees of the APPB shall represent the four (4) areas of publication namely, books, journals, monographs, and artistic works of the creative imagination. These committees shall be responsible for analyses of proposed publications in their respective areas and for making recommendations to the APPB. The President may designate the committee assignment of each member of the Board.

(e) Press publications shall bear the imprint, “The University Presses of Florida,” and the series designation “A Florida State University Book,” during the university’s participation in the State University System Press (The University Presses of Florida). Monographs and Journals will normally carry the imprint, “Florida State University,” or the name of any constituent department or other unit of the university, or both of those names.

(f) The affairs of the APPB shall be administered by its chairman, the Director of the APPB, who shall be responsible for the implementation of all recommendations made by the Board and approved by the appropriate University officers.

(2) Committees of the Academic Press and Publications Board.

The responsibilities and evaluation procedures of the three committees shall be as follows:

(a) The Florida State University Press.

1. The Director of the Academic Press and Publications Board shall serve as Director of the FSU Press. All manuscripts are submitted to the Director, who eliminates those which are obviously unsuitable. If a manuscript meets Press standards for consideration, the Director shall assign it to a scholar on campus competent in the field of the manuscript who will give it a second reading. The Director then sends a copy of the reader’s recommendation plus a prospectus describing the book to each member of
the committee for books (the FSU Press Committee). If the Committee agrees that the book shows promise, it instructs the Director to submit the manuscript to a nationally recognized, off-campus authority for a written evaluation. The Director then will send copies of the outside evaluation to the members of the Committee for books for approval to publish, not to publish, or to publish providing certain changes are made.

2. If the manuscript is accepted, the Director will be responsible for editorial work necessary prior to copy editing. The FSU Press assumes the cost of publication. Manufacturing is ordinarily supervised by the Publishing Unit of the State University System Press.

3. The Publishing Unit of the State University System Press takes over completely the manufacture, promotion, and distribution of the book.

4. The Academic Press and Publications Board shall be responsible for broad policies governing the Florida State University Press as well as monographs and journals. However, the APPB ordinarily will not review individual manuscripts offered for publication by the FSU Press.

(b) Florida State University Journal Publications.

1. Proposals for the establishment of journals to bear the FSU imprint should include detailed analysis of the economic prospects of the journal, the size of the group to which it is addressed, the nature and expected number of subscribers, as well as its impact on the University. Moreover, it must specify editorial board members who have agreed to participate in evaluating manuscripts, the majority of whom ordinarily must be from off campus. Moreover, the proposal must include budget and expected growth pattern to assure a minimum return of 50% of its cost by the end of the third year and be self-sufficient by the end of the fifth year.

2. The proposals must be submitted to and approved by the appropriate departmental, area, and college committees. If the initial screening for the proposed journal indicates that the foregoing requirements can be met, the complete proposal, evaluation, and recommendations will be sent by the School or College Dean to the Chairman of the APPB, who will refer it to the Committee on Journals.

3. Once the proposal for the creation of a new journal has been received by the Committee on Journals of the APPB, it will normally be forwarded to appropriate outside consultants for review. In particular, the consultants shall comment on the need for the journal and likelihood that it will make a significant long-term contribution to the given area of study. Moreover, it must specify editorial board members who have agreed to participate in evaluating manuscripts, the majority of whom ordinarily must be from off campus. Moreover, the proposal must include budget and expected growth pattern to assure a minimum return of 50% of its cost by the end of the third year and be self-sufficient by the end of the fifth year.

4. The APPB shall review the progress, quality, and economic status of the given journal after three (3) years. It shall determine whether the journal has a balanced point of view, assuring that it has not become a house organ for FSU faculty. It shall then recommend either continuance, perhaps with modifications, or termination.

(c) Florida State University Monographs.

Monographs of the various FSU Institutes and Departments, not to include technical reports, pre-prints, working papers, etc., shall be considered under the procedure followed by the FSU Press with review and recommendations being the responsibility of the Committee on Monographs. In addition, the FSU Press may publish approved monographs prepared by FSU Departments and Institutes. In either case, the Department or Institute is expected to supply full funding.

(d) Works of music, art, choreographic scripts, and theater scripts in graphic or recorded form shall be considered for FSU Press with review and recommendations being the responsibility of the committee on artistic works.

Specific Authority 240.227(1) FS. Law Implemented 240.227(14), 240.229 FS. History–New 9-30-75, Amended 5-11-77, Formerly 6C2-6.06.

6C2-6.007 University Marine Lab.

Operational Policy for the Marine Laboratory.

The Edward Ball Marine Laboratory operates as an all-University multi-disciplinary research and development center. Under the general supervision of the Provost, Graduate Studies and Research, the Marine Laboratory is organized under the specific administrative control of the Director appointed by the Provost, Graduate Studies and Research. To provide academic direction the Provost is aided by an Advisory Committee comprised of department chairpersons and other faculty as designated by said chairpersons.

In general, the Marine Facility and Ship Operations are governed as follows:

1. General Shop Facilities and Parts Stockroom. The Marine Laboratory maintains a general shop for use of all staff, faculty, and students working at the laboratory. All requests by students and faculty for utilization of hand tools, shop space, or materials from shop or stockroom should go directly to a member of the Marine Laboratory staff. Instructions on the use of power tools and check-out procedures should go directly to the supervisor. All students using power tools must have proper accident insurance.
(2) Small Boat Operations. All requests for use of small boats should be directed to the Director who will check insurance and transmit all requests for small boats to the marine facilities. All students going out in university boats must have proper insurance coverage. All students and faculty operating the small boats must be checked out on the operation of the equipment, boat safety and marine regulations in accordance with Standard Operating Procedures. Any damage occurring to boats must be explained in writing to the Director, Edward Ball Marine Laboratory.

(3) Sea Water System. The entire operation of the Sea Water System is under the direction of the Laboratory Supervisor as designated by the Director. Under no circumstances should any valves or machinery connected with the system be operated without the approval of the designated supervisor. In his absence responsibility for the Sea Water System will be further delegated.

(4) Marine Laboratory Vehicles. Two trucks are operated for Marine Laboratory use. One vehicle is operated out of the campus office and is scheduled by the Director. The vehicle at the Marine Laboratory is for the use of the Edward Ball Marine Laboratory Staff only and the keys and a sign-out sheet for the vehicle will be kept in the general shop office.

(5) Accident Reports. Any injury received while working with facilities related to the Marine Laboratory must be reported within 24 hours and an accident report will be filed with University officials.

(6) R/V TURSIOPS. All requests for ship-time on the R/V TURSIOPS should be filed with the Director at least six (6) months in advance of anticipated need if possible. The Ship Committee is attempting to schedule approximately six (6) months in advance. All final cruise plans for approved cruises must be filed by the Chief Scientist with the Director and the Supervisor of R/V TURSIOPS at least two (2) weeks prior to the sailing date. It is the responsibility of the Chief Scientist of any cruise to insure that all necessary research equipment is aboard. In the future all new classes utilizing the R/V TURSIOPS be given an orientation relative to duties and responsibilities while on board ship before departure. It is recommended that all cruises schedule departure at 0800 hours. Any deviation from this time will require concurrence with the Director and the Ship Committee. A users guide for the R/V TURSIOPS will be available thru the Director’s Office. This guide will include all information pertinent to scheduling, reporting and vessel capabilities, and is included for policy and rulemaking procedures.

(7) Utilization of Classroom and Dorms. All requests for use of classroom and dormitory facilities should be directed to the Director. The maintenance of these facilities is the responsibility of the facility staff. It is expected that individuals using these facilities will clean up the area before departure.

(8) Space in the Research Laboratory. All requests for research facilities and space should be directed to the Director of the Laboratory. Space assignments will be made by the Director with the assistance of the Advisory Committee on Operations and Policy.

(9) Committee. To be announced.

Specific Authority 240.227(1) FS. Law Implemented 240.227(13) FS. History–New 9-30-75, Formerly 6C2-6.07.

6C2-6.008 University Library.

(1) The Mission of the Florida State University Library. The mission of the Florida State Library is to satisfy the informational needs of the students, faculty and administration of this University by collecting, organizing and providing access to recorded information.

(2) Checking Desk. The Checking Desk is located at the entrance to the Library. A library attendant is stationed there to see that all library materials are properly charged before they are removed from the building. All books, briefcases and containers shall be inspected by the attendant before leaving the building. Containers which one desires to be excluded from inspection should not be brought into the Library.

(3) Circulation.

(a) To Borrow. The borrower must present his punched University I.D. card bearing the current validation stamp. Books are charged for a maximum period of three (3) weeks and may be renewed provided there is no request by another borrower. If another borrower has left a request for the book, a notice will be sent. All books must be shown to the checker at the front door before leaving the building. This is done to make certain that the books have been properly charged.
library materials accrue fines at the rate of 25¢ per item per day, excluding Reserve items and other materials checked out from individual areas. Maximum fine of $5.00 per book. $3.00 of the replacement cost covers necessary processing and is non-refundable or creditable when library materials have been overdue 20 days. Upon returning the item, the replacement cost is added to the accrued fines.

Requests should have the approval of the head of the department whose library funds are to be used. Information such as address of publisher, cost, and beginning date of publication as well as publisher's announcement must be included to prove helpful. If the book desired is listed in an out-of-print dealer's catalog, attach the request to the catalog. If desired, the catalog will be returned.

Library and remaining fines and fees must be paid at the University Cashier's Office. Lost book returns must be made to the University Cashier's Office. Board of Regents policy requires that all fees, fines and delinquent accounts be paid before a student can register for the next quarter, graduate, or be sent a transcript of credits.

To return a book when borrowed entails replacement fees of $1.25 and $.75 respectively. Photocopying.

(c) Book Recalls. Books missing or checked out may be requested on a form available at the Circulation Desk. Searches will be made and/or notices sent to current borrower.

(d) Fines. The Board of Regents has adopted uniform library fines for all libraries in the State University System. Overdue library materials accrue fines at the rate of 25¢ per item per day, excluding Reserve items and other materials checked out from individual areas.

(e) Lost Books. It is advisable to report the loss of a book immediately. If it has been lost, it must be paid for and reporting it may save some fine money. When library materials have been overdue 20 days the replacement cost is added to the accrued maximum fine of $5.00 per book. $3.00 of the replacement cost covers necessary processing and is non-refundable or creditable after being assessed. When materials are returned in a damaged condition, a repair cost is determined and if irreparable, a replacement cost.

(f) Card Charges. The loss or mutilation of a Master Book Card and/or a Transaction Card (which are considered to be parts of a book when borrowed) entails replacement fees of $1.25 and $0.75 respectively.

(g) To Clear Unpaid Accounts. Students are to clear all accounts at the Library weekdays 8 a.m.-5 p.m. At the end of each quarter, uncleared accounts are reported to the University Cashier’s Office. (After this, lost book returns must be made to the Library and remaining fines and fees must be paid at the University Cashier’s Office.) Board of Regents policy requires that all fees, fines and delinquent accounts be paid before a student can register for the next quarter, graduate, or be sent a transcript of credits.

(4) Collection Development.

(a) Purpose. The principle guiding the development of the Strozier Library collection is support of the academic and research programs and the basic program of studies.

(b) Nature. The nature of the accumulation of information dictates that books, periodicals, serial publications, including government documents, and non-book materials are considered, acquired if appropriate, and made available to the University community.

(c) Method. The faculty and students are encouraged to communicate their academic needs, to suggest important acquisitions, and to recommend ways of building a solid collection to support present and future academic programs of instruction and research.

To this end, faculty are consulted, and advertisements and catalogs are forwarded for their consideration. Departmental budget allowances are made by the library to provide impetus for the faculty to recommend titles for purchase. Students may submit their suggestions to any of the librarians.

(5) Material Order Requests.

(a) Format. Order request forms printed in duplicate are available in the Acquisitions Department. These forms indicate the information to be supplied: author, title, publisher, date, price, edition, and number of copies. In order to expedite book orders faculty members are requested to comply with the following:

1. Use only the order request forms obtained from the Library. The duplicate copy may be kept as a departmental record of the order.
2. Type only one title on each form.
3. If possible, list the complete information in the appropriate spaces on the form. If there is other information which might prove helpful, attach as a memorandum or a note. If the book desired is listed in an out-of-print dealer’s catalog, attach the request form to the catalog. If desired, the catalog will be returned.
4. If the books ordered are to be placed on reserve, please give this information in an attached memorandum. Books ordered for reserve or other classroom use should be requested well in advance of the anticipated need.
5. Have each order request form signed by the head of the department or the authorized person in the department.
6. Send all order request forms to the Acquisitions Department.
7. If the request form is returned by the Head of Acquisitions, please note carefully the report given on the back of the card, particularly in the case of out-of-print books which require a longer period of time to obtain.

(b) Notification. When a book is ready for use, a notification slip showing the correct card catalog entry and call number is sent to the faculty member who requested it.

(c) Research Items. Funds for research items are not necessarily included in the departmental allocation but may be available as the need arises and as the materials are located. Such requests should be sent to the Director of Libraries or the Head, Acquisitions Department.

(d) Serial Requests. Faculty members may submit requests for current serial subscriptions to Head, Serials Department or to Head, Acquisitions. These requests may be made on regular order forms or by memoranda, and should indicate whether a current subscription or back issues are desired. When a faculty member requests a new serial title, it is helpful to include all available information such as address of publisher, cost, and beginning date of publication as well as publisher’s announcement. These requests should have the approval of the head of the department whose library funds are to be used.

(6) Photocopying.
(a) Method of billing. State agencies, legislative offices, governmental agencies, or libraries may copy library materials following either of two procedures:

1. A person from the requesting office may locate and copy the material, pay in cash ($0.05 per exposure) or supply the name and budget number of the office to which it is to be charged. The Library will bill later. There is a minimum charge of $1.00.

2. The request, stated as completely as possible, can be sent by mail to: Photoduplication Service, Strozier Library, FSU. The work is done by a student assistant, and the request will be filled and mailed. The charge is $0.05 per exposure with a minimum of $1.00. Invoices are prepaid on FSU form FS 108.

(b) Special Contracts and Grants. Charges for Academic departments and Contracts and Grants on campus may be made by I.D. Transfer according to Form GP 16, FSU.

1. Verify the fact that funds are available in the particular budgets involved.

2. The total for each budget is calculated at $0.05 per exposure with a $1.00 minimum charge.

3. These I.D. transfers must be in the Accounting Division by the fifth working day of the month in order for the transfer to take place in that month.

(7) Locating Materials. The Circulation Printout is a listing by call number of library materials charged out to students, faculty and staff; of library materials at the bindery, on reserve, on search or ready reference and all materials in storage. Computer copies of the printout are located at the Circulation Desk. Copies of each subject division only are located at the Humanities, Science-Technology, and Social Sciences Divisions desks.

(8) Storage. The Library maintains storage space in the stack area of the old library building, now called Dodd Hall, and other areas. These materials may be requested from the division reference desk in the division where they would be shelved by call number if located in Strozier. Requested storage items are brought to the Library daily, Monday through Friday. Some materials are stored in the sub-basement of the Library. These too may be requested at the division reference desks.

(9) Schedule of Hours. The Schedule of Library Hours is determined by the Library Administration with the advice of the University Library Committee and varies according to the University Academic Schedule and is subject to adjustment depending on available funds.

(10) Newspapers.

(a) General. The Library receives a number of newspapers including local, national and foreign. Each divisional catalog lists the newspapers in that particular division. The Library does not have sufficient funds to acquire every home town newspaper.

(b) Holdings. Most newspapers are received by mail and are, therefore, one (1) day to one (1) week late in appearing on the library shelves. These newspapers are kept on file for a week or month only. Permanent files of newspapers, including a complete file of the New York Times, are on microfilm in the Micromaterials Center, and entries for these may be found in the main card catalog.

(11) Circulation of Periodicals. Bound periodicals may circulate to faculty for a limited time. These are charged out from the division in which the periodical is located. Unbound periodicals may not circulate out of the building at any time. To protect and retain single issues of a periodical, it is necessary to have them bound into volumes as soon as possible. During the binding process, they are not available for use.

(12) Reserve Books. Most materials placed on reserve by the faculty for the use of their students are located at the Reserve Desk. Personal copies of the faculty do not circulate out of the building at any time. Some reserves can circulate overnight after 9 p.m. Sunday through Friday. These are due by 9:30 a.m. the following morning. On Saturday, reserves may be charged out at 3 p.m. and are due by 3:30 p.m. Sunday. A fine of $.25 per hour or fraction of an hour is charged for overdue reserve materials.

(13) Locked Boxes.

(a) General. The locked boxes are subject to periodic checks by the Administrative Office. The boxes are not storage spaces for food or drink. Any Library materials locked in a box must be properly charged. Uncharged materials will be removed. Flagrant violation, especially as concerns Reserve and Reference books, will result in the privilege of the use of the box being revoked.

(b) Keys. Locked boxes, when available, are assigned for three (3) quarters to graduate students upon application and deposit of $2.00 for a key. The deposit will be refunded when the key is returned at the end of the assigned time. The return of the key is more important to us than money.

(c) Liability. The Library is not responsible for personal property left in boxes.

(14) Faculty Borrowing. Books are charged to faculty for a minimum period of three (3) weeks with automatic renewal during the September-June academic year. All books checked out during the summer session must be returned at the end of the session. (There are many temporary summer personnel and it is often difficult to retrieve books from persons who have terminated.) If there is a request for a borrowed book which has been out for more than four (4) weeks, it shall be returned within one (1) week from the date the notice is sent. If the book is not returned within the week, the printed notice will be followed by a telephone call to the faculty member’s office. If the faculty member is out of town, the departmental secretary will be asked to search for the book and return it if found. If not found at that time, the book must be returned promptly once the faculty member has returned to campus. If the borrower has been off campus for the preceding week, one (1) more week of grace will be given before the fine begins to accrue. If the book is not returned, a fine of $.25 per day will be assessed. (Maximum fine is $5.00.) Fines not paid at the end of the current quarter will be referred to the Business Office. If a book has not been returned for 5 quarters, it will be referred to the Business Office for collection. The bill will include book cost, processing cost of $3.00, and the maximum fine of $5.00.

(a) General. The Warren D. Allen Music Library is located in the basement of Longmire Building, just west of the Music Building. Its collection includes scores, recordings, tape recordings of some of the programs given at the University, microfilms and microcards of music, a few basic reference books, and reserve materials for the courses in the School of Music. The researcher is advised to check the Music Library Catalog for materials of this kind. Listening equipment with earphones is available as are limited facilities for group listening, microfilm study, and score reading at a piano.

(b) Schedule. The schedule of the Music Library Hours is determined by the Library Administration with the advice of the Music Librarian and varies according to the University Academic Schedule and is subject to adjustment depending on available funds.

(c) To Borrow. The borrower must present his punched University I.D. card bearing the current validation stamp. Materials are charged for a maximum period of three (3) weeks and may be renewed provided there is no request by another borrower. The Music Library will renew an item only when the item is brought in to be restamped. If another borrower has left a request for the book, a notice will be sent. All materials must be shown at the Music Library exit before leaving. This is done to make certain that the books have been properly charged. The loan varies for particular kinds of music material and according to whether material is sought by a student, teaching assistant, or professor. It is necessary to consult the Circulation Guide as posted in the Music Library.

(d) To Return. Returned items are to be placed in the drop box at the Main Circulation Desk during the hours the Music Library is open. Book receipts are given if requested. Inquire about this procedure. Carelessly leaving books anywhere else in the library may result in an overdue fine. Books may be returned by using the outside drop box located outside the entrance to the Music Library during the hours the library is closed. Strozier Library materials must be returned to Strozier Library and Music Library materials must be returned to the Music Library. Scores with component parts must be returned with all parts present. The score is not considered returned until all parts are in.

(e) Score and Book Recalls. Books missing or checked out may be requested on a form available at the Circulation Desk. Searches will be made and/or notices sent to the current borrower.

(f) Fines. The Board of Regents has adopted uniform library fines for all libraries in the State University System. Overdue library materials accrue fines at the rate of $.25 per item per day, excluding Reserve items and other materials checked out from individual areas. Some Reserves can circulate overnight after 9:00 p.m. on Friday and Saturday. These are due by 10:00 a.m. the following morning or before the end of the first hour that the library is open on the following day. A fine of $.25 per hour or fraction of an hour is charged for overdue reserve materials.

(g) Returns. The borrower should return books promptly. The Music Library posts a weekly overdue list on the date of the stamped due date. The Music Library is not responsible for any omissions on this list.

(16) Library Science Library.

(a) General. The Library Science Library is a department of Strozier Library and houses materials pertaining to the subjects of libraries, librarians, and library science which are received by Strozier Library. Books and other materials in this collection are organized, maintained, and circulated to serve the faculty and students of the School of Library Science; however, these materials are available to the total population of the University. The Library Science Library is located in the basement of Strozier Library and can be approached by the west entrance opposite the Bellamy Building.

(b) Policies. Policies for the Library Science Library are determined by the Library Administration with the advice of the Library Science Librarian. The schedule of hours varies according to the University Academic Schedule and is subject to adjustment depending on available funds.

(c) Restrictions. Resources which may circulate from this division must be checked out and returned at the circulation desk in the division. Reference materials do not circulate and other materials may be limited in loan period or treated as reserve materials.

(d) Sub-collections. The collection is divided into 5 sub-collections.

1. The Reference Collection: a comprehensive collection of reference tools necessary for the study of library science plus samples of reference tools necessary for the study of other disciplines.

2. The Professional Collection, designated as the “L” Collection: a comprehensive collection of materials important to the study of library science.

3. The Adult Collection: a laboratory collection of books and non-print materials that support courses offered by the School of Library Science.

4. The Children’s and Young Adults’ Collection: a laboratory collection of books and non-print materials that support courses offered by the School of Library Science.

5. The Easy Collection: a laboratory collection of picture books, pre-school books, and non-print materials that support courses offered by the School of Library Science.

(e) Reserve. In addition to the five sub-collections, a “Reserve” collection is maintained. Materials are placed on reserve by the faculty of the School of Library Science to be used by students in their courses. This collection varies from quarter to quarter, depending on the courses offered and the readings assigned.

(f) Use. Because of their purpose, the limited size of these collections, and the heavy demands made on them by courses requiring the materials, they cannot be used to support intern teaching, for tutoring purposes, or for leisure or instructional reading by children. Every effort will be made to accommodate other disciplines that offer courses requiring the use of these materials. When the need arises, the professor teaching the courses that require the materials must consult the Library Science librarian for satisfactory arrangements.
1. The Reference Collection: may be used by faculty and students of the University;
2. The Professional (“L”) Collection: primary uses for faculty and students in the School of Library Science. Faculty and students from other disciplines may use materials in this collection if the items desired are not currently needed by Library Science students;
3. The Adult Collection: may be used only by faculty and students in the Library Science courses that require their use;
4. The Children’s and Young Adults’ Collection; and
5. The Easy Collection: both these collections may be used only by faculty and students in the Library Science courses that require their use.

(g) Circulation. The length of the circulation period varies in the sub-collections:
1. Reference Collection: does not circulate.
2. Professional (“L”) Collection: circulates for two (2) weeks.
3. Adult Collection: circulates for two (2) weeks.
4. Children’s and Young Adults’ Collection: circulates for one (1) week.
5. Easy Collection: circulates overnight only, after 9:00 p.m.; books are due one hour after the library opens the next day.
6. Reserve Books: circulate for two (2) hours during the day for use in the Library Science Library. At 9:00 p.m. they may be circulated overnight, due one (1) hour after the library opens the next day.
7. The collection contains a sampling of non-print materials. Records and audiotapes circulate for one (1) week. All other non-print materials (films, filmstrips, loop films, study prints, microfilm, media kits, slides, transparencies, etc.) do not circulate; they must be used in the School of Library Science.

(h) A-V Lab. The A-V Lab is a part of the School of Library Science. It is supervised by the Library Science librarian and staffed by graduate assistants working for the Library Science Library. Use of equipment in the lab is limited to School of Library Science faculty and students.

(17) Conference Rooms. There are no conference rooms available for the use of students and faculty.

(18) Special Permits. Special Permits to use the FSU Library are issued with the understanding that the resources of the Library are to be used only for serious research or as the duties of a state employee may require the borrowing of materials. Permits are not transferable. Only books which normally circulate may be checked out by holders of Special Permits. Interlibrary loan privileges are not available to holders of special permits. Regulations are the same as for students with fines accruing at the rate of $.25 per item per day for overdue books.

(19) Typing Facilities. Typing facilities are available in the Listening/Viewing, Humanities, Social Sciences, and Science-Technology divisions. Typing costs are assessed only to cover costs of maintenance and repair. Personal typewriters may be used in the designated rooms if space permits.

(20) Tours and Lectures. Arrangements can be made with the Orientation and Instruction Librarian for tours, both general and special. Requests for this service should be made at least a week in advance of the scheduled class time. During Orientation Week scheduled tours are available for Freshmen and other new students. Special tours for new faculty members are arranged at the beginning of Quarter I.

(21) Telephones. Public telephones are located in the basement lobby of the annex just outside the Micromaterials area. Telephones in library offices are for library business only.

(22) Study Atmosphere. The library is intended to be a reasonably quiet place for study and anyone causing a disturbance will be asked to leave. If deemed necessary the incident will be reported to Campus Security for further action.

(23) Staff Lounge. The lounge is located on the third floor in order to provide a convenient place for staff to eat lunch and for coffee breaks. Because of the quantities of paper in the building, no foodstuffs are permitted outside the lounge. Cash purchases are not permitted. Tickets for coffee may be purchased by faculty members at the reference desk in the Documents-Map Division. Since the room is small and a number of people are grateful for its existence, it should not be used for conferences.

(24) Gifts. The Library welcomes gifts of books and periodicals with the understanding that such materials become the property of the Library to use as it deems advisable. Gifts may be contributed through the Gifts and Exchanges Librarian and will be accepted at any public desk, in the Administrative Office, or in the Gifts and Exchange Office.

(25) Exhibits. Displays of library materials illustrating subjects of current or general interest are located in the entrance lobby and throughout the building. Only exhibits prepared by members of the staff are placed in the exhibit cases.

(26) Duplicating Services. Coin operated copying machines are located in the annex on all floors of the Library. The Micromaterials Center has facilities for making reproductions of library materials at a reasonable cost.

(27) Pamphlets. The pamphlets available in the Library do not appear in the card catalogs. They are assigned broad subject headings and are filed by these headings in steel filing cabinets called vertical files. Each division of the Library has a vertical file of pamphlet materials. Usually vertical file materials may circulate for a short period of time determined by the Division Librarian and is checked out from the reference desk in the division.

(28) Smoking. Smoking is permitted in the building only in areas designated as smoking lounges. Smoking is not permitted in the elevators, inner lobbies, halls, rest rooms, typing rooms, or reading areas.

(29) Dissertations and Theses.
(a) Loan. Copy one (archival copy) is deposited in the University Archives and does not circulate. Copy two is put into the circulating collection and is subject to the same use policies as the other circulating books.

(b) Copying. Theses and dissertations may not be photocopied without the permission of the author. It is the responsibility of the person desiring such copies to obtain permission from the author.

(30) Special Collections Division.

(a) General. The Special Collections Division is the location of collections of library materials of special types of interest. It includes the Florida Collection — books, periodicals, pamphlets, clippings about Florida and by Floridians; Archives — any official publication of the Florida State University, including any and all of the divisions; Rare books, including incunabula; Manuscript collections and historical papers and records; Photographic Archives — pictures of Florida events, people and places; Specialized collections, including the McGregor Collection of early Americana, the Shaw Collection of Poetry, the Lois Lenski Collection, the Louis Shores Reference and Information Collection, the Justice Glenn Terrell Collection, the Louise Richardson Collection.

(b) Arrangement. Florida books and periodicals, and the Shaw Collection of Poetry, although non-circulating, are on open shelves in the Florida Room and the Shaw Collection Room respectively, except for those items which are considered by the staff to need added security because of being irrereplaceable, or because of heavy use, fragility, size, etc. All other materials in the Division are located within “staff only” designated partitioned areas and are available only on request.

(c) Servicing Materials.

1. Like other divisions of the library, the Special Collections Division exists to help students, staff, faculty, and researchers who need materials or information, especially that within the subjects covered in the area. When its resources are exhausted, users are referred to other divisions, or when the patron can be better served by another division, he is referred to that division. Service in this division, as elsewhere in the library, includes giving help and information by mail and by telephone and as completely as possible.

2. Services are available only during the hours posted at the entrance of the area.

3. Materials in Special Collections do not circulate, but must be used in the Special Collections areas except for purposes of reproduction as outlined below.

4. Unless too fragile, Florida materials are allowed out of the area for xeroxing one copy for study, after the patron has furnished proper valid identification and filled out a xerox request form.

5. Rare books, manuscripts, and specialized collections are available to qualified researchers in the area only after the patron has presented proper valid identification and filled out a request form.

6. The use of fragile or unusually valuable materials may be limited, and the library staff may refuse access to an individual who has demonstrated such carelessness or deliberate destructiveness as to endanger the safety of the materials, or has otherwise failed to abide by the library’s regulations.

7. Rare, manuscript, and archival materials may be reproduced only if the condition of the originals will permit such reproduction and the originals have no gift, purchase, or legal restrictions on reproduction. Requests for such reproduction must be made in writing, and approval will be made at the discretion of the department head or approved representative.

8. Criteria established by the Association of College and Research Libraries in January, 1974, and adopted by the Association of Research Libraries in May, 1975, on access to manuscripts and rare books and on reproduction of manuscripts and archives for non-commercial purposes are applied.

(d) Gifts.

1. Gifts of published materials which ultimately become a part of the Special Collections are received through Gifts and Exchange and are processed through regular cataloging channels.

2. Gifts of manuscript materials, pictures, pamphlets, etc. which are not to be cataloged, are received directly in the Special Collections area and are given appropriate processing.

(31) Interlibrary Loan.

(a) General. Interlibrary Loan services at Florida State University are open for serious research of its faculty members and students only. (Undergraduates may borrow from Florida libraries but not from out-of-state libraries.) Interlibrary Loan service supplements FSU Library’s collection. Please ask area librarians for assistance in making sure that materials are not available in the FSU Library before submitting a request to Interlibrary Loan.

(b) Requests. Complete information for every request must be filled out on a request card supplied by Interlibrary Loan. The information on the request card should be typed or handprinted. Do not use abbreviations. Telephone requests are not accepted.

1. Limit requests per person to five (5) active requests, excluding photoduplication requests.

2. Use one (1) request card per item. Multiple articles from the same periodical must be treated as separate requests.

3. Patrons should not ordinarily ask to borrow the following types of materials:

   a. Fiction.
   b. Inexpensive items currently purchasable in the United States.
   c. Standard reference works.
   d. Current issues of periodicals.
   e. Material for which there is likely to be a recurring demand.
   f. Material for class use.
4. Allow an average of 20 days or more for the arrival of material requested. Most materials (except xeroxes) are shipped by the lending libraries via fourth class mail.

5. The Library and the borrowers share mailing expenses on the items requested. Each borrower pays the return postage of a borrowed item which varies from 20 cents to 50 cents or more, depending on the weight of the material borrowed.

6. Since most libraries do not lend periodicals but prefer to send a photocopy of an article, the requestor must pay for the photocopy furnished. The maximum cost a requestor is willing to pay should be indicated on the article request as one library may charge a higher rate than another.

7. Any materials ordered must be paid for within that quarter as outstanding bills will be submitted to the bursar’s office.

8. Every borrower must strictly observe all regulations imposed by the lending library. These regulations usually specify the due dates, the restriction of the use of fragile, rare or old materials to the “Library Use Only” classification, or the restriction may indicate that no photocopying be made from the item borrowed.

9. All borrowed material must be returned to the Interlibrary Loan Office on or before the due date.

(32) Studies and Carrels.

(a) General. The Library has a limited number of studies and carrels designed to bring the research worker closer to the books, periodicals and other materials he is using. Application forms for faculty studies are available in the Library Administrative Office. Carrels are assigned only to doctoral candidates who are working on their dissertation at FSU and are limited to three (3) consecutive quarters. Application forms for carrels are available at each of the reference desks on the second and third floors where the carrels are located. Application should be made well in advance of need.

(b) Faculty Studies. Faculty studies are assigned “first come, first served”. Two people are assigned to the larger studies. One person is assigned to the smaller ones unless two (2) ask to use one together. Because the demand for studies exceeds by far the number of studies available, in fairness to all concerned, assignments will be limited to three (3) quarters and no renewals unless there is no waiting list or no demand for studies; renewals will then be considered. A person who fails to make reasonable use of his study will be asked to give it up. Faculty studies may not be used as offices or conference rooms.

(c) Key Deposit. A key deposit is required on study keys which will be refunded when key is returned. Keys are picked up in the Library office. The person to whom the key is given is responsible for the key at all times and for its prompt return to the Library office when the assignment terminates. The key must not be passed on to others. Graduate assistants are not to use the studies.

(d) Other. Regulations for users of studies and carrels are posted in each study and include but are not limited to the following:
1. No typing in carrels or studies.
2. No smoking in carrels or studies.
3. No food or drinks are to be consumed in carrels or studies.
4. Carrels or studies must not be used for office or conference rooms.
5. Paging service from telephones is not provided nor are numbers of faculty studies given out.
6. Only individuals assigned to carrels are permitted to use them.
7. Library materials left in carrels must be properly charged as follows:
   a. Books which circulate are to be charged from the Circulation Desk and returned there.
   b. Books which do not circulate may be charged from the appropriate division desk upon approval of the division Librarian and returned there.
   c. Vertical file materials and pictures are to be charged from the appropriate division desk and returned to that desk.
   d. Government documents are to be charged from the Documents Division desk and returned to that desk.
   e. Reserve books, reference books, periodicals, and certain government documents may not be charged to carrels.
   f. Carrels will be checked periodically and any materials not properly charged will be removed.

(33) Reserves of Printed Materials.

(a) General. The Reserve Area processes and maintains library books, personal books and xeroxed or original articles in folders requested by faculty for reserve.

(b) Arrangement.
1. All materials are in closed stacks in the Listening/Viewing/Reserve Area and are checked out by the reserve staff members and student assistants. Books are kept on shelves in alphabetical order by the author’s name. Other materials are arranged in pamphlet boxes alphabetically by the instructor’s name.
2. All materials circulate for two-hour periods during regular library hours. No material will circulate out of the library during the day during this two-hour period. Material circulates out of the library only after 9:00 p.m. Personal materials (those without library stamp) are restricted to building use.

(c) Limitations. Because of extremely heavy use of reserve facilities as well as space and staffing factors, the following limits are upheld:
1. No more than 20 book titles per course per instructor.
2. No more than 10 packages of xeroxed materials per course per instructor will be housed at the reserve desk at one time. No more than three (3) copies of each package will be accepted, except in cases where there are more than 100 students using the material.
3. No bound periodicals or other non-circulating library materials will be placed on reserve.
4. No sample tests, exams, term papers or other student papers will be placed on reserve.
5. Staff may refuse to accept any material considered to be too bulky to be housed in the present arrangement.
6. All reserve business should be conducted Monday – Friday, 8:00 a.m. to 5:00 p.m.
7. When a course is not being taught the following quarter (according to the schedule of classes) the books for that course will automatically be released.

(d) Packaging of Materials Other Than Books.
1. Xeroxed materials and articles must be secured in a folder or binder to protect them from wear and tear during the quarter and also to provide a place for appropriate identification. Folders with pockets are good for small, loose items such as newspaper clippings and pamphlets.
2. When several articles are placed on reserve, they are to be combined into packages, if possible, rather than having each in an individual folder.

(e) The Following Information Must Be Provided:
1. Instructor’s name and phone number.
2. Department and course and prefix and number.
3. Number of students in course.
4. Quarters needed.
5. Call number, author and title of each book.
6. Author, if any, and title of each personal book and/or article, and number of copies of each.

(f) Access to Materials. A looseleaf catalog containing a copy of each reserve list is provided to assist students in identifying the materials they need. This is arranged alphabetically by the course prefix and number. Students should request the materials as they are listed in the catalog.

(g) Services Offered by the Reserve Staff:
1. Checking materials in and out to users.
2. Searching for and calling in library books requested for reserve.
3. Receiving and processing books and other personal materials.
4. Preparation and updating of looseleaf catalog for users.
5. Recording frequency of use of materials, when requested.
6. Assisting students and faculty in using facilities.

(h) Priorities of processing. Faculty members should submit reserve lists at least three (3) weeks before the materials are needed. Because of the rush at the beginning of every quarter, some priorities have been established. Books are processed in order of receipt, but those lists submitted with incomplete information take longer than those providing complete information. Bringing the books with the list speeds up the processing.

(34) FSU Search, Science-Technology Division.

(a) General. FSU Search is a service that provides online computer bibliographies of published literature and work in progress in the areas of science, technology and the social sciences. The service is available to anyone in the vicinity of Leon County, Fla. The use of Geo-Ref and Sci Search is restricted to those affiliated with Florida State University. Users should be prepared to give a detailed description of a clearly defined search topic. In addition, at least one citation to a periodical article published within the last three (3) years is helpful. For best results, the requester should submit his request in person.

(b) Schedule. The service is available Monday through Friday, 8-5, holidays excluded. Medline services are also available at the FAMU, School of Pharmacy Library.

(c) Data Bases. The files available for search include agriculture, business, cancer, chemistry, computers, dentistry, education, electronics, engineering, exceptional children, food and nutrition, geo sciences, government research and development, life sciences, management, medicine, nursing, physics, psychology, science, social sciences, and vocational and technical education.

(d) Search Results. The search result is a bibliography of retrieved documents. The output formally includes the author, title and source of the citation. Abstracts are available for some databases, a brief listing is printed on-line and a more exclusive bibliography is printed off-line and arrives within ten days.

(e) Document Delivery. FSU Search does not provide the text of the documents. If the items are not available locally they may be borrowed via Interlibrary Loans. Contact the librarian of the institution with which you are affiliated or your local public library. The FSU Library does not have a copy of every item listed in the bibliography.

(f) Types of Searches Available. Current awareness searches keep the user up-to-date on the current literature. Current awareness searches are run when the update files become available. Retrospective searches include literature from several years. The extent of the collection varies and some files cover a ten year period.

(g) Length of Search. Normally, the search is processed when submitted. Most searches are completed in a few minutes.

(h) Cost. The charge for this service varies depending upon the data base searched, amount of computer time used, and the number of citations requested. The total charge for a search is based on its complexity and is in most cases unrelated to the number of references retrieved. For details consult the price list available in Science-Technology Division. An average search uses at least ten (10) minutes of computer time.
(i) Payment. Payment may be made by cash, check or charged to the agency or department. If charged to a department, an FSU budget number, state agency or other institution, the search request must be accompanied by a letter of authorization from the person responsible for the financial aspects of that budget. If several searches are to be run, a blanket authorization is necessary. Purchase orders must accompany requests to be charged to FAMU budgets.

(35) Library Materials Theft and Destruction Policy. No person shall willfully remove from the library material which has not been properly charged out, or shall willfully injure, damage, mutilate, deface or destroy library materials.

(a) Incidents of theft or destruction of library materials shall be reported to the University Police who may refer the matter to the State Attorney for prosecution pursuant to Section 812.014, F.S. – Theft or Section 806.13, F.S. – Criminal Mischief, or any other appropriate statute, and the following authorities, where appropriate.

1. Judicial Affairs, if the individual is a student at Florida State University, Florida A & M University, or Tallahassee Community College.
2. Director of Personnel Relations, Florida State University, if career service personnel or administrative and professional staff.
3. Dean of Faculties, if faculty member.
(b) A Florida State University student who is judged guilty, or who waives his/her right to a hearing by electing summary adjudication by the University judicial officer under the Student Conduct Code, for a violation of this provision shall be suspended for at least one semester.
(c) A career service or administrative and professional employee who is found to have violated this provision shall be subject to appropriate disciplinary provisions contained in Chapter 6C-5, F.A.C.
(d) A faculty member who is found to have violated this provision shall be subject to appropriate disciplinary provisions contained in Chapter 6C-5, F.A.C.
(e) The officer investigating the incident shall submit a copy of his/her report of the action to the library administration.

Specific Authority 240.227(1), 240.261(1), 240.268(2) FS. Law Implemented 240.227(1), (13), 240.261(1), 806.13, 812.014 FS. History–New 9-30-75, Amended 4-7-83, Formerly 6C2-6.08. Cf. F.S.U. Disciplinary Guidelines; 6C2-4.052(7)(f), (g), (o) and (hh), 6C2-4.059(4) F.A.C.

6C2-6.009 Inventions and Patents.

(1) Basic Objectives.
(a) To serve the public interest by insuring that inventions which have the potential for the betterment of society are developed to the point of maximum utilization and prompt availability to the public.
(b) To encourage the creation of inventions by giving adequate recognition and incentive to inventors. In sharing the proceeds of inventions with inventors, the university recognizes inventorship and acknowledges the sizable amount of time and effort necessary to adequately disclose the invention, participate in its evaluation, assist attorneys involved in filing patent applications, and alert potential licensees.
(c) To encourage and support research within the university by returning a portion of the proceeds of an invention to support selected research programs and the patent program.
(d) To recognize the equity of any outside sponsor of research within the university by making reasonable and equitable provision for the granting of limited patent rights to the sponsor consistent with the objectives outlined above.

(2) Definitions.
(a) An “invention” includes any discovery, invention, process, composition of matter, article of manufacture, know-how, design, model, technological development, strain, variety, culture of any organism, or portion, modification, translation, or extension of these items, and any mark used in connection with these items.
(b) “University support” includes the use of university funds, personnel, facilities, equipment, materials, or technological information; and includes such support provided by other public or private organizations when it is arranged, administered, and/or controlled by the university.

(3) Rights in Inventions.
(a) An employee shall disclose all inventions which the employee may develop or discover while an employee of the university. With respect to inventions made during the course of approved outside employment, the employee may delay such disclosure, when necessary to protect the outside employer’s interests, until the decision has been made by the outside employer whether to seek a patent.
(b) All inventions made outside the field or discipline in which the employee is employed by the university and for which no university support has been used are the property of the employee, who has the right to determine the disposition of such work and revenue derived from such work. The employee and the President or representative may agree that the patent for such invention be pursued by the university and the proceeds shared.
(c) An invention which is made in the field or discipline in which the employee is employed by the university, or by using university support, is the property of the university and the employee shall share in the proceeds therefrom.
(d) While an employee may, in accordance with university rules, engage in outside employment pursuant to a consulting agreement, requirements that an employee waive the employee’s or university’s rights to any inventions which arise during the course of such outside employment must be approved by the Vice President for Research. An employee who proposes to engage in such outside employment shall furnish a copy of this patent policy to the outside employer prior to or at the time the consulting or any other agreement is signed, or if there is not a written agreement, before the employment begins.

(e) Students employed to work in research sponsored by outside agencies or otherwise funded with contract and grant funds, or who are using university support shall be governed by this rule.

(4) Reporting Procedures.

(a) The inventor shall report to the Vice President for Research the nature of the discovery or invention, together with an outline of the project and the conditions under which it was done. If the university wishes to assert its interest in the invention, the Vice President shall inform the inventor within 30 days. The Vice President shall conduct an investigation which shall assess the respective equities of the inventor and the university in the invention, and determine its importance and the extent to which the university should be involved in its protection, development and promotion. The Vice President shall inform the inventor of the university’s decision to apply for the patent within a reasonable time, not to exceed 135 days from the date of the disclosure to the Vice President.

(b) The division, between the university and the inventor, of proceeds generated by the licensing or assignment of patent rights or trade secrets, shall be reflected in a written contract between the university and the inventor which shall comply with the division of proceeds schedule contained in the policy on file in the office of the Vice President for Research. All such agreements shall comport with and satisfy any preexisting commitments to outside sponsoring agencies, but the inventor shall not commit any act which would tend to defeat the university’s interest in the matter, and the university shall take any necessary step to protect such interest.

(5) Release of Rights.

(a) At any stage of making the patent application, or in the commercial application of an invention, if it has not otherwise assigned to a third party the right to pursue its interests, the President or representative may withdraw. At the request of the inventor in such case, the university shall return the patent rights to the inventor, in which case the patent shall be the inventor’s property, and none of the costs incurred by the university or on its behalf shall be assessed against the inventor.

(b) All assignments or releases of inventions, including patent rights, by the President or representative to the inventor shall contain the provision that such invention, if patented by the inventor, shall be available royalty-free for governmental purposes of the State of Florida, unless otherwise agreed in writing by the university.

(6) Patent Committee. There shall be a Patent Committee appointed by the Vice President for Research. The committee shall, upon the request of the Vice President or his designee, advise whether the university should exert an interest in a particular invention, whether patent rights should be released to an inventor, and on any other matter relating to the exploitation of an invention. The committee shall also make recommendations on university patent policy and disputes arising under this rule.

6C2-6.0091 Ownership of Student-Produced Films: School of Motion Picture, Television and Recording Arts.

(1) Purpose and Intent: This rule establishes policy governing:

(a) The ultimate disposition of the student films;

(b) Promotion of the collective work of the School of Motion Picture, Television and Recording Arts (the “Film School”);

(c) Protection of the reputation of the School. It is also intended to recognize the equity and interest of the individual students involved in their use of these films as portfolio pieces in the advancement of their careers; and

(d) Graduate and Undergraduate programs.

(2) Ownership of student productions:

(a) Upon admission to the Film School or prior to the commencement of workshop exercises and filming, the University shall require all students to sign an acknowledgement of university ownership of all student productions. Each student enrolling in the Film School, thereby agrees to be governed by this rule and accepts all terms and conditions set out herein.

(b) The acknowledgement shall contain substantially the following wording:

“In consideration of admission to the School of Motion Picture, Television and Recording Arts and other good and valuable consideration, I hereby acknowledge that the Film School is the owner of all interests to which I may be entitled in any student production, including federal and state copyright interests. I hereby further agree to be governed by all terms and conditions of the Florida State University Film School as contained in Rule 6C2-6.0091, F.A.C.”

(3) Screenplays:

(a) Screenplays that are generated as “stand alone” products by students are the student’s individual property. They may be copyrighted in the student’s name and exploited commercially in whatever way the student wishes. However, the student will be responsible for all costs and liability associated with whatever use he or she makes of any student production.
(b) Screenplays that are submitted by the student for production either as exercises or as thesis films become the property of the university, if accepted, and if incorporated into such a film. The use of such a completed film, its screenplay and its other parts is governed by the policies set forth elsewhere in this rule.

(4) General Film and Video Works:
(a) This rule applies to student film and video products, regardless of state of completion.
(b) The Florida State University’s School of Motion Picture, Television and Recording Arts retains all rights to all student films and videos produced. In particular, the University is vested with exclusive rights and ownership to the copyright of all student works and with exclusive rights to exhibit, distribute and duplicate these films and videos and to enter into distribution or broadcast licensing arrangements, whether commercially or non-commercially.
(c) Subject to the conditions contained herein, the Film School will allow students to purchase prints of particular film and video productions on which they worked, the use of which is restricted exclusively to their inclusion in the students’ career portfolios. These prints and tapes shall not be exhibited, broadcast, distributed or duplicated in any fashion without explicit written permission from the Office of the Dean of the FSU School of Motion Picture, Television and Recording Arts.
(d) The availability of such portfolio prints for purchase is always subject to approval by the Film School. If, for example, the School’s faculty considers a particular student film too elementary or too poorly executed to represent properly in public the typical level of student achievement at the Film School, it may decline to make it available to the student filmmakers involved. In this regard, the Film School attempts to protect the reputation of both current and future students.
(e) Students who are allowed to purchase prints of their films and videos will agree to assume full responsibility and all liability for any screening of those films for potential employers and others outside FSU property.
(f) In the event any net revenues are derived from the commercial or non-commercial exhibition, distribution, broadcast or duplication of any particular student film or video, the principal student film or video makers involved in its production shall receive a royalty, the nature of which will be determined by the Dean or his designee or designees in consultation with the Office of the University Attorney. The payment of royalty to any student shall reflect general university royalty policies, as set out in the BOR/UFF Collective Bargaining Agreement, 1988-1991, Article 18; The Florida State University Faculty Handbook, Section 7; and Rule 6C2-6.009, F.A.C., which are incorporated by reference.

2. The principal film or video makers involved in the production of a film or video are the writer, the director (or writer/director), the producer/production manager, the cinematographer, the editor and the audio supervisor. Should a student musical director/composer and/or art director function on the production, they also will be considered part of the team of principal film and video makers.

(g) Any student films that are not completed within the deadlines that are set are also the permanent and exclusive property of the FSU Film School.

(5) Licenses, Contracts, Clearances, Waivers and Other Legal Agreements:
(a) The incorporation of certain elements into a student film, especially music, but also animation, art work, derivative story properties, and the use of certain types of real public or private property, may involve property that is protected by a variety of laws, including statutory copyright and common law. Students are responsible for securing appropriate legal releases for the use of such property and films; recognizing that releases may contain or be subject to constraints by law regarding their use. The faculty of the Film School will take such matters into consideration in deciding whether or not to make student film exercises and thesis films available for exhibition outside the university.
(b) The Film School will totally restrict the distribution of a student product when the appropriate releases have not been obtained for all materials used in the work.

(6) Film Festivals and Competitions:
(a) The FSU Film School reserves the exclusive right to enter its student films and tapes in festivals and competitions, whether regional, national or international. If students request, the Film School may also agree to enter student “stand alone” scripts in competitions. Alternatively, students may enter their own scripts.
(b) Any financial prizes for “stand alone” scripts done by students will go directly to the individual student(s) who wrote the script.
(c) Any financial prizes won by student films or tapes made at the Film School will be placed in a student development fund, the revenues of which will be used to support student productions, scholarships or other student benefits.
(d) Any certificates or statuettes of award received by student films will be displayed at the appropriate facilities, whether at Sarasota or Tallahassee.

(7) General Procedures:
(a) The FSU Film School will retain the motion picture negatives and/or video master tapes of all student films made as part of its programs. These will be used as needed to make prints or printing masters for either students or the School.
(b) Each of the Film School’s completed productions will bear a copyright notice in the name of The Florida State University. At the time of its release, broadcast, exhibition or duplication the copyright will be registered with the Copyright Office by the FSU Film School.
(c) Completed FSU Film School student productions will bear full credit titles in the position and order prescribed by the Film School.
(d) Any FSU Film School student productions that are released or exhibited will bear the FSU and Film School logo and name as the producing studio.

6C2-6.010 Florida Resources and Environmental Analysis Center (FREAC).
The Center is an all-University, multi-disciplinary research and development center. The major objectives of the Center program are research and analysis relating to the physical and cultural resources and the environmental quality of our nation and state. An associated goal is the educational preparation of qualified personnel to staff our society’s resource agencies. Administratively, the all-University Center is under the general supervision of the Provost of the Division of Graduate Studies and Research. Space for the Center has been provided by the Geography Department. The organization of the Center includes a director, an associated director, a full fiscal and secretarial staff, and research specialists in the areas of computer technology, cartography, statistical applications, remote sensing and a physical environments specialist. Research specialists are also readily available from other areas of the University such as education, business, communications as well as physical and social sciences. Only the director, the administrative staff and the five (5) research specialists mentioned above are assigned to the Center staff. The open nature of the Center encourages all members of the faculty to be considered as potential Center researchers. The director and his staff are available to help any professor develop, obtain and administer a research grant or contract. In every case, however, the principal investigator is in charge of, and responsible for, his project. The Center is to serve the researcher in any way that can help him be more efficient. The investigator maintains his own department as his research and academic base.

A major function of the Center is to increase communication between state agencies with research needs and research resources of the University. The Center’s function is to encourage and support research efficiency and to provide a mechanism for multi-disciplinary cooperation when available. Although the Center is vitally concerned with projects funded by the State of Florida, projects funded by the federal government and private agencies are actively sought. In no way, however, is independent resources research discouraged and internal support from the Center will be provided when available. The structure of the all-University Center is designed to provide as little interference to the researcher as possible and to allow the Center the flexibility essential to meeting the changing needs and opportunities of resource-oriented research and education.

Benefits to resource research efforts include:

1. Creation of a multi-disciplinary resources research program;
2. An increase in the number of qualified resource researchers;
3. Identification of resource scholars within the State University System; and
4. Dissemination of scientific information concerning resources and resource problems.

For the purpose of establishing priorities among state agency requests, a State Agency Priorities Committee has been established. This committee consists of one (1) representative each from the Department of Administration, Pollution Control and Natural Resources; the Trustees of the Internal Improvement Trust Fund; and the Governor’s Office. This committee meets only on those occasions when the agencies’ requests for research are more numerous than the Center can handle. The Provost of the Division of Graduate Studies and Research and a representative of the President’s Office are ex officio members and the Center Director chairs the Committee.

The Center Director also chairs an on-campus Advisory Committee consisting of two (2) representatives from each of the University divisions. These representatives are appointed by the division provosts. The function of this committee is to advise the Director in decisions concerning resource allocation or personnel. This committee also serves as an editorial board for the publication of Center technical papers and reports.

Decisions regarding faculty support from Center funds are the responsibility of the Director, with the advice of the all-University Advisory Committee and the consent of the Provost of the Division of Graduate Studies and Research. Awards from the Center for state-related research efforts are made only following the receipt of a statement, from a Florida State Agency head at the Division level or above, declaring that the suggested study is needed by his agency. This restriction does not apply to research projects funded through specific research proposals.

Graduate Assistant support decisions are the responsibility of the Director with the consent of the Provost of the Division of Graduate Studies and Research. These awards are in accordance with Center research interests and help to develop a multi-disciplinary group of students. Graduate student funding will also depend upon the agreement of the Chairman of the Department within which the student is majoring.

Specific Authority 240.227(1) FS. Law Implemented 240.241 FS. History–New 9-30-75, Formerly 6C2-6.10.

6C2-6.011 Eminent Scholars Program.

(1) SCOPE. This rule shall govern the administration and general management of the Eminent Scholars Program at the Florida State University. The purpose of the Eminent Scholars Program is to attract private financial support to state universities. The financial support will be used to enhance scholarly work through the attraction of eminent scholars to the University. This rule sets out the guidelines for the solicitation of funds, the establishment and allocation of the Chairs within the University, the selection of scholars to occupy the Chairs, and the assessment of the effectiveness of the program.
(2) MAINTENANCE AND ADMINISTRATION. The Florida State University Foundation shall have the responsibility for furthering, administering and maintaining the Eminent Scholars Program at Florida State University. The Foundation shall conduct fund raising activities as authorized by the Trust Fund for Major Gifts, Section 240.2605, F.S., and invest and manage Eminent Scholar Chair Funds under procedures recommended by the Foundation Investment Committee and approved by the Foundation Board of Trustees.

(3) ESTABLISHMENT OF CHAIRS. An Eminent Scholar Chair shall be established when the Foundation has raised contributions from private sources and the Board of Regents has released matching funds from the Trust Fund for Major Gifts for the Eminent Scholars Chair in amounts specified in Section 240.2605(3)(b), F.S. The Eminent Scholar Chair shall be established pursuant to the provisions of Rule 6C-9.019, F.A.C.

(4) ALLOCATION OF CHAIRS. Donor intent shall determine the allocation of gifts received in support of the Eminent Scholars Program. All Funds will remain in the designated School, College, or Department regardless of whether full funding of a Chair is attained. When full funding of a Chair is not attained, the final determination of the use of the funds which has been raised for the Chair will be made by the Dean of the School, College, or Department in consultation with the donor and the Florida State University Foundation.

(5) SELECTION OF SCHOLARS. After each Chair has been established, the President of Florida State University shall appoint a Selection Committee to implement the process for selecting the holder of the Chair.

The composition of the Committee and its duties are as follows:

(a) Composition of the Selection Committee. A majority of the Committee shall be faculty members.

(b) Criteria for selection of Chair Holder. The first duty of the Selection Committee for each Chair shall be to recommend to the President of Florida State University those criteria to be used in the selection of the holder of the Chair. After the President has approved the criteria, the Committee shall apply them in the selection process.

(c) Search for Candidates.

1. The Selection Committee shall conduct a search for candidates to fill the Chair under the rules governing faculty selection as set out in paragraph 6C2-1.004(6)(a) and Rule 6C2-4.027, F.A.C., which are incorporated herein by reference.

2. The Selection Committee shall recommend to the President of Florida State University for his approval one or more eligible candidates, as directed by the President, to fill the Chair. The Committee shall provide to the President written documentation on the extent to which the individual chosen to occupy the Chair meets the selection criteria established for the Chair.

3. The President shall select the candidate to be offered the Chair and shall make the written offer to the candidate.

4. If a candidate is not selected by the President or if the approved candidate does not accept the Chair, the selection process shall be repeated.

(6) EVALUATION PROCEDURE. After a Chair has been filled, the Selection Committee shall provide the President with a set of measures to be used in evaluating the success of the Chair in achieving the goals implied in the selection criteria for that Chair and the purpose of the Eminent Scholars Program.

(7) CHAIR OPERATION.

(a) There are restrictions within the Board of Regents Rule 6C-9.019, F.A.C., related to budget items which are either acceptable or unacceptable in the operation of an Eminent Scholar Chair. The resources generated by the endowment fund may be used for salaries of the Chair holder, secretarial staff and research assistants; fixed capital outlay, and other expenses associated with the Chair holder’s scholarly work such as computer time and supplies.

(b) Invasion of principal is strictly prohibited and Eminent Scholar Chair budgets are developed based upon annual projected investment income. Budget preparation and budget monitoring are cooperative functions of the Dean of the School or College in which the Chair is located, the Chair holder and the Foundation. Additionally, the University President has appointed a standing committee comprised of the Dean of the Faculties, the Director of Budget and Analysis and the President of the Florida State University Foundation, Chaired by the President of the Foundation, to review expenditures from Eminent Scholar Chair investment income periodically.

(c) Investment income is maintained in a separate Foundation fund designated for Eminent Scholar Chair operations. Expenditures in support of an established Eminent Scholar Chair are made directly by the Foundation, except in those instances where the interests of the Chair can be better served by placing investment income in a University Contracts and Grants account. Signature authority for expenditures from the Investment Income Funds rests with the Dean of the School or College or designee.

(d) In accordance with the State University System of Florida Standard Practice 00-0000-5-03-1, effective 4/20/95, which is incorporated herein by reference, the Foundation shall include information concerning collection and investment of Eminent Scholars Funds in its annual audited financial statements which are presented to the Board of Regents. The Eminent Scholar Chair funds shall be audited individually, and separate financial statements shall be prepared for each as part of the Foundation’s annual financial audit.

6C2-6.012 Alcohol Policy.
The University alcohol policy shall be that as stated in The Florida State University Alcohol Policy revised July 19, 1996 which is hereby adopted by reference.

Specific Authority 240.227(1) FS. Law Implemented 240.261 FS. History–New 2-10-93, Amended 12-28-97.

6C2-6.013 Sexual Harassment Policy.

(1) The Florida State Sexual Harassment Policy (7/1/1998) is adopted by reference as a rule of the university.

(2) The complaint form referenced in paragraph (9)(b) of the Florida State Sexual Harassment Policy (7/98) is Sexual Harassment Complaint Form-7/98, which is adopted by reference.

(3) “Corrective action” as used in paragraphs (5)(a) and (12) of the policy would be action that would be non-disciplinary on the part of the University. Such action could include conferring with the individual, asking the individual to leave campus, issuing a trespass warning, appropriate notice or warnings to students and staff or the individual allegedly engaging in the harassment, notification of persons and authorities outside the university and reassignment of students or staff.

(4) The applicable rules or policies for discipline referenced in paragraph (5)(a) and for notice as referenced in paragraph (12) of the policy are contained within Rules 6C2-4.070, 6C2-3.007, 6C2-3.004 and 6C2-3.045, F.A.C.

Specific Authority 240.227(1) FS. Law Implemented 240.132, 240.133, 240.261 FS. History–New 9-24-98.

6C3-2.031 Monetary Reward Program.

6C3-2.001 Housing.

(1) Application and Advance Rent – An advance rent payment is required of each applicant, and is to accompany the Residence Hall Application form. The advance rent payment and Housing Application are to be mailed to the Director of Housing in the amount and by the deadlines listed on the application.

(2) Advance Rent Refunds – Housing applications and assignments may be cancelled and the advance rent payment refunded provided the student:
   (a) Is denied admission to the University.
   (b) Is denied permission to register.
   (c) Informs the Director of Housing in writing not less than 21 days prior to the opening date of University Housing.

(3) Housing Assignments.
   (a) Upon receipt of a completed Housing Application, the Housing Office submits advance rent payment to Student Accounts.
   (b) Building assignments are made in the Housing Office and transmitted to Data Processing for key punching and cutting of Housing Assignment Notification Forms.
   (c) Housing Assignments are mailed to assignees from the Housing Office.
   (d) Assignee reports to the office in the building/area indicated on the Housing Assignment Notification Form for room number and key issue.

(4) Rent Refunds – No refund of room rent will be made after five weeks following the official opening date of University Housing, for any one quarter. Up to five (5) weeks in residence refund will be made upon application by the resident as follows:
   From one to 16 days, 80 percent; and from 17 to 23 days, 60 percent; 24 to 30 days, 40 percent; and from 31 to 37 days, 20 percent. No refunds will be made for forced withdrawals or suspensions.

(5) Key and Lock Cylinder Charges – The first room key is issued without charge. Charges will be made for each additional key and/or keys not returned within three days after termination of occupancy. Charges will be made for lock cylinders changes made necessary by the negligence of the resident. This rule is listed in the General Housing Guidelines and Information distributed to students with housing assignments.
(6) Property Damage Charges – Residents are responsible for any and all damages to structures, contents and appurtenances of buildings, apartments, rooms and mobiles to which they are assigned. Charges will be levied against residents for damages to housing facilities and their contents.

(7) Rent Collections – All rent for housing facilities, except family student housing, is due and payable in accordance with University Rule 6C3-3.009, F.A.C.

(8) House Rules – House rules are listed under the heading of “General Housing Guidelines and Information” and, are distributed with Housing Assignments. Rules peculiar to specific areas are issued to residents upon occupancy. Residents assist in the development of other rules as necessary.

(9) Eligibility for Residency.
(a) To be eligible to reside in single student facilities, the applicant must meet University admission requirements and be enrolled during the period of occupancy.
(b) To be eligible to reside in family student facilities, the husband, wife, divorcée or single parent must meet University admission requirements and be enrolled, except for the summer period, during the period of occupancy.
(c) Other students (non-FAMU students) may be eligible to reside in University housing facilities on a space available basis. The students must be enrolled in programs that are sanctioned or approved by the University.
(d) Based upon the availability of space, non-student University-related groups may be able to make arrangements for housing for participants in special programs (seminars, workshops, etc.) for limited periods of time.

(10) There may be visitation in residence halls by members of the opposite sex in specific designated areas. The designated areas in each residence hall are the recreation, lounge, and study areas, unless otherwise approved by the President or Vice-President for Student Affairs. Each visitor to a residence hall is expected to be received in a designated receiving area, and each resident having a guest is expected to be responsible for the conduct of his/her guest while the guest is in that particular hall. All residence halls will be locked at 12 p.m. midnight Sunday through Thursday, and at 2 a.m. on Friday and Saturday nights, and no guests will be allowed in the halls after those times. Only residents of that hall will be permitted to enter after the residence hall is locked.

Violations of this rule will be handled as follows:
(a) Minor first violations by students will be handled by the residence hall organization and/or Residence Hall Counselors.
(b) Major and/or second violations by students will be referred to the Office of Student Relations.
(c) Serious and/or third violations by students will be referred to the Vice-President for Student Affairs or his designee.
(d) Violations by persons not enrolled as students at the University will be considered trespassers and referred to the Campus Police.
(e) The disposition and penalties arising from violations of this rule shall be governed by the applicable provisions set forth in Rule 6C3-2.012, F.A.C.

The residents of mobile units and apartments are expected to maintain reasonable hours and socially acceptable behavior when entertaining guests. The residents are expected to restrict visitors to the living and dining areas.

(f) Residents are to remain in the presence of their visitors during the entire visit.
(g) Residents and visitors are to remain fully dressed during the visitation.
(h) Only residents of a facility may register and/or entertain visitors in the facilities in which they reside.
(i) Visitors are to use only those restroom facilities designated for “MEN ONLY” or “WOMEN ONLY”. Unmarked restroom facilities are for use by residents “ONLY”.
(j) Residents and visitors (guests) are to abide by Visitation, Housing and University policies, and City, County, State, and Federal laws.
(k) The privilege of visitation shall be revoked for individuals or residence units where policies and laws are violated.
(l) Residents are to immediately notify the Housing Staff and/or Campus Police in the event of violations of the above policies and/or laws.
(m) Non-student violators will be treated as trespassers.
(n) Upon entering residential facilities, visitors are to call for or telephone the resident from the office or lounge.
(o) Residents to be visited are to report to the office or lounge and register their visitors in the Visitation Log.
(p) Upon leaving, the residents are to accompany their visitors to the office or lounge and sign them OUT.
(q) Minor first violations by students are to be handled by the house organizations and/or Residence Counselors.
(r) Major and/or second violations by students are to be referred to Student Relations.
(s) Serious and/or third violations by students are to be dispensed of administratively (Case Reports are to be submitted immediately to the Vice President for Student Affairs or his designee).
(t) Violations by NON-STUDENTS are to be handled as trespassing and referred to the Campus Police for disposition.
(u) In mobile units and apartments, reasonable hours and socially acceptable behavior patterns for entertaining guests are to be observed by all residents. Residents are requested to restrict visitors to the living and dining room areas at all times.

(11) Eviction and General Housing Guidelines and Information. The University Housing Eviction Procedures and the Residence Life Handbook are incorporated herein by this reference. A copy of said procedures may be obtained from the Housing Office.
(12) Family Students – Upon request, applicants are issued a Family Student Housing Application, an agreement and, a “Terms and Conditions of Occupancy” for completion and information. Upon assignment, the tenant is required to pay rent for the remaining days in the current month plus one month in advance. Thereafter, rent is due and payable monthly in advance.

(13) Beginning with the Fall Semester of the 1984-85 academic year, all freshmen (first time in college students) and/or students with less than twelve (12) semester hours credit residing in excess of thirty-five (35) miles off the campus are required to live in University residence hall facilities. This requirement may be waived by the President or his designee on a case by case basis provided there is good cause shown by the student.

(14) Any deviations from the procedures as noted in the above sections must be approved by the Vice President for Student Affairs.

Specific Authority 120.53(1)(a), (b), 240.227(1) FS. Law Implemented 120.53(1)(a), 240.227(1) FS. History–New 10-1-75, Amended 1-12-77, 7-2-78, 11-10-83, Amended 7-20-86, Formerly 6C3-2.01, Amended 9-14-87. 

Cf. BOR Rule 6C-6.013, F.A.C.

6C3-2.002 Veterans.

(1) The Veterans Affairs Office adheres to the rules and procedures established by the Veterans Administration concerning the eligibility of and the benefits to veterans and their dependents.

(2) Students eligible for Veterans Administration benefits must report to or contact the Veterans Affairs Office for official university enrollment certification.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS. History–New 10-1-75, Formerly 6C3-2.02. 

Cf. FAMU Rule 6C3-4.008, General Catalog of the University.

6C3-2.003 International Students.

(1) The International Student Affairs Office adheres to the rules and procedures established by the United States Immigration and Naturalization Service concerning the eligibility of International Students and their dependents for visa and enrollment certification.

(2) All International Students must report to or contact the International Student Affairs Office in order to obtain Official University certification for visas and to process other United States Immigration and Naturalization Service requirements.

(3) The Board of Regents and University policies and procedures governing the admission and retention of International Students are administered by the Office of Admissions and Records.

(4) The Board of Regents and University policies and procedures governing the eligibility of International Students for financial aid are administered by the Office of Student Financial Aid.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS., 6C-6.009, 6C-9.013, F.A.C. History–New 10-1-75, Formerly 6C3-2.03. Amended 9-14-87. 

Cf. FAMU Rules 6C3-2.014 and 6C3-2.015.

6C3-2.004 Career, Human Growth and Development Center Testing Services.

(1) Individual testing services are provided under the auspices of the Career, Human Growth and Development Center to all students, their families, and employees. Individual mental, aptitude, achievement and personality tests, and interest inventories are administered, and interpreted according to the standards set forth on testing by the American Psychological Association, the American Personnel and Guidance Association, and the National Association of School Psychologists.

(2) All individual test results remain confidential, being discussed with the individual taking the test and any individual or individuals so designated by the individual. A special test results release form must be executed by the individual.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS. History–New 10-1-75, Formerly 6C3-2.04. 

Cf. FAMU Rule 6C3-4.008, General Catalog of the University.

6C3-2.005 Career Development Services.

(1) General Statement – In order to assure compliance with federal and state laws and regulations relating to employment opportunities, it is the policy of Florida A & M University that all on-campus recruitment activities be coordinated through the centralized service provided by the University. The Career Development Service Office is designated as the official university branch responsible for all such activities (e.g. organization recruiting for permanent employees, internships, summer employment, co-op, etc.). More specifically stated, this policy prohibits any organization from recruiting on campus without having first notified the Career Development Service Office in writing of their needs, intended date for recruiting, type(s) of majors sought, classification, interviewer’s name, title, address, etc. and the sponsoring organization’s name, location, etc.

(2) Departmental Contact – An organization may contact an academic area at the University to ascertain information (e.g. number of students in program, type(s) of courses offered or other academic related information); however, no organization will be granted official permission to recruit students for employment without having provided the Career Development Service Office with the above information prior to the visit.
(3) Departmental Interviews – If an organization interviews students outside of the Career Development Service Office, prior arrangements should be coordinated through Career Development Service Office by the company. Follow-up information, such as number of students interviewed, second-level interviews/plant visits and job offers extended should be communicated to the Career Development Service Office for statistical records.

(4) On-Campus Testing – If an organization desires to test students on-campus, proof of validation of the tests must be presented to the Career Development Service Office prior to the administration of such instrument on campus.

(5) Campus Information Recruitment Form – Desired interview dates, positions expected to be available, degrees, and other pertinent information should be stated on the Campus Information Recruitment Form CRIF (dated 12-15-87), which is incorporated herein by this reference, and forwarded to the Career Development Service Office well in advance of the scheduled recruitment visit. A copy of the form may be obtained from the Career Development Service. Any changes or cancellation or original request should be made through the Career Development Service Office in writing.

(6) Prescreening and Closed Schedules – Employers may request the Career Development Service Office lists of resumes of prospective candidates for employment. Employers who are preselecting are expected to use only criteria which conform to EEOC guidelines. With the permission of the Career Development Service Office, employers may use invitational (closed) schedules. Such schedules should be used with great discretion and in conjunction with open schedules.

(7) Employer Literature – Employer materials should be supplied in sufficient quantities and well in advance of interviewing date(s). Position description(s) should also be included.

(8) Decentralized Recruiting – When both the parent organization and subsidiary or affiliated organization(s) conduct interviews on-campus concurrently, an explanation of their mission and exact affiliation should be made clear to both the Career Development Service Office staff and candidates. The number of interviewers brought on campus by an employer should be adequate for the pre-arranged schedule(s).

(9) Plant Visits – Arrangements for on-site visitation by candidates should be mutually agreeable to both the candidate and the company to be visited. Such visitations should be made in such a manner so as not to interfere with the student’s normal classes.

(10) Interview Follow-Ups – Following an interview, employers should communicate with both candidates and the Career Development Service Office concerning the outcome of interviews and subsequent negotiations.

(11) Hotel Arrangements and On-Campus Parking – Arranging hotel accommodations is the responsibility of the recruiting organization; however, a list of hotels with one necessary contact information will be included in a recruitment visit confirmation packet for the convenience of the recruiting organization. Parking permits will be provided as employer representatives check in at the Career Development Service Office on the scheduled recruitment date.

(12) Luncheons and Receptions – Organizations desiring to have lunch or receptions with academic areas, may contact that area directly or the Career Development Service Office will assist in coordinating the arrangements.

_6C3-2.006 Counseling Services._

(1) Counseling services are open to all members of the University. All referrals are by appointment only.

(2) Upon written request, the Counseling Center will make a student’s records available to the person so designated on the Release of Information Request Form, except in cases of notes extracted from therapy referencing the therapist professional opinion of the student’s condition and prognosis. The Release of Information Request Form must be submitted in writing within ten (10) days of the date the request is to be fulfilled.

(3) The parent and/or student may waive the right of privacy by written request, and the Counseling Center will consequently make the student’s record available to whomever the student designates or, if the student is incapacitated emotionally, whomever the parent or guardian designates.

(4) The parent and/or the student shall have the opportunity to challenge any information included in the student’s record on file in the Counseling Center. Further, the parent and/or the student will be provided an opportunity for making corrections and/or deletions of incorrect information contained in the file.

(5) In cases where the challenge of a student’s record is not resolved to the satisfaction of the party or parties involved, a request in writing may be made to the Director of the Counseling and Assessment Center, who shall upon receipt of the request, assemble an Appeals Committee. The Appeals Committee will hear the case within 48-72 hours. If the matter is not resolved as a result of the hearing, it will be referred to a designated representative of the university administration for action.

_Cf. BOR Rule 6C-5.103 and FAMU Rule 6C3-10.103, F.A.C._

_6C3-2.007 Withdrawal from University._

(1) A student who desires to withdraw from the University must report to the Director of the Counseling and Assessment Center and explain the circumstances which he/she feels necessitates the withdrawal. If the request is approved, a Request for Withdrawal Form (dated 10/24/85), which is incorporated herein by this reference, will be completed and signed by both the
Director of the Counseling and Assessment Center and the student. The Withdrawal forms are available at the Counseling and Assessment Center. Once the withdrawal process has been completed, the student is then required to turn in his/her student identification card to the Office of Student Activities. The student also must turn in all residence hall keys, if applicable, to the counselor of the dormitory in which the student is residing. The student is further required to turn in his/her mealbook to the Office of Student Accounts and the Withdrawal Form is deposited with the Office of the Registrar.

2) No student will be permitted to file a Withdrawal Form within the last five weeks of the semester without receiving failing grades, unless unusual circumstances, as determined by the Director of the Counseling and Assessment Center, are established.

3) Any student who withdraws from the University during the registration or late registration period will not receive grades at the closing of the semester. Those who officially withdraw after the last day to register but during the first ten weeks of the semester will receive a “W” at the closing of the semester. A grade of “F” for each course will be assigned to any student who leaves the University without filing the Withdrawal Form with the University Registrar.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS. History–New 10-1-75, Amended 7-19-85, Amended 7-20-86, Formerly 6C3-2.07.
Cf. Rule 6C3-4.008, General Catalog of the University regarding section on withdrawals.

6C3-2.008 Health Service.

1) A Student Health Fee is automatically assessed at the time of registration for each student who is registered for six (6) or more semester hours of credit. Part-time students who register for less than six (6) semester hours of credit do not pay a health fee and are not eligible to receive health care service at Florida A & M University.

2) The health fee paid each semester entitles the student to attend the Clinic and receive professional medical care as many times as he or she chooses. The fee does not pay for medical supplies, lab work, X-rays, or medication ordered by the health service. Florida A & M University students who have paid a health fee are eligible for services in the Student Health Service during the semester for which they are registered. Presentation of a validated picture I. D. card is required.

3) If the services of an off-campus medical facility are needed, the student is responsible for the bill incurred.

4) If off-campus specialized treatment is needed, the student is responsible for transportation.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS., 6C-7.003(5), 6C3-3.013, F.A.C. History–New 10-1-75, Formerly 6C3-2.08, Amended 9-14-87.

6C3-2.010 Student Traffic Court.

The Student Traffic Court is established to hear and dispose of all traffic and parking violations falling within its jurisdiction, as necessary, to insure proper handling of all cases and to protect the defendant’s right to a speedy trial. All monies collected go toward the cost of administering the traffic system and student scholarships. The Court will request the Office of the Comptroller to place a hold on a student’s registration at the University when the student fails to satisfy his fine obligation with the Court.

Specific Authority 120.53(1), 240.227(1), 240.266(2) FS. Law Implemented 120.53(1), 240.227(1), 240.266(2) FS., 6C-7.002(22), (24), F.A.C. History–New 10-1-75, Formerly 6C3-2.10.
Cf. FAMU Rule 6C3-3.004, Traffic.

6C3-2.011 Student Disciplinary Records.

1) A student’s personnel record on file in the Office for Student Relations is considered confidential and the contents will not be disclosed without prior approval of the student involved to any individual or agency except the professional staff of the Division of Student Affairs. Factual information, however, contained in student files that can normally be obtained from open public records, such as classification, place of residence, location and periods of employment, is not considered confidential.

2) Action authorized by the Vice President for Student Affairs resulting in loss of good standing (expulsion, suspension, probation or impending hearing) will be transmitted to the Registrar by the Director of Student Relations with a copy to the student involved and the parents of those students under 18 years of age. The Registrar will then place a hold on the permanent record card indicating the action that has been imposed. The hold will be maintained as long as the action is in force. It is the responsibility of the student upon satisfactory completion of the terms of the penalty to initiate, through the Director of Student Relations, the clearance of his/her record.

3) If any agency requests information as to why a hold was placed on the student’s record, the Director of Student Relations may state the general category of the hold, but will not divulge the details of the penalty without written permission of the student to release such information.

4) As otherwise applicable the provisions of Section 228.093, Florida Statutes, shall apply in conjunction with the foregoing.

Specific Authority 120.53(1), 240.227(1), 240.237, 228.093 FS. Law Implemented 120.53(1), 240.227(1), 228.093 FS. History–New 10-1-75, Amended 11-4-79, Formerly 6C3-2.11, Amended 9-14-87.
Cf. FAMU Rule 6C3-2.022, Access to Records, F.A.C.
6C3-2.012 Conduct, Student Code of.

(1) All student conduct regulations of the University shall be printed in a form or forms which make them available to all students and shall be applicable only upon publication in the Student Handbook, FANG, or other reasonable means of written or electronic notification.

(2) As members of the academic community, students enjoy the rights and privileges that accrue to such membership including, but not limited to, academic freedom and participation in the decision-making processes of the University. Additionally, students are subject to the obligations and duties which accompany this membership and are responsible for compliance with the requirements of law and with all governance by students, faculty, and staff. It is incumbent upon members of the campus community to notify the appropriate judicial body or officials of a violation of these regulations, to encourage all to comply with them, and assist in their enforcement by testifying as witnesses when called upon to do so.

(3) Discipline may be imposed for offenses against the Code occurring at any of the following locations or activities:
   (a) University campus;
   (b) University owned or controlled property;
   (c) Property or other housing units assigned for responsibility to the University, including but not limited to fraternity and sorority property;
   (d) Activities sponsored by the University wherever they may occur;
   (e) Activities officially approved by the University which are conducted by University chartered organizations wherever they may occur;
   (f) Activities occurring off campus.

(4) Felony – a serious offense against the University for which a student, upon conviction, shall be punished by:
   (a) Expulsion from the University; or
   (b) Dismissal from the University; or
   (c) Suspension from the University for a period not to exceed three years; or
   (d) Community service, not to exceed 25 hours per week and not to exceed a total of 11 weeks; or
   (e) Probation for a specified period, or for a period not to exceed a total of time needed by the student to complete requirements for graduation; or
   (f) Any combination of the foregoing that the hearing body or judicial officer may, under the circumstances, see fit to impose.

(5) Misdemeanor – an offense against the University for which the student, upon conviction, shall be punished by:
   (a) Suspension from the University for a period not to exceed two semesters; or
   (b) Community service, not to exceed 15 hours per week and not to exceed a total of 11 weeks; or
   (c) Probation for a specified period, or for a period not to exceed one year; or
   (d) A letter of reprimand; or
   (e) Any combination of the foregoing that the hearing body or judicial officer may, under the circumstances, see fit to impose.

(6) Definition of student conduct terms – The following terms used in imposing penalties for various offenses are defined as follows:
   (a) Expulsion – a student shall be deprived of his/her opportunity to reenter the University. The student is permanently separated from the University.
   (b) Dismissal – separation of the student from the University for an indefinite period of time. Readmission is conditioned by the recommendation of an ad hoc review board appointed by the President or Vice President for Student Affairs.
   (c) Suspension – separation of the student from the University for a definite period of time. The duration of the period of suspension shall be in direct proportion to the degree of seriousness attached to the misconduct.
   (d) Probation – an official warning that the student’s conduct violated the code of conduct of the University and requires the withdrawal of special privileges, participation in inter-collegiate activities, and others. The student may not be elected to office during the period of probation. If the student is holding an office, he/she must vacate the office for the term of probation. The penalty of probation may also include a specified monetary fine from $100.00 to $350.00.
   (e) Reprimand – a formal rebuke and official recognition by letter to the student of misconduct as charged by the University.
   (f) Community service – hours the student may be required to perform in specified areas of service.
   (7) A student convicted of a second misdemeanor for same offense while enrolled in the University shall be liable for punishment of a felony.

(8) The hearing body or judicial officer shall have the authority to suspend sentence or withhold sentencing for a specified period of time where circumstances warrant. A probationary period must be imposed.

(9) The President of the University or the Vice President for Student Affairs may expel, dismiss or suspend any student when the student’s conduct is detrimental to the University and involves disruption of the University process or is dangerous to the health, safety and morals of the University community.

(10) Offenses Classified as Felonies and Their Definitions.
   (a) The offense affray is defined as the fighting of two or more students in a public or private place, voluntarily or not, to the disturbance of others. Penalty: Probation up to expulsion.
   (b) The offense assault and battery is defined as the unlawful and intentional application of force to the person of another. Penalty: Probation up to expulsion.
(c) The offense assaulting a University official is defined as the unlawful attempt or offer to do bodily harm to an official of the University when the official is in the execution of his office. Penalty: Probation up to expulsion.

(d) The offense disobeying a University official is defined as an intentional defiance of authority. The offense includes disobeying orders of the University official or the use of contemptuous words toward the University official. Penalty: Probation up to expulsion.

(e) The offense breaking and entering is defined as the unlawful breaking into of a building or structure of another, with intent to commit an offense therein. The word building includes a room, classroom, office, store, or trailer. A break includes any removal of any part of the building designed to prevent entry. Opening a closed door or window or other similar fixture, or cutting out the glass or the netting of a screen is defined as breaking. Penalty: Probation up to expulsion.

(f) The student who knowingly, with the intent to deceive, falsifies records or gives misleading information, oral or written, is subject to charges of deliberate deception. Penalty: Probation up to expulsion.

(g) The offense destruction of property is defined as willful and malicious defacement, damage or destruction of University property or the private property of another. It includes vandalizing, misusing or intentional losses of University or private property. In addition to being subject to disciplinary action, students or student organizations responsible for such damage may be financially liable. The value of the property referred to must be $100.00 or more. Penalty: Probation up to expulsion.

(h) The offense hazing is defined as noted in FAMU Rule 6C3-2.028, F.A.C. Penalty: See subsections (3) and (4) of said rule.

(i) Stealing is defined as the intent to permanently deprive or defraud the true owner of his/her property or to appropriate the same to the use of the taker or someone other than the true owner. It is taking from the possession of another or obtaining from a person value of any kind, appropriating the same to personal use or to the use of another person other than the true owner. The property alleged as being stolen must be of a value of $100.00 or more. Penalty: Probation up to dismissal.

(j) Lewd and Lascivious Behavior is defined as such behavior as indicated under Section 800.03, Florida Statutes. Penalty: Probation up to expulsion.

(k) Use and/or possession of firearms, ammunition, explosives, or the use of a knife, firecracker or firework in a reckless manner is prohibited. Firecrackers or fireworks may be used only when approved by appropriate University officials.

1. “Firearm” means any weapon (including a starter gun) which will, is designed to, or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; any destructive device; or any machine gun. The term “firearm” does not include an antique firearm unless the antique firearm is used in the commission of a riot; the inciting or encouraging of a riot; or the commission of any felony under this Rule.

2. “Fireworks” means and includes any combustible or explosive composition or substance or combination of substances, or except as hereinafter provided, any article prepared for the purpose of producing a visible or audible effect by combustion, explosion, deflagration, or detonation. The term includes blank cartridges and toy cannons in which explosives are used, the type of balloons which require fire underneath to propel them, firecrackers, torpedoes, skyrockets, roman candles, dago bombs, and any fireworks containing any explosives or flammable compound or any tablets or other device containing any explosive substance. The term “fireworks” does not include sparklers; toy pistols, toy canes, toy guns.

3. The term “sparkler” means a device which emits showers of sparks upon burning, does not contain any explosive compounds, does not detonate or explode, is hand-held or ground-based, and cannot propel itself through the air. Penalty: Probation up to expulsion.

(l) The opening and removing of the mail of another person without authority is a violation of Federal law. University penalties may also be imposed for such a violation. Penalty: Probation up to expulsion.

(m) The student convicted of a felony by an off-campus court of competent jurisdiction may be subject to sanctions by the University. Penalty: Probation up to expulsion.

(n) Violations of the terms of disciplinary action imposed as a result of previous disciplinary proceedings under the provision of this Code will subject the student to additional sanctions. Penalty: Probation up to dismissal.

(o) The offense conspiracy is defined as planning with one or more fellow students to commit an act or acts which violate(s) the University Code of Conduct. Penalty: Probation up to expulsion.

(p) Identification violations include:

1. To fail to present identification when requested by a University Law Enforcement Officer or other university official who identifies him/herself. Penalty: Probation up to dismissal.

2. To alter, illegally use or attempt to illegally use an identification card, library card, decal or other means of identification not issued to the student. Penalty: Probation up to dismissal.

3. The student who knowingly, with intent to deceive, allows another to use his/her student identification card, decal or other means of identification. Penalty: Probation up to dismissal.

(q) Stalking:

1. Any person who willfully, maliciously, and repeatedly follows or harasses another person commits the offense of stalking. Penalty: Probation up to suspension.

2. Any person who willfully, maliciously, and repeatedly follows or harasses another person, and who makes a credible threat with the intent to place that person in fear of bodily injury or loss of life; or who fails to comply with an off-campus court order to cease and desist with any such conduct toward subject person or that person’s property commits the offense of aggravated stalking. Penalty: Suspension up to expulsion.
(r) Sexual Battery – The non-consensual oral, anal or vaginal penetration by, or union with the sexual organ of another or the anal or vaginal penetration with an object by another; however, sexual battery does not include an act done for a bona fide medical purpose. Penalty: Suspension up to expulsion.

1. “Victim” means a person who has been the object of a sexual battery.
2. “Alleged Offender” means the person who has been accused of committing sexual battery.
3. Unless expressly prohibited by law, the University is committed to affording the victim of a sexual assault the following rights:
   a. To not require the corroboration of the victim’s testimony.
   b. To prohibit the victim’s past sexual history from being admitted as testimony in university proceedings.
   c. To allow the victim to submit to the Hearing Body during the penalty phase a victim impact statement.
   d. To authorize the Vice President for Student Affairs or Dean of Students, or Director of Housing to modify living arrangements in cases where the victim and alleged offender live in the same housing complex.
   e. To authorize the Vice President for Student Affairs or Dean of Students, or the University Judicial Official to issue an immediate administrative restraining order, forbidding the alleged offender from all contact with the victim.
   f. To authorize the University provost and/or the academic deans to establish an immediate reassignment of classes for the alleged offender when both alleged offender and victim attend the same classes.
   g. To provide on-campus counseling services to victims of sexual assault.
   h. To close the proceedings from the public as provided in all other disciplinary proceedings.

(s) Academic Honesty Violations:

1. An academic honesty violation shall include a student who gives or takes information or material and wrongfully uses it to aid himself/herself or another student in academic endeavors. It shall further include receiving unauthorized written or oral information from a fellow student. Additionally, it shall include stealing, buying, selling, or referring to a copy of an exami nation aid himself/herself or another student in  academic endeavors. It shall further include receiving unauthorized written or oral
   information from a fellow student. Additionally, it shall include stealing, buying, selling, or referring to a copy of an examination before it is administered.

2. In the instance of papers written outside of the class, academic honesty violations shall include plagiarism. Plagiarism may be specifically defined for the purposes of any course by the instructor involved. Unless otherwise defined, plagiarism shall include failure to use quotation marks or other conventional markings around material quoted from any source. Plagiarism shall also include paraphrasing a specific passage from a specific source without indicating accurately what that source is. Plagiarism shall further include letting another person compose or rewrite a written assignment.

3. A student who assists in any of the academic honesty violations mentioned above shall be considered equally as responsible as the student who accepts such assistance.

4. For procedural information regarding academic honesty violations, students should consult with the academic dean or director in the respective school or college.

5. The penalties for academic honesty violations shall include: reprimand, reduction of grade; denial of academic credit; invalidation of university credit or of the degree based upon such credit; probation; suspension; dismissal; or expulsion. In addition to any other penalties that may be imposed, the individual or student may be denied admission or further registration, and the University may invalidate academic credit for work done by a student and may invalidate or revoke the degree based upon such credit if it is determined that the student has made false, fraudulent, or incomplete statements in the application, residence affidavit, or accompanying documents or statements in connection with, or supplemental to, the application for admission to or graduation from the University.

   (1) Offenses Classified as Misdemeanors and Their Definition.

(a) The offense assault is defined as an unlawful offer or attempt to do bodily harm toward the person of another. Penalty: Letter of reprimand up to suspension.

(b) The student who gives or takes any information or material with the intention of wrongly using it to aid himself or another student in academic endeavors shall be subject to the charge of cheating. Penalty: Letter of reprimand up to suspension.

(c) The offense destruction of property is defined as willful and malicious defacement, damage or destruction of University property or the property of another. It includes vandalizing, misusing or intentional loss of University or private property. In addition to being subject to disciplinary action, students or student organizations responsible for such damage may be financially liable. The value of the property referred to must be less than $100.00. Penalty: Letter of reprimand up to suspension.

(d) The offense disorderly conduct encompasses the act or acts, disorders and neglect which affect the peace, harmony, and well being of the University community to the prejudice of good order and discipline. Disorderly conduct includes, but is not limited to the use of profanity in public, drunkenness in University buildings and grounds and the use of insulting or defamatory language. Penalty: Letter of reprimand up to suspension.

(e) The offense stealing is defined as the intent to permanently deprive or defraud the true owner of his/her property or to appropriate the same to the use of the taker or someone other than the true owner. It is taking from the possession of another or obtaining from a person value of any kind, appropriating the same to personal use or to the use of another person other than the true owner. The property alleged as being stolen must be of a value of less than $100.00. Penalty: Letter of reprimand up to suspension.

(f) The possession of firearms, ammunition, explosives, firecrackers or fireworks, or the possession of a knife or other discharges or weapons of whatever kind or character is in violation of the code of conduct. Penalty: Letter of reprimand up to suspension.
The University prohibits the use, sale, possession, manufacturing, bartering, and consumption of alcoholic beverages in the residence halls, about the campus, or in any public gathering or recreational area or facility on University campus. The use, sale, possession, manufacturing, and bartering of narcotic drugs, central nervous system stimulants, hallucinogenic drugs, barbiturates, or other illicit drugs, defined by federal or state law or Board of Governors rules and policies, shall be prohibited in the residence halls, on the campus, or in any public gathering or recreational area. Said offenses shall be punishable as felonies. Penalty: Probation up to dismissal.

The University may summarily dismiss or expel any student or group of students, pending a hearing at a later date if requested, under the following circumstances:

(a) The continued presence of the student on campus is likely to create interference with the educational process and/or the orderly operation of the University; or

(b) The continued presence of the student on campus is likely to endanger the health, safety, welfare or property of the University community.

(c) The offense or conduct committed by the student is of such a serious, heinous or repulsive nature, as to adversely affect the University community and the student’s suitability as a member of the academic community.

Violation of residence hall policies and procedures are punishable as misdemeanors. Violation of the Visitation Policy as found in Rule 6C3-2.001, F.A.C., shall carry either an arrest for trespassing, suspension or probation and the removal from living in University housing.

The President or Vice President for Student Affairs may summarily dismiss or expel any student, pending a hearing at a later date if requested, who is convicted of or pleaded guilty to a criminal offense of a kind which interferes with the educational or orderly operation of the University, or a kind which, if the student were allowed to remain enrolled, would endanger the health, safety, or property of the members of the academic community.

A student who fails to respond to an administrative request to appear shall be prohibited from attending classes and participating in extra-curricular activities until compliance with the administrative request to appear is effected.

If a student charged with a violation of the Student Code of Conduct, regardless of which judicial body may hear the matter, wishes to have the hearing postponed because there is pending or possible civil or criminal litigation which he/she feels might be prejudiced by the findings of the University hearing, such postponement may be granted provided the student requests it in writing and agrees to accept the imposition of probation, suspension or withdrawal from the University voluntarily, depending upon the gravity of the offense. Such probation, suspension or withdrawal will be determined and activated by the University Judicial Officer with recommendations to the Vice President for Student Affairs. Action taken shall remain in force until such time as the student requesting a hearing appears before the appropriate hearing body and a hearing is held. The student shall be informed whether he/she would be placed on probation or would be suspended prior to his making a decision to postpone the hearing.

Students are required to carry a validated picture identification card at all times. Failure to do so, may subject them to a reasonable detention by appropriate University authorities.

In addition to the right of University officials to enter a student’s room in University housing pursuant to the terms of the Housing and Board Agreement, officials may enter when an emergency exists, where there is reasonable cause to believe there is a clear and present danger or where there is a reasonable belief that contraband is present which interferes with the educational process of the University, or where the health, safety and morals of the University community are in imminent and apparent danger.

In the event a student charged with an offense wishes to waive, in writing, his/her right to a hearing and/or an appeal of a hearing to the appropriate official or hearing body and the University Judicial Officer wishes to accept jurisdiction, the University Judicial Officer may make a determination of facts and, if the student is found responsible for the offense, make a recommendation of penalty. The student’s written waiver shall be obtained after being given an explanation of the charges against him/her and of his/her rights to a hearing and appeal under the Student Code of Conduct. The student shall have two (2) work days from the date of signing the waiver to rescind, in writing, his/her waiver and request a hearing. In the absence of a rescission of waiver, the student shall be informed in writing of the decision of his/her case within ten (10) work days from the date of the waiver.

When a student is accused of a violation, which in the opinion of the University Judicial Officer, if proven, would not warrant a penalty in excess of probation, the University Judicial Officer may channel the case to the Student Government Association Supreme Court.

In the event the offense charged is within the jurisdiction of more than one primary hearing body, the University Judicial Officer shall determine which primary hearing body shall hear the charge.

Decisions of the Student Supreme Court pursuant to subsection (21) above, Residence Life informal hearing panels and administrative hearing panels are appealed to the Dean of Students. The final appeal within the University is to the President or Vice President for Student Affairs.

(a) The student has ten (10) work days from the date of the written notification of the decision by the hearing body to make his/her appeal in writing and file same with the Office of the Dean of Students.

(b) The written appeal must specify reason(s) why consideration should be granted and should only deal with matters of record, procedure, testimony and/or evidence.

(c) No student’s final penalty shall begin to run until all University appeals are exhausted or denied.
(24) A tape recording or verbatim recording of each hearing will be made and preserved until the appeal process has been exhausted. During this period the accused, with or without the company of legal counsel, and/or advisor, and/or parent will be granted permission to listen to the recorded testimony in privacy as determined by the University Judicial Officer, with the express understanding that the record is to remain confidential to the extent provided by law. If the student chooses to appeal, the record shall be made available to the accused and the President or Vice President for Student Affairs or his designee.

(25) The President of the University or Vice President for Student Affairs reserves the right to appoint an ad hoc committee to hear matters regarding, but not specifically limited to, the subject matter of subsections (9), (12), (13), and (15) above. The chairperson of the committee, who may be an academic dean or director, shall also be appointed by the President or Vice President for Student Affairs.

(26) The hearing body, ad hoc committee or University Judicial Officer shall afford the accused student with due process as provided by FAMU Rule 6C3-2.013, F.A.C., and/or Board of Governors subsection 6C-6.0105(5), F.A.C. The regulations or codes implementing the due process provisions as well as other matters referenced in said rules but not included herein shall be printed in the student handbook, the FANG, under the section entitled “Student Rights, Responsibilities and Code of Conduct.”

(27) Students who have a change of address after registration must file a change of address form at the Office of the University Registrar. All notices, decisions and outcomes of judicial matters connected with the disciplinary process will be mailed to the student's last known local address as filed with the Registrar's Office. All notices, decisions and outcomes of judicial matters connected with the disciplinary process will be mailed to the student’s permanent home address when there is no local address furnished to the Office of the Registrar by the charged student.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10)(e), 1006.60, 1006.61, 1006.62, 1006.63 FS. History–New 10-1-75, Repromulgated 3-8-76, Amended 8-6-78, 12-22-83, Formerly 6C3-2.12, Amended 9-14-87, 1-26-04.

Cf. BOR University Rule 6C3-2.028, F.A.C., on anti-hazing.

6C3-2.013 Due Process.

(1) The due process requirements contained below shall be applicable in all cases involving academic dishonesty and matters involving alleged violations of the Student Code of Conduct. Due process as applied by the University and its schools and colleges shall include, as a minimum, the following:

(a) The student shall be provided with written notice of the charges against him/her in sufficient detail and in sufficient time to prepare for a hearing before an appropriate committee or court, as established by the University or its colleges or schools, or before the appropriate University official;

(b) The University or its colleges and schools shall establish a minimum number of days in advance of the hearing to present the written notice of charges, but in no case will this notice be less than three days, except in cases of emergency as specified below;

(c) The Student shall be entitled to a prompt hearing before an appropriate committee or court, as established by the University or its colleges and schools; or the student shall have the option to request adjudication of the matter by an appropriate official designated by the University or its colleges and schools;

(d) The student may inspect the evidence which will be presented against him/her;

(e) The student may present evidence on his/her own behalf;

(f) The student may hear and question adverse witnesses;

(g) The student shall not be forced to present testimony which would be self-incriminating; however, the university and/or its colleges and schools is not required to postpone the proceedings pending the outcome of any outside prosecution;

(h) The student may have an advisor of the student’s choice present at the hearing;

(i) The decision of guilt or innocence on the charges shall be based solely on the evidence presented at the hearing;

(j) The decisions of any committee or court, or of any university official, shall be presented to the student in writing and within a reasonable period of time following the hearing;

(k) The student may appeal the decision of any committee or court or of any university official, within a period specified by the university or its colleges and schools in the written procedures, to the president or the president’s designee; and

(l) The student’s status will remain unchanged pending the university’s final decision in the matter, except where the president or president’s designee determines that the safety, health or general welfare of the student or the university is involved. A student’s enrollment status may be changed only in cases where the president or president’s designee determines that an emergency exists, which affects the safety, health or general welfare of the student or other students or the university and/or its employees.

(m) At the conclusion of the appeals process, the decision of the president or the president’s designee shall be final.

(2) Additional due process protections as may be provided by rule of the Board of Regents shall also be applicable to cases involving academic dishonesty or violations of the Student Code of Conduct as indicated by said rule. Refer to Board of Regents subsection 6C-6.0105(5), F.A.C.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 120.57(5), 240.227(1) FS. History–New 10-1-75, Formerly 6C3-2.13, Amended 9-14-87.
6C3-2.014 Financial Aid.

(1) The Office of Student Financial Aid is responsible for the coordination of Federal, State, Institutional and private grants, scholarships, loans and work study programs.

(2) The priority deadline for applying for financial aid is April 1st of each year for the next academic year. When applicable the Office of Student Financial Aid seeks to evaluate each student’s financial need, as determined by one of the need analysis systems, to determine who can best benefit from the forms of aid available.

(3) New students must be admitted and have on file the appropriate documents/forms prior to being considered for financial aid.

(4) Student financial aid funds are provided by federal, state, public, private and institutional allocations and are therefore subject to change and/or late awarding. Therefore, the University reserves the right to modify its commitments accordingly. Awards are contingent upon actual receipt of funds from the above mentioned sources.

(5) When applicable, to be eligible to receive financial aid, a student must be enrolled as a regular student in an eligible program. Each student must maintain standards of satisfactory progress to maintain eligibility for financial aid. The Office of Student Financial Aid accepts no responsibility to replace aid which is lost when a student fails to maintain satisfactory progress.

(6) Notification must be made in writing to the Office of Student Financial Aid of the following:

(a) Changes in financial circumstances;
(b) Additional financial aid received from other sources;
(c) Application for graduation;
(d) Withdrawal from the University;
(e) Transfer to another University;
(f) Change in address, name, social security;
(g) Change in marital status; and
(h) Resident status.

(7) Students who receive one or a combination of Health Professions (Pharmacy) Loan, Nursing Loan, or National Direct Student Loan (Perkin) and Guaranteed Student Loan must have an exit interview at the time of Withdrawal or Graduation.

(8) The Student Financial Aid Committee is the policy level committee that recommends university policy on matters relating to student financial aid, program objectives and to facilitate these activities.

(9) Financial need and/or academic merit are given primary consideration in the awarding of financial aid funds. Available institutional resources such as financial aid fees, interest income, fee waivers, etc. are utilized to supplement State and Federal programs. These resources are used in a manner that serves the institution’s plan for providing educational opportunity.

(10) Private scholarship donations are administered using donor designated criteria. When such criteria are not prescribed, financial need, special talents and/or academic merit are used to determine student eligibility.

Specific Authority 120.53(1)(a), 240.227(1), 240.287 FS. Law Implemented 240.227(1), 120.53(1)(a), 240.235(2), 240.291, Chapter 240, Part IV, FS., 6C-7.003(26), F.A.C. History–New 10-1-75, Amended 11-10-80, Formerly 6C3-2.14, Amended 9-14-87.

6C3-2.015 Admissions.

(1) General Policies.

(a) Florida A&M University (FAMU) uses the common application form for undergraduate admission to any one of the state universities. Applications may be obtained from any Florida high school or Florida community college or students may write to the Office of Admissions, Florida A&M University, Tallahassee, Florida 32307-3200.

(b) Each applicant must submit an admission application along with the requisite non-refundable fee. Fee waivers are accepted from First-Time-in-College Florida residents who can document that they have received a fee waiver based on economic need as determined by the College Board or the American College Testing Program. Submission of applications may be as early as 12 months prior to the anticipated enrollment date and by the deadline stated in the university calendar.

(c) The selection of students for admission is within the jurisdiction of the university. However, all admission decisions by the university shall be pursuant to Section 1007.261, Florida Statutes, and rules of the Florida Board of Governors.

(d) Each person admitted and enrolled must have a high school diploma or its equivalent (e.g., General Education Diploma) or completed a home education program in accordance with Section 1002.41, Florida Statutes.

(e) Each student accepted for admission shall, prior to enrolling, submit a FAMU medical history form signed by the student. All entering students born in or after 1957 must provide proof of rubeola and rubella immunization which is mandatory prior to enrollment. Admission and/or registration is subject to denial for any student whose health record or report of medical examination indicates the existence of a condition that may be harmful to members of the university community.

(f) An application or residency affidavit submitted by or on behalf of a student that contains false, fraudulent, or incomplete statements may result in denial of admission or denial of further registration and/or invalidation of FAMU credits.

(g) Admission to FAMU shall be on a selective basis within curricula, space, and fiscal limitations. The selection process includes, but may not be limited to, grades; test scores; educational objectives; pattern of courses completed; past conduct; recommendations; and personal records. Admission is contingent upon the subsequent receipt of official high school and college or university transcripts and verification of high school diplomas, baccalaureate and master’s degrees. If these documents are not
received, it will result in cancellation of admission or registration. Admission to the University does not guarantee admission to a specific school or college which may have additional or higher requirements that the applicant must meet. These criteria shall be published in the University Catalog.

(h) Applicants who are denied will be notified in writing within a reasonable time period following the admission decision.

(i) Confirmation of financial aid, a scholarship, fellowship, or grant-in-aid does not guarantee admission to the university.

(j) When a former student attends another post-secondary institution since last attending FAMU the admission status requires evaluation.

(k) Any undergraduate student admitted without two years of one foreign language or American sign language or the equivalent of such instruction at the post-secondary level (except those exempted in paragraph 6C-6.004(1)(c), F.A.C.), must complete eight semester hours in one foreign language prior to graduation.

(l) Application Deadlines:

- Fall Term (end of second week in May)
- Spring Term (end of second week in November)
- Summer Sessions (end of third week in March)

(m) Transfer Applicants Deadlines:

- Pharmacy February 1
- Architecture February 1
- Occupational Therapy February 15

(2) Freshman Applicants (First-Time-in-College).

(a) Applicants seeking admission as beginning freshmen require a diploma from a Florida public or regionally accredited high school, an accredited out-of-state high school or, if foreign, its equivalent. Students admitted under accelerated mechanisms are exempted from this requirement.

(b) Students applying for admission will submit test scores from the Scholastic Aptitude Test (SAT1) of the College Entrance Examination Board or from the American College Testing (ACT) program. International applicants must present scores of at least 500 on the Test of English as a Foreign Language (TOEFL) if the native language is not English.

(c) An applicant who has at least a “B” average (3.0 on a 4.0 scale) in core academic units completed in grades 9 through 12, and who submits other appropriate evidence that indicates successful academic progress is academically eligible for admission. When computing the grade point averages, applicants receive additional credit for International Baccalaureate (IB), honors, and advanced placement courses.

(d) A student applying for admission, who has less than a “B” average in the required academic units described above must present a combination of high school GPA and entry-level test scores as indicated on the list below. Academic eligibility for admission will be determined according to the following admissions scale:

- If the high school GPA in the required academic courses is less than a “B” average, the SAT1/ACT Score must be equal or exceed the corresponding entry in the appropriate column below.
Applicants who are dual enrolled in any course work at a college or university or as a special student must submit an official transcript from that institution.

(e) The Admissions Committee, which is appointed by the Vice President for Student Affairs, may consider any applicant who does not meet requirements but has other important attributes or special talents; and in the judgement of the Admissions Committee, it is determined from appropriate evidence that the applicant can be expected to do successful academic work. The committee may recommend admission. The University must also comply with any Alternative Admissions Rules, if any, as approved by the Board of Governors.

(f) In determining eligibility for admission, reasonable substitution for any course or night school unit may be accepted for applicants who are hearing impaired, visually impaired, or dyslexic. Applicants must provide documentation indicating failure to meet the admission requirement related to the disability or must have a specific learning disability. Documents required include, but are not limited to, a physician’s statement, vocational rehabilitation records, and school records maintained as a result of the exceptional child provisions.

(g) Applicants denied admission to the university may appeal the admissions decision to the Admissions Committee if it is felt that there are extenuating circumstances or information not revealed. Upon the applicant’s written request, the University shall provide the reasons for the denial in writing. Appeals for exception should be in writing and directed to the Office of Admissions. Petitioning for admission to the university is no guarantee of approval. The decision of the Admissions Committee is final.

(3) Undergraduate Transfer Applicants.

(a) A transfer is any student who has attended a college or university and has earned 12 or more semester hours (except as high school dual enrolled students).

(b) Undergraduate transfer applicants who enter FAMU with junior class standing must have satisfactorily completed the College Level Academic Skills Test (CLAST) in order to be admitted to the upper level and a degree program.

(c) In addition to the guidelines listed herein, an international transfer applicant, whose native language is not English, must present a minimum score of 500 on the TOEFL or a certificate from an English Language Institute.

(d) To meet graduation requirements for the baccalaureate degree, FAMU requires a student to earn at least 30 semester hours at the University.

(e) Transfer students entering FAMU must have completed two (2) years of foreign language in high school or eight semester hours (or the equivalent) of a foreign language at an accredited undergraduate institution prior to enrollment.

(f) Some academic programs have limited enrollment and student demands exceed available resources. Due to instructional facilities, laboratory space, equipment, faculty, etc., these programs use selective admission criteria to limit enrollment. Architecture, Journalism, Occupational Therapy and Nursing are State Board of Education approved limited access programs. In addition, Occupational Therapy, Physical Therapy, Pharmacy, and Social Work require applicants to complete departmental applications.

(g) The university subscribes to the Articulation Agreement between the State University System and the State Community College System. Under this agreement, graduates of Florida public community colleges are eligible for admission to non-limited access programs at a state university if the students have completed the university parallel program and have received the associate of arts degree and will receive priority admission over out-of-state students. In accordance with the Articulation Agreement, the AA degree must be awarded on the basis of the following:

1. At least 60 semester hours of academic work exclusive of occupational courses;
2. An approved general education program of at least 36 semester hours;
3. Overall grade point average of at least 2.0 on a 4.0 system;
4. Satisfactory completion of the CLAST for admission to the upper division.

(h) Undergraduate transfer applicants who receive the AA degree from a state university in Florida must meet the same minimum requirements as undergraduate transfers who receive the AA degree from a Florida public community college.
(i) Undergraduate transfer applicants who have not earned the AA degree from a Florida community college or from a state university in Florida must meet the following requirements:

1. Must be in good standing and eligible to return to the last institution attended;
2. Must have completed two years of one foreign language in high school or eight semester hours of post-secondary level instruction in one foreign language or American sign language;
3. Must have earned at least 60 semester hours and at least a “C” average (2.0 on a 4.0 scale) in all college work attempted from an accredited institution;
4. Must present passing scores on the CLAST prior to admission into the upper division of the university. Applicants entering FAMU must take the CLAST the first time it is offered after initial enrollment;
5. Transfer applicants with less than 60 semester hours must meet first-time-in-college admission requirements in accordance with Admission Rules. Profile Assessment admission standards do not apply.

(j) FAMU requires provisionally admitted transfer students to provide proof of 60 semester hours from previous institution(s) prior to registration.

(k) Awarding of credit for military service school courses is based on recommendations of the American Council of Education (ACE Manuals) when official credentials have been properly presented. However, recommendations by ACE are not binding upon the university. Applicant should request military service school course credits at the time of admission.

(l) The associate of science (AS) degree is a two-year terminal degree and does not assure admission or certify the applicant as having completed the general education requirements, or qualify for upper division status. Accordingly, final determination of AS degree credits rests with the dean of the college or school as applicable.

(4) Early Admission – The university provides an early admission program for outstanding high school students who demonstrate potential to do college-level work. Applications for early admission should be submitted during the junior year along with high school transcripts and SAT1 or ACT scores. A recommendation from the principal (or designated representative) is required. Additional requirements are as follows:

(a) A “B” or better high school average in the core academic subjects; and
(b) A minimum score of 1010 on the SAT1 or 21 on the ACT; and
(c) 19 core academic units as indicated under paragraph (2)(c) of this rule.

(5) Transient Students – Students from other colleges and universities may be permitted to enroll for one term only. Each applicant is required to complete a Special Student Application approved by the parent institution at the time of registration. Enrollment as a transient student in no way implies future admission as a regular student at Florida A&M University.

(6) International Applicants.

(a) International students must submit the following for admission to Florida A&M University:
1. Application for admission with the requisite non-refundable application fee.
2. A statement of finances;
3. A statement of health from a medical doctor;
4. Academic credentials (credentials must be certified true copies from high school, college or university);
5. Scores resulting from the SAT or ACT (College Entrance Examination-no exceptions or waivers);
6. Scores resulting from the TOEFL (minimum of 500 for undergraduates).

(b) An applicant transferring from another college or university in the United States must submit an official transcript(s) of final grades reflecting at least 60 semester or 90 quarter hours and at least a “C” average. In addition, the applicant must have been interviewed and filed Form I-538 (application for school transfer).

(c) Each international student accepted for admission shall, prior to registration, submit proof of compliance with the mandatory health and accident insurance requirement. Written proof of insurance must be provided and must be valid for one year from the date of first enrollment and each year thereafter. Coverage must be valid in the United States.

(d) The Office of International Programs is responsible for administering special programs for all sponsored international students. There is a requisite administrative cost per student per semester to the sponsoring agency for these required programs.

(7) Readmission of Former Students – Students not in attendance during two consecutive terms (exclusive of the summer term), must apply for readmission to the university. Such students should secure an application for readmission from the Office of Admissions. An application fee is not required for returning students. Applications from students who have permanent university holds or who are not in good standing with the university will not be processed.

(8) Graduate Admissions.

(a) In order to be admitted, a first-time graduate student or a student transferring from a graduate program at another university must have a bachelor’s degree or equivalent from an accredited university and meet at least one of the following criteria:
1. Shall have earned a “B” average or better in all work attempted while registering as an upper division student working for a baccalaureate degree, or
2. Shall have a total Quantitative-Verbal Graduate Record Examination (GRE) score of 1,000 or higher or an equivalent score on an equivalent measure approved by the State Board of Education, or
3. Shall have earned a graduate degree from an accredited institution.
Admissions decisions will be made on a rolling basis after all required materials have been received. Materials may be obtained from Law School Admission Services, Box 2000, Newton, PA 18940 or by calling (215) 968-1001.

Completed with all required application materials by June 1st. Application files cannot be reviewed until the files are complete.

Applicants whose circumstances are such that they can pursue a legal education only on a part-time basis.

Indicators of LSAT scores and undergraduate grade point average than the Day Program.

While the entire application file is reviewed, Evening Program admission standards place a greater emphasis on the objective work and study for Evening Program students necessitate a different emphasis on admissions criteria than in the Day Program.

Industries as documented by the employer.

After the initial application is made will not be permitted. For admission to the Part-time Evening Program, preference will be given after the initial application is made will not be permitted. For admission to the Part-time Evening Program, preference will be given.

This category will accommodate, but shall not be limited to, school teachers seeking recertification and employees of area industries as documented by the employer.

5. Other first time in college and lower division, non-Florida students.

4. Other upper division transfer students.

3. First time in college Florida students.

2. Graduate students.

1. Upper division transfer students with an AA degree from a Florida community/junior college or from another institution within the State University System.

(b) Each student who seeks admission as a first-time or transferring graduate student shall be required to present his or her score on the Aptitude Test of the GRE or an equivalent measure approved by the State Board of Education, to support the application for admission. The GRE may be waived in individual cases by the university.

(c) Each school/college may impose more restrictive admission requirements than the above established minimums for students to enter graduate programs. These criteria shall be published and the university catalog shall give notice where copies of such criteria may be obtained.

(d) In admitting students for a given academic year, up to ten percent of the graduate students admitted for that academic year may be admitted as exceptions to the above criteria. Students admitted as exceptions need not meet any of the criteria listed above but should meet other criteria devised by the university: such as excellent letters of recommendation from trusted educators or satisfactory performance in a specified number of graduate courses taken as post-baccalaureate students or practical professional experience in the discipline for a specified period of time.

(e) A score of 550 or better on the TOEFL is required for international students whose native language is not English.

(f) Applicants denied admission shall be given reasonable notice and reason for their rejection in writing. Applicants denied admission may appeal their cases to the Application Review Committee (ARC) of the Graduate Council, which is the policymaking and governing body for all graduate programs. The Application Review Committee, after careful evaluation of each case will make appropriate recommendations to the Graduate Council which will make a final determination on each appeal. The dean of the School of Graduate Studies and Research will then communicate the decision to the applicant.

(g) Applicants with bachelor’s degrees or equivalent who do not meet admissions requirements to the Graduate Studies Program and who wish to enroll in courses may apply and be considered for approval under the classification of special post-baccalaureate non-degree students. Such applicants will be limited to no more than 12 semester hours of post-baccalaureate course work. All applicants are required to sign a statement/affidavit affirming their non-degree status. (See subsection (9) below on post-baccalaureate non-degree students). An applicant who subsequently scores a total of 1000 on the Quantitative-Verbal portions of the GRE may request and be considered for reclassification as a degree seeking student.

(9) Post-baccalaureate Non-degree Students – A student with a baccalaureate degree or equivalent may seek admission as a post-baccalaureate non-degree student. Such students will be limited to no more than 12 semester hours of post-baccalaureate course work. All students will be required to sign a statement/affidavit affirming their non-degree status. Admission shall be on a selective basis within curricula, space and fiscal limitations. The selection shall be based on academic records, educational objectives, career objectives, and a need for continuing educational opportunities. This category will accommodate, but shall not be limited to, school teachers seeking recertification and employees of area industries as documented by the employer.

(10) College of Law Admissions.

(a) The standards for admission in the Full-time Day and the Part-time Evening Programs are not the same. Greater demands of work and study for Evening Program students necessitate a different emphasis on admissions criteria than in the Day Program. While the entire application file is reviewed, Evening Program admission standards place a greater emphasis on the objective indicators of LSAT scores and undergraduate grade point average than the Day Program.

(b) Applicants have the option of applying to one or both programs at the time of application. Switching between programs after the initial application is made will not be permitted. For admission to the Part-time Evening Program, preference will be given to applicants whose circumstances are such that they can pursue a legal education only on a part-time basis.

(c) The following admission requirements apply to all applicants to the College of Law:

1. All applicants for admission must have a bachelor’s degree from an accredited institution of higher education prior to enrollment.

2. All applicants must submit a completed Application for Admission, along with the requisite non-refundable application fee.

3. All applicants must take the Law School Admission Test (LSAT). For admission purposes, LSAT scores are valid for three (3) years from the test date. Applicants are encouraged to take the LSAT no later than December for admission in the following fall semester.

4. All applicants must register for the Law School Data Assembly Service (LSDAS). LSDAS information and registration materials may be obtained from Law School Admission Services, Box 2000, Newton, PA 18940 or by calling (215) 968-1001.

5. All applicants are required to submit a personal statement and two letters of recommendation.

(d) For admission to the fall entering class, applicants must submit their applications by May 1st and must have their files completed with all required application materials by June 1st. Application files cannot be reviewed until the files are complete. Admissions decisions will be made on a rolling basis after all required materials have been received.

(11) Admissions Priority.

(a) The priority for admission to FAMU shall be as follows:

1. Upper division transfer students with an AA degree from a Florida community/junior college or from another institution within the State University System.

2. Graduate students.

3. First time in college Florida students.

4. Other upper division transfer students.

5. Other first time in college and lower division, non-Florida students.
6. Post-baccalaureate non-degree, unclassified and special students.
   (b) Within each group listed in paragraph (a) above, the priority shall be as follows:
   1. Students within the University service area, if applicable.
   2. Florida students.
   3. Non-Florida students.

   Specific Authority 1001.74(10)(a) FS. Law Implemented 1007.261 FS. History–New 10-1-75, Amended 7-12-76, 11-4-79, 11-10-82, Formerly 6C3-2.15, Amended 9-14-87, 1-26-04.

6C3-2.016 Tuition and Fees.
The University adheres to all rules and policies of the Board of Regents pertaining to tuition and fees including:
   (1) The amount and types of tuition and fees to be charged;
   (2) The amounts of tuition and fees to be refunded;
   (3) The amounts and types of waivers of tuition and fees.

   Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS., 6C-7.001-7.004, 6C-7.007, 6C-7.008, F.A.C. History–New 10-1-75, Formerly 6C3-2.16.

6C3-2.017 Registration.
The University adheres to all rules and policies of the Board of Regents pertaining to registration and the defining of time periods for quarterly registration activities.

   Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS. History–New 10-1-75, Formerly 6C3-2.17.

6C3-2.018 Residency and Non-residency Status.
The University adheres to all rules and policies of the Board of Regents pertaining to the classification of students for residency and non-residency status.

   Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS., 6C-7.005, 6C-7.006, F.A.C. History–New 11-1-75, Formerly 6C3-2.18.

6C3-2.019 Credit, Transfer and Examination.
The University adheres to all rules and policies of the Board of Regents pertaining to the acceptance of transfer credit and credit by examinations.

   Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS., 6C-6.003, 6C-6.004, 6C-6.005, F.A.C. History–New 10-1-75, Formerly 6C3-2.19.

6C3-2.020 Acceleration Mechanisms for Program Completion.
The University adheres to all rules and policies of the Board of Regents pertaining to acceleration mechanisms for program completion.

   Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1) FS., 6C-6.006, F.A.C. History–New 10-1-75, Formerly 6C3-2.20.

6C3-2.021 Academic Records and Grades.
The University adheres to all rules and policies of the Board of Regents pertaining to academic records and grades. The established grading system is included in the University Catalog.

   Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.227(1), 240.237 FS., 6C-6.015, F.A.C. History–New 10-1-75, Formerly 6C3-2.21.

6C3-2.022 Access to Records.
(1) Each University office which generates, collects, and disseminates information on students must maintain the confidentiality of those records in their possession. The University by this Rule 6C3-2.022, F.A.C., designates the officer or director in charge of the particular unit which houses student records as the custodian of records as defined in Section 228.093(2)(e), Florida Statutes. In the absence of the custodian, the University designates the assistant to the officer or director of the unit to serve in said capacity.

(2) Personal information contained in the student educational records shall be released, or open for inspection, only to the student or parents/guardians of the students as defined in Section 228.093(3), Florida Statute. The custodian of the records shall require the student, or parent/guardian of the student when applicable, requesting the information or access to the records to present proper identification such as a valid driver’s license, FAMU student ID card or passport. The request should be in writing and signed by the student or parent/guardian. A copy of the request shall be retained in the student’s file. The custodian is allowed a reasonable time (30 days) in which to comply with the request. When the record includes information on more than one student, the
custodian shall release, or permit inspection of, only that part of the record which relates to the student who is the subject of the request. The University may release personally identifiable information kept on a student, without the student’s or parent’s consent, to those organizations and persons listed in Section 228.093(3)(d), Florida Statutes.

(3) The University normally releases or publishes directory information as defined in Section 228.093(2)(c), Florida Statutes. Students may request this information to be withheld by requesting, in writing, the University Registrar to withhold said information.

(4) All requests from individuals or organizations for the release of personal information from student educational records for the purpose of conducting legitimate research or studies shall be submitted in writing to the custodian of the records and shall disclose the purpose of the research or study. The custodian of the records shall establish that the research or study is for a legitimate purpose, that information included therein will not permit the personal identification of students and that such information will be destroyed when no longer needed. Such requests shall be approved by the appropriate Vice President.

(5) The custodian of student records shall maintain a record of each request for release of personal information from the student educational records which shall identify the person requesting the information and the legitimate interest of such person in obtaining the information. This section does not apply to information released to students, or parents of the students when applicable, or University officials as authorized by Section 228.093(3)(d), Florida Statutes.

(6) Students shall have the right to challenge the content of student records in order to insure the accuracy of such records. Any challenge shall be directed to the custodian of the records. The student shall present to the custodian of the records all available evidence relative to the data or material being challenged. The challenge may be settled informally through meetings between the students and the custodian of the records, instructors, and/or of other appropriate University officials. If an agreement is reached at such meeting, the conditions of the agreement shall be reduced to writing and signed by all parties involved. A copy of such agreement shall be maintained in the student’s file. If an agreement is not reached through the informal process, the student shall have the right to a hearing on the matter in accordance with Section 228.093(3)(c), Florida Statutes.

(7) The University may charge a fee for furnishing copies of student records and reports, or any material included therein, to individuals and organizations outside of the University.

(8) The University shall notify every student of his rights relating to student records, procedures to be followed in order to exercise such rights, type of information entered in the student records maintained by the University, and the University’s policy to support the law. Notification shall be published annually in the University catalog or in any other literature of general circulation to the student body.

(9) Any individual who feels that his (her) rights under this rule have been violated may appeal to the Vice President for Student Affairs, whose decision on the matter shall be final.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 228.093, 240.237 FS., 6C-6.015, F.A.C. History–New 10-1-75, Formerly 6C3-2.22, Amended 9-14-87.

6C3-2.023 Graduation Requirements, Honors and Commencement.

(1) Graduation requirements are established by the departments, divisions, schools, and colleges of the University and are stated in the University Catalog. In addition, candidates for graduation must satisfy Department of Education and Board of Regents requirements as may be established pursuant to their rules. This includes but is not limited to CLAST and Gordon Rule requirements.

(2) Graduation honors are based upon earning at least 60 semester hours at the University as well as the cumulative grade point average of the student and are as follows:
(a) 3.70 – 4.00 Summa Cum Laude.
(b) 3.30 – 3.69 Magna Cum Laude.
(c) 3.00 – 3.29 Cum Laude.

(3) Commencement ceremonies are normally held at the close of the Spring and Summer Semesters.

Specific Authority 120.53(1), 240.227(1) FS. Law Implemented 120.53(1), 240.107(3), 240.227(1), (17) FS., 6C-6.004(5), 6C-6.017, F.A.C. History–New 10-1-75, Formerly 6C3-2.23, Amended 9-14-87.

6C3-2.024 Eligibility for Student Government Association Offices.

In order for the University to give emphasis to a student’s academic program and to insure that those students holding important leadership positions in the Student Government Association give primary concern to their academic progress, the university requires that all major officers must be registered for a minimum of nine (9) quarter hours for each quarter of the academic year for which the student is elected to serve as an official of the Student Government Association. For purposes of this rule, members of the Executive Branch are considered major officers. All minor officers are required to be registered for a minimum of twelve (12) quarter hours for each quarter of the academic year for which the student is elected to serve as an official of the Student Government Association. For purposes of this rule, those officers of the Legislative and Judicial Branches are considered minor officers. Failure of a student to be registered for the required quarter hours indicated above will make the elected student ineligible to hold office in the Student Government Association for the elected term.
6C3-2.025 Popular Concerts and Activities.

(1) The University sets forth specific requirements of those students, organizations, and others who request to sponsor popular concerts in facilities administered by the University. Only those students, organizations, and others who fully comply with these requirements will be granted approval to sponsor such concerts. The intent of this rule is to cover all such concerts except those sponsored by the University or one of its academic units. A complete listing of the specific requirements to be met, based on the nature of the event, is available in the Office of Student Activities, and the Director of Student Activities is responsible for the general administration of this rule. The basic requirements to be met are as follows:

(a) That popular concerts be limited to one per semester and that prior to University approval, a screening committee approved of the nature and type of performance to be presented.

(b) Popular concerts are not to disrupt scheduled classes and the set-ups for such concerts may not commence before 5:00 p.m. on class days and all clean-up must be completed prior to 8:00 a.m. of the next scheduled class day.

(c) A cash guarantee to be determined by the Director of Student Activities, to cover security, set-up, and clean-up costs, must be made.

(d) That promoters of fund-raising popular concerts post a $4,000 bond to cover property damage, $50,000 bond to provide protection of funds, and a $100,000 bond to protect against personal liability damage. A waiver of the bonds requirement may be granted, upon request, by the President or his designee.

(e) All electrical requirements set forth by the University Physical Plant, and crowd control requirements established by the Director of University Security and the Director of Student Activities must be met. Such requirements are available in the Office of Student Activities.

(f) All sponsors of popular concerts must fully adhere to the specific requirements set forth by the Internal Auditor concerning accountability of ticket sales, cash control, and financial reporting. (The specific requirements are available in the Office of Student Activities.)

(g) Contracts on behalf of the University may only be executed by the University President, or his designee, and may not be executed until they have been reviewed and approved as legally appropriate by the University Attorney.

(h) The specific requirements for the use of Bragg Stadium for popular concerts are available in the Office of Student Activities and include requirements concerning the cost of utilities, set-up and cleaning costs, and the use of the Press Box and vehicles. (Also refer to University subsection 6C3-3.008(1), F.A.C., regarding the assessment of charges.)

Specific Authority 240.227(1), 120.53(1)(a) FS. Law Implemented 120.53(1)(a), 240.227(1) FS. History–New 7-17-78, Amended 10-16-83, Formerly 6C3-2.25.
Cf. BOR Rules 6C-5-251, 6C-4.001(5) and University Rules 6C3-10.301(2), 6C3-10.219, F.A.C.

6C3-2.026 Student Meal Plan.

All students residing in University residence halls, excluding married student apartments, the women students apartment complex and mobile units, will participate in the Student Meal Plan. The Plan offers those students fifteen (15) or nineteen (19) meal per week options. The specific meals to be offered in each option and the cost for each option will be furnished to all students at the time they request housing information. The information is also available to all interested persons in the University Housing Office and in other locations throughout the campus. Each student requesting housing in a residence hall must select the fifteen or nineteen meal per week option at the time the person registers for housing.

6C3-2.027 Student Publications.

(1) Student publications are governed by the Student Publications Board which derives its authority from the University President and the Board of Regents (paragraph 6C-6.012(7)(a), F.A.C.). The membership of the Student Publication Board, its functions and responsibilities, and its policies and procedures are set forth in the Procedures Manual, in addition to specifying criteria for applicants for leadership positions in the publications governed by the Board. The University Yearbook, The Rattler, and the University Newspaper, the FAMUAN, are both governed by the Student Publications Board. Additional student publications may be governed by the Board as approved and directed by the University President.

(2) The Rattler, University Yearbook, is governed by the Student Publications Board with all related policies and procedures set forth in The Procedures Manual, including the specific purpose and functions of the yearbook, the role of the Student Publications Board, University administration, and advisor.

(3) The FAMUAN, University Newspaper, is governed by the Student Publications Board with all related policies and procedures set forth in The Procedures Manual, including the specific purpose and functions of the newspaper, the organizational structure of the newspaper, and the principles governing news and editorial writing.
6C3-2.028 Anti-hazing.

(1) It is the policy of Florida Agricultural and Mechanical University that any student(s), group(s) of students, or student organization(s) affiliated with the Florida Agricultural and Mechanical University are prohibited from engaging in any form(s) of hazing activities.

(2) The term hazing shall include, but not be limited to, any brutality of a physical nature, such as striking in any manner, whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of food, liquor, drugs, or other substances, or other forced physical activities which would adversely affect the health or safety of the individual, and also includes any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contacts, forced conduct which would be demeaning or results in extreme embarrassment or any other forced activity which could adversely affect the mental health or dignity of the individual. For purposes of this section, any activity as described above, upon which the initiation or admission into or affiliation with a university organization is directly or indirectly a condition, shall be presumed to be a “forced” activity, the willingness of an individual to participate in such activity notwithstanding.

(3) Penalties – Any student(s), student group(s), or student organization(s) which are affiliated with the Florida Agricultural and Mechanical University, on campus or off-campus, that are found responsible for hazing will be subject to appropriate sanctions by the university, which may include the imposition of fines; withholding of grade(s), transcripts and/or diplomas pending payment of fines or pending compliance with the current Student Code of Conduct, Rule 6C3-2.012, F.A.C., of which this rule becomes a part of; the imposition of probation, suspension, dismissal or expulsion of said person(s) or organization(s), and/or the rescission of permission for the University sanctioned organization(s) to operate on the Florida A&M University campus or to otherwise operate under the sanction of the University.

(4) All penalties imposed by the University do not absolve the student(s), group(s) of students, or student organization(s) from any penalty imposed for violation of criminal laws of the State of Florida or for violation of any other university rule(s) to which the violator(s) may be subject.

(5) All existing university sanctioned organizations are required to amend their existing by-laws to include an anti-hazing section, and all future university sanctioned organizations must include the same in their by-laws. A copy of the by-laws shall be kept on file in the Office of Student Activities.

Specific Authority 1001.74(4) FS. Law Implemented 1001.74(10)(d), (e), 1006.60, 1006.61, 1006.62, 1006.63 FS. History–New 4-3-83, Formerly 6C3-2.28, Amended 1-26-04.

6C3-2.029 President’s Scholars Award Program.

(1) Purpose – To those students who have demonstrated outstanding academic achievement and special talents in high school or community college, Florida Agricultural and Mechanical University (Florida A & M University) extends an invitation to apply for the President’s Scholars Award (PSA). These scholarships, in the amount of $1,000.00 each per academic year (disbursed @ $500.00 per semester), are awarded by the President as an incentive to encourage recipients to continue academic excellence. These scholarships are made solely on the basis of the applicant’s scholastic achievements and leadership skills and not on demonstrated financial need. Priority is given to Florida residents. Criteria for each participation are noted below.

(2) Criteria.

(a) First-Time-In-College Freshman.
1. A graduate of an accredited high school or otherwise eligible for admission to the University.
2. A 3.30 or above cumulative grade point average in the academic curriculum.
3. A combined SAT score of 950 or above on verbal and mathematics sections or a composite ACT score of 21 or above.
4. Evidence of effective leadership skills.
5. An application for admission to Florida A & M University on file in the Office of Admissions.
6. Filed an application for the President’s Scholars Award by April 20.
7. Two letters of recommendations, with at least one coming from a school official.
8. A 500-word, handwritten essay citing reasons for applying for the PSA, highlighting the applicant’s educational goals and leadership skills and abilities.

(b) Transfer Students – Students transferring to Florida A & M University with the A.A. degree to 60 semester hours from a community college must have:
1. A 3.3 cumulative GPA or above; having satisfied all requirements of the CLAST.
2. Evidence of effective leadership skills.
3. An application for admission to Florida A & M University on file in the Office of Admissions.
4. Filed an application for the President’s Scholars Award.
(c) Transfer students from another 4-year college or university with less than 60 semester hours must satisfy the same criteria as first-time-in-college freshmen and CLAST requirements. All transfer applicants to the upper division must present passing scores during the first term of enrollment. Also required are two letters of recommendation with at least one letter from a college official. (Applicants for the award must not have matriculated beyond their sophomore year in college.)

(3) General Information – Selection of the President’s Scholars Award recipients will be made on a competitive basis. All interested applicants are required to complete application forms for the award no later than April 20th; however, early application is encouraged. Letters of recommendation and essay, if required must be submitted also. Failure to meet the aforementioned deadline will result in automatic disqualification.

(4) Who Will Make Selections.
(a) The President’s Scholars Award Committee will screen applications and make recommendations to the President as EARLY AS FEBRUARY 15th. For scholarship information and a copy of the form, President’s Scholars Award Application, dated 1/1/85, which is incorporated herein by this reference, write to:
President’s Scholars Award Committee
Post Office Box 599
Florida A & M University
Tallahassee, Florida 32307
(b) Requests for application forms and information should be made at the beginning of the student’s anticipated graduated year from high school or community college.
(c) Students who are applying from another four-year college or university may apply during their freshman or sophomore years. All information should be addressed to the President’s Scholars Award Committee.

(5) Response Dates – Applicants will be notified of their application status in three phases.
(a) A checklist will be sent to applicants, indicating the University’s receipt of official high school and/or college transcript(s), test results, and written essay.
(b) Other applicants not selected will receive a Presidential Invitation of Merit to attend Florida A & M University. Their names will be placed on an Alternate Scholars List to be considered for further action in cases of cancellations of awards prior to enrollment.

(6) Scholarship Renewal.
(a) The award may be renewed annually for no more than four consecutive years in a four-year curriculum and for no more than six consecutive years in a six-year curriculum at the undergraduate level. Recipients must maintain an overall grade point average of no less than 3.0, be enrolled as a full-time student each semester, and pass all courses attempted. Recipients desiring to receive additional aid must apply through the Office of Student Financial Aid.
(b) After the initial selection is made, the University’s Office of Student Affairs is designated by the President to administer the program according to the policies set forth herein. Information will be forwarded to the Office of Financial Aid for authorizing the disbursement of funds and coordination with other types of financial aid the student may receive.
(c) Petitions are limited to freshmen with a grade point average no lower than 2.75. If a participant in the program fails to meet the above criteria for continuation beyond two semesters, the student may petition the President for continuance for an additional semester by written statement. A student who fails to earn a minimum of 24 semester hours over a two-semester period shall not be considered for a petition. The statement must identify clearly extenuating circumstances that inhibited the student from meeting the criteria required of all participants. The President reserves the right to accept or reject the student’s request to continue in the President’s Scholars Award Program and/or establish special criteria for said student to continue in the program.

(7) Change of Major and Test Performance.
(a) Recipients will be permitted one change in major program emphasis, provided they have maintained the grade point average required under this scholarship and have earned/passed the required number of credits/courses.
(b) Each recipient must receive passing scores on the College Level Academic Skills Test.

Specific Authority 240.227(1) FS. Law Implemented 240.287 FS. History–New 6-30-85, Formerly 6C3-2.29, Amended 9-14-87, 9-5-88.

6C3-2.030 Student Activities.

(1) An organization shall secure activity blanks from the Student Activities Office and properly fill them out before it can sponsor any activity. Under no circumstances will any organization be permitted to sponsor any activity which has not been properly approved by the Student Activities Office. The Office of Student Activities should be consulted regarding the submission of activity blanks.
(2) An organization sponsoring an activity is required to pay janitorial fees at the rate specified by the person in charge of the respective building.
(3) Any officially registered student may sponsor any activity during the year as long as the activity is in keeping with the objectives of the University. The student should consult with the Office of Student Activities regarding the scheduling of an activity.
(4) A roster of students scheduled to attend out-of-town or off-campus events must be submitted to the Office of Student Activities by all University agencies so that the information will be on file in case of emergency situations.
(5) Organizations requesting grade averages of students from the Office of the University Registrar must adhere to the Buckley Amendment guidelines and must complete a form so designated by the Director of Student Activities on which an interested person grants his/her permission to secure the designated information.

(6) When students are scheduled to hold a University-wide convocation or program to which members of the general public may attend, a program of the proceedings is required to be submitted to the Director of Student Activities at least 10 days prior to the event.

(7) All organizations which have initiation ceremonies are expected to exercise care and restraint and must conform to organizations rituals and standards as set forth by the University.

(a) Any student may be eligible to be pledged or initiated in any Greek Letter organization when he/she has been in attendance at the University at least one semester, has at least 12 hours of credit and has earned a minimum of 2.5 average. Greek letter organizations are permitted to require higher academic averages than those set by the University. Acceptance into Greek Letter organizations shall be in accordance with the policies and regulations of said organizations.

(b) No student is to be pledged or initiated in any Greek Letter organization until his or her average has been compiled from the official grade records in the Office of the University Registrar pursuant to the guidelines established under the University’s policy on access to records.

(c) The names of all persons and their averages must be submitted to the Director of Student Activities seven (7) days before they are put on probation.

(d) Hazing is prohibited by State law and University rule. Refer to Section 240.262, Florida Statutes, and FAMU Rule 6C3-2.028, F.A.C.

(e) No probation period will be permitted to last more than seven (7) days. The seven day period of “Probation Week” shall be designated by the Panhellenic Council in cooperation with the Committee on Student Activities for Social Greek Letter organizations. No secret probation or “getting ready” period will be permitted prior to and beyond the seven day period designated. Care must be taken at all times to see that pledges are not exploited.

(8) During the seven (7) day period of probation week, all activities must cease by 12:00 midnight daily and resume no earlier than 6:30 a.m. the following day unless otherwise approved by the Director of Student Activities.

(9) Rush parties and smokers shall not be scheduled beyond one month after the beginning of each semester.

(10) University advisors of Greek Letter organizations must be selected from among faculty, administrators, and professional staff at FAMU, and they must have been employed by the University for at least three years. The University will not accept liability or responsibility for acts committed by Greek Letter Organizations which might sponsor, unless official approval shall have been given by the president or his designee.

(11) The University will require all Greek Letter Organizations to execute disclaimer forms which relieve the University of responsibility for acts committed by Greek Letter Organizations which might result in personal injuries or damages sustained or claimed by a complaining party.

(12) Enforcement Responsibilities – The executive committee of the Panhellenic Council shall have the power as designated by the Vice President for Student Affairs to hear cases referred to it, emanating from social fraternities and sororities. It may levy reasonable fines and review any decision which may lead to suspension, expulsion or other appropriate disciplinary action. Written notice shall be given to the offender(s) setting forth the allegation or misconduct. Five days shall be allowed for a response to the allegation(s) and a hearing shall be set within ten days after a charge is levied and the accused shall be given an opportunity to defend against or refute the charges. All procedures and decisions shall be subject to review by the Vice President for Student Affairs or his/her designee and the President of the University. Where the Panhellenic Council fails to discharge its responsibility to hear a complaint or where a penalty is assessed that is contrary to the weight of the evidence, the Vice President for Student Affairs may impanel an administrative panel to take testimony and hear evidence and recommend its findings to the Vice President for Student Affairs who shall review and render a judgment pursuant to the recommendations. Individual cases shall be forwarded to the Office of the Vice President for review and to bring action where dictated. In any case, however, the Vice President reserves the right to decide the method of hearing Social Greek Letter violations.

(13) All recognized student organizations must send to the Director of Student Activities annual reports of their activities; and the names of their officers for the coming year.

(14) No student organization may sponsor money-making schemes such as auctions, raffles and popularity contests on the University campus without the approval of the Director of Student Activities.

(15) Outside Speakers.

(a) A sponsoring organization is responsible for informing the speaker that the University is not to be used as a platform for the organization of or the incitement of lawlessness or violence and for obtaining the speaker’s agreement not to use the event for such purposes.

(b) A recognized University organization is defined as an approved student organization, a college, school, division, department, area or unit of the University as well as honor societies and religious associations and organizations comprised entirely of faculty or their spouses.

(16) Permits for the on-campus sales of merchandise by individuals or groups must be obtained from the Director of Student Activities.

(17) Freedom of Assembly-Demonstration Policy.
(a) No one has the right to disrupt the operation of the University or to interfere with the rights of other members of the University Community. It is also agreed that the legal rights of students or other members of the University body, as those of any citizens, must not be abridged; this policy statement shall not be used in any way to infringe upon the legitimate freedoms of any person or group of persons; this policy will be impartially enforced with due process afforded to all.

(b) Florida A & M University prescribes the following guidelines: Demonstrations, picketing, and speeches must not be in violation of the state or local statutes, Board of Regents policies or University regulations governing unlawful assemblies.

(c) Student organizations, individual students, or student groups within the University may hold or conduct demonstrations and protest meetings on designated University property provided that the Director of Student Activities is notified on the proper form at least 24 hours before the demonstration or protest and that the meeting does not interfere with the orderly processes of the University.

(d) Demonstrations shall be limited to the University Quadrangle, parking lot south of the Student Union Building, Stadium parking lot, gymnasium parking lot, and west of the Student Union Building between the Student Union and Foster-Tanner Fine Arts Building. However, demonstrations must not interfere with normal operational processes of the University.

(e) If a demonstration is impeding or obstructing normal university operations, and after the demonstrators have been officially notified of this three times, the act will be considered in violation of university policy. Within a reasonable length of time, those who fail to disperse will be subject to civil as well as university disciplinary actions. Refer to FAMU Rule 6C3-2.012, F.A.C.

(f) Students who participate in protest marches, protest picketing and demonstrations are hereby notified that each student is held accountable for any actions not in keeping with the regulations of the University and laws of the State of Florida.

(18) Publicity – No representative of the University or any departmental agency or organization of the University shall use the name of Florida A & M University while engaging in any off-campus activity unless written authorization has been granted by a designated university agent with the approval of the University President.

(19) Use of Campus Bulletin Boards Policy – Florida A & M University maintains a General Information Center and bulletin boards throughout the campus for the use and benefit of students, faculty and staff. Listings on the boards include information regarding campus events and activities, general information, and classified advertisements. Such listings are limited to the Quadrangle Information Center and bulletin boards and will not be displayed, for example, on trees, buildings, or road signs, except where approval has been obtained from the Office of Student Activities or from the designated person in charge of the building.

(20) Fund Raising.

(a) Any on campus student organization project to raise funds from sources other than general membership must be approved by the Office of Student Activities.

(b) In cases where students or recognized student organizations wish to charge admission to any event, prior approval must be secured through the Office of Student Activities.

(c) Off-campus organizations not officially approved or recognized by Florida A & M University are not subject to these provisions, but should check with local, county and state authorities in order to comply with the laws governing sponsorship of activities in the community.

(21) Role of the Faculty Advisor.

(a) Every student organization must have a faculty advisor whose purpose is to assist the organization in providing an educational experience for the individual members and the university as a whole.

(b) The faculty advisor’s role and presence is basically, not to approve or direct the function of the organization. However, in case it appears to the advisor that the action of the organization may be contrary to university policy, he will be expected to raise this issue with the Director of Student Activities.

(c) The advisor’s foremost concern is his relationship to the student, the development of self-awareness within the student, and the increase in the student’s maturity as he makes decisions or assumes responsibility.

(d) The advisor must be willing and free to express his ideas and attitude, always governed by a respect for the individuality of the student. The student is under equal obligation to respect the advisor’s individuality.

(e) Advisors to student organizations are to be selected by student groups and/or appointed by the Vice President of Student Affairs.

(22) How Organizations Become Official.

(a) The organization should submit a letter of application stating its purpose and objectives to the Director of Student Activities. The letter should be accompanied by:

1. Three copies of the proposed constitution and/or by-laws, and
2. Roster of the proposed officers and faculty/staff advisor.

(b) The Student Organization Committee, comprised of faculty/staff and representatives of Student Government, will meet to consider an organization for approval or disapproval. The committee will be appointed by the Vice President for Student Affairs.

After the committee meets, the organization will be notified of the results of the decision.

(c) If the organization is approved, it shall be expected to follow the policies as set forth in the Student Handbook and rules of the University. (For information about student organizations, contact the Office of Student Activities.)

(23) Selling of Merchandise.
(a) Recognized student organizations may engage in commercial sales on campus provided the proceeds from such sales are used for organizational, charitable and philanthropic purposes. Clearance for such sales must be obtained from the Director of Student Activities.

(b) Persons seeking to sell newspapers that require vending racks must obtain approval from the Vice President for Administrative Affairs or his designee. FAMU permits for sale by persons or groups must be obtained from the Director of Student Activities.

(c) Tallahassee licensed food vendors may receive and fill specific short order food requests from students, faculty and staff members for direct delivery to campus addresses not covered by a food service agreement.

(24) Policies for Issuance and Reporting of Tickets and Finance for Paid Events and Activities Sponsored by Student Organizations.

(a) Tickets for all campus activities/events are to be secured from the University Ticket Office.

(b) Upon securing tickets, the Ticket Office will furnish the organization’s representative with a copy of the ticket issuance and accountability report. This report lists tickets and price(s) for which the organization is responsible.

(c) Upon completion of the event, the unused tickets are to be returned to the Ticket Office with a copy of tickets and accountability report showing the number sold and the total number returned, as well as an accounting of cash collected for tickets sold. THIS REPORT MUST BE MADE NO LATER THAN 24 HOURS AFTER EACH EVENT.

(d) The Accountability Report will be retained on file by the University Ticket Office for subsequent audit and review with a copy forwarded to the Office of Student Activities.

(25) Popular Concerts and Activities – Refer to University Rule 6C3-2.025, F.A.C.

(26) Guidelines for use of State Vehicles by University Students.

(a) Any student organization requesting use of a state vehicle must be recognized by the University during the academic term of which the request is submitted.

(b) Each request must be submitted on a bona fide University requisition form, must show the account number of the organization, department responsible for the charges, and bear the signature of the appropriate registered faculty member or administrator authorized to sign the account.

(c) The purpose of each request for use of state vehicle must be clearly stated on the requisition form. Each scheduled trip will be justified on condition of representing the university.

(27) Commercial Solicitation on Campus – Refer to University Rule 6C3-3.011, F.A.C.

(28) Paid Affairs Sponsored by Student Organizations.

(a) All organizations sponsoring paid affairs shall be responsible for employing, as a minimum, two (2) duly appointed Security Officers to maintain order and tranquility in the designated facility and surrounding grounds.

(b) Additional duly appointed Security Officers may be requested depending upon the type of facility and the expected number of persons to attend. Security guards employed must be approved by the Director of FAMU’s Security, or his designee.

6C3-2.031 Monetary Reward Program.

(1) Purpose – In an effort to curtail property damage and vandalism of University property and to discourage other violations of the Student Conduct Code, Rule 6C3-2.012, F.A.C., Florida A & M University has established the Monetary Reward Program. The Monetary Reward Program is intended to reward those students who identify and aid in the successful prosecution of violators of the Student Conduct Code.

(2) The Monetary Reward Program shall be administered by the Vice President for Student Affairs and the University Judicial Officer. The procedures for the program are as follows:

(a) Student, Reporter, must report in person and in writing to the University Judicial Officer an account of the incidents or acts that he or she witnessed or possesses knowledge about which concern possible violations of the Student Conduct Code.

(b) The written report or statement by the Reporter must be signed by same and notarized by a notary public.

(c) The University Judicial Officer will review the statement from Reporter to determine if there are sufficient reasons to proceed with the filing of charges against the person or persons identified by the Reporter.

(d) The University Judicial Officer will inform Reporter that the University may compel his or her attendance at any judicial hearings or conferences which may be held by the University against any person or persons identified in Reporter’s statement. The University Judicial Officer will explain to Reporter that under due process as provided by the University that the accused has a right to confront and cross-examine his accuser in person.

(e) The University Judicial Officer shall obtain the Reporter’s current address and telephone number in order that the Reporter may be contacted for appearances before University proceedings.

(f) Any reward to a Reporter must be initiated and recommended by the University Judicial Officer and approved by the Vice President of Student Affairs not later than five days after the case is completed.

(g) The amount of the reward will be set by the University Judicial Officer in keeping with the guidelines as noted in Section 3 below.
(h) The University Judicial Officer and the Vice President of Student Affairs shall request, in writing, the University Comptroller to issue the reward to the Reporter.

(3) The levels of reward shall be as follows:
(a) Fire and Safety Equipment Vandalism – $50.00 for damages up to two hundred and fifty dollars. For damages more than two hundred and fifty dollars, 25% of the replacement value of the property not to exceed $500.00.
(b) Other Types of Vandalism – $25.00 for damages up to two hundred and fifty dollars. For damages more than two hundred and fifty dollars, 20% of the replacement value of the property not to exceed $500.00.
(c) Felony Offenses as defined by FAMU subsection 6C3-2.012(10), F.A.C. – $50.00.
(d) Misdemeanor or Other Unclassified Offenses as defined by FAMU Rule 6C3-2.012, F.A.C. – $25.00.

(4) At no time will total rewards from the Monetary Reward Program fund exceed the total fines collected in accordance with FAMU paragraph 6C3-2.012(5)(e), F.A.C.
